

Such reports shall include any comments or recommendations for continued actions.

(e) RELIEF FOR IMPACTED FORMER MEMBERS.—

(1) REVIEW OF DISCHARGE.—

(A) IN GENERAL.—The Secretary of Defense shall review and update existing guidance to ensure that the appropriate discharge board for the military departments concerned shall review a discharge characterization of the covered member as required under section 527 of the National Defense Authorization Act for Fiscal Year 2020 at the request of a covered member, or their representative, notwithstanding any requirements to provide documentation necessary to initiate a review of a discharge characterization.

(B) EXCEPTION.—The appropriate discharge board for the military departments concerned shall not be required to initiate a request for a review of a discharge as described in subparagraph (A) if there is evidence available to the discharge board that is unrelated to the material request of the covered member or their representative but that would have reasonably substantiated the military department's discharge decision.

(2) VETERANS BENEFITS.—

(A) EFFECTIVE DATE OF CHANGE OF CHARACTERIZATION FOR VETERANS BENEFITS.—For purposes of the provision of benefits to which veterans are entitled under the laws administered by the Secretary of Veterans Affairs to a covered member whose discharge characterization is changed pursuant to section 527 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92; 10 U.S.C. 1552 note), the date of discharge of the member from the Armed Forces shall be deemed to be the effective date of the change of discharge characterization under that section.

(B) RULE OF CONSTRUCTION.—Nothing in

2020 in accordance with regulations prescribed for such purpose by the Secretary of the military department concerned.

(g) DON'T ASK, DON'T TELL DEFINED.—In this section, the term "Don't Ask, Don't Tell" means section 654 of title 10, United States Code, as in effect before such section was repealed pursuant to the Don't Ask, Don't Tell Repeal Act of 2010 (Public Law 111-321).

SA 4281. Mrs. GILLIBRAND submitted an amendment intended to be proposed to amendment SA 3867 submitted by Mr. REED and intended to be proposed to the bill H.R. 4350, to authorize appropriations for fiscal year 2022 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place in title XV, insert the following:

SEC. ____ ESTABLISHMENT OF STRUCTURE AND AUTHORITIES TO ADDRESS UNIDENTIFIED AERIAL PHENOMENA.

(a) ESTABLISHMENT OF ANOMALY SURVEILLANCE AND RESOLUTION OFFICE.—

(1) IN GENERAL.—Not later than 180 days after the date of the enactment of this Act, the Secretary of Defense shall, in coordination with the Director of National Intelligence, establish an office within an appropriate component of the Department of Defense, or within a joint organization of the Department of Defense and the Office of the Director of National Intelligence, to assume—

ensure that such incidents from each component of the Department and each element of the intelligence community are reported and incorporated in a centralized repository.

(3) Establishing procedures to require the timely and consistent reporting of such incidents.

(4) Evaluating links between unidentified aerial phenomena and adversarial foreign governments, other foreign governments, or nonstate actors.

(5) Evaluating the threat that such incidents present to the United States.

(6) Coordinating with other departments and agencies of the Federal Government, as appropriate, including the Federal Aviation Administration, the National Aeronautics and Space Administration, the Department of Homeland Security, the National Oceanic and Atmospheric Administration, and the Department of Energy.

(7) Coordinating with allies and partners of the United States, as appropriate, to better assess the nature and extent of unidentified aerial phenomena.

(8) Preparing reports for Congress, in both classified and unclassified form, as required by subsections (h) and (i).

(d) EMPLOYMENT OF LINE ORGANIZATIONS FOR FIELD INVESTIGATIONS OF UNIDENTIFIED AERIAL PHENOMENA.—

(1) IN GENERAL.—The Director and the Secretary shall each, in coordination with each other, designate line organizations within the Department of Defense and the intelligence community that possess appropriate expertise, authorities, accesses, data, systems, platforms, and capabilities to rapidly respond to, and conduct field investigations of, incidents involving unidentified aerial phenomena under the direction of the Office.

(2) PERSONNEL, EQUIPMENT, AND RESOURCES.—The Director and the Secretary

1
00:00:00,490 --> 00:00:02,950
[Music]

2
00:00:07,920 --> 00:00:05,030
just forget

3
00:00:10,790 --> 00:00:07,930
the anniversary

4
00:00:13,030 --> 00:00:10,800
[Music]

5
00:00:15,530 --> 00:00:13,040
long live

6
00:00:18,070 --> 00:00:15,540
the travesty

7
00:00:19,830 --> 00:00:18,080
[Music]

8
00:00:23,620 --> 00:00:19,840
why is it me

9
00:00:27,410 --> 00:00:25,910
[Music]

10
00:00:28,710 --> 00:00:27,420
sleeping around

11
00:00:31,400 --> 00:00:28,720
[Music]

12
00:00:33,670 --> 00:00:31,410
between the lord

13
00:00:36,069 --> 00:00:33,680

[Music]

14

00:00:39,440 --> 00:00:36,079

can we be honest

15

00:00:47,280 --> 00:00:42,470

[Music]

16

00:00:49,430 --> 00:00:47,290

it takes so much gravity

17

00:00:55,020 --> 00:00:49,440

[Music]

18

00:00:57,990 --> 00:00:55,030

the object was real and clear to me

19

00:00:59,910 --> 00:00:58,000

[Music]

20

00:01:05,189 --> 00:00:59,920

now i'm just seeking

21

00:01:05,199 --> 00:01:09,109

with one eye closed

22

00:01:14,990 --> 00:01:13,109

in a mine wide open

23

00:01:17,749 --> 00:01:15,000

an ocean of mystery

24

00:01:21,910 --> 00:01:17,759

[Music]

25

00:01:28,870 --> 00:01:24,789

we want our clothes

26

00:01:28,880 --> 00:01:33,510

an ocean or mystery

27

00:01:33,520 --> 00:01:38,080

love it gently

28

00:01:38,090 --> 00:01:51,749

[Music]

29

00:01:51,759 --> 00:01:58,550

stop

30

00:02:04,310 --> 00:02:01,860

coming after me

31

00:02:08,469 --> 00:02:04,320

[Music]

32

00:02:20,470 --> 00:02:08,479

i'm an easy target

33

00:02:25,430 --> 00:02:20,480

[Music]

34

00:02:25,440 --> 00:02:32,949

here we are and it's just beginning

35

00:02:40,470 --> 00:02:35,110

love in life

36

00:02:49,430 --> 00:02:43,270

now i know it's

37

00:02:57,350 --> 00:02:51,750

get the wind in the ground

38

00:03:04,229 --> 00:03:00,149

when i closed

39

00:03:08,869 --> 00:03:06,340

notion of mystery

40

00:03:09,940 --> 00:03:08,879

[Music]

41

00:03:17,030 --> 00:03:09,950

love it

42

00:03:20,149 --> 00:03:17,040

[Music]

43

00:03:20,159 --> 00:03:32,070

an ocean of mystery

44

00:03:32,080 --> 00:03:35,910

the mind wide open

45

00:03:35,920 --> 00:03:40,309

an ocean of mystery

46

00:03:40,319 --> 00:03:44,869

just love it gently

47

00:03:44,879 --> 00:03:50,790

stop

48

00:04:03,990 --> 00:03:59,589

[Music]

49

00:04:15,509 --> 00:04:06,520

walking away from me

50

00:04:15,519 --> 00:04:18,050

stop

51
00:04:22,400 --> 00:04:20,310
[Music]

52
00:04:38,950 --> 00:04:22,410
coming after me

53
00:04:38,960 --> 00:05:34,230
just tell me respectfully

54
00:05:40,629 --> 00:05:38,070
ah there we go i'm back

55
00:05:42,629 --> 00:05:40,639
yeah if you guys follow me on instagram

56
00:05:43,670 --> 00:05:42,639
um

57
00:05:45,670 --> 00:05:43,680
uh

58
00:05:47,430 --> 00:05:45,680
like i played that song for the very

59
00:05:49,270 --> 00:05:47,440
first time

60
00:05:51,189 --> 00:05:49,280
uh this morning and i created it this

61
00:05:54,230 --> 00:05:51,199
morning

62
00:05:56,629 --> 00:05:54,240
it's working now well it should be

63
00:05:58,070 --> 00:05:56,639

but it's funny i just see the yeah okay

64

00:06:00,309 --> 00:05:58,080

there we go thanks

65

00:06:01,270 --> 00:06:00,319

uh yeah so i made that song this morning

66

00:06:04,230 --> 00:06:01,280

um

67

00:06:06,070 --> 00:06:04,240

played it live on instagram

68

00:06:07,990 --> 00:06:06,080

this morning that was the first time i

69

00:06:09,350 --> 00:06:08,000

ever performed it and it went really

70

00:06:11,270 --> 00:06:09,360

well actually

71

00:06:12,230 --> 00:06:11,280

um i didn't really have any screw-ups or

72

00:06:15,749 --> 00:06:12,240

anything

73

00:06:19,029 --> 00:06:15,759

somehow so and then i went into

74

00:06:21,670 --> 00:06:19,039

creation mode and i just produced it

75

00:06:22,870 --> 00:06:21,680

today and that's what you heard

76

00:06:25,510 --> 00:06:22,880

so

77

00:06:27,670 --> 00:06:25,520

that's what i do and on top of that

78

00:06:31,350 --> 00:06:27,680

i got some pretty cool material

79

00:06:31,360 --> 00:06:35,029

which includes

80

00:06:39,270 --> 00:06:36,790

i forgot already what it is but senator

81

00:06:40,950 --> 00:06:39,280

gildebrand uh what she's proposing

82

00:06:43,350 --> 00:06:40,960

um we'll talk about that a little bit

83

00:06:46,629 --> 00:06:43,360

and then we'll get into um

84

00:06:49,350 --> 00:06:46,639

the space force budget which um

85

00:06:52,550 --> 00:06:49,360

to be quite honest

86

00:06:53,749 --> 00:06:52,560

looks to me like a lot of the asap stuff

87

00:06:57,589 --> 00:06:53,759

went there

88

00:07:00,870 --> 00:06:57,599

um if you look at the ossep um

89

00:07:03,189 --> 00:07:00,880

like the 38 or 39 reports

90

00:07:05,909 --> 00:07:03,199

you know that that they did make

91

00:07:06,950 --> 00:07:05,919

uh somewhat public um

92

00:07:10,469 --> 00:07:06,960

you'll know

93

00:07:12,070 --> 00:07:10,479

talking about when we go through um kind

94

00:07:14,309 --> 00:07:12,080

of like the screenshots and pictures i

95

00:07:16,230 --> 00:07:14,319

picked up to go through

96

00:07:17,430 --> 00:07:16,240

um i did post the link in the

97

00:07:20,390 --> 00:07:17,440

description

98

00:07:22,790 --> 00:07:20,400

so you can um look into all that stuff

99

00:07:24,710 --> 00:07:22,800

yourself if you download them you can

100

00:07:25,830 --> 00:07:24,720

search them really easily

101
00:07:27,670 --> 00:07:25,840
um

102
00:07:28,870 --> 00:07:27,680
you know unfortunately i figured out to

103
00:07:30,790 --> 00:07:28,880
do that

104
00:07:31,830 --> 00:07:30,800
a little late in the game so i was just

105
00:07:38,390 --> 00:07:31,840
trying to

106
00:07:39,749 --> 00:07:38,400
man you wouldn't believe it um but yeah

107
00:07:41,430 --> 00:07:39,759
so

108
00:07:42,830 --> 00:07:41,440
yeah

109
00:07:46,309 --> 00:07:42,840
with that being

110
00:07:49,029 --> 00:07:46,319
said um let's get to it huh so this

111
00:07:50,869 --> 00:07:49,039
first uh piece here comes from uap media

112
00:07:54,070 --> 00:07:50,879
uk adam goldsack

113
00:07:56,629 --> 00:07:55,029

uh

114

00:08:01,270 --> 00:07:56,639

hopefully the volume is working if if

115

00:08:06,869 --> 00:08:02,070

so

116

00:08:08,629 --> 00:08:06,879

office

117

00:08:10,830 --> 00:08:08,639

asrow

118

00:08:14,550 --> 00:08:10,840

so it's pretty interesting in

119

00:08:17,110 --> 00:08:14,560

the in the wording of it

120

00:08:19,430 --> 00:08:17,120

you know they talk about

121

00:08:21,189 --> 00:08:19,440

uh terminating the the task force and

122

00:08:25,430 --> 00:08:21,199

everything

123

00:08:27,990 --> 00:08:25,440

first of all thanks shout out to uap

124

00:08:28,869 --> 00:08:28,000

media uk

125

00:08:32,870 --> 00:08:28,879

for

126
00:08:32,880 --> 00:08:37,350
this was something that signal tweeted

127
00:08:37,360 --> 00:08:40,389
and

128
00:08:44,790 --> 00:08:42,070
you know we just add them on the show

129
00:08:47,350 --> 00:08:44,800
but i believe this is a part of

130
00:08:49,269 --> 00:08:47,360
some of the wording

131
00:08:50,630 --> 00:08:49,279
the term trans medium so kind of gives

132
00:08:52,470 --> 00:08:50,640
you the meaning there trans medium

133
00:08:54,949 --> 00:08:52,480
objects or devices means objects or

134
00:08:57,030 --> 00:08:54,959
devices that are observed to transition

135
00:08:59,910 --> 00:08:57,040
between space and atmosphere or between

136
00:09:02,070 --> 00:08:59,920
the atmosphere and bodies of water

137
00:09:04,949 --> 00:09:02,080
that are not immediately identifiable

138
00:09:07,430 --> 00:09:04,959

you know they always say immediately

139

00:09:08,550 --> 00:09:07,440

so i mean

140

00:09:11,030 --> 00:09:08,560

so

141

00:09:18,389 --> 00:09:12,870

you know long-term

142

00:09:23,110 --> 00:09:21,110

hey what's up

143

00:09:25,670 --> 00:09:23,120

johan thank you so much for that that is

144

00:09:27,350 --> 00:09:25,680

super nice of you i appreciate that

145

00:09:29,910 --> 00:09:27,360

hell yeah

146

00:09:32,389 --> 00:09:29,920

that's awesome thank you

147

00:09:34,949 --> 00:09:32,399

really appreciate that and by the way

148

00:09:37,829 --> 00:09:34,959

thank you everybody uh for being here uh

149

00:09:39,750 --> 00:09:37,839

haley pontificator lord bass

150

00:09:42,230 --> 00:09:39,760

pf whale13

151
00:09:45,110 --> 00:09:42,240
witness citizen

152
00:09:47,110 --> 00:09:45,120
uh that joke will never get old uh lara

153
00:09:50,389 --> 00:09:47,120
dragonfly

154
00:09:52,470 --> 00:09:50,399
um xuap what's up good to see you bro

155
00:09:54,870 --> 00:09:52,480
hope you're doing well i know he's got a

156
00:09:57,590 --> 00:09:54,880
channel doing stuff check it out

157
00:09:59,829 --> 00:09:57,600
um joseph what's up

158
00:10:00,870 --> 00:09:59,839
um nightgazer

159
00:10:03,269 --> 00:10:00,880
hello

160
00:10:04,470 --> 00:10:03,279
um alien girl steve shaw what's

161
00:10:05,670 --> 00:10:04,480
happening

162
00:10:08,710 --> 00:10:05,680
um

163
00:10:12,470 --> 00:10:08,720

lord ludacris plaid what's happening

164

00:10:14,150 --> 00:10:12,480

um mantos art what's up hello

165

00:10:16,870 --> 00:10:14,160

uh but what else we got

166

00:10:18,790 --> 00:10:16,880

yeah and so thanks for coming here i

167

00:10:21,829 --> 00:10:18,800

definitely appreciate it

168

00:10:23,670 --> 00:10:21,839

so as you can see uh we got through that

169

00:10:26,230 --> 00:10:23,680

uh number three there number four the

170

00:10:27,670 --> 00:10:26,240

term unidentified aerial phenomenon

171

00:10:29,590 --> 00:10:27,680

means

172

00:10:32,470 --> 00:10:29,600

this is important right

173

00:10:33,829 --> 00:10:32,480

what do they say this means

174

00:10:35,030 --> 00:10:33,839

right

175

00:10:37,110 --> 00:10:35,040

um

176

00:10:39,910 --> 00:10:37,120

it's important because

177

00:10:43,030 --> 00:10:39,920

that's the term everyone's using right

178

00:10:45,110 --> 00:10:43,040

um so it's important to know

179

00:10:47,670 --> 00:10:45,120

what they think it means or what they

180

00:10:52,470 --> 00:10:47,680

say it means we got airborne objects

181

00:10:55,670 --> 00:10:54,550

there we go again with the the

182

00:10:58,470 --> 00:10:55,680

immediately

183

00:11:00,550 --> 00:10:58,480

transmedium objects or devices

184

00:11:02,470 --> 00:11:00,560

objects or devices that is interesting

185

00:11:04,550 --> 00:11:02,480

right devices

186

00:11:06,230 --> 00:11:04,560

so what made them put that word in their

187

00:11:07,829 --> 00:11:06,240

devices

188

00:11:09,110 --> 00:11:07,839

so

189

00:11:12,150 --> 00:11:09,120

to me

190

00:11:13,509 --> 00:11:12,160

that kind of means that they at least

191

00:11:16,550 --> 00:11:13,519

know

192

00:11:17,829 --> 00:11:16,560

that there's two different

193

00:11:19,190 --> 00:11:17,839

things

194

00:11:21,430 --> 00:11:19,200

that can do this

195

00:11:30,710 --> 00:11:21,440

right

196

00:11:32,150 --> 00:11:30,720

me they know something that we don't

197

00:11:32,949 --> 00:11:32,160

obviously

198

00:11:35,269 --> 00:11:32,959

so

199

00:11:38,949 --> 00:11:35,279

um

200

00:11:41,430 --> 00:11:38,959

submerged objects or devices

201
00:11:43,590 --> 00:11:41,440
that are not immediately identifiable

202
00:11:46,550 --> 00:11:43,600
and that display behavior or performance

203
00:11:49,509 --> 00:11:46,560
characteristics suggesting that they may

204
00:11:52,069 --> 00:11:49,519
be related to the subjects described in

205
00:11:54,389 --> 00:11:52,079
paragraph a or b

206
00:11:56,949 --> 00:11:54,399
um which i believe

207
00:11:57,670 --> 00:11:56,959
is right up there yeah a

208
00:11:59,269 --> 00:11:57,680
b

209
00:12:00,550 --> 00:11:59,279
i don't know

210
00:12:05,110 --> 00:12:00,560
sub paragraph i was going to say

211
00:12:07,910 --> 00:12:07,030
frame it from a military guy's point of

212
00:12:11,110 --> 00:12:07,920
view

213
00:12:11,790 --> 00:12:11,120

i'm not a military guy so that would be

214

00:12:14,310 --> 00:12:11,800

hard

215

00:12:16,069 --> 00:12:14,320

[Laughter]

216

00:12:18,790 --> 00:12:16,079

but you mean or maybe that's what

217

00:12:20,150 --> 00:12:18,800

they're doing you're saying

218

00:12:22,870 --> 00:12:20,160

um

219

00:12:25,350 --> 00:12:22,880

xqap thanks for the comment

220

00:12:27,990 --> 00:12:25,360

so here we go a little bit

221

00:12:33,269 --> 00:12:28,000

let's see if i can

222

00:12:40,550 --> 00:12:35,269

i don't know if i can

223

00:12:45,590 --> 00:12:43,910

miss gildebrand subcommitted

224

00:12:48,550 --> 00:12:45,600

or submitted

225

00:12:50,949 --> 00:12:48,560

an amendment intended to be proposed to

226

00:12:53,430 --> 00:12:50,959

amendment essay 3867

227

00:12:54,790 --> 00:12:53,440

submitted by mr reed interesting a

228

00:12:57,190 --> 00:12:54,800

different mystery

229

00:12:59,590 --> 00:12:57,200

and intended to be proposed to the bill

230

00:13:01,910 --> 00:12:59,600

h.r 4350

231

00:13:04,470 --> 00:13:01,920

to authorize appropriations for fiscal

232

00:13:06,470 --> 00:13:04,480

year 2022 for military activities of

233

00:13:09,590 --> 00:13:06,480

defense department of defense

234

00:13:11,269 --> 00:13:09,600

for military construction

235

00:13:13,990 --> 00:13:11,279

and for defense activities of the

236

00:13:16,310 --> 00:13:14,000

department of energy

237

00:13:17,910 --> 00:13:16,320

to prescribe military personnel

238

00:13:19,990 --> 00:13:17,920

strengths for such fiscal year and for

239

00:13:22,230 --> 00:13:20,000

the other purposes which ordered it to

240

00:13:24,710 --> 00:13:22,240

lie on the table as follows

241

00:13:26,389 --> 00:13:24,720

you know the interesting thing about

242

00:13:27,670 --> 00:13:26,399

um

243

00:13:30,230 --> 00:13:27,680

gildebrand

244

00:13:32,310 --> 00:13:30,240

is i saw on twitter that

245

00:13:34,310 --> 00:13:32,320

jazz actually wrote that

246

00:13:36,069 --> 00:13:34,320

lady a letter during the big phone home

247

00:13:37,829 --> 00:13:36,079

too

248

00:13:39,990 --> 00:13:37,839

so you know did that have something to

249

00:13:40,870 --> 00:13:40,000

do with this maybe maybe not but that's

250

00:13:44,230 --> 00:13:40,880

cool

251
00:13:46,389 --> 00:13:44,240
um

252
00:13:48,710 --> 00:13:46,399
she's one of the people i called that

253
00:13:49,750 --> 00:13:48,720
week that i called live on air

254
00:13:51,670 --> 00:13:49,760
so

255
00:13:53,670 --> 00:13:51,680
i don't know you never know little

256
00:13:56,069 --> 00:13:53,680
things could make a difference sometimes

257
00:14:01,110 --> 00:13:56,079
we don't know that it did or didn't but

258
00:14:05,750 --> 00:14:03,590
so we

259
00:14:08,470 --> 00:14:05,760
can get to this part

260
00:14:11,269 --> 00:14:08,480
in general not later than 180 days after

261
00:14:13,990 --> 00:14:11,279
the date of the enactment of this act

262
00:14:15,590 --> 00:14:14,000
always 180. the secretary of defense

263
00:14:18,069 --> 00:14:15,600

shall in coordination with the director

264

00:14:20,069 --> 00:14:18,079
of national intelligence

265

00:14:20,870 --> 00:14:20,079
dna

266

00:14:21,990 --> 00:14:20,880
who

267

00:14:24,230 --> 00:14:22,000
um

268

00:14:26,150 --> 00:14:24,240
it's interesting by the way wednesday

269

00:14:27,189 --> 00:14:26,160
next i think it's wednesday next week we

270

00:14:29,269 --> 00:14:27,199
have

271

00:14:31,430 --> 00:14:29,279
bill nelson

272

00:14:33,670 --> 00:14:31,440
the lego heads dni

273

00:14:35,350 --> 00:14:33,680
um i think avi loeb

274

00:14:37,910 --> 00:14:35,360
there's a big talk so that should be

275

00:14:41,350 --> 00:14:39,750
off topic but i wanted to put that out

276

00:14:43,189 --> 00:14:41,360

there in case anybody didn't know if

277

00:14:45,829 --> 00:14:43,199

anyone knows where the link is to let's

278

00:14:46,629 --> 00:14:45,839

uh get that in the in the chat

279

00:14:49,030 --> 00:14:46,639

um

280

00:14:51,350 --> 00:14:49,040

did i say hi to megan megan yeah okay

281

00:14:54,310 --> 00:14:51,360

cool just making sure i got you alpha

282

00:14:56,470 --> 00:14:54,320

one hairless primate

283

00:14:59,430 --> 00:14:56,480

robert coldford case for infinity what's

284

00:15:01,990 --> 00:14:59,440

happening

285

00:15:06,629 --> 00:15:04,949

um the duties of the uap task force as

286

00:15:08,310 --> 00:15:06,639

in effect on the day before the date of

287

00:15:10,629 --> 00:15:08,320

enactment of this act and such other

288

00:15:14,230 --> 00:15:10,639

duties as required by this section

289

00:15:16,629 --> 00:15:14,240

designation the office established

290

00:15:18,790 --> 00:15:16,639

under paragraph one

291

00:15:20,470 --> 00:15:18,800

move my cursor here so you can see this

292

00:15:23,030 --> 00:15:20,480

paragraph

293

00:15:26,389 --> 00:15:23,040

shall be known as the anomaly

294

00:15:29,189 --> 00:15:26,399

surveillance and resolution office

295

00:15:31,430 --> 00:15:29,199

and this section referred to as

296

00:15:34,470 --> 00:15:31,440

the office so that's interesting isn't

297

00:15:38,069 --> 00:15:34,480

it anomaly surveillance and resolution

298

00:15:47,030 --> 00:15:41,110

to me that's almost moving away from um

299

00:15:52,870 --> 00:15:50,150

there's no object in there

300

00:15:55,990 --> 00:15:52,880

there's no aerial in there

301
00:15:58,310 --> 00:15:56,000
there's no phenomenon in there

302
00:16:01,670 --> 00:15:58,320
there's anomaly surveillance and

303
00:16:02,629 --> 00:16:01,680
resolution office very interesting

304
00:16:04,710 --> 00:16:02,639
yeah

305
00:16:07,110 --> 00:16:04,720
i just keep changing it

306
00:16:09,030 --> 00:16:07,120
it's interesting

307
00:16:15,590 --> 00:16:09,040
very interesting to me

308
00:16:19,430 --> 00:16:17,030
you know again i'm going to say that

309
00:16:21,910 --> 00:16:19,440
that's could be more accurate i don't

310
00:16:24,150 --> 00:16:21,920
know but you know their intent is kind

311
00:16:27,670 --> 00:16:24,160
of in the title as well right

312
00:16:28,710 --> 00:16:27,680
um surveillance and resolution

313
00:16:31,670 --> 00:16:28,720

so

314

00:16:34,949 --> 00:16:31,680

they will be surveilling these anomalies

315

00:16:36,470 --> 00:16:34,959

and then coming up or trying to um come

316

00:16:38,310 --> 00:16:36,480

up with

317

00:16:41,670 --> 00:16:38,320

uh resolutions so

318

00:16:43,509 --> 00:16:41,680

it's pretty interesting that they're

319

00:16:45,110 --> 00:16:43,519

you know just in this alone i mean i

320

00:16:47,670 --> 00:16:45,120

don't think that this is a past thing or

321

00:16:51,430 --> 00:16:47,680

anything but it may hopefully

322

00:16:54,790 --> 00:16:52,790

you know they're going to surveil and

323

00:16:56,230 --> 00:16:54,800

come up with with resolutions so that's

324

00:16:57,910 --> 00:16:56,240

cool

325

00:17:00,949 --> 00:16:57,920

uh termination or

326

00:17:03,829 --> 00:17:00,959

subordination of prior task force

327

00:17:05,510 --> 00:17:03,839

yep we know that

328

00:17:07,669 --> 00:17:05,520

scrolling line up scrolling lined up

329

00:17:11,510 --> 00:17:07,679

scrolling up scrolling line up it's so

330

00:17:16,150 --> 00:17:13,669

oh

331

00:17:17,110 --> 00:17:16,160

my backwards

332

00:17:25,270 --> 00:17:17,120

so

333

00:17:27,510 --> 00:17:25,280

uh surveillance

334

00:17:29,190 --> 00:17:27,520

resolution the secretary shall terminate

335

00:17:30,470 --> 00:17:29,200

yep you know that already and that was

336

00:17:33,430 --> 00:17:30,480

going to happen

337

00:17:35,590 --> 00:17:33,440

we knew that facilitation of reporting

338

00:17:38,070 --> 00:17:35,600

and data sharing the director

339

00:17:40,870 --> 00:17:38,080

and secretary shall each in coordination

340

00:17:42,310 --> 00:17:40,880

with each other require that

341

00:17:44,150 --> 00:17:42,320

each element of the intelligence

342

00:17:45,029 --> 00:17:44,160

community and the department with any

343

00:17:46,710 --> 00:17:45,039

data

344

00:17:48,789 --> 00:17:46,720

that may be relevant to the

345

00:17:51,190 --> 00:17:48,799

investigation of uap

346

00:17:53,350 --> 00:17:51,200

make such data available immediately to

347

00:17:54,549 --> 00:17:53,360

the office and military and civilian

348

00:17:57,110 --> 00:17:54,559

personnel

349

00:17:58,230 --> 00:17:57,120

employed by or under contract to the

350

00:18:00,470 --> 00:17:58,240

department

351
00:18:01,830 --> 00:18:00,480
or an element of the intelligence

352
00:18:04,230 --> 00:18:01,840
community shall have access to

353
00:18:05,750 --> 00:18:04,240
procedures by which they shall report

354
00:18:09,950 --> 00:18:05,760
incidents

355
00:18:12,390 --> 00:18:09,960
or information including adverse

356
00:18:13,990 --> 00:18:12,400
physiological effects

357
00:18:16,470 --> 00:18:14,000
involving or associated with

358
00:18:17,990 --> 00:18:16,480
unidentified aerial phenomenon directly

359
00:18:20,950 --> 00:18:18,000
to the office

360
00:18:26,830 --> 00:18:23,110
develop procedures synchronize reporting

361
00:18:29,909 --> 00:18:26,840
yes yes adverse um

362
00:18:31,510 --> 00:18:29,919
physiological effects regarding uap yes

363
00:18:33,430 --> 00:18:31,520

repetit

364

00:18:35,430 --> 00:18:33,440

repeating stuff

365

00:18:37,510 --> 00:18:35,440

developing processes and procedures to

366

00:18:40,630 --> 00:18:37,520

ensure that such incidents

367

00:18:42,230 --> 00:18:40,640

from each component of the department

368

00:18:44,150 --> 00:18:42,240

and each element of the intelligence

369

00:18:47,669 --> 00:18:44,160

community are reported and incorporated

370

00:18:48,710 --> 00:18:47,679

into centralized repository

371

00:18:51,190 --> 00:18:48,720

yep

372

00:18:53,430 --> 00:18:51,200

all stuff that we were familiar with and

373

00:18:56,390 --> 00:18:53,440

are expecting

374

00:18:59,830 --> 00:18:56,400

that's good no changes there evaluating

375

00:19:01,350 --> 00:18:59,840

links between uap and adversarial

376

00:19:03,190 --> 00:19:01,360

foreign governments

377

00:19:08,830 --> 00:19:03,200

or

378

00:19:12,070 --> 00:19:08,840

is a point of content with a lot of

379

00:19:13,510 --> 00:19:12,080

people right

380

00:19:16,789 --> 00:19:13,520

when they put

381

00:19:18,470 --> 00:19:16,799

something with the foreign

382

00:19:21,590 --> 00:19:18,480

governments

383

00:19:25,110 --> 00:19:23,190

i mean a lot of people just want you to

384

00:19:29,590 --> 00:19:25,120

say like come on say it isn't already

385

00:19:33,909 --> 00:19:32,230

let's move on is it foreign or is it not

386

00:19:36,070 --> 00:19:33,919

foreign that's a huge point of

387

00:19:38,789 --> 00:19:36,080

contention with people

388

00:19:40,870 --> 00:19:38,799

and you know i can't say it shouldn't be

389

00:19:43,909 --> 00:19:40,880

there's plenty of documentation that

390

00:19:46,710 --> 00:19:43,919

there's something odd that exists that

391

00:19:48,630 --> 00:19:46,720

you know to me is not foreign because

392

00:19:50,789 --> 00:19:48,640

well let's say

393

00:19:53,350 --> 00:19:50,799

um you know

394

00:19:56,150 --> 00:19:53,360

at least hundreds of military encounters

395

00:19:58,230 --> 00:19:56,160

um starting in the 40s

396

00:20:00,870 --> 00:19:58,240

that described the same type of

397

00:20:03,990 --> 00:20:00,880

maneuvers as are described today at 90

398

00:20:06,710 --> 00:20:04,000

degree turns hypersonic uh speeds all

399

00:20:08,950 --> 00:20:06,720

that

400

00:20:14,470 --> 00:20:08,960

so

401
00:20:14,480 --> 00:20:18,070
and

402
00:20:23,029 --> 00:20:19,669
you know it just kind of sucks that we

403
00:20:25,190 --> 00:20:23,039
can't take that out um

404
00:20:27,029 --> 00:20:25,200
but you know if the truth is that they

405
00:20:30,950 --> 00:20:27,039
don't know what it is how could they you

406
00:20:35,270 --> 00:20:32,870
you know that's a great point like how

407
00:20:38,789 --> 00:20:35,280
are you going to confirm that when you

408
00:20:40,470 --> 00:20:38,799
don't know about it

409
00:20:44,789 --> 00:20:40,480
you know i guess you can have all your

410
00:20:47,350 --> 00:20:44,799
intelligence you know working smoothly

411
00:20:49,510 --> 00:20:47,360
you know they have all their information

412
00:20:51,190 --> 00:20:49,520
they're gathering it from other you know

413
00:20:52,950 --> 00:20:51,200

countries non-state actors everything

414

00:20:54,310 --> 00:20:52,960

and they feel like they have so much of

415

00:20:57,110 --> 00:20:54,320

it and everything

416

00:20:59,110 --> 00:20:57,120

but there still could be somewhere or

417

00:21:01,510 --> 00:20:59,120

some spot or something

418

00:21:04,470 --> 00:21:01,520

that says or listed to a human being

419

00:21:06,549 --> 00:21:04,480

right so how do you really

420

00:21:08,070 --> 00:21:06,559

how do you really do that

421

00:21:10,070 --> 00:21:08,080

you know you would

422

00:21:13,430 --> 00:21:10,080

if

423

00:21:15,669 --> 00:21:13,440

um you get one right

424

00:21:17,430 --> 00:21:15,679

yeah you read my mind

425

00:21:24,149 --> 00:21:17,440

or

426
00:21:24,159 --> 00:21:29,029
like either of those two things

427
00:21:34,470 --> 00:21:30,710
and you know

428
00:21:37,350 --> 00:21:34,480
lou elizondo has um more than hinted at

429
00:21:39,590 --> 00:21:37,360
both of those existing

430
00:21:43,510 --> 00:21:39,600
so with that being said

431
00:21:46,950 --> 00:21:45,190
right

432
00:21:49,750 --> 00:21:46,960
so there's another

433
00:21:51,510 --> 00:21:49,760
kind of argument for the fact that

434
00:21:54,070 --> 00:21:51,520
if that's true

435
00:21:58,149 --> 00:21:54,080
why do they have foreign

436
00:22:01,029 --> 00:21:58,159
governments or non-state actors in there

437
00:22:03,750 --> 00:22:01,039
i think that's a good question right

438
00:22:10,710 --> 00:22:03,760

or are they obviously continuing to

439

00:22:14,470 --> 00:22:12,630

you know doing something but like

440

00:22:16,460 --> 00:22:14,480

throwing that in there is the whole

441

00:22:20,390 --> 00:22:16,470

wrench in all this

442

00:22:23,990 --> 00:22:21,590

yeah they're trying to find out

443

00:22:25,750 --> 00:22:24,000

obviously you know surveillance and

444

00:22:27,110 --> 00:22:25,760

resolutions

445

00:22:29,430 --> 00:22:27,120

but we're told

446

00:22:31,270 --> 00:22:29,440

by people that you know

447

00:22:35,510 --> 00:22:31,280

a couple things

448

00:22:37,510 --> 00:22:35,520

exist that are in our um

449

00:22:40,390 --> 00:22:37,520

you know possession that would say it's

450

00:22:42,950 --> 00:22:40,400

not foreign

451
00:22:44,870 --> 00:22:42,960
so maybe they are still trying to figure

452
00:22:47,190 --> 00:22:44,880
that out for sure

453
00:22:49,029 --> 00:22:47,200
maybe the biological sample

454
00:22:50,549 --> 00:22:49,039
elizondo spoke of

455
00:22:52,230 --> 00:22:50,559
um

456
00:22:55,350 --> 00:22:52,240
you know they can't

457
00:22:57,110 --> 00:22:55,360
definitely say it's it's

458
00:22:59,029 --> 00:22:57,120
you know something from

459
00:23:00,870 --> 00:22:59,039
outer space or a different dimension

460
00:23:03,029 --> 00:23:00,880
because you know they don't know what

461
00:23:04,470 --> 00:23:03,039
that is either so if they take a sample

462
00:23:05,830 --> 00:23:04,480
and be like i don't know what the hell

463
00:23:08,710 --> 00:23:05,840

this is

464

00:23:11,270 --> 00:23:08,720

so you know i don't know but i think the

465

00:23:13,430 --> 00:23:11,280

goal eventually right we we would have

466

00:23:14,310 --> 00:23:13,440

to um and it looks like you know they're

467

00:23:16,310 --> 00:23:14,320

trying

468

00:23:18,310 --> 00:23:16,320

hopefully to make their goal to you know

469

00:23:19,990 --> 00:23:18,320

eliminate that as an option

470

00:23:21,430 --> 00:23:20,000

um but if you listen to louis elizondo

471

00:23:23,830 --> 00:23:21,440

you will hear

472

00:23:26,070 --> 00:23:23,840

um you know he doesn't

473

00:23:27,590 --> 00:23:26,080

um he does everything but

474

00:23:30,310 --> 00:23:27,600

say for sure

475

00:23:31,430 --> 00:23:30,320

um that it's you know not foreign it'll

476

00:23:32,630 --> 00:23:31,440

say

477

00:23:34,870 --> 00:23:32,640

um

478

00:23:37,510 --> 00:23:34,880

more and more every day it's looking

479

00:23:40,950 --> 00:23:37,520

like we're not alone is what it'll say

480

00:23:45,110 --> 00:23:42,470

that's pretty much his answer to that

481

00:23:45,120 --> 00:23:47,669

um

482

00:23:51,830 --> 00:23:49,430

which is

483

00:23:53,269 --> 00:23:51,840

bill nelson's answer

484

00:23:55,590 --> 00:23:53,279

is interesting hey they say it

485

00:23:57,029 --> 00:23:55,600

differently but

486

00:23:59,269 --> 00:23:57,039

because when they asked bill nelson

487

00:24:01,190 --> 00:23:59,279

about the drones and stuff

488

00:24:03,190 --> 00:24:01,200

or not the drones well maybe i don't

489

00:24:06,230 --> 00:24:03,200

know um the

490

00:24:06,240 --> 00:24:11,430

he answers with

491

00:24:14,070 --> 00:24:12,870

well there's got to be other life in the

492

00:24:16,950 --> 00:24:14,080

universe

493

00:24:19,990 --> 00:24:16,960

intelligent and organized

494

00:24:22,870 --> 00:24:20,000

he says which is very interesting

495

00:24:25,669 --> 00:24:22,880

uh terry yes it is

496

00:24:30,390 --> 00:24:25,679

um what do they call that on um

497

00:24:32,310 --> 00:24:30,400

a ucr room reset we can do a room reset

498

00:24:33,510 --> 00:24:32,320

so everybody if you're just joining us

499

00:24:35,669 --> 00:24:33,520

right now we're going through the gilder

500

00:24:38,310 --> 00:24:35,679

brand um

501
00:24:39,990 --> 00:24:38,320
amendment that she uh submitted

502
00:24:43,190 --> 00:24:40,000
and after that we're gonna go through

503
00:24:44,950 --> 00:24:43,200
the space force stuff um which

504
00:24:47,269 --> 00:24:44,960
you know seems to me

505
00:24:49,510 --> 00:24:47,279
it's got to be awesome

506
00:24:50,470 --> 00:24:49,520
stuff asap was working on that i mean

507
00:24:56,630 --> 00:24:50,480
that's

508
00:25:01,750 --> 00:24:58,549
so we'll go back to this

509
00:25:04,230 --> 00:25:01,760
oh there's a better view anyways

510
00:25:06,710 --> 00:25:04,240
so yeah uh moving on evaluating the

511
00:25:09,669 --> 00:25:06,720
threat that such incidents present to

512
00:25:11,830 --> 00:25:09,679
the united states right

513
00:25:15,750 --> 00:25:11,840

we just got to evaluate the threat after

514

00:25:19,029 --> 00:25:15,760

80 years they're not really sure yet

515

00:25:22,630 --> 00:25:20,710

coordinating with other departments and

516

00:25:24,390 --> 00:25:22,640

agencies of the federal government as

517

00:25:27,350 --> 00:25:24,400

appropriate including the federal

518

00:25:30,070 --> 00:25:27,360

aviation administration so the federal

519

00:25:31,350 --> 00:25:30,080

aviation administration that's very

520

00:25:34,149 --> 00:25:31,360

interesting

521

00:25:36,789 --> 00:25:34,159

um they're the ones who

522

00:25:40,710 --> 00:25:36,799

uh authored the preliminary report i

523

00:25:46,630 --> 00:25:43,590

um that i believe i believe it was john

524

00:25:48,870 --> 00:25:46,640

greenwald um who said it so the air

525

00:25:50,149 --> 00:25:48,880

force authored it but but that wasn't

526
00:25:52,230 --> 00:25:50,159
true it's

527
00:25:55,029 --> 00:25:52,240
this federal aviation administration who

528
00:25:57,110 --> 00:25:55,039
did in somebody in that aviation

529
00:26:01,269 --> 00:25:57,120
administration

530
00:26:08,149 --> 00:26:01,279
was or is in the air force

531
00:26:14,070 --> 00:26:10,789
and the national air aeronautics and

532
00:26:16,630 --> 00:26:14,080
space administration nasa interesting

533
00:26:18,950 --> 00:26:16,640
the department of homeland security at

534
00:26:21,350 --> 00:26:18,960
noaa

535
00:26:24,870 --> 00:26:21,360
and department of energy so

536
00:26:27,350 --> 00:26:24,880
you know right here we're getting

537
00:26:30,549 --> 00:26:27,360
the agencies that will be

538
00:26:33,510 --> 00:26:30,559

very interested in this

539

00:26:37,430 --> 00:26:35,909

so we know that everything kind of

540

00:26:39,510 --> 00:26:37,440

pertains to these agencies right

541

00:26:41,830 --> 00:26:39,520

somebody told me and robert has said

542

00:26:44,549 --> 00:26:41,840

this um

543

00:26:47,110 --> 00:26:44,559

before robert colford here

544

00:26:48,630 --> 00:26:47,120

um you know when you get reports or look

545

00:26:51,510 --> 00:26:48,640

at documents you got to look where it's

546

00:26:53,269 --> 00:26:51,520

disseminated who gets it right

547

00:26:54,789 --> 00:26:53,279

because those are the parties that would

548

00:26:56,390 --> 00:26:54,799

be

549

00:26:58,950 --> 00:26:56,400

you know at least at the very least

550

00:27:01,510 --> 00:26:58,960

interested in the topic um but more

551
00:27:04,870 --> 00:27:01,520
likely have something to do with you

552
00:27:07,510 --> 00:27:04,880
know the investigation or whatever

553
00:27:10,950 --> 00:27:07,520
so this is kind of on record that these

554
00:27:14,310 --> 00:27:12,390
interested

555
00:27:16,390 --> 00:27:14,320
um and as we get to the space force

556
00:27:18,630 --> 00:27:16,400
thing you'll see more of department of

557
00:27:20,630 --> 00:27:18,640
energy

558
00:27:23,190 --> 00:27:20,640
coordinating with allies and partners of

559
00:27:25,190 --> 00:27:23,200
the united states as appropriate so we

560
00:27:26,230 --> 00:27:25,200
talked about that before maybe the five

561
00:27:28,070 --> 00:27:26,240
eyes

562
00:27:30,630 --> 00:27:28,080
um to better assess the nature and

563
00:27:32,870 --> 00:27:30,640

extent of uap preparing reports for

564

00:27:35,670 --> 00:27:32,880

congress in both classified and

565

00:27:37,430 --> 00:27:35,680

unclassified form as required

566

00:27:40,230 --> 00:27:37,440

[Music]

567

00:27:41,430 --> 00:27:40,240

i believe there is something in here

568

00:27:44,230 --> 00:27:41,440

to make

569

00:27:45,510 --> 00:27:44,240

something public

570

00:27:49,510 --> 00:27:45,520

but i haven't

571

00:27:51,269 --> 00:27:49,520

read that yet i've just heard that

572

00:27:53,190 --> 00:27:51,279

employment of line organizations for

573

00:27:57,590 --> 00:27:53,200

field investigations

574

00:28:00,070 --> 00:27:57,600

hell yeah

575

00:28:01,990 --> 00:28:00,080

in general the director and secretary

576
00:28:04,149 --> 00:28:02,000
michelle each in coordination with each

577
00:28:06,070 --> 00:28:04,159
other designate line organizations

578
00:28:08,149 --> 00:28:06,080
within the department of defense in the

579
00:28:10,389 --> 00:28:08,159
intelligence community that possesses

580
00:28:11,590 --> 00:28:10,399
appropriate expertise that authorities

581
00:28:12,950 --> 00:28:11,600
accesses

582
00:28:18,549 --> 00:28:12,960
data

583
00:28:20,549 --> 00:28:18,559
systems well i think it's in nga right

584
00:28:22,070 --> 00:28:20,559
platforms and capabilities to rapidly

585
00:28:24,389 --> 00:28:22,080
respond to and conduct field

586
00:28:26,789 --> 00:28:24,399
investigations of incidents

587
00:28:33,110 --> 00:28:26,799
involving uap

588
00:28:36,470 --> 00:28:34,870

to ensure that the designated

589

00:28:39,110 --> 00:28:36,480

organization

590

00:28:40,470 --> 00:28:39,120

have available adequate personnel with

591

00:28:41,990 --> 00:28:40,480

um

592

00:28:44,070 --> 00:28:42,000

requisite expertise equipment

593

00:28:46,549 --> 00:28:44,080

transportation other resources necessary

594

00:28:49,029 --> 00:28:46,559

to respond rapidly to incidents or

595

00:28:52,470 --> 00:28:49,039

patterns of observations

596

00:28:54,149 --> 00:28:52,480

of uap of which the office becomes aware

597

00:28:54,390 --> 00:28:54,159

interesting

598

00:28:56,830 --> 00:28:54,400

um

599

00:28:58,389 --> 00:28:56,840

[Music]

600

00:29:00,389 --> 00:28:58,399

so

601
00:29:04,230 --> 00:29:00,399
i don't think i got that next page which

602
00:29:04,240 --> 00:29:08,070
so but that is the

603
00:29:08,080 --> 00:29:14,310
gist of it there

604
00:29:17,510 --> 00:29:16,070
yeah that's what i was thinking that too

605
00:29:19,430 --> 00:29:17,520
when i was reading that where do i sign

606
00:29:21,430 --> 00:29:19,440
up for field investigators i don't know

607
00:29:22,870 --> 00:29:21,440
if you want to it seems like some of

608
00:29:25,110 --> 00:29:22,880
that stuff can

609
00:29:28,070 --> 00:29:25,120
be not so good

610
00:29:30,549 --> 00:29:28,080
you know especially if you've read the

611
00:29:32,549 --> 00:29:30,559
um let's get the latest skinwalkers book

612
00:29:35,269 --> 00:29:32,559
there

613
00:29:37,750 --> 00:29:35,279

um some of those orbs ain't so hot the

614

00:29:39,510 --> 00:29:37,760

blue ones apparently

615

00:29:42,389 --> 00:29:39,520

which did you guys see that picture that

616

00:29:45,590 --> 00:29:42,399

came from skinwalker ranch recently

617

00:29:47,110 --> 00:29:45,600

um with the two blue beams

618

00:29:52,230 --> 00:29:47,120

shooting out from the sky like a

619

00:29:55,590 --> 00:29:53,590

crazy

620

00:30:01,750 --> 00:29:55,600

what is that

621

00:30:09,909 --> 00:30:03,110

you know

622

00:30:12,950 --> 00:30:11,750

interesting here

623

00:30:15,510 --> 00:30:12,960

interesting

624

00:30:16,549 --> 00:30:15,520

so what i'm gonna do here now is go

625

00:30:18,549 --> 00:30:16,559

through

626
00:30:20,710 --> 00:30:18,559
um

627
00:30:23,029 --> 00:30:20,720
some of the

628
00:30:25,669 --> 00:30:23,039
space force

629
00:30:28,630 --> 00:30:25,679
budget uh again i put the link in the

630
00:30:32,310 --> 00:30:30,630
yeah man that was crazy blue beams i

631
00:30:34,389 --> 00:30:32,320
don't you know

632
00:30:36,389 --> 00:30:34,399
i mean it's it's no joke something weird

633
00:30:38,630 --> 00:30:36,399
happens there you know

634
00:30:40,149 --> 00:30:38,640
and i'm in the book

635
00:30:42,710 --> 00:30:40,159
um

636
00:30:45,029 --> 00:30:42,720
written by james lecaski and

637
00:30:48,149 --> 00:30:45,039
um is it george knapp and i think

638
00:30:50,070 --> 00:30:48,159

somebody else read george uh

639

00:30:54,950 --> 00:30:50,080

colin

640

00:30:56,150 --> 00:30:55,830

you know

641

00:30:57,509 --> 00:30:56,160

um

642

00:30:59,029 --> 00:30:57,519

[Music]

643

00:31:01,029 --> 00:30:59,039

it's just some crazy stuff with the

644

00:31:02,870 --> 00:31:01,039

hitchhikers and everything some people

645

00:31:05,669 --> 00:31:02,880

have talked about it maybe acting as if

646

00:31:07,190 --> 00:31:05,679

it's a virus

647

00:31:08,470 --> 00:31:07,200

you know when i say this i'm just

648

00:31:10,789 --> 00:31:08,480

talking about things i've heard i have

649

00:31:16,830 --> 00:31:10,799

no idea obviously

650

00:31:22,470 --> 00:31:19,990

okay oh very interesting so the space

651
00:31:23,509 --> 00:31:22,480
force stuff that i found really put a

652
00:31:27,750 --> 00:31:23,519
certain

653
00:31:33,190 --> 00:31:30,070
so first of all we can look at the high

654
00:31:36,230 --> 00:31:33,200
energy density non-equilibrium process

655
00:31:39,029 --> 00:31:37,509
you know and these are just the

656
00:31:41,350 --> 00:31:39,039
different appropriations within the

657
00:31:43,590 --> 00:31:41,360
budget so we have explore a wide range

658
00:31:45,590 --> 00:31:43,600
of activities characterized by processes

659
00:31:47,909 --> 00:31:45,600
sufficiently energetic

660
00:31:52,070 --> 00:31:47,919
to require understanding and managing a

661
00:31:53,430 --> 00:31:52,080
plasma phenomenology we hear plasma

662
00:31:55,190 --> 00:31:53,440
as a border

663
00:31:56,950 --> 00:31:55,200

around some of these

664

00:32:01,509 --> 00:31:56,960

aerial vehicles

665

00:32:04,870 --> 00:32:03,990

the ones the two i've seen in that one

666

00:32:06,710 --> 00:32:04,880

week

667

00:32:08,149 --> 00:32:06,720

last year

668

00:32:11,269 --> 00:32:08,159

um

669

00:32:13,350 --> 00:32:11,279

definitely seem like there is

670

00:32:18,070 --> 00:32:13,360

you know

671

00:32:22,549 --> 00:32:20,470

in some of this stuff

672

00:32:25,669 --> 00:32:22,559

we're a part of reports made

673

00:32:25,679 --> 00:32:29,350

including

674

00:32:33,269 --> 00:32:30,710

you know look at this non-linear

675

00:32:35,830 --> 00:32:33,279

response of materials to high electric

676
00:32:38,710 --> 00:32:35,840
and magnetic fields

677
00:32:40,070 --> 00:32:38,720
plasma discharges okay

678
00:32:43,190 --> 00:32:40,080
high-powered

679
00:32:46,549 --> 00:32:43,200
beam driven microwave devices

680
00:32:48,230 --> 00:32:46,559
uh go down to description

681
00:32:49,590 --> 00:32:48,240
uh physical mathematics and applied

682
00:32:50,350 --> 00:32:49,600
analysis

683
00:32:53,590 --> 00:32:50,360
um

684
00:32:57,909 --> 00:32:53,600
electromagnetics and wave propagation in

685
00:33:00,310 --> 00:32:57,919
complex media ultra fast dynamics

686
00:33:02,470 --> 00:33:00,320
for revolutionary approaches to remote

687
00:33:04,950 --> 00:33:02,480
sensing and imaging

688
00:33:11,509 --> 00:33:07,590

investigate aspects of phenomenology of

689

00:33:17,669 --> 00:33:11,519

lasers including high energy lasers

690

00:33:21,269 --> 00:33:19,590

and this is from the

691

00:33:27,430 --> 00:33:21,279

research and development section of the

692

00:33:27,440 --> 00:33:35,350

oops

693

00:33:40,310 --> 00:33:37,830

here we go continue to mature critical

694

00:33:42,549 --> 00:33:40,320

technologies for high speed hypersonic

695

00:33:47,430 --> 00:33:42,559

flight with greater emphasis on longer

696

00:33:51,350 --> 00:33:49,190

continue efforts to characterize

697

00:33:53,110 --> 00:33:51,360

high-speed phenomena and develop and

698

00:33:54,789 --> 00:33:53,120

validate fundamental high-speed

699

00:33:58,789 --> 00:33:54,799

component technologies through

700

00:34:07,430 --> 00:34:00,950

the title of this is high-speed vehicle

701
00:34:10,710 --> 00:34:08,550
uh we'll

702
00:34:12,629 --> 00:34:10,720
eventually run into the stuff that uh

703
00:34:14,869 --> 00:34:12,639
it's kind of more obvious that it was

704
00:34:19,190 --> 00:34:14,879
ocep that worked on it but the laser

705
00:34:23,270 --> 00:34:21,750
non-destructive evaluation

706
00:34:24,869 --> 00:34:23,280
modeling and supporting technology

707
00:34:27,510 --> 00:34:24,879
development efforts to detect and

708
00:34:31,190 --> 00:34:27,520
explain phenomena further improve data

709
00:34:31,200 --> 00:34:34,710
right

710
00:34:40,310 --> 00:34:37,829
complete development of advanced sensor

711
00:34:42,629 --> 00:34:40,320
non-destructive evaluation modeling and

712
00:34:45,990 --> 00:34:42,639
supporting technology development

713
00:34:49,829 --> 00:34:46,000

efforts to detect and explain

714

00:34:57,430 --> 00:34:52,069

title ballistic and

715

00:35:01,349 --> 00:35:00,630

develop missile propulsion technologies

716

00:35:14,310 --> 00:35:01,359

and

717

00:35:19,589 --> 00:35:17,109

i don't advanced aerospace weapon

718

00:35:23,510 --> 00:35:19,599

systems

719

00:35:23,520 --> 00:35:29,190

just know it's awesome

720

00:35:36,230 --> 00:35:31,349

so

721

00:35:41,270 --> 00:35:38,950

and it is to reduce uncertainty in

722

00:35:44,790 --> 00:35:41,280

tactical hypersonic and ballistic

723

00:35:49,750 --> 00:35:44,800

missile solid rocket motor

724

00:35:49,760 --> 00:35:56,950

these are interesting

725

00:35:56,960 --> 00:36:02,470

we have p30 is a medium rescue vehicle

726

00:36:07,270 --> 00:36:05,190

uh i don't know why i saved this one

727

00:36:09,430 --> 00:36:07,280

let me let me see what oh maybe the

728

00:36:12,630 --> 00:36:09,440

rabbit intervention vehicle was oh

729

00:36:15,190 --> 00:36:12,640

that's why i did because the p the p-34

730

00:36:16,630 --> 00:36:15,200

is the first response air rescue and

731

00:36:19,430 --> 00:36:16,640

fire fighting

732

00:36:22,790 --> 00:36:19,440

vehicle which equips forces with initial

733

00:36:26,470 --> 00:36:23,829

first

734

00:36:28,150 --> 00:36:26,480

fire truck to employ ultra high pressure

735

00:36:30,150 --> 00:36:28,160

technology which allows the vehicle to

736

00:36:31,589 --> 00:36:30,160

charge mixer of water and foam so i just

737

00:36:33,510 --> 00:36:31,599

thought that was interesting and then

738

00:36:39,270 --> 00:36:33,520

the rapid intervention vehicle in a

739

00:36:43,430 --> 00:36:42,630

to use ultra high pressure yep um okay

740

00:36:52,470 --> 00:36:43,440

so

741

00:37:02,550 --> 00:36:55,030

what i thought was aerospace

742

00:37:07,349 --> 00:37:05,510

something we should look into

743

00:37:09,349 --> 00:37:07,359

and keep in mind

744

00:37:10,950 --> 00:37:09,359

i grabbed these in like

745

00:37:12,150 --> 00:37:10,960

30 minutes of skimming through this

746

00:37:14,390 --> 00:37:12,160

stuff so

747

00:37:17,750 --> 00:37:14,400

a deeper dive will have to be

748

00:37:24,470 --> 00:37:18,950

here we go

749

00:37:29,030 --> 00:37:27,589

support satisfy the dod war fighter um

750

00:37:32,069 --> 00:37:29,040

leveraging

751
00:37:33,990 --> 00:37:32,079
an ssl program will leverage usg

752
00:37:36,550 --> 00:37:34,000
interagency and commercial cooperation

753
00:37:38,230 --> 00:37:36,560
by utilizing the total launch vehicle

754
00:37:40,710 --> 00:37:38,240
performance

755
00:37:43,670 --> 00:37:40,720
and maximizing on orbit opportunities

756
00:37:45,750 --> 00:37:43,680
that will expedite delivery of critical

757
00:37:49,510 --> 00:37:45,760
capabilities

758
00:37:55,190 --> 00:37:51,910
oh this new entrance uh space force yeah

759
00:37:57,270 --> 00:37:55,200
this one's actually not that great

760
00:37:59,190 --> 00:37:57,280
space and missile system center space

761
00:38:04,550 --> 00:37:59,200
acquisition must respond with speed and

762
00:38:04,560 --> 00:38:08,550
oh here we go

763
00:38:16,470 --> 00:38:11,030

acquisition of space vehicles so we go

764

00:38:20,550 --> 00:38:18,950

robert yep

765

00:38:23,589 --> 00:38:20,560

uh the system is composed of three

766

00:38:28,310 --> 00:38:25,829

uh we have let's get to the stuff

767

00:38:30,390 --> 00:38:28,320

research development test and eval

768

00:38:32,870 --> 00:38:30,400

we're talking about gps here uh

769

00:38:37,910 --> 00:38:32,880

including development and acquisition of

770

00:38:41,030 --> 00:38:39,510

pretty interesting

771

00:38:43,750 --> 00:38:41,040

and we have a lot of other stuff

772

00:38:45,030 --> 00:38:43,760

additionally gps supports united states

773

00:38:53,510 --> 00:38:45,040

nuclear

774

00:38:53,520 --> 00:38:56,150

okay

775

00:39:00,790 --> 00:38:58,950

here we go electro optical infrared

776

00:39:02,150 --> 00:39:00,800

weather system

777

00:39:04,870 --> 00:39:02,160

we have

778

00:39:07,030 --> 00:39:04,880

utilizing rapid experimental prototype

779

00:39:08,790 --> 00:39:07,040

contract vehicles to mature industry

780

00:39:11,030 --> 00:39:08,800

technologies

781

00:39:13,349 --> 00:39:11,040

um prototyping effort

782

00:39:15,750 --> 00:39:13,359

maturing multi-spectral imaging

783

00:39:19,349 --> 00:39:15,760

capabilities to collect and disseminate

784

00:39:22,550 --> 00:39:19,359

terrestrial atmospheric phenomena

785

00:39:29,430 --> 00:39:22,560

to support dod operations

786

00:39:29,440 --> 00:39:31,829

right

787

00:39:31,839 --> 00:39:40,630

task force is located in the dod

788

00:39:45,190 --> 00:39:42,790

it will focus on maturing multi-spectral

789

00:39:47,589 --> 00:39:45,200

imaging capabilities to collect there's

790

00:39:49,990 --> 00:39:47,599

a motorcycle that went by sorry

791

00:39:52,390 --> 00:39:50,000

um to disseminate terrestrial

792

00:39:54,230 --> 00:39:52,400

atmospheric phenomena to support dod

793

00:39:55,270 --> 00:39:54,240

operations are those connected for sure

794

00:40:00,390 --> 00:39:55,280

i don't know

795

00:40:02,950 --> 00:40:01,910

okay so

796

00:40:04,990 --> 00:40:02,960

these

797

00:40:06,710 --> 00:40:05,000

are the parts that um

798

00:40:15,349 --> 00:40:06,720

[Music]

799

00:40:19,750 --> 00:40:16,470

we got

800

00:40:22,150 --> 00:40:19,760

directed energy hypersonics autonomy

801
00:40:25,349 --> 00:40:22,160
human performance information systems

802
00:40:28,069 --> 00:40:25,359
aerospace systems aerospace systems

803
00:40:30,950 --> 00:40:29,829
who worked on that stuff can anybody

804
00:40:32,630 --> 00:40:30,960
answer that

805
00:40:36,829 --> 00:40:32,640
that was in the you know who's been

806
00:40:42,630 --> 00:40:40,069
advanced aerospace systems

807
00:40:43,670 --> 00:40:42,640
who is the group that worked on that

808
00:40:45,810 --> 00:40:43,680
somebody

809
00:40:47,990 --> 00:40:45,820
can answer that for me

810
00:40:50,550 --> 00:40:48,000
[Laughter]

811
00:40:53,510 --> 00:40:50,560
it starts with an a

812
00:41:00,710 --> 00:40:53,520
they've been talked about a lot recently

813
00:41:16,069 --> 00:41:01,990

so

814

00:41:17,910 --> 00:41:16,079

learning space situational awareness

815

00:41:20,470 --> 00:41:17,920

missile warning militia military

816

00:41:23,750 --> 00:41:20,480

satellite communications gps responsive

817

00:41:26,470 --> 00:41:23,760

space capabilities

818

00:41:28,390 --> 00:41:26,480

um information assurance and space

819

00:41:30,870 --> 00:41:28,400

vehicles these projects include but are

820

00:41:34,710 --> 00:41:30,880

not limited to joint advanced laser

821

00:41:34,720 --> 00:41:39,270

quantum sensors

822

00:41:39,280 --> 00:41:46,630

yay haley thank you

823

00:41:52,870 --> 00:41:49,589

good job

824

00:42:00,550 --> 00:41:55,430

doesn't that mean that the space force

825

00:42:05,109 --> 00:42:02,630

correct me if i'm wrong

826

00:42:11,190 --> 00:42:05,119

maybe not all of it it actually seems

827

00:42:18,069 --> 00:42:14,150

military applications of laser produced

828

00:42:25,030 --> 00:42:21,910

advanced electro optic modulators

829

00:42:27,670 --> 00:42:25,040

for enhancing rf photonic systems

830

00:42:32,150 --> 00:42:29,510

intelligent adaptive collaborating

831

00:42:34,470 --> 00:42:32,160

teaming technologies hyper spectral

832

00:42:42,069 --> 00:42:34,480

detect detection

833

00:42:42,079 --> 00:42:47,829

oh what i want to do here

834

00:42:47,839 --> 00:42:52,230

is

835

00:42:57,750 --> 00:42:54,470

man i wanted to

836

00:43:00,550 --> 00:42:57,760

look up hyper spectral detection which i

837

00:43:00,560 --> 00:43:04,230

but

838

00:43:08,790 --> 00:43:07,270

hyper spectral uh

839

00:43:10,150 --> 00:43:08,800

action

840

00:43:13,990 --> 00:43:10,160

knows what it is they can just spit it

841

00:43:14,000 --> 00:43:20,230

um all right we've lost our page here

842

00:43:20,240 --> 00:43:24,950

here we go okay

843

00:43:24,960 --> 00:43:29,829

and we have

844

00:43:35,589 --> 00:43:32,309

hyper spectral detection

845

00:43:41,109 --> 00:43:38,470

advanced hyperspectral imaging

846

00:43:43,670 --> 00:43:41,119

sensors look at objects using a vast

847

00:43:45,510 --> 00:43:43,680

portion of the electromagnetic

848

00:43:47,829 --> 00:43:45,520

spectrum

849

00:43:49,589 --> 00:43:47,839

certain objects leave unique

850

00:43:51,349 --> 00:43:49,599

fingerprints

851
00:43:56,150 --> 00:43:51,359
in the electromagnetic

852
00:43:59,829 --> 00:43:58,630
um what do i want to know about it um

853
00:44:02,069 --> 00:43:59,839
well it seems like it's in the

854
00:44:04,390 --> 00:44:02,079
electromagnetic spectrum which a lot of

855
00:44:09,430 --> 00:44:04,400
this stuff resides in so

856
00:44:11,510 --> 00:44:09,440
it could be used to take images

857
00:44:12,950 --> 00:44:11,520
of exactly things that can see more in

858
00:44:20,470 --> 00:44:12,960
our eye

859
00:44:26,230 --> 00:44:23,270
dynamic material analysis fatigue life

860
00:44:28,950 --> 00:44:26,240
um augmentation of military enterprise

861
00:44:37,030 --> 00:44:28,960
all right through synthetic biology

862
00:44:37,040 --> 00:44:45,829
oops

863
00:44:51,109 --> 00:44:48,630

um yeah so i have more of these

864

00:44:53,430 --> 00:44:51,119

but what we will do here

865

00:44:54,950 --> 00:44:53,440

is

866

00:44:56,710 --> 00:44:54,960

i won't put you through that

867

00:44:58,710 --> 00:44:56,720

so do you guys like looking at this

868

00:45:04,069 --> 00:44:58,720

stuff me talking about this stuff or is

869

00:45:04,079 --> 00:45:07,430

you know what i mean

870

00:45:07,440 --> 00:45:10,790

oh this is interesting

871

00:45:14,390 --> 00:45:12,870

hey jay what's up man space force

872

00:45:17,270 --> 00:45:14,400

intelligence department was announced

873

00:45:18,710 --> 00:45:17,280

last month as established at right pat

874

00:45:20,309 --> 00:45:18,720

i'm late to the party so maybe your way

875

00:45:23,190 --> 00:45:20,319

past that no i didn't mention that at

876

00:45:26,069 --> 00:45:23,200

all um but that is interesting right

877

00:45:28,470 --> 00:45:26,079

because n-a-i-s-c

878

00:45:31,510 --> 00:45:28,480

who is also apparently involved in the

879

00:45:33,190 --> 00:45:31,520

uap stuff is located there and it all

880

00:45:36,230 --> 00:45:33,200

started there

881

00:45:36,240 --> 00:45:39,670

right atic

882

00:45:44,150 --> 00:45:42,790

back in the forties

883

00:45:50,230 --> 00:45:44,160

so

884

00:45:55,589 --> 00:45:52,309

a little easier to look at and we'll

885

00:46:04,790 --> 00:45:55,599

just go through these quick right

886

00:46:13,750 --> 00:46:07,349

because we don't want to do that right

887

00:46:13,760 --> 00:46:16,630

all right

888

00:46:20,230 --> 00:46:18,710

so

889

00:46:21,750 --> 00:46:20,240

you can quick look at all this different

890

00:46:23,030 --> 00:46:21,760

stuff it's better too because it's a

891

00:46:24,950 --> 00:46:23,040

list

892

00:46:26,950 --> 00:46:24,960

you know i'll just go through quick if

893

00:46:28,950 --> 00:46:26,960

you want you can always

894

00:46:33,109 --> 00:46:28,960

you know go through it again some other

895

00:46:33,119 --> 00:46:37,910

here we go all right

896

00:46:43,510 --> 00:46:40,470

electronic yep if there's anything

897

00:46:45,030 --> 00:46:43,520

interesting i'll stomp on it but

898

00:46:51,109 --> 00:46:45,040

i mean it all kinda is but you know what

899

00:46:54,870 --> 00:46:53,270

defense-related basic research wide

900

00:46:56,950 --> 00:46:54,880

range of scientific and engineering

901
00:47:00,470 --> 00:46:56,960
disciplines are relevant to maintaining

902
00:47:02,309 --> 00:47:00,480
a u.s military technologies

903
00:47:04,470 --> 00:47:02,319
transformational and high priority

904
00:47:06,550 --> 00:47:04,480
technologies nanotechnology sensor

905
00:47:08,710 --> 00:47:06,560
networks ai

906
00:47:11,750 --> 00:47:08,720
and information fusion smart materials

907
00:47:14,470 --> 00:47:11,760
and structures quantum materials and

908
00:47:17,589 --> 00:47:14,480
processes for sensing communication and

909
00:47:20,390 --> 00:47:17,599
computing efficient energy and power

910
00:47:32,069 --> 00:47:20,400
conversion and high energy materials for

911
00:47:36,150 --> 00:47:33,910
um

912
00:47:38,390 --> 00:47:36,160
right up here the description develop ir

913
00:47:41,190 --> 00:47:38,400

detector and electromagnetic device

914

00:47:43,190 --> 00:47:41,200

materials and processes technologies for

915

00:47:48,390 --> 00:47:43,200

performance affordability

916

00:47:52,390 --> 00:47:50,150

lecture okay

917

00:47:54,230 --> 00:47:52,400

continue advanced development

918

00:47:56,710 --> 00:47:54,240

demonstration and validation of

919

00:48:00,390 --> 00:47:56,720

materials and processes for control and

920

00:48:03,109 --> 00:48:00,400

detection of electromagnetic radiation

921

00:48:07,910 --> 00:48:03,119

or intelligence surveillance and

922

00:48:12,150 --> 00:48:10,549

and we have mentioned of meta materials

923

00:48:14,309 --> 00:48:12,160

continued

924

00:48:16,870 --> 00:48:14,319

advanced demonstration of nanoscale

925

00:48:20,150 --> 00:48:16,880

materials meta materials

926
00:48:26,710 --> 00:48:20,160
and models for use in producing

927
00:48:32,829 --> 00:48:29,670
here we got the hyper spectral long wave

928
00:48:42,230 --> 00:48:35,030
materials continued development of

929
00:48:46,470 --> 00:48:43,589
at the bottom we have initiate

930
00:48:54,690 --> 00:48:46,480
development of techniques using quantum

931
00:48:54,700 --> 00:49:03,190
[Music]

932
00:49:08,710 --> 00:49:04,630
develop material state awareness

933
00:49:12,069 --> 00:49:09,829
um

934
00:49:16,150 --> 00:49:12,079
field structures propulsion systems and

935
00:49:18,309 --> 00:49:16,160
low observable materials structures

936
00:49:19,670 --> 00:49:18,319
plus enabling advanced materials

937
00:49:25,349 --> 00:49:19,680
qualification

938
00:49:28,870 --> 00:49:26,950

right where do we hear that low

939

00:49:31,430 --> 00:49:28,880

observable

940

00:49:35,349 --> 00:49:31,440

low observability

941

00:49:38,150 --> 00:49:36,790

i mean it is

942

00:49:39,190 --> 00:49:38,160

you could say it's just stealth i

943

00:49:42,309 --> 00:49:39,200

suppose

944

00:49:43,510 --> 00:49:42,319

but it's used as one of the

945

00:49:47,670 --> 00:49:43,520

five

946

00:49:47,680 --> 00:49:55,910

um okay

947

00:50:00,710 --> 00:49:57,670

i don't know failure analysis

948

00:50:09,829 --> 00:50:02,950

i think i'm pretty good at it i'm

949

00:50:09,839 --> 00:50:14,390

up to you

950

00:50:17,670 --> 00:50:16,470

so we get high-speed systems technology

951
00:50:19,750 --> 00:50:17,680
project developments high-speed

952
00:50:22,870 --> 00:50:19,760
hypersonic aerospace vehicles as well as

953
00:50:26,710 --> 00:50:22,880
high-speed air breathing propulsion

954
00:50:29,270 --> 00:50:26,720
which is how they get to hypersonic

955
00:50:32,069 --> 00:50:29,280
um to include combined

956
00:50:34,069 --> 00:50:32,079
cycle ramjet and hypersonic scramjet

957
00:50:35,990 --> 00:50:34,079
technologies

958
00:50:38,309 --> 00:50:36,000
to enable revolutionary propulsion

959
00:50:40,309 --> 00:50:38,319
capability

960
00:50:43,910 --> 00:50:40,319
so yeah you're not you're we're still

961
00:50:44,790 --> 00:50:43,920
not seeing you know um

962
00:50:46,150 --> 00:50:44,800
uh

963
00:50:48,470 --> 00:50:46,160

you know

964

00:50:51,109 --> 00:50:48,480

anti-gravity in your anything which is

965

00:50:57,430 --> 00:50:55,430

you never do why why is that

966

00:51:00,710 --> 00:50:57,440

incorporating vehicle inner vehicle and

967

00:51:02,470 --> 00:51:00,720

intra vehicle control systems

968

00:51:18,150 --> 00:51:02,480

structures a project develops and

969

00:51:24,390 --> 00:51:21,430

aircraft digital twin models

970

00:51:24,400 --> 00:51:33,750

and

971

00:51:33,760 --> 00:51:38,870

the doodlebug yep

972

00:51:47,349 --> 00:51:40,309

and

973

00:51:49,109 --> 00:51:47,359

structural concepts to capitalize on new

974

00:51:51,349 --> 00:51:49,119

materials

975

00:52:00,069 --> 00:51:51,359

multi-role considerations and technology

976
00:52:03,349 --> 00:52:01,829
continue development of innovative

977
00:52:05,109 --> 00:52:03,359
structural design methods to

978
00:52:10,549 --> 00:52:05,119
dramatically reduce weight and

979
00:52:10,559 --> 00:52:17,510
failsafe tech for bonded

980
00:52:22,950 --> 00:52:19,349
unit that is composite structures

981
00:52:23,990 --> 00:52:22,960
applicable to mobility aircraft

982
00:52:25,510 --> 00:52:24,000
okay

983
00:52:32,069 --> 00:52:25,520
all right now i'm just kidding my eyes

984
00:52:36,150 --> 00:52:34,069
there was a really good one i don't know

985
00:52:39,190 --> 00:52:36,160
that i got to but advanced flight

986
00:52:44,950 --> 00:52:41,349
develop tech for advanced controlled

987
00:52:49,349 --> 00:52:46,950
system certification techniques for both

988
00:53:01,109 --> 00:52:49,359

manned and unmanned and remotely piloted

989

00:53:07,349 --> 00:53:04,549

okay

990

00:53:17,910 --> 00:53:09,670

i'm just gonna go through these really

991

00:53:22,710 --> 00:53:19,670

okay continue the development of

992

00:53:29,670 --> 00:53:22,720

advanced high fidelity aircraft design

993

00:53:33,030 --> 00:53:31,670

and you know again you guys can just

994

00:53:35,190 --> 00:53:33,040

click on that link

995

00:53:42,390 --> 00:53:35,200

so you should really read it yourself if

996

00:53:50,870 --> 00:53:44,470

i keep getting the same page that's cool

997

00:53:54,309 --> 00:53:52,230

this is interesting

998

00:53:57,349 --> 00:53:54,319

um

999

00:53:59,190 --> 00:53:57,359

under fy 2022 plans

1000

00:54:01,829 --> 00:53:59,200

conduct research and experimentation

1001
00:54:04,230 --> 00:54:01,839
focused on human machine learning

1002
00:54:07,430 --> 00:54:04,240
and collaborative interface design among

1003
00:54:08,710 --> 00:54:07,440
mixed human human and human machine

1004
00:54:10,870 --> 00:54:08,720
teams

1005
00:54:15,190 --> 00:54:10,880
conduct research on trust development

1006
00:54:17,910 --> 00:54:15,200
within human synthetic agent teams

1007
00:54:20,309 --> 00:54:17,920
conduct research on human implications

1008
00:54:22,829 --> 00:54:20,319
of machine learning

1009
00:54:25,510 --> 00:54:22,839
and runtime assurance

1010
00:54:27,750 --> 00:54:25,520
technologies conduct research focused on

1011
00:54:30,790 --> 00:54:27,760
development of software architectures

1012
00:54:33,190 --> 00:54:30,800
and platforms to enable hmt for pilot

1013
00:54:35,829 --> 00:54:33,200

vehicle interfaces unmanned aerial

1014

00:54:45,829 --> 00:54:35,839

system teaming base defense and air

1015

00:54:50,309 --> 00:54:47,990

battle space visual

1016

00:54:53,270 --> 00:54:50,319

visual visualization work will be

1017

00:54:55,270 --> 00:54:53,280

performed under the multi-sensory

1018

00:54:58,309 --> 00:54:55,280

perceptions

1019

00:55:00,789 --> 00:54:58,319

and communications effort

1020

00:55:06,870 --> 00:55:00,799

within this project oh man gonna have to

1021

00:55:12,309 --> 00:55:09,829

um studies the macrocognition of the

1022

00:55:12,319 --> 00:55:19,670

looking at the description

1023

00:55:22,950 --> 00:55:21,270

i need now these are just poor

1024

00:55:25,030 --> 00:55:22,960

screenshots

1025

00:55:27,990 --> 00:55:25,040

i didn't even crop it

1026
00:55:30,950 --> 00:55:28,000
hypersonic scramjet technologies

1027
00:55:33,589 --> 00:55:30,960
development develop robust hydrocarbon

1028
00:55:35,829 --> 00:55:33,599
fueled scramjet

1029
00:55:37,510 --> 00:55:35,839
engine components and technologies to

1030
00:55:55,349 --> 00:55:37,520
improve performance

1031
00:55:59,270 --> 00:55:57,109
continue exploring interactions and

1032
00:56:01,510 --> 00:55:59,280
effects of compressor and turbine

1033
00:56:09,190 --> 00:56:01,520
components

1034
00:56:14,309 --> 00:56:11,030
all right

1035
00:56:15,589 --> 00:56:14,319
you know we are at 56 yeah i know right

1036
00:56:17,589 --> 00:56:15,599
scramjet

1037
00:56:21,030 --> 00:56:17,599
um we're at 56 minutes here what i'm

1038
00:56:22,870 --> 00:56:21,040

gonna do is take a little break and i'm

1039

00:56:25,829 --> 00:56:22,880

gonna come back

1040

00:56:29,109 --> 00:56:25,839

and open the call line if there's

1041

00:56:34,950 --> 00:56:29,119

anything you guys want to talk about

1042

00:56:34,960 --> 00:56:39,670

does that sound okay with you

1043

00:56:39,680 --> 00:56:45,349

i hope it does

1044

00:56:49,670 --> 00:56:47,670

uh this is interesting

1045

00:56:50,950 --> 00:56:49,680

medium scale propulsion initiate the

1046

00:56:52,950 --> 00:56:50,960

development and demonstration of

1047

00:56:54,309 --> 00:56:52,960

propulsion technologies for subsonic

1048

00:56:58,789 --> 00:56:54,319

expendable and

1049

00:57:05,750 --> 00:57:00,789

uh yeah robert still on for wednesday i

1050

00:57:09,349 --> 00:57:07,270

all right uh we actually got through

1051
00:57:11,270 --> 00:57:09,359
them all beautiful

1052
00:57:15,670 --> 00:57:11,280
there's a way more in there though and

1053
00:57:20,309 --> 00:57:17,030
get close

1054
00:57:20,319 --> 00:57:25,589
finding even the best ones

1055
00:57:31,430 --> 00:57:29,589
ah thanks pontificator yes

1056
00:57:33,510 --> 00:57:31,440
so uh that's what we'll do i'm gonna

1057
00:57:35,510 --> 00:57:33,520
take a quick break i'm gonna come back

1058
00:57:39,670 --> 00:57:35,520
and we

1059
00:57:42,950 --> 00:57:41,349
do some calling stuff i haven't done

1060
00:57:46,390 --> 00:57:42,960
that in a while so

1061
00:57:51,109 --> 00:57:47,349
okay

1062
00:57:59,109 --> 00:57:53,270
just forget

1063
00:58:06,630 --> 00:58:01,270

long live

1064

00:58:14,630 --> 00:58:08,470

why is it me

1065

00:58:22,470 --> 00:58:17,430

sleeping around

1066

00:58:29,500 --> 00:58:24,870

can we be honest

1067

00:58:36,100 --> 00:58:31,270

[Music]

1068

00:58:38,309 --> 00:58:36,110

it takes so much gravity

1069

00:58:49,950 --> 00:58:38,319

[Music]

1070

00:59:03,190 --> 00:58:49,960

and now i'm just seeking

1071

00:59:06,870 --> 00:59:04,110

of mystery

1072

00:59:11,030 --> 00:59:06,880

[Music]

1073

00:59:17,990 --> 00:59:13,910

we want our clothes

1074

00:59:22,630 --> 00:59:18,000

with a mind wide open

1075

00:59:22,640 --> 00:59:27,160

love it gently

1076
00:59:47,990 --> 00:59:41,109
[Music]

1077
00:59:53,829 --> 00:59:51,350
coming after me

1078
00:59:58,069 --> 00:59:53,839
[Music]

1079
01:00:04,069 --> 00:59:59,230
stop

1080
01:00:07,170 --> 01:00:04,079
[Music]

1081
01:00:14,710 --> 01:00:07,180
walking away from me

1082
01:00:22,230 --> 01:00:14,720
[Music]

1083
01:00:29,829 --> 01:00:24,470
love in life

1084
01:00:38,950 --> 01:00:32,630
now i know it's

1085
01:00:38,960 --> 01:00:45,680
get their wind in the ground

1086
01:00:45,690 --> 01:00:53,910
[Music]

1087
01:00:58,390 --> 01:00:55,870
notion of mystery

1088
01:01:10,069 --> 01:00:58,400

[Music]

1089

01:01:10,079 --> 01:01:21,460

ocean of mystery

1090

01:01:21,470 --> 01:01:25,829

[Music]

1091

01:01:25,839 --> 01:01:30,230

an ocean of mystery

1092

01:01:30,240 --> 01:01:34,950

just love it gently

1093

01:01:34,960 --> 01:01:40,880

stop

1094

01:01:54,230 --> 01:01:49,750

[Music]

1095

01:01:54,240 --> 01:02:00,750

walking away

1096

01:02:00,760 --> 01:02:08,400

from an easy turn

1097

01:02:17,510 --> 01:02:10,710

[Music]

1098

01:02:29,589 --> 01:02:19,830

i'm an easy

1099

01:02:29,599 --> 01:03:06,390

just tell me respectfully

1100

01:03:06,400 --> 01:03:24,390

uh

1101

01:03:56,549 --> 01:03:31,190

um

1102

01:04:00,150 --> 01:03:58,710

look at his chance it's the best we've

1103

01:04:04,470 --> 01:04:00,160

had

1104

01:04:12,789 --> 01:04:06,710

the soldiers make mistakes and unless

1105

01:04:16,710 --> 01:04:14,470

you're chewing with your mouth full of

1106

01:04:16,980 --> 01:04:16,720

disturbed dreams saying patience can

1107

01:04:20,549 --> 01:04:16,990

wait

1108

01:04:23,910 --> 01:04:22,549

but too late everyone at the plate

1109

01:04:33,430 --> 01:04:23,920

through in the towel without health

1110

01:05:01,190 --> 01:04:40,480

[Music]

1111

01:05:05,410 --> 01:05:03,670

please don't leave us

1112

01:05:09,670 --> 01:05:05,420

alone

1113

01:05:17,190 --> 01:05:09,680

[Music]

1114

01:05:25,750 --> 01:05:19,750

please don't leave us

1115

01:05:32,789 --> 01:05:27,349

this road

1116

01:05:40,789 --> 01:05:36,710

you can sit back pretend it's not there

1117

01:05:44,549 --> 01:05:40,799

blind to the evil sharing the same light

1118

01:05:49,109 --> 01:05:46,789

i just want to move when i see something

1119

01:05:52,789 --> 01:05:49,119

i need to do

1120

01:05:56,870 --> 01:05:52,799

now between me and you as you sleep

1121

01:06:12,830 --> 01:05:59,270

by us i mean a person with so much love

1122

01:06:24,400 --> 01:06:21,829

[Music]

1123

01:06:32,380 --> 01:06:24,410

please don't leave us

1124

01:07:13,430 --> 01:06:46,309

[Music]

1125

01:07:15,990 --> 01:07:13,440

hoping you can

1126
01:07:22,230 --> 01:07:20,309
check check check check check hello

1127
01:07:23,109 --> 01:07:22,240
hello everybody

1128
01:07:25,829 --> 01:07:23,119
hello

1129
01:07:32,150 --> 01:07:28,470
um we are going to start the calling

1130
01:07:34,549 --> 01:07:32,160
part of this

1131
01:07:37,829 --> 01:07:34,559
so you can

1132
01:07:41,510 --> 01:07:39,589
call in

1133
01:07:43,750 --> 01:07:41,520
and we can discuss

1134
01:07:46,549 --> 01:07:43,760
whatever

1135
01:07:51,750 --> 01:07:49,750
um it's up to you

1136
01:07:54,150 --> 01:07:51,760
i'm down

1137
01:07:57,829 --> 01:07:54,160
so let me know

1138
01:08:00,950 --> 01:07:57,839

give a call and we can chat

1139

01:08:05,190 --> 01:08:00,960

if you don't give a call

1140

01:08:05,200 --> 01:08:09,029

[Music]

1141

01:08:14,470 --> 01:08:11,190

i hate the ringtone on the thing that

1142

01:08:17,110 --> 01:08:14,480

sucks hello what's up

1143

01:08:18,870 --> 01:08:17,120

oh hey sean this is haley from the chat

1144

01:08:21,189 --> 01:08:18,880

what's up what's up haley thanks for

1145

01:08:23,510 --> 01:08:21,199

calling hey yeah no problem thanks so

1146

01:08:24,709 --> 01:08:23,520

much for everything the music and the uh

1147

01:08:27,269 --> 01:08:24,719

discussions

1148

01:08:29,510 --> 01:08:27,279

totally awesome yeah i'm glad you're

1149

01:08:31,910 --> 01:08:29,520

your supporter and you you know you come

1150

01:08:33,030 --> 01:08:31,920

hang out with us and keep it positive

1151

01:08:36,630 --> 01:08:33,040

yeah

1152

01:08:38,309 --> 01:08:36,640

absolutely absolutely hey so um laura

1153

01:08:40,070 --> 01:08:38,319

sandling bennett and i were going back

1154

01:08:41,749 --> 01:08:40,080

and forth in the chat about the timing

1155

01:08:44,550 --> 01:08:41,759

on this nasa

1156

01:08:46,070 --> 01:08:44,560

um you know i guess talker symposium and

1157

01:08:47,590 --> 01:08:46,080

i wanted to throw it out there do you

1158

01:08:49,749 --> 01:08:47,600

know when

1159

01:08:51,910 --> 01:08:49,759

you know in the day that is

1160

01:08:53,990 --> 01:08:51,920

my impression is that you go and

1161

01:08:55,430 --> 01:08:54,000

register to get to it

1162

01:08:57,269 --> 01:08:55,440

um and then

1163

01:08:58,709 --> 01:08:57,279

you can do it it's almost like a zoom

1164

01:09:01,189 --> 01:08:58,719

meeting do you know off the top of your

1165

01:09:02,309 --> 01:09:01,199

head and um i'll i'll leave you with

1166

01:09:08,630 --> 01:09:02,319

that

1167

01:09:10,870 --> 01:09:08,640

i'm not really sure actually um a good

1168

01:09:14,709 --> 01:09:10,880

place to check is

1169

01:09:17,269 --> 01:09:14,719

twitter i think um

1170

01:09:18,390 --> 01:09:17,279

i just was looking at information on

1171

01:09:21,269 --> 01:09:18,400

that

1172

01:09:24,229 --> 01:09:21,279

um let me see if i can find it in my

1173

01:09:26,870 --> 01:09:24,239

tweets and while i do that

1174

01:09:29,030 --> 01:09:26,880

um feel free for someone else

1175

01:09:31,990 --> 01:09:29,040

you know someone else feel free to call

1176

01:09:33,749 --> 01:09:32,000

in while i look for it

1177

01:09:35,030 --> 01:09:33,759

um but yeah that's something uh

1178

01:09:38,070 --> 01:09:35,040

definitely

1179

01:09:39,910 --> 01:09:38,080

it was on my radar to

1180

01:09:40,950 --> 01:09:39,920

check out and

1181

01:09:44,709 --> 01:09:40,960

witness

1182

01:09:47,269 --> 01:09:44,719

and you know attend if i can

1183

01:09:49,990 --> 01:09:47,279

which i thought i looked at it and it

1184

01:09:51,669 --> 01:09:50,000

was quite possible so um that is

1185

01:09:55,270 --> 01:09:51,679

something i want to do

1186

01:09:59,590 --> 01:09:56,870

recently

1187

01:10:00,830 --> 01:09:59,600

russell hart had a new interview listen

1188

01:10:04,550 --> 01:10:00,840

to

1189

01:10:05,350 --> 01:10:04,560

that on rt it seems like a lot of people

1190

01:10:09,830 --> 01:10:05,360

um

1191

01:10:13,910 --> 01:10:12,630

rt news like i saw uh nick pope was on

1192

01:10:15,350 --> 01:10:13,920

there once

1193

01:10:18,790 --> 01:10:15,360

i don't know if i like the interview

1194

01:10:19,990 --> 01:10:18,800

style of of them but you know it is what

1195

01:10:20,950 --> 01:10:20,000

it is

1196

01:10:23,350 --> 01:10:20,960

um

1197

01:10:25,910 --> 01:10:23,360

it's always nice listening to mr

1198

01:10:29,270 --> 01:10:25,920

coehart he's so positive

1199

01:10:32,470 --> 01:10:29,280

and he's a great storyteller

1200

01:10:33,910 --> 01:10:32,480

this is a great guy to listen to so

1201
01:10:36,390 --> 01:10:33,920
there's that

1202
01:10:42,830 --> 01:10:36,400
um there is a

1203
01:10:47,270 --> 01:10:45,590
that um

1204
01:10:49,510 --> 01:10:47,280
you know were

1205
01:10:51,830 --> 01:10:49,520
apparently a

1206
01:10:56,709 --> 01:10:51,840
source

1207
01:11:02,310 --> 01:11:00,310
confirmed mr john ramirez's

1208
01:11:03,990 --> 01:11:02,320
work history

1209
01:11:07,110 --> 01:11:04,000
you know i don't know a lot of people

1210
01:11:10,550 --> 01:11:07,120
feel different ways for that

1211
01:11:11,669 --> 01:11:10,560
but anonymous sources right

1212
01:11:12,470 --> 01:11:11,679
but it's

1213
01:11:15,110 --> 01:11:12,480

you know

1214

01:11:17,189 --> 01:11:15,120

there's always been anonymous sources

1215

01:11:19,910 --> 01:11:17,199

there always will be and you're not

1216

01:11:23,590 --> 01:11:19,920

gonna get sources

1217

01:11:26,950 --> 01:11:23,600

sometimes unless they can be

1218

01:11:27,669 --> 01:11:26,960

um anonymous

1219

01:11:31,030 --> 01:11:27,679

so

1220

01:11:34,070 --> 01:11:31,040

depends on how you feel about that

1221

01:11:34,080 --> 01:11:38,790

i'll look that up

1222

01:11:45,189 --> 01:11:41,189

because i think that is going to be a

1223

01:11:55,030 --> 01:11:49,830

it looks like it's at 6 central time

1224

01:12:00,709 --> 01:11:57,590

what's happening

1225

01:12:03,110 --> 01:12:00,719

hey sean it's laura sandlin bennett

1226

01:12:05,270 --> 01:12:03,120

i'm sorry one more time

1227

01:12:06,790 --> 01:12:05,280

it's laura sandling bennett hey how are

1228

01:12:09,750 --> 01:12:06,800

you

1229

01:12:12,630 --> 01:12:09,760

hey i'm doing great sweetheart i just

1230

01:12:15,030 --> 01:12:12,640

wanted to actually let you hear my voice

1231

01:12:15,750 --> 01:12:15,040

and say thank you so much for what you

1232

01:12:16,950 --> 01:12:15,760

do

1233

01:12:19,430 --> 01:12:16,960

oh um

1234

01:12:22,310 --> 01:12:19,440

not all of us are able to

1235

01:12:24,470 --> 01:12:22,320

spend all the time that you do digging

1236

01:12:27,350 --> 01:12:24,480

through the research finding out the

1237

01:12:29,590 --> 01:12:27,360

really pertinent information

1238

01:12:33,270 --> 01:12:29,600

and then sharing it with everybody

1239

01:12:35,189 --> 01:12:33,280

um i appreciate your music

1240

01:12:36,709 --> 01:12:35,199

well i appreciate it it's my pleasure to

1241

01:12:38,630 --> 01:12:36,719

do of course

1242

01:12:40,390 --> 01:12:38,640

um music is

1243

01:12:43,030 --> 01:12:40,400

uh very natural to me it's like

1244

01:12:45,189 --> 01:12:43,040

breathing i mean you i think you saw the

1245

01:12:47,590 --> 01:12:45,199

you know i performed that song

1246

01:12:49,350 --> 01:12:47,600

and wrote it live for the first time

1247

01:12:51,669 --> 01:12:49,360

this morning

1248

01:12:53,510 --> 01:12:51,679

then i produced it and played it here

1249

01:12:56,550 --> 01:12:53,520

and all that so you know i've been doing

1250

01:12:58,550 --> 01:12:56,560

it for a while so um i enjoy it it's

1251

01:13:01,189 --> 01:12:58,560

like meditation for me

1252

01:13:02,790 --> 01:13:01,199

um so it's more than a pleasure to do it

1253

01:13:05,990 --> 01:13:02,800

i want to thank you

1254

01:13:07,750 --> 01:13:06,000

um for being such a great supporter

1255

01:13:09,030 --> 01:13:07,760

and always being here always being

1256

01:13:10,149 --> 01:13:09,040

positive

1257

01:13:12,950 --> 01:13:10,159

um

1258

01:13:13,910 --> 01:13:12,960

and you know partaking in the chat

1259

01:13:16,390 --> 01:13:13,920

and

1260

01:13:18,709 --> 01:13:16,400

yeah i can't wait to read i can't wait

1261

01:13:20,470 --> 01:13:18,719

to read your story i did get your email

1262

01:13:21,990 --> 01:13:20,480

but like i said i want to make sure i

1263

01:13:24,790 --> 01:13:22,000

find the right space

1264

01:13:26,070 --> 01:13:24,800

um to read that because um i do take it

1265

01:13:29,030 --> 01:13:26,080

seriously

1266

01:13:30,830 --> 01:13:29,040

and so i don't want to haphazardly

1267

01:13:34,070 --> 01:13:30,840

go through

1268

01:13:36,149 --> 01:13:34,080

it i appreciate that yeah yeah you know

1269

01:13:38,870 --> 01:13:36,159

um and i i've already talked with my

1270

01:13:41,510 --> 01:13:38,880

mother about this and she's totally up

1271

01:13:42,229 --> 01:13:41,520

for getting her story out there

1272

01:13:44,310 --> 01:13:42,239

so

1273

01:13:47,510 --> 01:13:44,320

you know when you've had a chance to

1274

01:13:48,390 --> 01:13:47,520

read through it um if you want to hit me

1275

01:13:52,070 --> 01:13:48,400

up

1276

01:13:54,550 --> 01:13:52,080

messenger

1277

01:13:56,070 --> 01:13:54,560

and we can talk about it more

1278

01:13:58,870 --> 01:13:56,080

she said

1279

01:14:01,030 --> 01:13:58,880

she's old she's 73 and not very healthy

1280

01:14:04,470 --> 01:14:01,040

but to even be willing to talk to you

1281

01:14:05,830 --> 01:14:04,480

directly okay well yeah

1282

01:14:08,229 --> 01:14:05,840

you know

1283

01:14:10,229 --> 01:14:08,239

it it seems like it's something that's

1284

01:14:12,149 --> 01:14:10,239

you know rightfully so

1285

01:14:15,350 --> 01:14:12,159

important to you

1286

01:14:18,790 --> 01:14:15,360

um guys so if i can be

1287

01:14:21,510 --> 01:14:18,800

you know um a place for you to tell that

1288

01:14:23,990 --> 01:14:21,520

to uh your story too and to get it out

1289

01:14:27,590 --> 01:14:24,000

there i'm more than willing so you've

1290

01:14:31,510 --> 01:14:29,510

yeah being a

1291

01:14:33,430 --> 01:14:31,520

daughter of an empath and an empath

1292

01:14:35,590 --> 01:14:33,440

myself

1293

01:14:38,950 --> 01:14:35,600

we're about helping other people

1294

01:14:40,149 --> 01:14:38,960

yeah and if i get this story out there

1295

01:14:42,470 --> 01:14:40,159

maybe

1296

01:14:44,950 --> 01:14:42,480

cooperating it with

1297

01:14:47,030 --> 01:14:44,960

other information that

1298

01:14:48,070 --> 01:14:47,040

helping other people see they're not

1299

01:14:49,030 --> 01:14:48,080

alone

1300

01:14:50,709 --> 01:14:49,040

but this

1301

01:14:54,070 --> 01:14:50,719

part of my language this happens

1302

01:14:55,430 --> 01:14:54,080

for all the time yeah

1303

01:14:57,350 --> 01:14:55,440

and

1304

01:14:59,830 --> 01:14:57,360

yeah so it's nice to finally see the

1305

01:15:00,950 --> 01:14:59,840

powers that be opening their eyes

1306

01:15:02,149 --> 01:15:00,960

yeah being

1307

01:15:04,709 --> 01:15:02,159

you know i

1308

01:15:06,870 --> 01:15:04,719

i don't know if i'm an empath it always

1309

01:15:08,550 --> 01:15:06,880

seems like i am based on you know

1310

01:15:10,550 --> 01:15:08,560

everything i see

1311

01:15:12,149 --> 01:15:10,560

as far as like what it is

1312

01:15:14,310 --> 01:15:12,159

um

1313

01:15:16,709 --> 01:15:14,320

you know uh it's

1314

01:15:19,189 --> 01:15:16,719

i go along with the roller coaster of

1315

01:15:22,310 --> 01:15:19,199

emotions that come my way unfortunately

1316

01:15:24,950 --> 01:15:22,320

that's not a good thing sometimes

1317

01:15:27,830 --> 01:15:24,960

um that's a very empathic trait here

1318

01:15:29,669 --> 01:15:27,840

yeah so i gotta be oh yeah unfortunately

1319

01:15:30,550 --> 01:15:29,679

it's the roller coaster

1320

01:15:32,310 --> 01:15:30,560

yeah

1321

01:15:33,990 --> 01:15:32,320

but you know i think

1322

01:15:35,110 --> 01:15:34,000

at least the positives outweigh the

1323

01:15:36,630 --> 01:15:35,120

negatives

1324

01:15:38,709 --> 01:15:36,640

so

1325

01:15:39,910 --> 01:15:38,719

oh definitely try to look at it most

1326

01:15:42,550 --> 01:15:39,920

definitely

1327

01:15:46,470 --> 01:15:42,560

the way that we can

1328

01:15:54,950 --> 01:15:46,480

influence the world in a positive way

1329

01:15:57,030 --> 01:15:56,070

for sure

1330

01:15:58,870 --> 01:15:57,040

all right

1331

01:16:00,709 --> 01:15:58,880

sounds good

1332

01:16:02,390 --> 01:16:00,719

yeah thanks for calling in it was great

1333

01:16:07,270 --> 01:16:02,400

hearing you all right

1334

01:16:12,950 --> 01:16:09,669

that is lara everybody

1335

01:16:19,270 --> 01:16:15,910

she is always super kind and in the chat

1336

01:16:22,709 --> 01:16:19,280

room being nice and all that fun stuff

1337

01:16:26,950 --> 01:16:22,719

um i found the actual

1338

01:16:33,189 --> 01:16:26,960

on a side note i found the actual page

1339

01:16:38,870 --> 01:16:35,750

so it looks like you can

1340

01:16:40,790 --> 01:16:38,880

it's funny it says pay what you wish or

1341

01:16:45,110 --> 01:16:40,800

five bucks and there's like a free

1342

01:16:49,350 --> 01:16:47,110

so

1343

01:16:50,550 --> 01:16:49,360

admissions twenty dollars i think that

1344

01:16:52,790 --> 01:16:50,560

is

1345

01:16:54,390 --> 01:16:52,800

um attending in person man that would be

1346

01:16:55,510 --> 01:16:54,400

really cool i would love to attend that

1347

01:16:58,950 --> 01:16:55,520

in person

1348

01:17:04,310 --> 01:17:01,990

i would love to go to that thing in

1349

01:17:05,830 --> 01:17:04,320

person damn

1350

01:17:08,149 --> 01:17:05,840

i wish i would have planned that out

1351

01:17:10,630 --> 01:17:08,159

better

1352

01:17:14,550 --> 01:17:10,640

i mean i could i guess technically i

1353

01:17:17,030 --> 01:17:15,430

but

1354

01:17:19,189 --> 01:17:17,040

i'd have to get like plane tickets and

1355

01:17:20,310 --> 01:17:19,199

all that

1356

01:17:22,630 --> 01:17:20,320

but that would be

1357

01:17:24,390 --> 01:17:22,640

super cool

1358

01:17:26,310 --> 01:17:24,400

it would be nice to just do some of this

1359

01:17:31,430 --> 01:17:26,320

in person you know

1360

01:17:37,590 --> 01:17:33,830

bill nelson

1361

01:17:41,590 --> 01:17:39,510

and it's interesting they did special

1362

01:17:45,350 --> 01:17:41,600

guests to be announced

1363

01:17:48,790 --> 01:17:45,360

well uh the the dni uh

1364

01:17:49,669 --> 01:17:48,800

lady is there

1365

01:17:52,709 --> 01:17:49,679

so

1366

01:17:55,350 --> 01:17:52,719

oh yeah yeah okay director of

1367

01:17:58,390 --> 01:17:55,360

national intelligence says released okay

1368

01:18:00,229 --> 01:17:58,400

so they're putting uap in the subject

1369

01:18:02,630 --> 01:18:00,239

here so um

1370

01:18:05,910 --> 01:18:02,640

they more or less will be discussing

1371

01:18:05,920 --> 01:18:10,550

hey fresh principal here i'm down

1372

01:18:14,149 --> 01:18:13,110

uh if i drive you can make it now yeah

1373

01:18:17,350 --> 01:18:14,159

um

1374

01:18:22,950 --> 01:18:18,870

can't do that

1375

01:18:24,229 --> 01:18:22,960

um but who knows if the plane tickets

1376

01:18:26,470 --> 01:18:24,239

are cheap or something maybe i would do

1377

01:18:28,630 --> 01:18:26,480

it

1378

01:18:29,910 --> 01:18:28,640

that would be really cool

1379

01:18:31,830 --> 01:18:29,920

it's funny how like the things you

1380

01:18:33,110 --> 01:18:31,840

really want to do in life change over

1381

01:18:34,709 --> 01:18:33,120

time like

1382

01:18:37,350 --> 01:18:34,719

also now i'm thinking about it that's

1383

01:18:42,229 --> 01:18:37,360

like um

1384

01:18:47,189 --> 01:18:45,189

something i really want to do

1385

01:18:48,229 --> 01:18:47,199

would my wife approve it

1386

01:18:51,510 --> 01:18:48,239

probably

1387

01:18:57,030 --> 01:18:53,350

it depends depends what her work

1388

01:18:59,669 --> 01:18:57,040

schedule is i guess we got dogs

1389

01:19:01,110 --> 01:18:59,679

and a cat

1390

01:19:03,189 --> 01:19:01,120

so

1391

01:19:05,669 --> 01:19:03,199

i'll check into it though

1392

01:19:08,390 --> 01:19:05,679

get a room in a youth house hostel ah

1393

01:19:11,430 --> 01:19:08,400

man i'm not doing that

1394

01:19:13,189 --> 01:19:11,440

i'm not doing the youth hostel

1395

01:19:16,070 --> 01:19:13,199

no way

1396

01:19:19,030 --> 01:19:16,080

i mean i'm not like against it but

1397

01:19:20,950 --> 01:19:19,040

um a part of like traveling

1398

01:19:23,110 --> 01:19:20,960

that i really like is

1399

01:19:24,390 --> 01:19:23,120

the nice hotel room

1400

01:19:28,310 --> 01:19:24,400

in the bed

1401

01:19:33,030 --> 01:19:30,470

you know

1402

01:19:34,950 --> 01:19:33,040

it's it's just like a mini vacation on

1403

01:19:38,070 --> 01:19:34,960

your vacation

1404

01:19:41,669 --> 01:19:39,110

so

1405

01:19:43,110 --> 01:19:41,679

yeah you guys should call in

1406

01:19:45,350 --> 01:19:43,120

you know um

1407

01:19:46,950 --> 01:19:45,360

if you want me to propose

1408

01:19:49,350 --> 01:19:46,960

a question

1409

01:19:51,110 --> 01:19:49,360

i could do that if that's easier you

1410

01:19:53,350 --> 01:19:51,120

know i want to make this available for

1411

01:19:54,790 --> 01:19:53,360

people i mean people like on twitter

1412

01:19:55,590 --> 01:19:54,800

especially

1413

01:19:57,910 --> 01:19:55,600

who

1414

01:20:00,630 --> 01:19:57,920

are so

1415

01:20:02,390 --> 01:20:00,640

you know easy to tweet and make comments

1416

01:20:06,870 --> 01:20:02,400

and

1417

01:20:10,070 --> 01:20:06,880

voice on it

1418

01:20:13,590 --> 01:20:10,080

i don't do this very often

1419

01:20:13,600 --> 01:20:19,590

you should definitely call

1420

01:20:19,600 --> 01:20:23,030

that's what i think

1421

01:20:29,910 --> 01:20:25,030

but

1422

01:20:38,629 --> 01:20:33,189

i would say

1423

01:20:44,070 --> 01:20:40,629

what's a good topic i think a good topic

1424

01:20:48,870 --> 01:20:46,550

how how should we

1425

01:20:51,430 --> 01:20:48,880

treat

1426

01:20:53,510 --> 01:20:51,440

um the people

1427

01:20:56,070 --> 01:20:53,520

like kind of in the spotlight with all

1428

01:20:59,110 --> 01:20:56,080

this stuff like should we just trust lou

1429

01:21:03,669 --> 01:20:59,120

elizondo chris mellon

1430

01:21:07,350 --> 01:21:05,990

should we just trust them or

1431

01:21:11,430 --> 01:21:07,360

should we

1432

01:21:13,669 --> 01:21:11,440

trust them at all

1433

01:21:16,629 --> 01:21:13,679

you know should we

1434

01:21:18,950 --> 01:21:16,639

let ourselves get excited by some of the

1435

01:21:20,709 --> 01:21:18,960

things they say

1436

01:21:22,629 --> 01:21:20,719

like maybe

1437

01:21:24,550 --> 01:21:22,639

you know like when elizondo was on here

1438

01:21:30,229 --> 01:21:24,560

you said you know we got out that there

1439

01:21:38,470 --> 01:21:32,149

is that something we should pay

1440

01:21:43,270 --> 01:21:40,229

mr ramirez

1441

01:21:44,790 --> 01:21:43,280

you know talked about orbs

1442

01:21:46,550 --> 01:21:44,800

that were seen

1443

01:21:49,590 --> 01:21:46,560

over russia

1444

01:21:51,590 --> 01:21:49,600

before assap

1445

01:21:55,030 --> 01:21:51,600

is that something we should take into

1446

01:21:57,350 --> 01:21:55,040

account when we think about

1447

01:22:00,870 --> 01:21:57,360

um you know

1448

01:22:06,709 --> 01:22:02,790

should we hear that and say oh wow

1449

01:22:13,430 --> 01:22:09,189

should we

1450

01:22:17,110 --> 01:22:15,350

don't take it any which way unless

1451

01:22:27,669 --> 01:22:17,120

there's some sort of proof and if that's

1452

01:22:30,270 --> 01:22:29,990

you know the one thing i've noticed with

1453

01:22:31,830 --> 01:22:30,280

um

1454

01:22:35,030 --> 01:22:31,840

[Music]

1455

01:22:36,149 --> 01:22:35,040

a lot of these folks are

1456

01:22:37,270 --> 01:22:36,159

they get

1457

01:22:38,390 --> 01:22:37,280

treated

1458

01:22:43,510 --> 01:22:38,400

like crap

1459

01:22:51,350 --> 01:22:45,590

that's for sure you know

1460

01:22:54,310 --> 01:22:53,110

you know whether they're trolls or

1461

01:22:57,990 --> 01:22:54,320

they're just

1462

01:23:00,149 --> 01:22:58,000

pessimistic people or whatever

1463

01:23:01,750 --> 01:23:00,159

um

1464

01:23:03,590 --> 01:23:01,760

they

1465

01:23:05,830 --> 01:23:03,600

you know sorry excuse my language but

1466

01:23:08,390 --> 01:23:05,840

they get on

1467

01:23:11,750 --> 01:23:08,400

what do you know oh you're lying

1468

01:23:15,350 --> 01:23:13,120

and that kind of um

1469

01:23:17,270 --> 01:23:15,360

[Music]

1470

01:23:18,870 --> 01:23:17,280

conversation seems to take over

1471

01:23:21,189 --> 01:23:18,880

sometimes

1472

01:23:24,229 --> 01:23:21,199

is that the way it should be

1473

01:23:26,629 --> 01:23:24,239

i personally don't think so

1474

01:23:31,669 --> 01:23:26,639

i think

1475

01:23:36,709 --> 01:23:34,870

has a good point

1476

01:23:39,270 --> 01:23:36,719

we don't have to choose

1477

01:23:41,189 --> 01:23:39,280

we can not be gatekeepers

1478

01:23:43,669 --> 01:23:41,199

let them talk but don't worship and

1479

01:23:44,950 --> 01:23:43,679

accept everything

1480

01:23:45,910 --> 01:23:44,960

see that's it that's a good point of

1481

01:23:47,990 --> 01:23:45,920

view

1482

01:23:50,870 --> 01:23:48,000

my crew

1483

01:23:54,629 --> 01:23:50,880

good job

1484

01:23:59,510 --> 01:23:56,950

you know

1485

01:24:01,189 --> 01:23:59,520

if they want to talk in an attempt to

1486

01:24:05,910 --> 01:24:01,199

bring something to the table first of

1487

01:24:12,470 --> 01:24:08,709

you know especially people that are

1488

01:24:19,030 --> 01:24:15,270

in the case of john ramirez specifically

1489

01:24:20,790 --> 01:24:19,040

he actually brings provable

1490

01:24:23,030 --> 01:24:20,800

uh facts

1491

01:24:27,590 --> 01:24:23,040

to the table that you can

1492

01:24:31,350 --> 01:24:29,189

you know that

1493

01:24:33,669 --> 01:24:31,360

aren't just easy things like oh you know

1494

01:24:35,590 --> 01:24:33,679

blue books studied ufos you know like

1495

01:24:38,390 --> 01:24:35,600

it's it's it's not

1496

01:24:39,350 --> 01:24:38,400

something like that it's it's like um

1497

01:24:40,709 --> 01:24:39,360

you know

1498

01:24:43,510 --> 01:24:40,719

secret

1499

01:24:45,590 --> 01:24:43,520

communication lines or

1500

01:24:48,070 --> 01:24:45,600

the different kinds of satellites when

1501

01:24:49,990 --> 01:24:48,080

multi-spectral satellites

1502

01:24:55,110 --> 01:24:50,000

started

1503

01:24:55,120 --> 01:24:57,510

um

1504

01:25:01,669 --> 01:24:59,990

also just general inner workings of the

1505

01:25:03,590 --> 01:25:01,679

different agencies

1506

01:25:05,830 --> 01:25:03,600

he teaches you

1507

01:25:14,229 --> 01:25:05,840

how to

1508

01:25:17,350 --> 01:25:14,239

get the information you want he brought

1509

01:25:22,950 --> 01:25:17,360

nga onto the table national

1510

01:25:26,149 --> 01:25:24,550

and you know everybody always asks

1511

01:25:29,350 --> 01:25:26,159

where's the photos where's the data he's

1512

01:25:32,629 --> 01:25:29,360

telling you they have it

1513

01:25:35,990 --> 01:25:32,639

and what people say to him are

1514

01:25:40,070 --> 01:25:36,000

you're not you weren't an ex agency

1515

01:25:41,910 --> 01:25:40,080

i don't believe it that's not true

1516

01:25:43,669 --> 01:25:41,920

you know and it's usually by

1517

01:25:46,390 --> 01:25:43,679

you know i can't say this i'll say

1518

01:25:48,390 --> 01:25:46,400

broadly but it's usually by people who i

1519

01:25:50,229 --> 01:25:48,400

don't really do much research so they

1520

01:25:52,550 --> 01:25:50,239

don't know the difference

1521

01:25:54,550 --> 01:25:52,560

if something he says is you know

1522

01:25:56,390 --> 01:25:54,560

could be truthful or not

1523

01:25:58,709 --> 01:25:56,400

but a lot of people get turned off

1524

01:26:00,310 --> 01:25:58,719

because of the different avenues he'll

1525

01:26:04,870 --> 01:26:00,320

go

1526

01:26:04,880 --> 01:26:08,070

you know

1527

01:26:13,110 --> 01:26:11,189

so it's actually a good example of how

1528

01:26:14,870 --> 01:26:13,120

how do you deal with that

1529

01:26:17,110 --> 01:26:14,880

right because i don't know how i feel

1530

01:26:18,390 --> 01:26:17,120

about that stuff either i'm not saying i

1531

01:26:21,189 --> 01:26:18,400

don't believe it i'm not saying i

1532

01:26:24,629 --> 01:26:21,199

believe it i'm saying i'm indifferent to

1533

01:26:24,639 --> 01:26:26,950

but

1534

01:26:31,990 --> 01:26:28,870

the nga

1535

01:26:33,590 --> 01:26:32,000

i'm super into

1536

01:26:36,229 --> 01:26:33,600

you know

1537

01:26:37,350 --> 01:26:36,239

so i'm not going to discount somebody

1538

01:26:38,550 --> 01:26:37,360

for

1539

01:26:40,229 --> 01:26:38,560

you know

1540

01:26:43,030 --> 01:26:40,239

first of all having

1541

01:26:47,110 --> 01:26:43,040

and clearly stating that

1542

01:26:51,590 --> 01:26:49,430

purely speculation on his part and the

1543

01:26:55,110 --> 01:26:51,600

way he's put the picture together to

1544

01:26:57,189 --> 01:26:55,120

work for him personally

1545

01:26:59,030 --> 01:26:57,199

he says that those are my words those

1546

01:26:59,830 --> 01:26:59,040

are his

1547

01:27:02,830 --> 01:26:59,840

so

1548

01:27:06,310 --> 01:27:02,840

you have to have that perspective

1549

01:27:09,030 --> 01:27:06,320

when you look at the person you know

1550

01:27:11,270 --> 01:27:09,040

and then take what you want from it that

1551

01:27:14,790 --> 01:27:11,280

will help you in your journey for your

1552

01:27:17,830 --> 01:27:15,590

right

1553

01:27:21,750 --> 01:27:17,840

like for mine for instance would be the

1554

01:27:24,470 --> 01:27:22,629

right

1555

01:27:27,830 --> 01:27:24,480

and that mine may change over time but

1556

01:27:30,629 --> 01:27:28,950

robert

1557

01:27:33,430 --> 01:27:30,639

that's a great point he's not a

1558

01:27:34,550 --> 01:27:33,440

whistleblower

1559

01:27:36,149 --> 01:27:34,560

right

1560

01:27:39,430 --> 01:27:36,159

he's retired

1561

01:27:41,430 --> 01:27:39,440

everything in his slides

1562

01:27:46,310 --> 01:27:41,440

is unclassified it's none of its

1563

01:27:46,320 --> 01:27:51,350

and i'll tell you that

1564

01:27:51,360 --> 01:27:55,990

and because he's retired

1565

01:28:00,470 --> 01:27:58,229

you know he can find a way to talk about

1566

01:28:03,430 --> 01:28:00,480

um i don't know maybe classified things

1567

01:28:04,390 --> 01:28:03,440

in an unclassified manner as some would

1568

01:28:06,390 --> 01:28:04,400

say

1569

01:28:08,870 --> 01:28:06,400

i mean he's told us

1570

01:28:13,189 --> 01:28:08,880

everything that's happened before

1571

01:28:13,199 --> 01:28:16,950

nobody talks about it

1572

01:28:20,390 --> 01:28:18,470

you know those

1573

01:28:22,070 --> 01:28:20,400

you know project unity and everything we

1574

01:28:24,629 --> 01:28:22,080

got a lot of views and mine did too and

1575

01:28:26,470 --> 01:28:24,639

hey great interview and stuff but

1576

01:28:27,510 --> 01:28:26,480

liberation times wrote a nice article

1577

01:28:31,910 --> 01:28:27,520

thank you

1578

01:28:35,910 --> 01:28:34,950

but um

1579

01:28:38,149 --> 01:28:35,920

this is a

1580

01:28:40,629 --> 01:28:38,159

that's he and the stuff he said has been

1581

01:28:46,550 --> 01:28:40,639

the biggest news since lou elizondo came

1582

01:28:46,560 --> 01:28:55,510

you know

1583

01:28:59,990 --> 01:28:57,110

this is a good point

1584

01:29:01,910 --> 01:29:00,000

you know it kind of reminds me of like a

1585

01:29:03,750 --> 01:29:01,920

sales guy right you go to a sales guy

1586

01:29:05,750 --> 01:29:03,760

and you ask about something

1587

01:29:08,070 --> 01:29:05,760

um a part of the product or something

1588

01:29:09,669 --> 01:29:08,080

that he may not know of and what do they

1589

01:29:15,030 --> 01:29:09,679

do

1590

01:29:18,149 --> 01:29:16,790

you know

1591

01:29:21,590 --> 01:29:18,159

they don't say

1592

01:29:25,990 --> 01:29:23,910

you know me when i when i work with

1593

01:29:28,149 --> 01:29:26,000

another sales guy or something or

1594

01:29:31,110 --> 01:29:28,159

whatever i'll tell them

1595

01:29:33,510 --> 01:29:31,120

if you don't know tell them that you

1596

01:29:41,350 --> 01:29:33,520

don't know but you'll try it to figure

1597

01:29:44,950 --> 01:29:42,470

you know

1598

01:29:46,149 --> 01:29:44,960

uh john ramirez is talking about

1599

01:29:47,830 --> 01:29:46,159

pentacle

1600

01:29:49,830 --> 01:29:47,840

um

1601
01:29:52,950 --> 01:29:49,840
mr robert gave a

1602
01:29:55,189 --> 01:29:52,960
couple ideas or whatever that he feels

1603
01:29:57,350 --> 01:29:55,199
are in the positive realm like he's not

1604
01:30:00,550 --> 01:29:57,360
a whistleblower

1605
01:30:05,590 --> 01:30:02,629
we asked him about the

1606
01:30:06,950 --> 01:30:05,600
nssso

1607
01:30:10,790 --> 01:30:06,960
robert says he could have made something

1608
01:30:10,800 --> 01:30:18,149
you know

1609
01:30:23,110 --> 01:30:20,390
spaghetti that's that's not bad at all

1610
01:30:27,350 --> 01:30:23,120
is it that many documents

1611
01:30:33,990 --> 01:30:29,430
i had no idea it's that many where are

1612
01:30:34,000 --> 01:30:38,470
crazy that is a lot

1613
01:30:42,709 --> 01:30:40,709

definitely a lot

1614

01:30:45,590 --> 01:30:42,719

um

1615

01:30:47,270 --> 01:30:45,600

okay nico has a topic suggestion

1616

01:30:48,629 --> 01:30:47,280

um if you're new to this subject how do

1617

01:30:50,790 --> 01:30:48,639

you not feel like you're losing your

1618

01:30:53,910 --> 01:30:50,800

noggin

1619

01:30:56,470 --> 01:30:53,920

um well the first thing i would ask is

1620

01:30:59,430 --> 01:30:56,480

i think it's

1621

01:31:00,310 --> 01:30:59,440

a little different

1622

01:31:01,910 --> 01:31:00,320

um

1623

01:31:04,470 --> 01:31:01,920

and you guys should still call in i got

1624

01:31:05,510 --> 01:31:04,480

the number up by the way

1625

01:31:07,189 --> 01:31:05,520

um

1626

01:31:09,110 --> 01:31:07,199

you know it may be different for

1627

01:31:09,990 --> 01:31:09,120

different people right

1628

01:31:12,390 --> 01:31:10,000

and

1629

01:31:14,629 --> 01:31:12,400

the type of person you are like if

1630

01:31:18,390 --> 01:31:14,639

if you had an experience

1631

01:31:19,430 --> 01:31:18,400

that brought you into this topic right

1632

01:31:22,870 --> 01:31:19,440

um

1633

01:31:26,870 --> 01:31:25,750

i want to say that it's i i mean i can't

1634

01:31:28,390 --> 01:31:26,880

say

1635

01:31:29,669 --> 01:31:28,400

obviously and i can't speak for other

1636

01:31:32,070 --> 01:31:29,679

people but i want to say it would be

1637

01:31:35,030 --> 01:31:32,080

more difficult

1638

01:31:37,669 --> 01:31:35,040

because there's so many different roads

1639

01:31:39,590 --> 01:31:37,679

to go down

1640

01:31:41,510 --> 01:31:39,600

right

1641

01:31:43,030 --> 01:31:41,520

people are saying you know people in

1642

01:31:44,390 --> 01:31:43,040

this community

1643

01:31:45,270 --> 01:31:44,400

cast stigma

1644

01:31:46,470 --> 01:31:45,280

and

1645

01:31:50,390 --> 01:31:46,480

mockery

1646

01:31:56,470 --> 01:31:52,310

right

1647

01:32:02,470 --> 01:31:59,750

and if you're new to this that sucks

1648

01:32:04,310 --> 01:32:02,480

um then you can go nuts and bolts but if

1649

01:32:05,750 --> 01:32:04,320

you're like me i didn't see nuts and

1650

01:32:08,629 --> 01:32:05,760

bolts

1651
01:32:10,470 --> 01:32:08,639
i saw a two-dimensional like light

1652
01:32:12,240 --> 01:32:10,480
super bright light

1653
01:32:13,590 --> 01:32:12,250
in a teardrop shape and

1654
01:32:16,229 --> 01:32:13,600
[Music]

1655
01:32:18,470 --> 01:32:16,239
a complete ball shape 10 and 40 feet

1656
01:32:22,229 --> 01:32:18,480
away from me

1657
01:32:23,830 --> 01:32:22,239
so it's hard for me to go to

1658
01:32:25,669 --> 01:32:23,840
into the nuts and bolts side because

1659
01:32:28,950 --> 01:32:25,679
that's not what my experience was with

1660
01:32:30,870 --> 01:32:28,960
mine was through consciousness basically

1661
01:32:33,030 --> 01:32:30,880
in a two-year

1662
01:32:34,310 --> 01:32:33,040
precognitive dream

1663
01:32:35,830 --> 01:32:34,320

you know in the middle of these

1664

01:32:38,950 --> 01:32:35,840

experiences like

1665

01:32:41,669 --> 01:32:38,960

it's hard for me to just say it's a

1666

01:32:45,110 --> 01:32:41,679

a nuts and bolts object only you know

1667

01:32:48,629 --> 01:32:45,120

and then only work for that

1668

01:32:50,390 --> 01:32:48,639

but i don't discount it either like

1669

01:32:51,750 --> 01:32:50,400

you know sometimes

1670

01:32:53,910 --> 01:32:51,760

you know that

1671

01:32:55,270 --> 01:32:53,920

i'm sure people would think like why do

1672

01:32:56,950 --> 01:32:55,280

you do so much

1673

01:32:58,470 --> 01:32:56,960

research

1674

01:32:59,270 --> 01:32:58,480

i mean you've had your experience you

1675

01:33:00,709 --> 01:32:59,280

know

1676

01:33:03,189 --> 01:33:00,719

that something exists so what are you

1677

01:33:05,590 --> 01:33:03,199

researching for i've asked myself that

1678

01:33:08,790 --> 01:33:05,600

and the answer is to help

1679

01:33:10,390 --> 01:33:08,800

other people who may not have had an

1680

01:33:12,790 --> 01:33:10,400

experience

1681

01:33:17,430 --> 01:33:12,800

that needs some sort of confirmation of

1682

01:33:20,870 --> 01:33:19,189

i find more and more that i don't do it

1683

01:33:23,750 --> 01:33:20,880

for myself

1684

01:33:24,950 --> 01:33:23,760

you know like nuap secrecy and

1685

01:33:27,510 --> 01:33:24,960

everything and

1686

01:33:30,310 --> 01:33:27,520

uh uap twitter i'd do that and push that

1687

01:33:31,990 --> 01:33:30,320

and look into it and research that stuff

1688

01:33:34,550 --> 01:33:32,000

to help

1689

01:33:36,790 --> 01:33:34,560

you know um kind of come up with a

1690

01:33:40,149 --> 01:33:36,800

medium for the general public outside of

1691

01:33:43,590 --> 01:33:40,159

twitterland to learn and accept things

1692

01:33:45,590 --> 01:33:43,600

about this topic right

1693

01:33:47,030 --> 01:33:45,600

but that also doesn't mean that i'm not

1694

01:33:49,189 --> 01:33:47,040

going to be true to myself and talk

1695

01:33:50,950 --> 01:33:49,199

about my own experiences or acknowledge

1696

01:33:52,550 --> 01:33:50,960

those

1697

01:33:54,070 --> 01:33:52,560

you know because that is what brought me

1698

01:33:55,430 --> 01:33:54,080

here

1699

01:33:56,390 --> 01:33:55,440

but that's not

1700

01:33:59,669 --> 01:33:56,400

also

1701

01:34:01,510 --> 01:33:59,679

you know the only thing i'm about

1702

01:34:05,110 --> 01:34:01,520

so if you're new to the topic i would

1703

01:34:08,870 --> 01:34:06,390

observe

1704

01:34:13,990 --> 01:34:12,229

and make sure you're you're using your

1705

01:34:16,870 --> 01:34:14,000

intuition

1706

01:34:19,189 --> 01:34:16,880

what feels right gut feelings

1707

01:34:21,030 --> 01:34:19,199

you know

1708

01:34:22,709 --> 01:34:21,040

now the thing about like certain people

1709

01:34:25,189 --> 01:34:22,719

like trolls or people who are just

1710

01:34:28,149 --> 01:34:25,199

constantly negative in the community

1711

01:34:30,149 --> 01:34:28,159

um they're they're always on the

1712

01:34:32,790 --> 01:34:30,159

it's all side you ever notice

1713

01:34:35,030 --> 01:34:32,800

that

1714

01:34:36,709 --> 01:34:35,040

for the most part

1715

01:34:38,709 --> 01:34:36,719

i can't say that

1716

01:34:41,590 --> 01:34:38,719

that's a hundred percent fact but for

1717

01:34:44,629 --> 01:34:41,600

the most part they're on the

1718

01:34:48,070 --> 01:34:44,639

it's all it's a psy up

1719

01:34:52,550 --> 01:34:48,080

legit or whatever that's usually

1720

01:34:57,910 --> 01:34:55,109

that negates their opinion because who

1721

01:34:58,790 --> 01:34:57,920

wants to side with somebody that that is

1722

01:35:00,790 --> 01:34:58,800

really

1723

01:35:02,629 --> 01:35:00,800

kind of that hostile and immature with

1724

01:35:05,990 --> 01:35:02,639

some of the things that you know have

1725

01:35:15,669 --> 01:35:11,109

you know

1726

01:35:16,629 --> 01:35:15,679

just listen and observe and allow

1727

01:35:19,189 --> 01:35:16,639

yourself

1728

01:35:20,950 --> 01:35:19,199

to be wrong

1729

01:35:21,750 --> 01:35:20,960

and know you're not going to figure it

1730

01:35:23,750 --> 01:35:21,760

out

1731

01:35:25,590 --> 01:35:23,760

right away because first of all i don't

1732

01:35:29,510 --> 01:35:25,600

think anybody has so acknowledgement

1733

01:35:32,149 --> 01:35:29,520

that uh you can't be um

1734

01:35:33,910 --> 01:35:32,159

you know uh

1735

01:35:37,590 --> 01:35:33,920

expert

1736

01:35:41,430 --> 01:35:39,910

and knowing other people won't be too so

1737

01:35:43,350 --> 01:35:41,440

right away if people try to tell you

1738

01:35:44,870 --> 01:35:43,360

they know how it is

1739

01:35:46,550 --> 01:35:44,880

that's something you can pretty much

1740

01:35:48,070 --> 01:35:46,560

rule out

1741

01:35:50,149 --> 01:35:48,080

as that person

1742

01:35:55,270 --> 01:35:50,159

because they don't you know

1743

01:35:59,270 --> 01:35:57,830

speculative opinion as a conclusion to

1744

01:36:01,270 --> 01:35:59,280

what these things really are from what

1745

01:36:02,629 --> 01:36:01,280

you've researched so far

1746

01:36:04,950 --> 01:36:02,639

i'm glad you preface that with

1747

01:36:07,669 --> 01:36:04,960

speculative

1748

01:36:10,070 --> 01:36:07,679

um so just finish if you're new just you

1749

01:36:11,750 --> 01:36:10,080

know don't rush into anything just watch

1750

01:36:16,070 --> 01:36:11,760

observe you know try to do some

1751
01:36:17,590 --> 01:36:16,080
meditation you know find some peace

1752
01:36:19,830 --> 01:36:17,600
and

1753
01:36:21,430 --> 01:36:19,840
you know i found that doing

1754
01:36:23,350 --> 01:36:21,440
your own research and finding things

1755
01:36:25,109 --> 01:36:23,360
your own way versus relying on other

1756
01:36:27,990 --> 01:36:25,119
people to do it for you is always going

1757
01:36:29,910 --> 01:36:28,000
to be the best way

1758
01:36:32,229 --> 01:36:29,920
you know

1759
01:36:34,790 --> 01:36:32,239
because that kind of gets to

1760
01:36:36,390 --> 01:36:34,800
his point

1761
01:36:38,790 --> 01:36:36,400
you know there's so many people with

1762
01:36:40,390 --> 01:36:38,800
different plausible theories

1763
01:36:44,310 --> 01:36:40,400

how do you know who to listen to or

1764

01:36:46,550 --> 01:36:44,320

whatever you know do your own research

1765

01:36:48,870 --> 01:36:46,560

that's what i would say

1766

01:36:50,550 --> 01:36:48,880

and don't buy any of that research as a

1767

01:36:52,709 --> 01:36:50,560

hundred percent until you've done it for

1768

01:36:54,870 --> 01:36:52,719

a long time

1769

01:36:56,629 --> 01:36:54,880

and still even then don't

1770

01:36:57,910 --> 01:36:56,639

you know just always allow yourself to

1771

01:36:58,870 --> 01:36:57,920

be wrong

1772

01:37:00,310 --> 01:36:58,880

and

1773

01:37:01,430 --> 01:37:00,320

take it easy

1774

01:37:04,550 --> 01:37:01,440

slow

1775

01:37:06,149 --> 01:37:04,560

and do what feels right

1776

01:37:07,990 --> 01:37:06,159

use your brain less and use your

1777

01:37:12,709 --> 01:37:08,000

emotions more

1778

01:37:17,910 --> 01:37:16,390

but don't shut off your brain obviously

1779

01:37:20,390 --> 01:37:17,920

you know what i mean they gotta work in

1780

01:37:22,550 --> 01:37:20,400

unison in this

1781

01:37:24,709 --> 01:37:22,560

field for sure

1782

01:37:26,550 --> 01:37:24,719

so back to this one speculative

1783

01:37:30,390 --> 01:37:26,560

um opinion

1784

01:37:30,400 --> 01:37:36,870

that's cool speculative opinion um

1785

01:37:39,910 --> 01:37:38,629

you know when other people are asked

1786

01:37:42,470 --> 01:37:39,920

this

1787

01:37:43,990 --> 01:37:42,480

they're so um they don't want to answer

1788

01:37:45,910 --> 01:37:44,000

that either

1789

01:37:51,830 --> 01:37:45,920

and i can kind of understand why because

1790

01:37:58,149 --> 01:37:54,790

you know what i is speculative

1791

01:38:04,229 --> 01:37:58,159

if i just um search within my myself my

1792

01:38:11,669 --> 01:38:06,390

i think that

1793

01:38:15,189 --> 01:38:12,950

is part of

1794

01:38:18,950 --> 01:38:15,199

a spiritual world that maybe lives and

1795

01:38:25,510 --> 01:38:21,430

this may be an imprint of another part

1796

01:38:32,709 --> 01:38:27,750

maybe that being lives in a different

1797

01:38:32,719 --> 01:38:36,709

galactic

1798

01:38:36,719 --> 01:38:41,350

i think when we see them

1799

01:38:46,390 --> 01:38:44,390

we subconsciously ask

1800

01:38:57,990 --> 01:38:46,400

to see them

1801

01:39:01,350 --> 01:38:59,510

i think everyone comes to a point in

1802

01:39:05,990 --> 01:39:01,360

their life where they

1803

01:39:10,310 --> 01:39:07,910

greater than them and greater than this

1804

01:39:14,950 --> 01:39:10,320

world and maybe it's those times when

1805

01:39:21,750 --> 01:39:17,430

maybe it's an opportunity to

1806

01:39:21,760 --> 01:39:26,870

well in my case i saw

1807

01:39:31,430 --> 01:39:29,109

i always think like we have imaginations

1808

01:39:34,229 --> 01:39:31,440

and souls and a consciousness for a

1809

01:39:34,239 --> 01:39:40,950

but what is that reason

1810

01:39:50,629 --> 01:39:43,189

i do know that we won't figure it out

1811

01:39:50,639 --> 01:39:55,430

you know

1812

01:39:59,830 --> 01:39:57,350

as you expand

1813

01:40:04,229 --> 01:39:59,840

your consciousness

1814

01:40:14,149 --> 01:40:07,669

you won't be able to know

1815

01:40:20,390 --> 01:40:16,070

and a lot of it is this world in this

1816

01:40:20,400 --> 01:40:23,990

ability to

1817

01:40:24,000 --> 01:40:28,070

make those searches within ourselves

1818

01:40:31,830 --> 01:40:30,149

whether it be stuck on a computer or a

1819

01:40:35,030 --> 01:40:31,840

phone

1820

01:40:39,030 --> 01:40:37,430

or in drama of an interpersonal

1821

01:40:45,109 --> 01:40:39,040

relationship

1822

01:40:49,990 --> 01:40:46,870

we often forget of

1823

01:40:54,390 --> 01:40:50,000

the world left unexplored within our

1824

01:40:54,400 --> 01:40:59,350

which is where to me real beauty is

1825

01:41:06,390 --> 01:41:02,830

and also where our consciousness

1826
01:41:12,790 --> 01:41:06,400
is and that's what survives beyond this

1827
01:41:17,430 --> 01:41:15,510
and some people won't believe any of

1828
01:41:19,590 --> 01:41:17,440
that

1829
01:41:21,510 --> 01:41:19,600
because they can't see it they can't

1830
01:41:29,350 --> 01:41:21,520
measure it they can't taste it they

1831
01:41:32,950 --> 01:41:30,229
but

1832
01:41:37,030 --> 01:41:32,960
there are ways

1833
01:41:37,040 --> 01:41:41,189
you can feel it

1834
01:41:50,229 --> 01:41:43,350
it's something that takes over your core

1835
01:41:54,550 --> 01:41:52,390
and that's more real

1836
01:42:00,470 --> 01:41:54,560
than anything i've seen

1837
01:42:00,480 --> 01:42:11,030
because it's beautiful

1838
01:42:17,830 --> 01:42:13,669

you could lose yourself in

1839

01:42:17,840 --> 01:42:21,270

very easy

1840

01:42:25,109 --> 01:42:23,510

but i think the truth if anybody wants

1841

01:42:31,350 --> 01:42:25,119

the truth it's

1842

01:42:34,390 --> 01:42:33,189

you know when you have to find a way to

1843

01:42:38,470 --> 01:42:34,400

quiet

1844

01:42:44,950 --> 01:42:40,830

get off the

1845

01:42:48,550 --> 01:42:44,960

phone go out in the woods and walk

1846

01:42:55,270 --> 01:42:50,950

and allow yourself to talk to something

1847

01:43:03,270 --> 01:42:57,990

because maybe it'll talk back

1848

01:43:10,470 --> 01:43:05,990

whether it be synchronicities

1849

01:43:17,910 --> 01:43:13,350

i've shouted out at

1850

01:43:30,790 --> 01:43:22,310

you know

1851

01:43:30,800 --> 01:43:33,990

i do

1852

01:43:38,470 --> 01:43:36,709

i always get a reply it's just not

1853

01:43:39,910 --> 01:43:38,480

something you hear

1854

01:43:43,189 --> 01:43:39,920

or see

1855

01:43:53,590 --> 01:43:45,910

you have to expand your way of thinking

1856

01:43:53,600 --> 01:43:57,030

you know

1857

01:44:01,189 --> 01:43:59,270

it's not going to be obvious and easy

1858

01:44:07,189 --> 01:44:01,199

because if it was we wouldn't be here

1859

01:44:11,910 --> 01:44:10,070

do you feel like your experience was

1860

01:44:14,310 --> 01:44:11,920

tailor-made for you

1861

01:44:15,669 --> 01:44:14,320

or meant for you to see or did it seem

1862

01:44:16,950 --> 01:44:15,679

like it was pure happiness to answer

1863

01:44:18,550 --> 01:44:16,960

coincidence

1864

01:44:21,669 --> 01:44:18,560

um

1865

01:44:25,189 --> 01:44:21,679

it was definitely

1866

01:44:26,070 --> 01:44:25,199

uh either me or for me

1867

01:44:34,390 --> 01:44:26,080

uh

1868

01:44:38,070 --> 01:44:36,229

the other things i've seen like you know

1869

01:44:39,669 --> 01:44:38,080

the little videos i got or the other

1870

01:44:41,669 --> 01:44:39,679

things i've seen i haven't taken video

1871

01:44:42,550 --> 01:44:41,679

of that are obviously unidentified and

1872

01:44:46,149 --> 01:44:42,560

weird

1873

01:44:48,709 --> 01:44:46,159

we're not as extreme as that and we're

1874

01:44:50,950 --> 01:44:48,719

not as obviously

1875

01:44:53,990 --> 01:44:50,960

for me one was i guess

1876

01:44:56,390 --> 01:44:54,000

for my wife and i it seemed like

1877

01:45:01,669 --> 01:44:56,400

it was there for both of us for some odd

1878

01:45:01,679 --> 01:45:08,229

maybe so i didn't have to feel so alone

1879

01:45:15,270 --> 01:45:11,350

in the journey who knows

1880

01:45:18,470 --> 01:45:15,280

um but yeah it was for me like uh

1881

01:45:22,070 --> 01:45:18,480

kovit was running hard

1882

01:45:25,189 --> 01:45:23,750

you know basically i had a dream come

1883

01:45:27,430 --> 01:45:25,199

true

1884

01:45:29,270 --> 01:45:27,440

i had it two years prior about a pretty

1885

01:45:30,550 --> 01:45:29,280

traumatic event

1886

01:45:35,109 --> 01:45:30,560

in my life

1887

01:45:40,629 --> 01:45:37,750

i wish i wrote down the dates but it was

1888

01:45:40,870 --> 01:45:40,639

you know day days beforehand

1889

01:45:42,390 --> 01:45:40,880

um

1890

01:45:45,430 --> 01:45:42,400

[Music]

1891

01:45:48,629 --> 01:45:45,440

going to my back door huge

1892

01:45:51,910 --> 01:45:48,639

teardrop sideways

1893

01:45:54,390 --> 01:45:51,920

tons of energy in the you know body of

1894

01:45:56,070 --> 01:45:54,400

it the border of it was a slightly

1895

01:45:58,950 --> 01:45:56,080

different color

1896

01:46:01,430 --> 01:45:58,960

seemed alive constant motion in and out

1897

01:46:04,870 --> 01:46:01,440

of this i say dimension because it

1898

01:46:06,310 --> 01:46:04,880

didn't come from the sky

1899

01:46:07,510 --> 01:46:06,320

you know it was

1900

01:46:10,709 --> 01:46:07,520

this way

1901

01:46:16,870 --> 01:46:13,109

it was in and out right in front of my

1902

01:46:22,709 --> 01:46:16,880

vision it came in and left of course it

1903

01:46:28,310 --> 01:46:26,149

um and then after the dream

1904

01:46:30,550 --> 01:46:28,320

again day or days

1905

01:46:30,790 --> 01:46:30,560

it's all within a week

1906

01:46:31,910 --> 01:46:30,800

um

1907

01:46:34,149 --> 01:46:31,920

[Music]

1908

01:46:37,350 --> 01:46:34,159

you know more or less

1909

01:46:41,109 --> 01:46:37,360

seven eight nine five days whatever

1910

01:46:44,790 --> 01:46:43,350

i was in my head a lot at that time too

1911

01:46:48,709 --> 01:46:44,800

just like

1912

01:46:52,830 --> 01:46:51,270

but i was like i wanted

1913

01:46:54,629 --> 01:46:52,840

i remember i was

1914

01:46:56,870 --> 01:46:54,639

like

1915

01:46:58,790 --> 01:46:56,880

i was in need of something

1916

01:47:00,229 --> 01:46:58,800

you know at that time

1917

01:47:02,229 --> 01:47:00,239

[Music]

1918

01:47:03,910 --> 01:47:02,239

and i didn't know what it was is just

1919

01:47:09,030 --> 01:47:03,920

like

1920

01:47:10,870 --> 01:47:09,040

was just a really weird and awkward and

1921

01:47:13,030 --> 01:47:10,880

difficult time with coronavirus and

1922

01:47:15,030 --> 01:47:13,040

everything

1923

01:47:17,030 --> 01:47:15,040

um and not knowing you know i had lost

1924

01:47:21,669 --> 01:47:17,040

my job maybe a few months before that

1925

01:47:25,990 --> 01:47:23,350

um

1926

01:47:28,390 --> 01:47:26,000

got a new house earlier that year

1927

01:47:30,709 --> 01:47:28,400

a first house

1928

01:47:34,070 --> 01:47:30,719

so a lot was changing

1929

01:47:37,830 --> 01:47:36,229

it was it was fearful as well because of

1930

01:47:39,590 --> 01:47:37,840

the coronavirus not knowing what the

1931

01:47:41,669 --> 01:47:39,600

future was going to be like you know we

1932

01:47:43,430 --> 01:47:41,679

got this new house i lost my job what

1933

01:47:45,910 --> 01:47:43,440

the heck is going on

1934

01:47:46,950 --> 01:47:45,920

i had a started up company that really

1935

01:47:49,590 --> 01:47:46,960

couldn't

1936

01:47:50,470 --> 01:47:49,600

it was and i still have it is doing okay

1937

01:47:52,310 --> 01:47:50,480

but

1938

01:47:55,270 --> 01:47:52,320

you know you're kind of stuck because of

1939

01:47:57,350 --> 01:47:55,280

the economic consequences of that virus

1940

01:48:00,229 --> 01:47:57,360

but back to the second thing i saw i was

1941

01:48:01,669 --> 01:48:00,239

looking at my garage

1942

01:48:03,350 --> 01:48:01,679

you know not like looking at it like

1943

01:48:05,430 --> 01:48:03,360

what's that paint job like i was just

1944

01:48:08,070 --> 01:48:05,440

looking in the direction

1945

01:48:10,870 --> 01:48:08,080

and um

1946

01:48:12,149 --> 01:48:10,880

you know so there's a tree and i'm on

1947

01:48:16,870 --> 01:48:12,159

the out

1948

01:48:19,350 --> 01:48:16,880

that tree which because spaghetti

1949

01:48:22,229 --> 01:48:19,360

mentioned it to me on the on the phone

1950

01:48:25,350 --> 01:48:22,239

before i actually looked up the distance

1951

01:48:28,149 --> 01:48:25,360

so this thing was seemingly 15

1952

01:48:29,830 --> 01:48:28,159

10 to 15 feet away from me only

1953

01:48:32,310 --> 01:48:29,840

but anyways i was looking towards that

1954

01:48:35,910 --> 01:48:32,320

direction and light zips over my

1955

01:48:39,590 --> 01:48:37,910

and

1956

01:48:41,350 --> 01:48:39,600

you know you hear this all the time but

1957

01:48:43,669 --> 01:48:41,360

i just knew to keep looking in the

1958

01:48:45,510 --> 01:48:43,679

direction of where that light was going

1959

01:48:50,149 --> 01:48:45,520

and i was going to see

1960

01:48:54,709 --> 01:48:51,750

and sure

1961

01:48:59,189 --> 01:48:57,510

it wasn't a teardrop

1962

01:49:01,350 --> 01:48:59,199

um it was

1963

01:49:03,669 --> 01:49:01,360

like cylinder

1964

01:49:06,340 --> 01:49:03,679

but i knew it was the same thing because

1965

01:49:08,229 --> 01:49:06,350

it was made of like the same stuff

1966

01:49:09,990 --> 01:49:08,239

[Music]

1967

01:49:11,510 --> 01:49:10,000

i've got a loud cursor

1968

01:49:14,390 --> 01:49:11,520

thick dense

1969

01:49:16,229 --> 01:49:14,400

material in the middle white

1970

01:49:19,830 --> 01:49:16,239

um border

1971

01:49:21,669 --> 01:49:19,840

slightly different color alive moving

1972

01:49:26,709 --> 01:49:21,679

you know i say alive because it was it

1973

01:49:30,870 --> 01:49:29,109

and it went over the top of the garage i

1974

01:49:33,830 --> 01:49:30,880

didn't see it come from the sky but i

1975

01:49:37,750 --> 01:49:35,430

and it was it didn't zip anywhere it

1976

01:49:38,790 --> 01:49:37,760

just left it was gone

1977

01:49:40,070 --> 01:49:38,800

you know like

1978

01:49:44,070 --> 01:49:40,080

seemingly

1979

01:49:48,950 --> 01:49:44,080

in and out of a dimensional reality of

1980

01:49:48,960 --> 01:49:52,790

yeah cue the motorcycle

1981

01:49:59,430 --> 01:49:53,990

uh no

1982

01:50:03,910 --> 01:50:01,990

slightly impressed i remember the first

1983

01:50:04,709 --> 01:50:03,920

the first one i saw

1984

01:50:08,709 --> 01:50:04,719

i

1985

01:50:13,189 --> 01:50:11,910

what the heck what the was that you

1986

01:50:15,589 --> 01:50:13,199

know

1987

01:50:17,750 --> 01:50:15,599

what i didn't think

1988

01:50:21,189 --> 01:50:17,760

right away when i saw it is was that it

1989

01:50:25,030 --> 01:50:22,709

2d yeah

1990

01:50:27,270 --> 01:50:25,040

um

1991

01:50:29,109 --> 01:50:27,280

i i thought it was just something really

1992

01:50:31,430 --> 01:50:29,119

crazy and i couldn't process my thoughts

1993

01:50:34,310 --> 01:50:31,440

on what i thought it was

1994

01:50:36,950 --> 01:50:34,320

um i tried immediately to attach it to

1995

01:50:40,950 --> 01:50:36,960

like a shooting star or something or a

1996

01:50:44,229 --> 01:50:42,229

you know just like i don't know what

1997

01:50:46,870 --> 01:50:44,239

that was got to be a

1998

01:50:47,669 --> 01:50:46,880

meteor or something it was crazy though

1999

01:50:49,990 --> 01:50:47,679

right

2000

01:50:51,350 --> 01:50:50,000

but then the dream comes true

2001
01:50:52,709 --> 01:50:51,360
and it was you know right above the

2002
01:50:55,109 --> 01:50:52,719
house so it was

2003
01:50:56,070 --> 01:50:55,119
you know seemingly like toby says it was

2004
01:50:59,030 --> 01:50:56,080
2d

2005
01:51:03,669 --> 01:51:01,350
it seemed like it at least um

2006
01:51:06,950 --> 01:51:03,679
my house 35 40 feet high

2007
01:51:08,790 --> 01:51:06,960
and it was like right above it so

2008
01:51:10,790 --> 01:51:08,800
it was pretty close

2009
01:51:12,310 --> 01:51:10,800
or super big

2010
01:51:13,910 --> 01:51:12,320
but really or

2011
01:51:17,189 --> 01:51:13,920
super big but really far away but i

2012
01:51:17,199 --> 01:51:21,669
and then the dream thing happens

2013
01:51:25,669 --> 01:51:23,750

um

2014

01:51:27,030 --> 01:51:25,679

and you know then i see the other one

2015

01:51:29,510 --> 01:51:27,040

days later

2016

01:51:32,390 --> 01:51:29,520

that is a different shape but made of

2017

01:51:36,229 --> 01:51:32,400

the same

2018

01:51:38,950 --> 01:51:36,239

and i wasn't afraid it felt like uh

2019

01:51:40,870 --> 01:51:38,960

like a spiritual that like a spiritual

2020

01:51:43,030 --> 01:51:40,880

or

2021

01:51:46,870 --> 01:51:43,040

you know consciousness with the dream

2022

01:51:48,390 --> 01:51:46,880

yeah sure but it felt like uh

2023

01:51:50,950 --> 01:51:48,400

like a spiritual

2024

01:51:52,790 --> 01:51:50,960

thing you know like

2025

01:51:56,709 --> 01:51:52,800

i felt like they were

2026
01:51:58,950 --> 01:51:57,450
and either

2027
01:52:02,229 --> 01:51:58,960
[Music]

2028
01:52:04,470 --> 01:52:02,239
telling me

2029
01:52:06,790 --> 01:52:04,480
you know maybe messaging me that they

2030
01:52:09,189 --> 01:52:06,800
had a hand in what happened

2031
01:52:19,430 --> 01:52:11,990
with my dream and you know

2032
01:52:22,750 --> 01:52:20,629
maybe they were

2033
01:52:25,510 --> 01:52:22,760
flagging me saying hey hello

2034
01:52:27,430 --> 01:52:25,520
[Music]

2035
01:52:31,589 --> 01:52:27,440
okay get get out of your head because

2036
01:52:33,910 --> 01:52:31,599
you know there's some big stuff out here

2037
01:52:35,109 --> 01:52:33,920
there's a lot of stuff happening

2038
01:52:37,189 --> 01:52:35,119

you know

2039

01:52:38,390 --> 01:52:37,199

time to pay attention

2040

01:52:44,550 --> 01:52:38,400

to that

2041

01:52:51,109 --> 01:52:45,910

that's

2042

01:52:52,470 --> 01:52:51,119

one thing about myself is i've always

2043

01:52:55,430 --> 01:52:52,480

tried to be

2044

01:52:57,669 --> 01:52:55,440

as true to who i am

2045

01:52:59,510 --> 01:52:57,679

as possible

2046

01:53:01,270 --> 01:52:59,520

integrity

2047

01:53:04,070 --> 01:53:01,280

and i've um

2048

01:53:06,550 --> 01:53:04,080

gotten a lot of bad spots trying to keep

2049

01:53:09,030 --> 01:53:06,560

hold on to that integrity like seriously

2050

01:53:12,550 --> 01:53:09,040

but i do

2051
01:53:13,830 --> 01:53:12,560
you know i make mistakes sometimes but

2052
01:53:16,310 --> 01:53:13,840
you know

2053
01:53:18,790 --> 01:53:16,320
is what it is with my music always wrote

2054
01:53:21,109 --> 01:53:18,800
my own songs

2055
01:53:23,109 --> 01:53:21,119
always everyone always said be a cover

2056
01:53:24,390 --> 01:53:23,119
band you know then throwing a couple

2057
01:53:25,270 --> 01:53:24,400
here or

2058
01:53:26,790 --> 01:53:25,280
you know

2059
01:53:30,070 --> 01:53:26,800
that's how you get popular but they

2060
01:53:31,589 --> 01:53:30,080
didn't understand that it wasn't about

2061
01:53:33,830 --> 01:53:31,599
playing it at the fair and making

2062
01:53:36,070 --> 01:53:33,840
thousands of bucks it was about creating

2063
01:53:38,470 --> 01:53:36,080

something that came from my heart

2064

01:53:40,470 --> 01:53:38,480

you know

2065

01:53:42,629 --> 01:53:40,480

and i was addicted to that

2066

01:53:47,430 --> 01:53:42,639

i am addicted to that

2067

01:53:59,270 --> 01:53:50,310

i've been doing that for a long time

2068

01:54:05,189 --> 01:54:01,750

yeah never know

2069

01:54:10,070 --> 01:54:06,830

when you become a girl please let me

2070

01:54:15,189 --> 01:54:10,080

know i've had weird things with crows

2071

01:54:20,709 --> 01:54:17,030

well not too weird i guess i just feel

2072

01:54:25,030 --> 01:54:22,629

yeah good like

2073

01:54:27,669 --> 01:54:25,040

you know connecting the music notes that

2074

01:54:30,629 --> 01:54:27,679

you're hitting as much to if you're

2075

01:54:32,790 --> 01:54:30,639

feeling as possible you know

2076

01:54:34,550 --> 01:54:32,800

not trying to make

2077

01:54:36,790 --> 01:54:34,560

you know and i've done this before

2078

01:54:37,750 --> 01:54:36,800

trying to make a pop song or trying to

2079

01:54:41,430 --> 01:54:37,760

make

2080

01:54:46,470 --> 01:54:41,440

uh this or that or just

2081

01:54:51,270 --> 01:54:48,470

i did quick rule outs for mine then kept

2082

01:54:56,470 --> 01:54:51,280

driving sure

2083

01:55:01,189 --> 01:54:58,870

you know um but after that with the

2084

01:55:06,070 --> 01:55:01,199

dream and everything like i was hooked

2085

01:55:06,080 --> 01:55:09,830

you know

2086

01:55:17,669 --> 01:55:11,910

and i haven't really figured out what

2087

01:55:23,750 --> 01:55:20,149

honestly uh you know

2088

01:55:26,870 --> 01:55:23,760

i figured everything i think that we may

2089

01:55:33,430 --> 01:55:26,880

be able to find out in this life would

2090

01:55:38,629 --> 01:55:36,870

like i've learned more from that

2091

01:55:40,310 --> 01:55:38,639

than

2092

01:55:41,270 --> 01:55:40,320

you know any of the research i do or

2093

01:55:44,310 --> 01:55:41,280

anything

2094

01:55:45,990 --> 01:55:44,320

will ever teach me you know

2095

01:55:47,589 --> 01:55:46,000

which is frustrating because like

2096

01:55:49,430 --> 01:55:47,599

skeptics are people that really want to

2097

01:55:51,589 --> 01:55:49,440

believe but can't and they don't have

2098

01:55:54,550 --> 01:55:51,599

that experience like

2099

01:55:56,070 --> 01:55:54,560

man that sucks because if they did

2100

01:56:01,270 --> 01:55:56,080

it'd be different

2101
01:56:01,280 --> 01:56:05,350
but

2102
01:56:14,070 --> 01:56:08,470
uh what is em

2103
01:56:17,910 --> 01:56:16,229
i don't know what em is

2104
01:56:26,229 --> 01:56:17,920
eminem

2105
01:56:26,239 --> 01:56:31,430
so

2106
01:56:41,510 --> 01:56:36,629
you know

2107
01:56:43,030 --> 01:56:41,520
you can't be a jerk in life it's about

2108
01:56:46,229 --> 01:56:43,040
your own actions you have to have

2109
01:56:48,149 --> 01:56:46,239
compassion for people

2110
01:56:49,430 --> 01:56:48,159
and care about people other than

2111
01:56:50,790 --> 01:56:49,440
yourself

2112
01:56:59,830 --> 01:56:50,800
you know

2113
01:57:02,310 --> 01:56:59,840

lives and breathes and thinks the way

2114

01:57:04,629 --> 01:57:02,320

you do

2115

01:57:06,470 --> 01:57:04,639

you know

2116

01:57:09,270 --> 01:57:06,480

thinking everyone should think someone's

2117

01:57:11,350 --> 01:57:09,280

full of crap because they haven't maybe

2118

01:57:13,830 --> 01:57:11,360

proved this thing or that thing or they

2119

01:57:15,910 --> 01:57:13,840

made a mistake about one thing

2120

01:57:17,830 --> 01:57:15,920

um

2121

01:57:19,589 --> 01:57:17,840

that's the opposite of what we should be

2122

01:57:23,510 --> 01:57:19,599

doing

2123

01:57:27,990 --> 01:57:24,950

all right

2124

01:57:30,070 --> 01:57:28,000

i think i'm tapped out yo

2125

01:57:31,669 --> 01:57:30,080

no one really likes calling well at

2126
01:57:32,390 --> 01:57:31,679
least i know i don't have to really mess

2127
01:57:34,870 --> 01:57:32,400
with that anymore

2128
01:57:36,870 --> 01:57:34,880
[Laughter]

2129
01:57:39,109 --> 01:57:36,880
i tried

2130
01:57:42,709 --> 01:57:39,119
um

2131
01:57:42,719 --> 01:57:46,070
totally

2132
01:57:50,790 --> 01:57:47,910
uh something i saw you mentioned john

2133
01:57:52,870 --> 01:57:50,800
keel before um john keel actually in

2134
01:57:54,790 --> 01:57:52,880
operation trojan horse if you're ever

2135
01:57:56,709 --> 01:57:54,800
going to listen to me on a book of

2136
01:57:57,510 --> 01:57:56,719
recommendation

2137
01:58:04,629 --> 01:57:57,520
um

2138
01:58:07,430 --> 01:58:05,830

100

2139

01:58:10,229 --> 01:58:07,440

and i think it describes a lot of what

2140

01:58:12,470 --> 01:58:10,239

we're dealing with which is

2141

01:58:13,589 --> 01:58:12,480

um for some

2142

01:58:15,350 --> 01:58:13,599

i think

2143

01:58:16,709 --> 01:58:15,360

you know some of the things that are

2144

01:58:20,070 --> 01:58:16,719

seen are

2145

01:58:22,550 --> 01:58:20,080

unique to the person and who they are

2146

01:58:22,560 --> 01:58:27,430

to be quite frank with you

2147

01:58:33,189 --> 01:58:29,430

i think some people are

2148

01:58:37,830 --> 01:58:33,199

open to the trickster aspect

2149

01:58:42,070 --> 01:58:40,070

but i also think there's good

2150

01:58:44,709 --> 01:58:42,080

beings and things

2151
01:58:47,589 --> 01:58:44,719
out there that contact and communicate

2152
01:58:47,599 --> 01:58:52,310
because that's my experience

2153
01:58:58,149 --> 01:58:54,390
i was helped

2154
01:58:58,159 --> 01:59:01,350
you know

2155
01:59:05,589 --> 01:59:03,430
um but there's

2156
01:59:10,390 --> 01:59:05,599
also

2157
01:59:10,400 --> 01:59:14,149
and i don't think they're the same

2158
01:59:18,229 --> 01:59:16,070
they're different and if that's because

2159
01:59:25,510 --> 01:59:18,239
you're different or because it's

2160
01:59:28,870 --> 01:59:27,350
but isn't it interesting that everyone's

2161
01:59:31,430 --> 01:59:28,880
experience is different and guess what

2162
01:59:36,470 --> 01:59:31,440
else is different everyone from each

2163
01:59:36,480 --> 01:59:40,229

so that's interesting

2164

01:59:46,070 --> 01:59:44,390

i i wrote yeah i feel um i don't know

2165

01:59:50,629 --> 01:59:46,080

i don't just come off the wrong way but

2166

01:59:56,470 --> 01:59:53,270

i have a lot

2167

02:00:01,270 --> 01:59:56,480

of empathy and compassion for native

2168

02:00:05,270 --> 02:00:03,910

and i think one of the darkest days in

2169

02:00:09,750 --> 02:00:05,280

this world

2170

02:00:09,760 --> 02:00:20,550

oddly enough

2171

02:00:24,550 --> 02:00:23,750

which is too bad and maybe

2172

02:00:26,390 --> 02:00:24,560

yeah

2173

02:00:27,910 --> 02:00:26,400

you know native americans are people too

2174

02:00:29,830 --> 02:00:27,920

it's not like every one of them were

2175

02:00:31,830 --> 02:00:29,840

great or never or whatever but there

2176
02:00:34,390 --> 02:00:31,840
were

2177
02:00:40,070 --> 02:00:34,400
i've done my fair share of research

2178
02:00:44,070 --> 02:00:42,390
you know

2179
02:00:45,510 --> 02:00:44,080
and

2180
02:00:46,550 --> 02:00:45,520
like

2181
02:00:51,030 --> 02:00:46,560
super

2182
02:00:57,350 --> 02:00:54,870
and they had such a unique authentic and

2183
02:01:00,790 --> 02:00:57,360
beautiful way of life

2184
02:01:02,790 --> 02:01:00,800
that we just up with this

2185
02:01:05,189 --> 02:01:02,800
this work every day

2186
02:01:07,589 --> 02:01:05,199
money is more important than water

2187
02:01:08,709 --> 02:01:07,599
you know

2188
02:01:13,030 --> 02:01:08,719

that just

2189

02:01:17,430 --> 02:01:15,109

it's too big

2190

02:01:19,669 --> 02:01:17,440

too bad so say it

2191

02:01:22,550 --> 02:01:19,679

all right

2192

02:01:25,510 --> 02:01:22,560

yeah i opened up a lot of here today

2193

02:01:26,870 --> 02:01:25,520

um hopefully

2194

02:01:29,189 --> 02:01:26,880

that was okay for you

2195

02:01:31,270 --> 02:01:29,199

[Laughter]

2196

02:01:33,669 --> 02:01:31,280

you know um

2197

02:01:36,870 --> 02:01:33,679

i really don't typically like talking

2198

02:01:39,750 --> 02:01:36,880

like that because i don't um

2199

02:01:40,709 --> 02:01:39,760

i don't want anyone to think that

2200

02:01:45,270 --> 02:01:40,719

um

2201
02:01:47,189 --> 02:01:45,280
you know some people think i'm too

2202
02:01:48,830 --> 02:01:47,199
serious or

2203
02:01:52,149 --> 02:01:48,840
you

2204
02:01:53,990 --> 02:01:52,159
know think i'm mr wise or whatever or

2205
02:01:56,790 --> 02:01:54,000
cocky or anything like that like i'm

2206
02:01:57,669 --> 02:01:56,800
just doing the best i can

2207
02:02:00,950 --> 02:01:57,679
um

2208
02:02:02,790 --> 02:02:00,960
and i always speak from inside here you

2209
02:02:04,790 --> 02:02:02,800
know

2210
02:02:07,669 --> 02:02:04,800
always speak from inside here

2211
02:02:11,589 --> 02:02:09,350
that's what you'll get from me you know

2212
02:02:13,430 --> 02:02:11,599
you won't get any sneaky stuff from here

2213
02:02:16,550 --> 02:02:13,440

or say this for that

2214

02:02:19,669 --> 02:02:16,560

you'll get what is inside here

2215

02:02:21,030 --> 02:02:19,679

every time

2216

02:02:23,910 --> 02:02:21,040

you know

2217

02:02:28,709 --> 02:02:23,920

that you can count on

2218

02:02:28,719 --> 02:02:32,070

so

2219

02:02:42,790 --> 02:02:33,830

i

2220

02:02:45,830 --> 02:02:42,800

exo you know

2221

02:02:47,510 --> 02:02:45,840

where some of that all set stuff went

2222

02:02:51,430 --> 02:02:47,520

you know all of it i don't know but a

2223

02:02:52,709 --> 02:02:51,440

lot of it went there it looks like

2224

02:02:55,350 --> 02:02:52,719

which is interesting because nobody

2225

02:02:56,629 --> 02:02:55,360

touches on it

2226

02:03:00,790 --> 02:02:56,639

but

2227

02:03:02,390 --> 02:03:00,800

maybe we should start

2228

02:03:04,149 --> 02:03:02,400

all right so thanks everybody for

2229

02:03:06,790 --> 02:03:04,159

hanging out especially those who have

2230

02:03:08,950 --> 02:03:06,800

been here for two hours with me holy cow

2231

02:03:10,709 --> 02:03:08,960

thank you so much listen to me babble

2232

02:03:12,229 --> 02:03:10,719

for that long i really appreciate you

2233

02:03:13,270 --> 02:03:12,239

hanging out

2234

02:03:15,189 --> 02:03:13,280

um

2235

02:03:16,070 --> 02:03:15,199

and those you called it thank you so

2236

02:03:17,350 --> 02:03:16,080

much

2237

02:03:19,430 --> 02:03:17,360

um

2238

02:03:20,709 --> 02:03:19,440

and you know chat it take part and all

2239

02:03:23,189 --> 02:03:20,719

that kind of stuff

2240

02:03:25,430 --> 02:03:23,199

i really appreciate you guys

2241

02:03:28,310 --> 02:03:25,440

um it's good to have this place too to

2242

02:03:29,510 --> 02:03:28,320

just talk and everything so

2243

02:03:35,189 --> 02:03:29,520

oh

2244

02:03:36,950 --> 02:03:35,199

yeah i'm past the two hour mark i am

2245

02:03:38,470 --> 02:03:36,960

i gotta eat some food

2246

02:03:38,980 --> 02:03:38,480

actually it's 5 30. i got to pick my

2247

02:03:41,430 --> 02:03:38,990

wife up

2248

02:03:43,510 --> 02:03:41,440

[Laughter]

2249

02:03:44,950 --> 02:03:43,520

any longer i'd probably be late

2250

02:03:48,069 --> 02:03:44,960

oh boy

2251

02:03:48,950 --> 02:03:48,079

all right so yeah i gotta i gotta do

2252

02:03:50,310 --> 02:03:48,960

that

2253

02:03:52,470 --> 02:03:50,320

so

2254

02:03:54,629 --> 02:03:52,480

um maybe i'll come on tomorrow

2255

02:03:57,669 --> 02:03:54,639

uh actually i probably won't tomorrow

2256

02:03:59,830 --> 02:03:57,679

sorry but uh i'm back on monday

2257

02:04:01,270 --> 02:03:59,840

um and you can always message me if you

2258

02:04:02,709 --> 02:04:01,280

ever want to call in or something and i

2259

02:04:04,550 --> 02:04:02,719

can make sure

2260

02:04:05,910 --> 02:04:04,560

that we get this thing going

2261

02:04:08,390 --> 02:04:05,920

all right so

2262

02:04:10,470 --> 02:04:08,400

peace y'all have a great rest of the

2263

02:04:12,629 --> 02:04:10,480

weekend and thanks again love each and

2264

02:04:21,880 --> 02:04:12,639

every one of you be good
