00:00:01,140 --> 00:00:35,250

[Music]

2
00:00:41,350 --> 00:00:39,040

messaging me Instagram Twitter hashtag

3
00:00:43,900 --> 00:00:41,360

bob lazar if you do that right now in

4
00:00:45,030 --> 00:00:43,910

the audience I'm gonna ask a few

5
00:00:59,810 --> 00:00:45,040

questions from Twitter

6
00:01:02,030 --> 00:00:59,820

[Applause]

7
00:01:05,570 --> 00:01:02,040

Sallah take a second to interview George

8
00:01:06,800 --> 00:01:05,580

on something you know for 20 almost 30

9
00:01:08,359 --> 00:01:06,810

years now

10
00:01:12,290 --> 00:01:08,369

you know George Minh standing up and

11
00:01:14,330 --> 00:01:12,300

saying hey yeah I believe Bob story but

12
00:01:17,540 --> 00:01:14,340

he's never really told everybody some of

13
00:01:20,390 --> 00:01:17,550

the things why so thirty years ago and

14

00:01:21,830 --> 00:01:20,400

to this day you believe Bob story can

15

00:01:24,560 --> 00:01:21,840

you just tell me a couple reasons

16

00:01:26,200 --> 00:01:24,570

what you did at the beginning for about

17

00:01:28,609 --> 00:01:26,210

to earn your trust

18

00:01:34,609 --> 00:01:28,619

first of all did you notice I had brown

19

00:01:36,710 --> 00:01:34,619

hair back then I think the fact that

20

00:01:39,710 --> 00:01:36,720

it's turned white is a lot to do with

21

00:01:42,760 --> 00:01:39,720

Bob Lazar might be my wife on I have

22

00:01:46,370 --> 00:01:42,770

something to do with that too you know

23

00:01:48,200 --> 00:01:46,380

our hope for the film the what Jeremy

24

00:01:49,520 --> 00:01:48,210

set out to do was sort of to let the

25

00:01:53,260 --> 00:01:49,530

world know a little bit about Bob

26

00:01:58,120 --> 00:01:53,270

because once you get to know him the the

27

00:02:00,679 --> 00:01:58,130

improbable premise becomes more probable

28

00:02:02,390 --> 00:02:00,689

I was never able to do that in our

29

00:02:04,580 --> 00:02:02,400

stories we were always arguing about

30

00:02:06,950 --> 00:02:04,590

what school he went to and what he did

31

00:02:08,780 --> 00:02:06,960

at Los Alamos and what has happened

32

00:02:11,240 --> 00:02:08,790

since then and all the kinky little crap

33

00:02:13,520 --> 00:02:11,250

that ufologist said that debunkers want

34

00:02:15,560 --> 00:02:13,530

to want to deal with and I never got to

35

00:02:17,840 --> 00:02:15,570

really tell about Bob other than his

36

00:02:22,100 --> 00:02:17,850

crazy interesting interest is jet car

37

00:02:24,949 --> 00:02:22,110

and blowing stuff up but but it it's

38

00:02:27,440 --> 00:02:24,959

what won me over I think back then is

39

00:02:30,140 --> 00:02:27,450

just getting to know what kind of a guy

40

00:02:31,850 --> 00:02:30,150

he was and that you know what ufology

41

00:02:34,100 --> 00:02:31,860

but I think most of the people are here

42

00:02:37,699 --> 00:02:34,110

who are familiar with that field you

43

00:02:39,229 --> 00:02:37,709

know what it's like for the phonies the

44

00:02:41,420 --> 00:02:39,239

people who cope up with these crazy

45

00:02:42,920 --> 00:02:41,430

stories they always have to keep adding

46

00:02:45,350 --> 00:02:42,930

to it to keep themselves in the

47

00:02:47,210 --> 00:02:45,360

limelight you know so one day they saw

48

00:02:48,210 --> 00:02:47,220

flying saucers the next day they got to

49

00:02:49,830 --> 00:02:48,220

say they were abducted

50

00:02:51,870 --> 00:02:49,840

the next day they had sex with female

51
00:02:53,670 --> 00:02:51,880
aliens the next day they got a wife on

52
00:02:56,340 --> 00:02:53,680
Mars the next day they're trying time

53
00:02:58,470 --> 00:02:56,350
traveling to Mars and they always have

54
00:03:01,650 --> 00:02:58,480
to keep adding stuff up Bob wasn't like

55
00:03:04,170 --> 00:03:01,660
that he told the same story to Jeremy in

56
00:03:06,570 --> 00:03:04,180
this film that he told me 29 years ago

57
00:03:19,080 --> 00:03:06,580
and I think that that had a lot to do

58
00:03:21,420 --> 00:03:19,090
with him having credibility for me just

59
00:03:23,400 --> 00:03:21,430
stuck with the stuff he he knew or had

60
00:03:24,660 --> 00:03:23,410
personal experience with and it

61
00:03:26,790 --> 00:03:24,670
impressed me that he didn't necessarily

62
00:03:28,440 --> 00:03:26,800
believe in himself I mean he was

63
00:03:30,330 --> 00:03:28,450

skeptical about the things that he read

64

00:03:33,210 --> 00:03:30,340

the reports it couldn't quite figure out

65

00:03:35,190 --> 00:03:33,220

why he was allowed to see this stuff he

66

00:03:37,260 --> 00:03:35,200

we have entertained the idea that maybe

67

00:03:39,780 --> 00:03:37,270

they had an idea in mind that he might

68

00:03:42,210 --> 00:03:39,790

make him that it was a false flag or

69

00:03:43,980 --> 00:03:42,220

running up the flagpole and see how the

70

00:03:45,840 --> 00:03:43,990

public reaction and pull the rug out

71

00:03:49,620 --> 00:03:45,850

from under it maybe he doesn't fool that

72

00:03:53,430 --> 00:03:49,630

self as Jeremy pointed out the people

73

00:03:57,060 --> 00:03:53,440

who know who are closest to him know

74

00:03:58,979 --> 00:03:57,070

that he's not and the story has been

75

00:04:00,509 --> 00:03:58,989

really consistent and then the other

76

00:04:02,550 --> 00:04:00,519

part that's really hard to explain not

77

00:04:03,520 --> 00:04:02,560

only didn't dominate the conversation

78

00:04:05,230 --> 00:04:03,530

here up to it

79

00:04:07,300 --> 00:04:05,240

double your company had a hard time

80

00:04:10,360 --> 00:04:07,310

conveying with all the weird stuff that

81

00:04:12,010 --> 00:04:10,370

happened to must be devolved but also to

82

00:04:13,840 --> 00:04:12,020

others of us have this circle at those

83

00:04:15,940 --> 00:04:13,850

days while we were trying to work on

84

00:04:19,240 --> 00:04:15,950

verifying the story and building the

85

00:04:21,550 --> 00:04:19,250

case you know Amano really was strange

86

00:04:23,440 --> 00:04:21,560

and unpleasant things happen you've

87

00:04:25,150 --> 00:04:23,450

heard this story that he told about this

88

00:04:26,260 --> 00:04:25,160

tire being shot out as a warning but

89

00:04:28,750 --> 00:04:26,270

there were all kinds of other really

90

00:04:29,950 --> 00:04:28,760

weird things break into this house

91

00:04:32,500 --> 00:04:29,960

whether they'd just move things around

92

00:04:36,820 --> 00:04:32,510

break things on the board break-ins to

93

00:04:38,470 --> 00:04:36,830

his car just gamesmanship to let them

94

00:04:41,200 --> 00:04:38,480

know that they were around and then for

95

00:04:43,420 --> 00:04:41,210

me as I'm interviewing people who had

96

00:04:45,520 --> 00:04:43,430

experiences out there two dozen

97

00:04:48,909 --> 00:04:45,530

different people who had worked at area

98

00:04:51,670 --> 00:04:48,919

51 were linked over the years people who

99

00:04:54,430 --> 00:04:51,680

agreed my phone to give me information

100

00:04:55,680 --> 00:04:54,440

one after another were visited by agents

101
00:04:59,830 --> 00:04:55,690
who told them to keep their mouth shut

102
00:05:01,960 --> 00:04:59,840
shut up six people regor oh you know

103
00:05:04,840 --> 00:05:01,970
today we take it for granted that our

104
00:05:07,690 --> 00:05:04,850
phones are tapped that it all goes into

105
00:05:11,950 --> 00:05:07,700
some gigantic database in Utah a monitor

106
00:05:13,659 --> 00:05:11,960
by the NSA back then you know I took

107
00:05:15,280 --> 00:05:13,669
umbrage at it when I realized that

108
00:05:17,230 --> 00:05:15,290
somebody was listening to my home but it

109
00:05:19,120 --> 00:05:17,240
happened again and again people who

110
00:05:20,890 --> 00:05:19,130
offered to give me information that

111
00:05:23,230 --> 00:05:20,900
would buttress the story that it was

112
00:05:25,210 --> 00:05:23,240
told by Bob were visited by agents who

113
00:05:26,830 --> 00:05:25,220

told them to shut up or else one of

114

00:05:29,590 --> 00:05:26,840

those ladies worked for the North County

115

00:05:31,420 --> 00:05:29,600

Court system and they had these two guys

116

00:05:34,090 --> 00:05:31,430

came to her she'd been a secretary and

117

00:05:35,800 --> 00:05:34,100

over at a stenographer in these meetings

118

00:05:39,250 --> 00:05:35,810

with a defense contractor at which they

119

00:05:42,909 --> 00:05:39,260

discover discussed crashed saucers and

120

00:05:45,010 --> 00:05:42,919

they came to her and said look you're

121

00:05:47,650 --> 00:05:45,020

still under your security oath we know

122

00:05:49,330 --> 00:05:47,660

that you travel back and forth to Los

123

00:05:51,370 --> 00:05:49,340

Angeles to see your daughter and that

124

00:05:53,050 --> 00:05:51,380

she comes here it's a big desert out

125

00:05:54,909 --> 00:05:53,060

there it'd be a shame if something bad

126

00:05:57,040 --> 00:05:54,919

happened and she was scared to death

127

00:05:58,960 --> 00:05:57,050

then 10 years later I went back to her

128

00:06:00,130 --> 00:05:58,970

thinking maybe she'll talk to me now she

129

00:06:01,960 --> 00:06:00,140

won't she wouldn't

130

00:06:03,850 --> 00:06:01,970

so those things were real the things

131

00:06:05,060 --> 00:06:03,860

that happened to Bob were real they have

132

00:06:07,340 --> 00:06:05,070

things that happen to all

133

00:06:09,350 --> 00:06:07,350

that circle were real somebody was

134

00:06:11,480 --> 00:06:09,360

really messing with them threatening him

135

00:06:13,850 --> 00:06:11,490

and it's because his story was true and

136

00:06:15,380 --> 00:06:13,860

I know if he figured out the the mystery

137

00:06:17,300 --> 00:06:15,390

of what was in the beginning of Jeremy's

138

00:06:19,040 --> 00:06:17,310

filled with the phones that was a raid

139

00:06:22,580 --> 00:06:19,050

that happened that wasn't thirty years

140

00:06:24,230 --> 00:06:22,590

ago that was a year ago anyway I didn't

141

00:06:32,930 --> 00:06:24,240

I didn't have I wanted to show that for

142

00:06:34,460 --> 00:06:32,940

the first time George yeah I wanted to

143

00:06:36,830 --> 00:06:34,470

show you guys that you know for the

144

00:06:40,220 --> 00:06:36,840

first time that that was real that did

145

00:06:42,020 --> 00:06:40,230

happen I experienced it and that was

146

00:06:43,820 --> 00:06:42,030

shocking because I didn't set out in the

147

00:06:45,860 --> 00:06:43,830

movie that something like that was gonna

148

00:06:47,720 --> 00:06:45,870

happen so I kind of started to

149

00:06:49,870 --> 00:06:47,730

understand a little bit you can think

150

00:06:52,700 --> 00:06:49,880

whatever you want that happened so

151

00:06:55,550 --> 00:06:52,710

really Bob George and I are sitting here

152

00:06:58,190 --> 00:06:55,560

and the thing is you've never needed a

153

00:07:01,070 --> 00:06:58,200

defender you've never needed somebody to

154

00:07:03,230 --> 00:07:01,080

talk for you and people have said that

155

00:07:05,210 --> 00:07:03,240

and the thing is you've never needed it

156

00:07:06,740 --> 00:07:05,220

you just didn't think it was worth your

157

00:07:09,260 --> 00:07:06,750

while but you have a receptive audience

158

00:07:10,850 --> 00:07:09,270

here of people that whether they believe

159

00:07:12,200 --> 00:07:10,860

you're not there they're willing to hear

160

00:07:14,960 --> 00:07:12,210

your story and I think this is a

161

00:07:21,670 --> 00:07:14,970

different era and a new time and I feel

162

00:07:27,650 --> 00:07:25,070

so I'm gonna shut the up and that

163

00:07:29,360 --> 00:07:27,660

Bob talked a little bit but I do have

164

00:07:31,070 --> 00:07:29,370

some specific questions but from all

165

00:07:33,860 --> 00:07:31,080

this experience and meat dragging into

166

00:07:34,939 --> 00:07:33,870

this world premiere and do you have

167

00:07:37,309 --> 00:07:34,949

anything you want to say before I start

168

00:07:48,080 --> 00:07:37,319

asking me questions no just go for the

169

00:07:50,059 --> 00:07:48,090

questions one for my buddy Dan in a clip

170

00:07:51,529 --> 00:07:50,069

from and this is my fault as a filmmaker

171

00:07:54,710 --> 00:07:51,539

I didn't clarify you can't clarify

172

00:07:59,029 --> 00:07:54,720

everything Dan in a clip from modern day

173

00:08:02,059 --> 00:07:59,039

he says he never saw an alien but in the

174

00:08:04,430 --> 00:08:02,069

clip of 1989 he references seeing

175

00:08:09,649 --> 00:08:04,440

cadavers that was both the clips were in

176

00:08:13,399 --> 00:08:09,659

my movie can he explain yeah that that

177

00:08:15,740 --> 00:08:13,409

was in the briefings there was we were

178

00:08:18,110 --> 00:08:15,750

given two or three page briefings of all

179

00:08:20,659 --> 00:08:18,120

the other projects going on and

180

00:08:23,899 --> 00:08:20,669

everything was compartmentalized so we

181

00:08:26,029 --> 00:08:23,909

had you know we dealt with power and

182

00:08:27,920 --> 00:08:26,039

propulsion and there was another group

183

00:08:29,360 --> 00:08:27,930

that dealt with metallurgy there was

184

00:08:33,199 --> 00:08:29,370

another group that dealt with any

185

00:08:36,110 --> 00:08:33,209

biological entities that in any way we

186

00:08:37,639 --> 00:08:36,120

just had little briefings between the

187

00:08:39,800 --> 00:08:37,649

groups so we kind of knew if there were

188

00:08:42,860 --> 00:08:39,810

any connections and that was part of the

189

00:08:48,110 --> 00:08:42,870

biological entity great thing so they

190

00:08:50,210 --> 00:08:48,120

had a dissection drawing of a creature

191

00:08:52,400 --> 00:08:50,220

that wasn't crying was actual photograph

192

00:08:54,680 --> 00:08:52,410

and it was the only thing that show it

193

00:08:59,690 --> 00:08:54,690

was there was a single organ in his body

194

00:09:02,090 --> 00:08:59,700

as if the heart lungs liver everything

195

00:09:04,280 --> 00:09:02,100

had grown together to a single organ and

196

00:09:05,810 --> 00:09:04,290

they had cut that apart and we're

197

00:09:07,819 --> 00:09:05,820

looking at the different chambers inside

198

00:09:09,500 --> 00:09:07,829

and that's pretty much literally that

199

00:09:14,569 --> 00:09:09,510

all I got to see from that but that was

200

00:09:16,430 --> 00:09:14,579

kind of fascinating in itself and I mean

201
00:09:16,680 --> 00:09:16,440
that's that's why the people just kind

202
00:09:18,120 --> 00:09:16,690
of

203
00:09:20,280 --> 00:09:18,130
granting your saying it and pull

204
00:09:23,580 --> 00:09:20,290
everybody slip up on words you said

205
00:09:26,220 --> 00:09:23,590
drawing first drew me a picture of the

206
00:09:28,140 --> 00:09:26,230
you know the alien our thing or is it so

207
00:09:30,210 --> 00:09:28,150
that's another thing I noticed you to

208
00:09:32,040 --> 00:09:30,220
get on the air even with George you

209
00:09:33,540 --> 00:09:32,050
confess for so long bob is so like

210
00:09:35,730 --> 00:09:33,550
worried that you're gonna when he's

211
00:09:37,620 --> 00:09:35,740
talking he says the wrong words just

212
00:09:39,660 --> 00:09:37,630
listen for what he says you know just

213
00:09:42,300 --> 00:09:39,670

try to pick apart the words I think

214

00:09:45,090 --> 00:09:42,310

that's so important I feel like it's a

215

00:09:47,460 --> 00:09:45,100

new kind of day but Georgia I know you

216

00:09:49,290 --> 00:09:47,470

also kind of hate having the camera

217

00:09:50,490 --> 00:09:49,300

onion you love that scene I did where

218

00:09:52,800 --> 00:09:50,500

you're in your house and there's a war

219

00:09:56,310 --> 00:09:52,810

so you be good

220

00:09:58,200 --> 00:09:56,320

I never do that again hey guy I have

221

00:10:21,300 --> 00:09:58,210

forever bandaging a filmmaker with you

222

00:10:23,400 --> 00:10:21,310

guys science experiments anyway do you

223

00:10:26,010 --> 00:10:23,410

believe undercover agents are in the

224

00:10:30,650 --> 00:10:26,020

room at this very moment yes what would

225

00:10:36,059 --> 00:10:34,350

so is it truth also George that one of

226

00:10:37,949 --> 00:10:36,069

the people tasked with following you

227

00:10:39,420 --> 00:10:37,959

during that time period actually

228

00:10:42,350 --> 00:10:39,430

admitted and proved to you that they

229

00:10:44,639 --> 00:10:42,360

were the ones following you that is true

230

00:10:46,050 --> 00:10:44,649

there were these week that one of the

231

00:10:48,990 --> 00:10:46,060

places we used to hang out was a

232

00:10:51,030 --> 00:10:49,000

watering hole called the smoker this is

233

00:10:54,689 --> 00:10:51,040

my Colonia it's my gland we would meet

234

00:10:56,309 --> 00:10:54,699

there with to sort of strategize and

235

00:10:57,629 --> 00:10:56,319

figure out where to go next

236

00:11:00,019 --> 00:10:57,639

there were a couple of other people in

237

00:11:02,550 --> 00:11:00,029

that small group and when the guy who

238

00:11:04,710 --> 00:11:02,560

was one of the ones who had followed us

239

00:11:06,689 --> 00:11:04,720

around he met me there this is years

240

00:11:08,790 --> 00:11:06,699

later and told me that it had been his

241

00:11:13,340 --> 00:11:08,800

job to follow us there and he got to

242

00:11:18,269 --> 00:11:16,050

so I got there coming in Fast and

243

00:11:19,860 --> 00:11:18,279

Furious you guys on all forms of my

244

00:11:23,550 --> 00:11:19,870

phone right here

245

00:11:26,189 --> 00:11:23,560

Erica you wanted to know a question for

246

00:11:29,720 --> 00:11:26,199

Bob how close to duplicating the alien

247

00:11:33,900 --> 00:11:29,730

propulsion system did you achieve

248

00:11:37,559 --> 00:11:33,910

we didn't that's that's just about it

249

00:11:41,370 --> 00:11:37,569

I mean we we couldn't even duplicate the

250

00:11:42,840 --> 00:11:41,380

material that I mean even the casing

251

00:11:44,490 --> 00:11:42,850

material we didn't really even

252

00:11:46,379 --> 00:11:44,500

understand what was going on it's one of

253

00:11:49,319 --> 00:11:46,389

those things where we couldn't see

254

00:11:52,740 --> 00:11:49,329

what's happening and be proficient at

255

00:11:55,530 --> 00:11:52,750

using it but there wasn't a single thing

256

00:11:57,300 --> 00:11:55,540

we could duplicate at all at least at

257

00:12:04,740 --> 00:11:57,310

the time when I was there I have no idea

258

00:12:06,749 --> 00:12:04,750

where they are at this point okay what

259

00:12:09,780 --> 00:12:06,759

breakthrough I can't really understand

260

00:12:11,730 --> 00:12:09,790

it's my eyes what breakthroughs did you

261

00:12:13,590 --> 00:12:11,740

come to with any of the research that

262

00:12:15,330 --> 00:12:13,600

you did there

263

00:12:17,280 --> 00:12:15,340

did you experience any break-up when I

264

00:12:18,930 --> 00:12:17,290

expand the question did you have any

265

00:12:22,410 --> 00:12:18,940

breakthroughs when you were working at

266

00:12:24,810 --> 00:12:22,420

us for an alien spacecraft Bob did you

267

00:12:26,640 --> 00:12:24,820

have breakthroughs well anytime you you

268

00:12:28,740 --> 00:12:26,650

were able to decipher something it was a

269

00:12:31,500 --> 00:12:28,750

breakthrough I mean when we determined

270

00:12:33,630 --> 00:12:31,510

the fuel was a super-heavy element that

271

00:12:37,110 --> 00:12:33,640

was a breakthrough when we finally

272

00:12:39,060 --> 00:12:37,120

figured out how the reactor and the

273

00:12:41,010 --> 00:12:39,070

amplifier work together that was a

274

00:12:43,260 --> 00:12:41,020

breakthrough when we finally figured out

275

00:12:44,940 --> 00:12:43,270

how to shut the reactor off that was a

276

00:12:48,330 --> 00:12:44,950

breakthrough but I mean every single

277

00:12:49,890 --> 00:12:48,340

thing was amazing to us it's like you

278

00:12:51,780 --> 00:12:49,900

know having a couple little children

279

00:12:54,960 --> 00:12:51,790

playing with advanced materials it's

280

00:12:57,600 --> 00:12:54,970

it's just all you know it's pretty much

281

00:12:59,130 --> 00:12:57,610

all luck I guess you know I'm gonna put

282

00:13:00,660 --> 00:12:59,140

this down for a second some of the

283

00:13:02,310 --> 00:13:00,670

things I know that you probably want to

284

00:13:04,490 --> 00:13:02,320

know because it was news to me and

285

00:13:07,470 --> 00:13:04,500

talking with George all these years and

286

00:13:09,240 --> 00:13:07,480

talking with Bob as well Bob would say

287

00:13:10,620 --> 00:13:09,250

things and it would kind of hit me like

288

00:13:12,150 --> 00:13:10,630

I didn't know that if I've been

289

00:13:14,820 --> 00:13:12,160

researching this and I don't know if I'm

290

00:13:17,940 --> 00:13:14,830

sure you don't you said something to me

291

00:13:21,930 --> 00:13:17,950

recently you said look I don't know for

292

00:13:24,120 --> 00:13:21,940

sure 100% that the physics I described

293

00:13:25,110 --> 00:13:24,130

and how it was is the way it worked it

294

00:13:26,760 --> 00:13:25,120

was like magic

295

00:13:30,090 --> 00:13:26,770

I was dealing you to the best of my

296

00:13:32,130 --> 00:13:30,100

ability to what I think we got to so you

297

00:13:33,600 --> 00:13:32,140

do writers but people people don't know

298

00:13:34,920 --> 00:13:33,610

that's basically what I want you to

299

00:13:38,490 --> 00:13:34,930

explain to them like you explained to me

300

00:13:39,520 --> 00:13:38,500

is you kind of give it your best shot of

301

00:13:42,580 --> 00:13:39,530

what you

302

00:13:44,440 --> 00:13:42,590

think it worked but do you know no

303

00:13:46,510 --> 00:13:44,450

there's no way to verify it a hundred

304

00:13:46,900 --> 00:13:46,520

percent you know in the situation we

305

00:13:49,660 --> 00:13:46,910

were in

306

00:13:51,310 --> 00:13:49,670

we just really were able to observe and

307

00:13:54,040 --> 00:13:51,320

then come up with it pretty much

308

00:13:55,960 --> 00:13:54,050

educated guess as far as what's going on

309

00:13:59,950 --> 00:13:55,970

but that's the best we could do at that

310

00:14:03,310 --> 00:13:59,960

time our friend mark says how fast is

311

00:14:05,320 --> 00:14:03,320

the super-heavy element decay like you

312

00:14:06,100 --> 00:14:05,330

know how fast does elevate 115 I guess

313

00:14:09,640 --> 00:14:06,110

decay

314

00:14:11,530 --> 00:14:09,650

well the 115 we have the isotope we had

315

00:14:13,600 --> 00:14:11,540

the isotopes that power at the craft

316

00:14:16,510 --> 00:14:13,610

does not decay that's a stable element

317

00:14:18,820 --> 00:14:16,520

the element 115 that we synthesized

318

00:14:22,870 --> 00:14:18,830

recently whether it was a few years ago

319

00:14:25,090 --> 00:14:22,880

that does decay very quickly and any

320

00:14:28,390 --> 00:14:25,100

element can have a whole host of

321

00:14:31,810 --> 00:14:28,400

isotopes and those isotopes can have

322

00:14:34,270 --> 00:14:31,820

various half-lives or be stable so the

323

00:14:37,240 --> 00:14:34,280

isotope of the 115 that was used in the

324

00:14:39,520 --> 00:14:37,250

craft is stable and does not decay funny

325

00:14:42,160 --> 00:14:39,530

little story you know when gravity was

326

00:14:45,130 --> 00:14:42,170

admitted that it was a wave for sure I

327

00:14:48,220 --> 00:14:45,140

call Bob Bob Bob vindication man they

328

00:14:51,250 --> 00:14:48,230

said gravity is away if he goes yeah

329

00:14:55,120 --> 00:14:51,260

well you know I have a 50/50 chance if

330

00:14:57,430 --> 00:14:55,130

you think about it Jeremy I'm like okay

331

00:14:59,380 --> 00:14:57,440

okay and then additionally

332

00:15:01,810 --> 00:14:59,390

you know the Bob you know they think

333

00:15:05,620 --> 00:15:01,820

they fabricated some atoms of element

334

00:15:08,560 --> 00:15:05,630

115 and it's so good it's so hard to

335

00:15:12,510 --> 00:15:08,570

impress Bob Lazar about UFOs it drives

336

00:15:17,620 --> 00:15:12,520

me freaking crazy I just had to say that

337

00:15:19,240 --> 00:15:17,630

I don't know man I just hope that you

338

00:15:20,950 --> 00:15:19,250

guys through the movie that you get a

339

00:15:22,870 --> 00:15:20,960

chance a little bit to to get to know

340

00:15:25,150 --> 00:15:22,880

Bob and he's not happy being up here

341

00:15:26,680 --> 00:15:25,160

like he's doing me a favor

342

00:15:28,120 --> 00:15:26,690

and it's not because he doesn't want to

343

00:15:29,980 --> 00:15:28,130

answer your questions he's tried he

344

00:15:33,280 --> 00:15:29,990

tried a Twitter account for like a few

345

00:15:35,710 --> 00:15:33,290

months I don't know it's just you're

346

00:15:39,820 --> 00:15:35,720

kind of done or I don't know you talk to

347

00:15:42,280 --> 00:15:39,830

yourself that you're uncomfortable

348

00:15:44,050 --> 00:15:42,290

admitted yeah no no I have social

349

00:16:12,170 --> 00:15:44,060

anxiety so this is like

350

00:16:17,420 --> 00:16:15,430

[Applause]

351

00:16:25,850 --> 00:16:17,430

was a shitty filmmaker

352

00:16:37,160 --> 00:16:25,860

where are you duck I don't know it's a

353

00:16:40,010 --> 00:16:37,170

different car guys Bravo guys the

354

00:16:43,120 --> 00:16:40,020

shotgun guy yeah the crazy ease of the

355

00:16:45,320 --> 00:16:43,130

wildlife but I don't know I guess about

356

00:16:47,540 --> 00:16:45,330

everything that you did whether people

357

00:16:49,610 --> 00:16:47,550

decide to believe your story or not

358

00:16:51,230 --> 00:16:49,620

leaders for a lot of time that's because

359

00:16:56,720 --> 00:16:51,240

they either don't have the information

360

00:16:58,760 --> 00:16:56,730

or they do but whatever a message to you

361

00:17:08,319 --> 00:16:58,770

can't see anything here but I mean you

362

00:17:14,169 --> 00:17:11,740

I came here to see you and I gave you

363

00:17:16,419 --> 00:17:14,179

travel from other countries from around

364

00:17:18,309 --> 00:17:16,429

the world every country it's

365

00:17:20,230 --> 00:17:18,319

unbelievable to me the messages I'm

366

00:17:22,090 --> 00:17:20,240

getting thank you for supporting my work

367

00:17:23,919 --> 00:17:22,100

thank you for sharing George who's

368

00:17:26,710 --> 00:17:23,929

holding the mic on trying there 25 years

369

00:17:29,169 --> 00:17:26,720

against all odds and Bob's up or

370

00:17:32,139 --> 00:17:29,179

anything Bob if you want to tell this

371

00:17:33,850 --> 00:17:32,149

audience right now just what's what's

372

00:17:35,799 --> 00:17:33,860

important I'm sure whether they do or

373

00:17:46,060 --> 00:17:35,809

not what do you want to take away when

374

00:17:47,980 --> 00:17:46,070

they leave this auditorium now I

375

00:17:49,570 --> 00:17:47,990

understand it's an incredible story and

376

00:17:52,240 --> 00:17:49,580

I myself would have a really tough time

377

00:17:55,899 --> 00:17:52,250

believing it as I said in the film but

378

00:17:59,169 --> 00:17:55,909

the events that were portrayed occurred

379

00:18:01,149 --> 00:17:59,179

just like they were shown and you know

380

00:18:02,740 --> 00:18:01,159

quite frankly I prefer people don't

381

00:18:04,029 --> 00:18:02,750

believe it because then I don't get

382

00:18:06,820 --> 00:18:04,039

asked questions and don't get bothered

383

00:18:09,370 --> 00:18:06,830

at all but you know for those of you

384

00:18:11,110 --> 00:18:09,380

that can see through that all I want to

385

00:18:12,549 --> 00:18:11,120

tell you is that that's really the way

386

00:18:16,060 --> 00:18:12,559

things happened and that's pretty much

387

00:18:18,129 --> 00:18:16,070

it this fort Otto okay I'm gonna take

388

00:18:20,830 --> 00:18:18,139

one yell euler question like that no

389

00:18:22,539 --> 00:18:20,840

more no no mornings you're really zero

390

00:18:24,759 --> 00:18:22,549

more such about to beat up you're

391

00:18:26,080 --> 00:18:24,769

important nobody any other but you're

392

00:18:29,139 --> 00:18:26,090

about to be kicked out by me personally

393

00:18:30,909 --> 00:18:29,149

no more how loud question I think it's

394

00:18:33,070 --> 00:18:30,919

really interesting I had a guy he's an

395

00:18:33,850 --> 00:18:33,080

aviation writer and he is very

396

00:18:35,740 --> 00:18:33,860

sophisticated

397

00:18:38,110 --> 00:18:35,750

you know website about all this and he

398

00:18:40,779 --> 00:18:38,120

said one of the things is killing me is

399

00:18:43,450 --> 00:18:40,789

I don't know how those are came up with

400

00:18:45,490 --> 00:18:43,460

the support model cuz it is from an

401
00:18:47,529 --> 00:18:45,500
aviation standpoint it is showing the

402
00:18:50,649 --> 00:18:47,539
perfect the system we describe it's

403
00:18:53,409 --> 00:18:50,659
genius and I was looking over like well

404
00:18:56,470 --> 00:18:53,419
maybe he didn't make it up okay so tell

405
00:18:57,220 --> 00:18:56,480
us about the sport bottle before we jump

406
00:18:59,710 --> 00:18:57,230
off stage

407
00:19:01,720 --> 00:18:59,720
just tell us a little bit about what was

408
00:19:03,880 --> 00:19:01,730
most impressive to you about the sport

409
00:19:06,430 --> 00:19:03,890
model about the science of it about what

410
00:19:09,090 --> 00:19:06,440
you got to see inside of it what did it

411
00:19:11,970 --> 00:19:09,100
feel like to walk inside a flying saucer

412
00:19:15,880 --> 00:19:11,980
it was really more ominous than

413
00:19:19,210 --> 00:19:15,890

interesting at the time and everything

414

00:19:22,840 --> 00:19:19,220

is exactly one color it's all a dark

415

00:19:24,850 --> 00:19:22,850

pewter gray there is no sharp angle

416

00:19:27,490 --> 00:19:24,860

anywhere everything has a radius of

417

00:19:29,919 --> 00:19:27,500

curvature to it as if somebody built

418

00:19:31,990 --> 00:19:29,929

this thing out of wax and then let it

419

00:19:38,140 --> 00:19:32,000

melt a little bit and then let it cool

420

00:19:40,240 --> 00:19:38,150

off it's a very unusual I mean it feels

421

00:19:43,090 --> 00:19:40,250

unusual just to be in there but even the

422

00:19:48,159 --> 00:19:43,100

most simple things inside are and part

423

00:19:52,030 --> 00:19:48,169

of the cover completely alien the little

424

00:19:54,520 --> 00:19:52,040

doors that snap open are made of little

425

00:19:56,950 --> 00:19:54,530

hexagons I mean it's hard to go through

426
00:20:01,870 --> 00:19:56,960
everything that pops into my mind right

427
00:20:04,390 --> 00:20:01,880
now but it's difficult really to say but

428
00:20:06,070 --> 00:20:04,400
there's nothing that it's it's like

429
00:20:08,080 --> 00:20:06,080
going into a room where nothing looks

430
00:20:12,280 --> 00:20:08,090
familiar at all not even the room itself

431
00:20:12,940 --> 00:20:12,290
so it's uh was really something I'll

432
00:20:15,610 --> 00:20:12,950
never forget

433
00:20:18,100 --> 00:20:15,620
small furniture dude well yeah and then

434
00:20:19,630 --> 00:20:18,110
said that's a good point to he but even

435
00:20:21,220 --> 00:20:19,640
that's unfamiliar why would you have

436
00:20:25,030 --> 00:20:21,230
something you know a seat that's half

437
00:20:28,299 --> 00:20:25,040
its normal size so it was really it's a

438
00:20:30,850 --> 00:20:28,309

shocking thing well I just want to say

439

00:20:32,289 --> 00:20:30,860

you know thanks for including me guys

440

00:20:34,659 --> 00:20:32,299

because this has been a ride I mean

441

00:20:36,430 --> 00:20:34,669

earning George's trust and him telling

442

00:20:37,960 --> 00:20:36,440

me you're never gonna get Bob on yeah

443

00:20:39,549 --> 00:20:37,970

but go ahead a good luck kid you know

444

00:20:40,470 --> 00:20:39,559

that was awesome thanks for the

445

00:20:43,900 --> 00:20:40,480

encouragement

446

00:20:46,270 --> 00:20:43,910

but thanks Bob just so you know it's

447

00:20:49,220 --> 00:20:46,280

very clear Bob did not ask me to make a

448

00:20:52,130 --> 00:20:49,230

movie he's getting zero from this

449

00:20:54,250 --> 00:20:52,140

movie he actually gave to a science

450

00:20:57,289 --> 00:20:54,260

charity the last time we did a screening

451

00:21:00,049 --> 00:20:57,299

the things you think are just

452

00:21:02,870 --> 00:21:00,059

wrong and go ahead and and and you know

453

00:21:05,900 --> 00:21:02,880

take that angle if you want or you hear

454

00:21:08,630 --> 00:21:05,910

the story and you can with your rational

455

00:21:10,909 --> 00:21:08,640

mind with your skeptical mind but with

456

00:21:12,830 --> 00:21:10,919

at least a part of your mind open you

457

00:21:14,180 --> 00:21:12,840

hear the story you can hear it I'm not

458

00:21:15,650 --> 00:21:14,190

gonna ask you guys the journalist at

459

00:21:16,610 --> 00:21:15,660

some point you gotta take a stand right

460

00:21:18,380 --> 00:21:16,620

I don't know what's the ethics of

461

00:21:22,400 --> 00:21:18,390

journals I gotta take a stand your

462

00:21:24,320 --> 00:21:22,410

friend David de Barros here yeah he had

463

00:21:27,470 --> 00:21:24,330

called it he calls himself a hopeful

464

00:21:29,690 --> 00:21:27,480

skeptic okay he hopes that this is true

465

00:21:32,120 --> 00:21:29,700

he wants to believe like the poster from

466

00:21:34,100 --> 00:21:32,130

the x-files but he still uses his mind

467

00:21:35,690 --> 00:21:34,110

skepticism is a healthy thing in this

468

00:21:37,940 --> 00:21:35,700

kind of a field yes you're not to just

469

00:21:39,710 --> 00:21:37,950

buy it you're skeptical of your own

470

00:21:41,539 --> 00:21:39,720

story in in some ways and some of the

471

00:21:43,940 --> 00:21:41,549

things that you understandably so it

472

00:21:45,830 --> 00:21:43,950

should be you know but it doesn't mean

473

00:21:48,830 --> 00:21:45,840

having a clothes fine there's going to

474

00:21:52,460 --> 00:21:48,840

be a storm of information that comes out

475

00:21:55,490 --> 00:21:52,470

over the next probably six months what

476
00:21:57,590 --> 00:21:55,500
you saw is a glimpse it's just a glimpse

477
00:21:59,210 --> 00:21:57,600
into Bob's life it's a glimpse into the

478
00:22:03,530 --> 00:21:59,220
work that George Knapp has tirelessly

479
00:22:05,180 --> 00:22:03,540
done for 30 years into this story slowly

480
00:22:06,740 --> 00:22:05,190
I'm going to be releasing clips and

481
00:22:08,930 --> 00:22:06,750
little pieces and just you know let's

482
00:22:11,630 --> 00:22:08,940
get the information out there you saw

483
00:22:14,870 --> 00:22:11,640
the bulk of it but the conversation has

484
00:22:16,760 --> 00:22:14,880
started now if you liked the movie if

485
00:22:19,789 --> 00:22:16,770
you thought it was good to help people

486
00:22:22,100 --> 00:22:19,799
that is the whole thing let people know

487
00:22:23,360 --> 00:22:22,110
because that's how you spread the movie

488
00:22:24,830 --> 00:22:23,370

that's we spread the information thank

489

00:22:29,270 --> 00:22:24,840

you that that's what I got to say what

490

00:22:31,370 --> 00:22:29,280

final words final words well we live in

491

00:22:34,039 --> 00:22:31,380

interesting times I mean back when this

492

00:22:36,500 --> 00:22:34,049

started in 1989 Bob was kind of an

493

00:22:38,450 --> 00:22:36,510

outlier you know he was telling a story

494

00:22:41,480 --> 00:22:38,460

that a lot of the world wasn't ready to

495

00:22:44,390 --> 00:22:41,490

hear in the last 12 months things have

496

00:22:46,520 --> 00:22:44,400

changed dramatically you know that New

497

00:22:49,370 --> 00:22:46,530

York Times story in December of last

498

00:22:51,470 --> 00:22:49,380

year the tts a Lou Elizondo coming

499

00:22:53,870 --> 00:22:51,480

forward the those videos released by the

500

00:22:56,000 --> 00:22:53,880

Pentagon suddenly people in my line of

501
00:22:57,409 --> 00:22:56,010
work are doing UFO stories and they're

502
00:22:58,840 --> 00:22:57,419
taking it seriously and they're don't

503
00:23:01,510 --> 00:22:58,850
start off with funny

504
00:23:03,550 --> 00:23:01,520
jokes and put down sand and maybe the

505
00:23:07,090 --> 00:23:03,560
the pages turn maybe we are really

506
00:23:09,400 --> 00:23:07,100
arcing a new era that an era when Bob

507
00:23:13,030 --> 00:23:09,410
story can be viewed in a much more

508
00:23:13,030 --> 00:23:14,990
positive way without all the nitpicky

509
00:23:15,000 --> 00:23:22,820
[Applause]

510
00:23:29,670 --> 00:23:27,300
yeah well I mean I don't have a lot to

511
00:23:32,190 --> 00:23:29,680
say other than I know a lot of people

512
00:23:34,860 --> 00:23:32,200
came from great distances to be here and

513
00:23:37,730 --> 00:23:34,870

I really do appreciate that I appreciate

514

00:23:45,660 --> 00:23:37,740

all the support that I've gotten and

515

00:23:56,130 --> 00:23:45,670

really thank you thanks for coming out

516

00:24:05,500 --> 00:24:00,060

[Music]

517

00:24:07,720 --> 00:24:05,510

they actually talked about patina and

518

00:24:13,230 --> 00:24:07,730

there's a house got raided after that

519

00:24:18,310 --> 00:24:17,050

be happy

520

00:24:22,800 --> 00:24:18,320

[Music]

521

00:24:40,730 --> 00:24:22,810

the 159 115 have questions

522

00:24:46,600 --> 00:24:43,050

[Music]

523

00:24:49,090 --> 00:24:46,610

historians extraordinary especially if

524

00:24:52,360 --> 00:24:49,100

it's true it all started in the desert

525

00:24:53,680 --> 00:24:52,370

just north of Las Vegas a local

526

00:24:55,780 --> 00:24:53,690

scientist who's worked at Groom Lake

527

00:24:57,490 --> 00:24:55,790

said to be where top-secret weapon

528

00:24:59,770 --> 00:24:57,500

systems have been tested over the years

529

00:25:01,780 --> 00:24:59,780

he has asked that his identity be

530

00:25:03,580 --> 00:25:01,790

shielded exactly what's going on up

531

00:25:07,080 --> 00:25:03,590

there what's going on up there could be

532

00:25:10,240 --> 00:25:07,090

the most important event in history

533

00:25:12,190 --> 00:25:10,250

physical contact and proof from another

534

00:25:16,000 --> 00:25:12,200

another system another planet and other

535

00:25:17,380 --> 00:25:16,010

intelligence what would happen to you if

536

00:25:20,740 --> 00:25:17,390

the government learned that you were

537

00:25:22,930 --> 00:25:20,750

giving us this information you just

538

00:25:26,890 --> 00:25:22,940

wanted to stay alive maybe this has been

539

00:25:30,070 --> 00:25:26,900

kept from us for a good reason sir how

540

00:25:33,110 --> 00:25:30,080

do we know you are who you say you are

541

00:25:35,570 --> 00:25:33,120

my name's Bob Lazar I'm known for

542

00:25:42,440 --> 00:25:35,580

working at a classified base and reverse

543

00:25:47,070 --> 00:25:46,560

area 51 on the bat and we ever been made

544

00:25:54,990 --> 00:25:47,080

whole

545

00:25:58,470 --> 00:25:55,000

before not believe I have no motivation

546

00:26:02,310 --> 00:25:58,480

to life the science and the technology

547
