

**2021 YEAR IN REVIEW
WITH
JAY CHRISTOPHER KING
CHRISTOPHER SHARP**

1
00:00:50,250 --> 00:00:47,990
[Music]

2
00:01:31,480 --> 00:00:50,260
so

3
00:01:55,429 --> 00:01:38,150
[Music]

4
00:02:00,310 --> 00:01:57,749
what's up everybody

5
00:02:01,590 --> 00:02:00,320
thanks for joining me today

6
00:02:03,749 --> 00:02:01,600
um

7
00:02:05,749 --> 00:02:03,759
it is pretty cold and windy and

8
00:02:07,670 --> 00:02:05,759
miserable where i am

9
00:02:11,430 --> 00:02:07,680
so i hope things are going a little bit

10
00:02:12,790 --> 00:02:11,440
better over by you weather-wise

11
00:02:15,430 --> 00:02:12,800
but you know

12
00:02:17,430 --> 00:02:15,440
what can you really ask for it is

13
00:02:20,150 --> 00:02:17,440

january so

14

00:02:22,390 --> 00:02:20,160

just gonna kind of roll with that

15

00:02:24,229 --> 00:02:22,400

so luckily i have a couple great friends

16

00:02:26,309 --> 00:02:24,239

here with me today

17

00:02:29,110 --> 00:02:26,319

and we're going to discuss

18

00:02:33,270 --> 00:02:29,120

the year of 2021

19

00:02:35,350 --> 00:02:33,280

which will go down in uap

20

00:02:37,990 --> 00:02:35,360

ufo history

21

00:02:39,910 --> 00:02:38,000

as probably one of the biggest years the

22

00:02:42,229 --> 00:02:39,920

topic has ever seen

23

00:02:44,470 --> 00:02:42,239

um and i am just so grateful that i

24

00:02:46,790 --> 00:02:44,480

could be a part of it uh along with the

25

00:02:48,830 --> 00:02:46,800

two uh gentlemen that will be joining me

26

00:02:52,550 --> 00:02:48,840

today

27

00:02:55,270 --> 00:02:52,560

um and yeah so

28

00:02:57,030 --> 00:02:55,280

first i'll introduce the man to myth the

29

00:02:59,750 --> 00:02:57,040

legend

30

00:03:01,270 --> 00:02:59,760

mr christopher how are you

31

00:03:04,070 --> 00:03:01,280

hey i'm doing really well how are you

32

00:03:05,430 --> 00:03:04,080

doing john i'm doing excellent how was

33

00:03:07,350 --> 00:03:05,440

your holidays

34

00:03:09,030 --> 00:03:07,360

it was a happy holidays

35

00:03:10,790 --> 00:03:09,040

hey

36

00:03:13,270 --> 00:03:10,800

right

37

00:03:15,670 --> 00:03:13,280

it's fantastic yeah i love the new intro

38

00:03:17,990 --> 00:03:15,680

oh thank you and the new backdrop here

39

00:03:20,309 --> 00:03:18,000

looks great thank you thank you i missed

40

00:03:22,229 --> 00:03:20,319

you man it's good to see you again misty

41

00:03:23,270 --> 00:03:22,239

too brother missed you too

42

00:03:24,229 --> 00:03:23,280

so

43

00:03:25,990 --> 00:03:24,239

um

44

00:03:28,309 --> 00:03:26,000

you know

45

00:03:30,470 --> 00:03:28,319

there has been a shining star that has

46

00:03:31,589 --> 00:03:30,480

come out of 2021

47

00:03:34,470 --> 00:03:31,599

um

48

00:03:36,470 --> 00:03:34,480

and i'm thankful to know him he has

49

00:03:38,229 --> 00:03:36,480

um run a beautiful website called

50

00:03:40,550 --> 00:03:38,239

liberation times that you know i was

51
00:03:42,070 --> 00:03:40,560
honored to put a couple pieces out on

52
00:03:44,550 --> 00:03:42,080
um but

53
00:03:46,309 --> 00:03:44,560
regardless of those i mean that really

54
00:03:47,110 --> 00:03:46,319
those pieces made the site what they

55
00:03:47,740 --> 00:03:47,120
were

56
00:03:49,350 --> 00:03:47,750
committed

57
00:03:51,270 --> 00:03:49,360
[Laughter]

58
00:03:53,750 --> 00:03:51,280
but you know let's just throw those out

59
00:03:55,270 --> 00:03:53,760
for a second

60
00:03:56,390 --> 00:03:55,280
there's been other good work on there

61
00:03:58,309 --> 00:03:56,400
too

62
00:04:00,710 --> 00:03:58,319
i was on there for a few hours earlier

63
00:04:02,710 --> 00:04:00,720

today but it's probably

64

00:04:03,509 --> 00:04:02,720

it's probably the worst but

65

00:04:14,949 --> 00:04:03,519

no

66

00:04:18,550 --> 00:04:14,959

bringing amazing news um to this

67

00:04:21,590 --> 00:04:18,560

community with integrity uh details uh

68

00:04:23,990 --> 00:04:21,600

honest truth and pure goodness so

69

00:04:26,390 --> 00:04:24,000

without further ado i bring them in

70

00:04:29,270 --> 00:04:26,400

mr christopher sharp how are you today

71

00:04:30,629 --> 00:04:29,280

sir hey guys thank you very much um so

72

00:04:32,150 --> 00:04:30,639

i'm like jay i wasn't really a fan of

73

00:04:35,200 --> 00:04:32,160

your opening actually i think it needs a

74

00:04:38,550 --> 00:04:35,210

little bit of living out uh

75

00:04:42,870 --> 00:04:38,560

[Laughter]

76

00:04:44,070 --> 00:04:42,880

you know maybe some dance rhythms um

77

00:04:46,390 --> 00:04:44,080

yeah

78

00:04:48,230 --> 00:04:46,400

definitely make some nordic blondes and

79

00:04:50,310 --> 00:04:48,240

some insect toys or something like that

80

00:04:52,070 --> 00:04:50,320

you know a bit of horror put in there as

81

00:04:53,430 --> 00:04:52,080

well

82

00:04:55,350 --> 00:04:53,440

yeah

83

00:04:58,230 --> 00:04:55,360

i like i like christopher's idea of

84

00:04:59,350 --> 00:04:58,240

bringing in the uh space brothers sean i

85

00:05:00,400 --> 00:04:59,360

think that that

86

00:05:04,310 --> 00:05:00,410

that's pretty awesome

87

00:05:06,150 --> 00:05:04,320

[Laughter]

88

00:05:07,830 --> 00:05:06,160

right now it's awesome how was your

89

00:05:09,430 --> 00:05:07,840

holiday sir

90

00:05:11,909 --> 00:05:09,440

um it was really really good thank you

91

00:05:14,469 --> 00:05:11,919

very much um we had a coverage-free

92

00:05:15,749 --> 00:05:14,479

household um thank god

93

00:05:18,070 --> 00:05:15,759

uh

94

00:05:20,710 --> 00:05:18,080

yeah lots of presents my son no presence

95

00:05:22,830 --> 00:05:20,720

of me unfortunately um it's part of

96

00:05:25,189 --> 00:05:22,840

growing up i suppose and being a dad but

97

00:05:26,310 --> 00:05:25,199

yeah all really good me how about you

98

00:05:27,430 --> 00:05:26,320

guys

99

00:05:29,830 --> 00:05:27,440

great

100

00:05:32,710 --> 00:05:29,840

yeah i got an espresso machine

101
00:05:35,270 --> 00:05:32,720
oh man yeah i had a great holiday um one

102
00:05:37,670 --> 00:05:35,280
of my big presents for my partner

103
00:05:39,590 --> 00:05:37,680
i got her this really fancy watch that

104
00:05:41,590 --> 00:05:39,600
she'd been kind of had had her eye on a

105
00:05:43,510 --> 00:05:41,600
little bit and uh

106
00:05:46,150 --> 00:05:43,520
and i ordered it

107
00:05:49,270 --> 00:05:46,160
as a cheapskate from eastern europe and

108
00:05:51,270 --> 00:05:49,280
it it's like it just i just got a notice

109
00:05:52,629 --> 00:05:51,280
today that it just got through customs

110
00:05:55,590 --> 00:05:52,639
so hopefully

111
00:05:56,870 --> 00:05:55,600
uh by next christmas uh one year after

112
00:05:59,350 --> 00:05:56,880
it was supposed to be here it'll

113
00:06:01,270 --> 00:05:59,360

actually be here so that you know but

114

00:06:03,990 --> 00:06:01,280

luckily she's she's an understanding

115

00:06:06,870 --> 00:06:04,000

person and uh the holiday went well

116

00:06:08,710 --> 00:06:06,880

regardless yeah and new year's went well

117

00:06:10,710 --> 00:06:08,720

as well my wife pulled one of those on

118

00:06:12,710 --> 00:06:10,720

me it's in the mail i don't know why

119

00:06:14,390 --> 00:06:12,720

it's taking so long i'm like honey just

120

00:06:15,590 --> 00:06:14,400

just tell me you freaking forgot it's

121

00:06:17,990 --> 00:06:15,600

not a big deal

122

00:06:20,150 --> 00:06:18,000

you know i don't care

123

00:06:22,070 --> 00:06:20,160

see but but i have the receipts man i

124

00:06:23,749 --> 00:06:22,080

ordered this thing like the week of

125

00:06:25,749 --> 00:06:23,759

thanksgiving and

126

00:06:27,270 --> 00:06:25,759

anyway i'm still a little bit sore about

127

00:06:29,270 --> 00:06:27,280

it but other than that

128

00:06:30,710 --> 00:06:29,280

the holidays were fantastic went home

129

00:06:31,590 --> 00:06:30,720

for the first time in years that was

130

00:06:34,710 --> 00:06:31,600

great

131

00:06:36,469 --> 00:06:34,720

yeah it's awesome yeah that is cool um

132

00:06:37,590 --> 00:06:36,479

that must have been really really nice

133

00:06:39,670 --> 00:06:37,600

for you

134

00:06:41,350 --> 00:06:39,680

um

135

00:06:43,590 --> 00:06:41,360

going over there going home for the

136

00:06:45,909 --> 00:06:43,600

holidays yeah holidays are pretty weird

137

00:06:47,189 --> 00:06:45,919

with corona stuff going on and all that

138

00:06:50,150 --> 00:06:47,199

but you know

139

00:06:52,230 --> 00:06:50,160

i think um at least my wife and i made

140

00:06:54,629 --> 00:06:52,240

the best of it for sure

141

00:06:56,070 --> 00:06:54,639

um we were kind to each other and you

142

00:06:57,909 --> 00:06:56,080

know we usually don't get each other any

143

00:06:59,749 --> 00:06:57,919

gifts but this year we got each other a

144

00:07:01,990 --> 00:06:59,759

couple gifts i got her like a

145

00:07:04,469 --> 00:07:02,000

indoor outdoor greenhouse thing and you

146

00:07:06,550 --> 00:07:04,479

know and can't spend money for a while

147

00:07:09,589 --> 00:07:06,560

but you know that's how you do it that's

148

00:07:12,550 --> 00:07:09,599

how you roll so i'm sure but christopher

149

00:07:13,430 --> 00:07:12,560

you know on to you sir

150

00:07:18,790 --> 00:07:13,440

i

151
00:07:21,350 --> 00:07:18,800
correct

152
00:07:23,029 --> 00:07:21,360
yeah with the we were you know doing our

153
00:07:24,710 --> 00:07:23,039
big phone home stuff

154
00:07:26,150 --> 00:07:24,720
and you were killing it

155
00:07:27,670 --> 00:07:26,160
and i just threw it out there hey you

156
00:07:28,870 --> 00:07:27,680
need help and you're like hell yeah i

157
00:07:30,790 --> 00:07:28,880
need help and

158
00:07:32,790 --> 00:07:30,800
then i made those like all those videos

159
00:07:33,990 --> 00:07:32,800
and stuff for it

160
00:07:40,070 --> 00:07:34,000
and

161
00:07:43,430 --> 00:07:40,080
doing that

162
00:07:45,430 --> 00:07:43,440
um and now you started your own site

163
00:07:49,110 --> 00:07:45,440

liberation times

164

00:07:49,830 --> 00:07:49,120

um it might be cliché to ask but

165

00:07:51,510 --> 00:07:49,840

uh

166

00:07:53,430 --> 00:07:51,520

you know what made you want to start

167

00:07:54,790 --> 00:07:53,440

your own website that's a that's a lot

168

00:07:56,869 --> 00:07:54,800

to take on

169

00:07:58,309 --> 00:07:56,879

um you know if i know you

170

00:08:00,230 --> 00:07:58,319

if you do something you want to do it

171

00:08:02,150 --> 00:08:00,240

right you want to do it well

172

00:08:03,990 --> 00:08:02,160

so that's a responsibility you took on

173

00:08:07,670 --> 00:08:04,000

there what made you do it

174

00:08:10,869 --> 00:08:09,029

and

175

00:08:14,309 --> 00:08:10,879

it was summer i was like oh gosh what do

176

00:08:17,350 --> 00:08:14,319

i do now um so i thought to myself um

177

00:08:20,469 --> 00:08:17,360

i'd learned to do squarespace um

178

00:08:22,710 --> 00:08:20,479

in in my role um so i thought

179

00:08:25,270 --> 00:08:22,720

let's put those skills to good use so i

180

00:08:27,749 --> 00:08:25,280

created a website on squarespace and

181

00:08:28,869 --> 00:08:27,759

started chucking some articles out there

182

00:08:34,630 --> 00:08:28,879

um

183

00:08:37,190 --> 00:08:34,640

i think only since november it started

184

00:08:39,110 --> 00:08:37,200

to really get serious i stopped for a

185

00:08:40,870 --> 00:08:39,120

little bit in october

186

00:08:42,949 --> 00:08:40,880

then when sending it in november got

187

00:08:44,710 --> 00:08:42,959

some really good feedback so

188

00:08:46,550 --> 00:08:44,720

it's just like really really just like

189

00:08:49,750 --> 00:08:46,560

spiraled since then it's upwards of

190

00:08:52,790 --> 00:08:49,760

cameras but um yeah yeah so uh it's been

191

00:08:54,070 --> 00:08:52,800

a great journey so far

192

00:08:55,750 --> 00:08:54,080

yeah i'm proud of you dude and

193

00:08:59,190 --> 00:08:55,760

especially you got those

194

00:09:01,269 --> 00:08:59,200

uh comments by uh christopher mellon and

195

00:09:02,790 --> 00:09:01,279

you know uh ross kolhart shared a couple

196

00:09:04,550 --> 00:09:02,800

of your things

197

00:09:06,550 --> 00:09:04,560

i mean you got to feel good about that

198

00:09:07,430 --> 00:09:06,560

that's for sure

199

00:09:13,430 --> 00:09:07,440

so

200

00:09:15,430 --> 00:09:13,440

about um leaving a legacy and um

201
00:09:19,030 --> 00:09:15,440
you know i'm not getting paid very much

202
00:09:22,790 --> 00:09:20,470
i mean you'll put an article you'll like

203
00:09:25,910 --> 00:09:22,800
spend 10 hours and you'll look at the ad

204
00:09:28,230 --> 00:09:25,920
money it'd be like you made two pounds

205
00:09:31,670 --> 00:09:28,240
like go into the private sector today

206
00:09:36,710 --> 00:09:34,310
no it's having time for my son

207
00:09:38,949 --> 00:09:36,720
um doing something i love and leaving a

208
00:09:39,590 --> 00:09:38,959
legacy thinking actually what i'm doing

209
00:09:41,430 --> 00:09:39,600
is

210
00:09:42,949 --> 00:09:41,440
um you know making the world a better

211
00:09:44,790 --> 00:09:42,959
place which which i guess we're all

212
00:09:45,750 --> 00:09:44,800
doing aren't we

213
00:09:49,430 --> 00:09:45,760

yeah

214

00:09:51,190 --> 00:09:49,440

it's been a pretty big year for each of

215

00:09:54,230 --> 00:09:51,200

us in our own ways

216

00:09:56,310 --> 00:09:54,240

uh christopher how important was 20 21

217

00:09:58,230 --> 00:09:56,320

for you on a personal and professional

218

00:10:03,350 --> 00:09:58,240

level

219

00:10:06,389 --> 00:10:03,360

was just really challenging i think like

220

00:10:08,949 --> 00:10:06,399

for all of us with um kevin 19

221

00:10:10,630 --> 00:10:08,959

um and just trying to adapt and everyone

222

00:10:13,030 --> 00:10:10,640

being stressed out

223

00:10:15,350 --> 00:10:13,040

trying to adapt with child care wife in

224

00:10:17,750 --> 00:10:15,360

the nhs being a nurse

225

00:10:19,509 --> 00:10:17,760

um it's been really challenging um

226

00:10:20,949 --> 00:10:19,519

especially for the first

227

00:10:21,750 --> 00:10:20,959

the second quarter

228

00:10:23,670 --> 00:10:21,760

um

229

00:10:26,069 --> 00:10:23,680

and then i guess since i quit my job

230

00:10:28,790 --> 00:10:26,079

it's been a lot easier having that free

231

00:10:30,150 --> 00:10:28,800

time and it's helped everyone um

232

00:10:32,790 --> 00:10:30,160

professionally

233

00:10:34,949 --> 00:10:32,800

um yeah i mean i was just doing same old

234

00:10:37,829 --> 00:10:34,959

disabled public relations public affairs

235

00:10:39,990 --> 00:10:37,839

work in the first two quarters um and

236

00:10:42,949 --> 00:10:40,000

then the second two quarters have been

237

00:10:45,350 --> 00:10:42,959

like doing liberation times and um

238

00:10:46,470 --> 00:10:45,360

yeah i feel like i really love writing i

239

00:10:49,110 --> 00:10:46,480

really love

240

00:10:51,430 --> 00:10:49,120

journalism i love connecting the dots

241

00:10:53,990 --> 00:10:51,440

and i love looking for details

242

00:10:56,870 --> 00:10:54,000

making sure each article is

243

00:10:58,790 --> 00:10:56,880

the best it can be and sean you know how

244

00:11:00,550 --> 00:10:58,800

much time

245

00:11:02,389 --> 00:11:00,560

you know we can spend on these articles

246

00:11:04,389 --> 00:11:02,399

when we're writing and just to make sure

247

00:11:06,550 --> 00:11:04,399

they're absolutely correct and the

248

00:11:07,829 --> 00:11:06,560

process you go through you have to fact

249

00:11:10,470 --> 00:11:07,839

check everything

250

00:11:12,949 --> 00:11:10,480

you have to vet your sources

251
00:11:14,790 --> 00:11:12,959
um you have to make sure the analysis is

252
00:11:16,790 --> 00:11:14,800
top notch and you're looking at it from

253
00:11:18,150 --> 00:11:16,800
all angles

254
00:11:21,110 --> 00:11:18,160
and then obviously then you've got to

255
00:11:23,990 --> 00:11:21,120
start looking for the typos

256
00:11:25,590 --> 00:11:24,000
all the errors and stuff and um proved

257
00:11:26,949 --> 00:11:25,600
the work so

258
00:11:28,710 --> 00:11:26,959
yeah it's

259
00:11:30,230 --> 00:11:28,720
it's a lot of hard work but it's it's

260
00:11:32,630 --> 00:11:30,240
really good to see you know what we get

261
00:11:34,790 --> 00:11:32,640
out of it so yeah hopefully i'm making a

262
00:11:36,470 --> 00:11:34,800
bit of a difference

263
00:11:39,030 --> 00:11:36,480

let me ask you this with all the work

264

00:11:40,870 --> 00:11:39,040

that you've put into everything

265

00:11:43,269 --> 00:11:40,880

um and

266

00:11:46,949 --> 00:11:43,279

then we get this

267

00:11:49,430 --> 00:11:46,959

uap bill this amendment um passed

268

00:11:51,190 --> 00:11:49,440

you know i guess you're in review 2021

269

00:11:52,470 --> 00:11:51,200

we can go backwards but

270

00:11:56,069 --> 00:11:52,480

um

271

00:11:58,150 --> 00:11:56,079

from here but uh that that was a pretty

272

00:12:00,710 --> 00:11:58,160

good success and you can say that a lot

273

00:12:02,389 --> 00:12:00,720

of that yeah maybe started 40 years ago

274

00:12:04,629 --> 00:12:02,399

and everything but they're you know and

275

00:12:07,030 --> 00:12:04,639

i came in you know a little late maybe

276

00:12:09,670 --> 00:12:07,040

late last year early this year but it

277

00:12:11,829 --> 00:12:09,680

really seems like this year of momentum

278

00:12:14,230 --> 00:12:11,839

on twitter with the big phone home and

279

00:12:16,150 --> 00:12:14,240

then everything that came from that and

280

00:12:18,069 --> 00:12:16,160

all the groups that came from that and

281

00:12:19,110 --> 00:12:18,079

the podcasts and the writers such as

282

00:12:20,870 --> 00:12:19,120

yourself

283

00:12:22,470 --> 00:12:20,880

like um

284

00:12:24,389 --> 00:12:22,480

you know it feels like

285

00:12:25,670 --> 00:12:24,399

all that momentum really

286

00:12:27,829 --> 00:12:25,680

made a difference

287

00:12:29,190 --> 00:12:27,839

uh with that bill getting past how did

288

00:12:30,550 --> 00:12:29,200

you feel when that got passed in

289

00:12:32,949 --> 00:12:30,560

relation to you know everything that

290

00:12:34,790 --> 00:12:32,959

you've been putting into this

291

00:12:36,470 --> 00:12:34,800

yes i mean it's an ecosystem that we've

292

00:12:38,389 --> 00:12:36,480

built up isn't it like if you look about

293

00:12:41,030 --> 00:12:38,399

a year or even two years ago

294

00:12:43,110 --> 00:12:41,040

you didn't have many podcasts um the

295

00:12:45,430 --> 00:12:43,120

debrief and face outlets like that

296

00:12:47,110 --> 00:12:45,440

didn't exist and now look at it look how

297

00:12:49,509 --> 00:12:47,120

it's changed you've got so many people

298

00:12:53,670 --> 00:12:49,519

speaking on the topic and i expect that

299

00:12:55,030 --> 00:12:53,680

to grow um so you mean the ndaa 2022

300

00:12:58,470 --> 00:12:55,040

yeah

301
00:13:00,870 --> 00:12:58,480
um yes it felt really really good um

302
00:13:01,910 --> 00:13:00,880
when it got passed but i think

303
00:13:04,629 --> 00:13:01,920
there's still

304
00:13:08,069 --> 00:13:04,639
some battles left in there already

305
00:13:10,150 --> 00:13:08,079
today about some um an encounter that i

306
00:13:12,230 --> 00:13:10,160
had with um

307
00:13:14,790 --> 00:13:12,240
susan goff um

308
00:13:17,110 --> 00:13:14,800
by email and uh it looks like

309
00:13:19,030 --> 00:13:17,120
they're still putting up some um

310
00:13:21,910 --> 00:13:19,040
they're still putting up some

311
00:13:24,470 --> 00:13:21,920
um a bit of fight basically against

312
00:13:26,069 --> 00:13:24,480
what we would like to have let's say um

313
00:13:27,670 --> 00:13:26,079

so for instance

314

00:13:30,389 --> 00:13:27,680

um

315

00:13:35,269 --> 00:13:30,399

there is no uap office

316

00:13:38,949 --> 00:13:35,279

as opposed to the ao imsg right

317

00:13:41,189 --> 00:13:38,959

it is just the ao imsg now according to

318

00:13:42,949 --> 00:13:41,199

susan goff so there are only two offices

319

00:13:46,629 --> 00:13:42,959

there is only one office that's what she

320

00:13:48,870 --> 00:13:46,639

said to me in her email so

321

00:13:50,870 --> 00:13:48,880

i've got to get used to saying it now

322

00:13:53,189 --> 00:13:50,880

you know

323

00:13:54,550 --> 00:13:53,199

uh so see that yeah so we've only got

324

00:13:55,509 --> 00:13:54,560

one office now

325

00:13:56,550 --> 00:13:55,519

um

326

00:13:58,949 --> 00:13:56,560

and

327

00:14:01,350 --> 00:13:58,959

i can't see with 100 accuracy but it

328

00:14:03,030 --> 00:14:01,360

seems like

329

00:14:05,590 --> 00:14:03,040

they're veering towards trying to put

330

00:14:07,590 --> 00:14:05,600

this within ousd

331

00:14:09,350 --> 00:14:07,600

um which is

332

00:14:10,949 --> 00:14:09,360

the office where atip was in which is

333

00:14:12,710 --> 00:14:10,959

basically being

334

00:14:15,269 --> 00:14:12,720

alleged to have been

335

00:14:18,629 --> 00:14:15,279

the problem behind

336

00:14:21,829 --> 00:14:18,639

uap instance not going up the chain um

337

00:14:24,790 --> 00:14:21,839

to senior people within the military and

338

00:14:26,790 --> 00:14:24,800

um congress so i mean

339

00:14:28,629 --> 00:14:26,800

it's probably not going to work i mean

340

00:14:30,470 --> 00:14:28,639

it's because

341

00:14:31,430 --> 00:14:30,480

you know this office is an oversight

342

00:14:34,470 --> 00:14:31,440

office

343

00:14:37,670 --> 00:14:34,480

um so it oversees these things and um

344

00:14:39,430 --> 00:14:37,680

it's not operational um basically so in

345

00:14:41,110 --> 00:14:39,440

other words it doesn't really have the

346

00:14:43,509 --> 00:14:41,120

technical expertise to go out there and

347

00:14:45,350 --> 00:14:43,519

investigate things in the field um it

348

00:14:47,590 --> 00:14:45,360

can't it doesn't have the authority to

349

00:14:49,110 --> 00:14:47,600

provide contracts and that's that's

350

00:14:52,230 --> 00:14:49,120

another article that i've got into words

351
00:14:54,550 --> 00:14:52,240
as well of how important contracts and

352
00:14:55,590 --> 00:14:54,560
contractors are to this process

353
00:14:57,670 --> 00:14:55,600
um

354
00:14:58,710 --> 00:14:57,680
let me just stick with jl and heineck

355
00:15:03,030 --> 00:14:58,720
throughout

356
00:15:04,629 --> 00:15:03,040
all of ufo history from 47 to 69. he was

357
00:15:06,710 --> 00:15:04,639
their biggest

358
00:15:08,790 --> 00:15:06,720
you know tool you know for better for

359
00:15:10,710 --> 00:15:08,800
worse you could say i guess but he was

360
00:15:12,710 --> 00:15:10,720
always out there you know putting his

361
00:15:14,150 --> 00:15:12,720
face in front of the camera for him

362
00:15:16,550 --> 00:15:14,160
doing the investigations trying to

363
00:15:18,150 --> 00:15:16,560

figure stuff out really on the outside

364

00:15:20,230 --> 00:15:18,160

um so

365

00:15:21,829 --> 00:15:20,240

yeah that's interesting maybe a bit

366

00:15:24,870 --> 00:15:21,839

right now but you still may have a high

367

00:15:27,910 --> 00:15:24,880

nick um so if you look at the text

368

00:15:30,150 --> 00:15:27,920

um they're able they're able via this

369

00:15:30,949 --> 00:15:30,160

sect f and odni

370

00:15:33,590 --> 00:15:30,959

to

371

00:15:36,230 --> 00:15:33,600

um provide security clearances

372

00:15:38,230 --> 00:15:36,240

to let's say people not within

373

00:15:40,550 --> 00:15:38,240

the dod

374

00:15:42,629 --> 00:15:40,560

on board on the line organizations that

375

00:15:45,269 --> 00:15:42,639

they're going to have which basically

376

00:15:47,030 --> 00:15:45,279

um they go in there that says be a uap

377

00:15:48,629 --> 00:15:47,040

incident um

378

00:15:51,189 --> 00:15:48,639

involving

379

00:15:53,829 --> 00:15:51,199

navy ships so they'll go in there

380

00:15:55,910 --> 00:15:53,839

look at the data look at sensor readings

381

00:15:58,629 --> 00:15:55,920

talk to the crew do their own scientific

382

00:16:00,389 --> 00:15:58,639

analysis so on that you can bring on

383

00:16:02,389 --> 00:16:00,399

board contractors

384

00:16:03,990 --> 00:16:02,399

um to look at the systems and stuff but

385

00:16:06,389 --> 00:16:04,000

you could also bring

386

00:16:08,790 --> 00:16:06,399

on you know astronomers perhaps

387

00:16:11,189 --> 00:16:08,800

um and you know people

388

00:16:13,189 --> 00:16:11,199

um like abby loebs

389

00:16:15,189 --> 00:16:13,199

you know experts on the galileo project

390

00:16:18,389 --> 00:16:15,199

you can bring them potentially onto the

391

00:16:22,790 --> 00:16:21,829

yeah if if nothing else i mean this year

392

00:16:25,269 --> 00:16:22,800

will

393

00:16:27,990 --> 00:16:25,279

probably forever be on the map as one as

394

00:16:30,949 --> 00:16:28,000

being one of the big years at least

395

00:16:33,829 --> 00:16:30,959

up until this point for uap news or

396

00:16:35,910 --> 00:16:33,839

unidentified phenomena news

397

00:16:39,189 --> 00:16:35,920

because of this new office but in many

398

00:16:40,629 --> 00:16:39,199

ways 2021 and its news could be

399

00:16:42,790 --> 00:16:40,639

perceived as

400

00:16:45,509 --> 00:16:42,800

kind of like a dizzying blur for a lot

401
00:16:47,590 --> 00:16:45,519
of reasons not least which could be that

402
00:16:50,069 --> 00:16:47,600
we've all endured our second year of the

403
00:16:52,310 --> 00:16:50,079
pandemic as you mentioned earlier

404
00:16:53,990 --> 00:16:52,320
that many of us thought would maybe end

405
00:16:55,829 --> 00:16:54,000
last spring

406
00:16:57,910 --> 00:16:55,839
as such news that in other years would

407
00:17:00,550 --> 00:16:57,920
have demanded front page articles and

408
00:17:03,670 --> 00:17:00,560
major think pieces might be already

409
00:17:05,750 --> 00:17:03,680
reduced to half forgotten memories

410
00:17:07,909 --> 00:17:05,760
without going into detail quite yet what

411
00:17:09,510 --> 00:17:07,919
do you think were apart from that office

412
00:17:11,510 --> 00:17:09,520
were the biggest stories related to

413
00:17:15,829 --> 00:17:11,520

unidentified phenomena for this past

414

00:17:21,990 --> 00:17:17,189

i think

415

00:17:24,630 --> 00:17:22,000

has to be so it started out you had

416

00:17:27,350 --> 00:17:24,640

um you had president trump

417

00:17:30,070 --> 00:17:27,360

signed the last ndaa so that created a

418

00:17:32,470 --> 00:17:30,080

wave of of headlines

419

00:17:34,630 --> 00:17:32,480

um so that got it started and then you

420

00:17:35,990 --> 00:17:34,640

had the core bell releases

421

00:17:37,750 --> 00:17:36,000

which kind of like wet everyone's

422

00:17:40,230 --> 00:17:37,760

appetite for the report

423

00:17:42,070 --> 00:17:40,240

uh probably unrealistically i think some

424

00:17:43,190 --> 00:17:42,080

people are expecting the report to be

425

00:17:46,070 --> 00:17:43,200

released

426

00:17:49,270 --> 00:17:46,080

and some shocking videos to emerge maybe

427

00:17:51,029 --> 00:17:49,280

a quotation from the um the secretary of

428

00:17:53,750 --> 00:17:51,039

defense saying they're aliens or

429

00:17:56,230 --> 00:17:53,760

something like that you know and um just

430

00:17:58,789 --> 00:17:56,240

nonsense basically but ignoring the fact

431

00:17:59,990 --> 00:17:58,799

that the dod is a bureaucracy at the end

432

00:18:02,710 --> 00:18:00,000

of the day and they've got to be very

433

00:18:05,590 --> 00:18:02,720

very clear in their language and as

434

00:18:07,190 --> 00:18:05,600

someone said to me the other day

435

00:18:12,830 --> 00:18:07,200

um

436

00:18:15,750 --> 00:18:12,840

i'm using the right terminology

437

00:18:18,070 --> 00:18:15,760

chances so um

438

00:18:19,750 --> 00:18:18,080

well certainties i suppose so

439

00:18:22,630 --> 00:18:19,760

they can't just say these aliens if

440

00:18:25,110 --> 00:18:22,640

they're not certain i mean is there a 50

441

00:18:27,110 --> 00:18:25,120

chance is there 70 chance

442

00:18:28,870 --> 00:18:27,120

if you're gonna go out there and say

443

00:18:30,549 --> 00:18:28,880

it's definitely this then that's your

444

00:18:31,430 --> 00:18:30,559

whole career on the line

445

00:18:33,270 --> 00:18:31,440

um

446

00:18:34,390 --> 00:18:33,280

so i mean sorry i'm veering off here but

447

00:18:37,990 --> 00:18:34,400

i think

448

00:18:39,750 --> 00:18:38,000

was a lot of people who felt a little

449

00:18:42,549 --> 00:18:39,760

bit let down

450

00:18:43,750 --> 00:18:42,559

um because it wasn't this blockbuster or

451
00:18:46,310 --> 00:18:43,760
a thing where

452
00:18:48,470 --> 00:18:46,320
um they got to see all these images and

453
00:18:51,350 --> 00:18:48,480
alleged encounters and stuff but it

454
00:18:54,150 --> 00:18:51,360
wasn't supposed to do that um it was

455
00:18:56,710 --> 00:18:54,160
supposed to trigger an internal process

456
00:18:59,510 --> 00:18:56,720
um within the pentagon involving

457
00:19:01,750 --> 00:18:59,520
congressional engagement which kind of

458
00:19:04,870 --> 00:19:01,760
led to the point where we're at now in

459
00:19:06,870 --> 00:19:04,880
terms of the ndaa 2022 because i'm sure

460
00:19:09,510 --> 00:19:06,880
that behind the scenes

461
00:19:10,470 --> 00:19:09,520
congress or certain committees have seen

462
00:19:13,029 --> 00:19:10,480
shocking

463
00:19:15,669 --> 00:19:13,039

um

464

00:19:17,430 --> 00:19:15,679

of craft i can't say for certain what

465

00:19:19,110 --> 00:19:17,440

that is i mean i can go on from what

466

00:19:20,150 --> 00:19:19,120

news said that there's very very clear

467

00:19:21,510 --> 00:19:20,160

footage

468

00:19:23,029 --> 00:19:21,520

christopher mellon said that there's

469

00:19:25,669 --> 00:19:23,039

quite an emotional encounter with the

470

00:19:28,150 --> 00:19:25,679

pilot is very very emotional in the

471

00:19:29,909 --> 00:19:28,160

encounter um which if released would

472

00:19:33,510 --> 00:19:29,919

kind of like create headlines and stuff

473

00:19:35,350 --> 00:19:33,520

but um i think they've seen some stuff

474

00:19:38,230 --> 00:19:35,360

and i think now what we're doing we're

475

00:19:41,190 --> 00:19:38,240

just working our ourselves up to i think

476

00:19:42,669 --> 00:19:41,200

it's the 30th 31st of october this year

477

00:19:45,909 --> 00:19:42,679

which is when the

478

00:19:47,830 --> 00:19:45,919

unclassified version of the

479

00:19:49,430 --> 00:19:47,840

annual report comes out

480

00:19:50,470 --> 00:19:49,440

so that's the next day in which we

481

00:19:52,789 --> 00:19:50,480

should learn

482

00:19:55,270 --> 00:19:52,799

something official hopefully from

483

00:20:00,950 --> 00:19:55,280

um from the dod unless any leaks or

484

00:20:07,750 --> 00:20:03,350

sean would yeah sorry but i'm telling

485

00:20:09,510 --> 00:20:07,760

you my mic was muted uh yeah i mean um

486

00:20:11,270 --> 00:20:09,520

trump passing the first thing yeah that

487

00:20:13,750 --> 00:20:11,280

was a pretty big that was a pretty big

488

00:20:15,350 --> 00:20:13,760

deal for sure and and corbell and the in

489

00:20:17,990 --> 00:20:15,360

the lead-up and the almost like

490

00:20:19,270 --> 00:20:18,000

promotion up to that uh was pretty

491

00:20:20,789 --> 00:20:19,280

intense and

492

00:20:23,270 --> 00:20:20,799

you know they're you know kind of

493

00:20:24,630 --> 00:20:23,280

playing off of um

494

00:20:27,270 --> 00:20:24,640

what you said

495

00:20:30,310 --> 00:20:27,280

christopher one of the things that lewis

496

00:20:34,070 --> 00:20:30,320

said on my show first by the way

497

00:20:37,350 --> 00:20:34,080

was that there was a 23-minute video um

498

00:20:39,590 --> 00:20:37,360

that um you know he agreed with me would

499

00:20:41,350 --> 00:20:39,600

make people want to wear diapers when

500

00:20:42,149 --> 00:20:41,360

they watched it you know

501
00:20:44,390 --> 00:20:42,159
so

502
00:20:45,909 --> 00:20:44,400
i seriously agreed it you know it was a

503
00:20:51,029 --> 00:20:45,919
was it a bad

504
00:20:56,149 --> 00:20:54,149
you know so at what at what point to you

505
00:20:57,830 --> 00:20:56,159
you know as a journalist

506
00:20:59,750 --> 00:20:57,840
um do you

507
00:21:02,710 --> 00:20:59,760
know do you want to keep hearing stuff

508
00:21:05,990 --> 00:21:02,720
like that or would you rather not hear

509
00:21:08,390 --> 00:21:06,000
it and wait for it to come to the public

510
00:21:10,149 --> 00:21:08,400
for instance you know what's your take

511
00:21:12,470 --> 00:21:10,159
on that because that was a pretty big

512
00:21:15,190 --> 00:21:12,480
thing this year as far as

513
00:21:16,870 --> 00:21:15,200

wetting everyone's appetite you know and

514

00:21:19,750 --> 00:21:16,880

almost getting you know helping get

515

00:21:22,470 --> 00:21:19,760

through the down times to get to you

516

00:21:25,270 --> 00:21:22,480

know a past amendment

517

00:21:27,110 --> 00:21:25,280

yeah i mean it depends what the internal

518

00:21:29,110 --> 00:21:27,120

dynamics are like so

519

00:21:31,430 --> 00:21:29,120

if so if a leaked bit of footage comes

520

00:21:33,029 --> 00:21:31,440

from someone from within the dod they do

521

00:21:35,270 --> 00:21:33,039

it illegally

522

00:21:37,110 --> 00:21:35,280

and let's say that they're quite

523

00:21:38,870 --> 00:21:37,120

important to the effort kind of like

524

00:21:40,310 --> 00:21:38,880

investigating uap

525

00:21:42,310 --> 00:21:40,320

and because of that

526
00:21:44,789 --> 00:21:42,320
they get fired

527
00:21:46,630 --> 00:21:44,799
other people go down with that person

528
00:21:49,510 --> 00:21:46,640
then that's the whole kind of like

529
00:21:50,549 --> 00:21:49,520
effort i suppose

530
00:21:52,549 --> 00:21:50,559
kind of

531
00:21:56,070 --> 00:21:52,559
potentially derailed

532
00:21:57,430 --> 00:21:56,080
um as to what is going to come out of

533
00:21:59,029 --> 00:21:57,440
all this i mean

534
00:21:59,990 --> 00:21:59,039
i was thinking of hey what what is

535
00:22:01,350 --> 00:22:00,000
actually going to come out because

536
00:22:03,990 --> 00:22:01,360
there's going to be another

537
00:22:05,190 --> 00:22:04,000
unclassified report in october but what

538
00:22:07,270 --> 00:22:05,200

kind of information are we going to

539

00:22:09,990 --> 00:22:07,280

learn right they're a mechanism to get

540

00:22:12,789 --> 00:22:10,000

videos out officially because so far

541

00:22:13,750 --> 00:22:12,799

um the dod of their own accord have

542

00:22:15,750 --> 00:22:13,760

not

543

00:22:17,909 --> 00:22:15,760

released their own footage they've only

544

00:22:19,590 --> 00:22:17,919

done it after the fact

545

00:22:22,149 --> 00:22:19,600

that the leaked versions have come out

546

00:22:23,430 --> 00:22:22,159

so what is the intent of

547

00:22:25,430 --> 00:22:23,440

congress

548

00:22:27,270 --> 00:22:25,440

to actually be transparent on this topic

549

00:22:28,950 --> 00:22:27,280

and force through information the public

550

00:22:31,510 --> 00:22:28,960

can um

551
00:22:33,270 --> 00:22:31,520
can can read and engage with i mean

552
00:22:36,310 --> 00:22:33,280
that's the important thing but also i'd

553
00:22:38,230 --> 00:22:36,320
like to add as well i think is more um

554
00:22:40,710 --> 00:22:38,240
journalists much better than me people

555
00:22:42,789 --> 00:22:40,720
the national journals the big ones um

556
00:22:44,630 --> 00:22:42,799
who work in washington the more they

557
00:22:46,950 --> 00:22:44,640
start asking questions the more source

558
00:22:48,950 --> 00:22:46,960
is going to come to them

559
00:22:50,390 --> 00:22:48,960
about aspects and i think once those

560
00:22:52,470 --> 00:22:50,400
kinds of journalists get involved like

561
00:22:54,070 --> 00:22:52,480
the lobby journalists who go into the

562
00:22:56,230 --> 00:22:54,080
dod press conferences and the white

563
00:22:57,909 --> 00:22:56,240

house press conferences once those start

564

00:22:59,669 --> 00:22:57,919

becoming engaged with it once you start

565

00:23:01,270 --> 00:22:59,679

seeing those things discussed in sunday

566

00:23:02,870 --> 00:23:01,280

morning talk shows

567

00:23:03,909 --> 00:23:02,880

that's when the pressure's really going

568

00:23:05,430 --> 00:23:03,919

to grow

569

00:23:07,590 --> 00:23:05,440

and it's going to become something

570

00:23:10,950 --> 00:23:07,600

that's going to be widely

571

00:23:13,909 --> 00:23:10,960

discussed not just on uh not just in the

572

00:23:15,669 --> 00:23:13,919

kind of tabloid practice pose but within

573

00:23:17,590 --> 00:23:15,679

kind of like the as we call it the broad

574

00:23:19,350 --> 00:23:17,600

sheet press as well and you know the

575

00:23:21,590 --> 00:23:19,360

politic the politicos that's when they

576

00:23:23,830 --> 00:23:21,600

start talking about it more as well so

577

00:23:24,630 --> 00:23:23,840

but i mean yeah

578

00:23:27,190 --> 00:23:24,640

but

579

00:23:28,470 --> 00:23:27,200

i'm not sure where it leads overall in

580

00:23:30,070 --> 00:23:28,480

terms of what

581

00:23:31,750 --> 00:23:30,080

congress

582

00:23:33,510 --> 00:23:31,760

wants to get out of this in terms of

583

00:23:36,070 --> 00:23:33,520

transparency i know that their number

584

00:23:37,990 --> 00:23:36,080

one priority is basically protecting the

585

00:23:40,390 --> 00:23:38,000

realm um in terms of protecting the

586

00:23:41,990 --> 00:23:40,400

united states airspace that's probably

587

00:23:44,230 --> 00:23:42,000

the number one priority right now and

588

00:23:46,390 --> 00:23:44,240

also there's probably health concerns

589

00:23:48,789 --> 00:23:46,400

um i always get offended when they play

590

00:23:54,070 --> 00:23:48,799

the x-files music before the shows now

591

00:23:58,230 --> 00:23:55,830

potentially incidents involving air

592

00:23:59,750 --> 00:23:58,240

crews you know they're doing this

593

00:24:01,909 --> 00:23:59,760

because they love their nation they're

594

00:24:05,110 --> 00:24:01,919

putting their lives at risk and they may

595

00:24:06,710 --> 00:24:05,120

be getting radiation um

596

00:24:08,789 --> 00:24:06,720

burns or

597

00:24:11,909 --> 00:24:08,799

microwave um

598

00:24:14,390 --> 00:24:11,919

kind of related health conditions

599

00:24:15,590 --> 00:24:14,400

because of what's happening and it could

600

00:24:17,830 --> 00:24:15,600

really really

601
00:24:19,110 --> 00:24:17,840
you know harm their health and i just

602
00:24:21,510 --> 00:24:19,120
think to myself you know they could be

603
00:24:23,669 --> 00:24:21,520
sitting in a hospital bed right now

604
00:24:26,070 --> 00:24:23,679
really suffering from the impact of what

605
00:24:27,750 --> 00:24:26,080
they've encountered sure and these news

606
00:24:31,190 --> 00:24:27,760
shows just make fun of it like it never

607
00:24:32,630 --> 00:24:31,200
happened and then they're crazy and yeah

608
00:24:34,630 --> 00:24:32,640
how who knows how they feel about the

609
00:24:37,590 --> 00:24:34,640
dod they're covering it up at the same

610
00:24:39,350 --> 00:24:37,600
time stay quiet sign this you know the

611
00:24:40,149 --> 00:24:39,360
disclosure agreement i don't know it's

612
00:24:41,909 --> 00:24:40,159
it

613
00:24:44,230 --> 00:24:41,919

must be pretty frustrating and sad for

614

00:24:47,430 --> 00:24:44,240

them their families yeah

615

00:24:49,269 --> 00:24:47,440

absolutely um a lot of people

616

00:24:51,029 --> 00:24:49,279

uh along those lines you know i think

617

00:24:53,430 --> 00:24:51,039

we're all we're all waiting for better

618

00:24:55,750 --> 00:24:53,440

video footage and at the same time many

619

00:24:58,230 --> 00:24:55,760

people with security clearances indicate

620

00:25:01,430 --> 00:24:58,240

that some of the most convincing data is

621

00:25:03,590 --> 00:25:01,440

not in cockpit videos um but in other

622

00:25:06,230 --> 00:25:03,600

advanced and typically classified forms

623

00:25:07,750 --> 00:25:06,240

of surveillance and as as you just

624

00:25:10,230 --> 00:25:07,760

mentioned christopher there are also

625

00:25:12,710 --> 00:25:10,240

many hints around in the air of

626

00:25:15,190 --> 00:25:12,720

physiological reference records of

627

00:25:17,590 --> 00:25:15,200

closer contact cases and and the side

628

00:25:19,350 --> 00:25:17,600

effects of that um do you think does the

629

00:25:22,070 --> 00:25:19,360

public need to have a better working

630

00:25:24,149 --> 00:25:22,080

understanding of radar and other data

631

00:25:27,110 --> 00:25:24,159

collection to bring this issue further

632

00:25:29,430 --> 00:25:27,120

downfield does it even seem possible for

633

00:25:32,549 --> 00:25:29,440

there to be a public education

634

00:25:35,430 --> 00:25:32,559

initiative given the secrecy that uh the

635

00:25:37,430 --> 00:25:35,440

that the military needs to employ with

636

00:25:38,710 --> 00:25:37,440

sources and methods

637

00:25:40,310 --> 00:25:38,720

yeah i think it's

638

00:25:44,630 --> 00:25:40,320

widely known that there's actually

639

00:25:46,950 --> 00:25:44,640

overcast classification in terms of um

640

00:25:48,630 --> 00:25:46,960

what capabilities the united states have

641

00:25:50,630 --> 00:25:48,640

in terms of sensor technologies whether

642

00:25:51,830 --> 00:25:50,640

that's satellite data and other such

643

00:25:53,590 --> 00:25:51,840

things

644

00:25:56,870 --> 00:25:53,600

i think there is provision within the

645

00:25:59,190 --> 00:25:56,880

ndaa from my understanding to actually

646

00:26:01,590 --> 00:25:59,200

review those classifications in terms of

647

00:26:03,669 --> 00:26:01,600

space force i mean one of the reasons

648

00:26:05,110 --> 00:26:03,679

obviously is to say you know every week

649

00:26:06,710 --> 00:26:05,120

it seems china's coming out with a new

650

00:26:07,590 --> 00:26:06,720

technology saying look what we can do in

651
00:26:09,750 --> 00:26:07,600
space

652
00:26:10,789 --> 00:26:09,760
and the us like military officers are

653
00:26:13,830 --> 00:26:10,799
like

654
00:26:15,269 --> 00:26:13,840
finally they knew what we could do um

655
00:26:16,950 --> 00:26:15,279
but they can't tell them because of

656
00:26:18,470 --> 00:26:16,960
overclassification so i think the plan

657
00:26:20,230 --> 00:26:18,480
is to kind of like declassify some of

658
00:26:22,470 --> 00:26:20,240
that information and being like being

659
00:26:24,789 --> 00:26:22,480
like look china this is what we can do

660
00:26:26,149 --> 00:26:24,799
so you've got to be careful um out in

661
00:26:27,590 --> 00:26:26,159
space before you think about doing

662
00:26:29,430 --> 00:26:27,600
something stupid again because this is

663
00:26:32,070 --> 00:26:29,440

what we can do this is our capability

664

00:26:35,269 --> 00:26:32,080

look we've been in space since the 19

665

00:26:37,029 --> 00:26:35,279

1960s yeah you're just newcomers look

666

00:26:39,029 --> 00:26:37,039

what we can do i mean i think there's

667

00:26:40,470 --> 00:26:39,039

something about that but also that opens

668

00:26:42,390 --> 00:26:40,480

the door as well potentially because if

669

00:26:43,990 --> 00:26:42,400

you remember john radcliffe when he

670

00:26:45,269 --> 00:26:44,000

appeared on fox news he was talking

671

00:26:47,669 --> 00:26:45,279

about satellite

672

00:26:50,070 --> 00:26:47,679

um data so that opens the door

673

00:26:51,750 --> 00:26:50,080

potentially to actually um

674

00:26:53,269 --> 00:26:51,760

declassifying that and

675

00:26:55,590 --> 00:26:53,279

hopefully being in a position where we

676
00:26:57,990 --> 00:26:55,600
can where we can see some of that clear

677
00:27:01,110 --> 00:26:58,000
kind of like satellite um data which

678
00:27:03,510 --> 00:27:01,120
shows potential uaps but yeah i think um

679
00:27:04,390 --> 00:27:03,520
i think radar systems i mean

680
00:27:08,070 --> 00:27:04,400
it's

681
00:27:10,470 --> 00:27:08,080
such a difficult time already with the

682
00:27:12,630 --> 00:27:10,480
fleur footage where people could just

683
00:27:14,789 --> 00:27:12,640
kind of interpret it whichever they want

684
00:27:16,549 --> 00:27:14,799
whichever way they want and you know

685
00:27:18,630 --> 00:27:16,559
armchair people who like do it like mick

686
00:27:19,669 --> 00:27:18,640
west basically has no

687
00:27:22,070 --> 00:27:19,679
kind of

688
00:27:23,190 --> 00:27:22,080

experience of working with these systems

689

00:27:24,950 --> 00:27:23,200

um

690

00:27:27,350 --> 00:27:24,960

and i feel that when you start getting

691

00:27:29,110 --> 00:27:27,360

into uh like radar and things like that

692

00:27:31,430 --> 00:27:29,120

that's gonna kind of like muddy the

693

00:27:33,110 --> 00:27:31,440

waters even more but i think that

694

00:27:35,029 --> 00:27:33,120

serious people were thinking about this

695

00:27:36,950 --> 00:27:35,039

i think it would be useful to kind of

696

00:27:39,190 --> 00:27:36,960

educate them on it so they can actually

697

00:27:41,909 --> 00:27:39,200

get a real discussion going um and i

698

00:27:45,110 --> 00:27:41,919

think it could um further the debate as

699

00:27:47,830 --> 00:27:45,120

well um and in terms of physiological um

700

00:27:48,789 --> 00:27:47,840

impact i think hopefully you know once

701
00:27:50,549 --> 00:27:48,799
we

702
00:27:53,430 --> 00:27:50,559
do hear more about the incidents which

703
00:27:55,510 --> 00:27:53,440
will be investigated within the

704
00:27:57,190 --> 00:27:55,520
new uap office

705
00:27:59,029 --> 00:27:57,200
hopefully that stuff comes up in the

706
00:28:00,870 --> 00:27:59,039
report in october

707
00:28:01,990 --> 00:28:00,880
because that's one of their like

708
00:28:03,269 --> 00:28:02,000
mandates that's what they have to do

709
00:28:05,430 --> 00:28:03,279
they have to start looking into the

710
00:28:07,590 --> 00:28:05,440
theological impact so hopefully there

711
00:28:09,430 --> 00:28:07,600
will be something within that report

712
00:28:11,269 --> 00:28:09,440
which kind of goes into some detail

713
00:28:13,269 --> 00:28:11,279

about what's going on and hopefully in

714

00:28:15,110 --> 00:28:13,279

turn maybe some people start coming out

715

00:28:16,950 --> 00:28:15,120

and speaking out about their experiences

716

00:28:19,110 --> 00:28:16,960

as well i think that's something that we

717

00:28:20,710 --> 00:28:19,120

should look for this year people coming

718

00:28:23,029 --> 00:28:20,720

out and talking about their experiences

719

00:28:25,110 --> 00:28:23,039

more i've got a story coming up she's

720

00:28:26,149 --> 00:28:25,120

going to come out in the next few weeks

721

00:28:27,909 --> 00:28:26,159

which is

722

00:28:29,190 --> 00:28:27,919

along those lines of someone finally

723

00:28:31,909 --> 00:28:29,200

coming out saying look this is what i

724

00:28:34,070 --> 00:28:31,919

saw um more people need to speak out

725

00:28:35,430 --> 00:28:34,080

like me and hopefully we can really

726

00:28:38,149 --> 00:28:35,440

really create an atmosphere that's

727

00:28:39,510 --> 00:28:38,159

conducive to people kind of um

728

00:28:41,269 --> 00:28:39,520

you know coming out there and saying

729

00:28:42,870 --> 00:28:41,279

look these things are real

730

00:28:44,549 --> 00:28:42,880

and for them to do so in a safe

731

00:28:45,830 --> 00:28:44,559

environment where they won't feel judged

732

00:28:47,669 --> 00:28:45,840

where they won't

733

00:28:49,190 --> 00:28:47,679

feel that they're being laughed at and i

734

00:28:50,149 --> 00:28:49,200

think we're getting there now i really

735

00:28:52,549 --> 00:28:50,159

do

736

00:28:54,230 --> 00:28:52,559

yeah i agreed

737

00:28:59,269 --> 00:28:54,240

um and one

738

00:29:03,110 --> 00:29:01,669

we try to rotate you know so nobody hugs

739

00:29:05,669 --> 00:29:03,120

the mic or anything

740

00:29:06,870 --> 00:29:05,679

uh but um

741

00:29:07,669 --> 00:29:06,880

you know oh

742

00:29:10,149 --> 00:29:07,679

you know

743

00:29:10,950 --> 00:29:10,159

corvallis videos this year right

744

00:29:14,549 --> 00:29:10,960

um

745

00:29:16,549 --> 00:29:14,559

and nap's photos that came up those were

746

00:29:18,230 --> 00:29:16,559

a pretty big deal when they came up uh

747

00:29:20,789 --> 00:29:18,240

corvell was on a lot of different news

748

00:29:23,510 --> 00:29:20,799

channels um the pyramids

749

00:29:26,290 --> 00:29:23,520

um and then the floaty ball that that

750

00:29:27,990 --> 00:29:26,300

went down in the water um

751
00:29:29,029 --> 00:29:28,000

[Music]

752
00:29:31,110 --> 00:29:29,039

those

753
00:29:32,710 --> 00:29:31,120

but you make a good point along with the

754
00:29:34,470 --> 00:29:32,720

original navy videos and everything

755
00:29:36,070 --> 00:29:34,480

everyone just kind of

756
00:29:38,230 --> 00:29:36,080

you know there's no

757
00:29:40,470 --> 00:29:38,240

it's as if they didn't exist because

758
00:29:43,510 --> 00:29:40,480

people are still filling in the blanks

759
00:29:44,389 --> 00:29:43,520

with what they want the blanks to be

760
00:29:48,070 --> 00:29:44,399

you know

761
00:29:50,630 --> 00:29:48,080

so and it's interesting that that didn't

762
00:29:52,830 --> 00:29:50,640

you know change anything so does so to

763
00:29:55,990 --> 00:29:52,840

763 speak really

764

00:29:57,830 --> 00:29:56,000

um so

765

00:30:00,549 --> 00:29:57,840

how much of an effect do you think that

766

00:30:02,230 --> 00:30:00,559

media and those releases had this year

767

00:30:04,230 --> 00:30:02,240

um and

768

00:30:05,029 --> 00:30:04,240

you know in a positive or negative way

769

00:30:06,710 --> 00:30:05,039

and

770

00:30:09,830 --> 00:30:06,720

do you think that would be

771

00:30:11,830 --> 00:30:09,840

a wise way to continue

772

00:30:13,990 --> 00:30:11,840

you know um having things like that

773

00:30:15,750 --> 00:30:14,000

released or not

774

00:30:17,590 --> 00:30:15,760

i think it's more interest i mean there

775

00:30:19,750 --> 00:30:17,600

are things called media values you know

776

00:30:24,389 --> 00:30:19,760

if you have a good photo if it's

777

00:30:27,909 --> 00:30:25,990

there's certain things that go into it

778

00:30:29,830 --> 00:30:27,919

like if it's a uap story with just like

779

00:30:31,669 --> 00:30:29,840

a witness testimony it's not going to

780

00:30:33,190 --> 00:30:31,679

have nearly impact that you would have

781

00:30:35,350 --> 00:30:33,200

if you had imagery

782

00:30:36,870 --> 00:30:35,360

um footage and things like that so i

783

00:30:39,190 --> 00:30:36,880

mean that certainly helps it captures

784

00:30:41,029 --> 00:30:39,200

people's people's attention and i like

785

00:30:43,830 --> 00:30:41,039

to think that it had some kind of

786

00:30:46,310 --> 00:30:43,840

traction getting us to the 60 minutes

787

00:30:47,990 --> 00:30:46,320

um segment as well and i'm hoping that

788

00:30:49,990 --> 00:30:48,000

we have more of that too so i think

789

00:30:52,389 --> 00:30:50,000

things like this they certainly do

790

00:30:55,190 --> 00:30:52,399

capture people's attention that may have

791

00:30:56,950 --> 00:30:55,200

not been interested otherwise so i think

792

00:30:58,789 --> 00:30:56,960

i think they certainly do have an impact

793

00:31:01,110 --> 00:30:58,799

and um

794

00:31:03,190 --> 00:31:01,120

yeah i think there were some people who

795

00:31:04,789 --> 00:31:03,200

criticized corbell

796

00:31:06,470 --> 00:31:04,799

uh for releasing it being complete

797

00:31:09,509 --> 00:31:06,480

information but

798

00:31:10,710 --> 00:31:09,519

i think also they tend to forget that

799

00:31:13,269 --> 00:31:10,720

this was

800

00:31:15,110 --> 00:31:13,279

i think the footage itself was

801
00:31:17,830 --> 00:31:15,120
unclassified

802
00:31:20,149 --> 00:31:17,840
but the report that it was contained in

803
00:31:21,590 --> 00:31:20,159
or the system that was contained on was

804
00:31:23,190 --> 00:31:21,600
classified

805
00:31:24,389 --> 00:31:23,200
so he was in quite a tricky information

806
00:31:25,830 --> 00:31:24,399
but he managed to get as much

807
00:31:27,830 --> 00:31:25,840
information out there

808
00:31:29,669 --> 00:31:27,840
as he could and also he said to people

809
00:31:32,230 --> 00:31:29,679
he said to people look these are the

810
00:31:33,590 --> 00:31:32,240
coordinates this is what happens this is

811
00:31:34,950 --> 00:31:33,600
what happened

812
00:31:37,350 --> 00:31:34,960
this was the date

813
00:31:39,509 --> 00:31:37,360

go and look at the go and search for the

814

00:31:41,509 --> 00:31:39,519

um the deck logs

815

00:31:43,029 --> 00:31:41,519

ask the questions i've given you the

816

00:31:44,470 --> 00:31:43,039

information now go out there and

817

00:31:47,509 --> 00:31:44,480

research and

818

00:31:49,669 --> 00:31:47,519

engage the us navy and dod on this so i

819

00:31:50,549 --> 00:31:49,679

mean that's what he did and i think it

820

00:31:51,909 --> 00:31:50,559

worked

821

00:31:54,630 --> 00:31:51,919

before i passed the buck here i just

822

00:31:55,990 --> 00:31:54,640

want to say like i think people need to

823

00:31:58,389 --> 00:31:56,000

you know me included when that first

824

00:32:00,310 --> 00:31:58,399

came up but i think it'd be wise for us

825

00:32:01,990 --> 00:32:00,320

to realize that once stuff comes out

826

00:32:05,430 --> 00:32:02,000

like that that it's not

827

00:32:07,830 --> 00:32:05,440

uh always necessarily about trying to

828

00:32:10,230 --> 00:32:07,840

give us directly something that proves

829

00:32:12,070 --> 00:32:10,240

the existence of a non-human entity

830

00:32:14,149 --> 00:32:12,080

sometimes like you nailed it earlier

831

00:32:17,029 --> 00:32:14,159

like uh the release of that puts a

832

00:32:19,509 --> 00:32:17,039

spotlight on the issue at hand it can

833

00:32:21,590 --> 00:32:19,519

help things move forward uh whether

834

00:32:23,590 --> 00:32:21,600

politically or socially and i think a

835

00:32:26,070 --> 00:32:23,600

lot of the times that point is missed so

836

00:32:30,230 --> 00:32:28,710

yeah completely agreed and along those

837

00:32:32,549 --> 00:32:30,240

lines um

838

00:32:33,750 --> 00:32:32,559

it's been a big year for the phenomenon

839

00:32:37,990 --> 00:32:33,760

in terms of

840

00:32:38,789 --> 00:32:38,000

know there's the

841

00:32:39,750 --> 00:32:38,799

the

842

00:32:40,950 --> 00:32:39,760

kind of

843

00:32:43,350 --> 00:32:40,960

public

844

00:32:46,789 --> 00:32:43,360

dumping of information like that or

845

00:32:48,310 --> 00:32:46,799

leaks etc as corbel did but you know in

846

00:32:50,149 --> 00:32:48,320

a wider way

847

00:32:52,710 --> 00:32:50,159

this spring we had the second season of

848

00:32:56,149 --> 00:32:52,720

the secretive skinwalker ranch in june

849

00:32:59,190 --> 00:32:56,159

fox aired tmz investigates ufos the

850

00:33:00,950 --> 00:32:59,200

pentagon proof right um with corbell and

851
00:33:03,590 --> 00:33:00,960
knapp and others

852
00:33:06,389 --> 00:33:03,600
in july jj abrams released a four-part

853
00:33:08,870 --> 00:33:06,399
docu-series on showtime called ufo that

854
00:33:10,789 --> 00:33:08,880
was received with notably mixed reviews

855
00:33:12,789 --> 00:33:10,799
by many people in our field

856
00:33:15,430 --> 00:33:12,799
other shows have popped up as well

857
00:33:17,509 --> 00:33:15,440
what do you both make of the increase of

858
00:33:19,029 --> 00:33:17,519
shows like this in the past year

859
00:33:21,590 --> 00:33:19,039
do you think that they've been helpful

860
00:33:26,230 --> 00:33:21,600
are there reasons to be cautious with

861
00:33:26,240 --> 00:33:30,470
i'll let you go first show

862
00:33:33,350 --> 00:33:31,909
oh you're muted

863
00:33:35,590 --> 00:33:33,360

yup you're muted

864

00:33:44,789 --> 00:33:35,600

there we go you go first chris

865

00:33:48,389 --> 00:33:46,230

i didn't mean for it to be a total hot

866

00:33:50,389 --> 00:33:48,399

potato i apologize

867

00:33:51,590 --> 00:33:50,399

for that

868

00:33:55,669 --> 00:33:51,600

it's um

869

00:33:59,029 --> 00:33:57,509

i think it was a mixture as you said it

870

00:34:01,190 --> 00:33:59,039

was a mixed bag there were some shows

871

00:34:05,029 --> 00:34:01,200

very very good and moved conversation

872

00:34:08,629 --> 00:34:05,039

forwards um others not so like the um jj

873

00:34:11,589 --> 00:34:08,639

abrahams one um abrams um ufo but i

874

00:34:13,270 --> 00:34:11,599

think the the real clincher was the um

875

00:34:15,270 --> 00:34:13,280

work that gary schwartz did i think that

876
00:34:17,510 --> 00:34:15,280
was really really good um and the 60

877
00:34:21,349 --> 00:34:17,520
minutes one i think

878
00:34:23,349 --> 00:34:21,359
i i i think that because the subject is

879
00:34:25,589 --> 00:34:23,359
so stigmatized

880
00:34:27,430 --> 00:34:25,599
if it comes out on a professional news

881
00:34:28,550 --> 00:34:27,440
show and it's done the right way like 60

882
00:34:30,629 --> 00:34:28,560
minutes

883
00:34:32,470 --> 00:34:30,639
that's the only way you can

884
00:34:34,629 --> 00:34:32,480
do it properly without getting the

885
00:34:36,629 --> 00:34:34,639
giggles you have serious news

886
00:34:38,389 --> 00:34:36,639
broadcasters on there who've got years

887
00:34:41,909 --> 00:34:38,399
of experience

888
00:34:44,389 --> 00:34:41,919

talk seriously about everything um

889

00:34:45,750 --> 00:34:44,399

and they can be trusted as well because

890

00:34:47,909 --> 00:34:45,760

you know they're on 60 minutes look at

891

00:34:49,589 --> 00:34:47,919

ross called hard for instance he's on 60

892

00:34:51,750 --> 00:34:49,599

minutes australia because he's trusted

893

00:34:52,550 --> 00:34:51,760

well-known journalist documentary was

894

00:34:54,629 --> 00:34:52,560

great

895

00:34:56,470 --> 00:34:54,639

yeah and look so look we've got a

896

00:34:58,790 --> 00:34:56,480

situation in australia

897

00:34:59,750 --> 00:34:58,800

um and the u.s with the public's who've

898

00:35:02,390 --> 00:34:59,760

watched

899

00:35:04,550 --> 00:35:02,400

shows news shows that they trust

900

00:35:05,510 --> 00:35:04,560

and they know are serious from serious

901
00:35:07,750 --> 00:35:05,520
people

902
00:35:09,750 --> 00:35:07,760
and they're getting information which is

903
00:35:12,150 --> 00:35:09,760
unbelievable but it's presented in such

904
00:35:14,150 --> 00:35:12,160
a way that it has to be considered

905
00:35:16,310 --> 00:35:14,160
um and they're not coming to conclusions

906
00:35:17,829 --> 00:35:16,320
saying is aliens or anything like that

907
00:35:19,670 --> 00:35:17,839
they're just um

908
00:35:21,910 --> 00:35:19,680
they're just playing the game and saying

909
00:35:23,510 --> 00:35:21,920
well actually if it's um

910
00:35:24,230 --> 00:35:23,520
you know it's not ours

911
00:35:26,790 --> 00:35:24,240
so

912
00:35:29,190 --> 00:35:26,800
if it's russian or it's chinese that's a

913
00:35:32,310 --> 00:35:29,200

huge story if it's something else other

914

00:35:34,310 --> 00:35:32,320

than chinese or russian then it's a huge

915

00:35:36,310 --> 00:35:34,320

story so either way i mean

916

00:35:37,910 --> 00:35:36,320

it's it's really big and actually i

917

00:35:39,990 --> 00:35:37,920

think there's a third way even if it was

918

00:35:41,190 --> 00:35:40,000

us technology that's a huge story as

919

00:35:44,230 --> 00:35:41,200

well

920

00:35:45,829 --> 00:35:44,240

judging by the capabilities so i think i

921

00:35:48,310 --> 00:35:45,839

think those shows really really make a

922

00:35:50,230 --> 00:35:48,320

difference i'm just hoping that

923

00:35:52,550 --> 00:35:50,240

in the next few months

924

00:35:54,950 --> 00:35:52,560

or years perhaps we have the same

925

00:35:55,829 --> 00:35:54,960

situation in my country as well

926
00:35:58,310 --> 00:35:55,839
yeah

927
00:36:00,069 --> 00:35:58,320
well you know i've heard it i forget who

928
00:36:01,910 --> 00:36:00,079
i heard it from but

929
00:36:03,109 --> 00:36:01,920
um it was something along the lines

930
00:36:05,030 --> 00:36:03,119
where uh

931
00:36:07,510 --> 00:36:05,040
you know the world kind of for better

932
00:36:10,710 --> 00:36:07,520
for worse follows the lead of

933
00:36:13,270 --> 00:36:10,720
the us is in a lot of things this may be

934
00:36:15,030 --> 00:36:13,280
one of them um

935
00:36:16,950 --> 00:36:15,040
i thought you

936
00:36:18,870 --> 00:36:16,960
you know

937
00:36:21,190 --> 00:36:18,880
i appreciate more investigative

938
00:36:23,670 --> 00:36:21,200

journalism pieces with people that take

939

00:36:26,230 --> 00:36:23,680

the topic seriously and don't want to

940

00:36:28,550 --> 00:36:26,240

screw it up you know like ross coldheart

941

00:36:30,790 --> 00:36:28,560

or 60 minutes who just by default takes

942

00:36:32,390 --> 00:36:30,800

every piece they put together seriously

943

00:36:33,670 --> 00:36:32,400

because that's what they do

944

00:36:35,430 --> 00:36:33,680

but then

945

00:36:36,710 --> 00:36:35,440

what you know and i know there's mixed

946

00:36:38,310 --> 00:36:36,720

reviews about it but i don't really

947

00:36:41,030 --> 00:36:38,320

appreciate too much when people don't

948

00:36:42,790 --> 00:36:41,040

know a whole lot about the topic and try

949

00:36:46,150 --> 00:36:42,800

to put out like a blockbuster

950

00:36:47,670 --> 00:36:46,160

docu-series on it because

951
00:36:49,670 --> 00:36:47,680
it's just

952
00:36:52,790 --> 00:36:49,680
it can have as much

953
00:36:54,550 --> 00:36:52,800
harm to it as as good

954
00:36:56,870 --> 00:36:54,560
so to speak you know

955
00:36:59,109 --> 00:36:56,880
um not exactly the right story is always

956
00:37:02,470 --> 00:36:59,119
being told for me for instance i feel

957
00:37:04,550 --> 00:37:02,480
like sometimes we get lost in the last

958
00:37:06,230 --> 00:37:04,560
few years of this for instance if these

959
00:37:09,349 --> 00:37:06,240
things wound up being

960
00:37:12,790 --> 00:37:09,359
um drones from another country or own

961
00:37:15,750 --> 00:37:12,800
technology yes big story either way but

962
00:37:17,589 --> 00:37:15,760
you know that doesn't negate

963
00:37:19,910 --> 00:37:17,599

you know the past

964

00:37:21,349 --> 00:37:19,920

70 plus years

965

00:37:24,310 --> 00:37:21,359

of

966

00:37:26,470 --> 00:37:24,320

real stuff going on you know like

967

00:37:28,630 --> 00:37:26,480

whatever that is okay

968

00:37:31,349 --> 00:37:28,640

but there were things doing the same

969

00:37:33,670 --> 00:37:31,359

stuff being reported the same way

970

00:37:35,510 --> 00:37:33,680

via official government documents and

971

00:37:37,109 --> 00:37:35,520

i've looked at

972

00:37:39,990 --> 00:37:37,119

thousands of them

973

00:37:42,390 --> 00:37:40,000

you know since 1947

974

00:37:44,710 --> 00:37:42,400

so i've got your article up right now

975

00:37:46,710 --> 00:37:44,720

i've got your article up i mean what

976

00:37:48,829 --> 00:37:46,720

what really illustrated the article that

977

00:37:51,910 --> 00:37:48,839

you did for me on liberation times is

978

00:37:55,190 --> 00:37:51,920

that these things are not new i mean

979

00:37:56,790 --> 00:37:55,200

we've got number one 20 of uap sightings

980

00:37:59,190 --> 00:37:56,800

left unexplained and that came out

981

00:38:00,150 --> 00:37:59,200

officially from the um from the u.s air

982

00:38:01,829 --> 00:38:00,160

force

983

00:38:04,630 --> 00:38:01,839

i mean that was

984

00:38:06,710 --> 00:38:04,640

so so that that was something i mean

985

00:38:09,910 --> 00:38:06,720

obviously now later or not i just found

986

00:38:12,790 --> 00:38:09,920

one that pretty much said 40 percent

987

00:38:15,510 --> 00:38:12,800

that's incredible

988

00:38:16,829 --> 00:38:15,520

and i mean that i i suppose that gets us

989

00:38:19,510 --> 00:38:16,839

close to the

990

00:38:21,030 --> 00:38:19,520

143 144 cases

991

00:38:22,870 --> 00:38:21,040

in more primary

992

00:38:25,270 --> 00:38:22,880

assessment you know and and then we've

993

00:38:27,190 --> 00:38:25,280

got ufos you excessive ap observe

994

00:38:28,790 --> 00:38:27,200

visually and on radar

995

00:38:30,069 --> 00:38:28,800

yeah and there's all these debates

996

00:38:32,710 --> 00:38:30,079

happening at the time that we looked

997

00:38:34,230 --> 00:38:32,720

through wasn't there shawn about um them

998

00:38:35,990 --> 00:38:34,240

saying that we have to secure our air

999

00:38:37,510 --> 00:38:36,000

ranges because they're being seen on the

1000

00:38:40,069 --> 00:38:37,520

air ranges so

1001
00:38:42,310 --> 00:38:40,079
it made me laugh that you had the hicks

1002
00:38:44,950 --> 00:38:42,320
mama which came out after the primaries

1003
00:38:46,870 --> 00:38:44,960
report say look we need to

1004
00:38:50,230 --> 00:38:46,880
we need to make sure that steps being

1005
00:38:53,430 --> 00:38:50,240
taken to secure our area just

1006
00:38:55,190 --> 00:38:53,440
you've had like 70 years of

1007
00:38:57,829 --> 00:38:55,200
documentation

1008
00:39:00,150 --> 00:38:57,839
the us airport still can't go together

1009
00:39:02,950 --> 00:39:00,160
after that amount of time like what

1010
00:39:05,109 --> 00:39:02,960
now yeah good point

1011
00:39:07,270 --> 00:39:05,119
great point

1012
00:39:09,750 --> 00:39:07,280
yeah i think i mean one thing along

1013
00:39:12,870 --> 00:39:09,760

those lines is that just earlier today i

1014

00:39:15,589 --> 00:39:12,880

saw uh you retweeted christopher um this

1015

00:39:17,990 --> 00:39:15,599

new article in the hill

1016

00:39:21,430 --> 00:39:18,000

um called ufos the channel islands and

1017

00:39:24,390 --> 00:39:21,440

the navy's drone swarm mystery and

1018

00:39:26,630 --> 00:39:24,400

kind of amazingly in it i was i was

1019

00:39:28,790 --> 00:39:26,640

i was pretty floored when i got to the

1020

00:39:30,630 --> 00:39:28,800

part about halfway through the article

1021

00:39:32,310 --> 00:39:30,640

where it mentioned

1022

00:39:33,190 --> 00:39:32,320

kelly johnson's

1023

00:39:35,190 --> 00:39:33,200

uh

1024

00:39:38,710 --> 00:39:35,200

sighting from the channel from around

1025

00:39:40,470 --> 00:39:38,720

the channel islands from back in 1953.

1026

00:39:42,950 --> 00:39:40,480

so you know i i think that that's

1027

00:39:45,030 --> 00:39:42,960

amazing and i feel like there's

1028

00:39:46,950 --> 00:39:45,040

you know partially just because of the

1029

00:39:48,950 --> 00:39:46,960

grassroots work that

1030

00:39:51,990 --> 00:39:48,960

people like the both of you are doing

1031

00:39:54,790 --> 00:39:52,000

you know and partially from because of

1032

00:39:57,670 --> 00:39:54,800

ross's work and his and his book and

1033

00:40:00,950 --> 00:39:57,680

and uh his work with uh with australian

1034

00:40:02,870 --> 00:40:00,960

news television that 16 minutes piece uh

1035

00:40:06,230 --> 00:40:02,880

leslie kane's new yorker profile where

1036

00:40:08,309 --> 00:40:06,240

she kind of did uh where she helped um

1037

00:40:09,750 --> 00:40:08,319

gideon whatever his name was like do a

1038

00:40:13,030 --> 00:40:09,760

kind of blow blind

1039

00:40:15,750 --> 00:40:13,040

blow by blow um of the last kind of 60

1040

00:40:18,390 --> 00:40:15,760

years from way back in the kehoe days it

1041

00:40:20,550 --> 00:40:18,400

seems like as as

1042

00:40:23,750 --> 00:40:20,560

it seems like this past year has been

1043

00:40:27,349 --> 00:40:23,760

absolutely incredible if nothing else um

1044

00:40:28,390 --> 00:40:27,359

just in terms of getting some mainstream

1045

00:40:31,430 --> 00:40:28,400

press

1046

00:40:33,670 --> 00:40:31,440

up to speed with the the the context of

1047

00:40:35,230 --> 00:40:33,680

these historical cases uh do you think

1048

00:40:37,750 --> 00:40:35,240

that there'll be that there'll be more

1049

00:40:40,950 --> 00:40:37,760

contextualization like that coming up in

1050

00:40:44,950 --> 00:40:43,109

so in terms of the history and kind of

1051

00:40:48,309 --> 00:40:44,960

like what's going on before

1052

00:40:53,990 --> 00:40:49,750

i'm hoping so

1053

00:40:56,230 --> 00:40:54,000

really good piece as well didn't he um

1054

00:40:58,150 --> 00:40:56,240

we looked some from the history

1055

00:41:00,710 --> 00:40:58,160

history regarding

1056

00:41:03,030 --> 00:41:00,720

the topic and um i think one of them

1057

00:41:04,790 --> 00:41:03,040

related to one of the ships in the

1058

00:41:06,470 --> 00:41:04,800

caribbean that had its own kind of like

1059

00:41:09,510 --> 00:41:06,480

spotting that you you

1060

00:41:11,510 --> 00:41:09,520

have identified as well sean um i think

1061

00:41:13,910 --> 00:41:11,520

we'll get more con

1062

00:41:16,309 --> 00:41:13,920

texture in terms of what's gone on

1063

00:41:18,309 --> 00:41:16,319

before as more people come forward i

1064

00:41:21,670 --> 00:41:18,319

mean you had the famous roswell death

1065

00:41:24,630 --> 00:41:21,680

bed confessions didn't you so i think

1066

00:41:26,230 --> 00:41:24,640

actually as the stigma wanes

1067

00:41:29,510 --> 00:41:26,240

i think

1068

00:41:31,990 --> 00:41:29,520

and those witnesses become less fearful

1069

00:41:35,030 --> 00:41:32,000

about the elements within the dod

1070

00:41:37,670 --> 00:41:35,040

that seem now to be on the back foot

1071

00:41:39,829 --> 00:41:37,680

perhaps we will see some more kind of um

1072

00:41:40,550 --> 00:41:39,839

more witnesses historical witnesses come

1073

00:41:45,349 --> 00:41:40,560

out

1074

00:41:47,430 --> 00:41:45,359

happening specifically in relation to

1075

00:41:49,270 --> 00:41:47,440

nuclear weapons because i think that's

1076

00:41:51,030 --> 00:41:49,280

one really really important kind of

1077

00:41:52,150 --> 00:41:51,040

elements of this story the nuclear

1078

00:41:53,990 --> 00:41:52,160

weapons

1079

00:41:55,750 --> 00:41:54,000

um connection

1080

00:41:57,270 --> 00:41:55,760

um and i'll have some more news

1081

00:41:58,950 --> 00:41:57,280

hopefully about that

1082

00:42:01,589 --> 00:41:58,960

in the upcoming

1083

00:42:04,550 --> 00:42:01,599

weeks but we need more people to come

1084

00:42:06,390 --> 00:42:04,560

forward about that not breaking the ndas

1085

00:42:08,069 --> 00:42:06,400

um or their roads or anything like that

1086

00:42:09,510 --> 00:42:08,079

but coming out just saying look we need

1087

00:42:11,750 --> 00:42:09,520

to have a conversation about this

1088

00:42:13,829 --> 00:42:11,760

because if nuclear weapons are being

1089

00:42:15,670 --> 00:42:13,839

um shut down

1090

00:42:17,510 --> 00:42:15,680

that's and it's been happening for

1091

00:42:20,309 --> 00:42:17,520

decades which if you listen to robert

1092

00:42:21,670 --> 00:42:20,319

salas and other witnesses has occurred

1093

00:42:23,349 --> 00:42:21,680

that's something that

1094

00:42:24,950 --> 00:42:23,359

needs to be addressed what are we going

1095

00:42:27,109 --> 00:42:24,960

to do about it

1096

00:42:28,829 --> 00:42:27,119

i mean if we don't know what

1097

00:42:31,670 --> 00:42:28,839

if there is

1098

00:42:33,270 --> 00:42:31,680

um because we know it's a threat

1099

00:42:36,069 --> 00:42:33,280

potentially but

1100

00:42:38,710 --> 00:42:36,079

we don't know if it's hostile intent

1101

00:42:42,230 --> 00:42:38,720

for sure yet so

1102

00:42:43,109 --> 00:42:42,240

until we know that this is a really big

1103

00:42:44,710 --> 00:42:43,119

big

1104

00:42:46,230 --> 00:42:44,720

thing to discuss and

1105

00:42:48,950 --> 00:42:46,240

i think probably

1106

00:42:50,150 --> 00:42:48,960

behind closed doors in congress senators

1107

00:42:52,470 --> 00:42:50,160

who are just learning about these

1108

00:42:54,309 --> 00:42:52,480

incidents for the first time

1109

00:42:56,470 --> 00:42:54,319

are having serious discussions thinking

1110

00:42:58,790 --> 00:42:56,480

oh my gosh what do we do if these

1111

00:43:01,030 --> 00:42:58,800

alleged events are occurring

1112

00:43:02,470 --> 00:43:01,040

yeah and at one point is it just a

1113

00:43:04,550 --> 00:43:02,480

complete

1114

00:43:05,990 --> 00:43:04,560

ball drop from like christopher we were

1115

00:43:07,670 --> 00:43:06,000

just talking about that article and

1116

00:43:09,510 --> 00:43:07,680

another piece of that was these things

1117

00:43:11,510 --> 00:43:09,520

buzzing around strategic

1118

00:43:14,390 --> 00:43:11,520

bases and

1119

00:43:16,710 --> 00:43:14,400

you know nuclear facilities or whatever

1120

00:43:20,870 --> 00:43:16,720

um i'm reading one about oak ridge right

1121

00:43:22,150 --> 00:43:20,880

now 1950 um like

1122

00:43:27,829 --> 00:43:22,160

you know

1123

00:43:30,390 --> 00:43:27,839

maybe a part of the the secrecy is

1124

00:43:33,430 --> 00:43:30,400

you know having to own up to it is also

1125

00:43:35,030 --> 00:43:33,440

having to own up to the massive failure

1126

00:43:36,230 --> 00:43:35,040

over the decades

1127

00:43:37,910 --> 00:43:36,240

you know

1128

00:43:39,430 --> 00:43:37,920

and maybe that would be a bit too

1129

00:43:40,390 --> 00:43:39,440

embarrassing

1130

00:43:44,390 --> 00:43:40,400

perhaps

1131

00:43:46,150 --> 00:43:44,400

um but that's just a thought

1132

00:43:48,710 --> 00:43:46,160

but i think he did nail it on the head

1133

00:43:50,790 --> 00:43:48,720

when you said you know a threat but not

1134

00:43:51,910 --> 00:43:50,800

necessarily with hostile intent we don't

1135

00:43:53,109 --> 00:43:51,920

know yet

1136

00:43:56,069 --> 00:43:53,119

um

1137

00:43:58,230 --> 00:43:56,079

and i would say that's

1138

00:44:00,390 --> 00:43:58,240

you know a very accurate statement you

1139

00:44:03,270 --> 00:44:00,400

know the more planes we have the more we

1140

00:44:04,950 --> 00:44:03,280

utilize space

1141

00:44:07,510 --> 00:44:04,960

the more we utilize things like the

1142

00:44:10,630 --> 00:44:07,520

electromagnetic spectrum

1143

00:44:11,910 --> 00:44:10,640

um the more

1144

00:44:14,230 --> 00:44:11,920

you know

1145

00:44:16,309 --> 00:44:14,240

it becomes a threat

1146

00:44:18,069 --> 00:44:16,319

you know whether it has hostile intent

1147

00:44:20,829 --> 00:44:18,079

or not because we're intermingling in

1148

00:44:23,670 --> 00:44:20,839

the same area more often you know what i

1149

00:44:26,950 --> 00:44:23,680

mean so that's kind of one thing i think

1150

00:44:29,190 --> 00:44:26,960

of um because space to me i mean there's

1151

00:44:32,790 --> 00:44:29,200

there's like a a

1152

00:44:34,230 --> 00:44:32,800

a cold war going on basically with space

1153

00:44:38,230 --> 00:44:34,240

you know in in

1154

00:44:39,190 --> 00:44:38,240

satellites and all that right now um

1155

00:44:41,109 --> 00:44:39,200

and

1156

00:44:43,510 --> 00:44:41,119

you know if we thought

1157

00:44:45,910 --> 00:44:43,520

that these were non-human entities that

1158

00:44:47,510 --> 00:44:45,920

were pissed about nuclear weapons

1159

00:44:50,710 --> 00:44:47,520

wait till you see how they act about

1160

00:44:56,309 --> 00:44:52,470

poisoning space

1161

00:44:56,319 --> 00:45:00,309

oh uh me or christopher

1162

00:45:04,470 --> 00:45:02,550

i'm just talking shop at this point

1163

00:45:06,550 --> 00:45:04,480

oh no

1164

00:45:08,069 --> 00:45:06,560

no i think you got a really good point

1165

00:45:09,670 --> 00:45:08,079

and um

1166

00:45:11,510 --> 00:45:09,680

i mean i'd also kind of look at

1167

00:45:13,910 --> 00:45:11,520

corbell's

1168

00:45:16,390 --> 00:45:13,920

stories as well and that's kind of like

1169

00:45:19,190 --> 00:45:16,400

stories on shadow people

1170

00:45:21,030 --> 00:45:19,200

around u.s nuclear air bases

1171

00:45:23,270 --> 00:45:21,040

that's really strange i mean like this

1172

00:45:24,950 --> 00:45:23,280

is something i can't wrap my head around

1173

00:45:26,069 --> 00:45:24,960

when i try to figure this whole thing

1174

00:45:28,309 --> 00:45:26,079

out i mean

1175

00:45:30,230 --> 00:45:28,319

on the one hand you have like the human

1176

00:45:31,990 --> 00:45:30,240

looking species

1177

00:45:34,069 --> 00:45:32,000

um which appeared in italy with the

1178

00:45:36,470 --> 00:45:34,079

friendship group case

1179

00:45:38,710 --> 00:45:36,480

in the early 60s

1180

00:45:40,150 --> 00:45:38,720

um then you have like nordic looking

1181

00:45:42,309 --> 00:45:40,160

people as well

1182

00:45:43,589 --> 00:45:42,319

you have the greys small grays tall

1183

00:45:46,630 --> 00:45:43,599

grays

1184

00:45:48,230 --> 00:45:46,640

the orbs the shadow looking people

1185

00:45:50,309 --> 00:45:48,240

put the insect toys and all these like

1186

00:45:53,109 --> 00:45:50,319

different things like what is it are we

1187

00:45:55,109 --> 00:45:53,119

talking about um a number of different

1188

00:45:56,950 --> 00:45:55,119

kind of like races or something like

1189

00:45:58,870 --> 00:45:56,960

that visiting the earth

1190

00:46:00,550 --> 00:45:58,880

or are we talking about something that's

1191

00:46:02,630 --> 00:46:00,560

able to project itself

1192

00:46:04,309 --> 00:46:02,640

um and use

1193

00:46:06,230 --> 00:46:04,319

kind of like fall us

1194

00:46:07,510 --> 00:46:06,240

by using consciousness and hence that's

1195

00:46:09,750 --> 00:46:07,520

why everyone's so obsessed about

1196

00:46:12,309 --> 00:46:09,760

consciousness kind of

1197

00:46:14,390 --> 00:46:12,319

i don't know i really don't know but i

1198

00:46:17,430 --> 00:46:14,400

found it quite interesting um the other

1199

00:46:21,430 --> 00:46:17,440

day i mean i think um john greenwald was

1200

00:46:23,109 --> 00:46:21,440

focusing on um a post on reddit and he

1201
00:46:24,630 --> 00:46:23,119
was just like honing in on just like

1202
00:46:26,870 --> 00:46:24,640
inaccuracies and stuff like that in

1203
00:46:29,270 --> 00:46:26,880
terms of the production of unidentified

1204
00:46:31,030 --> 00:46:29,280
it's like that it always happens on

1205
00:46:33,349 --> 00:46:31,040
television shows you know like i looked

1206
00:46:36,390 --> 00:46:33,359
at the italian case for instance which

1207
00:46:38,470 --> 00:46:36,400
they were discussing um i spoke to paulo

1208
00:46:41,270 --> 00:46:38,480
who's was involved with the group who

1209
00:46:43,349 --> 00:46:41,280
met with ttsa in that meeting i mean he

1210
00:46:46,150 --> 00:46:43,359
cleared up with me like that helicopter

1211
00:46:48,390 --> 00:46:46,160
that they claimed was fired upon by a

1212
00:46:49,910 --> 00:46:48,400
ufo that wasn't that didn't happen like

1213
00:46:52,230 --> 00:46:49,920

the helicopter first it wasn't a

1214

00:46:53,910 --> 00:46:52,240

military helicopter it had nothing its

1215

00:46:55,910 --> 00:46:53,920

presence that had nothing to do with

1216

00:46:57,430 --> 00:46:55,920

like the fires that were raging around

1217

00:46:59,030 --> 00:46:57,440

sicily at the time

1218

00:47:00,870 --> 00:46:59,040

and it was just like the flight crew

1219

00:47:02,309 --> 00:47:00,880

were on there kind of like flight path

1220

00:47:05,190 --> 00:47:02,319

and all of a sudden they heard a big

1221

00:47:06,710 --> 00:47:05,200

jobs and felt something like oh gosh we

1222

00:47:10,309 --> 00:47:06,720

better land so they landed and they

1223

00:47:12,069 --> 00:47:10,319

discovered um that their uh

1224

00:47:14,150 --> 00:47:12,079

their helicopter had been

1225

00:47:16,309 --> 00:47:14,160

um been damaged

1226
00:47:17,910 --> 00:47:16,319
and then i think a few days or weeks

1227
00:47:19,990 --> 00:47:17,920
afterwards someone

1228
00:47:21,510 --> 00:47:20,000
showed them the

1229
00:47:25,030 --> 00:47:21,520
um the image

1230
00:47:26,630 --> 00:47:25,040
of the ufo training behind it so i mean

1231
00:47:28,390 --> 00:47:26,640
stuff like that happens all the time

1232
00:47:30,470 --> 00:47:28,400
sorry i'm digressing here but i just

1233
00:47:32,870 --> 00:47:30,480
want to make that clear because there is

1234
00:47:35,510 --> 00:47:32,880
a bit of a gap between

1235
00:47:37,270 --> 00:47:35,520
you know production and editing and what

1236
00:47:38,710 --> 00:47:37,280
the beliefs are of those who are

1237
00:47:40,230 --> 00:47:38,720
actually doing the investigations like

1238
00:47:42,150 --> 00:47:40,240

lou

1239

00:47:44,069 --> 00:47:42,160

but the thing they missed out well the

1240

00:47:45,349 --> 00:47:44,079

thing that john green everyone else

1241

00:47:47,430 --> 00:47:45,359

missed out not everyone there was a few

1242

00:47:49,109 --> 00:47:47,440

people who mentioned it was the fact

1243

00:47:50,870 --> 00:47:49,119

that during this meeting with this guy

1244

00:47:52,870 --> 00:47:50,880

he kind of came forward and ready to say

1245

00:47:56,630 --> 00:47:52,880

that he was there during a meeting that

1246

00:47:58,150 --> 00:47:56,640

was documented in identified between lou

1247

00:48:00,230 --> 00:47:58,160

um tom

1248

00:48:01,270 --> 00:48:00,240

and some other guys i think he claimed

1249

00:48:03,030 --> 00:48:01,280

it was like a job interview or something

1250

00:48:05,430 --> 00:48:03,040

like that but he claimed something that

1251
00:48:08,710 --> 00:48:05,440
like tom delonge said that there's

1252
00:48:11,190 --> 00:48:08,720
some kind of conflict situation between

1253
00:48:13,990 --> 00:48:11,200
an entity which is here on earth

1254
00:48:15,030 --> 00:48:14,000
and um something else which is on the

1255
00:48:15,990 --> 00:48:15,040
moon

1256
00:48:18,309 --> 00:48:16,000
and

1257
00:48:19,750 --> 00:48:18,319
he was like it's a cold war situation

1258
00:48:21,430 --> 00:48:19,760
and that really made me think because i

1259
00:48:24,150 --> 00:48:21,440
remember the joe rogan show when tom

1260
00:48:26,150 --> 00:48:24,160
delonge said that you know it's like us

1261
00:48:28,309 --> 00:48:26,160
being in syria right now and looking up

1262
00:48:30,710 --> 00:48:28,319
to the sky thinking oh what's that thing

1263
00:48:32,069 --> 00:48:30,720

it's just one thing but in actual fact

1264

00:48:34,150 --> 00:48:32,079

you know there could be

1265

00:48:36,470 --> 00:48:34,160

fighter jets from france fighter chips

1266

00:48:37,670 --> 00:48:36,480

in russia the americans are probably

1267

00:48:39,990 --> 00:48:37,680

there and there's lots of different

1268

00:48:41,270 --> 00:48:40,000

interests it's not just one or the other

1269

00:48:42,870 --> 00:48:41,280

so that kind of like really made me

1270

00:48:44,950 --> 00:48:42,880

think i'm not saying it's you know

1271

00:48:46,230 --> 00:48:44,960

obviously true or anything like that but

1272

00:48:48,069 --> 00:48:46,240

i like to

1273

00:48:50,790 --> 00:48:48,079

have a little kind of like map in my

1274

00:48:53,109 --> 00:48:50,800

head about where the dots are all

1275

00:48:55,910 --> 00:48:53,119

connecting and stuff like that just

1276

00:48:58,390 --> 00:48:55,920

for internal purposes not that it will

1277

00:49:00,309 --> 00:48:58,400

feature on liberation times but i just

1278

00:49:02,309 --> 00:49:00,319

find it interesting

1279

00:49:05,030 --> 00:49:02,319

oh yeah if you're not if you don't stay

1280

00:49:07,109 --> 00:49:05,040

open you may miss the truth

1281

00:49:08,630 --> 00:49:07,119

absolutely and along those lines from

1282

00:49:10,870 --> 00:49:08,640

what you're saying christopher you know

1283

00:49:14,069 --> 00:49:10,880

it was it was interesting when lou

1284

00:49:17,109 --> 00:49:14,079

elizondo earlier this year um

1285

00:49:19,270 --> 00:49:17,119

kind of tipped his hat towards uh an old

1286

00:49:20,069 --> 00:49:19,280

sci-fi novella called the chains of the

1287

00:49:22,549 --> 00:49:20,079

sea

1288

00:49:23,510 --> 00:49:22,559

um that basically uh

1289

00:49:26,069 --> 00:49:23,520

kind of

1290

00:49:28,309 --> 00:49:26,079

was a was a fictional version of a

1291

00:49:29,270 --> 00:49:28,319

scenario very much like that where we're

1292

00:49:33,190 --> 00:49:29,280

kind of

1293

00:49:35,190 --> 00:49:33,200

the the hapless middlemen between two

1294

00:49:36,710 --> 00:49:35,200

more advanced forms of intelligence that

1295

00:49:37,990 --> 00:49:36,720

are dealing with each other on both

1296

00:49:39,990 --> 00:49:38,000

sides right

1297

00:49:42,150 --> 00:49:40,000

um and so uh

1298

00:49:44,390 --> 00:49:42,160

you know that would be quite the reality

1299

00:49:45,510 --> 00:49:44,400

sandwich to find ourselves in

1300

00:49:49,829 --> 00:49:45,520

um

1301
00:49:51,750 --> 00:49:49,839
not sure

1302
00:49:52,950 --> 00:49:51,760
like um because obviously you guys got

1303
00:49:54,870 --> 00:49:52,960
quite a lot of knowledge when it comes

1304
00:49:57,750 --> 00:49:54,880
to this have you heard anything about

1305
00:49:59,349 --> 00:49:57,760
like incidents before involving swarms

1306
00:50:01,030 --> 00:49:59,359
so people like hear a swarm in their

1307
00:50:02,230 --> 00:50:01,040
head i saw

1308
00:50:03,829 --> 00:50:02,240
some testimony the other day from

1309
00:50:06,630 --> 00:50:03,839
someone on limits i think in the early

1310
00:50:08,710 --> 00:50:06,640
90s saying that he had a uap encounter

1311
00:50:11,349 --> 00:50:08,720
and firstly he had something that

1312
00:50:13,190 --> 00:50:11,359
sounded like a swarm in his head before

1313
00:50:14,950 --> 00:50:13,200

something i think either came into the

1314

00:50:16,870 --> 00:50:14,960

ocean or went out of the ocean or

1315

00:50:18,390 --> 00:50:16,880

something along those lines but

1316

00:50:19,510 --> 00:50:18,400

if you look in the secret machine's

1317

00:50:21,670 --> 00:50:19,520

books

1318

00:50:22,870 --> 00:50:21,680

the word swarm appears quite a lot of

1319

00:50:24,630 --> 00:50:22,880

the time but i'm just wondering if you

1320

00:50:27,109 --> 00:50:24,640

guys have any knowledge on

1321

00:50:28,870 --> 00:50:27,119

okay like that

1322

00:50:30,549 --> 00:50:28,880

sure well i mean yeah i mean i know

1323

00:50:32,470 --> 00:50:30,559

plenty of incidences where there's

1324

00:50:36,150 --> 00:50:32,480

multiple um

1325

00:50:37,829 --> 00:50:36,160

you know objects definitely um but you

1326

00:50:40,710 --> 00:50:37,839

also said something about swarm in your

1327

00:50:43,750 --> 00:50:40,720

mind swarm in your brain or something

1328

00:50:45,349 --> 00:50:43,760

um i'm not sure what you mean there i

1329

00:50:47,750 --> 00:50:45,359

guess i suppose

1330

00:50:49,510 --> 00:50:47,760

um but from all the files and documents

1331

00:50:52,470 --> 00:50:49,520

that i read which unfortunately right

1332

00:50:54,950 --> 00:50:52,480

now has been my only literature

1333

00:50:57,510 --> 00:50:54,960

i don't hear much too much about

1334

00:50:59,750 --> 00:50:57,520

um things that are too um high

1335

00:51:01,190 --> 00:50:59,760

strangeness value

1336

00:51:02,870 --> 00:51:01,200

um

1337

00:51:04,870 --> 00:51:02,880

unfortunately but

1338

00:51:06,829 --> 00:51:04,880

i'm starting to read some fbi docs and

1339

00:51:08,630 --> 00:51:06,839

that's changing a little bit

1340

00:51:09,430 --> 00:51:08,640

so

1341

00:51:10,230 --> 00:51:09,440

uh

1342

00:51:11,670 --> 00:51:10,240

but

1343

00:51:14,710 --> 00:51:11,680

yeah so i guess that's all i would have

1344

00:51:16,870 --> 00:51:14,720

to say there but um yeah there's been

1345

00:51:18,790 --> 00:51:16,880

you know one document that sticks out to

1346

00:51:21,030 --> 00:51:18,800

me that i've that i've read and posted

1347

00:51:23,589 --> 00:51:21,040

on my twitter a while ago was uh

1348

00:51:25,270 --> 00:51:23,599

regarding locust drone swords

1349

00:51:27,510 --> 00:51:25,280

um and you noticed that that was

1350

00:51:29,670 --> 00:51:27,520

mentioned in you know uh one of

1351

00:51:31,670 --> 00:51:29,680

greenwald's releases in

1352

00:51:35,109 --> 00:51:31,680

the email or whatever

1353

00:51:38,470 --> 00:51:35,119

and it was a i think it was a school

1354

00:51:40,870 --> 00:51:38,480

like an air college paper or something

1355

00:51:44,230 --> 00:51:40,880

and how they looked at swarms

1356

00:51:45,910 --> 00:51:44,240

and how they called swarms a phenomena a

1357

00:51:47,829 --> 00:51:45,920

natural phenomena

1358

00:51:50,630 --> 00:51:47,839

you know and because

1359

00:51:51,829 --> 00:51:50,640

it's something that the animals here and

1360

00:51:53,750 --> 00:51:51,839

every

1361

00:51:56,549 --> 00:51:53,760

living being basically

1362

00:51:58,630 --> 00:51:56,559

has an innate instinct to do in in

1363

00:52:01,750 --> 00:51:58,640

certain aspects you know whether we're

1364

00:52:02,470 --> 00:52:01,760

swarming a fire to put it out or ants

1365

00:52:04,309 --> 00:52:02,480

are

1366

00:52:05,510 --> 00:52:04,319

swarming something to get something done

1367

00:52:08,230 --> 00:52:05,520

or locust

1368

00:52:10,390 --> 00:52:08,240

swarms you know and their drones that

1369

00:52:13,109 --> 00:52:10,400

they were working on you know was in

1370

00:52:15,030 --> 00:52:13,119

reference to all of this stuff you know

1371

00:52:16,069 --> 00:52:15,040

and they have actually had

1372

00:52:18,150 --> 00:52:16,079

tested

1373

00:52:20,230 --> 00:52:18,160

you know i think it was up to like 25 or

1374

00:52:22,309 --> 00:52:20,240

50 of these things once and their next

1375

00:52:24,470 --> 00:52:22,319

goal was up to 100

1376

00:52:26,230 --> 00:52:24,480

um but you know there's

1377

00:52:27,750 --> 00:52:26,240

in doing that kind of research you also

1378

00:52:29,910 --> 00:52:27,760

find out a lot of things like one of the

1379

00:52:32,790 --> 00:52:29,920

biggest issues with them is collision

1380

00:52:35,670 --> 00:52:32,800

avoidance technology you know and being

1381

00:52:36,950 --> 00:52:35,680

able to make that work for long enough

1382

00:52:38,710 --> 00:52:36,960

you know

1383

00:52:41,430 --> 00:52:38,720

um so

1384

00:52:44,150 --> 00:52:41,440

you know swarming is

1385

00:52:47,030 --> 00:52:44,160

you know a huge part of

1386

00:52:49,430 --> 00:52:47,040

uh military you know

1387

00:52:51,510 --> 00:52:49,440

philosophy basically

1388

00:52:54,309 --> 00:52:51,520

yeah and at the same and also with

1389

00:52:55,190 --> 00:52:54,319

contact cases you know there's also the

1390

00:53:00,549 --> 00:52:55,200

um

1391

00:53:04,630 --> 00:53:00,559

before an event

1392

00:53:07,589 --> 00:53:04,640

um a witness um will often report

1393

00:53:09,589 --> 00:53:07,599

hearing a certain tone in their ears

1394

00:53:13,109 --> 00:53:09,599

um sometimes it's a it's sometimes it's

1395

00:53:14,950 --> 00:53:13,119

a low rolling tone that seems to exist

1396

00:53:16,470 --> 00:53:14,960

almost like a sub-base frequency where

1397

00:53:18,470 --> 00:53:16,480

you can't tell where the direction's

1398

00:53:20,470 --> 00:53:18,480

from sometimes it's a high-pitched tone

1399

00:53:23,510 --> 00:53:20,480

in the ears you know sometimes it's a

1400

00:53:25,030 --> 00:53:23,520

more static white noise kind of aspect

1401
00:53:27,510 --> 00:53:25,040
and sometimes that can even be

1402
00:53:29,750 --> 00:53:27,520
accompanied by flashes but more

1403
00:53:33,349 --> 00:53:29,760
controversially along those lines

1404
00:53:35,589 --> 00:53:33,359
there's also the aspect of

1405
00:53:37,430 --> 00:53:35,599
you know um sometimes there's some

1406
00:53:39,349 --> 00:53:37,440
seemingly some kind of filter that goes

1407
00:53:42,150 --> 00:53:39,359
down where that kind of

1408
00:53:43,750 --> 00:53:42,160
that off off reported telepathic aspect

1409
00:53:45,910 --> 00:53:43,760
that comes in and some kind of filter

1410
00:53:47,910 --> 00:53:45,920
comes down and one thing that gets

1411
00:53:50,069 --> 00:53:47,920
reported is is kind of like getting a

1412
00:53:51,349 --> 00:53:50,079
ping that's like you know hey go outside

1413
00:53:53,589 --> 00:53:51,359

and look up you know that kind of

1414

00:53:55,750 --> 00:53:53,599

situation and there's so many reports of

1415

00:53:57,670 --> 00:53:55,760

that but at the same time there's also

1416

00:53:59,349 --> 00:53:57,680

reports where that

1417

00:54:00,630 --> 00:53:59,359

in the act of something like that

1418

00:54:03,430 --> 00:54:00,640

happening

1419

00:54:04,150 --> 00:54:03,440

people seem to have more permeability

1420

00:54:10,309 --> 00:54:04,160

with

1421

00:54:12,870 --> 00:54:10,319

maybe even people around them and if

1422

00:54:14,549 --> 00:54:12,880

that's the case uh especially if someone

1423

00:54:16,710 --> 00:54:14,559

might not be used to something like that

1424

00:54:18,390 --> 00:54:16,720

because who is really um i could

1425

00:54:20,309 --> 00:54:18,400

understand that that you know that might

1426
00:54:21,670 --> 00:54:20,319
sound like you know star trek the board

1427
00:54:23,670 --> 00:54:21,680
collective or something like that

1428
00:54:25,030 --> 00:54:23,680
hearing a lot of voices not knowing

1429
00:54:26,710 --> 00:54:25,040
where they're from and that that could

1430
00:54:29,190 --> 00:54:26,720
be even described in kind of a

1431
00:54:31,190 --> 00:54:29,200
swarm-like way or some kind of point of

1432
00:54:33,109 --> 00:54:31,200
overwhelm as well which is an

1433
00:54:35,670 --> 00:54:33,119
interesting thing

1434
00:54:36,549 --> 00:54:35,680
let me ask you this jay um

1435
00:54:40,390 --> 00:54:36,559
i

1436
00:54:42,309 --> 00:54:40,400
run across two cases now where

1437
00:54:44,470 --> 00:54:42,319
the object comes

1438
00:54:47,349 --> 00:54:44,480

you know into sight or whatever

1439

00:54:49,910 --> 00:54:47,359

and a couple witnesses that are within

1440

00:54:52,630 --> 00:54:49,920

the object you know within

1441

00:54:54,710 --> 00:54:52,640

you know it's relatively close not very

1442

00:54:55,829 --> 00:54:54,720

far away you know

1443

00:54:57,510 --> 00:54:55,839

um

1444

00:55:00,230 --> 00:54:57,520

but they can't they go deaf like they

1445

00:55:02,150 --> 00:55:00,240

can't hear each other talking at all it

1446

00:55:04,069 --> 00:55:02,160

like goes completely silent but the

1447

00:55:06,150 --> 00:55:04,079

second they get in the car or in the

1448

00:55:07,510 --> 00:55:06,160

house or something then it's all back to

1449

00:55:10,789 --> 00:55:07,520

normal

1450

00:55:14,230 --> 00:55:10,799

oh absolutely that that

1451
00:55:16,950 --> 00:55:14,240
that is a huge aspect and um that that's

1452
00:55:18,870 --> 00:55:16,960
very very well reported um

1453
00:55:21,030 --> 00:55:18,880
and there are even freakier aspects of

1454
00:55:22,630 --> 00:55:21,040
that that when people sometimes feel

1455
00:55:25,109 --> 00:55:22,640
that they're targeted or that they're

1456
00:55:26,549 --> 00:55:25,119
being watched or something like that

1457
00:55:29,270 --> 00:55:26,559
sound goes down

1458
00:55:31,349 --> 00:55:29,280
um ambient noise disappears

1459
00:55:32,870 --> 00:55:31,359
and some people even report that there's

1460
00:55:34,870 --> 00:55:32,880
that they'll be if they're in a high

1461
00:55:37,430 --> 00:55:34,880
traffic area or on a highway or things

1462
00:55:39,349 --> 00:55:37,440
like that they see less traffic around

1463
00:55:42,230 --> 00:55:39,359

them than they normally would

1464

00:55:44,230 --> 00:55:42,240

which is incredibly bizarre but you know

1465

00:55:45,430 --> 00:55:44,240

it gets in people into this hypothetical

1466

00:55:47,270 --> 00:55:45,440

state where it's like is there some kind

1467

00:55:49,670 --> 00:55:47,280

of targeting bubble

1468

00:55:51,990 --> 00:55:49,680

put around people that might be kind of

1469

00:55:53,670 --> 00:55:52,000

where you know it seems like science

1470

00:55:55,829 --> 00:55:53,680

fiction but again we're talking about

1471

00:55:58,630 --> 00:55:55,839

very advanced possibly very advanced

1472

00:56:00,390 --> 00:55:58,640

technology you know are is is there some

1473

00:56:02,470 --> 00:56:00,400

almost like a mouse cursor is there kind

1474

00:56:05,589 --> 00:56:02,480

of a bubble being put around a target

1475

00:56:08,390 --> 00:56:05,599

area that might be like shifting you

1476

00:56:10,870 --> 00:56:08,400

um into some slightly different for lack

1477

00:56:13,670 --> 00:56:10,880

of a better term frequency that might

1478

00:56:16,470 --> 00:56:13,680

make you more able to be apprehended or

1479

00:56:17,430 --> 00:56:16,480

or or targeted in some fashion you know

1480

00:56:20,470 --> 00:56:17,440

and

1481

00:56:22,549 --> 00:56:20,480

it would seem if that were the case like

1482

00:56:24,150 --> 00:56:22,559

i'm maybe there would be auditory

1483

00:56:25,990 --> 00:56:24,160

effects and other things like that you

1484

00:56:28,390 --> 00:56:26,000

know right when you're dealing with that

1485

00:56:30,309 --> 00:56:28,400

the high sophistication of things

1486

00:56:31,910 --> 00:56:30,319

you don't really necessarily know what

1487

00:56:33,430 --> 00:56:31,920

other

1488

00:56:35,430 --> 00:56:33,440

i don't want to say repercussions or

1489

00:56:37,270 --> 00:56:35,440

side effects could be possibly even

1490

00:56:39,190 --> 00:56:37,280

maybe it could not even be an intent

1491

00:56:41,430 --> 00:56:39,200

thing that's just like when we do this

1492

00:56:42,470 --> 00:56:41,440

this happens

1493

00:56:43,589 --> 00:56:42,480

you know

1494

00:56:45,030 --> 00:56:43,599

interesting

1495

00:56:45,990 --> 00:56:45,040

a hundred percent

1496

00:56:47,109 --> 00:56:46,000

um

1497

00:56:51,349 --> 00:56:47,119

uh

1498

00:56:52,870 --> 00:56:51,359

christopher mentioned italy before um do

1499

00:56:54,230 --> 00:56:52,880

you mind if i go with follow-up about

1500

00:56:56,470 --> 00:56:54,240

that or is there something that you'd

1501

00:56:59,349 --> 00:56:56,480

like to mention sean um i'd like to

1502

00:57:01,109 --> 00:56:59,359

mention that i'll be right back in like

1503

00:57:03,670 --> 00:57:01,119

okay two minutes

1504

00:57:05,510 --> 00:57:03,680

okay sure and you guys just kill it

1505

00:57:08,069 --> 00:57:05,520

don't blow this

1506

00:57:11,670 --> 00:57:08,079

yeah i'll work on it yep

1507

00:57:13,030 --> 00:57:11,680

okay um christopher now for some

1508

00:57:15,109 --> 00:57:13,040

for some people you mentioned you

1509

00:57:17,030 --> 00:57:15,119

mentioned italy a bit ago

1510

00:57:20,309 --> 00:57:17,040

and i i was reading some of your pieces

1511

00:57:22,069 --> 00:57:20,319

earlier uh today uh for ketchup and now

1512

00:57:24,230 --> 00:57:22,079

for some people in our viewing audience

1513

00:57:25,990 --> 00:57:24,240

that may be using this episode as a kind

1514

00:57:27,349 --> 00:57:26,000

of a year in review as a quick catch-up

1515

00:57:29,910 --> 00:57:27,359

with recent events

1516

00:57:30,950 --> 00:57:29,920

how is it that an incredibly small

1517

00:57:33,430 --> 00:57:30,960

country

1518

00:57:35,109 --> 00:57:33,440

enclosed by italy an incredibly small

1519

00:57:38,309 --> 00:57:35,119

country like san marino with a

1520

00:57:40,150 --> 00:57:38,319

population of roughly 34 000 people what

1521

00:57:42,870 --> 00:57:40,160

has been happening behind the scenes

1522

00:57:46,549 --> 00:57:42,880

there and do we anticipate san marino

1523

00:57:49,510 --> 00:57:46,559

possibly making waves in 2022

1524

00:57:52,470 --> 00:57:49,520

so it's been 20 years in the making

1525

00:57:54,390 --> 00:57:52,480

um uh roberto panotti

1526

00:58:00,150 --> 00:57:54,400

um

1527

00:58:02,549 --> 00:58:00,160

which also has

1528

00:58:06,789 --> 00:58:02,559

basically this crossover between

1529

00:58:09,750 --> 00:58:06,799

um penotti um paulo gudezi qudesi he's

1530

00:58:11,990 --> 00:58:09,760

gonna kill me i got his name wrong again

1531

00:58:12,789 --> 00:58:12,000

and isa um

1532

00:58:14,630 --> 00:58:12,799

so

1533

00:58:17,270 --> 00:58:14,640

what there is is that there's this

1534

00:58:18,950 --> 00:58:17,280

crossover and um

1535

00:58:22,309 --> 00:58:18,960

roberto penotti

1536

00:58:24,309 --> 00:58:22,319

um has basically been doing kind of um

1537

00:58:26,069 --> 00:58:24,319

yearly um

1538

00:58:28,549 --> 00:58:26,079

conferences at san marino for the last

1539

00:58:33,589 --> 00:58:28,559

20 years um he has a personal connection

1540

00:58:36,710 --> 00:58:33,599

there but also he saw from very very um

1541

00:58:38,230 --> 00:58:36,720

from the very very early days um that

1542

00:58:40,549 --> 00:58:38,240

san marino would be a very very good

1543

00:58:44,069 --> 00:58:40,559

country to put this forward before the

1544

00:58:46,150 --> 00:58:44,079

u.n because it's a neutral country um

1545

00:58:47,510 --> 00:58:46,160

it's very very small so it's not like

1546

00:58:50,069 --> 00:58:47,520

you know it's china going into

1547

00:58:52,950 --> 00:58:50,079

stakeholder or anything like that so i

1548

00:58:56,069 --> 00:58:52,960

mean it's come about like that and um

1549

00:58:57,190 --> 00:58:56,079

i mean with italy you've got like a

1550

00:58:58,950 --> 00:58:57,200

year

1551
00:59:01,750 --> 00:58:58,960
some ufo

1552
00:59:04,789 --> 00:59:01,760
um advocates and researchers there who

1553
00:59:07,109 --> 00:59:04,799
are incredibly incredibly high caliber

1554
00:59:08,950 --> 00:59:07,119
you're talking about like i mean um

1555
00:59:11,430 --> 00:59:08,960
former native officers

1556
00:59:12,950 --> 00:59:11,440
um people who are currently serving

1557
00:59:15,750 --> 00:59:12,960
within the

1558
00:59:18,309 --> 00:59:15,760
foreign ministry in italy um and other

1559
00:59:21,589 --> 00:59:18,319
high government and military positions

1560
00:59:23,109 --> 00:59:21,599
um you know former kind of

1561
00:59:24,150 --> 00:59:23,119
air force generals and people like that

1562
00:59:26,309 --> 00:59:24,160
who kind of

1563
00:59:28,309 --> 00:59:26,319

collaborate with them as well

1564

00:59:31,430 --> 00:59:28,319

so you've got a really really impressive

1565

00:59:33,430 --> 00:59:31,440

group of individuals there

1566

00:59:35,430 --> 00:59:33,440

and also you've got some great cases

1567

00:59:38,750 --> 00:59:35,440

there as well in terms of italy

1568

00:59:41,750 --> 00:59:38,760

which i go through um but in terms of

1569

00:59:43,910 --> 00:59:41,760

2022 in san marino yes absolutely this

1570

00:59:45,670 --> 00:59:43,920

could be the year um

1571

00:59:47,270 --> 00:59:45,680

so if you look at the language within

1572

00:59:49,910 --> 00:59:47,280

the national defense

1573

00:59:51,670 --> 00:59:49,920

defense authorization act 2022

1574

00:59:55,430 --> 00:59:51,680

it states that

1575

00:59:57,829 --> 00:59:55,440

the um the us uap office can actually

1576

01:00:00,870 --> 00:59:57,839

coordinate with allies and partners

1577

01:00:03,589 --> 01:00:00,880

um globally it doesn't necessarily say

1578

01:00:06,549 --> 01:00:03,599

that they have to engage according with

1579

01:00:09,190 --> 01:00:06,559

them um with their militaries

1580

01:00:11,190 --> 01:00:09,200

so as we know the um the request of san

1581

01:00:13,349 --> 01:00:11,200

marino has gone into their

1582

01:00:17,510 --> 01:00:13,359

cultural

1583

01:00:19,109 --> 01:00:17,520

portfolio is a ministry of culture

1584

01:00:20,230 --> 01:00:19,119

that's where the request is gone for san

1585

01:00:21,109 --> 01:00:20,240

marino

1586

01:00:23,589 --> 01:00:21,119

so

1587

01:00:26,150 --> 01:00:23,599

that allows the doors we opened for

1588

01:00:28,390 --> 01:00:26,160

coordination between the us and

1589

01:00:30,630 --> 01:00:28,400

people who are in that office and

1590

01:00:32,230 --> 01:00:30,640

saborino and that specific place where

1591

01:00:33,430 --> 01:00:32,240

the request has gone in

1592

01:00:35,589 --> 01:00:33,440

so they can just give them a nudge

1593

01:00:37,430 --> 01:00:35,599

saying that this is going somewhere now

1594

01:00:39,270 --> 01:00:37,440

you know you don't have to worry about

1595

01:00:42,470 --> 01:00:39,280

putting in this request and getting some

1596

01:00:45,349 --> 01:00:42,480

pushback you'll feel free to do that so

1597

01:00:46,309 --> 01:00:45,359

i feel that san marino may be encouraged

1598

01:00:48,230 --> 01:00:46,319

to

1599

01:00:49,430 --> 01:00:48,240

uh formally

1600

01:00:51,670 --> 01:00:49,440

request

1601
01:00:54,230 --> 01:00:51,680
these um

1602
01:00:56,309 --> 01:00:54,240
the these kind of like summits that

1603
01:00:57,829 --> 01:00:56,319
they're at the united nations regarding

1604
01:01:00,950 --> 01:00:57,839
uap

1605
01:01:02,710 --> 01:01:00,960
and i think that as well in my opinion i

1606
01:01:04,470 --> 01:01:02,720
think that there are other countries

1607
01:01:05,510 --> 01:01:04,480
that are on board i think china is on

1608
01:01:06,789 --> 01:01:05,520
board

1609
01:01:21,270 --> 01:01:06,799
100

1610
01:01:27,270 --> 01:01:25,270
that is so bizarre to me

1611
01:01:31,510 --> 01:01:27,280
i just don't get it

1612
01:01:32,950 --> 01:01:31,520
um but we are nearing the hour mark is

1613
01:01:35,109 --> 01:01:32,960

there

1614

01:01:36,950 --> 01:01:35,119

any other questions or anything that you

1615

01:01:39,750 --> 01:01:36,960

want to talk about or finish up with

1616

01:01:40,789 --> 01:01:39,760

anything like that

1617

01:01:42,150 --> 01:01:40,799

um

1618

01:01:43,910 --> 01:01:42,160

i'd just like to thank you both for

1619

01:01:46,549 --> 01:01:43,920

having me on um

1620

01:01:48,950 --> 01:01:46,559

it's been such a pleasure and um

1621

01:01:51,510 --> 01:01:48,960

yeah i mean um

1622

01:01:54,230 --> 01:01:51,520

i would say that you know come and

1623

01:01:58,230 --> 01:01:54,240

read the articles liberation times

1624

01:02:01,589 --> 01:02:00,309

um we're going to have some really

1625

01:02:02,870 --> 01:02:01,599

really good articles coming out in the

1626

01:02:05,109 --> 01:02:02,880

next month or so which would be

1627

01:02:08,390 --> 01:02:05,119

interesting hopefully cause the stir

1628

01:02:09,270 --> 01:02:08,400

um yeah so um but yeah i mean if you

1629

01:02:11,910 --> 01:02:09,280

want to

1630

01:02:14,309 --> 01:02:11,920

um discuss anything else before the show

1631

01:02:17,109 --> 01:02:14,319

um fiji closes feel free to i'm not

1632

01:02:18,069 --> 01:02:17,119

gonna rush at all so

1633

01:02:20,710 --> 01:02:18,079

um

1634

01:02:23,510 --> 01:02:20,720

i interrupted you jay so i realized

1635

01:02:25,750 --> 01:02:23,520

no i don't know i appreciate you you

1636

01:02:27,829 --> 01:02:25,760

know taking the time to do this with us

1637

01:02:29,910 --> 01:02:27,839

i i really do um

1638

01:02:31,430 --> 01:02:29,920

i've considered you at this point you're

1639

01:02:33,510 --> 01:02:31,440

a dear friend

1640

01:02:35,990 --> 01:02:33,520

um and i hope it's not you know your

1641

01:02:38,630 --> 01:02:36,000

only stop here and you'll be here

1642

01:02:40,950 --> 01:02:38,640

again and again and again

1643

01:02:46,230 --> 01:02:43,750

and i hope to you know write more pieces

1644

01:02:48,230 --> 01:02:46,240

at some point for you um

1645

01:02:49,349 --> 01:02:48,240

as you can see it just you know the last

1646

01:02:51,589 --> 01:02:49,359

one took

1647

01:02:54,950 --> 01:02:51,599

maybe almost a year's worth of research

1648

01:02:59,670 --> 01:02:57,190

like that was a culmination of a lot

1649

01:03:01,349 --> 01:02:59,680

there um so you know i don't know when

1650

01:03:03,349 --> 01:03:01,359

i'd get to another one but i'd still

1651

01:03:05,109 --> 01:03:03,359

love to and i just thank you and

1652

01:03:09,190 --> 01:03:05,119

appreciate everything that you're doing

1653

01:03:11,589 --> 01:03:09,200

for uh the ufo uap community um and

1654

01:03:15,349 --> 01:03:11,599

bringing out um integrity-based

1655

01:03:16,950 --> 01:03:15,359

uh news uh that matters so

1656

01:03:19,270 --> 01:03:16,960

thank you very much

1657

01:03:20,710 --> 01:03:19,280

yeah absolutely absolutely and i see

1658

01:03:22,710 --> 01:03:20,720

that you're you've been growing your

1659

01:03:24,470 --> 01:03:22,720

staff recently you've got a widening

1660

01:03:25,750 --> 01:03:24,480

range of international

1661

01:03:28,789 --> 01:03:25,760

contributors

1662

01:03:31,349 --> 01:03:28,799

um what can we expect to see in 2022

1663

01:03:32,950 --> 01:03:31,359

from yourself and the liberation times

1664

01:03:35,589 --> 01:03:32,960

before i get out of here today

1665

01:03:37,750 --> 01:03:35,599

um so what i wanted to do is firstly i

1666

01:03:39,910 --> 01:03:37,760

want to give people who are the best

1667

01:03:42,230 --> 01:03:39,920

thinkers in the ufo community the

1668

01:03:45,750 --> 01:03:42,240

platform to actually get across

1669

01:03:47,990 --> 01:03:45,760

their knowledge and their unique

1670

01:03:49,990 --> 01:03:48,000

analysis of the situation

1671

01:03:51,510 --> 01:03:50,000

um that's one of the first things and

1672

01:03:53,750 --> 01:03:51,520

the second thing is actually doing the

1673

01:03:55,750 --> 01:03:53,760

same with other countries as well

1674

01:03:57,829 --> 01:03:55,760

um so we had two recent articles for

1675

01:04:00,069 --> 01:03:57,839

example in

1676
01:04:01,670 --> 01:04:00,079
like you know no one else is going to do

1677
01:04:02,630 --> 01:04:01,680
those articles

1678
01:04:04,069 --> 01:04:02,640
um

1679
01:04:06,069 --> 01:04:04,079
and that's a real shame because we've

1680
01:04:09,270 --> 01:04:06,079
got some we're blessed with some great

1681
01:04:12,230 --> 01:04:09,280
experts in france such as baptiste who

1682
01:04:14,390 --> 01:04:12,240
who wrote the articles um and provided

1683
01:04:16,950 --> 01:04:14,400
all the sources and whatnot so

1684
01:04:19,349 --> 01:04:16,960
that is something that i'm really really

1685
01:04:21,270 --> 01:04:19,359
uh passionate about um i think also we

1686
01:04:23,430 --> 01:04:21,280
can expect some articles about the

1687
01:04:24,829 --> 01:04:23,440
vatican coming up in the next few

1688
01:04:26,789 --> 01:04:24,839

weeks and months as

1689

01:04:29,349 --> 01:04:26,799

well yeah i think we're going to stay on

1690

01:04:31,910 --> 01:04:29,359

match with x3 um we've got a youtube

1691

01:04:33,670 --> 01:04:31,920

channel she's starting um and what

1692

01:04:35,430 --> 01:04:33,680

that's going to be i mean it's going to

1693

01:04:36,870 --> 01:04:35,440

be like imagine the new york times we

1694

01:04:39,430 --> 01:04:36,880

have like um

1695

01:04:41,029 --> 01:04:39,440

videos basically just educating

1696

01:04:42,710 --> 01:04:41,039

short clips of

1697

01:04:45,430 --> 01:04:42,720

um

1698

01:04:47,430 --> 01:04:45,440

reaction stuff like new uap stories or

1699

01:04:48,630 --> 01:04:47,440

topics that's been discussed in recent

1700

01:04:50,470 --> 01:04:48,640

weeks we're gonna have that and that's

1701

01:04:51,750 --> 01:04:50,480

gonna be led by gautam

1702

01:04:54,069 --> 01:04:51,760

um

1703

01:04:56,309 --> 01:04:54,079

who is known as think thinktank on

1704

01:04:58,390 --> 01:04:56,319

twitter who's um

1705

01:05:00,950 --> 01:04:58,400

he's very very good he's got some great

1706

01:05:03,109 --> 01:05:00,960

sources he's very very good at editing

1707

01:05:04,710 --> 01:05:03,119

videos and what more and he's a great

1708

01:05:06,069 --> 01:05:04,720

thinker as well he's wrote some articles

1709

01:05:07,990 --> 01:05:06,079

for me they've been immensely popular on

1710

01:05:10,230 --> 01:05:08,000

the website so yeah we're going to go

1711

01:05:11,910 --> 01:05:10,240

down that route as well but we want to

1712

01:05:13,750 --> 01:05:11,920

do different we want to do things

1713

01:05:15,829 --> 01:05:13,760

differently we don't want to go on

1714

01:05:16,789 --> 01:05:15,839

ground that's already perfected

1715

01:05:18,789 --> 01:05:16,799

in this

1716

01:05:20,789 --> 01:05:18,799

kind of territory you know there's only

1717

01:05:23,430 --> 01:05:20,799

going to be one one show which can go

1718

01:05:24,549 --> 01:05:23,440

into the depth as your show can for

1719

01:05:27,109 --> 01:05:24,559

instance

1720

01:05:29,029 --> 01:05:27,119

um in terms of you know

1721

01:05:31,029 --> 01:05:29,039

previous documents that have

1722

01:05:32,309 --> 01:05:31,039

been released but no one's really kind

1723

01:05:34,069 --> 01:05:32,319

of analyzed them before and

1724

01:05:36,150 --> 01:05:34,079

contextualized them in terms of what

1725

01:05:37,510 --> 01:05:36,160

we're seeing today things like that i

1726

01:05:39,270 --> 01:05:37,520

mean everyone needs to bring their

1727

01:05:41,270 --> 01:05:39,280

unique offering to the table to work

1728

01:05:43,990 --> 01:05:41,280

together to get this topic of the

1729

01:05:45,029 --> 01:05:44,000

limelight and educate people engage with

1730

01:05:47,670 --> 01:05:45,039

people

1731

01:05:51,670 --> 01:05:47,680

and um just move places forwards really

1732

01:05:53,589 --> 01:05:51,680

and i think we're all doing our our part

1733

01:05:55,589 --> 01:05:53,599

also just add one more thing um of

1734

01:05:58,069 --> 01:05:55,599

course i think one of the things that we

1735

01:05:59,430 --> 01:05:58,079

want to touch upon is we want to start

1736

01:06:01,589 --> 01:05:59,440

getting into

1737

01:06:04,390 --> 01:06:01,599

experience and territory obviously it

1738

01:06:06,870 --> 01:06:04,400

needs to it needs to be done

1739

01:06:08,549 --> 01:06:06,880

delicately i feel if we're going to

1740

01:06:10,309 --> 01:06:08,559

maintain because we've got different

1741

01:06:11,750 --> 01:06:10,319

audiences we've got one audience which

1742

01:06:13,109 --> 01:06:11,760

is like there needs to be evidence of

1743

01:06:14,789 --> 01:06:13,119

this and he's the evidence today all

1744

01:06:16,870 --> 01:06:14,799

needs to be factual then we've got the

1745

01:06:20,390 --> 01:06:16,880

other audience who's kind of open-minded

1746

01:06:22,069 --> 01:06:20,400

it wants us to kind of like really um

1747

01:06:25,029 --> 01:06:22,079

ignite some ideas that have been

1748

01:06:26,789 --> 01:06:25,039

discussed previously um but i think we

1749

01:06:29,349 --> 01:06:26,799

can discuss some cases in the peter

1750

01:06:31,190 --> 01:06:29,359

corey case for instance

1751
01:06:33,029 --> 01:06:31,200
where there was dna samples that were

1752
01:06:34,630 --> 01:06:33,039
taken from

1753
01:06:37,029 --> 01:06:34,640
the scene

1754
01:06:39,029 --> 01:06:37,039
so the plan with that hopefully if we

1755
01:06:39,829 --> 01:06:39,039
can

1756
01:06:42,710 --> 01:06:39,839
get

1757
01:06:43,829 --> 01:06:42,720
it done in the next few weeks is to have

1758
01:06:46,710 --> 01:06:43,839
him on

1759
01:06:49,589 --> 01:06:46,720
one of our shows with the

1760
01:06:51,430 --> 01:06:49,599
dna analysis and the person who wrote

1761
01:06:52,710 --> 01:06:51,440
the book as well about it just to kind

1762
01:06:54,069 --> 01:06:52,720
of discuss that because i find that

1763
01:06:55,109 --> 01:06:54,079

really interesting

1764

01:06:59,109 --> 01:06:55,119

excellent

1765

01:07:02,230 --> 01:06:59,119

sounds fantastic looking forward to this

1766

01:07:05,270 --> 01:07:02,240

year with you yeah yeah

1767

01:07:06,870 --> 01:07:05,280

well christopher j i had a amazing chat

1768

01:07:08,470 --> 01:07:06,880

with you guys i can't wait to do it

1769

01:07:09,430 --> 01:07:08,480

again

1770

01:07:11,349 --> 01:07:09,440

and

1771

01:07:13,109 --> 01:07:11,359

absolutely everyone in the chat thank

1772

01:07:15,990 --> 01:07:13,119

you so much for being perfect and

1773

01:07:17,109 --> 01:07:16,000

wonderful um and it's always such a

1774

01:07:20,150 --> 01:07:17,119

great chat

1775

01:07:23,190 --> 01:07:20,160

um always so positive and respectful

1776

01:07:25,430 --> 01:07:23,200

and i really take pride in

1777

01:07:26,230 --> 01:07:25,440

you all for doing that

1778

01:07:28,870 --> 01:07:26,240

so

1779

01:07:32,549 --> 01:07:28,880

thank you for that um

1780

01:07:35,510 --> 01:07:32,559

yeah with that i will just say it

1781

01:07:41,990 --> 01:07:36,710

thank you guys

1782

01:07:46,630 --> 01:07:43,670

that was pretty good huh

1783

01:07:48,309 --> 01:07:46,640

absolutely yeah

1784

01:07:50,309 --> 01:07:48,319

man it's uh i mean i know it's like a

1785

01:07:52,950 --> 01:07:50,319

mutual appreciation society in here but

1786

01:07:55,430 --> 01:07:52,960

uh i i really enjoy that guy and i think

1787

01:07:57,510 --> 01:07:55,440

i i really appreciate how much he's put

1788

01:07:59,510 --> 01:07:57,520

into that site just over the last few

1789

01:08:01,510 --> 01:07:59,520

months you know and your work there i

1790

01:08:03,430 --> 01:08:01,520

mean it's it's really become a hub and

1791

01:08:05,190 --> 01:08:03,440

and people are really paying attention

1792

01:08:07,190 --> 01:08:05,200

to liberation times within the last few

1793

01:08:09,430 --> 01:08:07,200

months yeah

1794

01:08:12,150 --> 01:08:09,440

amazing amazing stuff that's one thing

1795

01:08:13,670 --> 01:08:12,160

that um i don't really have that i'm

1796

01:08:16,070 --> 01:08:13,680

more of a talker

1797

01:08:18,149 --> 01:08:16,080

and uh you know do stuff like this

1798

01:08:20,789 --> 01:08:18,159

versus like writing and all that like he

1799

01:08:23,269 --> 01:08:20,799

helped tremendously with that with that

1800

01:08:24,789 --> 01:08:23,279

article and putting the research that i

1801

01:08:26,709 --> 01:08:24,799

had and everything together in an

1802

01:08:28,870 --> 01:08:26,719

organized fashion to make more sense you

1803

01:08:30,229 --> 01:08:28,880

know i couldn't have done that without

1804

01:08:32,470 --> 01:08:30,239

him at all

1805

01:08:36,149 --> 01:08:32,480

and it just goes to show you how

1806

01:08:37,749 --> 01:08:36,159

amazing he is at what he does and um you

1807

01:08:39,669 --> 01:08:37,759

know everything that he's putting out

1808

01:08:41,669 --> 01:08:39,679

and why it's so good

1809

01:08:43,430 --> 01:08:41,679

i i think i mean and you're pointing to

1810

01:08:45,269 --> 01:08:43,440

something that's really important that i

1811

01:08:47,269 --> 01:08:45,279

i think it's really under

1812

01:08:50,229 --> 01:08:47,279

underappreciated in the field in general

1813

01:08:52,390 --> 01:08:50,239

is just that you know out there in in in

1814

01:08:55,189 --> 01:08:52,400

public with mainstream media

1815

01:08:57,430 --> 01:08:55,199

um with mainstream you know book public

1816

01:08:58,390 --> 01:08:57,440

book publications anything like that you

1817

01:09:01,030 --> 01:08:58,400

know

1818

01:09:05,030 --> 01:09:01,040

the importance of a good editor cannot

1819

01:09:07,590 --> 01:09:05,040

be overstated you know and our field um

1820

01:09:09,590 --> 01:09:07,600

there's often historically been you know

1821

01:09:11,829 --> 01:09:09,600

partially because of a lack of resources

1822

01:09:14,070 --> 01:09:11,839

there's been so little editorial

1823

01:09:16,309 --> 01:09:14,080

oversight and and the kind of helping

1824

01:09:17,669 --> 01:09:16,319

and shaping that can happen there and

1825

01:09:19,510 --> 01:09:17,679

you know there are there are so many

1826

01:09:20,950 --> 01:09:19,520

great writers so many great authors over

1827

01:09:23,669 --> 01:09:20,960

the years that really credit their

1828

01:09:25,590 --> 01:09:23,679

editors as helping to get them to that

1829

01:09:28,309 --> 01:09:25,600

next level and be what they could really

1830

01:09:29,510 --> 01:09:28,319

be and getting across to the public so

1831

01:09:31,430 --> 01:09:29,520

it's great to have people like

1832

01:09:33,829 --> 01:09:31,440

christopher that aren't just a good

1833

01:09:34,709 --> 01:09:33,839

writer but are also good editors as well

1834

01:09:37,510 --> 01:09:34,719

yeah

1835

01:09:39,110 --> 01:09:37,520

fantastic stuff uh uh he was a great

1836

01:09:41,430 --> 01:09:39,120

guest today so

1837

01:09:43,749 --> 01:09:41,440

awesome awesome dude awesome great to be

1838

01:09:46,550 --> 01:09:43,759

back man happy new year dude it's great

1839

01:09:49,910 --> 01:09:46,560

to see you happy new year to do

1840

01:09:53,030 --> 01:09:49,920

to do happy new year to you as well i

1841

01:09:55,030 --> 01:09:53,040

had a great time uh having you back um

1842

01:09:57,270 --> 01:09:55,040

so i'm looking forward to seeing you

1843

01:09:58,310 --> 01:09:57,280

next wednesday we'll see what we have in

1844

01:10:00,870 --> 01:09:58,320

store

1845

01:10:01,669 --> 01:10:00,880

absolutely looking forward to it all

1846

01:10:03,270 --> 01:10:01,679

right

1847

01:10:05,060 --> 01:10:03,280

see you soon everybody have a great

1848

01:10:10,510 --> 01:10:05,070

evening yeah

1849

01:10:10,520 --> 01:10:27,350

[Music]

1850

01:11:09,740 --> 01:10:28,490

do
