00:00:50,399 --> 00:01:01,420
so

3
00:01:30,310 --> 00:01:07,270
[Music]

4
00:01:33,620 --> 00:01:30,320
i got some pretty cool stuff we're gonna

5
00:01:37,030 --> 00:01:34,710
[Music]

00:01:41,030 --> 00:01:37,040
so i hope you dig it

7
00:01:46,710 --> 00:01:44,069
we're talking a little lonnie

8
00:01:48,389 --> 00:01:46,720
zamora here he is

9
00:01:50,789 --> 00:01:48,399
this guy

10
00:01:54,870 --> 00:01:51,910
hopefully

11
00:01:56,630 --> 00:01:54,880
i'm not sure if you guys have um well

12
00:02:01,109 --> 00:01:56,640
let me say hi to everybody first surf

13
00:02:03,990 --> 00:02:01,119

psych uh christian meghan expendable 72

14

00:02:05,830 --> 00:02:04,000

hello from the met west midlands

15

00:02:08,550 --> 00:02:05,840

um

16

00:02:09,589 --> 00:02:08,560

who else we got here laura what's

17

00:02:12,869 --> 00:02:09,599

happening

18

00:02:16,229 --> 00:02:12,879

uh study at uaps

19

00:02:18,550 --> 00:02:16,239

uh sam josh

20

00:02:20,830 --> 00:02:18,560

what's up everybody lord bass everybody

21

00:02:24,630 --> 00:02:20,840

thank you so much for coming in robert

22

00:02:26,229 --> 00:02:24,640

hello how are you today

23

00:02:28,949 --> 00:02:26,239

um

24

00:02:30,630 --> 00:02:28,959

i was thinking of possibly

25

00:02:32,869 --> 00:02:30,640

doing

26

00:02:34,630 --> 00:02:32,879

um starting like a spotify up because i

27

00:02:37,350 --> 00:02:34,640

have a spotify account i just have one

28

00:02:39,750 --> 00:02:37,360

show up there so

29

00:02:43,750 --> 00:02:39,760

am i lonnie

30

00:02:45,670 --> 00:02:43,760

so i i may do that if i do

31

00:02:47,430 --> 00:02:45,680

um

32

00:02:49,030 --> 00:02:47,440

yeah

33

00:02:51,509 --> 00:02:49,040

i'll let you know i'll share the link

34

00:02:53,830 --> 00:02:51,519

and everything um i have actually one

35

00:02:56,630 --> 00:02:53,840

episode up there with ufo joe was one of

36

00:02:58,070 --> 00:02:56,640

my earlier episodes so

37

00:02:59,509 --> 00:02:58,080

it's uh

38

00:03:01,830 --> 00:02:59,519

you can always go back and take a listen

39

00:03:03,509 --> 00:03:01,840

to that but let me get that going the

40

00:03:05,509 --> 00:03:03,519

spotify

41

00:03:09,750 --> 00:03:05,519

podcast

42

00:03:12,390 --> 00:03:09,760

um and in doing that i think i may

43

00:03:15,830 --> 00:03:12,400

do more like just like document reads on

44

00:03:18,149 --> 00:03:15,840

spotify and save like youtube for guests

45

00:03:19,750 --> 00:03:18,159

and stuff i don't know i may do

46

00:03:21,589 --> 00:03:19,760

something like that too

47

00:03:23,350 --> 00:03:21,599

because um

48

00:03:24,550 --> 00:03:23,360

doing so many shows here on youtube i'm

49

00:03:27,430 --> 00:03:24,560

not getting

50

00:03:29,430 --> 00:03:27,440

as many plays per episode so maybe but i

51

00:03:31,750 --> 00:03:29,440

want to do more shows so

52

00:03:33,509 --> 00:03:31,760

i'm just trying to think outside the box

53

00:03:36,070 --> 00:03:33,519

and and how i can still

54

00:03:38,869 --> 00:03:36,080

do all the shows i'm doing but you know

55

00:03:40,309 --> 00:03:38,879

not over saturate things i guess so to

56

00:03:42,550 --> 00:03:40,319

speak

57

00:03:45,110 --> 00:03:42,560

um but you know

58

00:03:48,390 --> 00:03:45,120

i will think about it so

59

00:03:56,630 --> 00:03:52,949

if you are not familiar with um

60

00:03:59,830 --> 00:03:56,640

socorro new mexico 1964 april 24th and

61

00:04:01,350 --> 00:03:59,840

lani zamora i'll do a little bit of a

62

00:04:04,789 --> 00:04:01,360

rundown of

63

00:04:06,390 --> 00:04:04,799

uh the story and how everything you know

64

00:04:10,390 --> 00:04:06,400

how everything got started and how it

65

00:04:11,589 --> 00:04:10,400

really became known as the

66

00:04:15,509 --> 00:04:11,599

even to

67

00:04:17,670 --> 00:04:15,519

like the blue book lead hector um

68

00:04:20,150 --> 00:04:17,680

i hope became like how they called it

69

00:04:21,349 --> 00:04:20,160

the best ufo case

70

00:04:23,749 --> 00:04:21,359

uh

71

00:04:27,110 --> 00:04:23,759

documented case and everything in

72

00:04:35,270 --> 00:04:28,950

so

73

00:04:36,469 --> 00:04:35,280

um if you guys you know follow me on

74

00:04:38,950 --> 00:04:36,479

this page

75

00:04:42,150 --> 00:04:38,960

you'll know enough to know by now that

76

00:04:44,230 --> 00:04:42,160

i found some uh extra

77

00:04:46,230 --> 00:04:44,240

uh documents for this case in a

78

00:04:48,790 --> 00:04:46,240

different folder in the blue book

79

00:04:51,590 --> 00:04:48,800

archives it was for um

80

00:04:53,270 --> 00:04:51,600

great falls montana it was in there

81

00:04:54,710 --> 00:04:53,280

and it's kind of interesting for a

82

00:04:58,629 --> 00:04:54,720

couple reasons

83

00:05:01,430 --> 00:04:58,639

one is that folder is filled with

84

00:05:06,870 --> 00:05:03,029

it's filled with other

85

00:05:09,189 --> 00:05:06,880

landing cases um whether you know

86

00:05:11,350 --> 00:05:09,199

they're reliable or not it's filled with

87

00:05:13,029 --> 00:05:11,360

landing cases

88

00:05:16,790 --> 00:05:13,039

so it's pretty interesting and the great

89

00:05:21,350 --> 00:05:18,710

and then there was one

90

00:05:22,950 --> 00:05:21,360

i think it was out in california

91

00:05:25,990 --> 00:05:22,960

where these kids took pictures of it and

92

00:05:28,150 --> 00:05:26,000

everything and then there was also one

93

00:05:30,950 --> 00:05:28,160

in newark new jersey

94

00:05:33,350 --> 00:05:30,960

uh by a farmer who said he talked to

95

00:05:36,469 --> 00:05:33,360

them for about two hours

96

00:05:37,830 --> 00:05:36,479

and they pretty much came and asked him

97

00:05:41,110 --> 00:05:37,840

about his

98

00:05:42,469 --> 00:05:41,120

soil and his organic products

99

00:05:44,070 --> 00:05:42,479

um

100

00:05:47,510 --> 00:05:44,080

because they knew nothing about organic

101

00:05:49,510 --> 00:05:47,520

stuff and how they ate was um

102

00:05:53,029 --> 00:05:49,520

from nutrients in the atmosphere from

103

00:05:54,629 --> 00:05:53,039

where they were from apparently um so

104

00:05:56,950 --> 00:05:54,639

that was it that's an interesting case

105

00:05:59,590 --> 00:05:56,960

too um and i can get into those but that

106

00:06:01,430 --> 00:05:59,600

would make this just doubly

107

00:06:02,950 --> 00:06:01,440

doubly long so

108

00:06:05,110 --> 00:06:02,960

we're gonna stick to this if i have

109

00:06:06,710 --> 00:06:05,120

enough energy at the end of this which

110

00:06:08,629 --> 00:06:06,720

i'm hoping to

111

00:06:10,469 --> 00:06:08,639

i also want to

112

00:06:11,670 --> 00:06:10,479

and i found some really good documents

113

00:06:13,510 --> 00:06:11,680

last night

114

00:06:15,029 --> 00:06:13,520

that are just kind of amazing to be

115

00:06:17,110 --> 00:06:15,039

quite honest with you

116

00:06:19,510 --> 00:06:17,120

um so

117

00:06:22,710 --> 00:06:19,520

i'd love to show you those too but we'll

118

00:06:26,870 --> 00:06:22,720

see how this goes so

119

00:06:29,749 --> 00:06:26,880

lani zamora so basically he was

120

00:06:30,790 --> 00:06:29,759

he went after speedsters right

121

00:06:33,110 --> 00:06:30,800

um

122

00:06:36,550 --> 00:06:34,950

you know for

123

00:06:38,870 --> 00:06:36,560

more or less i'm sure he wasn't liked

124

00:06:41,350 --> 00:06:38,880

very much by but

125

00:06:43,270 --> 00:06:41,360

by the the driver especially the young

126
00:06:45,909 --> 00:06:43,280
drivers and everything um but that's

127
00:06:48,230 --> 00:06:45,919
what he did um and he

128
00:06:52,230 --> 00:06:48,240
his reliability his credibility

129
00:06:54,550 --> 00:06:53,589
praised

130
00:06:56,870 --> 00:06:54,560
even

131
00:07:00,309 --> 00:06:56,880
which is pretty interesting

132
00:07:04,870 --> 00:07:00,319
dr lapaz comes up in these documents

133
00:07:07,270 --> 00:07:04,880
as knowing zamora for 15 years and

134
00:07:08,950 --> 00:07:07,280
actually saying how reliable and of good

135
00:07:13,110 --> 00:07:08,960
character he is

136
00:07:15,830 --> 00:07:13,120
i think there was a priest who you know

137
00:07:18,390 --> 00:07:15,840
stuck up for him um chavez's buddy

138
00:07:19,990 --> 00:07:18,400

everybody says that his basically his

139

00:07:23,270 --> 00:07:20,000

word is his bond

140

00:07:24,629 --> 00:07:23,280

and he's not prone to flights of fancy

141

00:07:27,110 --> 00:07:24,639

so to speak

142

00:07:28,550 --> 00:07:27,120

um and if he says something you can

143

00:07:31,430 --> 00:07:28,560

trust it

144

00:07:33,990 --> 00:07:31,440

so

145

00:07:35,830 --> 00:07:34,000

this call comes in i think it was to the

146

00:07:36,550 --> 00:07:35,840

like the sheriff's office or what have

147

00:07:37,589 --> 00:07:36,560

you

148

00:07:39,270 --> 00:07:37,599

um

149

00:07:40,469 --> 00:07:39,280

and zamora

150

00:07:42,469 --> 00:07:40,479

calls

151

00:07:45,029 --> 00:07:42,479

because first of all he's on his route

152

00:07:46,469 --> 00:07:45,039

he's chasing like a speed a speedster

153

00:07:50,869 --> 00:07:46,479

like he's about to give him a ticket and

154

00:07:53,510 --> 00:07:50,879

everything but then he hears a loud boom

155

00:07:56,790 --> 00:07:53,520

so he gets distracted and he knows there

156

00:07:59,350 --> 00:07:56,800

is a firework shack nearby so he kind of

157

00:08:01,749 --> 00:07:59,360

detours over there to and stops the

158

00:08:04,629 --> 00:08:01,759

chase to see what's going on

159

00:08:06,790 --> 00:08:04,639

at first he sees what he thinks is a

160

00:08:07,990 --> 00:08:06,800

upside down car like a crash car or

161

00:08:10,869 --> 00:08:08,000

something

162

00:08:13,350 --> 00:08:10,879

but he gets in a little closer

163

00:08:14,869 --> 00:08:13,360

and he notices first it isn't the

164

00:08:18,629 --> 00:08:14,879

dynamite check

165

00:08:20,950 --> 00:08:18,639

um and he sees

166

00:08:23,350 --> 00:08:20,960

what he is at first he described it as a

167

00:08:26,309 --> 00:08:23,360

balloon later he said it was like more

168

00:08:29,029 --> 00:08:26,319

of an egg shaped object

169

00:08:32,469 --> 00:08:29,039

on legs of white

170

00:08:35,110 --> 00:08:32,479

and he noticed a symbol on it which

171

00:08:36,630 --> 00:08:35,120

i'm sure you you know if you guys are

172

00:08:38,070 --> 00:08:36,640

um

173

00:08:40,149 --> 00:08:38,080

aware of this case you'll know what the

174

00:08:41,990 --> 00:08:40,159

symbol is there's a couple there's some

175

00:08:43,589 --> 00:08:42,000

confusion with the symbols most

176

00:08:45,509 --> 00:08:43,599

definitely

177

00:08:47,990 --> 00:08:45,519

and i think i have both of the different

178

00:08:50,230 --> 00:08:48,000

ones i think there's even a third

179

00:08:52,470 --> 00:08:50,240

i have a little insight on the symbol as

180

00:08:54,630 --> 00:08:52,480

far as my take on it

181

00:08:55,829 --> 00:08:54,640

from looking at all these documents and

182

00:08:59,509 --> 00:08:55,839

and reading

183

00:08:59,519 --> 00:09:02,710

the apro

184

00:09:05,030 --> 00:09:03,910

bulletin

185

00:09:07,269 --> 00:09:05,040

um so

186

00:09:10,790 --> 00:09:07,279

we'll get into that but so basically

187

00:09:12,630 --> 00:09:10,800

that is the story he sees

188

00:09:15,190 --> 00:09:12,640

this thing there

189

00:09:15,990 --> 00:09:15,200

he hears a couple booms um he gets a

190

00:09:17,750 --> 00:09:16,000

little

191

00:09:19,030 --> 00:09:17,760

he gets within like a hundred feet of it

192

00:09:21,030 --> 00:09:19,040

with his car

193

00:09:23,030 --> 00:09:21,040

um and he sees a couple little

194

00:09:24,630 --> 00:09:23,040

characters out there in white uh

195

00:09:26,070 --> 00:09:24,640

coveralls

196

00:09:31,110 --> 00:09:26,080

and

197

00:09:33,430 --> 00:09:31,120

looked uh kind of startled

198

00:09:35,590 --> 00:09:33,440

but anyways when he heard the boom he

199

00:09:38,710 --> 00:09:35,600

when he was closer he like shielded his

200

00:09:39,509 --> 00:09:38,720

eyes and retreated back towards his his

201
00:09:44,550 --> 00:09:39,519
car

202
00:09:49,110 --> 00:09:46,389
on the way to doing that he trips his

203
00:09:51,670 --> 00:09:49,120
glasses fall off

204
00:09:53,350 --> 00:09:51,680
and the thing

205
00:09:55,190 --> 00:09:53,360
the object starts

206
00:09:58,150 --> 00:09:55,200
you know does another like boom thing he

207
00:10:00,550 --> 00:09:58,160
sees apparently orange and white flames

208
00:10:02,069 --> 00:10:00,560
coming out from underneath it

209
00:10:06,550 --> 00:10:02,079
and the sides

210
00:10:09,110 --> 00:10:06,560
and it starts basically going away

211
00:10:10,710 --> 00:10:09,120
and you know people say at this point

212
00:10:11,910 --> 00:10:10,720
well his glasses were off what could he

213
00:10:12,250 --> 00:10:11,920

really see

214

00:10:14,310 --> 00:10:12,260

um

215

00:10:15,990 --> 00:10:14,320

[Music]

216

00:10:18,790 --> 00:10:16,000

you know because his vision was like

217

00:10:21,990 --> 00:10:18,800

2200 or something without him

218

00:10:24,230 --> 00:10:22,000

but you know it he saw it pretty clear

219

00:10:26,949 --> 00:10:24,240

uh when he had his glasses on

220

00:10:30,550 --> 00:10:26,959

that's for sure so

221

00:10:32,310 --> 00:10:30,560

it's pretty interesting story um and

222

00:10:33,750 --> 00:10:32,320

you know the first people on the scene

223

00:10:34,470 --> 00:10:33,760

were

224

00:10:35,910 --> 00:10:34,480

uh

225

00:10:37,430 --> 00:10:35,920

well first of all people were there

226

00:10:38,949 --> 00:10:37,440
within like three minutes of him

227

00:10:43,030 --> 00:10:38,959
somewhere calling

228

00:10:45,269 --> 00:10:43,040
we have chavez we have a fbi agent

229

00:10:48,310 --> 00:10:45,279
who is there almost immediately along

230

00:10:50,949 --> 00:10:48,320
with chavez and captain holder

231

00:10:51,990 --> 00:10:50,959
captain holder was stationed at white

232

00:10:54,150 --> 00:10:52,000
sands

233

00:10:55,590 --> 00:10:54,160
missile range

234

00:10:58,310 --> 00:10:55,600
which is pretty interesting and he was

235

00:11:02,949 --> 00:10:58,320
like responsible for the ufo reports and

236

00:11:06,310 --> 00:11:05,190
so here is here's zamora you know this

237

00:11:08,550 --> 00:11:06,320
guy

238

00:11:10,310 --> 00:11:08,560

so i have these documents i'm going to

239

00:11:12,710 --> 00:11:10,320

go through them

240

00:11:16,069 --> 00:11:12,720

hopefully they're kind of in the right

241

00:11:17,910 --> 00:11:16,079

time frame and everything for you know

242

00:11:24,230 --> 00:11:17,920

how i want to do this

243

00:11:24,240 --> 00:11:28,550

sue

244

00:11:28,560 --> 00:11:32,470

we going to do this

245

00:11:37,910 --> 00:11:34,470

so let's get up here

246

00:11:41,350 --> 00:11:37,920

so the first one we have is

247

00:11:43,990 --> 00:11:41,360

colonel or coral lorenz so the husband

248

00:11:44,949 --> 00:11:44,000

and uh coral

249

00:11:46,630 --> 00:11:44,959

were

250

00:11:49,110 --> 00:11:46,640

went to interview

251

00:11:51,430 --> 00:11:49,120

zamora and all that stuff

252

00:11:54,389 --> 00:11:51,440

and actually i think it was one of the

253

00:11:57,110 --> 00:11:54,399

air force people was caught talking crap

254

00:11:59,509 --> 00:11:57,120

about coral to the husband

255

00:12:01,509 --> 00:11:59,519

not knowing and husbands will and he was

256

00:12:02,650 --> 00:12:01,519

like hey yeah you know her he's like

257

00:12:05,910 --> 00:12:02,660

yeah that's my wife

258

00:12:07,269 --> 00:12:05,920

[Laughter]

259

00:12:08,790 --> 00:12:07,279

oh man

260

00:12:10,949 --> 00:12:08,800

interesting

261

00:12:13,430 --> 00:12:10,959

uh the fbi agent

262

00:12:17,100 --> 00:12:13,440

uh by the way so i see a comment

263

00:12:18,790 --> 00:12:17,110

up here fbi agent punjabi is incorrect

264

00:12:21,829 --> 00:12:18,800

[Laughter]

265

00:12:23,590 --> 00:12:21,839

so anyways so you can see here um

266

00:12:24,790 --> 00:12:23,600

you know kind of their story about how

267

00:12:27,350 --> 00:12:24,800

they wanted to interview him and

268

00:12:28,310 --> 00:12:27,360

everything and

269

00:12:30,150 --> 00:12:28,320

he

270

00:12:32,470 --> 00:12:30,160

didn't show up until about 2 p.m seem

271

00:12:34,150 --> 00:12:32,480

reluctant to talk

272

00:12:35,910 --> 00:12:34,160

um so at this point keep in mind too

273

00:12:38,710 --> 00:12:35,920

he's already talked to

274

00:12:40,550 --> 00:12:38,720

um holder has been you know interrogated

275

00:12:42,150 --> 00:12:40,560

by them

276

00:12:44,389 --> 00:12:42,160

and just to back up a little bit before

277

00:12:47,670 --> 00:12:44,399

we go into this about the scene at the

278

00:12:50,069 --> 00:12:47,680

time it said that so

279

00:12:52,230 --> 00:12:50,079

there's this donald manziel who is kind

280

00:12:54,310 --> 00:12:52,240

of like uh mick west of the time so to

281

00:12:57,910 --> 00:12:54,320

speaking no offense to me quest

282

00:12:59,590 --> 00:12:57,920

um but he was a debunker basically he he

283

00:13:01,190 --> 00:12:59,600

was quoted as

284

00:13:03,110 --> 00:13:01,200

you know trying to

285

00:13:04,550 --> 00:13:03,120

say you know how people debunk magic

286

00:13:07,030 --> 00:13:04,560

magicians well that's what he always

287

00:13:08,790 --> 00:13:07,040

tries to do and he came up with this

288

00:13:11,509 --> 00:13:08,800

elaborate hoax

289

00:13:14,310 --> 00:13:11,519

idea about this episode

290

00:13:16,150 --> 00:13:14,320

um and one of the things he said was you

291

00:13:17,750 --> 00:13:16,160

know like kids putting like firecrackers

292

00:13:19,829 --> 00:13:17,760

or fireworks over there whatever and

293

00:13:22,069 --> 00:13:19,839

then retreating at the right time well

294

00:13:23,750 --> 00:13:22,079

there were no footprints going to or

295

00:13:25,110 --> 00:13:23,760

from

296

00:13:27,030 --> 00:13:25,120

this craft

297

00:13:28,069 --> 00:13:27,040

just the footprints of the supposed

298

00:13:29,190 --> 00:13:28,079

beings

299

00:13:30,949 --> 00:13:29,200

that were there

300

00:13:32,710 --> 00:13:30,959

so that kind of

301
00:13:36,389 --> 00:13:32,720
you know pooh-poohed that whole idea

302
00:13:40,310 --> 00:13:38,870
so here we're kind of just going through

303
00:13:45,110 --> 00:13:40,320
what

304
00:13:50,310 --> 00:13:47,910
he described them yeah young the beings

305
00:13:52,470 --> 00:13:50,320
like young boys small adults appeared to

306
00:13:53,829 --> 00:13:52,480
be such and such like this kind of cut

307
00:13:55,030 --> 00:13:53,839
off sorry

308
00:13:56,550 --> 00:13:55,040
um

309
00:13:58,310 --> 00:13:56,560
he had not been able to make out any

310
00:14:01,269 --> 00:13:58,320
features or details he also drew the

311
00:14:02,470 --> 00:14:01,279
object as he had seen it 450 feet from

312
00:14:05,910 --> 00:14:02,480
as he approached

313
00:14:08,069 --> 00:14:05,920

the second mesa and as it looked

314

00:14:10,150 --> 00:14:08,079

as it looked as if he looked down upon

315

00:14:11,990 --> 00:14:10,160

at the mesa after he arrived there for

316

00:14:14,310 --> 00:14:12,000

instance brought up the question of the

317

00:14:16,230 --> 00:14:14,320

markings on the object

318

00:14:17,670 --> 00:14:16,240

remember i told you there is insignia on

319

00:14:19,990 --> 00:14:17,680

the object

320

00:14:26,550 --> 00:14:20,000

uh which is

321

00:14:33,350 --> 00:14:29,269

samurai said he had been instructed by

322

00:14:37,350 --> 00:14:35,509

so at this point the intelligence would

323

00:14:42,949 --> 00:14:37,360

be

324

00:14:45,750 --> 00:14:42,959

was him and an fbi agent who were there

325

00:14:47,030 --> 00:14:45,760

first and made the

326

00:14:49,110 --> 00:14:47,040

um

327

00:14:50,550 --> 00:14:49,120

actual initial measurements of the site

328

00:14:52,949 --> 00:14:50,560

too

329

00:14:55,509 --> 00:14:52,959

and it's later said that the fbi agent

330

00:14:57,350 --> 00:14:55,519

actually told loni zamora to

331

00:14:59,990 --> 00:14:57,360

hold some details back

332

00:15:01,910 --> 00:15:00,000

some of which included the beings

333

00:15:03,350 --> 00:15:01,920

you know some people say it's because

334

00:15:06,310 --> 00:15:03,360

they were looking out for him and didn't

335

00:15:08,949 --> 00:15:06,320

want him to be you know mocked anymore

336

00:15:12,870 --> 00:15:10,150

you know

337

00:15:14,470 --> 00:15:12,880

seems like i don't

338

00:15:19,110 --> 00:15:14,480

you know

339

00:15:21,590 --> 00:15:19,120

somebody like that i don't know

340

00:15:23,670 --> 00:15:21,600

so basically

341

00:15:26,310 --> 00:15:23,680

this is interesting so

342

00:15:28,790 --> 00:15:26,320

he also named captain holder of the army

343

00:15:31,030 --> 00:15:28,800

contingent at stallion site which is at

344

00:15:33,110 --> 00:15:31,040

white sands as the individual asked him

345

00:15:35,269 --> 00:15:33,120

not to discuss the markings he would not

346

00:15:38,069 --> 00:15:35,279

give in on this point

347

00:15:39,749 --> 00:15:38,079

so they did not press him and they had

348

00:15:42,230 --> 00:15:39,759

already gotten a description of the

349

00:15:44,150 --> 00:15:42,240

markings zamora also did not say

350

00:15:46,790 --> 00:15:44,160

anything about throwing himself to the

351
00:15:51,110 --> 00:15:46,800
ground nor did he mention his request to

352
00:15:53,430 --> 00:15:51,120
chavez for him to come to his site alone

353
00:15:55,430 --> 00:15:53,440
it was felt that zamora might have

354
00:15:57,430 --> 00:15:55,440
felt a little embarrassed about being

355
00:15:59,110 --> 00:15:57,440
uneasy when first seeing the object and

356
00:16:00,150 --> 00:15:59,120
his reaction when the object came to

357
00:16:01,910 --> 00:16:00,160
take off

358
00:16:05,110 --> 00:16:01,920
thus the interview with samora was

359
00:16:06,870 --> 00:16:05,120
informative mr lorenzen

360
00:16:08,710 --> 00:16:06,880
immediatly called captain holder on the

361
00:16:10,389 --> 00:16:08,720
telephone and asked him about his

362
00:16:13,030 --> 00:16:10,399
request that zamora not discussed the

363
00:16:15,829 --> 00:16:13,040

markings holder said he simply felt that

364

00:16:17,829 --> 00:16:15,839

those marks if kept secret could help to

365

00:16:20,389 --> 00:16:17,839

determine whether or not other future

366

00:16:22,389 --> 00:16:20,399

sightings were genuine though lorenzens

367

00:16:25,269 --> 00:16:22,399

believed him and

368

00:16:26,870 --> 00:16:25,279

he seemed to be an intelligent young man

369

00:16:29,269 --> 00:16:26,880

attempting to do a good job in the best

370

00:16:31,749 --> 00:16:29,279

way he knew how which period appeared to

371

00:16:34,230 --> 00:16:31,759

have been a good job i believe this was

372

00:16:36,710 --> 00:16:34,240

in the apro

373

00:16:38,790 --> 00:16:36,720

which is owned by mr lorenz

374

00:16:40,310 --> 00:16:38,800

so my only thing here is if the story

375

00:16:42,629 --> 00:16:40,320

got started here

376

00:16:45,350 --> 00:16:42,639

um how much can you really trust that

377

00:16:47,910 --> 00:16:45,360

story i guess about the markings and the

378

00:16:50,150 --> 00:16:47,920

holder not saying that because as the

379

00:16:52,230 --> 00:16:50,160

story goes on high nick

380

00:16:55,509 --> 00:16:52,240

you know believe him or not refutes that

381

00:16:59,030 --> 00:16:56,629

tomorrow

382

00:17:00,790 --> 00:16:59,040

actually says that it did

383

00:17:01,990 --> 00:17:00,800

so

384

00:17:03,509 --> 00:17:02,000

it could be

385

00:17:05,189 --> 00:17:03,519

a case of the right hand doesn't know

386

00:17:07,510 --> 00:17:05,199

what the left hand is doing

387

00:17:11,189 --> 00:17:07,520

perhaps or heinick was just straight up

388

00:17:11,430 --> 00:17:11,199

lying which uh i personally

389

00:17:12,870 --> 00:17:11,440

um

390

00:17:16,309 --> 00:17:12,880

[Music]

391

00:17:17,429 --> 00:17:16,319

i actually think that he might have been

392

00:17:18,390 --> 00:17:17,439

but

393

00:17:20,710 --> 00:17:18,400

you know

394

00:17:23,110 --> 00:17:20,720

that's just me

395

00:17:24,710 --> 00:17:23,120

i see no reason for zamora to lie about

396

00:17:26,789 --> 00:17:24,720

it especially if he's a upstanding

397

00:17:28,549 --> 00:17:26,799

character and he's being asked about it

398

00:17:29,750 --> 00:17:28,559

a guy like him rather just tell the

399

00:17:32,390 --> 00:17:29,760

truth

400

00:17:33,669 --> 00:17:32,400

than not but you know that's speculation

401

00:17:35,669 --> 00:17:33,679

i suppose

402

00:17:38,070 --> 00:17:35,679

so here's a little bit on zamora's

403

00:17:40,070 --> 00:17:38,080

reliability so i found this interesting

404

00:17:43,830 --> 00:17:40,080

because here on the show we did a lot of

405

00:17:46,789 --> 00:17:43,840

diving into dr lincoln la paz

406

00:17:48,710 --> 00:17:46,799

he was the head of project twinkle

407

00:17:52,070 --> 00:17:48,720

the green fireballs

408

00:17:53,990 --> 00:17:52,080

in the new mexico area

409

00:17:56,230 --> 00:17:54,000

zamora's reliability as a witness was

410

00:17:58,390 --> 00:17:56,240

further supported by dr lincoln lapaz of

411

00:18:01,110 --> 00:17:58,400

the university of new mexico who has

412

00:18:03,270 --> 00:18:01,120

attained an international reputation

413

00:18:05,190 --> 00:18:03,280

in tracing down reports on fireballs or

414

00:18:08,310 --> 00:18:05,200
meteorites he stated

415

00:18:10,470 --> 00:18:08,320
i do want to say that i have had

416

00:18:13,430 --> 00:18:10,480
contacts with mr samara for 16 years in

417

00:18:18,549 --> 00:18:13,440
my work and he is a thoroughly

418

00:18:23,830 --> 00:18:21,350
so that's from him

419

00:18:26,870 --> 00:18:23,840
so this

420

00:18:28,710 --> 00:18:26,880
is an interesting document and i believe

421

00:18:33,110 --> 00:18:28,720
this is found in those

422

00:18:35,909 --> 00:18:34,630
and

423

00:18:40,390 --> 00:18:35,919
this is

424

00:18:44,549 --> 00:18:42,630
talking about this

425

00:18:47,669 --> 00:18:44,559
so it's pretty interesting because it

426
00:18:52,870 --> 00:18:49,750
you know the way the markings were on

427
00:18:55,669 --> 00:18:54,630
you know what had to sit on top of it

428
00:18:59,590 --> 00:18:55,679
was

429
00:19:03,590 --> 00:19:01,830
so it says we then return half coffee

430
00:19:08,710 --> 00:19:03,600
with captain holder the up range

431
00:19:12,549 --> 00:19:11,510
to see whether he had anything to add

432
00:19:14,630 --> 00:19:12,559
after

433
00:19:16,230 --> 00:19:14,640
this many months had passed

434
00:19:18,230 --> 00:19:16,240
captain holder is still quite

435
00:19:21,190 --> 00:19:18,240
enthusiastic

436
00:19:24,630 --> 00:19:21,200
and really fairly enamored of the idea

437
00:19:26,870 --> 00:19:24,640
of strange crafts

438
00:19:29,110 --> 00:19:26,880

it was captain holder you will remember

439

00:19:31,510 --> 00:19:29,120

who with mr burns

440

00:19:33,669 --> 00:19:31,520

mr burns i think that's the wrong name

441

00:19:37,110 --> 00:19:33,679

by the way i think it's byron's b

442

00:19:39,669 --> 00:19:37,120

because i never see this mr burns again

443

00:19:43,270 --> 00:19:39,679

other than in the simpsons but i do see

444

00:19:43,990 --> 00:19:43,280

it byron's b-y-r-n-e-s

445

00:19:45,590 --> 00:19:44,000

so

446

00:19:48,470 --> 00:19:45,600

i think maybe you just spelled it wrong

447

00:19:51,029 --> 00:19:48,480

or got the name wrong possibly

448

00:19:52,710 --> 00:19:51,039

so who is mr uh burns of the fbi made

449

00:19:54,710 --> 00:19:52,720

the original measures between the

450

00:19:56,710 --> 00:19:54,720

markings and we recall that although the

451

00:19:58,549 --> 00:19:56,720

figure was drawn poorly when it was

452

00:20:00,950 --> 00:19:58,559

redrawn according to the dimensions

453

00:20:02,950 --> 00:20:00,960

given it was found that the diagonals of

454

00:20:04,830 --> 00:20:02,960

the twilight

455

00:20:09,270 --> 00:20:04,840

quadrilateral

456

00:20:11,270 --> 00:20:09,280

exact right angles pointed out that

457

00:20:14,390 --> 00:20:11,280

there is a well-known theorem which

458

00:20:16,549 --> 00:20:14,400

states that if the diagonals um

459

00:20:19,029 --> 00:20:16,559

intersect at right angles then the

460

00:20:20,390 --> 00:20:19,039

points lie on a circle uh the center of

461

00:20:21,270 --> 00:20:20,400

which is called the mean center of the

462

00:20:23,270 --> 00:20:21,280

figure

463

00:20:30,070 --> 00:20:23,280

also pointed out that one of the burn

464

00:20:30,080 --> 00:20:34,070

so that's pretty interesting

465

00:20:37,909 --> 00:20:35,590

i mean right here

466

00:20:39,360 --> 00:20:37,919

um

467

00:20:41,190 --> 00:20:39,370

we have to take it for

468

00:20:43,110 --> 00:20:41,200

[Music]

469

00:20:45,430 --> 00:20:43,120

it had these legs

470

00:20:47,029 --> 00:20:45,440

it was at these right ankles

471

00:20:49,110 --> 00:20:47,039

and it was

472

00:20:50,870 --> 00:20:49,120

on a circle

473

00:20:55,909 --> 00:20:50,880

you know and the flames came out from

474

00:21:00,230 --> 00:20:57,510

i don't know how else he could do that

475

00:21:02,310 --> 00:21:00,240

because we have the marks on the ground

476
00:21:04,549 --> 00:21:02,320
like the markings from the legs of the

477
00:21:06,470 --> 00:21:04,559
ship

478
00:21:08,549 --> 00:21:06,480
and the little people footprints and

479
00:21:11,270 --> 00:21:08,559
there are no footprints going

480
00:21:13,990 --> 00:21:11,280
to or from

481
00:21:19,029 --> 00:21:16,390
so more's upstanding character that's

482
00:21:20,549 --> 00:21:19,039
what he described

483
00:21:23,909 --> 00:21:20,559
this here matches up with what he

484
00:21:23,919 --> 00:21:27,029
moving forward

485
00:21:34,549 --> 00:21:29,590
this is interesting so as i said earlier

486
00:21:37,750 --> 00:21:36,470
you know

487
00:21:39,270 --> 00:21:37,760
it's interesting that they say there

488
00:21:40,950 --> 00:21:39,280

were several sightings reported during

489

00:21:43,990 --> 00:21:40,960

the next few days because

490

00:21:46,950 --> 00:21:44,000

there were but there was

491

00:21:47,750 --> 00:21:46,960

hundreds that year

492

00:21:52,710 --> 00:21:47,760

so

493

00:21:54,950 --> 00:21:52,720

each case the sighting was determined

494

00:21:57,830 --> 00:21:54,960

a known object or natural phenomena

495

00:21:58,630 --> 00:21:57,840

which is completely

496

00:22:01,990 --> 00:21:58,640

not

497

00:22:04,470 --> 00:22:02,000

true if you look at the documents um in

498

00:22:06,390 --> 00:22:04,480

and around that time but you know of

499

00:22:08,470 --> 00:22:06,400

course that's how they roll

500

00:22:10,950 --> 00:22:08,480

although the sighting appears to be the

501
00:22:13,830 --> 00:22:10,960
observation of some type of experimental

502
00:22:16,870 --> 00:22:13,840
craft all attempts to reach such a

503
00:22:18,630 --> 00:22:16,880
conclusion were inconclusive no concrete

504
00:22:20,630 --> 00:22:18,640
evidence was uncovered

505
00:22:23,590 --> 00:22:20,640
to substantiate the presence of such a

506
00:22:26,789 --> 00:22:23,600
craft at the particular time as such

507
00:22:29,029 --> 00:22:26,799
this case is carried as unidentified

508
00:22:37,669 --> 00:22:29,039
since from available information there

509
00:22:40,710 --> 00:22:38,390
so

510
00:22:42,470 --> 00:22:40,720
this is from hector the head of blue

511
00:22:45,110 --> 00:22:42,480
book i believe

512
00:22:47,430 --> 00:22:45,120
um so let me actually now that i'm

513
00:22:51,110 --> 00:22:47,440

thinking about it

514

00:22:56,870 --> 00:22:54,470

give you those documents so you know if

515

00:22:58,470 --> 00:22:56,880

you so choose i mean

516

00:22:59,510 --> 00:22:58,480

you know anybody who

517

00:23:01,830 --> 00:22:59,520

is um

518

00:23:03,909 --> 00:23:01,840

actually goes to my website first of all

519

00:23:07,430 --> 00:23:03,919

knows that they're there and have been

520

00:23:13,990 --> 00:23:09,830

but i don't expect people

521

00:23:14,000 --> 00:23:17,430

but just in case you want to

522

00:23:17,440 --> 00:23:24,070

i am going to share it

523

00:23:30,470 --> 00:23:27,270

so here it is

524

00:23:35,510 --> 00:23:33,110

so actually you know robert cofort has a

525

00:23:36,549 --> 00:23:35,520

comment here that's

526
00:23:42,310 --> 00:23:36,559
you know

527
00:23:47,350 --> 00:23:44,950
should be there should know

528
00:23:49,590 --> 00:23:47,360
you know he is at

529
00:23:51,669 --> 00:23:49,600
the spot that everybody seems to think

530
00:23:52,789 --> 00:23:51,679
would be responsible for this sighting

531
00:23:55,510 --> 00:23:52,799
because

532
00:23:57,510 --> 00:23:55,520
um although heineken is quoted as saying

533
00:24:00,310 --> 00:23:57,520
it's about an hour away

534
00:24:02,310 --> 00:24:00,320
the edge of the missile range apparently

535
00:24:04,470 --> 00:24:02,320
is only 12

536
00:24:07,830 --> 00:24:04,480
uh miles from the actual

537
00:24:10,870 --> 00:24:07,840
uh site of where it landed

538
00:24:12,950 --> 00:24:10,880

so everyone you know why would you not

539

00:24:14,549 --> 00:24:12,960

kind of assume or think right away white

540

00:24:18,549 --> 00:24:14,559

sands has something to do with it and

541

00:24:22,549 --> 00:24:18,559

we'll see later on that even though

542

00:24:30,630 --> 00:24:26,710

you know is not in on that explanation

543

00:24:30,640 --> 00:24:36,310

within the air force still are later on

544

00:24:36,320 --> 00:24:40,789

this is pretty interesting um

545

00:24:44,310 --> 00:24:42,549

for a particular reason

546

00:24:48,230 --> 00:24:44,320

because the bottom

547

00:24:49,750 --> 00:24:48,240

so basically this is uh high next uh

548

00:24:51,510 --> 00:24:49,760

secretary or whatever right in this

549

00:24:53,669 --> 00:24:51,520

letter for him

550

00:24:55,990 --> 00:24:53,679

kathy foss

551
00:24:58,310 --> 00:24:56,000
i sent dr heineck a certificate for

552
00:24:59,990 --> 00:24:58,320
interplanetary blue cross

553
00:25:01,830 --> 00:25:00,000
so i should hope that the air force does

554
00:25:03,669 --> 00:25:01,840
not find itself charged for one withered

555
00:25:05,110 --> 00:25:03,679
finger this is because hynek actually

556
00:25:07,110 --> 00:25:05,120
went to the site and heard his finger

557
00:25:09,029 --> 00:25:07,120
touching the bush

558
00:25:13,990 --> 00:25:09,039
i don't know that's just an interesting

559
00:25:18,549 --> 00:25:15,750
i thought

560
00:25:20,549 --> 00:25:18,559
because i kind of got confused later i

561
00:25:23,909 --> 00:25:20,559
read this heineken piece and he

562
00:25:27,750 --> 00:25:26,070
interplanetary blue cross i'm like what

563
00:25:29,750 --> 00:25:27,760

is this

564

00:25:31,029 --> 00:25:29,760

and then i you know i saw this and put

565

00:25:36,230 --> 00:25:31,039

two and two together or whatever it's

566

00:25:36,240 --> 00:25:40,830

so this is interesting so first of

567

00:25:40,840 --> 00:25:46,390

all i'm going to quickly

568

00:25:50,070 --> 00:25:48,470

kind of tell you and let you know all

569

00:25:52,630 --> 00:25:50,080

the different things

570

00:25:56,230 --> 00:25:52,640

that was done as far as looking into

571

00:25:56,240 --> 00:26:00,149

so

572

00:26:09,269 --> 00:26:03,430

this is a little small huh

573

00:26:12,549 --> 00:26:10,870

nope it doesn't blow it up on your end

574

00:26:17,909 --> 00:26:12,559

just mine

575

00:26:26,549 --> 00:26:21,029

i gotta figure this out

576

00:26:30,950 --> 00:26:29,590

yeah so well you got the documents if

577

00:26:34,149 --> 00:26:30,960

you

578

00:26:40,070 --> 00:26:34,159

want to check it out later but

579

00:26:43,909 --> 00:26:42,070

they sent letters hector sent letters to

580

00:26:47,190 --> 00:26:43,919

each one of these companies

581

00:26:48,789 --> 00:26:47,200

because they had a known interest in

582

00:26:50,230 --> 00:26:48,799

um

583

00:26:52,149 --> 00:26:50,240

landing modules

584

00:26:53,669 --> 00:26:52,159

you know apollo 11 was pretty big at

585

00:26:55,510 --> 00:26:53,679

that time

586

00:26:57,350 --> 00:26:55,520

there are a lot of different companies

587

00:26:58,310 --> 00:26:57,360

really investing in

588

00:27:00,310 --> 00:26:58,320

um

589

00:27:01,590 --> 00:27:00,320

you know the space program

590

00:27:03,269 --> 00:27:01,600

i think that might have been one of the

591

00:27:05,510 --> 00:27:03,279

biggest years

592

00:27:06,470 --> 00:27:05,520

of money spent on that

593

00:27:08,070 --> 00:27:06,480

and there are a lot of different

594

00:27:08,870 --> 00:27:08,080

companies helping in a lot of different

595

00:27:11,350 --> 00:27:08,880

ways

596

00:27:13,110 --> 00:27:11,360

with this stuff

597

00:27:14,470 --> 00:27:13,120

so you can see it some of the different

598

00:27:16,630 --> 00:27:14,480

companies

599

00:27:22,389 --> 00:27:16,640

first of all it starts off interestingly

600

00:27:26,789 --> 00:27:24,149

right at the top

601
00:27:29,350 --> 00:27:26,799
even though instead of just trying to

602
00:27:31,430 --> 00:27:29,360
get in touch with nasa

603
00:27:32,710 --> 00:27:31,440
because they supervised all of them

604
00:27:36,230 --> 00:27:32,720
they went to all these different

605
00:27:38,389 --> 00:27:36,240
companies and wrote letters

606
00:27:40,789 --> 00:27:38,399
you have some that you'll definitely

607
00:27:43,890 --> 00:27:40,799
recognize hughes aircraft

608
00:27:43,900 --> 00:27:47,110
[Music]

609
00:27:53,430 --> 00:27:50,549
lockheed aircraft

610
00:27:57,350 --> 00:27:53,440
and planetary systems interesting those

611
00:27:59,430 --> 00:27:57,360
could be good to look up at some point

612
00:28:02,870 --> 00:27:59,440
for those investigators out there

613
00:28:05,750 --> 00:28:02,880

we got bendex cleveland pneumatic um

614

00:28:08,149 --> 00:28:05,760

all these for the most part all of them

615

00:28:17,350 --> 00:28:10,789

you know here's where i kind of get

616

00:28:17,360 --> 00:28:21,510

there's records for

617

00:28:26,630 --> 00:28:23,430

some of these

618

00:28:29,990 --> 00:28:26,640

places getting back to them

619

00:28:33,350 --> 00:28:30,000

but there's not records for all of them

620

00:28:38,710 --> 00:28:35,269

as far as this goes

621

00:28:41,590 --> 00:28:38,720

in this you know um letter outreach

622

00:28:48,149 --> 00:28:41,600

did not get back to them

623

00:28:54,230 --> 00:28:51,590

um now something you should know is that

624

00:28:58,470 --> 00:28:54,240

nasa did have something

625

00:28:58,480 --> 00:29:01,510

that they were testing

626

00:29:06,230 --> 00:29:04,630

now it turned out not to be this

627

00:29:08,310 --> 00:29:06,240

but i thought i'd mention it since it's

628

00:29:10,310 --> 00:29:08,320

at white sands missile range

629

00:29:12,149 --> 00:29:10,320

uh the fiery explosion of a little gel

630

00:29:14,230 --> 00:29:12,159

rocket shattered the early morning calm

631

00:29:16,950 --> 00:29:14,240

today in a test of the apollo moon

632

00:29:17,750 --> 00:29:16,960

spacecraft launch escape system this was

633

00:29:20,070 --> 00:29:17,760

not

634

00:29:21,590 --> 00:29:20,080

the day of the incident

635

00:29:23,110 --> 00:29:21,600

this is just kind of describing

636

00:29:24,789 --> 00:29:23,120

everything it

637

00:29:27,110 --> 00:29:24,799

was in the desert

638

00:29:28,710 --> 00:29:27,120

one of the parachutes like failed

639

00:29:30,389 --> 00:29:28,720

at the bottom you can see is gordon

640

00:29:33,430 --> 00:29:30,399

cooper

641

00:29:37,830 --> 00:29:35,750

and now i'll just kind of give you a

642

00:29:44,070 --> 00:29:37,840

quick look at the things that dropped

643

00:29:47,669 --> 00:29:46,149

so if it was one of these although it's

644

00:29:49,190 --> 00:29:47,679

white

645

00:29:54,389 --> 00:29:49,200

um

646

00:29:58,149 --> 00:29:55,990

you know without

647

00:30:00,549 --> 00:29:58,159

you know zamora said it went back up and

648

00:30:02,149 --> 00:30:00,559

left so i just don't think it's this it

649

00:30:04,310 --> 00:30:02,159

was this parachute

650

00:30:05,750 --> 00:30:04,320

it would be too hard to clean up

651
00:30:11,110 --> 00:30:05,760
um

652
00:30:11,120 --> 00:30:16,070
interesting that you mentioned uh cooper

653
00:30:20,230 --> 00:30:18,310
like a ufo at like coleman air force

654
00:30:23,269 --> 00:30:20,240
base

655
00:30:25,029 --> 00:30:23,279
you know they talk about that

656
00:30:27,990 --> 00:30:25,039
in regards to this but it's not a

657
00:30:30,549 --> 00:30:28,000
confirmed um situation again that was

658
00:30:33,750 --> 00:30:30,559
written in apro i think it was either

659
00:30:37,029 --> 00:30:33,760
that or or nycap did it and that's not

660
00:30:38,630 --> 00:30:37,039
uh it was never confirmed

661
00:30:40,389 --> 00:30:38,640
although

662
00:30:43,269 --> 00:30:40,399
it's a pretty interesting story because

663
00:30:45,669 --> 00:30:43,279

a pilot in the story says that

664

00:30:48,070 --> 00:30:45,679

um he's got a ufo up there

665

00:30:50,389 --> 00:30:48,080

and they ask him about it and ask him to

666

00:30:52,950 --> 00:30:50,399

tell him what it looks like

667

00:30:53,750 --> 00:30:52,960

and he mentions the insignia

668

00:30:54,710 --> 00:30:53,760

um

669

00:30:56,549 --> 00:30:54,720

that's

670

00:30:59,110 --> 00:30:56,559

just like

671

00:30:59,120 --> 00:31:03,269

pretty pretty interesting

672

00:31:09,990 --> 00:31:06,070

so you get to that

673

00:31:13,909 --> 00:31:11,990

it's so it's like what are you gonna do

674

00:31:16,870 --> 00:31:13,919

i couldn't find a case for it at that

675

00:31:19,430 --> 00:31:16,880

time although i have found sightings

676
00:31:21,029 --> 00:31:19,440
um and even a couple pictures from that

677
00:31:22,710 --> 00:31:21,039
base

678
00:31:25,590 --> 00:31:22,720
but it was like

679
00:31:28,389 --> 00:31:25,600
seven years prior to that so

680
00:31:30,549 --> 00:31:28,399
this is talking about hynek

681
00:31:35,190 --> 00:31:30,559
he's the scientist

682
00:31:38,789 --> 00:31:36,789
basically these set of interviews that

683
00:31:39,750 --> 00:31:38,799
were done over the radio where a

684
00:31:41,909 --> 00:31:39,760
heineken

685
00:31:43,430 --> 00:31:41,919
did a rate uh interview actually it

686
00:31:45,190 --> 00:31:43,440
might have been zamora well it must have

687
00:31:47,029 --> 00:31:45,200
been high neck versus heineken first and

688
00:31:48,789 --> 00:31:47,039

then zamora

689

00:31:50,630 --> 00:31:48,799

those are in the folder that i shared

690

00:31:52,950 --> 00:31:50,640

with you the google drive folder and

691

00:31:55,509 --> 00:31:52,960

once you what you should listen to there

692

00:31:57,350 --> 00:31:55,519

is about these markings see at the

693

00:31:58,950 --> 00:31:57,360

bottom it says no one in the air force

694

00:32:01,590 --> 00:31:58,960

even suggested that nothing should be

695

00:32:03,430 --> 00:32:01,600

said about the markings

696

00:32:05,590 --> 00:32:03,440

zamora goes up next on the radio

697

00:32:10,310 --> 00:32:05,600

interview and completely says the

698

00:32:14,710 --> 00:32:12,710

so i found that to be

699

00:32:17,269 --> 00:32:14,720

quite interesting i still think it's

700

00:32:19,590 --> 00:32:17,279

possible that maybe

701

00:32:24,149 --> 00:32:19,600

hynek didn't know about that

702

00:32:29,430 --> 00:32:27,190

so i've i've been thinking this lately

703

00:32:31,509 --> 00:32:29,440

and i don't know you know

704

00:32:36,310 --> 00:32:31,519

how much

705

00:32:40,630 --> 00:32:38,950

i haven't been trusting him so much

706

00:32:42,710 --> 00:32:40,640

i mean think about it like there's so

707

00:32:43,990 --> 00:32:42,720

much secrecy that went on

708

00:32:46,789 --> 00:32:44,000

for so long

709

00:32:48,470 --> 00:32:46,799

and heineken was there from 47 till you

710

00:32:50,230 --> 00:32:48,480

know whatever it was the end of blue

711

00:32:52,710 --> 00:32:50,240

book

712

00:32:54,950 --> 00:32:52,720

that's a long time that's the like one

713

00:32:56,870 --> 00:32:54,960

for sure consistent guy

714

00:32:58,950 --> 00:32:56,880

that was been there the whole time and

715

00:33:02,389 --> 00:32:58,960

then not to mention

716

00:33:05,590 --> 00:33:02,399

um the letters i found

717

00:33:07,669 --> 00:33:05,600

where he's writing the raaf uh

718

00:33:10,549 --> 00:33:07,679

australian air force about getting

719

00:33:12,710 --> 00:33:10,559

information on their sightings

720

00:33:16,470 --> 00:33:12,720

and sharing it with dr dugan and uh

721

00:33:22,070 --> 00:33:18,789

or shock valet sorry i always say

722

00:33:24,149 --> 00:33:22,080

jacques that's not how you say it

723

00:33:26,870 --> 00:33:24,159

but he comes up in this case actually uh

724

00:33:29,909 --> 00:33:26,880

funny enough valet um so here we go it's

725

00:33:31,509 --> 00:33:29,919

uh major quintilla quintanilla is

726

00:33:33,590 --> 00:33:31,519

convinced that uh

727

00:33:36,070 --> 00:33:33,600

the sighting is neither a hoax nor a

728

00:33:38,070 --> 00:33:36,080

hallucination but feels perhaps that

729

00:33:40,070 --> 00:33:38,080

some sort of test to object war games

730

00:33:42,789 --> 00:33:40,080

etc might have been going on however

731

00:33:44,630 --> 00:33:42,799

there is no record of such even though

732

00:33:47,029 --> 00:33:44,640

he has tried to track this down through

733

00:33:48,870 --> 00:33:47,039

white sands holman air force base and a

734

00:33:50,470 --> 00:33:48,880

few others

735

00:33:53,269 --> 00:33:50,480

uh i would like to go along with the

736

00:33:54,950 --> 00:33:53,279

halluci this is heinek basically talking

737

00:33:57,990 --> 00:33:54,960

to menzel

738

00:34:00,549 --> 00:33:58,000

who wrote a a bunk like a debunking

739

00:34:03,110 --> 00:34:00,559

letter um to heinek because heineken

740

00:34:05,029 --> 00:34:03,120

challenged menzel he's

741

00:34:06,389 --> 00:34:05,039

in in one of the writing signs said i'd

742

00:34:09,510 --> 00:34:06,399

like to see him come up with an

743

00:34:12,149 --> 00:34:09,520

explanation for this exclamation point

744

00:34:14,869 --> 00:34:12,159

um and so he came up with one all right

745

00:34:16,790 --> 00:34:14,879

with this loi lyle guy too lyle boyd or

746

00:34:17,990 --> 00:34:16,800

something

747

00:34:20,629 --> 00:34:18,000

which might have been his wife or

748

00:34:26,230 --> 00:34:20,639

something i'm not sure but anyways

749

00:34:26,240 --> 00:34:29,270

um

750

00:34:33,270 --> 00:34:30,950

so yeah it's pretty interesting you have

751
00:34:35,669 --> 00:34:33,280
things like and i have the word of nine

752
00:34:37,750 --> 00:34:35,679
witnesses who saw the marks within hours

753
00:34:40,149 --> 00:34:37,760
of the incident who tell me that the

754
00:34:41,990 --> 00:34:40,159
center of the marks were moist as though

755
00:34:44,550 --> 00:34:42,000
the topsoil had been freshly pushed

756
00:34:47,109 --> 00:34:44,560
aside the four marks when plotted out

757
00:34:50,149 --> 00:34:47,119
lie such that the diagonals intercept at

758
00:34:52,470 --> 00:34:50,159
exactly 90 degrees which may or may not

759
00:34:56,470 --> 00:34:52,480
be significant well it turns out that it

760
00:34:58,310 --> 00:34:56,480
is because it had to be on a circle

761
00:35:00,870 --> 00:34:58,320
object

762
00:35:02,950 --> 00:35:00,880
what's kind of interesting to me is this

763
00:35:06,470 --> 00:35:02,960

nine witnesses that's a lot of witnesses

764

00:35:09,270 --> 00:35:06,480

to be at the site right away

765

00:35:15,190 --> 00:35:09,280

and i could see a lot of stuff being

766

00:35:15,200 --> 00:35:17,990

so

767

00:35:21,990 --> 00:35:20,710

now we'll get into

768

00:35:27,589 --> 00:35:22,000

i'm just going to go through a couple

769

00:35:32,390 --> 00:35:29,270

so

770

00:35:34,230 --> 00:35:32,400

we have richard t holder captain usa

771

00:35:36,870 --> 00:35:34,240

uprange commander was notified by

772

00:35:38,470 --> 00:35:36,880

lieutenant hicks executive officer at

773

00:35:41,430 --> 00:35:38,480

usag

774

00:35:44,790 --> 00:35:41,440

um that he had just been notified by mr

775

00:35:46,950 --> 00:35:44,800

d arthur barnes jr who's the fbi agent

776

00:35:48,470 --> 00:35:46,960

of a reported ufo in the area so this is

777

00:35:50,870 --> 00:35:48,480

like how it started

778

00:35:52,550 --> 00:35:50,880

lieutenant hicks said that mr barnes

779

00:35:54,069 --> 00:35:52,560

would like me to contact him at the

780

00:35:55,990 --> 00:35:54,079

state police

781

00:36:01,109 --> 00:35:56,000

yada yada

782

00:36:04,150 --> 00:36:03,030

so they went by the same vehicles

783

00:36:05,910 --> 00:36:04,160

interesting

784

00:36:10,069 --> 00:36:05,920

so it's kind of holders rundown of what

785

00:36:17,910 --> 00:36:11,829

but the interesting part i remember why

786

00:36:22,710 --> 00:36:19,750

and at the bottom here it says by

787

00:36:25,510 --> 00:36:22,720

request of the fbi

788

00:36:28,550 --> 00:36:25,520

please do not refer it to the fbi as

789

00:36:30,950 --> 00:36:28,560

participating in any fashion

790

00:36:36,150 --> 00:36:30,960

use of local law enforcement authorities

791

00:36:45,430 --> 00:36:38,870

interesting huh

792

00:36:50,150 --> 00:36:47,990

interesting

793

00:36:53,670 --> 00:36:50,160

how does that

794

00:36:54,970 --> 00:36:53,680

sir psych good comment yes i've seen

795

00:37:05,750 --> 00:36:54,980

this a couple times already

796

00:37:11,829 --> 00:37:08,150

um yeah so there are pictures of

797

00:37:15,910 --> 00:37:14,470

um in the pictures that

798

00:37:18,710 --> 00:37:15,920

you know that are in blue book and

799

00:37:20,150 --> 00:37:18,720

everything you can't really

800

00:37:22,950 --> 00:37:20,160

you can't really tell so much because

801
00:37:26,150 --> 00:37:22,960
the pictures aren't that great

802
00:37:29,750 --> 00:37:27,910
this is interesting because it actually

803
00:37:32,230 --> 00:37:29,760
has a measurement of

804
00:37:34,630 --> 00:37:32,240
the said footprints

805
00:37:36,870 --> 00:37:34,640
supposedly

806
00:37:39,270 --> 00:37:36,880
undetermined due to type of soil but

807
00:37:40,790 --> 00:37:39,280
possible end of footprint depth half an

808
00:37:42,950 --> 00:37:40,800
inch

809
00:37:46,230 --> 00:37:42,960
noted possibly more

810
00:37:49,510 --> 00:37:46,240
destroyed by personnel in that area

811
00:37:54,630 --> 00:37:51,910
footprints in soft sand

812
00:38:01,670 --> 00:37:54,640
note one set of prints in area

813
00:38:05,430 --> 00:38:03,430

so yeah

814

00:38:07,589 --> 00:38:05,440

you know what's interesting too is this

815

00:38:10,150 --> 00:38:07,599

you can tell that there's a drawing on

816

00:38:12,550 --> 00:38:10,160

the back of this

817

00:38:15,430 --> 00:38:12,560

you can see that

818

00:38:17,670 --> 00:38:15,440

what are they doing two-sided for

819

00:38:19,670 --> 00:38:17,680

so stupid

820

00:38:21,990 --> 00:38:19,680

because of you know you can ruin your

821

00:38:25,750 --> 00:38:23,270

but i think what they were drawn

822

00:38:31,670 --> 00:38:25,760

actually this is the back of it i would

823

00:38:31,680 --> 00:38:34,710

so

824

00:38:37,750 --> 00:38:36,069

you can read it kind of for yourself

825

00:38:39,910 --> 00:38:37,760

these are the different drawings you got

826

00:38:42,470 --> 00:38:39,920

a couple burns here burn one burn two

827

00:38:45,190 --> 00:38:42,480

burn three and then these are the prince

828

00:38:47,589 --> 00:38:45,200

one two three four and those are of oh

829

00:38:56,230 --> 00:38:47,599

there's another burn up there

830

00:38:58,790 --> 00:38:57,589

indicated that

831

00:39:00,480 --> 00:38:58,800

so i'm going over to the right

832

00:39:02,069 --> 00:39:00,490

examination

833

00:39:05,510 --> 00:39:02,079

[Music]

834

00:39:08,630 --> 00:39:05,520

the area indicated that one in two

835

00:39:11,349 --> 00:39:08,640

burns had heat applied in a straight or

836

00:39:13,109 --> 00:39:11,359

almost straight down direction

837

00:39:15,510 --> 00:39:13,119

and that you know lines up with the

838

00:39:18,230 --> 00:39:15,520

earlier document we looked at

839

00:39:20,710 --> 00:39:18,240

that said uh you know the 90 degree

840

00:39:24,390 --> 00:39:20,720

whatever with the legs and they have a

841

00:39:30,069 --> 00:39:26,069

and directly underneath it were the burn

842

00:39:33,750 --> 00:39:31,670

interesting about these burn marks is

843

00:39:35,589 --> 00:39:33,760

they did a chemical analysis on this

844

00:39:37,349 --> 00:39:35,599

stuff

845

00:39:39,430 --> 00:39:37,359

and they said that there is nothing

846

00:39:42,069 --> 00:39:39,440

weird no propellants no chemicals

847

00:39:43,750 --> 00:39:42,079

nothing

848

00:39:45,430 --> 00:39:43,760

if it was man-made too wouldn't it have

849

00:39:50,230 --> 00:39:45,440

something on there i don't know that's

850

00:39:59,510 --> 00:39:51,990

we got another

851
00:40:03,589 --> 00:40:01,430
another drawing these people were very

852
00:40:07,670 --> 00:40:03,599
talented artists

853
00:40:12,870 --> 00:40:09,109
i'm just kidding i'm not going to start

854
00:40:17,910 --> 00:40:15,670
but you can look at these on my website

855
00:40:21,670 --> 00:40:17,920
and all you have to do is go to the

856
00:40:23,670 --> 00:40:21,680
photos on my website blue book photos

857
00:40:25,589 --> 00:40:23,680
and you click on that and it shows you

858
00:40:27,270 --> 00:40:25,599
the hundreds of sets of photos i have

859
00:40:28,630 --> 00:40:27,280
and there's a few cases that i set up

860
00:40:31,109 --> 00:40:28,640
with the actual

861
00:40:34,630 --> 00:40:31,119
blue book cases to go along with those

862
00:40:37,109 --> 00:40:34,640
photos and this one um socorro is one of

863
00:40:37,119 --> 00:40:41,829

so this back to the symbol

864

00:40:46,710 --> 00:40:44,309

sketch made by a patrol man

865

00:40:49,829 --> 00:40:46,720

approximately five minutes

866

00:40:51,670 --> 00:40:49,839

after object departed

867

00:40:56,309 --> 00:40:51,680

so you can see what that looks like

868

00:41:00,470 --> 00:40:58,309

this would be the symbol there's no way

869

00:41:03,430 --> 00:41:00,480

anyone got to him fast enough and

870

00:41:06,710 --> 00:41:03,440

convinced him to make a fake symbol

871

00:41:08,710 --> 00:41:06,720

and he puts that down as a fake symbol

872

00:41:11,910 --> 00:41:08,720

five minutes after the object departed

873

00:41:14,309 --> 00:41:11,920

that i just don't buy it

874

00:41:16,790 --> 00:41:14,319

now the one thing you can say is how it

875

00:41:19,109 --> 00:41:16,800

says el zamora there the penmanship

876

00:41:22,230 --> 00:41:19,119

there is quite a bit different than how

877

00:41:28,870 --> 00:41:22,240

zamora signed his later drawings

878

00:41:35,430 --> 00:41:33,109

so who did that was which is which

879

00:41:38,309 --> 00:41:35,440

somehow we have to get

880

00:41:40,390 --> 00:41:38,319

zamora's penmanship or signature

881

00:41:43,270 --> 00:41:40,400

outside of this case

882

00:41:44,950 --> 00:41:43,280

and that i think would do a lot for this

883

00:41:49,589 --> 00:41:44,960

little bit here

884

00:41:55,589 --> 00:41:52,470

one could say that captain holder or the

885

00:41:57,109 --> 00:41:55,599

fbi agent who specifically told holder

886

00:41:58,630 --> 00:41:57,119

not to mention them

887

00:42:03,030 --> 00:41:58,640

being involved

888

00:42:03,040 --> 00:42:08,309

that's what i would say

889

00:42:11,750 --> 00:42:09,990

um this is a little bit more about the

890

00:42:14,309 --> 00:42:11,760

markings and as i said the laboratory

891

00:42:16,309 --> 00:42:14,319

analysis of soil samples disclose no

892

00:42:20,470 --> 00:42:16,319

foreign material or radiation above

893

00:42:25,270 --> 00:42:23,030

laboratory analysis of soil samples

894

00:42:26,710 --> 00:42:25,280

no for material or radiation above

895

00:42:28,710 --> 00:42:26,720

normal

896

00:42:32,470 --> 00:42:28,720

now it's interesting because i was told

897

00:42:34,950 --> 00:42:32,480

that this ufo witness show on television

898

00:42:37,750 --> 00:42:34,960

went to this site and recorded

899

00:42:40,060 --> 00:42:37,760

higher than normal radiation signals i

900

00:42:41,670 --> 00:42:40,070

haven't seen the episode

901
00:42:43,270 --> 00:42:41,680

[Music]

902
00:42:45,510 --> 00:42:43,280

but i guess my first thought anyways is

903
00:42:48,550 --> 00:42:45,520

so much time has passed

904
00:42:50,550 --> 00:42:48,560

would that even be relevant i don't know

905
00:42:54,470 --> 00:42:50,560

i don't know that works i would assume

906
00:42:58,470 --> 00:42:57,030

um the other symbols

907
00:43:01,589 --> 00:42:58,480

yeah we can get there

908
00:43:04,710 --> 00:43:01,599

um i'll just show you this first two

909
00:43:06,309 --> 00:43:04,720

here's a symbol without the ark on top

910
00:43:09,670 --> 00:43:06,319

interesting

911
00:43:12,470 --> 00:43:09,680

somebody put similar h19 medical version

912
00:43:14,150 --> 00:43:12,480

uh there is definitely not an h19

913
00:43:19,750 --> 00:43:14,160

medical version that is a straight up

914

00:43:19,760 --> 00:43:22,630

so

915

00:43:28,550 --> 00:43:24,230

i don't know who the hell

916

00:43:33,670 --> 00:43:30,950

um the other symbols yeah so the other

917

00:43:36,309 --> 00:43:33,680

symbols we can find first of all this is

918

00:43:39,750 --> 00:43:36,319

kind of the famous document that james

919

00:43:47,190 --> 00:43:39,760

james fox uh shared on his documentary

920

00:43:47,200 --> 00:43:54,230

so you can see this um dear r d and m

921

00:43:58,550 --> 00:43:56,309

i don't think i can remember off the top

922

00:44:03,190 --> 00:43:58,560

of my head no but i actually have this

923

00:44:11,109 --> 00:44:07,190

i have written this down yeah because

924

00:44:13,990 --> 00:44:11,119

so first my first question is who's rd m

925

00:44:15,750 --> 00:44:14,000

um and i looked it up a little bit and

926
00:44:17,510 --> 00:44:15,760
these three people were

927
00:44:21,030 --> 00:44:17,520
involved with this case in their first

928
00:44:22,550 --> 00:44:21,040
names match richard holder

929
00:44:24,630 --> 00:44:22,560
david moody

930
00:44:26,230 --> 00:44:24,640
and mast and jax

931
00:44:28,230 --> 00:44:26,240
and they're all mentioned at one point

932
00:44:30,790 --> 00:44:28,240
or another in these documents is taking

933
00:44:33,030 --> 00:44:30,800
part in this investigation

934
00:44:38,630 --> 00:44:33,040
so i would have to imagine that he's

935
00:44:45,270 --> 00:44:40,630
so here's the other symbol here that you

936
00:44:49,910 --> 00:44:48,150
you know first of all i i hate

937
00:44:52,870 --> 00:44:49,920
this beautiful cursive because it's hard

938
00:44:55,430 --> 00:44:52,880

to read it perfectly

939

00:45:01,270 --> 00:44:58,150

but yeah so it goes on to this it starts

940

00:45:05,270 --> 00:45:02,829

he draws it like

941

00:45:08,710 --> 00:45:05,280

that which is

942

00:45:12,710 --> 00:45:10,790

but also if they're meant to change it

943

00:45:15,670 --> 00:45:12,720

maybe at this point is he using a fake

944

00:45:18,069 --> 00:45:15,680

one on purpose in case

945

00:45:19,349 --> 00:45:18,079

somebody else sees it i don't know or is

946

00:45:20,390 --> 00:45:19,359

it vice versa

947

00:45:23,750 --> 00:45:20,400

so

948

00:45:26,069 --> 00:45:23,760

there's a ray stanford or whatever that

949

00:45:29,670 --> 00:45:26,079

actually took a picture with this letter

950

00:45:29,680 --> 00:45:34,550

and

951
00:45:37,349 --> 00:45:36,150
you know started like tearing up that he

952
00:45:40,069 --> 00:45:37,359
was like

953
00:45:43,190 --> 00:45:40,079
vindicated or whatever about his theory

954
00:45:45,670 --> 00:45:43,200
on the symbol which

955
00:45:47,750 --> 00:45:45,680
i don't know i guess that guy is not the

956
00:45:49,349 --> 00:45:47,760
most reliable

957
00:45:52,790 --> 00:45:49,359
i can't really say i haven't looked into

958
00:45:59,190 --> 00:45:55,990
so but this is that

959
00:46:00,870 --> 00:45:59,200
and then it goes into

960
00:46:01,910 --> 00:46:00,880
like he's got some house on the lake or

961
00:46:03,190 --> 00:46:01,920
something

962
00:46:07,030 --> 00:46:03,200
and then

963
00:46:08,950 --> 00:46:07,040

you know what i don't think is shown

964

00:46:12,550 --> 00:46:08,960

you know in the phenomenon movie with

965

00:46:16,870 --> 00:46:15,510

or elsewhere

966

00:46:21,270 --> 00:46:16,880

is

967

00:46:22,870 --> 00:46:21,280

second page

968

00:46:24,710 --> 00:46:22,880

which you know isn't really that great

969

00:46:30,950 --> 00:46:24,720

or anything it just talks about his

970

00:46:41,349 --> 00:46:33,510

that he is building and breaking ground

971

00:46:45,190 --> 00:46:43,750

kind of makes it you know yeah i get a

972

00:46:47,910 --> 00:46:45,200

lot of thoughts when i think about that

973

00:46:49,430 --> 00:46:47,920

stuff though like what

974

00:46:51,030 --> 00:46:49,440

what is he including that for but

975

00:46:52,630 --> 00:46:51,040

anyways in that letter so what he

976
00:46:54,230 --> 00:46:52,640
mentions in that letter that i just

977
00:46:56,309 --> 00:46:54,240
showed you is this company called

978
00:46:57,510 --> 00:46:56,319
astropower

979
00:47:00,390 --> 00:46:57,520
and

980
00:47:03,589 --> 00:47:00,400
he suggests or says maybe we should

981
00:47:08,230 --> 00:47:05,670
because why does he keep doing that god

982
00:47:12,950 --> 00:47:10,870
because this is their symbol

983
00:47:15,349 --> 00:47:12,960
and you can see to develop advanced

984
00:47:19,990 --> 00:47:15,359
propulsion systems and power equipment

985
00:47:23,430 --> 00:47:21,510
and that symbol

986
00:47:25,430 --> 00:47:23,440
there's no symbols of any of those

987
00:47:27,910 --> 00:47:25,440
companies that we went through that get

988
00:47:29,349 --> 00:47:27,920

even remotely close

989

00:47:31,589 --> 00:47:29,359

to the

990

00:47:32,790 --> 00:47:31,599

couple different symbols that we have to

991

00:47:34,630 --> 00:47:32,800

work with

992

00:47:38,630 --> 00:47:34,640

none of them get close this is the

993

00:47:41,190 --> 00:47:38,640

closest one to it

994

00:47:43,670 --> 00:47:41,200

now and you can imagine if they put that

995

00:47:45,430 --> 00:47:43,680

on a ship

996

00:47:47,750 --> 00:47:45,440

and they got rid of like this center

997

00:47:50,790 --> 00:47:47,760

atom thing

998

00:47:55,670 --> 00:47:53,190

i'd be more convinced

999

00:47:58,069 --> 00:47:55,680

definitely but still

1000

00:48:01,430 --> 00:47:58,079

but the interesting part of this is to

1001
00:48:05,510 --> 00:48:04,390
esther power's roots so douglas

1002
00:48:07,670 --> 00:48:05,520
um

1003
00:48:09,270 --> 00:48:07,680
douglas aircraft company subsidiary of

1004
00:48:11,349 --> 00:48:09,280
them

1005
00:48:13,109 --> 00:48:11,359
and as of now uh douglas aircraft

1006
00:48:14,549 --> 00:48:13,119
company where they're you know where

1007
00:48:18,230 --> 00:48:14,559
they ended up

1008
00:48:18,240 --> 00:48:23,430
so i find that interesting

1009
00:48:27,510 --> 00:48:24,950
i believe

1010
00:48:29,030 --> 00:48:27,520
um there is a ufo researcher on twitter

1011
00:48:31,109 --> 00:48:29,040
who actually was doing a lot of work

1012
00:48:34,150 --> 00:48:31,119
with the

1013
00:48:36,870 --> 00:48:34,160

you know believe him or not the

1014

00:48:38,470 --> 00:48:36,880

uh admiral wilson notes and was trying

1015

00:48:40,309 --> 00:48:38,480

to track down which company it would be

1016

00:48:42,950 --> 00:48:40,319

that had this material and she actually

1017

00:48:45,430 --> 00:48:42,960

got to pretty far and got to a place

1018

00:48:46,950 --> 00:48:45,440

where you know she thought it was bowing

1019

00:48:48,870 --> 00:48:46,960

so i don't know

1020

00:48:50,309 --> 00:48:48,880

long beach california we hear that all

1021

00:48:52,470 --> 00:48:50,319

the time

1022

00:48:55,109 --> 00:48:52,480

that's douglas aircraft

1023

00:48:56,150 --> 00:48:55,119

another interesting aspect about this

1024

00:48:57,349 --> 00:48:56,160

is

1025

00:48:59,270 --> 00:48:57,359

heinek

1026

00:49:00,549 --> 00:48:59,280

was given this

1027

00:49:03,910 --> 00:49:00,559

by a

1028

00:49:09,990 --> 00:49:05,349

and you can read that in forbidden

1029

00:49:14,710 --> 00:49:12,870

so i find that interesting

1030

00:49:17,750 --> 00:49:14,720

la's helping heineck with this stuff

1031

00:49:19,750 --> 00:49:17,760

sees this say check this out

1032

00:49:21,829 --> 00:49:19,760

but also

1033

00:49:27,589 --> 00:49:21,839

you know since this came up so much

1034

00:49:32,710 --> 00:49:29,910

that just makes you wonder like why does

1035

00:49:38,309 --> 00:49:32,720

he trying to

1036

00:49:42,069 --> 00:49:40,069

it could have been any funny business

1037

00:49:43,670 --> 00:49:42,079

other than just hey don't use the symbol

1038

00:49:45,510 --> 00:49:43,680

if they're still looking

1039

00:49:50,069 --> 00:49:45,520

and trying to find

1040

00:49:52,309 --> 00:49:50,079

the right symbol but if they are this

1041

00:49:58,710 --> 00:49:52,319

matches the first one to me it does not

1042

00:50:07,270 --> 00:50:03,109

that's another reason i personally think

1043

00:50:12,470 --> 00:50:09,829

that zamora initially drew five minutes

1044

00:50:18,390 --> 00:50:12,480

after the object departed is the real

1045

00:50:22,549 --> 00:50:21,750

that's what i think that's what i think

1046

00:50:24,230 --> 00:50:22,559

so

1047

00:50:25,589 --> 00:50:24,240

i kind of gave you everything i could

1048

00:50:27,430 --> 00:50:25,599

about the

1049

00:50:30,150 --> 00:50:27,440

symbols you know it's

1050

00:50:31,750 --> 00:50:30,160

still a confusion to me it just makes so

1051
00:50:32,870 --> 00:50:31,760
much more sense that it would be the

1052
00:50:36,549 --> 00:50:32,880
first one

1053
00:50:42,790 --> 00:50:39,030
um they never you know zamora doesn't

1054
00:50:44,150 --> 00:50:42,800
say that they told him not to draw it

1055
00:50:45,030 --> 00:50:44,160
you know when he's giving them their

1056
00:50:51,510 --> 00:50:45,040
case

1057
00:50:55,750 --> 00:50:52,829
but i don't

1058
00:50:57,990 --> 00:50:55,760
know i

1059
00:51:02,230 --> 00:50:58,000
don't know that's

1060
00:51:06,150 --> 00:51:03,829
so these may be a little bit of a

1061
00:51:08,870 --> 00:51:06,160
hodgepodge of a random thing before i

1062
00:51:11,349 --> 00:51:08,880
get to the final

1063
00:51:13,109 --> 00:51:11,359

part of this which are the documents

1064

00:51:19,109 --> 00:51:13,119

that i found in the the great falls

1065

00:51:23,670 --> 00:51:21,510

which i think are pretty interesting

1066

00:51:25,829 --> 00:51:23,680

to be quite honest with you um it

1067

00:51:28,069 --> 00:51:25,839

doesn't sew anything up no but it goes

1068

00:51:29,829 --> 00:51:28,079

to show how much more they investigated

1069

00:51:31,589 --> 00:51:29,839

this than

1070

00:51:34,309 --> 00:51:31,599

i think people realize as far as like a

1071

00:51:36,309 --> 00:51:34,319

man-made thing this one first of all it

1072

00:51:38,470 --> 00:51:36,319

says initially believed observation to

1073

00:51:40,150 --> 00:51:38,480

be lunar module type configuration

1074

00:51:42,309 --> 00:51:40,160

effort today cannot be

1075

00:51:44,069 --> 00:51:42,319

uh cannot place vehicle at site case

1076

00:51:48,630 --> 00:51:44,079

carried as unidentified pending

1077

00:51:48,640 --> 00:51:54,309

no big deal there i guess

1078

00:52:07,430 --> 00:51:55,750

um

1079

00:52:09,430 --> 00:52:07,440

so heinek is talking to uh chavez who

1080

00:52:10,870 --> 00:52:09,440

was uh zamora's buddy basically at the

1081

00:52:14,710 --> 00:52:10,880

cop shop

1082

00:52:16,950 --> 00:52:14,720

and tells him about uh menzel's uh like

1083

00:52:18,470 --> 00:52:16,960

hoax theory and how he had written that

1084

00:52:20,150 --> 00:52:18,480

whole thing up in in the letter and

1085

00:52:21,829 --> 00:52:20,160

everything he didn't want to read it to

1086

00:52:23,670 --> 00:52:21,839

zamora make him feel bad or whatever he

1087

00:52:26,870 --> 00:52:23,680

read it to chavez

1088

00:52:33,190 --> 00:52:28,710

chavez kind of just goes into what

1089

00:52:36,790 --> 00:52:35,349

he said i really feel sorry for lonnie

1090

00:52:38,950 --> 00:52:36,800

he said

1091

00:52:40,470 --> 00:52:38,960

he's had to take an awful lot

1092

00:52:42,470 --> 00:52:40,480

then he told of a recent case where

1093

00:52:44,150 --> 00:52:42,480

zamora was arresting a kid for speeding

1094

00:52:45,829 --> 00:52:44,160

and the kid said what do you want to

1095

00:52:48,069 --> 00:52:45,839

give me a ticket for don't you know a

1096

00:52:51,750 --> 00:52:48,079

flying saucer might come right down on

1097

00:52:55,750 --> 00:52:53,829

i asked him what the whole movie

1098

00:52:58,150 --> 00:52:55,760

situation had been on

1099

00:52:59,670 --> 00:52:58,160

been concerning on zamora and how it had

1100

00:53:01,829 --> 00:52:59,680

affected him he said zamora had not

1101

00:53:04,549 --> 00:53:01,839

wanted to be in the picture

1102

00:53:07,190 --> 00:53:04,559

but it was at the mayor's insistence via

1103

00:53:09,589 --> 00:53:07,200

his boss that he consented to do

1104

00:53:11,190 --> 00:53:09,599

so the movie is another aspect of this

1105

00:53:13,109 --> 00:53:11,200

case

1106

00:53:14,390 --> 00:53:13,119

um which a lot of people don't know but

1107

00:53:16,150 --> 00:53:14,400

the movie

1108

00:53:18,870 --> 00:53:16,160

was actually being made by

1109

00:53:22,390 --> 00:53:18,880

frank strange's who is an evangelic

1110

00:53:23,829 --> 00:53:22,400

evangelical uh pastor

1111

00:53:27,750 --> 00:53:23,839

who is making this movie called

1112

00:53:29,990 --> 00:53:27,760

phenomenon 7.7 which zamora his case was

1113

00:53:31,670 --> 00:53:30,000

going to be featured in it as well as

1114

00:53:33,990 --> 00:53:31,680

apparently a case in italy where they

1115

00:53:36,309 --> 00:53:34,000

had footage of an actual saucer

1116

00:53:38,790 --> 00:53:36,319

um and the thing was premiered but you

1117

00:53:40,069 --> 00:53:38,800

can't find it anywhere and some some say

1118

00:53:41,589 --> 00:53:40,079

it was later

1119

00:53:44,950 --> 00:53:41,599

translated to something called flying

1120

00:53:46,710 --> 00:53:44,960

saucers here now no not the book

1121

00:53:49,430 --> 00:53:46,720

by frank edwards

1122

00:53:53,430 --> 00:53:49,440

but a movie and it was on actual public

1123

00:53:55,589 --> 00:53:53,440

television and it aired a couple times

1124

00:53:57,990 --> 00:53:55,599

but you can't find that footage anywhere

1125

00:53:59,750 --> 00:53:58,000

online at least

1126
00:54:01,430 --> 00:53:59,760
nightcap is recorded as saying that

1127
00:54:03,990 --> 00:54:01,440
movie was terrible and it was a big

1128
00:54:06,549 --> 00:54:04,000
letdown so take that for what you want i

1129
00:54:11,030 --> 00:54:08,069
kind of rewind a little bit remember

1130
00:54:12,950 --> 00:54:11,040
that interplanetary blue cross

1131
00:54:16,630 --> 00:54:12,960
insurance so this is how i put it

1132
00:54:23,670 --> 00:54:19,109
i do not have entert interplanetary blue

1133
00:54:23,680 --> 00:54:29,589
i so that was interesting

1134
00:54:34,710 --> 00:54:31,190
and what's also interesting is what's

1135
00:54:36,069 --> 00:54:34,720
heinek getting more soil samples for

1136
00:54:38,470 --> 00:54:36,079
does he not trust the ones that were

1137
00:54:42,230 --> 00:54:38,480
already taken i don't know kind of

1138
00:54:46,789 --> 00:54:43,190

um

1139

00:54:49,270 --> 00:54:46,799

let me okay so now the final

1140

00:54:52,470 --> 00:54:49,280

interesting kind of aspect of their

1141

00:54:54,230 --> 00:54:52,480

investigation into a different

1142

00:54:56,870 --> 00:54:54,240

kind of company

1143

00:55:01,670 --> 00:54:56,880

comes by way of avco

1144

00:55:05,670 --> 00:55:04,150

spacing on what it was called

1145

00:55:07,510 --> 00:55:05,680

but it looked like a flying saucer

1146

00:55:09,750 --> 00:55:07,520

there's videos of it

1147

00:55:11,750 --> 00:55:09,760

i think it was an army or something

1148

00:55:13,190 --> 00:55:11,760

um and this video of it going like three

1149

00:55:15,030 --> 00:55:13,200

or four feet off the ground and it

1150

00:55:18,069 --> 00:55:15,040

wobbles and stuff and there's a guy in

1151

00:55:19,349 --> 00:55:18,079

it and it was known as a bust

1152

00:55:20,950 --> 00:55:19,359

um

1153

00:55:24,710 --> 00:55:20,960

was it really bust i don't know but

1154

00:55:24,720 --> 00:55:27,109

so

1155

00:55:32,870 --> 00:55:30,870

we have a letter here to hector

1156

00:55:35,910 --> 00:55:32,880

oh yeah this is different he's talking

1157

00:55:39,030 --> 00:55:35,920

about avro yeah this is avco oh this is

1158

00:55:42,309 --> 00:55:40,470

forget that that's why you're here

1159

00:55:43,829 --> 00:55:42,319

robert

1160

00:55:46,150 --> 00:55:43,839

oh yeah and for edmund we got to make

1161

00:55:48,390 --> 00:55:46,160

these documents bigger

1162

00:55:50,390 --> 00:55:48,400

i got to do that every time sorry

1163

00:55:51,829 --> 00:55:50,400

but this is interesting uh dear major

1164

00:55:54,390 --> 00:55:51,839

for what it's worth i pass it on it

1165

00:55:57,910 --> 00:55:54,400

refers to the squirrel case my

1166

00:56:03,589 --> 00:55:59,990

talking about the subject uh to one of

1167

00:56:06,309 --> 00:56:03,599

her dormitory mates at college and

1168

00:56:08,069 --> 00:56:06,319

succeeded in frightening roommate which

1169

00:56:10,150 --> 00:56:08,079

is interesting

1170

00:56:11,990 --> 00:56:10,160

uh the girl in question went home and

1171

00:56:13,990 --> 00:56:12,000

told her father who happens to work at

1172

00:56:15,910 --> 00:56:14,000

for avco he was quite interested but

1173

00:56:18,230 --> 00:56:15,920

said to the girl i can't tell you

1174

00:56:20,309 --> 00:56:18,240

anything about this but there is no need

1175

00:56:21,750 --> 00:56:20,319

for you to worry just don't give it

1176

00:56:24,390 --> 00:56:21,760

another thought

1177

00:56:26,390 --> 00:56:24,400

now either the father

1178

00:56:28,710 --> 00:56:26,400

knows something that efco is doing which

1179

00:56:30,710 --> 00:56:28,720

might have had a bearing on this or he

1180

00:56:36,630 --> 00:56:30,720

is simply trying to play the big no at

1181

00:56:39,270 --> 00:56:37,510

uh

1182

00:56:44,150 --> 00:56:39,280

kind of interesting

1183

00:56:45,589 --> 00:56:44,160

the more interesting part to me is

1184

00:56:48,309 --> 00:56:45,599

another letter

1185

00:56:51,430 --> 00:56:48,319

that mr heineck got in regards to that

1186

00:56:52,870 --> 00:56:51,440

and what the person did there

1187

00:56:55,910 --> 00:56:52,880

there are three plants in the boston

1188

00:56:57,349 --> 00:56:55,920

area operated by evco one in

1189

00:56:59,270 --> 00:56:57,359

waltham

1190

00:57:03,030 --> 00:56:59,280

everett and wilmington father there is

1191

00:57:05,270 --> 00:57:03,040

also a blank works in avco

1192

00:57:07,190 --> 00:57:05,280

r d the research and development plant

1193

00:57:09,589 --> 00:57:07,200

in wilmington she doesn't know beyond

1194

00:57:15,190 --> 00:57:09,599

that what the department he is in but

1195

00:57:19,589 --> 00:57:17,430

now that's interesting because uh white

1196

00:57:23,589 --> 00:57:19,599

sand specifically

1197

00:57:27,030 --> 00:57:25,670

so this father tells his daughter i

1198

00:57:32,150 --> 00:57:27,040

can't tell you anything about what

1199

00:57:37,190 --> 00:57:33,829

they look him up this is what he does

1200

00:57:40,309 --> 00:57:37,200

for the company works on rocket design

1201
00:57:42,150 --> 00:57:40,319
the episode happened right next to white

1202
00:57:44,789 --> 00:57:42,160
sands

1203
00:57:47,109 --> 00:57:44,799
who tested

1204
00:57:50,069 --> 00:57:47,119
still tests and is known for testing

1205
00:57:56,710 --> 00:57:52,630
doesn't explain the testimony of an

1206
00:58:00,549 --> 00:57:58,870
the only way this could something like

1207
00:58:02,470 --> 00:58:00,559
this could be possible

1208
00:58:04,710 --> 00:58:02,480
in my book

1209
00:58:05,670 --> 00:58:04,720
is if when this happened whoever showed

1210
00:58:08,710 --> 00:58:05,680
up

1211
00:58:09,570 --> 00:58:08,720
right away and that quick did a massive

1212
00:58:12,230 --> 00:58:09,580
cleanup job

1213
00:58:14,069 --> 00:58:12,240

[Music]

1214

00:58:15,829 --> 00:58:14,079

you know before anyone else got there

1215

00:58:17,829 --> 00:58:15,839

and told zamoro the story they're

1216

00:58:20,150 --> 00:58:17,839

sticking to

1217

00:58:23,510 --> 00:58:20,160

that's the only way that this would be

1218

00:58:30,230 --> 00:58:25,750

i just don't see that happening you can

1219

00:58:36,710 --> 00:58:33,030

uh what's that guy's name

1220

00:58:39,190 --> 00:58:36,720

mariah the mirage man guy who was

1221

00:58:40,470 --> 00:58:39,200

literally telling paul benowitz fake

1222

00:58:42,630 --> 00:58:40,480

stuff

1223

00:58:48,309 --> 00:58:42,640

because he was spying on their highly

1224

00:58:53,589 --> 00:58:51,589

this is more stuff about white sands

1225

00:58:56,630 --> 00:58:53,599

hector is going into it they're getting

1226
00:58:58,870 --> 00:58:56,640
special security clinches clearances for

1227
00:58:59,670 --> 00:58:58,880
hector

1228
00:59:07,750 --> 00:58:59,680
yeah

1229
00:59:10,789 --> 00:59:07,760
if you think of stuff like that

1230
00:59:13,910 --> 00:59:10,799
i don't know is that possible

1231
00:59:18,870 --> 00:59:16,390
could possibly be

1232
00:59:22,710 --> 00:59:18,880
but i'm not sure

1233
00:59:24,950 --> 00:59:22,720
but you can tell that captain hector

1234
00:59:26,069 --> 00:59:24,960
like didn't stop wanting to know what

1235
00:59:28,309 --> 00:59:26,079
was at

1236
00:59:29,750 --> 00:59:28,319
white sands missile base

1237
00:59:32,549 --> 00:59:29,760
he's going there he's getting special

1238
00:59:40,470 --> 00:59:32,559

clearances

1239

00:59:44,549 --> 00:59:41,750

so

1240

00:59:46,710 --> 00:59:44,559

request mdf which is

1241

00:59:48,470 --> 00:59:46,720

i'm not exactly sure what that stands

1242

00:59:49,589 --> 00:59:48,480

for but i know it's like a big boss type

1243

00:59:52,309 --> 00:59:49,599

of thing

1244

00:59:54,150 --> 00:59:52,319

uh assist visitor as necessary and

1245

00:59:56,150 --> 00:59:54,160

possible in his investigation to

1246

01:00:01,109 --> 00:59:56,160

logically account for this socorro

1247

01:00:05,349 --> 01:00:02,630

so

1248

01:00:08,069 --> 01:00:05,359

a little bit more on that

1249

01:00:10,789 --> 01:00:08,079

hector will arrive on about 6

1250

01:00:11,910 --> 01:00:10,799

64 for a meeting with mdc commander so

1251

01:00:14,309 --> 01:00:11,920

this is

1252

01:00:16,390 --> 01:00:14,319

the big shot commander

1253

01:00:20,630 --> 01:00:16,400

he's cleared up to and including top

1254

01:00:32,789 --> 01:00:23,349

so he's going to get the the rundown on

1255

01:00:36,390 --> 01:00:34,470

the possibility of a research vehicle

1256

01:00:38,549 --> 01:00:36,400

being involved in the sighting has been

1257

01:00:40,710 --> 01:00:38,559

investigated the army liaison office at

1258

01:00:42,390 --> 01:00:40,720

fdd has been contacted and the case has

1259

01:00:43,990 --> 01:00:42,400

been discussed with them at great length

1260

01:00:45,829 --> 01:00:44,000

however they have no knowledge of an

1261

01:00:47,829 --> 01:00:45,839

army research vehicle

1262

01:00:49,430 --> 01:00:47,839

which would leave marks such as those

1263

01:00:52,630 --> 01:00:49,440

found

1264

01:00:53,750 --> 01:00:52,640

um socorro lieutenant conkey and major

1265

01:00:54,829 --> 01:00:53,760

mittell

1266

01:00:57,589 --> 01:00:54,839

of the

1267

01:00:59,190 --> 01:00:57,599

afd afmdc

1268

01:01:02,230 --> 01:00:59,200

which actually i found some pretty good

1269

01:01:03,990 --> 01:01:02,240

cases in the archives looking that up

1270

01:01:06,230 --> 01:01:04,000

both of these officers were aware of the

1271

01:01:07,910 --> 01:01:06,240

case before our discussion however

1272

01:01:10,390 --> 01:01:07,920

neither one of them has any knowledge of

1273

01:01:12,470 --> 01:01:10,400

a vehicle in the holloman area such as

1274

01:01:14,470 --> 01:01:12,480

described in our report bell aircraft

1275

01:01:17,349 --> 01:01:14,480

company has been queried regarding their

1276

01:01:19,190 --> 01:01:17,359

research on a lunar landing vehicle

1277

01:01:21,670 --> 01:01:19,200

which would leave impressions on the

1278

01:01:24,870 --> 01:01:21,680

ground such as those found in socorro

1279

01:01:27,750 --> 01:01:24,880

one such vehicle has been delivered to

1280

01:01:33,109 --> 01:01:27,760

edwards air force base

1281

01:01:33,119 --> 01:01:36,870

however

1282

01:01:40,950 --> 01:01:38,870

the vehicle is not operational and is

1283

01:01:43,750 --> 01:01:40,960

not scheduled for tests until the latter

1284

01:01:45,510 --> 01:01:43,760

part of june 15 letters were written to

1285

01:01:47,430 --> 01:01:45,520

industrial companies asking them for

1286

01:01:49,589 --> 01:01:47,440

their research status on lunar landing

1287

01:01:51,589 --> 01:01:49,599

modules thus far information received

1288

01:01:53,990 --> 01:01:51,599

from these companies has not been useful

1289

01:01:57,829 --> 01:01:54,000

in solving the case nasa in washington

1290

01:02:03,029 --> 01:01:57,839

dc was contacted by s-a-f-o-i

1291

01:02:06,789 --> 01:02:04,789

colonel conkey while on a recent visit

1292

01:02:09,829 --> 01:02:06,799

to ftd remarked that security in

1293

01:02:11,990 --> 01:02:09,839

holloman is extremely tight uh regarding

1294

01:02:15,270 --> 01:02:12,000

scft

1295

01:02:20,230 --> 01:02:17,029

so this is interesting still believe

1296

01:02:24,630 --> 01:02:20,240

that tenant organizations at that base

1297

01:02:29,109 --> 01:02:26,630

could we ask home and base commander to

1298

01:02:30,390 --> 01:02:29,119

grant audience to fdd ufo project

1299

01:02:32,710 --> 01:02:30,400

officer

1300

01:02:34,309 --> 01:02:32,720

in order to discuss details of socorro

1301
01:02:42,950 --> 01:02:34,319
sighting significant developments have

1302
01:02:48,230 --> 01:02:45,109
so

1303
01:02:49,510 --> 01:02:48,240
we already looked at this one

1304
01:02:50,950 --> 01:02:49,520
so from there

1305
01:02:52,710 --> 01:02:50,960
they don't have

1306
01:02:54,470 --> 01:02:52,720
a resolution

1307
01:02:57,510 --> 01:02:54,480
they don't have well wound up being

1308
01:02:59,910 --> 01:02:57,520
avaco or it wound up being at

1309
01:03:02,630 --> 01:02:59,920
the air base

1310
01:03:07,589 --> 01:03:02,640
that's all they got so what are we

1311
01:03:12,150 --> 01:03:10,150
uh one thing i wanted to show is so the

1312
01:03:13,270 --> 01:03:12,160
lunar landing module as i showed you

1313
01:03:17,910 --> 01:03:13,280

earlier

1314

01:03:22,230 --> 01:03:19,990

and but i do want to show you one thing

1315

01:03:24,150 --> 01:03:22,240

that

1316

01:03:28,829 --> 01:03:24,160

could

1317

01:03:40,150 --> 01:03:30,390

possibly

1318

01:03:45,349 --> 01:03:42,789

um so again this is the like lunar

1319

01:03:48,630 --> 01:03:45,359

landing module or something i think i

1320

01:03:58,549 --> 01:03:51,990

that could not be right actually but

1321

01:03:58,559 --> 01:04:05,109

testing on

1322

01:04:12,549 --> 01:04:09,270

that is isn't a lunar landing um

1323

01:04:15,349 --> 01:04:12,559

module but

1324

01:04:21,190 --> 01:04:15,359

it is called a looning lander

1325

01:04:27,190 --> 01:04:24,150

lunar module stuff like that

1326

01:04:30,150 --> 01:04:27,200

but let me uh bring that up

1327

01:04:33,190 --> 01:04:30,160

because this and all honestly

1328

01:04:34,309 --> 01:04:33,200

i could think so this is the research

1329

01:04:37,750 --> 01:04:34,319

vehicle

1330

01:04:39,190 --> 01:04:37,760

it's different than what they're

1331

01:04:41,430 --> 01:04:39,200

discussing

1332

01:04:44,230 --> 01:04:41,440

and these apparently were only tested

1333

01:04:47,750 --> 01:04:44,240

from nasa but in california

1334

01:04:50,150 --> 01:04:47,760

so that's a far cry from where they were

1335

01:04:52,870 --> 01:04:50,160

but if you put

1336

01:04:56,069 --> 01:04:52,880

if you put a white freaking thing around

1337

01:04:56,079 --> 01:05:44,309

hear you just watching

1338

01:05:48,630 --> 01:05:46,309

so i don't know

1339

01:05:50,630 --> 01:05:48,640

this is like the closest thing that i

1340

01:05:52,630 --> 01:05:50,640

could think of and find that could

1341

01:05:55,430 --> 01:05:52,640

possibly be man-made and account for the

1342

01:06:00,309 --> 01:05:57,270

there's only room for one person in

1343

01:06:00,319 --> 01:06:08,710

and two people were reported

1344

01:06:13,430 --> 01:06:11,109

and it's completely like a cage there's

1345

01:06:20,789 --> 01:06:13,440

no white

1346

01:06:23,910 --> 01:06:22,230

but it definitely

1347

01:06:26,230 --> 01:06:23,920

there are a couple similarities one of

1348

01:06:27,750 --> 01:06:26,240

which is it shoots like flame out at

1349

01:06:29,510 --> 01:06:27,760

first

1350

01:06:31,990 --> 01:06:29,520

right underneath and then doesn't

1351

01:06:34,710 --> 01:06:32,000

anymore

1352

01:06:37,430 --> 01:06:34,720

can find these on youtube

1353

01:06:38,870 --> 01:06:37,440

um there it is

1354

01:06:41,109 --> 01:06:38,880

but i don't know what that is is that

1355

01:06:44,470 --> 01:06:41,119

flame that's not orange and blue

1356

01:06:48,230 --> 01:06:46,549

yeah that's a good point josh those look

1357

01:06:50,069 --> 01:06:48,240

to be wheels too

1358

01:06:52,150 --> 01:06:50,079

does that mean that there's

1359

01:06:53,990 --> 01:06:52,160

you know wasn't another type

1360

01:06:56,630 --> 01:06:54,000

that existed that it could be i don't

1361

01:07:01,190 --> 01:06:58,870

but that literally is like the closest

1362

01:07:02,470 --> 01:07:01,200

thing that i could find that would

1363

01:07:04,549 --> 01:07:02,480

that would

1364

01:07:08,870 --> 01:07:04,559

just you know being tested around that

1365

01:07:11,829 --> 01:07:10,150

um

1366

01:07:14,069 --> 01:07:11,839

and i still don't know if it does i

1367

01:07:19,349 --> 01:07:14,079

don't think it does

1368

01:07:25,029 --> 01:07:20,789

we got new

1369

01:07:32,630 --> 01:07:27,109

just not sure that any of it helps

1370

01:07:36,150 --> 01:07:34,309

in the man-made

1371

01:07:40,549 --> 01:07:36,160

department

1372

01:07:40,559 --> 01:07:44,390

um

1373

01:07:48,789 --> 01:07:46,470

but i think in the in the end really

1374

01:07:54,150 --> 01:07:51,430

this is kind of an example of just how

1375

01:07:59,589 --> 01:07:57,190

uh people will go to deny another type

1376

01:08:02,150 --> 01:07:59,599

of being

1377

01:08:03,430 --> 01:08:02,160

how much investigation and ever will be

1378

01:08:05,430 --> 01:08:03,440

put in

1379

01:08:08,309 --> 01:08:05,440

to figuring out and knowing that it's

1380

01:08:12,789 --> 01:08:08,319

man-made and it's not an alien or a

1381

01:08:18,309 --> 01:08:15,190

because think about it if it was if it

1382

01:08:21,749 --> 01:08:20,550

you know no one's ever going

1383

01:08:27,669 --> 01:08:21,759

to

1384

01:08:30,309 --> 01:08:28,950

you know

1385

01:08:32,950 --> 01:08:30,319

without

1386

01:08:34,630 --> 01:08:32,960

even with like a picture of a beautiful

1387

01:08:38,870 --> 01:08:34,640

alien craft people are going to think

1388

01:08:44,149 --> 01:08:41,349

and i always kind of go back to mr john

1389

01:08:45,510 --> 01:08:44,159

mack and it's not so much as a picture

1390

01:08:47,990 --> 01:08:45,520

or a video

1391

01:08:53,749 --> 01:08:48,000

but it's a world view

1392

01:08:53,759 --> 01:08:58,149

it's a world view that needs a shift

1393

01:09:05,510 --> 01:09:00,309

to give people the ability to believe in

1394

01:09:12,070 --> 01:09:07,430

and until that happens i'm not really

1395

01:09:16,789 --> 01:09:14,149

unless

1396

01:09:18,630 --> 01:09:16,799

without having like your own experience

1397

01:09:20,149 --> 01:09:18,640

even having a sighting sometimes isn't

1398

01:09:21,510 --> 01:09:20,159

enough

1399

01:09:23,910 --> 01:09:21,520

to believe that there could be a

1400

01:09:27,990 --> 01:09:23,920

different kind of life

1401

01:09:28,000 --> 01:09:32,149

you know

1402

01:09:36,709 --> 01:09:35,030

but sometimes i think

1403

01:09:38,470 --> 01:09:36,719

you know especially in the ufo community

1404

01:09:40,950 --> 01:09:38,480

we put too much pressure on ourselves to

1405

01:09:42,789 --> 01:09:40,960

make a decision

1406

01:09:45,510 --> 01:09:42,799

on what we believe about this case or

1407

01:09:47,510 --> 01:09:45,520

that case or what i saw or didn't see or

1408

01:09:49,590 --> 01:09:47,520

does this exist or does it not like you

1409

01:09:53,430 --> 01:09:49,600

don't have to pick a side

1410

01:09:58,550 --> 01:09:54,709

you know

1411

01:09:58,560 --> 01:10:01,350

because you never know

1412

01:10:01,360 --> 01:10:07,110

that being said um

1413

01:10:11,590 --> 01:10:10,070

you know i i did post on my twitter the

1414

01:10:13,189 --> 01:10:11,600

the pretty cool documents that i have

1415

01:10:15,110 --> 01:10:13,199

but i think i'm gonna have to wind up

1416

01:10:17,189 --> 01:10:15,120

saving that for

1417

01:10:19,350 --> 01:10:17,199

uh i'll do it thursday

1418

01:10:20,790 --> 01:10:19,360

because i don't have anything thursday

1419

01:10:21,910 --> 01:10:20,800

so those are those are pretty great

1420

01:10:23,270 --> 01:10:21,920

documents

1421

01:10:24,149 --> 01:10:23,280

if you want to cheat you can look at

1422

01:10:27,910 --> 01:10:24,159

them now

1423

01:10:29,270 --> 01:10:27,920

on my twitter their nasa documents well

1424

01:10:31,270 --> 01:10:29,280

they're about

1425

01:10:34,630 --> 01:10:31,280

nasa pretty much

1426

01:10:38,950 --> 01:10:36,870

there's this guy who is flying to x-15

1427

01:10:39,910 --> 01:10:38,960

some you know depending on who you are

1428

01:10:41,910 --> 01:10:39,920

you may

1429

01:10:45,510 --> 01:10:41,920

i remember this but he was a nasa pilot

1430

01:10:47,910 --> 01:10:45,520

flying at x-15 and he saw flag saucers

1431

01:10:48,790 --> 01:10:47,920

and these documents are about the air

1432

01:10:52,470 --> 01:10:48,800

force

1433

01:10:55,590 --> 01:10:52,480

um officially being the release

1434

01:10:57,110 --> 01:10:55,600

releasing agent for these videos of the

1435

01:10:59,189 --> 01:10:57,120

saucer that they're gonna give out to

1436

01:11:01,990 --> 01:10:59,199

the news and there's a back and forth

1437

01:11:04,709 --> 01:11:02,000

about how nasa says no absolutely not oh

1438

01:11:06,149 --> 01:11:04,719

but it's too late and so on and so forth

1439

01:11:07,990 --> 01:11:06,159

and they wind up giving the press

1440

01:11:09,750 --> 01:11:08,000

outlets a black and white version which

1441

01:11:12,390 --> 01:11:09,760

admittedly they said

1442

01:11:14,149 --> 01:11:12,400

give me blue book the colored version

1443

01:11:15,590 --> 01:11:14,159

because that's going to have more uh

1444

01:11:17,910 --> 01:11:15,600

detail

1445

01:11:20,630 --> 01:11:17,920

but they don't give that to the to the

1446

01:11:23,750 --> 01:11:20,640

press so that's pretty interesting

1447

01:11:25,510 --> 01:11:23,760

um i forget the guy's name already

1448

01:11:27,910 --> 01:11:25,520

but um

1449

01:11:29,830 --> 01:11:27,920

it's there in the videos out there too

1450

01:11:32,870 --> 01:11:29,840

um

1451

01:11:35,990 --> 01:11:32,880

a twitter friend actually posted that

1452

01:11:37,270 --> 01:11:36,000

and i retweeted it so

1453

01:11:39,189 --> 01:11:37,280

if you want

1454

01:11:41,189 --> 01:11:39,199

if you're a twitter savvy you can go on

1455

01:11:43,110 --> 01:11:41,199

my page and find that should be you know

1456

01:11:44,870 --> 01:11:43,120

within the last few posts

1457

01:11:46,870 --> 01:11:44,880

so you can check that out

1458

01:11:50,310 --> 01:11:46,880

um and

1459

01:11:52,630 --> 01:11:50,320

the other document i have is in regards

1460

01:11:55,510 --> 01:11:52,640

to somebody finding some

1461

01:11:57,270 --> 01:11:55,520

material they thought was a meteorite in

1462

01:11:58,790 --> 01:11:57,280

europa and brought it back to have it

1463

01:12:01,030 --> 01:11:58,800

analyzed by blue book turns out it was

1464

01:12:03,189 --> 01:12:01,040

not a meteorite

1465

01:12:06,070 --> 01:12:03,199

but there is like a little

1466

01:12:08,709 --> 01:12:06,080

hint at a backroom deal

1467

01:12:11,750 --> 01:12:08,719

on finding more materials

1468

01:12:13,510 --> 01:12:11,760

and getting them to blue book

1469

01:12:14,390 --> 01:12:13,520

pretty interesting

1470

01:12:17,830 --> 01:12:14,400

so

1471

01:12:23,030 --> 01:12:20,149

i'm going to get out of here

1472

01:12:25,030 --> 01:12:23,040

uh this was a this was a

1473

01:12:27,110 --> 01:12:25,040

there's a lot to this show

1474

01:12:29,030 --> 01:12:27,120

um i did a lot of research a lot of

1475

01:12:32,229 --> 01:12:29,040

reading these documents

1476

01:12:35,750 --> 01:12:32,239

um the newer type documents and i think

1477

01:12:37,590 --> 01:12:35,760

i pretty much covered everything

1478

01:12:39,189 --> 01:12:37,600

that's out there for the most part

1479

01:12:42,709 --> 01:12:39,199

that's important

1480

01:12:43,750 --> 01:12:42,719

um if i didn't that's fine let me know

1481

01:12:45,750 --> 01:12:43,760

um

1482

01:12:48,870 --> 01:12:45,760

and you know if it's

1483

01:12:50,550 --> 01:12:48,880

i apologize but i think i think i got

1484

01:12:51,990 --> 01:12:50,560

all the important stuff we got the sign

1485

01:12:53,030 --> 01:12:52,000

the movie

1486

01:12:54,470 --> 01:12:53,040

um

1487

01:12:56,229 --> 01:12:54,480

the investigations into the other

1488

01:12:59,189 --> 01:12:56,239

companies

1489

01:13:00,630 --> 01:12:59,199

nasa uh the research vehicle which i

1490

01:13:02,870 --> 01:13:00,640

kind of just

1491

01:13:04,550 --> 01:13:02,880

no one hinted that that was anything i

1492

01:13:07,350 --> 01:13:04,560

was just doing some research and found

1493

01:13:09,040 --> 01:13:07,360

the research vehicle it's like that

1494

01:13:10,470 --> 01:13:09,050

maybe

1495

01:13:11,590 --> 01:13:10,480

[Music]

1496

01:13:12,870 --> 01:13:11,600

i don't know

1497

01:13:14,709 --> 01:13:12,880

so

1498

01:13:17,030 --> 01:13:14,719

don't forget to like the video i forget

1499

01:13:19,510 --> 01:13:17,040

i keep forgetting to tell you guys um i

1500

01:13:21,669 --> 01:13:19,520

really appreciate you guys um

1501

01:13:23,830 --> 01:13:21,679

you know watching these and and hanging

1502

01:13:25,510 --> 01:13:23,840

out and chatting please

1503

01:13:27,990 --> 01:13:25,520

like the video

1504

01:13:29,110 --> 01:13:28,000

um subscribe if you haven't if you're

1505

1529

01:14:23,910 --> 01:14:20,480

grandmaster

1530

01:14:25,510 --> 01:14:23,920

uh lord bass and don't forget

1531

01:14:26,950 --> 01:14:25,520

that um

1532

01:14:28,950 --> 01:14:26,960

because i never tell you so it's not up

1533

01:14:31,910 --> 01:14:28,960

to you to forget really but

1534

01:14:32,950 --> 01:14:31,920

um i've been making some of these videos

1535

01:14:36,709 --> 01:14:32,960

private

1536

01:14:38,950 --> 01:14:36,719

or only to a few members

1537

01:14:42,070 --> 01:14:38,960

or only two members

1538

01:14:43,270 --> 01:14:42,080

um after a certain amount of time so i i

1539

01:14:44,870 --> 01:14:43,280

don't plan on doing that with like

1540

01:14:46,790 --> 01:14:44,880

interviews that include other people

1541

01:14:49,350 --> 01:14:46,800

with shows like these or

1542

01:14:51,590 --> 01:14:49,360

individual solo research shows um i'm

1543

01:14:54,229 --> 01:14:51,600

starting to do that it's like a dollar a

1544

01:14:57,350 --> 01:14:54,239

month so you'll notice when you do that

1545

01:14:58,950 --> 01:14:57,360

you know you get about 200 more episodes

1546

01:15:01,350 --> 01:14:58,960

so depending on how much you like this

1547

01:15:02,790 --> 01:15:01,360

show i guess but that helps too

1548

01:15:04,870 --> 01:15:02,800

so

1549

01:15:07,510 --> 01:15:04,880

benji youtube buddy

1550

01:15:12,310 --> 01:15:07,520

1553

01:15:26,310 --> 01:15:22,830
