

EXTRAORDINARY  
BELIEFS

1  
00:00:05,390 --> 00:00:04,010  
and this is weapons

2  
00:00:07,249 --> 00:00:05,400  
let's talk about that for a second

3  
00:00:08,870 --> 00:00:07,259  
because I am not one of those people

4  
00:00:11,629 --> 00:00:08,880  
that think that our world would

5  
00:00:14,930 --> 00:00:11,639  
instantaneously be revolutionized by the

6  
00:00:16,670 --> 00:00:14,940  
Technologies uh that we have allegedly

7  
00:00:18,769 --> 00:00:16,680  
recovered and have been reverse

8  
00:00:20,630 --> 00:00:18,779  
engineering what I mean by that is a lot

9  
00:00:22,810 --> 00:00:20,640  
of people like to say well you know free

10  
00:00:25,189 --> 00:00:22,820  
energy like instantly the whole

11  
00:00:26,509 --> 00:00:25,199  
structure infrastructure fossil fuels

12  
00:00:27,830 --> 00:00:26,519  
would go down and people would lose

13  
00:00:31,849 --> 00:00:27,840

money and they're fighting against that

14

00:00:33,110 --> 00:00:31,859

I just I don't see that and here's why I

15

00:00:35,209 --> 00:00:33,120

I don't think it would change things

16

00:00:37,370 --> 00:00:35,219

overnight I think that whatever

17

00:00:39,709 --> 00:00:37,380

Technologies can be derived from these

18

00:00:42,350 --> 00:00:39,719

acquisition programs that it would take

19

00:00:43,970 --> 00:00:42,360

a a great deal of Material Science in

20

00:00:45,650 --> 00:00:43,980

order to replicate them and as we know

21

00:00:47,869 --> 00:00:45,660

all the way back from babazar back in

22

00:00:49,970 --> 00:00:47,879

the day believe him or not believe him

23

00:00:52,069 --> 00:00:49,980

what he said is becoming much more

24

00:00:55,610 --> 00:00:52,079

relevant these days with what we're

25

00:00:57,770 --> 00:00:55,620

learning what he said was that we have

26  
00:01:00,889 --> 00:00:57,780  
no way of replicating these Technologies

27  
00:01:02,750 --> 00:01:00,899  
the material science alone is the

28  
00:01:06,050 --> 00:01:02,760  
limiting factor it's kind of the speed

29  
00:01:08,570 --> 00:01:06,060  
of light when it comes to this topic but

30  
00:01:10,609 --> 00:01:08,580  
guess what he's not the only one that

31  
00:01:12,830 --> 00:01:10,619  
said that to us I mean

32  
00:01:14,690 --> 00:01:12,840  
almost across the board people involved

33  
00:01:16,550 --> 00:01:14,700  
with this have said the number one thing

34  
00:01:18,350 --> 00:01:16,560  
that stopped us is we can't properly

35  
00:01:20,149 --> 00:01:18,360  
replicate the power source that's what's

36  
00:01:21,590 --> 00:01:20,159  
said to me over and over and over again

37  
00:01:24,350 --> 00:01:21,600  
I don't know what to make of that

38  
00:01:26,030 --> 00:01:24,360

completely I got some theories but I

39

00:01:27,770 --> 00:01:26,040

mean if that's the case now back to your

40

00:01:29,270 --> 00:01:27,780

point George you were you're basically

41

00:01:31,249 --> 00:01:29,280

saying

42

00:01:33,410 --> 00:01:31,259

should this be out because we have

43

00:01:35,929 --> 00:01:33,420

talked to a lot of people in position to

44

00:01:37,670 --> 00:01:35,939

know that are against what we call

45

00:01:40,190 --> 00:01:37,680

disclosure what some people call

46

00:01:43,370 --> 00:01:40,200

disclosure keep a disclosure of what

47

00:01:46,190 --> 00:01:43,380

like as Lazar has said

48

00:01:48,590 --> 00:01:46,200

whose job is it to to not let people

49

00:01:51,289 --> 00:01:48,600

know the fundamental nature of reality

50

00:01:53,149 --> 00:01:51,299

that we live in sure some things could

51  
00:01:55,130 --> 00:01:53,159  
be weaponized but look we've

52  
00:01:57,109 --> 00:01:55,140  
acknowledged the atomic bomb program

53  
00:01:59,270 --> 00:01:57,119  
we've acknowledged the nuclear programs

54  
00:02:01,910 --> 00:01:59,280  
we don't teach people how to make

55  
00:02:04,370 --> 00:02:01,920  
nuclear bombs we've acknowledged it so

56  
00:02:07,029 --> 00:02:04,380  
I'm kind of like in this limbo where I'm

57  
00:02:10,130 --> 00:02:07,039  
like the fundamentals should be told

58  
00:02:11,990 --> 00:02:10,140  
Secrets should be kept but where is that

59  
00:02:13,610 --> 00:02:12,000  
that in the middle place where we can

60  
00:02:16,130 --> 00:02:13,620  
get the basic information out to the

61  
00:02:17,330 --> 00:02:16,140  
public if true and protect National

62  
00:02:19,610 --> 00:02:17,340  
Security

63  
00:02:22,130 --> 00:02:19,620

among the things that we do not know is

64

00:02:24,050 --> 00:02:22,140

we do not know of all the people who

65

00:02:27,229 --> 00:02:24,060

have met behind closed doors with

66

00:02:29,869 --> 00:02:27,239

Congressional members and staff we don't

67

00:02:32,030 --> 00:02:29,879

know who if anyone has made the argument

68

00:02:34,550 --> 00:02:32,040

that disclosure is not a good idea and

69

00:02:37,070 --> 00:02:34,560

here are the consequences if we disclose

70

00:02:39,410 --> 00:02:37,080

it can you have partial disclosure it's

71

00:02:42,470 --> 00:02:39,420

like partial pregnancy uh let's say

72

00:02:44,630 --> 00:02:42,480

Marco Rubio convinces the Pentagon or

73

00:02:46,729 --> 00:02:44,640

Lockheed Martin let me into the hangar

74

00:02:49,790 --> 00:02:46,739

let me see the craft oh there's the

75

00:02:52,130 --> 00:02:49,800

bodies he gets to see that with his own

76  
00:02:54,710 --> 00:02:52,140  
eyes and then goes back in what he can

77  
00:02:56,930 --> 00:02:54,720  
he say it what can Congress reveal to us

78  
00:02:58,910 --> 00:02:56,940  
can they say we've got this we've been

79  
00:03:00,949 --> 00:02:58,920  
working on this for a long time we're

80  
00:03:02,990 --> 00:03:00,959  
trying to make advances tell the world

81  
00:03:05,210 --> 00:03:03,000  
about it because there are significant

82  
00:03:07,190 --> 00:03:05,220  
ramifications to that what it tells our

83  
00:03:09,170 --> 00:03:07,200  
adversaries about how much progress

84  
00:03:11,470 --> 00:03:09,180  
we've made on it the fact that we've got

85  
00:03:14,089 --> 00:03:11,480  
the stuff that they may or may not have

86  
00:03:16,490 --> 00:03:14,099  
what is the reaction to the public we

87  
00:03:18,410 --> 00:03:16,500  
think we're ready to know but are we

88  
00:03:21,470 --> 00:03:18,420

because we don't know what the bottom

89

00:03:22,970 --> 00:03:21,480

line is I I hear you and I also know

90

00:03:25,910 --> 00:03:22,980

that a lot of people we have talked with

91

00:03:28,670 --> 00:03:25,920

have cautioned us that there is some

92

00:03:32,089 --> 00:03:28,680

truth some deeper truth that shouldn't

93

00:03:34,850 --> 00:03:32,099

be widely publicly known I think it's

94

00:03:37,729 --> 00:03:34,860

like I honestly I want

95

00:03:38,990 --> 00:03:37,739

to know what you think George now what

96

00:03:41,030 --> 00:03:39,000

do you think I think you're playing both

97

00:03:43,850 --> 00:03:41,040

sides here do you think the public

98

00:03:45,649 --> 00:03:43,860

should know about whatever the reality

99

00:03:48,350 --> 00:03:45,659

might be about this do you think well it

100

00:03:50,330 --> 00:03:48,360

is my job to let the public know and I

101  
00:03:52,970 --> 00:03:50,340  
worked for 35 years to let the public

102  
00:03:54,830 --> 00:03:52,980  
know but at the end of the day I'm not

103  
00:03:57,289 --> 00:03:54,840  
sure that that is a good idea I really

104  
00:03:59,990 --> 00:03:57,299  
am not and I'm torn over it and it

105  
00:04:02,330 --> 00:04:00,000  
messes with my head but the fact is that

106  
00:04:04,729 --> 00:04:02,340  
we don't know what the ultimate effect

107  
00:04:06,949 --> 00:04:04,739  
of revealing this stuff will be I don't

108  
00:04:08,630 --> 00:04:06,959  
think you can go part way

109  
00:04:10,009 --> 00:04:08,640  
um if if we've got bodies in craft

110  
00:04:12,530 --> 00:04:10,019  
people are going to want to see it

111  
00:04:14,390 --> 00:04:12,540  
they're going to see uh pictures of it

112  
00:04:16,430 --> 00:04:14,400  
video of it they're going to see want to

113  
00:04:18,530 --> 00:04:16,440

see analysis of it there's no way you

114

00:04:20,509 --> 00:04:18,540

can tell them yeah it's is real and the

115

00:04:22,370 --> 00:04:20,519

public will be satisfied and move on to

116

00:04:24,890 --> 00:04:22,380

something else you know we we did not

117

00:04:26,689 --> 00:04:24,900

know uh so much we don't know

118

00:04:28,790 --> 00:04:26,699

um we haven't seen pushback in the media

119

00:04:31,730 --> 00:04:28,800

yet a little bit here and there but it's

120

00:04:34,310 --> 00:04:31,740

coming you know we've seen journalists

121

00:04:36,890 --> 00:04:34,320

Pummel and pound on people like Dave

122

00:04:38,930 --> 00:04:36,900

grush Eric Davis and others who've come

123

00:04:41,510 --> 00:04:38,940

forward with information who put their

124

00:04:43,129 --> 00:04:41,520

careers on the line and and and probably

125

00:04:45,170 --> 00:04:43,139

their personal safety to go ahead and

126

00:04:47,330 --> 00:04:45,180

tell Congress behind closed doors that

127

00:04:49,010 --> 00:04:47,340

this stuff is real they've done it at

128

00:04:51,950 --> 00:04:49,020

Great risk and they've got nothing but

129

00:04:53,810 --> 00:04:51,960

grief for it but the real big Push by

130

00:04:55,909 --> 00:04:53,820

the New York Times by The Wall Street

131

00:04:57,290 --> 00:04:55,919

Journal by folks like that has still not

132

00:04:59,390 --> 00:04:57,300

been launched and I think it's coming

133

00:05:01,370 --> 00:04:59,400

you know but I want to get clear would

134

00:05:03,230 --> 00:05:01,380

you ever hide from the global and

135

00:05:05,330 --> 00:05:03,240

American public if you found out the

136

00:05:06,710 --> 00:05:05,340

absolute 100 truth or what George Knapp

137

00:05:10,730 --> 00:05:06,720

would you report on it I don't know

138

00:05:12,170 --> 00:05:10,740

really I don't know I mean I've grappled

139

00:05:14,930 --> 00:05:12,180

with that question let's say somebody

140

00:05:16,790 --> 00:05:14,940

comes to you and says all right we can

141

00:05:19,969 --> 00:05:16,800

tell you you can come in and see it you

142

00:05:21,409 --> 00:05:19,979

will look into Area 51 there it is but

143

00:05:23,450 --> 00:05:21,419

the on the condition that you can never

144

00:05:25,670 --> 00:05:23,460

report it

145

00:05:27,830 --> 00:05:25,680

that's a tough question oh you're gonna

146

00:05:30,230 --> 00:05:27,840

light the internet on fire right now

147

00:05:31,730 --> 00:05:30,240

every trolling that you'd like to know I

148

00:05:34,610 --> 00:05:31,740

mean if the cost of it is that I can't

149

00:05:36,110 --> 00:05:34,620

tell anybody about it you know it's a

150

00:05:37,850 --> 00:05:36,120

tough question yeah okay so let me let

151  
00:05:40,670 --> 00:05:37,860  
me reverse that a little bit so because

152  
00:05:42,890 --> 00:05:40,680  
as a journalist if you found out nobody

153  
00:05:45,469 --> 00:05:42,900  
put restrictions on you would you tell

154  
00:05:48,310 --> 00:05:45,479  
the public yeah I mean my inclination is

155  
00:05:51,050 --> 00:05:48,320  
of course yeah but let's say somebody

156  
00:05:54,409 --> 00:05:51,060  
makes a case to me that this is a really

157  
00:05:56,629 --> 00:05:54,419  
bad idea and here's why it puts our

158  
00:05:59,450 --> 00:05:56,639  
security at risk because it tells Russia

159  
00:06:02,150 --> 00:05:59,460  
where we are it tells China where we are

160  
00:06:04,550 --> 00:06:02,160  
there's no transparency movement in

161  
00:06:06,650 --> 00:06:04,560  
Russia there's no disclosure movement in

162  
00:06:08,510 --> 00:06:06,660  
China we know that those countries have

163  
00:06:10,850 --> 00:06:08,520

this same stuff and they're trying to

164

00:06:13,430 --> 00:06:10,860

figure it out I think it puts us at a

165

00:06:15,529 --> 00:06:13,440

disadvantage a strategic uh National

166

00:06:18,770 --> 00:06:15,539

Security disadvantage for us to go ahead

167

00:06:20,629 --> 00:06:18,780

and open this stuff up although I'd like

168

00:06:22,249 --> 00:06:20,639

to know and I'd like it to happen you

169

00:06:24,469 --> 00:06:22,259

know I I just think

170

00:06:26,450 --> 00:06:24,479

we're not hearing that side of it and I

171

00:06:29,090 --> 00:06:26,460

hope that somebody has talked to

172

00:06:31,189 --> 00:06:29,100

Congress behind closed doors about where

173

00:06:32,990 --> 00:06:31,199

this could lead right you got to give me

174

00:06:35,090 --> 00:06:33,000

a reason otherwise I'm going to lie to

175

00:06:37,610 --> 00:06:35,100

match and burn the whole house down you

176

00:06:40,070 --> 00:06:37,620

got to tell me why this is something

177

00:06:41,870 --> 00:06:40,080

that isn't something we should report on

178

00:06:44,270 --> 00:06:41,880

like if we get you know some sort of

179

00:06:46,010 --> 00:06:44,280

definitive knowledge in some way man I

180

00:06:48,409 --> 00:06:46,020

don't know I'm just I'm being honest

181

00:06:50,749 --> 00:06:48,419

right now I I'd Light It Up

182

00:06:53,450 --> 00:06:50,759

what if it turns out that aliens made us

183

00:06:55,610 --> 00:06:53,460

that space aliens have been manipulating

184

00:06:56,930 --> 00:06:55,620

our DNA that we are a lab experiment

185

00:06:59,029 --> 00:06:56,940

what if it turns out that

186

00:07:01,610 --> 00:06:59,039

interdimensional beings are like Santa

187

00:07:03,409 --> 00:07:01,620

Claus they know when you you've been bad

188

00:07:05,510 --> 00:07:03,419

or good they know when you're sleeping

189

00:07:07,490 --> 00:07:05,520

they watch you in the shower when you're

190

00:07:09,290 --> 00:07:07,500

in bed at your most private moment

191

00:07:11,150 --> 00:07:09,300

sitting on the toilet that they're

192

00:07:13,370 --> 00:07:11,160

always among us that they can come in

193

00:07:15,950 --> 00:07:13,380

and out of our world uh that they

194

00:07:17,990 --> 00:07:15,960

control our world on a mass scale and

195

00:07:20,089 --> 00:07:18,000

there's nothing we can do about it uh

196

00:07:22,370 --> 00:07:20,099

are people ready to handle that it's not

197

00:07:24,290 --> 00:07:22,380

my job to decide if people are ready to

198

00:07:26,270 --> 00:07:24,300

handle that I you know I say bring it on

199

00:07:29,330 --> 00:07:26,280

what else you got

200

00:07:31,610 --> 00:07:29,340

yeah yeah I I don't know I mean but um

201  
00:07:33,409 --> 00:07:31,620  
I'm just saying that I hope that

202  
00:07:35,270 --> 00:07:33,419  
somewhere along the line as Congress is

203  
00:07:37,070 --> 00:07:35,280  
considering this that they take that

204  
00:07:40,189 --> 00:07:37,080  
into consideration the other part of it

205  
00:07:41,689 --> 00:07:40,199  
is let's say Marco Rubio senator gilbrev

206  
00:07:43,249 --> 00:07:41,699  
they get the tour they go into the

207  
00:07:45,230 --> 00:07:43,259  
hangar they see the stuff

208  
00:07:48,050 --> 00:07:45,240  
what do we know about what they can tell

209  
00:07:50,330 --> 00:07:48,060  
us because just because they get the

210  
00:07:51,770 --> 00:07:50,340  
information under this legislation does

211  
00:07:52,790 --> 00:07:51,780  
not mean they have to tell the rest of

212  
00:07:54,170 --> 00:07:52,800  
us right

213  
00:07:56,210 --> 00:07:54,180

um and and you know there are there's

214

00:07:57,770 --> 00:07:56,220

some really interesting language and as

215

00:07:59,990 --> 00:07:57,780

I said before I think they had some

216

00:08:02,330 --> 00:08:00,000

great coaching from Chris Bell and Lou

217

00:08:04,790 --> 00:08:02,340

Elizondo Dave Crush people like that

218

00:08:06,290 --> 00:08:04,800

sure about how to develop this this uh

219

00:08:08,089 --> 00:08:06,300

language but

220

00:08:10,550 --> 00:08:08,099

clever you know there are some clever

221

00:08:13,249 --> 00:08:10,560

loopholes uh you know who has this stuff

222

00:08:15,350 --> 00:08:13,259

where is it uh is there a chain of

223

00:08:16,969 --> 00:08:15,360

custody that shows that the crash

224

00:08:19,010 --> 00:08:16,979

retrieval stuff other than Roswell

225

00:08:20,869 --> 00:08:19,020

belonged to the US government and then

226

00:08:23,570 --> 00:08:20,879

we handed it over to a private company

227

00:08:25,909 --> 00:08:23,580

is there uh is there a documentation

228

00:08:28,490 --> 00:08:25,919

Trail is there a money Trail there are

229

00:08:30,350 --> 00:08:28,500

references in this documentation in the

230

00:08:31,790 --> 00:08:30,360

legislation to hey we're going to cut

231

00:08:33,469 --> 00:08:31,800

off the money

232

00:08:36,050 --> 00:08:33,479

um you know if if you guys don't comply

233

00:08:38,329 --> 00:08:36,060

with us do we know for sure that there

234

00:08:40,790 --> 00:08:38,339

are special access programs controlling

235

00:08:43,190 --> 00:08:40,800

this material the bodies the craft

236

00:08:45,590 --> 00:08:43,200

whatever that is funded by the taxpayers

237

00:08:48,650 --> 00:08:45,600

I don't know I mean we think that that's

238

00:08:50,210 --> 00:08:48,660

true do we know how many uh of these

239

00:08:51,829 --> 00:08:50,220

crash retrievals assuming there are

240

00:08:53,930 --> 00:08:51,839

multiple and we believe that's the case

241

00:08:57,110 --> 00:08:53,940

how many of them were retrieved by say

242

00:08:59,030 --> 00:08:57,120

Lockheed or uh saic instead of the US

243

00:09:01,550 --> 00:08:59,040

Military and the US government are there

244

00:09:03,769 --> 00:09:01,560

subcontractors who did this stuff for

245

00:09:04,790 --> 00:09:03,779

the military then handed over to another

246

00:09:07,370 --> 00:09:04,800

company

247

00:09:09,110 --> 00:09:07,380

that they have so many layers of these

248

00:09:11,509 --> 00:09:09,120

special access programs

249

00:09:13,790 --> 00:09:11,519

Congress can sniff around about it but

250

00:09:17,389 --> 00:09:13,800

really penetrating that world

251

00:09:20,150 --> 00:09:17,399

by passing this legislation you might in

252

00:09:22,970 --> 00:09:20,160

effect Force this into an even deeper

253

00:09:24,470 --> 00:09:22,980

blacker hole than it is now oh that's
