

(c) color: bright as brightest stars - but small

Notice acute angles of triangle formed by outer three objects. Also lights appeared high in the NEN (or about 25° to 35° clockwise from the north)(road direction is 10° counterclockwise from the north).

As "lights" approached us (turning westward) they appeared as shown in the figure below (see point (c) on trajectory of overall colored figured) from our line of sight.

Figure 2.

- (a) Approximate formation (scale)
- (b) Center object was now "jumping around" but not as much as when overhead.

Note: Obtuse angle at top.

00:00:10,880 --> 00:00:21,830
i'm witness citizen

2
00:00:21,840 --> 00:00:32,709
witness citizens

3
00:00:54,950 --> 00:00:34,720
witness citizen

4
00:01:02,709 --> 00:00:58,389
what's up everybody how are you

5
00:01:03,670 --> 00:01:02,719
doing um we have a really great friday

6
00:01:08,310 --> 00:01:03,680
today

7
00:01:10,789 --> 00:01:08,320
um we have a mr david marlar joining us

8
00:01:13,190 --> 00:01:10,799
i'm super excited to bring him in uh

9
00:01:15,350 --> 00:01:13,200
what's up disclosure team

10
00:01:16,310 --> 00:01:15,360
how you doing and we have a bonus i

11
00:01:17,670 --> 00:01:16,320
thought we were only going to get him

12
00:01:20,230 --> 00:01:17,680
for a half hour

13
00:01:20,870 --> 00:01:20,240

he's uh on his lunch break at work and

14

00:01:25,429 --> 00:01:20,880

he

15

00:01:27,270 --> 00:01:25,439

really bored or something i won't hold

16

00:01:29,590 --> 00:01:27,280

them to that

17

00:01:31,429 --> 00:01:29,600

um but that's super exciting uh

18

00:01:32,230 --> 00:01:31,439

yesterday we had a great day we had nick

19

00:01:35,429 --> 00:01:32,240

pope and

20

00:01:38,870 --> 00:01:35,439

lou elizondo uh that was fantastic

21

00:01:42,069 --> 00:01:38,880

um so i hope some of you

22

00:01:45,590 --> 00:01:42,079

will continue to come back so

23

00:01:48,870 --> 00:01:45,600

uh hi linda uh with that said

24

00:01:52,870 --> 00:01:48,880

i will um not waste any time

25

00:01:54,870 --> 00:01:52,880

david marlar is super smart um what

26

00:01:55,910 --> 00:01:54,880

i'll be honest what really piqued my

27

00:01:59,510 --> 00:01:55,920

interest with him

28

00:02:00,230 --> 00:01:59,520

was his uh podcast with zach on project

29

00:02:01,910 --> 00:02:00,240

human

30

00:02:03,670 --> 00:02:01,920

i thought that was just really great and

31

00:02:06,709 --> 00:02:03,680

grounded um

32

00:02:09,910 --> 00:02:06,719

and it's a really smart idea to to

33

00:02:11,270 --> 00:02:09,920

focus yourself on one aspect of this as

34

00:02:13,350 --> 00:02:11,280

you know all of it at once can be

35

00:02:16,390 --> 00:02:13,360

overwhelming so um

36

00:02:19,830 --> 00:02:16,400

with that being said i will bring in

37

00:02:22,790 --> 00:02:19,840

mr uh david marlar how are you

38

00:02:23,110 --> 00:02:22,800

hello uh great to be with you today yeah

39

00:02:25,350 --> 00:02:23,120

uh

40

00:02:26,550 --> 00:02:25,360

it's it's our pleasure to have you for

41

00:02:29,430 --> 00:02:26,560

sure

42

00:02:30,470 --> 00:02:29,440

um when is the last time you've done uh

43

00:02:32,470 --> 00:02:30,480

interview

44

00:02:34,710 --> 00:02:32,480

oh i've been doing them weekly it seems

45

00:02:36,790 --> 00:02:34,720

like uh with the interest as you know

46

00:02:40,390 --> 00:02:36,800

sean and your audience with regard to

47

00:02:41,990 --> 00:02:40,400

ufos uaps the pentagon ufo report

48

00:02:44,070 --> 00:02:42,000

i've been writing articles doing

49

00:02:46,150 --> 00:02:44,080

interviews both local regional as well

50

00:02:47,830 --> 00:02:46,160

as national international it's just been

51
00:02:50,470 --> 00:02:47,840
a whirlwind

52
00:02:51,670 --> 00:02:50,480
uh yeah you know we want to see more

53
00:02:53,589 --> 00:02:51,680
interest in the subject

54
00:02:55,750 --> 00:02:53,599
but you know it's kind of the old adage

55
00:02:57,670 --> 00:02:55,760
you know be careful what you wish for

56
00:02:59,030 --> 00:02:57,680
because yeah i suppose we've gone from

57
00:03:01,190 --> 00:02:59,040
you know uh from

58
00:03:02,710 --> 00:03:01,200
uh not feast to famine but famine to

59
00:03:05,110 --> 00:03:02,720
feast with regard to interest in the

60
00:03:06,470 --> 00:03:05,120
subject everybody's interested now and

61
00:03:08,470 --> 00:03:06,480
it's an exciting time but it's an

62
00:03:10,390 --> 00:03:08,480
exhausting time

63
00:03:11,830 --> 00:03:10,400

especially trying as i have over the

64

00:03:13,750 --> 00:03:11,840

years to try to

65

00:03:14,869 --> 00:03:13,760

present the material in a credible

66

00:03:17,830 --> 00:03:14,879

fashion sure

67

00:03:19,509 --> 00:03:17,840

and as with any subject once a subject

68

00:03:20,710 --> 00:03:19,519

starts to garner attention

69

00:03:23,350 --> 00:03:20,720

suddenly everyone comes out of the

70

00:03:25,430 --> 00:03:23,360

woodwork as an an instant expert

71

00:03:26,869 --> 00:03:25,440

and they're out there quite often outing

72

00:03:27,910 --> 00:03:26,879

things that might not be grounded in

73

00:03:30,229 --> 00:03:27,920

fact

74

00:03:31,670 --> 00:03:30,239

yeah isn't it that's pretty unreal isn't

75

00:03:35,110 --> 00:03:31,680

it to um

76

00:03:38,550 --> 00:03:35,120

you know have people proclaim

77

00:03:41,110 --> 00:03:38,560

facts really at all that are specific

78

00:03:42,949 --> 00:03:41,120

yeah absolutely and the people that call

79

00:03:44,550 --> 00:03:42,959

themselves you know ufo experts which

80

00:03:45,750 --> 00:03:44,560

i've always avoided that term i don't

81

00:03:46,869 --> 00:03:45,760

know how we can be an expert in

82

00:03:47,990 --> 00:03:46,879

something that we don't even know what

83

00:03:50,630 --> 00:03:48,000

we're dealing with

84

00:03:52,309 --> 00:03:50,640

right right right right um we can be

85

00:03:55,270 --> 00:03:52,319

observers and collectors

86

00:03:55,670 --> 00:03:55,280

and try to put puzzle pieces together

87

00:03:57,750 --> 00:03:55,680

but

88

00:03:59,910 --> 00:03:57,760

yeah exactly and i have lots of puzzle

89

00:04:01,190 --> 00:03:59,920

pieces but as i've often said and i said

90

00:04:02,630 --> 00:04:01,200

on the history channel segment with

91

00:04:04,550 --> 00:04:02,640

chris mellon last year

92

00:04:06,309 --> 00:04:04,560

i and i'm glad it made the final cut i

93

00:04:08,229 --> 00:04:06,319

have lots of data but data doesn't

94

00:04:10,229 --> 00:04:08,239

necessarily equate to answers so

95

00:04:12,149 --> 00:04:10,239

sure you know i have lots of knowledge

96

00:04:14,149 --> 00:04:12,159

up in this great gray matter but as far

97

00:04:14,869 --> 00:04:14,159

as getting back from information to

98

00:04:17,110 --> 00:04:14,879

answers

99

00:04:20,550 --> 00:04:17,120

we're still working on that yeah and i

100

00:04:24,150 --> 00:04:20,560

think you know not even knowing

101
00:04:27,350 --> 00:04:24,160
you know you don't you have pieces

102
00:04:28,629 --> 00:04:27,360
to put together a puzzle a puzzle

103
00:04:30,710 --> 00:04:28,639
that you don't even know what it looks

104
00:04:32,790 --> 00:04:30,720
like you know

105
00:04:34,390 --> 00:04:32,800
it's so hard i've used that analogy in

106
00:04:35,510 --> 00:04:34,400
my lectures across the country over the

107
00:04:37,990 --> 00:04:35,520
years that

108
00:04:40,150 --> 00:04:38,000
we may be dealing with the situation you

109
00:04:41,270 --> 00:04:40,160
know just just to postulate this idea

110
00:04:44,629 --> 00:04:41,280
for a moment

111
00:04:45,189 --> 00:04:44,639
we try to as humans find patterns in the

112
00:04:47,270 --> 00:04:45,199
data

113
00:04:48,710 --> 00:04:47,280

and usually kind of approach it from a

114

00:04:50,950 --> 00:04:48,720

simplistic standpoint

115

00:04:52,870 --> 00:04:50,960

we look at all these disparate elements

116

00:04:53,909 --> 00:04:52,880

with regard to the quote-unquote ufo

117

00:04:56,310 --> 00:04:53,919

subject

118

00:04:57,590 --> 00:04:56,320

and we try to put it all into one box

119

00:05:00,310 --> 00:04:57,600

and the reality is

120

00:05:01,909 --> 00:05:00,320

as i've likened the the subject matter

121

00:05:03,670 --> 00:05:01,919

imagine a five-year-old child and you

122

00:05:05,350 --> 00:05:03,680

present them with a box with no picture

123

00:05:06,390 --> 00:05:05,360

on it and inside are all these puzzle

124

00:05:09,029 --> 00:05:06,400

pieces

125

00:05:10,070 --> 00:05:09,039

his first inclination is to start

126

00:05:11,590 --> 00:05:10,080

putting all these together

127

00:05:13,510 --> 00:05:11,600

with the idea that it's it's gonna

128

00:05:15,350 --> 00:05:13,520

formulate one picture

129

00:05:16,550 --> 00:05:15,360

right what the child doesn't know is i

130

00:05:18,550 --> 00:05:16,560

actually took four or five different

131

00:05:21,670 --> 00:05:18,560

puzzles put them all in one box

132

00:05:23,430 --> 00:05:21,680

with no picture that's so i mean i think

133

00:05:24,070 --> 00:05:23,440

that's an interesting analogy to the ufo

134

00:05:25,990 --> 00:05:24,080

subject

135

00:05:27,350 --> 00:05:26,000

it really is we try to put it all into

136

00:05:30,230 --> 00:05:27,360

one you know

137

00:05:31,670 --> 00:05:30,240

uh silo of information if you will but

138

00:05:32,550 --> 00:05:31,680

we may be dealing with disparate

139

00:05:34,230 --> 00:05:32,560
elements

140

00:05:36,469 --> 00:05:34,240
different phenomenon that are

141

00:05:38,950 --> 00:05:36,479
interrelated maybe overlapping

142

00:05:41,110 --> 00:05:38,960
but no one answer i think is going to

143

00:05:43,749 --> 00:05:41,120
address all of the data that we have

144

00:05:45,270 --> 00:05:43,759
right yeah and that's a reasonable thing

145

00:05:48,230 --> 00:05:45,280
to say especially

146

00:05:49,430 --> 00:05:48,240
the preliminary report that we got um

147

00:05:52,870 --> 00:05:49,440
does kind of explain

148

00:05:54,710 --> 00:05:52,880
as much more or less too so absolutely

149

00:05:56,550 --> 00:05:54,720
yeah and i've actually been rather

150

00:05:57,990 --> 00:05:56,560
intrigued by the pentagon ufo report i

151
00:05:59,270 --> 00:05:58,000
know there's a lot of disappointment

152
00:06:01,189 --> 00:05:59,280
with regard to it

153
00:06:02,309 --> 00:06:01,199
but there are some salient points that

154
00:06:03,670 --> 00:06:02,319
they they address

155
00:06:05,590 --> 00:06:03,680
in that report which are rather

156
00:06:06,870 --> 00:06:05,600
interesting yeah

157
00:06:08,950 --> 00:06:06,880
you know they talk about the different

158
00:06:11,830 --> 00:06:08,960
categories explanations that might

159
00:06:12,870 --> 00:06:11,840
be attributed to some of these uap uh

160
00:06:15,830 --> 00:06:12,880
incidents

161
00:06:16,950 --> 00:06:15,840
and they have that category other uh

162
00:06:20,710 --> 00:06:16,960
right here the u.s

163
00:06:22,150 --> 00:06:20,720

ketchup um and it does suggest at one

164

00:06:23,909 --> 00:06:22,160

point in the report that these could be

165

00:06:26,950 --> 00:06:23,919

foreign adversaries but uh

166

00:06:28,629 --> 00:06:26,960

i think i may even have the report here

167

00:06:30,870 --> 00:06:28,639

let me see if i can find it amongst all

168

00:06:32,469 --> 00:06:30,880

my papers here yeah

169

00:06:34,150 --> 00:06:32,479

there was one statement that i thought

170

00:06:36,230 --> 00:06:34,160

was rather telling

171

00:06:38,629 --> 00:06:36,240

and i probably won't be able to find it

172

00:06:39,990 --> 00:06:38,639

now oh here we are

173

00:06:42,629 --> 00:06:40,000

i just want to make sure i quote this

174

00:06:44,790 --> 00:06:42,639

accurately but there was one

175

00:06:46,950 --> 00:06:44,800

statement that was buried if you will

176
00:06:47,909 --> 00:06:46,960
amongst the body of the rest of the text

177
00:06:49,110 --> 00:06:47,919
and i thought this was rather

178
00:06:50,070 --> 00:06:49,120
interesting i haven't heard anybody

179
00:06:53,270 --> 00:06:50,080
touch on this

180
00:06:53,909 --> 00:06:53,280
sure it says we currently lack data to

181
00:06:56,950 --> 00:06:53,919
indicate

182
00:06:57,830 --> 00:06:56,960
any uap are part of a foreign collection

183
00:07:00,070 --> 00:06:57,840
program

184
00:07:02,550 --> 00:07:00,080
or indicative of a major technological

185
00:07:05,589 --> 00:07:02,560
advancement by a potential adversary

186
00:07:09,270 --> 00:07:08,150
we don't think at least some of these

187
00:07:12,230 --> 00:07:09,280
are foreign

188
00:07:13,189 --> 00:07:12,240

yes so did you guys hear that by chance

189

00:07:16,230 --> 00:07:13,199

hopefully

190

00:07:17,589 --> 00:07:16,240

in the chat room yeah that is great i

191

00:07:18,469 --> 00:07:17,599

think that's an interesting statement

192

00:07:19,830 --> 00:07:18,479

again

193

00:07:21,670 --> 00:07:19,840

it's not just going to throw it out

194

00:07:22,150 --> 00:07:21,680

there to where it's blatantly obvious

195

00:07:23,670 --> 00:07:22,160

but

196

00:07:25,589 --> 00:07:23,680

if you read between the lines and you

197

00:07:27,830 --> 00:07:25,599

pick out some of these sentences

198

00:07:29,510 --> 00:07:27,840

they're quite telling yeah and then you

199

00:07:32,309 --> 00:07:29,520

combine that just with the

200

00:07:33,589 --> 00:07:32,319

identified 1 out of 100 something well

201
00:07:35,189 --> 00:07:33,599
it's interesting because

202
00:07:37,430 --> 00:07:35,199
you know i was comparing some of the

203
00:07:37,990 --> 00:07:37,440
conclusions of this most recent pentagon

204
00:07:40,790 --> 00:07:38,000
uap

205
00:07:43,029 --> 00:07:40,800
report to historical reports that we've

206
00:07:44,950 --> 00:07:43,039
had through military and intelligence

207
00:07:46,070 --> 00:07:44,960
one of the most glaring of course is

208
00:07:48,390 --> 00:07:46,080
1969

209
00:07:50,230 --> 00:07:48,400
project blue book conclusions right

210
00:07:50,950 --> 00:07:50,240
three conclusions they had one of which

211
00:07:53,430 --> 00:07:50,960
stated

212
00:07:55,510 --> 00:07:53,440
very matter-of-factly ufos do not

213
00:07:57,830 --> 00:07:55,520

constitute a threat to national security

214

00:07:59,189 --> 00:07:57,840

yeah then we get this pentagon report it

215

00:08:01,510 --> 00:07:59,199

says the exact opposite

216

00:08:02,710 --> 00:08:01,520

so from a historical standpoint it's a

217

00:08:04,629 --> 00:08:02,720

complete 180

218

00:08:06,469 --> 00:08:04,639

from where we were in the late 60s with

219

00:08:08,150 --> 00:08:06,479

regard to the subject and so

220

00:08:09,749 --> 00:08:08,160

i find that encouraging obviously

221

00:08:10,150 --> 00:08:09,759

there's a lot more information out there

222

00:08:11,350 --> 00:08:10,160

and

223

00:08:13,670 --> 00:08:11,360

the other thing that's interesting as

224

00:08:15,510 --> 00:08:13,680

you pointed out very astutely

225

00:08:16,950 --> 00:08:15,520

is the fact that the vast majority of

226
00:08:18,469 --> 00:08:16,960
these they can't explain there was only

227
00:08:19,510 --> 00:08:18,479
one they said that was attributed to a

228
00:08:21,189 --> 00:08:19,520
balloon

229
00:08:22,950 --> 00:08:21,199
right what's interesting about the

230
00:08:24,070 --> 00:08:22,960
subset of data that they looked at is

231
00:08:27,189 --> 00:08:24,080
they were all through

232
00:08:28,950 --> 00:08:27,199
credible military sources admittedly

233
00:08:30,629 --> 00:08:28,960
blue book and even civilian ufo

234
00:08:32,230 --> 00:08:30,639
investigations that we've conducted over

235
00:08:35,269 --> 00:08:32,240
the decades

236
00:08:38,829 --> 00:08:35,279
quite often are civilian ufo reports

237
00:08:40,070 --> 00:08:38,839
right unqualified observers unverifiable

238
00:08:42,389 --> 00:08:40,080

information uh

239

00:08:44,710 --> 00:08:42,399

lack of data in the form of radar and

240

00:08:46,389 --> 00:08:44,720

other technologies to basically support

241

00:08:48,550 --> 00:08:46,399

the eyewitness testimony

242

00:08:50,070 --> 00:08:48,560

right they have a very select you know

243

00:08:52,870 --> 00:08:50,080

they have the filet mignon

244

00:08:53,190 --> 00:08:52,880

if you will of reports because they do

245

00:08:56,310 --> 00:08:53,200

have

246

00:08:59,110 --> 00:08:56,320

credible military observers multiple uh

247

00:08:59,750 --> 00:08:59,120

multiple sensing apparatus uh radcliffe

248

00:09:01,829 --> 00:08:59,760

last year

249

00:09:03,269 --> 00:09:01,839

even reference satellite imagery yeah

250

00:09:03,829 --> 00:09:03,279

you probably shouldn't have said that i

251
00:09:06,310 --> 00:09:03,839
bet but

252
00:09:07,590 --> 00:09:06,320
that was like the tongue yeah because it

253
00:09:09,269 --> 00:09:07,600
really doesn't go into that level of

254
00:09:11,430 --> 00:09:09,279
specificity to the report

255
00:09:12,949 --> 00:09:11,440
but uh but it's interesting because they

256
00:09:16,550 --> 00:09:12,959
truly did have a very

257
00:09:17,670 --> 00:09:16,560
choice uh highly credible set of data

258
00:09:20,550 --> 00:09:17,680
that they were looking at

259
00:09:21,590 --> 00:09:20,560
so it's no surprise that only one could

260
00:09:23,190 --> 00:09:21,600
they explain away

261
00:09:25,430 --> 00:09:23,200
due to a prosaic conventional

262
00:09:26,070 --> 00:09:25,440
explanation yeah that is very

263
00:09:28,550 --> 00:09:26,080

interesting

264

00:09:29,350 --> 00:09:28,560

yeah and speaking of historical uh

265

00:09:33,910 --> 00:09:29,360

records

266

00:09:36,790 --> 00:09:33,920

um i would i mean i can think of

267

00:09:38,389 --> 00:09:36,800

at least maybe three or four other

268

00:09:40,550 --> 00:09:38,399

reports some of which

269

00:09:41,509 --> 00:09:40,560

maybe haven't even gone public just

270

00:09:44,150 --> 00:09:41,519

scientific

271

00:09:45,590 --> 00:09:44,160

advisory board right tech report or

272

00:09:47,990 --> 00:09:45,600

whatever atic

273

00:09:50,150 --> 00:09:48,000

sure oh absolutely yeah the famous

274

00:09:54,389 --> 00:09:50,160

estimate of the situation right back in

275

00:09:55,829 --> 00:09:54,399

48 that's an interesting one and uh but

276

00:09:57,670 --> 00:09:55,839

again uh you know general hoyt

277

00:09:58,310 --> 00:09:57,680

vandenberg shot that down because he

278

00:09:59,829 --> 00:09:58,320

said

279

00:10:01,110 --> 00:09:59,839

when they basically came to the

280

00:10:02,870 --> 00:10:01,120

conclusion the scientists and

281

00:10:04,630 --> 00:10:02,880

intelligence individuals that drafted

282

00:10:06,150 --> 00:10:04,640

that that these things are most likely

283

00:10:08,949 --> 00:10:06,160

interplanetary in origin

284

00:10:10,949 --> 00:10:08,959

yeah i think rightly so hoyt vandenberg

285

00:10:12,150 --> 00:10:10,959

at the time shot it down and uh even

286

00:10:14,150 --> 00:10:12,160

interviews i have

287

00:10:15,829 --> 00:10:14,160

uh with the late dewey fournette i have

288

00:10:17,590 --> 00:10:15,839

some old audio recordings where he talks

289

00:10:19,509 --> 00:10:17,600

about because he was one of the few

290

00:10:22,069 --> 00:10:19,519

within the intelligence circles he was

291

00:10:23,990 --> 00:10:22,079

the pentagon liaison officer

292

00:10:26,630 --> 00:10:24,000

i have some interviews with him where he

293

00:10:28,230 --> 00:10:26,640

even conceded decades later to a a

294

00:10:29,430 --> 00:10:28,240

friend and a fellow colleague in the

295

00:10:31,750 --> 00:10:29,440

field that

296

00:10:32,630 --> 00:10:31,760

um he felt it was the right assessment

297

00:10:35,030 --> 00:10:32,640

because

298

00:10:35,910 --> 00:10:35,040

it was a very small subset of early

299

00:10:37,910 --> 00:10:35,920

reports

300

00:10:39,670 --> 00:10:37,920

there was physical evidence to back it

301
00:10:42,550 --> 00:10:39,680
up and i think there were even

302
00:10:43,590 --> 00:10:42,560
few if any radar to to back up some of

303
00:10:46,150 --> 00:10:43,600
the cases that

304
00:10:47,269 --> 00:10:46,160
supposedly were looked at uh prior to

305
00:10:49,269 --> 00:10:47,279
drafting that report

306
00:10:51,269 --> 00:10:49,279
so you know in absence of physical

307
00:10:52,069 --> 00:10:51,279
evidence you know it's really hard and

308
00:10:54,310 --> 00:10:52,079
again really

309
00:10:55,750 --> 00:10:54,320
we can postulate we have the luxury of

310
00:10:58,069 --> 00:10:55,760
civilians we're good at it

311
00:10:59,430 --> 00:10:58,079
through we've made an art form out of it

312
00:11:02,150 --> 00:10:59,440
right

313
00:11:04,310 --> 00:11:02,160

but we we have that luxury where we can

314

00:11:07,110 --> 00:11:04,320

casually throw out what we believe

315

00:11:08,790 --> 00:11:07,120

with regard to the ufo subject we have

316

00:11:09,190 --> 00:11:08,800

to understand that the people drafting

317

00:11:12,069 --> 00:11:09,200

this

318

00:11:12,870 --> 00:11:12,079

latest pentagon report have to be very

319

00:11:15,910 --> 00:11:12,880

judicious

320

00:11:17,110 --> 00:11:15,920

in the words the phrasing and they're

321

00:11:19,670 --> 00:11:17,120

sticking their neck out

322

00:11:20,949 --> 00:11:19,680

if they make a claim they damn well

323

00:11:21,509 --> 00:11:20,959

better be able to back that up with

324

00:11:23,509 --> 00:11:21,519

facts

325

00:11:25,430 --> 00:11:23,519

and so it's no surprise it's an

326

00:11:26,550 --> 00:11:25,440

extremely conservative report and with

327

00:11:28,389 --> 00:11:26,560

the understanding this is the

328

00:11:30,069 --> 00:11:28,399

unclassified report

329

00:11:32,710 --> 00:11:30,079

obviously there's much more meat on the

330

00:11:33,509 --> 00:11:32,720

bone if we had access to the classified

331

00:11:36,230 --> 00:11:33,519

report

332

00:11:38,630 --> 00:11:36,240

right yeah um i know black vault's

333

00:11:41,750 --> 00:11:38,640

trying to get that i wish him luck

334

00:11:44,790 --> 00:11:41,760

john's doing a great job um but i guess

335

00:11:47,030 --> 00:11:44,800

you know good news is it it really was

336

00:11:48,790 --> 00:11:47,040

preliminary and it it sounds like from

337

00:11:49,990 --> 00:11:48,800

the memorandum that came out shortly

338

00:11:52,870 --> 00:11:50,000

afterwards

339

00:11:53,750 --> 00:11:52,880

they'll have another report in 90 days i

340

00:12:01,030 --> 00:11:53,760

hope

341

00:12:02,230 --> 00:12:01,040

transparency absolutely no absolutely

342

00:12:04,069 --> 00:12:02,240

and the thing i think we also have to

343

00:12:05,750 --> 00:12:04,079

keep in mind taking a step back for a

344

00:12:07,430 --> 00:12:05,760

moment

345

00:12:08,870 --> 00:12:07,440

we've talked about this for many decades

346

00:12:12,150 --> 00:12:08,880

in the ufo field

347

00:12:14,470 --> 00:12:12,160

any military or defense

348

00:12:16,710 --> 00:12:14,480

contractor would love to get their hands

349

00:12:18,310 --> 00:12:16,720

on this type of advanced technology

350

00:12:20,230 --> 00:12:18,320

anybody that could harness how these

351

00:12:22,150 --> 00:12:20,240

ufos fly could

352

00:12:24,870 --> 00:12:22,160

rule the world i mean it would be a game

353

00:12:26,550 --> 00:12:24,880

changing event on the global scale

354

00:12:29,190 --> 00:12:26,560

and what's interesting about that is the

355

00:12:31,110 --> 00:12:29,200

fact that we have all these different

356

00:12:32,629 --> 00:12:31,120

countries like russia and china as well

357

00:12:35,430 --> 00:12:32,639

as the united states

358

00:12:36,629 --> 00:12:35,440

trying to understand this yeah whatever

359

00:12:39,030 --> 00:12:36,639

the united states

360

00:12:40,069 --> 00:12:39,040

might know about uaps as far as

361

00:12:42,949 --> 00:12:40,079

technology

362

00:12:44,470 --> 00:12:42,959

and possible propulsion systems they

363

00:12:45,030 --> 00:12:44,480

can't share that with the american

364

00:12:47,190 --> 00:12:45,040

public

365

00:12:49,350 --> 00:12:47,200

and i only say that because once it gets

366

00:12:52,310 --> 00:12:49,360

to the american public you're basically

367

00:12:53,350 --> 00:12:52,320

communicating that to russia and china

368

00:12:54,949 --> 00:12:53,360

you're communicating that to our

369

00:12:56,550 --> 00:12:54,959

adversaries because they're monitoring

370

00:12:57,590 --> 00:12:56,560

you know they're doing cyber attacks all

371

00:12:59,430 --> 00:12:57,600

the time

372

00:13:01,110 --> 00:12:59,440

uh but if we're putting it out there for

373

00:13:03,030 --> 00:13:01,120

the general public consumption

374

00:13:05,110 --> 00:13:03,040

you're just as easily handing it on a

375

00:13:08,710 --> 00:13:05,120

silver platter to vladimir putin

376

00:13:10,470 --> 00:13:08,720

or to you know communist china so sure

377

00:13:11,990 --> 00:13:10,480

there are things that will have to be

378

00:13:14,150 --> 00:13:12,000

kept secret for very

379

00:13:15,350 --> 00:13:14,160

you know pragmatic national security

380

00:13:17,990 --> 00:13:15,360

reasons

381

00:13:18,629 --> 00:13:18,000

yeah especially i know some of these uh

382

00:13:22,470 --> 00:13:18,639

sightings

383

00:13:24,949 --> 00:13:22,480

um have been over sensitive areas so

384

00:13:26,870 --> 00:13:24,959

whether it be yeah absolutely and that's

385

00:13:28,230 --> 00:13:26,880

really what was interesting is when you

386

00:13:29,269 --> 00:13:28,240

look back because i just wrote an

387

00:13:31,509 --> 00:13:29,279

article kind of

388

00:13:34,230 --> 00:13:31,519

taking us from prior to the new york

389

00:13:35,269 --> 00:13:34,240

times article in december 2017 to where

390

00:13:38,069 --> 00:13:35,279

we are today

391

00:13:39,670 --> 00:13:38,079

with the most recent pentagon ufo report

392

00:13:41,189 --> 00:13:39,680

and what's interesting is one of the

393

00:13:42,470 --> 00:13:41,199

most telling statements during this

394

00:13:45,670 --> 00:13:42,480

entire series of

395

00:13:45,990 --> 00:13:45,680

uh public statements if you will when

396

00:13:51,590 --> 00:13:46,000

the

397

00:13:55,430 --> 00:13:51,600

policy and procedure for

398

00:13:57,030 --> 00:13:55,440

navy personnel to report ufos or uaps

399

00:13:59,269 --> 00:13:57,040

there was a statement again you look for

400

00:14:01,189 --> 00:13:59,279

the the details in the statements and

401
00:14:02,949 --> 00:14:01,199
quite often i was surprised the media

402
00:14:04,389 --> 00:14:02,959
for the most part kind of glossed over

403
00:14:06,230 --> 00:14:04,399
this

404
00:14:07,990 --> 00:14:06,240
the impetus for it was due to the

405
00:14:09,509 --> 00:14:08,000
increased sightings

406
00:14:11,189 --> 00:14:09,519
that were occurring near military

407
00:14:14,790 --> 00:14:11,199
operations areas

408
00:14:19,350 --> 00:14:14,800
yeah and who was that that said recently

409
00:14:22,150 --> 00:14:19,360
that it may just be a matter of it being

410
00:14:22,870 --> 00:14:22,160
more frequently and better recorded

411
00:14:24,629 --> 00:14:22,880
absolutely

412
00:14:26,710 --> 00:14:24,639
and i believe and i might be wrong on

413
00:14:27,910 --> 00:14:26,720

this but i believe uh in talking to one

414

00:14:29,189 --> 00:14:27,920
of the individuals i know within

415

00:14:31,430 --> 00:14:29,199
military circles

416

00:14:33,189 --> 00:14:31,440
that in 2004 when the nimitz incident

417

00:14:34,550 --> 00:14:33,199
occurred the aegis radar system was

418

00:14:37,189 --> 00:14:34,560
relatively new

419

00:14:38,069 --> 00:14:37,199
right i think it's it's a matter of our

420

00:14:41,110 --> 00:14:38,079
technology

421

00:14:43,990 --> 00:14:41,120
getting to a level of fidelity

422

00:14:46,310 --> 00:14:44,000
and sophistication where we're now able

423

00:14:48,629 --> 00:14:46,320
to detect these things more readily so

424

00:14:50,870 --> 00:14:48,639
you know to your overarching question

425

00:14:51,829 --> 00:14:50,880
are we seeing more ufos by we the

426
00:14:53,509 --> 00:14:51,839
military

427
00:14:55,750 --> 00:14:53,519
or is it just that our level of

428
00:14:58,069 --> 00:14:55,760
technological sophistication is such

429
00:14:59,430 --> 00:14:58,079
where we're starting to see them more

430
00:15:02,629 --> 00:14:59,440
yeah maybe a little both

431
00:15:05,670 --> 00:15:02,639
who knows and possibly both yeah

432
00:15:08,310 --> 00:15:05,680
um what do you know i think you're the

433
00:15:10,310 --> 00:15:08,320
perfect guy to ask this question of and

434
00:15:10,949 --> 00:15:10,320
you probably already answered it

435
00:15:13,590 --> 00:15:10,959
somewhere

436
00:15:14,790 --> 00:15:13,600
at some point um but what do you think

437
00:15:21,350 --> 00:15:14,800
of the

438
00:15:22,629 --> 00:15:21,360

as pyramids which

439

00:15:24,949 --> 00:15:22,639

i don't know that i've ever heard

440

00:15:25,670 --> 00:15:24,959

pyramids before so uh there have been

441

00:15:28,069 --> 00:15:25,680

pyramidal

442

00:15:29,829 --> 00:15:28,079

ufos reported very small though

443

00:15:32,150 --> 00:15:29,839

percentage-wise uh sean

444

00:15:33,590 --> 00:15:32,160

uh in the literature uh in fact i was

445

00:15:35,110 --> 00:15:33,600

just talking with dr mark rodger with

446

00:15:36,870 --> 00:15:35,120

kufos a few weeks back and we were

447

00:15:39,189 --> 00:15:36,880

discussing that that he knows of a few

448

00:15:41,189 --> 00:15:39,199

cases i have a few cases on file

449

00:15:42,629 --> 00:15:41,199

uh some of the military accounts even

450

00:15:45,189 --> 00:15:42,639

described a few

451
00:15:45,910 --> 00:15:45,199
not many a few pyramidal i have to tell

452
00:15:48,870 --> 00:15:45,920
you

453
00:15:49,829 --> 00:15:48,880
of all the purported dod videos that

454
00:15:53,030 --> 00:15:49,839
have been

455
00:15:54,230 --> 00:15:53,040
circulating and i have to say i more

456
00:15:57,030 --> 00:15:54,240
than probably anyone

457
00:15:59,350 --> 00:15:57,040
would love to see a credible video from

458
00:16:01,269 --> 00:15:59,360
official sources of a triangular ufo

459
00:16:03,189 --> 00:16:01,279
obviously given my background and my

460
00:16:05,590 --> 00:16:03,199
research you've looked for one

461
00:16:07,670 --> 00:16:05,600
yeah sure i would love to see one i have

462
00:16:09,990 --> 00:16:07,680
to say of all the videos though

463
00:16:11,030 --> 00:16:10,000

i am the most skeptical of that

464

00:16:13,829 --> 00:16:11,040

particular one

465

00:16:16,069 --> 00:16:13,839

okay uh and for a number of reasons um

466

00:16:17,910 --> 00:16:16,079

jeremy corbell who i take issue with on

467

00:16:18,710 --> 00:16:17,920

some of his statements and some of his

468

00:16:25,110 --> 00:16:18,720

uh

469

00:16:27,189 --> 00:16:25,120

regard to some of this um he stated when

470

00:16:29,430 --> 00:16:27,199

he released it that this is the best

471

00:16:30,230 --> 00:16:29,440

dod video we have released today that's

472

00:16:32,389 --> 00:16:30,240

true

473

00:16:33,430 --> 00:16:32,399

now from an evidentiary standpoint i

474

00:16:35,590 --> 00:16:33,440

would disagree

475

00:16:36,790 --> 00:16:35,600

and the reason i say that is when you're

476
00:16:39,829 --> 00:16:36,800
looking at any

477
00:16:40,790 --> 00:16:39,839
light amplification video as this was um

478
00:16:44,150 --> 00:16:40,800
it's grainy

479
00:16:45,509 --> 00:16:44,160
at best it's not highly detailed just by

480
00:16:47,189 --> 00:16:45,519
the mere fact that you're dealing with

481
00:16:48,550 --> 00:16:47,199
light amplification you get that kind of

482
00:16:50,870 --> 00:16:48,560
snowy distortion

483
00:16:52,470 --> 00:16:50,880
sure um so you don't have the clarity

484
00:16:55,749 --> 00:16:52,480
that one would hope for

485
00:16:57,749 --> 00:16:55,759
uh but beyond that i love the first

486
00:16:59,269 --> 00:16:57,759
three dod videos that were released

487
00:17:01,910 --> 00:16:59,279
using the flir

488
00:17:04,069 --> 00:17:01,920

camera systems because that gives you

489

00:17:05,750 --> 00:17:04,079

infrared signatures which helps you

490

00:17:07,909 --> 00:17:05,760

beyond just looking at it visually and

491

00:17:10,230 --> 00:17:07,919

kind of having that eye candy right that

492

00:17:10,949 --> 00:17:10,240

is kind of exciting you nailed it you

493

00:17:14,150 --> 00:17:10,959

can look

494

00:17:15,110 --> 00:17:14,160

and see if and when there are any heat

495

00:17:17,189 --> 00:17:15,120

signatures

496

00:17:18,710 --> 00:17:17,199

which gives us a higher level of

497

00:17:20,949 --> 00:17:18,720

analysis when it comes to trying to

498

00:17:23,270 --> 00:17:20,959

determine how do these things fly

499

00:17:25,029 --> 00:17:23,280

sure we don't have that luxury with the

500

00:17:27,350 --> 00:17:25,039

light amplification imagery

501
00:17:28,870 --> 00:17:27,360
we don't have that infrared signature

502
00:17:29,669 --> 00:17:28,880
the other thing that i have issue with

503
00:17:31,110 --> 00:17:29,679
and this is not

504
00:17:32,950 --> 00:17:31,120
based on my work it's based on the work

505
00:17:33,990 --> 00:17:32,960
i've seen of those on the internet

506
00:17:35,830 --> 00:17:34,000
there's there have been a number of

507
00:17:37,110 --> 00:17:35,840
individuals that have analyzed the the

508
00:17:39,750 --> 00:17:37,120
quote-unquote pyramidal

509
00:17:40,230 --> 00:17:39,760
ufos which they look triangular to me i

510
00:17:43,510 --> 00:17:40,240
i don't

511
00:17:46,230 --> 00:17:43,520
video a three-dimensional

512
00:17:47,190 --> 00:17:46,240
pyramidal shape um but i'll i'll take

513
00:17:49,430 --> 00:17:47,200

jeremy corbell

514

00:17:50,630 --> 00:17:49,440

you know as he described it as pyramidal

515

00:17:51,830 --> 00:17:50,640

sure what's interesting is

516

00:17:53,990 --> 00:17:51,840

uh there have been a number of people

517

00:17:54,390 --> 00:17:54,000

that have analyzed that video and they

518

00:17:57,350 --> 00:17:54,400

look

519

00:17:58,390 --> 00:17:57,360

at the different light sources every one

520

00:18:00,950 --> 00:17:58,400

of the light sources

521

00:18:03,350 --> 00:18:00,960

in that video very short video sequence

522

00:18:05,909 --> 00:18:03,360

take on a triangular appearance

523

00:18:08,710 --> 00:18:05,919

and anytime you deal with that in a ufo

524

00:18:12,150 --> 00:18:08,720

case whether it's photographs videos

525

00:18:15,029 --> 00:18:12,160

if all the light uh points of origin

526
00:18:15,669 --> 00:18:15,039
are taking on a similar characteristic

527
00:18:20,310 --> 00:18:15,679
it's

528
00:18:22,230 --> 00:18:20,320
to the lens to the aperture system

529
00:18:24,710 --> 00:18:22,240
right and i don't agree with mick west

530
00:18:28,150 --> 00:18:24,720
on hardly anything but i think when he

531
00:18:31,029 --> 00:18:28,160
okay lens as a potential element

532
00:18:33,350 --> 00:18:31,039
in creating that that triangular image i

533
00:18:35,990 --> 00:18:33,360
did do a little research on that

534
00:18:37,669 --> 00:18:36,000
on on what that does and everything and

535
00:18:37,990 --> 00:18:37,679
you know it's just from the examples

536
00:18:42,230 --> 00:18:38,000
that

537
00:18:43,830 --> 00:18:42,240
made you know professionally in the show

538
00:18:44,470 --> 00:18:43,840

you're sure it is so that's a different

539

00:18:46,630 --> 00:18:44,480

thing but

540

00:18:48,070 --> 00:18:46,640

yeah um yeah there's like hundreds or

541

00:18:51,830 --> 00:18:48,080

thousands but they look

542

00:18:52,789 --> 00:18:51,840

exactly perfect in relation to each

543

00:18:55,669 --> 00:18:52,799

other

544

00:18:57,590 --> 00:18:55,679

yes and i think jeremy's i don't know

545

00:18:59,830 --> 00:18:57,600

that i can say that about those

546

00:19:00,710 --> 00:18:59,840

they're really close right i don't know

547

00:19:02,630 --> 00:19:00,720

it's too close

548

00:19:03,830 --> 00:19:02,640

yeah well i'm not a video analyst by the

549

00:19:05,350 --> 00:19:03,840

way

550

00:19:07,029 --> 00:19:05,360

when it comes to videos we should leave

551

00:19:09,430 --> 00:19:07,039

that up to the video analysts i trust

552

00:19:10,950 --> 00:19:09,440

their judgment over mine or jeremy

553

00:19:13,669 --> 00:19:10,960

corbell's for that matter

554

00:19:15,669 --> 00:19:13,679

yeah do you mind uh answering a question

555

00:19:17,669 --> 00:19:15,679

or two from no not at all yeah okay

556

00:19:19,669 --> 00:19:17,679

this is from scott brown he's a dear

557

00:19:23,110 --> 00:19:19,679

friend he's been on a couple times

558

00:19:24,870 --> 00:19:23,120

um yeah can you see it yeah okay cool

559

00:19:26,549 --> 00:19:24,880

really spoke about it but i would i like

560

00:19:29,350 --> 00:19:26,559

him to address the so-called triangle

561

00:19:29,830 --> 00:19:29,360

but oh yes yes thank you scott uh that

562

00:19:32,150 --> 00:19:29,840

was the

563

00:19:33,190 --> 00:19:32,160

uh on the three-hour segment with uh

564

00:19:35,430 --> 00:19:33,200

george knapp

565

00:19:36,310 --> 00:19:35,440

he showed the russian footage i was

566

00:19:38,950 --> 00:19:36,320

familiar with that

567

00:19:40,630 --> 00:19:38,960

going back at least 15 20 years that

568

00:19:42,789 --> 00:19:40,640

that purported footage

569

00:19:44,230 --> 00:19:42,799

and myself and a number of colleagues

570

00:19:45,830 --> 00:19:44,240

have been messaging uh

571

00:19:47,190 --> 00:19:45,840

right after that that segment aired

572

00:19:49,110 --> 00:19:47,200

where george knapp was referring to that

573

00:19:50,390 --> 00:19:49,120

and i i i like and respect george

574

00:19:52,390 --> 00:19:50,400

tremendously

575

00:19:54,470 --> 00:19:52,400

but i believe that that was a high

576

00:19:57,909 --> 00:19:54,480

altitude french research balloon

577

00:19:58,950 --> 00:19:57,919

uh i've seen a a number of images that

578

00:20:01,590 --> 00:19:58,960

are identical

579

00:20:03,350 --> 00:20:01,600

in nature to what is depicted in that

580

00:20:04,149 --> 00:20:03,360

and what's interesting is you just see

581

00:20:06,070 --> 00:20:04,159

this this

582

00:20:07,350 --> 00:20:06,080

object either hovering or moving very

583

00:20:09,310 --> 00:20:07,360

slowly in the air

584

00:20:10,789 --> 00:20:09,320

it's reflective maybe even

585

00:20:12,789 --> 00:20:10,799

semi-translucent

586

00:20:14,470 --> 00:20:12,799

and all i can say is i've seen other

587

00:20:16,470 --> 00:20:14,480

high-altitude research balloons that

588

00:20:18,230 --> 00:20:16,480

take on that exact same image

589

00:20:20,070 --> 00:20:18,240

in fact there was a famous case that

590

00:20:23,350 --> 00:20:20,080

garnered tons of international

591

00:20:25,909 --> 00:20:23,360

attention in uh spain madrid spain

592

00:20:28,070 --> 00:20:25,919

back in the 60s and people took

593

00:20:30,630 --> 00:20:28,080

photographs and it's that exact same

594

00:20:31,669 --> 00:20:30,640

image and in that that case as well

595

00:20:34,549 --> 00:20:31,679

there was no

596

00:20:36,549 --> 00:20:34,559

exotic flight characteristics as as with

597

00:20:37,510 --> 00:20:36,559

the film that george knapp showed uh

598

00:20:39,990 --> 00:20:37,520

from russia which

599

00:20:41,190 --> 00:20:40,000

i believe it was uh riga latvia where it

600

00:20:43,110 --> 00:20:41,200

was actually taken

601
00:20:45,029 --> 00:20:43,120
and it was taken by military personnel

602
00:20:45,750 --> 00:20:45,039
on the tarmac at one of the air bases

603
00:20:47,830 --> 00:20:45,760
there

604
00:20:49,909 --> 00:20:47,840
um what's interesting is you don't see

605
00:20:51,029 --> 00:20:49,919
any exotic flight characteristics you

606
00:20:52,870 --> 00:20:51,039
don't see the objects suddenly

607
00:20:55,029 --> 00:20:52,880
accelerate disappear

608
00:20:57,190 --> 00:20:55,039
uh it just seems to just be this either

609
00:20:58,390 --> 00:20:57,200
stationary or semi-stationary object

610
00:21:01,110 --> 00:20:58,400
moving in the sky

611
00:21:02,870 --> 00:21:01,120
no i tend to think this i bet you i bet

612
00:21:05,510 --> 00:21:02,880
you'll agree but you know

613
00:21:07,669 --> 00:21:05,520

um do you think there's ever going to be

614

00:21:10,710 --> 00:21:07,679

even

615

00:21:12,549 --> 00:21:10,720

like i don't think it's possible to have

616

00:21:15,190 --> 00:21:12,559

a video come out to where

617

00:21:17,110 --> 00:21:15,200

it convinces everybody you know well

618

00:21:20,070 --> 00:21:17,120

there's just yeah so much that can be

619

00:21:21,190 --> 00:21:20,080

faked if it looks perfect well then it's

620

00:21:23,430 --> 00:21:21,200

like that's not real

621

00:21:25,350 --> 00:21:23,440

i mean you know the question depends on

622

00:21:27,350 --> 00:21:25,360

your audience sean like

623

00:21:28,789 --> 00:21:27,360

for example mainstream scientists no

624

00:21:29,990 --> 00:21:28,799

video is going to convince them of the

625

00:21:31,990 --> 00:21:30,000

reality of ufos

626
00:21:33,430 --> 00:21:32,000
that's you know they want something hard

627
00:21:34,149 --> 00:21:33,440
that they can tap on that they can

628
00:21:36,149 --> 00:21:34,159
measure

629
00:21:38,230 --> 00:21:36,159
yeah until that happens they're not

630
00:21:39,830 --> 00:21:38,240
going to be convinced

631
00:21:42,070 --> 00:21:39,840
i think the court of public opinion

632
00:21:43,270 --> 00:21:42,080
though i think it has definitely shifted

633
00:21:45,430 --> 00:21:43,280
especially in

634
00:21:47,669 --> 00:21:45,440
in recent you know weeks since the

635
00:21:50,630 --> 00:21:47,679
pentagon ufo reports come out

636
00:21:51,909 --> 00:21:50,640
um but uh yeah the video in and of

637
00:21:53,510 --> 00:21:51,919
itself i don't think is

638
00:21:55,350 --> 00:21:53,520

is really good enough evidence with

639

00:21:56,630 --> 00:21:55,360

regard to the subject matter right

640

00:21:58,710 --> 00:21:56,640

uh i think we have to look at the

641

00:22:00,870 --> 00:21:58,720

totality of evidence and in fact

642

00:22:03,190 --> 00:22:00,880

i always challenge skeptics uh when they

643

00:22:05,110 --> 00:22:03,200

make these arbitrary explanations quite

644

00:22:06,070 --> 00:22:05,120

often that that don't address all the

645

00:22:07,909 --> 00:22:06,080

data

646

00:22:09,909 --> 00:22:07,919

uh you know just most recently with some

647

00:22:11,510 --> 00:22:09,919

of the dod videos some like mick west

648

00:22:14,470 --> 00:22:11,520

and others have

649

00:22:15,029 --> 00:22:14,480

addressed the the video not taking into

650

00:22:16,470 --> 00:22:15,039

account

651
00:22:18,710 --> 00:22:16,480
these things were also being tracked on

652
00:22:20,230 --> 00:22:18,720
radar they were being visually

653
00:22:21,830 --> 00:22:20,240
you know it's they kind of look through

654
00:22:23,270 --> 00:22:21,840
the keyhole when it comes to evidence

655
00:22:23,669 --> 00:22:23,280
they're only going to look at this small

656
00:22:26,630 --> 00:22:23,679
little

657
00:22:27,270 --> 00:22:26,640
aspect of a case well isn't that so much

658
00:22:31,590 --> 00:22:27,280
um

659
00:22:33,990 --> 00:22:31,600
their own

660
00:22:35,990 --> 00:22:34,000
narrative so they pick apart the pieces

661
00:22:38,070 --> 00:22:36,000
of the story that work for them

662
00:22:39,270 --> 00:22:38,080
yeah yeah yeah you know you know it's

663
00:22:42,070 --> 00:22:39,280

it's you're

664

00:22:43,750 --> 00:22:42,080

cherry-picking the data and and and i

665

00:22:45,110 --> 00:22:43,760

challenge skeptics when they do that

666

00:22:47,110 --> 00:22:45,120

because there's been many cases where

667

00:22:48,549 --> 00:22:47,120

you can demonstrably show that they only

668

00:22:49,909 --> 00:22:48,559

looked at one aspect and their

669

00:22:53,190 --> 00:22:49,919

explanation didn't address

670

00:22:55,590 --> 00:22:53,200

all of the information and so uh

671

00:22:56,789 --> 00:22:55,600

what's interesting about that is i say i

672

00:22:58,630 --> 00:22:56,799

challenge them

673

00:23:00,710 --> 00:22:58,640

as skeptics they have to look at the

674

00:23:01,830 --> 00:23:00,720

totality of information in any case

675

00:23:05,909 --> 00:23:01,840

before formulating an

676
00:23:07,430 --> 00:23:05,919
answer but i hold us ufo researchers and

677
00:23:09,750 --> 00:23:07,440
investigators equally

678
00:23:10,630 --> 00:23:09,760
responsible sure we cannot jump to a

679
00:23:14,789 --> 00:23:10,640
conclusion

680
00:23:15,669 --> 00:23:14,799
criteria as outlined in a in a given

681
00:23:18,149 --> 00:23:15,679
case

682
00:23:19,590 --> 00:23:18,159
and so i'm very judicious as i think

683
00:23:21,350 --> 00:23:19,600
your audience knows that i've followed

684
00:23:22,630 --> 00:23:21,360
my work over the years i'm very careful

685
00:23:24,390 --> 00:23:22,640
and very judicious

686
00:23:25,750 --> 00:23:24,400
in making conclusive statements with

687
00:23:28,149 --> 00:23:25,760
many of these cases

688
00:23:29,590 --> 00:23:28,159

right and i think um one of those things

689

00:23:31,270 --> 00:23:29,600

is uh

690

00:23:33,750 --> 00:23:31,280

you know in doing that it makes you that

691

00:23:36,710 --> 00:23:33,760

much more credible to be honest um

692

00:23:37,830 --> 00:23:36,720

and if something can meet that criteria

693

00:23:40,870 --> 00:23:37,840

then it meets it

694

00:23:43,350 --> 00:23:40,880

and know that it is for sure

695

00:23:44,070 --> 00:23:43,360

absolutely and you know not to borrow a

696

00:23:45,830 --> 00:23:44,080

page from

697

00:23:47,830 --> 00:23:45,840

you know the united states military and

698

00:23:48,710 --> 00:23:47,840

government but the best thing we can do

699

00:23:51,029 --> 00:23:48,720

as researchers

700

00:23:52,230 --> 00:23:51,039

is basically lump it into that category

701
00:23:54,549 --> 00:23:52,240
of other that we

702
00:23:56,149 --> 00:23:54,559
report just because something cannot be

703
00:23:58,630 --> 00:23:56,159
explained after you go through this

704
00:23:59,110 --> 00:23:58,640
laundry list of prosaic explanations we

705
00:24:02,470 --> 00:23:59,120
can't

706
00:24:05,029 --> 00:24:02,480
just then jump to the conclusion

707
00:24:05,990 --> 00:24:05,039
you know but that's fine that's fine you

708
00:24:07,669 --> 00:24:06,000
know

709
00:24:09,669 --> 00:24:07,679
it's just as important to rule out what

710
00:24:11,590 --> 00:24:09,679
it isn't as it is to identify

711
00:24:13,590 --> 00:24:11,600
and try to identify what it is yeah

712
00:24:16,710 --> 00:24:13,600
great point great point

713
00:24:19,190 --> 00:24:16,720

um greg here as a has a question

714

00:24:19,909 --> 00:24:19,200

um pyramid over the pentagon have you

715

00:24:21,830 --> 00:24:19,919

heard about that

716

00:24:23,190 --> 00:24:21,840

i'm not familiar with that one greg i

717

00:24:24,710 --> 00:24:23,200

apologize is

718

00:24:26,390 --> 00:24:24,720

he probably made something that recently

719

00:24:28,149 --> 00:24:26,400

came out again

720

00:24:29,590 --> 00:24:28,159

it's hard to keep up with the news cycle

721

00:24:31,909 --> 00:24:29,600

on the subject

722

00:24:32,789 --> 00:24:31,919

yeah no yeah i'm sorry i'm not familiar

723

00:24:35,990 --> 00:24:32,799

with that one

724

00:24:37,590 --> 00:24:36,000

oh that's okay um yeah

725

00:24:38,950 --> 00:24:37,600

you're right and we do have it you know

726

00:24:41,029 --> 00:24:38,960

going back a little bit we do have so

727

00:24:44,149 --> 00:24:41,039

much historical data that exists

728

00:24:46,470 --> 00:24:44,159

i mean i literally on this page i

729

00:24:48,549 --> 00:24:46,480

had a special where i just went over all

730

00:24:52,549 --> 00:24:48,559

the washington dc documents i

731

00:24:53,110 --> 00:24:52,559

i found which is like maybe 60 to 90 or

732

00:24:55,510 --> 00:24:53,120

something

733

00:24:56,789 --> 00:24:55,520

right and you have radar you have

734

00:24:59,269 --> 00:24:56,799

witness testimony

735

00:25:01,190 --> 00:24:59,279

multiple military witness testimonies of

736

00:25:04,070 --> 00:25:01,200

the same thing at the same time

737

00:25:04,789 --> 00:25:04,080

in other days and the funny thing was

738

00:25:08,789 --> 00:25:04,799

yes

739

00:25:11,909 --> 00:25:08,799

funny thing is

740

00:25:13,510 --> 00:25:11,919

it was actually uh four days but they

741

00:25:16,230 --> 00:25:13,520

don't tell you

742

00:25:18,390 --> 00:25:16,240

that it was more than that there was

743

00:25:19,990 --> 00:25:18,400

things seen over pennsylvania virginia

744

00:25:23,110 --> 00:25:20,000

langley air force base

745

00:25:26,390 --> 00:25:24,950

yeah it's just incredible and then they

746

00:25:29,269 --> 00:25:26,400

did like another review

747

00:25:30,710 --> 00:25:29,279

in like 1960 foreign technology division

748

00:25:33,909 --> 00:25:30,720

did i think yeah

749

00:25:36,230 --> 00:25:33,919

and it was so lazy

750

00:25:37,909 --> 00:25:36,240

because they only obtained uh weather

751
00:25:40,390 --> 00:25:37,919
data for one day

752
00:25:41,430 --> 00:25:40,400
right for their temperature inversion

753
00:25:44,070 --> 00:25:41,440
thesis

754
00:25:45,750 --> 00:25:44,080
and they're hard to extrapolate that

755
00:25:48,070 --> 00:25:45,760
over multiple days right

756
00:25:49,190 --> 00:25:48,080
yeah and to your point visual sightings

757
00:25:51,269 --> 00:25:49,200
by the pilot

758
00:25:53,590 --> 00:25:51,279
by by one of the interceptors that were

759
00:25:55,990 --> 00:25:53,600
sent up uh at one point if you recall he

760
00:25:57,669 --> 00:25:56,000
was surrounded by these objects right

761
00:25:59,029 --> 00:25:57,679
uh if this is a temperature inversion

762
00:26:00,950 --> 00:25:59,039
it's one hell of an intelligent

763
00:26:02,789 --> 00:26:00,960

temperature in virgin to be able to

764

00:26:04,070 --> 00:26:02,799

orchestrate and kind of choreograph

765

00:26:06,230 --> 00:26:04,080

themselves like that

766

00:26:07,510 --> 00:26:06,240

yeah yeah i have in my archives here i

767

00:26:13,350 --> 00:26:07,520

have tons of original

768

00:26:17,909 --> 00:26:15,590

it's funny you bring this up too because

769

00:26:19,510 --> 00:26:17,919

you know looking at the pentagon report

770

00:26:22,149 --> 00:26:19,520

there is what's there and then there's

771

00:26:25,029 --> 00:26:22,159

what's not there and what's sad is

772

00:26:25,830 --> 00:26:25,039

if you knew absolutely nothing about

773

00:26:27,350 --> 00:26:25,840

this subject

774

00:26:28,310 --> 00:26:27,360

at all let's just pretend we pulled

775

00:26:31,029 --> 00:26:28,320

someone off the street that has no

776

00:26:33,269 --> 00:26:31,039

working knowledge of ufos at all

777

00:26:35,590 --> 00:26:33,279

you would be led to believe this is a

778

00:26:38,710 --> 00:26:35,600

first united states phenomenon

779

00:26:40,549 --> 00:26:38,720

yeah that only started in 2004. right

780

00:26:41,990 --> 00:26:40,559

obviously you and your audience know

781

00:26:43,830 --> 00:26:42,000

that that's not the case

782

00:26:45,750 --> 00:26:43,840

right so i'm trying to work right now

783

00:26:47,029 --> 00:26:45,760

with a producer we're trying to use that

784

00:26:49,110 --> 00:26:47,039

as a springboard

785

00:26:50,789 --> 00:26:49,120

to do a documentary focusing on the

786

00:26:53,750 --> 00:26:50,799

historical cases like

787

00:26:55,430 --> 00:26:53,760

52 and others and really relying on the

788

00:26:57,990 --> 00:26:55,440

original elements from the archives from

789

00:27:00,549 --> 00:26:58,000

dr jalen hynix notes which i have here

790

00:27:02,149 --> 00:27:00,559

the original project material i have and

791

00:27:04,710 --> 00:27:02,159

things of that nature so

792

00:27:06,710 --> 00:27:04,720

we hope that if if this most recent

793

00:27:07,909 --> 00:27:06,720

coverage has opened people's minds

794

00:27:09,750 --> 00:27:07,919

people have never thought about the

795

00:27:12,870 --> 00:27:09,760

subject previously

796

00:27:14,950 --> 00:27:12,880

to the ufo subject you know as i said

797

00:27:16,230 --> 00:27:14,960

if you're one of those individuals that

798

00:27:18,950 --> 00:27:16,240

are now for the first time

799

00:27:21,269 --> 00:27:18,960

conceding in your mind that okay maybe

800

00:27:23,510 --> 00:27:21,279

there is something to these ufos

801
00:27:25,669 --> 00:27:23,520
the next logical question is if the

802
00:27:27,029 --> 00:27:25,679
government's acknowledging it now

803
00:27:29,669 --> 00:27:27,039
what about all these other sightings

804
00:27:31,830 --> 00:27:29,679
they denied for decades so to me

805
00:27:32,950 --> 00:27:31,840
it this is a pivotal moment in time

806
00:27:35,350 --> 00:27:32,960
because a new

807
00:27:36,630 --> 00:27:35,360
a new group a new uh subset of the

808
00:27:37,909 --> 00:27:36,640
population

809
00:27:39,909 --> 00:27:37,919
is now wanting to look at that

810
00:27:42,070 --> 00:27:39,919
historical data yeah

811
00:27:45,750 --> 00:27:42,080
that's that's exactly right and and

812
00:27:47,350 --> 00:27:45,760
hopefully history doesn't repeat itself

813
00:27:49,350 --> 00:27:47,360

that's for sure hopefully we don't go

814

00:27:51,430 --> 00:27:49,360

back to the old blue book days but yeah

815

00:27:52,710 --> 00:27:51,440

i think the genie is out of the bottle i

816

00:27:55,110 --> 00:27:52,720

found that actually

817

00:27:56,389 --> 00:27:55,120

like when i was looking for documents um

818

00:27:59,430 --> 00:27:56,399

that looking for uh

819

00:27:59,750 --> 00:27:59,440

atec atic was was almost better because

820

00:28:04,149 --> 00:27:59,760

it

821

00:28:05,990 --> 00:28:04,159

book stuff oh absolutely and i have

822

00:28:07,350 --> 00:28:06,000

as i mentioned right next to me here are

823

00:28:09,430 --> 00:28:07,360

just off camera

824

00:28:10,710 --> 00:28:09,440

uh all of dr jalen heineck's original

825

00:28:12,389 --> 00:28:10,720

blue book material

826

00:28:13,990 --> 00:28:12,399

what's interesting about this and i hope

827

00:28:15,510 --> 00:28:14,000

i can highlight this if this production

828

00:28:16,149 --> 00:28:15,520

comes to fruition that i was talking

829

00:28:17,590 --> 00:28:16,159

about

830

00:28:18,630 --> 00:28:17,600

sure and it's interesting by the way i

831

00:28:20,870 --> 00:28:18,640

was just recently talking to paul

832

00:28:22,789 --> 00:28:20,880

heineck dr heineck's son he's wanting to

833

00:28:24,070 --> 00:28:22,799

go through some of his father's research

834

00:28:25,750 --> 00:28:24,080

this was about three weeks ago we had a

835

00:28:28,310 --> 00:28:25,760

wonderful conversation wow

836

00:28:30,870 --> 00:28:28,320

that is awesome what's interesting is

837

00:28:32,470 --> 00:28:30,880

you look at these reports and admittedly

838

00:28:33,830 --> 00:28:32,480

they're what you might find online with

839

00:28:36,630 --> 00:28:33,840

regard to some of the blue book

840

00:28:38,070 --> 00:28:36,640

but what you think is uh typically in

841

00:28:41,110 --> 00:28:38,080

red felt pin

842

00:28:43,830 --> 00:28:41,120

uh dr heineck would cross out the air

843

00:28:46,310 --> 00:28:43,840

force explanation

844

00:28:47,750 --> 00:28:46,320

have some notations which is from a

845

00:28:50,149 --> 00:28:47,760

historical standpoint

846

00:28:51,669 --> 00:28:50,159

gold because you get to see really what

847

00:28:53,510 --> 00:28:51,679

was in his mindset

848

00:28:55,190 --> 00:28:53,520

right and even going back into the late

849

00:28:56,870 --> 00:28:55,200

50s early 60s

850

00:28:58,470 --> 00:28:56,880

you started to see the erosion of his

851
00:29:00,870 --> 00:28:58,480
skepticism and

852
00:29:02,870 --> 00:29:00,880
if anything the the growth of skepticism

853
00:29:04,470 --> 00:29:02,880
as it pertained to the air force's take

854
00:29:06,789 --> 00:29:04,480
on the ufo subject

855
00:29:07,669 --> 00:29:06,799
he would cross out ball lightning and

856
00:29:09,029 --> 00:29:07,679
then underneath

857
00:29:10,870 --> 00:29:09,039
some of these cases would write

858
00:29:12,549 --> 00:29:10,880
unidentified and upper case letters and

859
00:29:14,070 --> 00:29:12,559
underline it three times

860
00:29:15,990 --> 00:29:14,080
and then he would have a notation at the

861
00:29:17,830 --> 00:29:16,000
bottom air force should have

862
00:29:19,750 --> 00:29:17,840
investigated further why didn't they

863
00:29:21,830 --> 00:29:19,760

request radar data question mark

864

00:29:22,789 --> 00:29:21,840

oh wow so it really gives you insights

865

00:29:25,029 --> 00:29:22,799

into the man

866

00:29:25,990 --> 00:29:25,039

yeah while he was at blue book and in

867

00:29:29,669 --> 00:29:26,000

showing that even in the

868

00:29:31,990 --> 00:29:29,679

earlier years he was starting to realize

869

00:29:33,590 --> 00:29:32,000

that the fix was in that they were not

870

00:29:35,029 --> 00:29:33,600

wanting to take this seriously from an

871

00:29:37,990 --> 00:29:35,039

investigative standpoint

872

00:29:40,310 --> 00:29:38,000

right do you think it's because they

873

00:29:43,110 --> 00:29:40,320

honestly didn't see a threat and

874

00:29:44,070 --> 00:29:43,120

or they couldn't figure it out anyways

875

00:29:45,990 --> 00:29:44,080

well

876

00:29:48,389 --> 00:29:46,000

i think some of it really goes back to

877

00:29:51,110 --> 00:29:48,399

the 1953 robertson panel

878

00:29:52,789 --> 00:29:51,120

uh where the cia really stepped in as a

879

00:29:55,350 --> 00:29:52,799

direct result of the 52 dc

880

00:29:56,789 --> 00:29:55,360

flyovers that you know that's right and

881

00:29:58,149 --> 00:29:56,799

they didn't want anyone to know they

882

00:30:00,549 --> 00:29:58,159

were a part of that

883

00:30:01,990 --> 00:30:00,559

not at all no not at all decades later

884

00:30:03,190 --> 00:30:02,000

before we actually got the notes on that

885

00:30:04,950 --> 00:30:03,200

meeting as you know

886

00:30:06,789 --> 00:30:04,960

uh but what's interesting about that is

887

00:30:08,710 --> 00:30:06,799

really that i always like to say that is

888

00:30:09,269 --> 00:30:08,720

really where the quote-unquote cover-up

889

00:30:11,669 --> 00:30:09,279

if you will

890

00:30:12,710 --> 00:30:11,679

began because they used the term

891

00:30:16,310 --> 00:30:12,720

debunking

892

00:30:18,789 --> 00:30:16,320

should occur

893

00:30:21,110 --> 00:30:18,799

to strip the ufo mystery or the strict

894

00:30:23,029 --> 00:30:21,120

ufo subject of its aura of mystery

895

00:30:24,549 --> 00:30:23,039

so that was really kind of the effects

896

00:30:27,750 --> 00:30:24,559

if you will where they

897

00:30:29,750 --> 00:30:27,760

basically took that as the directive

898

00:30:30,870 --> 00:30:29,760

and started to try to just debunk all of

899

00:30:34,830 --> 00:30:30,880

these cases

900

00:30:36,710 --> 00:30:34,840

yeah that uh that was a really mean

901
00:30:38,389 --> 00:30:36,720
sentence

902
00:30:40,230 --> 00:30:38,399
it's pretty damning you know for those

903
00:30:40,630 --> 00:30:40,240
that thought that actually blue book and

904
00:30:43,029 --> 00:30:40,640
even

905
00:30:45,269 --> 00:30:43,039
you know uh leading up to blue books

906
00:30:46,870 --> 00:30:45,279
demise the the condon committee

907
00:30:48,470 --> 00:30:46,880
if people thought that that was truly a

908
00:30:50,710 --> 00:30:48,480
scientific endeavor

909
00:30:51,669 --> 00:30:50,720
it really really punched holes in that

910
00:30:54,950 --> 00:30:51,679
argument

911
00:30:56,950 --> 00:30:54,960
yeah it's especially after dc too i

912
00:30:58,789 --> 00:30:56,960
i don't know how they got away with that

913
00:30:59,990 --> 00:30:58,799

i mean there was there was commercial

914

00:31:01,990 --> 00:31:00,000

airline

915

00:31:03,509 --> 00:31:02,000

witnesses everything well and it's

916

00:31:03,990 --> 00:31:03,519

interesting too because you look at the

917

00:31:07,590 --> 00:31:04,000

blue book

918

00:31:08,630 --> 00:31:07,600

an umbrella term talking about project

919

00:31:11,269 --> 00:31:08,640

sign grudge and then

920

00:31:13,269 --> 00:31:11,279

actually project blue book itself these

921

00:31:14,870 --> 00:31:13,279

are the cases that we know of

922

00:31:16,950 --> 00:31:14,880

and we know that many of those cases

923

00:31:18,789 --> 00:31:16,960

were diverted to another group

924

00:31:20,070 --> 00:31:18,799

i think it was the 460 second air

925

00:31:22,630 --> 00:31:20,080

intelligence wing was actually

926

00:31:25,110 --> 00:31:22,640

investigating a lot of these ufo reports

927

00:31:27,430 --> 00:31:25,120

and so we know some of these other

928

00:31:29,669 --> 00:31:27,440

reports were being diverted elsewhere

929

00:31:31,990 --> 00:31:29,679

and so and even the bolander memo uh you

930

00:31:34,950 --> 00:31:32,000

know i believe 1969 referenced that

931

00:31:36,870 --> 00:31:34,960

that um ufo reports that constitute a

932

00:31:38,870 --> 00:31:36,880

threat to national security

933

00:31:40,710 --> 00:31:38,880

are not part of the blue book system and

934

00:31:41,830 --> 00:31:40,720

will be handled through those channels

935

00:31:44,230 --> 00:31:41,840

already set up

936

00:31:45,830 --> 00:31:44,240

so we we have that that bolander memo

937

00:31:46,710 --> 00:31:45,840

that that's kind of a smoking gun with

938

00:31:49,909 --> 00:31:46,720

regard to that

939

00:31:51,350 --> 00:31:49,919

i'm pretty happy i have you on you're

940

00:31:53,350 --> 00:31:51,360

giving me all sorts of stuff

941

00:31:55,269 --> 00:31:53,360

well and even subsequent to blue book

942

00:31:57,350 --> 00:31:55,279

you know we we were told that

943

00:31:58,630 --> 00:31:57,360

december 69 that's it we have no more

944

00:32:00,950 --> 00:31:58,640

interest in the subject

945

00:32:02,230 --> 00:32:00,960

and then fast forward to 1976 with the

946

00:32:05,029 --> 00:32:02,240

famous iranian

947

00:32:05,590 --> 00:32:05,039

case right where air force uh general c

948

00:32:08,310 --> 00:32:05,600

cord

949

00:32:09,830 --> 00:32:08,320

and an entire detachment of air force

950

00:32:11,830 --> 00:32:09,840

high ranking brass

951
00:32:13,430 --> 00:32:11,840
went over to tehran to collect

952
00:32:14,789 --> 00:32:13,440
information on that case and we have to

953
00:32:16,230 --> 00:32:14,799
remember at that time we had a puppet

954
00:32:19,029 --> 00:32:16,240
dictator set up

955
00:32:20,950 --> 00:32:19,039
with the shah of iran that was basically

956
00:32:22,389 --> 00:32:20,960
basically a puppet dictator on behalf of

957
00:32:23,110 --> 00:32:22,399
the united states government at the time

958
00:32:29,750 --> 00:32:23,120
yeah

959
00:32:31,110 --> 00:32:29,760
that is uh pretty intense so there's a

960
00:32:33,909 --> 00:32:31,120
long history and it's just

961
00:32:35,110 --> 00:32:33,919
it's it's so sad that the report didn't

962
00:32:37,430 --> 00:32:35,120
touch on any of that

963
00:32:39,269 --> 00:32:37,440

yeah but they did say they were going to

964

00:32:41,590 --> 00:32:39,279

take some of that information

965

00:32:43,430 --> 00:32:41,600

um and try to use it to find patterns so

966

00:32:45,029 --> 00:32:43,440

i remember seeing that yeah and it gets

967

00:32:46,710 --> 00:32:45,039

your point as you underscored earlier

968

00:32:50,710 --> 00:32:46,720

sean this was a preliminary

969

00:32:54,389 --> 00:32:50,720

report yeah um

970

00:32:56,630 --> 00:32:54,399

did do you know anything more about when

971

00:32:59,590 --> 00:32:56,640

in like 16 when blue book was over it

972

00:33:01,509 --> 00:32:59,600

seemed like at that point the air force

973

00:33:02,710 --> 00:33:01,519

um well i know they contra they

974

00:33:05,990 --> 00:33:02,720

contracted out the

975

00:33:08,230 --> 00:33:06,000

university of colorado right do you know

976

00:33:09,830 --> 00:33:08,240

anything more about that stuff

977

00:33:12,870 --> 00:33:09,840

well i mean there's like where do you

978

00:33:15,029 --> 00:33:12,880

get those files the the college

979

00:33:17,029 --> 00:33:15,039

well yeah i i don't know if the college

980

00:33:18,230 --> 00:33:17,039

has any but uh what's interesting about

981

00:33:20,070 --> 00:33:18,240

that most people don't know is like

982

00:33:22,070 --> 00:33:20,080

three or four universities turned down

983

00:33:23,430 --> 00:33:22,080

the contract they didn't want to be

984

00:33:25,350 --> 00:33:23,440

with it and finally it was the

985

00:33:26,789 --> 00:33:25,360

university of colorado that decided they

986

00:33:28,070 --> 00:33:26,799

would take it and run with it

987

00:33:30,310 --> 00:33:28,080

but it was one of those it was like a

988

00:33:33,350 --> 00:33:30,320

hot potato no no academic institute

989

00:33:34,470 --> 00:33:33,360

wanted to get involved with it um but uh

990

00:33:36,070 --> 00:33:34,480

but yeah

991

00:33:37,590 --> 00:33:36,080

my colleagues jan aldrige and barry

992

00:33:39,990 --> 00:33:37,600

greenwood have a

993

00:33:40,950 --> 00:33:40,000

really detailed uh knowledge of that

994

00:33:42,470 --> 00:33:40,960

time period

995

00:33:44,230 --> 00:33:42,480

and they've done a lot of research with

996

00:33:46,310 --> 00:33:44,240

regard to that in fact uh

997

00:33:47,669 --> 00:33:46,320

in september we just confirmed this

998

00:33:49,190 --> 00:33:47,679

about a week or two ago

999

00:33:50,310 --> 00:33:49,200

uh barry and jan are going to be here in

1000

00:33:51,990 --> 00:33:50,320

the research room and we're going to

1001

00:33:54,470 --> 00:33:52,000

start our digitization uh

1002

00:33:56,149 --> 00:33:54,480

continue digitization work which was on

1003

00:33:58,789 --> 00:33:56,159

hold due to covid

1004

00:33:59,430 --> 00:33:58,799

the nicap kufos and jaylen heineck

1005

00:34:01,350 --> 00:33:59,440

material

1006

00:34:02,630 --> 00:34:01,360

uh in fact i've got i don't know if you

1007

00:34:04,230 --> 00:34:02,640

can see behind me here

1008

00:34:06,230 --> 00:34:04,240

covered in plastic we have our our high

1009

00:34:08,710 --> 00:34:06,240

speed commercial grade scanners

1010

00:34:09,589 --> 00:34:08,720

uh which are for paper as well as uh

1011

00:34:11,510 --> 00:34:09,599

microfilm

1012

00:34:12,950 --> 00:34:11,520

we have yeah so we got our commercial

1013

00:34:15,829 --> 00:34:12,960

grade scanner here which was

1014

00:34:17,190 --> 00:34:15,839

actually paid for by a financial donor

1015

00:34:18,550 --> 00:34:17,200

who believed in the research we were

1016

00:34:20,629 --> 00:34:18,560

doing and they contributed

1017

00:34:22,629 --> 00:34:20,639

so much and on the other side is a five

1018

00:34:23,190 --> 00:34:22,639

thousand dollar microfilm digitization

1019

00:34:26,069 --> 00:34:23,200

machine

1020

00:34:28,069 --> 00:34:26,079

which was uh a benefactor uh gave us

1021

00:34:29,829 --> 00:34:28,079

money to purchase that as well so

1022

00:34:31,190 --> 00:34:29,839

that's incredible there are people that

1023

00:34:34,149 --> 00:34:31,200

are truly uh

1024

00:34:35,669 --> 00:34:34,159

invested in not just hit by word but by

1025

00:34:37,510 --> 00:34:35,679

by their finances

1026
00:34:39,750 --> 00:34:37,520
that are helping try to help us preserve

1027
00:34:42,470 --> 00:34:39,760
this history for future generations

1028
00:34:45,349 --> 00:34:42,480
that is fantastic um you know i just

1029
00:34:48,389 --> 00:34:45,359
really started doing my own research

1030
00:34:49,030 --> 00:34:48,399
uh hard i guess maybe a month or two

1031
00:34:51,109 --> 00:34:49,040
months ago

1032
00:34:52,310 --> 00:34:51,119
and this is all i've learned a lot since

1033
00:34:54,550 --> 00:34:52,320
then and i think

1034
00:34:55,589 --> 00:34:54,560
actually going in with a fresh

1035
00:34:57,829 --> 00:34:55,599
perspective

1036
00:34:59,109 --> 00:34:57,839
not having looked at this stuff for 30

1037
00:35:00,710 --> 00:34:59,119
years like everyone else

1038
00:35:02,310 --> 00:35:00,720

right i think i saw some things in a

1039

00:35:04,790 --> 00:35:02,320

different way

1040

00:35:06,710 --> 00:35:04,800

i i always say the more sets of eyes and

1041

00:35:07,270 --> 00:35:06,720

the more brains we have applied to this

1042

00:35:09,270 --> 00:35:07,280

subject

1043

00:35:10,550 --> 00:35:09,280

and to your point where you're coming in

1044

00:35:14,150 --> 00:35:10,560

untainted you know

1045

00:35:16,230 --> 00:35:14,160

very objective very open i i think

1046

00:35:17,910 --> 00:35:16,240

even in the old data there's new

1047

00:35:19,190 --> 00:35:17,920

insights that can be gathered by

1048

00:35:20,630 --> 00:35:19,200

by other people looking at the

1049

00:35:21,589 --> 00:35:20,640

information and maybe connecting the

1050

00:35:23,430 --> 00:35:21,599

dots where

1051
00:35:25,589 --> 00:35:23,440
myself and others haven't made those

1052
00:35:29,589 --> 00:35:25,599
those connections or those correlations

1053
00:35:32,790 --> 00:35:29,599
um the triangle or pyramid

1054
00:35:36,150 --> 00:35:32,800
accounts um back

1055
00:35:38,310 --> 00:35:36,160
in that time i'm i'm not very familiar

1056
00:35:40,630 --> 00:35:38,320
with those and i couldn't find i found

1057
00:35:42,630 --> 00:35:40,640
one that said triangle on it but i could

1058
00:35:44,470 --> 00:35:42,640
not find any other and

1059
00:35:45,829 --> 00:35:44,480
granted i'm just looking at foia reading

1060
00:35:48,550 --> 00:35:45,839
rooms but oh sure

1061
00:35:49,270 --> 00:35:48,560
um was there a lot of those oh

1062
00:35:53,589 --> 00:35:49,280
absolutely

1063
00:35:55,349 --> 00:35:53,599

fact i think i might have a few here i

1064

00:35:57,910 --> 00:35:55,359

can share with you and your audience uh

1065

00:35:59,670 --> 00:35:57,920

i was just uh reviewing some of these uh

1066

00:36:00,550 --> 00:35:59,680

going through the microfilm which i just

1067

00:36:03,109 --> 00:36:00,560

gathered from

1068

00:36:04,950 --> 00:36:03,119

jan aldrige he gave me about 165 reels

1069

00:36:07,910 --> 00:36:04,960

of historic microfilm

1070

00:36:08,950 --> 00:36:07,920

there are tons of old newspaper accounts

1071

00:36:11,430 --> 00:36:08,960

going back to the late

1072

00:36:13,349 --> 00:36:11,440

40s and i've been going through these

1073

00:36:15,109 --> 00:36:13,359

and i don't know if you can see this one

1074

00:36:17,589 --> 00:36:15,119

here this is this headline

1075

00:36:19,670 --> 00:36:17,599

bring it up that way not flying saucer

1076

00:36:20,950 --> 00:36:19,680

but flying triangles seen by local

1077

00:36:22,230 --> 00:36:20,960

residents wow and i don't know if you

1078

00:36:25,510 --> 00:36:22,240

can see the date up here

1079

00:36:27,430 --> 00:36:25,520

yeah on november 8th 1957.

1080

00:36:30,470 --> 00:36:27,440

that was the date of the sighting was

1081

00:36:32,230 --> 00:36:30,480

november 8th wow

1082

00:36:34,470 --> 00:36:32,240

and that was just one that's just one

1083

00:36:36,230 --> 00:36:34,480

but here's another one this is from 1957

1084

00:36:39,030 --> 00:36:36,240

as well

1085

00:36:39,510 --> 00:36:39,040

reports citing flying triangle over city

1086

00:36:42,710 --> 00:36:39,520

wow

1087

00:36:45,510 --> 00:36:42,720

what city was that and this was uh

1088

00:36:47,109 --> 00:36:45,520

hazleton pennsylvania pennsylvania and

1089

00:36:48,710 --> 00:36:47,119

it described it as

1090

00:36:50,230 --> 00:36:48,720

something resembling a triangle with a

1091

00:36:52,390 --> 00:36:50,240

light at each corner

1092

00:36:54,150 --> 00:36:52,400

so we're not talking as we were

1093

00:36:55,750 --> 00:36:54,160

referencing earlier like riga latvia

1094

00:36:58,230 --> 00:36:55,760

where it could have been a balloon

1095

00:37:00,069 --> 00:36:58,240

these are structured objects with lights

1096

00:37:02,150 --> 00:37:00,079

and many of these also

1097

00:37:04,230 --> 00:37:02,160

in the early accounts describe rapid

1098

00:37:07,270 --> 00:37:04,240

acceleration the ability to hover

1099

00:37:08,950 --> 00:37:07,280

to be completely silent and here's

1100

00:37:10,550 --> 00:37:08,960

another one this is uh one that i

1101

00:37:14,470 --> 00:37:10,560

i actually included in my book some

1102

00:37:18,470 --> 00:37:17,510

and that's from september 1960 revolving

1103

00:37:21,750 --> 00:37:18,480

red light

1104

00:37:21,990 --> 00:37:21,760

that is wild has anyone else reported

1105

00:37:24,470 --> 00:37:22,000

that

1106

00:37:25,670 --> 00:37:24,480

the revolving red light the revolving

1107

00:37:27,190 --> 00:37:25,680

light not so much

1108

00:37:28,790 --> 00:37:27,200

but it's interesting the position of

1109

00:37:30,550 --> 00:37:28,800

that light is where we have

1110

00:37:32,150 --> 00:37:30,560

more of the modern reports describing

1111

00:37:33,670 --> 00:37:32,160

these pulsing or red lights

1112

00:37:35,430 --> 00:37:33,680

here's an interesting one i stumbled

1113

00:37:35,990 --> 00:37:35,440

across and i have some additional

1114

00:37:38,550 --> 00:37:36,000

information

1115

00:37:40,069 --> 00:37:38,560

on it this was from the bremerton sun

1116

00:37:44,470 --> 00:37:40,079

newspaper in washington

1117

00:37:46,470 --> 00:37:44,480

dated may 27 1965.

1118

00:37:47,750 --> 00:37:46,480

wow triangle and what's interesting i

1119

00:37:49,190 --> 00:37:47,760

don't know if you can read this at the

1120

00:37:51,670 --> 00:37:49,200

first paragraph there

1121

00:37:53,430 --> 00:37:51,680

this was viewed by someone at the puget

1122

00:37:57,030 --> 00:37:53,440

sound naval shipyard

1123

00:37:59,190 --> 00:37:57,040

whoa now what's interesting about this

1124

00:38:00,589 --> 00:37:59,200

in doing my historical research on this

1125

00:38:03,270 --> 00:38:00,599

particular case

1126
00:38:05,270 --> 00:38:03,280
1965 was the first year the puget sound

1127
00:38:07,829 --> 00:38:05,280
naval shipyard started

1128
00:38:11,510 --> 00:38:07,839
working and retrofitting and repairing

1129
00:38:13,109 --> 00:38:11,520
nuclear powered naval vessels

1130
00:38:15,430 --> 00:38:13,119
so do you think there's a connection

1131
00:38:17,270 --> 00:38:15,440
there there's definitely some type of

1132
00:38:19,109 --> 00:38:17,280
correlation between nuclear

1133
00:38:21,750 --> 00:38:19,119
weapon storage facilities

1134
00:38:24,150 --> 00:38:21,760
nuclear-powered military vehicles

1135
00:38:25,670 --> 00:38:24,160
power plants and ufos my my friend and

1136
00:38:27,109 --> 00:38:25,680
colleague robert hasting has really done

1137
00:38:29,349 --> 00:38:27,119
the lion's share of work with

1138
00:38:30,790 --> 00:38:29,359

with regard to the military cases

1139

00:38:32,870 --> 00:38:30,800

involving that but there's a strong

1140

00:38:35,910 --> 00:38:32,880

correlation with regard to that no doubt

1141

00:38:38,390 --> 00:38:35,920

it was a triangle that uh went over uh

1142

00:38:40,710 --> 00:38:38,400

montana right the missile silos

1143

00:38:42,150 --> 00:38:40,720

uh do you know i don't know if it's

1144

00:38:43,510 --> 00:38:42,160

robert silas

1145

00:38:45,510 --> 00:38:43,520

yeah i don't know if it was a triangle

1146

00:38:48,150 --> 00:38:45,520

in that case i believe it was a large

1147

00:38:52,310 --> 00:38:48,160

uh football shaped red red glowing

1148

00:38:58,230 --> 00:38:55,349

what do you make of

1149

00:39:00,230 --> 00:38:58,240

all these different do you think it

1150

00:39:03,270 --> 00:39:00,240

could be one thing that can

1151

00:39:05,270 --> 00:39:03,280

show different things or

1152

00:39:06,790 --> 00:39:05,280

you know whether on purpose or not but

1153

00:39:07,109 --> 00:39:06,800

it's one of the big questions you know

1154

00:39:08,950 --> 00:39:07,119

right

1155

00:39:10,710 --> 00:39:08,960

we have such variety with regard to

1156

00:39:12,470 --> 00:39:10,720

these objects that are being seen and i

1157

00:39:15,589 --> 00:39:12,480

know many people fall into that

1158

00:39:17,510 --> 00:39:15,599

that that line of thought that well the

1159

00:39:18,950 --> 00:39:17,520

saucers are the grays the reptilians

1160

00:39:20,230 --> 00:39:18,960

have the triangles and

1161

00:39:22,069 --> 00:39:20,240

and again i think that's a fairly

1162

00:39:24,470 --> 00:39:22,079

simplistic way of looking at it

1163

00:39:26,870 --> 00:39:24,480

sure um i always kind of i just try to

1164

00:39:28,790 --> 00:39:26,880

find corollaries in our day-to-day life

1165

00:39:30,310 --> 00:39:28,800

if you're standing let's say you're

1166

00:39:33,190 --> 00:39:30,320

you're a bird or a dog

1167

00:39:34,950 --> 00:39:33,200

standing next to a road and you see a

1168

00:39:37,349 --> 00:39:34,960

volkswagen drive by

1169

00:39:39,670 --> 00:39:37,359

and then you see a dump truck drive by

1170

00:39:41,670 --> 00:39:39,680

and then you see a police car drive by

1171

00:39:43,270 --> 00:39:41,680

they look very different they're being

1172

00:39:44,870 --> 00:39:43,280

driven by the same group

1173

00:39:46,550 --> 00:39:44,880

but they're designed for different

1174

00:39:49,750 --> 00:39:46,560

utilitarian purposes

1175

00:39:50,069 --> 00:39:49,760

true and i think again i don't know it's

1176

00:39:52,790 --> 00:39:50,079

just

1177

00:39:53,670 --> 00:39:52,800

simple speculation yep i think that some

1178

00:39:56,150 --> 00:39:53,680

of these things

1179

00:39:57,510 --> 00:39:56,160

are built by design for a specific

1180

00:39:59,670 --> 00:39:57,520

purpose

1181

00:40:01,750 --> 00:39:59,680

yeah like yeah i've heard that about the

1182

00:40:05,109 --> 00:40:01,760

triangles maybe coming here to

1183

00:40:07,190 --> 00:40:05,119

check out geographically yeah my friend

1184

00:40:08,309 --> 00:40:07,200

chris mellon who you know of course i

1185

00:40:09,990 --> 00:40:08,319

was uh with

1186

00:40:12,069 --> 00:40:10,000

on the history channel on identified

1187

00:40:14,550 --> 00:40:12,079

last year chris and i by the way

1188

00:40:15,510 --> 00:40:14,560

we knew each other briefly prior to that

1189

00:40:17,190 --> 00:40:15,520

that whole

1190

00:40:19,430 --> 00:40:17,200

experience filming and then we we're

1191

00:40:21,829 --> 00:40:19,440

still in touch to to this day we keep

1192

00:40:22,470 --> 00:40:21,839

in touch on a regular basis chris i will

1193

00:40:23,750 --> 00:40:22,480

tell you

1194

00:40:26,150 --> 00:40:23,760

just for you and the sake of your

1195

00:40:28,309 --> 00:40:26,160

audience um his interest

1196

00:40:29,750 --> 00:40:28,319

was not something created for television

1197

00:40:31,270 --> 00:40:29,760

regarding these triangles

1198

00:40:32,470 --> 00:40:31,280

he reached out through a mutual friend

1199

00:40:34,550 --> 00:40:32,480

and colleague about a year year and a

1200

00:40:35,030 --> 00:40:34,560

half prior to this unidentified show

1201

00:40:37,349 --> 00:40:35,040

even

1202

00:40:39,030 --> 00:40:37,359

existing and my friend said do you know

1203

00:40:41,030 --> 00:40:39,040

chris mellon and this was a phone call

1204

00:40:42,550 --> 00:40:41,040

as i was driving from a business trip

1205

00:40:44,150 --> 00:40:42,560

and i said well i don't know chris

1206

00:40:45,750 --> 00:40:44,160

mellon i certainly loved him

1207

00:40:47,510 --> 00:40:45,760

yeah and he said well he wants to talk

1208

00:40:48,550 --> 00:40:47,520

to you he he wanted to know who would be

1209

00:40:50,390 --> 00:40:48,560

the guy to talk to about these

1210

00:40:52,470 --> 00:40:50,400

triangular ufos and i told him you know

1211

00:40:54,470 --> 00:40:52,480

i'd like to get him in touch with you so

1212

00:40:57,190 --> 00:40:54,480

about two or three weeks it took for us

1213

00:40:59,510 --> 00:40:57,200

to kind of coordinate our busy schedules

1214

00:41:00,309 --> 00:40:59,520

and i was sitting in this very chair uh

1215

00:41:02,230 --> 00:41:00,319

at that time

1216

00:41:03,829 --> 00:41:02,240

and we had a wonderful hour and a half

1217

00:41:05,910 --> 00:41:03,839

long conversation

1218

00:41:07,430 --> 00:41:05,920

and uh you know right out of the gate it

1219

00:41:08,150 --> 00:41:07,440

was one of the highest compliments i've

1220

00:41:10,069 --> 00:41:08,160

received

1221

00:41:11,589 --> 00:41:10,079

chris said you know dave appreciate you

1222

00:41:13,030 --> 00:41:11,599

taking the time to speak with me i just

1223

00:41:13,270 --> 00:41:13,040

want to let you know when your book came

1224

00:41:15,510 --> 00:41:13,280

out

1225

00:41:16,950 --> 00:41:15,520

2013 i bought it i'm a huge fan of your

1226

00:41:19,030 --> 00:41:16,960

research so

1227

00:41:19,990 --> 00:41:19,040

i was rather humbled you know someone

1228

00:41:21,750 --> 00:41:20,000

from his background

1229

00:41:23,750 --> 00:41:21,760

and in his standing in the intelligence

1230

00:41:25,349 --> 00:41:23,760

world to be able to say that

1231

00:41:27,030 --> 00:41:25,359

yeah and when you put so much work into

1232

00:41:28,230 --> 00:41:27,040

something i mean that's nice well he

1233

00:41:30,069 --> 00:41:28,240

appreciates it because

1234

00:41:32,230 --> 00:41:30,079

you know admittedly sean you and your

1235

00:41:32,790 --> 00:41:32,240

audience know this there's a lot of talk

1236

00:41:35,109 --> 00:41:32,800

out there

1237

00:41:36,470 --> 00:41:35,119

but there's not a lot to back it up and

1238

00:41:38,069 --> 00:41:36,480

i don't know what we're dealing with

1239

00:41:39,109 --> 00:41:38,079

with the subject but when i do my

1240

00:41:40,710 --> 00:41:39,119

lectures and i'm working on a new

1241

00:41:43,589 --> 00:41:40,720

lecture series based on

1242

00:41:44,790 --> 00:41:43,599

the historic kufos nycap case files i'm

1243

00:41:46,710 --> 00:41:44,800

i'm going through

1244

00:41:48,630 --> 00:41:46,720

pulling historical triangle cases that

1245

00:41:50,069 --> 00:41:48,640

people have never seen publicly

1246

00:41:51,829 --> 00:41:50,079

and i'm putting that together and

1247

00:41:53,270 --> 00:41:51,839

showing that long history as we were

1248

00:41:56,390 --> 00:41:53,280

alluding to earlier

1249

00:41:58,710 --> 00:41:56,400

but chris i think appreciates fact-based

1250

00:41:59,750 --> 00:41:58,720

information in other words don't take my

1251

00:42:01,430 --> 00:41:59,760

word for it

1252

00:42:03,430 --> 00:42:01,440

here's the newspaper look it up for

1253

00:42:06,069 --> 00:42:03,440

yourself yeah and so

1254

00:42:07,510 --> 00:42:06,079

i try to to cite my resources my sources

1255

00:42:08,790 --> 00:42:07,520

all the time i i was taught that in

1256

00:42:09,349 --> 00:42:08,800

college you know if you're gonna cite

1257

00:42:11,430 --> 00:42:09,359

something

1258

00:42:13,030 --> 00:42:11,440

you have to put your your sources yeah

1259

00:42:14,710 --> 00:42:13,040

and i hope that people not only use that

1260

00:42:16,150 --> 00:42:14,720

to verify what i'm telling them but to

1261

00:42:17,109 --> 00:42:16,160

use it as a springboard for their own

1262

00:42:18,870 --> 00:42:17,119

research

1263

00:42:21,030 --> 00:42:18,880

yeah that's a that's a great point i

1264

00:42:22,950 --> 00:42:21,040

mean especially when you're dealing with

1265

00:42:24,470 --> 00:42:22,960

something that could be very dramatic

1266

00:42:27,270 --> 00:42:24,480

you don't want to

1267

00:42:28,150 --> 00:42:27,280

uh well we we know people just fill in

1268

00:42:30,630 --> 00:42:28,160

the blanks but

1269

00:42:33,349 --> 00:42:30,640

the smaller the blanks get people will

1270

00:42:35,430 --> 00:42:33,359

still try to throw something in there

1271

00:42:37,589 --> 00:42:35,440

and maneuver that narrative just a

1272

00:42:38,230 --> 00:42:37,599

little bit so yeah gotta stick to the

1273

00:42:40,710 --> 00:42:38,240

facts

1274

00:42:42,150 --> 00:42:40,720

absolutely you know and skeptics to the

1275

00:42:43,990 --> 00:42:42,160

to their point you know i have to give

1276

00:42:46,230 --> 00:42:44,000

them credit sometimes skeptics

1277

00:42:47,670 --> 00:42:46,240

uh the real skeptics uh the ones that

1278

00:42:49,270 --> 00:42:47,680

take a skeptical approach but are

1279

00:42:51,349 --> 00:42:49,280

willing to look at the data

1280

00:42:53,829 --> 00:42:51,359

sometimes skeptics keep us honest

1281

00:42:55,349 --> 00:42:53,839

sometimes researchers or others

1282

00:42:57,109 --> 00:42:55,359

will make a statement and they'll say

1283

00:42:58,710 --> 00:42:57,119

you know you have to dial that back you

1284

00:43:00,150 --> 00:42:58,720

can't say that definitively and

1285

00:43:01,750 --> 00:43:00,160

sometimes they're right we you we do

1286

00:43:03,910 --> 00:43:01,760

have to dial it back you know we we

1287

00:43:06,950 --> 00:43:03,920

can't make that conclusive statement

1288

00:43:08,230 --> 00:43:06,960

um but what's interesting is if you're

1289

00:43:10,069 --> 00:43:08,240

looking at the data

1290

00:43:11,430 --> 00:43:10,079

my attitude is you follow the data

1291

00:43:13,270 --> 00:43:11,440

wherever it takes you

1292

00:43:14,710 --> 00:43:13,280

irrespective of what i believe my

1293

00:43:17,270 --> 00:43:14,720

beliefs don't matter

1294

00:43:18,790 --> 00:43:17,280

in the in in the context of research

1295

00:43:20,150 --> 00:43:18,800

right we all have our own personal

1296

00:43:22,550 --> 00:43:20,160

beliefs and that's great from an

1297

00:43:24,630 --> 00:43:22,560

ideological belief system perspective

1298

00:43:26,069 --> 00:43:24,640

but for myself and i've actually had

1299

00:43:27,589 --> 00:43:26,079

discussions with friends on this they're

1300

00:43:28,950 --> 00:43:27,599

like but you believe that why aren't you

1301

00:43:30,390 --> 00:43:28,960

saying that it's like because i can't

1302

00:43:32,710 --> 00:43:30,400

support it with the evidence

1303

00:43:33,990 --> 00:43:32,720

right i might believe something but if i

1304

00:43:37,190 --> 00:43:34,000

can't back it up with

1305

00:43:38,630 --> 00:43:37,200

documents facts recorded historical

1306

00:43:40,309 --> 00:43:38,640

documents

1307

00:43:42,630 --> 00:43:40,319

i i shouldn't be out there it's

1308

00:43:45,030 --> 00:43:42,640

irresponsible of me to do that

1309

00:43:46,470 --> 00:43:45,040

for myself and it's irresponsible to

1310

00:43:47,990 --> 00:43:46,480

present that to the general public

1311

00:43:49,589 --> 00:43:48,000

unless i can back that up with something

1312

00:43:51,349 --> 00:43:49,599

because at the end of the day

1313

00:43:53,270 --> 00:43:51,359

i'm interested in the objective truth

1314

00:43:55,109 --> 00:43:53,280

not the subjective proof

1315

00:43:56,550 --> 00:43:55,119

you know subjective reality that dave

1316

00:43:59,430 --> 00:43:56,560

marlar might believe

1317

00:43:59,829 --> 00:43:59,440

but what the objective reality truly is

1318

00:44:03,670 --> 00:43:59,839

yeah

1319

00:44:07,030 --> 00:44:03,680

earlier it's it's one something

1320

00:44:08,309 --> 00:44:07,040

is proven that way um you won't have

1321

00:44:10,950 --> 00:44:08,319

mick west's

1322

00:44:12,230 --> 00:44:10,960

right yeah yeah absolutely i mean some

1323

00:44:13,430 --> 00:44:12,240

of the some of the explanations i've

1324

00:44:14,390 --> 00:44:13,440

heard in you and your audience have

1325

00:44:16,630 --> 00:44:14,400

heard

1326

00:44:18,230 --> 00:44:16,640

are just ludicrous in the scheme of

1327

00:44:19,750 --> 00:44:18,240

things i mean i think even one person

1328

00:44:21,430 --> 00:44:19,760

had postulated that

1329

00:44:23,109 --> 00:44:21,440

the gimbal or one of the other videos

1330

00:44:24,069 --> 00:44:23,119

was maybe a bug on the lens of the

1331

00:44:25,910 --> 00:44:24,079

camera it's like

1332

00:44:28,550 --> 00:44:25,920

that's one incredible bug that can cling

1333

00:44:29,030 --> 00:44:28,560

to an f-18 super hornet flying 300 miles

1334

00:44:31,190 --> 00:44:29,040

an hour

1335

00:44:32,309 --> 00:44:31,200

that's an incredible bug that movie be

1336

00:44:36,950 --> 00:44:32,319

with jerry seinfeld

1337

00:44:38,550 --> 00:44:36,960

oh my god

1338

00:44:40,630 --> 00:44:38,560

but it's just crazy i mean some of the

1339

00:44:42,390 --> 00:44:40,640

explanations just simply you know

1340

00:44:44,550 --> 00:44:42,400

don't hold any don't hold any water

1341

00:44:47,270 --> 00:44:44,560

whatsoever yeah it's unfortunate

1342

00:44:48,550 --> 00:44:47,280

especially when it starts disparaging um

1343

00:44:50,550 --> 00:44:48,560

you know people who have served our

1344

00:44:51,750 --> 00:44:50,560

country well

1345

00:44:53,349 --> 00:44:51,760

thank you for bringing it up because

1346

00:44:54,790 --> 00:44:53,359

i've actually had discussions with

1347

00:44:57,349 --> 00:44:54,800

individuals uh

1348

00:44:59,030 --> 00:44:57,359

individually as well as collectively it

1349

00:45:00,230 --> 00:44:59,040

some of these explanations are an insult

1350

00:45:01,430 --> 00:45:00,240

to these men and women that have

1351

00:45:03,510 --> 00:45:01,440

defended our country

1352

00:45:05,109 --> 00:45:03,520

and at the end of the day i i think

1353

00:45:06,870 --> 00:45:05,119

that's great you bring that point up

1354

00:45:08,870 --> 00:45:06,880

we need to take a step back and realize

1355

00:45:11,030 --> 00:45:08,880

look these are people that are extremely

1356

00:45:14,630 --> 00:45:11,040

well-trained flying multi-million dollar

1357

00:45:16,390 --> 00:45:14,640

aircraft and it really

1358

00:45:18,470 --> 00:45:16,400

is an insult to their intelligence and

1359

00:45:20,550 --> 00:45:18,480

their training to throughout some of

1360

00:45:22,790 --> 00:45:20,560

these arbitrary explanations that

1361

00:45:23,589 --> 00:45:22,800

quite frankly insult their intelligence

1362

00:45:26,630 --> 00:45:23,599

right and

1363

00:45:29,430 --> 00:45:26,640

if you know they wouldn't talk about it

1364

00:45:29,990 --> 00:45:29,440

if they did have a reasonable amount of

1365

00:45:32,230 --> 00:45:30,000

doubt

1366

00:45:33,430 --> 00:45:32,240

in what they were about to say right you

1367

00:45:35,109 --> 00:45:33,440

know why would they put their reputation

1368

00:45:36,870 --> 00:45:35,119

in their credibility on the line right

1369

00:45:38,150 --> 00:45:36,880

especially someone like dedrick who

1370

00:45:41,510 --> 00:45:38,160

obviously

1371

00:45:44,069 --> 00:45:41,520

does not like attention or

1372

00:45:46,150 --> 00:45:44,079

no no no not someone you would paint or

1373

00:45:47,109 --> 00:45:46,160

characterize as a ufo believer in fact

1374

00:45:48,710 --> 00:45:47,119

yeah i don't know if you would

1375

00:45:49,510 --> 00:45:48,720

characterize any of the naval pilots of

1376

00:45:52,550 --> 00:45:49,520

the company

1377

00:45:53,829 --> 00:45:52,560

ufo believers uh they're very pragmatic

1378

00:45:55,589 --> 00:45:53,839

in their their reporting

1379

00:45:57,589 --> 00:45:55,599

not saying what i saw i'm just

1380

00:45:58,950 --> 00:45:57,599

describing it as i saw it and

1381

00:46:01,270 --> 00:45:58,960

by the way it was also recorded on

1382

00:46:03,270 --> 00:46:01,280

various instrumentation that's not just

1383

00:46:04,550 --> 00:46:03,280

saying i saw it and it is what it is i

1384

00:46:06,230 --> 00:46:04,560

don't know what it is

1385

00:46:08,230 --> 00:46:06,240

you know that's it yeah some people

1386

00:46:09,589 --> 00:46:08,240

postulate maybe it's the air force

1387

00:46:10,630 --> 00:46:09,599

something the air force has they're not

1388

00:46:13,510 --> 00:46:10,640

telling maybe about

1389

00:46:14,390 --> 00:46:13,520

maybe it's it's a much more practical

1390

00:46:16,069 --> 00:46:14,400

explanation

1391

00:46:17,589 --> 00:46:16,079

than saying it's something off world or

1392

00:46:18,870 --> 00:46:17,599

from another dimension i mean i'll be

1393

00:46:21,510 --> 00:46:18,880

the first to acknowledge that

1394

00:46:23,109 --> 00:46:21,520

yeah however if you're going to put that

1395

00:46:23,910 --> 00:46:23,119

idea forth you better have something to

1396

00:46:25,910 --> 00:46:23,920

back it up

1397

00:46:27,750 --> 00:46:25,920

sure and if you look at the maneuvers of

1398

00:46:29,910 --> 00:46:27,760

these things that's not practical

1399

00:46:31,030 --> 00:46:29,920

so it doesn't make sense to take a prac

1400

00:46:34,230 --> 00:46:31,040

practical view

1401
00:46:35,510 --> 00:46:34,240
well and especially as you uh rightly so

1402
00:46:36,790 --> 00:46:35,520
pointed out earlier sean

1403
00:46:38,870 --> 00:46:36,800
where we're talking about the history

1404
00:46:41,430 --> 00:46:38,880
where you can find these same

1405
00:46:42,550 --> 00:46:41,440
flight characteristics that were being

1406
00:46:44,470 --> 00:46:42,560
demonstrated

1407
00:46:46,150 --> 00:46:44,480
in military cases not just here in the

1408
00:46:47,109 --> 00:46:46,160
united states but elsewhere going back

1409
00:46:49,670 --> 00:46:47,119
decades

1410
00:46:50,950 --> 00:46:49,680
90 degree turns everything exactly in

1411
00:46:52,390 --> 00:46:50,960
fact the you know going back to the

1412
00:46:54,150 --> 00:46:52,400
triangles for a moment

1413
00:46:55,910 --> 00:46:54,160

um many people believe that the

1414

00:46:56,630 --> 00:46:55,920

triangles are something military and i

1415

00:46:58,950 --> 00:46:56,640

can see

1416

00:47:00,470 --> 00:46:58,960

some of the reports that are being

1417

00:47:02,950 --> 00:47:00,480

observed and reported

1418

00:47:04,630 --> 00:47:02,960

uh could be military in other words if

1419

00:47:06,069 --> 00:47:04,640

you're seeing a triangular object that's

1420

00:47:07,349 --> 00:47:06,079

slowly moving through the sky in a

1421

00:47:09,670 --> 00:47:07,359

linear fashion

1422

00:47:11,670 --> 00:47:09,680

that could easily be something military

1423

00:47:14,309 --> 00:47:11,680

right

1424

00:47:15,910 --> 00:47:14,319

you know aircraft that we know of let

1425

00:47:19,349 --> 00:47:15,920

alone what we don't know

1426
00:47:20,790 --> 00:47:19,359
right um but as chris mellon has pointed

1427
00:47:24,390 --> 00:47:20,800
out as louis pointed out

1428
00:47:26,549 --> 00:47:24,400
and i would concur we have exotic

1429
00:47:28,150 --> 00:47:26,559
flight characteristics in fact uh one of

1430
00:47:29,190 --> 00:47:28,160
the the characteristics i outlined in my

1431
00:47:31,109 --> 00:47:29,200
book and i just came across some

1432
00:47:32,870 --> 00:47:31,119
historical cases just the other day

1433
00:47:34,309 --> 00:47:32,880
in the kuffos nightcap files which i'll

1434
00:47:35,990 --> 00:47:34,319
be sharing with audiences later this

1435
00:47:38,710 --> 00:47:36,000
year and next year

1436
00:47:39,430 --> 00:47:38,720
many of these triangle reports are seen

1437
00:47:42,630 --> 00:47:39,440
where

1438
00:47:45,270 --> 00:47:42,640

the flat side is the leading edge

1439

00:47:46,390 --> 00:47:45,280

in other words yeah in other words it's

1440

00:47:49,829 --> 00:47:46,400

moving like this

1441

00:47:52,309 --> 00:47:49,839

with the tail as the rear of the object

1442

00:47:54,309 --> 00:47:52,319

it's like opposite world

1443

00:47:56,470 --> 00:47:54,319

and we're not talking triangles that are

1444

00:47:59,589 --> 00:47:56,480

thin that have a an aerodynamic

1445

00:48:01,030 --> 00:47:59,599

uh profile as i uh mentioned just

1446

00:48:02,630 --> 00:48:01,040

recently to someone

1447

00:48:04,069 --> 00:48:02,640

we're talking about an object that's

1448

00:48:05,670 --> 00:48:04,079

moving through the air that's about as

1449

00:48:07,109 --> 00:48:05,680

aerodynamic as a brick

1450

00:48:08,790 --> 00:48:07,119

yeah because not only are these things

1451

00:48:12,069 --> 00:48:08,800

triangular they quite often have

1452

00:48:14,950 --> 00:48:12,079

depth so you're looking at a large tall

1453

00:48:15,829 --> 00:48:14,960

flat sided object moving through the air

1454

00:48:17,670 --> 00:48:15,839

like that

1455

00:48:19,510 --> 00:48:17,680

yeah that would just be clearly some

1456

00:48:21,910 --> 00:48:19,520

other type of propulsion technology

1457

00:48:22,870 --> 00:48:21,920

yeah you'd be getting way too much uh

1458

00:48:26,230 --> 00:48:22,880

friction

1459

00:48:28,549 --> 00:48:26,240

up in the sky with a big fat absolutely

1460

00:48:29,829 --> 00:48:28,559

not not to mention that coupled with the

1461

00:48:31,430 --> 00:48:29,839

extreme slow speed

1462

00:48:33,349 --> 00:48:31,440

some of these objects are only moving 20

1463

00:48:34,150 --> 00:48:33,359

to 30 to 40 miles an hour through the

1464

00:48:36,230 --> 00:48:34,160

air

1465

00:48:37,990 --> 00:48:36,240

uh conventional aerodynamic principles

1466

00:48:40,230 --> 00:48:38,000

wouldn't allow for enough lift

1467

00:48:41,670 --> 00:48:40,240

in that situation and then some people

1468

00:48:43,670 --> 00:48:41,680

have postulated well maybe these are

1469

00:48:45,750 --> 00:48:43,680

lighter than air blimps which

1470

00:48:47,349 --> 00:48:45,760

yes if you have a large object if it's

1471

00:48:50,630 --> 00:48:47,359

moving slow or hovering

1472

00:48:51,829 --> 00:48:50,640

uh it could be a blimp but again as i

1473

00:48:53,190 --> 00:48:51,839

alluded to earlier you have to view the

1474

00:48:56,230 --> 00:48:53,200

totality of evidence

1475

00:48:58,470 --> 00:48:56,240

yeah what about the reports of a large

1476
00:48:59,750 --> 00:48:58,480
silent or slow or hovering moving object

1477
00:49:02,069 --> 00:48:59,760
that's triangular

1478
00:49:03,109 --> 00:49:02,079
that from a dead stop suddenly shoots

1479
00:49:05,829 --> 00:49:03,119
away

1480
00:49:06,710 --> 00:49:05,839
and disappears no lighter than air

1481
00:49:08,870 --> 00:49:06,720
vehicle has

1482
00:49:10,390 --> 00:49:08,880
the structural integrity to withstand

1483
00:49:13,430 --> 00:49:10,400
that amount of g-force

1484
00:49:14,870 --> 00:49:13,440
right so you know we have to go through

1485
00:49:16,790 --> 00:49:14,880
all of these elements and we can't

1486
00:49:17,270 --> 00:49:16,800
ignore or cherry pick the data we have

1487
00:49:19,670 --> 00:49:17,280
to

1488
00:49:21,589 --> 00:49:19,680

look at each one of these cases and look

1489

00:49:22,470 --> 00:49:21,599

at every one of these elements before we

1490

00:49:25,270 --> 00:49:22,480

can start really

1491

00:49:27,190 --> 00:49:25,280

putting forth an explanation yeah and i

1492

00:49:29,990 --> 00:49:27,200

think patience will go a long way

1493

00:49:31,990 --> 00:49:30,000

in this and i know like an argument i

1494

00:49:32,870 --> 00:49:32,000

even made it one point it was it's been

1495

00:49:37,829 --> 00:49:32,880

80

1496

00:49:38,870 --> 00:49:37,839

flip side of that argument is yeah it's

1497

00:49:41,190 --> 00:49:38,880

been 80 years

1498

00:49:42,150 --> 00:49:41,200

so be patient well you know it's

1499

00:49:44,230 --> 00:49:42,160

interesting you know

1500

00:49:45,349 --> 00:49:44,240

we have to be patient and i've seen some

1501

00:49:47,109 --> 00:49:45,359

interesting write-ups

1502

00:49:48,549 --> 00:49:47,119

since the pentagon report came out and

1503

00:49:49,990 --> 00:49:48,559

people making statements like

1504

00:49:51,910 --> 00:49:50,000

well i guess you civilian ufo

1505

00:49:54,150 --> 00:49:51,920

researchers can hang it up now

1506

00:49:56,630 --> 00:49:54,160

i think we have to keep in mind that

1507

00:49:58,790 --> 00:49:56,640

again looking at the subset of data that

1508

00:50:01,670 --> 00:49:58,800

the pentagon looked at the dod

1509

00:50:03,109 --> 00:50:01,680

they're looking at military reports and

1510

00:50:04,549 --> 00:50:03,119

they did make that one reference as you

1511

00:50:06,150 --> 00:50:04,559

alluded to sean they might look at some

1512

00:50:07,829 --> 00:50:06,160

of the historical data

1513

00:50:09,750 --> 00:50:07,839

i still think they're going to look at

1514

00:50:10,790 --> 00:50:09,760

most of the cases within the confines of

1515

00:50:12,630 --> 00:50:10,800

what the military

1516

00:50:15,270 --> 00:50:12,640

has documented and recorded just because

1517

00:50:17,349 --> 00:50:15,280

again they're higher credibility cases

1518

00:50:18,790 --> 00:50:17,359

sure um the vast majority of civilian

1519

00:50:20,549 --> 00:50:18,800

ufo reports i still

1520

00:50:23,270 --> 00:50:20,559

see being investigated by groups like

1521

00:50:24,710 --> 00:50:23,280

mufon and other independent researchers

1522

00:50:26,630 --> 00:50:24,720

yeah the the frustration i don't think

1523

00:50:28,150 --> 00:50:26,640

that's going gonna change no

1524

00:50:30,390 --> 00:50:28,160

and it shouldn't it's just the

1525

00:50:33,990 --> 00:50:30,400

frustrating part is um

1526

00:50:36,630 --> 00:50:34,000

you know um credibility

1527

00:50:38,549 --> 00:50:36,640

like for whatever reason people trust

1528

00:50:40,069 --> 00:50:38,559

military people more which is

1529

00:50:41,750 --> 00:50:40,079

completely silly because if you look at

1530

00:50:43,990 --> 00:50:41,760

these reports from back then

1531

00:50:45,510 --> 00:50:44,000

they'll describe their credibility by a

1532

00:50:48,710 --> 00:50:45,520

system that they have

1533

00:50:50,710 --> 00:50:48,720

and nine times out of ten it was

1534

00:50:52,150 --> 00:50:50,720

these people are very well established

1535

00:50:54,470 --> 00:50:52,160

they're very

1536

00:50:55,829 --> 00:50:54,480

um you know smart intelligent i see no

1537

00:50:58,150 --> 00:50:55,839

reason for them to lie

1538

00:51:00,549 --> 00:50:58,160

you know that's all these witnesses so

1539

00:51:01,670 --> 00:51:00,559

well over 30 years it's funny i've seen

1540

00:51:05,109 --> 00:51:01,680

this this kind of

1541

00:51:05,990 --> 00:51:05,119

uh dichotomy if you will with the ufo

1542

00:51:09,030 --> 00:51:06,000

community

1543

00:51:11,910 --> 00:51:09,040

we don't trust government we know

1544

00:51:13,589 --> 00:51:11,920

there's government there's there's a ufo

1545

00:51:15,030 --> 00:51:13,599

cover-up we don't trust government

1546

00:51:17,829 --> 00:51:15,040

but then over the years we've had all

1547

00:51:19,670 --> 00:51:17,839

these people come up and and

1548

00:51:20,870 --> 00:51:19,680

be self-proclaimed government

1549

00:51:22,309 --> 00:51:20,880

whistleblowers

1550

00:51:24,710 --> 00:51:22,319

people say that they've worked on the

1551

00:51:26,390 --> 00:51:24,720

inside and i was involved in this

1552

00:51:26,710 --> 00:51:26,400

program and i was involved in this i

1553

00:51:29,190 --> 00:51:26,720

mean

1554

00:51:29,750 --> 00:51:29,200

there's a number of people in in the ufo

1555

00:51:31,510 --> 00:51:29,760

uh

1556

00:51:33,030 --> 00:51:31,520

community over the last 20 30 years have

1557

00:51:36,230 --> 00:51:33,040

come forward with

1558

00:51:36,950 --> 00:51:36,240

unverifiable claims but i was on the

1559

00:51:39,109 --> 00:51:36,960

inside

1560

00:51:40,230 --> 00:51:39,119

and it's amazing to see the skepticism

1561

00:51:43,430 --> 00:51:40,240

of government

1562

00:51:45,510 --> 00:51:43,440

yet the the ready willingness to believe

1563

00:51:47,190 --> 00:51:45,520

these tall tales of these

1564

00:51:48,630 --> 00:51:47,200

government it's like i don't believe

1565

00:51:49,750 --> 00:51:48,640

government but i believe the government

1566

00:51:51,910 --> 00:51:49,760

insider because they're telling me

1567

00:51:52,710 --> 00:51:51,920

tantalizing stories involving ufos that

1568

00:51:54,069 --> 00:51:52,720

i want to believe

1569

00:51:56,069 --> 00:51:54,079

they left the government they're not

1570

00:51:57,829 --> 00:51:56,079

even yeah right right so

1571

00:51:59,430 --> 00:51:57,839

it's just like either you're skeptical

1572

00:52:01,430 --> 00:51:59,440

or you're not it's just it's interesting

1573

00:52:03,190 --> 00:52:01,440

to kind of see how people's skepticism

1574

00:52:04,790 --> 00:52:03,200

erodes when they hear these tall

1575

00:52:06,230 --> 00:52:04,800

sensational tales by purported

1576

00:52:09,190 --> 00:52:06,240

government insiders see

1577

00:52:09,750 --> 00:52:09,200

i don't you know i question everyone

1578

00:52:12,069 --> 00:52:09,760

yeah

1579

00:52:12,790 --> 00:52:12,079

exactly including the government i don't

1580

00:52:15,190 --> 00:52:12,800

just say

1581

00:52:17,109 --> 00:52:15,200

that they're dishonest um i think

1582

00:52:19,589 --> 00:52:17,119

there's uh definitely proof that they

1583

00:52:21,270 --> 00:52:19,599

were but we also don't know the intent

1584

00:52:23,510 --> 00:52:21,280

and i feel like if we want to judge

1585

00:52:25,109 --> 00:52:23,520

actions or situation

1586

00:52:27,270 --> 00:52:25,119

correctly you have to know what the

1587

00:52:28,790 --> 00:52:27,280

intent is absolutely and we won't know

1588

00:52:30,230 --> 00:52:28,800

the intent i think until we know the

1589

00:52:30,950 --> 00:52:30,240

totality of information that they're

1590

00:52:32,790 --> 00:52:30,960

looking at

1591

00:52:34,230 --> 00:52:32,800

and we don't know what they're privy to

1592

00:52:37,270 --> 00:52:34,240

what information that they have

1593

00:52:38,950 --> 00:52:37,280

so yeah i i yes i move forward with

1594

00:52:40,710 --> 00:52:38,960

skepticism even with regard to the

1595

00:52:42,230 --> 00:52:40,720

government even today with pentagon

1596

00:52:44,390 --> 00:52:42,240

report and subsequent

1597

00:52:45,910 --> 00:52:44,400

but at the same time i can see that

1598

00:52:47,190 --> 00:52:45,920

there's a lot of information that i'm

1599

00:52:50,710 --> 00:52:47,200

simply not privy to

1600

00:52:53,750 --> 00:52:50,720

yeah and i think they should expect that

1601
00:52:54,470 --> 00:52:53,760
uh the distrust as well i mean it'd be

1602
00:52:56,390 --> 00:52:54,480
well

1603
00:52:59,030 --> 00:52:56,400
especially given the decades-long

1604
00:53:00,710 --> 00:52:59,040
denials leading up to this disclosure

1605
00:53:02,069 --> 00:53:00,720
yeah if i can use that term i mean i

1606
00:53:03,270 --> 00:53:02,079
know people talk about disclosure in a

1607
00:53:05,589 --> 00:53:03,280
different context

1608
00:53:07,190 --> 00:53:05,599
but this isn't that intense this is

1609
00:53:09,750 --> 00:53:07,200
disclosure with a lower case d

1610
00:53:11,430 --> 00:53:09,760
is how i i describe it because they at

1611
00:53:13,430 --> 00:53:11,440
least have acknowledged these things

1612
00:53:15,270 --> 00:53:13,440
unequivocally exist we don't know what

1613
00:53:16,710 --> 00:53:15,280

they are and we are going to continue to

1614

00:53:18,390 --> 00:53:16,720

investigate them and streamline our

1615

00:53:21,829 --> 00:53:18,400

reporting collection process

1616

00:53:24,069 --> 00:53:21,839

to collect and acquire more data yeah um

1617

00:53:25,990 --> 00:53:24,079

what we got you have 53 minutes here is

1618

00:53:28,950 --> 00:53:26,000

there anything that you want to

1619

00:53:30,790 --> 00:53:28,960

cover uh in particular just that there's

1620

00:53:32,230 --> 00:53:30,800

a lot of work uh going on behind the

1621

00:53:33,430 --> 00:53:32,240

scenes right now like i said barry

1622

00:53:34,390 --> 00:53:33,440

greenwood jan aldrige are going to be

1623

00:53:36,309 --> 00:53:34,400

out here they're actually going to be

1624

00:53:38,630 --> 00:53:36,319

living researchers with me and my family

1625

00:53:39,990 --> 00:53:38,640

for two weeks

1626
00:53:42,069 --> 00:53:40,000
we're going to be scanning hundreds and

1627
00:53:43,270 --> 00:53:42,079
thousands of pages of documents the

1628
00:53:45,270 --> 00:53:43,280
ultimate goal is

1629
00:53:47,030 --> 00:53:45,280
uh and sean i i open this up to you and

1630
00:53:48,950 --> 00:53:47,040
your audience anyone that would have the

1631
00:53:50,549 --> 00:53:48,960
time and treasury to come to new mexico

1632
00:53:52,390 --> 00:53:50,559
if you're ever coming through

1633
00:53:53,750 --> 00:53:52,400
i i make my research room open to

1634
00:53:55,670 --> 00:53:53,760
researchers to come

1635
00:53:57,030 --> 00:53:55,680
and go through hynix material to go

1636
00:53:59,270 --> 00:53:57,040
through

1637
00:54:00,549 --> 00:53:59,280
newspaper accounts government documents

1638
00:54:02,790 --> 00:54:00,559

uh i make it

1639

00:54:03,910 --> 00:54:02,800

uh widely open and available to serious

1640

00:54:05,910 --> 00:54:03,920

researchers

1641

00:54:08,230 --> 00:54:05,920

but the ultimate goal is that's short

1642

00:54:09,670 --> 00:54:08,240

term the ultimate goal is we understand

1643

00:54:10,309 --> 00:54:09,680

that that's very difficult for most

1644

00:54:11,990 --> 00:54:10,319

people

1645

00:54:13,510 --> 00:54:12,000

we're trying to systematically get all

1646

00:54:15,349 --> 00:54:13,520

of this material digitized and

1647

00:54:17,030 --> 00:54:15,359

eventually have that freely available on

1648

00:54:17,910 --> 00:54:17,040

the internet for the worldwide ufo

1649

00:54:20,630 --> 00:54:17,920

community

1650

00:54:23,030 --> 00:54:20,640

that's the long-term goal yeah and the

1651
00:54:26,390 --> 00:54:23,040
internet's kind of this

1652
00:54:29,349 --> 00:54:26,400
double-edged sword so to speak um it's

1653
00:54:31,670 --> 00:54:29,359
i prefer vinyl records original

1654
00:54:34,069 --> 00:54:31,680
documents

1655
00:54:35,430 --> 00:54:34,079
i have to say you know at the risk of

1656
00:54:37,750 --> 00:54:35,440
embarrassing myself

1657
00:54:39,589 --> 00:54:37,760
um we're all about digitizing but as a

1658
00:54:41,030 --> 00:54:39,599
historian there's just something special

1659
00:54:42,950 --> 00:54:41,040
about holding a letter

1660
00:54:44,470 --> 00:54:42,960
that was written by dr heineck you're

1661
00:54:46,470 --> 00:54:44,480
holding the original

1662
00:54:48,870 --> 00:54:46,480
and it's just imagine that i'm i'm a

1663
00:54:50,150 --> 00:54:48,880

historian above and beyond ufos i'm just

1664

00:54:52,390 --> 00:54:50,160

a history buff but

1665

00:54:53,910 --> 00:54:52,400

to hold the original documents there's

1666

00:54:55,589 --> 00:54:53,920

just something to be said for that and i

1667

00:54:56,870 --> 00:54:55,599

know some people laugh at that but i'm

1668

00:54:58,069 --> 00:54:56,880

just kind of sentimental i don't think

1669

00:54:59,190 --> 00:54:58,079

you can be a historian without being

1670

00:55:01,910 --> 00:54:59,200

somewhat sentimental

1671

00:55:03,349 --> 00:55:01,920

i'm i'm the same way man and with music

1672

00:55:06,230 --> 00:55:03,359

because i spent most of my life

1673

00:55:07,190 --> 00:55:06,240

writing music and all that right um yeah

1674

00:55:09,589 --> 00:55:07,200

getting an actual

1675

00:55:10,230 --> 00:55:09,599

vinyl record that's a package that's

1676
00:55:12,710 --> 00:55:10,240
absolutely

1677
00:55:13,829 --> 00:55:12,720
the thing putting it the record on you

1678
00:55:16,710 --> 00:55:13,839
gotta flip it

1679
00:55:17,030 --> 00:55:16,720
halfway through you know like all that

1680
00:55:19,190 --> 00:55:17,040
and

1681
00:55:20,549 --> 00:55:19,200
it makes what you're enjoying that much

1682
00:55:22,069 --> 00:55:20,559
more special

1683
00:55:24,390 --> 00:55:22,079
yeah yeah well because you can't just

1684
00:55:25,990 --> 00:55:24,400
skip the song into your point you know

1685
00:55:26,630 --> 00:55:26,000
pulling digital documents off the

1686
00:55:28,309 --> 00:55:26,640
internet

1687
00:55:29,829 --> 00:55:28,319
you know have they been redacted have

1688
00:55:32,230 --> 00:55:29,839

they been manipulated

1689

00:55:34,630 --> 00:55:32,240

when you're right exactly original dated

1690

00:55:36,630 --> 00:55:34,640

document let's say from 1953

1691

00:55:39,109 --> 00:55:36,640

and you can see the paper you can see

1692

00:55:40,230 --> 00:55:39,119

that you know the watermark on the paper

1693

00:55:42,630 --> 00:55:40,240

you can see the type

1694

00:55:44,630 --> 00:55:42,640

written letters on there and the

1695

00:55:46,549 --> 00:55:44,640

original handwritten signature

1696

00:55:49,030 --> 00:55:46,559

wow going back to the original source

1697

00:55:50,069 --> 00:55:49,040

materials it just eliminates any and all

1698

00:55:52,230 --> 00:55:50,079

contamination

1699

00:55:53,589 --> 00:55:52,240

of the data when you can do that well i

1700

00:55:55,910 --> 00:55:53,599

know um

1701
00:55:56,630 --> 00:55:55,920
where i'm going to talk my wife into

1702
00:56:00,549 --> 00:55:56,640
going for

1703
00:56:02,470 --> 00:56:00,559
our uh for her birthday trip please do

1704
00:56:03,990 --> 00:56:02,480
her birthday trip it'll be a gift to you

1705
00:56:06,150 --> 00:56:04,000
right she yeah but

1706
00:56:07,750 --> 00:56:06,160
exactly but she really wants to go to

1707
00:56:10,150 --> 00:56:07,760
new mexico so

1708
00:56:11,670 --> 00:56:10,160
i could well if you or anyone else is

1709
00:56:13,030 --> 00:56:11,680
coming through new mexico in the near

1710
00:56:14,390 --> 00:56:13,040
future like i said just

1711
00:56:16,069 --> 00:56:14,400
you can reach reach me through my

1712
00:56:17,510 --> 00:56:16,079
website and i have

1713
00:56:18,789 --> 00:56:17,520

i've actually had since covet has

1714

00:56:20,549 --> 00:56:18,799

started to ease up a bit i've had a

1715

00:56:23,670 --> 00:56:20,559

number of researchers here doing

1716

00:56:25,270 --> 00:56:23,680

uh historical archival archival work and

1717

00:56:26,789 --> 00:56:25,280

in fact i just had two researcher

1718

00:56:28,390 --> 00:56:26,799

friends across the country putting

1719

00:56:30,150 --> 00:56:28,400

powerpoint presentations together and

1720

00:56:31,589 --> 00:56:30,160

inquiring hey do you have this

1721

00:56:33,829 --> 00:56:31,599

and i was able to share some vintage

1722

00:56:34,789 --> 00:56:33,839

recordings in fact i'm going through

1723

00:56:36,789 --> 00:56:34,799

digitizing

1724

00:56:38,470 --> 00:56:36,799

uh vintage audio recordings right now

1725

00:56:39,910 --> 00:56:38,480

reel-to-reel audio recordings going back

1726

00:56:41,910 --> 00:56:39,920

to the 50s 60s

1727

00:56:43,990 --> 00:56:41,920

that were part of it was the nycap

1728

00:56:45,670 --> 00:56:44,000

audiophile collection and so

1729

00:56:47,510 --> 00:56:45,680

it's not just paper documents it's not

1730

00:56:49,510 --> 00:56:47,520

microfilm it's not photographed slides

1731

00:56:51,349 --> 00:56:49,520

we also have vintage reel-to-reel audio

1732

00:56:53,349 --> 00:56:51,359

recordings which i'm digitizing and

1733

00:56:55,510 --> 00:56:53,359

digitally remastering which again

1734

00:56:56,950 --> 00:56:55,520

will be available free once we get those

1735

00:56:58,789 --> 00:56:56,960

uploaded to the internet

1736

00:57:00,470 --> 00:56:58,799

yeah and that doing that stuff is not

1737

00:57:03,190 --> 00:57:00,480

easy so you are good at

1738

00:57:04,549 --> 00:57:03,200

uh very many things sir well i've

1739

00:57:08,069 --> 00:57:04,559

learned patience

1740

00:57:10,549 --> 00:57:08,079

yeah going back a bit yeah um i am

1741

00:57:11,349 --> 00:57:10,559

super grateful for your time here um

1742

00:57:13,190 --> 00:57:11,359

absolutely

1743

00:57:15,030 --> 00:57:13,200

been one of my favorite guests be you

1744

00:57:16,309 --> 00:57:15,040

know i'm into the old stuff i really

1745

00:57:17,510 --> 00:57:16,319

hope you come back because there's so

1746

00:57:18,950 --> 00:57:17,520

much more

1747

00:57:20,789 --> 00:57:18,960

i'd love to try that and i appreciate

1748

00:57:22,390 --> 00:57:20,799

your audience taking time out to

1749

00:57:24,309 --> 00:57:22,400

hear our conversation today as well and

1750

00:57:26,950 --> 00:57:24,319

the questions thank you yeah

1751
00:57:27,910 --> 00:57:26,960
no problem um have a good rest of the

1752
00:57:30,950 --> 00:57:27,920
day at work

1753
00:57:33,109 --> 00:57:30,960
well don't be late

1754
00:57:34,390 --> 00:57:33,119
and i will go back to work too so i hope

1755
00:57:36,470 --> 00:57:34,400
you all have a good weekend

1756
00:57:38,390 --> 00:57:36,480
thanks david thank you take care now

1757
00:57:41,030 --> 00:57:38,400
take care

1758
00:57:41,750 --> 00:57:41,040
oh wow that was awesome he is a great

1759
00:57:45,349 --> 00:57:41,760
guy and it

1760
00:57:47,750 --> 00:57:45,359
he really is the

1761
00:57:49,670 --> 00:57:47,760
my cup of tea as far as what he's into i

1762
00:57:54,069 --> 00:57:49,680
love the old stuff

1763
00:57:58,150 --> 00:57:54,079

um i just feel like there's so much

1764

00:57:59,349 --> 00:57:58,160

older you know there was a certain point

1765

00:58:02,789 --> 00:57:59,359

where

1766

00:58:05,910 --> 00:58:02,799

everything just had more meaning

1767

00:58:09,510 --> 00:58:05,920

it just seemed more

1768

00:58:13,190 --> 00:58:09,520

original you know or

1769

00:58:15,589 --> 00:58:13,200

itself like today we have spotify

1770

00:58:17,270 --> 00:58:15,599

and like musicians don't get paid for

1771

00:58:18,950 --> 00:58:17,280

that trust me

1772

00:58:21,510 --> 00:58:18,960

and you can listen to whatever you want

1773

00:58:25,430 --> 00:58:21,520

and skip stuff and all that

1774

00:58:27,910 --> 00:58:25,440

and that's fine and all and i get it but

1775

00:58:30,630 --> 00:58:27,920

um the song that you like or the record

1776

00:58:34,069 --> 00:58:30,640

that you like or the band that you like

1777

00:58:34,470 --> 00:58:34,079

it means it takes that meaning that you

1778

00:58:36,150 --> 00:58:34,480

have

1779

00:58:38,230 --> 00:58:36,160

already with that song whatever it may

1780

00:58:42,309 --> 00:58:38,240

be and it puts it way

1781

00:58:45,270 --> 00:58:42,319

up here especially if you put it on and

1782

00:58:49,589 --> 00:58:45,280

you're just alone with it

1783

00:58:53,910 --> 00:58:49,599

i recommend you do that unfortunately

1784

00:58:57,589 --> 00:58:53,920

there are no used ufo document stores

1785

00:59:01,990 --> 00:58:57,599

but there are used vinyl stores so

1786

00:59:05,510 --> 00:59:02,000

um hey i appreciate it derek

1787

00:59:07,829 --> 00:59:05,520

um i'm sorry that i haven't um

1788

00:59:10,390 --> 00:59:07,839

you know given shout outs or anything i

1789

00:59:13,670 --> 00:59:10,400

try my best to just stay focused on the

1790

00:59:18,470 --> 00:59:13,680

uh conversation so it can be as organic

1791

00:59:19,510 --> 00:59:18,480

uh and real as possible um but yeah

1792

00:59:22,549 --> 00:59:19,520

derek you're awesome

1793

00:59:25,910 --> 00:59:22,559

steve k anna always bringing the tude

1794

00:59:30,829 --> 00:59:25,920

love it thanks for coming

1795

00:59:33,670 --> 00:59:30,839

scott brown steve everybody

1796

00:59:36,950 --> 00:59:33,680

um if you are free

1797

00:59:39,430 --> 00:59:36,960

there is a gentleman named vinnie who

1798

00:59:42,549 --> 00:59:39,440

runs disclosure team

1799

00:59:45,990 --> 00:59:42,559

and he is interviewing danny silva

1800

00:59:49,109 --> 00:59:46,000

right now and i am going

1801
00:59:52,309 --> 00:59:49,119
to okay

1802
00:59:55,270 --> 00:59:52,319
um i'm going to log off here now

1803
00:59:55,829 --> 00:59:55,280
and i'm going to go be on that show for

1804
00:59:59,829 --> 00:59:55,839
a little bit

1805
01:00:01,190 --> 00:59:59,839
and hang out with danny um and vinnie so

1806
01:00:04,390 --> 01:00:01,200
go over there

1807
01:00:06,870 --> 01:00:04,400
disclosure team is the youtube channel

1808
01:00:07,670 --> 01:00:06,880
and i'll be over there in a second so

1809
01:00:11,270 --> 01:00:07,680
hopefully

1810
01:00:13,670 --> 01:00:11,280
you will follow me um

1811
01:00:14,390 --> 01:00:13,680
yeah but otherwise i'll see you soon

1812
01:00:18,069 --> 01:00:14,400
normal

1813
01:00:21,589 --> 01:00:18,079

regular programming starts on monday

1814

01:00:25,270 --> 01:00:21,599

but i believe tomorrow um

1815

01:00:26,789 --> 01:00:25,280

might have a little like recap

1816

01:00:28,470 --> 01:00:26,799

of all the interviews this week because

1817

01:00:31,670 --> 01:00:28,480

it was just that kind of week

1818

01:00:34,150 --> 01:00:31,680

so um

1819

01:00:34,789 --> 01:00:34,160

i appreciate it um thank you guys for

1820

01:00:36,309 --> 01:00:34,799

all you do

1821

01:00:38,069 --> 01:00:36,319

i'm just sitting here talking and asking

1822

01:00:39,510 --> 01:00:38,079

questions but if you guys didn't take

1823

01:00:41,990 --> 01:00:39,520

the actions to

1824

01:00:43,829 --> 01:00:42,000

you know come here and actually watch

1825

01:00:47,109 --> 01:00:43,839

and listen and comment and share

1826

01:00:49,270 --> 01:00:47,119

and subscribe um

1827

01:00:51,109 --> 01:00:49,280

you know what's the big deal if i'm just

1828

01:00:53,430 --> 01:00:51,119

here talking to nobody

1829

01:00:54,390 --> 01:00:53,440

so i really appreciate you guys and all

1830

01:00:56,630 --> 01:00:54,400

you do

1831

01:00:58,789 --> 01:00:56,640

oh yeah the danny sheehan statement i

1832

01:01:02,230 --> 01:00:58,799

should probably talk about that soon

1833

01:01:05,670 --> 01:01:02,240

um i'm going to read this

1834

01:01:08,829 --> 01:01:05,680

quick before i go so

1835

01:01:11,829 --> 01:01:08,839

if you watch the lou elizondo uh episode

1836

01:01:14,549 --> 01:01:11,839

here um with me yesterday he mentioned

1837

01:01:16,069 --> 01:01:14,559

uh like some shoes we're gonna drop and

1838

01:01:19,750 --> 01:01:16,079

some people who haven't spoken yet

1839

01:01:25,030 --> 01:01:19,760

are well here we go it is the

1840

01:01:29,030 --> 01:01:25,040

uh statement here from danny sheehan

1841

01:01:30,630 --> 01:01:29,040

you can read it on facebook

1842

01:01:32,230 --> 01:01:30,640

and i'm just going to go through it

1843

01:01:33,510 --> 01:01:32,240

quick i'm just going to read it narrate

1844

01:01:35,109 --> 01:01:33,520

it

1845

01:01:37,109 --> 01:01:35,119

danny's public statement about lou

1846

01:01:39,349 --> 01:01:37,119

elizondo and chris mellon

1847

01:01:41,589 --> 01:01:39,359

on april 24th this year in my capacity

1848

01:01:44,150 --> 01:01:41,599

at the 2001 general counsel to the may

1849

01:01:46,230 --> 01:01:44,160

10 2001 disclosure project event

1850

01:01:47,270 --> 01:01:46,240

at the national press club in washington

1851

01:01:48,630 --> 01:01:47,280

dc

1852

01:01:51,349 --> 01:01:48,640

i'm not going to read all this it's

1853

01:01:55,670 --> 01:01:54,390

um here we go i'm issuing this official

1854

01:01:57,670 --> 01:01:55,680

public statement to make it

1855

01:02:01,670 --> 01:01:57,680

unequivocally clear that i do

1856

01:02:04,230 --> 01:02:01,680

not agree with dr steven greer's

1857

01:02:07,109 --> 01:02:04,240

theory that the recent confirmation by

1858

01:02:09,910 --> 01:02:07,119

our u.s defense department

1859

01:02:11,029 --> 01:02:09,920

that a clear majority of the 2004 to

1860

01:02:14,150 --> 01:02:11,039

2017

1861

01:02:15,910 --> 01:02:14,160

reports of ufos are real physical

1862

01:02:19,270 --> 01:02:15,920

vehicles

1863

01:02:21,029 --> 01:02:19,280

it is part of some secret plan

1864

01:02:22,789 --> 01:02:21,039

on the part of our national security

1865

01:02:26,230 --> 01:02:22,799

state bureaucracy

1866

01:02:29,990 --> 01:02:26,240

to stage some imminent false flag fake

1867

01:02:32,069 --> 01:02:30,000

alien invasion and he also doesn't agree

1868

01:02:34,470 --> 01:02:32,079

with his public assertions that either

1869

01:02:40,230 --> 01:02:34,480

lou elizondo or chris mellon are part

1870

01:02:40,240 --> 01:02:44,870

so

1871

01:02:49,349 --> 01:02:47,190

you can go check it out will i interview

1872

01:02:50,710 --> 01:02:49,359

melon oh man i'd love to

1873

01:02:53,029 --> 01:02:50,720

i don't think he's that accessible

1874

01:02:58,390 --> 01:02:56,390

so yeah i read it um for you danny

1875

01:03:00,950 --> 01:02:58,400

sheehan says this career guy

1876

01:03:02,710 --> 01:03:00,960

is kind of off the handle and i don't

1877

01:03:04,630 --> 01:03:02,720

even think we really needed him to tell

1878

01:03:09,270 --> 01:03:04,640

us that that much was kind of clear but

1879

01:03:14,829 --> 01:03:09,280

i understand that what that means

1880

01:03:18,390 --> 01:03:16,150

greer

1881

01:03:19,430 --> 01:03:18,400

we're kind of thrown off by elizondo um

1882

01:03:22,390 --> 01:03:19,440

getting with them but

1883

01:03:22,870 --> 01:03:22,400

um it's pretty clear that grill grier

1884

01:03:26,309 --> 01:03:22,880

has

1885

01:03:29,750 --> 01:03:26,319

fallen falling off the path and um

1886

01:03:33,510 --> 01:03:29,760

you know if i had anything to say

1887

01:03:36,309 --> 01:03:33,520

if it would be

1888

01:03:37,109 --> 01:03:36,319

i'm still there's i'm sure there's still

1889

01:03:39,750 --> 01:03:37,119

a good guy

1890

01:03:40,390 --> 01:03:39,760

in there and i know it must be hard to

1891

01:03:44,309 --> 01:03:40,400

lose

1892

01:03:48,069 --> 01:03:44,319

attention on something you built

1893

01:03:50,870 --> 01:03:48,079

um but you made a lot of mistakes

1894

01:03:51,589 --> 01:03:50,880

and everybody does make mistakes but the

1895

01:03:53,870 --> 01:03:51,599

difference is

1896

01:03:55,349 --> 01:03:53,880

when you admit to those mistakes

1897

01:03:57,750 --> 01:03:55,359

apologize

1898

01:04:00,710 --> 01:03:57,760

and move on and don't continue to make

1899

01:04:04,549 --> 01:04:02,069

that's the difference that's a good

1900

01:04:07,029 --> 01:04:04,559

person when you sit

1901

01:04:09,029 --> 01:04:07,039

and take baths in your mistakes and

1902

01:04:11,349 --> 01:04:09,039

screw ups

1903

01:04:14,710 --> 01:04:11,359

and stand by them so hard that's what

1904

01:04:19,109 --> 01:04:17,029

alright i'll see you later go to

1905

01:04:27,990 --> 01:04:19,119

disclosure team

1906

01:04:28,000 --> 01:04:39,029

i am witness citizen
