

1
00:00:06,630 --> 00:00:03,270
what's up everybody

2
00:00:08,310 --> 00:00:06,640
happy sunday football sunday that's what

3
00:00:10,549 --> 00:00:08,320
it is right

4
00:00:13,270 --> 00:00:10,559
um

5
00:00:14,549 --> 00:00:13,280
for those of you who watch football i

6
00:00:17,189 --> 00:00:14,559
don't know if you do

7
00:00:19,510 --> 00:00:17,199
if you do then it's happy football

8
00:00:22,790 --> 00:00:19,520
sunday

9
00:00:26,900 --> 00:00:25,589
uh i've had uh quite a day today that's

10
00:00:28,230 --> 00:00:26,910
for sure um

11
00:00:29,830 --> 00:00:28,240
[Music]

12
00:00:31,830 --> 00:00:29,840
quite a weekend actually i had a

13
00:00:33,270 --> 00:00:31,840

computer breakdown my laptop just

14

00:00:35,750 --> 00:00:33,280

completely

15

00:00:39,030 --> 00:00:35,760

just went so i had to figure something

16

00:00:41,190 --> 00:00:39,040

out there and able to get a computer

17

00:00:42,389 --> 00:00:41,200

that i can use

18

00:00:45,510 --> 00:00:42,399

um

19

00:00:49,110 --> 00:00:45,520

you know just for general usage my music

20

00:00:51,270 --> 00:00:49,120

making and this show so but i finagled

21

00:00:53,270 --> 00:00:51,280

it i made something happen and i got a

22

00:00:55,430 --> 00:00:53,280

computer so that's good

23

00:00:58,229 --> 00:00:55,440

um that just puts me more in the black

24

00:01:01,510 --> 00:00:58,239

for this stuff

25

00:01:03,670 --> 00:01:01,520

but i am so happy that we are

26

00:01:05,750 --> 00:01:03,680

um doing this preview

27

00:01:08,630 --> 00:01:05,760

with some good pals uh we have jake

28

00:01:10,950 --> 00:01:08,640

christopher king quantum witch and uh

29

00:01:12,789 --> 00:01:10,960

benji unfortunately could make it

30

00:01:13,590 --> 00:01:12,799

um and

31

00:01:16,390 --> 00:01:13,600

um

32

00:01:17,270 --> 00:01:16,400

vinnie disclosure team he'll be in after

33

00:01:18,070 --> 00:01:17,280

his

34

00:01:19,590 --> 00:01:18,080

um

35

00:01:21,910 --> 00:01:19,600

he's hanging out with alien girl right

36

00:01:22,870 --> 00:01:21,920

now on her channel so he'll pop in after

37

00:01:25,270 --> 00:01:22,880

that

38

00:01:27,190 --> 00:01:25,280

and we'll just hang out we'll talk you

39

00:01:30,630 --> 00:01:27,200

know we'll kind of get the uh the

40

00:01:32,230 --> 00:01:30,640

cobwebs out for for the big gig uh next

41

00:01:34,710 --> 00:01:32,240

week so

42

00:01:40,960 --> 00:01:34,720

i'm looking forward to that and i will

43

00:03:10,010 --> 00:02:02,310

[Music]

44

00:03:13,830 --> 00:03:11,910

[Laughter]

45

00:03:16,790 --> 00:03:13,840

yeah so uh thanks for hanging out that

46

00:03:20,229 --> 00:03:16,800

was my little promo vid i did for

47

00:03:22,390 --> 00:03:20,239

the event um so yeah i hope you enjoyed

48

00:03:25,589 --> 00:03:22,400

that um and

49

00:03:28,869 --> 00:03:25,599

you know i wanted to do something like

50

00:03:30,630 --> 00:03:28,879

uh like a wwe announcer

51
00:03:32,949 --> 00:03:30,640
for for today but i just didn't have

52
00:03:35,030 --> 00:03:32,959
time where every guest has a theme song

53
00:03:37,110 --> 00:03:35,040
and there's reverb and i introduce them

54
00:03:38,710 --> 00:03:37,120
and everybody gets pumped up

55
00:03:39,430 --> 00:03:38,720
but i'm just gonna have to do it normal

56
00:03:43,350 --> 00:03:39,440
so

57
00:03:43,360 --> 00:03:47,910
is priscilla

58
00:03:52,070 --> 00:03:49,910
is it still am i i haven't touched it

59
00:03:53,429 --> 00:03:52,080
yeah well you know you got some cobwebs

60
00:03:55,429 --> 00:03:53,439
in those cables

61
00:03:57,830 --> 00:03:55,439
you know but we'll we'll have to deal

62
00:04:02,470 --> 00:04:00,229
there's a spider in my favor

63
00:04:04,550 --> 00:04:02,480

oh really how did that happen i don't

64

00:04:06,070 --> 00:04:04,560

know you're that you're the sound guy

65

00:04:07,750 --> 00:04:06,080

cut it open

66

00:04:09,910 --> 00:04:07,760

maybe maybe get some raid on there or

67

00:04:11,110 --> 00:04:09,920

something i don't know hey jay how are

68

00:04:15,030 --> 00:04:11,120

you today

69

00:04:15,040 --> 00:04:24,070

[Applause]

70

00:04:27,670 --> 00:04:26,150

i love having you guys here and vinnie

71

00:04:29,350 --> 00:04:27,680

it's been a while since we even had you

72

00:04:31,990 --> 00:04:29,360

on the channel so

73

00:04:32,950 --> 00:04:32,000

i am super excited to have you

74

00:04:36,469 --> 00:04:32,960

um

75

00:04:38,629 --> 00:04:36,479

i love the little and uap secrecy on the

76

00:04:41,270 --> 00:04:38,639

mic stand there oh yeah that's really

77

00:04:42,870 --> 00:04:41,280

cute oh man it's very cute i have one

78

00:04:44,230 --> 00:04:42,880

i've been saving so i'm like i don't

79

00:04:47,670 --> 00:04:44,240

know what to do with it

80

00:04:49,990 --> 00:04:47,680

i've got i've got bling envy

81

00:04:51,270 --> 00:04:50,000

of the bling yeah is that a is that a

82

00:04:53,990 --> 00:04:51,280

thing

83

00:04:56,629 --> 00:04:54,000

apparently it is because i'm feeling it

84

00:04:59,030 --> 00:04:56,639

jungle behind you yeah that is awesome

85

00:05:00,550 --> 00:04:59,040

behind you there it's beautiful

86

00:05:01,670 --> 00:05:00,560

i'm jealous of that you're jealous of

87

00:05:02,550 --> 00:05:01,680

the sticker

88

00:05:05,909 --> 00:05:02,560

yeah

89

00:05:08,310 --> 00:05:05,919

i'm i'm super happy um that you guys are

90

00:05:10,310 --> 00:05:08,320

joining to co-host i mean each and every

91

00:05:13,430 --> 00:05:10,320

one of you um we're missing a couple

92

00:05:14,950 --> 00:05:13,440

folks today but um i mean vinnie we've

93

00:05:16,790 --> 00:05:14,960

had

94

00:05:19,590 --> 00:05:16,800

a great relationship we've been doing

95

00:05:22,150 --> 00:05:19,600

this together for a while swapping you

96

00:05:23,830 --> 00:05:22,160

know shows going on each other's

97

00:05:25,749 --> 00:05:23,840

talking behind the scenes about our

98

00:05:27,590 --> 00:05:25,759

struggles and our triumphs and

99

00:05:30,070 --> 00:05:27,600

everything um i feel like i've

100

00:05:32,310 --> 00:05:30,080

definitely uh bonded with you so i'm

101

00:05:35,350 --> 00:05:32,320

super happy that you can do this

102

00:05:36,710 --> 00:05:35,360

um as this is an important event in

103

00:05:37,590 --> 00:05:36,720

priscilla

104

00:05:39,510 --> 00:05:37,600

um

105

00:05:43,029 --> 00:05:39,520

you know i was introduced to you because

106

00:05:45,110 --> 00:05:43,039

of vinnie and uh max and you're awesome

107

00:05:47,189 --> 00:05:45,120

and i'm glad you're taking part and

108

00:05:49,990 --> 00:05:47,199

you're hosting on mondays

109

00:05:53,029 --> 00:05:50,000

um although not this monday and you have

110

00:05:54,550 --> 00:05:53,039

cobwebs in your cables but all of them

111

00:05:56,870 --> 00:05:54,560

which i'm going to write a poem about

112

00:05:59,189 --> 00:05:56,880

cobwebs and your cable but

113

00:06:00,710 --> 00:05:59,199

can you make that theme song yeah but

114

00:06:02,710 --> 00:06:00,720

it's been just a pleasure getting to

115

00:06:04,950 --> 00:06:02,720

know you and developing that

116

00:06:08,150 --> 00:06:04,960

relationship and doing this with you

117

00:06:09,590 --> 00:06:08,160

and and jay um you know goes without

118

00:06:11,029 --> 00:06:09,600

saying you're hosting with me on

119

00:06:11,909 --> 00:06:11,039

wednesdays now

120

00:06:13,430 --> 00:06:11,919

um

121

00:06:14,790 --> 00:06:13,440

i met you because you were kind enough

122

00:06:17,590 --> 00:06:14,800

to give me opportunity with the

123

00:06:19,749 --> 00:06:17,600

experiencer group on this channel and

124

00:06:22,230 --> 00:06:19,759

um i just hit it off with with all three

125

00:06:24,950 --> 00:06:22,240

of you um and

126

00:06:26,469 --> 00:06:24,960

you know i'm a part of the experiencer

127

00:06:28,230 --> 00:06:26,479

group now and i think what you're doing

128

00:06:30,710 --> 00:06:28,240

there is fantastic

129

00:06:32,230 --> 00:06:30,720

um and and so i'm really just the

130

00:06:34,309 --> 00:06:32,240

pleasure is all mine that you're that

131

00:06:36,070 --> 00:06:34,319

you're doing this too um and the other

132

00:06:37,510 --> 00:06:36,080

the other people don't get um

133

00:06:40,629 --> 00:06:37,520

compliments like that because they

134

00:06:45,029 --> 00:06:42,070

that's the thing man you got to punch

135

00:06:47,590 --> 00:06:45,039

the time card yeah that's important

136

00:06:49,430 --> 00:06:47,600

showing up is half the battle so exactly

137

00:06:50,550 --> 00:06:49,440

at least half the battle i'm just

138

00:06:52,390 --> 00:06:50,560

kidding yeah

139

00:06:54,390 --> 00:06:52,400

but you know benji has been awesome he's

140

00:06:56,550 --> 00:06:54,400

he's a super dude he's always been so

141

00:06:59,830 --> 00:06:56,560

positive and uplifting with with our

142

00:07:02,870 --> 00:06:59,840

shows and and retweeting them and

143

00:07:04,950 --> 00:07:02,880

and really being um what like an emcee

144

00:07:06,150 --> 00:07:04,960

for everybody you know the hype the hype

145

00:07:08,150 --> 00:07:06,160

guy

146

00:07:10,070 --> 00:07:08,160

no he's amazing yeah we're just we're

147

00:07:11,990 --> 00:07:10,080

just we're just um

148

00:07:15,670 --> 00:07:12,000

pushing buttons for fun right you know

149

00:07:18,790 --> 00:07:15,680

that's all yeah yes very much uh

150

00:07:21,510 --> 00:07:18,800

emotionally physically um

151

00:07:23,029 --> 00:07:21,520

and others i won't mention but

152

00:07:25,510 --> 00:07:23,039

well

153

00:07:27,909 --> 00:07:25,520

we have we have to kind of show that we

154

00:07:30,309 --> 00:07:27,919

are still somewhat tethered to ufo

155

00:07:32,150 --> 00:07:30,319

twitter right yeah that's it's a button

156

00:07:34,390 --> 00:07:32,160

pushing space

157

00:07:37,029 --> 00:07:34,400

and then signal i can't leave him out uh

158

00:07:39,430 --> 00:07:37,039

that guy is you know some some could say

159

00:07:41,670 --> 00:07:39,440

the reason why you know a few of us are

160

00:07:45,189 --> 00:07:41,680

even here doing what we're doing um is

161

00:07:47,430 --> 00:07:45,199

because of that guy he's amazing and

162

00:07:49,510 --> 00:07:47,440

so i'm just thrilled and honored that

163

00:07:51,110 --> 00:07:49,520

that he could do that too so

164

00:07:54,309 --> 00:07:51,120

what i wanted to do is actually kind of

165

00:07:57,430 --> 00:07:54,319

go around and we'll start um

166

00:07:59,909 --> 00:07:57,440

we'll go priscilla vinnie j uh what

167

00:08:02,629 --> 00:07:59,919

guests are you looking forward to the

168

00:08:06,550 --> 00:08:03,589

well

169

00:08:09,029 --> 00:08:06,560

um i've got jay coming up and i have a

170

00:08:11,110 --> 00:08:09,039

guest i'm trying to confirm on our show

171

00:08:14,390 --> 00:08:11,120

oh on this show i was like all of them

172

00:08:15,990 --> 00:08:14,400

honestly personally i'm like uh

173

00:08:17,510 --> 00:08:16,000

you can do both all right so what do you

174

00:08:18,790 --> 00:08:17,520

have coming up and who are you excited

175

00:08:19,670 --> 00:08:18,800

about on that i don't need to do that i

176

00:08:21,830 --> 00:08:19,680

need to do that because i'm still

177

00:08:23,830 --> 00:08:21,840

working on times but yeah um

178

00:08:26,790 --> 00:08:23,840

i'm excited about all of them and to be

179

00:08:29,749 --> 00:08:26,800

honest a little nervous because

180

00:08:32,149 --> 00:08:29,759

i think that um

181

00:08:34,230 --> 00:08:32,159

the probably the most high profile

182

00:08:37,029 --> 00:08:34,240

person i've talked to was diana

183

00:08:38,149 --> 00:08:37,039

and i lived in vegas i've met rock stars

184

00:08:40,790 --> 00:08:38,159

but it's like

185

00:08:42,550 --> 00:08:40,800

about celebrities but like

186

00:08:44,630 --> 00:08:42,560

this is different because i care so much

187

00:08:46,230 --> 00:08:44,640

about the subject and i really look up

188

00:08:48,070 --> 00:08:46,240

to these people so i'm actually just

189

00:08:49,350 --> 00:08:48,080

looking forward to everybody and what

190

00:08:52,470 --> 00:08:49,360

they're gonna bring

191

00:08:54,070 --> 00:08:52,480

there's not one person that i'm like um

192

00:08:57,350 --> 00:08:54,080

more excited about i know that sounds

193

00:08:59,110 --> 00:08:57,360

horrible but i've never really it's safe

194

00:09:00,949 --> 00:08:59,120

yeah so

195

00:09:03,509 --> 00:09:00,959

yeah i'm a little nervous because

196

00:09:04,710 --> 00:09:03,519

i think it's my first big panel

197

00:09:09,990 --> 00:09:04,720

yeah so

198

00:09:15,990 --> 00:09:13,670

so and and vinnie actually did one uh

199

00:09:18,710 --> 00:09:16,000

yesterday with icer and i thought he did

200

00:09:21,990 --> 00:09:18,720

a fantastic job um thank you you know

201
00:09:23,750 --> 00:09:22,000
lassoing all those people uh together to

202
00:09:25,430 --> 00:09:23,760
get their points across and and be

203
00:09:28,630 --> 00:09:25,440
effective so

204
00:09:30,550 --> 00:09:28,640
yeah that's cool uh what so who do you

205
00:09:32,310 --> 00:09:30,560
have coming up priscilla

206
00:09:39,430 --> 00:09:32,320
um

207
00:09:40,630 --> 00:09:39,440
because i'm not sure if he's coming on

208
00:09:42,310 --> 00:09:40,640
but he's uh

209
00:09:43,750 --> 00:09:42,320
supposed to come on and then jay's

210
00:09:45,670 --> 00:09:43,760
coming on the first week and then i have

211
00:09:48,630 --> 00:09:45,680
christina gomez coming on

212
00:09:50,150 --> 00:09:48,640
uh next wednesday so it'll be

213
00:09:52,070 --> 00:09:50,160

it should be fun i've never talked to

214

00:09:53,910 --> 00:09:52,080

her one-on-one um just like the two of

215

00:09:57,190 --> 00:09:53,920

us so that'll be really cool

216

00:09:59,269 --> 00:09:57,200

and yeah that's it for this year i guess

217

00:10:00,790 --> 00:09:59,279

and we'll carry on book club at the end

218

00:10:03,030 --> 00:10:00,800

of january

219

00:10:04,710 --> 00:10:03,040

yeah true yeah the year's coming to an

220

00:10:06,870 --> 00:10:04,720

end pretty quick

221

00:10:09,509 --> 00:10:06,880

that's for sure vinnie what do you got

222

00:10:11,269 --> 00:10:09,519

yeah well with regards to the end uap

223

00:10:12,470 --> 00:10:11,279

secrecy event i'm going to say the same

224

00:10:13,829 --> 00:10:12,480

as priscilla of course i'm looking

225

00:10:15,030 --> 00:10:13,839

forward to speaking to everyone and

226

00:10:16,790 --> 00:10:15,040

that's why

227

00:10:18,389 --> 00:10:16,800

i let you know straight away that i'm

228

00:10:20,389 --> 00:10:18,399

going to be here for the there or there

229

00:10:22,310 --> 00:10:20,399

for the full eight hours because i don't

230

00:10:24,550 --> 00:10:22,320

want to miss a single minute of it

231

00:10:27,670 --> 00:10:24,560

unbelievable you know it's great it'd be

232

00:10:30,230 --> 00:10:27,680

great to catch up with ross coulter and

233

00:10:31,670 --> 00:10:30,240

ralph blumenthal but again danny silva

234

00:10:33,829 --> 00:10:31,680

calling all

235

00:10:35,269 --> 00:10:33,839

my good friend christian thompson

236

00:10:37,190 --> 00:10:35,279

christopher sharp

237

00:10:38,870 --> 00:10:37,200

kirsten blackburn i've never met kirsten

238

00:10:40,550 --> 00:10:38,880

i'd love to speak to her i thought you

239

00:10:42,310 --> 00:10:40,560

know watching her on your channel and

240

00:10:44,310 --> 00:10:42,320

with jay and stuff another thing

241

00:10:45,670 --> 00:10:44,320

fantastic and i really can't wait to

242

00:10:47,269 --> 00:10:45,680

talk to her so

243

00:10:50,069 --> 00:10:47,279

yeah everybody

244

00:10:52,550 --> 00:10:50,079

man everything you say just sounds

245

00:10:55,269 --> 00:10:52,560

way more impactful because of that sexy

246

00:11:01,350 --> 00:10:58,069

and i'm so jelly

247

00:11:04,150 --> 00:11:01,360

man this is ah man i got i didn't see it

248

00:11:07,670 --> 00:11:04,160

midwestern like hey i'm excited to talk

249

00:11:09,509 --> 00:11:07,680

to everybody you know you're just so

250

00:11:11,190 --> 00:11:09,519

beautiful something all right jay your

251

00:11:12,710 --> 00:11:11,200

turn

252

00:11:13,990 --> 00:11:12,720

i'm excited for everybody as well i mean

253

00:11:17,030 --> 00:11:14,000

i don't mean to parrot everything here

254

00:11:19,509 --> 00:11:17,040

but you know i i think it'll be cool to

255

00:11:21,590 --> 00:11:19,519

it will be great to see kirsten you know

256

00:11:23,670 --> 00:11:21,600

and i think that we're going to have

257

00:11:25,269 --> 00:11:23,680

maybe there might be a surprise guest

258

00:11:26,630 --> 00:11:25,279

there might be a couple surprise guests

259

00:11:28,310 --> 00:11:26,640

which would be kind of fun

260

00:11:29,829 --> 00:11:28,320

not saying that there will be or it

261

00:11:31,190 --> 00:11:29,839

won't be but uh that would be pretty

262

00:11:33,990 --> 00:11:31,200

cool but um

263

00:11:35,590 --> 00:11:34,000

you know i think that ralph

264

00:11:38,069 --> 00:11:35,600

the last time that i talked to ralph on

265

00:11:42,230 --> 00:11:38,079

the air was kind of what precipitated

266

00:11:44,949 --> 00:11:42,240

the the debrief article coming out um on

267

00:11:47,509 --> 00:11:44,959

experiencers and so i'm really psyched

268

00:11:48,389 --> 00:11:47,519

to be able to speak with him again

269

00:11:49,829 --> 00:11:48,399

uh

270

00:11:54,790 --> 00:11:49,839

and

271

00:11:56,629 --> 00:11:54,800

be cool to see her to see ross but i

272

00:11:57,990 --> 00:11:56,639

mean everybody everybody from beginning

273

00:12:00,550 --> 00:11:58,000

to end you know

274

00:12:02,550 --> 00:12:00,560

john danny you know the calling all

275

00:12:04,870 --> 00:12:02,560

beings crew you know everybody it's

276

00:12:07,590 --> 00:12:04,880

going to be awesome and of course my my

277

00:12:09,910 --> 00:12:07,600

experiencer group co-host co-founder

278

00:12:12,150 --> 00:12:09,920

kirsten blackburn uh she's a pleasure so

279

00:12:13,590 --> 00:12:12,160

that'll be fun as well yeah yeah

280

00:12:15,990 --> 00:12:13,600

and even just spending time with all of

281

00:12:17,430 --> 00:12:16,000

you that'll be fun yeah yeah you know

282

00:12:19,670 --> 00:12:17,440

right yeah i'm sad i can only do a hat

283

00:12:22,629 --> 00:12:19,680

like uh three hours but i have like a

284

00:12:24,150 --> 00:12:22,639

paranormal tour thing at that night so i

285

00:12:26,949 --> 00:12:24,160

gotta make it all the way out to waverly

286

00:12:28,629 --> 00:12:26,959

hill sanatorium and feed the kids and

287

00:12:30,230 --> 00:12:28,639

feed the husbands so i've got that

288

00:12:32,470 --> 00:12:30,240

that's the only reason i wouldn't be i'm

289

00:12:33,990 --> 00:12:32,480

not going to be there eight hours but uh

290

00:12:36,470 --> 00:12:34,000

i really want to be

291

00:12:38,550 --> 00:12:36,480

whoa you're doing waverly hills i am i

292

00:12:41,190 --> 00:12:38,560

live in that is intense

293

00:12:43,030 --> 00:12:41,200

yeah i'm a little nervous um

294

00:12:45,030 --> 00:12:43,040

like my uh yeah

295

00:12:49,430 --> 00:12:45,040

i don't wanna be like oh my goodness

296

00:12:51,670 --> 00:12:49,440

like yeah i'm nervous but i'm excited um

297

00:12:53,910 --> 00:12:51,680

it's a one like they fill up so fast i

298

00:12:57,190 --> 00:12:53,920

was lucky to get two tickets um oh my

299

00:13:00,550 --> 00:12:57,200

god just with like my empathic stuff and

300

00:13:02,550 --> 00:13:00,560

my mediumship uh we'll see what happens

301
00:13:04,710 --> 00:13:02,560
a lot of mediums that have gone into

302
00:13:06,870 --> 00:13:04,720
there have kind of like had some intense

303
00:13:08,629 --> 00:13:06,880
experiences but yeah i'm the kind of

304
00:13:10,310 --> 00:13:08,639
person like i can't be afraid of it i

305
00:13:11,910 --> 00:13:10,320
just have to do it because how am i

306
00:13:13,509 --> 00:13:11,920
telling other people it's the same thing

307
00:13:15,509 --> 00:13:13,519
with the experiencer stories like how

308
00:13:17,110 --> 00:13:15,519
can i tell people to share their stories

309
00:13:18,550 --> 00:13:17,120
or experience things when i'm being a

310
00:13:21,670 --> 00:13:18,560
chicken and keeping my mouth shut and

311
00:13:23,670 --> 00:13:21,680
not going to sanatoriums

312
00:13:27,030 --> 00:13:23,680
doing the field work is important

313
00:13:28,550 --> 00:13:27,040

yeah but waverly hills wow yeah i hope i

314

00:13:31,030 --> 00:13:28,560

hope you're a huge fan of hitchhiker

315

00:13:32,790 --> 00:13:31,040

phenomenon because uh no i'm i am going

316

00:13:34,389 --> 00:13:32,800

to be prepared for that trust me because

317

00:13:35,269 --> 00:13:34,399

i don't need to bring anybody home with

318

00:13:37,910 --> 00:13:35,279

me

319

00:13:40,550 --> 00:13:37,920

well from there anyways um but they seem

320

00:13:41,750 --> 00:13:40,560

to be pretty attached to waverly um

321

00:13:44,470 --> 00:13:41,760

just because of what they went through

322

00:13:45,829 --> 00:13:44,480

there but i will be carrying protection

323

00:13:51,110 --> 00:13:45,839

and i'm not talking about a gun

324

00:13:55,030 --> 00:13:53,189

i'll have my ghostbuster

325

00:13:56,870 --> 00:13:55,040

plasma thing

326

00:13:58,069 --> 00:13:56,880

yeah not calling anybody out but i

327

00:14:00,150 --> 00:13:58,079

always think that's funny when i see

328

00:14:01,910 --> 00:14:00,160

that stuff on skinwalker you know i'm

329

00:14:03,670 --> 00:14:01,920

like i'm like really you think that

330

00:14:07,030 --> 00:14:03,680

ar-15 is really going to do anything you

331

00:14:09,269 --> 00:14:07,040

know okay whatever you know

332

00:14:11,350 --> 00:14:09,279

people get attachments a lot they could

333

00:14:13,350 --> 00:14:11,360

be silver bullets for like the wolves

334

00:14:14,550 --> 00:14:13,360

and stuff you know yeah there's this one

335

00:14:16,629 --> 00:14:14,560

i'm not even going to talk about it it's

336

00:14:17,910 --> 00:14:16,639

like well it's a

337

00:14:20,150 --> 00:14:17,920

they call them the creeper and it's like

338

00:14:22,470 --> 00:14:20,160

a big shadow being

339

00:14:25,189 --> 00:14:22,480

that people see there so

340

00:14:27,509 --> 00:14:25,199

um i've only encountered as far as human

341

00:14:29,590 --> 00:14:27,519

spirits uh there was a pretty intense

342

00:14:31,430 --> 00:14:29,600

one i encountered at a plantation tour

343

00:14:32,790 --> 00:14:31,440

and my my partner wouldn't even go in

344

00:14:34,870 --> 00:14:32,800

there she was like i'm not even gonna go

345

00:14:37,110 --> 00:14:34,880

in there with him and i was like

346

00:14:38,790 --> 00:14:37,120

i'm gonna man up and go in and he was

347

00:14:40,470 --> 00:14:38,800

pretty intense

348

00:14:42,550 --> 00:14:40,480

so it can be

349

00:14:44,710 --> 00:14:42,560

it's kind of crazy um

350

00:14:46,470 --> 00:14:44,720

how real it feels when you're there you

351
00:14:51,670 --> 00:14:46,480
know

352
00:14:54,470 --> 00:14:51,680
practice shows before the 17th to make

353
00:14:57,189 --> 00:14:54,480
sure that you know nothing's

354
00:14:59,110 --> 00:14:57,199
gonna screw up tech you know anything's

355
00:15:02,389 --> 00:14:59,120
going to come back within screw their

356
00:15:05,590 --> 00:15:02,399
internet or we don't need a uh

357
00:15:07,110 --> 00:15:05,600
cobweb and a uh because if something

358
00:15:20,230 --> 00:15:07,120
something goes wrong that's going to be

359
00:15:26,150 --> 00:15:22,790
i'll be doing the show before that so oh

360
00:15:28,710 --> 00:15:26,160
okay okay good you know listen

361
00:15:30,550 --> 00:15:28,720
then i don't care whatever happens

362
00:15:31,829 --> 00:15:30,560
maybe i'll take an uh extraterrestrial

363
00:15:33,269 --> 00:15:31,839

with me and all the ghosts will be

364

00:15:38,069 --> 00:15:33,279

freaked out

365

00:15:39,990 --> 00:15:38,079

well um i'm gonna say yeah that um

366

00:15:40,949 --> 00:15:40,000

i look forward to only a couple of the

367

00:15:44,550 --> 00:15:40,959

guests

368

00:15:49,590 --> 00:15:47,030

no yeah i obviously look forward to all

369

00:15:50,790 --> 00:15:49,600

of them too um stephen bassett it's been

370

00:15:51,990 --> 00:15:50,800

a long time

371

00:15:54,550 --> 00:15:52,000

since he's

372

00:15:55,990 --> 00:15:54,560

been on the show too and well

373

00:15:57,590 --> 00:15:56,000

it hasn't been a long time for anyone

374

00:16:00,389 --> 00:15:57,600

because it's only been so long for me

375

00:16:03,910 --> 00:16:00,399

but it feels like a long time um

376

00:16:05,990 --> 00:16:03,920

he's great uh he wants he's so funny and

377

00:16:08,389 --> 00:16:06,000

and our rapport is awesome like he

378

00:16:11,509 --> 00:16:08,399

reminds me sometimes of like larry david

379

00:16:13,910 --> 00:16:11,519

from kirby enthusiasm like he's he's so

380

00:16:16,470 --> 00:16:13,920

funny but i love his take on everything

381

00:16:18,150 --> 00:16:16,480

as well and his insights um

382

00:16:20,870 --> 00:16:18,160

and it's at the perfect time so i can't

383

00:16:23,269 --> 00:16:20,880

wait to to get him uh on the show and

384

00:16:25,749 --> 00:16:23,279

then people i haven't talked with before

385

00:16:28,150 --> 00:16:25,759

like uh baptiste and everyone he's

386

00:16:32,389 --> 00:16:28,160

bringing um like the

387

00:16:35,430 --> 00:16:32,399

uh i believe it is a air force um

388

00:16:37,910 --> 00:16:35,440

colonel a slash witness um

389

00:16:40,069 --> 00:16:37,920

out of uh france so

390

00:16:41,509 --> 00:16:40,079

that's gonna be super interesting um

391

00:16:43,990 --> 00:16:41,519

other people i haven't had on the show

392

00:16:47,269 --> 00:16:44,000

like prime time um

393

00:16:49,189 --> 00:16:47,279

um we got uh

394

00:16:52,150 --> 00:16:49,199

what yeah she's been on the show

395

00:16:56,710 --> 00:16:52,160

christopher sharp it's been a while um

396

00:17:01,430 --> 00:16:56,720

and then we have at uap db mr kristin

397

00:17:06,150 --> 00:17:03,829

ross goldhart awesome it'll be his

398

00:17:07,909 --> 00:17:06,160

second time on the gig

399

00:17:10,069 --> 00:17:07,919

i guess i was excited about ross guys

400

00:17:11,429 --> 00:17:10,079

and i'm going to miss him yeah oh um

401
00:17:13,590 --> 00:17:11,439
you'll have to

402
00:17:15,669 --> 00:17:13,600
send my love to him yeah

403
00:17:18,069 --> 00:17:15,679
for my appreciation

404
00:17:19,909 --> 00:17:18,079
i put him by himself pretty much in a

405
00:17:22,630 --> 00:17:19,919
group by himself because you know my

406
00:17:25,110 --> 00:17:22,640
goal is to just you know ask open-ended

407
00:17:27,350 --> 00:17:25,120
questions and just let him go yeah he's

408
00:17:29,430 --> 00:17:27,360
so great at that he's like a storyteller

409
00:17:31,350 --> 00:17:29,440
and he tells so much um

410
00:17:32,310 --> 00:17:31,360
you don't you i've seen him and every

411
00:17:34,870 --> 00:17:32,320
every time every time somebody

412
00:17:36,789 --> 00:17:34,880
interviews him i feel like he's just

413
00:17:38,549 --> 00:17:36,799

this force and he's just like saying all

414

00:17:40,630 --> 00:17:38,559

this stuff and everybody's just like

415

00:17:42,310 --> 00:17:40,640

because he's just he's done so much work

416

00:17:44,470 --> 00:17:42,320

and research and he knows how articulate

417

00:17:47,350 --> 00:17:44,480

it so beautifully what did you did you

418

00:17:51,190 --> 00:17:47,360

guys have an opportunity to catch his um

419

00:17:54,950 --> 00:17:51,200

documentary that recently game came out

420

00:17:56,549 --> 00:17:54,960

yes yeah what any thoughts on that

421

00:17:58,310 --> 00:17:56,559

um for me personally i think it was good

422

00:18:01,110 --> 00:17:58,320

to see a little bit extra added on to

423

00:18:03,669 --> 00:18:01,120

the westall school case from 66 with

424

00:18:05,350 --> 00:18:03,679

another witness in that um

425

00:18:06,630 --> 00:18:05,360

i liked the way he did it it wasn't

426

00:18:09,270 --> 00:18:06,640

quite the same as the previous

427

00:18:10,870 --> 00:18:09,280

documentary i think it just reiterated

428

00:18:13,590 --> 00:18:10,880

with me how serious the subject is

429

00:18:15,029 --> 00:18:13,600

talked about outside of the us as well

430

00:18:17,190 --> 00:18:15,039

and the fact that ross has got a lot of

431

00:18:20,150 --> 00:18:17,200

high-level people coming to him

432

00:18:22,150 --> 00:18:20,160

directly from the us from australia from

433

00:18:23,669 --> 00:18:22,160

within government military as well as

434

00:18:25,350 --> 00:18:23,679

public you know

435

00:18:27,270 --> 00:18:25,360

it's a global phenomenon and that's why

436

00:18:28,710 --> 00:18:27,280

we i guess doing what we're doing and i

437

00:18:30,630 --> 00:18:28,720

love the fact that the conversation is

438

00:18:33,430 --> 00:18:30,640

starting to expand

439

00:18:35,909 --> 00:18:33,440

across the oceans and the distances

440

00:18:38,230 --> 00:18:35,919

and is it uh is it

441

00:18:40,390 --> 00:18:38,240

didn't he get like a new witness on the

442

00:18:42,390 --> 00:18:40,400

record or something too from that red

443

00:18:43,510 --> 00:18:42,400

from west all right yeah

444

00:18:46,070 --> 00:18:43,520

yeah

445

00:18:48,150 --> 00:18:46,080

and he got another new witness who had a

446

00:18:50,549 --> 00:18:48,160

more recent sighting it from the air

447

00:18:52,950 --> 00:18:50,559

force i think it was a younger guy

448

00:18:55,270 --> 00:18:52,960

um so yeah pretty cool and they're the

449

00:18:57,110 --> 00:18:55,280

ones we only know about i bet he's

450

00:18:58,230 --> 00:18:57,120

holding back on a lot of other stuff as

451
00:18:59,990 --> 00:18:58,240
well

452
00:19:02,070 --> 00:19:00,000
i think you need to work some magic sean

453
00:19:04,390 --> 00:19:02,080
and try and get something new out of him

454
00:19:08,070 --> 00:19:04,400
yeah yeah oh yeah

455
00:19:10,150 --> 00:19:08,080
yeah i mean i i mean i i spoke to him

456
00:19:11,190 --> 00:19:10,160
gosh about a week ago and and he had

457
00:19:13,830 --> 00:19:11,200
some

458
00:19:15,750 --> 00:19:13,840
you know from what i heard he

459
00:19:17,830 --> 00:19:15,760
you know he was pushed partially to do

460
00:19:20,470 --> 00:19:17,840
this from his tv producers right from

461
00:19:21,590 --> 00:19:20,480
his producers and it was kind of like a

462
00:19:23,830 --> 00:19:21,600
uh

463
00:19:25,830 --> 00:19:23,840

in in effect to get ratings towards the

464

00:19:27,510 --> 00:19:25,840

end of the year it was part of it and

465

00:19:29,750 --> 00:19:27,520

and he was like totally open about he's

466

00:19:30,950 --> 00:19:29,760

like yeah yeah yeah you know i i wanted

467

00:19:32,870 --> 00:19:30,960

to put some

468

00:19:35,270 --> 00:19:32,880

extra juice in there some extra material

469

00:19:37,029 --> 00:19:35,280

in there but you know this is

470

00:19:39,430 --> 00:19:37,039

this was a mandate

471

00:19:41,590 --> 00:19:39,440

essentially like i was asked to do this

472

00:19:43,669 --> 00:19:41,600

for my producers and i i think he's

473

00:19:45,669 --> 00:19:43,679

absolutely fine with people saying for

474

00:19:47,510 --> 00:19:45,679

with people reiterating that but i think

475

00:19:48,950 --> 00:19:47,520

that that's that's a good thing you know

476

00:19:51,430 --> 00:19:48,960

it's an amazing

477

00:19:54,070 --> 00:19:51,440

situation for us to be in in this field

478

00:19:55,990 --> 00:19:54,080

that that you know that it's

479

00:19:58,710 --> 00:19:56,000

become such a popular topic now that

480

00:20:00,710 --> 00:19:58,720

traditional news agencies are like

481

00:20:01,990 --> 00:20:00,720

where's our next ufo story like where's

482

00:20:03,270 --> 00:20:02,000

our next report

483

00:20:05,350 --> 00:20:03,280

and it's like

484

00:20:07,110 --> 00:20:05,360

it's it's it really is like christmas

485

00:20:09,430 --> 00:20:07,120

coming early when situations like that

486

00:20:11,909 --> 00:20:09,440

happen you know it is pretty amazing i

487

00:20:13,750 --> 00:20:11,919

just i i just always marvel that my sons

488

00:20:15,669 --> 00:20:13,760

are gonna grow up in a world where

489

00:20:17,669 --> 00:20:15,679

people are talking openly about the

490

00:20:18,390 --> 00:20:17,679

phenomenon and it's just like

491

00:20:21,430 --> 00:20:18,400

it's

492

00:20:22,149 --> 00:20:21,440

even if i like disappear tomorrow i i

493

00:20:24,149 --> 00:20:22,159

would

494

00:20:26,310 --> 00:20:24,159

i've seen so much happen just in this

495

00:20:27,990 --> 00:20:26,320

past year with you know the way

496

00:20:30,149 --> 00:20:28,000

disclosure has been happening and i

497

00:20:31,029 --> 00:20:30,159

think that it's to me it's here already

498

00:20:32,789 --> 00:20:31,039

um

499

00:20:34,630 --> 00:20:32,799

so yeah i think that

500

00:20:37,029 --> 00:20:34,640

that is amazing and some people want to

501
00:20:38,870 --> 00:20:37,039
knock that oh well he's mainstream now

502
00:20:40,710 --> 00:20:38,880
and all this stuff but that's not true i

503
00:20:42,549 --> 00:20:40,720
think it's even if they're doing it for

504
00:20:44,230 --> 00:20:42,559
ratings he's going to reach so many

505
00:20:46,230 --> 00:20:44,240
people and that's what we want we want

506
00:20:49,350 --> 00:20:46,240
more people to be open to this so they

507
00:20:51,270 --> 00:20:49,360
can talk about their experiences

508
00:20:52,870 --> 00:20:51,280
sorry about that i didn't mean to try to

509
00:20:54,230 --> 00:20:52,880
throw you off i'm just messing with the

510
00:20:56,230 --> 00:20:54,240
uh

511
00:20:58,710 --> 00:20:56,240
like oh it's me

512
00:20:59,909 --> 00:20:58,720
just like

513
00:21:03,029 --> 00:20:59,919

always

514

00:21:05,110 --> 00:21:03,039

close-up that's the way it goes yeah

515

00:21:07,430 --> 00:21:05,120

yeah well you know i'm just trying to

516

00:21:09,110 --> 00:21:07,440

you know switch things around here i

517

00:21:10,470 --> 00:21:09,120

still haven't been able to really figure

518

00:21:14,230 --> 00:21:10,480

out like how

519

00:21:15,990 --> 00:21:14,240

people do this like you know how they

520

00:21:18,230 --> 00:21:16,000

they spotlight the person who's talking

521

00:21:19,830 --> 00:21:18,240

or whatever and but they're not as easy

522

00:21:22,549 --> 00:21:19,840

as it looks they switch it to the other

523

00:21:26,390 --> 00:21:22,559

person like flawlessly and when i try to

524

00:21:29,190 --> 00:21:26,400

do that it just winds up doing this so

525

00:21:31,430 --> 00:21:29,200

[Laughter]

526
00:21:33,590 --> 00:21:31,440
yeah i i mean ross does such a great job

527
00:21:35,750 --> 00:21:33,600
and he's bringing like um even more

528
00:21:37,669 --> 00:21:35,760
credibility to to the field right

529
00:21:39,510 --> 00:21:37,679
because he is such a fantastic

530
00:21:42,230 --> 00:21:39,520
investigative journalist

531
00:21:45,430 --> 00:21:42,240
which he's developed such a resume

532
00:21:48,070 --> 00:21:45,440
um before he even started diving into

533
00:21:50,470 --> 00:21:48,080
this stuff so for him to really take the

534
00:21:52,470 --> 00:21:50,480
risk and and take this on because he

535
00:21:53,669 --> 00:21:52,480
truly feels a conviction that something

536
00:21:56,710 --> 00:21:53,679
is up

537
00:21:57,590 --> 00:21:56,720
uh man that says a lot for sure and you

538
00:22:00,470 --> 00:21:57,600

know

539

00:22:01,190 --> 00:22:00,480

with so much going on in this uh topic

540

00:22:04,149 --> 00:22:01,200

too

541

00:22:07,669 --> 00:22:04,159

i mean i think we even forget about is

542

00:22:10,070 --> 00:22:07,679

what i would call historic book you know

543

00:22:13,190 --> 00:22:10,080

in plain sight oh it's so good fantastic

544

00:22:14,470 --> 00:22:13,200

book one of the best um recorded

545

00:22:18,230 --> 00:22:14,480

um

546

00:22:20,630 --> 00:22:18,240

pieces on recorded uap history

547

00:22:22,149 --> 00:22:20,640

that there is you know that incorporates

548

00:22:24,789 --> 00:22:22,159

everything you know up to this point

549

00:22:26,549 --> 00:22:24,799

with tsa and all that kind of stuff so

550

00:22:28,470 --> 00:22:26,559

absolutely i mean one one of the things

551

00:22:30,950 --> 00:22:28,480

with that is that with having ralph on

552

00:22:32,549 --> 00:22:30,960

there and having ross on there i mean

553

00:22:33,590 --> 00:22:32,559

that's just a huge wealth a wealth of

554

00:22:35,029 --> 00:22:33,600

information you know there was that

555

00:22:35,909 --> 00:22:35,039

recent article

556

00:22:38,470 --> 00:22:35,919

um

557

00:22:40,070 --> 00:22:38,480

that uh came out through like bryce

558

00:22:42,710 --> 00:22:40,080

sables medium or whatever that was

559

00:22:46,149 --> 00:22:42,720

talking about how you know ufo you know

560

00:22:49,110 --> 00:22:46,159

ufology bloggers are commonly scooping

561

00:22:50,789 --> 00:22:49,120

traditional news news agencies yeah with

562

00:22:53,909 --> 00:22:50,799

a lot of this information which i think

563

00:22:55,590 --> 00:22:53,919

is entirely appropriate and accurate and

564

00:22:57,590 --> 00:22:55,600

i i think one of the

565

00:22:59,590 --> 00:22:57,600

i mean one line of questioning that we

566

00:23:00,310 --> 00:22:59,600

should totally pursue that day

567

00:23:02,710 --> 00:23:00,320

is

568

00:23:04,710 --> 00:23:02,720

you know getting advice from people like

569

00:23:06,950 --> 00:23:04,720

ross and ralph while they're on in terms

570

00:23:09,350 --> 00:23:06,960

of being like like what do you think we

571

00:23:11,270 --> 00:23:09,360

should like it'll be interesting

572

00:23:13,430 --> 00:23:11,280

with chris christopher sharp on there

573

00:23:15,430 --> 00:23:13,440

with ralph and and yourself sean with

574

00:23:17,750 --> 00:23:15,440

your recent air force story you know

575

00:23:19,990 --> 00:23:17,760

it's important it'll be important to

576

00:23:20,870 --> 00:23:20,000

to be able to get um

577

00:23:25,990 --> 00:23:20,880

some

578

00:23:28,870 --> 00:23:26,000

on on this you know people like ralph

579

00:23:30,149 --> 00:23:28,880

not just ufology but he he's pursued i

580

00:23:32,230 --> 00:23:30,159

mean the guy

581

00:23:34,470 --> 00:23:32,240

like in terms of his

582

00:23:37,830 --> 00:23:34,480

confidence you know the amount that he's

583

00:23:39,590 --> 00:23:37,840

dealt with mafia cases you know all

584

00:23:41,590 --> 00:23:39,600

these situations he's not just like

585

00:23:43,669 --> 00:23:41,600

taking on kind of like government

586

00:23:45,110 --> 00:23:43,679

secrecy he's taking on

587

00:23:48,070 --> 00:23:45,120

people that don't play by any rules

588

00:23:51,510 --> 00:23:48,080

whatsoever and like he's he's still here

589

00:23:54,230 --> 00:23:51,520

so um i i think uh i think it'll be

590

00:23:56,789 --> 00:23:54,240

a a great font of wisdom for that day

591

00:23:59,430 --> 00:23:56,799

for sure for for the rest of us i don't

592

00:24:01,190 --> 00:23:59,440

think it's kind of full circle as well

593

00:24:03,190 --> 00:24:01,200

like um see

594

00:24:06,310 --> 00:24:03,200

you know it's hard to say that ufology i

595

00:24:09,110 --> 00:24:06,320

guess but the new york times piece um is

596

00:24:11,269 --> 00:24:09,120

the reason a lot of people are even here

597

00:24:13,029 --> 00:24:11,279

paying attention that was such a

598

00:24:15,029 --> 00:24:13,039

a huge

599

00:24:17,430 --> 00:24:15,039

movement that started

600

00:24:19,990 --> 00:24:17,440

um of just pure awareness for so many

601
00:24:22,149 --> 00:24:20,000
people um and now we're we're at this

602
00:24:24,149 --> 00:24:22,159
point where legislation was passed and

603
00:24:25,029 --> 00:24:24,159
it's it's waiting to get signed

604
00:24:26,630 --> 00:24:25,039
um

605
00:24:28,549 --> 00:24:26,640
and

606
00:24:30,789 --> 00:24:28,559
would that have even happened

607
00:24:33,430 --> 00:24:30,799
without that piece being written i i

608
00:24:35,029 --> 00:24:33,440
don't know i would say probably not

609
00:24:37,029 --> 00:24:35,039
you know still be the same people

610
00:24:38,470 --> 00:24:37,039
talking behind the scenes or on ufo

611
00:24:40,789 --> 00:24:38,480
twitter which there's nothing wrong with

612
00:24:42,789 --> 00:24:40,799
that but we have more of the world

613
00:24:43,990 --> 00:24:42,799

listening now and that's what's going to

614

00:24:45,430 --> 00:24:44,000

end stigma and that's what's going to

615

00:24:46,789 --> 00:24:45,440

bring more people forward and when more

616

00:24:49,510 --> 00:24:46,799

people come forward more evidence comes

617

00:24:52,149 --> 00:24:50,549

100

618

00:24:53,029 --> 00:24:52,159

i mean and

619

00:24:55,350 --> 00:24:53,039

and

620

00:24:57,750 --> 00:24:55,360

also you know

621

00:24:59,510 --> 00:24:57,760

there even just in this last week uh

622

00:25:01,830 --> 00:24:59,520

sean and i were talking on wednesday

623

00:25:03,590 --> 00:25:01,840

with nick cook and nick cook

624

00:25:06,950 --> 00:25:03,600

even credited you know he's been in the

625

00:25:08,549 --> 00:25:06,960

field for a while he's all he was also a

626

00:25:10,710 --> 00:25:08,559

very very

627

00:25:13,110 --> 00:25:10,720

well situated defense journalist for

628

00:25:15,990 --> 00:25:13,120

yeah uh close to 18 years with jane's

629

00:25:18,390 --> 00:25:16,000

defense weekly and it was

630

00:25:19,750 --> 00:25:18,400

ralph and leslie's story

631

00:25:21,750 --> 00:25:19,760

on the on the cover of the new york

632

00:25:24,390 --> 00:25:21,760

times that he credited on wednesday with

633

00:25:25,990 --> 00:25:24,400

being what allowed him to feel like he

634

00:25:28,149 --> 00:25:26,000

could start

635

00:25:29,990 --> 00:25:28,159

publishing what he'd been privately

636

00:25:32,630 --> 00:25:30,000

researching for quite a while

637

00:25:34,870 --> 00:25:32,640

right like he'd already done plenty with

638

00:25:36,870 --> 00:25:34,880

ingo swan he'd gone into consciousness

639

00:25:38,390 --> 00:25:36,880

he'd gone into all sorts of things but

640

00:25:40,789 --> 00:25:38,400

just on wednesday he said you know that

641

00:25:42,390 --> 00:25:40,799

was it and so it's not just young people

642

00:25:44,230 --> 00:25:42,400

that are inspired by this it's people

643

00:25:46,789 --> 00:25:44,240

that are that are older than ourselves

644

00:25:49,110 --> 00:25:46,799

that have really dug dug their heels in

645

00:25:51,510 --> 00:25:49,120

and some of the stuff that that still

646

00:25:52,390 --> 00:25:51,520

credit that piece which is amazing

647

00:25:53,430 --> 00:25:52,400

really

648

00:25:55,830 --> 00:25:53,440

yeah

649

00:25:57,909 --> 00:25:55,840

i was just not too long ago putting kind

650

00:25:59,909 --> 00:25:57,919

of a recap together of

651
00:26:02,149 --> 00:25:59,919
uh that year

652
00:26:05,510 --> 00:26:02,159
when things really started uh happening

653
00:26:07,830 --> 00:26:05,520
with elizondo on cnn and and ralph uh

654
00:26:09,590 --> 00:26:07,840
did an interview and leslie keane did an

655
00:26:11,269 --> 00:26:09,600
interview

656
00:26:13,510 --> 00:26:11,279
and it's

657
00:26:15,430 --> 00:26:13,520
it's so interesting how we forget that

658
00:26:16,870 --> 00:26:15,440
those happen you know

659
00:26:18,710 --> 00:26:16,880
almost because

660
00:26:21,190 --> 00:26:18,720
and that's why i did that ralph on his

661
00:26:23,430 --> 00:26:21,200
interview flat out said

662
00:26:25,830 --> 00:26:23,440
yeah i was told that they got

663
00:26:28,390 --> 00:26:25,840

pieces of this uh craft

664

00:26:30,710 --> 00:26:28,400

flat out you said it you know and

665

00:26:32,710 --> 00:26:30,720

and the guy pretty much

666

00:26:34,549 --> 00:26:32,720

you know you think if a journalist like

667

00:26:37,029 --> 00:26:34,559

that who like busted the case on

668

00:26:39,269 --> 00:26:37,039

pizzagate so many big things

669

00:26:41,190 --> 00:26:39,279

says that on on

670

00:26:42,870 --> 00:26:41,200

you know live news

671

00:26:44,950 --> 00:26:42,880

a major news network

672

00:26:46,470 --> 00:26:44,960

people's jaws would just like fall off

673

00:26:49,029 --> 00:26:46,480

and hit the floor

674

00:26:50,549 --> 00:26:49,039

um it so it's it's kind of interesting

675

00:26:55,750 --> 00:26:50,559

how

676

00:26:58,149 --> 00:26:55,760

challenging it is to even break open

677

00:26:59,909 --> 00:26:58,159

this topic uh because of things like

678

00:27:01,350 --> 00:26:59,919

stigma and people like ralph and you

679

00:27:04,830 --> 00:27:01,360

know you guys too

680

00:27:06,710 --> 00:27:04,840

um and ross are helping break that

681

00:27:08,470 --> 00:27:06,720

so

682

00:27:10,870 --> 00:27:08,480

that's all i got on there

683

00:27:13,110 --> 00:27:10,880

oh absolutely i mean we're just we're

684

00:27:14,870 --> 00:27:13,120

we're at a period where it's it's it's

685

00:27:17,430 --> 00:27:14,880

almost easy to take things for granted

686

00:27:19,350 --> 00:27:17,440

but we shouldn't right i mean even just

687

00:27:21,510 --> 00:27:19,360

on friday we had

688

00:27:23,750 --> 00:27:21,520

you know gary nolan and jacques villa's

689

00:27:26,230 --> 00:27:23,760

scientific paper get published right by

690

00:27:28,549 --> 00:27:26,240

like a really respected aerospace

691

00:27:29,909 --> 00:27:28,559

scientific journal i mean

692

00:27:31,669 --> 00:27:29,919

and and that had been something that

693

00:27:33,350 --> 00:27:31,679

they'd been working on for

694

00:27:35,909 --> 00:27:33,360

years you know

695

00:27:39,750 --> 00:27:35,919

and i mean it's it feels like a damn

696

00:27:41,750 --> 00:27:39,760

breaking in a lot of ways yes and i i'm

697

00:27:44,389 --> 00:27:41,760

i'm just thrilled you know like can you

698

00:27:49,990 --> 00:27:44,399

imagine like if we could just reanimate

699

00:27:54,789 --> 00:27:52,230

you know like he's like i remember i

700

00:27:56,789 --> 00:27:54,799

went after general sanford after that dc

701
00:27:58,389 --> 00:27:56,799
debacle and i straight up told everybody

702
00:28:01,990 --> 00:27:58,399
that they're actually

703
00:28:03,830 --> 00:28:02,000
no one believed me yeah

704
00:28:05,590 --> 00:28:03,840
think what's good as well is we saw the

705
00:28:08,149 --> 00:28:05,600
nolan thing come out the other day yes

706
00:28:10,630 --> 00:28:08,159
we knew that that was coming sometime

707
00:28:13,750 --> 00:28:10,640
um but when pen the pentagon announced

708
00:28:16,549 --> 00:28:13,760
ao imsg recently it felt like we'd hit a

709
00:28:18,470 --> 00:28:16,559
blip briefly like why did they have to

710
00:28:19,909 --> 00:28:18,480
come out with that now we were on a roll

711
00:28:21,750 --> 00:28:19,919
we were all enough

712
00:28:23,750 --> 00:28:21,760
so that happened but then with things

713
00:28:25,269 --> 00:28:23,760

like the nolan thing and the way that

714

00:28:31,190 --> 00:28:25,279

the

715

00:28:33,350 --> 00:28:31,200

happen hopefully on tuesday you know

716

00:28:36,230 --> 00:28:33,360

we're back on that upward

717

00:28:38,149 --> 00:28:36,240

ramp let's say you know we had the blip

718

00:28:40,549 --> 00:28:38,159

aoi msg

719

00:28:42,549 --> 00:28:40,559

hopefully that's just now taking a back

720

00:28:44,549 --> 00:28:42,559

seat so what we might have to look

721

00:28:48,230 --> 00:28:44,559

forward to in the future with the the

722

00:28:50,470 --> 00:28:48,240

gila brand rubio amendment actually

723

00:28:52,070 --> 00:28:50,480

be coming to fruition so

724

00:28:54,070 --> 00:28:52,080

yeah

725

00:28:55,830 --> 00:28:54,080

supe super cool stuff

726

00:28:58,870 --> 00:28:55,840

um

727

00:29:01,430 --> 00:28:58,880

and and the galileo project i mean

728

00:29:03,590 --> 00:29:01,440

yeah which brings me uh to reminding

729

00:29:05,909 --> 00:29:03,600

sean about the super chats for friday

730

00:29:08,470 --> 00:29:05,919

right um because obviously we don't need

731

00:29:11,269 --> 00:29:08,480

money no ravi lobe

732

00:29:13,830 --> 00:29:11,279

like uh i'm just playing around

733

00:29:15,590 --> 00:29:13,840

oh boy i think that's amazing

734

00:29:18,870 --> 00:29:15,600

remember well we could do a percentage

735

00:29:21,110 --> 00:29:18,880

split if we have to no no no no no oh my

736

00:29:24,470 --> 00:29:21,120

god i was just kidding i'm kidding i'm

737

00:29:28,310 --> 00:29:26,149

we can always get a pizza later it's

738

00:29:30,950 --> 00:29:28,320

fine yeah i don't know totally if you've

739

00:29:33,029 --> 00:29:30,960

not figured out if we've not figured out

740

00:29:36,149 --> 00:29:33,039

the the split with the money i

741

00:29:37,990 --> 00:29:36,159

let me throw you apx in the hat because

742

00:29:39,430 --> 00:29:38,000

for every everybody that is talking

743

00:29:41,350 --> 00:29:39,440

about them controversially with these

744

00:29:43,029 --> 00:29:41,360

ndas that they've got um with these

745

00:29:44,070 --> 00:29:43,039

possible connections to a production

746

00:29:48,549 --> 00:29:44,080

company

747

00:29:50,149 --> 00:29:48,559

you apx have no money okay um so i you

748

00:29:52,710 --> 00:29:50,159

know these public

749

00:29:55,510 --> 00:29:52,720

entities like uapx galileo project that

750

00:29:57,669 --> 00:29:55,520

we have to kind of i'm really positive i

751
00:29:59,190 --> 00:29:57,679
look at them for answers and so i don't

752
00:30:01,430 --> 00:29:59,200
have to just rely on waiting for the

753
00:30:03,510 --> 00:30:01,440
government so for sure you know i'm i'm

754
00:30:05,750 --> 00:30:03,520
all up for supporting people like that

755
00:30:07,590 --> 00:30:05,760
so that's just me throwing them in in

756
00:30:08,470 --> 00:30:07,600
the arena let's say

757
00:30:11,430 --> 00:30:08,480
yeah

758
00:30:15,430 --> 00:30:11,440
no i'm totally and i would have to say

759
00:30:17,669 --> 00:30:15,440
that um i've interviewed um that guy

760
00:30:20,830 --> 00:30:18,950
you know

761
00:30:26,310 --> 00:30:20,840
avi and from

762
00:30:30,230 --> 00:30:28,070
you know there's it's encouraging that

763
00:30:31,909 --> 00:30:30,240

there's people in the in the you know

764

00:30:34,149 --> 00:30:31,919

private sector i guess that are that are

765

00:30:36,710 --> 00:30:34,159

doing things like this in an effort to

766

00:30:38,230 --> 00:30:36,720

get get data that you know they can

767

00:30:40,310 --> 00:30:38,240

share with the public so that we don't

768

00:30:42,630 --> 00:30:40,320

have to rely on the government so much

769

00:30:44,950 --> 00:30:42,640

and i think those kind of things are

770

00:30:47,190 --> 00:30:44,960

probably what puts the pressure on the

771

00:30:49,909 --> 00:30:47,200

government to maybe pass things like

772

00:30:51,669 --> 00:30:49,919

that the chile brand amendment and be

773

00:30:54,230 --> 00:30:51,679

transparent because how embarrassing

774

00:30:56,950 --> 00:30:54,240

would that be if a civilian beat them to

775

00:30:59,430 --> 00:30:56,960

the punch and i i bet that's the last

776
00:31:02,470 --> 00:30:59,440
thing that they would want to happen so

777
00:31:04,630 --> 00:31:02,480
well and if nothing else i mean with uh

778
00:31:05,750 --> 00:31:04,640
you all know how much of a john mack fan

779
00:31:07,269 --> 00:31:05,760
i am and

780
00:31:09,350 --> 00:31:07,279
of course

781
00:31:11,509 --> 00:31:09,360
right and heart and harvard really tried

782
00:31:13,990 --> 00:31:11,519
to nail his ass to the wall like back in

783
00:31:16,389 --> 00:31:14,000
the day and and so having the galileo

784
00:31:17,430 --> 00:31:16,399
project housed at harvard there's like

785
00:31:19,110 --> 00:31:17,440
such

786
00:31:21,269 --> 00:31:19,120
beautiful

787
00:31:23,990 --> 00:31:21,279
like irony to that

788
00:31:25,830 --> 00:31:24,000

like that like if nothing else like the

789

00:31:27,750 --> 00:31:25,840

galileo project needs to succeed

790

00:31:29,909 --> 00:31:27,760

miraculously so that so that

791

00:31:31,669 --> 00:31:29,919

institutions like that

792

00:31:33,590 --> 00:31:31,679

recognize like well

793

00:31:35,990 --> 00:31:33,600

you were right and we were wrong you

794

00:31:38,310 --> 00:31:36,000

know along those lines i i think that

795

00:31:40,389 --> 00:31:38,320

that there's such poetic justice to that

796

00:31:42,149 --> 00:31:40,399

happening it's beautiful and more

797

00:31:44,389 --> 00:31:42,159

universities have tried to have classes

798

00:31:46,909 --> 00:31:44,399

like that before i left alaska one of my

799

00:31:48,630 --> 00:31:46,919

anthropology teachers started a

800

00:31:50,470 --> 00:31:48,640

astrobiology

801
00:31:52,389 --> 00:31:50,480
um class and

802
00:31:55,110 --> 00:31:52,399
nobody signed up for it and i signed up

803
00:31:56,950 --> 00:31:55,120
for it but yep i moved so i couldn't do

804
00:31:59,029 --> 00:31:56,960
it anymore because it was in person and

805
00:32:01,029 --> 00:31:59,039
not online but people were like like the

806
00:32:02,389 --> 00:32:01,039
teachers like her fellow you know

807
00:32:03,830 --> 00:32:02,399
professors were making fun of her and

808
00:32:05,669 --> 00:32:03,840
she's like no this is a thing because

809
00:32:07,590 --> 00:32:05,679
she's um she does she's a scientific

810
00:32:08,470 --> 00:32:07,600
anthropo anthropologist so she studies

811
00:32:10,549 --> 00:32:08,480
um

812
00:32:16,149 --> 00:32:10,559
she studies the science of smell so

813
00:32:19,750 --> 00:32:18,230

so so yeah i was like i want to take it

814

00:32:20,870 --> 00:32:19,760

because i feel like she would you know

815

00:32:22,149 --> 00:32:20,880

um

816

00:32:24,070 --> 00:32:22,159

she has a lot to put into it as a

817

00:32:26,389 --> 00:32:24,080

molecular biologist so

818

00:32:28,149 --> 00:32:26,399

i i just it's cool to see that more and

819

00:32:29,990 --> 00:32:28,159

more people are going to be um doing

820

00:32:32,230 --> 00:32:30,000

stuff like that

821

00:32:35,350 --> 00:32:32,240

it's an option like you think one day

822

00:32:37,990 --> 00:32:35,360

it's going to be um a focus for some

823

00:32:40,389 --> 00:32:38,000

people in the future to study this

824

00:32:43,190 --> 00:32:40,399

yeah and it already is right but doctor

825

00:32:44,789 --> 00:32:43,200

yeah and yeah and anthropology is

826

00:32:46,389 --> 00:32:44,799

actually acclimating to this rather

827

00:32:49,430 --> 00:32:46,399

quickly there there are people like dr

828

00:32:52,070 --> 00:32:49,440

jack hunter um who are really pioneering

829

00:32:54,310 --> 00:32:52,080

the field of parent anthropology um so

830

00:32:56,070 --> 00:32:54,320

they're actually they're looking back

831

00:32:58,149 --> 00:32:56,080

there are a lot of people that are that

832

00:33:00,470 --> 00:32:58,159

are taking new eyes and looking at old

833

00:33:02,549 --> 00:33:00,480

cases because for for decades

834

00:33:03,909 --> 00:33:02,559

anthropologists would go to indigenous

835

00:33:06,950 --> 00:33:03,919

cultures and they would write down the

836

00:33:08,950 --> 00:33:06,960

stories without a spirit with

837

00:33:10,950 --> 00:33:08,960

and reserve judgment they would just you

838

00:33:12,549 --> 00:33:10,960

know write down like what are this and

839

00:33:15,029 --> 00:33:12,559

it wasn't about whether something was

840

00:33:16,070 --> 00:33:15,039

true or not it was about recording kind

841

00:33:18,630 --> 00:33:16,080

of like

842

00:33:21,350 --> 00:33:18,640

received wisdom and the stories and the

843

00:33:22,870 --> 00:33:21,360

culture right and so but the thing is is

844

00:33:25,350 --> 00:33:22,880

that there are super noted

845

00:33:28,870 --> 00:33:25,360

anthropologists that's that recorded

846

00:33:31,590 --> 00:33:28,880

like really wild stuff happening as well

847

00:33:34,070 --> 00:33:31,600

in the moment as well as those stories

848

00:33:35,669 --> 00:33:34,080

and so there is kind of a new wave of of

849

00:33:38,149 --> 00:33:35,679

anthropologists that are that are out

850

00:33:39,909 --> 00:33:38,159

there um that you know are already

851
00:33:42,070 --> 00:33:39,919
within the academic structure they've

852
00:33:43,430 --> 00:33:42,080
already got their you know their their

853
00:33:45,990 --> 00:33:43,440
high level doctorate and stuff like that

854
00:33:48,310 --> 00:33:46,000
that are looking at old cases and so you

855
00:33:50,310 --> 00:33:48,320
know because partially it comes from a

856
00:33:52,549 --> 00:33:50,320
sociological framework like a noetic

857
00:33:54,789 --> 00:33:52,559
studies framework and things like that

858
00:33:55,909 --> 00:33:54,799
like they can approach these things

859
00:33:58,710 --> 00:33:55,919
without

860
00:34:00,950 --> 00:33:58,720
coming in it from from from

861
00:34:03,430 --> 00:34:00,960
kind of the judgment angle or from like

862
00:34:05,430 --> 00:34:03,440
the cartesian newtonian framework where

863
00:34:06,870 --> 00:34:05,440

we need to have like repeatable proof we

864

00:34:08,310 --> 00:34:06,880

need to have the experiments and stuff

865

00:34:10,869 --> 00:34:08,320

like that they can just look at the

866

00:34:13,510 --> 00:34:10,879

stories and try to push them back into

867

00:34:15,190 --> 00:34:13,520

our into our mind as valet did and like

868

00:34:17,190 --> 00:34:15,200

passport to mcgowan something like that

869

00:34:18,869 --> 00:34:17,200

right which is just blows my mind that

870

00:34:21,109 --> 00:34:18,879

people don't look back

871

00:34:22,790 --> 00:34:21,119

enough like like way back to these

872

00:34:25,030 --> 00:34:22,800

creation stories and some of the artwork

873

00:34:26,950 --> 00:34:25,040

we see from ancient sumeria to until now

874

00:34:28,470 --> 00:34:26,960

i mean it just blows my mind people

875

00:34:30,069 --> 00:34:28,480

discredit that to

876

00:34:31,669 --> 00:34:30,079

oh well you're just relating it yes

877

00:34:33,510 --> 00:34:31,679

obviously to an extent but at the same

878

00:34:35,430 --> 00:34:33,520

time it's the same story on different

879

00:34:37,669 --> 00:34:35,440

parts of the world over and over again

880

00:34:39,510 --> 00:34:37,679

experiencing these beings from the sky

881

00:34:41,669 --> 00:34:39,520

you know it's just people don't want

882

00:34:43,109 --> 00:34:41,679

that they want this science which i

883

00:34:45,909 --> 00:34:43,119

think everybody has their role some

884

00:34:47,829 --> 00:34:45,919

people need that to believe but at the

885

00:34:49,430 --> 00:34:47,839

same time i think that there's a wealth

886

00:34:51,430 --> 00:34:49,440

of knowledge in

887

00:34:54,389 --> 00:34:51,440

like the you know the cultural stories

888

00:34:55,750 --> 00:34:54,399

and art that people are they you know we

889

00:34:56,869 --> 00:34:55,760

have the people that did acknowledge it

890

00:34:59,109 --> 00:34:56,879

but i don't think enough people are

891

00:35:01,270 --> 00:34:59,119

acknowledging it well i mean

892

00:35:03,829 --> 00:35:01,280

for one i think ezekiel's will was

893

00:35:05,670 --> 00:35:03,839

totally a stealth fighter jet

894

00:35:07,270 --> 00:35:05,680

that we had developed and traveled back

895

00:35:09,910 --> 00:35:07,280

in time and

896

00:35:11,750 --> 00:35:09,920

went there to screw with jesus disciples

897

00:35:13,190 --> 00:35:11,760

so i just want to raise a point here

898

00:35:15,109 --> 00:35:13,200

sean because at the start of the show

899

00:35:17,510 --> 00:35:15,119

you said that you said something about

900

00:35:19,190 --> 00:35:17,520

me being quite well spoken look at what

901
00:35:21,589 --> 00:35:19,200
jay and priscilla just said and how

902
00:35:23,270 --> 00:35:21,599
eloquently they both said it because i

903
00:35:26,230 --> 00:35:23,280
was just sat here going

904
00:35:28,150 --> 00:35:26,240
wow yeah you know like that was awesome

905
00:35:30,630 --> 00:35:28,160
so you know well we think that about you

906
00:35:32,069 --> 00:35:30,640
all the time because we don't like i

907
00:35:34,630 --> 00:35:32,079
don't talk to people with british i

908
00:35:36,950 --> 00:35:34,640
guess i do now daily

909
00:35:39,430 --> 00:35:36,960
i i see the american accent and the

910
00:35:42,390 --> 00:35:39,440
subject is based over where you are i

911
00:35:44,550 --> 00:35:42,400
feel like the intruder sometimes you

912
00:35:49,270 --> 00:35:44,560
know like who am i to jump over the

913
00:35:53,109 --> 00:35:50,870

well see the thing is if i keep giving

914

00:35:56,150 --> 00:35:53,119

everybody credit then it's just uh you

915

00:35:58,710 --> 00:35:56,160

know more well known how not intelligent

916

00:36:00,790 --> 00:35:58,720

i am so

917

00:36:02,950 --> 00:36:00,800

you know once once i said that about you

918

00:36:05,190 --> 00:36:02,960

it was like hard stop i can't say that

919

00:36:10,470 --> 00:36:06,870

he doesn't know he's smart

920

00:36:11,510 --> 00:36:10,480

i'm not smart that's the thing i just

921

00:36:13,430 --> 00:36:11,520

i don't know

922

00:36:15,589 --> 00:36:13,440

we also have the time zone advantage

923

00:36:17,589 --> 00:36:15,599

you're much further into your day

924

00:36:20,550 --> 00:36:17,599

oh yeah

925

00:36:23,270 --> 00:36:20,560

i can do this without feeling guilty

926
00:36:26,390 --> 00:36:23,280
exactly and then and then here we are

927
00:36:28,470 --> 00:36:26,400
you know five hours earlier in time

928
00:36:29,750 --> 00:36:28,480
just able to take advantage of the

929
00:36:32,150 --> 00:36:29,760
situation

930
00:36:34,069 --> 00:36:32,160
that's great what uh what other

931
00:36:36,550 --> 00:36:34,079
you know some you brought up the gary

932
00:36:38,870 --> 00:36:36,560
nolan um

933
00:36:40,950 --> 00:36:38,880
article about the

934
00:36:43,750 --> 00:36:40,960
brain ginger brain injuries and

935
00:36:46,470 --> 00:36:43,760
everything um who feels like taking the

936
00:36:48,710 --> 00:36:46,480
liberty to maybe kind of explain that

937
00:36:50,470 --> 00:36:48,720
article a little bit maybe set off a

938
00:36:52,150 --> 00:36:50,480

little talk about it

939

00:36:54,069 --> 00:36:52,160

i think that the part of the picot put

940

00:36:55,910 --> 00:36:54,079

them in was super interesting because he

941

00:36:57,829 --> 00:36:55,920

had mentioned and maybe the the

942

00:36:59,109 --> 00:36:57,839

interview he did on youtube but also in

943

00:37:01,990 --> 00:36:59,119

the article that

944

00:37:04,390 --> 00:37:02,000

where those injuries are or that

945

00:37:05,670 --> 00:37:04,400

degradation of the brain is seated is in

946

00:37:06,710 --> 00:37:05,680

the middle of your brain it's not like

947

00:37:09,190 --> 00:37:06,720

you got bopped in the head and it

948

00:37:10,310 --> 00:37:09,200

happened alzheimer's would be

949

00:37:13,190 --> 00:37:10,320

all over

950

00:37:15,109 --> 00:37:13,200

so to me that is insane that it's only

951
00:37:15,990 --> 00:37:15,119
in that part of the brain

952
00:37:18,230 --> 00:37:16,000
and

953
00:37:19,270 --> 00:37:18,240
he's got so many scans of people's

954
00:37:20,550 --> 00:37:19,280
brains

955
00:37:23,829 --> 00:37:20,560
that are

956
00:37:26,310 --> 00:37:23,839
like that show that

957
00:37:27,750 --> 00:37:26,320
agreed and there's also the part uh sean

958
00:37:30,950 --> 00:37:27,760
did you want to say something before

959
00:37:34,950 --> 00:37:30,960
well i was just gonna say so um those

960
00:37:37,270 --> 00:37:34,960
scans those are were made

961
00:37:38,870 --> 00:37:37,280
after uap encounters correct and they

962
00:37:41,910 --> 00:37:38,880
were ones that

963
00:37:44,870 --> 00:37:41,920

were not involved with havana syndrome

964

00:37:47,030 --> 00:37:44,880

basically is that correct

965

00:37:49,030 --> 00:37:47,040

well there were scans that were done

966

00:37:52,390 --> 00:37:49,040

that showed kind of white matter that

967

00:37:53,510 --> 00:37:52,400

would be consistent with havana syndrome

968

00:37:55,990 --> 00:37:53,520

and

969

00:37:57,430 --> 00:37:56,000

kind of like microwave energy that even

970

00:38:00,069 --> 00:37:57,440

seemed like it was coming in from a

971

00:38:03,190 --> 00:38:00,079

certain direction gotcha with certain

972

00:38:05,349 --> 00:38:03,200

cases and then but then as as priscilla

973

00:38:08,790 --> 00:38:05,359

was saying there's also the caudette

974

00:38:10,069 --> 00:38:08,800

putamen um effect which which shows kind

975

00:38:12,550 --> 00:38:10,079

of like a

976
00:38:14,630 --> 00:38:12,560
a higher intensity

977
00:38:16,950 --> 00:38:14,640
area than would be normal for a brain

978
00:38:20,150 --> 00:38:16,960
scan among experiencers

979
00:38:23,349 --> 00:38:20,160
and so uh from what i understand

980
00:38:25,910 --> 00:38:23,359
nolan and kit green and others have

981
00:38:27,829 --> 00:38:25,920
they're they're currently thinking about

982
00:38:30,230 --> 00:38:27,839
like the a chicken and the egg problem

983
00:38:32,630 --> 00:38:30,240
there where it's like do these people

984
00:38:34,710 --> 00:38:32,640
have encounters because

985
00:38:36,710 --> 00:38:34,720
you know are they picked out because

986
00:38:38,069 --> 00:38:36,720
they have this this

987
00:38:40,390 --> 00:38:38,079
this situation

988
00:38:43,109 --> 00:38:40,400

and one one of the current theories

989

00:38:45,750 --> 00:38:43,119

there or hypotheses rather is that you

990

00:38:48,950 --> 00:38:45,760

know nolan and green company are saying

991

00:38:51,190 --> 00:38:48,960

is this does the caudette putamen like

992

00:38:54,710 --> 00:38:51,200

over excitement does that

993

00:38:56,190 --> 00:38:54,720

does that kind of remove a little bit of

994

00:38:59,510 --> 00:38:56,200

of the

995

00:39:01,430 --> 00:38:59,520

evolutionary blinders that most people

996

00:39:03,990 --> 00:39:01,440

have with their vision and things like

997

00:39:06,390 --> 00:39:04,000

that in terms of you know there's there

998

00:39:08,150 --> 00:39:06,400

are people like don hoffman um that nick

999

00:39:10,069 --> 00:39:08,160

cook was bringing up on wednesday there

1000

00:39:13,030 --> 00:39:10,079

that they have you know there's this

1001
00:39:15,030 --> 00:39:13,040
current idea that that that it's often

1002
00:39:17,550 --> 00:39:15,040
called like as don hoffman puts it the

1003
00:39:19,270 --> 00:39:17,560
case against reality that we're

1004
00:39:22,310 --> 00:39:19,280
evolutionarily

1005
00:39:25,030 --> 00:39:22,320
um we're we're kind of blind to so much

1006
00:39:27,829 --> 00:39:25,040
because we're only here to eat and have

1007
00:39:31,190 --> 00:39:27,839
babies and anything that would spook us

1008
00:39:33,670 --> 00:39:31,200
or get us outside of those rails has

1009
00:39:35,750 --> 00:39:33,680
been kind of like siphoned off somehow

1010
00:39:37,109 --> 00:39:35,760
you know over time yeah so that we're

1011
00:39:39,510 --> 00:39:37,119
not just kind of seeing like ghost

1012
00:39:43,910 --> 00:39:39,520
snakes or something like that you know

1013
00:39:46,550 --> 00:39:44,950

i'm playing around but you know what i

1014

00:39:48,150 --> 00:39:46,560

mean that there's some other there are

1015

00:39:49,990 --> 00:39:48,160

other layers that we're just not privy

1016

00:39:52,150 --> 00:39:50,000

to through our site through hearing and

1017

00:39:53,910 --> 00:39:52,160

things like that right and and so you

1018

00:39:55,910 --> 00:39:53,920

know i i think that that's a really

1019

00:39:57,589 --> 00:39:55,920

interesting chicken in the egg problem

1020

00:39:59,430 --> 00:39:57,599

that nolan and green are bringing up

1021

00:40:01,349 --> 00:39:59,440

that's amazing you know well if it is

1022

00:40:02,470 --> 00:40:01,359

like physiological and morphological and

1023

00:40:03,990 --> 00:40:02,480

it's passed from generation to

1024

00:40:07,109 --> 00:40:04,000

generation that ties in with a lot of

1025

00:40:08,230 --> 00:40:07,119

people's um experiences even even if

1026

00:40:11,109 --> 00:40:08,240

you're just a light in the sky

1027

00:40:13,510 --> 00:40:11,119

experimenter it really ties into the

1028

00:40:16,230 --> 00:40:13,520

generational experiences right because

1029

00:40:19,430 --> 00:40:16,240

we often see like if somebody's having a

1030

00:40:20,710 --> 00:40:19,440

ton of uh experiences or sightings of

1031

00:40:22,630 --> 00:40:20,720

ufos

1032

00:40:26,230 --> 00:40:22,640

it's likely that their family has had

1033

00:40:28,069 --> 00:40:26,240

experiences like that and if that kind

1034

00:40:29,670 --> 00:40:28,079

of put him in you know anomaly in the

1035

00:40:31,829 --> 00:40:29,680

brain or you know the morphology like

1036

00:40:33,430 --> 00:40:31,839

that is passed from generation

1037

00:40:34,550 --> 00:40:33,440

generation

1038

00:40:39,030 --> 00:40:34,560

that would

1039

00:40:40,309 --> 00:40:39,040

experiencers that they're familiar you

1040

00:40:41,430 --> 00:40:40,319

know what i mean like whole generations

1041

00:40:42,390 --> 00:40:41,440

have seen

1042

00:40:44,550 --> 00:40:42,400

um

1043

00:40:46,630 --> 00:40:44,560

unquestionable things in the sky or in

1044

00:40:49,750 --> 00:40:46,640

their room

1045

00:40:53,190 --> 00:40:49,760

if i hear one more offagee or urology or

1046

00:40:55,910 --> 00:40:53,200

whatever i'm just totally keeping myself

1047

00:40:57,190 --> 00:40:55,920

out of this and you guys

1048

00:40:59,270 --> 00:40:57,200

no but that's actually a good point that

1049

00:41:01,990 --> 00:40:59,280

you brought up because um you know

1050

00:41:04,870 --> 00:41:02,000

people often say that like experiences

1051

00:41:07,190 --> 00:41:04,880

or even just uh sightings

1052

00:41:09,589 --> 00:41:07,200

go down as a certain bloodline you know

1053

00:41:11,349 --> 00:41:09,599

like my my father's seen one my brother

1054

00:41:13,349 --> 00:41:11,359

is seeing something weird although you

1055

00:41:16,390 --> 00:41:13,359

know he says he doesn't know what it is

1056

00:41:18,309 --> 00:41:16,400

um i have um and

1057

00:41:20,790 --> 00:41:18,319

on my father's side

1058

00:41:23,270 --> 00:41:20,800

his uh grandfather

1059

00:41:24,870 --> 00:41:23,280

was in portugal at the time of fatima

1060

00:41:25,829 --> 00:41:24,880

you know and he was

1061

00:41:27,589 --> 00:41:25,839

um

1062

00:41:31,349 --> 00:41:27,599

a journalist for

1063

00:41:33,030 --> 00:41:31,359

the number two largest um you know media

1064

00:41:33,750 --> 00:41:33,040

outlet newspaper

1065

00:41:36,550 --> 00:41:33,760

in

1066

00:41:38,870 --> 00:41:36,560

portugal at the time so chances are is

1067

00:41:40,950 --> 00:41:38,880

if he wasn't there he was he knew about

1068

00:41:42,069 --> 00:41:40,960

it or whatever

1069

00:41:44,870 --> 00:41:42,079

and

1070

00:41:47,910 --> 00:41:44,880

so you know it's just all so very

1071

00:41:51,190 --> 00:41:47,920

interesting you know how that could or

1072

00:41:53,670 --> 00:41:51,200

or does uh work that's for sure a part

1073

00:41:56,390 --> 00:41:53,680

of that nolan piece that got me thinking

1074

00:41:58,150 --> 00:41:56,400

in a different direction with regards to

1075

00:42:00,150 --> 00:41:58,160

what you've just been talking about is

1076
00:42:01,829 --> 00:42:00,160
that some of these uap encounters that

1077
00:42:03,589 --> 00:42:01,839
may have been

1078
00:42:05,030 --> 00:42:03,599
some radiation effects causing

1079
00:42:07,349 --> 00:42:05,040
biological

1080
00:42:09,589 --> 00:42:07,359
uh reactions on people

1081
00:42:11,270 --> 00:42:09,599
that's super interesting because that

1082
00:42:13,910 --> 00:42:11,280
then gets me thinking

1083
00:42:16,550 --> 00:42:13,920
are these accidental effects of just

1084
00:42:19,510 --> 00:42:16,560
being in proximity to these objects or

1085
00:42:21,670 --> 00:42:19,520
is there some other intent behind them

1086
00:42:22,950 --> 00:42:21,680
now you see you see that direction is

1087
00:42:25,190 --> 00:42:22,960
completely different to what we're

1088
00:42:27,190 --> 00:42:25,200

talking about but that's what where one

1089

00:42:28,950 --> 00:42:27,200

piece like that nolan thing can expand

1090

00:42:31,349 --> 00:42:28,960

into so many different points of

1091

00:42:34,230 --> 00:42:31,359

conversation you know sure and i spend a

1092

00:42:36,390 --> 00:42:34,240

lot of time just sitting around going

1093

00:42:38,470 --> 00:42:36,400

in all those directions first thing

1094

00:42:40,150 --> 00:42:38,480

that's minor

1095

00:42:44,230 --> 00:42:40,160

first thing that comes to mind there is

1096

00:42:45,910 --> 00:42:44,240

if they are um you know if they have and

1097

00:42:48,230 --> 00:42:45,920

when i say they i just mean you know

1098

00:42:50,630 --> 00:42:48,240

non-human entities or whatever

1099

00:42:53,190 --> 00:42:50,640

uh if they have um

1100

00:42:55,109 --> 00:42:53,200

technology that's so much uh superior to

1101
00:42:57,190 --> 00:42:55,119
what we have you know

1102
00:42:59,829 --> 00:42:57,200
whether it's a hundred or a thousand you

1103
00:43:02,950 --> 00:42:59,839
would have to think that that would come

1104
00:43:04,470 --> 00:43:02,960
with some intention of of the cause

1105
00:43:06,950 --> 00:43:04,480
right or they would

1106
00:43:07,990 --> 00:43:06,960
be intelligent enough

1107
00:43:09,990 --> 00:43:08,000
to

1108
00:43:11,510 --> 00:43:10,000
know that that's

1109
00:43:15,109 --> 00:43:11,520
you know happening

1110
00:43:16,230 --> 00:43:15,119
and how to avoid it if they wanted to

1111
00:43:17,829 --> 00:43:16,240
or

1112
00:43:20,390 --> 00:43:17,839
you know i don't know if that gets into

1113
00:43:21,430 --> 00:43:20,400

kind of a dicey situation but that's

1114

00:43:23,109 --> 00:43:21,440

what i mean though this is the

1115

00:43:24,470 --> 00:43:23,119

conversation that can go on and on in

1116

00:43:26,230 --> 00:43:24,480

different directions you know it's the

1117

00:43:28,069 --> 00:43:26,240

same as we walk down the street how many

1118

00:43:29,829 --> 00:43:28,079

ants are we walking on we don't think

1119

00:43:32,790 --> 00:43:29,839

about it and we probably don't care most

1120

00:43:34,710 --> 00:43:32,800

of the time if we look down and tiptoed

1121

00:43:37,670 --> 00:43:34,720

between we could probably stop standing

1122

00:43:39,510 --> 00:43:37,680

on as many as for example so is it that

1123

00:43:42,390 --> 00:43:39,520

different between them and us is there

1124

00:43:43,109 --> 00:43:42,400

that divide that we're so small compared

1125

00:43:45,109 --> 00:43:43,119

to

1126

00:43:47,270 --> 00:43:45,119

what they are as an intelligence maybe

1127

00:43:49,829 --> 00:43:47,280

not even small though just different

1128

00:43:52,790 --> 00:43:49,839

like maybe the organism is just

1129

00:43:55,030 --> 00:43:52,800

different physiologically and

1130

00:43:57,190 --> 00:43:55,040

what doesn't harm them might harm us

1131

00:43:58,790 --> 00:43:57,200

i think it was more intense you know um

1132

00:43:59,990 --> 00:43:58,800

we'd probably see

1133

00:44:01,190 --> 00:44:00,000

we don't really know how much is

1134

00:44:03,670 --> 00:44:01,200

happening though so i don't want to say

1135

00:44:05,349 --> 00:44:03,680

we'd probably see more of it but um

1136

00:44:08,230 --> 00:44:05,359

we don't know about the cases that are

1137

00:44:10,630 --> 00:44:08,240

happening behind the scenes with pilots

1138

00:44:13,349 --> 00:44:10,640

and you know um but i think that it

1139

00:44:15,750 --> 00:44:13,359

could also just be not intentional but

1140

00:44:17,910 --> 00:44:15,760

just is like they're just different

1141

00:44:18,710 --> 00:44:17,920

these certain frequencies don't affect

1142

00:44:19,430 --> 00:44:18,720

them

1143

00:44:23,190 --> 00:44:19,440

and

1144

00:44:26,069 --> 00:44:23,200

it affects us in a horrible way i think

1145

00:44:28,550 --> 00:44:26,079

i think both of those seem like

1146

00:44:30,710 --> 00:44:28,560

plausible and probable you know i mean

1147

00:44:33,190 --> 00:44:30,720

on the one hand

1148

00:44:36,630 --> 00:44:33,200

what what is the amount that would be

1149

00:44:38,870 --> 00:44:36,640

acceptable loss in the scientific study

1150

00:44:40,470 --> 00:44:38,880

for what vinnie's talking about right

1151

00:44:41,829 --> 00:44:40,480

like if you have

1152

00:44:43,990 --> 00:44:41,839

if you've

1153

00:44:45,910 --> 00:44:44,000

you know taken a hundred thousand people

1154

00:44:48,069 --> 00:44:45,920

up in your ship for some like basic

1155

00:44:51,109 --> 00:44:48,079

medical i'm just saying i'm not saying

1156

00:44:54,230 --> 00:44:51,119

it definitely but

1157

00:44:56,470 --> 00:44:54,240

and then it's like okay you know

1158

00:44:58,069 --> 00:44:56,480

uh kit green and gary nolan they they

1159

00:44:59,990 --> 00:44:58,079

see certain numbers but what are the

1160

00:45:02,309 --> 00:45:00,000

untold numbers that's all right so what

1161

00:45:04,630 --> 00:45:02,319

does that mean is that one percent like

1162

00:45:06,870 --> 00:45:04,640

uh casualties is that half of one

1163

00:45:09,270 --> 00:45:06,880

percent casualty what is what is the

1164

00:45:11,349 --> 00:45:09,280

idea what could be an acceptable loss in

1165

00:45:13,190 --> 00:45:11,359

any kind of scientific study right and

1166

00:45:15,109 --> 00:45:13,200

then at the same time for what priscilla

1167

00:45:17,430 --> 00:45:15,119

is talking about you know there's i was

1168

00:45:18,950 --> 00:45:17,440

talking to this canadian philosopher jf

1169

00:45:21,910 --> 00:45:18,960

martel the other day and he was stuck

1170

00:45:23,510 --> 00:45:21,920

and his one of his things is like

1171

00:45:26,630 --> 00:45:23,520

we should really embrace the kind of

1172

00:45:28,230 --> 00:45:26,640

like hp lovecraft idea where there are

1173

00:45:31,430 --> 00:45:28,240

these interdimensional travelers and

1174

00:45:33,829 --> 00:45:31,440

they don't give a flying f what we what

1175

00:45:36,069 --> 00:45:33,839

what our deal is right they're just like

1176

00:45:38,069 --> 00:45:36,079

these you know like we're just adjacent

1177

00:45:40,230 --> 00:45:38,079

to them and it's just like that like the

1178

00:45:42,230 --> 00:45:40,240

kind of ant hypothesis where it's just

1179

00:45:43,910 --> 00:45:42,240

like yeah i don't know you know and like

1180

00:45:45,990 --> 00:45:43,920

there's probably a bit of that as well

1181

00:45:48,790 --> 00:45:46,000

you know depending on the the being or

1182

00:45:50,790 --> 00:45:48,800

whatever i forget where i heard this um

1183

00:45:52,550 --> 00:45:50,800

but i feel like i just heard it so maybe

1184

00:45:55,190 --> 00:45:52,560

it was on your show vinnie i don't know

1185

00:45:56,950 --> 00:45:55,200

but it's like if if uh if you know

1186

00:45:59,190 --> 00:45:56,960

humans go to the and i've heard this

1187

00:46:01,349 --> 00:45:59,200

said in different ways but if if you go

1188

00:46:03,270 --> 00:46:01,359

and do a forest and you see a squirrel

1189

00:46:05,510 --> 00:46:03,280

right you're not going to sit there and

1190

00:46:07,430 --> 00:46:05,520

try to talk to the squirrel and say hey

1191

00:46:09,349 --> 00:46:07,440

buddy you know how are you feeling am i

1192

00:46:11,109 --> 00:46:09,359

hurting you and it gets to a certain

1193

00:46:12,550 --> 00:46:11,119

point to where you're just like well you

1194

00:46:14,790 --> 00:46:12,560

know i'm not getting anywhere so you

1195

00:46:17,349 --> 00:46:14,800

just continue on with your business

1196

00:46:20,230 --> 00:46:17,359

whatever it is and it could be something

1197

00:46:22,470 --> 00:46:20,240

to that to that extent as well you know

1198

00:46:24,230 --> 00:46:22,480

uh very much so robert confort here

1199

00:46:26,150 --> 00:46:24,240

brought up a great point too if it comes

1200

00:46:28,390 --> 00:46:26,160

from outer space you know radiation

1201
00:46:30,710 --> 00:46:28,400
coming with it is just you know it's

1202
00:46:32,550 --> 00:46:30,720
something that's gonna be uh something

1203
00:46:35,190 --> 00:46:32,560
that's gonna be yeah but would that be

1204
00:46:36,470 --> 00:46:35,200
the metabolic i'm sorry yeah no no it's

1205
00:46:37,510 --> 00:46:36,480
fine but would that be the case for

1206
00:46:38,870 --> 00:46:37,520
something that's come through a

1207
00:46:42,750 --> 00:46:38,880
dimensional

1208
00:46:45,990 --> 00:46:44,550
electromagnetic

1209
00:46:47,430 --> 00:46:46,000
reaction kind of thing like an

1210
00:46:50,150 --> 00:46:47,440
unintended

1211
00:46:52,390 --> 00:46:50,160
um you know emp or

1212
00:46:55,109 --> 00:46:52,400
or something that comes with it you know

1213
00:46:57,030 --> 00:46:55,119

as it comes in or not yeah i mean when

1214

00:46:59,270 --> 00:46:57,040

my sightings seemed exactly like that

1215

00:47:01,670 --> 00:46:59,280

the thing was in and out you know

1216

00:47:04,870 --> 00:47:01,680

and not from this guy you know

1217

00:47:06,550 --> 00:47:04,880

in and out of uh

1218

00:47:08,710 --> 00:47:06,560

i guess dimension it just feels really

1219

00:47:09,990 --> 00:47:08,720

weird saying that i guess it's not weird

1220

00:47:11,750 --> 00:47:10,000

to say it we're gonna have to get used

1221

00:47:14,150 --> 00:47:11,760

to saying weird things i'm already used

1222

00:47:15,589 --> 00:47:14,160

to saying weird things um not like maybe

1223

00:47:18,390 --> 00:47:15,599

at the dinner table with a bunch of

1224

00:47:20,870 --> 00:47:18,400

other army wives but um you know

1225

00:47:22,630 --> 00:47:20,880

um i learned my lesson that way

1226

00:47:25,349 --> 00:47:22,640

but you know i think that we just gotta

1227

00:47:27,510 --> 00:47:25,359

get used to speaking things that are a

1228

00:47:29,670 --> 00:47:27,520

little bit weird because if we don't

1229

00:47:31,829 --> 00:47:29,680

start doing it again it's like follow

1230

00:47:33,349 --> 00:47:31,839

the leader like you have to set

1231

00:47:35,190 --> 00:47:33,359

what do you want to hear do you want

1232

00:47:37,270 --> 00:47:35,200

more people to talk about this

1233

00:47:38,710 --> 00:47:37,280

we can't we can't be advocates for

1234

00:47:40,470 --> 00:47:38,720

people being open without saying the

1235

00:47:42,950 --> 00:47:40,480

weird things comfortably so talk about

1236

00:47:45,190 --> 00:47:42,960

dimensions man talk about hp lovecraft

1237

00:47:47,109 --> 00:47:45,200

creatures we just don't know so it's all

1238

00:47:49,190 --> 00:47:47,119

right that's that's more so what i meant

1239

00:47:51,270 --> 00:47:49,200

like dimension i

1240

00:47:52,470 --> 00:47:51,280

i i don't even know what a dimension is

1241

00:47:54,390 --> 00:47:52,480

let alone

1242

00:47:56,069 --> 00:47:54,400

yeah i mean i kind of do but like to say

1243

00:47:57,190 --> 00:47:56,079

it's in and out of it but it was you

1244

00:47:59,270 --> 00:47:57,200

know it was

1245

00:48:01,430 --> 00:47:59,280

it's like if i was i guess the best way

1246

00:48:03,670 --> 00:48:01,440

i could explain it is if i was editing

1247

00:48:04,549 --> 00:48:03,680

like um my own leg movie or something

1248

00:48:07,349 --> 00:48:04,559

right

1249

00:48:09,510 --> 00:48:07,359

and i have like a clip of me

1250

00:48:11,589 --> 00:48:09,520

a scene of just me driving and you just

1251
00:48:14,630 --> 00:48:11,599
see the ocean or the road or whatever

1252
00:48:16,549 --> 00:48:14,640
and then i do uh a clip and overlay it

1253
00:48:19,829 --> 00:48:16,559
with something you know like uh let's

1254
00:48:22,630 --> 00:48:19,839
say a sun and i have the sun come in and

1255
00:48:25,990 --> 00:48:22,640
overlay with that clip and i can edit it

1256
00:48:26,950 --> 00:48:26,000
to fade in and i can edit it to fade out

1257
00:48:29,270 --> 00:48:26,960
um

1258
00:48:31,750 --> 00:48:29,280
and that's what it seems like you know

1259
00:48:32,710 --> 00:48:31,760
it comes in comes out

1260
00:48:34,549 --> 00:48:32,720
yeah

1261
00:48:36,230 --> 00:48:34,559
i've got i've got an interesting point

1262
00:48:37,829 --> 00:48:36,240
i'd like to bring to the table if you

1263
00:48:39,349 --> 00:48:37,839

don't mind just switching up a tiny bit

1264

00:48:40,630 --> 00:48:39,359

and this is something that i've

1265

00:48:42,390 --> 00:48:40,640

wanted to speak to other people about

1266

00:48:43,670 --> 00:48:42,400

for a little while now

1267

00:48:45,109 --> 00:48:43,680

when

1268

00:48:46,870 --> 00:48:45,119

i see a lot of comments across social

1269

00:48:48,470 --> 00:48:46,880

media platforms going well the

1270

00:48:49,670 --> 00:48:48,480

government know

1271

00:48:51,589 --> 00:48:49,680

you know they've got these things they

1272

00:48:53,109 --> 00:48:51,599

know why then they're just keeping it

1273

00:48:55,109 --> 00:48:53,119

secret from it

1274

00:48:57,510 --> 00:48:55,119

from us now my thought about that is

1275

00:48:59,510 --> 00:48:57,520

that they might have something and they

1276

00:49:02,710 --> 00:48:59,520

might know what it is it's a craft it's

1277

00:49:05,430 --> 00:49:02,720

a body but do they know like what it is

1278

00:49:07,510 --> 00:49:05,440

and where it came from like the answers

1279

00:49:09,589 --> 00:49:07,520

or do they just have it and they haven't

1280

00:49:10,870 --> 00:49:09,599

figured it out yet what do you see what

1281

00:49:12,630 --> 00:49:10,880

i'm getting at it's like how much do

1282

00:49:15,109 --> 00:49:12,640

they know about it

1283

00:49:17,670 --> 00:49:15,119

and i i'm tending to think more and more

1284

00:49:19,750 --> 00:49:17,680

that they don't know much about it they

1285

00:49:22,790 --> 00:49:19,760

just know that they have it if if you

1286

00:49:26,870 --> 00:49:26,069

yeah it's a great question i mean i for

1287

00:49:28,549 --> 00:49:26,880

me

1288

00:49:31,430 --> 00:49:28,559

um

1289

00:49:33,510 --> 00:49:31,440

yesterday i was in a conversation

1290

00:49:35,670 --> 00:49:33,520

i mean i was just listening because i

1291

00:49:36,950 --> 00:49:35,680

was the junior person in here but i was

1292

00:49:39,030 --> 00:49:36,960

i was listening to

1293

00:49:41,349 --> 00:49:39,040

it was like a zoom and russell targ and

1294

00:49:42,790 --> 00:49:41,359

jack sarfati were going back and forth

1295

00:49:44,230 --> 00:49:42,800

right and

1296

00:49:46,069 --> 00:49:44,240

i mean i'm not going to say anything

1297

00:49:47,670 --> 00:49:46,079

about one of those two people but you

1298

00:49:50,069 --> 00:49:47,680

know it's great yeah it's great to see

1299

00:49:51,670 --> 00:49:50,079

russell tark um so and there are some

1300

00:49:53,990 --> 00:49:51,680

other folks there there's an asteroid it

1301
00:49:55,510 --> 00:49:54,000
was like a really amazing interesting

1302
00:49:58,150 --> 00:49:55,520
group of people and

1303
00:49:59,109 --> 00:49:58,160
and you know one of the things that that

1304
00:50:02,230 --> 00:49:59,119
jack

1305
00:50:03,589 --> 00:50:02,240
often goes goes to is like we don't know

1306
00:50:06,069 --> 00:50:03,599
because

1307
00:50:08,309 --> 00:50:06,079
nobody in dc knows physics

1308
00:50:10,069 --> 00:50:08,319
and it's like well yeah people in dc

1309
00:50:11,750 --> 00:50:10,079
don't need to know physics that's why

1310
00:50:13,270 --> 00:50:11,760
battelle exists that's why lockheed

1311
00:50:14,790 --> 00:50:13,280
martin exists that's why honeywell

1312
00:50:16,950 --> 00:50:14,800
exists right yeah that's why the

1313
00:50:18,390 --> 00:50:16,960

national labs exist and so

1314

00:50:19,910 --> 00:50:18,400

you know there there are a lot of kind

1315

00:50:21,910 --> 00:50:19,920

of like

1316

00:50:24,790 --> 00:50:21,920

what i consider to be like pretty false

1317

00:50:27,030 --> 00:50:24,800

arguments where it's like okay if you

1318

00:50:29,109 --> 00:50:27,040

if you actually

1319

00:50:30,630 --> 00:50:29,119

you know if you worked at sri or

1320

00:50:32,390 --> 00:50:30,640

anything else like that and then you

1321

00:50:34,069 --> 00:50:32,400

still make the argument that like well

1322

00:50:36,150 --> 00:50:34,079

we can't know anything because people in

1323

00:50:38,710 --> 00:50:36,160

dc don't know physics or something like

1324

00:50:40,390 --> 00:50:38,720

that like you know i don't expect a

1325

00:50:42,950 --> 00:50:40,400

politician to even know anything about

1326

00:50:45,270 --> 00:50:42,960

basic economics like they like they

1327

00:50:48,069 --> 00:50:45,280

might know about getting paid off they

1328

00:50:49,670 --> 00:50:48,079

might know about you know lobbyists yeah

1329

00:50:51,349 --> 00:50:49,680

or what their interests are but that

1330

00:50:53,510 --> 00:50:51,359

doesn't mean that they know

1331

00:50:56,230 --> 00:50:53,520

you know jack squad about anything but

1332

00:50:57,190 --> 00:50:56,240

maybe law maybe you know

1333

00:50:58,950 --> 00:50:57,200

and so

1334

00:51:00,870 --> 00:50:58,960

it gets it gets into a really

1335

00:51:02,470 --> 00:51:00,880

interesting

1336

00:51:03,829 --> 00:51:02,480

weird point because maybe it's just

1337

00:51:06,230 --> 00:51:03,839

sitting there but

1338

00:51:09,349 --> 00:51:06,240

you know when you look at

1339

00:51:10,710 --> 00:51:09,359

what some of these contractors and like

1340

00:51:13,349 --> 00:51:10,720

i don't want to go too far down that

1341

00:51:14,309 --> 00:51:13,359

road because like that's typically where

1342

00:51:17,829 --> 00:51:14,319

you start

1343

00:51:19,670 --> 00:51:17,839

um getting some heat from from from

1344

00:51:21,510 --> 00:51:19,680

those corners right

1345

00:51:23,589 --> 00:51:21,520

um but when you look at the kind of

1346

00:51:25,990 --> 00:51:23,599

quantum computers these like really

1347

00:51:28,309 --> 00:51:26,000

strange devices that some of these

1348

00:51:30,710 --> 00:51:28,319

that that that some of them

1349

00:51:32,950 --> 00:51:30,720

these defense contractors have and then

1350

00:51:35,349 --> 00:51:32,960

you think like well

1351

00:51:38,390 --> 00:51:35,359

it was that just did that just come from

1352

00:51:41,270 --> 00:51:38,400

you or you know these crazy chandelier

1353

00:51:43,349 --> 00:51:41,280

like quantum computers

1354

00:51:44,630 --> 00:51:43,359

yeah i don't know man that doesn't that

1355

00:51:46,150 --> 00:51:44,640

looks like it might have been something

1356

00:51:47,829 --> 00:51:46,160

that was reverse engineered rather than

1357

00:51:49,190 --> 00:51:47,839

the other way around i don't know i mean

1358

00:51:50,790 --> 00:51:49,200

i'm not saying one way or the other but

1359

00:51:52,549 --> 00:51:50,800

you know that plays to the point of the

1360

00:51:54,309 --> 00:51:52,559

government not knowing and that if there

1361

00:51:56,390 --> 00:51:54,319

are secrets out there they're being held

1362

00:51:58,390 --> 00:51:56,400

within very small

1363

00:52:00,309 --> 00:51:58,400

unacknowledged special access programs

1364

00:52:02,230 --> 00:52:00,319

outside of the government and in some

1365

00:52:05,030 --> 00:52:02,240

gray area between the black and the

1366

00:52:08,150 --> 00:52:05,040

white world it's not as simple as it's

1367

00:52:10,950 --> 00:52:08,160

just in patel or lockheed martin it's a

1368

00:52:11,910 --> 00:52:10,960

small group that have infiltrated that

1369

00:52:14,630 --> 00:52:11,920

group

1370

00:52:18,230 --> 00:52:14,640

deep down and in some tiny little rabbit

1371

00:52:19,430 --> 00:52:18,240

holes so yeah it's so difficult i would

1372

00:52:21,589 --> 00:52:19,440

actually have a couple thoughts the

1373

00:52:23,510 --> 00:52:21,599

first one would be on historical

1374

00:52:25,589 --> 00:52:23,520

research and reading thousands and

1375

00:52:27,670 --> 00:52:25,599

thousands of documents on

1376

00:52:29,430 --> 00:52:27,680

how this stuff works and how they talk

1377

00:52:31,349 --> 00:52:29,440

about it because that's important how do

1378

00:52:33,910 --> 00:52:31,359

they talk about the sightings how do

1379

00:52:36,150 --> 00:52:33,920

they talk about the saucer problem you

1380

00:52:38,069 --> 00:52:36,160

know and a lot of the times

1381

00:52:40,470 --> 00:52:38,079

most of the time the majority of the

1382

00:52:42,870 --> 00:52:40,480

time is that they are confused these

1383

00:52:44,309 --> 00:52:42,880

different air force generals and

1384

00:52:46,230 --> 00:52:44,319

everything they don't know what it is

1385

00:52:48,230 --> 00:52:46,240

and out of frustration they blame it on

1386

00:52:51,030 --> 00:52:48,240

the people telling the stories

1387

00:52:54,390 --> 00:52:51,040

you know um so i would i would think

1388

00:52:57,589 --> 00:52:54,400

like um if that does exist it would be

1389

00:52:58,790 --> 00:52:57,599

above them and probably you know it had

1390

00:53:01,750 --> 00:52:58,800

to have been

1391

00:53:03,430 --> 00:53:01,760

something set in place before those

1392

00:53:04,870 --> 00:53:03,440

different generals arrive because think

1393

00:53:06,790 --> 00:53:04,880

of how many different people would be

1394

00:53:08,069 --> 00:53:06,800

involved and how much harder that secret

1395

00:53:12,630 --> 00:53:08,079

would be

1396

00:53:15,670 --> 00:53:12,640

to keep with all those different

1397

00:53:17,190 --> 00:53:15,680

air force generals and cia directors and

1398

00:53:19,190 --> 00:53:17,200

everything involved in this they would

1399

00:53:21,510 --> 00:53:19,200

they would have to have something

1400

00:53:23,270 --> 00:53:21,520

um stashed away you know almost

1401

00:53:25,030 --> 00:53:23,280

immediately in a different corner the

1402

00:53:27,270 --> 00:53:25,040

other thing i would think think about is

1403

00:53:28,950 --> 00:53:27,280

the research and development aspects of

1404

00:53:31,829 --> 00:53:28,960

cia or

1405

00:53:33,589 --> 00:53:31,839

or the air force or or anything else

1406

00:53:34,549 --> 00:53:33,599

they they all have

1407

00:53:36,549 --> 00:53:34,559

um

1408

00:53:38,630 --> 00:53:36,559

plans you know when they get something

1409

00:53:40,630 --> 00:53:38,640

develop something to

1410

00:53:43,910 --> 00:53:40,640

siphon it out to the private

1411

00:53:45,910 --> 00:53:43,920

organizations in into you know

1412

00:53:48,790 --> 00:53:45,920

corporations and companies

1413

00:53:53,750 --> 00:53:51,190

you know unless a corporation was

1414

00:53:56,710 --> 00:53:53,760

involved on it in it at the start like a

1415

00:53:59,030 --> 00:53:56,720

project ran for instance um

1416

00:54:01,750 --> 00:53:59,040

it would have to

1417

00:54:03,670 --> 00:54:01,760

you know i don't know this is so tough

1418

00:54:05,910 --> 00:54:03,680

it's so it is but you talk about like if

1419

00:54:08,630 --> 00:54:05,920

the caa cia have these projects or

1420

00:54:10,630 --> 00:54:08,640

whichever agency but it's not always the

1421

00:54:13,190 --> 00:54:10,640

top members within the agency it might

1422

00:54:15,349 --> 00:54:13,200

be a select few from mid-level maybe

1423

00:54:17,190 --> 00:54:15,359

even sometimes low-level who have the

1424

00:54:18,390 --> 00:54:17,200

need to know that are involved in a very

1425

00:54:20,710 --> 00:54:18,400

small group

1426
00:54:22,309 --> 00:54:20,720
working with defense contractors so we

1427
00:54:24,150 --> 00:54:22,319
don't know where the secrets lie it's

1428
00:54:25,829 --> 00:54:24,160
not just well it's the top of the ladder

1429
00:54:27,829 --> 00:54:25,839
they're the ones that are keeping it's

1430
00:54:30,549 --> 00:54:27,839
not because we know that generals and

1431
00:54:32,870 --> 00:54:30,559
and all the big officials sometimes

1432
00:54:35,190 --> 00:54:32,880
genuinely do not know what's going on

1433
00:54:36,870 --> 00:54:35,200
below them completely because you know

1434
00:54:39,270 --> 00:54:36,880
and that's where the confusion comes in

1435
00:54:41,270 --> 00:54:39,280
as well yeah and whatever it is i would

1436
00:54:44,069 --> 00:54:41,280
believe would have to have you know if

1437
00:54:47,589 --> 00:54:44,079
it if you know it started like um the

1438
00:54:48,549 --> 00:54:47,599

folklore says of 47 roswell or

1439

00:54:51,030 --> 00:54:48,559

even

1440

00:54:53,589 --> 00:54:51,040

48 with aztec

1441

00:54:56,390 --> 00:54:53,599

there were definitely

1442

00:54:58,470 --> 00:54:56,400

you know opportunities to have done

1443

00:55:00,950 --> 00:54:58,480

something with it and keep it that way

1444

00:55:02,150 --> 00:55:00,960

for for a long time you know

1445

00:55:04,630 --> 00:55:02,160

um

1446

00:55:06,390 --> 00:55:04,640

there was a lot happening around then as

1447

00:55:08,710 --> 00:55:06,400

far as the cia

1448

00:55:10,789 --> 00:55:08,720

coming to be uh the air force coming to

1449

00:55:13,510 --> 00:55:10,799

be and breaking away from the army

1450

00:55:15,030 --> 00:55:13,520

um the national security act of 1947

1451
00:55:17,910 --> 00:55:15,040
there was so much

1452
00:55:21,910 --> 00:55:17,920
happening in and around that time

1453
00:55:24,710 --> 00:55:21,920
world war ii um that

1454
00:55:27,190 --> 00:55:24,720
something could have easily been done at

1455
00:55:30,150 --> 00:55:27,200
that time that would account for

1456
00:55:31,750 --> 00:55:30,160
these decades and decades of you know

1457
00:55:33,510 --> 00:55:31,760
not really knowing

1458
00:55:36,870 --> 00:55:33,520
yeah i think that ties in exactly what

1459
00:55:39,190 --> 00:55:36,880
we're doing this hashtag end uap secrecy

1460
00:55:40,950 --> 00:55:39,200
the secrecy

1461
00:55:43,030 --> 00:55:40,960
i had it in my head then i've almost

1462
00:55:44,470 --> 00:55:43,040
lost my train of thought but

1463
00:55:51,510 --> 00:55:44,480

it

1464

00:55:53,270 --> 00:55:51,520

the old guard they die their secrets die

1465

00:55:54,950 --> 00:55:53,280

with them or they have done for for

1466

00:55:56,870 --> 00:55:54,960

decades you know they were very good at

1467

00:55:58,870 --> 00:55:56,880

that and i'm not just talking about ufo

1468

00:55:59,990 --> 00:55:58,880

uap we're talking about black projects

1469

00:56:01,430 --> 00:56:00,000

and

1470

00:56:03,430 --> 00:56:01,440

you know anything like that program

1471

00:56:05,589 --> 00:56:03,440

secret programs but i think nowadays

1472

00:56:08,710 --> 00:56:05,599

we're seeing this younger generation of

1473

00:56:10,630 --> 00:56:08,720

government officials yamako rubio's your

1474

00:56:13,030 --> 00:56:10,640

hine riches your gila brands and that

1475

00:56:15,190 --> 00:56:13,040

they're not like the old guard and so

1476
00:56:18,309 --> 00:56:15,200
this is why i have had to separate using

1477
00:56:20,069 --> 00:56:18,319
the term the government we can't say it

1478
00:56:22,150 --> 00:56:20,079
is the government that are hiding it

1479
00:56:23,670 --> 00:56:22,160
from us that doesn't work anymore this

1480
00:56:24,549 --> 00:56:23,680
huge umbrella

1481
00:56:26,870 --> 00:56:24,559
uh

1482
00:56:29,430 --> 00:56:26,880
word of the government it's so much more

1483
00:56:31,270 --> 00:56:29,440
technical than that so i think that is a

1484
00:56:33,670 --> 00:56:31,280
point that i try to

1485
00:56:35,750 --> 00:56:33,680
separate as much as i can because it's

1486
00:56:37,109 --> 00:56:35,760
so much more detailed and

1487
00:56:39,589 --> 00:56:37,119
you know picky

1488
00:56:41,510 --> 00:56:39,599

uh she makes a great point there uh mrs

1489

00:56:42,829 --> 00:56:41,520

blackburn

1490

00:56:44,789 --> 00:56:42,839

um

1491

00:56:46,710 --> 00:56:44,799

because you know

1492

00:56:48,309 --> 00:56:46,720

like a key to a lot of the historic

1493

00:56:50,789 --> 00:56:48,319

research for me at least and how i've

1494

00:56:53,510 --> 00:56:50,799

been able to find so much is acronyms

1495

00:56:56,630 --> 00:56:53,520

and it's not by searching just one

1496

00:57:01,349 --> 00:56:56,640

acronym in the archives or one acronym

1497

00:57:04,549 --> 00:57:01,359

in cia it's by searching upwards of

1498

00:57:06,950 --> 00:57:04,559

you know 50 200 different acronyms

1499

00:57:09,829 --> 00:57:06,960

depending on the time frame

1500

00:57:11,190 --> 00:57:09,839

um on individual different sites like i

1501
00:57:14,069 --> 00:57:11,200
might find

1502
00:57:16,390 --> 00:57:14,079
you know 11 27th group field activities

1503
00:57:18,150 --> 00:57:16,400
i might find a couple things here and i

1504
00:57:20,150 --> 00:57:18,160
might find a couple things there and i

1505
00:57:21,430 --> 00:57:20,160
have to put them together to make it

1506
00:57:22,390 --> 00:57:21,440
work or

1507
00:57:25,270 --> 00:57:22,400
you know

1508
00:57:31,030 --> 00:57:25,280
there's so many different changes from

1509
00:57:32,630 --> 00:57:31,040
afcin to afnin to 4602d you know to then

1510
00:57:34,069 --> 00:57:32,640
you have af

1511
00:57:38,150 --> 00:57:34,079
and i n

1512
00:57:39,349 --> 00:57:38,160
x and you have dash 1-2-3-4

1513
00:57:41,349 --> 00:57:39,359

what are those different sub

1514

00:57:41,990 --> 00:57:41,359

compartments you know there's so many of

1515

00:57:43,829 --> 00:57:42,000

them

1516

00:57:46,710 --> 00:57:43,839

um

1517

00:57:48,950 --> 00:57:46,720

and that's that's how this works is

1518

00:57:50,789 --> 00:57:48,960

by design you know yeah absolutely it's

1519

00:57:52,789 --> 00:57:50,799

like inception it's like

1520

00:57:54,870 --> 00:57:52,799

departments within departments within

1521

00:57:57,510 --> 00:57:54,880

groups within groups that changed names

1522

00:57:58,710 --> 00:57:57,520

over years and how did you keep track

1523

00:58:00,150 --> 00:57:58,720

you just read my online i was just

1524

00:58:01,750 --> 00:58:00,160

thinking that like how do they keep it

1525

00:58:03,750 --> 00:58:01,760

organized

1526
00:58:05,750 --> 00:58:03,760
do they even know anymore if it really

1527
00:58:06,950 --> 00:58:05,760
started in roswell and if corso and all

1528
00:58:08,870 --> 00:58:06,960
those people talking about the

1529
00:58:10,950 --> 00:58:08,880
compartmentalization of these different

1530
00:58:13,349 --> 00:58:10,960
things and compartments within the

1531
00:58:15,109 --> 00:58:13,359
compartments then how are how is it

1532
00:58:17,910 --> 00:58:15,119
possible to keep track of everything

1533
00:58:20,150 --> 00:58:17,920
this far and i know like especially with

1534
00:58:22,470 --> 00:58:20,160
paperwork being how it was when this all

1535
00:58:24,309 --> 00:58:22,480
started supposedly right and people

1536
00:58:25,109 --> 00:58:24,319
still lose track of things today and we

1537
00:58:26,630 --> 00:58:25,119
have

1538
00:58:28,630 --> 00:58:26,640

like pretty solid places to store

1539

00:58:29,670 --> 00:58:28,640

information

1540

00:58:31,990 --> 00:58:29,680

100

1541

00:58:34,069 --> 00:58:32,000

and i i agree with all of you and and

1542

00:58:36,789 --> 00:58:34,079

kirsten in the chat in terms of like the

1543

00:58:39,030 --> 00:58:36,799

siloiing and compartmentalization and

1544

00:58:40,870 --> 00:58:39,040

you know not the left foot not knowing

1545

00:58:44,069 --> 00:58:40,880

what the right foot's doing you know i

1546

00:58:47,270 --> 00:58:44,079

think that i've i've i've heard of

1547

00:58:50,230 --> 00:58:47,280

so many examples of that from from

1548

00:58:52,390 --> 00:58:50,240

people i i worked with before and and in

1549

00:58:54,390 --> 00:58:52,400

situations now confidentially within the

1550

00:58:56,789 --> 00:58:54,400

experienecer group and whatnot and you

1551
00:58:58,549 --> 00:58:56,799
know there was you know donald kehoe he

1552
00:59:00,710 --> 00:58:58,559
had his first book flying saucers are

1553
00:59:03,349 --> 00:59:00,720
real back in 1950 and that was kind of a

1554
00:59:04,870 --> 00:59:03,359
big best seller and in 1953 he had a

1555
00:59:07,190 --> 00:59:04,880
book called flying saucers from outer

1556
00:59:09,829 --> 00:59:07,200
space right and his second book it

1557
00:59:12,470 --> 00:59:09,839
really really went into detail and he

1558
00:59:15,109 --> 00:59:12,480
was basically chronicling

1559
00:59:17,430 --> 00:59:15,119
the the process of of

1560
00:59:18,390 --> 00:59:17,440
of the air force and other government

1561
00:59:20,470 --> 00:59:18,400
agencies

1562
00:59:21,750 --> 00:59:20,480
shutting down and becoming more quiet

1563
00:59:23,030 --> 00:59:21,760

about this stuff

1564

00:59:24,390 --> 00:59:23,040

and you

1565

00:59:26,470 --> 00:59:24,400

basically in reading the book it's a

1566

00:59:29,190 --> 00:59:26,480

real page turner because you watch

1567

00:59:31,190 --> 00:59:29,200

he basically chronicles like different

1568

00:59:32,870 --> 00:59:31,200

different subsets shutting down and

1569

00:59:35,430 --> 00:59:32,880

becoming quiet

1570

00:59:36,789 --> 00:59:35,440

like over the process of like 1950 and

1571

00:59:37,829 --> 00:59:36,799

to 52

1572

00:59:42,470 --> 00:59:37,839

and

1573

00:59:44,309 --> 00:59:42,480

you know to a large degree that it's

1574

00:59:46,950 --> 00:59:44,319

only it's only grown

1575

00:59:47,829 --> 00:59:46,960

more so the case uh since then you know

1576

00:59:49,829 --> 00:59:47,839

until

1577

00:59:52,789 --> 00:59:49,839

maybe now

1578

00:59:53,910 --> 00:59:52,799

a kehoe book um like it's it's very

1579

00:59:56,789 --> 00:59:53,920

interesting

1580

00:59:59,510 --> 00:59:56,799

looking at um you know about behind the

1581

01:00:02,549 --> 00:59:59,520

scenes records of these air force folks

1582

01:00:05,910 --> 01:00:02,559

and i see folks talking about what a

1583

01:00:08,230 --> 01:00:05,920

pain in the ass that book was for them

1584

01:00:10,789 --> 01:00:08,240

you know like and how they're getting

1585

01:00:12,309 --> 01:00:10,799

letters from um you know

1586

01:00:13,270 --> 01:00:12,319

representatives

1587

01:00:16,789 --> 01:00:13,280

uh

1588

01:00:19,990 --> 01:00:16,799

nasty letters like quoting that book and

1589

01:00:22,870 --> 01:00:20,000

using that book to demand answers

1590

01:00:24,069 --> 01:00:22,880

um so yeah that that was

1591

01:00:25,910 --> 01:00:24,079

um

1592

01:00:28,630 --> 01:00:25,920

that was a big thing

1593

01:00:30,230 --> 01:00:28,640

at that time for sure yeah it's great

1594

01:00:32,150 --> 01:00:30,240

reading about it yeah

1595

01:00:34,710 --> 01:00:32,160

yeah we're we're

1596

01:00:37,030 --> 01:00:34,720

at the hour mark is there anything

1597

01:00:38,230 --> 01:00:37,040

anyone wants to bring up or discuss

1598

01:00:39,990 --> 01:00:38,240

before we

1599

01:00:42,230 --> 01:00:40,000

save some of it for

1600

01:00:44,789 --> 01:00:42,240

yeah i think this has just proven that

1601
01:00:48,390 --> 01:00:44,799
it's gonna be an absolutely phenomenal

1602
01:00:50,870 --> 01:00:48,400
conversation on the 17th this this

1603
01:00:52,950 --> 01:00:50,880
i mean we talk so well together i love

1604
01:00:55,109 --> 01:00:52,960
you guys so much that

1605
01:00:56,870 --> 01:00:55,119
let's bring it let's absolutely bring it

1606
01:00:59,910 --> 01:00:56,880
and do this man

1607
01:01:02,870 --> 01:00:59,920
i'm so hyped i'm so hyped yeah it's

1608
01:01:07,190 --> 01:01:02,880
going to be great the hype train is

1609
01:01:11,589 --> 01:01:08,950
um

1610
01:01:13,750 --> 01:01:11,599
sorry go ahead no no you go ahead i was

1611
01:01:15,270 --> 01:01:13,760
just gonna say anything anyone wants to

1612
01:01:17,030 --> 01:01:15,280
you know promote maybe on their own

1613
01:01:17,910 --> 01:01:17,040

channel or that they're up to before

1614

01:01:20,069 --> 01:01:17,920

then

1615

01:01:22,470 --> 01:01:20,079

i would like to give a shout out to our

1616

01:01:25,109 --> 01:01:22,480

mutual friend james ian doley because

1617

01:01:27,589 --> 01:01:25,119

starting today is contact weekly

1618

01:01:28,309 --> 01:01:27,599

oh yeah james is amazing so i love that

1619

01:01:30,150 --> 01:01:28,319

guy

1620

01:01:31,910 --> 01:01:30,160

across multiple channels across youtube

1621

01:01:33,670 --> 01:01:31,920

and other social media platforms we're

1622

01:01:35,750 --> 01:01:33,680

going to start seeing a lot of focus on

1623

01:01:38,789 --> 01:01:35,760

contact and i think that's always

1624

01:01:40,710 --> 01:01:38,799

important to to highlight um so yeah i

1625

01:01:42,309 --> 01:01:40,720

just had to get that in there

1626

01:01:44,150 --> 01:01:42,319

it'll be cool to see everybody's take or

1627

01:01:45,750 --> 01:01:44,160

their um how they

1628

01:01:49,430 --> 01:01:45,760

how they view contact that'll be really

1629

01:01:51,190 --> 01:01:49,440

cool to learn over the yeah sorry guys

1630

01:01:53,270 --> 01:01:51,200

oh yeah

1631

01:01:54,630 --> 01:01:53,280

i love james's work we all do and you

1632

01:01:57,430 --> 01:01:54,640

know he's such a

1633

01:01:59,430 --> 01:01:57,440

he does he's so kind of quietly

1634

01:02:01,270 --> 01:01:59,440

understated in a lot of ways and kind of

1635

01:02:03,910 --> 01:02:01,280

low-key in terms of how he presents

1636

01:02:05,109 --> 01:02:03,920

himself and he just gets good work done

1637

01:02:10,710 --> 01:02:05,119

you know

1638

01:02:13,109 --> 01:02:10,720

from the consciousness side of things

1639

01:02:14,630 --> 01:02:13,119

from the nuts and bolts like from and

1640

01:02:16,870 --> 01:02:14,640

everywhere in between he does such a

1641

01:02:18,630 --> 01:02:16,880

great job of being kind of graceful and

1642

01:02:20,789 --> 01:02:18,640

low-key about the whole thing and just

1643

01:02:23,109 --> 01:02:20,799

getting solid work done it's awesome

1644

01:02:25,270 --> 01:02:23,119

yeah that's actually a great point and

1645

01:02:26,950 --> 01:02:25,280

stays out of the drama

1646

01:02:29,029 --> 01:02:26,960

yeah

1647

01:02:30,390 --> 01:02:29,039

you'll never see him in a twitter fight

1648

01:02:32,950 --> 01:02:30,400

or argument

1649

01:02:36,150 --> 01:02:32,960

or anything he's just doing his thing uh

1650

01:02:38,549 --> 01:02:36,160

with integrity and humility so yeah love

1651
01:02:40,390 --> 01:02:38,559
the guy i plan on trying to do something

1652
01:02:41,349 --> 01:02:40,400
for that on thursday

1653
01:02:43,349 --> 01:02:41,359
i gotta

1654
01:02:46,230 --> 01:02:43,359
i'm reaching out to a guest if they

1655
01:02:49,910 --> 01:02:46,240
can't do something but i'm gonna do a

1656
01:02:51,029 --> 01:02:49,920
kind of a music special in contact via

1657
01:02:53,589 --> 01:02:51,039
music and

1658
01:02:54,950 --> 01:02:53,599
um how i feel i've

1659
01:03:00,309 --> 01:02:54,960
um

1660
01:03:02,549 --> 01:03:00,319
a doctor uh dr sean espeon hargens a

1661
01:03:04,470 --> 01:03:02,559
little bit about this about how you know

1662
01:03:07,349 --> 01:03:04,480
it seems that i may have done some sort

1663
01:03:09,990 --> 01:03:07,359

of co-creative dance with the phenomenon

1664

01:03:12,390 --> 01:03:10,000

um after my major contact and

1665

01:03:14,150 --> 01:03:12,400

and writing my you know album

1666

01:03:16,150 --> 01:03:14,160

afterwards right away

1667

01:03:18,870 --> 01:03:16,160

um so i'm going to talk about that and

1668

01:03:20,789 --> 01:03:18,880

other music pieces um that you know

1669

01:03:23,430 --> 01:03:20,799

we're inspired about that

1670

01:03:25,270 --> 01:03:23,440

um so i look forward to that and that's

1671

01:03:27,270 --> 01:03:25,280

gonna be my thing and of course i'll

1672

01:03:29,430 --> 01:03:27,280

probably have some documents on twitter

1673

01:03:30,549 --> 01:03:29,440

about past contact stuff you know they

1674

01:03:33,990 --> 01:03:30,559

may be

1675

01:03:37,510 --> 01:03:34,000

believable i don't know but i love the

1676

01:03:41,670 --> 01:03:39,349

and you know this topic's getting hot

1677

01:03:42,829 --> 01:03:41,680

when it's got a vintage department

1678

01:03:44,630 --> 01:03:42,839

oh

1679

01:03:45,670 --> 01:03:44,640

yeah

1680

01:03:49,349 --> 01:03:45,680

that's right

1681

01:03:50,710 --> 01:03:49,359

so but yeah and um

1682

01:03:53,990 --> 01:03:50,720

monday i'm gonna be on prime time

1683

01:03:55,750 --> 01:03:54,000

tuesday i got frank milburn wednesday uh

1684

01:03:56,870 --> 01:03:55,760

jay and i are hosting

1685

01:04:02,150 --> 01:03:56,880

um

1686

01:04:04,390 --> 01:04:02,160

thursday maybe that and then friday's

1687

01:04:05,910 --> 01:04:04,400

the big day

1688

01:04:07,670 --> 01:04:05,920

it's gonna be awesome

1689

01:04:10,069 --> 01:04:07,680

so looking forward to it it's gonna be

1690

01:04:12,630 --> 01:04:10,079

great priscilla anything for you

1691

01:04:14,309 --> 01:04:12,640

yeah i'm trying to see if he confirmed

1692

01:04:15,589 --> 01:04:14,319

or not oh

1693

01:04:17,349 --> 01:04:15,599

that's okay

1694

01:04:18,150 --> 01:04:17,359

i don't want to say until

1695

01:04:20,069 --> 01:04:18,160

now

1696

01:04:21,670 --> 01:04:20,079

i'll post some questions i'll post about

1697

01:04:23,430 --> 01:04:21,680

it i'll just jump it's not like somebody

1698

01:04:25,910 --> 01:04:23,440

like big but um he's big in the

1699

01:04:27,510 --> 01:04:25,920

community but not like ross calls heart

1700

01:04:29,910 --> 01:04:27,520

or status

1701

01:04:31,750 --> 01:04:29,920

i mean everybody's big yeah but you know

1702

01:04:33,430 --> 01:04:31,760

what i mean like people like i like he

1703

01:04:34,390 --> 01:04:33,440

does a lot he's a hard worker in the

1704

01:04:36,710 --> 01:04:34,400

community

1705

01:04:38,789 --> 01:04:36,720

so um i'm excited to have him on

1706

01:04:41,190 --> 01:04:38,799

i think he confirmed

1707

01:04:43,349 --> 01:04:41,200

i'll open it openly admit now i actually

1708

01:04:45,029 --> 01:04:43,359

double booked for this tuesday with our

1709

01:04:47,349 --> 01:04:45,039

good friend here

1710

01:04:50,710 --> 01:04:47,359

here jay and melinda leslie i need to

1711

01:04:52,630 --> 01:04:50,720

speak today about that so

1712

01:04:56,309 --> 01:04:52,640

so i've got melinda leslie at the moment

1713

01:04:59,910 --> 01:04:58,630

oh no he just oh oh my gosh we're

1714

01:05:02,309 --> 01:04:59,920

supposed to i think we're supposed to

1715

01:05:04,230 --> 01:05:02,319

have like some kind of like thunder dome

1716

01:05:05,990 --> 01:05:04,240

thing here now we're supposed to like

1717

01:05:07,750 --> 01:05:06,000

have a fight to the death is that what

1718

01:05:09,829 --> 01:05:07,760

is is that what he's trying to do or is

1719

01:05:12,390 --> 01:05:09,839

he just vaping he's just off vaping and

1720

01:05:14,390 --> 01:05:12,400

he's going to come back oh

1721

01:05:15,910 --> 01:05:14,400

that tells me that it's a vaping i get

1722

01:05:18,230 --> 01:05:15,920

it i get it

1723

01:05:21,029 --> 01:05:18,240

ruth that is brutal

1724

01:05:22,870 --> 01:05:21,039

right yeah no i understand it'll open

1725

01:05:25,270 --> 01:05:22,880

yeah i thought you guys could do your

1726

01:05:27,109 --> 01:05:25,280

business privately that's all yeah

1727

01:05:29,109 --> 01:05:27,119

i'm glad you're gonna be with melinda

1728

01:05:31,190 --> 01:05:29,119

she's she's she's great and she's a hard

1729

01:05:33,510 --> 01:05:31,200

worker and she does she does like her i

1730

01:05:35,430 --> 01:05:33,520

love her charts i love i love all the

1731

01:05:36,710 --> 01:05:35,440

study that she's done into the invisible

1732

01:05:40,230 --> 01:05:36,720

college and stuff like that she's

1733

01:05:42,150 --> 01:05:40,240

amazing so i i forgive you i forgive you

1734

01:05:43,589 --> 01:05:42,160

vinnie and i you know it's just one of

1735

01:05:45,270 --> 01:05:43,599

those things where it's like you know i

1736

01:05:47,750 --> 01:05:45,280

thought we were getting serious and

1737

01:05:48,789 --> 01:05:47,760

apparently you can only hang out twice a

1738

01:05:50,549 --> 01:05:48,799

week

1739

01:05:52,470 --> 01:05:50,559

you know i'm looking for three times a

1740

01:05:54,230 --> 01:05:52,480

week i thought you were serious but you

1741

01:06:00,710 --> 01:05:54,240

know if you stop texting me then i'll

1742

01:06:06,230 --> 01:06:02,630

i feel so bad and i literally i'll show

1743

01:06:09,510 --> 01:06:07,670

so i think going forward it's going to

1744

01:06:10,870 --> 01:06:09,520

get better and i won't be

1745

01:06:12,470 --> 01:06:10,880

double booking

1746

01:06:14,390 --> 01:06:12,480

but also i wanted to hide there's room

1747

01:06:15,750 --> 01:06:14,400

for you on tuesday on this channel jay

1748

01:06:19,670 --> 01:06:15,760

don't worry about it

1749

01:06:24,470 --> 01:06:21,829

uh he did confirm guys i have dan warren

1750

01:06:25,990 --> 01:06:24,480

coming on wednesday night

1751

01:06:28,069 --> 01:06:26,000

i was like here didn't you know i had to

1752

01:06:29,990 --> 01:06:28,079

reread the message before i said it so

1753

01:06:35,910 --> 01:06:30,000

yeah um he sent me his selfie so i could

1754

01:06:38,630 --> 01:06:37,829

can i get a picture of you to put on my

1755

01:06:41,589 --> 01:06:38,640

thing

1756

01:06:43,349 --> 01:06:41,599

since i'm sick of seeing my face on them

1757

01:06:45,430 --> 01:06:43,359

but this wednesday as well i've got the

1758

01:06:47,109 --> 01:06:45,440

instagram colleagues live stream so

1759

01:06:49,270 --> 01:06:47,119

we've got 10 of us

1760

01:06:51,349 --> 01:06:49,280

on one live stream yeah i'm doing that

1761

01:06:53,349 --> 01:06:51,359

earlier in the day

1762

01:06:54,630 --> 01:06:53,359

so i guess it could be

1763

01:06:55,990 --> 01:06:54,640

yeah

1764

01:06:57,910 --> 01:06:56,000

this is just going to be great it's just

1765

01:06:59,990 --> 01:06:57,920

going to be a lot of the the colleagues

1766

01:07:00,870 --> 01:07:00,000

the family that we've grown in this past

1767

01:07:02,309 --> 01:07:00,880

year

1768

01:07:03,910 --> 01:07:02,319

so people that haven't even been on

1769

01:07:05,750 --> 01:07:03,920

screen before but i thought you know

1770

01:07:06,789 --> 01:07:05,760

what it's christmas let's all hang out

1771

01:07:08,870 --> 01:07:06,799

live

1772

01:07:10,710 --> 01:07:08,880

yeah so that conversation could go

1773

01:07:13,670 --> 01:07:10,720

anywhere

1774

01:07:16,390 --> 01:07:13,680

that's fantastic and then let me see

1775

01:07:18,549 --> 01:07:16,400

what else obviously we got the 17th

1776

01:07:20,630 --> 01:07:18,559

and then

1777

01:07:22,309 --> 01:07:20,640

damn i don't like to tease i got a big

1778

01:07:23,910 --> 01:07:22,319

announcement next week for a project

1779

01:07:26,710 --> 01:07:23,920

that i'm working on and that's all i'm

1780

01:07:30,390 --> 01:07:28,789

even i don't know so it must be black

1781

01:07:33,109 --> 01:07:30,400

project

1782

01:07:37,430 --> 01:07:33,119

i'm just kidding it's not any level

1783

01:07:41,349 --> 01:07:39,109

i'll announce this i might announce it

1784

01:07:42,789 --> 01:07:41,359

on the 17th in fact i'll announce it on

1785

01:07:43,750 --> 01:07:42,799

the 17th

1786

01:07:46,549 --> 01:07:43,760

hey

1787

01:07:51,670 --> 01:07:48,950

now the hype train has left the station

1788

01:07:53,589 --> 01:07:51,680

i know i'll say one thing

1789

01:07:57,750 --> 01:07:53,599

when the project happens i'll be a lot

1790

01:07:59,670 --> 01:07:57,760

closer to all three of you physically

1791

01:08:08,390 --> 01:07:59,680

that is super

1792

01:08:08,400 --> 01:08:12,230

close to you close to me

1793

01:08:17,510 --> 01:08:15,430

taking a trip i'm taking a trip sweet

1794

01:08:19,189 --> 01:08:17,520

well you get it you got a teleportation

1795

01:08:20,709 --> 01:08:19,199

machine we're getting him to admit more

1796

01:08:22,309 --> 01:08:20,719

a little bit at a time all right let's

1797

01:08:26,470 --> 01:08:22,319

keep him on and keep flashing his face

1798

01:08:31,189 --> 01:08:27,749

looking forward to hearing about it on

1799

01:08:33,189 --> 01:08:31,199

the 17th everybody be cool be sweet be

1800

01:08:35,829 --> 01:08:33,199

in love um

1801

01:08:37,669 --> 01:08:35,839

and i can't wait to

1802

01:08:40,390 --> 01:08:37,679

check out what you guys are up to

1803

01:08:44,950 --> 01:08:40,400

this week and i can't wait to see you on

1804

01:08:49,430 --> 01:08:46,789

um

1805

01:08:51,829 --> 01:08:49,440

oh you can finish it no no no no no no

1806

01:08:58,269 --> 01:08:51,839

no no okay i didn't mean to step on you

1807

01:09:28,639 --> 01:09:26,789

[Music]

1808

01:09:41,430 --> 01:09:28,649

so
