

1
00:00:00,900 --> 00:00:05,269

and this is weapons

2
00:00:10,009 --> 00:00:08,030

well back up you you just said Jay

3
00:00:12,110 --> 00:00:10,019

Stratton did you just say Jay Stratton

4
00:00:15,770 --> 00:00:12,120

uh created the UAP task force yeah okay

5
00:00:19,609 --> 00:00:15,780

so that would explain to me why numerous

6
00:00:22,010 --> 00:00:19,619

military active military individuals

7
00:00:25,189 --> 00:00:22,020

were so stoked

8
00:00:28,310 --> 00:00:25,199

to see Jay stratton's name come out and

9
00:00:31,930 --> 00:00:28,320

I said why and they're like because this

10
00:00:34,729 --> 00:00:31,940

is the one individual who is Credible

11
00:00:37,670 --> 00:00:34,739

Military Intelligence who's work Dia

12
00:00:38,870 --> 00:00:37,680

who's worked in tons of programs in Oni

13
00:00:40,069 --> 00:00:38,880

all these different intelligence

14

00:00:44,510 --> 00:00:40,079

agencies

15

00:00:46,490 --> 00:00:44,520

that has pushed not only to be honest

16

00:00:48,830 --> 00:00:46,500

and true to the American public but to

17

00:00:51,290 --> 00:00:48,840

create an interface so that we could

18

00:00:53,630 --> 00:00:51,300

honestly bring forward to the American

19

00:00:57,130 --> 00:00:53,640

public what we know and don't know about

20

00:00:59,990 --> 00:00:57,140

the UFO or what he helped systematized

21

00:01:03,170 --> 00:01:00,000

UAP process and the reason he said he

22

00:01:06,230 --> 00:01:03,180

did that was to destigmatize reporting

23

00:01:09,050 --> 00:01:06,240

of UFOs so this guy is trying to

24

00:01:11,690 --> 00:01:09,060

destigmatize reporting of UFOs trying to

25

00:01:13,850 --> 00:01:11,700

systematize it so that reporting becomes

26
00:01:15,950 --> 00:01:13,860
better as a learning process as bumpy as

27
00:01:17,630 --> 00:01:15,960
it is people would put reports in from

28
00:01:19,429 --> 00:01:17,640
let's say the Nimitz or any of these

29
00:01:20,929 --> 00:01:19,439
encounters they wouldn't hear back they

30
00:01:23,030 --> 00:01:20,939
thought it got lost in the ether they

31
00:01:25,789 --> 00:01:23,040
didn't want to get mental checks but he

32
00:01:27,410 --> 00:01:25,799
made it cool to report and and learned

33
00:01:29,570 --> 00:01:27,420
along the way I respect that so a lot of

34
00:01:31,310 --> 00:01:29,580
military people are like that is so

35
00:01:34,490 --> 00:01:31,320
amazing to get him to talk because he's

36
00:01:35,870 --> 00:01:34,500
talking for us we don't have voices he's

37
00:01:37,609 --> 00:01:35,880
got a voice for us I just want to tell

38
00:01:38,690 --> 00:01:37,619

you that's what I've gotten a lot of so

39

00:01:41,510 --> 00:01:38,700

that's who we're talking about talking

40

00:01:43,789 --> 00:01:41,520

about a very serious credible individual

41

00:01:46,010 --> 00:01:43,799

who's worked in intelligence capacity

42

00:01:48,130 --> 00:01:46,020

who's done the right thing and he's done

43

00:01:50,569 --> 00:01:48,140

the right thing in a way to help

44

00:01:52,550 --> 00:01:50,579

destigmatize and communicate with the

45

00:01:55,249 --> 00:01:52,560

American public so we don't have the

46

00:01:58,069 --> 00:01:55,259

same problems as Project Blue Book the

47

00:02:00,649 --> 00:01:58,079

cover what what in his own words what

48

00:02:02,630 --> 00:02:00,659

Roswell did to the situation the the

49

00:02:05,330 --> 00:02:02,640

lies from our government so I I think

50

00:02:08,570 --> 00:02:05,340

it's so now I know we might be

51

00:02:10,010 --> 00:02:08,580

interviewing this guy and that's really
