

UAP EDUCATIONAL BOOT CAMP CLASS 3

FEATURING GRAEME RENDALL

*Witness
Citizen*

1
00:00:38,950 --> 00:00:35,910
[Music]

2
00:00:40,790 --> 00:00:38,960
what's up um happy

3
00:00:44,150 --> 00:00:40,800
wednesday yeah it's uh

4
00:00:46,630 --> 00:00:44,160
it's our third installment of uap

5
00:00:49,430 --> 00:00:46,640
um boot camp

6
00:00:52,069 --> 00:00:49,440
and i'm pretty excited today because we

7
00:00:54,869 --> 00:00:52,079
have a great guest to join us

8
00:00:56,830 --> 00:00:54,879
um which i'm very excited about because

9
00:00:59,830 --> 00:00:56,840
as you know in

10
00:01:01,750 --> 00:00:59,840
education um you have to know that you

11
00:01:02,869 --> 00:01:01,760
don't know really anything

12
00:01:04,950 --> 00:01:02,879
and

13
00:01:07,350 --> 00:01:04,960

learn as much as you can

14

00:01:08,950 --> 00:01:07,360

so uh without further ado

15

00:01:10,390 --> 00:01:08,960

um i'm gonna bring in somebody who's

16

00:01:12,870 --> 00:01:10,400

special to the show

17

00:01:15,109 --> 00:01:12,880

uh he's been on a couple times

18

00:01:16,149 --> 00:01:15,119

um he's just about finished with a great

19

00:01:18,630 --> 00:01:16,159

book

20

00:01:21,190 --> 00:01:18,640

um on the foo fighters and he writes

21

00:01:23,749 --> 00:01:21,200

many articles for uap media uk i think

22

00:01:27,109 --> 00:01:23,759

he even did for the debrief

23

00:01:29,350 --> 00:01:27,119

um without further ado let me bring in

24

00:01:31,670 --> 00:01:29,360

the man the myth

25

00:01:32,710 --> 00:01:31,680

and the myth again graeme randell how

26

00:01:36,630 --> 00:01:32,720

are you

27

00:01:37,510 --> 00:01:36,640

fine thanks good good

28

00:01:39,510 --> 00:01:37,520

um

29

00:01:42,870 --> 00:01:39,520

yeah so thanks for joining us i just

30

00:01:45,109 --> 00:01:42,880

kind of threw this idea together

31

00:01:46,550 --> 00:01:45,119

um because

32

00:01:49,030 --> 00:01:46,560

i don't know i felt i had all this

33

00:01:51,109 --> 00:01:49,040

useless information and documents in my

34

00:01:52,789 --> 00:01:51,119

head and i really just needed something

35

00:01:54,950 --> 00:01:52,799

to do with it

36

00:01:57,030 --> 00:01:54,960

and so i wanted to do this although i

37

00:01:59,749 --> 00:01:57,040

understand that um

38

00:02:02,149 --> 00:01:59,759

you know i'm new here so so i wanted to

39

00:02:04,069 --> 00:02:02,159

bring in some people who you know

40

00:02:06,950 --> 00:02:04,079

know their way around these documents

41

00:02:08,550 --> 00:02:06,960

too and you know could have something to

42

00:02:11,350 --> 00:02:08,560

share with us so

43

00:02:14,150 --> 00:02:11,360

you had a pretty interesting uh topic

44

00:02:14,869 --> 00:02:14,160

that you wanted to bring to the table um

45

00:02:19,190 --> 00:02:14,879

yeah

46

00:02:20,869 --> 00:02:19,200

described it to you um you know when i

47

00:02:23,510 --> 00:02:20,879

let you know about what i was sort of

48

00:02:26,470 --> 00:02:23,520

proposing was um when is evidence not

49

00:02:29,030 --> 00:02:26,480

evidence so we'll start with like the

50

00:02:30,949 --> 00:02:29,040

basics in terms of looking at some cia

51
00:02:32,390 --> 00:02:30,959
documents um because a lot of people

52
00:02:35,110 --> 00:02:32,400
over the years have suggested that the

53
00:02:37,270 --> 00:02:35,120
cia were quite heavily investigating

54
00:02:39,670 --> 00:02:37,280
ufos because of some of the documents

55
00:02:41,990 --> 00:02:39,680
that have been released now that might

56
00:02:44,070 --> 00:02:42,000
be the case in terms of some things but

57
00:02:44,949 --> 00:02:44,080
quite a few of them aren't what they

58
00:02:47,670 --> 00:02:44,959
seem

59
00:02:49,190 --> 00:02:47,680
so we've seen um and particularly one

60
00:02:51,750 --> 00:02:49,200
the last documents we'll have a look at

61
00:02:53,750 --> 00:02:51,760
today that's been put forward as being

62
00:02:56,070 --> 00:02:53,760
proof that cia we're definitely

63
00:02:57,990 --> 00:02:56,080

investigating ufos but actually when you

64

00:02:59,670 --> 00:02:58,000

look at it and when you read it

65

00:03:00,790 --> 00:02:59,680

it actually means something else so we

66

00:03:02,630 --> 00:03:00,800

can go into that

67

00:03:03,589 --> 00:03:02,640

right interesting

68

00:03:06,070 --> 00:03:03,599

um

69

00:03:08,390 --> 00:03:06,080

so i would imagine and at that point

70

00:03:11,110 --> 00:03:08,400

once something comes out

71

00:03:12,710 --> 00:03:11,120

um like that it probably catches like uh

72

00:03:14,309 --> 00:03:12,720

wildfire

73

00:03:16,390 --> 00:03:14,319

well that's it i mean certainly so

74

00:03:18,070 --> 00:03:16,400

people saw cia documents and of course

75

00:03:20,149 --> 00:03:18,080

that was a you know that was just a big

76

00:03:22,790 --> 00:03:20,159

red flag to a lot of people going oh the

77

00:03:25,509 --> 00:03:22,800

cia you know of releasing documents that

78

00:03:27,110 --> 00:03:25,519

have you know information about ufos so

79

00:03:28,309 --> 00:03:27,120

therefore they must be investigating

80

00:03:30,710 --> 00:03:28,319

them well

81

00:03:32,710 --> 00:03:30,720

i say that that may be that may be true

82

00:03:34,630 --> 00:03:32,720

but actually in terms of these documents

83

00:03:36,309 --> 00:03:34,640

which you'll see here and some of them

84

00:03:38,229 --> 00:03:36,319

don't actually have any details on them

85

00:03:40,309 --> 00:03:38,239

whatsoever there's a perfectly good

86

00:03:43,350 --> 00:03:40,319

reason why some of these were actually

87

00:03:45,750 --> 00:03:43,360

you know sort of rooted through the cia

88

00:03:48,229 --> 00:03:45,760

the cia i mean as far as i'm aware

89

00:03:50,309 --> 00:03:48,239

couldn't investigate things on your home

90

00:03:51,910 --> 00:03:50,319

turf uh inside the united states that

91

00:03:54,630 --> 00:03:51,920

were basically supposed to operate

92

00:03:56,149 --> 00:03:54,640

outside the country um and basically and

93

00:03:58,550 --> 00:03:56,159

find you know information of an

94

00:04:00,309 --> 00:03:58,560

intelligence nature and of course one of

95

00:04:02,309 --> 00:04:00,319

the big targets and thought the biggest

96

00:04:03,190 --> 00:04:02,319

target during the cold war was soviet

97

00:04:05,110 --> 00:04:03,200

russia

98

00:04:07,830 --> 00:04:05,120

so you can find some

99

00:04:09,830 --> 00:04:07,840

um you know documents around here where

100

00:04:11,670 --> 00:04:09,840

what they're doing is that they're

101
00:04:12,710 --> 00:04:11,680
investigating some of the stuff that

102
00:04:14,869 --> 00:04:12,720
happened

103
00:04:17,509 --> 00:04:14,879
in russia because anything that they got

104
00:04:19,749 --> 00:04:17,519
their hands on in terms of newspaper

105
00:04:21,830 --> 00:04:19,759
reports um you know which might have

106
00:04:24,310 --> 00:04:21,840
detailed some kind of technology or

107
00:04:25,909 --> 00:04:24,320
secret facilities or or just you know

108
00:04:26,950 --> 00:04:25,919
something out in the ordinary like that

109
00:04:28,550 --> 00:04:26,960
would have been passed through their

110
00:04:30,310 --> 00:04:28,560
hands and of course they were always

111
00:04:33,189 --> 00:04:30,320
monitoring foreign sort of media

112
00:04:34,629 --> 00:04:33,199
networks so newspapers uh radio stations

113
00:04:35,990 --> 00:04:34,639

all the rest of it and people were

114

00:04:37,749 --> 00:04:36,000

feeding them information as well from

115

00:04:39,590 --> 00:04:37,759

their contacts and their sources all

116

00:04:42,390 --> 00:04:39,600

around the globe so of course this

117

00:04:44,310 --> 00:04:42,400

information was filtered through the cia

118

00:04:45,830 --> 00:04:44,320

and you know where it went afterwards

119

00:04:46,950 --> 00:04:45,840

well you know that's some that's a

120

00:04:48,070 --> 00:04:46,960

that's another discussion for a

121

00:04:50,070 --> 00:04:48,080

different day

122

00:04:52,870 --> 00:04:50,080

but this is where these documents come

123

00:04:56,390 --> 00:04:52,880

from in the main they're just simply

124

00:04:59,030 --> 00:04:56,400

the cia saying oh yes we've received x y

125

00:05:01,029 --> 00:04:59,040

and z from a b and c

126
00:05:02,070 --> 00:05:01,039
and now we're going to pass it on to e d

127
00:05:04,390 --> 00:05:02,080
and a

128
00:05:06,550 --> 00:05:04,400
e f g kind of thing so

129
00:05:09,029 --> 00:05:06,560
that's what it was but because the

130
00:05:12,710 --> 00:05:09,039
information itself relates to possible

131
00:05:15,270 --> 00:05:12,720
ufo sightings or um your crashes and all

132
00:05:16,950 --> 00:05:15,280
the rest of it then that's been built up

133
00:05:19,270 --> 00:05:16,960
over the years to be oh the cia

134
00:05:21,590 --> 00:05:19,280
investigating ufos well no really it was

135
00:05:23,590 --> 00:05:21,600
like yuri in the paper and seeing it and

136
00:05:25,990 --> 00:05:23,600
seeing a story about ufo that's crashed

137
00:05:27,909 --> 00:05:26,000
you know in the next door town and that

138
00:05:29,189 --> 00:05:27,919

does that mean you're investigating ufos

139

00:05:32,390 --> 00:05:29,199

no it doesn't it just means you've read

140

00:05:36,469 --> 00:05:34,550

this is where this comes from no and i'd

141

00:05:37,909 --> 00:05:36,479

you know now that you mentioned it i see

142

00:05:38,950 --> 00:05:37,919

those all the time when i'm looking

143

00:05:40,550 --> 00:05:38,960

around

144

00:05:43,029 --> 00:05:40,560

real quick let's say hi to everybody we

145

00:05:45,110 --> 00:05:43,039

got alien girl what's up thanks for

146

00:05:47,350 --> 00:05:45,120

stopping by good to see you again

147

00:05:49,909 --> 00:05:47,360

disclosure team what's up

148

00:05:53,990 --> 00:05:51,990

yeah you guys know each other right we

149

00:05:56,710 --> 00:05:54,000

do yeah well finney's joined our team at

150

00:05:59,510 --> 00:05:56,720

uap media uk so yeah we're all one big

151

00:06:01,189 --> 00:05:59,520

happy family now that is it hey buddy

152

00:06:03,350 --> 00:06:01,199

has he got his red wine with him though

153

00:06:05,510 --> 00:06:03,360

uh probably

154

00:06:06,710 --> 00:06:05,520

but engage hello sir

155

00:06:08,790 --> 00:06:06,720

um

156

00:06:10,710 --> 00:06:08,800

robert bob how you doing scott thanks

157

00:06:13,270 --> 00:06:10,720

for the donation i appreciate it that

158

00:06:14,710 --> 00:06:13,280

really helps grandmaster

159

00:06:16,550 --> 00:06:14,720

what's up

160

00:06:19,189 --> 00:06:16,560

good to see you again

161

00:06:20,469 --> 00:06:19,199

um yeah thanks for joining us everybody

162

00:06:22,309 --> 00:06:20,479

spaghetti

163

00:06:23,749 --> 00:06:22,319

actually is going

164

00:06:25,270 --> 00:06:23,759

it's always funny

165

00:06:27,350 --> 00:06:25,280

because i got to call this person buy

166

00:06:31,430 --> 00:06:27,360

spaghetti

167

00:06:33,110 --> 00:06:31,440

got some real life stuff he's doing so

168

00:06:35,189 --> 00:06:33,120

he might be late or have to watch it

169

00:06:37,029 --> 00:06:35,199

later not a problem but

170

00:06:38,309 --> 00:06:37,039

um so

171

00:06:40,469 --> 00:06:38,319

yeah

172

00:06:41,990 --> 00:06:40,479

should we take a look at these things

173

00:06:43,029 --> 00:06:42,000

yes please do okay yeah we'll just go

174

00:06:44,230 --> 00:06:43,039

through them one by one if you don't

175

00:06:46,629 --> 00:06:44,240

mind so i think there's seven of them

176

00:06:49,670 --> 00:06:46,639

all together so yeah

177

00:06:51,749 --> 00:06:49,680

so i mean this one goes back to 1957. um

178

00:06:54,309 --> 00:06:51,759

and i think it might have been sorry

179

00:06:56,309 --> 00:06:54,319

is that the first one yeah which uh

180

00:06:57,189 --> 00:06:56,319

or could be 1959 sorry the first one i

181

00:06:59,110 --> 00:06:57,199

believe

182

00:07:00,950 --> 00:06:59,120

yeah that's it there okay and basically

183

00:07:02,629 --> 00:07:00,960

what it says is you can't quite read it

184

00:07:04,070 --> 00:07:02,639

because of the the size of it and it's

185

00:07:05,670 --> 00:07:04,080

the the copy wasn't great on the

186

00:07:07,110 --> 00:07:05,680

internet that i pulled it from i pulled

187

00:07:09,350 --> 00:07:07,120

these from the black fold by the way but

188

00:07:10,790 --> 00:07:09,360

they are i think they are like floating

189

00:07:12,710 --> 00:07:10,800

around the internet in different places

190

00:07:16,550 --> 00:07:12,720

as well so the subject of this one it

191

00:07:17,990 --> 00:07:16,560

said ussr and ukraine um and of course

192

00:07:20,070 --> 00:07:18,000

you've got bits blacked out so they

193

00:07:21,670 --> 00:07:20,080

don't want you know giving away where

194

00:07:22,950 --> 00:07:21,680

they get precisely where they get some

195

00:07:24,309 --> 00:07:22,960

of this information from because some of

196

00:07:25,670 --> 00:07:24,319

the sources were you know they wanted to

197

00:07:27,430 --> 00:07:25,680

keep secret because they want to use

198

00:07:30,150 --> 00:07:27,440

them again you've got the date there and

199

00:07:32,150 --> 00:07:30,160

that's uh what does it say december 1959

200

00:07:34,790 --> 00:07:32,160

i think uh yes

201
00:07:37,110 --> 00:07:34,800
yeah uh yeah and then it just said that

202
00:07:39,350 --> 00:07:37,120
the topic is basically it was a report

203
00:07:40,870 --> 00:07:39,360
of a ufo sighting but everything's been

204
00:07:42,870 --> 00:07:40,880
blacked out and if you can just see on

205
00:07:44,869 --> 00:07:42,880
the left-hand margin there down on the

206
00:07:46,629 --> 00:07:44,879
body of the document the numbers one two

207
00:07:48,230 --> 00:07:46,639
three four five and six

208
00:07:50,550 --> 00:07:48,240
so there were six different bullet

209
00:07:52,790 --> 00:07:50,560
points there but everything has been

210
00:07:55,830 --> 00:07:52,800
redacted or just been completely wiped

211
00:07:58,390 --> 00:07:55,840
from the document so we have no idea

212
00:08:00,950 --> 00:07:58,400
what actually was talked about but

213
00:08:03,189 --> 00:08:00,960

chances are that was and i'm just

214

00:08:04,230 --> 00:08:03,199

supposing but based on the other reports

215

00:08:06,469 --> 00:08:04,240

that you'll see

216

00:08:08,150 --> 00:08:06,479

that'll have been information that have

217

00:08:10,150 --> 00:08:08,160

been given from a source somewhere in

218

00:08:11,830 --> 00:08:10,160

russia or possibly a newspaper or

219

00:08:14,230 --> 00:08:11,840

possibly a you know some other kind of

220

00:08:16,390 --> 00:08:14,240

sort which they will have

221

00:08:17,909 --> 00:08:16,400

like been filtered through to the cia

222

00:08:19,189 --> 00:08:17,919

and you know whichever collection

223

00:08:21,510 --> 00:08:19,199

department they were looking at the

224

00:08:24,629 --> 00:08:21,520

ukraine will have got this information

225

00:08:26,390 --> 00:08:24,639

in december 1959 and then you know they

226

00:08:27,670 --> 00:08:26,400

won't be able to investigate it because

227

00:08:28,950 --> 00:08:27,680

they wouldn't have people too many

228

00:08:31,110 --> 00:08:28,960

people on the ground there that they can

229

00:08:33,589 --> 00:08:31,120

go and go and ask people right soviet

230

00:08:35,909 --> 00:08:33,599

russia still yes you're crazy

231

00:08:38,469 --> 00:08:35,919

yeah yeah yeah exactly so

232

00:08:40,389 --> 00:08:38,479

it's just basically a one source which

233

00:08:42,469 --> 00:08:40,399

can't be verified with the information

234

00:08:45,269 --> 00:08:42,479

that can't be verified saying this is

235

00:08:47,829 --> 00:08:45,279

information about a ufo sighting right

236

00:08:49,590 --> 00:08:47,839

so you know that's exactly what that is

237

00:08:51,910 --> 00:08:49,600

now why do you think they take those is

238

00:08:54,070 --> 00:08:51,920

it just to it was just a run-of-the-mill

239

00:08:55,110 --> 00:08:54,080

stuff sure so it could have been

240

00:08:57,590 --> 00:08:55,120

anything

241

00:09:00,470 --> 00:08:57,600

it could equally be an information about

242

00:09:03,030 --> 00:09:00,480

a mig-15 crash right or a new type of

243

00:09:06,070 --> 00:09:03,040

soviet main battle type or the sighting

244

00:09:07,269 --> 00:09:06,080

of a ballistic missile convoy showing

245

00:09:08,870 --> 00:09:07,279

somewhere where it hadn't been seen

246

00:09:10,630 --> 00:09:08,880

before it could be any of those things

247

00:09:13,509 --> 00:09:10,640

or the blacks or the black safety

248

00:09:16,470 --> 00:09:13,519

fleeted sevastopol uh the naval base so

249

00:09:17,829 --> 00:09:16,480

it could be any of those things

250

00:09:19,670 --> 00:09:17,839

yeah okay

251
00:09:21,350 --> 00:09:19,680
but it happens that this thing you know

252
00:09:23,509 --> 00:09:21,360
if it's a ufo sighting they would lump

253
00:09:25,350 --> 00:09:23,519
that together with possible technology

254
00:09:26,710 --> 00:09:25,360
because even though

255
00:09:28,470 --> 00:09:26,720
you know the kind of thing about the

256
00:09:30,070 --> 00:09:28,480
german sort of super weapons being

257
00:09:31,829 --> 00:09:30,080
passed you know onto the russians at the

258
00:09:34,550 --> 00:09:31,839
end of war all that has sort of died

259
00:09:35,990 --> 00:09:34,560
down by this particular point i think

260
00:09:37,269 --> 00:09:36,000
there were always one you know wondering

261
00:09:39,990 --> 00:09:37,279
what the russians were cooking up you

262
00:09:42,630 --> 00:09:40,000
know um you know behind closed doors and

263
00:09:44,230 --> 00:09:42,640

anything that was could be conceivably

264

00:09:46,630 --> 00:09:44,240

linked to

265

00:09:48,550 --> 00:09:46,640

a new weapon system which maybe nobody

266

00:09:49,509 --> 00:09:48,560

had heard of yeah almost got filtered

267

00:09:51,030 --> 00:09:49,519

through you know they weren't going to

268

00:09:53,590 --> 00:09:51,040

throw that information away just because

269

00:09:54,870 --> 00:09:53,600

it said ufo on it you know the analysts

270

00:09:56,150 --> 00:09:54,880

probably would look at this and just

271

00:09:57,670 --> 00:09:56,160

probably discard it at the end of the

272

00:09:59,269 --> 00:09:57,680

day but they would look through just in

273

00:10:00,710 --> 00:09:59,279

case there was any other information and

274

00:10:03,269 --> 00:10:00,720

it could just be because of the

275

00:10:05,509 --> 00:10:03,279

collection system was used or um you

276

00:10:07,030 --> 00:10:05,519

know the particular kind of any any

277

00:10:08,550 --> 00:10:07,040

information that might be related to

278

00:10:10,310 --> 00:10:08,560

something oh yeah actually that's not a

279

00:10:12,630 --> 00:10:10,320

ufo that's a new fighter jet or a new

280

00:10:14,389 --> 00:10:12,640

missile or bloody blah blah yeah that's

281

00:10:16,310 --> 00:10:14,399

what they would do but

282

00:10:17,509 --> 00:10:16,320

probably nine times out of ten the

283

00:10:18,790 --> 00:10:17,519

actual document itself all the

284

00:10:20,550 --> 00:10:18,800

information rather would just get

285

00:10:22,630 --> 00:10:20,560

discarded because it would be of no

286

00:10:25,030 --> 00:10:22,640

practical use to them whatsoever um you

287

00:10:27,110 --> 00:10:25,040

know the cia we weren't really in the

288

00:10:28,150 --> 00:10:27,120

business of investigating ufos as far as

289

00:10:29,829 --> 00:10:28,160

i'm aware

290

00:10:32,069 --> 00:10:29,839

um you know they're just like they have

291

00:10:33,910 --> 00:10:32,079

a lot of records of it like years and

292

00:10:35,350 --> 00:10:33,920

minutes of meetings and all that but it

293

00:10:37,590 --> 00:10:35,360

doesn't mean that they were the ones

294

00:10:39,509 --> 00:10:37,600

doing that yeah but that probably face a

295

00:10:41,350 --> 00:10:39,519

role wasn't to do with collect it was

296

00:10:43,030 --> 00:10:41,360

wasn't to do with investigating ufos it

297

00:10:44,710 --> 00:10:43,040

just so happened they were a conduit for

298

00:10:51,990 --> 00:10:44,720

a lot of the information now where that

299

00:10:56,150 --> 00:10:54,150

because that's what they were doing

300

00:10:57,990 --> 00:10:56,160

so that's that's a you know that's a

301
00:11:00,150 --> 00:10:58,000
that's a good example of what was there

302
00:11:03,269 --> 00:11:00,160
so here's the second one and this one

303
00:11:04,949 --> 00:11:03,279
again uh unidentified flying object

304
00:11:07,190 --> 00:11:04,959
observe and i can't quite read the rest

305
00:11:08,389 --> 00:11:07,200
of that but um something to see i've got

306
00:11:10,150 --> 00:11:08,399
the final name

307
00:11:10,870 --> 00:11:10,160
i think it's iran it's iran isn't it

308
00:11:12,550 --> 00:11:10,880
yeah

309
00:11:15,430 --> 00:11:12,560
1957

310
00:11:17,430 --> 00:11:15,440
and then the text yeah it comes up so

311
00:11:20,389 --> 00:11:17,440
i'll just pull mine on my on my screen

312
00:11:21,269 --> 00:11:20,399
so i can actually read what it says um

313
00:11:22,790 --> 00:11:21,279

yeah

314

00:11:25,829 --> 00:11:22,800

um so it's got

315

00:11:28,389 --> 00:11:25,839

yeah 12th august at 11 a.m local time a

316

00:11:29,750 --> 00:11:28,399

flying object was seen from iranian and

317

00:11:30,790 --> 00:11:29,760

it's got a place then which i can't

318

00:11:32,710 --> 00:11:30,800

quite read

319

00:11:34,710 --> 00:11:32,720

it's got some coordinates traveling on a

320

00:11:36,949 --> 00:11:34,720

course from and then the place name the

321

00:11:40,470 --> 00:11:36,959

object appeared to be a ball about one

322

00:11:42,790 --> 00:11:40,480

half meter in diameter and had a tail

323

00:11:45,110 --> 00:11:42,800

one half meter in length it traveled at

324

00:11:47,030 --> 00:11:45,120

high speed at a height of about 2000

325

00:11:48,069 --> 00:11:47,040

feet and was visible for only a few

326

00:11:50,150 --> 00:11:48,079

seconds

327

00:11:52,150 --> 00:11:50,160

um and then it says about a trail left

328

00:11:55,110 --> 00:11:52,160

by the object drifted over iranian

329

00:11:57,350 --> 00:11:55,120

jolfer i think that is from the ussr and

330

00:12:00,150 --> 00:11:57,360

consisted of a trail about five or ten

331

00:12:01,910 --> 00:12:00,160

centimeters in diameter so

332

00:12:03,269 --> 00:12:01,920

how do you it's a weird kind of story

333

00:12:04,949 --> 00:12:03,279

isn't it

334

00:12:06,069 --> 00:12:04,959

well that's it yeah

335

00:12:07,670 --> 00:12:06,079

that's the whole thing when you get into

336

00:12:09,430 --> 00:12:07,680

like you know measuring the sizes of

337

00:12:11,110 --> 00:12:09,440

unknown objects right haven't got any

338

00:12:12,710 --> 00:12:11,120

frame of reference so you don't know how

339

00:12:15,350 --> 00:12:12,720

far away they are so you can't estimate

340

00:12:17,430 --> 00:12:15,360

size and vice versa so you just wonder

341

00:12:18,550 --> 00:12:17,440

how this report came um you know about

342

00:12:20,470 --> 00:12:18,560

but of course the source has been

343

00:12:21,750 --> 00:12:20,480

blacked out the place and date's been

344

00:12:23,670 --> 00:12:21,760

blacked out you've only got the date

345

00:12:25,990 --> 00:12:23,680

which is 11th of june so that first bit

346

00:12:27,590 --> 00:12:26,000

must be in april sorry it was in august

347

00:12:29,750 --> 00:12:27,600

and then you've got the field comment as

348

00:12:31,509 --> 00:12:29,760

well at the bottom and it says um

349

00:12:32,629 --> 00:12:31,519

whoever it was or whatever you know

350

00:12:34,949 --> 00:12:32,639

whichever

351

00:12:36,870 --> 00:12:34,959

agency they report this also reported

352

00:12:38,790 --> 00:12:36,880

seeing a flying object at the same time

353

00:12:40,870 --> 00:12:38,800

and described it as being the size of a

354

00:12:45,110 --> 00:12:40,880

football and moving at a height of a

355

00:12:49,430 --> 00:12:47,590

he said that the smoke trail left behind

356

00:12:50,470 --> 00:12:49,440

the object was visible for about 15

357

00:12:52,870 --> 00:12:50,480

minutes

358

00:12:55,829 --> 00:12:52,880

so it's an interesting little tale from

359

00:12:57,990 --> 00:12:55,839

1957 yeah but it doesn't really give you

360

00:12:59,509 --> 00:12:58,000

much does it you know although even

361

00:13:02,150 --> 00:12:59,519

today was what we're hearing about these

362

00:13:03,910 --> 00:13:02,160

kind of football-sized objects you know

363

00:13:06,710 --> 00:13:03,920

which are flying around so you've got

364

00:13:08,150 --> 00:13:06,720

links to the past there but not entirely

365

00:13:09,829 --> 00:13:08,160

sure what the cia would do that

366

00:13:11,670 --> 00:13:09,839

information rather than pass it on to

367

00:13:14,150 --> 00:13:11,680

somebody they were clearly interested in

368

00:13:16,069 --> 00:13:14,160

it because it came out of the ussr

369

00:13:18,870 --> 00:13:16,079

according to the document flew over

370

00:13:20,790 --> 00:13:18,880

iranian territory but what was it well

371

00:13:23,590 --> 00:13:20,800

the drone technology back in the late

372

00:13:25,829 --> 00:13:23,600

1950s was basically full-scale aircraft

373

00:13:27,990 --> 00:13:25,839

which were pilot which were um rendered

374

00:13:29,590 --> 00:13:28,000

as radio controlled uh you know didn't

375

00:13:31,269 --> 00:13:29,600

have pilots saying that that was a drone

376

00:13:32,870 --> 00:13:31,279

back in those days so you weren't

377

00:13:34,949 --> 00:13:32,880

looking at kind of modern things you

378

00:13:36,949 --> 00:13:34,959

could fly around with battery packs and

379

00:13:38,230 --> 00:13:36,959

all around and the size of a football

380

00:13:39,189 --> 00:13:38,240

did we have

381

00:13:44,629 --> 00:13:39,199

the

382

00:13:47,110 --> 00:13:44,639

technology to get up to

383

00:13:49,590 --> 00:13:47,120

2000 miles per hour at that time what

384

00:13:50,310 --> 00:13:49,600

was it oh easy yeah was it um

385

00:13:51,350 --> 00:13:50,320

yeah

386

00:13:53,189 --> 00:13:51,360

right

387

00:13:54,710 --> 00:13:53,199

yeah but certainly you get up to like a

388

00:13:56,389 --> 00:13:54,720

thousand miles now maybe a little bit

389

00:13:59,910 --> 00:13:56,399

more with a you know with a big with a

390

00:14:02,550 --> 00:13:59,920

mig 19 um in those the mig 19 farmer i

391

00:14:05,110 --> 00:14:02,560

think that was the first supersonic jet

392

00:14:06,710 --> 00:14:05,120

um or the first supersonic um

393

00:14:08,069 --> 00:14:06,720

operational jets that the russian air

394

00:14:10,629 --> 00:14:08,079

force actually had

395

00:14:13,350 --> 00:14:10,639

and so that was about the late 1950s uh

396

00:14:14,790 --> 00:14:13,360

probably 55 56 sort of thing um yeah so

397

00:14:17,590 --> 00:14:14,800

if you if anybody wants to look at the

398

00:14:19,590 --> 00:14:17,600

mig-19 that the nato nato called it

399

00:14:21,509 --> 00:14:19,600

code named it farmer but they always

400

00:14:23,110 --> 00:14:21,519

give them all these aircraft names

401
00:14:23,910 --> 00:14:23,120
foxboxing fishbed and all this kind of

402
00:14:25,670 --> 00:14:23,920
thing

403
00:14:26,870 --> 00:14:25,680
but that's what it was called by nato so

404
00:14:28,470 --> 00:14:26,880
yeah they did have aircraft that could

405
00:14:30,470 --> 00:14:28,480
go quite quick

406
00:14:33,750 --> 00:14:30,480
i think some

407
00:14:35,590 --> 00:14:33,760
yeah exactly um so yeah so it's another

408
00:14:37,110 --> 00:14:35,600
interesting little story but yeah it's

409
00:14:40,150 --> 00:14:37,120
not evidence that the cio are

410
00:14:41,910 --> 00:14:40,160
investigating ufos it's merely them

411
00:14:43,910 --> 00:14:41,920
getting hold of this report from

412
00:14:45,910 --> 00:14:43,920
presumably one of their sources

413
00:14:48,470 --> 00:14:45,920

somewhere in you know either in russia

414

00:14:50,550 --> 00:14:48,480

or in iran uh bearing in mind you know

415

00:14:53,110 --> 00:14:50,560

iran wasn't um like a fundamentalist

416

00:14:54,550 --> 00:14:53,120

country like it is now um so you know

417

00:14:56,389 --> 00:14:54,560

they were quite sort of reasonably

418

00:14:57,430 --> 00:14:56,399

friendly possibly to the to the west at

419

00:14:59,509 --> 00:14:57,440

that time

420

00:15:01,750 --> 00:14:59,519

yeah and i guess we could almost take

421

00:15:03,670 --> 00:15:01,760

from this too they don't necess you know

422

00:15:04,870 --> 00:15:03,680

necessarily mean a flying saucer because

423

00:15:07,350 --> 00:15:04,880

they didn't

424

00:15:08,870 --> 00:15:07,360

they put flying object yeah that's right

425

00:15:10,629 --> 00:15:08,880

yeah so they're quite conscious of the

426

00:15:12,790 --> 00:15:10,639

fact this could be some kind of sacred

427

00:15:14,150 --> 00:15:12,800

russian military technology right it

428

00:15:15,269 --> 00:15:14,160

could have been some kind of missile you

429

00:15:16,389 --> 00:15:15,279

know some kind of weapons delivery

430

00:15:18,069 --> 00:15:16,399

system and they were they probably

431

00:15:19,110 --> 00:15:18,079

weren't entirely sure and certainly

432

00:15:22,949 --> 00:15:19,120

whoever

433

00:15:25,350 --> 00:15:22,959

source of the report is they clearly

434

00:15:27,030 --> 00:15:25,360

were um you know intrigued by it enough

435

00:15:29,189 --> 00:15:27,040

that the thought they needed to pass it

436

00:15:30,949 --> 00:15:29,199

on yeah so you know that that

437

00:15:33,350 --> 00:15:30,959

information has been you know been sent

438

00:15:34,949 --> 00:15:33,360

through um probably quite

439

00:15:36,629 --> 00:15:34,959

maybe a great risk to the person

440

00:15:38,230 --> 00:15:36,639

originally who who got that from you

441

00:15:41,110 --> 00:15:38,240

know those details

442

00:15:44,389 --> 00:15:41,120

and then passed it on but yeah

443

00:15:45,670 --> 00:15:44,399

so there you go what else we've got here

444

00:15:50,710 --> 00:15:45,680

let's go number three we've got number

445

00:15:56,710 --> 00:15:53,670

so this one's 9th of march 1960 and it

446

00:15:58,870 --> 00:15:56,720

says rumored it's got there rumored

447

00:16:01,189 --> 00:15:58,880

flying object in in the barry osek

448

00:16:02,790 --> 00:16:01,199

region oh my god that's that yeah oh

449

00:16:04,389 --> 00:16:02,800

well yeah

450

00:16:07,030 --> 00:16:04,399

according to it

451
00:16:09,590 --> 00:16:07,040
according to a rumor in bhagavad-gita in

452
00:16:12,069 --> 00:16:09,600
1959 and glittering objects sorry

453
00:16:15,269 --> 00:16:12,079
glittering objects flying at high speed

454
00:16:17,030 --> 00:16:15,279
and accompanied by explosive sounds had

455
00:16:19,189 --> 00:16:17,040
frequently been observed in the desert

456
00:16:22,710 --> 00:16:19,199
region west of the town it was believed

457
00:16:25,590 --> 00:16:22,720
that many um that many um kazakhs and

458
00:16:27,670 --> 00:16:25,600
tajiks had left the area out of uh

459
00:16:29,350 --> 00:16:27,680
superstitious fear of those flying

460
00:16:30,550 --> 00:16:29,360
objects so they were the local uh the

461
00:16:33,350 --> 00:16:30,560
locals from

462
00:16:34,710 --> 00:16:33,360
uh tajikistan and kazakhstan uh so they

463
00:16:37,910 --> 00:16:34,720

were like the you know the the southern

464

00:16:39,110 --> 00:16:37,920

republics of the um ussr at that time so

465

00:16:40,550 --> 00:16:39,120

clearly a lot of people were quite

466

00:16:42,710 --> 00:16:40,560

superstitious we're seeing these things

467

00:16:45,189 --> 00:16:42,720

flying through the sky and making these

468

00:16:46,150 --> 00:16:45,199

accompanying sounds right which is kind

469

00:16:51,189 --> 00:16:46,160

of a

470

00:16:54,949 --> 00:16:53,030

and all that stuff that's

471

00:16:57,590 --> 00:16:54,959

pretty rare to get it because they're

472

00:16:59,350 --> 00:16:57,600

mostly silent right but

473

00:17:00,870 --> 00:16:59,360

again it was an intriguing report and

474

00:17:02,550 --> 00:17:00,880

there were flying objects that couldn't

475

00:17:04,949 --> 00:17:02,560

be identified so

476
00:17:07,110 --> 00:17:04,959
you know they come up in searches of cia

477
00:17:10,230 --> 00:17:07,120
documents as a ufo you've been

478
00:17:13,189 --> 00:17:10,240
investigating yeah

479
00:17:15,669 --> 00:17:13,199
totally but also they could have equally

480
00:17:17,350 --> 00:17:15,679
well silver that's an odd color for a

481
00:17:18,789 --> 00:17:17,360
meteor like a fireball because they're

482
00:17:21,110 --> 00:17:18,799
actually green because of the other

483
00:17:23,189 --> 00:17:21,120
substance that burns up um the last one

484
00:17:24,789 --> 00:17:23,199
i saw from actually it was only a couple

485
00:17:26,710 --> 00:17:24,799
of miles south of where i live uh in

486
00:17:28,549 --> 00:17:26,720
northumberland it was a big green

487
00:17:29,750 --> 00:17:28,559
fireball one night with sword fly over

488
00:17:37,909 --> 00:17:29,760

the car here

489

00:17:40,150 --> 00:17:39,190

my wife and i were in the car driving

490

00:17:41,990 --> 00:17:40,160

home one night we're only a couple of

491

00:17:43,430 --> 00:17:42,000

miles from home um and we saw this thing

492

00:17:46,390 --> 00:17:43,440

just fly over ahead and just shoot off

493

00:17:48,710 --> 00:17:46,400

in the distance and it was like wow

494

00:17:51,510 --> 00:17:48,720

was there any blue to it or was it just

495

00:17:54,950 --> 00:17:51,520

green mostly green see

496

00:17:56,950 --> 00:17:54,960

said um if i if he could change it he

497

00:17:59,190 --> 00:17:56,960

would go back and call it a green blue

498

00:18:00,630 --> 00:17:59,200

fireball whatever that means because

499

00:18:02,710 --> 00:18:00,640

yeah it'll it'll come down to the

500

00:18:03,590 --> 00:18:02,720

composition of the you know whatever's

501
00:18:07,669 --> 00:18:03,600
in the

502
00:18:09,190 --> 00:18:07,679
how it burns i think that's how they

503
00:18:10,549 --> 00:18:09,200
would i think that's how that works i

504
00:18:22,150 --> 00:18:10,559
might be wrong on that but i'm pretty

505
00:18:28,789 --> 00:18:25,510
i appreciate it very much um for that so

506
00:18:30,870 --> 00:18:28,799
when we wrap up this we can get into um

507
00:18:33,190 --> 00:18:30,880
stuff you know current events kind of

508
00:18:35,190 --> 00:18:33,200
thing about that yeah right i appreciate

509
00:18:37,830 --> 00:18:35,200
it

510
00:18:40,710 --> 00:18:37,840
so here's a here's an odd tale antarctic

511
00:18:42,710 --> 00:18:40,720
flying saucers

512
00:18:44,630 --> 00:18:42,720
i think i've seen this one actually you

513
00:18:46,230 --> 00:18:44,640

may well have yeah now this is actually

514

00:18:47,750 --> 00:18:46,240

deception island

515

00:18:50,470 --> 00:18:47,760

yeah which is down in the antarctic

516

00:18:52,390 --> 00:18:50,480

peninsula and this is 1965.

517

00:18:54,310 --> 00:18:52,400

so and it says a group of red green and

518

00:18:56,549 --> 00:18:54,320

yellow flying sources and it mentions

519

00:18:58,470 --> 00:18:56,559

flying sources have been seen flying

520

00:19:01,350 --> 00:18:58,480

over deception island for two hours by

521

00:19:02,070 --> 00:19:01,360

argentine uh chilean and british bases

522

00:19:07,510 --> 00:19:02,080

in

523

00:19:10,549 --> 00:19:07,520

orkney islands they're slightly to the

524

00:19:12,549 --> 00:19:10,559

north of um of antarctica between um

525

00:19:14,870 --> 00:19:12,559

antarctica and the falkland islands uh

526

00:19:16,150 --> 00:19:14,880

in quick circles okay and then you've

527

00:19:17,990 --> 00:19:16,160

got the you know they've got where the

528

00:19:20,310 --> 00:19:18,000

information came from now here's where

529

00:19:21,990 --> 00:19:20,320

we're getting into the realms of um a

530

00:19:23,430 --> 00:19:22,000

lot of information but actually if you

531

00:19:24,950 --> 00:19:23,440

see the reports

532

00:19:26,549 --> 00:19:24,960

where they're lifting this information

533

00:19:28,630 --> 00:19:26,559

from they're getting it from other

534

00:19:29,669 --> 00:19:28,640

sources so it's not information that

535

00:19:31,750 --> 00:19:29,679

they've actually gone out and found

536

00:19:33,669 --> 00:19:31,760

themselves that's come from juan saris

537

00:19:35,270 --> 00:19:33,679

and it's come from a possibly like a

538

00:19:36,549 --> 00:19:35,280

kind of local newspaper or some other

539

00:19:38,870 --> 00:19:36,559

source like that that's all right it's

540

00:19:40,549 --> 00:19:38,880

fine um so that that's you know that's

541

00:19:42,070 --> 00:19:40,559

where that information has come from and

542

00:19:43,990 --> 00:19:42,080

of course you've got the you've got

543

00:19:45,669 --> 00:19:44,000

actually got the references and the

544

00:19:47,430 --> 00:19:45,679

dates of where this information has been

545

00:19:48,230 --> 00:19:47,440

pulled from so they're always looking

546

00:19:51,110 --> 00:19:48,240

for

547

00:19:52,549 --> 00:19:51,120

um just details of strange stuff around

548

00:19:53,990 --> 00:19:52,559

the world because

549

00:19:56,549 --> 00:19:54,000

they're never entirely sure whether

550

00:19:58,549 --> 00:19:56,559

these things are terrestrial based um

551
00:20:01,350 --> 00:19:58,559
you know have a kind of prosaic um kind

552
00:20:03,909 --> 00:20:01,360
of military um you know or intelligence

553
00:20:05,750 --> 00:20:03,919
kind of benefit uh the information so

554
00:20:08,149 --> 00:20:05,760
you know they're also and that of course

555
00:20:10,470 --> 00:20:08,159
this isn't just that report if you look

556
00:20:12,390 --> 00:20:10,480
at the other reports there it's come in

557
00:20:13,510 --> 00:20:12,400
a big data dump with a whole load of

558
00:20:15,430 --> 00:20:13,520
other stuff so you've got a story there

559
00:20:17,029 --> 00:20:15,440
about the argentinian foreign ministry

560
00:20:20,230 --> 00:20:17,039
you've got stuff about something else

561
00:20:21,350 --> 00:20:20,240
about um uh purchases of crude oil and

562
00:20:23,590 --> 00:20:21,360
then you've got a whole lot of stuff

563
00:20:24,390 --> 00:20:23,600

about uh meat packing so all that it's

564

00:20:32,470 --> 00:20:24,400

all

565

00:20:35,110 --> 00:20:32,480

ufos so you find a lot of documents in

566

00:20:37,029 --> 00:20:35,120

this archives which are basically um

567

00:20:39,669 --> 00:20:37,039

dump some information from local media

568

00:20:41,669 --> 00:20:39,679

sources or local intelligence sources

569

00:20:43,350 --> 00:20:41,679

and these just happen to be in the round

570

00:20:44,549 --> 00:20:43,360

you know they're just included

571

00:20:47,430 --> 00:20:44,559

wow

572

00:20:49,270 --> 00:20:47,440

yeah and it's funny because if you are

573

00:20:51,590 --> 00:20:49,280

like looking into this to see if they

574

00:20:56,549 --> 00:20:51,600

were investigating and they put these

575

00:21:00,390 --> 00:20:58,549

yeah that's it and sometimes you see

576

00:21:02,070 --> 00:21:00,400

these things in isolation on people's

577

00:21:04,390 --> 00:21:02,080

websites because they're trying to

578

00:21:05,909 --> 00:21:04,400

justify a certain narrative and the last

579

00:21:08,149 --> 00:21:05,919

document that we come to i'll explain

580

00:21:09,590 --> 00:21:08,159

how that fits into things and it's

581

00:21:11,350 --> 00:21:09,600

actually germane to the book i've just

582

00:21:13,270 --> 00:21:11,360

written as well but we'll get to it in a

583

00:21:16,149 --> 00:21:13,280

minute um so yeah that's that's an

584

00:21:17,590 --> 00:21:16,159

interesting one um in terms of um you

585

00:21:19,909 --> 00:21:17,600

know antarctic flying sources i mean

586

00:21:22,070 --> 00:21:19,919

that would make my my my you know going

587

00:21:26,310 --> 00:21:22,080

oh oh i think yeah

588

00:21:30,390 --> 00:21:28,950

yeah so we've got um a report on

589

00:21:33,430 --> 00:21:30,400
conversations

590

00:21:36,710 --> 00:21:33,440
with uh soviet scientists on the subject

591

00:21:38,870 --> 00:21:36,720
of uh unidentified flying objects so

592

00:21:40,630 --> 00:21:38,880
again this is 1967 so we're getting a

593

00:21:41,909 --> 00:21:40,640
little bit more up-to-date so this is

594

00:21:45,990 --> 00:21:41,919
quite interesting

595

00:21:49,430 --> 00:21:46,000
and in terms of ufos in the ussr now

596

00:21:51,830 --> 00:21:49,440
you know again it's more case of the cia

597

00:21:53,190 --> 00:21:51,840
looking at what's going on inside russia

598

00:21:54,710 --> 00:21:53,200
because again you know getting

599

00:21:55,990 --> 00:21:54,720
information out there wasn't the easiest

600

00:21:57,669 --> 00:21:56,000
i mean they could get information out

601
00:21:59,430 --> 00:21:57,679
from different methods but anything they

602
00:22:01,190 --> 00:21:59,440
could get their hands on they would look

603
00:22:03,590 --> 00:22:01,200
at you know so it wasn't just cause oh

604
00:22:04,870 --> 00:22:03,600
this is on ufos it's just because it was

605
00:22:06,789 --> 00:22:04,880
along with probably a whole lot of other

606
00:22:08,149 --> 00:22:06,799
things as well and then of course you've

607
00:22:10,549 --> 00:22:08,159
got the usual things where the sources

608
00:22:12,149 --> 00:22:10,559
get blacked out uh the first the first

609
00:22:13,909 --> 00:22:12,159
bullet point the whole paragraph being

610
00:22:16,310 --> 00:22:13,919
blacked out for whatever reason

611
00:22:18,070 --> 00:22:16,320
it's probably about the same

612
00:22:20,870 --> 00:22:18,080
well quite i was going to you've got the

613
00:22:22,950 --> 00:22:20,880

words right out of my mouth there sure

614

00:22:25,669 --> 00:22:22,960

it's probably really but smarties

615

00:22:27,029 --> 00:22:25,679

yeah it'll be with a crash or something

616

00:22:28,950 --> 00:22:27,039

it's more likely to deal with how they

617

00:22:31,110 --> 00:22:28,960

got the information and who met

618

00:22:32,230 --> 00:22:31,120

uh who they were who shot the scientists

619

00:22:33,990 --> 00:22:32,240

these were

620

00:22:36,070 --> 00:22:34,000

um because you meant because they

621

00:22:37,750 --> 00:22:36,080

started saying he and all the rest of it

622

00:22:40,070 --> 00:22:37,760

he visited and then he's got a place

623

00:22:41,830 --> 00:22:40,080

name or some kind of research center or

624

00:22:43,430 --> 00:22:41,840

you know or a lab whatever it is it's

625

00:22:46,470 --> 00:22:43,440

been blacked out

626

00:22:49,909 --> 00:22:46,480

um who was um

627

00:22:51,510 --> 00:22:49,919

was a uh non-com non uh um comment

628

00:22:53,750 --> 00:22:51,520

committal sorry that's what it says yeah

629

00:22:55,909 --> 00:22:53,760

non-committal on the subject ufos so

630

00:22:57,669 --> 00:22:55,919

he's visited somebody at somewhere who

631

00:22:59,990 --> 00:22:57,679

was who you know just didn't believe you

632

00:23:01,830 --> 00:23:00,000

about ufos the scientist who served as a

633

00:23:03,750 --> 00:23:01,840

translator a radio astronomer

634

00:23:05,909 --> 00:23:03,760

emphatically um

635

00:23:08,789 --> 00:23:05,919

stated that he knew of no sightings of

636

00:23:10,470 --> 00:23:08,799

ufos in the usr at the ussr and added

637

00:23:14,549 --> 00:23:10,480

with a laugh that if they were only in

638

00:23:17,029 --> 00:23:14,559

the u.s they must be a soviet origin

639

00:23:18,149 --> 00:23:17,039

so it's a yeah so that was the whole

640

00:23:19,590 --> 00:23:18,159

thing about

641

00:23:21,510 --> 00:23:19,600

there's some kind of this thing kind of

642

00:23:23,830 --> 00:23:21,520

psychological op by the americans just

643

00:23:24,950 --> 00:23:23,840

to like wind us up yeah because that was

644

00:23:27,190 --> 00:23:24,960

that was one of some of the russian

645

00:23:29,029 --> 00:23:27,200

thinking was at some stage but of course

646

00:23:31,029 --> 00:23:29,039

we know better the russians did see

647

00:23:33,270 --> 00:23:31,039

their their own ufos

648

00:23:35,270 --> 00:23:33,280

but clearly that was a party line

649

00:23:37,350 --> 00:23:35,280

um so it was interesting you know the

650

00:23:38,470 --> 00:23:37,360

document to say well some people clearly

651
00:23:39,669 --> 00:23:38,480
didn't think they were right but some

652
00:23:41,750 --> 00:23:39,679
people were

653
00:23:43,830 --> 00:23:41,760
were still investigating them in russia

654
00:23:44,950 --> 00:23:43,840
um so yeah it goes on to a bit more i'm

655
00:23:46,870 --> 00:23:44,960
not going to read it all out but it goes

656
00:23:48,950 --> 00:23:46,880
out with a lot more detail about

657
00:23:50,549 --> 00:23:48,960
sightings were not printed in soviet

658
00:23:52,549 --> 00:23:50,559
newspapers because they're not regarded

659
00:23:54,070 --> 00:23:52,559
as scientific observations

660
00:23:55,190 --> 00:23:54,080
that's that's listed there that's

661
00:23:58,310 --> 00:23:55,200
further down

662
00:23:59,110 --> 00:23:58,320
um but it also mentions that

663
00:24:01,110 --> 00:23:59,120

um

664

00:24:03,510 --> 00:24:01,120

they do they did have fantastic reports

665

00:24:05,909 --> 00:24:03,520

of hypothesis and observations inverted

666

00:24:07,990 --> 00:24:05,919

commas which was suggested by what they

667

00:24:09,590 --> 00:24:08,000

say the more imaginative members of the

668

00:24:11,269 --> 00:24:09,600

scientific community

669

00:24:12,310 --> 00:24:11,279

but they needed official sanction before

670

00:24:14,390 --> 00:24:12,320

they could actually have these things in

671

00:24:16,070 --> 00:24:14,400

print like a lot of things in russia so

672

00:24:17,350 --> 00:24:16,080

you know it's um

673

00:24:19,590 --> 00:24:17,360

it's quite it's quite fun actually

674

00:24:21,830 --> 00:24:19,600

reading you know their their viewpoint

675

00:24:23,750 --> 00:24:21,840

or the official viewpoint at the time

676

00:24:25,909 --> 00:24:23,760

and what people know in reality you know

677

00:24:27,669 --> 00:24:25,919

so but again this is this is information

678

00:24:28,710 --> 00:24:27,679

that's come through at the cia and

679

00:24:30,710 --> 00:24:28,720

they've just passed it on you know

680

00:24:32,149 --> 00:24:30,720

they've taken note of it uh they found

681

00:24:34,230 --> 00:24:32,159

the way or they've passed it to somebody

682

00:24:35,990 --> 00:24:34,240

else for some kind of analysis yeah but

683

00:24:38,230 --> 00:24:36,000

it doesn't actually mean that they were

684

00:24:40,710 --> 00:24:38,240

actually asking somebody can you find

685

00:24:42,149 --> 00:24:40,720

out what the russians know about ufos

686

00:24:43,909 --> 00:24:42,159

right that's a debate that's another

687

00:24:45,990 --> 00:24:43,919

debate entirely whether that happen or

688

00:24:47,750 --> 00:24:46,000

not but this isn't necessarily proof of

689

00:24:49,909 --> 00:24:47,760

that this is just somebody relating

690

00:24:51,990 --> 00:24:49,919

information to them if they were to find

691

00:24:54,549 --> 00:24:52,000

out about russians and ufos they would

692

00:24:57,669 --> 00:24:54,559

probably have found out through their

693

00:24:59,909 --> 00:24:57,679

espionage on their tech you know you

694

00:25:01,269 --> 00:24:59,919

would like to think so yes yeah you know

695

00:25:01,990 --> 00:25:01,279

yeah you would you would love to think

696

00:25:04,950 --> 00:25:02,000

so

697

00:25:06,870 --> 00:25:04,960

um all right maybe they have yeah maybe

698

00:25:08,390 --> 00:25:06,880

we got one more here i think or two more

699

00:25:10,310 --> 00:25:08,400

okay

700

00:25:13,190 --> 00:25:10,320

yep two well let's run through this

701
00:25:14,390 --> 00:25:13,200
flight disc section the tucson mystery

702
00:25:16,710 --> 00:25:14,400
drone

703
00:25:18,470 --> 00:25:16,720
okay yeah not not too much longer ago so

704
00:25:21,350 --> 00:25:18,480
i'm sorry if i'm boring everybody

705
00:25:23,510 --> 00:25:21,360
no i'm not seeing it because of that

706
00:25:25,110 --> 00:25:23,520
i'm saying

707
00:25:27,110 --> 00:25:25,120
it is interesting

708
00:25:29,350 --> 00:25:27,120
yeah so we've got two here about german

709
00:25:31,269 --> 00:25:29,360
scientists well one german site is one

710
00:25:34,149 --> 00:25:31,279
german so-called expert the first one's

711
00:25:36,789 --> 00:25:34,159
about its subject is german scientists

712
00:25:39,029 --> 00:25:36,799
article on flying disks

713
00:25:40,870 --> 00:25:39,039

so this was july 1950 so we're going

714

00:25:43,029 --> 00:25:40,880

actually we've gone back a bit again

715

00:25:47,269 --> 00:25:43,039

yeah um and we've got a

716

00:25:49,350 --> 00:25:47,279

dr edward ludwig uh who published um an

717

00:25:51,990 --> 00:25:49,360

article submitted in a german language

718

00:25:53,830 --> 00:25:52,000

uh news uh magazine called condole which

719

00:25:55,750 --> 00:25:53,840

was published in chile funnily from all

720

00:25:57,110 --> 00:25:55,760

places there's a lot of germans ended up

721

00:25:58,950 --> 00:25:57,120

in south america after the wars you're

722

00:26:01,110 --> 00:25:58,960

probably well known um and this this

723

00:26:03,029 --> 00:26:01,120

article is called um the mystery of the

724

00:26:04,470 --> 00:26:03,039

flying discs and this scientist

725

00:26:06,470 --> 00:26:04,480

basically tried to talk about what was

726

00:26:07,750 --> 00:26:06,480

called the boundary layer which the the

727

00:26:10,230 --> 00:26:07,760

germans were trying to investigate the

728

00:26:11,830 --> 00:26:10,240

end of the second world war about how to

729

00:26:14,789 --> 00:26:11,840

build a much more efficient wing for

730

00:26:17,430 --> 00:26:14,799

aircraft in terms of the air flow over a

731

00:26:20,070 --> 00:26:17,440

wing uh like sucking it into little kind

732

00:26:22,149 --> 00:26:20,080

of slots along the edge the leading edge

733

00:26:25,830 --> 00:26:22,159

of a wing to make it more aerodynamic

734

00:26:27,669 --> 00:26:25,840

and more efficient um and anyway so this

735

00:26:29,430 --> 00:26:27,679

this kind of like this whole thrust of

736

00:26:30,870 --> 00:26:29,440

this article is to do with that and how

737

00:26:33,269 --> 00:26:30,880

they might be able to build a flying

738

00:26:35,590 --> 00:26:33,279

saucer using this particular type of um

739

00:26:38,549 --> 00:26:35,600

this type of sort of aerodynamic uh

740

00:26:41,029 --> 00:26:38,559

airflow um so again

741

00:26:43,350 --> 00:26:41,039

i got you like the um canada effect

742

00:26:44,470 --> 00:26:43,360

thing or something yes it's a quandary

743

00:26:45,990 --> 00:26:44,480

effect that's what they're talking about

744

00:26:48,149 --> 00:26:46,000

that's right yeah and it does actually

745

00:26:49,430 --> 00:26:48,159

mention somewhere on there about that

746

00:26:50,789 --> 00:26:49,440

it's not necessarily on this document

747

00:26:53,430 --> 00:26:50,799

but the actual article itself does

748

00:26:55,830 --> 00:26:53,440

mention it um so again we've got the you

749

00:26:57,430 --> 00:26:55,840

know we've got the words flying discs

750

00:26:59,029 --> 00:26:57,440

yeah of course that that that makes

751
00:27:01,510 --> 00:26:59,039
people light up you know when you read

752
00:27:03,510 --> 00:27:01,520
that but it's really more persuac

753
00:27:05,350 --> 00:27:03,520
because it's all all it is is some

754
00:27:07,590 --> 00:27:05,360
german scientist who knows a bit about

755
00:27:08,950 --> 00:27:07,600
aerodynamics saying well i might have

756
00:27:10,789 --> 00:27:08,960
some kind of information as well you

757
00:27:13,029 --> 00:27:10,799
might be able to build one yourself you

758
00:27:14,950 --> 00:27:13,039
know and of course there is a big big

759
00:27:17,190 --> 00:27:14,960
kind of like debate uh in certain

760
00:27:19,029 --> 00:27:17,200
sections some sections of ufology about

761
00:27:21,269 --> 00:27:19,039
whether the ally or the americans and

762
00:27:23,830 --> 00:27:21,279
the canadians did actually build you

763
00:27:25,750 --> 00:27:23,840

know kind of flying discs after the war

764

00:27:28,230 --> 00:27:25,760

um you know like the avrocar and some

765

00:27:30,310 --> 00:27:28,240

other you know esoteric kind of

766

00:27:32,070 --> 00:27:30,320

disc shaped objects you know i found

767

00:27:35,029 --> 00:27:32,080

that they actually were still pursuing

768

00:27:37,269 --> 00:27:35,039

the kanada effect after the debunked

769

00:27:38,710 --> 00:27:37,279

avro car so that's pretty interesting

770

00:27:41,190 --> 00:27:38,720

but i don't think they wound up using

771

00:27:44,710 --> 00:27:41,200

that engine they wound up doing like uh

772

00:27:46,549 --> 00:27:44,720

no those radio rope engines or something

773

00:27:48,950 --> 00:27:46,559

and certainly not for disc shaped

774

00:27:50,950 --> 00:27:48,960

machines but certain aircraft have taken

775

00:27:52,950 --> 00:27:50,960

advantage of that kind of you know

776

00:27:54,549 --> 00:27:52,960

airflow uh there's a couple of russian

777

00:27:57,190 --> 00:27:54,559

types called the ant north 72 and

778

00:28:00,470 --> 00:27:57,200

they're not 74. they have they put their

779

00:28:02,549 --> 00:28:00,480

engines above the wings um and and that

780

00:28:05,269 --> 00:28:02,559

was to like try and take advantage of a

781

00:28:06,470 --> 00:28:05,279

certain part of that effect um so you

782

00:28:08,630 --> 00:28:06,480

know if you ever read about those

783

00:28:10,389 --> 00:28:08,640

particular aircraft then that's that's

784

00:28:11,269 --> 00:28:10,399

what that's why that aircraft looks like

785

00:28:13,669 --> 00:28:11,279

that

786

00:28:16,870 --> 00:28:13,679

so yeah effect sounds like a nice

787

00:28:18,950 --> 00:28:16,880

tropical drink right it's a it's either

788

00:28:24,710 --> 00:28:18,960

um a tropical drink or one of those 19

789

00:28:31,350 --> 00:28:28,149

there is bill given the canada yeah

790

00:28:34,149 --> 00:28:31,360

so the last one um is it's quite

791

00:28:36,310 --> 00:28:34,159

intriguing because there's a whole

792

00:28:38,470 --> 00:28:36,320

sort of thing i've unfolded there and

793

00:28:41,430 --> 00:28:38,480

maybe put it up there i don't quite see

794

00:28:43,909 --> 00:28:41,440

yeah so this is all to do with a guy who

795

00:28:45,350 --> 00:28:43,919

was called george cline and allegedly

796

00:28:47,350 --> 00:28:45,360

and i'm going to start using the word

797

00:28:49,510 --> 00:28:47,360

allegedly about every five words here

798

00:28:50,549 --> 00:28:49,520

sure because none of it has ever been

799

00:28:53,190 --> 00:28:50,559

proved

800

00:28:55,110 --> 00:28:53,200

and this is the only document that there

801
00:28:56,630 --> 00:28:55,120
is to do with this guy apart from a

802
00:28:58,549 --> 00:28:56,640
newspaper report which came out about

803
00:29:00,789 --> 00:28:58,559
the same time actually in 1950 december

804
00:29:02,070 --> 00:29:00,799
1953 and this is the whole thrust of

805
00:29:03,990 --> 00:29:02,080
this document

806
00:29:05,909 --> 00:29:04,000
but a lot of people who believe that the

807
00:29:08,070 --> 00:29:05,919
germans built flying discs during world

808
00:29:09,830 --> 00:29:08,080
war ii and that's why

809
00:29:11,669 --> 00:29:09,840
like you know you saw them in america in

810
00:29:12,470 --> 00:29:11,679
the late 40s because that's really what

811
00:29:14,149 --> 00:29:12,480
they were

812
00:29:15,510 --> 00:29:14,159
there's a whole thrust of ufology that

813
00:29:16,710 --> 00:29:15,520

goes down that line and believes it

814

00:29:18,870 --> 00:29:16,720

implicitly

815

00:29:20,230 --> 00:29:18,880

and the whole this legend that's built

816

00:29:23,029 --> 00:29:20,240

up around it

817

00:29:25,029 --> 00:29:23,039

uh has this guy at the heart of it and

818

00:29:27,750 --> 00:29:25,039

he was supposed to have worked for

819

00:29:29,510 --> 00:29:27,760

albert sphere's um uh technical ministry

820

00:29:32,389 --> 00:29:29,520

that the war um you know the war

821

00:29:34,230 --> 00:29:32,399

ministry building um like tanks guns all

822

00:29:36,549 --> 00:29:34,240

the rest of it the the armaments kind of

823

00:29:38,470 --> 00:29:36,559

stuff in germany in world war ii and

824

00:29:41,029 --> 00:29:38,480

supposed to be an inspector and he

825

00:29:43,830 --> 00:29:41,039

supposed and i keep saying allegedly

826

00:29:45,830 --> 00:29:43,840

witness to some of the projects and even

827

00:29:48,310 --> 00:29:45,840

the test flight of one of these devices

828

00:29:50,549 --> 00:29:48,320

in february 1945

829

00:29:51,750 --> 00:29:50,559

but this is the only

830

00:29:53,190 --> 00:29:51,760

document

831

00:29:56,070 --> 00:29:53,200

that you'll find in any official

832

00:29:57,590 --> 00:29:56,080

archives and it's literally the cia

833

00:30:00,789 --> 00:29:57,600

finding

834

00:30:01,750 --> 00:30:00,799

note of him in a newspaper yeah

835

00:30:04,070 --> 00:30:01,760

and it was

836

00:30:05,269 --> 00:30:04,080

and then it says

837

00:30:06,230 --> 00:30:05,279

well it did

838

00:30:08,389 --> 00:30:06,240

because

839

00:30:09,830 --> 00:30:08,399

his name popped up in a book that was

840

00:30:11,590 --> 00:30:09,840

published about three years later by a

841

00:30:13,510 --> 00:30:11,600

german who was talking about secret

842

00:30:15,110 --> 00:30:13,520

weapons jet fighters missiles all that

843

00:30:16,310 --> 00:30:15,120

kind of stuff but he also mentioned the

844

00:30:17,990 --> 00:30:16,320

discs

845

00:30:19,909 --> 00:30:18,000

and those couple of there's only two

846

00:30:22,149 --> 00:30:19,919

pages in this book but those couple of

847

00:30:23,029 --> 00:30:22,159

pages in the discs set this whole thing

848

00:30:25,029 --> 00:30:23,039

running

849

00:30:26,870 --> 00:30:25,039

uh because people thought that the

850

00:30:27,830 --> 00:30:26,880

germans therefore had developed these

851

00:30:29,990 --> 00:30:27,840

and you've got the names of the

852

00:30:33,110 --> 00:30:30,000

designers there you've got hamamol never

853

00:30:42,870 --> 00:30:33,120

existed because shriver he claimed

854

00:30:47,430 --> 00:30:44,950

but he crops up in all these documents

855

00:30:50,230 --> 00:30:47,440

in all these kind of stories about these

856

00:30:52,310 --> 00:30:50,240

german flying discs shriver did exist

857

00:30:53,590 --> 00:30:52,320

but all he did was he he he basically

858

00:30:55,350 --> 00:30:53,600

gives some interviews from some german

859

00:30:57,269 --> 00:30:55,360

newspapers and said i developed german

860

00:30:59,909 --> 00:30:57,279

discs during the war and that's all he

861

00:31:01,669 --> 00:30:59,919

said and he had some kind of um fanciful

862

00:31:02,710 --> 00:31:01,679

ideas about how they might have worked

863

00:31:05,029 --> 00:31:02,720

but he didn't really give too much

864

00:31:07,430 --> 00:31:05,039

detail he said he'd drawn up plans but

865

00:31:09,029 --> 00:31:07,440

they got stolen at the end of the war uh

866

00:31:10,310 --> 00:31:09,039

he kept saying well maybe the russians

867

00:31:12,149 --> 00:31:10,320

had them i'm not entirely sure because

868

00:31:14,549 --> 00:31:12,159

i've fled prague before the russians

869

00:31:16,310 --> 00:31:14,559

invaded and there's another guy called

870

00:31:19,750 --> 00:31:16,320

mitha who allegedly worked on the v2

871

00:31:21,430 --> 00:31:19,760

rocket he also supposedly had um built

872

00:31:23,190 --> 00:31:21,440

uh flying discs

873

00:31:25,830 --> 00:31:23,200

there uh he gave an interview to

874

00:31:28,230 --> 00:31:25,840

francois magazine in 1952 saying that

875

00:31:29,990 --> 00:31:28,240

he'd done that that's the only proof

876

00:31:32,149 --> 00:31:30,000

that you've got of him ever doing that

877

00:31:33,669 --> 00:31:32,159

right um but george klein apparently

878

00:31:35,830 --> 00:31:33,679

gave an interview to a german newspaper

879

00:31:38,149 --> 00:31:35,840

in 1953 saying that mithra had built

880

00:31:39,750 --> 00:31:38,159

them habermaul had built them and uh

881

00:31:41,590 --> 00:31:39,760

shriver had built them so you've got

882

00:31:43,269 --> 00:31:41,600

three separate competing people building

883

00:31:45,110 --> 00:31:43,279

flying discs some of them apparently

884

00:31:46,870 --> 00:31:45,120

collaborate with each other and then of

885

00:31:48,470 --> 00:31:46,880

course this german this german author

886

00:31:49,590 --> 00:31:48,480

about three years later then says right

887

00:31:51,029 --> 00:31:49,600

i'm going to write a book about german

888

00:31:52,950 --> 00:31:51,039

serial weapons from the wall and he

889

00:31:55,430 --> 00:31:52,960

includes these things in it

890

00:31:58,310 --> 00:31:55,440

and and it's all based on

891

00:32:01,590 --> 00:31:58,320

declines article in a newspaper it's all

892

00:32:04,389 --> 00:32:01,600

based on mytha and tr strivers magazine

893

00:32:06,070 --> 00:32:04,399

are like newspaper articles as well i go

894

00:32:08,149 --> 00:32:06,080

into it in about in a good chapter in my

895

00:32:09,909 --> 00:32:08,159

book about how this all pans out it's

896

00:32:11,509 --> 00:32:09,919

quite an elaborate story and it's

897

00:32:13,430 --> 00:32:11,519

actually quite interesting because it

898

00:32:14,870 --> 00:32:13,440

shows how some people can be taken in by

899

00:32:18,230 --> 00:32:14,880

certain things that don't make any sense

900

00:32:20,149 --> 00:32:18,240

whatsoever um but this story has

901
00:32:21,750 --> 00:32:20,159
propagated through so many different

902
00:32:23,269 --> 00:32:21,760
other books and websites and people have

903
00:32:26,310 --> 00:32:23,279
just picked it up because they think

904
00:32:28,789 --> 00:32:26,320
it's true because the cia mentioned it

905
00:32:31,909 --> 00:32:28,799
in 1954 and it's an and it's an answer

906
00:32:34,310 --> 00:32:31,919
that's not uh you know um aliens or

907
00:32:36,630 --> 00:32:34,320
whatever right so no i feel like going

908
00:32:39,269 --> 00:32:36,640
through this stuff you can tell a lot

909
00:32:41,750 --> 00:32:39,279
like there's some instances where people

910
00:32:44,310 --> 00:32:41,760
are just almost kind of scrambling to

911
00:32:46,950 --> 00:32:44,320
say no it's that's them or us or

912
00:32:48,950 --> 00:32:46,960
whatever like that i found a note an

913
00:32:51,509 --> 00:32:48,960

anonymous note to the chicago newspaper

914

00:32:53,190 --> 00:32:51,519

about a guy who said that um

915

00:32:55,350 --> 00:32:53,200

glenn martin was making the flying

916

00:32:56,950 --> 00:32:55,360

saucers right you know so there's stuff

917

00:32:58,310 --> 00:32:56,960

all over the place yeah there was a lot

918

00:32:59,830 --> 00:32:58,320

of stuff like that going on in the late

919

00:33:01,909 --> 00:32:59,840

40s early 50s

920

00:33:04,470 --> 00:33:01,919

i mean even when the flying discs

921

00:33:06,389 --> 00:33:04,480

started in 1947 they weren't entirely

922

00:33:07,350 --> 00:33:06,399

convinced they were aliens they were

923

00:33:08,470 --> 00:33:07,360

more

924

00:33:09,430 --> 00:33:08,480

sort of under the impression they were

925

00:33:11,110 --> 00:33:09,440

russian

926
00:33:13,269 --> 00:33:11,120
aided by german technic wartime

927
00:33:14,950 --> 00:33:13,279
technology but that's that was the kind

928
00:33:16,310 --> 00:33:14,960
of focus or they might have thought

929
00:33:18,310 --> 00:33:16,320
there was some kind of holdouts from the

930
00:33:19,430 --> 00:33:18,320
from the third reich but there were more

931
00:33:21,509 --> 00:33:19,440
sort of along the lines that they were

932
00:33:22,870 --> 00:33:21,519
russian because what else would they be

933
00:33:24,389 --> 00:33:22,880
it's like going back to the foo fighters

934
00:33:26,630 --> 00:33:24,399
in world war ii the allies thought they

935
00:33:28,470 --> 00:33:26,640
were german secret weapons so you had

936
00:33:30,950 --> 00:33:28,480
that kind of well

937
00:33:32,870 --> 00:33:30,960
okay it's not ours it must be theirs

938
00:33:34,230 --> 00:33:32,880

we're not thinking it's et you know that

939

00:33:35,909 --> 00:33:34,240

was that that was something from the

940

00:33:37,509 --> 00:33:35,919

pulp kind of comic books from the

941

00:33:39,509 --> 00:33:37,519

astounding science fiction kind of you

942

00:33:41,430 --> 00:33:39,519

know little pulp scenes it wasn't

943

00:33:43,750 --> 00:33:41,440

anything to do with you know the here

944

00:33:45,350 --> 00:33:43,760

and now and what was real i mean if they

945

00:33:47,029 --> 00:33:45,360

found it well again this is the

946

00:33:50,149 --> 00:33:47,039

controversy about roswell isn't it about

947

00:33:52,470 --> 00:33:50,159

finding a crash and and possibly bodies

948

00:33:54,789 --> 00:33:52,480

if that is true then obviously yes they

949

00:33:55,909 --> 00:33:54,799

had an idea but the public face of all

950

00:33:57,590 --> 00:33:55,919

this and all the stuff that you've seen

951
00:33:59,990 --> 00:33:57,600
a lot of documents that we've been able

952
00:34:01,509 --> 00:34:00,000
to find over the years goes along the

953
00:34:02,950 --> 00:34:01,519
lines of they were looking for a russian

954
00:34:05,430 --> 00:34:02,960
explanation

955
00:34:06,950 --> 00:34:05,440
um you know i found um i found documents

956
00:34:09,030 --> 00:34:06,960
like that which i've included in my book

957
00:34:10,790 --> 00:34:09,040
as well so i think it was yesterday we

958
00:34:13,829 --> 00:34:10,800
were doing the dr lapaz thing or

959
00:34:15,669 --> 00:34:13,839
whatever and um like there was a little

960
00:34:17,109 --> 00:34:15,679
interchange of conversation between him

961
00:34:18,629 --> 00:34:17,119
and somebody else i forget the name

962
00:34:21,270 --> 00:34:18,639
teller or something like that yeah

963
00:34:22,470 --> 00:34:21,280

edward teller yeah and they're talking

964

00:34:24,310 --> 00:34:22,480

and

965

00:34:27,030 --> 00:34:24,320

the teller guy basically told him it's

966

00:34:28,710 --> 00:34:27,040

like hey look we want you to find a

967

00:34:29,829 --> 00:34:28,720

meteorite

968

00:34:32,629 --> 00:34:29,839

you know

969

00:34:34,629 --> 00:34:32,639

like well it makes it go away doesn't it

970

00:34:36,790 --> 00:34:34,639

makes the whole story go away

971

00:34:39,589 --> 00:34:36,800

uh and he said he was just desperate to

972

00:34:42,389 --> 00:34:39,599

figure out why it didn't have a sound

973

00:34:44,230 --> 00:34:42,399

yeah that's just weird

974

00:34:45,990 --> 00:34:44,240

yeah well that was great graham i really

975

00:34:48,470 --> 00:34:46,000

appreciate that because i feel like

976
00:34:51,430 --> 00:34:48,480
especially um for myself when i'm

977
00:34:53,589 --> 00:34:51,440
digging into documents i often wonder

978
00:34:55,909 --> 00:34:53,599
especially about the newspaper

979
00:34:59,109 --> 00:34:55,919
clippings that you see in in these

980
00:35:00,470 --> 00:34:59,119
archives and if it means anything at all

981
00:35:02,150 --> 00:35:00,480
you know

982
00:35:03,750 --> 00:35:02,160
yeah so the newspaper clinton's

983
00:35:05,430 --> 00:35:03,760
themselves are obviously somebody's

984
00:35:08,069 --> 00:35:05,440
account of things that go on or

985
00:35:11,589 --> 00:35:08,079
reporting from other sources but when

986
00:35:13,589 --> 00:35:11,599
they end up in like the cia or the fbi

987
00:35:15,190 --> 00:35:13,599
um you know archives or other like

988
00:35:16,470 --> 00:35:15,200

intelligence agencies around the world

989

00:35:18,630 --> 00:35:16,480

you can't necessarily take them as

990

00:35:20,069 --> 00:35:18,640

gospel because they're just reporting on

991

00:35:22,069 --> 00:35:20,079

some on whatever somebody else has

992

00:35:24,230 --> 00:35:22,079

reported uh so it doesn't mean it's set

993

00:35:25,589 --> 00:35:24,240

in stone you can use it to build up a

994

00:35:28,470 --> 00:35:25,599

picture about what's going on in a

995

00:35:31,430 --> 00:35:28,480

particular area at a particular time

996

00:35:33,990 --> 00:35:31,440

to like hang your whole kind of you know

997

00:35:35,829 --> 00:35:34,000

narrative on oh that's why the germans

998

00:35:38,630 --> 00:35:35,839

built flying saucers

999

00:35:40,870 --> 00:35:38,640

because that guy who said he did ended

1000

00:35:42,550 --> 00:35:40,880

up in the cia archives well you know i

1001
00:35:44,230 --> 00:35:42,560
can point to a half a dozen different

1002
00:35:46,230 --> 00:35:44,240
websites where that's the whole first

1003
00:35:47,910 --> 00:35:46,240
letter argument about why the germans

1004
00:35:49,030 --> 00:35:47,920
built flying sources and why they're

1005
00:35:50,470 --> 00:35:49,040
still you know why these things are

1006
00:35:53,030 --> 00:35:50,480
still flying around today and you just

1007
00:35:55,430 --> 00:35:53,040
think well no it's not you know it's

1008
00:35:57,910 --> 00:35:55,440
it's just the cia getting a newspaper

1009
00:35:59,990 --> 00:35:57,920
report and passing on somebody else you

1010
00:36:01,510 --> 00:36:00,000
know that's all it was yeah

1011
00:36:02,630 --> 00:36:01,520
but actually these people don't do the

1012
00:36:04,310 --> 00:36:02,640
research because they don't look at the

1013
00:36:06,069 --> 00:36:04,320

original newspaper report either and

1014

00:36:07,829 --> 00:36:06,079

sees what it says it's actually in

1015

00:36:09,589 --> 00:36:07,839

german but i've looked at it and i've

1016

00:36:11,670 --> 00:36:09,599

translated it and it doesn't mean you

1017

00:36:13,910 --> 00:36:11,680

know it's just it's him just saying it's

1018

00:36:16,710 --> 00:36:13,920

this george klein saying oh yes i used

1019

00:36:18,710 --> 00:36:16,720

to work for alba spear and i i part of

1020

00:36:20,150 --> 00:36:18,720

my brief was i used to look up you know

1021

00:36:21,990 --> 00:36:20,160

look after the the secret weapons

1022

00:36:25,109 --> 00:36:22,000

programs including the flying discs and

1023

00:36:27,829 --> 00:36:25,119

i saw one fly and that's all he says

1024

00:36:29,589 --> 00:36:27,839

and who knows if i mean

1025

00:36:32,069 --> 00:36:29,599

it could have been the writer writer

1026

00:36:33,270 --> 00:36:32,079

trying to make his story better well

1027

00:36:34,870 --> 00:36:33,280

i'll tell you what because some of the

1028

00:36:36,870 --> 00:36:34,880

other things some of the things he says

1029

00:36:38,630 --> 00:36:36,880

in this article don't make sense because

1030

00:36:40,150 --> 00:36:38,640

i've looked into them fairly carefully

1031

00:36:42,230 --> 00:36:40,160

and i can shoot some of them down in

1032

00:36:45,109 --> 00:36:42,240

flames so which i have done actually in

1033

00:36:46,950 --> 00:36:45,119

the book so this is how i know you know

1034

00:36:48,710 --> 00:36:46,960

what he was saying was completely off

1035

00:36:50,710 --> 00:36:48,720

base his name doesn't appear anywhere

1036

00:36:53,109 --> 00:36:50,720

anyway in records nobody's been able to

1037

00:36:54,550 --> 00:36:53,119

trace him and the other and the other

1038

00:36:57,030 --> 00:36:54,560

people who have mentioned that document

1039

00:36:59,430 --> 00:36:57,040

about the designers they don't exist

1040

00:37:01,430 --> 00:36:59,440

either beyond these newspaper reports

1041

00:37:03,670 --> 00:37:01,440

and they're the one and basic

1042

00:37:05,190 --> 00:37:03,680

newspaper articles that they actually

1043

00:37:06,390 --> 00:37:05,200

you know just they're talking to a

1044

00:37:08,390 --> 00:37:06,400

reporter and that's where the

1045

00:37:09,510 --> 00:37:08,400

information comes from so don't believe

1046

00:37:10,390 --> 00:37:09,520

all you read

1047

00:37:12,470 --> 00:37:10,400

yeah

1048

00:37:14,310 --> 00:37:12,480

just because it looks like in a like

1049

00:37:16,390 --> 00:37:14,320

some sort of official document with a

1050

00:37:19,910 --> 00:37:16,400

juicy story or something

1051
00:37:22,550 --> 00:37:19,920
um that oftentimes is the beginning

1052
00:37:26,230 --> 00:37:22,560
of your work right yeah

1053
00:37:28,550 --> 00:37:26,240
yeah then figure it out um

1054
00:37:31,270 --> 00:37:28,560
so yeah this is interesting

1055
00:37:33,829 --> 00:37:31,280
it's it's great isn't it

1056
00:37:35,670 --> 00:37:33,839
have you heard the audio i have yeah i

1057
00:37:37,990 --> 00:37:35,680
listened to it yesterday i finally got a

1058
00:37:40,790 --> 00:37:38,000
chance to listen to it um it's it's

1059
00:37:43,829 --> 00:37:40,800
impressive for you know

1060
00:37:46,230 --> 00:37:43,839
just so how it's how astonishing it is

1061
00:37:48,150 --> 00:37:46,240
and you can you can hear the when even

1062
00:38:01,349 --> 00:37:48,160
just if you read it never mind listen to

1063
00:38:08,630 --> 00:38:02,870

uh maintaining our heading trying to get

1064

00:38:12,470 --> 00:38:10,069

if you know where a good bird is you

1065

00:38:14,310 --> 00:38:12,480

could tell me

1066

00:38:17,670 --> 00:38:14,320

oh it's just the thing when it starts

1067

00:38:22,230 --> 00:38:17,680

climbing out your way above

1068

00:38:26,470 --> 00:38:23,510

okay we are

1069

00:38:27,990 --> 00:38:26,480

three to five heading now

1070

00:38:29,829 --> 00:38:28,000

kind of parallel line i-10 i'm going to

1071

00:38:31,510 --> 00:38:29,839

start a descent

1072

00:38:33,430 --> 00:38:31,520

and i'm going to defend this way down

1073

00:38:35,430 --> 00:38:33,440

past your uh altitude

1074

00:38:43,109 --> 00:38:35,440

tire no factor for the descent

1075

00:38:45,430 --> 00:38:44,630

yeah then it kind of goes quiet for a

1076

00:38:47,589 --> 00:38:45,440

bit

1077

00:38:49,030 --> 00:38:47,599

yeah i'll see it's in real time so

1078

00:38:50,630 --> 00:38:49,040

there's gaps when they're reacting to

1079

00:38:52,310 --> 00:38:50,640

what's going on basically this thing

1080

00:38:54,550 --> 00:38:52,320

sort of gets above what the air two

1081

00:38:56,310 --> 00:38:54,560

helicopter and then as they're climbing

1082

00:38:58,390 --> 00:38:56,320

it's climbing faster

1083

00:39:00,870 --> 00:38:58,400

and you know it's going like a thousand

1084

00:39:03,430 --> 00:39:00,880

two thousand feet above them um at one

1085

00:39:05,670 --> 00:39:03,440

stage um and it's you know circling

1086

00:39:11,190 --> 00:39:05,680

around the way it's

1087

00:39:14,150 --> 00:39:12,710

and you know the towers don't know

1088

00:39:15,349 --> 00:39:14,160

what's going on the two helicopters

1089

00:39:17,109 --> 00:39:15,359

which are involved in it they're trying

1090

00:39:20,230 --> 00:39:17,119

to look for it and they're having a bit

1091

00:39:22,069 --> 00:39:20,240

of trouble keeping up with it um

1092

00:39:23,829 --> 00:39:22,079

they're having a hard time getting uh

1093

00:39:38,470 --> 00:39:23,839

being able to see it on their on their

1094

00:39:41,910 --> 00:39:40,470

they basically kept saying i just kept

1095

00:39:43,109 --> 00:39:41,920

saying it visually and that's how they

1096

00:39:44,870 --> 00:39:43,119

could that was how one of them was

1097

00:39:46,630 --> 00:39:44,880

really tracking it but by just seeing it

1098

00:39:48,550 --> 00:39:46,640

he's between us and the towers on mount

1099

00:39:50,230 --> 00:39:48,560

limit now

1100

00:39:56,710 --> 00:39:50,240

probably a thousand above us and uh

1101
00:39:59,829 --> 00:39:58,390
and it was more during the way that was

1102
00:40:02,390 --> 00:39:59,839
interacting with the helicopters and you

1103
00:40:04,069 --> 00:40:02,400
know as in kind of um sort of keeping

1104
00:40:05,990 --> 00:40:04,079
out their way and maybe keeping in the

1105
00:40:07,510 --> 00:40:06,000
blind spots and all the rest of it you

1106
00:40:09,750 --> 00:40:07,520
know for that to be controlled by

1107
00:40:11,670 --> 00:40:09,760
somebody they must have had a huge kind

1108
00:40:13,750 --> 00:40:11,680
of situational awareness about what was

1109
00:40:15,990 --> 00:40:13,760
going on you know all the time so it

1110
00:40:17,589 --> 00:40:16,000
wasn't just like some guy you know on

1111
00:40:20,390 --> 00:40:17,599
on the other side of the country or from

1112
00:40:22,870 --> 00:40:20,400
a ship somewhere you know away you know

1113
00:40:25,430 --> 00:40:22,880

how far away launching it and and trying

1114

00:40:27,670 --> 00:40:25,440

to track it you know whoever what if

1115

00:40:29,750 --> 00:40:27,680

there was somebody flying it let's say

1116

00:40:32,309 --> 00:40:29,760

it was a drone then they must have had a

1117

00:40:33,670 --> 00:40:32,319

huge an amazing sensor

1118

00:40:36,150 --> 00:40:33,680

just an update here

1119

00:40:37,750 --> 00:40:36,160

um air 2 still has that drone in sight

1120

00:40:39,190 --> 00:40:37,760

and then troy is maneuvering and take

1121

00:40:41,990 --> 00:40:39,200

pictures of it

1122

00:40:44,870 --> 00:40:42,000

okay and they're over like mount lemmon

1123

00:40:46,390 --> 00:40:44,880

and uh that's crazy man to be that that

1124

00:40:48,390 --> 00:40:46,400

far they don't they don't think it's

1125

00:40:50,630 --> 00:40:48,400

it's radio controlled really they think

1126

00:40:52,069 --> 00:40:50,640

it's automated well well something's

1127

00:40:53,270 --> 00:40:52,079

good because it started over here by

1128

00:40:54,870 --> 00:40:53,280

keno hospital it's all the way over

1129

00:40:57,589 --> 00:40:54,880

there yeah for sure and i can't believe

1130

00:40:59,990 --> 00:40:57,599

they have eyes on it that high yeah

1131

00:41:03,829 --> 00:41:00,000

the night fish is helping him out yeah

1132

00:41:03,839 --> 00:41:07,349

that's crazy

1133

00:41:11,270 --> 00:41:09,190

yeah just answer dan's point there about

1134

00:41:12,950 --> 00:41:11,280

yeah if it was circling and climb and

1135

00:41:14,309 --> 00:41:12,960

climbing if it was circling it wasn't

1136

00:41:16,390 --> 00:41:14,319

just sitting like hovering and sitting

1137

00:41:17,829 --> 00:41:16,400

in one place then you might expect it

1138

00:41:19,510 --> 00:41:17,839

might have wings

1139

00:41:21,190 --> 00:41:19,520

but

1140

00:41:22,870 --> 00:41:21,200

it's not entirely clear whether it does

1141

00:41:24,790 --> 00:41:22,880

or not i mean i don't i'm not entirely

1142

00:41:26,630 --> 00:41:24,800

sure how they describe it you know that

1143

00:41:28,870 --> 00:41:26,640

they're too busy trying to find it and

1144

00:41:30,710 --> 00:41:28,880

and chase it and catch up with it to get

1145

00:41:32,550 --> 00:41:30,720

any kind of real accurate description

1146

00:41:35,750 --> 00:41:32,560

other than it was just like some kind of

1147

00:41:37,829 --> 00:41:35,760

really small thing um but

1148

00:41:39,829 --> 00:41:37,839

it's weird about it because it seems to

1149

00:41:41,430 --> 00:41:39,839

be very responsive to what how they're

1150

00:41:44,309 --> 00:41:41,440

flying and you know how the two

1151
00:41:45,910 --> 00:41:44,319
helicopters were chasing after it um and

1152
00:41:48,710 --> 00:41:45,920
it keeps out of their way

1153
00:41:50,309 --> 00:41:48,720
so if it is somebody flying it

1154
00:41:52,870 --> 00:41:50,319
not you know from the ground let's say

1155
00:41:54,550 --> 00:41:52,880
yeah like it has eyes on it

1156
00:41:56,470 --> 00:41:54,560
you know you wonder that height how they

1157
00:41:58,710 --> 00:41:56,480
could actually you know make it do what

1158
00:42:00,550 --> 00:41:58,720
it was doing and to respond to all the

1159
00:42:02,630 --> 00:42:00,560
movements that the two helicopters were

1160
00:42:04,870 --> 00:42:02,640
doing and keep it you know from crashing

1161
00:42:06,230 --> 00:42:04,880
into them let's just say or from losing

1162
00:42:07,349 --> 00:42:06,240
sight of it or whatever because it must

1163
00:42:08,950 --> 00:42:07,359

be a hell of a distance away from

1164

00:42:10,790 --> 00:42:08,960

wherever it was launched from if it was

1165

00:42:12,950 --> 00:42:10,800

a drone so there's a lot of things that

1166

00:42:15,670 --> 00:42:12,960

sort of you know make me sort of think

1167

00:42:17,750 --> 00:42:15,680

well you know what else was it because

1168

00:42:19,990 --> 00:42:17,760

it's got to be really really sort of

1169

00:42:21,990 --> 00:42:20,000

sophisticated to be you know just a

1170

00:42:23,349 --> 00:42:22,000

drone yeah

1171

00:42:25,589 --> 00:42:23,359

and the kind of sensor package and the

1172

00:42:26,950 --> 00:42:25,599

kind of communications package it had to

1173

00:42:29,190 --> 00:42:26,960

to link to where it was being launched

1174

00:42:31,349 --> 00:42:29,200

and controlled from so

1175

00:42:32,950 --> 00:42:31,359

i don't know it's a real mystery it's a

1176

00:42:35,670 --> 00:42:32,960

very very good it's a very compelling

1177

00:42:38,150 --> 00:42:35,680

one um but i'm you know i'm i'm no

1178

00:42:39,510 --> 00:42:38,160

expert on drone technology so um i'd

1179

00:42:41,510 --> 00:42:39,520

leave that to people who are much more

1180

00:42:43,990 --> 00:42:41,520

knowledgeable that subject than i am

1181

00:42:47,270 --> 00:42:44,000

but yeah yeah it's it's very intriguing

1182

00:42:50,309 --> 00:42:47,280

well you know that drones are getting to

1183

00:42:52,150 --> 00:42:50,319

be very uh possible

1184

00:42:54,390 --> 00:42:52,160

you know as far as their capabilities i

1185

00:42:56,710 --> 00:42:54,400

just went over something the other day

1186

00:43:01,030 --> 00:42:56,720

about uh locust drones

1187

00:43:02,069 --> 00:43:01,040

um where they use the phenomenon of

1188

00:43:04,309 --> 00:43:02,079

um

1189

00:43:07,910 --> 00:43:04,319

swarming basically

1190

00:43:09,589 --> 00:43:07,920

um and their goal by 2025 which is the

1191

00:43:10,470 --> 00:43:09,599

the goal of this school who wrote the

1192

00:43:12,550 --> 00:43:10,480

paper

1193

00:43:14,470 --> 00:43:12,560

was to release a

1194

00:43:15,750 --> 00:43:14,480

thousand of them i think it was in

1195

00:43:18,230 --> 00:43:15,760

coordination

1196

00:43:20,470 --> 00:43:18,240

and they just did like a hundred of them

1197

00:43:22,150 --> 00:43:20,480

a couple of years ago or something

1198

00:43:23,430 --> 00:43:22,160

yeah well you see these some like shows

1199

00:43:25,430 --> 00:43:23,440

don't you where they'll have multiple

1200

00:43:27,190 --> 00:43:25,440

ones with lights on so that they create

1201

00:43:29,349 --> 00:43:27,200

some kind of effect in the sky it's

1202

00:43:31,270 --> 00:43:29,359

getting it's getting very clever um

1203

00:43:33,190 --> 00:43:31,280

allen had a on your in your notes there

1204

00:43:34,230 --> 00:43:33,200

he had a comment now he said you

1205

00:43:35,910 --> 00:43:34,240

couldn't see it with night vision

1206

00:43:37,109 --> 00:43:35,920

goggles there yes there were they were

1207

00:43:38,550 --> 00:43:37,119

having a hell of a

1208

00:43:40,950 --> 00:43:38,560

difficulty in trying to find it the

1209

00:43:42,630 --> 00:43:40,960

object was very faint so

1210

00:43:44,069 --> 00:43:42,640

it didn't have much of a heat source by

1211

00:43:46,150 --> 00:43:44,079

the look by the sound of things if they

1212

00:43:48,230 --> 00:43:46,160

were they were struggling or for somehow

1213

00:43:49,190 --> 00:43:48,240

somehow we could mask its heat which

1214

00:43:51,430 --> 00:43:49,200

again

1215

00:43:53,190 --> 00:43:51,440

like sort of you know show some kind of

1216

00:43:54,950 --> 00:43:53,200

possible like strange technology that

1217

00:43:56,550 --> 00:43:54,960

could i heard there too

1218

00:43:58,470 --> 00:43:56,560

yeah it's

1219

00:43:59,829 --> 00:43:58,480

and yeah there's there's vinnie saying

1220

00:44:01,670 --> 00:43:59,839

it could be the same thing that was

1221

00:44:03,270 --> 00:44:01,680

flying after that bit that that a-10

1222

00:44:04,390 --> 00:44:03,280

warthog so

1223

00:44:05,190 --> 00:44:04,400

who knows

1224

00:44:08,950 --> 00:44:05,200

it's

1225

00:44:10,230 --> 00:44:08,960

this is a new strand isn't it yeah what

1226

00:44:11,829 --> 00:44:10,240

some people might just write off as

1227

00:44:14,630 --> 00:44:11,839

drones this is a whole new thing which

1228

00:44:16,470 --> 00:44:14,640

is permeating the whole you know ufo uap

1229

00:44:18,790 --> 00:44:16,480

issue that there's these little things

1230

00:44:20,790 --> 00:44:18,800

now that which are flying around that

1231

00:44:22,790 --> 00:44:20,800

like seem to imitate drones in some

1232

00:44:24,630 --> 00:44:22,800

respects but others

1233

00:44:27,030 --> 00:44:24,640

sort of just outstrip the other

1234

00:44:29,030 --> 00:44:27,040

capabilities that we think we know about

1235

00:44:31,349 --> 00:44:29,040

drones but then again

1236

00:44:32,550 --> 00:44:31,359

we don't know some things and you know

1237

00:44:33,510 --> 00:44:32,560

maybe the chinese or the russians or

1238

00:44:34,870 --> 00:44:33,520

even the americans that are

1239

00:44:36,870 --> 00:44:34,880

experimenting with

1240

00:44:39,990 --> 00:44:36,880

um so it's all a little bit up in the

1241

00:44:42,710 --> 00:44:40,000

air to department if it was um well

1242

00:44:45,510 --> 00:44:42,720

apparently russian and chinese um

1243

00:44:46,630 --> 00:44:45,520

they're at least uh china is dominating

1244

00:44:50,150 --> 00:44:46,640

the drone

1245

00:44:52,790 --> 00:44:50,160

game uh cortador military at least

1246

00:44:54,950 --> 00:44:52,800

the civilian uh sector as well

1247

00:44:57,589 --> 00:44:54,960

so if they're going

1248

00:44:59,510 --> 00:44:57,599

you know and a part of that is they

1249

00:45:01,349 --> 00:44:59,520

you know want to be able to loiter

1250

00:45:03,910 --> 00:45:01,359

indefinitely

1251

00:45:06,470 --> 00:45:03,920

you know and um they have come up with

1252

00:45:09,750 --> 00:45:06,480

ways that to where they can

1253

00:45:11,190 --> 00:45:09,760

um do that even going far distances

1254

00:45:12,710 --> 00:45:11,200

um

1255

00:45:13,910 --> 00:45:12,720

so i don't know

1256

00:45:15,270 --> 00:45:13,920

you just have to you have to wonder what

1257

00:45:17,349 --> 00:45:15,280

kind of power source that's going to

1258

00:45:19,589 --> 00:45:17,359

drive something well i mean it

1259

00:45:21,670 --> 00:45:19,599

definitely is obviously not forever but

1260

00:45:23,589 --> 00:45:21,680

it's a very f it's for a fair you know a

1261

00:45:25,670 --> 00:45:23,599

fair chunk of time but you wonder what

1262

00:45:27,109 --> 00:45:25,680

you know something that's small you

1263

00:45:29,190 --> 00:45:27,119

wonder what's going to be able to power

1264

00:45:31,910 --> 00:45:29,200

it over that period of time that

1265

00:45:34,069 --> 00:45:31,920

accurately over that distance as well i

1266

00:45:35,670 --> 00:45:34,079

mean okay you and i could get a drone

1267

00:45:37,349 --> 00:45:35,680

maybe that we could send off you know

1268

00:45:39,030 --> 00:45:37,359

and even like you're really sufficient

1269

00:45:40,630 --> 00:45:39,040

okay what are the chances you can go

1270

00:45:42,470 --> 00:45:40,640

ahead

1271

00:45:44,790 --> 00:45:42,480

yeah they fly over another state let's

1272

00:45:47,589 --> 00:45:44,800

say okay never mind another country or

1273

00:45:49,270 --> 00:45:47,599

across a across a an ocean let's just

1274

00:45:51,270 --> 00:45:49,280

fly over a state

1275

00:45:52,870 --> 00:45:51,280

and then try and accurately fly it

1276

00:45:55,349 --> 00:45:52,880

within a couple of feet or 100 feet of a

1277

00:45:56,790 --> 00:45:55,359

helicopter you know what kind of sensors

1278

00:45:58,230 --> 00:45:56,800

do you have to have what kind of you

1279

00:45:59,750 --> 00:45:58,240

know what does it have to have in terms

1280

00:46:00,470 --> 00:45:59,760

of being able to work out what's around

1281

00:46:02,230 --> 00:46:00,480

it

1282

00:46:04,470 --> 00:46:02,240

and who and how sophisticated has the

1283

00:46:06,150 --> 00:46:04,480

guy or the person who's flying it you've

1284

00:46:07,670 --> 00:46:06,160

got to be in terms to be able to react

1285

00:46:09,109 --> 00:46:07,680

that quick and the information's going

1286

00:46:11,510 --> 00:46:09,119

to get there back to the hell to

1287

00:46:13,510 --> 00:46:11,520

whatever it is to fly it around as as as

1288

00:46:15,829 --> 00:46:13,520

your mate spaghetti says on the con it's

1289

00:46:16,870 --> 00:46:15,839

no drone it probably isn't you know it's

1290

00:46:18,790 --> 00:46:16,880

probably something that's something

1291

00:46:21,829 --> 00:46:18,800

completely different but yeah

1292

00:46:22,550 --> 00:46:21,839

again we don't know do we so

1293

00:46:26,630 --> 00:46:22,560

it's

1294

00:46:28,230 --> 00:46:26,640

weird isn't it

1295

00:46:29,829 --> 00:46:28,240

but yeah and the general's got a good

1296

00:46:31,349 --> 00:46:29,839

point there as well he says if it's some

1297

00:46:33,430 --> 00:46:31,359

secret tech why would he be playing cat

1298

00:46:34,309 --> 00:46:33,440

and mouse or helicopters indeed why

1299

00:46:36,069 --> 00:46:34,319

would he

1300

00:46:38,309 --> 00:46:36,079

just hide

1301
00:46:40,390 --> 00:46:38,319
and yeah you wouldn't yeah it's playing

1302
00:46:42,950 --> 00:46:40,400
with them isn't it

1303
00:46:45,829 --> 00:46:42,960
if i mean if it's a secret deck it's not

1304
00:46:47,589 --> 00:46:45,839
our secret text that's right like our

1305
00:46:50,150 --> 00:46:47,599
governments it would it could be a rogue

1306
00:46:51,750 --> 00:46:50,160
civilian maybe i guess

1307
00:46:53,589 --> 00:46:51,760
um i don't i don't

1308
00:46:55,510 --> 00:46:53,599
i don't like sort of subscribe to the

1309
00:46:57,510 --> 00:46:55,520
drone theory too much because from what

1310
00:46:59,270 --> 00:46:57,520
i see and what i hear about

1311
00:47:00,470 --> 00:46:59,280
you know drone technology we're not

1312
00:47:01,990 --> 00:47:00,480
there yet

1313
00:47:05,510 --> 00:47:02,000

but it's so it's one of those things i

1314

00:47:07,430 --> 00:47:05,520

can't obviously 100 rule out um

1315

00:47:11,030 --> 00:47:07,440

i mean having looked a little bit into

1316

00:47:11,829 --> 00:47:11,040

it the capabilities are are pretty

1317

00:47:15,990 --> 00:47:11,839

um

1318

00:47:17,270 --> 00:47:16,000

wonder what kind of point in history

1319

00:47:18,710 --> 00:47:17,280

yeah you just wonder what kind of point

1320

00:47:19,510 --> 00:47:18,720

in history it's going to get to where

1321

00:47:22,150 --> 00:47:19,520

their

1322

00:47:23,270 --> 00:47:22,160

technology yes matches what we're seeing

1323

00:47:24,390 --> 00:47:23,280

and whether that's going to be what 10

1324

00:47:25,750 --> 00:47:24,400

years in the future 100 years in the

1325

00:47:27,829 --> 00:47:25,760

future whatever that's going to be they

1326

00:47:29,990 --> 00:47:27,839

might come in different estimates right

1327

00:47:32,710 --> 00:47:30,000

yeah they're coming

1328

00:47:35,030 --> 00:47:32,720

from what we're really looking at

1329

00:47:37,750 --> 00:47:35,040

we're going to start having uh finding

1330

00:47:39,430 --> 00:47:37,760

more newspaper clippings in the cia oh

1331

00:47:44,710 --> 00:47:39,440

yeah

1332

00:47:48,390 --> 00:47:44,720

think that's kind of the hard part of

1333

00:47:50,230 --> 00:47:48,400

all this and it you know unfortunately

1334

00:47:52,309 --> 00:47:50,240

you know you think this is what i think

1335

00:47:53,990 --> 00:47:52,319

so we're here and we're wondering about

1336

00:47:56,069 --> 00:47:54,000

the capabilities and all that could we

1337

00:47:57,109 --> 00:47:56,079

even do something like that and all

1338

00:47:59,109 --> 00:47:57,119

whatever

1339

00:48:01,510 --> 00:47:59,119

and then you think about the the 40s and

1340

00:48:04,069 --> 00:48:01,520

50s when all this stuff was going crazy

1341

00:48:05,510 --> 00:48:04,079

like 48 49 50.

1342

00:48:07,349 --> 00:48:05,520

and

1343

00:48:09,109 --> 00:48:07,359

you know it would have been so much

1344

00:48:12,309 --> 00:48:09,119

easier if we were around then did you

1345

00:48:14,150 --> 00:48:12,319

say no that's not a drone

1346

00:48:15,910 --> 00:48:14,160

that's a freaking ufo

1347

00:48:17,349 --> 00:48:15,920

you know we're going to get another

1348

00:48:19,430 --> 00:48:17,359

thing like that

1349

00:48:21,109 --> 00:48:19,440

we've got the benefit of like 75 years

1350

00:48:22,630 --> 00:48:21,119

of seeing what's happened since then

1351
00:48:24,470 --> 00:48:22,640
haven't we yeah you put yourself in the

1352
00:48:25,990 --> 00:48:24,480
shoes of the people back then and

1353
00:48:27,750 --> 00:48:26,000
they've gotten as i said before they've

1354
00:48:29,349 --> 00:48:27,760
got no frame of reference

1355
00:48:31,030 --> 00:48:29,359
you know they're

1356
00:48:32,829 --> 00:48:31,040
not interested in you know those kind of

1357
00:48:35,910 --> 00:48:32,839
pulp science fiction comics from the

1358
00:48:36,710 --> 00:48:35,920
1930s and 1940s so you know it's not

1359
00:48:38,950 --> 00:48:36,720
something they would look at and

1360
00:48:40,630 --> 00:48:38,960
everything was sort of in the language

1361
00:48:41,670 --> 00:48:40,640
of well it's the russians or it was the

1362
00:48:43,990 --> 00:48:41,680
germans

1363
00:48:45,510 --> 00:48:44,000

um you know the other kind of the others

1364

00:48:46,870 --> 00:48:45,520

came along later

1365

00:48:48,230 --> 00:48:46,880

um

1366

00:48:50,630 --> 00:48:48,240

or at least that's that's the way it

1367

00:48:51,990 --> 00:48:50,640

looks from from now but then again you

1368

00:48:53,589 --> 00:48:52,000

know if you peel back the layers and you

1369

00:48:55,349 --> 00:48:53,599

find that the craft did crash it roswell

1370

00:48:57,670 --> 00:48:55,359

and it had more there was bodies found

1371

00:48:59,430 --> 00:48:57,680

at some stage or there or some of these

1372

00:49:01,430 --> 00:48:59,440

other stories from back then were

1373

00:49:04,309 --> 00:49:01,440

actually you know sort of

1374

00:49:05,190 --> 00:49:04,319

e.t then yes okay that that basically

1375

00:49:08,710 --> 00:49:05,200

just

1376

00:49:09,910 --> 00:49:08,720

knocks all that yeah away doesn't it

1377

00:49:11,589 --> 00:49:09,920

knowing that yeah you've got a whole

1378

00:49:14,630 --> 00:49:11,599

different story

1379

00:49:19,030 --> 00:49:14,640

yeah so it's all very very weird well i

1380

00:49:19,829 --> 00:49:19,040

appreciate it man um you're the best

1381

00:49:22,630 --> 00:49:19,839

so

1382

00:49:24,950 --> 00:49:22,640

um i learned a lot today

1383

00:49:27,190 --> 00:49:24,960

i hope other people learned a lot today

1384

00:49:29,349 --> 00:49:27,200

um we got about 10 minutes left you got

1385

00:49:31,190 --> 00:49:29,359

10 more in you

1386

00:49:32,790 --> 00:49:31,200

um if you've got some i haven't got any

1387

00:49:34,950 --> 00:49:32,800

actually lined up but if you want to

1388

00:49:36,870 --> 00:49:34,960

talk about something else yeah no that's

1389

00:49:38,390 --> 00:49:36,880

okay um

1390

00:49:39,350 --> 00:49:38,400

well

1391

00:49:41,430 --> 00:49:39,360

why don't we

1392

00:49:43,510 --> 00:49:41,440

[Music]

1393

00:49:47,750 --> 00:49:43,520

look at something

1394

00:49:53,430 --> 00:49:49,349

because i'll get stuck or something will

1395

00:49:57,589 --> 00:49:55,750

so yeah um

1396

00:49:59,990 --> 00:49:57,599

i appreciate all your help man you've

1397

00:50:01,910 --> 00:50:00,000

been so sorry so

1398

00:50:04,150 --> 00:50:01,920

um always so supportive of me and my

1399

00:50:06,390 --> 00:50:04,160

endeavors and everything i try to do so

1400

00:50:07,430 --> 00:50:06,400

i really appreciate that because i look

1401
00:50:10,710 --> 00:50:07,440
up to you

1402
00:50:12,870 --> 00:50:10,720
as uh as a journalist as a writer as

1403
00:50:13,750 --> 00:50:12,880
uh somebody in this community who you

1404
00:50:15,430 --> 00:50:13,760
know

1405
00:50:18,069 --> 00:50:15,440
is a straight shooter

1406
00:50:19,589 --> 00:50:18,079
and looks at things as they are so

1407
00:50:21,270 --> 00:50:19,599
you know there's no there's no there's

1408
00:50:22,870 --> 00:50:21,280
no benefit in trying to tell people the

1409
00:50:24,549 --> 00:50:22,880
wrong thing or trying to lead people

1410
00:50:28,069 --> 00:50:24,559
down paths where you know you shouldn't

1411
00:50:29,990 --> 00:50:28,079
be um you know it for one thing even if

1412
00:50:31,910 --> 00:50:30,000
i tried to come about and bite me you

1413
00:50:34,309 --> 00:50:31,920

know you know next month next year in

1414

00:50:36,309 --> 00:50:34,319

the next decade so there's absolutely no

1415

00:50:37,990 --> 00:50:36,319

reason for me to to say anything that i

1416

00:50:40,390 --> 00:50:38,000

don't believe in myself and i don't

1417

00:50:41,990 --> 00:50:40,400

think it's accurate so um yeah and if

1418

00:50:43,750 --> 00:50:42,000

and when people actually read the book

1419

00:50:45,430 --> 00:50:43,760

that i've written the hope they'll come

1420

00:50:46,950 --> 00:50:45,440

up with the same kind of conclusion that

1421

00:50:49,750 --> 00:50:46,960

you know i do about what i've written

1422

00:50:51,349 --> 00:50:49,760

about but i'm not trying to sell a story

1423

00:50:53,349 --> 00:50:51,359

uh you know i'm trying to tell it as it

1424

00:50:55,349 --> 00:50:53,359

is and i've pulled you know information

1425

00:50:57,270 --> 00:50:55,359

from here then everywhere to to not

1426

00:50:59,829 --> 00:50:57,280

justified but to sort of back up what

1427

00:51:01,510 --> 00:50:59,839

i'm saying um i don't i don't just come

1428

00:51:02,790 --> 00:51:01,520

up with nonsense well i just like i

1429

00:51:05,430 --> 00:51:02,800

think i don't

1430

00:51:06,790 --> 00:51:05,440

a great example of that is just earlier

1431

00:51:07,589 --> 00:51:06,800

when you said

1432

00:51:08,950 --> 00:51:07,599

um

1433

00:51:10,390 --> 00:51:08,960

that

1434

00:51:11,829 --> 00:51:10,400

you know people don't do their research

1435

00:51:13,589 --> 00:51:11,839

they get the news article but it was

1436

00:51:15,990 --> 00:51:13,599

originally in german then they go don't

1437

00:51:17,430 --> 00:51:16,000

go translate it like that statement

1438

00:51:18,710 --> 00:51:17,440

right there

1439

00:51:20,829 --> 00:51:18,720

means

1440

00:51:24,150 --> 00:51:20,839

that this is gonna be a great

1441

00:51:27,430 --> 00:51:24,160

book know because that's an example of

1442

00:51:29,349 --> 00:51:27,440

how much you uh put into it so

1443

00:51:30,630 --> 00:51:29,359

i appreciate it i can't wait

1444

00:51:31,829 --> 00:51:30,640

did you see something on twitter just

1445

00:51:33,030 --> 00:51:31,839

before i go did you say something on

1446

00:51:34,549 --> 00:51:33,040

twitter the other day and it was like

1447

00:51:36,390 --> 00:51:34,559

somebody put um

1448

00:51:39,030 --> 00:51:36,400

it was an explanation of the language

1449

00:51:40,150 --> 00:51:39,040

somebody says i do my own research

1450

00:51:42,390 --> 00:51:40,160

oh right

1451
00:51:44,950 --> 00:51:42,400
you had footnotes for each of the words

1452
00:51:47,030 --> 00:51:44,960
and it was and it was like um i do my

1453
00:51:49,109 --> 00:51:47,040
own and i think that was i look at

1454
00:51:50,580 --> 00:51:49,119
somebody else's and then the research

1455
00:51:53,430 --> 00:51:50,590
was youtube videos

1456
00:51:55,910 --> 00:51:53,440
[Laughter]

1457
00:51:57,349 --> 00:51:55,920
that is kind of true though right like

1458
00:51:59,349 --> 00:51:57,359
research

1459
00:52:01,349 --> 00:51:59,359
you have to use other people's

1460
00:52:03,589 --> 00:52:01,359
to do it that's kind of it's a starting

1461
00:52:04,790 --> 00:52:03,599
point but there are i mean yeah there

1462
00:52:06,790 --> 00:52:04,800
are ways of actually finding your

1463
00:52:07,910 --> 00:52:06,800

information i i don't mean red it's not

1464

00:52:09,670 --> 00:52:07,920

a lot of the time you're finding

1465

00:52:11,829 --> 00:52:09,680

something completely brand new that

1466

00:52:13,349 --> 00:52:11,839

nobody on the planet has ever found but

1467

00:52:15,430 --> 00:52:13,359

it's actually going more into just

1468

00:52:17,270 --> 00:52:15,440

looking into source information and

1469

00:52:18,870 --> 00:52:17,280

using that rather than just again

1470

00:52:20,470 --> 00:52:18,880

looking at somebody's youtube video or

1471

00:52:22,790 --> 00:52:20,480

look something like who can say oh yeah

1472

00:52:25,030 --> 00:52:22,800

that's why i got information on you know

1473

00:52:27,270 --> 00:52:25,040

okay yeah take that and and use it in

1474

00:52:28,790 --> 00:52:27,280

your story but also make sure you know

1475

00:52:30,549 --> 00:52:28,800

where it comes from make sure you know

1476

00:52:32,950 --> 00:52:30,559

it's accurate as well because if you do

1477

00:52:34,790 --> 00:52:32,960

a story about joan flying discs and look

1478

00:52:36,069 --> 00:52:34,800

at that cia document and he's just

1479

00:52:38,870 --> 00:52:36,079

talking about oh yeah george clooney

1480

00:52:43,430 --> 00:52:40,470

you're writing a load of rubbish so

1481

00:52:45,750 --> 00:52:43,440

that's a bit of v1 yep

1482

00:52:47,750 --> 00:52:45,760

so yeah you've got to be careful well

1483

00:52:50,309 --> 00:52:47,760

like uh spaghetti

1484

00:52:52,069 --> 00:52:50,319

brings up that anage girl that uh is

1485

00:52:54,710 --> 00:52:52,079

pretty out there and did that press

1486

00:52:56,630 --> 00:52:54,720

conference and all that stuff and um

1487

00:52:59,829 --> 00:52:56,640

you know that's that's a perfect example

1488

00:53:01,109 --> 00:52:59,839

of okay so you watch the video

1489

00:53:04,390 --> 00:53:01,119

now

1490

00:53:06,710 --> 00:53:04,400

go figure out if it's true

1491

00:53:08,309 --> 00:53:06,720

what do you what do you think about them

1492

00:53:09,510 --> 00:53:08,319

what do you think about her and the

1493

00:53:12,870 --> 00:53:09,520

whole kind of

1494

00:53:14,870 --> 00:53:12,880

well press press conference right you

1495

00:53:17,990 --> 00:53:14,880

see where i'm gonna come from can't you

1496

00:53:21,670 --> 00:53:18,000

yeah no i'm not a i'm not a fan i i

1497

00:53:24,470 --> 00:53:21,680

tried um to listen and everything um

1498

00:53:26,710 --> 00:53:24,480

because everybody deserves uh if if they

1499

00:53:29,109 --> 00:53:26,720

really want to be heard like that

1500

00:53:31,670 --> 00:53:29,119

sure yeah i'll listen to you um it

1501
00:53:33,430 --> 00:53:31,680
wasn't it wasn't what i expected though

1502
00:53:34,950 --> 00:53:33,440
no okay

1503
00:53:36,549 --> 00:53:34,960
yeah because i was expecting like a

1504
00:53:39,270 --> 00:53:36,559
hotel room you know like a functioning

1505
00:53:41,270 --> 00:53:39,280
room with um with a with a kind of table

1506
00:53:42,870 --> 00:53:41,280
and microphones and

1507
00:53:44,470 --> 00:53:42,880
not just her but other people you know

1508
00:53:46,230 --> 00:53:44,480
the team that she's supposed to have

1509
00:53:47,589 --> 00:53:46,240
like got together or at least a couple

1510
00:53:49,030 --> 00:53:47,599
of people and then we're going to talk

1511
00:53:50,630 --> 00:53:49,040
about what they were going to do

1512
00:53:51,910 --> 00:53:50,640
but it turned out that she turned up in

1513
00:53:53,430 --> 00:53:51,920

front that was at the lincoln memorial i

1514

00:53:55,030 --> 00:53:53,440

can't remember where it was with this i

1515

00:53:56,470 --> 00:53:55,040

think it was a partner or a business

1516

00:53:57,829 --> 00:53:56,480

partner whoever it was to start the guy

1517

00:53:59,589 --> 00:53:57,839

who would keep people keep saying on

1518

00:54:01,670 --> 00:53:59,599

twitter was some kind of um

1519

00:54:03,829 --> 00:54:01,680

some kind of bodyguard or somebody

1520

00:54:05,190 --> 00:54:03,839

and kept and he kept talking to her and

1521

00:54:06,390 --> 00:54:05,200

it was very difficult to understand what

1522

00:54:08,230 --> 00:54:06,400

she was saying sometimes because the

1523

00:54:10,309 --> 00:54:08,240

noise and what's going on the plane's

1524

00:54:12,150 --> 00:54:10,319

flying overhead so it wasn't perfect and

1525

00:54:14,549 --> 00:54:12,160

for somebody who was supposed to be used

1526

00:54:16,950 --> 00:54:14,559

to pr and things like that it didn't

1527

00:54:19,430 --> 00:54:16,960

come across very very slick and i was

1528

00:54:21,270 --> 00:54:19,440

quite surprised um and there wasn't a

1529

00:54:23,109 --> 00:54:21,280

lot of substance to what she was saying

1530

00:54:24,549 --> 00:54:23,119

in terms of you know things you could

1531

00:54:25,589 --> 00:54:24,559

like prove or you could check out

1532

00:54:28,230 --> 00:54:25,599

yourself

1533

00:54:30,069 --> 00:54:28,240

um it was just somebody it would we have

1534

00:54:32,150 --> 00:54:30,079

a thing in doubt in london here it's

1535

00:54:33,589 --> 00:54:32,160

called speaker's corner where people can

1536

00:54:35,270 --> 00:54:33,599

basically go and like talk about

1537

00:54:36,789 --> 00:54:35,280

anything they like and it was a bit like

1538

00:54:38,549 --> 00:54:36,799

that you know you can just go and ramble

1539

00:54:40,230 --> 00:54:38,559

about any kind of subject you want and

1540

00:54:40,870 --> 00:54:40,240

so i was a bit i was a bit disappointed

1541

00:54:41,990 --> 00:54:40,880

because i thought it was going to be

1542

00:54:43,190 --> 00:54:42,000

more and i thought it was going more

1543

00:54:45,510 --> 00:54:43,200

kind of professional i thought it was

1544

00:54:46,630 --> 00:54:45,520

going to be more um i didn't i think

1545

00:54:48,390 --> 00:54:46,640

educational

1546

00:54:49,270 --> 00:54:48,400

you know i suppose i might be expecting

1547

00:54:51,430 --> 00:54:49,280

too much

1548

00:54:52,390 --> 00:54:51,440

and

1549

00:54:56,789 --> 00:54:52,400

yeah

1550

00:55:00,150 --> 00:54:56,799

i'm sorry there's just too much of that

1551
00:55:02,630 --> 00:55:00,160
already like don't take up my time to

1552
00:55:05,109 --> 00:55:02,640
you know make me follow you with

1553
00:55:07,030 --> 00:55:05,119
something that's completely unproven you

1554
00:55:08,870 --> 00:55:07,040
know and that there's enough things that

1555
00:55:11,030 --> 00:55:08,880
are unproven that are

1556
00:55:12,549 --> 00:55:11,040
you know vouching for my attention

1557
00:55:15,430 --> 00:55:12,559
you know i can't just go out there and

1558
00:55:16,710 --> 00:55:15,440
give it to everything yeah you know so

1559
00:55:18,230 --> 00:55:16,720
you have to start with things that you

1560
00:55:20,630 --> 00:55:18,240
can prove so you can feel comfortable

1561
00:55:22,390 --> 00:55:20,640
going in that direction and first of all

1562
00:55:24,150 --> 00:55:22,400
if you don't have anything to prove and

1563
00:55:26,390 --> 00:55:24,160

you give a press conference

1564

00:55:27,270 --> 00:55:26,400

don't come off like a jerk the whole

1565

00:55:28,789 --> 00:55:27,280

time

1566

00:55:30,710 --> 00:55:28,799

because she did it's

1567

00:55:33,270 --> 00:55:30,720

it's a strange one because you want to

1568

00:55:34,710 --> 00:55:33,280

give experience i'm not an experienced i

1569

00:55:36,950 --> 00:55:34,720

have to like you know lay my cards out

1570

00:55:39,510 --> 00:55:36,960

i've got no experience in being an

1571

00:55:41,510 --> 00:55:39,520

experencer so i can't tell what people

1572

00:55:43,430 --> 00:55:41,520

have been through and it's not a

1573

00:55:45,589 --> 00:55:43,440

question of doubting people

1574

00:55:46,549 --> 00:55:45,599

it's just

1575

00:55:48,470 --> 00:55:46,559

a lot of

1576
00:55:50,789 --> 00:55:48,480
folks and not just experiences but a lot

1577
00:55:52,710 --> 00:55:50,799
of folks seem to want people to believe

1578
00:55:54,069 --> 00:55:52,720
experiences implicitly

1579
00:55:55,910 --> 00:55:54,079
and it's not that i've got a problem

1580
00:55:57,829 --> 00:55:55,920
with it it's just it doesn't sit too

1581
00:56:00,309 --> 00:55:57,839
well that you have to

1582
00:56:01,430 --> 00:56:00,319
you made to me to like think so you have

1583
00:56:03,349 --> 00:56:01,440
to 100

1584
00:56:04,630 --> 00:56:03,359
believe people because they come out and

1585
00:56:06,549 --> 00:56:04,640
say something

1586
00:56:08,549 --> 00:56:06,559
now that could apply to anybody not just

1587
00:56:09,750 --> 00:56:08,559
experiences that could apply to me

1588
00:56:11,190 --> 00:56:09,760

talking about the stuff i'm putting my

1589

00:56:13,030 --> 00:56:11,200

book could be talking to you about

1590

00:56:14,789 --> 00:56:13,040

something you might talk about it it

1591

00:56:16,390 --> 00:56:14,799

could be anybody but just because

1592

00:56:19,030 --> 00:56:16,400

somebody said something doesn't mean to

1593

00:56:21,109 --> 00:56:19,040

say it's 100 accurate and we know full

1594

00:56:23,270 --> 00:56:21,119

well through the story of ufology there

1595

00:56:25,750 --> 00:56:23,280

have been people throughout you know

1596

00:56:27,510 --> 00:56:25,760

since the 1940s late 1940s who have said

1597

00:56:29,430 --> 00:56:27,520

things which turned out to be incorrect

1598

00:56:30,950 --> 00:56:29,440

it turned out to be lies basically now

1599

00:56:34,150 --> 00:56:30,960

i'm not saying she's lying i'm not

1600

00:56:35,750 --> 00:56:34,160

saying other people are lying but for

1601
00:56:37,030 --> 00:56:35,760
you know for an expectation that just

1602
00:56:39,430 --> 00:56:37,040
because you come forward and say

1603
00:56:42,309 --> 00:56:39,440
something everybody then has to believe

1604
00:56:45,829 --> 00:56:42,319
you implicitly right

1605
00:56:48,630 --> 00:56:45,839
what she's trying to do is um

1606
00:56:50,470 --> 00:56:48,640
um basically pull on everyone's emotions

1607
00:56:53,349 --> 00:56:50,480
and try to bring them to this place with

1608
00:56:56,630 --> 00:56:53,359
her so she's trying to feel or

1609
00:56:59,270 --> 00:56:56,640
you know um catch pain or confusion in

1610
00:57:01,750 --> 00:56:59,280
people that have that and take advantage

1611
00:57:04,150 --> 00:57:01,760
of it and give some sort of theoretical

1612
00:57:07,430 --> 00:57:04,160
or philosophical answer

1613
00:57:09,829 --> 00:57:07,440

um that they can cling on to and feel

1614

00:57:11,270 --> 00:57:09,839

you know good about and you know that's

1615

00:57:13,190 --> 00:57:11,280

what

1616

00:57:15,190 --> 00:57:13,200

so many people do

1617

00:57:16,390 --> 00:57:15,200

whatever it is you know you just hope

1618

00:57:17,829 --> 00:57:16,400

that they're not people aren't gonna be

1619

00:57:19,190 --> 00:57:17,839

let down when

1620

00:57:20,470 --> 00:57:19,200

you know i don't know if it's good i

1621

00:57:22,150 --> 00:57:20,480

don't know if it's gonna be inevitable

1622

00:57:29,030 --> 00:57:22,160

that you know nothing comes with this

1623

00:57:31,589 --> 00:57:30,150

i think it would have been better if

1624

00:57:33,349 --> 00:57:31,599

she'd maybe waited

1625

00:57:37,510 --> 00:57:33,359

that's that's the one

1626
00:57:37,520 --> 00:57:41,190
yeah i didn't want to use the word words

1627
00:57:44,950 --> 00:57:43,270
you know if she if she could have waited

1628
00:57:47,030 --> 00:57:44,960
for it until she had these people on

1629
00:57:48,309 --> 00:57:47,040
board i think some people said she's

1630
00:57:51,270 --> 00:57:48,319
kind of an astronaut or a former

1631
00:57:53,670 --> 00:57:51,280
astronaut and a scientist on a team

1632
00:57:55,030 --> 00:57:53,680
already sure if they if they'd been

1633
00:57:56,390 --> 00:57:55,040
there and it had been in a room where

1634
00:57:58,710 --> 00:57:56,400
you could have heard them properly and

1635
00:58:00,309 --> 00:57:58,720
you could have answered proper questions

1636
00:58:01,349 --> 00:58:00,319
you know from people who might want to

1637
00:58:03,270 --> 00:58:01,359
talk to these people because they're

1638
00:58:05,430 --> 00:58:03,280

associated with the project or the team

1639

00:58:06,710 --> 00:58:05,440

that would have been much better um and

1640

00:58:08,789 --> 00:58:06,720

i might have actually said i'm taking a

1641

00:58:10,309 --> 00:58:08,799

bit more notes of it and not necessarily

1642

00:58:11,670 --> 00:58:10,319

believed or implicitly but i might have

1643

00:58:13,190 --> 00:58:11,680

had a bit more kind of you know give her

1644

00:58:15,190 --> 00:58:13,200

the benefit of the doubt sort of thing

1645

00:58:17,990 --> 00:58:15,200

yeah but i'm afraid i've got a really

1646

00:58:20,150 --> 00:58:18,000

hard hard sort of you know kind of

1647

00:58:23,750 --> 00:58:20,160

time trying to deal with this because

1648

00:58:25,990 --> 00:58:23,760

none of it makes a lot of sense and and

1649

00:58:28,069 --> 00:58:26,000

it doesn't have to in this topic right

1650

00:58:30,150 --> 00:58:28,079

but it's a bit it's it's federal though

1651

00:58:31,589 --> 00:58:30,160

isn't it you know it's kind of like your

1652

00:58:33,510 --> 00:58:31,599

searches and you can't quite cling on to

1653

00:58:34,309 --> 00:58:33,520

it you know there's nothing in substance

1654

00:58:35,589 --> 00:58:34,319

there

1655

00:58:37,910 --> 00:58:35,599

um

1656

00:58:41,589 --> 00:58:37,920

so yeah a little bit kind of

1657

00:58:43,750 --> 00:58:41,599

yeah i'm i'm with the i'm but i'm always

1658

00:58:45,910 --> 00:58:43,760

uh prepared to be wrong

1659

00:58:46,789 --> 00:58:45,920

oh yeah no that that's that's the caveat

1660

00:58:48,470 --> 00:58:46,799

isn't it

1661

00:58:50,150 --> 00:58:48,480

you know she could come out tomorrow and

1662

00:58:52,710 --> 00:58:50,160

come out with some blindingly kind of

1663

00:58:54,230 --> 00:58:52,720

like amazing proof that everybody goes

1664

00:58:55,589 --> 00:58:54,240

yeah okay you know everything was said

1665

00:58:57,030 --> 00:58:55,599

about you is completely wrong sorry we

1666

00:58:59,510 --> 00:58:57,040

didn't believe you you know this is

1667

00:59:01,829 --> 00:58:59,520

right but until then all bets are off

1668

00:59:04,470 --> 00:59:01,839

aren't they yeah and you shouldn't feel

1669

00:59:06,069 --> 00:59:04,480

bad for you know if let's say we were

1670

00:59:08,230 --> 00:59:06,079

wrong and she came out with a couple of

1671

00:59:09,190 --> 00:59:08,240

real handsome aliens or something

1672

00:59:11,510 --> 00:59:09,200

and

1673

00:59:13,750 --> 00:59:11,520

you know we're like oh we were wrong

1674

00:59:15,349 --> 00:59:13,760

like we can't feel bad about that

1675

00:59:17,510 --> 00:59:15,359

because no one

1676
00:59:21,109 --> 00:59:17,520
really

1677
00:59:22,710 --> 00:59:21,119
if they go on factual things

1678
00:59:23,670 --> 00:59:22,720
would believe her

1679
00:59:24,470 --> 00:59:23,680
you know

1680
00:59:26,789 --> 00:59:24,480
so

1681
00:59:28,630 --> 00:59:26,799
you can't feel bad for not believing her

1682
00:59:31,349 --> 00:59:28,640
and before believing her doesn't make

1683
00:59:32,789 --> 00:59:31,359
you a hero either you know you know

1684
00:59:34,470 --> 00:59:32,799
i think you just got to like stand back

1685
00:59:35,750 --> 00:59:34,480
a bit and go well you know you go and do

1686
00:59:36,789 --> 00:59:35,760
what you want to do what you're going to

1687
00:59:38,150 --> 00:59:36,799
do you're going to get the people that

1688
00:59:40,069 --> 00:59:38,160

you've said you're going to get go off

1689

00:59:41,109 --> 00:59:40,079

and do it and then come back and tell us

1690

00:59:42,549 --> 00:59:41,119

yes

1691

00:59:43,990 --> 00:59:42,559

unless of course that was just a pitch

1692

00:59:45,589 --> 00:59:44,000

to try and get more people involved or

1693

00:59:47,670 --> 00:59:45,599

somebody involved you know if she

1694

00:59:49,190 --> 00:59:47,680

doesn't actually have anybody

1695

00:59:50,630 --> 00:59:49,200

you know kind of like you know it's all

1696

00:59:51,910 --> 00:59:50,640

just sort of sounds like a good

1697

00:59:53,829 --> 00:59:51,920

documentary

1698

00:59:55,829 --> 00:59:53,839

trail to the mountain

1699

00:59:57,349 --> 00:59:55,839

well george nappa said he wanted he is

1700

00:59:59,270 --> 00:59:57,359

locally he would go with him and you

1701

01:00:00,789 --> 00:59:59,280

know probably presumably document red

1702

01:00:02,870 --> 01:00:00,799

i'm sure jeremy called bella can get a

1703

01:00:09,190 --> 01:00:02,880

film out of it so why not you know the

1704

01:00:13,190 --> 01:00:11,910

yeah it was just a bit kind of

1705

01:00:14,549 --> 01:00:13,200

how far do you live away you know you

1706

01:00:15,349 --> 01:00:14,559

live probably quite a few hours from

1707

01:00:17,990 --> 01:00:15,359

there

1708

01:00:20,230 --> 01:00:18,000

yeah yeah uh where was your 15 or

1709

01:00:21,670 --> 01:00:20,240

something yeah something uh yeah i can't

1710

01:00:24,630 --> 01:00:21,680

believe exactly where it was i'm going

1711

01:00:26,789 --> 01:00:24,640

on vacation soon maybe so

1712

01:00:29,589 --> 01:00:26,799

oh well there you go oh is this a cover

1713

01:00:30,789 --> 01:00:29,599

is that a cover for you b or mold

1714

01:00:33,430 --> 01:00:30,799

is there something you are telling us

1715

01:00:38,340 --> 01:00:33,440

here yeah i'll be on vacation soon i may

1716

01:00:42,870 --> 01:00:40,710

[Laughter]

1717

01:00:45,030 --> 01:00:42,880

i appreciate you a good time as always

1718

01:00:47,430 --> 01:00:45,040

sir maybe one day i'll be able to pay

1719

01:00:49,349 --> 01:00:47,440

you for this stuff but until now

1720

01:00:50,950 --> 01:00:49,359

you have my friendship

1721

01:00:52,870 --> 01:00:50,960

that's enough sean that's all i love

1722

01:00:53,910 --> 01:00:52,880

thank you all right sounds good graham

1723

01:00:54,829 --> 01:00:53,920

okay

1724

01:00:56,710 --> 01:00:54,839

thank you

1725

01:00:58,630 --> 01:00:56,720

bye

1726

01:01:01,349 --> 01:00:58,640

all right that was awesome graham is

1727

01:01:04,290 --> 01:01:01,359

awesome uh you guys are awesome

1728

01:01:05,910 --> 01:01:04,300

and this is awesome

1729

01:01:09,430 --> 01:01:05,920

[Laughter]

1730

01:01:10,390 --> 01:01:09,440

so yeah sure i'll do that hidden to the

1731

01:01:13,510 --> 01:01:10,400

mountain

1732

01:01:14,950 --> 01:01:13,520

well keep the bodies something like that

1733

01:01:17,270 --> 01:01:14,960

perhaps

1734

01:01:19,510 --> 01:01:17,280

um

1735

01:01:24,069 --> 01:01:19,520

if she's bogus we'll know right away i

1736

01:01:26,069 --> 01:01:24,079

sure do i mean yes we will

1737

01:01:27,589 --> 01:01:26,079

you never know

1738

01:01:29,030 --> 01:01:27,599

like some people

1739

01:01:30,390 --> 01:01:29,040

are prepared to believe that kind of

1740

01:01:32,870 --> 01:01:30,400

thing like spaghetti would say some

1741

01:01:35,109 --> 01:01:32,880

people are not i am not in the prepared

1742

01:01:37,670 --> 01:01:35,119

group unfortunately

1743

01:01:39,030 --> 01:01:37,680

um but who knows

1744

01:01:41,270 --> 01:01:39,040

all right

1745

01:01:43,030 --> 01:01:41,280

guys you are the best really appreciate

1746

01:01:44,390 --> 01:01:43,040

you coming here

1747

01:01:45,430 --> 01:01:44,400

and hanging out please hit the like

1748

01:01:47,750 --> 01:01:45,440

button

1749

01:01:48,950 --> 01:01:47,760

um that would be awesome uh subscribe if

1750

01:01:51,589 --> 01:01:48,960

you're not a subscriber if you're

1751

01:01:53,270 --> 01:01:51,599

watching and not logged in log login to

1752

01:01:55,190 --> 01:01:53,280

your gmail

1753

01:01:57,270 --> 01:01:55,200

and subscribe

1754

01:01:59,029 --> 01:01:57,280

scott good to see you again megan too i

1755

01:02:00,549 --> 01:01:59,039

missed you up there thanks for coming

1756

01:02:01,670 --> 01:02:00,559

back i saw that

1757

01:02:03,349 --> 01:02:01,680

thank you

1758

01:02:04,870 --> 01:02:03,359

um and everybody else

1759

01:02:07,190 --> 01:02:04,880

herbs 13

1760

01:02:11,670 --> 01:02:07,200

fab gage scott jensen

1761

01:02:16,390 --> 01:02:14,470

see a doctor and get rid of them

1762

01:02:17,349 --> 01:02:16,400

oh yeah you guys are funny you guys are

1763

01:02:18,549 --> 01:02:17,359

awesome

1764

01:02:20,789 --> 01:02:18,559

spaghetti

1765

01:02:23,270 --> 01:02:20,799

glad you could uh make it

1766

01:02:25,270 --> 01:02:23,280

surfsike grandmaster you guys are the

1767

01:02:27,990 --> 01:02:25,280

best alan

1768

01:02:30,309 --> 01:02:28,000

oh disclosure team what's up

1769

01:02:33,349 --> 01:02:30,319

all right yep so that's all i got for

1770

01:02:36,390 --> 01:02:33,359

you today tomorrow we have chris

1771

01:02:37,270 --> 01:02:36,400

walford christopher walford um

1772

01:02:39,829 --> 01:02:37,280

and

1773

01:02:42,230 --> 01:02:39,839

actually let me

1774

01:02:44,470 --> 01:02:42,240

send you what we're gonna look at which

1775

01:02:47,190 --> 01:02:44,480

is not going to be documents for once i

1776

01:02:54,150 --> 01:02:50,150

so if you're a little docked out

1777

01:02:59,829 --> 01:02:55,990

um some of you may have actually heard

1778

01:03:03,670 --> 01:03:01,750

i'm just what i want to do is just put

1779

01:03:05,750 --> 01:03:03,680

the link in the chat there so you guys

1780

01:03:06,710 --> 01:03:05,760

can take it with you

1781

01:03:09,029 --> 01:03:06,720

and

1782

01:03:11,510 --> 01:03:09,039

watch it if you want before tomorrow or

1783

01:03:14,630 --> 01:03:11,520

not that's up to you

1784

01:03:17,430 --> 01:03:14,640

that is up to you

1785

01:03:18,950 --> 01:03:17,440

okay

1786

01:03:21,829 --> 01:03:18,960

there you go

1787

01:03:24,789 --> 01:03:21,839

that's the subject matter for tomorrow

1788

01:03:26,950 --> 01:03:24,799

you will enjoy it

1789

01:03:28,549 --> 01:03:26,960

adios guys

1790

01:03:30,390 --> 01:03:28,559

hey spaghetti thanks for the fiverr

1791

01:03:32,230 --> 01:03:30,400

appreciate you

1792

01:03:34,870 --> 01:03:32,240

we'll see you soon

1793

01:03:36,870 --> 01:03:34,880

i got a new song

1794

01:03:39,270 --> 01:03:36,880

i'm gonna release an album might as well

1795

01:03:47,270 --> 01:03:42,690

might as well all right

1796

01:03:50,200 --> 01:03:47,280

[Laughter]

1797

01:04:19,510 --> 01:03:50,210

out
