00:01:06,149 --> 00:01:05,040
um hi linda how are you thanks for

12
00:01:09,910 --> 00:01:06,159
joining

13
00:01:13,510 --> 00:01:09,920

greg yes share subscribe like

14

00:01:16,230 --> 00:01:13,520

uh uap uk thanks for joining us um

15

00:01:16,550 --> 00:01:16,240

yeah today's gonna be awesome uh we have

16

00:01:19,510 --> 00:01:16,560

uh

17

00:01:20,469 --> 00:01:19,520

steven bassett later um at eight o'clock

18

00:01:23,749 --> 00:01:20,479

central

19

00:01:27,190 --> 00:01:23,759

and right now i'm going to bring in

20

00:01:31,109 --> 00:01:27,200

the i alpha how are you uh the man

21

00:01:34,390 --> 00:01:31,119

of the hour and without further ado

22

00:01:37,510 --> 00:01:34,400

i introduce mark metaphysicist correct

23

00:01:39,590 --> 00:01:37,520

yeah how are you

24

00:01:41,350 --> 00:01:39,600

fine thank you sir how you doing good

25

00:01:44,630 --> 00:01:41,360

yeah thanks for joining us

26

00:01:47,749 --> 00:01:44,640

yeah you're welcome yeah um

27

00:01:48,230 --> 00:01:47,759

it's a crazy time right now in the ufo

28

00:01:52,149 --> 00:01:48,240

world

29

00:01:55,270 --> 00:01:52,159

i would say um and the timing is rather

30

00:01:58,550 --> 00:01:55,280

great as you are

31

00:02:01,749 --> 00:01:58,560

um trying to get the

32

00:02:03,670 --> 00:02:01,759

anti-gravity technology um

33

00:02:05,190 --> 00:02:03,680

basically in the hands of the right

34

00:02:08,469 --> 00:02:05,200

people correct yeah

35

00:02:10,949 --> 00:02:08,479

everybody basically and um

36

00:02:13,270 --> 00:02:10,959

it's going to be a quite a task to try

37

00:02:16,470 --> 00:02:13,280

to accomplish but

38

00:02:18,070 --> 00:02:16,480

that's one of my primary missions also

39

00:02:21,350 --> 00:02:18,080

to inform the world

40

00:02:24,390 --> 00:02:21,360

about how reality works

41

00:02:27,830 --> 00:02:24,400

and uh intelligent design that's behind

42

00:02:30,390 --> 00:02:27,840

all of this yeah yeah um

43

00:02:32,150 --> 00:02:30,400

and by intelligent design you're pretty

44

00:02:35,270 --> 00:02:32,160

much saying got

45

00:02:37,110 --> 00:02:35,280

yeah yeah yeah

46

00:02:39,270 --> 00:02:37,120

yeah not gonna beat around the bush

47

00:02:41,670 --> 00:02:39,280

that's the way it is and um

48

00:02:42,390 --> 00:02:41,680

that's just the way it is and i i

49

00:02:44,550 --> 00:02:42,400

present

50

00:02:45,589 --> 00:02:44,560

whatever evidence is necessary to back

51

00:02:48,390 --> 00:02:45,599

that up

52

00:02:50,470 --> 00:02:48,400

and there's quite a bit out there and uh

53

00:02:51,270 --> 00:02:50,480

it's just a matter of acknowledging it

54

00:02:54,390 --> 00:02:51,280

at this point

55

00:02:56,550 --> 00:02:54,400

bringing everybody up to speed to and

56

00:02:57,589 --> 00:02:56,560

it's it's basically good news it's no

57

00:03:00,869 --> 00:02:57,599

bad news in this

58

00:03:02,309 --> 00:03:00,879

at all yeah um

59

00:03:04,149 --> 00:03:02,319

well you know it's interesting i was

60

00:03:06,550 --> 00:03:04,159

listening to one of your interviews

61

00:03:08,390 --> 00:03:06,560

and you were actually going oh by the

62

00:03:09,270 --> 00:03:08,400

way he has a great book called master of

63

00:03:13,030 --> 00:03:09,280

reality

64

00:03:14,869 --> 00:03:13,040

yes so if you want to know him

65

00:03:17,589 --> 00:03:14,879

read the person's work that's what i

66

00:03:20,070 --> 00:03:17,599

always say um

67

00:03:21,030 --> 00:03:20,080

but yeah what i was going to say is um

68

00:03:24,309 --> 00:03:21,040

you went

69

00:03:27,750 --> 00:03:24,319

as so far to say there's

70

00:03:30,309 --> 00:03:27,760

evidence almost to back up

71

00:03:32,550 --> 00:03:30,319

uh design by intelligence can you

72

00:03:35,190 --> 00:03:32,560

elaborate on that a little

73

00:03:36,710 --> 00:03:35,200

oh gosh there's just overwhelming

74

00:03:39,750 --> 00:03:36,720

amounts of evidence coming

75

00:03:41,670 --> 00:03:39,760

from near-death experiences

76

00:03:43,270 --> 00:03:41,680

it's pretty much unanimous they're all

77

00:03:45,430 --> 00:03:43,280

saying yeah there's an afterlife we

78

00:03:47,990 --> 00:03:45,440

don't die there's a god there's a jesus

79

00:03:50,149 --> 00:03:48,000

there's a buddha

80

00:03:51,750 --> 00:03:50,159

you know there's a kind of a universal

81

00:03:55,429 --> 00:03:51,760

god

82

00:03:56,309 --> 00:03:55,439

going on and and he's he's a personal

83

00:03:59,429 --> 00:03:56,319

god

84

00:04:02,630 --> 00:03:59,439

he's involved with everyone everywhere

85

00:04:05,110 --> 00:04:02,640

and he's the creator of this universe i

86

00:04:07,589 --> 00:04:05,120

also use that assumption of the

87

00:04:10,470 --> 00:04:07,599

intelligent design to analyze

88

00:04:11,830 --> 00:04:10,480

some mysteries in physics especially the

89

00:04:15,429 --> 00:04:11,840

neutron

90

00:04:18,150 --> 00:04:15,439

which is a very mysterious object

91

00:04:20,390 --> 00:04:18,160

that when you look at it from the point

92

00:04:23,350 --> 00:04:20,400

of view of intelligent design

93

00:04:24,070 --> 00:04:23,360

the mysteriousness the odd behaviors of

94

00:04:26,390 --> 00:04:24,080

it

95

00:04:27,110 --> 00:04:26,400

makes sense when you see the bigger

96

00:04:29,909 --> 00:04:27,120

picture

97

00:04:31,749 --> 00:04:29,919

and you say oh my god this is designed

98

00:04:34,870 --> 00:04:31,759

deliberately this way

99

00:04:36,550 --> 00:04:34,880

so that's a lot of the evidence that i

100

00:04:39,909 --> 00:04:36,560

presented in the book

101
00:04:43,270 --> 00:04:39,919
especially the in my book neutron theory

102
00:04:47,430 --> 00:04:43,280
and then the cosmology theory

103
00:04:47,670 --> 00:04:47,440
and uh there's that's the main area that

104
00:05:02,070 --> 00:04:47,680

i

105
00:05:04,070 --> 00:05:02,080
created

106
00:05:05,430 --> 00:05:04,080
and then god just stepped back and okay

107
00:05:08,710 --> 00:05:05,440
i'm done and

108
00:05:11,749 --> 00:05:08,720
that's it i made all the laws of physics

109
00:05:14,629 --> 00:05:11,759
see what who made god

110
00:05:15,110 --> 00:05:14,639
yeah that's that's circular thinking

111
00:05:17,590 --> 00:05:15,120
yeah

112
00:05:18,150 --> 00:05:17,600
where you're trying to you're a finite

113
00:05:20,790 --> 00:05:18,160

being

114

00:05:21,430 --> 00:05:20,800

used to things that have a beginning and

115

00:05:24,310 --> 00:05:21,440

an end

116

00:05:25,670 --> 00:05:24,320

and and that's all we experience here

117

00:05:27,990 --> 00:05:25,680

beginnings and

118

00:05:28,710 --> 00:05:28,000

endings right then we have to try to

119

00:05:31,990 --> 00:05:28,720

think about

120

00:05:35,029 --> 00:05:32,000

somebody was always here right

121

00:05:38,150 --> 00:05:35,039

eternally going forward and backward

122

00:05:40,710 --> 00:05:38,160

and that is really hard to grasp

123

00:05:43,909 --> 00:05:40,720

and get comfortable with right other

124

00:05:46,310 --> 00:05:43,919

than you at some point just say

125

00:05:47,990 --> 00:05:46,320

that's the way that's the way it is and

126
00:05:49,189 --> 00:05:48,000
and it's a good thing because if there

127
00:05:52,790 --> 00:05:49,199
isn't

128
00:05:54,629 --> 00:05:52,800
a god then there's nothing

129
00:05:55,990 --> 00:05:54,639
and then you have to come up with an

130
00:05:58,629 --> 00:05:56,000
explanation of how

131
00:05:59,350 --> 00:05:58,639
all of this that we see here came from

132
00:06:01,590 --> 00:05:59,360
nowhere

133
00:06:03,749 --> 00:06:01,600
from nothingness and there's nothing in

134
00:06:06,790 --> 00:06:03,759
physics that really supports

135
00:06:10,230 --> 00:06:06,800
creation from nothing uh

136
00:06:11,990 --> 00:06:10,240
right but isn't that the same as

137
00:06:13,990 --> 00:06:12,000
the question i just asked about who

138
00:06:18,469 --> 00:06:14,000

created god like if that

139

00:06:20,550 --> 00:06:18,479

is and just is couldn't this be the same

140

00:06:21,909 --> 00:06:20,560

well there's nobody that cr he is the

141

00:06:24,870 --> 00:06:21,919

creator so

142

00:06:27,110 --> 00:06:24,880

there's nobody that created god there's

143

00:06:35,590 --> 00:06:27,120

been no testimony

144

00:06:40,390 --> 00:06:38,230

the person what they call the one on the

145

00:06:43,270 --> 00:06:40,400

other side

146

00:06:45,990 --> 00:06:43,280

is the source of everything of all

147

00:06:49,430 --> 00:06:46,000

material things of all universes

148

00:06:51,990 --> 00:06:49,440

all dimensions and and he

149

00:06:53,270 --> 00:06:52,000

when you're there your consciousness is

150

00:06:57,189 --> 00:06:53,280

connected

151
00:06:58,070 --> 00:06:57,199
to the the big universal consciousness

152
00:07:00,790 --> 00:06:58,080
the

153
00:07:01,350 --> 00:07:00,800
uh you you could call it a matrix of

154
00:07:04,390 --> 00:07:01,360
sort

155
00:07:07,749 --> 00:07:04,400
or something of that nature where you're

156
00:07:10,469 --> 00:07:07,759
able to grasp things that are eternal

157
00:07:12,550 --> 00:07:10,479
which you can't do in in the finite mind

158
00:07:15,189 --> 00:07:12,560
in the physical body

159
00:07:15,990 --> 00:07:15,199
the brain just isn't set up that way

160
00:07:19,189 --> 00:07:16,000
when everything you're

161
00:07:20,469 --> 00:07:19,199
made of is finite it becomes very

162
00:07:23,510 --> 00:07:20,479
difficult to grasp

163
00:07:27,830 --> 00:07:23,520

the concepts of eternal

164

00:07:30,150 --> 00:07:27,840

time and no beginning and no ending

165

00:07:31,749 --> 00:07:30,160

and things of that sort so it's a

166

00:07:35,749 --> 00:07:31,759

philosophy

167

00:07:37,830 --> 00:07:35,759

that becomes real when you get there

168

00:07:40,150 --> 00:07:37,840

when you're on the other side these

169

00:07:41,830 --> 00:07:40,160

aren't really big questions anymore

170

00:07:44,230 --> 00:07:41,840

right they make perfect sense and you

171

00:07:46,629 --> 00:07:44,240

can see it you can feel it you get

172

00:07:49,990 --> 00:07:46,639

direct infusion into your

173

00:07:51,830 --> 00:07:50,000

consciousness so there's a knowing

174

00:07:54,150 --> 00:07:51,840

what i heard that was interesting from

175

00:07:57,990 --> 00:07:54,160

you was um

176

00:08:00,629 --> 00:07:58,000

someone said that you know how you dream

177

00:08:01,029 --> 00:08:00,639

and it feels so real but you're saying

178

00:08:07,189 --> 00:08:01,039

that

179

00:08:08,230 --> 00:08:07,199

life is really the dream because it's

180

00:08:11,670 --> 00:08:08,240

temporary

181

00:08:16,950 --> 00:08:11,680

than

182

00:08:18,150 --> 00:08:16,960

a roller coaster ride at an amusement

183

00:08:21,670 --> 00:08:18,160

park

184

00:08:23,029 --> 00:08:21,680

and or you know it's a little more

185

00:08:24,230 --> 00:08:23,039

complicated than that because you're

186

00:08:26,070 --> 00:08:24,240

just hopping on

187

00:08:28,469 --> 00:08:26,080

you have your ride and it's over you

188

00:08:32,070 --> 00:08:28,479

have your ups and downs and so forth

189

00:08:34,790 --> 00:08:32,080

but as i found out from reading about

190

00:08:36,310 --> 00:08:34,800

near-death people and so forth we come

191

00:08:42,709 --> 00:08:36,320

in with a plan

192

00:08:46,710 --> 00:08:42,719

a sort of a predestination that

193

00:08:48,790 --> 00:08:46,720

runs alongside uh free will and choice

194

00:08:50,710 --> 00:08:48,800

so they're running in parallel for

195

00:08:53,590 --> 00:08:50,720

everyone's existence

196

00:08:55,509 --> 00:08:53,600

so that gives our life meaning without

197

00:08:57,269 --> 00:08:55,519

free will and choice

198

00:08:58,550 --> 00:08:57,279

right this would be a meaningless

199

00:09:00,870 --> 00:08:58,560

experience because

200

00:09:02,389 --> 00:09:00,880

it would be predetermined and there's

201

00:09:05,110 --> 00:09:02,399

really no fault and

202

00:09:06,790 --> 00:09:05,120

no pain and no law right it's like

203

00:09:09,590 --> 00:09:06,800

playing a game when you already know

204

00:09:10,630 --> 00:09:09,600

who the winner is yeah well you're

205

00:09:13,670 --> 00:09:10,640

definitely

206

00:09:16,070 --> 00:09:13,680

when you're born you're dealt a

207

00:09:18,230 --> 00:09:16,080

hand of cards you know and you it's up

208

00:09:21,030 --> 00:09:18,240

to you to play that hand of card as

209

00:09:23,269 --> 00:09:21,040

well as you can through your free will

210

00:09:25,590 --> 00:09:23,279

and making good choices

211

00:09:26,470 --> 00:09:25,600

so it's a beautiful thing it doesn't

212

00:09:28,790 --> 00:09:26,480

sound bad

213

00:09:29,509 --> 00:09:28,800

it's a great design because it allows

214

00:09:34,630 --> 00:09:29,519

you

215

00:09:36,150 --> 00:09:34,640

can't really happen on the other side

216

00:09:38,630 --> 00:09:36,160

because everything's perfect

217

00:09:39,590 --> 00:09:38,640

everything always works out here you can

218

00:09:42,230 --> 00:09:39,600

fail

219

00:09:43,430 --> 00:09:42,240

that's really special some would

220

00:09:45,670 --> 00:09:43,440

probably call it school

221

00:09:47,030 --> 00:09:45,680

i guess maybe it's more like a school

222

00:09:50,150 --> 00:09:47,040

really yeah

223

00:09:53,590 --> 00:09:50,160

um how

224

00:09:56,949 --> 00:09:53,600

or does this connect

225

00:10:00,949 --> 00:09:56,959

to uh i might say this wrong but

226

00:10:01,190 --> 00:10:00,959

neutronian centers so the way i gather

227

00:10:04,389 --> 00:10:01,200

it

228

00:10:07,750 --> 00:10:04,399

is uh protons

229

00:10:10,790 --> 00:10:07,760

can last forever right uh neutrons

230

00:10:13,670 --> 00:10:10,800

cannot but when they're covered

231

00:10:15,750 --> 00:10:13,680

with protons they do yeah is that right

232

00:10:18,310 --> 00:10:15,760

yeah this is the beauty of

233

00:10:20,949 --> 00:10:18,320

the intelligent design neutrons behave

234

00:10:22,949 --> 00:10:20,959

according to their circumstance

235

00:10:24,389 --> 00:10:22,959

if they're free floating out in outer

236

00:10:27,430 --> 00:10:24,399

space by themselves

237

00:10:29,670 --> 00:10:27,440

they'll decay in 15 minutes

238

00:10:31,350 --> 00:10:29,680

and and that's a mystery right to

239

00:10:33,350 --> 00:10:31,360

regular physicists why

240

00:10:34,870 --> 00:10:33,360

why does that why why and why doesn't

241

00:10:37,350 --> 00:10:34,880

the proton

242

00:10:38,310 --> 00:10:37,360

it's it lasts for the lifetime of the

243

00:10:39,829 --> 00:10:38,320

universe

244

00:10:41,430 --> 00:10:39,839

and a neutron in this certain

245

00:10:43,910 --> 00:10:41,440

circumstance

246

00:10:45,590 --> 00:10:43,920

uh decays in 15 minutes but what does it

247

00:10:48,790 --> 00:10:45,600

decay to this is that's

248

00:10:51,670 --> 00:10:48,800

part of the hint what's going on

249

00:10:52,389 --> 00:10:51,680

a neutron will decay into a proton and

250

00:10:56,230 --> 00:10:52,399

an electron

251
00:10:59,750 --> 00:10:56,240
and what is that hydrogen

252
00:11:01,430 --> 00:10:59,760
who needs hydrogen a new universe

253
00:11:03,750 --> 00:11:01,440
so if you want to start out making

254
00:11:05,590 --> 00:11:03,760
galaxies and stars you better have a lot

255
00:11:08,069 --> 00:11:05,600
of hydrogen available

256
00:11:09,910 --> 00:11:08,079
so that means somebody was thinking

257
00:11:13,670 --> 00:11:09,920
ahead and said well

258
00:11:16,310 --> 00:11:13,680
i can pack neutrons together

259
00:11:17,269 --> 00:11:16,320
because it's a neutral charge so you

260
00:11:19,430 --> 00:11:17,279
can't really pack

261
00:11:22,150 --> 00:11:19,440
protons and have a proton star because

262
00:11:25,190 --> 00:11:22,160
the repulsive force

263
00:11:27,750 --> 00:11:25,200

of the proton or the hydrogen atom

264

00:11:29,829 --> 00:11:27,760

is many orders of magnitude stronger

265

00:11:31,509 --> 00:11:29,839

than the gravity admits

266

00:11:33,670 --> 00:11:31,519

so then there's another mystery that

267

00:11:37,030 --> 00:11:33,680

emerges how do stars form

268

00:11:38,470 --> 00:11:37,040

from clouds of hydrogen gas something

269

00:11:41,750 --> 00:11:38,480

has to be there

270

00:11:45,269 --> 00:11:41,760

a gravitational source to draw it in

271

00:11:47,509 --> 00:11:45,279

and compact it and i'm sorry hydrogen on

272

00:11:49,509 --> 00:11:47,519

its own can't do that and

273

00:11:51,030 --> 00:11:49,519

astrophysicists damn well know that's

274

00:11:53,110 --> 00:11:51,040

the truth so there

275

00:11:54,069 --> 00:11:53,120

there's a mystery there and the

276

00:11:57,910 --> 00:11:54,079

neutronium

277

00:12:01,509 --> 00:11:57,920

solves that mystery because

278

00:12:03,269 --> 00:12:01,519

neutronium is the uh stuff the universe

279

00:12:06,310 --> 00:12:03,279

was at first made of

280

00:12:07,670 --> 00:12:06,320

before the big bang the big cosmic egg

281

00:12:09,990 --> 00:12:07,680

that thing that blew up

282

00:12:11,509 --> 00:12:10,000

was solid neutronium according to super

283

00:12:15,030 --> 00:12:11,519

relativity theory

284

00:12:17,750 --> 00:12:15,040

and it makes sense because in that state

285

00:12:18,790 --> 00:12:17,760

neutrons are once again stable they

286

00:12:20,870 --> 00:12:18,800

won't decay

287

00:12:22,150 --> 00:12:20,880

and they can't decay that thing needs to

288

00:12:24,870 --> 00:12:22,160

stay stable

289

00:12:25,750 --> 00:12:24,880

until the moment of the big bang which i

290

00:12:27,910 --> 00:12:25,760

explained

291

00:12:29,750 --> 00:12:27,920

in detail in my book there's an

292

00:12:31,509 --> 00:12:29,760

avalanche effect when you get to a

293

00:12:33,509 --> 00:12:31,519

certain mass level

294

00:12:35,750 --> 00:12:33,519

the neutrons are packing closer and

295

00:12:37,190 --> 00:12:35,760

closer and closer together

296

00:12:39,110 --> 00:12:37,200

they can do that because there's a

297

00:12:39,829 --> 00:12:39,120

neutral charge there's no repulsive

298

00:12:42,470 --> 00:12:39,839

charge

299

00:12:43,750 --> 00:12:42,480

very convenient design it works

300

00:12:46,310 --> 00:12:43,760

perfectly

301
00:12:47,829 --> 00:12:46,320
stays stable until the moment of the big

302
00:12:50,230 --> 00:12:47,839
bang which is there's a big

303
00:12:51,430 --> 00:12:50,240
outburst because of the enormous

304
00:12:54,310 --> 00:12:51,440
pressure that's

305
00:12:55,350 --> 00:12:54,320
in the center of that gigantic black

306
00:12:57,750 --> 00:12:55,360
hole

307
00:12:59,750 --> 00:12:57,760
which interferes with the trefoil

308
00:13:03,509 --> 00:12:59,760
pattern this thing here

309
00:13:06,550 --> 00:13:03,519
that creates mass in all

310
00:13:07,590 --> 00:13:06,560
all particles all protons and all

311
00:13:09,990 --> 00:13:07,600
neutrons

312
00:13:11,750 --> 00:13:10,000
the quarks are moving in this pattern

313
00:13:12,150 --> 00:13:11,760

this is what holds it together you can

314

00:13:15,030 --> 00:13:12,160

see

315

00:13:15,990 --> 00:13:15,040

it's a knotted structure it makes sense

316

00:13:18,150 --> 00:13:16,000

that this would

317

00:13:19,430 --> 00:13:18,160

hold together because these three quarks

318

00:13:21,910 --> 00:13:19,440

are moving at

319

00:13:23,910 --> 00:13:21,920

99 percent the speed of light and this

320

00:13:26,150 --> 00:13:23,920

thing becomes a solid structure

321

00:13:27,670 --> 00:13:26,160

because of that electromagnetically

322

00:13:31,030 --> 00:13:27,680

speaking

323

00:13:33,350 --> 00:13:31,040

so when that is interfered with inside

324

00:13:35,350 --> 00:13:33,360

of the cosmic egg

325

00:13:36,870 --> 00:13:35,360

then the gravity breaks down and when

326

00:13:39,269 --> 00:13:36,880

the gravity breaks down

327

00:13:40,310 --> 00:13:39,279

then it starts to come apart and you get

328

00:13:43,189 --> 00:13:40,320

this uh

329

00:13:45,189 --> 00:13:43,199

inside out explosion and boom you've got

330

00:13:47,910 --> 00:13:45,199

the next universe birth

331

00:13:48,949 --> 00:13:47,920

so it's a cyclic system and what comes

332

00:13:52,550 --> 00:13:48,959

out of there

333

00:13:53,030 --> 00:13:52,560

is not only loads of free neutrons which

334

00:13:56,310 --> 00:13:53,040

are

335

00:13:59,509 --> 00:13:56,320

hydrogen

336

00:14:01,269 --> 00:13:59,519

now we have within 15 minutes we can

337

00:14:03,990 --> 00:14:01,279

start building stars

338

00:14:04,629 --> 00:14:04,000

and galaxies but what else is coming out

339

00:14:07,110 --> 00:14:04,639

of there

340

00:14:08,310 --> 00:14:07,120

neutronium spheres of all different

341

00:14:10,790 --> 00:14:08,320

sizes

342

00:14:12,230 --> 00:14:10,800

things that didn't totally vaporize in

343

00:14:14,150 --> 00:14:12,240

the big bang

344

00:14:16,230 --> 00:14:14,160

they're needed because they're the seeds

345

00:14:18,790 --> 00:14:16,240

of life of the next gal

346

00:14:19,990 --> 00:14:18,800

of the next universe in all the galaxies

347

00:14:22,790 --> 00:14:20,000

the bigger ones

348

00:14:24,230 --> 00:14:22,800

collect the smaller ones which collect

349

00:14:28,230 --> 00:14:24,240

the stars

350

00:14:31,509 --> 00:14:28,240

and the solar systems so each star

351
00:14:33,910 --> 00:14:31,519
i am saying has a neutronium core that's

352
00:14:37,189 --> 00:14:33,920
why when we see stars blow up

353
00:14:38,389 --> 00:14:37,199
what's left neutron stars or black holes

354
00:14:41,030 --> 00:14:38,399
which are basically

355
00:14:42,629 --> 00:14:41,040
very dense neutron stars according to

356
00:14:45,030 --> 00:14:42,639
theory super relativity

357
00:14:46,389 --> 00:14:45,040
this all makes sense this all helps the

358
00:14:49,269 --> 00:14:46,399
universe work

359
00:14:50,389 --> 00:14:49,279
so now we have a complete system that's

360
00:14:52,790 --> 00:14:50,399
going to give birth

361
00:14:53,750 --> 00:14:52,800
and it's going to give life to this

362
00:14:56,550 --> 00:14:53,760
universe

363
00:14:58,550 --> 00:14:56,560

because without that that neutronium

364

00:15:00,710 --> 00:14:58,560

core sphere those rapidly spinning

365

00:15:02,710 --> 00:15:00,720

spheres that come out of the big bang

366

00:15:05,350 --> 00:15:02,720

we're not going to build stars anymore

367

00:15:08,069 --> 00:15:05,360

that hydrogen will just float out there

368

00:15:09,590 --> 00:15:08,079

and and never collect you need a strong

369

00:15:12,870 --> 00:15:09,600

gravitational force

370

00:15:14,550 --> 00:15:12,880

that's that force is so strong it starts

371

00:15:17,030 --> 00:15:14,560

the fusion process

372

00:15:17,829 --> 00:15:17,040

and from that is how all the elements

373

00:15:20,629 --> 00:15:17,839

are made

374

00:15:23,350 --> 00:15:20,639

it takes a fusion process to make all

375

00:15:25,509 --> 00:15:23,360

the elements in the periodic chart

376

00:15:27,110 --> 00:15:25,519

so where does the gravity come from the

377

00:15:29,430 --> 00:15:27,120

big black hole

378

00:15:30,629 --> 00:15:29,440

the gravity comes from the fact that

379

00:15:33,829 --> 00:15:30,639

these things are so

380

00:15:36,150 --> 00:15:33,839

packed together

381

00:15:37,829 --> 00:15:36,160

it magnifies and intensifies the

382

00:15:39,990 --> 00:15:37,839

gravitational field

383

00:15:41,509 --> 00:15:40,000

the more you pack it the more powerful

384

00:15:43,749 --> 00:15:41,519

the gravitational field

385

00:15:44,949 --> 00:15:43,759

it doesn't go to infinity like the

386

00:15:47,030 --> 00:15:44,959

equations

387

00:15:48,629 --> 00:15:47,040

uh seem to suggest they break down

388

00:15:49,430 --> 00:15:48,639

because there's some missing math in

389

00:15:53,430 --> 00:15:49,440

there

390

00:15:54,949 --> 00:15:53,440

um they it the tighter you pack this

391

00:15:57,509 --> 00:15:54,959

stuff the denser it is

392

00:15:59,110 --> 00:15:57,519

the heavier and more massive it is the

393

00:16:00,470 --> 00:15:59,120

more it generates a stronger

394

00:16:02,470 --> 00:16:00,480

gravitational field

395

00:16:04,150 --> 00:16:02,480

and you need a really powerful

396

00:16:06,629 --> 00:16:04,160

gravitational field

397

00:16:08,150 --> 00:16:06,639

to start up a star without it you won't

398

00:16:11,509 --> 00:16:08,160

ever get the fusion process

399

00:16:13,910 --> 00:16:11,519

and the hydrogen will never collect and

400

00:16:15,269 --> 00:16:13,920

and let's face it there's evidence

401
00:16:17,509 --> 00:16:15,279
coming from nasa and the

402
00:16:18,550 --> 00:16:17,519
tackle line charts that say there's

403
00:16:21,590 --> 00:16:18,560
something solid

404
00:16:22,710 --> 00:16:21,600
inside of the sun but does anybody talk

405
00:16:25,350 --> 00:16:22,720
about it

406
00:16:27,509 --> 00:16:25,360
you can see it in the chart right the

407
00:16:28,710 --> 00:16:27,519
lines are going down and collapsing into

408
00:16:31,110 --> 00:16:28,720
a single line

409
00:16:33,590 --> 00:16:31,120
meaning the gas is is it's spinning

410
00:16:35,670 --> 00:16:33,600
something's making that gas spin

411
00:16:37,990 --> 00:16:35,680
something inside of it that's spinning

412
00:16:40,790 --> 00:16:38,000
which creates a frame dragging effect

413
00:16:42,710 --> 00:16:40,800

which creates the spin of the gases on

414

00:16:44,790 --> 00:16:42,720

the outer atmosphere of the sun

415

00:16:47,030 --> 00:16:44,800

but as you get toward the center the

416

00:16:50,230 --> 00:16:47,040

gases begin to move as one

417

00:16:53,269 --> 00:16:50,240

because you're that close to the

418

00:16:55,790 --> 00:16:53,279

gravitational source so

419

00:16:57,430 --> 00:16:55,800

what we need is more more work

420

00:17:00,629 --> 00:16:57,440

experimentation

421

00:17:03,670 --> 00:17:00,639

investigation proving that the the sun

422

00:17:06,710 --> 00:17:03,680

has a neutronium car and i believe that

423

00:17:10,789 --> 00:17:06,720

even the planets have neutronium cores

424

00:17:15,350 --> 00:17:10,799

are you um being met with

425

00:17:17,429 --> 00:17:15,360

any uh resistance and i don't mean not

426

00:17:20,870 --> 00:17:17,439

being heard

427

00:17:23,750 --> 00:17:20,880

i mean actual resistance

428

00:17:24,710 --> 00:17:23,760

you know um in the years prior to

429

00:17:27,590 --> 00:17:24,720

writing the book

430

00:17:29,110 --> 00:17:27,600

i would try and talk with physicists on

431

00:17:32,390 --> 00:17:29,120

physics websites and

432

00:17:33,110 --> 00:17:32,400

then the normal physics websites do not

433

00:17:36,870 --> 00:17:33,120

even allow

434

00:17:39,190 --> 00:17:36,880

alternate theories alternate ideas

435

00:17:41,430 --> 00:17:39,200

they they have their own pre

436

00:17:43,350 --> 00:17:41,440

suppositions and they pretty much

437

00:17:45,430 --> 00:17:43,360

block anything that doesn't fit their

438

00:17:48,230 --> 00:17:45,440

paradigm

439

00:17:50,470 --> 00:17:48,240

so i you know for the most part up to

440

00:17:52,950 --> 00:17:50,480

this point i've avoided you know

441

00:17:53,909 --> 00:17:52,960

conflict with them you know i haven't

442

00:17:55,669 --> 00:17:53,919

been written

443

00:17:57,190 --> 00:17:55,679

you know nobody's writing me letters

444

00:17:59,430 --> 00:17:57,200

hate letters or anything right

445

00:18:00,870 --> 00:17:59,440

right that's not happening yeah

446

00:18:04,230 --> 00:18:00,880

businesses for the most

447

00:18:07,190 --> 00:18:04,240

part are very quiet respectful people

448

00:18:07,669 --> 00:18:07,200

have i met ones that are not you bet

449

00:18:09,750 --> 00:18:07,679

right

450

00:18:11,590 --> 00:18:09,760

it's just bigger there you go the

451
00:18:12,390 --> 00:18:11,600
angrier they get when they hear this

452
00:18:15,190 --> 00:18:12,400
theory

453
00:18:16,710 --> 00:18:15,200
because it's so contrary to what quantum

454
00:18:18,950 --> 00:18:16,720
mechanics tells you

455
00:18:20,070 --> 00:18:18,960
do you think it could be because it

456
00:18:23,990 --> 00:18:20,080
would show

457
00:18:27,350 --> 00:18:24,000
intelligent design is that a part of why

458
00:18:29,110 --> 00:18:27,360
this is probably if there is a

459
00:18:30,710 --> 00:18:29,120
percentage of physicists that are

460
00:18:34,150 --> 00:18:30,720
atheists right

461
00:18:37,350 --> 00:18:34,160
and for some reason atheists really get

462
00:18:39,750 --> 00:18:37,360
mad when you suggest there's a god

463
00:18:40,549 --> 00:18:39,760

i'm i'm not really quite sure why that

464

00:18:41,990 --> 00:18:40,559

is

465

00:18:44,310 --> 00:18:42,000

whether it's just they don't like being

466

00:18:46,470 --> 00:18:44,320

proven wrong or what i don't i don't

467

00:18:49,270 --> 00:18:46,480

know what it is exactly

468

00:18:51,830 --> 00:18:49,280

but there's that element out there and

469

00:18:56,470 --> 00:18:54,549

you know that's an argument i'm always

470

00:18:59,270 --> 00:18:56,480

going to win

471

00:19:01,029 --> 00:18:59,280

and i don't know why yeah because

472

00:19:02,950 --> 00:19:01,039

they're going to die someday

473

00:19:04,230 --> 00:19:02,960

within seconds of their death they're

474

00:19:06,789 --> 00:19:04,240

going to see they didn't die

475

00:19:08,310 --> 00:19:06,799

they're still existing they'll see their

476
00:19:11,510 --> 00:19:08,320
body lying there

477
00:19:13,510 --> 00:19:11,520
and they say huh i feel fine but that

478
00:19:15,430 --> 00:19:13,520
used to be me but i know that's not me

479
00:19:17,270 --> 00:19:15,440
and i'm fine and i'm okay

480
00:19:19,430 --> 00:19:17,280
and then what happens next depends on

481
00:19:22,630 --> 00:19:19,440
what their belief system is but

482
00:19:24,789 --> 00:19:22,640
um it i know

483
00:19:26,549 --> 00:19:24,799
ultimately in the end they're always

484
00:19:28,789 --> 00:19:26,559
going to get convinced

485
00:19:30,150 --> 00:19:28,799
and if they don't get to you know get it

486
00:19:31,830 --> 00:19:30,160
in this lifetime well

487
00:19:33,510 --> 00:19:31,840
you know that's a little sad and you

488
00:19:36,549 --> 00:19:33,520

know unfortunate

489

00:19:39,110 --> 00:19:36,559

but believing

490

00:19:41,430 --> 00:19:39,120

the truth you know and that's what i'm

491

00:19:42,630 --> 00:19:41,440

after that's what i seek i'm not trying

492

00:19:46,470 --> 00:19:42,640

to

493

00:19:48,630 --> 00:19:46,480

religion or anything

494

00:19:49,990 --> 00:19:48,640

well you kind of say it's all the same

495

00:19:51,750 --> 00:19:50,000

anyways right yeah

496

00:19:53,909 --> 00:19:51,760

for the most part religions are

497

00:19:57,669 --> 00:19:53,919

basically different roads

498

00:20:01,110 --> 00:19:57,679

to the same place right and uh

499

00:20:03,430 --> 00:20:01,120

yeah god is okay with that and he's told

500

00:20:04,950 --> 00:20:03,440

people near death i don't have a problem

501
00:20:08,710 --> 00:20:04,960
with all these religions

502
00:20:11,190 --> 00:20:08,720
what the problem is is in how you humans

503
00:20:11,990 --> 00:20:11,200
interpret it there's where all the

504
00:20:15,270 --> 00:20:12,000
fights and

505
00:20:17,590 --> 00:20:15,280
struggle comes in we mess it up

506
00:20:18,470 --> 00:20:17,600
we misinterpret the writings and so

507
00:20:21,669 --> 00:20:18,480
forth

508
00:20:23,590 --> 00:20:21,679
uh if if your religion is saying

509
00:20:25,190 --> 00:20:23,600
hey kill the guy who doesn't believe in

510
00:20:28,870 --> 00:20:25,200
my religion

511
00:20:32,230 --> 00:20:28,880
that's not from god no that is a love

512
00:20:34,549 --> 00:20:32,240
complete love and so you know you can

513
00:20:37,430 --> 00:20:34,559

worship this way or that way

514

00:20:39,270 --> 00:20:37,440

there's one nde case where three people

515

00:20:40,310 --> 00:20:39,280

were struck by lightning at the same

516

00:20:41,990 --> 00:20:40,320

time

517

00:20:43,990 --> 00:20:42,000

and there were three different religions

518

00:20:46,310 --> 00:20:44,000

tell me this was an accident

519

00:20:48,710 --> 00:20:46,320

and they all went up through the tunnel

520

00:20:52,710 --> 00:20:48,720

together and stood before god

521

00:20:55,750 --> 00:20:52,720

a christian a muslim and a hindu

522

00:20:56,310 --> 00:20:55,760

and as they looked at god they saw three

523

00:20:58,710 --> 00:20:56,320

different

524

00:20:59,669 --> 00:20:58,720

versions of god and as they looked at

525

00:21:01,430 --> 00:20:59,679

each other

526
00:21:02,870 --> 00:21:01,440
they knew the other guy was seeing a

527
00:21:06,070 --> 00:21:02,880
different version and they were

528
00:21:09,350 --> 00:21:06,080
what they were seeing wow and god is

529
00:21:10,470 --> 00:21:09,360
you know he's saying and they all came

530
00:21:13,590 --> 00:21:10,480
back

531
00:21:14,830 --> 00:21:13,600
and they all tell the same story how can

532
00:21:17,669 --> 00:21:14,840
three people who

533
00:21:20,149 --> 00:21:17,679
died tell the same

534
00:21:21,830 --> 00:21:20,159
story unless it really happened it

535
00:21:24,710 --> 00:21:21,840
really happened

536
00:21:25,430 --> 00:21:24,720
and and and god has said hey yeah

537
00:21:28,310 --> 00:21:25,440
personally

538
00:21:30,070 --> 00:21:28,320

everything and all the other versions of

539

00:21:32,470 --> 00:21:30,080

me that are on other planets

540

00:21:33,190 --> 00:21:32,480

it's the same you're worshiping the same

541

00:21:36,470 --> 00:21:33,200

person

542

00:21:38,710 --> 00:21:36,480

just different paths to the same place

543

00:21:39,750 --> 00:21:38,720

the point the important thing for us to

544

00:21:42,470 --> 00:21:39,760

remember is

545

00:21:44,149 --> 00:21:42,480

you need to have some sort of a personal

546

00:21:46,470 --> 00:21:44,159

relationship with god

547

00:21:49,110 --> 00:21:46,480

and just even if it's just as simple as

548

00:21:52,149 --> 00:21:49,120

having conversations in your mind

549

00:21:53,190 --> 00:21:52,159

all that's heard yeah that's just the

550

00:21:57,270 --> 00:21:53,200

way it is

551
00:22:00,710 --> 00:21:57,280
um to

552
00:22:02,710 --> 00:22:00,720
switch topics a little bit um

553
00:22:04,789 --> 00:22:02,720
quantum mechanics uh you're kind of

554
00:22:08,070 --> 00:22:04,799
saying that a lot of people are going

555
00:22:11,190 --> 00:22:08,080
down that road oh yeah and it's

556
00:22:13,190 --> 00:22:11,200
not the right road um can you explain

557
00:22:16,310 --> 00:22:13,200
why that is

558
00:22:19,590 --> 00:22:16,320
yeah uh i read the about

559
00:22:21,350 --> 00:22:19,600
einstein and board debates and uh

560
00:22:23,270 --> 00:22:21,360
listened to the arguments and what he

561
00:22:24,950 --> 00:22:23,280
was trying to say you know einstein was

562
00:22:27,350 --> 00:22:24,960
basically right but

563
00:22:28,549 --> 00:22:27,360

he didn't win those debates because

564

00:22:31,750 --> 00:22:28,559

quantum mechanics

565

00:22:34,149 --> 00:22:31,760

reims reigns supreme now

566

00:22:35,830 --> 00:22:34,159

and i have many problems with quantum

567

00:22:37,110 --> 00:22:35,840

mechanics but you know the biggest

568

00:22:40,310 --> 00:22:37,120

problem is

569

00:22:41,990 --> 00:22:40,320

that mathematics you can't

570

00:22:43,350 --> 00:22:42,000

tell how anything works using

571

00:22:46,549 --> 00:22:43,360

probabilities

572

00:22:49,029 --> 00:22:46,559

and statistics people warned about

573

00:22:49,909 --> 00:22:49,039

getting into this statistical analysis

574

00:22:52,470 --> 00:22:49,919

process

575

00:22:53,669 --> 00:22:52,480

as far back as james clerk maxwell who

576

00:22:55,909 --> 00:22:53,679

warned about it

577

00:22:57,669 --> 00:22:55,919

he says don't let this deceive you into

578

00:22:59,190 --> 00:22:57,679

thinking that you're finding a way to

579

00:23:01,270 --> 00:22:59,200

explain things

580

00:23:03,029 --> 00:23:01,280

because you can't the problem there is

581

00:23:05,909 --> 00:23:03,039

no such thing as a force

582

00:23:07,350 --> 00:23:05,919

of probability it does not exist things

583

00:23:09,830 --> 00:23:07,360

do not happen

584

00:23:11,350 --> 00:23:09,840

because of probabilities probability

585

00:23:13,830 --> 00:23:11,360

occurrences happen

586

00:23:14,789 --> 00:23:13,840

because of cause and effect the problem

587

00:23:17,430 --> 00:23:14,799

is with

588

00:23:18,870 --> 00:23:17,440

physics in general is when you get to

589

00:23:22,029 --> 00:23:18,880

the very small

590

00:23:24,470 --> 00:23:22,039

there is a lot of chaos and it becomes

591

00:23:26,549 --> 00:23:24,480

incredibly difficult to predict certain

592

00:23:27,270 --> 00:23:26,559

events because there's so many factors

593

00:23:29,909 --> 00:23:27,280

involved

594

00:23:30,950 --> 00:23:29,919

including using the instruments and to

595

00:23:34,070 --> 00:23:30,960

make the measurements

596

00:23:35,590 --> 00:23:34,080

when you measure something you affect it

597

00:23:37,590 --> 00:23:35,600

because you got to bounce something off

598

00:23:39,750 --> 00:23:37,600

of it to detect it

599

00:23:42,630 --> 00:23:39,760

so you've got a lot of problems there

600

00:23:44,630 --> 00:23:42,640

and unfortunately

601
00:23:47,110 --> 00:23:44,640
quantum mechanics has generated

602
00:23:48,950 --> 00:23:47,120
tremendous amount of interpretations

603
00:23:50,630 --> 00:23:48,960
of all different types there's a flaw

604
00:23:51,990 --> 00:23:50,640
there why do you have so many

605
00:23:55,510 --> 00:23:52,000
interpretations

606
00:23:58,789 --> 00:23:55,520
obviously you guys can't agree

607
00:24:00,710 --> 00:23:58,799
on what it means so when when you hear

608
00:24:04,070 --> 00:24:00,720
people describing

609
00:24:07,669 --> 00:24:04,080
like space-time bubbles in in quantum

610
00:24:09,350 --> 00:24:07,679
theory and quantum all that

611
00:24:11,110 --> 00:24:09,360
is that a part of the same thing is

612
00:24:14,310 --> 00:24:11,120
quantum mechanics

613
00:24:16,390 --> 00:24:14,320

quantum theory is the interpretation

614

00:24:17,990 --> 00:24:16,400

of the math quantum mechanics quantum

615

00:24:19,750 --> 00:24:18,000

mechanics mathematics is very

616

00:24:21,430 --> 00:24:19,760

handy if you want to smack particles

617

00:24:23,510 --> 00:24:21,440

together in a uh

618

00:24:25,190 --> 00:24:23,520

accelerator right figure out how many of

619

00:24:26,549 --> 00:24:25,200

these you get how many of those you get

620

00:24:29,750 --> 00:24:26,559

and

621

00:24:32,549 --> 00:24:29,760

it's beautiful for that i make no

622

00:24:34,950 --> 00:24:32,559

criticism of that i just say what is the

623

00:24:36,149 --> 00:24:34,960

value add of continually smacking

624

00:24:39,190 --> 00:24:36,159

particles together

625

00:24:39,990 --> 00:24:39,200

to find other particles most of these

626
00:24:42,950 --> 00:24:40,000
particles

627
00:24:43,430 --> 00:24:42,960
have lifetimes that are much less than a

628
00:24:48,470 --> 00:24:43,440
second

629
00:24:50,789 --> 00:24:48,480
really play a big role in things

630
00:24:53,430 --> 00:24:50,799
you know other than you know momentarily

631
00:24:55,590 --> 00:24:53,440
existing inside of stars or whatever

632
00:24:57,350 --> 00:24:55,600
the matter and energy that we have here

633
00:24:58,390 --> 00:24:57,360
on earth and every that's where all the

634
00:25:01,510 --> 00:24:58,400
action is

635
00:25:03,110 --> 00:25:01,520
understand that well uh to continually

636
00:25:05,350 --> 00:25:03,120
you know figure out ways well let's

637
00:25:06,630 --> 00:25:05,360
build a bigger thing so we can find more

638
00:25:09,909 --> 00:25:06,640

particles

639

00:25:16,390 --> 00:25:09,919

these don't have that much relevance

640

00:25:22,310 --> 00:25:19,750

yeah and we won't evolve

641

00:25:23,909 --> 00:25:22,320

if we continue down that rabbit hole

642

00:25:25,750 --> 00:25:23,919

because we'll be

643

00:25:28,230 --> 00:25:25,760

looking away from what's really

644

00:25:29,269 --> 00:25:28,240

important which is einstein's unified

645

00:25:31,669 --> 00:25:29,279

field theory

646

00:25:32,950 --> 00:25:31,679

that was always the correct path and

647

00:25:35,990 --> 00:25:32,960

still is now

648

00:25:39,190 --> 00:25:36,000

that's what i completed in my book

649

00:25:41,350 --> 00:25:39,200

excellent um if you don't have

650

00:25:42,870 --> 00:25:41,360

to the crowd the audience if you haven't

651
00:25:45,269 --> 00:25:42,880
been given a good reason to

652
00:25:47,110 --> 00:25:45,279
read it yet i don't know what the hope

653
00:25:50,470 --> 00:25:47,120
is

654
00:25:51,269 --> 00:25:50,480
um because you're providing a different

655
00:25:53,669 --> 00:25:51,279
perspective

656
00:25:55,269 --> 00:25:53,679
and whether people want to you know it's

657
00:25:57,990 --> 00:25:55,279
still someone's choice

658
00:25:58,390 --> 00:25:58,000
whether they want to you know buy in or

659
00:26:01,590 --> 00:25:58,400
just

660
00:26:03,750 --> 00:26:01,600
explore or deny it you know um

661
00:26:05,590 --> 00:26:03,760
and as long as that's done with respect

662
00:26:06,630 --> 00:26:05,600
that's you know that's people's

663
00:26:11,110 --> 00:26:06,640

prerogative

664

00:26:13,430 --> 00:26:11,120

right um which is there a way to

665

00:26:16,789 --> 00:26:13,440

get a because you say protons pretty

666

00:26:20,070 --> 00:26:16,799

much last forever is there a way to

667

00:26:21,590 --> 00:26:20,080

grab an older proton somehow and smash

668

00:26:23,510 --> 00:26:21,600

it

669

00:26:25,669 --> 00:26:23,520

you know i i don't know you know they're

670

00:26:28,789 --> 00:26:25,679

they're identical as far as i know

671

00:26:31,190 --> 00:26:28,799

yeah that's a neat idea they could be

672

00:26:31,909 --> 00:26:31,200

identified uniquely especially with an

673

00:26:34,870 --> 00:26:31,919

age

674

00:26:37,190 --> 00:26:34,880

yeah i'm not aware of that maybe

675

00:26:39,750 --> 00:26:37,200

somebody has done some work there and i

676

00:26:42,310 --> 00:26:39,760

at this point i'm quickly trying to

677

00:26:45,110 --> 00:26:42,320

think of a way that that could be

678

00:26:47,110 --> 00:26:45,120

um nothing comes to mind right away but

679

00:26:48,230 --> 00:26:47,120

if i gave it a few hours of thought late

680

00:26:52,149 --> 00:26:48,240

at night i might

681

00:26:54,950 --> 00:26:52,159

say hey you can maybe do that as far as

682

00:26:57,269 --> 00:26:54,960

i know right now you you know

683

00:26:58,549 --> 00:26:57,279

there's only certain things that you can

684

00:27:01,750 --> 00:26:58,559

talk about because the

685

00:27:03,350 --> 00:27:01,760

proton is dynamic it's in constant

686

00:27:05,029 --> 00:27:03,360

motion

687

00:27:07,190 --> 00:27:05,039

according to my theory according to the

688

00:27:10,310 --> 00:27:07,200

mathematics that's in my paper

689

00:27:12,149 --> 00:27:10,320

right and another paper i wrote where i

690

00:27:14,230 --> 00:27:12,159

determined what the quark speed was

691

00:27:16,230 --> 00:27:14,240

which was necessary to finish the work

692

00:27:18,950 --> 00:27:16,240

in my second paper

693

00:27:22,070 --> 00:27:18,960

and um so you haven't really retired

694

00:27:27,990 --> 00:27:25,110

no yeah i mean you know what

695

00:27:28,950 --> 00:27:28,000

this is so funny that's why i'm going to

696

00:27:31,350 --> 00:27:28,960

write a second book

697

00:27:32,149 --> 00:27:31,360

i wouldn't bother writing a second book

698

00:27:34,630 --> 00:27:32,159

because

699

00:27:36,710 --> 00:27:34,640

if this book here wasn't as important as

700

00:27:40,070 --> 00:27:36,720

it is and what's in it is

701
00:27:41,430 --> 00:27:40,080
incredibly important for our world uh

702
00:27:43,830 --> 00:27:41,440
i'm writing the second book because

703
00:27:47,269 --> 00:27:43,840
there's an interesting story

704
00:27:49,190 --> 00:27:47,279
that is in parallel with

705
00:27:50,789 --> 00:27:49,200
this story that i have with this book

706
00:27:51,909 --> 00:27:50,799
because when i finished this book my

707
00:27:54,230 --> 00:27:51,919
mindset was

708
00:27:57,029 --> 00:27:54,240
you know it took me four years now i

709
00:27:59,909 --> 00:27:57,039
enjoyed having something to do every day

710
00:28:01,430 --> 00:27:59,919
i got up i said i'm retired you know i

711
00:28:03,350 --> 00:28:01,440
got something to do here and

712
00:28:04,630 --> 00:28:03,360
let me work on it for a few hours and i

713
00:28:06,950 --> 00:28:04,640

had joy in that yeah

714

00:28:07,909 --> 00:28:06,960

isn't that and that makes kind of uh a

715

00:28:11,510 --> 00:28:07,919

lot of difference

716

00:28:14,870 --> 00:28:11,520

in your life when you can wake up

717

00:28:15,590 --> 00:28:14,880

and pursue something that you genuinely

718

00:28:18,149 --> 00:28:15,600

enjoy it

719

00:28:18,870 --> 00:28:18,159

and that where hours just fly by and you

720

00:28:21,830 --> 00:28:18,880

don't even know

721

00:28:23,110 --> 00:28:21,840

yeah when the book when the book was

722

00:28:25,350 --> 00:28:23,120

over i thought

723

00:28:27,110 --> 00:28:25,360

it's got a lot of good ideas some of

724

00:28:28,549 --> 00:28:27,120

them you know i think i might have a

725

00:28:31,590 --> 00:28:28,559

unified field theory

726

00:28:33,909 --> 00:28:31,600

solution here and then

727

00:28:35,750 --> 00:28:33,919

i i investigated and that's where the

728

00:28:38,470 --> 00:28:35,760

second book comes in because i get

729

00:28:39,269 --> 00:28:38,480

revelations that i didn't you know i was

730

00:28:44,630 --> 00:28:39,279

surprised

731

00:28:48,149 --> 00:28:44,640

can you give us a hint oh god

732

00:28:51,590 --> 00:28:48,159

it's all on tape and

733

00:28:54,950 --> 00:28:51,600

what i experienced i was with my wife

734

00:28:55,669 --> 00:28:54,960

and but it starts when i'm 20 years old

735

00:28:59,990 --> 00:28:55,679

really

736

00:29:03,430 --> 00:29:00,000

i'm given a very subtle

737

00:29:03,990 --> 00:29:03,440

look into my future and it was done by a

738

00:29:07,269 --> 00:29:04,000

psychic

739

00:29:09,430 --> 00:29:07,279

after psych

740

00:29:10,710 --> 00:29:09,440

kept saying strange things to me you're

741

00:29:12,789 --> 00:29:10,720

going to do this someday

742

00:29:14,149 --> 00:29:12,799

you'll be a spiritual teacher you'll be

743

00:29:17,190 --> 00:29:14,159

famous you'll

744

00:29:18,950 --> 00:29:17,200

and they ca each one kept saying it and

745

00:29:20,070 --> 00:29:18,960

usually they would start off with this

746

00:29:22,230 --> 00:29:20,080

phrase

747

00:29:24,789 --> 00:29:22,240

you will be a spiritual teacher in your

748

00:29:28,149 --> 00:29:24,799

final days and i'm thinking i'm a kid

749

00:29:29,350 --> 00:29:28,159

from nowhere no particular interest in

750

00:29:31,750 --> 00:29:29,360

religion

751

00:29:34,310 --> 00:29:31,760

some real interest in science and i

752

00:29:37,990 --> 00:29:34,320

would just shrug my shoulders and say

753

00:29:39,110 --> 00:29:38,000

okay because it's not even in my mind

754

00:29:42,549 --> 00:29:39,120

show me the proof

755

00:29:44,870 --> 00:29:42,559

yeah but these predictions

756

00:29:46,710 --> 00:29:44,880

if you add them all together with the

757

00:29:50,470 --> 00:29:46,720

final

758

00:29:52,789 --> 00:29:50,480

uh medium thing that was kind of a

759

00:29:54,789 --> 00:29:52,799

strange fluke that happened

760

00:29:56,710 --> 00:29:54,799

then all of it comes together and i said

761

00:29:59,909 --> 00:29:56,720

oh my god oh boy now

762

00:30:03,750 --> 00:29:59,919

what have i gotten myself into this

763

00:30:06,870 --> 00:30:03,760

is way bigger than anything i never saw

764

00:30:09,269 --> 00:30:06,880

this coming tired yeah

765

00:30:10,950 --> 00:30:09,279

i'm not you know i see the guys out in

766

00:30:14,310 --> 00:30:10,960

front of my house on the lake

767

00:30:16,950 --> 00:30:14,320

fishing you know i'm kind of envy and i

768

00:30:18,870 --> 00:30:16,960

just don't have the time because i'm

769

00:30:21,269 --> 00:30:18,880

doing this and i'm told this was

770

00:30:24,710 --> 00:30:21,279

really important yeah and i didn't keep

771

00:30:27,590 --> 00:30:26,070

yeah that's what's going to be told in

772

00:30:29,430 --> 00:30:27,600

the second book and i'm just kind of

773

00:30:29,830 --> 00:30:29,440

holding back going into that story

774

00:30:32,470 --> 00:30:29,840

because

775

00:30:34,310 --> 00:30:32,480

sure yeah no problem it gets it gets

776

00:30:36,470 --> 00:30:34,320

weird it gets strange

777

00:30:37,669 --> 00:30:36,480

yeah and you don't want to shortchange

778

00:30:39,190 --> 00:30:37,679

it you know see

779

00:30:40,870 --> 00:30:39,200

you got to have everything involved in

780

00:30:43,430 --> 00:30:40,880

the story to get it again

781

00:30:45,430 --> 00:30:43,440

for the science and then when that when

782

00:30:47,110 --> 00:30:45,440

this paper that i'm i'm writing now

783

00:30:48,149 --> 00:30:47,120

which is almost done is done and

784

00:30:50,950 --> 00:30:48,159

uploaded

785

00:30:52,549 --> 00:30:50,960

i need to do that okay very important

786

00:30:55,990 --> 00:30:52,559

for

787

00:30:57,190 --> 00:30:56,000

you know purposes of proving i came up

788

00:30:59,029 --> 00:30:57,200

with these ideas

789

00:31:00,710 --> 00:30:59,039

i was the first and so forth

790

00:31:02,950 --> 00:31:00,720

establishing that

791

00:31:03,990 --> 00:31:02,960

congratulations then start the next book

792

00:31:06,149 --> 00:31:04,000

and tell the whole

793

00:31:07,590 --> 00:31:06,159

story which which is a hell of an

794

00:31:09,669 --> 00:31:07,600

interesting

795

00:31:11,269 --> 00:31:09,679

story there's a lot of spiritualism in

796

00:31:14,470 --> 00:31:11,279

it a lot of um

797

00:31:15,509 --> 00:31:14,480

strange spooky in a happy way

798

00:31:23,350 --> 00:31:15,519

strangeness

799

00:31:25,110 --> 00:31:23,360

um now you

800

00:31:27,029 --> 00:31:25,120

i heard you talk a little bit about

801
00:31:30,149 --> 00:31:27,039
saucers or like

802
00:31:31,669 --> 00:31:30,159
alien spaceships or whatever um now

803
00:31:35,269 --> 00:31:31,679
you're seeing

804
00:31:36,470 --> 00:31:35,279
that the field around it that allows it

805
00:31:39,990 --> 00:31:36,480
to do what it does

806
00:31:41,750 --> 00:31:40,000
is an electromagnetic field now i've

807
00:31:44,149 --> 00:31:41,760
also heard

808
00:31:44,789 --> 00:31:44,159
is that well what is that in relation to

809
00:31:47,909 --> 00:31:44,799
a space

810
00:31:49,350 --> 00:31:47,919
time bubble is that

811
00:31:51,190 --> 00:31:49,360
because there's people saying that

812
00:31:53,590 --> 00:31:51,200
that's what it is that are pretty

813
00:31:56,230 --> 00:31:53,600

notable people so i just wonder what the

814

00:32:01,750 --> 00:31:59,870

there's it's not so much an

815

00:32:05,350 --> 00:32:01,760

electromagnetic field as it

816

00:32:08,389 --> 00:32:05,360

is a specific type of magnetic

817

00:32:10,710 --> 00:32:08,399

field so there's

818

00:32:12,389 --> 00:32:10,720

a subtle but very important difference

819

00:32:13,909 --> 00:32:12,399

because i'm not saying that there's

820

00:32:16,070 --> 00:32:13,919

you know radio waves that's an

821

00:32:17,509 --> 00:32:16,080

electromagnetic field you know photons

822

00:32:20,470 --> 00:32:17,519

coming out

823

00:32:21,909 --> 00:32:20,480

it's a magnetic field and it's what i've

824

00:32:24,870 --> 00:32:21,919

discovered

825

00:32:25,669 --> 00:32:24,880

most recently in these past years so is

826

00:32:27,669 --> 00:32:25,679

that

827

00:32:30,310 --> 00:32:27,679

the missing ingredient it's not just

828

00:32:34,950 --> 00:32:30,320

about magnetism it's about magnetism

829

00:32:39,029 --> 00:32:34,960

in motion when you move a magnetic field

830

00:32:41,830 --> 00:32:39,039

the anti-gravity effect is multiplied

831

00:32:44,149 --> 00:32:41,840

many times so that's the that's the the

832

00:32:47,269 --> 00:32:44,159

big part that i'm pushing now and i will

833

00:32:49,350 --> 00:32:47,279

push when i make my presentations to

834

00:32:51,430 --> 00:32:49,360

scientists in that area when we're

835

00:32:53,590 --> 00:32:51,440

talking about anti-gravity

836

00:32:54,950 --> 00:32:53,600

that's the kind of experiments we we

837

00:32:58,549 --> 00:32:54,960

needed to do

838

00:32:59,430 --> 00:32:58,559

so to go back and finish answering your

839

00:33:01,909 --> 00:32:59,440

question

840

00:33:03,350 --> 00:33:01,919

so there's really a specific type of

841

00:33:05,190 --> 00:33:03,360

magnetic field that's a

842

00:33:06,470 --> 00:33:05,200

it's a gradient field basically if you

843

00:33:10,470 --> 00:33:06,480

want propulsion

844

00:33:13,590 --> 00:33:10,480

so you've got a a very super strong

845

00:33:15,350 --> 00:33:13,600

grab magnetic field on the back end and

846

00:33:17,590 --> 00:33:15,360

a less strong

847

00:33:18,950 --> 00:33:17,600

magnetic field on the front end this

848

00:33:22,789 --> 00:33:18,960

gives it a gradient

849

00:33:25,190 --> 00:33:22,799

feel more more like that

850

00:33:26,549 --> 00:33:25,200

that goes across the x-axis of the

851

00:33:29,190 --> 00:33:26,559

saucer let's say

852

00:33:30,789 --> 00:33:29,200

okay it's even easier to imagine the

853

00:33:34,070 --> 00:33:30,799

very popular

854

00:33:34,389 --> 00:33:34,080

uh cigar shape right now those are built

855

00:33:38,230 --> 00:33:34,399

for

856

00:33:39,669 --> 00:33:38,240

interstellar travel

857

00:33:41,269 --> 00:33:39,679

interesting that's why they're the

858

00:33:41,909 --> 00:33:41,279

mother ships and they use that shape

859

00:33:44,950 --> 00:33:41,919

because you

860

00:33:46,630 --> 00:33:44,960

you put concentric rings of

861

00:33:48,230 --> 00:33:46,640

coils magnetic coils with

862

00:33:51,190 --> 00:33:48,240

superconducting wire

863

00:33:53,350 --> 00:33:51,200

all the way down the ship and you turn

864

00:33:55,669 --> 00:33:53,360

them on and

865

00:33:56,950 --> 00:33:55,679

you know the strongest on this end and

866

00:33:59,269 --> 00:33:56,960

the weakest on this end

867

00:34:00,070 --> 00:33:59,279

and that catapults that ship in that

868

00:34:02,870 --> 00:34:00,080

direction

869

00:34:03,909 --> 00:34:02,880

it gives it an impulse and a velocity so

870

00:34:06,230 --> 00:34:03,919

you're inside

871

00:34:08,950 --> 00:34:06,240

or they're inside a specific magnetic

872

00:34:11,990 --> 00:34:08,960

field which is a spatial bias field

873

00:34:13,349 --> 00:34:12,000

that i call the slip wave okay and i

874

00:34:15,030 --> 00:34:13,359

discovered that because that's what

875

00:34:18,629 --> 00:34:15,040

particles use

876

00:34:21,430 --> 00:34:18,639

so again taking from nature what they do

877

00:34:22,149 --> 00:34:21,440

what nature has done there you emulate

878

00:34:25,589 --> 00:34:22,159

that

879

00:34:27,589 --> 00:34:25,599

in a large scale to get propulsion

880

00:34:30,069 --> 00:34:27,599

you know particles move because of

881

00:34:33,750 --> 00:34:30,079

pressure waves created by

882

00:34:35,669 --> 00:34:33,760

electrostatic twists of space

883

00:34:37,669 --> 00:34:35,679

and i looked at that and it says hey

884

00:34:39,109 --> 00:34:37,679

they make pressure gradients inside the

885

00:34:40,550 --> 00:34:39,119

structure of the particle and that's

886

00:34:44,069 --> 00:34:40,560

what makes it move

887

00:34:45,909 --> 00:34:44,079

now let's extend that to big spaceships

888

00:34:48,069 --> 00:34:45,919

and you can do the same thing using a

889

00:34:48,950 --> 00:34:48,079

magnetic field which is a rotation of

890

00:34:52,069 --> 00:34:48,960

space

891

00:34:53,430 --> 00:34:52,079

which each rotation causes a stretching

892

00:34:55,750 --> 00:34:53,440

to occur

893

00:34:56,629 --> 00:34:55,760

as the space rotates this is a good

894

00:34:59,670 --> 00:34:56,639

question

895

00:35:02,790 --> 00:34:59,680

uh would it make it sound

896

00:35:07,190 --> 00:35:02,800

um it depends on how advanced

897

00:35:10,550 --> 00:35:07,200

the people are that make the ufo

898

00:35:12,790 --> 00:35:10,560

our earlier ufos made a sound and you

899

00:35:13,829 --> 00:35:12,800

you'll hear a hum especially in the

900

00:35:15,910 --> 00:35:13,839

hover mode

901
00:35:18,550 --> 00:35:15,920
and some of the maybe the lesser

902
00:35:21,829 --> 00:35:18,560
advanced species who have ufos

903
00:35:23,990 --> 00:35:21,839
you will hear a hum occasionally

904
00:35:25,670 --> 00:35:24,000
because that because there's they feel

905
00:35:26,390 --> 00:35:25,680
you know is in the coils you know and

906
00:35:28,230 --> 00:35:26,400
they're

907
00:35:30,150 --> 00:35:28,240
and they'll be vibrating a little bit

908
00:35:32,470 --> 00:35:30,160
you may be able to hear that that's

909
00:35:38,790 --> 00:35:35,670
i heard descriptions of people saying

910
00:35:41,910 --> 00:35:38,800
what they saw did have

911
00:35:44,630 --> 00:35:41,920
like a hum and then that is very

912
00:35:45,270 --> 00:35:44,640
interesting yes and and well that home

913
00:35:47,030 --> 00:35:45,280

is

914

00:35:49,270 --> 00:35:47,040

just like you know you hear the hummus

915

00:35:51,270 --> 00:35:49,280

you know if you ever been

916

00:35:53,990 --> 00:35:51,280

in the olden days when you had those

917

00:35:56,150 --> 00:35:54,000

stereos with the big uh

918

00:35:58,150 --> 00:35:56,160

the big power supplies in the back like

919

00:36:00,310 --> 00:35:58,160

a record player or something yeah yeah

920

00:36:02,230 --> 00:36:00,320

you hear it humming you know that this

921

00:36:05,750 --> 00:36:02,240

conversation

922

00:36:08,870 --> 00:36:05,760

yeah there will be you know maybe it's

923

00:36:11,109 --> 00:36:08,880

something like that well that's because

924

00:36:12,150 --> 00:36:11,119

the currents is moving and the magnetic

925

00:36:13,990 --> 00:36:12,160

field is going

926
00:36:15,990 --> 00:36:14,000
in and out like that and if there's any

927
00:36:19,030 --> 00:36:16,000
loose metal in the area

928
00:36:22,310 --> 00:36:19,040
it transfers into and makes a sound

929
00:36:24,790 --> 00:36:22,320
uh so the lesser built ships the

930
00:36:25,589 --> 00:36:24,800
lesser you know great designs may have

931
00:36:28,710 --> 00:36:25,599
some

932
00:36:29,190 --> 00:36:28,720
hum in them that you can hear during

933
00:36:31,190 --> 00:36:29,200
certain

934
00:36:32,470 --> 00:36:31,200
and usually prob you know when they're

935
00:36:34,310 --> 00:36:32,480
going very slow or

936
00:36:36,310 --> 00:36:34,320
hovering because they're doing uh

937
00:36:38,710 --> 00:36:36,320
sweeping and if you're seeing it

938
00:36:40,150 --> 00:36:38,720

it's going to be doing that pretty much

939

00:36:42,390 --> 00:36:40,160

it's going to be going slow

940

00:36:43,589 --> 00:36:42,400

if you're seeing it and you hear a hum

941

00:36:45,670 --> 00:36:43,599

it's going to yeah

942

00:36:47,829 --> 00:36:45,680

and that's exactly how these testimonies

943

00:36:49,950 --> 00:36:47,839

go that i've seen so

944

00:36:52,230 --> 00:36:49,960

i think you may be onto something doc

945

00:36:55,349 --> 00:36:52,240

[Laughter]

946

00:36:58,390 --> 00:36:55,359

this is a good question uh how do they

947

00:36:59,510 --> 00:36:58,400

navigate uh debris and like meteorites

948

00:37:03,510 --> 00:36:59,520

and so on because they're going so

949

00:37:06,550 --> 00:37:03,520

fast well fortunately most of space is

950

00:37:08,950 --> 00:37:06,560

really empty but if you're in a solar

951
00:37:12,069 --> 00:37:08,960
system like ours

952
00:37:14,470 --> 00:37:12,079
there's certain pot i just did some work

953
00:37:17,510 --> 00:37:14,480
on my own just working on

954
00:37:19,589 --> 00:37:17,520
trying not to fall into pitfalls

955
00:37:20,710 --> 00:37:19,599
if you don't do things right so let's

956
00:37:24,069 --> 00:37:20,720
just say

957
00:37:26,230 --> 00:37:24,079
you're coming in no let's make it easier

958
00:37:28,630 --> 00:37:26,240
you're circling the earth and you want

959
00:37:29,349 --> 00:37:28,640
to go back into deep space to some other

960
00:37:31,670 --> 00:37:29,359
star

961
00:37:34,310 --> 00:37:31,680
sure well the last thing you want to do

962
00:37:37,510 --> 00:37:34,320
is kick into hyperdrive or the you know

963
00:37:39,510 --> 00:37:37,520

the slipway bias drive and go a hundred

964

00:37:41,910 --> 00:37:39,520

thousand times the speed of light

965

00:37:42,790 --> 00:37:41,920

in the solar system there's a lot of

966

00:37:45,109 --> 00:37:42,800

debris

967

00:37:45,990 --> 00:37:45,119

especially across the plain of the

968

00:37:48,310 --> 00:37:46,000

ecliptic

969

00:37:50,310 --> 00:37:48,320

where all the planets are going we're

970

00:37:53,270 --> 00:37:50,320

all basically in the same plane

971

00:37:55,190 --> 00:37:53,280

going around the sun well there's an

972

00:37:55,589 --> 00:37:55,200

asteroid belt there and all kinds of

973

00:37:57,990 --> 00:37:55,599

stuff

974

00:37:58,790 --> 00:37:58,000

if you go out that way there's a good

975

00:38:01,829 --> 00:37:58,800

chance you'll hit

976
00:38:02,630 --> 00:38:01,839
something uh so what you want to do is

977
00:38:05,030 --> 00:38:02,640
you want to go

978
00:38:05,990 --> 00:38:05,040
at 90 degrees from the plane of the

979
00:38:09,589 --> 00:38:06,000
ecliptic

980
00:38:10,710 --> 00:38:09,599
and get out of all the you know debris

981
00:38:13,109 --> 00:38:10,720
that's going around

982
00:38:14,310 --> 00:38:13,119
in the solar system so you go maybe sub

983
00:38:17,430 --> 00:38:14,320
light speed and use

984
00:38:19,430 --> 00:38:17,440
standard radar you can use radar

985
00:38:21,750 --> 00:38:19,440
as long as you don't break the speed

986
00:38:24,069 --> 00:38:21,760
barrier light speed barrier

987
00:38:25,349 --> 00:38:24,079
so you use radar and everything to get

988
00:38:27,030 --> 00:38:25,359

safely away

989

00:38:29,030 --> 00:38:27,040

even at half the speed of light you're

990

00:38:29,910 --> 00:38:29,040

going to be out away from the solar

991

00:38:34,710 --> 00:38:29,920

system

992

00:38:40,310 --> 00:38:37,829

10 15 20 minutes you could be

993

00:38:41,750 --> 00:38:40,320

you know safely out of the plane of the

994

00:38:43,670 --> 00:38:41,760

ecliptic and then

995

00:38:44,790 --> 00:38:43,680

when you go from this star to the next

996

00:38:47,430 --> 00:38:44,800

star

997

00:38:47,990 --> 00:38:47,440

it's pretty much empty then you can ramp

998

00:38:49,430 --> 00:38:48,000

it up

999

00:38:51,829 --> 00:38:49,440

you can go to light speed and you'll

1000

00:38:54,230 --> 00:38:51,839

have to have a star chart in your system

1001
00:38:56,150 --> 00:38:54,240
because once you go beyond light speed

1002
00:38:59,750 --> 00:38:56,160
everything is going to turn black

1003
00:39:00,230 --> 00:38:59,760
ahead of you and in and behind you

1004
00:39:02,630 --> 00:39:00,240
because

1005
00:39:04,550 --> 00:39:02,640
of the doppler effect all the light is

1006
00:39:05,109 --> 00:39:04,560
going to get compressed through the blue

1007
00:39:07,030 --> 00:39:05,119
end

1008
00:39:08,870 --> 00:39:07,040
to the violet and you're not going to be

1009
00:39:09,990 --> 00:39:08,880
able to look out your window and see

1010
00:39:12,630 --> 00:39:10,000
anything it's going to look

1011
00:39:15,030 --> 00:39:12,640
a little scary it's not like in star

1012
00:39:18,550 --> 00:39:15,040
trek where you see the stars going by

1013
00:39:23,510 --> 00:39:21,910

it's what you might get at the far

1014

00:39:25,990 --> 00:39:23,520

you know in the middle of the ship if

1015

00:39:27,670 --> 00:39:26,000

you look out your window 90 degrees away

1016

00:39:29,670 --> 00:39:27,680

from your ship you might see a like a

1017

00:39:31,349 --> 00:39:29,680

rainbow effect

1018

00:39:32,710 --> 00:39:31,359

for any stars there because of the

1019

00:39:34,470 --> 00:39:32,720

doppler thing but

1020

00:39:36,069 --> 00:39:34,480

straight ahead and straight behind you

1021

00:39:38,069 --> 00:39:36,079

pitch black

1022

00:39:41,030 --> 00:39:38,079

and so in order to see again you're

1023

00:39:42,710 --> 00:39:41,040

going to have to have a digital screen

1024

00:39:44,550 --> 00:39:42,720

and you're going to still catch the

1025

00:39:47,190 --> 00:39:44,560

photons coming in which will be

1026
00:39:48,710 --> 00:39:47,200
highly compressed they will have to be

1027
00:39:50,790 --> 00:39:48,720
decompressed

1028
00:39:52,230 --> 00:39:50,800
so that they can be interpreted and you

1029
00:39:54,870 --> 00:39:52,240
have to have a sensor that can

1030
00:39:55,990 --> 00:39:54,880
handle this i mean these are like gamma

1031
00:39:59,190 --> 00:39:56,000
rays coming in

1032
00:39:59,750 --> 00:39:59,200
wait wait like you're gonna have to say

1033
00:40:01,829 --> 00:39:59,760
okay

1034
00:40:04,309 --> 00:40:01,839
now the wavelength is this we're going

1035
00:40:06,950 --> 00:40:04,319
at this speed we do the math we

1036
00:40:08,550 --> 00:40:06,960
turn it back into what it looks like and

1037
00:40:11,109 --> 00:40:08,560
you see that on the screen

1038
00:40:13,270 --> 00:40:11,119

so now you can see the stars going by

1039

00:40:15,190 --> 00:40:13,280

like in star trek and everything

1040

00:40:16,630 --> 00:40:15,200

but this takes very powerful computing

1041

00:40:19,190 --> 00:40:16,640

technology and

1042

00:40:21,750 --> 00:40:19,200

does it exist uh i think we could

1043

00:40:23,589 --> 00:40:21,760

probably handle that with um

1044

00:40:25,510 --> 00:40:23,599

the right kinds of uh computer

1045

00:40:26,230 --> 00:40:25,520

technology that we have now parallel

1046

00:40:28,870 --> 00:40:26,240

processing

1047

00:40:29,430 --> 00:40:28,880

stuff i think that's doable the thing

1048

00:40:31,510 --> 00:40:29,440

that

1049

00:40:32,710 --> 00:40:31,520

is in question is do we have sensors

1050

00:40:35,750 --> 00:40:32,720

that can

1051
00:40:39,349 --> 00:40:35,760
sense photons that have been compressed

1052
00:40:42,470 --> 00:40:39,359
into ranges that are

1053
00:40:45,670 --> 00:40:42,480
very small very tight you know

1054
00:40:46,950 --> 00:40:45,680
if if that's out there you know that's

1055
00:40:48,630 --> 00:40:46,960
something that the government or

1056
00:40:49,190 --> 00:40:48,640
whatever has already had to figure out

1057
00:40:53,270 --> 00:40:49,200
work

1058
00:40:54,710 --> 00:40:53,280
on it i'm guessing there's probably a

1059
00:40:58,390 --> 00:40:54,720
way to do it but

1060
00:41:01,030 --> 00:40:58,400
it's beyond my technological

1061
00:41:01,910 --> 00:41:01,040
knowledge in that area that's very

1062
00:41:04,470 --> 00:41:01,920
specific

1063
00:41:06,790 --> 00:41:04,480

material science kind of sure knowledge

1064

00:41:14,710 --> 00:41:10,950

yeah um i have a question for you um

1065

00:41:16,630 --> 00:41:14,720

what is your well see i do a lot of

1066

00:41:17,430 --> 00:41:16,640

research in like old documents and stuff

1067

00:41:20,710 --> 00:41:17,440

because that's

1068

00:41:23,589 --> 00:41:20,720

that's just fun to me yeah um and

1069

00:41:25,190 --> 00:41:23,599

you can see that they have been trying

1070

00:41:28,309 --> 00:41:25,200

to work on

1071

00:41:31,349 --> 00:41:28,319

uh anti-gravity for

1072

00:41:32,309 --> 00:41:31,359

maybe 40 years 50 years at least what is

1073

00:41:35,990 --> 00:41:32,319

your take

1074

00:41:41,670 --> 00:41:36,000

on some of these craft being man-made

1075

00:41:43,990 --> 00:41:41,680

uh i i know for sure we've done it

1076
00:41:45,349 --> 00:41:44,000
i've talked to an eyewitness who wants

1077
00:41:48,390 --> 00:41:45,359
at this time

1078
00:41:50,150 --> 00:41:48,400
to remain anonymous because that person

1079
00:41:52,950 --> 00:41:50,160
is afraid

1080
00:41:53,510 --> 00:41:52,960
and i can understand that uh and this

1081
00:41:56,870 --> 00:41:53,520
witness

1082
00:41:58,150 --> 00:41:56,880
was like this sighting was like 30 years

1083
00:42:01,829 --> 00:41:58,160
ago

1084
00:42:05,750 --> 00:42:01,839
and it was ours our stuff and by the way

1085
00:42:11,510 --> 00:42:09,670
rolling and humming noises um so

1086
00:42:13,510 --> 00:42:11,520
and i believe this person and i believe

1087
00:42:14,309 --> 00:42:13,520
they're credible they've had a great

1088
00:42:16,710 --> 00:42:14,319

career

1089

00:42:18,470 --> 00:42:16,720

they're professionals and there's no

1090

00:42:20,470 --> 00:42:18,480

indication that they're just making this

1091

00:42:22,230 --> 00:42:20,480

up for money or show or anything else

1092

00:42:23,270 --> 00:42:22,240

because they're completely been silent

1093

00:42:26,710 --> 00:42:23,280

about it

1094

00:42:29,990 --> 00:42:26,720

so from that perspective and many other

1095

00:42:33,270 --> 00:42:30,000

eyewitnesses accounts over area 51 by

1096

00:42:35,030 --> 00:42:33,280

airline pilots and stuff who saw craft

1097

00:42:39,270 --> 00:42:35,040

coming in from deep space

1098

00:42:48,790 --> 00:42:45,190

since 19 early 1950s maybe

1099

00:42:52,710 --> 00:42:48,800

1960s we had some working

1100

00:42:55,510 --> 00:42:52,720

machines that we we built

1101

00:42:57,589 --> 00:42:55,520

certainly in the 1970s we we got pretty

1102

00:43:00,550 --> 00:42:57,599

damn good at it i think

1103

00:43:01,670 --> 00:43:00,560

and now i'm sure we have really some

1104

00:43:04,870 --> 00:43:01,680

great

1105

00:43:05,910 --> 00:43:04,880

uh ufo technology but i've seen it

1106

00:43:07,750 --> 00:43:05,920

myself no

1107

00:43:11,030 --> 00:43:07,760

have you have anything to go off of

1108

00:43:14,710 --> 00:43:14,309

um no just basically you know going over

1109

00:43:17,030 --> 00:43:14,720

you know

1110

00:43:18,230 --> 00:43:17,040

like roswell and all that stuff um you

1111

00:43:21,430 --> 00:43:18,240

know you can

1112

00:43:25,030 --> 00:43:21,440

deduce quite a bit saying well okay

1113

00:43:27,829 --> 00:43:25,040

they've captured many ufos they've

1114

00:43:28,470 --> 00:43:27,839

reverse engineered them this is what

1115

00:43:30,069 --> 00:43:28,480

they do

1116

00:43:31,270 --> 00:43:30,079

they're not going to talk about it and

1117

00:43:33,270 --> 00:43:31,280

they're going to send out this

1118

00:43:34,550 --> 00:43:33,280

information and they're going to deny

1119

00:43:38,230 --> 00:43:34,560

and so forth

1120

00:43:41,270 --> 00:43:38,240

and you know i'm at the point where

1121

00:43:43,670 --> 00:43:41,280

i think we're beyond you know taking

1122

00:43:45,750 --> 00:43:43,680

that line of story and you know

1123

00:43:47,349 --> 00:43:45,760

pondering whether it's true or not i

1124

00:43:49,670 --> 00:43:47,359

think

1125

00:43:50,950 --> 00:43:49,680

i'm saying yeah it's true and let's just

1126

00:43:53,430 --> 00:43:50,960

stop playing around

1127

00:43:54,230 --> 00:43:53,440

and you know thinking this and thinking

1128

00:43:55,990 --> 00:43:54,240

that

1129

00:43:57,430 --> 00:43:56,000

yeah they've got it i'm pretty sure

1130

00:43:57,829 --> 00:43:57,440

they've got are they going to admit it

1131

00:44:01,270 --> 00:43:57,839

no

1132

00:44:03,589 --> 00:44:01,280

and and that's where we're at so do you

1133

00:44:05,270 --> 00:44:03,599

what do you make of bob lazar in his

1134

00:44:08,309 --> 00:44:05,280

story

1135

00:44:09,190 --> 00:44:08,319

you know i i'm not sure i i want to

1136

00:44:11,750 --> 00:44:09,200

believe him but

1137

00:44:13,270 --> 00:44:11,760

you know i try to match up things with

1138

00:44:15,430 --> 00:44:13,280

what i know how ufos

1139

00:44:16,710 --> 00:44:15,440

should work and yeah what he's saying

1140

00:44:19,750 --> 00:44:16,720

and i'm not

1141

00:44:21,589 --> 00:44:19,760

completely been able to do that yet

1142

00:44:23,829 --> 00:44:21,599

but there's a lot of people that really

1143

00:44:25,670 --> 00:44:23,839

believe in him and so you know i give

1144

00:44:28,470 --> 00:44:25,680

him some serious consideration

1145

00:44:30,069 --> 00:44:28,480

i have not talked to him myself but i've

1146

00:44:33,910 --> 00:44:30,079

listened to many of his shows

1147

00:44:36,069 --> 00:44:33,920

and um yeah i have an open mind about

1148

00:44:38,710 --> 00:44:36,079

him right now

1149

00:44:39,510 --> 00:44:38,720

i'm still still taking it in though

1150

00:44:42,390 --> 00:44:39,520

right

1151

00:44:43,990 --> 00:44:42,400

yeah i tried to look up like los alamos

1152

00:44:47,430 --> 00:44:44,000

stuff and i found some

1153

00:44:49,109 --> 00:44:47,440

um pretty good um like papers from them

1154

00:44:50,950 --> 00:44:49,119

in that time frame but it doesn't

1155

00:44:52,790 --> 00:44:50,960

mention names or anything

1156

00:44:54,150 --> 00:44:52,800

but it does mention a bunch of stuff i

1157

00:44:57,349 --> 00:44:54,160

don't understand

1158

00:44:58,870 --> 00:44:57,359

so so maybe i'll send it to you and

1159

00:45:00,710 --> 00:44:58,880

you'll be like no this is garbage

1160

00:45:02,030 --> 00:45:00,720

you never know whether it's the real

1161

00:45:04,470 --> 00:45:02,040

thing where it's

1162

00:45:05,190 --> 00:45:04,480

disinformation that's what makes this

1163

00:45:07,910 --> 00:45:05,200

whole

1164

00:45:11,030 --> 00:45:07,920

ballgame so interesting because there's

1165

00:45:14,550 --> 00:45:11,040

always that factor

1166

00:45:17,270 --> 00:45:14,560

this information would take the form of

1167

00:45:18,150 --> 00:45:17,280

saying things are this way when they're

1168

00:45:20,309 --> 00:45:18,160

not

1169

00:45:24,630 --> 00:45:20,319

and so people start thinking about it

1170

00:45:27,670 --> 00:45:24,640

and try to make inventions based on it

1171

00:45:29,750 --> 00:45:27,680

generally you know talking about

1172

00:45:31,349 --> 00:45:29,760

technologies and stuff that just don't

1173

00:45:34,710 --> 00:45:31,359

make sense

1174

00:45:35,670 --> 00:45:34,720

and my opinion of things that really

1175

00:45:38,230 --> 00:45:35,680

don't make sense

1176

00:45:40,309 --> 00:45:38,240

that aren't in any way testable and back

1177

00:45:43,030 --> 00:45:40,319

anyway to back it up

1178

00:45:45,109 --> 00:45:43,040

i don't take too seriously i still keep

1179

00:45:46,870 --> 00:45:45,119

an open mind if there's a way that i can

1180

00:45:48,950 --> 00:45:46,880

think in my mind to get that stuff to

1181

00:45:52,309 --> 00:45:48,960

work but

1182

00:45:55,190 --> 00:45:52,319

i deal from what i know

1183

00:45:56,710 --> 00:45:55,200

about the universe what i've discovered

1184

00:45:59,990 --> 00:45:56,720

and

1185

00:46:03,030 --> 00:46:00,000

what matches my uh my paradigm

1186

00:46:05,030 --> 00:46:03,040

and my thinking is that ufos use high

1187

00:46:08,309 --> 00:46:05,040

magnetics and ufos use a

1188

00:46:11,190 --> 00:46:08,319

very powerful energy source

1189

00:46:12,069 --> 00:46:11,200

and you know these are basic assumptions

1190

00:46:14,870 --> 00:46:12,079

that i'm

1191

00:46:16,390 --> 00:46:14,880

very sure are right and i go from that

1192

00:46:19,670 --> 00:46:16,400

when they start talking about

1193

00:46:23,190 --> 00:46:19,680

all kinds of weird elements and yeah one

1194

00:46:26,710 --> 00:46:23,200

element 115 or whatever yeah

1195

00:46:28,950 --> 00:46:26,720

and unless you could explain to me

1196

00:46:29,750 --> 00:46:28,960

how that element could be used to

1197

00:46:32,870 --> 00:46:29,760

generate

1198

00:46:35,670 --> 00:46:32,880

huge amounts of power

1199

00:46:35,990 --> 00:46:35,680

i'm not going to have buy-in because you

1200

00:46:38,069 --> 00:46:36,000

know

1201
00:46:40,550 --> 00:46:38,079
an element on his own being used as a

1202
00:46:42,710 --> 00:46:40,560
fuel somehow

1203
00:46:44,230 --> 00:46:42,720
i know basically when you get down to

1204
00:46:46,790 --> 00:46:44,240
the bottom line you need lots of

1205
00:46:49,829 --> 00:46:46,800
electrons moving through wire

1206
00:46:52,069 --> 00:46:49,839
and uh that's what this

1207
00:46:54,309 --> 00:46:52,079
system has to do in order to work you

1208
00:46:56,230 --> 00:46:54,319
need to get and it needs not to run out

1209
00:46:59,270 --> 00:46:56,240
in deep space

1210
00:47:01,589 --> 00:46:59,280
that would be bad

1211
00:47:02,470 --> 00:47:01,599
good luck you know if you're going

1212
00:47:06,550 --> 00:47:02,480
between you know

1213
00:47:07,270 --> 00:47:06,560

shaking aliens there's no gas station

1214

00:47:09,910 --> 00:47:07,280

out there

1215

00:47:10,470 --> 00:47:09,920

so you better have a reliable system

1216

00:47:16,309 --> 00:47:10,480

yeah

1217

00:47:22,829 --> 00:47:19,910

i guess so do you have you heard of eric

1218

00:47:25,190 --> 00:47:22,839

davis by chance

1219

00:47:28,390 --> 00:47:25,200

um so

1220

00:47:30,470 --> 00:47:28,400

or help put off okay

1221

00:47:31,829 --> 00:47:30,480

well um then i'm not gonna ask the

1222

00:47:33,510 --> 00:47:31,839

question

1223

00:47:35,910 --> 00:47:33,520

well there's a lot of there's a lot of

1224

00:47:37,589 --> 00:47:35,920

ufo guys that i don't know most of them

1225

00:47:39,270 --> 00:47:37,599

i don't know i only know a few of the

1226

00:47:41,430 --> 00:47:39,280

big ones that have been on tv

1227

00:47:44,150 --> 00:47:41,440

they ran like the remote view well hal

1228

00:47:46,549 --> 00:47:44,160

put off ran the remote viewing program

1229

00:47:47,190 --> 00:47:46,559

i did read a book about remote viewing

1230

00:47:48,470 --> 00:47:47,200

yeah

1231

00:47:50,630 --> 00:47:48,480

maybe he was in there i just don't

1232

00:47:50,950 --> 00:47:50,640

remember the name but i was fascinated

1233

00:47:52,950 --> 00:47:50,960

by

1234

00:47:54,470 --> 00:47:52,960

and it makes perfect sense to me that

1235

00:47:56,790 --> 00:47:54,480

they would be doing that

1236

00:47:57,829 --> 00:47:56,800

yeah doesn't it you should look into him

1237

00:48:00,950 --> 00:47:57,839

i think you

1238

00:48:02,390 --> 00:48:00,960

would um well i can't make a judgment

1239

00:48:05,750 --> 00:48:02,400

but i think you would

1240

00:48:08,950 --> 00:48:05,760

uh like the stuff that he's into and

1241

00:48:10,790 --> 00:48:08,960

it's kind of in your field house too uh

1242

00:48:12,710 --> 00:48:10,800

do your theories align i don't know

1243

00:48:16,069 --> 00:48:12,720

probably not but

1244

00:48:19,349 --> 00:48:16,079

who knows um he's

1245

00:48:24,950 --> 00:48:19,359

like the active person on this right now

1246

00:48:27,990 --> 00:48:27,349

send me a name and a link on email i'll

1247

00:48:31,109 --> 00:48:28,000

look that

1248

00:48:35,750 --> 00:48:31,119

i fill up and do some reading here cool

1249

00:48:39,109 --> 00:48:35,760

um if you had

1250

00:48:42,150 --> 00:48:39,119

one general like um kind of message for

1251
00:48:45,510 --> 00:48:42,160
everybody paying attention to

1252
00:48:49,190 --> 00:48:45,520
um i'll just say paranormal

1253
00:48:51,349 --> 00:48:49,200
ufos ghosts whatever

1254
00:48:53,270 --> 00:48:51,359
if you had one message for them in their

1255
00:48:56,470 --> 00:48:53,280
quest for that truth

1256
00:48:57,270 --> 00:48:56,480
what would it be yeah we should all be

1257
00:49:00,230 --> 00:48:57,280
focusing

1258
00:49:01,190 --> 00:49:00,240
on developing anti-gravity machines so

1259
00:49:03,829 --> 00:49:01,200
we should

1260
00:49:05,030 --> 00:49:03,839
the people who are doing the experiments

1261
00:49:07,190 --> 00:49:05,040
i'm going to propose

1262
00:49:08,150 --> 00:49:07,200
i have proposed in the book a specific

1263
00:49:10,549 --> 00:49:08,160

set but they're

1264

00:49:13,109 --> 00:49:10,559

they're really kind of general and i

1265

00:49:15,750 --> 00:49:13,119

have more specific ideas now

1266

00:49:16,390 --> 00:49:15,760

that uh that we should be working on we

1267

00:49:20,950 --> 00:49:16,400

need to

1268

00:49:23,349 --> 00:49:20,960

clearly establish that magnetism

1269

00:49:24,710 --> 00:49:23,359

uh can be used to create the

1270

00:49:27,750 --> 00:49:24,720

anti-gravity field

1271

00:49:30,390 --> 00:49:27,760

and break the light use the same

1272

00:49:31,990 --> 00:49:30,400

technology also allows you to break the

1273

00:49:35,270 --> 00:49:32,000

light speed barrier

1274

00:49:37,030 --> 00:49:35,280

which is very important you can't just

1275

00:49:40,150 --> 00:49:37,040

go at the speed of light

1276

00:49:42,710 --> 00:49:40,160

it's too slow you have to go tens

1277

00:49:43,349 --> 00:49:42,720

of thousands of times faster speed of

1278

00:49:46,150 --> 00:49:43,359

light

1279

00:49:47,589 --> 00:49:46,160

and that's a speed that's like not even

1280

00:49:49,750 --> 00:49:47,599

comprehensible to

1281

00:49:50,790 --> 00:49:49,760

to us it's pretty much the speed of a

1282

00:49:53,190 --> 00:49:50,800

god

1283

00:49:55,190 --> 00:49:53,200

and you can do that with the slip wave

1284

00:49:57,910 --> 00:49:55,200

spatial bias drive

1285

00:50:00,069 --> 00:49:57,920

so it's very important we start working

1286

00:50:00,870 --> 00:50:00,079

on this technology because once we get

1287

00:50:03,910 --> 00:50:00,880

it we'll meet

1288

00:50:04,309 --> 00:50:03,920

aliens we will meet them the government

1289

00:50:06,390 --> 00:50:04,319

will

1290

00:50:08,309 --> 00:50:06,400

be able to cover it up you know if we

1291

00:50:09,750 --> 00:50:08,319

you know build an airlines that goes to

1292

00:50:12,950 --> 00:50:09,760

proxima centauri

1293

00:50:15,349 --> 00:50:12,960

and gets there in 20 or 30 minutes

1294

00:50:16,150 --> 00:50:15,359

there's life there the general public

1295

00:50:18,549 --> 00:50:16,160

will know about

1296

00:50:19,270 --> 00:50:18,559

it and you know it will change

1297

00:50:22,230 --> 00:50:19,280

everything

1298

00:50:23,270 --> 00:50:22,240

and hopefully build us into a utopian

1299

00:50:26,549 --> 00:50:23,280

society

1300

00:50:30,549 --> 00:50:26,559

where our knowledge will advance uh

1301

00:50:33,190 --> 00:50:30,559

amazingly fast not only our

1302

00:50:33,910 --> 00:50:33,200

technology but our spiritual knowledge

1303

00:50:36,069 --> 00:50:33,920

as well

1304

00:50:37,750 --> 00:50:36,079

we'll learn that god is a universal

1305

00:50:39,030 --> 00:50:37,760

being it's you know we're not the center

1306

00:50:41,589 --> 00:50:39,040

of the universe

1307

00:50:43,349 --> 00:50:41,599

we have to put that thinking to bed

1308

00:50:46,309 --> 00:50:43,359

that's interesting

1309

00:50:48,150 --> 00:50:46,319

i mean there's it's interesting because

1310

00:50:49,589 --> 00:50:48,160

i'm hearing a lot of correlations

1311

00:50:52,790 --> 00:50:49,599

between what you're saying

1312

00:50:55,190 --> 00:50:52,800

and what other people who are

1313

00:50:56,470 --> 00:50:55,200

you know actively pushing disclosure on

1314

00:51:00,710 --> 00:50:56,480

the news and stuff

1315

00:51:04,150 --> 00:51:00,720

are saying but it you know they're

1316

00:51:06,470 --> 00:51:04,160

missing the god part basically you know

1317

00:51:08,150 --> 00:51:06,480

so it's just interesting because i feel

1318

00:51:11,910 --> 00:51:08,160

like a lot of people are

1319

00:51:15,270 --> 00:51:11,920

on the same kind of tip in road

1320

00:51:16,630 --> 00:51:15,280

um as far as you know the certain things

1321

00:51:18,470 --> 00:51:16,640

that you said like we have to do

1322

00:51:23,190 --> 00:51:18,480

anti-gravity

1323

00:51:24,710 --> 00:51:23,200

um and all that so um i think

1324

00:51:26,309 --> 00:51:24,720

i think it would be great if we could

1325

00:51:29,670 --> 00:51:26,319

all just

1326
00:51:30,230 --> 00:51:29,680
team up together you know to do this and

1327
00:51:32,470 --> 00:51:30,240
put our

1328
00:51:34,549 --> 00:51:32,480
check our differences at the door

1329
00:51:35,510 --> 00:51:34,559
exactly and strive to do something great

1330
00:51:38,150 --> 00:51:35,520
together

1331
00:51:40,950 --> 00:51:38,160
i i agree 100 percent with what you just

1332
00:51:43,270 --> 00:51:40,960
said that's exactly what has to happen

1333
00:51:44,069 --> 00:51:43,280
yeah and and what i guess what i was

1334
00:51:46,549 --> 00:51:44,079
trying to say

1335
00:51:48,150 --> 00:51:46,559
is that should be possible because we

1336
00:51:52,230 --> 00:51:48,160
all have so many

1337
00:51:54,630 --> 00:51:52,240
of the same you know uh quest for truth

1338
00:51:55,670 --> 00:51:54,640

that are around the same thing it's just

1339

00:51:59,670 --> 00:51:55,680

what divides us

1340

00:52:01,589 --> 00:51:59,680

is when we start committing to

1341

00:52:03,750 --> 00:52:01,599

to things and pushing them on other

1342

00:52:05,510 --> 00:52:03,760

people you know but in the end

1343

00:52:07,270 --> 00:52:05,520

we all just want truth and more

1344

00:52:10,470 --> 00:52:07,280

information

1345

00:52:13,510 --> 00:52:10,480

well we we have to do this sean this

1346

00:52:18,069 --> 00:52:13,520

has to happen why because

1347

00:52:20,950 --> 00:52:18,079

this system we live on is finite

1348

00:52:21,430 --> 00:52:20,960

the earth won't be around forever and it

1349

00:52:25,589 --> 00:52:21,440

could be

1350

00:52:29,910 --> 00:52:25,599

gone tomorrow it doesn't take much a

1351
00:52:30,950 --> 00:52:29,920
10 mile wide asteroid uh a a terrible

1352
00:52:34,470 --> 00:52:30,960
plague

1353
00:52:37,510 --> 00:52:34,480
i've studied different diseases just

1354
00:52:40,309 --> 00:52:37,520
and that occur on

1355
00:52:41,030 --> 00:52:40,319
you know in animals and insects and some

1356
00:52:44,390 --> 00:52:41,040
of them are

1357
00:52:44,829 --> 00:52:44,400
devastating if you know with a kill rate

1358
00:52:48,069 --> 00:52:44,839
of

1359
00:52:50,470 --> 00:52:48,079
99 or more

1360
00:52:51,750 --> 00:52:50,480
i one of those were to spread across the

1361
00:52:54,870 --> 00:52:51,760
earth if we don't have

1362
00:52:56,470 --> 00:52:54,880
another civilization isolated on another

1363
00:52:59,030 --> 00:52:56,480

star system

1364

00:52:59,750 --> 00:52:59,040

uh we're going to be in big trouble we

1365

00:53:02,230 --> 00:52:59,760

need the

1366

00:53:04,069 --> 00:53:02,240

technology i talk about my book the uh

1367

00:53:05,910 --> 00:53:04,079

drone technology used

1368

00:53:07,349 --> 00:53:05,920

if somebody want you know if an alien

1369

00:53:08,710 --> 00:53:07,359

wants to attack us

1370

00:53:10,630 --> 00:53:08,720

they don't have to come down with the

1371

00:53:11,430 --> 00:53:10,640

big ships you know with blasters and

1372

00:53:14,069 --> 00:53:11,440

everything

1373

00:53:15,510 --> 00:53:14,079

all they have to do is push one big

1374

00:53:18,549 --> 00:53:15,520

asteroid at us

1375

00:53:20,230 --> 00:53:18,559

and we're done yeah

1376
00:53:21,750 --> 00:53:20,240
and if we don't have a defense system

1377
00:53:24,549 --> 00:53:21,760
that can push that thing back

1378
00:53:26,309 --> 00:53:24,559
away we're in trouble so we are

1379
00:53:29,109 --> 00:53:26,319
vulnerable

1380
00:53:29,589 --> 00:53:29,119
until we get these things online we're

1381
00:53:32,230 --> 00:53:29,599
just

1382
00:53:33,829 --> 00:53:32,240
lucky another one hasn't come in and

1383
00:53:35,030 --> 00:53:33,839
wiped this out yet so that's your

1384
00:53:40,150 --> 00:53:35,040
message

1385
00:53:42,630 --> 00:53:40,160
good question

1386
00:53:43,990 --> 00:53:42,640
um how much time oh we're almost at the

1387
00:53:46,710 --> 00:53:44,000
hour mark so

1388
00:53:47,829 --> 00:53:46,720

um maybe one or two more questions if

1389

00:53:51,030 --> 00:53:47,839

that's okay with you

1390

00:53:51,270 --> 00:53:51,040

sure all right um talk to mark thoughts

1391

00:53:54,549 --> 00:53:51,280

on

1392

00:53:56,630 --> 00:53:54,559

et's being angels and how

1393

00:53:58,549 --> 00:53:56,640

related they may be to ancient

1394

00:54:02,309 --> 00:53:58,559

civilizations

1395

00:54:03,109 --> 00:54:02,319

well it's speculation or whatever i get

1396

00:54:06,150 --> 00:54:03,119

it but

1397

00:54:08,470 --> 00:54:06,160

um et's really tease

1398

00:54:10,470 --> 00:54:08,480

they can come from another star system

1399

00:54:13,510 --> 00:54:10,480

they can come from another galaxy

1400

00:54:16,870 --> 00:54:13,520

and also other dimensions

1401

00:54:19,910 --> 00:54:16,880

um and even other universes

1402

00:54:23,589 --> 00:54:19,920

which are all occurring in parallel

1403

00:54:26,150 --> 00:54:23,599

according to what i've learned so

1404

00:54:27,990 --> 00:54:26,160

you could say they're angels in a way if

1405

00:54:30,950 --> 00:54:28,000

they come from a sufficiently

1406

00:54:32,549 --> 00:54:30,960

higher dimension sure because that's

1407

00:54:33,030 --> 00:54:32,559

where really angels come from that's

1408

00:54:36,150 --> 00:54:33,040

like the

1409

00:54:39,109 --> 00:54:36,160

highest dimension you know where we

1410

00:54:40,069 --> 00:54:39,119

when we pass away and we go to heaven

1411

00:54:42,309 --> 00:54:40,079

dimension

1412

00:54:44,069 --> 00:54:42,319

yeah there are many higher some people

1413

00:54:46,230 --> 00:54:44,079

say they're 12 dimensions

1414

00:54:48,710 --> 00:54:46,240

now i'm not sure the specifics of how

1415

00:54:51,430 --> 00:54:48,720

many dimensions

1416

00:54:54,069 --> 00:54:51,440

there are higher dimensions and at some

1417

00:54:56,470 --> 00:54:54,079

point you get into the angelic realm

1418

00:54:58,069 --> 00:54:56,480

and those people really don't need

1419

00:55:00,150 --> 00:54:58,079

spaceships

1420

00:55:01,270 --> 00:55:00,160

if they're if they're flying in a

1421

00:55:05,190 --> 00:55:01,280

spaceship they're still

1422

00:55:07,349 --> 00:55:05,200

physical and because angels

1423

00:55:08,630 --> 00:55:07,359

and you know i've seen them on a couple

1424

00:55:11,270 --> 00:55:08,640

of attend

1425

00:55:12,710 --> 00:55:11,280

a couple of occasions and they don't

1426
00:55:15,510 --> 00:55:12,720
need spaceships

1427
00:55:19,829 --> 00:55:15,520
you've seen them you know that's what

1428
00:55:24,710 --> 00:55:22,950
yeah i had a visitation you know people

1429
00:55:25,829 --> 00:55:24,720
have this all the time where you get

1430
00:55:29,349 --> 00:55:25,839
saved

1431
00:55:36,110 --> 00:55:29,359
story in there where

1432
00:55:36,120 --> 00:55:40,789
[Music]

1433
00:55:44,710 --> 00:55:43,670
and those are angels you know they're

1434
00:55:47,030 --> 00:55:44,720
spirit guides

1435
00:55:47,750 --> 00:55:47,040
angels and they're in a high much higher

1436
00:55:50,630 --> 00:55:47,760
dimension

1437
00:55:51,910 --> 00:55:50,640
but et's coming in spaceships i would

1438
00:55:54,630 --> 00:55:51,920

classify them

1439

00:55:56,309 --> 00:55:54,640

still somewhere in our physical realm in

1440

00:55:59,190 --> 00:55:56,319

our physical dimension

1441

00:56:00,950 --> 00:55:59,200

yeah um do you think they pose any

1442

00:56:03,510 --> 00:56:00,960

threat

1443

00:56:04,150 --> 00:56:03,520

from what i hear some do and some don't

1444

00:56:06,309 --> 00:56:04,160

yeah which

1445

00:56:07,430 --> 00:56:06,319

kind of makes sense you know they're not

1446

00:56:10,150 --> 00:56:07,440

all going to be bad

1447

00:56:10,870 --> 00:56:10,160

they're not all going to be good um

1448

00:56:14,309 --> 00:56:10,880

there's

1449

00:56:17,270 --> 00:56:14,319

some that look at us like we're cattle

1450

00:56:19,030 --> 00:56:17,280

and and you know we're so far below them

1451

00:56:21,589 --> 00:56:19,040

evolutionary wise that they

1452

00:56:23,829 --> 00:56:21,599

they you know we look at ants like

1453

00:56:27,990 --> 00:56:23,839

they're nothing and they look at us with

1454

00:56:32,150 --> 00:56:30,390

they use us for breeding programs and so

1455

00:56:35,109 --> 00:56:32,160

forth there's a lot of stuff going on

1456

00:56:36,309 --> 00:56:35,119

from what i'm hearing yeah yeah not some

1457

00:56:38,470 --> 00:56:36,319

of it not so good

1458

00:56:41,430 --> 00:56:38,480

it makes me dizzy to think about and i

1459

00:56:43,990 --> 00:56:41,440

try not to get too deep into that stuff

1460

00:56:45,430 --> 00:56:44,000

yeah no i understand especially with

1461

00:56:46,950 --> 00:56:45,440

what you're working on you don't want to

1462

00:56:49,109 --> 00:56:46,960

be too distracted

1463

00:56:50,069 --> 00:56:49,119

by other things so that you could easily

1464

00:56:53,190 --> 00:56:50,079

take very far

1465

00:56:54,710 --> 00:56:53,200

if you're not careful yeah it goes it

1466

00:56:56,710 --> 00:56:54,720

becomes very heavy

1467

00:56:58,390 --> 00:56:56,720

and you know people give me their

1468

00:57:00,870 --> 00:56:58,400

accounts of what happened to them it's

1469

00:57:02,950 --> 00:57:00,880

horrifying in some cases

1470

00:57:04,230 --> 00:57:02,960

and i just can't go there and stay there

1471

00:57:06,789 --> 00:57:04,240

because i got real

1472

00:57:07,270 --> 00:57:06,799

tough stuff to think about and work on

1473

00:57:10,789 --> 00:57:07,280

right

1474

00:57:13,349 --> 00:57:10,799

and i can't let my brain get you know

1475

00:57:16,150 --> 00:57:13,359

swirling down into one of these um

1476

00:57:19,109 --> 00:57:16,160

situations

1477

00:57:19,670 --> 00:57:19,119

it's easy yeah i i don't get too deeply

1478

00:57:23,510 --> 00:57:19,680

involved

1479

00:57:25,589 --> 00:57:23,520

in you know alien abductions or anything

1480

00:57:25,990 --> 00:57:25,599

of that nature i'm interested mainly in

1481

00:57:28,549 --> 00:57:26,000

what they

1482

00:57:29,109 --> 00:57:28,559

saw and what the technology they saw was

1483

00:57:32,390 --> 00:57:29,119

right

1484

00:57:33,670 --> 00:57:32,400

well i'm i'm a big huge believer and

1485

00:57:37,270 --> 00:57:33,680

proponent of

1486

00:57:39,510 --> 00:57:37,280

um you know we all have

1487

00:57:40,309 --> 00:57:39,520

we're all a different piece to a larger

1488

00:57:42,710 --> 00:57:40,319

puzzle

1489

00:57:44,150 --> 00:57:42,720

so what you're not very into somebody

1490

00:57:46,309 --> 00:57:44,160

else is

1491

00:57:47,349 --> 00:57:46,319

you know but we need each other to to

1492

00:57:51,109 --> 00:57:47,359

paint the picture

1493

00:57:53,589 --> 00:57:51,119

so oh yeah yeah yeah um

1494

00:57:55,829 --> 00:57:53,599

well do you is there anything you want

1495

00:57:58,870 --> 00:57:55,839

to touch on or talk about before we

1496

00:58:00,230 --> 00:57:58,880

get out of here or well just that and i

1497

00:58:03,829 --> 00:58:00,240

would like

1498

00:58:06,870 --> 00:58:03,839

scientists to confirm my uh theory about

1499

00:58:08,069 --> 00:58:06,880

neutronium cores and stars and i suspect

1500

00:58:10,390 --> 00:58:08,079

this one on

1501

00:58:12,789 --> 00:58:10,400

the side all planets too they came

1502

00:58:15,430 --> 00:58:12,799

together the same way and that's why

1503

00:58:15,910 --> 00:58:15,440

you use the neutronium to build elements

1504

00:58:19,030 --> 00:58:15,920

because

1505

00:58:21,270 --> 00:58:19,040

it's strong enough to when it when

1506

00:58:22,390 --> 00:58:21,280

particles get near it like protons and

1507

00:58:25,349 --> 00:58:22,400

neutrons or

1508

00:58:27,109 --> 00:58:25,359

it fuses them into all the elements and

1509

00:58:28,069 --> 00:58:27,119

that you know for many years i've asked

1510

00:58:31,190 --> 00:58:28,079

myself how did

1511

00:58:33,190 --> 00:58:31,200

all the all the elements get here it's

1512

00:58:34,870 --> 00:58:33,200

no way they just fell from meteors and

1513

00:58:38,470 --> 00:58:34,880

collected

1514

00:58:41,589 --> 00:58:38,480

something made them something here

1515

00:58:43,750 --> 00:58:41,599

they were made right here and then the

1516

00:58:44,950 --> 00:58:43,760

neutronium core theory just popped in my

1517

00:58:47,109 --> 00:58:44,960

head and i say hey

1518

00:58:48,309 --> 00:58:47,119

the suns are building their systems in

1519

00:58:51,270 --> 00:58:48,319

that way

1520

00:58:53,270 --> 00:58:51,280

odds are the planets are just smaller

1521

00:58:55,430 --> 00:58:53,280

neutronium spheres that took in a bunch

1522

00:58:56,950 --> 00:58:55,440

of hydrogen and crushed it to helium and

1523

00:58:59,910 --> 00:58:56,960

then crushed it to carbon

1524

00:59:01,030 --> 00:58:59,920

crushed it to silicon eventually a crust

1525

00:59:04,230 --> 00:59:01,040

forms

1526

00:59:07,270 --> 00:59:04,240

and um this is this is

1527

00:59:09,589 --> 00:59:07,280

explaining why our earth core is still

1528

00:59:10,470 --> 00:59:09,599

molten there's something going on down

1529

00:59:13,430 --> 00:59:10,480

there

1530

00:59:14,309 --> 00:59:13,440

and um something probably having to do

1531

00:59:16,309 --> 00:59:14,319

with fusion

1532

00:59:17,349 --> 00:59:16,319

and earth probably eat some bad mexican

1533

00:59:19,270 --> 00:59:17,359

food

1534

00:59:21,750 --> 00:59:19,280

well you know it's got a lot of crap

1535

00:59:24,390 --> 00:59:21,760

it's got a lot of tectonics going on

1536

00:59:25,430 --> 00:59:24,400

a lot of volcanoes i'm a bit concerned

1537

00:59:27,829 --> 00:59:25,440

about that

1538

00:59:29,589 --> 00:59:27,839

is there an uptick in that is has there

1539

00:59:33,990 --> 00:59:29,599

been way more

1540

00:59:36,069 --> 00:59:34,000

volcanic uh sites and stuff and look at

1541

00:59:38,230 --> 00:59:36,079

all there's earthquakes happening all

1542

00:59:40,390 --> 00:59:38,240

day long every day

1543

00:59:41,910 --> 00:59:40,400

the earth's core i think is pretty

1544

00:59:45,270 --> 00:59:41,920

unstable and i

1545

00:59:47,030 --> 00:59:45,280

i do have concerns about it and i went

1546

00:59:48,950 --> 00:59:47,040

looking for something and i found it i

1547

00:59:50,390 --> 00:59:48,960

said look if there's fusion going on in

1548

00:59:52,069 --> 00:59:50,400

the center of the earth

1549

00:59:53,910 --> 00:59:52,079

neutrinos will be coming out of the

1550

00:59:55,990 --> 00:59:53,920

center and they're gonna bring that up

1551
00:59:57,270 --> 00:59:56,000
yeah and guess what they were they're

1552
00:59:59,190 --> 00:59:57,280
all coming out of the center of the

1553
01:00:01,670 --> 00:59:59,200
earth there's japanese scientists i

1554
01:00:03,430 --> 01:00:01,680
talked to appointed a neutrino detector

1555
01:00:05,589 --> 01:00:03,440
at the center of the earth and sure

1556
01:00:07,190 --> 01:00:05,599
enough they're coming right out of the

1557
01:00:09,430 --> 01:00:07,200
middle of the earth

1558
01:00:10,870 --> 01:00:09,440
it has only two explanations for that

1559
01:00:12,950 --> 01:00:10,880
fission and fusion

1560
01:00:14,470 --> 01:00:12,960
that's got to be a good feeling like a

1561
01:00:16,230 --> 01:00:14,480
like um

1562
01:00:18,069 --> 01:00:16,240
it really hits home kind of feeling for

1563
01:00:19,270 --> 01:00:18,079

you at that point i bet

1564

01:00:22,309 --> 01:00:19,280

well there's quite a few of those

1565

01:00:27,270 --> 01:00:22,319

feelings in the book yeah

1566

01:00:32,230 --> 01:00:30,470

so i appreciate your time um yeah i'll

1567

01:00:34,309 --> 01:00:32,240

post a link to your book on

1568

01:00:35,510 --> 01:00:34,319

you know the twitter and all that stuff

1569

01:00:37,510 --> 01:00:35,520

and i have the link

1570

01:00:39,750 --> 01:00:37,520

i believe in the description of the

1571

01:00:43,190 --> 01:00:39,760

video and greg here has been

1572

01:00:46,309 --> 01:00:43,200

um posting it uh so

1573

01:00:48,630 --> 01:00:46,319

hopefully people buy it um and

1574

01:00:50,309 --> 01:00:48,640

yeah i'll try to do you know i don't

1575

01:00:53,670 --> 01:00:50,319

know these people but i'm very

1576

01:00:55,430 --> 01:00:53,680

um tenacious so maybe i can help

1577

01:00:57,589 --> 01:00:55,440

you know uh get you in touch with the

1578

01:00:58,069 --> 01:00:57,599

people that are working on this stuff

1579

01:01:00,549 --> 01:00:58,079

right now

1580

01:01:02,470 --> 01:01:00,559

i appreciate this because each time i do

1581

01:01:03,190 --> 01:01:02,480

one of these i consider it another

1582

01:01:05,670 --> 01:01:03,200

beacon

1583

01:01:07,510 --> 01:01:05,680

that i'm setting out there yeah we're

1584

01:01:08,549 --> 01:01:07,520

all you know i'm looking to meet the

1585

01:01:10,950 --> 01:01:08,559

right people

1586

01:01:11,829 --> 01:01:10,960

to start building a starship yeah you

1587

01:01:14,230 --> 01:01:11,839

need help

1588

01:01:16,789 --> 01:01:14,240

so yeah i can't do this by myself i'm a

1589

01:01:18,630 --> 01:01:16,799

theorist and you know metaphysician

1590

01:01:20,789 --> 01:01:18,640

you know philosopher kind of guy but i

1591

01:01:24,230 --> 01:01:20,799

knew that i do know the dangers

1592

01:01:27,109 --> 01:01:24,240

of this type of space travel and i

1593

01:01:27,910 --> 01:01:27,119

i have very good ideas on how to build a

1594

01:01:31,030 --> 01:01:27,920

robot

1595

01:01:32,789 --> 01:01:31,040

robust uh safe design

1596

01:01:34,870 --> 01:01:32,799

so that you know people don't die in the

1597

01:01:38,309 --> 01:01:34,880

middle of nowhere yeah that's important

1598

01:01:41,430 --> 01:01:38,319

that's important all right sir

1599

01:01:42,789 --> 01:01:41,440

uh mark again i appreciate your time um

1600

01:01:45,910 --> 01:01:42,799

hopefully you'll come back

1601
01:01:48,230 --> 01:01:45,920
uh down the road whenever you want to uh

1602
01:01:50,309 --> 01:01:48,240
talk about something you're welcome here

1603
01:01:52,470 --> 01:01:50,319
i had a great time with you

1604
01:01:53,829 --> 01:01:52,480
um and i'll send you an email after this

1605
01:01:56,630 --> 01:01:53,839
after i'm done

1606
01:01:57,910 --> 01:01:56,640
all right sounds good everybody say bye

1607
01:02:03,109 --> 01:01:57,920
thank you sir

1608
01:02:05,990 --> 01:02:03,119
bye all right so that was a great show

1609
01:02:07,670 --> 01:02:06,000
he is a very smart person and is talking

1610
01:02:10,230 --> 01:02:07,680
about a lot of theories

1611
01:02:10,710 --> 01:02:10,240
that we might not be so familiar with

1612
01:02:14,150 --> 01:02:10,720
that

1613
01:02:17,190 --> 01:02:14,160

we possibly should be so i would

1614

01:02:17,670 --> 01:02:17,200

suggest buying his book and following

1615

01:02:20,789 --> 01:02:17,680

him

1616

01:02:22,789 --> 01:02:20,799

um because he has a lot to say

1617

01:02:25,109 --> 01:02:22,799

um and i did see some people commenting

1618

01:02:28,069 --> 01:02:25,119

on the whole god thing in the comments

1619

01:02:29,589 --> 01:02:28,079

um you know no one's ever asking you to

1620

01:02:32,870 --> 01:02:29,599

commit to that belief

1621

01:02:36,150 --> 01:02:32,880

it's it's a it's a possibility

1622

01:02:38,789 --> 01:02:36,160

um and you can pay attention to that or

1623

01:02:41,589 --> 01:02:38,799

not that's your prerogative

1624

01:02:42,230 --> 01:02:41,599

but with that being said we both respect

1625

01:02:45,109 --> 01:02:42,240

each other

1626

01:02:47,190 --> 01:02:45,119

in the choices we make for that then we

1627

01:02:49,750 --> 01:02:47,200

can get along

1628

01:02:50,230 --> 01:02:49,760

so with that being said i will let you

1629

01:02:53,190 --> 01:02:50,240

guys

1630

01:02:54,470 --> 01:02:53,200

go um i'll see you later tonight 8 p.m

1631

01:02:57,910 --> 01:02:54,480

central time

1632

01:02:59,430 --> 01:02:57,920

we have stephen bassett so i'll be tired

1633

01:03:01,270 --> 01:02:59,440

but i'll be here

1634

01:03:03,510 --> 01:03:01,280

and i'm gonna have some good questions
