

Witness Citizen

1
00:00:08,790 --> 00:00:05,829
what is happening everybody

2
00:00:11,270 --> 00:00:08,800
thank you so much for joining us on this

3
00:00:13,669 --> 00:00:11,280
wonderful tuesday

4
00:00:14,470 --> 00:00:13,679
um we have an interesting show today

5
00:00:16,630 --> 00:00:14,480
it's

6
00:00:18,070 --> 00:00:16,640
uh different from the norm uh you know

7
00:00:20,710 --> 00:00:18,080
basically

8
00:00:23,349 --> 00:00:20,720
i feel like there's almost two camps in

9
00:00:26,070 --> 00:00:23,359
this ufo community which is

10
00:00:28,710 --> 00:00:26,080
nuts and bolts and

11
00:00:29,509 --> 00:00:28,720
and uh consciousness right

12
00:00:30,550 --> 00:00:29,519
um

13
00:00:32,310 --> 00:00:30,560

but

14

00:00:34,870 --> 00:00:32,320

we

15

00:00:36,950 --> 00:00:34,880

are maybe gonna hit on something a

16

00:00:39,670 --> 00:00:36,960

little different maybe it includes all

17

00:00:42,830 --> 00:00:39,680

of them together maybe it doesn't um but

18

00:00:46,150 --> 00:00:42,840

it's i'm gonna cover history ancient

19

00:00:48,470 --> 00:00:46,160

archaeology mainly new england

20

00:00:49,750 --> 00:00:48,480

um as

21

00:00:51,430 --> 00:00:49,760

you know those of you who joined me

22

00:00:52,470 --> 00:00:51,440

yesterday i kind of teased a couple

23

00:00:54,470 --> 00:00:52,480

pictures

24

00:00:56,069 --> 00:00:54,480

um hopefully

25

00:00:58,150 --> 00:00:56,079

you enjoyed that

26

00:00:59,910 --> 00:00:58,160

um and jeffrey i gotta say i spoke with

27

00:01:01,830 --> 00:00:59,920

him for a little bit a couple times a

28

00:01:04,310 --> 00:01:01,840

little bit and he is just a fantastic

29

00:01:06,469 --> 00:01:04,320

person i feel especially now everybody

30

00:01:08,710 --> 00:01:06,479

just gets lost on twitter in the

31

00:01:10,230 --> 00:01:08,720

internet and they're they're little uh

32

00:01:13,670 --> 00:01:10,240

fights here and there

33

00:01:16,469 --> 00:01:13,680

and it's kind of you know meaningless

34

00:01:19,030 --> 00:01:16,479

and maybe sometimes we should uh just uh

35

00:01:21,990 --> 00:01:19,040

go outside take a walk go in the woods

36

00:01:22,710 --> 00:01:22,000

and you never know what you may find

37

00:01:24,830 --> 00:01:22,720

so

38

00:01:27,749 --> 00:01:24,840

um hey megan how's it

39

00:01:31,350 --> 00:01:27,759

going uh i did not get a haircut i just

40

00:01:35,030 --> 00:01:32,230

so

41

00:01:36,870 --> 00:01:35,040

um yeah i'm looking forward to uh

42

00:01:40,230 --> 00:01:36,880

getting this thing going i'm just gonna

43

00:01:42,069 --> 00:01:40,240

do a quick little um video intro here as

44

00:01:43,109 --> 00:01:42,079

you guys are familiar with me doing

45

00:01:45,830 --> 00:01:43,119

those

46

00:01:48,469 --> 00:01:45,840

um and then we will

47

00:01:50,469 --> 00:01:48,479

um bring jeffrey on so hang out for one

48

00:01:55,109 --> 00:01:50,479

second thanks

49

00:01:57,109 --> 00:01:55,119

t-minus ten nine eight seven six

50

00:01:58,310 --> 00:01:57,119

five

51
00:01:59,350 --> 00:01:58,320
three

52
00:02:00,389 --> 00:01:59,360
two

53
00:02:03,749 --> 00:02:00,399
one

54
00:02:13,030 --> 00:02:03,759
zero and liftoff of space shuttle

55
00:02:13,040 --> 00:02:17,890
so

56
00:03:06,790 --> 00:02:35,660
[Music]

57
00:03:13,830 --> 00:03:11,270
what's up yeah so um without further ado

58
00:03:15,110 --> 00:03:13,840
uh he's gonna be on the phone only just

59
00:03:16,309 --> 00:03:15,120
so you know

60
00:03:18,630 --> 00:03:16,319
um

61
00:03:20,710 --> 00:03:18,640
but he's got a very clear connection so

62
00:03:23,190 --> 00:03:20,720
so it should be great uh without further

63
00:03:25,589 --> 00:03:23,200

ado i am going to bring him in uh

64

00:03:28,070 --> 00:03:25,599

jeffrey how are you doing today

65

00:03:31,589 --> 00:03:28,080

i'm doing fine sean thank you

66

00:03:33,830 --> 00:03:31,599

good thanks so much for um joining us i

67

00:03:35,830 --> 00:03:33,840

do appreciate it you know my time spent

68

00:03:37,350 --> 00:03:35,840

with you so far has been a pleasure i

69

00:03:39,350 --> 00:03:37,360

expect this to be

70

00:03:40,229 --> 00:03:39,360

no less so

71

00:03:42,309 --> 00:03:40,239

um

72

00:03:45,589 --> 00:03:42,319

yeah i mean interesting story how i

73

00:03:48,149 --> 00:03:45,599

found you i was just doing some

74

00:03:50,229 --> 00:03:48,159

um research online the famous google

75

00:03:51,270 --> 00:03:50,239

that everybody is so aware of

76

00:04:01,589 --> 00:03:51,280

and

77

00:04:03,270 --> 00:04:01,599

find you but finally i did

78

00:04:05,110 --> 00:04:03,280

um and

79

00:04:06,869 --> 00:04:05,120

you know it looks like

80

00:04:09,030 --> 00:04:06,879

you know a very

81

00:04:09,910 --> 00:04:09,040

you know long story i'm sure made very

82

00:04:11,750 --> 00:04:09,920

short

83

00:04:13,670 --> 00:04:11,760

but i hope you'll

84

00:04:16,150 --> 00:04:13,680

explain a little further you like to

85

00:04:19,830 --> 00:04:16,160

take walks in the woods and what you

86

00:04:22,550 --> 00:04:19,840

find in what you have seen and study

87

00:04:24,629 --> 00:04:22,560

um is kind of mind-blowing which is

88

00:04:27,030 --> 00:04:24,639

tied to ancient uh

89

00:04:29,510 --> 00:04:27,040

archaeology and civilizations

90

00:04:32,150 --> 00:04:29,520

um that's correct yeah do you want to

91

00:04:33,749 --> 00:04:32,160

give us uh some sort of overview in your

92

00:04:34,950 --> 00:04:33,759

words

93

00:04:36,790 --> 00:04:34,960

uh

94

00:04:40,870 --> 00:04:36,800

it started out

95

00:04:43,430 --> 00:04:40,880

in childhood my interest in nature

96

00:04:45,749 --> 00:04:43,440

we grew up in the stone house

97

00:04:47,110 --> 00:04:45,759

in ellington connecticut

98

00:04:50,390 --> 00:04:47,120

and uh

99

00:04:53,909 --> 00:04:50,400

as a young man i foraged the woods at

100

00:04:56,390 --> 00:04:53,919

about age nine to maybe 18

101
00:04:58,390 --> 00:04:56,400
stealing baby animals from

102
00:05:02,550 --> 00:04:58,400
their their parents

103
00:05:04,710 --> 00:05:02,560
foxes kings squirrels

104
00:05:07,909 --> 00:05:04,720
and i raised them i had a kind of a

105
00:05:11,510 --> 00:05:07,919
private zoo in the backyard we had seven

106
00:05:14,150 --> 00:05:11,520
and a half acres well and

107
00:05:16,950 --> 00:05:14,160
it was a joy to uh

108
00:05:19,590 --> 00:05:16,960
befriend all these wild infant babies

109
00:05:22,390 --> 00:05:19,600
and raise them and have them bond to me

110
00:05:24,390 --> 00:05:22,400
had a pet crow that was a phenomenon he

111
00:05:25,350 --> 00:05:24,400
would come to his name and land on my

112
00:05:27,909 --> 00:05:25,360
arm

113
00:05:29,430 --> 00:05:27,919

well land and land on my bicycle

114

00:05:32,870 --> 00:05:29,440

handlebars and

115

00:05:34,310 --> 00:05:32,880

ride all over the village of ellington

116

00:05:35,029 --> 00:05:34,320

well

117

00:05:38,390 --> 00:05:35,039

what

118

00:05:40,550 --> 00:05:38,400

and you keep going sorry about that oh

119

00:05:42,230 --> 00:05:40,560

that's okay and so then

120

00:05:43,189 --> 00:05:42,240

just nature

121

00:05:46,230 --> 00:05:43,199

woods

122

00:05:48,870 --> 00:05:46,240

uh i developed uh

123

00:05:49,830 --> 00:05:48,880

an interest in poetry and put some of

124

00:05:52,790 --> 00:05:49,840

that

125

00:05:54,230 --> 00:05:52,800

to poetic verse things i found things i

126
00:05:56,390 --> 00:05:54,240
felt

127
00:05:58,070 --> 00:05:56,400
in the woods of a good nature a

128
00:06:00,710 --> 00:05:58,080
spiritual nature

129
00:06:01,510 --> 00:06:00,720
a wholesomeness and honesty

130
00:06:03,909 --> 00:06:01,520
that

131
00:06:05,430 --> 00:06:03,919
seems to be fading away in the modern

132
00:06:07,830 --> 00:06:05,440
world

133
00:06:10,629 --> 00:06:07,840
and

134
00:06:13,189 --> 00:06:10,639
then i joined an archaeology club called

135
00:06:17,110 --> 00:06:13,199
nera n-e-a-r-a

136
00:06:19,990 --> 00:06:17,120
in in and around my 45th year of life

137
00:06:21,189 --> 00:06:20,000
and uh they exposed me to these stone

138
00:06:23,510 --> 00:06:21,199

chambers

139

00:06:25,830 --> 00:06:23,520

permeating new england

140

00:06:29,189 --> 00:06:26,950

that

141

00:06:31,749 --> 00:06:29,199

just kept me going further and further

142

00:06:32,870 --> 00:06:31,759

in finding standing stones

143

00:06:35,510 --> 00:06:32,880

and and

144

00:06:36,870 --> 00:06:35,520

realizing geez there's a pattern to all

145

00:06:39,189 --> 00:06:36,880

of these things

146

00:06:40,870 --> 00:06:39,199

there's a pattern to the rocks

147

00:06:43,749 --> 00:06:40,880

there's a pattern to

148

00:06:46,790 --> 00:06:43,759

how they're placed on the bedrock

149

00:06:48,390 --> 00:06:46,800

there's sub-stones under these boulders

150

00:06:50,710 --> 00:06:48,400

that how in the heck

151

00:06:53,830 --> 00:06:50,720

could a glacier have been so

152

00:06:56,629 --> 00:06:53,840

ingenious as to place these balance

153

00:07:00,150 --> 00:06:56,639

rocks dolmen if you will of what they

154

00:07:02,790 --> 00:07:00,160

call in europe we have more lithic

155

00:07:05,670 --> 00:07:02,800

structure here in new england than they

156

00:07:07,670 --> 00:07:05,680

do in europe i think well anyway that's

157

00:07:09,189 --> 00:07:07,680

that that's my opinion

158

00:07:11,110 --> 00:07:09,199

uh

159

00:07:14,390 --> 00:07:11,120

and and so

160

00:07:16,629 --> 00:07:14,400

it it as ways lead on to way said robert

161

00:07:17,830 --> 00:07:16,639

frost uh

162

00:07:20,390 --> 00:07:17,840

i just

163

00:07:22,710 --> 00:07:20,400

started taking pictures and cataloging

164

00:07:27,270 --> 00:07:22,720

and getting carried away with it in an

165

00:07:29,510 --> 00:07:27,280

obsessive compulsive kind of a fun way

166

00:07:31,909 --> 00:07:29,520

i've been there with different

167

00:07:35,110 --> 00:07:31,919

you know sorts of things

168

00:07:38,469 --> 00:07:35,120

um indeed but you know it seems healthy

169

00:07:41,909 --> 00:07:38,479

to be to be outside and to be

170

00:07:45,189 --> 00:07:41,919

you know kind of addicted to nature

171

00:07:48,550 --> 00:07:45,199

of all things that's not social

172

00:07:51,189 --> 00:07:48,560

no no it's uh it doesn't cost much

173

00:07:54,469 --> 00:07:51,199

uh it'll keep you in shape if you stick

174

00:07:56,309 --> 00:07:54,479

with it yeah and uh

175

00:07:58,950 --> 00:07:56,319

it's uh

176

00:08:01,350 --> 00:07:58,960

it's and it's really kind of endless

177

00:08:03,909 --> 00:08:01,360

from ornithology to

178

00:08:05,189 --> 00:08:03,919

animal tracks on the snow

179

00:08:07,990 --> 00:08:05,199

to uh

180

00:08:11,189 --> 00:08:08,000

trees and plants and

181

00:08:15,909 --> 00:08:12,869

not only

182

00:08:16,869 --> 00:08:15,919

at this stage megalith

183

00:08:17,990 --> 00:08:16,879

so

184

00:08:23,990 --> 00:08:18,000

what do you

185

00:08:26,230 --> 00:08:24,000

this is all about like how do these

186

00:08:28,869 --> 00:08:26,240

like i have one picture up right now

187

00:08:30,950 --> 00:08:28,879

it's com it's a huge rock

188

00:08:33,350 --> 00:08:30,960

completely on

189

00:08:34,389 --> 00:08:33,360

a slanted angle

190

00:08:37,190 --> 00:08:34,399

like

191

00:08:40,870 --> 00:08:37,200

i do i would not stand underneath that

192

00:08:44,470 --> 00:08:40,880

like the gentleman is

193

00:08:47,430 --> 00:08:44,480

how does that work

194

00:08:50,310 --> 00:08:47,440

okay well here's the fun part

195

00:08:53,110 --> 00:08:50,320

take that site that you see

196

00:08:55,350 --> 00:08:53,120

and i believe that's my friend of mine

197

00:08:57,190 --> 00:08:55,360

arthur vervudis

198

00:08:59,990 --> 00:08:57,200

and arthur

199

00:09:02,389 --> 00:09:00,000

is a size reference as to the magnitude

200

00:09:04,230 --> 00:09:02,399

of that boulder

201
00:09:05,910 --> 00:09:04,240
and

202
00:09:08,550 --> 00:09:05,920
there's

203
00:09:12,230 --> 00:09:08,560
hundreds if not tens

204
00:09:18,150 --> 00:09:15,509
in new england alone it seems so there's

205
00:09:21,350 --> 00:09:18,160
a heavy concentration along our

206
00:09:23,030 --> 00:09:21,360
shoreline so going from new york

207
00:09:25,910 --> 00:09:23,040
up into connecticut

208
00:09:29,509 --> 00:09:25,920
along massachusetts a smidgen of

209
00:09:34,230 --> 00:09:30,949
coming

210
00:09:38,389 --> 00:09:34,240
a little bit inland 15 18 miles and

211
00:09:40,550 --> 00:09:38,399
there's a heavy heavy concentration

212
00:09:43,590 --> 00:09:40,560
along that ribbon

213
00:09:45,590 --> 00:09:43,600

and why i

214

00:09:48,550 --> 00:09:45,600

this is the fun part

215

00:09:50,630 --> 00:09:48,560

as you keep questing for an answer you

216

00:09:52,630 --> 00:09:50,640

get more questions

217

00:09:54,790 --> 00:09:52,640

yeah and

218

00:09:56,550 --> 00:09:54,800

i really don't know

219

00:09:59,269 --> 00:09:56,560

who they were

220

00:10:00,870 --> 00:09:59,279

but i've nicknamed them the utopian

221

00:10:03,910 --> 00:10:00,880

archaic

222

00:10:08,550 --> 00:10:03,920

because of their ability to move rock

223

00:10:10,550 --> 00:10:08,560

make their habitation sites out of rock

224

00:10:13,990 --> 00:10:10,560

create walls

225

00:10:16,710 --> 00:10:14,000

in new england that easily exceed

226
00:10:18,949 --> 00:10:16,720
multiple hundreds of thousands of miles

227
00:10:20,870 --> 00:10:18,959
of walls and there's no way the

228
00:10:22,389 --> 00:10:20,880
colonists had time

229
00:10:25,190 --> 00:10:22,399
clearing land

230
00:10:26,470 --> 00:10:25,200
fighting and killing indians to make all

231
00:10:27,829 --> 00:10:26,480
these walls

232
00:10:32,389 --> 00:10:27,839
right

233
00:10:33,829 --> 00:10:32,399
and it you know it seems like it was

234
00:10:36,150 --> 00:10:33,839
i'm definitely

235
00:10:37,829 --> 00:10:36,160
a habitat

236
00:10:41,190 --> 00:10:37,839
you know it seems like there are places

237
00:10:44,150 --> 00:10:41,200
people stayed and everything

238
00:10:45,110 --> 00:10:44,160

yeah as a matter of fact i've got a road

239

00:10:47,030 --> 00:10:45,120
system

240

00:10:49,509 --> 00:10:47,040
his name was phelps

241

00:10:52,150 --> 00:10:49,519
and in 1836

242

00:10:54,470 --> 00:10:52,160
there's a map that's available

243

00:10:57,030 --> 00:10:54,480
and i realized no way could the

244

00:10:59,030 --> 00:10:57,040
colonists have engineered all these

245

00:11:01,829 --> 00:10:59,040
wonderful road grades

246

00:11:04,310 --> 00:11:01,839
and water crossings

247

00:11:06,550 --> 00:11:04,320
with the stones that were here

248

00:11:09,110 --> 00:11:06,560
and uh

249

00:11:10,230 --> 00:11:09,120
they were nicknamed indian trails all

250

00:11:11,350 --> 00:11:10,240
grown up

251
00:11:14,389 --> 00:11:11,360
but now

252
00:11:17,750 --> 00:11:14,399
some of that road system of

253
00:11:19,110 --> 00:11:17,760
i suspect over a hundred thousand years

254
00:11:22,710 --> 00:11:19,120
ago

255
00:11:25,269 --> 00:11:22,720
have a number

256
00:11:27,430 --> 00:11:25,279
as to when they made these things

257
00:11:30,949 --> 00:11:27,440
but certainly uh

258
00:11:33,670 --> 00:11:30,959
the indians used the road grades and

259
00:11:37,269 --> 00:11:33,680
then the colonists

260
00:11:40,069 --> 00:11:37,279
used the road grades and now we today on

261
00:11:42,630 --> 00:11:40,079
back roads if you travel them

262
00:11:48,310 --> 00:11:42,640
we're using the same road system

263
00:11:52,389 --> 00:11:50,629

fascinating yeah that's that's

264

00:11:54,470 --> 00:11:52,399

incredible what do you think happened to

265

00:11:57,670 --> 00:11:54,480

him

266

00:11:59,269 --> 00:11:57,680

like what happens to any

267

00:12:01,990 --> 00:11:59,279

civilization

268

00:12:04,069 --> 00:12:02,000

we look at geez just about every single

269

00:12:06,470 --> 00:12:04,079

one here we are now

270

00:12:07,910 --> 00:12:06,480

and we're growing exponentially out of

271

00:12:10,550 --> 00:12:07,920

control

272

00:12:13,829 --> 00:12:10,560

and something happened

273

00:12:14,790 --> 00:12:13,839

to many many civilizations in long ago

274

00:12:16,389 --> 00:12:14,800

time

275

00:12:18,870 --> 00:12:16,399

right but uh

276

00:12:20,230 --> 00:12:18,880

it could it could be climate change like

277

00:12:23,110 --> 00:12:20,240

we're in

278

00:12:24,949 --> 00:12:23,120

like we're feeling now it could be

279

00:12:27,430 --> 00:12:24,959

corruptive government

280

00:12:29,030 --> 00:12:27,440

like we have now i don't want to get

281

00:12:31,509 --> 00:12:29,040

onto that track

282

00:12:33,190 --> 00:12:31,519

but uh none the less

283

00:12:35,269 --> 00:12:33,200

we have a system

284

00:12:38,949 --> 00:12:35,279

that's uh fracturing

285

00:12:39,670 --> 00:12:38,959

and i think there's fractured yeah and

286

00:12:42,389 --> 00:12:39,680

and

287

00:12:45,350 --> 00:12:42,399

they vanished into

288

00:12:48,230 --> 00:12:45,360

such a long ago time they left no

289

00:12:50,790 --> 00:12:48,240

written language

290

00:12:53,910 --> 00:12:50,800

but i suspect they had a technology in

291

00:12:56,710 --> 00:12:53,920

order to move all these rocks and

292

00:12:59,110 --> 00:12:56,720

engineer road systems

293

00:13:00,870 --> 00:12:59,120

now i pulled up this one picture for

294

00:13:02,949 --> 00:13:00,880

everybody and

295

00:13:04,389 --> 00:13:02,959

it's an entrance

296

00:13:07,269 --> 00:13:04,399

it's a clear

297

00:13:08,629 --> 00:13:07,279

made entrance to something what's that

298

00:13:11,110 --> 00:13:08,639

about

299

00:13:11,990 --> 00:13:11,120

okay

300

00:13:18,230 --> 00:13:12,000

they

301
00:13:21,750 --> 00:13:18,240
you're looking at a stone chamber

302
00:13:22,790 --> 00:13:21,760
and uh the outside

303
00:13:25,350 --> 00:13:22,800
is

304
00:13:27,670 --> 00:13:25,360
generally it faces a southerly direction

305
00:13:28,790 --> 00:13:27,680
or an easterly

306
00:13:31,190 --> 00:13:28,800
and

307
00:13:33,030 --> 00:13:31,200
they're earthen-covered

308
00:13:35,670 --> 00:13:33,040
man-made

309
00:13:37,910 --> 00:13:35,680
uh picture an igloo i guess this is

310
00:13:39,350 --> 00:13:37,920
about the best way i've come up with

311
00:13:42,629 --> 00:13:39,360
explaining them

312
00:13:43,430 --> 00:13:42,639
an igloo made of stone

313
00:13:45,750 --> 00:13:43,440

uh

314

00:13:47,829 --> 00:13:45,760

underground earthen covered

315

00:13:51,110 --> 00:13:47,839

so that it doesn't have a tunnel

316

00:13:52,710 --> 00:13:51,120

possibly but there are some that do

317

00:13:57,910 --> 00:13:52,720

and you enter it

318

00:14:00,069 --> 00:13:57,920

and it's its use has yet to be known

319

00:14:00,870 --> 00:14:00,079

many people have theories of what they

320

00:14:03,509 --> 00:14:00,880

were

321

00:14:04,870 --> 00:14:03,519

but some are so wet

322

00:14:07,990 --> 00:14:04,880

some lack

323

00:14:11,110 --> 00:14:08,000

a circulation of air so they were never

324

00:14:13,670 --> 00:14:11,120

a colonist root cellar

325

00:14:15,430 --> 00:14:13,680

if if you put your carrots parsnips and

326

00:14:17,430 --> 00:14:15,440

potatoes in there

327

00:14:20,710 --> 00:14:17,440

it's going to rot

328

00:14:25,670 --> 00:14:23,269

stone chambers have astronomical

329

00:14:27,269 --> 00:14:25,680

alignments many many many

330

00:14:29,430 --> 00:14:27,279

so that

331

00:14:31,990 --> 00:14:29,440

we get a sunrise

332

00:14:34,870 --> 00:14:32,000

with its eastern exposure

333

00:14:38,470 --> 00:14:34,880

the the opening and so you'd sit way in

334

00:14:40,230 --> 00:14:38,480

the back and watch the sunrise over some

335

00:14:42,710 --> 00:14:40,240

obscure

336

00:14:45,189 --> 00:14:42,720

alignment point that's

337

00:14:47,269 --> 00:14:45,199

some of that's been proven

338

00:14:49,030 --> 00:14:47,279

wow

339

00:14:51,990 --> 00:14:49,040

well

340

00:14:54,310 --> 00:14:52,000

who is doing that stuff you think

341

00:14:55,509 --> 00:14:54,320

they're aliens or what

342

00:14:58,150 --> 00:14:55,519

well

343

00:15:02,389 --> 00:14:58,160

there's a man who just passed away and

344

00:15:04,470 --> 00:15:02,399

he put me in his last book of 36 books

345

00:15:07,590 --> 00:15:04,480

and uh

346

00:15:10,870 --> 00:15:07,600

because of the advanced

347

00:15:13,829 --> 00:15:10,880

and because of the small entry holes

348

00:15:17,030 --> 00:15:13,839

these were not big people and i mean i

349

00:15:20,310 --> 00:15:17,040

don't know of were they of earth

350

00:15:22,870 --> 00:15:20,320

origins or were they of other origins i

351

00:15:24,629 --> 00:15:22,880

really do not have a solid answer

352

00:15:26,790 --> 00:15:24,639

but an alien

353

00:15:32,629 --> 00:15:26,800

is a possibility

354

00:15:35,189 --> 00:15:32,639

interesting you know is it did any of

355

00:15:36,790 --> 00:15:35,199

these rocks or stones have metal in them

356

00:15:39,990 --> 00:15:36,800

have you ever got like samples or

357

00:15:46,870 --> 00:15:45,189

i found only one that had some iron

358

00:15:48,470 --> 00:15:46,880

uh

359

00:15:51,030 --> 00:15:48,480

built into it

360

00:15:54,949 --> 00:15:51,040

in the interior ceiling

361

00:15:57,829 --> 00:15:54,959

these ceilings are made without mortar

362

00:16:01,110 --> 00:15:57,839

just about all of them i i've never seen

363

00:16:02,069 --> 00:16:01,120

any stone chamber built with concrete

364

00:16:04,790 --> 00:16:02,079

so

365

00:16:07,670 --> 00:16:04,800

these are stone on stone and they call

366

00:16:11,590 --> 00:16:07,680

it corbelling where they work

367

00:16:12,949 --> 00:16:11,600

the the absolute uh vertical walls

368

00:16:15,670 --> 00:16:12,959

of become

369

00:16:16,870 --> 00:16:15,680

inward inward inward as we go up in

370

00:16:19,509 --> 00:16:16,880

height

371

00:16:22,470 --> 00:16:19,519

and the word is corbelled

372

00:16:25,430 --> 00:16:22,480

and in putnam county alone is

373

00:16:28,790 --> 00:16:25,440

a six or seven town county that has over

374

00:16:31,590 --> 00:16:28,800

300 known stone chambers

375

00:16:34,310 --> 00:16:31,600

wow now is that where the hudson valley

376

00:16:38,069 --> 00:16:34,320

flap happened or is that around that at

377

00:16:40,949 --> 00:16:38,079

all by chance well i i do not know of

378

00:16:43,829 --> 00:16:40,959

the hudson valley flap so yeah it's just

379

00:16:47,509 --> 00:16:43,839

ufo flap in new york in like the 70s oh

380

00:16:48,949 --> 00:16:47,519

oh yes okay as far as ufo related yes

381

00:16:51,749 --> 00:16:48,959

sir uh

382

00:16:52,870 --> 00:16:51,759

yes putnam county and some of the

383

00:16:56,069 --> 00:16:52,880

chambers

384

00:16:57,350 --> 00:16:56,079

they claim uh have

385

00:17:02,310 --> 00:16:57,360

ambient

386

00:17:03,430 --> 00:17:02,320

light that comes into some of these

387

00:17:05,350 --> 00:17:03,440

chambers

388

00:17:08,710 --> 00:17:05,360

and there are some that have found a

389

00:17:09,829 --> 00:17:08,720

correlation to ufos above

390

00:17:11,990 --> 00:17:09,839

so

391

00:17:14,230 --> 00:17:12,000

but i am not knowledgeable and said

392

00:17:16,390 --> 00:17:14,240

subject yeah well you know and i

393

00:17:18,870 --> 00:17:16,400

appreciate you you know

394

00:17:20,069 --> 00:17:18,880

saying that that's how you know um that

395

00:17:22,390 --> 00:17:20,079

you actually care about what you're

396

00:17:24,390 --> 00:17:22,400

doing because you're not you know

397

00:17:26,710 --> 00:17:24,400

um tying things together where you don't

398

00:17:28,470 --> 00:17:26,720

have you know any

399

00:17:29,669 --> 00:17:28,480

you know conceivable reason to do it i

400

00:17:34,310 --> 00:17:29,679

guess but

401
00:17:36,870 --> 00:17:34,320
um you also say it's a possibility so

402
00:17:39,029 --> 00:17:36,880
that's that's correct uh

403
00:17:39,909 --> 00:17:39,039
thank you for picking up on that

404
00:17:41,909 --> 00:17:39,919
yeah

405
00:17:45,510 --> 00:17:41,919
um

406
00:17:47,990 --> 00:17:45,520
so you found also like some

407
00:17:50,390 --> 00:17:48,000
some underground stuff right the did the

408
00:17:53,190 --> 00:17:50,400
tunnels go underground you said like 30

409
00:17:54,789 --> 00:17:53,200
or 40 feet i found uh you said something

410
00:17:55,830 --> 00:17:54,799
about that

411
00:17:59,430 --> 00:17:55,840
right well

412
00:18:01,750 --> 00:17:59,440
down in down in montville connecticut

413
00:18:03,350 --> 00:18:01,760

uh which i've been to this site a

414

00:18:06,230 --> 00:18:03,360

numerous times

415

00:18:07,990 --> 00:18:06,240

it's nicknamed the monster suterain like

416

00:18:10,390 --> 00:18:08,000

over in ireland

417

00:18:13,510 --> 00:18:10,400

and this pseudorane is built into a

418

00:18:14,950 --> 00:18:13,520

hillside and easily goes approaching 50

419

00:18:18,390 --> 00:18:14,960

seed

420

00:18:19,430 --> 00:18:18,400

so they had to take out all the earth

421

00:18:23,430 --> 00:18:19,440

build

422

00:18:26,870 --> 00:18:23,440

the core bells or slab roof tunnel

423

00:18:29,990 --> 00:18:26,880

and there's been one stone slab that's

424

00:18:31,110 --> 00:18:30,000

collapsed and it makes a much easier

425

00:18:33,029 --> 00:18:31,120

entry

426

00:18:36,950 --> 00:18:33,039

and then you crawl in and it just

427

00:18:41,350 --> 00:18:36,960

terminates and into the bedrock wow

428

00:18:45,750 --> 00:18:43,029

uh there's

429

00:18:47,350 --> 00:18:45,760

there's there's one more tunneled one

430

00:18:50,190 --> 00:18:47,360

that i've been in

431

00:18:53,270 --> 00:18:51,830

massachusetts

432

00:18:56,710 --> 00:18:53,280

and uh

433

00:19:01,990 --> 00:18:56,720

that has an 18 foot long tunnel

434

00:19:06,230 --> 00:19:05,190

so interesting or near or or near

435

00:19:10,870 --> 00:19:06,240

a

436

00:19:15,430 --> 00:19:10,880

uh

437

00:19:17,029 --> 00:19:15,440

it's a special stone stone chamber wow

438

00:19:20,390 --> 00:19:17,039

you know huge

439

00:19:22,230 --> 00:19:20,400

i remember you saying um just recently

440

00:19:25,909 --> 00:19:22,240

on this show he said they're mainly

441

00:19:28,310 --> 00:19:25,919

built around bodies of water i mean if

442

00:19:30,710 --> 00:19:28,320

that's not a sign there is a

443

00:19:33,750 --> 00:19:30,720

civilization there that that put it

444

00:19:35,270 --> 00:19:33,760

there for a reason um

445

00:19:36,230 --> 00:19:35,280

you know that's pretty compelling at

446

00:19:38,630 --> 00:19:36,240

least

447

00:19:39,750 --> 00:19:38,640

that's for sure well

448

00:19:43,750 --> 00:19:39,760

i'm

449

00:19:45,990 --> 00:19:43,760

like the point guard of of a a bunch of

450

00:19:48,870 --> 00:19:46,000

people who are there's others like

451
00:19:50,870 --> 00:19:48,880
myself who are doing research and have

452
00:19:52,950 --> 00:19:50,880
accumed the data

453
00:19:55,029 --> 00:19:52,960
and uh i

454
00:19:56,950 --> 00:19:55,039
got carried away with a focus on

455
00:19:58,630 --> 00:19:56,960
megalith

456
00:20:00,470 --> 00:19:58,640
and uh

457
00:20:03,590 --> 00:20:00,480
stone chambers

458
00:20:06,390 --> 00:20:03,600
and uh there's there's just

459
00:20:09,590 --> 00:20:06,400
it's it's the infancy stage of the

460
00:20:11,029 --> 00:20:09,600
unveiling process

461
00:20:15,510 --> 00:20:11,039
call it something

462
00:20:19,990 --> 00:20:17,350
what have you learned throughout doing

463
00:20:22,710 --> 00:20:20,000

all this

464

00:20:24,230 --> 00:20:22,720

how infantile i am

465

00:20:26,230 --> 00:20:24,240

for one

466

00:20:28,230 --> 00:20:26,240

for how

467

00:20:29,590 --> 00:20:28,240

what a burden it is once you start to

468

00:20:31,270 --> 00:20:29,600

crack a nut

469

00:20:33,350 --> 00:20:31,280

of knowledge

470

00:20:35,669 --> 00:20:33,360

and you don't know where to bring it you

471

00:20:38,950 --> 00:20:35,679

don't know who to bring it to and those

472

00:20:40,710 --> 00:20:38,960

you try and try and try to get exposure

473

00:20:42,630 --> 00:20:40,720

and that's why i'm really thankful for

474

00:20:43,830 --> 00:20:42,640

this podcast show

475

00:20:47,190 --> 00:20:43,840

that helps

476
00:20:50,230 --> 00:20:47,200
me verbally express

477
00:20:53,350 --> 00:20:50,240
the truisms as i perceive them

478
00:20:56,070 --> 00:20:53,360
that this is civilization and not

479
00:20:58,230 --> 00:20:56,080
natural i.e the glacier

480
00:20:59,830 --> 00:20:58,240
yeah what have i learned

481
00:21:03,110 --> 00:20:59,840
i've learned that

482
00:21:07,590 --> 00:21:03,120
it's a long gauntlet

483
00:21:10,470 --> 00:21:08,549
it's

484
00:21:13,430 --> 00:21:10,480
as you

485
00:21:17,110 --> 00:21:13,440
quest to get an answer answered

486
00:21:18,149 --> 00:21:17,120
it only leads to more questions

487
00:21:22,789 --> 00:21:18,159
and

488
00:21:28,630 --> 00:21:26,710

it's probably a truism of

489

00:21:31,909 --> 00:21:28,640

many new

490

00:21:33,590 --> 00:21:31,919

or many articles

491

00:21:34,390 --> 00:21:33,600

interests

492

00:21:36,870 --> 00:21:34,400

uh

493

00:21:39,590 --> 00:21:36,880

subject matters there's the word

494

00:21:41,750 --> 00:21:39,600

that wherever we take our intellect it's

495

00:21:42,710 --> 00:21:41,760

the same way for everybody

496

00:21:45,830 --> 00:21:42,720

uh

497

00:21:49,510 --> 00:21:45,840

you you you learn by doing

498

00:21:51,590 --> 00:21:49,520

uh i've got no leadership to lie on that

499

00:21:54,310 --> 00:21:51,600

kind of predates me

500

00:21:56,710 --> 00:21:54,320

so i'm kind of a pioneer

501
00:21:58,470 --> 00:21:56,720
i'm kind of a pioneer out there yeah

502
00:22:00,230 --> 00:21:58,480
that's it that's interesting

503
00:22:02,870 --> 00:22:00,240
um

504
00:22:05,270 --> 00:22:02,880
you know because you i feel like

505
00:22:07,470 --> 00:22:05,280
if it hasn't been done before people are

506
00:22:09,350 --> 00:22:07,480
kind of afraid to try to do it

507
00:22:11,510 --> 00:22:09,360
[Laughter]

508
00:22:13,990 --> 00:22:11,520
yes you know well

509
00:22:14,380 --> 00:22:14,000
i guess that's

510
00:22:15,669 --> 00:22:14,390
being

511
00:22:19,590 --> 00:22:15,679
[Music]

512
00:22:20,870 --> 00:22:19,600
identifies who we are i guess yeah well

513
00:22:23,110 --> 00:22:20,880

it seems like you just let your

514

00:22:25,029 --> 00:22:23,120

curiosity take you

515

00:22:27,909 --> 00:22:25,039

to where you wanted to go in a very

516

00:22:30,310 --> 00:22:27,919

organic fashion which you know to be

517

00:22:32,950 --> 00:22:30,320

honest jeffrey that's what i really

518

00:22:35,430 --> 00:22:32,960

respected about you or do respect about

519

00:22:38,390 --> 00:22:35,440

you is you don't really care what

520

00:22:40,549 --> 00:22:38,400

you know other people are doing or

521

00:22:44,149 --> 00:22:40,559

you know where it takes you you're just

522

00:22:46,230 --> 00:22:44,159

genuinely curious and interested and you

523

00:22:48,549 --> 00:22:46,240

followed that and found some amazing

524

00:22:49,990 --> 00:22:48,559

stuff like i think we could all learn

525

00:22:51,029 --> 00:22:50,000

something from that

526

00:22:53,669 --> 00:22:51,039

um

527

00:22:55,350 --> 00:22:53,679

so i i think that's great and

528

00:22:57,510 --> 00:22:55,360

you know it's in nature i feel like

529

00:22:59,350 --> 00:22:57,520

there's so many hidden treasures out

530

00:23:02,470 --> 00:22:59,360

there in nature about our past and

531

00:23:05,590 --> 00:23:02,480

ancient you know civilizations that

532

00:23:08,070 --> 00:23:05,600

um we just may never know because the

533

00:23:09,590 --> 00:23:08,080

internet the phones everything just

534

00:23:12,710 --> 00:23:09,600

takes us farther away from that

535

00:23:16,310 --> 00:23:12,720

opportunity every day

536

00:23:19,510 --> 00:23:16,320

for sure uh i was also very lucky

537

00:23:22,630 --> 00:23:19,520

before covid hit i was really on my way

538

00:23:24,070 --> 00:23:22,640

to an upward spiral of doing library

539

00:23:26,390 --> 00:23:24,080

lectures

540

00:23:29,990 --> 00:23:26,400

and interested people were having me

541

00:23:34,470 --> 00:23:30,000

come to their house and lecture

542

00:23:36,630 --> 00:23:34,480

it it was really an exciting thing also

543

00:23:40,470 --> 00:23:36,640

i've done twice this

544

00:23:42,310 --> 00:23:40,480

ancient artifact preservation society

545

00:23:45,909 --> 00:23:42,320

excuse me uh

546

00:23:46,789 --> 00:23:45,919

lecture uh once in 2014

547

00:23:49,990 --> 00:23:46,799

live

548

00:23:51,190 --> 00:23:50,000

i drove myself out to marquette michigan

549

00:23:54,070 --> 00:23:51,200

and uh

550

00:23:56,070 --> 00:23:54,080

then the second one was in 2018.

551
00:23:59,190 --> 00:23:56,080
wow and uh

552
00:24:01,669 --> 00:23:59,200
it was highly rewarding with such an

553
00:24:06,310 --> 00:24:01,679
enthusiastic audience

554
00:24:10,870 --> 00:24:07,990
that's pretty good

555
00:24:14,149 --> 00:24:10,880
it is it is for a

556
00:24:16,310 --> 00:24:14,159
for a one-man operator who

557
00:24:20,230 --> 00:24:16,320
throws on hiking boots and

558
00:24:22,710 --> 00:24:20,240
to make such connections was a gift yeah

559
00:24:24,630 --> 00:24:22,720
absolutely let me ask you this um what

560
00:24:27,029 --> 00:24:24,640
do you think is up changing gears a

561
00:24:28,710 --> 00:24:27,039
little bit since we are

562
00:24:30,710 --> 00:24:28,720
you know

563
00:24:33,190 --> 00:24:30,720

i don't think you really

564

00:24:35,190 --> 00:24:33,200

keep up with the the ufo stuff for you

565

00:24:36,710 --> 00:24:35,200

know for better or worse but

566

00:24:39,029 --> 00:24:36,720

what do you think all that's about do

567

00:24:41,909 --> 00:24:39,039

you think that there's any merit to that

568

00:24:43,510 --> 00:24:41,919

do you know if there is can i tell you i

569

00:24:47,750 --> 00:24:43,520

have seen

570

00:24:49,590 --> 00:24:47,760

evidence of ufos you have uh oh yes i'm

571

00:24:54,470 --> 00:24:49,600

very lucky man

572

00:25:00,149 --> 00:24:57,110

things in the evening sky about one two

573

00:25:02,470 --> 00:25:00,159

three i'll go back five years ago easily

574

00:25:04,630 --> 00:25:02,480

in suffield connecticut gazing to the

575

00:25:07,669 --> 00:25:04,640

west between two trees

576
00:25:10,230 --> 00:25:07,679
the sun had set to full

577
00:25:11,190 --> 00:25:10,240
and it was dark

578
00:25:13,029 --> 00:25:11,200
with

579
00:25:15,990 --> 00:25:13,039
no moonlight

580
00:25:17,269 --> 00:25:16,000
and about 20 degrees off the western

581
00:25:21,149 --> 00:25:17,279
horizon

582
00:25:23,110 --> 00:25:21,159
were these two stationary

583
00:25:26,710 --> 00:25:23,120
non-glittering

584
00:25:28,470 --> 00:25:26,720
i said what the dickens is that

585
00:25:32,710 --> 00:25:28,480
and i said what

586
00:25:34,630 --> 00:25:32,720
i i i i was by myself

587
00:25:36,870 --> 00:25:34,640
at the back deck of where i lived at

588
00:25:39,669 --> 00:25:36,880

that time in southfield connecticut and

589

00:25:40,950 --> 00:25:39,679

there and behold were two orbs

590

00:25:44,310 --> 00:25:40,960

way out

591

00:25:46,549 --> 00:25:44,320

above the horizon about 20 degrees

592

00:25:49,269 --> 00:25:46,559

and i scratched my head and went inside

593

00:25:50,390 --> 00:25:49,279

and then compelled to go back out again

594

00:25:53,990 --> 00:25:50,400

and look

595

00:26:00,070 --> 00:25:57,909

i started to say in a prayer

596

00:26:01,430 --> 00:26:00,080

thank you for showing me

597

00:26:04,149 --> 00:26:01,440

that gift

598

00:26:06,390 --> 00:26:04,159

and i looked to the north star

599

00:26:08,630 --> 00:26:06,400

and from the north star came the most

600

00:26:10,870 --> 00:26:08,640

incredible blue

601
00:26:13,190 --> 00:26:10,880
sky blue beam

602
00:26:16,070 --> 00:26:13,200
in a rectangular shape if you can

603
00:26:19,110 --> 00:26:16,080
imagine an elongated beam

604
00:26:20,630 --> 00:26:19,120
but it seemed to have two sides in being

605
00:26:23,190 --> 00:26:20,640
square

606
00:26:25,909 --> 00:26:23,200
and uh or rectangular

607
00:26:28,789 --> 00:26:25,919
and it shot from the area of the north

608
00:26:30,549 --> 00:26:28,799
star a third of the way across the

609
00:26:33,430 --> 00:26:30,559
eastern sky

610
00:26:36,830 --> 00:26:33,440
and terminated on a butt end

611
00:26:38,390 --> 00:26:36,840
as if someone had cut a board

612
00:26:39,350 --> 00:26:38,400
wow

613
00:26:40,789 --> 00:26:39,360

that is

614

00:26:43,350 --> 00:26:40,799

interesting

615

00:26:45,190 --> 00:26:43,360

and so then i really cried i mean i

616

00:26:46,950 --> 00:26:45,200

literally had tears

617

00:26:49,830 --> 00:26:46,960

coming down my face

618

00:26:52,310 --> 00:26:49,840

because that i believe was meant for me

619

00:26:53,909 --> 00:26:52,320

yeah i know what you mean i've been

620

00:26:57,669 --> 00:26:53,919

there

621

00:26:59,990 --> 00:26:57,679

um have you really wow beautiful yeah um

622

00:27:03,510 --> 00:27:00,000

it was pretty intense actually

623

00:27:06,950 --> 00:27:05,269

white

624

00:27:09,750 --> 00:27:06,960

uh things

625

00:27:13,269 --> 00:27:09,760

around uh a dream that came true

626

00:27:14,950 --> 00:27:13,279

um wow that i had uh two years prior it

627

00:27:17,590 --> 00:27:14,960

was pretty intense

628

00:27:20,470 --> 00:27:17,600

um and yeah i got pretty emotional about

629

00:27:22,710 --> 00:27:20,480

it for sure oh yes

630

00:27:23,440 --> 00:27:22,720

yeah well that then you and i are

631

00:27:25,430 --> 00:27:23,450

kindred

632

00:27:27,750 --> 00:27:25,440

[Laughter]

633

00:27:30,549 --> 00:27:27,760

we're kindred spirits for having sex

634

00:27:34,470 --> 00:27:30,559

isn't that sweet

635

00:27:36,630 --> 00:27:34,480

wow did anything else kind of um

636

00:27:39,510 --> 00:27:36,640

coincide with that like did you have any

637

00:27:41,669 --> 00:27:39,520

dreams or weird synchronicities or

638

00:27:44,789 --> 00:27:41,679

anything like that i do not recall

639

00:27:46,830 --> 00:27:44,799

anything like that it was just a visual

640

00:27:50,149 --> 00:27:46,840

observation

641

00:27:51,110 --> 00:27:50,159

uh and uh

642

00:27:54,230 --> 00:27:51,120

yeah

643

00:27:57,430 --> 00:27:54,240

i i i can add to this

644

00:27:58,549 --> 00:27:57,440

since a child kind of i've had a psychic

645

00:27:59,750 --> 00:27:58,559

side

646

00:28:03,750 --> 00:27:59,760

and

647

00:28:06,230 --> 00:28:03,760

many times in in in my adult quest for

648

00:28:07,430 --> 00:28:06,240

this megalithic unknowns

649

00:28:11,669 --> 00:28:07,440

uh

650

00:28:14,870 --> 00:28:11,679

would feel things in the woods pull me

651
00:28:16,789 --> 00:28:14,880
pull me in a direction and lo and behold

652
00:28:19,190 --> 00:28:16,799
it would lead me to a

653
00:28:20,070 --> 00:28:19,200
phenomenal standing stone

654
00:28:24,950 --> 00:28:20,080
or

655
00:28:24,960 --> 00:28:28,789
i don't know how to answer

656
00:28:34,470 --> 00:28:31,750
or to come up with a postulation of

657
00:28:35,269 --> 00:28:34,480
what was that but i think it's

658
00:28:38,389 --> 00:28:35,279
just

659
00:28:40,870 --> 00:28:38,399
my spirituality that it's connected to

660
00:28:42,789 --> 00:28:40,880
something much greater than myself

661
00:28:44,470 --> 00:28:42,799
yeah you know that's interesting because

662
00:28:47,990 --> 00:28:44,480
that's

663
00:28:50,070 --> 00:28:48,000

you know more or less what i

664

00:28:52,470 --> 00:28:50,080

have been taking from it as well you

665

00:28:57,269 --> 00:28:54,549

certainly whether it's spirituality

666

00:28:58,950 --> 00:28:57,279

consciousness you know

667

00:28:59,990 --> 00:28:58,960

some sort of connection to something

668

00:29:03,669 --> 00:29:00,000

greater

669

00:29:06,389 --> 00:29:03,679

basically you know surely uh

670

00:29:08,470 --> 00:29:06,399

maybe it's a good time right now

671

00:29:09,430 --> 00:29:08,480

i've got a poem

672

00:29:12,310 --> 00:29:09,440

uh

673

00:29:15,430 --> 00:29:12,320

numerous ones that i've written but this

674

00:29:18,549 --> 00:29:15,440

one particularly pops into my head the

675

00:29:21,029 --> 00:29:18,559

title is tranquility and uh i'm just

676

00:29:23,990 --> 00:29:21,039

going to recite it off my head

677

00:29:25,669 --> 00:29:24,000

tranquility waits for me in the woods

678

00:29:28,789 --> 00:29:25,679

a place of peace

679

00:29:31,510 --> 00:29:28,799

where unanswered things are understood

680

00:29:34,149 --> 00:29:31,520

a place so deep and hidden there the

681

00:29:35,430 --> 00:29:34,159

great spirit dwells in the cool moist

682

00:29:38,710 --> 00:29:35,440

air

683

00:29:41,510 --> 00:29:38,720

the mossy rocks glow with deep forest

684

00:29:42,870 --> 00:29:41,520

green where crippled souls attain their

685

00:29:44,310 --> 00:29:42,880

dream

686

00:29:47,029 --> 00:29:44,320

this place of

687

00:29:49,350 --> 00:29:47,039

peace with wholesome truth is where the

688

00:29:51,350 --> 00:29:49,360

inner spirit is free

689

00:29:53,990 --> 00:29:51,360

cut loose

690

00:29:56,149 --> 00:29:54,000

so kneeling in this forest glenn i

691

00:29:58,310 --> 00:29:56,159

search for things that might have been

692

00:30:01,669 --> 00:29:58,320

for no matter where the road of life may

693

00:30:04,950 --> 00:30:01,679

take me and troubles will always abound

694

00:30:06,789 --> 00:30:04,960

the total peace i find in praying i find

695

00:30:09,590 --> 00:30:06,799

on this holy ground

696

00:30:11,669 --> 00:30:09,600

the babbling brook the chirping birds

697

00:30:14,630 --> 00:30:11,679

are with me in my quest

698

00:30:15,830 --> 00:30:14,640

for the peace i find in this hidden wood

699

00:30:19,750 --> 00:30:15,840

it's pure

700

00:30:20,830 --> 00:30:19,760

it's strong i rest

701
00:30:23,110 --> 00:30:20,840
that's

702
00:30:24,470 --> 00:30:23,120
beautiful thank you for sharing that

703
00:30:26,149 --> 00:30:24,480
jeffrey

704
00:30:27,990 --> 00:30:26,159
yes sir

705
00:30:29,909 --> 00:30:28,000
let me ask you something i think this is

706
00:30:31,190 --> 00:30:29,919
a good question for you because you're

707
00:30:34,389 --> 00:30:31,200
kind of uh

708
00:30:37,190 --> 00:30:34,399
outside of this entire you know

709
00:30:38,789 --> 00:30:37,200
ufo community or whatever going online

710
00:30:40,149 --> 00:30:38,799
and everything right now

711
00:30:41,590 --> 00:30:40,159
um

712
00:30:43,510 --> 00:30:41,600
there's there's a

713
00:30:45,750 --> 00:30:43,520

there's a lot of infighting and back and

714

00:30:47,430 --> 00:30:45,760

forth about what's this what's that and

715

00:30:50,789 --> 00:30:47,440

the government's fooling us or whatever

716

00:30:54,710 --> 00:30:50,799

what kind of advice would you have for a

717

00:30:57,650 --> 00:30:54,720

group of confused people

718

00:31:01,190 --> 00:30:57,660

which is probably humanity in general

719

00:31:03,430 --> 00:31:01,200

[Laughter]

720

00:31:07,590 --> 00:31:03,440

my suggestion

721

00:31:13,509 --> 00:31:10,549

would be to do not be afraid

722

00:31:17,590 --> 00:31:13,519

of the unknown

723

00:31:17,600 --> 00:31:21,110

listen to babblers

724

00:31:25,909 --> 00:31:23,269

go cautiously

725

00:31:28,870 --> 00:31:25,919

and learn as you go

726
00:31:30,950 --> 00:31:28,880
it's what happened to me with the stones

727
00:31:32,470 --> 00:31:30,960
it's what happened to me with all those

728
00:31:34,710 --> 00:31:32,480
wild animal

729
00:31:38,630 --> 00:31:34,720
den sites that i would find in nest

730
00:31:42,389 --> 00:31:40,870
move forward

731
00:31:44,149 --> 00:31:42,399
and and and

732
00:31:50,149 --> 00:31:44,159
keep an open mind

733
00:31:51,909 --> 00:31:50,159
don't be afraid of ridicule if you do

734
00:31:53,190 --> 00:31:51,919
have an encounter

735
00:31:57,350 --> 00:31:53,200
uh

736
00:31:58,870 --> 00:31:57,360
you'll seek a very happy happy end

737
00:32:01,909 --> 00:31:58,880
product i think

738
00:32:03,669 --> 00:32:01,919

yeah that's great advice

739

00:32:05,190 --> 00:32:03,679

well jeffrey it's been a pleasure

740

00:32:07,990 --> 00:32:05,200

getting to know you and looking at your

741

00:32:09,909 --> 00:32:08,000

photos and everything

742

00:32:11,350 --> 00:32:09,919

so is there a place indeed is there a

743

00:32:14,630 --> 00:32:11,360

place people can

744

00:32:17,990 --> 00:32:14,640

um find you or connect with you

745

00:32:25,110 --> 00:32:20,389

a website but

746

00:32:30,470 --> 00:32:28,149

and there's pictorials there but if but

747

00:32:32,549 --> 00:32:30,480

if anyone is sincere

748

00:32:34,870 --> 00:32:32,559

and would like to call me i'd be more

749

00:32:35,909 --> 00:32:34,880

than willing to talk to anybody at any

750

00:32:37,909 --> 00:32:35,919

time

751
00:32:40,070 --> 00:32:37,919
about the truth of

752
00:32:41,990 --> 00:32:40,080
the universe i guess

753
00:32:44,389 --> 00:32:42,000
uh what do you think the truth of the

754
00:32:45,990 --> 00:32:44,399
universe is

755
00:32:48,389 --> 00:32:46,000
that love

756
00:32:49,590 --> 00:32:48,399
is the most powerful

757
00:32:51,669 --> 00:32:49,600
adjunct

758
00:32:54,230 --> 00:32:51,679
or ingredient

759
00:32:57,830 --> 00:32:54,240
to uh

760
00:33:03,190 --> 00:32:57,840
stir into the soup and it seems to be

761
00:33:07,269 --> 00:33:04,789
do you think

762
00:33:13,029 --> 00:33:07,279
this was something that

763
00:33:19,509 --> 00:33:15,990

i believe we are headed

764

00:33:23,110 --> 00:33:19,519

towards a day of reckoning

765

00:33:25,190 --> 00:33:23,120

and love is probably the answer

766

00:33:28,789 --> 00:33:25,200

and forgiveness

767

00:33:31,830 --> 00:33:28,799

yeah uh if if one can attain

768

00:33:33,669 --> 00:33:31,840

for whoever they may be or whoever

769

00:33:35,830 --> 00:33:33,679

it may be

770

00:33:39,269 --> 00:33:35,840

learn to love

771

00:33:43,029 --> 00:33:39,279

and love will get back to you

772

00:33:45,509 --> 00:33:43,039

and love equates to trust and

773

00:33:47,830 --> 00:33:45,519

it's it's a

774

00:33:50,950 --> 00:33:47,840

it's a component that really needs to

775

00:33:53,990 --> 00:33:50,960

manifest more than what it's doing

776

00:33:56,070 --> 00:33:54,000

yeah i couldn't agree with you more

777

00:34:00,789 --> 00:33:56,080

especially now

778

00:34:02,789 --> 00:34:00,799

convey that online like how do you show

779

00:34:05,029 --> 00:34:02,799

love on the internet which is where

780

00:34:07,110 --> 00:34:05,039

everybody lives

781

00:34:10,550 --> 00:34:07,120

wow

782

00:34:13,030 --> 00:34:12,149

you know

783

00:34:15,190 --> 00:34:13,040

well

784

00:34:18,310 --> 00:34:15,200

it's tough

785

00:34:21,589 --> 00:34:18,320

i i i i for whoever is out there and

786

00:34:23,349 --> 00:34:21,599

wants to communicate with the true blue

787

00:34:25,510 --> 00:34:23,359

i'm going to give my phone number which

788

00:34:27,669 --> 00:34:25,520

i have never done before i don't know

789

00:34:31,829 --> 00:34:27,679

but

790

00:34:34,790 --> 00:34:31,839

then i then i well because i am open

791

00:34:37,349 --> 00:34:34,800

i am not a closed book and i do not fear

792

00:34:39,510 --> 00:34:37,359

that's up that's up to you otherwise

793

00:34:42,310 --> 00:34:39,520

right you know i can have people contact

794

00:34:45,030 --> 00:34:42,320

me and i can okay then that's probably

795

00:34:46,869 --> 00:34:45,040

the more apropos route to take okay

796

00:34:48,950 --> 00:34:46,879

yeah but indeed

797

00:34:51,190 --> 00:34:48,960

let it be known that i'm

798

00:34:52,310 --> 00:34:51,200

available to communicate

799

00:34:54,629 --> 00:34:52,320

with

800

00:34:57,589 --> 00:34:54,639

anyone at any time

801
00:34:58,870 --> 00:34:57,599
of the truisms of what we seek in this

802
00:35:03,670 --> 00:34:58,880
planet

803
00:35:05,750 --> 00:35:03,680
which is which is wholesome truth yeah

804
00:35:07,030 --> 00:35:05,760
yeah i think i think i related that in

805
00:35:08,950 --> 00:35:07,040
my poem

806
00:35:11,589 --> 00:35:08,960
you did

807
00:35:13,430 --> 00:35:11,599
do you think maybe the answer is for

808
00:35:14,550 --> 00:35:13,440
because every i feel like everybody is

809
00:35:17,750 --> 00:35:14,560
always

810
00:35:19,349 --> 00:35:17,760
seeking or chasing something that

811
00:35:20,550 --> 00:35:19,359
they don't really necessarily even know

812
00:35:22,950 --> 00:35:20,560
what it is

813
00:35:24,870 --> 00:35:22,960

but sometimes they work really hard

814

00:35:27,349 --> 00:35:24,880

working for something and and they're

815

00:35:29,270 --> 00:35:27,359

not really sure in the ufo community

816

00:35:31,510 --> 00:35:29,280

it's you know trying to figure out what

817

00:35:33,270 --> 00:35:31,520

the enigma is and no one ever really

818

00:35:35,030 --> 00:35:33,280

seems to get there but yep you keep

819

00:35:36,870 --> 00:35:35,040

chasing

820

00:35:38,950 --> 00:35:36,880

you know and sometimes i almost think

821

00:35:40,950 --> 00:35:38,960

that what we're chasing is

822

00:35:43,270 --> 00:35:40,960

um

823

00:35:45,349 --> 00:35:43,280

you know is something that's actually on

824

00:35:47,670 --> 00:35:45,359

the inside of us

825

00:35:50,390 --> 00:35:47,680

you know some sort of peace or love or

826
00:35:54,310 --> 00:35:51,910
well

827
00:35:56,550 --> 00:35:54,320
when i was a young

828
00:35:58,630 --> 00:35:56,560
young fellow

829
00:36:00,870 --> 00:35:58,640
growing up in ellington

830
00:36:01,990 --> 00:36:00,880
i can remember being

831
00:36:05,829 --> 00:36:02,000
8

832
00:36:10,870 --> 00:36:08,390
going out on a winter night and just

833
00:36:13,829 --> 00:36:10,880
being amazed at the stars that would

834
00:36:15,589 --> 00:36:13,839
come the winters were colder than the

835
00:36:17,270 --> 00:36:15,599
skies were clear

836
00:36:19,589 --> 00:36:17,280
and crackled

837
00:36:22,390 --> 00:36:19,599
with the clarity that you don't see much

838
00:36:23,990 --> 00:36:22,400

of today where most of the people live

839

00:36:26,790 --> 00:36:24,000

you've got this

840

00:36:29,190 --> 00:36:26,800

street lights and and and city lights

841

00:36:32,150 --> 00:36:29,200

that really hide

842

00:36:35,270 --> 00:36:32,160

the winter universe sky or even in the

843

00:36:38,710 --> 00:36:35,280

summertime on a clear night

844

00:36:41,349 --> 00:36:38,720

but i later on would realize that each

845

00:36:42,950 --> 00:36:41,359

pinpoint of light is a star

846

00:36:45,750 --> 00:36:42,960

which is a sun

847

00:36:48,069 --> 00:36:45,760

and the possibility of a solar system

848

00:36:50,550 --> 00:36:48,079

revolving around said sun

849

00:36:53,670 --> 00:36:50,560

or even more mind-boggling

850

00:36:56,069 --> 00:36:53,680

the pinpoint of light could be a galaxy

851
00:36:58,310 --> 00:36:56,079
containing billions and billions of

852
00:37:00,790 --> 00:36:58,320
stars

853
00:37:02,390 --> 00:37:00,800
and when you take the mathematical

854
00:37:04,390 --> 00:37:02,400
probability

855
00:37:06,870 --> 00:37:04,400
it's not

856
00:37:08,950 --> 00:37:06,880
g do you think there's life out there

857
00:37:10,390 --> 00:37:08,960
it's like

858
00:37:11,430 --> 00:37:10,400
the answer

859
00:37:17,670 --> 00:37:11,440
is

860
00:37:20,630 --> 00:37:17,680
does it manifest yeah

861
00:37:23,910 --> 00:37:20,640
and if it comes here

862
00:37:25,750 --> 00:37:23,920
well and of course one of the little

863
00:37:27,030 --> 00:37:25,760

quipped was

864

00:37:31,910 --> 00:37:27,040

uh

865

00:37:33,109 --> 00:37:31,920

do we have intelligent life on earth

866

00:37:34,870 --> 00:37:33,119

and

867

00:37:37,990 --> 00:37:34,880

sometimes

868

00:37:41,349 --> 00:37:38,000

we laugh at ourselves or i know i do

869

00:37:44,870 --> 00:37:41,359

and say gee maybe we're not so smart

870

00:37:47,589 --> 00:37:44,880

we may not be it would but i definitely

871

00:37:49,270 --> 00:37:47,599

i i want this to be understood to our

872

00:37:51,910 --> 00:37:49,280

listening audience

873

00:37:54,230 --> 00:37:51,920

we are definitely not alone in the

874

00:37:56,470 --> 00:37:54,240

universe

875

00:37:59,349 --> 00:37:56,480

there are other life forms

876

00:38:02,630 --> 00:37:59,359

that might even live under the antarctic

877

00:38:09,349 --> 00:38:06,950

they might live in mountain ranges

878

00:38:14,630 --> 00:38:11,829

they might live on moons

879

00:38:17,910 --> 00:38:14,640

that are big enough to have

880

00:38:19,030 --> 00:38:17,920

a magnetic field and such and be warm

881

00:38:21,349 --> 00:38:19,040

under there

882

00:38:22,630 --> 00:38:21,359

water and warmth i guess

883

00:38:24,550 --> 00:38:22,640

you know

884

00:38:26,710 --> 00:38:24,560

can make it happen oh it's uh

885

00:38:30,069 --> 00:38:26,720

interesting built there's uh this bill

886

00:38:31,829 --> 00:38:30,079

nelson he's the head of nasa now

887

00:38:35,349 --> 00:38:31,839

and here he's been kind of going out

888

00:38:37,510 --> 00:38:35,359

there on a limb um talking about

889

00:38:40,310 --> 00:38:37,520

you know different

890

00:38:41,270 --> 00:38:40,320

you know basically the possibility of uh

891

00:38:43,349 --> 00:38:41,280

life

892

00:38:47,349 --> 00:38:43,359

on a different planet right

893

00:38:52,390 --> 00:38:47,359

and he literally one of his comments is

894

00:38:56,950 --> 00:38:52,400

there are 300 moons we think have oceans

895

00:38:59,270 --> 00:38:56,960

and if there are oceans there is life

896

00:39:01,190 --> 00:38:59,280

wow yeah so they're getting pretty open

897

00:39:03,589 --> 00:39:01,200

with this stuff

898

00:39:08,150 --> 00:39:03,599

you know it's it's pretty incredible

899

00:39:10,310 --> 00:39:08,160

um one a different clip he said um in my

900

00:39:12,390 --> 00:39:10,320

opinion

901
00:39:15,910 --> 00:39:12,400
you know talking about these

902
00:39:18,550 --> 00:39:15,920
recent like videos that the navy saw or

903
00:39:21,750 --> 00:39:18,560
you know they ran into ufos or whatever

904
00:39:22,630 --> 00:39:21,760
um that went on tv a few years ago

905
00:39:26,390 --> 00:39:22,640
and

906
00:39:27,589 --> 00:39:26,400
asking him what he thinks it is as ahead

907
00:39:28,950 --> 00:39:27,599
of nasa

908
00:39:31,109 --> 00:39:28,960
and

909
00:39:33,430 --> 00:39:31,119
he says in my opinion

910
00:39:36,550 --> 00:39:33,440
um the universe is so

911
00:39:38,390 --> 00:39:36,560
large that i can't fathom

912
00:39:40,950 --> 00:39:38,400
but there is definitely another

913
00:39:43,670 --> 00:39:40,960

possibility versus ours or foreign

914

00:39:46,950 --> 00:39:43,680

technology um that

915

00:39:48,230 --> 00:39:46,960

there is another intelligent

916

00:39:52,960 --> 00:39:48,240

life

917

00:39:54,150 --> 00:39:52,970

intelligent

918

00:39:56,950 --> 00:39:54,160

[Music]

919

00:40:00,230 --> 00:39:56,960

well i certainly saw it five years ago

920

00:40:02,790 --> 00:40:00,240

on that summer night yeah uh a lot of us

921

00:40:04,309 --> 00:40:02,800

have eh

922

00:40:05,750 --> 00:40:04,319

uh

923

00:40:08,829 --> 00:40:05,760

there are

924

00:40:10,870 --> 00:40:08,839

things that are popping up like this

925

00:40:12,710 --> 00:40:10,880

sasquatch a quest

926
00:40:15,670 --> 00:40:12,720
yeah i mean

927
00:40:17,349 --> 00:40:15,680
who is this bigfoot gentleman

928
00:40:18,390 --> 00:40:17,359
who are they

929
00:40:19,510 --> 00:40:18,400
uh

930
00:40:21,589 --> 00:40:19,520
yeah

931
00:40:23,030 --> 00:40:21,599
they seem to be there people see them

932
00:40:25,589 --> 00:40:23,040
often enough

933
00:40:26,950 --> 00:40:25,599
myself included i shall not go into it

934
00:40:29,910 --> 00:40:26,960
but

935
00:40:32,069 --> 00:40:29,920
i have seen sasquatch you have

936
00:40:36,829 --> 00:40:32,079
oh yes i am you don't want to go into

937
00:40:42,150 --> 00:40:40,390
he's benevolent

938
00:40:43,190 --> 00:40:42,160

and

939

00:40:45,030 --> 00:40:43,200

uh

940

00:40:49,109 --> 00:40:45,040

a gentleman you might have on your

941

00:40:52,230 --> 00:40:49,119

podcast show is a kiwoni lapsertitis a

942

00:40:54,069 --> 00:40:52,240

fine gentleman a dear friend of mine

943

00:40:56,309 --> 00:40:54,079

he's uh

944

00:40:58,870 --> 00:40:56,319

lives out in washington state and has an

945

00:41:01,270 --> 00:40:58,880

incredible

946

00:41:02,630 --> 00:41:01,280

connection with said

947

00:41:09,030 --> 00:41:02,640

bigfoot

948

00:41:09,040 --> 00:41:11,430

but

949

00:41:14,870 --> 00:41:13,829

the image was there the movement was

950

00:41:18,470 --> 00:41:14,880

there

951
00:41:20,390 --> 00:41:18,480
the form the shape the silhouette

952
00:41:21,829 --> 00:41:20,400
moving through the woods

953
00:41:23,589 --> 00:41:21,839
one was

954
00:41:26,309 --> 00:41:23,599
he was bent over

955
00:41:28,470 --> 00:41:26,319
and like squatting down

956
00:41:30,870 --> 00:41:28,480
and another one was

957
00:41:32,630 --> 00:41:30,880
way out on a

958
00:41:36,470 --> 00:41:32,640
winter

959
00:41:38,710 --> 00:41:36,480
kind of a slope it was lack of leaves

960
00:41:39,829 --> 00:41:38,720
i could see way out on a slope in

961
00:41:43,430 --> 00:41:39,839
connecticut

962
00:41:44,550 --> 00:41:43,440
and he was running downward kind of

963
00:41:45,430 --> 00:41:44,560

uh

964

00:41:48,390 --> 00:41:45,440

just

965

00:41:50,790 --> 00:41:48,400

bouncing over rocks with with the skill

966

00:41:53,190 --> 00:41:50,800

of of a uh

967

00:41:55,190 --> 00:41:53,200

of of an olympia

968

00:41:58,230 --> 00:41:55,200

of an olympian

969

00:42:00,550 --> 00:41:58,240

athlete who was incredible

970

00:42:01,670 --> 00:42:00,560

the agility

971

00:42:02,550 --> 00:42:01,680

well

972

00:42:04,470 --> 00:42:02,560

you weren't

973

00:42:07,510 --> 00:42:04,480

afraid or anything

974

00:42:09,030 --> 00:42:07,520

no no no i i

975

00:42:11,990 --> 00:42:09,040

i would

976

00:42:13,829 --> 00:42:12,000

like to meet him actually

977

00:42:17,270 --> 00:42:13,839

i would like to

978

00:42:19,750 --> 00:42:17,280

have him touch me and say

979

00:42:22,390 --> 00:42:19,760

kind things and vice versa

980

00:42:25,670 --> 00:42:23,670

well

981

00:42:28,150 --> 00:42:25,680

i can't wait to talk to you again mr

982

00:42:30,390 --> 00:42:28,160

jeffrey it was a pleasure okay uh

983

00:42:34,069 --> 00:42:30,400

getting to know you and if anybody out

984

00:42:36,390 --> 00:42:34,079

there like they said um like you said

985

00:42:38,710 --> 00:42:36,400

um wants to get in touch with you they

986

00:42:41,750 --> 00:42:38,720

can contact me and i'll veto perfect

987

00:42:45,270 --> 00:42:41,760

make sure they're genuine

988

00:42:47,109 --> 00:42:45,280

so there you go yeah um you stay well

989

00:42:49,510 --> 00:42:47,119

and yeah we'll

990

00:42:52,870 --> 00:42:49,520

we'll we'll speak again you know

991

00:42:54,950 --> 00:42:52,880

okay personally or whatever

992

00:42:57,750 --> 00:42:54,960

god bless you my friend and thank you so

993

00:43:00,710 --> 00:42:57,760

much for the opportunity to connect

994

00:43:02,790 --> 00:43:00,720

with our brothers and sisters yeah uh

995

00:43:05,670 --> 00:43:02,800

thank you so much for for doing this i

996

00:43:06,710 --> 00:43:05,680

really appreciate it you're a good man

997

00:43:09,430 --> 00:43:06,720

thank you

998

00:43:15,410 --> 00:43:09,440

you take care you take care

999

00:43:21,190 --> 00:43:17,829

[Music]

1000

00:43:22,710 --> 00:43:21,200

uh yeah that was mr

1001

00:43:24,309 --> 00:43:22,720

jeffrey woodham

1002

00:43:27,910 --> 00:43:24,319

um good person

1003

00:43:32,550 --> 00:43:30,069

and he had a lot of good messages

1004

00:43:34,150 --> 00:43:32,560

you know um it's unfortunate

1005

00:43:36,230 --> 00:43:34,160

uh spaghetti missed it because he came

1006

00:43:37,750 --> 00:43:36,240

in here and um

1007

00:43:40,390 --> 00:43:37,760

said maybe you get off the internet and

1008

00:43:43,510 --> 00:43:40,400

all that kind of stuff and weird that's

1009

00:43:45,270 --> 00:43:43,520

was the whole topic of of this show

1010

00:43:46,870 --> 00:43:45,280

basically to me

1011

00:43:49,589 --> 00:43:46,880

um was

1012

00:43:51,349 --> 00:43:49,599

get out there

1013

00:43:53,190 --> 00:43:51,359

you know put phones down put screens

1014

00:43:55,829 --> 00:43:53,200

away

1015

00:43:57,109 --> 00:43:55,839

and

1016

00:43:59,349 --> 00:43:57,119

you know don't forget about mother

1017

00:44:01,430 --> 00:43:59,359

nature right

1018

00:44:03,750 --> 00:44:01,440

because i think these days we often do

1019

00:44:09,990 --> 00:44:07,349

we're so into our screens

1020

00:44:16,309 --> 00:44:12,710

um and the life that

1021

00:44:19,510 --> 00:44:16,319

transpires on those

1022

00:44:20,670 --> 00:44:19,520

which oftentimes for a lot of people is

1023

00:44:21,750 --> 00:44:20,680

more real than

1024

00:44:24,630 --> 00:44:21,760

[Music]

1025

00:44:28,470 --> 00:44:24,640

our physical lives

1026
00:44:31,670 --> 00:44:30,710
and i don't know that that's

1027
00:44:32,950 --> 00:44:31,680
the way

1028
00:44:34,470 --> 00:44:32,960
that we were

1029
00:44:36,710 --> 00:44:34,480
um

1030
00:44:37,990 --> 00:44:36,720
intended to live and experience each

1031
00:44:39,670 --> 00:44:38,000
other

1032
00:44:42,390 --> 00:44:39,680
and because of that

1033
00:44:46,470 --> 00:44:42,400
i feel like we

1034
00:44:49,990 --> 00:44:47,670
trying to

1035
00:44:52,150 --> 00:44:50,000
adapt

1036
00:44:53,510 --> 00:44:52,160
so

1037
00:44:55,910 --> 00:44:53,520
uh yeah it was a different kind of

1038
00:44:58,309 --> 00:44:55,920

episode but i wanted to do it because uh

1039

00:45:01,589 --> 00:44:58,319

he was such he's such a good guy

1040

00:45:03,750 --> 00:45:01,599

um and you know what he does and the way

1041

00:45:05,589 --> 00:45:03,760

he lives and his philosophy is just

1042

00:45:07,430 --> 00:45:05,599

beautiful so

1043

00:45:10,230 --> 00:45:07,440

um yeah with that being said i'm gonna

1044

00:45:13,670 --> 00:45:10,240

get out of here i'm gonna do uh another

1045

00:45:15,109 --> 00:45:13,680

show uh later tonight where it's just me

1046

00:45:17,510 --> 00:45:15,119

and i'm talking about

1047

00:45:19,510 --> 00:45:17,520

uh the electromagnetic

1048

00:45:21,349 --> 00:45:19,520

spectrum

1049

00:45:23,750 --> 00:45:21,359

or maybe maybe i won't i don't know

1050

00:45:25,589 --> 00:45:23,760

we'll see if i get a good nap and i want

1051
00:45:26,550 --> 00:45:25,599
to

1052
00:45:27,990 --> 00:45:26,560
so

1053
00:45:29,270 --> 00:45:28,000
um

1054
00:45:32,390 --> 00:45:29,280
but yeah

1055
00:45:34,309 --> 00:45:32,400
we saw what happens when uh ucr has a

1056
00:45:36,870 --> 00:45:34,319
show at the same time as me

1057
00:45:37,829 --> 00:45:36,880
everybody goes over there

1058
00:45:39,430 --> 00:45:37,839
so

1059
00:45:41,030 --> 00:45:39,440
uh but that's okay you can watch the

1060
00:45:41,910 --> 00:45:41,040
reruns over here

1061
00:45:43,990 --> 00:45:41,920
um

1062
00:45:45,270 --> 00:45:44,000
you know if you're out of stuff to watch

1063
00:45:46,950 --> 00:45:45,280

so

1064

00:45:49,589 --> 00:45:46,960

yeah with that being said i appreciate

1065

00:45:52,710 --> 00:45:49,599

it remember tomorrow too we have uh mr

1066

00:45:53,990 --> 00:45:52,720

robert covered on

1067

00:45:55,829 --> 00:45:54,000

um

1068

00:45:58,230 --> 00:45:55,839

and we're gonna do some

1069

00:45:59,349 --> 00:45:58,240

document deep diving so that should be

1070

00:46:02,870 --> 00:45:59,359

pretty cool

1071

00:46:03,829 --> 00:46:02,880

so make sure you connect with us there

1072

00:46:07,030 --> 00:46:03,839

um

1073

00:46:09,670 --> 00:46:07,040

and yeah sunday we have an experiencer

1074

00:46:12,950 --> 00:46:09,680

uh round table with um

1075

00:46:14,550 --> 00:46:12,960

uh jay king and we have

1076

00:46:15,750 --> 00:46:14,560

um

1077

00:46:17,990 --> 00:46:15,760

myself

1078

00:46:19,270 --> 00:46:18,000

uh christopher walford

1079

00:46:24,470 --> 00:46:19,280

um

1080

00:46:26,390 --> 00:46:24,480

and

1081

00:46:27,670 --> 00:46:26,400

who else we got i know we got some other

1082

00:46:29,030 --> 00:46:27,680

people

1083

00:46:30,309 --> 00:46:29,040

but

1084

00:46:32,470 --> 00:46:30,319

the names

1085

00:46:33,670 --> 00:46:32,480

are escaped the other guy's dr sean

1086

00:46:37,589 --> 00:46:33,680

actually

1087

00:46:39,430 --> 00:46:37,599

his name's sean uh dr sean

1088

00:46:41,109 --> 00:46:39,440

i'm gonna screw up that last name

1089

00:46:42,790 --> 00:46:41,119

ashborne hargens

1090

00:46:45,190 --> 00:46:42,800

and linda

1091

00:46:48,069 --> 00:46:45,200

so all of us are going to be talking

1092

00:46:51,510 --> 00:46:48,079

um about a lot of different stuff

1093

00:46:53,349 --> 00:46:51,520

um experiencer issues jay king is so

1094

00:46:55,270 --> 00:46:53,359

good with the words

1095

00:46:57,109 --> 00:46:55,280

um so i'm just going to read his tweet

1096

00:46:59,589 --> 00:46:57,119

actually because it's perfect we'll talk

1097

00:47:00,630 --> 00:46:59,599

experiencer issues and advocacy new

1098

00:47:03,750 --> 00:47:00,640

develops

1099

00:47:05,109 --> 00:47:03,760

developments in the field and much more

1100

00:47:07,109 --> 00:47:05,119

um

1101
00:47:09,990 --> 00:47:07,119
and the doctor that i had just mentioned

1102
00:47:13,589 --> 00:47:10,000
who is coming aboard established a new

1103
00:47:15,349 --> 00:47:13,599
accredited phd program in anomalous

1104
00:47:17,829 --> 00:47:15,359
studies

1105
00:47:22,829 --> 00:47:17,839
pretty cool it's the first of its kind

1106
00:47:27,190 --> 00:47:25,270
so actually i don't know if i would be

1107
00:47:29,990 --> 00:47:27,200
able to

1108
00:47:35,030 --> 00:47:30,000
do this or not

1109
00:47:40,549 --> 00:47:37,589
yeah so like me on twitter instagram

1110
00:47:42,230 --> 00:47:40,559
whatever uh like the video share it uh

1111
00:47:44,549 --> 00:47:42,240
all that kind of stuff i really

1112
00:47:47,349 --> 00:47:44,559
appreciate you guys coming along um if

1113
00:47:49,829 --> 00:47:47,359

you take anything from today it's

1114

00:47:52,170 --> 00:47:49,839

um go outside take a walk

1115

00:47:54,790 --> 00:47:52,180

you know try to um

1116

00:47:57,670 --> 00:47:54,800

[Music]

1117

00:47:59,910 --> 00:47:57,680

try to find yourself in truth

1118

00:48:01,349 --> 00:47:59,920

um in nature for for a second see what

1119

00:48:02,790 --> 00:48:01,359

happens right

1120

00:48:03,829 --> 00:48:02,800

that's what i would do

1121

00:48:06,950 --> 00:48:03,839

all right

1122

00:48:06,960 --> 00:48:14,920

appreciate you as always
