Unclassified in 1976

1  
00:00:07,279 --> 00:00:18,230  
i'm witness citizen

2  
00:00:49,910 --> 00:00:20,980  
witness citizen

3  
00:00:52,950 --> 00:00:52,150  
what's up everybody um this is not

4  
00:00:56,950 --> 00:00:52,960  
really going to be

5  
00:00:58,630 --> 00:00:56,960  
intended as a uh live stream

6  
00:01:01,029 --> 00:00:58,640  
you know interactive type of thing this

7  
00:01:02,470 --> 00:01:01,039  
is going to be just me going through

8  
00:01:04,549 --> 00:01:02,480  
the different quotes of the robertson

9  
00:01:05,590 --> 00:01:04,559  
panel i'm recording it this way because

10  
00:01:08,789 --> 00:01:05,600  
it's just

11  
00:01:10,550 --> 00:01:08,799  
a lot easier just to go live with it

12  
00:01:13,350 --> 00:01:10,560  
uh versus deal with the post production

13  
00:01:17,030 --> 00:01:13,360

and stuff so um

14

00:01:20,070 --> 00:01:17,040

what's up dude study uap um so

15

00:01:24,870 --> 00:01:20,080

without further ado i just put together

16

00:01:29,030 --> 00:01:24,880

um a little bit here for you

17

00:01:32,149 --> 00:01:29,040

so the robertson panel 1953

18

00:01:36,710 --> 00:01:32,159

uh classified

19

00:01:39,510 --> 00:01:36,720

report it was unclassified in 1976

20

00:01:41,670 --> 00:01:39,520

so keep that in mind and there was no

21

00:01:45,830 --> 00:01:41,680

unclassified report that came out at the

22

00:01:54,069 --> 00:01:49,030

quotes great waste of effort to try

23

00:01:57,270 --> 00:01:54,079

and solve most sightings

24

00:01:57,670 --> 00:01:57,280

so when i go through this the point is

25

00:02:01,590 --> 00:01:57,680

to

26

00:02:07,190 --> 00:02:01,600

correlate the differences of

27

00:02:11,190 --> 00:02:09,350

most concern is just from public

28

00:02:14,550 --> 00:02:11,200

pressure

29

00:02:17,830 --> 00:02:14,560

i got two on here um

30

00:02:20,390 --> 00:02:17,840

and it is dangerous for the military to

31

00:02:23,670 --> 00:02:20,400

respond to reports of nocturnal

32

00:02:27,350 --> 00:02:23,680

meandering lights

33

00:02:31,910 --> 00:02:27,360

there is no need to revise

34

00:02:34,949 --> 00:02:34,070

so to really get the gist of what i'm

35

00:02:39,670 --> 00:02:34,959

talking about you

36

00:02:48,070 --> 00:02:43,750

yourself recognize and reject

37

00:02:55,350 --> 00:02:51,430

so indications only

38

00:02:58,869 --> 00:02:55,360

you are to recognize and reject

39

00:03:02,830 --> 00:02:58,879

here's a good one the debunking aim

40

00:03:05,830 --> 00:03:02,840

will help with reduction of public

41

00:03:08,070 --> 00:03:05,840

interest

42

00:03:10,149 --> 00:03:08,080

so okay you can already see the

43

00:03:13,270 --> 00:03:10,159

differences here

44

00:03:15,910 --> 00:03:13,280

the latest report

45

00:03:17,190 --> 00:03:15,920

leaves the door open let's just keep it

46

00:03:23,270 --> 00:03:17,200

simple right

47

00:03:29,509 --> 00:03:26,390

um so this one i got from

48

00:03:30,830 --> 00:03:29,519

they have what's called the minutes of

49

00:03:33,430 --> 00:03:30,840

meeting

50

00:03:35,110 --> 00:03:33,440

documents online on these

51  
00:03:36,470 --> 00:03:35,120  
government websites and foia reading

52  
00:03:38,309 --> 00:03:36,480  
rooms

53  
00:03:39,509 --> 00:03:38,319  
and you they're really great because you

54  
00:03:41,750 --> 00:03:39,519  
can get a good perspective

55  
00:03:43,830 --> 00:03:41,760  
of these people talking about the

56  
00:03:45,030 --> 00:03:43,840  
creation of the robertson panel and how

57  
00:03:47,190 --> 00:03:45,040  
they want to do that

58  
00:03:48,710 --> 00:03:47,200  
and who's going to be involved and other

59  
00:03:52,710 --> 00:03:48,720  
ideas are tossed around

60  
00:04:01,270 --> 00:03:56,949  
before the report concluded a sky patrol

61  
00:04:08,550 --> 00:04:01,280  
is suggested and rejected

62  
00:04:14,550 --> 00:04:12,949  
so those are

63  
00:04:16,789 --> 00:04:14,560

the best quotes that show the

64

00:04:20,629 --> 00:04:16,799

differences between

65

00:04:23,749 --> 00:04:20,639

the current report and the old ones

66

00:04:25,990 --> 00:04:23,759

so what i would suggest is go read the

67

00:04:29,270 --> 00:04:26,000

current report

68

00:04:33,590 --> 00:04:29,280

go read this and

69

00:04:35,430 --> 00:04:33,600

ask yourself what's the difference

70

00:04:37,030 --> 00:04:35,440

is there a difference is there a

71

00:04:40,230 --> 00:04:37,040

different vibe then

72

00:04:43,990 --> 00:04:40,240

than there is now check it out

73

00:04:46,950 --> 00:04:44,000

you can find the robertson panel

74

00:04:48,550 --> 00:04:46,960

uh report on black vault so you should

75

00:04:50,310 --> 00:04:48,560

be able to get it there if you want

76  
00:04:52,710 --> 00:04:50,320  
you can go through it you also have the

77  
00:04:55,749 --> 00:04:52,720  
minutes of meeting notes

78  
00:04:56,870 --> 00:04:55,759  
to know history and how we dealt with

79  
00:04:59,030 --> 00:04:56,880  
this subject before

80  
00:05:01,830 --> 00:04:59,040  
is going to be very important if you

81  
00:05:04,469 --> 00:05:01,840  
want to gauge

82  
00:05:05,670 --> 00:05:04,479  
if things are different now this is

83  
00:05:08,629 --> 00:05:05,680  
going to be in a series

84  
00:05:09,029 --> 00:05:08,639  
this is the robertson panel uh after

85  
00:05:12,150 --> 00:05:09,039  
this

86  
00:05:15,430 --> 00:05:12,160  
we'll do ones like grudge twinkle

87  
00:05:17,510 --> 00:05:15,440  
and blue book so

88  
00:05:18,629 --> 00:05:17,520

with that said i told you it'd be a

89

00:05:22,870 --> 00:05:18,639

short one

90

00:05:25,830 --> 00:05:22,880

five minutes a little short huh

91

00:05:34,629 --> 00:05:25,840

too short that's okay it's sunday

92

00:05:34,639 --> 00:05:45,670

i'm witness citizen
