

WEAPONIZED #12

UFO & PARANORMAL CONNECTIONS THE AAWSAP LEGACY

GUEST : DR. COLM KELLEHER

1
00:00:06,889 --> 00:00:04,130
Secrets cover-ups and strange phenomena

2
00:00:09,890 --> 00:00:06,899
UFOs and ideas that challenge reality

3
00:00:11,509 --> 00:00:09,900
itself all these Mysteries all this time

4
00:00:14,089 --> 00:00:11,519
are we ever going to get to the bottom

5
00:00:16,609 --> 00:00:14,099
of these my name is George Knapp I dig

6
00:00:18,950 --> 00:00:16,619
into news stories that others can't or

7
00:00:20,630 --> 00:00:18,960
won't I'm Jeremy Corbell and for some

8
00:00:22,670 --> 00:00:20,640
reason people tell me things they

9
00:00:24,910 --> 00:00:22,680
probably shouldn't

10
00:00:28,370 --> 00:00:24,920
and this is weapons

11
00:00:32,269 --> 00:00:28,380
[Music]

12
00:00:34,069 --> 00:00:32,279
this is round two Dr Colin Kellerman

13
00:00:36,170 --> 00:00:34,079

this is weaponized we have a special

14

00:00:38,750 --> 00:00:36,180

guest a long time friend of ours Dr

15

00:00:41,389 --> 00:00:38,760

Colin Kelleher an eminent scientist and

16

00:00:43,430 --> 00:00:41,399

investigator and we got a lot of ground

17

00:00:45,470 --> 00:00:43,440

to cover one of the reasons why I'm

18

00:00:48,049 --> 00:00:45,480

stoked you're talking with us like

19

00:00:50,569 --> 00:00:48,059

openly here like this man I've heard you

20

00:00:54,250 --> 00:00:50,579

guys talk I know what's going on to a

21

00:00:57,369 --> 00:00:54,260

high degree is that you ran like you ran

22

00:01:01,670 --> 00:00:57,379

the largest acknowledged

23

00:01:04,130 --> 00:01:01,680

UFO program in the history of our

24

00:01:07,010 --> 00:01:04,140

military that's acknowledged and and

25

00:01:09,950 --> 00:01:07,020

that was called OSAP hired through the

26
00:01:11,870 --> 00:01:09,960
DIA contract but you were the principal

27
00:01:13,910 --> 00:01:11,880
who ran the day-to-day the

28
00:01:18,230 --> 00:01:13,920
investigations is that correct you

29
00:01:20,630 --> 00:01:18,240
oversaw it all well the allsop was the

30
00:01:22,630 --> 00:01:20,640
acronym for the advanced Aerospace

31
00:01:26,570 --> 00:01:22,640
Weapons Systems application program

32
00:01:30,770 --> 00:01:26,580
which was a 20 24 that morphed into

33
00:01:34,130 --> 00:01:30,780
27-month program run through Dia funded

34
00:01:37,190 --> 00:01:34,140
uh with 22 million dollars uh Robert

35
00:01:40,490 --> 00:01:37,200
Bigelow formed an organization called

36
00:01:43,249 --> 00:01:40,500
bass to execute the OSAP contract I was

37
00:01:45,469 --> 00:01:43,259
the program manager for the OSAP

38
00:01:48,050 --> 00:01:45,479

contract in Las Vegas I had a

39

00:01:51,530 --> 00:01:48,060

counterpart on the East Coast a guy

40

00:01:53,830 --> 00:01:51,540

called Dr James lacatski who was a

41

00:01:56,990 --> 00:01:53,840

ballistic or is a ballistic missile

42

00:02:00,830 --> 00:01:57,000

physicist and engineer so he was running

43

00:02:04,130 --> 00:02:00,840

thing things from the east coast and I

44

00:02:08,270 --> 00:02:04,140

was the coordinator project manager uh

45

00:02:09,190 --> 00:02:08,280

in Las Vegas we hired about 50 different

46

00:02:13,790 --> 00:02:09,200

people

47

00:02:16,010 --> 00:02:13,800

within a space of uh seven months of

48

00:02:20,210 --> 00:02:16,020

activating the allsop contract which was

49

00:02:22,490 --> 00:02:20,220

activated in September of 2008 so you

50

00:02:26,330 --> 00:02:22,500

know that the idea was we were hustling

51

00:02:29,390 --> 00:02:26,340

to get to start hire people with

52

00:02:32,750 --> 00:02:29,400

security clearances if possible we hired

53

00:02:35,630 --> 00:02:32,760

PhD and master's degree engine of

54

00:02:37,869 --> 00:02:35,640

scientists we hired Engineers we hired

55

00:02:39,890 --> 00:02:37,879

database analysts

56

00:02:41,410 --> 00:02:39,900

counterintelligence people security

57

00:02:43,869 --> 00:02:41,420

officers

58

00:02:46,970 --> 00:02:43,879

translators to translate documents So

59

00:02:50,390 --> 00:02:46,980

within seven months of starting this

60

00:02:51,770 --> 00:02:50,400

program it started in uh in September of

61

00:02:55,369 --> 00:02:51,780

2008

62

00:02:57,650 --> 00:02:55,379

uh within seven months we had a team of

63

00:03:00,229 --> 00:02:57,660

50 full-time people these people were

64

00:03:03,589 --> 00:03:00,239

not doing this part-time on their spare

65

00:03:07,610 --> 00:03:03,599

time these were were tasks 40 hours a

66

00:03:12,290 --> 00:03:07,620

week plus uh to execute the OSAP program

67

00:03:15,410 --> 00:03:12,300

the OSAP program it's only remit was to

68

00:03:18,110 --> 00:03:15,420

investigate uh UFO activity and

69

00:03:19,729 --> 00:03:18,120

specifically to assess whether or not uh

70

00:03:21,710 --> 00:03:19,739

there was a threat associated with the

71

00:03:23,630 --> 00:03:21,720

UFO right so I want to take I want you

72

00:03:25,790 --> 00:03:23,640

you to take us there because this is how

73

00:03:27,830 --> 00:03:25,800

I understand I want to see how you go

74

00:03:29,330 --> 00:03:27,840

from you know nids at that point

75

00:03:31,550 --> 00:03:29,340

National Institute for Discovery Science

76

00:03:35,869 --> 00:03:31,560

and you're working on all this to like

77

00:03:37,850 --> 00:03:35,879

an official Dia request to study UFOs

78

00:03:40,309 --> 00:03:37,860

building out this whole thing I

79

00:03:43,130 --> 00:03:40,319

understand that Dr lakotsky was from the

80

00:03:45,589 --> 00:03:43,140

DIA and he's your counterpart there and

81

00:03:47,630 --> 00:03:45,599

then you're running the show here with

82

00:03:50,149 --> 00:03:47,640

the under the contract you're the head

83

00:03:52,250 --> 00:03:50,159

guy and and now we you can talk about

84

00:03:54,350 --> 00:03:52,260

all of this which is interesting so so

85

00:03:55,970 --> 00:03:54,360

George can you set us up to where he

86

00:03:57,770 --> 00:03:55,980

goes from well there's a big chunk of

87

00:04:01,430 --> 00:03:57,780

the story we're missing so we went from

88

00:04:03,850 --> 00:04:01,440

nid's 96 and Bigelow buying Skinwalker

89

00:04:06,890 --> 00:04:03,860

Ranch to the creation of OSAP in between

90

00:04:08,990 --> 00:04:06,900

there was this long study by the nid's

91

00:04:11,589 --> 00:04:09,000

team at the ranch they set up shop there

92

00:04:14,690 --> 00:04:11,599

they they had a command center they put

93

00:04:16,789 --> 00:04:14,700

cameras all over the ranch and it was

94

00:04:18,890 --> 00:04:16,799

primarily interested in the high level

95

00:04:20,629 --> 00:04:18,900

of UFO activity that had been reported

96

00:04:22,370 --> 00:04:20,639

there but a lot of other stuff too

97

00:04:24,890 --> 00:04:22,380

animal mutilations that have been

98

00:04:26,870 --> 00:04:24,900

happening and and as you were later to

99

00:04:28,610 --> 00:04:26,880

learn a lot of other weird things that

100

00:04:30,110 --> 00:04:28,620

wasn't why you were there but that's

101

00:04:32,210 --> 00:04:30,120

what you learned about it right right

102

00:04:36,170 --> 00:04:32,220

yeah I think that's a that's a pretty

103

00:04:38,270 --> 00:04:36,180

good summary and as you also mentioned

104

00:04:40,310 --> 00:04:38,280

um you and I wrote a book at the very

105

00:04:43,550 --> 00:04:40,320

end of that whole procedure that came

106

00:04:45,590 --> 00:04:43,560

out in 2004 2005.

107

00:04:48,830 --> 00:04:45,600

um and the purpose for for writing that

108

00:04:50,510 --> 00:04:48,840

book was to see what other ranches were

109

00:04:52,909 --> 00:04:50,520

around the country and around the world

110

00:04:55,249 --> 00:04:52,919

what are the UFO all hot spots might

111

00:04:58,909 --> 00:04:55,259

exist and we actually have had a lot of

112

00:05:01,850 --> 00:04:58,919

feedback that book came out what 2005

113

00:05:04,730 --> 00:05:01,860

which is what I don't know 17 going on

114

00:05:06,050 --> 00:05:04,740

18 years we're showing our age here but

115

00:05:09,070 --> 00:05:06,060

but you know the really interesting

116

00:05:12,710 --> 00:05:09,080

thing was that when this book came out

117

00:05:14,270 --> 00:05:12,720

it attracted the attention of people on

118

00:05:18,170 --> 00:05:14,280

the East Coast

119

00:05:19,909 --> 00:05:18,180

um we we know that Jim lakatsky who was

120

00:05:22,430 --> 00:05:19,919

a ballistic missile physicist working

121

00:05:24,409 --> 00:05:22,440

for the defense intelligence agency and

122

00:05:26,830 --> 00:05:24,419

the other guy we call in the book

123

00:05:29,570 --> 00:05:26,840

Axelrod who was also at the time

124

00:05:33,170 --> 00:05:29,580

seconded to defense intelligence agency

125

00:05:38,990 --> 00:05:33,180

both of those guys read hunt for the

126

00:05:43,909 --> 00:05:41,330

um which was a stroke of Genius on his

127

00:05:46,370 --> 00:05:43,919

part and obviously he had permission

128

00:05:48,710 --> 00:05:46,380

from the defense intelligence agency he

129

00:05:51,590 --> 00:05:48,720

writes a letter to Robert Bigelow saying

130

00:05:55,430 --> 00:05:51,600

you know that as an official defense

131

00:05:57,890 --> 00:05:55,440

intelligence agency uh matter

132

00:06:01,909 --> 00:05:57,900

um he would like to visit the Skinwalker

133

00:06:03,890 --> 00:06:01,919

Ranch and so in July of 2007 uh Robert

134

00:06:05,689 --> 00:06:03,900

Bigelow immediately agreed after

135

00:06:08,390 --> 00:06:05,699

checking out that this was a real deal

136

00:06:10,189 --> 00:06:08,400

this was not some guy sort of uh

137

00:06:14,749 --> 00:06:10,199

masquerading as a defense intelligence

138

00:06:16,909 --> 00:06:14,759

agency guy he was real and so lakotsky

139

00:06:21,830 --> 00:06:16,919

and Bigelow arrived on the ranch in in

140

00:06:24,170 --> 00:06:21,840

July of 2007 and they were talking with

141

00:06:27,050 --> 00:06:24,180

the ranch manager and his wife in their

142

00:06:30,050 --> 00:06:27,060

small little what we call Homestead one

143

00:06:31,730 --> 00:06:30,060

on the house on the ranch which is a

144

00:06:34,490 --> 00:06:31,740

small Homestead that is very close to

145

00:06:37,189 --> 00:06:34,500

the entrance of the ranch uh Bigelow was

146

00:06:38,809 --> 00:06:37,199

talking to the the two uh the two Ranch

147

00:06:40,430 --> 00:06:38,819

people

148

00:06:43,309 --> 00:06:40,440

um and lakowski is standing in the

149

00:06:46,730 --> 00:06:43,319

kitchen behind Bigelow and the ranch

150

00:06:50,450 --> 00:06:46,740

manager and his wife this

151
00:06:53,090 --> 00:06:50,460
um metallic looking uh Twisted object

152
00:06:55,309 --> 00:06:53,100
suddenly appears in the kitchen right in

153
00:06:58,550 --> 00:06:55,319
front of lakaski and it's shrouded in

154
00:07:01,670 --> 00:06:58,560
this yellowish mist and you know it's a

155
00:07:04,909 --> 00:07:01,680
sort of curved cylindrical metallic

156
00:07:07,309 --> 00:07:04,919
looking object but it appears out of

157
00:07:10,850 --> 00:07:07,319
nowhere in thin air in the kitchen and

158
00:07:12,770 --> 00:07:10,860
the katsuki is sort of a physicist an

159
00:07:15,110 --> 00:07:12,780
engineer and he's looking at this

160
00:07:16,670 --> 00:07:15,120
Apparition wondering what the hell is

161
00:07:18,469 --> 00:07:16,680
going on

162
00:07:21,650 --> 00:07:18,479
he looks away

163
00:07:24,290 --> 00:07:21,660

looks back still there so it's not sort

164

00:07:26,990 --> 00:07:24,300

of a trick of his eyes or whatever and

165

00:07:29,930 --> 00:07:27,000

then it starts dissolving it basically

166

00:07:31,249 --> 00:07:29,940

vanished in front of his eyes but he

167

00:07:34,969 --> 00:07:31,259

didn't say anything I mean he was

168

00:07:38,210 --> 00:07:34,979

absolutely in shock because this was

169

00:07:41,029 --> 00:07:38,220

for his eyes only neither Robert Bigelow

170

00:07:43,790 --> 00:07:41,039

or the two Ranch managers had seen this

171

00:07:45,950 --> 00:07:43,800

because it was right behind them and

172

00:07:49,790 --> 00:07:45,960

lakaski didn't say anything he was

173

00:07:52,790 --> 00:07:49,800

silent on the way back to the uh you

174

00:07:56,150 --> 00:07:52,800

know to the airport and then he went

175

00:07:58,070 --> 00:07:56,160

back to the east coast and but that

176

00:08:00,890 --> 00:07:58,080

single event changed I mean it was a

177

00:08:02,570 --> 00:08:00,900

game changer for lakaski and out of that

178

00:08:07,550 --> 00:08:02,580

event

179

00:08:10,730 --> 00:08:07,560

Bigelow and between Robert Bigelow and

180

00:08:12,710 --> 00:08:10,740

lakowski and Senator Reid which you know

181

00:08:14,809 --> 00:08:12,720

George can talk about

182

00:08:18,830 --> 00:08:14,819

um you know they they essentially got

183

00:08:22,369 --> 00:08:18,840

this incredibly Innovative program to

184

00:08:24,830 --> 00:08:22,379

study UFOs funded through the defense

185

00:08:27,550 --> 00:08:24,840

Intelligence Agency of an official

186

00:08:30,710 --> 00:08:27,560

program that began in September of

187

00:08:33,529 --> 00:08:30,720

2008 but you know the Genesis of this

188

00:08:36,829 --> 00:08:33,539

this would not have happened if lakaski

189

00:08:38,870 --> 00:08:36,839

and Axelrod because I Axelrod was very

190

00:08:41,209 --> 00:08:38,880

much a part of sort of setting up the

191

00:08:44,089 --> 00:08:41,219

operations for the original uh the

192

00:08:45,530 --> 00:08:44,099

original program if they had not read

193

00:08:48,410 --> 00:08:45,540

that book

194

00:08:50,329 --> 00:08:48,420

I'm pretty damn sure that this program

195

00:08:53,030 --> 00:08:50,339

would never exist yeah you guys are

196

00:08:54,769 --> 00:08:53,040

saying Axelrod eventually people are

197

00:08:57,170 --> 00:08:54,779

going to understand that that's a person

198

00:08:58,490 --> 00:08:57,180

so you're quoting a name that's in your

199

00:08:59,930 --> 00:08:58,500

book because you have promised to keep

200

00:09:01,370 --> 00:08:59,940

people's identities if those people

201
00:09:03,710 --> 00:09:01,380
decide to come forward about their

202
00:09:07,070 --> 00:09:03,720
identities that's on them well it'll

203
00:09:08,449 --> 00:09:07,080
it'll happen yeah we're we're skipping

204
00:09:10,990 --> 00:09:08,459
part of the story of course a big

205
00:09:13,790 --> 00:09:11,000
gigantic chunk is what happens between

206
00:09:15,410 --> 00:09:13,800
1996 and when the book gets published

207
00:09:17,690 --> 00:09:15,420
and that is there are hundreds of

208
00:09:20,210 --> 00:09:17,700
incidents you know I've seen uh the

209
00:09:22,250 --> 00:09:20,220
experts the uh social media experts and

210
00:09:24,170 --> 00:09:22,260
debunkers who now say nothing ever

211
00:09:26,750 --> 00:09:24,180
happened on that property until Bigelow

212
00:09:29,269 --> 00:09:26,760
arrived it's all made up the Rancher the

213
00:09:30,829 --> 00:09:29,279

Gorman family uh they weren't contacted

214

00:09:33,170 --> 00:09:30,839

at the book They're not supporting it

215

00:09:34,910 --> 00:09:33,180

and the neighbors don't support it it

216

00:09:36,410 --> 00:09:34,920

was all made up by Bigelow so that he

217

00:09:38,269 --> 00:09:36,420

can get his buddy Harry Reid to give him

218

00:09:39,829 --> 00:09:38,279

money and there's really nothing that

219

00:09:41,630 --> 00:09:39,839

happened in there now well you know

220

00:09:43,850 --> 00:09:41,640

that's not true there were hundreds of

221

00:09:45,530 --> 00:09:43,860

incidents these guys basically lived on

222

00:09:47,630 --> 00:09:45,540

the property and it wasn't just them

223

00:09:49,310 --> 00:09:47,640

seeing it was the whole you went to

224

00:09:51,710 --> 00:09:49,320

Basin was seeing this stuff so is that

225

00:09:53,690 --> 00:09:51,720

like so that the the online trolls and

226

00:09:55,850 --> 00:09:53,700

the people that don't actually know

227

00:09:57,670 --> 00:09:55,860

anybody directly involved and they're

228

00:10:00,829 --> 00:09:57,680

just kind of commenting and

229

00:10:02,449 --> 00:10:00,839

so the the idea would be that like all

230

00:10:04,670 --> 00:10:02,459

these scientists and people in

231

00:10:06,769 --> 00:10:04,680

government everybody would make this all

232

00:10:08,389 --> 00:10:06,779

up in perfect coordination and that

233

00:10:10,550 --> 00:10:08,399

they're all drinking the same Kool-Aid

234

00:10:12,530 --> 00:10:10,560

that's the kind of theory that people

235

00:10:15,350 --> 00:10:12,540

come up with and so the cops are making

236

00:10:18,230 --> 00:10:15,360

it up police officers the Mormon Church

237

00:10:20,150 --> 00:10:18,240

officials uh junior Hicks who had a

238

00:10:22,730 --> 00:10:20,160

catalog of several hundred cases that

239

00:10:24,949 --> 00:10:22,740

he'd investigated from the 50s 60s and

240

00:10:27,710 --> 00:10:24,959

70s UFO incidents and other weird stuff

241

00:10:30,290 --> 00:10:27,720

uh the the Ute tribe who lived there all

242

00:10:31,730 --> 00:10:30,300

the neighbors the ranchers hundreds and

243

00:10:34,970 --> 00:10:31,740

hundreds of people who've seen these

244

00:10:36,769 --> 00:10:34,980

weird things not just UFOs uh and of

245

00:10:38,930 --> 00:10:36,779

different shapes and sizes but also

246

00:10:40,490 --> 00:10:38,940

creatures and there had been cattle

247

00:10:43,550 --> 00:10:40,500

mutilations all this stuff has been

248

00:10:45,710 --> 00:10:43,560

going on it's still going on although it

249

00:10:47,329 --> 00:10:45,720

is it is a challenge from the beginning

250

00:10:49,730 --> 00:10:47,339

it's a challenge because it's always

251
00:10:51,829 --> 00:10:49,740
changing it's never quite the same no no

252
00:10:53,930 --> 00:10:51,839
two incidents happen exactly alike all

253
00:10:55,610 --> 00:10:53,940
the same they it seems to know what

254
00:10:57,889 --> 00:10:55,620
people are going to do before they do it

255
00:11:00,650 --> 00:10:57,899
it will give you a glimpse of something

256
00:11:03,050 --> 00:11:00,660
and then but doesn't make it easy to

257
00:11:04,910 --> 00:11:03,060
document it so these I'm hearing these

258
00:11:07,130 --> 00:11:04,920
stories from my nid's friends my

259
00:11:09,110 --> 00:11:07,140
colleagues I'd get bits and pieces that

260
00:11:11,810 --> 00:11:09,120
they would throw me a breadcrumb now and

261
00:11:12,769 --> 00:11:11,820
then and it's driving me crazy from 96

262
00:11:14,930 --> 00:11:12,779
on

263
00:11:16,970 --> 00:11:14,940

and I was I started bugging them hey

264

00:11:19,610 --> 00:11:16,980

when do I get to go you know I guess

265

00:11:21,829 --> 00:11:19,620

there had been enough of a downturn in

266

00:11:23,509 --> 00:11:21,839

the level of activity that they figured

267

00:11:26,630 --> 00:11:23,519

well what the heck maybe we can have

268

00:11:29,030 --> 00:11:26,640

this guy come there and and I either I

269

00:11:31,009 --> 00:11:29,040

would stimulate some activity myself or

270

00:11:32,750 --> 00:11:31,019

I could help them publicize the idea

271

00:11:34,730 --> 00:11:32,760

that maybe they need to find other

272

00:11:36,790 --> 00:11:34,740

ranches other hot spots oh they were

273

00:11:39,650 --> 00:11:36,800

using you as baits

274

00:11:40,790 --> 00:11:39,660

well that is true that first visit I I

275

00:11:43,130 --> 00:11:40,800

think the first time I went there was

276

00:11:44,569 --> 00:11:43,140

column he did use me as bait stuck me on

277

00:11:46,490 --> 00:11:44,579

a chair and let me there left me there

278

00:11:48,170 --> 00:11:46,500

let me ask you a question so I mean this

279

00:11:49,310 --> 00:11:48,180

is something I think lost on on people

280

00:11:51,410 --> 00:11:49,320

because it just hadn't been said

281

00:11:53,210 --> 00:11:51,420

properly I mean I know it to be true and

282

00:11:56,509 --> 00:11:53,220

you guys know it to be true the the

283

00:11:58,190 --> 00:11:56,519

Dia's interest in in Skinwalker Ranch

284

00:12:00,110 --> 00:11:58,200

and yeah as you said you have the

285

00:12:02,090 --> 00:12:00,120

problem the program was about UFOs with

286

00:12:05,389 --> 00:12:02,100

allsup Advanced Aerospace weapon system

287

00:12:08,569 --> 00:12:05,399

applications program right the idea was

288

00:12:10,009 --> 00:12:08,579

to see what phenomenon is causing this

289

00:12:11,690 --> 00:12:10,019

it they knew it's not a lot of people

290

00:12:15,530 --> 00:12:11,700

making stuff up I mean they can't say

291

00:12:16,970 --> 00:12:15,540

that Dr saw what he saw only he saw that

292

00:12:20,210 --> 00:12:16,980

they're not reproducible all that stuff

293

00:12:22,790 --> 00:12:20,220

but the point of the program was to look

294

00:12:24,430 --> 00:12:22,800

if there is foreign adversaries with the

295

00:12:27,110 --> 00:12:24,440

technology the U.S doesn't have

296

00:12:29,269 --> 00:12:27,120

implementing those on American soil that

297

00:12:31,430 --> 00:12:29,279

was a big part of why the DIA was

298

00:12:32,810 --> 00:12:31,440

involved absolutely the phenomenon

299

00:12:34,610 --> 00:12:32,820

what's going on these events are

300

00:12:36,410 --> 00:12:34,620

happening we have evidence there's

301
00:12:38,509 --> 00:12:36,420
evidence there's proof this is happening

302
00:12:42,350 --> 00:12:38,519
with some things but the point was

303
00:12:44,629 --> 00:12:42,360
Protect America look for disruptive

304
00:12:47,990 --> 00:12:44,639
Technologies of known foreign Nations

305
00:12:49,850 --> 00:12:48,000
and if we can't and then we that had to

306
00:12:52,129 --> 00:12:49,860
be excluded although there was some

307
00:12:54,110 --> 00:12:52,139
meddling for other nations right it had

308
00:12:56,389 --> 00:12:54,120
to be excluded and that's what's

309
00:12:58,449 --> 00:12:56,399
interesting the point was to look for

310
00:13:00,710 --> 00:12:58,459
disruptive Technologies from known

311
00:13:04,310 --> 00:13:00,720
adversarial foreign Nations is that

312
00:13:06,949 --> 00:13:04,320
correct yes I mean the the the primary

313
00:13:10,970 --> 00:13:06,959

remit of this program was threat

314

00:13:12,590 --> 00:13:10,980

analysis and so like the Genesis of what

315

00:13:16,190 --> 00:13:12,600

really intrigued lakatsuki when he read

316

00:13:18,949 --> 00:13:16,200

red hunt for the skinwalker was that you

317

00:13:22,310 --> 00:13:18,959

know objects of a known origin were

318

00:13:24,829 --> 00:13:22,320

flying with impunity around Skinwalker

319

00:13:28,610 --> 00:13:24,839

Ranch around the Uinta Basin and nobody

320

00:13:31,069 --> 00:13:28,620

seems to give a damn so so his his idea

321

00:13:33,410 --> 00:13:31,079

was are we talking about foreign

322

00:13:35,449 --> 00:13:33,420

adversaries because that's a very big

323

00:13:37,910 --> 00:13:35,459

element of the defense intelligence

324

00:13:40,730 --> 00:13:37,920

agency or are we talking about some

325

00:13:43,670 --> 00:13:40,740

something else but we should be damn

326

00:13:45,650 --> 00:13:43,680

well investigating it because

327

00:13:47,750 --> 00:13:45,660

um otherwise everybody's text somebody's

328

00:13:50,150 --> 00:13:47,760

yeah I mean is it coming from Hill Air

329

00:13:51,590 --> 00:13:50,160

Force Base in Utah are they testing out

330

00:13:54,350 --> 00:13:51,600

new toys

331

00:13:57,230 --> 00:13:54,360

um unlikely because lacaski and and

332

00:13:59,210 --> 00:13:57,240

defense intelligence agency would be

333

00:14:02,030 --> 00:13:59,220

able to eliminate that as a possibility

334

00:14:06,470 --> 00:14:02,040

pretty easily but the fact is that there

335

00:14:10,009 --> 00:14:06,480

were Legions over the Decades of unusual

336

00:14:13,069 --> 00:14:10,019

aircraft that were looking solid and

337

00:14:15,170 --> 00:14:13,079

metallic to a lot of witnesses the that

338

00:14:17,569 --> 00:14:15,180

were flying with impunity there were no

339

00:14:20,150 --> 00:14:17,579

fighter jets being launched from nearby

340

00:14:23,690 --> 00:14:20,160

Air Force bases to intercept them and

341

00:14:26,210 --> 00:14:23,700

somehow this was happening in the middle

342

00:14:27,889 --> 00:14:26,220

of the United States you guys in your

343

00:14:30,470 --> 00:14:27,899

government program you might have had

344

00:14:32,870 --> 00:14:30,480

ways to pick up certain types of data

345

00:14:34,610 --> 00:14:32,880

that might not be public but as far as

346

00:14:36,110 --> 00:14:34,620

like why don't we have a great picture

347

00:14:38,569 --> 00:14:36,120

of something this is the thing everybody

348

00:14:39,949 --> 00:14:38,579

asked me it's a great question what do

349

00:14:42,230 --> 00:14:39,959

you guys both of you why don't we have

350

00:14:44,930 --> 00:14:42,240

like the great money shot not that they

351

00:14:47,090 --> 00:14:44,940

don't exist not that things haven't

352

00:14:49,430 --> 00:14:47,100

passed by our eyes but the Technologies

353

00:14:51,350 --> 00:14:49,440

from governments but why don't we why

354

00:14:54,129 --> 00:14:51,360

don't at the ranch why don't we have

355

00:14:57,650 --> 00:14:54,139

that you've seen people the kind of

356

00:14:59,629 --> 00:14:57,660

juvenile criticism that pops up that

357

00:15:02,210 --> 00:14:59,639

people say this can't be real therefore

358

00:15:04,370 --> 00:15:02,220

it isn't you guys are making it up

359

00:15:07,069 --> 00:15:04,380

um I've seen people the same people who

360

00:15:08,810 --> 00:15:07,079

complained nothing in the ASAP documents

361

00:15:11,030 --> 00:15:08,820

that we've seen so far says this is a

362

00:15:13,129 --> 00:15:11,040

UFO program and then the same people

363

00:15:15,230 --> 00:15:13,139

will complain it's only supposed to be a

364

00:15:17,629 --> 00:15:15,240

UFO program why is it studying

365

00:15:19,189 --> 00:15:17,639

werewolves and and uh you know and

366

00:15:21,350 --> 00:15:19,199

cattle mutilations and things of that

367

00:15:23,210 --> 00:15:21,360

sort people can't make up their mind

368

00:15:25,670 --> 00:15:23,220

what the reason is for them to not like

369

00:15:28,310 --> 00:15:25,680

it but the fact is stuff have been going

370

00:15:30,470 --> 00:15:28,320

on there strange phenomena UFOs or

371

00:15:32,870 --> 00:15:30,480

different shapes and sizes for decades

372

00:15:35,150 --> 00:15:32,880

maybe longer that it had been seen

373

00:15:37,129 --> 00:15:35,160

throughout the Uinta Basin strange

374

00:15:39,110 --> 00:15:37,139

phenomena strange Cryptid creatures

375

00:15:41,810 --> 00:15:39,120

animals that probably shouldn't uh

376

00:15:43,850 --> 00:15:41,820

shouldn't exist and that whatever was

377

00:15:45,829 --> 00:15:43,860

there was an intelligence that it was

378

00:15:48,050 --> 00:15:45,839

elusive that it would always stay one

379

00:15:50,090 --> 00:15:48,060

step ahead that it was probably smarter

380

00:15:51,769 --> 00:15:50,100

than us the idea that there's an

381

00:15:53,329 --> 00:15:51,779

intelligence something higher up on the

382

00:15:55,670 --> 00:15:53,339

food chain people have a hard time

383

00:15:57,350 --> 00:15:55,680

accepting that and they can't accept

384

00:15:59,750 --> 00:15:57,360

that something could be smarter than us

385

00:16:02,509 --> 00:15:59,760

and then it would show us glimpses for

386

00:16:04,430 --> 00:16:02,519

whatever reason but not enough to

387

00:16:06,710 --> 00:16:04,440

definitively prove anything

388

00:16:09,050 --> 00:16:06,720

yeah I I think that's a very good

389

00:16:10,970 --> 00:16:09,060
summary of of of what is actually

390

00:16:14,930 --> 00:16:10,980
happening out there

391

00:16:17,569 --> 00:16:14,940
um we have uh transient phenomena that

392

00:16:19,310 --> 00:16:17,579
are happening all the time uh of what

393

00:16:20,990 --> 00:16:19,320
was happening all the time on skin

394

00:16:23,569 --> 00:16:21,000
marker wrench

395

00:16:28,009 --> 00:16:23,579
um I you know I think we're now at

396

00:16:30,350 --> 00:16:28,019
probably at least 50 separate people uh

397

00:16:32,870 --> 00:16:30,360
Witnesses who have personal experienced

398

00:16:35,210 --> 00:16:32,880
stuff on uh on the skin marker Ranch

399

00:16:36,829 --> 00:16:35,220
it's probably closer to a hundred I

400

00:16:40,430 --> 00:16:36,839
don't know what the exact number is but

401
00:16:43,069 --> 00:16:40,440
it began in 1994 it's continuing here we

402
00:16:44,749 --> 00:16:43,079
are in 2023 and it's still happening

403
00:16:47,269 --> 00:16:44,759
it's still being observed it's still

404
00:16:51,470 --> 00:16:47,279
being measured it's the longest running

405
00:16:55,129 --> 00:16:51,480
UFO study probably in in in history uh

406
00:16:57,829 --> 00:16:55,139
arguably known what known UFOs that

407
00:16:59,389 --> 00:16:57,839
probably known UFOs yeah

408
00:17:02,509 --> 00:16:59,399
um I mean there is a project in Norway

409
00:17:06,470 --> 00:17:02,519
that maybe uh maybe you know sort of

410
00:17:09,890 --> 00:17:06,480
parallel but the bottom line is that the

411
00:17:12,949 --> 00:17:09,900
um the attempts to measure uh this

412
00:17:16,309 --> 00:17:12,959
phenomenon and to capture data we're

413
00:17:18,770 --> 00:17:16,319

somewhat successful with nids and you

414

00:17:21,350 --> 00:17:18,780

know I've seen a lot of criticism that

415

00:17:24,189 --> 00:17:21,360

needs never gave out any information and

416

00:17:26,929 --> 00:17:24,199

the fact is we had a website that was

417

00:17:29,770 --> 00:17:26,939

replete with scientific reports we had

418

00:17:33,850 --> 00:17:29,780

dozens and dozens of scientific reports

419

00:17:36,710 --> 00:17:33,860

on various aspects of our investigations

420

00:17:38,169 --> 00:17:36,720

and it was for the public to see I mean

421

00:17:41,450 --> 00:17:38,179

the public was

422

00:17:44,450 --> 00:17:41,460

extremely interested in that website it

423

00:17:47,210 --> 00:17:44,460

came down in 2004 when nids went on ice

424

00:17:49,610 --> 00:17:47,220

but the fact is the criticism that needs

425

00:17:53,870 --> 00:17:49,620

never gave out any information is

426
00:17:55,610 --> 00:17:53,880
completely erroneous as with ASAP George

427
00:17:57,529 --> 00:17:55,620
uncovered and revealed to the world some

428
00:17:59,570 --> 00:17:57,539
of these what they call derds defense

429
00:18:01,430 --> 00:17:59,580
intelligence reference documents which

430
00:18:04,789 --> 00:18:01,440
was part of the initial thrust which is

431
00:18:06,590 --> 00:18:04,799
what is the threat 50 years from now you

432
00:18:09,409 --> 00:18:06,600
know put all stigma aside what are we

433
00:18:11,450 --> 00:18:09,419
seeing what is being reported what is

434
00:18:13,070 --> 00:18:11,460
this technology what what could that

435
00:18:15,850 --> 00:18:13,080
threat be and you had all these was it

436
00:18:18,710 --> 00:18:15,860
22 of these dirt

437
00:18:21,470 --> 00:18:18,720
38 of these Papers written and some of

438
00:18:24,049 --> 00:18:21,480

which are are public and that that's

439

00:18:25,190 --> 00:18:24,059

pretty valuable to be putting out uh to

440

00:18:26,450 --> 00:18:25,200

the public I just got a personal

441

00:18:29,510 --> 00:18:26,460

question

442

00:18:31,850 --> 00:18:29,520

um being a scientist and being thrown

443

00:18:33,110 --> 00:18:31,860

into these uninvestigated Realms where

444

00:18:35,690 --> 00:18:33,120

you have to kind of pioneer

445

00:18:37,490 --> 00:18:35,700

methodologies and really figure out how

446

00:18:40,570 --> 00:18:37,500

to do this

447

00:18:43,310 --> 00:18:40,580

have you had a can you name a moment

448

00:18:45,590 --> 00:18:43,320

where conceptually you went from kind of

449

00:18:47,450 --> 00:18:45,600

like I'm a scientist I'm skeptical but

450

00:18:49,610 --> 00:18:47,460

this sounds interesting let's look into

451
00:18:51,770 --> 00:18:49,620
some of this weird language you read in

452
00:18:55,370 --> 00:18:51,780
a you know advertisement has there been

453
00:18:57,470 --> 00:18:55,380
a moment that just solidified for you

454
00:18:59,210 --> 00:18:57,480
well you no longer have the luxury of

455
00:19:01,970 --> 00:18:59,220
disbelief that there is a phenomenon

456
00:19:03,890 --> 00:19:01,980
going on that it includes UFOs was

457
00:19:05,690 --> 00:19:03,900
there's one thing that you can put your

458
00:19:09,169 --> 00:19:05,700
finger on that says that did something

459
00:19:12,770 --> 00:19:09,179
to my way of looking at it

460
00:19:15,470 --> 00:19:12,780
well there were probably two events that

461
00:19:17,990 --> 00:19:15,480
happened very very quickly

462
00:19:21,490 --> 00:19:18,000
um right after Robert Bigelow purchased

463
00:19:26,330 --> 00:19:21,500

skin marker wrench in um in

464

00:19:31,010 --> 00:19:26,340

1996 it was around August of 1996.

465

00:19:33,350 --> 00:19:31,020

um I and Eric Davis and to some extent

466

00:19:34,250 --> 00:19:33,360

other people were deployed up on the

467

00:19:37,070 --> 00:19:34,260

property

468

00:19:40,490 --> 00:19:37,080

for you know five day tours ten day

469

00:19:41,590 --> 00:19:40,500

tours you know whatever but you know in

470

00:19:48,289 --> 00:19:41,600

in

471

00:19:50,510 --> 00:19:48,299

homestead one

472

00:19:52,190 --> 00:19:50,520

um near this newly built command and

473

00:19:54,529 --> 00:19:52,200

control center that we had just

474

00:19:57,049 --> 00:19:54,539

installed on the property

475

00:20:01,310 --> 00:19:57,059

um I was standing there with

476

00:20:05,390 --> 00:20:01,320

um I believe it was Eric Davis when

477

00:20:08,570 --> 00:20:05,400

coming from over Skinwalker Ridge which

478

00:20:11,210 --> 00:20:08,580

is the uh which is the cliff that that

479

00:20:14,570 --> 00:20:11,220

borders the northern edge of Skinwalker

480

00:20:17,990 --> 00:20:14,580

Ranch right over the the cliff comes

481

00:20:21,409 --> 00:20:18,000

this very brightly lit low-flying object

482

00:20:24,350 --> 00:20:21,419

that was completely silent and it came

483

00:20:28,010 --> 00:20:24,360

from you know came from the north flew

484

00:20:30,890 --> 00:20:28,020

right over myself and Eric Davis and did

485

00:20:34,669 --> 00:20:30,900

a perfect herpin turn

486

00:20:36,590 --> 00:20:34,679

right above us silent and it was it was

487

00:20:38,750 --> 00:20:36,600

low enough that we you know it's very

488

00:20:41,570 --> 00:20:38,760

difficult to estimate altitude at night

489

00:20:44,450 --> 00:20:41,580

but this was a fast moving it was moving

490

00:20:46,730 --> 00:20:44,460

probably as fast as you see a lot of

491

00:20:49,370 --> 00:20:46,740

f-18s flying around Nellis Air Force

492

00:20:52,130 --> 00:20:49,380

Base in Las Vegas it was flying at least

493

00:20:56,930 --> 00:20:52,140

as fast as that but what really caught

494

00:20:59,870 --> 00:20:56,940

my eye was this incredibly sharp 180

495

00:21:02,350 --> 00:20:59,880

degree turn and then just kind of went

496

00:21:06,250 --> 00:21:02,360

back and followed his Exact Track

497

00:21:09,590 --> 00:21:06,260

disappeared North over Skinwalker Ridge

498

00:21:11,690 --> 00:21:09,600

and it was low enough that we should

499

00:21:15,289 --> 00:21:11,700

have heard something I mean we could see

500

00:21:18,409 --> 00:21:15,299

it very very brightly lit and there was

501
00:21:21,650 --> 00:21:18,419
a spooky silence associated with it and

502
00:21:25,010 --> 00:21:21,660
I knew sort of deep in my sort of gut

503
00:21:28,789 --> 00:21:25,020
that this was something else I mean it

504
00:21:31,490 --> 00:21:28,799
was very very it was a perfectly

505
00:21:34,070 --> 00:21:31,500
executed herpin turn I I think the

506
00:21:38,510 --> 00:21:34,080
g-forces that would have been sort of

507
00:21:42,830 --> 00:21:38,520
imparted to a pilot on this thing and

508
00:21:45,110 --> 00:21:42,840
this was 1996 would have been absolutely

509
00:21:48,830 --> 00:21:45,120
enormous you know I mean we're talking

510
00:21:50,990 --> 00:21:48,840
strawberry jam around the cockpit so you

511
00:21:53,810 --> 00:21:51,000
see this with your own eyes yeah I mean

512
00:21:56,330 --> 00:21:53,820
I was standing looking at this thing as

513
00:21:58,190 --> 00:21:56,340

it executed this perfect turn right

514

00:22:02,330 --> 00:21:58,200

above my head so that that chain that

515

00:22:04,610 --> 00:22:02,340

that gave you a personal huh okay yeah

516

00:22:08,570 --> 00:22:04,620

what's going on here something different

517

00:22:10,789 --> 00:22:08,580

because I mean we had seen stuff that we

518

00:22:14,029 --> 00:22:10,799

couldn't really sort of you know get our

519

00:22:15,830 --> 00:22:14,039

teeth into this was really kind of in

520

00:22:18,409 --> 00:22:15,840

your face you know and that that

521

00:22:20,450 --> 00:22:18,419

happened within two months of of being

522

00:22:22,610 --> 00:22:20,460

deployed on the property the second

523

00:22:24,830 --> 00:22:22,620

major thing happened a few months later

524

00:22:26,570 --> 00:22:24,840

we were standing and again Eric Davis

525

00:22:28,909 --> 00:22:26,580

was there

526

00:22:31,850 --> 00:22:28,919

um we were standing out in this small

527

00:22:34,010 --> 00:22:31,860

posture near Homestead to what's called

528

00:22:37,909 --> 00:22:34,020

Homestead two on or used to be called

529

00:22:40,070 --> 00:22:37,919

Homestead two on skin marker Ranch and

530

00:22:41,450 --> 00:22:40,080

um we had two dogs with us

531

00:22:45,649 --> 00:22:41,460

and

532

00:22:48,950 --> 00:22:45,659

probably a hundred feet to my left

533

00:22:52,730 --> 00:22:48,960

maybe 50 yards to my left suddenly out

534

00:22:55,850 --> 00:22:52,740

of nowhere this basketball sized object

535

00:22:59,930 --> 00:22:55,860

appeared about 15 feet above the ground

536

00:23:03,049 --> 00:22:59,940

it was brightly lit silent and it just

537

00:23:05,230 --> 00:23:03,059

moved around both myself and Eric Davis

538

00:23:08,330 --> 00:23:05,240

were looking at it and then it

539

00:23:10,190 --> 00:23:08,340

maintained the dogs were very silent

540

00:23:12,710 --> 00:23:10,200

they were right beside us when this was

541

00:23:14,990 --> 00:23:12,720

happening but then it vanished I mean it

542

00:23:18,529 --> 00:23:15,000

just kind of disappeared so this is uh

543

00:23:21,529 --> 00:23:18,539

Dr Eric Davis who has worked in these

544

00:23:23,870 --> 00:23:21,539

government UFO programs right who's a

545

00:23:25,430 --> 00:23:23,880

brilliant scientist so you guys are

546

00:23:27,169 --> 00:23:25,440

standing there and this is the second

547

00:23:29,510 --> 00:23:27,179

thing that really kind of shows you in

548

00:23:31,610 --> 00:23:29,520

your face you're saying basketball sized

549

00:23:34,010 --> 00:23:31,620

at a relatively close distance yeah it

550

00:23:37,070 --> 00:23:34,020

was probably 15 feet off the ground and

551
00:23:40,490 --> 00:23:37,080
probably 50 yards towards South now this

552
00:23:42,470 --> 00:23:40,500
is a very small pasture bounded by trees

553
00:23:44,450 --> 00:23:42,480
on either side and Pitch Black Knight

554
00:23:46,669 --> 00:23:44,460
like I mean yeah we're talking close to

555
00:23:50,029 --> 00:23:46,679
midnight here we were on a night watch

556
00:23:52,430 --> 00:23:50,039
we were actually there to check out a

557
00:23:55,250 --> 00:23:52,440
report from another investigator who had

558
00:23:57,289 --> 00:23:55,260
seen weird lights around this Homestead

559
00:23:59,750 --> 00:23:57,299
too so we were there the following night

560
00:24:01,789 --> 00:23:59,760
to to see if we could see anything okay

561
00:24:04,070 --> 00:24:01,799
so where are your cameras where your

562
00:24:06,830 --> 00:24:04,080
video cameras that's you know what well

563
00:24:10,010 --> 00:24:06,840

we what Eric Davis had a pair of night

564

00:24:12,970 --> 00:24:10,020

vision binoculars I had a pair I had I

565

00:24:15,529 --> 00:24:12,980

mean this was 1996 so I had a camera

566

00:24:17,930 --> 00:24:15,539

with infrared

567

00:24:20,029 --> 00:24:17,940

um infrared film back in the old days

568

00:24:23,169 --> 00:24:20,039

when we used to use film

569

00:24:26,450 --> 00:24:23,179

um infrared film in the camera so

570

00:24:29,570 --> 00:24:26,460

this happened probably three to four or

571

00:24:32,630 --> 00:24:29,580

five seconds okay so this was not a

572

00:24:34,490 --> 00:24:32,640

thing where we uh we sort of set up the

573

00:24:37,070 --> 00:24:34,500

camera on a tripod and start filming

574

00:24:39,830 --> 00:24:37,080

kind of thing this was boom and then it

575

00:24:42,590 --> 00:24:39,840

was gone but we did have long these

576

00:24:44,870 --> 00:24:42,600

incredibly powerful flashlights that law

577

00:24:47,029 --> 00:24:44,880

enforcement used I mean there were this

578

00:24:49,250 --> 00:24:47,039

massive batteries I mean these 20 pound

579

00:24:51,710 --> 00:24:49,260

batteries that you would carry and we

580

00:24:53,750 --> 00:24:51,720

lit up the pasture within a second of

581

00:24:56,990 --> 00:24:53,760

this thing disappearing I mean we lit up

582

00:24:59,149 --> 00:24:57,000

everything and you know

583

00:25:01,190 --> 00:24:59,159

first hypothesis is that somebody was

584

00:25:02,990 --> 00:25:01,200

playing a trick with us or you know

585

00:25:05,270 --> 00:25:03,000

somebody was projecting something from

586

00:25:08,529 --> 00:25:05,280

somewhere but we could find no evidence

587

00:25:11,510 --> 00:25:08,539

whatsoever of

588

00:25:13,850 --> 00:25:11,520

anybody except us in this pasture and

589

00:25:15,890 --> 00:25:13,860

it's dangerous to go like going to

590

00:25:18,110 --> 00:25:15,900

Skinwalker ranchers also live in rural

591

00:25:20,270 --> 00:25:18,120

myself like it's dangerous but today

592

00:25:21,770 --> 00:25:20,280

walk on people's property I mean it is

593

00:25:23,169 --> 00:25:21,780

like a major thing to be sneaking around

594

00:25:26,269 --> 00:25:23,179

there and you got an investigate

595

00:25:27,830 --> 00:25:26,279

investigative team government-led on

596

00:25:29,390 --> 00:25:27,840

that property I know there have been

597

00:25:31,669 --> 00:25:29,400

some very serious security that was

598

00:25:33,350 --> 00:25:31,679

going on at that time during some of the

599

00:25:36,110 --> 00:25:33,360

time you're working too so right it's

600

00:25:38,890 --> 00:25:36,120

just it's wild to me that you so you get

601
00:25:43,130 --> 00:25:38,900
these two displays and that that does

602
00:25:46,490 --> 00:25:43,140
change how does it change the way that

603
00:25:52,930 --> 00:25:46,500
you look at what you're doing now well

604
00:25:59,350 --> 00:25:52,940
you you know that my personal experience

605
00:26:02,570 --> 00:25:59,360
encompasses now as of 1996 1997

606
00:26:05,990 --> 00:26:02,580
objects that are very difficult to

607
00:26:08,930 --> 00:26:06,000
explain that I personally experienced so

608
00:26:12,049 --> 00:26:08,940
I mean do I

609
00:26:14,630 --> 00:26:12,059
write a scientific paper about this no

610
00:26:16,610 --> 00:26:14,640
um there's it's not reproducible there's

611
00:26:20,630 --> 00:26:16,620
not enough evidence these are transient

612
00:26:22,789 --> 00:26:20,640
phenomena but the in your face nature of

613
00:26:26,990 --> 00:26:22,799

both of these events

614

00:26:29,029 --> 00:26:27,000

um and the the way they happened and uh

615

00:26:31,970 --> 00:26:29,039

how they happened

616

00:26:34,850 --> 00:26:31,980

um changed my perspective because now

617

00:26:37,070 --> 00:26:34,860

you know I've personally seen something

618

00:26:39,110 --> 00:26:37,080

that I can't explain and he saw things

619

00:26:40,669 --> 00:26:39,120

that were way more spectacular after

620

00:26:43,250 --> 00:26:40,679

that those are just the first ones I

621

00:26:46,010 --> 00:26:43,260

mean some of the things that we reported

622

00:26:49,430 --> 00:26:46,020

in the book on for the skinwalker were

623

00:26:52,669 --> 00:26:49,440

just mind-bogglingly weird and then you

624

00:26:55,010 --> 00:26:52,679

know I wish the the stories that kind of

625

00:26:56,990 --> 00:26:55,020

got under my skin cause the the

626

00:26:58,549 --> 00:26:57,000

Goosebumps were the what you'd call

627

00:27:00,409 --> 00:26:58,559

Poltergeist now we don't know if it's

628

00:27:02,330 --> 00:27:00,419

Poltergeist but it's just mind games

629

00:27:04,130 --> 00:27:02,340

that are played on but the ranching

630

00:27:06,409 --> 00:27:04,140

family and I think on you guys you know

631

00:27:09,710 --> 00:27:06,419

things disappearing a frying pan enough

632

00:27:11,510 --> 00:27:09,720

in the freezer or uh the the wife uh

633

00:27:13,490 --> 00:27:11,520

brings home all the groceries puts it

634

00:27:15,169 --> 00:27:13,500

away comes back in the room and it's all

635

00:27:16,850 --> 00:27:15,179

back in the bags that kind of weird

636

00:27:19,190 --> 00:27:16,860

stuff did those kind of things happen to

637

00:27:21,649 --> 00:27:19,200

you and and what was going on there much

638

00:27:25,310 --> 00:27:21,659

much less uh though there were

639

00:27:28,250 --> 00:27:25,320

definitely two phases of activity on

640

00:27:29,750 --> 00:27:28,260

skin marker ranch when when the Gormans

641

00:27:32,029 --> 00:27:29,760

what we call the Gormans and we're going

642

00:27:34,370 --> 00:27:32,039

to stick with that name even though

643

00:27:37,850 --> 00:27:34,380

um you know it's out

644

00:27:39,010 --> 00:27:37,860

um when they moved on in 1994 all the

645

00:27:42,529 --> 00:27:39,020

way through

646

00:27:45,470 --> 00:27:42,539

1996 when Robert Bigelow purchased the

647

00:27:47,750 --> 00:27:45,480

property I mean they had gone through a

648

00:27:50,450 --> 00:27:47,760

Litany of

649

00:27:55,669 --> 00:27:50,460

um Poltergeist activity and essentially

650

00:27:57,769 --> 00:27:55,679

mind games they were victims of of of a

651
00:28:00,890 --> 00:27:57,779
series of Mind Games that seemed to be

652
00:28:02,510 --> 00:28:00,900
escalating over time I mean when when we

653
00:28:05,450 --> 00:28:02,520
first encountered them on the property

654
00:28:07,130 --> 00:28:05,460
they were all sleeping in the front room

655
00:28:08,810 --> 00:28:07,140
of the house I mean they were huddled

656
00:28:11,330 --> 00:28:08,820
together they had

657
00:28:14,269 --> 00:28:11,340
um you know they were they were sort of

658
00:28:15,850 --> 00:28:14,279
stressed to put it mildly because they

659
00:28:19,010 --> 00:28:15,860
couldn't figure out what was happening

660
00:28:21,049 --> 00:28:19,020
uh many of their cattle had died for

661
00:28:23,510 --> 00:28:21,059
under mysterious circumstances either

662
00:28:26,090 --> 00:28:23,520
through mutilations that happened on

663
00:28:28,370 --> 00:28:26,100

their property or disappearance and

664

00:28:31,130 --> 00:28:28,380

these were very very expensive high-end

665

00:28:34,190 --> 00:28:31,140

cattle I mean the normal attrition rate

666

00:28:36,289 --> 00:28:34,200

for an 80 herd cattle had to be less

667

00:28:38,870 --> 00:28:36,299

than one percent to make economic sense

668

00:28:42,769 --> 00:28:38,880

and we were talking 20 percent attrition

669

00:28:44,570 --> 00:28:42,779

over a period of almost two years so

670

00:28:47,269 --> 00:28:44,580

um you know the the Gorman family

671

00:28:50,269 --> 00:28:47,279

essentially were put out of business by

672

00:28:53,870 --> 00:28:50,279

what was going on on the property so we

673

00:28:56,269 --> 00:28:53,880

met a very very stressed family that had

674

00:28:59,450 --> 00:28:56,279

been victimized by something that they

675

00:29:02,630 --> 00:28:59,460

could not understand but once we got on

676
00:29:05,390 --> 00:29:02,640
the property you know suddenly we were

677
00:29:08,570 --> 00:29:05,400
hunting this I mean the whole mindset

678
00:29:12,830 --> 00:29:08,580
changed on the property beginning in

679
00:29:15,470 --> 00:29:12,840
September of 1996 the hunter or the the

680
00:29:17,210 --> 00:29:15,480
haunted became you know the hunters so

681
00:29:19,789 --> 00:29:17,220
we were deployed on the property

682
00:29:22,430 --> 00:29:19,799
specifically to seek out what was on the

683
00:29:24,529 --> 00:29:22,440
property to try to measure it we we

684
00:29:25,850 --> 00:29:24,539
started incorporating sensors on the

685
00:29:28,430 --> 00:29:25,860
property

686
00:29:32,029 --> 00:29:28,440
but the whole attitude mental attitude

687
00:29:34,610 --> 00:29:32,039
changed dramatically overnight from this

688
00:29:38,630 --> 00:29:34,620

family who were being victimized in this

689

00:29:40,430 --> 00:29:38,640

sort of you know Relentless way to the

690

00:29:43,210 --> 00:29:40,440

the point where they had to sell to get

691

00:29:46,430 --> 00:29:43,220

off the property to suddenly we were

692

00:29:48,649 --> 00:29:46,440

equipped we were there we were not

693

00:29:51,049 --> 00:29:48,659

victimized we were hunting this thing

694

00:29:52,730 --> 00:29:51,059

what was on the property which is why we

695

00:29:56,210 --> 00:29:52,740

termed the book hunt for the skinwalker

696

00:29:58,730 --> 00:29:56,220

we were we were hunting this and um it

697

00:30:01,430 --> 00:29:58,740

was a very very different

698

00:30:03,889 --> 00:30:01,440

um mindset let's talk about this idea

699

00:30:05,750 --> 00:30:03,899

because uh the other aspect of it that

700

00:30:07,850 --> 00:30:05,760

gets a lot of attention now including

701
00:30:10,610 --> 00:30:07,860
from critics and debunkers are creatures

702
00:30:11,810 --> 00:30:10,620
call them Cryptids animals that don't

703
00:30:14,090 --> 00:30:11,820
really exist

704
00:30:16,070 --> 00:30:14,100
there were you guys saw those things at

705
00:30:17,990 --> 00:30:16,080
the Rancher saw them other people who

706
00:30:19,850 --> 00:30:18,000
live in that area saw these things

707
00:30:21,710 --> 00:30:19,860
animals that should not be there

708
00:30:24,230 --> 00:30:21,720
remember one of the stories we told in

709
00:30:26,630 --> 00:30:24,240
the book was about a a big hyena

710
00:30:29,029 --> 00:30:26,640
muscular hyena thing with the tail of

711
00:30:31,070 --> 00:30:29,039
what looked like a fox a big bushy tail

712
00:30:33,409 --> 00:30:31,080
right that it was attacking a horse it

713
00:30:35,389 --> 00:30:33,419

actually wounded the horse's calves with

714

00:30:38,750 --> 00:30:35,399

these scratches and then disappeared

715

00:30:41,389 --> 00:30:38,760

there were the Rancher who shot two

716

00:30:44,029 --> 00:30:41,399

creatures out of a tree one great big

717

00:30:46,250 --> 00:30:44,039

realm thing he shot it and it vanished

718

00:30:48,230 --> 00:30:46,260

he shot something else out of a tree and

719

00:30:50,510 --> 00:30:48,240

it was like a dinosaur it left these two

720

00:30:52,669 --> 00:30:50,520

really weird tracks in the snow and you

721

00:30:54,909 --> 00:30:52,679

guys go in and Chase it there were other

722

00:30:57,470 --> 00:30:54,919

animals other creatures that were seen

723

00:30:59,389 --> 00:30:57,480

exotic birds things that don't belong

724

00:31:01,610 --> 00:30:59,399

there they're not native it was as if

725

00:31:04,430 --> 00:31:01,620

they're from another reality it was as

726

00:31:06,830 --> 00:31:04,440

if they're from another time right um it

727

00:31:09,230 --> 00:31:06,840

was almost as if you were being shown

728

00:31:11,149 --> 00:31:09,240

this stuff it was so ridiculous that no

729

00:31:13,130 --> 00:31:11,159

one could possibly believe it these

730

00:31:15,950 --> 00:31:13,140

things don't exist and yet there they

731

00:31:17,810 --> 00:31:15,960

are yeah I mean there's there's I think

732

00:31:20,810 --> 00:31:17,820

Jacques Vale coined this term there's a

733

00:31:23,510 --> 00:31:20,820

love level of absurdity associated with

734

00:31:26,269 --> 00:31:23,520

the with these kinds of reports and

735

00:31:27,710 --> 00:31:26,279

sightings that you know you know that if

736

00:31:29,510 --> 00:31:27,720

you report this kind of stuff you're

737

00:31:31,850 --> 00:31:29,520

going to be ridiculed

738

00:31:36,529 --> 00:31:31,860

um but the fact is during the OSAP

739

00:31:39,769 --> 00:31:36,539

program we did start investigating uh

740

00:31:42,350 --> 00:31:39,779

activity with these uh sightings around

741

00:31:45,049 --> 00:31:42,360

the the ranch all of the neighbors and

742

00:31:46,490 --> 00:31:45,059

within a two mile radius or so we

743

00:31:49,789 --> 00:31:46,500

interviewed a lot of different people

744

00:31:54,010 --> 00:31:49,799

and we accumulated a ridiculous number

745

00:31:56,930 --> 00:31:54,020

of anecdotal stories of people reporting

746

00:32:00,649 --> 00:31:56,940

creatures everything from these kind of

747

00:32:03,409 --> 00:32:00,659

item the the Gargoyles that are on top

748

00:32:06,110 --> 00:32:03,419

of Notre Dame cathedral in Paris you

749

00:32:08,389 --> 00:32:06,120

know sort of these types of of creatures

750

00:32:12,470 --> 00:32:08,399

that were seen within a mile of the

751

00:32:16,610 --> 00:32:12,480

ranch we also had sort of various

752

00:32:18,649 --> 00:32:16,620

um iterations of two leg or four-legged

753

00:32:21,289 --> 00:32:18,659

creatures that were walking on two legs

754

00:32:24,350 --> 00:32:21,299

that are anatomically impossible for

755

00:32:27,470 --> 00:32:24,360

these kinds of wolves or coyotes to be

756

00:32:30,350 --> 00:32:27,480

able to walk on on two legs we had many

757

00:32:32,450 --> 00:32:30,360

many stories of of those so what we

758

00:32:35,149 --> 00:32:32,460

actually did towards the end of the ASAP

759

00:32:38,389 --> 00:32:35,159

program was that we we constructed a

760

00:32:41,210 --> 00:32:38,399

Google map version of the Skinwalker

761

00:32:44,570 --> 00:32:41,220

Ranch and we overlaid all of the

762

00:32:46,430 --> 00:32:44,580

eyewitness locations who had seen these

763

00:32:49,310 --> 00:32:46,440

and we're talking dozens of different

764

00:32:52,549 --> 00:32:49,320

people who had seen these uh creatures

765

00:32:55,610 --> 00:32:52,559

and so then we we asked part of the

766

00:32:57,769 --> 00:32:55,620

interview process was was we asked what

767

00:33:01,250 --> 00:32:57,779

direction these creatures were moving

768

00:33:03,970 --> 00:33:01,260

when they were seen and we mapped all of

769

00:33:06,830 --> 00:33:03,980

that stuff on a Google map

770

00:33:10,490 --> 00:33:06,840

and we looked at it and lo and behold

771

00:33:12,710 --> 00:33:10,500

there was a very striking pattern all of

772

00:33:15,169 --> 00:33:12,720

these creatures were starting off in the

773

00:33:17,090 --> 00:33:15,179

Southeast and they were moving in a

774

00:33:19,730 --> 00:33:17,100

northwesterly Direction

775

00:33:21,889 --> 00:33:19,740

so you could see on the Google Map a

776

00:33:23,870 --> 00:33:21,899

series of lines that crisscrossed the

777

00:33:25,970 --> 00:33:23,880

ranch but they were all moving from

778

00:33:29,450 --> 00:33:25,980

Southeast to Northwest

779

00:33:31,430 --> 00:33:29,460

there's a story that that we told in the

780

00:33:33,110 --> 00:33:31,440

hunt for the skinwalker and Colin and I

781

00:33:35,090 --> 00:33:33,120

debated about it geez do we include this

782

00:33:37,190 --> 00:33:35,100

one because it's pretty crazy it was uh

783

00:33:39,710 --> 00:33:37,200

the these the witnesses or police

784

00:33:41,389 --> 00:33:39,720

officers they're cops uh in Tribal

785

00:33:44,870 --> 00:33:41,399

Police right and they come around a

786

00:33:47,990 --> 00:33:44,880

corner yeah at night uh up on the the

787

00:33:49,789 --> 00:33:48,000

paved Road up or near the the dirt road

788

00:33:52,009 --> 00:33:49,799

that you take into the ranch and they

789

00:33:55,009 --> 00:33:52,019

see these figures standing in trench

790

00:33:57,710 --> 00:33:55,019

coats smoking cigarettes and they shine

791

00:34:00,049 --> 00:33:57,720

a light on them and they're dogs and we

792

00:34:02,330 --> 00:34:00,059

had to debate do we do we put this in

793

00:34:04,669 --> 00:34:02,340

that these two dogs are smoking

794

00:34:06,169 --> 00:34:04,679

cigarettes we figured well what the heck

795

00:34:08,210 --> 00:34:06,179

does just throw it throw it out there

796

00:34:10,790 --> 00:34:08,220

look I mean yeah you guys get so much

797

00:34:12,589 --> 00:34:10,800

for that for including what you're

798

00:34:14,690 --> 00:34:12,599

told by the law enforcement there and I

799

00:34:16,369 --> 00:34:14,700

I've also experienced like when we

800

00:34:18,889 --> 00:34:16,379

earned the trust and we're allowed to be

801

00:34:20,510 --> 00:34:18,899

the first to film with certain uh youth

802

00:34:22,430 --> 00:34:20,520

tribe members and law enforcement

803

00:34:24,409 --> 00:34:22,440

members some off camera some on camera

804

00:34:27,530 --> 00:34:24,419

there's a big difference of someone just

805

00:34:29,690 --> 00:34:27,540

telling you a tall tale and then just

806

00:34:32,089 --> 00:34:29,700

seeing the fear in their eyes and

807

00:34:34,369 --> 00:34:32,099

hearing what happened to them after that

808

00:34:35,990 --> 00:34:34,379

event and and the impact it had on their

809

00:34:37,730 --> 00:34:36,000

families they're they're telling you as

810

00:34:40,609 --> 00:34:37,740

serious as a heart attack I'm just

811

00:34:44,030 --> 00:34:40,619

taking the stance of like even I have an

812

00:34:46,250 --> 00:34:44,040

allergy to these stories someone tells

813

00:34:49,490 --> 00:34:46,260

you something fine I'm just saying that

814

00:34:51,829 --> 00:34:49,500

that's what happens it's too big it's

815

00:34:52,970 --> 00:34:51,839

too outrageous I'm glad you did put in

816

00:34:55,070 --> 00:34:52,980

the book you're reporting the news

817

00:34:56,510 --> 00:34:55,080

that's what you're supposed to do but

818

00:35:00,349 --> 00:34:56,520

you you

819

00:35:02,089 --> 00:35:00,359

actually saw in a tree I mean you had a

820

00:35:03,890 --> 00:35:02,099

personal experience and I know you and I

821

00:35:05,990 --> 00:35:03,900

know the way your mind works and I know

822

00:35:07,790 --> 00:35:06,000

that there's there how serious is you

823

00:35:08,690 --> 00:35:07,800

some of your responsibilities are you're

824

00:35:11,390 --> 00:35:08,700

going to tell you're going to shoot me

825

00:35:14,270 --> 00:35:11,400

straight but so when when Colin when you

826

00:35:17,210 --> 00:35:14,280

tell me what you saw you know and and

827

00:35:19,190 --> 00:35:17,220

then it means more to me because I'm one

828

00:35:21,349 --> 00:35:19,200

degree from somebody that that I know

829

00:35:23,329 --> 00:35:21,359

and trust and go have a beer with so I'm

830

00:35:25,550 --> 00:35:23,339

just saying it yeah you know what we

831

00:35:26,990 --> 00:35:25,560

hear uh no I've seen it a bunch of times

832

00:35:28,790 --> 00:35:27,000

if you don't have a photo it didn't

833

00:35:30,650 --> 00:35:28,800

happen well you know how it would work

834

00:35:33,230 --> 00:35:30,660

is if you did have a photo the photo is

835

00:35:35,390 --> 00:35:33,240

not real but uh you know whatever the

836

00:35:36,530 --> 00:35:35,400

level of evidence is it wouldn't ever be

837

00:35:38,450 --> 00:35:36,540

enough for people who don't want to

838

00:35:40,970 --> 00:35:38,460

believe it but as you said some of it

839

00:35:42,589 --> 00:35:40,980

seems to be ridiculous by Design so

840

00:35:46,010 --> 00:35:42,599

Preposterous that nobody could believe

841

00:35:47,150 --> 00:35:46,020

it and it's so imaginative but um you

842

00:35:49,130 --> 00:35:47,160

know

843

00:35:51,109 --> 00:35:49,140

bottle Hollow for example we haven't

844

00:35:52,310 --> 00:35:51,119

talked about that on any podcasts or

845

00:35:54,109 --> 00:35:52,320

interviews that you and I have done but

846

00:35:56,450 --> 00:35:54,119

we we did include a little bit of it in

847

00:35:58,490 --> 00:35:56,460

your film Jeremy bottle Hollow is not

848

00:36:01,609 --> 00:35:58,500

Loch Ness it's not thousands of years

849

00:36:04,130 --> 00:36:01,619

old it's a it's a reservoir created less

850

00:36:06,349 --> 00:36:04,140

than 200 years ago and yet it's got

851
00:36:09,230 --> 00:36:06,359
stories of creatures that sound much

852
00:36:10,849 --> 00:36:09,240
like the creatures you'd see in lakes

853
00:36:14,510 --> 00:36:10,859
around the world that are much much

854
00:36:15,829 --> 00:36:14,520
older not only creatures but lights and

855
00:36:17,930 --> 00:36:15,839
things that come out of the sky you and

856
00:36:19,849 --> 00:36:17,940
I interviewed some some witnesses right

857
00:36:22,430 --> 00:36:19,859
on the on the shores of bottle Hollow

858
00:36:25,010 --> 00:36:22,440
what do you make of that yeah I mean

859
00:36:27,650 --> 00:36:25,020
that that as you say that this is not

860
00:36:30,230 --> 00:36:27,660
sort of thousands of years old but it's

861
00:36:33,470 --> 00:36:30,240
also happens to be right beside the skin

862
00:36:36,050 --> 00:36:33,480
marker wrench and within almost shouting

863
00:36:36,950 --> 00:36:36,060

distance of skin walk around so

864

00:36:39,710 --> 00:36:36,960

um

865

00:36:42,290 --> 00:36:39,720

all of the interviews that we did are

866

00:36:44,750 --> 00:36:42,300

consistent with this sort of

867

00:36:47,810 --> 00:36:44,760

um skin marker wrench is not anything

868

00:36:50,950 --> 00:36:47,820

exceptional it just happens to have been

869

00:36:56,089 --> 00:36:50,960

studied intensively since

870

00:36:59,630 --> 00:36:56,099

1994 or slash 1996 but you know all of

871

00:37:03,250 --> 00:36:59,640

the all of the areas around Skinwalker

872

00:37:07,310 --> 00:37:03,260

Ranch are privy to this

873

00:37:10,010 --> 00:37:07,320

absurd a level of activity that includes

874

00:37:12,890 --> 00:37:10,020

a paranormal phenomena includes

875

00:37:16,210 --> 00:37:12,900

Poltergeist phenomena and also includes

876

00:37:19,370 --> 00:37:16,220

metallic objects that seem seem to be

877

00:37:21,589 --> 00:37:19,380

co-located and are appearing and

878

00:37:24,790 --> 00:37:21,599

disappearing at the same time now the

879

00:37:28,010 --> 00:37:24,800

question are is are these completely

880

00:37:31,250 --> 00:37:28,020

unrelated phenomena or should they not

881

00:37:32,349 --> 00:37:31,260

be reported alongside these creature

882

00:37:35,150 --> 00:37:32,359

type type

883

00:37:38,030 --> 00:37:35,160

activities should they not be reported

884

00:37:42,130 --> 00:37:38,040

alongside the metallic objects that are

885

00:37:44,990 --> 00:37:42,140

seen and reported or should all of this

886

00:37:47,210 --> 00:37:45,000

all of these phenomena be reported I

887

00:37:49,550 --> 00:37:47,220

mean that's kind of the central question

888

00:37:51,829 --> 00:37:49,560

that preoccupies people and it's

889

00:37:54,890 --> 00:37:51,839

certainly preoccupied us when we were

890

00:37:57,170 --> 00:37:54,900

initiating the OSAP program because we

891

00:38:00,589 --> 00:37:57,180

knew we would run into this this

892

00:38:02,569 --> 00:38:00,599

discrepancy between what is acceptable

893

00:38:05,089 --> 00:38:02,579

versus what what is not acceptable right

894

00:38:06,829 --> 00:38:05,099

now Guts and Bolts UFO compared right so

895

00:38:08,630 --> 00:38:06,839

of course you should report everything

896

00:38:10,790 --> 00:38:08,640

what you're talking about is you have

897

00:38:13,010 --> 00:38:10,800

this Dia government program to look at

898

00:38:15,230 --> 00:38:13,020

high-end technology Maybe by Foreign

899

00:38:17,030 --> 00:38:15,240

adversary should we tell them that a lot

900

00:38:18,770 --> 00:38:17,040

of this is associated with these

901
00:38:20,390 --> 00:38:18,780
absolutely bizarre things that's the

902
00:38:21,829 --> 00:38:20,400
discrepancy as reporters we're going to

903
00:38:23,870 --> 00:38:21,839
report the news like you did about the

904
00:38:26,810 --> 00:38:23,880
the story from the cops of the smoking

905
00:38:29,690 --> 00:38:26,820
dog that whole thing but you know this

906
00:38:33,470 --> 00:38:29,700
idea that the entire you into base and

907
00:38:35,630 --> 00:38:33,480
is homogeneously having these

908
00:38:38,030 --> 00:38:35,640
experiences and it's not just a cultural

909
00:38:40,910 --> 00:38:38,040
thing from from a different generation

910
00:38:42,829 --> 00:38:40,920
that was what's so interesting to me you

911
00:38:45,470 --> 00:38:42,839
bring people into that area who are like

912
00:38:47,329 --> 00:38:45,480
you science scientists and you bring

913
00:38:50,150 --> 00:38:47,339

every kind of person from every kind of

914

00:38:52,790 --> 00:38:50,160

culture given enough time not one day on

915

00:38:54,890 --> 00:38:52,800

the ranch not two days hundreds and

916

00:38:58,550 --> 00:38:54,900

hundreds of 24-hour surveillance days

917

00:39:00,170 --> 00:38:58,560

under unique circumstances bam it's not

918

00:39:01,730 --> 00:39:00,180

a cultural thing in that area that

919

00:39:03,890 --> 00:39:01,740

really dawned on me when we did a bunch

920

00:39:06,890 --> 00:39:03,900

of our interviews you know so so that's

921

00:39:09,650 --> 00:39:06,900

interesting I don't get why this one

922

00:39:12,650 --> 00:39:09,660

area although there's others why an area

923

00:39:14,750 --> 00:39:12,660

would have more of this unless it's some

924

00:39:16,910 --> 00:39:14,760

Advanced uh technology from a nation

925

00:39:19,490 --> 00:39:16,920

that wants to like try out the beta test

926
00:39:21,290 --> 00:39:19,500
their stuff or even our own why this

927
00:39:22,910 --> 00:39:21,300
area there's no answer to that right

928
00:39:25,849 --> 00:39:22,920
that we know of

929
00:39:27,349 --> 00:39:25,859
um all of the the different hot spots

930
00:39:29,930 --> 00:39:27,359
around the United States and around

931
00:39:31,130 --> 00:39:29,940
Europe and in different there's really

932
00:39:34,490 --> 00:39:31,140
no

933
00:39:36,050 --> 00:39:34,500
obvious explanation of why these hot

934
00:39:38,990 --> 00:39:36,060
spots

935
00:39:41,930 --> 00:39:39,000
um exist but they are they definitely

936
00:39:43,550 --> 00:39:41,940
exist uh the Uinta Basin is is the

937
00:39:45,470 --> 00:39:43,560
obvious example we've got another one

938
00:39:48,650 --> 00:39:45,480

we've spent a lot of time in Dulce in

939

00:39:51,170 --> 00:39:48,660

New Mexico the overlap between the sort

940

00:39:52,990 --> 00:39:51,180

of bizarre

941

00:39:56,329 --> 00:39:53,000

um you know

942

00:39:58,970 --> 00:39:56,339

nutsibles craft and then bizarre

943

00:40:02,569 --> 00:39:58,980

creatures is the same in Northern New

944

00:40:04,490 --> 00:40:02,579

Mexico as it was or in the Uinta Basin I

945

00:40:05,990 --> 00:40:04,500

think the all of the legends that came

946

00:40:08,569 --> 00:40:06,000

out of the San Luis Valley in Colorado

947

00:40:11,329 --> 00:40:08,579

for example that Chris O'Brien and

948

00:40:13,130 --> 00:40:11,339

others have reported on you've got sort

949

00:40:16,550 --> 00:40:13,140

of the black triangle phenomenon you've

950

00:40:20,089 --> 00:40:16,560

got various UFOs metallic objects

951
00:40:23,089 --> 00:40:20,099
overlaid exactly with Bigfoot and with a

952
00:40:26,329 --> 00:40:23,099
lot of different anomalies and uh

953
00:40:28,910 --> 00:40:26,339
paranormal effects so you know Jacques

954
00:40:32,450 --> 00:40:28,920
Vale coined this term that the hilltop

955
00:40:36,530 --> 00:40:32,460
effect you know that that if you go in

956
00:40:38,690 --> 00:40:36,540
to investigate a UFO phenomenon you the

957
00:40:41,510 --> 00:40:38,700
first layer of interviewing of the

958
00:40:45,349 --> 00:40:41,520
witnesses you get all of the uh all of

959
00:40:47,089 --> 00:40:45,359
the reports about The anecdotal sort of

960
00:40:49,069 --> 00:40:47,099
metallic craft that appeared and

961
00:40:51,770 --> 00:40:49,079
disappeared it did right angle turns of

962
00:40:55,130 --> 00:40:51,780
the sky it was it was flashing bright

963
00:40:57,950 --> 00:40:55,140

red and bright bright blue colors that

964

00:41:00,410 --> 00:40:57,960

kind of thing but you know his his whole

965

00:41:04,190 --> 00:41:00,420

thing was that if you keep on going back

966

00:41:07,069 --> 00:41:04,200

Time After Time After Time the witnesses

967

00:41:09,770 --> 00:41:07,079

start trusting you and when they start

968

00:41:11,329 --> 00:41:09,780

trusting you they start opening up tell

969

00:41:13,490 --> 00:41:11,339

you the rest of this and then they start

970

00:41:15,650 --> 00:41:13,500

talking about the weird stuff that they

971

00:41:19,490 --> 00:41:15,660

wouldn't dream of of telling a stranger

972

00:41:22,430 --> 00:41:19,500

so if got a lot of these investigations

973

00:41:25,370 --> 00:41:22,440

that happen and you've only got the left

974

00:41:28,190 --> 00:41:25,380

hand part of the the hilltop curve

975

00:41:31,430 --> 00:41:28,200

and it's kind of like this gaussian uh

976

00:41:34,730 --> 00:41:31,440

curve that is as as you go further and

977

00:41:38,150 --> 00:41:34,740

further uh you've got a lot of activity

978

00:41:42,290 --> 00:41:38,160

a lot of reports but the weirder things

979

00:41:45,230 --> 00:41:42,300

become uh the less reporting happens or

980

00:41:47,329 --> 00:41:45,240

yeah people come to us all the time very

981

00:41:49,370 --> 00:41:47,339

serious people that work in you know

982

00:41:50,930 --> 00:41:49,380

really uh you know secure jobs right

983

00:41:53,569 --> 00:41:50,940

security jobs that kind of thing for our

984

00:41:56,450 --> 00:41:53,579

nation and they'll be like just want you

985

00:41:59,150 --> 00:41:56,460

to know and it is a nuts and bolts story

986

00:42:01,730 --> 00:41:59,160

an explanation

987

00:42:03,170 --> 00:42:01,740

just nuts and bolts from a very serious

988

00:42:04,730 --> 00:42:03,180

Engineers that kind of thing just using

989

00:42:08,329 --> 00:42:04,740

an example

990

00:42:09,829 --> 00:42:08,339

after a couple weeks maybe a month

991

00:42:12,109 --> 00:42:09,839

it'll be like

992

00:42:15,109 --> 00:42:12,119

there's one other thing I I don't know

993

00:42:17,210 --> 00:42:15,119

if it's Associated specifically with

994

00:42:19,490 --> 00:42:17,220

what I told you I saw that I know for

995

00:42:23,150 --> 00:42:19,500

sure is right and then I'm like here it

996

00:42:26,450 --> 00:42:23,160

comes there's there's often times this

997

00:42:29,569 --> 00:42:26,460

other element to it that transcends the

998

00:42:32,810 --> 00:42:29,579

physical nuts and bolts aspect of UFOs

999

00:42:34,910 --> 00:42:32,820

maybe it's a Consciousness effect maybe

1000

00:42:36,950 --> 00:42:34,920

it's I don't know what to name it I

1001
00:42:39,050 --> 00:42:36,960
can't deny that that is often Associated

1002
00:42:41,150 --> 00:42:39,060
not always at all not always right but

1003
00:42:42,770 --> 00:42:41,160
it's a lot a lot and it's there and it's

1004
00:42:44,870 --> 00:42:42,780
in your face sometimes it goes the heart

1005
00:42:47,089 --> 00:42:44,880
of what OSAP was supposed to be and

1006
00:42:48,950 --> 00:42:47,099
people who only have read a little bit

1007
00:42:51,349 --> 00:42:48,960
about it who thinks they're experts say

1008
00:42:53,510 --> 00:42:51,359
the ones who will say it was supposed to

1009
00:42:55,670 --> 00:42:53,520
be a UFO program or the ones who

1010
00:42:57,829 --> 00:42:55,680
criticize there's no language about UFOs

1011
00:42:59,930 --> 00:42:57,839
in any of the documents and you did that

1012
00:43:01,550 --> 00:42:59,940
on purpose and then those who will say

1013
00:43:03,230 --> 00:43:01,560

it was killed because it looked at all

1014

00:43:05,870 --> 00:43:03,240

this crazy weird stuff

1015

00:43:07,490 --> 00:43:05,880

the fact is you are never going to solve

1016

00:43:08,630 --> 00:43:07,500

this mystery without including the weird

1017

00:43:10,250 --> 00:43:08,640

stuff you're talking about the hilltop

1018

00:43:12,410 --> 00:43:10,260

effect right I wanted you to continue

1019

00:43:14,690 --> 00:43:12,420

your metaphor there about why that works

1020

00:43:17,450 --> 00:43:14,700

if you only look at the hilltops you

1021

00:43:19,490 --> 00:43:17,460

don't look at all I mean it it it's it

1022

00:43:22,010 --> 00:43:19,500

is like

1023

00:43:26,210 --> 00:43:22,020

um imagine that you're starting off on

1024

00:43:30,109 --> 00:43:26,220

uh on on a new program to map out the

1025

00:43:32,809 --> 00:43:30,119

topography of of an unknown you know

1026

00:43:35,630 --> 00:43:32,819

area that has never been met before

1027

00:43:37,910 --> 00:43:35,640

and sort of you assemble a team to start

1028

00:43:40,550 --> 00:43:37,920

doing that whole process of mapping it

1029

00:43:42,710 --> 00:43:40,560

out and then you've got some guy from

1030

00:43:46,130 --> 00:43:42,720

the back of the who's probably

1031

00:43:47,569 --> 00:43:46,140

associated with usdi office of you under

1032

00:43:50,630 --> 00:43:47,579

secretary of defense for intelligence

1033

00:43:52,910 --> 00:43:50,640

who suddenly pipes up and say okay we're

1034

00:43:55,309 --> 00:43:52,920

only going to look at

1035

00:43:57,290 --> 00:43:55,319

the tops of the mountains

1036

00:43:59,809 --> 00:43:57,300

or the hills because that's what's used

1037

00:44:02,150 --> 00:43:59,819

because in his mind well that's it this

1038

00:44:05,050 --> 00:44:02,160

is this is only uh the Department of

1039

00:44:07,370 --> 00:44:05,060

Defense only remit is to look at the

1040

00:44:08,690 --> 00:44:07,380

mountaintops we're going to ignore the

1041

00:44:10,670 --> 00:44:08,700

sides of the mountains we're going to

1042

00:44:12,890 --> 00:44:10,680

ignore the Canyons we're going to ignore

1043

00:44:15,290 --> 00:44:12,900

the valleys because that's outside the

1044

00:44:17,089 --> 00:44:15,300

remit of the Department of Defense the

1045

00:44:20,210 --> 00:44:17,099

only thing the Department of Defense is

1046

00:44:23,089 --> 00:44:20,220

interested in is in the mountaintops and

1047

00:44:25,690 --> 00:44:23,099

so this program then proceeds to spend

1048

00:44:28,490 --> 00:44:25,700

enormous amounts of time and energy

1049

00:44:30,650 --> 00:44:28,500

analyzing the mountaintops and then

1050

00:44:34,370 --> 00:44:30,660

suddenly uh

1051
00:44:37,970 --> 00:44:34,380
were were put into a war situation where

1052
00:44:41,089 --> 00:44:37,980
we have to encounter this

1053
00:44:43,550 --> 00:44:41,099
um this topography and we have no idea

1054
00:44:45,170 --> 00:44:43,560
of what the sides of the mountains look

1055
00:44:46,730 --> 00:44:45,180
like we have no idea what the Canyons

1056
00:44:48,230 --> 00:44:46,740
look like we have no idea what the

1057
00:44:49,730 --> 00:44:48,240
values look like because all you study

1058
00:44:51,530 --> 00:44:49,740
was the middle because the only thing we

1059
00:44:54,829 --> 00:44:51,540
know anything about is the mountaintops

1060
00:44:58,490 --> 00:44:54,839
so I'm using this as a metaphor for the

1061
00:45:00,770 --> 00:44:58,500
sort of the the tendency to lock away

1062
00:45:03,349 --> 00:45:00,780
um you know what OSAP originally was

1063
00:45:07,069 --> 00:45:03,359

going to be studying which would be only

1064

00:45:09,950 --> 00:45:07,079

sensor driven data and only sort of the

1065

00:45:12,109 --> 00:45:09,960

metallic craft you're missing

1066

00:45:15,470 --> 00:45:12,119

um you're missing the great underbelly

1067

00:45:18,349 --> 00:45:15,480

of what actually may be important to

1068

00:45:21,349 --> 00:45:18,359

study and so you know it's a metaphor

1069

00:45:24,710 --> 00:45:21,359

that that could be used but it's

1070

00:45:28,550 --> 00:45:24,720

certainly during the OSAP program

1071

00:45:32,089 --> 00:45:28,560

we discussed many many times and long

1072

00:45:34,550 --> 00:45:32,099

and long discussions between the defense

1073

00:45:38,990 --> 00:45:34,560

intelligence agency and the OSAP people

1074

00:45:41,990 --> 00:45:39,000

in Las Vegas and the intent was to leave

1075

00:45:46,250 --> 00:45:42,000

no stone unturned that we would database

1076

00:45:48,710 --> 00:45:46,260

everything that we came across and then

1077

00:45:51,109 --> 00:45:48,720

we would decide to include or not

1078

00:45:54,109 --> 00:45:51,119

include it later after a sufficient

1079

00:45:56,630 --> 00:45:54,119

analysis had been done to decide okay

1080

00:45:58,730 --> 00:45:56,640

these are probably separate phenomena

1081

00:46:01,670 --> 00:45:58,740

let's eliminate these from the the

1082

00:46:04,670 --> 00:46:01,680

database but we don't just go in and

1083

00:46:07,069 --> 00:46:04,680

focus only on the nuts and bolts

1084

00:46:10,309 --> 00:46:07,079

phenomena and to the exclusion of

1085

00:46:13,069 --> 00:46:10,319

everything else because we don't know if

1086

00:46:15,589 --> 00:46:13,079

that all of that sort of weird extra

1087

00:46:17,210 --> 00:46:15,599

stuff is associated with the phenomena

1088

00:46:19,609 --> 00:46:17,220

we don't have enough data to make that

1089

00:46:21,470 --> 00:46:19,619

judgment I should point out there's a

1090

00:46:23,390 --> 00:46:21,480

story that you shared with some other

1091

00:46:26,089 --> 00:46:23,400

people about Kenneth Arnold so it's been

1092

00:46:28,670 --> 00:46:26,099

75 years since Kenneth Arnold's citing

1093

00:46:31,190 --> 00:46:28,680

started the modern UFO era and people

1094

00:46:32,450 --> 00:46:31,200

they remember the Flying Saucer part of

1095

00:46:34,670 --> 00:46:32,460

it even though that's not what he

1096

00:46:36,829 --> 00:46:34,680

described but the the nuts and bolts

1097

00:46:39,410 --> 00:46:36,839

craft that he supposedly saw and nothing

1098

00:46:41,450 --> 00:46:39,420

else but High strange business goes back

1099

00:46:43,490 --> 00:46:41,460

to the beginning of the modern UFO era

1100

00:46:46,010 --> 00:46:43,500

it's you can't just have a UFO incident

1101

00:46:47,990 --> 00:46:46,020

by itself there's often a lot of other

1102

00:46:49,250 --> 00:46:48,000

stuff including his case right yeah

1103

00:46:52,550 --> 00:46:49,260

because

1104

00:46:55,370 --> 00:46:52,560

um I remember several several years ago

1105

00:46:58,250 --> 00:46:55,380

Kenner Kenneth Arnold's daughter Kim

1106

00:46:59,990 --> 00:46:58,260

Arnold uh began writing a book and she

1107

00:47:02,809 --> 00:47:00,000

started putting out

1108

00:47:05,030 --> 00:47:02,819

um feelers she went on radio shows so

1109

00:47:08,150 --> 00:47:05,040

Kenneth Arnold it's one of the most

1110

00:47:10,490 --> 00:47:08,160

famous UFO cases of all time because it

1111

00:47:13,550 --> 00:47:10,500

was said to have coined the Flying

1112

00:47:15,589 --> 00:47:13,560

Saucer term June of 1947. however that's

1113

00:47:17,630 --> 00:47:15,599

not how he described the craft it was

1114

00:47:20,630 --> 00:47:17,640

just a reporter like two saucers on top

1115

00:47:22,370 --> 00:47:20,640

what he was saying is it skipped like

1116

00:47:23,809 --> 00:47:22,380

that so like as if you threw a saucer

1117

00:47:25,370 --> 00:47:23,819

that's just so everybody knows the

1118

00:47:27,530 --> 00:47:25,380

Kenneth Arnold story that's how the term

1119

00:47:29,569 --> 00:47:27,540

Flying Saucer right saucers have been

1120

00:47:31,730 --> 00:47:29,579

seen for a long time prior to that and

1121

00:47:35,089 --> 00:47:31,740

that's not what he saw but go on correct

1122

00:47:37,790 --> 00:47:35,099

so Kim so Kim Arnold described something

1123

00:47:40,849 --> 00:47:37,800

very very different that what what her

1124

00:47:43,750 --> 00:47:40,859

father you know had had experienced

1125

00:47:46,250 --> 00:47:43,760

number one you know

1126
00:47:49,730 --> 00:47:46,260
Kenneth Arnold's original description

1127
00:47:52,910 --> 00:47:49,740
was that these brightly these objects

1128
00:47:55,130 --> 00:47:52,920
were were reflecting the sunlight as

1129
00:47:57,589 --> 00:47:55,140
they moved down the Cascade Mountains as

1130
00:48:01,730 --> 00:47:57,599
they were going from north to south

1131
00:48:04,550 --> 00:48:01,740
um what Kim Arnold put out was that

1132
00:48:07,730 --> 00:48:04,560
after a lot of thought Kenneth Arnold

1133
00:48:10,849 --> 00:48:07,740
decided that these objects were actually

1134
00:48:13,609 --> 00:48:10,859
a emanating light self-luminous they

1135
00:48:16,670 --> 00:48:13,619
were they were pulsating these

1136
00:48:18,890 --> 00:48:16,680
um he called them bluish white light

1137
00:48:21,230 --> 00:48:18,900
um these were not reflecting sunlight so

1138
00:48:24,829 --> 00:48:21,240

these things were were actually pulsing

1139

00:48:27,230 --> 00:48:24,839

light secondly uh Kim Arnold reported

1140

00:48:29,809 --> 00:48:27,240

that um they started having these

1141

00:48:33,290 --> 00:48:29,819

inexplicable paranormal effects in their

1142

00:48:36,230 --> 00:48:33,300

home Kenneth Arnold after his sighting I

1143

00:48:38,270 --> 00:48:36,240

mean she described one an orb that sort

1144

00:48:41,329 --> 00:48:38,280

of suddenly appeared in their home and

1145

00:48:43,309 --> 00:48:41,339

went past the two daughters Kim and her

1146

00:48:46,190 --> 00:48:43,319

sister and then went down into the

1147

00:48:47,569 --> 00:48:46,200

kitchen past Kenneth in in the in the in

1148

00:48:50,930 --> 00:48:47,579

their home

1149

00:48:54,410 --> 00:48:50,940

um also weird noises and sort of

1150

00:48:56,210 --> 00:48:54,420

um some Poltergeist uh activity she also

1151
00:48:59,030 --> 00:48:56,220
described that Kenneth Arnold had

1152
00:49:01,190 --> 00:48:59,040
changed his mind about what these

1153
00:49:04,609 --> 00:49:01,200
objects that he had Originals originally

1154
00:49:06,290 --> 00:49:04,619
seen and she described things like he

1155
00:49:07,730 --> 00:49:06,300
thought that they might have some sort

1156
00:49:11,089 --> 00:49:07,740
of biological

1157
00:49:14,270 --> 00:49:11,099
uh content and they might be alive he

1158
00:49:16,670 --> 00:49:14,280
also associated with these objects with

1159
00:49:19,069 --> 00:49:16,680
somehow being associated with with

1160
00:49:23,569 --> 00:49:19,079
humans after they die in you know the

1161
00:49:27,710 --> 00:49:23,579
afterlife so there was a a a lot of very

1162
00:49:30,650 --> 00:49:27,720
weird act you know activity associated

1163
00:49:32,870 --> 00:49:30,660

with the original nuts and bolts Kenneth

1164

00:49:35,390 --> 00:49:32,880

Arnold story that nobody heard about for

1165

00:49:39,589 --> 00:49:35,400

decades and the sort of the whole sort

1166

00:49:41,750 --> 00:49:39,599

of Flying Saucer meme took a hold in the

1167

00:49:44,569 --> 00:49:41,760

in the Press both in the United States

1168

00:49:47,690 --> 00:49:44,579

and globally and suddenly we had all

1169

00:49:50,510 --> 00:49:47,700

these nuts and bolts phenomena being

1170

00:49:53,569 --> 00:49:50,520

described as flying saucers even though

1171

00:49:56,270 --> 00:49:53,579

Kenneth Arnold never had any intent on

1172

00:49:58,970 --> 00:49:56,280

reporting flying saucers but all of the

1173

00:50:01,130 --> 00:49:58,980

Paranormal stuff was completely ignored

1174

00:50:03,589 --> 00:50:01,140

and you know I've speculated to myself

1175

00:50:05,329 --> 00:50:03,599

and to others that what would have

1176
00:50:07,609 --> 00:50:05,339
happened if Kenneth Arnold had come

1177
00:50:10,250 --> 00:50:07,619
right out and said you know these

1178
00:50:12,609 --> 00:50:10,260
objects were Pro may have been

1179
00:50:15,829 --> 00:50:12,619
biological they were probably

1180
00:50:18,890 --> 00:50:15,839
self-luminous they were emanating these

1181
00:50:20,930 --> 00:50:18,900
sort of flashes of light uh may have

1182
00:50:24,050 --> 00:50:20,940
been biological may have been associated

1183
00:50:26,930 --> 00:50:24,060
with the afterlife quote-unquote

1184
00:50:29,530 --> 00:50:26,940
can you imagine what the legend of UFOs

1185
00:50:32,450 --> 00:50:29,540
would look like now if that had been

1186
00:50:35,150 --> 00:50:32,460
promulgated with a lot of force in the

1187
00:50:36,770 --> 00:50:35,160
media in the in the late 1940s nobody

1188
00:50:38,809 --> 00:50:36,780

nobody it would it would be totally

1189

00:50:41,569 --> 00:50:38,819

different in the sense that that is so

1190

00:50:44,569 --> 00:50:41,579

far beyond yeah what a human being is

1191

00:50:45,650 --> 00:50:44,579

ready to hear that it's like there it

1192

00:50:46,970 --> 00:50:45,660

would be completely different because we

1193

00:50:49,069 --> 00:50:46,980

wouldn't have heard about it in the same

1194

00:50:50,870 --> 00:50:49,079

way you've got this hardcore pilot he

1195

00:50:52,250 --> 00:50:50,880

sees craft I could see him thinking oh

1196

00:50:53,930 --> 00:50:52,260

it's glinting because that's the natural

1197

00:50:56,089 --> 00:50:53,940

thing you think that's the right Source

1198

00:50:57,890 --> 00:50:56,099

the Sun but after some thought it didn't

1199

00:51:00,890 --> 00:50:57,900

quite look like that high so I can see

1200

00:51:02,450 --> 00:51:00,900

that transformation going the public nah

1201

00:51:04,010 --> 00:51:02,460

man that's not gonna fly that's too far

1202

00:51:06,290 --> 00:51:04,020

for me it's what we learned at the ranch

1203

00:51:09,349 --> 00:51:06,300

you know the Paradigm when I entered the

1204

00:51:11,150 --> 00:51:09,359

the topic was the standard E.T craft

1205

00:51:13,370 --> 00:51:11,160

from other planets visiting Earth

1206

00:51:15,170 --> 00:51:13,380

checking us out that was the dominant

1207

00:51:17,870 --> 00:51:15,180

Paradigm then it's probably the dominant

1208

00:51:20,390 --> 00:51:17,880

Paradigm now it's the dominant uh sort

1209

00:51:22,250 --> 00:51:20,400

of focus of the new UFO program that

1210

00:51:23,630 --> 00:51:22,260

I'll call it UFOs anymore but they're

1211

00:51:26,270 --> 00:51:23,640

going to study flying saucers they're

1212

00:51:28,730 --> 00:51:26,280

going to study the sensor data lights in

1213

00:51:29,990 --> 00:51:28,740

the sky radar returns and that's going

1214

00:51:32,690 --> 00:51:30,000

to get them to the bottom of the mystery

1215

00:51:34,609 --> 00:51:32,700

when in fact they're only studying the

1216

00:51:37,309 --> 00:51:34,619

Mountaintop there's so much more right

1217

00:51:40,069 --> 00:51:37,319

that that is intrinsically linked to

1218

00:51:42,230 --> 00:51:40,079

this the the overall message that that

1219

00:51:44,930 --> 00:51:42,240

how my attitude changed was from the

1220

00:51:47,690 --> 00:51:44,940

ranch this is way more complicated many

1221

00:51:49,670 --> 00:51:47,700

more wondrous and more interesting and

1222

00:51:52,370 --> 00:51:49,680

mysterious than just lights in the sky

1223

00:51:54,470 --> 00:51:52,380

flying around so so because we've gone

1224

00:51:56,750 --> 00:51:54,480

there because we're in the uncomfortable

1225

00:52:00,650 --> 00:51:56,760

territory for me of all of this stuff

1226

00:52:02,750 --> 00:52:00,660

um I I do want you to talk about a term

1227

00:52:05,510 --> 00:52:02,760

that you guys really coined

1228

00:52:08,870 --> 00:52:05,520

um that is so interesting to me because

1229

00:52:11,569 --> 00:52:08,880

of your background in as a scientist you

1230

00:52:14,390 --> 00:52:11,579

know the hitchhiker effect the idea that

1231

00:52:17,270 --> 00:52:14,400

when people have these experiences that

1232

00:52:19,849 --> 00:52:17,280

many report that there's some sort of

1233

00:52:21,770 --> 00:52:19,859

after effect or an effect that follows

1234

00:52:23,990 --> 00:52:21,780

them for some time and we're not just

1235

00:52:27,470 --> 00:52:24,000

talking lore you know talking over a

1236

00:52:30,890 --> 00:52:27,480

campfire we're talking very serious life

1237

00:52:33,230 --> 00:52:30,900

consequences physically and mentally to

1238

00:52:36,890 --> 00:52:33,240

people who are heroic for our country

1239

00:52:39,170 --> 00:52:36,900

and have had problems and and you have

1240

00:52:40,370 --> 00:52:39,180

studied this you know people say you

1241

00:52:43,250 --> 00:52:40,380

know they want to study different things

1242

00:52:45,849 --> 00:52:43,260

about UFOs I'm always call them UFOs UAP

1243

00:52:49,670 --> 00:52:45,859

cool but UFOs just looks cooler so UFOs

1244

00:52:52,309 --> 00:52:49,680

there are trackable traceable biological

1245

00:52:55,490 --> 00:52:52,319

implications to being in close proximity

1246

00:52:58,130 --> 00:52:55,500

to the UAP or UFO

1247

00:53:01,130 --> 00:52:58,140

and you guys did a lot of study that all

1248

00:53:03,470 --> 00:53:01,140

septed extensive study on the biological

1249

00:53:05,510 --> 00:53:03,480

negative even within the brain of human

1250

00:53:08,210 --> 00:53:05,520

beings I don't know if it goes as far as

1251
00:53:10,730 --> 00:53:08,220
into the genetics or DNA but there were

1252
00:53:13,250 --> 00:53:10,740
things you could trace and track that

1253
00:53:15,290 --> 00:53:13,260
you can talk about so The Hitchhiker

1254
00:53:17,510 --> 00:53:15,300
effect break it down for me you guys

1255
00:53:21,109 --> 00:53:17,520
what is that

1256
00:53:23,390 --> 00:53:21,119
well I I guess the poster child for The

1257
00:53:26,329 --> 00:53:23,400
Hitchhiker effect is is the guy we call

1258
00:53:27,589 --> 00:53:26,339
Axelrod and as George has said maybe his

1259
00:53:30,650 --> 00:53:27,599
name is going to change in the next

1260
00:53:32,329 --> 00:53:30,660
while come out is what you mean yeah the

1261
00:53:35,870 --> 00:53:32,339
book is actually right his name is going

1262
00:53:40,730 --> 00:53:35,880
to come out yeah so so I remember

1263
00:53:44,809 --> 00:53:40,740

um sort of being right beside Axelrod on

1264

00:53:47,270 --> 00:53:44,819

the Skinwalker Ranch in July of 2009 I

1265

00:53:49,010 --> 00:53:47,280

was standing right beside him and um you

1266

00:53:51,410 --> 00:53:49,020

know he was talking to his wife and his

1267

00:53:53,870 --> 00:53:51,420

wife was sort of saying that there was

1268

00:53:56,109 --> 00:53:53,880

weird stuff happening in the house I

1269

00:53:58,790 --> 00:53:56,119

mean this was uh right after

1270

00:53:59,990 --> 00:53:58,800

axelrod's experience on the on the

1271

00:54:02,809 --> 00:54:00,000

property but

1272

00:54:04,849 --> 00:54:02,819

to cut a very long story short what what

1273

00:54:07,250 --> 00:54:04,859

what happened was

1274

00:54:09,710 --> 00:54:07,260

um when Axelrod and his two Compadres

1275

00:54:11,990 --> 00:54:09,720

who were on the property they had these

1276
00:54:14,329 --> 00:54:12,000
very intense experiences on the property

1277
00:54:17,170 --> 00:54:14,339
they flew back home to the east coast

1278
00:54:20,270 --> 00:54:17,180
and they went to their their homes and

1279
00:54:21,770 --> 00:54:20,280
axelrod's family started

1280
00:54:24,829 --> 00:54:21,780
um experiencing

1281
00:54:26,930 --> 00:54:24,839
all these paranormal events you know

1282
00:54:29,450 --> 00:54:26,940
their teenage Sons would wake up on

1283
00:54:31,609 --> 00:54:29,460
these black Shadows would be standing

1284
00:54:34,549 --> 00:54:31,619
hovering over their beds sort of in a

1285
00:54:36,230 --> 00:54:34,559
very threatening way they would wake up

1286
00:54:38,930 --> 00:54:36,240
to go to the bathroom and they'd see

1287
00:54:41,150 --> 00:54:38,940
these sort of black objects that would

1288
00:54:43,730 --> 00:54:41,160

be in the hallways that were obviously

1289

00:54:45,650 --> 00:54:43,740

black objects they weren't sort of a

1290

00:54:48,950 --> 00:54:45,660

trick of the light

1291

00:54:51,190 --> 00:54:48,960

and then one night sort of uh after this

1292

00:54:53,690 --> 00:54:51,200

whole thing started erupting

1293

00:54:55,089 --> 00:54:53,700

axelrod's wife was just turning off the

1294

00:54:58,849 --> 00:54:55,099

lights in the kitchen

1295

00:55:01,010 --> 00:54:58,859

that was overlooking their backyard and

1296

00:55:03,650 --> 00:55:01,020

out of the corner of their of her eyes

1297

00:55:07,370 --> 00:55:03,660

she caught a movement down in the in in

1298

00:55:10,670 --> 00:55:07,380

the backyard and she saw this ridiculous

1299

00:55:12,230 --> 00:55:10,680

Mythic semi-mythical creature of a of a

1300

00:55:15,109 --> 00:55:12,240

what looked like a wolf

1301

00:55:17,809 --> 00:55:15,119

standing on its hind legs leaning

1302

00:55:19,970 --> 00:55:17,819

against a tree in the in her backyard

1303

00:55:22,910 --> 00:55:19,980

and she was looking and she looked away

1304

00:55:25,609 --> 00:55:22,920

she looked back it was still there I

1305

00:55:28,609 --> 00:55:25,619

mean it was it was like something out of

1306

00:55:30,950 --> 00:55:28,619

Mythology that she was looking at and

1307

00:55:33,349 --> 00:55:30,960

she I mean she just turned off the light

1308

00:55:35,450 --> 00:55:33,359

and went to bed I mean she was freaked

1309

00:55:38,870 --> 00:55:35,460

out to the extent that she never said

1310

00:55:40,790 --> 00:55:38,880

anything to her family about this so so

1311

00:55:42,710 --> 00:55:40,800

there's just tons of this right tons of

1312

00:55:45,109 --> 00:55:42,720

this idea of a hitchhiker effect that it

1313

00:55:46,849 --> 00:55:45,119

comes and like a virus infects your

1314

00:55:48,530 --> 00:55:46,859

family and loved ones and it follows you

1315

00:55:50,390 --> 00:55:48,540

after like you go to the ranch or

1316

00:55:52,730 --> 00:55:50,400

whatever the bigger picture people

1317

00:55:55,190 --> 00:55:52,740

encounter Close Encounters of UFOs this

1318

00:55:57,410 --> 00:55:55,200

hitchhiker effect okay but like okay

1319

00:55:59,329 --> 00:55:57,420

ghost stories I don't know these people

1320

00:56:01,549 --> 00:55:59,339

I don't believe it let's just say that's

1321

00:56:03,650 --> 00:56:01,559

that's my perspective right right I'm

1322

00:56:07,030 --> 00:56:03,660

like ghost stories cool story don't care

1323

00:56:10,069 --> 00:56:07,040

but you had actually physical traceable

1324

00:56:13,309 --> 00:56:10,079

biological things that could be directly

1325

00:56:15,349 --> 00:56:13,319

linked to these UFO or UAP he encounters

1326

00:56:17,750 --> 00:56:15,359

can you talk about any of that the

1327

00:56:20,349 --> 00:56:17,760

things that well no you can trace yeah

1328

00:56:23,750 --> 00:56:20,359

just to kind of finish off the the the

1329

00:56:26,930 --> 00:56:23,760

that primary kind of example

1330

00:56:30,170 --> 00:56:26,940

um the two sons were were in in the uh

1331

00:56:32,589 --> 00:56:30,180

in the room uh near the backyard on the

1332

00:56:36,589 --> 00:56:32,599

Saturday morning following her sighting

1333

00:56:39,770 --> 00:56:36,599

and uh one of them lucks out and they

1334

00:56:42,770 --> 00:56:39,780

see this upright creature Wolfman wolf

1335

00:56:44,450 --> 00:56:42,780

wolf creature running quickly well

1336

00:56:46,970 --> 00:56:44,460

actually it was standing still looking

1337

00:56:49,910 --> 00:56:46,980

at them in a threatening way and then it

1338

00:56:51,950 --> 00:56:49,920

took off heading for the tree line

1339

00:56:54,230 --> 00:56:51,960

um kicking up leaves as it went and two

1340

00:56:57,230 --> 00:56:54,240

legs on two legs okay anatomically

1341

00:57:00,589 --> 00:56:57,240

impossible so so the uh the whole idea

1342

00:57:02,270 --> 00:57:00,599

that you know a dog I mean you see dogs

1343

00:57:04,430 --> 00:57:02,280

in the circus getting up on their two

1344

00:57:07,329 --> 00:57:04,440

legs and sort of tottering around this

1345

00:57:10,609 --> 00:57:07,339

thing was moving fluidly at speed

1346

00:57:12,109 --> 00:57:10,619

kicking up leaves as it went the family

1347

00:57:14,030 --> 00:57:12,119

went out into the into the yard off

1348

00:57:15,770 --> 00:57:14,040

afterwards and they went over to the

1349

00:57:18,349 --> 00:57:15,780

tree line where they had seen this and

1350

00:57:21,290 --> 00:57:18,359

there were these obvious large claw

1351
00:57:24,410 --> 00:57:21,300
marks on the tree trunk okay so was this

1352
00:57:26,630 --> 00:57:24,420
a sort of a trick of the mind or was

1353
00:57:29,210 --> 00:57:26,640
kicking up the lead intelligence agency

1354
00:57:31,670 --> 00:57:29,220
playing some sort of MK Ultra mind game

1355
00:57:34,609 --> 00:57:31,680
on our intelligence agency folks I mean

1356
00:57:36,829 --> 00:57:34,619
whatever it was it was leaving uh

1357
00:57:38,569 --> 00:57:36,839
physical traces in the environment and

1358
00:57:41,510 --> 00:57:38,579
that that's sort of a key part of this

1359
00:57:44,210 --> 00:57:41,520
whole thing so we studied this this

1360
00:57:46,970 --> 00:57:44,220
so-called hitchhiker effect and it was

1361
00:57:49,069 --> 00:57:46,980
so common over time

1362
00:57:51,770 --> 00:57:49,079
um you know we started tracking back to

1363
00:57:55,010 --> 00:57:51,780

the original nids days and we found that

1364

00:57:56,930 --> 00:57:55,020

in some cases you know I remember

1365

00:57:58,130 --> 00:57:56,940

um you know my wife remarking that you

1366

00:58:00,410 --> 00:57:58,140

know there were people in the bedroom

1367

00:58:03,890 --> 00:58:00,420

sort of walking walking around the

1368

00:58:06,290 --> 00:58:03,900

bedroom Robert Bigelow reported a lot of

1369

00:58:08,630 --> 00:58:06,300

activity in his household George Knapp

1370

00:58:10,250 --> 00:58:08,640

had been on the property and I'm not

1371

00:58:11,450 --> 00:58:10,260

going to deny weird so you know

1372

00:58:13,670 --> 00:58:11,460

look weird always happens rather

1373

00:58:17,930 --> 00:58:13,680

than sitting with you guys so the bottom

1374

00:58:19,549 --> 00:58:17,940

line is that that we we investigated a

1375

00:58:22,190 --> 00:58:19,559

lot of these people who had had The

1376

00:58:24,349 --> 00:58:22,200

Hitchhiker effect and we found a small

1377

00:58:27,770 --> 00:58:24,359

number of them were coming down with

1378

00:58:32,150 --> 00:58:27,780

autoimmune diseases Hashimoto's

1379

00:58:34,190 --> 00:58:32,160

thyroiditis Sovereign syndrome lupus

1380

00:58:37,670 --> 00:58:34,200

um there was Graves disease there were

1381

00:58:41,630 --> 00:58:37,680

there were other autoimmune diseases and

1382

00:58:44,750 --> 00:58:41,640

from a a relatively small cluster of

1383

00:58:46,130 --> 00:58:44,760

people who had endured this hitchhiker

1384

00:58:46,970 --> 00:58:46,140

effect

1385

00:58:50,569 --> 00:58:46,980

um

1386

00:58:53,450 --> 00:58:50,579

there was a an interesting Spike or

1387

00:58:56,750 --> 00:58:53,460

cluster it was disproportionate

1388

00:58:59,270 --> 00:58:56,760

n is very small so the the N is pretty

1389

00:59:02,650 --> 00:58:59,280

small so

1390

00:59:05,150 --> 00:59:02,660

I would hesitate from uh

1391

00:59:09,049 --> 00:59:05,160

publishing a scientific paper about this

1392

00:59:11,630 --> 00:59:09,059

but the observations were that The

1393

00:59:15,049 --> 00:59:11,640

Hitchhiker effect in many cases was

1394

00:59:18,349 --> 00:59:15,059

associated with a flare-up of autoimmune

1395

00:59:20,450 --> 00:59:18,359

diseases in one or more people in that

1396

00:59:23,270 --> 00:59:20,460

household now

1397

00:59:25,849 --> 00:59:23,280

one one other thing about the uh about

1398

00:59:28,490 --> 00:59:25,859

The Hitchhiker effect is that it was not

1399

00:59:30,289 --> 00:59:28,500

confined to skin marker wrench

1400

00:59:35,690 --> 00:59:30,299

um we had other

1401
00:59:41,390 --> 00:59:39,530
um who had family and who had exactly

1402
00:59:45,049 --> 00:59:41,400
the same kind of thing they went back to

1403
00:59:48,289 --> 00:59:45,059
the east coast After experiencing very

1404
00:59:50,589 --> 00:59:48,299
dramatic effects in say Oregon is one

1405
00:59:53,690 --> 00:59:50,599
example that we put in the book

1406
00:59:56,049 --> 00:59:53,700
skin markers of the Pentagon and they

1407
00:59:58,309 --> 00:59:56,059
went back to the east coast and

1408
01:00:00,710 --> 00:59:58,319
paranormal stuff flared up in the house

1409
01:00:04,430 --> 01:00:00,720
so it's not only a Skinwalker Ranch

1410
01:00:07,730 --> 01:00:04,440
specific phenomenon it's specific to

1411
01:00:09,950 --> 01:00:07,740
certain intense close encounter effects

1412
01:00:11,569 --> 01:00:09,960
and by the way that family The

1413
01:00:14,150 --> 01:00:11,579

Hitchhiker family that were he was

1414

01:00:16,430 --> 01:00:14,160

talking about the kids would see orbs

1415

01:00:18,530 --> 01:00:16,440

floating around in the in their rooms

1416

01:00:20,809 --> 01:00:18,540

inside the house there were tricks where

1417

01:00:22,190 --> 01:00:20,819

the dog ends up on the roof I mean there

1418

01:00:23,690 --> 01:00:22,200

was a lot of really strange things like

1419

01:00:27,049 --> 01:00:23,700

the original stuff from Skywalker Ranch

1420

01:00:29,150 --> 01:00:27,059

the same people saying and 13 years

1421

01:00:32,089 --> 01:00:29,160

later is still going on for that family

1422

01:00:34,130 --> 01:00:32,099

13 years right so but it's you have so

1423

01:00:36,170 --> 01:00:34,140

many examples of this right that I'm

1424

01:00:37,970 --> 01:00:36,180

aware of that that you've tracked that

1425

01:00:39,289 --> 01:00:37,980

you've kind of named it this term

1426
01:00:41,930 --> 01:00:39,299
because it's just something you couldn't

1427
01:00:44,809 --> 01:00:41,940
ignore you know even if my mind can't

1428
01:00:47,030 --> 01:00:44,819
accept it you can't ignore it as as a

1429
01:00:49,549 --> 01:00:47,040
reporter as a scientist that's happening

1430
01:00:52,190 --> 01:00:49,559
so but there's more right there there's

1431
01:00:54,770 --> 01:00:52,200
specific things known about the negative

1432
01:00:56,990 --> 01:00:54,780
biological effects on the human body if

1433
01:00:59,870 --> 01:00:57,000
they get into close proximity often

1434
01:01:01,789 --> 01:00:59,880
cases with it with an actual UFO let me

1435
01:01:03,710 --> 01:01:01,799
let me preface this too because we just

1436
01:01:06,109 --> 01:01:03,720
had this new report come out a couple of

1437
01:01:08,089 --> 01:01:06,119
weeks ago from odni in which they said

1438
01:01:10,789 --> 01:01:08,099

we haven't found any cases where anybody

1439

01:01:13,549 --> 01:01:10,799

was been harmed by being in proximity to

1440

01:01:15,349 --> 01:01:13,559

UFO which suggests maybe they should get

1441

01:01:17,329 --> 01:01:15,359

in their car drive to the DIA and look

1442

01:01:21,370 --> 01:01:17,339

because you guys found a lot of cases

1443

01:01:24,430 --> 01:01:21,380

yeah and and and within the database of

1444

01:01:28,010 --> 01:01:24,440

we we call it the data warehouse because

1445

01:01:32,210 --> 01:01:28,020

uh Jacques Valley designed this capella

1446

01:01:35,030 --> 01:01:32,220

data warehouse to house multiple subsets

1447

01:01:37,010 --> 01:01:35,040

of databases so there were 11 separate

1448

01:01:39,710 --> 01:01:37,020

databases within this data warehouse

1449

01:01:44,030 --> 01:01:39,720

that was transmitted to the defense

1450

01:01:46,370 --> 01:01:44,040

intelligence agency in late 2010 as a

1451
01:01:48,890 --> 01:01:46,380
specific deliverable of the Osa program

1452
01:01:52,329 --> 01:01:48,900
but within that database there is a

1453
01:01:55,390 --> 01:01:52,339
subset of medical injury cases that

1454
01:01:57,829 --> 01:01:55,400
allsop slash pass investigated

1455
01:02:01,609 --> 01:01:57,839
you know there are two examples that I

1456
01:02:06,349 --> 01:02:01,619
can think of right off of the the book

1457
01:02:09,829 --> 01:02:06,359
number one is a guy in Georgia

1458
01:02:10,490 --> 01:02:09,839
whose son was outside playing

1459
01:02:12,770 --> 01:02:10,500
um

1460
01:02:16,130 --> 01:02:12,780
outside he was staying in the tent sort

1461
01:02:18,470 --> 01:02:16,140
of with uh with some neighbors and um

1462
01:02:21,349 --> 01:02:18,480
the dog started barking outside he went

1463
01:02:24,589 --> 01:02:21,359

outside to check it out and he saw this

1464

01:02:27,410 --> 01:02:24,599

large triangular object hovering above

1465

01:02:29,990 --> 01:02:27,420

the house and he was

1466

01:02:32,990 --> 01:02:30,000

um you know kind of really intrigued it

1467

01:02:35,870 --> 01:02:33,000

was silent it was low and it was a

1468

01:02:38,089 --> 01:02:35,880

classic black triangle sort of

1469

01:02:40,789 --> 01:02:38,099

um a hundred it was like a hundred yards

1470

01:02:44,750 --> 01:02:40,799

100 yards 100 yards so a very very large

1471

01:02:48,049 --> 01:02:44,760

object and it was it had lights on it

1472

01:02:51,109 --> 01:02:48,059

like flat flat or like pyramid in shape

1473

01:02:53,630 --> 01:02:51,119

triangle well it was a

1474

01:02:55,430 --> 01:02:53,640

from his perspective it was all he could

1475

01:02:57,650 --> 01:02:55,440

see was the underneath triangle from

1476

01:02:59,690 --> 01:02:57,660

angle of observation we would say I mean

1477

01:03:02,630 --> 01:02:59,700

it was it was difficult to tell that

1478

01:03:05,809 --> 01:03:02,640

from from his angle but anyway he tried

1479

01:03:08,270 --> 01:03:05,819

taking uh taking some uh photographs of

1480

01:03:10,670 --> 01:03:08,280

it with his cell phone and I mean it was

1481

01:03:12,650 --> 01:03:10,680

black against a black background so it

1482

01:03:15,349 --> 01:03:12,660

was obviously not going to come out very

1483

01:03:16,910 --> 01:03:15,359

well so he decided to light up the

1484

01:03:19,430 --> 01:03:16,920

bottom of it with the flashlight that he

1485

01:03:22,250 --> 01:03:19,440

had so he had a powerful flashlight so

1486

01:03:23,930 --> 01:03:22,260

he went in into his house grabbed it and

1487

01:03:26,329 --> 01:03:23,940

the thing was still there when he came

1488

01:03:29,089 --> 01:03:26,339

out and he lit up the bottom of it with

1489

01:03:32,170 --> 01:03:29,099

with a pretty powerful flashlight and

1490

01:03:35,870 --> 01:03:32,180

almost instantly this blue

1491

01:03:39,289 --> 01:03:35,880

intense blue light came from one of the

1492

01:03:41,030 --> 01:03:39,299

apex of the triangles and blinded him to

1493

01:03:44,329 --> 01:03:41,040

the extent that he turned around and

1494

01:03:46,490 --> 01:03:44,339

crouched and sort of you know uh to

1495

01:03:50,569 --> 01:03:46,500

protect himself blinded him completely

1496

01:03:53,510 --> 01:03:50,579

but even when he was crouching he felt

1497

01:03:55,730 --> 01:03:53,520

this Burning on his neck so he ran

1498

01:03:57,890 --> 01:03:55,740

inside and sort of watched it from the

1499

01:04:01,010 --> 01:03:57,900

vantage point of the house and the blue

1500

01:04:03,650 --> 01:04:01,020

the this blue beam that had hit him was

1501

01:04:06,289 --> 01:04:03,660

uh he he described it as I think a foot

1502

01:04:09,109 --> 01:04:06,299

or a couple of foot in in diameter but

1503

01:04:11,270 --> 01:04:09,119

it was a very intense light so you know

1504

01:04:13,190 --> 01:04:11,280

he watched it and then this object took

1505

01:04:14,690 --> 01:04:13,200

off really quickly

1506

01:04:18,049 --> 01:04:14,700

um there were other objects associated

1507

01:04:20,390 --> 01:04:18,059

with it he felt not good he woke up his

1508

01:04:22,730 --> 01:04:20,400

whole neck was really badly sunburned

1509

01:04:24,770 --> 01:04:22,740

his back was badly sunburned he had a

1510

01:04:28,309 --> 01:04:24,780

metallic taste in his mouth

1511

01:04:30,049 --> 01:04:28,319

had a severe headache felt nauseous he

1512

01:04:33,049 --> 01:04:30,059

was interviewed by

1513

01:04:34,910 --> 01:04:33,059

um by people from alsap okay so the DIA

1514

01:04:36,770 --> 01:04:34,920

he actually got to interview this guy

1515

01:04:39,289 --> 01:04:36,780

and get into some of his metal we took

1516

01:04:41,089 --> 01:04:39,299

photographs of a sunburn and uh took a

1517

01:04:44,870 --> 01:04:41,099

lot of blood samples well you were right

1518

01:04:47,329 --> 01:04:44,880

there yeah I mean well we had to uh MD

1519

01:04:48,950 --> 01:04:47,339

PhD Physicians who were on call

1520

01:04:52,370 --> 01:04:48,960

basically

1521

01:04:54,470 --> 01:04:52,380

um that were able to luckily travel to

1522

01:04:56,089 --> 01:04:54,480

different places in the United States to

1523

01:04:58,130 --> 01:04:56,099

investigate these kind of medical issues

1524

01:04:59,809 --> 01:04:58,140

you got to get the report it's got to

1525

01:05:01,430 --> 01:04:59,819

get to you you got to get there quick

1526

01:05:03,890 --> 01:05:01,440

where you still got the summer and then

1527

01:05:06,349 --> 01:05:03,900

follow it and then follow it over the

1528

01:05:08,809 --> 01:05:06,359

long term and and wow and he was

1529

01:05:12,230 --> 01:05:08,819

followed over multiple blood samples

1530

01:05:15,289 --> 01:05:12,240

over over many many months he came down

1531

01:05:17,770 --> 01:05:15,299

with a Litany of different uh medical

1532

01:05:20,690 --> 01:05:17,780

issues including a phenomenon called

1533

01:05:23,270 --> 01:05:20,700

castleman's disease which is which

1534

01:05:26,030 --> 01:05:23,280

involves sort of these spontaneous

1535

01:05:29,210 --> 01:05:26,040

eruptions of tumors but they were not

1536

01:05:32,329 --> 01:05:29,220

malignant tumors but eventually you know

1537

01:05:35,809 --> 01:05:32,339

he sort of began to recover and so he

1538

01:05:37,130 --> 01:05:35,819

was followed over many many months over

1539

01:05:39,470 --> 01:05:37,140

a year

1540

01:05:41,690 --> 01:05:39,480

um but the fact is he was his health

1541

01:05:44,510 --> 01:05:41,700

went really downhill after this event

1542

01:05:47,690 --> 01:05:44,520

there were other cases in in our

1543

01:05:49,609 --> 01:05:47,700

database that were even more so where

1544

01:05:52,930 --> 01:05:49,619

you know people had came down with

1545

01:05:56,329 --> 01:05:52,940

cancer they had uh you know

1546

01:05:59,630 --> 01:05:56,339

after these close encounters with UFOs

1547

01:06:02,990 --> 01:05:59,640

so the idea that you know there's no

1548

01:06:06,069 --> 01:06:03,000

physical or pathological or medical

1549

01:06:09,530 --> 01:06:06,079

injury cases associated with UFOs

1550

01:06:11,569 --> 01:06:09,540

is counteracted by the database that's

1551

01:06:14,349 --> 01:06:11,579

sitting on the shelves of the defense

1552

01:06:17,030 --> 01:06:14,359

intelligence agency as we speak yeah

1553

01:06:18,470 --> 01:06:17,040

unbelievable the statements we're seeing

1554

01:06:20,809 --> 01:06:18,480

now I mean from a national security

1555

01:06:23,270 --> 01:06:20,819

standpoint and some of the data is

1556

01:06:25,130 --> 01:06:23,280

already there I I really hope this is

1557

01:06:27,950 --> 01:06:25,140

handled well people hate the the threat

1558

01:06:31,370 --> 01:06:27,960

narrative but until you know intent and

1559

01:06:33,410 --> 01:06:31,380

capability and an opportunity right so

1560

01:06:35,150 --> 01:06:33,420

okay I guess where where I'm at with

1561

01:06:39,589 --> 01:06:35,160

this right now is I you know I want to

1562

01:06:41,750 --> 01:06:39,599

know uh you know where does this go and

1563

01:06:43,609 --> 01:06:41,760

what do you know you know we're talking

1564

01:06:46,549 --> 01:06:43,619

about UFOs talking about all this stuff

1565

01:06:48,289 --> 01:06:46,559

you know what do you know about UFOs

1566

01:06:49,730 --> 01:06:48,299

what do you know about UFOs this

1567

01:06:52,130 --> 01:06:49,740

phenomenon we'll call it the phenomena

1568

01:06:54,529 --> 01:06:52,140

that includes UFOs what do you know and

1569

01:06:57,230 --> 01:06:54,539

where does this go

1570

01:06:58,670 --> 01:06:57,240

well I guess the short answer to this is

1571

01:07:01,549 --> 01:06:58,680

is that

1572

01:07:04,609 --> 01:07:01,559

um UFO effects on people

1573

01:07:08,750 --> 01:07:04,619

can be profound and it can be profound

1574

01:07:12,289 --> 01:07:08,760

in the uh at various levels ranging from

1575

01:07:15,170 --> 01:07:12,299

The Superficial to the catastrophic and

1576

01:07:17,329 --> 01:07:15,180

so you know you you you have people

1577

01:07:20,029 --> 01:07:17,339

reporting life-changing experiences

1578

01:07:22,430 --> 01:07:20,039

after close encounters with UFOs I mean

1579

01:07:24,109 --> 01:07:22,440

we interviewed uh quite a quite a

1580

01:07:26,630 --> 01:07:24,119

monopoly of different people like

1581

01:07:29,390 --> 01:07:26,640

positive experiences too yeah okay yeah

1582

01:07:31,609 --> 01:07:29,400

I mean some some people had

1583

01:07:34,609 --> 01:07:31,619

um you know changes changes in their

1584

01:07:36,710 --> 01:07:34,619

World Views some people had uh you know

1585

01:07:37,789 --> 01:07:36,720

we we databased everything which was

1586

01:07:40,670 --> 01:07:37,799

good

1587

01:07:43,069 --> 01:07:40,680

um we we database psychological effects

1588

01:07:45,650 --> 01:07:43,079

you know people people having sort of

1589

01:07:47,510 --> 01:07:45,660

really bizarre dreams and this kind of

1590

01:07:50,270 --> 01:07:47,520

thing afterwards

1591

01:07:52,130 --> 01:07:50,280

um we had physiological effects you know

1592

01:07:54,770 --> 01:07:52,140

the sort of metallic taste in the mouth

1593

01:07:57,529 --> 01:07:54,780

was not uncommon uh people having

1594

01:07:59,930 --> 01:07:57,539

sunburn was not uncommon

1595

01:08:02,569 --> 01:07:59,940

um you know sometimes people lost hair

1596

01:08:05,569 --> 01:08:02,579

this guy who had been is up by the

1597

01:08:08,210 --> 01:08:05,579

triangle over his house in Georgia lost

1598

01:08:10,510 --> 01:08:08,220

lost hair in the back back area of his

1599

01:08:12,650 --> 01:08:10,520

of his head

1600

01:08:15,770 --> 01:08:12,660

physiological effects pathological

1601

01:08:19,309 --> 01:08:15,780

effects medical injuries so effects on

1602

01:08:21,550 --> 01:08:19,319

people are not to be neglected so going

1603

01:08:25,010 --> 01:08:21,560

forward

1604

01:08:27,349 --> 01:08:25,020

arrows the new organization and

1605

01:08:28,570 --> 01:08:27,359

um you know ARA will be taking up the

1606

01:08:32,150 --> 01:08:28,580

mantle

1607

01:08:34,130 --> 01:08:32,160

of I guess where OSAP left off she

1608

01:08:36,530 --> 01:08:34,140

headed right now by Sean Kirkpatrick is

1609

01:08:40,249 --> 01:08:36,540

that correct arrows that's the new UFO

1610

01:08:42,410 --> 01:08:40,259

program yes uh and and so

1611

01:08:44,809 --> 01:08:42,420

um obviously it's early days yet in

1612

01:08:46,849 --> 01:08:44,819

order to sort of assess what's going on

1613

01:08:49,370 --> 01:08:46,859

because we're only looking at the

1614

01:08:52,870 --> 01:08:49,380

unclassified reports that are coming out

1615

01:08:56,209 --> 01:08:52,880

but you know Sean uh fitzpat or

1616

01:08:59,689 --> 01:08:56,219

Kirkpatrick also released or somebody

1617

01:09:02,570 --> 01:08:59,699

released on his behalf a a an eight

1618

01:09:05,570 --> 01:09:02,580

slide PowerPoint presentation that sort

1619

01:09:07,910 --> 01:09:05,580

of summarizes what Arrow intent and

1620

01:09:11,269 --> 01:09:07,920

mission statement and vision statement

1621

01:09:14,749 --> 01:09:11,279

and what the next steps are and I was

1622

01:09:18,050 --> 01:09:14,759

very encouraged to see that slide number

1623

01:09:21,169 --> 01:09:18,060

seven there's a focus on effects on the

1624

01:09:23,329 --> 01:09:21,179

Observer you know psychological effects

1625

01:09:26,450 --> 01:09:23,339

physiological effects that's right out

1626
01:09:28,370 --> 01:09:26,460
of the OSAP Playbook and so when I saw

1627
01:09:31,130 --> 01:09:28,380
that as opposed to when I saw the report

1628
01:09:33,829 --> 01:09:31,140
the report was pretty I was you know

1629
01:09:36,410 --> 01:09:33,839
only used to say lean it was lean on

1630
01:09:38,809 --> 01:09:36,420
details to report on a report right it's

1631
01:09:41,570 --> 01:09:38,819
a report on a classified report it'll be

1632
01:09:44,870 --> 01:09:41,580
interesting it will be interesting or

1633
01:09:47,510 --> 01:09:44,880
would be interesting to to view what

1634
01:09:48,769 --> 01:09:47,520
exact sensors were used

1635
01:09:50,570 --> 01:09:48,779
um you know and obviously you can't

1636
01:09:52,930 --> 01:09:50,580
report that

1637
01:09:55,910 --> 01:09:52,940
um you know sources and methods in an

1638
01:09:58,270 --> 01:09:55,920

unclassified framework so

1639

01:10:01,610 --> 01:09:58,280

um but the fact is that the company

1640

01:10:04,130 --> 01:10:01,620

accompanying PowerPoint presentation

1641

01:10:07,310 --> 01:10:04,140

um gave me some optimism if they only

1642

01:10:11,209 --> 01:10:07,320

look at UFO data sensor data military

1643

01:10:13,250 --> 01:10:11,219

cases right just kind of what atip did

1644

01:10:15,470 --> 01:10:13,260

um you know after OS app was gone they

1645

01:10:17,810 --> 01:10:15,480

look at a very smaller subset of of

1646

01:10:20,570 --> 01:10:17,820

cases and phenomena are they ever going

1647

01:10:22,490 --> 01:10:20,580

to solve this well I mean play What If

1648

01:10:25,490 --> 01:10:22,500

for us if boss app had been allowed to

1649

01:10:28,790 --> 01:10:25,500

continue how what you guys did in that

1650

01:10:31,610 --> 01:10:28,800

short 27 month period versus the 18

1651

01:10:34,669 --> 01:10:31,620

months that arrow in one form or another

1652

01:10:36,649 --> 01:10:34,679

has been existing we don't know how many

1653

01:10:39,169 --> 01:10:36,659

staff they have versus what you guys

1654

01:10:41,750 --> 01:10:39,179

were able to do so describe the setup of

1655

01:10:45,169 --> 01:10:41,760

OSAP how it worked what you accomplished

1656

01:10:47,350 --> 01:10:45,179

what the lasting value of the data is

1657

01:10:49,850 --> 01:10:47,360

that the world still hasn't seen versus

1658

01:10:51,950 --> 01:10:49,860

your understanding of what this study is

1659

01:10:55,850 --> 01:10:51,960

now because in a sense we still have

1660

01:10:58,490 --> 01:10:55,860

silos right arrow has classified stuff

1661

01:11:00,590 --> 01:10:58,500

they won't share it with NASA which is

1662

01:11:02,750 --> 01:11:00,600

doing its own study they don't share it

1663

01:11:05,030 --> 01:11:02,760

with Abby Loeb and his private scientist

1664

01:11:07,130 --> 01:11:05,040

group everybody's looking for their own

1665

01:11:08,689 --> 01:11:07,140

piece of this pie but nobody is getting

1666

01:11:10,910 --> 01:11:08,699

the whole thing so

1667

01:11:13,070 --> 01:11:10,920

your hopes your dreams your fears for

1668

01:11:15,950 --> 01:11:13,080

Arrow versus what you did well it is

1669

01:11:19,669 --> 01:11:15,960

interesting to note that the the cutoff

1670

01:11:23,030 --> 01:11:19,679

point for the first odni report which

1671

01:11:27,649 --> 01:11:23,040

happened on June 25th of 2021 was about

1672

01:11:32,689 --> 01:11:27,659

March of 2021 so here we are in January

1673

01:11:35,209 --> 01:11:32,699

of 2023 about 20 months after uh after

1674

01:11:37,790 --> 01:11:35,219

that cut off point so the data Gathering

1675

01:11:39,890 --> 01:11:37,800

has been happening for probably a

1676

01:11:42,169 --> 01:11:39,900

minimum of two years which was about the

1677

01:11:44,830 --> 01:11:42,179

lifetime of the OSAP program

1678

01:11:48,229 --> 01:11:44,840

so during that program in the first

1679

01:11:50,990 --> 01:11:48,239

seven to eight months we did hire 50

1680

01:11:54,229 --> 01:11:51,000

full-time uh investigators we have no

1681

01:11:57,290 --> 01:11:54,239

idea right now uh Beyond uh Sean

1682

01:11:59,990 --> 01:11:57,300

Kirkpatrick uh how many full-time staff

1683

01:12:02,990 --> 01:12:00,000

that Ro has foreign

1684

01:12:04,850 --> 01:12:03,000

we don't know I mean they may have 50.

1685

01:12:07,130 --> 01:12:04,860

uh we don't know

1686

01:12:10,729 --> 01:12:07,140

um but I know that all sap had hired 50

1687

01:12:12,229 --> 01:12:10,739

and had trained and deployed uh right

1688

01:12:14,990 --> 01:12:12,239

through the United States in Rapid

1689

01:12:18,410 --> 01:12:15,000

reaction teams to investigate these

1690

01:12:20,570 --> 01:12:18,420

instances of UFO phenomena we also

1691

01:12:22,310 --> 01:12:20,580

deployed teams to Brazil in that first

1692

01:12:24,709 --> 01:12:22,320

24 months

1693

01:12:26,689 --> 01:12:24,719

looking at the

1694

01:12:29,570 --> 01:12:26,699

um at the sort of the unclassified

1695

01:12:33,110 --> 01:12:29,580

reports that a first one came out in

1696

01:12:36,550 --> 01:12:33,120

June 25th of 2021 the the second one

1697

01:12:41,750 --> 01:12:36,560

came out on what was it uh

1698

01:12:45,290 --> 01:12:41,760

January the 12th right of 2020 three so

1699

01:12:48,890 --> 01:12:45,300

uh the spine was about 18 months uh

1700

01:12:50,149 --> 01:12:48,900

looking at the unclassified version uh I

1701

01:12:52,070 --> 01:12:50,159

mean we're we're looking at an

1702

01:12:54,350 --> 01:12:52,080

organization that's still setting itself

1703

01:12:55,729 --> 01:12:54,360

up it's still getting its methodologies

1704

01:12:58,189 --> 01:12:55,739

together

1705

01:13:01,370 --> 01:12:58,199

um at that stage OSAP had

1706

01:13:03,169 --> 01:13:01,380

um you know had compiled 11 separate

1707

01:13:05,990 --> 01:13:03,179

databases

1708

01:13:08,110 --> 01:13:06,000

um it had it had you know delivered

1709

01:13:10,310 --> 01:13:08,120

pretty well everything that it had

1710

01:13:13,010 --> 01:13:10,320

initially promised that the defense

1711

01:13:17,870 --> 01:13:13,020

intelligence agency to deliver

1712

01:13:21,709 --> 01:13:17,880

um whether or not Arrow have a a large

1713

01:13:23,990 --> 01:13:21,719

classified section we don't know is is

1714

01:13:25,490 --> 01:13:24,000

OS app the model that should be followed

1715

01:13:28,850 --> 01:13:25,500

do you think because I mean looking at

1716

01:13:30,770 --> 01:13:28,860

can arrow look into all the phenomena

1717

01:13:32,510 --> 01:13:30,780

that you guys were able to look at and

1718

01:13:34,970 --> 01:13:32,520

you know you did it in secrecy you

1719

01:13:37,189 --> 01:13:34,980

weren't writing publishing papers to be

1720

01:13:40,490 --> 01:13:37,199

printed in in journals or anything like

1721

01:13:43,130 --> 01:13:40,500

that you you need some kind of uh you

1722

01:13:45,590 --> 01:13:43,140

know I think there's a phase uh you know

1723

01:13:48,169 --> 01:13:45,600

that the first phase

1724

01:13:52,370 --> 01:13:48,179

um if I were starting this would be that

1725

01:13:54,410 --> 01:13:52,380

that you do focus on the

1726

01:13:56,750 --> 01:13:54,420

um you know nuts and bolts yeah well

1727

01:13:59,090 --> 01:13:56,760

what what the the current level of

1728

01:14:01,970 --> 01:13:59,100

sensors that are out there and that can

1729

01:14:03,229 --> 01:14:01,980

be deployed that already are up and

1730

01:14:05,209 --> 01:14:03,239

running

1731

01:14:07,189 --> 01:14:05,219

um within the Department of Defense I I

1732

01:14:08,689 --> 01:14:07,199

would use those

1733

01:14:10,970 --> 01:14:08,699

um and then phase two and phase three

1734

01:14:13,310 --> 01:14:10,980

would come down later where you start

1735

01:14:16,370 --> 01:14:13,320

looking at the effects on people as I

1736

01:14:18,410 --> 01:14:16,380

said Sean Kirkpatrick's slide number

1737

01:14:21,110 --> 01:14:18,420

seven is pretty encouraging from that

1738

01:14:24,050 --> 01:14:21,120

perspective so there is an intent there

1739

01:14:25,910 --> 01:14:24,060

yeah they they are not excluding right

1740

01:14:28,189 --> 01:14:25,920

your guys findings they're just not

1741

01:14:29,990 --> 01:14:28,199

quite uh putting it in an unclassified

1742

01:14:32,390 --> 01:14:30,000

report on a report but I haven't found

1743

01:14:34,430 --> 01:14:32,400

it yet they could get a copy of the book

1744

01:14:36,290 --> 01:14:34,440

though but so check it out I mean you've

1745

01:14:38,570 --> 01:14:36,300

got the national reconnaissance office

1746

01:14:40,790 --> 01:14:38,580

and all of the great technology that the

1747

01:14:42,470 --> 01:14:40,800

United States has we have you know the

1748

01:14:44,630 --> 01:14:42,480

analysis through the geospatial

1749

01:14:47,209 --> 01:14:44,640

intelligence agency we have other

1750

01:14:49,550 --> 01:14:47,219

agencies that can collect High Fidelity

1751
01:14:51,470 --> 01:14:49,560
great data regarding the nuts and bolts

1752
01:14:53,689 --> 01:14:51,480
of UFOs

1753
01:14:55,189 --> 01:14:53,699
and if I'm not mistaken arrow is

1754
01:14:57,649 --> 01:14:55,199
reporting to the the Director of

1755
01:15:00,770 --> 01:14:57,659
National Intelligence right that is part

1756
01:15:02,630 --> 01:15:00,780
of where that's going or the Secretary

1757
01:15:05,689 --> 01:15:02,640
of Defense I'm sorry all the way to the

1758
01:15:07,790 --> 01:15:05,699
Secretary of Defense right so if that's

1759
01:15:11,990 --> 01:15:07,800
if that's where this is going for sure

1760
01:15:14,990 --> 01:15:12,000
focus on the immediate possible

1761
01:15:17,390 --> 01:15:15,000
foreign threat dealing with technology

1762
01:15:19,550 --> 01:15:17,400
to see what we can glean I get that so

1763
01:15:21,830 --> 01:15:19,560

I've got high hopes and that one line in

1764

01:15:23,930 --> 01:15:21,840

there that you found that it could go

1765

01:15:26,870 --> 01:15:23,940

further I guess kind of just to start

1766

01:15:29,689 --> 01:15:26,880

wrapping up I I just what do you know

1767

01:15:31,910 --> 01:15:29,699

about the phenomenon about UFOs what can

1768

01:15:34,610 --> 01:15:31,920

you say for sure maybe it's nothing you

1769

01:15:37,729 --> 01:15:34,620

know but what do we know about UFOs and

1770

01:15:40,610 --> 01:15:37,739

where does this go as I said what we

1771

01:15:43,790 --> 01:15:40,620

know is what we glean from all of the

1772

01:15:46,910 --> 01:15:43,800

data that has been discussed and you

1773

01:15:50,290 --> 01:15:46,920

know that the UFOs are real we well I

1774

01:15:53,750 --> 01:15:50,300

mean tell me yes you UFOs are

1775

01:15:56,270 --> 01:15:53,760

technologically sophisticated they have

1776

01:15:59,090 --> 01:15:56,280

uh performance characteristics that are

1777

01:16:02,209 --> 01:15:59,100

you know the the five observables are

1778

01:16:06,110 --> 01:16:02,219

are sort of well documented but they

1779

01:16:08,630 --> 01:16:06,120

also have a very profound uh effects on

1780

01:16:11,030 --> 01:16:08,640

some people or they have superficial

1781

01:16:14,530 --> 01:16:11,040

effects on other people but they do have

1782

01:16:18,950 --> 01:16:14,540

effects on P people so going forward

1783

01:16:22,490 --> 01:16:18,960

is is to combine both of those is to

1784

01:16:26,410 --> 01:16:22,500

study UFO performance and and you know

1785

01:16:29,450 --> 01:16:26,420

the hope is that out of UFO performance

1786

01:16:32,209 --> 01:16:29,460

can come theoretical physics which will

1787

01:16:34,910 --> 01:16:32,219

eventually translate into engineering

1788

01:16:36,709 --> 01:16:34,920

does our government have downed UFOs

1789

01:16:38,510 --> 01:16:36,719

from Unknown Origin that they've been

1790

01:16:40,250 --> 01:16:38,520

trying and are trying to reverse

1791

01:16:42,530 --> 01:16:40,260

engineer and exploit those Technologies

1792

01:16:46,250 --> 01:16:42,540

understand the physics understand that

1793

01:16:48,590 --> 01:16:46,260

technology do we have that to work with

1794

01:16:49,689 --> 01:16:48,600

I can't talk about that but the answer

1795

01:16:52,250 --> 01:16:49,699

is yes

1796

01:16:54,169 --> 01:16:52,260

let me let me put let me ask it this way

1797

01:16:56,090 --> 01:16:54,179

so there are a number of whistleblowers

1798

01:16:58,370 --> 01:16:56,100

who are who have new protections they're

1799

01:17:00,350 --> 01:16:58,380

lining up we've heard we know some of

1800

01:17:02,209 --> 01:17:00,360

them and that we know generally what

1801

01:17:04,689 --> 01:17:02,219

they're prepared to say let's say they

1802

01:17:07,610 --> 01:17:04,699

tell this to Congress and Congress

1803

01:17:10,130 --> 01:17:07,620

authorizes Arrow hey the stuff is over

1804

01:17:12,950 --> 01:17:10,140

here go get it how does that change the

1805

01:17:15,110 --> 01:17:12,960

world if we suddenly acknowledge or at

1806

01:17:17,110 --> 01:17:15,120

least the government finds and locates

1807

01:17:19,850 --> 01:17:17,120

and tests

1808

01:17:21,709 --> 01:17:19,860

somewhat in the open these meta

1809

01:17:24,530 --> 01:17:21,719

materials created by someone else

1810

01:17:26,270 --> 01:17:24,540

they're not ours or entire craft that

1811

01:17:28,430 --> 01:17:26,280

were built by someone else and we can't

1812

01:17:30,530 --> 01:17:28,440

figure out how it how they fly how does

1813

01:17:32,810 --> 01:17:30,540

that change the dynamic of this and does

1814

01:17:35,270 --> 01:17:32,820

that does that answer actually answer

1815

01:17:37,189 --> 01:17:35,280

the big questions who they who built

1816

01:17:40,550 --> 01:17:37,199

them where they're from why they're here

1817

01:17:42,770 --> 01:17:40,560

well it certainly answers

1818

01:17:45,709 --> 01:17:42,780

um the sort of sneaking suspicion that

1819

01:17:47,510 --> 01:17:45,719

people have had over many many many

1820

01:17:49,850 --> 01:17:47,520

decades that the United States

1821

01:17:52,550 --> 01:17:49,860

government is not coming out with the

1822

01:17:55,970 --> 01:17:52,560

full truth of what has happened behind

1823

01:17:57,410 --> 01:17:55,980

closed doors in terms of the the

1824

01:17:58,850 --> 01:17:57,420

questions that you're asking about

1825

01:17:59,450 --> 01:17:58,860

though

1826

01:18:02,390 --> 01:17:59,460

um

1827

01:18:05,209 --> 01:18:02,400

technical performance and performance

1828

01:18:07,970 --> 01:18:05,219

characteristics are fundamental if if

1829

01:18:11,209 --> 01:18:07,980

the analysis the level of analysis that

1830

01:18:13,669 --> 01:18:11,219

has happened on these objects is

1831

01:18:16,030 --> 01:18:13,679

sufficient to generate you know as I

1832

01:18:18,830 --> 01:18:16,040

said physics and Engineering

1833

01:18:21,229 --> 01:18:18,840

that is a major breakthrough and that

1834

01:18:25,490 --> 01:18:21,239

would be a fundamental departure point

1835

01:18:27,590 --> 01:18:25,500

for Humanity because Humanity would be

1836

01:18:29,990 --> 01:18:27,600

able to answer that question are we

1837

01:18:32,030 --> 01:18:30,000

alone or not alone in the universe we

1838

01:18:35,149 --> 01:18:32,040

wouldn't be able to answer from that

1839

01:18:37,490 --> 01:18:35,159

just from the raw materials or The Meta

1840

01:18:39,110 --> 01:18:37,500

materials where they're from or what

1841

01:18:40,970 --> 01:18:39,120

their interest is the bigger question is

1842

01:18:43,729 --> 01:18:40,980

why are they here where are they from

1843

01:18:46,490 --> 01:18:43,739

what's their interest in us right but at

1844

01:18:48,229 --> 01:18:46,500

least that if you had that confirmed yes

1845

01:18:50,330 --> 01:18:48,239

there is somebody else here here it is

1846

01:18:52,189 --> 01:18:50,340

here's the stuff then you could go on

1847

01:18:54,890 --> 01:18:52,199

and answer at least address the other

1848

01:18:56,630 --> 01:18:54,900

questions well I I'm not only that but

1849

01:18:59,030 --> 01:18:56,640

you could get

1850

01:19:01,729 --> 01:18:59,040

um you know the Galileo project has got

1851

01:19:04,189 --> 01:19:01,739

a lot of of different scientific talent

1852

01:19:07,149 --> 01:19:04,199

and expertise associated with so you

1853

01:19:09,890 --> 01:19:07,159

could start really sort of co-opting

1854

01:19:12,530 --> 01:19:09,900

scientific organizations that's already

1855

01:19:14,689 --> 01:19:12,540

happening actually but I think you could

1856

01:19:19,030 --> 01:19:14,699

really accelerate that once the

1857

01:19:22,490 --> 01:19:19,040

certainty uh was there that there was

1858

01:19:25,490 --> 01:19:22,500

technology of Unknown Origin in

1859

01:19:27,310 --> 01:19:25,500

existence that it had been

1860

01:19:30,169 --> 01:19:27,320

um you know it had been

1861

01:19:32,870 --> 01:19:30,179

really discovered and that it was

1862

01:19:34,490 --> 01:19:32,880

unequivocal if that was that message was

1863

01:19:35,870 --> 01:19:34,500

put out to humanity it would be a game

1864

01:19:38,270 --> 01:19:35,880

changer is that true and the message

1865

01:19:43,010 --> 01:19:38,280

hasn't been put out

1866

01:19:44,870 --> 01:19:43,020

but is that true what you said that

1867

01:19:47,090 --> 01:19:44,880

there that there's a technology of

1868

01:19:51,290 --> 01:19:47,100

unknown well I I like I said I can't

1869

01:19:52,430 --> 01:19:51,300

talk about it but the answer is is yes

1870

01:19:56,209 --> 01:19:52,440

so

1871

01:19:58,430 --> 01:19:56,219

why why would a buddy of mine a really

1872

01:20:00,410 --> 01:19:58,440

funny buddy of mine you know I was

1873

01:20:02,870 --> 01:20:00,420

arguing with them like I don't get it I

1874

01:20:06,050 --> 01:20:02,880

said I don't get it why so much contact

1875

01:20:08,030 --> 01:20:06,060

so many UFOs for so long is there a

1876

01:20:10,490 --> 01:20:08,040

program what are they doing you know the

1877

01:20:12,950 --> 01:20:10,500

Tic Tac UFO wasn't performing for fravor

1878

01:20:16,510 --> 01:20:12,960

until it noticed them it was doing a job

1879

01:20:19,370 --> 01:20:16,520

so the question I have is why

1880

01:20:21,110 --> 01:20:19,380

so much activity what are what is what

1881

01:20:22,910 --> 01:20:21,120

is the UFO presence what are they doing

1882

01:20:24,950 --> 01:20:22,920

here brings us back to where we started

1883

01:20:26,630 --> 01:20:24,960

that word Consciousness I think it

1884

01:20:28,970 --> 01:20:26,640

column has some theories about that

1885

01:20:30,590 --> 01:20:28,980

right it brings it full circle to where

1886

01:20:32,570 --> 01:20:30,600

we started our conversation

1887

01:20:33,470 --> 01:20:32,580

yeah I mean

1888

01:20:36,290 --> 01:20:33,480

um

1889

01:20:38,689 --> 01:20:36,300

I guess it's it's like the old metaphor

1890

01:20:40,370 --> 01:20:38,699

of the tree in the Forest Falls and

1891

01:20:43,070 --> 01:20:40,380

nobody is there to

1892

01:20:46,669 --> 01:20:43,080

hear it um is the tree really falling in

1893

01:20:49,310 --> 01:20:46,679

the forest so the idea that UFOs are

1894

01:20:52,310 --> 01:20:49,320

interacting with planet Earth

1895

01:20:54,350 --> 01:20:52,320

um the sort of most likely scenario is

1896

01:20:56,750 --> 01:20:54,360

that the reason for that is that humans

1897

01:20:59,570 --> 01:20:56,760

are on the planet I mean there it's

1898

01:21:00,890 --> 01:20:59,580

unlikely that they're focusing only on

1899

01:21:05,570 --> 01:21:00,900

you know

1900

01:21:07,130 --> 01:21:05,580

uh marsupials or trees or trees so you

1901

01:21:08,689 --> 01:21:07,140

don't think they they'd be here if it

1902

01:21:10,910 --> 01:21:08,699

wasn't for the human presence here that

1903

01:21:13,370 --> 01:21:10,920

somehow that Humanity itself is the

1904

01:21:15,169 --> 01:21:13,380

focus of the interaction between these

1905

01:21:17,390 --> 01:21:15,179

unknowns that we call UFOs as other

1906

01:21:20,450 --> 01:21:17,400

intelligence that are operating these

1907

01:21:23,930 --> 01:21:20,460

that that's a working hypothesis you

1908

01:21:25,850 --> 01:21:23,940

know it could be that there are

1909

01:21:28,510 --> 01:21:25,860

um you know that they're not just

1910

01:21:32,149 --> 01:21:28,520

focusing on on Humanity but the

1911

01:21:34,510 --> 01:21:32,159

astounding number of uh sightings that

1912

01:21:38,030 --> 01:21:34,520

hundreds of thousands if not more

1913

01:21:40,610 --> 01:21:38,040

globally that are that are personalized

1914

01:21:44,410 --> 01:21:40,620

interactions between individuals or

1915

01:21:47,470 --> 01:21:44,420

groups small groups and UFOs that have

1916

01:21:51,350 --> 01:21:47,480

life-changing uh effects in some cases

1917

01:21:55,430 --> 01:21:51,360

and you know mentality changing in many

1918

01:21:59,209 --> 01:21:55,440

cases leads me to think that that one of

1919

01:22:01,570 --> 01:21:59,219

the agendas of the UFO phenomenon is to

1920

01:22:04,790 --> 01:22:01,580

interact with with humans but not

1921

01:22:08,270 --> 01:22:04,800

interact with the white house but

1922

01:22:10,669 --> 01:22:08,280

interact with individuals and

1923

01:22:14,450 --> 01:22:10,679

um there's a there's a maybe a process

1924

01:22:16,310 --> 01:22:14,460

where individuals are you know affected

1925

01:22:18,229 --> 01:22:16,320

in a positive way ultimately that

1926

01:22:21,590 --> 01:22:18,239

they're changing us one person at time

1927

01:22:23,990 --> 01:22:21,600

it I mean that's a possibility

1928

01:22:26,810 --> 01:22:24,000

I I can't think that the alternative

1929

01:22:28,370 --> 01:22:26,820

that the uh these hundreds of thousands

1930

01:22:30,770 --> 01:22:28,380

or millions of sightings that have

1931

01:22:34,910 --> 01:22:30,780

happened in the last just for the sake

1932

01:22:38,390 --> 01:22:34,920

of arguments 77 years since 1945

1933

01:22:40,850 --> 01:22:38,400

um would be sort of completely random

1934

01:22:42,950 --> 01:22:40,860

um events that are sort of passing

1935

01:22:44,750 --> 01:22:42,960

through and just you know being in the

1936

01:22:46,790 --> 01:22:44,760

right place at the right time I think

1937

01:22:49,490 --> 01:22:46,800

there's more to it than that because

1938

01:22:52,370 --> 01:22:49,500

other I mean the vast number of

1939

01:22:52,990 --> 01:22:52,380

sightings to me

1940

01:23:00,250 --> 01:22:53,000

um

1941

01:23:03,530 --> 01:23:00,260

somehow important and somehow

1942

01:23:05,570 --> 01:23:03,540

produces something that is you know that

1943

01:23:07,189 --> 01:23:05,580

is viable something that they need

1944

01:23:10,430 --> 01:23:07,199

something that interests them certainly

1945

01:23:15,169 --> 01:23:10,440

but something they need from us or is it

1946

01:23:17,149 --> 01:23:15,179

symbiotic I I I feel that you know

1947

01:23:19,010 --> 01:23:17,159

um maybe

1948

01:23:20,750 --> 01:23:19,020

um one of the agendas is human

1949

01:23:23,630 --> 01:23:20,760

consciousness

1950

01:23:26,510 --> 01:23:23,640

um that that an interaction with UFOs

1951

01:23:28,910 --> 01:23:26,520

May provoke changes in human

1952

01:23:31,010 --> 01:23:28,920

consciousness and and sort of we are

1953

01:23:33,050 --> 01:23:31,020

back to the sort of original discussion

1954

01:23:35,270 --> 01:23:33,060

point but you know one of the incidents

1955

01:23:38,450 --> 01:23:35,280

that happened on the Skinwalker Ranch is

1956

01:23:41,030 --> 01:23:38,460

kind of is emblematic of of this whole

1957

01:23:43,250 --> 01:23:41,040

thing and that is that we had six people

1958

01:23:46,610 --> 01:23:43,260

on the ranch

1959

01:23:49,430 --> 01:23:46,620

um suddenly all six of them had

1960

01:23:50,510 --> 01:23:49,440

um night vision binoculars and this

1961

01:23:53,990 --> 01:23:50,520

light

1962

01:23:56,450 --> 01:23:54,000

object popped up just from behind skin

1963

01:23:58,430 --> 01:23:56,460

marker Ridge popped up it was sort of

1964

01:24:01,250 --> 01:23:58,440

all just over the ridge

1965

01:24:03,770 --> 01:24:01,260

and so it just happened that all six

1966

01:24:06,110 --> 01:24:03,780

people had night vision binoculars they

1967

01:24:08,750 --> 01:24:06,120

exactly the same make and model

1968

01:24:10,250 --> 01:24:08,760

all six of them looked at this object

1969

01:24:12,970 --> 01:24:10,260

and you know through night vision

1970

01:24:15,350 --> 01:24:12,980

binoculars they it was like greatly

1971

01:24:18,709 --> 01:24:15,360

magnified the light was magnified

1972

01:24:21,649 --> 01:24:18,719

tremendously through this you know low

1973

01:24:23,990 --> 01:24:21,659

vision amplification and so there was a

1974

01:24:27,050 --> 01:24:24,000

sort of a debriefing that occurred later

1975

01:24:30,410 --> 01:24:27,060

that evening after that that evening had

1976

01:24:32,930 --> 01:24:30,420

passed and it turned out that all six

1977

01:24:34,850 --> 01:24:32,940

individuals saw completely different

1978

01:24:38,149 --> 01:24:34,860

things through the night vision

1979

01:24:41,050 --> 01:24:38,159

binocular binoculars so I mean I'm using

1980

01:24:45,530 --> 01:24:41,060

that as a metaphor for saying that

1981

01:24:49,130 --> 01:24:45,540

perception human perception is altered

1982

01:24:52,310 --> 01:24:49,140

in many cases as a result or during UFO

1983

01:24:56,689 --> 01:24:52,320

interactions so maybe human perception

1984

01:25:00,110 --> 01:24:56,699

as it pertains to human consciousness is

1985

01:25:02,990 --> 01:25:00,120

um is one of the objectives where the

1986

01:25:05,570 --> 01:25:03,000

UFO phenomenon is somehow interacting

1987

01:25:07,310 --> 01:25:05,580

with human consciousness for a purpose I

1988

01:25:09,770 --> 01:25:07,320

don't know what that purposes a lot of

1989

01:25:12,130 --> 01:25:09,780

people they have UFO experiences and

1990

01:25:14,390 --> 01:25:12,140

then just to add to

1991

01:25:16,250 --> 01:25:14,400

how weird things are for them they start

1992

01:25:18,229 --> 01:25:16,260

seeing dead people you know that's

1993

01:25:20,209 --> 01:25:18,239

that's a very good point it's sort of uh

1994

01:25:21,830 --> 01:25:20,219

you know in your day job when we're not

1995

01:25:23,930 --> 01:25:21,840

really talking about your job now but

1996

01:25:25,729 --> 01:25:23,940

you work on Consciousness issues all the

1997

01:25:28,610 --> 01:25:25,739

time it goes right back to the beginning

1998

01:25:30,410 --> 01:25:28,620

of nids nids is remembered today as a

1999

01:25:34,070 --> 01:25:30,420

UFO organization but it wasn't there

2000

01:25:36,169 --> 01:25:34,080

were two main parts of nids one was are

2001

01:25:38,330 --> 01:25:36,179

we alone in the universe investigating

2002

01:25:41,090 --> 01:25:38,340

UFOs and related phenomena and the other

2003

01:25:43,130 --> 01:25:41,100

was does human consciousness survive

2004

01:25:45,350 --> 01:25:43,140

physical death do we go on is there a

2005

01:25:46,970 --> 01:25:45,360

soul something that goes on now it's

2006

01:25:49,430 --> 01:25:46,980

going to come full circle for you and

2007

01:25:53,450 --> 01:25:49,440

you're you're focusing more on the that

2008

01:25:55,970 --> 01:25:53,460

side survival of death do we go on

2009

01:25:58,430 --> 01:25:55,980

which is also form of Consciousness

2010

01:25:59,990 --> 01:25:58,440

studies and yeah it all all they're all

2011

01:26:01,970 --> 01:26:00,000

fits together it's interesting you know

2012

01:26:04,490 --> 01:26:01,980

I was out of confidence there recently

2013

01:26:06,470 --> 01:26:04,500

with uh Whitley streber and you know

2014

01:26:09,350 --> 01:26:06,480

Whitley Whitley strieber has told many

2015

01:26:12,350 --> 01:26:09,360

many people about this story was during

2016

01:26:14,530 --> 01:26:12,360

this very traumatic abduction event that

2017

01:26:18,050 --> 01:26:14,540

happened in the in the 1980s with them

2018

01:26:22,129 --> 01:26:18,060

during the abduction event he actually

2019

01:26:24,050 --> 01:26:22,139

saw a friend of his you know human

2020

01:26:26,330 --> 01:26:24,060

um in the middle of this abduction event

2021

01:26:30,229 --> 01:26:26,340

and he was thinking what is this guy

2022

01:26:32,649 --> 01:26:30,239

this guy was actually a CIA agent

2023

01:26:35,930 --> 01:26:32,659

um during the time that Whitley saw him

2024

01:26:39,169 --> 01:26:35,940

and Whitley couldn't understand why in

2025

01:26:41,510 --> 01:26:39,179

retrospect why this guy suddenly showed

2026
01:26:43,610 --> 01:26:41,520
up in the middle of a pretty traumatic

2027
01:26:46,370 --> 01:26:43,620
abduction phenomenon

2028
01:26:49,669 --> 01:26:46,380
Whitley followed it up after his

2029
01:26:52,129 --> 01:26:49,679
abduction had you know subsided uh in

2030
01:26:55,070 --> 01:26:52,139
the weeks afterwards and he discovered

2031
01:26:56,570 --> 01:26:55,080
that this guy had died unbeknownst to

2032
01:26:58,750 --> 01:26:56,580
him

2033
01:27:01,610 --> 01:26:58,760
um you know a couple of weeks before

2034
01:27:02,450 --> 01:27:01,620
Whitley's abduction and so this guy was

2035
01:27:04,490 --> 01:27:02,460
dead

2036
01:27:06,950 --> 01:27:04,500
when he showed up in in the middle of

2037
01:27:09,370 --> 01:27:06,960
Whitley's abduction so you know there's

2038
01:27:13,070 --> 01:27:09,380

numerous different

2039

01:27:16,430 --> 01:27:13,080

overlaps between what you know people

2040

01:27:19,250 --> 01:27:16,440

call the afterlife people

2041

01:27:21,649 --> 01:27:19,260

um you know part of The Hitchhiker

2042

01:27:23,270 --> 01:27:21,659

effect with with axelrod's family is

2043

01:27:26,390 --> 01:27:23,280

that one of his kids started seeing dead

2044

01:27:28,430 --> 01:27:26,400

people you know I mean suddenly your

2045

01:27:30,530 --> 01:27:28,440

perception is open and you can see dead

2046

01:27:33,350 --> 01:27:30,540

people whereas other people can't see

2047

01:27:36,709 --> 01:27:33,360

them so there is this kind of uh

2048

01:27:39,550 --> 01:27:36,719

mysterious overlap between

2049

01:27:42,530 --> 01:27:39,560

um human consciousness as it pertains to

2050

01:27:45,530 --> 01:27:42,540

survival after death

2051
01:27:48,530 --> 01:27:45,540
versus you know the close encounter

2052
01:27:51,229 --> 01:27:48,540
effect of of UFOs and that's that's a

2053
01:27:53,810 --> 01:27:51,239
phenomenon that people like Dr Jeffrey

2054
01:27:55,729 --> 01:27:53,820
and Rice University is very

2055
01:27:58,669 --> 01:27:55,739
interested in and there are other other

2056
01:28:01,189 --> 01:27:58,679
people who are starting to get involved

2057
01:28:03,350 --> 01:28:01,199
in that sort of concept that but it's

2058
01:28:06,709 --> 01:28:03,360
fundamentally about human consciousness

2059
01:28:09,110 --> 01:28:06,719
so yeah this is this is not

2060
01:28:11,270 --> 01:28:09,120
Stranger Than You Think This is Stranger

2061
01:28:13,970 --> 01:28:11,280
Than I can think I mean that's kind of

2062
01:28:15,709 --> 01:28:13,980
where I'm at look I it's so cool to hear

2063
01:28:17,990 --> 01:28:15,719

you guys you know kind of be able to

2064

01:28:20,209 --> 01:28:18,000

just freely and openly talk where it

2065

01:28:22,490 --> 01:28:20,219

doesn't feel so confined it's neat to be

2066

01:28:24,110 --> 01:28:22,500

able to be part of that and to allow

2067

01:28:26,149 --> 01:28:24,120

other people to

2068

01:28:27,770 --> 01:28:26,159

um just thank you so much for for coming

2069

01:28:29,990 --> 01:28:27,780

and talking with us and one last

2070

01:28:31,310 --> 01:28:30,000

question so we don't know who they are

2071

01:28:33,470 --> 01:28:31,320

where they're from

2072

01:28:35,870 --> 01:28:33,480

maybe they are from the place where we

2073

01:28:38,030 --> 01:28:35,880

go when we die whatever that is not not

2074

01:28:39,590 --> 01:28:38,040

from other planets although I guess they

2075

01:28:42,050 --> 01:28:39,600

had technology they could could be from

2076
01:28:43,970 --> 01:28:42,060
other planets but they live here in some

2077
01:28:45,590 --> 01:28:43,980
other kind of version of reality

2078
01:28:48,350 --> 01:28:45,600
and they're interested in what happens

2079
01:28:50,990 --> 01:28:48,360
to us when we go on

2080
01:28:51,729 --> 01:28:51,000
that's a possibility I mean

2081
01:28:54,649 --> 01:28:51,739
um

2082
01:28:56,510 --> 01:28:54,659
this whole sort of phenomena where UFOs

2083
01:28:58,310 --> 01:28:56,520
suddenly appear and then they can just

2084
01:29:01,070 --> 01:28:58,320
disappear

2085
01:29:02,930 --> 01:29:01,080
um where do they go when that happens uh

2086
01:29:06,470 --> 01:29:02,940
we know that there's literature

2087
01:29:10,310 --> 01:29:06,480
associated with the so-called afterlife

2088
01:29:12,410 --> 01:29:10,320

where people can see living people from

2089

01:29:14,750 --> 01:29:12,420

where they are but we can't see them so

2090

01:29:18,830 --> 01:29:14,760

there's a sort of a there's an overlap

2091

01:29:22,550 --> 01:29:18,840

between where is this place or is it a

2092

01:29:24,050 --> 01:29:22,560

state of mind where UFOs come from Colin

2093

01:29:26,209 --> 01:29:24,060

you've been at this a long time is it

2094

01:29:27,830 --> 01:29:26,219

solvable does it do you solve these

2095

01:29:29,689 --> 01:29:27,840

Mysteries do you get some answers while

2096

01:29:30,649 --> 01:29:29,699

you're still on this side of the Mortal

2097

01:29:33,530 --> 01:29:30,659

plane

2098

01:29:35,570 --> 01:29:33,540

I I think the more people that start

2099

01:29:37,610 --> 01:29:35,580

thinking about this and the more data

2100

01:29:39,649 --> 01:29:37,620

that's available I think the better the

2101

01:29:41,270 --> 01:29:39,659

chances are that we are capable of

2102

01:29:43,070 --> 01:29:41,280

solving this

2103

01:29:45,290 --> 01:29:43,080

I don't know the answer to that but I

2104

01:29:47,810 --> 01:29:45,300

think it's certainly fun trying before

2105

01:29:50,990 --> 01:29:47,820

we wrap it up

2106

01:29:52,490 --> 01:29:51,000

every day I see a snooze story about

2107

01:29:57,290 --> 01:29:52,500

atip

2108

01:29:58,669 --> 01:29:57,300

also at the same time and of course it

2109

01:30:01,010 --> 01:29:58,679

drives me a little bit crazy because I

2110

01:30:03,229 --> 01:30:01,020

mean we've we've told the story of the

2111

01:30:05,209 --> 01:30:03,239

22 million went to OSAP that program and

2112

01:30:07,850 --> 01:30:05,219

although atip was real it came afterward

2113

01:30:09,770 --> 01:30:07,860

it was a much smaller Focus the idea

2114

01:30:12,169 --> 01:30:09,780

that OSAP was somehow discredited

2115

01:30:13,669 --> 01:30:12,179

because it looked at the bigger picture

2116

01:30:17,629 --> 01:30:13,679

you need to look at the bigger picture

2117

01:30:21,050 --> 01:30:17,639

don't you yeah I I really I think the

2118

01:30:23,470 --> 01:30:21,060

main lesson learned from walking away

2119

01:30:26,750 --> 01:30:23,480

from allsop even though it was truncated

2120

01:30:28,189 --> 01:30:26,760

at two years instead of the projected

2121

01:30:32,570 --> 01:30:28,199

five years that it was originally

2122

01:30:36,110 --> 01:30:32,580

intended for was that if you can have

2123

01:30:38,750 --> 01:30:36,120

the the capability of studying both the

2124

01:30:41,870 --> 01:30:38,760

UFO as a technology study UFO

2125

01:30:45,350 --> 01:30:41,880

performance and also study effects of

2126
01:30:49,370 --> 01:30:45,360
UFO on humans I think that is the best

2127
01:30:51,290 --> 01:30:49,380
combination of a scientific program that

2128
01:30:54,350 --> 01:30:51,300
will yield results and if you can do

2129
01:30:58,629 --> 01:30:54,360
that relentlessly for five or ten years

2130
01:31:01,669 --> 01:30:58,639
as opposed to 18 months two years

2131
01:31:04,070 --> 01:31:01,679
you know I think that is the best chance

2132
01:31:06,830 --> 01:31:04,080
for going forward I think it there's a

2133
01:31:09,470 --> 01:31:06,840
possibility of getting getting real bona

2134
01:31:12,169 --> 01:31:09,480
fide results after five ten years this

2135
01:31:14,870 --> 01:31:12,179
is not a short-term program though you

2136
01:31:17,990 --> 01:31:14,880
know any hope of sort of having answers

2137
01:31:20,390 --> 01:31:18,000
after two years I think is an illusion

2138
01:31:22,850 --> 01:31:20,400

well look man there's only one direction

2139

01:31:24,229 --> 01:31:22,860

to move and that's forward so just

2140

01:31:26,090 --> 01:31:24,239

thanks for having the conversation with

2141

01:31:28,250 --> 01:31:26,100

us and man that was fun and we'll do it

2142

01:31:29,990 --> 01:31:28,260

again thank you very much it's been

2143

01:31:37,189 --> 01:31:30,000

really great spending time with both of

2144

01:31:37,199 --> 01:31:43,729

stupid

2145

01:31:51,649 --> 01:31:48,169

never have so few had so much to tell

2146

01:31:53,090 --> 01:31:51,659

but could say so little

2147

01:31:54,890 --> 01:31:53,100

following this little weaponized

2148

01:31:56,510 --> 01:31:54,900

presentation of Jeremy Corbell George

2149

01:31:58,669 --> 01:31:56,520

Knapp Dark Horse entertainment and

2150

01:32:00,890 --> 01:31:58,679

Cadence 13 Studios available now for
