

UAP EDUCATIONAL BOOT CAMP CLASS 4

FEATURING CHRISTOPHER WOLFORD

*Witness  
Citizen*

1  
00:00:40,709 --> 00:00:38,229

hi

2  
00:00:41,990 --> 00:00:40,719

how's everybody doing today um

3  
00:00:44,630 --> 00:00:42,000

yeah i thought it would go with just

4  
00:00:48,069 --> 00:00:44,640

something peaceful and calming

5  
00:00:50,950 --> 00:00:48,079

and i was actually at the lake today it

6  
00:00:52,950 --> 00:00:50,960

was extremely foggy and um yeah it was

7  
00:00:54,389 --> 00:00:52,960

kind of kind of cool so

8  
00:00:57,110 --> 00:00:54,399

wanted to

9  
00:00:58,389 --> 00:00:57,120

do that just a bit for y'all what's up

10  
00:01:00,229 --> 00:00:58,399

robert j

11  
00:01:02,470 --> 00:01:00,239

ethereal aura

12  
00:01:04,950 --> 00:01:02,480

uh how's everybody doing

13  
00:01:05,910 --> 00:01:04,960

dennis silva how's it going

14

00:01:08,469 --> 00:01:05,920

um

15

00:01:13,109 --> 00:01:08,479

yeah i'm super excited about today we

16

00:01:15,350 --> 00:01:13,119

have uh uap educational boot camp part 4

17

00:01:16,870 --> 00:01:15,360

with christopher walford

18

00:01:18,390 --> 00:01:16,880

um and it's going to be great because

19

00:01:21,429 --> 00:01:18,400

the first

20

00:01:23,429 --> 00:01:21,439

two days at least were just straight

21

00:01:26,710 --> 00:01:23,439

lapaz

22

00:01:28,789 --> 00:01:26,720

40 documents 19 late 40s

23

00:01:30,149 --> 00:01:28,799

uh wednesday yesterday we had graham

24

00:01:32,310 --> 00:01:30,159

rendell with some more documents so

25

00:01:35,510 --> 00:01:32,320

today we're going to take off from the

26

00:01:37,429 --> 00:01:35,520

documents at least i think so

27

00:01:41,910 --> 00:01:37,439

and um we're going to get pretty

28

00:01:47,990 --> 00:01:44,950

familiar as this gentleman puts it

29

00:01:50,389 --> 00:01:48,000

uh so uh without further ado i'm going

30

00:01:52,630 --> 00:01:50,399

to bring in a great dear friend of mine

31

00:01:54,789 --> 00:01:52,640

who has been really a champion

32

00:01:56,630 --> 00:01:54,799

of this whole thing for

33

00:01:59,109 --> 00:01:56,640

a lot longer than me

34

00:02:00,310 --> 00:01:59,119

um and we owe him a debt of gratitude

35

00:02:02,870 --> 00:02:00,320

for that so

36

00:02:05,250 --> 00:02:02,880

um without further ado here he is mr

37

00:02:08,070 --> 00:02:05,260

christopher walford

38

00:02:09,510 --> 00:02:08,080

[Laughter]

39

00:02:11,350 --> 00:02:09,520

are you

40

00:02:14,630 --> 00:02:11,360

good good good yeah we already did this

41

00:02:15,910 --> 00:02:14,640

thank you for having me on yeah

42

00:02:17,910 --> 00:02:15,920

yeah

43

00:02:18,949 --> 00:02:17,920

we fight really easily

44

00:02:20,309 --> 00:02:18,959

yes

45

00:02:22,390 --> 00:02:20,319

yeah so

46

00:02:25,190 --> 00:02:22,400

i put it uh the video

47

00:02:28,790 --> 00:02:25,200

in the comments or the um description so

48

00:02:31,190 --> 00:02:28,800

i'm not sure if people saw it um

49

00:02:32,630 --> 00:02:31,200

we could watch it or we could just talk

50

00:02:34,309 --> 00:02:32,640

about it

51  
00:02:35,670 --> 00:02:34,319  
whatever you want to do

52  
00:02:36,630 --> 00:02:35,680  
it's your show

53  
00:02:38,550 --> 00:02:36,640  
yeah

54  
00:02:40,630 --> 00:02:38,560  
i guess huh

55  
00:02:42,710 --> 00:02:40,640  
well let's just

56  
00:02:45,190 --> 00:02:42,720  
actually let's just get into it and i'll

57  
00:02:46,070 --> 00:02:45,200  
start with i'll start with this so

58  
00:02:48,830 --> 00:02:46,080  
um

59  
00:02:52,790 --> 00:02:48,840  
when i watched it i saw a

60  
00:02:55,110 --> 00:02:52,800  
circus and um people who it seemed like

61  
00:02:56,309 --> 00:02:55,120  
they wanted to uh disclose via that

62  
00:02:59,350 --> 00:02:56,319  
circus

63  
00:03:01,750 --> 00:03:00,790

yeah i mean

64

00:03:03,350 --> 00:03:01,760

the bet

65

00:03:06,149 --> 00:03:03,360

unfortunately that video doesn't really

66

00:03:09,030 --> 00:03:06,159

give you the back story but yeah

67

00:03:09,910 --> 00:03:09,040

it was bob xler who

68

00:03:12,550 --> 00:03:09,920

he

69

00:03:15,190 --> 00:03:12,560

was a very well-known

70

00:03:16,790 --> 00:03:15,200

ufo researcher in the 80s through the

71

00:03:18,710 --> 00:03:16,800

early 90s

72

00:03:20,390 --> 00:03:18,720

and then something happened to him it

73

00:03:22,869 --> 00:03:20,400

may or may not

74

00:03:25,110 --> 00:03:22,879

have been directly linked to cosmic

75

00:03:28,550 --> 00:03:25,120

journey what happened with that

76

00:03:30,869 --> 00:03:28,560

and i'll get to that at the very end but

77

00:03:32,470 --> 00:03:30,879

he he was a very

78

00:03:33,509 --> 00:03:32,480

well-known researcher

79

00:03:35,670 --> 00:03:33,519

uh

80

00:03:38,229 --> 00:03:35,680

well-respected well-liked

81

00:03:41,190 --> 00:03:38,239

and um he was in the air force for four

82

00:03:42,789 --> 00:03:41,200

years and during vietnam

83

00:03:45,430 --> 00:03:42,799

so he

84

00:03:46,949 --> 00:03:45,440

he has this interest in the subject and

85

00:03:49,910 --> 00:03:46,959

uh

86

00:03:51,190 --> 00:03:49,920

he wanted to basically get as close as

87

00:03:53,670 --> 00:03:51,200

he could

88

00:03:55,750 --> 00:03:53,680

to this subject so the best way to do

89

00:03:57,190 --> 00:03:55,760

that is basically

90

00:03:59,670 --> 00:03:57,200

um

91

00:04:01,830 --> 00:03:59,680

barge into a conference where

92

00:04:03,589 --> 00:04:01,840

dod and or

93

00:04:06,390 --> 00:04:03,599

military guys would be

94

00:04:09,350 --> 00:04:06,400

for his technology conference uh outside

95

00:04:11,190 --> 00:04:09,360

of maryland yeah

96

00:04:13,990 --> 00:04:11,200

yeah he uh

97

00:04:15,910 --> 00:04:14,000

he finds his way into this conference

98

00:04:17,110 --> 00:04:15,920

and there is a

99

00:04:19,110 --> 00:04:17,120

admiral

100

00:04:21,749 --> 00:04:19,120

bobby ray inman who

101  
00:04:23,830 --> 00:04:21,759  
if you know your lore he definitely is a

102  
00:04:26,950 --> 00:04:23,840  
very connected guy former deputy

103  
00:04:30,629 --> 00:04:26,960  
director of the cia head of the nsa

104  
00:04:33,749 --> 00:04:30,639  
uh also ran some intelligent stuff for

105  
00:04:38,790 --> 00:04:33,759  
the white house uh in the 90s

106  
00:04:40,790 --> 00:04:38,800  
so like the guy is connected uh so exler

107  
00:04:42,870 --> 00:04:40,800  
goes and bugs him

108  
00:04:45,510 --> 00:04:42,880  
and says i would like to speak to you

109  
00:04:48,070 --> 00:04:45,520  
about just robotics he doesn't mention

110  
00:04:48,870 --> 00:04:48,080  
ufos right away he just says robotics

111  
00:04:52,469 --> 00:04:48,880  
and

112  
00:04:56,870 --> 00:04:52,479  
yeah he had uh new technologies

113  
00:04:59,030 --> 00:04:56,880

and inman and his uh his uh assistant or

114

00:05:00,790 --> 00:04:59,040

like okay do you have a business card an

115

00:05:03,749 --> 00:05:00,800

excellent says yes he gives a business

116

00:05:05,430 --> 00:05:03,759

card and then for like three months

117

00:05:08,150 --> 00:05:05,440

excellent doesn't hear anything from

118

00:05:11,189 --> 00:05:08,160

bobby ray inman not a peep not nothing

119

00:05:12,550 --> 00:05:11,199

so he's like well i guess that's done

120

00:05:14,150 --> 00:05:12,560

so

121

00:05:15,270 --> 00:05:14,160

after that about two and a half three

122

00:05:17,110 --> 00:05:15,280

months

123

00:05:19,590 --> 00:05:17,120

inman does call

124

00:05:21,270 --> 00:05:19,600

and says hey i would like to set up a

125

00:05:22,790 --> 00:05:21,280

meeting with you

126

00:05:24,710 --> 00:05:22,800

and

127

00:05:25,990 --> 00:05:24,720

i'd like to at least speak over the

128

00:05:28,230 --> 00:05:26,000

phone with you

129

00:05:31,270 --> 00:05:28,240

well excellent was like this is my

130

00:05:34,150 --> 00:05:31,280

chance this is my chance i'm going to

131

00:05:35,510 --> 00:05:34,160

ask him everything i want to ask him

132

00:05:37,749 --> 00:05:35,520

what inman

133

00:05:41,350 --> 00:05:37,759

and his assistant

134

00:05:44,390 --> 00:05:41,360

and frantically asked to exler was

135

00:05:47,110 --> 00:05:44,400

please do not record these conversations

136

00:05:50,070 --> 00:05:47,120

these are not to be recorded or exceller

137

00:05:50,830 --> 00:05:50,080

did the opposite record

138

00:05:52,469 --> 00:05:50,840

oh

139

00:05:54,870 --> 00:05:52,479

okay

140

00:05:56,870 --> 00:05:54,880

well whatever i mean i i know it's

141

00:05:58,390 --> 00:05:56,880

probably illegal but whatever

142

00:06:00,070 --> 00:05:58,400

yeah

143

00:06:02,629 --> 00:06:00,080

you're not gonna know

144

00:06:04,230 --> 00:06:02,639

whatever well they do find out later on

145

00:06:06,710 --> 00:06:04,240

exactly

146

00:06:07,670 --> 00:06:06,720

yeah it wasn't good for exceller

147

00:06:09,029 --> 00:06:07,680

uh

148

00:06:11,270 --> 00:06:09,039

so

149

00:06:13,749 --> 00:06:11,280

he proceeds to call

150

00:06:16,309 --> 00:06:13,759

uh and they talk about

151

00:06:17,670 --> 00:06:16,319

various things and again exceller does

152

00:06:19,110 --> 00:06:17,680

not want to

153

00:06:21,830 --> 00:06:19,120

lead off with hey what do you know about

154

00:06:23,510 --> 00:06:21,840

ufos he does not go into that in fact

155

00:06:25,990 --> 00:06:23,520

right before i came out here i was

156

00:06:28,629 --> 00:06:26,000

re-watching one of his interviews with a

157

00:06:31,830 --> 00:06:28,639

uh a show that interviewed bob actually

158

00:06:33,510 --> 00:06:31,840

back in 2007 so he's recounting

159

00:06:35,029 --> 00:06:33,520

what happened to him during his time and

160

00:06:37,909 --> 00:06:35,039

i even

161

00:06:39,990 --> 00:06:37,919

circa 2014 i reached out to bob axler

162

00:06:42,230 --> 00:06:40,000

and asked him about this whole thing and

163

00:06:44,950 --> 00:06:42,240

he would not talk about the bobby ray

164

00:06:47,590 --> 00:06:44,960

inman stuff he did talk about the cosmic

165

00:06:50,230 --> 00:06:47,600

journey a bit and how all that during

166

00:06:53,029 --> 00:06:50,240

that time frame was really weird it was

167

00:06:56,150 --> 00:06:53,039

like he he told me it was like living in

168

00:06:58,550 --> 00:06:56,160

a bond film and or book

169

00:06:59,830 --> 00:06:58,560

like the craziest stuff would happen and

170

00:07:00,710 --> 00:06:59,840

i'll get to that

171

00:07:02,550 --> 00:07:00,720

so

172

00:07:05,270 --> 00:07:02,560

him and nexter go back and forth about

173

00:07:08,629 --> 00:07:05,280

technology and

174

00:07:10,230 --> 00:07:08,639

finally exceller is like well

175

00:07:12,309 --> 00:07:10,240

what do you know about

176

00:07:15,510 --> 00:07:12,319

like the ufo subject

177

00:07:17,350 --> 00:07:15,520

and so inman's like what do you

178

00:07:18,469 --> 00:07:17,360

what are you asking he's like what do

179

00:07:20,950 --> 00:07:18,479

you know

180

00:07:22,629 --> 00:07:20,960

he's like well my knowledge would be

181

00:07:24,870 --> 00:07:22,639

outdated

182

00:07:27,189 --> 00:07:24,880

so right there actually was like holy

183

00:07:29,510 --> 00:07:27,199

[h\_\_\h] like

184

00:07:31,510 --> 00:07:29,520

that's amazing you were just now telling

185

00:07:34,070 --> 00:07:31,520

me it's outdated so there's something to

186

00:07:36,230 --> 00:07:34,080

this and inman never said no there's

187

00:07:36,950 --> 00:07:36,240

nothing to the ufo phenomenon he never

188

00:07:40,230 --> 00:07:36,960

said

189

00:07:42,790 --> 00:07:40,240

it's bunk it's not real he he gave every

190

00:07:44,710 --> 00:07:42,800

indication it's very much real and that

191

00:07:46,230 --> 00:07:44,720

at the highest levels of government they

192

00:07:47,909 --> 00:07:46,240

definitely are paying attention to it

193

00:07:49,749 --> 00:07:47,919

and studying it

194

00:07:52,469 --> 00:07:49,759

so exceller pressed them he's like who

195

00:07:53,749 --> 00:07:52,479

are some people that would

196

00:07:57,110 --> 00:07:53,759

be in the know

197

00:07:59,029 --> 00:07:57,120

currently and inman gave him some names

198

00:08:02,150 --> 00:07:59,039

uh deputy director of the cia during

199

00:08:04,550 --> 00:08:02,160

that time it was 89 i believe

200

00:08:06,869 --> 00:08:04,560

he was about to retire and

201  
00:08:08,869 --> 00:08:06,879  
actually that gentleman asked exler at

202  
00:08:10,469 --> 00:08:08,879  
one point to come to the cia and give

203  
00:08:14,070 --> 00:08:10,479  
them a

204  
00:08:15,670 --> 00:08:14,080  
citizen's briefing on crop circles

205  
00:08:18,710 --> 00:08:15,680  
so

206  
00:08:20,070 --> 00:08:18,720  
yeah i mean wow again yeah citizens

207  
00:08:23,589 --> 00:08:20,080  
briefing

208  
00:08:26,629 --> 00:08:23,599  
yeah exactly holy cow uh well mind you

209  
00:08:27,990 --> 00:08:26,639  
uh exceller was working

210  
00:08:29,029 --> 00:08:28,000  
with uh

211  
00:08:33,509 --> 00:08:29,039  
uh

212  
00:08:37,750 --> 00:08:34,389  
oh

213  
00:08:40,870 --> 00:08:37,760

damn it collin what not kyle wilson was

214

00:08:43,029 --> 00:08:40,880

a cow yeah colin wilson uh of the uk the

215

00:08:44,790 --> 00:08:43,039

famous british um

216

00:08:46,389 --> 00:08:44,800

crop circle researcher he's they're

217

00:08:48,710 --> 00:08:46,399

working together

218

00:08:51,269 --> 00:08:48,720

so he goes and presents this

219

00:08:53,910 --> 00:08:51,279

to the cia the the head of

220

00:08:56,150 --> 00:08:53,920

their science and technology people and

221

00:08:57,670 --> 00:08:56,160

they're asking questions and he he

222

00:09:00,070 --> 00:08:57,680

didn't think anything of it and then he

223

00:09:03,110 --> 00:09:00,080

goes back to exler and has a couple more

224

00:09:03,990 --> 00:09:03,120

phone conversations never in person

225

00:09:05,750 --> 00:09:04,000

and

226

00:09:07,670 --> 00:09:05,760

actually finally on the second phone

227

00:09:09,269 --> 00:09:07,680

call asked him like

228

00:09:11,110 --> 00:09:09,279

do you think we've ever recovered

229

00:09:12,710 --> 00:09:11,120

vehicles again he goes

230

00:09:14,550 --> 00:09:12,720

to my knowledge

231

00:09:18,070 --> 00:09:14,560

uh i think we would

232

00:09:19,829 --> 00:09:18,080

but when my in my time i i can't speak

233

00:09:22,550 --> 00:09:19,839

to that

234

00:09:24,230 --> 00:09:22,560

so then he presses some actually presses

235

00:09:25,670 --> 00:09:24,240

inman more

236

00:09:27,670 --> 00:09:25,680

and asks him

237

00:09:29,430 --> 00:09:27,680

well do you think in our lifetime we

238

00:09:31,670 --> 00:09:29,440

will

239

00:09:33,829 --> 00:09:31,680

learn about this subject

240

00:09:35,990 --> 00:09:33,839

or we'll we'll come to the public and he

241

00:09:37,910 --> 00:09:36,000

goes if you would ask me 10 years ago i

242

00:09:40,230 --> 00:09:37,920

would have said no but right now things

243

00:09:43,030 --> 00:09:40,240

are changing and people seem to be more

244

00:09:44,310 --> 00:09:43,040

open to it meaning in government

245

00:09:45,829 --> 00:09:44,320

not public

246

00:09:48,070 --> 00:09:45,839

yeah

247

00:09:50,150 --> 00:09:48,080

and the third phone call

248

00:09:51,990 --> 00:09:50,160

they just talked

249

00:09:55,350 --> 00:09:52,000

he talked more about the his time in

250

00:09:57,430 --> 00:09:55,360

vietnam because obviously inman navy

251  
00:09:58,790 --> 00:09:57,440  
axler was an air force so they had that

252  
00:10:01,350 --> 00:09:58,800  
camaraderie

253  
00:10:03,910 --> 00:10:01,360  
but they didn't he didn't go any further

254  
00:10:06,790 --> 00:10:03,920  
then inman put him in contact with

255  
00:10:07,990 --> 00:10:06,800  
people that had a special project to

256  
00:10:10,069 --> 00:10:08,000  
work on

257  
00:10:13,590 --> 00:10:10,079  
and they never said what this was and

258  
00:10:14,710 --> 00:10:13,600  
that turned out to be cosmic journey wow

259  
00:10:16,790 --> 00:10:14,720  
and

260  
00:10:19,750 --> 00:10:16,800  
it involved

261  
00:10:22,069 --> 00:10:19,760  
a general at the pentagon

262  
00:10:23,990 --> 00:10:22,079  
who was described as a

263  
00:10:27,590 --> 00:10:24,000

he had uh reddish hair

264

00:10:30,829 --> 00:10:27,600

he was a man's man tough tough as nails

265

00:10:32,949 --> 00:10:30,839

he had a mustache it was very bright

266

00:10:33,910 --> 00:10:32,959

orange bright red

267

00:10:36,389 --> 00:10:33,920

yeah

268

00:10:37,670 --> 00:10:36,399

and uh he just he was always chewing on

269

00:10:41,829 --> 00:10:37,680

the cigar

270

00:10:44,829 --> 00:10:41,839

and he he was the liaison to bob xler

271

00:10:48,870 --> 00:10:44,839

for this project uh this cosmic

272

00:10:50,710 --> 00:10:48,880

journey the first meeting that axler had

273

00:10:53,190 --> 00:10:50,720

at the pentagon

274

00:10:56,310 --> 00:10:53,200

he was told to go to this area to get

275

00:10:57,030 --> 00:10:56,320

his security badge and that will let him

276

00:10:58,949 --> 00:10:57,040

in

277

00:11:01,910 --> 00:10:58,959

well he goes through what he thought was

278

00:11:03,990 --> 00:11:01,920

a metal detector and apparently was not

279

00:11:05,350 --> 00:11:04,000

it was something else it almost harkens

280

00:11:07,670 --> 00:11:05,360

back to like what's going on right now

281

00:11:10,230 --> 00:11:07,680

with havana syndrome he said he felt

282

00:11:11,350 --> 00:11:10,240

things in his head like he was tingling

283

00:11:13,350 --> 00:11:11,360

in his head

284

00:11:14,710 --> 00:11:13,360

and this general said oh

285

00:11:16,790 --> 00:11:14,720

the first few times you're going to feel

286

00:11:19,190 --> 00:11:16,800

that after a while it's not a big deal

287

00:11:21,030 --> 00:11:19,200

it's not a big deal

288

00:11:23,110 --> 00:11:21,040

it probably makes you go oh dark but who

289

00:11:25,430 --> 00:11:23,120

cares it's just a slide 9 thing they'll

290

00:11:27,269 --> 00:11:25,440

come out with it later on and yeah yeah

291

00:11:29,110 --> 00:11:27,279

exactly

292

00:11:31,269 --> 00:11:29,120

axler is like all right so what's this

293

00:11:33,750 --> 00:11:31,279

thing you want to work on and

294

00:11:35,829 --> 00:11:33,760

they present cosmic journey

295

00:11:38,230 --> 00:11:35,839

you know you as you would say sean does

296

00:11:40,150 --> 00:11:38,240

this traveling circus well

297

00:11:42,870 --> 00:11:40,160

they really

298

00:11:45,269 --> 00:11:42,880

wanted to do this they were

299

00:11:47,509 --> 00:11:45,279

all about it they obviously hired this

300

00:11:50,069 --> 00:11:47,519

production company to film what you saw

301  
00:11:52,150 --> 00:11:50,079  
in that in the video that they sent you

302  
00:11:54,949 --> 00:11:52,160  
or shared with you and

303  
00:11:57,350 --> 00:11:54,959  
they were they went pretty far

304  
00:11:59,430 --> 00:11:57,360  
they went further with excellent than

305  
00:12:01,990 --> 00:11:59,440  
they did with the public obviously

306  
00:12:05,350 --> 00:12:02,000  
excellent then was told

307  
00:12:06,550 --> 00:12:05,360  
go back home and we'll be in touch

308  
00:12:07,990 --> 00:12:06,560  
and

309  
00:12:10,470 --> 00:12:08,000  
he didn't hear from him for about a

310  
00:12:12,470 --> 00:12:10,480  
month and then a month passes and they

311  
00:12:13,590 --> 00:12:12,480  
re the same general reaches out to him

312  
00:12:15,670 --> 00:12:13,600  
and says

313  
00:12:16,550 --> 00:12:15,680

i want you to

314

00:12:19,030 --> 00:12:16,560

meet

315

00:12:20,629 --> 00:12:19,040

me at this

316

00:12:21,829 --> 00:12:20,639

it looked like a private airport in

317

00:12:23,750 --> 00:12:21,839

maryland

318

00:12:25,430 --> 00:12:23,760

and he meets him there and he flies in

319

00:12:27,829 --> 00:12:25,440

the helicopter

320

00:12:30,710 --> 00:12:27,839

to some other place gets on the plane

321

00:12:34,470 --> 00:12:30,720

flies to florida

322

00:12:36,470 --> 00:12:34,480

i i know it's crazy i i i wish i could

323

00:12:38,470 --> 00:12:36,480

make that i can't believe you could like

324

00:12:41,829 --> 00:12:38,480

keep track of all this stuff

325

00:12:42,629 --> 00:12:41,839

well i i've again i i've asked bob well

326

00:12:44,870 --> 00:12:42,639

he's

327

00:12:47,430 --> 00:12:44,880

yeah i mean bob has since passed he died

328

00:12:49,350 --> 00:12:47,440

last june oh uh

329

00:12:51,350 --> 00:12:49,360

yeah so he's no longer with us

330

00:12:53,910 --> 00:12:51,360

and he really wouldn't uh

331

00:12:56,790 --> 00:12:53,920

talked about ufo stuff anyway he was

332

00:12:59,030 --> 00:12:56,800

and i'll get to that the reason why

333

00:13:01,269 --> 00:12:59,040

so he goes to florida and they get him

334

00:13:03,990 --> 00:13:01,279

on another helicopter with this general

335

00:13:07,269 --> 00:13:04,000

and they take him to what he had said

336

00:13:08,550 --> 00:13:07,279

looked like an offshore oil rig but it

337

00:13:11,829 --> 00:13:08,560

wasn't

338

00:13:14,389 --> 00:13:11,839

it was a tracking center for

339

00:13:17,430 --> 00:13:14,399

now hold on sean let me think it was

340

00:13:21,110 --> 00:13:18,790

alien

341

00:13:23,190 --> 00:13:21,120

controlled a

342

00:13:26,069 --> 00:13:23,200

it was not arv

343

00:13:29,430 --> 00:13:26,079

it was alien something

344

00:13:32,550 --> 00:13:29,440

no it was something a long alien

345

00:13:34,629 --> 00:13:32,560

vehicle something in that iteration and

346

00:13:37,190 --> 00:13:34,639

there was this giant screen and it

347

00:13:39,990 --> 00:13:37,200

showed numbers and these things were

348

00:13:42,150 --> 00:13:40,000

being tracked in the caribbean wow and

349

00:13:43,670 --> 00:13:42,160

he was like what is that they're like

350

00:13:44,710 --> 00:13:43,680

what do you think that is

351  
00:13:46,470 --> 00:13:44,720  
he's like

352  
00:13:49,030 --> 00:13:46,480  
are they ufos

353  
00:13:51,430 --> 00:13:49,040  
well yeah and they're like yeah but we

354  
00:13:55,430 --> 00:13:51,440  
don't call him ufos

355  
00:13:58,069 --> 00:13:55,440  
he's like okay so they shown that

356  
00:14:00,629 --> 00:13:58,079  
they take him back home to the maryland

357  
00:14:03,269 --> 00:14:00,639  
after a couple hours which whatever i

358  
00:14:04,550 --> 00:14:03,279  
don't he does not go

359  
00:14:07,829 --> 00:14:04,560  
i know i'm kind of

360  
00:14:10,389 --> 00:14:07,839  
all over the place but uh i will say

361  
00:14:12,790 --> 00:14:10,399  
for anybody who really wants to learn

362  
00:14:15,269 --> 00:14:12,800  
more about this including you sean if

363  
00:14:17,990 --> 00:14:15,279

you could find a used copy of timothy

364

00:14:20,470 --> 00:14:18,000

good's book alien contact there's a

365

00:14:22,790 --> 00:14:20,480

whole chapter on this and it's another

366

00:14:25,030 --> 00:14:22,800

reason why i know so much is because as

367

00:14:27,509 --> 00:14:25,040

a kid i was like i love this chapter

368

00:14:29,509 --> 00:14:27,519

it's amazing

369

00:14:31,750 --> 00:14:29,519

so

370

00:14:33,829 --> 00:14:31,760

a couple weeks go by and he does not

371

00:14:35,910 --> 00:14:33,839

hear from the general and he doesn't

372

00:14:38,069 --> 00:14:35,920

know what's going on with

373

00:14:39,509 --> 00:14:38,079

cosmic journey if it's still going on or

374

00:14:42,069 --> 00:14:39,519

what have you

375

00:14:44,310 --> 00:14:42,079

then he has this weird incident

376

00:14:46,389 --> 00:14:44,320

where he drops his daughter off to her

377

00:14:47,829 --> 00:14:46,399

friend's house a couple of miles away

378

00:14:50,470 --> 00:14:47,839

from his house and there's this

379

00:14:51,910 --> 00:14:50,480

helicopter that's following him

380

00:14:54,550 --> 00:14:51,920

the whole way

381

00:14:57,189 --> 00:14:54,560

and not harassing him just following him

382

00:14:59,430 --> 00:14:57,199

and then it lanes in the at like in his

383

00:15:02,389 --> 00:14:59,440

neighborhood somewhere in the field and

384

00:15:04,790 --> 00:15:02,399

that same general the redhead gets out

385

00:15:07,110 --> 00:15:04,800

and basically says

386

00:15:09,189 --> 00:15:07,120

uh concert journey is on and we need you

387

00:15:10,949 --> 00:15:09,199

to come with me right now

388

00:15:12,710 --> 00:15:10,959

and

389

00:15:15,110 --> 00:15:12,720

yeah get in this chopper come with me

390

00:15:17,350 --> 00:15:15,120

right now and we are going to basically

391

00:15:19,269 --> 00:15:17,360

get in the chat

392

00:15:21,509 --> 00:15:19,279

and they briefed him

393

00:15:24,470 --> 00:15:21,519

on i guess

394

00:15:27,189 --> 00:15:24,480

alien life forms

395

00:15:28,710 --> 00:15:27,199

again i know crazy crazy stuff

396

00:15:31,509 --> 00:15:28,720

um

397

00:15:33,030 --> 00:15:31,519

i have no reason not to believe this

398

00:15:34,629 --> 00:15:33,040

i really don't i know it sounds

399

00:15:37,350 --> 00:15:34,639

fantastical but

400

00:15:39,590 --> 00:15:37,360

timothy good obviously he's still around

401  
00:15:43,269 --> 00:15:39,600  
but he's not doing the ufo stuff anymore

402  
00:15:45,910 --> 00:15:43,279  
so much but he he vouched for

403  
00:15:49,829 --> 00:15:45,920  
timothy or excuse me for bob

404  
00:15:51,350 --> 00:15:49,839  
baxter even colin wilson uh i've i

405  
00:15:53,829 --> 00:15:51,360  
talked to him and he said he'd you know

406  
00:15:56,790 --> 00:15:53,839  
he vouches for him he does not say that

407  
00:15:59,430 --> 00:15:56,800  
he was a person who would make up stuff

408  
00:16:01,189 --> 00:15:59,440  
yeah so they they briefed him on this

409  
00:16:04,310 --> 00:16:01,199  
and they said we're going to bring this

410  
00:16:06,310 --> 00:16:04,320  
to all 50 states this this

411  
00:16:08,389 --> 00:16:06,320  
cosmic journey we're going to talk about

412  
00:16:10,790 --> 00:16:08,399  
the ufo phenomenon

413  
00:16:12,230 --> 00:16:10,800

as a historical thing

414

00:16:14,069 --> 00:16:12,240

we're going to talk about crash

415

00:16:16,230 --> 00:16:14,079

retrievals and we're going to talk about

416

00:16:18,470 --> 00:16:16,240

the occupants of the craft and he was

417

00:16:19,590 --> 00:16:18,480

like holy [h\_\_h] like this is amazing

418

00:16:21,269 --> 00:16:19,600

we're actually going to do this they're

419

00:16:22,790 --> 00:16:21,279

like yeah

420

00:16:24,230 --> 00:16:22,800

and then

421

00:16:25,910 --> 00:16:24,240

mind you during this entire time he's

422

00:16:28,310 --> 00:16:25,920

also talking to timothy good he's

423

00:16:31,670 --> 00:16:28,320

telling them all this stuff well what

424

00:16:34,230 --> 00:16:31,680

happens in late 89 early 90 timothy good

425

00:16:37,030 --> 00:16:34,240

publishes the book alien contact now

426  
00:16:39,350 --> 00:16:37,040  
guess who is not too pleased about that

427  
00:16:43,189 --> 00:16:39,360  
bobby raymond

428  
00:16:45,350 --> 00:16:43,199  
and i i have no way of proving this

429  
00:16:47,509 --> 00:16:45,360  
but

430  
00:16:49,670 --> 00:16:47,519  
i mean there's there's

431  
00:16:52,710 --> 00:16:49,680  
coincidence like this just don't happen

432  
00:16:55,910 --> 00:16:52,720  
okay i'm sorry it just doesn't

433  
00:16:57,670 --> 00:16:55,920  
so and all your viewers can look this up

434  
00:17:01,829 --> 00:16:57,680  
um

435  
00:17:03,829 --> 00:17:01,839  
in ontario canada in the early 90s like

436  
00:17:05,270 --> 00:17:03,839  
90 or 91 somewhere around that time

437  
00:17:07,750 --> 00:17:05,280  
frame

438  
00:17:10,789 --> 00:17:07,760

there was a purported

439

00:17:12,390 --> 00:17:10,799

ufo had landed and this

440

00:17:14,789 --> 00:17:12,400

person

441

00:17:17,029 --> 00:17:14,799

had filmed landing and actually in

442

00:17:21,829 --> 00:17:17,039

another

443

00:17:24,870 --> 00:17:21,839

shown

444

00:17:25,669 --> 00:17:24,880

a great alien but it was from a still

445

00:17:28,150 --> 00:17:25,679

from

446

00:17:29,909 --> 00:17:28,160

this video but in the video itself does

447

00:17:31,990 --> 00:17:29,919

not show the alien so i don't know where

448

00:17:33,029 --> 00:17:32,000

that came in

449

00:17:35,190 --> 00:17:33,039

whatever

450

00:17:37,590 --> 00:17:35,200

it turns out it was all hopes okay this

451  
00:17:39,270 --> 00:17:37,600  
whole thing this guardian thing and you

452  
00:17:41,909 --> 00:17:39,280  
could find it on youtube he was on

453  
00:17:44,310 --> 00:17:41,919  
unsolved mystery sightings and bob axler

454  
00:17:45,190 --> 00:17:44,320  
was the primary researcher

455  
00:17:46,789 --> 00:17:45,200  
who

456  
00:17:47,909 --> 00:17:46,799  
got involved with that because they sent

457  
00:17:49,510 --> 00:17:47,919  
this tape

458  
00:17:53,190 --> 00:17:49,520  
with a thumbprint

459  
00:17:56,150 --> 00:17:53,200  
and the name guardian to bob axler

460  
00:17:58,870 --> 00:17:56,160  
and then once it was found out that it

461  
00:18:01,029 --> 00:17:58,880  
was a hoax

462  
00:18:04,390 --> 00:18:01,039  
he got rid of

463  
00:18:06,630 --> 00:18:04,400

like all his ufo stuff he stopped doing

464

00:18:08,950 --> 00:18:06,640

lectures he stopped researching all

465

00:18:10,230 --> 00:18:08,960

together and it really messed him up

466

00:18:12,950 --> 00:18:10,240

like people talk about like paul

467

00:18:15,750 --> 00:18:12,960

bennowitz how the us government messed

468

00:18:17,750 --> 00:18:15,760

him up well i would contend that

469

00:18:20,310 --> 00:18:17,760

the whoever

470

00:18:23,110 --> 00:18:20,320

whether it be inman or this general

471

00:18:26,470 --> 00:18:23,120

messed up bob axler to the point where

472

00:18:29,029 --> 00:18:26,480

it took until 2007 for him to talk

473

00:18:30,950 --> 00:18:29,039

about this more openly than obviously

474

00:18:32,630 --> 00:18:30,960

when i talked to him in 2014 he didn't

475

00:18:35,110 --> 00:18:32,640

want to talk about anymore honestly his

476

00:18:36,630 --> 00:18:35,120

health was failing him at that point but

477

00:18:39,190 --> 00:18:36,640

he did answer a few questions about

478

00:18:40,710 --> 00:18:39,200

cosmic journey which i'm like so they

479

00:18:41,909 --> 00:18:40,720

literally wanted to bring this all 50

480

00:18:43,830 --> 00:18:41,919

states he's like yeah that's what they

481

00:18:45,990 --> 00:18:43,840

showed me they showed me that they were

482

00:18:47,990 --> 00:18:46,000

they built they were going to build that

483

00:18:51,029 --> 00:18:48,000

uh it was a scale model it's in the

484

00:18:53,510 --> 00:18:51,039

video of like that triangular ufo is

485

00:18:55,669 --> 00:18:53,520

more rounded

486

00:18:57,830 --> 00:18:55,679

let's take a break and watch it

487

00:18:59,270 --> 00:18:57,840

all right sounds good okay yeah let's do

488

00:19:08,470 --> 00:18:59,280

that

489

00:19:13,590 --> 00:19:11,430

cosmic journey one of the most revealing

490

00:19:16,070 --> 00:19:13,600

glimpses of just what the pentagon knew

491

00:19:17,669 --> 00:19:16,080

about the existence of crash sources and

492

00:19:20,390 --> 00:19:17,679

alien contact

493

00:19:23,669 --> 00:19:20,400

came in 1989 with the development of a

494

00:19:24,630 --> 00:19:23,679

top secret project codenamed cosmic

495

00:19:31,430 --> 00:19:24,640

journey

496

00:19:33,029 --> 00:19:31,440

live entertainment a new concept and a

497

00:19:35,990 --> 00:19:33,039

new dimension

498

00:19:37,029 --> 00:19:36,000

this is something that no one should

499

00:19:38,870 --> 00:19:37,039

miss

500

00:19:41,190 --> 00:19:38,880

and i guarantee you

501  
00:19:42,789 --> 00:19:41,200  
that millions and millions of people

502  
00:19:44,950 --> 00:19:42,799  
throughout the world

503  
00:19:47,270 --> 00:19:44,960  
will remember this for the rest of their

504  
00:19:49,909 --> 00:19:47,280  
life its aim was to display to the

505  
00:19:52,470 --> 00:19:49,919  
public by way of a traveling exhibition

506  
00:19:54,549 --> 00:19:52,480  
the crashed craft and preserved alien

507  
00:19:55,750 --> 00:19:54,559  
bodies that the government had in its

508  
00:19:57,669 --> 00:19:55,760  
possession

509  
00:20:00,390 --> 00:19:57,679  
the pentagon enlisted the help of

510  
00:20:03,590 --> 00:20:00,400  
bobexler a nasa mission specialist in

511  
00:20:04,870 --> 00:20:03,600  
robotics who was also a respected ufo

512  
00:20:07,190 --> 00:20:04,880  
researcher

513  
00:20:10,230 --> 00:20:07,200

at a series of meetings in washington in

514

00:20:12,549 --> 00:20:10,240

1989 military officials set out their

515

00:20:15,110 --> 00:20:12,559

plans to exla

516

00:20:18,630 --> 00:20:15,120

they were devising a variety of kiosks

517

00:20:21,590 --> 00:20:18,640

to show the history of the ufo sightings

518

00:20:24,149 --> 00:20:21,600

ufos associated with the space program

519

00:20:27,909 --> 00:20:24,159

and of course aliens associated with

520

00:20:29,430 --> 00:20:27,919

commonly with the abduction phenomena

521

00:20:32,070 --> 00:20:29,440

i was shown

522

00:20:34,789 --> 00:20:32,080

a photographic rendition that involved

523

00:20:37,270 --> 00:20:34,799

an actual what appeared to be some form

524

00:20:40,549 --> 00:20:37,280

of an alien creature

525

00:20:42,230 --> 00:20:40,559

typical to the uh gray aliens that have

526  
00:20:44,950 --> 00:20:42,240  
been referred to popularly in the

527  
00:20:47,110 --> 00:20:44,960  
publications in the press

528  
00:20:48,470 --> 00:20:47,120  
the creature was

529  
00:20:49,270 --> 00:20:48,480  
encased in

530  
00:20:51,909 --> 00:20:49,280  
uh

531  
00:20:53,669 --> 00:20:51,919  
sort of a glass coffin-like structure

532  
00:20:55,830 --> 00:20:53,679  
that

533  
00:20:58,470 --> 00:20:55,840  
was being preserved there's a lot of

534  
00:21:01,029 --> 00:20:58,480  
apparatus tanks and so forth probably

535  
00:21:04,870 --> 00:21:01,039  
some form of a cryogenic tank

536  
00:21:07,430 --> 00:21:04,880  
to preserve the uh the body from decay

537  
00:21:10,149 --> 00:21:07,440  
as part of his indoctrination program

538  
00:21:12,390 --> 00:21:10,159

exla was flown out to an offshore norad

539

00:21:15,190 --> 00:21:12,400

tracking facility

540

00:21:17,350 --> 00:21:15,200

traveling in unmarked black helicopters

541

00:21:19,750 --> 00:21:17,360

they headed out 20 miles off the coast

542

00:21:22,310 --> 00:21:19,760

of florida landing on what looked like

543

00:21:24,310 --> 00:21:22,320

an oil rig

544

00:21:27,190 --> 00:21:24,320

as we got into this facility we

545

00:21:30,230 --> 00:21:27,200

descended to uh an area that i would

546

00:21:32,310 --> 00:21:30,240

describe as sort of a mezzanine area

547

00:21:33,510 --> 00:21:32,320

looking out over a control room this was

548

00:21:36,070 --> 00:21:33,520

obviously a

549

00:21:38,789 --> 00:21:36,080

norad tracking facility

550

00:21:40,310 --> 00:21:38,799

there was a huge

551  
00:21:43,590 --> 00:21:40,320  
screen it

552  
00:21:46,789 --> 00:21:43,600  
represented an area of the

553  
00:21:48,710 --> 00:21:46,799  
southeast quadrant of the united states

554  
00:21:50,789 --> 00:21:48,720  
then there were a series of

555  
00:21:53,990 --> 00:21:50,799  
lights that were floating along sort of

556  
00:21:56,310 --> 00:21:54,000  
like the top of this uh grid area

557  
00:21:58,950 --> 00:21:56,320  
uh there were five of them and all were

558  
00:22:01,190 --> 00:21:58,960  
labeled by the way uh on the screen as

559  
00:22:03,750 --> 00:22:01,200  
afc's and i heard someone

560  
00:22:06,789 --> 00:22:03,760  
make reference to alternative spacecraft

561  
00:22:10,230 --> 00:22:06,799  
the graph went down into this grid uh

562  
00:22:11,110 --> 00:22:10,240  
into this vortex area and then dispersed

563  
00:22:12,470 --> 00:22:11,120

and

564

00:22:18,310 --> 00:22:12,480

no one seemed to

565

00:22:21,510 --> 00:22:19,669

presenting

566

00:22:24,470 --> 00:22:21,520

cosmic journey

567

00:22:29,110 --> 00:22:24,480

an experiential entertainment concept of

568

00:22:34,390 --> 00:22:31,830

cosmetics i've not since been contacted

569

00:22:36,710 --> 00:22:34,400

by anyone associated with the cosmic

570

00:22:39,990 --> 00:22:36,720

journey uh there have been since the

571

00:22:42,070 --> 00:22:40,000

publication of the book uh revealing the

572

00:22:45,190 --> 00:22:42,080

the project itself there have been

573

00:22:47,830 --> 00:22:45,200

a number of plausible denials by uh

574

00:22:50,710 --> 00:22:47,840

members associated with the project and

575

00:22:53,110 --> 00:22:50,720

of course categorical denials on uh

576  
00:22:56,670 --> 00:22:53,120  
anything related to the

577  
00:22:58,870 --> 00:22:56,680  
more intrinsic alien issues

578  
00:23:01,430 --> 00:22:58,880  
[Music]

579  
00:23:03,750 --> 00:23:01,440  
the only official ufo investigation that

580  
00:23:05,430 --> 00:23:03,760  
the united states will admit to was

581  
00:23:07,669 --> 00:23:05,440  
project blue book

582  
00:23:09,270 --> 00:23:07,679  
it was set up by president truman in

583  
00:23:12,149 --> 00:23:09,280  
1952

584  
00:23:15,350 --> 00:23:12,159  
after a rash of ufo sightings over

585  
00:23:17,590 --> 00:23:15,360  
sensitive military areas

586  
00:23:20,630 --> 00:23:17,600  
was it a genuine attempt to investigate

587  
00:23:23,590 --> 00:23:20,640  
ufos or just a smoke screen to keep an

588  
00:23:27,190 --> 00:23:23,600

increasingly anxious congress and public

589

00:23:30,549 --> 00:23:29,350

the public was told everything's under

590

00:23:33,029 --> 00:23:30,559

control

591

00:23:35,669 --> 00:23:33,039

sign grudge blue book that is the

592

00:23:37,430 --> 00:23:35,679

organization that's doing the ufo thing

593

00:23:39,190 --> 00:23:37,440

we have access to the finest scientists

594

00:23:41,830 --> 00:23:39,200

there was a whole bunch of malarkey that

595

00:23:44,149 --> 00:23:41,840

went along with that

596

00:23:46,070 --> 00:23:44,159

it was set up as a public information

597

00:23:48,230 --> 00:23:46,080

office to answer the questions on the

598

00:23:49,909 --> 00:23:48,240

ufo phenomena for the public

599

00:23:51,590 --> 00:23:49,919

and their case

600

00:23:53,750 --> 00:23:51,600

information their files were sent down

601  
00:23:56,070 --> 00:23:53,760  
from upstairs from where my office was

602  
00:23:57,430 --> 00:23:56,080  
my desk was usually cases that could be

603  
00:23:59,190 --> 00:23:57,440  
explained away

604  
00:24:00,630 --> 00:23:59,200  
and those were used as sample cases in

605  
00:24:02,549 --> 00:24:00,640  
dealing with the public

606  
00:24:04,470 --> 00:24:02,559  
the anything classified above

607  
00:24:05,830 --> 00:24:04,480  
confidential stayed upstairs and even

608  
00:24:07,990 --> 00:24:05,840  
went higher

609  
00:24:09,510 --> 00:24:08,000  
and never got into the

610  
00:24:09,720 --> 00:24:09,520  
came into the preview of blue book at

611  
00:24:13,909 --> 00:24:09,730  
all

612  
00:24:15,110 --> 00:24:13,919  
[Music]

613  
00:24:17,269 --> 00:24:15,120

i don't think it was a genuine

614

00:24:20,390 --> 00:24:17,279

investigation in that the really

615

00:24:21,669 --> 00:24:20,400

sensitive reports were filtered out

616

00:24:23,669 --> 00:24:21,679

by

617

00:24:25,190 --> 00:24:23,679

a more important group than project blue

618

00:24:27,350 --> 00:24:25,200

book

619

00:24:29,269 --> 00:24:27,360

we have obtained copies of project blue

620

00:24:32,149 --> 00:24:29,279

book documents there are literally

621

00:24:34,310 --> 00:24:32,159

hundreds of reports of ufo sightings and

622

00:24:36,149 --> 00:24:34,320

eyewitness accounts from both civilians

623

00:24:39,350 --> 00:24:36,159

and military personnel

624

00:24:41,830 --> 00:24:39,360

many that were unexplainable

625

00:24:43,990 --> 00:24:41,840

project blue book is still some 40 years

626  
00:24:46,710 --> 00:24:44,000  
later the most important body of

627  
00:24:48,549 --> 00:24:46,720  
evidence admitted by the u s authorities

628  
00:24:49,710 --> 00:24:48,559  
that we have made contact with

629  
00:24:53,990 --> 00:24:49,720  
extraterrestrials

630  
00:24:55,990 --> 00:24:54,000  
[Music]

631  
00:24:59,110 --> 00:24:56,000  
the investigation was closed down

632  
00:25:02,070 --> 00:24:59,120  
suddenly in 1969

633  
00:25:03,909 --> 00:25:02,080  
no reason was given

634  
00:25:05,750 --> 00:25:03,919  
blue book was the cover organization

635  
00:25:07,830 --> 00:25:05,760  
that's the one you heard about that's

636  
00:25:09,669 --> 00:25:07,840  
the only one ever mentioned and as

637  
00:25:11,430 --> 00:25:09,679  
recently as last year an air force

638  
00:25:13,190 --> 00:25:11,440

letter to a senator

639

00:25:15,110 --> 00:25:13,200

said blue book was it and when we closed

640

00:25:16,549 --> 00:25:15,120

it we got out of the business

641

00:25:17,990 --> 00:25:16,559

in reality

642

00:25:20,390 --> 00:25:18,000

all these other groups concerned with

643

00:25:23,350 --> 00:25:20,400

monitoring the skies

644

00:25:25,990 --> 00:25:23,360

we're continuing to look at militarily

645

00:25:28,710 --> 00:25:26,000

important cases a light in the sky means

646

00:25:30,070 --> 00:25:28,720

nothing but if one goes buzzing down the

647

00:25:31,909 --> 00:25:30,080

runway

648

00:25:34,149 --> 00:25:31,919

at a strategic air command base where

649

00:25:35,990 --> 00:25:34,159

nuclear weapons are stored which has

650

00:25:36,950 --> 00:25:36,000

happened and we've got some records on

651  
00:25:46,310 --> 00:25:36,960  
that

652  
00:25:46,320 --> 00:25:51,110  
sorry i didn't warn you or anything

653  
00:25:54,710 --> 00:25:52,789  
i didn't know that we'd both just pop

654  
00:25:58,070 --> 00:25:54,720  
right back in

655  
00:25:59,669 --> 00:25:58,080  
it's all good no no that's um

656  
00:26:01,909 --> 00:25:59,679  
uh

657  
00:26:04,470 --> 00:26:01,919  
yeah it's crazy because we were

658  
00:26:06,310 --> 00:26:04,480  
we're just going over those files pretty

659  
00:26:08,710 --> 00:26:06,320  
much this week

660  
00:26:11,350 --> 00:26:08,720  
that they were talking about

661  
00:26:12,710 --> 00:26:11,360  
yeah friedman was

662  
00:26:14,789 --> 00:26:12,720  
yeah i mean

663  
00:26:17,430 --> 00:26:14,799

i just i draw parallels to what's

664

00:26:18,950 --> 00:26:17,440

happening now with cosmic journey and i

665

00:26:21,990 --> 00:26:18,960

i also go back to the statement of

666

00:26:24,870 --> 00:26:22,000

george saying that bring this out every

667

00:26:26,549 --> 00:26:24,880

eight to ten years and

668

00:26:30,310 --> 00:26:26,559

it seems

669

00:26:33,669 --> 00:26:30,320

that cosmic journey was a genuine

670

00:26:35,669 --> 00:26:33,679

effort to bring that but again

671

00:26:37,990 --> 00:26:35,679

it seems like there's

672

00:26:40,149 --> 00:26:38,000

the people who want this out within the

673

00:26:42,549 --> 00:26:40,159

dod and then there's people who were

674

00:26:44,070 --> 00:26:42,559

like no we're this is ours and we're a

675

00:26:45,269 --> 00:26:44,080

squirrel we're going to squirrel away

676  
00:26:47,110 --> 00:26:45,279  
forever

677  
00:26:49,990 --> 00:26:47,120  
so

678  
00:26:51,669 --> 00:26:50,000  
i i don't know i i know

679  
00:26:54,149 --> 00:26:51,679  
not a lot of people know about cosmic

680  
00:26:56,230 --> 00:26:54,159  
journey and i just i've always thought

681  
00:26:58,470 --> 00:26:56,240  
that what happened with tom delong and

682  
00:27:01,510 --> 00:26:58,480  
what happened to bob axler were so

683  
00:27:04,149 --> 00:27:01,520  
similar so similar it seems like it

684  
00:27:06,870 --> 00:27:04,159  
there and there's a lot of um

685  
00:27:09,669 --> 00:27:06,880  
similar even like talking points

686  
00:27:11,350 --> 00:27:09,679  
from back in the day yeah you know

687  
00:27:13,350 --> 00:27:11,360  
like looking at all these documents and

688  
00:27:15,510 --> 00:27:13,360

stuff there's a

689

00:27:18,070 --> 00:27:15,520

a lot of the same stuff you see

690

00:27:20,310 --> 00:27:18,080

newspaper clippings about the stigma

691

00:27:21,830 --> 00:27:20,320

being gone and how scientists can get

692

00:27:23,909 --> 00:27:21,840

involved you know

693

00:27:25,110 --> 00:27:23,919

same kind of stuff

694

00:27:27,909 --> 00:27:25,120

um

695

00:27:30,389 --> 00:27:27,919

yeah and also like with like eric davis

696

00:27:32,470 --> 00:27:30,399

last summer saying you know he talked

697

00:27:33,510 --> 00:27:32,480

about off-world vehicles

698

00:27:36,870 --> 00:27:33,520

nowhere

699

00:27:39,990 --> 00:27:36,880

when bobby raymond and bob bexler talked

700

00:27:42,630 --> 00:27:40,000

they never he said never ufos he always

701  
00:27:43,909 --> 00:27:42,640  
referred to him as either crafts or

702  
00:27:45,990 --> 00:27:43,919  
vehicles

703  
00:27:48,470 --> 00:27:46,000  
so i find that interesting too

704  
00:27:50,549 --> 00:27:48,480  
like when you get into that world they

705  
00:27:52,389 --> 00:27:50,559  
don't talk well like we have a disc over

706  
00:27:54,470 --> 00:27:52,399  
here they don't talk like that

707  
00:27:56,870 --> 00:27:54,480  
you know it's it's

708  
00:27:59,830 --> 00:27:56,880  
they have with their lingo and acronyms

709  
00:28:02,870 --> 00:27:59,840  
or whatever exactly yeah

710  
00:28:05,750 --> 00:28:02,880  
because you probably have to

711  
00:28:07,430 --> 00:28:05,760  
you know set that tone right away so

712  
00:28:10,549 --> 00:28:07,440  
people are just used to talking in that

713  
00:28:12,250 --> 00:28:10,559

language do you exactly yeah otherwise

714

00:28:13,590 --> 00:28:12,260

you're going to be commercial yeah

715

00:28:15,990 --> 00:28:13,600

[Laughter]

716

00:28:18,470 --> 00:28:16,000

you say alien bodies

717

00:28:20,070 --> 00:28:18,480

you can't say that that's not approved

718

00:28:22,470 --> 00:28:20,080

how do you know

719

00:28:25,190 --> 00:28:22,480

where are they from i don't know

720

00:28:28,830 --> 00:28:25,200

i don't know what country

721

00:28:31,430 --> 00:28:28,840

yeah yeah oh so that's

722

00:28:33,029 --> 00:28:31,440

um where

723

00:28:35,269 --> 00:28:33,039

are these people now there's just it's

724

00:28:37,029 --> 00:28:35,279

all over it's a thing of the past

725

00:28:38,870 --> 00:28:37,039

basically and

726

00:28:40,549 --> 00:28:38,880

yeah i i know

727

00:28:43,110 --> 00:28:40,559

there's one researcher that tried to

728

00:28:44,389 --> 00:28:43,120

find kenneth feld from that production

729

00:28:46,149 --> 00:28:44,399

company

730

00:28:50,070 --> 00:28:46,159

can't find them

731

00:28:51,909 --> 00:28:50,080

that i i don't yeah it is weird um

732

00:28:53,830 --> 00:28:51,919

nobody also has been able to find the

733

00:28:56,549 --> 00:28:53,840

full video of

734

00:28:58,149 --> 00:28:56,559

the infomercial so to speak of cosmic

735

00:29:01,269 --> 00:28:58,159

journey nobody's ever been able to find

736

00:29:03,590 --> 00:29:01,279

that now however that clip is from a clc

737

00:29:04,789 --> 00:29:03,600

show

738

00:29:06,549 --> 00:29:04,799

from the

739

00:29:09,909 --> 00:29:06,559

mid-90s

740

00:29:10,950 --> 00:29:09,919

uh and maybe one of us could find that

741

00:29:13,830 --> 00:29:10,960

british

742

00:29:16,070 --> 00:29:13,840

pseudo researcher slash journalist from

743

00:29:18,710 --> 00:29:16,080

the show and maybe ask him where

744

00:29:19,830 --> 00:29:18,720

possibly could be i don't know

745

00:29:20,789 --> 00:29:19,840

okay

746

00:29:22,710 --> 00:29:20,799

well

747

00:29:27,269 --> 00:29:22,720

there's you know you have to exhaust

748

00:29:29,510 --> 00:29:27,279

your options at least yeah yeah i mean

749

00:29:33,909 --> 00:29:29,520

well i see what i can do

750

00:29:36,149 --> 00:29:33,919

i have add so bad when it comes to uh

751

00:29:37,830 --> 00:29:36,159

what i always i'm doing like because

752

00:29:41,269 --> 00:29:37,840

i'll start one thing and i'll jump to

753

00:29:43,350 --> 00:29:41,279

another thing and i'm really bad so yeah

754

00:29:44,950 --> 00:29:43,360

no i hear you well so i'm asking

755

00:29:47,190 --> 00:29:44,960

somebody else to do my work yeah i'll do

756

00:29:49,430 --> 00:29:47,200

it don't worry about it

757

00:29:50,389 --> 00:29:49,440

just let me know give me a list

758

00:29:52,830 --> 00:29:50,399

okay

759

00:29:55,669 --> 00:29:52,840

give me a list i don't like bananas yeah

760

00:29:58,549 --> 00:29:55,679

okay um

761

00:30:02,149 --> 00:29:58,559

yeah i just there's a cosmic journey

762

00:30:03,269 --> 00:30:02,159

movie from 1936 too did you know that

763

00:30:06,710 --> 00:30:03,279

what's that

764

00:30:08,470 --> 00:30:06,720

there's a cosmic journey movie from 1936

765

00:30:09,510 --> 00:30:08,480

no i did not know that

766

00:30:11,909 --> 00:30:09,520

yeah

767

00:30:14,389 --> 00:30:11,919

it's in a different language

768

00:30:16,310 --> 00:30:14,399

so we should probably have

769

00:30:19,830 --> 00:30:16,320

find a way to watch this

770

00:30:22,789 --> 00:30:21,430

i'll bring it up kind of actually pretty

771

00:30:24,549 --> 00:30:22,799

quick it's pretty

772

00:30:27,750 --> 00:30:24,559

just from looking at it for a second i

773

00:30:28,240 --> 00:30:27,760

was like this is interesting

774

00:30:29,830 --> 00:30:28,250

so

775

00:30:32,149 --> 00:30:29,840

[Music]

776

00:30:34,149 --> 00:30:32,159

you know and i've noticed that in this

777

00:30:35,990 --> 00:30:34,159

field there's a lot of relatable things

778

00:30:38,549 --> 00:30:36,000

that pop up like things with the same

779

00:30:40,070 --> 00:30:38,559

name that are completely different an

780

00:30:41,430 --> 00:30:40,080

opposite

781

00:30:42,950 --> 00:30:41,440

you know it's just there's a lot of

782

00:30:44,789 --> 00:30:42,960

synchronicities i guess that's what i'm

783

00:30:47,190 --> 00:30:44,799

saying oh yeah

784

00:30:48,950 --> 00:30:47,200

yesterday there was a ton

785

00:30:55,110 --> 00:30:48,960

of mute

786

00:30:57,909 --> 00:30:56,789

we got to get somebody to translate that

787

00:31:02,060 --> 00:30:57,919

stuff

788

00:31:02,070 --> 00:31:16,870

[Laughter]

789

00:31:20,789 --> 00:31:18,389

yeah give it here look

790

00:31:22,870 --> 00:31:20,799

yeah stop filming me i can't read that

791

00:31:26,549 --> 00:31:22,880

[h\_\_\h]

792

00:31:30,389 --> 00:31:28,470

come here with me boy we'll go to the

793

00:31:35,269 --> 00:31:30,399

little boy's room

794

00:31:44,310 --> 00:31:36,870

okay

795

00:31:51,669 --> 00:31:48,230

i got um distracted

796

00:31:52,470 --> 00:31:51,679

distracted we were talking about um

797

00:31:55,029 --> 00:31:52,480

yeah

798

00:31:56,389 --> 00:31:55,039

basically i'm gonna call the british guy

799

00:31:58,549 --> 00:31:56,399

out and try to

800

00:32:00,630 --> 00:31:58,559

try to get the thing done oh that'd be

801  
00:32:01,909 --> 00:32:00,640  
amazing that would be nice if we could

802  
00:32:04,070 --> 00:32:01,919  
find him i mean

803  
00:32:05,509 --> 00:32:04,080  
he should be okay it should be alive i

804  
00:32:07,909 --> 00:32:05,519  
should say

805  
00:32:11,669 --> 00:32:07,919  
so should kenneth felt now bobby ray

806  
00:32:15,509 --> 00:32:11,679  
inman uh the last i checked he's like 99

807  
00:32:17,669 --> 00:32:15,519  
or 90 he's very old and he will not talk

808  
00:32:19,430 --> 00:32:17,679  
about ufo stuff at all

809  
00:32:21,669 --> 00:32:19,440  
yeah especially

810  
00:32:22,470 --> 00:32:21,679  
probably faster that

811  
00:32:25,830 --> 00:32:22,480  
well

812  
00:32:28,470 --> 00:32:25,840  
the only thing that he's ever hinted at

813  
00:32:30,789 --> 00:32:28,480

and it's not really ufo related is he

814

00:32:33,509 --> 00:32:30,799

gave a lecture

815

00:32:35,509 --> 00:32:33,519

2015 or 2016 about

816

00:32:39,269 --> 00:32:35,519

nuclear subs and what some of their

817

00:32:41,830 --> 00:32:39,279

capabilities were with listening stuff

818

00:32:45,029 --> 00:32:41,840

underwater

819

00:32:45,909 --> 00:32:45,039

and people were like whoa wait what so i

820

00:32:52,870 --> 00:32:45,919

don't

821

00:32:54,310 --> 00:32:52,880

but all the europe people in texas go

822

00:32:55,110 --> 00:32:54,320

hound him not sure

823

00:32:57,750 --> 00:32:55,120

yeah

824

00:32:58,549 --> 00:32:57,760

hey i know that's where uh hell buddha

825

00:33:02,950 --> 00:32:58,559

is

826

00:33:05,269 --> 00:33:02,960

right on over yeah

827

00:33:08,470 --> 00:33:05,279

go catch an indie concert

828

00:33:11,350 --> 00:33:08,480

i often wondered if

829

00:33:13,830 --> 00:33:11,360

bobby raymond was one of the original

830

00:33:16,310 --> 00:33:13,840

people that tom delong talked to i don't

831

00:33:19,110 --> 00:33:16,320

know there's no way right that i can

832

00:33:21,350 --> 00:33:19,120

prove that however in the joe rogan

833

00:33:23,350 --> 00:33:21,360

interview with tom delonge he does

834

00:33:27,350 --> 00:33:23,360

mention about somebody who's held

835

00:33:28,630 --> 00:33:27,360

positions in the cia and nsa

836

00:33:29,509 --> 00:33:28,640

wow

837

00:33:31,350 --> 00:33:29,519

so

838

00:33:33,669 --> 00:33:31,360

is it him i don't know

839

00:33:37,990 --> 00:33:33,679

this is interesting but robert is

840

00:33:40,549 --> 00:33:38,000

probably my encyclopedia for this stuff

841

00:33:43,509 --> 00:33:40,559

okay so

842

00:33:45,750 --> 00:33:43,519

anything he says is probably

843

00:33:48,310 --> 00:33:45,760

pretty accurate

844

00:33:53,669 --> 00:33:50,870

i will also say bobby raymond after he

845

00:33:55,669 --> 00:33:53,679

retired he went on to become the head of

846

00:33:58,389 --> 00:33:55,679

saic

847

00:34:00,470 --> 00:33:58,399

when they started to do the anti-gravity

848

00:34:03,590 --> 00:34:00,480

stuff oh

849

00:34:05,509 --> 00:34:03,600

yeah yeah um

850

00:34:07,590 --> 00:34:05,519

but again there was a video on youtube

851  
00:34:10,869 --> 00:34:07,600  
and before i came out i was telling you

852  
00:34:11,909 --> 00:34:10,879  
that video got deleted i had it and i

853  
00:34:14,069 --> 00:34:11,919  
was gonna send it to you and they

854  
00:34:15,510 --> 00:34:14,079  
deleted it somebody deleted it

855  
00:34:17,750 --> 00:34:15,520  
uh it was

856  
00:34:19,669 --> 00:34:17,760  
subtitled in spanish but it was in

857  
00:34:21,589 --> 00:34:19,679  
you know you could hear in english but

858  
00:34:25,430 --> 00:34:21,599  
it talked excellent talked about how

859  
00:34:27,190 --> 00:34:25,440  
inman went on to become the head of saic

860  
00:34:29,669 --> 00:34:27,200  
and that's right when they were doing

861  
00:34:32,389 --> 00:34:29,679  
this anti-gravity stuff you sent me like

862  
00:34:34,470 --> 00:34:32,399  
a message of some key words to use i can

863  
00:34:36,869 --> 00:34:34,480

try to find it somewhere

864

00:34:39,270 --> 00:34:36,879

okay i'm sure it's somewhere

865

00:34:41,669 --> 00:34:39,280

yeah on the internet

866

00:34:46,310 --> 00:34:41,679

somewhere um yeah

867

00:34:47,510 --> 00:34:46,320

yeah essays s-a-i-c has a very

868

00:34:50,069 --> 00:34:47,520

interesting

869

00:34:51,990 --> 00:34:50,079

background with this subject

870

00:34:54,310 --> 00:34:52,000

i would point the finger to them and

871

00:34:55,909 --> 00:34:54,320

lockheed martin those two

872

00:34:57,829 --> 00:34:55,919

for sure

873

00:35:00,310 --> 00:34:57,839

what's that do tell

874

00:35:02,390 --> 00:35:00,320

detail

875

00:35:03,750 --> 00:35:02,400

let's see uh

876

00:35:06,390 --> 00:35:03,760

up to you

877

00:35:08,950 --> 00:35:06,400

no i i can i i will just say

878

00:35:10,150 --> 00:35:08,960

at the beginning of summer uh some of my

879

00:35:14,230 --> 00:35:10,160

colleagues

880

00:35:15,349 --> 00:35:14,240

myself decided to do a project

881

00:35:20,230 --> 00:35:15,359

on

882

00:35:22,150 --> 00:35:20,240

and

883

00:35:23,589 --> 00:35:22,160

we decided to

884

00:35:26,550 --> 00:35:23,599

look into

885

00:35:28,069 --> 00:35:26,560

the buildings where eric davis and emil

886

00:35:31,910 --> 00:35:28,079

wilson met

887

00:35:34,150 --> 00:35:31,920

and there's some really weird

888

00:35:36,630 --> 00:35:34,160

things going on there especially with

889

00:35:39,190 --> 00:35:36,640

lockheed martin and mind you that whole

890

00:35:40,790 --> 00:35:39,200

complex was the eg g

891

00:35:42,230 --> 00:35:40,800

where they had met originally back in

892

00:35:43,349 --> 00:35:42,240

2002

893

00:35:46,310 --> 00:35:43,359

but

894

00:35:49,190 --> 00:35:46,320

later on lockheed martin bought all

895

00:35:52,069 --> 00:35:49,200

those eg g buildings

896

00:35:55,910 --> 00:35:52,079

through a shell company

897

00:35:59,349 --> 00:35:55,920

and i i have the documents to prove this

898

00:36:00,950 --> 00:35:59,359

on top of that the person who procured

899

00:36:02,870 --> 00:36:00,960

these buildings

900

00:36:05,430 --> 00:36:02,880

there's almost nothing on the internet

901  
00:36:08,150 --> 00:36:05,440  
about this individual other than he's

902  
00:36:09,109 --> 00:36:08,160  
very connected he was a former military

903  
00:36:10,069 --> 00:36:09,119  
guy

904  
00:36:12,069 --> 00:36:10,079  
um

905  
00:36:13,589 --> 00:36:12,079  
he's like a ghost on the internet other

906  
00:36:16,550 --> 00:36:13,599  
than his

907  
00:36:18,790 --> 00:36:16,560  
just showing what he's done in his prior

908  
00:36:19,990 --> 00:36:18,800  
service in the military

909  
00:36:24,470 --> 00:36:20,000  
um

910  
00:36:29,030 --> 00:36:26,630  
no we have his name but the problem with

911  
00:36:30,550 --> 00:36:29,040  
that is uh i don't want to like doxx

912  
00:36:31,990 --> 00:36:30,560  
anybody i don't want to yeah yeah yeah

913  
00:36:35,109 --> 00:36:32,000

yeah

914

00:36:37,829 --> 00:36:35,119

sure i will say that um

915

00:36:39,750 --> 00:36:37,839

i i will just i will say this because i

916

00:36:40,630 --> 00:36:39,760

said this yesterday on my twitter space

917

00:36:42,150 --> 00:36:40,640

event

918

00:36:44,630 --> 00:36:42,160

i missed that so we

919

00:36:46,950 --> 00:36:44,640

it's all good we got

920

00:36:49,030 --> 00:36:46,960

actually i should i'll take this back i

921

00:36:51,190 --> 00:36:49,040

will take no credit for this research

922

00:36:55,109 --> 00:36:51,200

project i'm good at bringing people

923

00:36:58,870 --> 00:36:55,119

together and using their strengths so

924

00:37:01,510 --> 00:36:58,880

my colleagues two other ones

925

00:37:04,310 --> 00:37:01,520

one's former military one's not

926  
00:37:05,270 --> 00:37:04,320  
the military former military guy

927  
00:37:07,510 --> 00:37:05,280  
told

928  
00:37:09,430 --> 00:37:07,520  
my other colleague where to look and

929  
00:37:10,470 --> 00:37:09,440  
what to use

930  
00:37:13,109 --> 00:37:10,480  
and

931  
00:37:15,109 --> 00:37:13,119  
my other colleague we we nicknamed him

932  
00:37:18,790 --> 00:37:15,119  
the badger because

933  
00:37:20,829 --> 00:37:18,800  
he got so freaking close

934  
00:37:24,950 --> 00:37:20,839  
to

935  
00:37:27,670 --> 00:37:24,960  
this i i guess situation that the former

936  
00:37:30,390 --> 00:37:27,680  
military guy had to excuse himself from

937  
00:37:33,430 --> 00:37:30,400  
this project because he has a friend who

938  
00:37:37,270 --> 00:37:33,440

works at lockheed skunk works and who is

939

00:37:38,870 --> 00:37:37,280

over the sap programs so he was like

940

00:37:40,630 --> 00:37:38,880

you're getting too close and basically

941

00:37:43,510 --> 00:37:40,640

equated what we did

942

00:37:45,910 --> 00:37:43,520

is what russia or china would do to spy

943

00:37:50,550 --> 00:37:48,550

so it's for spaceships

944

00:37:52,069 --> 00:37:50,560

yeah

945

00:37:54,950 --> 00:37:52,079

really

946

00:37:56,310 --> 00:37:54,960

close to something uh i would just say

947

00:37:58,550 --> 00:37:56,320

like i said

948

00:38:00,710 --> 00:37:58,560

lockheed martin used a shell company to

949

00:38:03,510 --> 00:38:00,720

buy all these

950

00:38:04,950 --> 00:38:03,520

uh buildings from eeg

951  
00:38:06,710 --> 00:38:04,960  
and

952  
00:38:08,630 --> 00:38:06,720  
it seems

953  
00:38:10,390 --> 00:38:08,640  
that lockheed martin went out of their

954  
00:38:13,190 --> 00:38:10,400  
way a lot

955  
00:38:17,349 --> 00:38:15,589  
like to have a paper trail

956  
00:38:19,990 --> 00:38:17,359  
the only reason why we know this is

957  
00:38:22,310 --> 00:38:20,000  
because the former military guy

958  
00:38:25,349 --> 00:38:22,320  
knew where to look

959  
00:38:28,069 --> 00:38:25,359  
uh or to tell my other buddy

960  
00:38:30,310 --> 00:38:28,079  
where to go and get the goods and he did

961  
00:38:32,870 --> 00:38:30,320  
and when he did he was like oh

962  
00:38:34,710 --> 00:38:32,880  
he got too close wow

963  
00:38:36,870 --> 00:38:34,720

yeah that worked

964

00:38:38,630 --> 00:38:36,880

it did it did

965

00:38:41,349 --> 00:38:38,640

what are we in this for

966

00:38:44,470 --> 00:38:41,359

oh well the unfortunate part am i going

967

00:38:47,829 --> 00:38:44,480

to be on a list now and he's like yeah

968

00:38:49,750 --> 00:38:47,839

but i would just like keep it private i

969

00:38:52,390 --> 00:38:49,760

mean i could talk about that aspect of

970

00:38:53,829 --> 00:38:52,400

it but like the actual documentation i'm

971

00:38:55,030 --> 00:38:53,839

not going to share with everybody and

972

00:38:56,470 --> 00:38:55,040

the brother

973

00:38:58,390 --> 00:38:56,480

um

974

00:38:59,510 --> 00:38:58,400

people have seen it and they were

975

00:39:02,069 --> 00:38:59,520

impressed

976

00:39:03,750 --> 00:39:02,079

is this known information

977

00:39:05,510 --> 00:39:03,760

you can't find it

978

00:39:09,109 --> 00:39:05,520

on the internet but you have to know

979

00:39:12,470 --> 00:39:09,119

where to look i mean like generally um

980

00:39:16,230 --> 00:39:12,480

in the ufo community i guess no it was

981

00:39:17,589 --> 00:39:16,240

not this is groundbreaking stuff

982

00:39:19,190 --> 00:39:17,599

are you guys listening it's

983

00:39:21,030 --> 00:39:19,200

groundbreaking

984

00:39:22,230 --> 00:39:21,040

well ha ha

985

00:39:23,990 --> 00:39:22,240

i don't know what to say i'm not trying

986

00:39:26,550 --> 00:39:24,000

to like shoot my own horn or anything

987

00:39:27,510 --> 00:39:26,560

well no it's just we're so relaxed here

988

00:39:30,069 --> 00:39:27,520

so

989

00:39:32,630 --> 00:39:30,079

do

990

00:39:35,190 --> 00:39:32,640

i couldn't believe it when i got the

991

00:39:36,950 --> 00:39:35,200

the google document back to me and i was

992

00:39:39,190 --> 00:39:36,960

looking through it i'm like

993

00:39:43,030 --> 00:39:39,200

oh my god because it includes

994

00:39:45,109 --> 00:39:43,040

phone numbers names addresses wow it

995

00:39:48,069 --> 00:39:45,119

shows the shell company

996

00:39:49,190 --> 00:39:48,079

uh that lockheed martin made up

997

00:39:51,109 --> 00:39:49,200

essentially

998

00:39:54,310 --> 00:39:51,119

to buy all this stuff

999

00:39:57,990 --> 00:39:54,320

and i think the re i guess the deduction

1000

00:40:00,950 --> 00:39:58,000

was the reason why they bought

1001  
00:40:03,190 --> 00:40:00,960  
all the egg stuff was not so much for

1002  
00:40:05,190 --> 00:40:03,200  
the buildings it's because they

1003  
00:40:06,550 --> 00:40:05,200  
themselves lockheed martin did not have

1004  
00:40:08,150 --> 00:40:06,560  
a

1005  
00:40:10,870 --> 00:40:08,160  
um

1006  
00:40:13,589 --> 00:40:10,880  
how do i want to put this it seems like

1007  
00:40:15,109 --> 00:40:13,599  
they did not have a camp the right

1008  
00:40:17,190 --> 00:40:15,119  
security

1009  
00:40:20,950 --> 00:40:17,200  
so therefore they absorbed somebody

1010  
00:40:22,710 --> 00:40:20,960  
else's security and made it their own

1011  
00:40:26,309 --> 00:40:22,720  
and i know there's a researcher on

1012  
00:40:27,589 --> 00:40:26,319  
twitter who will remain nameless

1013  
00:40:29,270 --> 00:40:27,599

uh

1014

00:40:31,670 --> 00:40:29,280

that person had

1015

00:40:34,230 --> 00:40:31,680

wondered if lockheed martin wasn't the

1016

00:40:37,030 --> 00:40:34,240

company and that i shared with this

1017

00:40:38,630 --> 00:40:37,040

person i do feel confident it was

1018

00:40:40,069 --> 00:40:38,640

they're at least one of the companies

1019

00:40:43,030 --> 00:40:40,079

that dealt with

1020

00:40:44,470 --> 00:40:43,040

the whole wilson stuff but whatever wow

1021

00:40:46,790 --> 00:40:44,480

yeah whatever

1022

00:40:49,109 --> 00:40:46,800

but whatever

1023

00:40:51,589 --> 00:40:49,119

groundbreaking news love you okay so

1024

00:40:53,270 --> 00:40:51,599

what what wait wait wait i got something

1025

00:40:55,349 --> 00:40:53,280

for this i got something for this to pep

1026

00:40:59,670 --> 00:40:55,359

it up a little bit here hold on hold on

1027

00:41:03,109 --> 00:41:00,670

that's the wrong one

1028

00:41:04,829 --> 00:41:03,119

[Laughter]

1029

00:41:07,910 --> 00:41:04,839

that's

1030

00:41:08,870 --> 00:41:07,920

true i had a great breaking news one i

1031

00:41:11,070 --> 00:41:08,880

don't know

1032

00:41:12,860 --> 00:41:11,080

it's all good

1033

00:41:15,030 --> 00:41:12,870

[Music]

1034

00:41:17,750 --> 00:41:15,040

[Laughter]

1035

00:41:18,710 --> 00:41:17,760

it's breaking news people well okay

1036

00:41:20,309 --> 00:41:18,720

well

1037

00:41:22,390 --> 00:41:20,319

there's not a lot happening here in the

1038

00:41:24,790 --> 00:41:22,400

community well no not right now i mean

1039

00:41:27,190 --> 00:41:24,800

we're eating ourselves alive right now

1040

00:41:29,589 --> 00:41:27,200

each other faster than you can say

1041

00:41:31,270 --> 00:41:29,599

stephen green street

1042

00:41:40,230 --> 00:41:31,280

okay all right

1043

00:41:44,470 --> 00:41:42,950

that's not it sorry all right forget it

1044

00:41:47,510 --> 00:41:44,480

it's all good

1045

00:41:50,550 --> 00:41:47,520

i i can't share with any people anyways

1046

00:41:52,550 --> 00:41:50,560

really to be honest i i can but i can't

1047

00:41:53,910 --> 00:41:52,560

because i don't want to get anybody in

1048

00:41:56,630 --> 00:41:53,920

trouble you know

1049

00:41:59,270 --> 00:41:56,640

yeah well that's

1050

00:42:00,710 --> 00:41:59,280

very kind of you sir well you know

1051  
00:42:02,710 --> 00:42:00,720  
people would say well you're part of the

1052  
00:42:05,510 --> 00:42:02,720  
problem you're you're preaching about

1053  
00:42:07,510 --> 00:42:05,520  
secrecy and then you go and do it well

1054  
00:42:10,390 --> 00:42:07,520  
listen i'm not going to share everything

1055  
00:42:12,150 --> 00:42:10,400  
with everybody i just i'm not right

1056  
00:42:14,069 --> 00:42:12,160  
yes

1057  
00:42:15,270 --> 00:42:14,079  
i just not and if you don't like it or

1058  
00:42:17,750 --> 00:42:15,280  
well then

1059  
00:42:20,309 --> 00:42:17,760  
so be it well it's just it kind of just

1060  
00:42:23,510 --> 00:42:20,319  
is what it is right and

1061  
00:42:26,230 --> 00:42:23,520  
especially if you like a person who

1062  
00:42:28,550 --> 00:42:26,240  
like if you look at how it is from your

1063  
00:42:31,430 --> 00:42:28,560

shoes for instance

1064

00:42:32,550 --> 00:42:31,440

um you have it so you like you know the

1065

00:42:34,710 --> 00:42:32,560

information

1066

00:42:37,190 --> 00:42:34,720

and if people don't believe you or not

1067

00:42:40,150 --> 00:42:37,200

it doesn't affect the truth of it

1068

00:42:43,030 --> 00:42:40,160

exactly i i mean i can't

1069

00:42:46,150 --> 00:42:43,040

i don't really worry what anybody thinks

1070

00:42:48,150 --> 00:42:46,160

i really don't because

1071

00:42:49,910 --> 00:42:48,160

the proof is in the pudding for me

1072

00:42:52,550 --> 00:42:49,920

i try to be

1073

00:42:54,630 --> 00:42:52,560

nice to everybody i try

1074

00:42:57,670 --> 00:42:54,640

i don't try

1075

00:43:00,150 --> 00:42:57,680

i don't go on my way to why or anything

1076

00:43:01,990 --> 00:43:00,160

like everybody who said like chris is

1077

00:43:04,950 --> 00:43:02,000

full of crap or whatever

1078

00:43:06,870 --> 00:43:04,960

then why do all these people like if i'm

1079

00:43:08,550 --> 00:43:06,880

full of crap then why do they follow me

1080

00:43:10,230 --> 00:43:08,560

like why do all of these journalists

1081

00:43:12,550 --> 00:43:10,240

follow me if i'm full of crap and i'm

1082

00:43:15,190 --> 00:43:12,560

not trying to boast but it's like

1083

00:43:17,510 --> 00:43:15,200

i'm not i'm trying to get to the truth

1084

00:43:18,550 --> 00:43:17,520

yeah and i'm doing what i can to get to

1085

00:43:21,030 --> 00:43:18,560

that truth

1086

00:43:22,550 --> 00:43:21,040

i can say uh from when i first like

1087

00:43:23,829 --> 00:43:22,560

started getting into this stuff on

1088

00:43:26,069 --> 00:43:23,839

twitter and everything you were the

1089

00:43:28,630 --> 00:43:26,079

first freaking guy that like put his

1090

00:43:31,510 --> 00:43:28,640

hand out and was there for me you know

1091

00:43:32,870 --> 00:43:31,520

when i needed something i tried

1092

00:43:34,870 --> 00:43:32,880

and i didn't

1093

00:43:37,109 --> 00:43:34,880

i didn't go looking around either i just

1094

00:43:39,190 --> 00:43:37,119

for whatever reason

1095

00:43:40,470 --> 00:43:39,200

i think we only said like one thing to

1096

00:43:42,309 --> 00:43:40,480

each other maybe

1097

00:43:43,990 --> 00:43:42,319

on twitter and then something came up

1098

00:43:45,510 --> 00:43:44,000

and i was like

1099

00:43:47,270 --> 00:43:45,520

i'm just gonna ask him because for

1100

00:43:49,750 --> 00:43:47,280

whatever reason i feel like

1101  
00:43:51,589 --> 00:43:49,760  
like he's an honest dude so in anywhere

1102  
00:43:53,030 --> 00:43:51,599  
and you're a great person um and if

1103  
00:43:54,950 --> 00:43:53,040  
people don't see that then they have

1104  
00:43:55,750 --> 00:43:54,960  
bigger problems to be quite honest with

1105  
00:43:57,750 --> 00:43:55,760  
you

1106  
00:43:59,910 --> 00:43:57,760  
whatever it's all good i mean i've got

1107  
00:44:01,670 --> 00:43:59,920  
thick skin so

1108  
00:44:04,230 --> 00:44:01,680  
but people get pissed yeah people get

1109  
00:44:06,550 --> 00:44:04,240  
better oh i've had people get really

1110  
00:44:08,309 --> 00:44:06,560  
it's just a human thing

1111  
00:44:09,750 --> 00:44:08,319  
i probably shouldn't tell people i did

1112  
00:44:11,589 --> 00:44:09,760  
yesterday but i probably shouldn't tell

1113  
00:44:13,270 --> 00:44:11,599

people

1114

00:44:15,910 --> 00:44:13,280

myself and a few colleagues had the

1115

00:44:17,750 --> 00:44:15,920

wilson leak two weeks before even people

1116

00:44:18,790 --> 00:44:17,760

on ufo twitter even knew that it had

1117

00:44:19,750 --> 00:44:18,800

leaked

1118

00:44:22,309 --> 00:44:19,760

oh

1119

00:44:23,190 --> 00:44:22,319

[h\_\_\h] damn

1120

00:44:27,190 --> 00:44:23,200

no

1121

00:44:30,390 --> 00:44:27,200

did you get it from ed's house

1122

00:44:32,470 --> 00:44:30,400

yeah i'm the guy no no no no

1123

00:44:34,150 --> 00:44:32,480

dude there is a str

1124

00:44:35,990 --> 00:44:34,160

this is a strange story

1125

00:44:41,990 --> 00:44:36,000

it's not a strange story it's just a

1126

00:44:42,000 --> 00:44:45,430

oh i lost too

1127

00:44:45,440 --> 00:44:48,150

yellow

1128

00:44:52,390 --> 00:44:50,309

that's all right his internet must have

1129

00:44:53,829 --> 00:44:52,400

went down for a second this is kind of

1130

00:44:55,190 --> 00:44:53,839

how our

1131

00:44:58,550 --> 00:44:55,200

our uh

1132

00:45:00,870 --> 00:44:58,560

events work actually our interviews work

1133

00:45:03,750 --> 00:45:00,880

we talk we do pretty good then at some

1134

00:45:07,829 --> 00:45:03,760

point it kind of just

1135

00:45:11,990 --> 00:45:07,839

um the internet goes down somewhere so

1136

00:45:13,190 --> 00:45:12,000

that's what happens um

1137

00:45:14,470 --> 00:45:13,200

yeah

1138

00:45:16,150 --> 00:45:14,480

i think he's trying to come back but i

1139

00:45:19,750 --> 00:45:16,160

can't get the device for some reason

1140

00:45:23,829 --> 00:45:21,270

you there

1141

00:45:26,390 --> 00:45:24,630

nope

1142

00:45:28,470 --> 00:45:26,400

all right

1143

00:45:30,870 --> 00:45:28,480

well if you're listening sir you can

1144

00:45:32,630 --> 00:45:30,880

come back and click on the link if not

1145

00:45:34,630 --> 00:45:32,640

that's fine too

1146

00:45:36,870 --> 00:45:34,640

that is up to you

1147

00:45:38,069 --> 00:45:36,880

um we did go 45 minutes so chris if

1148

00:45:43,109 --> 00:45:38,079

you're listening

1149

00:45:48,950 --> 00:45:47,109

um did i erase one of your comments no

1150

00:45:51,829 --> 00:45:48,960

i wouldn't do that

1151

00:45:52,870 --> 00:45:51,839

i'm not a comment eraser

1152

00:45:55,270 --> 00:45:52,880

um

1153

00:46:00,309 --> 00:45:56,630

you know i would i guess if it was

1154

00:46:01,109 --> 00:46:00,319

offensive or something

1155

00:46:03,190 --> 00:46:01,119

but

1156

00:46:05,030 --> 00:46:03,200

um other than that maybe it was an

1157

00:46:07,430 --> 00:46:05,040

accident

1158

00:46:09,990 --> 00:46:07,440

or maybe it just didn't take

1159

00:46:11,750 --> 00:46:10,000

something like that

1160

00:46:16,309 --> 00:46:11,760

yeah i wouldn't worry about it what was

1161

00:46:23,030 --> 00:46:17,829

so

1162

00:46:24,230 --> 00:46:23,040

uh we got lockheed martin buying a bunch

1163

00:46:29,510 --> 00:46:24,240

of uh

1164

00:46:31,510 --> 00:46:29,520

e g g or what is it yeah buildings um

1165

00:46:33,430 --> 00:46:31,520

with the shell company

1166

00:46:35,430 --> 00:46:33,440

yeah i don't

1167

00:46:36,870 --> 00:46:35,440

they will need to connect their mic cam

1168

00:46:38,390 --> 00:46:36,880

yeah i don't know what's happening chris

1169

00:46:43,190 --> 00:46:38,400

sorry man

1170

00:46:51,750 --> 00:46:46,950

um so that is pretty interesting

1171

00:46:54,550 --> 00:46:52,550

oh

1172

00:46:57,750 --> 00:46:54,560

interesting

1173

00:47:00,309 --> 00:46:57,760

so and again um

1174

00:47:02,390 --> 00:47:00,319

lockheed martin pops in here

1175

00:47:04,470 --> 00:47:02,400

lockheed martin i could say this with

1176  
00:47:07,270 --> 00:47:04,480  
all the research that i've done back in

1177  
00:47:10,550 --> 00:47:07,280  
the 40s 50s all those documents and

1178  
00:47:12,480 --> 00:47:10,560  
these secret black projects and all that

1179  
00:47:15,109 --> 00:47:12,490  
different kind of stuff

1180  
00:47:19,589 --> 00:47:15,119  
[Music]

1181  
00:47:24,870 --> 00:47:22,470  
always around somewhere

1182  
00:47:28,230 --> 00:47:24,880  
even when other people are winning the

1183  
00:47:30,470 --> 00:47:28,240  
projects back then

1184  
00:47:33,349 --> 00:47:30,480  
lockheed martin

1185  
00:47:35,349 --> 00:47:33,359  
still is around in a part of some aspect

1186  
00:47:37,510 --> 00:47:35,359  
of it

1187  
00:47:39,270 --> 00:47:37,520  
so it's pretty interesting

1188  
00:47:40,390 --> 00:47:39,280

because they do definitely seem like a

1189

00:47:42,950 --> 00:47:40,400

uh

1190

00:47:44,630 --> 00:47:42,960

another arm

1191

00:47:47,589 --> 00:47:44,640

of

1192

00:47:49,829 --> 00:47:47,599

basically our research into development

1193

00:47:50,870 --> 00:47:49,839

efforts

1194

00:47:52,069 --> 00:47:50,880

and

1195

00:47:54,870 --> 00:47:52,079

you know when you got a private company

1196

00:47:57,430 --> 00:47:54,880

in there they are um

1197

00:47:58,870 --> 00:47:57,440

a lot more things are possible and a lot

1198

00:48:06,150 --> 00:47:58,880

less things you have to be held

1199

00:48:06,160 --> 00:48:11,270

so

1200

00:48:15,270 --> 00:48:13,829

that's how it is i guess um

1201

00:48:17,349 --> 00:48:15,280

but you know there's there definitely

1202

00:48:19,910 --> 00:48:17,359

were a lot of other companies involved

1203

00:48:20,950 --> 00:48:19,920

right and from a couple of things that i

1204

00:48:28,309 --> 00:48:20,960

read

1205

00:48:31,270 --> 00:48:29,829

is like they get they got a lot of

1206

00:48:34,470 --> 00:48:31,280

material they're always picking up the

1207

00:48:36,710 --> 00:48:34,480

material from the stuff you know in john

1208

00:48:38,790 --> 00:48:36,720

keele's book he's talking about it he

1209

00:48:41,030 --> 00:48:38,800

talked about it they kept they get so

1210

00:48:42,790 --> 00:48:41,040

much of this material they actually do

1211

00:48:45,349 --> 00:48:42,800

they find it things crash and they find

1212

00:48:47,750 --> 00:48:45,359

it but guess what they test it

1213

00:48:48,790 --> 00:48:47,760

and guess what it is it's just like

1214

00:48:51,030 --> 00:48:48,800

normal

1215

00:48:54,309 --> 00:48:51,040

metals and stuff like that it's nothing

1216

00:48:56,390 --> 00:48:54,319

exotic and it's a trick

1217

00:48:58,470 --> 00:48:56,400

that the et's or whatever they are are

1218

00:49:00,950 --> 00:48:58,480

tricking you to put you on a certain

1219

00:49:05,589 --> 00:49:00,960

path to think it's this thing

1220

00:49:09,990 --> 00:49:07,190

but that's you know just this theory

1221

00:49:12,549 --> 00:49:10,000

obviously but it's a convincing one ah

1222

00:49:14,470 --> 00:49:12,559

that's good to know robert

1223

00:49:16,950 --> 00:49:14,480

i gotta get you two together possibly

1224

00:49:20,790 --> 00:49:16,960

you guys know a lot

1225

00:49:24,950 --> 00:49:22,390

and then we have the moon dust stuff so

1226

00:49:26,549 --> 00:49:24,960

then there's that effort

1227

00:49:28,950 --> 00:49:26,559

and the effort i just talked about was

1228

00:49:31,910 --> 00:49:28,960

all through late 40s and 50s and such

1229

00:49:32,790 --> 00:49:31,920

the air material command

1230

00:49:34,309 --> 00:49:32,800

um

1231

00:49:35,430 --> 00:49:34,319

remember that

1232

00:49:38,230 --> 00:49:35,440

highlight

1233

00:49:39,109 --> 00:49:38,240

that i showed you of the

1234

00:49:41,270 --> 00:49:39,119

it's like

1235

00:49:43,829 --> 00:49:41,280

north atlantic missiles something i

1236

00:49:45,270 --> 00:49:43,839

don't know ballistic missile something

1237

00:49:47,349 --> 00:49:45,280

uh who are doing

1238

00:49:49,430 --> 00:49:47,359

taking reports on the ufo reports at

1239

00:49:51,190 --> 00:49:49,440

these bases and labs and one of the

1240

00:49:54,950 --> 00:49:51,200

questions is were you able to pick up

1241

00:49:59,670 --> 00:49:56,470

pretty

1242

00:50:02,710 --> 00:49:59,680

why would they even put that on there

1243

00:50:07,349 --> 00:50:04,390

like you're late this is a long long

1244

00:50:10,790 --> 00:50:07,359

long way actually it's not we can

1245

00:50:13,430 --> 00:50:10,800

build things at an atomic level

1246

00:50:15,270 --> 00:50:13,440

it's just what we found predated our

1247

00:50:17,910 --> 00:50:15,280

ability to build things at that level

1248

00:50:19,109 --> 00:50:17,920

which was about 10 years ago

1249

00:50:20,870 --> 00:50:19,119

what's up dude

1250

00:50:23,270 --> 00:50:20,880

hey i don't know what happened i

1251  
00:50:23,990 --> 00:50:23,280  
apologize i took a nap

1252  
00:50:26,150 --> 00:50:24,000  
no

1253  
00:50:28,230 --> 00:50:26,160  
it was the government basically

1254  
00:50:30,950 --> 00:50:28,240  
they always do that when they talk crazy

1255  
00:50:32,950 --> 00:50:30,960  
and stuff yeah um

1256  
00:50:35,990 --> 00:50:32,960  
i don't know what happened but some kind

1257  
00:50:38,950 --> 00:50:36,000  
of glitch um but um

1258  
00:50:41,270 --> 00:50:38,960  
where were we uh um well i was just

1259  
00:50:42,710 --> 00:50:41,280  
talking about um

1260  
00:50:46,309 --> 00:50:42,720  
basically

1261  
00:50:50,710 --> 00:50:48,549  
all the different opportunities just

1262  
00:50:51,910 --> 00:50:50,720  
based on government doc documents alone

1263  
00:50:54,390 --> 00:50:51,920

where they could have gotten some

1264

00:50:55,910 --> 00:50:54,400

because as we know it just takes one

1265

00:50:57,750 --> 00:50:55,920

well you know

1266

00:50:59,030 --> 00:50:57,760

and they were trying all the time to get

1267

00:51:01,430 --> 00:50:59,040

to get different

1268

00:51:03,030 --> 00:51:01,440

you know fragments of green fireballs or

1269

00:51:04,309 --> 00:51:03,040

russian satellites that fell from the

1270

00:51:05,510 --> 00:51:04,319

sky

1271

00:51:07,430 --> 00:51:05,520

they have

1272

00:51:10,309 --> 00:51:07,440

gotten

1273

00:51:13,030 --> 00:51:10,319

a few pieces from what i understand and

1274

00:51:14,470 --> 00:51:13,040

if not a whole intact craft i could

1275

00:51:17,670 --> 00:51:14,480

speak on a

1276

00:51:19,670 --> 00:51:17,680

crash that happened outside of

1277

00:51:22,150 --> 00:51:19,680

las vegas nevada

1278

00:51:23,589 --> 00:51:22,160

that not a lot of ufo researchers don't

1279

00:51:26,230 --> 00:51:23,599

get me wrong they do know about this

1280

00:51:29,270 --> 00:51:26,240

case but they don't know the back story

1281

00:51:30,390 --> 00:51:29,280

is it the aztec new mexico no no no okay

1282

00:51:32,069 --> 00:51:30,400

okay

1283

00:51:34,069 --> 00:51:32,079

1964

1284

00:51:36,390 --> 00:51:34,079

on the cattle ranch

1285

00:51:38,790 --> 00:51:36,400

and this rancher

1286

00:51:40,309 --> 00:51:38,800

his land on the left-hand side is

1287

00:51:42,470 --> 00:51:40,319

government land and there's a railroad

1288

00:51:44,069 --> 00:51:42,480

track and then on the right-hand side

1289

00:51:45,190 --> 00:51:44,079

is um

1290

00:51:48,390 --> 00:51:45,200

his land

1291

00:51:51,349 --> 00:51:48,400

and this ufo or whatever crashed

1292

00:51:53,349 --> 00:51:51,359

and parts of this ufo landed on his

1293

00:51:54,470 --> 00:51:53,359

property and he went and scrolled that

1294

00:51:55,910 --> 00:51:54,480

away

1295

00:51:58,309 --> 00:51:55,920

and then

1296

00:51:59,670 --> 00:51:58,319

shortly after the crash uh

1297

00:52:00,710 --> 00:51:59,680

the air force

1298

00:52:02,710 --> 00:52:00,720

whoever

1299

00:52:04,390 --> 00:52:02,720

came knocking to his door and said we

1300

00:52:05,750 --> 00:52:04,400

know you have something

1301  
00:52:07,910 --> 00:52:05,760  
because you're the only person in the

1302  
00:52:09,910 --> 00:52:07,920  
area and he lied to him and said i don't

1303  
00:52:11,829 --> 00:52:09,920  
have anything and furthermore if i did i

1304  
00:52:13,829 --> 00:52:11,839  
wasn't going to give it to you

1305  
00:52:15,109 --> 00:52:13,839  
and they said well we'll be in contact

1306  
00:52:17,109 --> 00:52:15,119  
and they didn't

1307  
00:52:19,750 --> 00:52:17,119  
and then the guy

1308  
00:52:21,430 --> 00:52:19,760  
he had passed on or he got older and he

1309  
00:52:24,309 --> 00:52:21,440  
basically handed over the reigns to his

1310  
00:52:26,549 --> 00:52:24,319  
rent in this this ranch to his daughter

1311  
00:52:28,230 --> 00:52:26,559  
and she in the 90s had a similar

1312  
00:52:30,790 --> 00:52:28,240  
incident where two

1313  
00:52:33,190 --> 00:52:30,800

government types showed up to her

1314

00:52:36,549 --> 00:52:33,200

her dad's ranch her ranch then

1315

00:52:37,750 --> 00:52:36,559

and said um if you have any pieces of

1316

00:52:40,710 --> 00:52:37,760

material

1317

00:52:43,270 --> 00:52:40,720

from that that thing that crashed in 64

1318

00:52:45,109 --> 00:52:43,280

we'd appreciate you give it to us now

1319

00:52:46,870 --> 00:52:45,119

and she played dumb too

1320

00:52:49,510 --> 00:52:46,880

uh the only reason why i know about this

1321

00:52:52,069 --> 00:52:49,520

case is there was a gentleman uh that

1322

00:52:54,390 --> 00:52:52,079

had a um was featured on a podcast by

1323

00:52:57,030 --> 00:52:54,400

mark willis that uh

1324

00:52:59,030 --> 00:52:57,040

podcast ufo and then i struck up a

1325

00:53:01,349 --> 00:52:59,040

relationship with him on facebook and

1326

00:53:03,190 --> 00:53:01,359

talk to him and he shared with me like

1327

00:53:05,190 --> 00:53:03,200

straight up like he went and interviewed

1328

00:53:06,470 --> 00:53:05,200

his family and they maintained they had

1329

00:53:08,309 --> 00:53:06,480

this piece and

1330

00:53:10,230 --> 00:53:08,319

actually they had apparently two pieces

1331

00:53:12,790 --> 00:53:10,240

because one piece they they did try to

1332

00:53:14,790 --> 00:53:12,800

test in a lab and it miraculously ended

1333

00:53:16,710 --> 00:53:14,800

up disappearing and then with the other

1334

00:53:19,030 --> 00:53:16,720

piece they were they were like we're not

1335

00:53:20,630 --> 00:53:19,040

gonna have to happen to us again so

1336

00:53:22,470 --> 00:53:20,640

they decide not to share that with

1337

00:53:25,430 --> 00:53:22,480

anybody and i know it's a fantastical

1338

00:53:27,670 --> 00:53:25,440

claim i have but oh

1339

00:53:30,710 --> 00:53:27,680

you've done the story of something

1340

00:53:33,829 --> 00:53:30,720

i will say that this this summer this

1341

00:53:35,910 --> 00:53:33,839

past summer that was almost ending now

1342

00:53:37,510 --> 00:53:35,920

some of my colleagues and i were

1343

00:53:39,829 --> 00:53:37,520

very close on

1344

00:53:41,670 --> 00:53:39,839

staying out on the expedition to go and

1345

00:53:43,589 --> 00:53:41,680

meet with that woman

1346

00:53:46,309 --> 00:53:43,599

but that kind of fell through because of

1347

00:53:49,190 --> 00:53:46,319

covid and a few other things but

1348

00:53:50,470 --> 00:53:49,200

uh it's still in the works possibly

1349

00:53:53,349 --> 00:53:50,480

maybe

1350

00:53:55,190 --> 00:53:53,359

2022 or beyond right uh

1351

00:53:58,390 --> 00:53:55,200

but if people want to read about that

1352

00:54:01,510 --> 00:53:58,400

case uh the book by preston bennett uh

1353

00:54:02,630 --> 00:54:01,520

ufos over nevada that case is detailed

1354

00:54:05,349 --> 00:54:02,640

in that book

1355

00:54:07,670 --> 00:54:05,359

preston dennett it's on is he a famous

1356

00:54:10,870 --> 00:54:07,680

writer is he written a lot he deals with

1357

00:54:14,710 --> 00:54:10,880

a lot with uh ufo uh usos

1358

00:54:16,150 --> 00:54:14,720

uh usos that's right he was just on a

1359

00:54:19,829 --> 00:54:16,160

disclosure team

1360

00:54:21,589 --> 00:54:19,839

yep yeah that was good okay i'm learning

1361

00:54:23,349 --> 00:54:21,599

it's all good man i'm here to teach you

1362

00:54:25,750 --> 00:54:23,359

but hey in a little bit i do have to get

1363

00:54:27,910 --> 00:54:25,760

going like uh can i give you like four

1364

00:54:29,910 --> 00:54:27,920

or five more minutes is that okay

1365

00:54:31,270 --> 00:54:29,920

you take it whatever you want to do okay

1366

00:54:33,349 --> 00:54:31,280

i don't know what do you want to talk

1367

00:54:36,069 --> 00:54:33,359

about

1368

00:54:37,589 --> 00:54:36,079

i don't really got anything

1369

00:54:39,430 --> 00:54:37,599

i have a bunch of stuff that i want to

1370

00:54:42,309 --> 00:54:39,440

go look into now

1371

00:54:43,910 --> 00:54:42,319

well there you go well that's good

1372

00:54:52,870 --> 00:54:43,920

um

1373

00:54:54,549 --> 00:54:52,880

we've seen a lot of the different uh

1374

00:54:55,750 --> 00:54:54,559

things in the background like whether it

1375

00:54:58,870 --> 00:54:55,760

be

1376

00:55:01,829 --> 00:54:58,880

dramatic things or hard work or liars or

1377

00:55:03,270 --> 00:55:01,839

truth tellers everything right

1378

00:55:04,870 --> 00:55:03,280

um

1379

00:55:06,870 --> 00:55:04,880

so when somebody's approaching this

1380

00:55:09,349 --> 00:55:06,880

topic

1381

00:55:11,109 --> 00:55:09,359

and you know as you easily find it

1382

00:55:12,309 --> 00:55:11,119

yourself swayed in one direction or

1383

00:55:13,829 --> 00:55:12,319

another

1384

00:55:16,390 --> 00:55:13,839

how do you

1385

00:55:18,150 --> 00:55:16,400

stay grounded and not get lost in all

1386

00:55:21,510 --> 00:55:18,160

the opinions

1387

00:55:23,829 --> 00:55:21,520

i surround myself with incredible people

1388

00:55:26,309 --> 00:55:23,839

incredible colleagues and friends

1389

00:55:28,950 --> 00:55:26,319

and even with my friends and colleagues

1390

00:55:31,510 --> 00:55:28,960

i there's times i disagree with them

1391

00:55:32,710 --> 00:55:31,520

but it's it's never personal

1392

00:55:34,470 --> 00:55:32,720

um

1393

00:55:36,390 --> 00:55:34,480

obviously on twitter i do take things

1394

00:55:39,030 --> 00:55:36,400

personally sometimes where people take

1395

00:55:41,349 --> 00:55:39,040

things personally but with these set of

1396

00:55:45,109 --> 00:55:41,359

researchers and or friends

1397

00:55:46,230 --> 00:55:45,119

i bounce ideas off of and or

1398

00:55:48,309 --> 00:55:46,240

i have a

1399

00:55:50,069 --> 00:55:48,319

a big beautiful library and i it's

1400

00:55:51,349 --> 00:55:50,079

probably

1401  
00:55:53,589 --> 00:55:51,359  
you know it's one of those things where

1402  
00:55:56,069 --> 00:55:53,599  
my wife hates it but you know i probably

1403  
00:55:58,910 --> 00:55:56,079  
spent a couple thousand dollars i've got

1404  
00:56:01,190 --> 00:55:58,920  
probably over 500 ufo books

1405  
00:56:02,470 --> 00:56:01,200  
oh yeah

1406  
00:56:04,630 --> 00:56:02,480  
she's like what am i gonna do with this

1407  
00:56:06,549 --> 00:56:04,640  
[h\_\_\h] when you die so

1408  
00:56:08,470 --> 00:56:06,559  
i don't know i just told her don't burn

1409  
00:56:11,430 --> 00:56:08,480  
it okay have you read them all or are

1410  
00:56:14,710 --> 00:56:11,440  
they like trophies at this point uh

1411  
00:56:17,109 --> 00:56:14,720  
no no i've not read them all i i i'm not

1412  
00:56:19,349 --> 00:56:17,119  
a reader from front to back i'd like to

1413  
00:56:20,390 --> 00:56:19,359

just dig in certain parts

1414

00:56:22,390 --> 00:56:20,400

or

1415

00:56:24,390 --> 00:56:22,400

if i want to get woowie here well a lot

1416

00:56:26,789 --> 00:56:24,400

of this is the same phenomenon

1417

00:56:27,990 --> 00:56:26,799

kind of guides me to where i need to

1418

00:56:30,630 --> 00:56:28,000

look at

1419

00:56:32,789 --> 00:56:30,640

the pertinent

1420

00:56:35,910 --> 00:56:32,799

yeah i've

1421

00:56:38,230 --> 00:56:35,920

i've noticed the same kind of stuff so

1422

00:56:39,510 --> 00:56:38,240

i i think uh there's something to that

1423

00:56:40,549 --> 00:56:39,520

for sure

1424

00:56:43,430 --> 00:56:40,559

yeah

1425

00:56:44,390 --> 00:56:43,440

good people

1426

00:56:46,630 --> 00:56:44,400

yeah

1427

00:56:49,829 --> 00:56:46,640

that's it

1428

00:56:51,589 --> 00:56:49,839

um take his advice he's a good man

1429

00:56:53,670 --> 00:56:51,599

don't take my advice don't take his

1430

00:56:55,750 --> 00:56:53,680

advice he's a piece of [h\_\_h]

1431

00:56:57,990 --> 00:56:55,760

yeah

1432

00:56:59,910 --> 00:56:58,000

he likes uh to be mean so let's be mean

1433

00:57:01,990 --> 00:56:59,920

for the last three minutes yes chris how

1434

00:57:03,510 --> 00:57:02,000

about you go

1435

00:57:07,990 --> 00:57:03,520

[h\_\_h] yourself

1436

00:57:12,870 --> 00:57:10,549

oh i have a question before you go um

1437

00:57:14,789 --> 00:57:12,880

what do you think of uh john keel's kind

1438

00:57:15,670 --> 00:57:14,799

of theory in operation trojan horse

1439

00:57:18,710 --> 00:57:15,680

where

1440

00:57:20,710 --> 00:57:18,720

he's kind of describing these metals or

1441

00:57:23,030 --> 00:57:20,720

these sightings as kind of like the

1442

00:57:25,270 --> 00:57:23,040

material sightings as like tricks the

1443

00:57:27,910 --> 00:57:25,280

phenomenon plays to kind of put you off

1444

00:57:31,349 --> 00:57:27,920

the right path

1445

00:57:34,789 --> 00:57:32,549

i know you me you're dealing with

1446

00:57:36,710 --> 00:57:34,799

multiple things so maybe what he's

1447

00:57:39,349 --> 00:57:36,720

talking about is more interdimensional

1448

00:57:41,430 --> 00:57:39,359

versus true

1449

00:57:45,349 --> 00:57:41,440

yeah something that's coming from

1450

00:57:47,270 --> 00:57:45,359

reticuli i again i i leave room for both

1451

00:57:49,829 --> 00:57:47,280

yeah i just don't know what to make of

1452

00:57:52,309 --> 00:57:49,839

it i mean we get next time i combine

1453

00:57:54,470 --> 00:57:52,319

we'll talk about that but um okay cool

1454

00:57:55,349 --> 00:57:54,480

yeah it's wild

1455

00:57:57,270 --> 00:57:55,359

yeah

1456

00:57:59,670 --> 00:57:57,280

do you like kiel as a writer

1457

00:58:01,190 --> 00:57:59,680

yeah he's not bad yeah okay who's your

1458

00:58:04,549 --> 00:58:01,200

favorite

1459

00:58:06,870 --> 00:58:04,559

uh leonard stringfield christian

1460

00:58:08,630 --> 00:58:06,880

okay cool

1461

00:58:12,870 --> 00:58:08,640

thanks chris i appreciate it man we'll

1462

00:58:15,750 --> 00:58:14,390

all right

1463

00:58:17,270 --> 00:58:15,760

so

1464

00:58:19,670 --> 00:58:17,280

cool stuff

1465

00:58:25,190 --> 00:58:22,630

i had a great time with him so i don't

1466

00:58:27,349 --> 00:58:25,200

know what you guys are talking about

1467

00:58:28,789 --> 00:58:27,359

in these comments

1468

00:58:30,390 --> 00:58:28,799

like i can't even keep who's the

1469

00:58:32,150 --> 00:58:30,400

moderator here

1470

00:58:34,069 --> 00:58:32,160

we don't even have any moderators we got

1471

00:58:36,630 --> 00:58:34,079

just people talking about

1472

00:58:39,430 --> 00:58:36,640

homeless people and

1473

00:58:41,270 --> 00:58:39,440

donating money and i don't know what you

1474

00:58:42,150 --> 00:58:41,280

guys are doing

1475

00:58:44,150 --> 00:58:42,160

but

1476

00:58:46,230 --> 00:58:44,160

if you're having fun that's good with me

1477

00:58:47,589 --> 00:58:46,240

i blocked the one guy that meals skinner

1478

00:58:50,069 --> 00:58:47,599

because he

1479

00:58:51,030 --> 00:58:50,079

said something about pasta lee and you

1480

00:58:52,710 --> 00:58:51,040

know

1481

00:58:55,030 --> 00:58:52,720

i don't have time to look into if

1482

00:58:58,069 --> 00:58:55,040

there's anything to it or not i just saw

1483

00:59:00,470 --> 00:58:58,079

it and blocked the guy so whatever

1484

00:59:02,630 --> 00:59:00,480

nothing personal to him

1485

00:59:05,109 --> 00:59:02,640

it's just distracting for me so i had to

1486

00:59:06,150 --> 00:59:05,119

do it

1487

00:59:07,030 --> 00:59:06,160

oh

1488

00:59:09,589 --> 00:59:07,040

yeah

1489

00:59:11,670 --> 00:59:09,599

so thanks everybody for coming out

1490

00:59:13,430 --> 00:59:11,680

hanging out what's up

1491

00:59:16,309 --> 00:59:13,440

thanks for coming to lee kim good to see

1492

00:59:19,910 --> 00:59:16,319

you first timer feels like the first

1493

00:59:20,950 --> 00:59:19,920

time so i'll see you guys later

1494

00:59:22,549 --> 00:59:20,960

um

1495

00:59:24,870 --> 00:59:22,559

we'll see you tomorrow we have jazz shaw

1496

00:59:27,510 --> 00:59:24,880

for the fifth and final

1497

00:59:29,430 --> 00:59:27,520

episode of this installment of uap

1498

00:59:31,670 --> 00:59:29,440

college boot camp

1499

00:59:33,510 --> 00:59:31,680

i'm looking forward to that

1500

00:59:36,710 --> 00:59:33,520

and after that it's

1501

00:59:38,309 --> 00:59:36,720

big phone home time all big phone home

1502

00:59:41,190 --> 00:59:38,319

we're going down

1503

00:59:43,910 --> 00:59:41,200

hard on that this year so

1504

00:59:47,430 --> 00:59:43,920

um yeah with that being said
