

EXTRAORDINARY
BELIEFS

1
00:00:00,900 --> 00:00:06,470
and this is weapons

2
00:00:10,730 --> 00:00:08,750
smuggle classified documents out of

3
00:00:13,190 --> 00:00:10,740
Russia is that true

4
00:00:15,650 --> 00:00:13,200
that is true okay is that the end of the

5
00:00:17,090 --> 00:00:15,660
story yeah that's it okay we're done so

6
00:00:19,010 --> 00:00:17,100
today let's talk about that listen I've

7
00:00:21,410 --> 00:00:19,020
heard you know you've informed me a

8
00:00:23,570 --> 00:00:21,420
bunch about this but it'll also known

9
00:00:26,330 --> 00:00:23,580
not only to intelligence agencies but

10
00:00:29,269 --> 00:00:26,340
also to the public that somehow you went

11
00:00:31,310 --> 00:00:29,279
to Russia at this opportune time and got

12
00:00:33,049 --> 00:00:31,320
a bunch of information about their UFO

13
00:00:35,389 --> 00:00:33,059

programs so I want to hear about that

14

00:00:38,930 --> 00:00:35,399

well the actual smuggling part of it um

15

00:00:41,510 --> 00:00:38,940

was uh exhilarating exciting downright

16

00:00:43,610 --> 00:00:41,520

scary probably crazy and retrospect

17

00:00:45,290 --> 00:00:43,620

looking back at it now if they had

18

00:00:47,750 --> 00:00:45,300

caught me what I was doing

19

00:00:49,549 --> 00:00:47,760

I'd still be in a gulag somewhere we

20

00:00:52,430 --> 00:00:49,559

know what happens to Russian journalists

21

00:00:54,229 --> 00:00:52,440

who cross Putin we know what happens to

22

00:00:55,549 --> 00:00:54,239

business people who cross Putin an

23

00:00:57,830 --> 00:00:55,559

American journalist was recently

24

00:01:01,010 --> 00:00:57,840

arrested in Russia for Espionage

25

00:01:02,750 --> 00:01:01,020

purposes uh I I can pretty much assure

26

00:01:04,729 --> 00:01:02,760

you that he didn't do what we did back

27

00:01:06,890 --> 00:01:04,739

then but uh I'll tell you the story so

28

00:01:10,370 --> 00:01:06,900

among the first people we interviewed

29

00:01:12,109 --> 00:01:10,380

was Dr capranov he had been highly

30

00:01:14,330 --> 00:01:12,119

skeptical he didn't know where this was

31

00:01:16,130 --> 00:01:14,340

going to lead but after eight months of

32

00:01:18,350 --> 00:01:16,140

digging into this stuff and talking to

33

00:01:20,030 --> 00:01:18,360

high-level government people about UFOs

34

00:01:22,910 --> 00:01:20,040

he realized holy crap this is real

35

00:01:24,890 --> 00:01:22,920

Russian physicist Nikolai capranov a

36

00:01:26,870 --> 00:01:24,900

national security advisor to the Soviet

37

00:01:29,090 --> 00:01:26,880

Parliament spent months making the

38

00:01:31,310 --> 00:01:29,100

crucial contacts with sources who would

39

00:01:33,050 --> 00:01:31,320

not otherwise be available to westerners

40

00:01:34,609 --> 00:01:33,060

and who almost certainly would never

41

00:01:37,429 --> 00:01:34,619

have been accessible to Western

42

00:01:40,010 --> 00:01:37,439

journalists capranov had heard Rumbings

43

00:01:42,170 --> 00:01:40,020

about UFO studies over the years but he

44

00:01:44,390 --> 00:01:42,180

was far from being a believer that is

45

00:01:46,429 --> 00:01:44,400

until he started asking questions of

46

00:01:48,469 --> 00:01:46,439

people in high place is

47

00:01:49,969 --> 00:01:48,479

more and more I started to think that

48

00:01:51,530 --> 00:01:49,979

this is something for real

49

00:01:56,389 --> 00:01:51,540

and

50

00:01:58,789 --> 00:01:56,399

Cheetos one can't you know just just

51
00:02:01,550 --> 00:01:58,799
drop but what I learned about the UFO is

52
00:02:04,850 --> 00:02:01,560
that they're certainly for real and that

53
00:02:07,969 --> 00:02:04,860
the UFO is the one fragment of ovarian

54
00:02:10,010 --> 00:02:07,979
the aversive and strong

55
00:02:12,229 --> 00:02:10,020
phenomena the military people are

56
00:02:14,449 --> 00:02:12,239
looking at that very seriously with

57
00:02:16,369 --> 00:02:14,459
capranov's assistance our team succeeded

58
00:02:18,589 --> 00:02:16,379
in making contact with a previously

59
00:02:20,990 --> 00:02:18,599
hidden Echelon of UFO researchers

60
00:02:23,330 --> 00:02:21,000
dedicated scientists who had pursued

61
00:02:25,850 --> 00:02:23,340
their interest in Alien visitors during

62
00:02:27,589 --> 00:02:25,860
the darkest days of Communism and whose

63
00:02:30,170 --> 00:02:27,599

findings have never before seen the

64

00:02:31,490 --> 00:02:30,180

light of day so he told us look I didn't

65

00:02:33,890 --> 00:02:31,500

really think this was going to lead

66

00:02:35,449 --> 00:02:33,900

anywhere but now I'm amazed to find out

67

00:02:38,449 --> 00:02:35,459

that there really have been these

68

00:02:41,150 --> 00:02:38,459

studies and investigations for a long

69

00:02:43,190 --> 00:02:41,160

time the second person we met was maybe

70

00:02:45,710 --> 00:02:43,200

the most important person of all his

71

00:02:47,509 --> 00:02:45,720

name was Colonel Boris sokolov and he

72

00:02:49,670 --> 00:02:47,519

was from a distinguished military family

73

00:02:51,650 --> 00:02:49,680

his father and grandfather had been

74

00:02:54,350 --> 00:02:51,660

high-ranking officers in the Russian

75

00:02:58,369 --> 00:02:54,360

military and he was given an amazing

76

00:02:59,990 --> 00:02:58,379

assignment in 1978. in 1978 there was an

77

00:03:02,509 --> 00:03:00,000

incident called the Petros about

78

00:03:04,550 --> 00:03:02,519

incident Petro savatsky is a place where

79

00:03:07,009 --> 00:03:04,560

they would launch missiles for satellite

80

00:03:09,170 --> 00:03:07,019

systems Space Program things of that

81

00:03:11,750 --> 00:03:09,180

sort something happened over Petro

82

00:03:13,729 --> 00:03:11,760

savatska in 1978 this Jack there's

83

00:03:16,250 --> 00:03:13,739

photos that I have but we got from the

84

00:03:19,070 --> 00:03:16,260

Russian military of this gigantic sort

85

00:03:21,350 --> 00:03:19,080

of jellyfish looking object over the

86

00:03:24,649 --> 00:03:21,360

Russian military base the official

87

00:03:26,869 --> 00:03:24,659

explanation was oh yeah a a Russian

88

00:03:28,130 --> 00:03:26,879

missile exploded this was a mistake

89

00:03:30,050 --> 00:03:28,140

sorry

90

00:03:32,210 --> 00:03:30,060

that's not what happened it was

91

00:03:33,890 --> 00:03:32,220

something unknown and the reason we know

92

00:03:36,110 --> 00:03:33,900

that is because the Russians went ahead

93

00:03:38,030 --> 00:03:36,120

and as a result of that incident and

94

00:03:41,390 --> 00:03:38,040

other incidences that have been looked

95

00:03:43,550 --> 00:03:41,400

at they launched a study of UFOs and the

96

00:03:45,170 --> 00:03:43,560

order went out from Colonel sokolov who

97

00:03:47,930 --> 00:03:45,180

was put in charge of this amazing

98

00:03:50,750 --> 00:03:47,940

program he said every unit in the vast

99

00:03:53,809 --> 00:03:50,760

Russian military Empire Army Navy Air

100

00:03:56,509 --> 00:03:53,819

Force all of them anybody who sees an

101
00:03:59,270 --> 00:03:56,519
unknown ball of light uh mystery object

102
00:04:01,089 --> 00:03:59,280
a craft a UFO whatever the heck it is

103
00:04:03,289 --> 00:04:01,099
you have to collect that information

104
00:04:05,330 --> 00:04:03,299
interrogate the witnesses put it all

105
00:04:07,570 --> 00:04:05,340
into a report and it all has to go one

106
00:04:11,509 --> 00:04:07,580
place and the place it went is Colonel

107
00:04:14,270 --> 00:04:11,519
borosokolov's desk first an order was

108
00:04:22,689 --> 00:04:14,280
given to those Pilots to chase the UFO

109
00:04:27,830 --> 00:04:25,430
most intriguing cases were compiled into

110
00:04:30,230 --> 00:04:27,840
this thick value although much of the

111
00:04:32,450 --> 00:04:30,240
data is still being evaluated it appears

112
00:04:35,090 --> 00:04:32,460
the Russians accumulated a mammoth

113
00:04:36,710 --> 00:04:35,100

amount of information about UFOs the

114

00:04:38,570 --> 00:04:36,720

assumption that these craft were from

115

00:04:41,390 --> 00:04:38,580

somewhere else perhaps outer space

116

00:04:43,310 --> 00:04:41,400

became a foregone conclusion wow you

117

00:04:44,810 --> 00:04:43,320

were able to find this guy but what is

118

00:04:46,310 --> 00:04:44,820

that what is the jellyfish thing you're

119

00:04:48,469 --> 00:04:46,320

talking about explain that this is Petra

120

00:04:52,010 --> 00:04:48,479

Savage because there's a fairly famous

121

00:04:54,230 --> 00:04:52,020

photo now of an object these shards of

122

00:04:56,570 --> 00:04:54,240

light that look like a jellyfish like

123

00:04:58,550 --> 00:04:56,580

that was classified like as a UAP or UFO

124

00:05:00,830 --> 00:04:58,560

yeah the Russian government officially

125

00:05:03,409 --> 00:05:00,840

said oh yeah this is a rocket that blew

126

00:05:05,510 --> 00:05:03,419

up but the fact is they launched a

127

00:05:07,010 --> 00:05:05,520

secret study of UFOs because they knew

128

00:05:08,689 --> 00:05:07,020

that's not what it was it was something

129

00:05:10,610 --> 00:05:08,699

else and they needed to get to the

130

00:05:12,770 --> 00:05:10,620

bottom of it so the person they put in

131

00:05:14,930 --> 00:05:12,780

charge with Colonel sokolov had a

132

00:05:17,330 --> 00:05:14,940

distinguished record he was retired at

133

00:05:19,070 --> 00:05:17,340

the time we found him and he was he was

134

00:05:20,870 --> 00:05:19,080

a little nervous about talking to us but

135

00:05:22,370 --> 00:05:20,880

he warmed up to us and then like all the

136

00:05:26,390 --> 00:05:22,380

Russians that we met

137

00:05:28,550 --> 00:05:26,400

you know his his Abode was pretty humble

138

00:05:30,409 --> 00:05:28,560

uh it was clear he doesn't make a lot of

139

00:05:32,870 --> 00:05:30,419

money his retirement benefits from the

140

00:05:34,850 --> 00:05:32,880

Russian military he's he's not well off

141

00:05:36,650 --> 00:05:34,860

but he's spread out a bunch of food it

142

00:05:38,450 --> 00:05:36,660

must have been like a month's salary for

143

00:05:40,850 --> 00:05:38,460

the guy he and his wife welcomed this

144

00:05:42,830 --> 00:05:40,860

into his home we struck up a

145

00:05:44,090 --> 00:05:42,840

conversation eventually he loosened up a

146

00:05:46,790 --> 00:05:44,100

little bit and started talking to us

147

00:05:48,590 --> 00:05:46,800

about the program that he uh headed up

148

00:05:51,469 --> 00:05:48,600

he put it this way for one of the

149

00:05:54,650 --> 00:05:51,479

interviews we did he said in essence

150

00:05:56,689 --> 00:05:54,660

the entire USSR was one big UFO

151

00:05:59,930 --> 00:05:56,699

listening post it was a tremendous

152

00:06:02,270 --> 00:05:59,940

experiment it was in all likelihood the

153

00:06:03,469 --> 00:06:02,280

largest UFO investigation ever done in

154

00:06:05,990 --> 00:06:03,479

the history of the world bigger than

155

00:06:09,590 --> 00:06:06,000

anything we've done so Russia was

156

00:06:12,050 --> 00:06:09,600

studying sincerely UFOs for all those

157

00:06:14,390 --> 00:06:12,060

decades and the world didn't know about

158

00:06:16,010 --> 00:06:14,400

it officially in any way no we had no

159

00:06:18,110 --> 00:06:16,020

idea maybe there was somebody in the CIA

160

00:06:20,390 --> 00:06:18,120

and knew about this but it was kept very

161

00:06:22,909 --> 00:06:20,400

quiet until we came back with the goods

162

00:06:25,129 --> 00:06:22,919

he said this let the study that study

163

00:06:27,469 --> 00:06:25,139

lasted 10 full years thousands and

164

00:06:29,629 --> 00:06:27,479

thousands of reports came in and some of

165

00:06:31,689 --> 00:06:29,639

them were really spectacular and I was

166

00:06:33,890 --> 00:06:31,699

allowed to not only see the the

167

00:06:36,770 --> 00:06:33,900

documents but to bring a lot of them

168

00:06:38,210 --> 00:06:36,780

back and uh I'll give you something you

169

00:06:40,309 --> 00:06:38,220

weren't allowed to bring a lot of them

170

00:06:42,469 --> 00:06:40,319

back but somehow you obtained them in

171

00:06:44,450 --> 00:06:42,479

Russia right so what is that like so

172

00:06:46,490 --> 00:06:44,460

basically you're talking with a guy who

173

00:06:48,710 --> 00:06:46,500

headed a UFO program in Russia one of

174

00:06:49,909 --> 00:06:48,720

the probably the top dogs for the UFO

175

00:06:51,730 --> 00:06:49,919

study do you think it was one of the top

176

00:06:55,070 --> 00:06:51,740

dogs he was the top guy he was the top

177

00:06:56,749 --> 00:06:55,080

of UFO studies in Russia during the Cold

178

00:06:58,070 --> 00:06:56,759

War for a whole 10-year period and

179

00:06:59,809 --> 00:06:58,080

you're sitting down having dinner with

180

00:07:01,010 --> 00:06:59,819

his family because you just had a hunch

181

00:07:02,809 --> 00:07:01,020

maybe you'd be able to get something

182

00:07:05,510 --> 00:07:02,819

good yeah and he showed us some things

183

00:07:07,790 --> 00:07:05,520

and then later we made some arrangements

184

00:07:09,650 --> 00:07:07,800

to try to get some physical copies the

185

00:07:11,689 --> 00:07:09,660

original the original documents not just

186

00:07:14,390 --> 00:07:11,699

copies and um

187

00:07:15,770 --> 00:07:14,400

starting with the orders the orders that

188

00:07:17,930 --> 00:07:15,780

went out from the ministry of defense

189

00:07:20,809 --> 00:07:17,940

that described us that went to every

190

00:07:22,790 --> 00:07:20,819

military unit in the USSR or what used

191

00:07:25,370 --> 00:07:22,800

to be the USSR and they all had to

192

00:07:28,070 --> 00:07:25,380

comply now um there are some limitations

193

00:07:30,890 --> 00:07:28,080

on it as sokolov and others were to tell

194

00:07:33,290 --> 00:07:30,900

us later some of the best cases during

195

00:07:36,070 --> 00:07:33,300

that 10-year period very likely were

196

00:07:38,809 --> 00:07:36,080

siphoned off by the KGB there was a KGB

197

00:07:42,290 --> 00:07:38,819

officer assigned to pretty much all

198

00:07:44,210 --> 00:07:42,300

Ministry of Defense units at one point

199

00:07:47,150 --> 00:07:44,220

or another so anything that was really

200

00:07:49,850 --> 00:07:47,160

tasty or uh interesting went to them

201
00:07:52,370 --> 00:07:49,860
first a lot of that stuff went to KGB

202
00:07:53,990 --> 00:07:52,380
that I did not get to see but the stuff

203
00:07:55,730 --> 00:07:54,000
that was left over was absolutely

204
00:07:57,589 --> 00:07:55,740
spectacular

205
00:07:59,029 --> 00:07:57,599
um he he said there was thousands and

206
00:08:00,589 --> 00:07:59,039
thousands of cases you didn't have to

207
00:08:02,870 --> 00:08:00,599
have the whole number but he gave us

208
00:08:05,210 --> 00:08:02,880
some highlights for one thing uh he said

209
00:08:07,850 --> 00:08:05,220
there were 40 different incidents in

210
00:08:10,909 --> 00:08:07,860
those uh in those 10 years where Russian

211
00:08:13,370 --> 00:08:10,919
war planes were chased after UFOs the

212
00:08:15,890 --> 00:08:13,380
UFOs would appear in the sky or on radar

213
00:08:18,170 --> 00:08:15,900

they sent the the warplanes after them

214

00:08:20,150 --> 00:08:18,180

to shoot them down and I I think I can

215

00:08:22,369 --> 00:08:20,160

quote them exactly he said

216

00:08:25,309 --> 00:08:22,379

a standing order was given to our Pilots

217

00:08:27,830 --> 00:08:25,319

to chase UFOs and to shoot if necessary

218

00:08:30,950 --> 00:08:27,840

there were 40 cases in which our Pilots

219

00:08:33,230 --> 00:08:30,960

chased UFOs tried to shoot in most cases

220

00:08:35,690 --> 00:08:33,240

the UFO would speed up and get away but

221

00:08:36,769 --> 00:08:35,700

in three cases the pilots crashed two of

222

00:08:38,930 --> 00:08:36,779

them died

223

00:08:41,089 --> 00:08:38,940

after that the order was given the

224

00:08:43,930 --> 00:08:41,099

pilots who see UFOs should change course

225

00:08:46,370 --> 00:08:43,940

and get out all Pilots agreed we later

226

00:08:48,410 --> 00:08:46,380

in a later visit when I went back to

227

00:08:49,850 --> 00:08:48,420

Russia we interviewed General boltsev

228

00:08:53,090 --> 00:08:49,860

who was the commander of the Russian air

229

00:08:56,509 --> 00:08:53,100

defenses and he said look we pushed put

230

00:08:59,210 --> 00:08:56,519

out that order because it in effect we

231

00:09:01,550 --> 00:08:59,220

concluded that the UFOs had quote

232

00:09:03,889 --> 00:09:01,560

incredible capacities for retaliation

233

00:09:06,600 --> 00:09:03,899

don't shoot them they will blow your ass
