

1
00:00:07,430 --> 00:00:04,309
and this is weapons

2
00:00:08,750 --> 00:00:07,440
2019 was a big year for a variety of

3
00:00:10,790 --> 00:00:08,760
reasons we haven't even talked about

4
00:00:13,610 --> 00:00:10,800
what started us down this road is that

5
00:00:16,790 --> 00:00:13,620
on the East Coast so Oceana this

6
00:00:18,950 --> 00:00:16,800
gigantic Naval Air Station I reported in

7
00:00:21,170 --> 00:00:18,960
2018 I'd been hearing from Naval

8
00:00:23,990 --> 00:00:21,180
aviators and sources that they were

9
00:00:26,150 --> 00:00:24,000
flying out of Oceana into the w72 which

10
00:00:28,009 --> 00:00:26,160
is the training area in the ocean and

11
00:00:30,349 --> 00:00:28,019
every single day they were seeing these

12
00:00:33,110 --> 00:00:30,359
unknowns and it was a legitimate

13
00:00:34,490 --> 00:00:33,120

security issue Aviation safety issue

14

00:00:37,310 --> 00:00:34,500

because they're flying along and there

15

00:00:39,530 --> 00:00:37,320

they are and uh the Navy

16

00:00:41,569 --> 00:00:39,540

the UAP task force what became the UAV

17

00:00:43,850 --> 00:00:41,579

task force is trying to encourage these

18

00:00:46,790 --> 00:00:43,860

aviators to go ahead and report it and I

19

00:00:48,470 --> 00:00:46,800

know when I said it in 2018 I don't

20

00:00:50,209 --> 00:00:48,480

think anybody believed me that they're

21

00:00:52,190 --> 00:00:50,219

seeing them every day but it was true

22

00:00:53,930 --> 00:00:52,200

and it came out later right exactly too

23

00:00:56,750 --> 00:00:53,940

much but then you turned out to be

24

00:00:58,970 --> 00:00:56,760

correctly reporting yeah so in 2019 at

25

00:01:01,270 --> 00:00:58,980

the urging of some Navy officials who

26
00:01:04,369 --> 00:01:01,280
are working on the UFO investigation UAP

27
00:01:05,990 --> 00:01:04,379
investigation some aviators finally went

28
00:01:07,850 --> 00:01:06,000
along with the program and took some

29
00:01:09,410 --> 00:01:07,860
pictures they had a cell phone and they

30
00:01:12,710 --> 00:01:09,420
took some pictures and in one flight

31
00:01:15,590 --> 00:01:12,720
this one crew captured images of three

32
00:01:17,929 --> 00:01:15,600
different uh objects and they don't look

33
00:01:20,570 --> 00:01:17,939
like the Starship Enterprise and they're

34
00:01:22,670 --> 00:01:20,580
they're odd looking one of them they

35
00:01:24,710 --> 00:01:22,680
they maybe called it the acorn other

36
00:01:26,630 --> 00:01:24,720
people after I put the image out they

37
00:01:28,670 --> 00:01:26,640
tried to call it a Batman balloon was

38
00:01:30,469 --> 00:01:28,680

not a balloon it was not a balloon and

39

00:01:32,450 --> 00:01:30,479

they called it The Acorn then there was

40

00:01:34,010 --> 00:01:32,460

one that just looked like a sphere and

41

00:01:37,850 --> 00:01:34,020

then the third one that was labeled

42

00:01:39,950 --> 00:01:37,860

metallic blimp with payload yeah and and

43

00:01:41,870 --> 00:01:39,960

again they they didn't have amazing

44

00:01:43,730 --> 00:01:41,880

characteristics like the ones on the

45

00:01:45,649 --> 00:01:43,740

west coast but they would sit there for

46

00:01:47,450 --> 00:01:45,659

days at a time right off the coast

47

00:01:49,190 --> 00:01:47,460

obviously doing some kind of

48

00:01:51,590 --> 00:01:49,200

surveillance of the of the training

49

00:01:53,630 --> 00:01:51,600

exercises and the base itself and it was

50

00:01:55,609 --> 00:01:53,640

disconcerting to the Navy that they were

51
00:01:58,490 --> 00:01:55,619
sit there they could sit there for days

52
00:02:00,889 --> 00:01:58,500
at a time at 30 000 feet and 120 knot

53
00:02:02,149 --> 00:02:00,899
winds and not move that's something that

54
00:02:03,230 --> 00:02:02,159
Lieutenant Ryan Graves has brought up

55
00:02:05,510 --> 00:02:03,240
and other people that actually have

56
00:02:08,809 --> 00:02:05,520
dealt with this issue is the durational

57
00:02:10,969 --> 00:02:08,819
capability is astonishing look this is

58
00:02:13,369 --> 00:02:10,979
somebody's technology and we're I'm

59
00:02:15,949 --> 00:02:13,379
certainly not pretending to know I don't

60
00:02:17,930 --> 00:02:15,959
know if these UFOs Are From Another

61
00:02:20,990 --> 00:02:17,940
World another planet extraterrestrial

62
00:02:22,670 --> 00:02:21,000
I've never said that I don't know I got

63
00:02:25,490 --> 00:02:22,680

these images by the way

64

00:02:27,350 --> 00:02:25,500

and a briefing two months later and I

65

00:02:28,910 --> 00:02:27,360

sat on because I didn't think I was

66

00:02:31,490 --> 00:02:28,920

authorized to do it and people started

67

00:02:33,530 --> 00:02:31,500

talking about it in public uh the Batman

68

00:02:35,270 --> 00:02:33,540

balloon and I figured well I went back

69

00:02:37,910 --> 00:02:35,280

to the sources and see if I could make

70

00:02:40,010 --> 00:02:37,920

it public and did and uh you know that

71

00:02:41,750 --> 00:02:40,020

was sort of our first foray into what

72

00:02:44,390 --> 00:02:41,760

became a heck of a year of reporting

73

00:02:47,089 --> 00:02:44,400

because that lead then to the the West

74

00:02:49,970 --> 00:02:47,099

Coast uh videos and images that we got

75

00:02:53,089 --> 00:02:49,980

and at the same time East Coast West

76
00:02:54,710 --> 00:02:53,099
Coast far far away at the same general

77
00:02:57,110 --> 00:02:54,720
time frame in that same year there was

78
00:02:59,150 --> 00:02:57,120
another incident that you guys uh know

79
00:03:01,190 --> 00:02:59,160
pretty well yeah let's let's talk about

80
00:03:02,869 --> 00:03:01,200
it right before we hit that I just want

81
00:03:05,750 --> 00:03:02,879
to say now so that people are aware that

82
00:03:10,369 --> 00:03:05,760
this will be coming out with us um that

83
00:03:12,890 --> 00:03:10,379
there were other swarm events of uaps

84
00:03:15,410 --> 00:03:12,900
whatever you want to call them UFOs

85
00:03:18,830 --> 00:03:15,420
that that happen also on the east coast

86
00:03:20,330 --> 00:03:18,840
and all also around the world other Seas

87
00:03:21,890 --> 00:03:20,340
this is something that I have direct

88
00:03:23,509 --> 00:03:21,900

knowledge of and I'm we're going to

89

00:03:26,690 --> 00:03:23,519

break that story and we just want people

90

00:03:28,250 --> 00:03:26,700

to grasp this 2019 hey don't just you

91

00:03:29,809 --> 00:03:28,260

know believe these tablets stuff get get

92

00:03:31,670 --> 00:03:29,819

in there a little bit here's more

93

00:03:33,410 --> 00:03:31,680

information there's a lot more to this

94

00:03:34,590 --> 00:03:33,420

story and these this type of events
