**CRASH WEEK**  
**BRING IT ON**

1  
00:00:12,260 --> 00:00:11,610  
[Music]

2  
00:00:15,130 --> 00:00:12,270  
[Applause]

3  
00:00:16,250 --> 00:00:15,140  
[Music]

4  
00:00:28,830 --> 00:00:16,260  
[Applause]

5  
00:00:28,840 --> 00:00:35,270  
conscious even if it's the only one

6  
00:00:35,280 --> 00:00:39,990  
flip the switch for the other

7  
00:00:48,030 --> 00:00:43,190  
give it time to come back

8  
00:01:04,690 --> 00:01:01,890  
[Music]

9  
00:01:08,630 --> 00:01:04,700  
[Applause]

10  
00:01:14,149 --> 00:01:12,200  
what if i'm not fit to be kind

11  
00:01:16,960 --> 00:01:14,159  
[Music]

12  
00:01:19,510 --> 00:01:16,970  
what if it doesn't even matter

13  
00:01:45,749 --> 00:01:19,520

[Music]

14

00:01:45,759 --> 00:01:49,040

so

15

00:01:49,050 --> 00:01:57,190

[Music]

16

00:01:57,200 --> 00:02:02,550

reasoning without a fiction to forgive

17

00:02:10,630 --> 00:02:08,070

pleasure to passion i'm only out to give

18

00:02:13,830 --> 00:02:10,640

giving it's grief i can say

19

00:02:20,710 --> 00:02:16,869

it's phenomenal i'm sure it rocks my

20

00:02:25,090 --> 00:02:24,309

out from the shadows and prove what you

21

00:02:27,270 --> 00:02:25,100

do

22

00:02:34,070 --> 00:02:27,280

[Music]

23

00:02:38,840 --> 00:02:36,470

take it to court

24

00:02:39,990 --> 00:02:38,850

restraint is what you can do

25

00:02:42,630 --> 00:02:40,000

[Music]

26

00:02:44,470 --> 00:02:42,640

it seems like the mystery

27

00:02:45,670 --> 00:02:44,480

oh would do

28

00:02:47,990 --> 00:02:45,680

[Music]

29

00:02:49,920 --> 00:02:48,000

out from the shadow

30

00:02:51,589 --> 00:02:49,930

prove what you can do

31

00:03:09,030 --> 00:02:51,599

[Music]

32

00:03:16,229 --> 00:03:11,560

one lane

33

00:03:28,790 --> 00:03:20,149

what if i'm not fit to be kind

34

00:03:28,800 --> 00:04:11,030

[Music]

35

00:04:27,030 --> 00:04:14,480

well i'm just

36

00:04:27,040 --> 00:04:30,550

the right one

37

00:04:30,560 --> 00:04:34,950

is extra hard to find

38

00:04:34,960 --> 00:04:40,730

it comes so fast

39

00:04:45,189 --> 00:04:42,070

[Music]

40

00:04:52,070 --> 00:04:48,629

thanks for joining me for crash week

41

00:04:54,790 --> 00:04:52,080

i am just sharing

42

00:04:56,629 --> 00:04:54,800

55  
00:05:41,510 --> 00:05:38,960

58  
00:05:46,390 --> 00:05:44,960  
like noon

59  
00:05:49,350 --> 00:05:46,400  
but now

60  
00:05:52,790 --> 00:05:49,360

83

00:06:57,510 --> 00:06:56,639

you know um

84

00:06:59,909 --> 00:06:57,520

you know

85

00:07:03,909 --> 00:06:59,919

lou elizondo or anything unfortunately

86

00:07:06,950 --> 00:07:03,919

that'd be cool though but nope

87

00:07:10,629 --> 00:07:08,230

i don't get those kind of surprise

88

00:07:14,309 --> 00:07:10,639

guests i get

89

00:07:15,749 --> 00:07:14,319

good ones real good ones but um

90

00:07:18,070 --> 00:07:15,759

you know

91

00:07:19,749 --> 00:07:18,080

invisible night school what's happening

94

00:07:27,270 --> 00:07:24,319

um

95

00:07:28,469 --> 00:07:27,280

maybe that's the special guest

96

00:07:29,749 --> 00:07:28,479

we'll see

97

00:07:32,629 --> 00:07:29,759

if you guys haven't checked out

98

00:07:34,629 --> 00:07:32,639

invisible night school's uh case on a

99

00:07:37,670 --> 00:07:34,639

90's michigan case

100

00:07:40,309 --> 00:07:37,680

uh with a botched mufon job

101  
00:07:42,070 --> 00:07:40,319  
you should totally go check that out i

102  
00:07:44,230 --> 00:07:42,080  
think you guys would like it it includes

103  
00:07:46,869 --> 00:07:44,240  
like he's got two parts he's got a 911

104  
00:07:48,550 --> 00:07:46,879  
call on there he's got um

105  
00:07:50,790 --> 00:07:48,560  
uh he put a lot of work into it he's got

106  
00:07:52,230 --> 00:07:50,800  
some radar stuff there and he just

107  
00:07:57,189 --> 00:07:52,240  
really did a good job of telling the

108  
00:07:59,430 --> 00:07:57,199  
story in his last piece he has a guest

109  
00:08:00,629 --> 00:07:59,440  
narrators or speakers basically and that

110  
00:08:03,189 --> 00:08:00,639  
is

111  
00:08:06,230 --> 00:08:03,199  
witness citizen what's up

112  
00:08:11,029 --> 00:08:06,240  
cool yeah i'll check that out um

113  
00:08:16,230 --> 00:08:14,230

um reins break on there so that is

114

00:08:18,150 --> 00:08:16,240

pretty cool

115

00:08:21,350 --> 00:08:18,160

yeah of course you can post a link bro

116

00:08:22,550 --> 00:08:21,360

yeah sharing is caring

117

00:08:25,189 --> 00:08:22,560

um

118

00:08:27,350 --> 00:08:25,199

yeah thanks man

119

00:08:28,710 --> 00:08:27,360

oh sweet i'm glad you like the music

120

00:08:31,430 --> 00:08:28,720

because

121

00:08:34,149 --> 00:08:31,440

i want to play music but you know i

122

00:08:35,110 --> 00:08:34,159

can't really play

123

00:08:38,829 --> 00:08:35,120

you know

124

00:08:42,630 --> 00:08:38,839

like this guy like harry nelson

125

00:08:45,750 --> 00:08:42,640

or holland wolf or muddy waters because

126  
00:08:47,350 --> 00:08:45,760  
i'd get in trouble so

127  
00:08:48,870 --> 00:08:47,360  
thank you very much

128  
00:08:53,430 --> 00:08:48,880  
glad you liked the haircut

129  
00:08:58,949 --> 00:08:56,230  
um buddha khan very nice

130  
00:09:03,350 --> 00:09:01,590  
uh no

131  
00:09:05,509 --> 00:09:03,360  
no uh

132  
00:09:06,829 --> 00:09:05,519  
let's see it's not me

133  
00:09:09,190 --> 00:09:06,839  
oh you didn't get the

134  
00:09:11,509 --> 00:09:09,200  
invite shoot

135  
00:09:13,750 --> 00:09:11,519  
uh-oh

136  
00:09:15,269 --> 00:09:13,760  
i'm sorry about that i thought you were

137  
00:09:16,870 --> 00:09:15,279  
joining us

138  
00:09:18,470 --> 00:09:16,880

hmm

139

00:09:20,949 --> 00:09:18,480

well that's not good

140

00:09:24,550 --> 00:09:20,959

no so it's crash week right and we've

141

00:09:26,550 --> 00:09:24,560

had some great guests this week but

142

00:09:27,990 --> 00:09:26,560

we haven't really got into any of the

143

00:09:30,150 --> 00:09:28,000

crash stuff now there was one day i was

144

00:09:32,470 --> 00:09:30,160

posting a bunch of crash documents on

145

00:09:34,790 --> 00:09:32,480

twitter so if you have not

146

00:09:36,470 --> 00:09:34,800

um

147

00:09:37,910 --> 00:09:36,480

if you have not

148

00:09:40,070 --> 00:09:37,920

checked that out

149

00:09:42,310 --> 00:09:40,080

you should head to my twitter and you

150

00:09:43,829 --> 00:09:42,320

can check those out they're pretty cool

151  
00:09:47,110 --> 00:09:43,839  
um one

152  
00:09:48,870 --> 00:09:47,120  
includes grizzled miners

153  
00:09:52,710 --> 00:09:48,880  
so

154  
00:09:55,269 --> 00:09:52,720  
you know that's interesting yeah

155  
00:09:58,230 --> 00:09:55,279  
and aliens in a cave so that's pretty

156  
00:09:59,509 --> 00:09:58,240  
cool and other ones

157  
00:10:01,750 --> 00:09:59,519  
so you can check those out because i

158  
00:10:04,150 --> 00:10:01,760  
will be covering those today but after

159  
00:10:06,630 --> 00:10:04,160  
this episode i'm going gonna put you

160  
00:10:10,230 --> 00:10:06,640  
know all the documents i have that uh

161  
00:10:11,590 --> 00:10:10,240  
you know involve a crash of some sort um

162  
00:10:13,829 --> 00:10:11,600  
on my website

163  
00:10:17,190 --> 00:10:13,839

so you can

164

00:10:21,430 --> 00:10:19,110

but today

165

00:10:23,829 --> 00:10:21,440

i'm gonna go over

166

00:10:24,790 --> 00:10:23,839

it's not so much a crash well kind of a

167

00:10:28,389 --> 00:10:24,800

crush

168

00:10:32,389 --> 00:10:28,399

um more of like a fragment thing

169

00:10:34,949 --> 00:10:32,399

um involving a stone a red redstone

170

00:10:38,870 --> 00:10:34,959

and it revolves around washington dc in

171

00:10:40,550 --> 00:10:38,880

the sightings of dc uh if you

172

00:10:41,509 --> 00:10:40,560

watch this channel at all

173

00:10:44,230 --> 00:10:41,519

you know

174

00:10:47,910 --> 00:10:44,240

i've gone pretty deep into

175

00:10:49,910 --> 00:10:47,920

the dc sightings which for starters they

176

00:10:52,310 --> 00:10:49,920

called temperature inversions

177

00:10:53,910 --> 00:10:52,320

um and then when it came to like the

178

00:10:55,430 --> 00:10:53,920

visual settings well what about that

179

00:10:57,030 --> 00:10:55,440

they said well

180

00:10:59,590 --> 00:10:57,040

uh same thing

181

00:11:01,269 --> 00:10:59,600

now the interesting thing there is

182

00:11:03,269 --> 00:11:01,279

they're quoted as saying and i said my

183

00:11:05,030 --> 00:11:03,279

little documentary or whatever

184

00:11:07,829 --> 00:11:05,040

um that isn't it funny that the

185

00:11:09,829 --> 00:11:07,839

sightings were also at 4 000

186

00:11:12,550 --> 00:11:09,839

uh feet high

187

00:11:15,350 --> 00:11:12,560

where temperature inversions may lay

188

00:11:17,190 --> 00:11:15,360

um well that's wrong uh we go through

189

00:11:19,590 --> 00:11:17,200

the documents and that's not the case

190

00:11:20,470 --> 00:11:19,600

one was like 9 000 feet high the other

191

00:11:23,350 --> 00:11:20,480

was

192

00:11:24,790 --> 00:11:23,360

19 i think or something so

193

00:11:27,590 --> 00:11:24,800

um

194

00:11:29,190 --> 00:11:27,600

yeah so you know i

195

00:11:31,990 --> 00:11:29,200

pretty much

196

00:11:33,350 --> 00:11:32,000

to me i sealed the deal that um

197

00:11:36,310 --> 00:11:33,360

you know something

198

00:11:38,150 --> 00:11:36,320

pretty crazy was going on

199

00:11:41,269 --> 00:11:38,160

spaghetti who started the crash week

200

00:11:43,670 --> 00:11:41,279

that is engaging the phenomenon that was

201  
00:11:47,430 --> 00:11:43,680  
his idea

202  
00:11:49,590 --> 00:11:47,440  
um so you know i typically don't get too

203  
00:11:51,590 --> 00:11:49,600  
far into the crashes because you know it

204  
00:11:54,389 --> 00:11:51,600  
always ends up

205  
00:11:59,269 --> 00:11:54,399  
at least when i look into it as

206  
00:12:02,870 --> 00:11:59,279  
well you never know could be maybe not

207  
00:12:07,509 --> 00:12:05,190  
what's up prime time

208  
00:12:09,670 --> 00:12:07,519  
yeah but you know it's

209  
00:12:12,389 --> 00:12:09,680  
what i do appreciate about it is yeah

210  
00:12:14,150 --> 00:12:12,399  
switching it up changing it up

211  
00:12:16,949 --> 00:12:14,160  
you know getting a little focused for a

212  
00:12:20,389 --> 00:12:16,959  
week it's pretty cool

213  
00:12:28,069 --> 00:12:23,750

you guys want to get into it or what

214

00:12:34,230 --> 00:12:29,670

this old

215

00:12:39,269 --> 00:12:36,870

so we can see what i'm about to show you

216

00:12:42,230 --> 00:12:39,279

so basically

217

00:12:46,629 --> 00:12:42,240

there was a

218

00:12:50,949 --> 00:12:48,629

named

219

00:12:52,069 --> 00:12:50,959

colonel moore

220

00:12:53,110 --> 00:12:52,079

alvin

221

00:12:55,590 --> 00:12:53,120

moore

222

00:12:57,829 --> 00:12:55,600

um he was a patent lawyer

223

00:12:59,910 --> 00:12:57,839

and uh he has he's got a lot of other

224

00:13:01,430 --> 00:12:59,920

accomplishments as well

225

00:13:05,269 --> 00:13:01,440

and we'll get to that but it mainly

226  
00:13:12,069 --> 00:13:07,430  
which is interesting right military game

227  
00:13:12,079 --> 00:13:15,430  
robert lowe

228  
00:13:15,440 --> 00:13:21,350  
university of colorado the condon report

229  
00:13:24,790 --> 00:13:23,030  
so

230  
00:13:27,110 --> 00:13:24,800  
we are going to get after that

231  
00:13:29,910 --> 00:13:27,120  
so the reason

232  
00:13:31,350 --> 00:13:29,920  
this is kind of how i've won the finding

233  
00:13:32,389 --> 00:13:31,360  
this

234  
00:13:37,350 --> 00:13:32,399  
so i'm

235  
00:13:42,230 --> 00:13:40,629  
in the foia reading room

236  
00:13:44,710 --> 00:13:42,240  
and

237  
00:13:48,470 --> 00:13:44,720  
i can't zoom in

238  
00:13:52,710 --> 00:13:49,990

i wonder if you guys can read that at

239

00:13:56,949 --> 00:13:55,590

go full screen if you full screen you

240

00:13:59,110 --> 00:13:56,959

probably could

241

00:14:02,230 --> 00:13:59,120

but i'll read it so basically there's

242

00:14:06,389 --> 00:14:03,829

and

243

00:14:08,629 --> 00:14:06,399

robert lowe are talking

244

00:14:10,629 --> 00:14:08,639

about this study coming up possibly

245

00:14:11,990 --> 00:14:10,639

working together and this stone that

246

00:14:14,629 --> 00:14:12,000

moore found

247

00:14:16,870 --> 00:14:14,639

so see here this first one

248

00:14:18,150 --> 00:14:16,880

uh dear tom he's talking to thomas

249

00:14:20,629 --> 00:14:18,160

ratchford

250

00:14:22,710 --> 00:14:20,639

um af osr

251  
00:14:24,470 --> 00:14:22,720  
in virginia

252  
00:14:26,389 --> 00:14:24,480  
attached so you can discuss it if you

253  
00:14:30,230 --> 00:14:26,399  
wish with art lindell

254  
00:14:32,550 --> 00:14:30,240  
um art i believe was the cia director at

255  
00:14:34,870 --> 00:14:32,560  
the time in correspondence with uh

256  
00:14:37,189 --> 00:14:34,880  
commander alvin moore

257  
00:14:39,509 --> 00:14:37,199  
commander not colonel

258  
00:14:41,350 --> 00:14:39,519  
and myself concerning his 1952

259  
00:14:43,509 --> 00:14:41,360  
experience and subsequent findings of

260  
00:14:45,829 --> 00:14:43,519  
stones which he thinks are related to in

261  
00:14:48,310 --> 00:14:45,839  
some way to the ufo problem although i

262  
00:14:50,150 --> 00:14:48,320  
haven't been able to find out uh

263  
00:14:51,829 --> 00:14:50,160

yet what the supposed connection is

264

00:14:53,829 --> 00:14:51,839

there's a good deal that is strange

265

00:14:55,350 --> 00:14:53,839

about moore's experience in the first

266

00:14:58,310 --> 00:14:55,360

place the report of the sighting which

267

00:15:00,710 --> 00:14:58,320

he says he sent to wright patterson is

268

00:15:02,230 --> 00:15:00,720

not on file there now according to

269

00:15:04,629 --> 00:15:02,240

sergeant jones

270

00:15:06,790 --> 00:15:04,639

uh second it turns out that

271

00:15:09,110 --> 00:15:06,800

is to say moore states that the analysis

272

00:15:11,030 --> 00:15:09,120

of the artifact found in virginia in 52

273

00:15:13,509 --> 00:15:11,040

which he says was done by the national

274

00:15:16,470 --> 00:15:13,519

bureau of standards was never written

275

00:15:18,230 --> 00:15:16,480

down so there is not contrary to its

276

00:15:20,310 --> 00:15:18,240

impression a written analysis in

277

00:15:21,350 --> 00:15:20,320

existence and there would be no record

278

00:15:23,670 --> 00:15:21,360

at all

279

00:15:25,670 --> 00:15:23,680

i suppose unless dayton ends up finding

280

00:15:27,750 --> 00:15:25,680

something

281

00:15:29,829 --> 00:15:27,760

uh we're kind of screwed doesn't say

282

00:15:31,430 --> 00:15:29,839

that but

283

00:15:33,670 --> 00:15:31,440

this of course may be another grain of

284

00:15:36,870 --> 00:15:33,680

evidence i don't know that rupaul made

285

00:15:38,550 --> 00:15:36,880

off with some of the files of sightings

286

00:15:41,110 --> 00:15:38,560

pretty interesting

287

00:15:44,310 --> 00:15:41,120

uh you know that i visited rupal's widow

288

00:15:46,230 --> 00:15:44,320

and was not able to find out anything

289

00:15:48,470 --> 00:15:46,240

although one might possibly judge her

290

00:15:50,470 --> 00:15:48,480

assertion that she didn't have anything

291

00:15:53,030 --> 00:15:50,480

that uh ed would never take any air

292

00:15:56,310 --> 00:15:53,040

force files was a little too ready and a

293

00:15:58,550 --> 00:15:56,320

little too vigorously asserted

294

00:15:59,829 --> 00:15:58,560

to carry total conviction

295

00:16:01,829 --> 00:15:59,839

in any event

296

00:16:04,069 --> 00:16:01,839

either morit never sent his sighting to

297

00:16:06,069 --> 00:16:04,079

dayton or dayton never received it or

298

00:16:08,790 --> 00:16:06,079

they did receive it and subsequently in

299

00:16:10,870 --> 00:16:08,800

some way or another lost it

300

00:16:12,790 --> 00:16:10,880

um i don't think

301  
00:16:15,030 --> 00:16:12,800  
it is going to be terribly useful to

302  
00:16:17,430 --> 00:16:15,040  
follow up further with more if he can

303  
00:16:19,590 --> 00:16:17,440  
give me an explanation as to why we

304  
00:16:21,110 --> 00:16:19,600  
should look into the stones and they

305  
00:16:22,949 --> 00:16:21,120  
appear to have a real relationship to

306  
00:16:24,710 --> 00:16:22,959  
the uf vote problem

307  
00:16:26,790 --> 00:16:24,720  
then we'll follow up with it otherwise

308  
00:16:29,189 --> 00:16:26,800  
so far as i'm concerned this matter is

309  
00:16:33,350 --> 00:16:29,199  
closed

310  
00:16:38,310 --> 00:16:35,910  
so then this robert lowe writes more and

311  
00:16:40,230 --> 00:16:38,320  
i'm kind of going backwards here but

312  
00:16:42,870 --> 00:16:40,240  
you get it thanks very much for your

313  
00:16:43,990 --> 00:16:42,880

letter of january 5th i checked with

314

00:16:46,150 --> 00:16:44,000

right pat

315

00:16:48,870 --> 00:16:46,160

uh they don't have your file

316

00:16:51,670 --> 00:16:48,880

on your heavy stone hence i would be

317

00:16:53,670 --> 00:16:51,680

very grateful as you offered you would

318

00:16:55,030 --> 00:16:53,680

send me a copy of your own files i would

319

00:16:58,470 --> 00:16:55,040

very much like to see this but

320

00:17:01,189 --> 00:16:58,480

unfortunately as i say it looks as if

321

00:17:04,870 --> 00:17:01,199

it is not available in dayton

322

00:17:06,789 --> 00:17:04,880

with respect to your coming to boulder i

323

00:17:07,990 --> 00:17:06,799

would like to discuss this matter with

324

00:17:10,470 --> 00:17:08,000

dr

325

00:17:12,630 --> 00:17:10,480

condon to get his reaction it would help

326

00:17:15,350 --> 00:17:12,640

a great deal in presenting the case to

327

00:17:17,110 --> 00:17:15,360

him however if you could tell me

328

00:17:18,789 --> 00:17:17,120

why you think your stones are related to

329

00:17:21,029 --> 00:17:18,799

the ufo problem i would like to have a

330

00:17:23,829 --> 00:17:21,039

sort of working hypothesis

331

00:17:25,750 --> 00:17:23,839

that it could operate on

332

00:17:28,309 --> 00:17:25,760

at least the inception of your proposed

333

00:17:31,750 --> 00:17:28,319

work so that we can make a judgment as

334

00:17:36,230 --> 00:17:34,150

i don't know what that word is who other

335

00:17:39,029 --> 00:17:36,240

uh there seems there seems to be a

336

00:17:41,110 --> 00:17:39,039

reasonable basis for supporting the work

337

00:17:44,470 --> 00:17:41,120

if performed would contribute to the

338

00:17:49,110 --> 00:17:47,750

interesting last one so this one is from

339

00:17:50,870 --> 00:17:49,120

more

340

00:17:53,110 --> 00:17:50,880

too low

341

00:17:54,150 --> 00:17:53,120

and it's very interesting

342

00:17:55,350 --> 00:17:54,160

i mean

343

00:17:57,669 --> 00:17:55,360

look at that

344

00:17:59,350 --> 00:17:57,679

in view of your remark about a possible

345

00:18:01,669 --> 00:17:59,360

blank check

346

00:18:03,990 --> 00:18:01,679

in our conversation today i believe i

347

00:18:10,230 --> 00:18:04,000

didn't make clear my idea of possibly

348

00:18:10,240 --> 00:18:12,630

so

349

00:18:16,470 --> 00:18:14,470

yeah it's pretty interesting uh what i

350

00:18:19,190 --> 00:18:16,480

had in mind uh my search through my

351

00:18:20,950 --> 00:18:19,200

large collection of notes blah blah

352

00:18:22,549 --> 00:18:20,960

clippings

353

00:18:24,470 --> 00:18:22,559

made over the last 15 years on the

354

00:18:26,390 --> 00:18:24,480

saucer problem and sorting out those

355

00:18:28,710 --> 00:18:26,400

pertaining to

356

00:18:31,350 --> 00:18:28,720

uh the large you know yada yada the

357

00:18:32,630 --> 00:18:31,360

large number of stones it collected

358

00:18:33,830 --> 00:18:32,640

and selection of other types of

359

00:18:36,150 --> 00:18:33,840

materials i found to be somewhat

360

00:18:38,070 --> 00:18:36,160

frequently associated with them bringing

361

00:18:39,510 --> 00:18:38,080

these to you at boulder and working

362

00:18:43,909 --> 00:18:39,520

there under your general direction and

363

00:18:43,919 --> 00:18:46,710

so

364

00:18:51,190 --> 00:18:48,549

down below right here you can see i'm

365

00:18:53,669 --> 00:18:51,200

listed with biography and who's who in

366

00:18:54,789 --> 00:18:53,679

the south and southwest in my qualifying

367

00:18:56,710 --> 00:18:54,799

experience

368

00:18:58,630 --> 00:18:56,720

for research in writing includes

369

00:18:59,909 --> 00:18:58,640

education and experience in engineering

370

00:19:01,430 --> 00:18:59,919

history and law

371

00:19:03,029 --> 00:19:01,440

i have finished

372

00:19:06,150 --> 00:19:03,039

sufficient courses

373

00:19:07,669 --> 00:19:06,160

coursework for a phd degree at american

374

00:19:13,830 --> 00:19:07,679

university

375

00:19:15,669 --> 00:19:13,840

published two non-fiction books which is

376

00:19:17,909 --> 00:19:15,679

true

377

00:19:19,669 --> 00:19:17,919

i certainly hope the committee does a

378

00:19:26,150 --> 00:19:19,679

good thorough

379

00:19:28,710 --> 00:19:27,990

oh man

380

00:19:32,150 --> 00:19:28,720

oh

381

00:19:35,430 --> 00:19:32,160

that's good for i agree with uh

382

00:19:37,990 --> 00:19:35,440

uh there's the most important situation

383

00:19:40,310 --> 00:19:38,000

um acute now that we are about to

384

00:19:44,470 --> 00:19:40,320

journey far into space

385

00:19:47,029 --> 00:19:44,480

sincerely of anymore so

386

00:19:51,590 --> 00:19:49,590

real quick

387

00:19:55,270 --> 00:19:51,600

i just wanted to start with that because

388

00:19:58,150 --> 00:19:55,280

that's what got me

389

00:20:00,230 --> 00:19:58,160

interested in this right

390

00:20:02,950 --> 00:20:00,240

so

391

00:20:04,549 --> 00:20:02,960

i read that i'm like that's you know and

392

00:20:06,230 --> 00:20:04,559

i don't really make too much of it you

393

00:20:08,310 --> 00:20:06,240

know because you find things and you

394

00:20:10,789 --> 00:20:08,320

know it's this or that it's not really

395

00:20:12,549 --> 00:20:10,799

whatever it's not a big deal

396

00:20:14,230 --> 00:20:12,559

um

397

00:20:15,990 --> 00:20:14,240

but

398

00:20:17,750 --> 00:20:16,000

for whatever reason

399

00:20:18,789 --> 00:20:17,760

i wanted to look a little further into

400

00:20:20,870 --> 00:20:18,799

it

401  
00:20:23,750 --> 00:20:20,880  
and there's not much on this

402  
00:20:25,830 --> 00:20:23,760  
command commander more guy

403  
00:20:27,830 --> 00:20:25,840  
but i really wanted to find

404  
00:20:29,909 --> 00:20:27,840  
like

405  
00:20:32,310 --> 00:20:29,919  
what sighting or what happened or what

406  
00:20:37,909 --> 00:20:32,320  
crash did these stones come from and is

407  
00:20:41,990 --> 00:20:40,789  
and i did find out a little bit

408  
00:20:43,750 --> 00:20:42,000  
you know in the papers that we were

409  
00:20:45,510 --> 00:20:43,760  
reading

410  
00:20:52,630 --> 00:20:45,520  
he

411  
00:20:54,950 --> 00:20:52,640  
15 years or whatever

412  
00:20:58,950 --> 00:20:54,960  
what are those notes where are they well

413  
00:20:58,960 --> 00:21:04,230

and we're going to touch on that

414

00:21:07,190 --> 00:21:05,830

the notes

415

00:21:10,870 --> 00:21:07,200

come from

416

00:21:12,549 --> 00:21:10,880

his book that he wrote

417

00:21:15,190 --> 00:21:12,559

well actually

418

00:21:19,110 --> 00:21:15,200

the book was written based on his notes

419

00:21:21,430 --> 00:21:19,120

the secret ufo diary of cia operative

420

00:21:26,040 --> 00:21:21,440

commander elvin e moore exposing the

421

00:21:28,870 --> 00:21:26,050

existence of the alien sky men

422

00:21:32,870 --> 00:21:28,880

[Laughter]

423

00:21:37,190 --> 00:21:34,310

so

424

00:21:40,710 --> 00:21:37,200

this is commander x um

425

00:21:45,190 --> 00:21:40,720

spaghetti i bet you remember him

426  
00:21:48,549 --> 00:21:46,470  
so

427  
00:21:50,789 --> 00:21:48,559  
commander x writes the introduction and

428  
00:21:53,830 --> 00:21:50,799  
it's basically after he passed away

429  
00:21:56,630 --> 00:21:53,840  
commander moore

430  
00:21:58,630 --> 00:21:56,640  
so not that the author former cia op and

431  
00:22:00,630 --> 00:21:58,640  
naval intelligence officer by the name

432  
00:22:02,310 --> 00:22:00,640  
of commander elvin e mora doesn't have

433  
00:22:03,510 --> 00:22:02,320  
the credentials to back up his theories

434  
00:22:05,590 --> 00:22:03,520  
and beliefs

435  
00:22:07,110 --> 00:22:05,600  
he certainly does but in the final

436  
00:22:10,149 --> 00:22:07,120  
analysis

437  
00:22:12,950 --> 00:22:10,159  
um and what he's really talking about is

438  
00:22:15,190 --> 00:22:12,960

you know his stuff on the sky men and

439

00:22:19,110 --> 00:22:15,200

everything

440

00:22:23,270 --> 00:22:21,270

of all the ufo experts i've encountered

441

00:22:25,350 --> 00:22:23,280

i would have to say for certain that the

442

00:22:27,190 --> 00:22:25,360

late commander moore has one of the most

443

00:22:29,270 --> 00:22:27,200

impressive backgrounds you are ever

444

00:22:31,510 --> 00:22:29,280

likely to come by his skill in

445

00:22:33,110 --> 00:22:31,520

engineering and other sciences

446

00:22:36,070 --> 00:22:33,120

his expertise in history law

447

00:22:37,990 --> 00:22:36,080

intelligence work and uniquely uniquely

448

00:22:41,270 --> 00:22:38,000

qualify him to present and evaluate the

449

00:22:44,149 --> 00:22:41,280

mass of data presented in this book

450

00:22:46,230 --> 00:22:44,159

education u.s naval academy american

451  
00:22:49,430 --> 00:22:46,240  
university george washington school of

452  
00:22:50,789 --> 00:22:49,440  
law university of florida and louisiana

453  
00:22:54,630 --> 00:22:50,799  
state university

454  
00:22:56,470 --> 00:22:54,640  
moore held a bachelor's degree in

455  
00:22:58,310 --> 00:22:56,480  
nearly enough to credit us for a phd

456  
00:23:04,549 --> 00:22:58,320  
degree when he'd never obtained because

457  
00:23:08,470 --> 00:23:06,630  
so

458  
00:23:09,909 --> 00:23:08,480  
he's basically that you know just

459  
00:23:11,990 --> 00:23:09,919  
talking about the guy kind of talking

460  
00:23:13,750 --> 00:23:12,000  
them up and i'll just go to the last

461  
00:23:15,110 --> 00:23:13,760  
paragraph here in the pages of secret

462  
00:23:17,909 --> 00:23:15,120  
diary of ca

463  
00:23:20,549 --> 00:23:17,919

up elvenmoor the reader will learn how

464

00:23:24,230 --> 00:23:20,559

the piece of wreckage from the ufo that

465

00:23:27,750 --> 00:23:24,240

was shot over washington dc was later

466

00:23:29,270 --> 00:23:27,760

stolen from his office safe and what was

467

00:23:31,590 --> 00:23:29,280

supposed to be

468

00:23:33,750 --> 00:23:31,600

one of the most highly secure buildings

469

00:23:35,669 --> 00:23:33,760

in the united states

470

00:23:39,990 --> 00:23:35,679

you will also have the opportunity for

471

00:23:43,590 --> 00:23:41,909

oh i didn't get that page

472

00:23:45,590 --> 00:23:43,600

shoot

473

00:23:47,750 --> 00:23:45,600

oh here you go

474

00:23:51,669 --> 00:23:47,760

what the military fears the most about

475

00:23:54,470 --> 00:23:51,679

ufos and space visitors

476

00:23:59,029 --> 00:23:56,950

you know you got uh the speculation

477

00:24:00,950 --> 00:23:59,039

stuff over here some of them possibly

478

00:24:02,789 --> 00:24:00,960

have homes and caverns on the moon on

479

00:24:07,430 --> 00:24:02,799

mars

480

00:24:07,440 --> 00:24:10,549

so

481

00:24:14,710 --> 00:24:12,549

the sky chemicals and electrostatic

482

00:24:15,669 --> 00:24:14,720

gravity-like force of the alien sky

483

00:24:18,549 --> 00:24:15,679

islands

484

00:24:20,870 --> 00:24:18,559

and skycraft have caused legions of what

485

00:24:22,630 --> 00:24:20,880

we would call accidents

486

00:24:24,710 --> 00:24:22,640

but which are really not

487

00:24:25,669 --> 00:24:24,720

skymen have kidnapped multitude of earth

488

00:24:29,669 --> 00:24:25,679

people

489

00:24:34,390 --> 00:24:31,750

of what moore saw as

490

00:24:37,430 --> 00:24:34,400

the demon-like breed have long extracted

491

00:24:39,590 --> 00:24:37,440

blood from surface animals and men and

492

00:24:43,430 --> 00:24:39,600

committed mysterious murders to name a

493

00:24:45,510 --> 00:24:43,440

few things more blames on the skymen

494

00:24:49,430 --> 00:24:45,520

and commander x says i can't agree with

495

00:24:53,029 --> 00:24:51,269

this is interesting and his research was

496

00:24:55,029 --> 00:24:53,039

conducted years before any

497

00:24:58,070 --> 00:24:55,039

disinformation program might have gone

498

00:25:03,430 --> 00:24:58,080

into full effect i i don't know how true

499

00:25:03,440 --> 00:25:08,070

here he is commander moore u.s navy

500

00:25:11,590 --> 00:25:09,350

again

501  
00:25:13,830 --> 00:25:11,600  
talking about

502  
00:25:15,909 --> 00:25:13,840  
interesting here he also served a u.s

503  
00:25:18,789 --> 00:25:15,919  
patent office examiner specializing in

504  
00:25:20,630 --> 00:25:18,799  
aeronautics and propulsion

505  
00:25:23,510 --> 00:25:20,640  
an assistant

506  
00:25:26,070 --> 00:25:23,520  
oh sean come on man

507  
00:25:31,350 --> 00:25:26,080  
assistant no scientist

508  
00:25:35,669 --> 00:25:32,149  
well

509  
00:25:40,230 --> 00:25:35,679  
a cia intelligence officer an american

510  
00:25:43,110 --> 00:25:40,240  
vice council he had granted more than

511  
00:25:46,630 --> 00:25:43,120  
uh

512  
00:25:48,390 --> 00:25:46,640  
that's a bad picture man usb pets on his

513  
00:25:50,390 --> 00:25:48,400

own inventions

514

00:25:52,630 --> 00:25:50,400

uh mostly on aircraft marine craft

515

00:25:54,470 --> 00:25:52,640

automobiles he also authored numerous

516

00:26:01,029 --> 00:25:54,480

technical and

517

00:26:01,039 --> 00:26:05,430

oh maybe that's a better one oh well

518

00:26:05,440 --> 00:26:09,510

um now i want to

519

00:26:09,520 --> 00:26:12,710

go to the stone

520

00:26:22,789 --> 00:26:14,710

let's get a i think a better picture of

521

00:26:27,669 --> 00:26:25,350

during the week mr robert leslie uh

522

00:26:29,750 --> 00:26:27,679

lanham 69 years old one of the rural

523

00:26:33,430 --> 00:26:29,760

neighbors of fairfax county virginia did

524

00:26:35,190 --> 00:26:33,440

some work on land um that we own near

525

00:26:37,669 --> 00:26:35,200

our home

526

00:26:38,870 --> 00:26:37,679

lanham's house in our house are under

527

00:26:40,630 --> 00:26:38,880

the

528

00:26:42,710 --> 00:26:40,640

uh airline which extends from washington

529

00:26:45,110 --> 00:26:42,720

to herndon virginia and onto west

530

00:26:46,950 --> 00:26:45,120

virginia maryland and pittsburgh

531

00:26:49,190 --> 00:26:46,960

while i was driving mr lam home after

532

00:26:51,669 --> 00:26:49,200

work on friday afternoon the 25th of

533

00:26:54,230 --> 00:26:51,679

july 1952

534

00:26:56,549 --> 00:26:54,240

we know that uh that timeline is

535

00:26:59,750 --> 00:26:56,559

accurate as a you know in conjunction

536

00:27:03,110 --> 00:26:59,760

with the dc sightings

537

00:27:04,830 --> 00:27:03,120

with the mr clarence a johnson 70 years

538

00:27:07,269 --> 00:27:04,840

of age also in the

539

00:27:09,110 --> 00:27:07,279

car commander i believe that there's

540

00:27:09,830 --> 00:27:09,120

something at my place that will interest

541

00:27:13,350 --> 00:27:09,840

you

542

00:27:15,190 --> 00:27:13,360

wednesday the 23rd 1952

543

00:27:17,430 --> 00:27:15,200

uh after you took me home i said to my

544

00:27:20,149 --> 00:27:17,440

grandson bitsy

545

00:27:21,430 --> 00:27:20,159

bitsy betsy let's go for a walk out in

546

00:27:23,909 --> 00:27:21,440

the pines

547

00:27:26,230 --> 00:27:23,919

i haven't been out there for some time

548

00:27:29,110 --> 00:27:26,240

while we're out there bitsy

549

00:27:30,149 --> 00:27:29,120

well busy said to me granddaddy what is

550

00:27:32,149 --> 00:27:30,159

that

551

00:27:34,470 --> 00:27:32,159

i looked and saw something like a rock

552

00:27:36,950 --> 00:27:34,480

sitting on top of the pine needles

553

00:27:39,350 --> 00:27:36,960

but it was too heavy to be a rock and of

554

00:27:42,149 --> 00:27:39,360

any kind i know and it doesn't look like

555

00:27:44,710 --> 00:27:42,159

ordinary rock it had a peculiar odor

556

00:27:46,789 --> 00:27:44,720

like burnt stone it looked like it had

557

00:27:48,549 --> 00:27:46,799

fallen on the pine needles

558

00:27:51,510 --> 00:27:48,559

i know it must have fallen there because

559

00:27:53,269 --> 00:27:51,520

no needles or earth was around it

560

00:27:55,029 --> 00:27:53,279

seems to me

561

00:27:55,830 --> 00:27:55,039

it might have been a meteorite fair

562

00:27:57,510 --> 00:27:55,840

enough

563

00:27:59,190 --> 00:27:57,520

it so happens that it worked for many

564

00:28:00,950 --> 00:27:59,200

years in the field of rockets aircraft

565

00:28:03,510 --> 00:28:00,960

propulsion and guided missiles in the

566

00:28:06,230 --> 00:28:03,520

late 30s i pulled her some articles on

567

00:28:08,710 --> 00:28:06,240

rockets and i was awarded a navy letter

568

00:28:10,870 --> 00:28:08,720

of commendation citation for my

569

00:28:13,350 --> 00:28:10,880

engineering production and inspection

570

00:28:16,950 --> 00:28:13,360

supervision work of pioneer rocket

571

00:28:19,110 --> 00:28:16,960

contracts during world war ii as a

572

00:28:21,669 --> 00:28:19,120

patent examiner and lawyer and in other

573

00:28:23,110 --> 00:28:21,679

capacities i have also worked in these

574

00:28:25,669 --> 00:28:23,120

fields

575

00:28:28,070 --> 00:28:25,679

a few days before the 25th

576

00:28:29,110 --> 00:28:28,080

so basically

577

00:28:30,870 --> 00:28:29,120

um

578

00:28:32,789 --> 00:28:30,880

i'll just finish this

579

00:28:34,789 --> 00:28:32,799

i'd read in washington newspapers of the

580

00:28:37,029 --> 00:28:34,799

previous sunday's reports of radar

581

00:28:40,310 --> 00:28:37,039

trackings of pilot sightings of the

582

00:28:42,549 --> 00:28:40,320

so-called saucers over washington area

583

00:28:44,149 --> 00:28:42,559

capital airlines pilot

584

00:28:46,230 --> 00:28:44,159

uh watch the strange lights on his way

585

00:28:48,230 --> 00:28:46,240

to washington to martinsburg west

586

00:28:51,110 --> 00:28:48,240

virginia probably while flying over my

587

00:28:53,350 --> 00:28:51,120

house and mr lanham's house another

588

00:28:55,190 --> 00:28:53,360

pilot reported that a brilliantly

589

00:28:57,110 --> 00:28:55,200

lighted object followed his airplane

590

00:28:59,110 --> 00:28:57,120

from overheard in virginia to a point

591

00:29:00,789 --> 00:28:59,120

about four miles from the airport and

592

00:29:03,269 --> 00:29:00,799

this is all true i looked at the actual

593

00:29:06,149 --> 00:29:03,279

documents so it's very interesting that

594

00:29:09,750 --> 00:29:06,159

this account is completely accurate thus

595

00:29:13,590 --> 00:29:11,750

thus is plane and the object flew over

596

00:29:15,909 --> 00:29:13,600

our area in the flying saucer apparently

597

00:29:16,710 --> 00:29:15,919

fell away at a point near the finding

598

00:29:18,070 --> 00:29:16,720

spot of what

599

00:29:20,470 --> 00:29:18,080

[Music]

600

00:29:23,190 --> 00:29:20,480

of what in time i called the virginia

601  
00:29:26,470 --> 00:29:23,200  
sky stone an expert hobbyist in

602  
00:29:30,710 --> 00:29:26,480  
television operation reported that on

603  
00:29:30,720 --> 00:29:36,389  
that's all i got

604  
00:29:41,590 --> 00:29:39,110  
and right here i brought this up so you

605  
00:29:44,870 --> 00:29:41,600  
we can kind of see

606  
00:29:51,029 --> 00:29:46,070  
the stone

607  
00:29:55,510 --> 00:29:52,710  
i would say fourth paragraph from the

608  
00:29:58,310 --> 00:29:55,520  
top the stone is bluish gray in color

609  
00:30:00,870 --> 00:29:58,320  
and is a great deal heavier than the

610  
00:30:03,029 --> 00:30:00,880  
same volume of ordinary stones

611  
00:30:04,470 --> 00:30:03,039  
its longest dimension four inches on the

612  
00:30:05,990 --> 00:30:04,480  
surface cylinder

613  
00:30:11,669 --> 00:30:06,000

quarter of the arc cylinder surface

614

00:30:15,350 --> 00:30:12,470

this

615

00:30:18,630 --> 00:30:15,360

cylindrical surface obviously has been

616

00:30:19,590 --> 00:30:18,640

intelligently shaped apparently by a

617

00:30:21,909 --> 00:30:19,600

tooling

618

00:30:24,470 --> 00:30:21,919

there are fragmentary coatings of cement

619

00:30:26,230 --> 00:30:24,480

like substance on this cylinder surface

620

00:30:28,389 --> 00:30:26,240

as if to

621

00:30:32,549 --> 00:30:28,399

smooth or embed the slightly irregular

622

00:30:35,669 --> 00:30:33,830

a lot of this stuff i don't know what

623

00:30:36,549 --> 00:30:35,679

the hell they're talking about but

624

00:30:38,630 --> 00:30:36,559

this

625

00:30:40,549 --> 00:30:38,640

the cement is unlike portland cement it

626

00:30:42,470 --> 00:30:40,559

is soft and may be scratched by the

627

00:30:44,789 --> 00:30:42,480

fingernail fragments of the cement also

628

00:30:47,029 --> 00:30:44,799

adhered to both the roughly parallel

629

00:30:49,750 --> 00:30:47,039

surfaces mentioned above and easily

630

00:30:52,230 --> 00:30:49,760

noticeable amounts and to only one the

631

00:30:53,430 --> 00:30:52,240

smallest of the three fractured

632

00:30:55,110 --> 00:30:53,440

surfaces

633

00:30:56,950 --> 00:30:55,120

but there are slight amounts of the

634

00:31:02,710 --> 00:30:56,960

cement adhering to small parts of other

635

00:31:10,389 --> 00:31:05,990

stinky it's bad odor

636

00:31:10,399 --> 00:31:13,909

and

637

00:31:18,149 --> 00:31:16,230

object was found under the air

638

00:31:21,190 --> 00:31:18,159

airline over which a pilot reported a

639

00:31:25,750 --> 00:31:23,590

since it is shaped and plastered and not

640

00:31:28,870 --> 00:31:25,760

burnt rough and blackened it is not a

641

00:31:28,880 --> 00:31:32,389

well

642

00:31:37,190 --> 00:31:34,549

i don't know i don't know

643

00:31:38,630 --> 00:31:37,200

so the story goes

644

00:31:39,669 --> 00:31:38,640

i'll just kind of finish it up for you

645

00:31:44,149 --> 00:31:39,679

here

646

00:31:48,870 --> 00:31:46,549

it was stolen the the rock was stolen he

647

00:31:52,389 --> 00:31:48,880

actually goes on to say that he had set

648

00:31:57,269 --> 00:31:55,190

uh like a train ride and everything and

649

00:32:00,630 --> 00:31:57,279

went to take this to wright patterson

650

00:32:03,029 --> 00:32:00,640

and it was stolen all that kind of stuff

651  
00:32:08,149 --> 00:32:04,470

i thought

652  
00:32:11,830 --> 00:32:08,159

it was very interesting

653  
00:32:20,789 --> 00:32:14,789

i have a bunch of freaking

654  
00:32:24,470 --> 00:32:22,230  
i'm telling you guys a good story and

655  
00:32:26,549 --> 00:32:24,480  
all you gotta say is that's not that's

656  
00:32:29,750 --> 00:32:26,559  
nothing

657  
00:32:32,870 --> 00:32:29,760  
come on

658  
00:32:32,880 --> 00:32:36,789  
so forget you guys

659  
00:32:41,430 --> 00:32:39,190  
last time i'd do this

660  
00:32:42,870 --> 00:32:41,440  
all right

661  
00:32:46,389 --> 00:32:42,880  
well let's bring in a special guest

662  
00:32:48,950 --> 00:32:48,149  
or we'll wait another hour how about

663  
00:32:49,190 --> 00:32:48,960

that

664

00:32:51,990 --> 00:32:49,200

no

665

00:32:53,509 --> 00:32:52,000

[Laughter]

666

00:32:55,430 --> 00:32:53,519

all right here he is invisible night

667

00:32:59,750 --> 00:32:55,440

school how's it going hey what's up you

668

00:33:03,669 --> 00:33:00,870

how are you doing

669

00:33:05,350 --> 00:33:03,679

oh pretty good yeah yeah good i don't

670

00:33:07,110 --> 00:33:05,360

think my um

671

00:33:08,310 --> 00:33:07,120

you know my stone story went over too

672

00:33:11,190 --> 00:33:08,320

well but

673

00:33:13,750 --> 00:33:11,200

yeah whatever man whatever

674

00:33:14,710 --> 00:33:13,760

it's actually interesting it uh it leads

675

00:33:16,630 --> 00:33:14,720

into

676  
00:33:18,389 --> 00:33:16,640  
something that you and i were working on

677  
00:33:20,230 --> 00:33:18,399  
earlier with rob lowe

678  
00:33:21,509 --> 00:33:20,240  
how'd you read for him not too long ago

679  
00:33:22,789 --> 00:33:21,519  
that is yeah

680  
00:33:24,950 --> 00:33:22,799  
a back burner project though just

681  
00:33:25,669 --> 00:33:24,960  
because it's turning out to be so long

682  
00:33:27,990 --> 00:33:25,679  
yeah

683  
00:33:28,950 --> 00:33:28,000  
a lot of stuff happened in 66.

684  
00:33:31,269 --> 00:33:28,960  
yeah

685  
00:33:33,430 --> 00:33:31,279  
explore

686  
00:33:35,909 --> 00:33:33,440  
for me it's just interesting in that

687  
00:33:37,669 --> 00:33:35,919  
story that

688  
00:33:39,509 --> 00:33:37,679

you know they were talking 68 or

689

00:33:42,310 --> 00:33:39,519

whatever and

690

00:33:45,110 --> 00:33:42,320

you know he had found this thing

691

00:33:48,070 --> 00:33:45,120

you know 17 years prior

692

00:33:50,149 --> 00:33:48,080

and then it gets stolen

693

00:33:53,990 --> 00:33:50,159

interesting evidence likes to go missing

694

00:33:56,549 --> 00:33:54,000

it seems like it's a common theme yeah

695

00:33:58,710 --> 00:33:56,559

the guy you know he had a great resume

696

00:34:01,269 --> 00:33:58,720

storied past

697

00:34:05,029 --> 00:34:01,279

um but maybe

698

00:34:08,710 --> 00:34:06,549

maybe i mean

699

00:34:09,589 --> 00:34:08,720

it's all wow look at the cover of the

700

00:34:10,389 --> 00:34:09,599

book

701  
00:34:11,990 --> 00:34:10,399  
yeah

702  
00:34:13,589 --> 00:34:12,000  
that's excellent

703  
00:34:14,629 --> 00:34:13,599  
i like these uh

704  
00:34:16,629 --> 00:34:14,639  
books

705  
00:34:18,790 --> 00:34:16,639  
where did you find that

706  
00:34:21,190 --> 00:34:18,800  
i looked it up once i saw the documents

707  
00:34:23,990 --> 00:34:21,200  
i started digging in and everything and

708  
00:34:25,270 --> 00:34:24,000  
on the book and it's on amazon amazon

709  
00:34:27,990 --> 00:34:25,280  
actually has

710  
00:34:31,430 --> 00:34:28,000  
a lot of stuff

711  
00:34:33,430 --> 00:34:31,440  
and it was used and it was the only one

712  
00:34:35,589 --> 00:34:33,440  
i uh i was in detroit recently well i

713  
00:34:39,270 --> 00:34:35,599

went out to visit the uh the sighting of

714

00:34:41,270 --> 00:34:39,280

the 1966 uh dexter ufo sighting

715

00:34:42,869 --> 00:34:41,280

and um i stopped into detroit because

716

00:34:44,869 --> 00:34:42,879

it's right outside of there and i found

717

00:34:46,550 --> 00:34:44,879

this five-story used bookstore called

718

00:34:48,310 --> 00:34:46,560

kings i think

719

00:34:49,349 --> 00:34:48,320

incredible found a bunch of great stuff

720

00:34:53,430 --> 00:34:49,359

they're all for like you know two or

721

00:34:55,829 --> 00:34:53,440

three bucks like uh yeah ballet stuff um

722

00:34:57,750 --> 00:34:55,839

i got a copy of the condon report

723

00:35:00,870 --> 00:34:57,760

ah i haven't been on my way through that

724

00:35:05,030 --> 00:35:00,880

tome yet but i mean yeah is it worth it

725

00:35:07,430 --> 00:35:05,040

yes and probably not but no

726

00:35:09,589 --> 00:35:07,440

looks nice on the shelf

727

00:35:11,270 --> 00:35:09,599

yeah um

728

00:35:14,150 --> 00:35:11,280

it's probably worth it right do they put

729

00:35:16,390 --> 00:35:14,160

all the legit files in there

730

00:35:17,910 --> 00:35:16,400

uh from what i know yeah i if you

731

00:35:20,310 --> 00:35:17,920

actually go through and look at some of

732

00:35:22,069 --> 00:35:20,320

the files there's a actually a a greater

733

00:35:24,310 --> 00:35:22,079

percentage of unknowns than they kind of

734

00:35:26,390 --> 00:35:24,320

claim in the uh the preface and in that

735

00:35:29,430 --> 00:35:26,400

new yorker article i think it was no

736

00:35:31,589 --> 00:35:29,440

sorry new york times okay

737

00:35:34,870 --> 00:35:31,599

yeah hard to imagine stuff to remember

738

00:35:38,710 --> 00:35:34,880

yeah no it's it's incredible

739

00:35:41,990 --> 00:35:41,190

i have some stuff here yet that i wanted

740

00:35:45,190 --> 00:35:42,000

to

741

00:35:45,990 --> 00:35:45,200

um just pretty much just show it so i

742

00:35:48,550 --> 00:35:46,000

can

743

00:35:51,910 --> 00:35:48,560

be done with it for the most part

744

00:35:54,150 --> 00:35:51,920

and move on so i'll get to those

745

00:35:56,069 --> 00:35:54,160

crashes

746

00:35:57,030 --> 00:35:56,079

and they're not too shabby

747

00:35:58,550 --> 00:35:57,040

nice

748

00:36:01,030 --> 00:35:58,560

i mean there are no

749

00:36:02,310 --> 00:36:01,040

stones involved or anything

750

00:36:03,750 --> 00:36:02,320

i like those things

751  
00:36:05,750 --> 00:36:03,760  
like like we were talking about earlier

752  
00:36:07,349 --> 00:36:05,760  
those peripheral incidents

753  
00:36:09,270 --> 00:36:07,359  
they're just interesting to me it's uh

754  
00:36:11,430 --> 00:36:09,280  
anything outside of kind of archetypal

755  
00:36:12,630 --> 00:36:11,440  
or archetypical ufo case

756  
00:36:15,670 --> 00:36:12,640  
right

757  
00:36:17,030 --> 00:36:15,680  
and it yeah it was interesting enough to

758  
00:36:19,589 --> 00:36:17,040  
me

759  
00:36:21,190 --> 00:36:19,599  
you know to get the book because yeah i

760  
00:36:22,950 --> 00:36:21,200  
didn't think i was gonna find anything

761  
00:36:23,990 --> 00:36:22,960  
when i started looking into the document

762  
00:36:26,390 --> 00:36:24,000  
really

763  
00:36:28,069 --> 00:36:26,400

um sure [h\_\_h] there's a whole book on it

764

00:36:30,230 --> 00:36:28,079

everything

765

00:36:31,030 --> 00:36:30,240

so and then his theories are

766

00:36:33,109 --> 00:36:31,040

you know

767

00:36:34,630 --> 00:36:33,119

something i've never heard before

768

00:36:37,829 --> 00:36:34,640

sky man it's always good

769

00:36:39,349 --> 00:36:37,839

and little sky islands up there and

770

00:36:43,510 --> 00:36:39,359

you know and that's where they're coming

771

00:36:45,030 --> 00:36:43,520

from so you know it knows

772

00:36:47,270 --> 00:36:45,040

how would we know we're not looking at

773

00:36:49,750 --> 00:36:47,280

this guy we're told what's up there

774

00:36:50,410 --> 00:36:49,760

yep right and we're kind of taking their

775

00:36:52,069 --> 00:36:50,420

word for it

776  
00:36:52,790 --> 00:36:52,079  
[Laughter]

777  
00:36:54,390 --> 00:36:52,800  
so

778  
00:36:58,950 --> 00:36:54,400  
could be

779  
00:36:59,990 --> 00:36:58,960  
so

780  
00:37:01,829 --> 00:37:00,000  
this one

781  
00:37:03,430 --> 00:37:01,839  
is interesting

782  
00:37:06,829 --> 00:37:03,440  
oh

783  
00:37:12,790 --> 00:37:09,750  
have preparing officers comment at the

784  
00:37:14,790 --> 00:37:12,800  
bottom if part or all of the objects

785  
00:37:17,270 --> 00:37:14,800  
cited struck the ground there is

786  
00:37:20,150 --> 00:37:17,280  
possibility that the point of impact

787  
00:37:22,470 --> 00:37:20,160  
could be located an examination made of

788  
00:37:25,349 --> 00:37:22,480

the immediate area to determine whether

789

00:37:28,150 --> 00:37:25,359

or not the object was a media

790

00:37:31,190 --> 00:37:28,160

meteoric body

791

00:37:33,750 --> 00:37:31,200

railroad engineer

792

00:37:36,390 --> 00:37:33,760

not bad we got a ball silver flash

793

00:37:38,950 --> 00:37:36,400

followed by a light green ball it sounds

794

00:37:41,670 --> 00:37:38,960

like a meteor huh it does light yeah

795

00:37:44,630 --> 00:37:41,680

light brown brownish uh trail remaining

796

00:37:47,430 --> 00:37:44,640

visible so 20 seconds all right let's

797

00:37:50,150 --> 00:37:47,440

see what the next one is

798

00:37:53,109 --> 00:37:50,160

a report contains information concerning

799

00:37:54,870 --> 00:37:53,119

the sighting of a ufo at northwest of

800

00:37:55,910 --> 00:37:54,880

pendleton washington

801  
00:38:00,470 --> 00:37:55,920  
on

802  
00:38:02,950 --> 00:38:00,480  
23rd of april 1952 interesting

803  
00:38:06,710 --> 00:38:02,960  
so here we go

804  
00:38:09,349 --> 00:38:07,510  
um

805  
00:38:11,190 --> 00:38:09,359  
nope it's a little small for me

806  
00:38:12,630 --> 00:38:11,200  
god damn it don't put me on the spot

807  
00:38:16,470 --> 00:38:12,640  
like that

808  
00:38:18,069 --> 00:38:16,480  
you got such a nice npr voice though

809  
00:38:19,589 --> 00:38:18,079  
you know you know what half of it is is

810  
00:38:21,430 --> 00:38:19,599  
i'm just trying to be quiet so i don't

811  
00:38:23,910 --> 00:38:21,440  
annoy my wife

812  
00:38:25,510 --> 00:38:23,920  
right no i used to do that uh singing

813  
00:38:26,390 --> 00:38:25,520

all the time

814

00:38:28,310 --> 00:38:26,400

like

815

00:38:30,310 --> 00:38:28,320

you know when i lived

816

00:38:33,109 --> 00:38:30,320

that was man that was when i was

817

00:38:36,710 --> 00:38:33,119

recording on a freaking tascam

818

00:38:38,390 --> 00:38:36,720

tape recorder nice uh four track and i

819

00:38:40,150 --> 00:38:38,400

was living with my parents

820

00:38:42,550 --> 00:38:40,160

and i would whisper sing

821

00:38:44,310 --> 00:38:42,560

yeah yeah for sure but you kind of get

822

00:38:46,069 --> 00:38:44,320

good at it

823

00:38:47,910 --> 00:38:46,079

uh you get me in person talking about

824

00:38:50,630 --> 00:38:47,920

ufos and i just start screaming my arms

825

00:38:52,950 --> 00:38:50,640

start flailing so oh i try to be calm

826

00:38:55,589 --> 00:38:52,960

and quiet and in the house

827

00:38:57,190 --> 00:38:55,599

yeah yeah you got that nice low smoker's

828

00:38:58,950 --> 00:38:57,200

voice though that works that's what it

829

00:39:00,630 --> 00:38:58,960

is it's all that smoking

830

00:39:02,470 --> 00:39:00,640

yeah

831

00:39:04,870 --> 00:39:02,480

well you know

832

00:39:05,990 --> 00:39:04,880

there's worse things for you i guess

833

00:39:08,390 --> 00:39:06,000

like uh

834

00:39:10,150 --> 00:39:08,400

studying ufo cases

835

00:39:12,950 --> 00:39:10,160

yeah it's a double whammy

836

00:39:14,710 --> 00:39:12,960

all right so here we go april 12 1954

837

00:39:18,069 --> 00:39:14,720

pursuant to information received by this

838

00:39:20,230 --> 00:39:18,079

office this agent contacted mr

839

00:39:22,390 --> 00:39:20,240

arleigh our neil engineerman service

840

00:39:23,750 --> 00:39:22,400

blah blah chicago coast guard station

841

00:39:25,750 --> 00:39:23,760

navy pier

842

00:39:27,589 --> 00:39:25,760

concerning an alleged parachute like

843

00:39:29,750 --> 00:39:27,599

objects skimming over the waterfront

844

00:39:32,870 --> 00:39:29,760

seen and reported by mrs

845

00:39:37,829 --> 00:39:32,880

uh leia h stoker 3121 north sheridan

846

00:39:38,710 --> 00:39:37,839

road chicago on the 8th of april 1954.

847

00:39:40,470 --> 00:39:38,720

um

848

00:39:43,750 --> 00:39:40,480

reported by telephone aforementioned

849

00:39:46,069 --> 00:39:43,760

mass with a suspended human-like form

850

00:39:49,190 --> 00:39:46,079

hovering over the water in the vicinity

851  
00:39:51,349 --> 00:39:49,200  
of the belmont yacht club

852  
00:39:52,310 --> 00:39:51,359  
so what i'm thinking right away is okay

853  
00:39:53,910 --> 00:39:52,320  
so

854  
00:39:55,510 --> 00:39:53,920  
maybe they're just

855  
00:39:57,829 --> 00:39:55,520  
you know what's that called where you're

856  
00:40:00,150 --> 00:39:57,839  
doing the parachute over the parasailing

857  
00:40:01,510 --> 00:40:00,160  
yeah parasailing or something it doesn't

858  
00:40:04,230 --> 00:40:01,520  
um

859  
00:40:08,230 --> 00:40:04,240  
kind of cold in april though hey

860  
00:40:13,030 --> 00:40:08,240  
in chicago where is this oh god yeah yep

861  
00:40:15,030 --> 00:40:13,040  
well you never know it'd be chilly

862  
00:40:16,309 --> 00:40:15,040  
there's still it'd be probably frozen a

863  
00:40:19,910 --> 00:40:16,319

little bit too

864

00:40:21,270 --> 00:40:19,920

too chilly for any human yeah

865

00:40:22,829 --> 00:40:21,280

but it gets interesting the second

866

00:40:25,030 --> 00:40:22,839

paragraph the agent subsequently

867

00:40:26,870 --> 00:40:25,040

interviewed like at her apartment

868

00:40:29,349 --> 00:40:26,880

concerning her i like how they blacker

869

00:40:31,910 --> 00:40:29,359

her name out now like he was it was just

870

00:40:36,230 --> 00:40:34,550

what a lazy guy who was ever doing this

871

00:40:38,150 --> 00:40:36,240

make sure you black out the names fell

872

00:40:40,309 --> 00:40:38,160

asleep woke up and started on the second

873

00:40:41,510 --> 00:40:40,319

paragraph

874

00:40:44,390 --> 00:40:41,520

um

875

00:40:45,589 --> 00:40:44,400

all right so observation

876  
00:40:48,150 --> 00:40:45,599  
all right

877  
00:40:49,510 --> 00:40:48,160  
that's sober frame of mind saw from her

878  
00:40:51,430 --> 00:40:49,520  
skimming over the water in all

879  
00:40:53,670 --> 00:40:51,440  
directions okay

880  
00:40:55,349 --> 00:40:53,680  
an altitude level with her

881  
00:40:56,870 --> 00:40:55,359  
uh window at a distance of three

882  
00:40:59,349 --> 00:40:56,880  
thousand feet traversing within the

883  
00:41:01,910 --> 00:40:59,359  
purview of a 45 degree angle source

884  
00:41:04,150 --> 00:41:01,920  
commented that because of her doubt she

885  
00:41:07,670 --> 00:41:04,160  
was asked two

886  
00:41:09,990 --> 00:41:07,680  
apartment tenants mr blank and mrs blank

887  
00:41:11,750 --> 00:41:10,000  
who were awaiting the apartment elevator

888  
00:41:15,109 --> 00:41:11,760

to confirm her observation which they

889

00:41:15,450 --> 00:41:15,119  
reportedly did for five minutes

890

00:41:16,790 --> 00:41:15,460  
um

891

00:41:20,069 --> 00:41:16,800  
[Music]

892

00:41:22,950 --> 00:41:20,079  
okay then

893

00:41:26,069 --> 00:41:22,960  
so and then it landed on the shoreland

894

00:41:28,230 --> 00:41:26,079  
among the sporadic foliage thus becoming

895

00:41:29,750 --> 00:41:28,240  
less conspicuous and detectable sources

896

00:41:32,870 --> 00:41:29,760  
first believe

897

00:41:35,109 --> 00:41:32,880  
that the unidentified

898

00:41:38,950 --> 00:41:35,119  
uh matter would become entangled with

899

00:41:40,790 --> 00:41:38,960  
the trees however its form was now small

900

00:41:42,630 --> 00:41:40,800  
and resembled a piece of newspaper two

901  
00:41:43,910 --> 00:41:42,640  
to three feet in length

902  
00:41:45,430 --> 00:41:43,920  
that's like a

903  
00:41:48,950 --> 00:41:45,440  
if it's rolled up or something that's

904  
00:41:51,030 --> 00:41:48,960  
interesting the human leg form now

905  
00:41:53,990 --> 00:41:51,040  
uh sighted on the ground and described

906  
00:41:56,790 --> 00:41:54,000  
as being short but natural stature

907  
00:42:00,390 --> 00:41:56,800  
and dressed in a green one-piece suit

908  
00:42:02,790 --> 00:42:00,400  
with a simple tight fitting head and

909  
00:42:05,270 --> 00:42:02,800  
chin headrest walked up and down the

910  
00:42:07,430 --> 00:42:05,280  
frontage behind the low stone and

911  
00:42:09,030 --> 00:42:07,440  
blended with the grasses sources

912  
00:42:11,109 --> 00:42:09,040  
commented that their uh

913  
00:42:14,630 --> 00:42:11,119

her observations are very similar to

914

00:42:18,069 --> 00:42:14,640

those illustrated on pages 112 177 and

915

00:42:21,109 --> 00:42:18,079

209 of flag saucers have landed

916

00:42:23,510 --> 00:42:21,119

by domino leslie and george at mansky

917

00:42:26,870 --> 00:42:23,520

which was subsequently given to her by

918

00:42:28,870 --> 00:42:26,880

her son a prominent chicago engineer

919

00:42:32,069 --> 00:42:28,880

who paige was that

920

00:42:35,120 --> 00:42:32,079

this yeah you got the book i do

921

00:42:37,030 --> 00:42:35,130

yeah awesome uh 112.

922

00:42:43,990 --> 00:42:37,040

[Music]

923

00:42:44,000 --> 00:42:47,510

177

924

00:42:47,520 --> 00:42:50,470

and 209

925

00:42:54,710 --> 00:42:51,829

i wonder if i just have a different

926

00:42:56,230 --> 00:42:54,720

edition in the page number sir

927

00:42:57,670 --> 00:42:56,240

um

928

00:42:59,829 --> 00:42:57,680

yeah maybe i'm not seeing any

929

00:43:02,230 --> 00:42:59,839

illustrations on those pages but i've

930

00:43:03,750 --> 00:43:02,240

got to be they like strange old copy

931

00:43:04,790 --> 00:43:03,760

yeah maybe they write them out too or

932

00:43:07,030 --> 00:43:04,800

something

933

00:43:09,270 --> 00:43:07,040

um

934

00:43:15,430 --> 00:43:09,280

okay so there's that

935

00:43:21,270 --> 00:43:17,910

um lasted

936

00:43:22,710 --> 00:43:21,280

30 minutes okay

937

00:43:24,390 --> 00:43:22,720

vice president

938

00:43:26,230 --> 00:43:24,400

western u wow

939

00:43:29,910 --> 00:43:26,240

besides an apartment interviewed

940

00:43:34,470 --> 00:43:31,750

all right so pretty much just going over

941

00:43:36,630 --> 00:43:34,480

the same thing but this agent here

942

00:43:38,630 --> 00:43:36,640

agent's note is pretty good

943

00:43:41,430 --> 00:43:38,640

agents note

944

00:43:43,670 --> 00:43:41,440

impress this agent as being a woman of

945

00:43:46,710 --> 00:43:43,680

apparent leisure culture and greater

946

00:43:49,430 --> 00:43:46,720

than average financial means devoted to

947

00:43:51,670 --> 00:43:49,440

intellectual research and knowledge

948

00:43:54,550 --> 00:43:51,680

as a youngster she asserted that she had

949

00:43:56,550 --> 00:43:54,560

a governess for 14 years and graduated

950

00:43:58,390 --> 00:43:56,560

from high school

951  
00:43:59,829 --> 00:43:58,400  
at the age of 12.

952  
00:44:02,550 --> 00:43:59,839  
while

953  
00:44:05,750 --> 00:44:02,560  
continuing on she subsequently attended

954  
00:44:07,990 --> 00:44:05,760  
national park seminary washington dc for

955  
00:44:10,630 --> 00:44:08,000  
two years preparatory medical missionary

956  
00:44:12,550 --> 00:44:10,640  
work in china she claims fluency in

957  
00:44:14,550 --> 00:44:12,560  
several languages chinese hinduistic

958  
00:44:17,670 --> 00:44:14,560  
greek italian latin german french

959  
00:44:21,829 --> 00:44:17,680  
russian some basic knowledge of others

960  
00:44:25,670 --> 00:44:21,839  
she has crossed the oceans 14 times

961  
00:44:29,589 --> 00:44:28,150  
that's something allegedly she has

962  
00:44:30,710 --> 00:44:29,599  
received while the claim for her

963  
00:44:33,910 --> 00:44:30,720

writings

964

00:44:34,870 --> 00:44:33,920

on a collection of the black madonna and

965

00:44:37,589 --> 00:44:34,880

her

966

00:44:39,829 --> 00:44:37,599

authoritativeness on cricket

967

00:44:42,390 --> 00:44:39,839

lore wow

968

00:44:43,430 --> 00:44:42,400

she appeared in articles

969

00:44:45,829 --> 00:44:43,440

you know what

970

00:44:48,790 --> 00:44:45,839

this is interesting

971

00:44:50,870 --> 00:44:48,800

i wonder if this is

972

00:44:52,790 --> 00:44:50,880

now i'd be kind of people wouldn't know

973

00:44:54,309 --> 00:44:52,800

what i'm talking about i guess but

974

00:44:57,750 --> 00:44:54,319

um

975

00:45:00,870 --> 00:44:57,760

there's this uh rosendale foundation

976  
00:45:02,069 --> 00:45:00,880  
with julius rosenwald or whatever

977  
00:45:04,150 --> 00:45:02,079  
and

978  
00:45:06,950 --> 00:45:04,160  
that's where like two of these bodies

979  
00:45:08,710 --> 00:45:06,960  
apparently went to from the aztec thing

980  
00:45:10,470 --> 00:45:08,720  
and then the daughter wound up taking

981  
00:45:11,430 --> 00:45:10,480  
over the place

982  
00:45:14,470 --> 00:45:11,440  
and

983  
00:45:18,150 --> 00:45:16,950  
it the description fits her to a t so

984  
00:45:19,990 --> 00:45:18,160  
that would be that would be pretty

985  
00:45:21,510 --> 00:45:20,000  
interesting

986  
00:45:27,430 --> 00:45:21,520  
maybe one of them got loose and she

987  
00:45:31,430 --> 00:45:29,430  
yeah i also want to be known as a person

988  
00:45:33,990 --> 00:45:31,440

of leisure too if someone's describing

989

00:45:36,069 --> 00:45:34,000

me i think that sounds pretty nice as a

990

00:45:37,589 --> 00:45:36,079

person please

991

00:45:39,430 --> 00:45:37,599

well you would be if you're rich i guess

992

00:45:41,109 --> 00:45:39,440

right yeah

993

00:45:42,470 --> 00:45:41,119

well you would say

994

00:45:44,309 --> 00:45:42,480

yeah wow

995

00:45:47,829 --> 00:45:44,319

um

996

00:45:50,470 --> 00:45:47,839

there's one more i have but i'll

997

00:45:53,750 --> 00:45:50,480

it's just a bunch of analysis on some

998

00:45:54,950 --> 00:45:53,760

a crash that happened in michigan behind

999

00:45:56,870 --> 00:45:54,960

um

1000

00:45:58,829 --> 00:45:56,880

a dow chemical

1001  
00:46:02,150 --> 00:45:58,839  
what part of

1002  
00:46:04,309 --> 00:46:02,160  
michigan okay i'll bring it up

1003  
00:46:06,470 --> 00:46:04,319  
maybe i'll go visit it

1004  
00:46:09,430 --> 00:46:06,480  
interesting

1005  
00:46:13,430 --> 00:46:11,430  
almost just a up man it takes a while to

1006  
00:46:15,349 --> 00:46:13,440  
get up there

1007  
00:46:16,390 --> 00:46:15,359  
i want to say it's like battle creek or

1008  
00:46:20,580 --> 00:46:16,400  
something

1009  
00:46:25,270 --> 00:46:22,630  
[Music]

1010  
00:46:27,589 --> 00:46:25,280  
oh no i don't know where it is

1011  
00:46:29,270 --> 00:46:27,599  
well send it to me then if yeah find it

1012  
00:46:32,150 --> 00:46:29,280  
later and send it to me so that sounds

1013  
00:46:34,790 --> 00:46:32,160

interesting and uh i've incidentally

1014

00:46:35,990 --> 00:46:34,800

been covering only michigan cases

1015

00:46:38,950 --> 00:46:36,000

which is weird

1016

00:46:41,030 --> 00:46:38,960

didn't set out to do that but oh well

1017

00:46:42,630 --> 00:46:41,040

yeah i mean well it makes sense because

1018

00:46:44,870 --> 00:46:42,640

you're there and you can kind of follow

1019

00:46:46,630 --> 00:46:44,880

up right

1020

00:46:47,750 --> 00:46:46,640

yeah i think that makes a lot of sense

1021

00:46:49,829 --> 00:46:47,760

actually

1022

00:46:51,349 --> 00:46:49,839

i wanted to i was thinking of doing that

1023

00:46:52,950 --> 00:46:51,359

here but there just really isn't that

1024

00:46:54,309 --> 00:46:52,960

many

1025

00:46:56,550 --> 00:46:54,319

you know i didn't you know i didn't

1026  
00:46:58,630 --> 00:46:56,560  
think there was um in michigan either

1027  
00:46:59,829 --> 00:46:58,640  
but they just keep popping up

1028  
00:47:01,750 --> 00:46:59,839  
just they just don't get a lot of

1029  
00:47:03,190 --> 00:47:01,760  
coverage i suppose even though even ones

1030  
00:47:06,550 --> 00:47:03,200  
that should

1031  
00:47:11,589 --> 00:47:06,560  
july 9 1947 well

1032  
00:47:15,829 --> 00:47:14,390  
yeah it sounds familiar um

1033  
00:47:18,390 --> 00:47:15,839  
let me look it up

1034  
00:47:20,870 --> 00:47:18,400  
they say right away yes this incident

1035  
00:47:22,950 --> 00:47:20,880  
was evidently a prank or private

1036  
00:47:24,549 --> 00:47:22,960  
experiment well

1037  
00:47:26,950 --> 00:47:24,559  
how are

1038  
00:47:28,390 --> 00:47:26,960

those two things are way different

1039

00:47:30,390 --> 00:47:28,400

mm-hmm

1040

00:47:32,309 --> 00:47:30,400

is either prank or it was this

1041

00:47:34,150 --> 00:47:32,319

experiment that he was doing but

1042

00:47:35,270 --> 00:47:34,160

privately like

1043

00:47:37,510 --> 00:47:35,280

what

1044

00:47:41,270 --> 00:47:37,520

you know and then they go to

1045

00:47:42,150 --> 00:47:41,280

okay like analyze all this stuff

1046

00:47:44,150 --> 00:47:42,160

so

1047

00:47:47,910 --> 00:47:44,160

regarding the material substance he had

1048

00:47:52,150 --> 00:47:47,920

given mr a spencer physicist

1049

00:47:55,589 --> 00:47:54,309

this guy's behind the dow chemical thing

1050

00:47:57,109 --> 00:47:55,599

and he

1051

00:47:58,950 --> 00:47:57,119

explains

1052

00:48:02,549 --> 00:47:58,960

basically what we know of are like

1053

00:48:05,990 --> 00:48:02,559

orange or red orbs yeah right and it's

1054

00:48:07,990 --> 00:48:06,000

like sparkling crashes

1055

00:48:10,390 --> 00:48:08,000

and there's like burn marks there's

1056

00:48:12,549 --> 00:48:10,400

weird sand that's there that's not like

1057

00:48:14,230 --> 00:48:12,559

uh normal sand apparently already

1058

00:48:16,309 --> 00:48:14,240

interesting that well that's that's

1059

00:48:19,190 --> 00:48:16,319

similar to delphos right

1060

00:48:22,069 --> 00:48:19,200

yes yeah mess up the soil for a while

1061

00:48:23,910 --> 00:48:22,079

right allegedly

1062

00:48:26,390 --> 00:48:23,920

and so this is kind of hard to read

1063

00:48:28,549 --> 00:48:26,400

actually but oh yeah it's light

1064

00:48:31,510 --> 00:48:28,559

droplets of silver melted yeah there's

1065

00:48:33,030 --> 00:48:31,520

little silver pellets

1066

00:48:35,589 --> 00:48:33,040

which are interesting

1067

00:48:38,790 --> 00:48:35,599

yeah it's like what is that doing there

1068

00:48:40,470 --> 00:48:38,800

um then we have some

1069

00:48:42,710 --> 00:48:40,480

the remark discriminancies in their

1070

00:48:44,950 --> 00:48:42,720

stories oh i bet there were

1071

00:48:47,270 --> 00:48:44,960

i bet there were must have been an

1072

00:48:49,109 --> 00:48:47,280

experiment or prank

1073

00:48:51,589 --> 00:48:49,119

evidently

1074

00:48:53,190 --> 00:48:51,599

major aaron j boggs forwarded here

1075

00:48:55,109 --> 00:48:53,200

within the okay

1076

00:48:57,829 --> 00:48:55,119

in regard to the analysis of certain

1077

00:49:00,309 --> 00:48:57,839

materials discussed by the dow chemical

1078

00:49:06,069 --> 00:49:03,430

midland michigan does that still exist

1079

00:49:08,390 --> 00:49:06,079

there dow chemical company i believe so

1080

00:49:09,270 --> 00:49:08,400

uh it's kind of over by saginaw so like

1081

00:49:10,630 --> 00:49:09,280

if you're

1082

00:49:12,630 --> 00:49:10,640

you're looking at michigan it's in the

1083

00:49:13,430 --> 00:49:12,640

crook of the thumb there

1084

00:49:15,589 --> 00:49:13,440

which

1085

00:49:16,549 --> 00:49:15,599

that's you know probably

1086

00:49:18,069 --> 00:49:16,559

take me

1087

00:49:19,589 --> 00:49:18,079

two hours to get there you go check it

1088

00:49:22,230 --> 00:49:19,599

out go dig up that's probably not worth

1089

00:49:23,589 --> 00:49:22,240

it and find some silver ingots in the

1090

00:49:26,150 --> 00:49:23,599

dirt

1091

00:49:29,270 --> 00:49:26,160

oh maybe who knows

1092

00:49:31,349 --> 00:49:29,280

how many things the fbi investigated

1093

00:49:34,230 --> 00:49:31,359

really that's interesting

1094

00:49:35,270 --> 00:49:34,240

um and this was the next year october 11

1095

00:49:36,549 --> 00:49:35,280

48

1096

00:49:38,710 --> 00:49:36,559

i find that there was an fbi

1097

00:49:40,069 --> 00:49:38,720

investigation which made which was made

1098

00:49:41,910 --> 00:49:40,079

by a man named

1099

00:49:43,829 --> 00:49:41,920

now at the detroit office and it would

1100

00:49:45,990 --> 00:49:43,839

be well to get any additional

1101  
00:49:47,589 --> 00:49:46,000  
information that they dug up so they're

1102  
00:49:49,349 --> 00:49:47,599  
still looking into this which is pretty

1103  
00:49:50,549 --> 00:49:49,359  
interesting

1104  
00:49:53,589 --> 00:49:50,559  
that's

1105  
00:49:55,349 --> 00:49:53,599  
i've brought along a sample of the fused

1106  
00:49:57,750 --> 00:49:55,359  
mineral matter that was found

1107  
00:50:00,549 --> 00:49:57,760  
surrounding the silver pellets part of

1108  
00:50:05,430 --> 00:50:03,190  
which has been ground into a fine dust

1109  
00:50:08,230 --> 00:50:05,440  
for purposes of analysis the silver

1110  
00:50:09,990 --> 00:50:08,240  
nuggets that were recovered are still on

1111  
00:50:13,030 --> 00:50:10,000  
hand and will be

1112  
00:50:15,109 --> 00:50:13,040  
forwarded and also information

1113  
00:50:19,430 --> 00:50:15,119

additional reports rather on analysis

1114

00:50:25,030 --> 00:50:21,990

indication that it was a self-consuming

1115

00:50:27,430 --> 00:50:25,040

missile capable of producing a

1116

00:50:30,630 --> 00:50:27,440

considerable amount of smoke and fire

1117

00:50:31,510 --> 00:50:30,640

and leaving behind only the minimum

1118

00:50:34,069 --> 00:50:31,520

um

1119

00:50:37,190 --> 00:50:34,079

something required

1120

00:50:40,790 --> 00:50:37,200

to produce a battery transmitter

1121

00:50:41,990 --> 00:50:40,800

it doesn't sound like a prank

1122

00:50:45,190 --> 00:50:42,000

people have strange

1123

00:50:48,390 --> 00:50:45,200

sense to humor you ever know dr baumer

1124

00:50:50,150 --> 00:50:48,400

found the material radioactive

1125

00:50:52,390 --> 00:50:50,160

sufficient to count

1126  
00:50:55,510 --> 00:50:52,400  
the radioactivity was apparently due

1127  
00:50:58,150 --> 00:50:55,520  
entirely to the thorium and it was

1128  
00:51:01,829 --> 00:50:58,160  
believed that this could have arisen

1129  
00:51:03,589 --> 00:51:01,839  
from the use of a little luminous

1130  
00:51:05,109 --> 00:51:03,599  
paint

1131  
00:51:06,829 --> 00:51:05,119  
i looked that up

1132  
00:51:10,069 --> 00:51:06,839  
actually

1133  
00:51:13,109 --> 00:51:10,079  
and that that is a thing that wouldn't

1134  
00:51:14,390 --> 00:51:13,119  
surprise me what yeah it was 1947 1948

1135  
00:51:15,829 --> 00:51:14,400  
there's all sorts of dangerous stuff in

1136  
00:51:16,790 --> 00:51:15,839  
paint back then right

1137  
00:51:19,750 --> 00:51:16,800  
yeah

1138  
00:51:22,710 --> 00:51:19,760

glowing radioactive for sure

1139

00:51:24,710 --> 00:51:22,720

so that is pretty interesting and you

1140

00:51:28,870 --> 00:51:24,720

know for whatever reason i don't have

1141

00:51:30,710 --> 00:51:28,880

the actual analysis up here but it is

1142

00:51:32,950 --> 00:51:30,720

i do have it

1143

00:51:36,390 --> 00:51:32,960

so for anyone that knows anything about

1144

00:51:40,630 --> 00:51:39,190

maybe you can shine and tell us

1145

00:51:42,230 --> 00:51:40,640

we do have another michigander in the

1146

00:51:43,190 --> 00:51:42,240

chat though i think

1147

00:51:44,549 --> 00:51:43,200

oh yeah

1148

00:51:45,990 --> 00:51:44,559

yeah it looks like

1149

00:51:47,430 --> 00:51:46,000

maybe he's just familiar with here and

1150

00:51:48,549 --> 00:51:47,440

he was commenting about how it was near

1151  
00:51:50,549 --> 00:51:48,559  
saginaw

1152  
00:51:52,870 --> 00:51:50,559  
uh okay

1153  
00:51:54,230 --> 00:51:52,880  
shaggy no mish again

1154  
00:51:55,270 --> 00:51:54,240  
which i don't think i've ever been over

1155  
00:51:58,069 --> 00:51:55,280  
there

1156  
00:52:00,069 --> 00:51:58,079  
i've never been to michigan actually and

1157  
00:52:01,270 --> 00:52:00,079  
it's not that far from me

1158  
00:52:04,069 --> 00:52:01,280  
well it's

1159  
00:52:05,990 --> 00:52:04,079  
it's awkward to go to you know right

1160  
00:52:07,589 --> 00:52:06,000  
because of that lake

1161  
00:52:09,430 --> 00:52:07,599  
yeah that lake thing and then you can

1162  
00:52:11,430 --> 00:52:09,440  
take like a ferry with your car and

1163  
00:52:12,790 --> 00:52:11,440

stuff but yeah i have i've never done

1164

00:52:14,309 --> 00:52:12,800

that but it goes right into luddington

1165

00:52:17,109 --> 00:52:14,319

which i really do like going to

1166

00:52:19,829 --> 00:52:17,119

lovington so i should try it sometime

1167

00:52:21,349 --> 00:52:19,839

the badger i think is what they call it

1168

00:52:23,270 --> 00:52:21,359

big old ship

1169

00:52:25,030 --> 00:52:23,280

yeah

1170

00:52:27,270 --> 00:52:25,040

oh here we go all right so here's the

1171

00:52:29,349 --> 00:52:27,280

analysis so they put a lot of work

1172

00:52:31,030 --> 00:52:29,359

apparently

1173

00:52:33,589 --> 00:52:31,040

into this

1174

00:52:39,670 --> 00:52:33,599

oh this project sign

1175

00:52:39,680 --> 00:52:46,470

so first observe a foot of the ground

1176

00:52:51,510 --> 00:52:49,430

yeah that is hard to read

1177

00:52:53,349 --> 00:52:51,520

i can do it i can do it

1178

00:52:55,270 --> 00:52:53,359

i know i can

1179

00:52:58,150 --> 00:52:55,280

no i can't do it

1180

00:53:00,230 --> 00:52:58,160

project project quote sign unquote i

1181

00:53:03,109 --> 00:53:00,240

have details of unidentified flying

1182

00:53:05,109 --> 00:53:03,119

object incident which occurred 9th of

1183

00:53:07,030 --> 00:53:05,119

july

1184

00:53:10,790 --> 00:53:07,040

sounds like you're taking a leak sorry

1185

00:53:16,790 --> 00:53:13,109

this incident involved observation of a

1186

00:53:19,510 --> 00:53:16,800

ball of white fire which was

1187

00:53:21,030 --> 00:53:19,520

uh first observed a foot or so off the

1188

00:53:23,829 --> 00:53:21,040

ground

1189

00:53:26,630 --> 00:53:25,190

i don't know what to make of it but it's

1190

00:53:32,710 --> 00:53:26,640

interesting

1191

00:53:38,230 --> 00:53:36,390

so we will get to here it is so

1192

00:53:39,829 --> 00:53:38,240

differences other than these indicate in

1193

00:53:41,990 --> 00:53:39,839

the above analysis include the much

1194

00:53:44,230 --> 00:53:42,000

darker color of the known sand which is

1195

00:53:46,870 --> 00:53:44,240

not affected by heating above 250

1196

00:53:50,069 --> 00:53:46,880

degrees the unknown sand is much lighter

1197

00:53:51,030 --> 00:53:50,079

color especially after the fine powder

1198

00:53:52,549 --> 00:53:51,040

is

1199

00:53:55,430 --> 00:53:52,559

sifted out of it

1200

00:53:56,950 --> 00:53:55,440

this fine powder is cheaply

1201  
00:53:58,710 --> 00:53:56,960  
thorite am i saying that right i don't

1202  
00:54:00,470 --> 00:53:58,720  
know th02

1203  
00:54:03,190 --> 00:54:00,480  
and constitutes five to ten percent of

1204  
00:54:06,390 --> 00:54:03,200  
the sample and also gives

1205  
00:54:08,309 --> 00:54:06,400  
its low radio activity

1206  
00:54:10,630 --> 00:54:08,319  
after removing the powder the remainder

1207  
00:54:12,390 --> 00:54:10,640  
of the unknown sample was picked to

1208  
00:54:14,470 --> 00:54:12,400  
given

1209  
00:54:17,750 --> 00:54:14,480  
a portion constituting less than a tenth

1210  
00:54:21,190 --> 00:54:17,760  
of the total leaving

1211  
00:54:25,349 --> 00:54:23,190  
the analysis indicates that the opaque

1212  
00:54:27,670 --> 00:54:25,359  
portion does not contain any thorns the

1213  
00:54:30,870 --> 00:54:27,680

x-ray shows it to be silica

1214

00:54:34,470 --> 00:54:32,870

wow well we need somebody smarter to

1215

00:54:38,870 --> 00:54:34,480

look at this

1216

00:54:40,950 --> 00:54:38,880

i'm looking up sorry right now

1217

00:54:43,190 --> 00:54:40,960

analysis of sand

1218

00:54:44,789 --> 00:54:43,200

the following analysis of the unknown

1219

00:54:47,349 --> 00:54:44,799

sand

1220

00:54:48,950 --> 00:54:47,359

supersedes the analysis given in the

1221

00:54:51,430 --> 00:54:48,960

previous report

1222

00:54:53,990 --> 00:54:51,440

since that sample is very small so this

1223

00:54:55,270 --> 00:54:54,000

is a second one

1224

00:55:02,390 --> 00:54:55,280

where i believe

1225

00:55:02,400 --> 00:55:06,870

put a lot of work into this

1226  
00:55:10,230 --> 00:55:08,470  
somebody did

1227  
00:55:11,349 --> 00:55:10,240  
right i i guess

1228  
00:55:14,390 --> 00:55:11,359  
classic

1229  
00:55:18,150 --> 00:55:14,400  
physical research lab jj gribby

1230  
00:55:18,160 --> 00:55:24,150  
problem number 115

1231  
00:55:24,160 --> 00:55:28,390  
analysis of white metal sample

1232  
00:55:31,750 --> 00:55:29,910  
metal

1233  
00:55:35,510 --> 00:55:31,760  
any radioactivity possessed by this

1234  
00:55:36,470 --> 00:55:35,520  
sample is too low to blackness

1235  
00:55:39,589 --> 00:55:36,480  
uh

1236  
00:55:41,030 --> 00:55:39,599  
sensitized photographic plate during 60

1237  
00:55:43,030 --> 00:55:41,040  
hours of contact

1238  
00:55:45,750 --> 00:55:43,040

the most probable radioactive elements

1239

00:55:48,230 --> 00:55:45,760

radium uranium thorium if present have

1240

00:55:49,750 --> 00:55:48,240

too low concentration to be detected by

1241

00:55:52,309 --> 00:55:49,760

ordinary

1242

00:55:55,109 --> 00:55:52,319

means

1243

00:55:58,549 --> 00:55:55,119

oh now there's a problem so that's

1244

00:55:59,990 --> 00:55:58,559

pretty that's that's interesting right

1245

00:56:01,510 --> 00:56:00,000

it is

1246

00:56:03,109 --> 00:56:01,520

steve shaw seems to know a little bit

1247

00:56:06,630 --> 00:56:03,119

about it he's going off in the chat

1248

00:56:09,190 --> 00:56:06,640

about thorium oh is he shoot

1249

00:56:11,030 --> 00:56:09,200

yeah i can only do one thing right

1250

00:56:13,190 --> 00:56:11,040

what do you know atomic number 90 and a

1251

00:56:14,950 --> 00:56:13,200

heavy metal hmm

1252

00:56:17,589 --> 00:56:14,960

it's radioactive

1253

00:56:20,069 --> 00:56:17,599

interesting so what yeah what i'll do

1254

00:56:21,990 --> 00:56:20,079

for you steve

1255

00:56:23,589 --> 00:56:22,000

is i will

1256

00:56:25,829 --> 00:56:23,599

i'll put the

1257

00:56:28,549 --> 00:56:25,839

the dry folder in the chat here

1258

00:56:32,710 --> 00:56:28,559

and you can look at it if you'd like

1259

00:56:36,630 --> 00:56:34,309

be nice if something worth looking at

1260

00:56:38,150 --> 00:56:36,640

i'll go check it out too i love taking a

1261

00:56:39,910 --> 00:56:38,160

checking out old

1262

00:56:42,230 --> 00:56:39,920

scenes

1263

00:56:43,750 --> 00:56:42,240

yeah that's a good idea

1264

00:56:45,190 --> 00:56:43,760

i've been out to the uh the holland

1265

00:56:46,789 --> 00:56:45,200

sighting location a few times now i'd

1266

00:56:47,670 --> 00:56:46,799

just like to go check it out

1267

00:56:49,990 --> 00:56:47,680

really

1268

00:56:51,430 --> 00:56:50,000

yeah yeah i uh looking at maps and stuff

1269

00:56:53,829 --> 00:56:51,440

like that only gives you so much

1270

00:56:56,150 --> 00:56:53,839

perspective so i like to kind of like

1271

00:56:57,349 --> 00:56:56,160

get my eyes out there and actually like

1272

00:56:58,549 --> 00:56:57,359

look in the different directions they

1273

00:57:00,150 --> 00:56:58,559

claim they are looking and stuff like

1274

00:57:03,109 --> 00:57:00,160

that and check out right because in the

1275

00:57:05,030 --> 00:57:03,119

original um 911 tape all the addresses

1276  
00:57:06,470 --> 00:57:05,040  
are not censored so i was able to find

1277  
00:57:07,349 --> 00:57:06,480  
all the locations

1278  
00:57:09,670 --> 00:57:07,359  
uh

1279  
00:57:11,109 --> 00:57:09,680  
but i like yeah i like checking them out

1280  
00:57:14,630 --> 00:57:11,119  
yeah that's a good idea that's probably

1281  
00:57:16,230 --> 00:57:14,640  
what a real investigator should do eh

1282  
00:57:19,349 --> 00:57:16,240  
what am i to say

1283  
00:57:21,190 --> 00:57:19,359  
not me i'm i'm a totally uh a quantity

1284  
00:57:23,349 --> 00:57:21,200  
over quality guy i'm like look at this

1285  
00:57:26,470 --> 00:57:23,359  
look at this look at this

1286  
00:57:28,309 --> 00:57:26,480  
what does it mean i have no idea no one

1287  
00:57:29,990 --> 00:57:28,319  
can say so there's the link you can

1288  
00:57:32,230 --> 00:57:30,000

check it out for yourself if anyone can

1289

00:57:34,230 --> 00:57:32,240

make uh any use of it

1290

00:57:35,349 --> 00:57:34,240

um

1291

00:57:36,870 --> 00:57:35,359

go ahead

1292

00:57:41,109 --> 00:57:36,880

let me know what you find that's that's

1293

00:57:42,710 --> 00:57:41,119

my only thing that's what i want to know

1294

00:57:44,950 --> 00:57:42,720

also

1295

00:57:46,470 --> 00:57:44,960

since i have you here

1296

00:57:48,230 --> 00:57:46,480

what do you think of bill nelson's

1297

00:57:49,910 --> 00:57:48,240

comments

1298

00:57:52,829 --> 00:57:49,920

i thought they were interesting

1299

00:57:57,349 --> 00:57:52,839

however i also think they sounded very

1300

00:58:00,630 --> 00:57:58,789

almost like a prepared talking point

1301  
00:58:02,150 --> 00:58:00,640  
that he was riffing on

1302  
00:58:03,430 --> 00:58:02,160  
so

1303  
00:58:07,589 --> 00:58:03,440  
is

1304  
00:58:09,430 --> 00:58:07,599  
reading off of and if so

1305  
00:58:10,710 --> 00:58:09,440  
does that imply a narrative

1306  
00:58:13,510 --> 00:58:10,720  
right i mean it's something to think

1307  
00:58:15,109 --> 00:58:13,520  
about but it is interesting and it is

1308  
00:58:17,030 --> 00:58:15,119  
like on on the complete opposite end of

1309  
00:58:18,390 --> 00:58:17,040  
that it is just really cool to see

1310  
00:58:20,710 --> 00:58:18,400  
someone from nasa talking about that

1311  
00:58:24,549 --> 00:58:20,720  
kind of stuff so i'm so torn about yeah

1312  
00:58:27,190 --> 00:58:24,559  
yeah it is isn't it um and

1313  
00:58:29,190 --> 00:58:27,200

you know what did he say 300

1314

00:58:31,270 --> 00:58:29,200

the pilot saw 300

1315

00:58:33,510 --> 00:58:31,280

had 300 sightings yeah i don't know what

1316

00:58:34,630 --> 00:58:33,520

the time frame was though i have to look

1317

00:58:37,109 --> 00:58:34,640

at that

1318

00:58:38,470 --> 00:58:37,119

um i i mean can we presume it was within

1319

00:58:41,190 --> 00:58:38,480

the last couple of years kind of like

1320

00:58:42,870 --> 00:58:41,200

the um right uip report

1321

00:58:45,750 --> 00:58:42,880

and if that's the case

1322

00:58:47,510 --> 00:58:45,760

that's that's a hell of a lot um

1323

00:58:49,589 --> 00:58:47,520

i mean honestly even if it's 10 years

1324

00:58:51,190 --> 00:58:49,599

that's still a lot 300

1325

00:58:52,630 --> 00:58:51,200

it's a lot more than i've seen

1326

00:58:55,430 --> 00:58:52,640

that's true

1327

00:58:57,109 --> 00:58:55,440

um i've seen

1328

00:59:00,710 --> 00:58:57,119

you know if let's say everything i've

1329

00:59:03,109 --> 00:59:02,390

i guess i can't even say what i think

1330

00:59:06,549 --> 00:59:03,119

but

1331

00:59:08,230 --> 00:59:06,559

they're unidentified for sure yeah so

1332

00:59:09,190 --> 00:59:08,240

it may not mean a lot

1333

00:59:11,670 --> 00:59:09,200

because

1334

00:59:13,510 --> 00:59:11,680

you know but i i do have uh

1335

00:59:15,910 --> 00:59:13,520

a pretty good you know grounding for

1336

00:59:20,710 --> 00:59:15,920

what's in disguise but so

1337

00:59:24,630 --> 00:59:20,720

um i would say one two three four five

1338

00:59:28,789 --> 00:59:24,640

sightings all within a year i'm jealousy

1339

00:59:34,630 --> 00:59:32,230

so there's three of them were single

1340

00:59:37,430 --> 00:59:34,640

things

1341

00:59:39,270 --> 00:59:37,440

and two of them were multiple

1342

00:59:40,870 --> 00:59:39,280

so one was

1343

00:59:42,470 --> 00:59:40,880

like four

1344

00:59:44,230 --> 00:59:42,480

or five

1345

00:59:46,309 --> 00:59:44,240

um orbs

1346

00:59:49,270 --> 00:59:46,319

and the other one

1347

00:59:50,789 --> 00:59:49,280

i think was probably like five or six

1348

00:59:53,910 --> 00:59:50,799

just all white

1349

00:59:55,670 --> 00:59:53,920

orbs popping out of a cloud

1350

00:59:58,549 --> 00:59:55,680

i have video of those of the multiple

1351

01:00:00,230 --> 00:59:58,559

ones it's just you know

1352

01:00:02,390 --> 01:00:00,240

i i don't even know if i ever want to

1353

01:00:03,670 --> 01:00:02,400

show it because

1354

01:00:04,549 --> 01:00:03,680

it doesn't look like much from where you

1355

01:00:05,990 --> 01:00:04,559

are

1356

01:00:08,069 --> 01:00:06,000

uh

1357

01:00:10,549 --> 01:00:08,079

i i think so

1358

01:00:12,549 --> 01:00:10,559

but other you know other people you know

1359

01:00:14,470 --> 01:00:12,559

oh that's nothing that's right yes or

1360

01:00:18,230 --> 01:00:14,480

that or whatever the hell

1361

01:00:20,150 --> 01:00:18,240

or so yeah whatever it is what it is

1362

01:00:21,589 --> 01:00:20,160

go ahead oh that's that's the thing with

1363

01:00:23,190 --> 01:00:21,599

video is like it's never going to be

1364

01:00:24,630 --> 01:00:23,200

conclusive you could have a really good

1365

01:00:26,870 --> 01:00:24,640

video and it still won't be conclusive

1366

01:00:28,470 --> 01:00:26,880

without other things so like

1367

01:00:30,230 --> 01:00:28,480

people that are putting that much stock

1368

01:00:32,309 --> 01:00:30,240

into them i think should just take a

1369

01:00:33,589 --> 01:00:32,319

step back and realize like it's just

1370

01:00:35,109 --> 01:00:33,599

part of it you know what i mean

1371

01:00:36,710 --> 01:00:35,119

especially like yeah

1372

01:00:38,150 --> 01:00:36,720

our technology is pretty limited it's

1373

01:00:39,430 --> 01:00:38,160

it's hard taking pictures of lights in

1374

01:00:41,430 --> 01:00:39,440

the sky

1375

01:00:43,190 --> 01:00:41,440

with even the new iphones and stuff like

1376

01:00:45,670 --> 01:00:43,200

that it still doesn't look great

1377

01:00:47,829 --> 01:00:45,680

yeah totally in

1378

01:00:50,630 --> 01:00:47,839

i think you hit it on the head like is a

1379

01:00:52,150 --> 01:00:50,640

video ever going to be

1380

01:00:53,109 --> 01:00:52,160

um

1381

01:00:54,870 --> 01:00:53,119

proof

1382

01:00:56,870 --> 01:00:54,880

even if it's

1383

01:00:59,270 --> 01:00:56,880

a great video

1384

01:01:00,470 --> 01:00:59,280

will that prove anything

1385

01:01:02,710 --> 01:01:00,480

it won't

1386

01:01:04,470 --> 01:01:02,720

because you can fake it

1387

01:01:05,589 --> 01:01:04,480

yeah you can see

1388

01:01:07,589 --> 01:01:05,599

or whatever

1389

01:01:12,309 --> 01:01:07,599

you know so whatever it is even if it

1390

01:01:15,670 --> 01:01:13,349

you know

1391

01:01:17,670 --> 01:01:15,680

so have a lot of things that have come

1392

01:01:18,789 --> 01:01:17,680

out on the big screen

1393

01:01:20,549 --> 01:01:18,799

right

1394

01:01:22,150 --> 01:01:20,559

i was uh i was thinking about this a lot

1395

01:01:23,829 --> 01:01:22,160

um back a couple weeks ago when everyone

1396

01:01:26,470 --> 01:01:23,839

was talking about that rubber ducky

1397

01:01:28,870 --> 01:01:26,480

video and i just like

1398

01:01:30,710 --> 01:01:28,880

even if collectively we all looked at

1399

01:01:32,870 --> 01:01:30,720

that and couldn't figure out what it was

1400

01:01:34,789 --> 01:01:32,880

it's still it's it's an it's anomalous

1401

01:01:36,710 --> 01:01:34,799

at that point it's unidentified

1402

01:01:37,670 --> 01:01:36,720

right from the perspective of that

1403

01:01:39,270 --> 01:01:37,680

camera

1404

01:01:40,870 --> 01:01:39,280

you know what i mean you can't there's

1405

01:01:42,710 --> 01:01:40,880

nothing conclusive you can say once you

1406

01:01:44,470 --> 01:01:42,720

have a video and say like i don't know

1407

01:01:45,910 --> 01:01:44,480

what that is in that video

1408

01:01:48,069 --> 01:01:45,920

that's where that conversation ends

1409

01:01:50,069 --> 01:01:48,079

really without you know putting your own

1410

01:01:51,349 --> 01:01:50,079

bias on it or jumping to any conclusions

1411

01:01:56,150 --> 01:01:51,359

so

1412

01:01:58,309 --> 01:01:56,160

yeah i don't know i don't know i don't

1413

01:02:00,069 --> 01:01:58,319

well i say that while i'm

1414

01:02:01,190 --> 01:02:00,079

like feverishly pursuing videos of

1415

01:02:02,230 --> 01:02:01,200

something but

1416

01:02:04,470 --> 01:02:02,240

yeah

1417

01:02:06,390 --> 01:02:04,480

but you're at but you're adding that to

1418

01:02:09,270 --> 01:02:06,400

something that has other information

1419

01:02:11,270 --> 01:02:09,280

right strong context already yeah which

1420

01:02:13,270 --> 01:02:11,280

yeah and that's the point is it's a it's

1421

01:02:14,870 --> 01:02:13,280

a piece of a puzzle it's not the whole

1422

01:02:16,069 --> 01:02:14,880

thing it's not the whole image but when

1423

01:02:19,990 --> 01:02:16,079

you

1424

01:02:21,349 --> 01:02:20,000

better it looks though right right yeah

1425

01:02:23,109 --> 01:02:21,359

and you're not

1426  
01:02:24,870 --> 01:02:23,119  
you know just coming out with a video

1427  
01:02:26,309 --> 01:02:24,880  
that you're saying is going to be the

1428  
01:02:28,950 --> 01:02:26,319  
best thing

1429  
01:02:30,950 --> 01:02:28,960  
that you people have seen since

1430  
01:02:33,029 --> 01:02:30,960  
you know jesus rose from the dead and

1431  
01:02:35,109 --> 01:02:33,039  
then that's all you got

1432  
01:02:36,870 --> 01:02:35,119  
right and then yeah and videos are

1433  
01:02:38,710 --> 01:02:36,880  
endlessly debatable like look at the

1434  
01:02:40,390 --> 01:02:38,720  
look at the ones we have over the last

1435  
01:02:42,630 --> 01:02:40,400  
couple years we're still talking about

1436  
01:02:44,069 --> 01:02:42,640  
them still going back and forth on uh

1437  
01:02:47,750 --> 01:02:44,079  
the gimbal and the go fast and all those

1438  
01:02:49,430 --> 01:02:47,760

things yeah and and like

1439

01:02:51,990 --> 01:02:49,440

to be perfectly honest like those don't

1440

01:02:53,349 --> 01:02:52,000

look like anything you know what i mean

1441

01:02:54,789 --> 01:02:53,359

like they look cool and they show a

1442

01:02:56,789 --> 01:02:54,799

little bit of interesting movement and

1443

01:02:57,829 --> 01:02:56,799

stuff but like maybe

1444

01:03:00,710 --> 01:02:57,839

but uh

1445

01:03:02,870 --> 01:03:00,720

right but then what you know what is it

1446

01:03:05,190 --> 01:03:02,880

it well it's not enough obviously

1447

01:03:06,950 --> 01:03:05,200

because we're still here right right

1448

01:03:08,789 --> 01:03:06,960

right so

1449

01:03:12,390 --> 01:03:08,799

but i mean like i i kind of appreciate

1450

01:03:15,430 --> 01:03:12,400

that i i like savoring the mystery so

1451

01:03:18,630 --> 01:03:15,440

i do i look for answers but i enjoy it

1452

01:03:20,309 --> 01:03:18,640

the entire time if if the disclosure

1453

01:03:22,069 --> 01:03:20,319

happened like everybody wants tomorrow

1454

01:03:23,430 --> 01:03:22,079

like what would i do now

1455

01:03:25,270 --> 01:03:23,440

right

1456

01:03:26,870 --> 01:03:25,280

that would be that would suck go back

1457

01:03:29,510 --> 01:03:26,880

and play video games

1458

01:03:32,390 --> 01:03:31,109

uh all right yeah i appreciate the

1459

01:03:35,670 --> 01:03:32,400

mystery

1460

01:03:38,390 --> 01:03:35,680

i'm gonna take a little bit of a break

1461

01:03:42,549 --> 01:03:38,400

and we're gonna listen to

1462

01:03:44,309 --> 01:03:42,559

gary wilcox's 1964 martian encounter

1463

01:03:46,950 --> 01:03:44,319

cool

1464

01:03:49,270 --> 01:03:46,960

yeah so i'll be right back

1465

01:03:51,510 --> 01:03:49,280

and yeah i just gotta go to the bathroom

1466

01:03:52,549 --> 01:03:51,520

and maybe take a puff off a cigarette

1467

01:03:59,430 --> 01:03:52,559

same

1468

01:04:04,470 --> 01:04:01,750

we're from upstate new york he lives in

1469

01:04:06,069 --> 01:04:04,480

a town called newark new york and most

1470

01:04:08,630 --> 01:04:06,079

important of all he's been raided by his

1471

01:04:12,309 --> 01:04:08,640

neighbors as quiet serious hardworking

1472

01:04:14,789 --> 01:04:12,319

and sober his name is gary wilcox and we

1473

01:04:17,029 --> 01:04:14,799

caught up with mr wilcox earlier today

1474

01:04:19,750 --> 01:04:17,039

in his board he had an extension phone

1475

01:04:21,430 --> 01:04:19,760

out there and you'll notice the moon

1476

01:04:24,309 --> 01:04:21,440

in the background we talked with him and

1477

01:04:30,540 --> 01:04:24,319

we asked him where he was when he first

1478

01:04:30,550 --> 01:04:39,109

[Music]

1479

01:04:44,390 --> 01:04:41,750

there's nothing in view i mean in hawaii

1480

01:04:46,470 --> 01:04:44,400

it's all open ground and there's no

1481

01:04:47,829 --> 01:04:46,480

light spots up there whether something

1482

01:04:49,270 --> 01:04:47,839

[h\_\_\h] it off from there it looked just

1483

01:04:51,589 --> 01:04:49,280

like a

1484

01:05:03,750 --> 01:04:51,599

mirror shining in my face and i

1485

01:05:06,829 --> 01:05:05,270

what does it look like as you got closer

1486

01:05:10,390 --> 01:05:06,839

to

1487

01:05:11,589 --> 01:05:10,400

it well i got 120 yards from it then i

1488

01:05:13,430 --> 01:05:11,599

couldn't see nothing there wasn't no

1489

01:05:14,789 --> 01:05:13,440

painting or nothing but as i went closer

1490

01:05:16,950 --> 01:05:14,799

i got

1491

01:05:18,390 --> 01:05:16,960

i was within 100 feet before i saw

1492

01:05:19,430 --> 01:05:18,400

anything

1493

01:05:36,360 --> 01:05:19,440

this was

1494

01:05:36,370 --> 01:05:47,589

[Music]

1495

01:05:51,190 --> 01:05:48,950

what did the surface look like it was

1496

01:05:52,789 --> 01:05:51,200

made out of

1497

01:05:54,950 --> 01:05:52,799

oh

1498

01:05:57,589 --> 01:05:54,960

aluminum colored whitish colored had a

1499

01:05:59,029 --> 01:05:57,599

white cast to it but it wasn't right it

1500

01:06:08,470 --> 01:05:59,039

was

1501

01:06:09,829 --> 01:06:08,480

did a door open before these people came

1502

01:06:11,510 --> 01:06:09,839

out of it how did they appear how did

1503

01:06:13,589 --> 01:06:11,520

you meet the little men

1504

01:06:15,190 --> 01:06:13,599

well i don't know i was

1505

01:06:16,710 --> 01:06:15,200

feeling right now just getting ready to

1506

01:06:31,250 --> 01:06:16,720

come back don't call the sheriff up and

1507

01:06:44,630 --> 01:06:37,790

[Music]

1508

01:06:48,789 --> 01:06:46,470

you could perfectly understand that they

1509

01:06:50,710 --> 01:06:48,799

talk better english

1510

01:06:53,430 --> 01:06:50,720

did they talk with any kind of an accent

1511

01:06:58,150 --> 01:06:53,440

no no action or nothing i spoke german

1512

01:07:01,349 --> 01:06:59,829

and what do they have to tell you what

1513

01:07:03,510 --> 01:07:01,359

were some of the things they said how

1514

01:07:05,190 --> 01:07:03,520

did they address you oh first thing they

1515

01:07:07,270 --> 01:07:05,200

said was don't be alarmed when you talk

1516

01:07:10,069 --> 01:07:07,280

to people before

1517

01:07:11,270 --> 01:07:10,079

and they will be questioning uh how i

1518

01:07:12,470 --> 01:07:11,280

see them and stuff they were quite

1519

01:07:14,710 --> 01:07:12,480

concerned that i shouldn't have seen

1520

01:07:16,470 --> 01:07:14,720

them within a hundred feet or so and

1521

01:07:18,069 --> 01:07:16,480

when i told him i saw them lay down

1522

01:07:19,589 --> 01:07:18,079

where i spread menorahs

1523

01:07:20,870 --> 01:07:19,599

away they were quite concerned they said

1524

01:07:23,510 --> 01:07:20,880

i shouldn't have seen him in the daytime

1525

01:07:24,789 --> 01:07:23,520

like that's why in the daytime

1526  
01:07:26,230 --> 01:07:24,799  
did they tell you what they were doing

1527  
01:07:30,950 --> 01:07:26,240  
there i

1528  
01:07:30,960 --> 01:07:40,470  
[Music]

1529  
01:07:43,990 --> 01:07:41,829  
that's what they were doing they started

1530  
01:07:46,549 --> 01:07:44,000  
collecting organic material and stuff

1531  
01:07:48,390 --> 01:07:46,559  
where did they say they were from

1532  
01:07:50,309 --> 01:07:48,400  
well

1533  
01:07:51,589 --> 01:07:50,319  
really this sounds awful silly i know

1534  
01:07:53,589 --> 01:07:51,599  
but uh

1535  
01:08:03,349 --> 01:07:53,599  
they told me they were from what i know

1536  
01:08:07,270 --> 01:08:04,870  
you sound like you find it rather hard

1537  
01:08:09,270 --> 01:08:07,280  
to believe yourself well i know i was up

1538  
01:08:11,349 --> 01:08:09,280

there for two hours i was touching the

1539

01:08:12,789 --> 01:08:11,359

thing and talking to somebody i don't

1540

01:08:14,069 --> 01:08:12,799

know who it was

1541

01:08:16,149 --> 01:08:14,079

and you said you talked to them for

1542

01:08:18,789 --> 01:08:16,159

about two hours oh it's probably not

1543

01:08:20,630 --> 01:08:18,799

half i was up there about come on

1544

01:08:22,390 --> 01:08:20,640

did they mention anything about mans

1545

01:08:24,789 --> 01:08:22,400

getting into space sort of coming into

1546

01:08:26,630 --> 01:08:24,799

their territory well

1547

01:08:28,229 --> 01:08:26,640

they talked about some of the stuff we

1548

01:08:30,929 --> 01:08:28,239

can't say anything about something like

1549

01:08:34,870 --> 01:08:32,709

[Music]

1550

01:08:36,630 --> 01:08:34,880

talking about the people were

1551  
01:08:38,390 --> 01:08:36,640  
silly to go into space they would never

1552  
01:08:40,149 --> 01:08:38,400  
survive there just because they can't

1553  
01:08:41,910 --> 01:08:40,159  
survive there they said they can only

1554  
01:08:43,829 --> 01:08:41,920  
make a trip but every two years the two

1555  
01:08:45,749 --> 01:08:43,839  
that were here

1556  
01:08:47,110 --> 01:08:45,759  
but they can't stay in this atmosphere

1557  
01:08:49,349 --> 01:08:47,120  
that

1558  
01:08:51,110 --> 01:08:49,359  
first men would have even a harder time

1559  
01:08:52,630 --> 01:08:51,120  
than they though

1560  
01:08:54,309 --> 01:08:52,640  
they were telling me they're

1561  
01:08:55,990 --> 01:08:54,319  
much farther advanced than this kind of

1562  
01:08:58,229 --> 01:08:56,000  
stuff than we are

1563  
01:09:00,390 --> 01:08:58,239

but they were more interested in

1564

01:09:01,590 --> 01:09:00,400

agriculture aspects of agriculture than

1565

01:09:03,510 --> 01:09:01,600

anything he asked me what i was doing

1566

01:09:05,669 --> 01:09:03,520

about the manure

1567

01:09:06,870 --> 01:09:05,679

where i got it and what it did and all

1568

01:09:08,470 --> 01:09:06,880

that stuff they didn't know nothing

1569

01:09:10,229 --> 01:09:08,480

about agriculture they don't have no

1570

01:09:12,309 --> 01:09:10,239

organic material or anything like that

1571

01:09:14,630 --> 01:09:12,319

up there they said they survive and what

1572

01:09:15,990 --> 01:09:14,640

they get out of the atmosphere they have

1573

01:09:17,669 --> 01:09:16,000

they didn't stress at any point they

1574

01:09:21,990 --> 01:09:17,679

made a lot of statements like that but

1575

01:09:26,309 --> 01:09:23,510

did you say that there were other things

1576

01:09:27,749 --> 01:09:26,319

they told you that you cannot reveal

1577

01:09:29,910 --> 01:09:27,759

um

1578

01:09:32,789 --> 01:09:29,920

why not why can't you reveal these other

1579

01:09:46,709 --> 01:09:35,730

why

1580

01:09:46,719 --> 01:09:51,230

oh

1581

01:09:51,240 --> 01:09:59,510

[Music]

1582

01:10:05,270 --> 01:10:02,950

why they were here

1583

01:10:07,669 --> 01:10:05,280

did these creatures have features like

1584

01:10:09,510 --> 01:10:07,679

we do on earth

1585

01:10:12,229 --> 01:10:09,520

they were about four foot tall and they

1586

01:10:14,709 --> 01:10:12,239

had arms and legs and heads the

1587

01:10:16,709 --> 01:10:14,719

way they had feet is i would presume so

1588

01:10:18,550 --> 01:10:16,719

they just had a complete uniform covered

1589

01:10:19,830 --> 01:10:18,560

everything i mean as far as seeing

1590

01:10:21,430 --> 01:10:19,840

creatures you couldn't see anything the

1591

01:10:22,950 --> 01:10:21,440

voice comes from it

1592

01:10:23,910 --> 01:10:22,960

from the front one some place i don't

1593

01:10:25,510 --> 01:10:23,920

know

1594

01:10:27,510 --> 01:10:25,520

you could say it come from the head or

1595

01:10:30,390 --> 01:10:27,520

come say it come from a stomach or where

1596

01:10:33,830 --> 01:10:32,390

someplace he was about four or five feet

1597

01:10:36,550 --> 01:10:33,840

away from me what color were the

1598

01:10:38,709 --> 01:10:36,560

uniforms same color as a ship sort of

1599

01:10:40,709 --> 01:10:38,719

like a spacesuit i was in the same car i

1600

01:10:42,870 --> 01:10:40,719

didn't touch the uniforms but they

1601  
01:10:45,570 --> 01:10:42,880  
looked to me like the same kind of stuff

1602  
01:10:45,580 --> 01:10:57,590  
[Music]

1603  
01:11:00,950 --> 01:10:59,750  
and there you have it reporting from his

1604  
01:11:03,910 --> 01:11:00,960  
barn in

1605  
01:11:05,990 --> 01:11:03,920  
new york gary wilcox a 28 year old dairy

1606  
01:11:08,149 --> 01:11:06,000  
farmer who says he saw

1607  
01:11:09,990 --> 01:11:08,159  
well you you heard mr wilcox and we'll

1608  
01:11:18,229 --> 01:11:10,000  
continue our conversation our guest here

1609  
01:11:18,239 --> 01:11:21,430  
what do you think

1610  
01:11:29,910 --> 01:11:24,070  
pretty crazy huh

1611  
01:11:34,390 --> 01:11:32,229  
uh-oh

1612  
01:11:35,510 --> 01:11:34,400  
[h\_\_\h] i get this guy playing in the

1613  
01:11:36,709 --> 01:11:35,520

background sorry

1614

01:11:39,350 --> 01:11:36,719

[Laughter]

1615

01:11:40,709 --> 01:11:39,360

yeah pretty interesting huh

1616

01:11:43,750 --> 01:11:40,719

definitely

1617

01:11:45,910 --> 01:11:43,760

i got i got something for you though

1618

01:11:48,550 --> 01:11:45,920

so

1619

01:12:01,750 --> 01:11:48,560

it and it kind of is how i found this to

1620

01:12:01,760 --> 01:12:11,510

where'd you go

1621

01:12:17,750 --> 01:12:14,870

sorry about that there you are

1622

01:12:24,070 --> 01:12:21,189

no but uh i have so

1623

01:12:26,630 --> 01:12:24,080

i got this book

1624

01:12:29,030 --> 01:12:26,640

here we go again right the book

1625

01:12:31,990 --> 01:12:29,040

i got the book and that's what made me

1626

01:12:34,550 --> 01:12:32,000

look this thing up

1627

01:12:36,390 --> 01:12:34,560

and in the book and i can't find well i

1628

01:12:38,149 --> 01:12:36,400

haven't tried super hard but i couldn't

1629

01:12:40,790 --> 01:12:38,159

find

1630

01:12:42,550 --> 01:12:40,800

uh like a picture of of

1631

01:12:44,550 --> 01:12:42,560

you know the men he's describing or

1632

01:12:47,430 --> 01:12:44,560

whatever

1633

01:12:52,870 --> 01:12:49,030

online that is

1634

01:12:55,750 --> 01:12:52,880

right but in the book there is one

1635

01:12:57,910 --> 01:12:55,760

oh oh yeah wait i've seen this before

1636

01:13:00,070 --> 01:12:57,920

did you post it recently

1637

01:13:01,990 --> 01:13:00,080

i don't think i did

1638

01:13:04,390 --> 01:13:02,000

i saw it really recently it's really

1639

01:13:06,149 --> 01:13:04,400

eerie actually

1640

01:13:07,350 --> 01:13:06,159

i like it a lot

1641

01:13:08,149 --> 01:13:07,360

weird huh

1642

01:13:11,910 --> 01:13:08,159

yeah

1643

01:13:13,510 --> 01:13:11,920

this one kind of to me it would be

1644

01:13:14,870 --> 01:13:13,520

like look at those shoes this would be

1645

01:13:17,990 --> 01:13:14,880

like a

1646

01:13:19,430 --> 01:13:18,000

time traveler thing maybe if it was real

1647

01:13:21,669 --> 01:13:19,440

that's what it reminded me it reminded

1648

01:13:23,350 --> 01:13:21,679

me of that scene in back to the future

1649

01:13:25,430 --> 01:13:23,360

when he comes back in the radio the

1650

01:13:26,530 --> 01:13:25,440

radiation suit and says he's darth vader

1651  
01:13:27,750 --> 01:13:26,540  
running out of that

1652  
01:13:29,669 --> 01:13:27,760  
[Laughter]

1653  
01:13:30,790 --> 01:13:29,679  
interesting well i mean this predates it

1654  
01:13:33,590 --> 01:13:30,800  
quite a bit

1655  
01:13:36,070 --> 01:13:33,600  
gary wilcox a farmer

1656  
01:13:38,709 --> 01:13:36,080  
and those those cowards were moving

1657  
01:13:40,390 --> 01:13:38,719  
that's for sure

1658  
01:13:43,189 --> 01:13:40,400  
yeah see we can't tell if they're little

1659  
01:13:45,430 --> 01:13:43,199  
or not true

1660  
01:13:46,950 --> 01:13:45,440  
oh but this is interesting

1661  
01:13:49,669 --> 01:13:46,960  
gary wilcox

1662  
01:13:51,830 --> 01:13:49,679  
so not all right he says that they made

1663  
01:13:53,189 --> 01:13:51,840

a prediction that an american astronaut

1664

01:13:56,149 --> 01:13:53,199

would soon die

1665

01:14:00,550 --> 01:13:56,159

not long after three astronauts did die

1666

01:14:02,550 --> 01:14:00,560

in a practice rocket launching accident

1667

01:14:05,030 --> 01:14:02,560

wow they lost their lives in a fire

1668

01:14:07,030 --> 01:14:05,040

aboard apollo 1.

1669

01:14:09,030 --> 01:14:07,040

that was a little a little while after

1670

01:14:10,630 --> 01:14:09,040

wasn't it

1671

01:14:13,430 --> 01:14:10,640

i don't know

1672

01:14:15,110 --> 01:14:13,440

what's that um

1673

01:14:16,790 --> 01:14:15,120

yeah it's a good idea to look that up

1674

01:14:19,030 --> 01:14:16,800

yeah

1675

01:14:22,230 --> 01:14:19,040

very interesting i thought

1676  
01:14:23,350 --> 01:14:22,240  
um so the book that i have

1677  
01:14:26,149 --> 01:14:23,360  
[Music]

1678  
01:14:26,830 --> 01:14:26,159  
is written by

1679  
01:14:28,390 --> 01:14:26,840  
a

1680  
01:14:34,709 --> 01:14:28,400  
jim

1681  
01:14:39,910 --> 01:14:35,830  
is

1682  
01:14:44,550 --> 01:14:43,669  
collins elite or collins bloodline

1683  
01:14:50,390 --> 01:14:44,560  
uh

1684  
01:14:52,630 --> 01:14:50,400  
illuminati

1685  
01:14:54,149 --> 01:14:52,640  
oh he's one of those

1686  
01:14:55,430 --> 01:14:54,159  
yeah

1687  
01:14:58,229 --> 01:14:55,440  
interesting

1688  
01:15:01,270 --> 01:14:58,239

yeah really

1689

01:15:03,910 --> 01:15:01,280

which the cia has uh like a 300-page

1690

01:15:05,430 --> 01:15:03,920

document on their website on

1691

01:15:06,790 --> 01:15:05,440

those

1692

01:15:09,270 --> 01:15:06,800

which is pretty crazy i didn't i

1693

01:15:11,830 --> 01:15:09,280

couldn't do it but i was thinking like

1694

01:15:14,470 --> 01:15:11,840

collins collins elite hmm

1695

01:15:16,790 --> 01:15:14,480

you know and so i saw collins right away

1696

01:15:18,550 --> 01:15:16,800

it was like the big name in there

1697

01:15:20,070 --> 01:15:18,560

um and

1698

01:15:21,910 --> 01:15:20,080

then they were talking about jim collins

1699

01:15:24,870 --> 01:15:21,920

who wrote a couple ufo books and i'm

1700

01:15:26,310 --> 01:15:24,880

like where can i find that and

1701

01:15:27,350 --> 01:15:26,320

i did

1702

01:15:28,310 --> 01:15:27,360

so

1703

01:15:29,750 --> 01:15:28,320

that

1704

01:15:32,550 --> 01:15:29,760

was interesting

1705

01:15:34,550 --> 01:15:32,560

jim collins

1706

01:15:36,470 --> 01:15:34,560

i thought sounds very familiar to me we

1707

01:15:38,310 --> 01:15:36,480

could look at some crazy ufo pictures

1708

01:15:40,229 --> 01:15:38,320

too

1709

01:15:41,030 --> 01:15:40,239

bring them on

1710

01:15:42,950 --> 01:15:41,040

let's get this one

1711

01:15:46,070 --> 01:15:42,960

[Music]

1712

01:15:47,750 --> 01:15:46,080

interesting 1991 scotland what am i

1713

01:15:53,110 --> 01:15:47,760

looking at there

1714

01:15:53,120 --> 01:16:05,350

that one i've seen i think

1715

01:16:07,990 --> 01:16:06,950

there's so much stuff floating around in

1716

01:16:09,110 --> 01:16:08,000

space

1717

01:16:10,550 --> 01:16:09,120

hard to say

1718

01:16:12,149 --> 01:16:10,560

grandmaster

1719

01:16:21,189 --> 01:16:12,159

yeah pretty much

1720

01:16:26,390 --> 01:16:23,830

that looks very uh billy meyer ask that

1721

01:16:31,270 --> 01:16:28,149

some of these are pretty

1722

01:16:33,669 --> 01:16:32,790

you know what that one reminds me of is

1723

01:16:35,990 --> 01:16:33,679

um

1724

01:16:38,229 --> 01:16:36,000

the golf breeze photos

1725

01:16:40,630 --> 01:16:38,239

it's got a similar look to it that's a

1726

01:16:49,189 --> 01:16:40,640

good yeah

1727

01:16:52,470 --> 01:16:50,870

that looks like one of those clouds they

1728

01:16:55,189 --> 01:16:52,480

put in the um

1729

01:16:57,270 --> 01:16:55,199

yeah all the new newbie ufo books

1730

01:17:01,990 --> 01:16:57,280

there's always that one photo of the

1731

01:17:06,550 --> 01:17:03,910

well

1732

01:17:07,750 --> 01:17:06,560

that was kind of interesting

1733

01:17:08,950 --> 01:17:07,760

which there is nothing there for

1734

01:17:13,990 --> 01:17:08,960

contacts

1735

01:17:21,430 --> 01:17:16,709

looks like an umbrella

1736

01:17:25,980 --> 01:17:23,350

did you ever see this one lake erie new

1737

01:17:27,430 --> 01:17:25,990

york it looks like it's crying

1738

01:17:30,390 --> 01:17:27,440

[Laughter]

1739

01:17:39,430 --> 01:17:30,400

what is that the yeah the blue guy

1740

01:17:42,870 --> 01:17:40,390

classic

1741

01:17:44,390 --> 01:17:42,880

phoenix lights

1742

01:17:46,870 --> 01:17:44,400

those are the flares

1743

01:17:47,830 --> 01:17:46,880

right yes right i remember watching this

1744

01:17:49,910 --> 01:17:47,840

live

1745

01:17:51,590 --> 01:17:49,920

that was really interesting

1746

01:17:52,550 --> 01:17:51,600

different phoenix one oh you watched

1747

01:17:54,870 --> 01:17:52,560

this one

1748

01:17:59,590 --> 01:17:54,880

yeah yeah i was saying

1749

01:18:06,790 --> 01:18:03,669

another classic is that nadam ski

1750

01:18:08,630 --> 01:18:06,800

it must be because that's uh like

1751

01:18:10,310 --> 01:18:08,640

this is the freaking

1752

01:18:16,630 --> 01:18:10,320

yeah

1753

01:18:22,149 --> 01:18:19,110

what's going on there what is that

1754

01:18:23,270 --> 01:18:22,159

object in the background there

1755

01:18:25,270 --> 01:18:23,280

ooh

1756

01:18:27,590 --> 01:18:25,280

that's kind of like uh

1757

01:18:30,390 --> 01:18:27,600

resembles your case yeah it does that's

1758

01:18:32,630 --> 01:18:30,400

really cool east germany 82 or 83. i

1759

01:18:34,950 --> 01:18:32,640

wonder what the case is uh connected to

1760

01:18:39,350 --> 01:18:36,709

yeah um it

1761

01:18:41,750 --> 01:18:39,360

some of those do come with

1762

01:18:43,189 --> 01:18:41,760

the actual case um

1763

01:18:45,510 --> 01:18:43,199

some

1764

01:18:48,149 --> 01:18:45,520

not so much but i've tried yeah i just

1765

01:18:50,229 --> 01:18:48,159

found this website that has a bunch of

1766

01:18:52,709 --> 01:18:50,239

freaking pictures on it that's a really

1767

01:18:54,870 --> 01:18:52,719

cool one

1768

01:18:57,910 --> 01:18:54,880

and i kind of just got the best ones i

1769

01:18:59,430 --> 01:18:57,920

could get or find

1770

01:19:01,830 --> 01:18:59,440

so

1771

01:19:03,030 --> 01:19:01,840

that's pretty much it we're right now

1772

01:19:05,590 --> 01:19:03,040

we're just looking at all the different

1773

01:19:08,470 --> 01:19:05,600

weird stuff i found

1774

01:19:11,030 --> 01:19:08,480

there's a lot of weird stuff out there

1775

01:19:15,510 --> 01:19:11,040

but i have more

1776

01:19:19,110 --> 01:19:16,390

really

1777

01:19:23,270 --> 01:19:19,120

cool stuff because like some of the my

1778

01:19:26,149 --> 01:19:23,280

favorite parts of of doing this is just

1779

01:19:26,159 --> 01:19:30,630

and running into weird things

1780

01:19:35,750 --> 01:19:34,310

do uh do you follow isaac coy on twitter

1781

01:19:37,750 --> 01:19:35,760

i don't think so

1782

01:19:40,229 --> 01:19:37,760

he has been posting he's got this blog

1783

01:19:42,070 --> 01:19:40,239

where he just uploads scans of

1784

01:19:43,430 --> 01:19:42,080

every ufo magazine you can find from

1785

01:19:45,189 --> 01:19:43,440

every country

1786

01:19:47,350 --> 01:19:45,199

it's a really incredible

1787

01:19:48,790 --> 01:19:47,360

collection and i've i just i just found

1788

01:19:50,709 --> 01:19:48,800

him recently he's been posting a lot of

1789

01:19:51,990 --> 01:19:50,719

great stuff and uh

1790

01:19:53,510 --> 01:19:52,000

incidentally i was looking through his

1791

01:19:55,910 --> 01:19:53,520

archives and i found my old skeptical

1792

01:19:57,510 --> 01:19:55,920

magazine on there which is really really

1793

01:19:59,669 --> 01:19:57,520

like i don't even have all the copies of

1794

01:20:01,510 --> 01:19:59,679

that anymore but they're on there yeah

1795

01:20:03,590 --> 01:20:01,520

how's that going i don't recommend

1796

01:20:05,750 --> 01:20:03,600

looking at them but

1797

01:20:06,950 --> 01:20:05,760

still skeptical yeah

1798

01:20:08,950 --> 01:20:06,960

i'd say it's

1799

01:20:10,390 --> 01:20:08,960

it's a different perspective now we

1800

01:20:11,750 --> 01:20:10,400

talked about it a little bit last time

1801  
01:20:13,030 --> 01:20:11,760  
where i am

1802  
01:20:14,870 --> 01:20:13,040  
i had to take a step back from

1803  
01:20:16,390 --> 01:20:14,880  
everything i'd gotten

1804  
01:20:18,709 --> 01:20:16,400  
too far

1805  
01:20:19,990 --> 01:20:18,719  
in my own biases and

1806  
01:20:22,229 --> 01:20:20,000  
took a break walked away and then

1807  
01:20:24,310 --> 01:20:22,239  
started reapproaching the subject

1808  
01:20:25,750 --> 01:20:24,320  
from scratch i forgot everything i knew

1809  
01:20:27,510 --> 01:20:25,760  
and looked at it i started looking at

1810  
01:20:29,030 --> 01:20:27,520  
things case by case

1811  
01:20:34,470 --> 01:20:29,040  
now which is how i ended up finding the

1812  
01:20:37,830 --> 01:20:36,070  
so yeah i'm not too proud of those

1813  
01:20:39,270 --> 01:20:37,840

magazines but they are out there it's

1814

01:20:43,350 --> 01:20:39,280

funny

1815

01:20:47,189 --> 01:20:45,510

is changing your mind or

1816

01:20:49,830 --> 01:20:47,199

brings you back in

1817

01:20:51,270 --> 01:20:49,840

kind of thing it absolutely did i mean

1818

01:20:53,430 --> 01:20:51,280

um

1819

01:20:54,790 --> 01:20:53,440

well like like i said i used to debunk

1820

01:20:56,950 --> 01:20:54,800

cases and stuff like that in that

1821

01:20:58,550 --> 01:20:56,960

magazine and um

1822

01:21:00,870 --> 01:20:58,560

i became disillusioned with it and

1823

01:21:02,390 --> 01:21:00,880

didn't want anything to do with it i um

1824

01:21:04,390 --> 01:21:02,400

some of the people i looked up to were

1825

01:21:05,750 --> 01:21:04,400

kind of disappointing me

1826

01:21:07,830 --> 01:21:05,760

just like yeah i'm done with this and

1827

01:21:09,750 --> 01:21:07,840

then kind of came back into it what was

1828

01:21:11,350 --> 01:21:09,760

it four or five months ago i think

1829

01:21:13,510 --> 01:21:11,360

with this case it's a case that's stuck

1830

01:21:15,830 --> 01:21:13,520

in the back of my mind for a long time

1831

01:21:17,910 --> 01:21:15,840

because of that uh

1832

01:21:19,830 --> 01:21:17,920

that magazine that i in my newest video

1833

01:21:21,350 --> 01:21:19,840

it's the third one that beam up the

1834

01:21:23,590 --> 01:21:21,360

outer connection out of grand rapids

1835

01:21:25,910 --> 01:21:23,600

which is where i live um right

1836

01:21:27,189 --> 01:21:25,920

i'd seen the cover of it as a small jpeg

1837

01:21:28,790 --> 01:21:27,199

floating around the internet but never

1838

01:21:29,910 --> 01:21:28,800

saw the contents and i wanted to know

1839

01:21:31,750 --> 01:21:29,920

more

1840

01:21:33,189 --> 01:21:31,760

so when i came back that was still in

1841

01:21:34,790 --> 01:21:33,199

the back of my mind and i was like yeah

1842

01:21:35,910 --> 01:21:34,800

i'm gonna look into this case i'm gonna

1843

01:21:37,350 --> 01:21:35,920

put everything

1844

01:21:39,110 --> 01:21:37,360

into this case

1845

01:21:39,910 --> 01:21:39,120

to begin with and see where i come up

1846

01:21:42,149 --> 01:21:39,920

and

1847

01:21:43,750 --> 01:21:42,159

now i feel confident that people do see

1848

01:21:44,709 --> 01:21:43,760

anomalous things

1849

01:21:45,910 --> 01:21:44,719

right

1850

01:21:47,910 --> 01:21:45,920

and that's i mean

1851  
01:21:49,270 --> 01:21:47,920  
that's really all you can do

1852  
01:21:51,510 --> 01:21:49,280  
it's like

1853  
01:21:53,750 --> 01:21:51,520  
as far as you can take it really

1854  
01:21:56,550 --> 01:21:53,760  
yeah you know at this point

1855  
01:21:57,669 --> 01:21:56,560  
so this is interesting i found this this

1856  
01:21:59,830 --> 01:21:57,679  
is a whole

1857  
01:22:02,149 --> 01:21:59,840  
like thing that the school put together

1858  
01:22:04,550 --> 01:22:02,159  
in like one of their like kind of

1859  
01:22:05,910 --> 01:22:04,560  
newsletter books

1860  
01:22:09,270 --> 01:22:05,920  
and this is

1861  
01:22:10,790 --> 01:22:09,280  
yeah describing like what this nun does

1862  
01:22:12,470 --> 01:22:10,800  
with their experiences can you imagine

1863  
01:22:15,110 --> 01:22:12,480

an invitation to spend a weekend just

1864

01:22:17,590 --> 01:22:15,120

being you no classes uh basically the

1865

01:22:19,350 --> 01:22:17,600

encounter series initiated three years

1866

01:22:21,430 --> 01:22:19,360

ago has been developed to bring students

1867

01:22:23,430 --> 01:22:21,440

into contact with people they usually do

1868

01:22:26,390 --> 01:22:23,440

not meet during the past year black

1869

01:22:30,149 --> 01:22:26,400

power leader a classical harpsichordist

1870

01:22:33,510 --> 01:22:30,159

participated an economist and a cellist

1871

01:22:40,470 --> 01:22:35,030

yeah

1872

01:22:43,910 --> 01:22:41,910

a bunch of different people having

1873

01:22:49,669 --> 01:22:43,920

encounters and stuff and then this takes

1874

01:22:54,149 --> 01:22:51,030

this is pretty cool

1875

01:22:56,149 --> 01:22:54,159

yeah that this does sound cool

1876

01:22:58,229 --> 01:22:56,159

the humanoid is a survey of worldwide

1877

01:23:00,470 --> 01:22:58,239

reports of landings and unconventional

1878

01:23:02,629 --> 01:23:00,480

aerial objects in their alleged

1879

01:23:04,310 --> 01:23:02,639

occupants

1880

01:23:07,990 --> 01:23:04,320

got some big names there

1881

01:23:13,430 --> 01:23:10,629

i love the variation in um people's

1882

01:23:15,669 --> 01:23:13,440

description of occupants or entities and

1883

01:23:17,910 --> 01:23:15,679

stuff like that just yeah they were so

1884

01:23:20,149 --> 01:23:17,920

wild and all over the place for so long

1885

01:23:22,870 --> 01:23:20,159

up until we kind of like homogenized

1886

01:23:24,149 --> 01:23:22,880

everything into grays basically

1887

01:23:24,870 --> 01:23:24,159

right um

1888

01:23:27,590 --> 01:23:24,880

true

1889

01:23:29,430 --> 01:23:27,600

it really makes you wonder

1890

01:23:30,950 --> 01:23:29,440

about because like i don't i don't doubt

1891

01:23:32,790 --> 01:23:30,960

a lot of these people's experiences you

1892

01:23:34,390 --> 01:23:32,800

know like how could i who am i to do

1893

01:23:36,149 --> 01:23:34,400

that so right

1894

01:23:38,550 --> 01:23:36,159

what are they seeing and why are people

1895

01:23:40,229 --> 01:23:38,560

seeing such wildly different

1896

01:23:41,430 --> 01:23:40,239

things all over the place and does it

1897

01:23:43,990 --> 01:23:41,440

have to do

1898

01:23:45,510 --> 01:23:44,000

with how we perceive things or

1899

01:23:46,629 --> 01:23:45,520

you know you know what i mean it raises

1900

01:23:49,270 --> 01:23:46,639

a lot of questions and i think they're

1901

01:23:51,270 --> 01:23:49,280

interesting questions yeah

1902

01:23:52,550 --> 01:23:51,280

uh well i

1903

01:23:56,310 --> 01:23:52,560

it's

1904

01:23:59,030 --> 01:23:56,320

think of as far as people seeing

1905

01:24:00,950 --> 01:23:59,040

different things and when it gets really

1906

01:24:03,270 --> 01:24:00,960

like a lot of the experiences have

1907

01:24:05,669 --> 01:24:03,280

pretty fine details

1908

01:24:07,189 --> 01:24:05,679

as as well that are different

1909

01:24:10,310 --> 01:24:07,199

um and the only thing i can really

1910

01:24:11,990 --> 01:24:10,320

attribute that to is the fact that

1911

01:24:15,030 --> 01:24:12,000

everyone is different

1912

01:24:16,550 --> 01:24:15,040

yeah so maybe the experience

1913

01:24:18,629 --> 01:24:16,560

is somewhat

1914

01:24:21,110 --> 01:24:18,639

you know purely

1915

01:24:23,189 --> 01:24:21,120

relatable to the human psyche or

1916

01:24:25,030 --> 01:24:23,199

consciousness right so yeah are we

1917

01:24:26,870 --> 01:24:25,040

contributing to this experience somehow

1918

01:24:29,510 --> 01:24:26,880

but we don't realize that

1919

01:24:31,990 --> 01:24:29,520

it's a really interesting idea

1920

01:24:33,590 --> 01:24:32,000

yeah more so like because like you have

1921

01:24:35,030 --> 01:24:33,600

to if you're seeing stuff that you're

1922

01:24:38,149 --> 01:24:35,040

not familiar with or couldn't even

1923

01:24:39,669 --> 01:24:38,159

really you know comprehend

1924

01:24:42,070 --> 01:24:39,679

you try to kind of frame it into a

1925

01:24:43,189 --> 01:24:42,080

paradigm that you do understand so yeah

1926

01:24:45,990 --> 01:24:43,199

maybe that

1927

01:24:47,990 --> 01:24:46,000

comes if you're influencing it too

1928

01:24:49,750 --> 01:24:48,000

i actually um i have a story that i

1929

01:24:51,669 --> 01:24:49,760

think i can talk about if i don't

1930

01:24:54,149 --> 01:24:51,679

mention names um

1931

01:24:56,550 --> 01:24:54,159

how familiar are you with uh the hudson

1932

01:24:58,310 --> 01:24:56,560

valley flap in the 80s in new york

1933

01:24:59,990 --> 01:24:58,320

yeah i did a whole episode like when i

1934

01:25:01,750 --> 01:25:00,000

first started on that okay yeah it's one

1935

01:25:03,030 --> 01:25:01,760

of my one of my favorites um so you're

1936

01:25:05,030 --> 01:25:03,040

familiar with this

1937

01:25:06,550 --> 01:25:05,040

multiple people uh

1938

01:25:09,030 --> 01:25:06,560

talking about this experience where they

1939

01:25:10,870 --> 01:25:09,040

see the object and they think i wish i

1940

01:25:12,470 --> 01:25:10,880

could get a better look at that and it

1941

01:25:13,270 --> 01:25:12,480

moves towards them

1942

01:25:15,669 --> 01:25:13,280

yeah

1943

01:25:18,070 --> 01:25:15,679

so uh a friend of mine friend from from

1944

01:25:19,510 --> 01:25:18,080

way back from middle school um he got

1945

01:25:21,270 --> 01:25:19,520

married maybe

1946

01:25:23,030 --> 01:25:21,280

maybe like 10 years ago at a greek

1947

01:25:25,189 --> 01:25:23,040

orthodox church

1948

01:25:27,110 --> 01:25:25,199

um and the service had two priests

1949

01:25:28,790 --> 01:25:27,120

there's kind of the older established

1950

01:25:29,830 --> 01:25:28,800

one and there's a younger one i don't i

1951

01:25:31,110 --> 01:25:29,840

don't know how if it's like an

1952

01:25:32,470 --> 01:25:31,120

apprenticeship or

1953

01:25:34,709 --> 01:25:32,480

how that works but he was the younger

1954

01:25:37,030 --> 01:25:34,719

guy he became friends with my friend who

1955

01:25:38,709 --> 01:25:37,040

was married there um

1956

01:25:40,550 --> 01:25:38,719

and i just started talking to my friend

1957

01:25:42,470 --> 01:25:40,560

recently about getting back into ufos he

1958

01:25:44,310 --> 01:25:42,480

thinks it's interesting

1959

01:25:45,910 --> 01:25:44,320

and uh i started telling him about the

1960

01:25:47,990 --> 01:25:45,920

hudson valley case and specifically

1961

01:25:49,270 --> 01:25:48,000

those uh those claims those witness

1962

01:25:50,709 --> 01:25:49,280

claims he said

1963

01:25:52,470 --> 01:25:50,719

oh do you remember the younger priest

1964

01:25:55,270 --> 01:25:52,480

from my wedding um he was out

1965

01:25:57,189 --> 01:25:55,280

backpacking like dark sky national park

1966

01:25:59,669 --> 01:25:57,199

a while back with some friends and

1967

01:26:02,310 --> 01:25:59,679

they're all up watching satellites this

1968

01:26:04,470 --> 01:26:02,320

friend the priest he says just out of

1969

01:26:05,590 --> 01:26:04,480

the blue he says guys look at this

1970

01:26:07,830 --> 01:26:05,600

go right

1971

01:26:10,390 --> 01:26:07,840

go left in this what looked to be a

1972

01:26:12,310 --> 01:26:10,400

satellite would make right angle turns

1973

01:26:14,390 --> 01:26:12,320

well at the time he's making these

1974

01:26:15,750 --> 01:26:14,400

commands and he says come down

1975

01:26:17,110 --> 01:26:15,760

but then all of his friends got scared

1976

01:26:18,629 --> 01:26:17,120

and it shoots off

1977

01:26:21,830 --> 01:26:18,639

well this guy

1978

01:26:23,669 --> 01:26:21,840

not into ufos and specifically wouldn't

1979

01:26:26,550 --> 01:26:23,679

really know that

1980

01:26:27,350 --> 01:26:26,560

facet of uh ufo sightings and stuff like

1981

01:26:31,590 --> 01:26:27,360

that

1982

01:26:33,110 --> 01:26:31,600

who doesn't he does this guy doesn't

1983

01:26:34,550 --> 01:26:33,120

know me dylan

1984

01:26:36,950 --> 01:26:34,560

sorry i mentioned his name my friend

1985

01:26:37,990 --> 01:26:36,960

dylan mentions this story to me just out

1986

01:26:39,189 --> 01:26:38,000

of the blue like that i've been trying

1987

01:26:40,870 --> 01:26:39,199

to get a hold of him because i want to

1988

01:26:42,790 --> 01:26:40,880

talk to him more about that i just

1989

01:26:44,470 --> 01:26:42,800

thought that was really

1990

01:26:45,590 --> 01:26:44,480

where did that impulse come from you

1991

01:26:47,750 --> 01:26:45,600

know because he doesn't even have an

1992

01:26:49,189 --> 01:26:47,760

explanation for it he just saw and knew

1993

01:26:51,910 --> 01:26:49,199

that he could do that

1994

01:26:54,470 --> 01:26:51,920

and did it in real time and it these

1995

01:26:56,390 --> 01:26:54,480

this object followed along with these

1996

01:26:58,390 --> 01:26:56,400

kind of commands he was giving but it

1997

01:27:00,709 --> 01:26:58,400

really reminded me that uh that

1998

01:27:02,550 --> 01:27:00,719

phenomenon with the hudson valley flap

1999

01:27:04,070 --> 01:27:02,560

super interesting and it's not something

2000

01:27:06,070 --> 01:27:04,080

you think you typically think of when

2001  
01:27:07,990 --> 01:27:06,080  
you think of ufo cases kind of like what

2002  
01:27:11,189 --> 01:27:08,000  
we were talking about earlier right

2003  
01:27:13,189 --> 01:27:11,199  
these little peripheral experiences that

2004  
01:27:15,270 --> 01:27:13,199  
aren't part of kind of the pop culture

2005  
01:27:18,790 --> 01:27:15,280  
ufo experience it it lends some

2006  
01:27:21,669 --> 01:27:18,800  
credibility to it in my opinion right

2007  
01:27:23,910 --> 01:27:21,679  
pretty interesting that kind of gets me

2008  
01:27:25,669 --> 01:27:23,920  
thinking about what i was

2009  
01:27:26,790 --> 01:27:25,679  
kind of touching on not too long ago

2010  
01:27:29,910 --> 01:27:26,800  
about

2011  
01:27:32,629 --> 01:27:29,920  
you know being able to project

2012  
01:27:34,790 --> 01:27:32,639  
light via consciousness you know

2013  
01:27:35,830 --> 01:27:34,800

um and i've found

2014

01:27:37,990 --> 01:27:35,840

you know

2015

01:27:40,870 --> 01:27:38,000

studies done

2016

01:27:43,669 --> 01:27:40,880

where photons are changing

2017

01:27:45,830 --> 01:27:43,679

oh yeah double slit experiment yeah

2018

01:27:47,910 --> 01:27:45,840

based on like

2019

01:27:50,390 --> 01:27:47,920

yeah so that that one is just like

2020

01:27:50,930 --> 01:27:50,400

matter i believe or affecting

2021

01:27:52,070 --> 01:27:50,940

yeah

2022

01:27:54,390 --> 01:27:52,080

[Music]

2023

01:27:55,910 --> 01:27:54,400

information go or yeah like a light

2024

01:27:57,830 --> 01:27:55,920

going somewhere or something or

2025

01:27:59,510 --> 01:27:57,840

information going somewhere

2026  
01:28:00,629 --> 01:27:59,520  
and you're supposed to just concentrate

2027  
01:28:03,110 --> 01:28:00,639  
on it and

2028  
01:28:05,270 --> 01:28:03,120  
and that changes or whatever that's kind

2029  
01:28:07,270 --> 01:28:05,280  
of the reason why i always ask uh do

2030  
01:28:08,870 --> 01:28:07,280  
ufos land where there's nowhere around

2031  
01:28:11,189 --> 01:28:08,880  
to see them kind of like that old

2032  
01:28:12,310 --> 01:28:11,199  
thought experiment but dude

2033  
01:28:14,070 --> 01:28:12,320  
because so

2034  
01:28:15,350 --> 01:28:14,080  
so much of a big part of all these

2035  
01:28:18,070 --> 01:28:15,360  
sightings at least the ones that are

2036  
01:28:20,709 --> 01:28:18,080  
credible to me seem like

2037  
01:28:22,310 --> 01:28:20,719  
they want to be seen whatever it is

2038  
01:28:24,629 --> 01:28:22,320

and it's an experience that people are

2039

01:28:25,990 --> 01:28:24,639

having yeah so

2040

01:28:27,430 --> 01:28:26,000

a lot of times when people talk about

2041

01:28:29,590 --> 01:28:27,440

like oh i'm gonna set up cameras and

2042

01:28:30,870 --> 01:28:29,600

just watch the night sky i'm like part

2043

01:28:32,070 --> 01:28:30,880

of me is thinking are you going to see

2044

01:28:34,229 --> 01:28:32,080

anything

2045

01:28:35,990 --> 01:28:34,239

you know what i mean

2046

01:28:39,750 --> 01:28:36,000

on the other hand with the case that i'm

2047

01:28:41,110 --> 01:28:39,760

working on in jack the radar operator

2048

01:28:42,629 --> 01:28:41,120

he was seeing them in kind of a

2049

01:28:44,070 --> 01:28:42,639

non-traditional sense you know with a

2050

01:28:47,110 --> 01:28:44,080

radar

2051  
01:28:49,430 --> 01:28:47,120  
but he believes very strongly that

2052  
01:28:50,870 --> 01:28:49,440  
whatever that was was aware of the way

2053  
01:28:52,709 --> 01:28:50,880  
he was seeing them

2054  
01:28:53,750 --> 01:28:52,719  
and they were responding that way by

2055  
01:28:55,270 --> 01:28:53,760  
sending back

2056  
01:28:57,590 --> 01:28:55,280  
larger spikes he thought maybe they were

2057  
01:28:59,750 --> 01:28:57,600  
assisting in the way that the radar sees

2058  
01:29:01,430 --> 01:28:59,760  
which is microwaves being sent back to a

2059  
01:29:03,830 --> 01:29:01,440  
dish right right right

2060  
01:29:05,590 --> 01:29:03,840  
that could possibly be i mean and a lot

2061  
01:29:07,669 --> 01:29:05,600  
of these radar reports that you listen

2062  
01:29:10,790 --> 01:29:07,679  
to and accounts of it

2063  
01:29:14,870 --> 01:29:12,950

they you know like the

2064

01:29:16,790 --> 01:29:14,880

washington dc one for instance one

2065

01:29:19,189 --> 01:29:16,800

person described them as having a

2066

01:29:20,550 --> 01:29:19,199

creeping a creeping

2067

01:29:23,189 --> 01:29:20,560

kind of thing you know where they're

2068

01:29:26,790 --> 01:29:23,199

creeping up and then they disappear

2069

01:29:28,310 --> 01:29:26,800

right as soon as like uh the plane

2070

01:29:30,390 --> 01:29:28,320

you know the the

2071

01:29:31,990 --> 01:29:30,400

whatever commercial airliner

2072

01:29:33,590 --> 01:29:32,000

or fighter jet or whatever gets close to

2073

01:29:34,470 --> 01:29:33,600

it then they disappear

2074

01:29:37,350 --> 01:29:34,480

um

2075

01:29:38,709 --> 01:29:37,360

and there's al most accounts are like

2076

01:29:41,270 --> 01:29:38,719

that

2077

01:29:43,189 --> 01:29:41,280

which is so interesting too because like

2078

01:29:44,149 --> 01:29:43,199

the way our radar sees and the way we

2079

01:29:45,990 --> 01:29:44,159

see

2080

01:29:48,870 --> 01:29:46,000

in kind of like a really reductionist

2081

01:29:50,709 --> 01:29:48,880

simplistic way to think of it is similar

2082

01:29:52,550 --> 01:29:50,719

you know we have uh

2083

01:29:54,229 --> 01:29:52,560

you know one part of the electromagnetic

2084

01:29:56,229 --> 01:29:54,239

magnetic spectrum bouncing back into our

2085

01:29:58,229 --> 01:29:56,239

eyes that's how we're seeing meanwhile a

2086

01:29:59,669 --> 01:29:58,239

radar is using microwaves which is a

2087

01:30:01,910 --> 01:29:59,679

different chunk of the spectrum but it's

2088

01:30:04,470 --> 01:30:01,920

still kind of the same

2089

01:30:05,669 --> 01:30:04,480

like idea and

2090

01:30:07,750 --> 01:30:05,679

these things that people are seeing seem

2091

01:30:08,950 --> 01:30:07,760

to be aware with aware of that and

2092

01:30:10,870 --> 01:30:08,960

interact

2093

01:30:12,470 --> 01:30:10,880

in that way rather than with

2094

01:30:14,390 --> 01:30:12,480

you know site it's just something to

2095

01:30:16,790 --> 01:30:14,400

think about it's really interesting and

2096

01:30:18,149 --> 01:30:16,800

the way he spoke to me he was just very

2097

01:30:20,550 --> 01:30:18,159

convinced that

2098

01:30:22,870 --> 01:30:20,560

whatever those things were were aware of

2099

01:30:24,790 --> 01:30:22,880

the way he was watching them so they'd

2100

01:30:27,350 --> 01:30:24,800

line up in shapes

2101  
01:30:28,870 --> 01:30:27,360  
you know but from top down they'd form

2102  
01:30:30,550 --> 01:30:28,880  
like triangles and stuff like that but

2103  
01:30:31,830 --> 01:30:30,560  
on different levels but since he was

2104  
01:30:33,830 --> 01:30:31,840  
looking at it

2105  
01:30:34,950 --> 01:30:33,840  
kind of in a top-down way they're

2106  
01:30:36,149 --> 01:30:34,960  
forming

2107  
01:30:37,030 --> 01:30:36,159  
for him

2108  
01:30:38,070 --> 01:30:37,040  
wow

2109  
01:30:39,270 --> 01:30:38,080  
yeah some

2110  
01:30:40,790 --> 01:30:39,280  
he's told me a little bit more but i'm

2111  
01:30:42,229 --> 01:30:40,800  
not allowed to talk about it yet i have

2112  
01:30:45,510 --> 01:30:42,239  
to wait till this summer

2113  
01:30:48,229 --> 01:30:45,520

that'll give me the freaking creeps

2114

01:30:50,149 --> 01:30:48,239

so in in

2115

01:30:51,990 --> 01:30:50,159

if you listen to the 911 tape when he

2116

01:30:54,070 --> 01:30:52,000

says oh my god that's kind of like the

2117

01:30:56,709 --> 01:30:54,080

big highlight of that tape

2118

01:30:58,390 --> 01:30:56,719

something like that's happening i

2119

01:31:00,790 --> 01:30:58,400

yeah i have to wait till the summer so i

2120

01:31:02,550 --> 01:31:00,800

can talk more about it unfortunately no

2121

01:31:05,750 --> 01:31:02,560

that's okay you you gotta you gotta

2122

01:31:07,590 --> 01:31:05,760

respect the wishes i get it yeah

2123

01:31:09,189 --> 01:31:07,600

but uh it's it's definitely interesting

2124

01:31:12,390 --> 01:31:09,199

and it's a it's an aspect i think more

2125

01:31:13,750 --> 01:31:12,400

people should look at too the uh

2126

01:31:15,910 --> 01:31:13,760

the fact that the

2127

01:31:18,550 --> 01:31:15,920

these things do seem to interact and

2128

01:31:20,709 --> 01:31:18,560

want attention in certain circumstances

2129

01:31:21,910 --> 01:31:20,719

it's almost it's an experience for the

2130

01:31:24,390 --> 01:31:21,920

witness

2131

01:31:26,310 --> 01:31:24,400

and um the different ways that they do

2132

01:31:27,750 --> 01:31:26,320

that the different means of maybe

2133

01:31:30,870 --> 01:31:27,760

communication

2134

01:31:33,189 --> 01:31:30,880

just like uh

2135

01:31:34,390 --> 01:31:33,199

written language or speech but you know

2136

01:31:35,990 --> 01:31:34,400

animals communicate with each other

2137

01:31:37,750 --> 01:31:36,000

through different means

2138

01:31:39,350 --> 01:31:37,760

yeah and

2139

01:31:40,950 --> 01:31:39,360

you know we're always thinking from kind

2140

01:31:42,870 --> 01:31:40,960

of a human perspective

2141

01:31:45,110 --> 01:31:42,880

and placing those things we're observing

2142

01:31:46,470 --> 01:31:45,120

so if you if you take a step back from

2143

01:31:48,470 --> 01:31:46,480

that

2144

01:31:50,070 --> 01:31:48,480

these things seem to be interacting um

2145

01:31:51,910 --> 01:31:50,080

valet talked about it in that paper i

2146

01:31:54,149 --> 01:31:51,920

think i sent you a while ago

2147

01:31:55,990 --> 01:31:54,159

about kind of semiotic communication and

2148

01:31:58,950 --> 01:31:56,000

different different

2149

01:32:00,629 --> 01:31:58,960

ideas of communication yeah

2150

01:32:01,830 --> 01:32:00,639

it's an interesting thread that's why i

2151  
01:32:05,110 --> 01:32:01,840  
don't discount

2152  
01:32:07,189 --> 01:32:05,120  
dreams or like the dream i had or

2153  
01:32:09,590 --> 01:32:07,199  
you know the the

2154  
01:32:10,830 --> 01:32:09,600  
the main

2155  
01:32:14,229 --> 01:32:10,840  
you know the one

2156  
01:32:17,270 --> 01:32:14,239  
i've i have one experience that uh like

2157  
01:32:20,390 --> 01:32:17,280  
was is beyond just seeing things and

2158  
01:32:24,629 --> 01:32:20,400  
really screwed with me you know for sure

2159  
01:32:25,430 --> 01:32:24,639  
and you know it involved seeing two

2160  
01:32:27,590 --> 01:32:25,440  
uh

2161  
01:32:30,470 --> 01:32:27,600  
big white

2162  
01:32:31,430 --> 01:32:30,480  
um things one sideway sideways teardrop

2163  
01:32:32,870 --> 01:32:31,440

thing

2164

01:32:35,750 --> 01:32:32,880

and the

2165

01:32:37,990 --> 01:32:35,760

few days later it was the same texture

2166

01:32:39,510 --> 01:32:38,000

um they both had like a border around it

2167

01:32:41,669 --> 01:32:39,520

that seemed like it was in constant

2168

01:32:42,870 --> 01:32:41,679

motion the texture inside the shape was

2169

01:32:44,070 --> 01:32:42,880

like dense

2170

01:32:46,629 --> 01:32:44,080

foggy

2171

01:32:47,750 --> 01:32:46,639

bright white that was like in a constant

2172

01:32:51,750 --> 01:32:47,760

motion

2173

01:32:53,510 --> 01:32:51,760

um and each time they were

2174

01:32:54,709 --> 01:32:53,520

there's no doubt

2175

01:32:57,990 --> 01:32:54,719

that

2176

01:33:00,390 --> 01:32:58,000

what they did was done

2177

01:33:02,870 --> 01:33:00,400

in a place that i would see it

2178

01:33:06,229 --> 01:33:02,880

right for sure you know the one was i

2179

01:33:07,270 --> 01:33:06,239

was literally walking into my back door

2180

01:33:09,910 --> 01:33:07,280

and it was

2181

01:33:12,629 --> 01:33:09,920

like right above the roof you know like

2182

01:33:15,590 --> 01:33:12,639

right there boom right

2183

01:33:17,590 --> 01:33:15,600

um in and out and then a few days later

2184

01:33:19,990 --> 01:33:17,600

this one is like kind of reminds me of

2185

01:33:21,750 --> 01:33:20,000

what you were saying i was looking at

2186

01:33:24,390 --> 01:33:21,760

the garage and

2187

01:33:26,709 --> 01:33:24,400

a zip of light comes over my shoulder

2188

01:33:28,629 --> 01:33:26,719

right and i'm thinking

2189

01:33:30,629 --> 01:33:28,639

or i knew

2190

01:33:31,750 --> 01:33:30,639

that i was going to see the same thing

2191

01:33:32,470 --> 01:33:31,760

again

2192

01:33:34,070 --> 01:33:32,480

that's

2193

01:33:36,550 --> 01:33:34,080

what i had to do looking in that

2194

01:33:39,110 --> 01:33:36,560

direction and she's intuition

2195

01:33:41,430 --> 01:33:39,120

yeah yeah that's that's what i'm

2196

01:33:43,430 --> 01:33:41,440

most curious about and i um when i talk

2197

01:33:45,110 --> 01:33:43,440

to people i ask them about that

2198

01:33:46,870 --> 01:33:45,120

that intuition like

2199

01:33:47,990 --> 01:33:46,880

do you know it like your inner monologue

2200

01:33:50,870 --> 01:33:48,000

or is it just

2201

01:33:53,350 --> 01:33:50,880

a feeling or is it like a memory evac

2202

01:33:54,950 --> 01:33:53,360

like that like the sensation of it is

2203

01:33:55,830 --> 01:33:54,960

what i can't personally wrap my head

2204

01:33:57,510 --> 01:33:55,840

around because i haven't had an

2205

01:33:58,870 --> 01:33:57,520

experience that way but it's really

2206

01:33:59,669 --> 01:33:58,880

interesting to me so i always try to

2207

01:34:01,189 --> 01:33:59,679

like

2208

01:34:03,430 --> 01:34:01,199

kind of suss out

2209

01:34:04,790 --> 01:34:03,440

what i felt that experience is like

2210

01:34:07,110 --> 01:34:04,800

the second time there would have felt

2211

01:34:08,870 --> 01:34:07,120

like it was it was just felt like uh

2212

01:34:13,030 --> 01:34:08,880

like

2213

01:34:14,870 --> 01:34:13,040

an intuition

2214

01:34:16,310 --> 01:34:14,880

right yeah i had didn't have to think

2215

01:34:18,070 --> 01:34:16,320

about it or anything but it was even

2216

01:34:19,350 --> 01:34:18,080

more than intuition it was more just

2217

01:34:22,390 --> 01:34:19,360

like knowing

2218

01:34:25,510 --> 01:34:22,400

um that you know how you pull out your

2219

01:34:28,629 --> 01:34:25,520

phone and you know that like a muscle

2220

01:34:30,070 --> 01:34:28,639

memory kind of thing like whatever

2221

01:34:30,950 --> 01:34:30,080

reaction almost

2222

01:34:32,550 --> 01:34:30,960

right

2223

01:34:35,430 --> 01:34:32,560

yeah i love that stuff

2224

01:34:36,790 --> 01:34:35,440

it was really it was really bizarre yeah

2225

01:34:40,870 --> 01:34:36,800

because it's it's more common than you

2226

01:34:42,870 --> 01:34:40,880

think um the issue though is that

2227

01:34:44,149 --> 01:34:42,880

the people who even do report ufo

2228

01:34:46,070 --> 01:34:44,159

reports

2229

01:34:47,189 --> 01:34:46,080

how likely are they to mention something

2230

01:34:48,470 --> 01:34:47,199

like that

2231

01:34:49,590 --> 01:34:48,480

you know what i mean

2232

01:34:50,790 --> 01:34:49,600

because

2233

01:34:51,990 --> 01:34:50,800

you know like you take your average

2234

01:34:54,149 --> 01:34:52,000

person off the street and you tell them

2235

01:34:56,229 --> 01:34:54,159

that they're like oh okay yeah that's

2236

01:34:57,990 --> 01:34:56,239

that's wacko

2237

01:35:00,790 --> 01:34:58,000

which like yeah from our everyday

2238

01:35:02,550 --> 01:35:00,800

perspective sure it is really odd

2239

01:35:04,310 --> 01:35:02,560

but well

2240

01:35:05,510 --> 01:35:04,320

it's it's a little more common than you

2241

01:35:08,629 --> 01:35:05,520

think

2242

01:35:09,990 --> 01:35:08,639

yeah that reminds me of um the high

2243

01:35:12,870 --> 01:35:10,000

strangeness

2244

01:35:14,550 --> 01:35:12,880

episode i did with that was pretty much

2245

01:35:18,149 --> 01:35:14,560

built around

2246

01:35:20,229 --> 01:35:18,159

a high strangeness document

2247

01:35:22,950 --> 01:35:20,239

that was very interesting

2248

01:35:25,590 --> 01:35:22,960

um off of nsa's website

2249

01:35:28,390 --> 01:35:25,600

oh really um so

2250

01:35:29,669 --> 01:35:28,400

yeah i'll actually bring it up i love

2251

01:35:31,030 --> 01:35:29,679

how strange this stuff it's so

2252

01:35:31,990 --> 01:35:31,040

interesting

2253

01:35:36,950 --> 01:35:32,000

yeah

2254

01:35:40,629 --> 01:35:38,709

if i can make this bigger that would be

2255

01:35:43,750 --> 01:35:40,639

great

2256

01:35:45,990 --> 01:35:43,760

yeah okay so the

2257

01:35:49,189 --> 01:35:46,000

ufos in the intelligence community blind

2258

01:35:51,750 --> 01:35:49,199

spot to surprise or deceptive data the

2259

01:35:53,990 --> 01:35:51,760

implications of the ufo phenomenon

2260

01:35:56,149 --> 01:35:54,000

um go beyond the particular phenomenon

2261

01:35:58,950 --> 01:35:56,159

itself the human incapacity to

2262

01:35:59,910 --> 01:35:58,960

objectively process such data

2263

01:36:00,950 --> 01:35:59,920

um

2264

01:36:03,109 --> 01:36:00,960

and then i'll

2265

01:36:04,070 --> 01:36:03,119

i'm going to share this in the chat but

2266

01:36:05,189 --> 01:36:04,080

yeah

2267

01:36:09,590 --> 01:36:05,199

um

2268

01:36:09,600 --> 01:36:12,310

all right

2269

01:36:15,750 --> 01:36:14,070

so but when it is realized the strange

2270

01:36:17,109 --> 01:36:15,760

nature of the phenomenon it goes into

2271

01:36:18,790 --> 01:36:17,119

shock the mind likes to live in a

2272

01:36:22,070 --> 01:36:18,800

comfortable world where it feels it

2273

01:36:23,350 --> 01:36:22,080

knows what to expect and that is not too

2274

01:36:24,790 --> 01:36:23,360

threatening either physically or

2275

01:36:27,270 --> 01:36:24,800

psychologically

2276

01:36:29,669 --> 01:36:27,280

unusual dispels the comfortable illusion

2277

01:36:31,510 --> 01:36:29,679

that the mind is created the shock tears

2278

01:36:33,590 --> 01:36:31,520

at the very mooring of the human

2279

01:36:35,350 --> 01:36:33,600

psychological structure it protects

2280

01:36:36,870 --> 01:36:35,360

itself against an intrusive and

2281

01:36:39,350 --> 01:36:36,880

threatening reality the mind will begin

2282

01:36:41,830 --> 01:36:39,360

to add imagination and interpretation to

2283

01:36:43,350 --> 01:36:41,840

the incoming data um to make it more

2284

01:36:44,709 --> 01:36:43,360

acceptable we were just talking about

2285

01:36:46,790 --> 01:36:44,719

that right

2286

01:36:48,550 --> 01:36:46,800

since the mind is doing all this in

2287

01:36:50,550 --> 01:36:48,560

haste some of the hurriedly added

2288

01:36:52,550 --> 01:36:50,560

details and suggestions

2289

01:36:54,149 --> 01:36:52,560

um tumble over one another and

2290

01:36:56,310 --> 01:36:54,159

contradict one another in a bizarre

2291

01:36:58,629 --> 01:36:56,320

fashion

2292

01:37:01,030 --> 01:36:58,639

once the mind has constructed a safe

2293

01:37:03,590 --> 01:37:01,040

framework for the new information it may

2294

01:37:05,590 --> 01:37:03,600

again peek out and collect some more

2295

01:37:08,070 --> 01:37:05,600

objective data

2296

01:37:09,750 --> 01:37:08,080

but then

2297

01:37:11,590 --> 01:37:09,760

this is interesting

2298

01:37:14,470 --> 01:37:11,600

this part because

2299

01:37:15,990 --> 01:37:14,480

so the initial document i had

2300

01:37:17,510 --> 01:37:16,000

wasn't this one

2301

01:37:19,030 --> 01:37:17,520

it and

2302

01:37:20,550 --> 01:37:19,040

it was the same one but this was

2303

01:37:23,430 --> 01:37:20,560

actually blacked out

2304

01:37:25,109 --> 01:37:23,440

it wasn't crosstalk you know so i did

2305

01:37:27,109 --> 01:37:25,119

more digging and found this one on the

2306

01:37:29,189 --> 01:37:27,119

nsa website

2307

01:37:30,149 --> 01:37:29,199

and it's not blacked out

2308

01:37:31,430 --> 01:37:30,159

so

2309

01:37:33,109 --> 01:37:31,440

no that you're seeing that it was

2310

01:37:35,270 --> 01:37:33,119

supposed to be blocked out

2311

01:37:36,950 --> 01:37:35,280

within the past few years a young air

2312

01:37:38,629 --> 01:37:36,960

force technician was engaged in first

2313

01:37:40,149 --> 01:37:38,639

level traffic analysis and intercept

2314

01:37:42,310 --> 01:37:40,159

processing against the soviet bloc

2315

01:37:44,390 --> 01:37:42,320

countries when the following took place

2316

01:37:46,790 --> 01:37:44,400

block country began to report a radar

2317

01:37:48,149 --> 01:37:46,800

track of high flying fast-moving object

2318

01:37:50,709 --> 01:37:48,159

with an erratic flight pattern

2319

01:37:52,950 --> 01:37:50,719

occasionally moved against the wind

2320

01:37:55,910 --> 01:37:52,960

and that's a repeating thing too against

2321

01:37:58,229 --> 01:37:55,920

the wind the block reports uh began

2322

01:37:59,990 --> 01:37:58,239

reporting the object as a balloon

2323

01:38:01,109 --> 01:38:00,000

what's interesting here is how balloon

2324

01:38:03,430 --> 01:38:01,119

is written

2325

01:38:04,470 --> 01:38:03,440

because nobody knows who wrote this

2326  
01:38:05,750 --> 01:38:04,480  
right

2327  
01:38:08,950 --> 01:38:05,760  
um

2328  
01:38:10,470 --> 01:38:08,960  
bailey

2329  
01:38:12,310 --> 01:38:10,480  
uh valet

2330  
01:38:14,310 --> 01:38:12,320  
because but that's

2331  
01:38:17,510 --> 01:38:14,320  
that's not a correct assumption it's

2332  
01:38:18,950 --> 01:38:17,520  
just his name was in here so it was yeah

2333  
01:38:20,870 --> 01:38:18,960  
well it refers to it but how would he

2334  
01:38:23,590 --> 01:38:20,880  
say balloon

2335  
01:38:25,910 --> 01:38:23,600  
that accent

2336  
01:38:29,030 --> 01:38:25,920  
balloon balloon balloon

2337  
01:38:33,910 --> 01:38:30,320  
anyways

2338  
01:38:36,870 --> 01:38:33,920

[Laughter]

2339

01:38:38,950 --> 01:38:36,880

uh within the american processing yeah

2340

01:38:41,350 --> 01:38:38,960

the airmen noticed that everyone was

2341

01:38:43,270 --> 01:38:41,360

more edgy and silent than usual he said

2342

01:38:44,629 --> 01:38:43,280

even the chatter was being treated as

2343

01:38:46,950 --> 01:38:44,639

top secret

2344

01:38:49,350 --> 01:38:46,960

and as for clarifications

2345

01:38:51,750 --> 01:38:49,360

of the data he got aggressive and

2346

01:38:52,790 --> 01:38:51,760

distracted responses

2347

01:38:57,590 --> 01:38:52,800

interesting

2348

01:38:59,430 --> 01:38:57,600

this is cool too a select group of

2349

01:39:01,430 --> 01:38:59,440

analysts

2350

01:39:04,870 --> 01:39:01,440

a special surprise alert team

2351

01:39:07,430 --> 01:39:04,880

responsible directly to js jcs in the

2352

01:39:09,430 --> 01:39:07,440

highest levels of intelligence community

2353

01:39:13,830 --> 01:39:09,440

and intensively train them further in

2354

01:39:15,830 --> 01:39:13,840

the art of processing surprise material

2355

01:39:17,990 --> 01:39:15,840

give high-level military officers who

2356

01:39:19,669 --> 01:39:18,000

are responsible for strategic decisions

2357

01:39:21,030 --> 01:39:19,679

intensive training and objective

2358

01:39:23,030 --> 01:39:21,040

handling

2359

01:39:25,030 --> 01:39:23,040

it's a material

2360

01:39:26,870 --> 01:39:25,040

what would that training look like

2361

01:39:29,030 --> 01:39:26,880

yeah i don't know jumping out and

2362

01:39:31,270 --> 01:39:29,040

scaring them all the time yeah until

2363

01:39:33,750 --> 01:39:31,280

they're desensitized i was trying to

2364

01:39:35,350 --> 01:39:33,760

look into this but i didn't get very far

2365

01:39:37,030 --> 01:39:35,360

the upset problem

2366

01:39:39,109 --> 01:39:37,040

solving the

2367

01:39:41,189 --> 01:39:39,119

uh operation security basically is what

2368

01:39:42,870 --> 01:39:41,199

that is the problem solving team

2369

01:39:46,629 --> 01:39:42,880

would probably be the most effective

2370

01:39:49,270 --> 01:39:46,639

vehicle for such analytic teams

2371

01:39:55,830 --> 01:39:52,149

so i want to get to the

2372

01:39:58,470 --> 01:39:55,840

high strangeness part

2373

01:40:01,990 --> 01:39:58,480

so this is you should read this all when

2374

01:40:02,000 --> 01:40:05,189

it's very good

2375

01:40:05,199 --> 01:40:08,470

but

2376

01:40:12,790 --> 01:40:10,950

here it is the pattern of objective and

2377

01:40:15,030 --> 01:40:12,800

speculative material during observation

2378

01:40:18,550 --> 01:40:15,040

of unusual data

2379

01:40:21,109 --> 01:40:18,560

so this high strangeness this strangest

2380

01:40:22,709 --> 01:40:21,119

index i'll get to get to the point so we

2381

01:40:25,109 --> 01:40:22,719

can just look at this part

2382

01:40:29,830 --> 01:40:25,119

um and it talks about how

2383

01:40:36,070 --> 01:40:32,629

right the less people yeah yeah

2384

01:40:38,470 --> 01:40:36,080

which like i get um i wish that that

2385

01:40:40,629 --> 01:40:38,480

could change obviously because then we'd

2386

01:40:42,629 --> 01:40:40,639

get a lot more information but

2387

01:40:45,669 --> 01:40:42,639

yeah because it's probably the could be

2388

01:40:47,910 --> 01:40:45,679

the most crucial information yeah

2389

01:40:48,629 --> 01:40:47,920

but this yeah that was interesting so

2390

01:40:56,070 --> 01:40:48,639

the

2391

01:40:57,830 --> 01:40:56,080

now strangeness index uh in itself

2392

01:40:58,870 --> 01:40:57,840

sounds really familiar like what is the

2393

01:41:01,669 --> 01:40:58,880

metric

2394

01:41:03,270 --> 01:41:01,679

for that how are they i feel like um i

2395

01:41:05,590 --> 01:41:03,280

don't know

2396

01:41:07,590 --> 01:41:05,600

well that valet did write that paper

2397

01:41:09,350 --> 01:41:07,600

what was it called income measurability

2398

01:41:11,189 --> 01:41:09,360

and nice strange

2399

01:41:13,109 --> 01:41:11,199

had a very long title but he kind of

2400

01:41:15,350 --> 01:41:13,119

goes into that and i wonder if that was

2401

01:41:17,109 --> 01:41:15,360

kind of the basis for that metric which

2402

01:41:18,870 --> 01:41:17,119

is there's more science leading back to

2403

01:41:20,149 --> 01:41:18,880

jack valley being at least involved in

2404

01:41:21,990 --> 01:41:20,159

this paper

2405

01:41:23,430 --> 01:41:22,000

yeah that's true i wish i could remember

2406

01:41:26,790 --> 01:41:23,440

the name of that paper such a long

2407

01:41:29,590 --> 01:41:28,229

i feel like i sent it to you not too

2408

01:41:33,189 --> 01:41:29,600

long ago

2409

01:41:37,669 --> 01:41:35,430

document with the white sparkling fire

2410

01:41:39,669 --> 01:41:37,679

could be magnesium going off as it was

2411

01:41:42,390 --> 01:41:39,679

used commonly with thorium to coat

2412

01:41:44,870 --> 01:41:42,400

metals like they said in the document i

2413

01:41:48,550 --> 01:41:44,880

think used in light and lighting

2414

01:41:49,590 --> 01:41:48,560

possibly a chemical reaction set it off

2415

01:41:52,709 --> 01:41:49,600

so maybe

2416

01:41:53,990 --> 01:41:52,719

maybe it's the private experiment part

2417

01:41:56,310 --> 01:41:54,000

of that

2418

01:42:01,270 --> 01:41:56,320

or the crank part just an elaborate

2419

01:42:03,510 --> 01:42:01,280

drink yeah very strange um you know

2420

01:42:05,669 --> 01:42:03,520

what's interesting about

2421

01:42:07,430 --> 01:42:05,679

like all these crashes and stuff i

2422

01:42:09,270 --> 01:42:07,440

should say this i guess since it's crash

2423

01:42:10,390 --> 01:42:09,280

week i should say what i've learned

2424

01:42:13,510 --> 01:42:10,400

about

2425

01:42:15,750 --> 01:42:13,520

documents and crashes

2426

01:42:18,229 --> 01:42:15,760

because i've went through all 30

2427

01:42:20,310 --> 01:42:18,239

districts and looked at

2428

01:42:23,350 --> 01:42:20,320

all the documents

2429

01:42:26,070 --> 01:42:23,360

you know everyone and new mexico alone

2430

01:42:27,430 --> 01:42:26,080

is over 700. the other ones are about

2431

01:42:29,109 --> 01:42:27,440

100 here

2432

01:42:32,149 --> 01:42:29,119

you know 90 there

2433

01:42:34,470 --> 01:42:32,159

50 there 200 here you know

2434

01:42:36,070 --> 01:42:34,480

um and they all have

2435

01:42:38,229 --> 01:42:36,080

different crashes

2436

01:42:40,070 --> 01:42:38,239

in them whether it be

2437

01:42:42,149 --> 01:42:40,080

and they follow them all up

2438

01:42:43,669 --> 01:42:42,159

to be honest and find out that it's a

2439

01:42:46,709 --> 01:42:43,679

meteorite or

2440

01:42:49,510 --> 01:42:46,719

they don't find anything they say or

2441

01:42:51,830 --> 01:42:49,520

um you know it's a part of a

2442

01:42:52,870 --> 01:42:51,840

a plane that something broke off it or

2443

01:42:54,550 --> 01:42:52,880

whatever

2444

01:42:58,229 --> 01:42:54,560

sure

2445

01:43:00,390 --> 01:42:58,239

every time

2446

01:43:02,070 --> 01:43:00,400

you know when they at least you know

2447

01:43:05,910 --> 01:43:02,080

give somewhat of the result it's

2448

01:43:09,590 --> 01:43:07,990

and you read john keele's book like i

2449

01:43:12,310 --> 01:43:09,600

don't know if you have operation trojan

2450

01:43:13,990 --> 01:43:12,320

horse like i haven't yet it's not it's

2451  
01:43:14,709 --> 01:43:14,000  
in my stack

2452  
01:43:16,629 --> 01:43:14,719  
so

2453  
01:43:18,229 --> 01:43:16,639  
he makes a great point because we know

2454  
01:43:21,830 --> 01:43:18,239  
people are seeing stuff

2455  
01:43:23,510 --> 01:43:21,840  
yep for sure that is anomalous

2456  
01:43:25,990 --> 01:43:23,520  
for sure

2457  
01:43:29,430 --> 01:43:27,430  
then we have all these things that

2458  
01:43:31,669 --> 01:43:29,440  
people see

2459  
01:43:33,189 --> 01:43:31,679  
they crash or fragments fall off and

2460  
01:43:36,790 --> 01:43:33,199  
then they follow it up and it's like

2461  
01:43:39,590 --> 01:43:36,800  
this is just what it's rock or whatever

2462  
01:43:42,550 --> 01:43:39,600  
keel says that

2463  
01:43:44,470 --> 01:43:42,560

and he writes in his book about

2464

01:43:46,070 --> 01:43:44,480

a bunch of these and i love the book

2465

01:43:48,310 --> 01:43:46,080

because it was kind of following where i

2466

01:43:49,910 --> 01:43:48,320

was where my like research was going

2467

01:43:52,149 --> 01:43:49,920

with these documents he's like covering

2468

01:43:53,669 --> 01:43:52,159

the same era you know in the same cases

2469

01:43:55,189 --> 01:43:53,679

almost it felt like

2470

01:43:57,030 --> 01:43:55,199

and um

2471

01:43:59,669 --> 01:43:57,040

it's always forsaken he says that it's

2472

01:44:01,109 --> 01:43:59,679

on purpose by the phenomena

2473

01:44:02,070 --> 01:44:01,119

that right

2474

01:44:03,910 --> 01:44:02,080

theory

2475

01:44:05,669 --> 01:44:03,920

they leave it

2476

01:44:08,310 --> 01:44:05,679

and make it

2477

01:44:11,590 --> 01:44:08,320

no big thing to kind of send you off a

2478

01:44:15,750 --> 01:44:13,350

that would be frustrating but also

2479

01:44:18,070 --> 01:44:15,760

interesting even with the airships back

2480

01:44:21,350 --> 01:44:18,080

in the day like he talked about how like

2481

01:44:24,470 --> 01:44:21,360

giant anchors were left behind

2482

01:44:27,430 --> 01:44:24,480

right now and they're just metal anchors

2483

01:44:30,390 --> 01:44:28,709

very strange

2484

01:44:32,629 --> 01:44:30,400

absolutely strange

2485

01:44:34,550 --> 01:44:32,639

have you heard of um

2486

01:44:35,830 --> 01:44:34,560

we'd know it by now

2487

01:44:37,990 --> 01:44:35,840

or maybe

2488

01:44:39,830 --> 01:44:38,000

yeah maybe i don't know yeah have you

2489

01:44:42,629 --> 01:44:39,840

heard of uh what heineken valley were

2490

01:44:45,270 --> 01:44:42,639

talking about i think in the 70s that m

2491

01:44:46,870 --> 01:44:45,280

m technology is i think what they called

2492

01:44:49,350 --> 01:44:46,880

it where it's

2493

01:44:53,510 --> 01:44:49,360

a physical chunk of something

2494

01:44:56,550 --> 01:44:53,520

possibly but it's also um

2495

01:44:57,510 --> 01:44:56,560

metaphysical in a sense

2496

01:45:00,950 --> 01:44:57,520

uh

2497

01:45:02,390 --> 01:45:00,960

it's such a strange idea but like so

2498

01:45:05,270 --> 01:45:02,400

you have this

2499

01:45:06,870 --> 01:45:05,280

consciousness or perception based uh

2500

01:45:08,310 --> 01:45:06,880

experience with the phenomenon but

2501

01:45:11,350 --> 01:45:08,320

there's some

2502

01:45:12,629 --> 01:45:11,360

physical chunk of matter in it too

2503

01:45:14,830 --> 01:45:12,639

right now i don't know if they're just

2504

01:45:16,310 --> 01:45:14,840

trying to reconcile like the

2505

01:45:18,390 --> 01:45:16,320

the out

2506

01:45:21,590 --> 01:45:18,400

all over the place claims mixed with

2507

01:45:23,109 --> 01:45:21,600

stuff like radar returns and like um

2508

01:45:25,030 --> 01:45:23,119

data that we have that's physical or

2509

01:45:26,229 --> 01:45:25,040

like physical trace cases and stuff

2510

01:45:28,149 --> 01:45:26,239

because those things are kind of hard to

2511

01:45:30,310 --> 01:45:28,159

reconcile you know what i mean right we

2512

01:45:33,350 --> 01:45:30,320

have these we have these like really

2513

01:45:35,590 --> 01:45:33,360

perception based experiences that are

2514

01:45:37,430 --> 01:45:35,600

you know different from person to person

2515

01:45:38,629 --> 01:45:37,440

but yet there there are some physical

2516

01:45:40,310 --> 01:45:38,639

trace things

2517

01:45:42,310 --> 01:45:40,320

there's the radar data in my case

2518

01:45:45,109 --> 01:45:42,320

there's lots of physical trace creases

2519

01:45:46,149 --> 01:45:45,119

there's delphos like i mentioned earlier

2520

01:45:50,870 --> 01:45:46,159

yeah

2521

01:45:53,350 --> 01:45:50,880

unified field theory of ufos there but

2522

01:45:55,590 --> 01:45:53,360

uh it it's interesting i just

2523

01:45:58,870 --> 01:45:55,600

there's always radar pickups that's the

2524

01:46:00,950 --> 01:45:58,880

thing right which would make you think

2525

01:46:04,310 --> 01:46:00,960

that it's a physical metallic object

2526

01:46:06,390 --> 01:46:04,320

even quoted people are saying that in my

2527

01:46:07,430 --> 01:46:06,400

testimony that which made us think it

2528

01:46:09,590 --> 01:46:07,440

was a

2529

01:46:11,189 --> 01:46:09,600

like a metallic

2530

01:46:14,870 --> 01:46:11,199

thing you know

2531

01:46:16,310 --> 01:46:14,880

who knows you know that it disappeared

2532

01:46:19,270 --> 01:46:16,320

yeah right

2533

01:46:20,790 --> 01:46:19,280

but like um like jack was saying i mean

2534

01:46:22,229 --> 01:46:20,800

they just could be interacting with

2535

01:46:24,070 --> 01:46:22,239

radar dishes

2536

01:46:26,070 --> 01:46:24,080

rather than reflecting them

2537

01:46:27,750 --> 01:46:26,080

yeah i i don't know i can't say either

2538

01:46:30,229 --> 01:46:27,760

way who am i there that that's a good

2539

01:46:32,470 --> 01:46:30,239

thing that's a good point in uh the dc

2540

01:46:35,270 --> 01:46:32,480

uh sightings uh one there there was a

2541

01:46:37,830 --> 01:46:35,280

whole plethora of um pings on the radar

2542

01:46:40,229 --> 01:46:37,840

and they sent the pilot

2543

01:46:43,109 --> 01:46:40,239

there on purpose like directly in the

2544

01:46:45,109 --> 01:46:43,119

middle of it right and

2545

01:46:47,270 --> 01:46:45,119

he didn't see anything

2546

01:46:48,629 --> 01:46:47,280

yeah and they were all surrounding his

2547

01:46:51,590 --> 01:46:48,639

his plane

2548

01:46:54,070 --> 01:46:51,600

um and then like another pilot saw one

2549

01:46:56,149 --> 01:46:54,080

one shortly after yeah but it shot off i

2550

01:46:58,229 --> 01:46:56,159

think right yeah

2551

01:47:00,149 --> 01:46:58,239

and three separate radar stations at

2552

01:47:02,070 --> 01:47:00,159

least at certain points for picking up

2553

01:47:03,350 --> 01:47:02,080

these things in dc

2554

01:47:06,070 --> 01:47:03,360

that's incredible

2555

01:47:07,350 --> 01:47:06,080

for the first time apparently

2556

01:47:09,510 --> 01:47:07,360

ever and

2557

01:47:11,990 --> 01:47:09,520

and i mean multiple radars

2558

01:47:13,590 --> 01:47:12,000

temperature inversions you can i'm sure

2559

01:47:17,510 --> 01:47:13,600

you can get the weather data from back

2560

01:47:19,910 --> 01:47:17,520

then but a lot of the other um typical

2561

01:47:21,510 --> 01:47:19,920

explanations for radar you've got ground

2562

01:47:24,870 --> 01:47:21,520

clutter which is when you're picking up

2563

01:47:27,430 --> 01:47:24,880

the tops of things which any any radar

2564

01:47:29,430 --> 01:47:27,440

operator you can just you can tilt it up

2565

01:47:32,229 --> 01:47:29,440

that's how you clear your screen of that

2566

01:47:34,229 --> 01:47:32,239

stuff which jack was doing in my case

2567

01:47:35,430 --> 01:47:34,239

and then there's um

2568

01:47:37,350 --> 01:47:35,440

chaffing

2569

01:47:39,109 --> 01:47:37,360

you know like um

2570

01:47:41,350 --> 01:47:39,119

micro particles in the air that the

2571

01:47:43,669 --> 01:47:41,360

radars bounce off uh reflective i think

2572

01:47:45,109 --> 01:47:43,679

it's like aluminum or something which i

2573

01:47:47,109 --> 01:47:45,119

i mean why would that be happening over

2574

01:47:51,270 --> 01:47:47,119

dc at the time i think temperature

2575

01:47:52,629 --> 01:47:51,280

inversions is an easy excuse i think uh

2576

01:47:53,669 --> 01:47:52,639

well the interesting thing what are

2577

01:47:55,990 --> 01:47:53,679

people seeing

2578

01:47:57,189 --> 01:47:56,000

these radar operators are on record

2579

01:47:59,189 --> 01:47:57,199

saying that

2580

01:48:01,109 --> 01:47:59,199

uh we're very familiar with what those

2581

01:48:04,310 --> 01:48:01,119

look like exactly

2582

01:48:05,750 --> 01:48:04,320

and we even saw some on here during that

2583

01:48:08,229 --> 01:48:05,760

episode

2584

01:48:09,270 --> 01:48:08,239

and that was just paying attention to it

2585

01:48:11,910 --> 01:48:09,280

yeah

2586

01:48:14,149 --> 01:48:11,920

and they said that these were coming in

2587

01:48:15,910 --> 01:48:14,159

that's why i kept playing that one clip

2588

01:48:18,070 --> 01:48:15,920

they're they're coming in good and

2589

01:48:19,590 --> 01:48:18,080

strong

2590

01:48:22,070 --> 01:48:19,600

right i mean and that was the main

2591

01:48:24,790 --> 01:48:22,080

takeaway from uh jack's radar experience

2592

01:48:26,149 --> 01:48:24,800

too is just how strong these returns are

2593

01:48:28,470 --> 01:48:26,159

because he'd seen

2594

01:48:30,470 --> 01:48:28,480

airliners passing over lake michigan

2595

01:48:32,550 --> 01:48:30,480

before and they're not that big this

2596

01:48:34,390 --> 01:48:32,560

thing was just like

2597

01:48:36,550 --> 01:48:34,400

whatever it was was big and purely

2598

01:48:38,870 --> 01:48:36,560

reflective just like

2599

01:48:41,109 --> 01:48:38,880

like a mirror almost

2600

01:48:42,550 --> 01:48:41,119

and it was just bouncing back like um

2601

01:48:44,390 --> 01:48:42,560

well it's kind of it's kind of hard to

2602

01:48:46,709 --> 01:48:44,400

visualize the way it does it like their

2603

01:48:49,030 --> 01:48:46,719

lines and the the longer the line and

2604

01:48:51,109 --> 01:48:49,040

the radar is like the strength of the

2605

01:48:53,590 --> 01:48:51,119

signal and they were just all the way up

2606

01:48:55,350 --> 01:48:53,600

huge spikes

2607

01:48:58,149 --> 01:48:55,360

so is that something solid and

2608

01:49:00,310 --> 01:48:58,159

reflective or is it something that is

2609

01:49:02,229 --> 01:49:00,320

yeah right right and he believes that

2610

01:49:04,550 --> 01:49:02,239

they were interacting with him

2611

01:49:05,990 --> 01:49:04,560

that it's a very good

2612

01:49:08,390 --> 01:49:06,000

very good perception there's something

2613

01:49:09,510 --> 01:49:08,400

to think about

2614

01:49:11,669 --> 01:49:09,520

why don't we take you down another

2615

01:49:14,390 --> 01:49:11,679

rabbit hole why hasn't anyone done

2616

01:49:15,990 --> 01:49:14,400

something like this these days it's

2617

01:49:17,669 --> 01:49:16,000

something so simple

2618

01:49:19,430 --> 01:49:17,679

uh number of reports

2619

01:49:23,430 --> 01:49:19,440

by a weekday and time

2620

01:49:25,030 --> 01:49:23,440

yeah that is looks like wednesdays man

2621

01:49:27,669 --> 01:49:25,040

humpty that's odd

2622

01:49:29,589 --> 01:49:27,679

very strange

2623

01:49:30,870 --> 01:49:29,599

that that is really good yeah i haven't

2624

01:49:32,390 --> 01:49:30,880

really thought about that like i don't

2625

01:49:33,990 --> 01:49:32,400

even i don't know what day of the week

2626

01:49:36,310 --> 01:49:34,000

my case was

2627

01:49:38,470 --> 01:49:36,320

yeah i could probably find out but

2628

01:49:41,030 --> 01:49:38,480

it seems like well because it's just one

2629

01:49:43,109 --> 01:49:41,040

case but if you're looking at the whole

2630

01:49:45,030 --> 01:49:43,119

kit and caboodle

2631

01:49:46,629 --> 01:49:45,040

you know

2632

01:49:49,910 --> 01:49:46,639

actually kiel said

2633

01:49:53,189 --> 01:49:49,920

uh so there's this high probability that

2634

01:49:54,629 --> 01:49:53,199

if you go somewhere with

2635

01:49:56,870 --> 01:49:54,639

an odd

2636

01:49:59,669 --> 01:49:56,880

electromagnetic

2637

01:50:01,910 --> 01:49:59,679

um fluctuation or something or

2638

01:50:02,790 --> 01:50:01,920

you know find a place like that around

2639

01:50:04,470 --> 01:50:02,800

you

2640

01:50:06,149 --> 01:50:04,480

and go on a wednesday

2641

01:50:07,589 --> 01:50:06,159

you have a high likelihood of seeing

2642

01:50:09,669 --> 01:50:07,599

something

2643

01:50:11,750 --> 01:50:09,679

that would be a good experiment

2644

01:50:13,510 --> 01:50:11,760

it's so strange too because

2645

01:50:15,189 --> 01:50:13,520

you know days of the week are a social

2646

01:50:17,430 --> 01:50:15,199

construct you know we came up with those

2647

01:50:19,270 --> 01:50:17,440

they don't exist in nature

2648

01:50:21,510 --> 01:50:19,280

so

2649

01:50:22,870 --> 01:50:21,520

if that's true if those statistics are

2650

01:50:25,030 --> 01:50:22,880

you know accurate

2651  
01:50:27,430 --> 01:50:25,040  
uh for the larger scale what's happening

2652  
01:50:29,109 --> 01:50:27,440  
there that also almost suggests some

2653  
01:50:30,470 --> 01:50:29,119  
kind of participation on our part

2654  
01:50:32,870 --> 01:50:30,480  
whether it's

2655  
01:50:33,750 --> 01:50:32,880  
known or willing or unwilling you know

2656  
01:50:34,709 --> 01:50:33,760  
like

2657  
01:50:37,510 --> 01:50:34,719  
you know

2658  
01:50:39,430 --> 01:50:37,520  
maybe that's another form of

2659  
01:50:41,589 --> 01:50:39,440  
possible communication maybe they're

2660  
01:50:44,390 --> 01:50:41,599  
trying like every way

2661  
01:50:46,149 --> 01:50:44,400  
possible because they can't talk

2662  
01:50:47,589 --> 01:50:46,159  
yeah

2663  
01:50:49,430 --> 01:50:47,599

they're like what do we gotta do we're

2664

01:50:52,149 --> 01:50:49,440

all coming on wednesday what don't you

2665

01:50:53,750 --> 01:50:52,159

get

2666

01:50:55,669 --> 01:50:53,760

and there's so many weird little

2667

01:50:57,910 --> 01:50:55,679

patterns that you start picking up on if

2668

01:51:00,149 --> 01:50:57,920

you if you dig deep into these cases

2669

01:51:00,950 --> 01:51:00,159

yeah like that that's so strange i don't

2670

01:51:04,629 --> 01:51:00,960

know

2671

01:51:07,669 --> 01:51:04,639

it up and i think it was on a tuesday so

2672

01:51:09,270 --> 01:51:07,679

it was tuesday night tuesday night

2673

01:51:10,229 --> 01:51:09,280

that's not wednesday but that was next

2674

01:51:12,470 --> 01:51:10,239

in line

2675

01:51:14,950 --> 01:51:12,480

pretty close close enough it's

2676

01:51:17,510 --> 01:51:14,960

interesting that it uh the days did seem

2677

01:51:19,589 --> 01:51:17,520

to tumble as the week went on

2678

01:51:21,350 --> 01:51:19,599

or the the sightings didn't yeah that's

2679

01:51:23,430 --> 01:51:21,360

really interesting maybe that has to do

2680

01:51:24,229 --> 01:51:23,440

with more people's perception

2681

01:51:25,510 --> 01:51:24,239

um

2682

01:51:27,589 --> 01:51:25,520

you know people are

2683

01:51:29,109 --> 01:51:27,599

i don't know we on the weekends right

2684

01:51:31,030 --> 01:51:29,119

this is interesting at the bottom

2685

01:51:32,950 --> 01:51:31,040

poltergeist for oh i know i'm jumping

2686

01:51:35,030 --> 01:51:32,960

all over but this is interesting still

2687

01:51:38,629 --> 01:51:35,040

yeah poltergeist reports based on the

2688

01:51:39,750 --> 01:51:38,639

work of dr voter ufo reports based upon

2689

01:51:41,270 --> 01:51:39,760

work of

2690

01:51:44,790 --> 01:51:41,280

uh valley

2691

01:51:48,310 --> 01:51:47,030

poltergeist activity this is something

2692

01:51:50,070 --> 01:51:48,320

i'm really interested in i'd like to

2693

01:51:51,589 --> 01:51:50,080

look into more cases that have this

2694

01:51:53,510 --> 01:51:51,599

aspect to them because

2695

01:51:56,310 --> 01:51:53,520

that's super fascinating

2696

01:51:57,350 --> 01:51:56,320

the peripheral poltergeist

2697

01:51:59,669 --> 01:51:57,360

um

2698

01:52:02,229 --> 01:51:59,679

fortunately occult manifestations have

2699

01:52:03,910 --> 01:52:02,239

attracted a high caliber of investigator

2700

01:52:05,430 --> 01:52:03,920

than ufos

2701

01:52:06,870 --> 01:52:05,440

and the studies of ghosts hauntings

2702

01:52:09,030 --> 01:52:06,880

poltergeists in the last century are

2703

01:52:10,709 --> 01:52:09,040

quite thorough and responsible leading

2704

01:52:12,709 --> 01:52:10,719

scientists journalists and clergymen

2705

01:52:14,790 --> 01:52:12,719

have investigated and documented many of

2706

01:52:17,030 --> 01:52:14,800

these manifestations and they have left

2707

01:52:18,950 --> 01:52:17,040

excellent records i've examined much of

2708

01:52:22,390 --> 01:52:18,960

the material and found that poltergeist

2709

01:52:26,070 --> 01:52:22,400

flaps tend to either immediately proceed

2710

01:52:29,270 --> 01:52:26,080

or follow ufo flaps or the two kinds of

2711

01:52:30,950 --> 01:52:29,280

a phenomenon occur simultaneously i have

2712

01:52:33,109 --> 01:52:30,960

already noted in other articles that

2713

01:52:36,470 --> 01:52:33,119

i've found a sudden outbreak of

2714

01:52:38,550 --> 01:52:36,480

poltergeist activity in ufo flap areas

2715

01:52:40,870 --> 01:52:38,560

the poltergeist phenomenon seems to

2716

01:52:42,470 --> 01:52:40,880

consist of invisible entities or fields

2717

01:52:43,910 --> 01:52:42,480

of force which are capable of moving

2718

01:52:45,350 --> 01:52:43,920

heavy objects starting fires and

2719

01:52:46,550 --> 01:52:45,360

committing other kinds of senseless

2720

01:52:48,310 --> 01:52:46,560

mischiefs

2721

01:52:50,950 --> 01:52:48,320

mysterious fires often go hand in hand

2722

01:52:53,510 --> 01:52:50,960

with ufo sightings doors and houses of

2723

01:52:55,430 --> 01:52:53,520

witnesses in ufo areas open and close by

2724

01:52:57,189 --> 01:52:55,440

themselves strange noises are heard we

2725

01:52:59,910 --> 01:52:57,199

must open our minds to the chilling

2726

01:53:01,750 --> 01:52:59,920

possibility that the real ufos and the

2727

01:53:04,149 --> 01:53:01,760

real euphonias

2728

01:53:06,709 --> 01:53:04,159

there we go again may be invisible to

2729

01:53:09,430 --> 01:53:06,719

our limited visual uh apparatus the

2730

01:53:11,990 --> 01:53:09,440

human eye can discern only a very small

2731

01:53:15,750 --> 01:53:12,000

portion of the electromagnetic spectr

2732

01:53:18,390 --> 01:53:15,760

spectrum uh side note uh lou elizondo uh

2733

01:53:21,030 --> 01:53:18,400

mentions that all the time

2734

01:53:23,350 --> 01:53:21,040

at least one contact d has told us that

2735

01:53:25,510 --> 01:53:23,360

the objects are usually invisible in

2736

01:53:27,910 --> 01:53:25,520

daylight but tend to glow at night and

2737

01:53:29,990 --> 01:53:27,920

give themselves away uh this may explain

2738

01:53:31,430 --> 01:53:30,000

why the sighting ratio increases sharply

2739

01:53:33,510 --> 01:53:31,440

at sunset

2740

01:53:35,830 --> 01:53:33,520

and is most intense during the hours of

2741

01:53:37,270 --> 01:53:35,840

darkness sea figures 4041 in project

2742

01:53:42,870 --> 01:53:37,280

blue book

2743

01:53:47,109 --> 01:53:45,350

if you look back into like uh

2744

01:53:48,470 --> 01:53:47,119

parapsychology history and stuff like

2745

01:53:50,550 --> 01:53:48,480

that there was a lot of people out of

2746

01:53:51,589 --> 01:53:50,560

like duke like jb ryan who were thinking

2747

01:53:53,030 --> 01:53:51,599

that

2748

01:53:55,270 --> 01:53:53,040

poltergeists are not some kind of

2749

01:53:59,189 --> 01:53:55,280

paranormal entity but like a

2750

01:54:01,109 --> 01:53:59,199

manifestation of psy so also

2751

01:54:02,870 --> 01:54:01,119

you know witness participation

2752

01:54:04,870 --> 01:54:02,880

essentially um

2753

01:54:06,950 --> 01:54:04,880

people were inadvertently

2754

01:54:09,669 --> 01:54:06,960

using psy which was their kind of

2755

01:54:11,830 --> 01:54:09,679

measurement for psychic uh right for

2756

01:54:13,990 --> 01:54:11,840

lack of a better word but it was

2757

01:54:15,910 --> 01:54:14,000

us that were influencing these uh this

2758

01:54:17,430 --> 01:54:15,920

phenomenon around our house

2759

01:54:18,550 --> 01:54:17,440

which kind of goes hand in hand with

2760

01:54:20,950 --> 01:54:18,560

what we were just talking about so

2761

01:54:22,550 --> 01:54:20,960

that's interesting

2762

01:54:24,550 --> 01:54:22,560

yeah i mean if it's something you don't

2763

01:54:25,990 --> 01:54:24,560

understand like

2764

01:54:27,910 --> 01:54:26,000

you know you're not going to know what

2765

01:54:29,990 --> 01:54:27,920

what's happening or what you're doing

2766

01:54:32,070 --> 01:54:30,000

you know right

2767

01:54:34,310 --> 01:54:32,080

yeah and like i would really recommend

2768

01:54:35,510 --> 01:54:34,320

people to look into the old history of

2769

01:54:37,030 --> 01:54:35,520

parapsychology because there was some

2770

01:54:39,109 --> 01:54:37,040

interesting stuff there and there there

2771

01:54:41,430 --> 01:54:39,119

is some overlap um

2772

01:54:43,510 --> 01:54:41,440

stacy horn's unbelievable was is a good

2773

01:54:45,990 --> 01:54:43,520

um kind of pop

2774

01:54:47,589 --> 01:54:46,000

uh retelling of all that stuff really

2775

01:54:48,790 --> 01:54:47,599

interesting stuff and then um

2776

01:54:50,870 --> 01:54:48,800

interesting

2777

01:54:52,470 --> 01:54:50,880

the controversial science for

2778

01:54:53,910 --> 01:54:52,480

parapsychology this is a pretty good

2779

01:54:55,750 --> 01:54:53,920

book and it goes into the history of jb

2780

01:54:57,510 --> 01:54:55,760

ryan working at duke because back in the

2781

01:55:00,070 --> 01:54:57,520

days you could get a degree in

2782

01:55:01,189 --> 01:55:00,080

parapsychology which sounds awesome i

2783

01:55:02,870 --> 01:55:01,199

don't know what you do with that

2784

01:55:04,870 --> 01:55:02,880

nowadays but

2785

01:55:06,709 --> 01:55:04,880

kind of cool to have on the wall right

2786

01:55:08,709 --> 01:55:06,719

yeah it's a degree

2787

01:55:10,470 --> 01:55:08,719

you could be a cop

2788

01:55:12,070 --> 01:55:10,480

all you need is a degree

2789

01:55:13,430 --> 01:55:12,080

it's true

2790

01:55:14,310 --> 01:55:13,440

that is true

2791

01:55:17,350 --> 01:55:14,320

yeah

2792

01:55:19,669 --> 01:55:17,360

um so that was kind of

2793

01:55:22,709 --> 01:55:19,679

oh we're running out of time here but

2794

01:55:22,719 --> 01:55:26,070

what i was gonna show

2795

01:55:30,310 --> 01:55:28,470

you can run if you have to uh otherwise

2796

01:55:35,430 --> 01:55:30,320

i'm just gonna pull this up

2797

01:55:41,030 --> 01:55:37,669

so here we are

2798

01:55:52,070 --> 01:55:41,040

i believe this is canada so

2799

01:55:52,080 --> 01:55:58,870

all right there we go

2800

01:56:02,629 --> 01:56:00,790

so

2801  
01:56:05,030 --> 01:56:02,639  
this is

2802  
01:56:07,910 --> 01:56:05,040  
case in canada i shared it on my twitter

2803  
01:56:11,109 --> 01:56:08,709  
so

2804  
01:56:12,790 --> 01:56:11,119  
you can go on there and look at this for

2805  
01:56:14,470 --> 01:56:12,800  
yourself

2806  
01:56:15,270 --> 01:56:14,480  
i'm looking for it right now

2807  
01:56:17,109 --> 01:56:15,280  
but

2808  
01:56:20,390 --> 01:56:17,119  
professional glazer called yeah so

2809  
01:56:24,149 --> 01:56:20,400  
window was broken i saw some ufos

2810  
01:56:28,870 --> 01:56:26,709  
a lot of stuff happened the fairy rings

2811  
01:56:32,149 --> 01:56:28,880  
uh mr stromp told me of the discovery of

2812  
01:56:34,310 --> 01:56:32,159  
some rings on the ground north of wooler

2813  
01:56:35,750 --> 01:56:34,320

fairy rings isn't that like a crop

2814

01:56:38,470 --> 01:56:35,760

circle

2815

01:56:41,669 --> 01:56:38,480

fairy rings are um you see them in grass

2816

01:56:44,149 --> 01:56:41,679

and like um maybe in uh clovers and

2817

01:56:46,629 --> 01:56:44,159

stuff too but it's like a discoloration

2818

01:56:48,870 --> 01:56:46,639

and typically in nature they're caused

2819

01:56:50,629 --> 01:56:48,880

by a kind of a fungus that grows in a

2820

01:56:52,470 --> 01:56:50,639

ring under the ground and it affects the

2821

01:56:53,270 --> 01:56:52,480

plants above it

2822

01:56:54,629 --> 01:56:53,280

but

2823

01:56:56,310 --> 01:56:54,639

they've called

2824

01:56:59,270 --> 01:56:56,320

dolphos again they called that a fairy

2825

01:57:02,149 --> 01:56:59,280

ring too or philip class said it was um

2826

01:57:04,870 --> 01:57:04,070

yeah because it was around a feeder but

2827

01:57:08,870 --> 01:57:04,880

uh

2828

01:57:10,629 --> 01:57:08,880

reported by fred wayne apparently

2829

01:57:13,109 --> 01:57:10,639

descended somewhere in the immediate

2830

01:57:15,350 --> 01:57:13,119

vicinity of the circles later discovered

2831

01:57:17,669 --> 01:57:15,360

this suggests that the ufo activity in

2832

01:57:19,750 --> 01:57:17,679

the area has been developing

2833

01:57:22,830 --> 01:57:19,760

uh there over a long period of time and

2834

01:57:27,030 --> 01:57:22,840

has been largely unnoticed

2835

01:57:31,430 --> 01:57:29,350

yes a strange residue is found in

2836

01:57:33,109 --> 01:57:31,440

crusting the soil well it sounds sweet

2837

01:57:35,350 --> 01:57:33,119

yeah chicken [h\_\_\h]

2838

01:57:36,950 --> 01:57:35,360

yeah um

2839

01:57:38,550 --> 01:57:36,960

right

2840

01:57:41,750 --> 01:57:38,560

samples have been taken but we have no

2841

01:57:44,950 --> 01:57:41,760

further information at the time okay

2842

01:57:49,189 --> 01:57:44,960

um and then a window broke

2843

01:57:50,229 --> 01:57:49,199

so i do have a picture of the window

2844

01:57:55,270 --> 01:57:50,239

which is

2845

01:57:58,310 --> 01:57:56,790

it's pretty great because there's you

2846

01:58:00,790 --> 01:57:58,320

know it really just goes to show how

2847

01:58:01,750 --> 01:58:00,800

much information is out there

2848

01:58:05,189 --> 01:58:01,760

that

2849

01:58:07,990 --> 01:58:05,199

is almost too much for everyone to to

2850

01:58:09,990 --> 01:58:08,000

know it is yeah that's like

2851

01:58:12,390 --> 01:58:10,000

i always have to narrow my focus onto a

2852

01:58:14,709 --> 01:58:12,400

case otherwise i get so distracted

2853

01:58:16,790 --> 01:58:14,719

i was uh i was looking for a new case to

2854

01:58:19,669 --> 01:58:16,800

start covering since i'm kind of at a

2855

01:58:21,109 --> 01:58:19,679

standstill at the moment with mine and i

2856

01:58:22,790 --> 01:58:21,119

just

2857

01:58:24,229 --> 01:58:22,800

it's sensory overload there's so much

2858

01:58:26,550 --> 01:58:24,239

good information out there over the past

2859

01:58:28,070 --> 01:58:26,560

70 years i i think a lot of the newer

2860

01:58:29,510 --> 01:58:28,080

people don't realize that they think

2861

01:58:31,589 --> 01:58:29,520

since they're old they've been solved

2862

01:58:33,510 --> 01:58:31,599

and

2863

01:58:35,589 --> 01:58:33,520

not even close not even close there's so

2864

01:58:37,750 --> 01:58:35,599

much great stuff look at this guy i keep

2865

01:58:41,750 --> 01:58:37,760

clicking on this podcast forgetting how

2866

01:58:45,430 --> 01:58:43,910

why do you keep clicking on me

2867

01:58:46,149 --> 01:58:45,440

why do you keep clicking on it then i'm

2868

01:58:49,109 --> 01:58:46,159

gonna

2869

01:58:51,109 --> 01:58:49,119

keep your uh your face on the podcast

2870

01:58:54,149 --> 01:58:51,119

you don't like oh he's how does that

2871

01:58:58,149 --> 01:58:55,270

bye buddy

2872

01:59:00,149 --> 01:58:58,159

oh you're getting a little dude i have

2873

01:59:02,629 --> 01:59:00,159

my own way

2874

01:59:04,310 --> 01:59:02,639

uh all right so here we go

2875

01:59:07,350 --> 01:59:04,320

here's the window

2876  
01:59:08,709 --> 01:59:07,360  
newsman witnesses the manifestations

2877  
01:59:11,430 --> 01:59:08,719  
window breaks

2878  
01:59:12,950 --> 01:59:11,440  
somebody looked at it and

2879  
01:59:14,790 --> 01:59:12,960  
long story short

2880  
01:59:16,790 --> 01:59:14,800  
he didn't know how it could happen

2881  
01:59:18,870 --> 01:59:16,800  
like a window guy looked at it

2882  
01:59:20,960 --> 01:59:18,880  
oh okay a window professional

2883  
01:59:23,669 --> 01:59:20,970  
yeah let me check it out

2884  
01:59:25,589 --> 01:59:23,679  
[Laughter]

2885  
01:59:27,030 --> 01:59:25,599  
i'm not sure i'm not sure how that

2886  
01:59:31,430 --> 01:59:27,040  
happened how do you get that

2887  
01:59:34,709 --> 01:59:33,030  
did the window break in the presence of

2888  
01:59:35,750 --> 01:59:34,719

someone with someone like watching it as

2889

01:59:37,350 --> 01:59:35,760

it broke

2890

01:59:38,790 --> 01:59:37,360

so what happened

2891

01:59:39,910 --> 01:59:38,800

or is there just a broken window because

2892

01:59:41,589 --> 01:59:39,920

it looks

2893

01:59:44,149 --> 01:59:41,599

baseball

2894

01:59:45,830 --> 01:59:44,159

the younger children to the relatives it

2895

01:59:48,709 --> 01:59:45,840

was north of willard where she stayed

2896

01:59:51,189 --> 01:59:48,719

until events quieted down well

2897

01:59:53,030 --> 01:59:51,199

i think i might have to look into this

2898

01:59:54,390 --> 01:59:53,040

further

2899

01:59:56,550 --> 01:59:54,400

so

2900

01:59:58,629 --> 01:59:56,560

where's the ufo part ghost hunter from

2901  
02:00:01,109 --> 01:59:58,639  
hezbollah plus two people from ontario

2902  
02:00:02,310 --> 02:00:01,119  
who were interested in ufos strangely

2903  
02:00:03,910 --> 02:00:02,320  
enough

2904  
02:00:05,990 --> 02:00:03,920  
spent the entire evening and night in

2905  
02:00:08,390 --> 02:00:06,000  
their kitchen without ever giving their

2906  
02:00:09,669 --> 02:00:08,400  
names

2907  
02:00:11,270 --> 02:00:09,679  
thrills searched for the house inside

2908  
02:00:13,030 --> 02:00:11,280  
and out then one officer remained

2909  
02:00:14,390 --> 02:00:13,040  
outside at all times until daybreak

2910  
02:00:17,109 --> 02:00:14,400  
nothing happened while the lights were

2911  
02:00:19,109 --> 02:00:17,119  
on unless everyone was in the room then

2912  
02:00:22,950 --> 02:00:19,119  
the poltergeist manifestations and

2913  
02:00:26,790 --> 02:00:24,500

interesting

2914

02:00:29,270 --> 02:00:26,800

[Music]

2915

02:00:30,950 --> 02:00:29,280

oh the official explanation

2916

02:00:33,030 --> 02:00:30,960

we should probably read that

2917

02:00:34,870 --> 02:00:33,040

the first fairbanks uh radio controller

2918

02:00:36,950 --> 02:00:34,880

for the air base later stated that he

2919

02:00:39,350 --> 02:00:36,960

had many calls that night july 2nd about

2920

02:00:41,350 --> 02:00:39,360

bright lights when people were facing

2921

02:00:45,350 --> 02:00:41,360

east and saw them while other people

2922

02:00:47,910 --> 02:00:45,360

located west of these people and facing

2923

02:00:49,669 --> 02:00:47,920

west also saw the lights well

2924

02:00:51,669 --> 02:00:49,679

the official explanation released to the

2925

02:00:53,510 --> 02:00:51,679

press was that these lights were a

2926

02:00:55,669 --> 02:00:53,520

meteor of course

2927

02:00:56,870 --> 02:00:55,679

fairbanks did not agree with this

2928

02:00:58,709 --> 02:00:56,880

explanation

2929

02:01:01,350 --> 02:00:58,719

and pointed out that the citing reports

2930

02:01:02,229 --> 02:01:01,360

were received over a two-hour period c

2931

02:01:03,430 --> 02:01:02,239

flap

2932

02:01:05,990 --> 02:01:03,440

article

2933

02:01:07,990 --> 02:01:06,000

this issue whatever page 24.

2934

02:01:11,109 --> 02:01:08,000

i feel like we don't have flaps anymore

2935

02:01:13,510 --> 02:01:11,119

yep totally what what's up with that

2936

02:01:15,270 --> 02:01:13,520

oh one one thing i want to mention um

2937

02:01:17,430 --> 02:01:15,280

about your years that kind of reminded

2938

02:01:20,229 --> 02:01:17,440

me uh and then the other day

2939

02:01:22,310 --> 02:01:20,239

yeah the other day in town um we had a

2940

02:01:23,830 --> 02:01:22,320

fireball in the sky at night you know a

2941

02:01:24,950 --> 02:01:23,840

big long trail

2942

02:01:26,550 --> 02:01:24,960

um

2943

02:01:28,390 --> 02:01:26,560

i think it may have been a satellite

2944

02:01:30,229 --> 02:01:28,400

re-entering i haven't really looked it

2945

02:01:32,310 --> 02:01:30,239

up but i noticed um

2946

02:01:33,510 --> 02:01:32,320

my local fox affiliate posted on their

2947

02:01:35,510 --> 02:01:33,520

facebook and you know i had like

2948

02:01:37,830 --> 02:01:35,520

hundreds of comments on it

2949

02:01:40,790 --> 02:01:37,840

i saw one comment saying that it was a

2950

02:01:41,990 --> 02:01:40,800

ufo and they were being facetious

2951

02:01:44,470 --> 02:01:42,000

i just

2952

02:01:47,189 --> 02:01:44,480

i think that illustrates a point that um

2953

02:01:49,510 --> 02:01:47,199

not everybody is so easily bamboozled by

2954

02:01:51,189 --> 02:01:49,520

lights in the sky and even if they are

2955

02:01:53,109 --> 02:01:51,199

in the moment they don't walk away from

2956

02:01:54,950 --> 02:01:53,119

that confused from their for the rest of

2957

02:01:57,189 --> 02:01:54,960

their lives you know what i mean i know

2958

02:01:59,109 --> 02:01:57,199

that's easy to say that like

2959

02:02:01,030 --> 02:01:59,119

people who see have ufo sightings

2960

02:02:03,109 --> 02:02:01,040

they're misidentifying

2961

02:02:05,990 --> 02:02:03,119

planes and venus and things like that

2962

02:02:06,950 --> 02:02:06,000

and make sure that that can happen

2963

02:02:08,390 --> 02:02:06,960

but

2964

02:02:10,950 --> 02:02:08,400

just like any time you look at an

2965

02:02:13,109 --> 02:02:10,960

optical illusion it doesn't

2966

02:02:15,270 --> 02:02:13,119

like completely fool you

2967

02:02:17,189 --> 02:02:15,280

you figure it out after the fact and

2968

02:02:18,709 --> 02:02:17,199

these people are still maintaining their

2969

02:02:21,030 --> 02:02:18,719

claims afterwards

2970

02:02:23,109 --> 02:02:21,040

that's a great point um and i can only

2971

02:02:25,189 --> 02:02:23,119

speak on my own experience so the when i

2972

02:02:27,750 --> 02:02:25,199

saw the first white sideways teardrop

2973

02:02:30,229 --> 02:02:27,760

thing even though literally thinking

2974

02:02:31,669 --> 02:02:30,239

about it now is probably 40 50 feet

2975

02:02:34,310 --> 02:02:31,679

above me

2976

02:02:37,669 --> 02:02:34,320

after i saw it like it

2977

02:02:40,149 --> 02:02:37,679

i wasn't struck with uh

2978

02:02:41,990 --> 02:02:40,159

like this is unbelievable you know i was

2979

02:02:43,189 --> 02:02:42,000

struck with wow

2980

02:02:44,950 --> 02:02:43,199

that was cool

2981

02:02:46,950 --> 02:02:44,960

right i wonder what that was like some

2982

02:02:47,910 --> 02:02:46,960

sort of you do you you do one that

2983

02:02:50,390 --> 02:02:47,920

wasn't

2984

02:02:52,070 --> 02:02:50,400

not a shooting star way too big

2985

02:02:53,430 --> 02:02:52,080

but i'm thinking about it but i'm like

2986

02:02:54,470 --> 02:02:53,440

just thinking it's something cool and i

2987

02:02:55,669 --> 02:02:54,480

just don't know

2988

02:02:57,750 --> 02:02:55,679

right and then

2989

02:03:00,229 --> 02:02:57,760

this the second one a couple days after

2990

02:03:01,589 --> 02:03:00,239

then i'm like okay

2991

02:03:03,669 --> 02:03:01,599

what the hell is this

2992

02:03:05,430 --> 02:03:03,679

i just i i remember this is maybe like a

2993

02:03:07,589 --> 02:03:05,440

month or so ago but mick west uh was

2994

02:03:09,669 --> 02:03:07,599

posting about how he's confused a plane

2995

02:03:11,030 --> 02:03:09,679

for venus and venus for a plane and i

2996

02:03:13,030 --> 02:03:11,040

asked him i said

2997

02:03:14,709 --> 02:03:13,040

how long were you confused for

2998

02:03:15,990 --> 02:03:14,719

before you figured out your mistake he's

2999

02:03:19,589 --> 02:03:16,000

like oh just a couple of minutes and i

3000

02:03:21,189 --> 02:03:19,599

was like exactly yeah exactly my point

3001  
02:03:22,390 --> 02:03:21,199  
you know what i mean that's a great

3002  
02:03:24,950 --> 02:03:22,400  
point

3003  
02:03:26,870 --> 02:03:24,960  
you can't it's it's it's a lazy excuse i

3004  
02:03:28,149 --> 02:03:26,880  
mean like yeah yeah there are like venus

3005  
02:03:29,990 --> 02:03:28,159  
does look pretty bright especially when

3006  
02:03:31,430 --> 02:03:30,000  
it's on the horizon it's kind of that

3007  
02:03:33,510 --> 02:03:31,440  
same effect when the full moon is on the

3008  
02:03:35,430 --> 02:03:33,520  
horizon it looks a bit larger i've

3009  
02:03:37,109 --> 02:03:35,440  
looked at venus and then like wow what

3010  
02:03:38,470 --> 02:03:37,119  
the heck is that and then i watch it for

3011  
02:03:40,790 --> 02:03:38,480  
a moment and i'm like

3012  
02:03:42,390 --> 02:03:40,800  
that's not moving that's in the place

3013  
02:03:44,790 --> 02:03:42,400

dragonfly i don't know how you confuse

3014

02:03:46,149 --> 02:03:44,800

venus for a plane

3015

02:03:48,310 --> 02:03:46,159

but

3016

02:03:50,149 --> 02:03:48,320

my point is is that you stare at it for

3017

02:03:51,669 --> 02:03:50,159

a while and then

3018

02:03:54,069 --> 02:03:51,679

you either figure out or you walk away

3019

02:03:56,069 --> 02:03:54,079

you don't walk away convinced

3020

02:03:57,430 --> 02:03:56,079

that something extraordinary happened

3021

02:03:59,030 --> 02:03:57,440

extraordinary

3022

02:04:00,870 --> 02:03:59,040

yeah

3023

02:04:02,790 --> 02:04:00,880

and i think that that news that local

3024

02:04:04,229 --> 02:04:02,800

news story kind of proves that point a

3025

02:04:06,790 --> 02:04:04,239

little bit or at least helps illustrate

3026

02:04:07,750 --> 02:04:06,800

that point that people saw that they

3027

02:04:08,950 --> 02:04:07,760

didn't know what it was they didn't know

3028

02:04:11,189 --> 02:04:08,960

if it was a media or something

3029

02:04:13,030 --> 02:04:11,199

re-entering or space junk

3030

02:04:15,669 --> 02:04:13,040

but they while they were amazed by it

3031

02:04:17,510 --> 02:04:15,679

and posted videos they were also

3032

02:04:20,629 --> 02:04:17,520

you know not convinced

3033

02:04:21,990 --> 02:04:20,639

that it was something otherworldly

3034

02:04:22,950 --> 02:04:22,000

like a lot of people would have you

3035

02:04:24,240 --> 02:04:22,960

think

3036

02:04:25,589 --> 02:04:24,250

you know what i mean

3037

02:04:27,350 --> 02:04:25,599

[Music]

3038

02:04:30,950 --> 02:04:27,360

yeah i just wanted to add that because

3039

02:04:33,189 --> 02:04:30,960

it was topical lately but yeah no i i

3040

02:04:35,510 --> 02:04:33,199

completely agree with you that i think

3041

02:04:38,709 --> 02:04:35,520

it's insulting to think that all these

3042

02:04:41,669 --> 02:04:38,719

people are just so readily prepared to

3043

02:04:43,510 --> 02:04:41,679

think it's something amazing that no one

3044

02:04:44,709 --> 02:04:43,520

knows what it is you know just walking

3045

02:04:47,270 --> 02:04:44,719

through life being perpetually

3046

02:04:49,669 --> 02:04:47,280

bamboozled by everything right

3047

02:04:52,470 --> 02:04:49,679

like yeah then you'd be able to go up to

3048

02:04:54,390 --> 02:04:52,480

him and go listen dude i got a thousand

3049

02:04:56,790 --> 02:04:54,400

bucks in my pocket and i'm giving it to

3050

02:04:57,030 --> 02:04:56,800

you all you gotta do is say my name

3051

02:04:59,589 --> 02:04:57,040

what

3052

02:05:02,390 --> 02:04:59,599

[Laughter]

3053

02:05:04,310 --> 02:05:02,400

i mean what's the difference

3054

02:05:05,430 --> 02:05:04,320

i don't know we're all using this we all

3055

02:05:07,109 --> 02:05:05,440

have the same

3056

02:05:09,030 --> 02:05:07,119

more or less sensory experience and

3057

02:05:10,229 --> 02:05:09,040

we're all using them and our our whole

3058

02:05:12,229 --> 02:05:10,239

lives are

3059

02:05:14,790 --> 02:05:12,239

memories except for this very moment

3060

02:05:16,790 --> 02:05:14,800

that we're perceiving in time so yeah

3061

02:05:17,589 --> 02:05:16,800

memories get conflated with things and

3062

02:05:22,870 --> 02:05:17,599

they

3063

02:05:24,870 --> 02:05:22,880

and your senses can be tricked but

3064

02:05:26,870 --> 02:05:24,880

we're all the same here we all

3065

02:05:29,030 --> 02:05:26,880

have reasoning skills too on top of that

3066

02:05:31,030 --> 02:05:29,040

you know what i mean i don't

3067

02:05:32,950 --> 02:05:31,040

temperature inversions venus and even

3068

02:05:35,589 --> 02:05:32,960

swamp gas which i'm getting to

3069

02:05:37,910 --> 02:05:35,599

eventually with that project

3070

02:05:40,310 --> 02:05:37,920

it's lazy

3071

02:05:41,990 --> 02:05:40,320

and even if you do even if you do find a

3072

02:05:43,350 --> 02:05:42,000

sensible explanation if it's not fitting

3073

02:05:45,030 --> 02:05:43,360

those claims you're still putting a

3074

02:05:48,149 --> 02:05:45,040

square peg in a round hole

3075

02:05:50,310 --> 02:05:48,159

yeah and just it's that's why we're in

3076

02:05:51,270 --> 02:05:50,320

this way i i really don't like the word

3077

02:05:53,910 --> 02:05:51,280

solved

3078

02:05:56,229 --> 02:05:53,920

that was one of the words that kind of

3079

02:05:58,470 --> 02:05:56,239

got me to step back solved

3080

02:06:00,870 --> 02:05:58,480

you weren't there man

3081

02:06:02,470 --> 02:06:00,880

you know what i mean yeah

3082

02:06:06,229 --> 02:06:02,480

that's something to think about

3083

02:06:07,750 --> 02:06:06,239

yeah it's it's not a easy thing but

3084

02:06:10,470 --> 02:06:07,760

you know i feel like the more people

3085

02:06:13,589 --> 02:06:10,480

that go look into things like this uh

3086

02:06:14,790 --> 02:06:13,599

earnestly and honestly um

3087

02:06:16,709 --> 02:06:14,800

that's how

3088

02:06:18,629 --> 02:06:16,719

we may at least

3089

02:06:21,189 --> 02:06:18,639

maybe we won't get there

3090

02:06:22,550 --> 02:06:21,199

but we'll change the paradigm and how

3091

02:06:25,350 --> 02:06:22,560

people treat

3092

02:06:28,229 --> 02:06:25,360

the topic and look at it and research it

3093

02:06:31,189 --> 02:06:28,239

hopefully which which might be a foot on

3094

02:06:31,910 --> 02:06:31,199

a step

3095

02:06:33,030 --> 02:06:31,920

but

3096

02:06:34,069 --> 02:06:33,040

you know

3097

02:06:35,830 --> 02:06:34,079

but

3098

02:06:38,069 --> 02:06:35,840

yeah all right

3099

02:06:40,069 --> 02:06:38,079

dragonfly said inside explanations like

3100

02:06:41,510 --> 02:06:40,079

birds venus lighthouses etc are so

3101  
02:06:43,270 --> 02:06:41,520  
offensive especially when we talk about

3102  
02:06:46,310 --> 02:06:43,280  
sightings with multiple witnesses i

3103  
02:06:49,030 --> 02:06:46,320  
agree yeah completely agree um all right

3104  
02:06:50,709 --> 02:06:49,040  
lubock lights for instance

3105  
02:06:51,430 --> 02:06:50,719  
uh yeah yeah

3106  
02:06:53,910 --> 02:06:51,440  
yeah

3107  
02:06:56,310 --> 02:06:53,920  
shiny birds professors professors

3108  
02:06:58,790 --> 02:06:56,320  
looking at this stuff the funny the my

3109  
02:06:59,589 --> 02:06:58,800  
favorite part about that is they

3110  
02:07:02,709 --> 02:06:59,599  
uh

3111  
02:07:03,750 --> 02:07:02,719  
attempted to recreate the photograph

3112  
02:07:07,270 --> 02:07:03,760  
wit

3113  
02:07:09,109 --> 02:07:07,280

birds flying in the same formation they

3114

02:07:13,589 --> 02:07:09,119

took the pictures and everything and it

3115

02:07:15,030 --> 02:07:13,599

wasn't even close nah wasn't even close

3116

02:07:18,310 --> 02:07:15,040

uh

3117

02:07:20,709 --> 02:07:18,320

so oh brian brady's back um

3118

02:07:22,149 --> 02:07:20,719

yeah shiny shiny birds uh reflecting off

3119

02:07:23,830 --> 02:07:22,159

the street lights

3120

02:07:25,430 --> 02:07:23,840

that's a stretch that's creative at

3121

02:07:27,109 --> 02:07:25,440

least so i'll give whoever came up with

3122

02:07:29,270 --> 02:07:27,119

that credit for that but they went

3123

02:07:31,669 --> 02:07:29,280

through the process and recreated it

3124

02:07:33,510 --> 02:07:31,679

like a scientific experiment and they

3125

02:07:34,950 --> 02:07:33,520

couldn't and and yet we don't talk about

3126

02:07:36,470 --> 02:07:34,960

that case anymore just like most people

3127

02:07:37,990 --> 02:07:36,480

don't talk about hudson valley anymore

3128

02:07:39,669 --> 02:07:38,000

because someone came up with the idea of

3129

02:07:41,350 --> 02:07:39,679

ultra lights flying in formation even

3130

02:07:42,870 --> 02:07:41,360

though that does not

3131

02:07:44,709 --> 02:07:42,880

fit that's in valley

3132

02:07:46,870 --> 02:07:44,719

there's a lot of paranormal attached to

3133

02:07:47,669 --> 02:07:46,880

that thing yeah there is especially all

3134

02:07:51,750 --> 02:07:47,679

those

3135

02:07:53,109 --> 02:07:51,760

um like little caverns all throughout

3136

02:07:55,589 --> 02:07:53,119

the woods and stuff did you look into

3137

02:07:58,310 --> 02:07:55,599

that part of it no that sounds really

3138

02:07:59,189 --> 02:07:58,320

yeah these little stone

3139

02:08:04,069 --> 02:07:59,199

cave

3140

02:08:07,510 --> 02:08:05,510

hundreds of them

3141

02:08:10,310 --> 02:08:07,520

i'm part way through night siege right

3142

02:08:12,629 --> 02:08:10,320

now and then i'm i'm actually uh i was i

3143

02:08:14,550 --> 02:08:12,639

was talking to um mark roediger from

3144

02:08:16,229 --> 02:08:14,560

kufo so i was seeing if he had any extra

3145

02:08:17,510 --> 02:08:16,239

information on it too

3146

02:08:18,870 --> 02:08:17,520

but uh

3147

02:08:22,790 --> 02:08:18,880

yeah man

3148

02:08:25,430 --> 02:08:22,800

this is night school

3149

02:08:27,270 --> 02:08:25,440

invisible college invisible

3150

02:08:30,870 --> 02:08:27,280

yeah

3151

02:08:33,830 --> 02:08:30,880

it is you saw that uh uh

3152

02:08:34,830 --> 02:08:33,840

fbi bulletin i shared right

3153

02:08:40,149 --> 02:08:34,840

yeah

3154

02:08:41,270 --> 02:08:40,159

reporting their sightings to the police

3155

02:08:43,830 --> 02:08:41,280

which i'm

3156

02:08:45,750 --> 02:08:43,840

in big favor of especially after my case

3157

02:08:48,229 --> 02:08:45,760

it creates a public record you know what

3158

02:08:49,030 --> 02:08:48,239

he says is they went to kufos right yeah

3159

02:08:52,229 --> 02:08:49,040

that's

3160

02:08:53,189 --> 02:08:52,239

uh heineken organization out of illinois

3161

02:08:54,870 --> 02:08:53,199

um

3162

02:08:56,470 --> 02:08:54,880

there's a there's a new archivist there

3163

02:08:57,910 --> 02:08:56,480

that i'm talking to too trying to find

3164

02:09:00,149 --> 02:08:57,920

some um

3165

02:09:02,870 --> 02:09:00,159

cool documentation from the hillsdale

3166

02:09:05,830 --> 02:09:02,880

sighting in 66. so we'll see they're

3167

02:09:07,750 --> 02:09:05,840

still around i don't even know that

3168

02:09:08,950 --> 02:09:07,760

i gotta go drive down

3169

02:09:10,709 --> 02:09:08,960

illinois

3170

02:09:12,310 --> 02:09:10,719

yep they have a lot of great information

3171

02:09:14,950 --> 02:09:12,320

i actually mark roderger this is the

3172

02:09:15,910 --> 02:09:14,960

scientific director on the board he um

3173

02:09:18,470 --> 02:09:15,920

he was

3174

02:09:19,430 --> 02:09:18,480

really really helpful in researching my

3175

02:09:21,030 --> 02:09:19,440

case

3176

02:09:23,189 --> 02:09:21,040

that is because uh

3177

02:09:25,510 --> 02:09:23,199

mike swords was working through qfos

3178

02:09:27,030 --> 02:09:25,520

when he invented uh he investigated it

3179

02:09:29,830 --> 02:09:27,040

yeah i don't like how do you like green

3180

02:09:32,790 --> 02:09:29,840

street do swords that's too bad

3181

02:09:34,709 --> 02:09:32,800

i'm just kidding i'm just kidding

3182

02:09:35,510 --> 02:09:34,719

wow whatever i'm totally kidding all

3183

02:09:37,189 --> 02:09:35,520

right

3184

02:09:38,950 --> 02:09:37,199

i'm that i love the guy you just gotta

3185

02:09:42,390 --> 02:09:38,960

do what's best for you all right

3186

02:09:44,550 --> 02:09:42,400

i agree well we will see you

3187

02:09:45,510 --> 02:09:44,560

on the twitter streams and yeah

3188

02:09:46,709 --> 02:09:45,520

obviously

3189

02:09:48,870 --> 02:09:46,719

we're gonna be

3190

02:09:50,310 --> 02:09:48,880

working on an interesting case together

3191

02:09:52,229 --> 02:09:50,320

for you that's true i can't wait to

3192

02:09:53,669 --> 02:09:52,239

bring that to you i gotta dive down the

3193

02:09:57,109 --> 02:09:53,679

rabbit hole on that one

3194

02:09:58,390 --> 02:09:57,119

yeah so uh we'll get together on that

3195

02:10:00,229 --> 02:09:58,400

otherwise peace thanks so much for

3196

02:10:01,430 --> 02:10:00,239

hanging out i had a great time dude see

3197

02:10:03,430 --> 02:10:01,440

you guys

3198

02:10:05,350 --> 02:10:03,440

peace

3199

02:10:06,709 --> 02:10:05,360

all right eel

3200

02:10:07,589 --> 02:10:06,719

uh

3201

02:10:09,830 --> 02:10:07,599

we

3202

02:10:11,669 --> 02:10:09,840

talked about a lot of different stuff

3203

02:10:14,390 --> 02:10:11,679

and

3204

02:10:15,750 --> 02:10:14,400

i liked how it was just you know it was

3205

02:10:17,189 --> 02:10:15,760

just cool to do

3206

02:10:24,310 --> 02:10:17,199

here's the bulletin by the way that i

3207

02:10:28,709 --> 02:10:25,830

peace

3208

02:10:31,350 --> 02:10:28,719

we'll see you soon i have stumbled upon

3209

02:10:33,430 --> 02:10:31,360

a lot of really interesting things so

3210

02:10:34,629 --> 02:10:33,440

expect to

3211

02:10:36,149 --> 02:10:34,639

see

3212

02:10:39,030 --> 02:10:36,159

nice compact

3213

02:10:41,430 --> 02:10:39,040

really cool pieces

3214

02:10:45,350 --> 02:10:41,440

including

3215

02:10:49,030 --> 02:10:45,360

a piece where heineken blatantly lied

3216

02:10:51,510 --> 02:10:49,040

about the lani zamora case

3217

02:10:53,750 --> 02:10:51,520

and the symbols

3218

02:10:55,350 --> 02:10:53,760

found on it

3219

02:10:57,030 --> 02:10:55,360

and how

3220

02:11:00,310 --> 02:10:57,040

he said

3221

02:11:02,629 --> 02:11:00,320

that no one ever told zamora not to talk

3222

02:11:04,870 --> 02:11:02,639

about those

3223

02:11:06,790 --> 02:11:04,880

and that zamora never said he shouldn't

3224

02:11:08,950 --> 02:11:06,800

talk about those
