

Witness

Citrix em

1
00:00:06,550 --> 00:00:03,909
what's up everybody it is

2
00:00:08,950 --> 00:00:06,560
uh thursday today and we have a very

3
00:00:10,549 --> 00:00:08,960
special guest on

4
00:00:12,950 --> 00:00:10,559
um

5
00:00:14,789 --> 00:00:12,960
robert cofort he's been

6
00:00:17,269 --> 00:00:14,799
in the chat hanging out with us for

7
00:00:19,269 --> 00:00:17,279
quite a while um he's a great guy he

8
00:00:20,790 --> 00:00:19,279
always helps me get out of uh some

9
00:00:23,349 --> 00:00:20,800
ditches i dig

10
00:00:24,950 --> 00:00:23,359
on my own

11
00:00:26,950 --> 00:00:24,960
um so

12
00:00:28,550 --> 00:00:26,960
i'm just really happy to have him here

13
00:00:30,950 --> 00:00:28,560

what's up scott

14

00:00:33,430 --> 00:00:30,960

uh he's gonna take us through a couple

15

00:00:36,069 --> 00:00:33,440

of things we will talk about uh maybe

16

00:00:37,750 --> 00:00:36,079

aztec new mexico and

17

00:00:39,790 --> 00:00:37,760

the date of march

18

00:00:41,430 --> 00:00:39,800

25th

19

00:00:43,750 --> 00:00:41,440

1948.

20

00:00:46,790 --> 00:00:43,760

um so

21

00:00:50,410 --> 00:00:46,800

we'll be back in a flash with mr goford

22

00:01:02,950 --> 00:00:50,420

himself hang tight

23

00:01:05,400 --> 00:01:02,960

[Music]

24

00:01:10,460 --> 00:01:05,410

so

25

00:01:10,470 --> 00:01:18,630

[Music]

26

00:01:41,670 --> 00:01:20,470

so

27

00:01:44,149 --> 00:01:41,680

[Music]

28

00:01:46,950 --> 00:01:44,159

all right yeah so

29

00:01:49,109 --> 00:01:46,960

um we are going to

30

00:01:51,109 --> 00:01:49,119

get started here oh thanks scott i

31

00:01:52,149 --> 00:01:51,119

appreciate it ethereal aura thanks for

32

00:01:56,310 --> 00:01:52,159

hanging out

33

00:01:57,910 --> 00:01:56,320

that engaged good to see you um yes so i

34

00:02:00,709 --> 00:01:57,920

guess we don't have to waste any more

35

00:02:02,389 --> 00:02:00,719

time so we can all meet

36

00:02:05,190 --> 00:02:02,399

the man himself

37

00:02:06,389 --> 00:02:05,200

mr robert culford how are you hey hey

38

00:02:08,469 --> 00:02:06,399

everybody

39

00:02:10,229 --> 00:02:08,479

did you just give me the star trek thing

40

00:02:13,350 --> 00:02:10,239

my hand

41

00:02:15,830 --> 00:02:13,360

oh really

42

00:02:20,070 --> 00:02:15,840

see i can't close my finger

43

00:02:24,309 --> 00:02:21,990

well thanks for joining us i mean it's

44

00:02:26,550 --> 00:02:24,319

nice to actually

45

00:02:29,350 --> 00:02:26,560

um like i was saying before we started

46

00:02:30,630 --> 00:02:29,360

it's nice to put a face to the name uh

47

00:02:31,750 --> 00:02:30,640

because you're always so supportive in

48

00:02:33,270 --> 00:02:31,760

the chat

49

00:02:34,150 --> 00:02:33,280

and um

50

00:02:35,830 --> 00:02:34,160

you know

51
00:02:37,990 --> 00:02:35,840
honestly you do help me out sometimes

52
00:02:40,869 --> 00:02:38,000
when i screw up

53
00:02:43,270 --> 00:02:40,879
so i really appreciate that

54
00:02:45,589 --> 00:02:43,280
yeah so

55
00:02:48,470 --> 00:02:45,599
one more time you keep me in line too

56
00:02:56,309 --> 00:02:52,470
uh well you know uh dolan's bar hello

57
00:02:58,869 --> 00:02:56,319
megan hello jared hello um so

58
00:03:01,350 --> 00:02:58,879
march 25th 1948

59
00:03:05,270 --> 00:03:01,360
that's a date that you're looking really

60
00:03:07,509 --> 00:03:05,280
into that you investigate right yeah uh

61
00:03:09,190 --> 00:03:07,519
i don't remember the first time it

62
00:03:10,949 --> 00:03:09,200
started but it it was

63
00:03:12,470 --> 00:03:10,959

i had stuff on ask you know if you go

64

00:03:14,229 --> 00:03:12,480

through the blue files there's a bunch

65

00:03:15,110 --> 00:03:14,239

of stuff on aztec in there it's really

66

00:03:17,190 --> 00:03:15,120

weird

67

00:03:19,910 --> 00:03:17,200

you know interesting you go

68

00:03:21,190 --> 00:03:19,920

if this is such a stupid case how come

69

00:03:22,949 --> 00:03:21,200

osi and

70

00:03:24,789 --> 00:03:22,959

how come you keep running into it over

71

00:03:26,309 --> 00:03:24,799

the years you go through the files and

72

00:03:27,350 --> 00:03:26,319

then you'll run into another one you go

73

00:03:29,750 --> 00:03:27,360

what

74

00:03:32,309 --> 00:03:29,760

this again you know and i was like that

75

00:03:34,550 --> 00:03:32,319

i had those files on my computer and

76

00:03:36,869 --> 00:03:34,560

then i got to know scott and suzanne

77

00:03:39,270 --> 00:03:36,879

ramsey they're the premier and

78

00:03:39,990 --> 00:03:39,280

modern-day investigators with their team

79

00:03:41,910 --> 00:03:40,000

sure

80

00:03:44,630 --> 00:03:41,920

in aztec

81

00:03:45,589 --> 00:03:44,640

and i asked him about that date

82

00:03:49,110 --> 00:03:45,599

and

83

00:03:50,229 --> 00:03:49,120

he can he conferred to me that he was

84

00:03:52,390 --> 00:03:50,239

sure

85

00:03:55,190 --> 00:03:52,400

uh of one thing at least two of his

86

00:03:57,190 --> 00:03:55,200

witnesses did not know each other at all

87

00:03:59,350 --> 00:03:57,200

never met each other didn't know and

88

00:04:01,429 --> 00:03:59,360

still they came up with that date

89

00:04:03,270 --> 00:04:01,439

so you'd have like four maybe four to

90

00:04:04,149 --> 00:04:03,280

seven people and they all said the same

91

00:04:05,030 --> 00:04:04,159

date

92

00:04:06,390 --> 00:04:05,040

well

93

00:04:08,070 --> 00:04:06,400

so and that's something we don't have

94

00:04:10,070 --> 00:04:08,080

with roswell we don't know the exact

95

00:04:11,429 --> 00:04:10,080

date of what really happened right

96

00:04:13,670 --> 00:04:11,439

people say different things happen on

97

00:04:15,190 --> 00:04:13,680

the seventh heaven on the fourth

98

00:04:17,189 --> 00:04:15,200

happened on the weekend of the fourth of

99

00:04:18,390 --> 00:04:17,199

july you know we don't really

100

00:04:19,509 --> 00:04:18,400

have an exact

101
00:04:21,990 --> 00:04:19,519
date like

102
00:04:23,749 --> 00:04:22,000
this happened on this date in roswell

103
00:04:26,310 --> 00:04:23,759
it's kind of across the board depends on

104
00:04:29,510 --> 00:04:26,320
who you talk to so what started you down

105
00:04:30,390 --> 00:04:29,520
the train here of of this date

106
00:04:32,070 --> 00:04:30,400
um

107
00:04:33,670 --> 00:04:32,080
that's what i'm saying i can't remember

108
00:04:35,590 --> 00:04:33,680
when i first but i

109
00:04:36,870 --> 00:04:35,600
i think it was because when i was going

110
00:04:38,710 --> 00:04:36,880
through the blue book files there were a

111
00:04:40,310 --> 00:04:38,720
couple times i came across that date i

112
00:04:42,710 --> 00:04:40,320
kept mentioning it

113
00:04:44,550 --> 00:04:42,720

and i kept eventually i said what is

114

00:04:47,030 --> 00:04:44,560

with that date and that's when i talked

115

00:04:50,790 --> 00:04:47,040

to scott and i realized whoa

116

00:04:51,670 --> 00:04:50,800

could it be you know so then i went back

117

00:04:53,270 --> 00:04:51,680

for the

118

00:04:56,230 --> 00:04:53,280

how many is the only time pouring back

119

00:04:58,390 --> 00:04:56,240

through the blue book files

120

00:04:59,990 --> 00:04:58,400

with the idea of just looking for that

121

00:05:01,350 --> 00:05:00,000

date and that's it

122

00:05:04,550 --> 00:05:01,360

and i started

123

00:05:07,029 --> 00:05:04,560

bing after bing after bing you know over

124

00:05:08,870 --> 00:05:07,039

and over again and started piling up

125

00:05:11,749 --> 00:05:08,880

and i started seeing reference to this

126

00:05:13,350 --> 00:05:11,759

army letter uh army id letter over and

127

00:05:16,150 --> 00:05:13,360

over again i was like what's with this i

128

00:05:19,110 --> 00:05:16,160

gotta find this army directive you know

129

00:05:21,189 --> 00:05:19,120

so move to that i i spent all my time

130

00:05:23,189 --> 00:05:21,199

staying up late at night

131

00:05:24,550 --> 00:05:23,199

when any moment i had to go through the

132

00:05:26,710 --> 00:05:24,560

documents again

133

00:05:28,710 --> 00:05:26,720

trying to find that directive i finally

134

00:05:31,830 --> 00:05:28,720

found it that's that two-page

135

00:05:34,550 --> 00:05:31,840

army id directive i sent you uh from

136

00:05:36,629 --> 00:05:34,560

okay and i i think i should pause here

137

00:05:38,790 --> 00:05:36,639

we should do a little background yeah go

138

00:05:40,870 --> 00:05:38,800

ahead okay uh

139

00:05:43,430 --> 00:05:40,880

so that we can understand and i think it

140

00:05:46,390 --> 00:05:43,440

explains a lot actually so let's go back

141

00:05:48,230 --> 00:05:46,400

world war ii world war ii is ending

142

00:05:49,270 --> 00:05:48,240

and there are two things on the table

143

00:05:49,990 --> 00:05:49,280

one

144

00:05:51,990 --> 00:05:50,000

uh

145

00:05:53,590 --> 00:05:52,000

supposedly president truman but

146

00:05:55,749 --> 00:05:53,600

generally

147

00:05:57,270 --> 00:05:55,759

there was a general consensus that a

148

00:05:58,390 --> 00:05:57,280

permanent

149

00:06:02,710 --> 00:05:58,400

agency

150

00:06:05,430 --> 00:06:02,720

needed to be created

151

00:06:06,870 --> 00:06:05,440

right that would just be an agency and

152

00:06:08,230 --> 00:06:06,880

they wouldn't be here and gone you know

153

00:06:09,350 --> 00:06:08,240

we could count it

154

00:06:11,670 --> 00:06:09,360

and

155

00:06:13,270 --> 00:06:11,680

they knew a new air force was coming

156

00:06:16,150 --> 00:06:13,280

there was no air force it was only the

157

00:06:18,070 --> 00:06:16,160

army the army was the army ground forces

158

00:06:21,110 --> 00:06:18,080

and the army air forces

159

00:06:24,309 --> 00:06:21,120

they controlled everything and when

160

00:06:25,830 --> 00:06:24,319

46 at the end of the war they were tying

161

00:06:27,990 --> 00:06:25,840

all this stuff together

162

00:06:30,070 --> 00:06:28,000

the cig had been created the cig was

163

00:06:31,990 --> 00:06:30,080

created essentially by the army it's an

164

00:06:34,309 --> 00:06:32,000

army intelligence

165

00:06:36,550 --> 00:06:34,319

type of thing right

166

00:06:37,749 --> 00:06:36,560

but it's they know it's just in turn

167

00:06:40,070 --> 00:06:37,759

because they're looking towards a

168

00:06:41,510 --> 00:06:40,080

permanent civilian agency but in the

169

00:06:43,430 --> 00:06:41,520

meantime we've got the central

170

00:06:44,230 --> 00:06:43,440

intelligence group

171

00:06:47,270 --> 00:06:44,240

well

172

00:06:49,430 --> 00:06:47,280

in 47 when they finally signed the

173

00:06:51,350 --> 00:06:49,440

national security act and the air force

174

00:06:53,990 --> 00:06:51,360

comes into being

175

00:06:55,510 --> 00:06:54,000

the arm the war department general staff

176
00:06:57,670 --> 00:06:55,520
ceases to become

177
00:06:59,270 --> 00:06:57,680
a thing and now it's the department of

178
00:06:59,990 --> 00:06:59,280
defense

179
00:07:02,390 --> 00:07:00,000
right

180
00:07:03,189 --> 00:07:02,400
the air force and the cia comes into

181
00:07:05,749 --> 00:07:03,199
being

182
00:07:07,990 --> 00:07:05,759
well the central intelligence group in a

183
00:07:10,870 --> 00:07:08,000
lot of ways didn't disappear

184
00:07:13,670 --> 00:07:10,880
it kinda in more than just kinda came

185
00:07:16,790 --> 00:07:13,680
became the army intelligence

186
00:07:19,830 --> 00:07:16,800
uh division intelligence group

187
00:07:22,150 --> 00:07:19,840
still called the intelligence group and

188
00:07:24,469 --> 00:07:22,160

coincidentally the chief intelligence

189

00:07:27,270 --> 00:07:24,479

group when you see that cig only there's

190

00:07:30,390 --> 00:07:27,280

a line so in a sense the cia becomes a

191

00:07:32,629 --> 00:07:30,400

ca but the cig remains an army thing and

192

00:07:35,350 --> 00:07:32,639

they remain something

193

00:07:37,029 --> 00:07:35,360

too you know they don't disappear right

194

00:07:38,790 --> 00:07:37,039

that's important to know because for

195

00:07:41,589 --> 00:07:38,800

instance like in the

196

00:07:43,350 --> 00:07:41,599

in the march 25th case

197

00:07:45,589 --> 00:07:43,360

the reason i got to work of that

198

00:07:47,990 --> 00:07:45,599

directive is from riley colonel

199

00:07:49,189 --> 00:07:48,000

reillyannis chief of the intelligence

200

00:07:50,309 --> 00:07:49,199

group

201
00:07:51,909 --> 00:07:50,319
and

202
00:07:53,990 --> 00:07:51,919
they're the ones that seem the most

203
00:07:56,230 --> 00:07:54,000
important most interested in whatever

204
00:07:58,950 --> 00:07:56,240
happened on that date

205
00:08:01,029 --> 00:07:58,960
do you want me to bring up anything in

206
00:08:05,510 --> 00:08:01,039
particular right now those two that's

207
00:08:06,950 --> 00:08:05,520
cig uh 40 452.1 those there's one and

208
00:08:09,909 --> 00:08:06,960
two

209
00:08:13,029 --> 00:08:09,919
okay let me see if i got it is it uh

210
00:08:14,309 --> 00:08:13,039
dated february 26 no well you can pull

211
00:08:16,150 --> 00:08:14,319
that one up you wrong because actually

212
00:08:17,350 --> 00:08:16,160
pull that one up you can see that's two

213
00:08:19,589 --> 00:08:17,360

page also

214

00:08:21,589 --> 00:08:19,599

this is essentially the same thing as

215

00:08:24,710 --> 00:08:21,599

what we'll be talking about

216

00:08:27,749 --> 00:08:24,720

air defense command directive 45.5

217

00:08:29,350 --> 00:08:27,759

and air force regulation 200-1 both of

218

00:08:31,589 --> 00:08:29,360

those

219

00:08:33,670 --> 00:08:31,599

are pretty much the same thing as this

220

00:08:36,230 --> 00:08:33,680

directive they're all called reporting

221

00:08:37,190 --> 00:08:36,240

of information on flying discs

222

00:08:39,029 --> 00:08:37,200

it's

223

00:08:41,190 --> 00:08:39,039

general you notice something here look

224

00:08:43,190 --> 00:08:41,200

at these uh

225

00:08:45,190 --> 00:08:43,200

uh commanding air material command

226
00:08:46,550 --> 00:08:45,200
pacific air command remember what we

227
00:08:47,910 --> 00:08:46,560
were talking about yesterday those

228
00:08:50,310 --> 00:08:47,920
emails

229
00:08:51,590 --> 00:08:50,320
all these places were on that email too

230
00:08:53,430 --> 00:08:51,600
yeah

231
00:08:54,870 --> 00:08:53,440
this is all the people

232
00:08:57,590 --> 00:08:54,880
connected to the army that would be

233
00:09:00,150 --> 00:08:57,600
connected with air defense

234
00:09:02,630 --> 00:09:00,160
in in commands all over the

235
00:09:04,630 --> 00:09:02,640
place yeah

236
00:09:07,190 --> 00:09:04,640
this is this one

237
00:09:09,509 --> 00:09:07,200
was originally released on 6 february

238
00:09:11,590 --> 00:09:09,519

1948 in its original

239

00:09:14,230 --> 00:09:11,600

okay and this is the more what i found

240

00:09:16,630 --> 00:09:14,240

is each time it's updated

241

00:09:19,190 --> 00:09:16,640

it gets a new date same directives and

242

00:09:22,150 --> 00:09:19,200

everything but then you get a new date

243

00:09:24,949 --> 00:09:22,160

it's the same director and it turns out

244

00:09:27,509 --> 00:09:24,959

every time they had a really good

245

00:09:31,269 --> 00:09:27,519

sighting that was qualified by the

246

00:09:34,230 --> 00:09:31,279

military as a as a we accept this

247

00:09:36,790 --> 00:09:34,240

sighting they would change the date

248

00:09:37,910 --> 00:09:36,800

to like a marker

249

00:09:40,710 --> 00:09:37,920

interesting

250

00:09:42,949 --> 00:09:40,720

later the the last update for for

251
00:09:45,030 --> 00:09:42,959
instance the version of this was which

252
00:09:47,030 --> 00:09:45,040
was adc455

253
00:09:49,269 --> 00:09:47,040
the last update i tracked was for april

254
00:09:51,670 --> 00:09:49,279
11 1951.

255
00:09:53,030 --> 00:09:51,680
uh sure enough

256
00:09:54,790 --> 00:09:53,040
same thing

257
00:09:56,550 --> 00:09:54,800
incident happened at mccord air force

258
00:09:58,070 --> 00:09:56,560
base in washington on the 11th and the

259
00:09:58,870 --> 00:09:58,080
12th

260
00:10:01,509 --> 00:09:58,880
so

261
00:10:03,910 --> 00:10:01,519
it matches up i have many more of those

262
00:10:05,670 --> 00:10:03,920
cases to check to absolutely but i've

263
00:10:07,990 --> 00:10:05,680

seen enough now for myself that i know

264

00:10:10,389 --> 00:10:08,000

that's they were updating it

265

00:10:11,910 --> 00:10:10,399

coincidentally with some important

266

00:10:13,110 --> 00:10:11,920

signing

267

00:10:15,509 --> 00:10:13,120

so

268

00:10:16,470 --> 00:10:15,519

trying to find that cig one for you but

269

00:10:21,910 --> 00:10:16,480

i'm

270

00:10:24,069 --> 00:10:21,920

um did you send it within the next the

271

00:10:26,949 --> 00:10:24,079

last couple days

272

00:10:32,230 --> 00:10:26,959

it should be it should be ba should be

273

00:10:35,190 --> 00:10:32,240

bbf bob k gscid 452 101 and there should

274

00:10:38,550 --> 00:10:36,540

no see

275

00:10:40,790 --> 00:10:38,560

[Music]

276

00:10:44,829 --> 00:10:40,800

let me just bring up what we got and you

277

00:10:49,990 --> 00:10:46,949

so this one

278

00:10:51,590 --> 00:10:50,000

no that's uh cabot we'll talk about him

279

00:10:54,470 --> 00:10:51,600

in a little bit

280

00:10:56,069 --> 00:10:54,480

this is talking about the the nato at

281

00:10:57,190 --> 00:10:56,079

the beginning of nato so we'll talk

282

00:10:59,030 --> 00:10:57,200

about

283

00:11:00,949 --> 00:10:59,040

that's uh maybe

284

00:11:03,750 --> 00:11:00,959

it would be silly it just seems like i

285

00:11:05,190 --> 00:11:03,760

should have sent that to you

286

00:11:07,590 --> 00:11:05,200

i can email it to you really quick if

287

00:11:08,790 --> 00:11:07,600

that yeah go in let me do that just so

288

00:11:10,230 --> 00:11:08,800

we know

289

00:11:14,470 --> 00:11:10,240

this is important

290

00:11:16,470 --> 00:11:14,480

yeah super quick um you do that yeah

291

00:11:19,190 --> 00:11:16,480

so yeah this is a very interesting case

292

00:11:20,550 --> 00:11:19,200

for sure i mean the the one thing i had

293

00:11:21,590 --> 00:11:20,560

noticed

294

00:11:22,949 --> 00:11:21,600

um in

295

00:11:25,030 --> 00:11:22,959

you know you don't have to pay attention

296

00:11:32,150 --> 00:11:25,040

i mean

297

00:11:34,550 --> 00:11:32,160

recently gone through and everything and

298

00:11:37,509 --> 00:11:34,560

have looked for

299

00:11:40,550 --> 00:11:37,519

i don't really i never find an aztec

300

00:11:43,590 --> 00:11:42,389

you know so it's really interesting to

301
00:11:46,310 --> 00:11:43,600
me

302
00:11:48,870 --> 00:11:46,320
because obviously so much happened

303
00:11:52,710 --> 00:11:48,880
on the 25th

304
00:11:53,040 --> 00:11:52,720
so everything i find is los alamos or

305
00:11:54,629 --> 00:11:53,050
um

306
00:11:56,710 --> 00:11:54,639
[Music]

307
00:11:57,829 --> 00:11:56,720
sandria bass is that how you pronounce

308
00:12:01,670 --> 00:11:57,839
it

309
00:12:03,910 --> 00:12:01,680
yeah or sandia or that's a lab right

310
00:12:05,350 --> 00:12:03,920
yeah so

311
00:12:06,629 --> 00:12:05,360
all right and they all had they're all

312
00:12:08,389 --> 00:12:06,639
little flaps

313
00:12:10,949 --> 00:12:08,399

i'm watching so whenever she comes

314

00:12:12,069 --> 00:12:10,959

through i get it

315

00:12:13,910 --> 00:12:12,079

well

316

00:12:16,389 --> 00:12:13,920

it's funny too and i'm trying to make

317

00:12:18,230 --> 00:12:16,399

the point that what i think there's

318

00:12:19,350 --> 00:12:18,240

especially it ties in with the uap thing

319

00:12:21,829 --> 00:12:19,360

too because

320

00:12:23,350 --> 00:12:21,839

in my opinion well what i felt like when

321

00:12:24,790 --> 00:12:23,360

they first did it

322

00:12:27,509 --> 00:12:24,800

one reason they would want to

323

00:12:29,670 --> 00:12:27,519

concentrate on changing the term to uap

324

00:12:31,110 --> 00:12:29,680

is the uap is you probably already seen

325

00:12:33,910 --> 00:12:31,120

this too through all the files you've

326

00:12:35,750 --> 00:12:33,920

gone through that's not a new term

327

00:12:37,509 --> 00:12:35,760

from the very beginning but mostly they

328

00:12:38,470 --> 00:12:37,519

used it for aerial phenomena like what

329

00:12:41,509 --> 00:12:38,480

you saw

330

00:12:44,150 --> 00:12:41,519

right wisp type stuff balls of light

331

00:12:45,829 --> 00:12:44,160

light phenomena they would call that you

332

00:12:46,629 --> 00:12:45,839

know uap

333

00:12:49,430 --> 00:12:46,639

but

334

00:12:52,069 --> 00:12:49,440

that was why they designated the terms

335

00:12:53,990 --> 00:12:52,079

flying disc and unconventional aircraft

336

00:12:56,710 --> 00:12:54,000

because they wanted to separate those

337

00:12:59,350 --> 00:12:56,720

two categories interesting the flying

338

00:13:01,829 --> 00:12:59,360

discs and as unconventional aircraft

339

00:13:04,069 --> 00:13:01,839

were solid objects and they wanted to

340

00:13:04,949 --> 00:13:04,079

make a point of that these weren't

341

00:13:06,470 --> 00:13:04,959

lights

342

00:13:08,790 --> 00:13:06,480

that you could see through these were

343

00:13:10,550 --> 00:13:08,800

solid crap in fact one of the documents

344

00:13:12,069 --> 00:13:10,560

that you have that i sent you that's the

345

00:13:14,550 --> 00:13:12,079

last thing on my

346

00:13:16,790 --> 00:13:14,560

chapter one of my you know book

347

00:13:17,509 --> 00:13:16,800

that very clearly that in

348

00:13:19,350 --> 00:13:17,519

when

349

00:13:21,350 --> 00:13:19,360

howard mccoys colonel howard mccoys

350

00:13:23,590 --> 00:13:21,360

there's page one of the document right

351

00:13:26,389 --> 00:13:23,600

there oh got it

352

00:13:29,430 --> 00:13:26,399

so you'll see it's in general form it's

353

00:13:31,430 --> 00:13:29,440

it's very similar to the 26 release of

354

00:13:33,350 --> 00:13:31,440

reporting information and flying disks

355

00:13:35,430 --> 00:13:33,360

yeah when's reporting information on

356

00:13:37,350 --> 00:13:35,440

unconventional aircraft so see they're

357

00:13:39,829 --> 00:13:37,360

changing the the armies using

358

00:13:41,110 --> 00:13:39,839

unconventional aircraft as their term

359

00:13:42,710 --> 00:13:41,120

because

360

00:13:44,550 --> 00:13:42,720

they want to make sure that the nuts and

361

00:13:46,150 --> 00:13:44,560

bolts physical things people are seeing

362

00:13:49,030 --> 00:13:46,160

are separated

363

00:13:51,430 --> 00:13:49,040

right the will of the wisp stuff why do

364

00:13:53,030 --> 00:13:51,440

you think they were trying to do that

365

00:13:55,910 --> 00:13:53,040

because this

366

00:13:58,389 --> 00:13:55,920

is the national security side of it

367

00:14:00,710 --> 00:13:58,399

the other stuff is more of the project

368

00:14:01,990 --> 00:14:00,720

blue book side of it because they know

369

00:14:04,550 --> 00:14:02,000

we're never going to be explaining that

370

00:14:06,150 --> 00:14:04,560

stuff so right it's okay to talk about

371

00:14:08,230 --> 00:14:06,160

all that stuff you know

372

00:14:09,910 --> 00:14:08,240

don't talk about a

373

00:14:11,829 --> 00:14:09,920

round airplane

374

00:14:13,350 --> 00:14:11,839

that you see you know

375

00:14:15,189 --> 00:14:13,360

well we'll kind of

376

00:14:17,509 --> 00:14:15,199

because that points to it's a physical

377

00:14:19,829 --> 00:14:17,519

something so again they go is it russian

378

00:14:22,310 --> 00:14:19,839

this is who are these

379

00:14:24,389 --> 00:14:22,320

and that's why the tic tac things

380

00:14:26,150 --> 00:14:24,399

so important because it's not a uap it's

381

00:14:28,470 --> 00:14:26,160

a physical

382

00:14:30,550 --> 00:14:28,480

yeah that's interesting

383

00:14:32,790 --> 00:14:30,560

and i wonder if they're related or not

384

00:14:35,350 --> 00:14:32,800

or if they're just really are completely

385

00:14:37,189 --> 00:14:35,360

different yeah no

386

00:14:40,470 --> 00:14:37,199

it's got to be related somehow but maybe

387

00:14:42,949 --> 00:14:40,480

different groups or something like that

388

00:14:45,189 --> 00:14:42,959

yeah la paz was uh looking at the green

389

00:14:47,350 --> 00:14:45,199

fireballs while all this was happening

390

00:14:50,310 --> 00:14:47,360

and they labeled those green fireballs

391

00:14:52,710 --> 00:14:50,320

as a phenomenon as the phenomenon

392

00:14:54,629 --> 00:14:52,720

so they were treating these different

393

00:14:56,790 --> 00:14:54,639

you're right because this

394

00:14:58,949 --> 00:14:56,800

all this stuff doesn't show up for him

395

00:15:00,629 --> 00:14:58,959

you know a pause yeah so that's

396

00:15:02,150 --> 00:15:00,639

interesting

397

00:15:03,430 --> 00:15:02,160

yeah i switched the document hopefully

398

00:15:07,110 --> 00:15:03,440

not too soon

399

00:15:11,030 --> 00:15:07,120

no nc rf ennis colonel gsc

400

00:15:13,030 --> 00:15:11,040

that's ground uh that's general uh

401
00:15:15,430 --> 00:15:13,040
general staff corps

402
00:15:18,310 --> 00:15:15,440
see so what during see chief

403
00:15:19,350 --> 00:15:18,320
intelligence group cig that's riley

404
00:15:22,310 --> 00:15:19,360
evans

405
00:15:24,790 --> 00:15:22,320
interesting the colonel ennis was very

406
00:15:25,750 --> 00:15:24,800
opposed to our dropping the bombs on

407
00:15:27,910 --> 00:15:25,760
japan

408
00:15:29,829 --> 00:15:27,920
he was like one of the only ones and he

409
00:15:32,389 --> 00:15:29,839
was adamantly opposed to it for his

410
00:15:34,069 --> 00:15:32,399
whole life apparently he never thought

411
00:15:36,629 --> 00:15:34,079
we should have done that which i found

412
00:15:38,069 --> 00:15:36,639
fascinating just an odd side note but

413
00:15:39,749 --> 00:15:38,079

sure

414

00:15:41,990 --> 00:15:39,759

as a person

415

00:15:44,150 --> 00:15:42,000

makes him a very enthusiastic he's the

416

00:15:47,110 --> 00:15:44,160

guy that publishes this on the day that

417

00:15:48,470 --> 00:15:47,120

disc lands on the on the mesa for the

418

00:15:50,310 --> 00:15:48,480

army

419

00:15:51,910 --> 00:15:50,320

so that's an interesting coincidence

420

00:15:54,230 --> 00:15:51,920

right there

421

00:15:56,629 --> 00:15:54,240

but it's not the biggest

422

00:15:57,590 --> 00:15:56,639

uh that morning which is a thursday

423

00:16:00,389 --> 00:15:57,600

morning

424

00:16:02,150 --> 00:16:00,399

20 was the thursday before good friday

425

00:16:03,430 --> 00:16:02,160

interestingly for people who are

426

00:16:05,189 --> 00:16:03,440

catholic

427

00:16:08,310 --> 00:16:05,199

thursday morning

428

00:16:10,230 --> 00:16:08,320

the chief of the air staff at that point

429

00:16:11,910 --> 00:16:10,240

he was former head of the army at the

430

00:16:12,790 --> 00:16:11,920

end of the war that's general

431

00:16:13,749 --> 00:16:12,800

uh

432

00:16:14,870 --> 00:16:13,759

carl

433

00:16:17,430 --> 00:16:14,880

spots

434

00:16:18,870 --> 00:16:17,440

s-p-a-a-t-z

435

00:16:23,269 --> 00:16:18,880

he was

436

00:16:25,350 --> 00:16:23,279

chief of the air staff when the incident

437

00:16:28,710 --> 00:16:25,360

happened on march 25th

438

00:16:31,430 --> 00:16:28,720

that morning he declared an emergency

439

00:16:33,430 --> 00:16:31,440

an air defense emergency 24-hour day air

440

00:16:35,030 --> 00:16:33,440

emergency starting right now that early

441

00:16:37,509 --> 00:16:35,040

thursday morning

442

00:16:39,829 --> 00:16:37,519

and there's a lot of interesting things

443

00:16:41,590 --> 00:16:39,839

surrounding that first of all

444

00:16:44,790 --> 00:16:41,600

air defense command itself in air

445

00:16:47,670 --> 00:16:44,800

defense was a fledgling type of

446

00:16:51,189 --> 00:16:47,680

concept it existed so you know they had

447

00:16:54,710 --> 00:16:51,199

an adc since the early 40s but all the

448

00:16:57,030 --> 00:16:54,720

way up until probably october 1947

449

00:16:58,389 --> 00:16:57,040

adc was really nothing it was like a

450

00:17:00,069 --> 00:16:58,399

planning group

451
00:17:02,230 --> 00:17:00,079
they used it but it was like planning

452
00:17:04,549 --> 00:17:02,240
air events and making you know

453
00:17:06,390 --> 00:17:04,559
directives and what should we do it was

454
00:17:09,669 --> 00:17:06,400
like that kind of office

455
00:17:11,429 --> 00:17:09,679
until october 47 they had a a meeting a

456
00:17:13,350 --> 00:17:11,439
quickie meeting for some reason so

457
00:17:15,110 --> 00:17:13,360
something happened there too it's like

458
00:17:15,990 --> 00:17:15,120
something happened sparked their

459
00:17:17,429 --> 00:17:16,000
interest

460
00:17:19,990 --> 00:17:17,439
they started getting more serious about

461
00:17:22,470 --> 00:17:20,000
having a continental air defense system

462
00:17:24,069 --> 00:17:22,480
for our country and then it kind of died

463
00:17:27,350 --> 00:17:24,079

down a little bit and then on the

464

00:17:29,029 --> 00:17:27,360

morning of march 25th 1948 poof

465

00:17:31,110 --> 00:17:29,039

everybody's saying no we got to get an

466

00:17:33,190 --> 00:17:31,120

air defense system in this country all

467

00:17:35,350 --> 00:17:33,200

the people including spots who are going

468

00:17:37,990 --> 00:17:35,360

no no we don't want to waste money on an

469

00:17:39,990 --> 00:17:38,000

imaginary line concept you know people

470

00:17:42,390 --> 00:17:40,000

will start thinking if we have an air

471

00:17:44,549 --> 00:17:42,400

defense we won't they they were afraid

472

00:17:46,549 --> 00:17:44,559

that money for strategic air command was

473

00:17:49,029 --> 00:17:46,559

going to get pulled because that was our

474

00:17:50,470 --> 00:17:49,039

plan right forward air bases

475

00:17:51,990 --> 00:17:50,480

if the if the russians tried to do

476

00:17:53,430 --> 00:17:52,000

something our best bet is to just be

477

00:17:55,350 --> 00:17:53,440

close by and

478

00:17:57,110 --> 00:17:55,360

make them scared that we could get them

479

00:17:58,230 --> 00:17:57,120

as opposed to having an air defense

480

00:17:59,909 --> 00:17:58,240

system

481

00:18:03,190 --> 00:17:59,919

no it i saw

482

00:18:04,710 --> 00:18:03,200

cabal in here it was that the same watch

483

00:18:07,750 --> 00:18:04,720

committee cabal

484

00:18:08,789 --> 00:18:07,760

or is that right general cabello

485

00:18:10,950 --> 00:18:08,799

yeah

486

00:18:12,710 --> 00:18:10,960

he he served different places no the

487

00:18:15,350 --> 00:18:12,720

watch committee was created by general

488

00:18:18,150 --> 00:18:16,789

see that see that's what's so

489

00:18:19,830 --> 00:18:18,160

interesting about one of the other

490

00:18:21,669 --> 00:18:19,840

reasons i keyed in on you because you

491

00:18:23,590 --> 00:18:21,679

are one of the only people

492

00:18:24,549 --> 00:18:23,600

out of tons of people i've talked to

493

00:18:27,190 --> 00:18:24,559

over the years

494

00:18:29,590 --> 00:18:27,200

big time ufo people small time ufo

495

00:18:31,830 --> 00:18:29,600

people nobody really cared about the

496

00:18:33,029 --> 00:18:31,840

watch committee i'd break it up

497

00:18:35,350 --> 00:18:33,039

go for

498

00:18:38,630 --> 00:18:35,360

the watch committee

499

00:18:44,150 --> 00:18:42,150

but i looked into it because of the the

500

00:18:45,669 --> 00:18:44,160

wilson davis documents

501
00:18:47,270 --> 00:18:45,679
seen i didn't know anything about that i

502
00:18:48,630 --> 00:18:47,280
was already i had a bunch of files on

503
00:18:50,230 --> 00:18:48,640
the watch committee i was already

504
00:18:51,190 --> 00:18:50,240
tracking them because i think there's a

505
00:18:54,950 --> 00:18:51,200
connection

506
00:18:58,070 --> 00:18:54,960
aztec now that that i never dreamed i'd

507
00:19:00,470 --> 00:18:58,080
see and it really comes in part because

508
00:19:02,950 --> 00:19:00,480
now i'm so convinced something happened

509
00:19:04,950 --> 00:19:02,960
that morning yeah but i'm going back and

510
00:19:06,710 --> 00:19:04,960
looking at other things that didn't

511
00:19:07,590 --> 00:19:06,720
cue in on me before and now i'm going

512
00:19:09,590 --> 00:19:07,600
what

513
00:19:11,590 --> 00:19:09,600

now that is interesting like i sent you

514

00:19:14,789 --> 00:19:11,600

that article on when they were working

515

00:19:17,110 --> 00:19:14,799

on nato they were having their meetings

516

00:19:19,510 --> 00:19:17,120

during the time period where

517

00:19:21,430 --> 00:19:19,520

march 25th happened uh

518

00:19:23,590 --> 00:19:21,440

there's uh

519

00:19:25,909 --> 00:19:23,600

they were in these secret meetings to

520

00:19:28,150 --> 00:19:25,919

get to put together and notice it's late

521

00:19:30,710 --> 00:19:28,160

march 1948

522

00:19:32,549 --> 00:19:30,720

yeah it shows up there

523

00:19:34,310 --> 00:19:32,559

and lord glad went down here i haven't

524

00:19:35,909 --> 00:19:34,320

had like because i'm pretty sure at this

525

00:19:37,990 --> 00:19:35,919

point he was the one that was connected

526
00:19:40,070 --> 00:19:38,000
to dorothy kilgalen i don't know if you

527
00:19:40,870 --> 00:19:40,080
know who dorothy kilgallon is i don't

528
00:19:43,830 --> 00:19:40,880
know

529
00:19:45,190 --> 00:19:43,840
she was uh an important journalist

530
00:19:46,150 --> 00:19:45,200
back in the day

531
00:19:48,549 --> 00:19:46,160
way

532
00:19:51,190 --> 00:19:48,559
ahead of her time

533
00:19:53,510 --> 00:19:51,200
tough really pretty tough lady

534
00:19:54,549 --> 00:19:53,520
she was a regular on the show what's my

535
00:19:56,549 --> 00:19:54,559
line

536
00:19:58,630 --> 00:19:56,559
um

537
00:20:00,870 --> 00:19:58,640
back in the day okay

538
00:20:02,950 --> 00:20:00,880

anyway she was investigating the kennedy

539

00:20:04,710 --> 00:20:02,960

assassination when she died

540

00:20:07,830 --> 00:20:04,720

but she also

541

00:20:09,990 --> 00:20:07,840

in her day in her articles she would she

542

00:20:11,590 --> 00:20:10,000

would mostly write about hollywood but

543

00:20:13,029 --> 00:20:11,600

every once in a while she would stick in

544

00:20:14,630 --> 00:20:13,039

something

545

00:20:16,070 --> 00:20:14,640

because making it obvious she had

546

00:20:17,510 --> 00:20:16,080

connections in the military she would

547

00:20:19,669 --> 00:20:17,520

say things about the flying disc or

548

00:20:22,310 --> 00:20:19,679

flying saucer phenomena

549

00:20:24,710 --> 00:20:22,320

and she made several

550

00:20:25,830 --> 00:20:24,720

hints that she had connections

551
00:20:29,590 --> 00:20:25,840
in

552
00:20:31,350 --> 00:20:29,600
uh royalty type connections that were

553
00:20:33,750 --> 00:20:31,360
giving her information about a crashed

554
00:20:35,270 --> 00:20:33,760
disk and little people

555
00:20:37,990 --> 00:20:35,280
so she published that in one of her

556
00:20:39,590 --> 00:20:38,000
major articles and something

557
00:20:41,909 --> 00:20:39,600
people have been speculating for a long

558
00:20:43,669 --> 00:20:41,919
time who that was but i'm

559
00:20:44,950 --> 00:20:43,679
convinced at this point that it's lord

560
00:20:47,750 --> 00:20:44,960
gladwell

561
00:20:49,190 --> 00:20:47,760
and he was one of the main guys involved

562
00:20:51,510 --> 00:20:49,200
in putting the

563
00:20:53,350 --> 00:20:51,520

nato together with these people and they

564

00:20:55,110 --> 00:20:53,360

were doing it when the crash happened in

565

00:20:57,190 --> 00:20:55,120

march 25th 94 they were right in the

566

00:20:59,510 --> 00:20:57,200

middle of they had this

567

00:21:01,590 --> 00:20:59,520

in fact they called a specific top

568

00:21:03,190 --> 00:21:01,600

secret meeting that was separate from

569

00:21:04,549 --> 00:21:03,200

their other meetings and it mentions

570

00:21:05,830 --> 00:21:04,559

that here

571

00:21:07,990 --> 00:21:05,840

uh

572

00:21:10,470 --> 00:21:08,000

yeah one of the particular

573

00:21:14,070 --> 00:21:10,480

crucial they had crucial and secret

574

00:21:15,590 --> 00:21:14,080

pentagon talks in march 1948.

575

00:21:17,750 --> 00:21:15,600

it was different than their other type

576
00:21:20,310 --> 00:21:17,760
they were having a string of times

577
00:21:21,270 --> 00:21:20,320
but then something in march 1948 they

578
00:21:22,950 --> 00:21:21,280
had these

579
00:21:24,870 --> 00:21:22,960
ruffled feathers i'm seeing it all over

580
00:21:26,710 --> 00:21:24,880
the place now

581
00:21:28,390 --> 00:21:26,720
you know was it just those three

582
00:21:30,149 --> 00:21:28,400
countries in nato at the start right

583
00:21:31,590 --> 00:21:30,159
because it just mentions those three

584
00:21:33,669 --> 00:21:31,600
double other i mean that's a whole

585
00:21:35,750 --> 00:21:33,679
another story to get into so they're

586
00:21:38,549 --> 00:21:35,760
having little secret backroom talks by

587
00:21:40,710 --> 00:21:38,559
themselves huh and what's interesting is

588
00:21:43,669 --> 00:21:40,720

the connections go on i found a

589

00:21:46,149 --> 00:21:43,679

connection with the code word cosmic you

590

00:21:48,070 --> 00:21:46,159

know if you look up cosmic interesting

591

00:21:50,710 --> 00:21:48,080

aside from the thing because cosmic

592

00:21:51,909 --> 00:21:50,720

comes up in some wacky ufo stories from

593

00:21:53,830 --> 00:21:51,919

i don't know if you've run across that

594

00:21:56,710 --> 00:21:53,840

yet somebody just told me to read a book

595

00:21:58,230 --> 00:21:56,720

called american cosmic yeah that's why

596

00:22:00,149 --> 00:21:58,240

that guy when he brought up i asked him

597

00:22:02,630 --> 00:22:00,159

if in the book they talked about

598

00:22:06,149 --> 00:22:02,640

we had a top secret code word of this

599

00:22:07,669 --> 00:22:06,159

country cosmic and it started in 1949.

600

00:22:10,230 --> 00:22:07,679

that's real huh

601
00:22:12,310 --> 00:22:10,240
yeah around the same time nato see

602
00:22:14,710 --> 00:22:12,320
that's nato's highest classification

603
00:22:16,950 --> 00:22:14,720
cosmic but but if you look into it it's

604
00:22:19,190 --> 00:22:16,960
like oh no that doesn't mean anything it

605
00:22:21,510 --> 00:22:19,200
simply means it's the top level you know

606
00:22:23,430 --> 00:22:21,520
there's top secret there's secret and

607
00:22:27,750 --> 00:22:23,440
there's cosmic secret that's just our

608
00:22:31,029 --> 00:22:27,760
three levels but what i found was in 48

609
00:22:31,990 --> 00:22:31,039
49ish general bowling of all people

610
00:22:34,870 --> 00:22:32,000
came

611
00:22:36,390 --> 00:22:34,880
was discussing with roscoe hillen cutter

612
00:22:39,669 --> 00:22:36,400
it's in his diary

613
00:22:41,669 --> 00:22:39,679

they're changing the code word metric

614

00:22:44,630 --> 00:22:41,679

to cosmic

615

00:22:46,870 --> 00:22:44,640

interesting in this country yeah

616

00:22:48,789 --> 00:22:46,880

frank warren told me that he found out

617

00:22:51,750 --> 00:22:48,799

that you can't have to

618

00:22:53,029 --> 00:22:51,760

it's not normal to have two different

619

00:22:55,110 --> 00:22:53,039

same

620

00:22:57,270 --> 00:22:55,120

secret code words right

621

00:22:58,070 --> 00:22:57,280

and it's registered that stays that you

622

00:23:02,310 --> 00:22:58,080

can't

623

00:23:04,310 --> 00:23:02,320

have a top secret cosmic for this

624

00:23:06,390 --> 00:23:04,320

and then oh we want top secret cosmic

625

00:23:08,789 --> 00:23:06,400

too

626

00:23:11,510 --> 00:23:08,799

is that how they said it we have the

627

00:23:13,750 --> 00:23:11,520

nato cosmic secret and then we have this

628

00:23:15,430 --> 00:23:13,760

cosmetic that's in this country that

629

00:23:17,909 --> 00:23:15,440

was metric

630

00:23:20,230 --> 00:23:17,919

and magic that's the only reason

631

00:23:23,029 --> 00:23:20,240

because whoever was redacting helen

632

00:23:24,870 --> 00:23:23,039

carter's diet forgot to cross out one

633

00:23:26,710 --> 00:23:24,880

time and you've probably seen this too

634

00:23:28,549 --> 00:23:26,720

like the you can see like they'll go in

635

00:23:29,909 --> 00:23:28,559

there's obviously the names and then the

636

00:23:32,789 --> 00:23:29,919

guy's name will show up down here on the

637

00:23:34,310 --> 00:23:32,799

right-hand corner oh my god

638

00:23:36,070 --> 00:23:34,320

that was like totally

639

00:23:38,710 --> 00:23:36,080

they were crossing battle replacing for

640

00:23:39,750 --> 00:23:38,720

some reason they left this one paragraph

641

00:23:41,990 --> 00:23:39,760

where it discussed how they were

642

00:23:44,390 --> 00:23:42,000

changing metric to cosmic

643

00:23:45,669 --> 00:23:44,400

and this the control officer in charge

644

00:23:48,390 --> 00:23:45,679

was named

645

00:23:49,269 --> 00:23:48,400

uh major john whalen

646

00:23:51,669 --> 00:23:49,279

okay

647

00:23:53,750 --> 00:23:51,679

so i tracked him too and waylon shows up

648

00:23:55,430 --> 00:23:53,760

all over the place in the blue book

649

00:23:59,510 --> 00:23:55,440

files and then later

650

00:24:01,909 --> 00:23:59,520

in sr-71 flights over in korea

651
00:24:05,029 --> 00:24:01,919
john whalen's name shows up in those so

652
00:24:07,510 --> 00:24:05,039
i mean he and he's still a major right

653
00:24:10,149 --> 00:24:07,520
so i don't know i'm rambling but yeah

654
00:24:12,310 --> 00:24:10,159
yeah they didn't get a promotion so

655
00:24:14,230 --> 00:24:12,320
you know but i've seen that in certain

656
00:24:17,190 --> 00:24:14,240
people that do really

657
00:24:20,470 --> 00:24:17,200
uh sensitive intelligence that they will

658
00:24:22,710 --> 00:24:20,480
stay a mid-level officer they don't get

659
00:24:24,230 --> 00:24:22,720
promoted

660
00:24:26,789 --> 00:24:24,240
they just stayed that way my dad was

661
00:24:29,110 --> 00:24:26,799
that way i know he did work he never

662
00:24:30,950 --> 00:24:29,120
made it above major it wasn't being

663
00:24:33,590 --> 00:24:30,960

punished it was because i guess it's

664

00:24:36,950 --> 00:24:33,600

because if you do sensitive enough work

665

00:24:39,430 --> 00:24:36,960

you just accept your rank and do your

666

00:24:40,789 --> 00:24:39,440

job you know you know where was your

667

00:24:42,230 --> 00:24:40,799

where was your dad

668

00:24:45,269 --> 00:24:42,240

stationed was he

669

00:24:48,070 --> 00:24:45,279

i i had two dads you know step dad my my

670

00:24:49,269 --> 00:24:48,080

my blood father was uh north bragg for

671

00:24:51,269 --> 00:24:49,279

fort bragg

672

00:24:52,710 --> 00:24:51,279

uh special forces one of the first

673

00:24:54,390 --> 00:24:52,720

special forces

674

00:24:55,269 --> 00:24:54,400

that went over to vietnam

675

00:24:58,149 --> 00:24:55,279

wow

676

00:24:59,990 --> 00:24:58,159

he uh see he was interesting he kind of

677

00:25:02,870 --> 00:25:00,000

left my kind of a i don't know if you

678

00:25:04,149 --> 00:25:02,880

could turn abandon there's a lot of

679

00:25:05,269 --> 00:25:04,159

water that went under the bridge and

680

00:25:08,070 --> 00:25:05,279

stuff

681

00:25:09,669 --> 00:25:08,080

we don't have to get into this

682

00:25:11,350 --> 00:25:09,679

army you know the army didn't tell my

683

00:25:14,470 --> 00:25:11,360

family what he was doing and i think it

684

00:25:16,310 --> 00:25:14,480

helped break up our family

685

00:25:17,590 --> 00:25:16,320

my brother has a different opinion

686

00:25:20,149 --> 00:25:17,600

yeah

687

00:25:21,990 --> 00:25:20,159

but they're they're like uh opinions are

688

00:25:25,269 --> 00:25:22,000

like water right

689

00:25:29,590 --> 00:25:26,950

all right so let's get back on track

690

00:25:31,350 --> 00:25:29,600

here we were talking about uh lord uh

691

00:25:34,470 --> 00:25:31,360

glad windrun

692

00:25:36,789 --> 00:25:34,480

well i wanted to mention because uh

693

00:25:38,149 --> 00:25:36,799

it's it seems like she definitely had a

694

00:25:40,230 --> 00:25:38,159

connection

695

00:25:43,430 --> 00:25:40,240

and i s when i saw that he was so

696

00:25:45,430 --> 00:25:43,440

involved in that time period with nato

697

00:25:47,590 --> 00:25:45,440

made me wonder because she got that

698

00:25:49,510 --> 00:25:47,600

information from somebody and different

699

00:25:52,230 --> 00:25:49,520

people were in

700

00:25:55,909 --> 00:25:52,240

roughly the time period 49

701
00:25:58,070 --> 00:25:55,919
between 49 and 50 for some reason talk

702
00:26:02,070 --> 00:25:58,080
of a crashed saucer and

703
00:26:07,029 --> 00:26:04,549
weird you know on the same day roswell

704
00:26:10,630 --> 00:26:07,039
there was a flank saucer in my hometown

705
00:26:12,710 --> 00:26:10,640
milwaukee wisconsin oh really

706
00:26:13,830 --> 00:26:12,720
yeah i think it was actually a hoax

707
00:26:16,710 --> 00:26:13,840
because they got the guys in the

708
00:26:19,190 --> 00:26:16,720
newspaper holding a big saw blade

709
00:26:21,750 --> 00:26:19,200
all right yeah that happened quite a bit

710
00:26:23,430 --> 00:26:21,760
in fact people like david rudiak who

711
00:26:25,269 --> 00:26:23,440
studied roswell i would tell you that

712
00:26:26,310 --> 00:26:25,279
that that was all part of a campaign

713
00:26:29,669 --> 00:26:26,320

probably

714

00:26:31,029 --> 00:26:29,679

finishing up of the debunking of oh no

715

00:26:32,470 --> 00:26:31,039

it wasn't a crash sauce there was a

716

00:26:34,549 --> 00:26:32,480

weather balloon

717

00:26:36,230 --> 00:26:34,559

and all these things oh yeah i found one

718

00:26:38,870 --> 00:26:36,240

too

719

00:26:40,870 --> 00:26:38,880

yeah

720

00:26:42,470 --> 00:26:40,880

why all these other cases were so easy

721

00:26:44,390 --> 00:26:42,480

to say they were balloons and then we

722

00:26:46,549 --> 00:26:44,400

get roswell and still with us to this

723

00:26:48,470 --> 00:26:46,559

day right

724

00:26:50,470 --> 00:26:48,480

very interesting sometimes i think

725

00:26:52,630 --> 00:26:50,480

roswell was a distraction though just

726

00:26:55,190 --> 00:26:52,640

because there's so many

727

00:26:57,669 --> 00:26:55,200

uh cases that were ongoing at places

728

00:26:59,750 --> 00:26:57,679

like los alamos and all that

729

00:27:01,750 --> 00:26:59,760

and you know when you look what the one

730

00:27:04,710 --> 00:27:01,760

thing i noticed when i looked up uh

731

00:27:08,070 --> 00:27:04,720

aztec or new mexico ufo right just real

732

00:27:10,390 --> 00:27:08,080

general all you get is roswell and you

733

00:27:12,789 --> 00:27:10,400

have to search and go through all the

734

00:27:15,350 --> 00:27:12,799

search things and it's all roswell and

735

00:27:16,230 --> 00:27:15,360

sometimes i'm like is that on purpose

736

00:27:17,830 --> 00:27:16,240

you know

737

00:27:18,870 --> 00:27:17,840

that might be i think yeah i thought

738

00:27:20,470 --> 00:27:18,880

that as well

739

00:27:23,269 --> 00:27:20,480

i mean i think something definitely did

740

00:27:24,950 --> 00:27:23,279

happen at roswell but

741

00:27:27,590 --> 00:27:24,960

there wasn't enough left for them to

742

00:27:29,990 --> 00:27:27,600

make much out of it it was all debris

743

00:27:32,389 --> 00:27:30,000

maybe that's the one case they know that

744

00:27:34,710 --> 00:27:32,399

they could completely cover up so if

745

00:27:37,750 --> 00:27:34,720

they put everyone's attention on it

746

00:27:39,110 --> 00:27:37,760

yeah right they got it yeah

747

00:27:40,070 --> 00:27:39,120

i think they're perfectly right on the

748

00:27:41,909 --> 00:27:40,080

money

749

00:27:43,029 --> 00:27:41,919

but you know with the well we'll leave

750

00:27:44,630 --> 00:27:43,039

roswell but

751

00:27:47,029 --> 00:27:44,640

before you touch on it

752

00:27:49,990 --> 00:27:47,039

and i'm not a roswell investigator me

753

00:27:53,350 --> 00:27:51,590

it is interesting i should have sent you

754

00:27:55,510 --> 00:27:53,360

that news article you probably have some

755

00:27:57,029 --> 00:27:55,520

of yourself but if you look

756

00:27:59,669 --> 00:27:57,039

then the first articles that were

757

00:28:01,190 --> 00:27:59,679

published when the foreman of the ranch

758

00:28:03,190 --> 00:28:01,200

mac brazil

759

00:28:05,510 --> 00:28:03,200

when he was first interviewed

760

00:28:08,389 --> 00:28:05,520

about the debris field

761

00:28:11,029 --> 00:28:08,399

he even though he did say i pushed i put

762

00:28:11,990 --> 00:28:11,039

a small bit of it under a bushel

763

00:28:14,230 --> 00:28:12,000

to get

764

00:28:16,789 --> 00:28:14,240

his other description was the rest of

765

00:28:18,470 --> 00:28:16,799

the debris whatever it was covered a a

766

00:28:19,590 --> 00:28:18,480

square mile

767

00:28:21,669 --> 00:28:19,600

wow

768

00:28:23,750 --> 00:28:21,679

and jesse marcel senior when he was

769

00:28:25,990 --> 00:28:23,760

found later in stanton freedom interview

770

00:28:28,310 --> 00:28:26,000

he said it was at least a quarter mile

771

00:28:31,110 --> 00:28:28,320

maybe a little more but brazil said a

772

00:28:32,870 --> 00:28:31,120

square mile so you think about that even

773

00:28:34,630 --> 00:28:32,880

if you were one to think it was a moga

774

00:28:37,510 --> 00:28:34,640

balloon right

775

00:28:39,190 --> 00:28:37,520

shredding up a balloon out in some kind

776

00:28:40,950 --> 00:28:39,200

of natural way even if it got struck by

777

00:28:42,230 --> 00:28:40,960

lightning and ex

778

00:28:44,870 --> 00:28:42,240

do you think it's going to cover a

779

00:28:47,750 --> 00:28:44,880

square mile

780

00:28:49,830 --> 00:28:47,760

i don't probably not even close no it's

781

00:28:52,389 --> 00:28:49,840

going to be bits here and a chunk over

782

00:28:54,230 --> 00:28:52,399

there and some shredded stuff over there

783

00:28:56,789 --> 00:28:54,240

that's going to be it

784

00:28:59,750 --> 00:28:56,799

no shredded material over a square mile

785

00:29:01,830 --> 00:28:59,760

in a fan shaped pattern right

786

00:29:03,510 --> 00:29:01,840

so even without all the witnesses just

787

00:29:05,669 --> 00:29:03,520

basing it on that you know you know

788

00:29:08,149 --> 00:29:05,679

something happens

789

00:29:10,549 --> 00:29:08,159

referenced um

790

00:29:13,430 --> 00:29:10,559

roswell in some of these documents he

791

00:29:14,310 --> 00:29:13,440

mentions roswell in a green fireball

792

00:29:15,590 --> 00:29:14,320

there

793

00:29:19,190 --> 00:29:15,600

so

794

00:29:21,750 --> 00:29:19,200

you know you think you know it was a

795

00:29:23,909 --> 00:29:21,760

balloon at that point

796

00:29:26,310 --> 00:29:23,919

they said we want you to find a meteor

797

00:29:29,190 --> 00:29:26,320

yes

798

00:29:31,750 --> 00:29:29,200

what do you mean why all right so is uh

799

00:29:34,149 --> 00:29:31,760

this jet plane explo or which

800

00:29:35,990 --> 00:29:34,159

okay so here's the move on two

801
00:29:39,750 --> 00:29:36,000
in the i sent you this you could so we

802
00:29:40,389 --> 00:29:39,760
could verify that beginning in 1947

803
00:29:43,430 --> 00:29:40,399
uh

804
00:29:46,789 --> 00:29:43,440
they had planes mostly p 80s this new

805
00:29:47,909 --> 00:29:46,799
jet they had which later became a t-33

806
00:29:49,830 --> 00:29:47,919
trainer

807
00:29:52,950 --> 00:29:49,840
but it's the one with the

808
00:29:55,990 --> 00:29:52,960
bubble canopy and i think the p80 had

809
00:29:57,669 --> 00:29:56,000
straight wings p86 had swept wings

810
00:29:59,110 --> 00:29:57,679
but this was new to them they had

811
00:30:01,430 --> 00:29:59,120
finally had jets

812
00:30:02,789 --> 00:30:01,440
they had them they admit loaded with

813
00:30:04,630 --> 00:30:02,799

cameras loaded with surveillance

814

00:30:06,230 --> 00:30:04,640

equipment they were specifically flying

815

00:30:08,310 --> 00:30:06,240

around in the west

816

00:30:09,669 --> 00:30:08,320

up by hanford nuclear plant all the way

817

00:30:11,909 --> 00:30:09,679

up in oregon everything because they

818

00:30:13,029 --> 00:30:11,919

were seeing so many disks up there

819

00:30:15,269 --> 00:30:13,039

and

820

00:30:17,590 --> 00:30:15,279

each time here again i was able to

821

00:30:19,190 --> 00:30:17,600

confirm this jet here was also one of

822

00:30:21,669 --> 00:30:19,200

those surveillance planes

823

00:30:22,870 --> 00:30:21,679

it was loaded and it just happened to

824

00:30:25,350 --> 00:30:22,880

crash

825

00:30:26,070 --> 00:30:25,360

uh on the coincidentally this is

826

00:30:29,669 --> 00:30:26,080

the

827

00:30:31,669 --> 00:30:29,679

national security act into

828

00:30:33,909 --> 00:30:31,679

uh saying yes we're gonna do this it

829

00:30:35,909 --> 00:30:33,919

wasn't made official until september

830

00:30:38,470 --> 00:30:35,919

but the july 16th was when they

831

00:30:41,750 --> 00:30:38,480

authorized the national security act

832

00:30:44,630 --> 00:30:41,760

where is carrizo new mexico that's in

833

00:30:46,310 --> 00:30:44,640

that's not uh too far from albuquerque

834

00:30:49,269 --> 00:30:46,320

and

835

00:30:51,430 --> 00:30:49,279

triangle area

836

00:30:53,750 --> 00:30:51,440

but then if you now switch to uh the

837

00:30:56,149 --> 00:30:53,760

other article about the crash in

838

00:30:59,269 --> 00:30:56,159

on march 25th this one that's the first

839

00:31:02,710 --> 00:30:59,279

one that's so before starting 1947 you

840

00:31:04,630 --> 00:31:02,720

can see they've started doing that

841

00:31:05,909 --> 00:31:04,640

i'm going through them

842

00:31:09,909 --> 00:31:05,919

dang

843

00:31:13,190 --> 00:31:12,230

this morning remember i told him march

844

00:31:15,509 --> 00:31:13,200

25th

845

00:31:18,230 --> 00:31:15,519

general spots declared an emergency that

846

00:31:21,110 --> 00:31:18,240

morning an air defense emergency

847

00:31:22,950 --> 00:31:21,120

so everybody's on high alert

848

00:31:24,630 --> 00:31:22,960

and nobody knows why and this just

849

00:31:26,470 --> 00:31:24,640

happens to happen that same day another

850

00:31:27,830 --> 00:31:26,480

one of these planes loaded with

851
00:31:28,870 --> 00:31:27,840
surveillance equipment to find the

852
00:31:31,110 --> 00:31:28,880
saucers

853
00:31:33,350 --> 00:31:31,120
crashes on that morning

854
00:31:34,710 --> 00:31:33,360
the guy barely gets back and somehow

855
00:31:35,830 --> 00:31:34,720
makes it alive

856
00:31:37,990 --> 00:31:35,840
well

857
00:31:40,470 --> 00:31:38,000
so what's interesting about this case me

858
00:31:42,230 --> 00:31:40,480
is the aztec story now getting back to

859
00:31:44,310 --> 00:31:42,240
the other people who researched azim all

860
00:31:45,350 --> 00:31:44,320
these years like scott ramsey and his

861
00:31:47,509 --> 00:31:45,360
team

862
00:31:49,750 --> 00:31:47,519
they found through the witnesses

863
00:31:51,269 --> 00:31:49,760

that uh and it was corroborated from

864

00:31:53,590 --> 00:31:51,279

some other researchers i have their

865

00:31:54,950 --> 00:31:53,600

files too scott sent them to me uh

866

00:31:56,470 --> 00:31:54,960

people we've never heard of before i

867

00:31:58,630 --> 00:31:56,480

didn't but they did some good work as

868

00:32:00,630 --> 00:31:58,640

well in the background

869

00:32:02,230 --> 00:32:00,640

invisible people you and i vote there's

870

00:32:03,350 --> 00:32:02,240

people we'll never hear of they did some

871

00:32:05,190 --> 00:32:03,360

good work

872

00:32:06,149 --> 00:32:05,200

yeah find out who there and give them

873

00:32:08,630 --> 00:32:06,159

credit

874

00:32:10,470 --> 00:32:08,640

but uh they also found well these

875

00:32:12,789 --> 00:32:10,480

everybody had one thing in common that's

876

00:32:14,470 --> 00:32:12,799

what's weird every one of these stories

877

00:32:17,110 --> 00:32:14,480

had something in common one of the

878

00:32:18,710 --> 00:32:17,120

portholes had a hole in it

879

00:32:20,230 --> 00:32:18,720

three of the stories was it was the size

880

00:32:21,830 --> 00:32:20,240

of a pencil

881

00:32:23,669 --> 00:32:21,840

the other one was it was closer to the

882

00:32:26,389 --> 00:32:23,679

size of a quarter

883

00:32:28,470 --> 00:32:26,399

and that was reiterated by several

884

00:32:30,789 --> 00:32:28,480

witnesses they all said that

885

00:32:33,110 --> 00:32:30,799

yeah and one thing we noticed there was

886

00:32:35,590 --> 00:32:33,120

no damage to the craft but one of the

887

00:32:37,029 --> 00:32:35,600

portholes on the coppola at the top it

888

00:32:39,669 --> 00:32:37,039

had what they described was what looked

889

00:32:41,990 --> 00:32:39,679

like portholes with glass it wasn't

890

00:32:43,509 --> 00:32:42,000

probably not you know to us some kind of

891

00:32:45,830 --> 00:32:43,519

opaque glass

892

00:32:47,029 --> 00:32:45,840

and it had a perfect little hole in one

893

00:32:47,990 --> 00:32:47,039

of them

894

00:32:49,509 --> 00:32:48,000

and the

895

00:32:52,389 --> 00:32:49,519

the beings inside were apparently

896

00:32:54,230 --> 00:32:52,399

blackened by some kind of apparent fire

897

00:32:55,350 --> 00:32:54,240

or something wow

898

00:32:57,669 --> 00:32:55,360

so um

899

00:33:00,870 --> 00:32:57,679

yeah how many witnesses were there

900

00:33:01,750 --> 00:33:00,880

well now here again you'd have to

901
00:33:04,870 --> 00:33:01,760
right

902
00:33:07,190 --> 00:33:04,880
if this book and bills diamonds you kind

903
00:33:09,029 --> 00:33:07,200
of present but bill simon's book has a

904
00:33:11,350 --> 00:33:09,039
lot of errors in it

905
00:33:13,269 --> 00:33:11,360
but uh this is a better book it's still

906
00:33:14,630 --> 00:33:13,279
not completely complete that's why

907
00:33:16,230 --> 00:33:14,640
they're trying to get another book

908
00:33:17,830 --> 00:33:16,240
together

909
00:33:19,990 --> 00:33:17,840
they're so busy the ramsays are the

910
00:33:21,509 --> 00:33:20,000
busiest people i ever met in my life you

911
00:33:23,350 --> 00:33:21,519
know i wish i could help they have a

912
00:33:25,029 --> 00:33:23,360
farm they have businesses

913
00:33:26,630 --> 00:33:25,039

right well that's probably why people

914

00:33:28,070 --> 00:33:26,640

never really hear much about their get

915

00:33:30,950 --> 00:33:28,080

they don't get interviewed very often

916

00:33:32,710 --> 00:33:30,960

because they're just too busy yeah

917

00:33:34,310 --> 00:33:32,720

but but if you can get a hold of this

918

00:33:37,350 --> 00:33:34,320

book i should want to say too they're

919

00:33:38,789 --> 00:33:37,360

getting ripped off i know it's bad

920

00:33:40,149 --> 00:33:38,799

you should still read it but

921

00:33:43,110 --> 00:33:40,159

unfortunately they don't get any money

922

00:33:45,110 --> 00:33:43,120

when you get this book oh really they're

923

00:33:46,389 --> 00:33:45,120

they're still in oh hang on scott's

924

00:33:49,750 --> 00:33:46,399

calling me right now

925

00:33:52,549 --> 00:33:49,760

oh all right hello

926

00:33:54,470 --> 00:33:52,559

hey hey scott he probably doesn't

927

00:33:56,789 --> 00:33:54,480

realize i'm on

928

00:33:58,710 --> 00:33:56,799

here i'll join you yeah

929

00:34:01,750 --> 00:33:58,720

okay all right he's on the phone with

930

00:34:04,830 --> 00:34:01,760

scott how are you guys doing okay

931

00:34:10,710 --> 00:34:08,470

what um yeah let's ask him about that ah

932

00:34:13,669 --> 00:34:10,720

spaghetti all right he trusts me i can

933

00:34:15,270 --> 00:34:13,679

say whatever i want okay

934

00:34:16,550 --> 00:34:15,280

i just didn't i don't like saying

935

00:34:18,629 --> 00:34:16,560

personal things about people if they

936

00:34:20,310 --> 00:34:18,639

don't like oh no please don't say that

937

00:34:21,669 --> 00:34:20,320

a spaghetti mentioned this gerald

938

00:34:25,270 --> 00:34:21,679

anderson guy

939

00:34:26,950 --> 00:34:25,280

he was a a third member of the people

940

00:34:28,389 --> 00:34:26,960

that were included as witnesses in

941

00:34:30,629 --> 00:34:28,399

roswell

942

00:34:32,869 --> 00:34:30,639

uh later discarded by

943

00:34:35,750 --> 00:34:32,879

not everybody obviously maybe not by

944

00:34:38,389 --> 00:34:35,760

spaghetti but other people because they

945

00:34:39,589 --> 00:34:38,399

uh they didn't find his story credible

946

00:34:42,710 --> 00:34:39,599

anymore

947

00:34:44,389 --> 00:34:42,720

oh okay well i stick to that what i

948

00:34:46,950 --> 00:34:44,399

mentioned about the news article about

949

00:34:49,750 --> 00:34:46,960

the the ranch uh the ranch forum and mac

950

00:34:51,349 --> 00:34:49,760

brazil saying it was a square mile

951
00:34:53,190 --> 00:34:51,359
without getting into any of the other

952
00:34:54,710 --> 00:34:53,200
minutiae of the witnesses and the

953
00:34:57,109 --> 00:34:54,720
different people that have investigated

954
00:34:58,870 --> 00:34:57,119
roswell right just

955
00:35:01,589 --> 00:34:58,880
keep to that for my own work because

956
00:35:03,670 --> 00:35:01,599
there's just too much distraction right

957
00:35:05,190 --> 00:35:03,680
that's true that person it's kind of

958
00:35:06,470 --> 00:35:05,200
like the bob lazar thing i just don't

959
00:35:08,630 --> 00:35:06,480
have time

960
00:35:11,190 --> 00:35:08,640
that's such a distraction you know it's

961
00:35:14,710 --> 00:35:11,200
a research project

962
00:35:16,950 --> 00:35:14,720
to figure out if you want to believe it

963
00:35:19,030 --> 00:35:16,960

i don't know i like it one of the things

964

00:35:19,990 --> 00:35:19,040

we're going all over the place sorry no

965

00:35:22,069 --> 00:35:20,000

that's fine

966

00:35:23,670 --> 00:35:22,079

but lazar is another thing you know i

967

00:35:24,630 --> 00:35:23,680

god bless the guy you know he's another

968

00:35:27,030 --> 00:35:24,640

person

969

00:35:29,349 --> 00:35:27,040

bless all people but

970

00:35:31,990 --> 00:35:29,359

i had real problems when i first heard

971

00:35:34,630 --> 00:35:32,000

about in like 89 90

972

00:35:38,150 --> 00:35:34,640

because that george knapp guy said that

973

00:35:39,030 --> 00:35:38,160

they all met at los alamos

974

00:35:41,270 --> 00:35:39,040

and

975

00:35:43,589 --> 00:35:41,280

bob lazar drove them around

976

00:35:44,870 --> 00:35:43,599

and he was amazed like how could he know

977

00:35:46,870 --> 00:35:44,880

all these plus

978

00:35:48,310 --> 00:35:46,880

making it sound like

979

00:35:49,910 --> 00:35:48,320

because i didn't know the time either so

980

00:35:52,310 --> 00:35:49,920

i most of people listening to it they're

981

00:35:54,069 --> 00:35:52,320

thinking oh they met at the front gate

982

00:35:56,230 --> 00:35:54,079

bob lazar drove him around the campus

983

00:35:58,230 --> 00:35:56,240

you know of course that'd be important

984

00:36:00,870 --> 00:35:58,240

but that's impossible you don't drive

985

00:36:02,310 --> 00:36:00,880

around the campus on los angeles

986

00:36:03,270 --> 00:36:02,320

if you're lucky to get through the front

987

00:36:04,870 --> 00:36:03,280

gate

988

00:36:06,630 --> 00:36:04,880

you walk through

989

00:36:08,630 --> 00:36:06,640

an outside corner to another building

990

00:36:10,390 --> 00:36:08,640

where you got to get another clearance

991

00:36:12,550 --> 00:36:10,400

you know i mean it goes deep and deep

992

00:36:13,990 --> 00:36:12,560

and then you wait for a while while they

993

00:36:15,910 --> 00:36:14,000

check whether you really do have an

994

00:36:17,750 --> 00:36:15,920

appointment with such and such and they

995

00:36:20,069 --> 00:36:17,760

don't let people just go on maybe

996

00:36:21,750 --> 00:36:20,079

there's some common area or something

997

00:36:23,430 --> 00:36:21,760

that they draw

998

00:36:25,109 --> 00:36:23,440

why did they try to make themselves

999

00:36:27,349 --> 00:36:25,119

sound so much more important why do they

1000

00:36:29,030 --> 00:36:27,359

try to make bob lazar sound so much but

1001
00:36:30,790 --> 00:36:29,040
more important they wouldn't need to do

1002
00:36:34,230 --> 00:36:30,800
that

1003
00:36:38,950 --> 00:36:34,240
here

1004
00:36:43,030 --> 00:36:41,109
and if he just comes back and says no no

1005
00:36:44,870 --> 00:36:43,040
no we just met the town

1006
00:36:46,390 --> 00:36:44,880
well then you should have said that

1007
00:36:47,990 --> 00:36:46,400
yeah

1008
00:36:49,430 --> 00:36:48,000
just because he could join that's not a

1009
00:36:51,670 --> 00:36:49,440
big deal

1010
00:36:54,790 --> 00:36:51,680
we drove all around this

1011
00:36:56,470 --> 00:36:54,800
tiny town called this

1012
00:36:59,349 --> 00:36:56,480
yeah it's the secret of tight town but

1013
00:37:01,190 --> 00:36:59,359

it's also just a town two starts right

1014

00:37:03,510 --> 00:37:01,200

you can just easily show up two days

1015

00:37:06,230 --> 00:37:03,520

early get used to the town and then you

1016

00:37:08,230 --> 00:37:06,240

know that's not a big deal

1017

00:37:14,950 --> 00:37:08,240

all right so you don't

1018

00:37:19,430 --> 00:37:16,150

a different version of spaghetti i'm

1019

00:37:21,349 --> 00:37:19,440

just going to start going off and okay

1020

00:37:23,190 --> 00:37:21,359

put the brakes on me anytime

1021

00:37:25,910 --> 00:37:23,200

but this is also important this is your

1022

00:37:27,190 --> 00:37:25,920

hour my friend it ties back into azik

1023

00:37:29,030 --> 00:37:27,200

again

1024

00:37:30,870 --> 00:37:29,040

not too long ago another set of those

1025

00:37:32,630 --> 00:37:30,880

majestic documents were released through

1026
00:37:34,470 --> 00:37:32,640
some podcast person or something like

1027
00:37:36,310 --> 00:37:34,480
that i don't remember what the details a

1028
00:37:39,670 --> 00:37:36,320
bunch of people got all excited because

1029
00:37:40,790 --> 00:37:39,680
it seemed to verify roswell and aztec

1030
00:37:42,630 --> 00:37:40,800
you know

1031
00:37:45,109 --> 00:37:42,640
what's important though is

1032
00:37:46,710 --> 00:37:45,119
that document is definitely provably

1033
00:37:49,030 --> 00:37:46,720
false

1034
00:37:51,190 --> 00:37:49,040
and one of the ways i was able to just

1035
00:37:51,990 --> 00:37:51,200
even though i'm not a document expert i

1036
00:37:54,710 --> 00:37:52,000
can

1037
00:37:57,190 --> 00:37:54,720
tell you for sure it's a hoax because

1038
00:37:59,750 --> 00:37:57,200

the stuff about aztec in that was pulled

1039

00:38:01,829 --> 00:37:59,760

word for world word out of bill

1040

00:38:05,030 --> 00:38:01,839

steinman's book on aztec

1041

00:38:06,069 --> 00:38:05,040

interesting word for word cut and paste

1042

00:38:07,589 --> 00:38:06,079

and

1043

00:38:09,109 --> 00:38:07,599

like i told you bill steinman had a

1044

00:38:10,470 --> 00:38:09,119

bunch of stuff wrong

1045

00:38:13,030 --> 00:38:10,480

he said

1046

00:38:14,630 --> 00:38:13,040

for instance he did say an air defense

1047

00:38:16,150 --> 00:38:14,640

emergency was declared that morning and

1048

00:38:18,230 --> 00:38:16,160

that's true

1049

00:38:19,990 --> 00:38:18,240

but his information was it was connected

1050

00:38:22,069 --> 00:38:20,000

with mj 12

1051
00:38:23,990 --> 00:38:22,079
and it was general marshall who declared

1052
00:38:26,230 --> 00:38:24,000
the emergency and then rescinded the

1053
00:38:28,150 --> 00:38:26,240
order 24 hours later none of that

1054
00:38:30,870 --> 00:38:28,160
happened general marshall had nothing to

1055
00:38:32,390 --> 00:38:30,880
do with this he was secretary of state

1056
00:38:34,150 --> 00:38:32,400
at the time

1057
00:38:36,470 --> 00:38:34,160
so he would have known about obviously

1058
00:38:38,630 --> 00:38:36,480
but it was general spots that declared

1059
00:38:40,710 --> 00:38:38,640
the emergency he was chief air staff

1060
00:38:43,670 --> 00:38:40,720
that would make more sense right

1061
00:38:46,390 --> 00:38:43,680
and the and this emergency lasted until

1062
00:38:49,270 --> 00:38:46,400
vandenbergh took over and he rescinded it

1063
00:38:51,750 --> 00:38:49,280

on about april 4th so almost a month

1064

00:38:54,069 --> 00:38:51,760

this order was in place this emergency

1065

00:38:56,069 --> 00:38:54,079

share defense order were there

1066

00:38:57,829 --> 00:38:56,079

did those type of orders usually just

1067

00:39:00,630 --> 00:38:57,839

last a short amount of time like that

1068

00:39:03,270 --> 00:39:00,640

like a month this was different you know

1069

00:39:04,710 --> 00:39:03,280

it was a whatever it was they blamed it

1070

00:39:07,510 --> 00:39:04,720

on the soviets

1071

00:39:09,670 --> 00:39:07,520

at the time spots said the soviets are

1072

00:39:10,470 --> 00:39:09,680

about to invade us

1073

00:39:12,390 --> 00:39:10,480

but

1074

00:39:15,750 --> 00:39:12,400

i i don't know if you were able to read

1075

00:39:18,390 --> 00:39:15,760

it but uh my first report

1076

00:39:20,150 --> 00:39:18,400

part one i tried my hardest to get into

1077

00:39:22,870 --> 00:39:20,160

that i looked as many files i could i

1078

00:39:24,950 --> 00:39:22,880

got i finally got uh cia report the

1079

00:39:25,710 --> 00:39:24,960

office of reported estimates i think

1080

00:39:32,150 --> 00:39:25,720

it's

1081

00:39:36,230 --> 00:39:34,230

they initiated that report in the office

1082

00:39:38,710 --> 00:39:36,240

of reports and estimate because

1083

00:39:40,710 --> 00:39:38,720

specifically because of that

1084

00:39:42,710 --> 00:39:40,720

them being the air force for some reason

1085

00:39:44,710 --> 00:39:42,720

and general chamberlain

1086

00:39:46,950 --> 00:39:44,720

head of the army id coincidentally the

1087

00:39:48,230 --> 00:39:46,960

same people who put it put out that

1088

00:39:50,790 --> 00:39:48,240

two-page

1089

00:39:52,710 --> 00:39:50,800

uh directive on flying discs

1090

00:39:54,069 --> 00:39:52,720

these are the only people that are

1091

00:39:55,510 --> 00:39:54,079

concerned enough that we need to have an

1092

00:39:56,630 --> 00:39:55,520

air defense emergency everybody else is

1093

00:39:58,310 --> 00:39:56,640

going

1094

00:40:00,790 --> 00:39:58,320

what are they talking about the soviets

1095

00:40:02,310 --> 00:40:00,800

aren't going to invade they can't even

1096

00:40:03,990 --> 00:40:02,320

though we knew they were doing stuff in

1097

00:40:06,790 --> 00:40:04,000

berlin then they were there was the coup

1098

00:40:08,790 --> 00:40:06,800

in yugoslavia right he knew there was

1099

00:40:11,670 --> 00:40:08,800

absolutely zero chance they were going

1100

00:40:13,829 --> 00:40:11,680

to try to invade america there was

1101
00:40:16,390 --> 00:40:13,839
zero chances of that they didn't even

1102
00:40:17,670 --> 00:40:16,400
have a bomber yet that could do it it

1103
00:40:19,349 --> 00:40:17,680
just

1104
00:40:20,790 --> 00:40:19,359
shows that there were things flying

1105
00:40:23,430 --> 00:40:20,800
around that they didn't know what they

1106
00:40:25,910 --> 00:40:23,440
were and were probably guessing whatever

1107
00:40:28,069 --> 00:40:25,920
is most practical to guess to them which

1108
00:40:30,230 --> 00:40:28,079
was

1109
00:40:32,710 --> 00:40:30,240
so we you needed russia yeah everything

1110
00:40:35,349 --> 00:40:32,720
was russia because what else could it be

1111
00:40:40,950 --> 00:40:36,390
still

1112
00:40:43,589 --> 00:40:40,960
isn't it exactly it's bizarre

1113
00:40:46,630 --> 00:40:43,599

there's so many times you get like just

1114

00:40:50,150 --> 00:40:46,640

the time zone time period involved and

1115

00:40:52,470 --> 00:40:50,160

the abilities displayed from the 40s

1116

00:40:53,670 --> 00:40:52,480

come on nobody had planes that could

1117

00:40:56,230 --> 00:40:53,680

outrun

1118

00:40:58,950 --> 00:40:56,240

everything we had in the late 40s like

1119

00:41:00,870 --> 00:40:58,960

they were doing and and yet still so it

1120

00:41:03,030 --> 00:41:00,880

might be russia

1121

00:41:07,190 --> 00:41:03,040

yeah yeah i mean and what's it what's

1122

00:41:09,190 --> 00:41:07,200

the other uh option that all your um

1123

00:41:10,069 --> 00:41:09,200

you know fighter pilot pilots or

1124

00:41:13,670 --> 00:41:10,079

whatever

1125

00:41:17,750 --> 00:41:13,680

um all are just chasing venus over and

1126

00:41:20,470 --> 00:41:18,550

what's

1127

00:41:21,990 --> 00:41:20,480

you know that's the thing that i don't

1128

00:41:23,510 --> 00:41:22,000

get because we're you know waiting for

1129

00:41:25,829 --> 00:41:23,520

disclosure whatever you give us your

1130

00:41:28,309 --> 00:41:25,839

information but if people just

1131

00:41:30,030 --> 00:41:28,319

you know read documents they'll get

1132

00:41:32,069 --> 00:41:30,040

their disclosure because it's pretty

1133

00:41:35,030 --> 00:41:32,079

self-explanatory if you read all those

1134

00:41:37,109 --> 00:41:35,040

back in 40s 50s yeah

1135

00:41:39,910 --> 00:41:37,119

the frustration people like me have felt

1136

00:41:42,230 --> 00:41:39,920

for a long time because as you can see

1137

00:41:44,230 --> 00:41:42,240

just like you just said in actuality

1138

00:41:45,990 --> 00:41:44,240

disclosure happened a long time ago it's

1139

00:41:47,510 --> 00:41:46,000

just nobody's had the

1140

00:41:50,710 --> 00:41:47,520

wherewithal to read through the

1141

00:41:52,150 --> 00:41:50,720

documents right very few people have

1142

00:41:53,430 --> 00:41:52,160

some people

1143

00:41:55,270 --> 00:41:53,440

i've noticed that over the years like

1144

00:41:57,349 --> 00:41:55,280

commenting on kevin randle's blog here

1145

00:42:00,069 --> 00:41:57,359

and there over the years every once in a

1146

00:42:01,829 --> 00:42:00,079

while see a commenter that gives me i go

1147

00:42:03,589 --> 00:42:01,839

oh that guy's been reading you can tell

1148

00:42:05,910 --> 00:42:03,599

that

1149

00:42:07,109 --> 00:42:05,920

but every once in a while

1150

00:42:09,589 --> 00:42:07,119

yeah

1151
00:42:11,349 --> 00:42:09,599
you're more from those people

1152
00:42:13,430 --> 00:42:11,359
there are good researchers out there but

1153
00:42:15,750 --> 00:42:13,440
we never hear about them to me it just

1154
00:42:17,510 --> 00:42:15,760
made sense to start from the beginning

1155
00:42:19,829 --> 00:42:17,520
you know okay if i'm getting into this i

1156
00:42:21,430 --> 00:42:19,839
gotta see what what the heck happened

1157
00:42:23,670 --> 00:42:21,440
let's go to the start

1158
00:42:25,589 --> 00:42:23,680
and roswell was probably well obviously

1159
00:42:28,630 --> 00:42:25,599
i didn't find anything on

1160
00:42:31,510 --> 00:42:28,640
roswell because of whatever

1161
00:42:33,750 --> 00:42:31,520
but i found a lot of other stuff in all

1162
00:42:36,069 --> 00:42:33,760
those osi district folders i have in

1163
00:42:38,230 --> 00:42:36,079

google drive each one of those has its

1164

00:42:43,510 --> 00:42:38,240

own military-based sightings with

1165

00:42:46,710 --> 00:42:45,829

but and it's the army

1166

00:42:48,870 --> 00:42:46,720

that

1167

00:42:51,270 --> 00:42:48,880

came up with like you know i don't ever

1168

00:42:53,349 --> 00:42:51,280

heard of jnf 46

1169

00:42:56,230 --> 00:42:53,359

joint army navy air force publication

1170

00:42:58,550 --> 00:42:56,240

146 and it's driven it

1171

00:43:00,230 --> 00:42:58,560

the air force the joint army navy air

1172

00:43:01,510 --> 00:43:00,240

force publications that was all designed

1173

00:43:03,750 --> 00:43:01,520

by the army

1174

00:43:06,390 --> 00:43:03,760

see that's the thing all of this stuff a

1175

00:43:08,069 --> 00:43:06,400

lot of these mysteries around this

1176

00:43:10,390 --> 00:43:08,079

some of it is because we don't

1177

00:43:12,630 --> 00:43:10,400

understand that it's it was the army not

1178

00:43:14,950 --> 00:43:12,640

the air force the attorney was

1179

00:43:15,829 --> 00:43:14,960

investigating flying discs not the air

1180

00:43:22,550 --> 00:43:15,839

force

1181

00:43:24,829 --> 00:43:22,560

and that continued i think that's what

1182

00:43:26,950 --> 00:43:24,839

that riley ennis document

1183

00:43:30,230 --> 00:43:26,960

shows excuse me

1184

00:43:33,030 --> 00:43:30,240

well eight taken osi were investigating

1185

00:43:36,230 --> 00:43:33,040

saucers correct yeah and for the year

1186

00:43:38,550 --> 00:43:36,240

on the air force yeah but a good example

1187

00:43:39,910 --> 00:43:38,560

better examples

1188

00:43:42,550 --> 00:43:39,920

a really good example of what i'm

1189

00:43:44,309 --> 00:43:42,560

talking about is uh before project sign

1190

00:43:45,670 --> 00:43:44,319

was created

1191

00:43:47,430 --> 00:43:45,680

a a

1192

00:43:50,550 --> 00:43:47,440

a study was done just it was like the

1193

00:43:52,230 --> 00:43:50,560

first uh estimate of the situation

1194

00:43:55,190 --> 00:43:52,240

called for by a lieutenant colonel

1195

00:43:57,910 --> 00:43:55,200

george garrett okay he was actually the

1196

00:44:00,470 --> 00:43:57,920

first guy in in a way in charge of the

1197

00:44:03,829 --> 00:44:00,480

secret saucer program he was one that

1198

00:44:07,349 --> 00:44:03,839

initiated that by the study

1199

00:44:09,109 --> 00:44:07,359

what at the time i found i found a cia

1200

00:44:11,829 --> 00:44:09,119

document in the same way you do going

1201
00:44:14,069 --> 00:44:11,839
through the library and crossfit and

1202
00:44:17,430 --> 00:44:14,079
stuff i do that and

1203
00:44:19,349 --> 00:44:17,440
i found him on a

1204
00:44:21,750 --> 00:44:19,359
memo from the foreign broadcast

1205
00:44:23,430 --> 00:44:21,760
information bureau which is important i

1206
00:44:25,510 --> 00:44:23,440
bring this up that guy a really nice guy

1207
00:44:27,670 --> 00:44:25,520
graham you had on your show

1208
00:44:29,270 --> 00:44:27,680
you know some of those documents that

1209
00:44:31,430 --> 00:44:29,280
you hear saying how innocuous they are

1210
00:44:33,670 --> 00:44:31,440
the cia well those were foreign

1211
00:44:35,990 --> 00:44:33,680
broadcast information

1212
00:44:39,030 --> 00:44:36,000
service documents that that's what this

1213
00:44:41,190 --> 00:44:39,040

relates to this memo i found was

1214

00:44:42,630 --> 00:44:41,200

showed not only that general lieutenant

1215

00:44:45,990 --> 00:44:42,640

colonel garrett was a member of the

1216

00:44:47,589 --> 00:44:46,000

intelligence advisory committee oh

1217

00:44:50,630 --> 00:44:47,599

he i see yeah

1218

00:44:53,190 --> 00:44:50,640

yeah and he was the liaison

1219

00:44:54,150 --> 00:44:53,200

for the intelligence advisory committee

1220

00:44:56,790 --> 00:44:54,160

and

1221

00:44:58,870 --> 00:44:56,800

army id's air staff even though he was

1222

00:45:01,910 --> 00:44:58,880

in the air force he's listed as

1223

00:45:05,030 --> 00:45:01,920

representing the army id air staff

1224

00:45:07,270 --> 00:45:05,040

interestingly this mesh its air force

1225

00:45:09,270 --> 00:45:07,280

but all these people were army first

1226

00:45:10,870 --> 00:45:09,280

yeah no army

1227

00:45:13,030 --> 00:45:10,880

it's hard to explain in fact you look at

1228

00:45:14,950 --> 00:45:13,040

the air force i still don't understand

1229

00:45:16,710 --> 00:45:14,960

some of the tree

1230

00:45:18,870 --> 00:45:16,720

of how the air force was connected and

1231

00:45:21,430 --> 00:45:18,880

everything that it's

1232

00:45:23,670 --> 00:45:21,440

thanks megan yep like share subscribe i

1233

00:45:24,630 --> 00:45:23,680

appreciate it um

1234

00:45:26,150 --> 00:45:24,640

yeah it's

1235

00:45:28,390 --> 00:45:26,160

you know we talked to touched on this

1236

00:45:30,390 --> 00:45:28,400

before it just seems like

1237

00:45:33,109 --> 00:45:30,400

uh there were so many different people

1238

00:45:36,470 --> 00:45:33,119

who had their hands on this stuff

1239

00:45:38,950 --> 00:45:36,480

like dod had foreign reports

1240

00:45:42,630 --> 00:45:38,960

you know or dia or whatever

1241

00:45:44,710 --> 00:45:42,640

um nsa all and then you have the atec

1242

00:45:47,349 --> 00:45:44,720

and then you have army

1243

00:45:49,829 --> 00:45:47,359

this is like navy even dead the armed

1244

00:45:51,750 --> 00:45:49,839

forces security agency

1245

00:45:53,510 --> 00:45:51,760

nsa was before it was the nsa was the

1246

00:45:54,470 --> 00:45:53,520

armed forces

1247

00:45:58,470 --> 00:45:54,480

and

1248

00:46:00,309 --> 00:45:58,480

admitted it later in a lawsuit but that

1249

00:46:01,910 --> 00:46:00,319

makes sense because one of their

1250

00:46:04,470 --> 00:46:01,920

functions is

1251
00:46:06,390 --> 00:46:04,480
to ease drop to find out where other

1252
00:46:08,309 --> 00:46:06,400
signings are you know they're not just

1253
00:46:09,670 --> 00:46:08,319
ease dropping for

1254
00:46:11,670 --> 00:46:09,680
no reason

1255
00:46:13,270 --> 00:46:11,680
they're looking for certain things and

1256
00:46:15,910 --> 00:46:13,280
one of the things they listen for is if

1257
00:46:17,990 --> 00:46:15,920
there's a if a sighting shows up yeah

1258
00:46:19,510 --> 00:46:18,000
they listen they go in what they go to

1259
00:46:21,750 --> 00:46:19,520
contact the nsa

1260
00:46:23,589 --> 00:46:21,760
get us communications for this

1261
00:46:25,829 --> 00:46:23,599
period of time we want to see if anybody

1262
00:46:27,510 --> 00:46:25,839
reported did anybody talk about this did

1263
00:46:29,510 --> 00:46:27,520

anybody anything and it's very important

1264

00:46:31,190 --> 00:46:29,520

that they do it that way that way they

1265

00:46:33,270 --> 00:46:31,200

get information without tainting the

1266

00:46:35,270 --> 00:46:33,280

witness they're just eavesdropping

1267

00:46:36,870 --> 00:46:35,280

on their conversation

1268

00:46:37,829 --> 00:46:36,880

is that what the foreign broadcast

1269

00:46:39,430 --> 00:46:37,839

things

1270

00:46:41,430 --> 00:46:39,440

are or whatever well the foreign

1271

00:46:43,589 --> 00:46:41,440

broadcaster that's a blanket service

1272

00:46:45,349 --> 00:46:43,599

where they just pool from media okay

1273

00:46:46,790 --> 00:46:45,359

foreign media and stuff in the same

1274

00:46:48,790 --> 00:46:46,800

fashion but not

1275

00:46:50,710 --> 00:46:48,800

eavesdropping they just gather

1276

00:46:53,829 --> 00:46:50,720

publications and stuff

1277

00:46:55,270 --> 00:46:53,839

constant it's just a constant battle of

1278

00:46:57,430 --> 00:46:55,280

information flowing

1279

00:46:59,829 --> 00:46:57,440

constantly from everywhere you can

1280

00:47:02,470 --> 00:46:59,839

floating in the filter center what's

1281

00:47:05,109 --> 00:47:02,480

your biggest takeaway from researching

1282

00:47:05,910 --> 00:47:05,119

this date

1283

00:47:07,670 --> 00:47:05,920

well

1284

00:47:09,349 --> 00:47:07,680

the first thing i just mentioned there's

1285

00:47:11,910 --> 00:47:09,359

a difference between

1286

00:47:14,630 --> 00:47:11,920

unidentified aerial phenomena

1287

00:47:17,589 --> 00:47:14,640

and unconventional aircraft

1288

00:47:20,150 --> 00:47:17,599

okay and i i'm suspicious that they're

1289

00:47:21,670 --> 00:47:20,160

trying to divorce those two

1290

00:47:23,270 --> 00:47:21,680

so that we don't think about it that way

1291

00:47:25,829 --> 00:47:23,280

and that was why i felt the tic tac

1292

00:47:27,990 --> 00:47:25,839

story was so important because if

1293

00:47:29,190 --> 00:47:28,000

they they had witnesses that said no it

1294

00:47:31,510 --> 00:47:29,200

was a

1295

00:47:33,910 --> 00:47:31,520

tangible aircraft of some kind

1296

00:47:35,109 --> 00:47:33,920

i feel like they were trying to separate

1297

00:47:37,750 --> 00:47:35,119

those two again because it's a lot

1298

00:47:39,430 --> 00:47:37,760

easier to talk about willow the wisp

1299

00:47:40,790 --> 00:47:39,440

than it is talking about some structured

1300

00:47:42,470 --> 00:47:40,800

craft that we don't know where it came

1301

00:47:44,950 --> 00:47:42,480

from right

1302

00:47:46,150 --> 00:47:44,960

and uh i think it's important to note

1303

00:47:47,510 --> 00:47:46,160

the difference that's all that's why i

1304

00:47:50,470 --> 00:47:47,520

also i think it's important that we go

1305

00:47:52,710 --> 00:47:50,480

through these old documents because like

1306

00:47:54,870 --> 00:47:52,720

the mj12 server or anything else that i

1307

00:47:58,549 --> 00:47:54,880

feel is disinformation you know

1308

00:48:04,549 --> 00:48:02,069

you can slap me he can slap me on

1309

00:48:05,990 --> 00:48:04,559

that this information will get piled up

1310

00:48:08,069 --> 00:48:06,000

on it and it is nothing but a

1311

00:48:09,670 --> 00:48:08,079

distraction whereas if you ground

1312

00:48:11,270 --> 00:48:09,680

yourself in stuff that you have a

1313

00:48:12,630 --> 00:48:11,280

pedigree for you know where these

1314

00:48:14,150 --> 00:48:12,640

documents came from you don't have to

1315

00:48:16,790 --> 00:48:14,160

question them

1316

00:48:21,910 --> 00:48:16,800

legit these are all get those down

1317

00:48:27,510 --> 00:48:24,790

that's true i feel like a lot of um the

1318

00:48:30,069 --> 00:48:27,520

open-ended stories whether it be the mj

1319

00:48:31,109 --> 00:48:30,079

12 stuff wilson davis stuff bob lazar

1320

00:48:34,390 --> 00:48:31,119

whatever

1321

00:48:37,109 --> 00:48:34,400

i feel like you can get so busy trying

1322

00:48:39,349 --> 00:48:37,119

like going down those paths of

1323

00:48:41,270 --> 00:48:39,359

you know paying attention to that story

1324

00:48:44,069 --> 00:48:41,280

or trying to do your own research on

1325

00:48:46,150 --> 00:48:44,079

that story and by the end of it

1326
00:48:48,710 --> 00:48:46,160
sometimes it seems like it's designed to

1327
00:48:51,109 --> 00:48:48,720
leave you empty-handed if you do

1328
00:48:52,470 --> 00:48:51,119
and you're no better off than you were

1329
00:48:55,430 --> 00:48:52,480
when you started

1330
00:48:57,750 --> 00:48:55,440
so might as well go your own route right

1331
00:49:01,270 --> 00:48:57,760
but yeah that's what i feel for sure

1332
00:49:06,150 --> 00:49:04,470
it there's always truth with the lies

1333
00:49:08,150 --> 00:49:06,160
you know so maybe

1334
00:49:09,589 --> 00:49:08,160
there's more to it than we know but

1335
00:49:11,910 --> 00:49:09,599
there's definitely a

1336
00:49:13,829 --> 00:49:11,920
you know a couple lies in there he lied

1337
00:49:15,670 --> 00:49:13,839
about his education bob lazar did at

1338
00:49:17,910 --> 00:49:15,680

least but i don't

1339

00:49:20,710 --> 00:49:17,920

you know blanket judge somebody based on

1340

00:49:23,109 --> 00:49:20,720

one lie of course but

1341

00:49:26,630 --> 00:49:23,119

you know it's

1342

00:49:28,230 --> 00:49:26,640

yeah it's it can be very frustrating

1343

00:49:30,870 --> 00:49:28,240

because you want to believe some of this

1344

00:49:34,069 --> 00:49:30,880

stuff you know well let's say

1345

00:49:35,670 --> 00:49:34,079

no if it came down to my character

1346

00:49:37,589 --> 00:49:35,680

whether what i'm saying is true or not

1347

00:49:39,109 --> 00:49:37,599

then you know then it

1348

00:49:41,510 --> 00:49:39,119

that's what happened to lazar it comes

1349

00:49:43,270 --> 00:49:41,520

down to his character almost right

1350

00:49:44,390 --> 00:49:43,280

when it comes to that then and you got

1351

00:49:45,990 --> 00:49:44,400

nothing

1352

00:49:48,390 --> 00:49:46,000

that's why i think it's important like

1353

00:49:50,549 --> 00:49:48,400

that whether whether it's me or you or

1354

00:49:52,630 --> 00:49:50,559

somebody else people need to be aware

1355

00:49:55,349 --> 00:49:52,640

that there's a foundation here

1356

00:49:56,150 --> 00:49:55,359

and that get that foundation laid in you

1357

00:49:57,750 --> 00:49:56,160

and

1358

00:49:59,349 --> 00:49:57,760

these other people can say whatever they

1359

00:50:01,190 --> 00:49:59,359

want but if you know something different

1360

00:50:05,910 --> 00:50:01,200

you can quietly go wow

1361

00:50:07,430 --> 00:50:05,920

no i i remember in 48 9 45 they no

1362

00:50:09,270 --> 00:50:07,440

that guy's not telling the truth you

1363

00:50:10,710 --> 00:50:09,280

know you can do that right you're

1364

00:50:12,549 --> 00:50:10,720

totally ignorant

1365

00:50:13,510 --> 00:50:12,559

these people

1366

00:50:15,349 --> 00:50:13,520

right

1367

00:50:17,750 --> 00:50:15,359

it reminds me of uh

1368

00:50:19,990 --> 00:50:17,760

i spent a lot of time in sales kind of

1369

00:50:21,349 --> 00:50:20,000

reminds me of sales like if you're a

1370

00:50:23,510 --> 00:50:21,359

customer

1371

00:50:24,790 --> 00:50:23,520

you have to do your research learning

1372

00:50:26,470 --> 00:50:24,800

what you're buying

1373

00:50:29,030 --> 00:50:26,480

otherwise these people can come up to

1374

00:50:30,470 --> 00:50:29,040

you and say whatever they want and yeah

1375

00:50:32,069 --> 00:50:30,480

okay that sounds great and you don't

1376

00:50:34,390 --> 00:50:32,079

know any better

1377

00:50:36,230 --> 00:50:34,400

yeah completely

1378

00:50:41,910 --> 00:50:36,240

yeah unless you're buying nervous you

1379

00:50:43,450 --> 00:50:42,790

yeah

1380

00:50:45,190 --> 00:50:43,460

it's fine

1381

00:50:49,589 --> 00:50:45,200

[Laughter]

1382

00:50:51,510 --> 00:50:49,599

it works right i don't need a receipt

1383

00:50:53,750 --> 00:50:51,520

yeah so so

1384

00:50:56,630 --> 00:50:53,760

back to aztec sure

1385

00:50:58,630 --> 00:50:56,640

yeah no problem the the thing that

1386

00:51:01,109 --> 00:50:58,640

cements it for me

1387

00:51:02,549 --> 00:51:01,119

why i keep kept going was like that i

1388

00:51:06,150 --> 00:51:02,559

mentioned

1389

00:51:09,349 --> 00:51:06,160

air defense command regulation 45 5

1390

00:51:11,349 --> 00:51:09,359

air force regulation 200-1

1391

00:51:12,950 --> 00:51:11,359

those two became super important because

1392

00:51:14,390 --> 00:51:12,960

what i found

1393

00:51:16,069 --> 00:51:14,400

was

1394

00:51:18,710 --> 00:51:16,079

they would like i mentioned before they

1395

00:51:20,390 --> 00:51:18,720

would update the date of those like a

1396

00:51:21,270 --> 00:51:20,400

marker

1397

00:51:22,950 --> 00:51:21,280

so

1398

00:51:24,710 --> 00:51:22,960

after a while you get you could use

1399

00:51:27,109 --> 00:51:24,720

those and say did what date did that

1400

00:51:28,549 --> 00:51:27,119

happen well they updated 45.5 on this so

1401

00:51:29,829 --> 00:51:28,559

you could pretty much guarantee that was

1402

00:51:32,549 --> 00:51:29,839

the date it happened because they

1403

00:51:33,750 --> 00:51:32,559

updated 45.5 on that date it's still the

1404

00:51:35,430 --> 00:51:33,760

regulation

1405

00:51:37,109 --> 00:51:35,440

but now it'll say

1406

00:51:39,670 --> 00:51:37,119

as you know in accordance with

1407

00:51:42,309 --> 00:51:39,680

regulation 45 5 and then the new date

1408

00:51:43,270 --> 00:51:42,319

will be the day they post but

1409

00:51:46,630 --> 00:51:43,280

again

1410

00:51:49,589 --> 00:51:46,640

that was why iq on 25 march 1948 because

1411

00:51:50,870 --> 00:51:49,599

before i found that riley ennis two-page

1412

00:51:52,390 --> 00:51:50,880

directive

1413

00:51:54,309 --> 00:51:52,400

i was seeing

1414

00:51:56,150 --> 00:51:54,319

even though they update

1415

00:51:58,470 --> 00:51:56,160

the march 25th date was mentioned more

1416

00:52:00,470 --> 00:51:58,480

than any date i could find in the spot

1417

00:52:02,630 --> 00:52:00,480

they just kept coming up over and over

1418

00:52:04,870 --> 00:52:02,640

again they kept citing that particular

1419

00:52:07,750 --> 00:52:04,880

date so i knew something

1420

00:52:09,430 --> 00:52:07,760

flying disk wise had well

1421

00:52:11,750 --> 00:52:09,440

if you looked at any of the files that i

1422

00:52:12,790 --> 00:52:11,760

uploaded that you said pretty much you

1423

00:52:17,030 --> 00:52:12,800

know look

1424

00:52:20,390 --> 00:52:17,040

accurate there's one it there's a

1425

00:52:22,470 --> 00:52:20,400

one in june of 48. you know

1426

00:52:24,309 --> 00:52:22,480

in new mexico that's like santa fe or

1427

00:52:26,309 --> 00:52:24,319

something but i mean they're they're all

1428

00:52:28,870 --> 00:52:26,319

over that area

1429

00:52:35,109 --> 00:52:32,790

my earliest reports were april 47 but

1430

00:52:38,150 --> 00:52:35,119

you one of the documents you had that we

1431

00:52:39,430 --> 00:52:38,160

read together that you showed us

1432

00:52:40,390 --> 00:52:39,440

a few days ago

1433

00:52:43,290 --> 00:52:40,400

showed

1434

00:52:44,870 --> 00:52:43,300

january 1947 they had stuff

1435

00:52:46,549 --> 00:52:44,880

[Laughter]

1436

00:52:49,109 --> 00:52:46,559

i wasn't aware of that but it was

1437

00:52:51,829 --> 00:52:49,119

obvious they mentioned it so yeah so

1438

00:52:54,790 --> 00:52:51,839

they had stuff so that just proves

1439

00:52:55,910 --> 00:52:54,800

even from researching we don't know

1440

00:52:58,390 --> 00:52:55,920

squat

1441

00:53:00,150 --> 00:52:58,400

right there so i'm convinced there were

1442

00:53:02,549 --> 00:53:00,160

so many other things going on and so

1443

00:53:05,510 --> 00:53:02,559

many other incidents

1444

00:53:07,990 --> 00:53:05,520

that that were really behind the scenes

1445

00:53:09,910 --> 00:53:08,000

sparking what was going on with this

1446

00:53:12,870 --> 00:53:09,920

with the army investigating flying discs

1447

00:53:14,870 --> 00:53:12,880

and unconventional aircraft yeah wow

1448

00:53:17,829 --> 00:53:14,880

well yeah and they were over caesar

1449

00:53:18,870 --> 00:53:17,839

reports uh in sweden what was that 46 or

1450

00:53:21,670 --> 00:53:18,880

something

1451
00:53:23,430 --> 00:53:21,680
ghost rock sweden and greece

1452
00:53:25,670 --> 00:53:23,440
and the foo fighters

1453
00:53:27,109 --> 00:53:25,680
and um you know the central intelligence

1454
00:53:30,710 --> 00:53:27,119
group was investigating the ghost

1455
00:53:32,470 --> 00:53:30,720
rockets yes you know there's no doubt

1456
00:53:34,710 --> 00:53:32,480
because it's a balloon

1457
00:53:37,829 --> 00:53:34,720
yeah red well no because they were

1458
00:53:41,109 --> 00:53:39,750
base some people still think they have

1459
00:53:43,829 --> 00:53:41,119
evidence that it was

1460
00:53:46,150 --> 00:53:43,839
but uh other documents i've read i don't

1461
00:53:48,549 --> 00:53:46,160
i don't buy that completely there could

1462
00:53:50,870 --> 00:53:48,559
have been some testing going on that you

1463
00:53:52,950 --> 00:53:50,880

know rockets were being seen but some of

1464

00:53:54,230 --> 00:53:52,960

these uh like one of the documents

1465

00:53:57,750 --> 00:53:54,240

signed by

1466

00:53:59,430 --> 00:53:57,760

deputy uh director wright of the cig he

1467

00:54:04,950 --> 00:53:59,440

comes out and says they had debris

1468

00:54:08,950 --> 00:54:07,109

i'm certainly not it's you know what's

1469

00:54:10,710 --> 00:54:08,960

term that term aliens is an interesting

1470

00:54:14,230 --> 00:54:10,720

thing too because

1471

00:54:16,230 --> 00:54:14,240

just like most other reasonable people

1472

00:54:18,950 --> 00:54:16,240

when i first started coming across that

1473

00:54:19,910 --> 00:54:18,960

term in some of these documents i just

1474

00:54:22,549 --> 00:54:19,920

wrote

1475

00:54:24,549 --> 00:54:22,559

obviously back then they used that term

1476
00:54:27,589 --> 00:54:24,559
in other ways like foreign nationals and

1477
00:54:30,150 --> 00:54:27,599
so sure but i admit some things in some

1478
00:54:31,990 --> 00:54:30,160
of the really secret cia stuff i've read

1479
00:54:33,349 --> 00:54:32,000
like you have some of the stuff they've

1480
00:54:35,670 --> 00:54:33,359
released

1481
00:54:38,470 --> 00:54:35,680
the term alien gets thrown out but it

1482
00:54:39,910 --> 00:54:38,480
seems to only be used for some one

1483
00:54:40,950 --> 00:54:39,920
particular group

1484
00:54:43,270 --> 00:54:40,960
i mean

1485
00:54:45,589 --> 00:54:43,280
in other times i'll say a lithuanian

1486
00:54:47,510 --> 00:54:45,599
right right a little winning a guy from

1487
00:54:49,910 --> 00:54:47,520
hungary but they'll mention but

1488
00:54:52,390 --> 00:54:49,920

one group they just call them aliens

1489

00:54:54,230 --> 00:54:52,400

so after what i tried okay who are they

1490

00:54:56,789 --> 00:54:54,240

talking about

1491

00:54:58,470 --> 00:54:56,799

my first best guess was they were nazis

1492

00:55:00,549 --> 00:54:58,480

anybody that was a nazi maybe they

1493

00:55:02,150 --> 00:55:00,559

referred to as an alien

1494

00:55:03,990 --> 00:55:02,160

that kind of started making sense to me

1495

00:55:04,950 --> 00:55:04,000

when i was putting it in context but

1496

00:55:06,390 --> 00:55:04,960

then

1497

00:55:08,870 --> 00:55:06,400

when i went back and i thought about

1498

00:55:11,190 --> 00:55:08,880

aztec again and this is me going maybe

1499

00:55:13,829 --> 00:55:11,200

i'm getting silly but i'm just thinking

1500

00:55:16,230 --> 00:55:13,839

sure in the aztec story supposingly when

1501

00:55:19,030 --> 00:55:16,240

they found the bodies they were all

1502

00:55:22,549 --> 00:55:19,040

identical looking blonde haired blue

1503

00:55:24,630 --> 00:55:22,559

eyed pale-skinned individuals well

1504

00:55:26,069 --> 00:55:24,640

not grey aliens with big heads and black

1505

00:55:28,549 --> 00:55:26,079

guys right

1506

00:55:30,150 --> 00:55:28,559

and if that were true

1507

00:55:32,870 --> 00:55:30,160

and if that's what they really looked

1508

00:55:35,829 --> 00:55:32,880

like i could see if you're thinking it's

1509

00:55:38,230 --> 00:55:35,839

russia and it's maybe some

1510

00:55:39,589 --> 00:55:38,240

nazi component but they

1511

00:55:41,190 --> 00:55:39,599

they would they probably thought they

1512

00:55:42,150 --> 00:55:41,200

were nazis you know

1513

00:55:43,430 --> 00:55:42,160

aaron

1514

00:55:46,630 --> 00:55:43,440

connection

1515

00:55:49,829 --> 00:55:46,640

so maybe that's why the alien word got

1516

00:55:52,230 --> 00:55:49,839

con connected in that sense in in

1517

00:55:54,470 --> 00:55:52,240

just a possibility this is speculation

1518

00:55:55,349 --> 00:55:54,480

yeah that's that's the fun part though

1519

00:55:56,230 --> 00:55:55,359

because

1520

00:55:58,150 --> 00:55:56,240

um

1521

00:56:01,030 --> 00:55:58,160

you actually

1522

00:56:03,270 --> 00:56:01,040

get to your point by beginning

1523

00:56:05,670 --> 00:56:03,280

with speculation right

1524

00:56:09,190 --> 00:56:05,680

in your hunch like i feel like there's

1525

00:56:11,349 --> 00:56:09,200

something there yeah and you go for it

1526

00:56:13,750 --> 00:56:11,359

yeah it's like the mccarthy thing i know

1527

00:56:16,309 --> 00:56:13,760

it's crazy but now i'm suspicious

1528

00:56:18,230 --> 00:56:16,319

there's a connection between aztec and

1529

00:56:20,630 --> 00:56:18,240

the mccarthy hearings

1530

00:56:22,150 --> 00:56:20,640

because oh my gosh i know it's crazy but

1531

00:56:23,109 --> 00:56:22,160

it goes back to this member i told you

1532

00:56:26,150 --> 00:56:23,119

metric

1533

00:56:29,349 --> 00:56:26,160

cosmic background general bowling

1534

00:56:31,190 --> 00:56:29,359

is the guy who's in charge of that well

1535

00:56:32,870 --> 00:56:31,200

if you were to go look at the mccarthy

1536

00:56:34,549 --> 00:56:32,880

hearings on there's some you can go on

1537

00:56:35,910 --> 00:56:34,559

youtube

1538

00:56:38,230 --> 00:56:35,920

there's a section

1539

00:56:39,990 --> 00:56:38,240

it's kind of when it was more serious at

1540

00:56:41,190 --> 00:56:40,000

the beginning before it got really crazy

1541

00:56:43,030 --> 00:56:41,200

towards the end

1542

00:56:45,109 --> 00:56:43,040

and general bowling is the guy that's on

1543

00:56:45,910 --> 00:56:45,119

the witness stand oh wow

1544

00:56:47,430 --> 00:56:45,920

and

1545

00:56:49,750 --> 00:56:47,440

mccarthy's

1546

00:56:51,109 --> 00:56:49,760

saying suddenly the subject of little

1547

00:56:52,950 --> 00:56:51,119

people comes up

1548

00:56:55,190 --> 00:56:52,960

and they said little people yeah you

1549

00:56:57,270 --> 00:56:55,200

know like fairies

1550

00:56:59,190 --> 00:56:57,280

and i remember when i first like what

1551
00:57:01,349 --> 00:56:59,200
the heck

1552
00:57:04,230 --> 00:57:01,359
you know what are they talking about

1553
00:57:06,150 --> 00:57:04,240
fury yeah a little people first and then

1554
00:57:07,990 --> 00:57:06,160
it kind of moved on and but now i'm

1555
00:57:09,990 --> 00:57:08,000
looking back on that going whoa would

1556
00:57:11,990 --> 00:57:10,000
that be maybe there's more to that

1557
00:57:13,750 --> 00:57:12,000
fairies than you thought the same exact

1558
00:57:16,150 --> 00:57:13,760
time period the stuff that ended up

1559
00:57:21,109 --> 00:57:16,160
being aztec when it was leaking out

1560
00:57:27,829 --> 00:57:23,109
have you ever

1561
00:57:29,589 --> 00:57:27,839
yeah you have can we can we read the

1562
00:57:31,270 --> 00:57:29,599
stories i do what i do is because of

1563
00:57:32,390 --> 00:57:31,280

what happened to me growing up

1564

00:57:35,829 --> 00:57:32,400

yeah

1565

00:57:37,829 --> 00:57:35,839

do you mind sharing my first

1566

00:57:40,390 --> 00:57:37,839

some of them and i and i think other

1567

00:57:41,750 --> 00:57:40,400

people say the same thing some of them

1568

00:57:44,230 --> 00:57:41,760

are memories

1569

00:57:45,829 --> 00:57:44,240

and some of them are like dreams that i

1570

00:57:47,349 --> 00:57:45,839

was that a memory or was that a dream

1571

00:57:49,030 --> 00:57:47,359

did i dream that

1572

00:57:51,109 --> 00:57:49,040

there's both

1573

00:57:53,589 --> 00:57:51,119

and but they have a similar flavor

1574

00:57:56,150 --> 00:57:53,599

that's why they stick with me right the

1575

00:57:57,430 --> 00:57:56,160

first memory was my stepdad and i was

1576

00:57:59,510 --> 00:57:57,440

after my dad didn't come back from

1577

00:58:01,270 --> 00:57:59,520

vietnam my mom remarried he was

1578

00:58:04,470 --> 00:58:01,280

stationed at hunter army airfield in

1579

00:58:06,710 --> 00:58:04,480

savannah georgia so we were living there

1580

00:58:08,710 --> 00:58:06,720

and i o and i had this memory my whole

1581

00:58:09,829 --> 00:58:08,720

childhood and i used to ask him about it

1582

00:58:10,710 --> 00:58:09,839

occasionally he didn't want to talk

1583

00:58:13,670 --> 00:58:10,720

about it

1584

00:58:15,510 --> 00:58:13,680

but my memory is us stopped

1585

00:58:19,430 --> 00:58:15,520

i'm out of the car towards the back of

1586

00:58:21,270 --> 00:58:19,440

the car by the back left rear taillight

1587

00:58:23,030 --> 00:58:21,280

and my dad i don't know i think i

1588

00:58:24,710 --> 00:58:23,040

thought maybe he was changing a tire or

1589

00:58:27,829 --> 00:58:24,720

something i don't know what he was doing

1590

00:58:30,789 --> 00:58:27,839

but i looked up it's dark

1591

00:58:34,150 --> 00:58:30,799

uh the right the geographies two lane

1592

00:58:36,789 --> 00:58:34,160

highway was very common all over there

1593

00:58:38,789 --> 00:58:36,799

right side was a drop off there and then

1594

00:58:40,950 --> 00:58:38,799

a forested area and the left side was

1595

00:58:43,990 --> 00:58:40,960

like a glade and then the forest so it

1596

00:58:45,510 --> 00:58:44,000

was a glade area first little

1597

00:58:48,150 --> 00:58:45,520

all i remember

1598

00:58:50,470 --> 00:58:48,160

it's dark i look up and what i remember

1599

00:58:51,349 --> 00:58:50,480

like a blimp very large like a goodyear

1600

00:58:53,349 --> 00:58:51,359

blimp

1601
00:58:54,870 --> 00:58:53,359
it was right over the car and had rows

1602
00:58:57,510 --> 00:58:54,880
of windows going all the way down the

1603
00:59:00,230 --> 00:58:57,520
side and there were people inside and i

1604
00:59:02,390 --> 00:59:00,240
waved like this and somebody inside

1605
00:59:04,950 --> 00:59:02,400
waved back and that was my dad grabbed

1606
00:59:08,870 --> 00:59:04,960
me threw me in the car and that's all i

1607
00:59:10,710 --> 00:59:08,880
remember wow holy cow

1608
00:59:12,630 --> 00:59:10,720
and that was a memory i had my own life

1609
00:59:14,150 --> 00:59:12,640
and that kind of started me in fact in

1610
00:59:15,670 --> 00:59:14,160
grammar school my mom used to get better

1611
00:59:17,109 --> 00:59:15,680
because all the books i checked out were

1612
00:59:19,190 --> 00:59:17,119
about ufos

1613
00:59:21,829 --> 00:59:19,200

what year was that

1614

00:59:27,430 --> 00:59:21,839

that in the 60s 60s

1615

00:59:28,309 --> 00:59:27,440

interesting 69ish 67 to 72.

1616

00:59:32,230 --> 00:59:28,319

crazy

1617

00:59:34,870 --> 00:59:32,240

alien nothing else there's so many good

1618

00:59:37,910 --> 00:59:34,880

books you could be reading

1619

00:59:40,230 --> 00:59:37,920

what were you to tell me

1620

00:59:41,589 --> 00:59:40,240

i have my own interests

1621

00:59:44,309 --> 00:59:41,599

well you know i don't know for some

1622

00:59:46,150 --> 00:59:44,319

reason i was interested in an early age

1623

00:59:47,910 --> 00:59:46,160

i always knew that someday we were going

1624

00:59:50,069 --> 00:59:47,920

to be able to read these files and i i

1625

00:59:53,190 --> 00:59:50,079

promised myself i was going to

1626

00:59:55,030 --> 00:59:53,200

and so i i did as soon as uh in fact i

1627

00:59:56,150 --> 00:59:55,040

want to i don't know the whole story

1628

00:59:57,750 --> 00:59:56,160

what happened to the blue book

1629

00:59:59,349 --> 00:59:57,760

archive.org

1630

01:00:00,950 --> 00:59:59,359

but if it weren't for them i wouldn't

1631

01:00:02,870 --> 01:00:00,960

have been able to read as many files as

1632

01:00:04,390 --> 01:00:02,880

i did you know while they were now you

1633

01:00:07,390 --> 01:00:04,400

go to fold three

1634

01:00:10,390 --> 01:00:07,400

uh connected to the archives uh

1635

01:00:13,430 --> 01:00:10,400

newspapers.com handles them now

1636

01:00:13,440 --> 01:00:17,990

thanks megan

1637

01:00:21,190 --> 01:00:19,589

i appreciate it

1638

01:00:23,190 --> 01:00:21,200

you guys are really kind this is really

1639

01:00:25,349 --> 01:00:23,200

cool having you on too i hope i'm not

1640

01:00:26,950 --> 01:00:25,359

driving any of your audience away yeah

1641

01:00:31,270 --> 01:00:26,960

they all left but there's no one left

1642

01:00:35,349 --> 01:00:33,829

you know but we did hit the hour so

1643

01:00:36,789 --> 01:00:35,359

um

1644

01:00:37,910 --> 01:00:36,799

anything else you want to touch on

1645

01:00:40,309 --> 01:00:37,920

before we

1646

01:00:42,390 --> 01:00:40,319

there's so much you can come back to you

1647

01:00:43,829 --> 01:00:42,400

know maybe someday i can come back or

1648

01:00:45,030 --> 01:00:43,839

something because there's so much

1649

01:00:46,789 --> 01:00:45,040

information

1650

01:00:48,390 --> 01:00:46,799

i'm still trying really hard to find out

1651
01:00:51,109 --> 01:00:48,400
more information about this john whalen

1652
01:00:53,270 --> 01:00:51,119
guy because he shows up

1653
01:00:57,349 --> 01:00:53,280
thanks scott love you

1654
01:00:58,870 --> 01:00:57,359
there there's so much information to get

1655
01:01:00,630 --> 01:00:58,880
that i could do anything i can go

1656
01:01:02,230 --> 01:01:00,640
another hour i just don't wanna know

1657
01:01:03,750 --> 01:01:02,240
yeah whatever

1658
01:01:05,750 --> 01:01:03,760
it's good with me or come back some

1659
01:01:07,430 --> 01:01:05,760
other time um

1660
01:01:09,910 --> 01:01:07,440
let's see

1661
01:01:12,710 --> 01:01:09,920
yeah today's thursday i'm not doing a

1662
01:01:13,589 --> 01:01:12,720
show tomorrow it's a big phone home so

1663
01:01:15,750 --> 01:01:13,599

um

1664

01:01:17,270 --> 01:01:15,760

if we can take a break yeah

1665

01:01:18,950 --> 01:01:17,280

do whatever you like i'm hoping we can

1666

01:01:21,750 --> 01:01:18,960

do it okay

1667

01:01:24,069 --> 01:01:21,760

this guy is like my other siding i just

1668

01:01:25,750 --> 01:01:24,079

okay i just prefer uh people call it

1669

01:01:31,750 --> 01:01:25,760

encore encore

1670

01:01:35,589 --> 01:01:33,750

all right so i'm gonna

1671

01:01:37,190 --> 01:01:35,599

boot us out

1672

01:04:41,750 --> 01:01:37,200

um

1673

01:04:53,200 --> 01:04:41,760

day

1674

01:04:55,910 --> 01:04:53,210

yeah yeah

1675

01:04:58,130 --> 01:04:55,920

[Music]

1676

01:05:02,870 --> 01:04:58,140

it's the dark of the day

1677

01:05:06,789 --> 01:05:02,880

[Music]

1678

01:05:11,430 --> 01:05:08,870

it's the ultimate document of the day

1679

01:05:12,710 --> 01:05:11,440

today isn't it holy cow do we got

1680

01:05:13,110 --> 01:05:12,720

documents

1681

01:05:15,910 --> 01:05:13,120

um

1682

01:05:18,150 --> 01:05:15,920

[Music]

1683

01:05:19,070 --> 01:05:18,160

and we still have mr robert cofort here

1684

01:05:21,029 --> 01:05:19,080

with us

1685

01:05:24,390 --> 01:05:21,039

[Laughter]

1686

01:05:25,910 --> 01:05:24,400

yeah so um

1687

01:05:30,069 --> 01:05:25,920

yeah don't tease us he said you're going

1688

01:05:33,910 --> 01:05:32,390

i don't know why i'm telling you because

1689

01:05:36,390 --> 01:05:33,920

i don't tell anybody this story i think

1690

01:05:39,109 --> 01:05:36,400

three people know this but what the heck

1691

01:05:41,349 --> 01:05:39,119

i'm 62 i'm not gonna be here much longer

1692

01:05:43,190 --> 01:05:41,359

who cares what people think okay but

1693

01:05:45,430 --> 01:05:43,200

this is a true story what i'm about to

1694

01:05:47,670 --> 01:05:45,440

tell you and i'll tell it exactly the

1695

01:05:50,549 --> 01:05:47,680

way it won't elaborate

1696

01:05:52,470 --> 01:05:50,559

some of it could be dream but you'll see

1697

01:05:55,430 --> 01:05:52,480

what i'm talking about okay

1698

01:05:56,630 --> 01:05:55,440

1990 we took a scuba diving vacation to

1699

01:05:59,029 --> 01:05:56,640

the bahamas

1700

01:06:01,270 --> 01:05:59,039

to this really secluded place

1701

01:06:03,029 --> 01:06:01,280

uh called small hope bay lodge in the

1702

01:06:04,390 --> 01:06:03,039

bahamas

1703

01:06:06,870 --> 01:06:04,400

and

1704

01:06:09,190 --> 01:06:06,880

it was my wife's side of the family very

1705

01:06:11,190 --> 01:06:09,200

big family lots of important people

1706

01:06:13,349 --> 01:06:11,200

scientists and

1707

01:06:16,470 --> 01:06:13,359

medical people and just generally smart

1708

01:06:17,990 --> 01:06:16,480

people i'm just a mailman but i'm in

1709

01:06:20,150 --> 01:06:18,000

their family so i get to go too so

1710

01:06:23,990 --> 01:06:20,160

that's great and i knew i scuba dived

1711

01:06:25,589 --> 01:06:24,000

so i that was great and supposedly good

1712

01:06:26,470 --> 01:06:25,599

diving there in the bahamas i've never

1713

01:06:28,630 --> 01:06:26,480

been

1714

01:06:30,470 --> 01:06:28,640

and so we're all it's a nice place it's

1715

01:06:34,150 --> 01:06:30,480

it's set up purposely so that you don't

1716

01:06:36,069 --> 01:06:34,160

have any amenities you have like a cot

1717

01:06:37,190 --> 01:06:36,079

in a little hut you sleep in there's no

1718

01:06:38,870 --> 01:06:37,200

phone

1719

01:06:40,789 --> 01:06:38,880

every morning you show up at the

1720

01:06:43,109 --> 01:06:40,799

clubhouse if you want to eat

1721

01:06:44,789 --> 01:06:43,119

and if you don't get you know you can't

1722

01:06:47,109 --> 01:06:44,799

eat until they serve food again is that

1723

01:06:48,309 --> 01:06:47,119

kind of things meant to be rustic for

1724

01:06:49,430 --> 01:06:48,319

you to just get out there and lay in the

1725

01:06:51,990 --> 01:06:49,440

hammock and

1726

01:06:54,069 --> 01:06:52,000

not have to worry about anything right

1727

01:06:56,069 --> 01:06:54,079

that sounds brutal

1728

01:06:57,270 --> 01:06:56,079

we were there it was like on the second

1729

01:06:58,829 --> 01:06:57,280

day

1730

01:07:01,270 --> 01:06:58,839

it was the second

1731

01:07:03,109 --> 01:07:01,280

day i had

1732

01:07:05,029 --> 01:07:03,119

i was i don't know if you know who bill

1733

01:07:07,190 --> 01:07:05,039

cooper is you ever heard that guy's name

1734

01:07:09,829 --> 01:07:07,200

sounds familiar but yeah

1735

01:07:11,670 --> 01:07:09,839

about the same time period lazar showed

1736

01:07:13,109 --> 01:07:11,680

up on the scene and another guy bill

1737

01:07:14,630 --> 01:07:13,119

english and

1738

01:07:17,750 --> 01:07:14,640

bill cooper

1739

01:07:18,549 --> 01:07:17,760

crazy guy in a sense but uh

1740

01:07:22,230 --> 01:07:18,559

he

1741

01:07:23,829 --> 01:07:22,240

put into a lot of people's mind about

1742

01:07:25,670 --> 01:07:23,839

how they're eating us you know they're

1743

01:07:28,630 --> 01:07:25,680

they're abducting us and grinding us

1744

01:07:30,549 --> 01:07:28,640

into a yellow amber liquid and here are

1745

01:07:32,390 --> 01:07:30,559

photographs leaked out of a base and

1746

01:07:34,390 --> 01:07:32,400

showing body parts you know there's that

1747

01:07:36,230 --> 01:07:34,400

kind of thing came out so it's really

1748

01:07:37,750 --> 01:07:36,240

scary you know trying to scare people

1749

01:07:41,270 --> 01:07:37,760

kind of thing

1750

01:07:43,270 --> 01:07:41,280

and i remember being in the clubhouse

1751

01:07:45,829 --> 01:07:43,280

i was we were going to do a big dive in

1752

01:07:48,789 --> 01:07:45,839

the next morning a big scuba dive

1753

01:07:49,990 --> 01:07:48,799

a 100-foot dive those these cliffs would

1754

01:07:52,150 --> 01:07:50,000

go down underwater and they were going

1755

01:07:55,510 --> 01:07:52,160

to show it to us

1756

01:07:57,430 --> 01:07:55,520

but i was at the clubhouse at the bar

1757

01:07:59,109 --> 01:07:57,440

with the dive master and his girlfriend

1758

01:08:00,710 --> 01:07:59,119

and we were we were going to play risk

1759

01:08:02,150 --> 01:08:00,720

in enough

1760

01:08:04,150 --> 01:08:02,160

board games

1761

01:08:05,270 --> 01:08:04,160

definitely it was all set up when we

1762

01:08:06,789 --> 01:08:05,280

were gonna go but then we started

1763

01:08:08,710 --> 01:08:06,799

talking about and somehow the subject of

1764

01:08:10,390 --> 01:08:08,720

ufos came up and

1765

01:08:11,829 --> 01:08:10,400

you can guess it's like because i was

1766

01:08:13,430 --> 01:08:11,839

the guy in the family if i went to a

1767

01:08:14,789 --> 01:08:13,440

party people kind of moved to the other

1768

01:08:17,510 --> 01:08:14,799

room because

1769

01:08:20,679 --> 01:08:17,520

the the subject would somehow go to ufos

1770

01:08:24,630 --> 01:08:22,390

[Laughter]

1771

01:08:26,630 --> 01:08:24,640

that happened this we were at the bar

1772

01:08:29,110 --> 01:08:26,640

and i started telling him about well the

1773

01:08:31,829 --> 01:08:29,120

latest i told him about bill cooper

1774

01:08:34,070 --> 01:08:31,839

and the woman sitting next to me

1775

01:08:36,149 --> 01:08:34,080

of all things she told me i don't have

1776

01:08:39,510 --> 01:08:36,159

any reason to doubt her she was daniel

1777

01:08:42,390 --> 01:08:39,520

sheehan's secretary oh well

1778

01:08:43,349 --> 01:08:42,400

and she lit up at me so angry with me

1779

01:08:45,510 --> 01:08:43,359

she goes

1780

01:08:47,669 --> 01:08:45,520

this is ridiculous they're not eating us

1781

01:08:49,030 --> 01:08:47,679

this is all nonsense stuff i don't know

1782

01:08:50,870 --> 01:08:49,040

and i kept trying to hear all i'm not

1783

01:08:52,709 --> 01:08:50,880

saying this is what that guy bill cooper

1784

01:08:56,070 --> 01:08:52,719

was saying i was just trying to tell him

1785

01:08:57,829 --> 01:08:56,080

what the latest info was at the top and

1786

01:08:59,749 --> 01:08:57,839

it just happened to be this guy but she

1787

01:09:01,349 --> 01:08:59,759

was taking it like i was pushing that

1788

01:09:03,189 --> 01:09:01,359

narrative like that's what's going on

1789

01:09:05,829 --> 01:09:03,199

she got really mad at me

1790

01:09:07,829 --> 01:09:05,839

and then stormed away and from the barn

1791

01:09:09,510 --> 01:09:07,839

like i don't know

1792

01:09:11,510 --> 01:09:09,520

i think i believe that i'm just saying

1793

01:09:14,149 --> 01:09:11,520

that's what's going on

1794

01:09:16,789 --> 01:09:14,159

so don't worry about her you know

1795

01:09:19,749 --> 01:09:16,799

and then i think we had a small shot of

1796

01:09:22,149 --> 01:09:19,759

something like goodnight we'll see

1797

01:09:23,829 --> 01:09:22,159

that night i had the weirdest dream i

1798

01:09:26,070 --> 01:09:23,839

couldn't remember everything about but

1799

01:09:27,590 --> 01:09:26,080

it was one of those like is this a dream

1800

01:09:30,070 --> 01:09:27,600

kind of dream you know you get ones that

1801
01:09:32,070 --> 01:09:30,080
are really intense and you know the

1802
01:09:33,030 --> 01:09:32,080
difference between them it was one of

1803
01:09:35,030 --> 01:09:33,040
those

1804
01:09:37,189 --> 01:09:35,040
and when i woke up the last thing i saw

1805
01:09:39,349 --> 01:09:37,199
before i woke up was someone showed me

1806
01:09:41,030 --> 01:09:39,359
what looked like a nutcracker you know

1807
01:09:43,669 --> 01:09:41,040
from the nutcracker suite a guy with a

1808
01:09:45,910 --> 01:09:43,679
soldier and he had really red cheeks

1809
01:09:47,990 --> 01:09:45,920
red nose that kind of look

1810
01:09:49,349 --> 01:09:48,000
i don't know why or i remember reminding

1811
01:09:51,590 --> 01:09:49,359
me of the beatles

1812
01:09:53,669 --> 01:09:51,600
with the haircut

1813
01:09:55,590 --> 01:09:53,679

like ringo starr or something like that

1814

01:09:57,189 --> 01:09:55,600

anyway i somebody's showing me this and

1815

01:09:59,590 --> 01:09:57,199

then i wake up

1816

01:10:01,669 --> 01:09:59,600

and i go that was weird and i roll over

1817

01:10:04,229 --> 01:10:01,679

and my wife rolls over and her face

1818

01:10:06,149 --> 01:10:04,239

looks exactly like that she's all red on

1819

01:10:08,550 --> 01:10:06,159

the cheeks and red on the nose exactly

1820

01:10:10,229 --> 01:10:08,560

like that doll and i'm like whoa what

1821

01:10:12,870 --> 01:10:10,239

happened to you and she's like i don't

1822

01:10:13,910 --> 01:10:12,880

feel good somehow she developed a sinus

1823

01:10:14,709 --> 01:10:13,920

infection

1824

01:10:21,430 --> 01:10:14,719

and

1825

01:10:22,790 --> 01:10:21,440

your sinus so she couldn't go on the

1826

01:10:24,149 --> 01:10:22,800

dive but she

1827

01:10:27,030 --> 01:10:24,159

she was feeling good enough she went out

1828

01:10:29,510 --> 01:10:27,040

with us so we're out on the dive

1829

01:10:31,189 --> 01:10:29,520

when i get to the dive boat

1830

01:10:33,350 --> 01:10:31,199

to meet the dive master and the

1831

01:10:34,709 --> 01:10:33,360

girlfriend race up to me he's really

1832

01:10:36,470 --> 01:10:34,719

pissed

1833

01:10:37,750 --> 01:10:36,480

and i'm like what's going on these are

1834

01:10:39,590 --> 01:10:37,760

the two people i was with that night

1835

01:10:41,270 --> 01:10:39,600

before

1836

01:10:43,830 --> 01:10:41,280

he said i don't know what you put in our

1837

01:10:46,070 --> 01:10:43,840

drinks but both my girlfriend i dreamed

1838

01:10:48,470 --> 01:10:46,080

the aliens came last night and took us

1839

01:10:50,870 --> 01:10:48,480

and i said i didn't do anything i just

1840

01:10:51,750 --> 01:10:50,880

was talking i don't know what to do and

1841

01:10:54,950 --> 01:10:51,760

then

1842

01:10:56,470 --> 01:10:54,960

face went back to normal and everything

1843

01:10:58,470 --> 01:10:56,480

was cool

1844

01:10:59,830 --> 01:10:58,480

so i went okay that was weird so we did

1845

01:11:02,390 --> 01:10:59,840

our dive

1846

01:11:03,590 --> 01:11:02,400

i know this is taking a while but that's

1847

01:11:05,350 --> 01:11:03,600

fine i'm listening

1848

01:11:06,709 --> 01:11:05,360

you'll see why so we're out on it's a

1849

01:11:08,390 --> 01:11:06,719

flat

1850

01:11:10,630 --> 01:11:08,400

uh thing with railings around it you

1851
01:11:12,870 --> 01:11:10,640
know so you can put the tanks around i'm

1852
01:11:14,390 --> 01:11:12,880
sitting on the bench and it's really

1853
01:11:16,229 --> 01:11:14,400
still water we've gone to this place

1854
01:11:17,830 --> 01:11:16,239
where somebody wanted a snorkel before

1855
01:11:19,590 --> 01:11:17,840
we did our dive so

1856
01:11:21,830 --> 01:11:19,600
kathy didn't want to get in on my wife

1857
01:11:23,750 --> 01:11:21,840
and so i sat with her and i'm looking

1858
01:11:26,149 --> 01:11:23,760
and i see a dorsal fin cutting the

1859
01:11:28,709 --> 01:11:26,159
surface heading towards us like a movie

1860
01:11:29,830 --> 01:11:28,719
like a jaw

1861
01:11:32,229 --> 01:11:29,840
shark

1862
01:11:34,390 --> 01:11:32,239
and i shouldn't have said anything i

1863
01:11:35,750 --> 01:11:34,400

because i didn't think you know the dive

1864

01:11:37,110 --> 01:11:35,760

master looks up and goes well it looks

1865

01:11:39,510 --> 01:11:37,120

like it and then it went back under the

1866

01:11:42,310 --> 01:11:39,520

water and he was like going oh man we

1867

01:11:43,669 --> 01:11:42,320

got divers in the water

1868

01:11:46,070 --> 01:11:43,679

all of a sudden

1869

01:11:49,110 --> 01:11:46,080

below me something comes up and it's

1870

01:11:51,030 --> 01:11:49,120

just huge it's a whale shark and he just

1871

01:11:53,669 --> 01:11:51,040

rises up right in my hand so i reach

1872

01:11:55,750 --> 01:11:53,679

down and i touch it and i go oh my

1873

01:11:58,070 --> 01:11:55,760

goodness it's a whale shark and boy was

1874

01:11:59,990 --> 01:11:58,080

i sorry i said that the second i said

1875

01:12:02,630 --> 01:12:00,000

that the two other people the dive

1876

01:12:04,470 --> 01:12:02,640

master started throwing on their gear

1877

01:12:08,070 --> 01:12:04,480

and he starts singing the

1878

01:12:10,870 --> 01:12:08,080

wheel shot baby he's going oh my god

1879

01:12:12,070 --> 01:12:10,880

they all jump on it and the thing

1880

01:12:15,270 --> 01:12:12,080

goes back into the water and i'm going

1881

01:12:18,630 --> 01:12:15,280

no you know i had this moment yeah stole

1882

01:12:21,430 --> 01:12:18,640

it from me and i was so upset

1883

01:12:23,430 --> 01:12:21,440

so i grabbed a mask i put the mask on i

1884

01:12:25,510 --> 01:12:23,440

leaned over and i put my face in i just

1885

01:12:26,870 --> 01:12:25,520

in time to see the dive master had the

1886

01:12:28,630 --> 01:12:26,880

dorsal fin

1887

01:12:30,550 --> 01:12:28,640

and he's and the thing's going down in a

1888

01:12:31,280 --> 01:12:30,560

dive and you can tell he's still singing

1889

01:12:34,470 --> 01:12:31,290

that song

1890

01:12:36,470 --> 01:12:34,480

[Laughter]

1891

01:12:39,110 --> 01:12:36,480

and i remember feeling terrible for that

1892

01:12:41,189 --> 01:12:39,120

thing going what see that's exactly you

1893

01:12:41,990 --> 01:12:41,199

know where i was going no problem right

1894

01:12:45,110 --> 01:12:42,000

there

1895

01:12:47,510 --> 01:12:45,120

why do we do that

1896

01:12:49,110 --> 01:12:47,520

came back up we went back in

1897

01:12:51,669 --> 01:12:49,120

that's all that happened you know the

1898

01:12:53,030 --> 01:12:51,679

dive was the trip was over whatever days

1899

01:12:54,790 --> 01:12:53,040

everyone went home

1900

01:12:57,510 --> 01:12:54,800

this the night

1901

01:12:58,630 --> 01:12:57,520

the very first night we were back home

1902

01:13:01,189 --> 01:12:58,640

i had the

1903

01:13:02,709 --> 01:13:01,199

a dream that was like nothing else i've

1904

01:13:04,390 --> 01:13:02,719

ever experienced in my life and i've

1905

01:13:06,149 --> 01:13:04,400

always been into my dreams

1906

01:13:08,310 --> 01:13:06,159

this dream was like more like what we've

1907

01:13:09,189 --> 01:13:08,320

heard somebody there was like a download

1908

01:13:13,669 --> 01:13:09,199

from a

1909

01:13:15,110 --> 01:13:13,679

and

1910

01:13:17,830 --> 01:13:15,120

i relived

1911

01:13:20,070 --> 01:13:17,840

something that i had forgotten about

1912

01:13:23,350 --> 01:13:20,080

that happened on the island well here's

1913

01:13:25,030 --> 01:13:23,360

what when i when i when it starts i'm

1914

01:13:26,790 --> 01:13:25,040

back in the hut with the dive

1915

01:13:28,630 --> 01:13:26,800

mastermind's girlfriend

1916

01:13:30,390 --> 01:13:28,640

except they're sitting

1917

01:13:33,189 --> 01:13:30,400

like dolls

1918

01:13:34,870 --> 01:13:33,199

staring like this and i'm going hello

1919

01:13:36,390 --> 01:13:34,880

what's going on everybody in the room

1920

01:13:38,870 --> 01:13:36,400

there's a couple of other people too but

1921

01:13:40,550 --> 01:13:38,880

they're all just sitting like mannequins

1922

01:13:42,229 --> 01:13:40,560

not saying anything not doing anything

1923

01:13:44,149 --> 01:13:42,239

it's like what and then i hear a

1924

01:13:46,310 --> 01:13:44,159

commotion outside

1925

01:13:48,310 --> 01:13:46,320

and so i grabbed the spring loaded door

1926

01:13:50,070 --> 01:13:48,320

and there's gravel outside just gravel

1927

01:13:52,070 --> 01:13:50,080

little rocks

1928

01:13:54,070 --> 01:13:52,080

and i go outside and i remember i could

1929

01:13:55,590 --> 01:13:54,080

hear the crunching of the rocks as i'm

1930

01:13:57,750 --> 01:13:55,600

on it and somebody was saying there's

1931

01:13:59,750 --> 01:13:57,760

something in the palm tree so i look up

1932

01:14:00,950 --> 01:13:59,760

in the pantry and there was a black mass

1933

01:14:02,950 --> 01:14:00,960

up there

1934

01:14:05,750 --> 01:14:02,960

and i don't know why i suddenly got

1935

01:14:07,590 --> 01:14:05,760

scared and people were running

1936

01:14:09,270 --> 01:14:07,600

somebody ran by me another person ran by

1937

01:14:10,070 --> 01:14:09,280

me maybe this is all supposedly a dream

1938

01:14:14,470 --> 01:14:10,080

right

1939

01:14:16,229 --> 01:14:14,480

and so

1940

01:14:18,870 --> 01:14:16,239

i'm getting more fearful because people

1941

01:14:21,189 --> 01:14:18,880

are bolting so i start bolting

1942

01:14:22,790 --> 01:14:21,199

and when i get to the end of the

1943

01:14:25,590 --> 01:14:22,800

building and i turn around i turn on

1944

01:14:28,630 --> 01:14:25,600

just in time to see

1945

01:14:30,870 --> 01:14:28,640

little glowing things coming towards me

1946

01:14:32,709 --> 01:14:30,880

what they looked like was uh

1947

01:14:35,510 --> 01:14:32,719

things that had

1948

01:14:37,510 --> 01:14:35,520

the the outside was like a giant light

1949

01:14:38,630 --> 01:14:37,520

bulb but it was made out of like

1950

01:14:41,350 --> 01:14:38,640

motherboard

1951

01:14:43,750 --> 01:14:41,360

material that the brown kind not the

1952

01:14:45,669 --> 01:14:43,760

green ones the brown motherboard

1953

01:14:47,669 --> 01:14:45,679

material that has the shellac on the top

1954

01:14:50,630 --> 01:14:47,679

and everything is that shiny brown

1955

01:14:51,990 --> 01:14:50,640

color like like uh

1956

01:14:53,669 --> 01:14:52,000

brown skin

1957

01:14:55,510 --> 01:14:53,679

they were coming towards me

1958

01:14:57,430 --> 01:14:55,520

and they were glowing and i started

1959

01:14:59,510 --> 01:14:57,440

panicking they came upon me they were

1960

01:15:01,270 --> 01:14:59,520

very much shorter than me and i just

1961

01:15:03,669 --> 01:15:01,280

started grabbing them and i guess my

1962

01:15:05,669 --> 01:15:03,679

christianity roots came out

1963

01:15:07,110 --> 01:15:05,679

instantaneously and i started casting

1964

01:15:09,110 --> 01:15:07,120

them out like they were demons i started

1965

01:15:10,470 --> 01:15:09,120

going i got you out in the name of jesus

1966

01:15:12,709 --> 01:15:10,480

and i

1967

01:15:14,550 --> 01:15:12,719

kept doing that and like four of them

1968

01:15:16,149 --> 01:15:14,560

and on the fourth one and they felt like

1969

01:15:18,310 --> 01:15:16,159

nothing it was like they were light as

1970

01:15:20,709 --> 01:15:18,320

feathers and i was tossing them into a

1971

01:15:21,910 --> 01:15:20,719

pile they ended up kind of in a pile of

1972

01:15:23,910 --> 01:15:21,920

because i kept throwing them with the

1973

01:15:25,669 --> 01:15:23,920

same strength so they were landing in

1974

01:15:27,990 --> 01:15:25,679

the same spot

1975

01:15:29,189 --> 01:15:28,000

and before i got to the third or on to

1976

01:15:30,790 --> 01:15:29,199

the fourth one

1977

01:15:32,870 --> 01:15:30,800

there were two figures in the distance

1978

01:15:34,390 --> 01:15:32,880

that i hadn't really keyed in yet and i

1979

01:15:36,470 --> 01:15:34,400

looked up and saw them and they were

1980

01:15:38,310 --> 01:15:36,480

both much taller than me

1981

01:15:40,630 --> 01:15:38,320

and the one on the right side there were

1982

01:15:42,149 --> 01:15:40,640

two of them one on the right was red and

1983

01:15:42,950 --> 01:15:42,159

the one on the other one was blue kind

1984

01:15:45,350 --> 01:15:42,960

of like

1985

01:15:47,510 --> 01:15:45,360

think of the movie you know uh

1986

01:15:49,030 --> 01:15:47,520

matrix with the blue the red pill just

1987

01:15:50,790 --> 01:15:49,040

like that

1988

01:15:53,430 --> 01:15:50,800

the most intense blue you've ever seen

1989

01:15:54,790 --> 01:15:53,440

in your life the most beautiful

1990

01:15:56,470 --> 01:15:54,800

blue color

1991

01:15:58,470 --> 01:15:56,480

i could even imagine

1992

01:16:02,070 --> 01:15:58,480

and the red was the most beautiful red

1993

01:16:03,990 --> 01:16:02,080

color like rubies you know what i mean

1994

01:16:05,430 --> 01:16:04,000

one of them i don't know why i can't

1995

01:16:06,950 --> 01:16:05,440

remember if it was the red one or the

1996

01:16:09,430 --> 01:16:06,960

blue and it's probably important too for

1997

01:16:12,310 --> 01:16:09,440

my psyche

1998

01:16:14,709 --> 01:16:12,320

i'll find out but one of them

1999

01:16:16,310 --> 01:16:14,719

did a move towards me

2000

01:16:19,270 --> 01:16:16,320

like uh

2001

01:16:21,350 --> 01:16:19,280

you could call like the best kung fu

2002

01:16:24,229 --> 01:16:21,360

master a combination between that and

2003

01:16:25,189 --> 01:16:24,239

those balinese japanese dancers

2004

01:16:27,030 --> 01:16:25,199

i don't know if you've ever seen those

2005

01:16:28,709 --> 01:16:27,040

but they put their double jointed

2006

01:16:30,390 --> 01:16:28,719

fingers like this and they usually paint

2007

01:16:31,430 --> 01:16:30,400

their eyes so that they're really big

2008

01:16:33,189 --> 01:16:31,440

and white

2009

01:16:35,350 --> 01:16:33,199

and they when they move they move in

2010

01:16:37,990 --> 01:16:35,360

weird pair ready but that's what this

2011

01:16:39,350 --> 01:16:38,000

guy he was far away from me first and he

2012

01:16:40,470 --> 01:16:39,360

did like three

2013

01:16:42,390 --> 01:16:40,480

like

2014

01:16:43,750 --> 01:16:42,400

kung fu type spirits and then he was

2015

01:16:45,910 --> 01:16:43,760

like on me

2016

01:16:47,590 --> 01:16:45,920

and his face was right up my mind and i

2017

01:16:49,830 --> 01:16:47,600

immediately went limp

2018

01:16:51,990 --> 01:16:49,840

my hands went down my sides

2019

01:16:52,950 --> 01:16:52,000

he was standing next to me

2020

01:16:55,030 --> 01:16:52,960

and

2021

01:16:57,910 --> 01:16:55,040

all i remember at that point was

2022

01:16:59,990 --> 01:16:57,920

thinking do not forget this

2023

01:17:01,669 --> 01:17:00,000

even though i was like almost paralyzed

2024

01:17:04,310 --> 01:17:01,679

i could move my eyes and as i was

2025

01:17:05,669 --> 01:17:04,320

concentrating and i turned i craned my

2026

01:17:08,709 --> 01:17:05,679

head and he was standing right next to

2027

01:17:11,110 --> 01:17:08,719

me his shoulders came up to about here

2028

01:17:12,390 --> 01:17:11,120

his jacket was like nothing i've ever

2029

01:17:15,270 --> 01:17:12,400

seen in my life

2030

01:17:17,750 --> 01:17:15,280

it was it went it reminded me of hindu

2031

01:17:20,229 --> 01:17:17,760

kind of had a notch here

2032

01:17:22,310 --> 01:17:20,239

and it went down below the knees but it

2033

01:17:25,110 --> 01:17:22,320

buttoned kind of like

2034

01:17:27,669 --> 01:17:25,120

old time like french soldiers or

2035

01:17:30,630 --> 01:17:27,679

colonial the colonial time period

2036

01:17:32,790 --> 01:17:30,640

it had that overlap look with buttons

2037

01:17:35,110 --> 01:17:32,800

rows of buttons going up but the jacket

2038

01:17:38,390 --> 01:17:35,120

itself was like made of

2039

01:17:40,870 --> 01:17:38,400

gold and jewels or something i mean it

2040

01:17:43,030 --> 01:17:40,880

sparkled and shown

2041

01:17:45,510 --> 01:17:43,040

and i remember staring at it going oh my

2042

01:17:48,630 --> 01:17:45,520

i'm never going to forget this

2043

01:17:50,709 --> 01:17:48,640

and then he moved over to my left

2044

01:17:52,630 --> 01:17:50,719

grabbed my hand

2045

01:17:54,709 --> 01:17:52,640

and all of a sudden

2046

01:17:57,189 --> 01:17:54,719

i'm a little boy running through a glade

2047

01:17:59,510 --> 01:17:57,199

it was like a the most beautiful scene

2048

01:18:01,110 --> 01:17:59,520

you could imagine for yourself i i felt

2049

01:18:02,870 --> 01:18:01,120

that feeling when you're little and you

2050

01:18:04,470 --> 01:18:02,880

know how many cares and you're just

2051
01:18:06,149 --> 01:18:04,480
happy and you're going out to visit your

2052
01:18:08,310 --> 01:18:06,159
friend you know and you're running on

2053
01:18:10,709 --> 01:18:08,320
the street and i remember like you know

2054
01:18:11,669 --> 01:18:10,719
dust and then butterflies and like you

2055
01:18:13,910 --> 01:18:11,679
know

2056
01:18:15,430 --> 01:18:13,920
and but then i realized wait a second i

2057
01:18:17,110 --> 01:18:15,440
that guy's holding my hand this isn't

2058
01:18:19,270 --> 01:18:17,120
real and i

2059
01:18:21,030 --> 01:18:19,280
the dream broke and he i was back and he

2060
01:18:22,229 --> 01:18:21,040
was holding my hand again and he let go

2061
01:18:23,350 --> 01:18:22,239
of my hand and put his hand on my

2062
01:18:26,310 --> 01:18:23,360
shoulder like

2063
01:18:28,470 --> 01:18:26,320

it's okay i we understand that like i'm

2064

01:18:30,709 --> 01:18:28,480

a little kid and he's your dad

2065

01:18:31,830 --> 01:18:30,719

like don't worry buddy we got this you

2066

01:18:34,390 --> 01:18:31,840

know

2067

01:18:35,470 --> 01:18:34,400

well that's all i remember

2068

01:18:37,110 --> 01:18:35,480

i woke up that's all

2069

01:18:38,790 --> 01:18:37,120

[Laughter]

2070

01:18:40,950 --> 01:18:38,800

after that download i mean it was like

2071

01:18:41,750 --> 01:18:40,960

that and i was like my heart's pounding

2072

01:18:42,630 --> 01:18:41,760

it's like

2073

01:18:45,350 --> 01:18:42,640

whoa

2074

01:18:46,870 --> 01:18:45,360

wow it's stayed with me ever since if if

2075

01:18:48,790 --> 01:18:46,880

it was a dream it was a dream but i have

2076

01:18:50,310 --> 01:18:48,800

never had anything like that before or

2077

01:18:53,110 --> 01:18:50,320

since yeah

2078

01:18:56,070 --> 01:18:55,030

i think dreams um

2079

01:18:57,590 --> 01:18:56,080

definitely

2080

01:18:59,830 --> 01:18:57,600

um

2081

01:19:01,590 --> 01:18:59,840

can count for sure

2082

01:19:03,350 --> 01:19:01,600

um i don't think we fully understand

2083

01:19:05,750 --> 01:19:03,360

them either but um

2084

01:19:06,870 --> 01:19:05,760

i can tell you that yeah i've had a

2085

01:19:12,390 --> 01:19:06,880

dream

2086

01:19:14,630 --> 01:19:12,400

of actually seeing these things

2087

01:19:16,550 --> 01:19:14,640

around a dream that came true that i had

2088

01:19:18,709 --> 01:19:16,560

two years prior like

2089

01:19:20,149 --> 01:19:18,719

so dreams

2090

01:19:21,750 --> 01:19:20,159

are

2091

01:19:23,430 --> 01:19:21,760

that's your consciousness that's your

2092

01:19:25,270 --> 01:19:23,440

subconsciousness

2093

01:19:27,510 --> 01:19:25,280

and all this talk with consciousness and

2094

01:19:30,310 --> 01:19:27,520

everything how could dreams not play a

2095

01:19:32,229 --> 01:19:30,320

role you know it seems like it maybe not

2096

01:19:33,110 --> 01:19:32,239

everyone but

2097

01:19:35,590 --> 01:19:33,120

you know

2098

01:19:37,910 --> 01:19:35,600

it i know you mean that certain dreams

2099

01:19:39,990 --> 01:19:37,920

are definitely

2100

01:19:42,470 --> 01:19:40,000

different you know like

2101

01:19:44,870 --> 01:19:42,480

when i had that dream two years prior to

2102

01:19:46,470 --> 01:19:44,880

my experience it stuck with me and it

2103

01:19:48,830 --> 01:19:46,480

was just a simple argument dream or

2104

01:19:51,990 --> 01:19:48,840

whatever

2105

01:19:53,830 --> 01:19:52,000

um you know and then i saw those things

2106

01:19:56,070 --> 01:19:53,840

i argued in real life

2107

01:19:57,030 --> 01:19:56,080

it was pretty weird you know

2108

01:19:59,910 --> 01:19:57,040

um

2109

01:20:02,149 --> 01:19:59,920

yeah but you know dreams where you wake

2110

01:20:03,510 --> 01:20:02,159

up crying like that's real there's

2111

01:20:04,950 --> 01:20:03,520

something there

2112

01:20:05,750 --> 01:20:04,960

you know

2113

01:20:06,629 --> 01:20:05,760

so

2114

01:20:10,310 --> 01:20:06,639

i'm

2115

01:20:12,470 --> 01:20:10,320

um

2116

01:20:14,709 --> 01:20:12,480

a lot more to do with maybe our

2117

01:20:15,910 --> 01:20:14,719

subconscious structure than we'd like to

2118

01:20:18,229 --> 01:20:15,920

admit

2119

01:20:19,750 --> 01:20:18,239

yeah sometimes i feel like we're broken

2120

01:20:21,590 --> 01:20:19,760

like we're

2121

01:20:23,350 --> 01:20:21,600

we're meant for something but something

2122

01:20:26,149 --> 01:20:23,360

happened and we're slightly broken and

2123

01:20:27,990 --> 01:20:26,159

so it's like we're misfiring

2124

01:20:29,510 --> 01:20:28,000

we're supposed to have abilities but

2125

01:20:31,990 --> 01:20:29,520

we're somehow

2126
01:20:33,830 --> 01:20:32,000
misaligned or something there's i've had

2127
01:20:36,229 --> 01:20:33,840
like you i've had a bunch over my that

2128
01:20:39,350 --> 01:20:36,239
was another thing happened growing up

2129
01:20:42,070 --> 01:20:39,360
tons of incidental dreams that came true

2130
01:20:43,990 --> 01:20:42,080
yeah which always had you have had the

2131
01:20:46,070 --> 01:20:44,000
effect on me that i always questioned

2132
01:20:47,910 --> 01:20:46,080
time what the heck is time because how

2133
01:20:49,030 --> 01:20:47,920
could your dream that comes true if time

2134
01:20:50,870 --> 01:20:49,040
is linear

2135
01:20:53,350 --> 01:20:50,880
right no way for you to know ahead of

2136
01:20:55,110 --> 01:20:53,360
time what was going to happen yeah so it

2137
01:20:57,669 --> 01:20:55,120
really lends more to the feeling that

2138
01:20:59,030 --> 01:20:57,679

maybe time is like this circular or or a

2139

01:21:02,149 --> 01:20:59,040

spiral or

2140

01:21:04,550 --> 01:21:02,159

seems like it seems like it i felt like

2141

01:21:08,070 --> 01:21:04,560

whatever it is whatever happened like

2142

01:21:10,070 --> 01:21:08,080

maybe that was a memory like implanted

2143

01:21:12,550 --> 01:21:10,080

for some reason at that time and maybe i

2144

01:21:15,110 --> 01:21:12,560

didn't really have a dream or maybe the

2145

01:21:16,229 --> 01:21:15,120

dream was the

2146

01:21:19,030 --> 01:21:16,239

original

2147

01:21:21,110 --> 01:21:19,040

you know seed of the event or whatever

2148

01:21:22,629 --> 01:21:21,120

so because if i just

2149

01:21:27,030 --> 01:21:22,639

you know if i think about what i would

2150

01:21:29,830 --> 01:21:27,040

need for that to be dramatic

2151
01:21:30,709 --> 01:21:29,840
it hit like all the things

2152
01:21:33,669 --> 01:21:30,719
you know

2153
01:21:36,149 --> 01:21:33,679
that i would need to be like holy cow

2154
01:21:39,590 --> 01:21:36,159
you know the two sightings that tease me

2155
01:21:41,430 --> 01:21:39,600
around a dream coming true like

2156
01:21:44,709 --> 01:21:41,440
not on the day it comes through either

2157
01:21:46,310 --> 01:21:44,719
like right before and after

2158
01:21:47,990 --> 01:21:46,320
like they're just flying around this

2159
01:21:51,350 --> 01:21:48,000
thing happening

2160
01:21:53,590 --> 01:21:51,360
it's weird yeah but whatever it is seems

2161
01:21:56,390 --> 01:21:53,600
to definitely have some connection with

2162
01:21:57,270 --> 01:21:56,400
our consciences of some at some time

2163
01:21:58,950 --> 01:21:57,280

yeah

2164

01:22:00,390 --> 01:21:58,960

but there you know it leads to that

2165

01:22:02,629 --> 01:22:00,400

other question and i i tried to bring

2166

01:22:04,470 --> 01:22:02,639

this up in chat one time

2167

01:22:05,189 --> 01:22:04,480

with all this talk about consciousness

2168

01:22:07,910 --> 01:22:05,199

and

2169

01:22:09,669 --> 01:22:07,920

bringing them to you the problem is

2170

01:22:11,510 --> 01:22:09,679

you don't know who you're bringing to

2171

01:22:12,790 --> 01:22:11,520

you why would you want to do that it's

2172

01:22:15,669 --> 01:22:12,800

kind of like why i don't think we should

2173

01:22:17,750 --> 01:22:15,679

have seti why would you want to scream

2174

01:22:20,790 --> 01:22:17,760

out here i am when you don't even know

2175

01:22:22,550 --> 01:22:20,800

what's out there how do you have bullies

2176
01:22:23,990 --> 01:22:22,560
and now you've now you've let them know

2177
01:22:25,030 --> 01:22:24,000
where the playground is you play on and

2178
01:22:27,030 --> 01:22:25,040
now they're going to start coming and

2179
01:22:29,910 --> 01:22:27,040
they're going to bully us yeah jacquez

2180
01:22:31,990 --> 01:22:29,920
vale kind of speaks that way a lot

2181
01:22:33,910 --> 01:22:32,000
about contact and stuff like we would be

2182
01:22:36,790 --> 01:22:33,920
taking these kind of risks

2183
01:22:38,390 --> 01:22:36,800
just so we it's almost like well i know

2184
01:22:40,310 --> 01:22:38,400
we're not going to find anything so i

2185
01:22:42,870 --> 01:22:40,320
can do this and i'm going to make money

2186
01:22:44,229 --> 01:22:42,880
and i can yeah he's just

2187
01:22:45,990 --> 01:22:44,239
oh yeah i'm head of this group we're

2188
01:22:47,590 --> 01:22:46,000

looking for aliens you know

2189

01:22:49,270 --> 01:22:47,600

yeah the whole time they think we're

2190

01:22:50,870 --> 01:22:49,280

never going to find anything this is a

2191

01:22:53,669 --> 01:22:50,880

good job man

2192

01:22:55,110 --> 01:22:53,679

yeah

2193

01:22:57,669 --> 01:22:55,120

that's uh

2194

01:22:58,650 --> 01:22:57,679

yeah that's a slippery slope that i'm

2195

01:22:59,750 --> 01:22:58,660

sure happens

2196

01:23:01,189 --> 01:22:59,760

[Laughter]

2197

01:23:03,750 --> 01:23:01,199

it's the same that's why i don't like

2198

01:23:06,550 --> 01:23:03,760

this leaked information stuff i stay

2199

01:23:08,070 --> 01:23:06,560

i recommended people be really don't

2200

01:23:10,310 --> 01:23:08,080

listen to this leaked information

2201

01:23:11,910 --> 01:23:10,320

doesn't matter who it is if they say

2202

01:23:13,189 --> 01:23:11,920

they have a source but they can't tell

2203

01:23:14,550 --> 01:23:13,199

you who it is

2204

01:23:16,470 --> 01:23:14,560

even if it's somebody you love a

2205

01:23:17,510 --> 01:23:16,480

journalist or something if that's where

2206

01:23:20,229 --> 01:23:17,520

they're going

2207

01:23:22,149 --> 01:23:20,239

you gotta you to be careful because

2208

01:23:24,310 --> 01:23:22,159

that's i've seen that happen too with

2209

01:23:25,830 --> 01:23:24,320

even good people they get desperate

2210

01:23:27,990 --> 01:23:25,840

because they're used to being the person

2211

01:23:29,990 --> 01:23:28,000

that provides information and then they

2212

01:23:31,910 --> 01:23:30,000

get through these dry periods and they

2213

01:23:33,750 --> 01:23:31,920

go what am i going to do and the next

2214

01:23:34,550 --> 01:23:33,760

thing you know oh i've got this source

2215

01:23:36,629 --> 01:23:34,560

and

2216

01:23:38,950 --> 01:23:36,639

yeah i can't tell you who they are but

2217

01:23:44,550 --> 01:23:38,960

they told me that you know

2218

01:23:49,590 --> 01:23:46,070

we got to be careful

2219

01:23:52,390 --> 01:23:49,600

yeah no i agree and i know i catch black

2220

01:23:54,070 --> 01:23:52,400

for this but i i've been burned so many

2221

01:23:55,750 --> 01:23:54,080

times by that kind of stuff and

2222

01:23:58,310 --> 01:23:55,760

including that like the document that

2223

01:24:00,070 --> 01:23:58,320

supposedly talks about aztec

2224

01:24:03,270 --> 01:24:00,080

it's not a real document and it talks

2225

01:24:05,750 --> 01:24:03,280

about mj12 majestic too but it how could

2226

01:24:07,750 --> 01:24:05,760

it's not real so it just adds more

2227

01:24:09,350 --> 01:24:07,760

fuel to my fire that the whole thing is

2228

01:24:11,910 --> 01:24:09,360

it's just some kind of perpetuate like

2229

01:24:13,750 --> 01:24:11,920

you were saying to drag us away these

2230

01:24:14,870 --> 01:24:13,760

are all things to draw our attention

2231

01:24:17,750 --> 01:24:14,880

away

2232

01:24:18,870 --> 01:24:17,760

from from something else yeah

2233

01:24:21,830 --> 01:24:18,880

uh

2234

01:24:22,870 --> 01:24:21,840

operation trojan horse that that's his

2235

01:24:24,550 --> 01:24:22,880

you know i've been talking about that

2236

01:24:26,870 --> 01:24:24,560

book a lot lately and i will until i

2237

01:24:30,229 --> 01:24:26,880

start reading another one but

2238

01:24:33,510 --> 01:24:30,239

but uh that's kind of his take on these

2239

01:24:35,910 --> 01:24:33,520

things and he actually mentions that

2240

01:24:38,390 --> 01:24:35,920

they were constantly leaving material

2241

01:24:40,470 --> 01:24:38,400

behind but every time they would go

2242

01:24:42,229 --> 01:24:40,480

analyze it it would just be like normal

2243

01:24:45,350 --> 01:24:42,239

metals or tin

2244

01:24:47,510 --> 01:24:45,360

and his theory was that they're

2245

01:24:49,750 --> 01:24:47,520

dropping these things on purpose so you

2246

01:24:52,310 --> 01:24:49,760

get stuck in this revolving door of

2247

01:24:54,470 --> 01:24:52,320

figuring out what the material is and

2248

01:24:57,270 --> 01:24:54,480

you know how can we use it but meanwhile

2249

01:25:00,229 --> 01:24:57,280

you're just being distracted from what

2250

01:25:02,070 --> 01:25:00,239

they really are or whatever you know so

2251
01:25:03,510 --> 01:25:02,080
i don't know what the truth is there but

2252
01:25:05,430 --> 01:25:03,520
it made sense

2253
01:25:06,629 --> 01:25:05,440
and at the same time people like there

2254
01:25:07,990 --> 01:25:06,639
are

2255
01:25:10,629 --> 01:25:08,000
people uh

2256
01:25:12,870 --> 01:25:10,639
mr phillips ted phillips god bless him

2257
01:25:15,990 --> 01:25:12,880
he's not with us anymore either but

2258
01:25:17,590 --> 01:25:16,000
he put together lots of trace cases you

2259
01:25:19,030 --> 01:25:17,600
know so there is

2260
01:25:22,470 --> 01:25:19,040
there's some real good evidence for

2261
01:25:24,390 --> 01:25:22,480
trace and specimens left behind that are

2262
01:25:26,149 --> 01:25:24,400
still anomalous

2263
01:25:27,590 --> 01:25:26,159

uh besides that you know besides the

2264

01:25:30,870 --> 01:25:27,600

ones that have come out that are not you

2265

01:25:31,750 --> 01:25:30,880

know yeah there's plenty of other

2266

01:25:32,790 --> 01:25:31,760

stuff

2267

01:25:34,629 --> 01:25:32,800

yeah

2268

01:25:37,110 --> 01:25:34,639

just just seems like there's so much

2269

01:25:37,910 --> 01:25:37,120

trickery involved with it that

2270

01:25:38,830 --> 01:25:37,920

if

2271

01:25:42,550 --> 01:25:38,840

the

2272

01:25:43,590 --> 01:25:42,560

whatever

2273

01:25:45,990 --> 01:25:43,600

has

2274

01:25:48,550 --> 01:25:46,000

to be the leader of this trickery

2275

01:25:51,270 --> 01:25:48,560

you know otherwise we would have found

2276

01:25:53,350 --> 01:25:51,280

uh our military or whatever would have

2277

01:25:55,750 --> 01:25:53,360

figured something out by now i think you

2278

01:25:57,990 --> 01:25:55,760

know yeah but you know that's just

2279

01:26:00,070 --> 01:25:58,000

speculation i guess but

2280

01:26:02,550 --> 01:26:00,080

it is what it is all right

2281

01:26:04,629 --> 01:26:02,560

the other thing is anybody

2282

01:26:07,270 --> 01:26:04,639

whether it was me or anybody else if

2283

01:26:10,070 --> 01:26:07,280

they if it becomes the person and not

2284

01:26:11,990 --> 01:26:10,080

the information and if you can't

2285

01:26:13,430 --> 01:26:12,000

read and verify the information they're

2286

01:26:15,590 --> 01:26:13,440

talking about on your own then i would

2287

01:26:17,750 --> 01:26:15,600

not waste much time with them no matter

2288

01:26:19,669 --> 01:26:17,760

what they're talking about because when

2289

01:26:21,910 --> 01:26:19,679

it starts becoming the person

2290

01:26:24,149 --> 01:26:21,920

that's a good point that seems to point

2291

01:26:25,910 --> 01:26:24,159

that there was always the person it was

2292

01:26:27,830 --> 01:26:25,920

always about that person that was what

2293

01:26:30,229 --> 01:26:27,840

it was always about from the beginning

2294

01:26:31,750 --> 01:26:30,239

it was never about the information

2295

01:26:33,669 --> 01:26:31,760

because if it was

2296

01:26:35,830 --> 01:26:33,679

the person wouldn't be important at all

2297

01:26:38,790 --> 01:26:35,840

be relevant yeah it would be irrelevant

2298

01:26:41,030 --> 01:26:38,800

yeah the information is what's relevant

2299

01:26:42,709 --> 01:26:41,040

but yet you know when the stuff comes

2300

01:26:44,870 --> 01:26:42,719

out we pretty much just talk about the

2301

01:26:47,510 --> 01:26:44,880

person

2302

01:26:49,669 --> 01:26:47,520

we like famous people if we like

2303

01:26:51,189 --> 01:26:49,679

yeah and people like to be famous so

2304

01:26:53,510 --> 01:26:51,199

that's like there are a few problems

2305

01:26:55,750 --> 01:26:53,520

there that it's perfect

2306

01:26:57,669 --> 01:26:55,760

like the perfect storm yeah that's

2307

01:26:59,910 --> 01:26:57,679

something that i don't i think a lot of

2308

01:27:03,350 --> 01:26:59,920

people don't uh think about thoroughly

2309

01:27:05,830 --> 01:27:03,360

enough is when you know if this big

2310

01:27:07,350 --> 01:27:05,840

disclosure happens where like everybody

2311

01:27:09,110 --> 01:27:07,360

even people who don't pay attention to

2312

01:27:12,310 --> 01:27:09,120

this now believe

2313

01:27:14,149 --> 01:27:12,320

that uh something is here or exists

2314

01:27:15,910 --> 01:27:14,159

and celebrities start getting involved

2315

01:27:18,070 --> 01:27:15,920

and all that you know a lot of people

2316

01:27:20,070 --> 01:27:18,080

say that's good that's what we want but

2317

01:27:21,990 --> 01:27:20,080

a lot of people don't realize what then

2318

01:27:24,149 --> 01:27:22,000

happens with this stuff when those

2319

01:27:27,510 --> 01:27:24,159

people are involved

2320

01:27:29,030 --> 01:27:27,520

and all you have to look at is you know

2321

01:27:30,870 --> 01:27:29,040

what

2322

01:27:33,350 --> 01:27:30,880

how they treat everything else in their

2323

01:27:36,310 --> 01:27:33,360

life now you know can you imagine like

2324

01:27:38,629 --> 01:27:36,320

kardashian's got a reality show

2325

01:27:40,470 --> 01:27:38,639

you know and it's about the benny the

2326

01:27:42,950 --> 01:27:40,480

alien that they're hanging out with now

2327

01:27:45,350 --> 01:27:42,960

or whatever like

2328

01:27:49,110 --> 01:27:45,360

it's just all the integrity is taken

2329

01:27:51,510 --> 01:27:49,120

away from whatever it is they join

2330

01:27:54,229 --> 01:27:51,520

and that's why i am sensitive about

2331

01:27:55,189 --> 01:27:54,239

money and this subject

2332

01:27:57,590 --> 01:27:55,199

uh

2333

01:27:59,669 --> 01:27:57,600

big money like i mean like

2334

01:28:01,350 --> 01:27:59,679

when i hear stories about

2335

01:28:05,430 --> 01:28:01,360

somebody who i know

2336

01:28:10,070 --> 01:28:07,910

good good old spaghetti uh

2337

01:28:13,030 --> 01:28:10,080

and then they were gonna speak at one of

2338

01:28:14,470 --> 01:28:13,040

these conventions these ufo things and i

2339

01:28:16,390 --> 01:28:14,480

remember them telling me how appalled

2340

01:28:18,229 --> 01:28:16,400

they were that when

2341

01:28:20,310 --> 01:28:18,239

it was uh they were scheduled for like

2342

01:28:21,990 --> 01:28:20,320

three that afternoon and

2343

01:28:24,790 --> 01:28:22,000

some other big names i'm not gonna name

2344

01:28:27,030 --> 01:28:24,800

any names but some of big names in the

2345

01:28:29,110 --> 01:28:27,040

he said it was so appalling

2346

01:28:31,510 --> 01:28:29,120

that when they arrived

2347

01:28:36,390 --> 01:28:31,520

they were like in bulletproof limousines

2348

01:28:39,350 --> 01:28:37,750

it was like you think it was the rolling

2349

01:28:40,470 --> 01:28:39,360

stones right

2350

01:28:42,229 --> 01:28:40,480

and then it was like that when they

2351
01:28:43,910 --> 01:28:42,239
would enter the stage you know the

2352
01:28:45,669 --> 01:28:43,920
person that was before them said some

2353
01:28:47,350 --> 01:28:45,679
important things but

2354
01:28:50,149 --> 01:28:47,360
that's all forgotten now because now the

2355
01:28:52,390 --> 01:28:50,159
star is here the star that's got all the

2356
01:28:56,629 --> 01:28:52,400
information and you know the the the

2357
01:28:59,910 --> 01:28:56,639
problem with that is this star who um

2358
01:29:02,950 --> 01:28:59,920
you know is profiting off of this

2359
01:29:05,030 --> 01:29:02,960
now is not interested

2360
01:29:06,470 --> 01:29:05,040
in disclosure because along with

2361
01:29:21,350 --> 01:29:06,480
disclosure

2362
01:29:25,430 --> 01:29:23,510
you know maybe even people who

2363
01:29:26,629 --> 01:29:25,440

deliberately put you off the right track

2364

01:29:28,870 --> 01:29:26,639

who knows

2365

01:29:32,310 --> 01:29:28,880

exactly that's why this leaked stuff is

2366

01:29:33,910 --> 01:29:32,320

not good don't pay attention to material

2367

01:29:35,990 --> 01:29:33,920

doesn't matter who it is somebody you

2368

01:29:37,270 --> 01:29:36,000

like if they say well i just got this

2369

01:29:39,590 --> 01:29:37,280

from such and such and it can't be

2370

01:29:42,310 --> 01:29:39,600

verified like like a good example you

2371

01:29:44,229 --> 01:29:42,320

know is this the secret report no but

2372

01:29:46,070 --> 01:29:44,239

this was just leaked to me you know i

2373

01:29:47,910 --> 01:29:46,080

don't even look at that stuff

2374

01:29:50,830 --> 01:29:47,920

i i only looked at it because you went

2375

01:29:53,750 --> 01:29:50,840

over it when it first happened

2376

01:29:55,669 --> 01:29:53,760

sorry you know and that's good because

2377

01:29:57,910 --> 01:29:55,679

that's why picking it apart like that to

2378

01:29:59,030 --> 01:29:57,920

see if there's anything valuable in it

2379

01:30:00,709 --> 01:29:59,040

but

2380

01:30:02,149 --> 01:30:00,719

the person who originally said hey this

2381

01:30:03,590 --> 01:30:02,159

was just leaked to me

2382

01:30:05,990 --> 01:30:03,600

that person should have never said

2383

01:30:08,950 --> 01:30:06,000

anything because it wasn't his job or

2384

01:30:10,229 --> 01:30:08,960

her job to do that if it's leaked then

2385

01:30:12,470 --> 01:30:10,239

maybe you should be

2386

01:30:16,229 --> 01:30:12,480

not talking about it until we can get

2387

01:30:18,310 --> 01:30:16,239

some verification for it right

2388

01:30:20,629 --> 01:30:18,320

before you start leaking stuff out the

2389

01:30:21,669 --> 01:30:20,639

interesting thing is um

2390

01:30:23,750 --> 01:30:21,679

there's

2391

01:30:25,830 --> 01:30:23,760

a whole bunch of

2392

01:30:27,510 --> 01:30:25,840

uh things said along with those leaks

2393

01:30:28,470 --> 01:30:27,520

that isn't true like

2394

01:30:30,950 --> 01:30:28,480

um

2395

01:30:33,030 --> 01:30:30,960

i remember specifically

2396

01:30:35,510 --> 01:30:33,040

someone who released something said

2397

01:30:38,790 --> 01:30:35,520

everybody's whining about data data data

2398

01:30:41,189 --> 01:30:38,800

well here's your data we got your data

2399

01:30:44,390 --> 01:30:41,199

where is it again

2400

01:30:51,189 --> 01:30:46,390

because you're showing me something that

2401
01:30:53,110 --> 01:30:51,199
captures data doesn't mean instead

2402
01:30:54,709 --> 01:30:53,120
yeah so yeah

2403
01:30:55,910 --> 01:30:54,719
and there's there's admittedly some

2404
01:30:57,990 --> 01:30:55,920
missing

2405
01:30:59,990 --> 01:30:58,000
stuff even with the report that i'm

2406
01:31:02,070 --> 01:31:00,000
still missing by but i

2407
01:31:03,990 --> 01:31:02,080
hate to keep blathering about it but the

2408
01:31:05,350 --> 01:31:04,000
national security space office that's a

2409
01:31:08,070 --> 01:31:05,360
real thing

2410
01:31:09,750 --> 01:31:08,080
and hardly anybody knows about it and i

2411
01:31:12,550 --> 01:31:09,760
i am just confident

2412
01:31:15,750 --> 01:31:12,560
where are they in that list of right

2413
01:31:17,669 --> 01:31:15,760

they elicit geospatial you know agency

2414

01:31:19,830 --> 01:31:17,679

and they are connected but

2415

01:31:21,750 --> 01:31:19,840

no mention of national security space

2416

01:31:24,070 --> 01:31:21,760

office that's impossible

2417

01:31:26,470 --> 01:31:24,080

they they not they i know for sure they

2418

01:31:28,550 --> 01:31:26,480

don't just track neos they track all

2419

01:31:30,390 --> 01:31:28,560

things that come in to our atmosphere

2420

01:31:33,110 --> 01:31:30,400

which means they would be involved

2421

01:31:34,870 --> 01:31:33,120

but they are that's why i mentioned

2422

01:31:37,110 --> 01:31:34,880

they're not in the fi they're not in the

2423

01:31:40,070 --> 01:31:37,120

list of agencies that are reporting on

2424

01:31:42,470 --> 01:31:40,080

it so that that could mean

2425

01:31:45,350 --> 01:31:42,480

you know like if one doesn't look like

2426

01:31:47,690 --> 01:31:45,360

the other what does that mean so

2427

01:31:49,270 --> 01:31:47,700

there might be something fishy there

2428

01:31:51,189 --> 01:31:49,280

[Laughter]

2429

01:31:53,270 --> 01:31:51,199

either maybe they have data and they're

2430

01:31:54,870 --> 01:31:53,280

not sharing or

2431

01:31:57,110 --> 01:31:54,880

something like that

2432

01:31:59,590 --> 01:31:57,120

you know for sure how that's true you

2433

01:32:00,390 --> 01:31:59,600

yourself have data that you can talk

2434

01:32:02,629 --> 01:32:00,400

about

2435

01:32:05,110 --> 01:32:02,639

yeah that's true you know and there's

2436

01:32:07,350 --> 01:32:05,120

lots of radar pictures and information

2437

01:32:10,629 --> 01:32:07,360

then too what's that one i recommend

2438

01:32:12,550 --> 01:32:10,639

this book to by keith chester okay

2439

01:32:15,030 --> 01:32:12,560

uh because he did a good job of getting

2440

01:32:16,870 --> 01:32:15,040

a bunch of fouls during the war

2441

01:32:18,790 --> 01:32:16,880

ah wow

2442

01:32:21,189 --> 01:32:18,800

world war ii food fighters they were

2443

01:32:23,590 --> 01:32:21,199

seeing rocket shaped tubular shaped

2444

01:32:25,110 --> 01:32:23,600

things giant one remember one report

2445

01:32:26,790 --> 01:32:25,120

this giant tube

2446

01:32:29,590 --> 01:32:26,800

they were saying and it disappeared into

2447

01:32:31,350 --> 01:32:29,600

the clouds it was giant just hovering

2448

01:32:33,430 --> 01:32:31,360

there you're not an angle

2449

01:32:36,149 --> 01:32:33,440

they saw flying discs they saw flying

2450

01:32:38,229 --> 01:32:36,159

discs in 1945.

2451

01:32:39,400 --> 01:32:38,239

that's not that report about the crash

2452

01:32:42,149 --> 01:32:39,410

that

2453

01:32:44,870 --> 01:32:42,159

[Music]

2454

01:32:46,550 --> 01:32:44,880

yeah that one's interesting um because

2455

01:32:48,310 --> 01:32:46,560

they never mentioned the book that was

2456

01:32:50,870 --> 01:32:48,320

actually written by the two witnesses

2457

01:32:52,390 --> 01:32:50,880

about that trinity sighting

2458

01:32:55,510 --> 01:32:52,400

um

2459

01:32:57,350 --> 01:32:55,520

and it's online you can't buy it but

2460

01:32:59,510 --> 01:32:57,360

um i did locate one actually at the

2461

01:33:01,430 --> 01:32:59,520

public library in new mexico but you

2462

01:33:03,350 --> 01:33:01,440

know i'm not there but it's pretty

2463

01:33:05,990 --> 01:33:03,360

interesting i would really be curious to

2464

01:33:07,510 --> 01:33:06,000

see what's in that book

2465

01:33:08,470 --> 01:33:07,520

because it might be a reason they lift

2466

01:33:10,790 --> 01:33:08,480

it up

2467

01:33:12,950 --> 01:33:10,800

from the ufo show did a thing on that

2468

01:33:14,950 --> 01:33:12,960

story a while ago i remember seeing it

2469

01:33:15,750 --> 01:33:14,960

and they interviewed some of the

2470

01:33:18,070 --> 01:33:15,760

you know

2471

01:33:20,149 --> 01:33:18,080

the peasant guy who apparently was the

2472

01:33:22,709 --> 01:33:20,159

first guy to find it

2473

01:33:23,910 --> 01:33:22,719

when they haven't but i don't know

2474

01:33:24,870 --> 01:33:23,920

it's another one of those stories

2475

01:33:25,990 --> 01:33:24,880

because

2476

01:33:28,390 --> 01:33:26,000

god bless

2477

01:33:30,790 --> 01:33:28,400

but does he provide any proof in his

2478

01:33:33,270 --> 01:33:30,800

book no

2479

01:33:34,470 --> 01:33:33,280

everybody thought there was maybe his

2480

01:33:36,070 --> 01:33:34,480

caliber

2481

01:33:37,990 --> 01:33:36,080

and he's going to be tied to a story

2482

01:33:40,070 --> 01:33:38,000

that's only wrapped up in eyewitness

2483

01:33:42,390 --> 01:33:40,080

testimony which is okay but

2484

01:33:44,390 --> 01:33:42,400

it's not that's so below his

2485

01:33:46,310 --> 01:33:44,400

capabilities that it makes me weirded

2486

01:33:48,149 --> 01:33:46,320

out you know well there might have been

2487

01:33:50,950 --> 01:33:48,159

something in that material they were

2488

01:33:52,629 --> 01:33:50,960

testing that maybe prohibited that part

2489

01:33:54,470 --> 01:33:52,639

of this

2490

01:33:55,830 --> 01:33:54,480

you know from being a part of that story

2491

01:33:57,590 --> 01:33:55,840

for some reason

2492

01:34:00,550 --> 01:33:57,600

possibly because i know he was testing

2493

01:34:03,430 --> 01:34:00,560

stuff and probably still is but

2494

01:34:06,700 --> 01:34:03,440

yeah we'll see all right i'm going to

2495

01:34:09,189 --> 01:34:06,710

leave and eat ravioli

2496

01:34:11,830 --> 01:34:09,199

[Laughter]

2497

01:34:14,149 --> 01:34:11,840

there's a goodbye oh you got a black cat

2498

01:34:16,470 --> 01:34:14,159

we got two ones of black and one's black

2499

01:34:27,110 --> 01:34:16,480

and white uh tuxedo

2500

01:34:27,120 --> 01:34:30,310

i hate monster

2501

01:34:36,629 --> 01:34:33,669

she's a little bit small

2502

01:34:39,030 --> 01:34:36,639

all right well it was a it was a

2503

01:34:40,310 --> 01:34:39,040

pleasure and we'll bring you back on uh

2504

01:34:41,510 --> 01:34:40,320

you know whenever

2505

01:34:45,189 --> 01:34:41,520

you know you want to talk about

2506

01:34:50,149 --> 01:34:48,149

like to um wrap up if it's okay that uh

2507

01:34:52,629 --> 01:34:50,159

we've got way off but i do want to

2508

01:34:53,430 --> 01:34:52,639

stress that uh as far as the aztec story

2509

01:34:55,669 --> 01:34:53,440

goes

2510

01:34:57,830 --> 01:34:55,679

like i said my research is on 25 march

2511

01:34:59,990 --> 01:34:57,840

1948 not specifically

2512

01:35:01,830 --> 01:35:00,000

aztec although obviously i believe they

2513

01:35:04,629 --> 01:35:01,840

combined because

2514

01:35:05,750 --> 01:35:04,639

all of the witnesses that scott ramsey

2515

01:35:07,590 --> 01:35:05,760

people like him

2516

01:35:09,830 --> 01:35:07,600

have interviewed over the years mostly

2517

01:35:11,830 --> 01:35:09,840

scott ramsey

2518

01:35:13,750 --> 01:35:11,840

how could they be lying they didn't

2519

01:35:15,510 --> 01:35:13,760

study like i did they could they didn't

2520

01:35:16,950 --> 01:35:15,520

get all these documents like we have

2521

01:35:18,470 --> 01:35:16,960

they were just people

2522

01:35:20,149 --> 01:35:18,480

and they just happened to all say it

2523

01:35:22,390 --> 01:35:20,159

happened on the same day and it was

2524

01:35:24,229 --> 01:35:22,400

flying this you combined that with these

2525

01:35:25,510 --> 01:35:24,239

documents that shared something happened

2526

01:35:26,390 --> 01:35:25,520

on that day and had to do with flying

2527

01:35:28,950 --> 01:35:26,400

discs

2528

01:35:30,629 --> 01:35:28,960

it's not a rocket scientist thing to go

2529

01:35:32,950 --> 01:35:30,639

one plus one is two

2530

01:35:33,750 --> 01:35:32,960

i think it's very reasonable to to do

2531

01:35:38,149 --> 01:35:33,760

that

2532

01:35:40,390 --> 01:35:38,159

very likely you know they're not lying

2533

01:35:42,149 --> 01:35:40,400

yeah like i said two of them i checked

2534

01:35:43,990 --> 01:35:42,159

two of them didn't know each other they

2535

01:35:44,870 --> 01:35:44,000

still came up with that date

2536

01:35:47,350 --> 01:35:44,880

so

2537

01:35:50,229 --> 01:35:47,360

yeah work goes on i'll continue my work

2538

01:35:52,229 --> 01:35:50,239

but at this point i know something did

2539

01:35:54,070 --> 01:35:52,239

happen on that day really i don't know

2540

01:35:55,750 --> 01:35:54,080

if it's exactly what

2541

01:35:57,669 --> 01:35:55,760

some other people including steinman

2542

01:35:59,990 --> 01:35:57,679

have said i don't believe in the mj12

2543

01:36:02,310 --> 01:36:00,000

stuff i know i've said that but

2544

01:36:05,590 --> 01:36:02,320

something's happened and

2545

01:36:08,070 --> 01:36:05,600

yeah it's been going on since that long

2546

01:36:09,350 --> 01:36:08,080

yeah and yeah i think you proved that

2547

01:36:11,030 --> 01:36:09,360

pretty well with all the different

2548

01:36:13,669 --> 01:36:11,040

documents that you've

2549

01:36:16,229 --> 01:36:13,679

brought to the table um that clearly

2550

01:36:18,229 --> 01:36:16,239

outlined something yeah

2551

01:36:19,830 --> 01:36:18,239

and like i said i believe that it's

2552

01:36:21,270 --> 01:36:19,840

possible that it was leaking and that's

2553

01:36:23,669 --> 01:36:21,280

what ended up being in the mccarthy

2554

01:36:25,990 --> 01:36:23,679

hearings it was a way like

2555

01:36:28,149 --> 01:36:26,000

just send it off into left field let's

2556

01:36:29,590 --> 01:36:28,159

we we can't go and that's why it got out

2557

01:36:31,350 --> 01:36:29,600

of control and

2558

01:36:33,109 --> 01:36:31,360

got into just hounding

2559

01:36:35,030 --> 01:36:33,119

you know whether you're communist or not

2560

01:36:36,870 --> 01:36:35,040

they were probably ordered to do that

2561

01:36:39,510 --> 01:36:36,880

because they weren't about to talk about

2562

01:36:40,950 --> 01:36:39,520

aztec i mean that's just me talking but

2563

01:36:43,510 --> 01:36:40,960

it's because of all of that i've been

2564

01:36:46,390 --> 01:36:43,520

reading i'm not just grasping at empty

2565

01:36:47,830 --> 01:36:46,400

straws there's there's something there

2566

01:36:49,590 --> 01:36:47,840

so

2567

01:36:50,870 --> 01:36:49,600

i invite you to check out dorothy kale

2568

01:36:52,310 --> 01:36:50,880

gallon she

2569

01:36:54,950 --> 01:36:52,320

can send you those i got a bunch of

2570

01:36:56,390 --> 01:36:54,960

articles okay i got from the newspapers

2571

01:36:57,350 --> 01:36:56,400

that she said too

2572

01:36:59,189 --> 01:36:57,360

yeah

2573

01:37:00,709 --> 01:36:59,199

you intrigued me too so i'm gonna i'm

2574

01:37:02,870 --> 01:37:00,719

gonna get uh

2575

01:37:05,669 --> 01:37:02,880

oh wait what did you say about mj 12

2576

01:37:07,830 --> 01:37:05,679

spaghetti one snow wasn't there a part

2577

01:37:10,229 --> 01:37:07,840

of the document was ripped completely

2578

01:37:13,030 --> 01:37:10,239

from a book or something right oh yeah

2579

01:37:15,189 --> 01:37:13,040

the last mj-12 they were completely

2580

01:37:16,310 --> 01:37:15,199

plagiarized bill steinman's book on

2581

01:37:17,669 --> 01:37:16,320

aztec

2582

01:37:19,510 --> 01:37:17,679

uh okay

2583

01:37:21,830 --> 01:37:19,520

grabbed paragraphs and just put it in

2584

01:37:24,149 --> 01:37:21,840

there if there was a real document they

2585

01:37:25,750 --> 01:37:24,159

would have not had to do that

2586

01:37:27,430 --> 01:37:25,760

they would have provided evidence or

2587

01:37:28,390 --> 01:37:27,440

information we've never seen before a

2588

01:37:29,750 --> 01:37:28,400

problem

2589

01:37:33,030 --> 01:37:29,760

right

2590

01:37:37,430 --> 01:37:33,040

pleasure sir

2591

01:37:38,709 --> 01:37:37,440

and you have a great rest of the day um

2592

01:37:39,990 --> 01:37:38,719

yeah you know how to get in touch with

2593

01:37:41,750 --> 01:37:40,000

me so

2594

01:37:45,510 --> 01:37:41,760

blessings to everybody thanks for your

2595

01:37:47,990 --> 01:37:45,520

time and i wish everybody the best

2596

01:37:49,910 --> 01:37:48,000

all right sounds good i appreciate you

2597

01:37:51,750 --> 01:37:49,920

all right see you back in the chats all

2598

01:37:55,030 --> 01:37:51,760

right see ya bye

2599

01:38:00,629 --> 01:37:57,189

all right that was awesome that was so

2600

01:38:05,910 --> 01:38:03,030

and we learned so much today right and

2601

01:38:09,109 --> 01:38:05,920

that is the important part for us

2602

01:38:11,750 --> 01:38:09,119

is we're learning and robert brought

2603

01:38:16,149 --> 01:38:11,760

the goods today that's for sure so

2604

01:38:21,750 --> 01:38:18,790

happened around then right

2605

01:38:24,070 --> 01:38:21,760

um pretty pretty intense so

2606

01:38:26,790 --> 01:38:24,080

thanks for joining us we went to an hour

2607

01:38:28,790 --> 01:38:26,800

in 38 minutes um

2608

01:38:29,510 --> 01:38:28,800

no one unfortunately has commented on

2609

01:38:31,030 --> 01:38:29,520

the

2610

01:38:32,870 --> 01:38:31,040

new edition

2611

01:38:36,470 --> 01:38:32,880

of the bird

2612

01:38:40,470 --> 01:38:38,220

but that's fine

2613

01:38:42,390 --> 01:38:40,480

[Laughter]

2614

01:38:44,870 --> 01:38:42,400

all right guys thanks for joining thanks

2615

01:38:47,669 --> 01:38:44,880

for the support megan dragonfly

2616

01:38:50,070 --> 01:38:47,679

grandmaster uh jared

2617

01:38:50,870 --> 01:38:50,080

um spaghetti of course

2618

01:38:51,990 --> 01:38:50,880

uh

2619

01:38:53,750 --> 01:38:52,000

bass

2620

01:38:55,189 --> 01:38:53,760

basis there's like

2621

01:38:56,550 --> 01:38:55,199

um

2622

01:38:59,430 --> 01:38:56,560

thomas

2623

01:39:00,950 --> 01:38:59,440

where are we i think that's i got

2624

01:39:02,870 --> 01:39:00,960

everybody right

2625

01:39:07,710 --> 01:39:02,880

um

2626

01:39:12,790 --> 01:39:09,750

[Laughter]

2627

01:39:14,950 --> 01:39:12,800

yeah so oh you like the sign here i just

2628

01:39:16,950 --> 01:39:14,960

figured the like the bird it was just a

2629

01:39:18,870 --> 01:39:16,960

perfect match you know maybe i'll put

2630

01:39:21,270 --> 01:39:18,880

the sign on the suitcase there or

2631

01:39:26,149 --> 01:39:22,550

all right

2632

01:39:27,590 --> 01:39:26,159

sounds good bye y'all be good um no show

2633

01:39:29,109 --> 01:39:27,600

tomorrow or this weekend because i'm

2634

01:39:31,350 --> 01:39:29,119

doing the big phone home so if you want

2635

01:39:32,550 --> 01:39:31,360

to get some of me it's going to be at

2636

01:39:33,669 --> 01:39:32,560

the big

2637

01:39:35,030 --> 01:39:33,679

phone

2638

01:39:37,430 --> 01:39:35,040

home

2639

01:39:39,270 --> 01:39:37,440

but otherwise we'll be back on

2640

01:39:42,149 --> 01:39:39,280

monday

2641

01:39:43,669 --> 01:39:42,159

with avi loeb

2642

01:39:45,430 --> 01:39:43,679

and that's going to be a great interview

2643

01:39:49,189 --> 01:39:45,440

so don't miss it

2644

01:39:53,430 --> 01:39:50,149

so

2645

01:39:55,350 --> 01:39:53,440

we will see you then but please stop by

2646

01:39:56,950 --> 01:39:55,360

the big phone home show some support

2647

01:39:59,510 --> 01:39:56,960

that would mean a lot you guys are my

2648

01:40:02,070 --> 01:39:59,520

crew you guys are my flying saucers the

2649

01:40:04,870 --> 01:40:02,080

flying saucers need to travel

2650

01:40:06,550 --> 01:40:04,880

sometimes um so hopefully

2651

01:40:16,390 --> 01:40:06,560

hopefully you guys do that
