

MENTAL

1
00:00:06,650 --> 00:00:04,249
and this is weapons

2
00:00:09,169 --> 00:00:06,660
the uip task force prepares this report

3
00:00:11,570 --> 00:00:09,179
Congress has a hearing first one in 50

4
00:00:14,570 --> 00:00:11,580
years a UFO hearing these two guys show

5
00:00:16,430 --> 00:00:14,580
up on the Pentagon Scott Bray the deputy

6
00:00:18,349 --> 00:00:16,440
director of Office of Naval intelligence

7
00:00:21,050 --> 00:00:18,359
and a guy named Moultrie a muckety muck

8
00:00:22,849 --> 00:00:21,060
for the Pentagon and it it became pretty

9
00:00:24,710 --> 00:00:22,859
clear from that presentation that they

10
00:00:27,290 --> 00:00:24,720
were trying to diminish public interest

11
00:00:30,290 --> 00:00:27,300
in this topic and to to sort of minimize

12
00:00:32,510 --> 00:00:30,300
how important this issue is and the USS

13
00:00:33,950 --> 00:00:32,520

Russell is one of the examples that that

14

00:00:35,389 --> 00:00:33,960

got brought up by the way they also

15

00:00:36,950 --> 00:00:35,399

mentioned your name in the in the course

16

00:00:39,470 --> 00:00:36,960

of this the the chairman of this

17

00:00:40,729 --> 00:00:39,480

commission uh he mentions Corbell and I

18

00:00:42,290 --> 00:00:40,739

thought oh my God I'm never going to

19

00:00:43,850 --> 00:00:42,300

have it here at the end of this after he

20

00:00:46,610 --> 00:00:43,860

mentions your name on the in the public

21

00:00:50,090 --> 00:00:46,620

hearing and then they they they're asked

22

00:00:51,950 --> 00:00:50,100

Adam Schiff uh congressman from

23

00:00:54,470 --> 00:00:51,960

California asks a very pointed question

24

00:00:56,510 --> 00:00:54,480

from this guy Scott Bray who had kind of

25

00:00:58,430 --> 00:00:56,520

breezed over these things oh yeah the

26

00:01:01,610 --> 00:00:58,440

USS Russell is the pyramid stuff it's

27

00:01:05,690 --> 00:01:01,620

just a a trick of the the lens from the

28

00:01:08,149 --> 00:01:05,700

the um night vision Scott Ray says after

29

00:01:10,789 --> 00:01:08,159

Adam Schiff asks him a question so have

30

00:01:13,070 --> 00:01:10,799

you done your own tests and studies to

31

00:01:15,289 --> 00:01:13,080

figure out if that that pyramid effect

32

00:01:16,370 --> 00:01:15,299

can be duplicated and Scott Bray's

33

00:01:19,310 --> 00:01:16,380

answer was

34

00:01:21,469 --> 00:01:19,320

um the UAP task force is aware of

35

00:01:24,410 --> 00:01:21,479

studies that have done that which is a

36

00:01:27,410 --> 00:01:24,420

very lawyerly sort of a weasily language

37

00:01:28,910 --> 00:01:27,420

way to avoid the question we're aware of

38

00:01:30,469 --> 00:01:28,920

studies that have been done it doesn't

39
00:01:32,810 --> 00:01:30,479
say we've done them doesn't say the Navy

40
00:01:35,149 --> 00:01:32,820
did them or and it doesn't say we did

41
00:01:37,190 --> 00:01:35,159
studies after the UAP task force to

42
00:01:40,190 --> 00:01:37,200
discredit this because there was no

43
00:01:42,230 --> 00:01:40,200
organization the new organization arrow

44
00:01:44,270 --> 00:01:42,240
that was called aimsog for a while

45
00:01:46,969 --> 00:01:44,280
didn't exist it had no director it had

46
00:01:49,149 --> 00:01:46,979
no staff so them trying to dismiss these

47
00:01:52,069 --> 00:01:49,159
cases including the Russell in Omaha

48
00:01:53,690 --> 00:01:52,079
with One Sweep of their hand was an

49
00:01:55,249 --> 00:01:53,700
indication of what we're going to see in

50
00:01:57,410 --> 00:01:55,259
the future I think of the Pentagon they

51
00:01:59,090 --> 00:01:57,420
want this to go away they want media to

52
00:02:01,249 --> 00:01:59,100
stop asking questions they want the

53
00:02:02,630 --> 00:02:01,259
public to stop demanding answers and

54
00:02:04,370 --> 00:02:02,640
they're going to try to minimize it

55
00:02:06,109 --> 00:02:04,380
every step of the way we've we've

56
00:02:08,689 --> 00:02:06,119
certainly seen the pressure put on

57
00:02:11,330 --> 00:02:08,699
people to not be poking around
