

Witness Citizen

1
00:00:04,259 --> 00:00:08,870
what's up everybody

2
00:00:13,549 --> 00:00:11,089
uh we got a

3
00:00:15,829 --> 00:00:13,559
Thursday September 30th

4
00:00:20,570 --> 00:00:15,839
I'm your host Sean Rash

5
00:00:22,730 --> 00:00:20,580
and you are here with witness citizen

6
00:00:23,990 --> 00:00:22,740
uh today we're gonna go over some random

7
00:00:25,910 --> 00:00:24,000
cases

8
00:00:27,710 --> 00:00:25,920
um that I've

9
00:00:30,050 --> 00:00:27,720
I've found

10
00:00:32,450 --> 00:00:30,060
in kind of the midst of what I'm working

11
00:00:34,310 --> 00:00:32,460
on the project so

12
00:00:37,370 --> 00:00:34,320
you know I thought in order to keep

13
00:00:38,510 --> 00:00:37,380

doing a show while I worked through it I

14

00:00:41,209 --> 00:00:38,520

can kind of share some of these

15

00:00:44,750 --> 00:00:41,219

documents as I go

16

00:00:50,270 --> 00:00:44,760

um so you'll see the little pieces of

17

00:00:54,110 --> 00:00:51,590

so

18

00:00:55,740 --> 00:00:54,120

who is that being said

19

00:01:02,070 --> 00:00:55,750

let's do it

20

00:01:14,270 --> 00:01:07,330

[Music]

21

00:01:16,580 --> 00:01:14,280

foreign

22

00:01:31,010 --> 00:01:16,590

[Applause]

23

00:01:36,069 --> 00:01:33,590

all right so this is the first show back

24

00:01:39,350 --> 00:01:36,079

since the

25

00:01:42,710 --> 00:01:39,360

uh near debacle uh with Senator Harry

26

00:01:44,389 --> 00:01:42,720

Reid in the tech issues we had

27

00:01:46,910 --> 00:01:44,399

um we wound up getting something going

28

00:01:49,069 --> 00:01:46,920

so uh that's good I hope you enjoyed

29

00:01:51,530 --> 00:01:49,079

what we did do

30

00:01:53,330 --> 00:01:51,540

um it was great to talk to him I mean it

31

00:01:55,490 --> 00:01:53,340

was a senator

32

00:01:57,950 --> 00:01:55,500

that's awesome you know I felt really

33

00:01:59,450 --> 00:01:57,960

lucky to talk to him

34

00:02:01,010 --> 00:01:59,460

um

35

00:02:03,889 --> 00:02:01,020

and he's a good person

36

00:02:05,810 --> 00:02:03,899

he's a strong person he's got tenacity

37

00:02:07,670 --> 00:02:05,820

you know

38

00:02:11,930 --> 00:02:07,680

um

39

00:02:17,270 --> 00:02:15,350

parsing his words because

40

00:02:19,070 --> 00:02:17,280

something about a football shape thing

41

00:02:21,170 --> 00:02:19,080

in the Omaha and all that kind of stuff

42

00:02:22,430 --> 00:02:21,180

in and out of the water and you know the

43

00:02:24,770 --> 00:02:22,440

only thing I would have to say is give

44

00:02:28,490 --> 00:02:24,780

the guy a break he's 81 years old

45

00:02:31,009 --> 00:02:28,500

um and I know for a fact that

46

00:02:32,869 --> 00:02:31,019

um his health is not good

47

00:02:34,490 --> 00:02:32,879

so

48

00:02:35,270 --> 00:02:34,500

let's just

49

00:02:36,770 --> 00:02:35,280

um

50

00:02:39,589 --> 00:02:36,780

you know keep the eyes on the prize

51
00:02:41,930 --> 00:02:39,599
which is hard data right I mean that's

52
00:02:44,390 --> 00:02:41,940
what everybody wants to convince the

53
00:02:46,790 --> 00:02:44,400
masses of what's going on so whether he

54
00:02:49,009 --> 00:02:46,800
said something or not it's really

55
00:02:51,470 --> 00:02:49,019
irrelevant towards

56
00:02:53,089 --> 00:02:51,480
you know the end game of disclosure now

57
00:02:56,690 --> 00:02:53,099
you can take pieces like that and maybe

58
00:02:58,309 --> 00:02:56,700
link it up to other things you know

59
00:03:00,290 --> 00:02:58,319
um

60
00:03:04,009 --> 00:03:00,300
but no matter what he says that on its

61
00:03:06,229 --> 00:03:04,019
own isn't going to be proof of anything

62
00:03:09,770 --> 00:03:06,239
and it isn't with anyone else

63
00:03:12,589 --> 00:03:09,780

you know uh what we need is

64

00:03:15,229 --> 00:03:12,599

you know something that

65

00:03:16,490 --> 00:03:15,239

will make sense to everybody other than

66

00:03:18,589 --> 00:03:16,500

us

67

00:03:20,270 --> 00:03:18,599

right

68

00:03:23,509 --> 00:03:20,280

um

69

00:03:25,850 --> 00:03:23,519

so yeah that's just my two cents is it's

70

00:03:26,990 --> 00:03:25,860

really not worth

71

00:03:29,270 --> 00:03:27,000

um

72

00:03:32,210 --> 00:03:29,280

going too much further into it's already

73

00:03:37,789 --> 00:03:35,690

messy I guess with what he said what's

74

00:03:42,770 --> 00:03:37,799

real what isn't sources that exist or

75

00:03:47,449 --> 00:03:46,070

doesn't matter we want the hard data so

76

00:03:49,550 --> 00:03:47,459

um let's just

77

00:03:52,130 --> 00:03:49,560

at least what I'm doing is I'm trying to

78

00:03:53,809 --> 00:03:52,140

get that you know I can't

79

00:03:56,330 --> 00:03:53,819

um Green Street said did you ask Harry

80

00:03:58,970 --> 00:03:56,340

you read for for hard data yeah I asked

81

00:04:05,690 --> 00:04:01,910

he offered it to me but I said no I said

82

00:04:07,729 --> 00:04:05,700

nope I rather have you just say stuff

83

00:04:09,890 --> 00:04:07,739

actually I was in my head like spinning

84

00:04:13,550 --> 00:04:09,900

and going crazy

85

00:04:15,589 --> 00:04:13,560

to just get something working

86

00:04:17,990 --> 00:04:15,599

um so even if

87

00:04:20,870 --> 00:04:18,000

you know I wouldn't even it was just

88

00:04:23,150 --> 00:04:20,880

hard enough to keep my composure and get

89

00:04:24,950 --> 00:04:23,160

through it so luckily I had some

90

00:04:27,409 --> 00:04:24,960

questions written down but actually most

91

00:04:29,210 --> 00:04:27,419

of them were off the cuff like uh

92

00:04:31,370 --> 00:04:29,220

afterlife and all that kind of stuff and

93

00:04:34,490 --> 00:04:31,380

what's the most impactful encounter

94

00:04:36,030 --> 00:04:34,500

all that kind of stuff so

95

00:04:36,469 --> 00:04:36,040

is what it is

96

00:04:37,790 --> 00:04:36,479

[Music]

97

00:04:40,310 --> 00:04:37,800

um

98

00:04:42,710 --> 00:04:40,320

you know if nobody's asking me but if

99

00:04:43,790 --> 00:04:42,720

you were to I would say just be grateful

100

00:04:45,590 --> 00:04:43,800

that

101
00:04:47,150 --> 00:04:45,600
you know he's contributing

102
00:04:50,270 --> 00:04:47,160
and that he's doing a tiny little

103
00:04:52,370 --> 00:04:50,280
podcast like this you know

104
00:04:54,290 --> 00:04:52,380
um like I said before that just kind of

105
00:04:57,530 --> 00:04:54,300
goes to show how important that he

106
00:04:59,450 --> 00:04:57,540
thinks all this is and I think all this

107
00:05:00,409 --> 00:04:59,460
is

108
00:05:03,050 --> 00:05:00,419
um

109
00:05:04,310 --> 00:05:03,060
and that's the biggest takeaway to me of

110
00:05:08,210 --> 00:05:04,320
that interview

111
00:05:13,310 --> 00:05:10,730
how he believes in this topic and that

112
00:05:15,830 --> 00:05:13,320
how he believes we deserve transparency

113
00:05:18,350 --> 00:05:15,840

on the topic and he said that so many

114

00:05:21,590 --> 00:05:18,360

times you know but that doesn't mean he

115

00:05:22,730 --> 00:05:21,600

can give us the transparency

116

00:05:27,529 --> 00:05:22,740

you know

117

00:05:33,170 --> 00:05:30,290

I bet he wishes he could

118

00:05:34,810 --> 00:05:33,180

but with that being said

119

00:05:37,850 --> 00:05:34,820

let's

120

00:05:40,790 --> 00:05:37,860

do the hellos

121

00:05:44,330 --> 00:05:40,800

he is a kind older man yes Robert

122

00:05:45,890 --> 00:05:44,340

Megan good to see you back Jack

123

00:05:48,469 --> 00:05:45,900

awesome

124

00:05:48,800 --> 00:05:48,479

hope your time away from the show is

125

00:05:51,830 --> 00:05:48,810

great

126

00:05:54,230 --> 00:05:51,840

[Laughter]

127

00:05:56,689 --> 00:05:54,240

Daniel Christensen ET Tech that's your

128

00:05:58,850 --> 00:05:56,699

area of study all righty that sounds

129

00:06:00,770 --> 00:05:58,860

good

130

00:06:01,850 --> 00:06:00,780

um yeah let me know what you find that'd

131

00:06:05,330 --> 00:06:01,860

be cool

132

00:06:07,969 --> 00:06:05,340

hey bro what's up dude good to see you

133

00:06:09,950 --> 00:06:07,979

spaghetti Lee good to see you bro

134

00:06:12,230 --> 00:06:09,960

oh I got your John Lennon picture by the

135

00:06:14,450 --> 00:06:12,240

way I just it's like I got distracted

136

00:06:16,730 --> 00:06:14,460

and never went back to it I am a huge

137

00:06:20,330 --> 00:06:16,740

John London fan

138

00:06:23,689 --> 00:06:20,340

um he was basically my idol growing up

139

00:06:24,650 --> 00:06:23,699

so good call on that one

140

00:06:33,529 --> 00:06:24,660

um

141

00:06:37,129 --> 00:06:35,749

that's a good comment right there

142

00:06:38,930 --> 00:06:37,139

I could probably just turn the lights

143

00:06:41,809 --> 00:06:38,940

off and just

144

00:06:43,070 --> 00:06:41,819

let you sit with that

145

00:06:45,409 --> 00:06:43,080

right

146

00:06:47,689 --> 00:06:45,419

uh evaporative gauge

147

00:06:49,309 --> 00:06:47,699

oh yeah spread of the moment uh things

148

00:06:50,870 --> 00:06:49,319

like that make it interesting

149

00:06:53,210 --> 00:06:50,880

um I really appreciate you saying that

150

00:06:54,890 --> 00:06:53,220

man because at the end of the day

151
00:06:56,749 --> 00:06:54,900
you know no one really gives you pets on

152
00:06:57,890 --> 00:06:56,759
the back any of my colleagues or

153
00:06:59,450 --> 00:06:57,900
whatever

154
00:07:01,550 --> 00:06:59,460
um

155
00:07:03,529 --> 00:07:01,560
you know some have said you know good

156
00:07:05,390 --> 00:07:03,539
job or whatever but it's you guys that

157
00:07:07,490 --> 00:07:05,400
go above and beyond and really make me

158
00:07:09,290 --> 00:07:07,500
feel like it's worth it with things like

159
00:07:11,150 --> 00:07:09,300
that you know

160
00:07:13,010 --> 00:07:11,160
um if I didn't have these things it

161
00:07:14,809 --> 00:07:13,020
would definitely feel like a very

162
00:07:17,450 --> 00:07:14,819
thankless thing

163
00:07:19,610 --> 00:07:17,460

so I appreciate you

164

00:07:21,469 --> 00:07:19,620

uh saying that febin it really does mean

165

00:07:23,270 --> 00:07:21,479

a lot and everybody else who said

166

00:07:25,010 --> 00:07:23,280

something that means a lot

167

00:07:26,270 --> 00:07:25,020

Curtis what's up

168

00:07:28,790 --> 00:07:26,280

I don't know if you're new to the show

169

00:07:32,689 --> 00:07:28,800

or not but it's good to see you

170

00:07:35,629 --> 00:07:32,699

uh ethereal or uh what's up awesome to

171

00:07:41,629 --> 00:07:38,749

uh you're just lurking

172

00:07:45,589 --> 00:07:41,639

yeah that's cool whatever you like

173

00:07:47,629 --> 00:07:45,599

whatever you want to do alien girl

174

00:07:50,210 --> 00:07:47,639

uh 2K yeah

175

00:07:52,010 --> 00:07:50,220

2K but you know what does that really

176

00:07:54,589 --> 00:07:52,020

mean it's just a number I don't think

177

00:07:57,110 --> 00:07:54,599

I've ever had

178

00:07:59,450 --> 00:07:57,120

you know I doubt that uh every one of

179

00:08:02,150 --> 00:07:59,460

those people have ever viewed uh one of

180

00:08:04,010 --> 00:08:02,160

my videos at the same time you know we

181

00:08:06,529 --> 00:08:04,020

have 10 people here live

182

00:08:08,749 --> 00:08:06,539

two gay subscribers it really does make

183

00:08:10,490 --> 00:08:08,759

a difference I'm just here

184

00:08:13,010 --> 00:08:10,500

um

185

00:08:16,430 --> 00:08:13,020

because you know I'm obviously on my own

186

00:08:18,650 --> 00:08:16,440

mission and you guys appreciate how I

187

00:08:21,710 --> 00:08:18,660

um take that on

188

00:08:25,010 --> 00:08:21,720

and enjoy it so we're in this together

189

00:08:26,689 --> 00:08:25,020

myself and you guys in the chat

190

00:08:29,589 --> 00:08:26,699

everybody else hopefully they come along

191

00:08:34,070 --> 00:08:29,599

at some point uh the

192

00:08:39,350 --> 00:08:37,909

um well yeah is what it is so

193

00:08:41,449 --> 00:08:39,360

um I'm kind of used to that being in the

194

00:08:43,610 --> 00:08:41,459

music world and all that stuff too right

195

00:08:48,470 --> 00:08:43,620

it's like um

196

00:08:51,170 --> 00:08:48,480

your Facebook page has so many

197

00:08:52,870 --> 00:08:51,180

uh like my bad Facebook pages so many

198

00:08:55,430 --> 00:08:52,880

likes or whatever but none of them even

199

00:08:58,250 --> 00:08:55,440

look at my stuff

200

00:09:01,670 --> 00:08:58,260

as itself goes

201
00:09:03,410 --> 00:09:01,680
Ralph Blumenthal oh yeah that's cool I

202
00:09:06,530 --> 00:09:03,420
totally forgot about that

203
00:09:08,930 --> 00:09:06,540
I was just so into what I was doing and

204
00:09:10,670 --> 00:09:08,940
I was like let me just take this fine

205
00:09:12,290 --> 00:09:10,680
assortment of docs I have and put them

206
00:09:13,910 --> 00:09:12,300
out there if you guys want to go check

207
00:09:16,610 --> 00:09:13,920
out Vinnie and Ralph completely

208
00:09:19,250 --> 00:09:16,620
understand I'm gonna make this pretty

209
00:09:20,810 --> 00:09:19,260
cut and dry anyways

210
00:09:23,350 --> 00:09:20,820
um

211
00:09:25,610 --> 00:09:23,360
you know to make it

212
00:09:27,230 --> 00:09:25,620
you know straight to the point so people

213
00:09:31,310 --> 00:09:27,240

don't have to

214

00:09:34,310 --> 00:09:31,320

uh wait for the goodies too long

215

00:09:36,829 --> 00:09:34,320

yes that's the charm small but loyal and

216

00:09:39,710 --> 00:09:36,839

fun smart and funny yeah you guys are

217

00:09:43,370 --> 00:09:41,570

um what do we get here working at my

218

00:09:44,509 --> 00:09:43,380

physical set right now for my streams

219

00:09:45,889 --> 00:09:44,519

because I want it to look more

220

00:09:47,509 --> 00:09:45,899

professional in the background maybe

221

00:09:49,070 --> 00:09:47,519

even a Shelf with artifacts and

222

00:09:51,889 --> 00:09:49,080

references from our research and popular

223

00:09:54,290 --> 00:09:51,899

lore yeah I love it dude I look that's a

224

00:09:56,690 --> 00:09:54,300

good idea

225

00:09:58,190 --> 00:09:56,700

um my background I kind of change it all

226

00:10:00,170 --> 00:09:58,200

the time

227

00:10:01,610 --> 00:10:00,180

but I've been sitting on this for a bit

228

00:10:03,590 --> 00:10:01,620

now

229

00:10:06,110 --> 00:10:03,600

um but I like changing it spicing it up

230

00:10:07,910 --> 00:10:06,120

make it look a little different

231

00:10:08,870 --> 00:10:07,920

um the interview I did with Senator Reid

232

00:10:10,370 --> 00:10:08,880

was

233

00:10:12,710 --> 00:10:10,380

um at a different room I called the Gold

234

00:10:16,850 --> 00:10:14,509

um

235

00:10:18,949 --> 00:10:16,860

that I was the only one using that

236

00:10:20,810 --> 00:10:18,959

internet connection there so that's why

237

00:10:23,829 --> 00:10:20,820

I used it in the in the end it wasn't my

238

00:10:27,590 --> 00:10:23,839

internet connection that even mattered

239

00:10:30,470 --> 00:10:27,600

which is funny but

240

00:10:34,610 --> 00:10:30,480

oh well you know

241

00:10:38,030 --> 00:10:36,110

um but again if you want to go watch

242

00:10:39,670 --> 00:10:38,040

Finney go do that you can always

243

00:10:43,069 --> 00:10:39,680

re-watch this

244

00:10:46,069 --> 00:10:43,079

obviously so

245

00:10:47,750 --> 00:10:46,079

um Ralph just wrote a pretty great

246

00:10:49,850 --> 00:10:47,760

article

247

00:10:53,990 --> 00:10:49,860

um and the debrief put it up

248

00:10:56,750 --> 00:10:54,000

and Jay one of the experiences actually

249

00:10:58,670 --> 00:10:56,760

mentioned in that article and he was

250

00:11:01,370 --> 00:10:58,680

used as a anonymous source for Richard

251
00:11:03,889 --> 00:11:01,380
Dolan book last year and I think others

252
00:11:06,530 --> 00:11:03,899
too but we're going to bring him on here

253
00:11:07,730 --> 00:11:06,540
soon hopefully

254
00:11:09,650 --> 00:11:07,740
um to

255
00:11:12,290 --> 00:11:09,660
you know discuss

256
00:11:14,030 --> 00:11:12,300
maybe just not his experience because he

257
00:11:16,009 --> 00:11:14,040
went through that now right

258
00:11:19,190 --> 00:11:16,019
so maybe

259
00:11:19,910 --> 00:11:19,200
his group The Experience there's a group

260
00:11:22,009 --> 00:11:19,920
um

261
00:11:23,870 --> 00:11:22,019
and other things of that sort

262
00:11:25,370 --> 00:11:23,880
so

263
00:11:27,590 --> 00:11:25,380

because I think that's important because

264

00:11:28,910 --> 00:11:27,600

there's so many of us who've had

265

00:11:32,210 --> 00:11:28,920

experiences and different kinds of

266

00:11:33,889 --> 00:11:32,220

experiences and

267

00:11:36,050 --> 00:11:33,899

you know still it really doesn't seem

268

00:11:38,150 --> 00:11:36,060

like there's a safe place for me all the

269

00:11:40,910 --> 00:11:38,160

other experienced things like contact

270

00:11:42,949 --> 00:11:40,920

tour or Sheehan or Mark Sims

271

00:11:45,650 --> 00:11:42,959

I've emailed them they don't they don't

272

00:11:47,030 --> 00:11:45,660

email me back you know

273

00:11:52,610 --> 00:11:47,040

so

274

00:11:54,590 --> 00:11:52,620

know yeah group to be a part of or

275

00:11:55,550 --> 00:11:54,600

anything but

276

00:11:57,590 --> 00:11:55,560

um

277

00:12:00,470 --> 00:11:57,600

you know and I get my camaraderie from

278

00:12:01,430 --> 00:12:00,480

from people like James landoli

279

00:12:11,269 --> 00:12:01,440

um

280

00:12:17,509 --> 00:12:14,710

so just to not

281

00:12:20,090 --> 00:12:17,519

oh Christopher Walford

282

00:12:22,250 --> 00:12:20,100

he's a buddy

283

00:12:27,590 --> 00:12:25,970

you know there's a lot of other people

284

00:12:29,389 --> 00:12:27,600

yeah we just

285

00:12:31,430 --> 00:12:29,399

you know kind of talk to each other

286

00:12:33,530 --> 00:12:31,440

about different things if we needed

287

00:12:36,290 --> 00:12:33,540

bounce each other off I mean James and

288

00:12:37,910 --> 00:12:36,300

Chris uh Chris Walford and James lindoli

289

00:12:40,550 --> 00:12:37,920

have um

290

00:12:43,790 --> 00:12:40,560

really really really really been helpful

291

00:12:47,030 --> 00:12:43,800

to me and you know the funny part is not

292

00:12:49,009 --> 00:12:47,040

even in the experience aspect it's in

293

00:12:52,069 --> 00:12:49,019

the research stuff

294

00:12:53,930 --> 00:12:52,079

which is so interesting isn't it

295

00:12:57,590 --> 00:12:53,940

um I'm developing something with Jay

296

00:12:58,850 --> 00:12:57,600

just he's super nice guy and I said this

297

00:12:59,629 --> 00:12:58,860

on Twitter but

298

00:13:02,090 --> 00:12:59,639

um

299

00:13:05,509 --> 00:13:02,100

and this is a huge blanket statement so

300

00:13:07,190 --> 00:13:05,519

don't take it as that I'm just for a

301
00:13:10,069 --> 00:13:07,200
lack of a better thing because their

302
00:13:11,569 --> 00:13:10,079
language is only so

303
00:13:13,790 --> 00:13:11,579
you know you can only do so much with

304
00:13:15,710 --> 00:13:13,800
their language I guess but

305
00:13:17,769 --> 00:13:15,720
um

306
00:13:23,269 --> 00:13:17,779
those people

307
00:13:28,910 --> 00:13:26,269
the most kind and generous and helpful

308
00:13:29,990 --> 00:13:28,920
to me

309
00:13:31,850 --> 00:13:30,000
um

310
00:13:36,230 --> 00:13:31,860
you know and I guess I just mean people

311
00:13:41,389 --> 00:13:38,990
um and other people that

312
00:13:45,290 --> 00:13:41,399
I hopefully you know your name eludes me

313
00:13:48,430 --> 00:13:46,910

um and there's other people out there

314

00:13:55,250 --> 00:13:48,440

that

315

00:13:57,710 --> 00:13:55,260

process of disclosure

316

00:14:01,069 --> 00:13:57,720

you know arguing things that are

317

00:14:03,350 --> 00:14:01,079

pointless within aggression

318

00:14:08,750 --> 00:14:05,930

and I'm getting a little bit tired of it

319

00:14:11,210 --> 00:14:08,760

it doesn't matter what I think no not

320

00:14:12,829 --> 00:14:11,220

really but

321

00:14:15,470 --> 00:14:12,839

if you pay attention enough to Twitter

322

00:14:16,550 --> 00:14:15,480

I'm sure you know who I'm talking about

323

00:14:18,650 --> 00:14:16,560

but

324

00:14:20,689 --> 00:14:18,660

I don't think it's helpful

325

00:14:23,329 --> 00:14:20,699

at this point

326

00:14:26,629 --> 00:14:23,339

um to argue what's there

327

00:14:29,629 --> 00:14:26,639

um go find your truth go find

328

00:14:32,689 --> 00:14:29,639

your research to bring to the table

329

00:14:34,790 --> 00:14:32,699

improve your facts

330

00:14:36,110 --> 00:14:34,800

instead of begging other people to show

331

00:14:37,730 --> 00:14:36,120

their facts

332

00:14:40,790 --> 00:14:37,740

you can put in your own work and get

333

00:14:47,629 --> 00:14:43,430

is it easy no you have to put in hard

334

00:14:49,850 --> 00:14:47,639

work you know and it is more difficult

335

00:14:50,930 --> 00:14:49,860

than sitting back and asking people to

336

00:14:54,050 --> 00:14:50,940

give you

337

00:14:54,060 --> 00:14:57,189

you know

338

00:15:03,889 --> 00:15:00,189

so and there's some that are doing that

339

00:15:06,170 --> 00:15:03,899

you know but some don't

340

00:15:10,069 --> 00:15:06,180

so the blanket statement thing sucks I

341

00:15:15,110 --> 00:15:12,050

you know name names and start stupid

342

00:15:17,090 --> 00:15:15,120

stuff because I do love everybody and I

343

00:15:19,490 --> 00:15:17,100

think everybody has their own Road

344

00:15:21,769 --> 00:15:19,500

and they'll get to

345

00:15:23,930 --> 00:15:21,779

you know the point they need to get at

346

00:15:25,730 --> 00:15:23,940

whenever that right time comes and I'm

347

00:15:27,710 --> 00:15:25,740

not saying it's believing this thing or

348

00:15:29,150 --> 00:15:27,720

anything just at a point where they can

349

00:15:30,590 --> 00:15:29,160

feel happy

350

00:15:32,090 --> 00:15:30,600

in content

351
00:15:33,829 --> 00:15:32,100
with their life

352
00:15:39,410 --> 00:15:33,839
you know

353
00:15:43,189 --> 00:15:41,449
oh you guys are

354
00:15:45,140 --> 00:15:43,199
um starting a party over there hey are

355
00:15:47,930 --> 00:15:45,150
you guys even paying attention to me

356
00:15:50,990 --> 00:15:47,940
[Laughter]

357
00:15:53,030 --> 00:15:51,000
yeah Project Unity yes that's another

358
00:15:55,790 --> 00:15:53,040
one that guy's awesome

359
00:16:03,470 --> 00:15:59,210
is this a nice person

360
00:16:05,629 --> 00:16:03,480
you know it's just a nice guy

361
00:16:08,650 --> 00:16:05,639
and he's respectful

362
00:16:12,530 --> 00:16:08,660
and curious

363
00:16:14,870 --> 00:16:12,540

and really has a great way of

364

00:16:18,050 --> 00:16:14,880

you know putting his thoughts to this

365

00:16:18,060 --> 00:16:20,930

um

366

00:16:25,550 --> 00:16:23,449

that work you know and is it the

367

00:16:28,069 --> 00:16:25,560

ultimate truth I don't know does he know

368

00:16:29,749 --> 00:16:28,079

probably not either

369

00:16:32,389 --> 00:16:29,759

but that's the point where I'll just try

370

00:16:35,990 --> 00:16:32,399

and you know based on who we are and the

371

00:16:40,850 --> 00:16:38,210

yeah and then it's like the the Twitter

372

00:16:42,590 --> 00:16:40,860

thing it's like there's no personality

373

00:16:47,569 --> 00:16:42,600

there

374

00:16:50,329 --> 00:16:47,579

person says it

375

00:16:53,689 --> 00:16:50,339

right if they're smiling if they're

376

00:16:53,699 --> 00:16:57,350

so

377

00:17:00,889 --> 00:16:59,389

it's just uh you know it's beating a

378

00:17:04,490 --> 00:17:00,899

dead horse but it's not a good place to

379

00:17:09,770 --> 00:17:04,500

to you know try to

380

00:17:09,780 --> 00:17:13,250

Sue

381

00:17:18,490 --> 00:17:15,110

you know what I haven't done this in a

382

00:17:21,650 --> 00:17:18,500

while and we are going to

383

00:17:28,610 --> 00:17:21,660

have a great document day so why don't

384

00:17:32,690 --> 00:17:31,310

ladies and gentlemen the document of the

385

00:17:40,310 --> 00:17:32,700

day

386

00:17:42,529 --> 00:17:40,320

[Music]

387

00:17:44,250 --> 00:17:42,539

The Dock of the day

388

00:17:46,850 --> 00:17:44,260

yeah yeah

389

00:17:49,200 --> 00:17:46,860

[Music]

390

00:17:52,730 --> 00:17:49,210

it's the Dark of the day

391

00:17:54,190 --> 00:17:52,740

[Music]

392

00:17:59,390 --> 00:17:54,200

foreign

393

00:18:04,130 --> 00:18:01,790

yes can't get sick of that song right

394

00:18:07,190 --> 00:18:04,140

[Laughter]

395

00:18:09,590 --> 00:18:07,200

all right so without further Ado

396

00:18:11,510 --> 00:18:09,600

um I found a way to you know get this a

397

00:18:16,070 --> 00:18:11,520

little zoomed in too so you guys can

398

00:18:22,310 --> 00:18:19,490

which is awesome so

399

00:18:23,630 --> 00:18:22,320

these are in no boiler and kind of

400

00:18:26,529 --> 00:18:23,640

particular order they're all about

401
00:18:28,669 --> 00:18:26,539
around 1952 Mo I think all of these

402
00:18:31,130 --> 00:18:28,679
interestingly enough around Washington

403
00:18:32,930 --> 00:18:31,140
DC some of these are in Washington DC

404
00:18:36,409 --> 00:18:32,940
this one you'll see is Milton

405
00:18:39,289 --> 00:18:36,419
Massachusetts April 24th 1952 for those

406
00:18:42,590 --> 00:18:39,299
of you who aren't familiar with DC those

407
00:18:44,930 --> 00:18:42,600
sightings happened on I believe it it's

408
00:18:47,350 --> 00:18:44,940
pacing me out I think it was the 19th

409
00:18:50,690 --> 00:18:47,360
20th

410
00:18:52,310 --> 00:18:50,700
27th and 28th I want to say so it's two

411
00:18:56,270 --> 00:18:52,320
weekends I could have had that the

412
00:18:57,890 --> 00:18:56,280
actual dates whatever but um basically

413
00:18:58,850 --> 00:18:57,900

that so this is interesting because it's

414

00:19:02,029 --> 00:18:58,860

right

415

00:19:04,669 --> 00:19:02,039

it's coming up on that and as you will

416

00:19:05,930 --> 00:19:04,679

see these documents you'll notice that

417

00:19:09,830 --> 00:19:05,940

there was

418

00:19:12,350 --> 00:19:09,840

so much of this going on around DC and

419

00:19:14,750 --> 00:19:12,360

around the country

420

00:19:17,210 --> 00:19:14,760

right and the documents I'm going to

421

00:19:21,169 --> 00:19:17,220

show you aren't

422

00:19:24,110 --> 00:19:21,179

a guy saw something the end

423

00:19:30,529 --> 00:19:27,710

um these are going to be some sort of uh

424

00:19:36,710 --> 00:19:30,539

military person or civil servant

425

00:19:40,310 --> 00:19:36,720

uh like a cop or an FBI agent even or

426

00:19:42,230 --> 00:19:40,320

you know an assistant secretary or a

427

00:19:44,930 --> 00:19:42,240

assistant to the Secretary of Defense

428

00:19:47,570 --> 00:19:44,940

you know those are the kinds of things

429

00:19:54,529 --> 00:19:47,580

we're going to be looking at and a lot

430

00:19:59,570 --> 00:19:56,870

so

431

00:20:01,370 --> 00:19:59,580

and then all these they get in touch

432

00:20:02,870 --> 00:20:01,380

with their weather bureau like the

433

00:20:04,850 --> 00:20:02,880

closest weather building to check the

434

00:20:06,529 --> 00:20:04,860

weather if there's any reason that this

435

00:20:10,010 --> 00:20:06,539

phenomenon would be there

436

00:20:14,570 --> 00:20:10,020

and in all instances so far

437

00:20:18,230 --> 00:20:16,190

um

438

00:20:22,190 --> 00:20:18,240

so yeah let's get into it this one we

439

00:20:25,010 --> 00:20:22,200

have April 28 1952 Alfred p fernish and

440

00:20:27,970 --> 00:20:25,020

Herbert J Braun and Joseph Page United

441

00:20:31,610 --> 00:20:27,980

States Air Force civilian employees

442

00:20:38,510 --> 00:20:31,620

assigned to radar systems laboratory so

443

00:20:45,730 --> 00:20:40,370

and as you scroll down we get the

444

00:20:52,430 --> 00:20:48,409

Electronics Research division Air Force

445

00:20:54,049 --> 00:20:52,440

Cambridge Research Center for those of

446

00:20:56,750 --> 00:20:54,059

you who don't know Cambridge Research

447

00:20:59,750 --> 00:20:56,760

Center is the place the laboratory

448

00:21:07,730 --> 00:20:59,760

basically that worked the green Fireball

449

00:21:12,649 --> 00:21:09,590

um so anyways

450

00:21:13,789 --> 00:21:12,659

they reported two captains James are

451
00:21:17,690 --> 00:21:13,799
luck

452
00:21:19,490 --> 00:21:17,700
air Provost Marshall that installation

453
00:21:22,070 --> 00:21:19,500
uh that they had observed two

454
00:21:23,870 --> 00:21:22,080
unidentified Airborne objects at those

455
00:21:27,529 --> 00:21:23,880
different times that you can see 14 30

456
00:21:31,310 --> 00:21:27,539
14 45 so it's military time of course on

457
00:21:34,070 --> 00:21:31,320
the 24th of April 1952

458
00:21:35,870 --> 00:21:34,080
on the 29th of April 1952 Joseph Page

459
00:21:37,190 --> 00:21:35,880
was interviewed by special agent James

460
00:21:39,529 --> 00:21:37,200
hens and furnished the following

461
00:21:43,870 --> 00:21:39,539
information description of object two

462
00:21:47,630 --> 00:21:43,880
flat flexible square like objects

463
00:21:51,409 --> 00:21:47,640

with greatest Dimension approximately 10

464

00:21:53,890 --> 00:21:51,419

feet in of undetermined thickness

465

00:21:56,029 --> 00:21:53,900

which they wouldn't

466

00:21:57,289 --> 00:21:56,039

kanuzzi wouldn't have put a damn stamp

467

00:21:59,930 --> 00:21:57,299

over this but

468

00:22:01,970 --> 00:21:59,940

uh looks like it says red color having

469

00:22:06,590 --> 00:22:01,980

no aerodynamics having no trailer

470

00:22:10,430 --> 00:22:08,210

yeah I don't know

471

00:22:12,770 --> 00:22:10,440

maybe it says traveled with a hoax and

472

00:22:15,049 --> 00:22:12,780

we're just wasting our time

473

00:22:18,289 --> 00:22:15,059

I'm just kidding

474

00:22:19,610 --> 00:22:18,299

all right so

475

00:22:23,330 --> 00:22:19,620

here we go

476

00:22:29,210 --> 00:22:26,210

let's set up this one

477

00:22:33,169 --> 00:22:29,220

the date on this one 13th of July 1952

478

00:22:35,210 --> 00:22:33,179

ho ho the weekend before DC sightings um

479

00:22:37,669 --> 00:22:35,220

so we're getting Braintree Mass reported

480

00:22:39,049 --> 00:22:37,679

that she observed a deep red rectangular

481

00:22:41,930 --> 00:22:39,059

object

482

00:22:45,850 --> 00:22:41,940

in a vertical position at 22 35 hours

483

00:22:47,990 --> 00:22:45,860

Eastern on 13th of July 1952.

484

00:22:50,330 --> 00:22:48,000

no activity

485

00:22:54,350 --> 00:22:50,340

or a condition developed

486

00:22:58,490 --> 00:22:56,990

uh details on the 17th of July which

487

00:23:01,070 --> 00:22:58,500

might have been I forget what the dates

488

00:23:03,950 --> 00:23:01,080

are again but could you imagine if this

489

00:23:05,270 --> 00:23:03,960

was when the DC settings started

490

00:23:08,090 --> 00:23:05,280

happening they're getting calls from

491

00:23:10,610 --> 00:23:08,100

somewhere else uh Captain Joseph uh Wing

492

00:23:13,490 --> 00:23:10,620

intelligence officer Air transport Wing

493

00:23:16,130 --> 00:23:13,500

Westover Air Force Base Mass furnished

494

00:23:19,190 --> 00:23:16,140

you special agent Tilson First District

495

00:23:22,430 --> 00:23:19,200

OSI Westover Air Force Base

496

00:23:27,950 --> 00:23:22,440

observed in unidentified Airborne object

497

00:23:34,390 --> 00:23:31,310

um they did an interview week after

498

00:23:38,390 --> 00:23:34,400

I tried to pick a various assortment of

499

00:23:40,370 --> 00:23:38,400

qualities of these objects or

500

00:23:43,430 --> 00:23:40,380

characteristics

501
00:23:45,950 --> 00:23:43,440
so the last one box we got a box right

502
00:23:48,409 --> 00:23:45,960
this one one triangular shaped deep red

503
00:23:51,289 --> 00:23:48,419
glowing object which seemed to hang or

504
00:23:53,930 --> 00:23:51,299
float in the sky about 20 degrees above

505
00:23:55,850 --> 00:23:53,940
the Horizon for approximately one to two

506
00:23:57,529 --> 00:23:55,860
minutes and then abruptly moving into

507
00:23:59,810 --> 00:23:57,539
Northern lead Direction without any

508
00:24:01,909 --> 00:23:59,820
gradual increase of speed the Triangular

509
00:24:04,970 --> 00:24:01,919
object was in a vertical position at all

510
00:24:07,850 --> 00:24:04,980
times that it was in view no sound was

511
00:24:13,250 --> 00:24:07,860
heard no aerodynamic features tailed or

512
00:24:17,870 --> 00:24:15,409
the speed of the object I'm guessing it

513
00:24:20,930 --> 00:24:17,880

says could not be determined so

514

00:24:23,630 --> 00:24:20,940

as we go through these you'll notice

515

00:24:25,490 --> 00:24:23,640

that the things we hear now

516

00:24:26,269 --> 00:24:25,500

are the same things that were documented

517

00:24:31,130 --> 00:24:26,279

then

518

00:24:32,990 --> 00:24:31,140

and when you really put that together

519

00:24:34,669 --> 00:24:33,000

it clicks

520

00:24:36,850 --> 00:24:34,679

that there's something

521

00:24:45,470 --> 00:24:36,860

going on

522

00:24:49,909 --> 00:24:47,090

you know

523

00:24:52,549 --> 00:24:49,919

there's too many consistencies in these

524

00:24:54,289 --> 00:24:52,559

different reports right and I can

525

00:24:57,529 --> 00:24:54,299

honestly say

526

00:24:59,210 --> 00:24:57,539

that if you really want to have a pot to

527

00:25:02,029 --> 00:24:59,220

piss in so to speak

528

00:25:06,529 --> 00:25:02,039

you have to look at these documents

529

00:25:12,830 --> 00:25:09,950

what was actually happening

530

00:25:14,870 --> 00:25:12,840

you know and you know John Greenwald

531

00:25:17,510 --> 00:25:14,880

Blackwell

532

00:25:19,789 --> 00:25:17,520

good guy great researcher get some tiffs

533

00:25:23,630 --> 00:25:19,799

who cares it's not about that he's a

534

00:25:27,289 --> 00:25:25,490

says you know the favorite his favorite

535

00:25:29,570 --> 00:25:27,299

part about what he does in the foia

536

00:25:33,470 --> 00:25:29,580

release is that he uses the government's

537

00:25:38,029 --> 00:25:35,149

you know

538

00:25:40,130 --> 00:25:38,039

just like this

539

00:25:42,350 --> 00:25:40,140

you know and there's

540

00:25:44,510 --> 00:25:42,360

let's see 30 OSI districts I'm going

541

00:25:48,830 --> 00:25:44,520

through I've gone through four

542

00:25:52,610 --> 00:25:51,049

um and I have 50 different military

543

00:25:54,470 --> 00:25:52,620

Witnesses

544

00:25:57,289 --> 00:25:54,480

all different sightings these are 50

545

00:25:59,510 --> 00:25:57,299

different sightings with

546

00:26:03,049 --> 00:25:59,520

um and they all are attached to a

547

00:26:05,750 --> 00:26:03,059

military or civil servant type Witness

548

00:26:12,529 --> 00:26:05,760

and some of these have multiple

549

00:26:17,269 --> 00:26:15,350

and this was in the 50s

550

00:26:19,850 --> 00:26:17,279

by no means it is stopped under Start

551
00:26:23,029 --> 00:26:20,690
um

552
00:26:26,390 --> 00:26:23,039
but I can only do what I can work with

553
00:26:28,610 --> 00:26:26,400
and I found all those OSI districts Air

554
00:26:31,010 --> 00:26:28,620
Force office of and special special

555
00:26:33,409 --> 00:26:31,020
investigation files

556
00:26:36,529 --> 00:26:33,419
so that's what I have to work with

557
00:26:39,409 --> 00:26:36,539
and I'm thankful for it because

558
00:26:41,149 --> 00:26:39,419
I found my own disclosure in this

559
00:26:45,350 --> 00:26:41,159
again that does mean I know what's going

560
00:26:49,610 --> 00:26:45,360
on but I know something is and then I'm

561
00:26:53,690 --> 00:26:51,130
you know

562
00:26:55,970 --> 00:26:53,700
what's interesting here though is at the

563
00:26:57,950 --> 00:26:55,980

top it says deep red rectangular object

564

00:27:00,110 --> 00:26:57,960

in a vertical position

565

00:27:05,149 --> 00:27:00,120

and at the bottom it says one triangular

566

00:27:11,149 --> 00:27:07,130

seen a lot of shapes

567

00:27:16,850 --> 00:27:13,850

shapeshifters

568

00:27:19,970 --> 00:27:16,860

Robert makes a great point

569

00:27:21,409 --> 00:27:19,980

if I can get my mouse over there

570

00:27:22,970 --> 00:27:21,419

sorry I'm not reading those I'm just

571

00:27:25,370 --> 00:27:22,980

trying to

572

00:27:29,269 --> 00:27:25,380

keep this straight through so it's

573

00:27:32,330 --> 00:27:29,279

watchable to people afterwards notice

574

00:27:33,710 --> 00:27:32,340

the term is unconventional aircraft and

575

00:27:36,909 --> 00:27:33,720

he's right

576

00:27:40,010 --> 00:27:36,919

they use different terms some are

577

00:27:42,289 --> 00:27:40,020

unidentified aerial phenomena some are

578

00:27:47,930 --> 00:27:42,299

unconventional aircraft

579

00:27:52,789 --> 00:27:50,330

but what Robert's getting at is that

580

00:27:55,430 --> 00:27:52,799

they were treating the nuts and bolts

581

00:27:58,190 --> 00:27:55,440

UFOs

582

00:28:02,090 --> 00:27:58,200

different from the not nuts and bolts

583

00:28:07,310 --> 00:28:02,100

phenomena and trying to separate the two

584

00:28:12,830 --> 00:28:10,010

good point spaghetti special agent

585

00:28:15,889 --> 00:28:12,840

Tilson was Hoover's personal assistant

586

00:28:17,870 --> 00:28:15,899

and then some so this went right to the

587

00:28:19,490 --> 00:28:17,880

top

588

00:28:23,110 --> 00:28:19,500

and a lot of these seem that way

589

00:28:29,090 --> 00:28:26,570

so this is good stuff

590

00:28:31,430 --> 00:28:29,100

and I'm putting in I mean I read went

591

00:28:33,649 --> 00:28:31,440

through like five six hundred documents

592

00:28:36,169 --> 00:28:33,659

yesterday and that's only four districts

593

00:28:39,049 --> 00:28:36,179

out of 30. so

594

00:28:41,029 --> 00:28:39,059

I'm putting in the work

595

00:28:43,430 --> 00:28:41,039

I'm definitely putting in the work so

596

00:28:46,010 --> 00:28:43,440

I'm glad that you guys are here and I I

597

00:28:55,130 --> 00:28:50,810

that you dig what you see all right

598

00:28:58,190 --> 00:28:55,140

so remember keep in mind DC sightings

599

00:29:03,049 --> 00:29:00,649

did like a couple days after this one

600

00:29:06,889 --> 00:29:03,059

now this is another different I'm trying

601
00:29:12,909 --> 00:29:10,130
on 16th of July 1952

602
00:29:16,130 --> 00:29:12,919
approximately zero nine three five hours

603
00:29:18,190 --> 00:29:16,140
U.S Coast Guard Station photographer U.S

604
00:29:20,570 --> 00:29:18,200
Coast Guard Air Station Salem Mass

605
00:29:22,909 --> 00:29:20,580
observe four unidentified Airborne

606
00:29:26,389 --> 00:29:22,919
objects west of the station

607
00:29:28,310 --> 00:29:26,399
a photograph of the objects was taken

608
00:29:33,230 --> 00:29:28,320
no activity or condition condition

609
00:29:38,149 --> 00:29:36,110
um telephone call received J.F McHugh

610
00:29:40,250 --> 00:29:38,159
Commander commanding officer U.S Coast

611
00:29:42,710 --> 00:29:40,260
Guard

612
00:29:46,250 --> 00:29:42,720
reporting that two of his men had

613
00:29:48,049 --> 00:29:46,260

observed unusual Airborne objects

614

00:29:50,630 --> 00:29:48,059

and now that's different unusual

615

00:29:54,049 --> 00:29:50,640

Airborne objects

616

00:29:56,690 --> 00:29:54,059

uh 16th of July 52

617

00:29:59,690 --> 00:29:56,700

Commander Q was contacted by special

618

00:30:01,850 --> 00:29:59,700

agent Richard Randall

619

00:30:04,610 --> 00:30:01,860

and the following information was

620

00:30:06,889 --> 00:30:04,620

obtained noticed a very brilliant light

621

00:30:08,570 --> 00:30:06,899

in the sky west of the station grabbed

622

00:30:11,630 --> 00:30:08,580

his camera and took a photograph of the

623

00:30:15,769 --> 00:30:13,730

um so somebody was in the same building

624

00:30:18,409 --> 00:30:15,779

and also saw a bright light the sky

625

00:30:20,269 --> 00:30:18,419

furnished the following information so

626

00:30:22,250 --> 00:30:20,279

uh what I've been noticing is when

627

00:30:24,230 --> 00:30:22,260

typically when the the names are blacked

628

00:30:25,850 --> 00:30:24,240

out they're going to be civilians and

629

00:30:30,470 --> 00:30:25,860

when they're not they're not going to be

630

00:30:35,330 --> 00:30:33,289

hey thanks Megan that's awesome

631

00:30:37,070 --> 00:30:35,340

I appreciate it

632

00:30:41,630 --> 00:30:37,080

cool

633

00:30:46,970 --> 00:30:43,430

um let me scroll down that should be it

634

00:30:49,250 --> 00:30:46,980

now I'm gonna be honest with you guys

635

00:30:51,470 --> 00:30:49,260

I'm not going to put these all in one

636

00:30:53,930 --> 00:30:51,480

place for you to go look at

637

00:30:55,789 --> 00:30:53,940

they are in the Stone Collection on my

638

00:30:57,710 --> 00:30:55,799

website that's where all these are taken

639

00:30:58,970 --> 00:30:57,720

from so you can go find them

640

00:31:02,149 --> 00:30:58,980

but I'm not going to group them up

641

00:31:06,350 --> 00:31:04,250

you know I got

642

00:31:07,669 --> 00:31:06,360

I got a big thing though that I'm

643

00:31:10,909 --> 00:31:07,679

working on

644

00:31:13,310 --> 00:31:10,919

um so this is just show and tell

645

00:31:15,049 --> 00:31:13,320

but of course those the all these

646

00:31:17,389 --> 00:31:15,059

documents are available on my website

647

00:31:19,549 --> 00:31:17,399

under the Clifford Stone Collection

648

00:31:22,850 --> 00:31:19,559

um and you can go find them yourself all

649

00:31:24,830 --> 00:31:22,860

these are broken up by OSI districts so

650

00:31:27,049 --> 00:31:24,840

if you really want to see him I told you

651
00:31:29,090 --> 00:31:27,059
that I've done OSI districts one through

652
00:31:32,870 --> 00:31:29,100
four so you know you can figure it out

653
00:31:38,810 --> 00:31:37,730
Clyde is FBI yeah FBI is on here there's

654
00:31:41,330 --> 00:31:38,820
um

655
00:31:43,549 --> 00:31:41,340
you know like uh Robert was on the show

656
00:31:44,269 --> 00:31:43,559
not too long ago and

657
00:31:46,669 --> 00:31:44,279
um

658
00:31:49,730 --> 00:31:46,679
you know we both kind of have the same

659
00:31:51,889 --> 00:31:49,740
thought of how many different people

660
00:31:53,870 --> 00:31:51,899
have their hands in this stuff or at

661
00:31:56,630 --> 00:31:53,880
least had their hands and this stuff

662
00:31:58,490 --> 00:31:56,640
and so the information's got to be

663
00:32:00,710 --> 00:31:58,500

all over the place but for the most part

664

00:32:05,930 --> 00:32:00,720

it it seems like it goes to air material

665

00:32:11,570 --> 00:32:09,230

then I don't know about now I have

666

00:32:13,730 --> 00:32:11,580

really no knowledge as far as how things

667

00:32:15,649 --> 00:32:13,740

go now unfortunately

668

00:32:16,909 --> 00:32:15,659

I just got stuck in trying to start from

669

00:32:18,950 --> 00:32:16,919

the beginning

670

00:32:20,330 --> 00:32:18,960

research and then here I am but it works

671

00:32:23,149 --> 00:32:20,340

out because I'm a mid-century type of

672

00:32:29,090 --> 00:32:23,159

guy I like the mid-century decor

673

00:32:29,100 --> 00:32:35,210

doesn't bother me

674

00:32:38,389 --> 00:32:36,889

all right

675

00:32:40,909 --> 00:32:38,399

I'm not going to keep saying this is the

676
00:32:43,190 --> 00:32:40,919
last time but remember DC Washington DC

677
00:32:45,710 --> 00:32:43,200
sightings

678
00:32:47,690 --> 00:32:45,720
all up in all of these things I'm

679
00:32:51,470 --> 00:32:47,700
showing you which aren't DC but are

680
00:32:51,480 --> 00:32:55,970
so this one

681
00:32:55,980 --> 00:33:00,350
let me scroll up here

682
00:33:04,850 --> 00:33:02,389
um let's see right at the top it says

683
00:33:08,389 --> 00:33:04,860
First District so why don't you guys

684
00:33:11,450 --> 00:33:08,399
let me go there synopsis on 23rd July

685
00:33:13,610 --> 00:33:11,460
1952 reports of sightings

686
00:33:17,509 --> 00:33:13,620
yeah now swinging back to what Robert

687
00:33:22,009 --> 00:33:17,519
said unidentified phenomenon not

688
00:33:25,610 --> 00:33:24,110

um were received from five separate

689

00:33:31,970 --> 00:33:25,620

sources no activity or condition

690

00:33:40,250 --> 00:33:34,490

uh my Twitter's going on for probably a

691

00:33:43,190 --> 00:33:41,810

it's like people really don't want him

692

00:33:45,409 --> 00:33:43,200

to talk about it

693

00:33:48,350 --> 00:33:45,419

anymore right

694

00:33:50,269 --> 00:33:48,360

um anyways telephone call was received

695

00:33:53,210 --> 00:33:50,279

Detachment b headquarters First District

696

00:33:55,549 --> 00:33:53,220

OSI from the duty officer 108 the cic

697

00:33:59,389 --> 00:33:55,559

Detachment I believe that's like a

698

00:34:00,769 --> 00:33:59,399

civilian something cic

699

00:34:04,130 --> 00:34:00,779

um Robert could probably help me out or

700

00:34:06,470 --> 00:34:04,140

spaghetti cic what that means

701
00:34:09,530 --> 00:34:06,480
uh Boston army base relaying a report

702
00:34:11,930 --> 00:34:09,540
from Lieutenant Commander W.J Adams uh

703
00:34:14,510 --> 00:34:11,940
squanton Naval Air Station

704
00:34:16,310 --> 00:34:14,520
Quincy Mass to the effect that he and

705
00:34:17,629 --> 00:34:16,320
several others observed unidentified

706
00:34:20,089 --> 00:34:17,639
phenomena

707
00:34:22,190 --> 00:34:20,099
during the night of the 22nd of July

708
00:34:27,470 --> 00:34:22,200
1952

709
00:34:28,609 --> 00:34:27,480
and then here we have guy Bailey weather

710
00:34:31,210 --> 00:34:28,619
Observer

711
00:34:34,790 --> 00:34:31,220
Logan Airport Boston Mass

712
00:34:35,810 --> 00:34:34,800
advised that even he observed strange

713
00:34:42,230 --> 00:34:35,820

lights

714

00:34:44,869 --> 00:34:42,240

between 2315 and 23 26 hours on the 22nd

715

00:34:49,909 --> 00:34:44,879

additional calls reporting similar

716

00:34:53,329 --> 00:34:51,470

um

717

00:34:55,669 --> 00:34:53,339

I'm trying to use my x-ray vision but

718

00:34:57,349 --> 00:34:55,679

it's not working

719

00:35:00,470 --> 00:34:57,359

so we'll have to skip it

720

00:35:05,270 --> 00:35:00,480

Roxbury all in Mass results of personal

721

00:35:09,970 --> 00:35:05,280

interviews with by a special Agent B

722

00:35:14,150 --> 00:35:12,829

babinga papinga yeah that's probably

723

00:35:18,109 --> 00:35:14,160

right

724

00:35:20,510 --> 00:35:18,119

third July 1952 I hope you like that I'm

725

00:35:22,550 --> 00:35:20,520

a goofball our set forth this district

726

00:35:24,290 --> 00:35:22,560

office does not contemplate interview

727

00:35:27,410 --> 00:35:24,300

blah blah unless your headquarters

728

00:35:32,930 --> 00:35:30,050

and so I believe you know your

729

00:35:36,530 --> 00:35:32,940

headquarters so headquarters

730

00:35:38,150 --> 00:35:36,540

United States Air Force in Washington DC

731

00:35:41,270 --> 00:35:38,160

so they're reporting this to the

732

00:35:42,890 --> 00:35:41,280

headquarters of OSI and like all these

733

00:35:44,690 --> 00:35:42,900

documents kind of end the same we're not

734

00:35:46,190 --> 00:35:44,700

going to do anything unless you want us

735

00:35:50,450 --> 00:35:46,200

to

736

00:35:54,050 --> 00:35:50,460

that

737

00:35:55,730 --> 00:35:54,060

don't know what to do so what are they

738

00:35:58,550 --> 00:35:55,740

going to do

739

00:36:00,589 --> 00:35:58,560

you know yeah do something about it well

740

00:36:02,569 --> 00:36:00,599

what you know things aren't around

741

00:36:04,430 --> 00:36:02,579

anymore

742

00:36:06,829 --> 00:36:04,440

we don't know what the hell they are or

743

00:36:08,390 --> 00:36:06,839

what am I supposed to do

744

00:36:11,569 --> 00:36:08,400

you know and sometimes I think that's

745

00:36:11,579 --> 00:36:14,569

um

746

00:36:19,010 --> 00:36:17,030

like you see the mass hysteria stuff and

747

00:36:22,069 --> 00:36:19,020

reports right sometimes I think the mass

748

00:36:24,410 --> 00:36:22,079

hysteria is put in there because

749

00:36:27,050 --> 00:36:24,420

um if the people find out that this not

750

00:36:29,270 --> 00:36:27,060

only exists but that our leaders in

751

00:36:32,210 --> 00:36:29,280

government and Military

752

00:36:33,950 --> 00:36:32,220

have no idea what to do about it

753

00:36:38,210 --> 00:36:33,960

or what it is

754

00:36:41,510 --> 00:36:39,770

because we know a lot of people believe

755

00:36:42,530 --> 00:36:41,520

that there's other life in the universe

756

00:36:44,810 --> 00:36:42,540

already

757

00:36:48,290 --> 00:36:44,820

and even that there's UFOs and there's

758

00:36:50,930 --> 00:36:48,300

no Mass hysteria but imagine

759

00:36:53,150 --> 00:36:50,940

if our military said we don't know what

760

00:36:58,790 --> 00:36:53,160

the hell to do and they just do whatever

761

00:36:58,800 --> 00:37:02,750

that could be

762

00:37:02,760 --> 00:37:05,930

something interesting

763

00:37:12,050 --> 00:37:09,230

oh nice thanks Megan the t-shirts that's

764

00:37:13,670 --> 00:37:12,060

right I forget I have those ah

765

00:37:17,569 --> 00:37:13,680

counterintelligence corpse yes thanks

766

00:37:23,270 --> 00:37:21,349

anyway say that Patricia yeah

767

00:37:26,450 --> 00:37:23,280

nice to see you by the way

768

00:37:28,970 --> 00:37:26,460

I haven't seen Nana here in a bit

769

00:37:30,710 --> 00:37:28,980

uh yeah they always seem to say they

770

00:37:31,630 --> 00:37:30,720

don't know what they are well obviously

771

00:37:35,150 --> 00:37:31,640

right

772

00:37:37,970 --> 00:37:35,160

when they don't say that it's

773

00:37:44,450 --> 00:37:37,980

you know a weather balloon or a flare or

774

00:37:48,829 --> 00:37:47,329

yeah your dog your dog yeah your dog's

775

00:37:52,130 --> 00:37:48,839

cute

776

00:37:54,109 --> 00:37:52,140

uh what's your dog's name again I forgot

777

00:37:55,790 --> 00:37:54,119

uh rummy

778

00:38:02,690 --> 00:37:55,800

is that what it is

779

00:38:05,930 --> 00:38:04,130

so

780

00:38:08,750 --> 00:38:05,940

isn't it interesting how big of a deal

781

00:38:10,490 --> 00:38:08,760

DC was and it is a big deal trust me and

782

00:38:12,890 --> 00:38:10,500

we'll get to some of those documents but

783

00:38:16,130 --> 00:38:12,900

it's interesting that

784

00:38:17,810 --> 00:38:16,140

it wasn't the only big deal you know and

785

00:38:20,150 --> 00:38:17,820

nobody hears about that

786

00:38:22,130 --> 00:38:20,160

granted it was in the 50s

787

00:38:23,870 --> 00:38:22,140

but it also seems like people have

788

00:38:25,730 --> 00:38:23,880

written their books already on the 50s

789

00:38:26,690 --> 00:38:25,740

and nobody goes back there to check

790

00:38:28,609 --> 00:38:26,700

again

791

00:38:32,930 --> 00:38:28,619

you know everybody just relies on the

792

00:38:37,250 --> 00:38:35,150

which is too bad because there's a lot

793

00:38:39,710 --> 00:38:37,260

being missed

794

00:38:42,950 --> 00:38:39,720

by our holy investigators who wrote the

795

00:38:42,960 --> 00:38:51,109

not talking about anyone in particular

796

00:38:54,970 --> 00:38:52,370

um here we go

797

00:38:58,430 --> 00:38:54,980

shout out to Robert citing of

798

00:39:03,650 --> 00:38:58,440

unconventional aircraft

799

00:39:06,109 --> 00:39:03,660

uh and uh on the 24th of July 1952

800

00:39:09,890 --> 00:39:06,119

we have a sighting of two unidentified

801
00:39:12,890 --> 00:39:09,900
objects by semen

802
00:39:14,630 --> 00:39:12,900
but by semen on watch

803
00:39:16,310 --> 00:39:14,640
on the Coast Guard Station oh we got

804
00:39:17,810 --> 00:39:16,320
Coast Guard again uh details of

805
00:39:20,210 --> 00:39:17,820
interview with observers at Fourth no

806
00:39:24,829 --> 00:39:20,220
activity blah blah blah

807
00:39:31,010 --> 00:39:26,870
to the effect that two unidentified

808
00:39:32,690 --> 00:39:31,020
objects had appeared over the

809
00:39:35,810 --> 00:39:32,700
man

810
00:39:38,510 --> 00:39:35,820
the hunt ghost Guard Station

811
00:39:44,030 --> 00:39:40,849
this is interesting here's a different

812
00:39:46,069 --> 00:39:44,040
uh different set of characteristics two

813
00:39:47,510 --> 00:39:46,079

bluish lights approximately five feet in

814

00:39:49,849 --> 00:39:47,520

diameter

815

00:39:51,950 --> 00:39:49,859

appearing as flat dish shaped objects

816

00:39:54,770 --> 00:39:51,960

having no aerodynamic features and

817

00:39:56,510 --> 00:39:54,780

moving without sound or exhaust Trail at

818

00:40:00,470 --> 00:39:56,520

a speed faster than a four engine

819

00:40:03,890 --> 00:40:00,480

airliner at an altitude of 1100 to 2 000

820

00:40:03,900 --> 00:40:08,650

foreign

821

00:40:16,030 --> 00:40:11,809

here we got we're going back in time a

822

00:40:20,510 --> 00:40:18,530

release of information to the Press

823

00:40:22,250 --> 00:40:20,520

concerning unidentified flying objects

824

00:40:23,569 --> 00:40:22,260

maybe I shouldn't have put this one in

825

00:40:26,089 --> 00:40:23,579

here I'm not sure what this is actually

826

00:40:29,630 --> 00:40:26,099

I mean I know what it is but it's

827

00:40:29,640 --> 00:40:32,450

um

828

00:40:37,010 --> 00:40:34,190

I'll leave it here for a second in case

829

00:40:38,390 --> 00:40:37,020

you guys want to just look at it

830

00:40:40,849 --> 00:40:38,400

um but it's pretty interesting on the

831

00:40:43,130 --> 00:40:40,859

10th and 11th September 51 several

832

00:40:45,910 --> 00:40:43,140

unidentified flying objects were cited

833

00:40:48,410 --> 00:40:45,920

by radar at Fort Mammoth New Jersey

834

00:40:49,849 --> 00:40:48,420

these objects varied in speed up to 700

835

00:40:51,890 --> 00:40:49,859

miles per hour and were observed at

836

00:40:53,270 --> 00:40:51,900

altitudes up to 90

837

00:40:55,069 --> 00:40:53,280

000 feet

838

00:40:57,230 --> 00:40:55,079

on the same date

839

00:40:59,990 --> 00:40:57,240

a unidentified object was cited by

840

00:41:02,150 --> 00:41:00,000

pilots of a t-33 aircraft over Sandy

841

00:41:03,470 --> 00:41:02,160

Hook New Jersey this object disappeared

842

00:41:06,290 --> 00:41:03,480

its scene was flying at a speed

843

00:41:08,390 --> 00:41:06,300

estimated at 1000 miles per hour

844

00:41:10,849 --> 00:41:08,400

setting time and location is given by

845

00:41:12,950 --> 00:41:10,859

the t-33 pilots coincided with radar

846

00:41:17,569 --> 00:41:12,960

sightings all radar objects were

847

00:41:21,829 --> 00:41:19,550

at times the objects move with such a

848

00:41:24,890 --> 00:41:21,839

rate of speed that aided

849

00:41:28,609 --> 00:41:26,870

I I never know how to pronounce that as

850

00:41:30,829 --> 00:41:28,619

smooth tracking but that's basically how

851
00:41:32,930 --> 00:41:30,839
they're met how they measure it uh the

852
00:41:34,609 --> 00:41:32,940
distance which normally is fast enough

853
00:41:37,609 --> 00:41:34,619
to track Jets

854
00:41:41,089 --> 00:41:37,619
jet aircrafts had to be abandoned

855
00:41:42,770 --> 00:41:41,099
fast enough to track Jet Aircraft had to

856
00:41:44,750 --> 00:41:42,780
be abandoned and the radar manually

857
00:41:47,510 --> 00:41:44,760
operated wow

858
00:41:50,510 --> 00:41:47,520
so like what they usually do to track

859
00:41:52,309 --> 00:41:50,520
Jet Aircraft wasn't good enough so they

860
00:41:54,829 --> 00:41:52,319
had to manually do it that's what I take

861
00:41:54,839 --> 00:41:57,589
um

862
00:42:01,250 --> 00:41:59,270
the Air Force felt the possibility

863
00:42:03,650 --> 00:42:01,260

existed that the object was an

864

00:42:06,349 --> 00:42:03,660

experimental aircraft belonging to

865

00:42:10,430 --> 00:42:06,359

Grumman Republic

866

00:42:12,890 --> 00:42:10,440

or Fairchild Aviation corporations

867

00:42:18,650 --> 00:42:12,900

this possibility has not yet been

868

00:42:23,030 --> 00:42:20,690

interesting

869

00:42:25,790 --> 00:42:23,040

um I know that I think it was Lackey who

870

00:42:31,309 --> 00:42:25,800

made the a11 and a12 and all the oxycard

871

00:42:36,710 --> 00:42:34,069

or maybe agreement I don't know it's

872

00:42:40,130 --> 00:42:36,720

been a while since I got into that

873

00:42:42,470 --> 00:42:40,140

I did however on a side note find

874

00:42:46,550 --> 00:42:42,480

uh documents of how we were actually

875

00:42:49,910 --> 00:42:46,560

using the a11 which most people I

876

00:42:54,589 --> 00:42:49,920

believe don't think that it ever flew

877

00:42:58,069 --> 00:42:54,599

and that is wholly inaccurate it did

878

00:42:58,079 --> 00:43:02,030

and it went pretty fast

879

00:43:07,250 --> 00:43:04,910

all right so here we go

880

00:43:12,170 --> 00:43:07,260

um let me scroll up top I know you guys

881

00:43:19,910 --> 00:43:15,010

Andrews Air Force Base

882

00:43:25,970 --> 00:43:21,290

three yeah

883

00:43:29,690 --> 00:43:28,309

Air Force Base personnel

884

00:43:31,730 --> 00:43:29,700

between

885

00:43:34,370 --> 00:43:31,740

triple o path

886

00:43:36,230 --> 00:43:34,380

0030 hours of Eastern Time 20th of July

887

00:43:38,809 --> 00:43:36,240

1952.

888

00:43:41,450 --> 00:43:38,819

the objects appeared reddish orange in

889

00:43:43,790 --> 00:43:41,460

color moved erratically and flat in

890

00:43:47,089 --> 00:43:43,800

undetermined altitude sorry I'm getting

891

00:43:51,589 --> 00:43:49,609

they traveled from a northernly to

892

00:43:54,349 --> 00:43:51,599

suddenly Eastern they were cited for

893

00:43:56,750 --> 00:43:54,359

periods from 5 to 30 seconds on three

894

00:43:59,990 --> 00:43:56,760

different occasions another setting was

895

00:44:02,750 --> 00:44:00,000

made by the approach control

896

00:44:05,870 --> 00:44:02,760

which picked up one unidentified Target

897

00:44:08,630 --> 00:44:05,880

at 0415 hours eastern time this target

898

00:44:13,030 --> 00:44:08,640

was in the scope for 30 seconds before

899

00:44:20,270 --> 00:44:14,990

details

900

00:44:25,190 --> 00:44:23,150

um inquiry initiated after the office

901
00:44:28,670 --> 00:44:25,200
received a phone call from Lieutenant

902
00:44:34,910 --> 00:44:31,130
who stated that he had been operations

903
00:44:40,010 --> 00:44:38,210
during his Tour of Duty he was receiving

904
00:44:41,510 --> 00:44:40,020
calls of flying saucers in the area

905
00:44:46,250 --> 00:44:41,520
through the attendant stated that the

906
00:44:51,410 --> 00:44:48,589
after receiving this call on Ink Crew is

907
00:44:52,609 --> 00:44:51,420
made at the control tower of Andrews Air

908
00:44:54,109 --> 00:44:52,619
Force Base where the following

909
00:44:56,870 --> 00:44:54,119
information

910
00:44:58,849 --> 00:44:56,880
was obtained

911
00:45:00,829 --> 00:44:58,859
and you can see it there

912
00:45:02,329 --> 00:45:00,839
three objects

913
00:45:05,569 --> 00:45:02,339

five people

914

00:45:11,630 --> 00:45:08,270

north to south east

915

00:45:16,970 --> 00:45:11,640

undetermined altitude

916

00:45:20,150 --> 00:45:16,980

periods of 5 to 30 30 what seconds some

917

00:45:26,870 --> 00:45:22,970

I don't know I mean there's

918

00:45:29,450 --> 00:45:26,880

like these are just the also the part of

919

00:45:31,609 --> 00:45:29,460

the dock that has this stuff in it so

920

00:45:33,770 --> 00:45:31,619

there's like another page

921

00:45:36,410 --> 00:45:33,780

but it's just like uh boilerplate

922

00:45:39,109 --> 00:45:36,420

language as far as

923

00:45:41,690 --> 00:45:39,119

you know again they repeat the same

924

00:45:44,329 --> 00:45:41,700

stuff so many times

925

00:45:46,190 --> 00:45:44,339

in different ways you know so I'm just

926
00:45:48,530 --> 00:45:46,200
picking these to show you again these

927
00:45:51,170 --> 00:45:48,540
are available on my website

928
00:45:54,950 --> 00:45:51,180
in the Stone Collection

929
00:45:56,690 --> 00:45:54,960
split up in the different OSI districts

930
00:45:59,750 --> 00:45:56,700
so if you really want to you can go find

931
00:46:02,470 --> 00:45:59,760
it otherwise the large project I'm

932
00:46:10,670 --> 00:46:05,630
may help there at some point

933
00:46:16,130 --> 00:46:13,849
oh sorry I'm just making sure that I did

934
00:46:19,370 --> 00:46:16,140
not skip

935
00:46:22,550 --> 00:46:19,380
because I feel like I'm skipping stuff

936
00:46:27,370 --> 00:46:22,560
go scared oh did that one all right did

937
00:46:32,690 --> 00:46:30,050
Boston army base

938
00:46:34,250 --> 00:46:32,700

yes we did yes we did

939

00:46:40,370 --> 00:46:34,260

yes we did

940

00:46:45,950 --> 00:46:42,770

and I'm going till I get all these

941

00:46:53,750 --> 00:46:45,960

documents done so

942

00:46:53,760 --> 00:46:56,870

um here we go

943

00:46:56,880 --> 00:47:02,109

foreign

944

00:47:06,890 --> 00:47:05,210

officer on duty at the time

945

00:47:08,569 --> 00:47:06,900

the approach control picked up one

946

00:47:10,010 --> 00:47:08,579

identified Target which remained on the

947

00:47:11,990 --> 00:47:10,020

scope for 30 seconds and then

948

00:47:14,390 --> 00:47:12,000

disappeared

949

00:47:15,890 --> 00:47:14,400

it kind of reminds me of that uh core

950

00:47:17,030 --> 00:47:15,900

Bell video where they're looking at the

951
00:47:20,630 --> 00:47:17,040
radar

952
00:47:22,670 --> 00:47:20,640
and they disappear

953
00:47:24,109 --> 00:47:22,680
yeah it's interesting and people was

954
00:47:26,329 --> 00:47:24,119
like oh that could be this or this could

955
00:47:28,430 --> 00:47:26,339
be that or whatever but

956
00:47:32,750 --> 00:47:28,440
I mean when you go back and look at this

957
00:47:36,049 --> 00:47:34,910
you know that's when it makes sense that

958
00:47:38,870 --> 00:47:36,059
it's something

959
00:47:40,730 --> 00:47:38,880
you know if you just take things as they

960
00:47:43,190 --> 00:47:40,740
are like let's say you're just looking

961
00:47:45,230 --> 00:47:43,200
at one corebell video and you know

962
00:47:47,329 --> 00:47:45,240
that's what you're looking at and you're

963
00:47:49,670 --> 00:47:47,339

making your mind up on all this stuff

964

00:47:52,190 --> 00:47:49,680

based on that

965

00:47:53,690 --> 00:47:52,200

well that's short-sighted

966

00:47:55,130 --> 00:47:53,700

and of course you would come up with

967

00:47:57,770 --> 00:47:55,140

that conclusion

968

00:48:00,710 --> 00:47:57,780

you have to have context you have to go

969

00:48:01,910 --> 00:48:00,720

back and look at these documents for

970

00:48:05,210 --> 00:48:01,920

instance

971

00:48:08,510 --> 00:48:05,220

where the same stuff happened

972

00:48:10,730 --> 00:48:08,520

you know same characteristics these are

973

00:48:13,370 --> 00:48:10,740

repeating patterns these aren't people

974

00:48:15,890 --> 00:48:13,380

with wild imaginations that are sending

975

00:48:18,770 --> 00:48:15,900

notes across the country to say say this

976

00:48:22,250 --> 00:48:18,780

say the same thing I did

977

00:48:25,430 --> 00:48:22,260

two thousands of different people

978

00:48:30,049 --> 00:48:27,890

complicated enough to where Selma got

979

00:48:32,510 --> 00:48:30,059

the blue flame card and the others got

980

00:48:34,790 --> 00:48:32,520

the orange Amber card oh it's got the

981

00:48:38,510 --> 00:48:34,800

rectangle and the triangle you know like

982

00:48:42,109 --> 00:48:39,950

like

983

00:48:44,450 --> 00:48:42,119

if you want to know if this stuff is

984

00:48:46,910 --> 00:48:44,460

real or if something is really happening

985

00:48:49,130 --> 00:48:46,920

like

986

00:48:51,170 --> 00:48:49,140

I can sit here and tell you yeah until

987

00:48:54,049 --> 00:48:51,180

I'm blue in the face but I didn't know

988

00:48:57,770 --> 00:48:54,059

it until I did this myself

989

00:49:00,650 --> 00:48:57,780

until I read this myself until I read

990

00:49:03,049 --> 00:49:00,660

probably over ten thousand

991

00:49:06,849 --> 00:49:03,059

single page documents

992

00:49:09,530 --> 00:49:06,859

of everything from hoaxes to

993

00:49:12,829 --> 00:49:09,540

balloons to

994

00:49:16,430 --> 00:49:12,839

flares to everything and there are cases

995

00:49:20,990 --> 00:49:18,530

but then there are so many that are not

996

00:49:24,770 --> 00:49:21,000

in these files I have I would have to

997

00:49:33,049 --> 00:49:24,780

say maybe 10 percent

998

00:49:36,770 --> 00:49:34,370

you know

999

00:49:38,630 --> 00:49:36,780

it'll be people the first to go on in

1000

00:49:41,450 --> 00:49:38,640

Twitter and complain about not getting

1001
00:49:42,890 --> 00:49:41,460
data or what are you trying to do you're

1002
00:49:45,049 --> 00:49:42,900
trying to pull the wool over our eyes

1003
00:49:47,210 --> 00:49:45,059
you know

1004
00:49:49,309 --> 00:49:47,220
well anybody can do that anytime if you

1005
00:49:51,290 --> 00:49:49,319
don't put in the work yourself to know

1006
00:49:53,809 --> 00:49:51,300
to know the truth you can't rely on

1007
00:49:55,609 --> 00:49:53,819
other people that goes without saying

1008
00:49:57,470 --> 00:49:55,619
you can't just listen to people and what

1009
00:49:59,030 --> 00:49:57,480
they say even if they just bring you

1010
00:50:01,250 --> 00:49:59,040
sheets of data

1011
00:50:02,450 --> 00:50:01,260
you know and what are you gonna do you

1012
00:50:05,030 --> 00:50:02,460
don't know what to make of that what are

1013
00:50:06,650 --> 00:50:05,040

you a data guy now

1014

00:50:09,470 --> 00:50:06,660

you know I'm just talking about like the

1015

00:50:14,450 --> 00:50:09,480

general person myself even

1016

00:50:14,460 --> 00:50:18,230

I mean

1017

00:50:18,240 --> 00:50:23,930

this is not like three four documents

1018

00:50:30,230 --> 00:50:26,870

by the end of my project there will

1019

00:50:31,790 --> 00:50:30,240

probably be if I had to guess

1020

00:50:33,950 --> 00:50:31,800

um

1021

00:50:37,490 --> 00:50:33,960

see I'm a quarter of the way through 50

1022

00:50:41,870 --> 00:50:39,410

200.

1023

00:50:44,270 --> 00:50:41,880

that's just military there are so many

1024

00:50:46,670 --> 00:50:44,280

more civilian ones not I guess actually

1025

00:50:48,890 --> 00:50:46,680

not so many more civilian but there's so

1026

00:50:50,930 --> 00:50:48,900

many more documents they're just

1027

00:50:52,970 --> 00:50:50,940

civilians and I'm not using them because

1028

00:50:55,670 --> 00:50:52,980

we've been trained to not respect the

1029

00:50:58,250 --> 00:50:55,680

civilians testimony

1030

00:50:59,990 --> 00:50:58,260

I mean I do but I mean the General

1031

00:51:01,609 --> 00:51:00,000

Public

1032

00:51:03,829 --> 00:51:01,619

if they don't have a badge on them

1033

00:51:07,210 --> 00:51:03,839

they're wacky

1034

00:51:09,890 --> 00:51:07,220

sometimes

1035

00:51:11,510 --> 00:51:09,900

so for the benefit of those people I'm

1036

00:51:13,670 --> 00:51:11,520

not including those

1037

00:51:15,170 --> 00:51:13,680

but there are some very chilling

1038

00:51:19,910 --> 00:51:15,180

accounts

1039

00:51:21,770 --> 00:51:19,920

10 years of the same stuff of things

1040

00:51:24,290 --> 00:51:21,780

going over their car

1041

00:51:28,790 --> 00:51:24,300

shutting off their engine magnetizing

1042

00:51:32,329 --> 00:51:30,710

same stuff

1043

00:51:33,530 --> 00:51:32,339

in the 50s and they don't have the

1044

00:51:35,270 --> 00:51:33,540

internet where you can just send an

1045

00:51:38,329 --> 00:51:35,280

email and say hey say that say this

1046

00:51:40,549 --> 00:51:38,339

thing or they saw the newspaper over on

1047

00:51:42,230 --> 00:51:40,559

the other coast and said I'm going to

1048

00:51:44,630 --> 00:51:42,240

pull this trick

1049

00:51:52,730 --> 00:51:44,640

you know

1050

00:52:00,190 --> 00:51:55,250

um a little passionate today but I think

1051
00:52:05,329 --> 00:52:02,630
aacs control tower log you guys might

1052
00:52:08,930 --> 00:52:05,339
have just read this while I was talking

1053
00:52:12,130 --> 00:52:08,940
but 1909 uh aacs Squadron dated 20th of

1054
00:52:17,990 --> 00:52:15,470
phone call object south of Andrews Air

1055
00:52:20,990 --> 00:52:18,000
Force Base orange object appeared for

1056
00:52:22,670 --> 00:52:21,000
just a moment then disappeared

1057
00:52:24,230 --> 00:52:22,680
you know when I think orange object I

1058
00:52:28,730 --> 00:52:24,240
think of that one video I have that's

1059
00:52:34,010 --> 00:52:31,790
not saying I know what my video is but

1060
00:52:35,990 --> 00:52:34,020
it's orange

1061
00:52:37,370 --> 00:52:36,000
the party and the phone saw the same

1062
00:52:39,650 --> 00:52:37,380
thing

1063
00:52:41,210 --> 00:52:39,660

interesting Washington Center also

1064

00:52:44,030 --> 00:52:41,220

calling to advise that they have five

1065

00:52:48,770 --> 00:52:44,040

targets unidentified in the vicinity

1066

00:52:51,349 --> 00:52:48,780

Andrews range TWR person Personnel used

1067

00:52:54,069 --> 00:52:51,359

to observe from roof

1068

00:52:57,410 --> 00:52:54,079

of the TWR Tower I'm guessing that is

1069

00:53:01,030 --> 00:52:57,420

while watching from the tower roof

1070

00:53:03,650 --> 00:53:01,040

Sergeant Izu and myself Captain ridding

1071

00:53:07,250 --> 00:53:03,660

observed what appeared to be two falling

1072

00:53:12,049 --> 00:53:07,260

stars but they had orange Hue and a tail

1073

00:53:19,790 --> 00:53:14,210

uh and you see that a lot it looked like

1074

00:53:23,030 --> 00:53:21,470

that's because you know that goes back

1075

00:53:26,030 --> 00:53:23,040

to almost that document I shared a while

1076
00:53:27,170 --> 00:53:26,040
ago where it was uh UFO blind spot

1077
00:53:29,870 --> 00:53:27,180
you know

1078
00:53:33,650 --> 00:53:29,880
where people are just kind of you see

1079
00:53:36,410 --> 00:53:33,660
things and you're trying to your brain

1080
00:53:38,630 --> 00:53:36,420
is trying to work with it you know and

1081
00:53:40,069 --> 00:53:38,640
label it as something prosaic in your

1082
00:53:42,890 --> 00:53:40,079
head to work with

1083
00:53:46,970 --> 00:53:42,900
but then it just gets weirder and your

1084
00:53:54,470 --> 00:53:48,950
but some people just shut it out I think

1085
00:53:57,650 --> 00:53:56,270
this daylight was approaching they

1086
00:54:03,470 --> 00:53:57,660
seemed to move less frequently

1087
00:54:06,589 --> 00:54:05,150
they were they were to move more

1088
00:54:12,970 --> 00:54:06,599

frequently when they were aircraft

1089

00:54:20,809 --> 00:54:16,670

Colorado Springs yep

1090

00:54:20,819 --> 00:54:25,130

okay next

1091

00:54:30,109 --> 00:54:27,950

28th of July so we were just on the one

1092

00:54:31,490 --> 00:54:30,119

weekend I feel like of the actual DC

1093

00:54:32,329 --> 00:54:31,500

sightings

1094

00:54:34,670 --> 00:54:32,339

um

1095

00:54:37,910 --> 00:54:34,680

Andrews Air Force Base yeah and now this

1096

00:54:39,950 --> 00:54:37,920

is the weekend after which also had a

1097

00:54:42,950 --> 00:54:39,960

lot of sightings

1098

00:54:44,569 --> 00:54:42,960

um but this one is extremely interesting

1099

00:54:51,430 --> 00:54:44,579

because it shows you how these things

1100

00:54:55,789 --> 00:54:54,289

28th of July 1952 at the time of Special

1101

00:54:57,349 --> 00:54:55,799

Agent furnished this information he

1102

00:54:59,329 --> 00:54:57,359

stated that the Federal Bureau of

1103

00:55:02,030 --> 00:54:59,339

Investigation was not investigating this

1104

00:55:04,730 --> 00:55:02,040

manner in as much as it is not a matter

1105

00:55:06,950 --> 00:55:04,740

over which that Bureau has jurisdiction

1106

00:55:09,049 --> 00:55:06,960

the office is not taking any action in

1107

00:55:10,130 --> 00:55:09,059

the matter unless requested and is

1108

00:55:11,750 --> 00:55:10,140

referring this information to

1109

00:55:14,569 --> 00:55:11,760

headquarters command for appropriate

1110

00:55:16,730 --> 00:55:14,579

action according to the special agent uh

1111

00:55:18,530 --> 00:55:16,740

Webster Bureau of Investigation of Mrs

1112

00:55:19,970 --> 00:55:18,540

blank

1113

00:55:22,960 --> 00:55:19,980

um the home

1114

00:55:23,270 --> 00:55:22,970

Arlington Virginia reported that between

1115

00:55:25,609 --> 00:55:23,280

[Music]

1116

00:55:33,410 --> 00:55:30,170

200 hours on 27th of July 1952 no 200

1117

00:55:35,870 --> 00:55:33,420

hours on 28th of July 1952 she observed

1118

00:55:37,490 --> 00:55:35,880

a white light over the Pentagon this

1119

00:55:39,289 --> 00:55:37,500

light hovered immediately over the

1120

00:55:42,710 --> 00:55:39,299

Pentagon and made a direct descent

1121

00:55:44,630 --> 00:55:42,720

towards it stopped and took off

1122

00:55:47,809 --> 00:55:44,640

she couldn't describe the object from

1123

00:55:50,690 --> 00:55:47,819

which the like and only described it as

1124

00:55:53,630 --> 00:55:50,700

being a white light the above was the

1125

00:55:55,549 --> 00:55:53,640

only information which the FBI special

1126
00:55:57,230 --> 00:55:55,559
agent

1127
00:56:05,569 --> 00:55:57,240
uh could provide concerning this

1128
00:56:05,579 --> 00:56:16,010
over the Pentagon

1129
00:56:16,020 --> 00:56:21,829
next

1130
00:56:27,829 --> 00:56:24,829
all right this isn't pretty interesting

1131
00:56:33,410 --> 00:56:30,069
foreign

1132
00:56:35,870 --> 00:56:33,420
Florence South Carolina on the 26th of

1133
00:56:39,230 --> 00:56:35,880
July 1952 these things were all over the

1134
00:56:42,049 --> 00:56:39,240
place well here's DC of course it's DC

1135
00:56:44,930 --> 00:56:42,059
but look at that

1136
00:56:50,390 --> 00:56:44,940
um High rate of speed an estimated 22

1137
00:56:56,210 --> 00:56:53,089
300 miles per hour

1138
00:57:00,230 --> 00:56:56,220

that's not all that fast the altitude of

1139

00:57:02,270 --> 00:57:00,240

Eastern Airlines aircraft was not known

1140

00:57:06,289 --> 00:57:02,280

visual sighting in the Washington area

1141

00:57:09,230 --> 00:57:06,299

2015 hours Eastern 26th of July 1952 by

1142

00:57:11,630 --> 00:57:09,240

a captain the pilot of a Lockheed

1143

00:57:13,670 --> 00:57:11,640

lodestar

1144

00:57:15,770 --> 00:57:13,680

flight plank operated by National

1145

00:57:18,230 --> 00:57:15,780

Airlines

1146

00:57:20,089 --> 00:57:18,240

which was flying at 1700 feet and 200

1147

00:57:21,890 --> 00:57:20,099

miles per hour the sighting was also

1148

00:57:23,630 --> 00:57:21,900

made by the stewardess on the aircraft

1149

00:57:26,450 --> 00:57:23,640

whose name was not known at the time of

1150

00:57:29,870 --> 00:57:26,460

the interview with Captain birkoe

1151
00:57:32,030 --> 00:57:29,880
Birkin birkau according to Captain

1152
00:57:33,650 --> 00:57:32,040
burkowsd the National Airlines pilot in

1153
00:57:35,569 --> 00:57:33,660
the stewardess observed the object

1154
00:57:37,670 --> 00:57:35,579
flying directly Over The Airliner and

1155
00:57:39,470 --> 00:57:37,680
they described the edge object as

1156
00:57:43,130 --> 00:57:39,480
appearing somewhat as the glow of a

1157
00:57:48,109 --> 00:57:45,230
they estimated the object to be flying

1158
00:57:51,230 --> 00:57:48,119
at 100 miles per hour

1159
00:57:52,970 --> 00:57:51,240
that's not impressive

1160
00:57:55,970 --> 00:57:52,980
what I mean for me it is I couldn't make

1161
00:58:00,289 --> 00:57:55,980
something that does that but

1162
00:58:04,609 --> 00:58:02,210
the first of these was made at 2054

1163
00:58:08,390 --> 00:58:04,619

hours eastern time on the 26th of July

1164

00:58:10,730 --> 00:58:08,400

1952 when 10 to 12 unidentified objects

1165

00:58:13,250 --> 00:58:10,740

appeared on the radio scope at Andrews

1166

00:58:15,109 --> 00:58:13,260

Air Force Base these objects were in the

1167

00:58:16,910 --> 00:58:15,119

Washington area according to radar

1168

00:58:18,650 --> 00:58:16,920

computations the second and third

1169

00:58:21,950 --> 00:58:18,660

sightings made on the radar scope were

1170

00:58:23,930 --> 00:58:21,960

both made at the Washington artc and one

1171

00:58:26,809 --> 00:58:23,940

of these sightings made a 20 57 hours

1172

00:58:28,910 --> 00:58:26,819

Eastern 10 to 12 objects appeared on the

1173

00:58:30,890 --> 00:58:28,920

scope and according to computations were

1174

00:58:32,270 --> 00:58:30,900

found in the Washington area in other

1175

00:58:35,030 --> 00:58:32,280

setting

1176

00:58:36,589 --> 00:58:35,040

made it 22 23 hours Eastern before I

1177

00:58:38,390 --> 00:58:36,599

identified objects appeared on the radar

1178

00:58:41,569 --> 00:58:38,400

scope and according to competitions were

1179

00:58:46,010 --> 00:58:41,579

located in the Beltsville Maryland and

1180

00:58:50,870 --> 00:58:49,309

were those temperature inversions too

1181

00:58:52,309 --> 00:58:50,880

oh and by the way you know the

1182

00:58:54,470 --> 00:58:52,319

temperature inversions I didn't know

1183

00:58:58,490 --> 00:58:54,480

that people could see those in the sky

1184

00:59:00,049 --> 00:58:58,500

did you know your guys can see those

1185

00:59:02,569 --> 00:59:00,059

well you know I'm just saying because

1186

00:59:04,970 --> 00:59:02,579

that's what they called the DC sightings

1187

00:59:08,450 --> 00:59:04,980

and they had a lot of uh you know

1188

00:59:10,670 --> 00:59:08,460

military eyewitnesses and Pilots

1189

00:59:10,680 --> 00:59:13,849

so

1190

00:59:20,750 --> 00:59:15,349

yeah I guess you can see temperature

1191

00:59:27,289 --> 00:59:23,809

now why they were lying I don't know

1192

00:59:27,299 --> 00:59:33,230

but it's clear that they were

1193

00:59:37,069 --> 00:59:34,970

so when I was interviewing Harry Reid

1194

00:59:39,049 --> 00:59:37,079

and I said it isn't it it's almost fair

1195

00:59:40,730 --> 00:59:39,059

to say that they owe the American people

1196

00:59:41,990 --> 00:59:40,740

an apology now he's not going to agree

1197

00:59:43,910 --> 00:59:42,000

with me

1198

00:59:49,309 --> 00:59:43,920

it's going to say transparency yes but

1199

00:59:54,530 --> 00:59:51,049

because you can't just let all this

1200

00:59:56,990 --> 00:59:54,540

happen and not tell anybody that lives

1201
00:59:59,990 --> 00:59:57,000
on this land what the hell is happening

1202
01:00:01,370 --> 01:00:00,000
who happens to pay you to do what you're

1203
01:00:03,890 --> 01:00:01,380
doing

1204
01:00:06,770 --> 01:00:03,900
I know it's kind of a

1205
01:00:10,430 --> 01:00:06,780
you know we pay you I get it I don't

1206
01:00:13,430 --> 01:00:10,440
mean that but

1207
01:00:17,030 --> 01:00:13,440
your job is to take care of us

1208
01:00:20,569 --> 01:00:18,890
it seems like sometimes they tried but

1209
01:00:22,789 --> 01:00:20,579
they couldn't and they just didn't tell

1210
01:00:24,890 --> 01:00:22,799
us so it's like a kid screwing up and

1211
01:00:30,170 --> 01:00:24,900
not telling his parents and letting they

1212
01:00:35,990 --> 01:00:33,349
so our government is kids that screw up

1213
01:00:38,089 --> 01:00:36,000

and don't tell their parents

1214

01:00:40,670 --> 01:00:38,099

Two fighters and aircraft at least in

1215

01:00:42,170 --> 01:00:40,680

the 50s Two fighter uh type aircraft

1216

01:00:44,030 --> 01:00:42,180

were sent along to intercept the objects

1217

01:00:46,309 --> 01:00:44,040

cited in the Washington area so it looks

1218

01:00:48,470 --> 01:00:46,319

like they moved to Washington area right

1219

01:00:51,890 --> 01:00:48,480

or maybe I'll get my places mixed up I

1220

01:01:01,789 --> 01:00:53,630

however the fighters were unable to

1221

01:01:01,799 --> 01:01:06,349

next

1222

01:01:10,130 --> 01:01:08,750

uh right Boeing Air Force Base I don't

1223

01:01:11,750 --> 01:01:10,140

know if I'm saying there it uh

1224

01:01:17,089 --> 01:01:11,760

unidentified object was cited by three

1225

01:01:22,370 --> 01:01:19,789

um hours on 26th of July 1952 Over

1226

01:01:23,690 --> 01:01:22,380

Florence South Carolina we just read

1227

01:01:28,370 --> 01:01:23,700

this one already

1228

01:01:31,910 --> 01:01:28,380

let's dupe okay so this is interesting I

1229

01:01:37,210 --> 01:01:36,049

so when I first got the OSI or

1230

01:01:39,589 --> 01:01:37,220

um

1231

01:01:41,329 --> 01:01:39,599

districts right

1232

01:01:42,890 --> 01:01:41,339

all separated out and they got their

1233

01:01:46,010 --> 01:01:42,900

paperwork and stuff you know you can

1234

01:01:47,990 --> 01:01:46,020

tell their uh scanning or faxed in or

1235

01:01:50,030 --> 01:01:48,000

whatever

1236

01:01:56,809 --> 01:01:50,040

and this

1237

01:02:04,670 --> 01:01:58,670

and you know it's funny because what I

1238

01:02:04,680 --> 01:02:07,730

coincidence

1239

01:02:12,650 --> 01:02:10,130

I'm sure

1240

01:02:17,450 --> 01:02:12,660

but

1241

01:02:20,390 --> 01:02:17,460

it is very interesting okay so this one

1242

01:02:23,029 --> 01:02:20,400

DC settings again this is actually from

1243

01:02:27,710 --> 01:02:24,890

Capital Airlines

1244

01:02:29,210 --> 01:02:27,720

which is

1245

01:02:31,970 --> 01:02:29,220

um in everything I've looked at for the

1246

01:02:34,010 --> 01:02:31,980

DC sightings whoever did it whether it's

1247

01:02:36,950 --> 01:02:34,020

Dolan on the History Channel or

1248

01:02:39,710 --> 01:02:36,960

Greenwald or whatever

1249

01:02:44,450 --> 01:02:39,720

no one

1250

01:02:49,250 --> 01:02:46,609

Captain Airlines

1251
01:02:51,170 --> 01:02:49,260
civil Aeronautics Administration I mean

1252
01:02:53,510 --> 01:02:51,180
I have because I've done a couple of

1253
01:02:55,370 --> 01:02:53,520
these before in the past but and I'm not

1254
01:02:58,010 --> 01:02:55,380
saying anything that I'm doing this or

1255
01:02:59,390 --> 01:02:58,020
blah blah blah I'm just saying this is

1256
01:03:03,589 --> 01:02:59,400
new information

1257
01:03:07,430 --> 01:03:05,390
Capital airlines that goes from unknown

1258
01:03:09,529 --> 01:03:07,440
and unidentified objects received on

1259
01:03:13,549 --> 01:03:09,539
radar most of it

1260
01:03:15,289 --> 01:03:13,559
at night DCA object cited

1261
01:03:19,010 --> 01:03:15,299
um so we got radar

1262
01:03:24,470 --> 01:03:21,130
Harrisburg Pennsylvania

1263
01:03:27,710 --> 01:03:24,480

cited three at level flight moving it

1264

01:03:29,029 --> 01:03:27,720

terrific speed

1265

01:03:33,170 --> 01:03:29,039

and by the way there was another

1266

01:03:35,029 --> 01:03:33,180

commercial airliner that was in that's a

1267

01:03:37,130 --> 01:03:35,039

part of this party

1268

01:03:43,370 --> 01:03:37,140

but they they have been mentioned but

1269

01:03:43,380 --> 01:03:46,430

sorry

1270

01:03:46,440 --> 01:03:52,910

did I say something wrong nobody no one

1271

01:03:57,710 --> 01:03:54,829

should I say nobody I don't know I'm

1272

01:04:00,589 --> 01:03:57,720

sorry I'm thinking too much

1273

01:04:02,630 --> 01:04:00,599

the tower head numerous numerous

1274

01:04:05,089 --> 01:04:02,640

unidentified blips

1275

01:04:11,410 --> 01:04:05,099

on the radar screen and it asked him to

1276

01:04:17,329 --> 01:04:13,490

appeared like falling stars didn't I

1277

01:04:19,789 --> 01:04:17,339

just say that you get that a lot yeah

1278

01:04:23,450 --> 01:04:19,799

falling starts ah stars are just falling

1279

01:04:27,049 --> 01:04:25,190

I mean they're just trying to think of

1280

01:04:28,609 --> 01:04:27,059

you know what it looks like but I'm just

1281

01:04:30,529 --> 01:04:28,619

like playing that out in my head if that

1282

01:04:33,710 --> 01:04:30,539

were really the case

1283

01:04:35,510 --> 01:04:33,720

oh there goes a couple of stars

1284

01:04:42,710 --> 01:04:35,520

they fell

1285

01:04:46,670 --> 01:04:44,470

how does that happen

1286

01:04:48,529 --> 01:04:46,680

and this is the manager of flight

1287

01:04:50,329 --> 01:04:48,539

operations if you really wanted to I'm

1288

01:04:52,910 --> 01:04:50,339

sure you could go back to the skier and

1289

01:04:55,309 --> 01:04:52,920

look up who that was

1290

01:05:00,589 --> 01:04:57,529

um but even more perplexing was their

1291

01:05:03,230 --> 01:05:00,599

occasional disappearance from the screen

1292

01:05:05,990 --> 01:05:03,240

for one and sometimes two sweeps of the

1293

01:05:14,450 --> 01:05:06,000

beam after which they reappeared

1294

01:05:21,710 --> 01:05:18,829

yeah yeah help a brother out

1295

01:05:25,490 --> 01:05:21,720

uh Robert is on a mission

1296

01:05:28,940 --> 01:05:25,500

and he is definitely on to something

1297

01:05:28,950 --> 01:05:34,970

[Music]

1298

01:05:40,490 --> 01:05:38,150

you guys are kicking butt

1299

01:05:42,170 --> 01:05:40,500

I love I really that warms my heart

1300

01:05:44,870 --> 01:05:42,180

seeing you guys talk like that keep

1301

01:05:47,450 --> 01:05:44,880

doing it I love it

1302

01:05:53,390 --> 01:05:47,460

that's that's how we get things done is

1303

01:05:56,510 --> 01:05:55,069

oh when

1304

01:05:59,390 --> 01:05:56,520

today

1305

01:06:05,150 --> 01:06:01,430

I haven't been looking at the feet hey

1306

01:06:10,010 --> 01:06:05,160

disclosure teams here what's up

1307

01:06:15,470 --> 01:06:11,690

um by the way Vinnie I told everyone to

1308

01:06:19,789 --> 01:06:18,289

tell him to leave this like watch this

1309

01:06:21,829 --> 01:06:19,799

later

1310

01:06:25,250 --> 01:06:21,839

uh yeah I don't see anything April what

1311

01:06:28,370 --> 01:06:26,750

oh unless you're talking about the

1312

01:06:30,049 --> 01:06:28,380

Twitter thing but I didn't take that as

1313

01:06:31,430 --> 01:06:30,059

you were saying anything bad about the

1314

01:06:33,349 --> 01:06:31,440

relevance of the documents I just

1315

01:06:34,609 --> 01:06:33,359

thought you were asking like an honest

1316

01:06:36,589 --> 01:06:34,619

question

1317

01:06:38,329 --> 01:06:36,599

that's how I took it and I think that's

1318

01:06:39,770 --> 01:06:38,339

how you meant it it's just the other

1319

01:06:40,490 --> 01:06:39,780

people on Twitter kind of get in there

1320

01:06:44,329 --> 01:06:40,500

and

1321

01:06:47,930 --> 01:06:44,339

screw things up for you but don't worry

1322

01:06:53,809 --> 01:06:51,109

a speeds were phenomenal

1323

01:06:56,990 --> 01:06:55,970

interesting huh

1324

01:06:58,670 --> 01:06:57,000

so

1325

01:07:00,710 --> 01:06:58,680

you know first of all

1326

01:07:03,529 --> 01:07:00,720

hit the like button share this video

1327

01:07:06,109 --> 01:07:03,539

subscribe go tell people on Twitter do

1328

01:07:08,150 --> 01:07:06,119

share this for the first time go look at

1329

01:07:10,490 --> 01:07:08,160

this this is amazing you know you guys

1330

01:07:12,470 --> 01:07:10,500

need to be your own like mouthpieces for

1331

01:07:14,150 --> 01:07:12,480

this I'm doing this information but if

1332

01:07:16,130 --> 01:07:14,160

you don't share it and be a mouthpiece

1333

01:07:19,250 --> 01:07:16,140

for it it's just staying with us that's

1334

01:07:22,970 --> 01:07:21,650

so if you have a social thing like a

1335

01:07:27,230 --> 01:07:22,980

Twitter or Facebook or whatever

1336

01:07:28,490 --> 01:07:27,240

Instagram like share it and tell people

1337

01:07:30,289 --> 01:07:28,500

you know

1338

01:07:32,270 --> 01:07:30,299

that's what we have to do we can't just

1339

01:07:34,370 --> 01:07:32,280

sit on it ourself

1340

01:07:36,230 --> 01:07:34,380

we have to get it out there and I'm

1341

01:07:38,329 --> 01:07:36,240

doing this to try to get it out there

1342

01:07:39,589 --> 01:07:38,339

and I can share the video but each one

1343

01:07:42,289 --> 01:07:39,599

of you guys

1344

01:07:45,470 --> 01:07:42,299

just to share on your page

1345

01:07:50,089 --> 01:07:45,480

with the little right like holy cow

1346

01:07:54,470 --> 01:07:52,609

you know because I'm telling you most

1347

01:07:56,450 --> 01:07:54,480

people don't

1348

01:07:58,970 --> 01:07:56,460

and when you do that and they actually

1349

01:08:01,849 --> 01:07:58,980

take the time to look at this they'll I

1350

01:08:04,970 --> 01:08:01,859

would assume thank you

1351

01:08:08,089 --> 01:08:04,980

for sharing it you know but

1352

01:08:13,549 --> 01:08:11,630

like our reach can be that much farther

1353

01:08:15,410 --> 01:08:13,559

you know and if you don't like the video

1354

01:08:17,450 --> 01:08:15,420

or whatever that's I'm not saying you

1355

01:08:19,910 --> 01:08:17,460

have to do anything that makes you feel

1356

01:08:21,829 --> 01:08:19,920

uncomfortable you know but if you

1357

01:08:23,809 --> 01:08:21,839

believe in this work

1358

01:08:26,689 --> 01:08:23,819

and it moves you as much as it moves me

1359

01:08:30,229 --> 01:08:26,699

share it and tell people

1360

01:08:35,870 --> 01:08:33,229

you can tag me in it so people talk crap

1361

01:08:38,630 --> 01:08:35,880

I'll be there for you I'll back you up

1362

01:08:40,189 --> 01:08:38,640

or whatever you want you know

1363

01:08:41,809 --> 01:08:40,199

there's nothing he can say these are

1364

01:08:44,390 --> 01:08:41,819

government documents well this one's a

1365

01:08:46,370 --> 01:08:44,400

commercial airliner document but

1366

01:08:48,410 --> 01:08:46,380

but that's how like that's how we're

1367

01:08:50,749 --> 01:08:48,420

going to move this ball forward as if is

1368

01:08:53,570 --> 01:08:50,759

if each of you put a little piece of it

1369

01:08:55,669 --> 01:08:53,580

in your hand and push it out there to

1370

01:08:58,849 --> 01:08:55,679

other people

1371

01:09:02,570 --> 01:09:01,010

and I'm trying to make this a sync

1372

01:09:05,269 --> 01:09:02,580

direct and to the point so that when

1373

01:09:08,749 --> 01:09:05,279

people get here and look at this

1374

01:09:14,450 --> 01:09:08,759

it's all just good information

1375

01:09:20,930 --> 01:09:16,630

spaghetti yeah you know

1376

01:09:20,940 --> 01:09:28,669

I'm just kidding

1377

01:09:35,030 --> 01:09:30,590

see like uh

1378

01:09:40,669 --> 01:09:38,510

no and I mean whatever Tom DeLong says

1379

01:09:42,470 --> 01:09:40,679

about that

1380

01:09:46,010 --> 01:09:42,480

doesn't he doesn't

1381

01:09:52,729 --> 01:09:49,070

you know he can't provide anything else

1382

01:09:56,870 --> 01:09:52,739

with it right he can't say this is why

1383

01:10:00,649 --> 01:09:59,209

and when you talk to Luke he said you

1384

01:10:02,689 --> 01:10:00,659

know Lou is just talking to Vinnie he

1385

01:10:05,450 --> 01:10:02,699

says Thomas time you know

1386

01:10:07,910 --> 01:10:05,460

kind of like a be careful

1387

01:10:09,830 --> 01:10:07,920

so then you have conflicting things so

1388

01:10:13,430 --> 01:10:09,840

that's why I go back to these documents

1389

01:10:16,370 --> 01:10:13,440

and look for myself to find my truth

1390

01:10:18,890 --> 01:10:16,380

because it's way too messy out there

1391

01:10:21,590 --> 01:10:18,900

and you get caught up in it

1392

01:10:22,729 --> 01:10:21,600

and in the end how much better off are

1393

01:10:36,050 --> 01:10:22,739

you

1394

01:10:41,450 --> 01:10:37,790

and whether that's finding the right

1395

01:10:44,410 --> 01:10:41,460

podcast or you know your what right way

1396

01:10:49,070 --> 01:10:44,420

to help whether it's sharing something

1397

01:10:50,570 --> 01:10:49,080

or supporting someone that's in the You

1398

01:10:53,330 --> 01:10:50,580

Know Field that's doing things that you

1399

01:10:56,870 --> 01:10:54,830

otherwise it's all just kind of

1400

01:10:58,669 --> 01:10:56,880

distractions isn't it

1401

01:11:00,350 --> 01:10:58,679

one thing I know is actions speak louder

1402

01:11:03,410 --> 01:11:00,360

than words and that's why I like luau

1403

01:11:08,149 --> 01:11:03,420

Elizondo because he doesn't just talk

1404

01:11:11,530 --> 01:11:08,159

you know he he actually does stuff

1405

01:11:14,510 --> 01:11:11,540

you know what has Tom done yes

1406

01:11:16,430 --> 01:11:14,520

ttsa awesome a lot of people could say

1407

01:11:19,250 --> 01:11:16,440

we wouldn't be here without his first

1408

01:11:21,830 --> 01:11:19,260

actions and I agree with that

1409

01:11:24,950 --> 01:11:21,840

but right now what is he doing

1410

01:11:28,130 --> 01:11:24,960

he's on tour he's playing in a band

1411

01:11:32,330 --> 01:11:30,530

he let us be

1412

01:11:35,209 --> 01:11:32,340

he said okay I did my part I'm going to

1413

01:11:36,470 --> 01:11:35,219

play in a band but it's all about

1414

01:11:39,470 --> 01:11:36,480

um Consciousness and stuff and yeah

1415

01:11:41,510 --> 01:11:39,480

that's cool that's great

1416

01:11:44,149 --> 01:11:41,520

and I love that

1417

01:11:46,550 --> 01:11:44,159

but he's not helping us right now you

1418

01:11:50,209 --> 01:11:48,830

and that's just the fact

1419

01:11:52,090 --> 01:11:50,219

the people that are out there working

1420

01:11:55,189 --> 01:11:52,100

putting in the work to get things done

1421

01:11:57,890 --> 01:11:55,199

like Elizondo like

1422

01:12:00,169 --> 01:11:57,900

melon like the the other people doing

1423

01:12:03,649 --> 01:12:00,179

shows like this keeping the community

1424

01:12:06,890 --> 01:12:03,659

going like Vinnie disclosure Team Max

1425

01:12:14,990 --> 01:12:06,900

uh unidentified celebrity review

1426

01:12:19,370 --> 01:12:17,149

I mean those are the people that are uh

1427

01:12:22,010 --> 01:12:19,380

putting in the work and the actions you

1428

01:12:24,410 --> 01:12:22,020

know and while they're doing that

1429

01:12:26,450 --> 01:12:24,420

we're all struggling financially

1430

01:12:27,950 --> 01:12:26,460

time to Long's Rich out there playing

1431

01:12:29,930 --> 01:12:27,960

music

1432

01:12:32,209 --> 01:12:29,940

enjoying himself

1433

01:12:34,370 --> 01:12:32,219

and that's fine

1434

01:12:36,229 --> 01:12:34,380

but that's not helping us

1435

01:12:38,450 --> 01:12:36,239

if he is he's doing something behind the

1436

01:12:40,430 --> 01:12:38,460

scenes if if that's the case and he is

1437

01:12:42,350 --> 01:12:40,440

I'm sorry

1438

01:12:44,689 --> 01:12:42,360

you know and I would need to know what

1439

01:12:47,209 --> 01:12:44,699

that is to take it back but

1440

01:12:49,310 --> 01:12:47,219

um I don't know that that's the case I'm

1441

01:12:52,130 --> 01:12:49,320

not saying it is and or is but I can

1442

01:12:54,110 --> 01:12:52,140

only look at it at face value

1443

01:12:55,370 --> 01:12:54,120

and what I see is he's out there playing

1444

01:13:01,430 --> 01:12:55,380

music

1445

01:13:06,709 --> 01:13:04,010

I would love to be on a tour like what

1446

01:13:10,610 --> 01:13:06,719

he's doing that was my dream since I was

1447

01:13:14,570 --> 01:13:12,470

but that didn't come into fruition for

1448

01:13:15,890 --> 01:13:14,580

me and my life changed and I'm here

1449

01:13:18,470 --> 01:13:15,900

doing this

1450

01:13:21,169 --> 01:13:18,480

while the lung is out there living the

1451

01:13:26,630 --> 01:13:23,810

hero worship is no good you cannot pick

1452

01:13:28,189 --> 01:13:26,640

a person and just love everything they

1453

01:13:31,910 --> 01:13:28,199

say you know

1454

01:13:35,630 --> 01:13:31,920

even Elizondo Chris melon George nebb

1455

01:13:41,570 --> 01:13:38,870

but you can make grounded opinions on

1456

01:13:43,430 --> 01:13:41,580

the characters based on their actions

1457

01:13:45,590 --> 01:13:43,440

not their words

1458

01:13:50,270 --> 01:13:45,600

they can say whatever they want but

1459

01:13:58,250 --> 01:13:53,570

and if what they do in those actions

1460

01:14:03,110 --> 01:14:00,530

you know remember that help that

1461

01:14:05,570 --> 01:14:03,120

talk about that

1462

01:14:12,229 --> 01:14:05,580

not about the people that just

1463

01:14:15,470 --> 01:14:13,910

he started this whole thing and he just

1464

01:14:16,850 --> 01:14:15,480

disappeared

1465

01:14:18,709 --> 01:14:16,860

and great you know it's better than

1466

01:14:20,450 --> 01:14:18,719

nothing for sure but do you think we

1467

01:14:22,250 --> 01:14:20,460

couldn't be here without time too long I

1468

01:14:27,250 --> 01:14:22,260

don't for one second think that's the

1469

01:14:32,030 --> 01:14:30,110

Elizondo for instance has the integrity

1470

01:14:34,550 --> 01:14:32,040

and heart of a person who would have

1471

01:14:38,990 --> 01:14:34,560

done something like this on his own if

1472

01:14:45,649 --> 01:14:41,750

and I don't even mind people give Tom

1473

01:14:50,209 --> 01:14:47,750

you know

1474

01:14:52,310 --> 01:14:50,219

that's fine he wasn't putting his career

1475

01:14:57,229 --> 01:14:52,320

on the line

1476

01:15:01,790 --> 01:14:59,030

you know people will still like his

1477

01:15:04,370 --> 01:15:01,800

music if it's good that's how that stuff

1478

01:15:07,610 --> 01:15:04,380

works

1479

01:15:07,620 --> 01:15:12,590

so

1480

01:15:17,270 --> 01:15:14,570

all right

1481

01:15:19,490 --> 01:15:17,280

just remember that we're here

1482

01:15:23,709 --> 01:15:19,500

I'm working you guys are here you're

1483

01:15:29,870 --> 01:15:27,649

I'm just a passionate person Keith

1484

01:15:36,110 --> 01:15:29,880

you know I mean I'm I'm here because I

1485

01:15:39,709 --> 01:15:38,209

you know and I see a lot of people

1486

01:15:41,750 --> 01:15:39,719

putting in work and I don't see them

1487

01:15:44,390 --> 01:15:41,760

doing anything and I'm just being honest

1488

01:15:46,189 --> 01:15:44,400

with it and so that passion goes on with

1489

01:15:49,430 --> 01:15:46,199

comes along

1490

01:15:52,130 --> 01:15:49,440

I feel threatened by Tom DeLong

1491

01:15:57,950 --> 01:15:54,229

no

1492

01:16:04,070 --> 01:16:02,090

I haven't even talked to that guy or uh

1493

01:16:07,189 --> 01:16:04,080

there's nothing he can really

1494

01:16:14,090 --> 01:16:07,199

do I guess do me like so I don't know

1495

01:16:17,570 --> 01:16:15,890

if you can tell me what he's doing for a

1496

01:16:24,350 --> 01:16:17,580

disclosure right now and change my mind

1497

01:16:24,360 --> 01:16:27,890

so

1498

01:16:30,890 --> 01:16:29,630

oh let's keep talking and say whatever

1499

01:16:33,709 --> 01:16:30,900

he wants

1500

01:16:42,530 --> 01:16:36,770

I do not mind

1501

01:16:46,910 --> 01:16:44,510

all right so

1502

01:16:50,450 --> 01:16:46,920

that was actually the last one

1503

01:17:03,590 --> 01:16:54,530

so let me see let me just make sure

1504

01:17:08,689 --> 01:17:06,110

uh yeah

1505

01:17:11,390 --> 01:17:08,699

I wouldn't say anything derogatory about

1506

01:17:16,070 --> 01:17:11,400

Tom like he's a piece of crap or he

1507

01:17:17,810 --> 01:17:16,080

sucks at this or whatever you know

1508

01:17:19,669 --> 01:17:17,820

um I'm just simply

1509

01:17:22,189 --> 01:17:19,679

trying to say that he's not doing

1510

01:17:25,370 --> 01:17:22,199

anything to help us right now

1511

01:17:28,189 --> 01:17:25,380

so whatever he says about

1512

01:17:29,390 --> 01:17:28,199

um salacious things or whatever just I

1513

01:17:31,250 --> 01:17:29,400

don't know

1514

01:17:39,709 --> 01:17:31,260

doesn't really change anything does it

1515

01:17:43,850 --> 01:17:41,750

so

1516

01:17:46,370 --> 01:17:43,860

you know everybody just do what they can

1517

01:17:48,110 --> 01:17:46,380

do and like like I said maybe Tom is

1518

01:17:49,910 --> 01:17:48,120

doing something behind the scenes and if

1519

01:17:51,350 --> 01:17:49,920

that's the case I would really love to

1520

01:17:53,290 --> 01:17:51,360

know what that is

1521

01:17:56,209 --> 01:17:53,300

so I could bite my tongue

1522

01:18:01,010 --> 01:17:56,219

you know but he doesn't I don't know of

1523

01:18:05,570 --> 01:18:03,110

uh one thing about me is I'm always open

1524

01:18:07,790 --> 01:18:05,580

to be I'm very passionate if I have

1525

01:18:09,890 --> 01:18:07,800

something I care about I'm passionate so

1526

01:18:12,290 --> 01:18:09,900

when I talk like that it's not that I'm

1527

01:18:13,970 --> 01:18:12,300

angry instead of passionate

1528

01:18:15,290 --> 01:18:13,980

and I have a lot of passion I'm a

1529

01:18:17,450 --> 01:18:15,300

singer-songwriter if you check out my

1530

01:18:18,950 --> 01:18:17,460

stuff there's a lot of passion in that

1531

01:18:21,590 --> 01:18:18,960

so

1532

01:18:23,870 --> 01:18:21,600

don't take it the wrong way I guess

1533

01:18:25,910 --> 01:18:23,880

you know I still love and appreciate

1534

01:18:27,649 --> 01:18:25,920

just about everybody that's not harmful

1535

01:18:31,669 --> 01:18:27,659

to other people

1536

01:18:35,570 --> 01:18:34,189

so

1537

01:18:39,050 --> 01:18:35,580

um but yeah

1538

01:18:40,910 --> 01:18:39,060

it's just passion so passion is what

1539

01:18:42,649 --> 01:18:40,920

allows me to put all these documents

1540

01:18:45,890 --> 01:18:42,659

together and do this

1541

01:18:48,050 --> 01:18:45,900

and get to a place

1542

01:18:50,870 --> 01:18:48,060

where I can hang out with you guys and

1543

01:18:54,350 --> 01:18:52,610

but I'm also just not going to sit here

1544

01:18:55,970 --> 01:18:54,360

and just take you know people just say

1545

01:18:57,470 --> 01:18:55,980

nice things to me and that's what it is

1546

01:18:59,090 --> 01:18:57,480

like

1547

01:19:01,610 --> 01:18:59,100

um

1548

01:19:03,709 --> 01:19:01,620

I've been through a lot in a lot of

1549

01:19:04,790 --> 01:19:03,719

bullying and all that kind of stuff in

1550

01:19:06,950 --> 01:19:04,800

my life

1551

01:19:08,570 --> 01:19:06,960

pretty bad stuff

1552

01:19:12,830 --> 01:19:08,580

the worst ever

1553

01:19:14,090 --> 01:19:12,840

no not by any stretch of the imagination

1554

01:19:16,669 --> 01:19:14,100

um

1555

01:19:20,330 --> 01:19:16,679

but it you know to me it was a big deal

1556

01:19:22,550 --> 01:19:20,340

so I don't really get too affected by uh

1557

01:19:27,050 --> 01:19:22,560

stuff said to me by people I don't like

1558

01:19:27,060 --> 01:19:36,510

my playlist what playlist

1559

01:19:43,550 --> 01:19:41,090

[Music]

1560

01:19:46,010 --> 01:19:43,560

yeah I just I just needed a break dude I

1561

01:19:49,370 --> 01:19:46,020

read like 500 pages or documents in the

1562

01:19:54,290 --> 01:19:52,130

and I'm figuring I was just thinking of

1563

01:19:56,990 --> 01:19:54,300

a way I could take a break but still be

1564

01:20:00,050 --> 01:19:57,000

productive so

1565

01:20:01,729 --> 01:20:00,060

I could take a break from that do this

1566

01:20:05,209 --> 01:20:01,739

and show you a few of the documents that

1567

01:20:06,350 --> 01:20:05,219

I found that are super interesting

1568

01:20:07,430 --> 01:20:06,360

um

1569

01:20:08,629 --> 01:20:07,440

you know

1570

01:20:10,189 --> 01:20:08,639

and then I was thinking out the

1571

01:20:12,709 --> 01:20:10,199

weekend's coming up anyways so I can

1572

01:20:17,930 --> 01:20:14,490

he's addicted

1573

01:20:20,090 --> 01:20:17,940

[Laughter]

1574

01:20:22,729 --> 01:20:20,100

uh thanks Megan

1575

01:20:24,770 --> 01:20:22,739

I appreciate it that's just I would get

1576

01:20:26,689 --> 01:20:24,780

Robert like with anything I'm doing like

1577

01:20:30,169 --> 01:20:26,699

if I'm writing an album I'm almost

1578

01:20:32,750 --> 01:20:30,179

working on Non-Stop until it's done

1579

01:20:35,149 --> 01:20:34,310

I was doing chess tournaments for a

1580

01:20:39,050 --> 01:20:35,159

while

1581

01:20:43,310 --> 01:20:39,060

I was doing nothing but studying chess

1582

01:20:50,090 --> 01:20:48,169

playing games puzzles you know just

1583

01:20:54,360 --> 01:20:50,100

I pushed through everything to get to

1584

01:20:56,570 --> 01:20:55,189

[Music]

1585

01:20:58,650 --> 01:20:56,580

um

1586

01:21:01,850 --> 01:20:58,660

make better songs about UFOs

1587

01:21:04,490 --> 01:21:01,860

[Laughter]

1588

01:21:06,410 --> 01:21:04,500

yeah

1589

01:21:10,129 --> 01:21:06,420

oh gee the one thing I'll tell you about

1590

01:21:12,590 --> 01:21:10,139

my songwriting is I write so much

1591

01:21:15,530 --> 01:21:12,600

that um

1592

01:21:19,070 --> 01:21:15,540

yeah a couple of good ones uh will come

1593

01:21:24,590 --> 01:21:21,470

but there yeah I mean if you ask me to

1594

01:21:25,430 --> 01:21:24,600

honestly evaluate my songs I would say

1595

01:21:27,649 --> 01:21:25,440

foreign

1596

01:21:29,689 --> 01:21:27,659

like I always I have like a really

1597

01:21:31,310 --> 01:21:29,699

favorite solid one not even ones that

1598

01:21:32,689 --> 01:21:31,320

other people like so much but ones that

1599

01:21:35,990 --> 01:21:32,699

I really like

1600

01:21:40,729 --> 01:21:39,229

40 songs I read or something maybe it's

1601
01:21:43,490 --> 01:21:40,739
hard to

1602
01:21:44,689 --> 01:21:43,500
to be satisfied with that stuff that's

1603
01:21:46,550 --> 01:21:44,699
for sure

1604
01:21:48,050 --> 01:21:46,560
especially after you hear it a few times

1605
01:21:51,830 --> 01:21:48,060
and you're sick of it already and you're

1606
01:21:53,990 --> 01:21:51,840
like ah this is [h__h] anyways

1607
01:21:58,310 --> 01:21:54,000
but yeah you know it's easier when you

1608
01:22:03,890 --> 01:21:58,970
um

1609
01:22:04,970 --> 01:22:03,900
a couple of them

1610
01:22:06,830 --> 01:22:04,980
um

1611
01:22:08,570 --> 01:22:06,840
but I don't have like a like a playlist

1612
01:22:11,050 --> 01:22:08,580
with different musicians and stuff if

1613
01:22:15,169 --> 01:22:11,060

that's what you mean

1614

01:22:18,410 --> 01:22:15,179

but if you guys want to

1615

01:22:19,850 --> 01:22:18,420

check out cartoons they're all free too

1616

01:22:22,149 --> 01:22:19,860

so I mean I don't want to come across

1617

01:22:25,610 --> 01:22:22,159

like I'm trying to

1618

01:22:26,990 --> 01:22:25,620

UFO musician and you know make money so

1619

01:22:28,970 --> 01:22:27,000

I just make them free

1620

01:22:30,770 --> 01:22:28,980

so you can download them and do whatever

1621

01:22:36,290 --> 01:22:30,780

you want

1622

01:22:38,330 --> 01:22:36,300

and donate that's great I don't have

1623

01:22:42,410 --> 01:22:38,340

money I am broke I mean I have money but

1624

01:22:45,169 --> 01:22:42,420

I'm not you know like a well-off person

1625

01:22:47,510 --> 01:22:45,179

so if you want to donate like

1626

01:22:49,129 --> 01:22:47,520

um some people have said get a patreon

1627

01:22:52,910 --> 01:22:49,139

or whatever

1628

01:22:57,290 --> 01:22:55,790

this band camp here is a better way for

1629

01:22:59,209 --> 01:22:57,300

you to help if that's what you want to

1630

01:23:01,310 --> 01:22:59,219

do because you can pay what you want and

1631

01:23:03,530 --> 01:23:01,320

you get some music

1632

01:23:04,129 --> 01:23:03,540

you know

1633

01:23:05,810 --> 01:23:04,139

um

1634

01:23:08,930 --> 01:23:05,820

and you don't have to pay anything

1635

01:23:12,530 --> 01:23:08,940

either you can just download it so

1636

01:23:14,689 --> 01:23:12,540

uh I do have music also under um Reigns

1637

01:23:16,669 --> 01:23:14,699

daily which actually I made my first

1638

01:23:20,510 --> 01:23:16,679

encounter albums

1639

01:23:23,689 --> 01:23:21,830

so

1640

01:23:26,090 --> 01:23:23,699

if you want to like the most emotionally

1641

01:23:26,750 --> 01:23:26,100

connected stuff that I've written

1642

01:23:30,770 --> 01:23:26,760

um

1643

01:23:32,940 --> 01:23:30,780

with this uh rains daily has that stuff

1644

01:23:34,450 --> 01:23:32,950

but that stuff I charge for

1645

01:23:39,050 --> 01:23:34,460

[Laughter]

1646

01:23:41,570 --> 01:23:39,060

uh because I've spent a lot of money on

1647

01:23:43,430 --> 01:23:41,580

um that music as far as like record I

1648

01:23:46,669 --> 01:23:43,440

record everything myself engineered on

1649

01:23:48,770 --> 01:23:46,679

myself mix it myself Master it myself

1650

01:23:50,629 --> 01:23:48,780

um so I had you know over the course of

1651

01:23:53,209 --> 01:23:50,639

a few years I had to put a lot of money

1652

01:23:56,209 --> 01:23:54,709

um

1653

01:23:58,310 --> 01:23:56,219

yeah

1654

01:24:00,770 --> 01:23:58,320

but there was that one point like a band

1655

01:24:03,290 --> 01:24:00,780

mate in one of my bands

1656

01:24:05,090 --> 01:24:03,300

um was selling my instrumentals to be on

1657

01:24:07,729 --> 01:24:05,100

like these Hospital documentaries and

1658

01:24:09,590 --> 01:24:07,739

stuff and he wasn't telling me over the

1659

01:24:12,590 --> 01:24:09,600

course of a couple years and gathered

1660

01:24:14,149 --> 01:24:12,600

like three thousand dollars doing it

1661

01:24:15,709 --> 01:24:14,159

and

1662

01:24:17,450 --> 01:24:15,719

I found out

1663

01:24:18,950 --> 01:24:17,460

and I just had like an instinct that

1664

01:24:21,110 --> 01:24:18,960

this was happening and I just like

1665

01:24:22,250 --> 01:24:21,120

looked into it a little myself and it

1666

01:24:24,470 --> 01:24:22,260

did happen

1667

01:24:25,310 --> 01:24:24,480

and then I tried to confront him about

1668

01:24:31,490 --> 01:24:25,320

it

1669

01:24:33,229 --> 01:24:31,500

eventually he gave me some money and I

1670

01:24:37,010 --> 01:24:33,239

used that to buy my own equipment and

1671

01:24:40,610 --> 01:24:38,870

so

1672

01:24:42,649 --> 01:24:40,620

um but he

1673

01:24:43,490 --> 01:24:42,659

you know without getting into it he had

1674

01:24:46,970 --> 01:24:43,500

some

1675

01:24:49,310 --> 01:24:46,980

um personal issues that a lot of people

1676

01:24:50,680 --> 01:24:49,320

are familiar with as far as epidemic

1677

01:24:51,050 --> 01:24:50,690

stuff

1678

01:24:51,950 --> 01:24:51,060

[Music]

1679

01:24:53,810 --> 01:24:51,960

um

1680

01:24:54,709 --> 01:24:53,820

you know I'm not making excuses for them

1681

01:24:56,510 --> 01:24:54,719

but

1682

01:24:58,550 --> 01:24:56,520

when people are in that situation

1683

01:25:00,830 --> 01:24:58,560

they're not who they are

1684

01:25:03,229 --> 01:25:00,840

that's it's not them you know they're

1685

01:25:04,610 --> 01:25:03,239

taken over

1686

01:25:06,830 --> 01:25:04,620

um

1687

01:25:08,629 --> 01:25:06,840

so

1688

01:25:10,550 --> 01:25:08,639

you know yeah I'm still irritated by it

1689

01:25:12,709 --> 01:25:10,560

because he could have just told me and I

1690

01:25:15,410 --> 01:25:12,719

would have been all good dude

1691

01:25:16,790 --> 01:25:15,420

you know take it you need it but you

1692

01:25:18,350 --> 01:25:16,800

live and you learn you know I'm not

1693

01:25:23,090 --> 01:25:18,360

perfect either and I've had my fair

1694

01:25:27,590 --> 01:25:25,310

all right so

1695

01:25:29,030 --> 01:25:27,600

that being said I'm gonna peace out

1696

01:25:31,790 --> 01:25:29,040

we got to an hour and a half today

1697

01:25:33,890 --> 01:25:31,800

pretty red good stuff

1698

01:25:35,510 --> 01:25:33,900

um yeah and [h__\h] like I said before

1699

01:25:37,910 --> 01:25:35,520

share this stuff get this stuff out

1700

01:25:39,590 --> 01:25:37,920

there because disclosure is in there

1701

01:25:41,390 --> 01:25:39,600

people can realize that this has been

1702

01:25:44,629 --> 01:25:41,400

going on for a long time and it's legit

1703

01:25:46,550 --> 01:25:44,639

if they just look at this stuff you know

1704

01:25:48,770 --> 01:25:46,560

um in my project my big project I'm

1705

01:25:50,209 --> 01:25:48,780

working on it it is going to be

1706

01:25:53,930 --> 01:25:50,219

big

1707

01:25:55,250 --> 01:25:53,940

and I don't say stuff like that ever and

1708

01:25:57,830 --> 01:25:55,260

um not

1709

01:25:59,750 --> 01:25:57,840

produce

1710

01:26:01,729 --> 01:25:59,760

you know

1711

01:26:04,189 --> 01:26:01,739

um now big is relative it's big to me

1712

01:26:06,229 --> 01:26:04,199

may not be big to you

1713

01:26:07,790 --> 01:26:06,239

um

1714

01:26:09,890 --> 01:26:07,800

but

1715

01:26:13,010 --> 01:26:09,900

let's just say I'm making really great

1716

01:26:15,590 --> 01:26:13,020

use of my time and the resources that I

1717

01:26:19,189 --> 01:26:15,600

have to put together something that can

1718

01:26:22,970 --> 01:26:20,270

um for

1719

01:26:24,410 --> 01:26:22,980

everything from other people into this

1720

01:26:27,050 --> 01:26:24,420

topic

1721

01:26:28,450 --> 01:26:27,060

and also something that is a very

1722

01:26:31,490 --> 01:26:28,460

um

1723

01:26:32,990 --> 01:26:31,500

logically convincing

1724

01:26:35,330 --> 01:26:33,000

believe it or not

1725

01:26:37,310 --> 01:26:35,340

so

1726

01:26:39,530 --> 01:26:37,320

do you have the body shown

1727

01:26:43,010 --> 01:26:41,209

I can't I'm not gonna answer that I

1728

01:26:47,770 --> 01:26:43,020

can't comment

1729

01:26:50,209 --> 01:26:47,780

but no I don't

1730

01:26:52,550 --> 01:26:50,219

all right guys thank you so much for

1731

01:26:56,770 --> 01:26:52,560

hanging out spaghetti Avril

1732

01:26:59,380 --> 01:26:56,780

I appreciate you guys so much bias Nigel

1733

01:27:00,110 --> 01:26:59,390

Babbitt engage

1734

01:27:00,830 --> 01:27:00,120

[Music]

1735

01:27:03,350 --> 01:27:00,840

um

1736

01:27:05,810 --> 01:27:03,360

what else we got Robert

1737

01:27:09,350 --> 01:27:05,820

OG

1738

01:27:11,629 --> 01:27:09,360

I like you and your little jerk comments

1739

01:27:13,370 --> 01:27:11,639

I don't mind it I like it got to keep it

1740

01:27:16,010 --> 01:27:13,380

fresh

1741

01:27:20,330 --> 01:27:16,020

Benji what's up man uh we got the time

1742

01:27:24,410 --> 01:27:22,070

you know there's a lot of stuff that he

1743

01:27:26,450 --> 01:27:24,420

says that really Rings home with me big

1744

01:27:30,110 --> 01:27:26,460

time

1745

01:27:30,120 --> 01:27:32,290

um

1746

01:27:38,390 --> 01:27:36,169

so you know I'm I'm a Time guy

1747

01:27:41,390 --> 01:27:38,400

I just wish he was

1748

01:27:44,149 --> 01:27:41,400

active more with us and you know there

1749

01:27:46,010 --> 01:27:44,159

could be reasons he can't be maybe I

1750

01:27:47,689 --> 01:27:46,020

don't know and maybe it's unfair for me

1751

01:27:49,189 --> 01:27:47,699

to judge him like that and I'm not

1752

01:27:52,189 --> 01:27:49,199

trying to judge him I guess I'm just

1753

01:27:53,689 --> 01:27:52,199

trying to comment based on actions that

1754

01:27:56,750 --> 01:27:53,699

I see

1755

01:27:58,550 --> 01:27:56,760

or the lack thereof you know

1756

01:28:02,390 --> 01:27:58,560

so that's all I can do

1757

01:28:05,689 --> 01:28:02,400

but I can leave myself open to be wrong

1758

01:28:08,510 --> 01:28:05,699

um Robert what's up dude

1759

01:28:09,890 --> 01:28:08,520

thanks for hanging Robert me and Robert

1760

01:28:12,770 --> 01:28:09,900

are working on a pretty cool project

1761

01:28:17,330 --> 01:28:15,350

so you'll hopefully see that if he stops

1762

01:28:23,870 --> 01:28:17,340

being lazy and gets it done I'm just

1763

01:28:31,790 --> 01:28:26,450

I'm a top fan yeah I mean

1764

01:28:33,890 --> 01:28:31,800

he's a good dude you know he really is

1765

01:28:35,450 --> 01:28:33,900

I don't mean to disparage him or come

1766

01:28:36,770 --> 01:28:35,460

off like that I think the one guy was

1767

01:28:39,229 --> 01:28:36,780

just trying to stoke me a little bit

1768

01:28:40,970 --> 01:28:39,239

which is fair

1769

01:28:43,370 --> 01:28:40,980

um

1770

01:28:44,930 --> 01:28:43,380

so everybody's got their own roads you

1771

01:28:46,550 --> 01:28:44,940

know unless you know what's going on in

1772

01:28:47,330 --> 01:28:46,560

their life

1773

01:28:50,629 --> 01:28:47,340

um

1774

01:28:53,270 --> 01:28:50,639

I guess it's a little unfair to

1775

01:28:56,450 --> 01:28:53,280

to make judgments like maybe it came off

1776

01:29:01,550 --> 01:28:58,490

because who knows who knows what's going

1777

01:29:02,390 --> 01:29:01,560

on in his life or other people's lives

1778

01:29:04,850 --> 01:29:02,400

right

1779

01:29:07,070 --> 01:29:04,860

and it's easy for us to

1780

01:29:08,870 --> 01:29:07,080

just throw stuff out there and go use

1781

01:29:12,470 --> 01:29:08,880

this or that or this but

1782

01:29:14,450 --> 01:29:12,480

you know it's also just super rude and

1783

01:29:16,669 --> 01:29:14,460

not empathetic because we just don't

1784

01:29:18,950 --> 01:29:16,679

know what's going on

1785

01:29:22,310 --> 01:29:18,960

he's not experienter enough to matter I

1786

01:29:27,229 --> 01:29:25,010

I bet he said a lot better experiences

1787

01:29:29,700 --> 01:29:27,239

while crazier ones than I have

1788

01:29:31,910 --> 01:29:29,710

maybe not uoap related but

1789

01:29:33,410 --> 01:29:31,920

[Laughter]

1790

01:29:36,350 --> 01:29:33,420

so

1791

01:29:39,110 --> 01:29:36,360

I'm sure he's got lots of experience

1792

01:29:41,629 --> 01:29:39,120

Megan what's up

1793

01:29:43,970 --> 01:29:41,639

and I missed you I'm so glad that you

1794

01:29:46,310 --> 01:29:43,980

came back you changed your picture

1795

01:29:50,390 --> 01:29:46,320

alrighty yeah I'm glad you're back Megan

1796

01:29:55,189 --> 01:29:52,250

um I know you've been away so

1797

01:29:56,930 --> 01:29:55,199

all right I'm gonna get out of here

1798

01:30:01,910 --> 01:29:56,940

uh we'll see you tomorrow do something

1799

01:30:05,330 --> 01:30:03,709

um you know if I'm working hard

1800

01:30:06,770 --> 01:30:05,340

continuously at my big project there's

1801

01:30:09,169 --> 01:30:06,780

no reason we can't do something like

1802

01:30:11,390 --> 01:30:09,179

this every day with different cases so

1803

01:30:16,970 --> 01:30:11,400

we'll see how that goes
