

1
00:00:00,900 --> 00:00:05,210
and this is weapons

2
00:00:09,530 --> 00:00:07,550
you know five years we've seen such a

3
00:00:11,930 --> 00:00:09,540
dramatic change in how the topic is

4
00:00:14,209 --> 00:00:11,940
regarded by mainstream media Congress is

5
00:00:16,670 --> 00:00:14,219
looking at it the public is energized I

6
00:00:18,230 --> 00:00:16,680
mean it's an amazing about face and

7
00:00:20,929 --> 00:00:18,240
transformation of events I never thought

8
00:00:23,090 --> 00:00:20,939
I would see but I'm curious you know in

9
00:00:25,490 --> 00:00:23,100
private conversations you've told us the

10
00:00:27,410 --> 00:00:25,500
Navy is global it's a big place sure but

11
00:00:29,689 --> 00:00:27,420
it's also a small place so can you give

12
00:00:31,970 --> 00:00:29,699
us a sense of during these five years of

13
00:00:34,690 --> 00:00:31,980

tumultuous change and so much public

14

00:00:37,610 --> 00:00:34,700

attention on the UFO issue and questions

15

00:00:39,830 --> 00:00:37,620

is it discussed among your colleagues is

16

00:00:41,810 --> 00:00:39,840

it something that's a kind of a you talk

17

00:00:43,310 --> 00:00:41,820

about on a regular basis right well it

18

00:00:45,530 --> 00:00:43,320

is and it isn't you know it kind of just

19

00:00:47,569 --> 00:00:45,540

depends on who you talk to you know all

20

00:00:49,729 --> 00:00:47,579

my buddies sure I'm the fox Mulder of

21

00:00:51,410 --> 00:00:49,739

you know of the Squadron you know so you

22

00:00:53,810 --> 00:00:51,420

know oh UFO stuff you know talk to guts

23

00:00:56,209 --> 00:00:53,820

you know but it is and it isn't

24

00:00:59,510 --> 00:00:56,219

um certainly you know 2017 was a big

25

00:01:00,830 --> 00:00:59,520

year uh when when someone like Commander

26
00:01:03,310 --> 00:01:00,840
fraver comes out and shares his story

27
00:01:05,570 --> 00:01:03,320
that's a big deal it's a really big deal

28
00:01:07,070 --> 00:01:05,580
someone like Chad Underwood you've

29
00:01:08,750 --> 00:01:07,080
talked to when they come out and provide

30
00:01:10,910 --> 00:01:08,760
there so it's a big deal Ryan Grace

31
00:01:13,370 --> 00:01:10,920
people that don't know about this stuff

32
00:01:15,890 --> 00:01:13,380
right so you're talking about Commander

33
00:01:18,050 --> 00:01:15,900
um David fraver Commander Chad Underwood

34
00:01:19,550 --> 00:01:18,060
Commander David fraver was the guy that

35
00:01:21,950 --> 00:01:19,560
chased a UFO for the United States

36
00:01:23,990 --> 00:01:21,960
military famously called the Tic Tac UFO

37
00:01:25,249 --> 00:01:24,000
incident which is now famous because the

38
00:01:27,410 --> 00:01:25,259

New York Times and everything the

39

00:01:29,090 --> 00:01:27,420

interviews George and I did sure on with

40

00:01:30,710 --> 00:01:29,100

Dave fraver and also with Commander

41

00:01:32,690 --> 00:01:30,720

Underwood he's the guy that filmed the

42

00:01:34,670 --> 00:01:32,700

Tic Tac UFO so we have witness report

43

00:01:36,890 --> 00:01:34,680

from a pilot who's head of the Black

44

00:01:40,310 --> 00:01:36,900

Aces then you got somebody who he sends

45

00:01:41,870 --> 00:01:40,320

out to film this UFO and he films and if

46

00:01:43,730 --> 00:01:41,880

we're putting it's put out to the world

47

00:01:45,710 --> 00:01:43,740

yeah so people that don't know if that's

48

00:01:48,050 --> 00:01:45,720

what we're talking about you saw that

49

00:01:49,429 --> 00:01:48,060

and you were like what actually when I

50

00:01:51,710 --> 00:01:49,439

first told you I was talking with the

51
00:01:52,850 --> 00:01:51,720
Navy commander who chased the UFO what

52
00:01:55,069 --> 00:01:52,860
was your reaction that was it's

53
00:01:56,810 --> 00:01:55,079
total I didn't I didn't uh

54
00:01:58,609 --> 00:01:56,820
didn't know I didn't believe you man you

55
00:02:00,530 --> 00:01:58,619
know and again that kind of goes back to

56
00:02:01,969 --> 00:02:00,540
the whole you know sort and wheat from

57
00:02:03,889 --> 00:02:01,979
you got to have a good BS meter you know

58
00:02:05,810 --> 00:02:03,899
I don't I don't have to tell you that uh

59
00:02:07,550 --> 00:02:05,820
you really got to have a good biasm with

60
00:02:10,249 --> 00:02:07,560
all this stuff when you first mentioned

61
00:02:12,530 --> 00:02:10,259
that you had somebody uh of the status

62
00:02:14,030 --> 00:02:12,540
of Commander favor

63
00:02:15,170 --> 00:02:14,040

um I didn't believe it you know that's

64

00:02:16,790 --> 00:02:15,180

too good to be true it's a perfect

65

00:02:19,309 --> 00:02:16,800

witness you know when you think about it

66

00:02:21,589 --> 00:02:19,319

wow well and like I've told you before

67

00:02:23,449 --> 00:02:21,599

you know privately I wish people I wish

68

00:02:25,369 --> 00:02:23,459

the general public more inherently

69

00:02:27,050 --> 00:02:25,379

understood the quality of the caliber of

70

00:02:29,330 --> 00:02:27,060

witness the quality of witness that a

71

00:02:32,270 --> 00:02:29,340

guy like Commander favor is why

72

00:02:34,610 --> 00:02:32,280

number one uh he's an aviator so I got a

73

00:02:37,250 --> 00:02:34,620

you know buy a store towards that but uh

74

00:02:39,530 --> 00:02:37,260

no listen he's a jet jock he's a he is

75

00:02:40,790 --> 00:02:39,540

as close to the real life Maverick Tom

76

00:02:43,070 --> 00:02:40,800

Cruise that you're gonna get in real

77

00:02:45,170 --> 00:02:43,080

life okay he's the CEO of his own

78

00:02:47,690 --> 00:02:45,180

Squadron which again in our world yeah

79

00:02:49,910 --> 00:02:47,700

there's no one above that the Black Aces

80

00:02:53,449 --> 00:02:49,920

you know uh uh

81

00:02:55,369 --> 00:02:53,459

uh a you know jet Squadron that deploys

82

00:02:57,530 --> 00:02:55,379

around the world he's the CEO of that

83

00:03:00,350 --> 00:02:57,540

Squadron he's a Naval Academy graduate

84

00:03:02,150 --> 00:03:00,360

he's a Top Gun graduate

85

00:03:04,309 --> 00:03:02,160

um I believe was an instructor don't

86

00:03:06,229 --> 00:03:04,319

quote me on that but again this is

87

00:03:07,850 --> 00:03:06,239

somebody that when they speak people

88

00:03:09,949 --> 00:03:07,860

should listen you know and take what

89

00:03:11,990 --> 00:03:09,959

they're saying seriously

90

00:03:14,210 --> 00:03:12,000

um and so

91

00:03:16,550 --> 00:03:14,220

do people talk about it yeah but it's

92

00:03:18,050 --> 00:03:16,560

not it's not prolific you know uh there

93

00:03:20,330 --> 00:03:18,060

were you know even today you'll come

94

00:03:21,589 --> 00:03:20,340

across folks in active duty folks you

95

00:03:23,330 --> 00:03:21,599

ever heard of commander fraver and God

96

00:03:24,949 --> 00:03:23,340

know who's that I go how the hell do you

97

00:03:26,990 --> 00:03:24,959

not know about that you know so no we

98

00:03:29,570 --> 00:03:27,000

look at we we do talk

99

00:03:30,949 --> 00:03:29,580

um it's not a at least my perspective is

100

00:03:32,630 --> 00:03:30,959

it's not a it's not a dirty little

101
00:03:34,729 --> 00:03:32,640
secret or anything like that if people

102
00:03:36,710 --> 00:03:34,739
want to talk about it they talk about it

103
00:03:39,290 --> 00:03:36,720
um which is great because you know

104
00:03:40,729 --> 00:03:39,300
another reason why you know I would

105
00:03:42,229 --> 00:03:40,739
agree to come on do something like this

106
00:03:44,210 --> 00:03:42,239
you know there's stigma with this stuff

107
00:03:45,110 --> 00:03:44,220
you know there's been a stigma for a

108
00:03:47,570 --> 00:03:45,120
long time

109
00:03:49,670 --> 00:03:47,580
and I think I think we're turning a

110
00:03:51,350 --> 00:03:49,680
corner it feels like it uh but there's

111
00:03:53,330 --> 00:03:51,360
still a lot of work to be done how does

112
00:03:55,670 --> 00:03:53,340
that show up in in your kind of line of

113
00:03:58,250 --> 00:03:55,680

work how does the stigma to unidentified

114

00:04:00,770 --> 00:03:58,260

fly on objects and Pilots you know

115

00:04:02,210 --> 00:04:00,780

having to deal with that near misses

116

00:04:04,789 --> 00:04:02,220

um you know should we engage it should

117

00:04:06,589 --> 00:04:04,799

we not how do how does stigma show up in

118

00:04:09,289 --> 00:04:06,599

your field well the way it comes up is

119

00:04:10,309 --> 00:04:09,299

you know it's it's kind of those that

120

00:04:12,649 --> 00:04:10,319

have had an experience and those who

121

00:04:14,390 --> 00:04:12,659

haven't right for the guys that have run

122

00:04:16,009 --> 00:04:14,400

into the stuff on a daily basis for them

123

00:04:18,289 --> 00:04:16,019

it's real and they have and they have

124

00:04:20,330 --> 00:04:18,299

you know that's a fact Pilots are

125

00:04:22,069 --> 00:04:20,340

running into unidentified flying objects

126

00:04:23,990 --> 00:04:22,079

on a daily basis they're seeing them

127

00:04:25,909 --> 00:04:24,000

picking them up on radar that's a fact

128

00:04:29,210 --> 00:04:25,919

okay uh

129

00:04:31,430 --> 00:04:29,220

for them it's real and stigma be damned

130

00:04:33,590 --> 00:04:31,440

because you can't tell a guy something

131

00:04:35,810 --> 00:04:33,600

that just flew by your cockpit at you

132

00:04:38,210 --> 00:04:35,820

know you know 50 feet away from from you

133

00:04:39,469 --> 00:04:38,220

you can't deny that

134

00:04:41,270 --> 00:04:39,479

um the way the stigma shows up is for

135

00:04:43,370 --> 00:04:41,280

those who haven't who aren't interested

136

00:04:45,650 --> 00:04:43,380

in this stuff who don't understand the

137

00:04:47,330 --> 00:04:45,660

aviation safety aspects associated with

138

00:04:49,909 --> 00:04:47,340

UAP

139

00:04:51,290 --> 00:04:49,919

um and so that's kind of where why I

140

00:04:53,090 --> 00:04:51,300

classify it that way those that have had

141

00:04:54,110 --> 00:04:53,100

experiences and those who haven't and

142

00:04:55,850 --> 00:04:54,120

for those who haven't you know it's just

143

00:04:58,969 --> 00:04:55,860

hard for them to wrap their mind around

144

00:05:01,370 --> 00:04:58,979

it you know it's still a big mystery we

145

00:05:03,890 --> 00:05:01,380

don't know what this stuff is 2017

146

00:05:06,350 --> 00:05:03,900

Jeremy and I uh were able to break the

147

00:05:08,210 --> 00:05:06,360

story of the TIC tag twice on Coast to

148

00:05:10,189 --> 00:05:08,220

Coast months before it came out in the

149

00:05:12,530 --> 00:05:10,199

New York Times and because of how Jeremy

150

00:05:15,170 --> 00:05:12,540

treated a commander fraber with respect

151

00:05:17,150 --> 00:05:15,180

that word gets around it it helps

152

00:05:19,670 --> 00:05:17,160

cultivate other sources sure and has

153

00:05:21,230 --> 00:05:19,680

serve both of us really well when that

154

00:05:23,029 --> 00:05:21,240

story comes out though it leads to

155

00:05:24,950 --> 00:05:23,039

changes in the Navy I mean the Navy

156

00:05:26,570 --> 00:05:24,960

comes out and says we want to make it

157

00:05:28,310 --> 00:05:26,580

easier for our aviators and other

158

00:05:29,749 --> 00:05:28,320

service members to go ahead and report

159

00:05:32,029 --> 00:05:29,759

this stuff when it happens so that

160

00:05:33,770 --> 00:05:32,039

there's no Stigma less stigma attached

161

00:05:36,950 --> 00:05:33,780

it's not going to hurt your career the

162

00:05:38,570 --> 00:05:36,960

lab the Navy has led the charge I mean I

163

00:05:40,790 --> 00:05:38,580

want to know if this is a source of

164

00:05:42,230 --> 00:05:40,800

Pride for you when you compare it to say

165

00:05:43,909 --> 00:05:42,240

the Air Force which I'll just say it

166

00:05:45,529 --> 00:05:43,919

they're flat out dragging their butts on

167

00:05:48,290 --> 00:05:45,539

this stuff they've been uncooperative

168

00:05:50,210 --> 00:05:48,300

with congress with the UAP task force

169

00:05:51,590 --> 00:05:50,220

you know that they're sitting on a big

170

00:05:53,450 --> 00:05:51,600

pile of information that they're not

171

00:05:56,029 --> 00:05:53,460

sharing and if they'll have to be drag

172

00:05:58,490 --> 00:05:56,039

Kicking and Screaming the Navy at least

173

00:05:59,990 --> 00:05:58,500

ostensibly is much more Cooperative are

174

00:06:02,330 --> 00:06:00,000

you proud of that the Navy doing that

175

00:06:03,469 --> 00:06:02,340

without question you know I I uh you

176
00:06:05,510 --> 00:06:03,479
know obviously yeah I'm biased towards

177
00:06:07,310 --> 00:06:05,520
the naval service but I am proud you

178
00:06:11,029 --> 00:06:07,320
know that I'm proud of the way that

179
00:06:13,189 --> 00:06:11,039
we've we've tried to uh tackle this

180
00:06:14,770 --> 00:06:13,199
topic because there's a real concern out

181
00:06:17,270 --> 00:06:14,780
there you know we got guys in the air

182
00:06:19,129 --> 00:06:17,280
coming across things that we that we

183
00:06:21,170 --> 00:06:19,139
that we don't know what they are and the

184
00:06:22,610 --> 00:06:21,180
risk for a near mid-air Collision or God

185
00:06:24,890 --> 00:06:22,620
forbid an actual midair Collision I mean

186
00:06:27,170 --> 00:06:24,900
it's there it's really there and the

187
00:06:28,490 --> 00:06:27,180
fact the Navy has tried to implement uh

188
00:06:30,170 --> 00:06:28,500

you know maybe easier reporting

189

00:06:32,749 --> 00:06:30,180

procedures or guidelines to make it okay

190

00:06:34,490 --> 00:06:32,759

for Pilots not to be afraid to to say

191

00:06:35,870 --> 00:06:34,500

Hey you know I saw this thing I don't

192

00:06:38,510 --> 00:06:35,880

know what it is but I almost I almost

193

00:06:40,850 --> 00:06:38,520

hit it have you seen that change I mean

194

00:06:42,110 --> 00:06:40,860

now is it easier to report UFOs because

195

00:06:44,090 --> 00:06:42,120

I remember when we were looking to

196

00:06:45,770 --> 00:06:44,100

Winners one of the new Commandments

197

00:06:47,510 --> 00:06:45,780

coming down on like how to report this

198

00:06:49,309 --> 00:06:47,520

you know and and from personal

199

00:06:51,290 --> 00:06:49,319

experience you know from my perspective

200

00:06:52,790 --> 00:06:51,300

as a Helo guy

201
00:06:55,189 --> 00:06:52,800
um we I don't think it trickled down to

202
00:06:57,110 --> 00:06:55,199
our level necessarily because maybe it

203
00:06:59,270 --> 00:06:57,120
wasn't you know we weren't necessarily

204
00:07:00,650 --> 00:06:59,280
the type of platform that was

205
00:07:02,510 --> 00:07:00,660
encountering the stuff on a daily basis

206
00:07:04,909 --> 00:07:02,520
but again if you talk to guys on the

207
00:07:07,550 --> 00:07:04,919
East Coast based out of Oceana certainly

208
00:07:08,870 --> 00:07:07,560
uh the the

209
00:07:10,370 --> 00:07:08,880
um the Paradigm and shifted for guys

210
00:07:12,770 --> 00:07:10,380
like that for sure and you've directly

211
00:07:14,450 --> 00:07:12,780
talked about it absolutely absolutely uh

212
00:07:16,909 --> 00:07:14,460
so yeah for guys like them it was

213
00:07:19,070 --> 00:07:16,919

definitely a noticeable change was it

214

00:07:19,790 --> 00:07:19,080

fleet-wide I I can't speak to that you

215

00:07:21,350 --> 00:07:19,800

know

216

00:07:22,490 --> 00:07:21,360

um I don't really have have an opinion

217

00:07:24,230 --> 00:07:22,500

on that

218

00:07:26,629 --> 00:07:24,240

um but the fact that like like you said

219

00:07:27,950 --> 00:07:26,639

George the fact that uh the Navy did at

220

00:07:30,230 --> 00:07:27,960

least seem to be taking the lead on

221

00:07:33,290 --> 00:07:30,240

absolutely it's a point of Pride for me

222

00:07:35,749 --> 00:07:33,300

um you know I won't I won't uh I won't

223

00:07:37,969 --> 00:07:35,759

bash my my other uh brothers and sisters

224

00:07:40,010 --> 00:07:37,979

in the other services but uh you know I

225

00:07:41,330 --> 00:07:40,020

can't speak to what what their plans are

226

00:07:43,189 --> 00:07:41,340

what their intentions are with all this

227

00:07:46,370 --> 00:07:43,199

stuff but there's some there have been

228

00:07:47,990 --> 00:07:46,380

some glaring uh silences if I can

229

00:07:49,129 --> 00:07:48,000

classify it that way from from other

230

00:07:51,529 --> 00:07:49,139

services that it kind of makes you

231

00:07:53,390 --> 00:07:51,539

scratch your head because I'm this is

232

00:07:54,830 --> 00:07:53,400

not only a Navy thing it's not only an

233

00:07:56,089 --> 00:07:54,840

East Coast thing it's not only a West

234

00:07:58,730 --> 00:07:56,099

Coast thing

235

00:08:01,070 --> 00:07:58,740

um right it's worldwide people are

236

00:08:03,290 --> 00:08:01,080

seeing this stuff uh everywhere you know

237

00:08:05,990 --> 00:08:03,300

so you have you have direct knowledge

238

00:08:10,730 --> 00:08:08,150

unidentified craft

239

00:08:12,830 --> 00:08:10,740

that don't seem to have the typical what

240

00:08:15,890 --> 00:08:12,840

we'd call propulsion right what we what

241

00:08:18,409 --> 00:08:15,900

we'd see rotors wash sure plumes he heat

242

00:08:21,890 --> 00:08:18,419

signatures that these are being

243

00:08:23,749 --> 00:08:21,900

encountered by our we'll just say uh you

244

00:08:24,409 --> 00:08:23,759

know Department of Defense we'll say our

245

00:08:26,029 --> 00:08:24,419

um

246

00:08:27,290 --> 00:08:26,039

all branches of the military that are

247

00:08:28,309 --> 00:08:27,300

that are in the air doing this they're

248

00:08:29,809 --> 00:08:28,319

being encountered they're encountering

249

00:08:31,670 --> 00:08:29,819

these things that we don't know whose

250

00:08:33,769 --> 00:08:31,680

they are we don't know who operates them

251
00:08:35,870 --> 00:08:33,779
we don't know their intent I mean that

252
00:08:37,310 --> 00:08:35,880
is you were saying that right yeah I

253
00:08:39,529 --> 00:08:37,320
mean that's that's that's my opinion

254
00:08:41,690 --> 00:08:39,539
yeah again I'm not I'm not speaking on

255
00:08:44,089 --> 00:08:41,700
behalf of the dod or the service in any

256
00:08:46,130 --> 00:08:44,099
way but uh no I mean my yeah I mean if

257
00:08:48,230 --> 00:08:46,140
you're asking me in my opinion uh

258
00:08:51,530 --> 00:08:48,240
absolutely that would seem important to

259
00:08:53,210 --> 00:08:51,540
me that our defense you know systems as

260
00:08:55,130 --> 00:08:53,220
my perspective is that that seems

261
00:08:56,810 --> 00:08:55,140
important to me that our our defense we

262
00:08:59,090 --> 00:08:56,820
should know whose Vehicles these are

263
00:09:00,170 --> 00:08:59,100

absolutely look you know at the end of

264

00:09:01,130 --> 00:09:00,180

the day

265

00:09:03,829 --> 00:09:01,140

um

266

00:09:05,810 --> 00:09:03,839

the profession of arms is to defend you

267

00:09:07,970 --> 00:09:05,820

know the country yeah and and to defend

268

00:09:09,410 --> 00:09:07,980

our allies around the world and if we're

269

00:09:11,990 --> 00:09:09,420

coming across of that we don't know what

270

00:09:13,670 --> 00:09:12,000

it is uh you know we we want to know

271

00:09:15,290 --> 00:09:13,680

what that is you know I've heard there's

272

00:09:17,449 --> 00:09:15,300

been some criticism in the media over

273

00:09:19,790 --> 00:09:17,459

the years about you know

274

00:09:23,210 --> 00:09:19,800

um this threat narrative you know well

275

00:09:25,970 --> 00:09:23,220

I'm sorry but you can't blame a guy uh

276

00:09:27,710 --> 00:09:25,980

whose job it is is to assess threats and

277

00:09:29,090 --> 00:09:27,720

take care of them I mean that's our job

278

00:09:30,829 --> 00:09:29,100

you know explain that a little bit more

279

00:09:33,530 --> 00:09:30,839

for people that are totally new to this

280

00:09:35,030 --> 00:09:33,540

is that the threat narrative so the idea

281

00:09:36,470 --> 00:09:35,040

that there are you have the idea that

282

00:09:38,990 --> 00:09:36,480

the idea that you know they're

283

00:09:40,370 --> 00:09:39,000

unidentified objects sure and what's the

284

00:09:41,870 --> 00:09:40,380

threat narrative what is that you're

285

00:09:43,850 --> 00:09:41,880

talking well the threat narrative being

286

00:09:45,889 --> 00:09:43,860

that you know a lot of the language that

287

00:09:48,889 --> 00:09:45,899

some people have used uh when talking

288

00:09:52,850 --> 00:09:48,899

about uh UAP or unidentified as you know

289

00:09:54,170 --> 00:09:52,860

for example that uh atip right Advanced

290

00:09:55,850 --> 00:09:54,180

Aerospace identification program

291

00:09:57,769 --> 00:09:55,860

Advanced Aerospace threat identification

292

00:10:00,170 --> 00:09:57,779

right the word threat is in the is in

293

00:10:01,670 --> 00:10:00,180

the title of the program right and and

294

00:10:02,990 --> 00:10:01,680

there were people that had some problems

295

00:10:04,070 --> 00:10:03,000

with the iterations why why are they

296

00:10:05,990 --> 00:10:04,080

looking at this as a threat we don't

297

00:10:07,790 --> 00:10:06,000

know what they are well again from the

298

00:10:09,889 --> 00:10:07,800

perspective of the profession of Arms

299

00:10:10,730 --> 00:10:09,899

from the perspective of the defense and

300

00:10:13,070 --> 00:10:10,740

the national interests of the United

301

00:10:14,269 --> 00:10:13,080

States unless you know what you're

302

00:10:16,490 --> 00:10:14,279

dealing with you kind of have to

303

00:10:18,050 --> 00:10:16,500

unfortunately it's a again just my

304

00:10:19,670 --> 00:10:18,060

opinion here it's a default position

305

00:10:21,590 --> 00:10:19,680

that you kind of have to take because at

306

00:10:23,509 --> 00:10:21,600

the end of the day we don't know what

307

00:10:25,250 --> 00:10:23,519

we're dealing with you know

308

00:10:26,690 --> 00:10:25,260

um so I think that's why I don't know if

309

00:10:28,670 --> 00:10:26,700

that answers yeah I mean so you've got

310

00:10:30,590 --> 00:10:28,680

the one perspective which is that from

311

00:10:32,269 --> 00:10:30,600

from a National Defense position we

312

00:10:34,130 --> 00:10:32,279

should know who's making these objects

313

00:10:35,870 --> 00:10:34,140

who's fine and what the intent is if we

314

00:10:37,250 --> 00:10:35,880

don't know we better find out and then

315

00:10:38,930 --> 00:10:37,260

you know from another perspective it's a

316

00:10:41,329 --> 00:10:38,940

flight safety issue you've got these

317

00:10:43,009 --> 00:10:41,339

objects and people every day there have

318

00:10:43,970 --> 00:10:43,019

been some near-misses

319

00:10:45,350 --> 00:10:43,980

um and then there's the bigger

320

00:10:47,329 --> 00:10:45,360

existential questions that come after

321

00:10:48,949 --> 00:10:47,339

that another narrative about the UFO

322

00:10:51,710 --> 00:10:48,959

phenomenon has been here for so long

323

00:10:53,690 --> 00:10:51,720

maybe we're just seeing them more

324

00:10:55,550 --> 00:10:53,700

because our technology and our radar

325

00:10:58,430 --> 00:10:55,560

systems are integrated we have better

326

00:11:00,110 --> 00:10:58,440

camera systems better Radars maybe it's

327

00:11:01,850 --> 00:11:00,120

always been here and we're just you know

328

00:11:04,069 --> 00:11:01,860

the idea that there's an increase in

329

00:11:05,750 --> 00:11:04,079

frequency it appears that way to us but

330

00:11:07,430 --> 00:11:05,760

we don't know for certain right right

331

00:11:09,530 --> 00:11:07,440

because maybe they've always been there

332

00:11:10,770 --> 00:11:09,540

and we're just seeing them more who
