

1  
00:00:05,690 --> 00:00:04,070  
and this is weapons

2  
00:00:08,570 --> 00:00:05,700  
the only thing more dangerous than

3  
00:00:10,970 --> 00:00:08,580  
talking about UFOs for us is not talking

4  
00:00:12,589 --> 00:00:10,980  
about UFOs if we do an interview a guest

5  
00:00:14,509 --> 00:00:12,599  
like you David we hadn't been talking

6  
00:00:16,250 --> 00:00:14,519  
about UFOs we catch nothing but grief

7  
00:00:17,990 --> 00:00:16,260  
about it oh yeah because they assume

8  
00:00:20,090 --> 00:00:18,000  
we're always going to talk about UFOs

9  
00:00:22,010 --> 00:00:20,100  
and only UFOs well people that really

10  
00:00:23,870 --> 00:00:22,020  
you know like to to kind of you know

11  
00:00:25,730 --> 00:00:23,880  
learn about this you know they of course

12  
00:00:28,009 --> 00:00:25,740  
they're excited about the open topic so

13  
00:00:30,290 --> 00:00:28,019

are we in every conversation of ours

14

00:00:32,210 --> 00:00:30,300

leads to UFOs eventually yeah yeah yeah

15

00:00:34,610 --> 00:00:32,220

yeah but you know our interests go far

16

00:00:36,830 --> 00:00:34,620

and wider than that but yes uh you know

17

00:00:38,870 --> 00:00:36,840

but I like let's stick on UFOs I like

18

00:00:41,510 --> 00:00:38,880

that let's talk about it well I'd like

19

00:00:43,369 --> 00:00:41,520

to talk about your adventure the two of

20

00:00:45,049 --> 00:00:43,379

you guys saw one I mean you know yeah

21

00:00:46,610 --> 00:00:45,059

you had never seen one before I know

22

00:00:48,709 --> 00:00:46,620

I've never seen one that I know of as

23

00:00:51,590 --> 00:00:48,719

far as I can remember but you guys had

24

00:00:53,690 --> 00:00:51,600

one so let's hear the story yeah finally

25

00:00:55,670 --> 00:00:53,700

both of us had one that's what that's

26

00:00:58,130 --> 00:00:55,680

it's a crazy story you know I love I

27

00:01:00,470 --> 00:00:58,140

want to hear Dave explain we we both you

28

00:01:02,930 --> 00:01:00,480

know we saw the same thing but we both

29

00:01:04,729 --> 00:01:02,940

different things of it really intrigued

30

00:01:07,370 --> 00:01:04,739

us and so I like kind of hearing what

31

00:01:08,630 --> 00:01:07,380

how Dave experienced it yeah well I mean

32

00:01:09,890 --> 00:01:08,640

it happened

33

00:01:11,630 --> 00:01:09,900

um

34

00:01:13,670 --> 00:01:11,640

it was a night I was just visiting

35

00:01:16,789 --> 00:01:13,680

visiting and we were walking to your dog

36

00:01:18,109 --> 00:01:16,799

yeah on a very beautiful starry night I

37

00:01:19,609 --> 00:01:18,119

think I don't think there was a moon in

38

00:01:23,210 --> 00:01:19,619

the sky that night I don't think this is

39

00:01:24,830 --> 00:01:23,220

the stars were so uh prominent and I

40

00:01:26,330 --> 00:01:24,840

remember watching in the distance

41

00:01:27,649 --> 00:01:26,340

watching the commercial air traffic

42

00:01:29,929 --> 00:01:27,659

flying around and just thinking about

43

00:01:31,429 --> 00:01:29,939

what a clear beautiful night it was and

44

00:01:32,929 --> 00:01:31,439

just saying to Jeremy you know this will

45

00:01:35,870 --> 00:01:32,939

be a good night to see something this

46

00:01:37,490 --> 00:01:35,880

would be I'd like to you know and uh so

47

00:01:40,030 --> 00:01:37,500

we're pretty remote by the way so you

48

00:01:42,649 --> 00:01:40,040

know you know so where we are big

49

00:01:44,330 --> 00:01:42,659

no light pollution it was just like a

50

00:01:46,249 --> 00:01:44,340

one of those beautiful nights and you

51  
00:01:47,690 --> 00:01:46,259  
know walking my pup and just kind of

52  
00:01:49,670 --> 00:01:47,700  
really enjoying the night and then this

53  
00:01:51,649 --> 00:01:49,680  
guy gets sarcastic you know yeah like

54  
00:01:53,149 --> 00:01:51,659  
well you remember though I don't I just

55  
00:01:54,889 --> 00:01:53,159  
remember saying I want to see this would

56  
00:01:57,230 --> 00:01:54,899  
be a great night to see something no no

57  
00:01:59,810 --> 00:01:57,240  
no no no no this is called you out Foley

58  
00:02:02,569 --> 00:01:59,820  
ghost hey man it's so cool coming up to

59  
00:02:04,670 --> 00:02:02,579  
hang out with the UFO expert I was kind

60  
00:02:06,289 --> 00:02:04,680  
of hoping I'd see a UFO you know just

61  
00:02:08,389 --> 00:02:06,299  
kind of digging at me I've never seen

62  
00:02:10,609 --> 00:02:08,399  
one either never really a machine that I

63  
00:02:14,089 --> 00:02:10,619

could say that's a UFO but within few

64

00:02:15,290 --> 00:02:14,099

moments of asking to see something uh I

65

00:02:17,390 --> 00:02:15,300

think I was looking and I hear and

66

00:02:21,229 --> 00:02:17,400

Jeremy goes Dave turn around

67

00:02:22,670 --> 00:02:21,239

and I turn around and uh in the distance

68

00:02:26,390 --> 00:02:22,680

there's this

69

00:02:28,790 --> 00:02:26,400

bright orangey gold thing kind of

70

00:02:30,410 --> 00:02:28,800

pulsing with orange Gold light and with

71

00:02:32,030 --> 00:02:30,420

some white lights on the front of it or

72

00:02:34,010 --> 00:02:32,040

assuming it's the front because that's

73

00:02:37,309 --> 00:02:34,020

the way it was traveling

74

00:02:39,350 --> 00:02:37,319

um and looking at it and it's clearly

75

00:02:42,530 --> 00:02:39,360

and you see the commercial air traffic

76

00:02:43,430 --> 00:02:42,540

all around it and the difference is very

77

00:02:45,589 --> 00:02:43,440

Stark

78

00:02:47,330 --> 00:02:45,599

and it's well this was close first of

79

00:02:49,250 --> 00:02:47,340

all this yeah close compared to another

80

00:02:50,869 --> 00:02:49,260

and it got closer and closer to us and

81

00:02:53,990 --> 00:02:50,879

it sort of traveled around this Valley

82

00:02:55,729 --> 00:02:54,000

to you know and uh and I think we both

83

00:02:57,710 --> 00:02:55,739

were thinking at the same time uh I kept

84

00:02:59,089 --> 00:02:57,720

thinking this will be like when I'm in

85

00:03:00,710 --> 00:02:59,099

my backyard and I see so I'm going to

86

00:03:02,270 --> 00:03:00,720

eventually realize it's oh it's just

87

00:03:03,470 --> 00:03:02,280

something boring I kept thinking this is

88

00:03:04,910 --> 00:03:03,480

going to get boring as it gets closer

89

00:03:06,290 --> 00:03:04,920

did you say anything to each other as

90

00:03:08,030 --> 00:03:06,300

you're watching it well yeah hold on

91

00:03:09,770 --> 00:03:08,040

let's yeah that was weird so let's get

92

00:03:12,229 --> 00:03:09,780

into that but I wanted what you kind of

93

00:03:13,910 --> 00:03:12,239

missed what I saw yeah so again I'm you

94

00:03:16,070 --> 00:03:13,920

know he's taking the pest that I mean

95

00:03:17,990 --> 00:03:16,080

I'm thinking [h\_\_h] and then I'm

96

00:03:20,509 --> 00:03:18,000

I'm looking and I and he's standing

97

00:03:23,210 --> 00:03:20,519

there and his back is to it and from a

98

00:03:25,130 --> 00:03:23,220

45 degree angle which looked from as far

99

00:03:26,990 --> 00:03:25,140

as the distance could be from high up

100

00:03:27,890 --> 00:03:27,000

seemed like it came from space this

101  
00:03:30,530 --> 00:03:27,900

thing just

102  
00:03:33,410 --> 00:03:30,540

shot down at a 45 degree angle just

103  
00:03:35,149 --> 00:03:33,420

glowing right and then it boom hits and

104  
00:03:36,649 --> 00:03:35,159

levels off and so that was the first

105  
00:03:38,570 --> 00:03:36,659

thing that's when I was able to say hey

106  
00:03:40,070 --> 00:03:38,580

turn around like I already knew this was

107  
00:03:41,750 --> 00:03:40,080

weird I thought maybe it was a comment

108  
00:03:43,670 --> 00:03:41,760

or something I I thought it would end up

109  
00:03:46,369 --> 00:03:43,680

being super Pro X I've never seen

110  
00:03:47,330 --> 00:03:46,379

Bonafide machine UFO and we were both

111  
00:03:49,190 --> 00:03:47,340

kind of like had never seen anything

112  
00:03:52,130 --> 00:03:49,200

like that when he turned around he

113  
00:03:54,589 --> 00:03:52,140

caught it right after as it was level it

114

00:03:56,690 --> 00:03:54,599

was yeah it stayed on a level like I

115

00:03:58,970 --> 00:03:56,700

guess what we call a trajectory yeah and

116

00:04:00,470 --> 00:03:58,980

so from then on so that was so our

117

00:04:02,509 --> 00:04:00,480

reactions was a really weird thing but

118

00:04:04,910 --> 00:04:02,519

before that like what was so impressive

119

00:04:07,070 --> 00:04:04,920

to me we all thought the kid I thought

120

00:04:09,110 --> 00:04:07,080

I'm sure we thought this is going to end

121

00:04:10,789 --> 00:04:09,120

up being something normal or a comet or

122

00:04:13,490 --> 00:04:10,799

something it's going to take an angle

123

00:04:15,470 --> 00:04:13,500

and show itself and show itself holy

124

00:04:17,270 --> 00:04:15,480

[h\_\_\h] because first of all it's over this

125

00:04:20,330 --> 00:04:17,280

there's mountains on both sides just

126

00:04:23,090 --> 00:04:20,340

right there over the sky and it was it

127

00:04:25,310 --> 00:04:23,100

was big and the thing that really struck

128

00:04:27,909 --> 00:04:25,320

me for me and I know this is maybe

129

00:04:30,650 --> 00:04:27,919

different than for Dave but it it was

130

00:04:32,570 --> 00:04:30,660

self-luminous and it so it was like you

131

00:04:35,510 --> 00:04:32,580

could say it was it was glowing it was

132

00:04:38,150 --> 00:04:35,520

self-luminous but it would pulse with

133

00:04:39,890 --> 00:04:38,160

this extreme power that's the thing that

134

00:04:41,870 --> 00:04:39,900

really struck me was the power that it

135

00:04:44,749 --> 00:04:41,880

took to do this and and there were four

136

00:04:47,749 --> 00:04:44,759

pulses and when it pulls it kind of went

137

00:04:49,550 --> 00:04:47,759

like and there's no Sonic Boom it was

138

00:04:52,129 --> 00:04:49,560

these these movements and and seeing it

139

00:04:55,249 --> 00:04:52,139

to send in from 45 degree angle and hit

140

00:04:56,870 --> 00:04:55,259

down and then move it was so to me this

141

00:05:00,170 --> 00:04:56,880

tremendous power because you could see

142

00:05:02,030 --> 00:05:00,180

it was a machine it had these big three

143

00:05:03,530 --> 00:05:02,040

lights that weren't shooting like beams

144

00:05:05,030 --> 00:05:03,540

but there were smaller lights with a

145

00:05:06,890 --> 00:05:05,040

larger white light in the middle of it

146

00:05:08,390 --> 00:05:06,900

and they were pulsing too but at a

147

00:05:10,969 --> 00:05:08,400

different Tempo than the rest of them

148

00:05:13,249 --> 00:05:10,979

then the body of The Craft and that that

149

00:05:15,770 --> 00:05:13,259

was the thing to me was it was almost

150

00:05:18,890 --> 00:05:15,780

comical it was like what you'd imagine

151  
00:05:22,010 --> 00:05:18,900  
drawn in a 1940s comic book I wanted is

152  
00:05:23,810 --> 00:05:22,020  
retro kind of retro yeah you drew it

153  
00:05:25,909 --> 00:05:23,820  
right I did I did draw a picture of it

154  
00:05:28,189 --> 00:05:25,919  
yeah but our reaction was pretty crazy

155  
00:05:30,290 --> 00:05:28,199  
you know um I practiced the Quick Draw

156  
00:05:32,390 --> 00:05:30,300  
my camera I'm not gonna be that UFO guy

157  
00:05:33,950 --> 00:05:32,400  
that doesn't pull out his camera right

158  
00:05:36,590 --> 00:05:33,960  
but I'm thinking the whole time I'm

159  
00:05:38,990 --> 00:05:36,600  
sitting there I literally said out loud

160  
00:05:41,870 --> 00:05:39,000  
I'm not even gonna try to film this yeah

161  
00:05:44,270 --> 00:05:41,880  
and I remember hearing that and going

162  
00:05:46,430 --> 00:05:44,280  
it's and in my mind it just seemed like

163  
00:05:48,290 --> 00:05:46,440

that's a weird thing and then I also in

164

00:05:50,990 --> 00:05:48,300

richest I go it's really weird that I

165

00:05:52,790 --> 00:05:51,000

didn't call you out on it right away uh

166

00:05:54,170 --> 00:05:52,800

but neither was except for that one time

167

00:05:56,930 --> 00:05:54,180

that Jeremy said yeah I'm not gonna take

168

00:06:00,110 --> 00:05:56,940

try and try and film this uh neither of

169

00:06:00,710 --> 00:06:00,120

us spoke for the entire event

170

00:06:03,230 --> 00:06:00,720

um

171

00:06:05,210 --> 00:06:03,240

and it felt like you were addressing

172

00:06:06,409 --> 00:06:05,220

somebody but it wasn't you weren't

173

00:06:08,749 --> 00:06:06,419

really addressing me I hadn't said

174

00:06:11,330 --> 00:06:08,759

anything yeah uh you was just saying it

175

00:06:13,730 --> 00:06:11,340

out loud like like like somehow that

176

00:06:16,090 --> 00:06:13,740

thought popped into your head

177

00:06:18,950 --> 00:06:16,100

and maybe it was

178

00:06:21,290 --> 00:06:18,960

for me it was just like I was so

179

00:06:23,090 --> 00:06:21,300

astonished by what I was seeing I

180

00:06:25,670 --> 00:06:23,100

couldn't believe it you just said made

181

00:06:27,710 --> 00:06:25,680

this joke yeah to me no it just seemed

182

00:06:30,409 --> 00:06:27,720

so irrational that what do you make of

183

00:06:32,749 --> 00:06:30,419

that that you say it and then boom one

184

00:06:35,029 --> 00:06:32,759

appears is that an invocation that it

185

00:06:37,550 --> 00:06:35,039

appeared because you said it well it's

186

00:06:38,270 --> 00:06:37,560

I'm I don't it seems

187

00:06:40,490 --> 00:06:38,280

um

188

00:06:42,770 --> 00:06:40,500

it seems like it was it seems almost

189

00:06:43,790 --> 00:06:42,780

weirder if it wasn't

190

00:06:45,290 --> 00:06:43,800

you know that we were just

191

00:06:47,150 --> 00:06:45,300

coincidentally

192

00:06:48,350 --> 00:06:47,160

discuss this two two people who were

193

00:06:50,689 --> 00:06:48,360

interested but have never seen anything

194

00:06:52,309 --> 00:06:50,699

and there it is and how long did it last

195

00:06:54,409 --> 00:06:52,319

and what happened at the end it was a

196

00:06:55,909 --> 00:06:54,419

few minutes yeah a few minutes yeah we

197

00:06:58,010 --> 00:06:55,919

watched it never pulled out that damn

198

00:06:59,689 --> 00:06:58,020

camera and this and as I said we and

199

00:07:01,969 --> 00:06:59,699

except for that we didn't say anything

200

00:07:03,770 --> 00:07:01,979

until it went uh went away behind the

201  
00:07:05,749 --> 00:07:03,780  
mountains well hold on so in in my

202  
00:07:08,330 --> 00:07:05,759  
defense like I am astonished by what

203  
00:07:09,770 --> 00:07:08,340  
I've seen like I can't believe it that

204  
00:07:11,629 --> 00:07:09,780  
we're actually seeing one because it was

205  
00:07:13,909 --> 00:07:11,639  
so weird right after what he said in my

206  
00:07:16,550 --> 00:07:13,919  
defense if I had brought up the iPhone

207  
00:07:18,350 --> 00:07:16,560  
the the darkness of the sky because it

208  
00:07:20,390 --> 00:07:18,360  
was almost completely dark there was

209  
00:07:23,930 --> 00:07:20,400  
still a little bit of light you would

210  
00:07:25,550 --> 00:07:23,940  
not have a great UFO video after that so

211  
00:07:27,050 --> 00:07:25,560  
in my defense I was maybe I think I

212  
00:07:28,850 --> 00:07:27,060  
didn't want to hurt my eyes with the

213  
00:07:30,230 --> 00:07:28,860

light so I didn't miss a second of it

214

00:07:32,330 --> 00:07:30,240

but also we thought it was going to

215

00:07:34,070 --> 00:07:32,340

disappear it seems so unusual we thought

216

00:07:37,189 --> 00:07:34,080

it would disappear immediately that

217

00:07:38,870 --> 00:07:37,199

[h\_\_\h] hung out after the slips it

218

00:07:41,390 --> 00:07:38,880

just kind of kept moving slow and then

219

00:07:57,730 --> 00:07:41,400

it hovered it stayed in one spot stock

220

00:08:03,710 --> 00:08:01,249

like I've had people in my area tell me

221

00:08:05,629 --> 00:08:03,720

about having pretty astounding sightings

222

00:08:08,089 --> 00:08:05,639

it's a cool area for watching UFOs

223

00:08:10,070 --> 00:08:08,099

people have told me about some of their

224

00:08:11,749 --> 00:08:10,080

really astounding sightings when I was

225

00:08:14,089 --> 00:08:11,759

actually editing the Bob Lazar movie

226

00:08:15,950 --> 00:08:14,099

right out on the mountain where I was

227

00:08:18,950 --> 00:08:15,960

editing it there's an actor friend of

228

00:08:20,930 --> 00:08:18,960

mine who lives near me and he was shaken

229

00:08:22,430 --> 00:08:20,940

and he called me and he had seen

230

00:08:24,409 --> 00:08:22,440

something that looked like a kind of

231

00:08:26,270 --> 00:08:24,419

like a Tic Tac just hovering by that

232

00:08:28,369 --> 00:08:26,280

mountain with like portholes the guy was

233

00:08:29,869 --> 00:08:28,379

like trembling when he told me never

234

00:08:32,029 --> 00:08:29,879

told the story he doesn't want to tell

235

00:08:33,469 --> 00:08:32,039

so he was you know so in that area I

236

00:08:36,230 --> 00:08:33,479

don't know but here's part of the

237

00:08:38,690 --> 00:08:36,240

weirdness is that that's that response

238

00:08:40,670 --> 00:08:38,700

to it makes sense our response makes no

239

00:08:43,370 --> 00:08:40,680

sense right

240

00:08:44,870 --> 00:08:43,380

um that that we had neither one of us

241

00:08:47,150 --> 00:08:44,880

had any

242

00:08:50,170 --> 00:08:47,160

level of excitement or adrenaline wasn't

243

00:08:53,990 --> 00:08:50,180

rushing they're just kind of mesmerizing

244

00:08:57,650 --> 00:08:54,000

and very calm very just matter of fact

245

00:09:01,370 --> 00:08:57,660

about it and no no as again no emotional

246

00:09:03,170 --> 00:09:01,380

response and and even since it I have no

247

00:09:05,389 --> 00:09:03,180

emotional response to it when I think

248

00:09:07,970 --> 00:09:05,399

about it before you talk about drawing

249

00:09:10,970 --> 00:09:07,980

it I'll tell you this though we got home

250

00:09:13,130 --> 00:09:10,980

and we built a bonfire and I said I went

251

00:09:15,110 --> 00:09:13,140

into full investigatory mode okay tell

252

00:09:17,449 --> 00:09:15,120

me exactly what you saw I want to make

253

00:09:19,610 --> 00:09:17,459

sure what did he see compared to me and

254

00:09:21,470 --> 00:09:19,620

is it the same yeah it was the same I

255

00:09:23,269 --> 00:09:21,480

mean he was able to describe the shape

256

00:09:25,790 --> 00:09:23,279

of it a little better than me

257

00:09:28,970 --> 00:09:25,800

um both by drawing but also in

258

00:09:30,470 --> 00:09:28,980

description we had my the thing that

259

00:09:32,630 --> 00:09:30,480

impressed me most was that the sheer

260

00:09:34,190 --> 00:09:32,640

amount of raw power that it took to do

261

00:09:35,389 --> 00:09:34,200

that without Sonic booms because

262

00:09:38,030 --> 00:09:35,399

remember I saw it coming at that 45

263

00:09:40,070 --> 00:09:38,040

degree angle and just stop and then move

264

00:09:41,389 --> 00:09:40,080

he had a kind of more personal

265

00:09:43,370 --> 00:09:41,399

experience with it I think what he's

266

00:09:45,470 --> 00:09:43,380

saying about the way we reacted I have

267

00:09:47,329 --> 00:09:45,480

to chalk it up to just being astonished

268

00:09:49,430 --> 00:09:47,339

yeah I think it's more than that because

269

00:09:50,870 --> 00:09:49,440

I think our astonishment we would have

270

00:09:52,250 --> 00:09:50,880

some Adrenaline Rush there would have

271

00:09:55,670 --> 00:09:52,260

been some excitement because you but you

272

00:09:57,710 --> 00:09:55,680

know you watch people's videos of UFOs

273

00:09:59,870 --> 00:09:57,720

on online and they're always going what

274

00:10:02,810 --> 00:09:59,880

the [h\_\_h] is that yeah right Jesus Christ

275

00:10:04,970 --> 00:10:02,820

what the [h\_\_h] that's what is that right

276

00:10:07,550 --> 00:10:04,980

and uh none of that from us and even

277

00:10:10,310 --> 00:10:07,560

after it it was just like after when it

278

00:10:12,769 --> 00:10:10,320

went behind the mountain uh Jeremy just

279

00:10:14,870 --> 00:10:12,779

went dude that was a UFO

280

00:10:16,850 --> 00:10:14,880

you know in UFO lore there are so many

281

00:10:18,710 --> 00:10:16,860

cases of people who witness something

282

00:10:20,090 --> 00:10:18,720

and then they fumble for their phone or

283

00:10:21,410 --> 00:10:20,100

their camera and try to get it and by

284

00:10:22,910 --> 00:10:21,420

the time they get it up there it's gone

285

00:10:24,889 --> 00:10:22,920

and yeah so you have to make the

286

00:10:26,509 --> 00:10:24,899

decision do I want to see it or do I

287

00:10:29,630 --> 00:10:26,519

want to videotape it because sometimes

288

00:10:32,509 --> 00:10:29,640

that the two are I I felt like there was

289

00:10:37,430 --> 00:10:32,519

like that our our response was not under

290

00:10:40,610 --> 00:10:37,440

our control and that somehow we were led

291

00:10:42,769 --> 00:10:40,620

to just uh stay calm and pay attention

292

00:10:44,509 --> 00:10:42,779

Okay you you ask for it here it is take

293

00:10:47,269 --> 00:10:44,519

a look so just for you so just look at

294

00:10:48,949 --> 00:10:47,279

it don't get excited just watch it so

295

00:10:51,410 --> 00:10:48,959

you'll remember what you saw

296

00:10:53,210 --> 00:10:51,420

and uh and that was it I just didn't

297

00:10:55,069 --> 00:10:53,220

want to miss a second of it that's

298

00:10:57,290 --> 00:10:55,079

that's the for me it just felt like I

299

00:10:58,790 --> 00:10:57,300

didn't I I hear all the things you're

300

00:11:00,889 --> 00:10:58,800

saying and it might be right but I just

301  
00:11:02,810 --> 00:11:00,899  
I didn't want to miss a second of it and

302  
00:11:05,150 --> 00:11:02,820  
then the weirdest thing is you know I

303  
00:11:07,190 --> 00:11:05,160  
couldn't draw where [h\_\_h] the next day he

304  
00:11:08,690 --> 00:11:07,200  
sends me he texts me an image but tell

305  
00:11:10,790 --> 00:11:08,700  
him about that that was pretty neat well

306  
00:11:13,790 --> 00:11:10,800  
yeah the next day I I went home and I

307  
00:11:16,250 --> 00:11:13,800  
just and I got out my iPad and started

308  
00:11:18,290 --> 00:11:16,260  
trying to draw it and I opened up an app

309  
00:11:21,170 --> 00:11:18,300  
that I'd never opened up before a

310  
00:11:23,410 --> 00:11:21,180  
drawing app and immediately found

311  
00:11:26,569 --> 00:11:23,420  
basically every tool I needed to draw it

312  
00:11:29,569 --> 00:11:26,579  
uh how to to shade it I got was able to

313  
00:11:31,670 --> 00:11:29,579

get the exact color that I wanted I was

314

00:11:33,829 --> 00:11:31,680

able to find an app that gave me these

315

00:11:35,990 --> 00:11:33,839

sort of lens flare lighting effects for

316

00:11:37,610 --> 00:11:36,000

the front lights immediately everything

317

00:11:40,630 --> 00:11:37,620

immediately like when it took about 15

318

00:11:46,190 --> 00:11:43,150

with no knowledge of the app and

319

00:11:48,889 --> 00:11:46,200

the fact that I have zero ability to

320

00:11:50,870 --> 00:11:48,899

draw I cannot draw anything but I was

321

00:11:52,610 --> 00:11:50,880

able to even get the perspective of the

322

00:11:55,190 --> 00:11:52,620

of the shape of it this kind of weird

323

00:11:56,690 --> 00:11:55,200

kind of slightly triangular it was like

324

00:12:00,590 --> 00:11:56,700

almost like a bread roll but slightly

325

00:12:03,829 --> 00:12:00,600

triangular kind of uh shape to it I was

326

00:12:06,829 --> 00:12:03,839

able to draw that with perspective in

327

00:12:08,690 --> 00:12:06,839

the in in the accurate perspective so

328

00:12:11,090 --> 00:12:08,700

that it you know it uh you know

329

00:12:13,790 --> 00:12:11,100

diminished as it went you know as when

330

00:12:15,889 --> 00:12:13,800

as as the shape of it goes away from

331

00:12:16,610 --> 00:12:15,899

uh the front

332

00:12:18,949 --> 00:12:16,620

um

333

00:12:22,130 --> 00:12:18,959

and it and again 15 minutes that was

334

00:12:24,829 --> 00:12:22,140

done and and after and at that point I

335

00:12:26,569 --> 00:12:24,839

just sort of went oh don't do any more

336

00:12:28,310 --> 00:12:26,579

you knew you were done yeah don't do

337

00:12:30,290 --> 00:12:28,320

anymore and I sent it to Jeremy as soon

338

00:12:31,970 --> 00:12:30,300

as I finished it and your reaction is

339

00:12:33,530 --> 00:12:31,980

that it it's what we said first of all I

340

00:12:34,850 --> 00:12:33,540

said you're a [h\_\_h] great artist how'd

341

00:12:37,009 --> 00:12:34,860

you do that like I wanted to know did he

342

00:12:40,310 --> 00:12:37,019

how did he do that but yeah it is what

343

00:12:41,930 --> 00:12:40,320

we saw and what's weird is again the

344

00:12:44,389 --> 00:12:41,940

thing that sticks with me it was almost

345

00:12:46,129 --> 00:12:44,399

like a Comic version of what a UFO

346

00:12:49,129 --> 00:12:46,139

should look like it looked like a

347

00:12:51,650 --> 00:12:49,139

steampunk thing in a way it was a

348

00:12:53,930 --> 00:12:51,660

machine and it did things that I know

349

00:12:56,569 --> 00:12:53,940

shouldn't have happened it should not

350

00:12:58,730 --> 00:12:56,579

have been able to descend that fast to

351

00:13:01,790 --> 00:12:58,740

move into that lateral line to pulse

352

00:13:03,470 --> 00:13:01,800

with that glow and slip like this I mean

353

00:13:06,110 --> 00:13:03,480

I didn't even ever want to tell this

354

00:13:08,449 --> 00:13:06,120

story you know UFO guy sees the UFO come

355

00:13:11,030 --> 00:13:08,459

on yeah but like well I know I I felt

356

00:13:13,370 --> 00:13:11,040

part of me was going oh [h\_\_\h] now I have

357

00:13:15,170 --> 00:13:13,380

to tell people and I was going I was so

358

00:13:17,329 --> 00:13:15,180

it's much more pure to believe it just

359

00:13:18,650 --> 00:13:17,339

on the evidence yeah you know as opposed

360

00:13:21,829 --> 00:13:18,660

to having actually had an experience

361

00:13:23,569 --> 00:13:21,839

right now all right now you done did it

362

00:13:26,150 --> 00:13:23,579

you saw your photo yeah so but the thing

363

00:13:28,310 --> 00:13:26,160

is I you know I make no claims of

364

00:13:30,410 --> 00:13:28,320

understanding anything about this I I

365

00:13:33,829 --> 00:13:30,420

don't know where it was from what it was

366

00:13:36,769 --> 00:13:33,839

Opera all I know is that we do not have

367

00:13:38,810 --> 00:13:36,779

that Tech that was so obvious to me at

368

00:13:39,710 --> 00:13:38,820

that moment and

369

00:13:42,290 --> 00:13:39,720

um

370

00:13:44,210 --> 00:13:42,300

and just the weirdness that it felt like

371

00:13:46,730 --> 00:13:44,220

it was a like it was being presented to

372

00:13:49,009 --> 00:13:46,740

us it was like a display a performance

373

00:13:51,230 --> 00:13:49,019

for your benefit because it circled it

374

00:13:53,930 --> 00:13:51,240

circled the valley yeah yeah and it

375

00:13:56,990 --> 00:13:53,940

didn't keep it didn't go past us it got

376

00:13:59,870 --> 00:13:57,000

to where we were and hung there

377

00:14:02,449 --> 00:13:59,880

for quite a while you know I don't know

378

00:14:04,009 --> 00:14:02,459

what to say man it was yeah so [h\_\_h]

379

00:14:06,290 --> 00:14:04,019

weird interesting well we'll put the

380

00:14:08,210 --> 00:14:06,300

image out on this episode of weaponized

381

00:14:09,949 --> 00:14:08,220

and hopefully our our listeners our

382

00:14:11,449 --> 00:14:09,959

audience can react or maybe some of them

383

00:14:13,550 --> 00:14:11,459

have seen something similar because I've

384

00:14:15,050 --> 00:14:13,560

never seen an image like that like what

385

00:14:17,150 --> 00:14:15,060

you guys showed me yeah I've never even

386

00:14:19,009 --> 00:14:17,160

heard of a UFO shaped like that that's

387

00:14:20,930 --> 00:14:19,019

the other thing I wanted a disc I wanted

388

00:14:23,810 --> 00:14:20,940

a cylinder nut you know I want to see

389

00:14:25,970 --> 00:14:23,820

something I remember having deciding I

390

00:14:27,230 --> 00:14:25,980

was I put it up on Twitter and had spent

391

00:14:29,329 --> 00:14:27,240

an evening just sort of discussing with

392

00:14:31,430 --> 00:14:29,339

whoever wanted to discuss it answer

393

00:14:33,110 --> 00:14:31,440

whatever questions people asked but I

394

00:14:35,030 --> 00:14:33,120

remember somebody said well it sounds to

395

00:14:37,490 --> 00:14:35,040

me like what you saw was the illuminated

396

00:14:39,530 --> 00:14:37,500

wheel well of a jet crowd going overhead

397

00:14:41,750 --> 00:14:39,540

sometimes that it lights up just the

398

00:14:43,129 --> 00:14:41,760

underside of the wing so you're probably

399

00:14:45,769 --> 00:14:43,139

just seeing the underside of the the

400

00:14:49,250 --> 00:14:45,779

slow flying airplane that was right

401  
00:14:51,710 --> 00:14:49,260  
there and this was not yeah a bird yeah

402  
00:14:53,210 --> 00:14:51,720  
it was not a typical plane yeah we saw

403  
00:14:54,470 --> 00:14:53,220  
all that stuff we see it all the time

404  
00:14:56,629 --> 00:14:54,480  
out there and it would have been pretty

405  
00:14:57,970 --> 00:14:56,639  
noisy if it was close enough that we and

406  
00:15:00,350 --> 00:14:57,980  
and

407  
00:15:02,509 --> 00:15:00,360  
yeah this thing's flying over orange

408  
00:15:04,850 --> 00:15:02,519  
groves at that height I mean that that

409  
00:15:06,490 --> 00:15:04,860  
was the Eerie thing was the the absolute

410  
00:15:11,389 --> 00:15:06,500  
silence so that the thing was was

411  
00:15:14,449 --> 00:15:11,399  
obviously larger than so at least the

412  
00:15:16,129 --> 00:15:14,459  
size of a big school bus I mean that you

413  
00:15:18,590 --> 00:15:16,139

could see you could you could actually

414

00:15:20,870 --> 00:15:18,600

physically see that the text you could

415

00:15:23,150 --> 00:15:20,880

see the craft itself it wasn't like

416

00:15:25,009 --> 00:15:23,160

something like you know so far away you

417

00:15:27,170 --> 00:15:25,019

couldn't make that a block of white but

418

00:15:28,610 --> 00:15:27,180

it wasn't close enough you could feel

419

00:15:30,889 --> 00:15:28,620

almost feel that almost sense the

420

00:15:32,750 --> 00:15:30,899

texture of this the skin of it totally

421

00:15:34,790 --> 00:15:32,760

and that that color you know that that

422

00:15:36,410 --> 00:15:34,800

that glow I just I could I thought maybe

423

00:15:38,329 --> 00:15:36,420

it would explode a few times it was it

424

00:15:39,710 --> 00:15:38,339

was really bizarre man I don't know what

425

00:15:41,090 --> 00:15:39,720

to make of it well we'll see what our

426

00:15:42,710 --> 00:15:41,100

audience says see if anybody comes up

427

00:15:44,569 --> 00:15:42,720

with similar sightings from other parts

428

00:15:46,250 --> 00:15:44,579

of the world we'll let you know but it's

429

00:15:48,170 --> 00:15:46,260

just that that the condescension of

430

00:15:51,530 --> 00:15:48,180

people think oh I can explain this yeah

431

00:15:53,810 --> 00:15:51,540

like why would you why why would you

432

00:15:55,910 --> 00:15:53,820

think that when it doesn't match any

433

00:15:57,350 --> 00:15:55,920

element of what I just told you but

434

00:15:58,990 --> 00:15:57,360

you'll go to like that is your
