

UAP EDUCATIONAL BOOT CAMP CLASS 2
1940'S-50'S

*Witness
Citizen*

1
00:00:09,030 --> 00:00:05,349
what is up everybody

2
00:00:13,910 --> 00:00:09,040
happy tuesday and welcome to uap

3
00:00:18,710 --> 00:00:17,189
uh yesterday was a pretty good uh first

4
00:00:19,910 --> 00:00:18,720
day i would say

5
00:00:22,630 --> 00:00:19,920
um

6
00:00:23,429 --> 00:00:22,640
we went over a lot of stuff and the fact

7
00:00:25,910 --> 00:00:23,439
that

8
00:00:27,990 --> 00:00:25,920
sensitive installations

9
00:00:30,870 --> 00:00:28,000
have been targeted

10
00:00:33,750 --> 00:00:30,880
by this phenomenon

11
00:00:36,310 --> 00:00:33,760
um well really since 47 that we know of

12
00:00:39,990 --> 00:00:36,320
with roswell right but the document we

13
00:00:40,709 --> 00:00:40,000

looked at was 1949.

14

00:00:45,750 --> 00:00:40,719

so

15

00:00:50,389 --> 00:00:48,150

uh really 48 i think but we haven't

16

00:00:53,590 --> 00:00:50,399

gotten there yet

17

00:00:55,830 --> 00:00:53,600

so yesterday was 49

18

00:01:00,150 --> 00:00:55,840

um pretty interesting so we're going to

19

00:01:02,790 --> 00:01:00,160

continue down that path most definitely

20

00:01:05,189 --> 00:01:02,800

um and flesh it out a little more

21

00:01:06,870 --> 00:01:05,199

because there's a whole lot more

22

00:01:10,469 --> 00:01:06,880

to touch on

23

00:01:14,310 --> 00:01:12,710

yeah so just uh wanted to do that

24

00:01:15,990 --> 00:01:14,320

hopefully you went through the docs that

25

00:01:18,310 --> 00:01:16,000

i shared with you yesterday for that

26
00:01:21,109 --> 00:01:18,320
we're gonna go over today if not that's

27
00:01:23,990 --> 00:01:21,119
okay i got some highlights so

28
00:01:26,870 --> 00:01:24,000
um everybody's welcome if you are a

29
00:01:28,870 --> 00:01:26,880
participator or a watcher

30
00:01:29,990 --> 00:01:28,880
or whatever

31
00:01:31,910 --> 00:01:30,000
so

32
00:01:34,230 --> 00:01:31,920
um

33
00:01:37,190 --> 00:01:34,240
babbitt engage what's up

34
00:01:45,670 --> 00:01:39,350
dave first time

35
00:01:50,710 --> 00:01:47,910
anna what's up how are you

36
00:01:53,749 --> 00:01:50,720
thanks for saying hello

37
00:01:57,030 --> 00:01:53,759
um yeah my padres

38
00:02:02,709 --> 00:01:58,870

we're missing a couple people i gotta be

39

00:02:03,670 --> 00:02:02,719

honest we don't got scattered spaghetti

40

00:02:05,510 --> 00:02:03,680

megan

41

00:02:09,109 --> 00:02:05,520

i haven't seen them

42

00:02:10,550 --> 00:02:09,119

uh but you know is what it is

43

00:02:11,990 --> 00:02:10,560

they'll be here

44

00:02:16,390 --> 00:02:12,000

all right so

45

00:02:17,380 --> 00:02:16,400

uh without further ado let's get

46

00:02:20,390 --> 00:02:17,390

started

47

00:02:25,270 --> 00:02:20,400

[Music]

48

00:02:27,510 --> 00:02:25,280

all right cool i just figured that out

49

00:02:29,589 --> 00:02:27,520

uh so you know how this goes uh every

50

00:02:32,710 --> 00:02:29,599

day we do have something called doc of

51
00:02:34,949 --> 00:02:32,720
the day and but that's kind of just

52
00:02:36,949 --> 00:02:34,959
you know what we do all the time so it

53
00:02:39,030 --> 00:02:36,959
kind of just seems skilly

54
00:02:42,710 --> 00:02:39,040
skilly silly

55
00:02:44,390 --> 00:02:42,720
to even uh play the clip right

56
00:02:45,190 --> 00:02:44,400
uh because we're always doing doc of the

57
00:02:47,190 --> 00:02:45,200
day

58
00:02:49,670 --> 00:02:47,200
but

59
00:02:51,509 --> 00:02:49,680
ladies and gentlemen the document of the

60
00:03:02,960 --> 00:02:51,519
day

61
00:03:08,149 --> 00:03:02,970
yeah yeah

62
00:03:09,670 --> 00:03:08,159
[Music]

63
00:03:15,830 --> 00:03:09,680

all right you guys know how that goes

64

00:03:15,840 --> 00:03:20,630

so yeah our dock of the day

65

00:03:26,070 --> 00:03:24,070

is going to be an osi

66

00:03:30,949 --> 00:03:26,080

a district

67

00:03:37,190 --> 00:03:32,630

and i pulled out some of the highlights

68

00:03:42,309 --> 00:03:38,470

you know check it out because there's

69

00:03:44,309 --> 00:03:42,319

like 130 some pages in there so

70

00:03:47,190 --> 00:03:44,319

um a lot of them are repeats like

71

00:03:49,509 --> 00:03:47,200

there's some copies of reports that are

72

00:03:51,589 --> 00:03:49,519

just um

73

00:03:53,030 --> 00:03:51,599

you can barely read it

74

00:03:56,949 --> 00:03:53,040

and if you keep scrolling and comes up

75

00:03:59,110 --> 00:03:56,959

again in better print so that's good

76

00:04:03,830 --> 00:03:59,120

but

77

00:04:09,910 --> 00:04:06,149

yeah that's for sure

78

00:04:14,710 --> 00:04:12,149

i would love a video of that if you can

79

00:04:17,430 --> 00:04:14,720

take a video and send it to me

80

00:04:21,270 --> 00:04:17,440

that would be awesome

81

00:04:25,110 --> 00:04:23,430

robert says i liked how in one of the

82

00:04:28,550 --> 00:04:25,120

first spot intelligence reports the

83

00:04:31,189 --> 00:04:28,560

witness described it as a saucer shaped

84

00:04:36,070 --> 00:04:33,990

it's a saucer shaped plane

85

00:04:38,310 --> 00:04:36,080

you know

86

00:04:41,430 --> 00:04:38,320

all right

87

00:04:44,790 --> 00:04:42,629

so

88

00:04:47,510 --> 00:04:44,800

uh we're gonna try to get this a little

89

00:04:49,110 --> 00:04:47,520

bit bigger here

90

00:05:01,189 --> 00:04:49,120

there we go i'm

91

00:05:05,029 --> 00:05:02,950

study of aerial phenomenon i thought

92

00:05:08,070 --> 00:05:05,039

that was pretty interesting because the

93

00:05:10,710 --> 00:05:08,080

brigadier general uh here actually did

94

00:05:12,790 --> 00:05:10,720

it the study of the phenomenon

95

00:05:14,310 --> 00:05:12,800

so phenomena so

96

00:05:18,390 --> 00:05:14,320

it's interesting because this goes back

97

00:05:21,189 --> 00:05:18,400

to the point of there's a lot of hands

98

00:05:23,189 --> 00:05:21,199

in these pockets going through all this

99

00:05:28,150 --> 00:05:23,199

stuff

100

00:05:32,390 --> 00:05:30,390

you know i think that's why it can be

101
00:05:37,670 --> 00:05:32,400
difficult to figure out what is even

102
00:05:37,680 --> 00:05:42,550
sorry i'm uh my

103
00:05:46,390 --> 00:05:45,029
desktops got all weird on me

104
00:05:48,310 --> 00:05:46,400
i don't know

105
00:05:53,180 --> 00:05:48,320
what's happening

106
00:06:01,029 --> 00:05:54,950
[Laughter]

107
00:06:01,039 --> 00:06:05,350
sorry about that

108
00:06:10,629 --> 00:06:06,950
i don't know

109
00:06:10,639 --> 00:06:16,950
it's weird

110
00:06:16,960 --> 00:06:22,150
are you guys still there

111
00:06:27,350 --> 00:06:25,270
yeah you're still there okay that's good

112
00:06:29,189 --> 00:06:27,360
i don't like my

113
00:06:30,790 --> 00:06:29,199

background pictures and everything it

114

00:06:32,830 --> 00:06:30,800

just all kind of disappeared that's

115

00:06:35,830 --> 00:06:32,840

weird

116

00:06:37,110 --> 00:06:35,840

um yeah so sorry that threw me off a

117

00:06:38,550 --> 00:06:37,120

little bit

118

00:06:40,309 --> 00:06:38,560

but

119

00:06:45,029 --> 00:06:40,319

it's cool

120

00:06:45,039 --> 00:06:50,629

i used to it

121

00:06:58,309 --> 00:06:52,870

dennis over what's up

122

00:06:58,319 --> 00:07:02,629

how are you guys all right

123

00:07:09,670 --> 00:07:04,710

we'll get to the stuff all right here we

124

00:07:14,830 --> 00:07:13,430

so yeah this one uh we get uh kelly

125

00:07:20,870 --> 00:07:14,840

field

126

00:07:22,790 --> 00:07:20,880

involved in this osi district batch here

127

00:07:25,029 --> 00:07:22,800

but it's not just them talked about

128

00:07:28,790 --> 00:07:25,039

that's for sure so here we are the study

129

00:07:31,430 --> 00:07:28,800

of aerial phenomena where we left off

130

00:07:33,189 --> 00:07:31,440

um they use 40 cases it looks like that

131

00:07:35,350 --> 00:07:33,199

the following generalizations are put

132

00:07:36,950 --> 00:07:35,360

into the investigation um the

133

00:07:39,270 --> 00:07:36,960

observation of the individuals who have

134

00:07:42,309 --> 00:07:39,280

reported the sighting so-called flying

135

00:07:46,150 --> 00:07:42,319

discs have been at all times

136

00:07:48,469 --> 00:07:46,160

during the day and night however 70

137

00:07:51,430 --> 00:07:48,479

of those on file have been after the

138

00:07:53,749 --> 00:07:51,440

hours of darkness

139

00:07:56,390 --> 00:07:53,759

most observations have been sightings of

140

00:07:58,629 --> 00:07:56,400

single objects however 10 of the

141

00:07:59,670 --> 00:07:58,639

sightings have indicated there were two

142

00:08:02,150 --> 00:07:59,680

or more

143

00:08:04,550 --> 00:08:02,160

the maximum being four

144

00:08:06,629 --> 00:08:04,560

apparently

145

00:08:09,350 --> 00:08:06,639

uh the observations have been made by

146

00:08:10,710 --> 00:08:09,360

both military and civilian personnel i

147

00:08:13,670 --> 00:08:10,720

hope you're listening

148

00:08:16,710 --> 00:08:13,680

uh the predominance of the military

149

00:08:19,670 --> 00:08:16,720

sightings have been in the vicinity of

150

00:08:23,469 --> 00:08:21,990

the military sightings

151
00:08:26,550 --> 00:08:23,479
compromised

152
00:08:28,230 --> 00:08:26,560
73 percent

153
00:08:32,469 --> 00:08:28,240
of the sightings on record in this

154
00:08:36,790 --> 00:08:33,990
so i'll read that again

155
00:08:38,630 --> 00:08:36,800
the military sightings

156
00:08:40,230 --> 00:08:38,640
compromise

157
00:08:42,790 --> 00:08:40,240
73

158
00:08:46,990 --> 00:08:42,800
of the sightings on record

159
00:08:49,910 --> 00:08:48,630
[Music]

160
00:08:51,110 --> 00:08:49,920
just so you know there are a lot of

161
00:08:53,030 --> 00:08:51,120
sightings

162
00:08:56,949 --> 00:08:53,040
hey spaghetti's here what's up i thought

163
00:09:02,710 --> 00:08:59,030

moved on to a new show perhaps

164

00:09:07,750 --> 00:09:05,829

dude nigel don't you know you do you man

165

00:09:10,949 --> 00:09:07,760

if you're excited and that's propelling

166

00:09:12,949 --> 00:09:10,959

these comments you comment away

167

00:09:15,190 --> 00:09:12,959

i got no problems with that as long as

168

00:09:17,509 --> 00:09:15,200

you're respectful everybody

169

00:09:19,829 --> 00:09:17,519

show it show it and we need

170

00:09:24,630 --> 00:09:19,839

all the enthusiasm we can get

171

00:09:27,350 --> 00:09:26,150

i always trip running through those

172

00:09:29,670 --> 00:09:27,360

tires

173

00:09:31,670 --> 00:09:29,680

yeah i debated if i should have used the

174

00:09:35,430 --> 00:09:31,680

boot camp word but you know whatever

175

00:09:39,350 --> 00:09:36,949

all right so that was that's pretty

176
00:09:40,790 --> 00:09:39,360
interesting back to the topic 73 of

177
00:09:42,070 --> 00:09:40,800
sightings on record in the office

178
00:09:45,110 --> 00:09:42,080
military

179
00:09:47,350 --> 00:09:45,120
uh practically all cases with one or two

180
00:09:49,750 --> 00:09:47,360
minor exceptions the estimate of speed

181
00:09:52,470 --> 00:09:49,760
of the aerial phenomena

182
00:09:55,670 --> 00:09:52,480
have been in supersonic speeds ranging

183
00:09:59,350 --> 00:09:55,680
from 800 to 2000

184
00:09:59,360 --> 00:10:02,310
so

185
00:10:05,590 --> 00:10:04,550
now what we can do here is pretty

186
00:10:07,829 --> 00:10:05,600
interesting

187
00:10:10,550 --> 00:10:07,839
because i've actually looked into the

188
00:10:12,230 --> 00:10:10,560

various black projects from then

189

00:10:15,190 --> 00:10:12,240

um whether it be

190

00:10:17,269 --> 00:10:15,200

you know ox cart what was before that

191

00:10:20,150 --> 00:10:17,279

uh after that we have

192

00:10:22,790 --> 00:10:20,160

you know the 812

193

00:10:24,310 --> 00:10:22,800

tag board

194

00:10:28,230 --> 00:10:24,320

all that

195

00:10:29,990 --> 00:10:28,240

and i'll tell you in 1950

196

00:10:32,630 --> 00:10:30,000

they didn't have

197

00:10:34,550 --> 00:10:32,640

uh the capabilities to go 2 000 miles

198

00:10:35,910 --> 00:10:34,560

per hour

199

00:10:38,790 --> 00:10:35,920

and at least

200

00:10:41,030 --> 00:10:39,110

move

201
00:10:42,790 --> 00:10:41,040

[Music]

202
00:10:46,069 --> 00:10:42,800

anywhere other than straight into the

203
00:10:50,470 --> 00:10:48,310

so

204
00:10:53,110 --> 00:10:50,480

right there we can put and that's why i

205
00:10:56,389 --> 00:10:53,120

look at the the other projects and stuff

206
00:11:02,230 --> 00:10:58,630

know when i see this what was possible

207
00:11:06,069 --> 00:11:04,310

and as far as i know i mean i'm always

208
00:11:07,910 --> 00:11:06,079

prepared to be wrong i have to say that

209
00:11:10,630 --> 00:11:07,920

obviously

210
00:11:13,829 --> 00:11:10,640

there's a lot i don't know probably the

211
00:11:15,030 --> 00:11:13,839

majority of stuff available

212
00:11:17,350 --> 00:11:15,040

may not know

213
00:11:18,790 --> 00:11:17,360

so i just speak on this and what i do

214

00:11:25,829 --> 00:11:18,800

know

215

00:11:30,310 --> 00:11:27,670

great yeah good comment it does seem

216

00:11:32,069 --> 00:11:30,320

slow uh but we've i think it wasn't too

217

00:11:34,630 --> 00:11:32,079

long ago on this show

218

00:11:37,269 --> 00:11:34,640

uh we showed that document

219

00:11:39,190 --> 00:11:37,279

of the osi investigation into this that

220

00:11:40,829 --> 00:11:39,200

came out shortly after

221

00:11:45,030 --> 00:11:40,839

uh the dc

222

00:11:48,710 --> 00:11:45,040

sightings where it listed

223

00:11:52,550 --> 00:11:48,720

one in white sands at 17 000 miles per

224

00:11:56,230 --> 00:11:53,750

so

225

00:11:58,069 --> 00:11:56,240

you're right there

226

00:11:59,829 --> 00:11:58,079

so if we're saying it's too slow does it

227

00:12:01,350 --> 00:11:59,839

mean it could be our tech that's a good

228

00:12:04,069 --> 00:12:01,360

question

229

00:12:06,150 --> 00:12:04,079

probably in 1950 no but

230

00:12:08,870 --> 00:12:06,160

as the years progress

231

00:12:11,670 --> 00:12:08,880

and we see that same range

232

00:12:13,430 --> 00:12:11,680

it becomes definitely possible

233

00:12:15,350 --> 00:12:13,440

and i think in blue book

234

00:12:18,069 --> 00:12:15,360

eventually i found it

235

00:12:22,470 --> 00:12:18,079

i found a list of

236

00:12:27,030 --> 00:12:24,790

i think it was tag board

237

00:12:29,590 --> 00:12:27,040

was responsible for it

238

00:12:31,030 --> 00:12:29,600

or ox card i'll find it but so gave a

239

00:12:33,110 --> 00:12:31,040

list of those and i wanted to go through

240

00:12:35,269 --> 00:12:33,120

that list and kind of corroborate it or

241

00:12:38,470 --> 00:12:35,279

you know contrast it against

242

00:12:40,629 --> 00:12:38,480

you know documents that are

243

00:12:42,310 --> 00:12:40,639

you know of ufo reports and you know

244

00:12:43,829 --> 00:12:42,320

line up the dates and see

245

00:12:51,110 --> 00:12:43,839

what that looked like and how they did

246

00:12:57,829 --> 00:12:54,870

17 000 miles per hour

247

00:13:02,389 --> 00:12:57,839

i can imagine that can't you

248

00:13:07,509 --> 00:13:04,870

all right so to finish up this part um

249

00:13:11,430 --> 00:13:07,519

one civilian giving an estimate range of

250

00:13:12,710 --> 00:13:11,440

one quarter mile with an asmuth movement

251
00:13:15,190 --> 00:13:12,720
so

252
00:13:17,190 --> 00:13:15,200
i've been seeing that or a lot i hope

253
00:13:19,030 --> 00:13:17,200
i'm saying it right it has movement of

254
00:13:20,710 --> 00:13:19,040
170 degree and three minutes which

255
00:13:21,870 --> 00:13:20,720
converts to

256
00:13:24,629 --> 00:13:21,880
approximately

257
00:13:27,030 --> 00:13:24,639
335 miles per hour not impressive

258
00:13:29,030 --> 00:13:27,040
military observers estimate of 3 000

259
00:13:31,269 --> 00:13:29,040
feet per second

260
00:13:34,470 --> 00:13:31,279
which converts into approximately 2 000

261
00:13:39,670 --> 00:13:37,110
yeah per hour oh

262
00:13:41,430 --> 00:13:39,680
um so they

263
00:13:43,829 --> 00:13:41,440

got into it pretty good weather as a

264

00:13:45,430 --> 00:13:43,839

factor in times does not seem to be of

265

00:13:47,110 --> 00:13:45,440

major importance

266

00:13:49,269 --> 00:13:47,120

estimated altitude of the aerial

267

00:13:51,670 --> 00:13:49,279

phenomenon at the time of observation

268

00:13:54,629 --> 00:13:51,680

seems to be predominantly in the lower

269

00:13:57,750 --> 00:13:54,639

altitudes interesting

270

00:14:00,790 --> 00:13:57,760

from two to eight thousand feet

271

00:14:02,949 --> 00:14:00,800

however there are several incidents

272

00:14:04,949 --> 00:14:02,959

in which the estimated altitude of the

273

00:14:08,310 --> 00:14:04,959

object was

274

00:14:09,750 --> 00:14:08,320

20 000 feet or above

275

00:14:11,670 --> 00:14:09,760

that's not

276
00:14:14,470 --> 00:14:11,680
like

277
00:14:16,389 --> 00:14:14,480
incredibly high or anything i'm

278
00:14:18,150 --> 00:14:16,399
just saying that's a big contrast

279
00:14:20,629 --> 00:14:18,160
visual phenomenon

280
00:14:23,030 --> 00:14:20,639
oop this gets hard to read

281
00:14:24,470 --> 00:14:23,040
the passage of flying dicks

282
00:14:27,590 --> 00:14:24,480
flank dicks

283
00:14:30,710 --> 00:14:27,600
flying discs are approximately

284
00:14:31,910 --> 00:14:30,720
oh god equally split and having a long

285
00:14:33,670 --> 00:14:31,920
tail

286
00:14:35,590 --> 00:14:33,680
uh i gotta make a blooper reel that'll

287
00:14:37,990 --> 00:14:35,600
be hilarious

288
00:14:40,470 --> 00:14:38,000

flying dicks all right

289

00:14:45,030 --> 00:14:43,350

such visual evidence of an appendage

290

00:14:48,310 --> 00:14:45,040

during its passage through the air at

291

00:14:53,269 --> 00:14:49,430

um

292

00:14:54,389 --> 00:14:53,279

most cases have reported an absence of

293

00:14:55,110 --> 00:14:54,399

all sound

294

00:14:56,949 --> 00:14:55,120

so

295

00:14:59,829 --> 00:14:56,959

interesting huh yeah that is more

296

00:15:01,430 --> 00:14:59,839

terrifying than a sofa that's way more

297

00:15:03,269 --> 00:15:01,440

terrifying

298

00:15:03,830 --> 00:15:03,279

and hard for them to believe

299

00:15:06,790 --> 00:15:03,840

definitely

300

00:15:08,150 --> 00:15:06,800

[Laughter]

301
00:15:09,990 --> 00:15:08,160
and then you got the range both

302
00:15:11,189 --> 00:15:10,000
horizontally

303
00:15:13,030 --> 00:15:11,199
okay

304
00:15:15,829 --> 00:15:13,040
and that's why she said it was a mistake

305
00:15:18,150 --> 00:15:15,839
all right moving on

306
00:15:20,710 --> 00:15:18,160
um

307
00:15:22,550 --> 00:15:20,720
[Music]

308
00:15:24,310 --> 00:15:22,560
i'm feeling kind of goofy today all

309
00:15:27,350 --> 00:15:24,320
right

310
00:15:29,670 --> 00:15:27,360
an absence of sound isn't that so funny

311
00:15:31,990 --> 00:15:29,680
i mean

312
00:15:34,470 --> 00:15:32,000
everybody says that

313
00:15:36,790 --> 00:15:34,480

everybody says i didn't hear dang thing

314

00:15:40,550 --> 00:15:36,800

i didn't hear a sound i didn't hear pete

315

00:15:41,590 --> 00:15:40,560

sometimes you get the i heard like uh a

316

00:15:44,550 --> 00:15:41,600

like a

317

00:15:46,790 --> 00:15:44,560

humming or a

318

00:15:49,269 --> 00:15:46,800

like something like that

319

00:15:52,310 --> 00:15:49,279

that's really low and quiet but usually

320

00:15:56,150 --> 00:15:53,990

universal opinion of all persons

321

00:15:59,030 --> 00:15:56,160

interrogated in the reports reviewed

322

00:16:00,550 --> 00:15:59,040

that the objects were of a

323

00:16:02,949 --> 00:16:00,560

smooth contour

324

00:16:06,069 --> 00:16:02,959

with no protuberances for control or

325

00:16:11,590 --> 00:16:06,079

method of propulsion hmm

326

00:16:11,600 --> 00:16:14,949

sounds pretty familiar

327

00:16:22,870 --> 00:16:18,949

what year is this again oh yeah 1950

328

00:16:24,230 --> 00:16:22,880

that's right 1950 okay

329

00:16:26,310 --> 00:16:24,240

uh

330

00:16:29,269 --> 00:16:26,320

so again this is the district commander

331

00:16:31,749 --> 00:16:29,279

of uh 10th district osi

332

00:16:34,710 --> 00:16:31,759

study of aerial phenomenon april 12

333

00:16:39,990 --> 00:16:37,829

i've never knew this existed so

334

00:16:42,710 --> 00:16:40,000

before i looked at this

335

00:16:46,069 --> 00:16:42,720

um the describe sizes of these aerial

336

00:16:47,430 --> 00:16:46,079

phenomenon in most cases conformed to

337

00:16:50,470 --> 00:16:47,440

that expressed in the following

338

00:16:53,509 --> 00:16:50,480

illustrations of civilian

339

00:16:55,590 --> 00:16:53,519

okay let's just

340

00:17:00,069 --> 00:16:55,600

go all right we'll get we'll skip this

341

00:17:03,590 --> 00:17:01,829

but let's go through it make sure we

342

00:17:05,510 --> 00:17:03,600

don't miss anything great

343

00:17:07,990 --> 00:17:05,520

civilian described as size of a full

344

00:17:09,750 --> 00:17:08,420

um

345

00:17:12,230 --> 00:17:09,760

[Music]

346

00:17:14,470 --> 00:17:12,240

still a third described it as being the

347

00:17:16,309 --> 00:17:14,480

size of a volleyball

348

00:17:20,309 --> 00:17:16,319

i mean

349

00:17:24,710 --> 00:17:22,789

depending

350

00:17:28,390 --> 00:17:24,720

in all cases the object in the vapor

351

00:17:31,669 --> 00:17:30,549

there are two is of a uniform color

352

00:17:34,230 --> 00:17:31,679

interesting

353

00:17:38,070 --> 00:17:34,240

because i am seeing vapor trail

354

00:17:43,270 --> 00:17:39,590

a lot more than i thought i would see

355

00:17:43,280 --> 00:17:47,669

so that's kind of interesting

356

00:17:55,510 --> 00:17:49,830

uh attached to this report you'll find a

357

00:18:00,789 --> 00:17:57,909

i can't read it an area an aerial

358

00:18:04,070 --> 00:18:00,799

phenomenon held in the conference room

359

00:18:05,750 --> 00:18:04,080

los alamos scientific lab los alamos new

360

00:18:09,510 --> 00:18:05,760

mexico

361

00:18:12,549 --> 00:18:09,520

february 16th 1949

362

00:18:16,549 --> 00:18:12,559

and we were back in that year yesterday

363

00:18:20,470 --> 00:18:18,870

uh it should be pointed out with each of

364

00:18:22,230 --> 00:18:20,480

the approximately 40 observations

365

00:18:24,789 --> 00:18:22,240

contained in the investigation files of

366

00:18:28,230 --> 00:18:24,799

the 10th district

367

00:18:30,630 --> 00:18:28,240

is diverse in that the intelligence of

368

00:18:33,510 --> 00:18:30,640

the individual the scope and range of

369

00:18:36,310 --> 00:18:33,520

experience and the ability to express

370

00:18:38,470 --> 00:18:36,320

oneself is widely diversified in each

371

00:18:39,750 --> 00:18:38,480

case

372

00:18:41,430 --> 00:18:39,760

interesting

373

00:18:44,630 --> 00:18:41,440

you know so what they're kind of saying

374

00:18:47,270 --> 00:18:44,640

is people are different than each other

375

00:18:51,750 --> 00:18:49,029

thanks

376

00:18:54,150 --> 00:18:51,760

um the investigation technique in the

377

00:18:55,990 --> 00:18:54,160

form of the report is not uniform

378

00:18:58,630 --> 00:18:56,000

throughout

379

00:19:00,310 --> 00:18:58,640

no surprise

380

00:19:02,630 --> 00:19:00,320

so then they had to downgrade the

381

00:19:04,470 --> 00:19:02,640

authenticity of the overall report

382

00:19:05,830 --> 00:19:04,480

that's stupid

383

00:19:07,510 --> 00:19:05,840

because some other people did their

384

00:19:10,789 --> 00:19:07,520

reports different or something i don't

385

00:19:12,549 --> 00:19:10,799

know that's dumb

386

00:19:15,110 --> 00:19:12,559

um

387

00:19:16,390 --> 00:19:15,120

here we go it is the opinion of the

388

00:19:18,710 --> 00:19:16,400

undersigned

389

00:19:21,029 --> 00:19:18,720
which is ralph lieutenant colonel

390

00:19:24,070 --> 00:19:21,039
district commander

391

00:19:28,150 --> 00:19:24,080
that the phenomenon do exist

392

00:19:31,909 --> 00:19:30,310
of information and the lack of

393

00:19:33,990 --> 00:19:31,919
coordination

394

00:19:37,110 --> 00:19:34,000
of investigative effort including

395

00:19:39,270 --> 00:19:37,120
scientific research into this matter

396

00:19:43,430 --> 00:19:39,280
makes it a problem that cannot be

397

00:19:46,549 --> 00:19:44,630
and

398

00:19:49,350 --> 00:19:46,559
in 2021

399

00:19:54,549 --> 00:19:51,270
it is recommended that the matter be

400

00:19:55,669 --> 00:19:54,559
brought before a proper command at the

401
00:19:58,549 --> 00:19:55,679
headquarters level with the

402
00:20:02,549 --> 00:20:00,390
uh that a coordinated scientific effort

403
00:20:05,830 --> 00:20:02,559
be made to establish an explanation of

404
00:20:19,669 --> 00:20:05,840
this phenomenon yeah that's a great idea

405
00:20:23,430 --> 00:20:21,350
man yeah i just get pissed off reading

406
00:20:27,270 --> 00:20:23,440
this stuff

407
00:20:28,710 --> 00:20:27,280
because this what um

408
00:20:31,029 --> 00:20:28,720
sorry i'm reading it i don't know if you

409
00:20:33,669 --> 00:20:31,039
guys wanted to see this too

410
00:20:36,630 --> 00:20:33,679
if not that's fine

411
00:20:39,510 --> 00:20:36,640
um yeah this is just like

412
00:20:41,510 --> 00:20:39,520
you could say the same

413
00:20:42,390 --> 00:20:41,520

exact

414

00:20:46,470 --> 00:20:42,400

thing

415

00:20:53,830 --> 00:20:49,510

and it would hold true

416

00:20:58,549 --> 00:20:56,470

we have to do things differently than we

417

00:21:00,950 --> 00:20:58,559

have done in the past if we want

418

00:21:03,510 --> 00:21:00,960

different results and what i see is the

419

00:21:05,990 --> 00:21:03,520

same stuff you know

420

00:21:08,230 --> 00:21:06,000

there's good positive things like uh

421

00:21:09,270 --> 00:21:08,240

every lobe and all that

422

00:21:11,190 --> 00:21:09,280

right

423

00:21:12,630 --> 00:21:11,200

but we have to be also honest with

424

00:21:14,710 --> 00:21:12,640

ourselves that

425

00:21:16,310 --> 00:21:14,720

this stuff has been in the hands of

426
00:21:17,669 --> 00:21:16,320
universities and scientific

427
00:21:23,110 --> 00:21:17,679
professionals

428
00:21:25,190 --> 00:21:24,230
you know

429
00:21:27,750 --> 00:21:25,200
so

430
00:21:29,590 --> 00:21:27,760
when we get enthusiastic about it

431
00:21:32,149 --> 00:21:29,600
you know we should because he's

432
00:21:35,270 --> 00:21:32,159
enthusiastic about it

433
00:21:37,350 --> 00:21:35,280
and there's a difference there

434
00:21:39,669 --> 00:21:37,360
in the technology we have that can

435
00:21:42,950 --> 00:21:39,679
correctly measure stuff and

436
00:21:45,830 --> 00:21:42,960
you know get what we need as far as data

437
00:21:48,710 --> 00:21:45,840
we have a lot better equipment than we

438
00:21:48,720 --> 00:21:51,830

that's true

439

00:21:55,909 --> 00:21:53,909

but there's so many similarities in how

440

00:21:56,789 --> 00:21:55,919

things are just the same as they were

441

00:22:02,390 --> 00:21:56,799

then

442

00:22:09,350 --> 00:22:04,390

yeah you could be right spaghetti i've

443

00:22:13,990 --> 00:22:11,830

we both have a good feeling about it

444

00:22:17,510 --> 00:22:14,000

interesting

445

00:22:19,450 --> 00:22:17,520

just keep your eyes open that's it

446

00:22:20,950 --> 00:22:19,460

yeah just throw some money at it

447

00:22:22,310 --> 00:22:20,960

[Laughter]

448

00:22:25,270 --> 00:22:22,320

that's perfect

449

00:22:27,590 --> 00:22:25,280

yeah just throw some money at it

450

00:22:29,190 --> 00:22:27,600

right that i mean that's what we do with

451
00:22:30,710 --> 00:22:29,200
everything else just throws some money

452
00:22:34,149 --> 00:22:30,720
at it

453
00:22:37,430 --> 00:22:34,159
figure something out how much money you

454
00:22:39,350 --> 00:22:37,440
got we can figure it out

455
00:22:41,270 --> 00:22:39,360
you know and then these people not

456
00:22:43,350 --> 00:22:41,280
talking specifically about every lobe

457
00:22:47,669 --> 00:22:43,360
but just other instances

458
00:22:53,669 --> 00:22:51,110
and people do this to basically create a

459
00:22:56,789 --> 00:22:53,679
career for themselves

460
00:23:00,390 --> 00:22:56,799
they create non-profit organizations or

461
00:23:03,590 --> 00:23:00,400
get the government to supplement their

462
00:23:05,590 --> 00:23:03,600
business or give them a grant

463
00:23:07,110 --> 00:23:05,600

so that they can then have their career

464

00:23:14,070 --> 00:23:07,120

and yeah it's a non-profit but they have

465

00:23:14,080 --> 00:23:17,190

you know so

466

00:23:22,310 --> 00:23:20,310

it's just interesting you know

467

00:23:23,669 --> 00:23:22,320

but you're you know serves like there's

468

00:23:26,789 --> 00:23:23,679

so much

469

00:23:32,149 --> 00:23:26,799

in

470

00:23:36,789 --> 00:23:34,390

so much that's a great comment because

471

00:23:39,190 --> 00:23:36,799

that really

472

00:23:41,269 --> 00:23:39,200

that sums it up we can't just throw

473

00:23:42,630 --> 00:23:41,279

money at it you know we actually have to

474

00:23:44,390 --> 00:23:42,640

get creative and use our brains and

475

00:23:46,950 --> 00:23:44,400

think outside of the box and look at

476
00:23:47,909 --> 00:23:46,960
this old stuff that people have claimed

477
00:23:49,590 --> 00:23:47,919
to

478
00:23:56,149 --> 00:23:49,600
already research and know everything

479
00:24:00,470 --> 00:23:57,909
you know

480
00:24:05,350 --> 00:24:00,480
new eyes new people

481
00:24:08,549 --> 00:24:07,190
and there's a lot more access to this

482
00:24:13,430 --> 00:24:08,559
than there is of

483
00:24:17,190 --> 00:24:15,909
so it comes to a point where

484
00:24:20,549 --> 00:24:17,200
you know

485
00:24:24,710 --> 00:24:20,559
got to use what we can work with

486
00:24:29,110 --> 00:24:25,590
you know

487
00:24:39,590 --> 00:24:31,430
of this phenomenon seem to be the exact

488
00:24:43,350 --> 00:24:41,909

yeah i mean definitely i mean the

489

00:24:46,390 --> 00:24:43,360

government can do it but they're gonna

490

00:24:49,110 --> 00:24:46,400

have to you know rely on uh people

491

00:24:55,190 --> 00:24:49,120

probably outside of it

492

00:24:58,789 --> 00:24:56,789

but you know

493

00:25:01,510 --> 00:24:58,799

i don't know like i tend to think and

494

00:25:03,750 --> 00:25:01,520

i'll say this

495

00:25:05,269 --> 00:25:03,760

and you know i can only talk based on my

496

00:25:06,789 --> 00:25:05,279

experience in my own research and what

497

00:25:08,390 --> 00:25:06,799

i'm looking into and what i'm reading

498

00:25:09,909 --> 00:25:08,400

right some people say well they're

499

00:25:12,549 --> 00:25:09,919

government documents you can't even

500

00:25:17,029 --> 00:25:12,559

trust any of that okay fine then i'm not

501
00:25:17,039 --> 00:25:20,870
going through these

502
00:25:20,880 --> 00:25:23,830
they seem

503
00:25:27,830 --> 00:25:25,750
confused

504
00:25:30,789 --> 00:25:27,840
they seem

505
00:25:35,190 --> 00:25:33,269
and they wholly seem unable to figure

506
00:25:36,390 --> 00:25:35,200
out anything with this

507
00:25:38,310 --> 00:25:36,400
and they

508
00:25:40,870 --> 00:25:38,320
kind of decide to

509
00:25:43,269 --> 00:25:40,880
throw in the towel

510
00:25:45,110 --> 00:25:43,279
a report after report comes in we do not

511
00:25:46,950 --> 00:25:45,120
plan a further investigation unless

512
00:25:48,710 --> 00:25:46,960
something and something wants it

513
00:25:50,470 --> 00:25:48,720

you know because they what they don't

514

00:25:52,870 --> 00:25:50,480

know what they were would do what are we

515

00:25:54,310 --> 00:25:52,880

gonna do

516

00:25:56,070 --> 00:25:54,320

we'll talk to them they'll give us our

517

00:25:58,149 --> 00:25:56,080

accounts we'll check the weather we'll

518

00:26:02,630 --> 00:25:58,159

do this and that so what they still

519

00:26:02,640 --> 00:26:08,230

so you know

520

00:26:13,510 --> 00:26:11,909

and maybe some do maybe some did

521

00:26:16,149 --> 00:26:13,520

but they didn't all and there were so

522

00:26:18,870 --> 00:26:16,159

many different generals and fbi agents

523

00:26:21,430 --> 00:26:18,880

and cia agents and

524

00:26:22,870 --> 00:26:21,440

branches of air force and military and

525

00:26:24,470 --> 00:26:22,880

everything that were doing

526

00:26:26,710 --> 00:26:24,480

investigations

527

00:26:28,630 --> 00:26:26,720

because maybe they had to out of

528

00:26:31,110 --> 00:26:28,640

necessity or whatever

529

00:26:34,950 --> 00:26:32,950

the bulk of the people that were working

530

00:26:39,510 --> 00:26:34,960

on this stuff at least didn't have a

531

00:26:44,870 --> 00:26:42,630

didn't have a freaking clue

532

00:26:46,789 --> 00:26:44,880

and if somebody did then

533

00:26:49,029 --> 00:26:46,799

um

534

00:26:50,710 --> 00:26:49,039

they you know it's just depressing to

535

00:26:55,990 --> 00:26:50,720

think that they would let all this play

536

00:27:00,710 --> 00:26:57,909

you know and why so

537

00:27:03,750 --> 00:27:00,720

they can hold on to some sort of

538

00:27:05,269 --> 00:27:03,760

answer or tech

539

00:27:07,029 --> 00:27:05,279

that they could use

540

00:27:08,630 --> 00:27:07,039

80 years down the road or something i

541

00:27:10,630 --> 00:27:08,640

don't get you know

542

00:27:17,430 --> 00:27:10,640

there's a phenomenon people and nobody

543

00:27:21,110 --> 00:27:19,190

and the more

544

00:27:23,269 --> 00:27:21,120

someone says that they do and push their

545

00:27:27,830 --> 00:27:23,279

ways the less you should probably

546

00:27:32,549 --> 00:27:30,549

all right these are easier to go through

547

00:27:34,710 --> 00:27:32,559

it these are the highlights that i kind

548

00:27:37,029 --> 00:27:34,720

of just took from it

549

00:27:38,870 --> 00:27:37,039

um informant has been in the air force

550

00:27:40,389 --> 00:27:38,880

for several years and appears to be very

551
00:27:41,750 --> 00:27:40,399
familiar with the various aircraft and

552
00:27:43,669 --> 00:27:41,760
weather balloons of the air force

553
00:27:45,909 --> 00:27:43,679
informant was very sincere concerning

554
00:27:48,070 --> 00:27:45,919
his and his family's

555
00:27:50,310 --> 00:27:48,080
observation and was thoroughly convinced

556
00:27:53,029 --> 00:27:50,320
that this object which they observed was

557
00:27:55,750 --> 00:27:53,039
not an aircraft

558
00:27:57,430 --> 00:27:55,760
action ah no further action taken by

559
00:28:00,310 --> 00:27:57,440
this office i'm sure be taken by a

560
00:28:03,750 --> 00:28:00,320
different office but

561
00:28:05,830 --> 00:28:03,760
get tired of seeing that

562
00:28:07,909 --> 00:28:05,840
so

563
00:28:10,549 --> 00:28:07,919

i don't know what you want to call it um

564

00:28:12,710 --> 00:28:10,559

exhibit a

565

00:28:17,210 --> 00:28:12,720

informant in the air force

566

00:28:21,590 --> 00:28:18,549

[Music]

567

00:28:21,600 --> 00:28:25,990

not an aircraft

568

00:28:33,590 --> 00:28:27,830

did you say

569

00:28:37,909 --> 00:28:35,669

the following information reported to

570

00:28:43,350 --> 00:28:37,919

osi detachment

571

00:28:47,110 --> 00:28:45,430

um learned of a reliable mexican

572

00:28:49,350 --> 00:28:47,120

informant oh this is why i picked this

573

00:28:51,669 --> 00:28:49,360

one in mexico that an unidentified

574

00:28:53,669 --> 00:28:51,679

object had been observed to land in a

575

00:28:55,430 --> 00:28:53,679

remote area of a ranch

576

00:28:57,190 --> 00:28:55,440

owned by

577

00:28:59,510 --> 00:28:57,200

blacktop who

578

00:29:01,110 --> 00:28:59,520

just again is all over this stuff very

579

00:29:05,590 --> 00:29:01,120

popular

580

00:29:06,909 --> 00:29:05,600

between rosita and kuded akuna

581

00:29:09,830 --> 00:29:06,919

mexico at

582

00:29:13,110 --> 00:29:09,840

1945 that's the time

583

00:29:14,549 --> 00:29:13,120

on the night of 18th september 1960

584

00:29:16,389 --> 00:29:14,559

interesting

585

00:29:18,310 --> 00:29:16,399

the object slightly larger than a

586

00:29:19,830 --> 00:29:18,320

basketball hey we just heard one look

587

00:29:21,269 --> 00:29:19,840

like a volleyball

588

00:29:23,350 --> 00:29:21,279

and a moon

589

00:29:26,310 --> 00:29:23,360

funny how they're all the same shape and

590

00:29:28,549 --> 00:29:26,320

what i saw i would say that same damn

591

00:29:30,149 --> 00:29:28,559

thing

592

00:29:32,630 --> 00:29:30,159

not the first time but a couple days go

593

00:29:35,430 --> 00:29:32,640

by and i see it again that

594

00:29:37,669 --> 00:29:35,440

i me i described it as that

595

00:29:39,190 --> 00:29:37,679

basketball and i didn't even

596

00:29:40,789 --> 00:29:39,200

at that point i wasn't reading these

597

00:29:42,630 --> 00:29:40,799

things i don't know how people describe

598

00:29:43,750 --> 00:29:42,640

these but here i am i'm describing it

599

00:29:45,430 --> 00:29:43,760

and here i am going through these

600

00:29:47,830 --> 00:29:45,440

reports and they describe it the same

601
00:29:52,230 --> 00:29:47,840
way it's just freaking weird

602
00:29:55,590 --> 00:29:53,510
it's really weird

603
00:29:57,830 --> 00:29:55,600
really weird

604
00:29:59,830 --> 00:29:57,840
you know for some people who have not

605
00:30:00,950 --> 00:29:59,840
had their own experience

606
00:30:02,710 --> 00:30:00,960
there's no way you could really

607
00:30:05,029 --> 00:30:02,720
understand and you shouldn't

608
00:30:07,190 --> 00:30:05,039
you know feel bad or wrong about that

609
00:30:09,430 --> 00:30:07,200
either or left out

610
00:30:12,710 --> 00:30:09,440
first of all

611
00:30:15,990 --> 00:30:12,720
uh second if you have

612
00:30:17,990 --> 00:30:16,000
and you go through these old documents

613
00:30:20,710 --> 00:30:18,000

and the descriptions are of you know

614

00:30:25,269 --> 00:30:20,720

what you've seen that if you're like me

615

00:30:29,110 --> 00:30:27,669

there's a whole lot of truth

616

00:30:32,710 --> 00:30:29,120

in that

617

00:30:32,720 --> 00:30:43,029

you know

618

00:30:48,549 --> 00:30:45,269

it's just weird it's really weird

619

00:30:50,950 --> 00:30:48,559

makes it puts you in awe a little bit

620

00:30:53,590 --> 00:30:50,960

fbi special agent ogilby requested that

621

00:30:56,470 --> 00:30:53,600

the osi detachment at laflin air force

622

00:30:58,870 --> 00:30:56,480

base texas to determine if any alert had

623

00:31:01,669 --> 00:30:58,880

been received

624

00:31:03,909 --> 00:31:01,679

uh relative to a lost space vehicle it

625

00:31:07,190 --> 00:31:03,919

was determined that no such alert had

626
00:31:11,430 --> 00:31:09,830
special agent oglesby stated that he

627
00:31:14,789 --> 00:31:11,440
would report the information to his

628
00:31:17,350 --> 00:31:14,799
office in san antonio and would take

629
00:31:21,029 --> 00:31:17,360
no further action

630
00:31:24,070 --> 00:31:21,039
unless otherwise instructed

631
00:31:28,549 --> 00:31:24,080
stated that the object fell into an area

632
00:31:33,590 --> 00:31:30,549
something on horseback would be required

633
00:31:35,110 --> 00:31:33,600
to locate it so

634
00:31:37,590 --> 00:31:35,120
there's something interesting in that

635
00:31:40,149 --> 00:31:37,600
last sentence and that last sentence

636
00:31:43,190 --> 00:31:40,159
sums up what i mean about they seem to

637
00:31:45,669 --> 00:31:43,200
throw in the towel and give up

638
00:31:47,350 --> 00:31:45,679

that last sentence is

639

00:31:49,190 --> 00:31:47,360

you know if anyone out there is a boss

640

00:31:52,630 --> 00:31:49,200

or has been a boss for a while you

641

00:31:57,110 --> 00:31:52,640

always get excuses right

642

00:31:59,830 --> 00:31:58,389

and that's

643

00:32:02,070 --> 00:31:59,840

people putting it up their own

644

00:32:03,990 --> 00:32:02,080

roadblocks in front of themselves not

645

00:32:05,350 --> 00:32:04,000

wanting to do anything i can't say how

646

00:32:10,230 --> 00:32:05,360

difficult it would really be i don't

647

00:32:16,230 --> 00:32:12,950

yeah it fell but i mean

648

00:32:17,269 --> 00:32:16,240

that's a lot of horseback to even locate

649

00:32:22,470 --> 00:32:17,279

it

650

00:32:30,389 --> 00:32:23,830

yeah

651
00:32:32,549 --> 00:32:30,399
because it's a triangular object

652
00:32:35,029 --> 00:32:32,559
so moving on from that a little scenario

653
00:32:37,750 --> 00:32:35,039
there's dear sirs

654
00:32:40,710 --> 00:32:37,760
dear sirs enclosed as a roll of film on

655
00:32:42,389 --> 00:32:40,720
which is a triangular object

656
00:32:44,950 --> 00:32:42,399
in a stationary position

657
00:32:47,190 --> 00:32:44,960
which hovered over the sudan

658
00:32:49,509 --> 00:32:47,200
in the lehighand desert for several

659
00:32:53,190 --> 00:32:49,519
hours

660
00:32:58,070 --> 00:32:55,509
uh the idea of being in from outer space

661
00:33:03,350 --> 00:32:58,080
is not you know this is funny because we

662
00:33:09,190 --> 00:33:07,029
the idea of it being from outer space

663
00:33:13,750 --> 00:33:09,200

is not in the least

664

00:33:18,710 --> 00:33:13,760

thought of it possibly being russian

665

00:33:24,230 --> 00:33:21,029

we hear that same thing today

666

00:33:25,830 --> 00:33:24,240

oh i hope it's from outer space

667

00:33:30,630 --> 00:33:25,840

and ain't russian or chinese who just

668

00:33:35,350 --> 00:33:33,029

he's yeah that's interesting and people

669

00:33:37,110 --> 00:33:35,360

are saying the same stuff

670

00:33:40,630 --> 00:33:37,120

the same things are so what's happening

671

00:33:43,750 --> 00:33:42,070

does everything just repeat with

672

00:33:46,710 --> 00:33:43,760

different characters

673

00:33:48,789 --> 00:33:46,720

in different like

674

00:33:50,310 --> 00:33:48,799

visual objects

675

00:33:52,310 --> 00:33:50,320

and things

676

00:33:56,870 --> 00:33:52,320

but like the patterns of humanity are

677

00:33:56,880 --> 00:34:01,350

i don't know

678

00:34:04,870 --> 00:34:03,110

hesitated to cut the film because i

679

00:34:06,630 --> 00:34:04,880

don't know much about that sort of thing

680

00:34:10,230 --> 00:34:06,640

so would you please return the other

681

00:34:12,550 --> 00:34:10,240

portion to me thank you

682

00:34:14,710 --> 00:34:12,560

it's a downtown tripoli

683

00:34:16,629 --> 00:34:14,720

all right sorry keep doing that stupid

684

00:34:19,030 --> 00:34:16,639

accent

685

00:34:23,430 --> 00:34:21,750

oh this is awful those libyan

686

00:34:25,430 --> 00:34:23,440

i'm not even going to see that but

687

00:34:27,270 --> 00:34:25,440

they're not stupid and the communist

688

00:34:28,710 --> 00:34:27,280

infiltrates are educating them at an

689

00:34:30,950 --> 00:34:28,720

alarming rate

690

00:34:33,030 --> 00:34:30,960

okay

691

00:34:36,230 --> 00:34:33,040

what's the point of even writing that

692

00:34:38,790 --> 00:34:36,240

okay there probably is somewhere

693

00:34:40,470 --> 00:34:38,800

oh here we go

694

00:34:42,069 --> 00:34:40,480

look at that

695

00:34:44,230 --> 00:34:42,079

dear sir would you see to it that this

696

00:34:46,069 --> 00:34:44,240

role of film reaches u.s army air force

697

00:34:54,790 --> 00:34:46,079

intelligence as soon as possible it

698

00:35:03,510 --> 00:34:56,470

department of justice j

699

00:35:07,349 --> 00:35:05,430

this is interesting

700

00:35:13,270 --> 00:35:07,359

it's a lot of names and a lot of

701
00:35:17,829 --> 00:35:14,870
so

702
00:35:18,790 --> 00:35:17,839
maybe they wouldn't be allowed to talk

703
00:35:20,470 --> 00:35:18,800
but

704
00:35:30,710 --> 00:35:20,480
i guess you could say i'm talking for

705
00:35:34,710 --> 00:35:32,550
so

706
00:35:39,109 --> 00:35:34,720
if any of these people want to come out

707
00:35:41,190 --> 00:35:39,119
if they're alive still may not be

708
00:35:42,950 --> 00:35:41,200
let's do it

709
00:35:47,030 --> 00:35:42,960
witnesses

710
00:35:52,310 --> 00:35:48,950
this is a pretty good one the reason i

711
00:35:54,630 --> 00:35:52,320
put this in here is because

712
00:35:58,950 --> 00:35:54,640
they took a lot of their own reports

713
00:36:00,470 --> 00:35:58,960

again a lot of hands in the cookie jar

714

00:36:02,710 --> 00:36:00,480

what's interesting about their reports

715

00:36:05,190 --> 00:36:02,720

is at the end of them they ask

716

00:36:08,390 --> 00:36:05,200

were you able to recover any material

717

00:36:11,349 --> 00:36:10,069

i don't know if i saved that in here but

718

00:36:14,310 --> 00:36:11,359

we'll get to it

719

00:36:17,910 --> 00:36:14,320

here we go same thing propulsion

720

00:36:20,470 --> 00:36:17,920

no means of propulsion was apparent

721

00:36:22,710 --> 00:36:20,480

no evidence of any means of control or

722

00:36:24,950 --> 00:36:22,720

of maintaining stability was observed i

723

00:36:29,109 --> 00:36:24,960

can't do this every day so

724

00:36:32,230 --> 00:36:29,990

oh

725

00:36:33,750 --> 00:36:32,240

man sorry if this is this is too long

726
00:36:38,950 --> 00:36:33,760
this microphone

727
00:36:38,960 --> 00:36:42,069
um

728
00:36:46,230 --> 00:36:44,950
wow look at this one

729
00:36:51,670 --> 00:36:46,240
should we go through each one

730
00:36:58,310 --> 00:36:55,430
okay dates december 5th 1948

731
00:37:03,030 --> 00:37:00,470
military pilots

732
00:37:06,310 --> 00:37:03,040
university new mexico student civilian

733
00:37:08,630 --> 00:37:06,320
united states air force photographer

734
00:37:12,950 --> 00:37:08,640
railway worker university of northwest

735
00:37:17,510 --> 00:37:15,829
uh let's go to the following days oh

736
00:37:21,109 --> 00:37:17,520
looks like there was a little flap here

737
00:37:22,950 --> 00:37:21,119
it's andrea base los alamos las vegas

738
00:37:25,270 --> 00:37:22,960

osi

739

00:37:28,630 --> 00:37:25,280

aec security agent

740

00:37:30,150 --> 00:37:28,640

aess inspector

741

00:37:33,430 --> 00:37:30,160

do you guys believe that this is real

742

00:37:33,440 --> 00:37:43,510

oh here's some more january 6 1947

743

00:37:48,630 --> 00:37:44,630

that's

744

00:37:50,150 --> 00:37:48,640

an official government documented case

745

00:37:52,790 --> 00:37:50,160

before

746

00:37:55,910 --> 00:37:52,800

roswell

747

00:38:03,670 --> 00:37:55,920

and man one was mount rainier

748

00:38:09,829 --> 00:38:06,230

because that's interesting

749

00:38:13,510 --> 00:38:09,839

so here we go a on the record case

750

00:38:19,190 --> 00:38:13,520

january 6 1947 the old green fireball

751
00:38:21,750 --> 00:38:20,470
june

752
00:38:29,910 --> 00:38:21,760
yeah

753
00:38:32,710 --> 00:38:29,920
so there you go folks ask your

754
00:38:35,750 --> 00:38:32,720
government about that one what's up with

755
00:38:44,829 --> 00:38:35,760
that green fireball los alamos january 6

756
00:38:44,839 --> 00:38:50,150
man look at this

757
00:38:54,790 --> 00:38:51,990
just crazy

758
00:38:56,550 --> 00:38:54,800
and we got 25 people watching this so

759
00:38:58,950 --> 00:38:56,560
that makes me wonder do people actually

760
00:39:00,550 --> 00:38:58,960
want to know the truth

761
00:39:02,390 --> 00:39:00,560
or did they just pretend no one to know

762
00:39:05,349 --> 00:39:02,400
the truth

763
00:39:06,870 --> 00:39:05,359

we have 26 people watching i am not

764

00:39:08,950 --> 00:39:06,880

screwing around when i say i'm showing

765

00:39:11,270 --> 00:39:08,960

you the truth

766

00:39:13,270 --> 00:39:11,280

did you know about all these military

767

00:39:15,589 --> 00:39:13,280

sightings

768

00:39:18,470 --> 00:39:15,599

in laboratory

769

00:39:21,670 --> 00:39:20,230

where they worked on

770

00:39:28,630 --> 00:39:21,680

atomic

771

00:39:32,790 --> 00:39:30,550

do people even want to know that or do

772

00:39:34,630 --> 00:39:32,800

they just want to tweet and yell at

773

00:39:36,950 --> 00:39:34,640

people and that's what they're in this

774

00:39:42,310 --> 00:39:39,270

because i'm here putting in my own hard

775

00:39:48,950 --> 00:39:42,320

time to do this and you guys are very

776

00:39:52,630 --> 00:39:50,310

but i'm

777

00:39:54,230 --> 00:39:52,640

showing this to you and nobody else says

778

00:39:56,630 --> 00:39:54,240

anything does john greenwald say

779

00:40:04,390 --> 00:39:56,640

anything okay that a boy good job look

780

00:40:08,069 --> 00:40:05,430

you know

781

00:40:15,190 --> 00:40:08,079

but here it is you want it here it is

782

00:40:15,200 --> 00:40:18,309

same everything

783

00:40:22,230 --> 00:40:20,150

so if we want answers

784

00:40:25,349 --> 00:40:22,240

somehow we have to let the government

785

00:40:26,470 --> 00:40:25,359

know we are not ignorant

786

00:40:28,550 --> 00:40:26,480

to this

787

00:40:30,230 --> 00:40:28,560

but that won't happen if people prefer

788

00:40:31,750 --> 00:40:30,240

to just fight and bicker on twitter

789

00:40:33,750 --> 00:40:31,760

rather than actually

790

00:40:41,349 --> 00:40:33,760

putting in hard work to find something

791

00:40:45,910 --> 00:40:42,870

because to me it seems like that's what

792

00:40:48,150 --> 00:40:45,920

most people want to do these days

793

00:40:55,430 --> 00:40:48,160

let's just tear other people down and

794

00:40:55,440 --> 00:40:59,910

they want to play games

795

00:41:07,589 --> 00:41:01,910

make people feel bad for believing or

796

00:41:11,349 --> 00:41:09,190

meanwhile there's people putting in hard

797

00:41:13,349 --> 00:41:11,359

work

798

00:41:14,790 --> 00:41:13,359

that would love to have a voice of some

799

00:41:26,069 --> 00:41:14,800

of those people that just care about

800

00:41:31,430 --> 00:41:28,390

so if you want truth if you actually

801
00:41:33,270 --> 00:41:31,440
want disclosure you have to work for it

802
00:41:36,230 --> 00:41:33,280
and look at

803
00:41:40,390 --> 00:41:37,910
this isn't some

804
00:41:43,270 --> 00:41:40,400
uh it could be that or it could be this

805
00:41:46,630 --> 00:41:43,280
or it leads you to believe these are ufo

806
00:41:49,990 --> 00:41:46,640
reports that went unidentified

807
00:41:51,589 --> 00:41:50,000
at an atomic and nuclear laboratory los

808
00:42:00,829 --> 00:41:51,599
alamos

809
00:42:06,470 --> 00:42:03,910
so i'm not sure what else you're waiting

810
00:42:09,030 --> 00:42:06,480
for other than hard

811
00:42:11,349 --> 00:42:09,040
evidence and facts

812
00:42:12,790 --> 00:42:11,359
that the same phenomenon

813
00:42:18,230 --> 00:42:12,800

has been around

814

00:42:23,190 --> 00:42:21,190

and we are dealing with the same thing

815

00:42:27,190 --> 00:42:23,200

celebrating that the government

816

00:42:33,430 --> 00:42:27,200

admits uaps exist well screw that

817

00:42:35,990 --> 00:42:34,550

at least

818

00:42:38,150 --> 00:42:36,000

according to this one

819

00:42:48,630 --> 00:42:38,160

this report

820

00:42:54,550 --> 00:42:51,510

yeah this is basically what it is people

821

00:42:55,430 --> 00:42:54,560

uh treat the ufo community like it's a

822

00:42:57,990 --> 00:42:55,440

click

823

00:42:59,030 --> 00:42:58,000

or it's uh like you know reminds me a

824

00:43:00,230 --> 00:42:59,040

lot of

825

00:43:02,550 --> 00:43:00,240

uh

826

00:43:04,870 --> 00:43:02,560

playing music my whole life

827

00:43:07,109 --> 00:43:04,880

you know a lot of people that play music

828

00:43:08,390 --> 00:43:07,119

are in it to look cool and say they play

829

00:43:10,390 --> 00:43:08,400

music

830

00:43:12,710 --> 00:43:10,400

and go to parties where other people who

831

00:43:17,109 --> 00:43:12,720

play music are and then they all feel

832

00:43:21,670 --> 00:43:18,870

it's the same thing in this ufo

833

00:43:24,630 --> 00:43:23,430

people put on their fronts their

834

00:43:28,150 --> 00:43:24,640

attitudes

835

00:43:31,349 --> 00:43:29,990

cause drama

836

00:43:33,589 --> 00:43:31,359

and i really think some of them don't

837

00:43:36,069 --> 00:43:33,599

even want to know the truth because it

838

00:43:38,390 --> 00:43:36,079

would break this little community that

839

00:43:40,150 --> 00:43:38,400

they so love

840

00:43:42,870 --> 00:43:40,160

to contribute

841

00:43:42,880 --> 00:43:53,670

and you probably know who you are

842

00:43:59,829 --> 00:43:56,870

yeah into those people do something

843

00:44:05,510 --> 00:44:04,150

stop talking stop tweeting

844

00:44:06,790 --> 00:44:05,520

work

845

00:44:10,390 --> 00:44:06,800

do something

846

00:44:11,589 --> 00:44:10,400

and when you're done show the results

847

00:44:13,190 --> 00:44:11,599

okay

848

00:44:18,630 --> 00:44:13,200

because until then you're just causing

849

00:44:25,430 --> 00:44:21,589

just do your work

850

00:44:29,750 --> 00:44:27,030

and if you're not working and you're

851

00:44:32,150 --> 00:44:29,760

just talking i don't really care about

852

00:44:34,790 --> 00:44:32,160

what you

853

00:44:37,190 --> 00:44:34,800

you know i care about you but

854

00:44:39,109 --> 00:44:37,200

but you know it's it's just a lot less

855

00:44:41,270 --> 00:44:39,119

important to me than the people are

856

00:44:48,710 --> 00:44:41,280

actually working

857

00:44:48,720 --> 00:44:55,750

sorry went on a little tangent myself

858

00:45:00,550 --> 00:44:58,390

and you know

859

00:45:02,069 --> 00:45:00,560

thank you i appreciate that you guys are

860

00:45:04,790 --> 00:45:02,079

super nice with your comments i do

861

00:45:06,550 --> 00:45:04,800

appreciate it and i wouldn't still be

862

00:45:09,190 --> 00:45:06,560

doing this if i didn't have you guys

863

00:45:12,550 --> 00:45:09,200

even here watching this like

864

00:45:14,950 --> 00:45:12,560

that to me is enough to make me continue

865

00:45:17,430 --> 00:45:14,960

to look for this

866

00:45:19,030 --> 00:45:17,440

but as it goes on and not more people

867

00:45:21,030 --> 00:45:19,040

are you know

868

00:45:23,589 --> 00:45:21,040

finding out about it and looking at it

869

00:45:25,430 --> 00:45:23,599

it's disheartening you know

870

00:45:27,910 --> 00:45:25,440

and it makes you think like

871

00:45:30,230 --> 00:45:27,920

do people really want any sort of truth

872

00:45:30,240 --> 00:45:36,630

or do they just want a community

873

00:45:40,309 --> 00:45:38,390

and i don't think there's a wrong answer

874

00:45:42,230 --> 00:45:40,319

to it either as long as you're honest

875

00:45:44,150 --> 00:45:42,240

with yourself

876
00:45:46,309 --> 00:45:44,160
and others

877
00:45:47,910 --> 00:45:46,319
i'm here because i enjoy the community i

878
00:45:49,510 --> 00:45:47,920
like the people

879
00:45:51,270 --> 00:45:49,520
and i do think there's something going

880
00:45:55,430 --> 00:45:51,280
on but i don't have time to do this or

881
00:45:59,270 --> 00:45:57,270
sorry okay

882
00:46:02,390 --> 00:45:59,280
uh starvation peak that's interesting i

883
00:46:03,829 --> 00:46:02,400
started looking that one up

884
00:46:07,829 --> 00:46:03,839
just

885
00:46:13,910 --> 00:46:11,589
and woo woo is is fine you know i think

886
00:46:17,349 --> 00:46:13,920
exists so woo

887
00:46:19,109 --> 00:46:17,359
should be addressed but you can't go

888
00:46:21,990 --> 00:46:19,119

from

889

00:46:24,710 --> 00:46:22,000

the government just admitted to us that

890

00:46:26,150 --> 00:46:24,720

uaps exist straight to

891

00:46:30,470 --> 00:46:26,160

we're trying to

892

00:46:33,910 --> 00:46:31,589

with

893

00:46:36,309 --> 00:46:33,920

aliens

894

00:46:41,510 --> 00:46:36,319

there's there's a big missing piece

895

00:46:41,520 --> 00:46:46,950

and but that's what we're getting

896

00:46:51,910 --> 00:46:49,270

sorry but there are too many younger

897

00:46:54,630 --> 00:46:51,920

sheep in today's world

898

00:46:57,750 --> 00:46:54,640

younger sheep are fine

899

00:47:01,510 --> 00:46:57,760

and they're smart and they can work hard

900

00:47:05,190 --> 00:47:03,270

some

901
00:47:07,190 --> 00:47:05,200
do this stuff and i did this at first

902
00:47:08,829 --> 00:47:07,200
too and maybe still do i'm sorry if i do

903
00:47:11,030 --> 00:47:08,839
but act like he knows

904
00:47:12,790 --> 00:47:11,040
something because he looked at some

905
00:47:16,390 --> 00:47:12,800
documents for a couple months you know

906
00:47:16,400 --> 00:47:19,910
true

907
00:47:26,790 --> 00:47:22,150
but it's just surprising to me that

908
00:47:26,800 --> 00:47:31,589
and

909
00:47:35,510 --> 00:47:33,829
everyone i ask or whatever like nobody's

910
00:47:37,190 --> 00:47:35,520
heard of this stuff

911
00:47:42,710 --> 00:47:37,200
so like what are people are looking for

912
00:47:42,720 --> 00:47:46,710
so i don't know

913
00:47:51,750 --> 00:47:49,160

osi district 10

914

00:47:55,430 --> 00:47:51,760

[Music]

915

00:47:57,829 --> 00:47:55,440

um like don't get don't confuse this for

916

00:47:59,589 --> 00:47:57,839

anger by the way this is passion

917

00:48:02,309 --> 00:47:59,599

i just have a loud voice and i'm very

918

00:48:02,319 --> 00:48:13,430

it's not anger it's passion

919

00:48:13,440 --> 00:48:18,730

look at this

920

00:48:22,870 --> 00:48:20,230

[Music]

921

00:48:43,349 --> 00:48:22,880

i'm just like here just read it just

922

00:48:47,109 --> 00:48:45,589

december 20 1948

923

00:48:49,109 --> 00:48:47,119

different kernels too they're always

924

00:48:50,630 --> 00:48:49,119

different colonels

925

00:48:53,750 --> 00:48:50,640

here's la paz

926

00:48:56,790 --> 00:48:53,760

on the trail he was actually you know

927

00:48:59,670 --> 00:48:56,800

people say that they thought twinkle was

928

00:49:01,030 --> 00:48:59,680

a failure or whatever but i'll tell you

929

00:49:02,630 --> 00:49:01,040

this

930

00:49:04,870 --> 00:49:02,640

the reason he's probably talked about

931

00:49:07,430 --> 00:49:04,880

that way is because he was honest with

932

00:49:08,630 --> 00:49:07,440

his opinions

933

00:49:13,109 --> 00:49:08,640

and

934

00:49:17,109 --> 00:49:13,119

i am about to show you an instance where

935

00:49:20,630 --> 00:49:18,470

by people

936

00:49:22,790 --> 00:49:20,640

that they want him

937

00:49:25,910 --> 00:49:22,800

to find a meteorite if you know what i

938

00:49:28,829 --> 00:49:27,190

but he couldn't because it has the

939

00:49:31,829 --> 00:49:28,839

absence of

940

00:49:39,670 --> 00:49:31,839

sound and the qualities were so distinct

941

00:49:44,950 --> 00:49:42,150

oh 13 like these are just a dime a dozen

942

00:49:47,109 --> 00:49:44,960

now they used to

943

00:49:51,750 --> 00:49:47,119

oh here we go was observed by atomic

944

00:49:53,310 --> 00:49:51,760

energy security service inspectors huh

945

00:49:55,990 --> 00:49:53,320

i wonder if that's legit

946

00:50:00,549 --> 00:49:56,000

[Music]

947

00:50:00,559 --> 00:50:06,069

those aren't regular fireballs baby

948

00:50:12,390 --> 00:50:11,349

okay here we go there's just same stuff

949

00:50:14,230 --> 00:50:12,400

different day

950

00:50:17,589 --> 00:50:14,240

right sorry i'm running out of time so

951
00:50:21,510 --> 00:50:19,750
uh no there again i checked very

952
00:50:24,230 --> 00:50:21,520
carefully because i was concerned i'm

953
00:50:33,109 --> 00:50:24,240
trying desperately to give a logical

954
00:50:33,119 --> 00:50:36,230
trying desperately

955
00:50:41,430 --> 00:50:38,790
who's dr lapaz now is that avilo who's

956
00:50:46,630 --> 00:50:41,440
the who's dr la paz now

957
00:50:50,390 --> 00:50:48,470
we could use a dr lopez because he was

958
00:50:54,230 --> 00:50:50,400
actually honest in what he could and

959
00:50:56,069 --> 00:50:54,240
could not find and what he thought

960
00:50:57,670 --> 00:50:56,079
here's a conversation

961
00:50:58,790 --> 00:50:57,680
he's having

962
00:51:02,630 --> 00:50:58,800
do you think

963
00:51:05,589 --> 00:51:02,640

it unusual no fragments are found i

964

00:51:06,950 --> 00:51:05,599

certainly do and i think it is unusual

965

00:51:08,710 --> 00:51:06,960

not only in the case of the green

966

00:51:10,309 --> 00:51:08,720

fireballs but in the view of the fact

967

00:51:15,030 --> 00:51:10,319

that a great fall

968

00:51:19,430 --> 00:51:15,040

like the fall of october 30th 1947

969

00:51:23,510 --> 00:51:19,440

the first time we detected a bit of the

970

00:51:28,390 --> 00:51:23,520

interest on the party of the military

971

00:51:32,390 --> 00:51:30,870

up 4 48 in the afternoon there was what

972

00:51:34,630 --> 00:51:32,400

appeared to be a tremendous meteorite

973

00:51:38,230 --> 00:51:34,640

fall over the reservation area

974

00:51:44,549 --> 00:51:41,990

we got there within a very few hours had

975

00:51:47,030 --> 00:51:44,559

excellent observations

976
00:51:48,870 --> 00:51:47,040
went back time and again

977
00:51:53,030 --> 00:51:48,880
exhausted

978
00:51:54,790 --> 00:51:53,040
blank blank people in airplanes

979
00:51:56,069 --> 00:51:54,800
we had a radio

980
00:51:57,990 --> 00:51:56,079
uh

981
00:52:00,309 --> 00:51:58,000
i don't know

982
00:52:02,950 --> 00:52:00,319
controlled jeeps and a lot of people out

983
00:52:05,750 --> 00:52:02,960
walking around and not a trace

984
00:52:11,030 --> 00:52:05,760
i can't give you a color on that because

985
00:52:11,040 --> 00:52:13,430
well

986
00:52:17,750 --> 00:52:15,349
originally when phenomena of that nature

987
00:52:18,870 --> 00:52:17,760
occurs you are able to recover some

988
00:52:20,470 --> 00:52:18,880

material

989

00:52:25,030 --> 00:52:20,480

yes

990

00:52:28,950 --> 00:52:25,040

some material is recovered almost always

991

00:52:32,630 --> 00:52:30,630

whatever um

992

00:52:33,430 --> 00:52:32,640

gill plaid corpse

993

00:52:35,270 --> 00:52:33,440

hmm

994

00:52:37,430 --> 00:52:35,280

something to look into

995

00:52:39,430 --> 00:52:37,440

dr langsberg of the research and

996

00:52:41,829 --> 00:52:39,440

development board very kindly interested

997

00:52:43,430 --> 00:52:41,839

himself in the problem and the air

998

00:52:45,750 --> 00:52:43,440

searches resulted

999

00:52:48,069 --> 00:52:45,760

not even in the discovery of a broken

1000

00:52:49,910 --> 00:52:48,079

branch the region is heavily forested if

1001
00:52:52,549 --> 00:52:49,920
branches had been broken

1002
00:52:54,150 --> 00:52:52,559
i think they would have been detected

1003
00:52:57,030 --> 00:52:54,160
i haven't classified that particular

1004
00:52:59,109 --> 00:52:57,040
fall however with the green fireballs

1005
00:53:02,630 --> 00:52:59,119
and for this reason

1006
00:53:05,270 --> 00:53:02,640
uh that left a train

1007
00:53:07,750 --> 00:53:05,280
another another thing which i might have

1008
00:53:09,990 --> 00:53:07,760
uh mentioned in normal meteorite fall

1009
00:53:13,190 --> 00:53:10,000
will produce a long enduring

1010
00:53:15,910 --> 00:53:13,200
okay train visible by day and night

1011
00:53:25,750 --> 00:53:15,920
luminous by night and by day

1012
00:53:29,349 --> 00:53:27,109
we're getting some

1013
00:53:31,349 --> 00:53:29,359

data in the case of the irons it will be

1014

00:53:33,910 --> 00:53:31,359

very faint

1015

00:53:39,910 --> 00:53:33,920

but it'll be there

1016

00:53:43,510 --> 00:53:42,309

okay then you would say there were 10

1017

00:53:48,150 --> 00:53:43,520

incidences

1018

00:53:52,150 --> 00:53:50,150

green fireballs

1019

00:53:53,990 --> 00:53:52,160

with reports checked by a sufficient

1020

00:53:55,430 --> 00:53:54,000

number of independent observers that

1021

00:53:56,630 --> 00:53:55,440

there is no doubt whatsoever of their

1022

00:53:59,510 --> 00:53:56,640

occurrence

1023

00:54:03,109 --> 00:54:01,349

then there are 20 with some deviations

1024

00:54:06,230 --> 00:54:03,119

two of these probably are related to the

1025

00:54:10,710 --> 00:54:08,630

so if you didn't know green fireballs

1026
00:54:13,910 --> 00:54:10,720
are the phenomenon

1027
00:54:15,589 --> 00:54:13,920
so they actually took the phenomenon and

1028
00:54:18,150 --> 00:54:15,599
merged it with green fireballs and

1029
00:54:21,510 --> 00:54:18,160
that's what they called them

1030
00:54:25,750 --> 00:54:23,670
this is an interesting one

1031
00:54:27,750 --> 00:54:25,760
it showed some letters dr lapaz around

1032
00:54:30,549 --> 00:54:27,760
the table and there was general talk not

1033
00:54:32,710 --> 00:54:30,559
able to be picked up individually

1034
00:54:39,190 --> 00:54:32,720
the basic purpose of this meeting is we

1035
00:54:39,200 --> 00:54:42,549
that's what we want

1036
00:54:46,470 --> 00:54:45,109
he couldn't do it

1037
00:54:49,109 --> 00:54:46,480
so that's why

1038
00:54:50,470 --> 00:54:49,119

he probably didn't work there anymore

1039

00:54:51,670 --> 00:54:50,480

which he did officially work for the

1040

00:54:56,870 --> 00:54:51,680

government

1041

00:55:01,349 --> 00:54:58,950

anyone from the national defense

1042

00:55:03,190 --> 00:55:01,359

establishment given us anything sent out

1043

00:55:04,789 --> 00:55:03,200

any conjectures about this thing nope

1044

00:55:09,670 --> 00:55:04,799

most of the military authorities think

1045

00:55:14,150 --> 00:55:11,750

that is except for the army air force

1046

00:55:15,589 --> 00:55:14,160

which is taking active interest in

1047

00:55:17,670 --> 00:55:15,599

details

1048

00:55:19,430 --> 00:55:17,680

the air force does have the primary

1049

00:55:23,349 --> 00:55:19,440

interest in this gadget

1050

00:55:26,390 --> 00:55:25,430

you don't call a meteor or something a

1051
00:55:27,990 --> 00:55:26,400
gadget

1052
00:55:30,069 --> 00:55:28,000
how did they use that word back then

1053
00:55:33,430 --> 00:55:30,079
that's interesting

1054
00:55:41,850 --> 00:55:33,440
uh yes the air force is the gathering

1055
00:55:47,030 --> 00:55:44,069
[Music]

1056
00:55:51,750 --> 00:55:50,069
unless you feed power into a body moving

1057
00:55:53,670 --> 00:55:51,760
in a horizontal path

1058
00:55:56,789 --> 00:55:53,680
can it preserve essentially a horizontal

1059
00:55:57,990 --> 00:55:56,799
trajectory a plane does it meteorites

1060
00:56:00,309 --> 00:55:58,000
don't do it

1061
00:56:02,950 --> 00:56:00,319
shows curves as the energy falls off

1062
00:56:04,950 --> 00:56:02,960
this thing apparently ignores air

1063
00:56:12,150 --> 00:56:04,960

resistance and gravity and goes

1064

00:56:12,160 --> 00:56:17,030

in 1945

1065

00:56:22,150 --> 00:56:19,030

or 46.

1066

00:56:25,829 --> 00:56:22,160

i observe practically the same thing

1067

00:56:30,549 --> 00:56:28,549

i thought it was a roman candle

1068

00:56:31,750 --> 00:56:30,559

definitely like green in color i am

1069

00:56:35,750 --> 00:56:31,760

still worried

1070

00:56:42,549 --> 00:56:35,760

about the fact that they can't report

1071

00:56:48,150 --> 00:56:44,789

oh maybe because the phenomenon isn't

1072

00:56:48,160 --> 00:56:52,789

oh yeah

1073

00:56:57,190 --> 00:56:56,069

i'm just gonna look at these uh

1074

00:56:58,390 --> 00:56:57,200

stationary

1075

00:57:02,630 --> 00:56:58,400

is not moving

1076
00:57:02,640 --> 00:57:06,150
yeah so

1077
00:57:11,190 --> 00:57:08,150
my experience since i was suspect of

1078
00:57:13,190 --> 00:57:11,200
psychological apparations

1079
00:57:16,069 --> 00:57:13,200
at the time i reported these stationary

1080
00:57:18,309 --> 00:57:16,079
fireballs to for example dr kamplin my

1081
00:57:19,670 --> 00:57:18,319
experience with led me to be very

1082
00:57:21,589 --> 00:57:19,680
cautious

1083
00:57:23,349 --> 00:57:21,599
about taking my concern

1084
00:57:26,390 --> 00:57:23,359
but at the same time i feel like we

1085
00:57:27,990 --> 00:57:26,400
shouldn't be too hasty in giving a

1086
00:57:32,069 --> 00:57:28,000
natural explanation

1087
00:57:37,430 --> 00:57:33,750
does anybody know who this person is by

1088
00:57:39,589 --> 00:57:37,440

chance madeline gwen merchant

1089

00:57:42,470 --> 00:57:39,599

i want to look her up

1090

00:57:44,309 --> 00:57:42,480

but they both seemingly were kind of shy

1091

00:57:47,750 --> 00:57:44,319

to say they've been talking to her for a

1092

00:57:55,270 --> 00:57:49,470

camarillo

1093

00:57:59,190 --> 00:57:57,910

this is going to be what i call a

1094

00:58:03,190 --> 00:57:59,200

preview

1095

00:58:07,990 --> 00:58:06,150

that i'm going to go over very soon with

1096

00:58:15,670 --> 00:58:08,000

you

1097

00:58:19,510 --> 00:58:17,670

and so

1098

00:58:21,510 --> 00:58:19,520

just so you know i don't have it in me

1099

00:58:22,470 --> 00:58:21,520

to

1100

00:58:30,470 --> 00:58:22,480

um

1101

00:58:37,030 --> 00:58:32,789

oh thanks robert

1102

00:58:46,230 --> 00:58:39,030

she had to hear the osi for some reason

1103

00:58:46,240 --> 00:58:48,549

so

1104

00:58:48,559 --> 00:58:55,990

that's what we got for district 10.

1105

00:59:01,589 --> 00:58:59,190

um this is

1106

00:59:05,750 --> 00:59:01,599

probably the normal size of all the

1107

00:59:14,069 --> 00:59:08,549

then there's one that's about 700 some

1108

00:59:14,079 --> 00:59:17,190

um there is

1109

00:59:21,510 --> 00:59:19,270

it's a time an object was visible in a

1110

00:59:22,360 --> 00:59:21,520

known distance between the san andreas

1111

00:59:27,910 --> 00:59:22,370

mountain range

1112

00:59:32,760 --> 00:59:32,470

sorry just got distracted okay

1113

00:59:34,950 --> 00:59:32,770

so

1114

00:59:36,870 --> 00:59:34,960

[Music]

1115

00:59:42,309 --> 00:59:36,880

that's what i got for you today

1116

00:59:42,319 --> 00:59:47,510

if you're not familiar

1117

00:59:52,309 --> 00:59:50,069

with um

1118

00:59:54,069 --> 00:59:52,319

the stuff

1119

00:59:55,829 --> 00:59:54,079

like the documents and stuff and you

1120

00:59:57,589 --> 00:59:55,839

want to see them yourself

1121

01:00:00,390 --> 00:59:57,599

go to my website there witness

1122

01:00:02,470 --> 01:00:00,400

citizen.com

1123

01:00:04,710 --> 01:00:02,480

um

1124

01:00:05,589 --> 01:00:04,720

and on the homepage i have the latest

1125

01:00:07,750 --> 01:00:05,599

posts

1126

01:00:09,910 --> 01:00:07,760

that i make in the latest post

1127

01:00:11,109 --> 01:00:09,920

is the clifford stone collection of

1128

01:00:12,470 --> 01:00:11,119

documents

1129

01:00:14,470 --> 01:00:12,480

which is everything we're looking at

1130

01:00:15,589 --> 01:00:14,480

right now

1131

01:00:18,630 --> 01:00:15,599

so

1132

01:00:22,150 --> 01:00:18,640

there is a lot in there we just went

1133

01:00:24,230 --> 01:00:22,160

over osi district 10. so if you want to

1134

01:00:27,589 --> 01:00:24,240

document what we went over you can go to

1135

01:00:34,630 --> 01:00:30,309

um yeah went over this one before um i

1136

01:00:37,829 --> 01:00:34,640

got it from a clifford stone

1137

01:00:39,990 --> 01:00:37,839

uh who uploaded them online about six

1138

01:00:42,150 --> 01:00:40,000

years ago he passed away

1139

01:00:44,870 --> 01:00:42,160

and

1140

01:00:47,270 --> 01:00:44,880

uh

1141

01:00:48,390 --> 01:00:47,280

56 alien races and all that stuff or

1142

01:00:49,910 --> 01:00:48,400

whatever

1143

01:00:52,870 --> 01:00:49,920

but the guy worked for

1144

01:00:53,910 --> 01:00:52,880

um i think it was the army or was in the

1145

01:00:55,109 --> 01:00:53,920

army

1146

01:00:57,430 --> 01:00:55,119

and

1147

01:01:00,309 --> 01:00:57,440

he knew where all the documents were

1148

01:01:05,349 --> 01:01:02,470

he went and got some

1149

01:01:07,190 --> 01:01:05,359

and he uploaded them um on this website

1150

01:01:09,030 --> 01:01:07,200

that i found and all you have to do

1151
01:01:11,589 --> 01:01:09,040
really you can download them yourself is

1152
01:01:13,109 --> 01:01:11,599
just make a

1153
01:01:14,789 --> 01:01:13,119
free

1154
01:01:16,309 --> 01:01:14,799
profile

1155
01:01:18,230 --> 01:01:16,319
but i think if you don't cancel it

1156
01:01:21,109 --> 01:01:18,240
you'll get charged for it but you can

1157
01:01:23,430 --> 01:01:21,119
literally just download each one

1158
01:01:26,150 --> 01:01:23,440
and that's what i did but there's he's

1159
01:01:27,990 --> 01:01:26,160
got a lot of stuff that i don't even

1160
01:01:30,470 --> 01:01:28,000
can't even pretend to understand on

1161
01:01:33,349 --> 01:01:30,480
there so

1162
01:01:34,470 --> 01:01:33,359
what i got is uh curated pretty much i

1163
01:01:36,789 --> 01:01:34,480

curated

1164

01:01:38,870 --> 01:01:36,799

and took all the ufo

1165

01:01:40,069 --> 01:01:38,880

uap

1166

01:01:41,670 --> 01:01:40,079

stuff

1167

01:01:43,349 --> 01:01:41,680

and downloaded it and put it on my

1168

01:01:44,710 --> 01:01:43,359

website for you guys so it could be all

1169

01:01:46,390 --> 01:01:44,720

in one

1170

01:01:50,150 --> 01:01:46,400

consolidated place

1171

01:01:53,910 --> 01:01:52,150

so that's what i did but if you want to

1172

01:01:55,990 --> 01:01:53,920

download any of those you can you can go

1173

01:01:58,390 --> 01:01:56,000

to that website

1174

01:02:01,430 --> 01:01:58,400

i forget what it's called but if you

1175

01:02:03,349 --> 01:02:01,440

just google clifford stone like atik osi

1176
01:02:04,710 --> 01:02:03,359
or and then go to images you'll see like

1177
01:02:07,029 --> 01:02:04,720
what looks like a document it'll

1178
01:02:09,589 --> 01:02:07,039
probably that's how i found it

1179
01:02:11,990 --> 01:02:09,599
i was just looking for stuff

1180
01:02:13,589 --> 01:02:12,000
googling right

1181
01:02:15,750 --> 01:02:13,599
which people say

1182
01:02:18,950 --> 01:02:15,760
you're not real investigator well i

1183
01:02:20,710 --> 01:02:18,960
googled found steph you didn't

1184
01:02:23,990 --> 01:02:20,720
the thing is

1185
01:02:28,710 --> 01:02:25,829
still didn't see anything clicked on

1186
01:02:31,190 --> 01:02:28,720
more images

1187
01:02:33,589 --> 01:02:31,200
saw a document clicked on it

1188
01:02:38,309 --> 01:02:33,599

jackpot

1189

01:02:41,910 --> 01:02:40,150
that there's just so much there

1190

01:02:44,710 --> 01:02:41,920
especially for someone new

1191

01:02:47,990 --> 01:02:44,720
like me it can be easily overwhelming

1192

01:02:51,349 --> 01:02:48,000
and i don't know what other people know

1193

01:02:53,510 --> 01:02:51,359
because i am new i haven't been around

1194

01:02:55,109 --> 01:02:53,520
you know to see

1195

01:02:57,349 --> 01:02:55,119
what people have been talking about in

1196

01:02:59,109 --> 01:02:57,359
their discoveries and new documents and

1197

01:03:00,870 --> 01:02:59,119
new vid like i haven't been around to

1198

01:03:02,470 --> 01:03:00,880
know all that and to catch up with that

1199

01:03:04,150 --> 01:03:02,480
is impossible

1200

01:03:07,670 --> 01:03:04,160
but that doesn't mean i can't try to

1201

01:03:13,430 --> 01:03:10,950

so i'm not sure if

1202

01:03:15,750 --> 01:03:13,440

everybody's seen this but i'd have to

1203

01:03:19,750 --> 01:03:15,760

imagine that they have not or we

1204

01:03:23,109 --> 01:03:21,190

because you'd have a whole country

1205

01:03:25,510 --> 01:03:23,119

people who know they were the

1206

01:03:27,589 --> 01:03:25,520

phenomenons visiting military

1207

01:03:32,390 --> 01:03:27,599

establishments in

1208

01:03:32,400 --> 01:03:36,789

since 49

1209

01:03:41,750 --> 01:03:38,789

and i think clifford stone knew that so

1210

01:03:42,710 --> 01:03:41,760

do what you can to like this video

1211

01:03:45,430 --> 01:03:42,720

share it

1212

01:03:46,950 --> 01:03:45,440

subscribe

1213

01:03:48,789 --> 01:03:46,960

all that stuff find me on facebook

1214

01:03:50,549 --> 01:03:48,799

twitter or no i'm not on facebook

1215

01:03:52,069 --> 01:03:50,559

actually i mean i'm

1216

01:03:55,190 --> 01:03:52,079

i have a personal one on there but i

1217

01:03:58,230 --> 01:03:55,200

haven't gone on in like almost a year

1218

01:04:01,350 --> 01:04:01,109

so twitter instagram

1219

01:04:02,789 --> 01:04:01,360

um

1220

01:04:05,190 --> 01:04:02,799

[Music]

1221

01:04:08,950 --> 01:04:05,200

or you can email me srash

1222

01:04:14,309 --> 01:04:10,950

hey you know what

1223

01:04:15,829 --> 01:04:14,319

that works and i'm happy to

1224

01:04:17,670 --> 01:04:15,839

that's a task

1225

01:04:19,829 --> 01:04:17,680

that's a mission

1226

01:04:22,069 --> 01:04:19,839

that's something that i can feel good

1227

01:04:27,270 --> 01:04:22,079

about so thank you for saying that i

1228

01:04:33,510 --> 01:04:28,789

that's like one of the nicest things

1229

01:04:38,309 --> 01:04:35,990

yeah me too nigel i'm glad you're around

1230

01:04:40,870 --> 01:04:38,319

thank you it's nice to have you live i

1231

01:04:43,829 --> 01:04:40,880

love the excitement

1232

01:04:45,109 --> 01:04:43,839

serve psych thank you sir

1233

01:04:46,870 --> 01:04:45,119

i'm trying to do something i'm not

1234

01:04:51,029 --> 01:04:46,880

trying to just talk people's ear out

1235

01:04:56,230 --> 01:04:53,029

a goofy talk show or whatever like i'm

1236

01:05:00,789 --> 01:04:56,240

trying to not only learn myself but

1237

01:05:06,390 --> 01:05:03,270

you know and i do like it because in

1238

01:05:08,150 --> 01:05:06,400

that i'm learning myself and

1239

01:05:10,390 --> 01:05:08,160

you know i'm not happy if i'm not

1240

01:05:11,270 --> 01:05:10,400

learning about something new that's you

1241

01:05:16,150 --> 01:05:11,280

know

1242

01:05:19,190 --> 01:05:17,109

so

1243

01:05:20,710 --> 01:05:19,200

appreciate all you guys spaghetti

1244

01:05:22,950 --> 01:05:20,720

denisova

1245

01:05:25,750 --> 01:05:22,960

thank you avril thank you

1246

01:05:28,309 --> 01:05:25,760

appreciate you

1247

01:05:30,150 --> 01:05:28,319

you guys are the best

1248

01:05:32,910 --> 01:05:30,160

mule skinner don't remember you but

1249

01:05:35,990 --> 01:05:32,920

thanks for coming out i appreciate

1250

01:05:39,750 --> 01:05:36,000

it um

1251

01:05:42,950 --> 01:05:41,750

so all we have to do is get the data

1252

01:05:48,710 --> 01:05:42,960

together and that's the stuff that can

1253

01:05:53,750 --> 01:05:51,510

so

1254

01:05:55,750 --> 01:05:53,760

i appreciate y'all alien girl what's up

1255

01:05:57,990 --> 01:05:55,760

thanks for stopping thanks for popping

1256

01:05:58,000 --> 01:06:02,150

appreciate you

1257

01:06:05,349 --> 01:06:03,589

uh thanks for having engaged i

1258

01:06:07,750 --> 01:06:05,359

appreciate it

1259

01:06:09,589 --> 01:06:07,760

you're the best dog

1260

01:06:10,710 --> 01:06:09,599

tic tac ufo

1261

01:06:12,710 --> 01:06:10,720

nice

1262

01:06:14,950 --> 01:06:12,720

i'm glad you're alive too

1263

01:06:17,589 --> 01:06:14,960

if you like jimi hendrix i'm glad you're

1264

01:06:24,710 --> 01:06:20,230

ah thank you the fake stuff yeah

1265

01:06:26,549 --> 01:06:24,720

i think i'm doing okay at that so far so

1266

01:06:27,270 --> 01:06:26,559

um

1267

01:06:29,510 --> 01:06:27,280

but

1268

01:06:31,109 --> 01:06:29,520

yeah i don't know

1269

01:06:32,630 --> 01:06:31,119

that's but part of me was concerned

1270

01:06:33,910 --> 01:06:32,640

about this stuff because i didn't know

1271

01:06:34,870 --> 01:06:33,920

you know but

1272

01:06:40,069 --> 01:06:34,880

um

1273

01:06:43,829 --> 01:06:40,079

were

1274

01:06:46,390 --> 01:06:43,839

uh pretty clearly authentic so i wanted

1275

01:06:49,510 --> 01:06:46,400

to just get those up there

1276

01:06:52,309 --> 01:06:49,520

spaghetti thank you thank you very much

1277

01:06:57,910 --> 01:06:55,109

yeah hendrix is badass

1278

01:07:00,390 --> 01:06:57,920

one of my favorite dudes

1279

01:07:02,470 --> 01:07:00,400

so all right but that being said

1280

01:07:03,829 --> 01:07:02,480

love you guys thanks for hanging out

1281

01:07:06,069 --> 01:07:03,839

appreciate you

1282

01:07:08,549 --> 01:07:06,079

we'll see you tomorrow we have our first

1283

01:07:11,670 --> 01:07:08,559

guest of the uap college boot camp

1284

01:07:14,630 --> 01:07:11,680

graeme rendell from across the pond

1285

01:07:17,270 --> 01:07:14,640

brilliant man knows so much in this

1286

01:07:19,589 --> 01:07:17,280

topic so it is my pleasure to bring him

1287

01:07:22,710 --> 01:07:19,599

here yet again

1288

01:07:23,910 --> 01:07:22,720

for purely educational and friendly pers

1289

01:07:27,109 --> 01:07:23,920

purposes

1290

01:07:28,789 --> 01:07:27,119

but i test him to bring a topic

1291

01:07:29,750 --> 01:07:28,799

to discuss

1292

01:07:32,630 --> 01:07:29,760

um

1293

01:07:34,950 --> 01:07:32,640

so i'm looking very forward to seeing uh

1294

01:07:36,630 --> 01:07:34,960

what he brings

1295

01:07:40,549 --> 01:07:36,640

and on thursday we have christopher

1296

01:07:43,430 --> 01:07:40,559

walford who is a dear friend of mine

1297

01:07:45,829 --> 01:07:43,440

and he's got something very interesting

1298

01:07:48,630 --> 01:07:45,839

we'll be looking into

1299

01:07:51,109 --> 01:07:48,640

so don't miss thursday and friday

1300

01:07:52,870 --> 01:07:51,119

we have mr jazz shaw

1301

01:07:55,270 --> 01:07:52,880

we're bringing him back for this too

1302

01:07:57,349 --> 01:07:55,280

because he can help us

1303

01:07:59,029 --> 01:07:57,359

um

1304

01:08:00,309 --> 01:07:59,039

by the way if you guys haven't watched

1305

01:08:02,789 --> 01:08:00,319

that uh

1306

01:08:06,309 --> 01:08:02,799

unidentified celebrity review

1307

01:08:08,829 --> 01:08:06,319

and daniel sheehan mark sims j shaw

1308

01:08:13,029 --> 01:08:08,839

i recommend you guys watch that and

1309

01:08:14,549 --> 01:08:13,039

michael um i think they did a great job

1310

01:08:17,030 --> 01:08:14,559

ucr did

1311

01:08:20,470 --> 01:08:17,040

uh with asking the right questions and

1312

01:08:24,630 --> 01:08:22,950

and the

1313

01:08:26,550 --> 01:08:24,640

you know the questions that you should

1314

01:08:28,070 --> 01:08:26,560

be asking them that some people may be

1315

01:08:30,229 --> 01:08:28,080

afraid to

1316

01:08:32,149 --> 01:08:30,239

and i appreciate that they did

1317

01:08:34,550 --> 01:08:32,159

and it didn't just blow up

1318

01:08:36,789 --> 01:08:34,560

and go the wrong direction i think a lot

1319

01:08:39,189 --> 01:08:36,799

of good came out of it for instance

1320

01:08:40,149 --> 01:08:39,199

mark sims and sheen and

1321

01:08:41,990 --> 01:08:40,159

tyler

1322

01:08:43,990 --> 01:08:42,000

like they're putting a big onus on

1323

01:08:46,870 --> 01:08:44,000

trying to prove what they're doing you

1324

01:08:50,709 --> 01:08:49,030

they really are

1325

01:08:52,149 --> 01:08:50,719

and when they described all the things

1326

01:08:53,910 --> 01:08:52,159

that they're going through to try to

1327

01:08:56,070 --> 01:08:53,920

prove this stuff

1328

01:08:57,990 --> 01:08:56,080

that really got my respect you know so

1329

01:09:00,630 --> 01:08:58,000

it's not like they're just saying this

1330

01:09:02,630 --> 01:09:00,640

is how it is believe it or not like

1331

01:09:04,149 --> 01:09:02,640

they're saying yeah

1332

01:09:06,070 --> 01:09:04,159

we don't know a lot of stuff but this is

1333

01:09:08,229 --> 01:09:06,080

what we're trying to do and we're trying

1334

01:09:10,789 --> 01:09:08,239

to prove it

1335

01:09:12,789 --> 01:09:10,799

you know and we're not

1336

01:09:13,829 --> 01:09:12,799

being lazy on that part

1337

01:09:15,430 --> 01:09:13,839

so

1338

01:09:17,030 --> 01:09:15,440

that was cool

1339

01:09:19,189 --> 01:09:17,040

because at first i was pissed and at the

1340

01:09:21,669 --> 01:09:19,199

end i was happy so

1341

01:09:26,709 --> 01:09:21,679

uh watch that episode it's really good

1342

01:09:31,030 --> 01:09:28,229

get ready for the big phone home that's

1343

01:09:32,390 --> 01:09:31,040

coming up and i'll do a little more uh

1344

01:09:34,390 --> 01:09:32,400

detail on that

1345

01:09:37,110 --> 01:09:34,400

soon enough but

1346

01:09:40,519 --> 01:09:37,120

for now keep an eye out all right

1347

01:09:44,059 --> 01:09:42,450

[Music]

1348

01:09:45,630 --> 01:09:44,069

[Applause]

1349

01:09:46,780 --> 01:09:45,640

[Music]

1350

01:10:00,460 --> 01:09:46,790

[Applause]

1351

01:10:07,189 --> 01:10:01,500

[Laughter]

1352

01:10:07,199 --> 01:10:11,370

so

1353

01:10:31,189 --> 01:10:12,590

[Applause]
