@JeremyCorbell

00:00:04,290 --> 00:00:14,910
[Music]

2
00:00:23,170 --> 00:00:16,330
oh

3
00:00:31,029 --> 00:00:27,990
[Music]

4
00:00:32,470 --> 00:00:31,039
so i'm jeremy corbell and i've read your

5
00:00:34,389 --> 00:00:32,480
article the best i could being

6
00:00:35,830 --> 00:00:34,399
translated from hebrew

7
00:00:38,150 --> 00:00:35,840
yeah i hope they're going to have a

8
00:00:40,630 --> 00:00:38,160
better translation like a professional

9
00:00:42,310 --> 00:00:40,640
translation maybe later this week so if

10
00:00:43,510 --> 00:00:42,320
there is one i'm gonna i'm gonna mail it

11
00:00:46,310 --> 00:00:43,520
to you okay

12
00:00:48,069 --> 00:00:46,320
that's great yeah so i basically have 10

13
00:00:50,389 --> 00:00:48,079

questions for you

14

00:00:51,590 --> 00:00:50,399

i just want to start off just by if you

15

00:00:55,430 --> 00:00:51,600

can tell me your name

16

00:00:57,990 --> 00:00:55,440

and your occupation okay my name is

17

00:01:00,389 --> 00:00:58,000

ranaan ranani is my first name shaked is

18

00:01:03,670 --> 00:01:00,399

the last name ranan shaken

19

00:01:06,550 --> 00:01:03,680

uh i'm i'm a writer for

20

00:01:08,950 --> 00:01:06,560

uh the other for not daily the idiot is

21

00:01:12,870 --> 00:01:08,960

the biggest deal in israel

22

00:01:16,310 --> 00:01:12,880

and i mostly do magazine

23

00:01:18,870 --> 00:01:16,320

articles and features

24

00:01:19,749 --> 00:01:18,880

for the weekend magazine and some other

25

00:01:23,510 --> 00:01:19,759

stuff as well

26

00:01:25,590 --> 00:01:23,520

but that that's my main thing

27

00:01:26,789 --> 00:01:25,600

you recently did an article with uh

28

00:01:29,990 --> 00:01:26,799

professor hayim

29

00:01:32,390 --> 00:01:30,000

a shed and your story broke the internet

30

00:01:34,230 --> 00:01:32,400

i mean it received global exposure

31

00:01:36,550 --> 00:01:34,240

excerpts of your story you have been

32

00:01:40,469 --> 00:01:36,560

featured on cnn nbc

33

00:01:44,469 --> 00:01:40,479

fox news forbes magazine vice and even

34

00:01:46,630 --> 00:01:44,479

tmz um were you surprised by the global

35

00:01:50,710 --> 00:01:46,640

reaction to your recent article

36

00:01:53,429 --> 00:01:50,720

yes very much so you know usually

37

00:01:55,590 --> 00:01:53,439

articles that are published here are

38

00:01:58,870 --> 00:01:55,600

don't get that much uh

39

00:02:01,270 --> 00:01:58,880

coverage from from world media uh

40

00:02:04,149 --> 00:02:01,280

unless they they have to do with uh

41

00:02:08,389 --> 00:02:04,159

security issues or you know that sort of

42

00:02:10,150 --> 00:02:08,399

of stuff but but uh yeah

43

00:02:11,510 --> 00:02:10,160

usually usually you would get coverage

44

00:02:14,790 --> 00:02:11,520

from israeli press

45

00:02:17,270 --> 00:02:14,800

uh and so forth but you won't get uh

46

00:02:19,589 --> 00:02:17,280

that much uh world coverage so yeah that

47

00:02:21,350 --> 00:02:19,599

was quite quite a surprise yeah

48

00:02:23,110 --> 00:02:21,360

and actually i didn't think it was gonna

49

00:02:24,309 --> 00:02:23,120

get all that because uh you know

50

00:02:26,790 --> 00:02:24,319

although it was

51
00:02:28,790 --> 00:02:26,800
kind of interesting and and uh thought

52
00:02:29,830 --> 00:02:28,800
provoking uh speaking to professor

53
00:02:32,470 --> 00:02:29,840
airshed

54
00:02:33,110 --> 00:02:32,480
um i i don't know if what he was saying

55
00:02:37,030 --> 00:02:33,120
was

56
00:02:38,790 --> 00:02:37,040
such a you know mind-blowing uh

57
00:02:40,630 --> 00:02:38,800
thing i mean i mean you've heard you've

58
00:02:41,350 --> 00:02:40,640
heard about some of the phenomenas

59
00:02:44,150 --> 00:02:41,360
before if

60
00:02:45,910 --> 00:02:44,160
you read some some articles and we're

61
00:02:49,750 --> 00:02:45,920
into ufology in any sort of way

62
00:02:52,150 --> 00:02:49,760
so so uh he's just uh he's just

63
00:02:53,110 --> 00:02:52,160

i guess a a leading figure and a major

64

00:02:56,710 --> 00:02:53,120

figure uh

65

00:02:59,110 --> 00:02:56,720

here and possibly worldwide so when he

66

00:03:01,110 --> 00:02:59,120

when it comes from him uh possibly it

67

00:03:02,630 --> 00:03:01,120

has some some more impact

68

00:03:04,710 --> 00:03:02,640

yeah so that's what i wanted to talk

69

00:03:06,790 --> 00:03:04,720

with you about i mean your article

70

00:03:08,149 --> 00:03:06,800

was kind of chopped up and they took

71

00:03:10,470 --> 00:03:08,159

little quotes and

72

00:03:11,270 --> 00:03:10,480

and made them the the lead but i was

73

00:03:13,509 --> 00:03:11,280

able to read

74

00:03:14,550 --> 00:03:13,519

the full story which has a lot more

75

00:03:17,030 --> 00:03:14,560

context

76
00:03:18,470 --> 00:03:17,040
so how you're showing that it wasn't as

77
00:03:19,430 --> 00:03:18,480
impressive to you this stuff has been

78
00:03:21,270 --> 00:03:19,440
covered

79
00:03:23,670 --> 00:03:21,280
it shows the appetite of the global

80
00:03:24,229 --> 00:03:23,680
public about the ufo phenomenon at this

81
00:03:26,309 --> 00:03:24,239
time

82
00:03:27,990 --> 00:03:26,319
but what you said is really critical

83
00:03:30,949 --> 00:03:28,000
it's who is saying it

84
00:03:31,990 --> 00:03:30,959
so can you tell me from an israeli

85
00:03:35,350 --> 00:03:32,000
perspective

86
00:03:38,390 --> 00:03:35,360
ashad

87
00:03:41,270 --> 00:03:38,400
um who he is what he's done in his life

88
00:03:42,869 --> 00:03:41,280

separate from all of this basically he's

89

00:03:45,910 --> 00:03:42,879

one of the uh

90

00:03:47,190 --> 00:03:45,920

the leading figures uh in uh israeli

91

00:03:50,630 --> 00:03:47,200

aviation

92

00:03:52,229 --> 00:03:50,640

uh he has been for years uh you know

93

00:03:54,070 --> 00:03:52,239

he's 81 years old now

94

00:03:55,990 --> 00:03:54,080

and he's not even retired i mean he

95

00:03:59,110 --> 00:03:56,000

still works for uh

96

00:04:02,630 --> 00:03:59,120

for for some establishments i think

97

00:04:03,350 --> 00:04:02,640

uh but uh what he's best known for is

98

00:04:06,949 --> 00:04:03,360

his work

99

00:04:08,869 --> 00:04:06,959

uh uh in um

100

00:04:10,229 --> 00:04:08,879

kind of inventing and and putting

101
00:04:14,309 --> 00:04:10,239
together the first

102
00:04:16,229 --> 00:04:14,319
israeli satellite uh back in the 80s uh

103
00:04:18,229 --> 00:04:16,239
which was a big deal because israel was

104
00:04:18,629 --> 00:04:18,239
at the time you know and it still is but

105
00:04:21,909 --> 00:04:18,639
it's

106
00:04:23,590 --> 00:04:21,919
these fields

107
00:04:25,510 --> 00:04:23,600
and and we were actually the seventh

108
00:04:30,070 --> 00:04:25,520
country i think uh

109
00:04:33,110 --> 00:04:30,080
globally to to launch

110
00:04:33,909 --> 00:04:33,120
a miss you know a satellite so that was

111
00:04:37,110 --> 00:04:33,919
a big thing

112
00:04:40,790 --> 00:04:37,120
back in the 80s and then he was also

113
00:04:43,990 --> 00:04:40,800

uh he was for like 29 years i think

114

00:04:45,430 --> 00:04:44,000

uh the head of the israeli um space

115

00:04:49,110 --> 00:04:45,440

agency

116

00:04:49,510 --> 00:04:49,120

um and he actually started it and he led

117

00:04:52,070 --> 00:04:49,520

his

118

00:04:53,749 --> 00:04:52,080

uh for almost three decades so so yeah

119

00:04:56,469 --> 00:04:53,759

he's he's a major figure he's

120

00:04:56,790 --> 00:04:56,479

uh in any one he won couple of prizes

121

00:04:59,030 --> 00:04:56,800

like

122

00:05:01,350 --> 00:04:59,040

prices for stuff that he did here that

123

00:05:04,550 --> 00:05:01,360

that weren't even published i mean

124

00:05:07,510 --> 00:05:04,560

it's still it's still uh being censored

125

00:05:09,110 --> 00:05:07,520

uh i mean you can now you can you know

126

00:05:10,070 --> 00:05:09,120

it is it was published that he won the

127

00:05:11,510 --> 00:05:10,080

awards

128

00:05:14,710 --> 00:05:11,520

but they couldn't publish what it was

129

00:05:17,110 --> 00:05:14,720

for uh like national security

130

00:05:19,510 --> 00:05:17,120

uh type of thing so so yeah he's he's uh

131

00:05:23,110 --> 00:05:19,520

he's very uh

132

00:05:24,870 --> 00:05:23,120

he's a he's a senior character yeah so i

133

00:05:26,469 --> 00:05:24,880

you know i've got a you know five bullet

134

00:05:28,870 --> 00:05:26,479

points of his career that are

135

00:05:30,150 --> 00:05:28,880

that are public and he's a retired

136

00:05:32,550 --> 00:05:30,160

brigadier general

137

00:05:34,230 --> 00:05:32,560

in the israeli forces uh former director

138

00:05:36,310 --> 00:05:34,240

of the space programs as you mentioned

139

00:05:37,430 --> 00:05:36,320

for the israeli ministry of defense for

140

00:05:39,830 --> 00:05:37,440

30 years

141

00:05:41,189 --> 00:05:39,840

he was an officer in the israeli

142

00:05:43,110 --> 00:05:41,199

military intelligence

143

00:05:46,870 --> 00:05:43,120

and he served in a very secret unit unit

144

00:05:48,790 --> 00:05:46,880

81 serving the defense forces

145

00:05:50,710 --> 00:05:48,800

throughout his career as you mentioned

146

00:05:52,870 --> 00:05:50,720

he received the israel defense prize

147

00:05:55,510 --> 00:05:52,880

three times the nature of which is

148

00:05:57,909 --> 00:05:55,520

classified why he won that prize

149

00:05:59,990 --> 00:05:57,919

um and a couple other things i mean he's

150

00:06:02,469 --> 00:06:00,000

also a professor

151
00:06:04,150 --> 00:06:02,479
at the asher space research institute

152
00:06:05,830 --> 00:06:04,160
holds a bachelor's degree in electronics

153
00:06:06,550 --> 00:06:05,840
in engineering a master's degree a

154
00:06:08,950 --> 00:06:06,560
doctorate

155
00:06:10,469 --> 00:06:08,960
in aeronautical engineering uh he's been

156
00:06:14,070 --> 00:06:10,479
described

157
00:06:17,430 --> 00:06:14,080
father of the israeli

158
00:06:20,629 --> 00:06:17,440
satellite program so by all means

159
00:06:21,590 --> 00:06:20,639
this this gentleman is credible when it

160
00:06:25,189 --> 00:06:21,600
comes to

161
00:06:28,790 --> 00:06:25,199
space and and space aviation

162
00:06:29,270 --> 00:06:28,800
so did you find him credible as a human

163
00:06:31,029 --> 00:06:29,280

being

164

00:06:32,390 --> 00:06:31,039

sitting in that room with him or

165

00:06:34,230 --> 00:06:32,400

interviewing him did you find him

166

00:06:37,749 --> 00:06:34,240

incredible very much so

167

00:06:39,670 --> 00:06:37,759

you know as i was mentioning is is

168

00:06:41,270 --> 00:06:39,680

not very young but he's very you know

169

00:06:43,430 --> 00:06:41,280

he's totally there

170

00:06:45,510 --> 00:06:43,440

he's very well educated about everything

171

00:06:46,390 --> 00:06:45,520

he speaks about i mean as far as i can

172

00:06:52,070 --> 00:06:46,400

tell

173

00:06:55,589 --> 00:06:54,150

you know sometimes he would want to you

174

00:06:57,670 --> 00:06:55,599

know he would jump from from

175

00:06:59,749 --> 00:06:57,680

one one point to another just because he

176

00:07:02,629 --> 00:06:59,759

wanted to say so much about so many

177

00:07:05,430 --> 00:07:02,639

things but but other than that uh he's

178

00:07:06,870 --> 00:07:05,440

very much uh you know he was there he

179

00:07:10,230 --> 00:07:06,880

was an excellent uh

180

00:07:11,189 --> 00:07:10,240

interviewee um did you know did you know

181

00:07:12,390 --> 00:07:11,199

what he was gonna

182

00:07:15,189 --> 00:07:12,400

talk about did you know he was gonna

183

00:07:16,150 --> 00:07:15,199

talk about ufos and aliens before you

184

00:07:18,550 --> 00:07:16,160

went into to

185

00:07:20,230 --> 00:07:18,560

interview this exceptional individual

186

00:07:23,029 --> 00:07:20,240

you know i kind of did you know

187

00:07:25,589 --> 00:07:23,039

the reason we met uh was was his book he

188

00:07:28,710 --> 00:07:25,599

published a book about his a

189

00:07:30,469 --> 00:07:28,720

basically an autobiography

190

00:07:31,909 --> 00:07:30,479

and most of the book like two thirds of

191

00:07:34,629 --> 00:07:31,919

the book uh

192

00:07:35,189 --> 00:07:34,639

aren't about ufology it's about his life

193

00:07:36,790 --> 00:07:35,199

and his

194

00:07:38,790 --> 00:07:36,800

career and and you know everything that

195

00:07:42,070 --> 00:07:38,800

you have described and some other stuff

196

00:07:45,189 --> 00:07:42,080

uh but the uh the last part of this book

197

00:07:48,230 --> 00:07:45,199

uh like maybe quarter of the book uh

198

00:07:50,710 --> 00:07:48,240

is about ufology and and uh you know

199

00:07:51,510 --> 00:07:50,720

findings from from the last decade or so

200

00:07:55,749 --> 00:07:51,520

uh

201
00:07:59,749 --> 00:07:55,759
interested in that

202
00:08:01,749 --> 00:07:59,759
um and and i thought he was gonna

203
00:08:03,670 --> 00:08:01,759
you know he i didn't know how willing he

204
00:08:06,710 --> 00:08:03,680
would be to discuss that

205
00:08:07,430 --> 00:08:06,720
at length uh and i was surprised to find

206
00:08:09,830 --> 00:08:07,440
out that

207
00:08:11,830 --> 00:08:09,840
he was very much interested actually uh

208
00:08:13,350 --> 00:08:11,840
before i even brought a subject up i

209
00:08:15,990 --> 00:08:13,360
thought we would you know first we'll

210
00:08:16,950 --> 00:08:16,000
talk about his career and then various

211
00:08:20,390 --> 00:08:16,960
endeavors

212
00:08:21,830 --> 00:08:20,400
uh but uh no i soon almost as soon as we

213
00:08:24,790 --> 00:08:21,840

started talking uh

214

00:08:25,270 --> 00:08:24,800

he uh he brought that up and he said you

215

00:08:26,710 --> 00:08:25,280

know

216

00:08:29,510 --> 00:08:26,720

and he wanted to talk about it that

217

00:08:31,589 --> 00:08:29,520

that's what he he was most excited about

218

00:08:33,110 --> 00:08:31,599

so yeah so we devoted a large part of

219

00:08:36,790 --> 00:08:33,120

the conversation

220

00:08:39,509 --> 00:08:36,800

uh to to get yeah there's a new wave

221

00:08:40,310 --> 00:08:39,519

of military acknowledgement about the

222

00:08:44,310 --> 00:08:40,320

ufo

223

00:08:47,509 --> 00:08:44,320

has been told

224

00:08:50,630 --> 00:08:47,519

ufos are real we have them on video

225

00:08:54,070 --> 00:08:50,640

the famous video footage by commander

226

00:08:57,190 --> 00:08:54,080
underwood of the tic tac ufo off

227

00:08:59,190 --> 00:08:57,200
the west coast of california

228

00:09:00,949 --> 00:08:59,200
uh commander david fravor is another

229

00:09:02,710 --> 00:09:00,959
story i reported on he's the fighter

230

00:09:05,030 --> 00:09:02,720
pilot that chased the ufo

231

00:09:06,550 --> 00:09:05,040
so our united states government kind of

232

00:09:09,269 --> 00:09:06,560
slow to the game

233

00:09:11,110 --> 00:09:09,279
has started admitting and providing

234

00:09:14,630 --> 00:09:11,120
evidence and proof and saying we have

235

00:09:17,110 --> 00:09:14,640
active programs to study this but

236

00:09:17,910 --> 00:09:17,120
some people are claiming your article

237

00:09:21,190 --> 00:09:17,920
was

238

00:09:22,949 --> 00:09:21,200

a sort of uh exaggeration or sorry it

239

00:09:26,070 --> 00:09:22,959

was a sort of publicity stunt

240

00:09:28,470 --> 00:09:26,080

for professor sheds book

241

00:09:29,910 --> 00:09:28,480

he did do the interview to promote his

242

00:09:31,030 --> 00:09:29,920

book otherwise i don't know if he would

243

00:09:33,509 --> 00:09:31,040

have done an interview

244

00:09:34,389 --> 00:09:33,519

at this time uh but you know that's very

245

00:09:37,350 --> 00:09:34,399

that's very

246

00:09:38,150 --> 00:09:37,360

common usually a person of this stature

247

00:09:42,230 --> 00:09:38,160

would

248

00:09:44,790 --> 00:09:42,240

an interview uh for a reason

249

00:09:46,550 --> 00:09:44,800

and and um i don't think he was up to

250

00:09:49,110 --> 00:09:46,560

any publicity stuff actually he's not

251

00:09:51,030 --> 00:09:49,120

that type of person he's you know he's a

252

00:09:52,630 --> 00:09:51,040

science person and he's uh

253

00:09:54,310 --> 00:09:52,640

he's a serious man i don't i don't think

254

00:09:56,550 --> 00:09:54,320

he's very knowledgeable about

255

00:09:57,590 --> 00:09:56,560

you know media and publicity stunts and

256

00:09:59,350 --> 00:09:57,600

all that stuff

257

00:10:01,110 --> 00:09:59,360

he was just doing what his pr person

258

00:10:03,670 --> 00:10:01,120

told me he needs to do and that

259

00:10:04,389 --> 00:10:03,680

was uh to grant an interview that that's

260

00:10:07,030 --> 00:10:04,399

all i

261

00:10:08,150 --> 00:10:07,040

you know but you know we should always

262

00:10:11,350 --> 00:10:08,160

consider that that

263

00:10:13,269 --> 00:10:11,360

um that the uh the interest in that

264

00:10:18,230 --> 00:10:13,279

subject always rises

265

00:10:21,269 --> 00:10:18,240

uh at various times of you know uh

266

00:10:24,150 --> 00:10:21,279

growing distrust in in establishment and

267

00:10:24,630 --> 00:10:24,160

governments and media and we've seen

268

00:10:27,750 --> 00:10:24,640

that

269

00:10:30,150 --> 00:10:27,760

uh back in the 90s and we

270

00:10:30,870 --> 00:10:30,160

uh you know when the internet was was

271

00:10:32,949 --> 00:10:30,880

growing

272

00:10:34,790 --> 00:10:32,959

and we see it now uh you know and we

273

00:10:38,550 --> 00:10:34,800

know why you know that

274

00:10:41,829 --> 00:10:38,560

right now with all the uh you know

275

00:10:45,509 --> 00:10:41,839

fake news and social media stuff that

276

00:10:48,790 --> 00:10:45,519

people are you know gradually growing uh

277

00:10:49,590 --> 00:10:48,800

impatient and this they don't trust

278

00:10:52,630 --> 00:10:49,600

anymore

279

00:10:53,190 --> 00:10:52,640

the uh the regular media and and the

280

00:10:56,310 --> 00:10:53,200

government

281

00:10:57,670 --> 00:10:56,320

and establishment and and so ufology

282

00:11:01,030 --> 00:10:57,680

comes back to

283

00:11:02,710 --> 00:11:01,040

the foreground uh and and it's being

284

00:11:05,269 --> 00:11:02,720

discussed uh more heavily

285

00:11:07,110 --> 00:11:05,279

i remember you know the wave that we had

286

00:11:08,150 --> 00:11:07,120

when the x-files was broadcast back in

287

00:11:11,269 --> 00:11:08,160

the 90s

288

00:11:15,350 --> 00:11:11,279

uh so so i would suggest

289

00:11:18,230 --> 00:11:15,360

you know discussing it of course

290

00:11:18,790 --> 00:11:18,240

uh and and urging our governments to to

291

00:11:20,389 --> 00:11:18,800

uh

292

00:11:22,389 --> 00:11:20,399

to give us whatever information they

293

00:11:26,069 --> 00:11:22,399

might have uh

294

00:11:28,150 --> 00:11:26,079

but you know keeping uh uh some sense of

295

00:11:29,190 --> 00:11:28,160

of skepticism you know this sense of

296

00:11:30,949 --> 00:11:29,200

skepticism because

297

00:11:32,550 --> 00:11:30,959

because we still don't i don't know

298

00:11:34,230 --> 00:11:32,560

about you but but as far as i'm

299

00:11:36,949 --> 00:11:34,240

concerned i i

300

00:11:37,590 --> 00:11:36,959

never come acro okay i came across any

301
00:11:41,509 --> 00:11:37,600
any

302
00:11:43,430 --> 00:11:41,519
uh physical evidence of such

303
00:11:45,110 --> 00:11:43,440
yeah i mean the seeker is the finder

304
00:11:47,269 --> 00:11:45,120
people need to dedicate you know a lot

305
00:11:50,310 --> 00:11:47,279
of time to getting to the bottom of this

306
00:11:51,990 --> 00:11:50,320
complex woven mystery of what are ufos

307
00:11:53,910 --> 00:11:52,000
are they machines visiting here where

308
00:11:55,190 --> 00:11:53,920
are they from what are their intent

309
00:11:57,430 --> 00:11:55,200
i guess my question for you as a

310
00:11:59,990 --> 00:11:57,440
journalist is

311
00:12:01,430 --> 00:12:00,000
well one you've just urged that other

312
00:12:03,829 --> 00:12:01,440
countries and countries

313
00:12:05,350 --> 00:12:03,839

do tell us the information they have and

314

00:12:08,470 --> 00:12:05,360

i agree with you i think that

315

00:12:09,910 --> 00:12:08,480

this information is a right we have a

316

00:12:11,509 --> 00:12:09,920

right to know if we're alone in the

317

00:12:13,590 --> 00:12:11,519

universe if we have evidence to the

318

00:12:16,310 --> 00:12:13,600

contrary that we're alone

319

00:12:16,629 --> 00:12:16,320

we should know it as a global culture

320

00:12:19,110 --> 00:12:16,639

but

321

00:12:20,710 --> 00:12:19,120

as a journalist you have to have a good

322

00:12:21,910 --> 00:12:20,720

meter you know you have to be

323

00:12:24,150 --> 00:12:21,920

able to read people

324

00:12:25,509 --> 00:12:24,160

right when you interviewed uh professor

325

00:12:29,269 --> 00:12:25,519

ashed

326

00:12:31,910 --> 00:12:29,279

can you tell me did he seem to

327

00:12:33,990 --> 00:12:31,920

truly believe the things he's quoted as

328

00:12:36,790 --> 00:12:34,000

saying

329

00:12:38,310 --> 00:12:36,800

yeah very much so he i'm he is totally

330

00:12:39,750 --> 00:12:38,320

into it and

331

00:12:42,470 --> 00:12:39,760

the good thing about one good thing

332

00:12:45,030 --> 00:12:42,480

about him is that everything is his

333

00:12:46,389 --> 00:12:45,040

kind of document he has documents uh for

334

00:12:49,350 --> 00:12:46,399

everything that he claims

335

00:12:50,550 --> 00:12:49,360

uh is true and and and he also again and

336

00:12:52,389 --> 00:12:50,560

again to show me

337

00:12:53,829 --> 00:12:52,399

uh various articles and documents and

338

00:12:56,389 --> 00:12:53,839

videos and

339

00:12:57,350 --> 00:12:56,399

what have you uh and he has this really

340

00:13:00,550 --> 00:12:57,360

big library

341

00:13:03,030 --> 00:13:00,560

uh of of you know of his research of

342

00:13:03,670 --> 00:13:03,040

for from the last decade or decade or so

343

00:13:07,110 --> 00:13:03,680

uh

344

00:13:10,150 --> 00:13:07,120

so he's he's i i you know

345

00:13:12,150 --> 00:13:10,160

i i got the impression that he was uh

346

00:13:13,670 --> 00:13:12,160

very much convinced himself and and not

347

00:13:15,509 --> 00:13:13,680

only that that he

348

00:13:17,030 --> 00:13:15,519

is also convinced that he has the uh the

349

00:13:20,870 --> 00:13:17,040

evidence he was he kept

350

00:13:23,190 --> 00:13:20,880

saying that the mainstream academy uh

351
00:13:23,990 --> 00:13:23,200
will not will not cooperate on that and

352
00:13:27,350 --> 00:13:24,000
that

353
00:13:27,750 --> 00:13:27,360
um you know he he wasn't able to to get

354
00:13:30,870 --> 00:13:27,760
there

355
00:13:34,069 --> 00:13:30,880
uh to get their cooperation uh

356
00:13:36,150 --> 00:13:34,079
or or consent um

357
00:13:37,670 --> 00:13:36,160
but still he said that that at this

358
00:13:42,230 --> 00:13:37,680
point in his career

359
00:13:44,310 --> 00:13:42,240
uh you know he he earned his his uh

360
00:13:46,230 --> 00:13:44,320
whatever his awards or his his

361
00:13:47,910 --> 00:13:46,240
credentials and he doesn't need to

362
00:13:50,310 --> 00:13:47,920
be that cautious anymore and that's why

363
00:13:51,990 --> 00:13:50,320

he wants to come out with it

364

00:13:53,590 --> 00:13:52,000

right here he spoke about a lot of

365

00:13:55,590 --> 00:13:53,600

things that i've reported on

366

00:13:56,790 --> 00:13:55,600

and scientists and people within the

367

00:13:59,590 --> 00:13:56,800

military that i've

368

00:14:01,030 --> 00:13:59,600

interviewed from my movies and for my

369

00:14:03,509 --> 00:14:01,040

social media

370

00:14:04,150 --> 00:14:03,519

for example he mentioned robert bigelow

371

00:14:05,910 --> 00:14:04,160

he mentioned

372

00:14:07,590 --> 00:14:05,920

the the nids national institute of

373

00:14:09,509 --> 00:14:07,600

discovery science organization that

374

00:14:12,310 --> 00:14:09,519

studied skinwalker ranch

375

00:14:14,230 --> 00:14:12,320

he mentions the bigelow advanced

376

00:14:15,509 --> 00:14:14,240

aerospace space studies maybe not by

377

00:14:16,150 --> 00:14:15,519

name but that was the defense

378

00:14:19,829 --> 00:14:16,160

intelligence

379

00:14:21,990 --> 00:14:19,839

agency group working under ossap um

380

00:14:23,350 --> 00:14:22,000

that did these experiments so i know the

381

00:14:25,189 --> 00:14:23,360

scientific community

382

00:14:26,389 --> 00:14:25,199

has had an allergy to looking at the

383

00:14:29,350 --> 00:14:26,399

evidence and it's a big

384

00:14:29,990 --> 00:14:29,360

shame well he also mentioned the thing

385

00:14:34,150 --> 00:14:30,000

in hawaii

386

00:14:38,470 --> 00:14:36,870

yeah yeah the the deep space i guess you

387

00:14:40,790 --> 00:14:38,480

call it

388

00:14:44,629 --> 00:14:40,800

professor lane from harvard who was

389

00:14:46,710 --> 00:14:44,639

quoted saying that it was a ufo uh

390

00:14:48,389 --> 00:14:46,720

and uh yeah and he was also talking

391

00:14:49,829 --> 00:14:48,399

about stuff we already uh heard about

392

00:14:51,910 --> 00:14:49,839

like you know the various pres

393

00:14:54,550 --> 00:14:51,920

american presidents that that were said

394

00:14:57,110 --> 00:14:54,560

that have said before that that they had

395

00:14:58,150 --> 00:14:57,120

close contacts or or you know eisenhower

396

00:15:01,430 --> 00:14:58,160

signing an agreement

397

00:15:02,389 --> 00:15:01,440

with the ufos to to have their base in

398

00:15:05,430 --> 00:15:02,399

nevada

399

00:15:06,389 --> 00:15:05,440

and so yeah he was he was uh talking

400

00:15:08,069 --> 00:15:06,399

about all of this

401
00:15:09,430 --> 00:15:08,079
yeah i mean i guess the question that

402
00:15:11,910 --> 00:15:09,440
people want to know is

403
00:15:13,269 --> 00:15:11,920
someone of that military stature that

404
00:15:16,710 --> 00:15:13,279
political stature

405
00:15:19,350 --> 00:15:16,720
is he speaking from what he has read

406
00:15:19,990 --> 00:15:19,360
and deduced or is he speaking from

407
00:15:22,069 --> 00:15:20,000
personal

408
00:15:23,350 --> 00:15:22,079
experience where he's engaged other

409
00:15:25,990 --> 00:15:23,360
scientists

410
00:15:27,910 --> 00:15:26,000
my impression was that yeah he was very

411
00:15:31,189 --> 00:15:27,920
as i've said well educated about the

412
00:15:33,269 --> 00:15:31,199
existing media and and uh and other

413
00:15:34,389 --> 00:15:33,279

publication you know publications but

414

00:15:36,069 --> 00:15:34,399

but uh

415

00:15:38,389 --> 00:15:36,079

he also said a couple of times that he

416

00:15:41,829 --> 00:15:38,399

was speaking to his colleagues

417

00:15:42,710 --> 00:15:41,839

uh either at uh various academic uh

418

00:15:45,910 --> 00:15:42,720

institutes

419

00:15:48,150 --> 00:15:45,920

and at nasa and that they will say

420

00:15:49,590 --> 00:15:48,160

that he heard stuff from them that he is

421

00:15:52,790 --> 00:15:49,600

not uh

422

00:15:57,030 --> 00:15:52,800

he cannot quote directly um

423

00:15:59,430 --> 00:15:57,040

or repeat or or publicize yet

424

00:16:00,790 --> 00:15:59,440

but but yeah he has he also learned

425

00:16:02,710 --> 00:16:00,800

stuff from from his

426

00:16:05,430 --> 00:16:02,720

connections with people who investigate

427

00:16:08,790 --> 00:16:05,440

the subject and not only the

428

00:16:12,069 --> 00:16:08,800

media regarding ufos he has direct

429

00:16:12,470 --> 00:16:12,079

information that he can't disclose yeah

430

00:16:13,990 --> 00:16:12,480

yeah

431

00:16:16,550 --> 00:16:14,000

that's that's what he was saying

432

00:16:19,590 --> 00:16:16,560

fascinating so because your article

433

00:16:21,430 --> 00:16:19,600

it a bombshell across the world and

434

00:16:24,069 --> 00:16:21,440

it was kind of parsed into these little

435

00:16:25,430 --> 00:16:24,079

quotes the parts that made it

436

00:16:27,749 --> 00:16:25,440

in the translation i got this

437

00:16:29,269 --> 00:16:27,759

translation right off of your paper's

438

00:16:30,949 --> 00:16:29,279

official facebook page

439

00:16:33,030 --> 00:16:30,959

there's seven quotes and i just want to

440

00:16:33,430 --> 00:16:33,040

read them for whoever you know watches

441

00:16:37,269 --> 00:16:33,440

this

442

00:16:38,550 --> 00:16:37,279

in translation so let me just read you

443

00:16:42,069 --> 00:16:38,560

the seven and then

444

00:16:42,389 --> 00:16:42,079

see what you said okay uh the ufos asked

445

00:16:44,629 --> 00:16:42,399

uh

446

00:16:45,509 --> 00:16:44,639

not to advertise that they are here

447

00:16:48,230 --> 00:16:45,519

humanity

448

00:16:49,829 --> 00:16:48,240

is not ready yet trump was on the verge

449

00:16:51,590 --> 00:16:49,839

of finding out but the aliens in the

450

00:16:54,230 --> 00:16:51,600

galactic federation say wait

451
00:16:56,389 --> 00:16:54,240
let the spirits calm down they don't

452
00:16:58,550 --> 00:16:56,399
want us to have mass hysteria they want

453
00:17:00,069 --> 00:16:58,560
to make us sane and understanding first

454
00:17:02,389 --> 00:17:00,079
they waited until today

455
00:17:03,430 --> 00:17:02,399
for humanity to evolve and reach a stage

456
00:17:05,990 --> 00:17:03,440
where we will

457
00:17:07,510 --> 00:17:06,000
understand what space and spaceships are

458
00:17:09,429 --> 00:17:07,520
he said there is an agreement between

459
00:17:10,789 --> 00:17:09,439
the us government and the aliens he said

460
00:17:13,350 --> 00:17:10,799
they signed a contract

461
00:17:15,029 --> 00:17:13,360
with us to experiment here they are also

462
00:17:17,829 --> 00:17:15,039
investigating and trying to understand

463
00:17:18,150 --> 00:17:17,839

the rule of the universe and they want

464

00:17:21,429 --> 00:17:18,160

us

465

00:17:22,470 --> 00:17:21,439

as helpers uh there's a a ground base on

466

00:17:23,829 --> 00:17:22,480

mars and that's

467

00:17:25,829 --> 00:17:23,839

where their representatives and our

468

00:17:28,549 --> 00:17:25,839

american astronauts are too

469

00:17:29,990 --> 00:17:28,559

and he said if i came up with what i was

470

00:17:32,630 --> 00:17:30,000

saying five years ago today

471

00:17:33,830 --> 00:17:32,640

i would have been hospitalized but uh

472

00:17:35,830 --> 00:17:33,840

every place

473

00:17:37,190 --> 00:17:35,840

that until today i went to the academy

474

00:17:39,990 --> 00:17:37,200

with this they said

475

00:17:40,549 --> 00:17:40,000

the guy has lost his mind today we are

476

00:17:42,470 --> 00:17:40,559

already

477

00:17:44,549 --> 00:17:42,480

talking differently i have nothing to

478

00:17:46,230 --> 00:17:44,559

lose i received my degrees

479

00:17:47,750 --> 00:17:46,240

and awards did he say those things to

480

00:17:49,350 --> 00:17:47,760

you or is that lost in translation

481

00:17:51,350 --> 00:17:49,360

oh yeah no no he said all of these

482

00:17:54,070 --> 00:17:51,360

things all these these are really uh

483

00:17:55,669 --> 00:17:54,080

you know you're reporting from uh

484

00:17:57,430 --> 00:17:55,679

various snippets from from the

485

00:17:59,430 --> 00:17:57,440

interview but yeah he said all these

486

00:18:01,190 --> 00:17:59,440

things maybe with the exception of the

487

00:18:04,230 --> 00:18:01,200

agreement between us government and the

488

00:18:07,270 --> 00:18:04,240

ufos uh he was referring to the uh

489

00:18:09,190 --> 00:18:07,280

eisenhower uh thing uh

490

00:18:10,390 --> 00:18:09,200

and he's uh he quoted his uh

491

00:18:12,630 --> 00:18:10,400

granddaughter jackie

492

00:18:14,549 --> 00:18:12,640

i think okay i understand his daughter

493

00:18:16,710 --> 00:18:14,559

who said her grandfather

494

00:18:18,950 --> 00:18:16,720

told her that there was such an

495

00:18:21,190 --> 00:18:18,960

agreement i don't think he

496

00:18:23,190 --> 00:18:21,200

that's that would be my only way i mean

497

00:18:25,510 --> 00:18:23,200

this is this is why it's going here

498

00:18:26,950 --> 00:18:25,520

and and all the other stuff that you've

499

00:18:29,669 --> 00:18:26,960

uh quoted was

500

00:18:31,430 --> 00:18:29,679

uh was right on the nose yeah it was

501
00:18:33,590 --> 00:18:31,440
that's basically what he was saying

502
00:18:35,510 --> 00:18:33,600
yeah this is why the context of your

503
00:18:36,230 --> 00:18:35,520
full article which was eloquently

504
00:18:38,070 --> 00:18:36,240
written

505
00:18:39,669 --> 00:18:38,080
is so important because he's not

506
00:18:42,549 --> 00:18:39,679
claiming this himself

507
00:18:43,909 --> 00:18:42,559
as an official he is saying this is one

508
00:18:47,830 --> 00:18:43,919
part of the story

509
00:18:50,070 --> 00:18:47,840
or mythology or story itself of ufology

510
00:18:50,870 --> 00:18:50,080
he's telling you somebody else said this

511
00:18:52,230 --> 00:18:50,880
and that's so

512
00:18:54,310 --> 00:18:52,240
important that people understand that

513
00:18:54,950 --> 00:18:54,320

distinction the other thing he said that

514

00:18:57,510 --> 00:18:54,960

really

515

00:18:58,630 --> 00:18:57,520

made me stand back a little bit was

516

00:19:00,150 --> 00:18:58,640

where did he come up with the term

517

00:19:02,150 --> 00:19:00,160

galactic federation was that a

518

00:19:03,990 --> 00:19:02,160

generalized term or was that a specific

519

00:19:07,830 --> 00:19:04,000

thing he was quoting

520

00:19:10,150 --> 00:19:07,840

uh that's you know what i would have to

521

00:19:11,750 --> 00:19:10,160

uh kind of

522

00:19:13,430 --> 00:19:11,760

they myself for not further

523

00:19:14,630 --> 00:19:13,440

investigating with him the subject of

524

00:19:17,750 --> 00:19:14,640

the uh

525

00:19:18,630 --> 00:19:17,760

of the galactic uh confederation of

526
00:19:20,870 --> 00:19:18,640
federation

527
00:19:23,029 --> 00:19:20,880
uh i i didn't get into that because

528
00:19:26,390 --> 00:19:23,039
because there was so much to talk about

529
00:19:27,190 --> 00:19:26,400
and i cannot really tell you what he was

530
00:19:29,430 --> 00:19:27,200
referring to

531
00:19:30,310 --> 00:19:29,440
only that he mentioned that they had

532
00:19:33,750 --> 00:19:30,320
nine

533
00:19:36,789 --> 00:19:33,760
members uh all are are

534
00:19:37,270 --> 00:19:36,799
better involved than we are at this

535
00:19:39,830 --> 00:19:37,280
point

536
00:19:40,789 --> 00:19:39,840
and that they were examining us and uh

537
00:19:43,430 --> 00:19:40,799
you know that

538
00:19:44,549 --> 00:19:43,440

and that they have specifically uh asked

539

00:19:48,150 --> 00:19:44,559

before not to

540

00:19:50,070 --> 00:19:48,160

be exposed yet uh here on earth um

541

00:19:51,830 --> 00:19:50,080

but that's that's all i got on this

542

00:19:53,830 --> 00:19:51,840

subject maybe we should have gone

543

00:19:57,909 --> 00:19:53,840

further into it but we did not

544

00:20:00,390 --> 00:19:57,919

so professor ashat is a sane man

545

00:20:02,470 --> 00:20:00,400

well you know what i'm i'm just a

546

00:20:04,070 --> 00:20:02,480

journalist you know i'm i'm not a i'm

547

00:20:06,789 --> 00:20:04,080

not a professional

548

00:20:08,310 --> 00:20:06,799

on that but if you talk to him you get

549

00:20:11,830 --> 00:20:08,320

the one-on-one with him

550

00:20:15,590 --> 00:20:11,840

he he appears to be very much uh sane

551
00:20:19,430 --> 00:20:15,600
and uh and uh you know he

552
00:20:21,669 --> 00:20:19,440
is a he's a fascinating uh

553
00:20:22,470 --> 00:20:21,679
person to talk to and yeah and he's not

554
00:20:25,430 --> 00:20:22,480
at all

555
00:20:26,070 --> 00:20:25,440
uh out of touch in any way that i was

556
00:20:29,190 --> 00:20:26,080
able to

557
00:20:32,870 --> 00:20:29,200
uh to note uh really i mean

558
00:20:36,149 --> 00:20:32,880
uh he's very much here and now and

559
00:20:36,470 --> 00:20:36,159
he's he's there in the room and he's uh

560
00:20:39,830 --> 00:20:36,480
as

561
00:20:41,669 --> 00:20:39,840
very sad yeah

562
00:20:43,430 --> 00:20:41,679
so he's you know he's telling us from

563
00:20:44,390 --> 00:20:43,440

information he might personally know

564

00:20:46,390 --> 00:20:44,400
from

565

00:20:47,750 --> 00:20:46,400
agencies like nasa but also what he's

566

00:20:49,510 --> 00:20:47,760
deduced over time

567

00:20:51,350 --> 00:20:49,520
that ufos are real and we're being

568

00:20:53,270 --> 00:20:51,360
visited by other intelligent beings that

569

00:20:57,430 --> 00:20:53,280
was the crux of what he said

570

00:20:59,350 --> 00:20:57,440
despite the details whatever they may be

571

00:21:01,909 --> 00:20:59,360
what i think we can take from that is is

572

00:21:03,750 --> 00:21:01,919
that obviously we are not alone it

573

00:21:06,710 --> 00:21:03,760
doesn't make any sense that we are alone

574

00:21:08,230 --> 00:21:06,720
again there are like 300 million stars

575

00:21:15,430 --> 00:21:08,240
uh

576

00:21:16,230 --> 00:21:15,440

galactics that that they had that they

577

00:21:20,230 --> 00:21:16,240

have

578

00:21:21,110 --> 00:21:20,240

uh the right conditions for uh for life

579

00:21:24,549 --> 00:21:21,120

forms to

580

00:21:28,310 --> 00:21:24,559

to uh to to uh

581

00:21:30,230 --> 00:21:28,320

evolve uh and and i think we can uh

582

00:21:32,390 --> 00:21:30,240

pretty much i would say take that for

583

00:21:34,710 --> 00:21:32,400

granted uh

584

00:21:35,990 --> 00:21:34,720

that we are not alone in the universe

585

00:21:38,710 --> 00:21:36,000

and uh

586

00:21:39,830 --> 00:21:38,720

you know if we're not alone it's just a

587

00:21:43,830 --> 00:21:39,840

matter of time before

588

00:21:46,230 --> 00:21:43,840

uh we do get to contact

589

00:21:47,350 --> 00:21:46,240

if not already our colleagues i don't

590

00:21:48,630 --> 00:21:47,360

know if they're colleagues i don't know

591

00:21:51,190 --> 00:21:48,640

what they are

592

00:21:51,669 --> 00:21:51,200

other people from other places right

593

00:21:59,029 --> 00:21:51,679

other

594

00:22:01,430 --> 00:21:59,039

hopefully yeah well look it was a truly

595

00:22:02,390 --> 00:22:01,440

fascinating um article when i was able

596

00:22:04,789 --> 00:22:02,400

to read what i believe

597

00:22:06,630 --> 00:22:04,799

is the full version and i really do hope

598

00:22:08,789 --> 00:22:06,640

that it goes beyond

599

00:22:10,070 --> 00:22:08,799

the the punch line beyond the you know

600

00:22:11,669 --> 00:22:10,080

just the quotes

601
00:22:13,110 --> 00:22:11,679
from your article that people can read

602
00:22:15,430 --> 00:22:13,120
the context because

603
00:22:16,390 --> 00:22:15,440
it does seem that professional shed is a

604
00:22:18,630 --> 00:22:16,400
very thoughtful

605
00:22:20,710 --> 00:22:18,640
and serious person and he's saying

606
00:22:22,950 --> 00:22:20,720
things that have great impact

607
00:22:25,190 --> 00:22:22,960
if any of it is true and i know we all

608
00:22:27,029 --> 00:22:25,200
want to know the truth my curiosity is

609
00:22:29,990 --> 00:22:27,039
weaponized that's what i like to say

610
00:22:31,270 --> 00:22:30,000
because it's a weapon for me is is being

611
00:22:32,230 --> 00:22:31,280
able to speak with someone like you

612
00:22:33,830 --> 00:22:32,240
talked with him

613
00:22:35,190 --> 00:22:33,840

it's one step closer to knowing the

614

00:22:36,630 --> 00:22:35,200

truth so i just want to thank you for an

615

00:22:37,990 --> 00:22:36,640

eloquent article and thank you for

616

00:22:39,669 --> 00:22:38,000

speaking with me

617

00:22:40,870 --> 00:22:39,679

and you know let me know if you find out

618

00:22:41,909 --> 00:22:40,880

anything else about this in your

619

00:22:44,710 --> 00:22:41,919

journalism

620

00:22:46,470 --> 00:22:44,720

if there's any uh if there's any

621

00:22:54,610 --> 00:22:46,480

developments i will let you know

622

00:23:06,830 --> 00:22:54,620

thanks for that same here take care
