**BOB LAZAR &
JEREMY CORBELL**

1
00:00:03,530 --> 00:00:01,880
is the government watching you Bob I

2
00:00:06,619 --> 00:00:03,540
didn't think they were after 30 years

3
00:00:08,570 --> 00:00:06,629
but you know due to recent events I

4
00:00:10,509 --> 00:00:08,580
would probably change what happened

5
00:00:14,720 --> 00:00:10,519
Jeremy and I had a private conversation

6
00:00:16,670 --> 00:00:14,730
out in a remote area of my property cell

7
00:00:20,420 --> 00:00:16,680
phones in our pockets but turned off all

8
00:00:21,560 --> 00:00:20,430
filmed and filming it and Jeremy was

9
00:00:22,460 --> 00:00:21,570
down there to film some of this

10
00:00:25,179 --> 00:00:22,470
documentary

11
00:00:28,070 --> 00:00:25,189
he left the following morning and

12
00:00:30,589 --> 00:00:28,080
simultaneously there was an FBI raid at

13
00:00:32,359 --> 00:00:30,599

my place great yeah for what

14

00:00:35,450 --> 00:00:32,369

well they said they were looking for

15

00:00:37,160 --> 00:00:35,460

some receipts from an individual that

16

00:00:41,119 --> 00:00:37,170

might have bought some toxic material

17

00:00:42,860 --> 00:00:41,129

from a company but they came with more

18

00:00:44,299 --> 00:00:42,870

people than you could really think would

19

00:00:48,410 --> 00:00:44,309

even fit in our building

20

00:00:50,810 --> 00:00:48,420

I mean agency after agency you know

21

00:00:52,970 --> 00:00:50,820

computer experts pulling information off

22

00:00:54,950 --> 00:00:52,980

the computers and what do you think they

23

00:00:58,160 --> 00:00:54,960

were there for well what do you think

24

00:01:00,439 --> 00:00:58,170

Jeremy they they they were able to

25

00:01:02,389 --> 00:01:00,449

repeat back verbatim a portion of the

26
00:01:04,520 --> 00:01:02,399
conversation that we thought was private

27
00:01:06,530 --> 00:01:04,530
and that shocked us because we were

28
00:01:08,990 --> 00:01:06,540
joking that nobody even cared thirty

29
00:01:11,990 --> 00:01:09,000
years later what he says but apparently

30
00:01:14,899 --> 00:01:12,000
it's not as it appears there were 25 27

31
00:01:17,480 --> 00:01:14,909
forensic agents with a truck there for

32
00:01:19,670 --> 00:01:17,490
paperwork I don't know we don't really

33
00:01:22,910 --> 00:01:19,680
care we just know now that our

34
00:01:25,820 --> 00:01:22,920
conversations are not private what FBI

35
00:01:28,190 --> 00:01:25,830
what about this is a crawler they're

36
00:01:29,620 --> 00:01:28,200
looking for some of the fuel from the

37
00:01:32,510 --> 00:01:29,630
craft that might have been stolen

38
00:01:34,340 --> 00:01:32,520

element 115 was always something Bob

39

00:01:36,679 --> 00:01:34,350

said fueled the craft a stable version

40

00:01:38,359 --> 00:01:36,689

and to be direct which Bob is being

41

00:01:40,100 --> 00:01:38,369

direct right now they were looking to

42

00:01:42,020 --> 00:01:40,110

see if he had any of that taken out of

43

00:01:45,139 --> 00:01:42,030

Los Alamos where they machined it which

44

00:01:47,690 --> 00:01:45,149

he did say back in 1989 or so that he

45

00:01:48,530 --> 00:01:47,700

did get some out to do tests on never

46

00:01:50,929 --> 00:01:48,540

miss a beat
