

1
00:00:00,900 --> 00:00:05,390
and this is weapons

2
00:00:10,070 --> 00:00:08,330
let's talk a second about the CIA thing

3
00:00:12,950 --> 00:00:10,080
because this is hilarious and I want to

4
00:00:16,550 --> 00:00:12,960
tell the audience about my favorite UFO

5
00:00:19,490 --> 00:00:16,560
documentary of all time the only UFO

6
00:00:24,410 --> 00:00:19,500
documentary completely funded and

7
00:00:26,929 --> 00:00:24,420
produced by the CIA it was narrated by

8
00:00:28,490 --> 00:00:26,939
Rod Serling who is the the voice of The

9
00:00:30,710 --> 00:00:28,500
Twilight Zone I mean just the greatest

10
00:00:32,810 --> 00:00:30,720
ever and it was in response to a

11
00:00:34,850 --> 00:00:32,820
previous uh documentary where they were

12
00:00:37,069 --> 00:00:34,860
kind of uh pushing down the UFO topic

13
00:00:40,670 --> 00:00:37,079

being negative trying to dismiss people

14

00:00:43,190 --> 00:00:40,680

this documentary is called UFOs past

15

00:00:45,049 --> 00:00:43,200

present and future and it is an

16

00:00:47,630 --> 00:00:45,059

excellent documentary narrated by Rod

17

00:00:49,670 --> 00:00:47,640

Sterling that I actually have a link for

18

00:00:52,729 --> 00:00:49,680

what we'll post it for people it is so

19

00:00:54,590 --> 00:00:52,739

cool it's like an apology video right a

20

00:00:56,510 --> 00:00:54,600

couple other things though is that I've

21

00:00:58,610 --> 00:00:56,520

talked to people who have flown these

22

00:01:02,569 --> 00:00:58,620

planes out of Area 51 in these secret

23

00:01:04,670 --> 00:01:02,579

programs and I know for sure that the

24

00:01:07,490 --> 00:01:04,680

first testing of these planes that were

25

00:01:10,250 --> 00:01:07,500

supposed to be the highest ever the

26

00:01:14,410 --> 00:01:10,260

highest flying planes ever at the time

27

00:01:16,789 --> 00:01:14,420

that they had objects UFOs unknowns

28

00:01:18,649 --> 00:01:16,799

above them when they did their first

29

00:01:20,929 --> 00:01:18,659

test flights so somebody's got attack

30

00:01:22,969 --> 00:01:20,939

that is better than ours now the first

31

00:01:25,730 --> 00:01:22,979

time you put me in coach I can't believe

32

00:01:27,649 --> 00:01:25,740

you trusted me oh my God my beard was

33

00:01:30,050 --> 00:01:27,659

probably way too long for the insanity

34

00:01:34,310 --> 00:01:30,060

going on in my brain but you had me out

35

00:01:37,789 --> 00:01:34,320

you had me out sorry I came out with my

36

00:01:40,730 --> 00:01:37,799

camera first row at the Atomic Testing

37

00:01:45,710 --> 00:01:40,740

Museum and you were interviewing on

38

00:01:48,609 --> 00:01:45,720

stage uh the chief scientist for the CIA

39

00:01:51,590 --> 00:01:48,619
out at Area 51 and the the head

40

00:01:52,730 --> 00:01:51,600
historian for the CIA out of there if

41

00:01:54,710 --> 00:01:52,740
you want and they were just going to

42

00:01:56,389 --> 00:01:54,720
talk about area 51. so here comes the

43

00:01:58,670 --> 00:01:56,399
bearded guy always holding the camera

44

00:02:00,109 --> 00:01:58,680
and you didn't really know if I was a

45

00:02:02,210 --> 00:02:00,119
loose Candy net now you know I'm a loose

46

00:02:04,490 --> 00:02:02,220
candy yeah it's confirmed yeah confirmed

47

00:02:06,289 --> 00:02:04,500
so uh so I was sitting there thinking oh

48

00:02:08,809 --> 00:02:06,299
man please raise my hand will George

49

00:02:10,249 --> 00:02:08,819
call on me I got a question to ask and I

50

00:02:12,530 --> 00:02:10,259
think I asked him like three questions

51
00:02:15,050 --> 00:02:12,540
and it was very specific are you aware

52
00:02:16,190 --> 00:02:15,060
as the lead historian at robarge is his

53
00:02:19,250 --> 00:02:16,200
last name are you aware as a lead

54
00:02:21,229 --> 00:02:19,260
historian that the CIA funded and

55
00:02:23,210 --> 00:02:21,239
produced a documentary called UFO's past

56
00:02:24,890 --> 00:02:23,220
present and future and he was like I

57
00:02:26,869 --> 00:02:24,900
don't have knowledge of that but then I

58
00:02:30,170 --> 00:02:26,879
asked him about site four

59
00:02:32,089 --> 00:02:30,180
and man it was I think it was genuinely

60
00:02:34,250 --> 00:02:32,099
like they weren't maybe they didn't know

61
00:02:36,170 --> 00:02:34,260
but it looked Shady they were like

62
00:02:37,850 --> 00:02:36,180
Whispering back and forth and like so it

63
00:02:39,170 --> 00:02:37,860

was just cool to be able to ask them

64

00:02:40,910 --> 00:02:39,180

specifically and they they couldn't

65

00:02:42,770 --> 00:02:40,920

confirm they had no specific knowledge

66

00:02:44,270 --> 00:02:42,780

but that was so funny because I couldn't

67

00:02:46,250 --> 00:02:44,280

believe you called I mean thank you for

68

00:02:47,630 --> 00:02:46,260

that thank you and and being able to ask

69

00:02:49,130 --> 00:02:47,640

them directly that was a big moment for

70

00:02:55,270 --> 00:02:49,140

me to be able to film that just sitting

71

00:02:55,280 --> 00:03:02,869

[Music]

72

00:03:07,729 --> 00:03:05,030

my name is George Knapp I'm a journalist

73

00:03:10,369 --> 00:03:07,739

at klas and unlike this these guys here

74

00:03:12,470 --> 00:03:10,379

my connection to the topic of Area 51 is

75

00:03:14,509 --> 00:03:12,480

a little more tenuous I have never been

76

00:03:16,729 --> 00:03:14,519

inside the place I will never be allowed

77

00:03:18,190 --> 00:03:16,739

to get inside the place uh but I'll tell

78

00:03:21,589 --> 00:03:18,200

you I've been writing about it since

79

00:03:24,290 --> 00:03:21,599

1985. I've spent I haven't been inside

80

00:03:26,210 --> 00:03:24,300

but I've spent more days and nights

81

00:03:28,190 --> 00:03:26,220

outside Hearing in than you can ever you

82

00:03:29,990 --> 00:03:28,200

can imagine trying to dodge security and

83

00:03:33,170 --> 00:03:30,000

coyotes and whatever else is out there

84

00:03:35,690 --> 00:03:33,180

and uh you know when I die I'm sure that

85

00:03:38,750 --> 00:03:35,700

this will be somehow Area 51 will be

86

00:03:40,250 --> 00:03:38,760

part of my uh obituary along with Tales

87

00:03:41,210 --> 00:03:40,260

of various debauchery and other things

88

00:03:43,490 --> 00:03:41,220

like that

89

00:03:45,770 --> 00:03:43,500

um this is a panel of Extraordinary

90

00:03:47,630 --> 00:03:45,780

People United by their interested and

91

00:03:50,270 --> 00:03:47,640

involvement with the most extraordinary

92

00:03:52,009 --> 00:03:50,280

places we all know a place that you know

93

00:03:54,350 --> 00:03:52,019

it's sort of a contradiction in terms

94

00:03:56,149 --> 00:03:54,360

that is the world's best known secret

95

00:03:57,949 --> 00:03:56,159

military base

96

00:04:00,110 --> 00:03:57,959

um kind of the rock star of the Off the

97

00:04:02,330 --> 00:04:00,120

Grid testing facilities It's A Place

98

00:04:04,610 --> 00:04:02,340

With No Name and a place with a whole

99

00:04:09,350 --> 00:04:04,620

lot of needs you know uh Paradise Ranch

100

00:04:11,509 --> 00:04:09,360

the Box a Watertown area 51 Dreamland or

101
00:04:13,850 --> 00:04:11,519
the current official name very catchy in

102
00:04:16,610 --> 00:04:13,860
my opinion an operating location near

103
00:04:19,370 --> 00:04:16,620
Groom Lake but put that on a bumper

104
00:04:22,370 --> 00:04:19,380
sticker or a t-shirt Area 51 as we all

105
00:04:24,650 --> 00:04:22,380
know has been shrouded in secrecy uh

106
00:04:26,450 --> 00:04:24,660
some would argue too much secrecy and

107
00:04:28,249 --> 00:04:26,460
the cone of silence that was sort of

108
00:04:30,710 --> 00:04:28,259
dropped over the base at least for a

109
00:04:32,450 --> 00:04:30,720
while has been a contributing factor to

110
00:04:34,490 --> 00:04:32,460
all kinds of wild stories that have

111
00:04:37,370 --> 00:04:34,500
cropped up most of which I have reported

112
00:04:39,170 --> 00:04:37,380
at one time or another so tonight we'll

113
00:04:40,850 --> 00:04:39,180

talk about secrecy a little bit how and

114

00:04:42,710 --> 00:04:40,860

why secrets are kept

115

00:04:44,930 --> 00:04:42,720

about some of the steps that are taken

116

00:04:46,909 --> 00:04:44,940

to ensure that secrets were and still

117

00:04:49,070 --> 00:04:46,919

aren't being kept and we'll talk about

118

00:04:50,870 --> 00:04:49,080

the steps that have been taken to lift

119

00:05:03,950 --> 00:04:50,880

the veil to allow the public to finally

120

00:05:09,350 --> 00:05:06,890

we did not talk about a lot of things it

121

00:05:10,670 --> 00:05:09,360

went on during that period but during

122

00:05:13,430 --> 00:05:10,680

that period

123

00:05:16,969 --> 00:05:13,440

Technology based on Spain and

124

00:05:20,510 --> 00:05:16,979

Aeronautics and electronics stealth and

125

00:05:43,920 --> 00:05:20,520

so on was the most advanced r d effort

126

00:05:43,930 --> 00:05:50,749

[Music]

127

00:05:54,350 --> 00:05:52,850

I really appreciate you guys coming

128

00:05:57,050 --> 00:05:54,360

forward and talking about all this it's

129

00:05:59,749 --> 00:05:57,060

fascinating so as one of the highest

130

00:06:02,090 --> 00:05:59,759

ranking CIA officials out at Area 51

131

00:06:05,210 --> 00:06:02,100

during a very exciting time it sounds

132

00:06:08,029 --> 00:06:05,220

like are you aware of a facility or

133

00:06:13,550 --> 00:06:08,039

facilities on or near Nellis range

134

00:06:32,670 --> 00:06:13,560

designated S4 past present or future

135

00:06:32,680 --> 00:06:39,650

[Music]

136

00:06:39,660 --> 00:06:53,390

thank you

137

00:06:58,969 --> 00:06:56,330

ever heard of an S4 at Tonopah there is

138

00:07:00,469 --> 00:06:58,979

a size 4 a tonify test range which by

139

00:07:02,090 --> 00:07:00,479

the way tone of our test branch is

140

00:07:05,390 --> 00:07:02,100

listed in some of the Department of

141

00:07:07,249 --> 00:07:05,400

energy phone books as area 52. so that

142

00:07:09,529 --> 00:07:07,259

that would explain the public

143

00:07:12,170 --> 00:07:09,539

acknowledgment from uh information

144

00:07:14,150 --> 00:07:12,180

officer in 1989 when a well-known

145

00:07:16,070 --> 00:07:14,160

journalist called and asked about a

146

00:07:18,590 --> 00:07:16,080

facility called S4 they were probably

147

00:07:21,170 --> 00:07:18,600

referring to the one in Tonopah most

148

00:07:23,749 --> 00:07:21,180

likely and are there multiple or single

149

00:07:26,330 --> 00:07:23,759

s scores that any of you are aware of we

150

00:07:28,490 --> 00:07:26,340

had a side four that where we parked our

151
00:07:31,270 --> 00:07:28,500
Soviet thank you very much fascinating

152
00:07:32,629 --> 00:07:31,280
so the last question is for Dr robarge

153
00:07:34,550 --> 00:07:32,639
[Music]

154
00:07:36,950 --> 00:07:34,560
um just that personal curiosity I get to

155
00:07:39,770 --> 00:07:36,960
ask the you know weird questions

156
00:07:42,350 --> 00:07:39,780
so as the chief historians and CIA are

157
00:07:44,990 --> 00:07:42,360
you aware of in 1971 the Department of

158
00:07:48,469 --> 00:07:45,000
Defense asked for produced and publicly

159
00:07:50,629 --> 00:07:48,479
funded a feature film titled UFO's past

160
00:07:52,490 --> 00:07:50,639
present and future uh where it was

161
00:07:55,189 --> 00:07:52,500
admitted on camera by high-ranking

162
00:07:56,749 --> 00:07:55,199
officials in the military that UFOs as

163
00:07:59,450 --> 00:07:56,759

far as they could tell were of

164

00:08:00,890 --> 00:07:59,460

non-terrestrial origin are you aware of

165

00:08:03,589 --> 00:08:00,900

that film and the funding of it by the

166

00:08:06,409 --> 00:08:03,599

Department of Defense in 1971. no I'm

167

00:08:08,990 --> 00:08:06,419

afraid not it's uh it would have no CIA

168

00:08:12,050 --> 00:08:09,000

equity in it so the CIA is no longer

169

00:08:13,790 --> 00:08:12,060

studying the UFO phenomenon or they are

170

00:08:16,909 --> 00:08:13,800

they're not officially right now

171

00:08:18,650 --> 00:08:16,919

studying the UFO phenomena

172

00:08:20,210 --> 00:08:18,660

thank you

173

00:08:25,089 --> 00:08:20,220

else

174

00:08:27,950 --> 00:08:25,099

Secrets can be kept right

175

00:08:29,270 --> 00:08:27,960

we hear this Washington leaks like a

176

00:08:32,230 --> 00:08:29,280

sieve there's no such thing as a secret

177

00:08:36,610 --> 00:08:32,240

Secrets can be kept can't

178

00:08:41,589 --> 00:08:36,620

confirm or deny that we keep any secrets

179

00:08:41,599 --> 00:08:48,230

okay everybody
