

1
00:00:05,990 --> 00:00:04,190
and this is weapons

2
00:00:07,249 --> 00:00:06,000
what I think now is with the Paul

3
00:00:09,470 --> 00:00:07,259
Hamilton

4
00:00:12,410 --> 00:00:09,480
Let's uh let's talk about this ship it

5
00:00:14,270 --> 00:00:12,420
hasn't gotten a lot of attention uh and

6
00:00:17,930 --> 00:00:14,280
this was one of the 10 ships that was

7
00:00:19,130 --> 00:00:17,940
part of this 2019 swarm and very

8
00:00:21,349 --> 00:00:19,140
uniquely

9
00:00:24,470 --> 00:00:21,359
the Paul Hamilton was in closest

10
00:00:28,130 --> 00:00:24,480
proximity to a ship called the Bass

11
00:00:32,150 --> 00:00:28,140
Strait which is a cargo ship uh that's

12
00:00:33,770 --> 00:00:32,160
run by a Pacific Basin and what's I want

13
00:00:35,810 --> 00:00:33,780

to start with an image that comes up

14

00:00:38,569 --> 00:00:35,820

about what the media has said right

15

00:00:40,130 --> 00:00:38,579

which is that case has been solved so

16

00:00:42,290 --> 00:00:40,140

Zach can we bring up the first image

17

00:00:44,630 --> 00:00:42,300

from New York Post they're horrible

18

00:00:46,610 --> 00:00:44,640

disingenuous ridiculous parroted

19

00:00:48,529 --> 00:00:46,620

reporting of an untruth because you're

20

00:00:51,350 --> 00:00:48,539

about to see it so if people can see

21

00:00:56,090 --> 00:00:51,360

that mysterious drone attacks on U.S

22

00:00:58,490 --> 00:00:56,100

warships solved I don't agree with that

23

00:01:00,229 --> 00:00:58,500

assessment and let's get to specifically

24

00:01:03,110 --> 00:01:00,239

why but to tell you what that's saying

25

00:01:05,690 --> 00:01:03,120

so there was a cargo ship that was right

26

00:01:09,530 --> 00:01:05,700

by the Paul Hamilton and it has been

27

00:01:12,050 --> 00:01:09,540

propagated this mythology that the these

28

00:01:14,690 --> 00:01:12,060

hundred plus drones within a hundred

29

00:01:17,750 --> 00:01:14,700

mile radius were launched from and

30

00:01:20,390 --> 00:01:17,760

landed back to this ship called the Bass

31

00:01:22,550 --> 00:01:20,400

Strait in fact it's propagated so much

32

00:01:24,530 --> 00:01:22,560

you can even find it on Wikipedia now if

33

00:01:26,090 --> 00:01:24,540

you pull up the wikipedias ACT it's like

34

00:01:28,550 --> 00:01:26,100

it's already you know just okay

35

00:01:30,830 --> 00:01:28,560

Wikipedia there we go just go ahead and

36

00:01:33,289 --> 00:01:30,840

read it Pacific Basin is the owner and

37

00:01:35,749 --> 00:01:33,299

operator of Bass Strait a cargo ship

38

00:01:37,810 --> 00:01:35,759

that launched a series of drones that

39

00:01:40,490 --> 00:01:37,820

surveilled and harassed U.S Navy ships

40

00:01:42,830 --> 00:01:40,500

including the USS Paul Hamilton and the

41

00:01:45,170 --> 00:01:42,840

Waters of Southern California in 2019.

42

00:01:46,789 --> 00:01:45,180

no equivocation it is the ship that

43

00:01:48,230 --> 00:01:46,799

launched these drones yeah so let's get

44

00:01:50,450 --> 00:01:48,240

that garbage off the screen because it's

45

00:01:52,310 --> 00:01:50,460

false okay so but here's the deal man

46

00:01:54,770 --> 00:01:52,320

the reason why you find it trickle down

47

00:01:57,050 --> 00:01:54,780

to wake Wikipedia is because this has

48

00:01:59,090 --> 00:01:57,060

been a false narrative that has been

49

00:02:00,830 --> 00:01:59,100

propagated by you know subpar

50

00:02:02,870 --> 00:02:00,840

journalists and subpar journalism

51
00:02:05,149 --> 00:02:02,880
sources and they try to trickle it down

52
00:02:07,310 --> 00:02:05,159
all the way now someone just reads that

53
00:02:10,309 --> 00:02:07,320
they're like oh great case solved so

54
00:02:11,510 --> 00:02:10,319
let's back the up okay Paul

55
00:02:14,270 --> 00:02:11,520
Hamilton

56
00:02:15,949 --> 00:02:14,280
so I think what we should do is we

57
00:02:17,390 --> 00:02:15,959
should we have two witnesses that were

58
00:02:18,949 --> 00:02:17,400
willing to put their voice out there

59
00:02:20,510 --> 00:02:18,959
sure and you can affirm that they are

60
00:02:21,410 --> 00:02:20,520
actually no these are guys that I I know

61
00:02:23,449 --> 00:02:21,420
personally

62
00:02:25,610 --> 00:02:23,459
um one of them I work with every day oh

63
00:02:27,830 --> 00:02:25,620

wow yeah okay there we go guys that I'm

64

00:02:31,190 --> 00:02:27,840

very familiar with okay yeah so yeah

65

00:02:33,290 --> 00:02:31,200

it's funny man i i people are happy to

66

00:02:35,210 --> 00:02:33,300

to to share on the level that they can

67

00:02:37,070 --> 00:02:35,220

about these experiences so I'm going to

68

00:02:39,290 --> 00:02:37,080

play I think an audio clip would be good

69

00:02:40,729 --> 00:02:39,300

for not using the names though right no

70

00:02:44,089 --> 00:02:40,739

no no okay

71

00:02:47,330 --> 00:02:44,099

no way um so this is

72

00:02:49,070 --> 00:02:47,340

Paul Hamilton 10 ships 2019 swarm

73

00:02:50,809 --> 00:02:49,080

individuals that were there two of them

74

00:02:54,530 --> 00:02:50,819

want to get their perspective on a few

75

00:02:56,930 --> 00:02:54,540

things so first was you know asking is

76

00:02:59,089 --> 00:02:56,940

this a test was this just some U.S

77

00:03:01,190 --> 00:02:59,099

government test you know during workups

78

00:03:02,869 --> 00:03:01,200

right and we'll just listen to it and

79

00:03:04,790 --> 00:03:02,879

talk about it after

80

00:03:07,070 --> 00:03:04,800

what did you think was going on during

81

00:03:08,390 --> 00:03:07,080

this encounter series did you think this

82

00:03:10,309 --> 00:03:08,400

was a test

83

00:03:12,350 --> 00:03:10,319

so like we didn't really think anything

84

00:03:15,110 --> 00:03:12,360

of it other than

85

00:03:18,290 --> 00:03:15,120

that it was like the people testing us

86

00:03:20,030 --> 00:03:18,300

like purposefully send out drones to go

87

00:03:22,910 --> 00:03:20,040

harassment so it's like the most

88

00:03:24,170 --> 00:03:22,920

high-end technology following us and

89

00:03:25,850 --> 00:03:24,180

then after the first night that was

90

00:03:27,710 --> 00:03:25,860

pretty apparent that it wasn't but like

91

00:03:30,649 --> 00:03:27,720

at the same time it's like hey you need

92

00:03:33,290 --> 00:03:30,659

to track this more closely you need to

93

00:03:35,509 --> 00:03:33,300

follow and see where they go afterwards

94

00:03:38,330 --> 00:03:35,519

isn't it typical though if that were the

95

00:03:39,770 --> 00:03:38,340

scenario and you were being tested at

96

00:03:42,110 --> 00:03:39,780

some point afterwards you would be made

97

00:03:43,910 --> 00:03:42,120

aware that you were being tested and

98

00:03:47,690 --> 00:03:43,920

whether or not you passed or didn't pass

99

00:03:50,809 --> 00:03:47,700

the test yeah and that never happened no

100

00:03:52,309 --> 00:03:50,819

no because like it wasn't a test unless

101
00:03:54,170 --> 00:03:52,319
there's like a secret at like the

102
00:03:57,530 --> 00:03:54,180
highest level and no one's told anyone

103
00:04:00,110 --> 00:03:57,540
that wasn't a testing spot but like the

104
00:04:02,690 --> 00:04:00,120
mindset at the time is test during SWAT

105
00:04:04,490 --> 00:04:02,700
but also looking back with like kind of

106
00:04:06,050 --> 00:04:04,500
a queer eye it's like that makes no

107
00:04:08,390 --> 00:04:06,060
sense to have a test that lasts that

108
00:04:10,429 --> 00:04:08,400
long at night after a really busy day

109
00:04:12,110 --> 00:04:10,439
when we're shooting like live ordinance

110
00:04:14,030 --> 00:04:12,120
during the day

111
00:04:16,310 --> 00:04:14,040
it would just get into the safety of

112
00:04:18,890 --> 00:04:16,320
like what we were doing and it wouldn't

113
00:04:21,650 --> 00:04:18,900

make any sense for them to do that

114

00:04:23,210 --> 00:04:21,660

so explain to us like you know so this

115

00:04:25,010 --> 00:04:23,220

is somebody that is saying he's saying

116

00:04:27,590 --> 00:04:25,020

it wasn't a test device it wasn't our

117

00:04:28,790 --> 00:04:27,600

Tech so explain that so so you know what

118

00:04:31,129 --> 00:04:28,800

you hear that individual talking about

119

00:04:32,810 --> 00:04:31,139

in the beginning is you know at at first

120

00:04:35,030 --> 00:04:32,820

that's kind of the Assumption everybody

121

00:04:36,350 --> 00:04:35,040

makes right yeah okay we're being tested

122

00:04:38,390 --> 00:04:36,360

you know they're sending out drones the

123

00:04:40,850 --> 00:04:38,400

tests are are different tactics and

124

00:04:41,930 --> 00:04:40,860

procedures to respond to this thing but

125

00:04:43,249 --> 00:04:41,940

then it starts happening night after

126

00:04:45,290 --> 00:04:43,259

night

127

00:04:48,110 --> 00:04:45,300

um it's happening at hours that are

128

00:04:49,189 --> 00:04:48,120

really really outside of the hours of

129

00:04:52,070 --> 00:04:49,199

testing if you want to call it that

130

00:04:53,990 --> 00:04:52,080

right because you got to remember uh

131

00:04:55,129 --> 00:04:54,000

these ships are participating in other

132

00:04:56,990 --> 00:04:55,139

training events throughout the entire

133

00:04:58,610 --> 00:04:57,000

day okay and shooting live ordinance you

134

00:04:59,990 --> 00:04:58,620

heard them talk about that and like told

135

00:05:02,390 --> 00:05:00,000

you before whenever we shoot live

136

00:05:04,249 --> 00:05:02,400

ordinance that's a big deal okay

137

00:05:06,230 --> 00:05:04,259

um certainly in in real world actions

138

00:05:08,150 --> 00:05:06,240

and but also in training you know

139

00:05:10,670 --> 00:05:08,160

um we don't we don't do that lightly and

140

00:05:13,909 --> 00:05:10,680

there's a lot that goes into that so the

141

00:05:16,850 --> 00:05:13,919

idea that we would be executing a high

142

00:05:20,749 --> 00:05:16,860

stress uh high-level event during the

143

00:05:22,550 --> 00:05:20,759

day and then to be tested uh with drone

144

00:05:23,930 --> 00:05:22,560

swarms in the middle not because you got

145

00:05:25,249 --> 00:05:23,940

to remember you got to put yourself in

146

00:05:28,129 --> 00:05:25,259

the mindset in the shoes of these guys

147

00:05:30,950 --> 00:05:28,139

back in 2019. this this is happening you

148

00:05:32,390 --> 00:05:30,960

know about 2200 to like zero three you

149

00:05:33,529 --> 00:05:32,400

know at night you know 10 o'clock at

150

00:05:35,689 --> 00:05:33,539

night till about two or three in the

151

00:05:37,909 --> 00:05:35,699

morning sometimes right

152

00:05:40,129 --> 00:05:37,919

um and I mean is it totally out of the

153

00:05:42,590 --> 00:05:40,139

question that that we would be tested at

154

00:05:43,909 --> 00:05:42,600

that time no but you have when you

155

00:05:46,430 --> 00:05:43,919

consider and you heard him so I'm glad

156

00:05:47,689 --> 00:05:46,440

you heard him say it safety right no

157

00:05:48,710 --> 00:05:47,699

matter what we're doing we're always

158

00:05:51,350 --> 00:05:48,720

gonna

159

00:05:53,450 --> 00:05:51,360

um operate with a certain level amount

160

00:05:55,310 --> 00:05:53,460

of safety precautions imbued into the

161

00:05:56,689 --> 00:05:55,320

into the training event so that we don't

162

00:05:58,610 --> 00:05:56,699

do something stupid or God probably get

163

00:06:00,950 --> 00:05:58,620

somebody hurt you know

164

00:06:03,710 --> 00:06:00,960

um so you heard him talk about that

165

00:06:06,050 --> 00:06:03,720

you heard him talk about how uh okay

166

00:06:07,730 --> 00:06:06,060

night one okay it's probably a test but

167

00:06:09,650 --> 00:06:07,740

then something that you heard him say

168

00:06:12,170 --> 00:06:09,660

was that

169

00:06:14,090 --> 00:06:12,180

higher folks higher up in the chain of

170

00:06:15,590 --> 00:06:14,100

command started asking hey start

171

00:06:18,409 --> 00:06:15,600

Gathering all the data that you can

172

00:06:21,830 --> 00:06:18,419

about this and feed it up okay

173

00:06:23,090 --> 00:06:21,840

uh if and who knows maybe it was a maybe

174

00:06:26,029 --> 00:06:23,100

it was a test of our information

175

00:06:28,070 --> 00:06:26,039

gathering capabilities but I I that is

176

00:06:29,450 --> 00:06:28,080

not something uh that would be typically

177

00:06:31,490 --> 00:06:29,460

done right there's much more important

178

00:06:32,870 --> 00:06:31,500

aspects of our tax and procedures that

179

00:06:34,249 --> 00:06:32,880

need to be tested not how information

180

00:06:36,230 --> 00:06:34,259

flows up and down the chain it can be

181

00:06:37,370 --> 00:06:36,240

that's easy you can easily put a report

182

00:06:40,249 --> 00:06:37,380

together and send it up to whoever it

183

00:06:42,770 --> 00:06:40,259

needs without it objects with no Point

184

00:06:45,469 --> 00:06:42,780

of Departure at land exactly so

185

00:06:47,809 --> 00:06:45,479

um night one sure maybe Knight two three

186

00:06:49,129 --> 00:06:47,819

four or whatever it is they realize okay

187

00:06:51,770 --> 00:06:49,139

this is real and there's something else

188

00:06:53,210 --> 00:06:51,780

going on here and oh by the way uh again

189

00:06:55,610 --> 00:06:53,220

folks hire in the chain of command are

190

00:06:56,990 --> 00:06:55,620

asking for us to stay on on this case

191

00:06:58,370 --> 00:06:57,000

you know

192

00:07:00,469 --> 00:06:58,380

um so

193

00:07:03,110 --> 00:07:00,479

so to put your point to go to your point

194

00:07:05,029 --> 00:07:03,120

there is that okay first we eliminate

195

00:07:06,710 --> 00:07:05,039

this was our technology and it was just

196

00:07:08,870 --> 00:07:06,720

a test it started becoming very apparent

197

00:07:10,909 --> 00:07:08,880

to everybody on the ships you know whoa

198

00:07:12,770 --> 00:07:10,919

this is this is real like we got to deal

199

00:07:14,629 --> 00:07:12,780

with this this is not just some you know

200

00:07:16,730 --> 00:07:14,639

even like a black projects test which by

201
00:07:18,770 --> 00:07:16,740
the way is not something you do like you

202
00:07:20,210 --> 00:07:18,780
know in that training area around but

203
00:07:22,129 --> 00:07:20,220
I've talked to people that have

204
00:07:23,689 --> 00:07:22,139
encountered black projects and there is

205
00:07:25,189 --> 00:07:23,699
a process oh there's there's a whole

206
00:07:28,309 --> 00:07:25,199
process tell us about it no uh

207
00:07:29,570 --> 00:07:28,319
absolutely look at um sure they're I

208
00:07:31,189 --> 00:07:29,580
haven't had this happening personally

209
00:07:33,230 --> 00:07:31,199
but I know of guys personally who have

210
00:07:35,029 --> 00:07:33,240
who have seen stuff they shouldn't have

211
00:07:37,430 --> 00:07:35,039
seen Amanda Underwood did there you go

212
00:07:39,170 --> 00:07:37,440
he has you know you come across

213
00:07:40,309 --> 00:07:39,180

something that you see that you're not

214

00:07:41,629 --> 00:07:40,319

supposed to see where you're going to

215

00:07:43,370 --> 00:07:41,639

get a call you know especially as an

216

00:07:45,409 --> 00:07:43,380

aviator you know you as soon as you land

217

00:07:46,670 --> 00:07:45,419

on deck and you start uh doing all the

218

00:07:48,890 --> 00:07:46,680

necessary paperwork required for any

219

00:07:50,450 --> 00:07:48,900

flight anyway you're also going to get a

220

00:07:52,249 --> 00:07:50,460

call from the appropriate intelligence

221

00:07:54,409 --> 00:07:52,259

folks and be like hey sorry I need you

222

00:07:55,909 --> 00:07:54,419

to come by the the Intel shop and you

223

00:07:58,730 --> 00:07:55,919

got to fill out the it's a huge hassle

224

00:08:00,950 --> 00:07:58,740

right and as as

225

00:08:02,150 --> 00:08:00,960

you know I can imagine that for you know

226

00:08:33,589 --> 00:08:02,160

a

227

00:08:35,750 --> 00:08:33,599

they it is undetermined everybody we

228

00:08:37,909 --> 00:08:35,760

know involved in this we don't know

229

00:08:40,070 --> 00:08:37,919

whose these were but let's just start

230

00:08:41,930 --> 00:08:40,080

with eliminating these were not ours

231

00:08:43,370 --> 00:08:41,940

that's the consensus of everybody that's

232

00:08:45,710 --> 00:08:43,380

to the best of our understanding that's

233

00:08:46,630 --> 00:08:45,720

it just despite their capabilities they

234

00:08:49,430 --> 00:08:46,640

weren't ours
