

NEWSMAKER
▶ **SATURDAY**

1
00:00:08,830 --> 00:00:03,230
Declassified videos the authentic

2
00:00:15,049 --> 00:00:12,190
uaps are unexplained but they are real

3
00:00:18,290 --> 00:00:15,059
transparency is desperately needed are

4
00:00:21,410 --> 00:00:18,300
we alone is planet Earth the only place

5
00:00:24,170 --> 00:00:21,420
in the universe with life much less

6
00:00:26,990 --> 00:00:24,180
intelligent life we have seen a rapid

7
00:00:29,750 --> 00:00:27,000
increase in sightings of craft that

8
00:00:32,569 --> 00:00:29,760
can't be explained flying with impunity

9
00:00:35,330 --> 00:00:32,579
in our restricted airspace sometimes

10
00:00:37,729 --> 00:00:35,340
around military installations these

11
00:00:40,069 --> 00:00:37,739
craft are doing things that defy our

12
00:00:41,690 --> 00:00:40,079
understanding of physics some in the

13
00:00:44,750 --> 00:00:41,700

military dismiss that these are

14

00:00:47,150 --> 00:00:44,760

extraterrestrial others are quite open

15

00:00:49,790 --> 00:00:47,160

that they will not dismiss that

16

00:00:51,889 --> 00:00:49,800

possibility Jeremy Corbell is an expert

17

00:00:54,229 --> 00:00:51,899

in this area he's obtained several

18

00:00:57,770 --> 00:00:54,239

videos from the military that show

19

00:00:59,689 --> 00:00:57,780

things that we simply can explain Jeremy

20

00:01:02,810 --> 00:00:59,699

what's the story out there right now

21

00:01:05,170 --> 00:01:02,820

with where we are on this issue let me

22

00:01:09,190 --> 00:01:05,180

break it down we have uncovered

23

00:01:12,109 --> 00:01:09,200

ongoing UFO what they call now UAP

24

00:01:14,690 --> 00:01:12,119

unidentified aerial phenomenon

25

00:01:18,050 --> 00:01:14,700

we've uncovered new programs that have

26
00:01:19,910 --> 00:01:18,060
been sustaining so since 1969 when when

27
00:01:23,149 --> 00:01:19,920
the US government said we don't study

28
00:01:26,030 --> 00:01:23,159
UFOs anymore that was a lie Congress has

29
00:01:28,310 --> 00:01:26,040
spoken up for UFO transparency we

30
00:01:31,190 --> 00:01:28,320
actually had hearings for the first time

31
00:01:33,770 --> 00:01:31,200
in 50 years that were designed to reduce

32
00:01:35,690 --> 00:01:33,780
stigma and to look at this issue

33
00:01:37,490 --> 00:01:35,700
straight on for the first time in more

34
00:01:40,249 --> 00:01:37,500
than 50 years now you're the guy that

35
00:01:43,069 --> 00:01:40,259
these military Pilots you and George

36
00:01:45,050 --> 00:01:43,079
Knapp a fine journalists

37
00:01:46,910 --> 00:01:45,060
you've kind of become the Clearinghouse

38
00:01:49,330 --> 00:01:46,920

for this stuff right because they're

39

00:01:52,069 --> 00:01:49,340

afraid to give it to their superiors

40

00:01:54,469 --> 00:01:52,079

because they might get laughed at they

41

00:01:56,090 --> 00:01:54,479

might end up demoted who knows but

42

00:01:58,850 --> 00:01:56,100

there's a fear out there about it

43

00:02:00,770 --> 00:01:58,860

sharing this stuff so they use you guys

44

00:02:03,109 --> 00:02:00,780

to get it out to the public this is

45

00:02:06,469 --> 00:02:03,119

defense department stuff right

46

00:02:09,109 --> 00:02:06,479

yeah correct so uh George Knapp and I we

47

00:02:12,650 --> 00:02:09,119

obtained and released a bunch of

48

00:02:14,630 --> 00:02:12,660

military filmed Pentagon confirmed UFO

49

00:02:17,210 --> 00:02:14,640

videos that by the way were

50

00:02:19,610 --> 00:02:17,220

corroborative sensor data it was

51
00:02:22,190 --> 00:02:19,620
different platforms that were filming

52
00:02:24,770 --> 00:02:22,200
these and so this is a historic moment

53
00:02:27,710 --> 00:02:24,780
we got deck footage we got thermal

54
00:02:30,110 --> 00:02:27,720
footage we've got infrared footage we

55
00:02:32,510 --> 00:02:30,120
also got documents and we produced all

56
00:02:35,570 --> 00:02:32,520
of this to the public it's like a dream

57
00:02:37,850 --> 00:02:35,580
case this is one event in many UFO

58
00:02:40,729 --> 00:02:37,860
events but it was historic and it

59
00:02:43,670 --> 00:02:40,739
remains historic now people have been

60
00:02:46,250 --> 00:02:43,680
arguing a lot about the shapes of these

61
00:02:49,130 --> 00:02:46,260
crafts that we see but the bottom line

62
00:02:52,190 --> 00:02:49,140
is none of that matters what matters is

63
00:02:54,710 --> 00:02:52,200

we don't know who's operating them and

64

00:02:57,170 --> 00:02:54,720

they seem to outpace outmaneuver and

65

00:03:00,290 --> 00:02:57,180

outperform our greatest weapon systems

66

00:03:03,589 --> 00:03:00,300

they can cloak they can go in and out of

67

00:03:06,290 --> 00:03:03,599

water with absolute impunity we don't

68

00:03:09,229 --> 00:03:06,300

have defense for this so my question is

69

00:03:10,550 --> 00:03:09,239

who is operating these vehicles where

70

00:03:14,089 --> 00:03:10,560

are they from

71

00:03:17,509 --> 00:03:14,099

how were they made and why don't we know

72

00:03:19,190 --> 00:03:17,519

have we ever recovered any material from

73

00:03:22,250 --> 00:03:19,200

these craft

74

00:03:23,869 --> 00:03:22,260

so we have John and this is a big pill

75

00:03:25,670 --> 00:03:23,879

to swallow if you're just hearing about

76
00:03:27,170 --> 00:03:25,680
it for the first time but you have to

77
00:03:29,330 --> 00:03:27,180
understand we're in a different world

78
00:03:31,670 --> 00:03:29,340
now we're in a different climate we've

79
00:03:33,770 --> 00:03:31,680
had UFO hearings that were you know

80
00:03:35,930 --> 00:03:33,780
created to reduce stigma so reporting

81
00:03:38,270 --> 00:03:35,940
would get better so people like me as

82
00:03:40,130 --> 00:03:38,280
journalists and filmmakers that I could

83
00:03:41,750 --> 00:03:40,140
become obsolete I don't need to play the

84
00:03:43,570 --> 00:03:41,760
middleman between the Department of

85
00:03:45,470 --> 00:03:43,580
Defense and these people that feel

86
00:03:46,789 --> 00:03:45,480
disenfranchised that they that they

87
00:03:48,350 --> 00:03:46,799
can't come forward with what they've

88
00:03:49,610 --> 00:03:48,360

seen or what they've saw now we're

89

00:03:51,770 --> 00:03:49,620

getting better at that there's

90

00:03:53,570 --> 00:03:51,780

legislation in place and this is

91

00:03:56,149 --> 00:03:53,580

something that has occurred recently

92

00:03:59,089 --> 00:03:56,159

that is so interesting we had a public

93

00:04:01,729 --> 00:03:59,099

UFO report not only that we had the

94

00:04:05,089 --> 00:04:01,739

Congressional hearings so now we're set

95

00:04:07,369 --> 00:04:05,099

up to receive a second UFO report that

96

00:04:08,869 --> 00:04:07,379

will be official and hopefully they look

97

00:04:10,369 --> 00:04:08,879

at it without stigma and encourage

98

00:04:12,649 --> 00:04:10,379

people to come forward such as the

99

00:04:14,330 --> 00:04:12,659

pilots the sailors the people from the

100

00:04:15,710 --> 00:04:14,340

Navy that have come forward to me these

101

00:04:18,530 --> 00:04:15,720

crafts were doing things that the

102

00:04:20,990 --> 00:04:18,540

military guys had never seen before and

103

00:04:23,090 --> 00:04:21,000

could not explain and describe it yeah

104

00:04:25,189 --> 00:04:23,100

so this is really important so when I

105

00:04:27,710 --> 00:04:25,199

obtained all this information such as

106

00:04:30,170 --> 00:04:27,720

this video you're seeing now there's no

107

00:04:33,530 --> 00:04:30,180

plumes there's no rotors there's no

108

00:04:35,450 --> 00:04:33,540

control surfaces this is one craft out

109

00:04:38,450 --> 00:04:35,460

off the coast of California that was

110

00:04:40,370 --> 00:04:38,460

captured that appears or the Navy felt

111

00:04:42,950 --> 00:04:40,380

like and believes that it went

112

00:04:45,830 --> 00:04:42,960

transmedium that means it can penetrate

113

00:04:48,530 --> 00:04:45,840

from space air to sea without any

114

00:04:50,390 --> 00:04:48,540

inertial effect so this is believed to

115

00:04:52,249 --> 00:04:50,400

have gone into the water they actually

116

00:04:54,650 --> 00:04:52,259

set a submarine that was within

117

00:04:57,170 --> 00:04:54,660

documents that I was exposed to to look

118

00:04:59,450 --> 00:04:57,180

for wreckage or look for the craft so

119

00:05:01,129 --> 00:04:59,460

this video why it's so important is

120

00:05:03,530 --> 00:05:01,139

because it is showing what the Navy

121

00:05:07,010 --> 00:05:03,540

believes to be a trans medium vehicle

122

00:05:09,469 --> 00:05:07,020

with no flight origin no departure place

123

00:05:11,390 --> 00:05:09,479

no Landing spots you can see that slide

124

00:05:13,070 --> 00:05:11,400

right there comes right out of a

125

00:05:15,710 --> 00:05:13,080

document the world would have never seen

126
00:05:18,050 --> 00:05:15,720
if I didn't obtain it and was able to

127
00:05:19,909 --> 00:05:18,060
release it so this is what they call a

128
00:05:22,550 --> 00:05:19,919
trans medium vehicle this is one of the

129
00:05:25,010 --> 00:05:22,560
problems who has these this is the

130
00:05:26,629 --> 00:05:25,020
LeapFrog and Technology from what we

131
00:05:28,930 --> 00:05:26,639
know that we have in the United States

132
00:05:32,390 --> 00:05:28,940
right now obviously the immediate worry

133
00:05:34,850 --> 00:05:32,400
is that if it's foreign government doing

134
00:05:37,189 --> 00:05:34,860
stuff that is way beyond our capability

135
00:05:38,330 --> 00:05:37,199
let's say for the sake of argument it

136
00:05:42,409 --> 00:05:38,340
we're China

137
00:05:45,290 --> 00:05:42,419
we would be in a very very bad way right

138
00:05:47,689 --> 00:05:45,300

yeah and indeed this has been ruled out

139

00:05:49,610 --> 00:05:47,699
to a high degree so from all the

140

00:05:51,890 --> 00:05:49,620
information that has been public and all

141

00:05:54,830 --> 00:05:51,900
of the responses even from that from the

142

00:05:57,230 --> 00:05:54,840
head of our Navy we don't know whose

143

00:05:59,450 --> 00:05:57,240
Vehicles these are they have excluded

144

00:06:02,150 --> 00:05:59,460
that it's our black projects because

145

00:06:04,129 --> 00:06:02,160
there is a a way that we that is

146

00:06:05,390 --> 00:06:04,139
reported when it's our black projects we

147

00:06:08,270 --> 00:06:05,400
don't test them right off the coast of

148

00:06:10,070 --> 00:06:08,280
California where we we put on high alert

149

00:06:12,650 --> 00:06:10,080
a bunch of our Navy and then the

150

00:06:14,090 --> 00:06:12,660
question is are these Chinese drones and

151

00:06:18,170 --> 00:06:14,100

this is something that has been put

152

00:06:21,350 --> 00:06:18,180

forward and it is just absolute hogwash

153

00:06:24,050 --> 00:06:21,360

well I don't know whose Vehicles these

154

00:06:26,930 --> 00:06:24,060

were but if they were if they were

155

00:06:29,870 --> 00:06:26,940

Chinese drones or another nation that we

156

00:06:31,850 --> 00:06:29,880

know of then then we have a much much

157

00:06:35,090 --> 00:06:31,860

bigger problem we have an intelligence

158

00:06:37,010 --> 00:06:35,100

failure that's far beyond that of 9 11.

159

00:06:39,890 --> 00:06:37,020

this is something that's occurring on a

160

00:06:42,350 --> 00:06:39,900

regular basis and so we have vehicles of

161

00:06:44,930 --> 00:06:42,360

Unknown Origin that are able to do

162

00:06:46,909 --> 00:06:44,940

things that we can't do ourselves as the

163

00:06:48,290 --> 00:06:46,919

United States of America and we don't

164

00:06:50,689 --> 00:06:48,300

know whose they are

165

00:06:51,950 --> 00:06:50,699

yeah and the other thing is Jeremy and

166

00:06:54,110 --> 00:06:51,960

you know this

167

00:06:56,390 --> 00:06:54,120

the governments around the world the big

168

00:06:59,150 --> 00:06:56,400

powers are sharing information because

169

00:07:01,249 --> 00:06:59,160

they're concerned they don't know what

170

00:07:04,370 --> 00:07:01,259

this is they're even sharing information

171

00:07:06,290 --> 00:07:04,380

right absolutely we're sharing

172

00:07:09,230 --> 00:07:06,300

information to a high degree but

173

00:07:11,570 --> 00:07:09,240

remember even China has its own UFO

174

00:07:14,029 --> 00:07:11,580

programs they've admitted this that they

175

00:07:16,430 --> 00:07:14,039

use artificial intelligence to help look

176
00:07:19,309 --> 00:07:16,440
for patterns this is something that

177
00:07:22,249 --> 00:07:19,319
every major world power is looking at

178
00:07:25,189 --> 00:07:22,259
seriously now it's given science the the

179
00:07:27,710 --> 00:07:25,199
opportunity to open their eyes and begin

180
00:07:29,990 --> 00:07:27,720
to look at at the types of things we're

181
00:07:32,210 --> 00:07:30,000
seeing to give you an example some of

182
00:07:35,830 --> 00:07:32,220
these objects can drop from 80 000 feet

183
00:07:37,909 --> 00:07:35,840
down to five feet above sea level

184
00:07:40,790 --> 00:07:37,919
instantaneously within less than a

185
00:07:43,370 --> 00:07:40,800
second and they're traveling faster than

186
00:07:45,890 --> 00:07:43,380
the speed of sound yet there's no Sonic

187
00:07:48,230 --> 00:07:45,900
Boom so that's what they call singers

188
00:07:50,089 --> 00:07:48,240

wow that's what they call signals

189

00:07:52,430 --> 00:07:50,099

intelligence yeah there's just no

190

00:07:53,629 --> 00:07:52,440

typical signature for these Vehicles

191

00:07:55,430 --> 00:07:53,639

they don't know how they're operating

192

00:07:58,430 --> 00:07:55,440

what you're showing on the screen right

193

00:08:00,309 --> 00:07:58,440

now is an image from an fa-18 pilot that

194

00:08:03,890 --> 00:08:00,319

George Knapp released Pilots are

195

00:08:06,230 --> 00:08:03,900

encountering these UFOs or unidentifieds

196

00:08:08,510 --> 00:08:06,240

on a regular basis literally every tell

197

00:08:11,210 --> 00:08:08,520

me what makes this particular object of

198

00:08:13,309 --> 00:08:11,220

Interest why it's so interesting is it's

199

00:08:15,409 --> 00:08:13,319

one of the objects off the east coast it

200

00:08:17,570 --> 00:08:15,419

called that metallic blimp with payload

201
00:08:19,730 --> 00:08:17,580
this thing was not moving with the wind

202
00:08:22,189 --> 00:08:19,740
and it is indicative of what's being

203
00:08:26,390 --> 00:08:22,199
seen every day this and what pilots are

204
00:08:28,309 --> 00:08:26,400
saying are cubes with spherical auras I

205
00:08:31,490 --> 00:08:28,319
mean if you couldn't find something less

206
00:08:34,430 --> 00:08:31,500
aerodynamic than a cube I I don't know

207
00:08:38,690 --> 00:08:34,440
what yeah so so so here's the bottom

208
00:08:41,089 --> 00:08:38,700
line Pilots Are encountering UFOs on a

209
00:08:43,190 --> 00:08:41,099
daily basis this is something that is

210
00:08:44,870 --> 00:08:43,200
now just being able to be reported up

211
00:08:48,050 --> 00:08:44,880
the chain of command this is a flight

212
00:08:50,389 --> 00:08:48,060
safety issue if nothing else if not an

213
00:08:53,150 --> 00:08:50,399

intelligence issue let's talk about a

214

00:08:57,230 --> 00:08:53,160

West Coast encounter the tech Tech video

215

00:08:59,210 --> 00:08:57,240

so why the Tic Tac UFO event from 2004

216

00:09:02,210 --> 00:08:59,220

is so important is because these were

217

00:09:04,730 --> 00:09:02,220

tracked on multi-platforms multi-sensor

218

00:09:07,250 --> 00:09:04,740

systems you had a number of fighter

219

00:09:10,190 --> 00:09:07,260

pilots that actually got eyes on you've

220

00:09:13,310 --> 00:09:10,200

got an object that not only has no

221

00:09:17,050 --> 00:09:13,320

flight controls no wings no tails no

222

00:09:19,910 --> 00:09:17,060

rotors but also it was able to

223

00:09:22,130 --> 00:09:19,920

instantaneously shoot away faster than

224

00:09:24,230 --> 00:09:22,140

the I could see something that we just

225

00:09:28,130 --> 00:09:24,240

can't do right now and Commander David

226
00:09:31,610 --> 00:09:28,140
fraver not only tried to chase the UFO

227
00:09:33,829 --> 00:09:31,620
but he tried to actively pursue it he's

228
00:09:35,750 --> 00:09:33,839
the guy I think was interviewed on 60

229
00:09:37,910 --> 00:09:35,760
Minutes that's right Commander David

230
00:09:40,910 --> 00:09:37,920
fravor was not the man that filmed the

231
00:09:43,850 --> 00:09:40,920
Tic Tac UFO was commander Chad Underwood

232
00:09:46,430 --> 00:09:43,860
so you've got footage of what Commander

233
00:09:49,070 --> 00:09:46,440
Faber says this is no longer just people

234
00:09:51,889 --> 00:09:49,080
talking about what they see but we have

235
00:09:54,230 --> 00:09:51,899
footage in the government is there an

236
00:09:57,530 --> 00:09:54,240
openness to the idea that these could be

237
00:09:59,810 --> 00:09:57,540
extraterrestrial because during the the

238
00:10:01,910 --> 00:09:59,820

hearings on May 17th

239

00:10:03,889 --> 00:10:01,920

some of the guys said you know we don't

240

00:10:07,730 --> 00:10:03,899

believe it's extraterrestrial but other

241

00:10:10,610 --> 00:10:07,740

people would not eliminate that option

242

00:10:13,850 --> 00:10:10,620

yeah I think that it would be unwise to

243

00:10:16,910 --> 00:10:13,860

eliminate any option at this point there

244

00:10:19,009 --> 00:10:16,920

there's a a real possibility that

245

00:10:20,990 --> 00:10:19,019

whatever we're seeing that can fly this

246

00:10:23,210 --> 00:10:21,000

way is a technology that's far more

247

00:10:25,250 --> 00:10:23,220

advanced than what we have now look I'm

248

00:10:27,350 --> 00:10:25,260

not talking about drones from a foreign

249

00:10:29,269 --> 00:10:27,360

Nation I'm not talking about weather

250

00:10:31,910 --> 00:10:29,279

balloons I'm not talking about

251
00:10:34,370 --> 00:10:31,920
temperature inversions and I'm also not

252
00:10:37,070 --> 00:10:34,380
talking about optical illusions or Birds

253
00:10:39,889 --> 00:10:37,080
I'm talking about all the things that we

254
00:10:42,350 --> 00:10:39,899
know travel Beyond Hypersonic speed that

255
00:10:45,230 --> 00:10:42,360
appear to be transmedium that just

256
00:10:47,389 --> 00:10:45,240
perform in ways that we can't there are

257
00:10:50,509 --> 00:10:47,399
a number of people that believe there is

258
00:10:52,730 --> 00:10:50,519
a a third party involved with these

259
00:10:55,069 --> 00:10:52,740
craft meaning it's not us it's not

260
00:10:58,430 --> 00:10:55,079
Russia or China that it would be some

261
00:11:00,410 --> 00:10:58,440
sort of non-human intelligence or an

262
00:11:03,590 --> 00:11:00,420
intelligence that we just haven't

263
00:11:05,990 --> 00:11:03,600

discovered yet so this is absolutely on

264

00:11:08,150 --> 00:11:06,000

the table and it's not just me saying it

265

00:11:09,530 --> 00:11:08,160

this is your government saying it yeah

266

00:11:11,269 --> 00:11:09,540

they're trying to figure this out they

267

00:11:13,910 --> 00:11:11,279

put together NASA's now put together a

268

00:11:15,530 --> 00:11:13,920

team of 16 scientists and experts to

269

00:11:18,170 --> 00:11:15,540

delve into the Mysteries surrounding

270

00:11:20,630 --> 00:11:18,180

unidentified aerial phenomena one of the

271

00:11:23,329 --> 00:11:20,640

people on that is uh Mark Kelly who's

272

00:11:25,250 --> 00:11:23,339

our U.S senator his brother twin brother

273

00:11:27,710 --> 00:11:25,260

Scott Kelly they were both astronauts

274

00:11:30,110 --> 00:11:27,720

former fighter pilot he's part of that

275

00:11:32,509 --> 00:11:30,120

too you've got credible people now

276
00:11:35,569 --> 00:11:32,519
trying to get to the bottom of this

277
00:11:38,630 --> 00:11:35,579
yeah and in fact it's really great that

278
00:11:40,190 --> 00:11:38,640
scientists are being given permission to

279
00:11:41,810 --> 00:11:40,200
look at something that's that's part of

280
00:11:44,569 --> 00:11:41,820
nature it's right in front of our face

281
00:11:47,150 --> 00:11:44,579
reduce the stigma get better reporting

282
00:11:49,910 --> 00:11:47,160
this is now being put in position where

283
00:11:52,130 --> 00:11:49,920
we can do that and NASA it's great it's

284
00:11:54,290 --> 00:11:52,140
studying it but but I will tell you I

285
00:11:57,350 --> 00:11:54,300
have direct knowledge that we already

286
00:11:59,389 --> 00:11:57,360
have great footage we have great imagery

287
00:12:02,509 --> 00:11:59,399
we have a lot of data it's a data Rich

288
00:12:04,550 --> 00:12:02,519

environment about UFOs but that data has

289

00:12:06,590 --> 00:12:04,560

not been shared and it's not been shared

290

00:12:09,530 --> 00:12:06,600

because of fears for National Security

291

00:12:12,110 --> 00:12:09,540

but luckily we're at a historic moment

292

00:12:15,829 --> 00:12:12,120

which is where UFO whistleblower

293

00:12:19,009 --> 00:12:15,839

legislation has been uh absolutely

294

00:12:20,810 --> 00:12:19,019

defined and it should be passing no

295

00:12:23,810 --> 00:12:20,820

problem in the National Defense

296

00:12:26,329 --> 00:12:23,820

authorization Act of 2023 and it's very

297

00:12:28,370 --> 00:12:26,339

dramatic language why John this is so

298

00:12:30,889 --> 00:12:28,380

important I call it the Silver Bullet

299

00:12:33,829 --> 00:12:30,899

it's very dramatic language it talks

300

00:12:36,889 --> 00:12:33,839

about UFO Legacy Pro programs which is

301
00:12:39,949 --> 00:12:36,899
exploitation reverse engineering crash

302
00:12:42,470 --> 00:12:39,959
retrieval the idea that we have had

303
00:12:44,930 --> 00:12:42,480
programs that have studied this which is

304
00:12:47,150 --> 00:12:44,940
true we have every branch of our

305
00:12:50,449 --> 00:12:47,160
military has UFO programs but to bring

306
00:12:53,750 --> 00:12:50,459
that forward to a UFO whistleblower act

307
00:12:54,949 --> 00:12:53,760
that is astounding can you imagine the

308
00:12:56,810 --> 00:12:54,959
people that have been working in these

309
00:12:59,990 --> 00:12:56,820
programs that have had to remain silent

310
00:13:01,970 --> 00:13:00,000
about non-human or potentially non-human

311
00:13:03,889 --> 00:13:01,980
technology that they've been trying to

312
00:13:05,690 --> 00:13:03,899
reverse engineer I would like to hear

313
00:13:07,430 --> 00:13:05,700

that story I think the American public

314

00:13:10,069 --> 00:13:07,440

deserves to hear I think everybody would

315

00:13:11,870 --> 00:13:10,079

and transparency is is the greatest

316

00:13:15,050 --> 00:13:11,880

thing I guess the government probably

317

00:13:16,730 --> 00:13:15,060

fears reaction from the public but we

318

00:13:18,590 --> 00:13:16,740

now know that governments are starting

319

00:13:23,090 --> 00:13:18,600

to talk to each other about developing

320

00:13:26,090 --> 00:13:23,100

protocols if and when there is contact

321

00:13:27,650 --> 00:13:26,100

you know what I'm talking about I I do

322

00:13:29,629 --> 00:13:27,660

and I think that's great we've always

323

00:13:31,310 --> 00:13:29,639

had kind of secretive plans for that I

324

00:13:33,710 --> 00:13:31,320

mean why not plan for everything but

325

00:13:36,110 --> 00:13:33,720

check this out I have direct knowledge

326

00:13:38,810 --> 00:13:36,120

the office of the Director of National

327

00:13:41,389 --> 00:13:38,820

Intelligence has been informed of these

328

00:13:43,490 --> 00:13:41,399

Legacy UFO programs that are claimed to

329

00:13:47,569 --> 00:13:43,500

be programs of reverse engineering of

330

00:13:53,150 --> 00:13:47,579

craft not made here on Earth a Jeremy

331

00:13:53,160 --> 00:13:59,250

oh

332

00:13:59,260 --> 00:14:04,930

[Music]
