

1
00:00:16,950 --> 00:00:14,470
hi how's it

2
00:00:18,950 --> 00:00:16,960
how's everybody doing

3
00:00:23,670 --> 00:00:18,960
uh

4
00:00:29,189 --> 00:00:26,390
come on be honest

5
00:00:33,110 --> 00:00:29,199
all right what's up dude how's it

6
00:00:35,830 --> 00:00:33,120
hanging vinnie boy what's up

7
00:00:37,430 --> 00:00:35,840
blonde jesus in the house i hope you

8
00:00:38,950 --> 00:00:37,440
liked that louis elizando tweet i

9
00:00:42,389 --> 00:00:38,960
thought that was pretty

10
00:00:44,389 --> 00:00:42,399
interesting how that kind of came about

11
00:00:46,630 --> 00:00:44,399
um because all those pieces kind of fit

12
00:00:47,910 --> 00:00:46,640
together the brazil stuff

13
00:00:50,069 --> 00:00:47,920

it was interesting and then i opened

14

00:00:52,150 --> 00:00:50,079

that book you know just kind of you know

15

00:00:53,590 --> 00:00:52,160

just skim the pages a little bit and

16

00:00:55,189 --> 00:00:53,600

boom

17

00:00:57,910 --> 00:00:55,199

brazil

18

00:00:59,670 --> 00:00:57,920

so yeah that's pretty cool lots of stuff

19

00:01:02,150 --> 00:00:59,680

going on

20

00:01:05,189 --> 00:01:02,160

pretty neat uh he didn't tweet anything

21

00:01:07,750 --> 00:01:05,199

uh best um i just

22

00:01:09,350 --> 00:01:07,760

made a little uh brazil connection i

23

00:01:11,670 --> 00:01:09,360

guess that's all

24

00:01:14,870 --> 00:01:11,680

um but it's pretty cool

25

00:01:16,870 --> 00:01:14,880

priscilla what's happening

26

00:01:19,270 --> 00:01:16,880

um

27

00:01:22,070 --> 00:01:19,280

yeah we're we're doing a book club thing

28

00:01:23,590 --> 00:01:22,080

tomorrow on priscilla's page quantum

29

00:01:27,030 --> 00:01:23,600

witch cafe

30

00:01:28,390 --> 00:01:27,040

uh which will be super fun so i have to

31

00:01:29,830 --> 00:01:28,400

read

32

00:01:32,230 --> 00:01:29,840

you know it's coming up tomorrow so i

33

00:01:36,230 --> 00:01:32,240

have to i guess i should read this thing

34

00:01:44,069 --> 00:01:39,510

i'm just kidding

35

00:01:45,910 --> 00:01:44,079

i downloaded the uh cliff notes

36

00:01:47,910 --> 00:01:45,920

so

37

00:01:50,870 --> 00:01:47,920

no i'm gonna do it for sure

38

00:01:52,789 --> 00:01:50,880

uh so yeah super excited that you guys

39

00:01:55,190 --> 00:01:52,799

are here um

40

00:01:58,870 --> 00:01:55,200

i want to

41

00:02:00,069 --> 00:01:58,880

just go over some remote viewing stuff

42

00:02:02,389 --> 00:02:00,079

um

43

00:02:04,310 --> 00:02:02,399

you know when i do my research uh mainly

44

00:02:06,789 --> 00:02:04,320

on cia foia

45

00:02:09,270 --> 00:02:06,799

library uh reading room they have a ton

46

00:02:10,710 --> 00:02:09,280

of stuff like stargate stuff like uh and

47

00:02:13,030 --> 00:02:10,720

black vault had

48

00:02:14,869 --> 00:02:13,040

um tweeted on my page you know he's got

49

00:02:16,949 --> 00:02:14,879

the whole collection and everything and

50

00:02:18,869 --> 00:02:16,959

there's so much paperwork from you know

51

00:02:19,830 --> 00:02:18,879

experiments the results

52

00:02:24,309 --> 00:02:19,840

um

53

00:02:26,229 --> 00:02:24,319

the different people that have been

54

00:02:27,750 --> 00:02:26,239

involved throughout the years

55

00:02:29,750 --> 00:02:27,760

um

56

00:02:32,309 --> 00:02:29,760

you know it's kind of overwhelming so i

57

00:02:34,869 --> 00:02:32,319

just wanted to do like uh

58

00:02:38,869 --> 00:02:34,879

you know things that uh i think are

59

00:02:43,190 --> 00:02:41,430

a pbs documentary that i ran for 10

60

00:02:44,869 --> 00:02:43,200

years

61

00:02:46,070 --> 00:02:44,879

and then just disappeared i'm not going

62

00:02:47,990 --> 00:02:46,080

to play the whole thing but i'm going to

63

00:02:49,270 --> 00:02:48,000

play clip that kind of you know walks

64

00:02:51,670 --> 00:02:49,280
you through how they do it and

65

00:02:55,750 --> 00:02:51,680
everything and you know

66

00:02:56,869 --> 00:02:55,760
and then after that we'll get into

67

00:02:58,949 --> 00:02:56,879
uh the

68

00:03:00,229 --> 00:02:58,959
i think one document for sure that i

69

00:03:06,550 --> 00:03:00,239
found

70

00:03:09,110 --> 00:03:06,560
the foyer reading room

71

00:03:10,790 --> 00:03:09,120
but i think it kind of

72

00:03:12,710 --> 00:03:10,800
says

73

00:03:14,869 --> 00:03:12,720
yeah

74

00:03:15,990 --> 00:03:14,879
shit's real bro

75

00:03:19,509 --> 00:03:16,000
so

76

00:03:22,630 --> 00:03:19,519

you know and i think it is two but don't

77

00:03:24,550 --> 00:03:22,640

get me wrong i don't think it's

78

00:03:26,550 --> 00:03:24,560

uh like

79

00:03:28,070 --> 00:03:26,560

it can handle everything on its own type

80

00:03:29,270 --> 00:03:28,080

of thing you know

81

00:03:31,589 --> 00:03:29,280

um

82

00:03:33,190 --> 00:03:31,599

it has to be used and this is just my

83

00:03:34,630 --> 00:03:33,200

opinion you may not agree with it i know

84

00:03:35,990 --> 00:03:34,640

a lot of people have different feelings

85

00:03:39,270 --> 00:03:36,000

about this stuff

86

00:03:41,509 --> 00:03:39,280

um so if you don't agree with it

87

00:03:43,350 --> 00:03:41,519

i don't mind uh questions and stuff of

88

00:03:45,350 --> 00:03:43,360

course but we'll just keep it real nice

89

00:03:48,710 --> 00:03:45,360

to each other

90

00:03:52,630 --> 00:03:50,309

yeah so you got to use it in like tandem

91

00:03:54,309 --> 00:03:52,640

with other things like uh signals

92

00:03:57,670 --> 00:03:54,319

intelligence geos

93

00:04:00,309 --> 00:03:57,680

geospatial maybe human intelligence um

94

00:04:02,309 --> 00:04:00,319

all that kind of stuff and it just works

95

00:04:03,750 --> 00:04:02,319

like uh

96

00:04:07,030 --> 00:04:03,760

you know like if you're making a song

97

00:04:09,910 --> 00:04:07,040

you got the keyboard you got the guitar

98

00:04:13,509 --> 00:04:09,920

the drums

99

00:04:15,429 --> 00:04:13,519

and it all has to work together

100

00:04:18,229 --> 00:04:15,439

so

101
00:04:20,390 --> 00:04:18,239
i excuse me i am just getting

102
00:04:23,430 --> 00:04:20,400
um this first little

103
00:04:24,870 --> 00:04:23,440
video up so we can check it out

104
00:04:27,749 --> 00:04:24,880
because i think it's

105
00:04:28,790 --> 00:04:27,759
and i just love like old video stuff

106
00:04:30,469 --> 00:04:28,800
you know

107
00:04:32,629 --> 00:04:30,479
um

108
00:04:35,189 --> 00:04:32,639
i get kind of tired of that the cgi

109
00:04:37,430 --> 00:04:35,199
everything looks perfect

110
00:04:39,510 --> 00:04:37,440
so i kind of i kind of enjoy looking at

111
00:04:40,390 --> 00:04:39,520
the old stuff like the mid-century you

112
00:04:44,629 --> 00:04:40,400
know

113
00:04:47,909 --> 00:04:46,310

let's do

114

00:04:51,909 --> 00:04:47,919

that

115

00:04:56,550 --> 00:04:55,030

there it is mind reach

116

00:06:08,070 --> 00:04:56,560

all right so

117

00:06:13,590 --> 00:06:10,469

you can't hear damn thing huh

118

00:06:15,909 --> 00:06:13,600

you guys didn't hear anything

119

00:06:18,390 --> 00:06:15,919

oh that is such crap

120

00:06:20,309 --> 00:06:18,400

you can hear me though right

121

00:06:21,909 --> 00:06:20,319

oh i picked your screen instead of a

122

00:06:25,990 --> 00:06:21,919

video file

123

00:06:30,230 --> 00:06:27,670

i'm just trying to trick you all day

124

00:06:32,790 --> 00:06:30,240

long first

125

00:06:35,110 --> 00:06:32,800

i pretend like i'm frozen

126

00:06:37,670 --> 00:06:35,120

then i play video that doesn't have

127

00:06:39,830 --> 00:06:37,680

sound so you really just get thrown off

128

00:06:41,590 --> 00:06:39,840

okay the assists published an account of

129

00:06:43,510 --> 00:06:41,600

their research at the stanford research

130

00:06:45,909 --> 00:06:43,520

institute in california

131

00:06:48,070 --> 00:06:45,919

harold puthoff is a laser patent holder

132

00:06:50,150 --> 00:06:48,080

like his colleague russell targ and

133

00:06:52,550 --> 00:06:50,160

they've made an intensive study of the

134

00:06:55,589 --> 00:06:52,560

third major psychic faculty

135

00:07:00,309 --> 00:06:58,070

the ability to perceive things hidden or

136

00:07:03,270 --> 00:07:00,319

at a distance

137

00:07:04,870 --> 00:07:03,280

they called it remote viewing

138

00:07:07,110 --> 00:07:04,880

for the past 10 years we've been

139

00:07:08,550 --> 00:07:07,120

investigating a phenomenon called remote

140

00:07:10,950 --> 00:07:08,560

viewing

141

00:07:13,270 --> 00:07:10,960

in this experimental series

142

00:07:16,390 --> 00:07:13,280

which has been carried on now with

143

00:07:18,790 --> 00:07:16,400

hundreds of subjects in the laboratory

144

00:07:21,589 --> 00:07:18,800

we found that many individuals are able

145

00:07:24,230 --> 00:07:21,599

to accurately describe what's going on

146

00:07:26,340 --> 00:07:24,240

in distant locations blocked from any

147

00:07:27,050 --> 00:07:26,350

kind of ordinary perception

148

00:07:31,749 --> 00:07:27,060

[Music]

149

00:07:36,150 --> 00:07:33,990

stanford research institute is a major

150

00:07:37,670 --> 00:07:36,160

scientific establishment that handles

151
00:07:39,850 --> 00:07:37,680
hundreds of private and government

152
00:07:52,469 --> 00:07:39,860
research projects a year

153
00:07:54,960 --> 00:07:52,479
[Music]

154
00:07:57,029 --> 00:07:54,970
let me ask you what's missing

155
00:08:02,309 --> 00:07:57,039
[Music]

156
00:08:08,630 --> 00:08:05,749
maybe it's just too busy

157
00:08:11,270 --> 00:08:08,640
we're using autographs over

158
00:08:14,230 --> 00:08:11,280
[Music]

159
00:08:18,580 --> 00:08:14,240
here's a eyes told story

160
00:08:28,240 --> 00:08:27,380
[Music]

161
00:08:31,670 --> 00:08:28,250
[Laughter]

162
00:08:44,920 --> 00:08:33,779
me

163
00:08:44,930 --> 00:08:51,829

[Applause]

164

00:08:58,470 --> 00:08:55,990

let's say i was late

165

00:09:00,790 --> 00:08:58,480

would it still she'll show up at the

166

00:09:01,829 --> 00:09:00,800

right time

167

00:09:03,430 --> 00:09:01,839

so

168

00:09:06,230 --> 00:09:03,440

i just wanted to play that one clip

169

00:09:08,949 --> 00:09:06,240

because it's freaking hilarious because

170

00:09:12,210 --> 00:09:08,959

russell targ has a great

171

00:09:14,230 --> 00:09:12,220

head of hair on him that's for sure

172

00:09:17,430 --> 00:09:14,240

[Laughter]

173

00:09:18,949 --> 00:09:17,440

so yeah stargate was the big thing um

174

00:09:21,670 --> 00:09:18,959

and then actually i found that it went

175

00:09:26,470 --> 00:09:21,680

to the cia the cia took it over but how

176

00:09:28,550 --> 00:09:26,480

deep remote viewing um goes in

177

00:09:30,949 --> 00:09:28,560

all this stuff is is pretty wild because

178

00:09:34,470 --> 00:09:30,959

the army wound up um having their own

179

00:09:35,910 --> 00:09:34,480

thing um the dod

180

00:09:36,870 --> 00:09:35,920

i'm going to show you some pretty wild

181

00:09:39,590 --> 00:09:36,880

stuff

182

00:09:41,590 --> 00:09:39,600

that you may have not known

183

00:09:43,430 --> 00:09:41,600

before

184

00:09:45,110 --> 00:09:43,440

and you know when i saw it i was kind of

185

00:09:46,630 --> 00:09:45,120

like i knew this stuff was going on but

186

00:09:50,310 --> 00:09:46,640

i didn't know

187

00:09:53,110 --> 00:09:50,320

that it was that intense

188

00:09:55,509 --> 00:09:53,120

and that many people were were into it

189

00:09:57,990 --> 00:09:55,519

or you know that maybe sounds weird

190

00:10:00,150 --> 00:09:58,000

you're into it

191

00:10:01,110 --> 00:10:00,160

but you know we're trying to utilize it

192

00:10:05,590 --> 00:10:01,120

so

193

00:10:09,750 --> 00:10:05,600

chain-link fence

194

00:10:12,230 --> 00:10:09,760

just like a synopsis of

195

00:10:14,630 --> 00:10:12,240

how they worked their

196

00:10:17,190 --> 00:10:14,640

um you know experiments or their their

197

00:10:19,670 --> 00:10:17,200

tests or whatever with uh pat price this

198

00:10:20,550 --> 00:10:19,680

guy is not pat price he's uh acting the

199

00:10:22,470 --> 00:10:20,560

part

200

00:10:24,389 --> 00:10:22,480

and

201

00:10:26,550 --> 00:10:24,399

he's a creepy actor that's

202

00:10:28,790 --> 00:10:26,560

that's for sure uh but it does a good

203

00:10:30,389 --> 00:10:28,800

job kind of laying out one of their

204

00:10:33,269 --> 00:10:30,399

experiments how

205

00:10:35,829 --> 00:10:33,279

they tried to do a certain thing at the

206

00:10:37,269 --> 00:10:35,839

end to you know make

207

00:10:40,310 --> 00:10:37,279

make sure as best they could it was a

208

00:10:44,310 --> 00:10:40,320

fraud and then i'll get to you know like

209

00:10:48,790 --> 00:10:46,870

we were surprised at the accuracy that

210

00:10:50,069 --> 00:10:48,800

price was able to generate in his

211

00:10:51,990 --> 00:10:50,079

transcripts

212

00:10:54,310 --> 00:10:52,000

in one of the cases where the target was

213

00:10:56,790 --> 00:10:54,320

a swimming pool complex he actually

214

00:10:59,269 --> 00:10:56,800

described the dimensions of the pools to

215

00:11:01,829 --> 00:10:59,279

within 10 percent of their

216

00:11:04,389 --> 00:11:01,839

physical size

217

00:11:06,790 --> 00:11:04,399

when he looked at the various sites he

218

00:11:08,710 --> 00:11:06,800

was able to describe for us

219

00:11:11,509 --> 00:11:08,720

it was as though he came

220

00:11:14,150 --> 00:11:11,519

zooming in from thousands of feet in

221

00:11:17,110 --> 00:11:14,160

altitude scanned the bay area until he

222

00:11:19,509 --> 00:11:17,120

found the people at the target site and

223

00:11:21,190 --> 00:11:19,519

then described what they were looking at

224

00:11:23,030 --> 00:11:21,200

it was not as though he was reading

225

00:11:25,829 --> 00:11:23,040

their mind because frequently he would

226

00:11:29,410 --> 00:11:25,839

describe items at the site that the

227

00:11:31,829 --> 00:11:29,420

outbound experimenters hadn't even seen

228

00:11:33,750 --> 00:11:31,839

[Music]

229

00:11:35,870 --> 00:11:33,760

for the fourth experiment the laboratory

230

00:11:39,430 --> 00:11:35,880

director took matters into his own hands

231

00:11:41,430 --> 00:11:39,440

[Music]

232

00:11:44,069 --> 00:11:41,440

wondering if there might be some hidden

233

00:11:47,110 --> 00:11:44,079

flaw in the procedure or indeed outright

234

00:11:49,509 --> 00:11:47,120

fraud he drove out of sri with put off

235

00:11:56,960 --> 00:11:49,519

with deliberately no idea of his final

236

00:12:04,069 --> 00:12:00,710

[Music]

237

00:12:06,150 --> 00:12:04,079

he decided to head west

238

00:12:07,509 --> 00:12:06,160

but after five minutes suddenly changed

239

00:12:09,110 --> 00:12:07,519

his mind and went in the opposite

240

00:12:12,310 --> 00:12:09,120

direction

241

00:12:14,389 --> 00:12:12,320

[Music]

242

00:12:15,960 --> 00:12:14,399

and then kept on changing direction at

243

00:12:32,949 --> 00:12:15,970

random

244

00:12:35,190 --> 00:12:32,959

[Music]

245

00:12:38,389 --> 00:12:35,200

he finally ended up about five miles up

246

00:12:40,230 --> 00:12:38,399

the coast at an out of the way marina

247

00:12:42,790 --> 00:12:40,240

can you tell me what you're experiencing

248

00:12:49,110 --> 00:12:42,800

with regard to where our outbound

249

00:12:53,269 --> 00:12:50,829

what i'm seeing is

250

00:12:54,650 --> 00:12:53,279

a book doc

251
00:12:59,430 --> 00:12:54,660
or a jetty

252
00:13:03,890 --> 00:12:59,440
[Music]

253
00:13:05,990 --> 00:13:03,900
it's about in that direction from here

254
00:13:07,269 --> 00:13:06,000
[Music]

255
00:13:09,670 --> 00:13:07,279
yes

256
00:13:11,590 --> 00:13:09,680
a lot of little boats motor launches

257
00:13:14,949 --> 00:13:11,600
sailboats

258
00:13:17,110 --> 00:13:15,780
uh

259
00:13:21,750 --> 00:13:17,120
[Music]

260
00:13:21,760 --> 00:13:25,750
it's funny um

261
00:13:33,269 --> 00:13:28,310
someone flashed in

262
00:13:37,910 --> 00:13:35,430
does that pagoda effect have anything to

263
00:13:39,030 --> 00:13:37,920

do with the boat dock that you saw

264

00:13:43,189 --> 00:13:39,040

initially

265

00:13:49,189 --> 00:13:45,590

it's behind them

266

00:13:54,949 --> 00:13:51,189

it's uh

267

00:14:00,949 --> 00:13:57,350

highly manicured

268

00:14:09,750 --> 00:14:03,590

where the hell would that be

269

00:14:14,069 --> 00:14:12,629

that summer christ did nine remote

270

00:14:16,870 --> 00:14:14,079

viewings in all

271

00:14:20,790 --> 00:14:16,880

targ and put off then had all the data

272

00:14:25,350 --> 00:14:22,949

a scientist totally unconnected with the

273

00:14:27,670 --> 00:14:25,360

project went to each of the nine target

274

00:14:34,790 --> 00:14:27,680

sites armed with transcripts of all the

275

00:14:39,590 --> 00:14:35,990

so yeah

276

00:14:43,430 --> 00:14:41,269

the video for that

277

00:14:44,550 --> 00:14:43,440

if you want it i can make sure that you

278

00:14:46,550 --> 00:14:44,560

get it

279

00:14:49,750 --> 00:14:46,560

um so the first thing i'm going to show

280

00:14:53,269 --> 00:14:49,760

you here as far as

281

00:14:57,509 --> 00:14:56,150

and i think you'll agree

282

00:14:59,509 --> 00:14:57,519

it's called

283

00:15:01,269 --> 00:14:59,519

well basically it's a memorandum for the

284

00:15:03,269 --> 00:15:01,279

record it was a security review

285

00:15:06,629 --> 00:15:03,279

interestingly enough we're kind of have

286

00:15:08,790 --> 00:15:06,639

been discussing a security review uh for

287

00:15:14,230 --> 00:15:08,800

the

288

00:15:16,150 --> 00:15:14,240

now so

289

00:15:17,670 --> 00:15:16,160

i'm looking through documents and i find

290

00:15:18,790 --> 00:15:17,680

a security review

291

00:15:24,230 --> 00:15:18,800

for

292

00:15:29,670 --> 00:15:28,069

and how they break it down

293

00:15:31,509 --> 00:15:29,680

is very

294

00:15:33,350 --> 00:15:31,519

very interesting so we can look at a

295

00:15:36,069 --> 00:15:33,360

reference mind wars the true story of

296

00:15:37,670 --> 00:15:36,079

psych uh secret government research into

297

00:15:38,949 --> 00:15:37,680

the military potential of psychic

298

00:15:41,430 --> 00:15:38,959

weapons

299

00:15:44,550 --> 00:15:41,440

there are 23 specific references to

300

00:15:45,990 --> 00:15:44,560

remote viewing its use or accuracy made

301
00:15:47,189 --> 00:15:46,000
in statements by

302
00:15:48,230 --> 00:15:47,199
barbara

303
00:15:52,470 --> 00:15:48,240
last name

304
00:15:53,910 --> 00:15:52,480
hal budov russell targ john alexander

305
00:15:56,069 --> 00:15:53,920
if you know him

306
00:15:57,590 --> 00:15:56,079
congressman rose

307
00:16:00,550 --> 00:15:57,600
swann

308
00:16:05,590 --> 00:16:03,189
but unnamed uh two additional but

309
00:16:07,430 --> 00:16:05,600
unnamed individuals purportedly working

310
00:16:09,509 --> 00:16:07,440
in the area of psychoenergetics with the

311
00:16:11,350 --> 00:16:09,519
cia

312
00:16:13,509 --> 00:16:11,360
in reviewing the book the following

313
00:16:17,110 --> 00:16:13,519

statements can be determined as having a

314

00:16:19,269 --> 00:16:17,120

high reliability for truth

315

00:16:20,829 --> 00:16:19,279

whoops

316

00:16:23,749 --> 00:16:20,839

and here we go

317

00:16:25,030 --> 00:16:23,759

so it's real

318

00:16:27,030 --> 00:16:25,040

it is accurate

319

00:16:30,790 --> 00:16:27,040

it's replicable

320

00:16:33,590 --> 00:16:30,800

is being pursued by at least the cia

321

00:16:35,590 --> 00:16:33,600

navy army and pentagon in general

322

00:16:39,590 --> 00:16:35,600

and that it is being pursued for

323

00:16:41,110 --> 00:16:39,600

intelligence and military applications

324

00:16:44,550 --> 00:16:41,120

the government's interest in rv is

325

00:16:46,710 --> 00:16:44,560

clearly applications oriented sri

326
00:16:48,150 --> 00:16:46,720
international is the key institute

327
00:16:51,110 --> 00:16:48,160
involved

328
00:16:53,990 --> 00:16:51,120
with the government and rv research and

329
00:16:57,829 --> 00:16:54,000
development the pacific the specific

330
00:17:00,790 --> 00:16:57,839
individual is dr hell put off

331
00:17:03,590 --> 00:17:00,800
and now this is

332
00:17:05,510 --> 00:17:03,600
pretty interesting

333
00:17:06,710 --> 00:17:05,520
right here so now look at these

334
00:17:09,270 --> 00:17:06,720
statements

335
00:17:11,429 --> 00:17:09,280
the head of the pentagons now this has a

336
00:17:13,669 --> 00:17:11,439
high reliability for

337
00:17:14,949 --> 00:17:13,679
you know being true remember that

338
00:17:16,710 --> 00:17:14,959

not

339

00:17:18,630 --> 00:17:16,720

it's a hundred percent it's a high

340

00:17:20,549 --> 00:17:18,640

reliability for being true

341

00:17:22,630 --> 00:17:20,559

the head of the pentagon's psychic task

342

00:17:25,270 --> 00:17:22,640

force is the assistant chief of staff

343

00:17:27,590 --> 00:17:25,280

for intelligence

344

00:17:31,270 --> 00:17:27,600

mg thompson department of defense used

345

00:17:32,549 --> 00:17:31,280

psychics to look for mg it does here

346

00:17:34,710 --> 00:17:32,559

dozer

347

00:17:37,029 --> 00:17:34,720

the national security council and white

348

00:17:39,590 --> 00:17:37,039

house are briefed on all developments in

349

00:17:41,990 --> 00:17:39,600

ongoing psychic research in both

350

00:17:44,470 --> 00:17:42,000

the jimmy carter and reagan terms of

351

00:17:46,070 --> 00:17:44,480

presidential office

352

00:17:47,750 --> 00:17:46,080

psi had a direct effect on the

353

00:17:49,510 --> 00:17:47,760

government decisions with respect

354

00:17:51,909 --> 00:17:49,520

towards the mx missile system's

355

00:17:55,029 --> 00:17:51,919

vulnerability and its deployment

356

00:17:58,110 --> 00:17:55,039

there was a project named scanty

357

00:18:00,230 --> 00:17:58,120

run by sri i funded by the cia and

358

00:18:02,549 --> 00:18:00,240

co-participated in with the national

359

00:18:04,230 --> 00:18:02,559

security agency

360

00:18:08,390 --> 00:18:04,240

key funding support has come from the

361

00:18:10,630 --> 00:18:08,400

cia nasa arpa and military

362

00:18:12,310 --> 00:18:10,640

key psychics involved in the past 10

363

00:18:13,590 --> 00:18:12,320

years of research both scientific and

364

00:18:16,789 --> 00:18:13,600

operational

365

00:18:19,029 --> 00:18:16,799

are swan and pat price

366

00:18:20,390 --> 00:18:19,039

now deceased unfortunately

367

00:18:22,470 --> 00:18:20,400

um

368

00:18:24,950 --> 00:18:22,480

rv is being you know and that guy was

369

00:18:26,150 --> 00:18:24,960

like a very matter of fact um like

370

00:18:28,950 --> 00:18:26,160

sheriff

371

00:18:31,750 --> 00:18:28,960

i found out so he's not the type but you

372

00:18:33,029 --> 00:18:31,760

know seemingly he was the best that ever

373

00:18:34,549 --> 00:18:33,039

did it

374

00:18:36,230 --> 00:18:34,559

um

375

00:18:37,909 --> 00:18:36,240

there's a severe lack of information

376

00:18:39,990 --> 00:18:37,919

throughout the entire system available

377

00:18:41,590 --> 00:18:40,000

to the general public to include even

378

00:18:42,710 --> 00:18:41,600

unclassified documents indicates

379

00:18:46,070 --> 00:18:42,720

information

380

00:18:48,549 --> 00:18:46,080

on governmental research into rv or psi

381

00:18:51,510 --> 00:18:48,559

is not being deliberately hidden and

382

00:18:55,430 --> 00:18:51,520

therefore inferred as not only valid but

383

00:18:58,470 --> 00:18:56,549

now this is

384

00:19:01,270 --> 00:18:58,480

going to kind of roll into my next part

385

00:19:03,350 --> 00:19:01,280

here so the above in combination

386

00:19:06,230 --> 00:19:03,360

with information provided in numerous

387

00:19:07,270 --> 00:19:06,240

jack anderson columns

388

00:19:08,950 --> 00:19:07,280

uh

389

00:19:12,390 --> 00:19:08,960

well so you can read the rest of that if

390

00:19:20,630 --> 00:19:13,669

so

391

00:19:24,390 --> 00:19:22,310

you know i mean here we are with the

392

00:19:26,390 --> 00:19:24,400

security review they're saying yeah this

393

00:19:28,870 --> 00:19:26,400

stuff is

394

00:19:35,270 --> 00:19:28,880

pretty much

395

00:19:37,430 --> 00:19:35,280

the lakasky book yeah i can't wait to

396

00:19:40,150 --> 00:19:37,440

get into that so

397

00:19:41,830 --> 00:19:40,160

that is pretty good a mind

398

00:19:44,470 --> 00:19:41,840

mind war as it was if that's what you're

399

00:19:46,070 --> 00:19:44,480

asking michael

400

00:19:47,750 --> 00:19:46,080

yeah

401

00:19:49,510 --> 00:19:47,760

so

402

00:19:51,190 --> 00:19:49,520

yeah i thought that was uh very

403

00:19:55,270 --> 00:19:51,200

interesting and kind of direct to the

404

00:19:57,590 --> 00:19:55,280

point for anyone who might be thinking

405

00:20:00,230 --> 00:19:57,600

you know that it's just a complete waste

406

00:20:01,909 --> 00:20:00,240

or whatever because definitely

407

00:20:03,110 --> 00:20:01,919

it definitely

408

00:20:05,430 --> 00:20:03,120

you know i'm not going to be the

409

00:20:07,510 --> 00:20:05,440

smartest guy on it but i'm smart enough

410

00:20:09,110 --> 00:20:07,520

to to read through all this stuff and

411

00:20:11,190 --> 00:20:09,120

realize that there's

412

00:20:13,750 --> 00:20:11,200

more than something to it

413

00:20:15,350 --> 00:20:13,760

um and that's why they've been doing it

414

00:20:17,270 --> 00:20:15,360

for so long and

415

00:20:22,390 --> 00:20:17,280

basically every

416

00:20:22,400 --> 00:20:28,070

so this one this document is really

417

00:20:32,070 --> 00:20:29,990

it's intense

418

00:20:34,230 --> 00:20:32,080

but it's it's like a letter or a like a

419

00:20:36,310 --> 00:20:34,240

newsletter so it's not like a government

420

00:20:39,990 --> 00:20:36,320

document although it was in the cia's

421

00:20:42,549 --> 00:20:40,000

reading room that only means so much

422

00:20:47,350 --> 00:20:42,559

but it's pretty crazy the invisible

423

00:20:51,350 --> 00:20:49,350

so here you go chemical and biological

424

00:20:56,149 --> 00:20:51,360

warfare the secret plagues governments

425

00:21:01,510 --> 00:20:58,710

um a cia army team infected americans

426
00:21:03,350 --> 00:21:01,520
with deadly germs from 49 to 69 equipped

427
00:21:05,190 --> 00:21:03,360
with nasal filters and other protective

428
00:21:06,549 --> 00:21:05,200
gear

429
00:21:42,870 --> 00:21:06,559
i

430
00:21:42,880 --> 00:21:46,070
um

431
00:21:54,390 --> 00:21:48,549
you know what that is right that's

432
00:21:59,190 --> 00:21:55,750
i mean

433
00:22:00,710 --> 00:21:59,200
it seems like it

434
00:22:04,149 --> 00:22:00,720
while keeping the knowledge of the

435
00:22:06,470 --> 00:22:04,159
microwave beam secret from the suffering

436
00:22:08,789 --> 00:22:06,480
embassy staff for 12 years the cia

437
00:22:11,350 --> 00:22:08,799
launched a protective code name

438
00:22:13,270 --> 00:22:11,360

pandora which was aimed at understanding

439

00:22:20,230 --> 00:22:13,280

the soviet's motives for the microwave

440

00:22:20,240 --> 00:22:24,950

pretty interesting

441

00:22:30,070 --> 00:22:27,270

the news starts to leak and here comes

442

00:22:32,549 --> 00:22:30,080

jack anderson it was not until here it

443

00:22:35,110 --> 00:22:32,559

is it was not until syndicated columnist

444

00:22:37,270 --> 00:22:35,120

jack anderson broke the moscow signal

445

00:22:41,990 --> 00:22:37,280

story in 1972 that the public began to

446

00:22:45,190 --> 00:22:43,510

interesting so now it's talking about

447

00:22:46,789 --> 00:22:45,200

chess i love chess several months after

448

00:22:49,029 --> 00:22:46,799

the anderson's microwave column ran the

449

00:22:51,110 --> 00:22:49,039

soviets accused the us of

450

00:22:52,950 --> 00:22:51,120

uh

451
00:22:54,870 --> 00:22:52,960
wow

452
00:22:56,870 --> 00:22:54,880
of radiating uh

453
00:22:59,029 --> 00:22:56,880
chess wizard boris baskey with

454
00:23:02,470 --> 00:22:59,039
electronic devices causing him to lose a

455
00:23:06,230 --> 00:23:02,480
championship match to bobby fischer

456
00:23:06,240 --> 00:23:09,750
so

457
00:23:16,950 --> 00:23:11,510
and here we got operation mind control

458
00:23:21,430 --> 00:23:19,110
but the interesting thing i wanted to

459
00:23:24,070 --> 00:23:21,440
find

460
00:23:25,350 --> 00:23:24,080
oh darpa yeah so it talks about darpa up

461
00:23:27,909 --> 00:23:25,360
here

462
00:23:29,909 --> 00:23:27,919
um darpa then began experimenting

463
00:23:31,350 --> 00:23:29,919

monkeys with microwaves at walter reed

464

00:23:34,310 --> 00:23:31,360

army

465

00:23:38,950 --> 00:23:34,320

uh darpa comes out again as far as the

466

00:23:42,310 --> 00:23:38,960

stuff goes to um help put off in

467

00:23:46,310 --> 00:23:43,990

get

468

00:23:48,789 --> 00:23:46,320

like pretty much in an argument

469

00:23:50,390 --> 00:23:48,799

with darpa they have a meeting and they

470

00:23:52,230 --> 00:23:50,400

pretty much fight

471

00:23:54,310 --> 00:23:52,240

like the whole like the whole time darpa

472

00:23:56,630 --> 00:23:54,320

was really like against it and then

473

00:23:58,390 --> 00:23:56,640

later on down the the road

474

00:24:00,310 --> 00:23:58,400

um

475

00:24:03,029 --> 00:24:00,320

they want to they wind up starting to

476

00:24:06,230 --> 00:24:03,039

actually practice with it

477

00:24:08,789 --> 00:24:06,240

but just like little sections of it so

478

00:24:12,230 --> 00:24:08,799

of darpa did so that's interesting this

479

00:24:12,240 --> 00:24:14,950

is

480

00:24:17,669 --> 00:24:15,830

you know

481

00:24:18,710 --> 00:24:17,679

kind of a lot of the stuff we're talking

482

00:24:21,190 --> 00:24:18,720

about now

483

00:24:23,029 --> 00:24:21,200

almost though like quantum

484

00:24:25,750 --> 00:24:23,039

entanglement and

485

00:24:27,669 --> 00:24:25,760

you know information sharing

486

00:24:29,190 --> 00:24:27,679

perceptual channel for information

487

00:24:31,190 --> 00:24:29,200

transfer over

488

00:24:35,750 --> 00:24:31,200

kilometer distances historical

489

00:24:35,760 --> 00:24:41,750

so this is harold pudov and russell tagg

490

00:24:45,269 --> 00:24:44,390

and they talk about

491

00:24:50,070 --> 00:24:45,279

you know

492

00:24:53,830 --> 00:24:51,750

in particular the phenomenon we

493

00:24:56,070 --> 00:24:53,840

investigated most extensively is the

494

00:24:57,830 --> 00:24:56,080

ability of a subject to view remote

495

00:25:02,470 --> 00:24:57,840

geographical

496

00:25:04,549 --> 00:25:02,480

thousand kilometers distant from his

497

00:25:07,029 --> 00:25:04,559

physical location given only a known

498

00:25:09,110 --> 00:25:07,039

person on whom to target

499

00:25:10,789 --> 00:25:09,120

uh we have carried out more than 50

500

00:25:12,470 --> 00:25:10,799

experiments under controlled laboratory

501
00:25:14,789 --> 00:25:12,480
conditions with several individuals

502
00:25:16,710 --> 00:25:14,799
whose remote perceptual abilities have

503
00:25:19,110 --> 00:25:16,720
been developed sufficiently to allow

504
00:25:21,350 --> 00:25:19,120
them at times to describe correctly

505
00:25:23,430 --> 00:25:21,360
often in great detail geographical or

506
00:25:26,950 --> 00:25:23,440
technical materials such as buildings

507
00:25:28,789 --> 00:25:26,960
roads laboratory apparatus and the like

508
00:25:31,269 --> 00:25:28,799
as observed in the laboratory the basic

509
00:25:33,510 --> 00:25:31,279
phenomenon appears to cover a range of

510
00:25:37,190 --> 00:25:33,520
subjective experiences

511
00:25:38,870 --> 00:25:37,200
uh variously referred to as

512
00:25:42,070 --> 00:25:38,880
so

513
00:25:44,710 --> 00:25:42,080

why like this one is because

514

00:25:46,710 --> 00:25:44,720

yeah telepathy michael yeah

515

00:25:49,830 --> 00:25:46,720

so

516

00:25:51,669 --> 00:25:49,840

this is one of those things where

517

00:25:53,990 --> 00:25:51,679

you know the more you look into it it's

518

00:25:56,070 --> 00:25:54,000

kind of creepy in what people could be

519

00:25:57,350 --> 00:25:56,080

doing to you and you don't even know um

520

00:25:59,269 --> 00:25:57,360

but anyways

521

00:26:00,630 --> 00:25:59,279

so

522

00:26:02,710 --> 00:26:00,640

you know i

523

00:26:04,230 --> 00:26:02,720

i like this one kind of kind of first of

524

00:26:07,830 --> 00:26:04,240

all russell and

525

00:26:09,510 --> 00:26:07,840

um hal wrote that paper so they selected

526

00:26:11,029 --> 00:26:09,520

these to be in here

527

00:26:12,230 --> 00:26:11,039

these drawings and everything and

528

00:26:13,750 --> 00:26:12,240

examples

529

00:26:15,830 --> 00:26:13,760

the only thing i guess we should keep in

530

00:26:16,710 --> 00:26:15,840

mind is that it was

531

00:26:18,549 --> 00:26:16,720

you know

532

00:26:21,669 --> 00:26:18,559

scanned in or xeroxed in and those

533

00:26:25,350 --> 00:26:21,679

pictures look like crap

534

00:26:28,070 --> 00:26:25,360

so like this one i i can't really

535

00:26:29,990 --> 00:26:28,080

make heads or tails out of it too much

536

00:26:30,950 --> 00:26:30,000

i would say if i went by that i'm like i

537

00:26:31,630 --> 00:26:30,960

don't know

538

00:26:33,430 --> 00:26:31,640

is that right

539

00:26:35,590 --> 00:26:33,440

[Laughter]

540

00:26:36,830 --> 00:26:35,600

you can read it right there you know

541

00:26:40,149 --> 00:26:36,840

about their

542

00:26:41,830 --> 00:26:40,159

stuff interesting that they put in you

543

00:26:45,590 --> 00:26:41,840

know this kind of stuff so it's like

544

00:26:48,070 --> 00:26:45,600

point two uh i was looking at this like

545

00:26:50,830 --> 00:26:48,080

the percentages of accuracy

546

00:26:52,630 --> 00:26:50,840

were like point two or point four

547

00:26:54,950 --> 00:26:52,640

above

548

00:26:56,789 --> 00:26:54,960

and generally that's not a lot to

549

00:26:57,830 --> 00:26:56,799

consider it can do

550

00:27:00,549 --> 00:26:57,840

stuff

551
00:27:02,630 --> 00:27:00,559
but it's enough to say that it's real

552
00:27:03,990 --> 00:27:02,640
because it's replicable and so many

553
00:27:09,350 --> 00:27:04,000
other people have

554
00:27:13,110 --> 00:27:11,510
so i'm just slowly going through this

555
00:27:14,149 --> 00:27:13,120
because there's no way i'm reading it

556
00:27:15,909 --> 00:27:14,159
all

557
00:27:19,029 --> 00:27:15,919
um but we'll go right here as there are

558
00:27:21,110 --> 00:27:19,039
investigations of remote viewing

559
00:27:22,470 --> 00:27:21,120
experimentation in remote viewing began

560
00:27:24,470 --> 00:27:22,480
during studies carried out to

561
00:27:26,310 --> 00:27:24,480
investigate the abilities of a new york

562
00:27:27,669 --> 00:27:26,320
artist in goswan

563
00:27:29,350 --> 00:27:27,679

uh when he expressed the opinion that

564

00:27:32,470 --> 00:27:29,360

the insights gained during experiments

565

00:27:34,230 --> 00:27:32,480

at sri had strengthened his ability uh

566

00:27:37,269 --> 00:27:34,240

verified in other research before he

567

00:27:38,630 --> 00:27:37,279

joined the sri program to view at remote

568

00:27:41,029 --> 00:27:38,640

locations

569

00:27:43,590 --> 00:27:41,039

uh to test mr swan's assertion a pilot

570

00:27:47,110 --> 00:27:43,600

study was set up

571

00:27:51,190 --> 00:27:49,430

and then we got pat price former

572

00:27:52,789 --> 00:27:51,200

california police commissioner city

573

00:27:55,269 --> 00:27:52,799

councilman

574

00:27:57,510 --> 00:27:55,279

participated in

575

00:27:59,590 --> 00:27:57,520

as a subject in nine experiments in

576

00:28:01,750 --> 00:27:59,600

general price's ability to describe

577

00:28:03,190 --> 00:28:01,760

correctly building stocks roads gardens

578

00:28:05,590 --> 00:28:03,200

and the like including structural

579

00:28:07,430 --> 00:28:05,600

materials color ambience and activity

580

00:28:09,350 --> 00:28:07,440

often in great detail indicated the

581

00:28:10,389 --> 00:28:09,360

functioning of a

582

00:28:14,149 --> 00:28:10,399

remote

583

00:28:16,870 --> 00:28:16,070

you know this kind of stuff i i don't

584

00:28:21,750 --> 00:28:16,880

know

585

00:28:27,830 --> 00:28:21,760

so

586

00:28:33,350 --> 00:28:30,310

you know there's different ways to do it

587

00:28:35,750 --> 00:28:33,360

but i believe like the correct way is a

588

00:28:37,830 --> 00:28:35,760

random generated number

589

00:28:39,350 --> 00:28:37,840

which is like attached to the target or

590

00:28:40,549 --> 00:28:39,360

something obviously the person who's

591

00:28:42,830 --> 00:28:40,559

doing the remote viewing doesn't know

592

00:28:45,750 --> 00:28:42,840

what the target is

593

00:28:48,070 --> 00:28:45,760

um and you know

594

00:28:49,830 --> 00:28:48,080

draw they either draw things that are

595

00:28:56,230 --> 00:28:49,840

you know coming to them or say them

596

00:28:56,240 --> 00:29:01,190

and there has to be a

597

00:29:06,310 --> 00:29:03,029

you know there has to be a

598

00:29:08,070 --> 00:29:06,320

way to verify the information that's not

599

00:29:15,990 --> 00:29:08,080

whatever

600

00:29:16,000 --> 00:29:20,950

pedestrian overpass target

601
00:29:25,110 --> 00:29:22,870
subject hammered drawing described as

602
00:29:30,310 --> 00:29:25,120
some kind of diagonal

603
00:29:35,110 --> 00:29:32,389
um yeah then they go through a couple of

604
00:29:37,190 --> 00:29:35,120
the target locations so this hit this

605
00:29:39,669 --> 00:29:37,200
hoover tower one is really interesting

606
00:29:41,430 --> 00:29:39,679
because i believe that's the one hoover

607
00:29:43,269 --> 00:29:41,440
tower and they talk about these in the

608
00:29:47,190 --> 00:29:43,279
video i was showing

609
00:29:51,110 --> 00:29:49,430
hoover tower was one that uh yeah pat

610
00:29:53,590 --> 00:29:51,120
price was doing

611
00:29:55,750 --> 00:29:53,600
and i think it was russell who actually

612
00:29:57,590 --> 00:29:55,760
drove there and went to the top of the

613
00:30:00,549 --> 00:29:57,600

the tower and

614

00:30:02,230 --> 00:30:00,559

i think he actually guessed it like on

615

00:30:04,630 --> 00:30:02,240

the button

616

00:30:06,470 --> 00:30:04,640

like you're at the top of the tower

617

00:30:09,110 --> 00:30:06,480

and that was correct then there's other

618

00:30:11,830 --> 00:30:09,120

ones um

619

00:30:13,269 --> 00:30:11,840

the marina in redwood city so that one

620

00:30:16,149 --> 00:30:13,279

was

621

00:30:19,190 --> 00:30:16,159

accurate with all this stuff so they

622

00:30:23,350 --> 00:30:19,200

wanted to challenge him and

623

00:30:25,830 --> 00:30:23,360

so he got in the car and his task was to

624

00:30:28,389 --> 00:30:25,840

or wait no no no so russell was in the

625

00:30:29,990 --> 00:30:28,399

car and he was driving around and making

626

00:30:32,149 --> 00:30:30,000

all these erratic turns turning this way

627

00:30:34,230 --> 00:30:32,159

that way this way just to go

628

00:30:35,590 --> 00:30:34,240

you know and be as confusing as he could

629

00:30:37,990 --> 00:30:35,600

possibly be

630

00:30:40,310 --> 00:30:38,000

and they did you know the thing and

631

00:30:41,909 --> 00:30:40,320

asked pat to you know tell what they see

632

00:30:44,950 --> 00:30:41,919

and

633

00:30:47,990 --> 00:30:44,960

he nailed it

634

00:30:52,630 --> 00:30:49,350

you know and then they do a lot of

635

00:30:55,190 --> 00:30:52,640

studies on people who have

636

00:30:56,470 --> 00:30:55,200

you know may have better abilities at

637

00:30:59,029 --> 00:30:56,480

this sort of thing and they've

638

00:31:02,830 --> 00:30:59,039

interviewed like 300 400 people

639

00:31:06,549 --> 00:31:05,190

stuff don't need

640

00:31:08,149 --> 00:31:06,559

i don't think you need to pay for

641

00:31:11,110 --> 00:31:08,159

courses for that there's plenty of

642

00:31:12,710 --> 00:31:11,120

people that give that out for free

643

00:31:14,789 --> 00:31:12,720

if you want to try it

644

00:31:18,310 --> 00:31:14,799

um so

645

00:31:19,750 --> 00:31:18,320

here's another drawing

646

00:31:23,430 --> 00:31:19,760

yeah i could see that the one on the

647

00:31:27,830 --> 00:31:26,149

bicycle target described as open

648

00:31:32,310 --> 00:31:27,840

barn-like building with slats on the

649

00:31:32,320 --> 00:31:36,470

that is totally right

650

00:31:43,029 --> 00:31:39,029

this one is funny because it's the

651
00:31:47,350 --> 00:31:45,669
i mean that's pretty good

652
00:31:48,630 --> 00:31:47,360
i mean the drawings aren't good but you

653
00:31:53,190 --> 00:31:48,640
can tell

654
00:31:57,110 --> 00:31:54,710
tennis court target look at this one in

655
00:32:01,029 --> 00:31:57,120
the middle

656
00:32:03,110 --> 00:32:01,039
this looks more like a

657
00:32:04,470 --> 00:32:03,120
like some sort of weird magnet

658
00:32:07,190 --> 00:32:04,480
horseshoe pitchfork thing

659
00:32:09,750 --> 00:32:07,200
[Laughter]

660
00:32:15,590 --> 00:32:11,509
but then you also like i do wonder

661
00:32:15,600 --> 00:32:18,950
i mean it's proven by

662
00:32:23,350 --> 00:32:20,230
by plenty

663
00:32:24,950 --> 00:32:23,360

that it works but it's not going to be

664

00:32:27,029 --> 00:32:24,960

like

665

00:32:30,070 --> 00:32:27,039

the person's not going to describe

666

00:32:31,110 --> 00:32:30,080

everything perfectly to a t you know

667

00:32:33,110 --> 00:32:31,120

it's

668

00:32:34,230 --> 00:32:33,120

you're getting things through

669

00:32:40,710 --> 00:32:34,240

a

670

00:32:44,230 --> 00:32:40,720

you know

671

00:32:46,230 --> 00:32:44,240

the better ones are able to really

672

00:32:48,789 --> 00:32:46,240

shut down their other sensories their

673

00:32:51,110 --> 00:32:48,799

sensor you know like their ears and eyes

674

00:32:54,029 --> 00:32:51,120

and smells and all that and just get it

675

00:32:58,149 --> 00:32:54,039

in focus and they do put them in like an

676

00:33:01,190 --> 00:32:59,909

room at least back then they did you

677

00:33:04,310 --> 00:33:01,200

know to

678

00:33:08,070 --> 00:33:04,320

keep any radio signals from coming in

679

00:33:11,350 --> 00:33:08,080

and i think sensory deprivation

680

00:33:20,070 --> 00:33:11,360

of some sorts um

681

00:33:31,029 --> 00:33:22,789

there here you go

682

00:33:37,590 --> 00:33:33,909

that's pretty good typewriter

683

00:33:39,269 --> 00:33:37,600

oh the technology series

684

00:33:41,430 --> 00:33:39,279

well that was swan

685

00:33:42,789 --> 00:33:41,440

amid i don't know i don't

686

00:33:44,789 --> 00:33:42,799

i haven't really looked into the

687

00:33:46,389 --> 00:33:44,799

different people who are doing this kind

688

00:33:49,190 --> 00:33:46,399

of thing

689

00:33:53,350 --> 00:33:51,430

like a couple feet in the front door you

690

00:33:58,070 --> 00:33:53,360

know i'm not all the way in the bedroom

691

00:34:02,310 --> 00:34:00,310

so to speak but it's just so interesting

692

00:34:03,669 --> 00:34:02,320

to me for sure

693

00:34:06,630 --> 00:34:03,679

so

694

00:34:09,030 --> 00:34:06,640

that's probably enough of that one

695

00:34:12,230 --> 00:34:09,040

but it does get

696

00:34:17,190 --> 00:34:12,240

even better for sure

697

00:34:22,629 --> 00:34:18,710

all the different branches that it went

698

00:34:26,230 --> 00:34:24,629

if i can yeah i hear it well this one's

699

00:34:28,790 --> 00:34:26,240

pretty interesting yeah i was talking

700

00:34:30,310 --> 00:34:28,800

about darpa in their little episode

701
00:34:32,230 --> 00:34:30,320
with darpa now

702
00:34:35,190 --> 00:34:32,240
uh i don't think darpa was having it too

703
00:34:37,510 --> 00:34:35,200
much

704
00:34:40,950 --> 00:34:37,520
at the time i'm dude by the way if you

705
00:34:44,310 --> 00:34:42,790
hey thanks guys i appreciate it sorry

706
00:34:45,589 --> 00:34:44,320
i'm like looking at the documents and

707
00:34:46,389 --> 00:34:45,599
trying to read them

708
00:34:48,790 --> 00:34:46,399
um

709
00:34:50,550 --> 00:34:48,800
but yeah i appreciate it appreciate you

710
00:34:52,550 --> 00:34:50,560
guys coming here and chatting and and

711
00:34:54,710 --> 00:34:52,560
being uh

712
00:34:56,869 --> 00:34:54,720
you know polite and everything

713
00:34:59,510 --> 00:34:56,879

i do appreciate it

714

00:35:00,829 --> 00:34:59,520

the astral institute swan school

715

00:35:03,750 --> 00:35:00,839

charges

716

00:35:06,230 --> 00:35:03,760

yeah well you know you know the one

717

00:35:13,510 --> 00:35:08,790

you know the remote viewing or

718

00:35:18,390 --> 00:35:14,950

there's always

719

00:35:20,310 --> 00:35:18,400

people that want to take advantage and

720

00:35:23,990 --> 00:35:20,320

try to put money in their pocket you

721

00:35:28,310 --> 00:35:25,750

that where there's enough wiggle room

722

00:35:30,470 --> 00:35:28,320

where they can really just bring it home

723

00:35:31,990 --> 00:35:30,480

you know just collect and that's

724

00:35:33,670 --> 00:35:32,000

unfortunate because that in turn kind of

725

00:35:34,790 --> 00:35:33,680

gives a lot of things a bad name

726
00:35:36,630 --> 00:35:34,800
definitely

727
00:35:37,829 --> 00:35:36,640
because i don't know how how you guys

728
00:35:40,470 --> 00:35:37,839
feel but

729
00:35:42,310 --> 00:35:40,480
i feel that you know there's definitely

730
00:35:44,790 --> 00:35:42,320
truth to ufos and there's definitely

731
00:35:46,390 --> 00:35:44,800
truth to remote viewing

732
00:35:48,790 --> 00:35:46,400
but i don't think we should have to you

733
00:35:53,750 --> 00:35:48,800
know pay for any assorted truth that's

734
00:35:57,190 --> 00:35:55,990
all right so here we go

735
00:35:59,030 --> 00:35:57,200
secret

736
00:36:01,190 --> 00:35:59,040
this is a postscript

737
00:36:02,470 --> 00:36:01,200
um

738
00:36:04,310 --> 00:36:02,480

this is pretty interesting so at this

739

00:36:06,150 --> 00:36:04,320

point i've traced

740

00:36:08,550 --> 00:36:06,160

the action and reaction of various

741

00:36:10,710 --> 00:36:08,560

elements of cia to what is certainly an

742

00:36:12,710 --> 00:36:10,720

unconventional and highly controversial

743

00:36:14,710 --> 00:36:12,720

subject also of interest

744

00:36:17,030 --> 00:36:14,720

are the concurrent reactions of other

745

00:36:18,550 --> 00:36:17,040

agencies to parapsychology in august

746

00:36:20,550 --> 00:36:18,560

1973

747

00:36:22,870 --> 00:36:20,560

parapsychology was discussed with

748

00:36:25,430 --> 00:36:22,880

several members of dia the dia people

749

00:36:27,990 --> 00:36:25,440

were basically interested in the soviet

750

00:36:30,390 --> 00:36:28,000

activities in this area of course

751
00:36:32,710 --> 00:36:30,400
and expressed considerable interest in

752
00:36:34,710 --> 00:36:32,720
our own fledging results

753
00:36:37,589 --> 00:36:34,720
numerous meetings have occurred during

754
00:36:38,710 --> 00:36:37,599
the past several years dia remains

755
00:36:41,829 --> 00:36:38,720
interested

756
00:36:43,990 --> 00:36:41,839
at a low priority basis

757
00:36:46,069 --> 00:36:44,000
the army material command learned of cia

758
00:36:47,270 --> 00:36:46,079
interest in the paranormal we discovered

759
00:36:49,430 --> 00:36:47,280
the army

760
00:36:52,069 --> 00:36:49,440
interest was generated by data which

761
00:36:54,230 --> 00:36:52,079
emerged from vietnam

762
00:36:56,230 --> 00:36:54,240
apparently certain individuals called

763
00:36:59,030 --> 00:36:56,240

appointment who led patrols into hostile

764

00:37:00,390 --> 00:36:59,040

territory had far fewer casualties from

765

00:37:03,220 --> 00:37:00,400

booby traps

766

00:37:05,030 --> 00:37:03,230

that's a fun thing to say hey booby trap

767

00:37:08,150 --> 00:37:05,040

[Laughter]

768

00:37:10,950 --> 00:37:08,160

booby trip and ambushes

769

00:37:12,950 --> 00:37:10,960

uh than the average these

770

00:37:15,270 --> 00:37:12,960

appointment needless to say at a loyal

771

00:37:17,270 --> 00:37:15,280

following of men and in general greatly

772

00:37:20,069 --> 00:37:17,280

helped the morale of their troops under

773

00:37:21,910 --> 00:37:20,079

a brutal stressful situation so the army

774

00:37:25,349 --> 00:37:21,920

gave extensive physical and

775

00:37:30,470 --> 00:37:28,390

of unusually successful appointment and

776
00:37:33,430 --> 00:37:30,480
came to no conclusion other than perhaps

777
00:37:35,030 --> 00:37:33,440
that paranormal capabilities may be the

778
00:37:37,270 --> 00:37:35,040
explanation

779
00:37:38,950 --> 00:37:37,280
yeah

780
00:37:42,069 --> 00:37:38,960
that's kind of like what you hear

781
00:37:44,230 --> 00:37:42,079
sometimes in the ufo world

782
00:37:45,330 --> 00:37:44,240
i don't know what it is so it could be

783
00:37:47,430 --> 00:37:45,340
an alien

784
00:37:48,950 --> 00:37:47,440
[Laughter]

785
00:37:50,710 --> 00:37:48,960
but

786
00:37:51,750 --> 00:37:50,720
you can't really say it isn't because

787
00:37:53,829 --> 00:37:51,760
you don't know

788
00:37:55,750 --> 00:37:53,839

but yeah so

789

00:37:57,349 --> 00:37:55,760

uh that really why i brought this up is

790

00:37:59,270 --> 00:37:57,359

because i think this darpa thing is very

791

00:38:01,109 --> 00:37:59,280

interesting

792

00:38:03,430 --> 00:38:01,119

defense advanced research projects

793

00:38:05,430 --> 00:38:03,440

agency darpa reported that they had not

794

00:38:07,990 --> 00:38:05,440

they had not only a showing of interest

795

00:38:10,230 --> 00:38:08,000

but a hostile response

796

00:38:12,310 --> 00:38:10,240

as well to the subject area so they had

797

00:38:15,349 --> 00:38:12,320

no interest yeah sorry

798

00:38:17,750 --> 00:38:15,359

at one time we felt we had

799

00:38:20,310 --> 00:38:17,760

the strong interest of some

800

00:38:22,870 --> 00:38:20,320

to discuss our data oh hal put off wrote

801

00:38:24,790 --> 00:38:22,880

this by the way i believe

802

00:38:27,670 --> 00:38:24,800

and wrestle tag yeah they're excerpts

803

00:38:30,790 --> 00:38:27,680

from the big paper i was going to show

804

00:38:33,030 --> 00:38:30,800

sri contractors and i went to a briefing

805

00:38:35,750 --> 00:38:33,040

where we had a several hour

806

00:38:36,710 --> 00:38:35,760

confrontation with an uh

807

00:38:38,630 --> 00:38:36,720

well

808

00:38:40,470 --> 00:38:38,640

of hostile darpa people who had been

809

00:38:43,670 --> 00:38:40,480

convened especially to debunk our

810

00:38:46,550 --> 00:38:44,829

emotional

811

00:38:48,230 --> 00:38:46,560

discussion

812

00:38:49,910 --> 00:38:48,240

they left

813

00:38:50,950 --> 00:38:49,920

contacts with darpa stopped for several

814

00:38:53,589 --> 00:38:50,960

years

815

00:38:54,790 --> 00:38:53,599

some bad blood there huh

816

00:38:57,829 --> 00:38:54,800

bad

817

00:39:03,589 --> 00:38:59,910

and we'll give you one more little

818

00:39:08,310 --> 00:39:06,870

one more little snippy to do

819

00:39:09,829 --> 00:39:08,320

but yeah if you want to do your own

820

00:39:11,510 --> 00:39:09,839

research you should always do that first

821

00:39:12,310 --> 00:39:11,520

of all i always recommend people look

822

00:39:15,270 --> 00:39:12,320

into

823

00:39:16,310 --> 00:39:15,280

things themselves rather than believing

824

00:39:18,870 --> 00:39:16,320

people

825

00:39:20,790 --> 00:39:18,880

who tell them things right

826

00:39:23,430 --> 00:39:20,800

you can look at the stargate

827

00:39:26,390 --> 00:39:23,440

collection there's plenty of books

828

00:39:29,109 --> 00:39:26,400

um or i'm sure there's videos too

829

00:39:31,430 --> 00:39:29,119

but i would just be very selective with

830

00:39:33,589 --> 00:39:31,440

um what you're searching out you know

831

00:39:36,150 --> 00:39:33,599

because

832

00:39:38,790 --> 00:39:36,160

like dude was saying earlier um not me

833

00:39:40,150 --> 00:39:38,800

dude the other dude

834

00:39:45,109 --> 00:39:40,160

michael

835

00:39:48,069 --> 00:39:45,119

you know swan schools is charges for

836

00:39:51,190 --> 00:39:48,079

classes you don't need to

837

00:39:52,950 --> 00:39:51,200

do like i would say

838

00:39:55,270 --> 00:39:52,960

first of all

839

00:39:57,190 --> 00:39:55,280

i'm no authority to speak on it again

840

00:39:59,430 --> 00:39:57,200

i guess but try to

841

00:40:02,069 --> 00:39:59,440

do things you know without paying

842

00:40:04,150 --> 00:40:02,079

money and if you get hit a wall and you

843

00:40:06,550 --> 00:40:04,160

can't get any further with it

844

00:40:10,470 --> 00:40:08,230

then maybe you can search out other

845

00:40:12,230 --> 00:40:10,480

things that you know you may have to pay

846

00:40:14,230 --> 00:40:12,240

something for because you know i'm a

847

00:40:17,270 --> 00:40:14,240

musician i can write songs and do stuff

848

00:40:19,430 --> 00:40:17,280

and play my guitar all day long for free

849

00:40:21,349 --> 00:40:19,440

and i can practice all day long for free

850

00:40:25,109 --> 00:40:21,359

but i'm always going to hit a wall to

851
00:40:26,950 --> 00:40:25,119
where i knew need help or an instructor

852
00:40:29,270 --> 00:40:26,960
to to help me with my patterns or

853
00:40:30,950 --> 00:40:29,280
something to just get me that extra mile

854
00:40:33,589 --> 00:40:30,960
and that's just kind of how it is for

855
00:40:37,349 --> 00:40:35,270
all right so this one

856
00:40:39,430 --> 00:40:37,359
active funding for parapsychology now

857
00:40:41,990 --> 00:40:39,440
has shifted to the air force

858
00:40:42,790 --> 00:40:42,000
ftd

859
00:40:44,470 --> 00:40:42,800
so

860
00:40:45,910 --> 00:40:44,480
you know why that's interesting

861
00:40:51,270 --> 00:40:45,920
so right here

862
00:40:54,950 --> 00:40:52,710
so

863
00:40:58,950 --> 00:40:54,960

why that was interesting to me

864

00:41:03,750 --> 00:41:01,030

foreign technology division

865

00:41:09,109 --> 00:41:03,760

wright-patterson air force base

866

00:41:09,119 --> 00:41:12,230

so you know

867

00:41:17,349 --> 00:41:13,750

it's just interesting that it's in the

868

00:41:24,470 --> 00:41:20,950

you know i went through this before

869

00:41:29,829 --> 00:41:24,480

all the ufo stuff started

870

00:41:35,030 --> 00:41:32,230

they gave these stupid names

871

00:41:38,069 --> 00:41:35,040

code names to it

872

00:41:39,510 --> 00:41:38,079

like uh grudge and blue book

873

00:41:41,670 --> 00:41:39,520

um so when you heard blue book and all

874

00:41:43,589 --> 00:41:41,680

that stuff like the

875

00:41:48,550 --> 00:41:43,599

it was attic

876

00:41:52,230 --> 00:41:48,560

was was doing the work um in osi

877

00:41:55,670 --> 00:41:53,510

and then they turned into foreign

878

00:41:58,630 --> 00:41:55,680

technology division

879

00:42:00,829 --> 00:41:58,640

which then you know where we are now who

880

00:42:05,190 --> 00:42:00,839

is supposedly going to keep studying it

881

00:42:07,069 --> 00:42:05,200

is what attic and ftd was turned into um

882

00:42:10,069 --> 00:42:07,079

national

883

00:42:12,069 --> 00:42:10,079

n-a-i-s-c i want to say it is

884

00:42:13,510 --> 00:42:12,079

dave

885

00:42:16,710 --> 00:42:13,520

we're attic

886

00:42:19,349 --> 00:42:16,720

literally the lineage

887

00:42:21,910 --> 00:42:19,359

goes up to that so it's very interesting

888

00:42:23,670 --> 00:42:21,920

to me that all this kind of stuff

889

00:42:25,510 --> 00:42:23,680

is going on and it winds up going to the

890

00:42:27,349 --> 00:42:25,520

same group i don't know if that's

891

00:42:29,510 --> 00:42:27,359

finalized or not by the way but that was

892

00:42:31,829 --> 00:42:29,520

like an idea to the same group at

893

00:42:37,990 --> 00:42:31,839

wright-patterson air force base

894

00:42:40,710 --> 00:42:38,870

all right

895

00:42:45,270 --> 00:42:40,720

people speaking in facts are the few

896

00:42:52,790 --> 00:42:47,750

that's a good one

897

00:42:55,750 --> 00:42:52,800

uh the low files

898

00:42:58,390 --> 00:42:55,760

i'll check that out for sure

899

00:42:59,829 --> 00:42:58,400

thanks for letting me know

900

00:43:03,430 --> 00:42:59,839

yeah the list things we can do is

901
00:43:09,910 --> 00:43:05,910
you know in indies

902
00:43:16,230 --> 00:43:13,670
here actually there's one really

903
00:43:17,670 --> 00:43:16,240
interesting thing

904
00:43:19,349 --> 00:43:17,680
so in that same video i was playing

905
00:43:21,510 --> 00:43:19,359
clips of earlier that you can just find

906
00:43:23,430 --> 00:43:21,520
on youtube it was a pbs one i know

907
00:43:26,069 --> 00:43:23,440
matthew i'm just teasing

908
00:43:27,750 --> 00:43:26,079
um

909
00:43:29,670 --> 00:43:27,760
they experimented with

910
00:43:31,510 --> 00:43:29,680
pretty much implanting thoughts in

911
00:43:34,870 --> 00:43:31,520
someone's head as they sleep and they

912
00:43:37,829 --> 00:43:36,230
and which is weird to me because i talk

913
00:43:43,270 --> 00:43:37,839

in my sleep almost every night i wonder

914

00:43:47,510 --> 00:43:45,430

um

915

00:43:49,349 --> 00:43:47,520

and then they show this guy who first

916

00:43:51,670 --> 00:43:49,359

started this experiment with these

917

00:43:53,349 --> 00:43:51,680

lights and it's programmed and they have

918

00:43:57,589 --> 00:43:53,359

people looking at it and

919

00:43:59,349 --> 00:43:57,599

it the lights go off in random ways

920

00:44:00,870 --> 00:43:59,359

and they want them to make it go

921

00:44:02,630 --> 00:44:00,880

clockwise

922

00:44:04,069 --> 00:44:02,640

one lady did it

923

00:44:06,390 --> 00:44:04,079

the other guy made it go

924

00:44:07,349 --> 00:44:06,400

counterclockwise and then in the random

925

00:44:11,589 --> 00:44:07,359

way

926
00:44:16,550 --> 00:44:12,950
and then they have a counterpoint guy

927
00:44:21,510 --> 00:44:18,309
take a take a big enough

928
00:44:23,349 --> 00:44:21,520
that's not an anomaly right

929
00:44:25,109 --> 00:44:23,359
you know

930
00:44:29,430 --> 00:44:25,119
anyway talk about how it's like two

931
00:44:31,030 --> 00:44:29,440
percent over average or whatever

932
00:44:33,349 --> 00:44:31,040
and it's not enough to do anything with

933
00:44:34,870 --> 00:44:33,359
but it's enough to you know if you do it

934
00:44:37,510 --> 00:44:34,880
enough and over time and it's

935
00:44:39,829 --> 00:44:37,520
transferable to other scientists that's

936
00:44:42,150 --> 00:44:39,839
you know proof that something is there

937
00:44:43,589 --> 00:44:42,160
and sure enough

938
00:44:45,510 --> 00:44:43,599

that's what wound up happening so

939

00:44:48,309 --> 00:44:45,520

everyone else started doing this and got

940

00:44:51,270 --> 00:44:48,319

the same results

941

00:44:55,349 --> 00:44:51,280

now that's like psycho energetics almost

942

00:44:59,829 --> 00:44:58,309

that's pretty

943

00:45:02,470 --> 00:44:59,839

you know and the reason i'm getting more

944

00:45:08,150 --> 00:45:02,480

interested in this is

945

00:45:13,910 --> 00:45:10,550

i wonder if there's a way to produce uh

946

00:45:16,470 --> 00:45:13,920

you know an illumination of light

947

00:45:23,270 --> 00:45:18,950

with your brain with your mind you know

948

00:45:27,270 --> 00:45:25,109

that would be

949

00:45:30,390 --> 00:45:27,280

and is could that be a possible thing

950

00:45:35,430 --> 00:45:30,400

that we see in the sky you know

951
00:45:38,870 --> 00:45:37,430
or affect my

952
00:45:41,349 --> 00:45:38,880
you know

953
00:45:43,349 --> 00:45:41,359
actions to a certain extent

954
00:45:45,510 --> 00:45:43,359
would they be able to produce something

955
00:45:49,510 --> 00:45:45,520
like that like a light

956
00:46:08,630 --> 00:45:51,190
i

957
00:46:12,829 --> 00:46:10,630
and that's

958
00:46:18,309 --> 00:46:12,839
a lot of people

959
00:46:18,319 --> 00:46:23,190
so maybe there's something to that

960
00:46:23,200 --> 00:46:30,069
maybe there is something to that

961
00:46:33,190 --> 00:46:31,589
the interest you know

962
00:46:34,950 --> 00:46:33,200
what

963
00:46:36,950 --> 00:46:34,960

so this

964

00:46:39,430 --> 00:46:36,960

this book that came out let's change

965

00:46:43,349 --> 00:46:39,440

subjects here

966

00:46:44,870 --> 00:46:43,359

uh skinwalker book

967

00:46:51,109 --> 00:46:44,880

yes you know

968

00:46:55,030 --> 00:46:52,870

yeah you know

969

00:46:57,030 --> 00:46:55,040

joshua the funny thing is you know the

970

00:46:59,750 --> 00:46:57,040

the

971

00:47:03,030 --> 00:46:59,760

sensory deprivation kind of aspect of it

972

00:47:05,190 --> 00:47:03,040

it's it's interesting to me that

973

00:47:06,630 --> 00:47:05,200

when this works is when you're able to

974

00:47:09,030 --> 00:47:06,640

quiet

975

00:47:10,390 --> 00:47:09,040

everything else out enough

976
00:47:13,829 --> 00:47:10,400
you know

977
00:47:17,750 --> 00:47:13,839
and then that makes you think like um

978
00:47:21,510 --> 00:47:17,760
are senses a detriment almost

979
00:47:30,230 --> 00:47:22,829
so did

980
00:47:33,349 --> 00:47:31,349
you know

981
00:47:34,309 --> 00:47:33,359
very interesting or how would we be able

982
00:47:37,990 --> 00:47:34,319
to

983
00:47:40,069 --> 00:47:38,000
um you know combine the two

984
00:47:42,870 --> 00:47:40,079
how could we combine successfully being

985
00:47:46,630 --> 00:47:42,880
alert and using our senses

986
00:47:53,349 --> 00:47:50,230
kenneth chris dr kenneth chris

987
00:48:00,470 --> 00:47:56,109
attention is can by confined to

988
00:48:03,030 --> 00:48:01,270

the

989

00:48:04,870 --> 00:48:03,040

purported ability of a person to

990

00:48:08,069 --> 00:48:04,880

interact with the machine or other

991

00:48:11,030 --> 00:48:08,079

object by explained means remote viewing

992

00:48:12,549 --> 00:48:11,040

is it can declare voice in that a person

993

00:48:14,710 --> 00:48:12,559

claims to sense

994

00:48:19,430 --> 00:48:14,720

information about a site or person

995

00:48:25,349 --> 00:48:22,549

anecdotal reports vsp capabilities have

996

00:48:26,549 --> 00:48:25,359

reached u.s national security agencies

997

00:48:29,750 --> 00:48:26,559

at least

998

00:48:32,309 --> 00:48:29,760

since world war ii when hitler was said

999

00:48:34,710 --> 00:48:32,319

to rely on astrologers

1000

00:48:36,549 --> 00:48:34,720

and sears

1001
00:48:38,710 --> 00:48:36,559
suggestions for military applications of

1002
00:48:40,630 --> 00:48:38,720
esp continued to be

1003
00:48:44,630 --> 00:48:40,640
received after world war ii for example

1004
00:48:47,670 --> 00:48:44,640
in 1952 the dod was lectured on possible

1005
00:48:50,069 --> 00:48:47,680
usefulness of extrasensory perception

1006
00:48:50,950 --> 00:48:50,079
and psychological warfare

1007
00:48:53,430 --> 00:48:50,960
well

1008
00:48:58,870 --> 00:48:53,440
i'd love to hear that

1009
00:49:02,870 --> 00:49:00,630
you know

1010
00:49:06,790 --> 00:49:02,880
how can we use this to just screw each

1011
00:49:06,800 --> 00:49:11,030
goes around comes around

1012
00:49:16,790 --> 00:49:13,910
so i'll have to look into

1013
00:49:19,270 --> 00:49:16,800

this project oh that's mk ultra that was

1014

00:49:21,910 --> 00:49:19,280

awful under the auspices of project

1015

00:49:24,069 --> 00:49:21,920

ultra abrams prepared a review article

1016

00:49:26,230 --> 00:49:24,079

which claimed esp was demonstrated but

1017

00:49:27,910 --> 00:49:26,240

not understood or controllable the

1018

00:49:30,790 --> 00:49:27,920

report was read with interest but

1019

00:49:32,230 --> 00:49:30,800

produced no further action for another

1020

00:49:34,950 --> 00:49:32,240

decade

1021

00:49:37,270 --> 00:49:34,960

then two laser physicist

1022

00:49:43,190 --> 00:49:37,280

targ buddha reawakened

1023

00:49:43,200 --> 00:49:47,349

interesting

1024

00:49:52,470 --> 00:49:49,430

targ met with cia personnel from the

1025

00:49:53,910 --> 00:49:52,480

office of scientific intelligence osi

1026

00:50:01,349 --> 00:49:53,920

here's another

1027

00:50:01,359 --> 00:50:05,990

you know osi

1028

00:50:09,190 --> 00:50:07,510

they're the ones hitting all these

1029

00:50:11,190 --> 00:50:09,200

encounters at least from the documents i

1030

00:50:13,910 --> 00:50:11,200

have over you know thousands of them is

1031

00:50:16,069 --> 00:50:13,920

always a special asian osi special agent

1032

00:50:18,950 --> 00:50:16,079

and we hear the skinwalker

1033

00:50:21,829 --> 00:50:18,960

uh at the pentagon book

1034

00:50:23,190 --> 00:50:21,839

one of the people that was

1035

00:50:24,710 --> 00:50:23,200

i don't want to say the wrong thing but

1036

00:50:27,990 --> 00:50:24,720

he was a part of it or helping or

1037

00:50:29,589 --> 00:50:28,000

something was a 20-year osi

1038

00:50:32,230 --> 00:50:29,599

agent i think he was like trying to help

1039

00:50:39,670 --> 00:50:32,240

get information or something

1040

00:50:43,270 --> 00:50:41,430

a man was found by target put off who

1041

00:50:44,230 --> 00:50:43,280

apparently had

1042

00:50:46,309 --> 00:50:44,240

psycho

1043

00:50:47,750 --> 00:50:46,319

abilities he was taken on a surprise

1044

00:50:50,150 --> 00:50:47,760

visit

1045

00:50:51,750 --> 00:50:50,160

to his super conducting shielded

1046

00:50:54,870 --> 00:50:51,760

wow

1047

00:50:59,430 --> 00:50:54,880

magnetometer being used in quark high

1048

00:51:04,069 --> 00:51:01,190

quark experiment required that the

1049

00:51:08,150 --> 00:51:04,079

magnum be as well shielded as technology

1050

00:51:14,069 --> 00:51:10,630

indicating a change in the internal

1051

00:51:14,079 --> 00:51:20,549

the output signal is visibly disturbed

1052

00:51:20,559 --> 00:51:27,589

pretty interesting

1053

00:51:27,599 --> 00:51:33,030

uh well i think grandmaster it's uh

1054

00:51:37,349 --> 00:51:35,430

that's a good question because osi does

1055

00:51:39,030 --> 00:51:37,359

have like a

1056

00:51:41,270 --> 00:51:39,040

science and tech division i think

1057

00:51:43,829 --> 00:51:41,280

doesn't it

1058

00:51:47,270 --> 00:51:43,839

targ met with cia personnel from the

1059

00:51:52,710 --> 00:51:47,280

office of scientific intelligence

1060

00:52:00,390 --> 00:51:57,030

yeah so that's not air force osi

1061

00:52:00,400 --> 00:52:08,549

there you go

1062

00:52:12,069 --> 00:52:10,390

so the office of tech services took the

1063

00:52:14,230 --> 00:52:12,079

first action with the approval of c

1064

00:52:17,510 --> 00:52:14,240

manager who supported the esp studies a

1065

00:52:19,109 --> 00:52:17,520

decade previously an ots project officer

1066

00:52:21,510 --> 00:52:19,119

contracted for a demonstration with the

1067

00:52:24,230 --> 00:52:21,520

previously described subject at sri for

1068

00:52:27,510 --> 00:52:24,240

a cost of 874 bucks

1069

00:52:29,510 --> 00:52:27,520

one ots and one ord representative

1070

00:52:31,030 --> 00:52:29,520

worked with target and pudov and the

1071

00:52:32,470 --> 00:52:31,040

previously mentioned man for a few days

1072

00:52:34,549 --> 00:52:32,480

in august 72

1073

00:52:36,630 --> 00:52:34,559

during the demo the subject was asked to

1074

00:52:39,190 --> 00:52:36,640

describe objects hidden out of sight by

1075

00:52:41,510 --> 00:52:39,200

the cia personnel the subject did well

1076

00:52:43,829 --> 00:52:41,520

the descriptions were so startling

1077

00:52:46,950 --> 00:52:43,839

starting lee i can't man that's a tongue

1078

00:52:48,790 --> 00:52:46,960

twister accurate that the ots and ord

1079

00:52:51,349 --> 00:52:48,800

representatives suggested that the work

1080

00:52:53,109 --> 00:52:51,359

be continued and expanded same director

1081

00:52:55,190 --> 00:52:53,119

of ots reviewed the data approved

1082

00:52:57,990 --> 00:52:55,200

another 2 500 bucks

1083

00:53:00,710 --> 00:52:58,000

2500 work order and encouraged the

1084

00:53:03,030 --> 00:53:00,720

development of a more complete research

1085

00:53:07,270 --> 00:53:05,589

by 72 i was a project officer i was

1086

00:53:09,990 --> 00:53:07,280

chosen because of my physics background

1087

00:53:11,990 --> 00:53:10,000

to work with the physicist from sri the

1088

00:53:14,950 --> 00:53:12,000

office of technical services blah blah

1089

00:53:18,069 --> 00:53:14,960

blah

1090

00:53:19,910 --> 00:53:18,079

there's more good stuff in here

1091

00:53:24,230 --> 00:53:19,920

and most of us know

1092

00:53:29,190 --> 00:53:25,670

about um

1093

00:53:33,990 --> 00:53:29,200

you know sri right and monroe

1094

00:53:42,150 --> 00:53:36,150

but there is one thing

1095

00:53:42,160 --> 00:53:46,230

and i will

1096

00:53:50,150 --> 00:53:47,910

i'll give it to you here

1097

00:53:53,990 --> 00:53:50,160

soon so hang with me

1098

00:53:58,549 --> 00:53:55,349

yeah i'm not

1099

00:54:01,430 --> 00:53:58,559

you know i'm not a nuts kind of kind of

1100

00:54:06,790 --> 00:54:03,829

well i can be nuts i guess but

1101

00:54:08,150 --> 00:54:06,800

you know i'm not a a big uh

1102

00:54:09,589 --> 00:54:08,160

this is going to be great you can't miss

1103

00:54:11,109 --> 00:54:09,599

a kind of thing but

1104

00:54:13,910 --> 00:54:11,119

this is going to be great you can't miss

1105

00:54:13,920 --> 00:54:17,190

so i'm just going to

1106

00:54:20,309 --> 00:54:18,870

i'm not going to go into too much of

1107

00:54:23,670 --> 00:54:20,319

what it is

1108

00:54:26,950 --> 00:54:23,680

other than just the brief

1109

00:54:31,270 --> 00:54:30,230

and you can make up your own mind and

1110

00:54:33,670 --> 00:54:31,280

find it

1111

00:54:35,990 --> 00:54:33,680

more about it which i would think you'll

1112

00:54:36,829 --> 00:54:36,000

want to do

1113

00:54:38,630 --> 00:54:36,839

because

1114

00:54:45,670 --> 00:54:38,640

this

1115

00:54:48,390 --> 00:54:45,680

and i don't know if it's still funded

1116

00:54:50,870 --> 00:54:48,400

by washington

1117

00:54:53,190 --> 00:54:50,880

or maybe it's the cia forget

1118

00:54:54,710 --> 00:54:53,200

maybe it says in here

1119

00:54:55,829 --> 00:54:54,720

but these

1120

00:54:57,589 --> 00:54:55,839

this group

1121

00:54:59,750 --> 00:54:57,599

is supposed to be

1122

00:55:03,589 --> 00:54:59,760

way

1123

00:55:11,270 --> 00:55:03,599

more intense than sri was

1124

00:55:17,510 --> 00:55:14,230

mind control and this is any was i found

1125

00:55:26,069 --> 00:55:17,520

this in a overt operations manual on the

1126

00:55:26,079 --> 00:55:30,230

so that's um

1127

00:55:34,230 --> 00:55:31,270

it's pretty

1128

00:55:40,549 --> 00:55:34,240

intense

1129

00:55:44,309 --> 00:55:42,549

and you're gonna find some pretty

1130

00:55:47,030 --> 00:55:44,319

intense things

1131

00:55:49,190 --> 00:55:47,040

um i guess

1132

00:55:51,430 --> 00:55:49,200

it's some of it's like james bond crazy

1133

00:55:53,750 --> 00:55:51,440

spy stuff so

1134

00:55:55,349 --> 00:55:53,760

check that out

1135

00:55:57,030 --> 00:55:55,359

because it's yeah so the story of

1136

00:55:59,829 --> 00:55:57,040

mankind research maybe i'll just find

1137

00:56:00,789 --> 00:55:59,839

the document for you on cia's website

1138

00:56:04,950 --> 00:56:00,799

quick

1139

00:56:04,960 --> 00:56:08,870

read it for yourself

1140

00:56:12,789 --> 00:56:10,950

um and if i'm not supposed to show this

1141

00:56:20,390 --> 00:56:12,799

they're probably gonna get my head and

1142

00:56:20,400 --> 00:56:30,390

let me find it yeah um

1143

00:56:33,670 --> 00:56:31,910

yeah you should read it for yourself for

1144

00:56:35,030 --> 00:56:33,680

sure and that picture is just a little

1145

00:56:38,230 --> 00:56:35,040

too

1146

00:56:40,390 --> 00:56:39,109

yeah

1147

00:56:43,589 --> 00:56:40,400

i'm not gonna leave you hanging and i

1148

00:56:47,589 --> 00:56:45,270

but i'm sure

1149

00:56:50,950 --> 00:56:47,599

you can find it yourself

1150

00:56:57,829 --> 00:56:50,960

oh a national over propaganda policy

1151
00:57:00,950 --> 00:56:59,750
wow

1152
00:57:05,430 --> 00:57:00,960
okay

1153
00:57:12,710 --> 00:57:08,710
here take that with you

1154
00:57:17,349 --> 00:57:14,470
all right robert yeah you take care man

1155
00:57:19,750 --> 00:57:17,359
yeah search them are you

1156
00:57:20,549 --> 00:57:19,760
it's pretty intense

1157
00:57:22,789 --> 00:57:20,559
and

1158
00:57:26,309 --> 00:57:22,799
um yeah secret agent spy kind of stuff

1159
00:57:28,470 --> 00:57:26,319
so look look at it

1160
00:57:31,990 --> 00:57:28,480
you definitely should

1161
00:57:34,390 --> 00:57:32,000
and with that i'm gonna get out of here

1162
00:57:36,390 --> 00:57:34,400
so i hope i covered it enough i know you

1163
00:57:39,190 --> 00:57:36,400

know i'm not a pro with uh

1164

00:57:40,789 --> 00:57:39,200

not really pro with anything but

1165

00:57:41,829 --> 00:57:40,799

with remote viewing and all that stuff

1166

00:57:43,589 --> 00:57:41,839

but

1167

00:57:45,270 --> 00:57:43,599

i think it's interesting

1168

00:57:47,349 --> 00:57:45,280

i'll

1169

00:57:48,710 --> 00:57:47,359

probably look into it more maybe even

1170

00:57:50,789 --> 00:57:48,720

try

1171

00:57:52,069 --> 00:57:50,799

some different stuff myself

1172

00:57:54,390 --> 00:57:52,079

um

1173

00:57:56,630 --> 00:57:54,400

and see how it goes and i can let you

1174

00:57:58,630 --> 00:57:56,640

know what happens

1175

00:58:00,390 --> 00:57:58,640

if you're interested

1176

00:58:02,390 --> 00:58:00,400

um because that's something you know i

1177

00:58:06,829 --> 00:58:02,400

think i would be pretty good at

1178

00:58:15,270 --> 00:58:09,030

unlimited yeah i'll put that back up for

1179

00:58:15,280 --> 00:58:22,390

put that back up

1180

00:58:22,400 --> 00:58:26,470

and i guess

1181

00:58:30,710 --> 00:58:28,710

oh here it is i found it okay it's in

1182

00:58:33,430 --> 00:58:30,720

the special technology issue i found the

1183

00:58:40,069 --> 00:58:36,390

so i'll put that in there and you can

1184

00:58:40,079 --> 00:58:47,510

there it is

1185

00:58:51,030 --> 00:58:48,789

and

1186

00:58:53,190 --> 00:58:51,040

did

1187

00:59:00,950 --> 00:58:53,200

yeah i should just

1188

00:59:06,789 --> 00:59:04,630

but it's pretty it's it's pretty nuts

1189

00:59:10,150 --> 00:59:06,799

to be quite honest

1190

00:59:14,150 --> 00:59:10,160

here so let's just actually check it out

1191

00:59:17,829 --> 00:59:14,160

so i'm just going to skip to it

1192

00:59:17,839 --> 00:59:22,710

15.

1193

00:59:31,589 --> 00:59:23,670

so

1194

00:59:39,589 --> 00:59:33,589

various branches of the us government

1195

00:59:45,510 --> 00:59:42,789

cia spending millions of dollars yep

1196

00:59:47,829 --> 00:59:45,520

okay here it is to finance an obscure

1197

00:59:50,870 --> 00:59:47,839

district of columbia corporation called

1198

00:59:53,270 --> 00:59:50,880

mankind research unlimited

1199

00:59:55,670 --> 00:59:53,280

cia are spending millions of dollars to

1200

00:59:59,030 --> 00:59:55,680

finance an obscure district of columbia

1201
01:00:01,510 --> 00:59:59,040
corporation called mankind research

1202
01:00:03,990 --> 01:00:01,520
unlimited the personnel of this bizarre

1203
01:00:05,750 --> 01:00:04,000
company and its affiliates and subsidies

1204
01:00:07,670 --> 01:00:05,760
are some of the most frightening

1205
01:00:12,309 --> 01:00:07,680
scientists the government has at its

1206
01:00:12,319 --> 01:00:15,990
multis

1207
01:00:16,000 --> 01:00:22,390
jargon of its brochures is mind control

1208
01:00:28,309 --> 01:00:23,990
so you can look at some of the names

1209
01:00:34,390 --> 01:00:31,349
uh paul sullivan right here maybe down

1210
01:00:36,230 --> 01:00:34,400
here the man who wanted the schematic

1211
01:00:39,750 --> 01:00:36,240
specializing in the detection and

1212
01:00:42,390 --> 01:00:39,760
analysis of life energy emissions in the

1213
01:00:47,190 --> 01:00:42,400

words of mru's brochure

1214

01:00:51,510 --> 01:00:48,789

brochure begins with an explanation of

1215

01:00:53,990 --> 01:00:51,520

the company's background it's a district

1216

01:00:56,549 --> 01:00:54,000

of columbia corporation wholly owned

1217

01:00:58,470 --> 01:00:56,559

subsidiary of system consultants

1218

01:01:01,349 --> 01:00:58,480

incorporated

1219

01:01:03,910 --> 01:01:01,359

which is also called sci

1220

01:01:05,990 --> 01:01:03,920

interesting

1221

01:01:07,990 --> 01:01:06,000

oh that's sri and i'm just having like

1222

01:01:13,270 --> 01:01:08,000

adhd okay

1223

01:01:18,950 --> 01:01:16,150

it's creepy

1224

01:01:20,950 --> 01:01:18,960

magnetic field gradients with a dowsing

1225

01:01:22,829 --> 01:01:20,960

reaction zones finally mru's fourth

1226

01:01:25,670 --> 01:01:22,839

field of interest is

1227

01:01:27,589 --> 01:01:25,680

psycho psychophysics

1228

01:01:29,589 --> 01:01:27,599

this includes bioluminescent

1229

01:01:31,430 --> 01:01:29,599

applications claims to be the first

1230

01:01:33,510 --> 01:01:31,440

organization to obtain government grant

1231

01:01:35,990 --> 01:01:33,520

to explore the use of

1232

01:01:38,470 --> 01:01:36,000

curling photography as a diagnostic

1233

01:01:43,349 --> 01:01:38,480

technique

1234

01:01:47,510 --> 01:01:45,589

mru facilities are located in seven

1235

01:01:49,670 --> 01:01:47,520

states mountain view los altos

1236

01:01:52,510 --> 01:01:49,680

california mru scientists studying

1237

01:01:54,549 --> 01:01:52,520

advanced sensor technology have tested

1238

01:01:57,349 --> 01:01:54,559

psychoacoustical transmitters that

1239

01:01:59,109 --> 01:01:57,359

produce sound patterns termed infrared

1240

01:02:01,510 --> 01:01:59,119

and ultrasonic

1241

01:02:04,549 --> 01:02:01,520

that interact with brain cells and wipe

1242

01:02:11,510 --> 01:02:04,559

them clean of all information that's

1243

01:02:11,520 --> 01:02:15,750

like the movie

1244

01:02:15,760 --> 01:02:19,670

oh here he comes christopher bird

1245

01:02:19,680 --> 01:02:21,910

so

1246

01:02:21,920 --> 01:02:25,190

you can look that guy up

1247

01:02:29,750 --> 01:02:27,430

i did

1248

01:02:35,510 --> 01:02:29,760

and then too bad robert left he'd

1249

01:02:40,630 --> 01:02:37,670

so he'll have to come back but uh rand

1250

01:02:42,789 --> 01:02:40,640

development cia ties were made public as

1251

01:02:45,029 --> 01:02:42,799

a result of an interior department's

1252

01:02:48,950 --> 01:02:45,039

expense inquiry reported in the new york

1253

01:02:52,789 --> 01:02:51,109

iran development was one of the first

1254

01:02:56,150 --> 01:02:52,799

private corporations to undertake

1255

01:02:57,589 --> 01:02:56,160

negotiations with the soviet union

1256

01:03:04,789 --> 01:02:57,599

for the exchange and purchase of

1257

01:03:11,109 --> 01:03:06,549

wow we're getting we're getting into the

1258

01:03:15,510 --> 01:03:13,029

and the baxter effect

1259

01:03:18,230 --> 01:03:15,520

a menace well

1260

01:03:21,029 --> 01:03:18,240

bird describes salvin who is ordained as

1261

01:03:22,630 --> 01:03:21,039

a minister of psychic science temple of

1262

01:03:25,029 --> 01:03:22,640

metaphysics

1263

01:03:26,789 --> 01:03:25,039

as a strong pacifist abhorrent of the

1264

01:03:29,029 --> 01:03:26,799

use of thought of controlled weapons

1265

01:03:31,510 --> 01:03:29,039

though he has taken out

1266

01:03:36,390 --> 01:03:31,520

business certificates on such devices

1267

01:03:36,400 --> 01:03:40,710

well

1268

01:03:46,630 --> 01:03:44,150

secret life of plants

1269

01:03:49,190 --> 01:03:46,640

we're part of a cia dispro

1270

01:03:51,990 --> 01:03:49,200

disinformation campaign and only the

1271

01:03:56,829 --> 01:03:52,000

soviets know how many rubles were spent

1272

01:03:56,839 --> 01:04:01,430

phenomenon well

1273

01:04:05,670 --> 01:04:03,190

you know what

1274

01:04:08,470 --> 01:04:05,680

i bet they have something to do with

1275

01:04:11,750 --> 01:04:08,480

this ufo stuff

1276

01:04:13,190 --> 01:04:11,760

it just is like uh rand corporation

1277

01:04:14,230 --> 01:04:13,200

bird

1278

01:04:16,789 --> 01:04:14,240

i don't know

1279

01:04:19,910 --> 01:04:16,799

exactly christopher bird but you know

1280

01:04:25,270 --> 01:04:19,920

there's something with uh birds and

1281

01:04:31,270 --> 01:04:27,510

induced influence noise on spatial

1282

01:04:35,270 --> 01:04:33,349

yeah

1283

01:04:37,190 --> 01:04:35,280

i mean this is some creepy stuff and

1284

01:04:45,670 --> 01:04:37,200

they still exist you can just go look

1285

01:04:45,680 --> 01:04:49,029

and it looks like they

1286

01:04:49,039 --> 01:04:53,190

going pretty deep here

1287

01:05:00,230 --> 01:04:58,230

mru's russian technical translator bio

1288

01:05:03,750 --> 01:05:00,240

cybernetics researcher was born and

1289

01:05:09,430 --> 01:05:05,750

look at this

1290

01:05:13,430 --> 01:05:09,440

don't you feel like that

1291

01:05:13,440 --> 01:05:18,470

work pay your bills

1292

01:05:24,309 --> 01:05:20,150

that's what your life should be

1293

01:05:29,910 --> 01:05:27,510

so this is a big uh article in here

1294

01:05:32,870 --> 01:05:29,920

further information sought on my net

1295

01:05:34,870 --> 01:05:32,880

drug testings dear wow somebody uh is

1296

01:05:36,549 --> 01:05:34,880

writing this this seems interesting

1297

01:05:38,470 --> 01:05:36,559

dear covert action i am interested in

1298

01:05:40,150 --> 01:05:38,480

obtaining information about the cia role

1299

01:05:41,670 --> 01:05:40,160

in human experiment now we know what

1300

01:05:44,150 --> 01:05:41,680

that is

1301

01:05:47,109 --> 01:05:44,160

drug use since world war ii

1302

01:05:47,119 --> 01:05:56,870

since world war ii

1303

01:05:59,910 --> 01:05:58,390

it's a nasty

1304

01:06:04,309 --> 01:05:59,920

nasty

1305

01:06:09,109 --> 01:06:06,549

to peaceful activities mru is rather

1306

01:06:12,470 --> 01:06:09,119

short of pacifist's staffs its staff

1307

01:06:15,270 --> 01:06:12,480

includes a group of dr strangeloves with

1308

01:06:17,910 --> 01:06:15,280

multiple ties to the armaments aerospace

1309

01:06:19,910 --> 01:06:17,920

military and intelligence establishment

1310

01:06:23,190 --> 01:06:19,920

there's undoubtedly much more to the

1311

01:06:24,710 --> 01:06:23,200

scientific areas in which mru works

1312

01:06:26,549 --> 01:06:24,720

then the government would like the

1313

01:06:28,309 --> 01:06:26,559

ordinary citizen to realize the

1314

01:06:30,950 --> 01:06:28,319

scientists are not crackpots but they

1315

01:06:33,750 --> 01:06:30,960

are no better than the mk ultra

1316

01:06:36,630 --> 01:06:33,760

researchers of the past decades peaceful

1317

01:06:40,870 --> 01:06:36,640

applications of their research are the

1318

01:06:43,430 --> 01:06:41,990

oh

1319

01:06:44,230 --> 01:06:43,440

that's i remember that's how i found

1320

01:06:47,670 --> 01:06:44,240

that

1321

01:06:50,230 --> 01:06:47,680

church committee

1322

01:06:52,710 --> 01:06:50,240

that ties into what spaghetti has talked

1323

01:06:59,109 --> 01:06:52,720

about here before it which is

1324

01:07:04,150 --> 01:07:00,870

was this disclosed

1325

01:07:06,549 --> 01:07:04,160

i've never heard this stuff before

1326

01:07:07,829 --> 01:07:06,559

but it's just in the their foyer reading

1327

01:07:09,750 --> 01:07:07,839

room

1328

01:07:12,710 --> 01:07:09,760

i'll show you

1329

01:07:15,589 --> 01:07:12,720

what so they always they have a series

1330

01:07:18,390 --> 01:07:15,599

of these that came out

1331

01:07:20,630 --> 01:07:18,400

uh covert action information bulletin

1332

01:07:23,109 --> 01:07:20,640

this is a special technology issue that

1333

01:07:24,470 --> 01:07:23,119

came out in june in 1980 and only cost

1334

01:07:25,829 --> 01:07:24,480

two dollars

1335

01:07:33,589 --> 01:07:25,839

uh looked like it was approved for

1336

01:07:39,270 --> 01:07:35,829

yeah that that church committee was uh

1337

01:07:39,280 --> 01:07:44,630

frank church

1338

01:07:47,750 --> 01:07:45,990

so that's something that you guys should

1339

01:07:49,510 --> 01:07:47,760

uh probably look at and see how you feel

1340

01:07:53,589 --> 01:07:49,520

about it because it's pretty messed up

1341

01:07:58,950 --> 01:07:57,190

especially in like not knowing that

1342

01:08:03,670 --> 01:07:58,960

looks like the secrets are safe even in

1343

01:08:07,910 --> 01:08:05,990

i don't know what that sp what do you

1344

01:08:15,029 --> 01:08:07,920

mean disclosed it's in the reading room

1345

01:08:18,470 --> 01:08:16,470

there's a lot of stuff in there that

1346

01:08:20,709 --> 01:08:18,480

they don't just come out and tell you

1347

01:08:22,470 --> 01:08:20,719

you know oh here here's this document

1348

01:08:24,950 --> 01:08:22,480

came out let me tell you about it that's

1349

01:08:26,229 --> 01:08:24,960

not how it how they do it you know

1350

01:08:29,990 --> 01:08:26,239

they just

1351

01:08:30,950 --> 01:08:30,000

unclassified documents and usually it's

1352

01:08:33,430 --> 01:08:30,960

every

1353

01:08:35,510 --> 01:08:33,440

you know whatever amount of years that

1354

01:08:36,709 --> 01:08:35,520

they just have to do that

1355

01:08:41,269 --> 01:08:36,719

i don't know that they have to do it

1356

01:08:41,279 --> 01:08:43,910

um

1357

01:08:47,430 --> 01:08:45,510

but yeah

1358

01:08:48,789 --> 01:08:47,440

it and that's just how it works but they

1359

01:08:50,149 --> 01:08:48,799

put it in there and you have to go find

1360

01:08:51,189 --> 01:08:50,159

it you know

1361

01:08:53,510 --> 01:08:51,199

if

1362

01:08:54,950 --> 01:08:53,520

you know and they may not expect anyone

1363

01:08:58,709 --> 01:08:54,960

to find it

1364

01:09:02,789 --> 01:09:01,110

i i kind of just stumbled into it like

1365

01:09:04,870 --> 01:09:02,799

um

1366

01:09:08,149 --> 01:09:04,880

using different keywords and i saw this

1367

01:09:09,990 --> 01:09:08,159

over uh covert action information thing

1368

01:09:12,709 --> 01:09:10,000

actually because i'm i'm researching not

1369

01:09:19,349 --> 01:09:16,470

i'm not only trying to find evidence of

1370

01:09:21,510 --> 01:09:19,359

you know of of us having some pieces of

1371

01:09:24,229 --> 01:09:21,520

craft or

1372

01:09:25,269 --> 01:09:24,239

bodies or you know an admission that

1373

01:09:27,669 --> 01:09:25,279

something

1374

01:09:29,430 --> 01:09:27,679

is happening i'm also looking for the

1375

01:09:32,470 --> 01:09:29,440

opposite side of it

1376

01:09:34,390 --> 01:09:32,480

you know what are the chances

1377

01:09:36,149 --> 01:09:34,400

that this is all being

1378

01:09:38,550 --> 01:09:36,159

real but it's being played against us

1379

01:09:40,309 --> 01:09:38,560

somehow or whatever you know so you kind

1380

01:09:41,669 --> 01:09:40,319

of always have to look at all sides of

1381

01:09:43,749 --> 01:09:41,679

it if you want to find some sort of

1382

01:09:46,950 --> 01:09:43,759

truth and in doing that other side of it

1383

01:09:46,960 --> 01:09:51,110

so

1384

01:09:56,070 --> 01:09:54,310

that's that's a nice tip

1385

01:09:59,430 --> 01:09:56,080

unfortunately only

1386

01:10:02,790 --> 01:10:00,790

that's true

1387

01:10:05,189 --> 01:10:02,800

well uh

1388

01:10:07,830 --> 01:10:05,199

green while that black folk gets some um

1389

01:10:12,070 --> 01:10:07,840

different kind of stuff so

1390

01:10:14,709 --> 01:10:12,080

yeah all right you guys go look at it

1391

01:10:16,630 --> 01:10:14,719

um don't go crazy looking at it you know

1392

01:10:18,149 --> 01:10:16,640

like freak out paranoid

1393

01:10:19,910 --> 01:10:18,159

or anything because then i'd feel really

1394

01:10:21,430 --> 01:10:19,920

bad

1395

01:10:22,390 --> 01:10:21,440

so

1396

01:10:25,990 --> 01:10:22,400

um

1397

01:10:29,990 --> 01:10:26,000

because it seems pretty pretty

1398

01:10:31,510 --> 01:10:30,000

pretty intense so just take it easy

1399

01:10:33,510 --> 01:10:31,520

breathe

1400

01:10:35,910 --> 01:10:33,520

love each other

1401

01:10:38,070 --> 01:10:35,920

hope you like what i found

1402

01:10:39,830 --> 01:10:38,080

um i think the last part here was the

1403

01:10:42,070 --> 01:10:39,840

best part

1404

01:10:44,070 --> 01:10:42,080

as far as my performance at least

1405

01:10:45,270 --> 01:10:44,080

and what i'm bringing to the table but

1406

01:10:46,790 --> 01:10:45,280

um

1407

01:10:48,790 --> 01:10:46,800

yeah thanks for hanging out with me as

1408

01:10:51,510 --> 01:10:48,800

always i do appreciate you guys

1409

01:10:53,750 --> 01:10:51,520

uh like the video subscribe

1410

01:10:56,229 --> 01:10:53,760

share it all that kind of stuff

1411

01:11:00,709 --> 01:10:58,550

and yeah maybe we'll maybe i'll look

1412

01:11:02,709 --> 01:11:00,719

into it a little more and we'll

1413

01:11:03,910 --> 01:11:02,719

see we can talk about on monday but as

1414

01:11:06,470 --> 01:11:03,920

far as they're concerned if they're

1415

01:11:08,390 --> 01:11:06,480

watching this i'm not interested

1416

01:11:10,950 --> 01:11:08,400

i'm not looking into this anymore it's

1417

01:11:12,709 --> 01:11:10,960

over yeah i'm going to start streaming

1418

01:11:14,870 --> 01:11:12,719

baseball stuff

1419

01:11:16,229 --> 01:11:14,880

and yeah so
