

Shot during Gemini XII while in space on
November 12, 1966 and is unidentifiable; however,
NASA Photo Evaluation Lab thinks it to be trash
floating out of space ship.
NASA Photo #S66-62871.

1
00:00:40,790 --> 00:00:40,069

[Music]

2
00:00:44,229 --> 00:00:40,800

what's up

3
00:00:46,790 --> 00:00:44,239

everybody it is thursday

4
00:00:47,990 --> 00:00:46,800

um thanks for joining us today uh

5
00:00:51,350 --> 00:00:48,000

yesterday

6
00:00:54,229 --> 00:00:51,360

we had mr john greenwald and that

7
00:00:55,430 --> 00:00:54,239

was a lot of fun what's up vinnie how

8
00:00:58,630 --> 00:00:55,440

you doing man

9
00:01:00,549 --> 00:00:58,640

um yeah so that was tons of fun

10
00:01:01,750 --> 00:01:00,559

um got to ask him a lot of questions

11
00:01:03,910 --> 00:01:01,760

it's never enough time

12
00:01:05,830 --> 00:01:03,920

especially with a guy like that um he

13
00:01:06,789 --> 00:01:05,840

has so much knowledge with the foia

14

00:01:09,109 --> 00:01:06,799

process

15

00:01:10,310 --> 00:01:09,119

and actually the inner workings of the

16

00:01:14,149 --> 00:01:10,320

government in general

17

00:01:17,220 --> 00:01:14,159

so uh to pick his brain is a lot of fun

18

00:01:18,469 --> 00:01:17,230

so hopefully we'll get him back for

19

00:01:22,550 --> 00:01:18,479

[Music]

20

00:01:26,950 --> 00:01:22,560

uh another time so today

21

00:01:30,069 --> 00:01:26,960

uh we have a uh guest

22

00:01:33,190 --> 00:01:30,079

i've never met him before so

23

00:01:37,429 --> 00:01:33,200

i don't know how this will go but

24

00:01:39,510 --> 00:01:37,439

you know i prayed a lot today so

25

00:01:40,120 --> 00:01:39,520

i i think it'll go okay what do you

26

00:01:43,590 --> 00:01:40,130

think

27

00:01:45,670 --> 00:01:43,600

[Laughter]

28

00:01:46,710 --> 00:01:45,680

hey graham how are you doing yeah i'm

29

00:01:49,429 --> 00:01:46,720

fine

30

00:01:54,230 --> 00:01:49,439

oh pretty good yeah thanks so much uh

31

00:01:56,069 --> 00:01:54,240

appreciate you stopping by as always sir

32

00:01:57,830 --> 00:01:56,079

have you been you've been busy yeah

33

00:02:02,310 --> 00:01:57,840

proofreading your book you're done

34

00:02:05,910 --> 00:02:02,320

what's up yeah bit of that being done

35

00:02:09,430 --> 00:02:05,920

for scotland so yeah all right okay

36

00:02:13,910 --> 00:02:09,440

cool um any updates

37

00:02:17,110 --> 00:02:13,920

on when you're going to release it

38

00:02:20,430 --> 00:02:17,120

uh no just wait for the

39

00:02:22,630 --> 00:02:20,440

wait for the forward to get recommended

40

00:02:25,110 --> 00:02:22,640

yeah okay

41

00:02:29,830 --> 00:02:25,120

apparently we got an echo going on oh

42

00:02:35,110 --> 00:02:31,430

just bear with me a second i'll just

43

00:02:38,949 --> 00:02:35,120

check that no problem

44

00:02:40,150 --> 00:02:38,959

we will we don't want to look at his

45

00:02:44,550 --> 00:02:40,160

armpit that's for sure

46

00:02:46,869 --> 00:02:44,560

right i'm just kidding there he is

47

00:02:47,830 --> 00:02:46,879

uh yeah i think so that was probably

48

00:02:53,030 --> 00:02:47,840

just it

49

00:02:56,550 --> 00:02:53,040

um but yeah it's been a crazy crazy time

50

00:02:57,030 --> 00:02:56,560

and you know things have come down a

51
00:03:00,790 --> 00:02:57,040
little bit

52
00:03:01,430 --> 00:03:00,800
that's for sure um and a lot of people

53
00:03:03,589 --> 00:03:01,440
like lou

54
00:03:05,350 --> 00:03:03,599
especially has been saying there's a lot

55
00:03:06,470 --> 00:03:05,360
going on in the background and

56
00:03:08,949 --> 00:03:06,480
everything

57
00:03:10,390 --> 00:03:08,959
um obviously it's hard for us to really

58
00:03:13,670 --> 00:03:10,400
know that but

59
00:03:16,710 --> 00:03:13,680
um what do you suppose is happening is

60
00:03:19,509 --> 00:03:16,720
this dying down is it going away

61
00:03:21,990 --> 00:03:19,519
or is it more of a quiet before this

62
00:03:24,789 --> 00:03:22,000
storm type of thing or neither

63
00:03:25,750 --> 00:03:24,799

i think it's the latter i i really don't

64

00:03:30,229 --> 00:03:25,760

i

65

00:03:32,710 --> 00:03:30,239

before the storm

66

00:03:34,229 --> 00:03:32,720

um we've had this little period that's

67

00:03:36,949 --> 00:03:34,239

sort of gone on since

68

00:03:37,750 --> 00:03:36,959

well when was it um you know end of june

69

00:03:41,270 --> 00:03:37,760

when the

70

00:03:43,750 --> 00:03:41,280

the the uap tf report came out

71

00:03:45,430 --> 00:03:43,760

um so there's not there's been very

72

00:03:46,949 --> 00:03:45,440

little in the way of releases obviously

73

00:03:48,149 --> 00:03:46,959

john greenwald's been working away in

74

00:03:50,309 --> 00:03:48,159

the background

75

00:03:51,350 --> 00:03:50,319

regarding his the other emails that he's

76

00:03:54,630 --> 00:03:51,360

managed to get a hold of

77

00:03:57,350 --> 00:03:54,640

that's been quite big news but as far as

78

00:03:58,830 --> 00:03:57,360

other things go it's been really quiet

79

00:04:01,030 --> 00:03:58,840

whether or not they're building up to

80

00:04:03,110 --> 00:04:01,040

something yeah let's see

81

00:04:05,030 --> 00:04:03,120

we've got this 90 days before this

82

00:04:07,990 --> 00:04:05,040

interim report comes out

83

00:04:09,589 --> 00:04:08,000

yeah so i think people are maybe just

84

00:04:11,429 --> 00:04:09,599

sort of biding the time

85

00:04:13,110 --> 00:04:11,439

um there may be nothing to release at

86

00:04:15,270 --> 00:04:13,120

the moment or maybe a case of you know

87

00:04:16,949 --> 00:04:15,280

how jeremy corbell basically likes to

88

00:04:18,710 --> 00:04:16,959

you know check double check triple check

89

00:04:20,710 --> 00:04:18,720

everything and he says he has

90

00:04:22,069 --> 00:04:20,720

so it might be okay it may be just a

91

00:04:23,350 --> 00:04:22,079

case of he's just sort of

92

00:04:25,030 --> 00:04:23,360

putting things out there just to keep

93

00:04:25,830 --> 00:04:25,040

people interested even though he might

94

00:04:27,909 --> 00:04:25,840

not have anything

95

00:04:29,510 --> 00:04:27,919

actually just ready to go or immediately

96

00:04:31,110 --> 00:04:29,520

on the point of releasing something you

97

00:04:32,150 --> 00:04:31,120

know nobody really knows at this at this

98

00:04:34,469 --> 00:04:32,160

moment in time

99

00:04:35,590 --> 00:04:34,479

yeah that's true you know i feel like

100

00:04:39,350 --> 00:04:35,600

that has

101
00:04:42,150 --> 00:04:39,360
kind of been um

102
00:04:43,350 --> 00:04:42,160
overlooked quite a bit even though it's

103
00:04:48,390 --> 00:04:43,360
pretty big news that

104
00:04:51,510 --> 00:04:49,749
we're about a month into it aren't we

105
00:04:54,390 --> 00:04:51,520
now in those 90 days

106
00:04:55,990 --> 00:04:54,400
so i think people are sort of genuinely

107
00:04:57,749 --> 00:04:56,000
forgetting that that's actually

108
00:04:59,749 --> 00:04:57,759
you know sort of coming down the track

109
00:05:01,189 --> 00:04:59,759
at us i mean some people do mention it

110
00:05:02,070 --> 00:05:01,199
from time to time and you hear it being

111
00:05:03,510 --> 00:05:02,080
banded about

112
00:05:04,950 --> 00:05:03,520
every so often but i don't think it's

113
00:05:05,830 --> 00:05:04,960

been given the emphasis that it maybe

114

00:05:07,670 --> 00:05:05,840

deserves

115

00:05:09,029 --> 00:05:07,680

um but then again it's an interim report

116

00:05:09,990 --> 00:05:09,039

as well so it's it's

117

00:05:12,150 --> 00:05:10,000

probably just the same as the

118

00:05:13,270 --> 00:05:12,160

preliminary report we've had it won't be

119

00:05:15,270 --> 00:05:13,280

the finished article

120

00:05:17,350 --> 00:05:15,280

and it may not give it people exactly

121

00:05:19,270 --> 00:05:17,360

what they want but it's another step

122

00:05:21,350 --> 00:05:19,280

towards you know what we're all after

123

00:05:22,870 --> 00:05:21,360

is you know more information so yeah it

124

00:05:25,189 --> 00:05:22,880

can only be a good thing

125

00:05:26,070 --> 00:05:25,199

yeah i wonder if uh any of this is gonna

126

00:05:29,110 --> 00:05:26,080

be

127

00:05:32,070 --> 00:05:29,120

uh public do we know that no we don't

128

00:05:32,629 --> 00:05:32,080

yeah that's the thing i'm pretty sure we

129

00:05:34,550 --> 00:05:32,639

don't

130

00:05:35,830 --> 00:05:34,560

um you know they met they may do what

131

00:05:37,990 --> 00:05:35,840

they did with the preliminary report

132

00:05:40,629 --> 00:05:38,000

they may release a kind of public face

133

00:05:41,110 --> 00:05:40,639

you know a few pages just to keep people

134

00:05:44,469 --> 00:05:41,120

um

135

00:05:44,950 --> 00:05:44,479

that they're being kept in the loop sort

136

00:05:46,790 --> 00:05:44,960

of thing

137

00:05:48,070 --> 00:05:46,800

and then swaps phone calls to your you

138

00:05:50,310 --> 00:05:48,080

know to your elected

139

00:05:51,990 --> 00:05:50,320

representatives but as far as the meat

140

00:05:54,310 --> 00:05:52,000

goes that'll be in the you know

141

00:05:55,430 --> 00:05:54,320

the classified part so i think you'll

142

00:05:58,629 --> 00:05:55,440

get to see that

143

00:06:00,790 --> 00:05:58,639

yeah uh well you know it just better not

144

00:06:01,189 --> 00:06:00,800

be a whole ruse for them to get this

145

00:06:05,909 --> 00:06:01,199

whole

146

00:06:09,189 --> 00:06:05,919

uap task force and then just say bye

147

00:06:10,230 --> 00:06:09,199

you know i think they've gone too far

148

00:06:11,830 --> 00:06:10,240

down that road now

149

00:06:13,430 --> 00:06:11,840

i'm not sure you know they can actually

150

00:06:15,670 --> 00:06:13,440

sort of you know just put

151

00:06:17,270 --> 00:06:15,680

just quit at this point and i'm not sure

152

00:06:19,510 --> 00:06:17,280

they can put the brakes on it too much

153

00:06:20,550 --> 00:06:19,520

i think there's been a lot of public um

154

00:06:22,950 --> 00:06:20,560

sort of you know

155

00:06:23,990 --> 00:06:22,960

sort of uh information out there sorry

156

00:06:25,430 --> 00:06:24,000

to give to the public

157

00:06:27,430 --> 00:06:25,440

and i think the public have been taken

158

00:06:28,550 --> 00:06:27,440

down that road to actually say look

159

00:06:30,070 --> 00:06:28,560

there's something to it

160

00:06:32,150 --> 00:06:30,080

um and they've been given all this

161

00:06:33,510 --> 00:06:32,160

information and they've been led to

162

00:06:34,550 --> 00:06:33,520

believe that there's something at the

163

00:06:36,469 --> 00:06:34,560

you know

164

00:06:38,870 --> 00:06:36,479

after this process whether or not it's

165

00:06:40,469 --> 00:06:38,880

full disclosure or something in between

166

00:06:42,150 --> 00:06:40,479

you know that's up for debate but i

167

00:06:44,390 --> 00:06:42,160

think they've been taken down a row

168

00:06:46,469 --> 00:06:44,400

which they can't then reverse back along

169

00:06:48,390 --> 00:06:46,479

uh or they can't just stop and say right

170

00:06:50,390 --> 00:06:48,400

that's the end of the road um

171

00:06:51,909 --> 00:06:50,400

they've got to see it was conclusion now

172

00:06:52,950 --> 00:06:51,919

whether or not that conclusion means

173

00:06:55,029 --> 00:06:52,960

that you know we get

174

00:06:55,990 --> 00:06:55,039

more information what the kind of things

175

00:06:58,550 --> 00:06:56,000

that we're after

176
00:07:00,070 --> 00:06:58,560
is a different story altogether but no i

177
00:07:01,670 --> 00:07:00,080
think they're too far down to actually

178
00:07:02,390 --> 00:07:01,680
just say no sorry we're not going any

179
00:07:03,990 --> 00:07:02,400
further

180
00:07:05,589 --> 00:07:04,000
you can imagine the kind of outcry that

181
00:07:08,629 --> 00:07:05,599
would be if that was the case

182
00:07:11,670 --> 00:07:08,639
yeah i guess i more so mean um

183
00:07:14,550 --> 00:07:11,680
an end to any sort of transparency

184
00:07:15,990 --> 00:07:14,560
regarding it so you would stop

185
00:07:18,950 --> 00:07:16,000
investigating but stop

186
00:07:20,390 --> 00:07:18,960
sharing you know yeah yeah because i

187
00:07:22,070 --> 00:07:20,400
mean they spent all they spent money and

188
00:07:23,510 --> 00:07:22,080

time on it already they've had a senator

189

00:07:24,710 --> 00:07:23,520

intelligence committee look at it

190

00:07:26,230 --> 00:07:24,720

and the final you know you've had

191

00:07:26,710 --> 00:07:26,240

senators and you've had congressmen and

192

00:07:28,950 --> 00:07:26,720

everybody

193

00:07:30,150 --> 00:07:28,960

sort of saying yes we want answers um

194

00:07:32,150 --> 00:07:30,160

and if they suddenly just do

195

00:07:33,350 --> 00:07:32,160

like a blue book and and say right okay

196

00:07:34,710 --> 00:07:33,360

there's nothing to see here

197

00:07:35,990 --> 00:07:34,720

um we're not going to spend the money on

198

00:07:37,830 --> 00:07:36,000

this anymore we're going to look at

199

00:07:40,550 --> 00:07:37,840

something else how are the priorities

200

00:07:41,029 --> 00:07:40,560

then it just smacks that doesn't it and

201

00:07:42,790 --> 00:07:41,039

you know

202

00:07:44,150 --> 00:07:42,800

you'll have and then the politicians

203

00:07:46,150 --> 00:07:44,160

will have to be fielding

204

00:07:47,510 --> 00:07:46,160

those kind of calls all day saying you

205

00:07:49,029 --> 00:07:47,520

know why you're shutting this down

206

00:07:50,309 --> 00:07:49,039

and they don't want to go through that i

207

00:07:52,070 --> 00:07:50,319

think i'm sure they'd rather just see

208

00:07:55,029 --> 00:07:52,080

this due to its natural conclusion

209

00:07:56,550 --> 00:07:55,039

wherever that takes them right yeah well

210

00:07:59,749 --> 00:07:56,560

we'll see what's going on

211

00:08:02,230 --> 00:07:59,759

uh there definitely is stuff uh

212

00:08:03,029 --> 00:08:02,240

rumbling in the background here i guess

213

00:08:04,629 --> 00:08:03,039

um

214

00:08:06,629 --> 00:08:04,639

then he's putting a big statement out

215

00:08:08,469 --> 00:08:06,639

there saying he

216

00:08:10,790 --> 00:08:08,479

and friends have been speaking with lewd

217

00:08:13,110 --> 00:08:10,800

this week

218

00:08:14,469 --> 00:08:13,120

so maybe we're building a spaceship and

219

00:08:18,230 --> 00:08:14,479

getting out of here who knows

220

00:08:19,589 --> 00:08:18,240

we'll see i'm sure

221

00:08:21,510 --> 00:08:19,599

there must be things there must be

222

00:08:23,029 --> 00:08:21,520

things going on in the background um

223

00:08:24,790 --> 00:08:23,039

you know not just the ending report

224

00:08:25,589 --> 00:08:24,800

there will be people working towards

225

00:08:28,070 --> 00:08:25,599

other things

226

00:08:29,510 --> 00:08:28,080

you know all around this um whether

227

00:08:31,189 --> 00:08:29,520

that's like just doing

228

00:08:33,029 --> 00:08:31,199

more media interviews or releasing more

229

00:08:34,949 --> 00:08:33,039

information or coming up with new

230

00:08:37,029 --> 00:08:34,959

releases in terms of you know sort of

231

00:08:38,790 --> 00:08:37,039

imagery or footage or whatever

232

00:08:40,630 --> 00:08:38,800

um obviously we don't know how far down

233

00:08:42,709 --> 00:08:40,640

those lines you know people are

234

00:08:44,550 --> 00:08:42,719

but yes that'll that'll be on the

235

00:08:45,590 --> 00:08:44,560

horizon somewhere whether that's close

236

00:08:47,110 --> 00:08:45,600

or far away

237

00:08:48,470 --> 00:08:47,120

that's a different story but i'm sure

238

00:08:50,070 --> 00:08:48,480

there'll be something else coming along

239

00:08:52,870 --> 00:08:50,080

you know before we know it

240

00:08:54,070 --> 00:08:52,880

yeah i would i would surmise you know i

241

00:08:56,790 --> 00:08:54,080

hope so anyway

242

00:08:59,350 --> 00:08:56,800

yeah definitely well you know we agree

243

00:09:00,870 --> 00:08:59,360

there that's for sure

244

00:09:02,230 --> 00:09:00,880

i think i think when you get a vacuum

245

00:09:03,509 --> 00:09:02,240

when you get a vacuum like this don't

246

00:09:04,870 --> 00:09:03,519

you people start to fill it with all

247

00:09:07,670 --> 00:09:04,880

sorts of nonsense

248

00:09:09,590 --> 00:09:07,680

so uh you know if you if you you're twit

249

00:09:11,110 --> 00:09:09,600

twitters and they go by you have people

250

00:09:12,470 --> 00:09:11,120

sort of each other's throats very

251

00:09:13,990 --> 00:09:12,480

quickly because they've got nothing

252

00:09:15,750 --> 00:09:14,000

positive to talk about

253

00:09:17,110 --> 00:09:15,760

yeah so you you get all that kind of

254

00:09:18,389 --> 00:09:17,120

backbiting and you get people pulling

255

00:09:20,790 --> 00:09:18,399

each other to bits and then

256

00:09:22,230 --> 00:09:20,800

you get all the kind of lunatic fringe

257

00:09:24,150 --> 00:09:22,240

appear as well and then you have the

258

00:09:25,750 --> 00:09:24,160

debunkers turning up in droves

259

00:09:27,190 --> 00:09:25,760

and it just doesn't really anybody any

260

00:09:29,750 --> 00:09:27,200

good does it so no

261

00:09:31,430 --> 00:09:29,760

yeah we do need some fresh we need some

262

00:09:31,910 --> 00:09:31,440

fresh details to get our teeth into and

263

00:09:34,389 --> 00:09:31,920

start

264

00:09:35,590 --> 00:09:34,399

arguing over those rather than one of

265

00:09:38,710 --> 00:09:35,600

those things

266

00:09:39,430 --> 00:09:38,720

yeah no i hear you i think yeah at this

267

00:09:43,269 --> 00:09:39,440

point

268

00:09:45,750 --> 00:09:43,279

um you know there's

269

00:09:47,269 --> 00:09:45,760

you you got to keep going forward with

270

00:09:49,590 --> 00:09:47,279

some sort of transparency whether it's

271

00:09:52,710 --> 00:09:49,600

from the government or someone who

272

00:09:54,230 --> 00:09:52,720

can leak it uh one or one way or another

273

00:09:56,630 --> 00:09:54,240

this has gone too far

274

00:09:58,310 --> 00:09:56,640

and i would suspect even more leaks if

275

00:09:59,509 --> 00:09:58,320

they don't share this stuff because at

276

00:10:02,710 --> 00:09:59,519

this point

277

00:10:06,150 --> 00:10:02,720

um you know they almost might be a

278

00:10:07,190 --> 00:10:06,160

hero these days versus you know because

279

00:10:10,150 --> 00:10:07,200

the stigma

280

00:10:10,870 --> 00:10:10,160

isn't as intense so if you come up with

281

00:10:13,670 --> 00:10:10,880

something

282

00:10:14,870 --> 00:10:13,680

revealing that's actually uh you know

283

00:10:17,910 --> 00:10:14,880

something that proves

284

00:10:19,590 --> 00:10:17,920

something that that could be something

285

00:10:24,470 --> 00:10:19,600

that happens you just never know

286

00:10:29,190 --> 00:10:27,990

yeah yeah the preliminary report had a

287

00:10:31,269 --> 00:10:29,200

whole load of information

288

00:10:32,710 --> 00:10:31,279

which they need to see through i mean

289

00:10:34,150 --> 00:10:32,720

they mentioned there was an intelligence

290

00:10:35,990 --> 00:10:34,160

collection deficit

291

00:10:37,350 --> 00:10:36,000

um you know whether it's to do with uaps

292

00:10:38,470 --> 00:10:37,360

or drones or whatever it is but they

293

00:10:39,829 --> 00:10:38,480

know there's a deficit

294

00:10:41,829 --> 00:10:39,839

of being able to collect information on

295

00:10:42,550 --> 00:10:41,839

what's going on so that needs to be

296

00:10:44,389 --> 00:10:42,560

plugged

297

00:10:45,990 --> 00:10:44,399

um there was also to do with risk to

298

00:10:48,150 --> 00:10:46,000

pilots and then there was

299

00:10:49,829 --> 00:10:48,160

also the then there was the statement by

300

00:10:51,269 --> 00:10:49,839

the the under secretary of defense who

301
00:10:51,750 --> 00:10:51,279
came out and said look we want an action

302
00:10:53,430 --> 00:10:51,760
plan

303
00:10:55,590 --> 00:10:53,440
we want some information you know some

304
00:10:57,190 --> 00:10:55,600
action on this we want a titan scale

305
00:10:58,710 --> 00:10:57,200
and then the interim report so they see

306
00:10:59,590 --> 00:10:58,720
all that through that they can't just

307
00:11:01,509 --> 00:10:59,600
stop now

308
00:11:03,269 --> 00:11:01,519
because it just it just makes all that

309
00:11:04,710 --> 00:11:03,279
mockery and it makes the statements that

310
00:11:05,910 --> 00:11:04,720
came out afterwards in terms of what

311
00:11:08,069 --> 00:11:05,920
they were going to do

312
00:11:09,670 --> 00:11:08,079
um you know to address the information

313
00:11:10,230 --> 00:11:09,680

in the report in the public report at

314

00:11:12,389 --> 00:11:10,240

least

315

00:11:13,990 --> 00:11:12,399

yeah it just makes that just looks

316

00:11:15,750 --> 00:11:14,000

really stupid otherwise

317

00:11:17,750 --> 00:11:15,760

um so and then look stupid in the

318

00:11:18,630 --> 00:11:17,760

process so yeah they do have to see this

319

00:11:20,949 --> 00:11:18,640

through

320

00:11:22,870 --> 00:11:20,959

it robert actually made a good point and

321

00:11:25,910 --> 00:11:22,880

it's it's been brought up before

322

00:11:26,710 --> 00:11:25,920

you know um leaks and how they can be

323

00:11:30,069 --> 00:11:26,720

dangerous

324

00:11:32,710 --> 00:11:30,079

and that's true i mean you can't throw

325

00:11:34,710 --> 00:11:32,720

classified information on intelligence

326

00:11:35,590 --> 00:11:34,720

gathering or sources or anything like

327

00:11:39,910 --> 00:11:35,600

that

328

00:11:44,069 --> 00:11:39,920

why the videos we do

329

00:11:45,990 --> 00:11:44,079

see uh are almost leaving us

330

00:11:47,509 --> 00:11:46,000

you know they're lacking just that's

331

00:11:49,829 --> 00:11:47,519

something that brings you

332

00:11:52,150 --> 00:11:49,839

more don't you yeah i mean they've only

333

00:11:53,670 --> 00:11:52,160

come out in this way because

334

00:11:55,030 --> 00:11:53,680

for whatever however they've been done

335

00:11:56,069 --> 00:11:55,040

and how they've been released they've

336

00:11:57,990 --> 00:11:56,079

stripped all the

337

00:11:59,269 --> 00:11:58,000

all the the kind of sensitive things off

338

00:12:01,269 --> 00:11:59,279

of the videos

339

00:12:02,870 --> 00:12:01,279

i'm sure um otherwise we've never

340

00:12:05,190 --> 00:12:02,880

probably seen the light of day

341

00:12:06,629 --> 00:12:05,200

so yes i mean you know we're left with

342

00:12:08,230 --> 00:12:06,639

you know just as many questions as

343

00:12:08,949 --> 00:12:08,240

answers that we have in fact probably

344

00:12:11,350 --> 00:12:08,959

more

345

00:12:12,230 --> 00:12:11,360

but in terms of um you know future

346

00:12:14,629 --> 00:12:12,240

releases

347

00:12:16,629 --> 00:12:14,639

i'd rather see them come through an

348

00:12:17,750 --> 00:12:16,639

established chain of custody

349

00:12:19,829 --> 00:12:17,760

because then they've got pro your

350

00:12:21,990 --> 00:12:19,839

province and then it's they can't be too

351
00:12:23,430 --> 00:12:22,000
you can't be disputed then because then

352
00:12:24,470 --> 00:12:23,440
you know who's taken them you know where

353
00:12:27,350 --> 00:12:24,480
they've been taking

354
00:12:28,710 --> 00:12:27,360
how they've been taken possibly yeah um

355
00:12:29,750 --> 00:12:28,720
rather than just something that's been

356
00:12:32,069 --> 00:12:29,760
passed to somebody

357
00:12:33,509 --> 00:12:32,079
oh here's here's a here's a lovely video

358
00:12:35,430 --> 00:12:33,519
but you don't have you don't have much

359
00:12:37,110 --> 00:12:35,440
idea

360
00:12:38,790 --> 00:12:37,120
about that in the context of the videos

361
00:12:42,150 --> 00:12:38,800
we got so far which are

362
00:12:45,829 --> 00:12:42,160
not that great right so if a

363
00:12:49,030 --> 00:12:45,839

fantastic fabulous obvious type video

364

00:12:50,310 --> 00:12:49,040

was leaked that would maybe a little

365

00:12:53,430 --> 00:12:50,320

different i guess

366

00:12:53,910 --> 00:12:53,440

um because it would almost speak for

367

00:12:56,150 --> 00:12:53,920

itself

368

00:12:57,829 --> 00:12:56,160

more so you know it hurt yeah he'd hope

369

00:12:58,790 --> 00:12:57,839

so um but there's always going to be an

370

00:13:01,509 --> 00:12:58,800

accusation that the

371

00:13:01,829 --> 00:13:01,519

uh it's cgi or it's being fake somewhere

372

00:13:04,389 --> 00:13:01,839

or

373

00:13:04,949 --> 00:13:04,399

something which is quite mundane it just

374

00:13:07,110 --> 00:13:04,959

looks like

375

00:13:07,990 --> 00:13:07,120

something else yeah you won't you'll

376

00:13:10,470 --> 00:13:08,000

never satisfy

377

00:13:12,069 --> 00:13:10,480

everybody will you um even if there's a

378

00:13:14,310 --> 00:13:12,079

fully printed

379

00:13:15,590 --> 00:13:14,320

yeah a flying saucer on the white horse

380

00:13:17,430 --> 00:13:15,600

on the white house alone

381

00:13:18,880 --> 00:13:17,440

and somebody would say oh that's a fake

382

00:13:23,590 --> 00:13:18,890

you know so yeah

383

00:13:27,509 --> 00:13:25,910

about like a video ever being good

384

00:13:29,190 --> 00:13:27,519

enough because you make

385

00:13:30,470 --> 00:13:29,200

you know i made that point on twitter

386

00:13:32,389 --> 00:13:30,480

and it was pretty interesting because

387

00:13:33,110 --> 00:13:32,399

the poll was kind of split in the middle

388

00:13:35,670 --> 00:13:33,120

half people

389

00:13:36,870 --> 00:13:35,680

thought like you know there could be a

390

00:13:39,110 --> 00:13:36,880

video that would

391

00:13:39,990 --> 00:13:39,120

be good enough and the other half didn't

392

00:13:42,470 --> 00:13:40,000

so much

393

00:13:43,829 --> 00:13:42,480

so to me that kind of says no there

394

00:13:45,750 --> 00:13:43,839

wouldn't be one

395

00:13:47,590 --> 00:13:45,760

but it's a hard one it's a hard one to

396

00:13:48,230 --> 00:13:47,600

answer because everybody has their own

397

00:13:51,030 --> 00:13:48,240

threshold

398

00:13:51,509 --> 00:13:51,040

for sort of evidence and proof yeah so

399

00:13:54,790 --> 00:13:51,519

you know

400

00:13:55,990 --> 00:13:54,800

if i saw something on on youtube that

401
00:13:57,670 --> 00:13:56,000
looked really good

402
00:13:59,030 --> 00:13:57,680
and you know you look a bit into it into

403
00:14:00,230 --> 00:13:59,040
it and how it looks

404
00:14:02,069 --> 00:14:00,240
and you know you just have that kind of

405
00:14:03,509 --> 00:14:02,079
gut instinct so i

406
00:14:05,430 --> 00:14:03,519
might have a different threshold that

407
00:14:06,069 --> 00:14:05,440
one that you might see or mick west

408
00:14:08,069 --> 00:14:06,079
might see

409
00:14:09,829 --> 00:14:08,079
or although elizondo might say or or

410
00:14:11,189 --> 00:14:09,839
whoever or people in the chat room here

411
00:14:12,949 --> 00:14:11,199
you know everybody has their own

412
00:14:15,509 --> 00:14:12,959
threshold yes

413
00:14:17,189 --> 00:14:15,519

already so yeah exactly but then you

414

00:14:17,670 --> 00:14:17,199

have people like scott brown who can who

415

00:14:19,110 --> 00:14:17,680

have a

416

00:14:20,790 --> 00:14:19,120

more technical knowledge about such

417

00:14:21,430 --> 00:14:20,800

things you know about your photographs

418

00:14:23,189 --> 00:14:21,440

and all this

419

00:14:24,470 --> 00:14:23,199

so they have a maybe an advantage over

420

00:14:25,430 --> 00:14:24,480

people like me who don't have that

421

00:14:27,430 --> 00:14:25,440

experience

422

00:14:28,870 --> 00:14:27,440

um you know i'm going more in good and

423

00:14:29,829 --> 00:14:28,880

he might be going on more technical

424

00:14:31,829 --> 00:14:29,839

aspects

425

00:14:33,829 --> 00:14:31,839

but in the end we still have to make our

426

00:14:35,829 --> 00:14:33,839

own decisions based on what we know or

427

00:14:36,949 --> 00:14:35,839

what we even believe sometimes i think

428

00:14:38,069 --> 00:14:36,959

sometimes you're also taking them on

429

00:14:40,150 --> 00:14:38,079

faith aren't you

430

00:14:41,910 --> 00:14:40,160

um rather than just like solid evidence

431

00:14:43,350 --> 00:14:41,920

because certain things look right

432

00:14:45,189 --> 00:14:43,360

and then they don't you know you see

433

00:14:46,790 --> 00:14:45,199

some of these videos that people show

434

00:14:48,710 --> 00:14:46,800

and and sometimes you think that's just

435

00:14:51,189 --> 00:14:48,720

a plastic bag flying past you know

436

00:14:51,990 --> 00:14:51,199

maybe just a few hundred feet um because

437

00:14:53,829 --> 00:14:52,000

you get that kind of

438

00:14:56,230 --> 00:14:53,839

you get that sense whereas you say

439

00:14:58,550 --> 00:14:56,240

something might be truly anomalous

440

00:15:00,069 --> 00:14:58,560

and that's when you start thinking hmm

441

00:15:01,350 --> 00:15:00,079

you know and you're not so sure

442

00:15:03,189 --> 00:15:01,360

and then you see something that just

443

00:15:04,550 --> 00:15:03,199

doesn't compute at all

444

00:15:06,310 --> 00:15:04,560

and that's the they're the ones who

445

00:15:09,829 --> 00:15:06,320

you'll which you'll think

446

00:15:13,110 --> 00:15:09,839

yeah that definitely could be yeah

447

00:15:16,069 --> 00:15:13,120

um you know i i kind of thought of this

448

00:15:17,350 --> 00:15:16,079

uh analogy and it's you know me it's

449

00:15:19,509 --> 00:15:17,360

kind of

450

00:15:21,030 --> 00:15:19,519

you know it's not the cleanest analogy

451
00:15:23,750 --> 00:15:21,040
but

452
00:15:25,910 --> 00:15:23,760
as far as like all this ufo's

453
00:15:26,949 --> 00:15:25,920
information and what we get what we

454
00:15:29,189 --> 00:15:26,959
don't get what we're

455
00:15:29,990 --> 00:15:29,199
led to believe what we want to believe

456
00:15:33,189 --> 00:15:30,000
it's

457
00:15:36,629 --> 00:15:33,199
you know the situation is this imagine

458
00:15:40,710 --> 00:15:36,639
i tell you bill clinton has a tattoo

459
00:15:44,310 --> 00:15:40,720
of an alien on his ass

460
00:15:45,990 --> 00:15:44,320
prove me wrong yeah right

461
00:15:47,110 --> 00:15:46,000
yeah i'm sure if i'm pulling down his

462
00:15:49,829 --> 00:15:47,120
pants or something you're not going to

463
00:15:54,310 --> 00:15:53,110

he's not going to do it exactly so yeah

464

00:15:55,990 --> 00:15:54,320

that's that's true

465

00:15:57,670 --> 00:15:56,000

yeah it's an interesting analogy i must

466

00:16:01,829 --> 00:15:57,680

have never come across that one before

467

00:16:04,230 --> 00:16:01,839

thanks for that enough nightmares

468

00:16:06,310 --> 00:16:04,240

can you tell uh what presidential

469

00:16:10,069 --> 00:16:06,320

library i was looking at in the

470

00:16:14,150 --> 00:16:13,110

that's right bill clinton yeah and that

471

00:16:17,030 --> 00:16:14,160

came to my mind

472

00:16:18,150 --> 00:16:17,040

because it's yeah because you know this

473

00:16:20,069 --> 00:16:18,160

a lot of this stuff

474

00:16:22,550 --> 00:16:20,079

is like corbell's videos for instance

475

00:16:24,790 --> 00:16:22,560

you can claim it's one thing

476
00:16:25,910 --> 00:16:24,800
and then basically say it prove me

477
00:16:28,710 --> 00:16:25,920
otherwise

478
00:16:30,389 --> 00:16:28,720
you know it is you know not maybe not to

479
00:16:33,509 --> 00:16:30,399
use him as

480
00:16:36,949 --> 00:16:33,519
every example but that is the example

481
00:16:39,189 --> 00:16:36,959
you can't hide have something hidden

482
00:16:39,990 --> 00:16:39,199
say it something and then put the onus

483
00:16:43,829 --> 00:16:40,000
of

484
00:16:45,670 --> 00:16:43,839
you know provability on the viewer

485
00:16:46,870 --> 00:16:45,680
which is kind of what it is to a certain

486
00:16:49,430 --> 00:16:46,880
extent but

487
00:16:51,189 --> 00:16:49,440
i don't know yeah i wish i wish you know

488
00:16:52,310 --> 00:16:51,199

he wasn't just the only kind of main

489

00:16:54,150 --> 00:16:52,320

conduit for this

490

00:16:55,829 --> 00:16:54,160

i know he clearly must have been given

491

00:16:56,710 --> 00:16:55,839

quite a bit of information over the last

492

00:16:58,389 --> 00:16:56,720

few years

493

00:17:00,550 --> 00:16:58,399

yeah it's coming out maybe in drips and

494

00:17:02,389 --> 00:17:00,560

drabs you know how long it takes him to

495

00:17:04,230 --> 00:17:02,399

to confirm and triple confirm these

496

00:17:05,270 --> 00:17:04,240

things i don't know but it would be nice

497

00:17:07,270 --> 00:17:05,280

to see

498

00:17:08,789 --> 00:17:07,280

you know a couple of other people quite

499

00:17:10,549 --> 00:17:08,799

your well-respected people

500

00:17:11,909 --> 00:17:10,559

coming out with stuff you know fairly

501
00:17:13,669 --> 00:17:11,919
regularly such as

502
00:17:15,270 --> 00:17:13,679
you know in the way he has been doing

503
00:17:15,590 --> 00:17:15,280
because then it would spread the load a

504
00:17:17,429 --> 00:17:15,600
bit

505
00:17:19,909 --> 00:17:17,439
and you wouldn't just have to you know

506
00:17:21,110 --> 00:17:19,919
maybe attack one person

507
00:17:23,510 --> 00:17:21,120
because obviously the people who don't

508
00:17:25,270 --> 00:17:23,520
like it just have a go at him don't they

509
00:17:27,829 --> 00:17:25,280
yeah you know they don't always just

510
00:17:29,350 --> 00:17:27,839
have a go you know play the kind of um

511
00:17:30,870 --> 00:17:29,360
you know what you call you know play the

512
00:17:32,310 --> 00:17:30,880
man not the ball sort of thing they

513
00:17:33,110 --> 00:17:32,320

always have a go at him rather than the

514

00:17:34,630 --> 00:17:33,120

videos

515

00:17:36,230 --> 00:17:34,640

um whereas you've had a couple other

516

00:17:37,510 --> 00:17:36,240

people who were quite well respected

517

00:17:39,990 --> 00:17:37,520

then it would it would be a bit more

518

00:17:41,510 --> 00:17:40,000

difficult to sort of attack the people

519

00:17:43,830 --> 00:17:41,520

because you have to then do it in three

520

00:17:44,870 --> 00:17:43,840

different ways say uh whereas you know

521

00:17:46,870 --> 00:17:44,880

if you have three different people

522

00:17:48,710 --> 00:17:46,880

coming out with pretty credible videos

523

00:17:50,310 --> 00:17:48,720

or things that you can't automatically

524

00:17:51,990 --> 00:17:50,320

just rule out then

525

00:17:53,750 --> 00:17:52,000

i think you'll be better uh but that's

526
00:17:55,029 --> 00:17:53,760
not taking any anything away from jeremy

527
00:17:56,549 --> 00:17:55,039
corbell because he

528
00:17:58,310 --> 00:17:56,559
he's clearly doing quite a lot of work

529
00:18:00,390 --> 00:17:58,320
to get what he has out

530
00:18:02,230 --> 00:18:00,400
yeah it's one of those things like if

531
00:18:03,110 --> 00:18:02,240
there's aliens in those ships and we

532
00:18:05,270 --> 00:18:03,120
find out

533
00:18:07,430 --> 00:18:05,280
in this whole time we just you know

534
00:18:09,029 --> 00:18:07,440
pooped on how we delivered this stuff

535
00:18:10,870 --> 00:18:09,039
we're going to people forget about it

536
00:18:13,669 --> 00:18:10,880
but vice versa too so

537
00:18:14,630 --> 00:18:13,679
you kind of have to just reserve and

538
00:18:18,789 --> 00:18:14,640

observe

539

00:18:22,150 --> 00:18:18,799

until you know further notice i suppose

540

00:18:37,430 --> 00:18:22,160

um but we do actually have some sort of

541

00:18:44,630 --> 00:18:40,870

we have uh nasa um being

542

00:18:45,590 --> 00:18:44,640

briefed uh by the uaptf bird john

543

00:18:48,390 --> 00:18:45,600

greenwald

544

00:18:49,110 --> 00:18:48,400

and um a foia that he got some

545

00:18:51,669 --> 00:18:49,120

information

546

00:18:53,590 --> 00:18:51,679

back on now that's pretty interesting

547

00:18:56,789 --> 00:18:53,600

especially if you consider

548

00:19:00,230 --> 00:18:56,799

uh bill nelson in his recent comments

549

00:19:02,150 --> 00:19:00,240

yeah yeah it all adds up just because

550

00:19:04,310 --> 00:19:02,160

you know the these agencies like nasa

551

00:19:06,150 --> 00:19:04,320

wasn't on the list that was um

552

00:19:07,669 --> 00:19:06,160

on the on the preliminary report doesn't

553

00:19:08,150 --> 00:19:07,679

mean to say that nobody talked to them

554

00:19:10,150 --> 00:19:08,160

and now

555

00:19:11,190 --> 00:19:10,160

john greenwald has has effectively

556

00:19:12,789 --> 00:19:11,200

proved that by

557

00:19:15,110 --> 00:19:12,799

you know the finding that email through

558

00:19:18,230 --> 00:19:15,120

fire which says that they were asking

559

00:19:19,590 --> 00:19:18,240

you know nasa for a briefing so

560

00:19:21,350 --> 00:19:19,600

the task force rather was asking for

561

00:19:23,430 --> 00:19:21,360

them for a briefing so

562

00:19:24,789 --> 00:19:23,440

that's that's you know you would think

563

00:19:26,549 --> 00:19:24,799

they would do that anyway

564

00:19:28,710 --> 00:19:26,559

it's it's probably not possibly nothing

565

00:19:30,070 --> 00:19:28,720

ground shattering in terms of

566

00:19:32,070 --> 00:19:30,080

what you would think they would be doing

567

00:19:32,950 --> 00:19:32,080

or who would be looking at uh to get

568

00:19:35,750 --> 00:19:32,960

information

569

00:19:37,190 --> 00:19:35,760

maybe not um you know nuts and bolts and

570

00:19:38,870 --> 00:19:37,200

kind of facts and figures

571

00:19:40,549 --> 00:19:38,880

there may be no overall sense of what

572

00:19:41,909 --> 00:19:40,559

they're capable of of doing

573

00:19:44,150 --> 00:19:41,919

in terms of being able to collect

574

00:19:46,789 --> 00:19:44,160

information or find you know

575

00:19:48,070 --> 00:19:46,799

data and collect it and then translate

576

00:19:50,789 --> 00:19:48,080

into some kind of analysis

577

00:19:51,190 --> 00:19:50,799

so i think that's that's really good um

578

00:19:53,430 --> 00:19:51,200

but

579

00:19:56,070 --> 00:19:53,440

it also asks it sort of begs another

580

00:19:58,150 --> 00:19:56,080

question if nasa have been approached

581

00:19:59,270 --> 00:19:58,160

which is what the emails suggest then

582

00:20:01,190 --> 00:19:59,280

who's to say that people like the

583

00:20:02,870 --> 00:20:01,200

department of energy haven't been

584

00:20:04,630 --> 00:20:02,880

approached as well because they weren't

585

00:20:07,830 --> 00:20:04,640

on the list as far as i was aware

586

00:20:08,230 --> 00:20:07,840

so you can imagine that if nasa on that

587

00:20:10,070 --> 00:20:08,240

list

588

00:20:11,510 --> 00:20:10,080

there's probably quite a few agencies

589

00:20:13,270 --> 00:20:11,520

which didn't appear on the top the

590

00:20:15,590 --> 00:20:13,280

preliminary reports list of

591

00:20:17,110 --> 00:20:15,600

ones that were which gave input which

592

00:20:19,350 --> 00:20:17,120

was i think was the phrase

593

00:20:20,870 --> 00:20:19,360

um but you you can bet there's other

594

00:20:21,750 --> 00:20:20,880

ones have been approached to find out

595

00:20:23,669 --> 00:20:21,760

what kind of

596

00:20:25,909 --> 00:20:23,679

you know collection and uh recording

597

00:20:28,230 --> 00:20:25,919

capabilities they actually have

598

00:20:29,190 --> 00:20:28,240

the the sort of place um sort of

599

00:20:31,510 --> 00:20:29,200

agencies and

600

00:20:33,990 --> 00:20:31,520

collection facilities that chris mellon

601
00:20:36,149 --> 00:20:34,000
mentioned you know back on joe rogan

602
00:20:37,669 --> 00:20:36,159
um he mentioned a i can't remember the

603
00:20:38,149 --> 00:20:37,679
exact ones now but he mentioned three or

604
00:20:39,669 --> 00:20:38,159
four

605
00:20:41,190 --> 00:20:39,679
different ones which didn't really crop

606
00:20:42,630 --> 00:20:41,200
up before um

607
00:20:44,310 --> 00:20:42,640
but they saw the ones as well which are

608
00:20:46,549 --> 00:20:44,320
squirreled away that you know you're the

609
00:20:48,789 --> 00:20:46,559
fuel or nobody's heard of before

610
00:20:50,549 --> 00:20:48,799
so um yeah i bet that i bet there's a

611
00:20:51,990 --> 00:20:50,559
few where they've contacted and gone

612
00:20:53,430 --> 00:20:52,000
you know can you give us an idea of what

613
00:20:54,549 --> 00:20:53,440

you're capable of doing and what you

614

00:20:57,270 --> 00:20:54,559

what you can pick up

615

00:20:58,070 --> 00:20:57,280

and yeah sure if you might have seen um

616

00:21:00,470 --> 00:20:58,080

so yeah

617

00:21:01,990 --> 00:21:00,480

i'm i'm yeah i wouldn't i wouldn't put

618

00:21:03,110 --> 00:21:02,000

money on it but um yeah i would

619

00:21:04,549 --> 00:21:03,120

thought yeah they're probably they're

620

00:21:05,350 --> 00:21:04,559

probably talking to us some other people

621

00:21:08,630 --> 00:21:05,360

and just

622

00:21:11,990 --> 00:21:08,640

guessing i wonder now you know

623

00:21:13,029 --> 00:21:12,000

do we know if bill nelson's comments oh

624

00:21:15,909 --> 00:21:13,039

we probably don't

625

00:21:20,149 --> 00:21:15,919

but if they came before after you know

626

00:21:24,390 --> 00:21:23,190

more rumors but it'd be interesting um

627

00:21:26,390 --> 00:21:24,400

i presume that you'll be able to find

628

00:21:28,789 --> 00:21:26,400

the the dates of the um

629

00:21:29,909 --> 00:21:28,799

of the emails on the documents probably

630

00:21:32,310 --> 00:21:29,919

a bit

631

00:21:32,950 --> 00:21:32,320

because that might not be redacted um

632

00:21:34,230 --> 00:21:32,960

obviously

633

00:21:35,350 --> 00:21:34,240

so it's probably worth having a look at

634

00:21:36,710 --> 00:21:35,360

the documents i'm going to have to do it

635

00:21:40,070 --> 00:21:36,720

myself so i can't tell you

636

00:21:41,669 --> 00:21:40,080

yeah i'll need to go back to the

637

00:21:43,590 --> 00:21:41,679

document and have a quick look at it and

638

00:21:45,430 --> 00:21:43,600

then check the the date of bill nelson's

639

00:21:46,630 --> 00:21:45,440

comments uh but it'd be interesting to

640

00:21:48,549 --> 00:21:46,640

see how they correlate

641

00:21:50,310 --> 00:21:48,559

to see whether or not that kind of his

642

00:21:51,350 --> 00:21:50,320

comments came before afterwards but i

643

00:21:53,110 --> 00:21:51,360

mean they've done other things haven't

644

00:21:55,750 --> 00:21:53,120

they put a question and answer

645

00:21:57,669 --> 00:21:55,760

kind of thing about um you know uaps or

646

00:21:57,990 --> 00:21:57,679

whatever on their website haven't they

647

00:21:59,909 --> 00:21:58,000

so

648

00:22:01,029 --> 00:21:59,919

yeah i think it's more slanted about

649

00:22:02,630 --> 00:22:01,039

alien life but

650

00:22:05,270 --> 00:22:02,640

it also mentions about you know more

651
00:22:07,350 --> 00:22:05,280
earthbound kind of sightings etc so

652
00:22:09,029 --> 00:22:07,360
um i would never think i'll ever get to

653
00:22:10,950 --> 00:22:09,039
this point in my lifetime when nasa were

654
00:22:12,870 --> 00:22:10,960
talking actively about uaps

655
00:22:14,310 --> 00:22:12,880
and being approached to give briefings

656
00:22:18,470 --> 00:22:14,320
about them

657
00:22:21,510 --> 00:22:20,070
sometimes i have to pick i have to pinch

658
00:22:22,149 --> 00:22:21,520
myself sometimes i wake up and i'll

659
00:22:23,909 --> 00:22:22,159
think about

660
00:22:25,590 --> 00:22:23,919
things like this and i have to pinch

661
00:22:25,990 --> 00:22:25,600
myself thinking am i really living

662
00:22:28,149 --> 00:22:26,000
through this

663
00:22:29,990 --> 00:22:28,159

period or am i going to wake up and find

664

00:22:30,390 --> 00:22:30,000

myself back in the 1980s when everybody

665

00:22:33,669 --> 00:22:30,400

just said

666

00:22:37,270 --> 00:22:35,750

uh i just think it's funny but i hear

667

00:22:41,909 --> 00:22:37,280

you say benchmarks if

668

00:22:45,909 --> 00:22:44,789

uh yeah it's you you know some at some

669

00:22:48,390 --> 00:22:45,919

point you would think

670

00:22:49,270 --> 00:22:48,400

um it would really just be nasa and

671

00:22:51,590 --> 00:22:49,280

space force

672

00:22:54,149 --> 00:22:51,600

right well you'd think that there would

673

00:22:55,669 --> 00:22:54,159

be natural kind of candidates to to go

674

00:22:56,710 --> 00:22:55,679

and just talk to to see what their

675

00:22:59,270 --> 00:22:56,720

capabilities are

676

00:23:00,630 --> 00:22:59,280

i'm i'm sure that you know the uap task

677

00:23:03,029 --> 00:23:00,640

force probably has a

678

00:23:05,190 --> 00:23:03,039

rough idea of what they do um they

679

00:23:06,149 --> 00:23:05,200

wouldn't have probably gone in blind and

680

00:23:08,310 --> 00:23:06,159

said you know oh

681

00:23:09,830 --> 00:23:08,320

um we have no idea what what you do can

682

00:23:12,070 --> 00:23:09,840

you tell us if you can pick the you know

683

00:23:13,590 --> 00:23:12,080

things up and how would you do it um so

684

00:23:13,909 --> 00:23:13,600

they probably have gone with some kind

685

00:23:18,149 --> 00:23:13,919

of

686

00:23:19,830 --> 00:23:18,159

capabilities the

687

00:23:21,669 --> 00:23:19,840

the iss has because i believe the

688

00:23:23,430 --> 00:23:21,679

program manager for the in that

689

00:23:24,789 --> 00:23:23,440

international space station was one of

690

00:23:25,270 --> 00:23:24,799

the people who was in that particular

691

00:23:27,510 --> 00:23:25,280

loop

692

00:23:28,870 --> 00:23:27,520

for a year for the emails and the you

693

00:23:29,510 --> 00:23:28,880

know the kind of meeting the online

694

00:23:32,310 --> 00:23:29,520

meetings

695

00:23:33,830 --> 00:23:32,320

and it wasn't too long ago that i think

696

00:23:36,950 --> 00:23:33,840

it was a russian astronaut

697

00:23:39,909 --> 00:23:36,960

actually posted pictures of something

698

00:23:41,110 --> 00:23:39,919

that he saw in space yeah yeah that's

699

00:23:43,350 --> 00:23:41,120

mentioned in

700

00:23:44,549 --> 00:23:43,360

john's uh report from yesterday or this

701
00:23:48,789 --> 00:23:44,559
morning yeah

702
00:23:49,750 --> 00:23:48,799
okay um yeah but you know with them it's

703
00:23:51,430 --> 00:23:49,760
uh

704
00:23:53,029 --> 00:23:51,440
you see what they've done lightly with

705
00:23:56,710 --> 00:23:53,039
the chess piece thing

706
00:23:58,230 --> 00:23:56,720
who knows do you know that that's

707
00:23:59,669 --> 00:23:58,240
that's the classic kind of russian thing

708
00:24:00,870 --> 00:23:59,679
of messing with people's heads

709
00:24:03,590 --> 00:24:00,880
psychologically

710
00:24:05,269 --> 00:24:03,600
straight up yeah of course it is yeah

711
00:24:07,510 --> 00:24:05,279
they're masters of that game

712
00:24:09,110 --> 00:24:07,520
um you know they they they know how to

713
00:24:11,190 --> 00:24:09,120

just how to choose things

714

00:24:12,470 --> 00:24:11,200

and how to exaggerate things and they

715

00:24:14,470 --> 00:24:12,480

know that people will

716

00:24:16,549 --> 00:24:14,480

sort of you know just latch onto it and

717

00:24:18,549 --> 00:24:16,559

and just run with things like that

718

00:24:19,990 --> 00:24:18,559

they're not above playing games with a

719

00:24:21,750 --> 00:24:20,000

west especially when it comes to

720

00:24:24,230 --> 00:24:21,760

aeroplanes

721

00:24:25,269 --> 00:24:24,240

oops sorry did you hear that yeah i did

722

00:24:27,990 --> 00:24:25,279

i'll give you one i'll

723

00:24:28,549 --> 00:24:28,000

give you one quick bill nelson oh sorry

724

00:24:30,390 --> 00:24:28,559

again

725

00:24:32,710 --> 00:24:30,400

you're sorry bill if he's there we'll

726

00:24:36,149 --> 00:24:32,720

interview him if you want bill

727

00:24:39,430 --> 00:24:36,159

hello bill i know bill bill's

728

00:24:42,470 --> 00:24:39,440

very sweet but he usually doesn't get up

729

00:24:44,870 --> 00:24:42,480

uh before three in the afternoon okay

730

00:24:46,390 --> 00:24:44,880

i'll give you one okay i'll give you one

731

00:24:47,669 --> 00:24:46,400

quick example about how the russians

732

00:24:50,149 --> 00:24:47,679

mess with people's heads

733

00:24:52,149 --> 00:24:50,159

in terms of their aircraft back in the

734

00:24:53,909 --> 00:24:52,159

1950s and 1960s when they used to have

735

00:24:56,789 --> 00:24:53,919

their annual air show when they used to

736

00:24:57,750 --> 00:24:56,799

um unveil their new airplanes to their

737

00:24:59,590 --> 00:24:57,760

own public

738

00:25:01,190 --> 00:24:59,600

and by saying by the same token to

739

00:25:03,350 --> 00:25:01,200

western intelligence agencies

740

00:25:04,789 --> 00:25:03,360

who used to send people across to watch

741

00:25:06,390 --> 00:25:04,799

um what they used to do with with the

742

00:25:07,990 --> 00:25:06,400

new aircraft types if they only had like

743

00:25:09,590 --> 00:25:08,000

a handful of prototypes

744

00:25:12,230 --> 00:25:09,600

they would fly they would fly them in

745

00:25:14,149 --> 00:25:12,240

formations around and round in circles

746

00:25:16,070 --> 00:25:14,159

to go over the airfield every couple of

747

00:25:19,110 --> 00:25:16,080

minutes so they looked like they had

748

00:25:20,950 --> 00:25:19,120

more aircraft than they actually had

749

00:25:22,630 --> 00:25:20,960

so we used to do stuff like that you

750

00:25:23,110 --> 00:25:22,640

know so they're not above messing with

751
00:25:26,789 --> 00:25:23,120
people's

752
00:25:28,789 --> 00:25:26,799
heads yeah that wouldn't i would think

753
00:25:31,350 --> 00:25:28,799
like those chess championships too they

754
00:25:34,630 --> 00:25:31,360
go all out i wanted to play exactly

755
00:25:36,630 --> 00:25:34,640
um with bill nelson i think

756
00:25:38,230 --> 00:25:36,640
if i'm hoping this is the right one if

757
00:25:41,990 --> 00:25:38,240
it is it it's pretty good

758
00:25:45,029 --> 00:25:42,000
so um july 6. he's with us now

759
00:25:46,710 --> 00:25:45,039
former astronaut himself former senator

760
00:25:50,070 --> 00:25:46,720
good to see you again what do you make

761
00:25:52,710 --> 00:25:50,080
of this billionaire race to space

762
00:25:54,230 --> 00:25:52,720
it starts with that and they certainly

763
00:25:57,909 --> 00:25:54,240

have their due

764

00:26:01,029 --> 00:25:57,919

oh these guys have contributed a lot

765

00:26:01,430 --> 00:26:01,039

the washington post space rider calls

766

00:26:04,630 --> 00:26:01,440

them

767

00:26:07,269 --> 00:26:04,640

the space barons you know

768

00:26:08,950 --> 00:26:07,279

i remember being at nasa when the last

769

00:26:10,230 --> 00:26:08,960

shuttle launch was going up i think you

770

00:26:12,549 --> 00:26:10,240

were there too

771

00:26:14,230 --> 00:26:12,559

and everyone on the space coast from

772

00:26:17,190 --> 00:26:14,240

titusville to cocoa beach

773

00:26:18,149 --> 00:26:17,200

they were all so sad and to see what's

774

00:26:21,190 --> 00:26:18,159

happened since

775

00:26:23,510 --> 00:26:21,200

it's extraordinary it's just

776

00:26:24,710 --> 00:26:23,520

extraordinary all of those abandoned

777

00:26:29,669 --> 00:26:24,720

launch pads

778

00:26:32,390 --> 00:26:29,679

on cape canaveral they've come to life

779

00:26:34,390 --> 00:26:32,400

it's now not unusual that there's a

780

00:26:37,269 --> 00:26:34,400

space launch every week

781

00:26:38,230 --> 00:26:37,279

first of all and there's an exciting

782

00:26:41,269 --> 00:26:38,240

time ahead

783

00:26:45,110 --> 00:26:41,279

we're going to launch the a sp

784

00:26:48,230 --> 00:26:45,120

like every week that is crazy

785

00:26:49,029 --> 00:26:48,240

i just there's so much space junk in

786

00:26:53,029 --> 00:26:49,039

there

787

00:26:56,149 --> 00:26:53,039

since the 80s ever

788

00:26:59,590 --> 00:26:56,159

at the end of this year it's uh

789

00:27:02,789 --> 00:26:59,600

going out beyond the moon come back

790

00:27:05,830 --> 00:27:02,799

and then in two years 2023

791

00:27:06,950 --> 00:27:05,840

it's going to have a human crew out to

792

00:27:09,269 --> 00:27:06,960

the moon

793

00:27:10,950 --> 00:27:09,279

and come back incredible and you know

794

00:27:13,029 --> 00:27:10,960

then there's this helicopter

795

00:27:15,029 --> 00:27:13,039

the ninth flight over the weekend the

796

00:27:15,909 --> 00:27:15,039

agency called it the most nerve-wracking

797

00:27:18,549 --> 00:27:15,919

flight so far

798

00:27:19,269 --> 00:27:18,559

how important is that technology to our

799

00:27:22,230 --> 00:27:19,279

future in

800

00:27:23,750 --> 00:27:22,240

basic space exploration this was a

801
00:27:26,950 --> 00:27:23,760
demonstration

802
00:27:29,990 --> 00:27:26,960
now it's a part of the regular uh

803
00:27:33,990 --> 00:27:30,000
plan of nasa it is out

804
00:27:37,590 --> 00:27:34,000
doing a flight scouting for the rover

805
00:27:41,510 --> 00:27:37,600
this particular time is scouting a very

806
00:27:44,070 --> 00:27:41,520
sandy region in order to determine

807
00:27:44,870 --> 00:27:44,080
should the rover go there and possibly

808
00:27:49,269 --> 00:27:44,880
get stuck

809
00:27:51,990 --> 00:27:49,279
in the same

810
00:27:52,830 --> 00:27:52,000
as a matter of fact it now has a fancy

811
00:27:56,549 --> 00:27:52,840
name

812
00:28:00,070 --> 00:27:56,559
astrobiology we're looking for life

813
00:28:03,510 --> 00:28:00,080

on mars on the other planets

814

00:28:06,710 --> 00:28:03,520

we're looking out in the cosmos

815

00:28:10,630 --> 00:28:06,720

trying to determine other suns that have

816

00:28:13,909 --> 00:28:10,640

planets with a habitable atmosphere

817

00:28:17,669 --> 00:28:13,919

but when you think about it shepherd

818

00:28:20,870 --> 00:28:17,679

if you have a a universe that is

819

00:28:25,190 --> 00:28:20,880

13 and a half billion years

820

00:28:29,110 --> 00:28:25,200

old it is so big is there another chance

821

00:28:30,310 --> 00:28:29,120

for another sun and another planet that

822

00:28:33,750 --> 00:28:30,320

has

823

00:28:37,190 --> 00:28:33,760

an atmosphere like ours i would say yes

824

00:28:39,350 --> 00:28:37,200

so we're going to get some uh

825

00:28:41,430 --> 00:28:39,360

indication that there's intelligent life

826
00:28:43,590 --> 00:28:41,440
out there did you hear that

827
00:28:46,549 --> 00:28:43,600
shepherd smith here thanks for watching

828
00:28:52,230 --> 00:28:50,789
he said we're going to find

829
00:28:54,549 --> 00:28:52,240
did you hear that we're going to find

830
00:28:55,590 --> 00:28:54,559
that some other intelligent life form

831
00:28:57,430 --> 00:28:55,600
out there

832
00:28:59,110 --> 00:28:57,440
that's pretty interesting because that's

833
00:29:01,190 --> 00:28:59,120
a that's a definite

834
00:29:02,870 --> 00:29:01,200
type of statement that's not like a we

835
00:29:05,669 --> 00:29:02,880
may or i hope we

836
00:29:07,190 --> 00:29:05,679
that's uh well they're looking at

837
00:29:08,389 --> 00:29:07,200
probabilities aren't they because you've

838
00:29:10,149 --> 00:29:08,399

got a great equation and

839

00:29:12,310 --> 00:29:10,159

you know and there's been sort of

840

00:29:14,230 --> 00:29:12,320

numbers banded about in in the

841

00:29:15,350 --> 00:29:14,240

thousands tens of thousands hundreds of

842

00:29:18,710 --> 00:29:15,360

thousands even

843

00:29:20,630 --> 00:29:18,720

so it's not you know sort of beyond the

844

00:29:21,830 --> 00:29:20,640

the bounds of sort of possibility that

845

00:29:23,269 --> 00:29:21,840

they are going to find something and

846

00:29:25,430 --> 00:29:23,279

it's a it's a probable

847

00:29:26,630 --> 00:29:25,440

probability not another possibility so

848

00:29:29,029 --> 00:29:26,640

he's right in saying that

849

00:29:31,269 --> 00:29:29,039

eventually uh it might not be in his

850

00:29:33,909 --> 00:29:31,279

lifetime mine yours or whoever

851

00:29:35,110 --> 00:29:33,919

or even our kids kind of thing but it's

852

00:29:36,789 --> 00:29:35,120

sort of related

853

00:29:38,230 --> 00:29:36,799

sooner or later it'll happen won't it

854

00:29:39,350 --> 00:29:38,240

and he doesn't have to give a time frame

855

00:29:41,190 --> 00:29:39,360

he just has to say

856

00:29:42,549 --> 00:29:41,200

you know we will find them and he did

857

00:29:46,230 --> 00:29:42,559

say intelligent too

858

00:29:47,909 --> 00:29:46,240

so yes he did yeah um very interesting

859

00:29:49,750 --> 00:29:47,919

megan's got a great question here if you

860

00:29:53,269 --> 00:29:49,760

want to give it a shot

861

00:29:57,590 --> 00:29:53,279

yeah sure all right yeah um

862

00:29:58,310 --> 00:29:57,600

yeah yeah i can't pick one is the answer

863

00:30:00,549 --> 00:29:58,320

because

864

00:30:02,070 --> 00:30:00,559

if i mean it's a big if but if one of

865

00:30:03,430 --> 00:30:02,080

them had been responsible

866

00:30:05,110 --> 00:30:03,440

for the kind of you know things that

867

00:30:05,990 --> 00:30:05,120

we've seen on those videos the flea

868

00:30:08,830 --> 00:30:06,000

videos

869

00:30:10,149 --> 00:30:08,840

um and also the ones that the ones for

870

00:30:12,870 --> 00:30:10,159

2004

871

00:30:15,110 --> 00:30:12,880

from the 2015 and now the recent ones

872

00:30:17,430 --> 00:30:15,120

that jeremy corbell has released

873

00:30:19,190 --> 00:30:17,440

if it's one of russia and china china or

874

00:30:23,029 --> 00:30:19,200

one of them is responsible

875

00:30:25,269 --> 00:30:23,039

then it's frightening really um because

876

00:30:27,350 --> 00:30:25,279

they they possibly have parts of the

877

00:30:30,230 --> 00:30:27,360

technology to be able to do this

878

00:30:30,710 --> 00:30:30,240

but maybe only parts in terms of one

879

00:30:32,070 --> 00:30:30,720

thing

880

00:30:34,549 --> 00:30:32,080

so they might be able to have a drone

881

00:30:36,870 --> 00:30:34,559

that hovers uh for a long period of time

882

00:30:37,909 --> 00:30:36,880

or has a long range right probably

883

00:30:39,350 --> 00:30:37,919

putting that together with something

884

00:30:40,389 --> 00:30:39,360

that can fly really quickly in the blink

885

00:30:42,549 --> 00:30:40,399

of an eye

886

00:30:44,310 --> 00:30:42,559

um and and bounce around kind of thing

887

00:30:45,669 --> 00:30:44,320

pulling you know incredible turns and

888

00:30:47,750 --> 00:30:45,679

the rest of it kind of thing

889

00:30:49,430 --> 00:30:47,760

uh or just sitting you know above a

890

00:30:49,990 --> 00:30:49,440

carrier battle group of 13 hours or

891

00:30:52,230 --> 00:30:50,000

whatever

892

00:30:53,990 --> 00:30:52,240

i can't see all those constituent

893

00:30:56,070 --> 00:30:54,000

elements coming to to

894

00:30:57,350 --> 00:30:56,080

together with the technology at the

895

00:30:58,549 --> 00:30:57,360

moment so

896

00:30:59,990 --> 00:30:58,559

it's a bit of a cop out for your

897

00:31:01,190 --> 00:31:00,000

question i don't think either is

898

00:31:02,549 --> 00:31:01,200

responsible

899

00:31:04,310 --> 00:31:02,559

but i think they all have parts of the

900

00:31:05,669 --> 00:31:04,320

puzzle um you know

901
00:31:07,190 --> 00:31:05,679
give them another hundred years or

902
00:31:07,430 --> 00:31:07,200
something and they might be there or you

903
00:31:08,870 --> 00:31:07,440
know

904
00:31:10,470 --> 00:31:08,880
thousands or a thousand years it might

905
00:31:11,110 --> 00:31:10,480
be there but i don't think they're there

906
00:31:14,870 --> 00:31:11,120
yet

907
00:31:17,110 --> 00:31:14,880
what i think of its first china is well

908
00:31:19,750 --> 00:31:17,120
we said you know apparently we're not

909
00:31:22,950 --> 00:31:19,760
responsible for any of these incursions

910
00:31:26,870 --> 00:31:22,960
and they steal their technology from us

911
00:31:28,149 --> 00:31:26,880
so it does say something as far as them

912
00:31:29,669 --> 00:31:28,159
i'd like to think the chinese were

913
00:31:30,070 --> 00:31:29,679

probably further ahead than the russians

914

00:31:32,310 --> 00:31:30,080

now

915

00:31:33,269 --> 00:31:32,320

if you ask that question sort of 30

916

00:31:34,470 --> 00:31:33,279

years ago

917

00:31:36,630 --> 00:31:34,480

that would have been the russians would

918

00:31:37,190 --> 00:31:36,640

have been further ahead uh or 40 years

919

00:31:39,269 --> 00:31:37,200

ago

920

00:31:41,509 --> 00:31:39,279

uh because the chinese basically took

921

00:31:42,470 --> 00:31:41,519

their initial drone technology from the

922

00:31:44,950 --> 00:31:42,480

russians

923

00:31:45,990 --> 00:31:44,960

um their the first chinese drones were

924

00:31:48,990 --> 00:31:46,000

actually russian

925

00:31:50,310 --> 00:31:49,000

uh copies of russian drones uh levochin

926
00:31:51,750 --> 00:31:50,320
lasm17s

927
00:31:53,750 --> 00:31:51,760
uh it was like a small aircraft

928
00:31:55,590 --> 00:31:53,760
basically like small jet aircraft

929
00:31:56,870 --> 00:31:55,600
um and they they nicked that technology

930
00:31:58,950 --> 00:31:56,880
and copied it but

931
00:32:00,789 --> 00:31:58,960
beyond that uh you know they've just

932
00:32:02,549 --> 00:32:00,799
like gone streets ahead probably

933
00:32:03,590 --> 00:32:02,559
nowadays i think the chinese technology

934
00:32:04,630 --> 00:32:03,600
is probably more advanced than the

935
00:32:07,669 --> 00:32:04,640
russian technology

936
00:32:08,070 --> 00:32:07,679
in quite a lot of areas um but they're

937
00:32:11,110 --> 00:32:08,080
not

938
00:32:11,909 --> 00:32:11,120

i can't see how they're that distinctly

939

00:32:13,269 --> 00:32:11,919

far ahead

940

00:32:14,950 --> 00:32:13,279

that they can come up with stuff that's

941

00:32:16,310 --> 00:32:14,960

been shown you know the kind of things

942

00:32:19,430 --> 00:32:16,320

that have been talked about

943

00:32:21,269 --> 00:32:19,440

uh in terms of uh uap encounters that's

944

00:32:23,110 --> 00:32:21,279

i just can't say that's possible do you

945

00:32:26,389 --> 00:32:23,120

know anything about their

946

00:32:28,070 --> 00:32:26,399

new fighter jet that came up the the

947

00:32:29,830 --> 00:32:28,080

chat the so-called checkmate

948

00:32:31,110 --> 00:32:29,840

yeah they've been they've been keeping a

949

00:32:33,350 --> 00:32:31,120

lot of that under wraps i mean there's

950

00:32:35,830 --> 00:32:33,360

various russian projects at the moment

951
00:32:36,389 --> 00:32:35,840
um you talk about the mig-41 as well

952
00:32:38,470 --> 00:32:36,399
which is

953
00:32:40,070 --> 00:32:38,480
supposed to be this new fifth generation

954
00:32:42,230 --> 00:32:40,080
sort of stealth aircraft

955
00:32:43,110 --> 00:32:42,240
um but they're all you know pretty much

956
00:32:45,350 --> 00:32:43,120
under

957
00:32:46,470 --> 00:32:45,360
kind of very very sort of secretive the

958
00:32:48,070 --> 00:32:46,480
russians always have been

959
00:32:49,669 --> 00:32:48,080
you get here drips and drabs sort of

960
00:32:51,190 --> 00:32:49,679
thing and this new checkmate thing the

961
00:32:52,149 --> 00:32:51,200
one was under a plastic bag when they

962
00:32:55,350 --> 00:32:52,159
released it

963
00:32:56,870 --> 00:32:55,360

um yeah but it's not

964

00:32:58,389 --> 00:32:56,880

well yeah that's how they do they try to

965

00:32:59,590 --> 00:32:58,399

break up the outline by just

966

00:33:00,789 --> 00:32:59,600

but you know you can see what kind of

967

00:33:02,310 --> 00:33:00,799

shape it was anyway because there were

968

00:33:03,669 --> 00:33:02,320

people taking pictures of it from the

969

00:33:06,149 --> 00:33:03,679

other side of the airfield

970

00:33:07,430 --> 00:33:06,159

so yeah there was a fair idea what it

971

00:33:09,430 --> 00:33:07,440

looked like under this that kind of

972

00:33:09,750 --> 00:33:09,440

black plastic that was wrapped in uh

973

00:33:11,269 --> 00:33:09,760

well

974

00:33:12,710 --> 00:33:11,279

before the but they're going to unveil

975

00:33:13,909 --> 00:33:12,720

it anyway so they weren't that i don't

976

00:33:15,430 --> 00:33:13,919

think they were too fussed about

977

00:33:16,389 --> 00:33:15,440

you know the pictures getting leaked

978

00:33:17,669 --> 00:33:16,399

because they didn't actually show the

979

00:33:18,789 --> 00:33:17,679

airplane just showed it covered in a

980

00:33:23,190 --> 00:33:18,799

plastic bag

981

00:33:25,190 --> 00:33:23,200

something drones over here or something

982

00:33:27,110 --> 00:33:25,200

if they're ready if they're ready to

983

00:33:28,470 --> 00:33:27,120

show it then it's obviously

984

00:33:30,310 --> 00:33:28,480

you know being flight tested and

985

00:33:30,870 --> 00:33:30,320

whatever but i don't think it's so far

986

00:33:32,230 --> 00:33:30,880

ahead

987

00:33:33,909 --> 00:33:32,240

that it's going to be responsible for

988

00:33:35,350 --> 00:33:33,919

anything that we've seen that's just

989

00:33:36,549 --> 00:33:35,360

another case of the russians trying to

990

00:33:38,230 --> 00:33:36,559

big up what they've got

991

00:33:40,310 --> 00:33:38,240

because they always like to throw kind

992

00:33:41,909 --> 00:33:40,320

of confusion in the mix in terms of what

993

00:33:44,070 --> 00:33:41,919

proper capabilities of aircraft they

994

00:33:44,630 --> 00:33:44,080

have are uh and i tried to show the

995

00:33:47,669 --> 00:33:44,640

things that

996

00:33:48,789 --> 00:33:47,679

that they're way ahead of you know what

997

00:33:50,870 --> 00:33:48,799

the americans or

998

00:33:52,789 --> 00:33:50,880

or what the brits have in terms of

999

00:33:54,070 --> 00:33:52,799

capabilities they used to do the same

1000

00:33:55,909 --> 00:33:54,080

thing back in the day

1001
00:33:57,669 --> 00:33:55,919
back in the late 60s when they brought

1002
00:33:59,590 --> 00:33:57,679
out the mig-25 foxbot

1003
00:34:02,549 --> 00:33:59,600
it was this rumored aircraft that could

1004
00:34:03,909 --> 00:34:02,559
do uh just about just over mach 3

1005
00:34:05,990 --> 00:34:03,919
and it was designed to shoot down the

1006
00:34:07,509 --> 00:34:06,000
american xb70 valkyrie the

1007
00:34:09,109 --> 00:34:07,519
mach3 bomber that you were you were

1008
00:34:09,829 --> 00:34:09,119
developing but never never went ahead

1009
00:34:12,069 --> 00:34:09,839
with

1010
00:34:13,510 --> 00:34:12,079
um and everybody in the in nato thought

1011
00:34:14,230 --> 00:34:13,520
that the foxbot was going to be some

1012
00:34:16,310 --> 00:34:14,240
really

1013
00:34:18,310 --> 00:34:16,320

sort of super weapon in terms of it was

1014

00:34:19,990 --> 00:34:18,320

very quick you know it could fire you

1015

00:34:22,149 --> 00:34:20,000

know four missiles at the

1016

00:34:23,430 --> 00:34:22,159

extreme long range it could down

1017

00:34:24,470 --> 00:34:23,440

american bombers before they got to

1018

00:34:25,909 --> 00:34:24,480

their targets

1019

00:34:28,550 --> 00:34:25,919

uh you know the launch targets like

1020

00:34:28,950 --> 00:34:28,560

bombs or missiles but it turned out to

1021

00:34:30,869 --> 00:34:28,960

be

1022

00:34:32,790 --> 00:34:30,879

that it couldn't fly as quick as it did

1023

00:34:34,869 --> 00:34:32,800

because it the the engines would

1024

00:34:36,389 --> 00:34:34,879

basically break um because they weren't

1025

00:34:37,829 --> 00:34:36,399

that they weren't built that well

1026

00:34:39,430 --> 00:34:37,839

and also it couldn't fly that quick with

1027

00:34:40,869 --> 00:34:39,440

missiles anyway because it would just it

1028

00:34:43,349 --> 00:34:40,879

would just fall apart

1029

00:34:44,950 --> 00:34:43,359

so the the actual capability of the

1030

00:34:47,190 --> 00:34:44,960

aircraft turned out not to be

1031

00:34:47,990 --> 00:34:47,200

what the russians were pushing it as so

1032

00:34:50,389 --> 00:34:48,000

you know they

1033

00:34:51,349 --> 00:34:50,399

do this kind of thing um so anything

1034

00:34:53,750 --> 00:34:51,359

that they

1035

00:34:55,669 --> 00:34:53,760

sorry lieutenant mcmillan i was going to

1036

00:34:57,109 --> 00:34:55,679

say actually mentioned something pretty

1037

00:34:58,630 --> 00:34:57,119

interesting on the last summer in the

1038

00:35:00,950 --> 00:34:58,640

skies podcast

1039

00:35:02,790 --> 00:35:00,960

uh where they went over the general

1040

00:35:04,390 --> 00:35:02,800

mccaslin thing

1041

00:35:05,910 --> 00:35:04,400

there was a group of four of them going

1042

00:35:09,710 --> 00:35:05,920

over it and

1043

00:35:11,349 --> 00:35:09,720

basically the point of mcmillan was in

1044

00:35:14,390 --> 00:35:11,359

2016 there

1045

00:35:18,390 --> 00:35:14,400

was a bombardment

1046

00:35:22,230 --> 00:35:18,400

of russian ufo stories

1047

00:35:25,750 --> 00:35:22,240

getting like pushed hardcore

1048

00:35:30,950 --> 00:35:25,760

um over to us so you know there's

1049

00:35:33,990 --> 00:35:30,960

oh it's just like i feel like

1050

00:35:36,150 --> 00:35:34,000

if this i mean if other countries knew

1051

00:35:37,750 --> 00:35:36,160

this thing was an intelligent life form

1052

00:35:40,870 --> 00:35:37,760

from some other place

1053

00:35:42,069 --> 00:35:40,880

would we really still be playing games

1054

00:35:45,270 --> 00:35:42,079

like that even

1055

00:35:46,790 --> 00:35:45,280

putin you know

1056

00:35:48,950 --> 00:35:46,800

you just don't know what the motivations

1057

00:35:50,710 --> 00:35:48,960

for kind of other countries are

1058

00:35:52,470 --> 00:35:50,720

especially totalitarian or former

1059

00:35:54,550 --> 00:35:52,480

totalitarian countries that

1060

00:35:56,470 --> 00:35:54,560

they all have their own sort of like way

1061

00:35:58,390 --> 00:35:56,480

of sort of dealing with things which are

1062

00:36:00,470 --> 00:35:58,400

outside threats because

1063

00:36:02,069 --> 00:36:00,480

they'll probably look at things as a

1064

00:36:03,910 --> 00:36:02,079

threat to start with

1065

00:36:05,910 --> 00:36:03,920

or whether they've got an advantage over

1066

00:36:07,990 --> 00:36:05,920

other countries in being able to

1067

00:36:09,510 --> 00:36:08,000

you know either sort of talk to maybe

1068

00:36:12,069 --> 00:36:09,520

intelligences behind

1069

00:36:13,990 --> 00:36:12,079

you know other races or or maybe just

1070

00:36:14,790 --> 00:36:14,000

being able to adapt their technology or

1071

00:36:17,430 --> 00:36:14,800

just grab it

1072

00:36:18,630 --> 00:36:17,440

you know and use it so yeah you can see

1073

00:36:19,990 --> 00:36:18,640

you could see where all these kind of

1074

00:36:21,990 --> 00:36:20,000

mind games might come from

1075

00:36:23,109 --> 00:36:22,000

or they may be just trying to show that

1076

00:36:24,790 --> 00:36:23,119

they're their players

1077

00:36:26,230 --> 00:36:24,800

as well maybe they don't have as much

1078

00:36:27,349 --> 00:36:26,240

information that they're trying to make

1079

00:36:28,790 --> 00:36:27,359

on that they do

1080

00:36:29,910 --> 00:36:28,800

yeah because they might be able they

1081

00:36:32,150 --> 00:36:29,920

might be able to see some kind of

1082

00:36:34,630 --> 00:36:32,160

advantage further on by being let into

1083

00:36:36,470 --> 00:36:34,640

a bigger kind of um a bigger kind of

1084

00:36:37,190 --> 00:36:36,480

game you know which involves america and

1085

00:36:39,829 --> 00:36:37,200

china

1086

00:36:41,990 --> 00:36:39,839

um there's also know you name it there

1087

00:36:43,190 --> 00:36:42,000

could be some kind of possibility here

1088

00:36:45,349 --> 00:36:43,200

and it might be just other things we

1089

00:36:47,030 --> 00:36:45,359

haven't thought of um but

1090

00:36:48,390 --> 00:36:47,040

yeah the russians have all and the

1091

00:36:49,109 --> 00:36:48,400

chinese you know especially because

1092

00:36:50,630 --> 00:36:49,119

they're

1093

00:36:52,870 --> 00:36:50,640

the former or current communist

1094

00:36:54,630 --> 00:36:52,880

countries they don't look at things i

1095

00:36:55,670 --> 00:36:54,640

think the same way as like you guys in

1096

00:36:59,349 --> 00:36:55,680

america do

1097

00:37:01,750 --> 00:36:59,359

um you know well you guys well i'm in

1098

00:37:04,230 --> 00:37:01,760

britain remember so you know

1099

00:37:08,069 --> 00:37:04,240

we cut our politicians can't even like

1100

00:37:10,550 --> 00:37:08,079

agree there's actually a problem so

1101
00:37:11,589 --> 00:37:10,560
that's where i'm coming from yeah no i

1102
00:37:15,030 --> 00:37:11,599
hear you

1103
00:37:17,030 --> 00:37:15,040
um i'm gonna do a couple things that

1104
00:37:19,510 --> 00:37:17,040
i've been doing each day one is called

1105
00:37:22,390 --> 00:37:19,520
daca of the day

1106
00:37:24,470 --> 00:37:22,400
and the other is take a couple call-ins

1107
00:37:26,470 --> 00:37:24,480
do you want to stick around for this

1108
00:37:27,670 --> 00:37:26,480
it's if you want me to yeah i don't mind

1109
00:37:30,870 --> 00:37:27,680
yeah cool

1110
00:37:34,950 --> 00:37:30,880
uh yeah we'll start with doc of the day

1111
00:37:35,589 --> 00:37:34,960
this one uh they tend to like the doc of

1112
00:37:40,310 --> 00:37:35,599
the day

1113
00:37:45,190 --> 00:37:40,320

so ladies and gentlemen the document

1114

00:37:48,630 --> 00:37:45,200
of the day it's the dark of the day

1115

00:37:48,640 --> 00:37:56,630
yeah yeah it's the dark of the day

1116

00:38:03,670 --> 00:37:58,830
it's the dark of the day

1117

00:38:03,680 --> 00:38:08,870
document of the day

1118

00:38:13,430 --> 00:38:12,150
so yeah i mean my my songs are probably

1119

00:38:16,790 --> 00:38:13,440
the best part of this

1120

00:38:18,790 --> 00:38:16,800
typically but no i'm just kidding i mean

1121

00:38:21,190 --> 00:38:18,800
man he's got a great

1122

00:38:21,829 --> 00:38:21,200
you're so pumped and then the document

1123

00:38:24,870 --> 00:38:21,839
is like

1124

00:38:26,230 --> 00:38:24,880
what i'm just so the the one i've

1125

00:38:30,310 --> 00:38:26,240
brought out today

1126

00:38:31,990 --> 00:38:30,320

is uh i don't know if

1127

00:38:33,670 --> 00:38:32,000

this is in your field house or not at

1128

00:38:36,870 --> 00:38:33,680

all but

1129

00:38:37,510 --> 00:38:36,880

um yes you never could process yeah no

1130

00:38:40,230 --> 00:38:37,520

well this

1131

00:38:41,670 --> 00:38:40,240

is actually i couldn't do it yesterday

1132

00:38:45,270 --> 00:38:41,680

we had mr greenwald on

1133

00:38:47,710 --> 00:38:45,280

so i wanted to um give

1134

00:38:49,670 --> 00:38:47,720

a bigger document this one we have

1135

00:38:52,710 --> 00:38:49,680

government-sponsored research

1136

00:38:56,069 --> 00:38:52,720

in psychoenergenics

1137

00:38:58,069 --> 00:38:56,079

um february 1989

1138

00:39:01,320 --> 00:38:58,079

and it's pretty interesting because it's

1139

00:39:02,870 --> 00:39:01,330

specifically psychoenergetic

1140

00:39:05,670 --> 00:39:02,880

[Music]

1141

00:39:07,190 --> 00:39:05,680

and the best part about this is like i'm

1142

00:39:09,349 --> 00:39:07,200

not going to read all this to you

1143

00:39:11,829 --> 00:39:09,359

but the foreign technology division at

1144

00:39:15,829 --> 00:39:11,839

that time also did work with

1145

00:39:19,190 --> 00:39:15,839

um reports of ufos which is interesting

1146

00:39:21,109 --> 00:39:19,200

yeah um and then we have

1147

00:39:22,790 --> 00:39:21,119

like i'm not gonna read all this stuff

1148

00:39:26,069 --> 00:39:22,800

but the point of this

1149

00:39:28,460 --> 00:39:26,079

really is to show you um

1150

00:39:30,790 --> 00:39:28,470

they tell you everything

1151
00:39:33,589 --> 00:39:30,800
[Laughter]

1152
00:39:35,109 --> 00:39:33,599
like all of it and it's pretty

1153
00:39:38,310 --> 00:39:35,119
interesting because

1154
00:39:39,589 --> 00:39:38,320
you have the army navy air force dod was

1155
00:39:42,150 --> 00:39:39,599
doing it

1156
00:39:43,030 --> 00:39:42,160
since 1979 they were looking at this

1157
00:39:46,310 --> 00:39:43,040
stuff

1158
00:39:49,430 --> 00:39:46,320
oh stargate oh look at that

1159
00:39:50,230 --> 00:39:49,440
stargate's gotta know about this we

1160
00:39:54,069 --> 00:39:50,240
gotta

1161
00:39:57,270 --> 00:39:54,079
perfect um

1162
00:40:00,150 --> 00:39:57,280
yeah the joints intelligence agency yeah

1163
00:40:01,750 --> 00:40:00,160

dia defense intelligence agency as well

1164

00:40:04,470 --> 00:40:01,760

interesting isn't it

1165

00:40:06,550 --> 00:40:04,480

and then oh the girlfriend yeah that was

1166

00:40:09,990 --> 00:40:06,560

one of their big projects

1167

00:40:13,030 --> 00:40:10,000

so you know when

1168

00:40:15,589 --> 00:40:13,040

when i look at this kind of stuff and

1169

00:40:17,510 --> 00:40:15,599

how much they put into it which um

1170

00:40:19,030 --> 00:40:17,520

throughout all the years was over 12

1171

00:40:20,309 --> 00:40:19,040

million dollars you'll find in this

1172

00:40:23,670 --> 00:40:20,319

document

1173

00:40:27,829 --> 00:40:23,680

um it's it's it

1174

00:40:30,950 --> 00:40:27,839

kind of opens the door to everything

1175

00:40:34,069 --> 00:40:30,960

else you know but like

1176

00:40:37,829 --> 00:40:34,079

if you can believe in psycho energetics

1177

00:40:38,309 --> 00:40:37,839

how do you not believe in consciousness

1178

00:40:43,510 --> 00:40:38,319

or

1179

00:40:45,109 --> 00:40:43,520

other kinds of consciousness like it's

1180

00:40:48,550 --> 00:40:45,119

just like

1181

00:40:50,150 --> 00:40:48,560

it really taps your imagination you know

1182

00:40:52,550 --> 00:40:50,160

um and that's why i like this stuff

1183

00:40:55,109 --> 00:40:52,560

because it's not like

1184

00:40:56,150 --> 00:40:55,119

the flying saucers where you're scraping

1185

00:40:59,190 --> 00:40:56,160

to put together

1186

00:41:01,589 --> 00:40:59,200

a puzzle you know this is just

1187

00:41:02,950 --> 00:41:01,599

it's there and they wrote all about it

1188

00:41:05,990 --> 00:41:02,960

you can read it

1189

00:41:07,109 --> 00:41:06,000

and it's crazy paranormal to me even

1190

00:41:09,990 --> 00:41:07,119

though you know

1191

00:41:11,109 --> 00:41:10,000

they proved it's wrong so you get you

1192

00:41:12,309 --> 00:41:11,119

get the feeling they just didn't want to

1193

00:41:13,589 --> 00:41:12,319

rule anything out did they

1194

00:41:15,510 --> 00:41:13,599

they're always happy to look at

1195

00:41:16,950 --> 00:41:15,520

something and clearly there's been some

1196

00:41:20,230 --> 00:41:16,960

very open-minded people

1197

00:41:22,390 --> 00:41:20,240

in charge at various times and they've

1198

00:41:23,430 --> 00:41:22,400

opened up these programs to investigate

1199

00:41:25,510 --> 00:41:23,440

things where

1200

00:41:26,790 --> 00:41:25,520

otherwise other people might have in

1201
00:41:28,309 --> 00:41:26,800
positions of power might have gone and

1202
00:41:31,190 --> 00:41:28,319
you're not spending money on that

1203
00:41:31,670 --> 00:41:31,200
it's it's bonkers whereas really some

1204
00:41:35,510 --> 00:41:31,680
people

1205
00:41:37,349 --> 00:41:35,520
give them some money

1206
00:41:39,349 --> 00:41:37,359
to look at it yeah we know all that

1207
00:41:41,750 --> 00:41:39,359
because we know what uh bigelow

1208
00:41:43,190 --> 00:41:41,760
you know aerospace did with with uh bass

1209
00:41:43,910 --> 00:41:43,200
we know about all the things that they

1210
00:41:46,230 --> 00:41:43,920
did

1211
00:41:47,030 --> 00:41:46,240
so it's not as if that's an isolated

1212
00:41:49,109 --> 00:41:47,040
incident

1213
00:41:50,470 --> 00:41:49,119

um we know that programs throughout

1214

00:41:51,030 --> 00:41:50,480

history where they've looked at things

1215

00:41:52,870 --> 00:41:51,040

where

1216

00:41:54,390 --> 00:41:52,880

you know certain people might just go

1217

00:41:56,230 --> 00:41:54,400

what you're spending on this for that

1218

00:42:02,069 --> 00:41:56,240

that's all just you know mumbo jumbo

1219

00:42:04,230 --> 00:42:02,079

it's all woo stuff um

1220

00:42:05,829 --> 00:42:04,240

it's interesting that they have actually

1221

00:42:07,109 --> 00:42:05,839

sort of you know devoted quite a lot of

1222

00:42:07,589 --> 00:42:07,119

time and a lot of energy and a lot of

1223

00:42:10,309 --> 00:42:07,599

money

1224

00:42:11,270 --> 00:42:10,319

uh to looking at examining these it's

1225

00:42:13,910 --> 00:42:11,280

just interesting

1226

00:42:14,710 --> 00:42:13,920

what they actually found out well uh

1227

00:42:17,750 --> 00:42:14,720

yeah uh

1228

00:42:18,550 --> 00:42:17,760

remote viewing definitely is not that

1229

00:42:21,829 --> 00:42:18,560

neces

1230

00:42:24,150 --> 00:42:21,839

that's

1231

00:42:25,030 --> 00:42:24,160

they've done some pretty great things

1232

00:42:27,829 --> 00:42:25,040

with help

1233

00:42:28,390 --> 00:42:27,839

from that not solely because of that but

1234

00:42:30,550 --> 00:42:28,400

um

1235

00:42:31,990 --> 00:42:30,560

so that's that's pretty that's pretty

1236

00:42:33,670 --> 00:42:32,000

cool uh i'm gonna

1237

00:42:36,150 --> 00:42:33,680

report a little further but i believe

1238

00:42:37,670 --> 00:42:36,160

they have proof too that it works so

1239

00:42:39,510 --> 00:42:37,680

let's see well i can imagine the remote

1240

00:42:40,870 --> 00:42:39,520

viewing i mean if somebody went to an

1241

00:42:44,230 --> 00:42:40,880

intelligence agency

1242

00:42:46,230 --> 00:42:44,240

um heads and went i know a process

1243

00:42:47,270 --> 00:42:46,240

that can let you know what a like a

1244

00:42:50,390 --> 00:42:47,280

soviet missile

1245

00:42:53,670 --> 00:42:50,400

silo looks like inside

1246

00:42:54,790 --> 00:42:53,680

uh or some secret um chemical warfare

1247

00:42:56,870 --> 00:42:54,800

kind of installation

1248

00:42:58,470 --> 00:42:56,880

inside soviet russia let's say that the

1249

00:43:00,069 --> 00:42:58,480

total amount in the 1960s

1250

00:43:01,670 --> 00:43:00,079

you can imagine they would have first of

1251
00:43:02,950 --> 00:43:01,680
all they've been a bit incredulous

1252
00:43:04,390 --> 00:43:02,960
and then if they've come to them with

1253
00:43:05,910 --> 00:43:04,400
some kind of evidence to say well this

1254
00:43:07,990 --> 00:43:05,920
is something that we've come up with

1255
00:43:09,510 --> 00:43:08,000
something that you can cross-check from

1256
00:43:10,870 --> 00:43:09,520
somewhere else let's say

1257
00:43:12,470 --> 00:43:10,880
and then they went yeah okay that

1258
00:43:14,150 --> 00:43:12,480
matches they would leap at it wouldn't

1259
00:43:16,550 --> 00:43:14,160
they you'd be deaf not to

1260
00:43:17,829 --> 00:43:16,560
yeah just see how far it could go even

1261
00:43:19,670 --> 00:43:17,839
if it didn't give you 100 percent

1262
00:43:21,030 --> 00:43:19,680
results if we give you sort of results

1263
00:43:22,950 --> 00:43:21,040

i don't know you know so six or seven

1264

00:43:24,710 --> 00:43:22,960

times out of ten then it would be worth

1265

00:43:26,390 --> 00:43:24,720

doing wouldn't it it would be would be

1266

00:43:28,069 --> 00:43:26,400

worth throwing a shed load of money in

1267

00:43:28,390 --> 00:43:28,079

it and just going out just get on with

1268

00:43:33,270 --> 00:43:28,400

it

1269

00:43:34,710 --> 00:43:33,280

at that point you just have to play the

1270

00:43:36,390 --> 00:43:34,720

numbers really high

1271

00:43:37,670 --> 00:43:36,400

that's right but it's better than being

1272

00:43:39,109 --> 00:43:37,680

able to get people on the ground there

1273

00:43:40,630 --> 00:43:39,119

because they couldn't

1274

00:43:43,109 --> 00:43:40,640

you couldn't get operatives in the

1275

00:43:45,190 --> 00:43:43,119

soviet union and get them out alive

1276

00:43:46,470 --> 00:43:45,200

uh with much in the way of information

1277

00:43:48,470 --> 00:43:46,480

and spy satellites

1278

00:43:49,750 --> 00:43:48,480

and overflight so you've got them so far

1279

00:43:51,270 --> 00:43:49,760

so if they had something like you know

1280

00:43:53,750 --> 00:43:51,280

people like this came to them and said

1281

00:43:54,950 --> 00:43:53,760

we've got this and we can do this uh in

1282

00:43:56,150 --> 00:43:54,960

terms of remote viewing

1283

00:43:57,990 --> 00:43:56,160

and we can tell you what things look

1284

00:43:58,950 --> 00:43:58,000

like just by sort of thinking about it

1285

00:44:00,550 --> 00:43:58,960

and drawing it

1286

00:44:01,829 --> 00:44:00,560

and yeah of course they're gonna they're

1287

00:44:02,950 --> 00:44:01,839

gonna leap from there they're gonna leap

1288

00:44:05,510 --> 00:44:02,960

at that and just go yeah

1289

00:44:06,790 --> 00:44:05,520

yeah here's some money you run with it

1290

00:44:08,630 --> 00:44:06,800

uh well apparently

1291

00:44:10,150 --> 00:44:08,640

it seems like all this stuff winds up

1292

00:44:13,430 --> 00:44:10,160

getting the boot

1293

00:44:13,990 --> 00:44:13,440

because of a uh relation to demon

1294

00:44:17,030 --> 00:44:14,000

somehow

1295

00:44:18,790 --> 00:44:17,040

and this is another one yeah

1296

00:44:20,550 --> 00:44:18,800

yeah well again there's your factions

1297

00:44:22,550 --> 00:44:20,560

isn't it but the people who

1298

00:44:23,750 --> 00:44:22,560

who control the purse strings as well so

1299

00:44:24,630 --> 00:44:23,760

you'll get some people who think it's a

1300

00:44:25,910 --> 00:44:24,640

really good idea

1301
00:44:28,069 --> 00:44:25,920
but then you'll get the kind of you know

1302
00:44:29,430 --> 00:44:28,079
the fundamental fundamentalist

1303
00:44:31,990 --> 00:44:29,440
christians come along and go

1304
00:44:33,430 --> 00:44:32,000
sorry we don't want to play those games

1305
00:44:33,990 --> 00:44:33,440
we're digging a territory away we don't

1306
00:44:36,710 --> 00:44:34,000
want to go

1307
00:44:37,270 --> 00:44:36,720
we want to open that box um and what

1308
00:44:41,910 --> 00:44:37,280
because what

1309
00:44:46,550 --> 00:44:44,550
that's fine you do you graham thanks for

1310
00:44:50,230 --> 00:44:46,560
joining us that was our

1311
00:44:52,790 --> 00:44:50,240
session today

1312
00:44:54,470 --> 00:44:52,800
ladies and gentlemen the document of the

1313
00:44:55,990 --> 00:44:54,480

day

1314

00:44:57,510 --> 00:44:56,000

yeah so i'm not gonna play the whole

1315

00:44:57,829 --> 00:44:57,520

song again that would be a little too

1316

00:45:00,309 --> 00:44:57,839

much

1317

00:45:01,670 --> 00:45:00,319

although i know people are here just for

1318

00:45:04,390 --> 00:45:01,680

that song so

1319

00:45:07,030 --> 00:45:04,400

i'm not sure maybe you know we'll just

1320

00:45:11,190 --> 00:45:10,309

uh yeah if you want to uh take some

1321

00:45:14,150 --> 00:45:11,200

calls

1322

00:45:15,030 --> 00:45:14,160

with me i'm a little bit nude to it yet

1323

00:45:18,630 --> 00:45:15,040

um but i

1324

00:45:22,630 --> 00:45:18,640

sure okay i can help you i can

1325

00:45:24,470 --> 00:45:22,640

answer anything um

1326

00:45:27,829 --> 00:45:24,480

about personal questions can we ask you

1327

00:45:35,349 --> 00:45:31,990

you can ask

1328

00:45:39,670 --> 00:45:35,359

all right yeah

1329

00:45:42,069 --> 00:45:39,680

well that would be

1330

00:45:42,950 --> 00:45:42,079

pretty interesting i don't think this is

1331

00:45:45,510 --> 00:45:42,960

gonna work today

1332

00:45:46,150 --> 00:45:45,520

yeah and i'm not gonna mess around with

1333

00:45:50,069 --> 00:45:46,160

it live

1334

00:45:51,829 --> 00:45:50,079

so we'll do it a different time um

1335

00:45:54,309 --> 00:45:51,839

yeah we'll do it a different time i

1336

00:45:57,510 --> 00:45:54,319

wanted to

1337

00:45:59,990 --> 00:45:57,520

um ask you

1338

00:46:00,550 --> 00:46:00,000

yeah have you ever seen a ufo that's a

1339

00:46:02,630 --> 00:46:00,560

good question

1340

00:46:03,670 --> 00:46:02,640

yeah well i've seen something i can't

1341

00:46:06,790 --> 00:46:03,680

explain

1342

00:46:07,750 --> 00:46:06,800

um i was about 12 or 13 years old when i

1343

00:46:09,510 --> 00:46:07,760

saw it

1344

00:46:11,030 --> 00:46:09,520

um you know i've got you know i've got

1345

00:46:13,750 --> 00:46:11,040

an interest in aviation that

1346

00:46:15,190 --> 00:46:13,760

goes back to my childhood and so i was

1347

00:46:17,270 --> 00:46:15,200

fairly conversant with

1348

00:46:18,630 --> 00:46:17,280

what things look like in the skies

1349

00:46:21,349 --> 00:46:18,640

around near where i lived

1350

00:46:21,990 --> 00:46:21,359

back then um and i was next to the

1351
00:46:23,829 --> 00:46:22,000
flight path

1352
00:46:25,030 --> 00:46:23,839
for what was newcastle airport which was

1353
00:46:26,150 --> 00:46:25,040
my local airport

1354
00:46:28,230 --> 00:46:26,160
in the time where i lived when i was a

1355
00:46:30,470 --> 00:46:28,240
child and i saw this

1356
00:46:31,430 --> 00:46:30,480
kind of teardrop shaped thing on its

1357
00:46:33,910 --> 00:46:31,440
side right

1358
00:46:35,109 --> 00:46:33,920
and it was all it was orange and silver

1359
00:46:38,069 --> 00:46:35,119
and this is

1360
00:46:39,430 --> 00:46:38,079
yeah um and it was it wasn't going to

1361
00:46:41,109 --> 00:46:39,440
particularly quickly either

1362
00:46:42,630 --> 00:46:41,119
and it's you have the same problem when

1363
00:46:43,910 --> 00:46:42,640

you when you when you see things you

1364

00:46:45,109 --> 00:46:43,920

don't know how far away they are when

1365

00:46:46,710 --> 00:46:45,119

you don't know what it is

1366

00:46:48,470 --> 00:46:46,720

so it wasn't like an aircraft which i

1367

00:46:50,230 --> 00:46:48,480

could say oh yeah you know i know how

1368

00:46:51,990 --> 00:46:50,240

roughly how big this aircraft is so i

1369

00:46:53,190 --> 00:46:52,000

know how far away it is

1370

00:46:55,030 --> 00:46:53,200

um when you're looking at something that

1371

00:46:55,349 --> 00:46:55,040

you have no idea of you know what size

1372

00:46:58,950 --> 00:46:55,359

is

1373

00:47:00,950 --> 00:46:58,960

then because you can't tell how far away

1374

00:47:03,750 --> 00:47:00,960

it is you don't know what size it is

1375

00:47:05,670 --> 00:47:03,760

um all i knew was it went behind a cloud

1376
00:47:08,069 --> 00:47:05,680
and the cloud was some distance away

1377
00:47:10,230 --> 00:47:08,079
so i knew it wasn't very small the

1378
00:47:11,510 --> 00:47:10,240
subject so i knew it was a you know a

1379
00:47:14,390 --> 00:47:11,520
reasonable size

1380
00:47:15,990 --> 00:47:14,400
how big it was i can't exactly say they

1381
00:47:17,109 --> 00:47:16,000
say it wasn't traveling very quickly it

1382
00:47:18,550 --> 00:47:17,119
was it was mostly

1383
00:47:20,470 --> 00:47:18,560
it was mostly orange with a kind of

1384
00:47:23,750 --> 00:47:20,480
silver kind of bit around the

1385
00:47:24,950 --> 00:47:23,760
kind of blunt end of this teardrop um

1386
00:47:26,549 --> 00:47:24,960
which you'd expect a bit of the way

1387
00:47:26,950 --> 00:47:26,559
around if that was friction because it

1388
00:47:28,710 --> 00:47:26,960

would be

1389

00:47:30,150 --> 00:47:28,720

churning you know but it wasn't it was

1390

00:47:32,630 --> 00:47:30,160

it was another way around

1391

00:47:33,910 --> 00:47:32,640

but i just it just caught my eye um

1392

00:47:36,309 --> 00:47:33,920

because it was so

1393

00:47:37,910 --> 00:47:36,319

you know weird looking um and i haven't

1394

00:47:38,390 --> 00:47:37,920

been able to explain what it is to this

1395

00:47:41,510 --> 00:47:38,400

day

1396

00:47:43,670 --> 00:47:41,520

i don't know well exactly

1397

00:47:45,670 --> 00:47:43,680

um because sometimes you think you know

1398

00:47:46,390 --> 00:47:45,680

or i must have just seen an aircraft or

1399

00:47:48,470 --> 00:47:46,400

a super

1400

00:47:49,750 --> 00:47:48,480

hot air balloon or or a glider or

1401

00:47:51,670 --> 00:47:49,760

microlight or whatever

1402

00:47:53,109 --> 00:47:51,680

uh but being you know being an aircraft

1403

00:47:53,829 --> 00:47:53,119

enthusiast i knew exactly what those

1404

00:47:55,349 --> 00:47:53,839

things looked like

1405

00:47:57,270 --> 00:47:55,359

i knew it wasn't one of those so i just

1406

00:47:59,349 --> 00:47:57,280

looked at it and some people do have

1407

00:48:00,630 --> 00:47:59,359

kind of life-changing experiences over

1408

00:48:02,069 --> 00:48:00,640

you know what they see

1409

00:48:04,069 --> 00:48:02,079

but i didn't have that where they say it

1410

00:48:06,390 --> 00:48:04,079

was just a kind of this kind of curious

1411

00:48:07,349 --> 00:48:06,400

well what is it sure that kind of thing

1412

00:48:08,870 --> 00:48:07,359

you know so

1413

00:48:10,870 --> 00:48:08,880

and then it's so white behind the cloud

1414

00:48:12,790 --> 00:48:10,880

and that was it yeah that's

1415

00:48:14,230 --> 00:48:12,800

interesting that you say that i've i

1416

00:48:16,309 --> 00:48:14,240

feel like you know i've been thinking

1417

00:48:18,950 --> 00:48:16,319

about that kind of recently because

1418

00:48:20,549 --> 00:48:18,960

i you know started doing this stuff and

1419

00:48:24,309 --> 00:48:20,559

everything and i had

1420

00:48:28,630 --> 00:48:24,319

a situation or a sighting and

1421

00:48:30,309 --> 00:48:28,640

i i would been wondering if it's

1422

00:48:32,230 --> 00:48:30,319

um because a lot of people have been

1423

00:48:35,589 --> 00:48:32,240

researching almost their whole life

1424

00:48:38,710 --> 00:48:35,599

basically have never seen anything

1425

00:48:41,030 --> 00:48:38,720

and i wonder it's you know i'd get the

1426

00:48:43,589 --> 00:48:41,040

weeds a little bit with this stuff and

1427

00:48:44,470 --> 00:48:43,599

um you know things meant to be or that

1428

00:48:48,549 --> 00:48:44,480

or whatever

1429

00:48:49,270 --> 00:48:48,559

but i wonder if they didn't have to see

1430

00:48:53,030 --> 00:48:49,280

something

1431

00:48:56,309 --> 00:48:53,040

just to research it this long you know

1432

00:48:58,790 --> 00:48:56,319

for me like i wouldn't have done this

1433

00:48:59,750 --> 00:48:58,800

if i haven't and when i say see

1434

00:49:03,030 --> 00:48:59,760

something

1435

00:49:05,190 --> 00:49:03,040

i don't mean

1436

00:49:06,710 --> 00:49:05,200

i see something i almost mean like a

1437

00:49:10,230 --> 00:49:06,720

weird interaction

1438

00:49:12,150 --> 00:49:10,240

type of thing you know um

1439

00:49:14,150 --> 00:49:12,160

but yeah i think it's interesting how

1440

00:49:16,150 --> 00:49:14,160

people find their ways to this

1441

00:49:18,309 --> 00:49:16,160

i think people have different um sort of

1442

00:49:19,910 --> 00:49:18,319

stimuli and impetus to get into this

1443

00:49:20,710 --> 00:49:19,920

whole into this kind of interest this

1444

00:49:22,390 --> 00:49:20,720

subject

1445

00:49:24,150 --> 00:49:22,400

uh some people it does take their own

1446

00:49:26,069 --> 00:49:24,160

sighting and and sometimes it takes

1447

00:49:27,910 --> 00:49:26,079

something which is incredibly weird

1448

00:49:30,390 --> 00:49:27,920

uh you know incredibly intriguing and

1449

00:49:32,150 --> 00:49:30,400

frustrating even that they have a need

1450

00:49:35,270 --> 00:49:32,160

to try and work out what they saw

1451

00:49:37,030 --> 00:49:35,280

or why they saw it sometimes as well um

1452

00:49:38,790 --> 00:49:37,040

whereas other people it's because they

1453

00:49:40,470 --> 00:49:38,800

have a like a childhood interest

1454

00:49:42,230 --> 00:49:40,480

they might have read books or should

1455

00:49:43,510 --> 00:49:42,240

have been shown documentaries or they

1456

00:49:45,109 --> 00:49:43,520

might have seen something on tv

1457

00:49:47,030 --> 00:49:45,119

or maybe the one that one of their

1458

00:49:49,270 --> 00:49:47,040

parents or relatives saw something

1459

00:49:51,030 --> 00:49:49,280

and they hear stories in my case it was

1460

00:49:52,950 --> 00:49:51,040

just literally reading a book

1461

00:49:54,230 --> 00:49:52,960

uh that got me started when i was about

1462

00:49:56,150 --> 00:49:54,240

eight or nine year old

1463

00:49:57,829 --> 00:49:56,160

but and that was something else i i have

1464

00:49:59,270 --> 00:49:57,839

trouble trying to reconcile this

1465

00:50:00,870 --> 00:49:59,280

because i was clearly interested at the

1466

00:50:03,510 --> 00:50:00,880

time um why

1467

00:50:04,630 --> 00:50:03,520

did weiner didn't affect me more and you

1468

00:50:06,069 --> 00:50:04,640

know i've

1469

00:50:07,990 --> 00:50:06,079

it's been put back in the back of my

1470

00:50:09,510 --> 00:50:08,000

mind for years it's only recently since

1471

00:50:10,309 --> 00:50:09,520

i've started like doing a bit more kind

1472

00:50:11,910 --> 00:50:10,319

of full-time

1473

00:50:13,510 --> 00:50:11,920

sort of research i mean writing this

1474

00:50:15,030 --> 00:50:13,520

book about the foo fighters for instance

1475

00:50:17,270 --> 00:50:15,040

that i've i've had a bit time to think

1476

00:50:18,950 --> 00:50:17,280

about you know why didn't it sort of

1477

00:50:20,630 --> 00:50:18,960

affect me more wide and strike me more

1478

00:50:22,470 --> 00:50:20,640

as being really odd why didn't i do

1479

00:50:23,829 --> 00:50:22,480

something about it like to tell somebody

1480

00:50:25,510 --> 00:50:23,839

and i think i told my parents at the

1481

00:50:28,390 --> 00:50:25,520

time i can't even remember that

1482

00:50:29,829 --> 00:50:28,400

yeah to be fair um and my parents aren't

1483

00:50:33,190 --> 00:50:29,839

around anymore i can't ask them that

1484

00:50:35,510 --> 00:50:33,200

they're both passed away but um you know

1485

00:50:37,430 --> 00:50:35,520

it's just weird how it didn't sort of

1486

00:50:39,430 --> 00:50:37,440

you know become an all-consuming passion

1487

00:50:40,950 --> 00:50:39,440

afterwards to really look into things

1488

00:50:42,950 --> 00:50:40,960

but then again it might be just the time

1489

00:50:44,230 --> 00:50:42,960

of my life i mean this was what not the

1490

00:50:45,910 --> 00:50:44,240

late 1970s

1491

00:50:48,069 --> 00:50:45,920

it was pre-internet day so you had you

1492

00:50:48,710 --> 00:50:48,079

only had a local library to look at ufo

1493

00:50:52,069 --> 00:50:48,720

books

1494

00:50:53,750 --> 00:50:52,079

um i wasn't aware of uh ufo magazines or

1495

00:50:54,470 --> 00:50:53,760

subscription newsletters back in those

1496

00:50:56,790 --> 00:50:54,480

days

1497

00:50:58,390 --> 00:50:56,800

so i had no i had nobody to go to with a

1498

00:50:58,870 --> 00:50:58,400

story you know in order to take it

1499

00:51:00,790 --> 00:50:58,880

forward

1500

00:51:03,109 --> 00:51:00,800

be on the local papers but even that

1501
00:51:04,710 --> 00:51:03,119
early age i knew that was ridiculed for

1502
00:51:05,510 --> 00:51:04,720
for people who had their stories in the

1503
00:51:07,349 --> 00:51:05,520
newspapers

1504
00:51:08,790 --> 00:51:07,359
or who all went on television to talk

1505
00:51:09,829 --> 00:51:08,800
about this kind of thing so probably it

1506
00:51:11,510 --> 00:51:09,839
was probably just a self-defense

1507
00:51:12,950 --> 00:51:11,520
mechanism mechanism that just kept quiet

1508
00:51:15,750 --> 00:51:12,960
about it you know so

1509
00:51:17,109 --> 00:51:15,760
yeah like so many people and it's even

1510
00:51:20,309 --> 00:51:17,119
you know sometimes i

1511
00:51:20,950 --> 00:51:20,319
i forget about this but even if it's not

1512
00:51:23,750 --> 00:51:20,960
obvious

1513
00:51:24,150 --> 00:51:23,760

that you know it's changed the course of

1514

00:51:26,150 --> 00:51:24,160

your

1515

00:51:27,270 --> 00:51:26,160

life forever whatever it doesn't mean it

1516

00:51:30,150 --> 00:51:27,280

hasn't it could

1517

00:51:31,510 --> 00:51:30,160

even just nudge you in subtle ways you

1518

00:51:34,630 --> 00:51:31,520

don't even know

1519

00:51:36,309 --> 00:51:34,640

you know because you saw that thing you

1520

00:51:38,069 --> 00:51:36,319

know whatever it is

1521

00:51:40,069 --> 00:51:38,079

yeah i think it made us much more

1522

00:51:43,670 --> 00:51:40,079

open-minded that was for sure

1523

00:51:44,630 --> 00:51:43,680

to a lot of things um and you do have

1524

00:51:45,990 --> 00:51:44,640

i suppose you do have that kind of

1525

00:51:47,030 --> 00:51:46,000

realization that you know there's

1526

00:51:48,790 --> 00:51:47,040

something to this

1527

00:51:50,470 --> 00:51:48,800

it's not just like you know some some

1528

00:51:51,990 --> 00:51:50,480

cranks writing some books

1529

00:51:53,109 --> 00:51:52,000

um you know because there's always that

1530

00:51:54,230 --> 00:51:53,119

kind of thing in the back in mind when

1531

00:51:54,790 --> 00:51:54,240

you don't have an experience you don't

1532

00:51:57,190 --> 00:51:54,800

have any

1533

00:51:58,790 --> 00:51:57,200

real frame of reference um or you don't

1534

00:52:00,549 --> 00:51:58,800

know anybody who has

1535

00:52:02,790 --> 00:52:00,559

you're just reading stuff in books

1536

00:52:04,710 --> 00:52:02,800

especially as a kid um

1537

00:52:06,470 --> 00:52:04,720

i was like a sponge and to a certain

1538

00:52:07,990 --> 00:52:06,480

extent things are red i believed

1539

00:52:09,750 --> 00:52:08,000

you know unless somebody came in

1540

00:52:11,349 --> 00:52:09,760

long-term told me otherwise it wasn't a

1541

00:52:13,670 --> 00:52:11,359

book it must have been true

1542

00:52:15,829 --> 00:52:13,680

uh but as time went on i realized that

1543

00:52:18,150 --> 00:52:15,839

this particular subject

1544

00:52:19,910 --> 00:52:18,160

was wasn't quite the same was like just

1545

00:52:20,549 --> 00:52:19,920

reading an encyclopedia or a history

1546

00:52:22,309 --> 00:52:20,559

book

1547

00:52:23,910 --> 00:52:22,319

you know these things were were

1548

00:52:25,430 --> 00:52:23,920

subjective um

1549

00:52:27,270 --> 00:52:25,440

a lot of it couldn't be proven it was

1550

00:52:27,829 --> 00:52:27,280

like single k you know witnesses were

1551
00:52:30,870 --> 00:52:27,839
single

1552
00:52:32,470 --> 00:52:30,880
it was just a word

1553
00:52:34,230 --> 00:52:32,480
you know you know just taking people's

1554
00:52:36,710 --> 00:52:34,240
word for it um so

1555
00:52:37,910 --> 00:52:36,720
it was it was much different that this

1556
00:52:38,950 --> 00:52:37,920
subject than everything else i was

1557
00:52:40,870 --> 00:52:38,960
interested in

1558
00:52:42,710 --> 00:52:40,880
um which could be backed up with facts

1559
00:52:44,950 --> 00:52:42,720
or documentation and all the rest of it

1560
00:52:45,990 --> 00:52:44,960
this is a bit more difficult um so i

1561
00:52:47,670 --> 00:52:46,000
think that that that

1562
00:52:49,430 --> 00:52:47,680
can be some of the problems where people

1563
00:52:51,750 --> 00:52:49,440

have a hard time getting into it

1564

00:52:53,109 --> 00:52:51,760

because it's not so easy and you don't

1565

00:52:54,230 --> 00:52:53,119

have to make a bit of a leap don't you

1566

00:52:56,069 --> 00:52:54,240

every so often just

1567

00:52:57,510 --> 00:52:56,079

to get past that kind of lack of

1568

00:53:00,230 --> 00:52:57,520

evidence or that lack of

1569

00:53:00,950 --> 00:53:00,240

testimony or that just you know well

1570

00:53:05,030 --> 00:53:00,960

yeah just

1571

00:53:08,390 --> 00:53:05,040

just those gaps in knowledge i love

1572

00:53:12,069 --> 00:53:08,400

uh video games you can't win

1573

00:53:15,430 --> 00:53:12,079

you know yeah the challenge is

1574

00:53:18,390 --> 00:53:15,440

they're all like stuff yeah uh well

1575

00:53:19,030 --> 00:53:18,400

you know just the the open-endedness of

1576

00:53:22,710 --> 00:53:19,040

it all

1577

00:53:25,030 --> 00:53:22,720

um you know i i just like challenges

1578

00:53:25,589 --> 00:53:25,040

like that i see i i want to try to climb

1579

00:53:27,510 --> 00:53:25,599

it not

1580

00:53:30,950 --> 00:53:27,520

that literally because i'm extremely out

1581

00:53:33,030 --> 00:53:30,960

of shape but figuratively speaking

1582

00:53:34,069 --> 00:53:33,040

um megan's got another question thanks

1583

00:53:36,950 --> 00:53:34,079

megan by the way

1584

00:53:37,510 --> 00:53:36,960

for the the five bucks you are so nice

1585

00:53:41,190 --> 00:53:37,520

we have

1586

00:53:42,309 --> 00:53:41,200

74 people in here very grateful first of

1587

00:53:45,829 --> 00:53:42,319

all um

1588

00:53:49,349 --> 00:53:45,839

if anything you could do to share this

1589

00:53:51,670 --> 00:53:49,359

uh subscribe to my channel um

1590

00:53:52,870 --> 00:53:51,680

like me on twitter all that kind of

1591

00:53:55,990 --> 00:53:52,880

stuff that would be great

1592

00:53:58,470 --> 00:53:56,000

um i really can't get more eyes on this

1593

00:53:59,270 --> 00:53:58,480

stuff without help from other people's

1594

00:54:02,390 --> 00:53:59,280

and i'm not

1595

00:54:04,470 --> 00:54:02,400

bs in you that's the truth so if you

1596

00:54:08,150 --> 00:54:04,480

want more people to see this

1597

00:54:11,430 --> 00:54:08,160

help me share it um and

1598

00:54:14,790 --> 00:54:11,440

the money is awesome um two

1599

00:54:17,190 --> 00:54:14,800

so whatever you want to do um

1600

00:54:18,950 --> 00:54:17,200

but you know sharing and getting this

1601
00:54:20,230 --> 00:54:18,960
out there and spreading the word is most

1602
00:54:22,790 --> 00:54:20,240
important to me

1603
00:54:23,510 --> 00:54:22,800
um here's a question from megan do you

1604
00:54:27,670 --> 00:54:23,520
think

1605
00:54:30,390 --> 00:54:27,680
other countries do

1606
00:54:32,470 --> 00:54:30,400
and are they hoarding the remains or

1607
00:54:35,589 --> 00:54:32,480
sharing ps i like this stream

1608
00:54:37,510 --> 00:54:35,599
yeah i mean great question i would

1609
00:54:40,069 --> 00:54:37,520
have to assume with some countries at

1610
00:54:41,829 --> 00:54:40,079
least they would try and hoard them

1611
00:54:43,670 --> 00:54:41,839
yeah me too as well i mean if you look

1612
00:54:44,630 --> 00:54:43,680
at the history of um you know ufo

1613
00:54:46,630 --> 00:54:44,640

instance through

1614

00:54:48,789 --> 00:54:46,640

from the 1940s onwards and not just

1615

00:54:49,910 --> 00:54:48,799

roswell uh there have been reports of

1616

00:54:51,670 --> 00:54:49,920

ones beforehand

1617

00:54:52,950 --> 00:54:51,680

in the 1930s and fought in the early

1618

00:54:55,270 --> 00:54:52,960

1940s

1619

00:54:57,829 --> 00:54:55,280

then you would like to think that maybe

1620

00:54:59,670 --> 00:54:57,839

at least one or two of those stories

1621

00:55:00,870 --> 00:54:59,680

you know were correct and you can pick

1622

00:55:02,630 --> 00:55:00,880

which ones you know you can pick which

1623

00:55:05,990 --> 00:55:02,640

ones are your personal favorites

1624

00:55:07,910 --> 00:55:06,000

so if that's the case then the u.s

1625

00:55:10,230 --> 00:55:07,920

uh i get under the countries of the men

1626
00:55:11,750 --> 00:55:10,240
but the us possibly has

1627
00:55:14,230 --> 00:55:11,760
at least one or two craft in its

1628
00:55:16,789 --> 00:55:14,240
possession and you keep hearing stories

1629
00:55:18,829 --> 00:55:16,799
to this day about uh you know what they

1630
00:55:19,990 --> 00:55:18,839
have or where they might have these

1631
00:55:22,150 --> 00:55:20,000
things um

1632
00:55:23,670 --> 00:55:22,160
you know so and you hear that even you

1633
00:55:25,829 --> 00:55:23,680
know even more recently

1634
00:55:28,069 --> 00:55:25,839
so i'd like to think there is something

1635
00:55:30,150 --> 00:55:28,079
now i go back to my old my

1636
00:55:31,270 --> 00:55:30,160
and i've said this before on on to other

1637
00:55:33,109 --> 00:55:31,280
people that

1638
00:55:34,710 --> 00:55:33,119

just because they have something doesn't

1639

00:55:36,230 --> 00:55:34,720

say they're flying around in them

1640

00:55:38,150 --> 00:55:36,240

because they might have something hidden

1641

00:55:39,510 --> 00:55:38,160

away somewhere uh you know squirreled

1642

00:55:40,390 --> 00:55:39,520

away that they don't even know what

1643

00:55:41,670 --> 00:55:40,400

they're looking at

1644

00:55:42,549 --> 00:55:41,680

so just because they had something

1645

00:55:43,589 --> 00:55:42,559

doesn't mean you say they can do

1646

00:55:45,829 --> 00:55:43,599

anything with it

1647

00:55:48,150 --> 00:55:45,839

um it's the old that you know you use

1648

00:55:49,750 --> 00:55:48,160

now analogies before i'll use one um

1649

00:55:53,910 --> 00:55:49,760

it's like giving size like newton

1650

00:55:55,589 --> 00:55:53,920

uh an iphone 12. with a power up with it

1651
00:55:57,109 --> 00:55:55,599
with an exhaustive battery and say right

1652
00:55:58,309 --> 00:55:57,119
you know there you go isaac you know see

1653
00:56:01,430 --> 00:55:58,319
what you can make all that

1654
00:56:02,630 --> 00:56:01,440
yeah so just because they have something

1655
00:56:04,069 --> 00:56:02,640
doesn't mean to say they know they know

1656
00:56:04,950 --> 00:56:04,079
anything about it they might not even be

1657
00:56:06,950 --> 00:56:04,960
able to get into it

1658
00:56:08,309 --> 00:56:06,960
you know inside it never let you know

1659
00:56:09,910 --> 00:56:08,319
let alone fly it

1660
00:56:12,870 --> 00:56:09,920
it might be a case of it's completely

1661
00:56:15,910 --> 00:56:12,880
and utterly alien just to to use a pun

1662
00:56:18,549 --> 00:56:15,920
you know yeah so so let's say fragments

1663
00:56:20,230 --> 00:56:18,559

like they had something in 1947

1664

00:56:21,589 --> 00:56:20,240

and they looked at it and they've got no

1665

00:56:23,750 --> 00:56:21,599

idea what it is

1666

00:56:25,670 --> 00:56:23,760

how to get into it how to operate it how

1667

00:56:28,390 --> 00:56:25,680

to fly it how to feel it

1668

00:56:30,309 --> 00:56:28,400

how to maintain it if it goes wrong and

1669

00:56:31,910 --> 00:56:30,319

then so they just put it away

1670

00:56:33,910 --> 00:56:31,920

and think okay we'll have to wait until

1671

00:56:35,589 --> 00:56:33,920

our technology our knowledge

1672

00:56:37,510 --> 00:56:35,599

our physics improve to the point of

1673

00:56:39,030 --> 00:56:37,520

where we can look at it again

1674

00:56:41,750 --> 00:56:39,040

so maybe they go back to it five years

1675

00:56:43,109 --> 00:56:41,760

later and go through that same checklist

1676

00:56:44,230 --> 00:56:43,119

and then decide okay we're still not

1677

00:56:44,950 --> 00:56:44,240

left you know we're still not at this

1678

00:56:46,309 --> 00:56:44,960

level yet

1679

00:56:47,990 --> 00:56:46,319

and then they just keep doing that every

1680

00:56:49,109 --> 00:56:48,000

so often and they might still be doing

1681

00:56:50,309 --> 00:56:49,119

that kind of thing today

1682

00:56:52,309 --> 00:56:50,319

if they have something squirreled away

1683

00:56:53,430 --> 00:56:52,319

somewhere in s4 whatever they call

1684

00:56:55,750 --> 00:56:53,440

you know whether they have these

1685

00:56:56,630 --> 00:56:55,760

machines or a machine then they just

1686

00:56:58,710 --> 00:56:56,640

keep going back

1687

00:57:00,390 --> 00:56:58,720

every few years and seeing whether they

1688

00:57:02,150 --> 00:57:00,400

understand what's going on

1689

00:57:03,750 --> 00:57:02,160

um because you'd like to think if

1690

00:57:06,069 --> 00:57:03,760

they're tinkering with something that

1691

00:57:06,950 --> 00:57:06,079

you know could be could be potentially

1692

00:57:08,309 --> 00:57:06,960

dangerous

1693

00:57:10,309 --> 00:57:08,319

they're probably not going to take many

1694

00:57:11,910 --> 00:57:10,319

chances with it either um so it might be

1695

00:57:13,270 --> 00:57:11,920

just a case of that they just skirt

1696

00:57:14,150 --> 00:57:13,280

around it until they actually know what

1697

00:57:16,150 --> 00:57:14,160

they're looking at

1698

00:57:17,430 --> 00:57:16,160

now that that's to say the americans are

1699

00:57:19,750 --> 00:57:17,440

doing that

1700

00:57:21,589 --> 00:57:19,760

do the russians have them well bear in

1701
00:57:22,309 --> 00:57:21,599
mind the spread of ufo reports around

1702
00:57:24,630 --> 00:57:22,319
the world

1703
00:57:25,750 --> 00:57:24,640
it's not just confined to america or

1704
00:57:27,829 --> 00:57:25,760
britain

1705
00:57:29,270 --> 00:57:27,839
because we just happen to be the english

1706
00:57:30,390 --> 00:57:29,280
language speaking countries

1707
00:57:31,750 --> 00:57:30,400
and that's where the majority of the

1708
00:57:33,190 --> 00:57:31,760
reports come out of that's where the

1709
00:57:36,230 --> 00:57:33,200
books come from don't they

1710
00:57:37,589 --> 00:57:36,240
whereas you and i know

1711
00:57:38,950 --> 00:57:37,599
you and i know that there's french

1712
00:57:40,470 --> 00:57:38,960
language publications as russian

1713
00:57:42,470 --> 00:57:40,480

language publications

1714

00:57:44,230 --> 00:57:42,480

and you know spanish ones so you know

1715

00:57:45,750 --> 00:57:44,240

that there's these things that happen in

1716

00:57:47,270 --> 00:57:45,760

the likes of south america which is

1717

00:57:50,230 --> 00:57:47,280

quite a you know brazil would be quite a

1718

00:57:53,510 --> 00:57:50,240

big hot spot for things

1719

00:57:56,710 --> 00:57:55,910

uh i blow hot and cold over uh over bob

1720

00:57:58,630 --> 00:57:56,720

lazar

1721

00:57:59,829 --> 00:57:58,640

depending on which day of the week it is

1722

00:58:01,750 --> 00:57:59,839

um yeah

1723

00:58:02,950 --> 00:58:01,760

here's a here's a little story here's a

1724

00:58:05,349 --> 00:58:02,960

little story for you

1725

00:58:08,150 --> 00:58:05,359

so i don't you probably you won't really

1726

00:58:09,750 --> 00:58:08,160

remember that back in the 1990s uh there

1727

00:58:10,069 --> 00:58:09,760

was a researcher called glenn campbell

1728

00:58:12,470 --> 00:58:10,079

who

1729

00:58:13,109 --> 00:58:12,480

used to basically live at um at rachel

1730

00:58:15,670 --> 00:58:13,119

uh

1731

00:58:16,150 --> 00:58:15,680

in in in nevada in the little trailer

1732

00:58:18,549 --> 00:58:16,160

town

1733

00:58:20,309 --> 00:58:18,559

uh on the edge of area 51 and he used to

1734

00:58:22,789 --> 00:58:20,319

do a newsletter on

1735

00:58:23,990 --> 00:58:22,799

um for back in the days with dial-up

1736

00:58:26,309 --> 00:58:24,000

connections for internet

1737

00:58:27,750 --> 00:58:26,319

and it was called the desert rat and

1738

00:58:30,230 --> 00:58:27,760

that's where a lot of the information

1739

00:58:31,190 --> 00:58:30,240

about area 51 came out of a long time

1740

00:58:33,270 --> 00:58:31,200

ago not just

1741

00:58:34,710 --> 00:58:33,280

george knapp obviously he broke the

1742

00:58:37,030 --> 00:58:34,720

story about george

1743

00:58:38,470 --> 00:58:37,040

about bob lazar but all the other stuff

1744

00:58:40,470 --> 00:58:38,480

that got dug up at that time

1745

00:58:42,470 --> 00:58:40,480

a lot of it came out of um via glenn

1746

00:58:43,910 --> 00:58:42,480

campbell's newsletter or at least

1747

00:58:45,990 --> 00:58:43,920

to me it did because that's why i got a

1748

00:58:46,870 --> 00:58:46,000

lot of the original details about area

1749

00:58:48,789 --> 00:58:46,880

51 about

1750

00:58:50,870 --> 00:58:48,799

you know how there was a big land grab

1751
00:58:51,670 --> 00:58:50,880
after a while to restrict access to the

1752
00:58:53,910 --> 00:58:51,680
place and all this

1753
00:58:55,109 --> 00:58:53,920
this kind of thing um yeah because

1754
00:58:56,390 --> 00:58:55,119
originally at one po

1755
00:58:58,789 --> 00:58:56,400
one time you could get on top of

1756
00:58:59,589 --> 00:58:58,799
mountaintops which you almost overlooked

1757
00:59:01,030 --> 00:58:59,599
the place

1758
00:59:03,109 --> 00:59:01,040
and then the american government did a

1759
00:59:04,630 --> 00:59:03,119
big land grab and basically restricted

1760
00:59:06,150 --> 00:59:04,640
access to a huge area

1761
00:59:07,990 --> 00:59:06,160
um so all this information was back in

1762
00:59:09,510 --> 00:59:08,000
the 1990s and i'm sure some of your

1763
00:59:09,910 --> 00:59:09,520

audience and people out you know further

1764

00:59:12,309 --> 00:59:09,920

out

1765

00:59:13,990 --> 00:59:12,319

in in ufo land will will will have read

1766

00:59:17,270 --> 00:59:14,000

this uh this series of

1767

00:59:17,990 --> 00:59:17,280

new newsletters so back in those days

1768

00:59:19,990 --> 00:59:18,000

when the first

1769

00:59:21,829 --> 00:59:20,000

information came out bob lazar about bob

1770

00:59:23,750 --> 00:59:21,839

lazar and it started appearing in the

1771

00:59:26,710 --> 00:59:23,760

first books i was reading about him

1772

00:59:28,069 --> 00:59:26,720

then it's very exciting and it was well

1773

00:59:29,910 --> 00:59:28,079

yes this could be true

1774

00:59:32,069 --> 00:59:29,920

because there was no other you know it

1775

00:59:33,990 --> 00:59:32,079

was just it was basically his word

1776

00:59:35,670 --> 00:59:34,000

but it was intriguing and it had that

1777

00:59:36,549 --> 00:59:35,680

kind of little bit of a ring of truth

1778

00:59:38,549 --> 00:59:36,559

about it

1779

00:59:39,910 --> 00:59:38,559

and then of course as time went on there

1780

00:59:42,069 --> 00:59:39,920

was people came up with well

1781

00:59:43,670 --> 00:59:42,079

he's never been to mit or he doesn't

1782

00:59:44,230 --> 00:59:43,680

have the qualifications he says he has

1783

00:59:46,230 --> 00:59:44,240

always

1784

00:59:47,829 --> 00:59:46,240

he's you know he's making this bit of

1785

00:59:49,190 --> 00:59:47,839

all that bit up and there's been a

1786

00:59:50,950 --> 00:59:49,200

little bit of kind of

1787

00:59:52,230 --> 00:59:50,960

you know information to muddy the water

1788

00:59:54,230 --> 00:59:52,240

sort of thing um

1789

00:59:56,150 --> 00:59:54,240

and you get the point where some days

1790

00:59:57,510 --> 00:59:56,160

you know you you just think yeah

1791

00:59:59,270 --> 00:59:57,520

you might have and there's some element

1792

01:00:00,630 --> 00:59:59,280

of truth to this and other times you

1793

01:00:03,430 --> 01:00:00,640

think um

1794

01:00:03,910 --> 01:00:03,440

no you know so i don't i to tell you i

1795

01:00:06,950 --> 01:00:03,920

don't know

1796

01:00:09,030 --> 01:00:06,960

exactly like this yeah yeah exactly i

1797

01:00:12,230 --> 01:00:09,040

don't know what to believe at this point

1798

01:00:13,990 --> 01:00:12,240

i believe i believe in george knapp

1799

01:00:15,430 --> 01:00:14,000

yeah believe in what he says i believe

1800

01:00:17,990 --> 01:00:15,440

he believes in

1801
01:00:19,750 --> 01:00:18,000
in bob lazar and what he says so you

1802
01:00:22,549 --> 01:00:19,760
know i've got that to hang on to

1803
01:00:24,470 --> 01:00:22,559
but as for the overall story that he

1804
01:00:27,030 --> 01:00:24,480
tells i just don't know

1805
01:00:27,990 --> 01:00:27,040
you know i i i wouldn't like to bet any

1806
01:00:29,750 --> 01:00:28,000
money on it

1807
01:00:31,910 --> 01:00:29,760
um you know you could be somebody who's

1808
01:00:32,549 --> 01:00:31,920
incredibly clever in terms of making up

1809
01:00:34,069 --> 01:00:32,559
the story

1810
01:00:36,069 --> 01:00:34,079
and there's just enough elements which

1811
01:00:36,950 --> 01:00:36,079
are true and the rest of it's just all

1812
01:00:38,470 --> 01:00:36,960
made up

1813
01:00:40,230 --> 01:00:38,480

um but because he might have worked

1814

01:00:40,789 --> 01:00:40,240

there in some kind of very low level

1815

01:00:42,230 --> 01:00:40,799

sense

1816

01:00:43,990 --> 01:00:42,240

you might have to be able you know to

1817

01:00:45,829 --> 01:00:44,000

tell you about things which you couldn't

1818

01:00:47,510 --> 01:00:45,839

disprove but it sounds really good

1819

01:00:48,950 --> 01:00:47,520

and he might have been to mit for

1820

01:00:49,670 --> 01:00:48,960

certain classes but not being there

1821

01:00:52,710 --> 01:00:49,680

properly

1822

01:00:53,670 --> 01:00:52,720

you know so that you know you hide lies

1823

01:00:56,150 --> 01:00:53,680

between truths

1824

01:00:57,349 --> 01:00:56,160

you know so but on the other hand it's

1825

01:00:59,109 --> 01:00:57,359

so

1826

01:01:01,109 --> 01:00:59,119

implausible that it could be plausible

1827

01:01:02,150 --> 01:01:01,119

it could be true so you know who knows

1828

01:01:04,069 --> 01:01:02,160

who knows

1829

01:01:05,190 --> 01:01:04,079

yeah go back to your question yeah go

1830

01:01:06,470 --> 01:01:05,200

back to your question before so i just

1831

01:01:07,270 --> 01:01:06,480

want to finish uh megan's question if

1832

01:01:09,990 --> 01:01:07,280

you don't mind

1833

01:01:11,589 --> 01:01:10,000

um oh yeah yeah i would have thought the

1834

01:01:13,190 --> 01:01:11,599

russians and the chinese

1835

01:01:15,190 --> 01:01:13,200

if they have been having like kind of

1836

01:01:16,549 --> 01:01:15,200

crashes or landings

1837

01:01:18,150 --> 01:01:16,559

you'd like to think they probably have

1838

01:01:18,870 --> 01:01:18,160

them as well as the americans if that's

1839

01:01:20,950 --> 01:01:18,880

the case

1840

01:01:22,150 --> 01:01:20,960

yeah um you know i don't think the brits

1841

01:01:23,910 --> 01:01:22,160

have any um

1842

01:01:25,510 --> 01:01:23,920

i don't think we've had cases where

1843

01:01:26,870 --> 01:01:25,520

there's been any i think

1844

01:01:28,870 --> 01:01:26,880

you know i know there's been stories

1845

01:01:29,829 --> 01:01:28,880

about crashes in the uk but i don't

1846

01:01:31,670 --> 01:01:29,839

think we're that

1847

01:01:33,430 --> 01:01:31,680

far advanced in terms of being able to

1848

01:01:35,510 --> 01:01:33,440

do that um

1849

01:01:37,030 --> 01:01:35,520

i think that there's very few places in

1850

01:01:38,309 --> 01:01:37,040

the uk that could successfully hide

1851
01:01:40,630 --> 01:01:38,319
something like that without

1852
01:01:42,309 --> 01:01:40,640
you know people getting wise to it but

1853
01:01:44,069 --> 01:01:42,319
that that might be wrong as well but i

1854
01:01:46,069 --> 01:01:44,079
i think yeah just places in america and

1855
01:01:47,910 --> 01:01:46,079
russia you could easily hide stuff like

1856
01:01:49,109 --> 01:01:47,920
that quite and even in china in the far

1857
01:01:51,910 --> 01:01:49,119
northwest of china

1858
01:01:52,710 --> 01:01:51,920
quite quite quite easily yeah we do see

1859
01:01:55,349 --> 01:01:52,720
when we

1860
01:01:56,950 --> 01:01:55,359
do our research we do run into documents

1861
01:02:00,710 --> 01:01:56,960
that

1862
01:02:04,950 --> 01:02:00,720
you know something crashed in congo

1863
01:02:07,510 --> 01:02:04,960

sweden you name it belgium you know

1864

01:02:10,150 --> 01:02:07,520

well different different places yeah so

1865

01:02:13,029 --> 01:02:10,160

and you also think that you know

1866

01:02:14,870 --> 01:02:13,039

back in the cold war when maybe not just

1867

01:02:17,029 --> 01:02:14,880

america or russia but they had lots of

1868

01:02:18,470 --> 01:02:17,039

uh you know client states throughout the

1869

01:02:20,789 --> 01:02:18,480

world i mean effectively the

1870

01:02:22,710 --> 01:02:20,799

cold war was being fought by proxy uh

1871

01:02:24,549 --> 01:02:22,720

across africa and south america

1872

01:02:25,750 --> 01:02:24,559

and the far east so you'd like to think

1873

01:02:27,109 --> 01:02:25,760

a lot of these other countries will

1874

01:02:27,910 --> 01:02:27,119

probably you know holla for the russians

1875

01:02:29,190 --> 01:02:27,920

or the chinese

1876

01:02:31,589 --> 01:02:29,200

or sorry for the russians or the

1877

01:02:32,789 --> 01:02:31,599

americans when if something came down

1878

01:02:34,710 --> 01:02:32,799

and they weren't sure what the hell they

1879

01:02:35,910 --> 01:02:34,720

were looking at so you'd like to think

1880

01:02:37,670 --> 01:02:35,920

if that was the case then possibly the

1881

01:02:39,430 --> 01:02:37,680

americans or the russians got a hold of

1882

01:02:42,230 --> 01:02:39,440

some kind of you know

1883

01:02:43,510 --> 01:02:42,240

et technology that way yeah or you know

1884

01:02:47,109 --> 01:02:43,520

kind of foreign technology

1885

01:02:48,789 --> 01:02:47,119

let's call it that well uh we are past

1886

01:02:52,230 --> 01:02:48,799

our bedtime with you graham

1887

01:02:55,270 --> 01:02:52,240

uh we are hour and two so um

1888

01:02:56,069 --> 01:02:55,280

i appreciate you stopping by um i know

1889

01:02:59,190 --> 01:02:56,079

it won't be

1890

01:03:01,430 --> 01:02:59,200

the last time that's for sure

1891

01:03:02,870 --> 01:03:01,440

i look forward to invitation yeah thanks

1892

01:03:03,349 --> 01:03:02,880

for the invitation sean you take care of

1893

01:03:05,029 --> 01:03:03,359

yourself

1894

01:03:06,789 --> 01:03:05,039

yeah you're a great guy great person

1895

01:03:08,470 --> 01:03:06,799

love having you on so you're welcome

1896

01:03:10,630 --> 01:03:08,480

thank you very much all right thanks

1897

01:03:15,829 --> 01:03:10,640

very much take care

1898

01:03:18,870 --> 01:03:15,839

um yeah go see graham he's at border 750

1899

01:03:21,029 --> 01:03:18,880

twitter and you can also uh we didn't

1900

01:03:22,230 --> 01:03:21,039

touch on it but he wrote a really great

1901
01:03:24,630 --> 01:03:22,240
article

1902
01:03:27,190 --> 01:03:24,640
in uh the shadows of your mind magazine

1903
01:03:30,710 --> 01:03:27,200
um so you can check that out

1904
01:03:34,630 --> 01:03:30,720
um great writer fantastic writer um

1905
01:03:35,029 --> 01:03:34,640
and you know he's a bit intelligent as

1906
01:03:39,510 --> 01:03:35,039
well

1907
01:03:42,710 --> 01:03:39,520
isn't he so uh i love having them

1908
01:03:45,990 --> 01:03:42,720
so you guys you guys

1909
01:03:51,270 --> 01:03:46,000
are pretty cool i like having you around

1910
01:03:53,990 --> 01:03:51,280
um so thanks for coming we have

1911
01:03:54,950 --> 01:03:54,000
nothing really else on the docket for

1912
01:03:56,870 --> 01:03:54,960
the day

1913
01:03:58,870 --> 01:03:56,880

but we do have a show tomorrow uh same

1914

01:03:59,750 --> 01:03:58,880

time one o'clock and we do have dave

1915

01:04:02,069 --> 01:03:59,760

partridge

1916

01:04:02,789 --> 01:04:02,079

uh from shadows of your mind magazine

1917

01:04:05,190 --> 01:04:02,799

coming

1918

01:04:07,349 --> 01:04:05,200

but he's not gonna be until a little

1919

01:04:08,230 --> 01:04:07,359

later so i'm gonna keep my same time at

1920

01:04:11,270 --> 01:04:08,240

one

1921

01:04:12,630 --> 01:04:11,280

and i'm gonna do another show um after

1922

01:04:15,270 --> 01:04:12,640

that with dave

1923

01:04:16,230 --> 01:04:15,280

so tomorrow we will do our doc of the

1924

01:04:19,510 --> 01:04:16,240

day

1925

01:04:22,309 --> 01:04:19,520

we will do what the heck is that

1926

01:04:24,309 --> 01:04:22,319

um and all that kind of fun stuff and i

1927

01:04:24,829 --> 01:04:24,319

have a really good doc of the day that

1928

01:04:28,549 --> 01:04:24,839

i'm

1929

01:04:30,549 --> 01:04:28,559

saving for just you and i

1930

01:04:32,720 --> 01:04:30,559

you know because it's going to be one of

1931

01:04:33,990 --> 01:04:32,730

those special docs

1932

01:04:36,870 --> 01:04:34,000

[Music]

1933

01:04:38,829 --> 01:04:36,880

so oh the hat thank you yes i wear that

1934

01:04:41,349 --> 01:04:38,839

i like that

1935

01:04:43,510 --> 01:04:41,359

because i don't know

1936

01:04:44,470 --> 01:04:43,520

ever since coronavirus i haven't yet

1937

01:04:47,589 --> 01:04:44,480

been able to have a

1938

01:04:49,349 --> 01:04:47,599

great haircut so usually because i tried

1939

01:04:50,470 --> 01:04:49,359

to do it myself and you know that's just

1940

01:04:53,829 --> 01:04:50,480

not a good idea

1941

01:04:54,309 --> 01:04:53,839

but so thanks guys anything you could do

1942

01:04:57,670 --> 01:04:54,319

to share

1943

01:04:59,589 --> 01:04:57,680

like subscribe get this out there um

1944

01:05:01,349 --> 01:04:59,599

but yeah love you guys thanks so much

1945

01:05:02,390 --> 01:05:01,359

for coming by and hanging out and

1946

01:05:05,190 --> 01:05:02,400

chatting

1947

01:05:07,510 --> 01:05:05,200

i really do appreciate it and uh you're

1948

01:05:11,349 --> 01:05:07,520

spending your time here with me

1949

01:05:15,109 --> 01:05:11,359

it does mean a lot so um

1950

01:05:19,029 --> 01:05:15,119

every day at one o'clock

1951

01:05:22,069 --> 01:05:19,039

i will never never

1952

01:05:27,829 --> 01:05:22,079

never not show up

1953

01:05:27,839 --> 01:05:31,670

all right i will

1954

01:05:38,390 --> 01:05:35,029

um i guess

1955

01:05:47,589 --> 01:05:38,400

i'll just see you later

1956

01:05:47,599 --> 01:05:58,630

i'm witness citizen

1957

01:06:30,470 --> 01:06:09,430

witness citizen

1958

01:06:38,150 --> 01:06:34,789

i'm stuck i can't get out

1959

01:06:40,789 --> 01:06:38,160

so it's like a purgatory

1960

01:06:43,670 --> 01:06:40,799

apparently i know i did want to answer

1961

01:06:47,589 --> 01:06:43,680

one question i forgot it was from jay

1962

01:06:52,870 --> 01:06:47,599

uh jay asked me if my sighting

1963

01:06:56,390 --> 01:06:52,880

um affected my views on religion at all

1964

01:07:03,910 --> 01:07:00,309

i was never ever

1965

01:07:06,109 --> 01:07:03,920

a fan of religions

1966

01:07:08,069 --> 01:07:06,119

and when i say that i mean the

1967

01:07:11,430 --> 01:07:08,079

ritualistic

1968

01:07:13,270 --> 01:07:11,440

catholicism religion that's the only one

1969

01:07:14,870 --> 01:07:13,280

i can really speak on because the others

1970

01:07:16,710 --> 01:07:14,880

i don't have

1971

01:07:19,510 --> 01:07:16,720

i haven't studied them i haven't

1972

01:07:22,549 --> 01:07:19,520

experienced them i don't know

1973

01:07:24,789 --> 01:07:22,559

but catholicism to me

1974

01:07:27,430 --> 01:07:24,799

has always been about nothing but

1975

01:07:35,829 --> 01:07:31,190

um if you go to the fatima story

1976

01:07:38,549 --> 01:07:35,839

in portugal which is a beautiful story

1977

01:07:39,990 --> 01:07:38,559

that they took and made into this big

1978

01:07:42,309 --> 01:07:40,000

catholic thing

1979

01:07:43,990 --> 01:07:42,319

so they can further have control and

1980

01:07:46,470 --> 01:07:44,000

make you do their rosemaries

1981

01:07:47,750 --> 01:07:46,480

you know and i i'm sorry but i just

1982

01:07:50,789 --> 01:07:47,760

think that is crap

1983

01:07:51,029 --> 01:07:50,799

i'm not gonna hate somebody who follows

1984

01:07:55,990 --> 01:07:51,039

it

1985

01:07:58,230 --> 01:07:56,000

inappropriate ways

1986

01:07:59,670 --> 01:07:58,240

just this is my one thing i have to say

1987

01:08:04,710 --> 01:07:59,680

on that

1988

01:08:08,870 --> 01:08:04,720

as far as faith spirituality

1989

01:08:11,670 --> 01:08:08,880

it is almost furthered

1990

01:08:13,109 --> 01:08:11,680

furthered my belief in in the

1991

01:08:17,189 --> 01:08:13,119

possibilities

1992

01:08:21,669 --> 01:08:17,199

of what faith is in being spiritual

1993

01:08:24,789 --> 01:08:21,679

and praying and meditating um

1994

01:08:28,390 --> 01:08:24,799

i still talk to jesus christ

1995

01:08:30,630 --> 01:08:28,400

you know i don't know if that's the

1996

01:08:34,390 --> 01:08:30,640

person

1997

01:08:35,510 --> 01:08:34,400

you know i think it's just meditation

1998

01:08:39,510 --> 01:08:35,520

really to be honest

1999

01:08:42,709 --> 01:08:39,520

in reaching out to the universe so

2000

01:08:45,269 --> 01:08:42,719

and whatever you know

2001
01:08:46,789 --> 01:08:45,279
is there that really syncs us all up

2002
01:08:49,110 --> 01:08:46,799
together

2003
01:08:51,189 --> 01:08:49,120
you know whatever's on the side of

2004
01:08:52,470 --> 01:08:51,199
integrity that's that's what i'm talking

2005
01:08:56,229 --> 01:08:52,480
to

2006
01:08:58,070 --> 01:08:56,239
and i don't know you know what it is but

2007
01:09:02,709 --> 01:08:58,080
i do know

2008
01:09:05,269 --> 01:09:02,719
that it helps and so that's why i do it

2009
01:09:06,630 --> 01:09:05,279
uh mentally emotionally and sometimes in

2010
01:09:09,749 --> 01:09:06,640
the real world

2011
01:09:12,149 --> 01:09:09,759
i've had things happen

2012
01:09:15,910 --> 01:09:12,159
that you know if you were to ask me i

2013
01:09:19,969 --> 01:09:15,920

would say that was a freaking miracle

2014

01:09:21,749 --> 01:09:19,979

um so yeah just wanted to

2015

01:09:26,630 --> 01:09:21,759

[Music]

2016

01:09:30,390 --> 01:09:28,470

find your faith find your spirituality

2017

01:09:33,590 --> 01:09:30,400

but you know find it inside

2018

01:09:34,149 --> 01:09:33,600

and go your way you know and just be

2019

01:09:36,470 --> 01:09:34,159

open

2020

01:09:37,829 --> 01:09:36,480

honest and do it with integrity and

2021

01:09:40,950 --> 01:09:37,839

you'll find a path

2022

01:09:40,960 --> 01:09:44,070

you're best suited for

2023

01:09:49,430 --> 01:09:47,590

and it may not be the same for everyone

2024

01:09:51,110 --> 01:09:49,440

you know everyone's different and unique
