

UAP EDUCATIONAL BOOT CAMP CLASS 5
FEATURING JAZZ SHAW

*Witness
Citizen*

1
00:00:02,790 --> 00:00:09,910
[Music]

2
00:00:09,920 --> 00:00:13,830
thank you

3
00:00:32,810 --> 00:00:22,900
[Music]

4
00:00:32,820 --> 00:00:49,260
I feel the soul

5
00:00:56,389 --> 00:00:53,869
[Music]

6
00:01:06,230 --> 00:00:56,399
I feel the soul

7
00:01:20,540 --> 00:01:09,230
feel the soul

8
00:01:20,550 --> 00:01:26,690
[Music]

9
00:01:38,929 --> 00:01:29,130
just having fun

10
00:01:38,939 --> 00:01:42,720
foreign

11
00:01:42,730 --> 00:02:09,410
[Music]

12
00:02:09,420 --> 00:02:15,330
foreign

13
00:02:15,340 --> 00:02:20,990

[Music]

14

00:02:28,309 --> 00:02:24,949

so that's an intro I'd have to say

15

00:02:30,170 --> 00:02:28,319

that is an intro

16

00:02:32,030 --> 00:02:30,180

so like I said without further Ado I'm

17

00:02:34,190 --> 00:02:32,040

not going to get into the goofy stuff

18

00:02:36,589 --> 00:02:34,200

that he's this he's dead he's done this

19

00:02:38,449 --> 00:02:36,599

he's done that he's just awesome in

20

00:02:40,130 --> 00:02:38,459

every way and you're just gonna have to

21

00:02:42,650 --> 00:02:40,140

believe it

22

00:02:44,509 --> 00:02:42,660

and after all this time I would have to

23

00:02:46,430 --> 00:02:44,519

imagine that you guys trust me at least

24

00:02:49,250 --> 00:02:46,440

a little bit right otherwise what are we

25

00:02:56,690 --> 00:02:51,410

so

26

00:02:58,009 --> 00:02:56,700

we'll bring them on in

27

00:03:00,649 --> 00:02:58,019

a step to make sure my internet

28

00:03:03,050 --> 00:03:00,659

connection is stable

29

00:03:05,509 --> 00:03:03,060

because this guy really doesn't like

30

00:03:07,009 --> 00:03:05,519

when my internet goes out here he is

31

00:03:09,229 --> 00:03:07,019

just Shaw

32

00:03:11,690 --> 00:03:09,239

nice to meet you

33

00:03:13,190 --> 00:03:11,700

good day sir you got to give me a copy

34

00:03:15,470 --> 00:03:13,200

of that dolphin intro so I don't have to

35

00:03:18,610 --> 00:03:15,480

use that yeah

36

00:03:20,270 --> 00:03:18,620

I was playing it live on the thing so

37

00:03:22,190 --> 00:03:20,280

[Laughter]

38

00:03:24,410 --> 00:03:22,200

so that was pretty fun that was the

39

00:03:27,229 --> 00:03:24,420

first time I tried that so

40

00:03:30,410 --> 00:03:27,239

I think it was an overall failure

41

00:03:32,509 --> 00:03:30,420

no any day with dolphins is a good day

42

00:03:34,910 --> 00:03:32,519

fair enough

43

00:03:39,729 --> 00:03:34,920

um have you been paying attention to any

44

00:03:43,670 --> 00:03:42,589

this is my day off so you know you do a

45

00:03:45,890 --> 00:03:43,680

lot of stuff in the middle of the day

46

00:03:47,930 --> 00:03:45,900

when I'm working so yeah I know I've

47

00:03:50,750 --> 00:03:47,940

thought about changing but I don't know

48

00:03:55,130 --> 00:03:50,760

I don't change on my account

49

00:03:59,869 --> 00:03:57,649

the world run around

50

00:04:02,030 --> 00:03:59,879

I think that's good that's gonna work

51
00:04:03,410 --> 00:04:02,040
for everyone yeah

52
00:04:06,410 --> 00:04:03,420
what have you been up to anything

53
00:04:08,809 --> 00:04:06,420
special working on anything

54
00:04:11,030 --> 00:04:08,819
yeah I'm working on an article for the

55
00:04:13,309 --> 00:04:11,040
debrief right now and interviewing a

56
00:04:15,170 --> 00:04:13,319
couple of scientists from

57
00:04:17,509 --> 00:04:15,180
Australia

58
00:04:20,110 --> 00:04:17,519
it's a story about

59
00:04:21,830 --> 00:04:20,120
um cannibalistic toads

60
00:04:24,290 --> 00:04:21,840
alrighty then

61
00:04:27,950 --> 00:04:24,300
doesn't really have a UFO angle that I

62
00:04:29,810 --> 00:04:27,960
found yet but the the cannibal toads

63
00:04:31,909 --> 00:04:29,820

could be aliens I don't know Jerry's

64

00:04:34,310 --> 00:04:31,919

still out yeah that's an interesting

65

00:04:36,469 --> 00:04:34,320

story they do they have they must have

66

00:04:38,870 --> 00:04:36,479

teeth then or do they do like a swallow

67

00:04:41,150 --> 00:04:38,880

hole kind of thing or mostly a swallow

68

00:04:44,749 --> 00:04:41,160

hole kind of thing but they're uh they

69

00:04:47,290 --> 00:04:44,759

grow up to like 10 inches long uh

70

00:04:51,830 --> 00:04:47,300

they've been recorded eating small cats

71

00:04:53,810 --> 00:04:51,840

uh Birds whole Birds you know wow but

72

00:04:56,930 --> 00:04:53,820

mostly what they eat is each other

73

00:05:00,710 --> 00:04:56,940

yeah yeah well you know if someone's

74

00:05:05,390 --> 00:05:03,050

so

75

00:05:07,010 --> 00:05:05,400

um yeah are you looking we have the big

76
00:05:08,689 --> 00:05:07,020
phone home coming up are you taking part

77
00:05:11,330 --> 00:05:08,699
in that this year

78
00:05:13,129 --> 00:05:11,340
yeah I'll be on the uh first day on the

79
00:05:13,909 --> 00:05:13,139
third day

80
00:05:16,310 --> 00:05:13,919
um

81
00:05:18,350 --> 00:05:16,320
I've been out

82
00:05:21,010 --> 00:05:18,360
beating the bushes and sending out press

83
00:05:23,870 --> 00:05:21,020
releases and contacting journalists and

84
00:05:26,510 --> 00:05:23,880
members of Congress and other people to

85
00:05:28,310 --> 00:05:26,520
see how many people we can get to call

86
00:05:30,409 --> 00:05:28,320
in and participate

87
00:05:32,870 --> 00:05:30,419
and maybe they'll avoid getting a

88
00:05:34,249 --> 00:05:32,880

plethora of letters and phone calls from

89
00:05:36,170 --> 00:05:34,259
people demanding to know what they want

90
00:05:38,990 --> 00:05:36,180
to do about the uh

91
00:05:43,249 --> 00:05:39,000
hopefully upcoming public hearings on

92
00:05:45,110 --> 00:05:43,259
UAP yeah and my my whole pitch is you

93
00:05:46,969 --> 00:05:45,120
know you're just going to get barraged

94
00:05:48,350 --> 00:05:46,979
and harassed by a ton of people but but

95
00:05:50,629 --> 00:05:48,360
if you come on and you come on really

96
00:05:52,370 --> 00:05:50,639
early and it's like no she was already

97
00:05:53,930 --> 00:05:52,380
here she's she's all in favor then it's

98
00:05:55,969 --> 00:05:53,940
like okay then they won't bother you

99
00:05:58,550 --> 00:05:55,979
otherwise we're going to harass the [h__\h]

100
00:06:00,590 --> 00:05:58,560
out of you so

101
00:06:02,390 --> 00:06:00,600
um is there is there any sort of

102
00:06:04,010 --> 00:06:02,400
precipice for

103
00:06:06,950 --> 00:06:04,020
um Congressional hearings

104
00:06:08,749 --> 00:06:06,960
and the UFO topic or public hearings at

105
00:06:11,870 --> 00:06:08,759
least

106
00:06:13,909 --> 00:06:11,880
um not much the the hearings that have

107
00:06:15,710 --> 00:06:13,919
happened in the past two years

108
00:06:17,570 --> 00:06:15,720
have all been classified hearings they

109
00:06:20,629 --> 00:06:17,580
weren't open to the public

110
00:06:24,469 --> 00:06:20,639
um public hearings not so much no

111
00:06:26,270 --> 00:06:24,479
they've uh it's come up tangentially a

112
00:06:29,150 --> 00:06:26,280
couple of times like in the Senate Armed

113
00:06:30,770 --> 00:06:29,160

Forces Committee uh when questions were

114

00:06:33,350 --> 00:06:30,780

raised but it was mostly about like

115

00:06:35,330 --> 00:06:33,360

funding for the UAP task force basically

116

00:06:37,610 --> 00:06:35,340

you know not talking about the subject

117

00:06:39,529 --> 00:06:37,620

itself talking about the mechanics and

118

00:06:41,210 --> 00:06:39,539

the logistics and who do we have doing

119

00:06:43,370 --> 00:06:41,220

what and how much is this going to cost

120

00:06:46,189 --> 00:06:43,380

us and you know usual housekeeping kind

121

00:06:47,450 --> 00:06:46,199

of stuff not not what have you found and

122

00:06:49,070 --> 00:06:47,460

what are you what's your best current

123

00:06:51,409 --> 00:06:49,080

assessment you know which is the stuff

124

00:06:53,210 --> 00:06:51,419

that we would like to hear discuss

125

00:06:55,129 --> 00:06:53,220

publicly and you know what are your

126

00:06:58,909 --> 00:06:55,139

projections you know is this a problem

127

00:07:01,969 --> 00:06:58,919

yeah you know you you would think that

128

00:07:03,890 --> 00:07:01,979

would be kind of a easy thing to get

129

00:07:06,469 --> 00:07:03,900

done can you know public Congressional

130

00:07:08,330 --> 00:07:06,479

hearings because of the confusion but

131

00:07:10,010 --> 00:07:08,340

when it seems like it's kind of

132

00:07:12,110 --> 00:07:10,020

difficult it doesn't make you think like

133

00:07:13,570 --> 00:07:12,120

there's gotta just be so much fishy

134

00:07:17,029 --> 00:07:13,580

stuff going on

135

00:07:19,850 --> 00:07:17,039

that they can't don't testify in public

136

00:07:21,890 --> 00:07:19,860

on this stuff or it'll be a crap show I

137

00:07:24,710 --> 00:07:21,900

don't know well getting people from the

138

00:07:27,290 --> 00:07:24,720

Pentagon in to talk about it

139

00:07:29,629 --> 00:07:27,300

and John greenwald's done some great

140

00:07:31,430 --> 00:07:29,639

work getting he's been delving more

141

00:07:34,790 --> 00:07:31,440

recently into not

142

00:07:36,770 --> 00:07:34,800

old hardcore documents about sightings

143

00:07:38,150 --> 00:07:36,780

or incidents or anything he's been

144

00:07:40,309 --> 00:07:38,160

digging into their public relations

145

00:07:42,409 --> 00:07:40,319

stuff the memos that they send around

146

00:07:44,150 --> 00:07:42,419

like here's how we talk about this

147

00:07:46,010 --> 00:07:44,160

here's how we don't talk about this here

148

00:07:47,270 --> 00:07:46,020

are your talking points here's what

149

00:07:50,150 --> 00:07:47,280

you're allowed to say here's what you

150

00:07:52,010 --> 00:07:50,160

absolutely cannot say you know uh stuff

151
00:07:53,809 --> 00:07:52,020
like that and

152
00:07:56,450 --> 00:07:53,819
they don't come out and put any of it in

153
00:07:58,249 --> 00:07:56,460
writing but there's a definite sense of

154
00:07:59,270 --> 00:07:58,259
you know everybody's asking questions

155
00:08:01,129 --> 00:07:59,280
now

156
00:08:02,570 --> 00:08:01,139
and eventually somebody might have to

157
00:08:04,670 --> 00:08:02,580
turn around and go

158
00:08:06,409 --> 00:08:04,680
well okay we've been freaking lying to

159
00:08:09,969 --> 00:08:06,419
you for the last 70 years sorry about

160
00:08:12,830 --> 00:08:09,979
that our bad what yeah

161
00:08:16,010 --> 00:08:12,840
to take the bullet you know

162
00:08:20,469 --> 00:08:16,020
we was going to take that one uh Johnny

163
00:08:25,610 --> 00:08:23,629

everybody pull one of these straws a

164

00:08:28,490 --> 00:08:25,620

person with the Short Straw goes out

165

00:08:30,050 --> 00:08:28,500

there yeah yeah it was all me nobody

166

00:08:32,029 --> 00:08:30,060

else knew anything I've been hiding the

167

00:08:34,070 --> 00:08:32,039

[h__\h] up from day one

168

00:08:36,949 --> 00:08:34,080

yeah but uh it turns out to be somebody

169

00:08:41,570 --> 00:08:36,959

who's like 28. yeah that every car thing

170

00:08:49,790 --> 00:08:44,930

sorry so The Reincarnation thing that is

171

00:08:52,009 --> 00:08:49,800

true and that's how it happened

172

00:08:53,870 --> 00:08:52,019

oh Martini nice

173

00:08:58,790 --> 00:08:53,880

um yeah did you see that it's my day off

174

00:09:04,790 --> 00:09:02,269

um uh did you see the uh Greenwald

175

00:09:07,850 --> 00:09:04,800

um or the talking points basically

176

00:09:09,650 --> 00:09:07,860

that blackfold put on his website that

177

00:09:11,030 --> 00:09:09,660

came out oh yeah I just saw that this

178

00:09:13,070 --> 00:09:11,040

morning as a matter of fact yeah yeah

179

00:09:14,389 --> 00:09:13,080

those what do you think that was another

180

00:09:17,990 --> 00:09:14,399

one

181

00:09:20,210 --> 00:09:18,000

I I think it gives a big amount of

182

00:09:22,610 --> 00:09:20,220

backstory into what we know and don't

183

00:09:23,870 --> 00:09:22,620

know about Susan Goff because Susan Goff

184

00:09:26,570 --> 00:09:23,880

was appointed

185

00:09:28,310 --> 00:09:26,580

to be the only Point person only contact

186

00:09:31,310 --> 00:09:28,320

person if you try to send a question on

187

00:09:33,350 --> 00:09:31,320

UAP to anybody else in the Pentagon in

188

00:09:35,389 --> 00:09:33,360

the intelligence Community State

189

00:09:38,090 --> 00:09:35,399

Department whatever the immediate answer

190

00:09:39,949 --> 00:09:38,100

is that's not our area please contact

191

00:09:41,150 --> 00:09:39,959

Susan Goff she's the only one allowed to

192

00:09:42,530 --> 00:09:41,160

talk about it she does not give

193

00:09:46,009 --> 00:09:42,540

interviews

194

00:09:49,070 --> 00:09:46,019

uh she is a retired military person

195

00:09:50,990 --> 00:09:49,080

herself who literally wrote a book that

196

00:09:53,210 --> 00:09:51,000

is still in use about how to control the

197

00:09:56,930 --> 00:09:53,220

flow of information

198

00:09:58,490 --> 00:09:56,940

um she was a professional teacher of

199

00:10:00,889 --> 00:09:58,500

disinformation

200

00:10:02,630 --> 00:10:00,899

uh efforts in in the intelligence

201
00:10:05,150 --> 00:10:02,640
Community for the military and that's

202
00:10:07,310 --> 00:10:05,160
who they've got covering all this and

203
00:10:10,310 --> 00:10:07,320
the more we learn the more that makes a

204
00:10:13,009 --> 00:10:10,320
lot of sense you know and uh all John

205
00:10:14,690 --> 00:10:13,019
all greenwald's foia's to get Lou

206
00:10:17,329 --> 00:10:14,700
Alexander's emails

207
00:10:18,710 --> 00:10:17,339
you know it it took him two years to get

208
00:10:21,410 --> 00:10:18,720
them to admit

209
00:10:23,690 --> 00:10:21,420
uh yeah we deleted all those emails yeah

210
00:10:26,509 --> 00:10:23,700
who does that

211
00:10:28,490 --> 00:10:26,519
you know and if you ask off about it she

212
00:10:29,870 --> 00:10:28,500
has one answer Lou Elizondo had no

213
00:10:32,090 --> 00:10:29,880

assigned responsibilities today tip

214

00:10:33,170 --> 00:10:32,100

that's her sentence she says nothing

215

00:10:35,870 --> 00:10:33,180

else

216

00:10:38,269 --> 00:10:35,880

it's just so ridiculous like um

217

00:10:41,690 --> 00:10:38,279

how could you delete this guy's emails

218

00:10:46,130 --> 00:10:41,700

the office that he ran wasn't just doing

219

00:10:48,530 --> 00:10:46,140

UFO stuff you know his office the

220

00:10:50,329 --> 00:10:48,540

material that he produced was cited this

221

00:10:52,550 --> 00:10:50,339

is something else that John found by the

222

00:10:55,009 --> 00:10:52,560

way one of the few places his name shows

223

00:10:57,230 --> 00:10:55,019

up in the public record in the trial of

224

00:11:00,230 --> 00:10:57,240

Khalid Sheikh Mohammed the 911

225

00:11:03,290 --> 00:11:00,240

Mastermind they didn't KSM

226

00:11:05,509 --> 00:11:03,300

and you're not allowed to delete things

227

00:11:07,250 --> 00:11:05,519

that may be of historic uh you know

228

00:11:09,470 --> 00:11:07,260

significance

229

00:11:11,150 --> 00:11:09,480

so I don't know what if we ever get to

230

00:11:13,250 --> 00:11:11,160

the bottom of all this I've said it once

231

00:11:16,069 --> 00:11:13,260

I'll say it again

232

00:11:18,410 --> 00:11:16,079

we have to find out who authorized one

233

00:11:20,509 --> 00:11:18,420

of two things happened either they did

234

00:11:22,550 --> 00:11:20,519

delete all of luella's on his emails

235

00:11:26,269 --> 00:11:22,560

which would be of historic significance

236

00:11:29,449 --> 00:11:26,279

and it was done in an effort to foil the

237

00:11:32,750 --> 00:11:29,459

foia program which is against the law or

238

00:11:35,449 --> 00:11:32,760

they didn't and they lied to journalists

239

00:11:38,509 --> 00:11:35,459

about it right which again is foiling

240

00:11:40,490 --> 00:11:38,519

the foia process and you can't do that

241

00:11:41,630 --> 00:11:40,500

so somebody's gonna have to come and

242

00:11:43,850 --> 00:11:41,640

take the bullet for that and that person

243

00:11:46,490 --> 00:11:43,860

needs to be in jail yeah I mean there's

244

00:11:48,590 --> 00:11:46,500

there's obvious mistruce in the emails

245

00:11:50,750 --> 00:11:48,600

and statements they've put out and it's

246

00:11:53,269 --> 00:11:50,760

just uh incredible to me that they can

247

00:11:55,670 --> 00:11:53,279

can continue to act like we are

248

00:11:57,050 --> 00:11:55,680

completely ignorant to all of it just

249

00:11:58,970 --> 00:11:57,060

because we're the only ones paying

250

00:12:00,530 --> 00:11:58,980

attention you know

251
00:12:02,449 --> 00:12:00,540
like well there's more and more people

252
00:12:04,550 --> 00:12:02,459
paying attention I'm happy to say that

253
00:12:05,990 --> 00:12:04,560
and I really think the pressure has been

254
00:12:08,690 --> 00:12:06,000
ramping up on them

255
00:12:11,870 --> 00:12:08,700
good they're feeling it yeah they should

256
00:12:14,810 --> 00:12:11,880
I mean it's been 80 years of built up

257
00:12:17,750 --> 00:12:14,820
frustration so whenever that bubble pops

258
00:12:19,730 --> 00:12:17,760
it's gonna be probably messy I would

259
00:12:22,610 --> 00:12:19,740
think but you got to do it

260
00:12:24,650 --> 00:12:22,620
you know in the old days when there was

261
00:12:26,990 --> 00:12:24,660
something really scandalous they put

262
00:12:29,569 --> 00:12:27,000
like a 50-year lid on things

263
00:12:30,829 --> 00:12:29,579

and that was basically they'd say it was

264

00:12:33,230 --> 00:12:30,839
for National Security but the real

265

00:12:35,030 --> 00:12:33,240
reason they did it in all these cases is

266

00:12:36,769 --> 00:12:35,040
you're waiting for all the guilty

267

00:12:39,410 --> 00:12:36,779
parties to die so nobody can be held

268

00:12:40,670 --> 00:12:39,420
accountable yeah it's like what what did

269

00:12:44,269 --> 00:12:40,680
you find in that whole investigation

270

00:12:46,129 --> 00:12:44,279
into who shot JFK not a UFO topic but

271

00:12:47,930 --> 00:12:46,139
they've kept that sealed in half of it

272

00:12:50,090 --> 00:12:47,940
still sealed today it's like who were

273

00:12:52,730 --> 00:12:50,100
you waiting for to die you know

274

00:12:55,430 --> 00:12:52,740
completely who's still around

275

00:12:56,350 --> 00:12:55,440
uh I guess theoretically there could be

276

00:13:01,009 --> 00:12:56,360

there was

277

00:13:02,030 --> 00:13:01,019

1963 so you're talking 57 years somebody

278

00:13:04,190 --> 00:13:02,040

who was

279

00:13:05,690 --> 00:13:04,200

early in their career could be in their

280

00:13:08,210 --> 00:13:05,700

70s there might be some people still

281

00:13:10,069 --> 00:13:08,220

alive you know I I think they're just

282

00:13:11,750 --> 00:13:10,079

waiting for him to die and at that point

283

00:13:13,550 --> 00:13:11,760

you would almost think that those people

284

00:13:15,889 --> 00:13:13,560

themselves would want to have the

285

00:13:17,990 --> 00:13:15,899

opportunity to talk before somebody else

286

00:13:20,389 --> 00:13:18,000

does it for them right

287

00:13:23,090 --> 00:13:20,399

uh unless their talking winds up with

288

00:13:25,190 --> 00:13:23,100

them in jail well right maybe not so

289

00:13:26,690 --> 00:13:25,200

much right but I mean if it's like a no

290

00:13:28,610 --> 00:13:26,700

option scenario

291

00:13:30,829 --> 00:13:28,620

but like we're gonna tell it and you're

292

00:13:32,210 --> 00:13:30,839

gonna be blamed to be like we're not the

293

00:13:34,250 --> 00:13:32,220

only government that does it my friend

294

00:13:35,150 --> 00:13:34,260

you know you you probably I'm sure you

295

00:13:37,069 --> 00:13:35,160

saw

296

00:13:40,250 --> 00:13:37,079

uh Great Britain

297

00:13:42,410 --> 00:13:40,260

was scheduled to release their files and

298

00:13:46,310 --> 00:13:42,420

the photos they have of the Calvin

299

00:13:47,329 --> 00:13:46,320

incident in Scotland and that was due to

300

00:13:51,230 --> 00:13:47,339

be done

301

00:13:53,569 --> 00:13:51,240

last January that that because it had

302

00:13:57,410 --> 00:13:53,579

been locked up for what 50 years

303

00:14:00,110 --> 00:13:57,420

basically and everybody was waiting and

304

00:14:02,150 --> 00:14:00,120

everybody was you know had their their

305

00:14:04,069 --> 00:14:02,160

foyer requests ready to go the British

306

00:14:05,930 --> 00:14:04,079

equivalent of that and just waiting and

307

00:14:07,490 --> 00:14:05,940

waiting and the week before his schedule

308

00:14:09,410 --> 00:14:07,500

you know it was supposed to be made

309

00:14:11,210 --> 00:14:09,420

public they turned around and slapped

310

00:14:14,629 --> 00:14:11,220

another 50-year hold on

311

00:14:18,230 --> 00:14:14,639

and and everybody was just like what

312

00:14:19,970 --> 00:14:18,240

what 50 more years and at the time I was

313

00:14:22,850 --> 00:14:19,980

I was talking to Nick Pope you know who

314

00:14:24,769 --> 00:14:22,860

ran the uh UFO desk for the ministry of

315

00:14:27,290 --> 00:14:24,779

Defense you know right and I was like

316

00:14:29,569 --> 00:14:27,300

that one's still too fresh it's in the

317

00:14:31,310 --> 00:14:29,579

90s there's still a lot of people who

318

00:14:32,750 --> 00:14:31,320

haven't died yet who probably did

319

00:14:36,050 --> 00:14:32,760

something bad

320

00:14:37,910 --> 00:14:36,060

and they knew stuff and they don't want

321

00:14:40,250 --> 00:14:37,920

to have their name showing up splashed

322

00:14:42,829 --> 00:14:40,260

all over on these documents right and

323

00:14:44,509 --> 00:14:42,839

and he he couldn't deny the possibility

324

00:14:47,509 --> 00:14:44,519

he knows what happened he's seen the

325

00:14:48,889 --> 00:14:47,519

files uh he's seen the victors he is he

326

00:14:50,750 --> 00:14:48,899

knows they're real

327

00:14:53,449 --> 00:14:50,760

but he can't say any more about it or

328

00:14:53,880 --> 00:14:53,459

else he could go to jail right Nick Pope

329

00:14:56,170 --> 00:14:53,890

in jail

330

00:14:58,380 --> 00:14:56,180

[Music]

331

00:15:01,310 --> 00:14:58,390

I don't think that'd go well

332

00:15:03,350 --> 00:15:01,320

[Laughter]

333

00:15:04,930 --> 00:15:03,360

who knows could you please

334

00:15:06,710 --> 00:15:04,940

touch that please

335

00:15:09,230 --> 00:15:06,720

[Laughter]

336

00:15:10,250 --> 00:15:09,240

I'm just teasing

337

00:15:11,410 --> 00:15:10,260

um

338

00:15:14,569 --> 00:15:11,420

yeah

339

00:15:16,009 --> 00:15:14,579

do you oh man I've kind of lost my train

340

00:15:17,750 --> 00:15:16,019

to thought I was what I was going to ask

341

00:15:19,670 --> 00:15:17,760

you but

342

00:15:21,650 --> 00:15:19,680

um I'm good at that I just throw the

343

00:15:25,370 --> 00:15:21,660

conversation totally off the rails yeah

344

00:15:28,430 --> 00:15:25,380

no that that's okay what I wanted to do

345

00:15:29,749 --> 00:15:28,440

was uh bring up actually the

346

00:15:32,030 --> 00:15:29,759

um talking points if you think it's

347

00:15:33,769 --> 00:15:32,040

worthwhile to look at which I kind of do

348

00:15:36,650 --> 00:15:33,779

because a lot of people don't realize

349

00:15:38,449 --> 00:15:36,660

that they are just talking points

350

00:15:39,769 --> 00:15:38,459

um and you know when you see them you

351

00:15:42,110 --> 00:15:39,779

get

352

00:15:45,170 --> 00:15:42,120

now you can say oh that's just BS that's

353

00:15:45,889 --> 00:15:45,180

when you're prescribed things

354

00:15:48,470 --> 00:15:45,899

um

355

00:15:51,829 --> 00:15:48,480

so this is pretty much it

356

00:15:52,550 --> 00:15:51,839

I mean you can read it it's pretty much

357

00:15:54,889 --> 00:15:52,560

um

358

00:15:57,410 --> 00:15:54,899

passing the book off to someone else or

359

00:15:59,150 --> 00:15:57,420

not answering the one that won't really

360

00:16:02,810 --> 00:15:59,160

irritates me is

361

00:16:04,670 --> 00:16:02,820

um this one extraterrestrial technology

362

00:16:07,430 --> 00:16:04,680

and I mean no you can't just come out

363

00:16:10,129 --> 00:16:07,440

and say yes I guess after if you were

364

00:16:13,069 --> 00:16:10,139

lying for all these years but

365

00:16:15,350 --> 00:16:13,079

um it's just like why can't you

366

00:16:18,290 --> 00:16:15,360

it either exists or it doesn't and if

367

00:16:21,050 --> 00:16:18,300

the answer is no just say freaking no

368

00:16:25,370 --> 00:16:21,060

and then not doing that they leave this

369

00:16:26,810 --> 00:16:25,380

open forever and ever it ever you know

370

00:16:29,030 --> 00:16:26,820

remember this was supposed to be an

371

00:16:31,009 --> 00:16:29,040

internal document this was guidance for

372

00:16:33,170 --> 00:16:31,019

answers to give to reporters and stuff

373

00:16:34,069 --> 00:16:33,180

that they didn't expect that we were

374

00:16:35,449 --> 00:16:34,079

going to be reading and you were going

375

00:16:37,970 --> 00:16:35,459

to be showing on your show

376

00:16:40,069 --> 00:16:37,980

but even on an internal level I I do

377

00:16:42,410 --> 00:16:40,079

agree with you that first one in the Q a

378

00:16:44,990 --> 00:16:42,420

section has the department found any

379

00:16:46,490 --> 00:16:45,000

evidence of extraterrestrial technology

380

00:16:49,069 --> 00:16:46,500

um

381

00:16:51,769 --> 00:16:49,079

the answer the department does not

382

00:16:53,930 --> 00:16:51,779

comment on intelligence matters

383

00:16:55,370 --> 00:16:53,940

if I asked you if you had a unicorn in

384

00:16:55,910 --> 00:16:55,380

the basement yeah

385

00:16:56,689 --> 00:16:55,920

yeah

386

00:16:59,329 --> 00:16:56,699

um

387

00:17:01,910 --> 00:16:59,339

would that be an intelligence matter no

388

00:17:04,370 --> 00:17:01,920

you'd go there's no unicorns [h__h] be

389

00:17:05,750 --> 00:17:04,380

more we don't have a unicorn anywhere

390

00:17:08,090 --> 00:17:05,760

you know

391

00:17:09,650 --> 00:17:08,100

and if the answer is no we've never

392

00:17:12,650 --> 00:17:09,660

gotten our hands on any extraterrestrial

393

00:17:15,470 --> 00:17:12,660

technology then you know give some sort

394

00:17:17,870 --> 00:17:15,480

of disparaging answer to that and say uh

395

00:17:19,309 --> 00:17:17,880

you know the investigation's ongoing but

396

00:17:20,750 --> 00:17:19,319

we've never come across anything like

397

00:17:23,210 --> 00:17:20,760

that so we have nothing to comment on

398

00:17:25,370 --> 00:17:23,220

you know just say that how hard is that

399

00:17:27,110 --> 00:17:25,380

yeah unless it they turn around six

400

00:17:29,570 --> 00:17:27,120

months later and somebody Wheels out you

401
00:17:31,850 --> 00:17:29,580
know a flying saucer or an alien and

402
00:17:32,810 --> 00:17:31,860
then once again they're like oh sorry we

403
00:17:34,669 --> 00:17:32,820
were lying

404
00:17:36,830 --> 00:17:34,679
yeah but at this point they've lied so

405
00:17:38,950 --> 00:17:36,840
much already you might as well just even

406
00:17:41,390 --> 00:17:38,960
if you do say no

407
00:17:43,430 --> 00:17:41,400
you know

408
00:17:44,870 --> 00:17:43,440
I don't know man

409
00:17:46,909 --> 00:17:44,880
um this is funny they put the John

410
00:17:48,169 --> 00:17:46,919
Ratcliffe thing in here hey that must

411
00:17:50,650 --> 00:17:48,179
have really

412
00:17:53,810 --> 00:17:50,660
uh oh they were freaking out

413
00:17:55,490 --> 00:17:53,820

yeah everybody was getting hey did you

414

00:17:57,049 --> 00:17:55,500

notice what your old guy who actually

415

00:17:58,789 --> 00:17:57,059

worked there and did all this stuff said

416

00:18:01,250 --> 00:17:58,799

you have any comment on that we're like

417

00:18:02,630 --> 00:18:01,260

not really you know I don't know what he

418

00:18:04,549 --> 00:18:02,640

was talking about you know they're kind

419

00:18:07,330 --> 00:18:04,559

of edging sideways out of the room yeah

420

00:18:09,890 --> 00:18:07,340

like what kind of answers is that well

421

00:18:12,590 --> 00:18:09,900

OD and I has taken the lead on a report

422

00:18:14,930 --> 00:18:12,600

right right I'm asking how does John

423

00:18:18,289 --> 00:18:14,940

Ratcliffe no there's no Sonic Boom

424

00:18:21,049 --> 00:18:18,299

that's not what I'm asking is who to

425

00:18:23,330 --> 00:18:21,059

refer me to are you idiot

426

00:18:24,470 --> 00:18:23,340

how does John Ratcliffe know that we

427

00:18:29,470 --> 00:18:24,480

have pictures that were taken by

428

00:18:32,210 --> 00:18:29,480

satellites if he didn't see them right

429

00:18:34,549 --> 00:18:32,220

I'll refer you to this uh I'll refer you

430

00:18:36,350 --> 00:18:34,559

to OD and I well yeah we tried to ask an

431

00:18:39,110 --> 00:18:36,360

OD and I told us to go talk to Susan

432

00:18:41,210 --> 00:18:39,120

Goff who told us to piss off

433

00:18:42,110 --> 00:18:41,220

you know maybe you can throw us a bone

434

00:18:44,870 --> 00:18:42,120

here

435

00:18:47,930 --> 00:18:44,880

you know well he was actually spying on

436

00:18:50,330 --> 00:18:47,940

a cutie through an nro satellite

437

00:18:53,750 --> 00:18:50,340

and accidentally saw a flying saucer

438

00:18:56,270 --> 00:18:53,760

yeah man that is yeah that's crazy

439

00:18:58,310 --> 00:18:56,280

um yes I mean it's

440

00:19:00,470 --> 00:18:58,320

these are all talking points we already

441

00:19:03,409 --> 00:19:00,480

knew were talking points I guess but

442

00:19:06,230 --> 00:19:03,419

it's just nice to that John found this

443

00:19:08,570 --> 00:19:06,240

and got this and it's like a tattoo on

444

00:19:09,710 --> 00:19:08,580

their forehead basically like it's

445

00:19:11,570 --> 00:19:09,720

official

446

00:19:14,930 --> 00:19:11,580

that these they're just talking points

447

00:19:16,610 --> 00:19:14,940

and you're feeding us BS lines but how

448

00:19:18,950 --> 00:19:16,620

are you feeling about the switch it up

449

00:19:20,570 --> 00:19:18,960

top pickup unless you if you brought a

450

00:19:22,850 --> 00:19:20,580

case you wanted to talk about or

451

00:19:25,250 --> 00:19:22,860

something we could do that

452

00:19:28,010 --> 00:19:25,260

um I was going to ask about a Avi Loeb

453

00:19:31,730 --> 00:19:28,020

and how you're feeling about

454

00:19:36,169 --> 00:19:34,610

I'm in favor of it I sent them a

455

00:19:38,870 --> 00:19:36,179

donation

456

00:19:40,669 --> 00:19:38,880

um yeah I think it's a great idea

457

00:19:51,289 --> 00:19:40,679

I

458

00:19:54,529 --> 00:19:51,299

interested in finding

459

00:19:57,049 --> 00:19:54,539

any sort of exotic vehicles

460

00:19:58,669 --> 00:19:57,059

on the planet in and around our

461

00:20:00,110 --> 00:19:58,679

atmosphere although he won't turn that

462

00:20:01,490 --> 00:20:00,120

down obviously he's gonna have telescope

463

00:20:02,450 --> 00:20:01,500

species something he's like we're going

464

00:20:05,090 --> 00:20:02,460

to tell you

465

00:20:06,470 --> 00:20:05,100

but I do think his main interest is

466

00:20:08,510 --> 00:20:06,480

Still Remains

467

00:20:10,490 --> 00:20:08,520

looking further out like looking for

468

00:20:12,409 --> 00:20:10,500

techno certain signatures inside of the

469

00:20:13,850 --> 00:20:12,419

solar system possibly in other star

470

00:20:15,529 --> 00:20:13,860

systems

471

00:20:18,529 --> 00:20:15,539

um that that's a big area of focus for

472

00:20:21,649 --> 00:20:18,539

him more Interstellar Interlopers like a

473

00:20:24,169 --> 00:20:21,659

momua you know that might be going by

474

00:20:25,850 --> 00:20:24,179

and getting projects together to study

475

00:20:27,770 --> 00:20:25,860

those things uh I don't think he would

476

00:20:30,529 --> 00:20:27,780

turn down a flying saucerer alien if he

477

00:20:33,230 --> 00:20:30,539

found one uh he'd be fine with that but

478

00:20:34,490 --> 00:20:33,240

I'm not sure that's 100 his Focus right

479

00:20:39,590 --> 00:20:34,500

and

480

00:20:41,090 --> 00:20:39,600

know he's a lot more open than a lot of

481

00:20:41,990 --> 00:20:41,100

his colleagues there who some of whom

482

00:20:43,669 --> 00:20:42,000

are

483

00:20:47,570 --> 00:20:43,679

you know touch not touching this with a

484

00:20:49,669 --> 00:20:47,580

10-foot pole you know uh he still has to

485

00:20:52,190 --> 00:20:49,679

keep a bit of

486

00:20:54,289 --> 00:20:52,200

professional distance you know and not

487

00:20:55,789 --> 00:20:54,299

go all the way over to and then the

488

00:20:57,770 --> 00:20:55,799

alien came out of the cave and they

489

00:20:59,990 --> 00:20:57,780

Zapped me with something you know

490

00:21:02,750 --> 00:21:00,000

so we've got this interview show in

491

00:21:06,710 --> 00:21:02,760

there exactly yeah because I'm not

492

00:21:08,690 --> 00:21:06,720

feeling well uh it into study the you

493

00:21:10,310 --> 00:21:08,700

know just

494

00:21:12,649 --> 00:21:10,320

the lower I don't know what you call it

495

00:21:15,710 --> 00:21:12,659

I'm not a you know just the right

496

00:21:16,850 --> 00:21:15,720

outside of our atmosphere lower orbit I

497

00:21:17,930 --> 00:21:16,860

guess right

498

00:21:19,909 --> 00:21:17,940

um

499

00:21:21,590 --> 00:21:19,919

you think it would be incredibly hard to

500

00:21:25,669 --> 00:21:21,600

even study that or find something

501
00:21:28,190 --> 00:21:25,679
considering there's upwards of 30 000

502
00:21:31,070 --> 00:21:28,200
pieces of space junk

503
00:21:32,570 --> 00:21:31,080
going around our planet you know I think

504
00:21:35,270 --> 00:21:32,580
it's more like a hundred thousand now

505
00:21:36,529 --> 00:21:35,280
you know yeah and you know a lot of

506
00:21:38,090 --> 00:21:36,539
these satellites and stuff that we put

507
00:21:39,590 --> 00:21:38,100
up there the biggest challenge is

508
00:21:41,750 --> 00:21:39,600
navigating through that stuff and

509
00:21:43,190 --> 00:21:41,760
staying alive

510
00:21:46,130 --> 00:21:43,200
um so

511
00:21:47,390 --> 00:21:46,140
it just seems difficult like you how are

512
00:21:49,730 --> 00:21:47,400
you going to be able to find something

513
00:21:53,450 --> 00:21:49,740

in such a

514

00:21:55,610 --> 00:21:53,460

it seems like its own Haystack I guess

515

00:21:57,830 --> 00:21:55,620

a lot of it's in the same orbit so you

516

00:22:00,770 --> 00:21:57,840

really have to in some cases I've heard

517

00:22:02,870 --> 00:22:00,780

some of the astronomers talking about

518

00:22:05,090 --> 00:22:02,880

you know we've had to

519

00:22:06,950 --> 00:22:05,100

really start focusing on other sections

520

00:22:08,930 --> 00:22:06,960

of the sky that aren't as busy yeah

521

00:22:10,430 --> 00:22:08,940

because it's not like the entire Globe

522

00:22:13,549 --> 00:22:10,440

is covered with this junk a lot of it's

523

00:22:15,770 --> 00:22:13,559

in the same geosynchronous orbit you

524

00:22:18,230 --> 00:22:15,780

know in that kind of band which is a big

525

00:22:19,730 --> 00:22:18,240

band it's it's surely you know thousand

526

00:22:21,770 --> 00:22:19,740

miles wide or whatever

527

00:22:24,529 --> 00:22:21,780

but if you're looking more towards the

528

00:22:26,270 --> 00:22:24,539

polls you still got a lot more clear sky

529

00:22:28,430 --> 00:22:26,280

a lot of them are very angry with Elon

530

00:22:29,810 --> 00:22:28,440

Musk because he's put so many of those

531

00:22:31,250 --> 00:22:29,820

starlink satellites up there that

532

00:22:33,490 --> 00:22:31,260

they're constantly going by and they're

533

00:22:35,990 --> 00:22:33,500

screwing up you know long time

534

00:22:38,810 --> 00:22:36,000

measurements where they try to do time

535

00:22:40,310 --> 00:22:38,820

lapse photography which with their

536

00:22:42,310 --> 00:22:40,320

telescopes and then all of a sudden it's

537

00:22:44,750 --> 00:22:42,320

like

538

00:22:47,210 --> 00:22:44,760

no you know just say they're they're

539

00:22:49,070 --> 00:22:47,220

trying to look you know to a distant

540

00:22:51,950 --> 00:22:49,080

Galaxy and they have to leave the lens

541

00:22:53,149 --> 00:22:51,960

open for a week you know and suddenly in

542

00:22:55,070 --> 00:22:53,159

that time in the middle of all this

543

00:22:58,190 --> 00:22:55,080

reading that they're taking

544

00:23:00,049 --> 00:22:58,200

60 satellites go by and I guess some of

545

00:23:01,909 --> 00:23:00,059

them are getting annoyed with that yeah

546

00:23:04,549 --> 00:23:01,919

you would think so

547

00:23:07,010 --> 00:23:04,559

um even just look it up in the sky and I

548

00:23:09,529 --> 00:23:07,020

I don't have like a dark sky or anything

549

00:23:11,810 --> 00:23:09,539

I'm in a suburb outside of the city but

550

00:23:14,029 --> 00:23:11,820

there's times where I see one two three

551
00:23:15,890 --> 00:23:14,039
satellites and are you know back to back

552
00:23:18,649 --> 00:23:15,900
one's going that way one's going this

553
00:23:21,110 --> 00:23:18,659
way you know I don't think they're UFOs

554
00:23:24,169 --> 00:23:21,120
I'm pretty sure they're satellites but

555
00:23:26,450 --> 00:23:24,179
it's I that never used to be the case

556
00:23:29,870 --> 00:23:26,460
sometimes you'd see one and be like oh

557
00:23:31,909 --> 00:23:29,880
wow it's satellite but now they just

558
00:23:34,250 --> 00:23:31,919
seem prevalent with that space junk but

559
00:23:37,070 --> 00:23:34,260
what it reminds me of is the show

560
00:23:38,450 --> 00:23:37,080
hoarders so what we're gonna do

561
00:23:41,510 --> 00:23:38,460
is

562
00:23:43,190 --> 00:23:41,520
keep filling that with more space junk

563
00:23:45,230 --> 00:23:43,200

like oh we got more room just push it

564

00:23:47,570 --> 00:23:45,240

over there

565

00:23:48,830 --> 00:23:47,580

I was thinking of what you were talking

566

00:23:50,810 --> 00:23:48,840

about how it's all kind of like

567

00:23:52,070 --> 00:23:50,820

clustered in one spot so we'll just keep

568

00:23:53,630 --> 00:23:52,080

filling it up

569

00:23:55,490 --> 00:23:53,640

until there have been some serious

570

00:23:56,990 --> 00:23:55,500

proposals put forward to clean all that

571

00:23:59,870 --> 00:23:57,000

stuff up and it's actually within our

572

00:24:02,269 --> 00:23:59,880

capability but nobody's volunteering to

573

00:24:04,250 --> 00:24:02,279

pay for it yeah and it would take years

574

00:24:05,930 --> 00:24:04,260

it would take a lot of flights a lot of

575

00:24:10,130 --> 00:24:05,940

missions

576

00:24:12,769 --> 00:24:10,140

it with robots yeah and

577

00:24:15,529 --> 00:24:12,779

just start collecting all the crap up

578

00:24:17,930 --> 00:24:15,539

and either push it down to the

579

00:24:19,430 --> 00:24:17,940

atmosphere so it burns up or push it

580

00:24:22,190 --> 00:24:19,440

further up so it gets escape velocity

581

00:24:24,049 --> 00:24:22,200

things like that you know right but as

582

00:24:26,450 --> 00:24:24,059

you say if there's tens if not a hundred

583

00:24:29,990 --> 00:24:26,460

thousand pieces and they're scattered

584

00:24:32,409 --> 00:24:30,000

around a belt that is more than twice

585

00:24:36,169 --> 00:24:32,419

the diameter of the Earth itself

586

00:24:37,909 --> 00:24:36,179

then yeah that's a lot of work so and

587

00:24:39,769 --> 00:24:37,919

it's going to cost money and it's

588

00:24:41,269 --> 00:24:39,779

probably just alien crap anyways they

589

00:24:44,950 --> 00:24:41,279

should pick it up themselves

590

00:24:48,590 --> 00:24:47,029

did you ever hear did you ever read

591

00:24:51,590 --> 00:24:48,600

about what they call the Dark Knight

592

00:24:53,870 --> 00:24:51,600

Satellite no

593

00:24:56,470 --> 00:24:53,880

maybe there is there are persistent

594

00:24:59,269 --> 00:24:56,480

rumors and pictures

595

00:25:01,130 --> 00:24:59,279

telescope pictures with

596

00:25:02,390 --> 00:25:01,140

that aren't good enough to pick anything

597

00:25:05,090 --> 00:25:02,400

out

598

00:25:07,130 --> 00:25:05,100

but long ago they found like all of our

599

00:25:09,409 --> 00:25:07,140

stuff pretty much goes around the

600

00:25:12,350 --> 00:25:09,419

earth's equator in a circle about 17 000

601
00:25:15,649 --> 00:25:12,360
miles an hour and that's how you stay in

602
00:25:16,970 --> 00:25:15,659
orbit but it's going around that way

603
00:25:18,710 --> 00:25:16,980
around the equator

604
00:25:21,409 --> 00:25:18,720
there's one thing they have found that

605
00:25:23,450 --> 00:25:21,419
keeps showing up periodically which goes

606
00:25:25,370 --> 00:25:23,460
in a polar orbit we only have a few of

607
00:25:27,590 --> 00:25:25,380
those few of the weather satellites have

608
00:25:30,409 --> 00:25:27,600
a polar orbit and that's a harder orbit

609
00:25:32,450 --> 00:25:30,419
to establish initially and to maintain

610
00:25:34,850 --> 00:25:32,460
there's this one really dark doesn't

611
00:25:36,110 --> 00:25:34,860
really reflect much light thing when

612
00:25:38,090 --> 00:25:36,120
people have refer to it as The Dark

613
00:25:39,710 --> 00:25:38,100

Knight which doesn't look like a natural

614

00:25:41,450 --> 00:25:39,720

rock or anything

615

00:25:44,450 --> 00:25:41,460

and supposedly it's just been going

616

00:25:45,649 --> 00:25:44,460

around in a polar orbit for at least 30

617

00:25:47,690 --> 00:25:45,659

40 years

618

00:25:49,870 --> 00:25:47,700

and still up there

619

00:25:52,850 --> 00:25:49,880

doesn't seem to give off any emissions

620

00:25:55,730 --> 00:25:52,860

well maybe it's an old dead piece of

621

00:25:57,409 --> 00:25:55,740

alien technology or something yeah or

622

00:26:01,610 --> 00:25:57,419

Bruce Wayne

623

00:26:03,350 --> 00:26:01,620

yeah

624

00:26:05,990 --> 00:26:03,360

um it's the Bat Plane it got out of

625

00:26:07,789 --> 00:26:06,000

control and yeah technical failure what

626
00:26:09,049 --> 00:26:07,799
are you gonna do you think we're gonna

627
00:26:10,549 --> 00:26:09,059
be

628
00:26:13,310 --> 00:26:10,559
um do you think we're gonna make it to

629
00:26:16,970 --> 00:26:15,950
yeah we have a lot happening in the

630
00:26:17,570 --> 00:26:16,980
world

631
00:26:20,149 --> 00:26:17,580
um

632
00:26:22,970 --> 00:26:20,159
and a lot of I feel like without getting

633
00:26:23,690 --> 00:26:22,980
political political there's just a lot

634
00:26:25,909 --> 00:26:23,700
of

635
00:26:26,710 --> 00:26:25,919
um treacherous

636
00:26:31,190 --> 00:26:26,720
um

637
00:26:32,870 --> 00:26:31,200
lies and no accountability happening all

638
00:26:34,490 --> 00:26:32,880

over the place

639

00:26:35,210 --> 00:26:34,500

it seems like

640

00:26:36,890 --> 00:26:35,220

um

641

00:26:39,470 --> 00:26:36,900

it went with China and everything going

642

00:26:41,390 --> 00:26:39,480

on it just Afghanistan it just seems

643

00:26:43,430 --> 00:26:41,400

like a scary world and it seems like

644

00:26:45,710 --> 00:26:43,440

this would be

645

00:26:46,610 --> 00:26:45,720

you know less important to people for

646

00:26:49,070 --> 00:26:46,620

what

647

00:26:50,690 --> 00:26:49,080

I don't think it should be

648

00:26:52,190 --> 00:26:50,700

but that's what I get worried about I

649

00:26:53,630 --> 00:26:52,200

remember talking to Steve bass and he

650

00:26:55,610 --> 00:26:53,640

said the one thing that'll Stop This Is

651
00:26:58,549 --> 00:26:55,620
War

652
00:27:00,710 --> 00:26:58,559
you know oh that's what I think of yeah

653
00:27:03,110 --> 00:27:00,720
yeah

654
00:27:06,470 --> 00:27:03,120
uh you're right there's a lot of things

655
00:27:08,149 --> 00:27:06,480
that offer distractions but

656
00:27:09,169 --> 00:27:08,159
I don't know it just it feels like the

657
00:27:10,490 --> 00:27:09,179
Train's already pulled out of the

658
00:27:12,110 --> 00:27:10,500
station it's going to be really hard to

659
00:27:13,250 --> 00:27:12,120
stop now there are a number of countries

660
00:27:14,870 --> 00:27:13,260
yeah

661
00:27:17,690 --> 00:27:14,880
um doing their own studies releasing

662
00:27:19,789 --> 00:27:17,700
information I don't know if disclosure

663
00:27:22,490 --> 00:27:19,799

is going to come initially

664

00:27:24,350 --> 00:27:22,500

directly from

665

00:27:27,110 --> 00:27:24,360

a government or Pentagon official

666

00:27:29,870 --> 00:27:27,120

walking out and going okay here's the

667

00:27:32,810 --> 00:27:29,880

deal yeah and unleashing a torrent of

668

00:27:34,310 --> 00:27:32,820

videos excuse me I think a lot of it now

669

00:27:36,289 --> 00:27:34,320

that we have more scientists involved

670

00:27:38,510 --> 00:27:36,299

more equipment being involved

671

00:27:39,950 --> 00:27:38,520

I I think that we are going to be

672

00:27:41,630 --> 00:27:39,960

getting

673

00:27:43,070 --> 00:27:41,640

a lot more information that the

674

00:27:46,909 --> 00:27:43,080

government had doesn't have the ability

675

00:27:50,930 --> 00:27:46,919

to put a lid on to control and as that

676
00:27:51,950 --> 00:27:50,940
comes out and more and more major media

677
00:27:53,870 --> 00:27:51,960
Outlets

678
00:27:55,610 --> 00:27:53,880
are taking the subject seriously now and

679
00:27:58,610 --> 00:27:55,620
covering it when news comes out

680
00:28:01,970 --> 00:27:58,620
and if a good pile of that builds up

681
00:28:04,370 --> 00:28:01,980
right excuse me particularly a couple of

682
00:28:07,070 --> 00:28:04,380
really good videos or photos and more

683
00:28:08,870 --> 00:28:07,080
ex-officials who are free to talk come

684
00:28:11,149 --> 00:28:08,880
out and are just like screw it you know

685
00:28:13,490 --> 00:28:11,159
I'm not under an NDA anymore and and

686
00:28:15,409 --> 00:28:13,500
start revealing that if enough of that

687
00:28:16,549 --> 00:28:15,419
builds up it's going to reach the point

688
00:28:17,450 --> 00:28:16,559

of being intolerable and the

689

00:28:20,090 --> 00:28:17,460

government's going to have to say

690

00:28:21,769 --> 00:28:20,100

something but even before they do

691

00:28:23,029 --> 00:28:21,779

I think at that point you've already

692

00:28:24,830 --> 00:28:23,039

reached

693

00:28:27,110 --> 00:28:24,840

it depends on your Definition of

694

00:28:28,730 --> 00:28:27,120

disclosure I guess but if you get

695

00:28:30,169 --> 00:28:28,740

something that's pretty much in

696

00:28:32,330 --> 00:28:30,179

controvertible proof

697

00:28:35,029 --> 00:28:32,340

we don't know that it's aliens but it's

698

00:28:37,070 --> 00:28:35,039

definitely not human you know and it's

699

00:28:38,990 --> 00:28:37,080

Tech of some sort and here it is here's

700

00:28:41,389 --> 00:28:39,000

what it looks like here's what it does

701

00:28:43,370 --> 00:28:41,399

well then you sort of proven the case

702

00:28:44,510 --> 00:28:43,380

you know where does it come from and if

703

00:28:46,010 --> 00:28:44,520

the government keeps saying I don't know

704

00:28:47,149 --> 00:28:46,020

well maybe the government's a bunch of

705

00:28:48,830 --> 00:28:47,159

idiots maybe they really don't know

706

00:28:50,029 --> 00:28:48,840

maybe there's confused as everybody else

707

00:28:51,950 --> 00:28:50,039

could be

708

00:28:53,510 --> 00:28:51,960

that's long been a theory of mine I I

709

00:28:56,269 --> 00:28:53,520

think they they might not have any

710

00:28:57,710 --> 00:28:56,279

better idea of the origin than any of us

711

00:28:59,330 --> 00:28:57,720

do they just have better videos and

712

00:29:00,710 --> 00:28:59,340

pictures yeah but they're still looking

713

00:29:03,409 --> 00:29:00,720

at them and going

714

00:29:04,970 --> 00:29:03,419

you don't know well the thing that

715

00:29:07,610 --> 00:29:04,980

really makes me think that is just

716

00:29:10,430 --> 00:29:07,620

having been looking at all these files

717

00:29:13,370 --> 00:29:10,440

and documents like hundreds and

718

00:29:15,590 --> 00:29:13,380

thousands of them by now you know and it

719

00:29:18,649 --> 00:29:15,600

just it seems that way it seems like

720

00:29:21,830 --> 00:29:18,659

they're confused it did completely and

721

00:29:23,510 --> 00:29:21,840

they come up with excuses or reasons to

722

00:29:25,310 --> 00:29:23,520

give the public because they don't have

723

00:29:27,230 --> 00:29:25,320

a reason

724

00:29:29,389 --> 00:29:27,240

um and it's better than saying I don't

725

00:29:31,250 --> 00:29:29,399

know we don't know it's in our airspace

726

00:29:33,529 --> 00:29:31,260

we don't know

727

00:29:37,370 --> 00:29:33,539

um so

728

00:29:39,710 --> 00:29:37,380

that's what they do wouldn't you do that

729

00:29:41,570 --> 00:29:39,720

like is it that's the answer they give

730

00:29:43,130 --> 00:29:41,580

really I mean because those are

731

00:29:44,389 --> 00:29:43,140

embarrassing they don't like answering

732

00:29:46,850 --> 00:29:44,399

those questions well they don't like

733

00:29:48,529 --> 00:29:46,860

giving those sorts of answers hey we got

734

00:29:50,389 --> 00:29:48,539

this guy over here that says something

735

00:29:51,710 --> 00:29:50,399

flew over our nuclear missile facility

736

00:29:54,830 --> 00:29:51,720

five years ago and shot all of our

737

00:29:57,470 --> 00:29:54,840

missiles off got any comment on that and

738

00:29:59,090 --> 00:29:57,480

they they don't want to come out and go

739

00:30:00,409 --> 00:29:59,100

yeah we couldn't stop that we don't know

740

00:30:02,269 --> 00:30:00,419

what it was and they shut down our

741

00:30:05,389 --> 00:30:02,279

missile capabilities yeah that that

742

00:30:08,149 --> 00:30:05,399

sucked but no we don't know you know is

743

00:30:09,529 --> 00:30:08,159

this a threat to us yeah don't know well

744

00:30:11,870 --> 00:30:09,539

shut down our missiles so it could be

745

00:30:14,389 --> 00:30:11,880

driving a works the threat all right do

746

00:30:16,010 --> 00:30:14,399

you wanna exactly that's not the press

747

00:30:17,450 --> 00:30:16,020

conference you want to give you know

748

00:30:18,649 --> 00:30:17,460

nobody wants to give that press

749

00:30:22,310 --> 00:30:18,659

conference

750

00:30:25,130 --> 00:30:22,320

um do you want to talk about something

751

00:30:27,889 --> 00:30:25,140

um maybe touchy

752

00:30:31,310 --> 00:30:27,899

who me yeah controversial controversial

753

00:30:33,590 --> 00:30:31,320

yeah what do you think of that uh anage

754

00:30:36,049 --> 00:30:33,600

uh person

755

00:30:37,850 --> 00:30:36,059

have you looked into her at all I'm

756

00:30:39,190 --> 00:30:37,860

apparently not up to date I don't know

757

00:30:42,049 --> 00:30:39,200

who we're talking about

758

00:30:43,909 --> 00:30:42,059

okay I kind of think I know what you

759

00:30:45,889 --> 00:30:43,919

would say anyways already but yeah and

760

00:30:48,769 --> 00:30:45,899

she did like a press conference and

761

00:30:51,769 --> 00:30:48,779

she's gonna go find these aliens who are

762

00:30:55,490 --> 00:30:51,779

talking to her in the mountains

763

00:30:59,210 --> 00:30:55,500

yeah no I missed it and a lot of people

764

00:31:00,649 --> 00:30:59,220

are are pretty interesting DM me the

765

00:31:02,090 --> 00:31:00,659

full name or maybe a link or something

766

00:31:04,669 --> 00:31:02,100

because that sounds like it's right up

767

00:31:08,169 --> 00:31:04,679

my alley yeah so I'll fill us in there

768

00:31:15,409 --> 00:31:08,179

by all means yeah uh well

769

00:31:17,389 --> 00:31:15,419

and j a l i yeah Anjali yeah so

770

00:31:20,509 --> 00:31:17,399

no I've been kind of totally news to me

771

00:31:22,370 --> 00:31:20,519

I've been watching as an observer in

772

00:31:24,409 --> 00:31:22,380

this kind of play out for a while so it

773

00:31:27,889 --> 00:31:24,419

started a while ago and she did this

774

00:31:31,669 --> 00:31:27,899

like squarespa or uh clubhouse thing

775

00:31:35,090 --> 00:31:31,679

and um UFO Joe was like kind of talking

776
00:31:37,070 --> 00:31:35,100
about it a little bit and would you know

777
00:31:39,049 --> 00:31:37,080
talk about the clubhouse thing and

778
00:31:40,669 --> 00:31:39,059
leaving it open that you could be

779
00:31:42,830 --> 00:31:40,679
telling the truth and her basic stories

780
00:31:45,710 --> 00:31:42,840
that her first encounter is she was in a

781
00:31:47,930 --> 00:31:45,720
room and half of it was taken over by

782
00:31:50,630 --> 00:31:47,940
what looked like a holographic image of

783
00:31:52,909 --> 00:31:50,640
an alien ship and aliens and they were

784
00:31:56,269 --> 00:31:52,919
talking to her about peace love and

785
00:32:00,889 --> 00:31:56,279
evolving and you know basic uh religion

786
00:32:02,330 --> 00:32:00,899
stuff space Brothers yeah so then she

787
00:32:04,669 --> 00:32:02,340
says like and then it's always like

788
00:32:07,490 --> 00:32:04,679

imminent like we have to evolve if we

789

00:32:09,049 --> 00:32:07,500

want to do this now and all that and

790

00:32:13,009 --> 00:32:09,059

their bases in these mountains I forgot

791

00:32:14,750 --> 00:32:13,019

what it was and so and she's been there

792

00:32:17,090 --> 00:32:14,760

or whatever but she had this press

793

00:32:19,909 --> 00:32:17,100

conference that she's gonna go and she's

794

00:32:22,549 --> 00:32:19,919

getting video cameras and scientists on

795

00:32:24,230 --> 00:32:22,559

her team and they're all gonna take

796

00:32:25,190 --> 00:32:24,240

cameras and go to the mountain and get

797

00:32:27,230 --> 00:32:25,200

evidence

798

00:32:30,950 --> 00:32:27,240

so that Mount Shasta is it where the

799

00:32:35,509 --> 00:32:32,450

and probably don't watch it for two

800

00:32:37,610 --> 00:32:35,519

races of aliens I don't know

801
00:32:40,370 --> 00:32:37,620
oh this is a different race sorry my bad

802
00:32:41,029 --> 00:32:40,380
wrong aliens I'm just kidding I don't

803
00:32:49,009 --> 00:32:41,039
know

804
00:32:52,070 --> 00:32:49,019
that's an amazing story I up until

805
00:32:53,570 --> 00:32:52,080
this summer I used to be a lot more

806
00:32:55,070 --> 00:32:53,580
skeptical when I'd hear things like that

807
00:32:56,690 --> 00:32:55,080
I'd be like oh you saw some lights in

808
00:32:59,149 --> 00:32:56,700
the sky cool so have I you know I wonder

809
00:33:01,490 --> 00:32:59,159
what they are that's really interesting

810
00:33:02,810 --> 00:33:01,500
um people that have those kinds of

811
00:33:06,710 --> 00:33:02,820
stories

812
00:33:09,649 --> 00:33:06,720
I was more like okay well let us know

813
00:33:11,389 --> 00:33:09,659

what you find you know and sort of walk

814

00:33:13,250 --> 00:33:11,399

the other way

815

00:33:16,430 --> 00:33:13,260

um after this summer you know I was like

816

00:33:17,750 --> 00:33:16,440

after the stuff I saw this year I

817

00:33:21,230 --> 00:33:17,760

which I never say anything like that

818

00:33:23,630 --> 00:33:21,240

until yeah until I was in my 60s and uh

819

00:33:27,730 --> 00:33:23,640

you know now when I hear those stories

820

00:33:30,830 --> 00:33:27,740

I still I think I have that old pre-2021

821

00:33:32,870 --> 00:33:30,840

part of my brain that's still sort of

822

00:33:34,970 --> 00:33:32,880

like okay good luck Under the Mountain

823

00:33:36,830 --> 00:33:34,980

but then I stop and I think and I was

824

00:33:39,289 --> 00:33:36,840

like you know what if she's telling the

825

00:33:40,970 --> 00:33:39,299

truth because I've I've heard a lot of

826

00:33:43,009 --> 00:33:40,980

people store tell stories like mine and

827

00:33:45,529 --> 00:33:43,019

I was like really well where's the video

828

00:33:47,870 --> 00:33:45,539

you know how did this happen

829

00:33:49,490 --> 00:33:47,880

and then you see it for yourself

830

00:33:52,669 --> 00:33:49,500

and then all of a sudden everything

831

00:33:54,169 --> 00:33:52,679

changes and so now yeah I'm I think I'm

832

00:33:56,509 --> 00:33:54,179

looking at a lot of people a little

833

00:33:58,190 --> 00:33:56,519

differently than I used to like you know

834

00:33:59,570 --> 00:33:58,200

that that might not be so crazy after

835

00:34:03,710 --> 00:33:59,580

all really

836

00:34:05,750 --> 00:34:03,720

that's interesting so that's kind of

837

00:34:08,149 --> 00:34:05,760

you know you hear this often with people

838

00:34:09,710 --> 00:34:08,159

who have sightings

839

00:34:12,710 --> 00:34:09,720

um some that are a little more powerful

840

00:34:15,050 --> 00:34:12,720

than others it kind of comes along with

841

00:34:16,129 --> 00:34:15,060

somewhat of a personal Paradigm Shift

842

00:34:17,810 --> 00:34:16,139

sometimes

843

00:34:19,790 --> 00:34:17,820

yeah that was the case with me

844

00:34:22,190 --> 00:34:19,800

absolutely I mean my wife and I had

845

00:34:24,290 --> 00:34:22,200

those two last November but they were

846

00:34:26,270 --> 00:34:24,300

nighttime and most of what you could see

847

00:34:27,710 --> 00:34:26,280

was just lights there you couldn't see a

848

00:34:30,349 --> 00:34:27,720

lot of structure you know

849

00:34:32,089 --> 00:34:30,359

but the second time this summer in

850

00:34:32,930 --> 00:34:32,099

particular when I saw the Tic Tac you

851
00:34:34,669 --> 00:34:32,940
know

852
00:34:37,490 --> 00:34:34,679
and I've talked to you about this before

853
00:34:39,649 --> 00:34:37,500
and yeah I I just I had the camera

854
00:34:41,149 --> 00:34:39,659
pointed directly at it although I was a

855
00:34:42,530 --> 00:34:41,159
little late getting there after it

856
00:34:44,750 --> 00:34:42,540
drifted over

857
00:34:46,609 --> 00:34:44,760
and you see this thing in in the middle

858
00:34:48,889 --> 00:34:46,619
of the day a clear blue sky totally

859
00:34:50,329 --> 00:34:48,899
unambiguous and it just stops and hangs

860
00:34:52,730 --> 00:34:50,339
there the way bricks aren't supposed to

861
00:34:55,310 --> 00:34:52,740
hang in the air you know and then it

862
00:34:57,829 --> 00:34:55,320
friggin disappears doesn't fly away

863
00:34:59,630 --> 00:34:57,839

doesn't crash it just vanishes you see

864

00:35:02,089 --> 00:34:59,640

something like that it it changes you

865

00:35:02,990 --> 00:35:02,099

Sean it really does because nothing's

866

00:35:05,450 --> 00:35:03,000

supposed to be able to do that that's

867

00:35:07,250 --> 00:35:05,460

not right I know you know and then you

868

00:35:10,730 --> 00:35:07,260

then I hear other people talking and and

869

00:35:13,849 --> 00:35:10,740

like oh I had ET show up my in my in my

870

00:35:16,370 --> 00:35:13,859

bathroom yes last night you know and I I

871

00:35:19,010 --> 00:35:16,380

start to laugh and then I'm like I don't

872

00:35:19,870 --> 00:35:19,020

know maybe you did because it seems like

873

00:35:21,829 --> 00:35:19,880

[h__\h]

874

00:35:23,390 --> 00:35:21,839

they could have come down and been in my

875

00:35:26,150 --> 00:35:23,400

bathroom when I came inside I don't know

876

00:35:29,390 --> 00:35:26,160

right you know yeah it's kind of it

877

00:35:32,150 --> 00:35:29,400

almost feels like for me it uh sometimes

878

00:35:35,569 --> 00:35:32,160

it feels like almost like um like a

879

00:35:38,630 --> 00:35:35,579

virus I can't get rid of sometimes I you

880

00:35:41,030 --> 00:35:38,640

know just think about like why what was

881

00:35:43,450 --> 00:35:41,040

that I'll break down and just go what

882

00:35:46,790 --> 00:35:43,460

the [h__\h] was that why me what is this

883

00:35:49,250 --> 00:35:46,800

exactly doing you know changes your

884

00:35:51,710 --> 00:35:49,260

thought patterns it changes your habits

885

00:35:55,190 --> 00:35:51,720

I mean I I I think we discussed that

886

00:35:56,089 --> 00:35:55,200

before too but no longer I never go out

887

00:35:58,250 --> 00:35:56,099

the door

888

00:36:02,990 --> 00:35:58,260

without having my camera in my pocket

889

00:36:04,910 --> 00:36:03,000

and I already have the camera app up in

890

00:36:08,270 --> 00:36:04,920

video mode and then set in the

891

00:36:11,510 --> 00:36:08,280

background so it's pull out power one

892

00:36:12,829 --> 00:36:11,520

button I'm filming and if that hasn't

893

00:36:15,530 --> 00:36:12,839

slowed down a bit since that happened

894

00:36:16,670 --> 00:36:15,540

every single day even when it's cloudy

895

00:36:18,770 --> 00:36:16,680

as [h__h] because that one came down

896

00:36:21,710 --> 00:36:18,780

pretty low on is below Cloud level so

897

00:36:23,690 --> 00:36:21,720

I'm always watching yeah I got another

898

00:36:28,609 --> 00:36:23,700

one not too long ago and I put the film

899

00:36:33,050 --> 00:36:30,589

the my first thing there's no way I

900

00:36:38,270 --> 00:36:33,060

could even like that my first encounter

901
00:36:40,490 --> 00:36:38,280
was a complete I'm in awe looking at it

902
00:36:43,310 --> 00:36:40,500
and not thinking about absolutely

903
00:36:44,450 --> 00:36:43,320
anything else but what this thing looks

904
00:36:46,190 --> 00:36:44,460
like

905
00:36:48,170 --> 00:36:46,200
and how weird it is

906
00:36:50,089 --> 00:36:48,180
and then it was gone

907
00:36:52,130 --> 00:36:50,099
and then it came back again a couple

908
00:36:54,230 --> 00:36:52,140
days later as a different shape but

909
00:36:57,190 --> 00:36:54,240
everything's the same you know like

910
00:36:59,210 --> 00:36:57,200
you have uh like different kind of

911
00:37:01,730 --> 00:36:59,220
pencils but they're made of the same

912
00:37:03,710 --> 00:37:01,740
stuff like a short number two pencil and

913
00:37:05,690 --> 00:37:03,720

a big number two pencil you know that's

914

00:37:08,270 --> 00:37:05,700

what that totally makes sense to me yeah

915

00:37:11,270 --> 00:37:08,280

this was just like the same thing but

916

00:37:12,710 --> 00:37:11,280

like it's just a different variation or

917

00:37:15,410 --> 00:37:12,720

maybe it looked different because it

918

00:37:16,910 --> 00:37:15,420

wasn't going in a different direction or

919

00:37:18,349 --> 00:37:16,920

I was looking at it in a different

920

00:37:21,290 --> 00:37:18,359

direction it actually went the same

921

00:37:23,210 --> 00:37:21,300

direction now I think of it

922

00:37:25,550 --> 00:37:23,220

um but I was looking this way as before

923

00:37:27,770 --> 00:37:25,560

I was looking this way

924

00:37:29,690 --> 00:37:27,780

so yeah and I just yeah the first two

925

00:37:32,329 --> 00:37:29,700

Tic Tacs the same direction for me and

926

00:37:34,130 --> 00:37:32,339

the third one that I I'm still

927

00:37:35,810 --> 00:37:34,140

I sent it to our videographer and he

928

00:37:37,130 --> 00:37:35,820

came back and he's like dude there just

929

00:37:39,290 --> 00:37:37,140

isn't enough pixels to work with here

930

00:37:40,490 --> 00:37:39,300

you know yeah so and it was going in a

931

00:37:43,130 --> 00:37:40,500

different direction and kind of a

932

00:37:44,569 --> 00:37:43,140

different speed and I I'm still thinking

933

00:37:46,790 --> 00:37:44,579

it might have just been a plane it was

934

00:37:48,170 --> 00:37:46,800

just so damn far away yeah you couldn't

935

00:37:50,690 --> 00:37:48,180

pick out the wings of the tail right

936

00:37:51,470 --> 00:37:50,700

right but uh the the two last November

937

00:37:53,390 --> 00:37:51,480

going back to what you're saying

938

00:37:55,069 --> 00:37:53,400

different shapes and all that stuff the

939

00:37:56,630 --> 00:37:55,079

one that went over my house that my wife

940

00:37:58,970 --> 00:37:56,640

filmed

941

00:38:00,710 --> 00:37:58,980

um that was definitely a triangle but it

942

00:38:02,810 --> 00:38:00,720

had all these bizarre lights of

943

00:38:05,210 --> 00:38:02,820

different sizes they're like jumping

944

00:38:07,310 --> 00:38:05,220

around and doing weird chat but it was

945

00:38:08,630 --> 00:38:07,320

dark out and you could see the part of

946

00:38:10,010 --> 00:38:08,640

the sky that was blocked out because you

947

00:38:11,990 --> 00:38:10,020

couldn't see the stars

948

00:38:14,390 --> 00:38:12,000

but it was a triangle

949

00:38:15,710 --> 00:38:14,400

but no detail and the other one the one

950

00:38:17,930 --> 00:38:15,720

that I filmed

951
00:38:19,430 --> 00:38:17,940
um was like off over a Ridge from us and

952
00:38:21,589 --> 00:38:19,440
it was a globe

953
00:38:24,829 --> 00:38:21,599
you know well

954
00:38:26,930 --> 00:38:24,839
I have no idea who you are so I'm Sean

955
00:38:29,630 --> 00:38:26,940
this is the witness citizen Channel I

956
00:38:31,250 --> 00:38:29,640
appreciate you joining us today no some

957
00:38:34,849 --> 00:38:31,260
number I don't recognize was just trying

958
00:38:35,990 --> 00:38:34,859
to interrupt us uh probably somebody oh

959
00:38:37,670 --> 00:38:36,000
damn I should have taken it they

960
00:38:40,370 --> 00:38:37,680
probably want to talk to people my car's

961
00:38:41,930 --> 00:38:40,380
extended warranty yeah oh yeah yeah you

962
00:38:43,390 --> 00:38:41,940
don't get those calls often so if you

963
00:38:47,089 --> 00:38:43,400

need to go

964

00:38:49,790 --> 00:38:47,099

don't miss that chance

965

00:38:52,430 --> 00:38:49,800

yeah but no man yeah just getting back

966

00:38:54,480 --> 00:38:52,440

to what we were talking about there's uh

967

00:38:58,310 --> 00:38:54,490

okay all right go ahead

968

00:38:58,970 --> 00:38:58,320

[Laughter]

969

00:39:01,970 --> 00:38:58,980

um

970

00:39:03,589 --> 00:39:01,980

yeah I think there there are a lot of

971

00:39:06,230 --> 00:39:03,599

different shapes and stuff but you can

972

00:39:08,030 --> 00:39:06,240

still sometimes I think get a sense

973

00:39:09,349 --> 00:39:08,040

that at least some of them even if

974

00:39:11,329 --> 00:39:09,359

they're not exactly the same they're

975

00:39:13,430 --> 00:39:11,339

somehow related and maybe it's just how

976
00:39:15,050 --> 00:39:13,440
we're perceiving them or they present

977
00:39:17,750 --> 00:39:15,060
themselves differently for reasons that

978
00:39:19,609 --> 00:39:17,760
we can't understand you know things like

979
00:39:21,349 --> 00:39:19,619
that I would love to know if the

980
00:39:23,569 --> 00:39:21,359
government knows more about that there

981
00:39:25,670 --> 00:39:23,579
there's a persistent although incorrect

982
00:39:27,170 --> 00:39:25,680
rumor we should stop

983
00:39:29,750 --> 00:39:27,180
having people spread this without

984
00:39:32,569 --> 00:39:29,760
debunking it but there was a person who

985
00:39:35,450 --> 00:39:32,579
claimed that Lou Elizondo said

986
00:39:36,890 --> 00:39:35,460
that we know who's driving two of the

987
00:39:40,130 --> 00:39:36,900
different types but we don't know who's

988
00:39:43,490 --> 00:39:40,140

driving the rest and that gets repeated

989

00:39:45,170 --> 00:39:43,500

a lot and there's no record I've been

990

00:39:46,370 --> 00:39:45,180

able to find a bunch of people look of

991

00:39:49,069 --> 00:39:46,380

Lou Alexander are saying that at least

992

00:39:50,870 --> 00:39:49,079

not on camera you know but if they do

993

00:39:54,349 --> 00:39:50,880

know something it's like

994

00:39:56,630 --> 00:39:54,359

I I are we going to be more upset

995

00:39:58,430 --> 00:39:56,640

or forgiving if they come out and go

996

00:40:00,109 --> 00:39:58,440

well actually yeah for the last 40 years

997

00:40:01,849 --> 00:40:00,119

or so we've known that there's aliens

998

00:40:03,950 --> 00:40:01,859

but we just couldn't tell you because it

999

00:40:05,630 --> 00:40:03,960

was a national security thing and here's

1000

00:40:07,550 --> 00:40:05,640

the information that we have

1001
00:40:09,770 --> 00:40:07,560
I don't know are you breaking out the

1002
00:40:11,390 --> 00:40:09,780
Torches and pitchforks at that point

1003
00:40:14,349 --> 00:40:11,400
because oh you lied to us for all these

1004
00:40:18,470 --> 00:40:14,359
years or are you so overwhelmed with

1005
00:40:21,950 --> 00:40:18,480
thank God thank you finally give us what

1006
00:40:23,990 --> 00:40:21,960
you have yeah and let's just call it a

1007
00:40:25,910 --> 00:40:24,000
wash then we'll forget you then you have

1008
00:40:27,950 --> 00:40:25,920
to consider so let's say they do that

1009
00:40:30,349 --> 00:40:27,960
they give a little information but that

1010
00:40:33,950 --> 00:40:30,359
doesn't mean that okay everything's

1011
00:40:35,569 --> 00:40:33,960
disclosed and we're happy now like it'll

1012
00:40:37,490 --> 00:40:35,579
still will still

1013
00:40:38,990 --> 00:40:37,500

have to deal with intrusions and

1014

00:40:41,270 --> 00:40:39,000

everything and are they going to

1015

00:40:42,890 --> 00:40:41,280

continue to be secret after that point

1016

00:40:45,530 --> 00:40:42,900

are they going to continue with

1017

00:40:48,589 --> 00:40:45,540

transparency because if they would

1018

00:40:51,710 --> 00:40:48,599

unveil and then go back to

1019

00:40:55,130 --> 00:40:51,720

tight grip then I think like this

1020

00:40:59,809 --> 00:40:57,530

I agree the community is going to lose

1021

00:41:01,430 --> 00:40:59,819

its [h__h] anyway it's what we do that's

1022

00:41:02,809 --> 00:41:01,440

true but

1023

00:41:04,609 --> 00:41:02,819

um

1024

00:41:05,870 --> 00:41:04,619

what you're talking about here goes into

1025

00:41:09,230 --> 00:41:05,880

something

1026
00:41:11,089 --> 00:41:09,240
that goes so far beyond UAP or anything

1027
00:41:13,490 --> 00:41:11,099
like that that I have been writing about

1028
00:41:15,770 --> 00:41:13,500
going back for at least 20 years

1029
00:41:17,569 --> 00:41:15,780
what we really have in our government is

1030
00:41:18,710 --> 00:41:17,579
a very and I'm speaking of the American

1031
00:41:20,750 --> 00:41:18,720
government sorry for the international

1032
00:41:23,390 --> 00:41:20,760
audience but the American government at

1033
00:41:24,910 --> 00:41:23,400
least we have a real problem with over

1034
00:41:28,069 --> 00:41:24,920
classification

1035
00:41:29,990 --> 00:41:28,079
a default thing if it isn't the most

1036
00:41:31,730 --> 00:41:30,000
mundane thing in the world like how many

1037
00:41:33,890 --> 00:41:31,740
coffee filters started this month

1038
00:41:35,930 --> 00:41:33,900

they'll slap a classification on it and

1039

00:41:38,630 --> 00:41:35,940

once they do

1040

00:41:39,950 --> 00:41:38,640

it almost takes Heaven and Hell moving

1041

00:41:42,530 --> 00:41:39,960

Heaven and Hell to get that

1042

00:41:45,290 --> 00:41:42,540

classification changed or removed you

1043

00:41:47,569 --> 00:41:45,300

know so there's stuff sitting out there

1044

00:41:50,210 --> 00:41:47,579

that's been classified forever with

1045

00:41:52,250 --> 00:41:50,220

really no good reason if and if we get

1046

00:41:54,290 --> 00:41:52,260

back to UAP stuff

1047

00:41:56,750 --> 00:41:54,300

yeah there's probably some videos the

1048

00:41:58,010 --> 00:41:56,760

newer ones that have uh HUD data the

1049

00:42:01,130 --> 00:41:58,020

heads up display

1050

00:42:02,390 --> 00:42:01,140

and if if there's numbers and stuff

1051
00:42:05,150 --> 00:42:02,400
showing up there

1052
00:42:06,829 --> 00:42:05,160
uh that would give hints to our

1053
00:42:09,050 --> 00:42:06,839
adversaries about the technology we're

1054
00:42:11,210 --> 00:42:09,060
using and how extensive the capabilities

1055
00:42:12,170 --> 00:42:11,220
are I'll grant you that that could be

1056
00:42:13,910 --> 00:42:12,180
classified

1057
00:42:15,770 --> 00:42:13,920
until

1058
00:42:18,050 --> 00:42:15,780
everybody knows about that Tech and

1059
00:42:19,609 --> 00:42:18,060
we've gone on to the next generation at

1060
00:42:21,950 --> 00:42:19,619
which point somebody should remember to

1061
00:42:23,510 --> 00:42:21,960
go back with a broom you know and start

1062
00:42:24,710 --> 00:42:23,520
cleaning up and be like okay that

1063
00:42:27,530 --> 00:42:24,720

doesn't need to be classified anymore

1064

00:42:29,450 --> 00:42:27,540

that never happened Sean never happens

1065

00:42:32,809 --> 00:42:29,460

they've got [h__h] sitting out there

1066

00:42:34,670 --> 00:42:32,819

protecting Tech from the 60s well you

1067

00:42:37,010 --> 00:42:34,680

know protecting Tech from when I was in

1068

00:42:38,750 --> 00:42:37,020

the Navy wow none of that gear even

1069

00:42:41,030 --> 00:42:38,760

exists anymore so nothing's still being

1070

00:42:43,430 --> 00:42:41,040

in use yeah you know

1071

00:42:44,890 --> 00:42:43,440

and and they're still like well it was

1072

00:42:46,970 --> 00:42:44,900

classified you know in the next

1073

00:42:48,770 --> 00:42:46,980

Administration comes in and sweeps

1074

00:42:50,150 --> 00:42:48,780

through and oh that's fine all right you

1075

00:42:51,849 --> 00:42:50,160

know all right just go ahead and keep

1076
00:42:54,050 --> 00:42:51,859
shoving the cabinet closed you know

1077
00:42:57,650 --> 00:42:54,060
spaghetti's uh just putting up a big

1078
00:43:00,349 --> 00:42:57,660
deal here about uh the rumor it's a

1079
00:43:03,109 --> 00:43:00,359
rumor that Lou said that we know who's

1080
00:43:05,390 --> 00:43:03,119
flying this and who's flying that but we

1081
00:43:08,569 --> 00:43:05,400
don't know who's flying that

1082
00:43:11,150 --> 00:43:08,579
um I know who started the rumor

1083
00:43:13,970 --> 00:43:11,160
um so

1084
00:43:16,790 --> 00:43:13,980
take that for what you want

1085
00:43:19,970 --> 00:43:16,800
um I think he's a problem solver or a

1086
00:43:21,589 --> 00:43:19,980
problem Creator at times so

1087
00:43:24,829 --> 00:43:21,599
don't take

1088
00:43:26,150 --> 00:43:24,839

that to heart as far as we know who's in

1089

00:43:28,130 --> 00:43:26,160

this and who's in that but we don't know

1090

00:43:30,910 --> 00:43:28,140

who's in this it's all just

1091

00:43:33,890 --> 00:43:30,920

uh rumors possibly disinformation

1092

00:43:36,109 --> 00:43:33,900

possibly done on purpose who knows but

1093

00:43:37,790 --> 00:43:36,119

it's nothing that we can prove so we're

1094

00:43:40,010 --> 00:43:37,800

still in the same boat

1095

00:43:41,809 --> 00:43:40,020

exactly if somebody coughs up a video of

1096

00:43:44,089 --> 00:43:41,819

Lucy in that I will be the first one to

1097

00:43:45,710 --> 00:43:44,099

recant you know be like okay you're

1098

00:43:49,550 --> 00:43:45,720

right I I just hadn't seen it you know

1099

00:43:52,849 --> 00:43:49,560

and now let's go ask Lou you know and uh

1100

00:43:55,190 --> 00:43:52,859

but if that's not the case then I I just

1101

00:43:57,109 --> 00:43:55,200

I hate the way Cycles just you know

1102

00:43:59,329 --> 00:43:57,119

focusing on on something that may turn

1103

00:44:01,550 --> 00:43:59,339

out to be uh nonsensical or at least not

1104

00:44:05,450 --> 00:44:01,560

provable yeah you know if they prove it

1105

00:44:08,150 --> 00:44:05,460

good job there you go yep provables

1106

00:44:10,550 --> 00:44:08,160

um yeah so

1107

00:44:12,589 --> 00:44:10,560

because it all just comes back down to

1108

00:44:15,349 --> 00:44:12,599

we can say whatever where the hell we

1109

00:44:16,849 --> 00:44:15,359

want but if you can't bring something to

1110

00:44:19,670 --> 00:44:16,859

prove it

1111

00:44:22,250 --> 00:44:19,680

you're not gonna get anyone outside of

1112

00:44:25,010 --> 00:44:22,260

this community really to to buy into it

1113

00:44:28,250 --> 00:44:25,020

you know like yep thing I've been

1114

00:44:30,670 --> 00:44:28,260

thinking about a lot lately is like all

1115

00:44:33,170 --> 00:44:30,680

these little things that happen that

1116

00:44:35,270 --> 00:44:33,180

John Greenwald breaks or somebody else

1117

00:44:37,849 --> 00:44:35,280

breaks in

1118

00:44:38,930 --> 00:44:37,859

you know maybe the the main news outlets

1119

00:44:40,910 --> 00:44:38,940

don't cover it because it's not big

1120

00:44:41,870 --> 00:44:40,920

enough for them or whatever but it's big

1121

00:44:44,750 --> 00:44:41,880

to us

1122

00:44:47,210 --> 00:44:44,760

and sometimes we get so irritated and

1123

00:44:48,829 --> 00:44:47,220

mad at each other about you know our

1124

00:44:51,130 --> 00:44:48,839

different interpretations of it or

1125

00:44:53,569 --> 00:44:51,140

whatever and then I stop and think like

1126
00:44:55,870 --> 00:44:53,579
of the

1127
00:44:59,630 --> 00:44:55,880
what 100

1128
00:45:03,290 --> 00:44:59,640
199 million 900

1129
00:45:05,930 --> 00:45:03,300
but 9 000 people that don't care about

1130
00:45:07,790 --> 00:45:05,940
this in the country you know you know

1131
00:45:09,470 --> 00:45:07,800
and it's like I think we're using our

1132
00:45:11,569 --> 00:45:09,480
energy in the wrong place I guess is

1133
00:45:13,190 --> 00:45:11,579
what I'm trying to say there are all

1134
00:45:14,690 --> 00:45:13,200
speculations and you can say whatever

1135
00:45:16,609 --> 00:45:14,700
you want but

1136
00:45:19,430 --> 00:45:16,619
instead of getting mad at each other if

1137
00:45:20,930 --> 00:45:19,440
we could just like you know who cares

1138
00:45:23,690 --> 00:45:20,940

let people say what they want it's not

1139

00:45:25,970 --> 00:45:23,700

proof so let's keep moving forward

1140

00:45:28,250 --> 00:45:25,980

you know and don't wait

1141

00:45:31,190 --> 00:45:28,260

for the government right because yeah I

1142

00:45:33,410 --> 00:45:31,200

have uh more than 60 years on this Earth

1143

00:45:35,050 --> 00:45:33,420

of experience to tell you you're going

1144

00:45:38,329 --> 00:45:35,060

to be disappointed

1145

00:45:40,550 --> 00:45:38,339

99.99 of the time the government is not

1146

00:45:42,710 --> 00:45:40,560

your friend they they do important stuff

1147

00:45:44,930 --> 00:45:42,720

and they're supposed to take care of you

1148

00:45:47,030 --> 00:45:44,940

but there's a lot of areas where they're

1149

00:45:49,910 --> 00:45:47,040

pretty sketchy

1150

00:45:52,069 --> 00:45:49,920

um I I just I want I hope more people

1151
00:45:54,730 --> 00:45:52,079
are doing what I'm doing and you know

1152
00:45:57,829 --> 00:45:54,740
what if we get a bunch of people that

1153
00:46:00,410 --> 00:45:57,839
instead of you know grainy stuff or fake

1154
00:46:02,870 --> 00:46:00,420
stuff or whatever you be the person that

1155
00:46:04,730 --> 00:46:02,880
goes out there and is ready and if you

1156
00:46:07,190 --> 00:46:04,740
have a sighting you get some

1157
00:46:10,130 --> 00:46:07,200
incontrovertible video or even good

1158
00:46:11,870 --> 00:46:10,140
stills and go back and send them around

1159
00:46:14,750 --> 00:46:11,880
to any journalist you can find you can

1160
00:46:17,930 --> 00:46:14,760
send me and put them up online and put

1161
00:46:20,390 --> 00:46:17,940
the source code put the files from your

1162
00:46:22,190 --> 00:46:20,400
camera from your phone make it publicly

1163
00:46:24,890 --> 00:46:22,200

available so people can look at the

1164

00:46:26,809 --> 00:46:24,900

metadata and examine it you know to make

1165

00:46:28,790 --> 00:46:26,819

sure it wasn't a fake or anything like

1166

00:46:30,890 --> 00:46:28,800

that you be the person that gets that

1167

00:46:32,809 --> 00:46:30,900

incontrovertible video that's what I'm

1168

00:46:34,609 --> 00:46:32,819

trying to do and I I keep trying every

1169

00:46:36,470 --> 00:46:34,619

damn day and if you're the one who puts

1170

00:46:38,089 --> 00:46:36,480

it up there guess what you just brought

1171

00:46:40,490 --> 00:46:38,099

everybody a giant leap closer just

1172

00:46:43,010 --> 00:46:40,500

closer to scroll disclosure right and

1173

00:46:44,809 --> 00:46:43,020

and if your neighbor does that too and

1174

00:46:47,750 --> 00:46:44,819

50 more people do that

1175

00:46:49,250 --> 00:46:47,760

you know we're going to be there you

1176

00:46:51,890 --> 00:46:49,260

don't necessarily have to wait for the

1177

00:46:55,430 --> 00:46:51,900

government it can be done and and don't

1178

00:46:56,990 --> 00:46:55,440

be afraid to put stuff up and it and it

1179

00:46:58,849 --> 00:46:57,000

turns out that you you know you were

1180

00:46:59,990 --> 00:46:58,859

kind of ambiguous about it but it looked

1181

00:47:01,430 --> 00:47:00,000

interesting

1182

00:47:02,809 --> 00:47:01,440

um I had one case we're not gonna have

1183

00:47:04,309 --> 00:47:02,819

time for it today

1184

00:47:06,410 --> 00:47:04,319

but uh Sean and I were talking about

1185

00:47:08,510 --> 00:47:06,420

maybe doing some Canadian cases there

1186

00:47:11,089 --> 00:47:08,520

was a Canadian case just a little while

1187

00:47:14,630 --> 00:47:11,099

ago somebody put up what looked like a

1188

00:47:16,970 --> 00:47:14,640

very compelling daytime video of

1189

00:47:20,030 --> 00:47:16,980

something in the sky over Lake Ontario

1190

00:47:22,430 --> 00:47:20,040

and but then it turned I think was just

1191

00:47:25,270 --> 00:47:22,440

yesterday I I pulled the thing up where

1192

00:47:29,870 --> 00:47:25,280

was it it was the um

1193

00:47:32,210 --> 00:47:29,880

mississauga UFO and the person puts it

1194

00:47:33,890 --> 00:47:32,220

up there and says this is pretty amazing

1195

00:47:36,170 --> 00:47:33,900

this looks like something you know did

1196

00:47:38,210 --> 00:47:36,180

anybody else see this here's where I was

1197

00:47:41,690 --> 00:47:38,220

and it turned out because it went public

1198

00:47:43,609 --> 00:47:41,700

somebody else turned around and said wow

1199

00:47:46,370 --> 00:47:43,619

that's amazing I saw it too and I've got

1200

00:47:49,270 --> 00:47:46,380

a video too and it's very clear by the

1201

00:47:52,549 --> 00:47:49,280

way it's a Mr Peanut balloon

1202

00:47:54,290 --> 00:47:52,559

and you could tell it was the exact same

1203

00:47:56,630 --> 00:47:54,300

sighting from a slightly different angle

1204

00:47:58,250 --> 00:47:56,640

and the shadow was the same but this guy

1205

00:47:59,510 --> 00:47:58,260

actually got it you know like with the

1206

00:48:01,730 --> 00:47:59,520

sun in the right direction it was

1207

00:48:03,470 --> 00:48:01,740

absolutely a Mr Peanut balloon you know

1208

00:48:06,109 --> 00:48:03,480

it had gotten loose from somebody and it

1209

00:48:07,250 --> 00:48:06,119

was drifting over like Ontario but don't

1210

00:48:08,750 --> 00:48:07,260

be afraid of that because there's

1211

00:48:11,690 --> 00:48:08,760

nothing wrong with saying hey I saw

1212

00:48:13,309 --> 00:48:11,700

something weird you know and the guy

1213

00:48:14,569 --> 00:48:13,319

didn't say I saw aliens or anything he's

1214

00:48:16,250 --> 00:48:14,579

just like wow I saw this weird thing

1215

00:48:17,990 --> 00:48:16,260

here I got a video what do you think you

1216

00:48:20,450 --> 00:48:18,000

know and the other guy was like yeah me

1217

00:48:22,730 --> 00:48:20,460

too it's Mr Peanut there you go you know

1218

00:48:24,290 --> 00:48:22,740

don't be embarrassed nobody feels bad

1219

00:48:26,630 --> 00:48:24,300

and we just move on we're helping each

1220

00:48:29,030 --> 00:48:26,640

other right yeah don't don't make fun of

1221

00:48:31,010 --> 00:48:29,040

the dude he caught some video that he

1222

00:48:33,109 --> 00:48:31,020

couldn't explain and he shared it with

1223

00:48:35,450 --> 00:48:33,119

the public do that and if somebody can

1224

00:48:37,309 --> 00:48:35,460

come by and and say oh by the way that's

1225

00:48:39,650 --> 00:48:37,319

the Goodyear blimp I was on it you know

1226

00:48:41,270 --> 00:48:39,660

uh because somebody has confused not

1227

00:48:43,490 --> 00:48:41,280

that long ago remember that the Goodyear

1228

00:48:44,809 --> 00:48:43,500

blimp with the UFOs and the video they

1229

00:48:46,790 --> 00:48:44,819

took it didn't look at all like the

1230

00:48:49,130 --> 00:48:46,800

blimp from that angle you know everyone

1231

00:48:51,770 --> 00:48:49,140

was out what sold as everyone was out of

1232

00:48:53,870 --> 00:48:51,780

their car looking at the thing right in

1233

00:48:55,370 --> 00:48:53,880

the video that's what really sold it to

1234

00:48:57,109 --> 00:48:55,380

people I think was like

1235

00:48:59,809 --> 00:48:57,119

why else would they be looking at this

1236

00:49:01,609 --> 00:48:59,819

thing yeah who gives a crap about the

1237

00:49:02,569 --> 00:49:01,619

blimp you know you've never seen a blip

1238

00:49:05,329 --> 00:49:02,579

before

1239

00:49:07,490 --> 00:49:05,339

no yeah that's no don't don't be afraid

1240

00:49:09,109 --> 00:49:07,500

don't be ashamed don't make claims that

1241

00:49:11,690 --> 00:49:09,119

you can't validate but if you think it's

1242

00:49:13,910 --> 00:49:11,700

worthy of a closer look an investigation

1243

00:49:15,770 --> 00:49:13,920

put it out there there's lots of experts

1244

00:49:17,750 --> 00:49:15,780

out there who can can help with

1245

00:49:20,630 --> 00:49:17,760

analyzing video with looking at the

1246

00:49:23,030 --> 00:49:20,640

metadata and the more and if you give

1247

00:49:24,890 --> 00:49:23,040

the location of where it happened it's

1248

00:49:28,010 --> 00:49:24,900

getting to the point where we're so

1249

00:49:29,210 --> 00:49:28,020

networked now that we can drill down and

1250

00:49:30,290 --> 00:49:29,220

get that out to other people and there

1251
00:49:32,390 --> 00:49:30,300
might have been somebody a block from

1252
00:49:34,309 --> 00:49:32,400
you took the same video right but isn't

1253
00:49:35,630 --> 00:49:34,319
it isn't on UFO Twitter and didn't know

1254
00:49:37,309 --> 00:49:35,640
what to do with it and they were just

1255
00:49:38,990 --> 00:49:37,319
like well I'll save that it's kind of

1256
00:49:40,790 --> 00:49:39,000
interesting I wonder what that was and

1257
00:49:42,589 --> 00:49:40,800
maybe they'll jump up out of the woods

1258
00:49:44,809 --> 00:49:42,599
and go no I can correlate that here you

1259
00:49:47,150 --> 00:49:44,819
go and start adding stuff in more and

1260
00:49:49,190 --> 00:49:47,160
more data data that's what we need right

1261
00:49:52,130 --> 00:49:49,200
yeah so get out there folks it may be

1262
00:49:54,950 --> 00:49:52,140
our own organization if Sean and I can

1263
00:49:56,809 --> 00:49:54,960

send you away from today's show with one

1264

00:49:59,809 --> 00:49:56,819

piece of advice at least on my behalf

1265

00:50:02,329 --> 00:49:59,819

that's it you want to be involved you

1266

00:50:04,549 --> 00:50:02,339

can't just sit and watch UFO Twitter all

1267

00:50:07,010 --> 00:50:04,559

day and watch YouTube videos you know

1268

00:50:08,089 --> 00:50:07,020

you everybody has to go outside sometime

1269

00:50:11,150 --> 00:50:08,099

or another

1270

00:50:13,250 --> 00:50:11,160

look up yeah have your camera ready you

1271

00:50:15,109 --> 00:50:13,260

know if you might hear a story from a

1272

00:50:16,849 --> 00:50:15,119

neighbor maybe it wasn't even you it's

1273

00:50:19,730 --> 00:50:16,859

like wow I saw this really weird ass

1274

00:50:21,710 --> 00:50:19,740

thing want to look at the video and look

1275

00:50:23,390 --> 00:50:21,720

at the video but then go you know what I

1276

00:50:24,530 --> 00:50:23,400

got a lot of friends who could probably

1277

00:50:26,690 --> 00:50:24,540

do something with that be interesting

1278

00:50:30,290 --> 00:50:26,700

can you send me a copy of that you know

1279

00:50:32,390 --> 00:50:30,300

and and share it whatever you find keep

1280

00:50:34,910 --> 00:50:32,400

adding to the conversation but keep

1281

00:50:37,010 --> 00:50:34,920

adding to the data we don't have to just

1282

00:50:39,770 --> 00:50:37,020

be drama queens and argue with each

1283

00:50:41,390 --> 00:50:39,780

other about you know what's this and

1284

00:50:43,670 --> 00:50:41,400

what's that and when you find people

1285

00:50:46,430 --> 00:50:43,680

doing fakes and they get proved knock

1286

00:50:48,349 --> 00:50:46,440

them down Blacklist them get them out of

1287

00:50:50,750 --> 00:50:48,359

the conversation we don't need that [h__\h]

1288

00:50:52,329 --> 00:50:50,760

no you know so that's my advice anyway

1289

00:50:54,829 --> 00:50:52,339

that's what makes people that's right

1290

00:50:56,390 --> 00:50:54,839

that's it that's exactly why people

1291

00:50:57,770 --> 00:50:56,400

don't share is we go oh I'm not gonna

1292

00:50:59,329 --> 00:50:57,780

get this people aren't gonna think it's

1293

00:51:00,890 --> 00:50:59,339

real or this and I don't even know if

1294

00:51:02,210 --> 00:51:00,900

it's real then I gotta explain that I

1295

00:51:05,990 --> 00:51:02,220

don't think it's real but I wanted to

1296

00:51:08,690 --> 00:51:06,000

share it it's like just share it and be

1297

00:51:12,890 --> 00:51:08,700

nice to each other and but what I what I

1298

00:51:13,549 --> 00:51:12,900

agree with it so much is

1299

00:51:16,150 --> 00:51:13,559

um

1300

00:51:19,309 --> 00:51:16,160

do something right

1301

00:51:20,990 --> 00:51:19,319

it's it for me it's really hard to be an

1302

00:51:22,730 --> 00:51:21,000

observer I always have to take part and

1303

00:51:25,549 --> 00:51:22,740

get in the middle of something and and

1304

00:51:28,670 --> 00:51:25,559

put a lot into it and try to help the

1305

00:51:31,309 --> 00:51:28,680

thing as much as I possibly can because

1306

00:51:33,530 --> 00:51:31,319

I don't like to live with regrets

1307

00:51:36,650 --> 00:51:33,540

regerts like the Snickers bar commercial

1308

00:51:40,309 --> 00:51:36,660

no regurgits but

1309

00:51:42,710 --> 00:51:40,319

um you had to do something but don't uh

1310

00:51:44,329 --> 00:51:42,720

don't put too much on yourself like be

1311

00:51:46,849 --> 00:51:44,339

honest with who you are in your

1312

00:51:49,010 --> 00:51:46,859

expectations of yourself if you can't do

1313

00:51:51,770 --> 00:51:49,020

much but you know that you can make one

1314

00:51:53,690 --> 00:51:51,780

call like a week then do it

1315

00:51:55,490 --> 00:51:53,700

uh if you can't leave the couch but you

1316

00:51:58,250 --> 00:51:55,500

got a great view of this guy leave your

1317

00:51:59,750 --> 00:51:58,260

camera there recording it who knows

1318

00:52:02,210 --> 00:51:59,760

you never know

1319

00:52:07,849 --> 00:52:02,220

write an email I have been looking into

1320

00:52:09,470 --> 00:52:07,859

a motion motion activated camera and I

1321

00:52:10,790 --> 00:52:09,480

have to sell this idea to my wife

1322

00:52:12,890 --> 00:52:10,800

because I already blow way too much

1323

00:52:15,170 --> 00:52:12,900

money on UFOs

1324

00:52:17,150 --> 00:52:15,180

um just not to watch for burglars or

1325

00:52:18,530 --> 00:52:17,160

raccoons or anything to point up at that

1326
00:52:20,690 --> 00:52:18,540
section of this guy where I saw the Tic

1327
00:52:22,849 --> 00:52:20,700
Tacs and just run that bastard all day

1328
00:52:24,470 --> 00:52:22,859
and then review it in the evening and if

1329
00:52:26,329 --> 00:52:24,480
it catches anything moving but the

1330
00:52:27,890 --> 00:52:26,339
camera is not the expensive part it's

1331
00:52:29,210 --> 00:52:27,900
this it's the motion detection software

1332
00:52:31,490 --> 00:52:29,220
that's really expensive and you have to

1333
00:52:33,349 --> 00:52:31,500
tie it into your Wi-Fi and all that but

1334
00:52:35,630 --> 00:52:33,359
if I get that I bet you I'll find more

1335
00:52:37,549 --> 00:52:35,640
if you could get some sort of video that

1336
00:52:40,490 --> 00:52:37,559
just there it's not a motion detector

1337
00:52:43,430 --> 00:52:40,500
it's just on all the time and you you

1338
00:52:47,089 --> 00:52:43,440

know it can show you shots of things

1339

00:52:49,370 --> 00:52:47,099

yeah I guess okay that it detected yeah

1340

00:52:51,710 --> 00:52:49,380

that requires some AI which there they

1341

00:52:53,930 --> 00:52:51,720

do have and but everything drives the

1342

00:52:55,010 --> 00:52:53,940

price up so we'll see I just realized I

1343

00:52:56,990 --> 00:52:55,020

said something I shouldn't have a little

1344

00:52:59,630 --> 00:52:57,000

while ago I I don't want people to give

1345

00:53:02,030 --> 00:52:59,640

up entirely on the government I I think

1346

00:53:04,490 --> 00:53:02,040

they still have a role to play

1347

00:53:06,710 --> 00:53:04,500

um if they can be persuaded to the only

1348

00:53:10,130 --> 00:53:06,720

thing they listen to is pressure

1349

00:53:12,010 --> 00:53:10,140

from the people who do the voting and if

1350

00:53:14,270 --> 00:53:12,020

they hear it from enough of those people

1351

00:53:16,430 --> 00:53:14,280

they will move mountains rather than

1352

00:53:19,130 --> 00:53:16,440

risk not getting another election and

1353

00:53:21,290 --> 00:53:19,140

that's the fact so whether it's on the

1354

00:53:23,750 --> 00:53:21,300

weekend of the big phone home too or

1355

00:53:25,430 --> 00:53:23,760

whenever although it would be best to to

1356

00:53:27,349 --> 00:53:25,440

do it on next weekend when we're doing

1357

00:53:29,990 --> 00:53:27,359

this because the bigger of a clot you

1358

00:53:31,790 --> 00:53:30,000

get the the more impact it has right but

1359

00:53:34,490 --> 00:53:31,800

yeah using the same phrase Sean used

1360

00:53:35,930 --> 00:53:34,500

make one call make two calls whatever

1361

00:53:37,670 --> 00:53:35,940

you think you can afford to do and and

1362

00:53:39,829 --> 00:53:37,680

send a couple of emails none of this

1363

00:53:42,530 --> 00:53:39,839

costs you anything everybody has two

1364

00:53:45,589 --> 00:53:42,540

senators and one member of Congress just

1365

00:53:48,829 --> 00:53:45,599

contact them and just say this is an

1366

00:53:50,210 --> 00:53:48,839

issue for me where do you stand how do

1367

00:53:51,370 --> 00:53:50,220

you feel about having public

1368

00:53:53,809 --> 00:53:51,380

Congressional

1369

00:53:56,150 --> 00:53:53,819

excuse me hearings

1370

00:53:58,190 --> 00:53:56,160

you know we did that in getting the

1371

00:54:00,109 --> 00:53:58,200

report out and the report got out right

1372

00:54:01,910 --> 00:54:00,119

and people and they met they responded

1373

00:54:03,470 --> 00:54:01,920

to the report and you can't tell me it

1374

00:54:05,390 --> 00:54:03,480

wasn't because they weren't hearing from

1375

00:54:07,730 --> 00:54:05,400

people they were hearing from people now

1376
00:54:09,770 --> 00:54:07,740
we need hearings and we can push the

1377
00:54:11,450 --> 00:54:09,780
ball further down the field but if you

1378
00:54:13,130 --> 00:54:11,460
want to participate you know you don't

1379
00:54:14,569 --> 00:54:13,140
have to start your own show like Sean

1380
00:54:16,670 --> 00:54:14,579
you don't have to become a journalist

1381
00:54:19,370 --> 00:54:16,680
you don't have to go out with a camera

1382
00:54:21,710 --> 00:54:19,380
crew and and record you know aliens

1383
00:54:24,950 --> 00:54:21,720
Landing just you know pick up the phone

1384
00:54:27,530 --> 00:54:24,960
write an email if enough of you do that

1385
00:54:28,970 --> 00:54:27,540
then we're going to move the ball we've

1386
00:54:32,089 --> 00:54:28,980
moved it before we're going to move it

1387
00:54:34,370 --> 00:54:32,099
again so please at least do that much if

1388
00:54:36,109 --> 00:54:34,380

you care at all just do that much yeah

1389

00:54:37,970 --> 00:54:36,119

it's bigger than you think it's the

1390

00:54:39,890 --> 00:54:37,980

culmination of the actions right A lot

1391

00:54:41,750 --> 00:54:39,900

of the times you go I'm not feeling like

1392

00:54:43,849 --> 00:54:41,760

it it's just me and it's not going to

1393

00:54:46,370 --> 00:54:43,859

really make a difference but uh that

1394

00:54:50,030 --> 00:54:46,380

mentality with everybody

1395

00:54:51,650 --> 00:54:50,040

um yeah is going to be a huge failure so

1396

00:54:52,970 --> 00:54:51,660

um what you can do as well is if you

1397

00:54:54,770 --> 00:54:52,980

know people

1398

00:54:56,329 --> 00:54:54,780

you can hold them accountable to make

1399

00:54:57,950 --> 00:54:56,339

that color really equal they hold you

1400

00:55:01,190 --> 00:54:57,960

accountable find a team buddy or

1401
00:55:02,750 --> 00:55:01,200
something rally each other so people can

1402
00:55:04,730 --> 00:55:02,760
get through that spot

1403
00:55:07,190 --> 00:55:04,740
where they feel like they can't do it

1404
00:55:09,109 --> 00:55:07,200
you know because they need that that

1405
00:55:10,730 --> 00:55:09,119
jolt from somebody else say hey buddy

1406
00:55:13,910 --> 00:55:10,740
you could do it it's fine

1407
00:55:15,950 --> 00:55:13,920
I did it yeah so you know be there for

1408
00:55:18,470 --> 00:55:15,960
each other and one person calling a

1409
00:55:21,170 --> 00:55:18,480
congressman doesn't do crap right but

1410
00:55:23,150 --> 00:55:21,180
any congressman from any District a

1411
00:55:25,250 --> 00:55:23,160
thousand people and that's not even

1412
00:55:26,930 --> 00:55:25,260
that's not even anywhere close to an

1413
00:55:29,990 --> 00:55:26,940

entire just but if they get a thousand

1414

00:55:32,750 --> 00:55:30,000

calls you know what who whichever Aid

1415

00:55:34,490 --> 00:55:32,760

took 20 of those calls and heard from

1416

00:55:35,690 --> 00:55:34,500

the rest of them they're picking up the

1417

00:55:37,730 --> 00:55:35,700

other phone and they're calling the

1418

00:55:39,349 --> 00:55:37,740

actual a lot of [h__h] happens in

1419

00:55:41,390 --> 00:55:39,359

Congressional offices that the Congress

1420

00:55:43,910 --> 00:55:41,400

members never even hear about it's all

1421

00:55:46,549 --> 00:55:43,920

handled by AIDS it's handled by staffers

1422

00:55:48,710 --> 00:55:46,559

by volunteers all sorts of stuff

1423

00:55:50,870 --> 00:55:48,720

a thousand calls about anything if it's

1424

00:55:52,370 --> 00:55:50,880

a penguin walking down Main Street the

1425

00:55:54,349 --> 00:55:52,380

phone's getting picked up and the actual

1426

00:55:57,230 --> 00:55:54,359

members being called and it's put into

1427

00:55:59,870 --> 00:55:57,240

their campaign ads no Penguins on the

1428

00:56:01,250 --> 00:55:59,880

street right unless everybody that

1429

00:56:03,289 --> 00:56:01,260

called was in favor of penguins then

1430

00:56:05,809 --> 00:56:03,299

it's like we need more penguins

1431

00:56:08,690 --> 00:56:05,819

you know and then you Gotta Throw the

1432

00:56:10,789 --> 00:56:08,700

Dolphins in there so exactly yeah it's

1433

00:56:13,490 --> 00:56:10,799

gonna be a couple years before we

1434

00:56:16,329 --> 00:56:13,500

get all the way to dolphins but I did

1435

00:56:20,690 --> 00:56:16,339

put some text on there see

1436

00:56:23,150 --> 00:56:20,700

I saw it I was in the back room

1437

00:56:25,870 --> 00:56:23,160

it's a great shot

1438

00:56:27,950 --> 00:56:25,880

oh thank you YouTube

1439

00:56:29,510 --> 00:56:27,960

there he is okay

1440

00:56:31,849 --> 00:56:29,520

okay all right YouTube is there nothing

1441

00:56:33,829 --> 00:56:31,859

you can't come up with yeah no just just

1442

00:56:35,450 --> 00:56:33,839

like five random words that you pick out

1443

00:56:38,450 --> 00:56:35,460

of a dictionary string them together put

1444

00:56:42,470 --> 00:56:38,460

it in YouTube you'll get a video

1445

00:56:45,410 --> 00:56:42,480

I already chose walrus convertible Chevy

1446

00:56:47,569 --> 00:56:45,420

and somewhere out there there is a video

1447

00:56:50,510 --> 00:56:47,579

of a walrus and a convertible eating an

1448

00:56:53,809 --> 00:56:50,520

artichoke it's there you just gotta go

1449

00:56:57,069 --> 00:56:53,819

look yeah squirrels farting peanuts and

1450

00:56:59,150 --> 00:56:57,079

300 foot tall trees while the UFOs

1451
00:57:00,349 --> 00:56:59,160
videotape it

1452
00:57:05,210 --> 00:57:00,359
exactly

1453
00:57:09,349 --> 00:57:07,010
that's that's an hour that that's what I

1454
00:57:10,490 --> 00:57:09,359
got on my day off to give you no bro my

1455
00:57:13,370 --> 00:57:10,500
appreciation I have to go back to

1456
00:57:15,530 --> 00:57:13,380
cannibalistic toads so yeah well you

1457
00:57:18,730 --> 00:57:15,540
know you do you let me know let me know

1458
00:57:20,870 --> 00:57:18,740
I can't wait to see what you find so

1459
00:57:22,490 --> 00:57:20,880
I think people will enjoy it it's not

1460
00:57:23,930 --> 00:57:22,500
UFO related but there's a lot of

1461
00:57:26,690 --> 00:57:23,940
fascinating stuff about evolution in

1462
00:57:28,010 --> 00:57:26,700
there and how rapidly things can we

1463
00:57:30,410 --> 00:57:28,020

think of evolution as something that

1464

00:57:32,089 --> 00:57:30,420

happens over you know obviously tens of

1465

00:57:34,670 --> 00:57:32,099

millions of years and things like that

1466

00:57:37,730 --> 00:57:34,680

and there's one species of animal down

1467

00:57:40,490 --> 00:57:37,740

there in Australia that has undergone an

1468

00:57:43,490 --> 00:57:40,500

incredible amount of evolution in 85

1469

00:57:47,210 --> 00:57:43,500

years well total almost a totally if the

1470

00:57:49,670 --> 00:57:47,220

DNA changed well in 85 years it's a

1471

00:57:51,109 --> 00:57:49,680

different animal in less than there are

1472

00:57:53,630 --> 00:57:51,119

people who were alive when they first

1473

00:57:56,150 --> 00:57:53,640

showed up who are still alive today and

1474

00:57:58,670 --> 00:57:56,160

they evolved that fast this is

1475

00:57:59,990 --> 00:57:58,680

revolutionary [h__\h]

1476

00:58:02,569 --> 00:58:00,000

yep

1477

00:58:03,650 --> 00:58:02,579

um well that's going to be the next I

1478

00:58:07,549 --> 00:58:03,660

guess

1479

00:58:09,849 --> 00:58:07,559

um like uh frog tripping are you gonna

1480

00:58:12,289 --> 00:58:09,859

lick the Frog and you evolved

1481

00:58:14,809 --> 00:58:12,299

I don't want to lick these because they

1482

00:58:17,569 --> 00:58:14,819

actually they have toxic skin it's

1483

00:58:19,069 --> 00:58:17,579

literally poisonous and where they wound

1484

00:58:20,750 --> 00:58:19,079

up they have no natural Predators

1485

00:58:22,789 --> 00:58:20,760

because they have toxic skin nothing can

1486

00:58:25,670 --> 00:58:22,799

eat them and they're just like exploding

1487

00:58:27,530 --> 00:58:25,680

in population oh my god really oh yeah

1488

00:58:29,329 --> 00:58:27,540

they were originally from South South

1489

00:58:30,950 --> 00:58:29,339

America and down there there was [h__h]

1490

00:58:32,569 --> 00:58:30,960

that evolved to eat them and kept them

1491

00:58:34,670 --> 00:58:32,579

under control there was that there was

1492

00:58:37,130 --> 00:58:34,680

just like toxic huh that's barbecue

1493

00:58:39,289 --> 00:58:37,140

sauce baby you know nothing in Australia

1494

00:58:41,230 --> 00:58:39,299

was set up to eat these guys oh my God

1495

00:58:44,510 --> 00:58:41,240

they came by once looked at them

1496

00:58:46,010 --> 00:58:44,520

nope songs they don't start getting

1497

00:58:48,530 --> 00:58:46,020

really big

1498

00:58:51,309 --> 00:58:48,540

10 inches is pretty big

1499

00:58:55,390 --> 00:58:51,319

oh yeah it's almost a foot

1500

00:58:58,150 --> 00:58:55,400

okay yeah okay all right all right

1501
00:59:00,970 --> 00:58:58,160
that's enough folks

1502
00:59:04,490 --> 00:59:00,980
all right

1503
00:59:06,950 --> 00:59:04,500
brother yep you too thanks for stopping

1504
00:59:09,829 --> 00:59:06,960
bye anytime

1505
00:59:12,890 --> 00:59:09,839
oh yes that was fun jazz is awesome love

1506
00:59:16,370 --> 00:59:12,900
the guy I'm so happy when he comes by

1507
00:59:18,289 --> 00:59:16,380
and uh we get to talk and the more he's

1508
00:59:20,210 --> 00:59:18,299
coming by

1509
00:59:22,130 --> 00:59:20,220
um I feel like we're even getting more

1510
00:59:24,710 --> 00:59:22,140
comfortable with each other and uh

1511
00:59:26,390 --> 00:59:24,720
learning each other a little more and

1512
00:59:30,289 --> 00:59:26,400
therefore we're we're able to play

1513
00:59:33,530 --> 00:59:30,299

around with that a little bit love it so

1514

00:59:35,410 --> 00:59:33,540

um yeah he's a great writer so if you

1515

00:59:38,510 --> 00:59:35,420

don't follow him follow him on Twitter

1516

00:59:41,990 --> 00:59:38,520

uh Ed Jazz show he's always on

1517

00:59:44,329 --> 00:59:42,000

unidentified celebrity review too

1518

00:59:48,589 --> 00:59:44,339

um but he's been a professional

1519

00:59:50,870 --> 00:59:48,599

journalist for a long time so I trust

1520

00:59:52,549 --> 00:59:50,880

you know the people on this show I that

1521

00:59:54,829 --> 00:59:52,559

bring on routinely

1522

00:59:57,230 --> 00:59:54,839

I have a lot of respect for so if

1523

00:59:59,630 --> 00:59:57,240

they're here more than once

1524

01:00:02,329 --> 00:59:59,640

you know they're with me

1525

01:00:04,870 --> 01:00:02,339

all right so

1526

01:00:07,730 --> 01:00:04,880

um yeah I don't think

1527

01:00:08,990 --> 01:00:07,740

uh unless some awesome happens I'm

1528

01:00:10,670 --> 01:00:09,000

probably not going to be here for the

1529

01:00:12,470 --> 01:00:10,680

weekend

1530

01:00:23,690 --> 01:00:12,480

so

1531

01:00:25,190 --> 01:00:23,700

oh and don't forget uh Vinnie Max and

1532

01:00:27,309 --> 01:00:25,200

myself

1533

01:00:32,450 --> 01:00:27,319

are starting a new channel together

1534

01:00:34,010 --> 01:00:32,460

called owls of disclosure

1535

01:00:36,109 --> 01:00:34,020

so

1536

01:00:38,809 --> 01:00:36,119

keep a lookout for that

1537

01:00:39,410 --> 01:00:38,819

did we learn anything new today I don't

1538

01:00:40,970 --> 01:00:39,420

know man

1539

01:00:44,630 --> 01:00:40,980

[Laughter]

1540

01:00:48,530 --> 01:00:44,640

I hope so uh I did yeah I learned a lot

1541

01:00:50,930 --> 01:00:48,540

about like space junk and uh today's is

1542

01:00:52,190 --> 01:00:50,940

Friday Friday we put our feet up kick

1543

01:00:54,950 --> 01:00:52,200

her shoes off

1544

01:00:58,609 --> 01:00:54,960

and relax I know it says boot camp you

1545

01:01:02,809 --> 01:01:01,430

so yeah no go follow Jazz Shaw thanks

1546

01:01:04,670 --> 01:01:02,819

spaghetti for the support I really

1547

01:01:07,430 --> 01:01:04,680

appreciate it

1548

01:01:09,410 --> 01:01:07,440

um Scott thanks for coming uh best

1549

01:01:13,490 --> 01:01:09,420

Grandmaster

1550

01:01:16,250 --> 01:01:13,500

I appreciate all you guys dragonfly

1551
01:01:17,870 --> 01:01:16,260
um Scott don't worry about that at all I

1552
01:01:19,970 --> 01:01:17,880
am good

1553
01:01:20,990 --> 01:01:19,980
Jared thanks for hanging out appreciate

1554
01:01:26,150 --> 01:01:21,000
you

1555
01:01:28,849 --> 01:01:26,160
gray what's up yeah thanks for hanging

1556
01:01:30,049 --> 01:01:28,859
out awesome to have you I like is that

1557
01:01:32,510 --> 01:01:30,059
um

1558
01:01:35,450 --> 01:01:32,520
said some sort of uh

1559
01:01:36,950 --> 01:01:35,460
that looks like a Tascam machine that

1560
01:01:39,589 --> 01:01:36,960
you have on there

1561
01:01:41,390 --> 01:01:39,599
like a tape recorder test game but those

1562
01:01:44,809 --> 01:01:41,400
pads are too big there's some sort of

1563
01:01:51,829 --> 01:01:48,650

um done what's up Don Robert

1564

01:01:55,430 --> 01:01:51,839

thank you everybody for hanging out

1565

01:01:58,609 --> 01:01:55,440

if I miss somebody I'm sorry

1566

01:02:07,010 --> 01:02:01,010

go outside

1567

01:02:08,750 --> 01:02:07,020

and just try to find some peace you know

1568

01:02:10,730 --> 01:02:08,760

if there's a lot of people around try to

1569

01:02:11,990 --> 01:02:10,740

find a peaceful spot where there's no

1570

01:02:14,510 --> 01:02:12,000

people

1571

01:02:17,569 --> 01:02:14,520

and you can just be there

1572

01:02:20,450 --> 01:02:17,579

and breathe slowly and just chill

1573

01:02:23,270 --> 01:02:20,460

with your thoughts you know and look at

1574

01:02:23,280 --> 01:02:26,029

so

1575

01:02:31,069 --> 01:02:28,670

that's

1576

01:02:34,010 --> 01:02:31,079

what you guys should do this weekend

1577

01:02:36,950 --> 01:02:34,020

spaghetti you're sick I'm sorry

1578

01:02:38,809 --> 01:02:36,960

get better spaghetti

1579

01:02:40,309 --> 01:02:38,819

sorry about that

1580

01:02:42,109 --> 01:02:40,319

um

1581

01:02:43,849 --> 01:02:42,119

yeah if we go live tomorrow let's make

1582

01:02:46,190 --> 01:02:43,859

it like uh share your experience thing

1583

01:02:47,990 --> 01:02:46,200

we'll do something like that

1584

01:02:49,490 --> 01:02:48,000

um but yeah I appreciate you guys

1585

01:02:51,410 --> 01:02:49,500

hanging out the big phone home is coming

1586

01:02:54,109 --> 01:02:51,420

up that is really where we have an

1587

01:02:58,069 --> 01:02:54,119

opportunity to make a difference as

1588

01:03:02,089 --> 01:02:59,809

you know some some people have been

1589

01:03:04,670 --> 01:03:02,099

following this for for a long time a lot

1590

01:03:07,130 --> 01:03:04,680

way longer than me

1591

01:03:08,809 --> 01:03:07,140

you know so when it comes time to

1592

01:03:10,549 --> 01:03:08,819

something like for something like the

1593

01:03:12,410 --> 01:03:10,559

big phone home it's it's done with a

1594

01:03:16,670 --> 01:03:12,420

purpose we want to create pressure so

1595

01:03:20,390 --> 01:03:18,529

Congress in the white house so that

1596

01:03:21,890 --> 01:03:20,400

movements can be made

1597

01:03:23,930 --> 01:03:21,900

because people don't move without

1598

01:03:26,450 --> 01:03:23,940

someone pushing them and that's what

1599

01:03:33,289 --> 01:03:28,609

now if you're in this

1600

01:03:33,299 --> 01:03:37,609

it's fine I guess

1601
01:03:41,329 --> 01:03:40,010
but I don't think you are I think you've

1602
01:03:42,529 --> 01:03:41,339
been following this for a long time and

1603
01:03:44,210 --> 01:03:42,539
some of you

1604
01:03:45,770 --> 01:03:44,220
can't stop thinking about it because

1605
01:03:49,069 --> 01:03:45,780
it's an experience you may have had like

1606
01:03:49,079 --> 01:03:53,329
or jazz

1607
01:03:53,339 --> 01:03:59,029
so for people like that

1608
01:04:03,349 --> 01:04:01,430
and since you are here watching all of

1609
01:04:04,609 --> 01:04:03,359
it heaven

1610
01:04:07,130 --> 01:04:04,619
make

1611
01:04:09,650 --> 01:04:07,140
a phone call or send an email or a help

1612
01:04:12,950 --> 01:04:09,660
big phone home share the post

1613
01:04:15,589 --> 01:04:12,960

just activate yourself right

1614

01:04:18,529 --> 01:04:15,599

and it's cliché but it's cliché because

1615

01:04:21,950 --> 01:04:18,539

it's true when you're done

1616

01:04:24,529 --> 01:04:21,960

you're gonna feel pretty good about it

1617

01:04:27,890 --> 01:04:24,539

now I'm doing this show every day

1618

01:04:33,770 --> 01:04:29,809

some days I'm tired

1619

01:04:35,809 --> 01:04:33,780

some days I don't know what I'm doing

1620

01:04:38,150 --> 01:04:35,819

some days I don't know if they're UFOs

1621

01:04:41,210 --> 01:04:38,160

or Chinese craft

1622

01:04:43,490 --> 01:04:41,220

some days I don't know if I'm crazy or I

1623

01:04:46,430 --> 01:04:43,500

actually saw something

1624

01:04:46,440 --> 01:04:51,410

know that most of us are like that

1625

01:04:56,150 --> 01:04:54,529

here you know

1626

01:04:58,069 --> 01:04:56,160

so

1627

01:04:59,750 --> 01:04:58,079

let's just try to work together to get

1628

01:05:02,270 --> 01:04:59,760

something done

1629

01:05:05,150 --> 01:05:02,280

right and have a good weekend

1630

01:05:09,890 --> 01:05:07,490

Move On Emotion

1631

01:05:14,750 --> 01:05:09,900

it's powerful

1632

01:05:26,630 --> 01:05:15,860

bye guys
