

1  
00:00:05,749 --> 00:00:02,310  
what's up everybody

2  
00:00:08,390 --> 00:00:05,759  
um this is my first night show can you

3  
00:00:12,390 --> 00:00:10,390  
it's kind of late

4  
00:00:14,629 --> 00:00:12,400  
and i'm

5  
00:00:16,870 --> 00:00:14,639  
cranky i'm tired

6  
00:00:19,830 --> 00:00:16,880  
the sun's down i don't know what the

7  
00:00:25,589 --> 00:00:22,550  
uh but we're doing it and it's going to

8  
00:00:26,630 --> 00:00:25,599  
be a great time and today i'm going to

9  
00:00:27,509 --> 00:00:26,640  
show

10  
00:00:28,550 --> 00:00:27,519  
um

11  
00:00:30,790 --> 00:00:28,560  
some

12  
00:00:33,270 --> 00:00:30,800  
fruits of my labor so to speak uh you

13  
00:00:34,150 --> 00:00:33,280

know i i do my own research so you know

14

00:00:35,750 --> 00:00:34,160

i can

15

00:00:37,830 --> 00:00:35,760

you know

16

00:00:39,510 --> 00:00:37,840

know as much as i can about the topic

17

00:00:40,950 --> 00:00:39,520

that i'm speaking about which i think is

18

00:00:42,470 --> 00:00:40,960

very important

19

00:00:43,990 --> 00:00:42,480

um

20

00:00:46,389 --> 00:00:44,000

so

21

00:00:47,910 --> 00:00:46,399

in doing that i am going to share that

22

00:00:51,430 --> 00:00:47,920

stuff with you

23

00:00:54,470 --> 00:00:51,440

um i'm also going to bring on a great

24

00:00:56,470 --> 00:00:54,480

friend of show uh robert cofort uh who

25

00:00:58,950 --> 00:00:56,480

has done you know i say i've done

26

00:01:01,670 --> 00:00:58,960

research um i guess maybe i really

27

00:01:02,709 --> 00:01:01,680

should say that compared to him but

28

00:01:04,950 --> 00:01:02,719

um

29

00:01:07,750 --> 00:01:04,960

you know he has a lot to add to this

30

00:01:09,910 --> 00:01:07,760

conversation so i can't wait for him to

31

00:01:12,789 --> 00:01:09,920

come on and bring some context to some

32

00:01:15,429 --> 00:01:12,799

of the stuff that i will be showing

33

00:01:17,510 --> 00:01:15,439

um and yeah like the video shared get

34

00:01:19,990 --> 00:01:17,520

other people to watch it um

35

00:01:22,070 --> 00:01:20,000

you know if

36

00:01:25,030 --> 00:01:22,080

you know a lot of people

37

00:01:26,950 --> 00:01:25,040

want some sort of proof of things of how

38

00:01:29,670 --> 00:01:26,960

they feel or

39

00:01:30,710 --> 00:01:29,680

about extraterrestrials or this topic

40

00:01:32,950 --> 00:01:30,720

and

41

00:01:34,630 --> 00:01:32,960

um i put in this research so that i can

42

00:01:35,749 --> 00:01:34,640

share that with you

43

00:01:37,429 --> 00:01:35,759

and

44

00:01:39,420 --> 00:01:37,439

you know bring you to a level that you

45

00:01:40,550 --> 00:01:39,430

can feel comfortable with

46

00:01:42,310 --> 00:01:40,560

[Music]

47

00:01:44,710 --> 00:01:42,320

and i've done a lot of digging and i'm

48

00:01:47,910 --> 00:01:44,720

going to share that with you today

49

00:01:48,950 --> 00:01:47,920

so with that being said i will be

50

00:01:55,050 --> 00:01:48,960

back

51

00:03:02,070 --> 00:02:07,110

[Music]

52

00:03:05,830 --> 00:03:03,589

what's up everybody yeah thanks for

53

00:03:08,710 --> 00:03:05,840

joining me i know you know everybody's

54

00:03:10,790 --> 00:03:08,720

at a different show right now but i

55

00:03:13,190 --> 00:03:10,800

you got to do what you got to do um i

56

00:03:15,430 --> 00:03:13,200

plan on showing you actual uh proof and

57

00:03:16,949 --> 00:03:15,440

facts and uh putting in the hard work

58

00:03:19,030 --> 00:03:16,959

that i can share with you

59

00:03:22,309 --> 00:03:19,040

um and you know sometimes the other

60

00:03:25,110 --> 00:03:22,319

stuff is really commercials but

61

00:03:27,350 --> 00:03:25,120

you know here i am so and i am glad that

62

00:03:28,869 --> 00:03:27,360

you guys are here with me so that we can

63

00:03:33,589 --> 00:03:28,879

share this together

64

00:03:37,190 --> 00:03:33,599

um and i will say without further ado

65

00:03:39,350 --> 00:03:37,200

i will bring on the guest of the hour mr

66

00:03:40,229 --> 00:03:39,360

robert gilford how are you hey good how

67

00:03:42,309 --> 00:03:40,239

are you

68

00:03:43,910 --> 00:03:42,319

good good to see you i love the flannel

69

00:03:46,070 --> 00:03:43,920

all right thanks one of my favorite

70

00:03:48,370 --> 00:03:46,080

shirts

71

00:03:52,149 --> 00:03:48,380

you got to pet the belly right yeah

72

00:03:54,390 --> 00:03:52,159

[Laughter]

73

00:03:56,550 --> 00:03:54,400

awesome well i am

74

00:03:57,509 --> 00:03:56,560

thankful that you're here for sure

75

00:04:00,470 --> 00:03:57,519

i'm

76

00:04:02,949 --> 00:04:00,480

glad debra what's up yeah deborah what's

77

00:04:05,670 --> 00:04:02,959

up i'm glad you're watching too

78

00:04:08,390 --> 00:04:05,680

joe says always thank you

79

00:04:09,750 --> 00:04:08,400

uh lara hello benji

80

00:04:14,149 --> 00:04:09,760

darren

81

00:04:16,390 --> 00:04:14,159

um yes so

82

00:04:18,789 --> 00:04:16,400

uh robert i'm glad you put something in

83

00:04:19,990 --> 00:04:18,799

the chat witness citizens here

84

00:04:22,230 --> 00:04:20,000

um

85

00:04:25,030 --> 00:04:22,240

so we're we're gonna have a good time so

86

00:04:30,390 --> 00:04:28,310

i sent some of this stuff over to you uh

87

00:04:32,469 --> 00:04:30,400

some of the documents um you received

88

00:04:33,830 --> 00:04:32,479

those right it's okay

89

00:04:36,230 --> 00:04:33,840

awesome

90

00:04:38,150 --> 00:04:36,240

i guess so what i'll start with is i

91

00:04:40,070 --> 00:04:38,160

just really took clippings of it because

92

00:04:42,710 --> 00:04:40,080

some of them are rather long and full

93

00:04:44,310 --> 00:04:42,720

filled with a lot of garbage pretty much

94

00:04:45,909 --> 00:04:44,320

um

95

00:04:47,270 --> 00:04:45,919

and that would take like five hours to

96

00:04:49,830 --> 00:04:47,280

get through so

97

00:04:51,990 --> 00:04:49,840

um one at a time i'll just kind of bring

98

00:04:53,830 --> 00:04:52,000

up those documents we'll just i guess

99

00:04:55,110 --> 00:04:53,840

we'll just get right into it

100

00:04:59,030 --> 00:04:55,120

um

101  
00:05:01,350 --> 00:04:59,040  
this first one is a draft letter sent to

102  
00:05:04,390 --> 00:05:01,360  
the secretary of defense

103  
00:05:08,070 --> 00:05:04,400  
um and it's a part of a osi

104  
00:05:09,830 --> 00:05:08,080  
uh study on the phenomenon

105  
00:05:12,310 --> 00:05:09,840  
and it says

106  
00:05:14,150 --> 00:05:12,320  
scientific frontiers which have yet been

107  
00:05:16,390 --> 00:05:14,160  
little explored or charted in these

108  
00:05:18,870 --> 00:05:16,400  
areas occur phenomenon which may account

109  
00:05:21,430 --> 00:05:18,880  
for optical electronic

110  
00:05:23,670 --> 00:05:21,440  
aberrations as well as for things

111  
00:05:27,029 --> 00:05:23,680  
actually seen they listed three

112  
00:05:30,310 --> 00:05:27,039  
categories atmospheric ionization and

113  
00:05:33,110 --> 00:05:30,320

extraterrestrial phenomenon

114

00:05:34,790 --> 00:05:33,120

they suggested also that products of

115

00:05:38,950 --> 00:05:34,800

nuclear fission

116

00:05:41,270 --> 00:05:38,960

might have some effect upon these

117

00:05:42,960 --> 00:05:41,280

that's an interesting statement

118

00:05:46,950 --> 00:05:42,970

isn't it

119

00:05:50,230 --> 00:05:48,790

i'll go on to the next one so this is

120

00:05:52,469 --> 00:05:50,240

all from like the same date and i'm

121

00:05:57,189 --> 00:05:52,479

gonna go in chronological order these

122

00:06:00,710 --> 00:05:57,199

are from the same draft um 819

123

00:06:04,309 --> 00:06:02,230

there's some strength

124

00:06:05,430 --> 00:06:04,319

that was a slow year

125

00:06:07,830 --> 00:06:05,440

yeah that was

126

00:06:10,390 --> 00:06:07,840

one of the biggest years for sure

127

00:06:12,070 --> 00:06:10,400

uh we had washington dc sightings in

128

00:06:14,550 --> 00:06:12,080

1952

129

00:06:15,830 --> 00:06:14,560

and that was just like one of

130

00:06:16,710 --> 00:06:15,840

many

131

00:06:18,230 --> 00:06:16,720

um

132

00:06:20,550 --> 00:06:18,240

so it says there's some strength to the

133

00:06:22,950 --> 00:06:20,560

hypothesis that many of the unexplained

134

00:06:25,350 --> 00:06:22,960

sightings of ufos may be electromagnetic

135

00:06:27,510 --> 00:06:25,360

or electrostatic in character

136

00:06:29,590 --> 00:06:27,520

uh factors supporting this hypothesis

137

00:06:31,510 --> 00:06:29,600

are absence of sound although apparently

138

00:06:33,510 --> 00:06:31,520

moving rapidly in the atmosphere

139

00:06:36,230 --> 00:06:33,520

phenomenon are apparently affected by

140

00:06:39,749 --> 00:06:36,240

shock waves or electromagnetic radiation

141

00:06:39,759 --> 00:06:43,430

and

142

00:06:48,469 --> 00:06:46,070

settings of ufos reported at los alamos

143

00:06:51,029 --> 00:06:48,479

and oak ridge at a time when the

144

00:06:52,790 --> 00:06:51,039

background radiation count has risen

145

00:06:55,350 --> 00:06:52,800

inexplicitly

146

00:06:57,350 --> 00:06:55,360

here we run out of even blue yonder

147

00:06:58,230 --> 00:06:57,360

explanations that might be tenable and

148

00:07:00,390 --> 00:06:58,240

yet

149

00:07:02,710 --> 00:07:00,400

we still are left with numbers of

150

00:07:05,909 --> 00:07:02,720

incredible reports from credible

151

00:07:09,990 --> 00:07:07,589

like i bet i mentioned can i break in

152

00:07:12,150 --> 00:07:10,000

for a second here yeah any time

153

00:07:14,070 --> 00:07:12,160

that oak ridge case two there's two

154

00:07:15,830 --> 00:07:14,080

cases and the one they're talking about

155

00:07:17,990 --> 00:07:15,840

with the background radiation they did

156

00:07:20,309 --> 00:07:18,000

they tested the planes they tested the

157

00:07:22,390 --> 00:07:20,319

they set a plane to test the air

158

00:07:23,430 --> 00:07:22,400

but the thing is uh uh there's one

159

00:07:25,029 --> 00:07:23,440

report

160

00:07:26,870 --> 00:07:25,039

that i mentioned to you when i sent you

161

00:07:29,430 --> 00:07:26,880

the return email

162

00:07:31,430 --> 00:07:29,440

where even the security chief at oak

163

00:07:32,870 --> 00:07:31,440

ridge they were all standing outside and

164

00:07:35,189 --> 00:07:32,880

they saw this thing first they thought

165

00:07:36,390 --> 00:07:35,199

it was a plane with a thick black

166

00:07:38,790 --> 00:07:36,400

contrail

167

00:07:40,469 --> 00:07:38,800

and then they thought it was sky writing

168

00:07:42,950 --> 00:07:40,479

and then they thought it was towing some

169

00:07:44,390 --> 00:07:42,960

kind of black ribbon behind it but they

170

00:07:46,629 --> 00:07:44,400

really couldn't see the plane they were

171

00:07:48,710 --> 00:07:46,639

just seeing the something and then this

172

00:07:50,790 --> 00:07:48,720

effect and then it dove

173

00:07:51,589 --> 00:07:50,800

and came really low and then started

174

00:07:53,830 --> 00:07:51,599

just

175

00:07:54,550 --> 00:07:53,840

moving really low along the ground the

176

00:07:57,029 --> 00:07:54,560

guy

177

00:07:59,510 --> 00:07:57,039

the uh hightower said it was about the

178

00:08:02,309 --> 00:07:59,520

speed that a man would walk

179

00:08:05,350 --> 00:08:02,319

and then it went over a fence and then

180

00:08:07,589 --> 00:08:05,360

shot off and to the distance

181

00:08:10,070 --> 00:08:07,599

and that's uh the oak ridge one correct

182

00:08:12,390 --> 00:08:10,080

the one at oak ridge yeah yeah

183

00:08:14,790 --> 00:08:12,400

in los alamos it's interesting because

184

00:08:15,909 --> 00:08:14,800

um there were hundreds of reports at los

185

00:08:16,950 --> 00:08:15,919

alamos

186

00:08:18,260 --> 00:08:16,960

um

187

00:08:20,150 --> 00:08:18,270

you know in prior years

188

00:08:22,070 --> 00:08:20,160

[Laughter]

189

00:08:24,070 --> 00:08:22,080

and you know probably didn't stop that

190

00:08:26,790 --> 00:08:24,080

year either oak ridge isn't there a

191

00:08:29,670 --> 00:08:26,800

nuclear plant there yeah yeah it's a

192

00:08:32,949 --> 00:08:29,680

it's a uh power station and

193

00:08:33,990 --> 00:08:32,959

research place uh

194

00:08:36,149 --> 00:08:34,000

there's

195

00:08:37,049 --> 00:08:36,159

atomic back then

196

00:08:38,949 --> 00:08:37,059

atomic rate

197

00:08:42,469 --> 00:08:38,959

[Laughter]

198

00:08:44,070 --> 00:08:42,479

uh los alamos to scott ramsey told me

199

00:08:46,150 --> 00:08:44,080

i haven't seen this in his documents

200

00:08:47,670 --> 00:08:46,160

myself but he mentioned to me but uh

201  
00:08:49,030 --> 00:08:47,680  
when we were talking about the aztec

202  
00:08:51,269 --> 00:08:49,040  
story one time

203  
00:08:53,590 --> 00:08:51,279  
that he was aware that

204  
00:08:54,389 --> 00:08:53,600  
they uh los alamos there were several

205  
00:08:56,870 --> 00:08:54,399  
discs

206  
00:08:59,030 --> 00:08:56,880  
that had landed right outside the gate

207  
00:09:00,470 --> 00:08:59,040  
of los alamos

208  
00:09:01,910 --> 00:09:00,480  
one or more

209  
00:09:04,710 --> 00:09:01,920  
right

210  
00:09:08,150 --> 00:09:04,720  
that that was very close

211  
00:09:11,430 --> 00:09:09,509  
yeah there was one where they were

212  
00:09:13,670 --> 00:09:11,440  
talking about on the border of it too i

213  
00:09:18,310 --> 00:09:13,680

remember right

214

00:09:18,320 --> 00:09:24,630

yeah that yeah that one is the same one

215

00:09:28,470 --> 00:09:26,470

so this one is

216

00:09:32,310 --> 00:09:28,480

the next one

217

00:09:35,269 --> 00:09:33,750

so

218

00:09:36,550 --> 00:09:35,279

this is interesting for a couple of

219

00:09:38,630 --> 00:09:36,560

reasons

220

00:09:39,430 --> 00:09:38,640

and i won't read the whole thing but you

221

00:09:41,670 --> 00:09:39,440

can

222

00:09:45,269 --> 00:09:41,680

scroll down to

223

00:09:47,829 --> 00:09:45,279

or look down to recommendations b

224

00:09:49,829 --> 00:09:47,839

uh that the iec requests the watch

225

00:09:51,590 --> 00:09:49,839

committee which if you guys are familiar

226

00:09:54,230 --> 00:09:51,600

with the wilson davis documents the

227

00:09:56,870 --> 00:09:54,240

watch committee is listed in there as

228

00:09:59,110 --> 00:09:56,880

the uh secret keepers

229

00:10:01,590 --> 00:09:59,120

or zodiac it says

230

00:10:03,670 --> 00:10:01,600

um that the iac requests the watch

231

00:10:05,829 --> 00:10:03,680

committee to give close attention to

232

00:10:08,550 --> 00:10:05,839

indications which may reflect russian

233

00:10:10,949 --> 00:10:08,560

actions are being taken with respect to

234

00:10:13,190 --> 00:10:10,959

or on the basis of cognizance of flying

235

00:10:14,949 --> 00:10:13,200

saucers or with respect to the state of

236

00:10:17,110 --> 00:10:14,959

the united states public opinion in

237

00:10:18,870 --> 00:10:17,120

respect to flying sausage now i for one

238

00:10:20,630 --> 00:10:18,880

think this is interesting

239

00:10:22,490 --> 00:10:20,640

because it pretty much says that they

240

00:10:25,750 --> 00:10:22,500

don't know what the flank saucers are

241

00:10:27,509 --> 00:10:25,760

[Laughter]

242

00:10:28,949 --> 00:10:27,519

but you have some interesting thoughts

243

00:10:30,389 --> 00:10:28,959

on this one especially on the wash

244

00:10:32,790 --> 00:10:30,399

committee

245

00:10:35,509 --> 00:10:32,800

yeah it's i'm still digging it's because

246

00:10:37,110 --> 00:10:35,519

of general bowling you know he's not

247

00:10:39,590 --> 00:10:37,120

listed in

248

00:10:41,509 --> 00:10:39,600

history of ufs or as being involved in

249

00:10:44,150 --> 00:10:41,519

the ufo program but

250

00:10:45,430 --> 00:10:44,160

i know he's he is from all the things i

251  
00:10:47,350 --> 00:10:45,440  
found and he was the one that came up

252  
00:10:48,710 --> 00:10:47,360  
with the watch committee idea

253  
00:10:50,949 --> 00:10:48,720  
right

254  
00:10:53,590 --> 00:10:50,959  
which was basically like uh it turned

255  
00:10:57,190 --> 00:10:53,600  
into the national indication center

256  
00:10:59,430 --> 00:10:57,200  
um it was to be aware of imminent

257  
00:11:01,590 --> 00:10:59,440  
strikes and things of that nature you

258  
00:11:03,350 --> 00:11:01,600  
even had a fbi document that we went

259  
00:11:05,430 --> 00:11:03,360  
through um that listed the watch

260  
00:11:07,670 --> 00:11:05,440  
committee in a ufo case

261  
00:11:09,670 --> 00:11:07,680  
it was an example of how they handled a

262  
00:11:11,910 --> 00:11:09,680  
ufo case yeah

263  
00:11:17,670 --> 00:11:11,920

interesting

264

00:11:19,590 --> 00:11:17,680

committee and the an iec you know one

265

00:11:22,389 --> 00:11:19,600

you remember you interviewed john and he

266

00:11:24,069 --> 00:11:22,399

was explaining how we have 18

267

00:11:26,310 --> 00:11:24,079

groups that make up the intelligence

268

00:11:28,230 --> 00:11:26,320

community now right

269

00:11:31,030 --> 00:11:28,240

i believe it was 12

270

00:11:32,790 --> 00:11:31,040

that were all on the iac so i don't know

271

00:11:35,430 --> 00:11:32,800

what they call it now if it's still the

272

00:11:38,150 --> 00:11:35,440

intelligence advisory board or committee

273

00:11:40,710 --> 00:11:38,160

or if they got a new name right or what

274

00:11:41,990 --> 00:11:40,720

probably but there's more intelligence

275

00:11:43,590 --> 00:11:42,000

people

276

00:11:45,910 --> 00:11:43,600

yeah it did turn into the national

277

00:11:48,710 --> 00:11:45,920

education center but then i found

278

00:11:51,269 --> 00:11:48,720

documents from the 70s and even early

279

00:11:53,509 --> 00:11:51,279

80s where watch committee uh was

280

00:11:55,190 --> 00:11:53,519

mentioned again with a chris byrd

281

00:11:57,350 --> 00:11:55,200

i believe and

282

00:12:00,710 --> 00:11:57,360

then there were watch officers which is

283

00:12:03,420 --> 00:12:00,720

funny because admiral wilson

284

00:12:04,949 --> 00:12:03,430

from those notes was a watch officer

285

00:12:07,910 --> 00:12:04,959

[Music]

286

00:12:13,910 --> 00:12:07,920

which is very interesting to me

287

00:12:18,870 --> 00:12:16,230

um

288

00:12:20,870 --> 00:12:18,880

now what is interesting is as we

289

00:12:22,710 --> 00:12:20,880

progress

290

00:12:25,750 --> 00:12:22,720

you kind of see

291

00:12:27,509 --> 00:12:25,760

how they really

292

00:12:30,069 --> 00:12:27,519

you know start treating this stuff to be

293

00:12:32,790 --> 00:12:30,079

honest with you

294

00:12:36,310 --> 00:12:32,800

uh but we're not done with 1952 that was

295

00:12:39,269 --> 00:12:36,320

just august of 1952.

296

00:12:41,509 --> 00:12:39,279

um then we have october

297

00:12:43,590 --> 00:12:41,519

of 1952.

298

00:12:46,069 --> 00:12:43,600

so like the end

299

00:12:47,590 --> 00:12:46,079

i would say after washington dc to me at

300

00:12:48,949 --> 00:12:47,600

least it was clear

301  
00:12:51,509 --> 00:12:48,959  
that they

302  
00:12:52,629 --> 00:12:51,519  
were really trying to take this

303  
00:12:55,269 --> 00:12:52,639  
seriously

304  
00:12:56,629 --> 00:12:55,279  
and figure out all sorts of uh

305  
00:12:58,550 --> 00:12:56,639  
you know

306  
00:13:00,629 --> 00:12:58,560  
different studies and everything

307  
00:13:02,870 --> 00:13:00,639  
but we know that

308  
00:13:04,470 --> 00:13:02,880  
this is also the time period where

309  
00:13:06,629 --> 00:13:04,480  
the cia was

310  
00:13:07,990 --> 00:13:06,639  
seizing control of the ufo program from

311  
00:13:08,790 --> 00:13:08,000  
the air force

312  
00:13:11,269 --> 00:13:08,800  
right

313  
00:13:12,949 --> 00:13:11,279

the other thing about that that i still

314

00:13:15,190 --> 00:13:12,959

find interesting especially with my

315

00:13:17,030 --> 00:13:15,200

asset research is where is the army

316

00:13:19,509 --> 00:13:17,040

general step in all of this they're

317

00:13:20,949 --> 00:13:19,519

never mentioned the army ids never

318

00:13:22,949 --> 00:13:20,959

mentioned they're quiet they're in the

319

00:13:24,870 --> 00:13:22,959

background that tells me a lot

320

00:13:28,069 --> 00:13:24,880

everything i see about the army from

321

00:13:33,350 --> 00:13:28,079

these is uh like air defense command and

322

00:13:37,430 --> 00:13:35,990

uh but i never and actually we'll we'll

323

00:13:39,829 --> 00:13:37,440

touch on that one which is like that

324

00:13:40,790 --> 00:13:39,839

fast tracks document

325

00:13:43,590 --> 00:13:40,800

um

326

00:13:45,189 --> 00:13:43,600

the iac here so your one

327

00:13:46,550 --> 00:13:45,199

intelligence community reviewed current

328

00:13:49,430 --> 00:13:46,560

situation

329

00:13:51,189 --> 00:13:49,440

uh ufos caused extensive speculation in

330

00:13:53,110 --> 00:13:51,199

the press subject of concern to

331

00:13:55,269 --> 00:13:53,120

government organizations

332

00:13:57,350 --> 00:13:55,279

uh basically i just wanted to show it

333

00:13:58,710 --> 00:13:57,360

that since 1947

334

00:14:02,949 --> 00:13:58,720

20

335

00:14:05,350 --> 00:14:02,959

uh went as yet unexplained

336

00:14:10,389 --> 00:14:05,360

which i believe is different than what

337

00:14:13,590 --> 00:14:11,829

and

338

00:14:15,350 --> 00:14:13,600

now this is

339

00:14:17,030 --> 00:14:15,360

you know a continuation of the same

340

00:14:20,470 --> 00:14:17,040

document

341

00:14:23,110 --> 00:14:20,480

possible implications national security

342

00:14:25,269 --> 00:14:23,120

with respect to vulnerability of the u.s

343

00:14:27,509 --> 00:14:25,279

to air attack which doesn't seem much

344

00:14:29,350 --> 00:14:27,519

different these days

345

00:14:31,350 --> 00:14:29,360

however it cannot discharge its

346

00:14:34,470 --> 00:14:31,360

responsibilities so they're saying it

347

00:14:38,710 --> 00:14:35,910

with regard to estimating the

348

00:14:42,550 --> 00:14:38,720

capabilities of an enemy to create and

349

00:14:44,069 --> 00:14:42,560

use such phenomenon against the us

350

00:14:45,910 --> 00:14:44,079

unless we first determine through

351

00:14:48,550 --> 00:14:45,920

scientific research whether or not such

352

00:14:51,030 --> 00:14:48,560

phenomena can in fact be generated and

353

00:14:53,030 --> 00:14:51,040

controlled by humans

354

00:14:54,069 --> 00:14:53,040

interesting yeah and again they're

355

00:14:55,590 --> 00:14:54,079

talking about

356

00:14:58,389 --> 00:14:55,600

like interestingly though they're

357

00:14:59,269 --> 00:14:58,399

talking about phenomena a lot of times

358

00:15:01,509 --> 00:14:59,279

which

359

00:15:02,949 --> 00:15:01,519

in a way like what they're doing now and

360

00:15:04,550 --> 00:15:02,959

you know

361

00:15:06,949 --> 00:15:04,560

yourself from some of the documents we

362

00:15:09,509 --> 00:15:06,959

have it in 1947

363

00:15:11,750 --> 00:15:09,519

they had close-up sightings from

364

00:15:13,910 --> 00:15:11,760

military people of the disks so they

365

00:15:15,910 --> 00:15:13,920

knew they were physical

366

00:15:18,310 --> 00:15:15,920

aircraft of some kind

367

00:15:20,150 --> 00:15:18,320

but so that we hear all of the phenomena

368

00:15:22,230 --> 00:15:20,160

creating phenomena

369

00:15:24,310 --> 00:15:22,240

it makes it sound like it's will of the

370

00:15:26,389 --> 00:15:24,320

wisp and it's not

371

00:15:28,629 --> 00:15:26,399

tangible but we know there's an aspect

372

00:15:29,829 --> 00:15:28,639

to it at least there was up to a certain

373

00:15:32,710 --> 00:15:29,839

time period

374

00:15:34,470 --> 00:15:32,720

there was physical craft being seen

375

00:15:35,350 --> 00:15:34,480

yeah i'm just thinking it's important to

376

00:15:37,030 --> 00:15:35,360

note

377

00:15:39,910 --> 00:15:37,040

interesting well i mean you've always

378

00:15:41,509 --> 00:15:39,920

touched on two sometimes that um maybe

379

00:15:44,310 --> 00:15:41,519

there were two different

380

00:15:46,710 --> 00:15:44,320

uh things

381

00:15:50,389 --> 00:15:46,720

like uh the

382

00:15:54,790 --> 00:15:52,629

phenomenon and then the saucers maybe

383

00:15:57,110 --> 00:15:54,800

those if we hear that now that there may

384

00:15:58,790 --> 00:15:57,120

be more than one thing going on

385

00:15:59,990 --> 00:15:58,800

um so that

386

00:16:01,350 --> 00:16:00,000

you know

387

00:16:02,710 --> 00:16:01,360

probably could have very well been the

388

00:16:05,430 --> 00:16:02,720

case then too

389

00:16:07,350 --> 00:16:05,440

yeah sounds like it

390

00:16:09,430 --> 00:16:07,360

um and these are

391

00:16:12,150 --> 00:16:09,440

again what we're doing here is proving

392

00:16:14,629 --> 00:16:12,160

the existence of the phenomenon

393

00:16:15,670 --> 00:16:14,639

uh that the intelligence community knew

394

00:16:17,110 --> 00:16:15,680

of it

395

00:16:19,430 --> 00:16:17,120

and

396

00:16:21,430 --> 00:16:19,440

you know talked about it as such

397

00:16:24,389 --> 00:16:21,440

you know contrary to what they told us

398

00:16:26,949 --> 00:16:24,399

in popular belief

399

00:16:28,629 --> 00:16:26,959

but as we discussed yesterday people get

400

00:16:29,580 --> 00:16:28,639

evidence all day long but until their

401  
00:16:32,069 --> 00:16:29,590  
worldview shifts

402  
00:16:34,069 --> 00:16:32,079  
[Laughter]

403  
00:16:36,550 --> 00:16:34,079  
so it is therefore recommended that

404  
00:16:38,230 --> 00:16:36,560  
department of defense uh

405  
00:16:40,230 --> 00:16:38,240  
undertake an expanded scientific

406  
00:16:41,829 --> 00:16:40,240  
research program to reveal the nature of

407  
00:16:44,310 --> 00:16:41,839  
various phenomenon which are causing

408  
00:16:46,949 --> 00:16:44,320  
these sightings and means by which these

409  
00:16:51,269 --> 00:16:46,959  
phenomena may be identified immediately

410  
00:16:55,269 --> 00:16:52,310  
so does

411  
00:16:56,870 --> 00:16:55,279  
supposedly it is also recommended that

412  
00:16:59,110 --> 00:16:56,880  
in such a project there be close

413  
00:17:00,389 --> 00:16:59,120

cooperation between those conducting the

414

00:17:02,389 --> 00:17:00,399

research

415

00:17:04,630 --> 00:17:02,399

and scientific and technical

416

00:17:07,429 --> 00:17:04,640

intelligence research

417

00:17:09,750 --> 00:17:07,439

um the iac agencies are prepared to do

418

00:17:12,150 --> 00:17:09,760

their part in such a project that should

419

00:17:15,189 --> 00:17:12,160

sound super familiar because it's almost

420

00:17:17,350 --> 00:17:15,199

word for word of the newest document

421

00:17:20,230 --> 00:17:17,360

that you just got a hold of yourself

422

00:17:22,949 --> 00:17:20,240

that they're working on right now

423

00:17:25,110 --> 00:17:22,959

yeah that's true oh actually he brings

424

00:17:26,630 --> 00:17:25,120

in a good point because i knew this but

425

00:17:29,190 --> 00:17:26,640

i didn't bring this up

426

00:17:31,510 --> 00:17:29,200

um watch committee chair deputy director

427

00:17:34,950 --> 00:17:31,520

cia general charles cabal ran project

428

00:17:36,630 --> 00:17:34,960

garage pre to project blue book

429

00:17:38,789 --> 00:17:36,640

so that's interesting

430

00:17:41,190 --> 00:17:38,799

is that direct intelligence

431

00:17:43,590 --> 00:17:41,200

right okay

432

00:17:44,950 --> 00:17:43,600

if you want to get real deep

433

00:17:47,510 --> 00:17:44,960

uh

434

00:17:50,150 --> 00:17:47,520

he like resigned

435

00:17:53,110 --> 00:17:50,160

uh to president kennedy kennedy

436

00:17:54,150 --> 00:17:53,120

i think it was maybe even maybe the next

437

00:17:56,470 --> 00:17:54,160

year

438

00:17:59,110 --> 00:17:56,480

that's when he went to dallas and got

439

00:18:02,870 --> 00:17:59,120  
assassinated and the governor

440

00:18:05,110 --> 00:18:02,880  
was cabal's brother yeah

441

00:18:07,669 --> 00:18:05,120  
very strange isn't it

442

00:18:08,710 --> 00:18:07,679  
yeah very very strange

443

00:18:12,390 --> 00:18:08,720  
um

444

00:18:13,990 --> 00:18:12,400  
okay so this i just put on here to

445

00:18:16,789 --> 00:18:14,000  
show basically who they were sending

446

00:18:16,799 --> 00:18:20,230  
national security council

447

00:18:24,390 --> 00:18:23,190  
dci ddi memo2 director

448

00:18:26,710 --> 00:18:24,400  
now it's important because we're going

449

00:18:31,350 --> 00:18:26,720  
to hit this one next the psychological

450

00:18:35,990 --> 00:18:32,789  
chuck

451

00:18:37,110 --> 00:18:36,000

the chair of the ic is usually the dci

452

00:18:38,230 --> 00:18:37,120

you know director of central

453

00:18:40,950 --> 00:18:38,240

intelligence

454

00:18:43,190 --> 00:18:40,960

yeah up to a certain point he was anyway

455

00:18:47,669 --> 00:18:43,200

okay

456

00:18:50,710 --> 00:18:49,110

it's

457

00:18:52,470 --> 00:18:50,720

keep going

458

00:18:53,830 --> 00:18:52,480

all right all right all right

459

00:18:54,630 --> 00:18:53,840

all right we'll keep going we'll keep

460

00:18:56,549 --> 00:18:54,640

going

461

00:18:57,430 --> 00:18:56,559

yeah we got we got more of these to go

462

00:19:00,470 --> 00:18:57,440

all right

463

00:19:02,870 --> 00:19:00,480

so now we go to an official diary

464

00:19:05,350 --> 00:19:02,880

um who i actually haven't figured out

465

00:19:09,350 --> 00:19:05,360

whose diary it is maybe you know

466

00:19:10,950 --> 00:19:09,360

um but it's october 20th 1952

467

00:19:12,789 --> 00:19:10,960

so we were just in august in order to

468

00:19:15,830 --> 00:19:12,799

jump into october

469

00:19:18,310 --> 00:19:15,840

and we have met with dr whitman chairman

470

00:19:20,549 --> 00:19:18,320

r and db general maxwell's office

471

00:19:21,750 --> 00:19:20,559

general sanford

472

00:19:24,549 --> 00:19:21,760

that's a pretty big deal if you're

473

00:19:28,710 --> 00:19:24,559

meeting with sanford messers and rieber

474

00:19:31,669 --> 00:19:28,720

of cia on the question of flying saucers

475

00:19:33,750 --> 00:19:31,679

um pot this is interesting we'll

476  
00:19:35,669 --> 00:19:33,760  
probably conclude that there's a wide

477  
00:19:38,230 --> 00:19:35,679  
variety of natural phenomenon with

478  
00:19:40,310 --> 00:19:38,240  
significant effect upon our capability

479  
00:19:42,470 --> 00:19:40,320  
to detect enemies

480  
00:19:44,630 --> 00:19:42,480  
and so

481  
00:19:46,310 --> 00:19:44,640  
first we have probably and then we have

482  
00:19:48,789 --> 00:19:46,320  
this area of phenomenon needs to be

483  
00:19:50,830 --> 00:19:48,799  
examined for its various sources

484  
00:19:54,230 --> 00:19:50,840  
so that it can be properly

485  
00:19:57,669 --> 00:19:54,240  
identified and their effects minimized

486  
00:19:59,190 --> 00:19:57,679  
give to whoever is best able to do this

487  
00:20:00,789 --> 00:19:59,200  
all present at the meeting concurred in

488  
00:20:03,270 --> 00:20:00,799

this procedure it was felt that there

489

00:20:06,390 --> 00:20:03,280

was no need for a nsc directive at this

490

00:20:10,149 --> 00:20:06,400

time which won't last very long

491

00:20:12,710 --> 00:20:10,159

yeah and again look look how much

492

00:20:14,710 --> 00:20:12,720

it's like what the heck happened

493

00:20:16,950 --> 00:20:14,720

everybody's got the right to say that

494

00:20:19,350 --> 00:20:16,960

because this is all stuff we're hearing

495

00:20:20,710 --> 00:20:19,360

now as if it never happened before

496

00:20:23,029 --> 00:20:20,720

right like oh yeah this is the first

497

00:20:27,590 --> 00:20:23,039

time we've ever done this

498

00:20:31,270 --> 00:20:28,710

yeah

499

00:20:33,029 --> 00:20:31,280

i mean some of this it's it's eerie

500

00:20:36,470 --> 00:20:33,039

sometimes how

501  
00:20:37,830 --> 00:20:36,480  
how identical the stuff is even

502  
00:20:40,310 --> 00:20:37,840  
like you said the fact that they're

503  
00:20:42,470 --> 00:20:40,320  
calling it phenomenon

504  
00:20:44,710 --> 00:20:42,480  
you know or phenomenal it seems like

505  
00:20:46,870 --> 00:20:44,720  
they're purposely drawing it away from

506  
00:20:48,630 --> 00:20:46,880  
unconventional aircraft

507  
00:20:49,830 --> 00:20:48,640  
and yeah what's interesting i just said

508  
00:20:50,710 --> 00:20:49,840  
they do you don't ever hear about the

509  
00:20:52,549 --> 00:20:50,720  
army

510  
00:20:55,430 --> 00:20:52,559  
but that was one of the interesting

511  
00:20:56,390 --> 00:20:55,440  
things i found in my 25 march research

512  
00:20:57,510 --> 00:20:56,400  
is that

513  
00:21:00,710 --> 00:20:57,520

that

514

00:21:02,870 --> 00:21:00,720

two-page memorandum uh direction from

515

00:21:05,270 --> 00:21:02,880

the id from army id

516

00:21:06,390 --> 00:21:05,280

on the morning that it occurred whatever

517

00:21:10,230 --> 00:21:06,400

it was

518

00:21:12,870 --> 00:21:10,240

and that was army id that's the only one

519

00:21:14,870 --> 00:21:12,880

of the few times other than through blue

520

00:21:16,390 --> 00:21:14,880

book documents

521

00:21:18,230 --> 00:21:16,400

in copies and

522

00:21:19,909 --> 00:21:18,240

the person who wrote the memorandum was

523

00:21:22,390 --> 00:21:19,919

from the gsc

524

00:21:24,310 --> 00:21:22,400

but as far as the overall program they

525

00:21:26,789 --> 00:21:24,320

are never mentioned

526  
00:21:28,390 --> 00:21:26,799  
and so i'm suspicious that that's

527  
00:21:30,870 --> 00:21:28,400  
the connection between

528  
00:21:33,909 --> 00:21:30,880  
the discs going one way or the physical

529  
00:21:36,390 --> 00:21:33,919  
things and then phenomenon going this

530  
00:21:37,830 --> 00:21:36,400  
direction and we're being guided in this

531  
00:21:39,270 --> 00:21:37,840  
direction

532  
00:21:40,630 --> 00:21:39,280  
while the army

533  
00:21:42,470 --> 00:21:40,640  
takes the other stuff the other

534  
00:21:45,350 --> 00:21:42,480  
direction and we don't talk about it

535  
00:21:50,310 --> 00:21:45,360  
that's just my hypothesis

536  
00:21:57,350 --> 00:21:53,430  
i'll tell you that repeated over and

537  
00:22:02,070 --> 00:22:00,390  
looked at this one and we'll go to

538  
00:22:03,029 --> 00:22:02,080

i believe

539

00:22:05,029 --> 00:22:03,039

up

540

00:22:06,390 --> 00:22:05,039

doing it again

541

00:22:10,149 --> 00:22:06,400

so we have

542

00:22:14,549 --> 00:22:10,159

i believe december

543

00:22:18,630 --> 00:22:16,390

so here is

544

00:22:22,390 --> 00:22:18,640

speak of the devil

545

00:22:22,400 --> 00:22:28,789

yeah deborah i think that too

546

00:22:34,230 --> 00:22:32,390

um yeah so what we have here

547

00:22:36,230 --> 00:22:34,240

is i don't know if this is big enough i

548

00:22:38,070 --> 00:22:36,240

feel like it isn't but

549

00:22:39,669 --> 00:22:38,080

it never is

550

00:22:43,270 --> 00:22:39,679

oh

551

00:22:48,950 --> 00:22:46,870

yeah all right well this is a

552

00:22:52,110 --> 00:22:48,960

it's titled effective flag saucers on

553

00:22:55,510 --> 00:22:52,120

air defense operations it's october 27

554

00:22:58,950 --> 00:22:55,520

1952. we were just in october

555

00:23:02,070 --> 00:22:58,960

except october 20th i believe it was

556

00:23:03,350 --> 00:23:02,080

uh the phenomenon of operations

557

00:23:05,350 --> 00:23:03,360

yeah

558

00:23:07,430 --> 00:23:05,360

um commanding general air defense

559

00:23:08,950 --> 00:23:07,440

command

560

00:23:11,270 --> 00:23:08,960

colorado springs the phenomenon of

561

00:23:14,630 --> 00:23:11,280

flying saucers been reported

562

00:23:17,190 --> 00:23:14,640

many times both as visual

563

00:23:18,870 --> 00:23:17,200

and radar sightings

564

00:23:21,830 --> 00:23:18,880

uh your comments are desired to the

565

00:23:24,070 --> 00:23:21,840

possible effect of the sightings of this

566

00:23:29,669 --> 00:23:24,080

could have from an operational point of

567

00:23:32,789 --> 00:23:31,029

wants to know about the operator's

568

00:23:34,710 --> 00:23:32,799

reaction to the phenomenon if they

569

00:23:36,470 --> 00:23:34,720

recognize it or reject the echo it's not

570

00:23:38,710 --> 00:23:36,480

an aircraft

571

00:23:40,950 --> 00:23:38,720

is it likely that some operators

572

00:23:42,870 --> 00:23:40,960

observed a flying saucer and rejected

573

00:23:45,669 --> 00:23:42,880

the radar response and not reported the

574

00:23:48,310 --> 00:23:45,679

fact probably

575

00:23:50,230 --> 00:23:48,320

and has air defense command any concern

576

00:23:53,269 --> 00:23:50,240

in respect to the flying saucer

577

00:24:03,029 --> 00:23:56,789

and that's by james c jensen colonel

578

00:24:06,170 --> 00:24:04,549

that's what she said yeah of course

579

00:24:06,330 --> 00:24:06,180

she's gonna say that huh

580

00:24:11,669 --> 00:24:06,340

[Music]

581

00:24:15,500 --> 00:24:13,029

i like move on

582

00:24:18,230 --> 00:24:15,510

the larger problem

583

00:24:21,350 --> 00:24:18,240

[Laughter]

584

00:24:25,269 --> 00:24:23,029

well i guess we're just that's the theme

585

00:24:27,029 --> 00:24:25,279

of these documents um that's what she

586

00:24:28,870 --> 00:24:27,039

said

587

00:24:30,870 --> 00:24:28,880

all right we got naturally there is a

588

00:24:34,070 --> 00:24:30,880

general concern about the radar phantoms

589

00:24:35,750 --> 00:24:34,080

in the larger problem of flying saucers

590

00:24:37,510 --> 00:24:35,760

because we're unable to explain a

591

00:24:39,669 --> 00:24:37,520

sizeable percentage of the reports gee

592

00:24:41,110 --> 00:24:39,679

that's not what they told us

593

00:24:43,990 --> 00:24:41,120

right i know

594

00:24:49,190 --> 00:24:44,000

why do you think they did that

595

00:24:53,590 --> 00:24:51,750

um however the consensus seems to be a

596

00:24:55,669 --> 00:24:53,600

great deal of activity and study is

597

00:24:58,549 --> 00:24:55,679

going on in this field which won't do

598

00:25:01,190 --> 00:24:58,559

much to clarify the situation that seems

599

00:25:03,750 --> 00:25:01,200

like it uh the subject of an animal

600

00:25:05,990 --> 00:25:03,760

anomalous radar propagation has been

601  
00:25:08,230 --> 00:25:06,000  
under study for some time

602  
00:25:09,590 --> 00:25:08,240  
uh so they're saying we need to study it

603  
00:25:12,310 --> 00:25:09,600  
more and we'll get clarification

604  
00:25:14,230 --> 00:25:12,320  
although it's been studied for some time

605  
00:25:14,950 --> 00:25:14,240  
interestingly there are two aspects to

606  
00:25:16,710 --> 00:25:14,960  
that

607  
00:25:18,789 --> 00:25:16,720  
the the phenomenon they're talking about

608  
00:25:19,830 --> 00:25:18,799  
the anomalous radar propagation is the

609  
00:25:23,110 --> 00:25:19,840  
fact that

610  
00:25:25,909 --> 00:25:23,120  
they found out when two beams crossed

611  
00:25:28,470 --> 00:25:25,919  
right it could create phantoms but

612  
00:25:30,950 --> 00:25:28,480  
that's also the description of those ray

613  
00:25:33,590 --> 00:25:30,960

forms that you you one of the documents

614

00:25:36,310 --> 00:25:33,600

went over a while ago mentioned them and

615

00:25:38,630 --> 00:25:36,320

i remember reading about a dr ross that

616

00:25:39,590 --> 00:25:38,640

was under investigation by attic

617

00:25:42,470 --> 00:25:39,600

atick

618

00:25:43,750 --> 00:25:42,480

because he was working on rayform

619

00:25:45,830 --> 00:25:43,760

technology

620

00:25:48,549 --> 00:25:45,840

it the description sounds very much like

621

00:25:51,909 --> 00:25:48,559

how you make a hologram with

622

00:25:53,590 --> 00:25:51,919

beams two lasers meeting and then

623

00:25:56,470 --> 00:25:53,600

creating a video

624

00:25:57,590 --> 00:25:56,480

uh feed from where they meet same kind

625

00:25:58,710 --> 00:25:57,600

of idea

626  
00:26:00,870 --> 00:25:58,720  
only it's

627  
00:26:03,190 --> 00:26:00,880  
two radar microwave beams and they're

628  
00:26:04,630 --> 00:26:03,200  
making a disc shape

629  
00:26:07,269 --> 00:26:04,640  
thing in the middle and they're calling

630  
00:26:09,190 --> 00:26:07,279  
it a ray form i tried my hardest i dug

631  
00:26:10,630 --> 00:26:09,200  
into that for a while thinking at the

632  
00:26:12,230 --> 00:26:10,640  
time when i was like oh that could

633  
00:26:14,870 --> 00:26:12,240  
explain it

634  
00:26:16,470 --> 00:26:14,880  
not even close

635  
00:26:20,310 --> 00:26:16,480  
another red herring

636  
00:26:21,430 --> 00:26:20,320  
lot

637  
00:26:22,549 --> 00:26:21,440  
but dr

638  
00:26:25,590 --> 00:26:22,559

disappear

639

00:26:29,750 --> 00:26:25,600

what what he did interesting what else

640

00:26:34,470 --> 00:26:32,470

to today's situation the subject will

641

00:26:37,029 --> 00:26:34,480

move on will emphasize the radar

642

00:26:38,390 --> 00:26:37,039

confusion aspect it is also my feeling

643

00:26:40,390 --> 00:26:38,400

that whereas

644

00:26:42,710 --> 00:26:40,400

formally this was a subject which

645

00:26:44,630 --> 00:26:42,720

scientific men did not wish to become

646

00:26:47,430 --> 00:26:44,640

involved in it is now becoming

647

00:26:49,669 --> 00:26:47,440

respectable to study the subject and to

648

00:26:53,029 --> 00:26:49,679

discuss it publicly

649

00:26:56,710 --> 00:26:55,029

if this trend continues our astronomers

650

00:26:58,710 --> 00:26:56,720

and other scientists do turn their

651  
00:27:00,950 --> 00:26:58,720  
talents to the problem i'm sure answers

652  
00:27:04,710 --> 00:27:00,960  
will be expedited okay

653  
00:27:10,230 --> 00:27:06,710  
who came in and said forget it don't do

654  
00:27:14,630 --> 00:27:13,350  
well i mean this is literally what is

655  
00:27:17,110 --> 00:27:14,640  
said now

656  
00:27:19,510 --> 00:27:17,120  
it's becoming respectable to study the

657  
00:27:22,549 --> 00:27:19,520  
subject and discuss it publicly the

658  
00:27:24,789 --> 00:27:22,559  
stigma is dissipating yeah

659  
00:27:28,789 --> 00:27:24,799  
that what does that tell us that the

660  
00:27:33,029 --> 00:27:30,950  
just hold on alfred

661  
00:27:38,149 --> 00:27:33,039  
we'll get back to that stigma stuff

662  
00:27:41,110 --> 00:27:39,590  
all right

663  
00:27:43,830 --> 00:27:41,120

so

664

00:27:45,830 --> 00:27:43,840

recent reports reaching cia indicated

665

00:27:47,909 --> 00:27:45,840

that further action was desirable and

666

00:27:50,549 --> 00:27:47,919

another briefing by the cognizant a2

667

00:27:52,710 --> 00:27:50,559

attic personnel was held on the 25th of

668

00:27:53,909 --> 00:27:52,720

november at this time the reports of

669

00:27:55,669 --> 00:27:53,919

incidents

670

00:27:57,830 --> 00:27:55,679

convince us that there is something

671

00:28:00,310 --> 00:27:57,840

going on and

672

00:28:02,789 --> 00:28:00,320

that must have immediate attention the

673

00:28:07,269 --> 00:28:02,799

details of some of these incidents have

674

00:28:09,269 --> 00:28:07,279

been discussed by adsi with dsci

675

00:28:11,110 --> 00:28:09,279

um sightings of unexplained objects at

676

00:28:14,149 --> 00:28:11,120

great altitudes and traveling at high

677

00:28:17,430 --> 00:28:14,159

speeds in the vicinity of major u.s

678

00:28:19,750 --> 00:28:17,440

defense installations are of such nature

679

00:28:23,110 --> 00:28:19,760

that they are not attributable to

680

00:28:24,149 --> 00:28:23,120

natural phenomenon or known types of

681

00:28:26,950 --> 00:28:24,159

aerial

682

00:28:28,549 --> 00:28:26,960

vehicles enough said

683

00:28:31,669 --> 00:28:28,559

boom

684

00:28:33,750 --> 00:28:31,679

aerial vehicles

685

00:28:36,470 --> 00:28:33,760

see so there's both

686

00:28:38,230 --> 00:28:36,480

yeah and are they the same thing or are

687

00:28:40,789 --> 00:28:38,240

they different you know are they

688

00:28:42,710 --> 00:28:40,799

different beings are they you know are

689

00:28:44,630 --> 00:28:42,720

they competing beings we've heard all

690

00:28:46,789 --> 00:28:44,640

that kind of stuff and it's but it's so

691

00:28:48,950 --> 00:28:46,799

viable today and we don't know i don't

692

00:28:51,269 --> 00:28:48,960

know anyway

693

00:28:52,789 --> 00:28:51,279

but what i mean why do you think that

694

00:28:57,750 --> 00:28:52,799

there's

695

00:28:59,510 --> 00:28:57,760

document clearly stating

696

00:29:01,669 --> 00:28:59,520

that these are not attributable to

697

00:29:04,389 --> 00:29:01,679

natural phenomenon or known types of

698

00:29:06,950 --> 00:29:04,399

aerial vehicles my suspicion is because

699

00:29:09,269 --> 00:29:06,960

of that last phrase they don't want to

700

00:29:12,389 --> 00:29:09,279

talk about aerial vehicles because that

701  
00:29:13,750 --> 00:29:12,399  
insinuates a physical thing

702  
00:29:14,870 --> 00:29:13,760  
and it's a lot

703  
00:29:16,870 --> 00:29:14,880  
easier

704  
00:29:18,470 --> 00:29:16,880  
to talk about a will of the wisp than it

705  
00:29:20,630 --> 00:29:18,480  
is a physical

706  
00:29:22,230 --> 00:29:20,640  
thing because a physical thing requires

707  
00:29:25,190 --> 00:29:22,240  
physical attention

708  
00:29:27,350 --> 00:29:25,200  
right and beings

709  
00:29:31,029 --> 00:29:27,360  
beings possible crashes possible

710  
00:29:34,710 --> 00:29:31,039  
recoveries all of that is avoided

711  
00:29:36,789 --> 00:29:34,720  
if you talk only about aerial phenomena

712  
00:29:38,149 --> 00:29:36,799  
interesting

713  
00:29:39,669 --> 00:29:38,159

you know i never put it together that

714

00:29:41,830 --> 00:29:39,679

way before

715

00:29:43,590 --> 00:29:41,840

that's very good

716

00:29:45,510 --> 00:29:43,600

um who is

717

00:29:49,590 --> 00:29:45,520

do you know what's up with the cognizant

718

00:29:52,789 --> 00:29:49,600

a2 or adsj okay a2 is air intelligence

719

00:29:55,830 --> 00:29:52,799

okay a2 is air intelligent g2 is army

720

00:29:57,510 --> 00:29:55,840

ground intelligence gotcha so

721

00:29:59,029 --> 00:29:57,520

a tech you know at age air tech new

722

00:30:01,669 --> 00:29:59,039

intelligence center

723

00:30:03,190 --> 00:30:01,679

absi is assistant director of scientific

724

00:30:05,110 --> 00:30:03,200

intelligence

725

00:30:07,669 --> 00:30:05,120

and ddc as the deputy director of

726  
00:30:11,909 --> 00:30:07,679  
central intelligence

727  
00:30:11,919 --> 00:30:16,789  
it's a little further along

728  
00:30:19,669 --> 00:30:17,909  
um

729  
00:30:22,070 --> 00:30:19,679  
all right well that's

730  
00:30:23,029 --> 00:30:22,080  
so we just finished 1952 there that's

731  
00:30:24,780 --> 00:30:23,039  
that's

732  
00:30:27,190 --> 00:30:24,790  
why we can just stop right there

733  
00:30:30,470 --> 00:30:27,200  
[Laughter]

734  
00:30:32,470 --> 00:30:30,480  
so we can either do this one or

735  
00:30:35,190 --> 00:30:32,480  
this one okay yeah so

736  
00:30:37,750 --> 00:30:35,200  
first i'll actually do

737  
00:30:39,510 --> 00:30:37,760  
so remember earlier we were looking at

738  
00:30:42,149 --> 00:30:39,520

the document where they were sending it

739

00:30:45,830 --> 00:30:44,230

psychological research board i believe

740

00:30:47,430 --> 00:30:45,840

it was right

741

00:30:50,870 --> 00:30:47,440

which we had several

742

00:30:52,630 --> 00:30:50,880

of the people didn't know about

743

00:30:53,909 --> 00:30:52,640

so man

744

00:30:56,070 --> 00:30:53,919

stinky

745

00:30:58,710 --> 00:30:56,080

come on man

746

00:31:02,710 --> 00:30:58,720

get bigger photo what's wrong with you

747

00:31:04,389 --> 00:31:02,720

it's it's a it's a size thing come on

748

00:31:07,430 --> 00:31:04,399

so this is the

749

00:31:09,909 --> 00:31:07,440

uh psychological actually no this is uh

750

00:31:13,190 --> 00:31:09,919

um from a letter to

751  
00:31:16,070 --> 00:31:13,200  
uh dr stanton at cambridge

752  
00:31:18,710 --> 00:31:16,080  
from cia

753  
00:31:20,710 --> 00:31:18,720  
a presentation my made by uh major

754  
00:31:23,190 --> 00:31:20,720  
forney

755  
00:31:24,630 --> 00:31:23,200  
to the uh interesting see that says that

756  
00:31:27,909 --> 00:31:24,640  
at the bottom

757  
00:31:30,549 --> 00:31:27,919  
oh you you can read that holy cow

758  
00:31:33,430 --> 00:31:30,559  
looks like alan hinek's handwriting

759  
00:31:36,950 --> 00:31:33,440  
interesting

760  
00:31:39,990 --> 00:31:36,960  
um so it says the possible explanations

761  
00:31:42,630 --> 00:31:40,000  
and it lists

762  
00:31:46,310 --> 00:31:42,640  
all the you know stupid ones that

763  
00:31:47,830 --> 00:31:46,320

we've been told to this day

764

00:31:50,789 --> 00:31:47,840

and at the bottom it says

765

00:31:54,360 --> 00:31:50,799

extraterrestrial origin animal

766

00:32:00,870 --> 00:31:56,310

[Laughter]

767

00:32:03,190 --> 00:32:01,669

but

768

00:32:05,909 --> 00:32:03,200

you know the and the point of this and

769

00:32:07,509 --> 00:32:05,919

why that i bring this out is because

770

00:32:09,509 --> 00:32:07,519

you know so many people are waiting on

771

00:32:11,590 --> 00:32:09,519

baited breath for them to mention the

772

00:32:14,149 --> 00:32:11,600

extraterrestrial word like they have

773

00:32:17,509 --> 00:32:14,159

never thought it could be that before

774

00:32:19,190 --> 00:32:17,519

and it's clear proof that they've been

775

00:32:20,549 --> 00:32:19,200

at least

776

00:32:21,509 --> 00:32:20,559

you know

777

00:32:22,630 --> 00:32:21,519

proof

778

00:32:25,750 --> 00:32:22,640

that they've been

779

00:32:28,230 --> 00:32:25,760

thinking about this as extraterrestrial

780

00:32:29,990 --> 00:32:28,240

since the 50s that's always been a

781

00:32:31,350 --> 00:32:30,000

possibility that they just didn't want

782

00:32:34,070 --> 00:32:31,360

us to know that

783

00:32:35,509 --> 00:32:34,080

yeah we're too stupid to handle it

784

00:32:39,669 --> 00:32:35,519

right

785

00:32:41,190 --> 00:32:39,679

so we get stuck in these circles yeah

786

00:32:42,630 --> 00:32:41,200

so

787

00:32:44,310 --> 00:32:42,640

i couldn't really

788

00:32:46,389 --> 00:32:44,320

figure out what to make of this other

789

00:32:47,669 --> 00:32:46,399

than to assume that these are the

790

00:32:49,830 --> 00:32:47,679

different like these are different

791

00:32:50,630 --> 00:32:49,840

drawings of typical sightings like one

792

00:32:54,789 --> 00:32:50,640

looks

793

00:33:01,909 --> 00:32:57,590

here we got the triangles

794

00:33:07,430 --> 00:33:03,990

these would be the ones that insinuate

795

00:33:10,630 --> 00:33:07,440

unconventional aircraft of some type

796

00:33:12,950 --> 00:33:10,640

flying an echelon formation

797

00:33:15,350 --> 00:33:12,960

balloons don't do that birds do that but

798

00:33:16,870 --> 00:33:15,360

they shift constantly although i did

799

00:33:18,310 --> 00:33:16,880

have a sighting myself

800

00:33:19,830 --> 00:33:18,320

i think someone in your chat room

801  
00:33:23,590 --> 00:33:19,840  
mentioned something similar one time but

802  
00:33:25,509 --> 00:33:23,600  
uh where i saw egg-shaped silver

803  
00:33:27,669 --> 00:33:25,519  
things go over my car i was driving home

804  
00:33:30,470 --> 00:33:27,679  
from work on the highway

805  
00:33:31,909 --> 00:33:30,480  
and they were in a formation echelon but

806  
00:33:34,149 --> 00:33:31,919  
they did it just like geese where the

807  
00:33:35,909 --> 00:33:34,159  
one in the back moved to the front and

808  
00:33:37,590 --> 00:33:35,919  
the one on the front moved to the back

809  
00:33:39,990 --> 00:33:37,600  
kind of shifting every now and then

810  
00:33:41,830 --> 00:33:40,000  
exactly as if they were mimicking birds

811  
00:33:44,389 --> 00:33:41,840  
but they were birds they had to be

812  
00:33:46,310 --> 00:33:44,399  
either silver balloons of some kind or

813  
00:33:47,509 --> 00:33:46,320

discs of some kind

814

00:33:49,509 --> 00:33:47,519

yeah

815

00:33:51,350 --> 00:33:49,519

very interesting

816

00:33:52,870 --> 00:33:51,360

darren has a good point there he says

817

00:33:55,110 --> 00:33:52,880

all these people in these documents

818

00:33:57,830 --> 00:33:55,120

don't know what is being seen so already

819

00:34:00,310 --> 00:33:57,840

there was a separation in secrecy

820

00:34:01,990 --> 00:34:00,320

if craft had been recovered at roswell

821

00:34:04,149 --> 00:34:02,000

and other crash sites

822

00:34:06,950 --> 00:34:04,159

already two teams yeah and that's my

823

00:34:09,270 --> 00:34:06,960

point of the army you never hear about

824

00:34:11,270 --> 00:34:09,280

the army hardly ever

825

00:34:13,109 --> 00:34:11,280

they're like the the elephant in the

826

00:34:15,190 --> 00:34:13,119

room kind of thing

827

00:34:18,310 --> 00:34:15,200

so that's my guess that the intelligence

828

00:34:20,950 --> 00:34:18,320

divisions intelligence group

829

00:34:22,629 --> 00:34:20,960

uh handled the crash recoveries and such

830

00:34:24,230 --> 00:34:22,639

like that and they were keeping it under

831

00:34:31,349 --> 00:34:24,240

wraps

832

00:34:35,270 --> 00:34:32,950

that gets dicey

833

00:34:37,270 --> 00:34:35,280

dicey yeah but it's there i mean you

834

00:34:40,069 --> 00:34:37,280

look what do you see you see navy you

835

00:34:41,829 --> 00:34:40,079

see air force yep everybody you don't

836

00:34:43,109 --> 00:34:41,839

see army id

837

00:34:45,349 --> 00:34:43,119

yep

838

00:34:47,349 --> 00:34:45,359

and they came first there was no air

839

00:34:49,430 --> 00:34:47,359

force there was only the navy in the

840

00:34:50,470 --> 00:34:49,440

army at the beginning

841

00:34:52,310 --> 00:34:50,480

yeah

842

00:34:55,109 --> 00:34:52,320

good point

843

00:34:58,230 --> 00:34:57,030

yeah we continue on

844

00:34:59,510 --> 00:34:58,240

deborah had a good point there at the

845

00:35:01,589 --> 00:34:59,520

bottom

846

00:35:03,030 --> 00:35:01,599

uh about flying in echelon and in

847

00:35:05,030 --> 00:35:03,040

formation stuff because they did find

848

00:35:06,470 --> 00:35:05,040

that with birds and they that's one of

849

00:35:07,910 --> 00:35:06,480

the reasons the thunderbirds and the

850

00:35:10,150 --> 00:35:07,920

blue angels some of the things they do

851  
00:35:11,589 --> 00:35:10,160  
they found out that wingtip the wingtip

852  
00:35:13,990 --> 00:35:11,599  
if they're just barely under each

853  
00:35:15,510 --> 00:35:14,000  
other's wing they conserve energy

854  
00:35:17,430 --> 00:35:15,520  
and move along sylvia that is an

855  
00:35:19,270 --> 00:35:17,440  
interesting point

856  
00:35:20,550 --> 00:35:19,280  
i think that's what she meant maybe

857  
00:35:21,829 --> 00:35:20,560  
maybe she was thinking something

858  
00:35:22,870 --> 00:35:21,839  
different but that's what i got out of

859  
00:35:27,829 --> 00:35:22,880  
it

860  
00:35:32,069 --> 00:35:29,670  
um yeah and then here again they're just

861  
00:35:33,910 --> 00:35:32,079  
looking into susceptible to control and

862  
00:35:34,950 --> 00:35:33,920  
it you know to further darren's point

863  
00:35:36,950 --> 00:35:34,960

these people don't know what they're

864

00:35:38,710 --> 00:35:36,960

looking at

865

00:35:40,230 --> 00:35:38,720

um central

866

00:35:42,069 --> 00:35:40,240

intelligence

867

00:35:44,550 --> 00:35:42,079

yeah right

868

00:35:46,390 --> 00:35:44,560

uh central effort at attic maintain a

869

00:35:49,030 --> 00:35:46,400

minimal uh basis while there is

870

00:35:51,510 --> 00:35:49,040

concurrently ordered a worldwide

871

00:35:54,790 --> 00:35:51,520

reporting system and an interception

872

00:36:00,150 --> 00:35:56,950

this is what this came this is the quote

873

00:36:04,230 --> 00:36:00,160

from last month

874

00:36:07,109 --> 00:36:04,240

uh this is january 53.

875

00:36:13,990 --> 00:36:09,270

oh you're kidding that's a good one

876  
00:36:19,990 --> 00:36:16,150  
yeah worldwide reporting system right we

877  
00:36:23,829 --> 00:36:21,510  
all right we're getting around to it

878  
00:36:25,030 --> 00:36:23,839  
this time

879  
00:36:26,950 --> 00:36:25,040  
yeah

880  
00:36:29,910 --> 00:36:26,960  
and an interception program that's

881  
00:36:34,390 --> 00:36:31,589  
yeah because they had to stop the

882  
00:36:37,829 --> 00:36:34,400  
interception program and uh

883  
00:36:39,829 --> 00:36:37,839  
did you say that is this 52

884  
00:36:42,550 --> 00:36:39,839  
this is

885  
00:36:44,870 --> 00:36:42,560  
i think that's when you were

886  
00:36:45,910 --> 00:36:44,880  
i think that was the year they stopped

887  
00:36:47,750 --> 00:36:45,920  
they had

888  
00:36:49,109 --> 00:36:47,760

shoot down orders and interception

889

00:36:50,390 --> 00:36:49,119

orders but at some point they were

890

00:36:53,190 --> 00:36:50,400

ordered to stop

891

00:36:54,930 --> 00:36:53,200

for safety's sake

892

00:36:59,510 --> 00:36:54,940

i think it was 53.

893

00:37:01,829 --> 00:36:59,870

um

894

00:37:04,069 --> 00:37:01,839

[Music]

895

00:37:05,430 --> 00:37:04,079

there's been no systematic or extensive

896

00:37:07,750 --> 00:37:05,440

use

897

00:37:09,510 --> 00:37:07,760

of other standard methods of processing

898

00:37:12,230 --> 00:37:09,520

data

899

00:37:18,790 --> 00:37:14,950

broader questions attic has for example

900

00:37:21,030 --> 00:37:18,800

gone through an accumulation unexplained

901  
00:37:23,990 --> 00:37:21,040  
the plots show a high incidence of

902  
00:37:26,630 --> 00:37:24,000  
reported cases near atomic installations

903  
00:37:28,710 --> 00:37:26,640  
and strategic air command bases

904  
00:37:30,710 --> 00:37:28,720  
but this might be expected because of

905  
00:37:33,190 --> 00:37:30,720  
the greater number of alert observers in

906  
00:37:35,430 --> 00:37:33,200  
such places they've said so i don't know

907  
00:37:39,430 --> 00:37:35,440  
who it was but somebody has said the

908  
00:37:41,270 --> 00:37:39,440  
exact same thing today as far as that

909  
00:37:44,550 --> 00:37:41,280  
might be expected because of the greater

910  
00:37:46,390 --> 00:37:44,560  
number of observers

911  
00:37:48,069 --> 00:37:46,400  
which

912  
00:37:50,069 --> 00:37:48,079  
actually a number of

913  
00:37:51,910 --> 00:37:50,079

accepted research techniques that should

914

00:37:53,829 --> 00:37:51,920

be used in an effort to gain sound

915

00:37:58,069 --> 00:37:53,839

understanding of these phenomena have

916

00:38:08,230 --> 00:37:59,589

yeah

917

00:38:08,240 --> 00:38:11,510

they know something

918

00:38:18,550 --> 00:38:14,790

and the army's silent right

919

00:38:23,910 --> 00:38:18,560

they pretend to not be involved

920

00:38:23,920 --> 00:38:26,870

exactly

921

00:38:30,870 --> 00:38:28,710

because you know by then they'll figure

922

00:38:32,950 --> 00:38:30,880

out how to keep us alive longer so

923

00:38:36,550 --> 00:38:32,960

we'll

924

00:38:39,270 --> 00:38:36,560

reading these same documents that have

925

00:38:42,390 --> 00:38:39,280

just been published

926  
00:38:45,190 --> 00:38:42,400  
uh that's hilarious

927  
00:38:46,390 --> 00:38:45,200  
that is hilarious and then so after all

928  
00:38:48,550 --> 00:38:46,400  
this this is why i'm doing it in

929  
00:38:50,150 --> 00:38:48,560  
chronological order so everything that

930  
00:38:53,829 --> 00:38:50,160  
we've just looked at

931  
00:38:56,550 --> 00:38:53,839  
right then comes the educational program

932  
00:38:58,390 --> 00:38:56,560  
to debunk

933  
00:39:00,390 --> 00:38:58,400  
the panel's concept

934  
00:39:02,069 --> 00:39:00,400  
broad educational program so when you

935  
00:39:03,750 --> 00:39:02,079  
think of like mick west

936  
00:39:06,310 --> 00:39:03,760  
or uh

937  
00:39:08,550 --> 00:39:06,320  
you know other characters on twitter

938  
00:39:10,310 --> 00:39:08,560

like trolls or or

939

00:39:12,550 --> 00:39:10,320

people that you know try to make you

940

00:39:16,150 --> 00:39:12,560

feel bad about it or make fun of you

941

00:39:17,750 --> 00:39:16,160

like this is to a t what they wrote up

942

00:39:20,150 --> 00:39:17,760

in the 50s

943

00:39:22,230 --> 00:39:20,160

and isn't it interesting that not only

944

00:39:24,710 --> 00:39:22,240

what they're saying about the phenomenon

945

00:39:26,950 --> 00:39:24,720

is the same in the reporting system in

946

00:39:29,510 --> 00:39:26,960

the security installations and all that

947

00:39:31,750 --> 00:39:29,520

but the debunking program is literally

948

00:39:33,109 --> 00:39:31,760

seems the same as well

949

00:39:34,710 --> 00:39:33,119

and the panel of course that's the

950

00:39:36,550 --> 00:39:34,720

robertson panel they're talking about

951  
00:39:38,390 --> 00:39:36,560  
correct yeah

952  
00:39:41,430 --> 00:39:38,400  
which is a cia

953  
00:39:43,190 --> 00:39:41,440  
job was it not yeah and robertson again

954  
00:39:44,390 --> 00:39:43,200  
with david griggs

955  
00:39:46,470 --> 00:39:44,400  
robertson

956  
00:39:48,150 --> 00:39:46,480  
investigated the foo fighters in world

957  
00:39:50,390 --> 00:39:48,160  
war ii

958  
00:39:52,150 --> 00:39:50,400  
yeah interesting that he's the guy on

959  
00:39:53,990 --> 00:39:52,160  
the charge of the robertson committee

960  
00:39:56,710 --> 00:39:54,000  
that's pretty interesting

961  
00:39:58,790 --> 00:39:56,720  
yeah it is

962  
00:40:00,710 --> 00:39:58,800  
maybe because

963  
00:40:02,870 --> 00:40:00,720

he really knew how to calm down those

964

00:40:05,750 --> 00:40:02,880

pilots after they saw it

965

00:40:08,870 --> 00:40:05,760

and said no no it's nothing it's

966

00:40:10,390 --> 00:40:08,880

it's a mini sun ball

967

00:40:12,309 --> 00:40:10,400

we sleep

968

00:40:14,470 --> 00:40:12,319

yeah

969

00:40:16,309 --> 00:40:14,480

so and i'm just showing this because

970

00:40:17,589 --> 00:40:16,319

hopefully you know a lot of people see

971

00:40:20,150 --> 00:40:17,599

it

972

00:40:21,510 --> 00:40:20,160

at some point and they realize maybe

973

00:40:22,390 --> 00:40:21,520

some who didn't

974

00:40:27,829 --> 00:40:22,400

um

975

00:40:31,270 --> 00:40:29,310

this is a good one

976

00:40:33,670 --> 00:40:31,280

[Music]

977

00:40:36,630 --> 00:40:33,680

as in the case of conjuring tricks there

978

00:40:41,510 --> 00:40:36,640

is much less stimulation if the secret

979

00:40:46,150 --> 00:40:43,510

the debunking aim would result reduction

980

00:40:47,670 --> 00:40:46,160

in public interest in flag saucers

981

00:40:49,430 --> 00:40:47,680

which today evokes a strong

982

00:40:51,430 --> 00:40:49,440

psychological reaction

983

00:40:54,390 --> 00:40:51,440

it's worked really well

984

00:40:57,670 --> 00:40:56,390

education could be accomplished by mass

985

00:41:00,230 --> 00:40:57,680

media

986

00:41:01,829 --> 00:41:00,240

such as television

987

00:41:04,870 --> 00:41:01,839

motion pictures

988

00:41:07,270 --> 00:41:04,880

popular articles

989

00:41:10,309 --> 00:41:07,280

basis of such education would be actual

990

00:41:14,309 --> 00:41:10,319

case histories which have been puzzling

991

00:41:18,630 --> 00:41:16,790

it's interesting because the motion

992

00:41:20,550 --> 00:41:18,640

pictures today or

993

00:41:23,910 --> 00:41:20,560

tv or mass media

994

00:41:31,910 --> 00:41:24,950

cases

995

00:41:35,349 --> 00:41:33,589

as in the case of conjuring tricks yep

996

00:41:38,550 --> 00:41:35,359

you read that such program should tend

997

00:41:41,109 --> 00:41:38,560

to reduce reduce the current gullibility

998

00:41:43,670 --> 00:41:41,119

of the public and consequently their

999

00:41:48,230 --> 00:41:43,680

susceptibility to clever hostile

1000

00:41:51,990 --> 00:41:50,230

the panel noted that the general absence

1001  
00:41:53,109 --> 00:41:52,000  
of russian propaganda based on the

1002  
00:41:53,910 --> 00:41:53,119  
subject was

1003  
00:41:55,910 --> 00:41:53,920  
uh

1004  
00:41:58,390 --> 00:41:55,920  
with so many obvious possibilities for

1005  
00:42:00,550 --> 00:41:58,400  
exploitation might indicate a possible

1006  
00:42:01,430 --> 00:42:00,560  
russian official policy

1007  
00:42:03,829 --> 00:42:01,440  
um

1008  
00:42:06,870 --> 00:42:03,839  
yeah they were curious because they were

1009  
00:42:09,589 --> 00:42:06,880  
cia's fbi b their foreign broadcast

1010  
00:42:10,470 --> 00:42:09,599  
information service and their board

1011  
00:42:14,309 --> 00:42:10,480  
were

1012  
00:42:16,630 --> 00:42:14,319  
reports

1013  
00:42:18,550 --> 00:42:16,640

uh over in the soviet union on on the

1014

00:42:20,870 --> 00:42:18,560

subject so it made him

1015

00:42:27,589 --> 00:42:20,880

wonder why that was that's the rush the

1016

00:42:32,230 --> 00:42:29,750

um

1017

00:42:34,550 --> 00:42:32,240

you know what what's so like offensive

1018

00:42:36,069 --> 00:42:34,560

almost is

1019

00:42:38,069 --> 00:42:36,079

that we just went through all these

1020

00:42:39,510 --> 00:42:38,079

documents

1021

00:42:41,990 --> 00:42:39,520

which

1022

00:42:43,510 --> 00:42:42,000

sums up that they themselves officially

1023

00:42:45,190 --> 00:42:43,520

these people who are looking at this

1024

00:42:48,309 --> 00:42:45,200

aspect of it didn't know what they were

1025

00:42:49,910 --> 00:42:48,319

looking at were confused right

1026  
00:42:52,309 --> 00:42:49,920  
and

1027  
00:42:54,170 --> 00:42:52,319  
in this instance they call

1028  
00:42:55,510 --> 00:42:54,180  
the public gullible

1029  
00:42:57,030 --> 00:42:55,520  
[Laughter]

1030  
00:42:59,829 --> 00:42:57,040  
yeah

1031  
00:43:02,470 --> 00:42:59,839  
you know like

1032  
00:43:06,470 --> 00:43:02,480  
uh i guess the non-public whoever you

1033  
00:43:09,510 --> 00:43:06,480  
are [h\_\_h] you're gullible too

1034  
00:43:14,790 --> 00:43:12,950  
so yeah related to outreach educational

1035  
00:43:16,710 --> 00:43:14,800  
i feel like psychologists familiar with

1036  
00:43:18,150 --> 00:43:16,720  
mass psychology

1037  
00:43:20,390 --> 00:43:18,160  
should advise on the nature and the

1038  
00:43:22,150 --> 00:43:20,400

extent of the program

1039

00:43:24,829 --> 00:43:22,160

this connection doctor and then they go

1040

00:43:28,150 --> 00:43:24,839

through like different

1041

00:43:29,670 --> 00:43:28,160

recommendations of people ah try the guy

1042

00:43:32,630 --> 00:43:29,680

princeton

1043

00:43:34,710 --> 00:43:32,640

he made that uh mars book

1044

00:43:36,550 --> 00:43:34,720

from mars that's what the

1045

00:43:39,190 --> 00:43:36,560

yeah tried to situate all their

1046

00:43:41,910 --> 00:43:39,200

psychology around that like okay

1047

00:43:43,910 --> 00:43:41,920

the antithesis is invasions from venus

1048

00:43:46,950 --> 00:43:43,920

or mars so we're going to use that as

1049

00:43:49,109 --> 00:43:46,960

the counter to our propaganda program

1050

00:43:53,030 --> 00:43:49,119

just that why we're doing it because

1051  
00:43:56,390 --> 00:43:54,710  
have you ever heard anything about this

1052  
00:43:58,390 --> 00:43:56,400  
walt disney stuff

1053  
00:43:59,430 --> 00:43:58,400  
oh yeah they did a documentary actually

1054  
00:44:00,950 --> 00:43:59,440  
eventually

1055  
00:44:04,550 --> 00:44:00,960  
yeah here they are they're listed right

1056  
00:44:10,309 --> 00:44:07,510  
they used all kinds of people

1057  
00:44:15,510 --> 00:44:10,319  
yeah including us huh read the gospel

1058  
00:44:20,950 --> 00:44:17,589  
a potential source of enthusiastic

1059  
00:44:24,309 --> 00:44:22,390  
thing as gospel

1060  
00:44:26,390 --> 00:44:24,319  
it was believed business clubs high

1061  
00:44:28,630 --> 00:44:26,400  
schools colleges and television stations

1062  
00:44:30,870 --> 00:44:28,640  
would all be pleased to cooperate in

1063  
00:44:33,190 --> 00:44:30,880

showing of documentary type motion

1064

00:44:36,390 --> 00:44:33,200

pictures if prepared in an interesting

1065

00:44:38,390 --> 00:44:36,400

manner the use of true cases showing

1066

00:44:42,630 --> 00:44:38,400

first the mystery and then the

1067

00:44:42,640 --> 00:44:47,829

forceful

1068

00:44:47,839 --> 00:44:53,760

yeah thank god for these people

1069

00:44:57,910 --> 00:44:56,230

[Music]

1070

00:44:59,349 --> 00:44:57,920

i don't know what i'd do without these

1071

00:45:00,309 --> 00:44:59,359

people in charge

1072

00:45:02,230 --> 00:45:00,319

yeah

1073

00:45:04,870 --> 00:45:02,240

man lucky

1074

00:45:07,829 --> 00:45:04,880

training and debunking outlined

1075

00:45:11,990 --> 00:45:07,839

minimum of one and one and a half to two

1076

00:45:16,710 --> 00:45:13,670

or so

1077

00:45:21,030 --> 00:45:18,470

it's interesting have you ever looked

1078

00:45:23,109 --> 00:45:21,040

into anything the federal civil defense

1079

00:45:25,349 --> 00:45:23,119

administration did with this

1080

00:45:27,270 --> 00:45:25,359

well i uh found out that the federal

1081

00:45:29,750 --> 00:45:27,280

aviation administration was deeply

1082

00:45:32,309 --> 00:45:29,760

involved all during this time that we

1083

00:45:35,030 --> 00:45:32,319

didn't know about they were tasked to

1084

00:45:37,430 --> 00:45:35,040

hunt for certain frequencies

1085

00:45:37,440 --> 00:45:40,470

very interesting

1086

00:45:47,750 --> 00:45:43,910

thanks uh pinzer pinezer this thing at

1087

00:45:49,750 --> 00:45:47,760

the end of this time of working on this

1088

00:45:51,910 --> 00:45:49,760

the dangers related to flying saucers

1089

00:45:55,750 --> 00:45:51,920

should have been greatly reduced if not

1090

00:46:02,069 --> 00:45:57,349

yeah

1091

00:46:06,550 --> 00:46:03,990

oh man

1092

00:46:08,630 --> 00:46:06,560

uh man would be photographing of pillow

1093

00:46:10,950 --> 00:46:08,640

balloons at different distances under

1094

00:46:13,190 --> 00:46:10,960

similar weather conditions at the site

1095

00:46:15,990 --> 00:46:13,200

so that's their big idea

1096

00:46:17,829 --> 00:46:16,000

uh the bottom is very interesting to me

1097

00:46:19,829 --> 00:46:17,839

it says reports of such artifacts would

1098

00:46:21,910 --> 00:46:19,839

be expected to arise mainly from western

1099

00:46:25,190 --> 00:46:21,920

outposts and far closer proximity to the

1100

00:46:26,470 --> 00:46:25,200

iron curtain than lubac texas

1101

00:46:28,630 --> 00:46:26,480

you know the interesting thing about

1102

00:46:30,790 --> 00:46:28,640

lubac texas is

1103

00:46:33,349 --> 00:46:30,800

people tried to debunk that as a flock

1104

00:46:36,150 --> 00:46:33,359

of birds but they actually

1105

00:46:37,990 --> 00:46:36,160

were able to recreate the photograph

1106

00:46:41,430 --> 00:46:38,000

with a flock of birds in the same

1107

00:46:42,550 --> 00:46:41,440

formation and it looked nothing alike

1108

00:46:46,790 --> 00:46:42,560

yeah

1109

00:46:49,030 --> 00:46:46,800

photographs i think you you showed them

1110

00:46:50,230 --> 00:46:49,040

yourself but if not you can you can find

1111

00:46:51,270 --> 00:46:50,240

them and there's like i think there's

1112

00:46:54,550 --> 00:46:51,280

four

1113

00:46:57,510 --> 00:46:54,560

and two of them especially one the one

1114

00:46:59,430 --> 00:46:57,520

you can really see that it's one object

1115

00:47:01,270 --> 00:46:59,440

because of the way each

1116

00:47:03,750 --> 00:47:01,280

point of light the camera operator

1117

00:47:06,630 --> 00:47:03,760

accidentally moved a little bit

1118

00:47:07,430 --> 00:47:06,640

and so every single point moves has the

1119

00:47:08,870 --> 00:47:07,440

same

1120

00:47:10,630 --> 00:47:08,880

tail on it

1121

00:47:12,150 --> 00:47:10,640

in the exact same dimension same

1122

00:47:15,030 --> 00:47:12,160

direction same so

1123

00:47:16,550 --> 00:47:15,040

obviously they're not separate things

1124

00:47:18,069 --> 00:47:16,560

each point of light is not a separate

1125

00:47:20,950 --> 00:47:18,079

thing you can tell they're all one thing

1126  
00:47:23,190 --> 00:47:20,960  
because they move together in one

1127  
00:47:25,190 --> 00:47:23,200  
streak you know what i'm talking about

1128  
00:47:27,270 --> 00:47:25,200  
if they were separate this streak would

1129  
00:47:29,430 --> 00:47:27,280  
maybe go this way and this one would be

1130  
00:47:31,670 --> 00:47:29,440  
shorter but they're all identical and

1131  
00:47:35,670 --> 00:47:31,680  
they're all in the same positions all

1132  
00:47:38,790 --> 00:47:36,870  
oh yeah

1133  
00:47:40,950 --> 00:47:38,800  
we gotta get that national we gotta get

1134  
00:47:43,030 --> 00:47:40,960  
that national photographic intelligence

1135  
00:47:44,470 --> 00:47:43,040  
committee in here

1136  
00:47:46,630 --> 00:47:44,480  
they were that's what became the

1137  
00:47:48,549 --> 00:47:46,640  
geospatial intelligence

1138  
00:47:50,549 --> 00:47:48,559

ah right

1139

00:47:55,030 --> 00:47:50,559

merged into uh

1140

00:47:57,349 --> 00:47:55,040

to the uh any any nag whatever the code

1141

00:47:59,349 --> 00:47:57,359

geospatial gia i forget what they're

1142

00:48:01,030 --> 00:47:59,359

geospatial yeah

1143

00:48:02,710 --> 00:48:01,040

well this one's interesting uh

1144

00:48:04,230 --> 00:48:02,720

responsibility for maintaining current

1145

00:48:06,390 --> 00:48:04,240

knowledge of reports of sightings

1146

00:48:08,549 --> 00:48:06,400

unidentified flying objects is hereby

1147

00:48:11,109 --> 00:48:08,559

assigned to your division by carbon copy

1148

00:48:13,750 --> 00:48:11,119

of this memorandum chief of applied

1149

00:48:16,790 --> 00:48:13,760

science division is requested to provide

1150

00:48:19,349 --> 00:48:16,800

support from a weapons and hardware

1151  
00:48:21,270 --> 00:48:19,359  
standpoint

1152  
00:48:23,510 --> 00:48:21,280  
now that's interesting because you think

1153  
00:48:26,549 --> 00:48:23,520  
of today in like asap

1154  
00:48:29,349 --> 00:48:26,559  
or atick right and weapons is in the

1155  
00:48:29,359 --> 00:48:33,030  
just like the atec

1156  
00:48:36,390 --> 00:48:34,710  
agency

1157  
00:48:38,710 --> 00:48:36,400  
it was always part of the weapons

1158  
00:48:40,870 --> 00:48:38,720  
special weapons group

1159  
00:48:42,950 --> 00:48:40,880  
it suggests that physics and electronics

1160  
00:48:44,470 --> 00:48:42,960  
division take over custody of such of

1161  
00:48:45,910 --> 00:48:44,480  
these files as

1162  
00:48:47,750 --> 00:48:45,920  
necessary

1163  
00:48:49,430 --> 00:48:47,760

and

1164

00:48:51,670 --> 00:48:49,440

so that material on the subject being

1165

00:48:54,150 --> 00:48:51,680

forwarded from oci will be routed

1166

00:48:56,549 --> 00:48:54,160

directly to physics and electronics

1167

00:48:58,470 --> 00:48:56,559

division

1168

00:49:00,549 --> 00:48:58,480

yeah

1169

00:49:02,950 --> 00:49:00,559

so that's just a quick one but

1170

00:49:04,390 --> 00:49:02,960

um it's very interesting that they sent

1171

00:49:06,870 --> 00:49:04,400

it there and

1172

00:49:09,829 --> 00:49:06,880

more or less seems like a lot of it

1173

00:49:15,109 --> 00:49:09,839

still is in a department just like that

1174

00:49:20,870 --> 00:49:18,390

why that's in desk drawer seven

1175

00:49:23,510 --> 00:49:20,880

over in that area over there i mean i

1176

00:49:25,510 --> 00:49:23,520

don't know i'm gonna just go far

1177

00:49:27,270 --> 00:49:25,520

i don't know anymore

1178

00:49:28,309 --> 00:49:27,280

so this one is interesting this is where

1179

00:49:31,440 --> 00:49:28,319

they uh

1180

00:49:34,470 --> 00:49:31,450

now we're jumping ahead to 57. oh no no

1181

00:49:37,030 --> 00:49:34,480

[Laughter]

1182

00:49:39,349 --> 00:49:37,040

we're going wow so so yeah

1183

00:49:40,790 --> 00:49:39,359

we read all that stuff and now

1184

00:49:43,430 --> 00:49:40,800

fast forward

1185

00:49:45,990 --> 00:49:43,440

uh five years four years

1186

00:49:48,870 --> 00:49:46,000

um this is it

1187

00:49:52,390 --> 00:49:48,880

this pretty much explicitly

1188

00:49:54,549 --> 00:49:52,400

states that it's not soviet

1189

00:49:57,349 --> 00:49:54,559

you know more more or less so that's

1190

00:49:59,829 --> 00:49:57,359

that's what it says

1191

00:50:02,390 --> 00:49:59,839

um object reportedly moving westward at

1192

00:50:04,950 --> 00:50:02,400

altitude with 50 000 feet speed of 200

1193

00:50:07,109 --> 00:50:04,960

knots jamming was reported by several

1194

00:50:09,670 --> 00:50:07,119

radars in the vicinity

1195

00:50:11,829 --> 00:50:09,680

and as westward as chicago in the

1196

00:50:14,150 --> 00:50:11,839

subsequent briefing

1197

00:50:16,630 --> 00:50:14,160

to iac the u.s air force reported that

1198

00:50:18,470 --> 00:50:16,640

the original reports have been degraded

1199

00:50:19,589 --> 00:50:18,480

somewhat by information that there was

1200

00:50:21,510 --> 00:50:19,599

an

1201  
00:50:25,589 --> 00:50:21,520  
11-minute break in the track weather

1202  
00:50:29,829 --> 00:50:27,510  
in the past produced

1203  
00:50:33,270 --> 00:50:29,839  
radar pips and electronic interference

1204  
00:50:34,870 --> 00:50:33,280  
that they were studying profusely uh six

1205  
00:50:37,510 --> 00:50:34,880  
years ago and thought they would figure

1206  
00:50:38,950 --> 00:50:37,520  
out shortly after they started that but

1207  
00:50:41,910 --> 00:50:38,960  
apparently not

1208  
00:50:43,829 --> 00:50:41,920  
um the adc uh air defense command has

1209  
00:50:47,589 --> 00:50:43,839  
not completed its investigation it

1210  
00:50:54,390 --> 00:50:50,069  
ongoing investigation

1211  
00:50:57,030 --> 00:50:54,400  
oh man we just literally showed in 1952

1212  
00:50:58,549 --> 00:50:57,040  
they were doing that that last paragraph

1213  
00:51:01,270 --> 00:50:58,559

number three i hate it

1214

00:51:04,150 --> 00:51:01,280

yeah no go ahead go ahead it is another

1215

00:51:08,069 --> 00:51:04,160

reason why i stick with my on my guns

1216

00:51:09,190 --> 00:51:08,079

with the 25 march 1948 thing because

1217

00:51:11,270 --> 00:51:09,200

like i said

1218

00:51:13,750 --> 00:51:11,280

the air staff declared an emergency an

1219

00:51:15,109 --> 00:51:13,760

air emergency instantly and it's 24

1220

00:51:17,270 --> 00:51:15,119

hours a day

1221

00:51:19,750 --> 00:51:17,280

and it went until

1222

00:51:22,870 --> 00:51:19,760

yeah lubbock

1223

00:51:23,910 --> 00:51:22,880

april when vanderberg took over

1224

00:51:25,270 --> 00:51:23,920

but

1225

00:51:26,710 --> 00:51:25,280

now if we read that last i'll let you

1226

00:51:27,910 --> 00:51:26,720

read it but you'll see what i'm saying

1227

00:51:30,150 --> 00:51:27,920

there there's something in there that's

1228

00:51:32,549 --> 00:51:30,160

very important to know we we have

1229

00:51:35,190 --> 00:51:32,559

examined possible soviet motives for

1230

00:51:37,270 --> 00:51:35,200

launching a one-way vehicle

1231

00:51:38,790 --> 00:51:37,280

on an operation over the u.s

1232

00:51:41,109 --> 00:51:38,800

and consider that there would be little

1233

00:51:42,790 --> 00:51:41,119

motivation at this time

1234

00:51:45,349 --> 00:51:42,800

except possibly

1235

00:51:47,270 --> 00:51:45,359

psychological or retaliatory motive

1236

00:51:49,510 --> 00:51:47,280

which we believe is marginal a one-way

1237

00:51:51,109 --> 00:51:49,520

reconnaissance operations largely ruled

1238

00:51:53,589 --> 00:51:51,119

out by the likelihood that the results

1239

00:51:54,710 --> 00:51:53,599

would be of small value and at the risk

1240

00:51:55,829 --> 00:51:54,720

of

1241

00:51:58,150 --> 00:51:55,839

companies

1242

00:51:59,670 --> 00:51:58,160

compromise would be very great so you're

1243

00:52:01,990 --> 00:51:59,680

talking about vehicle

1244

00:52:05,030 --> 00:52:02,000

you're launching a one-way vehicle not a

1245

00:52:08,549 --> 00:52:05,040

one-way phenomenon the only way the

1246

00:52:11,510 --> 00:52:08,559

soviets would have even in 1948 march

1247

00:52:13,190 --> 00:52:11,520

25th 1948 that's what the excuse was

1248

00:52:15,750 --> 00:52:13,200

general spots

1249

00:52:19,549 --> 00:52:15,760

said oh they're about ready to attack we

1250

00:52:22,790 --> 00:52:19,559

need a 24-hour day alert right this is

1251  
00:52:24,710 --> 00:52:22,800  
1957 and they're still saying that's not

1252  
00:52:26,710 --> 00:52:24,720  
very likely

1253  
00:52:30,710 --> 00:52:26,720  
well it was even less likely on march

1254  
00:52:33,349 --> 00:52:30,720  
25th 1948 than it was on 23 september

1255  
00:52:35,589 --> 00:52:33,359  
1957.

1256  
00:52:38,390 --> 00:52:35,599  
yeah i i would say

1257  
00:52:40,870 --> 00:52:38,400  
oh and even says supersonic here

1258  
00:52:43,030 --> 00:52:40,880  
uh capability to have a submarine launch

1259  
00:52:44,230 --> 00:52:43,040  
cruise type missile low supersonic

1260  
00:52:46,309 --> 00:52:44,240  
performance

1261  
00:52:50,390 --> 00:52:46,319  
but we have no specific evidence of the

1262  
00:52:54,150 --> 00:52:53,349  
i am uh lam lam said uh

1263  
00:52:57,750 --> 00:52:54,160

the

1264

00:52:59,109 --> 00:52:57,760

was it uh

1265

00:53:01,670 --> 00:52:59,119

man and uh

1266

00:53:03,270 --> 00:53:01,680

what's ml standard again the

1267

00:53:05,109 --> 00:53:03,280

manned observer

1268

00:53:07,190 --> 00:53:05,119

oh okay

1269

00:53:08,870 --> 00:53:07,200

brigadier general cava was a junior he

1270

00:53:11,670 --> 00:53:08,880

was a candidate i didn't really i didn't

1271

00:53:12,950 --> 00:53:11,680

know that oh interesting see that's what

1272

00:53:14,790 --> 00:53:12,960

they were doing when they were working

1273

00:53:16,870 --> 00:53:14,800

on the corona satellites and all the

1274

00:53:19,430 --> 00:53:16,880

early advanced reconnaissance system

1275

00:53:21,829 --> 00:53:19,440

stuff at the very beginning 1954 they

1276  
00:53:23,589 --> 00:53:21,839  
had the manned observable laboratory

1277  
00:53:26,630 --> 00:53:23,599  
that they were working on they had

1278  
00:53:28,549 --> 00:53:26,640  
a capsule essentially a space station

1279  
00:53:31,109 --> 00:53:28,559  
and they would have two

1280  
00:53:32,870 --> 00:53:31,119  
uh air force guys

1281  
00:53:35,270 --> 00:53:32,880  
up there all the time

1282  
00:53:37,349 --> 00:53:35,280  
and gee guess what they were watching

1283  
00:53:38,950 --> 00:53:37,359  
for

1284  
00:53:45,829 --> 00:53:38,960  
uh dust

1285  
00:53:50,950 --> 00:53:48,309  
dust bubbles and particles that's an

1286  
00:53:52,470 --> 00:53:50,960  
expensive mission

1287  
00:53:55,349 --> 00:53:52,480  
we've got to find those dust bubbles and

1288  
00:53:56,950 --> 00:53:55,359

particles over there man 37b so we don't

1289

00:53:59,589 --> 00:53:56,960

have to worry about people being manned

1290

00:54:03,430 --> 00:53:59,599

up and we have that thing up there

1291

00:54:05,670 --> 00:54:03,440

now this is one that you provided and

1292

00:54:09,589 --> 00:54:05,680

we're we're really take hopping in the

1293

00:54:10,870 --> 00:54:09,599

time machine now to 1967.

1294

00:54:12,150 --> 00:54:10,880

yeah this is really important though

1295

00:54:14,230 --> 00:54:12,160

because

1296

00:54:15,589 --> 00:54:14,240

colonel sleeper

1297

00:54:18,309 --> 00:54:15,599

colonel red you see down the bottom

1298

00:54:20,710 --> 00:54:18,319

raymond s sleeper he was alan heineck's

1299

00:54:21,589 --> 00:54:20,720

boss at ftd

1300

00:54:24,390 --> 00:54:21,599

and

1301  
00:54:25,990 --> 00:54:24,400  
he was all about the soviets just like

1302  
00:54:27,589 --> 00:54:26,000  
we saw in some of those early documents

1303  
00:54:29,349 --> 00:54:27,599  
you just read everything's the soviets

1304  
00:54:32,150 --> 00:54:29,359  
in russia

1305  
00:54:37,190 --> 00:54:32,160  
sleeper was 100 there but now if you

1306  
00:54:41,670 --> 00:54:39,030  
um

1307  
00:54:43,829 --> 00:54:41,680  
why don't you take this one okay listens

1308  
00:54:45,030 --> 00:54:43,839  
to general garland he recently took over

1309  
00:54:47,030 --> 00:54:45,040  
as the

1310  
00:54:48,309 --> 00:54:47,040  
in the department of information for the

1311  
00:54:52,069 --> 00:54:48,319  
air force

1312  
00:54:54,470 --> 00:54:52,079  
and on july 7th of all dates i think

1313  
00:54:56,950 --> 00:54:54,480

that dates significance remember

1314

00:54:58,789 --> 00:54:56,960

the roswell thing yeah the seventh was

1315

00:55:00,630 --> 00:54:58,799

the day before that

1316

00:55:02,150 --> 00:55:00,640

memo came out in the newspapers on the

1317

00:55:03,750 --> 00:55:02,160

eighth

1318

00:55:06,069 --> 00:55:03,760

i've always thought that whatever might

1319

00:55:06,950 --> 00:55:06,079

have occurred that was recoverable i

1320

00:55:08,710 --> 00:55:06,960

think

1321

00:55:10,549 --> 00:55:08,720

if they recovered something more than

1322

00:55:11,430 --> 00:55:10,559

just debris the seventh would have been

1323

00:55:14,549 --> 00:55:11,440

a

1324

00:55:16,710 --> 00:55:14,559

too but

1325

00:55:19,510 --> 00:55:16,720

it says dear general garland

1326  
00:55:20,870 --> 00:55:19,520  
on seven july our seventh july 1967

1327  
00:55:22,470 --> 00:55:20,880  
briefing to you and members of your

1328  
00:55:25,829 --> 00:55:22,480  
staff on the subject of unidentified

1329  
00:55:27,990 --> 00:55:25,839  
flying objects stressed i should say uh

1330  
00:55:29,589 --> 00:55:28,000  
yeah they was canceled and that's like i

1331  
00:55:31,270 --> 00:55:29,599  
said then they moved on to the corona

1332  
00:55:33,109 --> 00:55:31,280  
satellites etc

1333  
00:55:40,309 --> 00:55:33,119  
the

1334  
00:55:42,470 --> 00:55:40,319  
polling company had just convinced just

1335  
00:55:43,510 --> 00:55:42,480  
completed a poll of the united states

1336  
00:55:45,349 --> 00:55:43,520  
and

1337  
00:55:47,589 --> 00:55:45,359  
massive numbers of people were said oh

1338  
00:55:49,109 --> 00:55:47,599

no i believe and so that was a big deal

1339

00:55:50,870 --> 00:55:49,119

so that's what he's talking about

1340

00:55:52,710 --> 00:55:50,880

stress the fact that 50 million

1341

00:55:55,430 --> 00:55:52,720

americans now believe in the existence

1342

00:55:57,589 --> 00:55:55,440

of the phenomenon it was concluded that

1343

00:56:00,230 --> 00:55:57,599

the air force respond to this anchored

1344

00:56:02,549 --> 00:56:00,240

public attitude by announcing and

1345

00:56:04,870 --> 00:56:02,559

maintaining a scientific investigation

1346

00:56:07,430 --> 00:56:04,880

program for ufos

1347

00:56:08,630 --> 00:56:07,440

keeping the public well informed at all

1348

00:56:10,069 --> 00:56:08,640

times

1349

00:56:12,710 --> 00:56:10,079

and ins

1350

00:56:15,589 --> 00:56:12,720

initiating positive programs in such

1351  
00:56:17,270 --> 00:56:15,599  
scientific areas as extraterrestrial

1352  
00:56:19,030 --> 00:56:17,280  
communications

1353  
00:56:20,870 --> 00:56:19,040  
wow now

1354  
00:56:23,750 --> 00:56:20,880  
right away you go oh bob they're talking

1355  
00:56:26,309 --> 00:56:23,760  
about satellites here that's extra now

1356  
00:56:27,910 --> 00:56:26,319  
i'm sorry the next letter shows you

1357  
00:56:30,069 --> 00:56:27,920  
that's not what they're talking about at

1358  
00:56:31,510 --> 00:56:30,079  
all

1359  
00:56:35,190 --> 00:56:31,520  
here's the next letter this is him

1360  
00:56:37,430 --> 00:56:35,200  
replying back to his good buddy ray

1361  
00:56:39,270 --> 00:56:37,440  
raymond sleeper okay

1362  
00:56:41,349 --> 00:56:39,280  
i appreciate the copy of lieutenant

1363  
00:56:42,950 --> 00:56:41,359

marley's briefing and we sincerely

1364

00:56:45,829 --> 00:56:42,960

appreciate your interest and response to

1365

00:56:47,589 --> 00:56:45,839

our public affairs problem with ufo i

1366

00:56:49,109 --> 00:56:47,599

think we are a long way from getting a

1367

00:56:50,950 --> 00:56:49,119

handle on trump

1368

00:56:53,109 --> 00:56:50,960

i haven't thought about the problem many

1369

00:56:54,789 --> 00:56:53,119

times since you're briefing here i am

1370

00:56:56,829 --> 00:56:54,799

more convinced than ever

1371

00:56:59,789 --> 00:56:56,839

that a positive program in

1372

00:57:02,630 --> 00:56:59,799

extraterrestrial life orcsy or

1373

00:57:05,109 --> 00:57:02,640

communications studies should not be

1374

00:57:07,510 --> 00:57:05,119

tied to the ufo problem

1375

00:57:09,510 --> 00:57:07,520

i know you don't agree with this

1376

00:57:11,190 --> 00:57:09,520

so sleeper doesn't agree with that

1377

00:57:14,390 --> 00:57:11,200

i know you don't agree with this and

1378

00:57:16,150 --> 00:57:14,400

neither does uh i lost my doolittle

1379

00:57:17,750 --> 00:57:16,160

doolittle yeah and bill duluth he was

1380

00:57:18,950 --> 00:57:17,760

their uh chief

1381

00:57:19,910 --> 00:57:18,960

um

1382

00:57:21,430 --> 00:57:19,920

uh

1383

00:57:24,230 --> 00:57:21,440

lawyer you know

1384

00:57:26,230 --> 00:57:24,240

he didn't do very he didn't do very much

1385

00:57:27,829 --> 00:57:26,240

no does either however i am convinced

1386

00:57:29,510 --> 00:57:27,839

that we would really open the floodgates

1387

00:57:31,270 --> 00:57:29,520

on ufo problems if the public thought

1388

00:57:32,710 --> 00:57:31,280

that the condon group and we know who

1389

00:57:35,270 --> 00:57:32,720

those guys were

1390

00:57:38,630 --> 00:57:35,280

was about to involve in extensive

1391

00:57:40,710 --> 00:57:38,640

research on extraterrestrial activities

1392

00:57:42,870 --> 00:57:40,720

i realized that condon must address this

1393

00:57:45,589 --> 00:57:42,880

subject but this is different from

1394

00:57:47,829 --> 00:57:45,599

conducting active research i think

1395

00:57:50,789 --> 00:57:47,839

research in this area should be

1396

00:57:52,309 --> 00:57:50,799

accomplished by an entirely unrelated

1397

00:57:54,870 --> 00:57:52,319

activity

1398

00:57:57,829 --> 00:57:54,880

research in what area extraterrestrial

1399

00:57:58,990 --> 00:57:57,839

life and communications

1400

00:58:01,430 --> 00:57:59,000

yep

1401

00:58:02,150 --> 00:58:01,440

extraterrestrial life it says it right

1402

00:58:04,069 --> 00:58:02,160

there

1403

00:58:06,630 --> 00:58:04,079

mike drop

1404

00:58:09,589 --> 00:58:06,640

you got a microphone you can drop

1405

00:58:11,829 --> 00:58:09,599

yeah

1406

00:58:13,750 --> 00:58:11,839

i mean what more do you want these this

1407

00:58:16,150 --> 00:58:13,760

is the guy who was in charge of

1408

00:58:18,230 --> 00:58:16,160

debunking everything for heineken and

1409

00:58:20,549 --> 00:58:18,240

keeping everybody on their nose to the

1410

00:58:23,270 --> 00:58:20,559

grindstone no it's the soviet

1411

00:58:24,630 --> 00:58:23,280

and here he is admitting in private

1412

00:58:26,549 --> 00:58:24,640

that they know that there are

1413

00:58:28,390 --> 00:58:26,559

extraterrestrial lives and

1414

00:58:31,430 --> 00:58:28,400

extraterrestrial communication taking

1415

00:58:36,470 --> 00:58:33,190

sorry i get worked up

1416

00:58:38,309 --> 00:58:36,480

no i mean i completely understand

1417

00:58:42,470 --> 00:58:38,319

i might get you worked up a little more

1418

00:58:42,480 --> 00:58:47,750

so this is a

1419

00:58:52,309 --> 00:58:49,510

views on emerging areas of science and

1420

00:58:57,270 --> 00:58:52,319

technology 1975.

1421

00:59:02,470 --> 00:58:59,860

so i found this recently

1422

00:59:04,309 --> 00:59:02,480

[Music]

1423

00:59:06,069 --> 00:59:04,319

intel scientific and intelligence

1424

00:59:09,030 --> 00:59:06,079

committee

1425

00:59:11,270 --> 00:59:09,040

uh the preface you can look at um but

1426

00:59:13,589 --> 00:59:11,280

basically it just talks about all these

1427

00:59:15,190 --> 00:59:13,599

smart people nobel prize winners several

1428

00:59:17,430 --> 00:59:15,200

laboratory directors

1429

00:59:18,950 --> 00:59:17,440

formal high former high-level government

1430

00:59:20,549 --> 00:59:18,960

technical personnel department of

1431

00:59:23,510 --> 00:59:20,559

defense and intelligence community

1432

00:59:25,510 --> 00:59:23,520

contractors worked on this

1433

00:59:27,349 --> 00:59:25,520

they're touching on the

1434

00:59:30,230 --> 00:59:27,359

merging of

1435

00:59:33,109 --> 00:59:30,240

in upcoming views

1436

00:59:37,510 --> 00:59:33,119

these

1437

00:59:39,910 --> 00:59:37,520

cia

1438

00:59:42,470 --> 00:59:39,920

dia energy research

1439

00:59:45,109 --> 00:59:42,480

treasury department department of state

1440

00:59:47,990 --> 00:59:45,119

army navy air force

1441

00:59:53,349 --> 00:59:50,630

well that's 11. did you count it 11.

1442

00:59:58,069 --> 00:59:55,910

and then this went to

1443

00:59:59,190 --> 00:59:58,079

so this report i'm just prefacing

1444

01:00:01,109 --> 00:59:59,200

everything before i show you the good

1445

01:00:06,789 --> 01:00:01,119

stuff this went to

1446

01:00:13,990 --> 01:00:09,109

right here you see that

1447

01:00:17,109 --> 01:00:15,910

so what stands out in science and

1448

01:00:19,990 --> 01:00:17,119

technology

1449

01:00:26,829 --> 01:00:20,000

possibility number three of interaction

1450

01:00:30,470 --> 01:00:29,190

life along with the other things that

1451

01:00:35,670 --> 01:00:30,480

you see here

1452

01:00:39,109 --> 01:00:37,510

genetic engineering

1453

01:00:41,349 --> 01:00:39,119

understanding the brain and nature of

1454

01:00:46,470 --> 01:00:41,359

thought these are all things that they

1455

01:00:50,950 --> 01:00:49,190

just for fun though just for fun yeah

1456

01:00:52,950 --> 01:00:50,960

finally this is a little blurry sorry

1457

01:00:53,910 --> 01:00:52,960

but finally one day

1458

01:00:55,829 --> 01:00:53,920

finally

1459

01:00:58,150 --> 01:00:55,839

one can expect someday to achieve the

1460

01:00:59,990 --> 01:00:58,160

long sought unified field theory that

1461

01:01:02,710 --> 01:01:00,000

will unite under a common description of

1462

01:01:05,109 --> 01:01:02,720

diverse physics of electromagnetism

1463

01:01:06,870 --> 01:01:05,119

gravitation strong interactions and weak

1464

01:01:08,549 --> 01:01:06,880

interactions when one does one might

1465

01:01:11,510 --> 01:01:08,559

expect to understand how to control

1466

01:01:13,990 --> 01:01:11,520

gravitational forces for propulsion

1467

01:01:16,549 --> 01:01:14,000

and energy production

1468

01:01:20,230 --> 01:01:16,559

that would be i just dropped another mic

1469

01:01:25,030 --> 01:01:23,109

and then this one several of the group

1470

01:01:26,789 --> 01:01:25,040

chose to discuss

1471

01:01:29,510 --> 01:01:26,799

living matter from the viewpoint that

1472

01:01:31,589 --> 01:01:29,520

amino acids are not unique to the

1473

01:01:35,109 --> 01:01:31,599

terrestrial environment that life

1474

01:01:37,589 --> 01:01:35,119

elsewhere is inevitable in widespread

1475

01:01:39,990 --> 01:01:37,599

that intelligent life is common

1476

01:01:42,069 --> 01:01:40,000

that there is considerable similarity

1477

01:01:44,630 --> 01:01:42,079

between these life forms and that

1478

01:01:46,390 --> 01:01:44,640

contact between them occurs

1479

01:01:48,470 --> 01:01:46,400

some thought that the potential exists

1480

01:01:51,270 --> 01:01:48,480

for some form of faster than light

1481

01:01:54,230 --> 01:01:51,280

communications or travel although no one

1482

01:01:56,549 --> 01:01:54,240

suggested that man is likely to achieve

1483

01:01:58,309 --> 01:01:56,559

it in the near future possibly related

1484

01:02:00,870 --> 01:01:58,319

to this a feeling was expressed that

1485

01:02:06,630 --> 01:02:00,880

there may be some genuine anomalies in

1486

01:02:11,270 --> 01:02:08,230

maybe

1487

01:02:13,829 --> 01:02:11,280

how's that one there may be some genuine

1488

01:02:16,230 --> 01:02:13,839

anomalies

1489

01:02:17,750 --> 01:02:16,240

some of the group remember uh who that

1490

01:02:20,230 --> 01:02:17,760

group is

1491

01:02:21,829 --> 01:02:20,240

that life elsewhere is inevitable and

1492

01:02:25,270 --> 01:02:21,839

widespread

1493

01:02:27,029 --> 01:02:25,280

that intelligent life is common

1494

01:02:30,549 --> 01:02:27,039

and that there is considerable

1495

01:02:34,230 --> 01:02:30,559

similarity between these life forms

1496

01:02:34,240 --> 01:02:37,109

how do they know

1497

01:02:41,750 --> 01:02:39,750

large-nosed gray aliens that landed at

1498

01:02:47,750 --> 01:02:41,760

edwards air force base

1499

01:02:50,870 --> 01:02:48,880

just [h\_\_h]

1500

01:02:53,670 --> 01:02:50,880

[Laughter]

1501

01:02:56,069 --> 01:02:53,680

so yeah i thought that was great

1502

01:02:58,470 --> 01:02:56,079

i thought that was a good one

1503

01:03:00,870 --> 01:02:58,480

um and with that being said that's

1504

01:03:03,349 --> 01:03:00,880

really all we got i know you sent me the

1505

01:03:05,990 --> 01:03:03,359

control project and i read through that

1506

01:03:08,710 --> 01:03:06,000

it didn't have anything about like um

1507

01:03:10,549 --> 01:03:08,720

this kind of stuff although it was

1508

01:03:14,710 --> 01:03:10,559

pretty clear that's

1509

01:03:18,630 --> 01:03:14,720

colonel sleepers beginnings in 1948 okay

1510

01:03:19,829 --> 01:03:18,640

and the concern was soviet union atomic

1511

01:03:20,630 --> 01:03:19,839

weapons

1512

01:03:21,990 --> 01:03:20,640

and

1513

01:03:24,549 --> 01:03:22,000

when you think about

1514

01:03:28,150 --> 01:03:24,559

their fears of them

1515

01:03:30,390 --> 01:03:28,160

coming over in our you know

1516

01:03:32,549 --> 01:03:30,400

reconnaissance programs

1517

01:03:34,710 --> 01:03:32,559

uh like we saw

1518

01:03:37,510 --> 01:03:34,720

it's just mind-boggling that you later

1519

01:03:38,870 --> 01:03:37,520

read those letters that sleeper wrote

1520

01:03:40,309 --> 01:03:38,880

and he's just coming right out and

1521

01:03:41,349 --> 01:03:40,319

saying it so

1522

01:03:43,510 --> 01:03:41,359

this just

1523

01:03:46,309 --> 01:03:43,520

blatantly shows you that no matter what

1524

01:03:48,549 --> 01:03:46,319

they sounded like no matter how much

1525

01:03:51,270 --> 01:03:48,559

they stressed it obviously they didn't

1526

01:03:53,750 --> 01:03:51,280

really believe they were all the soviets

1527

01:03:56,870 --> 01:03:53,760

they couldn't have

1528

01:03:59,910 --> 01:03:56,880

yeah that's pretty clear

1529

01:04:00,789 --> 01:03:59,920

i think we nailed that point home today

1530

01:04:03,270 --> 01:04:00,799

yeah

1531

01:04:05,029 --> 01:04:03,280

um the brookings institute it's

1532

01:04:06,150 --> 01:04:05,039

interesting that that was mentioned

1533

01:04:08,630 --> 01:04:06,160

actually

1534

01:04:13,270 --> 01:04:11,750

have you ever heard anything about that

1535

01:04:15,029 --> 01:04:13,280

yeah uh

1536

01:04:16,549 --> 01:04:15,039

the brookings institute is responsible

1537

01:04:18,309 --> 01:04:16,559

for a couple of things that we've never

1538

01:04:20,950 --> 01:04:18,319

heard about including possible mind

1539

01:04:23,349 --> 01:04:20,960

control stuff like the mk okay ultra

1540

01:04:27,430 --> 01:04:25,430

from a couple of people i've talked to

1541

01:04:29,589 --> 01:04:27,440

so i don't have documents relating to it

1542

01:04:30,950 --> 01:04:29,599

but they were the ones that they were

1543

01:04:32,470 --> 01:04:30,960

the ones that authored the report that

1544

01:04:33,990 --> 01:04:32,480

said we can't tell people because

1545

01:04:36,390 --> 01:04:34,000

they'll panic

1546

01:04:37,670 --> 01:04:36,400

uh gotcha

1547

01:04:38,630 --> 01:04:37,680

interesting

1548

01:04:41,270 --> 01:04:38,640

um

1549

01:04:42,549 --> 01:04:41,280

no i just looked at something from them

1550

01:04:45,670 --> 01:04:42,559

recently

1551

01:04:47,670 --> 01:04:45,680

that i have and i can't find it now it's

1552

01:04:48,549 --> 01:04:47,680

interesting

1553

01:04:51,910 --> 01:04:48,559

but

1554

01:04:55,349 --> 01:04:52,950

yeah

1555

01:04:57,029 --> 01:04:55,359

it's just what

1556

01:04:59,349 --> 01:04:57,039

i don't know aren't you kind of at like

1557

01:05:00,549 --> 01:04:59,359

a loss for words at a certain point

1558

01:05:01,990 --> 01:05:00,559

mm-hmm

1559

01:05:04,789 --> 01:05:02,000

and like what you're getting slapped a

1560

01:05:08,150 --> 01:05:04,799

few times then you start getting numb

1561

01:05:09,589 --> 01:05:08,160

like what he is supposed to do

1562

01:05:11,670 --> 01:05:09,599

what are you supposed to do now well

1563

01:05:13,829 --> 01:05:11,680

yeah one thing i can say you know

1564

01:05:16,710 --> 01:05:13,839

in my part in all this

1565

01:05:17,750 --> 01:05:16,720

and where i come from is uh

1566

01:05:25,109 --> 01:05:17,760

i

1567

01:05:28,309 --> 01:05:25,119

concentrate on the psychology or the

1568

01:05:30,069 --> 01:05:28,319

consciousness or the spirit or the nuts

1569

01:05:32,309 --> 01:05:30,079

and bolts or whatever

1570

01:05:33,990 --> 01:05:32,319

none of that makes sense to separate it

1571

01:05:36,069 --> 01:05:34,000

because as we can see

1572

01:05:38,069 --> 01:05:36,079

and you talked about in your show your

1573

01:05:40,069 --> 01:05:38,079

last show with your panel

1574

01:05:41,349 --> 01:05:40,079

it's important to realize that this

1575

01:05:44,390 --> 01:05:41,359

thing covers

1576

01:05:47,589 --> 01:05:44,400

everything from physical to non-physical

1577

01:05:50,710 --> 01:05:48,710

yeah

1578

01:05:52,549 --> 01:05:50,720

historically there are places for all of

1579

01:05:54,549 --> 01:05:52,559

us like people like you and me

1580

01:05:56,470 --> 01:05:54,559

doing historical research stuff i mean

1581

01:05:57,910 --> 01:05:56,480

you do more than that mainly that's what

1582

01:05:59,109 --> 01:05:57,920

i do even though i've had my own

1583

01:06:01,270 --> 01:05:59,119

experiences

1584

01:06:03,430 --> 01:06:01,280

i mainly just settled on doing

1585

01:06:05,829 --> 01:06:03,440

historical research because that's what

1586

01:06:07,430 --> 01:06:05,839

i feel like i do best that's my place so

1587

01:06:08,710 --> 01:06:07,440

yeah and that's what i'm going to

1588

01:06:10,630 --> 01:06:08,720

continue doing

1589

01:06:11,670 --> 01:06:10,640

even though i've been

1590

01:06:15,270 --> 01:06:11,680

you know

1591

01:06:17,109 --> 01:06:15,280

you're wasting your time oh you guys are

1592

01:06:20,549 --> 01:06:17,119

all in the past and

1593

01:06:23,109 --> 01:06:20,559

i just don't feel that way and besides

1594

01:06:24,870 --> 01:06:23,119

we always need historians to put

1595

01:06:27,510 --> 01:06:24,880

perspective on stuff

1596

01:06:31,270 --> 01:06:27,520

well and you can see that um the

1597

01:06:33,910 --> 01:06:31,280

situations then were um

1598

01:06:36,710 --> 01:06:33,920

pretty identical to what they are now so

1599

01:06:39,750 --> 01:06:36,720

i would think that since we have so much

1600

01:06:42,390 --> 01:06:39,760

uh of these documents accessible to us

1601  
01:06:45,990 --> 01:06:42,400  
in a very similar situation it would

1602  
01:06:47,109 --> 01:06:46,000  
seem silly not to investigate them

1603  
01:06:48,390 --> 01:06:47,119  
you know

1604  
01:06:51,349 --> 01:06:48,400  
because it's like

1605  
01:06:52,950 --> 01:06:51,359  
it's the same thing basically except

1606  
01:06:55,109 --> 01:06:52,960  
you know a different time

1607  
01:06:56,710 --> 01:06:55,119  
it's like an artist that works in black

1608  
01:06:58,309 --> 01:06:56,720  
and white all the time and

1609  
01:07:00,069 --> 01:06:58,319  
doesn't realize their colors because

1610  
01:07:02,410 --> 01:07:00,079  
they're color blind or something and

1611  
01:07:04,630 --> 01:07:02,420  
somebody had you could use blue

1612  
01:07:12,309 --> 01:07:04,640  
[Laughter]

1613  
01:07:15,910 --> 01:07:12,319

pink

1614

01:07:19,510 --> 01:07:16,710

uh

1615

01:07:21,750 --> 01:07:19,520

80 years multiple ic agencies all the

1616

01:07:23,589 --> 01:07:21,760

way to the white house

1617

01:07:26,870 --> 01:07:23,599

been kept in the dark by an autonomous

1618

01:07:28,390 --> 01:07:26,880

group in the air force and army

1619

01:07:30,630 --> 01:07:28,400

yeah and i don't necessarily think it's

1620

01:07:32,309 --> 01:07:30,640

something like mg12 like some people

1621

01:07:33,510 --> 01:07:32,319

believe because you the more you look

1622

01:07:35,109 --> 01:07:33,520

into this the more you see how many

1623

01:07:36,789 --> 01:07:35,119

people are involved

1624

01:07:39,109 --> 01:07:36,799

it isn't just one

1625

01:07:40,870 --> 01:07:39,119

control group there's a bunch of people

1626

01:07:43,990 --> 01:07:40,880

all along they're all agreeing to not

1627

01:07:45,190 --> 01:07:44,000

tell us they're all in this game with us

1628

01:07:47,349 --> 01:07:45,200

yeah

1629

01:07:50,069 --> 01:07:47,359

that's true because in the documents we

1630

01:07:51,829 --> 01:07:50,079

looked at although they um apparently

1631

01:07:54,630 --> 01:07:51,839

didn't understand what they were looking

1632

01:07:57,190 --> 01:07:54,640

at um also agreed that they didn't want

1633

01:07:59,190 --> 01:07:57,200

to tell us

1634

01:08:01,750 --> 01:07:59,200

yeah so

1635

01:08:04,390 --> 01:08:01,760

that's very interesting so

1636

01:08:09,990 --> 01:08:05,190

go

1637

01:08:15,190 --> 01:08:12,230

um

1638

01:08:16,870 --> 01:08:15,200

no and this is uh actually uh i just

1639

01:08:17,829 --> 01:08:16,880

want to leave on this note because it's

1640

01:08:23,829 --> 01:08:17,839

a great

1641

01:08:25,669 --> 01:08:23,839

you know keep us with a good attitude

1642

01:08:28,309 --> 01:08:25,679

and everything i believe so and it's a

1643

01:08:29,430 --> 01:08:28,319

clip from one of my earlier shows

1644

01:08:34,229 --> 01:08:29,440

uh

1645

01:08:36,789 --> 01:08:34,239

i'm a big fan of saying what if

1646

01:08:39,110 --> 01:08:36,799

what if your thoughts could heal someone

1647

01:08:41,110 --> 01:08:39,120

what if your interior monologue changed

1648

01:08:43,430 --> 01:08:41,120

the course of history what if your

1649

01:08:45,269 --> 01:08:43,440

attitude was as infectious as we liked

1650

01:08:46,550 --> 01:08:45,279

it is on hallmark cards

1651

01:08:47,829 --> 01:08:46,560

um

1652

01:08:49,990 --> 01:08:47,839

it's worth it

1653

01:08:52,309 --> 01:08:50,000

it is it's worth the chance it's worth

1654

01:08:54,149 --> 01:08:52,319

the possible hurt

1655

01:08:55,910 --> 01:08:54,159

of being let down

1656

01:08:57,910 --> 01:08:55,920

to realize just what

1657

01:08:59,910 --> 01:08:57,920

see each of us we're all waiting for

1658

01:09:01,430 --> 01:08:59,920

anyone to come lead us out of the cave

1659

01:09:03,349 --> 01:09:01,440

just one person

1660

01:09:05,030 --> 01:09:03,359

and we don't realize that that

1661

01:09:07,269 --> 01:09:05,040

when we do that

1662

01:09:08,390 --> 01:09:07,279

it has an exponential effect

1663

01:09:09,990 --> 01:09:08,400

you know we're all waiting for our

1664

01:09:11,510 --> 01:09:10,000

payment we're like when i get paid first

1665

01:09:17,510 --> 01:09:11,520

then i'll be heartfelt and kind and

1666

01:09:23,829 --> 01:09:18,829

i thought that was

1667

01:09:28,390 --> 01:09:26,149

so on that note

1668

01:09:29,749 --> 01:09:28,400

i had a great time with you robert well

1669

01:09:30,950 --> 01:09:29,759

thanks for having me on it was great i

1670

01:09:32,829 --> 01:09:30,960

love doing this

1671

01:09:35,430 --> 01:09:32,839

yeah we'll do it again

1672

01:09:38,070 --> 01:09:35,440

um maybe next time

1673

01:09:39,330 --> 01:09:38,080

you control the content

1674

01:09:41,590 --> 01:09:39,340

sure i got tons of it

1675

01:09:43,669 --> 01:09:41,600

[Laughter]

1676

01:09:45,110 --> 01:09:43,679

i know

1677

01:09:47,110 --> 01:09:45,120

my hard drives

1678

01:09:50,070 --> 01:09:47,120

i pretty much tapped out everything i

1679

01:09:51,829 --> 01:09:50,080

had as far as like overall report

1680

01:09:54,470 --> 01:09:51,839

documents versus like individual

1681

01:09:57,270 --> 01:09:54,480

sightings and stuff so

1682

01:10:00,630 --> 01:09:57,280

um we covered some important stuff

1683

01:10:03,750 --> 01:10:00,640

yeah so i hope it gets around

1684

01:10:05,350 --> 01:10:03,760

yeah me too hope people can see you know

1685

01:10:06,470 --> 01:10:05,360

if they had any questions or if they

1686

01:10:08,310 --> 01:10:06,480

doubted

1687

01:10:10,550 --> 01:10:08,320

that last little bit of doubt hopefully

1688

01:10:12,390 --> 01:10:10,560

that was removed a little bit and they

1689

01:10:15,430 --> 01:10:12,400

they don't they're not afraid to realize

1690

01:10:17,750 --> 01:10:15,440

yeah something is going on

1691

01:10:21,510 --> 01:10:17,760

uh i i would hope so

1692

01:10:24,470 --> 01:10:21,520

so on that i will bid you adieu

1693

01:10:25,830 --> 01:10:24,480

and uh i'm gonna go out by playing you

1694

01:10:28,390 --> 01:10:25,840

part two

1695

01:10:30,950 --> 01:10:28,400

of my film my little short film that i

1696

01:10:33,430 --> 01:10:30,960

made a while ago um

1697

01:10:37,110 --> 01:10:35,030

01:11:09,830 --> 01:11:08,560

um yeah so we will see you

1714

01:11:14,229 --> 01:11:09,840

soon y'all

1715

01:11:14,239 --> 01:11:29,050

no they i don't know what these are

1716

01:11:36,790 --> 01:11:33,590

[Music]

1717

01:11:38,630 --> 01:11:36,800

on september 20th 2020 the revelation

1718

01:11:41,189 --> 01:11:38,640

began

1719

01:11:43,669 --> 01:11:41,199

my wife and i saw our first ultras

1720

01:11:45,270 --> 01:11:43,679

aka orbs

1721

01:11:46,950 --> 01:11:45,280

my wife called me on her way home from

1722

01:11:49,030 --> 01:11:46,960

work as they hovered with her towards

1723

01:11:50,950 --> 01:11:49,040

our house

1724

01:11:53,590 --> 01:11:50,960

she told me to get outside to see what

1725

01:11:59,110 --> 01:11:56,390

i met her in the backyard and

1726

01:12:04,310 --> 01:12:01,189

one of them seemed grumpy but

1727

01:12:06,790 --> 01:12:04,320

i felt love for whatever reason

1728

01:12:10,229 --> 01:12:06,800

i got a message in my mind that

1729

01:12:14,550 --> 01:12:12,470

and yeah of course i took video but cell

1730

01:12:18,550 --> 01:12:14,560

phone footage

1731

01:12:22,550 --> 01:12:18,560

really doesn't capture the moment's

1732

01:12:27,590 --> 01:12:24,630

of course we all found out later cameras

1733

01:12:29,510 --> 01:12:27,600

had a specific design feature

1734

01:12:31,510 --> 01:12:29,520

based on gps

1735

01:12:33,990 --> 01:12:31,520

the government would purposely downgrade

1736

01:12:37,189 --> 01:12:34,000

the camera's phone's capabilities

1737

01:12:39,669 --> 01:12:37,199

when an ultra came by

1738

01:12:41,669 --> 01:12:39,679

it's too bad really i mean

1739

01:12:42,750 --> 01:12:41,679

they were trying to save us from what

1740

01:12:48,870 --> 01:12:42,760

was to come

1741

01:12:53,030 --> 01:12:50,790

of course they say

1742

01:12:54,950 --> 01:12:53,040

we can give you work

1743

01:12:57,830 --> 01:12:54,960

but it's not known it's not a job or

1744

01:13:03,030 --> 01:13:00,149

it's another invasion of

1745

01:13:07,110 --> 01:13:05,090

instead of the earth

1746

01:13:09,189 --> 01:13:07,120

[Music]

1747

01:13:12,070 --> 01:13:09,199

so when my wife and i said we'd be back

1748

01:13:12,080 --> 01:13:28,200

eventually is now

1749

01:13:47,350 --> 01:13:42,630

[Music]

1750

01:13:47,360 --> 01:13:53,110

support my dreams one at a time

1751

01:13:53,120 --> 01:13:58,149

while i look for you

1752

01:14:06,550 --> 01:14:01,350

conflict is not supposed to

1753

01:14:12,460 --> 01:14:09,430

from the sky or the sea

1754

01:14:15,669 --> 01:14:12,470

it is what it's going to be

1755

01:14:20,550 --> 01:14:18,149

every little bit

1756

01:14:25,430 --> 01:14:20,560

the fourth writing on it

1757

01:14:30,790 --> 01:14:28,790

she made a super secret lisp of the ones

1758

01:14:35,900 --> 01:14:30,800

with the most with

1759

01:15:13,830 --> 01:14:50,020

[Music]

1760

01:15:13,840 --> 01:15:18,950

and if i remember correctly
