Although the name of this project hasn't been confirmed what it represents has been. The intelligence community showed massive abuses of power that were exposed in the 1970's. It started with an Army whistleblower and turned into Senate hearings and investigations known as the Church Committee. I personally learned a lot in researching this episode.  We also look at disinformation in the ufo community and an example of how it works. We take an apparent Richard Doty implanted story that seemed to have been made to cover up the 1977 case of Mario Woods.  We also will look at the flap of 1975 over US SAC Bases!  -I make all the music here and do everything else like production, research, editing.. Want more info on me? In 2022 Dr Masters released the book "In The Extraterrestrial Model"  Dr. Michael P. Masters posits that UFOs and "Aliens" are our future human descendants, coming back through time to visit and study their own hominin evolutionary past.  As a professor of anthropology, Masters uses an abductive approach to logically infer the best explanation. He examines well-documented abductee experiences in the context of this time travel model, and considers other theories put forth to elucidate this complex and mysterious phenomenon.  While no single model can account for all aspects of these encounters, in considering various contact cases across the world and through time, recurrent patterns emerge that may offer insight into what these objects are, who is inside, and from where—or potentially when—they are coming.  <a href="https://www.amazon.com/gp/product/B0B25RTB5V/ref=dbs_a_def_rwt_hsch_vapi_tkin_p1_i0">https://www.amazon.com/gp/product/B0B25RTB5V/ref=dbs_a_def_rwt_hsch_vapi_tkin_p1_i0</a>  Co-host  Jay Christopher King co-founder, The Experiencer Group	<a href="#">Transcript Link</a>

I ended up journeying three times to Zimbabwe and southern Africa, and also to the U.K, Canada, and around the U.S., to interview people who were at the Ariel School (and the surrounding region) on that day. My team and I have dug up every type of primary document and media we could find, and it has grown into its current form: a feature-length documentary travelogue, journeying back to Africa while following the paths of individuals whose lives were entwined with the event. We made the conscious decision to avoid narration or unrelated interviews. The story belongs to the Ariel School community. We didn't use special effects because this is a real story, made with real footage - no recreations. I don't know what happened on that day in 1994. But I do believe that in this current era, we need to take a real look at this phenomena – whatever it may turn out to be. If you subtract the UFO element, this film is simply about the human experience of dealing with, and having to keep secret, a traumatic event that invites judgment. 2022 03 24	Witness Citizen	<a href="https://youtu.be/i7XFwIXktDO">https://youtu.be/i7XFwIXktDO</a>	Mike Clelland with co host Jay Christopher King	Mike Clelland has had many callings—author, illustrator, wilderness traveler, podcaster, and UFO researcher. His books fall into two contrasting categories. First came funny outdoor instructionals with cartoons. These taught the technical skills of skiing, climbing, mountain travel, glacier rescue, and ultralight backpacking. Next came a more thoughtful series, an inquiry into the relationship between owls and UFOs.	<a href="#">Transcript</a> <a href="#">Link</a>
				Mike's 2015 book, The Messengers, was met with high praise. In it, he explores the mysterious connection between owls, synchronicities, and UFO abduction. It was his first-hand experiences with these elusive events that have been the foundation for his research. This book is also a personal memoir, and a journey of self-discovery.	
				His website, MikeClelland.com, is a comprehensive resource of his research and creative output. After 25 years living in the Rockies, he now lives in the Pacific Northwest.

The paper trail is long and thick. Let's look at what we got! Mr. Chadwell was an important guy at the time.

H. Marshall Chadwell was a highly successful chemistry researcher at Tufts University before WWII, who drifted into other interests after the War, including philanthropy work for the Rockefeller Foundation, where he assessed the merits of scientific grant proposals. Somehow, by 1952, we find him as the assistant director of the CIA, heading its Office of Scientific Intelligence. This put him thoroughly in the spotlight in the summer of 1952 when President Truman (alarmed by the unexplained overflights of Washington DC) ordered General Walter Bedell Smith, Director of the CIA, to look into the problem. This duty quickly fell to Marshall Chadwell, who with other operatives such as Fred Durant and Philip Strong, began a five month odyssey which ended in the infamous Robertson Panel assessment of UFOs as a threat to national security. But did it really end? NOPE!

She is a verified titan in the field of Ufology and co-authored the now famous 2017 New York Times article "Glowing Auras and 'Black Money':The Pentagon's Secret UFO Program."</p> <p>That article kicked off the modern disclosure movement which resulted in the shocking admission by the US Government that not only do Unidentified Aerial Phenomena (UAPs or historically UFOs) actually exist, but elements inside the Department of Defense have been studying them for decades.</p> <p>The admission amounted to a complete vindication of Leslie Kean's work. She ventured into the UFO field when in 2000, after investigating and writing about Burma for several years, she received the first English translation of The Cometa Report in the mail.</p> <p>Find Leslie Kean's Books on Amazon here:  <a href="https://www.amazon.com/Leslie-Kean/e/...">https://www.amazon.com/Leslie-Kean/e/...</a></p> <p>Leslie Kean's Article Links:  Leslie's Article on The Cometa Report 2000  <a href="https://www.paradigmresearchgroup.org...">https://www.paradigmresearchgroup.org...</a></p> <p>NY Times Article: Glowing Auras and 'Black Money' 2017  <a href="https://www.nytimes.com/2017/12/16/us...">https://www.nytimes.com/2017/12/16/us...</a></p>	<a href="#">Transcript Link</a>

Everything from activism in your country to sharing the stream with those who may be just like you! It all helps. I can say that oftentimes in the UFO/UAP community we are talking to ourselves. It includes a detailed chronology of more than 850 UFO cases for June and July with complete references, primarily from 140 newspapers in 90 cities in the United States and Canada, but also from the files of NICAP and Project Blue Book, as well as references from a number of publications on UFOs. About 250 of these reports are discussed in detail, with reference to patterns of appearance and behavior of the objects reported, to special types of witnesses, and to other special features. A summary of the period, the pattern of press coverage, and its effects on the subject, are discussed. Maps are provided to illustrate the daily distribution of sightings for the period. 2021 07 07	Witness Citizen	<a href="https://youtu.be/8CEaZ3n9BSE">https://youtu.be/8CEaZ3n9BSE</a>	Special Guest Metaphysicist Mark Fiorentino %23uap %23phenomenon %23science %23nasa	The book Master of Reality is about my journey to discover the truth about how the Universe really works. My journey started when I was 10 years old and first discovered Albert Einstein and his quest for the Unified Field Theory in the encyclopedia. It's now 55 years later and I invite you to join me on the adventure of a lifetime which is the discovery of the Theory of Everything. This book is about my scientific and spiritual research into Albert Einstein's Dream of a Unified Field Theory. Within this book is a full scientific explanation for how the Universe works. I provide answers that explain the foundational physics of our are physical Universe. About the Author:My name is Mark Fiorentino and I am the author of Master of Reality. I was born in Somerville, NJ on the date of March 14, 1955. I was born on the same birth day as my personal hero Albert Einstein. My father Louis Fiorentino was an Italian immigrant and my mother Michelina Prudente was born in Brooklyn, NY. My birthplace was just seventeen miles from Einstein's home town Princeton, New Jersey. Thirty-five days after I was born Albert Einstein passed away from an abdominal aortic aneurysm. Th book Master of Reality contains not only the completion of Einstein's Unified Field Theory it also contains an explanation of how UFOs work and the Alien Technology they use. There are also controversial topics such as Near-Death Experience revelations that are linked to the Theory of Super Relativity and the Theory of Everything. There are many more highly controversial topics covered in my book that concern a new paradigm shift in physics. Here is the list of breakthrough scientific concepts and discoveries stemming from the creation of the Theory of Super Relativity. • The	<a href="#">Transcript Link</a>
