00:01:20,070 --> 00:01:12,560

so please join me

26

00:01:37,670 --> 00:01:27,830

what's up everybody it's saturday i got

30

00:02:32,630 --> 00:02:26,319

my sunglasses on

31

00:02:36,869 --> 00:02:35,270

how is everyone on this beautiful

32

00:02:43,190 --> 00:02:36,879

saturday

33

00:02:47,589 --> 00:02:43,200

too quiet what's

34

00:02:51,670 --> 00:02:47,599

wrong with the volume what is wrong

35

00:02:56,550 --> 00:02:51,680

with the volume because

36

00:02:59,030 --> 00:02:56,560

it seems to me that it should be working

37

00:02:59,830 --> 00:02:59,040

pretty well but it's not is that what

38

00:03:03,509 --> 00:02:59,840

yours

39

00:03:03,519 --> 00:03:07,270

that's not good

40

00:03:13,990 --> 00:03:10,869

um probably

41

00:03:23,589 --> 00:03:17,670

i recorded music and then everything

42

00:03:23,599 --> 00:03:37,110

there we go

43

00:03:46,070 --> 00:03:40,470

check what the frick

44

00:04:59,670 --> 00:03:46,080

oh no oh boy

45

00:05:10,550 --> 00:05:03,990

okay check i don't know

46

00:05:13,110 --> 00:05:10,560

my microphone ain't working

47

00:05:13,590 --> 00:05:13,120

check check check check check check

48

00:05:36,830 --> 00:05:13,600

check

49

00:05:51,670 --> 00:05:39,590

um

50

00:05:51,680 --> 00:06:02,870

check i don't know what's happening

51

00:06:10,710 --> 00:06:07,029

oh my god

52

00:09:11,829 --> 00:06:10,720

check what the heck

53

00:09:19,590 --> 00:09:14,949

i don't know if this is working

54

00:09:26,870 --> 00:09:23,030

but i can't hear a darn thing guys

55

00:09:29,220 --> 00:09:26,880

something is going on with my computer

56

00:09:30,550 --> 00:09:29,230

i believe so

57

00:09:34,829 --> 00:09:30,560

[Music]

58

00:09:37,910 --> 00:09:34,839

i'm not really sure what to do at this

59

00:09:37,920 --> 00:09:41,829

i don't know what the deal is

60

00:09:45,910 --> 00:09:44,310

i'm hearing stuff could you talk for a

61

00:09:48,070 --> 00:09:45,920

sec chris

62

00:09:49,190 --> 00:09:48,080

hello can you hear me i can hear you can

63

00:09:51,670 --> 00:09:49,200

you hear me

64

00:09:52,550 --> 00:09:51,680

yes i can hear you perfectly oh you can

65

00:09:55,430 --> 00:09:52,560

that's awesome

66

00:09:56,630 --> 00:09:55,440

all right i don't know what is going on

67

00:10:00,389 --> 00:09:56,640

over on my end

68

00:10:05,350 --> 00:10:00,399

i'm sorry about that that's fine

69

00:10:06,790 --> 00:10:05,360

yeah but we have nine people watching

70

00:10:10,389 --> 00:10:06,800

it's pretty good i'm not sure if i'm

71

00:10:12,550 --> 00:10:10,399

worth the their time but thank you

72

00:10:15,030 --> 00:10:12,560

yeah sorry about that it's like for some

73

00:10:15,509 --> 00:10:15,040

reason the the output isn't working for

74

00:10:18,710 --> 00:10:15,519

me

75

00:10:20,310 --> 00:10:18,720

so um like to hear myself

76

00:10:21,750 --> 00:10:20,320

which is fine because i don't need to

77

00:10:25,670 --> 00:10:21,760

hear myself but

78

00:10:27,430 --> 00:10:25,680

um it just threw me for a loop

79

00:10:29,990 --> 00:10:27,440

so tell me about yourself how have you

80

00:10:32,069 --> 00:10:30,000

been it's been such a long time man

81

00:10:33,190 --> 00:10:32,079

yeah it has it's been a really long time

82

00:10:35,269 --> 00:10:33,200

um

83

00:10:36,310 --> 00:10:35,279

i mean at the moment i'm just working

84

00:10:39,910 --> 00:10:36,320

really hard like

85

00:10:42,550 --> 00:10:39,920

10 12 hour days sometimes and trying to

86

00:10:43,110 --> 00:10:42,560

kind of balance work looking after my

87

00:10:45,910 --> 00:10:43,120

son

88

00:10:46,550 --> 00:10:45,920

because my wife's a nurse and she does

89

00:10:49,670 --> 00:10:46,560

um

90

00:10:51,350 --> 00:10:49,680

night shifts and stuff and uh yeah

91

00:10:52,790 --> 00:10:51,360

so it's challenging and then whatever

92

00:10:54,949 --> 00:10:52,800

spare time i have really i

93

00:10:55,990 --> 00:10:54,959

try to stay with my family and help the

94

00:11:00,150 --> 00:10:56,000

ongoing efforts

95

00:11:04,710 --> 00:11:00,160

for um for transparency around the uap

96

00:11:07,829 --> 00:11:04,720

topic so uh it's pretty difficult but um

97

00:11:08,310 --> 00:11:07,839

i'm pretty sure in a few years time get

98

00:11:10,870 --> 00:11:08,320

to

99

00:11:12,389 --> 00:11:10,880

kind of like sit back and enjoy the

100

00:11:15,430 --> 00:11:12,399

fruits of our labor

101

00:11:19,990 --> 00:11:15,440

yeah well you deserve it

102

00:11:21,910 --> 00:11:20,000

are you disappointed at all in the

103

00:11:24,230 --> 00:11:21,920

the latest thing what what were they

104

00:11:25,829 --> 00:11:24,240

exactly doing

105

00:11:29,269 --> 00:11:25,839

you mean the house of lords yeah yeah

106

00:11:31,990 --> 00:11:29,279

the house the house of lords

107

00:11:33,030 --> 00:11:32,000

so the house of lords so obvious you

108

00:11:34,550 --> 00:11:33,040

guys have um

109

00:11:36,230 --> 00:11:34,560

from understanding two houses i'm

110

00:11:39,269 --> 00:11:36,240

correct you have to send it

111

00:11:41,910 --> 00:11:39,279

and then you have the um the congress

112

00:11:43,990 --> 00:11:41,920

so you can be a representative from

113

00:11:45,910 --> 00:11:44,000

congress or you could be a senator

114

00:11:47,509 --> 00:11:45,920

serving within the senate so you have

115

00:11:51,350 --> 00:11:47,519

two houses

116

00:11:53,430 --> 00:11:51,360

um and i think the senate is more

117

00:11:55,910 --> 00:11:53,440

important from my understanding

118

00:11:58,629 --> 00:11:55,920

than the congress in terms of the power

119

00:12:02,310 --> 00:11:58,639

that each senator has am i correct

120

00:12:05,750 --> 00:12:02,320

um more or less

121

00:12:09,430 --> 00:12:05,760

yeah so i i guess our version is

122

00:12:09,990 --> 00:12:09,440

um in terms of parliamentary democracy

123

00:12:12,710 --> 00:12:10,000

uk

124

00:12:13,750 --> 00:12:12,720

style um our head of status obviously

125

00:12:16,069 --> 00:12:13,760

the queen

126

00:12:17,110 --> 00:12:16,079

prime minister serves at the privilege

127

00:12:19,190 --> 00:12:17,120

of the queen

128

00:12:23,350 --> 00:12:19,200

um and then you've got the house of

129

00:12:25,990 --> 00:12:23,360

commons which is house of commoners

130

00:12:27,670 --> 00:12:26,000

and uh like they're the most important

131

00:12:28,710 --> 00:12:27,680

mps are they're the ones who are up for

132

00:12:30,949 --> 00:12:28,720

election

133

00:12:32,710 --> 00:12:30,959

and what you saw was you saw a debate in

134

00:12:36,829 --> 00:12:32,720

the house of lords

135

00:12:39,829 --> 00:12:36,839

so that's a very very ancient kind of um

136

00:12:42,069 --> 00:12:39,839

house um and you've got like people

137

00:12:43,750 --> 00:12:42,079

there with life peerages so

138

00:12:46,069 --> 00:12:43,760

um none of the members are up for

139

00:12:49,750 --> 00:12:46,079

election they don't get elected

140

00:12:51,110 --> 00:12:49,760

um they're kind of like let's say like

141

00:12:53,030 --> 00:12:51,120

i'm a

142

00:12:54,230 --> 00:12:53,040

kind of like conservative party donor

143

00:12:57,269 --> 00:12:54,240

i've given lots of money to

144

00:13:00,150 --> 00:12:57,279

conservative party as a reward

145

00:13:02,230 --> 00:13:00,160

they may say actually you know i'm gonna

146

00:13:05,030 --> 00:13:02,240

i'm gonna reward you by

147

00:13:07,430 --> 00:13:05,040

nominating you for a kind of like a life

148

00:13:09,910 --> 00:13:07,440

period within the house of lords so

149

00:13:11,190 --> 00:13:09,920

i'll be your lord forever um so you can

150

00:13:13,110 --> 00:13:11,200

get nominated

151

00:13:15,269 --> 00:13:13,120

or it's passed down from family to

152

00:13:18,310 --> 00:13:15,279

family so like some lords like

153

00:13:21,670 --> 00:13:18,320

they go back generations basically to

154

00:13:23,829 --> 00:13:21,680

maybe william the conqueror's time um

155

00:13:26,150 --> 00:13:23,839

so yeah that's how it works in terms of

156

00:13:29,430 --> 00:13:26,160

that so you had the house of lords

157

00:13:31,509 --> 00:13:29,440

and debating yeah um so

158

00:13:33,350 --> 00:13:31,519

none of the people who debated it none

159

00:13:35,350 --> 00:13:33,360

of their necks are on the line in terms

160

00:13:36,629 --> 00:13:35,360

of oh if i say this

161

00:13:38,949 --> 00:13:36,639

people are going to think i'm crazy and

162

00:13:41,430 --> 00:13:38,959

i may not be elected next time

163

00:13:41,990 --> 00:13:41,440

yeah um so you don't really get any of

164

00:13:43,990 --> 00:13:42,000

that so

165

00:13:45,509 --> 00:13:44,000

i guess it's a it's the perfect place to

166

00:13:47,750 --> 00:13:45,519

test the waters

167

00:13:48,629 --> 00:13:47,760

so i don't know what's happened but you

168

00:13:49,829 --> 00:13:48,639

know it could have been

169

00:13:52,629 --> 00:13:49,839

that someone high up from the

170

00:13:55,750 --> 00:13:52,639

conservative party has said to

171

00:13:58,949 --> 00:13:55,760

um i think it was um amar

172

00:14:01,670 --> 00:13:58,959

amma armor suffraz

173

00:14:02,150 --> 00:14:01,680

who was the um the lord who brought it

174

00:14:03,990 --> 00:14:02,160

up

175

00:14:05,509 --> 00:14:04,000

before baroness goldie he may have just

176

00:14:07,030 --> 00:14:05,519

said look um

177

00:14:09,509 --> 00:14:07,040

someone quiet from the conservative

178

00:14:12,790 --> 00:14:09,519

party maybe like let's test the waters

179

00:14:15,829 --> 00:14:12,800

let's see how this debate looks

180

00:14:16,949 --> 00:14:15,839

um in kind of a setting in terms of

181

00:14:19,350 --> 00:14:16,959

debates

182

00:14:21,590 --> 00:14:19,360

um what are the optics do we look like

183

00:14:23,990 --> 00:14:21,600

we're crazy can we debate this

184

00:14:25,189 --> 00:14:24,000

and people aren't going to be think

185

00:14:27,269 --> 00:14:25,199

we're all crazy and

186

00:14:29,990 --> 00:14:27,279

lost our minds so i think it's kind of

187

00:14:32,790 --> 00:14:30,000

um i i feel in a way it was

188

00:14:33,430 --> 00:14:32,800

kind of like let's test the waters yeah

189

00:14:36,870 --> 00:14:33,440

um

190

00:14:40,470 --> 00:14:36,880

uk

191

00:14:43,430 --> 00:14:40,480

government can't ignore it forever

192

00:14:43,990 --> 00:14:43,440

sorry oh no no sorry the balloon in the

193

00:14:47,110 --> 00:14:44,000

background was

194

00:14:48,230 --> 00:14:47,120

my son's birthday um nevermind but it

195

00:14:51,269 --> 00:14:48,240

was digger bag

196

00:14:54,870 --> 00:14:51,279

that was my birthday on um on

197

00:14:56,629 --> 00:14:54,880

thursday yeah so um thank you

198

00:14:58,069 --> 00:14:56,639

thank you i've got lots of lovely

199

00:15:00,470 --> 00:14:58,079

messages so uh

200

00:15:01,670 --> 00:15:00,480

thank you to everyone who wish me a

201
00:15:04,389 --> 00:15:01,680
happy birthday

202
00:15:05,509 --> 00:15:04,399
um it was very much appreciated well you

203
00:15:08,629 --> 00:15:05,519
deserve it man

204
00:15:09,829 --> 00:15:08,639
um you're a good good person so i wanted

205
00:15:11,590 --> 00:15:09,839
to make sure that yeah

206
00:15:12,949 --> 00:15:11,600
you came back and we got to keep talking

207
00:15:17,509 --> 00:15:12,959
and stuff so

208
00:15:19,110 --> 00:15:17,519
um yeah i think it's probably

209
00:15:20,870 --> 00:15:19,120
a positive that they're at least talking

210
00:15:23,430 --> 00:15:20,880
about it right

211
00:15:24,550 --> 00:15:23,440
it's gonna happen no matter what happens

212
00:15:26,870 --> 00:15:24,560
the us government

213
00:15:27,910 --> 00:15:26,880

in my opinion well a section of the us

214

00:15:31,189 --> 00:15:27,920

government

215

00:15:32,310 --> 00:15:31,199

um is bent on helm terms and getting

216

00:15:35,590 --> 00:15:32,320

this topic out

217

00:15:37,749 --> 00:15:35,600

um and as lou said the other

218

00:15:39,189 --> 00:15:37,759

day ago it's gonna shift into third gear

219

00:15:41,670 --> 00:15:39,199

now

220

00:15:43,110 --> 00:15:41,680

you can't you can't be an ostrich and

221

00:15:44,870 --> 00:15:43,120

put your head in the sand

222

00:15:47,269 --> 00:15:44,880

when it comes to this it's going to come

223

00:15:50,470 --> 00:15:47,279

at you whether you like it or not

224

00:15:51,910 --> 00:15:50,480

um and i'm hoping that the uk government

225

00:15:54,790 --> 00:15:51,920

is kind of like learned and

226

00:15:56,069 --> 00:15:54,800

learned its lesson from covid we had so

227

00:15:57,430 --> 00:15:56,079

many people like back when that was

228

00:15:59,749 --> 00:15:57,440

breaking up be like oh

229

00:16:01,030 --> 00:15:59,759

it's china it's nowhere near here it's

230

00:16:02,389 --> 00:16:01,040

going to be fine and

231

00:16:04,230 --> 00:16:02,399

then even when it was in italy there

232

00:16:04,949 --> 00:16:04,240

someone said to me but it's the italians

233

00:16:06,550 --> 00:16:04,959

you know

234

00:16:08,150 --> 00:16:06,560

have you been to italy before they kiss

235

00:16:09,110 --> 00:16:08,160

each other and stuff like that all the

236

00:16:10,550 --> 00:16:09,120

time and they're

237

00:16:12,310 --> 00:16:10,560

you know very very friendly with each

238

00:16:12,790 --> 00:16:12,320

other and do they hug each other all the

239

00:16:14,230 --> 00:16:12,800

time

240

00:16:16,150 --> 00:16:14,240

of course they're going to spread a

241

00:16:17,670 --> 00:16:16,160

virus like cobia it's not going to

242

00:16:19,189 --> 00:16:17,680

happen here but

243

00:16:21,670 --> 00:16:19,199

you know hopefully we've learned that

244

00:16:25,110 --> 00:16:21,680

lesson now that you know we're a

245

00:16:25,910 --> 00:16:25,120

terms we're a very interconnected world

246

00:16:29,110 --> 00:16:25,920

and

247

00:16:30,790 --> 00:16:29,120

what happens in america more so than any

248

00:16:32,470 --> 00:16:30,800

country is going to impact what happens

249

00:16:35,990 --> 00:16:32,480

here as well so

250

00:16:37,269 --> 00:16:36,000

um like the optics don't look good and i

251

00:16:38,150 --> 00:16:37,279

can probably tell you that there's

252

00:16:39,749 --> 00:16:38,160

someone

253

00:16:41,189 --> 00:16:39,759

within the uk government right now

254

00:16:42,550 --> 00:16:41,199

actually probably within most world

255

00:16:43,829 --> 00:16:42,560

governments they're head screwed on

256

00:16:45,829 --> 00:16:43,839

properly

257

00:16:47,590 --> 00:16:45,839

coming up with a plan and how they

258

00:16:49,269 --> 00:16:47,600

actually strategically approach this

259

00:16:51,990 --> 00:16:49,279

issue

260

00:16:53,990 --> 00:16:52,000

if they're not then that's reckless and

261

00:16:55,350 --> 00:16:54,000

i'm hoping that the ministry of defense

262

00:16:58,470 --> 00:16:55,360

in this country

263

00:17:00,230 --> 00:16:58,480

is being forthcoming with mps um and i'm

264

00:17:02,150 --> 00:17:00,240

willing to put my neck out on the line

265

00:17:05,270 --> 00:17:02,160

as well just guessing

266

00:17:05,510 --> 00:17:05,280

um that mps i mean they're people like

267

00:17:06,870 --> 00:17:05,520

us

268

00:17:08,549 --> 00:17:06,880

as well they're seeing what's happening

269

00:17:10,230 --> 00:17:08,559

in the news

270

00:17:12,549 --> 00:17:10,240

i think they are i think they are i

271

00:17:24,549 --> 00:17:12,559

don't know they're people

272

00:17:28,230 --> 00:17:26,150

i'm willing to bet that there are a few

273

00:17:29,909 --> 00:17:28,240

kind of just um starting to ask

274

00:17:31,750 --> 00:17:29,919

questions perhaps

275

00:17:33,270 --> 00:17:31,760

um of the ministry of defense because

276

00:17:34,950 --> 00:17:33,280

remember it's not just like

277

00:17:36,950 --> 00:17:34,960

a politician gets into government and

278

00:17:39,270 --> 00:17:36,960

they're giving a box of secrets

279

00:17:39,990 --> 00:17:39,280

it's actually the bureaucracy in like

280

00:17:43,510 --> 00:17:40,000

people who

281

00:17:45,990 --> 00:17:43,520

are civil servants um

282

00:17:47,510 --> 00:17:46,000

the unelected people let's say who very

283

00:17:49,029 --> 00:17:47,520

much got the information the answers

284

00:17:51,430 --> 00:17:49,039

when it comes to this stuff

285

00:17:53,350 --> 00:17:51,440

so it's up to i mean the senators and

286

00:17:54,630 --> 00:17:53,360

congressmen in your case and the mps and

287

00:17:56,789 --> 00:17:54,640

laws in our case

288

00:17:57,990 --> 00:17:56,799

because like prize that information from

289

00:17:59,909 --> 00:17:58,000

them um

290

00:18:01,750 --> 00:17:59,919

it just so happens in america that

291

00:18:02,789 --> 00:18:01,760

you've already got yourself a bunch of

292

00:18:05,990 --> 00:18:02,799

cases

293

00:18:08,390 --> 00:18:06,000

eyewitness testimony you've kind of got

294

00:18:10,789 --> 00:18:08,400

you know elected politicians people

295

00:18:13,110 --> 00:18:10,799

behind the scenes like john podesta

296

00:18:14,310 --> 00:18:13,120

um working in tandem with people from

297

00:18:16,630 --> 00:18:14,320

the pentagon

298

00:18:18,070 --> 00:18:16,640

making sure that there's a coordinated

299

00:18:20,070 --> 00:18:18,080

effort of getting this out

300

00:18:21,270 --> 00:18:20,080

and i'm not sure whether in the uk and

301

00:18:24,310 --> 00:18:21,280

other countries we

302

00:18:25,909 --> 00:18:24,320

we have that yeah i don't know and

303

00:18:29,190 --> 00:18:25,919

maybe if you do they'd just be more

304

00:18:32,390 --> 00:18:29,200

secretive about it or you know

305

00:18:35,190 --> 00:18:32,400

um who knows it's

306

00:18:36,230 --> 00:18:35,200

yeah it's definitely interesting because

307

00:18:38,390 --> 00:18:36,240

you made a good point

308

00:18:40,310 --> 00:18:38,400

it like people only tend to deal with

309

00:18:43,350 --> 00:18:40,320

things when they're confronted with it

310

00:18:44,870 --> 00:18:43,360

face to face you know and sounds like

311

00:18:47,029 --> 00:18:44,880

that's what

312

00:18:48,390 --> 00:18:47,039

you guys do over there or the mps or

313

00:18:50,390 --> 00:18:48,400

whatever you know the way you're

314

00:18:52,789 --> 00:18:50,400

describing it so

315

00:18:57,510 --> 00:18:52,799

maybe if a big triangle shows up over

316

00:18:59,990 --> 00:18:57,520

the queen's castle

317

00:19:01,830 --> 00:19:00,000

but how is the how is the debate in the

318

00:19:02,310 --> 00:19:01,840

u.s now i mean like still when i bring

319

00:19:05,110 --> 00:19:02,320

it up

320

00:19:06,549 --> 00:19:05,120

over here people people kind of like

321

00:19:07,990 --> 00:19:06,559

think i've lost my mind

322

00:19:10,870 --> 00:19:08,000

paul chris did you hear what he was

323

00:19:13,669 --> 00:19:10,880

talking about obviously he's not all

324

00:19:14,070 --> 00:19:13,679

a joke but um what what what's it like

325

00:19:16,070 --> 00:19:14,080

is it

326

00:19:17,190 --> 00:19:16,080

is the atmosphere changed in the states

327

00:19:19,350 --> 00:19:17,200

now because you've got so many

328

00:19:21,110 --> 00:19:19,360

much coverage there now is it becoming

329

00:19:22,630 --> 00:19:21,120

kind of like an everyday

330

00:19:24,230 --> 00:19:22,640

occurrence that people can talk about

331

00:19:27,029 --> 00:19:24,240

this um

332

00:19:30,630 --> 00:19:27,039

i it's it's tough to say because i don't

333

00:19:33,750 --> 00:19:30,640

really go out in the real world too much

334

00:19:35,830 --> 00:19:33,760

when i do i've asked random people if uh

335

00:19:37,830 --> 00:19:35,840

when corbell's videos were coming out if

336

00:19:39,590 --> 00:19:37,840

they've seen those and what they thought

337

00:19:42,230 --> 00:19:39,600

and surprisingly most people

338

00:19:42,870 --> 00:19:42,240

didn't know what i was talking about um

339

00:19:46,070 --> 00:19:42,880

with the

340

00:19:49,190 --> 00:19:46,080

report news and everything i think that

341

00:19:52,230 --> 00:19:49,200

and it's kind of like all the promo that

342

00:19:53,190 --> 00:19:52,240

led up to it really um and then the

343

00:19:56,230 --> 00:19:53,200

report came

344

00:19:57,590 --> 00:19:56,240

in uh i feel like a lot more people uh

345

00:20:00,390 --> 00:19:57,600

were talking about it

346

00:20:00,710 --> 00:20:00,400

um for sure and the news is ramping up

347

00:20:03,750 --> 00:20:00,720

but

348

00:20:06,950 --> 00:20:03,760

it just is more about um

349

00:20:09,830 --> 00:20:06,960

who is it really reaching you know um

350

00:20:11,750 --> 00:20:09,840

like i said the videos never seem to get

351
00:20:12,630 --> 00:20:11,760
too far out but i have a small sample

352
00:20:14,630 --> 00:20:12,640
size you know

353
00:20:15,990 --> 00:20:14,640
i didn't have a line of people like that

354
00:20:17,750 --> 00:20:16,000
i was asking

355
00:20:19,350 --> 00:20:17,760
you know it's just random here and there

356
00:20:22,070 --> 00:20:19,360
but uh my

357
00:20:23,430 --> 00:20:22,080
uh my wife and my father were aware of

358
00:20:25,430 --> 00:20:23,440
the report and it came out

359
00:20:27,909 --> 00:20:25,440
and you know what they took from it was

360
00:20:29,430 --> 00:20:27,919
one in 144 who were positively

361
00:20:32,789 --> 00:20:29,440
identified

362
00:20:36,950 --> 00:20:35,029
and we have the tmz stuff it seems like

363
00:20:41,029 --> 00:20:36,960

every time there's something like

364

00:20:45,430 --> 00:20:41,039

bigger or maybe even hyped

365

00:20:48,549 --> 00:20:45,440

and then released or something people

366

00:20:49,590 --> 00:20:48,559

just kind of argue about it no matter

367

00:20:51,270 --> 00:20:49,600

what it is

368

00:20:52,870 --> 00:20:51,280

you know so i don't know how healthy

369

00:20:55,830 --> 00:20:52,880

that actually is for

370

00:20:56,310 --> 00:20:55,840

for all of this if that's the case but

371

00:20:59,669 --> 00:20:56,320

um

372

00:21:01,430 --> 00:20:59,679

i think it does it has to ramp up

373

00:21:03,750 --> 00:21:01,440

pressure at least inside the government

374

00:21:06,070 --> 00:21:03,760

that stuff's being released

375

00:21:07,110 --> 00:21:06,080

um regardless so i take that as a

376

00:21:10,710 --> 00:21:07,120

positive but

377

00:21:13,590 --> 00:21:10,720

i think it's a slow burn but um

378

00:21:17,029 --> 00:21:13,600

you know my cousin and and uncle just

379

00:21:18,549 --> 00:21:17,039

found out that i was doing this um

380

00:21:20,630 --> 00:21:18,559

they take it well they've heard about

381

00:21:23,110 --> 00:21:20,640

the stuff so it's not

382

00:21:23,669 --> 00:21:23,120

it's going okay yeah i think it's a lot

383

00:21:27,190 --> 00:21:23,679

more

384

00:21:29,270 --> 00:21:27,200

normal than it used used to be or

385

00:21:30,789 --> 00:21:29,280

you know but it's interesting because

386

00:21:33,430 --> 00:21:30,799

people say i never took you for

387

00:21:34,070 --> 00:21:33,440

uh like someone that you know aliens and

388

00:21:38,470 --> 00:21:34,080

stuff

389

00:21:41,990 --> 00:21:38,480

i go whoa no one's talking about aliens

390

00:21:44,149 --> 00:21:42,000

you know we're talking about ufos uh

391

00:21:45,830 --> 00:21:44,159

and getting more information on them

392

00:21:47,750 --> 00:21:45,840

could be aliens

393

00:21:49,669 --> 00:21:47,760

it could not be you know it could be

394

00:21:52,789 --> 00:21:49,679

interdimensional or

395

00:21:56,149 --> 00:21:52,799

or whatever spiritual you know but

396

00:21:56,470 --> 00:21:56,159

um but i mean so i think that attachment

397

00:21:58,870 --> 00:21:56,480

to

398

00:22:01,590 --> 00:21:58,880

aliens this whole time has almost kind

399

00:22:03,750 --> 00:22:01,600

of created that stigma

400

00:22:05,590 --> 00:22:03,760

yeah i think aliens is kind of like a

401
00:22:06,549 --> 00:22:05,600
stigma word now as well like at first it

402
00:22:08,230 --> 00:22:06,559
was ufos

403
00:22:09,669 --> 00:22:08,240
have you noticed that ufos is kind of

404
00:22:10,830 --> 00:22:09,679
getting less of a stigma when you hear

405
00:22:12,789 --> 00:22:10,840
it now it's no longer

406
00:22:13,750 --> 00:22:12,799
like it's kind of like it's more

407
00:22:16,070 --> 00:22:13,760
acceptable but

408
00:22:18,950 --> 00:22:16,080
now it's aliens people are like oh great

409
00:22:22,310 --> 00:22:18,960
the aliens again

410
00:22:24,789 --> 00:22:22,320
but it does like yes

411
00:22:26,950 --> 00:22:24,799
that's what makes them think like whoa

412
00:22:30,230 --> 00:22:26,960
well that guy's weird

413
00:22:31,669 --> 00:22:30,240

you know but it's really like i guess it

414

00:22:34,710 --> 00:22:31,679

could be aliens that'd be cool

415

00:22:36,470 --> 00:22:34,720

but i have no idea you know it's an

416

00:22:37,990 --> 00:22:36,480

unidentified flying thing in our

417

00:22:40,710 --> 00:22:38,000

airspace and all that

418

00:22:42,870 --> 00:22:40,720

and i've looked at reports where they

419

00:22:46,230 --> 00:22:42,880

described the same maneuvers

420

00:22:47,270 --> 00:22:46,240

and shapes and speeds and turns uh as

421

00:22:51,270 --> 00:22:47,280

the 50s

422

00:22:54,470 --> 00:22:51,280

you know pilots military pilots

423

00:22:57,909 --> 00:22:54,480

so there's something there it's just

424

00:23:00,950 --> 00:22:57,919

like my goal is to get more information

425

00:23:01,430 --> 00:23:00,960

so that more people can digest it you

426
00:23:04,789 --> 00:23:01,440
know

427
00:23:07,990 --> 00:23:04,799
yeah i mean for me i i became

428
00:23:11,590 --> 00:23:08,000
kind of attached with timothy good

429
00:23:14,070 --> 00:23:11,600
um who i don't i think he must be very

430
00:23:15,909 --> 00:23:14,080
very old now but he was a top researcher

431
00:23:17,590 --> 00:23:15,919
um and also a friend of nick pope as

432
00:23:19,350 --> 00:23:17,600
well and he

433
00:23:20,710 --> 00:23:19,360
played in the london symphony orchestra

434
00:23:22,630 --> 00:23:20,720
and so he got to go all around the world

435
00:23:25,029 --> 00:23:22,640
but he was a great researcher

436
00:23:26,310 --> 00:23:25,039
i became attached to him and tom delonge

437
00:23:27,830 --> 00:23:26,320
is kind of like

438
00:23:29,909 --> 00:23:27,840

theory although i'm not sure it was a

439

00:23:30,630 --> 00:23:29,919

fear in the part of tom delonge that

440

00:23:33,590 --> 00:23:30,640

actually it's

441

00:23:34,830 --> 00:23:33,600

uh it's all the above it's um it's

442

00:23:38,149 --> 00:23:34,840

extraterrestrial

443

00:23:39,590 --> 00:23:38,159

interdimensional um and also it's ultra

444

00:23:42,710 --> 00:23:39,600

terrestrial as well

445

00:23:44,230 --> 00:23:42,720

and it's not just one thing um and it's

446

00:23:46,789 --> 00:23:44,240

actually too simplistic

447

00:23:50,710 --> 00:23:46,799

to think it's one thing so that's that's

448

00:23:57,029 --> 00:23:53,830

yeah and but but now it seems that lou

449

00:23:59,350 --> 00:23:57,039

and and other people are kind of um

450

00:24:01,750 --> 00:23:59,360

i mean they're gently doing it but they

451
00:24:04,870 --> 00:24:01,760
they seem to be suggesting

452
00:24:06,390 --> 00:24:04,880
that it's interdimensional now more than

453
00:24:07,830 --> 00:24:06,400
anything

454
00:24:09,750 --> 00:24:07,840
i feel like that's been kind of pushed

455
00:24:13,590 --> 00:24:09,760
for a while now yeah but

456
00:24:17,110 --> 00:24:13,600
at least through time to long um

457
00:24:20,710 --> 00:24:17,120
yeah but yeah and like what is what is

458
00:24:21,510 --> 00:24:20,720
that even mean you know it's so bizarre

459
00:24:23,750 --> 00:24:21,520
to think about

460
00:24:25,990 --> 00:24:23,760
but i can tell you like my first

461
00:24:28,310 --> 00:24:26,000
experience ever that i had

462
00:24:29,750 --> 00:24:28,320
um where i saw like two of the same

463
00:24:31,350 --> 00:24:29,760

things but different shapes but

464

00:24:35,190 --> 00:24:31,360

obviously

465

00:24:36,470 --> 00:24:35,200

um you know made the same thing

466

00:24:38,230 --> 00:24:36,480

uh just because you could tell with the

467

00:24:41,669 --> 00:24:38,240

texture and all that stuff

468

00:24:42,230 --> 00:24:41,679

um but those seem like they literally

469

00:24:45,350 --> 00:24:42,240

like

470

00:24:48,710 --> 00:24:45,360

entered and exited a dimension you know

471

00:24:52,070 --> 00:24:48,720

it didn't seem like they whizzed by

472

00:24:55,350 --> 00:24:52,080

and like you know it was literally

473

00:24:57,990 --> 00:24:55,360

seemed like it was in the atmosphere

474

00:24:58,549 --> 00:24:58,000

crossed over my eyes on purpose and then

475

00:25:02,390 --> 00:24:58,559

just

476

00:25:05,669 --> 00:25:02,400

out you know gone and then the

477

00:25:06,630 --> 00:25:05,679

ball the couple days later whatever was

478

00:25:08,310 --> 00:25:06,640

the same way

479

00:25:10,789 --> 00:25:08,320

except i got like zapped with like a

480

00:25:13,590 --> 00:25:10,799

shot of light on my shoulder

481

00:25:14,070 --> 00:25:13,600

and then it came over and then it was

482

00:25:17,990 --> 00:25:14,080

gone

483

00:25:20,230 --> 00:25:18,000

in and out you know it's crazy

484

00:25:22,070 --> 00:25:20,240

have you found yourself having more of

485

00:25:24,230 --> 00:25:22,080

these experiences as you're getting

486

00:25:27,590 --> 00:25:24,240

deeper into the topic

487

00:25:31,510 --> 00:25:27,600

no actually i've been having less

488

00:25:36,070 --> 00:25:34,710

it just sticks with me what lou said is

489

00:25:39,269 --> 00:25:36,080

that like um

490

00:25:41,190 --> 00:25:39,279

the more they investigated it the more

491

00:25:42,310 --> 00:25:41,200

things in terms of serendipity started

492

00:25:45,350 --> 00:25:42,320

happening yeah

493

00:25:48,070 --> 00:25:45,360

i heard that too that was interesting

494

00:25:50,070 --> 00:25:48,080

but see i wonder if they were like

495

00:25:51,669 --> 00:25:50,080

believers in anything at that point or

496

00:25:54,950 --> 00:25:51,679

not

497

00:25:57,510 --> 00:25:54,960

sometimes i feel like it happened

498

00:25:59,269 --> 00:25:57,520

so i could be and to put me in a certain

499

00:26:00,710 --> 00:25:59,279

position like here possibly

500

00:26:02,789 --> 00:26:00,720

that's a little grandiose for me to

501
00:26:04,070 --> 00:26:02,799
think of but you know i'm trying to make

502
00:26:08,149 --> 00:26:04,080
sense of it

503
00:26:09,269 --> 00:26:08,159
um well listen to our last debate that

504
00:26:12,230 --> 00:26:09,279
we had about

505
00:26:13,190 --> 00:26:12,240
you know we went from um from neil young

506
00:26:18,070 --> 00:26:13,200
to

507
00:26:20,149 --> 00:26:18,080
just turned out that you kind of had a

508
00:26:21,669 --> 00:26:20,159
link to that in your family history

509
00:26:23,430 --> 00:26:21,679
i mean that was pretty that was pretty

510
00:26:26,070 --> 00:26:23,440
spooky yeah

511
00:26:27,830 --> 00:26:26,080
um yeah and it i don't know for sure i

512
00:26:28,710 --> 00:26:27,840
did look into it but the records aren't

513
00:26:31,830 --> 00:26:28,720

that great

514

00:26:34,870 --> 00:26:31,840

um in portugal in general at that time

515

00:26:38,149 --> 00:26:34,880

like um my great grandfather

516

00:26:39,269 --> 00:26:38,159

um i could find i found like his baptism

517

00:26:41,590 --> 00:26:39,279

papers and

518

00:26:43,350 --> 00:26:41,600

where he was born and my uh grandma and

519

00:26:46,149 --> 00:26:43,360

all that stuff

520

00:26:46,710 --> 00:26:46,159

but there's not i can't find much on

521

00:26:49,830 --> 00:26:46,720

them

522

00:26:51,430 --> 00:26:49,840

elsewhere like you know here i can when

523

00:26:54,950 --> 00:26:51,440

they came here

524

00:26:57,990 --> 00:26:54,960

um so i don't know and where they like

525

00:27:01,830 --> 00:26:58,000

where seemingly they lived which i think

526

00:27:03,430 --> 00:27:01,840

was like foscoa but he worked in lisbon

527

00:27:06,390 --> 00:27:03,440

so i don't know and then they left to

528

00:27:08,070 --> 00:27:06,400

come here two years later after that

529

00:27:09,830 --> 00:27:08,080

but the thing that makes me think like

530

00:27:11,350 --> 00:27:09,840

they had to at least hear about it

531

00:27:13,190 --> 00:27:11,360

because there was a picture with like

532

00:27:16,070 --> 00:27:13,200

seventy thousand people there

533

00:27:17,190 --> 00:27:16,080

it's like so he's gonna know uh yeah

534

00:27:19,269 --> 00:27:17,200

they apparently were

535

00:27:22,870 --> 00:27:19,279

a little family and then he came here as

536

00:27:26,230 --> 00:27:25,190

but then put on papers he was an

537

00:27:28,549 --> 00:27:26,240

interpreter

538

00:27:29,269 --> 00:27:28,559

and then another time a taxi driver and

539

00:27:32,830 --> 00:27:29,279

then he was

540

00:27:34,470 --> 00:27:32,840

like had a very small role in a cia

541

00:27:37,269 --> 00:27:34,480

movie um

542

00:27:38,710 --> 00:27:37,279

regarding like the cold war cold no not

543

00:27:41,510 --> 00:27:38,720

cold war

544

00:27:43,510 --> 00:27:41,520

i don't know like a nazi a cia movie

545

00:27:46,230 --> 00:27:43,520

that was based off of true events

546

00:27:48,070 --> 00:27:46,240

where the cia was like spying on their

547

00:27:50,470 --> 00:27:48,080

operations here

548

00:27:52,470 --> 00:27:50,480

um and he played a jeweler in a watch

549

00:27:54,789 --> 00:27:52,480

store

550

00:27:56,470 --> 00:27:54,799

that's pretty cool yeah i don't have

551
00:27:58,230 --> 00:27:56,480
that much of an interesting family

552
00:28:01,350 --> 00:27:58,240
background i'd love to have that

553
00:28:04,789 --> 00:28:01,360
yeah well you know

554
00:28:07,269 --> 00:28:04,799
that that's all we got i'm just kidding

555
00:28:08,230 --> 00:28:07,279
everybody has good little stories and

556
00:28:11,110 --> 00:28:08,240
family history

557
00:28:12,870 --> 00:28:11,120
you just may not know about it you know

558
00:28:14,389 --> 00:28:12,880
have you ever visited portugal before or

559
00:28:18,870 --> 00:28:14,399
do you have plans to go there

560
00:28:22,549 --> 00:28:18,880
yes i wanted yeah portugal's lovely like

561
00:28:23,909 --> 00:28:22,559
my dad goes to portugal sometimes and um

562
00:28:25,830 --> 00:28:23,919
i think a few years ago when it was

563
00:28:29,510 --> 00:28:25,840

christmas here in the uk

564

00:28:32,870 --> 00:28:29,520

it was like minus one raining

565

00:28:34,549 --> 00:28:32,880

snowing storms but then in portugal

566

00:28:36,470 --> 00:28:34,559

where my dad was it was kind of like 20

567

00:28:38,389 --> 00:28:36,480

degrees

568

00:28:40,789 --> 00:28:38,399

lovely kind of like warm weather blue

569

00:28:42,950 --> 00:28:40,799

skies oh my gosh

570

00:28:44,710 --> 00:28:42,960

i wish i was in portugal i would love to

571

00:28:47,669 --> 00:28:44,720

go i want to research

572

00:28:48,870 --> 00:28:47,679

some cases there to see if i can grab a

573

00:28:50,230 --> 00:28:48,880

hold of anything

574

00:28:52,470 --> 00:28:50,240

i think there may have been in like the

575

00:28:56,070 --> 00:28:52,480

azores some stuff going on

576

00:28:58,630 --> 00:28:56,080

so yeah no i

577

00:29:00,230 --> 00:28:58,640

i believe there must be quite a few in

578

00:29:02,149 --> 00:29:00,240

the mid i mean there are certainly a few

579

00:29:06,470 --> 00:29:02,159

cases that we've heard

580

00:29:08,310 --> 00:29:06,480

from italy yeah um and i mean it seems

581

00:29:09,750 --> 00:29:08,320

i mean it is very very interesting i

582

00:29:10,830 --> 00:29:09,760

mean you've got pinocchi he's one of the

583

00:29:13,269 --> 00:29:10,840

top

584

00:29:15,990 --> 00:29:13,279

researchers who also

585

00:29:17,590 --> 00:29:16,000

coincidentally is in touch is very close

586

00:29:20,870 --> 00:29:17,600

with both the military

587

00:29:24,630 --> 00:29:20,880

in italy and the catholic church as well

588

00:29:26,149 --> 00:29:24,640

and he was involved in isis efforts when

589

00:29:28,630 --> 00:29:26,159

china was kind of going for the

590

00:29:30,470 --> 00:29:28,640

disclosure about you en route

591

00:29:32,389 --> 00:29:30,480

and then you've now got this kind of

592

00:29:33,830 --> 00:29:32,399

thing that seemed i mean it wasn't

593

00:29:35,669 --> 00:29:33,840

definitively confirmed but it was

594

00:29:37,590 --> 00:29:35,679

suggested by lou that there may be some

595

00:29:40,789 --> 00:29:37,600

truth that

596

00:29:44,470 --> 00:29:40,799

a craft was recovered

597

00:29:47,909 --> 00:29:44,480

under mussolini when he was a dictator

598

00:29:52,230 --> 00:29:47,919

and then that craft was taken to united

599

00:29:55,909 --> 00:29:54,710

we got to find that stuff like that no

600

00:29:58,549 --> 00:29:55,919

that's pretty interesting

601
00:29:59,430 --> 00:29:58,559
you know but but then again like when

602
00:30:01,269 --> 00:29:59,440
you think about that

603
00:30:03,909 --> 00:30:01,279
okay so if the us does have recovery

604
00:30:05,430 --> 00:30:03,919
craft how many actually belong to the

605
00:30:06,870 --> 00:30:05,440
u.s government

606
00:30:08,310 --> 00:30:06,880
how many are in the hands of the u.s

607
00:30:08,789 --> 00:30:08,320
government and how many are in the hands

608
00:30:15,190 --> 00:30:08,799
of

609
00:30:18,549 --> 00:30:15,200
them um recovering crashed

610
00:30:20,070 --> 00:30:18,559
soviet planes or whatever like i bet

611
00:30:22,070 --> 00:30:20,080
if that happened they would probably

612
00:30:25,750 --> 00:30:22,080
just list it as a soviet plane

613
00:30:28,630 --> 00:30:25,760

and do the same kind of stuff so

614

00:30:31,510 --> 00:30:28,640

we can get more like details maybe i

615

00:30:33,350 --> 00:30:31,520

could find the crashed soviet plane

616

00:30:34,950 --> 00:30:33,360

yeah and i definitely didn't see you

617

00:30:39,909 --> 00:30:34,960

know

618

00:30:42,789 --> 00:30:39,919

yeah i mean he lou is definitely

619

00:30:43,269 --> 00:30:42,799

you know he's all in he's all in on what

620

00:30:46,149 --> 00:30:43,279

it is

621

00:30:47,830 --> 00:30:46,159

even though he's not you know he'll say

622

00:30:49,990 --> 00:30:47,840

he's got an nda but

623

00:30:52,230 --> 00:30:50,000

he tells you anyways like in a different

624

00:30:54,630 --> 00:30:52,240

way what's going on you know

625

00:30:57,430 --> 00:30:54,640

um so

626

00:30:59,430 --> 00:30:57,440

[Laughter]

627

00:31:01,110 --> 00:30:59,440

it'll come to a point i think where

628

00:31:04,389 --> 00:31:01,120

people will get

629

00:31:07,590 --> 00:31:04,399

tired of it if they don't get anything

630

00:31:11,590 --> 00:31:07,600

you know at some point

631

00:31:13,350 --> 00:31:11,600

um and he's doing such hard work so

632

00:31:15,190 --> 00:31:13,360

and i don't know how long he can keep it

633

00:31:18,389 --> 00:31:15,200

up so i just hope

634

00:31:20,149 --> 00:31:18,399

that it all happens you know because it

635

00:31:21,509 --> 00:31:20,159

like everything you need a little bit of

636

00:31:27,509 --> 00:31:21,519

hard work

637

00:31:32,870 --> 00:31:30,470

is lou going to do your show man dude

638

00:31:35,029 --> 00:31:32,880

everybody asked me that and um

639

00:31:36,389 --> 00:31:35,039

not at this point yeah i want to see

640

00:31:37,190 --> 00:31:36,399

that i'm gonna no i'm gonna put i'm

641

00:31:41,590 --> 00:31:37,200

gonna put

642

00:31:47,669 --> 00:31:44,789

i'm gonna i'm gonna message him

643

00:31:49,350 --> 00:31:47,679

have you need a bigger platform or

644

00:31:51,669 --> 00:31:49,360

something so when i get

645

00:31:53,190 --> 00:31:51,679

the bigger platform maybe then i don't

646

00:31:57,590 --> 00:31:53,200

know but he's

647

00:32:04,710 --> 00:32:01,029

yeah hey thank you you want to say hello

648

00:32:07,909 --> 00:32:04,720

come on santa jump on daddy's lap

649

00:32:10,070 --> 00:32:07,919

softball questions kid

650

00:32:11,590 --> 00:32:10,080

he gets shy he gets shy like he's in the

651
00:32:13,190 --> 00:32:11,600
background he makes noise and stuff but

652
00:32:15,350 --> 00:32:13,200
if you bring it up to the camera

653
00:32:16,789 --> 00:32:15,360
all of a sudden he gets very shy i

654
00:32:18,149 --> 00:32:16,799
thought he was going to bring a detailed

655
00:32:21,990 --> 00:32:18,159
analysis of uh

656
00:32:28,630 --> 00:32:25,830
his findings absolutely yeah let me just

657
00:32:30,710 --> 00:32:28,640
shut the door

658
00:32:32,070 --> 00:32:30,720
yeah no but no don't leave should

659
00:32:33,669 --> 00:32:32,080
definitely do your show

660
00:32:35,110 --> 00:32:33,679
lou if you're out there and you're

661
00:32:37,750 --> 00:32:35,120
watching do

662
00:32:40,710 --> 00:32:37,760
sean the show i mean buddy how the guy

663
00:32:44,630 --> 00:32:43,190

oh yeah well what are you gonna do

664

00:32:45,430 --> 00:32:44,640

you're listening to me right now okay

665

00:32:49,350 --> 00:32:45,440

it's for three

666

00:32:50,789 --> 00:32:49,360

three months no you're fantastic and i'm

667

00:32:51,509 --> 00:32:50,799

sure that lou will get around to doing

668

00:32:53,909 --> 00:32:51,519

it i mean

669

00:32:54,710 --> 00:32:53,919

he always takes time out just to support

670

00:32:58,389 --> 00:32:54,720

everyone within

671

00:32:59,990 --> 00:32:58,399

everyone has their talents

672

00:33:02,389 --> 00:33:00,000

um and things that they can bring to the

673

00:33:03,669 --> 00:33:02,399

table and lou appreciates everyone for

674

00:33:04,389 --> 00:33:03,679

their effort and what they're bringing

675

00:33:05,750 --> 00:33:04,399

to it but

676

00:33:07,990 --> 00:33:05,760

i'm with you i don't think you can keep

677

00:33:09,110 --> 00:33:08,000

it up much longer i think it's gonna

678

00:33:12,310 --> 00:33:09,120

take its toll on him

679

00:33:13,509 --> 00:33:12,320

it has taken its toll on him and um

680

00:33:16,070 --> 00:33:13,519

i think soon we're going to be in a

681

00:33:16,870 --> 00:33:16,080

situation i mean this is just from my

682

00:33:19,830 --> 00:33:16,880

deduction

683

00:33:21,110 --> 00:33:19,840

that it's going to explode quite soon i

684

00:33:23,750 --> 00:33:21,120

mean you've already got i mean

685

00:33:25,590 --> 00:33:23,760

senators and congressmen they've seen

686

00:33:28,230 --> 00:33:25,600

these classified briefings

687

00:33:29,909 --> 00:33:28,240

i mean if you believe bob mcguire people

688

00:33:32,870 --> 00:33:29,919

within the national security council

689

00:33:35,269 --> 00:33:32,880

have seen 40 minutes of sci-fi movies

690

00:33:36,950 --> 00:33:35,279

i mean could you imagine like can you

691

00:33:38,230 --> 00:33:36,960

imagine it's like you're a congressman

692

00:33:41,269 --> 00:33:38,240

you know and you're

693

00:33:43,990 --> 00:33:41,279

getting up um to your usual day you've

694

00:33:45,909 --> 00:33:44,000

got like a bunch of briefings and stuff

695

00:33:47,269 --> 00:33:45,919

probably got a vote on a few things oh

696

00:33:48,389 --> 00:33:47,279

and then someone takes you aside yeah i

697

00:33:49,830 --> 00:33:48,399

just got to give you this briefing on

698

00:33:53,190 --> 00:33:49,840

your face right okay

699

00:33:54,789 --> 00:33:53,200

roll your eyes ufos and then

700

00:33:56,549 --> 00:33:54,799

you're given like a briefing of a

701
00:33:59,190 --> 00:33:56,559
lifetime and all of a sudden like

702
00:34:00,950 --> 00:33:59,200
what the hell and like usually just like

703
00:34:02,630 --> 00:34:00,960
questioning everything

704
00:34:03,990 --> 00:34:02,640
can you imagine like what impact that

705
00:34:07,029 --> 00:34:04,000
would have on someone's life

706
00:34:10,470 --> 00:34:07,039
you would think that if that

707
00:34:11,270 --> 00:34:10,480
happened someone one of them would just

708
00:34:14,470 --> 00:34:11,280
be like

709
00:34:17,190 --> 00:34:14,480
blowing the whistle hard you know like

710
00:34:18,389 --> 00:34:17,200
we gotta tell everybody hey everyone you

711
00:34:21,669 --> 00:34:18,399
know like

712
00:34:24,389 --> 00:34:21,679
i don't care yeah yeah so dramatic

713
00:34:26,230 --> 00:34:24,399

you know did you see um discovery the

714

00:34:28,389 --> 00:34:26,240

other day with andre carlson

715

00:34:32,550 --> 00:34:28,399

no and i can't find where to watch it

716

00:34:36,230 --> 00:34:34,470

but it looks like from what people are

717

00:34:36,710 --> 00:34:36,240

saying it looks like he's on a rural war

718

00:34:39,349 --> 00:34:36,720

path

719

00:34:41,109 --> 00:34:39,359

to um to kind of get this information

720

00:34:44,470 --> 00:34:41,119

out now and i i think

721

00:34:46,550 --> 00:34:44,480

i think you know the uaptf report um

722

00:34:48,550 --> 00:34:46,560

it did it did what it needed to

723

00:34:50,230 --> 00:34:48,560

obviously the classified version is

724

00:34:53,030 --> 00:34:50,240

probably a lot more explosive but

725

00:34:54,310 --> 00:34:53,040

i think it will get us to hearings and i

726

00:34:57,109 --> 00:34:54,320

think it will get us to

727

00:35:00,829 --> 00:34:57,119

um to a permanent body as well a

728

00:35:03,910 --> 00:35:00,839

permanent office that investigates

729

00:35:05,910 --> 00:35:03,920

yeah i think it was

730

00:35:07,910 --> 00:35:05,920

um so that memorandum came out right

731

00:35:11,990 --> 00:35:07,920

away um after the report

732

00:35:12,870 --> 00:35:12,000

yeah yeah i thought the dod or something

733

00:35:15,349 --> 00:35:12,880

scooped them up

734

00:35:16,630 --> 00:35:15,359

for to keep working and they're supposed

735

00:35:19,190 --> 00:35:16,640

to put out another

736

00:35:19,910 --> 00:35:19,200

like um briefing to congress in 90 days

737

00:35:23,109 --> 00:35:19,920

i thought

738

00:35:24,550 --> 00:35:23,119

yeah yeah so

739

00:35:27,190 --> 00:35:24,560

you know you don't do that kind of stuff

740

00:35:29,430 --> 00:35:27,200

if it's not serious

741

00:35:31,430 --> 00:35:29,440

absolutely but i think as well like i

742

00:35:34,150 --> 00:35:31,440

think there's a component of it that no

743

00:35:36,150 --> 00:35:34,160

not many people have spoken about and um

744

00:35:37,270 --> 00:35:36,160

it's that okay like the origin

745

00:35:39,109 --> 00:35:37,280

is one thing like where does it

746

00:35:40,230 --> 00:35:39,119

originate from who does it belong to but

747

00:35:43,589 --> 00:35:40,240

actually

748

00:35:46,230 --> 00:35:43,599

these things have

749

00:35:48,230 --> 00:35:46,240

capabilities beyond anything we can do

750

00:35:49,670 --> 00:35:48,240

generations beyond what we can do

751

00:35:51,829 --> 00:35:49,680

we need to come up with a plan really

752

00:35:52,150 --> 00:35:51,839

really quickly and i think like one of

753

00:35:54,390 --> 00:35:52,160

the

754

00:35:55,829 --> 00:35:54,400

um recommendations whatever that was put

755

00:35:57,030 --> 00:35:55,839

out was actually saying that there needs

756

00:35:59,109 --> 00:35:57,040

to be bands

757

00:36:00,310 --> 00:35:59,119

to secure these areas where these craft

758

00:36:01,829 --> 00:36:00,320

is appearing

759

00:36:04,950 --> 00:36:01,839

and that's i don't know how they're

760

00:36:06,710 --> 00:36:04,960

going to do that that is crazy isn't it

761

00:36:08,470 --> 00:36:06,720

yeah i mean that's when it gets real

762

00:36:10,390 --> 00:36:08,480

serious is when it starts interrupting

763

00:36:13,190 --> 00:36:10,400

stuff like that

764

00:36:13,910 --> 00:36:13,200

yeah yeah absolutely and now it's near

765

00:36:16,950 --> 00:36:13,920

no it's real

766

00:36:18,230 --> 00:36:16,960

yeah it's very good no no no i i

767

00:36:19,349 --> 00:36:18,240

agree with you wholeheartedly and i

768

00:36:20,470 --> 00:36:19,359

think it's now in the open i think

769

00:36:22,470 --> 00:36:20,480

there's gonna be a lot of senators and

770

00:36:24,870 --> 00:36:22,480

congressmen being like

771

00:36:26,069 --> 00:36:24,880

holy crap you know like we we've got to

772

00:36:29,270 --> 00:36:26,079

come up with some

773

00:36:29,990 --> 00:36:29,280

way to to secure our our skies and

774

00:36:33,430 --> 00:36:30,000

oceans

775

00:36:37,670 --> 00:36:33,440

let me ask you this if you think um like

776

00:36:38,069 --> 00:36:37,680

this kind of slowly fades or dissipates

777

00:36:43,030 --> 00:36:38,079

and

778

00:36:44,470 --> 00:36:43,040

they're not mentioning anything about

779

00:36:47,270 --> 00:36:44,480

what's going on with it

780

00:36:48,470 --> 00:36:47,280

and like six months go by or whatever or

781

00:36:51,829 --> 00:36:48,480

a year

782

00:36:53,990 --> 00:36:51,839

year and a half like

783

00:36:55,589 --> 00:36:54,000

do you think that would mean maybe those

784

00:36:57,589 --> 00:36:55,599

congressmen

785

00:36:59,750 --> 00:36:57,599

weren't impressed or that those videos

786

00:37:03,030 --> 00:36:59,760

weren't

787

00:37:05,030 --> 00:37:03,040

you know sci-fi movies what would that

788

00:37:06,829 --> 00:37:05,040

scenario look like you know because we

789

00:37:09,750 --> 00:37:06,839

can kind of judge

790

00:37:11,829 --> 00:37:09,760

truth from people's actions and their

791

00:37:15,670 --> 00:37:11,839

reactions right

792

00:37:18,790 --> 00:37:15,680

yeah and i think if it was that severe

793

00:37:19,430 --> 00:37:18,800

i mean that it will keep going the way

794

00:37:22,310 --> 00:37:19,440

it is

795

00:37:24,069 --> 00:37:22,320

basically you know and if it wasn't it

796

00:37:26,470 --> 00:37:24,079

would probably go backwards

797

00:37:27,750 --> 00:37:26,480

so i think we should watch for that i

798

00:37:29,670 --> 00:37:27,760

don't think i don't think it's going to

799

00:37:31,109 --> 00:37:29,680

go backwards i think it's actually going

800

00:37:34,069 --> 00:37:31,119

to accelerate um

801
00:37:36,470 --> 00:37:34,079
i don't see how it could go backwards no

802
00:37:39,750 --> 00:37:36,480
it's going to be positive

803
00:37:40,710 --> 00:37:39,760
i think from what i i'm i'm seeing that

804
00:37:42,710 --> 00:37:40,720
you know

805
00:37:44,310 --> 00:37:42,720
i think the vast majority of congressmen

806
00:37:45,190 --> 00:37:44,320
that's gone on the record have been

807
00:37:46,870 --> 00:37:45,200
impressed

808
00:37:48,310 --> 00:37:46,880
by what they've seen i mean even mitt

809
00:37:50,390 --> 00:37:48,320
romney the most conservative

810
00:37:52,310 --> 00:37:50,400
conservatives is kind of like

811
00:37:55,829 --> 00:37:52,320
kind of admitting it that yeah there's

812
00:37:59,589 --> 00:37:58,950
yeah yeah i mean he said um it's not

813
00:38:01,430 --> 00:37:59,599

yours

814

00:38:04,069 --> 00:38:01,440

um and then he goes i think it's clear

815

00:38:07,510 --> 00:38:04,079

china and russia aren't there

816

00:38:09,589 --> 00:38:07,520

and then okay so what are you saying

817

00:38:11,109 --> 00:38:09,599

and then he goes but we have more

818

00:38:11,910 --> 00:38:11,119

important things to worry about like

819

00:38:14,550 --> 00:38:11,920

this and that

820

00:38:15,349 --> 00:38:14,560

i'm like okay so you just said that

821

00:38:18,230 --> 00:38:15,359

these things

822

00:38:18,710 --> 00:38:18,240

are something truly bizarre and you're

823

00:38:21,190 --> 00:38:18,720

not

824

00:38:23,270 --> 00:38:21,200

concerned about it basically yeah yeah

825

00:38:23,829 --> 00:38:23,280

and you've got steve bassett on next

826
00:38:26,150 --> 00:38:23,839
week

827
00:38:28,230 --> 00:38:26,160
who brought up the fact that actually

828
00:38:30,870 --> 00:38:28,240
it's not just all about us so like

829
00:38:32,069 --> 00:38:30,880
there may be a race for disclosure now

830
00:38:33,670 --> 00:38:32,079
so i mean

831
00:38:34,950 --> 00:38:33,680
i don't think as a coincidence this

832
00:38:36,710 --> 00:38:34,960
story appeared in the south china

833
00:38:38,230 --> 00:38:36,720
morning post about web

834
00:38:39,670 --> 00:38:38,240
phenomena i think it was weather

835
00:38:40,630 --> 00:38:39,680
phenomena or something like that wasn't

836
00:38:42,310 --> 00:38:40,640
it

837
00:38:44,950 --> 00:38:42,320
i remember what they referred to just

838
00:38:46,710 --> 00:38:44,960

now something along those lines

839

00:38:48,950 --> 00:38:46,720

um i don't think that was a freak

840

00:38:51,589 --> 00:38:48,960

occurrence that that came out and

841

00:38:53,030 --> 00:38:51,599

i i'm very very convinced that china

842

00:38:53,910 --> 00:38:53,040

have tried to get this out through the

843

00:38:57,030 --> 00:38:53,920

um

844

00:38:58,950 --> 00:38:57,040

and i don't think i don't i don't think

845

00:39:00,710 --> 00:38:58,960

its intentions have changed

846

00:39:03,190 --> 00:39:00,720

i mean to actually get on top of this

847

00:39:04,630 --> 00:39:03,200

issue puts you in a dominant position as

848

00:39:06,950 --> 00:39:04,640

a world leader

849

00:39:09,589 --> 00:39:06,960

kind of um helping the world and other

850

00:39:12,870 --> 00:39:09,599

countries navigate through this topic

851

00:39:14,069 --> 00:39:12,880

and i think there is a race on for

852

00:39:17,670 --> 00:39:14,079

disclosure between

853

00:39:18,630 --> 00:39:17,680

the usa and china i think people at the

854

00:39:21,589 --> 00:39:18,640

top levels

855

00:39:22,310 --> 00:39:21,599

and intel circles are very much aware of

856

00:39:25,109 --> 00:39:22,320

that

857

00:39:26,870 --> 00:39:25,119

so there is no option to go back there's

858

00:39:27,670 --> 00:39:26,880

no option to stay still they must go

859

00:39:29,510 --> 00:39:27,680

forward

860

00:39:30,710 --> 00:39:29,520

maybe even accelerate what they're doing

861

00:39:33,270 --> 00:39:30,720

at the moment

862

00:39:35,190 --> 00:39:33,280

and it's definitely there's something i

863

00:39:35,910 --> 00:39:35,200

mean some people don't like the question

864

00:39:39,270 --> 00:39:35,920

why now

865

00:39:41,990 --> 00:39:39,280

i realize that i still ask that question

866

00:39:42,710 --> 00:39:42,000

because it's been happening for a long

867

00:39:45,910 --> 00:39:42,720

time

868

00:39:46,710 --> 00:39:45,920

so why is there a kind of a tipping

869

00:39:52,550 --> 00:39:46,720

point now

870

00:39:56,630 --> 00:39:54,230

there's like an uptick and it's starting

871

00:39:58,230 --> 00:39:56,640

to get kind of like dangerous

872

00:39:59,829 --> 00:39:58,240

because the whole time they've always

873

00:40:01,829 --> 00:39:59,839

said but there's no

874

00:40:03,589 --> 00:40:01,839

national security risk like on all their

875

00:40:06,950 --> 00:40:03,599

little reports to everybody

876

00:40:08,829 --> 00:40:06,960

you know in the 60s and 50s

877

00:40:11,670 --> 00:40:08,839

we don't know what these are they do

878

00:40:14,230 --> 00:40:11,680

explain crazy stuff but

879

00:40:14,950 --> 00:40:14,240

it's not you know a national security

880

00:40:17,589 --> 00:40:14,960

threat

881

00:40:20,230 --> 00:40:17,599

so they don't really tell anyone or they

882

00:40:24,150 --> 00:40:20,240

do stuff still but they don't really

883

00:40:27,349 --> 00:40:24,160

you know tell anyone so i wonder if

884

00:40:28,390 --> 00:40:27,359

you know that's changed it has it has i

885

00:40:31,430 --> 00:40:28,400

can tell you that

886

00:40:33,270 --> 00:40:31,440

um not by kind of like no

887

00:40:35,109 --> 00:40:33,280

no but i think it was actually mentioned

888

00:40:36,630 --> 00:40:35,119

by rubio or something like that that

889

00:40:40,230 --> 00:40:36,640

actually

890

00:40:40,870 --> 00:40:40,240

what's happening i think lou said it as

891

00:40:42,790 --> 00:40:40,880

well but

892

00:40:44,470 --> 00:40:42,800

i mean he speculated whether that might

893

00:40:46,390 --> 00:40:44,480

be a case just that there's more of an

894

00:40:48,150 --> 00:40:46,400

awareness into what's happening now so

895

00:40:50,069 --> 00:40:48,160

more people are going to report it

896

00:40:52,150 --> 00:40:50,079

but actually i think it was very much

897

00:40:55,349 --> 00:40:52,160

hinted and suggested that

898

00:40:59,109 --> 00:40:55,359

it's it's actually escalated

899

00:41:01,510 --> 00:40:59,119

um he's much louder than neutron

900

00:41:04,829 --> 00:41:01,520

i don't know yeah my mic is just jacked

901
00:41:04,839 --> 00:41:08,790
oh

902
00:41:12,470 --> 00:41:10,790
yeah i don't know what's going on but

903
00:41:14,950 --> 00:41:12,480
maybe is that louder

904
00:41:15,990 --> 00:41:14,960
yeah yeah i can hear you fine okay

905
00:41:20,309 --> 00:41:16,000
that's not a problem at

906
00:41:22,230 --> 00:41:20,319
all i'll turn it up if it's too loud let

907
00:41:26,230 --> 00:41:22,240
me know

908
00:41:29,430 --> 00:41:26,240
that's okay it's okay um

909
00:41:30,309 --> 00:41:29,440
yeah what were we talking about just why

910
00:41:34,470 --> 00:41:30,319
now

911
00:41:37,670 --> 00:41:34,480
well

912
00:41:39,990 --> 00:41:37,680
so random yeah

913
00:41:42,230 --> 00:41:40,000

the genesis of this whole thing is i i

914

00:41:44,069 --> 00:41:42,240

think i heard tom mentioned before that

915

00:41:45,430 --> 00:41:44,079

actually it was like a blink 182 fan or

916

00:41:47,670 --> 00:41:45,440

something like that that put him in

917

00:41:50,870 --> 00:41:47,680

contact with someone from

918

00:41:53,990 --> 00:41:50,880

oh right right yeah isn't that weird

919

00:41:56,550 --> 00:41:54,000

it's like up here we go yeah

920

00:41:58,470 --> 00:41:56,560

yeah but it also makes you think as well

921

00:42:01,910 --> 00:41:58,480

because tom mentioned before

922

00:42:03,670 --> 00:42:01,920

and um i hate to i hate to put lou on

923

00:42:06,870 --> 00:42:03,680

the spot here as well but

924

00:42:08,390 --> 00:42:06,880

i mean tom said before that um

925

00:42:09,910 --> 00:42:08,400

lots the best talent now when they get

926
00:42:11,750 --> 00:42:09,920
out of university

927
00:42:13,990 --> 00:42:11,760
like engineers and whatnot they want to

928
00:42:16,390 --> 00:42:14,000
go to spacex they want to go to tesla

929
00:42:18,069 --> 00:42:16,400
all the sexy new companies and actually

930
00:42:19,910 --> 00:42:18,079
not as much of the talent is going to

931
00:42:21,750 --> 00:42:19,920
companies like lockheed now

932
00:42:23,750 --> 00:42:21,760
and i think part of like the angle he

933
00:42:25,670 --> 00:42:23,760
was coming at when it came to

934
00:42:27,510 --> 00:42:25,680
transparency and disclosure was actually

935
00:42:30,710 --> 00:42:27,520
to kind of attract more talent to

936
00:42:33,910 --> 00:42:30,720
lockheed yeah and places like that

937
00:42:36,870 --> 00:42:33,920
and when lou was on um

938
00:42:38,710 --> 00:42:36,880

with louise jimenez and they fur he

939

00:42:39,750 --> 00:42:38,720

first suggested big phone home

940

00:42:42,630 --> 00:42:39,760

if you want to go back to that

941

00:42:45,109 --> 00:42:42,640

conversation lou actually suggested that

942

00:42:47,270 --> 00:42:45,119

they hold a big festival

943

00:42:48,150 --> 00:42:47,280

um with young people coming with bands

944

00:42:51,190 --> 00:42:48,160

and stuff

945

00:42:52,790 --> 00:42:51,200

um about disclosure and that you'd also

946

00:42:54,390 --> 00:42:52,800

have lockheed and other defense

947

00:42:55,990 --> 00:42:54,400

contractors there as well

948

00:42:57,670 --> 00:42:56,000

and it would be a place for them to help

949

00:42:59,190 --> 00:42:57,680

like recruit i don't know i may be

950

00:43:00,550 --> 00:42:59,200

getting that wrong you have to go back

951
00:43:03,910 --> 00:43:00,560
to the interview when

952
00:43:06,390 --> 00:43:03,920
um louise uh initially um

953
00:43:07,430 --> 00:43:06,400
interviewed me but i mean i think yeah

954
00:43:10,390 --> 00:43:07,440
that would be kind of

955
00:43:13,190 --> 00:43:10,400
that's a that's an intense thing to say

956
00:43:17,030 --> 00:43:13,200
get this

957
00:43:20,790 --> 00:43:17,040
well i did find um this

958
00:43:23,910 --> 00:43:20,800
interesting uh cia document right

959
00:43:27,510 --> 00:43:23,920
um from the 1950 whatever

960
00:43:30,950 --> 00:43:27,520
something and it's

961
00:43:38,870 --> 00:43:35,190
newspaper got like a a secret note

962
00:43:42,710 --> 00:43:38,880
that uh glenn f martin

963
00:43:45,270 --> 00:43:42,720

was the person that made the saucers

964

00:43:45,829 --> 00:43:45,280

and it you know they weren't ufos or

965

00:43:48,470 --> 00:43:45,839

whatever

966

00:43:49,589 --> 00:43:48,480

and that they were meant to go from one

967

00:43:52,309 --> 00:43:49,599

area to the next

968

00:43:54,790 --> 00:43:52,319

what like one round only and they would

969

00:43:56,470 --> 00:43:54,800

just fall in the ocean or on the ground

970

00:43:57,910 --> 00:43:56,480

and they were meant to just drop a

971

00:44:01,109 --> 00:43:57,920

nuclear bomb

972

00:44:02,790 --> 00:44:01,119

and then not come back that's what he

973

00:44:06,069 --> 00:44:02,800

wrote in this thing

974

00:44:09,589 --> 00:44:06,079

and glenn martin

975

00:44:12,230 --> 00:44:09,599

is one half a lockheed martin

976

00:44:14,230 --> 00:44:12,240

isn't that weird but it's not

977

00:44:15,910 --> 00:44:14,240

corroborated it's just like a freaking

978

00:44:19,030 --> 00:44:15,920

note that somebody said

979

00:44:21,589 --> 00:44:19,040

you know or the newspaper so

980

00:44:23,990 --> 00:44:21,599

this guy could be crazy i guess but you

981

00:44:25,270 --> 00:44:24,000

know it's still weird

982

00:44:28,309 --> 00:44:25,280

i think there's a lot of things

983

00:44:33,910 --> 00:44:31,510

yeah nazis and all that stuff too but

984

00:44:35,589 --> 00:44:33,920

yeah well there's a lot of components at

985

00:44:38,230 --> 00:44:35,599

play i guess i mean

986

00:44:39,990 --> 00:44:38,240

so for instance like um let's say if

987

00:44:42,309 --> 00:44:40,000

there was a sorcerer crash back in the

988

00:44:43,990 --> 00:44:42,319

30s okay mussolini sent a bunch of

989

00:44:47,510 --> 00:44:44,000

scientists to look at it

990

00:44:49,190 --> 00:44:47,520

including marconi he's very famous um

991

00:44:50,550 --> 00:44:49,200

so did italy kind of make any

992

00:44:52,230 --> 00:44:50,560

breakthroughs does it copy some of the

993

00:44:53,270 --> 00:44:52,240

craft did it share some of his knowledge

994

00:44:55,510 --> 00:44:53,280

with germany

995

00:44:57,349 --> 00:44:55,520

did germany discover any of the craft i

996

00:45:00,550 --> 00:44:57,359

mean we always hear about the famous

997

00:45:01,750 --> 00:45:00,560

bell um although i'm not sure i know

998

00:45:03,510 --> 00:45:01,760

that nick cook's

999

00:45:06,069 --> 00:45:03,520

um looked into it by the way nick cook

1000

00:45:09,190 --> 00:45:06,079

if you can get nick cook onto your show

1001
00:45:09,750 --> 00:45:09,200
um he is absolutely amazing i mean he's

1002
00:45:11,510 --> 00:45:09,760
one of the

1003
00:45:13,430 --> 00:45:11,520
reasons i'm into the topic in the first

1004
00:45:15,589 --> 00:45:13,440
place that's right he's got some great

1005
00:45:19,030 --> 00:45:15,599
links with lockheed martin he used to be

1006
00:45:22,069 --> 00:45:19,040
i think um editor very very big

1007
00:45:24,550 --> 00:45:22,079
senior journalist for james okay

1008
00:45:26,230 --> 00:45:24,560
awesome thanks for the tip yeah he's

1009
00:45:27,750 --> 00:45:26,240
he's very very good so he can go into

1010
00:45:30,950 --> 00:45:27,760
like the history

1011
00:45:33,190 --> 00:45:30,960
of this in terms of black budget

1012
00:45:34,550 --> 00:45:33,200
i'll surprise him with the the story i

1013
00:45:38,390 --> 00:45:34,560

just told you about

1014

00:45:52,790 --> 00:45:42,230

handwritten note to a newspaper

1015

00:45:56,150 --> 00:45:54,630

he did mention something really um

1016

00:45:58,470 --> 00:45:56,160

interesting in his book

1017

00:45:59,270 --> 00:45:58,480

um search for zero point nick cook did

1018

00:46:01,510 --> 00:45:59,280

and

1019

00:46:03,910 --> 00:46:01,520

it was like back in like the 50s like

1020

00:46:07,349 --> 00:46:03,920

there was this elusive search for um

1021

00:46:10,710 --> 00:46:07,359

zero point gravity um interesting

1022

00:46:13,349 --> 00:46:10,720

and um according to like a lot of

1023

00:46:15,349 --> 00:46:13,359

news reports and stuff like that like

1024

00:46:16,790 --> 00:46:15,359

all like the big defense contractors

1025

00:46:18,069 --> 00:46:16,800

were always saying we're on the brink of

1026

00:46:19,750 --> 00:46:18,079

cracking it we're on the brink of

1027

00:46:21,910 --> 00:46:19,760

solving it

1028

00:46:23,270 --> 00:46:21,920

and they were actively like searching

1029

00:46:24,150 --> 00:46:23,280

for it was like a really big debate at

1030

00:46:27,430 --> 00:46:24,160

the time

1031

00:46:30,720 --> 00:46:27,440

um and then it just went silent

1032

00:46:32,390 --> 00:46:30,730

yeah oh probably because they cracked it

1033

00:46:34,470 --> 00:46:32,400

[Laughter]

1034

00:46:35,670 --> 00:46:34,480

right or they'd still be talking about

1035

00:46:38,950 --> 00:46:35,680

it wouldn't they

1036

00:46:42,790 --> 00:46:38,960

yeah absolutely yeah i didn't get it

1037

00:46:46,470 --> 00:46:42,800

or yeah we got it here it is

1038

00:46:49,349 --> 00:46:46,480

you know i'm one of the dude yeah

1039

00:46:50,150 --> 00:46:49,359

absolutely instead it's nothing so

1040

00:46:51,670 --> 00:46:50,160

something worked

1041

00:46:54,790 --> 00:46:51,680

[Laughter]

1042

00:46:55,510 --> 00:46:54,800

yeah yeah no definitely and i think as

1043

00:46:57,349 --> 00:46:55,520

well like

1044

00:46:59,510 --> 00:46:57,359

i think that luke could i don't know if

1045

00:47:00,309 --> 00:46:59,520

he would know if that technology existed

1046

00:47:03,349 --> 00:47:00,319

or not

1047

00:47:04,150 --> 00:47:03,359

um but i i think if he did know it

1048

00:47:05,829 --> 00:47:04,160

existed

1049

00:47:07,190 --> 00:47:05,839

i think it would be a different ballpark

1050

00:47:09,270 --> 00:47:07,200

if you asked him

1051
00:47:10,309 --> 00:47:09,280
does the tr3b exist and he said no

1052
00:47:12,470 --> 00:47:10,319
comment

1053
00:47:14,230 --> 00:47:12,480
yeah i think that would be a big big

1054
00:47:15,670 --> 00:47:14,240
no-no if he was to say that

1055
00:47:18,150 --> 00:47:15,680
no comment because you're basically

1056
00:47:19,990 --> 00:47:18,160
giving away that yeah the us has this

1057
00:47:33,590 --> 00:47:20,000
like big secret technology so

1058
00:47:39,030 --> 00:47:37,109
[Laughter]

1059
00:47:41,829 --> 00:47:39,040
i want to ask you something like what do

1060
00:47:44,630 --> 00:47:41,839
you think about the ultra-terrestrial

1061
00:47:46,790 --> 00:47:44,640
kind of hypotheses that and and it goes

1062
00:47:49,430 --> 00:47:46,800
back to like the greek gods and

1063
00:47:49,910 --> 00:47:49,440

atlantis and stuff like the gods and

1064

00:47:53,109 --> 00:47:49,920

stuff

1065

00:47:54,309 --> 00:47:53,119

like that um hey which i got from my

1066

00:47:56,870 --> 00:47:54,319

father-in-law

1067

00:47:58,390 --> 00:47:56,880

actually because he had it i have yet to

1068

00:48:01,430 --> 00:47:58,400

read it but um

1069

00:48:03,750 --> 00:48:01,440

i you know there's a part of me that is

1070

00:48:06,950 --> 00:48:03,760

kind of refraining from diving too

1071

00:48:09,510 --> 00:48:06,960

deep into the different possibilities

1072

00:48:11,190 --> 00:48:09,520

because one i'm afraid of not coming

1073

00:48:12,790 --> 00:48:11,200

back out

1074

00:48:14,309 --> 00:48:12,800

from one of them down the rabbit hole

1075

00:48:18,390 --> 00:48:14,319

and yeah and

1076

00:48:21,270 --> 00:48:18,400

two it's just like

1077

00:48:22,069 --> 00:48:21,280

none of them will make sense without

1078

00:48:24,309 --> 00:48:22,079

more data

1079

00:48:26,069 --> 00:48:24,319

like all of them will be there it's

1080

00:48:28,710 --> 00:48:26,079

going to be a lot of equally

1081

00:48:29,510 --> 00:48:28,720

interesting theories that make sense

1082

00:48:32,790 --> 00:48:29,520

that i'll

1083

00:48:35,990 --> 00:48:32,800

want to latch on to and

1084

00:48:38,390 --> 00:48:36,000

for me i just think it's dangerous until

1085

00:48:39,910 --> 00:48:38,400

i know more whether that's through my

1086

00:48:43,589 --> 00:48:39,920

own meditation or

1087

00:48:46,390 --> 00:48:43,599

research or whatever you know so

1088

00:48:48,309 --> 00:48:46,400

but i do think that there's multiple

1089

00:48:51,030 --> 00:48:48,319

things going on

1090

00:48:51,589 --> 00:48:51,040

um i really do think there's whether

1091

00:48:53,430 --> 00:48:51,599

it's

1092

00:48:55,030 --> 00:48:53,440

part of what the government's working on

1093

00:48:58,340 --> 00:48:55,040

or not i do think

1094

00:49:00,549 --> 00:48:58,350

there's a spiritual aspect to it um

1095

00:49:02,710 --> 00:49:00,559

[Music]

1096

00:49:03,750 --> 00:49:02,720

and i think there's probably there's a

1097

00:49:05,510 --> 00:49:03,760

hard craft too

1098

00:49:07,030 --> 00:49:05,520

nuts and bolts craft i think there's a

1099

00:49:09,109 --> 00:49:07,040

lot happening

1100

00:49:10,710 --> 00:49:09,119

in interdimensional is probably one of

1101

00:49:14,470 --> 00:49:10,720

them or ultra

1102

00:49:17,109 --> 00:49:14,480

um terrestrials could be

1103

00:49:19,430 --> 00:49:17,119

you know there's i think once something

1104

00:49:21,910 --> 00:49:19,440

like that exists you have to then admit

1105

00:49:22,950 --> 00:49:21,920

that finally that you don't know

1106

00:49:26,870 --> 00:49:22,960

anything

1107

00:49:29,430 --> 00:49:26,880

and that this thing is proof that

1108

00:49:30,790 --> 00:49:29,440

there's probably a whole lot more we

1109

00:49:32,870 --> 00:49:30,800

don't know

1110

00:49:34,390 --> 00:49:32,880

you know and what i'm most excited about

1111

00:49:37,430 --> 00:49:34,400

is getting to that point

1112

00:49:41,190 --> 00:49:37,440

so people can realize

1113

00:49:43,349 --> 00:49:41,200

that and be nicer to each other

1114

00:49:45,430 --> 00:49:43,359

you know because once something like

1115

00:49:46,470 --> 00:49:45,440

that happens people realize that they're

1116

00:49:49,670 --> 00:49:46,480

really

1117

00:49:54,390 --> 00:49:49,680

vulnerable vulnerable to all the stuff

1118

00:49:55,829 --> 00:49:54,400

they now um realize they don't know

1119

00:49:57,430 --> 00:49:55,839

you know and that produces a different

1120

00:49:59,190 --> 00:49:57,440

attitude in person

1121

00:50:01,670 --> 00:49:59,200

so that's what i'm looking forward to

1122

00:50:04,790 --> 00:50:01,680

the most to be honest with you

1123

00:50:05,910 --> 00:50:04,800

and either way whatever it is is going

1124

00:50:08,710 --> 00:50:05,920

to be exciting to me

1125

00:50:11,430 --> 00:50:08,720

and i look forward to that you know

1126

00:50:12,710 --> 00:50:11,440

absolutely i think

1127

00:50:15,270 --> 00:50:12,720

you know like when you're sending out

1128

00:50:16,790 --> 00:50:15,280

tweets or you're gonna say something to

1129

00:50:17,510 --> 00:50:16,800

someone which you don't think is very

1130

00:50:19,270 --> 00:50:17,520

nice

1131

00:50:21,270 --> 00:50:19,280

just don't do it just think about the

1132

00:50:23,270 --> 00:50:21,280

negative consequences

1133

00:50:24,870 --> 00:50:23,280

like a lot of people just get on random

1134

00:50:27,030 --> 00:50:24,880

arguments and twitter and stuff you know

1135

00:50:28,309 --> 00:50:27,040

and um kind of like think before you say

1136

00:50:29,190 --> 00:50:28,319

that like what is their emotional

1137

00:50:30,390 --> 00:50:29,200

reaction going to be they're going to

1138

00:50:32,230 --> 00:50:30,400

get angry

1139

00:50:33,589 --> 00:50:32,240

um or they're going to get upset and

1140

00:50:34,710 --> 00:50:33,599

think about how that's going to affect

1141

00:50:37,190 --> 00:50:34,720

their day

1142

00:50:38,870 --> 00:50:37,200

um you know they might lash on someone

1143

00:50:40,309 --> 00:50:38,880

else and that other person lashes out on

1144

00:50:42,390 --> 00:50:40,319

someone else

1145

00:50:44,630 --> 00:50:42,400

yeah that that's the thing and i don't

1146

00:50:45,030 --> 00:50:44,640

think people realize the consequences

1147

00:50:46,790 --> 00:50:45,040

and

1148

00:50:48,390 --> 00:50:46,800

too many people just good on arguments

1149

00:50:50,390 --> 00:50:48,400

on twitter and it it's never ending

1150

00:50:52,549 --> 00:50:50,400

because one wants to get another

1151
00:50:53,829 --> 00:50:52,559
score against the other person whatever

1152
00:50:57,190 --> 00:50:53,839
it's just back

1153
00:51:00,710 --> 00:50:57,200
no one wins yeah totally totally

1154
00:51:03,670 --> 00:51:00,720
i think it's more um the design flaw

1155
00:51:05,510 --> 00:51:03,680
of these social media apps and their

1156
00:51:09,349 --> 00:51:05,520
ability to

1157
00:51:11,910 --> 00:51:09,359
um take advantage of people's

1158
00:51:14,950 --> 00:51:11,920
reactions before they get to think you

1159
00:51:17,990 --> 00:51:17,349
because you know they'll feel that

1160
00:51:21,030 --> 00:51:18,000
instant

1161
00:51:21,990 --> 00:51:21,040
reaction from that tweet or whatever and

1162
00:51:25,670 --> 00:51:22,000
then yeah

1163
00:51:29,030 --> 00:51:25,680

well i'd rather you know but

1164

00:51:31,030 --> 00:51:29,040

how many times i bet has like

1165

00:51:32,870 --> 00:51:31,040

you know a week or two weeks or day or

1166

00:51:34,470 --> 00:51:32,880

hours went by and they're like man i

1167

00:51:37,990 --> 00:51:34,480

should have thought about that one first

1168

00:51:41,190 --> 00:51:38,000

you know all the time i mean

1169

00:51:42,790 --> 00:51:41,200

but it's almost not their part

1170

00:51:44,309 --> 00:51:42,800

like a little trap it's like a little

1171

00:51:46,870 --> 00:51:44,319

emotional trap

1172

00:51:48,470 --> 00:51:46,880

and it gets you in so much trouble like

1173

00:51:49,109 --> 00:51:48,480

those are all things you wouldn't do in

1174

00:51:52,390 --> 00:51:49,119

person

1175

00:51:54,710 --> 00:51:52,400

you know real life yeah absolutely

1176

00:51:56,950 --> 00:51:54,720

it's it's like insane like i play um i

1177

00:51:57,990 --> 00:51:56,960

play on the xbox i play fifa on the xbox

1178

00:52:00,150 --> 00:51:58,000

the football game

1179

00:52:01,750 --> 00:52:00,160

and like i looked in my inbox like for

1180

00:52:04,230 --> 00:52:01,760

the first time the other day

1181

00:52:05,270 --> 00:52:04,240

and it's like just full of abuse like

1182

00:52:08,309 --> 00:52:05,280

people say

1183

00:52:10,390 --> 00:52:08,319

you and just like all these horrible

1184

00:52:12,230 --> 00:52:10,400

things like to you and i'm like bloody

1185

00:52:13,750 --> 00:52:12,240

how like people like get really wound up

1186

00:52:14,710 --> 00:52:13,760

over a computer game and they just say

1187

00:52:17,109 --> 00:52:14,720

the most

1188

00:52:17,990 --> 00:52:17,119

horrific stuff i still think the people

1189

00:52:21,750 --> 00:52:18,000

are the same

1190

00:52:24,630 --> 00:52:21,760

it's just these like mirrors and outlets

1191

00:52:26,069 --> 00:52:24,640

that are showing that stuff you know

1192

00:52:28,069 --> 00:52:26,079

because

1193

00:52:29,829 --> 00:52:28,079

you think people didn't get pissed at

1194

00:52:30,630 --> 00:52:29,839

video games like when it was sega

1195

00:52:32,549 --> 00:52:30,640

nintendo

1196

00:52:36,309 --> 00:52:32,559

they threw the remote through the tv and

1197

00:52:38,549 --> 00:52:36,319

stuff but now they can like cuss at you

1198

00:52:39,910 --> 00:52:38,559

for beating them you know and you have

1199

00:52:43,190 --> 00:52:39,920

no there's no

1200

00:52:46,069 --> 00:52:43,200

real person attached to it you know

1201

00:52:46,870 --> 00:52:46,079

it's just a screen so they don't feel

1202

00:52:49,910 --> 00:52:46,880

bad about it

1203

00:52:53,670 --> 00:52:49,920

and it's an outlet for their frustration

1204

00:52:56,069 --> 00:52:53,680

yeah no absolutely absolutely

1205

00:52:56,790 --> 00:52:56,079

it's it's not it's it's just not healthy

1206

00:52:58,549 --> 00:52:56,800

people is it

1207

00:53:00,309 --> 00:52:58,559

really and people have to break out of

1208

00:53:02,069 --> 00:53:00,319

that and i mean social media it's easy

1209

00:53:04,230 --> 00:53:02,079

to do though too

1210

00:53:05,109 --> 00:53:04,240

just gotta throw that in there yeah go

1211

00:53:07,510 --> 00:53:05,119

ahead definitely

1212

00:53:09,670 --> 00:53:07,520

definitely like sometimes what i'll do

1213

00:53:12,549 --> 00:53:09,680

like oh on purpose he say to

1214

00:53:15,190 --> 00:53:12,559

uap media uk team i'm on purpose he

1215

00:53:18,630 --> 00:53:15,200

gonna troll you it's like an inside gag

1216

00:53:19,829 --> 00:53:18,640

and like and just say don't take it

1217

00:53:22,230 --> 00:53:19,839

seriously but i'm just gonna say

1218

00:53:24,230 --> 00:53:22,240

something that's gonna annoy you

1219

00:53:25,990 --> 00:53:24,240

so we kind of like try to try to make

1220

00:53:28,470 --> 00:53:26,000

fun of it in a way but uh

1221

00:53:29,910 --> 00:53:28,480

yeah that's another that's another thing

1222

00:53:31,589 --> 00:53:29,920

but i can tell you in the uk though

1223

00:53:32,710 --> 00:53:31,599

things getting better so i'm in contact

1224

00:53:35,270 --> 00:53:32,720

with a uh

1225

00:53:36,549 --> 00:53:35,280

a really cool journalist um called henry

1226

00:53:39,030 --> 00:53:36,559

holloway from the sun

1227

00:53:39,910 --> 00:53:39,040

so the sun is like the biggest uh yeah

1228

00:53:41,670 --> 00:53:39,920

it's great he

1229

00:53:43,030 --> 00:53:41,680

is the the sun is like a tabloid but

1230

00:53:43,750 --> 00:53:43,040

it's like the biggest newspaper in the

1231

00:53:45,190 --> 00:53:43,760

uk

1232

00:53:47,589 --> 00:53:45,200

some people really hate it don't get me

1233

00:53:49,349 --> 00:53:47,599

wrong but it's a great newspaper and

1234

00:53:50,630 --> 00:53:49,359

i think it's it's got some really really

1235

00:53:53,109 --> 00:53:50,640

top journalists and

1236

00:53:54,390 --> 00:53:53,119

um henry is a senior foreign

1237

00:53:56,710 --> 00:53:54,400

correspondent

1238

00:53:58,150 --> 00:53:56,720

and um he's doing a really he's doing

1239

00:53:59,270 --> 00:53:58,160

some really good stuff he takes it

1240

00:54:01,109 --> 00:53:59,280

seriously

1241

00:54:02,710 --> 00:54:01,119

he doesn't want to get bogged down and

1242

00:54:04,390 --> 00:54:02,720

dog burn all the

1243

00:54:06,069 --> 00:54:04,400

conspiracy theories and stuff he just

1244

00:54:08,390 --> 00:54:06,079

wants the facts because

1245

00:54:09,910 --> 00:54:08,400

he realizes that it's a really important

1246

00:54:11,510 --> 00:54:09,920

issue and also it's going to be great

1247

00:54:13,430 --> 00:54:11,520

for his career too and i think

1248

00:54:16,150 --> 00:54:13,440

even tom rogan the other day was you

1249

00:54:17,670 --> 00:54:16,160

know praising henry's praises and

1250

00:54:19,270 --> 00:54:17,680

you know i'm really hoping that more

1251
00:54:21,589 --> 00:54:19,280
journalists um

1252
00:54:22,309 --> 00:54:21,599
take the opportunity to um to come out

1253
00:54:24,630 --> 00:54:22,319
because

1254
00:54:26,230 --> 00:54:24,640
i mean the way i see it is that this

1255
00:54:28,150 --> 00:54:26,240
issue i mean like

1256
00:54:30,390 --> 00:54:28,160
let's say like january 2020 how how many

1257
00:54:31,349 --> 00:54:30,400
people could have foreseen coveted being

1258
00:54:33,750 --> 00:54:31,359
the dominar

1259
00:54:34,790 --> 00:54:33,760
you know oh yeah dominant news story

1260
00:54:36,470 --> 00:54:34,800
completely and this is going to be the

1261
00:54:37,990 --> 00:54:36,480
dominant news story but it

1262
00:54:40,390 --> 00:54:38,000
really could you know if journalists can

1263
00:54:42,230 --> 00:54:40,400

get on top of it now and politicians can

1264

00:54:43,829 --> 00:54:42,240

get up on top of it now

1265

00:54:45,349 --> 00:54:43,839

it's gonna it's gonna be great for their

1266

00:54:47,349 --> 00:54:45,359

careers as well yeah

1267

00:54:48,950 --> 00:54:47,359

that's always the case for so many

1268

00:54:49,270 --> 00:54:48,960

different things and they don't never do

1269

00:54:51,670 --> 00:54:49,280

it

1270

00:54:52,549 --> 00:54:51,680

you know they're like what do i have to

1271

00:54:54,309 --> 00:54:52,559

deal with

1272

00:54:56,950 --> 00:54:54,319

it's right in front of my face that'll

1273

00:55:00,230 --> 00:54:56,960

take votes away from me if i don't

1274

00:55:03,510 --> 00:55:00,240

yeah you know i hope

1275

00:55:05,589 --> 00:55:03,520

uh that this gets there quick um

1276
00:55:07,109 --> 00:55:05,599
because i'm so tired of like the games

1277
00:55:09,510 --> 00:55:07,119
that they play dude just

1278
00:55:10,470 --> 00:55:09,520
tell us what you got like enough is

1279
00:55:13,589 --> 00:55:10,480
enough

1280
00:55:15,670 --> 00:55:13,599
you know so i gotta tell you something

1281
00:55:16,950 --> 00:55:15,680
and we're not ignorant to all the stuff

1282
00:55:19,829 --> 00:55:16,960
that happened in the past

1283
00:55:20,230 --> 00:55:19,839
there's so many documents and testimony

1284
00:55:22,230 --> 00:55:20,240
that

1285
00:55:23,349 --> 00:55:22,240
where it's the same freaking stuff as

1286
00:55:30,630 --> 00:55:23,359
now

1287
00:55:32,069 --> 00:55:30,640
i would say that a lot of people aren't

1288
00:55:33,670 --> 00:55:32,079

aren't ready you've kind of like you've

1289

00:55:35,270 --> 00:55:33,680

got to treat it like really really

1290

00:55:36,710 --> 00:55:35,280

subtly and gently if you bought it all

1291

00:55:38,069 --> 00:55:36,720

out at the same time no

1292

00:55:40,950 --> 00:55:38,079

i think some of your businesses freak

1293

00:55:41,910 --> 00:55:40,960

out then let them freak out don't move

1294

00:55:43,670 --> 00:55:41,920

on

1295

00:55:45,589 --> 00:55:43,680

you know you know my mom had a ufo

1296

00:55:47,510 --> 00:55:45,599

experience like when she was younger she

1297

00:55:49,829 --> 00:55:47,520

got chased like a triangle ufo

1298

00:55:53,910 --> 00:55:49,839

oh my god um it's quite weird because

1299

00:55:57,829 --> 00:55:56,069

i mean according to my my mom went

1300

00:55:59,990 --> 00:55:57,839

through some really weird stuff like

1301
00:56:01,030 --> 00:56:00,000
back in the day you know in the late 70s

1302
00:56:03,030 --> 00:56:01,040
early 80s and

1303
00:56:04,150 --> 00:56:03,040
she was chased by a ufo like with her

1304
00:56:05,910 --> 00:56:04,160
dog and

1305
00:56:07,990 --> 00:56:05,920
ever since she's had like really weird

1306
00:56:08,549 --> 00:56:08,000
experiences and weird dreams and stuff

1307
00:56:10,309 --> 00:56:08,559
and

1308
00:56:12,470 --> 00:56:10,319
in almost every one of those experiences

1309
00:56:15,270 --> 00:56:12,480
she sees her dog

1310
00:56:15,990 --> 00:56:15,280
dead and she never put the two and two

1311
00:56:18,549 --> 00:56:16,000
together before

1312
00:56:20,309 --> 00:56:18,559
that it all started after she saw the

1313
00:56:21,990 --> 00:56:20,319

ufo and apparently like according to my

1314

00:56:22,549 --> 00:56:22,000

mum it got reported in the knees at the

1315

00:56:24,630 --> 00:56:22,559

time and

1316

00:56:27,190 --> 00:56:24,640

um really it was practical yeah it was

1317

00:56:29,829 --> 00:56:27,200

tracked by um by heathrow apparently

1318

00:56:30,309 --> 00:56:29,839

um and everything this ufo object was

1319

00:56:32,549 --> 00:56:30,319

that

1320

00:56:34,150 --> 00:56:32,559

obviously like i can't remember i need

1321

00:56:37,109 --> 00:56:34,160

to ask i think it was like the later

1322

00:56:37,750 --> 00:56:37,119

find out the info yeah i should really

1323

00:56:40,150 --> 00:56:37,760

find out

1324

00:56:41,990 --> 00:56:40,160

and like around like a few years later

1325

00:56:43,190 --> 00:56:42,000

like my mom and dad they're watching tv

1326
00:56:46,549 --> 00:56:43,200
they're watching the local

1327
00:56:47,910 --> 00:56:46,559
television news network and itv and all

1328
00:56:51,109 --> 00:56:47,920
of a sudden

1329
00:56:52,950 --> 00:56:51,119
it gets hijacked from um from this voice

1330
00:56:55,109 --> 00:56:52,960
like the news reporter is like a

1331
00:56:56,069 --> 00:56:55,119
and now on to the weather will be and

1332
00:56:58,230 --> 00:56:56,079
then it

1333
00:57:00,150 --> 00:56:58,240
gently like fades out and it's like big

1334
00:57:00,950 --> 00:57:00,160
voice comes over saying that they're

1335
00:57:04,150 --> 00:57:00,960
from

1336
00:57:07,030 --> 00:57:04,160
um ashtar command we

1337
00:57:08,309 --> 00:57:07,040
are ashtar command it's like bloody hell

1338
00:57:10,470 --> 00:57:08,319

like what's this

1339

00:57:11,750 --> 00:57:10,480

and um it's really famous because like

1340

00:57:12,069 --> 00:57:11,760

no one could ever get to the bottom

1341

00:57:14,870 --> 00:57:12,079

where

1342

00:57:16,390 --> 00:57:14,880

this this came from who or who did it

1343

00:57:17,990 --> 00:57:16,400

and like they still can't explain it no

1344

00:57:21,829 --> 00:57:18,000

one's ever taken responsibility

1345

00:57:24,950 --> 00:57:21,839

where did they listen again the message

1346

00:57:25,430 --> 00:57:24,960

it came from a tv network okay yeah and

1347

00:57:27,190 --> 00:57:25,440

you can

1348

00:57:28,470 --> 00:57:27,200

i'll send you a link there's an

1349

00:57:31,670 --> 00:57:28,480

interesting

1350

00:57:33,829 --> 00:57:31,680

something like that um

1351

00:57:35,349 --> 00:57:33,839

uh here so it was a person who was

1352

00:57:38,870 --> 00:57:35,359

working on the atomic bomb

1353

00:57:40,150 --> 00:57:38,880

at um uh los alamos his name was dr leon

1354

00:57:43,829 --> 00:57:40,160

davidson

1355

00:57:46,470 --> 00:57:43,839

um there's some documents in black volt

1356

00:57:48,069 --> 00:57:46,480

and one person did a really crummy story

1357

00:57:51,430 --> 00:57:48,079

on it

1358

00:57:55,030 --> 00:57:51,440

and uh but i found more like on in

1359

00:57:57,430 --> 00:57:55,040

more documents and um it was very

1360

00:57:59,750 --> 00:57:57,440

interesting because

1361

00:58:00,950 --> 00:57:59,760

he had like a space tape or something

1362

00:58:04,230 --> 00:58:00,960

like a recording

1363

00:58:06,710 --> 00:58:04,240

allegedly um from someone spate

1364

00:58:07,990 --> 00:58:06,720

from space giving a message or you know

1365

00:58:12,549 --> 00:58:08,000

and he gave it to uh

1366

00:58:16,069 --> 00:58:12,559

attic um at uh wright patterson

1367

00:58:16,710 --> 00:58:16,079

to like check it out see if it's legit

1368

00:58:19,190 --> 00:58:16,720

what does it say

1369

00:58:20,470 --> 00:58:19,200

translate it and they kept like brushing

1370

00:58:21,430 --> 00:58:20,480

them off and they wouldn't give them the

1371

00:58:22,950 --> 00:58:21,440

tape back

1372

00:58:24,710 --> 00:58:22,960

and at first they said it was morris

1373

00:58:26,390 --> 00:58:24,720

code and

1374

00:58:27,910 --> 00:58:26,400

he was like that's not morse code you

1375

00:58:30,870 --> 00:58:27,920

know like

1376

00:58:32,950 --> 00:58:30,880

what does it say and then they said it

1377

00:58:35,349 --> 00:58:32,960

was actually from an american

1378

00:58:35,990 --> 00:58:35,359

uh it's just a general american radio

1379

00:58:38,870 --> 00:58:36,000

frequency

1380

00:58:39,910 --> 00:58:38,880

it was totally normal but they wouldn't

1381

00:58:42,150 --> 00:58:39,920

give him the tape

1382

00:58:43,510 --> 00:58:42,160

and they wouldn't even tell him like

1383

00:58:45,109 --> 00:58:43,520

okay then what

1384

00:58:47,670 --> 00:58:45,119

frequency who did it where did it come

1385

00:58:49,910 --> 00:58:47,680

from then they wouldn't tell him

1386

00:58:51,750 --> 00:58:49,920

and the documents say like yeah just so

1387

00:58:53,030 --> 00:58:51,760

you know this leon davidson's all over

1388

00:58:55,990 --> 00:58:53,040

our butts again

1389

00:58:56,870 --> 00:58:56,000

um you know just say this i do want to

1390

00:59:00,150 --> 00:58:56,880

keep him

1391

00:59:01,430 --> 00:59:00,160

like close to us or whatever though um

1392

00:59:03,510 --> 00:59:01,440

probably because he was working on the

1393

00:59:04,789 --> 00:59:03,520

atomic bomb i guess

1394

00:59:06,950 --> 00:59:04,799

but like that story i told you about

1395

00:59:09,829 --> 00:59:06,960

that was written before it like had

1396

00:59:10,549 --> 00:59:09,839

no idea who even leon davidson was like

1397

00:59:13,109 --> 00:59:10,559

that's a

1398

00:59:14,309 --> 00:59:13,119

that makes the story that much more of a

1399

00:59:24,309 --> 00:59:14,319

big deal

1400

00:59:28,710 --> 00:59:26,870

one of the best advocates out there

1401

00:59:30,549 --> 00:59:28,720

we're now a researcher who's finding

1402

00:59:39,750 --> 00:59:30,559

some really unique stuff like

1403

00:59:44,870 --> 00:59:43,670

my weakness uh i'm too open sometimes

1404

00:59:48,789 --> 00:59:44,880

too sherry

1405

00:59:50,710 --> 00:59:48,799

to so i allow myself to be

1406

00:59:52,069 --> 00:59:50,720

a little vulnerable sometimes i have

1407

00:59:54,950 --> 00:59:52,079

weakness of not

1408

00:59:56,069 --> 00:59:54,960

trusting myself for other people because

1409

00:59:59,270 --> 00:59:56,079

of all this

1410

01:00:01,109 --> 00:59:59,280

you know history and baggage

1411

01:00:03,030 --> 01:00:01,119

but i'm getting over that stuff for sure

1412

01:00:04,710 --> 01:00:03,040

patience

1413

01:00:06,069 --> 01:00:04,720

yeah i think that weaknesses are

1414

01:00:07,910 --> 01:00:06,079

actually unique strengths you know like

1415

01:00:09,670 --> 01:00:07,920

i've got like a condition called primary

1416

01:00:10,390 --> 01:00:09,680

reading epilepsy i'm always forgetting

1417

01:00:12,549 --> 01:00:10,400

words

1418

01:00:13,589 --> 01:00:12,559

i can only read for so long can i write

1419

01:00:15,589 --> 01:00:13,599

for so long

1420

01:00:17,349 --> 01:00:15,599

yeah but you know like how that has

1421

01:00:18,470 --> 01:00:17,359

become you know come some really really

1422

01:00:21,589 --> 01:00:18,480

unique stuff that

1423

01:00:22,630 --> 01:00:21,599

i think i'm quite good at so um i mean

1424

01:00:24,710 --> 01:00:22,640

i think you should embrace your

1425

01:00:26,950 --> 01:00:24,720

weaknesses and actually you know they

1426

01:00:29,190 --> 01:00:26,960

can be blessings in disguise of one

1427

01:00:30,150 --> 01:00:29,200

you know sometimes but i want to ask you

1428

01:00:34,390 --> 01:00:30,160

something like

1429

01:00:35,750 --> 01:00:34,400

okay so i i saw that lou mentioned

1430

01:00:39,190 --> 01:00:35,760

something the other day about

1431

01:00:41,109 --> 01:00:39,200

the top deck of a u.s naval ship having

1432

01:00:44,390 --> 01:00:41,119

to be evacuated

1433

01:00:45,030 --> 01:00:44,400

and um yeah the top deck everyone had to

1434

01:00:46,789 --> 01:00:45,040

get

1435

01:00:48,150 --> 01:00:46,799

out from the top deck and go below

1436

01:00:50,870 --> 01:00:48,160

because there was stuff in this

1437

01:00:52,549 --> 01:00:50,880

things in the sky um because of a uap

1438

01:00:53,589 --> 01:00:52,559

incident everyone had to evacuate the

1439

01:00:55,750 --> 01:00:53,599

top deck

1440

01:00:57,270 --> 01:00:55,760

and i'm i'm thinking to myself i'd be

1441

01:00:59,990 --> 01:00:57,280

myself you know

1442

01:01:01,750 --> 01:01:00,000

like you're you're serving on a you know

1443

01:01:03,670 --> 01:01:01,760

naval destroyer cruiser

1444

01:01:05,349 --> 01:01:03,680

then all of a sudden like comes these

1445

01:01:06,630 --> 01:01:05,359

weird objects in the sky you have no

1446

01:01:07,990 --> 01:01:06,640

idea what they are they're doing in the

1447

01:01:10,870 --> 01:01:08,000

news you don't know

1448

01:01:12,789 --> 01:01:10,880

you are there alone maybe you know your

1449

01:01:14,230 --> 01:01:12,799

anti-drone technology isn't working

1450

01:01:15,109 --> 01:01:14,240

you're seeing stuff in the radar doesn't

1451
01:01:18,549 --> 01:01:15,119
make sense

1452
01:01:19,829 --> 01:01:18,559
i'd be pretty scared yeah so what's the

1453
01:01:23,589 --> 01:01:19,839
question

1454
01:01:27,430 --> 01:01:23,599
so i'm thinking would i grab my pants

1455
01:01:29,670 --> 01:01:27,440
yes i would

1456
01:01:31,670 --> 01:01:29,680
i got this from my sunnyvale's birthday

1457
01:01:35,109 --> 01:01:31,680
that's a dinosaur

1458
01:01:36,549 --> 01:01:35,119
no no no no i'm thinking but

1459
01:01:38,069 --> 01:01:36,559
because you're like you were saying

1460
01:01:39,349 --> 01:01:38,079
about you know all the secrecy and stuff

1461
01:01:40,789 --> 01:01:39,359
like that you know they give them

1462
01:01:42,870 --> 01:01:40,799
this recording and they don't give it

1463
01:01:44,950 --> 01:01:42,880

back and all this stuff and it seems

1464

01:01:45,829 --> 01:01:44,960

like a overreaction but can you imagine

1465

01:01:48,549 --> 01:01:45,839

like

1466

01:01:50,710 --> 01:01:48,559

if the stories are true i mean timothy

1467

01:01:52,950 --> 01:01:50,720

good says this as well and that

1468

01:01:54,230 --> 01:01:52,960

you know like you're in the u.s military

1469

01:01:55,990 --> 01:01:54,240

whatever and all of a sudden you

1470

01:01:57,990 --> 01:01:56,000

discover this stuff that's coming from

1471

01:01:59,829 --> 01:01:58,000

you don't know where it's beyond any

1472

01:02:00,950 --> 01:01:59,839

capability you're discovering bodies

1473

01:02:02,230 --> 01:02:00,960

you're like what uh

1474

01:02:03,750 --> 01:02:02,240

yeah everybody you're the person you've

1475

01:02:04,549 --> 01:02:03,760

got to come home to your family every

1476

01:02:07,349 --> 01:02:04,559

day

1477

01:02:08,549 --> 01:02:07,359

being like yeah things are fine yeah you

1478

01:02:11,349 --> 01:02:08,559

would think they'd put that

1479

01:02:12,230 --> 01:02:11,359

like or like you they'd tell you when

1480

01:02:14,069 --> 01:02:12,240

you enlist

1481

01:02:16,069 --> 01:02:14,079

you know all right just so you know you

1482

01:02:18,630 --> 01:02:16,079

might see some aliens and stuff

1483

01:02:20,230 --> 01:02:18,640

are you ready for that you know because

1484

01:02:22,069 --> 01:02:20,240

because if i got in it and all of a

1485

01:02:23,270 --> 01:02:22,079

sudden i see this i'd be like whoa whoa

1486

01:02:27,190 --> 01:02:23,280

whoa whoa

1487

01:02:30,549 --> 01:02:29,349

where was this on the in the boot camp

1488

01:02:31,990 --> 01:02:30,559

training you know

1489

01:02:36,230 --> 01:02:32,000

you didn't have his jack and alien

1490

01:02:40,870 --> 01:02:38,870

i just i just can't imagine like coming

1491

01:02:44,390 --> 01:02:40,880

home every day it's like

1492

01:02:49,510 --> 01:02:44,400

oh hi yeah how was your day fine

1493

01:02:51,750 --> 01:02:49,520

same as yesterday going to sleep crying

1494

01:02:53,270 --> 01:02:51,760

oh my gosh because i think it was tom

1495

01:02:55,029 --> 01:02:53,280

delanchy was saying like when he learned

1496

01:02:56,549 --> 01:02:55,039

about this like he had a few sleepless

1497

01:02:58,630 --> 01:02:56,559

nights he just couldn't sleep

1498

01:02:59,670 --> 01:02:58,640

yeah disturbed him that much yeah that's

1499

01:03:14,710 --> 01:02:59,680

yeah right

1500

01:03:14,720 --> 01:03:18,309

you can

1501

01:03:25,589 --> 01:03:22,549

found this one was this from

1502

01:03:26,390 --> 01:03:25,599

uh this redlands case 1958 i don't i

1503

01:03:27,750 --> 01:03:26,400

don't know if it

1504

01:03:29,670 --> 01:03:27,760

they want i'm sure they wound up

1505

01:03:32,710 --> 01:03:29,680

debunking it but

1506

01:03:34,470 --> 01:03:32,720

um it's interesting found it in the

1507

01:03:37,829 --> 01:03:34,480

national archives

1508

01:03:42,230 --> 01:03:39,349

scott could probably tell me if it's

1509

01:03:44,309 --> 01:03:42,240

bullcrap or not

1510

01:03:46,710 --> 01:03:44,319

absolutely but i thought it was

1511

01:03:49,349 --> 01:03:46,720

interesting anyways

1512

01:03:51,029 --> 01:03:49,359

how you're getting some like uh

1513

01:03:54,309 --> 01:03:51,039

it'd be like a really cool piece of like

1514

01:03:57,510 --> 01:03:56,390

i can see that on my wall yeah even if

1515

01:03:59,030 --> 01:03:57,520

it was like just a

1516

01:04:01,750 --> 01:03:59,040

toad or something

1517

01:04:04,150 --> 01:04:01,760

[Laughter]

1518

01:04:04,870 --> 01:04:04,160

yeah they the national archives has some

1519

01:04:07,270 --> 01:04:04,880

stuff but

1520

01:04:08,789 --> 01:04:07,280

um lou is right it's it's really about

1521

01:04:13,270 --> 01:04:08,799

um

1522

01:04:15,829 --> 01:04:13,280

you have to know where you're looking

1523

01:04:17,750 --> 01:04:15,839

you have to know the acronym and the

1524

01:04:19,670 --> 01:04:17,760

place that the stuff is at

1525

01:04:21,190 --> 01:04:19,680

so when i started researching i put most

1526

01:04:24,470 --> 01:04:21,200

of my effort into

1527

01:04:26,230 --> 01:04:24,480

getting the right um

1528

01:04:27,670 --> 01:04:26,240

you know agencies and all that kind of

1529

01:04:30,150 --> 01:04:27,680

stuff to look into

1530

01:04:31,990 --> 01:04:30,160

you know so in like blue book and all

1531

01:04:32,470 --> 01:04:32,000

that grudge i start looking into that

1532

01:04:35,670 --> 01:04:32,480

and

1533

01:04:38,710 --> 01:04:35,680

i realize that attic

1534

01:04:40,309 --> 01:04:38,720

attic was actually um the department

1535

01:04:42,230 --> 01:04:40,319

behind all this stuff like

1536

01:04:44,549 --> 01:04:42,240

those are code names and projects were

1537

01:04:46,309 --> 01:04:44,559

in through the attic office

1538

01:04:47,829 --> 01:04:46,319

so if you're gonna go search for

1539

01:04:50,230 --> 01:04:47,839

something

1540

01:04:51,430 --> 01:04:50,240

you know it'll go a lot better if you

1541

01:04:53,589 --> 01:04:51,440

search attic

1542

01:04:54,470 --> 01:04:53,599

instead of individually grudging blue

1543

01:04:56,710 --> 01:04:54,480

book this that

1544

01:04:58,230 --> 01:04:56,720

and go over here you know attic's gonna

1545

01:05:01,670 --> 01:04:58,240

be tagged on all this stuff

1546

01:05:05,910 --> 01:05:01,680

and osi for that time frame you know

1547

01:05:08,789 --> 01:05:05,920

um so that's how i like figuring stuff

1548

01:05:10,549 --> 01:05:08,799

out you know that's

1549

01:05:12,549 --> 01:05:10,559

i don't know but i think it's just like

1550

01:05:14,789 --> 01:05:12,559

a fresh perspective sometimes

1551

01:05:17,109 --> 01:05:14,799

it kind of allows me to go in fresh

1552

01:05:18,870 --> 01:05:17,119

without any biases and just like

1553

01:05:21,349 --> 01:05:18,880

see if i can figure something out you

1554

01:05:23,430 --> 01:05:21,359

know you know and i just yeah

1555

01:05:25,430 --> 01:05:23,440

whatever tools i have used throughout my

1556

01:05:26,630 --> 01:05:25,440

whole life to do that kind of stuff you

1557

01:05:29,670 --> 01:05:26,640

know

1558

01:05:31,109 --> 01:05:29,680

um whether it be work or a manager or

1559

01:05:33,109 --> 01:05:31,119

whatever

1560

01:05:34,829 --> 01:05:33,119

and so far it's going pretty well but it

1561

01:05:37,750 --> 01:05:34,839

is definitely

1562

01:05:41,349 --> 01:05:37,760

um not straightforward

1563

01:05:44,470 --> 01:05:41,359

and there's stuff like i haven't even

1564

01:05:46,150 --> 01:05:44,480

started dabbling in uh going to foyer

1565

01:05:49,430 --> 01:05:46,160

reading rooms for

1566

01:05:52,710 --> 01:05:49,440

other branches of the military yet

1567

01:05:55,029 --> 01:05:52,720

so far they've been frustrating a lot

1568

01:05:58,630 --> 01:05:55,039

more so than the cias

1569

01:05:59,029 --> 01:05:58,640

but um i'll get there i'll figure it out

1570

01:06:25,430 --> 01:05:59,039

i

1571

01:06:26,309 --> 01:06:25,440

frame because that's what they'll call

1572

01:06:28,470 --> 01:06:26,319

them

1573

01:06:30,710 --> 01:06:28,480

yeah so you could find a lot of stuff by

1574

01:06:31,029 --> 01:06:30,720

searching flying disk or flying saucer

1575

01:06:34,390 --> 01:06:31,039

or

1576

01:06:37,510 --> 01:06:34,400

whatever but and i still

1577

01:06:39,190 --> 01:06:37,520

like i download this stuff and

1578

01:06:40,470 --> 01:06:39,200

i gotta make sure i go back and read

1579

01:06:41,910 --> 01:06:40,480

through them because like i'll see

1580

01:06:42,309 --> 01:06:41,920

something interesting at the time and

1581

01:06:45,270 --> 01:06:42,319

like

1582

01:06:46,549 --> 01:06:45,280

oh i'll save that and then you know i

1583

01:06:49,990 --> 01:06:46,559

got to get organized

1584

01:06:52,150 --> 01:06:50,000

but what about you you into researching

1585

01:06:54,230 --> 01:06:52,160

um i need to but i was going to say that

1586

01:06:56,710 --> 01:06:54,240

great graeme rendell's very very good

1587

01:07:02,549 --> 01:06:56,720

yeah researching yeah he's the master

1588

01:07:07,349 --> 01:07:04,950

you can do whatever you want if you put

1589

01:07:09,029 --> 01:07:07,359

enough time into it you know

1590

01:07:10,549 --> 01:07:09,039

no definitely i do want to authenticate

1591

01:07:13,829 --> 01:07:10,559

something i mean timothy good

1592

01:07:15,430 --> 01:07:13,839

claimed that um well his version of

1593

01:07:17,589 --> 01:07:15,440

events is that

1594

01:07:19,430 --> 01:07:17,599

at first like when the phenomenon

1595

01:07:22,470 --> 01:07:19,440

started appearing over the states

1596

01:07:24,069 --> 01:07:22,480

we started shooting at them um

1597

01:07:26,870 --> 01:07:24,079

trying to shoot these down and

1598

01:07:28,870 --> 01:07:26,880

apparently we stopped doing that because

1599

01:07:30,870 --> 01:07:28,880

there was massive retaliation

1600

01:07:32,390 --> 01:07:30,880

and according to timothy yeah according

1601

01:07:34,870 --> 01:07:32,400

to timothy good

1602

01:07:36,630 --> 01:07:34,880

if you look into it you will see that

1603

01:07:39,670 --> 01:07:36,640

there was an abnormal amount of

1604

01:07:40,630 --> 01:07:39,680

plane crashes um both civilian and

1605

01:07:44,069 --> 01:07:40,640

military

1606

01:07:46,230 --> 01:07:44,079

in the late 40s early 50s and he

1607

01:07:47,270 --> 01:07:46,240

timothy good claims that look like a lot

1608

01:07:50,069 --> 01:07:47,280

of these reasons

1609

01:07:50,710 --> 01:07:50,079

don't stack up as to why these like

1610

01:07:53,270 --> 01:07:50,720

aircraft

1611

01:07:54,150 --> 01:07:53,280

kept on crashing and his big claim is

1612

01:07:55,750 --> 01:07:54,160

that

1613

01:07:57,990 --> 01:07:55,760

it was actually the phenomenon causing

1614

01:08:00,069 --> 01:07:58,000

these crashes well

1615

01:08:01,430 --> 01:08:00,079

i thought that was pretty interesting to

1616

01:08:04,789 --> 01:08:01,440

authenticate that

1617

01:08:06,150 --> 01:08:04,799

i i've just ran across like a a good

1618

01:08:08,470 --> 01:08:06,160

amount of

1619

01:08:10,630 --> 01:08:08,480

again i forgot where it was but uh it

1620

01:08:11,430 --> 01:08:10,640

was i could find it again it was just a

1621

01:08:15,029 --> 01:08:11,440

lot of um

1622

01:08:17,189 --> 01:08:15,039

reports of um

1623

01:08:18,149 --> 01:08:17,199

crashes plane crashes in the sky and

1624

01:08:22,070 --> 01:08:18,159

people dying

1625

01:08:22,390 --> 01:08:22,080

in them military reports um but i didn't

1626

01:08:24,070 --> 01:08:22,400

look

1627

01:08:25,990 --> 01:08:24,080

far enough to see if there was like a

1628

01:08:27,510 --> 01:08:26,000

lot in one certain time frame or if it

1629

01:08:29,829 --> 01:08:27,520

was spread out or anything

1630

01:08:31,110 --> 01:08:29,839

i just saw like nothing that really

1631

01:08:33,030 --> 01:08:31,120

pointed to

1632

01:08:35,349 --> 01:08:33,040

ufo so i kind of just went through it

1633

01:08:37,749 --> 01:08:35,359

quick and moved on but

1634

01:08:40,229 --> 01:08:37,759

um i should go back and maybe see if

1635

01:08:43,829 --> 01:08:40,239

anything relates to any

1636

01:08:47,110 --> 01:08:43,839

exciting cases or testimony

1637

01:08:49,349 --> 01:08:47,120

who knows yeah absolutely it's something

1638

01:08:51,349 --> 01:08:49,359

to um to pick up and i think

1639

01:08:53,189 --> 01:08:51,359

part of it now in terms of what we're

1640

01:08:54,789 --> 01:08:53,199

doing is we get more information coming

1641

01:08:56,870 --> 01:08:54,799

out it's kind of looking at what

1642

01:08:59,349 --> 01:08:56,880

previous researchers have claimed

1643

01:09:02,309 --> 01:08:59,359

in research to see actually do the

1644

01:09:04,070 --> 01:09:02,319

pieces fit together from what they said

1645

01:09:05,430 --> 01:09:04,080

and can we do we now have enough

1646

01:09:07,110 --> 01:09:05,440

information to kind of like building

1647

01:09:08,149 --> 01:09:07,120

their theories of what they found out

1648

01:09:11,349 --> 01:09:08,159

beforehand

1649

01:09:11,990 --> 01:09:11,359

yeah well and we have to be uh careful

1650

01:09:14,390 --> 01:09:12,000

with that

1651
01:09:15,590 --> 01:09:14,400
and this is my theory the reason i found

1652
01:09:18,709 --> 01:09:15,600
the attic thing

1653
01:09:20,229 --> 01:09:18,719
you know if i just listen to other

1654
01:09:20,630 --> 01:09:20,239
people's research i wouldn't have known

1655
01:09:22,950 --> 01:09:20,640
that

1656
01:09:24,390 --> 01:09:22,960
and it's because like they have these

1657
01:09:26,550 --> 01:09:24,400
code names then people will just

1658
01:09:27,189 --> 01:09:26,560
remember these code names as time moves

1659
01:09:29,110 --> 01:09:27,199
on

1660
01:09:31,030 --> 01:09:29,120
they think back and say oh grudge blue

1661
01:09:32,630 --> 01:09:31,040
book and they never go back again to say

1662
01:09:35,990 --> 01:09:32,640
did we miss anything here

1663
01:09:37,349 --> 01:09:36,000

yes you did it's attic ran all these

1664

01:09:39,510 --> 01:09:37,359

you know you might have known they

1665

01:09:42,789 --> 01:09:39,520

existed but not to what extent

1666

01:09:44,789 --> 01:09:42,799

um so

1667

01:09:46,789 --> 01:09:44,799

but generally speaking yes but i think

1668

01:09:47,990 --> 01:09:46,799

it's also smart to do your double checks

1669

01:09:51,430 --> 01:09:48,000

your own double checks

1670

01:09:54,470 --> 01:09:51,440

at least on the area of interest for you

1671

01:09:56,310 --> 01:09:54,480

you know um just because it gives you

1672

01:09:59,430 --> 01:09:56,320

confidence to go deeper i guess

1673

01:10:00,390 --> 01:09:59,440

i don't know yeah i definitely i want to

1674

01:10:02,550 --> 01:10:00,400

find more information

1675

01:10:03,510 --> 01:10:02,560

as well about you remember watching the

1676

01:10:06,470 --> 01:10:03,520

phenomena where

1677

01:10:07,110 --> 01:10:06,480

jack valet says that document changed my

1678

01:10:09,030 --> 01:10:07,120

life i'm

1679

01:10:10,149 --> 01:10:09,040

sorry that's the worst french accent

1680

01:10:13,270 --> 01:10:10,159

ever

1681

01:10:24,790 --> 01:10:13,280

um no he said that documentary check is

1682

01:10:31,350 --> 01:10:29,830

uh rocky or something

1683

01:10:33,110 --> 01:10:31,360

what do you like to do is like i like

1684

01:10:34,149 --> 01:10:33,120

speaking french in like a northern irish

1685

01:10:37,430 --> 01:10:34,159

accent

1686

01:10:38,310 --> 01:10:37,440

mudra linder like really like heavy

1687

01:10:39,669 --> 01:10:38,320

accent

1688

01:10:41,669 --> 01:10:39,679

you know can you imagine like can you

1689

01:10:44,149 --> 01:10:41,679

imagine like andy speaking french for

1690

01:10:47,270 --> 01:10:44,159

instance heavy scottish accent

1691

01:10:51,030 --> 01:10:47,280

a russian spanish yeah

1692

01:10:55,750 --> 01:10:53,430

i'm gonna put that like if andy is brave

1693

01:10:57,350 --> 01:10:55,760

enough to have you on his show one day

1694

01:10:58,709 --> 01:10:57,360

i'm just going to put that to the test

1695

01:11:03,910 --> 01:10:58,719

you know to see what he sounds like in

1696

01:11:08,149 --> 01:11:05,590

i'm not fluent in any i know a bit of

1697

01:11:10,870 --> 01:11:08,159

german i know a bit of um

1698

01:11:11,750 --> 01:11:10,880

french spanish but not not fluent

1699

01:11:13,750 --> 01:11:11,760

definitely not

1700

01:11:15,910 --> 01:11:13,760

i can't even speak my wife's language

1701

01:11:17,910 --> 01:11:15,920

which is tagalog so

1702

01:11:21,270 --> 01:11:17,920

um and they all like to laugh at me when

1703

01:11:24,070 --> 01:11:21,280

i try and fall down flat my face

1704

01:11:25,510 --> 01:11:24,080

already then i just think it's fun this

1705

01:11:25,990 --> 01:11:25,520

thing is funny they just think it's

1706

01:11:28,630 --> 01:11:26,000

funny

1707

01:11:30,870 --> 01:11:28,640

i always got a southern accent that i do

1708

01:11:33,669 --> 01:11:30,880

like southern america

1709

01:11:34,709 --> 01:11:33,679

so i'd be like hey kristoff all the way

1710

01:11:36,470 --> 01:11:34,719

from the uk

1711

01:11:37,750 --> 01:11:36,480

how the hell are you doing cheese and

1712

01:11:39,189 --> 01:11:37,760

bear woo hoo

1713

01:11:40,620 --> 01:11:39,199

you see those meow balls up there

1714

01:11:44,310 --> 01:11:40,630

doesn't bad boys

1715

01:11:46,709 --> 01:11:44,320

[Laughter]

1716

01:11:47,510 --> 01:11:46,719

i learned that from uh having to watch

1717

01:11:49,750 --> 01:11:47,520

uh

1718

01:11:51,510 --> 01:11:49,760

like forensic files and old murder shows

1719

01:11:52,950 --> 01:11:51,520

because my wife loves it so much and i

1720

01:11:55,030 --> 01:11:52,960

feel like every

1721

01:11:57,310 --> 01:11:55,040

witness in there is like i don't know i

1722

01:12:02,950 --> 01:11:57,320

went to the bathroom and she was dead

1723

01:12:07,590 --> 01:12:05,750

to my friend my friend sarah she's the

1724

01:12:08,310 --> 01:12:07,600

nicest person you could ever meet in the

1725

01:12:10,790 --> 01:12:08,320

world

1726

01:12:12,149 --> 01:12:10,800

and she wouldn't even like her aunts but

1727

01:12:14,870 --> 01:12:12,159

the thing is like

1728

01:12:16,310 --> 01:12:14,880

she's so nice that when she's speaking

1729

01:12:17,350 --> 01:12:16,320

to someone even if they're like from

1730

01:12:18,950 --> 01:12:17,360

another country or not

1731

01:12:21,669 --> 01:12:18,960

she she doesn't mean to do it but she

1732

01:12:24,870 --> 01:12:21,679

mimics our accent when she's dead

1733

01:12:27,910 --> 01:12:24,880

yeah that's weird yeah

1734

01:12:28,550 --> 01:12:27,920

like for my for my uh job or whatever

1735

01:12:32,550 --> 01:12:28,560

like i

1736

01:12:37,590 --> 01:12:32,560

i call texas sometimes and i totally

1737

01:12:41,430 --> 01:12:37,600

want to so bad hello hey this is sean

1738

01:12:48,390 --> 01:12:44,790

i don't want to but you know um

1739

01:12:49,990 --> 01:12:48,400

i can't yeah i can't do it all right uh

1740

01:12:51,990 --> 01:12:50,000

you want to talk about anything else

1741

01:12:52,950 --> 01:12:52,000

here before we no i was just going to

1742

01:12:54,790 --> 01:12:52,960

say that that

1743

01:12:57,130 --> 01:12:54,800

jacques ballet document when he said

1744

01:12:59,590 --> 01:12:57,140

that document changed my laugh

1745

01:13:02,709 --> 01:12:59,600

[Laughter]

1746

01:13:05,110 --> 01:13:02,719

document changed my life for his gump

1747

01:13:08,470 --> 01:13:05,120

that's what you sounded like

1748

01:13:09,990 --> 01:13:08,480

i'm just kidding but um

1749

01:13:11,910 --> 01:13:10,000

i wonder like i want to look more into

1750

01:13:13,189 --> 01:13:11,920

that because he was claiming that

1751

01:13:14,790 --> 01:13:13,199

actually he found

1752

01:13:16,550 --> 01:13:14,800

evidence in terms of document that

1753

01:13:18,950 --> 01:13:16,560

parallel investigation was

1754

01:13:20,870 --> 01:13:18,960

happening at the same time as project

1755

01:13:21,910 --> 01:13:20,880

blue book and it was much much better

1756

01:13:24,149 --> 01:13:21,920

funded

1757

01:13:25,750 --> 01:13:24,159

and it like patel or someone like that

1758

01:13:28,790 --> 01:13:25,760

was involved as well

1759

01:13:30,630 --> 01:13:28,800

um yeah patel was there

1760

01:13:32,630 --> 01:13:30,640

is patel and this would be the attic

1761

01:13:36,470 --> 01:13:32,640

route an ftd

1762

01:13:39,270 --> 01:13:36,480

uh foreign trade um division

1763

01:13:40,950 --> 01:13:39,280

or no foreign technology division in the

1764

01:13:45,110 --> 01:13:40,960

60s

1765

01:13:49,750 --> 01:13:45,120

that's who did all that

1766

01:13:53,510 --> 01:13:49,760

so atec and then it changed to ftd

1767

01:13:56,149 --> 01:13:53,520

foreign uh technology division and then

1768

01:13:57,910 --> 01:13:56,159

eventually it changed into there's an

1769

01:14:01,430 --> 01:13:57,920

aerial phenomenon office

1770

01:14:02,390 --> 01:14:01,440

it changed too yeah i didn't know about

1771

01:14:05,510 --> 01:14:02,400

that one

1772

01:14:07,350 --> 01:14:05,520

uh air intelligence agency was another

1773

01:14:11,030 --> 01:14:07,360

one

1774

01:14:14,550 --> 01:14:11,040

um and eventually it all led back to uh

1775

01:14:15,350 --> 01:14:14,560

national air space intelligence center

1776

01:14:17,030 --> 01:14:15,360

or something

1777

01:14:20,070 --> 01:14:17,040

but all these places have always been at

1778

01:14:22,950 --> 01:14:20,080

right patterson too which is interesting

1779

01:14:24,390 --> 01:14:22,960

wow that's incredible there's there's

1780

01:14:25,669 --> 01:14:24,400

definitely stuff happening behind the

1781

01:14:27,270 --> 01:14:25,679

scenes and i'll finish off by this

1782

01:14:29,189 --> 01:14:27,280

there's an article that you can read

1783

01:14:30,630 --> 01:14:29,199

and i'll show you it it's um i think it

1784

01:14:33,430 --> 01:14:30,640

was the national recon's

1785

01:14:35,350 --> 01:14:33,440

office and it was like a few years ago

1786

01:14:36,870 --> 01:14:35,360

and

1787

01:14:38,390 --> 01:14:36,880

i don't know why a bigger deal wasn't

1788

01:14:41,030 --> 01:14:38,400

made about it but um

1789

01:14:43,270 --> 01:14:41,040

they just happened to have two spare

1790

01:14:45,750 --> 01:14:43,280

telescopes that they could give to nasa

1791

01:14:47,910 --> 01:14:45,760

um and like both the telescopes were

1792

01:14:49,110 --> 01:14:47,920

just as good if not better i think than

1793

01:14:50,790 --> 01:14:49,120

hubble

1794

01:14:51,990 --> 01:14:50,800

just lying around they're like yeah we

1795

01:14:52,709 --> 01:14:52,000

just had these we don't need them

1796

01:14:55,350 --> 01:14:52,719

anymore

1797

01:14:56,149 --> 01:14:55,360

massey you could have it it's like okay

1798

01:14:58,550 --> 01:14:56,159

so if

1799

01:15:00,149 --> 01:14:58,560

if they don't even need those goats what

1800

01:15:03,430 --> 01:15:00,159

what do they use

1801

01:15:07,189 --> 01:15:03,440

nro reminds me of this group that i

1802

01:15:10,229 --> 01:15:07,199

found um from the 50s or 1947 it started

1803

01:15:14,709 --> 01:15:10,239

called the watch committee

1804

01:15:16,950 --> 01:15:14,719

um who was basically their task was to

1805

01:15:18,470 --> 01:15:16,960

be the first informed of like a imminent

1806

01:15:20,470 --> 01:15:18,480

attack

1807

01:15:23,350 --> 01:15:20,480

and it was the head of like each agency

1808

01:15:26,790 --> 01:15:23,360

uh like of each intelligence agency

1809

01:15:30,310 --> 01:15:26,800

for the air force army cia fbi

1810

01:15:31,110 --> 01:15:30,320

everything and they would meet and they

1811

01:15:32,870 --> 01:15:31,120

were also

1812

01:15:36,550 --> 01:15:32,880

the watch committee was mentioned in the

1813

01:15:40,229 --> 01:15:36,560

uh wilson davis documents

1814

01:15:42,870 --> 01:15:40,239

or the gatekeeper watch committee um

1815

01:15:43,590 --> 01:15:42,880

but no one knows who they are and i

1816

01:15:46,229 --> 01:15:43,600

looked

1817

01:15:48,550 --> 01:15:46,239

it up and sure there was a watch

1818

01:15:50,390 --> 01:15:48,560

committee

1819

01:15:51,590 --> 01:15:50,400

i can't prove that they have anything to

1820

01:15:54,470 --> 01:15:51,600

do with that stuff but

1821

01:15:55,669 --> 01:15:54,480

i have plenty of papers talking about

1822

01:15:59,430 --> 01:15:55,679

the watch committee

1823

01:16:02,070 --> 01:15:59,440

you know um

1824

01:16:02,709 --> 01:16:02,080

it's just interesting yeah no one's

1825

01:16:04,229 --> 01:16:02,719

really

1826

01:16:07,830 --> 01:16:04,239

and i didn't have to do anything special

1827

01:16:11,669 --> 01:16:07,840

i just i literally went to cia but

1828

01:16:13,990 --> 01:16:11,679

watch committee enter

1829

01:16:15,750 --> 01:16:14,000

boom you should write something up about

1830

01:16:17,270 --> 01:16:15,760

it why not why not write an article and

1831

01:16:19,830 --> 01:16:17,280

send it to the debrief

1832

01:16:21,030 --> 01:16:19,840

i'm not like an article writer oh you

1833

01:16:22,550 --> 01:16:21,040

can do that definitely

1834

01:16:24,630 --> 01:16:22,560

definitely we'll just give the

1835

01:16:25,350 --> 01:16:24,640

information to tim tim macmillan just

1836

01:16:27,189 --> 01:16:25,360

say look

1837

01:16:30,070 --> 01:16:27,199

or mj just saying i've got a really good

1838

01:16:34,390 --> 01:16:32,790

get back to me um i tried to get in

1839

01:16:36,229 --> 01:16:34,400

touch with greenwald about

1840

01:16:38,550 --> 01:16:36,239

some documents i found and maybe some

1841

01:16:41,430 --> 01:16:38,560

guidance doesn't get back to me

1842

01:16:42,870 --> 01:16:41,440

uh he never gets back to me so i don't

1843

01:16:45,030 --> 01:16:42,880

know

1844

01:16:46,149 --> 01:16:45,040

not a big deal people don't watch the

1845

01:16:47,590 --> 01:16:46,159

news

1846

01:16:49,430 --> 01:16:47,600

well i'll tell you what like you know

1847

01:16:51,110 --> 01:16:49,440

like i'll get in touch with like the uap

1848

01:16:52,550 --> 01:16:51,120

media guys maybe we can publish

1849

01:16:53,430 --> 01:16:52,560

something on our site or something like

1850

01:16:55,510 --> 01:16:53,440

that you know

1851

01:16:57,430 --> 01:16:55,520

yeah i attract a bit to the us i don't

1852

01:16:58,630 --> 01:16:57,440

know i'm speaking on behalf of someone

1853

01:16:58,950 --> 01:16:58,640

that i don't have permission to yeah

1854

01:17:02,870 --> 01:16:58,960

yeah

1855

01:17:04,790 --> 01:17:02,880

i will do whatever i can to help you um

1856

01:17:06,790 --> 01:17:04,800

yeah and we'll we'll get there you know

1857

01:17:09,110 --> 01:17:06,800

so yeah keep in touch

1858

01:17:09,830 --> 01:17:09,120

um if they had anything to do with

1859

01:17:12,630 --> 01:17:09,840

spaceships

1860

01:17:13,430 --> 01:17:12,640

i would but i don't you know it's just

1861

01:17:15,510 --> 01:17:13,440

they exist

1862

01:17:17,270 --> 01:17:15,520

and they're in these nodes too well we

1863

01:17:18,149 --> 01:17:17,280

came closest the brits did like there

1864

01:17:20,229 --> 01:17:18,159

was that guy

1865

01:17:21,430 --> 01:17:20,239

um is it mckenna i can't remember his

1866

01:17:22,229 --> 01:17:21,440

name now he was like did you hear the

1867

01:17:25,270 --> 01:17:22,239

case of like

1868

01:17:28,149 --> 01:17:25,280

he was like a uk computer hacker and

1869

01:17:29,110 --> 01:17:28,159

um he was like high on drugs something

1870

01:17:30,870 --> 01:17:29,120

one day

1871

01:17:32,709 --> 01:17:30,880

and it was like back in the early

1872

01:17:33,910 --> 01:17:32,719

naughties and he decided to hack into

1873

01:17:37,189 --> 01:17:33,920

the pension

1874

01:17:39,350 --> 01:17:37,199

um and nasa and like on her computers

1875

01:17:40,550 --> 01:17:39,360

and like he claimed that he saw like an

1876

01:17:43,669 --> 01:17:40,560

excel spreadsheet

1877

01:17:46,870 --> 01:17:43,679

showing non-terrestrial

1878

01:17:49,510 --> 01:17:46,880

um and he also found

1879

01:17:50,390 --> 01:17:49,520

some like images of like spacecraft he's

1880

01:17:53,750 --> 01:17:50,400

claiming

1881

01:17:55,590 --> 01:17:53,760

um when he was on there

1882

01:17:56,790 --> 01:17:55,600

yeah no but it got really serious

1883

01:17:59,910 --> 01:17:56,800

because he actually did

1884

01:18:02,070 --> 01:17:59,920

um he hacked into it and um there was a

1885

01:18:02,470 --> 01:18:02,080

really big case here and theresa may our

1886

01:18:03,910 --> 01:18:02,480

former

1887

01:18:06,070 --> 01:18:03,920

prime minister had to get involved when

1888

01:18:07,830 --> 01:18:06,080

she was home office minister

1889

01:18:09,830 --> 01:18:07,840

um because the americans wanted to

1890

01:18:10,870 --> 01:18:09,840

extract him and like put him away in

1891

01:18:12,470 --> 01:18:10,880

prison for life

1892

01:18:14,550 --> 01:18:12,480

right but eventually like theresa may

1893

01:18:15,669 --> 01:18:14,560

and barack obama came up with solutions

1894

01:18:16,950 --> 01:18:15,679

saying that

1895

01:18:18,229 --> 01:18:16,960

we're not going to put you in jail we're

1896

01:18:19,430 --> 01:18:18,239

not going to strike you to the us but it

1897

01:18:20,310 --> 01:18:19,440

was like a really big thing at the time

1898

01:18:21,830 --> 01:18:20,320

that guy

1899

01:18:23,669 --> 01:18:21,840

like was on the brink of being like sent

1900

01:18:25,350 --> 01:18:23,679

to the u.s like hacking into nasa

1901

01:18:27,110 --> 01:18:25,360

there's some you know there's all this

1902

01:18:28,310 --> 01:18:27,120

stuff happening in the background all

1903

01:18:31,350 --> 01:18:28,320

the time you know

1904

01:18:33,510 --> 01:18:31,360

uh like you say it was a story at the

1905

01:18:36,310 --> 01:18:33,520

time i know but like at this point

1906

01:18:37,430 --> 01:18:36,320

it's not right but that still happened

1907

01:18:39,990 --> 01:18:37,440

that's not taken

1908

01:18:40,790 --> 01:18:40,000

into account really anymore because

1909

01:18:44,229 --> 01:18:40,800

there's so much

1910

01:18:47,830 --> 01:18:44,239

like um a good um

1911

01:18:50,709 --> 01:18:47,840

example is not too long ago i

1912

01:18:51,990 --> 01:18:50,719

found that somebody at wright patterson

1913

01:18:55,030 --> 01:18:52,000

air force base

1914

01:18:57,270 --> 01:18:55,040

in the electro optical um

1915

01:18:59,669 --> 01:18:57,280

like department or whatever he was like

1916

01:19:05,350 --> 01:18:59,679

the head of that that was his big thing

1917

01:19:08,310 --> 01:19:05,360

stole 2500 top secret documents

1918

01:19:09,350 --> 01:19:08,320

and they busted him with them at his

1919

01:19:11,350 --> 01:19:09,360

house

1920

01:19:13,510 --> 01:19:11,360

and he just like pled guilty yesterday

1921

01:19:16,630 --> 01:19:13,520

or a couple weeks ago rather

1922

01:19:18,310 --> 01:19:16,640

yeah um and they pretended

1923

01:19:20,830 --> 01:19:18,320

when they went to his house they

1924

01:19:24,550 --> 01:19:20,840

pretended it was to bust him for a pot

1925

01:19:28,229 --> 01:19:24,560

farm of course there's no platform

1926

01:19:29,750 --> 01:19:28,239

gosh that's incredible bloody hell

1927

01:19:31,350 --> 01:19:29,760

yeah i wonder if he was like a chinese

1928

01:19:33,910 --> 01:19:31,360

spy or something

1929

01:19:36,149 --> 01:19:33,920

uh he went to like the wright patterson

1930

01:19:38,550 --> 01:19:36,159

like typical school or whatever

1931

01:19:39,590 --> 01:19:38,560

college that's over there in ohio and

1932

01:19:41,669 --> 01:19:39,600

all that

1933

01:19:43,189 --> 01:19:41,679

so i don't know but that was i thought

1934

01:19:45,189 --> 01:19:43,199

that was interesting and i tried telling

1935

01:19:48,950 --> 01:19:45,199

so many people about it because

1936

01:19:50,950 --> 01:19:48,960

it's he stole it out of like

1937

01:19:52,550 --> 01:19:50,960

the department that this kind of

1938

01:19:55,030 --> 01:19:52,560

information would be in the

1939

01:19:56,550 --> 01:19:55,040

technology science stuff and maybe he

1940

01:19:58,390 --> 01:19:56,560

didn't take that but

1941

01:19:59,910 --> 01:19:58,400

even if a few things in there

1942

01:20:03,030 --> 01:19:59,920

accidentally you know

1943

01:20:04,149 --> 01:20:03,040

yeah who knows can you not like can you

1944

01:20:06,070 --> 01:20:04,159

not like start a blog

1945

01:20:07,350 --> 01:20:06,080

or something like that and just like you

1946

01:20:09,030 --> 01:20:07,360

you know like um

1947

01:20:10,629 --> 01:20:09,040

danny silva has one for instance you

1948

01:20:11,669 --> 01:20:10,639

just keep it yeah don't write too much

1949

01:20:13,910 --> 01:20:11,679

just like

1950

01:20:15,030 --> 01:20:13,920

yeah let the information just speak for

1951

01:20:16,629 --> 01:20:15,040

itself i think you're coming up with

1952

01:20:18,790 --> 01:20:16,639

some really tough stuff here

1953

01:20:19,669 --> 01:20:18,800

yeah i tried to talk about it on my on

1954

01:20:23,110 --> 01:20:19,679

my videos

1955

01:20:24,950 --> 01:20:23,120

but you know i think when you're talking

1956

01:20:26,629 --> 01:20:24,960

about documentation and stuff

1957

01:20:28,709 --> 01:20:26,639

it helps like if you can just put up on

1958

01:20:30,790 --> 01:20:28,719

a website then people can have a look

1959

01:20:32,470 --> 01:20:30,800

for themselves it's like and what you

1960

01:20:33,910 --> 01:20:32,480

can do is you can have it like a website

1961

01:20:35,030 --> 01:20:33,920

and also you can have an accompanying

1962

01:20:36,629 --> 01:20:35,040

video as well

1963

01:20:38,950 --> 01:20:36,639

kind of like narrating what's actually

1964

01:20:41,990 --> 01:20:38,960

happened so you can choose to read it

1965

01:20:43,910 --> 01:20:42,000

or you can choose to like um like watch

1966

01:20:45,750 --> 01:20:43,920

like a narration through video as well

1967

01:20:46,229 --> 01:20:45,760

so you can have like i think that really

1968

01:20:47,830 --> 01:20:46,239

helps and

1969

01:20:50,390 --> 01:20:47,840

you can have like the links on there

1970

01:20:51,990 --> 01:20:50,400

that you can click on uh the big

1971

01:20:53,270 --> 01:20:52,000

images as well so i think that would be

1972

01:20:53,910 --> 01:20:53,280

really cool i'd like that i'd be a big

1973

01:20:56,070 --> 01:20:53,920

fan yeah

1974

01:20:57,669 --> 01:20:56,080

that'd be cool well just for you i'll

1975

01:20:58,240 --> 01:20:57,679

think about it

1976

01:21:04,470 --> 01:20:58,250

thank you

1977

01:21:08,149 --> 01:21:06,390

i will write something for your blog

1978

01:21:09,510 --> 01:21:08,159

when i as you know

1979

01:21:11,590 --> 01:21:09,520

stuff's happening with my work at the

1980

01:21:12,790 --> 01:21:11,600

moment but when my notice period is up

1981

01:21:15,030 --> 01:21:12,800

when i quit for good

1982

01:21:16,550 --> 01:21:15,040

um i'll have more time and i really want

1983

01:21:17,270 --> 01:21:16,560

to write i mean writing is what i do for

1984

01:21:19,590 --> 01:21:17,280

a living

1985

01:21:21,110 --> 01:21:19,600

for a career um as well as lobbying and

1986

01:21:22,629 --> 01:21:21,120

stuff like that so i'd love to get more

1987

01:21:24,390 --> 01:21:22,639

time to do that i am going to make more

1988

01:21:31,430 --> 01:21:24,400

time to do that soon as well

1989

01:21:36,709 --> 01:21:34,629

but yeah yeah let me get one more

1990

01:21:39,990 --> 01:21:36,719

message across i really want the yanks

1991

01:21:42,070 --> 01:21:40,000

you guys you the americans look at that

1992

01:21:43,910 --> 01:21:42,080

i want you guys i want you guys to

1993

01:21:46,310 --> 01:21:43,920

really help her up in the uk now

1994

01:21:46,950 --> 01:21:46,320

as well like um yeah i think like we're

1995

01:21:49,189 --> 01:21:46,960

coming up

1996

01:21:50,229 --> 01:21:49,199

we're like a really really pivotal time

1997

01:21:53,110 --> 01:21:50,239

right now so

1998

01:21:54,470 --> 01:21:53,120

i'd love nothing more than like you know

1999

01:21:56,870 --> 01:21:54,480

a sean

2000

01:21:57,669 --> 01:21:56,880

voice call for one of our mps saying

2001

01:21:59,430 --> 01:21:57,679

look

2002

01:22:01,430 --> 01:21:59,440

transparency in the government arsenal

2003

01:22:02,709 --> 01:22:01,440

us doing it what about the uk what's

2004

01:22:04,870 --> 01:22:02,719

going on with you guys

2005

01:22:07,030 --> 01:22:04,880

be great we need like to really push mps

2006

01:22:08,149 --> 01:22:07,040

here so i mean if any of the american

2007

01:22:09,750 --> 01:22:08,159

guys can like

2008

01:22:11,270 --> 01:22:09,760

even just get in touch with rmp's as

2009

01:22:12,390 --> 01:22:11,280

well just being like

2010

01:22:14,629 --> 01:22:12,400

you know the stuff's coming out in the

2011

01:22:15,750 --> 01:22:14,639

us already here for our british allies

2012

01:22:16,790 --> 01:22:15,760

just something like that you know even

2013

01:22:17,750 --> 01:22:16,800

though they're not from this country

2014

01:22:21,350 --> 01:22:17,760

will make a difference

2015

01:22:23,830 --> 01:22:21,360

what i was thinking too is having um

2016

01:22:25,990 --> 01:22:23,840

a week on the show too where it's all

2017

01:22:29,910 --> 01:22:26,000

like

2018

01:22:33,110 --> 01:22:29,920

all you guys all europe all uap media

2019

01:22:34,310 --> 01:22:33,120

you know um and i highlight that kind of

2020

01:22:36,149 --> 01:22:34,320

stuff

2021

01:22:37,590 --> 01:22:36,159

that you're talking about right now you

2022

01:22:40,550 --> 01:22:37,600

know absolutely

2023

01:22:43,350 --> 01:22:40,560

this is what we can talk about and yeah

2024

01:22:45,270 --> 01:22:43,360

and you can come back and

2025

01:22:47,350 --> 01:22:45,280

all week it would be the highlight you

2026

01:22:49,910 --> 01:22:47,360

know or whatever

2027

01:22:51,350 --> 01:22:49,920

and just talk about you know how it's

2028

01:22:53,669 --> 01:22:51,360

going over there and

2029

01:22:55,910 --> 01:22:53,679

what's needed and what we'll do yeah

2030

01:22:58,310 --> 01:22:55,920

what people can do to help

2031

01:22:59,910 --> 01:22:58,320

oh that'll be fantastic thank you yeah

2032

01:23:01,590 --> 01:22:59,920

try to get akam on here as well like

2033

01:23:03,590 --> 01:23:01,600

akam is so shy

2034

01:23:05,669 --> 01:23:03,600

i mean the guy is brilliant like he

2035

01:23:08,709 --> 01:23:05,679

should appear on like videos and stuff

2036

01:23:11,940 --> 01:23:08,719

yeah okay well tell him to come on

2037

01:23:13,430 --> 01:23:11,950

oh well you go play

2038

01:23:14,790 --> 01:23:13,440

[Laughter]

2039

01:23:16,149 --> 01:23:14,800

thank you very much i'm gonna play with

2040

01:23:17,189 --> 01:23:16,159

my son he's right here i'm gonna play

2041

01:23:19,990 --> 01:23:17,199

the drums with him

2042

01:23:21,590 --> 01:23:20,000

oh fun awesome all right take care my

2043

01:23:22,229 --> 01:23:21,600

friends take care brother awesome to see

2044

01:23:25,590 --> 01:23:22,239

you we'll see you

2045

01:23:30,229 --> 01:23:29,110

all right that was fun sorry about the

2046

01:23:32,470 --> 01:23:30,239

audio stuff

2047

01:23:34,229 --> 01:23:32,480

i still can't hear myself so i have no

2048

01:23:36,629 --> 01:23:34,239

idea how it sounds

2049

01:23:39,590 --> 01:23:36,639

i'll probably go back and listen and be

2050

01:23:40,790 --> 01:23:39,600

very frustrated

2051

01:23:44,070 --> 01:23:40,800

because i thought it was a great

2052

01:23:46,149 --> 01:23:44,080

conversation um

2053

01:23:48,149 --> 01:23:46,159

but yeah i'll figure that out make sure

2054

01:23:51,430 --> 01:23:48,159

i get that fixed

2055

01:23:53,030 --> 01:23:51,440

it seems to happen whenever i

2056

01:23:54,790 --> 01:23:53,040

like make music on my computer and

2057

01:23:56,149 --> 01:23:54,800

record music and then go back and do

2058

01:23:59,669 --> 01:23:56,159

this something's wacky

2059

01:24:02,709 --> 01:23:59,679

so i gotta figure that out

2060

01:24:05,510 --> 01:24:02,719

but um stay tuned next week we have

2061

01:24:06,390 --> 01:24:05,520

an amazing week next week is going to be

2062

01:24:09,430 --> 01:24:06,400

the biggest week

2063

01:24:12,550 --> 01:24:09,440

of this show's

2064

01:24:15,270 --> 01:24:12,560

super long three-month history

2065

01:24:17,030 --> 01:24:15,280

monday scott brown he's here with us

2066

01:24:18,470 --> 01:24:17,040

today

2067

01:24:20,149 --> 01:24:18,480

very much looking forward to having him

2068

01:24:24,390 --> 01:24:20,159

we're going to talk about

2069

01:24:26,390 --> 01:24:24,400

um a case from brazil where

2070

01:24:28,070 --> 01:24:26,400

kind of shows the not so nice side

2071

01:24:31,510 --> 01:24:28,080

possibly of this

2072

01:24:35,110 --> 01:24:31,520

uh ufo stuff on tuesday

2073

01:24:39,350 --> 01:24:35,120

we have two people so at the normal hour

2074

01:24:40,470 --> 01:24:39,360

we're gonna have mark uh fiorentini tino

2075

01:24:43,030 --> 01:24:40,480

that's the last name starting to

2076

01:24:45,590 --> 01:24:43,040

pronounce and then um

2077

01:24:46,550 --> 01:24:45,600

later that at night at uh 8 central

2078

01:24:50,870 --> 01:24:46,560

we're gonna have steve

2079

01:24:53,350 --> 01:24:50,880

2080

01:24:55,830 --> 01:24:53,360

um wednesday it looks like we're going

2081

01:24:58,950 --> 01:24:55,840

to have a

2082

01:25:00,070 --> 01:24:58,960

possibly a mufon investigator which

2083

01:25:02,870 --> 01:25:00,080

would be cool

2084

01:25:04,310 --> 01:25:02,880

i'm very curious to know what that life

2085

01:25:07,669 --> 01:25:04,320

2086

01:25:10,950 --> 01:25:07,679
