

# HUNT FOR THE SKINWALKER

A desert landscape at dusk or dawn. In the foreground, there is a dilapidated, single-story house with a collapsed roof and several windows. The house is surrounded by scrubby vegetation. In the background, there are rocky hills. The sky is a mix of orange and blue, with a large, glowing blue celestial body, possibly a nebula or a large planet, dominating the upper half of the frame. The overall atmosphere is mysterious and otherworldly.

DELETED  
SCENE

1  
00:00:25,770 --> 00:00:23,610  
the calf was about fifty yards from the

2  
00:00:28,440 --> 00:00:25,780  
house I think it's right about where

3  
00:00:33,150 --> 00:00:28,450  
that white thing is there it's the site

4  
00:00:34,439 --> 00:00:33,160  
where the calf miss mutilated and so the

5  
00:00:36,569 --> 00:00:34,449  
rancher and his wife came out that

6  
00:00:39,540 --> 00:00:36,579  
morning that was the first newborn calf

7  
00:00:43,740 --> 00:00:39,550  
that they encountered I tagged a cap

8  
00:00:46,860 --> 00:00:43,750  
right here and then they go off that way

9  
00:00:48,630 --> 00:00:46,870  
about 200 yards I think his what he said

10  
00:00:50,100 --> 00:00:48,640  
they took about 25 minutes they come to

11  
00:00:52,590 --> 00:00:50,110  
the next calf and they tagged the year

12  
00:00:54,630 --> 00:00:52,600  
there and then the dog starts barking

13  
00:00:56,940 --> 00:00:54,640

and making a noise back in this

14

00:00:59,280 --> 00:00:56,950

direction and they look back and rush

15

00:01:02,160 --> 00:00:59,290

over and this is where the mother the

16

00:01:05,069 --> 00:01:02,170

cow is running around in circles clearly

17

00:01:06,899 --> 00:01:05,079

distressed I go rushing over here and

18

00:01:09,359 --> 00:01:06,909

then the cap is splayed out and the

19

00:01:12,030 --> 00:01:09,369

femur is thrown a couple of feet away

20

00:01:14,219 --> 00:01:12,040

and when that happened there was no

21

00:01:15,960 --> 00:01:14,229

observation post there so you can see

22

00:01:17,550 --> 00:01:15,970

you know even further down that way

23

00:01:19,380 --> 00:01:17,560

there's nothing to obstruct their view

24

00:01:22,380 --> 00:01:19,390

and they should have been able to hear

25

00:01:23,969 --> 00:01:22,390

it you sound carries out here didn't

26  
00:01:26,160 --> 00:01:23,979  
hear anything until the dog made a noise

27  
00:01:29,130 --> 00:01:26,170  
then they sent the samples off from

28  
00:01:30,960 --> 00:01:29,140  
there the calf to be analyzed and as we

29  
00:01:32,730 --> 00:01:30,970  
now know there were two different

30  
00:01:35,370 --> 00:01:32,740  
metallic instruments that were used to

31  
00:01:36,690 --> 00:01:35,380  
carve it up the conclusion was it was

32  
00:01:40,499 --> 00:01:36,700  
carved up somewhere other than right

33  
00:01:42,840 --> 00:01:40,509  
here no blood on the ground there was no

34  
00:01:44,520 --> 00:01:42,850  
noise made there is no predator in the

35  
00:01:49,620 --> 00:01:44,530  
world that can eat 75 pounds of meat in

36  
00:01:51,660 --> 00:01:49,630  
a half an hour or ever so you know what

37  
00:01:53,190 --> 00:01:51,670  
did it presumably it was done somewhere

38  
00:01:55,530 --> 00:01:53,200

else and then was dropped back here

39

00:01:57,420 --> 00:01:55,540

where somewhere else who took it

40

00:01:59,429 --> 00:01:57,430

somewhere else that's off sort of a

41

00:02:03,090 --> 00:01:59,439

chain reaction of other events then the

42

00:02:04,859 --> 00:02:03,100

next day is when the rancher who is on

43

00:02:08,429 --> 00:02:04,869

high alert because he's lost so many

44

00:02:10,859 --> 00:02:08,439

cattle at that point he hears his cattle

45

00:02:13,020 --> 00:02:10,869

in distress right down there and he

46

00:02:15,509 --> 00:02:13,030

jumped in his truck and barrels down and

47

00:02:16,610 --> 00:02:15,519

it's approximately where that big tree

48

00:02:18,259 --> 00:02:16,620

is down there

49

00:02:20,839 --> 00:02:18,269

he goes barreling across this pasture

50

00:02:23,089 --> 00:02:20,849

and then column and Eric Davis follow

51  
00:02:26,570 --> 00:02:23,099  
him and they're in their truck and we're

52  
00:02:28,160 --> 00:02:26,580  
shooting video and the rancher jumps out

53  
00:02:30,020 --> 00:02:28,170  
of his truck there's a great big black

54  
00:02:32,960 --> 00:02:30,030  
thing at the bottom of the tree and he

55  
00:02:36,830 --> 00:02:32,970  
pops it shoots it twice and he yells out

56  
00:02:39,140 --> 00:02:36,840  
I hit it and then he sees in up in the

57  
00:02:42,199 --> 00:02:39,150  
tree these PI's like this big yellow

58  
00:02:44,720 --> 00:02:42,209  
eyes like lizard eyes bird eyes and he

59  
00:02:46,789 --> 00:02:44,730  
shoots that too he hit it and he knew he

60  
00:02:48,710 --> 00:02:46,799  
hit it and it thing at the bottom of the

61  
00:02:51,319 --> 00:02:48,720  
tree just it was gone

62  
00:02:53,479 --> 00:02:51,329  
something falls out of the tree leaves a

63  
00:02:55,250 --> 00:02:53,489

print in the snow it was still snow on

64

00:02:56,780 --> 00:02:55,260

the ground and some patches they went

65

00:02:58,610 --> 00:02:56,790

after it trying to find other tracks

66

00:03:00,319 --> 00:02:58,620

that was the only track it left no blood

67

00:03:01,670 --> 00:03:00,329

no flesh but he's pretty sure he hit

68

00:03:04,490 --> 00:03:01,680

that one as well they brought in a

69

00:03:06,500 --> 00:03:04,500

tracker to look all around for animal

70

00:03:08,539 --> 00:03:06,510

tracks human tracks vehicle tracks

71

00:03:10,000 --> 00:03:08,549

nothing by the time I got involved the

72

00:03:12,589 --> 00:03:10,010

rancher and his family were gone

73

00:03:15,289 --> 00:03:12,599

amazingly enough after all that his

74

00:03:16,759 --> 00:03:15,299

family had been through for 20 months he

75

00:03:19,280 --> 00:03:16,769

still wanted to stick around on the

76  
00:03:21,140 --> 00:03:19,290  
property he stayed to be ranch manager

77  
00:03:24,379 --> 00:03:21,150  
his family moved away but he stayed he

78  
00:03:26,449 --> 00:03:24,389  
wanted to figure this out and so you

79  
00:03:28,370 --> 00:03:26,459  
know I'm sure that it still burns inside

80  
00:03:30,140 --> 00:03:28,380  
to him this was his dream property he

81  
00:03:32,270 --> 00:03:30,150  
wants to know what drove him off what

82  
00:03:35,900 --> 00:03:32,280  
was it if it wasn't the government what

83  
00:03:38,120 --> 00:03:35,910  
the hell was it and you know I would

84  
00:03:40,490 --> 00:03:38,130  
hope that there is still enough interest

85  
00:03:42,860 --> 00:03:40,500  
in his heart that someday he will talk

86  
00:03:44,780 --> 00:03:42,870  
about it but I don't know but when he

87  
00:03:46,580 --> 00:03:44,790  
and his family finally left the basin

88  
00:03:48,050 --> 00:03:46,590

they wanted to be done with it they

89

00:03:50,210 --> 00:03:48,060

wanted it behind him and it wanted to

90

00:03:55,009 --> 00:03:50,220

forget about it I hope you'll talk some

91

00:03:58,550 --> 00:03:55,019

point is it a hoax some of the incidents

92

00:03:59,780 --> 00:03:58,560

may be hoaxed either by military or some

93

00:04:02,420 --> 00:03:59,790

other operatives we don't know about

94

00:04:04,370 --> 00:04:02,430

some of those things could be done all

95

00:04:06,979 --> 00:04:04,380

of it no I mean for a pretty simple

96

00:04:09,020 --> 00:04:06,989

reason that it's been going on for 250

97

00:04:11,030 --> 00:04:09,030

years that we know of before there was a

98

00:04:13,309 --> 00:04:11,040

US government before there was a

99

00:04:14,710 --> 00:04:13,319

Department of Defense so people have

100

00:04:17,599 --> 00:04:14,720

been seeing those things for a long time

101  
00:04:18,789 --> 00:04:17,609  
was some of it the military some of it

102  
00:04:21,319 --> 00:04:18,799  
could be the military

103  
00:04:23,659 --> 00:04:21,329  
we're told they have Camellia type

104  
00:04:25,459 --> 00:04:23,669  
technology invisibility cloaks that

105  
00:04:27,920 --> 00:04:25,469  
they've been working on so that would

106  
00:04:30,140 --> 00:04:27,930  
explain some of it but doesn't explain

107  
00:04:31,940 --> 00:04:30,150  
all of it what what special

108  
00:04:34,250 --> 00:04:31,950  
forces commando is doing the poltergeist

109  
00:04:36,890 --> 00:04:34,260  
stuff goes in and you know it puts the

110  
00:04:40,070 --> 00:04:36,900  
groceries back in the bag or pilfers the

111  
00:04:41,540 --> 00:04:40,080  
the ranchers wife's hairbrush and puts

112  
00:04:43,640 --> 00:04:41,550  
it in the freezer who does that stuff

113  
00:04:45,590 --> 00:04:43,650

the more exotic explanations I mean

114

00:04:47,840 --> 00:04:45,600

aliens I guess it could be aliens UFOs

115

00:04:49,700 --> 00:04:47,850

we associate with aliens the fact is we

116

00:04:52,310 --> 00:04:49,710

really don't know where UFOs are from or

117

00:04:54,320 --> 00:04:52,320

why they're here or how the technology

118

00:04:56,810 --> 00:04:54,330

operates so it doesn't really operate

119

00:04:58,160 --> 00:04:56,820

how our classical definition of aliens

120

00:05:00,980 --> 00:04:58,170

our understanding of what we think

121

00:05:03,560 --> 00:05:00,990

aliens are it's not exactly fitting with

122

00:05:06,170 --> 00:05:03,570

what happened on the ranch a parallel

123

00:05:08,060 --> 00:05:06,180

dimension a portal or you know a

124

00:05:09,710 --> 00:05:08,070

wormhole or something like that maybe I

125

00:05:11,120 --> 00:05:09,720

mean some of the descriptions of events

126  
00:05:13,460 --> 00:05:11,130  
that happen on the rant sound like that

127  
00:05:15,260 --> 00:05:13,470  
I know they are the hole in the sky and

128  
00:05:17,330 --> 00:05:15,270  
the other sky on the other side and

129  
00:05:19,220 --> 00:05:17,340  
things coming through the tunnel of

130  
00:05:20,630 --> 00:05:19,230  
light that be you know becomes a portal

131  
00:05:22,550 --> 00:05:20,640  
to something else that creature crawls

132  
00:05:24,860 --> 00:05:22,560  
through that sounds like other

133  
00:05:27,200 --> 00:05:24,870  
dimensions we don't really know crypto

134  
00:05:31,430 --> 00:05:27,210  
terrestrials some other kind of reality

135  
00:05:33,440 --> 00:05:31,440  
some mega beings that this is their

136  
00:05:36,170 --> 00:05:33,450  
world we just happen to be bugs who

137  
00:05:37,790 --> 00:05:36,180  
inhabit it we're just not advanced

138  
00:05:39,800 --> 00:05:37,800

enough to see them they can inject

139

00:05:41,420 --> 00:05:39,810

themselves into our reality at will and

140

00:05:44,120 --> 00:05:41,430

there's not much we can do about it we

141

00:05:45,620 --> 00:05:44,130

don't know and nobody knows the military

142

00:05:47,540 --> 00:05:45,630

has had an interest in this we know that

143

00:05:49,370 --> 00:05:47,550

for a fact now we know that this ranch

144

00:05:51,080 --> 00:05:49,380

was studied after the knids years there

145

00:05:52,790 --> 00:05:51,090

was a study here and it was funded by

146

00:05:54,890 --> 00:05:52,800

the US government by the Defense

147

00:05:57,380 --> 00:05:54,900

Intelligence Agency this was part of a

148

00:06:00,290 --> 00:05:57,390

much bigger study of paranormal UFO

149

00:06:02,720 --> 00:06:00,300

phenomena but this this was a living lab

150

00:06:05,270 --> 00:06:02,730

so I am sure that that is not the only

151  
00:06:06,770 --> 00:06:05,280  
program that has taken an interest in

152  
00:06:08,120 --> 00:06:06,780  
this I think there was interest by more

153  
00:06:09,140 --> 00:06:08,130  
than the US government I think there

154  
00:06:10,940 --> 00:06:09,150  
were other governments that were

155  
00:06:14,270 --> 00:06:10,950  
interested but that's a story that'll

156  
00:06:19,730 --> 00:06:14,280  
have to be told another time by spies

157  
00:06:24,689 --> 00:06:22,920  
they did not think that this was a spook

158  
00:06:26,640 --> 00:06:24,699  
story that was made up by somebody they

159  
00:06:29,459 --> 00:06:26,650  
did not think it was a hoax I thought it

160  
00:06:32,089 --> 00:06:29,469  
was important enough to to dig into it

161  
00:06:34,170 --> 00:06:32,099  
and to study it over a couple of years

162  
00:06:35,850 --> 00:06:34,180  
they thought found it to be credible

163  
00:06:37,140 --> 00:06:35,860

they didn't know what it was either but

164

00:06:39,360 --> 00:06:37,150

they figured we'd better find out

165

00:06:41,309 --> 00:06:39,370

because if it's technology and it's

166

00:06:47,330 --> 00:06:41,319

somebody else's technology we need to
