

Witness Citizen

1
00:00:07,190 --> 00:00:04,520
all right i think this is the right one

2
00:00:08,790 --> 00:00:07,200
[Laughter]

3
00:00:11,190 --> 00:00:08,800
i don't know what the heck is going on

4
00:00:13,589 --> 00:00:11,200
it is just a crazy

5
00:00:15,829 --> 00:00:13,599
crazy stuff that's happening

6
00:00:17,910 --> 00:00:15,839
uh the stream here is like

7
00:00:20,470 --> 00:00:17,920
i couldn't get in here for like two

8
00:00:20,480 --> 00:00:23,349
or so

9
00:00:28,070 --> 00:00:25,509
i made like some events then i tried to

10
00:00:28,950 --> 00:00:28,080
get back in and i couldn't get back in

11
00:00:30,630 --> 00:00:28,960
um

12
00:00:32,950 --> 00:00:30,640
and then i was checking

13
00:00:35,350 --> 00:00:32,960

check in a different one

14

00:00:37,430 --> 00:00:35,360

to see if that was working uh that other

15

00:00:39,430 --> 00:00:37,440

event so uh with the experience there so

16

00:00:40,950 --> 00:00:39,440

i'll have to remake that i guess but

17

00:00:41,830 --> 00:00:40,960

that's fine

18

00:00:43,350 --> 00:00:41,840

um

19

00:00:45,430 --> 00:00:43,360

not a problem i'm just glad this is

20

00:00:49,110 --> 00:00:45,440

working

21

00:00:51,270 --> 00:00:49,120

because uh it definitely

22

00:00:54,389 --> 00:00:51,280

i all my internet stuff has been really

23

00:00:59,110 --> 00:00:56,389

but it is what it is

24

00:01:01,430 --> 00:00:59,120

and we're here and we're uh hanging out

25

00:01:04,149 --> 00:01:01,440

so that's good so yeah today i thought

26

00:01:06,710 --> 00:01:04,159

we could uh actually cover the mandate

27

00:01:10,870 --> 00:01:06,720

that was approved by the house intel

28

00:01:14,230 --> 00:01:10,880

committee it seems fair right to do that

29

00:01:19,109 --> 00:01:17,030

because uh that's a pretty big deal

30

00:01:21,830 --> 00:01:19,119

so that's what we're gonna do

31

00:01:25,030 --> 00:01:21,840

and sorry about the confusion with the

32

00:01:28,230 --> 00:01:25,040

event that's supposed to be on wednesday

33

00:01:29,350 --> 00:01:28,240

um it's yeah just things are weird right

34

00:01:30,870 --> 00:01:29,360

now so

35

00:01:32,550 --> 00:01:30,880

anyways

36

00:01:35,109 --> 00:01:32,560

spaghetti's supposed to show up he's

37

00:01:38,149 --> 00:01:35,119

supposed to come hang out or at least

38

00:01:39,590 --> 00:01:38,159

you know we talked about it very

39

00:01:41,590 --> 00:01:39,600

briefly

40

00:01:44,149 --> 00:01:41,600

um disclosure team are you in here is

41

00:01:45,510 --> 00:01:44,159

your instagram still down

42

00:01:47,109 --> 00:01:45,520

um cause

43

00:01:48,460 --> 00:01:47,119

you might as well pop in here if you're

44

00:01:52,710 --> 00:01:48,470

not doing anything

45

00:01:52,720 --> 00:01:56,789

right

46

00:02:06,069 --> 00:02:00,389

if you want you can go over this with me

47

00:02:08,949 --> 00:02:07,109

so

48

00:02:10,469 --> 00:02:08,959

let me know if you want to join and

49

00:02:12,390 --> 00:02:10,479

we'll get you in here

50

00:02:13,830 --> 00:02:12,400

um i was briefly looking over this and

51
00:02:15,990 --> 00:02:13,840
you know it's funny because we all pay

52
00:02:17,270 --> 00:02:16,000
attention to the

53
00:02:19,750 --> 00:02:17,280
um

54
00:02:20,630 --> 00:02:19,760
we all pay attention to the uap part

55
00:02:22,309 --> 00:02:20,640
right

56
00:02:24,550 --> 00:02:22,319
well there's a lot actually in this

57
00:02:28,550 --> 00:02:24,560
thing

58
00:02:33,430 --> 00:02:31,670
yeah i sent you this stream here vinnie

59
00:02:38,150 --> 00:02:33,440
so you can join me this could be a

60
00:02:38,160 --> 00:02:41,430
which would be cool

61
00:02:46,150 --> 00:02:43,589
uh but with that being said i'm just

62
00:02:48,309 --> 00:02:46,160
going to

63
00:02:50,309 --> 00:02:48,319

get ready and get the document up so it

64

00:02:57,190 --> 00:02:50,319

can all go through it maybe line by line

65

00:03:48,550 --> 00:03:19,110

[Music]

66

00:03:51,350 --> 00:03:49,430

yeah

67

00:03:54,390 --> 00:03:51,360

uh that's a nice song i just made that

68

00:03:55,910 --> 00:03:54,400

here uh so vinnie i sent you the link

69

00:03:58,149 --> 00:03:55,920

on twitter

70

00:04:00,470 --> 00:03:58,159

that's where i sent it sorry um only

71

00:04:02,789 --> 00:04:00,480

72

00:04:05,750 --> 00:04:02,799

together

79

00:04:22,390 --> 00:04:19,759

otherwise with that being said

80

00:04:25,030 --> 00:04:22,400

81

00:04:26,550 --> 00:04:25,040

and for those of you who didn't know now

82

00:04:27,909 --> 00:04:26,560

on wednesday

85

00:04:32,950 --> 00:04:30,960

uh which is really cool we're gonna have

86

00:04:34,950 --> 00:04:32,960

jay um

87

00:04:35,830 --> 00:04:34,960

stewart and

88

00:04:39,350 --> 00:04:35,840

uh

89

00:04:41,030 --> 00:04:39,360

kirsten so it's gonna be a great time

90

00:04:42,870 --> 00:04:41,040

so please join us on wednesday i love

91

00:04:45,189 --> 00:04:42,880

what they're doing jay is a super great

92

00:04:49,510 --> 00:04:45,199

guy he just messaged me and said hey i

93

00:04:53,830 --> 00:04:50,469

what

94

00:05:01,909 --> 00:04:57,189

but we're going to change that right now

95

00:05:06,150 --> 00:05:01,919

because we got probably the coolest guy

96

00:05:08,790 --> 00:05:06,160

in all of london who's about to join us

97

00:05:10,469 --> 00:05:08,800

and his name is not

98

00:05:13,990 --> 00:05:10,479

liam gellar

99

00:05:18,710 --> 00:05:16,950

hey bro how's it going good how are you

100

00:05:21,029 --> 00:05:18,720

yeah i'm all right man

101

00:05:22,950 --> 00:05:21,039

we're dead a little bit lost with

102

00:05:24,790 --> 00:05:22,960

without instagram i know that sounds bad

103

00:05:26,390 --> 00:05:24,800

but i was due to actually do a live for

104

00:05:27,909 --> 00:05:26,400

the first time in a few days and it's

105

00:05:30,310 --> 00:05:27,919

just all gone

106

00:05:32,950 --> 00:05:30,320

yeah man and um

107

00:05:34,790 --> 00:05:32,960

i couldn't get the stream here like

108

00:05:37,029 --> 00:05:34,800

working for the life of me all day like

109

00:05:39,189 --> 00:05:37,039

it wasn't connecting or anything

110

00:05:40,469 --> 00:05:39,199

i was able to make a couple events and

111

00:05:42,070 --> 00:05:40,479

then

112

00:05:44,150 --> 00:05:42,080

i spelled the name wrong and went to

113

00:05:45,590 --> 00:05:44,160

edit it and it was just done it was like

114

00:05:46,950 --> 00:05:45,600

you can't do anything

115

00:05:48,950 --> 00:05:46,960

yeah i saw streamyard we're having

116

00:05:50,310 --> 00:05:48,960

issues even with recordings only let

117

00:05:53,029 --> 00:05:50,320

alone streaming across to other

118

00:05:55,189 --> 00:05:53,039

platforms so yeah

119

00:05:58,710 --> 00:05:55,199

and yeah and then i started the wrong

120

00:06:03,189 --> 00:06:00,550

we've all done it we've all done it i

121

00:06:05,590 --> 00:06:03,199

promise you that

122

00:06:07,270 --> 00:06:05,600

so i'm like because i'm on my youtube

123

00:06:09,510 --> 00:06:07,280

look like checking this out to make sure

124

00:06:12,070 --> 00:06:09,520

it's working and i'm like it's not there

125

00:06:13,350 --> 00:06:12,080

it's not it's not working and i'm like

126

00:06:15,510 --> 00:06:13,360

oh gosh

127

00:06:17,270 --> 00:06:15,520

damn it but at least hey

128

00:06:18,960 --> 00:06:17,280

hey you got us you got a sneak peek of

129

00:06:21,189 --> 00:06:18,970

what's coming on wednesday

130

00:06:22,790 --> 00:06:21,199

[Laughter]

131

00:06:25,830 --> 00:06:22,800

which is going to be a big show yeah

132

00:06:27,749 --> 00:06:25,840

it's going to be an awesome show so

133

00:06:29,189 --> 00:06:27,759

have you gone through the mandate and

134

00:06:31,749 --> 00:06:29,199

all that stuff

135

00:06:33,590 --> 00:06:31,759

yeah i've been i haven't read the entire

136

00:06:34,629 --> 00:06:33,600

thing but obviously i'll focus on the

137

00:06:35,909 --> 00:06:34,639

uap

138

00:06:37,990 --> 00:06:35,919

section of it

139

00:06:40,469 --> 00:06:38,000

yeah yeah right right right okay well

140

00:06:43,670 --> 00:06:40,479

then maybe you can kind of help me go

141

00:06:46,469 --> 00:06:43,680

through this and go through it together

142

00:06:50,469 --> 00:06:48,469

so we got the

143

00:06:53,110 --> 00:06:50,479

mission currently performed by the uap

144

00:06:55,189 --> 00:06:53,120

task force we all know oh we'll just get

145

00:06:57,830 --> 00:06:55,199

to that i guess is this 20

146

00:07:03,830 --> 00:06:57,840

s 26 10 right

147

00:07:06,629 --> 00:07:05,029

i always get the house one and the

148

00:07:07,909 --> 00:07:06,639

senate one mixed up

149

00:07:09,270 --> 00:07:07,919

oh okay

150

00:07:10,870 --> 00:07:09,280

um i

151
00:07:11,909 --> 00:07:10,880
the house

152
00:07:13,430 --> 00:07:11,919
i don't know

153
00:07:15,909 --> 00:07:13,440
i think this is it

154
00:07:17,749 --> 00:07:15,919
i but you know i just took screenshots

155
00:07:19,189 --> 00:07:17,759
now so i don't know all right let's have

156
00:07:20,710 --> 00:07:19,199
a look

157
00:07:22,550 --> 00:07:20,720
yeah check it out

158
00:07:23,830 --> 00:07:22,560
because if you got the you know this is

159
00:07:28,469 --> 00:07:23,840
wrong and you get the right one we can

160
00:07:33,189 --> 00:07:31,189
uh it looks like all my information is

161
00:07:35,110 --> 00:07:33,199
on instagram

162
00:07:36,629 --> 00:07:35,120
like just

163
00:07:39,029 --> 00:07:36,639

just reading through this it looks like

164

00:07:40,469 --> 00:07:39,039

it's correct already right developing

165

00:07:42,070 --> 00:07:40,479

procedures to synchronize and

166

00:07:43,909 --> 00:07:42,080

standardize the collection of reporting

167

00:07:46,710 --> 00:07:43,919

and analysis of incidents regarding

168

00:07:51,510 --> 00:07:46,720

unidentified aerial phenomena

169

00:07:54,869 --> 00:07:52,390

um

170

00:07:57,589 --> 00:07:54,879

developing processes and procedures to

171

00:07:59,510 --> 00:07:57,599

ensure that such incidences

172

00:08:01,029 --> 00:07:59,520

incidents from each military department

173

00:08:03,909 --> 00:08:01,039

are reported and incorporated in a

174

00:08:06,230 --> 00:08:03,919

central repository

175

00:08:08,309 --> 00:08:06,240

i mean this is also all sounds great

176
00:08:10,469 --> 00:08:08,319
establishing procedures to require the

177
00:08:13,589 --> 00:08:10,479
timely and consistent reporting of such

178
00:08:17,990 --> 00:08:15,670
evaluating links between unidentified

179
00:08:19,830 --> 00:08:18,000
aerial phenomenon and adversarial

180
00:08:22,860 --> 00:08:19,840
foreign governments and other foreign

181
00:08:25,270 --> 00:08:22,870
governments or non-state actors

182
00:08:27,189 --> 00:08:25,280
[Music]

183
00:08:30,710 --> 00:08:27,199
see that's my first

184
00:08:33,509 --> 00:08:31,749
right

185
00:08:36,149 --> 00:08:33,519
listen they can all be read into in

186
00:08:38,310 --> 00:08:36,159
multiple ways

187
00:08:39,350 --> 00:08:38,320
about what they actually mean or links

188
00:08:40,949 --> 00:08:39,360

between

189

00:08:43,750 --> 00:08:40,959

you know what this

190

00:08:44,630 --> 00:08:43,760

what i think of when i s when i see that

191

00:08:48,150 --> 00:08:44,640

is

192

00:08:53,269 --> 00:08:50,790

some of those old 50s reports where they

193

00:08:54,949 --> 00:08:53,279

say you know if the phenomenon can be

194

00:08:57,350 --> 00:08:54,959

used

195

00:08:59,750 --> 00:08:57,360

uh by a foreign power if it can be

196

00:09:00,870 --> 00:08:59,760

created and used and if we can create

197

00:09:03,269 --> 00:09:00,880

and use it

198

00:09:05,269 --> 00:09:03,279

um you know and all that sort of that

199

00:09:06,550 --> 00:09:05,279

sort of stuff so that kind of reminds me

200

00:09:07,590 --> 00:09:06,560

of

201
00:09:10,630 --> 00:09:07,600
you know it's different language

202
00:09:16,870 --> 00:09:13,430
and or you know did one of the foreign

203
00:09:16,880 --> 00:09:21,190
figure out this stuff before we did

204
00:09:24,710 --> 00:09:22,470
you know

205
00:09:27,110 --> 00:09:24,720
yeah

206
00:09:28,710 --> 00:09:27,120
um because they did say links evaluating

207
00:09:30,870 --> 00:09:28,720
links between

208
00:09:33,750 --> 00:09:30,880
they didn't say evaluating if there are

209
00:09:37,030 --> 00:09:35,829
that's what i mean the actual

210
00:09:40,070 --> 00:09:37,040
wording

211
00:09:42,230 --> 00:09:40,080
is right yeah so that's

212
00:09:43,670 --> 00:09:42,240
that's almost saying that there are

213
00:09:44,710 --> 00:09:43,680

isn't it

214

00:09:46,150 --> 00:09:44,720

that's how

215

00:09:50,070 --> 00:09:46,160

it reads

216

00:09:52,470 --> 00:09:50,080

read in that there are already ongoing

217

00:09:54,870 --> 00:09:52,480

investigations maybe with the uap task

218

00:09:56,710 --> 00:09:54,880

force with relation to looking into or

219

00:09:59,430 --> 00:09:56,720

speaking with other

220

00:10:02,150 --> 00:09:59,440

foreign governments trying to assess

221

00:10:08,310 --> 00:10:02,160

what technology they have

222

00:10:13,350 --> 00:10:10,870

and then what is that or non-state

223

00:10:15,190 --> 00:10:13,360

actors

224

00:10:16,710 --> 00:10:15,200

yeah man that's a bit

225

00:10:20,069 --> 00:10:16,720

mr lockheed

226

00:10:25,030 --> 00:10:21,509

that's their new nickname for me

227

00:10:31,110 --> 00:10:29,190

but uh yeah that that one is juicy

228

00:10:32,470 --> 00:10:31,120

there's a lot in there

229

00:10:35,030 --> 00:10:32,480

i mean because everything you're reading

230

00:10:36,949 --> 00:10:35,040

is good awesome you know synchronized

231

00:10:40,310 --> 00:10:36,959

standardized everybody's reporting it's

232

00:10:44,790 --> 00:10:41,430

so

233

00:10:46,470 --> 00:10:44,800

we'll see what happens with that i guess

234

00:10:48,550 --> 00:10:46,480

evaluating the threat that such

235

00:10:50,470 --> 00:10:48,560

incidences incidents present to the

236

00:10:52,389 --> 00:10:50,480

united states

237

00:10:54,870 --> 00:10:52,399

you know it'd be really i'd be really

238

00:10:56,949 --> 00:10:54,880

curious to see if there actually was one

239

00:10:58,150 --> 00:10:56,959

after all the freaking reports

240

00:11:02,550 --> 00:10:58,160

throughout

241

00:11:08,790 --> 00:11:04,389

of course

242

00:11:15,350 --> 00:11:12,069

what is interesting too is

243

00:11:16,710 --> 00:11:15,360

that they call it um unidentified aerial

244

00:11:19,269 --> 00:11:16,720

phenomenon right

245

00:11:21,190 --> 00:11:19,279

i mean so many times i mean i know this

246

00:11:22,230 --> 00:11:21,200

is like late to the party or whatever

247

00:11:26,150 --> 00:11:22,240

but

248

00:11:30,949 --> 00:11:28,470

unidentified aerial vehicle or

249

00:11:32,470 --> 00:11:30,959

unidentified flying object you know or

250

00:11:34,310 --> 00:11:32,480

you know so it's not like they just

251
00:11:36,949 --> 00:11:34,320
called it ufo all the time and they

252
00:11:38,949 --> 00:11:36,959
decided to change it to uap they called

253
00:11:41,509 --> 00:11:38,959
it all sorts of different things

254
00:11:42,710 --> 00:11:41,519
yeah i've seen a lot of um unidentified

255
00:11:45,190 --> 00:11:42,720
anomalous

256
00:11:47,030 --> 00:11:45,200
yeah as well a lot recently

257
00:11:49,110 --> 00:11:47,040
instead of aerial which i guess is

258
00:11:51,829 --> 00:11:49,120
probably more precise because it covers

259
00:11:52,870 --> 00:11:51,839
right usos and everything else as well

260
00:11:59,350 --> 00:11:52,880
so

261
00:12:01,750 --> 00:11:59,360
i should start incorporating that a bit

262
00:12:04,230 --> 00:12:01,760
into my research perhaps

263
00:12:06,790 --> 00:12:04,240

that is a very good idea man if there's

264

00:12:08,829 --> 00:12:06,800

anything out there historically on users

265

00:12:11,910 --> 00:12:08,839

you'll find it man

266

00:12:14,870 --> 00:12:11,920

yeah um all right well let's see what we

267

00:12:23,430 --> 00:12:17,269

annual report

268

00:12:30,150 --> 00:12:26,310

and annually thereafter so okay so four

269

00:12:33,190 --> 00:12:30,160

years every year a report

270

00:12:36,550 --> 00:12:34,790

so but then

271

00:12:37,990 --> 00:12:36,560

you know maybe it's not this isn't the

272

00:12:39,110 --> 00:12:38,000

right one because i thought it was like

273

00:12:40,389 --> 00:12:39,120

every

274

00:12:43,509 --> 00:12:40,399

90 days

275

00:12:45,590 --> 00:12:43,519

yes so this this is hr 4350 out of the

276

00:12:48,629 --> 00:12:45,600

house of representatives we've also got

277

00:12:49,389 --> 00:12:48,639

the select um sorry the senate

278

00:12:52,550 --> 00:12:49,399

uh

279

00:12:54,790 --> 00:12:52,560

s2610 and the thing is is me you know

280

00:12:57,190 --> 00:12:54,800

they're both like running side by side

281

00:12:59,590 --> 00:12:57,200

and they're going through these

282

00:13:01,430 --> 00:12:59,600

votes and stuff i think

283

00:13:02,870 --> 00:13:01,440

before before anything's written into

284

00:13:04,470 --> 00:13:02,880

law they'll probably come together and

285

00:13:06,150 --> 00:13:04,480

we'll get one

286

00:13:08,470 --> 00:13:06,160

that's kind of a mesh of both of them

287

00:13:10,629 --> 00:13:08,480

before it's signed in

288

00:13:12,230 --> 00:13:10,639

so this isn't a be all and end all of

289

00:13:14,389 --> 00:13:12,240

what we'll definitely be looked into

290

00:13:17,110 --> 00:13:14,399

this is just one aspect of it

291

00:13:18,949 --> 00:13:17,120

ah perfect and it's not so bad then that

292

00:13:21,190 --> 00:13:18,959

we're going through it all

293

00:13:22,710 --> 00:13:21,200

oh yeah yeah you've got this because pay

294

00:13:24,389 --> 00:13:22,720

attention yeah because some of this

295

00:13:26,150 --> 00:13:24,399

might be used in the end i guess

296

00:13:28,790 --> 00:13:26,160

absolutely yes

297

00:13:30,870 --> 00:13:28,800

okay um each report and then you can

298

00:13:32,150 --> 00:13:30,880

almost decide like which ones are better

299

00:13:34,470 --> 00:13:32,160

or not

300

00:13:36,550 --> 00:13:34,480

or you know pick it apart and make your

301
00:13:37,040 --> 00:13:36,560
own combo and say here you use this you

302
00:13:40,389 --> 00:13:37,050
dummies

303
00:13:42,550 --> 00:13:40,399
[Laughter]

304
00:13:44,629 --> 00:13:42,560
yeah i mean i can't decide which one

305
00:13:47,189 --> 00:13:44,639
would be you know if i had to choose one

306
00:13:49,350 --> 00:13:47,199
out of the two which one as a standalone

307
00:13:51,670 --> 00:13:49,360
would work better if it was past

308
00:13:53,590 --> 00:13:51,680
you know as as it stands now i don't

309
00:13:55,269 --> 00:13:53,600
know which one's better

310
00:13:57,189 --> 00:13:55,279
with the finer points and do we want

311
00:13:58,470 --> 00:13:57,199
every 90 days or do we want annually and

312
00:13:59,590 --> 00:13:58,480
i say we because we're not going to get

313
00:14:01,030 --> 00:13:59,600

to see anything because it's all going

314

00:14:02,069 --> 00:14:01,040

to be classified

315

00:14:04,629 --> 00:14:02,079

do you know what you know what i mean

316

00:14:06,069 --> 00:14:04,639

it's still a step in the right direction

317

00:14:08,389 --> 00:14:06,079

yeah

318

00:14:10,710 --> 00:14:08,399

um spaghetti if you're listening check

319

00:14:12,069 --> 00:14:10,720

your email if you want to join i sent

320

00:14:13,910 --> 00:14:12,079

you a link

321

00:14:15,910 --> 00:14:13,920

um that's the more appropriate way to do

322

00:14:18,629 --> 00:14:15,920

this so you don't get any um you know

323

00:14:21,110 --> 00:14:18,639

weirdos popping and clicking our legs

324

00:14:23,430 --> 00:14:21,120

so spaghetti check your email your link

325

00:14:27,389 --> 00:14:23,440

to join us is in there

326

00:14:30,710 --> 00:14:27,399

so yeah she says 90 days so i do have

327

00:14:33,269 --> 00:14:30,720

vs2610 up and a different tab so we can

328

00:14:36,710 --> 00:14:33,279

get to that if we want to awesome

329

00:14:38,550 --> 00:14:36,720

um here we go so

330

00:14:40,069 --> 00:14:38,560

let's just go through this analyze of

331

00:14:43,110 --> 00:14:40,079

data and intelligence receive through

332

00:14:46,310 --> 00:14:43,120

reports of yep analysis of data relating

333

00:14:48,629 --> 00:14:46,320

to yep geospatial signals human

334

00:14:50,310 --> 00:14:48,639

measurement yep that's just like that's

335

00:14:52,710 --> 00:14:50,320

really important though we have to test

336

00:14:54,949 --> 00:14:52,720

for geospatial signals and all of that

337

00:14:56,150 --> 00:14:54,959

that's that's all your satellites all

338

00:14:59,030 --> 00:14:56,160

the

339

00:15:00,230 --> 00:14:59,040

from

340

00:15:01,670 --> 00:15:00,240

right you know that's the really

341

00:15:03,910 --> 00:15:01,680

important that's the nitty gritty that's

342

00:15:05,269 --> 00:15:03,920

the bob fish john podesta type stuff the

343

00:15:08,310 --> 00:15:05,279

fast walkers

344

00:15:10,310 --> 00:15:08,320

you know yeah well you know

345

00:15:12,069 --> 00:15:10,320

so i mean who has that kind of

346

00:15:12,949 --> 00:15:12,079

information i mean it's pretty easy to

347

00:15:14,470 --> 00:15:12,959

guess

348

00:15:16,150 --> 00:15:14,480

who would have it right it's going to be

349

00:15:18,470 --> 00:15:16,160

in a few places i think norway are going

350

00:15:20,629 --> 00:15:18,480

to have it nasa are going to have it

351
00:15:22,470 --> 00:15:20,639
and i'm sure many military branches have

352
00:15:24,150 --> 00:15:22,480
got satellites that are

353
00:15:25,750 --> 00:15:24,160
looking down

354
00:15:28,069 --> 00:15:25,760
you know that probably see things

355
00:15:30,470 --> 00:15:28,079
passing regularly

356
00:15:32,870 --> 00:15:30,480
but there's probably maybe one

357
00:15:35,189 --> 00:15:32,880
organization that

358
00:15:37,990 --> 00:15:35,199
gets the data and passes it to them

359
00:15:40,150 --> 00:15:38,000
right maybe the nro

360
00:15:41,910 --> 00:15:40,160
could be but we don't know who's talking

361
00:15:42,949 --> 00:15:41,920
to who these days or if there's still a

362
00:15:45,509 --> 00:15:42,959
divide

363
00:15:47,350 --> 00:15:45,519

if they're you know only sharing

364

00:15:48,550 --> 00:15:47,360

what they want to share

365

00:15:49,990 --> 00:15:48,560

yeah it's a tough one and that's a

366

00:15:51,430 --> 00:15:50,000

that's a pure guessing game because we

367

00:15:55,110 --> 00:15:51,440

just don't know

368

00:15:56,629 --> 00:15:55,120

yeah it's it's a guessing game but

369

00:15:58,870 --> 00:15:56,639

i don't know

370

00:16:01,670 --> 00:15:58,880

my gut tells me something

371

00:16:03,990 --> 00:16:01,680

oh i feel that man i get that

372

00:16:05,269 --> 00:16:04,000

i'm all for that definitely

373

00:16:08,069 --> 00:16:05,279

all right so

374

00:16:09,990 --> 00:16:08,079

the number of reported incidences of uap

375

00:16:11,030 --> 00:16:10,000

over restricted airspace of the united

376

00:16:13,509 --> 00:16:11,040

states

377

00:16:15,590 --> 00:16:13,519

well you know lucky for them i got the

378

00:16:17,990 --> 00:16:15,600

50s down so if they want a number there

379

00:16:21,189 --> 00:16:18,000

i could make that easy on them you just

380

00:16:25,110 --> 00:16:23,110

yeah in the year you can have a desk in

381

00:16:27,829 --> 00:16:25,120

the new uap office bro

382

00:16:30,470 --> 00:16:27,839

yeah i'm the 50s mid-century guy and

383

00:16:32,949 --> 00:16:30,480

what do you need 50s yeah we got about

384

00:16:35,590 --> 00:16:32,959

200 incidences

385

00:16:37,269 --> 00:16:35,600

no seriously it's a it's almost uh i'm

386

00:16:41,430 --> 00:16:37,279

not finished but it's almost that much

387

00:16:44,629 --> 00:16:43,670

so it's very interesting

388

00:16:47,749 --> 00:16:44,639

um

389

00:16:52,150 --> 00:16:47,759

analysis of such incidences identified

390

00:16:54,949 --> 00:16:52,160

under sub paragraph c yeah okay

391

00:16:56,150 --> 00:16:54,959

that could take some time right there

392

00:16:57,829 --> 00:16:56,160

yeah but this is the thing if we get

393

00:16:59,990 --> 00:16:57,839

this permanent office who's to say what

394

00:17:02,470 --> 00:17:00,000

size it's going to be as far as the

395

00:17:04,230 --> 00:17:02,480

levels of staffing and stuff because

396

00:17:05,829 --> 00:17:04,240

these are the things that the uap task

397

00:17:07,909 --> 00:17:05,839

force in its temporary form which it

398

00:17:10,549 --> 00:17:07,919

always was going to be just didn't have

399

00:17:11,669 --> 00:17:10,559

the time capability and manpower to to

400

00:17:14,309 --> 00:17:11,679

achieve

401

00:17:16,390 --> 00:17:14,319

yeah so this is this is good

402

00:17:19,669 --> 00:17:16,400

even going back to blue book

403

00:17:21,669 --> 00:17:19,679

or attic even like they had

404

00:17:23,750 --> 00:17:21,679

i just read it where they had

405

00:17:27,029 --> 00:17:23,760

three secretaries and

406

00:17:29,430 --> 00:17:27,039

uh two guys that worked there

407

00:17:32,870 --> 00:17:31,110

but you know the more i read into this

408

00:17:35,190 --> 00:17:32,880

blue book

409

00:17:37,990 --> 00:17:35,200

like washington dc sightings of 52 they

410

00:17:40,870 --> 00:17:38,000

were like the last to know

411

00:17:43,350 --> 00:17:40,880

you know it's like rupaul was reading a

412

00:17:47,669 --> 00:17:43,360

freaking newspaper in the white house

413

00:17:50,390 --> 00:17:48,950

like

414

00:17:52,710 --> 00:17:50,400

uh and

415

00:17:55,590 --> 00:17:52,720

there was this guy thorndyke knew so

416

00:17:58,549 --> 00:17:55,600

many people knew okay anyways

417

00:18:04,870 --> 00:18:00,549

identification of potential aerospace or

418

00:18:06,470 --> 00:18:04,880

other threats posed by a uap

419

00:18:09,750 --> 00:18:06,480

to the national security of the united

420

00:18:09,760 --> 00:18:15,190

moment right there yeah

421

00:18:15,200 --> 00:18:19,750

assessment of any activity

422

00:18:24,950 --> 00:18:21,830

one or more adversary of men they're

423

00:18:28,950 --> 00:18:27,430

i guess it's like double check time we

424

00:18:31,110 --> 00:18:28,960

said it once we've got a double double

425

00:18:32,870 --> 00:18:31,120

check so we don't want to be wrong

426
00:18:34,789 --> 00:18:32,880
yeah i mean right because if you pull

427
00:18:37,830 --> 00:18:34,799
the if you pull the trigger so to speak

428
00:18:39,110 --> 00:18:37,840
and it's not foreign

429
00:18:41,029 --> 00:18:39,120
like

430
00:18:45,669 --> 00:18:41,039
that's a huge

431
00:18:47,270 --> 00:18:45,679
yeah dude totally if you're taking like

432
00:18:48,230 --> 00:18:47,280
china off the table for example or

433
00:18:49,909 --> 00:18:48,240
russia

434
00:18:50,630 --> 00:18:49,919
you've got to be sure man you've got to

435
00:18:53,909 --> 00:18:50,640
be

436
00:18:56,150 --> 00:18:53,919
more than sure so you can't yeah i mean

437
00:18:58,470 --> 00:18:56,160
there's going to be some cia intel

438
00:19:00,470 --> 00:18:58,480

foreign intel involved in seeing what's

439

00:19:01,350 --> 00:19:00,480

hidden within those

440

00:19:03,990 --> 00:19:01,360

huge

441

00:19:06,230 --> 00:19:04,000

secrecy realms

442

00:19:08,470 --> 00:19:06,240

the thing is like maybe

443

00:19:12,310 --> 00:19:08,480

like those navy videos or some other

444

00:19:16,070 --> 00:19:14,230

like the reports i'm reading back in the

445

00:19:17,029 --> 00:19:16,080

day like none of them were

446

00:19:19,350 --> 00:19:17,039

you know

447

00:19:20,950 --> 00:19:19,360

and they say that

448

00:19:22,789 --> 00:19:20,960

yeah

449

00:19:24,549 --> 00:19:22,799

and they say it's not

450

00:19:28,310 --> 00:19:24,559

we've got to remember the

451
00:19:30,630 --> 00:19:28,320
same things have been seen for decades

452
00:19:32,390 --> 00:19:30,640
and the like the

453
00:19:33,510 --> 00:19:32,400
same turn radiuses

454
00:19:36,150 --> 00:19:33,520
you know

455
00:19:38,470 --> 00:19:36,160
um speeds all that kind of stuff so

456
00:19:40,230 --> 00:19:38,480
you know i feel confident in saying that

457
00:19:43,750 --> 00:19:40,240
there is

458
00:19:45,830 --> 00:19:43,760
um something that is not human

459
00:19:47,830 --> 00:19:45,840
out there

460
00:19:49,990 --> 00:19:47,840
i don't know if that has anything to do

461
00:19:51,110 --> 00:19:50,000
with this or if it's still out there or

462
00:19:53,430 --> 00:19:51,120
whatever

463
00:19:55,909 --> 00:19:53,440

but it exists

464

00:19:58,150 --> 00:19:55,919

and it did for a long time

465

00:20:00,950 --> 00:19:58,160

well and i just saw something last year

466

00:20:04,470 --> 00:20:02,070

yeah um

467

00:20:06,230 --> 00:20:04,480

update on the coordination

468

00:20:07,669 --> 00:20:06,240

yeah i like that update on coordination

469

00:20:09,350 --> 00:20:07,679

by united states with allies and

470

00:20:10,950 --> 00:20:09,360

partners on efforts to track understand

471

00:20:12,710 --> 00:20:10,960

and address unidentified aerial

472

00:20:14,470 --> 00:20:12,720

phenomenon

473

00:20:16,070 --> 00:20:14,480

yes please

474

00:20:18,870 --> 00:20:16,080

and you may get some pushback from

475

00:20:21,830 --> 00:20:18,880

countries like the uk

476
00:20:23,590 --> 00:20:21,840
you will

477
00:20:25,029 --> 00:20:23,600
at the moment anyway

478
00:20:28,950 --> 00:20:25,039
yeah

479
00:20:31,029 --> 00:20:28,960
your your allies and partners have to be

480
00:20:33,350 --> 00:20:31,039
open to

481
00:20:35,590 --> 00:20:33,360
to talking about that

482
00:20:37,110 --> 00:20:35,600
i think they will i've been looking i've

483
00:20:38,950 --> 00:20:37,120
did a bit of research earlier this week

484
00:20:40,070 --> 00:20:38,960
looking at the reason or

485
00:20:41,430 --> 00:20:40,080
you know we heard from the house of

486
00:20:42,630 --> 00:20:41,440
lords and that in the uk that they're

487
00:20:43,909 --> 00:20:42,640
saying well we're not looking at these

488
00:20:45,270 --> 00:20:43,919

things because they don't pay any

489

00:20:47,029 --> 00:20:45,280

national security threat or anything

490

00:20:48,630 --> 00:20:47,039

like that well

491

00:20:50,549 --> 00:20:48,640

there are have been so many incidents

492

00:20:51,830 --> 00:20:50,559

with pilots both civilian and military

493

00:20:54,390 --> 00:20:51,840

in the last few years

494

00:20:55,190 --> 00:20:54,400

quite specifically 2019 there were some

495

00:20:56,870 --> 00:20:55,200

so

496

00:20:59,029 --> 00:20:56,880

they know there are

497

00:21:01,350 --> 00:20:59,039

so that means of course behind the

498

00:21:03,510 --> 00:21:01,360

scenes they're looking into it

499

00:21:05,830 --> 00:21:03,520

yeah it's just

500

00:21:07,590 --> 00:21:05,840

they're always afraid of mass hysteria

501
00:21:09,190 --> 00:21:07,600
and panic aren't they that's what they

502
00:21:11,990 --> 00:21:09,200
would never they were never afraid up

503
00:21:13,270 --> 00:21:12,000
until 2008 2009 when they were sort of

504
00:21:18,390 --> 00:21:13,280
releasing

505
00:21:19,909 --> 00:21:18,400
what three years or so

506
00:21:22,149 --> 00:21:19,919
they weren't afraid to talk about it why

507
00:21:24,630 --> 00:21:22,159
they've reverted back to going even more

508
00:21:26,149 --> 00:21:24,640
secret and quiet i have no idea it

509
00:21:29,669 --> 00:21:26,159
doesn't make any sense

510
00:21:30,470 --> 00:21:29,679
interesting maybe it's more serious

511
00:21:31,430 --> 00:21:30,480
that

512
00:21:34,630 --> 00:21:31,440
it's got to be one of the big

513
00:21:35,990 --> 00:21:34,640

possibilities or reasons that's for sure

514

00:21:38,149 --> 00:21:36,000

you know but then you never know because

515

00:21:40,710 --> 00:21:38,159

like you talk to nick pope and he goes

516

00:21:42,149 --> 00:21:40,720

yeah the incidences are are you know

517

00:21:44,310 --> 00:21:42,159

more than

518

00:21:46,149 --> 00:21:44,320

whatever but then you go to a video of

519

00:21:48,070 --> 00:21:46,159

him 10 years ago saying the same damn

520

00:21:51,350 --> 00:21:48,080

thing

521

00:21:53,750 --> 00:21:51,360

yeah i i you know

522

00:21:54,549 --> 00:21:53,760

never convinced nick pope but i won't

523

00:22:00,230 --> 00:21:54,559

yeah

524

00:22:05,830 --> 00:22:02,549

all right identification of incidents or

525

00:22:08,870 --> 00:22:05,840

patterns yes please regarding uap that

526

00:22:10,710 --> 00:22:08,880

indicate a potential adversary adversary

527

00:22:12,549 --> 00:22:10,720

god damn it sometimes i just get tongue

528

00:22:15,029 --> 00:22:12,559

twisted

529

00:22:19,270 --> 00:22:15,039

foreign government may have achieved a

530

00:22:22,789 --> 00:22:20,789

update on the coordination by the united

531

00:22:25,270 --> 00:22:22,799

states with allies partners yes an

532

00:22:28,230 --> 00:22:25,280

update on any efforts underway to

533

00:22:30,630 --> 00:22:28,240

on the ability to capture or exploit

534

00:22:33,029 --> 00:22:30,640

discovered uap

535

00:22:34,549 --> 00:22:33,039

that's a big one

536

00:22:36,950 --> 00:22:34,559

yeah

537

00:22:40,710 --> 00:22:36,960

little did we know moon dust is still

538

00:22:43,590 --> 00:22:41,669

but you know what i think you found

539

00:22:44,630 --> 00:22:43,600

something interesting go ahead no no i

540

00:22:46,870 --> 00:22:44,640

was just going to say the thing is when

541

00:22:48,870 --> 00:22:46,880

they use terms like capture or exploit

542

00:22:51,990 --> 00:22:48,880

they are vague terms and they don't

543

00:22:53,830 --> 00:22:52,000

always necessarily mean exploit as in

544

00:22:56,310 --> 00:22:53,840

you know capture reverse engineer and

545

00:22:57,350 --> 00:22:56,320

utilize the technology i read something

546

00:22:58,870 --> 00:22:57,360

somewhere

547

00:23:00,710 --> 00:22:58,880

i can't remember if it was lou or sean

548

00:23:03,190 --> 00:23:00,720

cahill or somewhere was

549

00:23:05,029 --> 00:23:03,200

someone like that was breaking down

550

00:23:07,110 --> 00:23:05,039

what they could mean by those terms of

551
00:23:08,950 --> 00:23:07,120
capture and exploit and it wasn't just

552
00:23:11,830 --> 00:23:08,960
as straightforward as it reads i'll have

553
00:23:13,270 --> 00:23:11,840
to look into that try and remember

554
00:23:14,710 --> 00:23:13,280
interesting

555
00:23:16,789 --> 00:23:14,720
um

556
00:23:18,390 --> 00:23:16,799
yeah that is very interesting i've

557
00:23:20,310 --> 00:23:18,400
you know found something a little

558
00:23:21,430 --> 00:23:20,320
interesting over the weekend too

559
00:23:23,669 --> 00:23:21,440
regarding

560
00:23:24,470 --> 00:23:23,679
uh during the corona years

561
00:23:29,430 --> 00:23:24,480
they

562
00:23:33,350 --> 00:23:31,510
which is pretty interesting now if

563
00:23:36,310 --> 00:23:33,360

people think moon dust

564

00:23:37,029 --> 00:23:36,320

had anything to do with capturing you

565

00:23:39,750 --> 00:23:37,039

know

566

00:23:40,950 --> 00:23:39,760

spacecraft not from here

567

00:23:43,750 --> 00:23:40,960

um

568

00:23:46,070 --> 00:23:43,760

i know for a fact that they

569

00:23:47,990 --> 00:23:46,080

were also getting you know satellites

570

00:23:50,310 --> 00:23:48,000

that would re-enter

571

00:23:52,470 --> 00:23:50,320

you know whether it be soviet or ours or

572

00:23:54,149 --> 00:23:52,480

whatever so

573

00:23:56,230 --> 00:23:54,159

if that's the case

574

00:23:57,990 --> 00:23:56,240

um lockheed

575

00:24:02,470 --> 00:23:58,000

could also be

576

00:24:07,110 --> 00:24:04,710

absolutely as well as the corona you

577

00:24:09,990 --> 00:24:07,120

know re-entries and stuff

578

00:24:12,470 --> 00:24:10,000

and what a good cover that would be

579

00:24:14,870 --> 00:24:12,480

it'd be great too good yeah oh no we're

580

00:24:18,870 --> 00:24:14,880

just getting satellite re-entries

581

00:24:22,870 --> 00:24:20,950

um an assessment of any health-related

582

00:24:23,909 --> 00:24:22,880

effects for individuals that have

583

00:24:25,990 --> 00:24:23,919

encountered

584

00:24:30,230 --> 00:24:26,000

uap

585

00:24:33,750 --> 00:24:31,669

joey just can't get it right your

586

00:24:36,149 --> 00:24:33,760

devices aren't connected bro i see you

587

00:24:37,830 --> 00:24:36,159

down there though

588

00:24:41,590 --> 00:24:37,840

um

589

00:24:46,310 --> 00:24:44,149

give me a middle finger if you're ready

590

00:24:47,669 --> 00:24:46,320

all right he's ready

591

00:24:50,470 --> 00:24:47,679

we'll bring this guy

592

00:24:52,470 --> 00:24:50,480

hi what's up spaghetti oh glasses hey

593

00:24:54,070 --> 00:24:52,480

hey joey how's it going man good sorry

594

00:24:55,750 --> 00:24:54,080

about the delay man i was running around

595

00:24:57,669 --> 00:24:55,760

you know business gets in the way of uh

596

00:25:00,230 --> 00:24:57,679

life gets in the way of life sometimes

597

00:25:02,310 --> 00:25:00,240

absolutely yeah you look good man sound

598

00:25:04,070 --> 00:25:02,320

good as well thank you wow for like

599

00:25:06,230 --> 00:25:04,080

doing this all in a quick huff i got a

600

00:25:08,230 --> 00:25:06,240

bunch of things going on at once but uh

601
00:25:09,909 --> 00:25:08,240
you know juggling the plates you know

602
00:25:12,070 --> 00:25:09,919
yeah so thank you thank you thank you

603
00:25:15,269 --> 00:25:12,080
for having me how's it going vinnie

604
00:25:17,830 --> 00:25:16,789
headphones might be a little loud

605
00:25:19,350 --> 00:25:17,840
because i think they're coming through

606
00:25:21,750 --> 00:25:19,360
the mic a little bit

607
00:25:24,070 --> 00:25:21,760
your headphones yeah so if you can turn

608
00:25:25,029 --> 00:25:24,080
down that your your headset turn down my

609
00:25:33,909 --> 00:25:25,039
volume

610
00:25:38,310 --> 00:25:33,919
i hope so

611
00:25:43,990 --> 00:25:42,549
yeah but don't mute yourself now

612
00:25:45,430 --> 00:25:44,000
sean i just got to jump out for one

613
00:25:47,190 --> 00:25:45,440

second to check on my daughter bro can

614

00:25:50,549 --> 00:25:47,200

you just drop it out for two seconds

615

00:25:55,350 --> 00:25:52,630

um

616

00:25:57,190 --> 00:25:55,360

yeah so

617

00:25:59,510 --> 00:25:57,200

give me the the middle finger is the

618

00:26:02,149 --> 00:25:59,520

you're ready sign so oh you're ready

619

00:26:04,950 --> 00:26:03,430

okay

620

00:26:06,070 --> 00:26:04,960

yeah turn your mic up now and you should

621

00:26:07,510 --> 00:26:06,080

be good

622

00:26:08,470 --> 00:26:07,520

better is that better

623

00:26:10,950 --> 00:26:08,480

yeah

624

00:26:12,710 --> 00:26:10,960

one mississippi two mississippi three

625

00:26:14,149 --> 00:26:12,720

mrs good

626
00:26:17,990 --> 00:26:14,159
i think so

627
00:26:19,909 --> 00:26:18,000
man i just keep hearing myself but

628
00:26:21,110 --> 00:26:19,919
yeah hello

629
00:26:23,909 --> 00:26:21,120
i hear you

630
00:26:27,590 --> 00:26:23,919
but i also hear my and echo through your

631
00:26:30,630 --> 00:26:29,510
through my headphones everything's off

632
00:26:32,549 --> 00:26:30,640
here

633
00:26:34,950 --> 00:26:32,559
except for them okay you guys hear an

634
00:26:38,470 --> 00:26:36,789
oh do you have the stream going mute the

635
00:26:40,710 --> 00:26:38,480
stream

636
00:26:45,990 --> 00:26:40,720
the uh youtube if you got that up i

637
00:26:54,149 --> 00:26:49,990
all right

638
00:26:55,830 --> 00:26:54,159

finney back

639

00:26:58,390 --> 00:26:55,840

yeah i could hear i could hear feedback

640

00:27:00,789 --> 00:26:58,400

definitely yeah

641

00:27:01,750 --> 00:27:00,799

all right so update coordination task

642

00:27:04,230 --> 00:27:01,760

force

643

00:27:06,230 --> 00:27:04,240

and we get down here not later than the

644

00:27:09,590 --> 00:27:06,240

date on which secretary establishes the

645

00:27:11,029 --> 00:27:09,600

office under subsection okay

646

00:27:13,190 --> 00:27:11,039

this doesn't work spaghetti we'll do

647

00:27:15,510 --> 00:27:13,200

like a one-on-one

648

00:27:17,430 --> 00:27:15,520

where we try to get it i mean i'm i'm

649

00:27:18,870 --> 00:27:17,440

hearing everything fine and

650

00:27:23,190 --> 00:27:18,880

yeah

651
00:27:24,310 --> 00:27:23,200
yep but i also hear me

652
00:27:25,669 --> 00:27:24,320
yeah

653
00:27:27,990 --> 00:27:25,679
wait i didn't hear it that time i'll

654
00:27:29,430 --> 00:27:28,000
jump out jump back in and see i'll check

655
00:27:30,950 --> 00:27:29,440
all my connections

656
00:27:33,750 --> 00:27:30,960
all the settings wait i'm not hearing it

657
00:27:35,909 --> 00:27:33,760
now yeah me neither i think maybe it's a

658
00:27:36,950 --> 00:27:35,919
ghost it's a ghost in the machine man

659
00:27:38,710 --> 00:27:36,960
yeah

660
00:27:41,510 --> 00:27:38,720
so all right you can jump right in with

661
00:27:46,070 --> 00:27:44,470
secretary shall terminate the uap task

662
00:27:47,190 --> 00:27:46,080
force now how does that make you guys

663
00:27:49,029 --> 00:27:47,200

feel

664

00:27:50,230 --> 00:27:49,039

great

665

00:27:52,230 --> 00:27:50,240

yeah definitely

666

00:27:55,350 --> 00:27:52,240

because that was a temporary task force

667

00:27:57,350 --> 00:27:55,360

anyway that was a temporary uh

668

00:27:59,029 --> 00:27:57,360

temporary office which by the way i

669

00:28:01,430 --> 00:27:59,039

don't think their mission has ended i

670

00:28:02,870 --> 00:28:01,440

think lou alizondo is still on a mission

671

00:28:04,710 --> 00:28:02,880

with that atip

672

00:28:06,630 --> 00:28:04,720

task force and his mission is to go

673

00:28:08,630 --> 00:28:06,640

soften the public to the reality of the

674

00:28:09,990 --> 00:28:08,640

subject and i think he's doing a fine

675

00:28:12,789 --> 00:28:10,000

job doing that

676

00:28:14,789 --> 00:28:12,799

um it'll this also creates a permanent

677

00:28:16,870 --> 00:28:14,799

office i mean they got it you know it

678

00:28:17,750 --> 00:28:16,880

was it was almost like a prototype sort

679

00:28:20,389 --> 00:28:17,760

of a

680

00:28:22,870 --> 00:28:20,399

dress rehearsal

681

00:28:25,510 --> 00:28:22,880

um even though it's funny because they

682

00:28:26,950 --> 00:28:25,520

had programs before we all know they've

683

00:28:29,190 --> 00:28:26,960

been lying forever and they've been

684

00:28:31,510 --> 00:28:29,200

looking at this forever but now they're

685

00:28:32,789 --> 00:28:31,520

establishing a strategy

686

00:28:34,870 --> 00:28:32,799

for being

687

00:28:36,870 --> 00:28:34,880

uh more transparent with the public and

688

00:28:38,710 --> 00:28:36,880

that's good so this is all very good i

689

00:28:40,710 --> 00:28:38,720

have one quick basic question and i've

690

00:28:42,470 --> 00:28:40,720

read through this bill when are they

691

00:28:44,950 --> 00:28:42,480

voting on it

692

00:28:47,669 --> 00:28:44,960

do we know it's been it's been voted on

693

00:28:49,510 --> 00:28:47,679

they passed everything as is

694

00:28:51,430 --> 00:28:49,520

yeah but i think there's still one more

695

00:28:53,110 --> 00:28:51,440

stage where the senate and the house

696

00:28:54,549 --> 00:28:53,120

bills come together and they've got to

697

00:28:56,789 --> 00:28:54,559

sort of blend them together for the

698

00:28:59,430 --> 00:28:56,799

final law to be passed i'm not sure

699

00:29:04,070 --> 00:28:59,440

about when that process and then the

700

00:29:07,830 --> 00:29:05,990

well i bet it's you know you better

701

00:29:08,789 --> 00:29:07,840

believe it's probably gonna be

702

00:29:13,990 --> 00:29:08,799

um

703

00:29:18,710 --> 00:29:15,990

you know what was interesting not to to

704

00:29:21,269 --> 00:29:18,720

it's on topic with this bill is there's

705

00:29:23,750 --> 00:29:21,279

a if you look around i'm not quite sure

706

00:29:26,950 --> 00:29:23,760

what section it was i think maybe 345 of

707

00:29:28,310 --> 00:29:26,960

the senate bill 2610 section 345

708

00:29:31,669 --> 00:29:28,320

establishes

709

00:29:34,149 --> 00:29:31,679

a protocol for injuries or illness

710

00:29:35,990 --> 00:29:34,159

by contact with these things so yeah

711

00:29:38,070 --> 00:29:36,000

doesn't that say right there that people

712

00:29:40,230 --> 00:29:38,080

are getting radiated if not even just

713

00:29:42,230 --> 00:29:40,240

traumatized where they need maybe

714

00:29:44,310 --> 00:29:42,240

psychological uh

715

00:29:47,110 --> 00:29:44,320

you know that so they're expecting

716

00:29:50,789 --> 00:29:47,120

damage they're expecting wounds they're

717

00:29:53,350 --> 00:29:50,799

expecting uh maybe casualties who knows

718

00:29:55,110 --> 00:29:53,360

yeah who knows but it does do that that

719

00:29:56,149 --> 00:29:55,120

could also

720

00:29:58,070 --> 00:29:56,159

be

721

00:30:00,630 --> 00:29:58,080

for the havana syndrome

722

00:30:03,350 --> 00:30:00,640

right yeah i was thinking that uap you

723

00:30:05,830 --> 00:30:03,360

unidentified phenomenon

724

00:30:07,430 --> 00:30:05,840

we don't know what the syndrome is

725

00:30:09,190 --> 00:30:07,440

absolutely that's a great point i mean

726
00:30:10,389 --> 00:30:09,200
if you look at lou when he was on tucker

727
00:30:12,389 --> 00:30:10,399
the other day and

728
00:30:13,990 --> 00:30:12,399
they asked him about that kind of

729
00:30:16,310 --> 00:30:14,000
he gets animated that's one of the

730
00:30:18,149 --> 00:30:16,320
questions that gets him and this is lou

731
00:30:26,070 --> 00:30:18,159
elizando's animation i watched him so

732
00:30:30,950 --> 00:30:28,549
he can't answer but he's glad he was

733
00:30:33,590 --> 00:30:30,960
asked and that's his reaction he'll put

734
00:30:36,789 --> 00:30:33,600
his head down with his head and go

735
00:30:38,310 --> 00:30:36,799
yeah i can't see him one of these

736
00:30:40,470 --> 00:30:38,320
he'll give you one of these and every

737
00:30:41,590 --> 00:30:40,480
time havana syndrome comes up

738
00:30:42,870 --> 00:30:41,600

he gets

739

00:30:44,149 --> 00:30:42,880

that's true

740

00:30:45,909 --> 00:30:44,159

you know what i mean you could see i

741

00:30:47,669 --> 00:30:45,919

know his tails now he shouldn't play

742

00:30:49,350 --> 00:30:47,679

poker i got him for an intelligence

743

00:30:50,470 --> 00:30:49,360

officer i wonder if he's doing that on

744

00:30:52,870 --> 00:30:50,480

purpose

745

00:30:55,269 --> 00:30:52,880

well you always i've noticed when he

746

00:30:57,830 --> 00:30:55,279

talks about you know some sort of psyop

747

00:30:59,590 --> 00:30:57,840

or whatever then he gets kind of um

748

00:31:00,870 --> 00:30:59,600

like well fine just go somewhere else i

749

00:31:02,630 --> 00:31:00,880

don't mind being in the in the

750

00:31:04,630 --> 00:31:02,640

background you know just do your thing i

751

00:31:08,549 --> 00:31:04,640

don't care you know he gets a little

752

00:31:12,630 --> 00:31:10,789

he did say one thing on soccer i would

753

00:31:14,230 --> 00:31:12,640

too that'd be offensive

754

00:31:16,549 --> 00:31:14,240

he said one thing on tucker it was the

755

00:31:19,590 --> 00:31:16,559

very very end of the show he started

756

00:31:21,669 --> 00:31:19,600

talking about uh basically socially

757

00:31:23,190 --> 00:31:21,679

he were to use socially normalizing i

758

00:31:24,870 --> 00:31:23,200

don't know i wrote it down but he

759

00:31:27,269 --> 00:31:24,880

mentioned this is

760

00:31:29,269 --> 00:31:27,279

at the very end he said this is this is

761

00:31:33,830 --> 00:31:29,279

much more about sorry about the i live

762

00:31:37,110 --> 00:31:35,509

he said it's much more about sightings

763

00:31:38,549 --> 00:31:37,120

off the coast of california and the

764

00:31:45,190 --> 00:31:38,559

middle east

765

00:31:46,630 --> 00:31:45,200

east that he's never said before whoa

766

00:31:48,149 --> 00:31:46,640

did you catch that

767

00:31:50,870 --> 00:31:48,159

no it wasn't slipping because i got some

768

00:31:52,549 --> 00:31:50,880

information no not him i mean

769

00:31:53,350 --> 00:31:52,559

we're on top of it

770

00:31:55,110 --> 00:31:53,360

i mean

771

00:31:57,669 --> 00:31:55,120

when lou said that about the middle east

772

00:32:00,230 --> 00:31:57,679

he was referring to stuff that happened

773

00:32:03,110 --> 00:32:00,240

that was reported on in the drive by

774

00:32:04,470 --> 00:32:03,120

toler tylerogue in 2019 i did some

775

00:32:06,870 --> 00:32:04,480

digging on it

776
00:32:09,190 --> 00:32:06,880
and ryan graves was talking about some

777
00:32:10,950 --> 00:32:09,200
stuff that happened in the persian gulf

778
00:32:12,590 --> 00:32:10,960
when the when the roosevelt was over

779
00:32:14,870 --> 00:32:12,600
there

780
00:32:17,830 --> 00:32:14,880
i've literally got the article next to

781
00:32:19,509 --> 00:32:17,840
me on my phone because i saved it

782
00:32:21,029 --> 00:32:19,519
i heard lou say that and i was like i've

783
00:32:23,350 --> 00:32:21,039
got to look into that and right yeah

784
00:32:25,269 --> 00:32:23,360
right right that's not something a tip

785
00:32:27,110 --> 00:32:25,279
has released or talked about or anything

786
00:32:28,630 --> 00:32:27,120
when he i just thought he just slipped

787
00:32:30,870 --> 00:32:28,640
and said you know something happened in

788
00:32:34,470 --> 00:32:30,880

the middle east good cat good work vinny

789

00:32:39,190 --> 00:32:36,470

daca the day after mikhail gorbachev

790

00:32:41,269 --> 00:32:39,200

dissolved in 91 the kgb top secret

791

00:32:42,630 --> 00:32:41,279

intelligence administration a lot of

792

00:32:44,470 --> 00:32:42,640

material from that department found

793

00:32:46,950 --> 00:32:44,480

their way abroad in particular to the

794

00:32:50,070 --> 00:32:46,960

cia as reported by the authoritative

795

00:32:53,110 --> 00:32:50,080

magazine canadian weekly world news

796

00:32:56,070 --> 00:32:53,120

u.s intelligence obtained a 250-page

797

00:32:58,549 --> 00:32:56,080

file on the attack by a ufo on a

798

00:33:02,470 --> 00:32:58,559

military unit in serbia

799

00:33:05,110 --> 00:33:02,480

siberia siberia attack

800

00:33:10,149 --> 00:33:08,230

on the attack by a ufo

801
00:33:13,110 --> 00:33:10,159
on a military unit well well keep

802
00:33:15,590 --> 00:33:13,120
reading i see the area

803
00:33:17,029 --> 00:33:15,600
it's this big the file contains not only

804
00:33:19,029 --> 00:33:17,039
many documentary photographs and

805
00:33:21,750 --> 00:33:19,039
drawings but also testimonies by actual

806
00:33:23,909 --> 00:33:21,760
participants in the events one of the

807
00:33:25,430 --> 00:33:23,919
cia reps referred to this case as a

808
00:33:27,789 --> 00:33:25,440
horrific

809
00:33:30,149 --> 00:33:27,799
picture of revenge on the part of

810
00:33:32,070 --> 00:33:30,159
extraterrestrial creatures

811
00:33:35,110 --> 00:33:32,080
a picture that makes one

812
00:33:37,029 --> 00:33:35,120
blood freeze according to the kgb

813
00:33:38,789 --> 00:33:37,039

materials a quite low flag spaceship in

814

00:33:40,470 --> 00:33:38,799

the shape of a saucer appeared above a

815

00:33:43,269 --> 00:33:40,480

military unit that was conducting

816

00:33:44,870 --> 00:33:43,279

routine uh maneuvers for unknown reasons

817

00:33:47,590 --> 00:33:44,880

somebody unexpectedly launched a

818

00:33:50,549 --> 00:33:47,600

surface-to-air missile and hit the ufo

819

00:33:52,470 --> 00:33:50,559

it fell to earth not far away and five

820

00:33:54,549 --> 00:33:52,480

short humanoids with large heads and

821

00:33:57,430 --> 00:33:54,559

large black eyes emerged from it

822

00:33:58,710 --> 00:33:57,440

it is stated testimonies soldiers

823

00:34:00,630 --> 00:33:58,720

remained alive

824

00:34:02,389 --> 00:34:00,640

after freezing themselves from the

825

00:34:04,470 --> 00:34:02,399

debris

826
00:34:06,389 --> 00:34:04,480
the aliens came close together and then

827
00:34:08,629 --> 00:34:06,399
merged into a single object that

828
00:34:11,109 --> 00:34:08,639
acquired a spherical shape

829
00:34:13,270 --> 00:34:11,119
the object began to buzz and hiss

830
00:34:15,589 --> 00:34:13,280
uh

831
00:34:17,669 --> 00:34:15,599
sharply and became brilliant white in a

832
00:34:19,750 --> 00:34:17,679
few seconds the spheres grew much bigger

833
00:34:21,990 --> 00:34:19,760
and exploded by flaring up with an

834
00:34:24,550 --> 00:34:22,000
extremely bright light at the very

835
00:34:27,589 --> 00:34:24,560
instant 23 soldiers who had watched the

836
00:34:29,669 --> 00:34:27,599
phenomenon turned into stone poles

837
00:34:31,430 --> 00:34:29,679
all right i remember that now you do

838
00:34:34,069 --> 00:34:31,440

okay yeah well how do you forget that

839

00:34:36,149 --> 00:34:34,079

they turned into stone it was reading

840

00:34:38,230 --> 00:34:36,159

like a horror novel and then that yeah

841

00:34:40,470 --> 00:34:38,240

okay go ahead i'm familiar with that

842

00:34:41,510 --> 00:34:40,480

i know i didn't believe this when i when

843

00:34:44,550 --> 00:34:41,520

i heard it

844

00:34:46,470 --> 00:34:44,560

the remains of the ufo and the petrified

845

00:34:48,389 --> 00:34:46,480

soldiers were transferred to a secret

846

00:34:49,669 --> 00:34:48,399

scientific research institution near

847

00:34:52,950 --> 00:34:49,679

moscow

848

00:34:54,869 --> 00:34:52,960

they assume that a source of energy that

849

00:34:56,790 --> 00:34:54,879

is still unknown to earthlings instantly

850

00:34:59,190 --> 00:34:56,800

changed the structure of the soldiers

851
00:35:01,109 --> 00:34:59,200
living organisms having transformed it

852
00:35:03,030 --> 00:35:01,119
to a substance whose molecular

853
00:35:04,390 --> 00:35:03,040
composition is no different from that of

854
00:35:08,150 --> 00:35:04,400
a limestone

855
00:35:10,550 --> 00:35:08,160
a cia representative stated if the kgb

856
00:35:13,349 --> 00:35:10,560
file corresponds to reality this is an

857
00:35:15,430 --> 00:35:13,359
extremely menacing case the aliens

858
00:35:17,430 --> 00:35:15,440
possess such weapons in tech that go

859
00:35:20,230 --> 00:35:17,440
beyond all our assumptions they can

860
00:35:22,550 --> 00:35:20,240
stand up for themselves if attacked

861
00:35:24,069 --> 00:35:22,560
oh that's menacing yeah let's assume

862
00:35:25,829 --> 00:35:24,079
that's true and you wonder why the

863
00:35:27,670 --> 00:35:25,839

government wants to keep this quiet

864

00:35:32,710 --> 00:35:27,680

that's crazy

865

00:35:35,670 --> 00:35:34,390

you know yeah it is and it's the wording

866

00:35:37,349 --> 00:35:35,680

and the words that they use whoever

867

00:35:39,670 --> 00:35:37,359

wrote that wait where's that document

868

00:35:43,430 --> 00:35:39,680

from is that a government document

869

00:35:45,510 --> 00:35:43,440

um yeah i got it on the cia website

870

00:35:47,510 --> 00:35:45,520

does it doesn't say what year that case

871

00:35:49,589 --> 00:35:47,520

supposedly was that does it it tells you

872

00:35:52,470 --> 00:35:49,599

when

873

00:35:55,510 --> 00:35:52,480

93 i remember

874

00:35:57,670 --> 00:35:55,520

the source is from kiev in 93 march 20th

875

00:35:59,829 --> 00:35:57,680

yeah it doesn't say when the case

876

00:36:01,990 --> 00:35:59,839

supposedly occurred

877

00:36:03,430 --> 00:36:02,000

cosmic revenge

878

00:36:04,390 --> 00:36:03,440

oh that's what i must have been looking

879

00:36:07,109 --> 00:36:04,400

at

880

00:36:08,390 --> 00:36:07,119

okay mikhail gorbachev dissolved in 91.

881

00:36:10,550 --> 00:36:08,400

so

882

00:36:12,950 --> 00:36:10,560

that's when we got he released it yeah

883

00:36:14,230 --> 00:36:12,960

he released it so it could be very

884

00:36:16,790 --> 00:36:14,240

interesting

885

00:36:18,870 --> 00:36:16,800

or it was leaked

886

00:36:22,630 --> 00:36:18,880

through some crows

887

00:36:24,069 --> 00:36:22,640

200 wait a 250 page report that's from

888

00:36:26,310 --> 00:36:24,079

yes on that case

889

00:36:29,990 --> 00:36:26,320

but the the full report's not available

890

00:36:31,829 --> 00:36:30,000

is it i just have this yeah

891

00:36:33,770 --> 00:36:31,839

um

892

00:36:36,069 --> 00:36:33,780

it's got to be somewhere

893

00:36:39,030 --> 00:36:36,079

[Laughter]

894

00:36:40,870 --> 00:36:39,040

i mean who why would the kgb write a

895

00:36:42,630 --> 00:36:40,880

report like that

896

00:36:45,510 --> 00:36:42,640

well the question also is how would the

897

00:36:47,510 --> 00:36:45,520

k or why would the kgb let a 250 page

898

00:36:49,990 --> 00:36:47,520

document like that on a case

899

00:36:52,230 --> 00:36:50,000

with so many details find its way into

900

00:36:54,790 --> 00:36:52,240

the hands of the cia

901
00:36:56,870 --> 00:36:54,800
so many details exactly you know and

902
00:36:58,470 --> 00:36:56,880
what does that really happen how do you

903
00:36:59,750 --> 00:36:58,480
keep something like that secret that

904
00:37:01,589 --> 00:36:59,760
would essentially didn't they say it

905
00:37:03,910 --> 00:37:01,599
made your blood freeze they made their

906
00:37:05,750 --> 00:37:03,920
blood freeze dude it has everything from

907
00:37:08,069 --> 00:37:05,760
a movie in it

908
00:37:09,430 --> 00:37:08,079
yeah exactly it read like a novel well i

909
00:37:11,750 --> 00:37:09,440
would ask if

910
00:37:13,030 --> 00:37:11,760
you know

911
00:37:14,710 --> 00:37:13,040
how do we

912
00:37:16,550 --> 00:37:14,720
how would you even be able to say that

913
00:37:19,109 --> 00:37:16,560

something like that isn't real

914

00:37:28,630 --> 00:37:19,119

considering what we could potentially be

915

00:37:32,790 --> 00:37:31,270

like who how do we know you know do we

916

00:37:36,790 --> 00:37:32,800

shoot them down

917

00:37:38,950 --> 00:37:36,800

with a surface-to-air missile they crash

918

00:37:40,790 --> 00:37:38,960

five beings come out they converge into

919

00:37:44,310 --> 00:37:40,800

one giant ball of something and then

920

00:37:46,390 --> 00:37:44,320

turn the ground soldiers into stone

921

00:37:48,310 --> 00:37:46,400

what that's an x-files episode what is

922

00:37:51,270 --> 00:37:48,320

that you know what corroborates that is

923

00:37:53,190 --> 00:37:51,280

the story of lot

924

00:37:55,190 --> 00:37:53,200

in the bible biblical right in the bible

925

00:37:57,109 --> 00:37:55,200

i'm not a bitterness sodom and gomorrah

926

00:37:58,870 --> 00:37:57,119

a lifelong atheist

927

00:38:01,510 --> 00:37:58,880

you couldn't look back or you get turned

928

00:38:04,069 --> 00:38:01,520

to stone and sure [\h__\h] he did so maybe

929

00:38:05,589 --> 00:38:04,079

it was aliens

930

00:38:06,870 --> 00:38:05,599

and wasn't there in the bible wasn't

931

00:38:08,870 --> 00:38:06,880

there an entire city that was knocked

932

00:38:10,630 --> 00:38:08,880

down by a horn section or something like

933

00:38:12,150 --> 00:38:10,640

if somebody blew a horn oh

934

00:38:13,030 --> 00:38:12,160

jericho or something i don't know

935

00:38:15,510 --> 00:38:13,040

something like that i don't want to be

936

00:38:17,750 --> 00:38:15,520

just i'm not sure i don't know it

937

00:38:19,829 --> 00:38:17,760

yeah no i learned it when i was a kid i

938

00:38:23,190 --> 00:38:19,839

forgot a lot of it but

939

00:38:24,950 --> 00:38:23,200

so lot was a turn to stone by

940

00:38:27,349 --> 00:38:24,960

yeah who

941

00:38:29,109 --> 00:38:27,359

oh god apparently yeah

942

00:38:31,910 --> 00:38:29,119

for what

943

00:38:33,750 --> 00:38:31,920

for like he apparently um sodom and

944

00:38:36,470 --> 00:38:33,760

gomorrah was evil and it had to be

945

00:38:38,230 --> 00:38:36,480

destroyed so they just they destroyed it

946

00:38:40,230 --> 00:38:38,240

and lot lived there and he left and if

947

00:38:43,430 --> 00:38:40,240

he looked back he was turned to stone

948

00:38:45,030 --> 00:38:43,440

and he did it he looked back

949

00:38:47,750 --> 00:38:45,040

somehow i think i live in the modern

950

00:38:48,870 --> 00:38:47,760

sodom and gomorrah right now

951
00:38:50,390 --> 00:38:48,880

yeah right

952
00:38:51,750 --> 00:38:50,400

yeah they're all turned to stone but a

953
00:38:53,190 --> 00:38:51,760

different kind of stone if you know what

954
00:38:55,829 --> 00:38:53,200

i'm saying

955
00:38:57,349 --> 00:38:55,839

yeah yeah or his wife did or something

956
00:38:58,710 --> 00:38:57,359

yeah i don't know

957
00:39:00,390 --> 00:38:58,720

but i don't know

958
00:39:02,550 --> 00:39:00,400

why it's all bizarre

959
00:39:04,710 --> 00:39:02,560

that is bizarre so what do you think's

960
00:39:06,390 --> 00:39:04,720

going to happen with this stuff do you

961
00:39:07,589 --> 00:39:06,400

think it's going to pass do you think

962
00:39:11,349 --> 00:39:07,599

it's

963
00:39:13,109 --> 00:39:11,359

bipartisan things we've seen in a long

964

00:39:15,030 --> 00:39:13,119

time where we've seen very little

965

00:39:16,550 --> 00:39:15,040

disagreement from

966

00:39:18,630 --> 00:39:16,560

you know

967

00:39:20,630 --> 00:39:18,640

republicans and all all the different

968

00:39:23,430 --> 00:39:20,640

parties and stuff the voting that we've

969

00:39:26,310 --> 00:39:23,440

seen on the bills so far has been pretty

970

00:39:28,390 --> 00:39:26,320

pretty high for the for the yeses

971

00:39:30,550 --> 00:39:28,400

do we have a schedule alone maybe should

972

00:39:33,349 --> 00:39:30,560

we do that reach out to uh your friend

973

00:39:35,270 --> 00:39:33,359

jazz shaw that guy's on top of like yeah

974

00:39:36,390 --> 00:39:35,280

like the daily workings like i wanna

975

00:39:38,069 --> 00:39:36,400

know when

976

00:39:40,710 --> 00:39:38,079

this is gonna get through

977

00:39:42,310 --> 00:39:40,720

and what are they gonna clip out of it

978

00:39:43,990 --> 00:39:42,320

if anything because they kind of this is

979

00:39:47,190 --> 00:39:44,000

the thing because they've got to put s

980

00:39:49,589 --> 00:39:47,200

26 10 and hr 4350 together

981

00:39:51,910 --> 00:39:49,599

merge it into one final bill so what

982

00:39:54,550 --> 00:39:51,920

stays what goes and

983

00:39:55,990 --> 00:39:54,560

yeah time scale but i mean i'm on them

984

00:39:57,750 --> 00:39:56,000

i'm on the website now of the house of

985

00:39:59,270 --> 00:39:57,760

representatives permanent select

986

00:40:00,310 --> 00:39:59,280

committee on intelligence talking all

987

00:40:02,630 --> 00:40:00,320

about it

988

00:40:04,390 --> 00:40:02,640

no time scale on there

989

00:40:06,710 --> 00:40:04,400

no time scale on the articles written by

990

00:40:08,829 --> 00:40:06,720

the debrief so i think it's a little bit

991

00:40:10,550 --> 00:40:08,839

of a waiting game for now

992

00:40:12,630 --> 00:40:10,560

yeah

993

00:40:14,550 --> 00:40:12,640

the other thing we can say is as far as

994

00:40:16,710 --> 00:40:14,560

we're concerned right

995

00:40:18,790 --> 00:40:16,720

does any of it

996

00:40:21,430 --> 00:40:18,800

you know is any of it positive if we

997

00:40:24,069 --> 00:40:21,440

don't get any transparency like let's

998

00:40:26,950 --> 00:40:24,079

say they don't tell us about any of this

999

00:40:28,390 --> 00:40:26,960

but how do we know it's not just

1000

00:40:29,910 --> 00:40:28,400

a show

1001

00:40:31,670 --> 00:40:29,920

well i guess we don't

1002

00:40:33,589 --> 00:40:31,680

we don't and what they do release is

1003

00:40:34,870 --> 00:40:33,599

probably going to be a show but just the

1004

00:40:36,390 --> 00:40:34,880

fact that they've admitted there's an

1005

00:40:37,589 --> 00:40:36,400

office collecting this data there's a

1006

00:40:39,990 --> 00:40:37,599

protocol for collecting it

1007

00:40:42,790 --> 00:40:40,000

professionally these are huge steps in

1008

00:40:45,589 --> 00:40:42,800

the totality of sure

1009

00:40:47,589 --> 00:40:45,599

70 years of lies this is a good step

1010

00:40:49,349 --> 00:40:47,599

forward exactly it's not all going to

1011

00:40:51,430 --> 00:40:49,359

happen in one day

1012

00:40:53,589 --> 00:40:51,440

and let's just say for the sake of a

1013

00:40:56,309 --> 00:40:53,599

crazy example if what you just read

1014

00:40:58,230 --> 00:40:56,319

about in siberia happened that's

1015

00:41:01,990 --> 00:40:58,240

probably you're gonna want to talk about

1016

00:41:14,150 --> 00:41:02,000

this stuff man rap robert says it's uh

1017

00:41:17,510 --> 00:41:15,990

yeah

1018

00:41:20,230 --> 00:41:17,520

it's hard to determine you know that

1019

00:41:22,230 --> 00:41:20,240

time those years the early 90s gorbachev

1020

00:41:24,150 --> 00:41:22,240

that was a strange era i mean the

1021

00:41:26,870 --> 00:41:24,160

soviets were crumbling

1022

00:41:28,870 --> 00:41:26,880

people the soviet ex-military guys were

1023

00:41:31,030 --> 00:41:28,880

trying to sell weapons on the black

1024

00:41:33,349 --> 00:41:31,040

market i mean i think a drug dealer in

1025

00:41:36,230 --> 00:41:33,359

south america bought a soviet submarine

1026
00:41:38,309 --> 00:41:36,240
smuggled it was crazy they were selling

1027
00:41:41,270 --> 00:41:38,319
all kinds of stuff it was like it was a

1028
00:41:43,829 --> 00:41:41,280
flea market for soviet intelligence and

1029
00:41:45,109 --> 00:41:43,839
weapons it was nuts it was a crazy time

1030
00:41:48,069 --> 00:41:45,119
it's just pre

1031
00:41:50,309 --> 00:41:48,079
the first iraq war that era there was a

1032
00:41:51,589 --> 00:41:50,319
little three four year window where we

1033
00:41:54,470 --> 00:41:51,599
wouldn't know what was going on over

1034
00:41:55,750 --> 00:41:54,480
there you'd be a good guy to ask uh joey

1035
00:41:58,470 --> 00:41:55,760
um

1036
00:42:00,550 --> 00:41:58,480
were there any other points

1037
00:42:01,349 --> 00:42:00,560
since you've been following this stuff

1038
00:42:02,950 --> 00:42:01,359

where

1039

00:42:04,790 --> 00:42:02,960

it seemed like there was going to be

1040

00:42:06,230 --> 00:42:04,800

more transparency

1041

00:42:08,150 --> 00:42:06,240

and then there was like a war or

1042

00:42:11,030 --> 00:42:08,160

something that stopped it or something

1043

00:42:13,109 --> 00:42:11,040

like that something that interrupted and

1044

00:42:15,190 --> 00:42:13,119

and said it backwards

1045

00:42:17,430 --> 00:42:15,200

i wouldn't say we we ever got to like

1046

00:42:20,069 --> 00:42:17,440

the precipice of oh it's coming and then

1047

00:42:22,790 --> 00:42:20,079

we were distracted by a major event i

1048

00:42:23,670 --> 00:42:22,800

wouldn't say that happened but every

1049

00:42:27,030 --> 00:42:23,680

year

1050

00:42:28,470 --> 00:42:27,040

disclosure i mean our bell literally you

1051
00:42:30,309 --> 00:42:28,480
could count down the years the new

1052
00:42:31,589 --> 00:42:30,319
year's eve of is this the year for

1053
00:42:32,870 --> 00:42:31,599
disclosure is this the year for

1054
00:42:35,030 --> 00:42:32,880
disclosure and we're getting closer

1055
00:42:37,270 --> 00:42:35,040
we're getting i mean my god 20 of those

1056
00:42:39,109 --> 00:42:37,280
went by it was just the year curso's

1057
00:42:40,950 --> 00:42:39,119
book oh my god this is going to happen

1058
00:42:42,309 --> 00:42:40,960
now phoenix lights this is going to

1059
00:42:43,190 --> 00:42:42,319
happen now

1060
00:42:45,910 --> 00:42:43,200
um

1061
00:42:47,990 --> 00:42:45,920
was it as intense as it is now

1062
00:42:50,550 --> 00:42:48,000
no because they're admitting things now

1063
00:42:52,630 --> 00:42:50,560

now they're admitting things that look i

1064

00:42:55,589 --> 00:42:52,640

i both complain

1065

00:42:58,230 --> 00:42:55,599

and appreciate what happened in 2017

1066

00:43:00,309 --> 00:42:58,240

with the new york times i that is just

1067

00:43:03,109 --> 00:43:00,319

really the real deal

1068

00:43:05,270 --> 00:43:03,119

um it's happening that is huge that's

1069

00:43:07,430 --> 00:43:05,280

huge i almost wish art bell was here to

1070

00:43:08,790 --> 00:43:07,440

see that i i really do

1071

00:43:11,030 --> 00:43:08,800

you know because he kept us going

1072

00:43:12,790 --> 00:43:11,040

through all those times although every

1073

00:43:15,030 --> 00:43:12,800

night this has been on every night we've

1074

00:43:19,030 --> 00:43:15,040

been talking about this for decades it's

1075

00:43:20,150 --> 00:43:19,040

not pre-internet you know yeah um so no

1076

00:43:21,750 --> 00:43:20,160

what you're saying i don't think there

1077

00:43:24,790 --> 00:43:21,760

was a build-up to that there's always

1078

00:43:27,349 --> 00:43:24,800

moments in ufology bob lazar coming out

1079

00:43:29,510 --> 00:43:27,359

in shadow and sha babazar appeared in

1080

00:43:31,750 --> 00:43:29,520

shadow he was a we nobody knew who he

1081

00:43:33,589 --> 00:43:31,760

was he was a mystery man you know we

1082

00:43:35,349 --> 00:43:33,599

talked to george knapp it's not it's not

1083

00:43:38,470 --> 00:43:35,359

the bob lazar we know today with jeremy

1084

00:43:40,309 --> 00:43:38,480

corbell documentary this was that guy

1085

00:43:43,109 --> 00:43:40,319

and and most importantly we often forget

1086

00:43:45,670 --> 00:43:43,119

i keep saying is we thank bob lazar for

1087

00:43:48,710 --> 00:43:45,680

us knowing or the government admitting

1088

00:43:50,950 --> 00:43:48,720

area 51 was real area 51 was a

1089

00:43:53,270 --> 00:43:50,960

quote-unquote conspiracy theory they

1090

00:43:55,750 --> 00:43:53,280

never admitted there was an area 51.

1091

00:43:57,510 --> 00:43:55,760

everyone knew it was there it's a it's a

1092

00:44:00,390 --> 00:43:57,520

test range right the size of

1093

00:44:02,230 --> 00:44:00,400

that there's blink

1094

00:44:03,910 --> 00:44:02,240

it's a test raise literally the size of

1095

00:44:06,150 --> 00:44:03,920

the state of connecticut

1096

00:44:08,390 --> 00:44:06,160

how do you miss that oh there's nothing

1097

00:44:10,710 --> 00:44:08,400

there people took pictures of airplanes

1098

00:44:12,470 --> 00:44:10,720

flying out of las vegas international

1099

00:44:14,790 --> 00:44:12,480

right the jenny flights they called

1100

00:44:17,349 --> 00:44:14,800

janet janet flies janet flights they had

1101
00:44:18,470 --> 00:44:17,359
no numbers on the planes no markings no

1102
00:44:20,950 --> 00:44:18,480
numbers

1103
00:44:23,109 --> 00:44:20,960
uh it left from this one airstrip it

1104
00:44:24,470 --> 00:44:23,119
would fly to area 51 daily pick people

1105
00:44:27,030 --> 00:44:24,480
up drop them off it's the only way in

1106
00:44:28,790 --> 00:44:27,040
and out was that airplane so we knew it

1107
00:44:30,230 --> 00:44:28,800
was there and then bob lazar comes out

1108
00:44:32,470 --> 00:44:30,240
and says oh yeah i work there i know

1109
00:44:36,390 --> 00:44:32,480
yeah i worked on a ufo and oh yeah they

1110
00:44:38,150 --> 00:44:36,400
have this weird element 115. so um my

1111
00:44:41,430 --> 00:44:38,160
point from the beginning is yeah there's

1112
00:44:43,349 --> 00:44:41,440
been every these series of news events

1113
00:44:44,870 --> 00:44:43,359

or things that have been leaked that

1114

00:44:46,950 --> 00:44:44,880

have moved you followed you forward and

1115

00:44:49,349 --> 00:44:46,960

kept your followers attention

1116

00:44:50,870 --> 00:44:49,359

now things are moving much much faster

1117

00:44:52,710 --> 00:44:50,880

much much faster i mean there's an

1118

00:44:55,349 --> 00:44:52,720

entire community that dissects this on

1119

00:44:58,069 --> 00:44:55,359

an hourly basis i i'm so new to this

1120

00:45:00,470 --> 00:44:58,079

youtube uh you you ufo community you

1121

00:45:02,630 --> 00:45:00,480

could i could do stepping stones from

1122

00:45:05,030 --> 00:45:02,640

leave this show go to another show go to

1123

00:45:07,270 --> 00:45:05,040

another show go to businesses all day

1124

00:45:09,510 --> 00:45:07,280

long people are talking about this

1125

00:45:11,349 --> 00:45:09,520

all right so he says uh we think the

1126
00:45:12,710 --> 00:45:11,359
government secret black projects are

1127
00:45:14,390 --> 00:45:12,720
worried about breaking the law i do not

1128
00:45:15,670 --> 00:45:14,400
believe that is a fear for them so the

1129
00:45:17,829 --> 00:45:15,680
reason

1130
00:45:20,390 --> 00:45:17,839
i brought that up is because i had just

1131
00:45:21,670 --> 00:45:20,400
got done reading something on uh the

1132
00:45:27,829 --> 00:45:21,680
space force

1133
00:45:31,270 --> 00:45:27,839
laws need to be adjusted to allow

1134
00:45:33,430 --> 00:45:31,280
room for what they need to do

1135
00:45:35,670 --> 00:45:33,440
yeah because laws only really worry

1136
00:45:36,790 --> 00:45:35,680
citizens they don't worry these big

1137
00:45:38,150 --> 00:45:36,800
people especially if you're talking

1138
00:45:40,150 --> 00:45:38,160

about black projects and people in

1139

00:45:41,510 --> 00:45:40,160

special access programs or usaps

1140

00:45:43,750 --> 00:45:41,520

probably even further

1141

00:45:46,470 --> 00:45:43,760

law to them it's a laughing matter yeah

1142

00:45:47,430 --> 00:45:46,480

but also there were uh

1143

00:45:50,390 --> 00:45:47,440

you know

1144

00:45:52,390 --> 00:45:50,400

deals signed with the soviets to keep

1145

00:45:54,230 --> 00:45:52,400

weaponry out of space that's probably

1146

00:45:56,870 --> 00:45:54,240

what they're talking about

1147

00:45:59,349 --> 00:45:56,880

um you know there there was a push

1148

00:46:01,510 --> 00:45:59,359

to in the 70s and 80s to make sure space

1149

00:46:03,510 --> 00:46:01,520

did not get weaponized you know they

1150

00:46:06,390 --> 00:46:03,520

signed treaties over that

1151
00:46:08,550 --> 00:46:06,400
and if we're going to have a space force

1152
00:46:10,550 --> 00:46:08,560
how do you have a force without weaponry

1153
00:46:12,470 --> 00:46:10,560
so we have to probably reevaluate the

1154
00:46:15,589 --> 00:46:12,480
entire protocol about how they're going

1155
00:46:16,950 --> 00:46:15,599
to arm you know or defend in space i

1156
00:46:18,390 --> 00:46:16,960
happen to think the space force

1157
00:46:20,470 --> 00:46:18,400
basically is going to be satellite to

1158
00:46:22,710 --> 00:46:20,480
satellite warfare i think they're going

1159
00:46:25,030 --> 00:46:22,720
to arm satellites yeah

1160
00:46:27,829 --> 00:46:25,040
china did some china did something very

1161
00:46:30,630 --> 00:46:27,839
interesting about 10 maybe 15 years ago

1162
00:46:32,870 --> 00:46:30,640
i'm bad with my dates but china

1163
00:46:35,670 --> 00:46:32,880

launched a land-based missile from their

1164

00:46:37,190 --> 00:46:35,680

homeland into space and took out one of

1165

00:46:39,349 --> 00:46:37,200

their satellites

1166

00:46:41,430 --> 00:46:39,359

which was okay they just took out one of

1167

00:46:43,109 --> 00:46:41,440

their satellites but if you realize if

1168

00:46:45,270 --> 00:46:43,119

they took out one of theirs they could

1169

00:46:47,430 --> 00:46:45,280

take out one of ours so that was

1170

00:46:49,270 --> 00:46:47,440

monumental technological achievement

1171

00:46:51,829 --> 00:46:49,280

nobody had ever done that before and

1172

00:46:54,069 --> 00:46:51,839

china beat us to that we never took out

1173

00:46:56,069 --> 00:46:54,079

our own at least they wouldn't admit it

1174

00:46:59,510 --> 00:46:56,079

publicly but china did and they let the

1175

00:47:01,109 --> 00:46:59,520

world know hey we just did this and uh

1176

00:47:02,710 --> 00:47:01,119

that you know it's going to be satellite

1177

00:47:05,030 --> 00:47:02,720

satellite warfare

1178

00:47:07,190 --> 00:47:05,040

yeah i'm thinking about putting putting

1179

00:47:08,150 --> 00:47:07,200

weaponry in orbit

1180

00:47:11,589 --> 00:47:08,160

for

1181

00:47:13,030 --> 00:47:11,599

missiles to hit earth or strike earth

1182

00:47:14,870 --> 00:47:13,040

i mean what is it what is the space

1183

00:47:16,390 --> 00:47:14,880

force are we going to go up we're going

1184

00:47:18,790 --> 00:47:16,400

to fight the chinese in space with two

1185

00:47:21,190 --> 00:47:18,800

spaceships i i don't know

1186

00:47:23,349 --> 00:47:21,200

it's got to be for satellite warfare i

1187

00:47:24,950 --> 00:47:23,359

agree but there are i mean and that's

1188

00:47:26,390 --> 00:47:24,960

you know the space force have already

1189

00:47:30,069 --> 00:47:26,400

sort of said that that's what it'll be

1190

00:47:32,230 --> 00:47:30,079

it'll be communications and digital data

1191

00:47:34,790 --> 00:47:32,240

warfare using satellite transmissions

1192

00:47:36,150 --> 00:47:34,800

for that data across the world

1193

00:47:37,670 --> 00:47:36,160

and but then of course you do get the

1194

00:47:39,270 --> 00:47:37,680

conspiracy theorists who are saying well

1195

00:47:41,349 --> 00:47:39,280

space force are going to utilize tic

1196

00:47:43,750 --> 00:47:41,359

tacs and that to do it secretly covertly

1197

00:47:45,750 --> 00:47:43,760

and all that kind of nonsense well

1198

00:47:47,589 --> 00:47:45,760

no i don't you know i won't buy that

1199

00:47:48,950 --> 00:47:47,599

until i see evidence for that so it is

1200

00:47:53,750 --> 00:47:48,960

it's it's

1201

00:47:55,670 --> 00:47:53,760

it's a digital war it's not a a hot war

1202

00:47:58,150 --> 00:47:55,680

you know a cold war but it's not a hot

1203

00:47:59,990 --> 00:47:58,160

war either it's a digital war

1204

00:48:02,470 --> 00:48:00,000

and in order to knock out satellite

1205

00:48:05,030 --> 00:48:02,480

communications technology do we need to

1206

00:48:06,390 --> 00:48:05,040

be in space to do that don't we have a

1207

00:48:08,790 --> 00:48:06,400

land-based

1208

00:48:11,270 --> 00:48:08,800

you know emp electromagnetic pulse

1209

00:48:12,870 --> 00:48:11,280

weapons that could probably do it

1210

00:48:14,710 --> 00:48:12,880

that's a good point i don't know how

1211

00:48:16,309 --> 00:48:14,720

high they go the distance but even if

1212

00:48:18,710 --> 00:48:16,319

they're going to go we'll have to go

1213

00:48:21,990 --> 00:48:18,720

halfway the distance you know to orbit

1214

00:48:27,589 --> 00:48:24,950

highly highly classified i don't i know

1215

00:48:29,670 --> 00:48:27,599

virtually nothing of the space force

1216

00:48:31,910 --> 00:48:29,680

except that the very day was signed into

1217

00:48:34,230 --> 00:48:31,920

existence here there was a ufo over the

1218

00:48:36,870 --> 00:48:34,240

pentagon that night do you know that

1219

00:48:38,230 --> 00:48:36,880

there was a pyramid shaped yeah that one

1220

00:48:41,510 --> 00:48:38,240

you don't buy it i

1221

00:48:44,069 --> 00:48:41,520

kind of did i hit a brick wall and

1222

00:48:44,950 --> 00:48:44,079

yeah don't buy it unfortunately

1223

00:48:46,549 --> 00:48:44,960

all right

1224

00:48:48,710 --> 00:48:46,559

just because

1225

00:48:50,309 --> 00:48:48,720

it stopped it went quiet

1226

00:48:52,230 --> 00:48:50,319

if i think if there was something to it

1227

00:48:54,069 --> 00:48:52,240

it'd be still one of the

1228

00:48:55,990 --> 00:48:54,079

big talking points today

1229

00:48:59,349 --> 00:48:56,000

unless they want to hush it up who knows

1230

00:49:00,829 --> 00:48:59,359

well maybe maybe it was a very similar

1231

00:49:03,990 --> 00:49:00,839

uh

1232

00:49:06,309 --> 00:49:04,000

similar craft to what was floating over

1233

00:49:07,030 --> 00:49:06,319

the kremlin too or whatever they their

1234

00:49:09,510 --> 00:49:07,040

uh

1235

00:49:11,190 --> 00:49:09,520

nuclear their military headquarters as

1236

00:49:12,390 --> 00:49:11,200

well

1237

00:49:16,069 --> 00:49:12,400

uh

1238

00:49:19,430 --> 00:49:17,109

no

1239

00:49:21,030 --> 00:49:19,440

oh you're back

1240

00:49:24,390 --> 00:49:21,040

yeah i don't know what the heck

1241

00:49:27,349 --> 00:49:24,400

it just shut down everything

1242

00:49:30,790 --> 00:49:28,950

stuff is weird today i'm telling you

1243

00:49:32,790 --> 00:49:30,800

right sound right to me

1244

00:49:35,670 --> 00:49:32,800

your sounds come back

1245

00:49:37,990 --> 00:49:35,680

it's okay that was weird

1246

00:49:39,750 --> 00:49:38,000

and everything froze

1247

00:49:41,430 --> 00:49:39,760

and you guys went down i was like i'm

1248

00:49:45,430 --> 00:49:41,440

just gonna remove myself because maybe

1249

00:49:50,069 --> 00:49:48,309

so weird all right so yeah i'm sorry to

1250

00:49:52,069 --> 00:49:50,079

interrupt you guys are probably hitting

1251
00:49:53,829 --> 00:49:52,079
it off okay yeah it turned me off but

1252
00:49:55,349 --> 00:49:53,839
it's okay

1253
00:49:57,510 --> 00:49:55,359
it's all good bro we were just

1254
00:49:59,349 --> 00:49:57,520
spitballing about the space force really

1255
00:50:00,630 --> 00:49:59,359
yeah very very little about that i want

1256
00:50:01,670 --> 00:50:00,640
to look into that i'm going to hit their

1257
00:50:03,750 --> 00:50:01,680
website

1258
00:50:05,750 --> 00:50:03,760
are they recruiting now they have to be

1259
00:50:08,870 --> 00:50:05,760
yeah right yeah yeah they put out like

1260
00:50:10,309 --> 00:50:08,880
um ads asking you know big recruitment

1261
00:50:12,630 --> 00:50:10,319
drive advertisements and stuff in the

1262
00:50:14,390 --> 00:50:12,640
last few months i wonder how many folks

1263
00:50:16,150 --> 00:50:14,400

from the other services are going to

1264

00:50:17,510 --> 00:50:16,160

spill over in you know when we created

1265

00:50:19,589 --> 00:50:17,520

the air force

1266

00:50:21,750 --> 00:50:19,599

uh before we had a separate branch the

1267

00:50:23,670 --> 00:50:21,760

it was the army air force yeah they took

1268

00:50:24,950 --> 00:50:23,680

people folks from the army i wonder how

1269

00:50:27,030 --> 00:50:24,960

many people from the air force are going

1270

00:50:28,870 --> 00:50:27,040

to go over i think already quite a few

1271

00:50:30,630 --> 00:50:28,880

have already drifted over i think

1272

00:50:33,030 --> 00:50:30,640

they've taken a few from the other other

1273

00:50:35,710 --> 00:50:33,040

branches as well i know navy have

1274

00:50:38,150 --> 00:50:35,720

took a few across

1275

00:50:39,990 --> 00:50:38,160

naic probably right

1276

00:50:42,069 --> 00:50:40,000

yeah yeah but it's worth having to look

1277

00:50:43,349 --> 00:50:42,079

into joey man definitely check it out

1278

00:50:44,950 --> 00:50:43,359

have a look at some of their promotional

1279

00:50:46,710 --> 00:50:44,960

videos that are super glossy like

1280

00:50:48,069 --> 00:50:46,720

hollywood trailers man

1281

00:50:48,710 --> 00:50:48,079

oh i bet right

1282

00:50:53,750 --> 00:50:48,720

yeah

1283

00:50:55,750 --> 00:50:53,760

at it's selling stuff definitely man

1284

00:50:59,510 --> 00:50:55,760

there's another

1285

00:51:00,950 --> 00:50:59,520

have you guys ever heard of this person

1286

00:51:02,390 --> 00:51:00,960

um he

1287

00:51:09,990 --> 00:51:02,400

the name is

1288

00:51:12,069 --> 00:51:11,109

okay

1289

00:51:14,069 --> 00:51:12,079

and

1290

00:51:16,230 --> 00:51:14,079

i found this um

1291

00:51:20,230 --> 00:51:16,240

international news service

1292

00:51:22,390 --> 00:51:20,240

9 000 slides and photos of ufos as well

1293

00:51:23,910 --> 00:51:22,400

as reams of formally classified us

1294

00:51:26,630 --> 00:51:23,920

government documents

1295

00:51:28,549 --> 00:51:26,640

uh he was a part of the u.n

1296

00:51:30,150 --> 00:51:28,559

what year or what year were these photos

1297

00:51:31,750 --> 00:51:30,160

and documents

1298

00:51:33,430 --> 00:51:31,760

uh this had to be

1299

00:51:35,510 --> 00:51:33,440

during the

1300

00:51:40,069 --> 00:51:35,520

70s i believe

1301

00:51:42,549 --> 00:51:40,079

this was released on cia's website 2010.

1302

00:51:43,829 --> 00:51:42,559

which website and which file dump did

1303

00:51:46,390 --> 00:51:43,839

you get it out of

1304

00:51:49,109 --> 00:51:46,400

i get that off of uh just there for your

1305

00:51:51,270 --> 00:51:49,119

reading room now you said he was part of

1306

00:51:52,870 --> 00:51:51,280

the u.n from hungary was he a u.n

1307

00:51:56,150 --> 00:51:52,880

delegate from home from the nation of

1308

00:51:57,750 --> 00:51:56,160

hungary yes in the 70s

1309

00:52:01,270 --> 00:51:57,760

i think that's what it was yeah that's

1310

00:52:03,750 --> 00:52:01,280

totally soviet control but

1311

00:52:06,150 --> 00:52:03,760

so it i you know i just wonder how much

1312

00:52:09,990 --> 00:52:06,160

stuff they have over there

1313

00:52:15,190 --> 00:52:12,230

sketchy times a lot i mean they have the

1314

00:52:17,990 --> 00:52:15,200

world's largest land mass they see a lot

1315

00:52:19,990 --> 00:52:18,000

they they have a a competent air force

1316

00:52:22,069 --> 00:52:20,000

and radar i mean

1317

00:52:24,069 --> 00:52:22,079

yeah they probably see a lot

1318

00:52:25,430 --> 00:52:24,079

it's very interesting

1319

00:52:27,990 --> 00:52:25,440

and they certainly had more power back

1320

00:52:29,589 --> 00:52:28,000

then with the ussr with all the

1321

00:52:33,829 --> 00:52:29,599

countries that have now separated but

1322

00:52:39,589 --> 00:52:37,030

yeah man like their control reach was

1323

00:52:41,750 --> 00:52:39,599

vast yeah i mean well from poland i

1324

00:52:43,349 --> 00:52:41,760

don't know my geography here but poland

1325

00:52:45,750 --> 00:52:43,359

hungary

1326
00:52:48,870 --> 00:52:45,760
slavic countries all of those yeah that

1327
00:52:51,510 --> 00:52:48,880
whole there was a line literally a line

1328
00:52:53,829 --> 00:52:51,520
cut right through europe i'd say man

1329
00:52:55,589 --> 00:52:53,839
well wow yeah and you know it's funny

1330
00:52:56,870 --> 00:52:55,599
because when you talk to harry reid and

1331
00:52:59,190 --> 00:52:56,880
you ask him about other countries

1332
00:53:01,270 --> 00:52:59,200
getting into this he always mentions the

1333
00:53:03,750 --> 00:53:01,280
kgb

1334
00:53:05,589 --> 00:53:03,760
yeah well he's a cold warrior man he was

1335
00:53:07,910 --> 00:53:05,599
certainly there in the day

1336
00:53:09,190 --> 00:53:07,920
harry reid he would know a lot

1337
00:53:12,230 --> 00:53:09,200
but why would you just

1338
00:53:14,630 --> 00:53:12,240

be why i wonder why xkcb didn't want to

1339

00:53:16,230 --> 00:53:14,640

just like sell stuff just get it out

1340

00:53:18,309 --> 00:53:16,240

there and and

1341

00:53:19,910 --> 00:53:18,319

really disclose stuff you would think

1342

00:53:21,510 --> 00:53:19,920

there would be a feeding frenzy for that

1343

00:53:23,589 --> 00:53:21,520

level of information

1344

00:53:25,030 --> 00:53:23,599

so i don't know

1345

00:53:28,950 --> 00:53:25,040

can i just jump in there's a comment in

1346

00:53:32,549 --> 00:53:30,870

ufo patent author also moved to the

1347

00:53:36,549 --> 00:53:32,559

space force according to tingly so i

1348

00:53:39,829 --> 00:53:38,309

he went to the air force

1349

00:53:42,230 --> 00:53:39,839

but you see i never really bought much

1350

00:53:44,710 --> 00:53:42,240

of what he was doing because i know that

1351
00:53:46,309 --> 00:53:44,720
or we heard that the navy only funded

1352
00:53:48,390 --> 00:53:46,319
about eight hundred thousand dollars of

1353
00:53:50,309 --> 00:53:48,400
research before they kind of

1354
00:53:52,230 --> 00:53:50,319
ditched him he went over to the air

1355
00:53:53,109 --> 00:53:52,240
force

1356
00:53:54,630 --> 00:53:53,119
true

1357
00:53:57,670 --> 00:53:54,640
apparently the navy said that they had a

1358
00:53:59,910 --> 00:53:57,680
working pattern on the the hawk patent

1359
00:54:02,069 --> 00:53:59,920
h-a-u-c pattern but

1360
00:54:03,589 --> 00:54:02,079
i got it you kind of died at death and

1361
00:54:07,349 --> 00:54:03,599
eight hundred thousand dollars funding

1362
00:54:10,150 --> 00:54:07,359
is not enough to get a working model

1363
00:54:11,910 --> 00:54:10,160

you know of a craft of that capability

1364

00:54:13,510 --> 00:54:11,920

so if there is information out there

1365

00:54:15,030 --> 00:54:13,520

about him being at space force i'd love

1366

00:54:16,470 --> 00:54:15,040

to see it

1367

00:54:18,309 --> 00:54:16,480

i'm not saying it doesn't exist i'm just

1368

00:54:20,710 --> 00:54:18,319

saying i'd love to see it because i

1369

00:54:22,950 --> 00:54:20,720

follow i'm sure it's brett tingley and i

1370

00:54:24,950 --> 00:54:22,960

quite follow his work quite closely so

1371

00:54:27,430 --> 00:54:24,960

toby a.m please contact me if you've got

1372

00:54:28,870 --> 00:54:27,440

any details dr piez you follow you

1373

00:54:31,510 --> 00:54:28,880

follow dr

1374

00:54:34,710 --> 00:54:33,670

here's a interesting thing

1375

00:54:36,630 --> 00:54:34,720

um so

1376

00:54:39,670 --> 00:54:36,640

i was kind of looking into how this

1377

00:54:40,630 --> 00:54:39,680

stuff all this stuff looked like before

1378

00:54:44,309 --> 00:54:40,640

you know

1379

00:54:45,270 --> 00:54:44,319

um stic is scientific transfer

1380

00:54:47,190 --> 00:54:45,280

or

1381

00:54:50,230 --> 00:54:47,200

basically

1382

00:54:54,630 --> 00:54:53,030

very interesting

1383

00:54:56,470 --> 00:54:54,640

because it talks about all our

1384

00:54:58,870 --> 00:54:56,480

technology then

1385

00:55:00,710 --> 00:54:58,880

and this was

1386

00:55:03,270 --> 00:55:00,720

like all the names before what they are

1387

00:55:05,349 --> 00:55:03,280

now which is wssic

1388

00:55:08,549 --> 00:55:05,359

uh

1389

00:55:10,549 --> 00:55:08,559

was like their eight basically

1390

00:55:12,390 --> 00:55:10,559

the weapons and all that stuff but it's

1391

00:55:14,710 --> 00:55:12,400

not they don't say anything about you

1392

00:55:16,630 --> 00:55:14,720

know ufos and stuff but you can see

1393

00:55:21,349 --> 00:55:16,640

advanced radar exploitation all this

1394

00:55:24,950 --> 00:55:23,190

the chain of command there the flow of

1395

00:55:26,710 --> 00:55:24,960

uh

1396

00:55:29,750 --> 00:55:26,720

so there was a time during this time the

1397

00:55:30,549 --> 00:55:29,760

stic and the wssic

1398

00:55:32,710 --> 00:55:30,559

were

1399

00:55:35,109 --> 00:55:32,720

and look at this ad hoc part particle

1400

00:55:40,230 --> 00:55:35,119

beam weapons

1401

00:55:44,069 --> 00:55:41,270

okay

1402

00:55:46,390 --> 00:55:44,079

those are pretty common they jam radars

1403

00:55:49,430 --> 00:55:46,400

those are not you know life sciences

1404

00:55:51,829 --> 00:55:49,440

electro optic damn communications jam

1405

00:55:54,789 --> 00:55:51,839

radars this is that's a

1406

00:55:57,510 --> 00:55:54,799

particle beam weapon then

1407

00:56:00,309 --> 00:55:57,520

when the ussr existed

1408

00:56:02,390 --> 00:56:00,319

that's interesting

1409

00:56:04,230 --> 00:56:02,400

but what i've learned is

1410

00:56:07,910 --> 00:56:04,240

these people like or these governments

1411

00:56:10,390 --> 00:56:07,920

have these uh crazy weapons

1412

00:56:12,710 --> 00:56:10,400

and they'll do anything

1413

00:56:15,109 --> 00:56:12,720

anything at all to hide them until

1414

00:56:17,510 --> 00:56:15,119

they're absolutely ready it's sad that

1415

00:56:21,109 --> 00:56:17,520

it seems their priority with any new

1416

00:56:22,470 --> 00:56:21,119

technology being found foreign or in

1417

00:56:23,829 --> 00:56:22,480

production

1418

00:56:25,750 --> 00:56:23,839

is always

1419

00:56:27,510 --> 00:56:25,760

weaponized technology they're

1420

00:56:31,190 --> 00:56:27,520

weaponizing everything their first

1421

00:56:33,829 --> 00:56:31,200

priority is how do we weaponize this

1422

00:56:35,670 --> 00:56:33,839

it's really kind of sad statement on our

1423

00:56:37,910 --> 00:56:35,680

species as a whole

1424

00:56:40,150 --> 00:56:37,920

in our country like oh you have to have

1425

00:56:41,910 --> 00:56:40,160

the better weapons

1426

00:56:43,510 --> 00:56:41,920

well i mean

1427

00:56:45,349 --> 00:56:43,520

who's the threat you know are you afraid

1428

00:56:47,109 --> 00:56:45,359

of anything honestly you got you you

1429

00:56:48,630 --> 00:56:47,119

have a nice home nice house there in

1430

00:56:50,069 --> 00:56:48,640

milwaukee you got a little vegetable

1431

00:56:52,950 --> 00:56:50,079

garden in the backyard are you worried

1432

00:56:54,950 --> 00:56:52,960

about some crazy person uh uh

1433

00:56:56,950 --> 00:56:54,960

china landing in the in on the great

1434

00:56:58,230 --> 00:56:56,960

lakes they're not common

1435

00:56:59,750 --> 00:56:58,240

i'm not worried i think i think we're

1436

00:57:00,789 --> 00:56:59,760

still seeing the last of the old guard

1437

00:57:02,950 --> 00:57:00,799

there at the head of the military

1438

00:57:04,789 --> 00:57:02,960

branches as soon as those guys are gone

1439

00:57:07,430 --> 00:57:04,799

and they they drop in man they're

1440

00:57:09,750 --> 00:57:07,440

dropping it's the influence of the

1441

00:57:12,870 --> 00:57:09,760

military industrial complex that we were

1442

00:57:15,190 --> 00:57:12,880

warned about 60 years ago by eisenhower

1443

00:57:17,589 --> 00:57:15,200

these guys have the ability

1444

00:57:20,069 --> 00:57:17,599

to get lawmakers in their pockets to

1445

00:57:22,470 --> 00:57:20,079

push forth laws to set the priorities

1446

00:57:24,150 --> 00:57:22,480

they own the media they have to have we

1447

00:57:25,910 --> 00:57:24,160

have to have an enemy

1448

00:57:28,069 --> 00:57:25,920

these are the guys 50 years of a cold

1449

00:57:28,870 --> 00:57:28,079

war we had an enemy now there's no enemy

1450

00:57:31,670 --> 00:57:28,880

okay

1451
00:57:32,630 --> 00:57:31,680
islam became an enemy what's next what's

1452
00:57:34,710 --> 00:57:32,640
the next thing

1453
00:57:36,470 --> 00:57:34,720
but these are the guys these these old

1454
00:57:38,390 --> 00:57:36,480
guards are the ones that uh we can

1455
00:57:40,470 --> 00:57:38,400
almost see that they're on their last

1456
00:57:43,030 --> 00:57:40,480
legs because of the age because time has

1457
00:57:46,549 --> 00:57:43,040
passed because things like

1458
00:57:48,390 --> 00:57:46,559
things like s2610 and hr 4350 have come

1459
00:57:50,630 --> 00:57:48,400
from the younger generation within

1460
00:57:58,230 --> 00:57:50,640
government who are now thinking

1461
00:58:02,710 --> 00:58:00,390
the legacy people in the government

1462
00:58:04,789 --> 00:58:02,720
we're seeing and this is why i they are

1463
00:58:06,549 --> 00:58:04,799

they are i still to this day don't like

1464

00:58:09,190 --> 00:58:06,559

using the term government because it's

1465

00:58:11,510 --> 00:58:09,200

such an umbrella term because we've got

1466

00:58:14,230 --> 00:58:11,520

people within government right who who

1467

00:58:16,390 --> 00:58:14,240

have who aren't like they used to be and

1468

00:58:18,549 --> 00:58:16,400

no that sounds it's too broad you're

1469

00:58:20,870 --> 00:58:18,559

right my postal carrier our mailman what

1470

00:58:22,150 --> 00:58:20,880

the we call here

1471

00:58:23,910 --> 00:58:22,160

that's a government where a government

1472

00:58:26,549 --> 00:58:23,920

worker comes to my house every day and

1473

00:58:29,030 --> 00:58:26,559

drops off my mail i should yell at him

1474

00:58:30,390 --> 00:58:29,040

disclose man disclose

1475

00:58:31,990 --> 00:58:30,400

i know you got some letters in there

1476

00:58:33,670 --> 00:58:32,000

with good stuff

1477

00:58:35,030 --> 00:58:33,680

i get comments every day people say well

1478

00:58:36,789 --> 00:58:35,040

the government knows and the government

1479

00:58:38,390 --> 00:58:36,799

have always known it's like

1480

00:58:41,270 --> 00:58:38,400

come on man like

1481

00:58:44,230 --> 00:58:41,280

bridges down with probably

1482

00:58:46,470 --> 00:58:44,240

sections not the people that know on two

1483

00:58:48,549 --> 00:58:46,480

hands and unfortunately the military has

1484

00:58:50,950 --> 00:58:48,559

the best toys and the best collection

1485

00:58:53,030 --> 00:58:50,960

data they have the radars they have the

1486

00:58:54,950 --> 00:58:53,040

infrareds they have the sonar they have

1487

00:58:56,630 --> 00:58:54,960

but then it's satellites they have the

1488

00:58:59,190 --> 00:58:56,640

collection data that's why it needs to

1489

00:59:02,789 --> 00:58:59,200

get into private enterprise go

1490

00:59:04,470 --> 00:59:02,799

obviously and uapx shout out to uapx man

1491

00:59:06,710 --> 00:59:04,480

i'm right i'm rooting for those guys so

1492

00:59:09,270 --> 00:59:06,720

much absolutely man love those guys the

1493

00:59:12,069 --> 00:59:09,280

bits man really i want them to i want a

1494

00:59:14,150 --> 00:59:12,079

private entity to get the data pull it

1495

00:59:15,910 --> 00:59:14,160

up and say hey folks look at this and

1496

00:59:18,710 --> 00:59:15,920

then the government's gonna go yeah we

1497

00:59:21,030 --> 00:59:18,720

don't know what that is but dude i can

1498

00:59:23,430 --> 00:59:21,040

tell you let them collect i tried to ask

1499

00:59:24,710 --> 00:59:23,440

that question by the way

1500

00:59:27,109 --> 00:59:24,720

harry reid

1501

00:59:28,789 --> 00:59:27,119

by the way dude just just let me just

1502

00:59:31,349 --> 00:59:28,799

hear that i haven't been with you in a

1503

00:59:33,109 --> 00:59:31,359

while i did a great job with that when

1504

00:59:35,670 --> 00:59:33,119

he came on i was like oh my god he's

1505

00:59:37,910 --> 00:59:35,680

kind of like doesn't look well so he's

1506

00:59:39,190 --> 00:59:37,920

overcoming uh cancer

1507

00:59:40,710 --> 00:59:39,200

isn't it

1508

00:59:43,030 --> 00:59:40,720

dude i was surprised you were even

1509

00:59:46,150 --> 00:59:43,040

allowed to go live with him

1510

00:59:48,470 --> 00:59:46,160

yeah i was like he's he looks sick and

1511

00:59:50,870 --> 00:59:48,480

weak and and the fact that he came on i

1512

00:59:53,030 --> 00:59:50,880

admired him i maybe i was hoping oh

1513

00:59:54,870 --> 00:59:53,040

let's get this guy go out this guy oh my

1514

00:59:58,069 --> 00:59:54,880

god do an interrogation do like a law

1515

01:00:00,470 --> 00:59:58,079

and order you're guilty man

1516

01:00:02,230 --> 01:00:00,480

and then i saw him and i'm like yeah i

1517

01:00:03,430 --> 01:00:02,240

wanted to like make him a cup of soup or

1518

01:00:03,750 --> 01:00:03,440

something i'm like

1519

01:00:05,430 --> 01:00:03,760

nice

1520

01:00:07,109 --> 01:00:05,440

[Laughter]

1521

01:00:09,270 --> 01:00:07,119

i was just thankful that he did it and

1522

01:00:11,109 --> 01:00:09,280

you know oh yeah yeah some of the stuff

1523

01:00:13,349 --> 01:00:11,119

that came out afterwards after the

1524

01:00:15,589 --> 01:00:13,359

interview like on twitter or whatever it

1525

01:00:17,510 --> 01:00:15,599

kind of made me frustrated only because

1526

01:00:19,670 --> 01:00:17,520

it's like if you don't twitter

1527

01:00:22,069 --> 01:00:19,680

well if you don't want this person to do

1528

01:00:24,309 --> 01:00:22,079

this again this is a good way of making

1529

01:00:27,190 --> 01:00:24,319

sure that right right well he had a he

1530

01:00:29,670 --> 01:00:27,200

had a um a pretty receptive helper there

1531

01:00:31,589 --> 01:00:29,680

was a karen kelly casey

1532

01:00:33,510 --> 01:00:31,599

katie she's yeah and then somebody else

1533

01:00:36,150 --> 01:00:33,520

yeah on top of it yeah she seemed pretty

1534

01:00:38,150 --> 01:00:36,160

on top of it yeah they they wanted to

1535

01:00:40,470 --> 01:00:38,160

reschedule we should just reschedule and

1536

01:00:41,829 --> 01:00:40,480

i'm like wait maybe not i have a way to

1537

01:00:43,270 --> 01:00:41,839

bring the phone in

1538

01:00:45,030 --> 01:00:43,280

i think i have a way to bring the phone

1539

01:00:46,710 --> 01:00:45,040

in can you just do an interview with

1540

01:00:48,789 --> 01:00:46,720

them without alive you worry about

1541

01:00:50,310 --> 01:00:48,799

technical difficulties and then edit

1542

01:00:52,309 --> 01:00:50,320

i really just want to move past that

1543

01:00:54,069 --> 01:00:52,319

[Laughter]

1544

01:00:56,549 --> 01:00:54,079

well listen i've got the opportunity i

1545

01:00:58,549 --> 01:00:56,559

think to have him on my show i'll get

1546

01:01:00,710 --> 01:00:58,559

him go get him well no no this is the

1547

01:01:02,789 --> 01:01:00,720

thing i'm hesitant because

1548

01:01:05,270 --> 01:01:02,799

his health

1549

01:01:06,150 --> 01:01:05,280

i mean that yeah i mean one thing but

1550

01:01:08,390 --> 01:01:06,160

just

1551
01:01:09,829 --> 01:01:08,400
i'm not gonna drill him i'm only gonna

1552
01:01:12,710 --> 01:01:09,839
get the kind of same information that

1553
01:01:15,829 --> 01:01:12,720
sean got that mac's got so

1554
01:01:17,910 --> 01:01:15,839
i don't want to see him yes

1555
01:01:19,829 --> 01:01:17,920
i'm not drawing for numbers and clicks

1556
01:01:21,910 --> 01:01:19,839
and views and all right i'm not bothered

1557
01:01:23,349 --> 01:01:21,920
about that so and then you have

1558
01:01:24,870 --> 01:01:23,359
something if he does say something

1559
01:01:26,470 --> 01:01:24,880
revealing then it's

1560
01:01:28,390 --> 01:01:26,480
you know it can be

1561
01:01:30,549 --> 01:01:28,400
just pushed aside based on his health

1562
01:01:32,710 --> 01:01:30,559
and well-being you know so i'm gonna

1563
01:01:34,950 --> 01:01:32,720

wait a few months

1564

01:01:38,630 --> 01:01:34,960

who else is there

1565

01:01:41,589 --> 01:01:38,640

nobody with that level of uh at that

1566

01:01:43,910 --> 01:01:41,599

level of our government has ever come

1567

01:01:45,589 --> 01:01:43,920

out like we've spoken so nobody with

1568

01:01:46,950 --> 01:01:45,599

that level

1569

01:01:48,630 --> 01:01:46,960

that guy was like the leader of the

1570

01:01:50,870 --> 01:01:48,640

senate right

1571

01:01:52,870 --> 01:01:50,880

yeah that's the house majority leader

1572

01:01:55,270 --> 01:01:52,880

the house majority leader who sets the

1573

01:01:57,670 --> 01:01:55,280

agenda day-to-day within

1574

01:01:59,829 --> 01:01:57,680

our governing body on what gets voted on

1575

01:02:02,470 --> 01:01:59,839

when it gets voted on what gets cut who

1576

01:02:03,349 --> 01:02:02,480

you know he that's a pretty important

1577

01:02:06,630 --> 01:02:03,359

job

1578

01:02:09,270 --> 01:02:06,640

basically the shot caller and to put it

1579

01:02:11,510 --> 01:02:09,280

in plain street language so i'll get him

1580

01:02:13,670 --> 01:02:11,520

on in a few months depending if anything

1581

01:02:15,029 --> 01:02:13,680

happens and it's like okay now is a good

1582

01:02:17,510 --> 01:02:15,039

time to speak to

1583

01:02:19,670 --> 01:02:17,520

senator reid then yeah

1584

01:02:22,150 --> 01:02:19,680

maybe a strategy of really looking over

1585

01:02:24,630 --> 01:02:22,160

his past interviews and asking him a

1586

01:02:27,349 --> 01:02:24,640

line of questions

1587

01:02:28,950 --> 01:02:27,359

differently you know i i did get a

1588

01:02:31,910 --> 01:02:28,960

couple new answers

1589

01:02:34,549 --> 01:02:31,920

you did as far as the demon thing and um

1590

01:02:36,390 --> 01:02:34,559

i tried to ask him what he was shown at

1591

01:02:38,309 --> 01:02:36,400

uh from bigelow what did bigelow show

1592

01:02:40,710 --> 01:02:38,319

you but some of those good questions

1593

01:02:43,270 --> 01:02:40,720

were in the beginning when you get

1594

01:02:45,029 --> 01:02:43,280

breaking out so when he got back

1595

01:02:46,309 --> 01:02:45,039

a lot of that was just kind of ad-libbed

1596

01:02:48,950 --> 01:02:46,319

and i did get something good on the

1597

01:02:51,589 --> 01:02:48,960

omaha thing uh yeah but you kind of put

1598

01:02:54,230 --> 01:02:51,599

that it's all kind of confusing

1599

01:02:55,589 --> 01:02:54,240

yeah i think yeah so that omaha thing

1600

01:02:58,069 --> 01:02:55,599

needs to be

1601
01:03:01,190 --> 01:02:58,079
put to rest

1602
01:03:02,870 --> 01:03:01,200
definitely man shrunken down maybe

1603
01:03:04,069 --> 01:03:02,880
yeah

1604
01:03:08,470 --> 01:03:04,079
football

1605
01:03:10,710 --> 01:03:08,480
[Laughter]

1606
01:03:13,109 --> 01:03:10,720
uh yeah water football

1607
01:03:15,029 --> 01:03:13,119
who within the the current government is

1608
01:03:19,270 --> 01:03:15,039
friendly anyone

1609
01:03:20,630 --> 01:03:19,280
rubio timber uh timber chat

1610
01:03:23,349 --> 01:03:20,640
and yes uh

1611
01:03:25,829 --> 01:03:23,359
gallego out in arizona oh i'd love to

1612
01:03:42,870 --> 01:03:25,839
speak to gallego man definitely chairman

1613
01:03:45,990 --> 01:03:45,349

i just know relating you're the perfect

1614

01:03:47,750 --> 01:03:46,000

thing

1615

01:03:48,950 --> 01:03:47,760

you're the perfect guy

1616

01:03:51,510 --> 01:03:48,960

you know

1617

01:03:53,109 --> 01:03:51,520

go ahead coin exchange

1618

01:03:55,270 --> 01:03:53,119

but yeah gallagher is probably number

1619

01:03:57,190 --> 01:03:55,280

one timber gallagher

1620

01:03:59,910 --> 01:03:57,200

rubio warner

1621

01:04:02,150 --> 01:03:59,920

yeah those kind of guys rubio has name

1622

01:04:04,069 --> 01:04:02,160

recognition though rubio could come out

1623

01:04:06,150 --> 01:04:04,079

that would get headlines

1624

01:04:07,910 --> 01:04:06,160

yeah yeah it would

1625

01:04:10,470 --> 01:04:07,920

it would um

1626

01:04:13,510 --> 01:04:10,480

yeah have you heard anything about

1627

01:04:15,190 --> 01:04:13,520

corbell he has been quiet lately

1628

01:04:17,430 --> 01:04:15,200

that's for sure

1629

01:04:19,589 --> 01:04:17,440

i realize lots of people dislike him um

1630

01:04:21,029 --> 01:04:19,599

the last thing i heard i i interviewed

1631

01:04:23,270 --> 01:04:21,039

um

1632

01:04:25,589 --> 01:04:23,280

matthew adams a couple of weeks ago who

1633

01:04:27,670 --> 01:04:25,599

works this is his galaxy

1634

01:04:31,589 --> 01:04:27,680

i would have no way of answering that

1635

01:04:34,789 --> 01:04:33,510

wait what's a normal cap

1636

01:04:35,829 --> 01:04:34,799

and what's another

1637

01:04:37,910 --> 01:04:35,839

cap

1638

01:04:40,950 --> 01:04:37,920

the normal ones are the ones without the

1639

01:04:43,510 --> 01:04:40,960

tin foil

1640

01:04:44,870 --> 01:04:43,520

or without the 13 when people start

1641

01:04:46,870 --> 01:04:44,880

questioning why he's wearing a hat with

1642

01:04:48,309 --> 01:04:46,880

13 and stuff like that

1643

01:04:49,670 --> 01:04:48,319

i don't know but yeah they're going way

1644

01:04:51,589 --> 01:04:49,680

too late

1645

01:04:54,069 --> 01:04:51,599

why is he his hat they're looking into

1646

01:04:55,910 --> 01:04:54,079

symbolology of what lou is wearing yeah

1647

01:04:58,309 --> 01:04:55,920

yeah that's a little too far yeah some

1648

01:05:00,150 --> 01:04:58,319

of this is getting crazy i mean so i

1649

01:05:03,109 --> 01:05:00,160

think you guys don't know this but i'm

1650

01:05:06,950 --> 01:05:03,119

wearing this jersey today because

1651
01:05:10,710 --> 01:05:08,549
socks as in

1652
01:05:12,470 --> 01:05:10,720
the white socks or as in

1653
01:05:14,789 --> 01:05:12,480
the white socks but it's a hidden

1654
01:05:17,510 --> 01:05:14,799
message that i don't like wearing socks

1655
01:05:17,520 --> 01:05:25,510
i like wearing brand new

1656
01:05:29,910 --> 01:05:27,349
and i have a ton of money i'm going to

1657
01:05:31,589 --> 01:05:29,920
be a one day one sock guy i'm going to

1658
01:05:33,670 --> 01:05:31,599
have a dialogue with you

1659
01:05:45,109 --> 01:05:33,680
disposable brand new throw them right

1660
01:05:47,910 --> 01:05:46,549
so i spoke to matthew adams a couple of

1661
01:05:49,510 --> 01:05:47,920
weeks ago

1662
01:05:52,069 --> 01:05:49,520
he says that george and jeremy are

1663
01:05:52,870 --> 01:05:52,079

working on stuff still behind the scenes

1664

01:05:56,789 --> 01:05:52,880

so

1665

01:06:00,390 --> 01:05:56,799

him about you know jeremy's hinted at

1666

01:06:02,069 --> 01:06:00,400

other cases and stuff in other videos so

1667

01:06:03,430 --> 01:06:02,079

yeah whether we see it this year or next

1668

01:06:04,710 --> 01:06:03,440

year i don't know

1669

01:06:06,950 --> 01:06:04,720

just uh

1670

01:06:09,109 --> 01:06:06,960

hopefully

1671

01:06:11,589 --> 01:06:09,119

you know people are nicer when he does

1672

01:06:12,470 --> 01:06:11,599

it unless it's just completely like

1673

01:06:16,549 --> 01:06:12,480

you know

1674

01:06:18,950 --> 01:06:16,559

thick skin though he can handle it

1675

01:06:20,710 --> 01:06:18,960

it's just thick skin you know even i had

1676

01:06:23,270 --> 01:06:20,720

andy on here and you know there's five

1677

01:06:24,470 --> 01:06:23,280

six comments on the video in like four

1678

01:06:26,870 --> 01:06:24,480

of them dude i've watched the whole yeah

1679

01:06:28,870 --> 01:06:26,880

because it's crap that's why i do it

1680

01:06:30,549 --> 01:06:28,880

because it's crap it's like come on dude

1681

01:06:33,430 --> 01:06:30,559

is it possible he just has nothing you

1682

01:06:37,990 --> 01:06:35,430

dude don't make me don't make me talk

1683

01:06:42,309 --> 01:06:40,470

what about the other guy uh those people

1684

01:06:44,549 --> 01:06:42,319

just make me wonder like do you even

1685

01:06:47,349 --> 01:06:44,559

want to be here you know

1686

01:06:51,029 --> 01:06:48,789

i know what andy's going through behind

1687

01:06:54,230 --> 01:06:51,039

the scenes i speak to him every day

1688

01:06:56,069 --> 01:06:54,240

and it's mentally draining him

1689

01:06:58,470 --> 01:06:56,079

because he's

1690

01:06:59,349 --> 01:06:58,480

trying to do it properly man

1691

01:07:00,870 --> 01:06:59,359

and it's

1692

01:07:03,109 --> 01:07:00,880

kind of out of his hands now because

1693

01:07:04,950 --> 01:07:03,119

he's got people coming out who have who

1694

01:07:05,910 --> 01:07:04,960

have got involved who are credible who

1695

01:07:08,390 --> 01:07:05,920

are

1696

01:07:10,390 --> 01:07:08,400

doing the work the work that needs to be

1697

01:07:12,069 --> 01:07:10,400

done and you know

1698

01:07:13,670 --> 01:07:12,079

yeah it's frustrating for him because he

1699

01:07:15,270 --> 01:07:13,680

wants to see it out there you know he's

1700

01:07:16,789 --> 01:07:15,280

just a regular dude who just wants it

1701

01:07:19,510 --> 01:07:16,799

out there but

1702

01:07:21,510 --> 01:07:19,520

he's involved with people that

1703

01:07:25,109 --> 01:07:21,520

have to do it a certain way which i i

1704

01:07:27,029 --> 01:07:25,119

get and we all should understand that

1705

01:07:28,870 --> 01:07:27,039

you know i think some people have said

1706

01:07:31,910 --> 01:07:28,880

that you shouldn't be teasing it as much

1707

01:07:36,309 --> 01:07:33,990

but i mean it's still that's harmless in

1708

01:07:38,150 --> 01:07:36,319

a way if people don't like it

1709

01:07:39,750 --> 01:07:38,160

that's the nature of life now i mean

1710

01:07:40,870 --> 01:07:39,760

everything well i can tell you though

1711

01:07:43,029 --> 01:07:40,880

but

1712

01:07:45,349 --> 01:07:43,039

in this world if if he were to just like

1713

01:07:47,190 --> 01:07:45,359

let's say put it on youtube and didn't

1714

01:07:49,670 --> 01:07:47,200

tell anybody it's really not going

1715

01:07:52,710 --> 01:07:49,680

anywhere for a long time at least until

1716

01:07:54,789 --> 01:07:52,720

it catches on you know so i mean it's

1717

01:07:56,789 --> 01:07:54,799

called promotion for a reason it's so

1718

01:07:58,470 --> 01:07:56,799

people know that it's happening because

1719

01:08:00,549 --> 01:07:58,480

if you don't promote it people don't

1720

01:08:01,990 --> 01:08:00,559

know because this whole thing is

1721

01:08:03,029 --> 01:08:02,000

saturated

1722

01:08:04,950 --> 01:08:03,039

and that people don't know the

1723

01:08:07,430 --> 01:08:04,960

difference between stuff you know that

1724

01:08:08,789 --> 01:08:07,440

tic tac was on youtube since i mean it

1725

01:08:10,950 --> 01:08:08,799

was on the internet exactly it's like

1726

01:08:12,710 --> 01:08:10,960

2005. i'm going to kill it

1727

01:08:13,730 --> 01:08:12,720

that's a great dude i love that sound i

1728

01:08:18,530 --> 01:08:13,740

love that sound

1729

01:08:18,540 --> 01:08:21,749

[Music]

1730

01:08:25,110 --> 01:08:23,030

all right guys

1731

01:08:27,510 --> 01:08:25,120

uh good show today

1732

01:08:28,950 --> 01:08:27,520

i appreciate you guys uh hopping on

1733

01:08:31,269 --> 01:08:28,960

you guys are awesome

1734

01:08:33,590 --> 01:08:31,279

thank you for having me man i appreciate

1735

01:08:35,829 --> 01:08:33,600

you too joey as always i like talking to

1736

01:08:37,990 --> 01:08:35,839

you as well dude thank you thank you

1737

01:08:39,990 --> 01:08:38,000

yeah i really appreciate it you guys are

1738

01:08:43,110 --> 01:08:40,000

good on this i didn't have to do much so

1739

01:08:45,110 --> 01:08:43,120

that's that's a nice break from me

1740

01:08:47,189 --> 01:08:45,120

i'm glad you covered this uh in this in

1741

01:08:49,829 --> 01:08:47,199

this episode dude i really i'm glad you

1742

01:08:51,910 --> 01:08:49,839

you touched upon it well you have to you

1743

01:08:54,550 --> 01:08:51,920

know i i don't want i don't want to just

1744

01:08:55,749 --> 01:08:54,560

completely forget what's happening now

1745

01:08:57,189 --> 01:08:55,759

you know

1746

01:08:59,590 --> 01:08:57,199

yeah no it's good because i know a lot

1747

01:09:01,910 --> 01:08:59,600

of people do get confused by

1748

01:09:04,070 --> 01:09:01,920

the bills and the senate and the house

1749

01:09:09,910 --> 01:09:04,080

with different proposals and where's it

1750

01:09:14,070 --> 01:09:12,309

other people who are like into that you

1751

01:09:16,390 --> 01:09:14,080

know right like vinny

1752

01:09:18,390 --> 01:09:16,400

no no no no because i i get i get the

1753

01:09:19,910 --> 01:09:18,400

uap side of it and

1754

01:09:21,910 --> 01:09:19,920

but i don't get the politics side i'm

1755

01:09:23,669 --> 01:09:21,920

not even from the us so

1756

01:09:24,870 --> 01:09:23,679

yeah but i try and follow it as best as

1757

01:09:26,309 --> 01:09:24,880

i can i've got

1758

01:09:28,070 --> 01:09:26,319

to give a shout out to the signal

1759

01:09:28,870 --> 01:09:28,080

because the signals on top of all this

1760

01:09:30,470 --> 01:09:28,880

man

1761

01:09:33,590 --> 01:09:30,480

shout out

1762

01:09:35,349 --> 01:09:33,600

the big thing with american politics

1763

01:09:37,430 --> 01:09:35,359

first their first priority is to get

1764

01:09:39,030 --> 01:09:37,440

reelected it's a temp job they're

1765

01:09:41,030 --> 01:09:39,040

worried about getting hired and getting

1766

01:09:42,870 --> 01:09:41,040

fired all the time that's their priority

1767

01:09:44,309 --> 01:09:42,880

they have to earn money so they don't

1768

01:09:46,550 --> 01:09:44,319

want to touch anything that's you know

1769

01:09:49,189 --> 01:09:46,560

going to be kryptonite that's a problem

1770

01:09:51,349 --> 01:09:49,199

that's a problem here yeah that's true

1771

01:09:53,030 --> 01:09:51,359

with us at least for the ufo uh

1772

01:09:55,830 --> 01:09:53,040

disclosure movement that's a problem

1773

01:09:57,510 --> 01:09:55,840

absolutely man all right fellas well

1774

01:09:58,390 --> 01:09:57,520

until next time

1775

01:10:00,870 --> 01:09:58,400

we

1776

01:10:03,110 --> 01:10:00,880

will uh party then so i don't i don't

1777

01:10:06,630 --> 01:10:03,120

know if he's here just just quick shout

1778
