

A black and white photograph of a man with glasses, identified as Dr. James McDonald, speaking. He is wearing a dark suit jacket, a white shirt, and a dark tie. The background is dark and out of focus. The text "DR JAMES MCDONALD" and "SCIENCE IN DEFAULT" is overlaid in large, white, bold, sans-serif font across the lower half of the image.

DR JAMES MCDONALD
SCIENCE IN DEFAULT

1
00:00:06,470 --> 00:00:04,070
the next paper is entitled science in

2
00:00:09,830 --> 00:00:06,480
default 22 years of inadequate ufo

3
00:00:11,270 --> 00:00:09,840
investigations by dr james e mcdonald

4
00:01:07,420 --> 00:00:11,280
senior physicist institute for

5
00:01:12,310 --> 00:01:10,789
[Music]

6
00:01:14,310 --> 00:01:12,320
but it was below his altitude he

7
00:01:16,070 --> 00:01:14,320
stressed so he's looking at it down at

8
00:01:18,630 --> 00:01:16,080
the depression angle which he would he

9
00:01:20,469 --> 00:01:18,640
put it more than 45 degrees and suddenly

10
00:01:22,390 --> 00:01:20,479
three things happened simultaneously it

11
00:01:24,789 --> 00:01:22,400
blinked out it disappeared from the ecm

12
00:01:26,710 --> 00:01:24,799
monitor it disappeared from carswell gci

13
00:01:29,590 --> 00:01:26,720

these are puzzling phenomena he put the

14

00:01:30,789 --> 00:01:29,600

47 into a strong turn

15

00:01:32,710 --> 00:01:30,799

got it

16

00:01:34,710 --> 00:01:32,720

by about mineral wells texas a half

17

00:01:35,830 --> 00:01:34,720

around and he and the koi looking back

18

00:01:39,190 --> 00:01:35,840

over the shoulder out of the blister of

19

00:01:40,789 --> 00:01:39,200

the 47 suddenly saw the intensely red

20

00:01:43,270 --> 00:01:40,799

light come on now much below their

21

00:01:45,510 --> 00:01:43,280

flight altitude simultaneously gci said

22

00:01:47,190 --> 00:01:45,520

it's back on the scope and mcclure in

23

00:01:49,270 --> 00:01:47,200

the back end and provenzano on another

24

00:01:51,190 --> 00:01:49,280

monitor announced it was back on the two

25

00:01:53,590 --> 00:01:51,200

monitors i should interject the comment

26

00:01:55,350 --> 00:01:53,600

that after uh mcclure uh

27

00:01:57,749 --> 00:01:55,360

announced his earlier sighting they

28

00:01:59,270 --> 00:01:57,759

found it on one of the other three ecm

29

00:02:01,510 --> 00:01:59,280

monitors so they were tracking it on two

30

00:02:03,350 --> 00:02:01,520

ecm monitors and it came back on at the

31

00:02:05,990 --> 00:02:03,360

same time that it came back visually and

32

00:02:09,029 --> 00:02:06,000

came back on gci uh

33

00:02:11,990 --> 00:02:09,039

chase got permission to dive on it in

34

00:02:13,910 --> 00:02:12,000

the b-47 uh and uh shortly before he got

35

00:02:14,949 --> 00:02:13,920

to uh somewhere near its altitude

36

00:02:16,550 --> 00:02:14,959

specifically when he got to twenty

37

00:02:17,910 --> 00:02:16,560

thousand feet in his account he

38

00:02:19,270 --> 00:02:17,920

estimated it to be down at fifteen

39

00:02:21,750 --> 00:02:19,280

thousand feet at this juncture rough

40

00:02:24,070 --> 00:02:21,760

estimate suddenly it blinked out

41

00:02:26,309 --> 00:02:24,080

visually it disappeared from the gci

42

00:02:29,750 --> 00:02:26,319

ground radar scope and this and its

43

00:02:31,990 --> 00:02:29,760

signal uh terminated he put it into a

44

00:02:34,229 --> 00:02:32,000

climb back to 25 000 headed north being

45

00:02:36,790 --> 00:02:34,239

low on fuel at this time and suddenly it

46

00:02:39,110 --> 00:02:36,800

came back on the ecm monitor gci said

47

00:02:40,869 --> 00:02:39,120

it's 10 miles after view uh in tail

48

00:02:41,670 --> 00:02:40,879

position he could not at this juncture

49

00:02:43,030 --> 00:02:41,680

see it

50

00:02:45,750 --> 00:02:43,040

because of the

51
00:02:48,390 --> 00:02:45,760
position of the blister on the b-47

52
00:02:50,869 --> 00:02:48,400
the unknown source followed them up into

53
00:02:58,850 --> 00:02:50,879
oklahoma and finally disappeared from

54
00:03:50,550 --> 00:03:12,710
[Music]

55
00:03:53,270 --> 00:03:50,560
i fully agree with the remarks that dr

56
00:03:54,789 --> 00:03:53,280
satan made that there is a scientific

57
00:03:57,509 --> 00:03:54,799
obligation to

58
00:03:59,750 --> 00:03:57,519
examine questions such as

59
00:04:01,910 --> 00:03:59,760
that of the unidentified flying objects

60
00:04:03,910 --> 00:04:01,920
an obligation of the public

61
00:04:05,110 --> 00:04:03,920
to science itself

62
00:04:06,869 --> 00:04:05,120
and

63
00:04:09,190 --> 00:04:06,879

as the title of my

64

00:04:11,750 --> 00:04:09,200

remarks indicates my study of the

65

00:04:14,470 --> 00:04:11,760

problem leads me to take the position

66

00:04:17,349 --> 00:04:14,480

that we in science are in default have

67

00:04:19,909 --> 00:04:17,359

been in default for two decades

68

00:04:21,349 --> 00:04:19,919

for failing to close with

69

00:04:24,550 --> 00:04:21,359

a problem

70

00:04:26,950 --> 00:04:24,560

that created such widespread concern

71

00:04:32,550 --> 00:04:26,960

both here and abroad

72

00:04:36,230 --> 00:04:34,550

what's up everybody

73

00:04:38,710 --> 00:04:36,240

uh thanks for

74

00:04:42,870 --> 00:04:38,720

joining me here today i do appreciate

75

00:04:46,629 --> 00:04:45,030

yes so

76

00:04:48,550 --> 00:04:46,639

been a while missed you guys sorry about

77

00:04:51,189 --> 00:04:48,560

yesterday didn't have the live chat

78

00:04:55,030 --> 00:04:51,199

going um my bad

79

00:04:58,390 --> 00:04:55,040

for some reason my channel was set as um

80

00:05:02,629 --> 00:05:00,230

so when that happens

81

00:05:05,590 --> 00:05:02,639

it the default is like you can't do

82

00:05:06,950 --> 00:05:05,600

anything in the videos so it's weird but

83

00:05:09,029 --> 00:05:06,960

um

84

00:05:11,110 --> 00:05:09,039

i fixed that so that shouldn't be a

85

00:05:13,510 --> 00:05:11,120

problem

86

00:05:17,510 --> 00:05:13,520

and how are you guys doing did i miss

87

00:05:17,520 --> 00:05:23,430

i miss anything at all

88

00:05:27,909 --> 00:05:26,390

no all good huh all right what's up

89

00:05:29,110 --> 00:05:27,919

robert

90

00:05:31,189 --> 00:05:29,120

what's up j

91

00:05:33,830 --> 00:05:31,199

vapid engage

92

00:05:37,670 --> 00:05:33,840

uh south coast

93

00:05:40,150 --> 00:05:37,680

what's up spaghetti spaghetti yeti

94

00:05:42,550 --> 00:05:40,160

alien girl what's happening nice to see

95

00:05:45,990 --> 00:05:42,560

you around

96

00:05:48,070 --> 00:05:46,000

alpha one what's up what's happening

97

00:05:50,830 --> 00:05:48,080

i hope you guys are rocking

98

00:05:52,629 --> 00:05:50,840

and feeling good today

99

00:05:56,469 --> 00:05:52,639

um

100

00:06:03,270 --> 00:05:59,029

i know you

101
00:06:07,670 --> 00:06:04,710
here's is so

102
00:06:09,110 --> 00:06:07,680
it's interesting with um

103
00:06:09,990 --> 00:06:09,120
this gentleman

104
00:06:13,350 --> 00:06:10,000
um

105
00:06:16,150 --> 00:06:13,360
i first yes okay hold on hit the pause

106
00:06:20,629 --> 00:06:17,749
smash

107
00:06:22,550 --> 00:06:20,639
like and share this dude

108
00:06:25,189 --> 00:06:22,560
all right

109
00:06:28,870 --> 00:06:26,420
i didn't even say it

110
00:06:30,870 --> 00:06:28,880
[Laughter]

111
00:06:32,870 --> 00:06:30,880
yeah so uh the

112
00:06:35,670 --> 00:06:32,880
what's up dutch uab disclosure yes so

113
00:06:36,710 --> 00:06:35,680

the san marino conference um i touched

114

00:06:40,230 --> 00:06:36,720

on that

115

00:06:41,990 --> 00:06:40,240

uh in yesterday's video unfortunately

116

00:06:43,510 --> 00:06:42,000

i had the comments off so you guys

117

00:06:45,430 --> 00:06:43,520

couldn't go back and forth with me

118

00:06:46,550 --> 00:06:45,440

unfortunately

119

00:06:49,589 --> 00:06:46,560

um

120

00:06:50,629 --> 00:06:49,599

but yeah i do kind of talk about that

121

00:06:52,710 --> 00:06:50,639

so

122

00:06:55,350 --> 00:06:52,720

you know i don't want to go over this

123

00:06:58,870 --> 00:06:55,360

the same stuff in a nutshell

124

00:07:01,029 --> 00:06:58,880

um obviously it's it's good

125

00:07:04,790 --> 00:07:01,039

you know perspective things that that

126
00:07:07,350 --> 00:07:04,800
could happen um senior italian military

127
00:07:09,029 --> 00:07:07,360
officials were talked to that's always

128
00:07:11,670 --> 00:07:09,039
cool

129
00:07:15,589 --> 00:07:13,350
so yeah there's a lot of stuff happening

130
00:07:16,950 --> 00:07:15,599
there possibly the u.n right might get

131
00:07:19,270 --> 00:07:16,960
the un involved do you know what that

132
00:07:21,270 --> 00:07:19,280
makes me think of well maybe the last

133
00:07:23,510 --> 00:07:21,280
time the u.n got involved

134
00:07:25,990 --> 00:07:23,520
what happened then

135
00:07:29,029 --> 00:07:26,000
i did a whole thing on that it was frank

136
00:07:32,070 --> 00:07:29,039
gehry uh from granada

137
00:07:35,350 --> 00:07:32,080
heinek was at uh the u.n talk and

138
00:07:38,390 --> 00:07:35,360

jacquez vale was at the u.n talking

139

00:07:40,150 --> 00:07:38,400

um and more people even uh i forget his

140

00:07:43,110 --> 00:07:40,160

name but he was like a colonel or

141

00:07:46,309 --> 00:07:43,120

something talking about his witness

142

00:07:49,350 --> 00:07:47,510

and

143

00:07:51,749 --> 00:07:49,360

you know he was eric gary was pressing

144

00:07:53,430 --> 00:07:51,759

this two years in a row and the third

145

00:07:55,510 --> 00:07:53,440

year it came up

146

00:07:57,909 --> 00:07:55,520

uh they were gonna take a vote on it and

147

00:07:59,270 --> 00:07:57,919

it was seemingly gonna pass if you read

148

00:08:01,110 --> 00:07:59,280

the documents

149

00:08:03,029 --> 00:08:01,120

like behind the scenes documents of the

150

00:08:03,990 --> 00:08:03,039

us and uk

151
00:08:05,430 --> 00:08:04,000
and

152
00:08:07,589 --> 00:08:05,440
um

153
00:08:10,390 --> 00:08:07,599
you know them conversing about it

154
00:08:13,029 --> 00:08:10,400
um they they weren't super excited about

155
00:08:14,790 --> 00:08:13,039
it but they it looked like they were

156
00:08:17,909 --> 00:08:14,800
gonna let it go

157
00:08:20,629 --> 00:08:17,919
um and then

158
00:08:21,990 --> 00:08:20,639
mr eric gary so in the third year shows

159
00:08:24,790 --> 00:08:22,000
up to

160
00:08:26,869 --> 00:08:24,800
somebody like a unum

161
00:08:29,189 --> 00:08:26,879
somebody here important

162
00:08:30,710 --> 00:08:29,199
comes to talk to them

163
00:08:33,350 --> 00:08:30,720

basically to talk about how this is

164

00:08:36,709 --> 00:08:34,709

at that time

165

00:08:38,829 --> 00:08:36,719

back in granada

166

00:08:42,870 --> 00:08:38,839

there is a

167

00:08:48,550 --> 00:08:46,070

eric he just like lost power after like

168

00:08:50,710 --> 00:08:48,560

30 years in power in like

169

00:08:52,870 --> 00:08:50,720

30 minutes or something crazy not that

170

00:08:55,269 --> 00:08:52,880

fast like five hours or something

171

00:08:56,870 --> 00:08:55,279

so the whole thing just went down the

172

00:08:59,430 --> 00:08:56,880

tubes

173

00:09:01,110 --> 00:08:59,440

and no nobody picked up the ball

174

00:09:03,350 --> 00:09:01,120

that was it

175

00:09:06,630 --> 00:09:03,360

and the interesting part of that is uh

176

00:09:09,269 --> 00:09:06,640

the us and the uk

177

00:09:11,910 --> 00:09:09,279

were very supportive of the government

178

00:09:13,910 --> 00:09:11,920

that took over

179

00:09:14,790 --> 00:09:13,920

and developed relations with them and

180

00:09:18,150 --> 00:09:14,800

even

181

00:09:19,350 --> 00:09:18,160

stalked eric gary on behalf

182

00:09:21,110 --> 00:09:19,360

of them

183

00:09:26,630 --> 00:09:21,120

and maurice bishop

184

00:09:32,550 --> 00:09:30,389

well that's a part of the woo aspect of

185

00:09:34,790 --> 00:09:32,560

it spaghetti yes

186

00:09:36,550 --> 00:09:34,800

i mean there's this the

187

00:09:38,070 --> 00:09:36,560

the story that

188

00:09:42,310 --> 00:09:38,080

you know kicked all this up for eric

189

00:09:44,470 --> 00:09:42,320

gary was that he would basically hold

190

00:09:46,710 --> 00:09:44,480

like um

191

00:09:49,030 --> 00:09:46,720

i don't know grievance grievances at one

192

00:09:52,710 --> 00:09:49,040

of his bars that he had and people could

193

00:09:54,630 --> 00:09:52,720

come there and pay him and he'd let him

194

00:09:55,910 --> 00:09:54,640

[h__\h] or whatever

195

00:10:02,550 --> 00:09:55,920

so

196

00:10:04,150 --> 00:10:02,560

got an alien on the beach

197

00:10:06,470 --> 00:10:04,160

so he took some bunch of people and went

198

00:10:09,590 --> 00:10:06,480

and looked and it was like a long blonde

199

00:10:11,670 --> 00:10:09,600

haired braided haired blue eyed thing

200

00:10:13,030 --> 00:10:11,680

um

201
00:10:14,790 --> 00:10:13,040
so

202
00:10:16,870 --> 00:10:14,800
if that had like samples of fish and

203
00:10:19,750 --> 00:10:16,880
food and stuff it was it was interesting

204
00:10:21,430 --> 00:10:19,760
and apparently they took that to the

205
00:10:24,870 --> 00:10:21,440
medical college

206
00:10:27,110 --> 00:10:24,880
um where there were a bunch of americans

207
00:10:29,269 --> 00:10:27,120
and

208
00:10:32,389 --> 00:10:29,279
you know the the you know what people

209
00:10:35,269 --> 00:10:32,399
say is that america invaded grenada

210
00:10:38,389 --> 00:10:35,279
to go get that body

211
00:10:40,790 --> 00:10:38,399
and the things that kind of correlate

212
00:10:42,230 --> 00:10:40,800
some people say it that when we went

213
00:10:44,710 --> 00:10:42,240

into coronado we didn't really do

214

00:10:47,350 --> 00:10:44,720

anything we went right to the school on

215

00:10:49,750 --> 00:10:47,360

a pretext of getting the american

216

00:10:51,910 --> 00:10:49,760

uh college kids out

217

00:10:52,790 --> 00:10:51,920

but i don't know that's a long story i

218

00:10:54,310 --> 00:10:52,800

guess

219

00:10:56,949 --> 00:10:54,320

but it didn't happen

220

00:10:58,550 --> 00:10:56,959

basically the un thing

221

00:11:00,150 --> 00:10:58,560

um

222

00:11:02,949 --> 00:11:00,160

but it's interesting because granada is

223

00:11:04,150 --> 00:11:02,959

such a is such a small country

224

00:11:06,389 --> 00:11:04,160

um but

225

00:11:08,389 --> 00:11:06,399

you know with the right people you can

226

00:11:10,550 --> 00:11:08,399

seemingly get things going

227

00:11:11,829 --> 00:11:10,560

but the thing i just don't understand is

228

00:11:14,630 --> 00:11:11,839

how

229

00:11:16,310 --> 00:11:14,640

you know the us for instance or the uk

230

00:11:18,790 --> 00:11:16,320

even is gonna

231

00:11:21,110 --> 00:11:18,800

be okay with sharing their data with the

232

00:11:23,829 --> 00:11:21,120

u.n if that's what they have in mind and

233

00:11:26,870 --> 00:11:23,839

all those countries which include china

234

00:11:26,880 --> 00:11:30,069

obviously

235

00:11:32,389 --> 00:11:31,590

and i'm ran

236

00:11:36,470 --> 00:11:32,399

so

237

00:11:40,230 --> 00:11:38,710

um

238

00:11:42,310 --> 00:11:40,240

let me check out the comments that you

239

00:11:44,389 --> 00:11:42,320

guys got here

240

00:11:49,670 --> 00:11:44,399

dolan with this deep paranoia of the

241

00:11:53,350 --> 00:11:52,100

oh are they they're like um

242

00:11:54,790 --> 00:11:53,360

[Music]

243

00:11:56,870 --> 00:11:54,800

going to debate

244

00:12:00,550 --> 00:11:56,880

let's say interesting

245

00:12:02,150 --> 00:12:00,560

i i'm going to say that dolan probably

246

00:12:06,069 --> 00:12:02,160

knows

247

00:12:10,790 --> 00:12:08,710

may have a lot more sneaky points that

248

00:12:12,710 --> 00:12:10,800

john may not have thought of that's what

249

00:12:16,470 --> 00:12:12,720

i'll say

250

00:12:20,550 --> 00:12:16,480

um so yeah but anyways

251
00:12:24,550 --> 00:12:22,629
but that would be pretty cool

252
00:12:25,829 --> 00:12:24,560
i gotta say that

253
00:12:29,350 --> 00:12:25,839
uh yeah

254
00:12:31,829 --> 00:12:29,360
speaking of spacex alien girl

255
00:12:33,670 --> 00:12:31,839
what about elon's tweet

256
00:12:36,230 --> 00:12:33,680
where he said um

257
00:12:43,430 --> 00:12:36,240
i'm not saying ufos are real but

258
00:12:43,440 --> 00:12:47,030
i'm gonna say

259
00:12:51,590 --> 00:12:49,290
that he must be watching my show

260
00:12:54,310 --> 00:12:51,600
[Laughter]

261
00:12:57,190 --> 00:12:54,320
yeah he changed his mind

262
00:12:58,949 --> 00:12:57,200
i'm just kidding

263
00:13:01,750 --> 00:12:58,959

um but that's interesting of course he

264

00:13:04,870 --> 00:13:01,760

didn't really elaborate on that but

265

00:13:06,790 --> 00:13:04,880

uh maybe one day well so

266

00:13:13,190 --> 00:13:06,800

let's get into

267

00:13:13,200 --> 00:13:16,470

so

268

00:13:21,670 --> 00:13:19,670

it's interesting that um the

269

00:13:23,990 --> 00:13:21,680

mcdonald is known as maybe one of the

270

00:13:26,870 --> 00:13:24,000

most

271

00:13:30,470 --> 00:13:26,880

well educated

272

00:13:32,710 --> 00:13:30,480

person for the type of work that he

273

00:13:36,870 --> 00:13:32,720

wound up doing which was investigating

274

00:13:41,430 --> 00:13:38,310

um

275

00:13:42,629 --> 00:13:41,440

when he started he i think it was ohio

276

00:13:44,550 --> 00:13:42,639

state he was at

277

00:13:46,550 --> 00:13:44,560

uh maybe that's

278

00:13:48,629 --> 00:13:46,560

i think that's right yeah

279

00:13:50,629 --> 00:13:48,639

i don't know but um

280

00:13:51,590 --> 00:13:50,639

when he started he he wasn't really into

281

00:13:54,949 --> 00:13:51,600

that stuff

282

00:13:56,470 --> 00:13:54,959

as weird as it is he was big he

283

00:13:57,910 --> 00:13:56,480

you know i actually put a list of all

284

00:13:59,829 --> 00:13:57,920

the different documents of papers that

285

00:14:00,949 --> 00:13:59,839

he's written in the description of the

286

00:14:02,949 --> 00:14:00,959

video

287

00:14:05,590 --> 00:14:02,959

um and some of them are pretty creepy

288

00:14:09,829 --> 00:14:05,600

which include weather modification

289

00:14:10,870 --> 00:14:09,839

and there are they've tested this stuff

290

00:14:13,670 --> 00:14:10,880

you know

291

00:14:15,990 --> 00:14:13,680

um cloud modification so

292

00:14:17,910 --> 00:14:16,000

you know maybe i'm just ignorant to that

293

00:14:20,870 --> 00:14:17,920

could possibly be but i thought that was

294

00:14:24,870 --> 00:14:20,880

pretty crazy yes arizona state sorry i

295

00:14:26,550 --> 00:14:24,880

got la paz on my mind hi nick and um dr

296

00:14:27,910 --> 00:14:26,560

mcdonald so i'm kind of getting them all

297

00:14:29,189 --> 00:14:27,920

screwed up

298

00:14:32,870 --> 00:14:29,199

heineken was

299

00:14:33,829 --> 00:14:32,880

ohio state and even labos was at one

300

00:14:36,550 --> 00:14:33,839

point

301
00:14:40,790 --> 00:14:36,560

but anyways

302
00:14:46,069 --> 00:14:43,269

you know he he winds up uh getting into

303
00:14:47,910 --> 00:14:46,079

the flying saucer stuff and all that

304
00:14:51,509 --> 00:14:47,920

and he's really putting it on the line

305
00:14:54,550 --> 00:14:51,519

there because he is such an accomplished

306
00:14:57,030 --> 00:14:55,829

you know

307
00:14:58,389 --> 00:14:57,040

um

308
00:15:00,550 --> 00:14:58,399

and he didn't need to do anything like

309
00:15:04,870 --> 00:15:00,560

that such as we see in other people in

310
00:15:08,870 --> 00:15:06,790

that are quite accomplished and then put

311
00:15:10,629 --> 00:15:08,880

it all on the line to do this and he

312
00:15:13,350 --> 00:15:10,639

wasn't messing around

313
00:15:15,509 --> 00:15:13,360

dr mcdonald was very serious he was so

314

00:15:17,829 --> 00:15:15,519

serious

315

00:15:23,829 --> 00:15:17,839

and so good

316

00:15:28,150 --> 00:15:25,910

so somehow he knew it was a good case

317

00:15:30,629 --> 00:15:28,160

the files weren't where they were

318

00:15:35,990 --> 00:15:30,639

supposed to be he found them in the

319

00:15:42,389 --> 00:15:40,710

and was able to put together

320

00:15:44,550 --> 00:15:42,399

a great report

321

00:15:46,470 --> 00:15:44,560

a couple of them a lot of them

322

00:15:51,030 --> 00:15:46,480

but the one i'm thinking of in

323

00:15:57,189 --> 00:15:53,509

it is a sample case that was selected by

324

00:15:58,550 --> 00:15:57,199

the ufo subcommittee of i

325

00:16:02,310 --> 00:15:58,560

e i

326

00:16:07,030 --> 00:16:04,790

um let me

327

00:16:09,590 --> 00:16:07,040

i'll bring it up for you just to kind of

328

00:16:11,590 --> 00:16:09,600

show you so the reason that

329

00:16:13,110 --> 00:16:11,600

this document rocks is because if you

330

00:16:14,310 --> 00:16:13,120

see nasa

331

00:16:22,389 --> 00:16:14,320

and

332

00:16:24,069 --> 00:16:22,399

studies on their youtube channel they

333

00:16:26,389 --> 00:16:24,079

had like this conference where they were

334

00:16:28,550 --> 00:16:26,399

talking about um

335

00:16:30,310 --> 00:16:28,560

a lot of stuff

336

00:16:32,310 --> 00:16:30,320

science-based

337

00:16:33,910 --> 00:16:32,320

uap stuff and they were all very

338

00:16:36,230 --> 00:16:33,920

frustrated that they didn't have any

339

00:16:38,310 --> 00:16:36,240
data to work with you know because

340

00:16:41,110 --> 00:16:38,320
they're going off of uh reports what's

341

00:16:45,189 --> 00:16:43,430
and you know if by going off that they

342

00:16:47,110 --> 00:16:45,199
would say things like it's impossible

343

00:16:50,310 --> 00:16:47,120
for this thing to free fall

344

00:16:52,310 --> 00:16:50,320
without propulsion at that rate you know

345

00:16:55,269 --> 00:16:52,320
so anyways they

346

00:16:56,470 --> 00:16:55,279
used this document in that video

347

00:17:03,990 --> 00:16:56,480
for

348

00:17:10,789 --> 00:17:07,270
and they heavily rely on it

349

00:17:10,799 --> 00:17:15,909
nasa does

350

00:17:19,429 --> 00:17:18,230
and this is a great case and it gets

351

00:17:22,870 --> 00:17:19,439

really deep

352

00:17:25,110 --> 00:17:22,880

with the ecm uh it was rb47 equipped

353

00:17:25,500 --> 00:17:25,120

with electronic countermeasures

354

00:17:27,909 --> 00:17:25,510

um

355

00:17:29,669 --> 00:17:27,919

[Music]

356

00:17:31,430 --> 00:17:29,679

you know vectored going after them i

357

00:17:33,590 --> 00:17:31,440

think this one actually

358

00:17:38,710 --> 00:17:33,600

the chase might have went on for

359

00:17:42,070 --> 00:17:40,470

um so that's pretty good again you

360

00:17:44,549 --> 00:17:42,080

should be able to find this document in

361

00:17:46,870 --> 00:17:44,559

the description

362

00:17:49,350 --> 00:17:46,880

um i think it's either the james

363

00:17:52,470 --> 00:17:49,360

mcdonald papers on the ohio

364

00:17:55,350 --> 00:17:52,480

uh state university website or princeton

365

00:17:57,430 --> 00:17:55,360

this website it's one of the two

366

00:17:58,630 --> 00:17:57,440

um but if you want to know what

367

00:18:01,990 --> 00:17:58,640

you know

368

00:18:03,669 --> 00:18:02,000

nasa is looking at to try to at least

369

00:18:05,990 --> 00:18:03,679

get a peek

370

00:18:17,430 --> 00:18:06,000

at what's up

371

00:18:23,190 --> 00:18:19,830

got him killed so well spaghetti i

372

00:18:25,110 --> 00:18:23,200

haven't gone down the road far enough to

373

00:18:27,270 --> 00:18:25,120

uh get to that part but i'd be

374

00:18:29,510 --> 00:18:27,280

interested in learning more about it i

375

00:18:31,029 --> 00:18:29,520

tried to figure out

376

00:18:33,190 --> 00:18:31,039

and find things

377

00:18:34,950 --> 00:18:33,200

about

378

00:18:36,549 --> 00:18:34,960

what happened to him at the end of his

379

00:18:36,880 --> 00:18:36,559

life but

380

00:18:38,630 --> 00:18:36,890

um

381

00:18:40,549 --> 00:18:38,640

[Music]

382

00:18:43,590 --> 00:18:40,559

you know i just found the surface level

383

00:18:46,310 --> 00:18:43,600

stuff that's out there

384

00:18:52,630 --> 00:18:48,310

you know one of the big things in his

385

00:19:00,390 --> 00:18:56,710

his testimony in front of congress

386

00:19:03,350 --> 00:19:00,400

which wasn't really even supposed to be

387

00:19:06,789 --> 00:19:03,360

you know a ufo thing necessarily but it

388

00:19:10,230 --> 00:19:06,799

was made to be that

389

00:19:16,310 --> 00:19:10,240

into taunt and make fun of dr mcdonald

390

00:19:16,320 --> 00:19:21,110

and think of it this way like he is a

391

00:19:25,590 --> 00:19:22,950

very established doctor

392

00:19:28,549 --> 00:19:25,600

putting it all on the line

393

00:19:30,870 --> 00:19:28,559

to push for this transparency

394

00:19:32,470 --> 00:19:30,880

he's he wrote so many news articles

395

00:19:34,390 --> 00:19:32,480

about um

396

00:19:36,630 --> 00:19:34,400

secret keepers

397

00:19:41,350 --> 00:19:36,640

cia

398

00:19:44,870 --> 00:19:42,549

and

399

00:19:47,430 --> 00:19:44,880

then that happens you know you get to a

400

00:19:48,870 --> 00:19:47,440

point to where you you have

401
00:19:51,590 --> 00:19:48,880
your mouthpiece to the government and

402
00:19:53,990 --> 00:19:51,600
that's what they do to you

403
00:19:56,230 --> 00:19:54,000
so when we want like disclosure and we

404
00:19:59,029 --> 00:19:56,240
want transparency and all that

405
00:20:02,549 --> 00:19:59,039
it's like it's hard to forget

406
00:20:06,149 --> 00:20:02,559
that the government did that stuff

407
00:20:09,990 --> 00:20:06,159
you know dr mcdonald afterwards

408
00:20:16,310 --> 00:20:14,549
apparently he was a very aggressive guy

409
00:20:18,630 --> 00:20:16,320
but you know i think some people take

410
00:20:25,270 --> 00:20:18,640
that wrong he was probably just

411
00:20:30,470 --> 00:20:28,230
but anyways he wound up trying he first

412
00:20:35,029 --> 00:20:30,480
tried to kill himself

413
00:20:35,039 --> 00:20:37,830

failed

414

00:20:37,840 --> 00:20:41,590

he went blind

415

00:20:41,600 --> 00:20:47,270

and then apparently he was found

416

00:20:50,549 --> 00:20:48,870

somewhere maybe in the middle of a

417

00:20:53,270 --> 00:20:50,559

forest or something with a gun and he

418

00:20:54,789 --> 00:20:53,280

was dead with a suicide note

419

00:21:01,430 --> 00:20:54,799

but i don't know

420

00:21:05,669 --> 00:21:03,350

now that's messed up that's missed the

421

00:21:07,909 --> 00:21:05,679

the government

422

00:21:09,029 --> 00:21:07,919

you're gonna tell me that that wasn't a

423

00:21:11,990 --> 00:21:09,039

major

424

00:21:12,000 --> 00:21:17,110

to that outcome for him

425

00:21:21,430 --> 00:21:19,909

so rubio or other senators or congress

426
00:21:23,110 --> 00:21:21,440
people

427
00:21:27,669 --> 00:21:23,120
you know when you're thinking should we

428
00:21:34,230 --> 00:21:29,669
you know i hope somehow you can know

429
00:21:39,110 --> 00:21:35,990
and if you can still

430
00:21:48,390 --> 00:21:39,120
say no transparency after that then you

431
00:21:55,190 --> 00:21:50,870
and maybe that's the case

432
00:22:03,990 --> 00:21:56,830
but this man was

433
00:22:13,029 --> 00:22:06,230
for going after something we're still

434
00:22:17,830 --> 00:22:15,590
and we were then two

435
00:22:28,630 --> 00:22:17,840
we knew it was real then to it and they

436
00:22:33,270 --> 00:22:30,149
it's just it's

437
00:22:40,710 --> 00:22:34,149
and

438
00:22:43,990 --> 00:22:40,720

yes it is little i said this yesterday

439

00:22:49,830 --> 00:22:47,110

what is enough enough right

440

00:22:53,990 --> 00:22:49,840

how many people have to get burnt out to

441

00:22:58,549 --> 00:22:56,230

of where dr mcdonald got

442

00:23:00,310 --> 00:22:58,559

or other types of bad scenarios or

443

00:23:01,990 --> 00:23:00,320

situations

444

00:23:03,830 --> 00:23:02,000

like

445

00:23:05,190 --> 00:23:03,840

not being able to pay bills because

446

00:23:08,630 --> 00:23:05,200

you're spending all your time

447

00:23:13,510 --> 00:23:11,350

you know or losing

448

00:23:15,270 --> 00:23:13,520

close ones because you don't spend time

449

00:23:24,950 --> 00:23:15,280

with them anymore because you're

450

00:23:28,310 --> 00:23:26,230

you know there's

451
00:23:30,710 --> 00:23:28,320
there's a lot everybody puts on the line

452
00:23:32,870 --> 00:23:30,720
to look into this stuff

453
00:23:36,710 --> 00:23:32,880
and carry the burden

454
00:23:41,190 --> 00:23:39,190
you know i had my experience

455
00:23:43,590 --> 00:23:41,200
it really screwed me up it emotionally

456
00:23:48,830 --> 00:23:43,600
scarred me

457
00:23:56,310 --> 00:23:51,669
physically and i find myself devoting my

458
00:24:01,669 --> 00:23:58,870
and i don't i don't even know what it is

459
00:24:08,950 --> 00:24:06,149
and i'm just one person one

460
00:24:13,190 --> 00:24:10,230
there's

461
00:24:15,990 --> 00:24:13,200
80 years at least probably

462
00:24:26,630 --> 00:24:16,000
a whole existence worth

463
00:24:31,110 --> 00:24:29,510

i just don't understand why

464

00:24:33,590 --> 00:24:31,120

these people in the government get to

465

00:24:38,149 --> 00:24:33,600

hold the keys to what we know as the

466

00:24:38,159 --> 00:24:40,710

you know

467

00:24:45,830 --> 00:24:43,990

the part of the new dod directives you

468

00:24:48,149 --> 00:24:45,840

know there's a lot of really great

469

00:24:49,510 --> 00:24:48,159

language in there including

470

00:24:52,950 --> 00:24:49,520

sharing

471

00:24:59,990 --> 00:24:52,960

and working on it with allies

472

00:25:00,000 --> 00:25:03,029

a lot of stuff

473

00:25:10,149 --> 00:25:04,149

but

474

00:25:15,029 --> 00:25:12,470

because

475

00:25:17,830 --> 00:25:15,039

joe schmoe over there who doesn't give

476
00:25:19,990 --> 00:25:17,840
two rips about this

477
00:25:22,549 --> 00:25:20,000
ain't gonna believe [h__\h]

478
00:25:28,789 --> 00:25:22,559
without the data

479
00:25:34,549 --> 00:25:31,750
even if it's a great video

480
00:25:37,269 --> 00:25:34,559
even if it's a beautiful video there's

481
00:25:39,430 --> 00:25:37,279
still going to be people that figure

482
00:25:42,310 --> 00:25:39,440
something out to bring it into question

483
00:25:45,430 --> 00:25:42,320
because that's their freaking job

484
00:25:50,149 --> 00:25:45,440
you know that's like mick west's job is

485
00:25:53,669 --> 00:25:52,390
you know have that personality to

486
00:25:55,669 --> 00:25:53,679
everybody

487
00:25:56,390 --> 00:25:55,679
and being nice about it

488
00:25:58,710 --> 00:25:56,400

but

489

00:26:01,029 --> 00:25:58,720

yeah i mean it's a sad story dr mcdonald

490

00:26:03,029 --> 00:26:01,039

because he was so uh brilliant and

491

00:26:05,190 --> 00:26:03,039

hardworking

492

00:26:06,390 --> 00:26:05,200

and really put it all out there and even

493

00:26:09,190 --> 00:26:06,400

put

494

00:26:11,909 --> 00:26:09,200

such great papers and reports together

495

00:26:13,510 --> 00:26:11,919

that are used today by our government

496

00:26:16,390 --> 00:26:13,520

establishments

497

00:26:20,630 --> 00:26:18,149

to figure something out

498

00:26:24,549 --> 00:26:20,640

because they can't get data from who has

499

00:26:31,590 --> 00:26:27,430

so like i think what would they be using

500

00:26:36,310 --> 00:26:33,909

maybe nothing he even wrote stuff with

501
00:26:37,669 --> 00:26:36,320
uh your jacquez vale this guy was

502
00:26:39,909 --> 00:26:37,679
awesome

503
00:26:41,669 --> 00:26:39,919
him and phil class

504
00:26:42,870 --> 00:26:41,679
did not like each other so much phil

505
00:26:45,990 --> 00:26:42,880
class

506
00:26:53,029 --> 00:26:47,909
seemingly i don't know the whole story

507
00:26:58,950 --> 00:26:56,149
i could be wrong i don't know just

508
00:27:01,110 --> 00:26:58,960
you know my take is just based off of uh

509
00:27:05,750 --> 00:27:01,120
looking into

510
00:27:10,950 --> 00:27:07,590
you know but there's a human aspect to

511
00:27:11,830 --> 00:27:10,960
all this it it isn't just um news clips

512
00:27:18,870 --> 00:27:11,840
and

513
00:27:18,880 --> 00:27:22,870

i've gotten hurt

514

00:27:28,389 --> 00:27:26,070

i know other people have gotten hurt

515

00:27:29,510 --> 00:27:28,399

it sucks especially when you don't know

516

00:27:34,870 --> 00:27:29,520

why

517

00:27:39,110 --> 00:27:37,269

and nobody's you know in a position of

518

00:27:42,070 --> 00:27:39,120

power

519

00:27:44,149 --> 00:27:42,080

that may have something

520

00:27:47,110 --> 00:27:44,159

even wants to to help you they don't

521

00:27:52,789 --> 00:27:48,710

they just let you

522

00:27:56,470 --> 00:27:54,230

yeah i don't know

523

00:27:58,549 --> 00:27:56,480

i mean i know i get a serious stone but

524

00:28:01,269 --> 00:27:58,559

when it comes down to like

525

00:28:04,470 --> 00:28:01,279

this kind of stuff like you know i can

526

00:28:07,430 --> 00:28:04,480

be not serious but sometimes i have to

527

00:28:10,630 --> 00:28:07,440

be serious because

528

00:28:12,070 --> 00:28:10,640

it's like i'm not here to just

529

00:28:14,389 --> 00:28:12,080

you know

530

00:28:18,630 --> 00:28:14,399

screw around i'm here to

531

00:28:22,310 --> 00:28:18,640

try to make a difference and you know

532

00:28:24,549 --> 00:28:22,320

maybe i'm not as much as i would like to

533

00:28:26,710 --> 00:28:24,559

but at least it's something

534

00:28:32,710 --> 00:28:26,720

we can all do something

535

00:28:32,720 --> 00:28:36,549

so

536

00:28:36,559 --> 00:28:42,549

it was a couple years ago

537

00:28:50,149 --> 00:28:44,789

that this came out

538

00:28:58,549 --> 00:28:52,710

if i can maybe i can't

539

00:28:58,559 --> 00:29:02,549

do daggle

540

00:29:07,990 --> 00:29:04,310

oh it's um

541

00:29:13,510 --> 00:29:09,909

i just want to bring it up so i don't

542

00:29:19,029 --> 00:29:15,990

max said he was the king of technical

543

00:29:19,039 --> 00:29:21,909

but

544

00:29:29,269 --> 00:29:23,110

i would

545

00:29:41,590 --> 00:29:31,350

you know

546

00:29:43,750 --> 00:29:41,600

doing the best i can

547

00:29:47,350 --> 00:29:43,760

i don't know why i'm talking weird sorry

548

00:29:49,669 --> 00:29:47,360

okay here it is westall ufo

549

00:29:53,190 --> 00:29:49,679

all right

550

00:29:56,310 --> 00:29:53,200

so um sit back enjoy this give it a

551

00:29:56,320 --> 00:30:01,830

see what you think

552

00:30:06,950 --> 00:30:03,830

editions which have referred to certain

553

00:30:10,389 --> 00:30:06,960

sightings in australia i've detected

554

00:30:12,310 --> 00:30:10,399

quite a bit of exaggeration and

555

00:30:14,389 --> 00:30:12,320

a lot of uh

556

00:30:15,909 --> 00:30:14,399

misquoting

557

00:30:17,830 --> 00:30:15,919

in the last uh

558

00:30:19,750 --> 00:30:17,840

apio bulletin

559

00:30:22,149 --> 00:30:19,760

which incidentally published my

560

00:30:23,269 --> 00:30:22,159

photograph uh around the wrong way as a

561

00:30:26,470 --> 00:30:23,279

matter of fact

562

00:30:28,950 --> 00:30:26,480

and there are several reports

563

00:30:32,789 --> 00:30:28,960

emanating from australia i've got the

564

00:30:35,029 --> 00:30:32,799

apro bulletin in front of me now

565

00:30:37,269 --> 00:30:35,039

there was one particular report

566

00:30:39,830 --> 00:30:37,279

which emanated from the

567

00:30:42,310 --> 00:30:39,840

westerl high school i don't know whether

568

00:30:44,149 --> 00:30:42,320

you're familiar with this report but the

569

00:30:47,110 --> 00:30:44,159

science master there

570

00:30:48,710 --> 00:30:47,120

and two other members of staff and about

571

00:30:51,029 --> 00:30:48,720

300 children

572

00:30:53,590 --> 00:30:51,039

watched a ufo

573

00:30:54,389 --> 00:30:53,600

maneuvering around over withdrawal

574

00:30:56,630 --> 00:30:54,399

and

575

00:30:58,630 --> 00:30:56,640

at the same time watched five airplanes

576
00:31:00,870 --> 00:30:58,640
from the local aero club

577
00:31:02,789 --> 00:31:00,880
doing everything they could to intercept

578
00:31:03,590 --> 00:31:02,799
the ufo

579
00:31:06,789 --> 00:31:03,600
now

580
00:31:10,070 --> 00:31:06,799
in the opio bulletin it's headed

581
00:31:11,029 --> 00:31:10,080
officials quash school sightings

582
00:31:13,110 --> 00:31:11,039
well

583
00:31:16,070 --> 00:31:13,120
it may be coincidence or one of these

584
00:31:17,110 --> 00:31:16,080
lucky things but my brother-in-law

585
00:31:19,590 --> 00:31:17,120
is on the committee of the

586
00:31:22,630 --> 00:31:19,600
australian-like car club

587
00:31:24,389 --> 00:31:22,640
and the science master who

588
00:31:27,509 --> 00:31:24,399

was one of the key witnesses in this

589

00:31:28,630 --> 00:31:27,519

sighting uh is also in the light cow

590

00:31:29,830 --> 00:31:28,640

club

591

00:31:30,630 --> 00:31:29,840

as a member

592

00:31:32,470 --> 00:31:30,640

and

593

00:31:34,789 --> 00:31:32,480

i managed to arrange with my

594

00:31:36,549 --> 00:31:34,799

brother-in-law to get this particular

595

00:31:38,870 --> 00:31:36,559

chapter come over

596

00:31:40,870 --> 00:31:38,880

to my house and discuss the sighting

597

00:31:42,789 --> 00:31:40,880

with me

598

00:31:44,950 --> 00:31:42,799

it was very interesting indeed and he

599

00:31:48,070 --> 00:31:44,960

read this report you know

600

00:31:50,070 --> 00:31:48,080

bulletin and uh said that

601
00:31:52,310 --> 00:31:50,080
most of the

602
00:31:53,909 --> 00:31:52,320
so-called facts mentioned in it were

603
00:31:56,470 --> 00:31:53,919
incorrect

604
00:32:13,110 --> 00:31:56,480
and there was no question of officials

605
00:32:16,950 --> 00:32:14,870
he refused to go outside into the

606
00:32:20,149 --> 00:32:16,960
schoolyard

607
00:32:22,389 --> 00:32:20,159
even when told the object was in the sky

608
00:32:25,430 --> 00:32:22,399
when the air force contacted the

609
00:32:27,269 --> 00:32:25,440
um headmaster he told them in his exact

610
00:32:29,190 --> 00:32:27,279
words which were

611
00:32:30,389 --> 00:32:29,200
go and jump in the lake

612
00:32:32,549 --> 00:32:30,399
now

613
00:32:34,070 --> 00:32:32,559

this science master told me a great deal

614

00:32:35,509 --> 00:32:34,080

about this fighting was certainly a

615

00:32:36,950 --> 00:32:35,519

fascinating one

616

00:32:39,750 --> 00:32:36,960

uh

617

00:32:44,870 --> 00:32:39,760

it was rather unfortunate

618

00:32:50,149 --> 00:32:47,110

and this has led me to

619

00:32:51,269 --> 00:32:50,159

think at this stage anyway that uh

620

00:32:53,590 --> 00:32:51,279

it may be

621

00:32:55,269 --> 00:32:53,600

that carol lawrencium hasn't

622

00:32:56,789 --> 00:32:55,279

obtained the correct information from

623

00:32:58,710 --> 00:32:56,799

the eastern states

624

00:33:02,389 --> 00:32:58,720

because i felt quite sure that marquette

625

00:33:05,029 --> 00:33:02,399

would wait until the csiro report

626

00:33:08,310 --> 00:33:06,710

anyway to go on was exciting i think

627

00:33:11,029 --> 00:33:08,320

this is more interesting than worrying

628

00:33:12,230 --> 00:33:11,039

about the photographers at this stage

629

00:33:13,590 --> 00:33:12,240

anyway

630

00:33:19,190 --> 00:33:13,600

and

631

00:33:23,029 --> 00:33:19,200

of the science master told me that uh

632

00:33:27,190 --> 00:33:24,470

who ran into his ufo

633

00:33:28,470 --> 00:33:27,200

and said there's a flying surfer outside

634

00:33:30,630 --> 00:33:28,480

anyway

635

00:33:32,389 --> 00:33:30,640

he thought this child had

636

00:33:34,789 --> 00:33:32,399

become deranged or something that was

637

00:33:36,830 --> 00:33:34,799

real and he didn't take immediate notice

638

00:33:38,789 --> 00:33:36,840

but when the child

639

00:33:40,389 --> 00:33:38,799

insisted that this object was in the sky

640

00:33:42,630 --> 00:33:40,399

he decided to go out and have a look for

641

00:33:45,190 --> 00:33:42,640

himself

642

00:33:47,669 --> 00:33:45,200

he went out of the yard or incidentally

643

00:33:49,350 --> 00:33:47,679

this occurred on the 7th of april

644

00:33:50,789 --> 00:33:49,360

only a few days after i took that

645

00:33:57,520 --> 00:33:50,799

photograph

646

00:33:57,530 --> 00:34:05,669

[Music]

647

00:34:08,629 --> 00:34:07,190

anyway he

648

00:34:10,790 --> 00:34:08,639

ran over

649

00:34:13,909 --> 00:34:10,800

and killed his group of children and

650

00:34:16,149 --> 00:34:13,919

there he saw the ufo for the first time

651
00:34:16,869 --> 00:34:16,159
it was evidently hovering very closely

652
00:34:18,550 --> 00:34:16,879
to

653
00:34:21,109 --> 00:34:18,560
the high attention power lines which

654
00:34:24,389 --> 00:34:21,119
enter melbourne from the trade valley

655
00:34:27,950 --> 00:34:24,399
and come through uh westeros

656
00:34:59,910 --> 00:34:31,030
is a bright silver object

657
00:34:59,920 --> 00:35:15,270
uh

658
00:35:19,190 --> 00:35:17,990
it radioed other planes in the area yeah

659
00:35:20,950 --> 00:35:19,200
it's a very

660
00:35:22,470 --> 00:35:20,960
deeply detailed report what i'm going to

661
00:35:24,630 --> 00:35:22,480
do is

662
00:35:28,790 --> 00:35:24,640
um

663
00:35:28,800 --> 00:35:32,470

right here

664

00:35:37,750 --> 00:35:35,349

so you can listen to it yourself

665

00:35:39,030 --> 00:35:37,760

whenever you want i did on my vacation

666

00:35:43,430 --> 00:35:39,040

actually

667

00:35:47,910 --> 00:35:45,270

yeah that's what the well they're

668

00:35:51,109 --> 00:35:47,920

talking about yeah westall australia

669

00:35:52,550 --> 00:35:51,119

um i believe russ cole heart covered it

670

00:35:54,069 --> 00:35:52,560

too a little bit

671

00:35:55,670 --> 00:35:54,079

and

672

00:35:57,910 --> 00:35:55,680

other people

673

00:35:59,589 --> 00:35:57,920

of course um it's pretty interesting

674

00:36:01,349 --> 00:35:59,599

because they talk about how they

675

00:36:03,589 --> 00:36:01,359

vectored some planes

676

00:36:05,190 --> 00:36:03,599

and chased it it came back around all

677

00:36:06,630 --> 00:36:05,200

sorts of stuff so

678

00:36:09,670 --> 00:36:06,640

um

679

00:36:12,390 --> 00:36:09,680

i highly encourage you to listen to it

680

00:36:14,230 --> 00:36:12,400

it also talks about how the like main

681

00:36:18,310 --> 00:36:14,240

head of the school

682

00:36:18,320 --> 00:36:21,670

until way later

683

00:36:28,630 --> 00:36:24,069

but yeah it's definitely interesting and

684

00:36:33,109 --> 00:36:31,430

paper here

685

00:36:34,790 --> 00:36:33,119

that you can read

686

00:36:38,470 --> 00:36:34,800

that i'm sending

687

00:36:41,270 --> 00:36:38,480

um that is on lakenheath

688

00:36:43,589 --> 00:36:41,280

who noah actually did

689

00:36:45,670 --> 00:36:43,599

a study on that and i have to find that

690

00:36:48,550 --> 00:36:45,680

document again but

691

00:36:52,829 --> 00:36:48,560

i'm not sure if uh dr mcdonald had to do

692

00:37:04,630 --> 00:36:56,630

um by the way we have

693

00:37:09,270 --> 00:37:06,710

yeah

694

00:37:10,630 --> 00:37:09,280

that may be like the same thing serves

695

00:37:12,550 --> 00:37:10,640

like i'm not

696

00:37:15,190 --> 00:37:12,560

positive

697

00:37:18,630 --> 00:37:17,190

you know there's kind of a

698

00:37:21,750 --> 00:37:18,640

be a new

699

00:37:23,990 --> 00:37:21,760

some things i'm gonna i'm not gonna know

700

00:37:25,030 --> 00:37:24,000

some things i won't know but

701
00:37:27,589 --> 00:37:25,040
um

702
00:37:29,030 --> 00:37:27,599
let me give a quick shout out to dan at

703
00:37:31,589 --> 00:37:29,040
signal

704
00:37:37,270 --> 00:37:31,599
for the stickers

705
00:37:37,280 --> 00:37:41,349
because that's this one here

706
00:37:44,790 --> 00:37:43,190
what i'm here

707
00:37:50,230 --> 00:37:44,800
you gotta click the link spaghetti in

708
00:37:53,430 --> 00:37:51,750
or uh

709
00:37:57,109 --> 00:37:53,440
yeah

710
00:38:01,430 --> 00:37:57,119
so you click that link in your email

711
00:38:10,390 --> 00:38:02,230
so

712
00:38:12,230 --> 00:38:10,400
you know the dod directives and

713
00:38:17,270 --> 00:38:12,240

everything um

714

00:38:21,589 --> 00:38:20,390

if anything i hope

715

00:38:23,990 --> 00:38:21,599

that some of the good stuff comes

716

00:38:25,670 --> 00:38:24,000

through you know i've spent so much time

717

00:38:27,910 --> 00:38:25,680

on the phone making phone calls and

718

00:38:31,349 --> 00:38:27,920

stuff like that and when you talk to

719

00:38:33,589 --> 00:38:31,359

people you kind of come up with a

720

00:38:35,349 --> 00:38:33,599

you know a look for them what you think

721

00:38:36,310 --> 00:38:35,359

they look like

722

00:38:39,020 --> 00:38:36,320

and

723

00:38:41,670 --> 00:38:39,030

i'm always super wrong

724

00:38:44,829 --> 00:38:41,680

[Laughter]

725

00:38:47,510 --> 00:38:44,839

joey yeah i'm on tv

726

00:38:50,230 --> 00:38:47,520

yeah i've like never i've only done this

727

00:38:52,230 --> 00:38:50,240

in a few like meetings oh okay well it

728

00:38:54,230 --> 00:38:52,240

sounds good you look good yeah yeah you

729

00:38:56,550 --> 00:38:54,240

can even know echoes or anything i don't

730

00:39:00,150 --> 00:38:56,560

have a mic um you should probably get a

731

00:39:01,670 --> 00:39:00,160

mic if you keep doing it but

732

00:39:03,670 --> 00:39:01,680

um

733

00:39:05,750 --> 00:39:03,680

yeah what's up with you

734

00:39:07,990 --> 00:39:05,760

not much man you decided to take a

735

00:39:10,870 --> 00:39:08,000

vacation on a very busy week and you

736

00:39:14,390 --> 00:39:10,880

followed you yeah i know it wasn't at

737

00:39:16,150 --> 00:39:14,400

first and then it turned out to be

738

00:39:18,630 --> 00:39:16,160

good stuff like that alex dietrich did

739

00:39:21,270 --> 00:39:18,640

an interview with alien girl

740

00:39:23,030 --> 00:39:21,280

right and uh lou did an interview with a

741

00:39:28,310 --> 00:39:23,040

guy in um

742

00:39:30,790 --> 00:39:28,320

scotland which was cool oh max yeah

743

00:39:34,310 --> 00:39:30,800

in holland right he's over in europe now

744

00:39:35,829 --> 00:39:34,320

right uh they were in san marino

745

00:39:38,870 --> 00:39:35,839

italy

746

00:39:42,790 --> 00:39:38,880

yeah and um

747

00:39:44,550 --> 00:39:42,800

oh the angeli thing do you see that um

748

00:39:47,349 --> 00:39:44,560

is there a latest scoop there or

749

00:39:49,430 --> 00:39:47,359

something or just what lou said about it

750

00:39:51,750 --> 00:39:49,440

nothing really new i mean the only real

751
00:39:53,430 --> 00:39:51,760
truth bomb with the angelic she did an

752
00:39:56,150 --> 00:39:53,440
interview with the guy i think his name

753
00:39:58,150 --> 00:39:56,160
is um well it's channel's truth seeker

754
00:40:01,190 --> 00:39:58,160
kind of cool good looks very velvet

755
00:40:03,030 --> 00:40:01,200
underground this guy cool it was all

756
00:40:04,790 --> 00:40:03,040
pretty much repeat except there were a

757
00:40:07,430 --> 00:40:04,800
few things that were noteworthy about it

758
00:40:10,390 --> 00:40:07,440
like for one thing she was talking

759
00:40:11,589 --> 00:40:10,400
um and like a couple times during the

760
00:40:13,910 --> 00:40:11,599
interview

761
00:40:16,069 --> 00:40:13,920
she like looked over and like

762
00:40:17,750 --> 00:40:16,079
the higher beings were talking to her

763
00:40:20,150 --> 00:40:17,760

like the higher being said hello to the

764

00:40:23,349 --> 00:40:20,160

guy through her which was an odd moment

765

00:40:25,990 --> 00:40:23,359

well i have to watch it and um

766

00:40:29,109 --> 00:40:26,000

the other really only noteworthy true

767

00:40:31,270 --> 00:40:29,119

like truth nugget was that um

768

00:40:32,950 --> 00:40:31,280

she said that uh

769

00:40:35,270 --> 00:40:32,960

elon musk

770

00:40:37,670 --> 00:40:35,280

knows a lot more than he claims but

771

00:40:39,270 --> 00:40:37,680

that's not really news

772

00:40:41,670 --> 00:40:39,280

interesting

773

00:40:43,990 --> 00:40:41,680

did you just tweet dude they blew up one

774

00:40:47,030 --> 00:40:44,000

of his rockets on the launch pad in

775

00:40:48,710 --> 00:40:47,040

2016. go watch that video they blew it

776
00:40:58,400 --> 00:40:48,720
out

777
00:41:02,309 --> 00:41:00,630
[Music]

778
00:41:04,550 --> 00:41:02,319
to get to the point where he's at right

779
00:41:06,230 --> 00:41:04,560
now to where he's in direct competition

780
00:41:08,470 --> 00:41:06,240
for government contracts with uh

781
00:41:10,390 --> 00:41:08,480
lockheed and northrop who have actually

782
00:41:12,790 --> 00:41:10,400
gained up on

783
00:41:17,589 --> 00:41:12,800
spacex to win that contract back

784
00:41:21,910 --> 00:41:19,109
without knowing i think they're sending

785
00:41:22,950 --> 00:41:21,920
civilians up tonight right

786
00:41:25,430 --> 00:41:22,960
um

787
00:41:27,910 --> 00:41:25,440
yeah and spacex i believe right that's

788
00:41:30,230 --> 00:41:27,920

interesting i wonder if how how

789

00:41:32,470 --> 00:41:30,240

strict those ndas are because those

790

00:41:34,710 --> 00:41:32,480

folks don't have contracts but they

791

00:41:36,230 --> 00:41:34,720

probably have contracts with spacex so i

792

00:41:37,109 --> 00:41:36,240

wonder if they see anything if they can

793

00:41:39,510 --> 00:41:37,119

talk

794

00:41:41,829 --> 00:41:39,520

oh probably not

795

00:41:44,630 --> 00:41:41,839

it doesn't seem like anybody can i was

796

00:41:46,870 --> 00:41:44,640

asking uh pilots though you know on my

797

00:41:49,109 --> 00:41:46,880

trip to uh san marino

798

00:41:51,349 --> 00:41:49,119

i would ask pilots yeah

799

00:41:52,950 --> 00:41:51,359

let me ask you did you go to a cockpit

800

00:41:54,550 --> 00:41:52,960

like a little kid hey can i see the

801
00:41:56,550 --> 00:41:54,560
cockpit and like

802
00:42:00,069 --> 00:41:56,560
flight attendant

803
00:42:02,870 --> 00:42:01,270
no they

804
00:42:06,870 --> 00:42:02,880
look like they were going to restrain me

805
00:42:11,349 --> 00:42:09,750
no but it's it's interesting

806
00:42:13,430 --> 00:42:11,359
but i won't do it

807
00:42:17,190 --> 00:42:13,440
the different reactions one guy just

808
00:42:19,109 --> 00:42:17,200
absolutely said no no uh one guy his

809
00:42:21,349 --> 00:42:19,119
face lit up and said i haven't but i

810
00:42:22,309 --> 00:42:21,359
know a lot that happened some weird

811
00:42:23,829 --> 00:42:22,319
stuff

812
00:42:26,069 --> 00:42:23,839
and then uh

813
00:42:28,069 --> 00:42:26,079

the last guy has said

814

00:42:28,829 --> 00:42:28,079

well i asked are we gonna see a ufo on

815

00:42:32,870 --> 00:42:28,839

the way

816

00:42:34,470 --> 00:42:32,880

home and and he got really confused

817

00:42:37,270 --> 00:42:34,480

and said

818

00:42:42,470 --> 00:42:37,280

well i hope so

819

00:42:45,190 --> 00:42:44,390

but yeah so

820

00:42:47,910 --> 00:42:45,200

yeah

821

00:42:49,750 --> 00:42:47,920

get back to it and jelly um i asked her

822

00:42:52,069 --> 00:42:49,760

to come on the show and do an interview

823

00:42:53,829 --> 00:42:52,079

we'll see what she says dude

824

00:42:56,790 --> 00:42:53,839

you know if that guy

825

00:43:00,390 --> 00:42:56,800

could get it you could get her i do

826

00:43:02,790 --> 00:43:00,400

you know well i messaged her so if if

827

00:43:03,990 --> 00:43:02,800

you guys uh that are watching her on

828

00:43:06,710 --> 00:43:04,000

twitter

829

00:43:08,470 --> 00:43:06,720

you know tweet her hey

830

00:43:11,430 --> 00:43:08,480

do it is that how you get a hold of her

831

00:43:13,430 --> 00:43:11,440

i mean she bailed on um alien girl

832

00:43:15,270 --> 00:43:13,440

she bailed on her oh really i had a

833

00:43:17,109 --> 00:43:15,280

scheduled appointment i mean a scheduled

834

00:43:19,910 --> 00:43:17,119

interview with her and then she bailed

835

00:43:22,150 --> 00:43:19,920

and that's how we got alex dietrich

836

00:43:24,150 --> 00:43:22,160

okay gotcha it's cool because dietrich

837

00:43:27,670 --> 00:43:24,160

never really does much she

838

00:43:30,630 --> 00:43:27,680

almost no and i like the way alien girl

839

00:43:33,030 --> 00:43:30,640

handled her because um

840

00:43:34,710 --> 00:43:33,040

you know i think if somebody was more

841

00:43:36,790 --> 00:43:34,720

she could have been grilled i mean for

842

00:43:39,109 --> 00:43:36,800

those that don't know alex dietrich

843

00:43:40,630 --> 00:43:39,119

chased the tic tac with fravor right

844

00:43:42,230 --> 00:43:40,640

right she was

845

00:43:46,150 --> 00:43:42,240

basically right there

846

00:43:49,270 --> 00:43:46,160

and uh she has no real social media

847

00:43:51,670 --> 00:43:49,280

you know footprint so um alien girl kind

848

00:43:53,589 --> 00:43:51,680

of treated her like just like one of the

849

00:43:55,190 --> 00:43:53,599

girls kind of thing it was a really nice

850

00:43:57,030 --> 00:43:55,200

pleasant thing and i think she's sort of

851
00:43:59,109 --> 00:43:57,040
one turned to maybe doing more

852
00:44:01,589 --> 00:43:59,119
interviews i hope yeah that would be

853
00:44:03,589 --> 00:44:01,599
cool um whether she likes it or not

854
00:44:05,670 --> 00:44:03,599
she's part of the mythology now man

855
00:44:07,270 --> 00:44:05,680
she's in there yeah

856
00:44:08,950 --> 00:44:07,280
you know and i don't blame her either

857
00:44:12,870 --> 00:44:08,960
because you look at some of this stuff

858
00:44:14,150 --> 00:44:12,880
and how some people treat other people

859
00:44:15,589 --> 00:44:14,160
you know

860
00:44:19,430 --> 00:44:15,599
i can see how she'd be a little

861
00:44:20,950 --> 00:44:19,440
apprehensive getting involved you know

862
00:44:22,950 --> 00:44:20,960
some of these folks can't do anything

863
00:44:25,670 --> 00:44:22,960

like even like tonight they're talking

864

00:44:28,870 --> 00:44:25,680

about like dolan vs greenwald like it's

865

00:44:30,470 --> 00:44:28,880

a pay-per-view freaking wwe match

866

00:44:32,069 --> 00:44:30,480

because two ufologists have a

867

00:44:33,109 --> 00:44:32,079

disagreement

868

00:44:34,710 --> 00:44:33,119

um

869

00:44:37,589 --> 00:44:34,720

yeah everybody wants to pin everybody

870

00:44:39,910 --> 00:44:37,599

and make drama out of it who is

871

00:44:41,430 --> 00:44:39,920

steven do you know steven publicly

872

00:44:42,630 --> 00:44:41,440

stated that's the guy that did the

873

00:44:44,950 --> 00:44:42,640

interview

874

00:44:48,150 --> 00:44:44,960

on twitter that

875

00:44:49,430 --> 00:44:48,160

he found wayne's yeah yeah that kid that

876

00:44:51,109 --> 00:44:49,440

got that kid

877

00:44:53,030 --> 00:44:51,119

i'm sorry when i say kid that's a that's

878

00:44:54,710 --> 00:44:53,040

a figure of speech from new york

879

00:44:56,950 --> 00:44:54,720

you're 50 years old you could be a kid

880

00:44:59,190 --> 00:44:56,960

no problem but that guy claimed that he

881

00:45:01,349 --> 00:44:59,200

did some background check on her and all

882

00:45:03,910 --> 00:45:01,359

of her credentials checked out as far as

883

00:45:05,829 --> 00:45:03,920

who she was he also claimed that he did

884

00:45:07,349 --> 00:45:05,839

some real research and found this

885

00:45:09,430 --> 00:45:07,359

mountain like

886

00:45:11,829 --> 00:45:09,440

he found the property owner in the

887

00:45:14,950 --> 00:45:11,839

mountain and um

888

00:45:15,829 --> 00:45:14,960

that was pretty cool i mean yeah

889

00:45:19,750 --> 00:45:15,839

yeah

890

00:45:21,430 --> 00:45:19,760

been eating all my food and not paying

891

00:45:23,030 --> 00:45:21,440

rent

892

00:45:24,230 --> 00:45:23,040

yeah i don't know if you talk that's

893

00:45:26,390 --> 00:45:24,240

quite

894

00:45:29,030 --> 00:45:26,400

curious about you know did he go up

895

00:45:30,870 --> 00:45:29,040

there to get some back ranch like geez

896

00:45:33,910 --> 00:45:30,880

is it true that they really like banana

897

00:45:37,430 --> 00:45:35,510

you remember that story i think they

898

00:45:38,790 --> 00:45:37,440

like cattle tongue though they seem to

899

00:45:41,430 --> 00:45:38,800

have a you know

900

00:45:43,670 --> 00:45:41,440

you remember that story the banana

901
00:45:47,349 --> 00:45:43,680
yeah there was a story that this uh old

902
00:45:48,470 --> 00:45:47,359
gentleman told that a ufo stopped by his

903
00:45:51,349 --> 00:45:48,480
ranch

904
00:45:53,910 --> 00:45:51,359
and the beings came out and

905
00:45:55,349 --> 00:45:53,920
made him pancakes with their own

906
00:45:57,589 --> 00:45:55,359
ingredients

907
00:45:59,349 --> 00:45:57,599
which um they later tested and it was

908
00:46:01,190 --> 00:45:59,359
just like normal

909
00:46:02,630 --> 00:46:01,200
oat and stuff

910
00:46:04,790 --> 00:46:02,640
but yeah it was a

911
00:46:07,109 --> 00:46:04,800
interesting story like

912
00:46:09,510 --> 00:46:07,119
um there's actually you know it's kind

913
00:46:10,710 --> 00:46:09,520

of parts that are believable but

914

00:46:12,470 --> 00:46:10,720

parts are

915

00:46:14,230 --> 00:46:12,480

you know like everything else

916

00:46:17,510 --> 00:46:14,240

i don't know you know with the angelic

917

00:46:19,990 --> 00:46:17,520

thing i'm now suspending my belief um

918

00:46:20,790 --> 00:46:20,000

until she does it just basically that's

919

00:46:23,030 --> 00:46:20,800

it

920

00:46:24,390 --> 00:46:23,040

oh yeah she's credible thus far she

921

00:46:26,309 --> 00:46:24,400

doesn't seem like she's in it for the

922

00:46:28,390 --> 00:46:26,319

money she doesn't seem like she's in it

923

00:46:31,109 --> 00:46:28,400

for the fame

924

00:46:32,309 --> 00:46:31,119

but she's made an amazing claim so

925

00:46:34,550 --> 00:46:32,319

that's it

926
00:46:35,829 --> 00:46:34,560
i mean doesn't that always kind of make

927
00:46:36,630 --> 00:46:35,839
you wonder

928
00:46:42,630 --> 00:46:36,640
like

929
00:46:45,109 --> 00:46:42,640
should say in ufology are

930
00:46:46,390 --> 00:46:45,119
if if you're in it for fame or money

931
00:46:48,790 --> 00:46:46,400
it's like you're kind of picking the

932
00:46:50,950 --> 00:46:48,800
wrong topic

933
00:46:52,470 --> 00:46:50,960
you know it's it's a small community

934
00:46:53,430 --> 00:46:52,480
it's

935
00:46:55,349 --> 00:46:53,440
you know

936
00:46:58,150 --> 00:46:55,359
your reach is only gonna be so far as

937
00:46:59,510 --> 00:46:58,160
far as like popularity or money

938
00:47:02,309 --> 00:46:59,520

um

939

00:47:04,470 --> 00:47:02,319

culture for sure yeah and then you know

940

00:47:06,630 --> 00:47:04,480

there's other things that do i guess

941

00:47:09,109 --> 00:47:06,640

there's layers of a subculture like you

942

00:47:11,270 --> 00:47:09,119

know there's star seeds over here and

943

00:47:13,270 --> 00:47:11,280

these over there and

944

00:47:15,510 --> 00:47:13,280

who knows what's going on with it you

945

00:47:18,150 --> 00:47:15,520

know but i mean there's people like um i

946

00:47:20,870 --> 00:47:18,160

mean wilcox tries to sell

947

00:47:23,190 --> 00:47:20,880

you know contact information and green

948

00:47:24,710 --> 00:47:23,200

dr greer is doing his thing yeah you

949

00:47:27,270 --> 00:47:24,720

know so people are trying to make a

950

00:47:29,190 --> 00:47:27,280

hustle out of it spaghetti let me ask

951
00:47:31,589 --> 00:47:29,200
you how long have you been looking into

952
00:47:33,670 --> 00:47:31,599
this stuff or paying attention

953
00:47:35,910 --> 00:47:33,680
well i've been paying attention my whole

954
00:47:38,870 --> 00:47:35,920
life i mean i was seven or eight years

955
00:47:40,870 --> 00:47:38,880
old when um close encounters of the

956
00:47:42,390 --> 00:47:40,880
third kind came out the same summer as

957
00:47:44,150 --> 00:47:42,400
star wars and i was that one

958
00:47:46,630 --> 00:47:44,160
eight-year-old kid that was more into

959
00:47:48,390 --> 00:47:46,640
like close encounters than star wars

960
00:47:51,750 --> 00:47:48,400
the first book you could trace i guess

961
00:47:54,309 --> 00:47:51,760
in uh the first book i you could date me

962
00:47:56,470 --> 00:47:54,319
i read books before but willie street

963
00:47:58,549 --> 00:47:56,480

was communion you could basically write

964

00:47:59,589 --> 00:47:58,559

around 87

965

00:48:01,670 --> 00:47:59,599

88

966

00:48:04,150 --> 00:48:01,680

is when i started reading

967

00:48:06,630 --> 00:48:04,160

and then i read ferociously for about 19

968

00:48:07,589 --> 00:48:06,640

years until kids came into the picture

969

00:48:08,950 --> 00:48:07,599

yeah

970

00:48:11,109 --> 00:48:08,960

you know because kids have a way of kind

971

00:48:15,510 --> 00:48:11,119

of ruining the reading room

972

00:48:17,670 --> 00:48:15,520

yeah my dogs do that but uh

973

00:48:20,390 --> 00:48:17,680

but yeah since about then but i followed

974

00:48:22,150 --> 00:48:20,400

it all the way i mean um you know we

975

00:48:23,910 --> 00:48:22,160

always had art bell and coast to coast

976

00:48:24,950 --> 00:48:23,920

at night to kind of keep it through the

977

00:48:27,589 --> 00:48:24,960

walls

978

00:48:30,069 --> 00:48:27,599

what was what set you off what did you

979

00:48:32,790 --> 00:48:30,079

have of your own experience or

980

00:48:35,589 --> 00:48:32,800

some fascination

981

00:48:38,309 --> 00:48:35,599

first of all this is this might sound

982

00:48:41,270 --> 00:48:38,319

like a contradiction but i am not into

983

00:48:43,430 --> 00:48:41,280

fiction at all me neither i am not a

984

00:48:44,710 --> 00:48:43,440

fiction person i don't a lot of people

985

00:48:51,349 --> 00:48:44,720

are like that here

986

00:48:55,829 --> 00:48:53,109

something that's made up

987

00:48:57,750 --> 00:48:55,839

and i always thought that ufos were real

988

00:48:59,430 --> 00:48:57,760

it had the um

989

00:49:01,750 --> 00:48:59,440

consistency within the stories of the

990

00:49:03,829 --> 00:49:01,760

witnesses true it has a government

991

00:49:05,670 --> 00:49:03,839

cover-up which you know that's cool

992

00:49:07,349 --> 00:49:05,680

because i do love me a good conspiracy

993

00:49:09,190 --> 00:49:07,359

although i don't think deep down them

994

00:49:10,790 --> 00:49:09,200

but it was clear the government was

995

00:49:13,030 --> 00:49:10,800

covering things up

996

00:49:15,270 --> 00:49:13,040

my father also was a lock was an

997

00:49:16,870 --> 00:49:15,280

aerospace engineer he worked for all the

998

00:49:19,430 --> 00:49:16,880

big guy he worked for northrup for

999

00:49:21,670 --> 00:49:19,440

grumman for fairchild for boeing

1000

00:49:24,230 --> 00:49:21,680

he worked on the b2 in palmdale

1001

00:49:25,990 --> 00:49:24,240

california when they rolled it out

1002

00:49:29,030 --> 00:49:26,000

and um

1003

00:49:31,430 --> 00:49:29,040

yeah he was he was under nda for a while

1004

00:49:33,750 --> 00:49:31,440

yeah yeah yeah isn't it kind of like you

1005

00:49:36,309 --> 00:49:33,760

always are pretty much

1006

00:49:37,829 --> 00:49:36,319

yeah look i had ndas in my professional

1007

00:49:39,910 --> 00:49:37,839

career and there was nowhere in the

1008

00:49:41,990 --> 00:49:39,920

military yeah

1009

00:49:44,549 --> 00:49:42,000

i had contracts i couldn't go work for a

1010

00:49:45,589 --> 00:49:44,559

competitor for five years i'd be sued

1011

00:49:47,430 --> 00:49:45,599

yeah

1012

00:49:48,390 --> 00:49:47,440

um so you know they're all over the

1013

00:49:51,270 --> 00:49:48,400

place

1014

00:49:54,549 --> 00:49:51,280

but no i've had 30 years of you know i

1015

00:49:57,190 --> 00:49:54,559

just got into it and i read you know

1016

00:49:59,829 --> 00:49:57,200

obviously back in the day stan freeman

1017

00:50:03,430 --> 00:49:59,839

and then the big three of the abduction

1018

00:50:04,750 --> 00:50:03,440

john mack bud hopkins dr david jacobs

1019

00:50:07,109 --> 00:50:04,760

um linda howe

1020

00:50:10,829 --> 00:50:07,119

[Music]

1021

00:50:13,510 --> 00:50:10,839

let me let me ask you who was um

1022

00:50:16,790 --> 00:50:13,520

maybe your biggest influence let's say

1023

00:50:19,829 --> 00:50:16,800

you were to pick uh a personality right

1024

00:50:23,270 --> 00:50:19,839

that is more uh known in the community

1025

00:50:27,349 --> 00:50:25,589

no just in the history of ufology who'd

1026

00:50:29,910 --> 00:50:27,359

you go with really good ones i mean stan

1027

00:50:31,670 --> 00:50:29,920

freeman arpel called stan freeman the

1028

00:50:32,950 --> 00:50:31,680

dean of ufology like that'd be your

1029

00:50:35,670 --> 00:50:32,960

avatar

1030

00:50:37,190 --> 00:50:35,680

stanton friedman no

1031

00:50:38,230 --> 00:50:37,200

okay

1032

00:50:39,280 --> 00:50:38,240

no that's

1033

00:50:43,510 --> 00:50:39,290

that's ego

1034

00:50:47,430 --> 00:50:44,950

um

1035

00:50:49,430 --> 00:50:47,440

you know look i followed i followed i

1036

00:50:51,030 --> 00:50:49,440

tried to follow legitimate researchers

1037

00:50:52,390 --> 00:50:51,040

okay because there are a lot of quacks

1038

00:50:54,549 --> 00:50:52,400

in this i mean i don't know i thought

1039

00:50:57,109 --> 00:50:54,559

george damskey was quack

1040

00:51:00,390 --> 00:50:57,119

um not at first

1041

00:51:02,549 --> 00:51:00,400

but the thing in the 1950s in the con it

1042

00:51:05,990 --> 00:51:02,559

was the contact d it wasn't like uh

1043

00:51:08,150 --> 00:51:06,000

abduction right ufos were landing and

1044

00:51:09,750 --> 00:51:08,160

talking to people and like trying to

1045

00:51:11,829 --> 00:51:09,760

give them advice on how to take care of

1046

00:51:13,109 --> 00:51:11,839

the planet yeah and that was a weird

1047

00:51:14,549 --> 00:51:13,119

movement because that happened to a

1048

00:51:16,710 --> 00:51:14,559

bunch of people

1049

00:51:17,670 --> 00:51:16,720

yeah i i just thought that was a little

1050

00:51:19,829 --> 00:51:17,680

weird

1051
00:51:22,549 --> 00:51:19,839
strieber see here's the thing i i would

1052
00:51:25,270 --> 00:51:22,559
say i started my research in reading

1053
00:51:27,910 --> 00:51:25,280
with streeter because before then there

1054
00:51:29,110 --> 00:51:27,920
was always the belief in flying things

1055
00:51:30,470 --> 00:51:29,120
in the sky right

1056
00:51:32,150 --> 00:51:30,480
[Music]

1057
00:51:34,150 --> 00:51:32,160
the government was lying that was the

1058
00:51:35,349 --> 00:51:34,160
thing strieber was the first one to say

1059
00:51:37,670 --> 00:51:35,359
hey

1060
00:51:38,630 --> 00:51:37,680
these things came into my house and took

1061
00:51:40,630 --> 00:51:38,640
me

1062
00:51:43,510 --> 00:51:40,640
so it was a little first one

1063
00:51:46,549 --> 00:51:43,520

well the first one i literally read

1064

00:51:48,630 --> 00:51:46,559

and went holy crap because look

1065

00:51:50,069 --> 00:51:48,640

everybody that gets into this have i

1066

00:51:52,549 --> 00:51:50,079

think we talked about like the the

1067

00:51:54,549 --> 00:51:52,559

believability wall like everybody has a

1068

00:51:57,750 --> 00:51:54,559

believability everybody has a different

1069

00:51:59,750 --> 00:51:57,760

ability ball and street that book scared

1070

00:52:02,549 --> 00:51:59,760

me because that was the first time i

1071

00:52:05,829 --> 00:52:02,559

read and then i went and read uh hopkins

1072

00:52:08,230 --> 00:52:05,839

and mac and um yeah

1073

00:52:10,630 --> 00:52:08,240

the other guy jacobs yeah it kind of

1074

00:52:11,670 --> 00:52:10,640

takes maybe especially younger when

1075

00:52:14,630 --> 00:52:11,680

you're

1076

00:52:17,270 --> 00:52:14,640

you know kind of uh enthralled by it all

1077

00:52:19,589 --> 00:52:17,280

as a big giant fun mystery and then you

1078

00:52:21,030 --> 00:52:19,599

run into something like that my

1079

00:52:22,390 --> 00:52:21,040

i had something similar with fire in

1080

00:52:25,829 --> 00:52:22,400

this guy

1081

00:52:30,150 --> 00:52:28,390

it's also been it's it's a long-term

1082

00:52:32,230 --> 00:52:30,160

thing that i don't think like a lot of

1083

00:52:34,150 --> 00:52:32,240

people who are like new to it realize

1084

00:52:35,670 --> 00:52:34,160

that this is this goes on for decades

1085

00:52:36,950 --> 00:52:35,680

and decades like i always said it was

1086

00:52:38,470 --> 00:52:36,960

art bell

1087

00:52:40,230 --> 00:52:38,480

like through all those years that would

1088

00:52:41,750 --> 00:52:40,240

like kind of held it together because at

1089

00:52:45,030 --> 00:52:41,760

night you could tune in and get this

1090

00:52:47,589 --> 00:52:45,040

stuff like and there were huge lulls and

1091

00:52:49,190 --> 00:52:47,599

gaps in the information

1092

00:52:52,390 --> 00:52:49,200

i'll give you an example the the

1093

00:52:55,349 --> 00:52:52,400

majestic 12 documents were leaked

1094

00:52:57,270 --> 00:52:55,359

in 1984 they were dumped into a mailbox

1095

00:52:58,829 --> 00:52:57,280

of a tv producer

1096

00:53:01,829 --> 00:52:58,839

and

1097

00:53:04,470 --> 00:53:01,839

um stan it got to stan friedman right it

1098

00:53:06,390 --> 00:53:04,480

took 12 years for stan freeman to write

1099

00:53:08,870 --> 00:53:06,400

a book about his analysis on those

1100

00:53:11,109 --> 00:53:08,880

documents right this thing doesn't move

1101

00:53:13,190 --> 00:53:11,119

at the speed of twitter it just doesn't

1102

00:53:14,790 --> 00:53:13,200

a lot of those are the ones i'm showing

1103

00:53:19,109 --> 00:53:14,800

these days

1104

00:53:24,790 --> 00:53:21,750

like i haven't like um studied it for

1105

00:53:27,109 --> 00:53:24,800

three decades it i think it gives me

1106

00:53:29,430 --> 00:53:27,119

um what frank zappa one of my heroes he

1107

00:53:31,670 --> 00:53:29,440

called like conceptual continuity like

1108

00:53:33,750 --> 00:53:31,680

you understand it going all the way back

1109

00:53:34,710 --> 00:53:33,760

and okay how does this all come into

1110

00:53:37,190 --> 00:53:34,720

play

1111

00:53:40,470 --> 00:53:37,200

when i when the new york times

1112

00:53:42,069 --> 00:53:40,480

put the front page in 2017

1113

00:53:45,670 --> 00:53:42,079

i literally thought there was going to

1114

00:53:47,990 --> 00:53:45,680

be a a tidal wave of everything like

1115

00:53:49,910 --> 00:53:48,000

everyone's coming now everyone's coming

1116

00:53:52,549 --> 00:53:49,920

it wasn't a tidal wave it was more like

1117

00:53:54,950 --> 00:53:52,559

a rising tide like it's still kind of

1118

00:53:57,589 --> 00:53:54,960

rising but i've had those moments when i

1119

00:53:59,349 --> 00:53:57,599

read the day after roswell in the 90s

1120

00:54:01,030 --> 00:53:59,359

colonel corso's book

1121

00:54:02,950 --> 00:54:01,040

i thought i even said these were the

1122

00:54:04,549 --> 00:54:02,960

words i said to my friends and my people

1123

00:54:06,790 --> 00:54:04,559

around me i said you know there's been

1124

00:54:09,270 --> 00:54:06,800

whistleblowers before but this guy's

1125

00:54:11,190 --> 00:54:09,280

book blows the door off the hinges

1126

00:54:13,190 --> 00:54:11,200

there's no way they could ignore this

1127

00:54:14,870 --> 00:54:13,200

anymore of course there was the right

1128

00:54:17,109 --> 00:54:14,880

guy in the right place at the right time

1129

00:54:18,630 --> 00:54:17,119

with the right credentials and he blew

1130

00:54:20,710 --> 00:54:18,640

the lid off

1131

00:54:23,030 --> 00:54:20,720

and nothing happened

1132

00:54:25,190 --> 00:54:23,040

nothing happened with corso it still

1133

00:54:25,910 --> 00:54:25,200

lingers on it's still a very important

1134

00:54:28,230 --> 00:54:25,920

one

1135

00:54:29,270 --> 00:54:28,240

do you believe him of course yes

1136

00:54:30,309 --> 00:54:29,280

yeah

1137

00:54:35,190 --> 00:54:30,319

i do

1138

00:54:38,069 --> 00:54:35,200

that are valid up against him i heard

1139

00:54:40,230 --> 00:54:38,079

well maybe um that some woman has the

1140

00:54:42,390 --> 00:54:40,240

patent for fiber optic

1141

00:54:43,829 --> 00:54:42,400

that's not true it's a chinese-american

1142

00:54:45,910 --> 00:54:43,839

man that has a

1143

00:54:48,390 --> 00:54:45,920

the the patent for fiber optic and he

1144

00:54:50,710 --> 00:54:48,400

worked for bell laboratories the very

1145

00:54:53,589 --> 00:54:50,720

laboratory that corso leaked the fiber

1146

00:54:57,109 --> 00:54:53,599

optics into so i haven't heard any any

1147

00:54:59,750 --> 00:54:57,119

uh interesting anything to to discredit

1148

00:55:02,470 --> 00:54:59,760

him yet but i keep my mind open dude i

1149

00:55:04,470 --> 00:55:02,480

mean things can't change it's like

1150

00:55:06,069 --> 00:55:04,480

you don't really know until one's in

1151
00:55:07,990 --> 00:55:06,079
front of you and you can shake its hand

1152
00:55:09,829 --> 00:55:08,000
right

1153
00:55:12,150 --> 00:55:09,839
and if things do

1154
00:55:14,470 --> 00:55:12,160
things do change i mean look at these

1155
00:55:16,549 --> 00:55:14,480
wilson documents going back and forth i

1156
00:55:18,870 --> 00:55:16,559
thought they were legit dolan thinks

1157
00:55:20,549 --> 00:55:18,880
they're the biggest leak in the history

1158
00:55:21,910 --> 00:55:20,559
of ufology i thought that was a little

1159
00:55:23,750 --> 00:55:21,920
grandiose

1160
00:55:25,910 --> 00:55:23,760
but now um

1161
00:55:28,950 --> 00:55:25,920
you know greenwald pulled out did you

1162
00:55:30,870 --> 00:55:28,960
see what greenwald pulled out like

1163
00:55:32,710 --> 00:55:30,880

there's you know the legal disclaimers

1164

00:55:34,589 --> 00:55:32,720

where it says that this is a violation

1165

00:55:37,670 --> 00:55:34,599

of law section

1166

00:55:40,150 --> 00:55:37,680

301.991 see it's got those little codes

1167

00:55:41,990 --> 00:55:40,160

on them for the legal code

1168

00:55:44,390 --> 00:55:42,000

yeah so greenwall went and looked up

1169

00:55:46,069 --> 00:55:44,400

that code and it has nothing to do with

1170

00:55:51,670 --> 00:55:46,079

secrecy it has something to do with like

1171

00:55:56,230 --> 00:55:53,670

but it has nothing to do so now it makes

1172

00:55:59,270 --> 00:55:56,240

you rethink the whole document

1173

00:56:00,710 --> 00:55:59,280

yeah that's uh phony this is what i

1174

00:56:02,549 --> 00:56:00,720

would call that

1175

00:56:05,190 --> 00:56:02,559

first documents the way that the way

1176

00:56:08,390 --> 00:56:05,200

that they're worded first of all they're

1177

00:56:10,150 --> 00:56:08,400

basically minutes to a meeting sure yeah

1178

00:56:11,829 --> 00:56:10,160

i've read a bunch of those yeah and not

1179

00:56:14,549 --> 00:56:11,839

some leaked government documents and

1180

00:56:16,789 --> 00:56:14,559

they weren't written during the meeting

1181

00:56:18,549 --> 00:56:16,799

they were written after the meeting so

1182

00:56:20,870 --> 00:56:18,559

it's written like a narrative like

1183

00:56:22,630 --> 00:56:20,880

almost like a script this guy said this

1184

00:56:24,309 --> 00:56:22,640

this guy says this this guy says this

1185

00:56:26,789 --> 00:56:24,319

this guy says this that's just the way

1186

00:56:28,950 --> 00:56:26,799

those those documents flow

1187

00:56:32,470 --> 00:56:28,960

and it's not like a normal you know like

1188

00:56:34,470 --> 00:56:32,480

the documents you pull out you know

1189

00:56:36,230 --> 00:56:34,480

so it so it's a little weird i don't i

1190

00:56:38,710 --> 00:56:36,240

don't know what to think on it

1191

00:56:40,549 --> 00:56:38,720

the the couple things that

1192

00:56:42,230 --> 00:56:40,559

there are a couple things that struck me

1193

00:56:43,430 --> 00:56:42,240

about the wilson notes and everything

1194

00:56:46,470 --> 00:56:43,440

and um

1195

00:56:48,710 --> 00:56:46,480

i would say the the first of which is

1196

00:56:50,309 --> 00:56:48,720

there are names

1197

00:56:51,349 --> 00:56:50,319

listed in there

1198

00:56:53,510 --> 00:56:51,359

that

1199

00:56:56,309 --> 00:56:53,520

did work at the gov just in minor ways

1200

00:56:58,230 --> 00:56:56,319

like um one part was um

1201
00:57:01,349 --> 00:56:58,240
you know something about talk to this

1202
00:57:03,510 --> 00:57:01,359
lady judy daley or something and she'll

1203
00:57:04,950 --> 00:57:03,520
be able to fill you in or something so

1204
00:57:07,270 --> 00:57:04,960
looking her up

1205
00:57:09,589 --> 00:57:07,280
not easy to find

1206
00:57:11,910 --> 00:57:09,599
but sure [h__h] she worked there in in

1207
00:57:14,069 --> 00:57:11,920
that position so it's not like she was

1208
00:57:16,390 --> 00:57:14,079
just some known person that you can just

1209
00:57:18,390 --> 00:57:16,400
you know owl throw with her in there you

1210
00:57:21,670 --> 00:57:18,400
know you had to

1211
00:57:23,910 --> 00:57:21,680
at least dig to find that person to use

1212
00:57:26,230 --> 00:57:23,920
for your fake document you know

1213
00:57:27,349 --> 00:57:26,240

and then the other one is the watch

1214

00:57:31,270 --> 00:57:27,359

committee

1215

00:57:33,910 --> 00:57:31,280

people if

1216

00:57:36,069 --> 00:57:33,920

you even knew that they really existed

1217

00:57:38,150 --> 00:57:36,079

and were a thing which they are

1218

00:57:40,630 --> 00:57:38,160

and um they did

1219

00:57:42,950 --> 00:57:40,640

do things with ufos now i'm not saying

1220

00:57:45,270 --> 00:57:42,960

that they i have anything to do with

1221

00:57:47,270 --> 00:57:45,280

being zodiac or anything but the fact

1222

00:57:48,549 --> 00:57:47,280

that they really are

1223

00:57:50,549 --> 00:57:48,559

something

1224

00:57:52,870 --> 00:57:50,559

that no one else really talked about

1225

00:57:55,270 --> 00:57:52,880

that frustrates me honestly about the

1226

00:57:57,750 --> 00:57:55,280

wilson document it's

1227

00:58:00,230 --> 00:57:57,760

so solvable because wilson's still

1228

00:58:01,510 --> 00:58:00,240

around yeah he just come out and

1229

00:58:03,910 --> 00:58:01,520

squashed this

1230

00:58:06,069 --> 00:58:03,920

you got a whole community of people now

1231

00:58:08,390 --> 00:58:06,079

just bickering about this

1232

00:58:10,870 --> 00:58:08,400

real research is wasting valuable time

1233

00:58:12,549 --> 00:58:10,880

on it that's my point come out and say

1234

00:58:13,589 --> 00:58:12,559

it dude that's my point revealing

1235

00:58:15,750 --> 00:58:13,599

anything

1236

00:58:17,990 --> 00:58:15,760

just did were you in this meeting did

1237

00:58:20,789 --> 00:58:18,000

these things happen or not

1238

00:58:22,789 --> 00:58:20,799

it's as simple as that so a lot of it's

1239

00:58:24,950 --> 00:58:22,799

like a smoke screen let's send them down

1240

00:58:27,190 --> 00:58:24,960

this rabbit hole down that road

1241

00:58:28,069 --> 00:58:27,200

yeah like what kind of roswell seems to

1242

00:58:33,190 --> 00:58:28,079

me

1243

00:58:35,349 --> 00:58:33,200

controlled event

1244

00:58:36,470 --> 00:58:35,359

you know that you can send everybody

1245

00:58:38,870 --> 00:58:36,480

towards

1246

00:58:40,150 --> 00:58:38,880

you know what happened but i i think

1247

00:58:42,789 --> 00:58:40,160

there's that doesn't mean it didn't

1248

00:58:45,030 --> 00:58:42,799

happen but it can still be used as these

1249

00:58:46,390 --> 00:58:45,040

you know one sample controlled event

1250

00:58:48,870 --> 00:58:46,400

where you can really control that

1251
00:58:51,510 --> 00:58:48,880
narrative and keep people going there

1252
00:58:54,789 --> 00:58:51,520
versus and that definitely happened

1253
00:58:57,270 --> 00:58:54,799
yeah that definitely happens they um

1254
00:58:59,430 --> 00:58:57,280
i i i was thinking about this somebody

1255
00:59:01,109 --> 00:58:59,440
brought up um

1256
00:59:03,270 --> 00:59:01,119
it might have been dolan or something

1257
00:59:05,750 --> 00:59:03,280
that one thing people aren't asking

1258
00:59:07,510 --> 00:59:05,760
about roswell is

1259
00:59:09,589 --> 00:59:07,520
how could a craft that's capable of

1260
00:59:11,829 --> 00:59:09,599
coming here like that just crash out of

1261
00:59:13,990 --> 00:59:11,839
nowhere right here's an interesting

1262
00:59:16,630 --> 00:59:14,000
theory or food for thought

1263
00:59:18,630 --> 00:59:16,640

what if they crashed it on purpose

1264

00:59:19,670 --> 00:59:18,640

what if they basically let the thing go

1265

00:59:21,829 --> 00:59:19,680

down

1266

00:59:23,190 --> 00:59:21,839

in an area where we knew we had national

1267

00:59:24,950 --> 00:59:23,200

laboratories where they knew we did

1268

00:59:27,109 --> 00:59:24,960

nuclear testing where we knew we had a

1269

00:59:29,109 --> 00:59:27,119

nuclear bomber group over there they

1270

00:59:32,470 --> 00:59:29,119

said these must be the smart guys in

1271

00:59:34,150 --> 00:59:32,480

this this you know litter box of a place

1272

00:59:36,789 --> 00:59:34,160

but it'd be like a kamikaze because

1273

00:59:39,270 --> 00:59:36,799

there are aliens in there

1274

00:59:41,109 --> 00:59:39,280

yeah well you know the grays i don't

1275

00:59:43,190 --> 00:59:41,119

know maybe the grays are disposable

1276

00:59:45,430 --> 00:59:43,200

there's people within the artificial you

1277

00:59:47,190 --> 00:59:45,440

know yeah that's true so maybe they just

1278

00:59:49,670 --> 00:59:47,200

said here take this like we would throw

1279

00:59:51,829 --> 00:59:49,680

a throw a cell phone to a caveman check

1280

00:59:55,750 --> 00:59:51,839

this out you know what i mean

1281

00:59:58,870 --> 00:59:57,510

yeah

1282

01:00:01,670 --> 00:59:58,880

you know it's interesting because i

1283

01:00:04,549 --> 01:00:01,680

haven't even really dug into roswell yet

1284

01:00:06,150 --> 01:00:04,559

and i really don't want to for

1285

01:00:07,910 --> 01:00:06,160

you know it's just like i don't like

1286

01:00:09,990 --> 01:00:07,920

touching things that have been so used

1287

01:00:11,190 --> 01:00:10,000

already

1288

01:00:15,030 --> 01:00:11,200

it's like

1289

01:00:17,270 --> 01:00:15,040

i saw somebody a few weeks back

1290

01:00:20,870 --> 01:00:17,280

still debating with travis walton like

1291

01:00:22,390 --> 01:00:20,880

stop it's been four decades yeah no he's

1292

01:00:24,630 --> 01:00:22,400

pretty much plus there are so many

1293

01:00:26,069 --> 01:00:24,640

witnesses it's not even like worth

1294

01:00:28,520 --> 01:00:26,079

debating over

1295

01:00:33,510 --> 01:00:32,630

[Laughter]

1296

01:00:35,030 --> 01:00:33,520

uh

1297

01:00:36,069 --> 01:00:35,040

just because

1298

01:00:38,230 --> 01:00:36,079

i think

1299

01:00:40,390 --> 01:00:38,240

maybe it was intentional stirrup

1300

01:00:42,950 --> 01:00:40,400

probably

1301

01:00:46,390 --> 01:00:42,960

you got live forever for that long

1302

01:00:48,390 --> 01:00:46,400

yeah that's pretty good i'll tell you

1303

01:00:49,990 --> 01:00:48,400

but think about it it's only when

1304

01:00:52,230 --> 01:00:50,000

there's a camera on him so what

1305

01:00:56,309 --> 01:00:52,240

percentage is that of his whole time

1306

01:00:58,069 --> 01:00:56,319

spent on earth maybe much like a job

1307

01:01:00,069 --> 01:00:58,079

maybe keep it together for eight hours a

1308

01:01:02,150 --> 01:01:00,079

day do whatever you want when you clock

1309

01:01:05,030 --> 01:01:02,160

out you've made money on it maybe it's

1310

01:01:08,309 --> 01:01:05,040

just hustle who knows thanks dave

1311

01:01:10,870 --> 01:01:08,319

um yeah who knows it's like

1312

01:01:12,710 --> 01:01:10,880

it's kind of like i can't see the chats

1313

01:01:13,430 --> 01:01:12,720

i don't know you can't see the chat why

1314

01:01:16,950 --> 01:01:13,440

not

1315

01:01:21,510 --> 01:01:19,040

no you should oh he just left

1316

01:01:23,349 --> 01:01:21,520

[Laughter]

1317

01:01:26,710 --> 01:01:23,359

he went to go see the chat

1318

01:01:30,309 --> 01:01:28,630

um

1319

01:01:31,510 --> 01:01:30,319

let's forget over there you could just

1320

01:01:34,549 --> 01:01:31,520

um

1321

01:01:36,390 --> 01:01:34,559

click the link again otherwise we did

1322

01:01:38,870 --> 01:01:36,400

uh hit the hour

1323

01:01:43,109 --> 01:01:38,880

mark here oh here he is joey spaghetti

1324

01:01:48,789 --> 01:01:44,630

i'm afraid i touched the wrong thing

1325

01:01:53,349 --> 01:01:50,630

get out of here

1326

01:01:55,910 --> 01:01:53,359

until 2018 there's no way i'm like i

1327

01:01:58,630 --> 01:01:55,920

still use a pager predominantly yeah a

1328

01:01:59,349 --> 01:01:58,640

people i'm just kidding

1329

01:02:10,150 --> 01:01:59,359

a

1330

01:02:13,270 --> 01:02:10,160

like pretty

1331

01:02:14,950 --> 01:02:13,280

convincing fake pagers like the weight

1332

01:02:17,270 --> 01:02:14,960

was real and everything

1333

01:02:20,789 --> 01:02:17,280

and it was for their sample cases but

1334

01:02:23,270 --> 01:02:20,799

they'd give them to us and

1335

01:02:26,150 --> 01:02:23,280

but then we had pagers

1336

01:02:29,270 --> 01:02:26,160

yeah so um yeah if you want to do this

1337

01:02:31,589 --> 01:02:29,280

more you get a mic man um i have i know

1338

01:02:33,270 --> 01:02:31,599

i'm not i look much better on tv than i

1339

01:02:35,270 --> 01:02:33,280

do i have a free one i could probably

1340

01:02:37,510 --> 01:02:35,280

mail to you if you want it's up to you

1341

01:02:39,670 --> 01:02:37,520

what this works

1342

01:02:41,589 --> 01:02:39,680

yeah it's okay but you know what you

1343

01:02:44,150 --> 01:02:41,599

want to put studio in here

1344

01:02:46,150 --> 01:02:44,160

well it's you know you get a microphone

1345

01:02:48,470 --> 01:02:46,160

you know it just plugs in usb

1346

01:02:50,069 --> 01:02:48,480

i can get a mic i can get a mine

1347

01:02:53,029 --> 01:02:50,079

yeah it sounds like you're in the toilet

1348

01:02:56,950 --> 01:02:54,150

right

1349

01:03:01,190 --> 01:02:58,710

as long as i know there's no echo that

1350

01:03:03,270 --> 01:03:01,200

was i think you're you're natural

1351

01:03:05,270 --> 01:03:03,280

yeah yeah

1352

01:03:07,750 --> 01:03:05,280

i look like a roadie from mega death

1353

01:03:10,150 --> 01:03:07,760

cool yeah and your music too on music it

1354

01:03:12,390 --> 01:03:10,160

works out yeah

1355

01:03:14,230 --> 01:03:12,400

painting somebody painted it for me

1356

01:03:16,230 --> 01:03:14,240

yeah listen before you lose your whole

1357

01:03:18,390 --> 01:03:16,240

audience we should probably talk just a

1358

01:03:21,190 --> 01:03:18,400

little bit about this mcdonald's subject

1359

01:03:23,829 --> 01:03:21,200

of the day okay sure yeah you probably

1360

01:03:25,589 --> 01:03:23,839

got the history on the dude so

1361

01:03:26,630 --> 01:03:25,599

you know that guy

1362

01:03:27,910 --> 01:03:26,640

he

1363

01:03:30,230 --> 01:03:27,920

i don't know if i could say it should

1364

01:03:31,670 --> 01:03:30,240

say let me just say it right he was

1365

01:03:34,150 --> 01:03:31,680

probably killed by the government let's

1366

01:03:36,789 --> 01:03:34,160

be honest right this is a guy he was a

1367

01:03:38,870 --> 01:03:36,799

meteorologist brilliant brilliant man

1368

01:03:41,910 --> 01:03:38,880

right a meteorologist and a physicist he

1369

01:03:42,630 --> 01:03:41,920

held two degrees right so he's brought

1370

01:03:45,190 --> 01:03:42,640

in

1371

01:03:47,910 --> 01:03:45,200

by the government to look at blue books

1372

01:03:50,870 --> 01:03:47,920

work right he's literally working at

1373

01:03:53,109 --> 01:03:50,880

wright patterson air base gets high next

1374

01:03:54,870 --> 01:03:53,119

work looks at it and his job was

1375

01:03:56,990 --> 01:03:54,880

basically to give

1376

01:03:59,109 --> 01:03:57,000

a consultation in regards to the

1377

01:04:01,109 --> 01:03:59,119

atmospherics okay

1378

01:04:03,349 --> 01:04:01,119

you know dr mcdonald could this have

1379

01:04:05,750 --> 01:04:03,359

been clouds or ball lightning and he

1380

01:04:08,710 --> 01:04:05,760

took a look at it and he's like no this

1381

01:04:11,190 --> 01:04:08,720

is basically you know a craft

1382

01:04:12,950 --> 01:04:11,200

and he knew what it was and he went to

1383

01:04:15,190 --> 01:04:12,960

heinek and he said what are you doing

1384

01:04:17,829 --> 01:04:15,200

you're lying to the public there's a big

1385

01:04:19,910 --> 01:04:17,839

fallout those guys like went at it and

1386

01:04:21,750 --> 01:04:19,920

mcdonald was never really the same after

1387

01:04:23,589 --> 01:04:21,760

that he didn't trust the government at

1388

01:04:25,589 --> 01:04:23,599

all after that

1389

01:04:27,990 --> 01:04:25,599

he was trying they thought that

1390

01:04:30,710 --> 01:04:28,000

uh he they were kind of duping him they

1391

01:04:33,750 --> 01:04:30,720

wanted him to do pineac it was just he

1392

01:04:34,950 --> 01:04:33,760

caught on to the big lie and his death

1393

01:04:38,390 --> 01:04:34,960

you know

1394

01:04:41,109 --> 01:04:38,400

very suspicious very suspicious another

1395

01:04:43,029 --> 01:04:41,119

suicide note man like you know

1396

01:04:45,589 --> 01:04:43,039

another phil snyder

1397

01:04:47,430 --> 01:04:45,599

did they would do does anyone know what

1398

01:04:50,150 --> 01:04:47,440

it said

1399

01:04:52,950 --> 01:04:50,160

no but it's probably out there well i

1400

01:04:56,549 --> 01:04:52,960

have just in the sake of full disclosure

1401

01:04:59,430 --> 01:04:56,559

i i have not read a book or looked down

1402

01:05:01,910 --> 01:04:59,440

uh looked up much of these cases in an

1403

01:05:03,910 --> 01:05:01,920

extremely long time my library has been

1404

01:05:06,549 --> 01:05:03,920

closed since the lockdown

1405

01:05:19,109 --> 01:05:06,559

so i'm going on old memory that's

1406

01:05:22,390 --> 01:05:20,390

big on those

1407

01:05:24,870 --> 01:05:22,400

big headphones

1408

01:05:25,750 --> 01:05:24,880

there you go there it is

1409

01:05:27,829 --> 01:05:25,760

um

1410

01:05:33,349 --> 01:05:27,839

yeah i was just

1411

01:05:36,309 --> 01:05:33,359

just the uh the whole story to me was um

1412

01:05:38,270 --> 01:05:36,319

was it just kind of captured the essence

1413

01:05:41,109 --> 01:05:38,280

of

1414

01:05:42,870 --> 01:05:41,119

ufology all together right working so

1415

01:05:45,190 --> 01:05:42,880

hard to find the truth

1416

01:05:47,190 --> 01:05:45,200

you're constantly being pushed back by

1417

01:05:48,549 --> 01:05:47,200

the government

1418

01:05:50,549 --> 01:05:48,559

yeah i think that's changing and

1419

01:05:52,230 --> 01:05:50,559

chastised you know

1420

01:05:54,630 --> 01:05:52,240

i think that's changing look the

1421

01:05:56,549 --> 01:05:54,640

government had good reasons to keep this

1422

01:05:59,750 --> 01:05:56,559

stuff quiet before they could use it as

1423

01:06:02,390 --> 01:05:59,760

a tool of propaganda against the soviets

1424

01:06:04,789 --> 01:06:02,400

um which was an active tool of the

1425

01:06:07,670 --> 01:06:04,799

military the propaganda there was a

1426

01:06:09,990 --> 01:06:07,680

program called mockingbird uh which

1427

01:06:12,789 --> 01:06:10,000

philip class was a big part of

1428

01:06:15,670 --> 01:06:12,799

mockingbird mockingbird was literally a

1429

01:06:17,750 --> 01:06:15,680

legitimate cia operation

1430

01:06:20,309 --> 01:06:17,760

to infiltrate the american media and

1431

01:06:22,470 --> 01:06:20,319

convince them to lie about ufos it's

1432

01:06:24,309 --> 01:06:22,480

legit it's you could find the docs in

1433

01:06:26,390 --> 01:06:24,319

the dark of the day dude that

1434

01:06:27,910 --> 01:06:26,400

mockingbird and philip class

1435

01:06:31,029 --> 01:06:27,920

it was real

1436

01:06:33,270 --> 01:06:31,039

but nowadays it's completely different

1437

01:06:35,270 --> 01:06:33,280

right um

1438

01:06:37,510 --> 01:06:35,280

nowadays we're in the information age

1439

01:06:39,349 --> 01:06:37,520

people are just not going to accept

1440

01:06:41,589 --> 01:06:39,359

just a straight out lie just not going

1441

01:06:43,589 --> 01:06:41,599

to accept the [h__h] anymore so i

1442

01:06:45,750 --> 01:06:43,599

think the government's in a weird spot

1443

01:06:48,069 --> 01:06:45,760

when it comes to disclosing because they

1444

01:06:50,549 --> 01:06:48,079

have this history of doing really bad

1445

01:06:53,190 --> 01:06:50,559

things to keep secret and now they have

1446

01:06:55,510 --> 01:06:53,200

to let that secret out how do they do it

1447

01:06:56,950 --> 01:06:55,520

delicately yeah one thing we could do is

1448

01:07:00,630 --> 01:06:56,960

change the name

1449

01:07:02,870 --> 01:07:00,640

what ufos no it's uap you know what i'm

1450

01:07:04,390 --> 01:07:02,880

saying so they're rebranding it and

1451
01:07:06,710 --> 01:07:04,400
they're kind of bringing about like a

1452
01:07:09,109 --> 01:07:06,720
whole new generation plus

1453
01:07:11,750 --> 01:07:09,119
if they can trace anything back to

1454
01:07:14,069 --> 01:07:11,760
anybody that did some serious crimes

1455
01:07:16,309 --> 01:07:14,079
guys that drew far stole out the window

1456
01:07:18,309 --> 01:07:16,319
the guys that you know did this to

1457
01:07:20,390 --> 01:07:18,319
mcdonald um

1458
01:07:21,990 --> 01:07:20,400
they're not gonna admit anything like

1459
01:07:23,190 --> 01:07:22,000
that they're just not gonna let that

1460
01:07:24,549 --> 01:07:23,200
happen

1461
01:07:27,430 --> 01:07:24,559
um

1462
01:07:29,750 --> 01:07:27,440
yeah so these new programs are to are

1463
01:07:34,230 --> 01:07:29,760

going to be new these new house uh

1464

01:07:38,870 --> 01:07:36,710

it's got to pass

1465

01:07:41,349 --> 01:07:38,880

as is

1466

01:07:44,549 --> 01:07:41,359

uh that's hard to say because they lump

1467

01:07:47,589 --> 01:07:44,559

a whole lot of stuff into these things i

1468

01:07:50,789 --> 01:07:47,599

i detest politics and i understand the

1469

01:07:52,230 --> 01:07:50,799

fundamentals of american government i do

1470

01:07:53,910 --> 01:07:52,240

i don't know how to get away with

1471

01:07:57,430 --> 01:07:53,920

passing bills

1472

01:07:58,789 --> 01:07:57,440

with so much different stuff in a bill

1473

01:08:00,950 --> 01:07:58,799

yeah you know what i mean

1474

01:08:02,789 --> 01:08:00,960

well let's look at ufos and let's give

1475

01:08:05,109 --> 01:08:02,799

some money to taiwan and let's build a

1476

01:08:07,029 --> 01:08:05,119

bridge in toledo

1477

01:08:08,630 --> 01:08:07,039

you know what that is it's a lot of back

1478

01:08:10,789 --> 01:08:08,640

deals i'll give you the bridge for

1479

01:08:13,029 --> 01:08:10,799

toledo if you give me the ufo stuff all

1480

01:08:16,229 --> 01:08:14,069

all right

1481

01:08:18,550 --> 01:08:16,239

i guarantee it we'll pay for an air

1482

01:08:20,070 --> 01:08:18,560

force base in poland yeah

1483

01:08:21,669 --> 01:08:20,080

what do you think they're meeting for

1484

01:08:23,430 --> 01:08:21,679

what are they talking about

1485

01:08:24,149 --> 01:08:23,440

yeah of course they're doing stuff like

1486

01:08:26,149 --> 01:08:24,159

that

1487

01:08:27,749 --> 01:08:26,159

bro it's all morning well in the end

1488

01:08:29,749 --> 01:08:27,759

they just want

1489

01:08:33,430 --> 01:08:29,759

uh enough

1490

01:08:35,829 --> 01:08:33,440

um content to be able to use um during

1491

01:08:37,349 --> 01:08:35,839

the election year you know

1492

01:08:39,030 --> 01:08:37,359

so they can say

1493

01:08:41,269 --> 01:08:39,040

so they can grab something from the bill

1494

01:08:43,189 --> 01:08:41,279

and use it as a success you know there

1495

01:08:44,789 --> 01:08:43,199

was two sections in the bill pertaining

1496

01:08:47,349 --> 01:08:44,799

to ufo

1497

01:08:50,829 --> 01:08:47,359

uav

1498

01:08:56,309 --> 01:08:53,709

x2610 and

1499

01:08:57,829 --> 01:08:56,319

hr4350 i was gonna take notes on them

1500

01:08:59,030 --> 01:08:57,839

and those i got as far as just letting

1501
01:09:00,550 --> 01:08:59,040
me notice

1502
01:09:01,669 --> 01:09:00,560
you were just bragging about taking

1503
01:09:09,030 --> 01:09:01,679
notes

1504
01:09:11,189 --> 01:09:09,040
i when you say pass as is

1505
01:09:12,709 --> 01:09:11,199
they could amend what's in each one of

1506
01:09:15,189 --> 01:09:12,719
these right they would say okay pull

1507
01:09:16,870 --> 01:09:15,199
this out pull this out add this

1508
01:09:19,110 --> 01:09:16,880
and then um

1509
01:09:20,390 --> 01:09:19,120
who knows look the bottom line is at the

1510
01:09:23,269 --> 01:09:20,400
end of the day they're going to make an

1511
01:09:24,870 --> 01:09:23,279
x-files office and that's what you know

1512
01:09:26,870 --> 01:09:24,880
for the sake of conversation we'll call

1513
01:09:29,030 --> 01:09:26,880

it the x kyle's office do you think it

1514

01:09:31,590 --> 01:09:29,040

makes any like a difference if they

1515

01:09:33,669 --> 01:09:31,600

don't share any data to prove it it what

1516

01:09:35,189 --> 01:09:33,679

it is they're looking at well not gonna

1517

01:09:37,269 --> 01:09:35,199

it's gonna co and then what whatever

1518

01:09:38,630 --> 01:09:37,279

they do it's gonna come through a filter

1519

01:09:41,430 --> 01:09:38,640

you know they're not gonna come out and

1520

01:09:43,349 --> 01:09:41,440

say this man uh some of this stuff so

1521

01:09:45,510 --> 01:09:43,359

you're saying you so you don't believe

1522

01:09:48,229 --> 01:09:45,520

that there's some sort of uh slow

1523

01:09:51,030 --> 01:09:48,239

disclosure happening no i do i do i

1524

01:09:53,030 --> 01:09:51,040

believe i believe this legitimate modern

1525

01:09:55,430 --> 01:09:53,040

day disclosure

1526

01:09:57,430 --> 01:09:55,440

started at the very least the day the

1527

01:10:00,149 --> 01:09:57,440

new york times put that on the front

1528

01:10:02,070 --> 01:10:00,159

page sure but prior to that there's also

1529

01:10:04,310 --> 01:10:02,080

been a huge decent

1530

01:10:05,030 --> 01:10:04,320

desensitization

1531

01:10:06,310 --> 01:10:05,040

to

1532

01:10:09,510 --> 01:10:06,320

the public

1533

01:10:11,669 --> 01:10:09,520

with shows like didn't lou have ever lou

1534

01:10:13,189 --> 01:10:11,679

ellie's on like lou and melon are on

1535

01:10:15,669 --> 01:10:13,199

history channel

1536

01:10:16,709 --> 01:10:15,679

okay that would have never flown in the

1537

01:10:18,950 --> 01:10:16,719

90s

1538

01:10:19,990 --> 01:10:18,960

okay a guy like chris mellon with his

1539

01:10:21,669 --> 01:10:20,000

position

1540

01:10:23,669 --> 01:10:21,679

that would have never flown so they're

1541

01:10:26,390 --> 01:10:23,679

like okay guys go make a few bucks and

1542

01:10:29,350 --> 01:10:26,400

get the country ready this is coming

1543

01:10:32,950 --> 01:10:29,360

it's a slow drip we're in disclosure

1544

01:10:34,870 --> 01:10:32,960

we're in it how do they disclose without

1545

01:10:38,550 --> 01:10:34,880

data

1546

01:10:40,390 --> 01:10:38,560

well just like let's say you know like

1547

01:10:43,510 --> 01:10:40,400

the videos that came out or whatever the

1548

01:10:47,189 --> 01:10:43,520

videos uh the navy videos in 2017 or

1549

01:10:51,030 --> 01:10:47,990

there's

1550

01:10:53,189 --> 01:10:51,040

here's

1551

01:10:54,790 --> 01:10:53,199

what this radar screen is actually

1552

01:10:56,790 --> 01:10:54,800

showing here's where they're actually

1553

01:10:58,550 --> 01:10:56,800

located here's the wind speed here's how

1554

01:11:00,149 --> 01:10:58,560

fast they're going no there is data

1555

01:11:02,310 --> 01:11:00,159

there is data all along with that they

1556

01:11:05,510 --> 01:11:02,320

have to be very careful not to give the

1557

01:11:08,390 --> 01:11:05,520

enemies our enemies right um too much

1558

01:11:09,990 --> 01:11:08,400

information on our data collection i

1559

01:11:11,910 --> 01:11:10,000

understand but that's how people are

1560

01:11:14,070 --> 01:11:11,920

gonna believe it if you look on the

1561

01:11:15,830 --> 01:11:14,080

screen say for the tic tac there's

1562

01:11:19,510 --> 01:11:15,840

numbers all around you got latitude

1563

01:11:21,110 --> 01:11:19,520

longitude speed uh distance yeah um all

1564

01:11:23,750 --> 01:11:21,120

of that

1565

01:11:26,790 --> 01:11:23,760

um some of this stuff's classified like

1566

01:11:29,270 --> 01:11:26,800

sometimes somebody asked uh kevin day

1567

01:11:31,270 --> 01:11:29,280

a simple question kevin how far is the

1568

01:11:33,669 --> 01:11:31,280

radar operator on i believe the

1569

01:11:35,350 --> 01:11:33,679

princeton or maybe the nimitz all right

1570

01:11:36,229 --> 01:11:35,360

i forget to

1571

01:11:38,470 --> 01:11:36,239

um

1572

01:11:40,470 --> 01:11:38,480

but they asked kevin how far can those

1573

01:11:42,070 --> 01:11:40,480

radar systems see

1574

01:11:44,149 --> 01:11:42,080

simple question how far and he said

1575

01:11:45,669 --> 01:11:44,159

that's classified i can't say it's 80

1576

01:11:47,990 --> 01:11:45,679

000 feet

1577

01:11:50,149 --> 01:11:48,000

no no in distance there's a curvature of

1578

01:11:53,030 --> 01:11:50,159

the earth too but they bounce the radars

1579

01:11:55,990 --> 01:11:53,040

off satellites and they're able to see i

1580

01:11:57,350 --> 01:11:56,000

they could probably see a seagull 1500

1581

01:11:59,430 --> 01:11:57,360

miles away

1582

01:12:01,350 --> 01:11:59,440

you know but he can't say that

1583

01:12:03,430 --> 01:12:01,360

yeah you know what i mean so

1584

01:12:05,990 --> 01:12:03,440

yeah they're good look you know what i'd

1585

01:12:07,510 --> 01:12:06,000

be happy with with from the government

1586

01:12:09,189 --> 01:12:07,520

disclosure

1587

01:12:10,709 --> 01:12:09,199

they they come up they say they don't

1588

01:12:13,350 --> 01:12:10,719

know what they are

1589

01:12:15,430 --> 01:12:13,360

simply say you don't know

1590

01:12:17,590 --> 01:12:15,440

say we know what they're not we know if

1591

01:12:20,830 --> 01:12:17,600

they say we know they're not man-made

1592

01:12:23,270 --> 01:12:20,840

that's bombshell that's a bombshell done

1593

01:12:24,470 --> 01:12:23,280

and they could wiggle out of it when

1594

01:12:25,750 --> 01:12:24,480

people start hitting them a question

1595

01:12:27,430 --> 01:12:25,760

well what are what are they where are

1596

01:12:28,470 --> 01:12:27,440

they from we don't know we don't know we

1597

01:12:29,430 --> 01:12:28,480

don't know we know they're not the

1598

01:12:31,510 --> 01:12:29,440

chinese you know they're not the

1599

01:12:32,630 --> 01:12:31,520

russians we've known us we know it's not

1600

01:12:35,830 --> 01:12:32,640

man-made

1601
01:12:36,870 --> 01:12:35,840
boom that's it that's huge and that may

1602
01:12:37,750 --> 01:12:36,880
come

1603
01:12:40,070 --> 01:12:37,760
i would

1604
01:12:42,310 --> 01:12:40,080
you know it would be the hugest you know

1605
01:12:44,709 --> 01:12:42,320
a lot of people say right the old

1606
01:12:45,830 --> 01:12:44,719
saucer lanes in the white house lawn but

1607
01:12:48,630 --> 01:12:45,840
i would say

1608
01:12:49,430 --> 01:12:48,640
a joint statement between

1609
01:13:08,870 --> 01:12:49,440
a

1610
01:13:10,870 --> 01:13:08,880
phoenix lights

1611
01:13:14,149 --> 01:13:10,880
that that would force them

1612
01:13:16,229 --> 01:13:14,159
the phoenix highlights happened in 97 98

1613
01:13:19,990 --> 01:13:16,239

yeah something like that and

1614

01:13:22,470 --> 01:13:20,000

if that happened today you'd have 10 000

1615

01:13:23,510 --> 01:13:22,480

videos of it yeah instead of the two or

1616

01:13:24,709 --> 01:13:23,520

three

1617

01:13:28,390 --> 01:13:24,719

you know what i mean isn't that

1618

01:13:31,350 --> 01:13:28,400

interesting so is that why it doesn't

1619

01:13:32,470 --> 01:13:31,360

why what doesn't what um another phoenix

1620

01:13:34,390 --> 01:13:32,480

flights

1621

01:13:36,470 --> 01:13:34,400

you know why that does another one will

1622

01:13:39,669 --> 01:13:36,480

happen i think another i mean historian

1623

01:13:41,910 --> 01:13:39,679

medieval nuremberg in like 1531

1624

01:13:43,669 --> 01:13:41,920

fact-checked me on that there was a mass

1625

01:13:45,430 --> 01:13:43,679

sighting over nuremberg germany there

1626

01:13:48,709 --> 01:13:45,440

was like 15

1627

01:13:50,310 --> 01:13:48,719

like saucers like flying around and they

1628

01:13:52,070 --> 01:13:50,320

carved it in wood and they put it in

1629

01:13:53,830 --> 01:13:52,080

their history books and it's there well

1630

01:13:55,750 --> 01:13:53,840

like the cell phones and stuff there may

1631

01:14:00,790 --> 01:13:55,760

be something to that like if they don't

1632

01:14:03,189 --> 01:14:00,800

want to be documented or do right

1633

01:14:05,669 --> 01:14:03,199

because they would have to keep in uh

1634

01:14:07,669 --> 01:14:05,679

keep it you know finger on that pulse

1635

01:14:09,430 --> 01:14:07,679

i would imagine oh they're getting

1636

01:14:11,350 --> 01:14:09,440

their cell phones out now

1637

01:14:13,990 --> 01:14:11,360

that'll be speculating on the motives of

1638

01:14:16,630 --> 01:14:14,000

the aliens don't worry it just makes his

1639

01:14:18,390 --> 01:14:16,640

blobby orbs anyways but i tell you what

1640

01:14:20,630 --> 01:14:18,400

if they if they wanted to show

1641

01:14:22,470 --> 01:14:20,640

themselves imagine this scenario if they

1642

01:14:24,550 --> 01:14:22,480

show up over the world's

1643

01:14:25,830 --> 01:14:24,560

biggest cities you know all of a sudden

1644

01:14:32,790 --> 01:14:25,840

on the same day

1645

01:14:36,630 --> 01:14:33,590

yeah

1646

01:14:40,310 --> 01:14:36,640

and each one of them uh has hashtag and

1647

01:14:41,830 --> 01:14:40,320

uap secrecy on the saucer

1648

01:14:44,709 --> 01:14:41,840

of course it wouldn't be real without a

1649

01:14:46,709 --> 01:14:44,719

hashtag yeah i changed my

1650

01:14:50,229 --> 01:14:46,719

uh background to this thing because it's

1651

01:14:52,790 --> 01:14:50,239

the closest thing i could find that uh

1652

01:14:55,350 --> 01:14:52,800

looked like the second thing i saw that

1653

01:14:58,550 --> 01:14:55,360

shot this hip a light on me and that was

1654

01:15:01,910 --> 01:14:58,560

about 50 feet right in front of my

1655

01:15:05,189 --> 01:15:03,189

you can't see the background on the

1656

01:15:08,390 --> 01:15:05,199

screen i can't see these people making

1657

01:15:10,630 --> 01:15:08,400

fun of me man i know that oh what

1658

01:15:14,070 --> 01:15:10,640

you got you need glasses or something

1659

01:15:16,310 --> 01:15:14,080

no i don't have it on my screen why not

1660

01:15:19,510 --> 01:15:16,320

i don't know and when i clicked over oh

1661

01:15:20,630 --> 01:15:19,520

wait what if you got to engage bro

1662

01:15:21,750 --> 01:15:20,640

oh

1663

01:15:23,910 --> 01:15:21,760

i did

1664

01:15:27,430 --> 01:15:23,920

let's just focus on talking first once

1665

01:15:31,830 --> 01:15:27,440

you get good then you can multitask

1666

01:15:35,750 --> 01:15:33,590

your worlds are colliding

1667

01:15:39,590 --> 01:15:35,760

[Laughter]

1668

01:15:44,070 --> 01:15:42,229

i had a great time coming back here and

1669

01:15:47,189 --> 01:15:44,080

talking with you guys i'd love to have

1670

01:15:49,189 --> 01:15:47,199

you back on again maybe we can pick um

1671

01:15:51,110 --> 01:15:49,199

i'm gonna stay here two days a week or

1672

01:15:53,189 --> 01:15:51,120

something that you can stop by i'm here

1673

01:15:55,910 --> 01:15:53,199

i work from home yeah you know i

1674

01:15:57,750 --> 01:15:55,920

appreciate you guys your history with it

1675

01:15:59,990 --> 01:15:57,760

you know i appreciate it

1676

01:16:01,350 --> 01:16:00,000

well-rounded thank you like i have a

1677

01:16:03,910 --> 01:16:01,360

topic and you have something to offer

1678

01:16:05,750 --> 01:16:03,920

that i don't know about yeah dude i tell

1679

01:16:07,510 --> 01:16:05,760

you what now there's usually no cheating

1680

01:16:08,950 --> 01:16:07,520

like if you let me a topic a day ahead

1681

01:16:11,110 --> 01:16:08,960

of time you know a lot more like i'm

1682

01:16:14,070 --> 01:16:11,120

going mcdonald i'm like off the top of

1683

01:16:15,750 --> 01:16:14,080

my head yeah mcdonald's oh you got a big

1684

01:16:18,550 --> 01:16:15,760

beef with high knack yeah i remember

1685

01:16:21,350 --> 01:16:18,560

that yeah in class too

1686

01:16:22,950 --> 01:16:21,360

class yeah class is the modern mic west

1687

01:16:25,189 --> 01:16:22,960

make what you're reading

1688

01:16:28,870 --> 01:16:26,229

awful

1689

01:16:31,430 --> 01:16:28,880

no class with class

1690

01:16:32,630 --> 01:16:31,440

okay oh wait didn't oh

1691

01:16:34,310 --> 01:16:32,640

um

1692

01:16:36,470 --> 01:16:34,320

just a quick one did you i think

1693

01:16:38,950 --> 01:16:36,480

mcdonald there was a report like a

1694

01:16:41,030 --> 01:16:38,960

debunk like class wrote a debunk report

1695

01:16:43,430 --> 01:16:41,040

or something and mcdonald got it and

1696

01:16:45,270 --> 01:16:43,440

wrote class dismissed on it it's the

1697

01:16:47,350 --> 01:16:45,280

famous thing i gotta look it up he

1698

01:16:48,870 --> 01:16:47,360

literally did you gotta look it up it's

1699

01:16:50,630 --> 01:16:48,880

awesome i have to look if i remember

1700

01:16:52,870 --> 01:16:50,640

that right there's

1701

01:16:55,189 --> 01:16:52,880

i really want to go look at some of more

1702

01:16:57,510 --> 01:16:55,199

of his notes that are uh you have to go

1703

01:16:59,189 --> 01:16:57,520

to university of tucson to actually look

1704

01:17:01,430 --> 01:16:59,199

at you know i'd be interested there's

1705

01:17:03,590 --> 01:17:01,440

not much on mcdonald there's not much on

1706

01:17:06,070 --> 01:17:03,600

him right you know there's no like two

1707

01:17:08,630 --> 01:17:06,080

hour deep dive on mcdonald's

1708

01:17:10,790 --> 01:17:08,640

yeah really not and there should be

1709

01:17:13,510 --> 01:17:10,800

yeah some of the stuff rolled like robin

1710

01:17:16,709 --> 01:17:13,520

last week rob covford i could see uh

1711

01:17:18,790 --> 01:17:16,719

he did a great job on the aztec right

1712

01:17:21,189 --> 01:17:18,800

yeah there's not much on aztec there's

1713

01:17:22,229 --> 01:17:21,199

still debated the dates are debated on

1714

01:17:25,830 --> 01:17:22,239

aztec

1715

01:17:27,030 --> 01:17:25,840

yeah

1716

01:17:28,790 --> 01:17:27,040

well uh

1717

01:17:31,110 --> 01:17:28,800

it seems like

1718

01:17:33,750 --> 01:17:31,120

you know i've even just seen more stuff

1719

01:17:35,350 --> 01:17:33,760

that points to march 25th it's intense

1720

01:17:37,590 --> 01:17:35,360

it's weird

1721

01:17:39,750 --> 01:17:37,600

it is so weird but then i look at all my

1722

01:17:42,070 --> 01:17:39,760

new mexico documents which

1723

01:17:44,870 --> 01:17:42,080

total over a thousand by this point and

1724

01:17:46,709 --> 01:17:44,880

i don't have one for that time you know

1725

01:17:49,669 --> 01:17:46,719

do you print them out

1726

01:17:51,669 --> 01:17:49,679

um i do when i'm gonna get it real into

1727

01:17:53,590 --> 01:17:51,679

it yeah hey could i ask you a question

1728

01:17:55,590 --> 01:17:53,600

just in your in your

1729

01:17:57,590 --> 01:17:55,600

experience researching this stuff in the

1730

01:17:59,270 --> 01:17:57,600

documents it's got to be a little bit

1731

01:18:01,110 --> 01:17:59,280

frustrating

1732

01:18:03,430 --> 01:18:01,120

you're discovering this stuff and

1733

01:18:05,350 --> 01:18:03,440

reading it and literally proving right

1734

01:18:07,350 --> 01:18:05,360

in front right to your eyes that the

1735

01:18:09,750 --> 01:18:07,360

government's been lying forever

1736

01:18:12,390 --> 01:18:09,760

and you've got an entire population that

1737

01:18:14,310 --> 01:18:12,400

doesn't know or doesn't care that's got

1738

01:18:17,430 --> 01:18:14,320

to be frustrating and [h__h]

1739

01:18:20,149 --> 01:18:17,440

uh it's the frustrating part sometimes

1740

01:18:22,390 --> 01:18:20,159

is what um i don't want to say people

1741

01:18:24,550 --> 01:18:22,400

prefer to spend their time getting into

1742

01:18:25,590 --> 01:18:24,560

because i think a lot of people maybe

1743

01:18:28,070 --> 01:18:25,600

just not

1744

01:18:31,030 --> 01:18:28,080

made not know about my channel

1745

01:18:32,709 --> 01:18:31,040

but um for instance

1746

01:18:35,510 --> 01:18:32,719

for you personally it's like you have

1747

01:18:37,669 --> 01:18:35,520

that eureka moment yeah it's not to the

1748

01:18:40,070 --> 01:18:37,679

public it's like like i like even when i

1749

01:18:42,630 --> 01:18:40,080

read a book and i go oh my god why does

1750

01:18:44,550 --> 01:18:42,640

the world not know about this yeah why

1751

01:18:46,149 --> 01:18:44,560

are they ignoring it well it started

1752

01:18:47,590 --> 01:18:46,159

with my experience and then you know i

1753

01:18:49,510 --> 01:18:47,600

got to the point where i started doing

1754

01:18:52,950 --> 01:18:49,520

the research and i was doing the

1755

01:18:54,870 --> 01:18:52,960

research yeah i'm like what the hell is

1756

01:18:56,630 --> 01:18:54,880

going on here

1757

01:18:58,709 --> 01:18:56,640

okay i'm trying this

1758

01:19:01,350 --> 01:18:58,719

part of your experience yet no you

1759

01:19:05,430 --> 01:19:01,360

aren't euphoric at all yeah a little

1760

01:19:08,310 --> 01:19:05,440

bit into like unidentified the show

1761

01:19:10,390 --> 01:19:08,320

um but not studying a lick of anything

1762

01:19:12,390 --> 01:19:10,400

right you know just watching the show

1763

01:19:14,790 --> 01:19:12,400

dude just for full disclosure i never

1764

01:19:17,350 --> 01:19:14,800

what like my history channel watching

1765

01:19:20,229 --> 01:19:17,360

ended in like 20

1766

01:19:22,229 --> 01:19:20,239

oak six like i never saw lou's show i

1767

01:19:24,390 --> 01:19:22,239

never saw a melon show i never saw any

1768

01:19:26,070 --> 01:19:24,400

of that yeah i never saw any of it i

1769

01:19:27,590 --> 01:19:26,080

kind of gave up on the ancient aliens

1770

01:19:29,590 --> 01:19:27,600

which was kind of cool but they mixed

1771

01:19:31,669 --> 01:19:29,600

fact with fiction and

1772

01:19:33,990 --> 01:19:31,679

and everything and i they say even when

1773

01:19:36,070 --> 01:19:34,000

they got into like american revolution

1774

01:19:41,189 --> 01:19:36,080

did george washington win because of the

1775

01:19:43,910 --> 01:19:42,870

there's some good stuff on the ancient

1776

01:19:45,750 --> 01:19:43,920

aliens

1777

01:19:51,430 --> 01:19:45,760

well it makes this weird ancient

1778

01:19:56,390 --> 01:19:54,709

um the australia guy who had the world

1779

01:19:58,070 --> 01:19:56,400

energy grid

1780

01:20:00,310 --> 01:19:58,080

the world uf

1781

01:20:02,149 --> 01:20:00,320

yeah yeah yeah the whole planet yeah he

1782

01:20:07,510 --> 01:20:02,159

was he was in an episode of ancient

1783

01:20:11,030 --> 01:20:09,270

a weird one man just food for thought

1784

01:20:12,070 --> 01:20:11,040

like bizarre this is like ancient alien

1785

01:20:14,149 --> 01:20:12,080

stuff

1786

01:20:16,070 --> 01:20:14,159

millions of millions and billions of

1787

01:20:19,189 --> 01:20:16,080

years ago when there was only one

1788

01:20:21,750 --> 01:20:19,199

continent on the planet right pangea

1789

01:20:24,870 --> 01:20:21,760

be familiar it was one continent before

1790

01:20:27,430 --> 01:20:24,880

it shifted now one continent if you took

1791

01:20:30,709 --> 01:20:27,440

pangea and you put it back together

1792

01:20:34,390 --> 01:20:30,719

dead center of the world's land mass

1793

01:20:36,709 --> 01:20:34,400

dead center is the giza plateau in egypt

1794

01:20:38,310 --> 01:20:36,719

oh my god you take all the work right it

1795

01:20:40,070 --> 01:20:38,320

makes you think it might be a little bit

1796

01:20:42,229 --> 01:20:40,080

older than uh

1797

01:20:44,790 --> 01:20:42,239

a few thousand years the egyptians are

1798

01:20:46,390 --> 01:20:44,800

talking about that's wild [h__h] that

1799

01:20:48,470 --> 01:20:46,400

stuff yeah

1800

01:20:50,790 --> 01:20:48,480

what's up with that do you did you

1801
01:20:53,189 --> 01:20:50,800
enjoyed the book uh chariot of the gods

1802
01:20:56,070 --> 01:20:53,199
was it about vandankin

1803
01:21:00,470 --> 01:20:58,229
yeah yeah but you know what

1804
01:21:02,629 --> 01:21:00,480
i mean i i read through it one time and

1805
01:21:04,790 --> 01:21:02,639
by the time i read it there was already

1806
01:21:06,950 --> 01:21:04,800
tons of documentaries about other stuff

1807
01:21:08,790 --> 01:21:06,960
you know nazca lines and [h__h] so the

1808
01:21:11,030 --> 01:21:08,800
book wasn't a great read i didn't find

1809
01:21:13,189 --> 01:21:11,040
it an easy read yeah

1810
01:21:16,390 --> 01:21:13,199
you know not that it wasn't informative

1811
01:21:17,910 --> 01:21:16,400
mean come out 1972

1812
01:21:19,590 --> 01:21:17,920
he wrote that book

1813
01:21:22,070 --> 01:21:19,600

yeah yeah it's old man that's all i'm

1814

01:21:24,709 --> 01:21:22,080

not that i'm old but not that old

1815

01:21:28,470 --> 01:21:24,719

so i already knew of his work before i i

1816

01:21:29,590 --> 01:21:28,480

got into before i read his book

1817

01:21:33,030 --> 01:21:29,600

all right

1818

01:21:36,229 --> 01:21:33,040

can't even know what i'm doing yeah i

1819

01:21:37,750 --> 01:21:36,239

give i want to see everybody

1820

01:21:39,990 --> 01:21:37,760

what's up having a good time i don't

1821

01:21:41,030 --> 01:21:40,000

mind it's over you know i get to talk to

1822

01:21:42,629 --> 01:21:41,040

english man

1823

01:21:44,950 --> 01:21:42,639

hey what time is it in england are we

1824

01:21:48,310 --> 01:21:44,960

like prime time over there uh pretty

1825

01:21:52,070 --> 01:21:50,149

it's like uh

1826

01:21:53,510 --> 01:21:52,080

let's see there's six hours it's like 7

1827

01:22:04,390 --> 01:21:53,520

30 there

1828

01:22:04,400 --> 01:22:10,550

all right

1829

01:22:16,709 --> 01:22:13,350

i was trying to trick him

1830

01:22:21,750 --> 01:22:18,870

um yeah that was awesome but we're gonna

1831

01:22:25,110 --> 01:22:21,760

have him back more like the dude um and

1832

01:22:27,350 --> 01:22:25,120

we jive pretty well so it's cool and uh

1833

01:22:30,870 --> 01:22:27,360

yeah easy to talk to so

1834

01:22:33,350 --> 01:22:30,880

we're making co-hosts uh through the

1835

01:22:35,910 --> 01:22:33,360

through the chat so that's awesome we

1836

01:22:37,510 --> 01:22:35,920

got robert in there and um now we got

1837

01:22:38,790 --> 01:22:37,520

spaghetti

1838

01:22:41,110 --> 01:22:38,800

um

1839

01:22:43,669 --> 01:22:41,120

yeah so who knows you never know what's

1840

01:22:46,070 --> 01:22:43,679

gonna mean next right

1841

01:22:48,790 --> 01:22:46,080

so yeah i just did a little piece on dr

1842

01:22:49,750 --> 01:22:48,800

mcdonald i think the um

1843

01:22:52,050 --> 01:22:49,760

um

1844

01:22:54,550 --> 01:22:52,060

new york ryan new york

1845

01:22:56,870 --> 01:22:54,560

[Laughter]

1846

01:22:59,510 --> 01:22:56,880

what's up dude yeah so dr mcdonald i

1847

01:23:02,470 --> 01:22:59,520

think the key takeaway for me

1848

01:23:03,990 --> 01:23:02,480

with him is

1849

01:23:06,470 --> 01:23:04,000

there's something there that we can take

1850

01:23:10,470 --> 01:23:06,480

for ourselves right

1851
01:23:13,110 --> 01:23:10,480
and i think sometimes we tend to get

1852
01:23:15,189 --> 01:23:13,120
caught up in what we're doing what's

1853
01:23:17,510 --> 01:23:15,199
right in front of us what we're working

1854
01:23:19,430 --> 01:23:17,520
on and we get really intense

1855
01:23:21,430 --> 01:23:19,440
passionate

1856
01:23:25,750 --> 01:23:21,440
um

1857
01:23:27,110 --> 01:23:25,760
and just work our butts off for it right

1858
01:23:29,830 --> 01:23:27,120
for

1859
01:23:31,750 --> 01:23:29,840
it not to go the way we want

1860
01:23:34,390 --> 01:23:31,760
and when that happens you're left

1861
01:23:35,510 --> 01:23:34,400
holding your heart in your hands

1862
01:23:37,990 --> 01:23:35,520
right

1863
01:23:43,830 --> 01:23:38,000

but i don't think

1864

01:23:43,840 --> 01:23:52,870

i think we can have a more focused but

1865

01:23:52,880 --> 01:23:56,709

i would say

1866

01:24:03,110 --> 01:23:58,629

knowing

1867

01:24:05,270 --> 01:24:03,120

looking at the past and how this stuff

1868

01:24:06,709 --> 01:24:05,280

works

1869

01:24:09,030 --> 01:24:06,719

you know so don't let ourself gets

1870

01:24:12,229 --> 01:24:09,040

wrapped up in one thing being

1871

01:24:17,590 --> 01:24:13,669

or

1872

01:24:22,470 --> 01:24:17,600

get done

1873

01:24:28,390 --> 01:24:22,480

what dr mcdonald didn't or dr la paz or

1874

01:24:31,830 --> 01:24:30,390

you know

1875

01:24:34,470 --> 01:24:31,840

it's not about

1876

01:24:36,950 --> 01:24:34,480

us individually being the one

1877

01:24:40,149 --> 01:24:36,960

and when you make it that way

1878

01:24:44,709 --> 01:24:40,159

sometimes it turns out to be

1879

01:24:49,030 --> 01:24:46,950

we all have a

1880

01:24:52,229 --> 01:24:49,040

piece

1881

01:24:56,709 --> 01:24:54,790

and we rely on each other

1882

01:24:59,669 --> 01:24:56,719

for the instrument to work and playing

1883

01:25:01,270 --> 01:24:59,679

too

1884

01:25:02,870 --> 01:25:01,280

and when we do that

1885

01:25:04,870 --> 01:25:02,880

the pressure

1886

01:25:07,110 --> 01:25:04,880

is spread out

1887

01:25:11,030 --> 01:25:07,120

between that many more people

1888

01:25:13,110 --> 01:25:11,040

and it's not just on your shoulders

1889

01:25:15,350 --> 01:25:13,120

so i think that's what we should try and

1890

01:25:17,510 --> 01:25:15,360

do more if possible

1891

01:25:21,590 --> 01:25:17,520

i can mention the idea but i can't make

1892

01:25:26,310 --> 01:25:22,390

so

1893

01:25:29,990 --> 01:25:26,320

yeah just wanted to say that

1894

01:25:32,390 --> 01:25:30,000

that's my send out message y'all

1895

01:25:33,590 --> 01:25:32,400

and yeah so we will

1896

01:25:34,950 --> 01:25:33,600

but tomorrow i'm not going to have a

1897

01:25:37,270 --> 01:25:34,960

show i'm going to be on vinnie's show

1898

01:25:40,229 --> 01:25:37,280

disclosure team by the way

1899

01:25:41,590 --> 01:25:40,239

um we're going to recap max's weekend

1900

01:25:43,189 --> 01:25:41,600

and

1901

01:25:44,709 --> 01:25:43,199

i think there's another guest on there

1902

01:25:45,910 --> 01:25:44,719

too so

1903

01:25:47,910 --> 01:25:45,920

um

1904

01:25:50,310 --> 01:25:47,920

yeah so i'm just gonna be on that one

1905

01:25:52,550 --> 01:25:50,320

i'm trying to do that more you know if i

1906

01:25:54,550 --> 01:25:52,560

have an opportunity to be on somebody

1907

01:25:57,590 --> 01:25:54,560

else's show

1908

01:25:59,430 --> 01:25:57,600

i want to do that more

1909

01:26:02,149 --> 01:25:59,440

um and kind of you know go back and

1910

01:26:04,229 --> 01:26:02,159

forth a little bit but

1911

01:26:06,709 --> 01:26:04,239

don't worry

1912

01:26:08,390 --> 01:26:06,719

you're stuck with me

1913

01:26:10,070 --> 01:26:08,400

12 o'clock central

1914

01:26:11,830 --> 01:26:10,080

every freaking day

1915

01:26:12,620 --> 01:26:11,840

until somebody asked me to be on the air

1916

01:26:14,870 --> 01:26:12,630

show

1917

01:26:15,750 --> 01:26:14,880

[Laughter]

1918

01:26:16,870 --> 01:26:15,760

so

1919

01:26:19,030 --> 01:26:16,880

um

1920

01:26:20,870 --> 01:26:19,040

now i put everything in the details in

1921

01:26:23,189 --> 01:26:20,880

description for the documents that i

1922

01:26:26,550 --> 01:26:23,199

used uh in sourced

1923

01:26:27,510 --> 01:26:26,560

you know for most of this stuff um

1924

01:26:29,750 --> 01:26:27,520

you know

1925

01:26:32,870 --> 01:26:29,760

i just kind of went over the the basics

1926

01:26:35,030 --> 01:26:32,880

spaghetti even knows more than that

1927

01:26:36,870 --> 01:26:35,040

but the documents is really

1928

01:26:40,950 --> 01:26:36,880

in what i put in the description the

1929

01:26:41,990 --> 01:26:40,960

mp4s the the speech science and default

1930

01:26:43,350 --> 01:26:42,000

um

1931

01:26:49,110 --> 01:26:43,360

his

1932

01:26:51,430 --> 01:26:49,120

papers

1933

01:26:54,790 --> 01:26:51,440

that nasa uses

1934

01:26:56,870 --> 01:26:54,800

you know ufo encounters one

1935

01:26:58,790 --> 01:26:56,880

so that document so check the notes in

1936

01:27:01,430 --> 01:26:58,800

the description for that stuff if you

1937

01:27:03,669 --> 01:27:01,440

have time go look into it this guy wanna

1938

01:27:05,030 --> 01:27:03,679

taking his own life because the toll of

1939

01:27:07,430 --> 01:27:05,040

this

1940

01:27:09,110 --> 01:27:07,440

was so much

1941

01:27:11,910 --> 01:27:09,120

which did include a complete

1942

01:27:14,470 --> 01:27:11,920

embarrassment in front of congress being

1943

01:27:16,790 --> 01:27:14,480

laughed at

1944

01:27:18,550 --> 01:27:16,800

after blood sweat and tears was put into

1945

01:27:20,550 --> 01:27:18,560

this work and it was

1946

01:27:22,790 --> 01:27:20,560

such good work that it's still being

1947

01:27:25,270 --> 01:27:22,800

used today by government

1948

01:27:26,550 --> 01:27:25,280

agencies

1949

01:27:27,990 --> 01:27:26,560

check it out

1950

01:27:30,950 --> 01:27:28,000

thanks for hanging out

1951

01:27:30,960 --> 01:27:33,910

power to the people

1952

01:27:37,669 --> 01:27:35,590

um i'll see you

1953

01:27:39,030 --> 01:27:37,679

tomorrow on the disclosure teams channel

1954

01:27:41,110 --> 01:27:39,040

so come visit

1955

01:27:42,629 --> 01:27:41,120

peace out yo

1956

01:27:44,870 --> 01:27:42,639

ryan

1957

01:27:46,870 --> 01:27:44,880

ucr dark sky

1958

01:27:49,270 --> 01:27:46,880

yeah thanks for joining dark sky i i

1959

01:27:51,590 --> 01:27:49,280

like watching your stuff too

1960

01:27:53,270 --> 01:27:51,600

um nigel

1961

01:27:55,990 --> 01:27:53,280

everybody
