

Witness Citizen

1
00:00:07,749 --> 00:00:05,269
what is up everybody thanks for joining

2
00:00:10,070 --> 00:00:07,759
us on this wonderful

3
00:00:11,910 --> 00:00:10,080
thursday afternoon

4
00:00:15,509 --> 00:00:11,920
um so i still am going to do some

5
00:00:17,750 --> 00:00:15,519
thursday shows now and again or i mean

6
00:00:18,790 --> 00:00:17,760
early afternoon shows once in a while

7
00:00:21,189 --> 00:00:18,800
um

8
00:00:23,910 --> 00:00:21,199
probably will wind up being wednesday

9
00:00:26,950 --> 00:00:23,920
but who knows you know me sometimes

10
00:00:28,710 --> 00:00:26,960
um if something pops up some news or

11
00:00:30,710 --> 00:00:28,720
something that's breaking

12
00:00:34,150 --> 00:00:30,720
or something that's just on my mind and

13
00:00:35,670 --> 00:00:34,160

i want to grab you know the the

14

00:00:37,270 --> 00:00:35,680
camera or whatever and start doing some

15

00:00:38,549 --> 00:00:37,280
talking that's what i'll do

16

00:00:45,350 --> 00:00:38,559
um

17

00:00:47,590 --> 00:00:45,360
a citizen scientist he was on the show a

18

00:00:50,709 --> 00:00:47,600
while back and we talked about

19

00:00:53,110 --> 00:00:50,719
uh the townsend brown whole scenario

20

00:00:55,910 --> 00:00:53,120
because i had those documents

21

00:00:57,750 --> 00:00:55,920
uh those were in the uh air force osi

22

00:00:59,270 --> 00:00:57,760
documents i had so he gave us a

23

00:01:00,709 --> 00:00:59,280
breakdown of that it was pretty cool but

24

00:01:03,510 --> 00:01:00,719
you got to be a member now to see that

25

00:01:04,869 --> 00:01:03,520
video if you haven't noticed um

26

00:01:07,830 --> 00:01:04,879

i have

27

00:01:09,990 --> 00:01:07,840

so many videos i'm starting to put a

28

00:01:11,350 --> 00:01:10,000

good amount of them in the members only

29

00:01:13,270 --> 00:01:11,360

thing

30

00:01:15,270 --> 00:01:13,280

um

31

00:01:17,030 --> 00:01:15,280

you know that they'll have to be

32

00:01:18,950 --> 00:01:17,040

old enough for me to do that i wouldn't

33

00:01:20,710 --> 00:01:18,960

just do that but but you know what i'm

34

00:01:22,390 --> 00:01:20,720

saying so

35

00:01:23,830 --> 00:01:22,400

uh there's a lot of good reason to be a

36

00:01:26,390 --> 00:01:23,840

member and it's like a

37

00:01:27,350 --> 00:01:26,400

dollar 99 a month or something

38

00:01:28,230 --> 00:01:27,360

um

39

00:01:30,149 --> 00:01:28,240

so

40

00:01:33,190 --> 00:01:30,159

you know am i going to get rich off of

41

00:01:36,950 --> 00:01:33,200

it no but

42

00:01:38,310 --> 00:01:36,960

but it's something you know so

43

00:01:40,390 --> 00:01:38,320

um

44

00:01:42,550 --> 00:01:40,400

yeah so we're going to bring him on and

45

00:01:44,789 --> 00:01:42,560

i'm also going to talk about the poll i

46

00:01:45,830 --> 00:01:44,799

put on twitter which would have had to

47

00:01:47,510 --> 00:01:45,840

do with

48

00:01:50,310 --> 00:01:47,520

uh it was pretty basic like do you

49

00:01:52,069 --> 00:01:50,320

believe um we're being

50

00:01:54,550 --> 00:01:52,079

told the truth you know it was an

51
00:01:56,709 --> 00:01:54,560
overall question it wasn't towards one

52
00:01:58,469 --> 00:01:56,719
person or the other person but um we got

53
00:01:59,910 --> 00:01:58,479
about 200 votes in there

54
00:02:01,990 --> 00:01:59,920
and we'll

55
00:02:03,670 --> 00:02:02,000
i'll tell you the results and maybe i'll

56
00:02:04,870 --> 00:02:03,680
go through some of

57
00:02:06,230 --> 00:02:04,880
um

58
00:02:08,550 --> 00:02:06,240
some of the comments that kind of stuck

59
00:02:10,869 --> 00:02:08,560
out to me the most on there and give you

60
00:02:14,550 --> 00:02:10,879
my thoughts about that

61
00:02:15,510 --> 00:02:14,560
and tonight at 6 00 p.m central standard

62
00:02:17,830 --> 00:02:15,520
time

63
00:02:20,630 --> 00:02:17,840

um we have

64

00:02:22,630 --> 00:02:20,640

deborah from

65

00:02:24,949 --> 00:02:22,640

the observers she's the experimenter from

66

00:02:26,710 --> 00:02:24,959

the observers movie uh that just came

67

00:02:28,470 --> 00:02:26,720

out yesterday which if you haven't seen

68

00:02:29,910 --> 00:02:28,480

it um

69

00:02:32,309 --> 00:02:29,920

you know let me know how you feel i

70

00:02:34,070 --> 00:02:32,319

thought it was a pretty great movie so

71

00:02:35,830 --> 00:02:34,080

um

72

00:02:38,309 --> 00:02:35,840

some parts were actually kind of

73

00:02:43,350 --> 00:02:38,319

overwhelming so

74

00:02:45,990 --> 00:02:44,470

famous

75

00:02:47,589 --> 00:02:46,000

intro well i got a lot of different

76

00:02:49,430 --> 00:02:47,599

intros but

77

00:02:51,030 --> 00:02:49,440

and none of them are really famous but

78

00:02:57,830 --> 00:02:51,040

um

79

00:04:04,869 --> 00:03:09,900

[Music]

80

00:04:09,990 --> 00:04:07,429

so yeah that's end uap secrecy day don't

81

00:04:11,750 --> 00:04:10,000

miss it we have benji as a host also an

82

00:04:13,190 --> 00:04:11,760

experiencer

83

00:04:14,710 --> 00:04:13,200

i'll be there

84

00:04:16,069 --> 00:04:14,720

here we have jake christopher king

85

00:04:18,310 --> 00:04:16,079

experiencer

86

00:04:19,670 --> 00:04:18,320

um we have

87

00:04:21,670 --> 00:04:19,680

um

88

00:04:23,749 --> 00:04:21,680

a lot of people we have john ramirez

89

00:04:27,270 --> 00:04:23,759

experiencer we have

90

00:04:29,590 --> 00:04:27,280

uh steve in bassette ross cohort we have

91

00:04:31,510 --> 00:04:29,600

a great group of people from france

92

00:04:33,909 --> 00:04:31,520

great researchers i'm going to update

93

00:04:35,749 --> 00:04:33,919

the um

94

00:04:37,270 --> 00:04:35,759

the guests on the event here there's

95

00:04:38,710 --> 00:04:37,280

just been a lot going on but i'm going

96

00:04:40,830 --> 00:04:38,720

to get to that and start hitting that

97

00:04:45,270 --> 00:04:40,840

pretty soon first just want to say hi to

98

00:04:46,790 --> 00:04:45,280

everybody um mckay for 2d

99

00:04:49,189 --> 00:04:46,800

uh linda

100

00:04:52,550 --> 00:04:49,199

uh woman's uap

101
00:04:55,110 --> 00:04:52,560
what's up uh lord boss lord base

102
00:04:58,070 --> 00:04:55,120
what's happening witness citizen glad

103
00:05:01,590 --> 00:05:00,070
that's never going to get old maybe the

104
00:05:03,430 --> 00:05:01,600
people who watch

105
00:05:05,350 --> 00:05:03,440
consistently but

106
00:05:07,670 --> 00:05:05,360
diesel girl what's up

107
00:05:10,150 --> 00:05:07,680
thanks for popping in i appreciate it

108
00:05:11,430 --> 00:05:10,160
uh uriel did i say that right what's

109
00:05:13,430 --> 00:05:11,440
going on

110
00:05:15,350 --> 00:05:13,440
thanks for hanging out i do appreciate

111
00:05:17,990 --> 00:05:15,360
it jose hello

112
00:05:19,590 --> 00:05:18,000
how are you uh if anyone's watching and

113
00:05:21,350 --> 00:05:19,600

they aren't signed into youtube that'd

114

00:05:23,189 --> 00:05:21,360

be great if he did hit the subscribe

115

00:05:25,270 --> 00:05:23,199

button or like the video

116

00:05:27,350 --> 00:05:25,280

or even on twitter jump over to youtube

117

00:05:29,830 --> 00:05:27,360

join the chat hang out

118

00:05:31,749 --> 00:05:29,840

um because sometimes it's fun not always

119

00:05:33,830 --> 00:05:31,759

but

120

00:05:36,830 --> 00:05:33,840

a lot of that's up to you alright so

121

00:05:39,909 --> 00:05:36,840

without further ado i'm gonna bring in a

122

00:05:43,029 --> 00:05:39,919

citizen scientist how you doing

123

00:05:45,430 --> 00:05:43,039

good how are you sean good

124

00:05:46,550 --> 00:05:45,440

aka joe

125

00:05:48,390 --> 00:05:46,560

yeah

126
00:05:49,830 --> 00:05:48,400
josie's your one for everyone out there

127
00:05:51,990 --> 00:05:49,840
okay yeah i'm not gonna sit here call

128
00:05:53,990 --> 00:05:52,000
you a citizen i'm citizen i'm just

129
00:05:55,909 --> 00:05:54,000
kidding

130
00:05:57,110 --> 00:05:55,919
oh we got a new guy to edmond star

131
00:05:58,230 --> 00:05:57,120
what's up

132
00:05:59,909 --> 00:05:58,240
awesome

133
00:06:03,029 --> 00:05:59,919
robert hello

134
00:06:05,430 --> 00:06:03,039
happy to see you as always sir

135
00:06:06,870 --> 00:06:05,440
um so

136
00:06:07,909 --> 00:06:06,880
um

137
00:06:09,830 --> 00:06:07,919
what are you thinking about this

138
00:06:11,510 --> 00:06:09,840

amendment

139

00:06:12,309 --> 00:06:11,520

um well actually

140

00:06:38,309 --> 00:06:12,319

i

141

00:06:41,189 --> 00:06:38,319

the work culture that got others

142

00:06:43,430 --> 00:06:41,199

interested in it so

143

00:06:44,950 --> 00:06:43,440

it being the phenomenon in general but

144

00:06:47,189 --> 00:06:44,960

uh

145

00:06:48,390 --> 00:06:47,199

yeah positive

146

00:06:51,189 --> 00:06:48,400

yeah that's good

147

00:06:53,670 --> 00:06:51,199

um you know i was with uh

148

00:06:54,950 --> 00:06:53,680

dr ravi loeb last night and they're

149

00:06:56,870 --> 00:06:54,960

looking for

150

00:06:58,790 --> 00:06:56,880

you know possible engineers to help out

151
00:07:01,830 --> 00:06:58,800
so maybe that's a that's an opportunity

152
00:07:03,510 --> 00:07:01,840
for you at some point who knows

153
00:07:05,270 --> 00:07:03,520
you know i don't know if um i'm in the

154
00:07:07,189 --> 00:07:05,280
specialty that they're looking for but

155
00:07:10,550 --> 00:07:07,199
uh yeah

156
00:07:13,589 --> 00:07:10,560
yeah i'm interested yeah so um today you

157
00:07:17,029 --> 00:07:13,599
are going to talk with us about um

158
00:07:20,150 --> 00:07:17,039
something called stellar lifting

159
00:07:21,430 --> 00:07:20,160
which sounds very very interesting

160
00:07:24,390 --> 00:07:21,440
um so

161
00:07:25,350 --> 00:07:24,400
what is the general basis for that

162
00:07:29,510 --> 00:07:25,360
what is it

163
00:07:30,390 --> 00:07:29,520

stellar lifting is a theoretical

164

00:07:32,629 --> 00:07:30,400
mechanism

165

00:07:33,430 --> 00:07:32,639
by which a civilization

166

00:07:34,870 --> 00:07:33,440
uh

167

00:07:36,390 --> 00:07:34,880
for those who are familiar it's

168

00:07:38,870 --> 00:07:36,400
typically considered

169

00:07:40,309 --> 00:07:38,880
on the kardashev scale like a k2

170

00:07:42,870 --> 00:07:40,319
civilization or above but there's a lot

171

00:07:45,589 --> 00:07:42,880
of different classification systems for

172

00:07:48,390 --> 00:07:45,599
classifying theoretical advanced uh

173

00:07:50,950 --> 00:07:48,400
extraterrestrial species sure uh

174

00:07:53,189 --> 00:07:50,960
in any case stellar lifting what it does

175

00:07:54,550 --> 00:07:53,199
or the process is

176

00:07:56,869 --> 00:07:54,560

um it could be done a number of

177

00:07:58,629 --> 00:07:56,879

different ways but essentially

178

00:07:59,909 --> 00:07:58,639

it would be uh

179

00:08:02,950 --> 00:07:59,919

the

180

00:08:03,749 --> 00:08:02,960

advanced species controlling

181

00:08:05,270 --> 00:08:03,759

the

182

00:08:07,909 --> 00:08:05,280

uh

183

00:08:10,390 --> 00:08:07,919

inducing and controlling solar flares

184

00:08:13,110 --> 00:08:10,400

for for their local star or a star that

185

00:08:15,990 --> 00:08:13,120

they're in the star system of

186

00:08:18,950 --> 00:08:16,000

in order to get the material that's

187

00:08:21,830 --> 00:08:18,960

normally so stars eject material all the

188

00:08:22,950 --> 00:08:21,840

time you know we have stolen solar winds

189

00:08:24,790 --> 00:08:22,960

um

190

00:08:26,950 --> 00:08:24,800

they also do something called clearing

191

00:08:28,629 --> 00:08:26,960

the neighborhood right for anyone that's

192

00:08:31,270 --> 00:08:28,639

interested in astronomy it's

193

00:08:33,350 --> 00:08:31,280

uh stars generally will

194

00:08:36,709 --> 00:08:33,360

control the environment in

195

00:08:38,389 --> 00:08:36,719

their local area uh to a certain extent

196

00:08:41,350 --> 00:08:38,399

over a long period of time over you know

197

00:08:45,110 --> 00:08:41,360

geological time skills and

198

00:08:48,230 --> 00:08:45,120

uh what happens is with stellar lifting

199

00:08:50,230 --> 00:08:48,240

the race would control like the ejection

200

00:08:51,990 --> 00:08:50,240

of material and actually encourage it

201
00:08:54,550 --> 00:08:52,000
through additional solar flares or

202
00:08:57,670 --> 00:08:54,560
kernel mass ejections with advanced

203
00:08:59,829 --> 00:08:57,680
techniques with magnetism and

204
00:09:00,949 --> 00:08:59,839
as that material gets

205
00:09:01,990 --> 00:09:00,959
shed

206
00:09:04,470 --> 00:09:02,000
they would

207
00:09:07,590 --> 00:09:04,480
continue to control the where that

208
00:09:10,150 --> 00:09:07,600
material is going locally to the star

209
00:09:12,470 --> 00:09:10,160
and uh allow it to get far enough away

210
00:09:14,310 --> 00:09:12,480
that it'll cool and then you can

211
00:09:16,230 --> 00:09:14,320
mine it essentially and the thought

212
00:09:18,710 --> 00:09:16,240
process behind this is

213
00:09:21,269 --> 00:09:18,720

what's the biggest concentration of

214

00:09:23,829 --> 00:09:21,279

material out there it's a star you know

215

00:09:25,590 --> 00:09:23,839

yeah there's there's the theory that uh

216

00:09:27,670 --> 00:09:25,600

different races might

217

00:09:29,590 --> 00:09:27,680

uh you know a civilization may be

218

00:09:30,790 --> 00:09:29,600

interested in mining asteroids in an

219

00:09:32,550 --> 00:09:30,800

area but

220

00:09:33,829 --> 00:09:32,560

and that could be true as well but

221

00:09:35,910 --> 00:09:33,839

you're also going to have a lot of

222

00:09:37,670 --> 00:09:35,920

material if you're advanced enough a

223

00:09:39,910 --> 00:09:37,680

quick way to get a lot of material

224

00:09:41,030 --> 00:09:39,920

towards whatever project or

225

00:09:43,269 --> 00:09:41,040

process that you might need that

226

00:09:45,110 --> 00:09:43,279

material for would be to do this this

227

00:09:46,470 --> 00:09:45,120

type of an operation which is known as

228

00:09:48,070 --> 00:09:46,480

stellar lifting it's because it's you're

229

00:09:51,350 --> 00:09:48,080

literally lifting the material of the

230

00:09:53,509 --> 00:09:51,360

star out of it all right it wow just as

231

00:09:55,910 --> 00:09:53,519

a last comment on that the other thought

232

00:09:58,310 --> 00:09:55,920

process here is you could use that to to

233

00:09:59,990 --> 00:09:58,320

shape your star or to prevent like for

234

00:10:02,949 --> 00:10:00,000

example if you were in

235

00:10:05,269 --> 00:10:02,959

our area and you had a class k star you

236

00:10:06,630 --> 00:10:05,279

know the sun is going to eventually turn

237

00:10:09,590 --> 00:10:06,640

into a red dwarf and it's going to

238

00:10:10,870 --> 00:10:09,600

expand out well it you know in so many i

239

00:10:13,670 --> 00:10:10,880

forget the exact number but you know

240

00:10:14,949 --> 00:10:13,680

billions of years from now um

241

00:10:17,110 --> 00:10:14,959

to prevent that if you were a

242

00:10:19,910 --> 00:10:17,120

sufficiently advanced race that didn't

243

00:10:20,949 --> 00:10:19,920

want their star to completely

244

00:10:22,389 --> 00:10:20,959

um

245

00:10:24,230 --> 00:10:22,399

eliminate their planet because when the

246

00:10:27,030 --> 00:10:24,240

sun would expand like that we would it

247

00:10:29,350 --> 00:10:27,040

would actually

248

00:10:31,670 --> 00:10:29,360

you could you could control

249

00:10:33,750 --> 00:10:31,680

uh remove material to pro you know to

250

00:10:35,990 --> 00:10:33,760

change the stellar life cycle

251
00:10:37,910 --> 00:10:36,000
so in addition to just grabbing material

252
00:10:39,829 --> 00:10:37,920
there's there's other reasons that some

253
00:10:40,630 --> 00:10:39,839
species may want to do this

254
00:10:42,230 --> 00:10:40,640
well

255
00:10:44,069 --> 00:10:42,240
so like

256
00:10:46,470 --> 00:10:44,079
how does this how does a

257
00:10:48,069 --> 00:10:46,480
theory like that come about it i mean it

258
00:10:49,750 --> 00:10:48,079
sounds

259
00:10:51,750 --> 00:10:49,760
like you know it's something that could

260
00:10:52,949 --> 00:10:51,760
actually happen

261
00:10:54,230 --> 00:10:52,959
you know you make it sound like

262
00:10:56,870 --> 00:10:54,240
something that would make sense for

263
00:11:00,470 --> 00:10:56,880

someone to do or something to do but

264

00:11:01,770 --> 00:11:00,480

like who's the first person to say

265

00:11:04,069 --> 00:11:01,780

you know i got an idea

266

00:11:06,389 --> 00:11:04,079

[Laughter]

267

00:11:08,470 --> 00:11:06,399

you know how does that work

268

00:11:09,590 --> 00:11:08,480

um you know it's it's like anything

269

00:11:11,750 --> 00:11:09,600

someone

270

00:11:15,590 --> 00:11:11,760

thinks about a topic or maybe has an

271

00:11:18,069 --> 00:11:15,600

insight that comes up right so um i i

272

00:11:21,590 --> 00:11:18,079

i've never spoken to

273

00:11:23,350 --> 00:11:21,600

um uh david criswell he was the one who

274

00:11:24,150 --> 00:11:23,360

coined the term and kind of thought of

275

00:11:25,430 --> 00:11:24,160

this

276

00:11:28,389 --> 00:11:25,440

i think i'm pronouncing his last name

277

00:11:30,150 --> 00:11:28,399

right it was chris well but um anyway

278

00:11:32,310 --> 00:11:30,160

i i i'm not sure what was going through

279

00:11:34,150 --> 00:11:32,320

his head or why he was uh thinking about

280

00:11:35,030 --> 00:11:34,160

this when he came up with the idea but

281

00:11:41,910 --> 00:11:35,040

uh

282

00:11:43,030 --> 00:11:41,920

actually i think he passed away in 2019

283

00:11:45,590 --> 00:11:43,040

but

284

00:11:48,630 --> 00:11:45,600

um yeah i think

285

00:11:50,949 --> 00:11:48,640

interesting uh what how would you even

286

00:11:52,949 --> 00:11:50,959

find out if something that like that

287

00:11:55,590 --> 00:11:52,959

were going on i mean

288

00:11:56,629 --> 00:11:55,600

unless you have the materials to get in

289

00:11:59,190 --> 00:11:56,639

there

290

00:12:00,790 --> 00:11:59,200

which would probably be very difficult

291

00:12:02,870 --> 00:12:00,800

so the only way that we would probably

292

00:12:05,910 --> 00:12:02,880

be able to find this right now uh would

293

00:12:07,829 --> 00:12:05,920

be through um telescopes which

294

00:12:09,430 --> 00:12:07,839

there's a interesting aspect of this

295

00:12:11,110 --> 00:12:09,440

there's a paper

296

00:12:12,230 --> 00:12:11,120

that's been out

297

00:12:13,829 --> 00:12:12,240

i don't know

298

00:12:16,470 --> 00:12:13,839

how many in the audience might be

299

00:12:19,190 --> 00:12:16,480

familiar with this but there's a star by

300

00:12:20,790 --> 00:12:19,200

the name of boyajian's star tabby star

301
00:12:23,110 --> 00:12:20,800
in the popular

302
00:12:25,190 --> 00:12:23,120
culture at this point it's the

303
00:12:27,750 --> 00:12:25,200
designation is kic

304
00:12:28,790 --> 00:12:27,760
846 2852

305
00:12:31,190 --> 00:12:28,800
and

306
00:12:33,269 --> 00:12:31,200
it has been um it is experiencing what's

307
00:12:36,150 --> 00:12:33,279
called secular dimming which

308
00:12:38,710 --> 00:12:36,160
surprisingly the term secular in

309
00:12:40,710 --> 00:12:38,720
astronomy doesn't mean the same thing

310
00:12:42,949 --> 00:12:40,720
as as it would in general vernacular so

311
00:12:44,790 --> 00:12:42,959
to define it really quickly uh secular

312
00:12:47,190 --> 00:12:44,800
dimming meaning that the dimming that's

313
00:12:49,430 --> 00:12:47,200

experienced by the star is non-periodic

314

00:12:51,829 --> 00:12:49,440

dimming over a long period of time uh

315

00:12:53,269 --> 00:12:51,839

but in any case a new paper by gary

316

00:12:55,590 --> 00:12:53,279

sacco um

317

00:12:58,150 --> 00:12:55,600

came out recently uh within the last

318

00:12:59,990 --> 00:12:58,160

couple months and he uh reviewed older

319

00:13:01,910 --> 00:13:00,000

star surveys so

320

00:13:04,389 --> 00:13:01,920

tabby's star to just quickly back up for

321

00:13:06,550 --> 00:13:04,399

a second has been theorized to maybe be

322

00:13:09,590 --> 00:13:06,560

evidence of an alien megastructure it

323

00:13:10,949 --> 00:13:09,600

was conv conjecture initially as a

324

00:13:13,910 --> 00:13:10,959

hypothetical

325

00:13:15,990 --> 00:13:13,920

uh theory uh that somewhat fit the data

326

00:13:17,190 --> 00:13:16,000

then people came around and said that no

327

00:13:19,190 --> 00:13:17,200

other scientists came around said no

328

00:13:21,910 --> 00:13:19,200

it's probably more of like dust

329

00:13:24,310 --> 00:13:21,920

but the problem with that theory uh from

330

00:13:25,910 --> 00:13:24,320

like us collision uh is has been

331

00:13:28,829 --> 00:13:25,920

addressed in this new paper by gary

332

00:13:31,509 --> 00:13:28,839

sacco because we found that

333

00:13:34,470 --> 00:13:31,519

kic-8462852 was actually in

334

00:13:37,110 --> 00:13:34,480

previous star surveys like from 1935 and

335

00:13:39,910 --> 00:13:37,120

1978 and um

336

00:13:41,990 --> 00:13:39,920

in reality it challenges the model that

337

00:13:43,269 --> 00:13:42,000

well it's must be dimming due to dust

338

00:13:44,389 --> 00:13:43,279

because

339

00:13:47,189 --> 00:13:44,399

there's

340

00:13:48,790 --> 00:13:47,199

again with the stellar um

341

00:13:50,389 --> 00:13:48,800

winds and everything like that the the

342

00:13:51,590 --> 00:13:50,399

star would have cleared if there was a

343

00:13:53,990 --> 00:13:51,600

collision

344

00:13:54,870 --> 00:13:54,000

it would have cleared that material by

345

00:13:55,670 --> 00:13:54,880

now

346

00:13:56,790 --> 00:13:55,680

so

347

00:13:59,269 --> 00:13:56,800

uh

348

00:14:01,350 --> 00:13:59,279

it's doesn't really seem to fit that

349

00:14:03,670 --> 00:14:01,360

that process we don't necessarily know

350

00:14:07,110 --> 00:14:03,680

for a fact that it's stellar lifting but

351

00:14:08,949 --> 00:14:07,120

right as it's described in that paper um

352

00:14:10,949 --> 00:14:08,959

there's enough

353

00:14:13,110 --> 00:14:10,959

weird things that stellar lifting now

354

00:14:15,670 --> 00:14:13,120

actually becomes maybe the one of the

355

00:14:18,069 --> 00:14:15,680

more likely hypothesis

356

00:14:20,710 --> 00:14:18,079

hypotheses for what is going on here so

357

00:14:21,750 --> 00:14:20,720

we may actually have evidence of it and

358

00:14:23,430 --> 00:14:21,760

um

359

00:14:25,189 --> 00:14:23,440

interestingly enough we might be able to

360

00:14:27,110 --> 00:14:25,199

see more of these types of

361

00:14:29,590 --> 00:14:27,120

objects or mega structures or evidence

362

00:14:31,269 --> 00:14:29,600

of these types of geo

363

00:14:33,110 --> 00:14:31,279

i guess

364

00:14:34,310 --> 00:14:33,120

mega engineering if you want to use that

365

00:14:36,629 --> 00:14:34,320

term uh

366

00:14:38,310 --> 00:14:36,639

with uh the james webb space telescope

367

00:14:41,189 --> 00:14:38,320

that's getting launched here next month

368

00:14:42,949 --> 00:14:41,199

so wow it i mean that takes a different

369

00:14:44,470 --> 00:14:42,959

intelligent life so that's kind of a

370

00:14:46,310 --> 00:14:44,480

different way to prove it in and of

371

00:14:47,350 --> 00:14:46,320

itself

372

00:14:49,910 --> 00:14:47,360

isn't it

373

00:14:51,509 --> 00:14:49,920

right right and honestly um

374

00:14:53,910 --> 00:14:51,519

everyone you know this has been going on

375

00:14:57,030 --> 00:14:53,920

since 2013 now this this whole boyajian

376

00:14:59,590 --> 00:14:57,040

star mystery um i i think that we were

377

00:15:01,590 --> 00:14:59,600

we should keep our eye on this because

378

00:15:02,870 --> 00:15:01,600

um if the there's a in the paper it

379

00:15:05,509 --> 00:15:02,880

talks about actually having a

380

00:15:07,670 --> 00:15:05,519

periodicity to the dimming um

381

00:15:08,590 --> 00:15:07,680

and the timing from 1930

382

00:15:12,710 --> 00:15:08,600

uh the

383

00:15:15,110 --> 00:15:12,720

1935 survey and the 1978 survey

384

00:15:17,189 --> 00:15:15,120

to 2013 was the same eight percent

385

00:15:18,949 --> 00:15:17,199

dimming um

386

00:15:20,710 --> 00:15:18,959

we may actually find evidence here in

387

00:15:22,790 --> 00:15:20,720

the not too distant future

388

00:15:25,670 --> 00:15:22,800

uh as that periodicity comes back up i

389

00:15:27,670 --> 00:15:25,680

believe it was like two thousand and

390

00:15:29,910 --> 00:15:27,680

some days it came out to like this exact

391

00:15:34,389 --> 00:15:29,920

period of like four years almost

392

00:15:37,110 --> 00:15:34,399

um but it yeah uh if that holds if gary

393

00:15:40,790 --> 00:15:37,120

sacko's intuition is correct and uh that

394

00:15:42,389 --> 00:15:40,800

ends up holding then we

395

00:15:44,150 --> 00:15:42,399

we are going to have evidence of

396

00:15:46,470 --> 00:15:44,160

something that that doesn't make sense

397

00:15:48,150 --> 00:15:46,480

doesn't have a natural explanation we'll

398

00:15:49,350 --> 00:15:48,160

put it that way because that's again

399

00:15:52,389 --> 00:15:49,360

that type of periodicity there should

400

00:15:54,629 --> 00:15:52,399

only be so much material in a in a solar

401
00:15:56,310 --> 00:15:54,639
system that can crash into each other

402
00:15:57,910 --> 00:15:56,320
and allow it to continue and to give

403
00:16:01,829 --> 00:15:57,920
everyone a perspective

404
00:16:03,910 --> 00:16:01,839
the dimming was uh roughly uh

405
00:16:06,069 --> 00:16:03,920
eight percent and

406
00:16:08,389 --> 00:16:06,079
a jupiter size object when we you know

407
00:16:10,470 --> 00:16:08,399
like this is how we study um for fresh

408
00:16:12,389 --> 00:16:10,480
solar extrasolar objects like for

409
00:16:14,790 --> 00:16:12,399
planetary bodies you look at

410
00:16:16,389 --> 00:16:14,800
uh object crossing in front of the star

411
00:16:17,670 --> 00:16:16,399
and seeing how much it dims and if you

412
00:16:19,269 --> 00:16:17,680
you know you can get the size of the

413
00:16:21,910 --> 00:16:19,279

object of the planet by that

414

00:16:23,430 --> 00:16:21,920

um a jupiter-sized planet crossing in

415

00:16:25,269 --> 00:16:23,440

front of the sun is going to produce

416

00:16:27,670 --> 00:16:25,279

roughly a five percent

417

00:16:30,629 --> 00:16:27,680

uh dip so it's an object 16 times the

418

00:16:32,710 --> 00:16:30,639

size of jupiter or a dust cloud 16 times

419

00:16:34,389 --> 00:16:32,720

the size of jupiter that's somehow over

420

00:16:35,509 --> 00:16:34,399

100 years not being

421

00:16:37,509 --> 00:16:35,519

pushed out

422

00:16:38,870 --> 00:16:37,519

by stellar winds or you know you know

423

00:16:40,629 --> 00:16:38,880

you don't so the only thing that makes

424

00:16:41,590 --> 00:16:40,639

sense would be stellar lifting you've

425

00:16:42,949 --> 00:16:41,600

got

426

00:16:44,710 --> 00:16:42,959

well maybe not the only thing but the

427

00:16:46,870 --> 00:16:44,720

only thing we have right now right uh

428

00:16:49,189 --> 00:16:46,880

right that as this material is

429

00:16:50,870 --> 00:16:49,199

continuing to be pulled back out um then

430

00:16:52,629 --> 00:16:50,880

it's continually producing this dust

431

00:16:54,870 --> 00:16:52,639

cloud because they're continuing to mine

432

00:16:57,110 --> 00:16:54,880

the material from the start wow

433

00:16:59,110 --> 00:16:57,120

i wish we had this conversation pre obvi

434

00:17:02,230 --> 00:16:59,120

i would i would totally

435

00:17:04,069 --> 00:17:02,240

i would totally bring that up with them

436

00:17:05,429 --> 00:17:04,079

well you can definitely ask him next

437

00:17:07,909 --> 00:17:05,439

time you see him

438

00:17:09,829 --> 00:17:07,919

yeah yeah so the james webb telescope

439

00:17:11,510 --> 00:17:09,839

could could possibly see something like

440

00:17:14,549 --> 00:17:11,520

that hey how do you feel about that

441

00:17:16,710 --> 00:17:14,559

telescope apparently it goes back

442

00:17:19,270 --> 00:17:16,720

two billion plus years

443

00:17:21,110 --> 00:17:19,280

to look back at the the beginning of

444

00:17:23,350 --> 00:17:21,120

everything basically

445

00:17:25,189 --> 00:17:23,360

um

446

00:17:27,590 --> 00:17:25,199

have you used a lot of telescopes have

447

00:17:30,310 --> 00:17:27,600

you looked into this one like

448

00:17:32,710 --> 00:17:30,320

what what does it do that

449

00:17:36,070 --> 00:17:32,720

others have not yet done you know

450

00:17:37,990 --> 00:17:36,080

technically speaking well one so um abby

451

00:17:39,350 --> 00:17:38,000

probably could speak to this that dr

452

00:17:40,150 --> 00:17:39,360

lopez speak to us a lot better than i

453

00:17:41,750 --> 00:17:40,160

could

454

00:17:43,190 --> 00:17:41,760

i know i know he was involved in you

455

00:17:45,350 --> 00:17:43,200

know i think he mentioned this on your

456

00:17:47,990 --> 00:17:45,360

show he was involved in right of you

457

00:17:50,870 --> 00:17:48,000

know the project for but i i can say

458

00:17:52,390 --> 00:17:50,880

while i have had you know some uh

459

00:17:55,430 --> 00:17:52,400

experience a little bit with with

460

00:17:57,830 --> 00:17:55,440

telescopes i'm not an astronomer however

461

00:18:00,630 --> 00:17:57,840

it is a very

462

00:18:03,750 --> 00:18:00,640

big development in my opinion because

463

00:18:06,630 --> 00:18:03,760

it's a great upgrade from the hubble

464

00:18:08,710 --> 00:18:06,640

telescope uh which is getting very close

465

00:18:12,310 --> 00:18:08,720

to end of life anyways right when did

466

00:18:13,830 --> 00:18:12,320

that come around the hubble um

467

00:18:14,710 --> 00:18:13,840

i know it was before my time on this

468

00:18:16,789 --> 00:18:14,720

planet

469

00:18:19,190 --> 00:18:16,799

oh yeah that's that's pretty old then

470

00:18:23,029 --> 00:18:20,870

that's that's not necessarily a fair

471

00:18:25,909 --> 00:18:23,039

thing for me to say right but uh

472

00:18:29,110 --> 00:18:25,919

i believe it was launched in 1990 hubble

473

00:18:31,909 --> 00:18:29,120

and oh well uh i don't know the exact

474

00:18:33,590 --> 00:18:31,919

date but yeah sometime in 1990 i believe

475

00:18:35,510 --> 00:18:33,600

and the uh

476

00:18:36,950 --> 00:18:35,520

the interesting thing though is hubble

477

00:18:38,549 --> 00:18:36,960

was like like i mentioned near end of

478

00:18:40,230 --> 00:18:38,559

life so we kind of needed something to

479

00:18:42,549 --> 00:18:40,240

replace it anyways and the technical

480

00:18:44,789 --> 00:18:42,559

capabilities of this new telescope are

481

00:18:46,070 --> 00:18:44,799

are something to be very excited about

482

00:18:48,630 --> 00:18:46,080

the aspect that it's going to be in

483

00:18:51,669 --> 00:18:48,640

lagrange 2 also and and purely in

484

00:18:54,150 --> 00:18:51,679

infrared is uh pretty exciting

485

00:18:55,669 --> 00:18:54,160

wow yeah infrared because that's also

486

00:19:01,270 --> 00:18:55,679

how

487

00:19:03,590 --> 00:19:01,280

the uavs

488

00:19:05,909 --> 00:19:03,600

you know is that a synthetic

489

00:19:07,029 --> 00:19:05,919

yeah not that it's looking for that but

490

00:19:09,830 --> 00:19:07,039

um

491

00:19:11,190 --> 00:19:09,840

you know if you come upon a civilization

492

00:19:13,590 --> 00:19:11,200

and you know

493

00:19:15,990 --> 00:19:13,600

full of objects well what else do you

494

00:19:17,590 --> 00:19:16,000

call them

495

00:19:19,029 --> 00:19:17,600

right yeah

496

00:19:20,630 --> 00:19:19,039

so

497

00:19:21,990 --> 00:19:20,640

i guess uh

498

00:19:26,070 --> 00:19:22,000

you know going back to the stellar

499

00:19:27,430 --> 00:19:26,080

lifting um what is the next date uh to

500

00:19:30,070 --> 00:19:27,440

look forward to

501
00:19:31,510 --> 00:19:30,080
to see if um you said it was the dimming

502
00:19:33,990 --> 00:19:31,520
pretty much stays at the same level

503
00:19:34,950 --> 00:19:34,000
correct uh correct i i think it's

504
00:19:36,950 --> 00:19:34,960
roughly

505
00:19:38,470 --> 00:19:36,960
three and a half years from now it's

506
00:19:40,150 --> 00:19:38,480
what i almost wanted to pull the paper

507
00:19:41,909 --> 00:19:40,160
up because it i don't have it memorized

508
00:19:44,390 --> 00:19:41,919
but it's it's it was like it was like

509
00:19:46,549 --> 00:19:44,400
about a four year periodicity and um you

510
00:19:49,669 --> 00:19:46,559
know we're well on our way towards it so

511
00:19:51,110 --> 00:19:49,679
okay um it'll be sometime here in the i

512
00:19:52,470 --> 00:19:51,120
think three and a half years i can get

513
00:19:54,950 --> 00:19:52,480

the exact date and

514

00:19:56,549 --> 00:19:54,960

you could uh maybe post that on the

515

00:19:57,669 --> 00:19:56,559

thing later but i don't have it off the

516

00:19:59,669 --> 00:19:57,679

top of my head

517

00:20:00,650 --> 00:19:59,679

no no that's okay that's all right i

518

00:20:02,310 --> 00:20:00,660

don't either so

519

00:20:03,990 --> 00:20:02,320

[Laughter]

520

00:20:06,149 --> 00:20:04,000

um

521

00:20:07,990 --> 00:20:06,159

do you see any what do you see in the

522

00:20:10,870 --> 00:20:08,000

future of um

523

00:20:11,669 --> 00:20:10,880

um i guess engineering or scientifically

524

00:20:13,270 --> 00:20:11,679

to

525

00:20:16,070 --> 00:20:13,280

uh find other

526

00:20:17,990 --> 00:20:16,080

you know intelligent life sources other

527

00:20:19,590 --> 00:20:18,000

than what's being done right now can you

528

00:20:20,789 --> 00:20:19,600

think of anything

529

00:20:23,110 --> 00:20:20,799

um

530

00:20:24,230 --> 00:20:23,120

well i i can briefly touch on yeah

531

00:20:25,990 --> 00:20:24,240

there's a

532

00:20:27,750 --> 00:20:26,000

with the james webb space telescope it's

533

00:20:29,430 --> 00:20:27,760

going to offer the opportunity for us to

534

00:20:32,070 --> 00:20:29,440

look in ways that we don't have the

535

00:20:34,149 --> 00:20:32,080

capability to right now right um you

536

00:20:36,230 --> 00:20:34,159

know where we could literally be looking

537

00:20:38,549 --> 00:20:36,240

we might find techno signatures in ways

538

00:20:40,310 --> 00:20:38,559

that there are some pretty

539

00:20:41,990 --> 00:20:40,320

um innovative ways that people are

540

00:20:43,830 --> 00:20:42,000

coming up with right now for possibly

541

00:20:45,590 --> 00:20:43,840

searching for it like for example

542

00:20:48,230 --> 00:20:45,600

there are certain chemicals that we know

543

00:20:51,669 --> 00:20:48,240

um are factors of pollution like here on

544

00:20:54,549 --> 00:20:51,679

earth and um right with light curves and

545

00:20:56,630 --> 00:20:54,559

the uh james webb space telescope we may

546

00:20:59,590 --> 00:20:56,640

be able to identify

547

00:21:01,029 --> 00:20:59,600

pollution in the atmospheres of

548

00:21:02,710 --> 00:21:01,039

other

549

00:21:04,230 --> 00:21:02,720

planetary bodies in different star

550

00:21:05,750 --> 00:21:04,240

systems that's uh one of the

551
00:21:07,750 --> 00:21:05,760
possibilities of this so that's that's

552
00:21:09,590 --> 00:21:07,760
one thing i wonder i wonder if bill

553
00:21:11,750 --> 00:21:09,600
nelson was kind of hinting at that when

554
00:21:14,149 --> 00:21:11,760
he was on his uh

555
00:21:15,750 --> 00:21:14,159
i don't know if you caught the national

556
00:21:18,950 --> 00:21:15,760
cathedral event

557
00:21:21,750 --> 00:21:18,960
um yeah but he was talking about his

558
00:21:25,029 --> 00:21:21,760
thoughts when he you know was up in

559
00:21:26,870 --> 00:21:25,039
space and he had to sneak away from his

560
00:21:29,669 --> 00:21:26,880
sleep time to

561
00:21:31,590 --> 00:21:29,679
look at the sky and he said i already

562
00:21:33,830 --> 00:21:31,600
saw some signs of

563
00:21:36,870 --> 00:21:33,840

uh what we were doing wrong back on

564

00:21:38,870 --> 00:21:36,880

earth and it sounds more or less like it

565

00:21:41,669 --> 00:21:38,880

would be

566

00:21:44,230 --> 00:21:41,679

you know ozone related or or something

567

00:21:47,430 --> 00:21:44,240

of that sort i suppose

568

00:21:49,909 --> 00:21:47,440

um yeah i'm you know i i'd have to maybe

569

00:21:51,350 --> 00:21:49,919

ask him for specifics because there's a

570

00:21:53,110 --> 00:21:51,360

lot of there's a lot of ways that could

571

00:21:55,270 --> 00:21:53,120

go but it could have been from evidence

572

00:21:56,310 --> 00:21:55,280

of pollution and seeing what we're doing

573

00:21:58,549 --> 00:21:56,320

right

574

00:22:01,029 --> 00:21:58,559

very interesting well i know you gotta

575

00:22:03,830 --> 00:22:01,039

run um so

576

00:22:05,510 --> 00:22:03,840

um i guess i will let you go we'll

577

00:22:07,909 --> 00:22:05,520

you know we'll do this again with a

578

00:22:09,750 --> 00:22:07,919

little more time on our side next time

579

00:22:12,390 --> 00:22:09,760

um

580

00:22:14,149 --> 00:22:12,400

but yeah that being said why don't you i

581

00:22:15,990 --> 00:22:14,159

think he sent me the paper on that so

582

00:22:18,549 --> 00:22:16,000

i'll dig into it more and maybe next

583

00:22:19,990 --> 00:22:18,559

time we'll go even farther with it

584

00:22:22,710 --> 00:22:20,000

sounds good and i don't know if you want

585

00:22:24,789 --> 00:22:22,720

to i do have to jump off but uh i don't

586

00:22:26,070 --> 00:22:24,799

know i didn't notice but was there

587

00:22:27,830 --> 00:22:26,080

anyone in the chat that had a question

588

00:22:29,750 --> 00:22:27,840

or anything just to make sure i don't

589

00:22:32,390 --> 00:22:29,760

ignore anyone that wanted a question

590

00:22:34,789 --> 00:22:32,400

real quick if somebody does have a

591

00:22:36,789 --> 00:22:34,799

question in regards to what we discussed

592

00:22:38,070 --> 00:22:36,799

today like stellar lifting you can throw

593

00:22:41,830 --> 00:22:38,080

it out there

594

00:22:45,029 --> 00:22:41,840

and he can try to answer that for you

595

00:22:47,270 --> 00:22:45,039

um just no personal stuff you know

596

00:22:48,390 --> 00:22:47,280

no personal stuff we can we can't do

597

00:22:50,470 --> 00:22:48,400

that here

598

00:22:52,789 --> 00:22:50,480

um unless he wants to answer that that's

599

00:22:55,350 --> 00:22:52,799

up to him like how many dogs he got you

600

00:22:57,909 --> 00:22:55,360

got any cats how about birds

601
00:22:59,750 --> 00:22:57,919
bunnies anything

602
00:23:01,750 --> 00:22:59,760
no well if you guys come up with a

603
00:23:02,950 --> 00:23:01,760
question later just let me know and i'll

604
00:23:04,950 --> 00:23:02,960
get in touch with them to get that

605
00:23:06,630 --> 00:23:04,960
answer fair enough

606
00:23:09,430 --> 00:23:06,640
fair enough all right sounds good

607
00:23:12,070 --> 00:23:09,440
brother uh be well we'll talk soon

608
00:23:13,430 --> 00:23:12,080
thanks you take care all right

609
00:23:16,149 --> 00:23:13,440
peace

610
00:23:17,110 --> 00:23:16,159
all right sounds good um good dude good

611
00:23:18,870 --> 00:23:17,120
dude

612
00:23:21,990 --> 00:23:18,880
thank you so much for contributing you

613
00:23:22,789 --> 00:23:22,000

get that right um i am just going to

614

00:23:26,630 --> 00:23:22,799

take

615

00:23:29,590 --> 00:23:26,640

a small little break come back

616

00:23:31,350 --> 00:23:29,600

and we will go over

617

00:23:36,789 --> 00:23:31,360

um

618

00:23:39,510 --> 00:23:36,799

learn something new from you already and

619

00:23:40,950 --> 00:23:39,520

that's what this is about right learning

620

00:23:42,870 --> 00:23:40,960

for sure

621

00:23:46,390 --> 00:23:42,880

so gonna take a quick little break we'll

622

00:23:49,269 --> 00:23:46,400

go over that uh twitter poll

623

00:23:52,630 --> 00:23:49,279

which should be very interesting

624

00:23:56,070 --> 00:23:53,909

hang with me

625

00:23:57,669 --> 00:23:56,080

and we will

626
00:24:00,390 --> 00:23:57,679
do it

627
00:24:01,430 --> 00:24:00,400
t-minus 10 9 8

628
00:24:02,310 --> 00:24:01,440
7

629
00:24:04,390 --> 00:24:02,320
6

630
00:24:05,510 --> 00:24:04,400
5.

631
00:24:06,630 --> 00:24:05,520
three

632
00:24:07,669 --> 00:24:06,640
two

633
00:24:11,190 --> 00:24:07,679
one

634
00:24:17,440 --> 00:24:11,200
zero and liftoff of space shuttle and

635
00:24:17,450 --> 00:25:13,830
[Music]

636
00:25:17,830 --> 00:25:15,320
check it looks good baby

637
00:25:18,870 --> 00:25:17,840
[Laughter]

638
00:25:21,110 --> 00:25:18,880

uh

639

00:25:22,710 --> 00:25:21,120

yeah he is on twitter i don't know how

640

00:25:24,230 --> 00:25:22,720

he feels about me sharing that or not i

641

00:25:26,710 --> 00:25:24,240

should probably ask him first but yeah

642

00:25:30,630 --> 00:25:26,720

he's on twitter um

643

00:25:33,510 --> 00:25:30,640

so the the twitter poll that i put up a

644

00:25:36,070 --> 00:25:33,520

few days ago um i kind of explained that

645

00:25:38,070 --> 00:25:36,080

earlier is like do you feel like um you

646

00:25:40,149 --> 00:25:38,080

know we're being told the truth or

647

00:25:41,350 --> 00:25:40,159

or people are being honest with us and

648

00:25:43,190 --> 00:25:41,360

it was very

649

00:25:44,630 --> 00:25:43,200

uh general because i wanted people to

650

00:25:47,750 --> 00:25:44,640

just kind of take it and think about it

651
00:25:50,630 --> 00:25:47,760
how they want you know um

652
00:25:52,390 --> 00:25:50,640
in whatever way that is and you know one

653
00:25:54,549 --> 00:25:52,400
of the reasons i wanted to do that is

654
00:25:57,990 --> 00:25:54,559
because you know we're all familiar with

655
00:25:59,990 --> 00:25:58,000
um what is that called trolls

656
00:26:03,029 --> 00:26:00,000
yeah we are and one of the main things

657
00:26:03,909 --> 00:26:03,039
that they uh those trolls like to throw

658
00:26:08,830 --> 00:26:03,919
on

659
00:26:11,110 --> 00:26:08,840
of critical thinking um

660
00:26:14,070 --> 00:26:11,120
well you know

661
00:26:17,029 --> 00:26:14,080
with this poll uh the majority of people

662
00:26:21,510 --> 00:26:19,510
critical thinkers seemingly i think he

663
00:26:23,029 --> 00:26:21,520

was only like one percent just straight

664

00:26:25,590 --> 00:26:23,039

up said yes

665

00:26:27,430 --> 00:26:25,600

you know um and that person was probably

666

00:26:28,710 --> 00:26:27,440

even screwing with us

667

00:26:31,269 --> 00:26:28,720

i'm just kidding

668

00:26:33,750 --> 00:26:31,279

but most people said some true some lies

669

00:26:35,590 --> 00:26:33,760

you know and then

670

00:26:36,549 --> 00:26:35,600

and the other one was

671

00:26:39,510 --> 00:26:36,559

the

672

00:26:41,830 --> 00:26:39,520

um

673

00:26:42,950 --> 00:26:41,840

you know i'm not really sure

674

00:26:44,470 --> 00:26:42,960

you know

675

00:26:45,750 --> 00:26:44,480

and

676
00:26:48,149 --> 00:26:45,760
i think

677
00:26:49,990 --> 00:26:48,159
what that showed me is that we have a

678
00:26:52,549 --> 00:26:50,000
lot more in common here than than we

679
00:26:54,710 --> 00:26:52,559
think as far as you know the information

680
00:26:55,510 --> 00:26:54,720
we take in who it's from

681
00:26:57,750 --> 00:26:55,520
um

682
00:26:59,110 --> 00:26:57,760
what we make of it uh truthful or not

683
00:27:01,029 --> 00:26:59,120
truthful

684
00:27:02,549 --> 00:27:01,039
and a lot of it is really impossible to

685
00:27:04,310 --> 00:27:02,559
tell isn't it

686
00:27:07,830 --> 00:27:04,320
um unless you get your hands on

687
00:27:09,430 --> 00:27:07,840
something or look at it face to face or

688
00:27:12,230 --> 00:27:09,440

you know learn all the science that you

689

00:27:14,630 --> 00:27:12,240

need to learn to verify something

690

00:27:16,710 --> 00:27:14,640

how can you really commit to it one way

691

00:27:19,350 --> 00:27:16,720

or the other it's difficult

692

00:27:21,350 --> 00:27:19,360

so you know some people that do have

693

00:27:24,310 --> 00:27:21,360

you know their own experiences

694

00:27:26,149 --> 00:27:24,320

um it's it's not like

695

00:27:28,710 --> 00:27:26,159

you know even they

696

00:27:30,789 --> 00:27:28,720

um are just all of a sudden you know

697

00:27:33,590 --> 00:27:30,799

enlightened and know exactly what

698

00:27:35,510 --> 00:27:33,600

everything is you know maybe in time uh

699

00:27:37,990 --> 00:27:35,520

you learn a lot about it but definitely

700

00:27:39,669 --> 00:27:38,000

not at first you know you're confused

701
00:27:42,070 --> 00:27:39,679
just like everybody else and some could

702
00:27:43,510 --> 00:27:42,080
even say even more confused

703
00:27:45,830 --> 00:27:43,520
um

704
00:27:47,990 --> 00:27:45,840
i think for a lot of people they would

705
00:27:51,110 --> 00:27:48,000
prefer to not be confused and not

706
00:27:53,590 --> 00:27:51,120
believe in it because

707
00:27:55,350 --> 00:27:53,600
it doesn't open a can of worms that you

708
00:27:58,389 --> 00:27:55,360
know

709
00:27:59,830 --> 00:27:58,399
is really hard to put the top back on

710
00:28:01,830 --> 00:27:59,840
you know

711
00:28:03,750 --> 00:28:01,840
if i didn't have my experience if i

712
00:28:05,029 --> 00:28:03,760
wasn't doing this would life be easier

713
00:28:07,029 --> 00:28:05,039

for me

714

00:28:08,470 --> 00:28:07,039

maybe i'd be ignorant but would it be

715

00:28:10,310 --> 00:28:08,480

easier

716

00:28:12,230 --> 00:28:10,320

it it could be

717

00:28:15,110 --> 00:28:12,240

you know that could be the case i spend

718

00:28:17,590 --> 00:28:15,120

a lot of time doing this i don't make

719

00:28:19,110 --> 00:28:17,600

anything doing it you see super chats or

720

00:28:20,310 --> 00:28:19,120

anything here

721

00:28:21,909 --> 00:28:20,320

we don't

722

00:28:24,789 --> 00:28:21,919

tell some come in

723

00:28:26,389 --> 00:28:24,799

you know um but yet i keep doing this

724

00:28:28,870 --> 00:28:26,399

every day and

725

00:28:30,789 --> 00:28:28,880

it's because of the experience i had

726

00:28:34,230 --> 00:28:30,799

experiences other people had

727

00:28:35,909 --> 00:28:34,240

and other people out there that um

728

00:28:39,029 --> 00:28:35,919

you know are just looking for some sense

729

00:28:40,070 --> 00:28:39,039

of truth without having to pay for it

730

00:28:42,630 --> 00:28:40,080

which

731

00:28:45,350 --> 00:28:42,640

you know i think we're all entitled to

732

00:28:47,510 --> 00:28:45,360

most definitely

733

00:28:48,560 --> 00:28:47,520

oh i take that back i got three dollar

734

00:28:51,350 --> 00:28:48,570

super sticker

735

00:28:53,520 --> 00:28:51,360

[Laughter]

736

00:28:56,230 --> 00:28:53,530

need megan to send cash asap

737

00:28:58,310 --> 00:28:56,240

[Laughter]

738

00:29:00,789 --> 00:28:58,320

no but you know it it's kind of

739

00:29:03,029 --> 00:29:00,799

unrealistic as well to

740

00:29:07,669 --> 00:29:03,039

you know

741

00:29:11,430 --> 00:29:07,679

uh recently with some people

742

00:29:16,549 --> 00:29:13,269

really what i think it comes down to

743

00:29:17,669 --> 00:29:16,559

here we go what it comes down to is um

744

00:29:18,870 --> 00:29:17,679

um

745

00:29:21,110 --> 00:29:18,880

ethics

746

00:29:22,070 --> 00:29:21,120

in this community

747

00:29:24,870 --> 00:29:22,080

and

748

00:29:29,190 --> 00:29:24,880

whether you're a podcaster or

749

00:29:31,190 --> 00:29:29,200

an author or a movie maker or

750

00:29:34,789 --> 00:29:31,200

you know an ex

751

00:29:35,990 --> 00:29:34,799

government agent or whatever it is

752

00:29:38,070 --> 00:29:36,000

i don't think

753

00:29:40,389 --> 00:29:38,080

necessarily that any ethics have ever

754

00:29:43,110 --> 00:29:40,399

been clearly defined in this field

755

00:29:45,350 --> 00:29:43,120

and sometimes

756

00:29:46,950 --> 00:29:45,360

well because of that i think people kind

757

00:29:49,430 --> 00:29:46,960

of leave it up to themselves and what

758

00:29:50,789 --> 00:29:49,440

they think is ethical and that might not

759

00:29:56,630 --> 00:29:50,799

agree

760

00:29:56,640 --> 00:29:59,350

i think

761

00:30:03,350 --> 00:30:01,110

that first of all people are free to do

762

00:30:04,789 --> 00:30:03,360

what they want

763

00:30:05,590 --> 00:30:04,799

right

764

00:30:08,710 --> 00:30:05,600

um

765

00:30:10,389 --> 00:30:08,720

so like on ucr people donate a lot of

766

00:30:13,110 --> 00:30:10,399

money or give a lot of money and super

767

00:30:14,870 --> 00:30:13,120

chats and all that to them you know

768

00:30:17,830 --> 00:30:14,880

um

769

00:30:19,990 --> 00:30:17,840

is that wrong is it right

770

00:30:22,710 --> 00:30:20,000

it's not my decision you know whose

771

00:30:24,470 --> 00:30:22,720

decision it is really is the person

772

00:30:27,990 --> 00:30:24,480

that's giving the money

773

00:30:30,630 --> 00:30:28,000

it's their choice what they do with it

774

00:30:32,630 --> 00:30:30,640

if they don't want to they don't have to

775

00:30:34,230 --> 00:30:32,640

and if they're doing it that's their

776

00:30:36,070 --> 00:30:34,240

choice

777

00:30:37,750 --> 00:30:36,080

and there's really no room for me to

778

00:30:40,710 --> 00:30:37,760

have an opinion over what people do with

779

00:30:44,470 --> 00:30:43,029

now the flip side of that i think

780

00:30:47,269 --> 00:30:44,480

is

781

00:30:49,669 --> 00:30:47,279

when it gets to a point and maybe

782

00:30:52,389 --> 00:30:49,679

you start i'm not saying this is

783

00:30:56,470 --> 00:30:53,909

but when you start to

784

00:30:58,070 --> 00:30:56,480

um rely on on

785

00:31:01,190 --> 00:30:58,080

you know things of that sort whether it

786

00:31:03,430 --> 00:31:01,200

be patrons or super chats or anything

787

00:31:05,669 --> 00:31:03,440

for a livelihood

788

00:31:07,909 --> 00:31:05,679

you know it's just

789

00:31:10,630 --> 00:31:07,919

inevitable

790

00:31:12,870 --> 00:31:10,640

that decision making and influence

791

00:31:15,509 --> 00:31:12,880

changes to that

792

00:31:18,549 --> 00:31:16,870

and you know

793

00:31:21,029 --> 00:31:18,559

it doesn't even mean that the person

794

00:31:23,430 --> 00:31:21,039

knows that that's happening

795

00:31:26,549 --> 00:31:23,440

or realizes that

796

00:31:31,029 --> 00:31:26,559

it could be very underneath everything

797

00:31:35,669 --> 00:31:33,430

will influence your decision-making and

798

00:31:38,230 --> 00:31:35,679

that's just how it goes

799

00:31:40,870 --> 00:31:38,240

it's just the way of the world

800

00:31:42,950 --> 00:31:40,880

i mean there's no room for argument

801
00:31:47,350 --> 00:31:42,960
um

802
00:31:52,310 --> 00:31:49,590
so i should say that i guess

803
00:31:53,909 --> 00:31:52,320
but it takes a really strong

804
00:31:55,110 --> 00:31:53,919
and

805
00:31:57,350 --> 00:31:55,120
thoughtful

806
00:32:01,509 --> 00:31:57,360
person

807
00:32:06,789 --> 00:32:01,519
to know how to play that game you know

808
00:32:11,029 --> 00:32:09,110
while profiting off of something

809
00:32:12,710 --> 00:32:11,039
that's affected so many people in so

810
00:32:16,230 --> 00:32:12,720
many ways

811
00:32:18,630 --> 00:32:16,240
whether it's a little bit or a lot

812
00:32:21,990 --> 00:32:18,640
so i think it can be done but it's just

813
00:32:25,990 --> 00:32:23,909

you know and

814

00:32:27,990 --> 00:32:26,000

for some shows that are on

815

00:32:31,110 --> 00:32:28,000

um i'll just say it because

816

00:32:36,389 --> 00:32:32,870

you know the

817

00:32:40,870 --> 00:32:36,399

the talk i guess or the or the show

818

00:32:40,880 --> 00:32:44,710

and

819

00:32:48,149 --> 00:32:46,070

you know there's a couple different ways

820

00:32:50,470 --> 00:32:48,159

to look at this first of all they get a

821

00:32:52,230 --> 00:32:50,480

lot of viewers

822

00:32:56,310 --> 00:32:52,240

you know they get about

823

00:32:58,789 --> 00:32:56,320

at least a thousand plus on each video

824

00:33:00,630 --> 00:32:58,799

if way more watching their live shows i

825

00:33:03,509 --> 00:33:00,640

mean i have 12 here which i'm very

826

00:33:08,789 --> 00:33:03,519

thankful for but they always have like

827

00:33:13,269 --> 00:33:11,430

so though there comes to a point where i

828

00:33:14,630 --> 00:33:13,279

mean those people can make up their own

829

00:33:15,990 --> 00:33:14,640

mind what they're watching and what

830

00:33:18,149 --> 00:33:16,000

they're doing with and what they take

831

00:33:20,630 --> 00:33:18,159

from it what they think the intent is

832

00:33:24,230 --> 00:33:20,640

that's up to them you know

833

00:33:28,389 --> 00:33:26,389

and for me you know if i decided that i

834

00:33:30,389 --> 00:33:28,399

want to say that's wrong like

835

00:33:31,990 --> 00:33:30,399

just you know stop doing that and all

836

00:33:33,750 --> 00:33:32,000

that stuff like

837

00:33:35,110 --> 00:33:33,760

it's just not going to do anything and

838

00:33:37,190 --> 00:33:35,120

it's not going to make any difference

839

00:33:39,110 --> 00:33:37,200

because the fact is that the people like

840

00:33:40,310 --> 00:33:39,120

the show they don't mind what's

841

00:33:43,830 --> 00:33:40,320

happening

842

00:33:45,350 --> 00:33:43,840

i don't mean

843

00:33:48,230 --> 00:33:45,360

you know i don't i'm not gonna put any

844

00:33:50,310 --> 00:33:48,240

explicit intent in anybody's uh

845

00:33:52,470 --> 00:33:50,320

you know

846

00:33:54,310 --> 00:33:52,480

life or whatever

847

00:33:55,909 --> 00:33:54,320

in fact as people watch it people enjoy

848

00:33:57,269 --> 00:33:55,919

it people pay they don't complain about

849

00:34:08,629 --> 00:33:57,279

it

850

00:34:12,149 --> 00:34:10,310

you know this uh

851
00:34:15,430 --> 00:34:12,159
maybe the big phone home event i guess

852
00:34:17,510 --> 00:34:15,440
there was definitely a blossom of them

853
00:34:20,550 --> 00:34:17,520
you know they're

854
00:34:24,869 --> 00:34:22,790
they're the leader of the group and what

855
00:34:30,389 --> 00:34:24,879
i mean by leader is they get

856
00:34:40,869 --> 00:34:33,270
and i don't think

857
00:34:46,230 --> 00:34:42,950
it sucks when uh you go through

858
00:34:46,240 --> 00:34:53,990
and have a really uh dramatic experience

859
00:34:54,000 --> 00:34:58,710
and you go to a show and um

860
00:35:02,470 --> 00:35:00,310
you know

861
00:35:04,550 --> 00:35:02,480
maybe you're having a hard day

862
00:35:05,750 --> 00:35:04,560
with that experience and people are just

863
00:35:08,230 --> 00:35:05,760

laughing

864

00:35:13,990 --> 00:35:08,240

and having a good time and

865

00:35:21,589 --> 00:35:16,710

days like that make it hard

866

00:35:26,390 --> 00:35:23,670

you know it's just hard for for people

867

00:35:28,950 --> 00:35:26,400

who have had that kind of thing

868

00:35:31,910 --> 00:35:28,960

and uh to watch that and

869

00:35:36,870 --> 00:35:31,920

and not be a little perturbed

870

00:35:40,470 --> 00:35:38,150

and i don't know

871

00:35:42,710 --> 00:35:40,480

i'm not putting any intent there again

872

00:35:46,230 --> 00:35:42,720

it's just like the world isn't fair you

873

00:35:52,950 --> 00:35:48,710

i do this every day i do it for truth i

874

00:35:59,030 --> 00:35:55,030

takes attention away from things that i

875

00:36:00,870 --> 00:35:59,040

could be making more money doing

876

00:36:03,430 --> 00:36:00,880

you know but uh i don't know that i

877

00:36:05,670 --> 00:36:03,440

really have a choice

878

00:36:07,990 --> 00:36:05,680

in the matter you know

879

00:36:09,670 --> 00:36:08,000

some days are harder than others

880

00:36:11,430 --> 00:36:09,680

but all i can do is control my own

881

00:36:13,750 --> 00:36:11,440

actions

882

00:36:15,829 --> 00:36:13,760

all i can do is try to have as much

883

00:36:17,829 --> 00:36:15,839

integrity as i can

884

00:36:20,950 --> 00:36:17,839

when i do this show

885

00:36:22,950 --> 00:36:20,960

and show as much compassion as i can

886

00:36:26,550 --> 00:36:22,960

on my twitter

887

00:36:29,990 --> 00:36:26,560

or my instagram or my

888

00:36:31,829 --> 00:36:30,000

live chatters you know

889

00:36:33,750 --> 00:36:31,839

and i'm definitely not perfect and

890

00:36:35,190 --> 00:36:33,760

there's times where i screwed up and

891

00:36:37,349 --> 00:36:35,200

there's times where i'm gonna screw up

892

00:36:39,510 --> 00:36:37,359

again

893

00:36:42,870 --> 00:36:39,520

you know

894

00:36:44,630 --> 00:36:42,880

um but you have to try

895

00:36:47,589 --> 00:36:44,640

it's like

896

00:36:49,190 --> 00:36:47,599

try quitting

897

00:36:51,190 --> 00:36:49,200

and then you break and you have one well

898

00:36:53,270 --> 00:36:51,200

that doesn't mean that you have to stop

899

00:36:58,390 --> 00:36:53,280

trying to quit

900

00:36:58,400 --> 00:37:01,670

i just you know

901
00:37:01,680 --> 00:37:07,030
so sometimes i apologize if

902
00:37:14,069 --> 00:37:10,550
you know i think people are get stuck in

903
00:37:14,079 --> 00:37:18,870
giving donations well

904
00:37:23,190 --> 00:37:21,670
you know while i won't go there i mean

905
00:37:26,710 --> 00:37:23,200
there's a lot of people doing a lot of

906
00:37:31,910 --> 00:37:29,510
all i know is i do what i do

907
00:37:34,829 --> 00:37:33,910
i could make a living on this even if i

908
00:37:37,109 --> 00:37:34,839
wanted

909
00:37:38,870 --> 00:37:37,119
to you know

910
00:37:45,270 --> 00:37:38,880
i would lose my house

911
00:37:45,280 --> 00:37:49,109
that was rough

912
00:37:52,470 --> 00:37:51,030
and i'm sure they're not rich

913
00:37:54,230 --> 00:37:52,480

doing it either

914

00:37:55,589 --> 00:37:54,240

i'm sure they're still struggling in

915

00:37:57,829 --> 00:37:55,599

their life because you can only make so

916

00:38:01,750 --> 00:37:57,839

much doing this stuff

917

00:38:05,990 --> 00:38:03,910

you know people will choose what they

918

00:38:08,310 --> 00:38:06,000

want to do with their time and where

919

00:38:09,910 --> 00:38:08,320

they want to get their information

920

00:38:11,670 --> 00:38:09,920

and

921

00:38:13,589 --> 00:38:11,680

who am i to say that they're wrong or

922

00:38:16,550 --> 00:38:13,599

right in their decision it's up to them

923

00:38:21,829 --> 00:38:19,990

you know doesn't mean i have to

924

00:38:23,589 --> 00:38:21,839

go out there and support and retweet or

925

00:38:25,190 --> 00:38:23,599

whatever buy stuff

926

00:38:27,430 --> 00:38:25,200

doesn't mean you do

927

00:38:30,870 --> 00:38:27,440

but if other people want to

928

00:38:36,710 --> 00:38:33,430

and if it's you know upsetting enough to

929

00:38:37,750 --> 00:38:36,720

someone all you can do is hope

930

00:38:40,150 --> 00:38:37,760

that

931

00:38:41,829 --> 00:38:40,160

here comes a point where you know they

932

00:38:46,950 --> 00:38:41,839

feel enlightened a little bit and go

933

00:38:48,870 --> 00:38:46,960

somewhere else or maybe vice versa

934

00:38:50,710 --> 00:38:48,880

you know maybe the show

935

00:38:55,589 --> 00:38:50,720

because it's not just them it's like so

936

00:39:00,710 --> 00:38:58,310

this community

937

00:39:02,470 --> 00:39:00,720

has been wrought

938

00:39:04,790 --> 00:39:02,480

with people just trying to take

939

00:39:06,950 --> 00:39:04,800

advantage of other people

940

00:39:07,750 --> 00:39:06,960

and take their money

941

00:39:09,349 --> 00:39:07,760

like

942

00:39:11,030 --> 00:39:09,359

this is not you

943

00:39:15,750 --> 00:39:11,040

you know

944

00:39:17,430 --> 00:39:15,760

about ucr anymore this is just a

945

00:39:19,270 --> 00:39:17,440

different thing

946

00:39:22,710 --> 00:39:19,280

and it's been on

947

00:39:22,720 --> 00:39:26,790

you know

948

00:39:31,829 --> 00:39:29,750

it's not unique to this community

949

00:39:33,750 --> 00:39:31,839

either

950

00:39:35,589 --> 00:39:33,760

there's been

951
00:39:37,109 --> 00:39:35,599
you know but in the end it's always up

952
00:39:38,630 --> 00:39:37,119
to the person to decide what they want

953
00:39:40,829 --> 00:39:38,640
to do with their time what they want to

954
00:39:42,950 --> 00:39:40,839
watch and all that kind of

955
00:39:49,670 --> 00:39:42,960
stuff you know

956
00:39:54,310 --> 00:39:52,390
uh i don't have an objection

957
00:39:55,910 --> 00:39:54,320
against people paying money

958
00:39:57,109 --> 00:39:55,920
people can do what they want with their

959
00:39:58,790 --> 00:39:57,119
own time

960
00:40:01,910 --> 00:39:58,800
and with their own money

961
00:40:03,030 --> 00:40:01,920
it's not my decision to make

962
00:40:07,109 --> 00:40:03,040
you know

963
00:40:10,870 --> 00:40:08,950

um and when i say i lost my car and all

964

00:40:12,470 --> 00:40:10,880

that kind of stuff it's it's

965

00:40:14,069 --> 00:40:12,480

you know i'm not sitting here saying

966

00:40:17,430 --> 00:40:14,079

it's because i'm doing this show every

967

00:40:19,109 --> 00:40:17,440

day that blah blah blah you know it's

968

00:40:21,349 --> 00:40:19,119

coronavirus

969

00:40:23,030 --> 00:40:21,359

it's hard to get ahead

970

00:40:25,270 --> 00:40:23,040

at this point

971

00:40:27,910 --> 00:40:25,280

um but i'm still doing okay i'm still

972

00:40:29,349 --> 00:40:27,920

doing fine i'm still in love we still

973

00:40:31,910 --> 00:40:29,359

have enough money to survive and all

974

00:40:33,030 --> 00:40:31,920

that kind of stuff and i'm i'm not

975

00:40:35,190 --> 00:40:33,040

um

976

00:40:39,190 --> 00:40:35,200

living on a curb or anything

977

00:40:42,069 --> 00:40:40,390

i'm just saying

978

00:40:44,790 --> 00:40:42,079

um

979

00:40:45,990 --> 00:40:44,800

you know life isn't easy for for people

980

00:40:48,390 --> 00:40:46,000

for anyone

981

00:40:49,990 --> 00:40:48,400

and i'm sure it isn't for the ucr people

982

00:40:51,270 --> 00:40:50,000

either

983

00:40:53,589 --> 00:40:51,280

you know

984

00:40:55,190 --> 00:40:53,599

and they can make their choices and make

985

00:40:58,309 --> 00:40:55,200

their way and

986

00:41:00,470 --> 00:40:58,319

whatever happens with them happens

987

00:41:02,309 --> 00:41:00,480

you know but it's not my place to

988

00:41:06,150 --> 00:41:02,319

to say it's wrong or right because i

989

00:41:08,309 --> 00:41:06,160

just simply don't know

990

00:41:11,750 --> 00:41:08,319

you know and it's

991

00:41:14,710 --> 00:41:11,760

it would take up too much time

992

00:41:17,589 --> 00:41:14,720

and too much of my emotions to

993

00:41:19,510 --> 00:41:17,599

you know put that into a fight that i'm

994

00:41:20,950 --> 00:41:19,520

not even really sure what

995

00:41:23,829 --> 00:41:20,960

would be

996

00:41:28,790 --> 00:41:26,069

you know because in the end people are

997

00:41:30,950 --> 00:41:28,800

individuals and they can do what they

998

00:41:35,270 --> 00:41:30,960

wish

999

00:41:38,230 --> 00:41:35,280

and i'm not here to judge what people do

1000

00:41:41,589 --> 00:41:38,240

all i can do is control what i do

1001
00:41:43,910 --> 00:41:41,599
and hopefully people magnetize it and

1002
00:41:46,309 --> 00:41:43,920
towards that and feel the same way i do

1003
00:41:49,030 --> 00:41:46,319
about stuff

1004
00:41:51,190 --> 00:41:49,040
you know which i think people do

1005
00:41:54,230 --> 00:41:51,200
maybe not as many i've been only doing

1006
00:41:57,829 --> 00:41:54,240
this for six months

1007
00:41:57,839 --> 00:42:03,190
so who knows what the future holds

1008
00:42:09,510 --> 00:42:05,750
so i think

1009
00:42:11,190 --> 00:42:09,520
all you can really do is show by example

1010
00:42:13,430 --> 00:42:11,200
you know if

1011
00:42:15,349 --> 00:42:13,440
you see a change

1012
00:42:17,270 --> 00:42:15,359
that needs to be done you just make that

1013
00:42:20,550 --> 00:42:17,280

change in your own life and what you do

1014

00:42:20,560 --> 00:42:24,790

you gotta lead by example

1015

00:42:30,069 --> 00:42:25,829

you know

1016

00:42:33,910 --> 00:42:31,910

that's all we could ever do

1017

00:42:44,150 --> 00:42:33,920

unless your boss then you can just say

1018

00:42:46,950 --> 00:42:44,870

so

1019

00:42:48,470 --> 00:42:46,960

i think it's up to

1020

00:42:51,190 --> 00:42:48,480

you know individuals what they want to

1021

00:42:54,790 --> 00:42:51,200

do and you know it is what it is

1022

00:42:56,950 --> 00:42:54,800

so i do my thing that do their thing

1023

00:42:59,030 --> 00:42:56,960

you know

1024

00:43:00,790 --> 00:42:59,040

i don't really have a beef and when i

1025

00:43:02,710 --> 00:43:00,800

feel negative it's just like i said

1026
00:43:04,630 --> 00:43:02,720
earlier on one of those hard days one

1027
00:43:05,670 --> 00:43:04,640
i'm dealing with my experience and i run

1028
00:43:07,750 --> 00:43:05,680
into

1029
00:43:09,670 --> 00:43:07,760
you know a merch post or something like

1030
00:43:11,670 --> 00:43:09,680
that yeah that's hard

1031
00:43:17,430 --> 00:43:11,680
you know

1032
00:43:21,990 --> 00:43:19,829
but generally speaking

1033
00:43:24,470 --> 00:43:22,000
um i try not to get into that or think

1034
00:43:28,230 --> 00:43:24,480
about it too much you know

1035
00:43:28,240 --> 00:43:32,230
that's how i feel

1036
00:43:35,510 --> 00:43:33,990
so

1037
00:43:38,069 --> 00:43:35,520
you know but i wouldn't lie to you it

1038
00:43:40,309 --> 00:43:38,079

has been on my mind because there is a

1039

00:43:41,589 --> 00:43:40,319

certain person that goes pretty hard at

1040

00:43:43,510 --> 00:43:41,599

it

1041

00:43:46,790 --> 00:43:43,520

and take me in a post and i'm like oh

1042

00:43:48,790 --> 00:43:46,800

god don't get me involved in this

1043

00:43:50,710 --> 00:43:48,800

um

1044

00:43:51,990 --> 00:43:50,720

you know because in the end of the day

1045

00:43:53,430 --> 00:43:52,000

like

1046

00:43:55,670 --> 00:43:53,440

i don't know that i'd be here if i

1047

00:43:57,589 --> 00:43:55,680

wasn't a you know participate in the big

1048

00:44:00,870 --> 00:43:57,599

phone home one

1049

00:44:02,790 --> 00:44:00,880

all that stuff you know

1050

00:44:04,390 --> 00:44:02,800

um i don't really exactly want to bite

1051

00:44:05,829 --> 00:44:04,400

the hand that you know

1052

00:44:08,069 --> 00:44:05,839

fed me

1053

00:44:09,430 --> 00:44:08,079

either you know everyone's just trying

1054

00:44:11,510 --> 00:44:09,440

to do the best they can and make the

1055

00:44:12,950 --> 00:44:11,520

best decisions they can and everyone has

1056

00:44:14,710 --> 00:44:12,960

different perspectives and different

1057

00:44:18,309 --> 00:44:14,720

life experiences that guide those

1058

00:44:18,319 --> 00:44:21,030

nice

1059

00:44:27,670 --> 00:44:23,589

i do have a t-shirt but i forget where

1060

00:44:30,150 --> 00:44:27,680

where it is what the link is

1061

00:44:32,230 --> 00:44:30,160

but yeah i mean even merch itself it's

1062

00:44:34,309 --> 00:44:32,240

funny like um

1063

00:44:36,710 --> 00:44:34,319

it takes a lot of time to put the merch

1064

00:44:39,109 --> 00:44:36,720

together like i was in a band for a long

1065

00:44:40,790 --> 00:44:39,119

time it's not like you can just click a

1066

00:44:43,190 --> 00:44:40,800

couple of buttons and have merch and

1067

00:44:45,270 --> 00:44:43,200

people buy it like you have to design

1068

00:44:46,870 --> 00:44:45,280

the stuff then if you want people to buy

1069

00:44:49,270 --> 00:44:46,880

it you do have to

1070

00:44:51,829 --> 00:44:49,280

post stuff so people know

1071

00:44:53,829 --> 00:44:51,839

you know so it's just kind of the way of

1072

00:44:56,309 --> 00:44:53,839

the world you know

1073

00:44:58,390 --> 00:44:56,319

it's just how it goes

1074

00:45:00,069 --> 00:44:58,400

the good part though is

1075

00:45:02,950 --> 00:45:00,079

you know hopefully this amendment goes

1076

00:45:05,829 --> 00:45:02,960

through and it passes

1077

00:45:08,390 --> 00:45:05,839

and in the end isn't that what

1078

00:45:10,710 --> 00:45:08,400

you know a lot of

1079

00:45:12,710 --> 00:45:10,720

for a lot of people what what this stuff

1080

00:45:15,349 --> 00:45:12,720

is about is getting some

1081

00:45:17,990 --> 00:45:15,359

transparency

1082

00:45:21,510 --> 00:45:18,000

and does that mean or guarantee

1083

00:45:23,510 --> 00:45:21,520

transparency no but it's a great step

1084

00:45:24,950 --> 00:45:23,520

it's a huge step

1085

00:45:28,150 --> 00:45:24,960

you know

1086

00:45:30,069 --> 00:45:28,160

and they were a part of that

1087

00:45:32,550 --> 00:45:30,079

like it or not

1088

00:45:34,550 --> 00:45:32,560

you know

1089

00:45:36,309 --> 00:45:34,560

they deserve credit for them

1090

00:45:38,950 --> 00:45:36,319

so

1091

00:45:43,030 --> 00:45:41,109

you know i have bad days but in the end

1092

00:45:44,309 --> 00:45:43,040

i i'll always believe in love and that

1093

00:45:47,190 --> 00:45:44,319

we should show as much love and

1094

00:45:49,750 --> 00:45:47,200

compassion as we can and and i hope i do

1095

00:45:52,470 --> 00:45:49,760

think that that would save the day

1096

00:45:56,710 --> 00:45:52,480

and it just may take time

1097

00:45:59,750 --> 00:45:58,230

yeah i mean that's that's what i was

1098

00:46:01,910 --> 00:45:59,760

pretty much talking about early and it's

1099

00:46:04,069 --> 00:46:01,920

really hard to to do things and not let

1100

00:46:06,950 --> 00:46:04,079

money influence your decision making it

1101

00:46:09,030 --> 00:46:06,960

can be done for sure

1102

00:46:10,630 --> 00:46:09,040

most definitely

1103

00:46:11,990 --> 00:46:10,640

it's just not easy

1104

00:46:16,470 --> 00:46:12,000

i'm not saying that's what's happening

1105

00:46:21,990 --> 00:46:17,990

about

1106

00:46:27,670 --> 00:46:24,230

sean's old merch a-okay

1107

00:46:31,589 --> 00:46:27,680

[Laughter]

1108

00:46:36,070 --> 00:46:33,190

all right

1109

00:46:40,790 --> 00:46:36,080

i know where one shirt is here you go

1110

00:46:43,770 --> 00:46:42,790

you can't have it though

1111

00:46:47,589 --> 00:46:43,780

it's my only one

1112

00:46:50,150 --> 00:46:47,599

[Laughter]

1113

00:46:54,870 --> 00:46:50,160

so yeah

1114

00:47:00,870 --> 00:46:57,670

so hope that doesn't upset anybody but

1115

00:47:00,880 --> 00:47:05,109

honest to

1116

00:47:07,990 --> 00:47:06,950

who um

1117

00:47:11,589 --> 00:47:08,000

who i am

1118

00:47:13,829 --> 00:47:11,599

and when i'm not who i'd like to be

1119

00:47:19,430 --> 00:47:16,150

with that being said we have a pretty

1120

00:47:21,510 --> 00:47:19,440

good show later with um the experiercer

1121

00:47:24,790 --> 00:47:21,520

from the observers

1122

00:47:29,349 --> 00:47:26,950

you know she has a lot to say in that

1123

00:47:31,109 --> 00:47:29,359

movie

1124

00:47:33,510 --> 00:47:31,119

that's for sure so

1125

00:47:35,349 --> 00:47:33,520

i plan on digging

1126

00:47:38,470 --> 00:47:35,359

with some of that and having a good

1127

00:47:41,030 --> 00:47:38,480

conversation it's gonna be at 6 pm

1128

00:47:45,270 --> 00:47:41,040

central standard time

1129

00:47:49,109 --> 00:47:47,829

sometimes i don't say the person's last

1130

00:47:52,870 --> 00:47:49,119

name because i think i'm going to screw

1131

00:47:58,309 --> 00:47:56,069

um but yeah so deborah's gonna be on

1132

00:47:59,270 --> 00:47:58,319

um look forward to talking with her you

1133

00:48:01,510 --> 00:47:59,280

know

1134

00:48:04,710 --> 00:48:01,520

um

1135

00:48:06,790 --> 00:48:04,720

i love that i am

1136

00:48:08,870 --> 00:48:06,800

you know a place for experiencers

1137

00:48:10,950 --> 00:48:08,880

to come as you know

1138

00:48:13,430 --> 00:48:10,960

there is a safe space

1139

00:48:15,670 --> 00:48:13,440

um but i am and i like

1140

00:48:17,430 --> 00:48:15,680

that

1141

00:48:20,309 --> 00:48:17,440

you know because we need uh we need

1142

00:48:21,910 --> 00:48:20,319

spots for experiencers like her like

1143

00:48:24,710 --> 00:48:21,920

linda like myself

1144

00:48:27,990 --> 00:48:24,720

other people um to go and be free and

1145

00:48:32,150 --> 00:48:29,510

you know

1146

00:48:35,750 --> 00:48:32,160

and not be ridiculed because

1147

00:48:40,150 --> 00:48:35,760

that happens sometimes

1148

00:48:45,030 --> 00:48:41,670

and that would be the one thing that

1149

00:48:46,309 --> 00:48:45,040

irritates me more than anything

1150

00:48:50,390 --> 00:48:46,319

so

1151

00:48:54,150 --> 00:48:51,430

i don't know just kind of throwing

1152

00:48:55,910 --> 00:48:54,160

together show but uh i cancelled on

1153

00:48:57,510 --> 00:48:55,920

until last time and we had this

1154

00:48:58,309 --> 00:48:57,520

scheduled and i really wanted to do it

1155

00:49:01,030 --> 00:48:58,319

so

1156

00:49:05,109 --> 00:49:01,040

we went ahead and did it

1157

00:49:11,349 --> 00:49:07,750

you know stay positive

1158

00:49:13,589 --> 00:49:11,359

look for yeah i'll make some

1159

00:49:18,630 --> 00:49:13,599

i'll make some i'll make some but

1160

00:49:18,640 --> 00:49:22,950

who's this fancy guy

1161

00:49:22,960 --> 00:49:26,549

all right so

1162

00:49:30,870 --> 00:49:28,390

uh yeah with that being said you guys

1163

00:49:33,670 --> 00:49:30,880

stay positive stay up be good to each

1164

00:49:36,309 --> 00:49:33,680

other uh be good to everybody else ucr

1165

00:49:37,910 --> 00:49:36,319

and everybody you know everybody's um

1166

00:49:39,349 --> 00:49:37,920

you know doing the best

1167

00:49:41,270 --> 00:49:39,359

that they can

1168

00:49:42,150 --> 00:49:41,280

and i don't think there's anybody trying

1169

00:49:45,190 --> 00:49:42,160

to be

1170

00:49:46,390 --> 00:49:45,200

uh evil or nefarious

1171

00:49:47,589 --> 00:49:46,400

um

1172

00:49:49,430 --> 00:49:47,599

you know

1173

00:49:51,430 --> 00:49:49,440

just love each other and respect each

1174

00:49:54,230 --> 00:49:51,440

other's decisions and if you don't like

1175

00:50:01,589 --> 00:49:56,549

you know sometimes it sucks but you can

1176
00:50:06,790 --> 00:50:03,829
like my channel

1177
00:50:08,470 --> 00:50:06,800
i would love more people

1178
00:50:10,390 --> 00:50:08,480
love the people i got

1179
00:50:13,910 --> 00:50:10,400
by the way too so

1180
00:50:15,109 --> 00:50:13,920
all right you guys have a groovy day and

1181
00:50:17,990 --> 00:50:15,119
you're gonna get real sick of me because

1182
00:50:19,670 --> 00:50:18,000
i'll be back in less than four hours

1183
00:50:22,470 --> 00:50:19,680
all right with that being said this

1184
00:50:24,470 --> 00:50:22,480
video is most fitting thank you so much

1185
00:50:27,349 --> 00:50:24,480
i really do appreciate you and coming

1186
00:50:29,589 --> 00:50:27,359
around and being here and watching these

1187
00:50:31,829 --> 00:50:29,599
and saying nice things and uplifting

1188
00:50:35,510 --> 00:50:31,839

things and showing support

1189

00:50:38,230 --> 00:50:36,950

really really does

1190

00:50:40,470 --> 00:50:38,240

so

1191

00:50:46,290 --> 00:50:40,480

i truly mean that all right
