

1
00:00:15,499 --> 00:00:12,830
I know there are alien craft here from

2
00:00:18,170 --> 00:00:15,509
another planet I know I saw other ones

3
00:00:20,150 --> 00:00:18,180
but I was inside one I know who was not

4
00:00:22,880 --> 00:00:20,160
made on earth I know it was maybe with

5
00:00:24,890 --> 00:00:22,890
materials that we cannot fabricate we

6
00:00:26,929 --> 00:00:24,900
cannot duplicate and we've never been

7
00:00:29,630 --> 00:00:26,939
able to I know it uses a power source

8
00:00:31,790 --> 00:00:29,640
that's so advanced that we could only

9
00:00:33,709 --> 00:00:31,800
dream of something along those lines and

10
00:00:36,830 --> 00:00:33,719
the energy density on it is phenomenal

11
00:00:40,700 --> 00:00:36,840
that's nothing that I would ever expect

12
00:00:44,150 --> 00:00:40,710
to see I also know that at some point

13
00:00:46,580 --> 00:00:44,160

they've examined or had bodies of alien

14

00:00:51,030 --> 00:00:46,590

creatures somewhere so I know that stuff
