[Music]

6  
00:01:27,190 --> 00:01:24,720  
happy wednesday we have a great show in

7  
00:01:29,670 --> 00:01:27,200  
store for you today that's right another

8  
00:01:31,429 --> 00:01:29,680  
great show um which we did have one

9  
00:01:32,630 --> 00:01:31,439  
yesterday with mr john ramirez if you

10  
00:01:33,670 --> 00:01:32,640  
caught that

11  
00:01:35,429 --> 00:01:33,680  
um

12  
00:01:37,910 --> 00:01:35,439  
and

13  
00:01:38,950 --> 00:01:37,920

it's tomorrow i think thursday we have

14

00:01:40,630 --> 00:01:38,960

andy

15

00:01:43,270 --> 00:01:40,640

um from

16

00:01:45,030 --> 00:01:43,280

that ufo podcast and i'm really looking

17

00:01:47,429 --> 00:01:45,040

forward to having him too it's i mean

18

00:01:49,350 --> 00:01:47,439

he's been a guest before but it was

19

00:01:50,789 --> 00:01:49,360

it feels like so long ago even though it

20

00:01:52,630 --> 00:01:50,799

was probably

21

00:01:55,670 --> 00:01:52,640

four or five months ago but i feel like

22

00:01:58,709 --> 00:01:55,680

i've done this for a lifetime already

23

00:02:01,510 --> 00:01:58,719

with how many shows that i've done so

24

00:02:03,270 --> 00:02:01,520

um i'm very much looking forward to that

25

00:02:04,550 --> 00:02:03,280

but today

26

00:02:06,789 --> 00:02:04,560

we have

27

00:02:07,590 --> 00:02:06,799

um someone you may be familiar with if

28

00:02:10,790 --> 00:02:07,600

you

29

00:02:12,390 --> 00:02:10,800

uh watch our nuap secrecy uh event it's

30

00:02:15,990 --> 00:02:12,400

mr baptiste

31

00:02:17,990 --> 00:02:16,000

um great guy um he is from

32

00:02:19,670 --> 00:02:18,000

france so

33

00:02:21,270 --> 00:02:19,680

um very much looking forward to that

34

00:02:23,190 --> 00:02:21,280

we're gonna highlight how

35

00:02:26,470 --> 00:02:23,200

well pretty much the show will highlight

36

00:02:29,510 --> 00:02:26,480

itself how this phenomenon is global

37

00:02:32,070 --> 00:02:29,520

it's not just the usa thing or

38

00:02:35,750 --> 00:02:32,080

north american it's all over the place

39

00:02:37,270 --> 00:02:35,760

so hopefully that will shed some light

40

00:02:39,589 --> 00:02:37,280

on that

41

00:02:40,309 --> 00:02:39,599

so but without further ado i'll bring in

42

00:02:42,309 --> 00:02:40,319

the

43

00:02:44,229 --> 00:02:42,319

mr man co-host

44

00:02:47,190 --> 00:02:44,239

uh my wednesday friend

45

00:02:49,190 --> 00:02:47,200

mr j christopher king how are you

46

00:02:51,910 --> 00:02:49,200

i'm doing well sean it's uh good it's

47

00:02:54,390 --> 00:02:51,920

great to see you and um and i i like my

48

00:02:54,930 --> 00:02:54,400

new nickname mr wednesday friend that's

49

00:02:56,309 --> 00:02:54,940

that's uh

50

00:02:58,869 --> 00:02:56,319

[Laughter]

51  
00:03:01,910 --> 00:02:58,879  
my partner and i like creating um you

52  
00:03:04,550 --> 00:03:01,920  
know uh lame nicknames for each other

53  
00:03:06,949 --> 00:03:04,560  
you know like mr pete or mrs fingers or

54  
00:03:08,869 --> 00:03:06,959  
something like that so uh this is really

55  
00:03:11,110 --> 00:03:08,879  
nice to have this kind of situation

56  
00:03:13,589 --> 00:03:11,120  
where i've got a new nickname that is

57  
00:03:15,670 --> 00:03:13,599  
lame and terrible as mr wednesday friend

58  
00:03:19,270 --> 00:03:15,680  
but i'll take it i'll take it i was just

59  
00:03:21,030 --> 00:03:19,280  
gonna say what do you mean lame i mean

60  
00:03:24,070 --> 00:03:21,040  
amazing i mean

61  
00:03:26,789 --> 00:03:24,080  
i mean fantastic that's what i thought

62  
00:03:30,070 --> 00:03:26,799  
yeah and i'm looking forward to this i

63  
00:03:33,190 --> 00:03:30,080

um batiste and tebow are significant

64

00:03:34,390 --> 00:03:33,200

figures and in french uh the french uap

65

00:03:36,149 --> 00:03:34,400

dialogue

66

00:03:38,949 --> 00:03:36,159

and it's wonderful to have this

67

00:03:41,670 --> 00:03:38,959

opportunity to be able to continue

68

00:03:44,390 --> 00:03:41,680

developing and evolving that dialogue uh

69

00:03:47,190 --> 00:03:44,400

with people like across the ocean yes

70

00:03:48,390 --> 00:03:47,200

very much and um just so you know the

71

00:03:50,070 --> 00:03:48,400

article that he just wrote for

72

00:03:51,910 --> 00:03:50,080

liberation times i put in the

73

00:03:54,309 --> 00:03:51,920

description for everybody so if you want

74

00:03:55,429 --> 00:03:54,319

to check that out i highly advise you do

75

00:03:57,910 --> 00:03:55,439

so

76

00:04:00,630 --> 00:03:57,920

um and you know i'm just going to get

77

00:04:03,589 --> 00:04:00,640

right to it so we can start talking

78

00:04:04,869 --> 00:04:03,599

uh ufos and

79

00:04:06,229 --> 00:04:04,879

you know

80

00:04:09,830 --> 00:04:06,239

good positive

81

00:04:11,270 --> 00:04:09,840

wednesday friends stuff so absolutely

82

00:04:13,270 --> 00:04:11,280

i'm sorry i'm sorry i dragged the

83

00:04:15,670 --> 00:04:13,280

nickname i'll go with it

84

00:04:17,830 --> 00:04:15,680

so first of all we've got uh mr baptiste

85

00:04:20,629 --> 00:04:17,840

for score how are you

86

00:04:21,240 --> 00:04:20,639

hello welcome my wisdom wednesday

87

00:04:23,189 --> 00:04:21,250

friends

88

00:04:24,390 --> 00:04:23,199

[Laughter]

89

00:04:29,430 --> 00:04:24,400

beautiful

90

00:04:32,870 --> 00:04:29,440

do you baptise do you want to give like

91

00:04:34,070 --> 00:04:32,880

a little introduction for uh depot

92

00:04:35,990 --> 00:04:34,080

yes so

93

00:04:39,030 --> 00:04:36,000

chibo is a

94

00:04:41,350 --> 00:04:39,040

very well known expert in the field in

95

00:04:43,030 --> 00:04:41,360

france he's a historian by trade

96

00:04:46,230 --> 00:04:43,040

and

97

00:04:48,870 --> 00:04:46,240

graduated from uv

98

00:04:51,749 --> 00:04:48,880

he really is a major figure

99

00:04:55,510 --> 00:04:51,759

contemporary figure in the ufo and his

100

00:04:58,230 --> 00:04:55,520

trade as historian gives him a very

101  
00:04:59,030 --> 00:04:58,240  
interesting perspective on the subject

102  
00:05:02,310 --> 00:04:59,040  
okay

103  
00:05:03,990 --> 00:05:02,320  
uh without further ado mr tebow how are

104  
00:05:11,830 --> 00:05:04,000  
you

105  
00:05:15,670 --> 00:05:13,670  
thanks for joining us i do appreciate it

106  
00:05:16,950 --> 00:05:15,680  
tebow um

107  
00:05:19,430 --> 00:05:16,960  
so

108  
00:05:21,110 --> 00:05:19,440  
you know i i just did a little bit of

109  
00:05:23,029 --> 00:05:21,120  
reading of the last article on

110  
00:05:26,150 --> 00:05:23,039  
liberation times which i know you both

111  
00:05:29,029 --> 00:05:26,160  
uh contributed to what baptiste did and

112  
00:05:30,150 --> 00:05:29,039  
depot was uh mentioned quite a bit as a

113  
00:05:33,350 --> 00:05:30,160

thorough

114

00:05:37,110 --> 00:05:33,360

researcher in france over there

115

00:05:39,749 --> 00:05:37,120

and what i took away from it was how

116

00:05:41,430 --> 00:05:39,759

it kind of highlighted the same issues

117

00:05:44,629 --> 00:05:41,440

that we talk about here

118

00:05:47,029 --> 00:05:44,639

as far as this phenomenon seen over you

119

00:05:50,150 --> 00:05:47,039

know nuclear facilities such as the one

120

00:05:51,670 --> 00:05:50,160

only a few years ago in france and how

121

00:05:54,790 --> 00:05:51,680

there's actual video of it but it's

122

00:05:56,870 --> 00:05:54,800

still classified and you know and that

123

00:05:58,870 --> 00:05:56,880

frustration but also

124

00:05:59,830 --> 00:05:58,880

you know how the stigma is so much more

125

00:06:01,830 --> 00:05:59,840

intense

126  
00:06:03,749 --> 00:06:01,840  
in france um

127  
00:06:07,670 --> 00:06:03,759  
and people don't really talk about it as

128  
00:06:11,670 --> 00:06:07,680  
much so i guess tebow if you're okay let

129  
00:06:13,590 --> 00:06:11,680  
me start with you like um what keeps you

130  
00:06:16,790 --> 00:06:13,600  
what keeps you ticking what makes you

131  
00:06:18,790 --> 00:06:16,800  
continue to investigate and what keeps

132  
00:06:21,029 --> 00:06:18,800  
your passion alive

133  
00:06:23,110 --> 00:06:21,039  
to do it even though

134  
00:06:30,150 --> 00:06:23,120  
the stigma is so

135  
00:06:30,160 --> 00:06:46,800  
important

136  
00:06:59,110 --> 00:06:53,180  
[Music]

137  
00:07:03,270 --> 00:07:00,469  
so what

138  
00:07:04,950 --> 00:07:03,280

really interested him in that topic is

139

00:07:09,990 --> 00:07:04,960

that

140

00:07:13,350 --> 00:07:10,000

institutions academic institutions

141

00:07:16,630 --> 00:07:13,360

refuse to work on it

142

00:07:47,589 --> 00:07:16,640

don't don't

143

00:07:53,830 --> 00:07:50,070

so he works as a librarian for

144

00:07:56,790 --> 00:07:53,840

universities and he was a first witness

145

00:07:59,510 --> 00:07:56,800

of that stigma in that context in this

146

00:08:02,070 --> 00:07:59,520

type of research academic research and

147

00:08:04,790 --> 00:08:02,080

that's specifically what he is searching

148

00:08:06,950 --> 00:08:04,800

for is to go beyond that stigma on an

149

00:08:07,830 --> 00:08:06,960

unexplored field

150

00:08:10,550 --> 00:08:07,840

yeah

151

00:08:13,670 --> 00:08:10,560

wonderful and and tebow what what

152

00:08:16,309 --> 00:08:13,680

originally got you into being interested

153

00:08:20,710 --> 00:08:16,319

in the field of ufology uap research and

154

00:08:38,790 --> 00:08:22,869

commercial

155

00:08:38,800 --> 00:09:02,400

um

156

00:09:02,410 --> 00:09:06,470

[Music]

157

00:09:06,480 --> 00:09:12,949

thank you

158

00:09:19,829 --> 00:09:14,230

you're gonna have double the work too

159

00:09:19,839 --> 00:09:27,350

wonderful

160

00:09:35,350 --> 00:09:30,710

okay so it started 25 years ago

161

00:09:37,430 --> 00:09:35,360

with a video of a ufo flap in mexico

162

00:09:40,949 --> 00:09:37,440

and he had he had a friend there that

163

00:09:43,190 --> 00:09:40,959

confirmed him that the facts were real

164

00:09:45,190 --> 00:09:43,200

it was really happening so

165

00:09:47,430 --> 00:09:45,200

he started reading everything he could

166

00:09:49,670 --> 00:09:47,440

find at the time around 200 books in

167

00:09:51,990 --> 00:09:49,680

total and then he started writing what

168

00:09:53,829 --> 00:09:52,000

he couldn't find and what information he

169

00:09:54,790 --> 00:09:53,839

could dig

170

00:09:57,269 --> 00:09:54,800

yeah

171

00:10:02,150 --> 00:09:59,350

what what do you find is the most

172

00:10:10,630 --> 00:10:02,160

underreported aspect

173

00:10:10,640 --> 00:10:17,269

[Music]

174

00:10:17,279 --> 00:10:22,790

the moon community

175

00:10:26,230 --> 00:10:25,110

it's not the case in the united states

176

00:10:27,430 --> 00:10:26,240

because you have

177

00:10:30,829 --> 00:10:27,440

some guys like

178

00:10:33,829 --> 00:10:30,839

jerome clarke or richard but in france

179

00:10:36,230 --> 00:10:33,839

uh we don't have

180

00:10:38,150 --> 00:10:36,240

some historians of the phenomenon of the

181

00:10:39,910 --> 00:10:38,160

phenomenon

182

00:10:42,150 --> 00:10:39,920

so

183

00:10:43,030 --> 00:10:42,160

my interest

184

00:10:44,069 --> 00:10:43,040

goes

185

00:10:46,949 --> 00:10:44,079

there

186

00:10:50,790 --> 00:10:46,959

because i don't find some

187

00:10:51,829 --> 00:10:50,800

historical aspect about this phenomenon

188

00:10:55,190 --> 00:10:51,839

uh

189

00:10:57,990 --> 00:10:55,200

in the united states it's very

190

00:10:58,949 --> 00:10:58,000

interesting because you you have the

191

00:11:01,750 --> 00:10:58,959

you have

192

00:11:05,110 --> 00:11:01,760

this history we can uh

193

00:11:08,790 --> 00:11:06,150

we can

194

00:11:09,910 --> 00:11:08,800

put the lights uh in the actual

195

00:11:11,670 --> 00:11:09,920

phenomenon

196

00:11:13,190 --> 00:11:11,680

it's very important

197

00:11:15,590 --> 00:11:13,200

the history

198

00:11:18,710 --> 00:11:15,600

you can understand you can't understand

199

00:11:19,750 --> 00:11:18,720

the the actual phenomenon without

200

00:11:24,470 --> 00:11:19,760

this

201  
00:11:29,590 --> 00:11:27,350  
absolutely and i appreciate i haven't i

202  
00:11:31,829 --> 00:11:29,600  
haven't read your french ufology history

203  
00:11:34,870 --> 00:11:31,839  
primers but i i appreciate that you've

204  
00:11:37,750 --> 00:11:34,880  
done them and i as i uh batista told me

205  
00:11:39,829 --> 00:11:37,760  
earlier that um one of the first um that

206  
00:11:40,710 --> 00:11:39,839  
you wrote was published in 2011 i

207  
00:11:42,550 --> 00:11:40,720  
believe

208  
00:11:45,030 --> 00:11:42,560  
so it's thank you for the work that

209  
00:11:47,190 --> 00:11:45,040  
you've been doing that way um and and

210  
00:11:51,190 --> 00:11:47,200  
batiste thank you as well um you have

211  
00:11:52,310 --> 00:11:51,200  
this wonderful um resource explorer lab

212  
00:11:55,110 --> 00:11:52,320  
um

213  
00:11:57,430 --> 00:11:55,120

a website and a youtube channel can you

214

00:11:59,910 --> 00:11:57,440

explain to our audience that may might

215

00:12:01,430 --> 00:11:59,920

not be familiar with you or your work um

216

00:12:03,030 --> 00:12:01,440

what you're doing in terms of the

217

00:12:06,870 --> 00:12:03,040

dialogue

218

00:12:11,670 --> 00:12:06,880

so my my work started in 2017 in

219

00:12:14,710 --> 00:12:11,680

september 2017 my students asked me uh

220

00:12:16,470 --> 00:12:14,720

what were ufos and i did not have an

221

00:12:18,470 --> 00:12:16,480

answer for them and it was really

222

00:12:22,230 --> 00:12:18,480

disturbing for me to to not have an

223

00:12:25,190 --> 00:12:22,240

answer to give them so i started looking

224

00:12:27,030 --> 00:12:25,200

to materials and as tibo said it's

225

00:12:28,389 --> 00:12:27,040

really hard to have academic materials

226

00:12:31,190 --> 00:12:28,399

on the subject

227

00:12:33,509 --> 00:12:31,200

in france so i started looking

228

00:12:37,110 --> 00:12:33,519

in other countries found a lot of

229

00:12:40,230 --> 00:12:37,120

contacts every contacts everywhere

230

00:12:43,350 --> 00:12:40,240

working scientifically on it and i

231

00:12:44,550 --> 00:12:43,360

started creating a network and

232

00:12:46,629 --> 00:12:44,560

spreading

233

00:12:49,829 --> 00:12:46,639

the most real reliable information that

234

00:12:53,670 --> 00:12:49,839

i could find i created a youtube channel

235

00:12:55,750 --> 00:12:53,680

and an unmonetized youtube channel

236

00:12:57,509 --> 00:12:55,760

i'm i'm employed by the state so i can

237

00:12:59,750 --> 00:12:57,519

make money

238

00:13:02,230 --> 00:12:59,760

outside of my own salary for the states

239

00:13:04,230 --> 00:13:02,240

that's why everything is demonetized

240

00:13:06,870 --> 00:13:04,240

and since then

241

00:13:08,710 --> 00:13:06,880

i just tried to

242

00:13:11,750 --> 00:13:08,720

be the journalist that was lacking on

243

00:13:14,710 --> 00:13:11,760

this topic we don't have a permanent

244

00:13:19,030 --> 00:13:14,720

journalist taking care of

245

00:13:22,069 --> 00:13:19,040

govern data and that is analyzing it

246

00:13:24,230 --> 00:13:22,079

looking for other sources constantly to

247

00:13:26,150 --> 00:13:24,240

cross-reference each information which

248

00:13:28,629 --> 00:13:26,160

is really important in that in that

249

00:13:33,829 --> 00:13:32,150

bepti so do you find that um

250

00:13:35,269 --> 00:13:33,839

you know most of your educational

251  
00:13:38,150 --> 00:13:35,279  
resources

252  
00:13:39,990 --> 00:13:38,160  
are ones that were first developed

253  
00:13:42,230 --> 00:13:40,000  
in the united states or at least based

254  
00:13:43,590 --> 00:13:42,240  
on united states cases or do you have

255  
00:13:45,829 --> 00:13:43,600  
enough cases

256  
00:13:49,189 --> 00:13:45,839  
uh in france that are documented to use

257  
00:13:51,189 --> 00:13:49,199  
for you know educational purposes

258  
00:13:54,550 --> 00:13:51,199  
the problem is accessibility of

259  
00:13:56,310 --> 00:13:54,560  
information it's really easy to find

260  
00:13:58,310 --> 00:13:56,320  
accurate information

261  
00:14:01,350 --> 00:13:58,320  
outside of france

262  
00:14:03,670 --> 00:14:01,360  
but it's not that many cases in france

263  
00:14:07,110 --> 00:14:03,680

we have

264

00:14:10,310 --> 00:14:07,120

an astronomical number of cases

265

00:14:11,990 --> 00:14:10,320

on 70 years i just looked into the vsau

266

00:14:14,710 --> 00:14:12,000

archives in paris

267

00:14:17,509 --> 00:14:14,720

it's just insane the number of cases

268

00:14:21,430 --> 00:14:17,519

reported we have very

269

00:14:22,949 --> 00:14:21,440

little investigative reports but we have

270

00:14:23,910 --> 00:14:22,959

reports

271

00:14:26,710 --> 00:14:23,920

and

272

00:14:29,189 --> 00:14:26,720

the problem is that there isn't a real

273

00:14:31,990 --> 00:14:29,199

database of french cases available

274

00:14:35,350 --> 00:14:32,000

publicly so to cross-reference each

275

00:14:36,710 --> 00:14:35,360

information and to check um

276

00:14:39,030 --> 00:14:36,720

70-year

277

00:14:41,269 --> 00:14:39,040

70 years old investigations on the case

278

00:14:42,389 --> 00:14:41,279

it's really difficult

279

00:14:45,509 --> 00:14:42,399

why it's

280

00:14:46,710 --> 00:14:45,519

very easy to do uh in in the u.s for

281

00:14:47,750 --> 00:14:46,720

example

282

00:14:49,910 --> 00:14:47,760

yeah

283

00:14:51,590 --> 00:14:49,920

thank you um and

284

00:14:54,150 --> 00:14:51,600

you uh

285

00:14:56,150 --> 00:14:54,160

you published uh in the liberation times

286

00:14:58,870 --> 00:14:56,160

uh just before christmas on december

287

00:15:02,230 --> 00:14:58,880

24th an article called exclusive inside

288

00:15:03,750 --> 00:15:02,240

france's ufo investigation and uh in

289

00:15:04,550 --> 00:15:03,760

part of that article

290

00:15:05,750 --> 00:15:04,560

you

291

00:15:06,870 --> 00:15:05,760

mentioned

292

00:15:09,590 --> 00:15:06,880

um

293

00:15:12,310 --> 00:15:09,600

that you are approached by a

294

00:15:15,350 --> 00:15:12,320

the director of guipan i believe

295

00:15:16,550 --> 00:15:15,360

and um could you please um for the

296

00:15:18,870 --> 00:15:16,560

audience

297

00:15:21,030 --> 00:15:18,880

let us know what is gaipan and what was

298

00:15:23,030 --> 00:15:21,040

the significance of that conversation

299

00:15:24,790 --> 00:15:23,040

that you had there

300

00:15:27,269 --> 00:15:24,800

so the

301  
00:15:28,310 --> 00:15:27,279  
we call it japan it's it's

302  
00:15:29,269 --> 00:15:28,320  
in the

303  
00:15:30,150 --> 00:15:29,279  
english

304  
00:15:32,310 --> 00:15:30,160  
saying

305  
00:15:35,030 --> 00:15:32,320  
the ipan is a public office so it

306  
00:15:39,110 --> 00:15:35,040  
doesn't deal with military cases it only

307  
00:15:41,670 --> 00:15:39,120  
takes care of civilian reports and

308  
00:15:43,829 --> 00:15:41,680  
some military police reports but

309  
00:15:46,710 --> 00:15:43,839  
these ones are very often

310  
00:15:48,230 --> 00:15:46,720  
versed to to the army instead of the

311  
00:15:50,470 --> 00:15:48,240  
japan

312  
00:15:52,550 --> 00:15:50,480  
the role of

313  
00:15:54,870 --> 00:15:52,560

this public office is to answer the

314

00:15:57,749 --> 00:15:54,880

question of the public blake wants to

315

00:16:01,269 --> 00:15:57,759

know what is that what what did i saw

316

00:16:02,629 --> 00:16:01,279

and the work of japan is to work on that

317

00:16:04,710 --> 00:16:02,639

problem

318

00:16:07,430 --> 00:16:04,720

it's just a study group it's not a

319

00:16:09,829 --> 00:16:07,440

research group so they don't

320

00:16:13,030 --> 00:16:09,839

analyze the outcome of the data they

321

00:16:15,670 --> 00:16:13,040

just gather data and offer it publicly

322

00:16:17,990 --> 00:16:15,680

for scientific knowledge if scientists

323

00:16:19,590 --> 00:16:18,000

want to do the analysis so the problem

324

00:16:22,629 --> 00:16:19,600

we have in france is to have a

325

00:16:25,430 --> 00:16:22,639

laboratory that actually uses that data

326

00:16:30,230 --> 00:16:25,440

to find the answers but we have a very

327

00:16:33,509 --> 00:16:32,150

you got a follow-up go ahead

328

00:16:35,189 --> 00:16:33,519

sure um

329

00:16:40,470 --> 00:16:35,199

and and

330

00:16:45,749 --> 00:16:43,269

as a director named vincent costas right

331

00:16:47,269 --> 00:16:45,759

and what's the significance of of mr

332

00:16:48,790 --> 00:16:47,279

costas and

333

00:16:53,030 --> 00:16:48,800

uh you had a you had an important

334

00:16:59,189 --> 00:16:56,069

he's a brand new uh director of japan

335

00:17:02,230 --> 00:16:59,199

just entered functions uh

336

00:17:05,510 --> 00:17:02,240

two months ago uh so he's still in

337

00:17:08,309 --> 00:17:05,520

co-working with the previous director of

338

00:17:11,110 --> 00:17:08,319

japan so he's still learning a lot about

339

00:17:13,669 --> 00:17:11,120

the inner process so i have a meeting

340

00:17:17,990 --> 00:17:13,679

with him two months to do a follow-up on

341

00:17:21,189 --> 00:17:18,000

that interview with a more in-depth uh

342

00:17:23,909 --> 00:17:21,199

digging into the process of japan when

343

00:17:26,710 --> 00:17:23,919

he thinks he can master it

344

00:17:28,309 --> 00:17:26,720

and what really interested me that i was

345

00:17:30,549 --> 00:17:28,319

looking for scientific research by my

346

00:17:33,350 --> 00:17:30,559

contacts i knew really well

347

00:17:34,950 --> 00:17:33,360

the internal proceedings of the japan so

348

00:17:37,190 --> 00:17:34,960

i didn't contact them because they did

349

00:17:39,270 --> 00:17:37,200

not have the answers i were looking for

350

00:17:42,070 --> 00:17:39,280

but what really interested me is that

351

00:17:43,750 --> 00:17:42,080

they did the public office work

352

00:17:45,990 --> 00:17:43,760

they knew by

353

00:17:47,750 --> 00:17:46,000

other services i contacted inside the

354

00:17:50,789 --> 00:17:47,760

french state but i was looking for

355

00:17:54,390 --> 00:17:50,799

information they contacted me the the

356

00:17:56,150 --> 00:17:54,400

eye later in in japan means information

357

00:17:58,470 --> 00:17:56,160

they contained me to offer any

358

00:18:00,870 --> 00:17:58,480

information they could master on the

359

00:18:02,470 --> 00:18:00,880

subject so it wasn't what i was looking

360

00:18:05,350 --> 00:18:02,480

for but it was really interesting to

361

00:18:06,549 --> 00:18:05,360

test that aspect of the public office

362

00:18:08,950 --> 00:18:06,559

they really

363

00:18:11,190 --> 00:18:08,960

proactively acted to

364

00:18:12,830 --> 00:18:11,200

to meet me and to answer any question i

365

00:18:14,630 --> 00:18:12,840

could have on the

366

00:18:16,230 --> 00:18:14,640

subject

367

00:18:18,549 --> 00:18:16,240

just to kind of switch it up a little

368

00:18:20,230 --> 00:18:18,559

bit um i don't want you falling asleep

369

00:18:26,150 --> 00:18:20,240

tebow so

370

00:18:26,160 --> 00:18:29,990

i don't sleep i

371

00:18:35,590 --> 00:18:31,350

um

372

00:18:37,270 --> 00:18:35,600

studying ufos

373

00:18:38,310 --> 00:18:37,280

has it been

374

00:18:41,110 --> 00:18:38,320

um

375

00:18:44,630 --> 00:18:41,120

more difficult to

376

00:18:46,630 --> 00:18:44,640

um highlight the nuclear side of it

377

00:18:48,390 --> 00:18:46,640

seeing it as

378

00:19:11,220 --> 00:18:48,400

you know those records are hard to get

379

00:19:11,230 --> 00:19:36,830

[Music]

380

00:19:43,909 --> 00:19:41,270

oh so as a forward he wants to to really

381

00:19:45,669 --> 00:19:43,919

say that uh it's we are really

382

00:19:49,110 --> 00:19:45,679

interested but what is happening in the

383

00:19:50,830 --> 00:19:49,120

us in france because you you managed to

384

00:19:52,470 --> 00:19:50,840

to pull off

385

00:19:59,750 --> 00:19:52,480

uh

386

00:20:02,230 --> 00:19:59,760

york times articles by rafa bulanthal

387

00:20:03,909 --> 00:20:02,240

leslie keane and ellen cooper you you

388

00:20:07,270 --> 00:20:03,919

managed to

389

00:20:10,870 --> 00:20:07,280

on the planetary scale launch the ufo

390

00:20:10,880 --> 00:20:44,310

of course the problem is

391

00:20:58,630 --> 00:20:53,270

problem

392

00:21:01,510 --> 00:20:58,640

access the primary sources of each cases

393

00:21:03,990 --> 00:21:01,520

because the work of the japan has to be

394

00:21:12,070 --> 00:21:08,470

accurate so it has to anonymize and

395

00:21:14,549 --> 00:21:12,080

hide the location of the cases to

396

00:21:16,390 --> 00:21:14,559

public eyes so

397

00:21:18,390 --> 00:21:16,400

if you are inside the japan you can have

398

00:21:19,590 --> 00:21:18,400

access to this data you are validated by

399

00:21:21,350 --> 00:21:19,600

the states

400

00:21:22,470 --> 00:21:21,360

but there are very few scientists i

401  
00:21:23,830 --> 00:21:22,480  
think there's

402  
00:21:25,909 --> 00:21:23,840  
four scientists

403  
00:21:27,110 --> 00:21:25,919  
currently that are validated to access

404  
00:21:29,110 --> 00:21:27,120  
this data

405  
00:21:31,270 --> 00:21:29,120  
and otherwise if you are just a public

406  
00:21:32,870 --> 00:21:31,280  
researcher you you don't have the name

407  
00:21:34,870 --> 00:21:32,880  
the identity of the witness or the

408  
00:21:37,990 --> 00:21:34,880  
location of

409  
00:21:43,270 --> 00:21:42,070  
another problem is that the japan is the

410  
00:21:45,909 --> 00:21:43,280  
equivalent

411  
00:21:48,230 --> 00:21:45,919  
of the the nasa

412  
00:21:51,190 --> 00:21:48,240  
it's the national center for special

413  
00:21:52,230 --> 00:21:51,200

studies it's a hall nazar

414

00:21:53,110 --> 00:21:52,240

and

415

00:21:55,270 --> 00:21:53,120

the

416

00:21:58,630 --> 00:21:55,280

uh

417

00:22:00,789 --> 00:21:58,640

the the the kness the national center

418

00:22:01,750 --> 00:22:00,799

for special studies

419

00:22:03,990 --> 00:22:01,760

is

420

00:22:05,669 --> 00:22:04,000

under

421

00:22:07,270 --> 00:22:05,679

the ministry of

422

00:22:10,870 --> 00:22:07,280

defense

423

00:22:16,630 --> 00:22:10,880

is

424

00:22:18,950 --> 00:22:16,640

and uh

425

00:22:22,470 --> 00:22:18,960

we don't have a fourier

426  
00:22:24,710 --> 00:22:22,480  
we don't have uh the the obligation to

427  
00:22:28,390 --> 00:22:24,720  
to give to the people

428  
00:22:29,990 --> 00:22:28,400  
the primary documents in france so uh

429  
00:22:31,510 --> 00:22:30,000  
you have some law

430  
00:22:32,310 --> 00:22:31,520  
uh who

431  
00:22:34,630 --> 00:22:32,320  
who

432  
00:22:35,990 --> 00:22:34,640  
will forbidden the access to these

433  
00:22:38,870 --> 00:22:36,000  
sources

434  
00:22:41,110 --> 00:22:38,880  
so it's a very difficult work

435  
00:22:42,630 --> 00:22:41,120  
of a contemporary

436  
00:22:43,669 --> 00:22:42,640  
history

437  
00:22:49,990 --> 00:22:43,679  
to to

438  
00:22:52,830 --> 00:22:50,000

of this uh this phenomenon in france

439

00:22:55,110 --> 00:22:52,840

it's very uh

440

00:22:58,789 --> 00:22:55,120

uh the

441

00:22:59,510 --> 00:22:58,799

the japan has as a great reputation

442

00:23:00,549 --> 00:22:59,520

uh

443

00:23:01,350 --> 00:23:00,559

outside

444

00:23:02,710 --> 00:23:01,360

uh

445

00:23:04,870 --> 00:23:02,720

in the world

446

00:23:09,430 --> 00:23:04,880

leslie king talks about

447

00:23:10,390 --> 00:23:09,440

japan talks about cometar report another

448

00:23:12,630 --> 00:23:10,400

semi

449

00:23:13,669 --> 00:23:12,640

official studies

450

00:23:20,630 --> 00:23:13,679

in

451  
00:23:20,640 --> 00:23:26,950  
because

452  
00:23:32,310 --> 00:23:29,590  
we have fewer

453  
00:24:13,350 --> 00:23:32,320  
data available than you can have in the

454  
00:24:18,149 --> 00:24:15,909  
so which is really interesting compared

455  
00:24:20,789 --> 00:24:18,159  
to france that the u.s give

456  
00:24:22,070 --> 00:24:20,799  
a lesson in democracy i can't find

457  
00:24:22,870 --> 00:24:22,080  
better sorry

458  
00:24:25,430 --> 00:24:22,880  
uh

459  
00:24:28,070 --> 00:24:25,440  
it's it's very much a public debate now

460  
00:24:31,430 --> 00:24:30,310  
civilian initiatives like the bin phenom

461  
00:24:32,390 --> 00:24:31,440  
basru

462  
00:24:33,430 --> 00:24:32,400  
reminisce

463  
00:24:36,870 --> 00:24:33,440

and

464

00:24:39,590 --> 00:24:36,880

we can witness your congressmen taking

465

00:24:42,230 --> 00:24:39,600

part in the in the discussion and in the

466

00:24:45,190 --> 00:24:42,240

debate and taking instances publicly

467

00:24:46,630 --> 00:24:45,200

uh on the on that part

468

00:24:48,310 --> 00:24:46,640

yeah

469

00:24:51,750 --> 00:24:48,320

that's great um

470

00:24:53,190 --> 00:24:51,760

i one question is that um and please

471

00:24:54,070 --> 00:24:53,200

feel free to answer this however you'd

472

00:24:56,710 --> 00:24:54,080

like or

473

00:24:57,510 --> 00:24:56,720

whatever you feel is best um i realized

474

00:25:00,149 --> 00:24:57,520

that

475

00:25:02,230 --> 00:25:00,159

you know batiste you mentioned earlier

476

00:25:04,230 --> 00:25:02,240

that you have a public job um and so

477

00:25:06,549 --> 00:25:04,240

that you cannot you know you need to

478

00:25:08,070 --> 00:25:06,559

de-monetize your page because of your

479

00:25:11,590 --> 00:25:08,080

public work

480

00:25:13,350 --> 00:25:11,600

as an educator and tebow um works

481

00:25:15,990 --> 00:25:13,360

similarly

482

00:25:17,750 --> 00:25:16,000

not so differently as a librarian and so

483

00:25:19,269 --> 00:25:17,760

these are these are public facing

484

00:25:21,269 --> 00:25:19,279

education jobs

485

00:25:23,029 --> 00:25:21,279

essentially and do you do you find that

486

00:25:24,950 --> 00:25:23,039

there are particular challenges within

487

00:25:27,669 --> 00:25:24,960

french culture for yourselves in terms

488

00:25:28,789 --> 00:25:27,679

of in terms of um approaching the

489

00:25:29,990 --> 00:25:28,799

subject

490

00:25:33,350 --> 00:25:30,000

and

491

00:25:35,510 --> 00:25:33,360

do you do you find that that um

492

00:25:38,549 --> 00:25:35,520

do you need to be wary ever or are there

493

00:25:43,590 --> 00:25:40,710

is that for me for tibu um

494

00:25:45,669 --> 00:25:43,600

let's start with batista and then maybe

495

00:25:49,350 --> 00:25:45,679

uh so i have to be extremely worried by

496

00:25:52,710 --> 00:25:49,360

contract my french my

497

00:25:55,510 --> 00:25:52,720

freedom of speech is limited i uh

498

00:25:58,149 --> 00:25:55,520

all the time i represent the states in

499

00:26:00,230 --> 00:25:58,159

any public speech i take

500

00:26:02,950 --> 00:26:00,240

by law so i have to be extremely

501  
00:26:05,190 --> 00:26:02,960  
cautious but it's a very interesting

502  
00:26:09,110 --> 00:26:05,200  
break to my work because i have to be

503  
00:26:12,390 --> 00:26:09,120  
extremely sure of everything i say or i

504  
00:26:15,510 --> 00:26:12,400  
spread so it takes a lot of time but i

505  
00:26:17,430 --> 00:26:15,520  
think it's more tool than a real break

506  
00:26:31,250 --> 00:26:17,440  
on my on my work

507  
00:26:31,260 --> 00:26:49,669  
[Music]

508  
00:27:36,389 --> 00:27:31,190  
um

509  
00:27:41,669 --> 00:27:39,269  
so tebow is entirely uh free of his

510  
00:27:43,990 --> 00:27:41,679  
speech he

511  
00:27:45,590 --> 00:27:44,000  
so and in his works he has been

512  
00:27:47,669 --> 00:27:45,600  
extremely critical of the role of the

513  
00:27:50,149 --> 00:27:47,679

japan

514

00:27:51,590 --> 00:27:50,159

towards public access to information

515

00:27:54,870 --> 00:27:51,600

and

516

00:27:56,460 --> 00:27:54,880

besides that as an educator

517

00:27:57,590 --> 00:27:56,470

he has a mission to

518

00:27:59,990 --> 00:27:57,600

[Music]

519

00:28:03,029 --> 00:28:00,000

gather collect and spread reliable

520

00:28:05,830 --> 00:28:03,039

informations and civilians have the

521

00:28:10,149 --> 00:28:05,840

rights to have access to rigorous data

522

00:28:15,269 --> 00:28:11,430

thank you so much

523

00:28:19,590 --> 00:28:17,110

i was reading that article a little bit

524

00:28:22,310 --> 00:28:19,600

and i noticed that

525

00:28:24,470 --> 00:28:22,320

there was an anybody can answer this and

526

00:28:31,190 --> 00:28:24,480

i noticed that there was

527

00:28:33,750 --> 00:28:31,200

um a wave of of ufos back in the 50s

528

00:28:35,750 --> 00:28:33,760

when that was happening

529

00:28:39,990 --> 00:28:35,760

was it

530

00:28:42,549 --> 00:28:40,000

that point at all

531

00:28:45,110 --> 00:28:42,559

is there any record of what people

532

00:28:46,630 --> 00:28:45,120

generally thought i know it was uh after

533

00:28:49,110 --> 00:28:46,640

world war ii

534

00:28:51,750 --> 00:28:49,120

and so you know they didn't want to

535

00:28:52,710 --> 00:28:51,760

cause panic so much by talking about it

536

00:28:54,549 --> 00:28:52,720

but

537

00:28:56,310 --> 00:28:54,559

um did the people know better did they

538

00:29:01,110 --> 00:28:56,320

have a sense of

539

00:29:04,789 --> 00:29:03,190

you know if and if so were reports from

540

00:29:08,060 --> 00:29:04,799

the united states carrying over the

541

00:29:17,840 --> 00:29:08,070

friends of of ufos at all

542

00:29:17,850 --> 00:29:51,909

[Music]

543

00:29:51,919 --> 00:29:58,549

the grenade

544

00:30:04,710 --> 00:30:01,669

so in france we started looking to the

545

00:30:06,389 --> 00:30:04,720

subject publicly with press articles and

546

00:30:09,830 --> 00:30:06,399

investigation in

547

00:30:12,710 --> 00:30:09,840

1947 and the first

548

00:30:14,549 --> 00:30:12,720

ufo investigation group was created in

549

00:30:16,230 --> 00:30:14,559

1949

550

00:30:18,230 --> 00:30:16,240

you know it's funny i should i should

551  
00:30:19,990 --> 00:30:18,240  
tell you this that i have a blue book

552  
00:30:22,710 --> 00:30:20,000  
document

553  
00:30:23,590 --> 00:30:22,720  
where i think it's hynix saying that the

554  
00:30:25,909 --> 00:30:23,600  
first

555  
00:30:29,269 --> 00:30:25,919  
uh saucer report was actually in france

556  
00:30:33,190 --> 00:30:30,630  
i should find that for you i just

557  
00:30:40,789 --> 00:30:33,200  
thought of it so i wanted to say that

558  
00:30:45,830 --> 00:30:42,710  
we can access

559  
00:30:48,870 --> 00:30:45,840  
military french military data by uh

560  
00:30:52,149 --> 00:30:48,880  
requesting for your access to spy works

561  
00:30:56,789 --> 00:30:55,110  
really oh that is fascinating

562  
00:30:58,870 --> 00:30:56,799  
it's true in through in through the

563  
00:31:01,110 --> 00:30:58,880

outdoor that's amazing

564

00:31:03,669 --> 00:31:01,120

that's fascinating

565

00:31:04,710 --> 00:31:03,679

wow i don't even know do you ever yeah

566

00:31:06,549 --> 00:31:04,720

go ahead

567

00:31:08,950 --> 00:31:06,559

regarding my uh

568

00:31:11,350 --> 00:31:08,960

my answer i would refer to that book by

569

00:31:14,630 --> 00:31:11,360

jimmy guyer it was published in uh

570

00:31:17,269 --> 00:31:14,640

flowers two term in 52 1 in 54 and at

571

00:31:19,830 --> 00:31:17,279

the time it clearly states that

572

00:31:23,029 --> 00:31:19,840

there is the

573

00:31:24,950 --> 00:31:23,039

the life magazine article major article

574

00:31:27,830 --> 00:31:24,960

with the statement of the air force at

575

00:31:30,389 --> 00:31:27,840

the time and that

576

00:31:32,549 --> 00:31:30,399

links together

577

00:31:35,909 --> 00:31:32,559

the united states and france

578

00:31:39,669 --> 00:31:35,919

in in his point of view and in uh

579

00:31:41,590 --> 00:31:39,679

archives i found i found that in 55

580

00:31:44,870 --> 00:31:41,600

there was already reference to

581

00:31:47,029 --> 00:31:44,880

australian cases similar to french cases

582

00:31:47,909 --> 00:31:47,039

in public newspaper at the time so it

583

00:31:51,590 --> 00:31:47,919

was

584

00:31:56,310 --> 00:31:51,600

very really aware that advertised

585

00:31:58,549 --> 00:31:56,320

wonderful um and along these lines

586

00:32:00,710 --> 00:31:58,559

another question about

587

00:32:02,230 --> 00:32:00,720

historical cases before we go into the

588

00:32:05,350 --> 00:32:02,240

very juicy

589

00:32:07,669 --> 00:32:05,360

and palpable uh present and future of

590

00:32:09,990 --> 00:32:07,679

ufology um

591

00:32:11,269 --> 00:32:10,000

what uh this just for context for the

592

00:32:13,269 --> 00:32:11,279

audience and things like that and so

593

00:32:16,149 --> 00:32:13,279

that they get a sense of you in general

594

00:32:17,509 --> 00:32:16,159

um what are your favorite cases um

595

00:32:19,190 --> 00:32:17,519

they don't have to be french they could

596

00:32:21,430 --> 00:32:19,200

be anything like what what do you think

597

00:32:23,830 --> 00:32:21,440

are the most fruitful cases to have

598

00:32:24,870 --> 00:32:23,840

studied yourselves over they have to be

599

00:32:29,350 --> 00:32:24,880

french

600

00:32:32,549 --> 00:32:29,360

they have to be

601  
00:32:36,710 --> 00:32:35,269  
i think about a case who is not really

602  
00:32:54,630 --> 00:32:36,720  
french because

603  
00:32:54,640 --> 00:33:07,070  
uh

604  
00:33:36,710 --> 00:33:15,130  
[Music]

605  
00:33:36,720 --> 00:33:57,660  
uh

606  
00:33:57,670 --> 00:34:02,149  
[Music]

607  
00:34:02,159 --> 00:34:06,710  
foreign

608  
00:34:11,750 --> 00:34:08,790  
so regarding his favorite historical

609  
00:34:13,510 --> 00:34:11,760  
cases it would be in madagascar in 1954

610  
00:34:15,750 --> 00:34:13,520  
so at the time madagascar was a french

611  
00:34:17,669 --> 00:34:15,760  
colony and

612  
00:34:19,109 --> 00:34:17,679  
currently it works in english

613  
00:34:20,790 --> 00:34:19,119

yes

614

00:34:23,270 --> 00:34:20,800

and it was

615

00:34:26,470 --> 00:34:23,280

a full daylight

616

00:34:28,069 --> 00:34:26,480

observation of a flying disc

617

00:34:31,669 --> 00:34:28,079

luminescence

618

00:34:33,750 --> 00:34:31,679

it was hovering above the main street of

619

00:34:37,109 --> 00:34:33,760

the main city of madagascar i don't know

620

00:34:37,119 --> 00:34:43,430

sorry

621

00:34:44,250 --> 00:34:43,990

thank you

622

00:34:47,270 --> 00:34:44,260

[Music]

623

00:34:49,270 --> 00:34:47,280

[Laughter]

624

00:34:52,869 --> 00:34:49,280

and it was witnessed by andreas people

625

00:34:56,470 --> 00:34:52,879

and as it was uh crossing the street uh

626  
00:34:59,589 --> 00:34:56,480  
along the way it was uh

627  
00:35:02,630 --> 00:34:59,599  
extinguishing every light of the streets

628  
00:35:06,470 --> 00:35:02,640  
on the wall tracks it was carrying the

629  
00:35:08,390 --> 00:35:06,480  
castle away while the cattle was

630  
00:35:11,270 --> 00:35:08,400  
accustomed to

631  
00:35:13,510 --> 00:35:11,280  
the airplanes because the airport was

632  
00:35:17,589 --> 00:35:13,520  
was really close it's a it's a

633  
00:35:18,690 --> 00:35:17,599  
fascinating case for general dougal

634  
00:35:20,069 --> 00:35:18,700  
who was a

635  
00:35:22,150 --> 00:35:20,079  
[Music]

636  
00:35:24,790 --> 00:35:22,160  
major figure at the time historically

637  
00:35:28,790 --> 00:35:24,800  
and in political power

638  
00:35:31,750 --> 00:35:28,800

and was a very huge case but

639

00:35:34,550 --> 00:35:31,760

he concur with me there is um a

640

00:35:36,710 --> 00:35:34,560

tremendous amount of cases in france who

641

00:35:38,630 --> 00:35:36,720

have been um

642

00:35:41,430 --> 00:35:38,640

really

643

00:35:41,440 --> 00:35:46,470

being the witness of of cases

644

00:35:53,349 --> 00:35:50,150

great and you and yourself atis

645

00:35:54,910 --> 00:35:53,359

so i'm i'm looking to a very weird case

646

00:36:00,550 --> 00:35:54,920

it's the

647

00:36:02,150 --> 00:36:00,560

1974 flap in in the winter of 1974

648

00:36:03,109 --> 00:36:02,160

in the

649

00:36:04,630 --> 00:36:03,119

above

650

00:36:07,910 --> 00:36:04,640

western coast of

651  
00:36:09,670 --> 00:36:07,920  
france you have a wave of sighting

652  
00:36:12,950 --> 00:36:09,680  
at least 15

653  
00:36:15,109 --> 00:36:12,960  
in in two months and one above an

654  
00:36:20,470 --> 00:36:15,119  
aircraft carrier

655  
00:36:29,589 --> 00:36:24,829  
really really intriguing reports with

656  
00:36:33,750 --> 00:36:29,599  
usos uh with uh giant orbs flying

657  
00:36:36,950 --> 00:36:33,760  
really really close of military assets

658  
00:36:37,910 --> 00:36:36,960  
and major military assets at the time

659  
00:36:40,470 --> 00:36:37,920  
france

660  
00:36:42,710 --> 00:36:40,480  
always tried to maintain

661  
00:36:46,069 --> 00:36:42,720  
a political power

662  
00:36:48,630 --> 00:36:46,079  
based on military power we wanted to be

663  
00:36:49,990 --> 00:36:48,640

in the independent from nato

664

00:36:51,990 --> 00:36:50,000

so

665

00:36:53,910 --> 00:36:52,000

our military assets were really

666

00:36:56,950 --> 00:36:53,920

important to the country so to have

667

00:36:58,470 --> 00:36:56,960

search reports from military police

668

00:37:02,390 --> 00:36:58,480

on that case

669

00:37:06,790 --> 00:37:04,470

very intriguing i

670

00:37:07,510 --> 00:37:06,800

i got one thing that i want to show you

671

00:37:09,190 --> 00:37:07,520

that

672

00:37:11,030 --> 00:37:09,200

baptiste might actually already know

673

00:37:13,829 --> 00:37:11,040

about but i found this in the blue book

674

00:37:18,150 --> 00:37:16,200

yeah it says france there

675

00:37:20,550 --> 00:37:18,160

[Laughter]

676

00:37:23,670 --> 00:37:20,560

it says france

677

00:37:25,670 --> 00:37:23,680

it says french flag saucer so yeah

678

00:37:29,750 --> 00:37:25,680

it's it's it's a pretty neat picture but

679

00:37:31,589 --> 00:37:29,760

i just wanted to show that to you but um

680

00:37:33,190 --> 00:37:31,599

i did

681

00:37:34,230 --> 00:37:33,200

have a question like

682

00:37:37,030 --> 00:37:34,240

you know

683

00:37:39,109 --> 00:37:37,040

this is kind of more speculation based

684

00:37:40,310 --> 00:37:39,119

and i know people don't like that

685

00:37:42,950 --> 00:37:40,320

um

686

00:37:44,710 --> 00:37:42,960

but that's half the fun to me

687

00:37:45,910 --> 00:37:44,720

but um

688

00:37:47,670 --> 00:37:45,920

do you have a

689

00:37:49,990 --> 00:37:47,680

and this is for both of you

690

00:37:53,750 --> 00:37:50,000

do you have a general feeling of if

691

00:37:56,390 --> 00:37:53,760

these are physical objects or

692

00:37:58,069 --> 00:37:56,400

not and

693

00:37:59,109 --> 00:37:58,079

i guess the second part of that question

694

00:38:01,109 --> 00:37:59,119

is

695

00:38:03,349 --> 00:38:01,119

do you feel that

696

00:38:05,829 --> 00:38:03,359

a paranormal

697

00:38:08,069 --> 00:38:05,839

other paranormal things are you know

698

00:38:10,230 --> 00:38:08,079

attached to ufos or

699

00:38:11,190 --> 00:38:10,240

are those separate what's your take on

700

00:38:13,109 --> 00:38:11,200

that

701  
00:38:58,069 --> 00:38:13,119  
you know like i don't know even ghosts

702  
00:38:58,079 --> 00:39:49,930  
foreign

703  
00:39:49,940 --> 00:39:55,030  
[Music]

704  
00:39:55,040 --> 00:40:34,470  
uh

705  
00:40:45,109 --> 00:40:38,950  
so

706  
00:40:47,990 --> 00:40:45,119  
i think it's still accurate today uh the

707  
00:40:50,870 --> 00:40:48,000  
the exploratory or hypothesis uh was

708  
00:40:54,630 --> 00:40:50,880  
taking very little literally it's

709  
00:40:57,270 --> 00:40:54,640  
visitors from other planetary systems

710  
00:40:58,950 --> 00:40:57,280  
exploring away and we encounter them for

711  
00:41:01,750 --> 00:40:58,960  
the first time

712  
00:41:03,589 --> 00:41:01,760  
then arrived jack valley that

713  
00:41:05,030 --> 00:41:03,599

for the first time

714

00:41:06,950 --> 00:41:05,040

proposed that

715

00:41:08,630 --> 00:41:06,960

it was an illusion that was another

716

00:41:10,550 --> 00:41:08,640

phenomenon and

717

00:41:12,390 --> 00:41:10,560

that very

718

00:41:14,390 --> 00:41:12,400

evident phenomenon everybody could

719

00:41:16,309 --> 00:41:14,400

reduce

720

00:41:20,630 --> 00:41:16,319

today he thinks that

721

00:41:22,710 --> 00:41:20,640

that hypothesis a secondary phenomenon

722

00:41:26,069 --> 00:41:22,720

a puppeteer

723

00:41:27,270 --> 00:41:26,079

is a is no mainstream

724

00:41:29,349 --> 00:41:27,280

and

725

00:41:31,670 --> 00:41:29,359

we have

726

00:41:33,190 --> 00:41:31,680

confirmed comforting

727

00:41:35,670 --> 00:41:33,200

coincidences

728

00:41:38,069 --> 00:41:35,680

correlation between

729

00:41:39,910 --> 00:41:38,079

experiences testimonies and near-death

730

00:41:43,030 --> 00:41:39,920

experience

731

00:41:45,589 --> 00:41:43,040

records that are very similar

732

00:41:47,750 --> 00:41:45,599

in in terms of nature of

733

00:41:49,589 --> 00:41:47,760

the stories that are narrated through

734

00:41:53,270 --> 00:41:49,599

these experiences

735

00:41:56,069 --> 00:41:53,280

he thinks that it's a hint towards a new

736

00:41:58,150 --> 00:41:56,079

law of physics towards consciousness

737

00:41:59,349 --> 00:41:58,160

but he doesn't have any certainty about

738

00:42:00,550 --> 00:41:59,359

it

739

00:42:03,670 --> 00:42:00,560

all right

740

00:42:05,190 --> 00:42:03,680

what do you mean you're not certain

741

00:42:08,230 --> 00:42:05,200

excellent thank you that's a great

742

00:42:10,550 --> 00:42:08,240

response yeah and definitely and batiste

743

00:42:13,270 --> 00:42:10,560

some uh similar question

744

00:42:16,470 --> 00:42:13,280

so i have to to to restrict myself to

745

00:42:19,510 --> 00:42:16,480

what is scientifically demonstrated so

746

00:42:21,510 --> 00:42:19,520

we know there are some physical

747

00:42:22,230 --> 00:42:21,520

crafts because we can gather pieces of

748

00:42:26,230 --> 00:42:22,240

it

749

00:42:29,190 --> 00:42:26,240

be no pieces and jack valley just

750

00:42:31,430 --> 00:42:29,200

published a scientific paper on a new

751  
00:42:34,470 --> 00:42:31,440  
method to

752  
00:42:37,990 --> 00:42:34,480  
buy high-end beam technology

753  
00:42:39,109 --> 00:42:38,000  
analyze isotope ratios at a

754  
00:42:41,270 --> 00:42:39,119  
nano

755  
00:42:42,829 --> 00:42:41,280  
molecular scale so

756  
00:42:46,790 --> 00:42:42,839  
we

757  
00:42:49,430 --> 00:42:46,800  
know material pieces that are recovered

758  
00:42:52,150 --> 00:42:49,440  
so there are material crafts it's it's

759  
00:42:54,470 --> 00:42:52,160  
very obvious now

760  
00:42:56,550 --> 00:42:54,480  
are they all physical probably not

761  
00:42:59,270 --> 00:42:56,560  
because we have plenty of records of

762  
00:43:01,750 --> 00:42:59,280  
orbs of light that go through matter

763  
00:43:04,950 --> 00:43:01,760

so it starts to to become pretty hard to

764

00:43:07,670 --> 00:43:04,960

have a physical craft doing that so not

765

00:43:10,870 --> 00:43:07,680

every cases is physical not every cases

766

00:43:13,670 --> 00:43:10,880

it is non-physical

767

00:43:14,200 --> 00:43:13,680

concerning the the origin

768

00:43:18,870 --> 00:43:14,210

um

769

00:43:23,270 --> 00:43:20,630

the problem is that

770

00:43:27,190 --> 00:43:23,280

it seems to to change

771

00:43:31,270 --> 00:43:27,200

uh along the way with us so if you take

772

00:43:33,990 --> 00:43:31,280

the 1952 washington causal case it's

773

00:43:35,829 --> 00:43:34,000

you can't be more obvious than that you

774

00:43:37,990 --> 00:43:35,839

have flying saucers

775

00:43:40,950 --> 00:43:38,000

above the white house that are shoot

776

00:43:42,790 --> 00:43:40,960

down by fighters you have pieces

777

00:43:46,309 --> 00:43:42,800

gathered on the ground and transmitted

778

00:43:48,950 --> 00:43:46,319

to experts including canada so

779

00:43:51,829 --> 00:43:48,960

you can't be more obvious than that and

780

00:43:53,990 --> 00:43:51,839

it's all in public records it's all very

781

00:43:57,510 --> 00:43:54,000

verifiable it's just what i call the

782

00:44:00,069 --> 00:43:57,520

hidden story that it's not taught so

783

00:44:02,550 --> 00:44:00,079

it's hidden but everything is there and

784

00:44:05,190 --> 00:44:02,560

if you look for it you you found it oh i

785

00:44:09,829 --> 00:44:06,790

so

786

00:44:12,790 --> 00:44:09,839

if you look at today's cases

787

00:44:14,950 --> 00:44:12,800

they are much more elusive when they

788

00:44:16,630 --> 00:44:14,960

appear they disappear

789

00:44:18,470 --> 00:44:16,640

just next to it

790

00:44:20,550 --> 00:44:18,480

they if you don't have a battle of los

791

00:44:22,710 --> 00:44:20,560

angeles nowadays

792

00:44:25,510 --> 00:44:22,720

it just doesn't happen

793

00:44:28,870 --> 00:44:25,520

you you we will nuke them out of the sky

794

00:44:32,069 --> 00:44:28,880

if they do they did that so

795

00:44:33,510 --> 00:44:32,079

the fact that it is evolving along the

796

00:44:36,870 --> 00:44:33,520

way

797

00:44:40,309 --> 00:44:36,880

is a proof a scientific proof to me that

798

00:44:43,589 --> 00:44:40,319

is just not explorers meeting us it

799

00:44:46,230 --> 00:44:43,599

can't be it there is something else what

800

00:44:48,710 --> 00:44:46,240

it is i don't know i

801  
00:44:51,589 --> 00:44:48,720  
think the only obvious answer is that it

802  
00:44:53,910 --> 00:44:51,599  
is a light show it is a spectacle for us

803  
00:44:56,309 --> 00:44:53,920  
it is something that is shown to us

804  
00:44:58,069 --> 00:44:56,319  
why it is shown to us i don't know and i

805  
00:44:58,950 --> 00:44:58,079  
think it's a very interesting question

806  
00:44:59,670 --> 00:44:58,960  
to ask

807  
00:45:01,670 --> 00:44:59,680  
us

808  
00:45:04,710 --> 00:45:01,680  
the answer will not come from them it

809  
00:45:06,230 --> 00:45:04,720  
will come from us yeah

810  
00:45:08,550 --> 00:45:06,240  
that's a great answer

811  
00:45:11,270 --> 00:45:08,560  
and i've thought about that often too

812  
00:45:13,190 --> 00:45:11,280  
especially the evolving with us

813  
00:45:14,309 --> 00:45:13,200

you know if you just ask the simple

814

00:45:16,950 --> 00:45:14,319

question

815

00:45:17,829 --> 00:45:16,960

where are the flying

816

00:45:20,230 --> 00:45:17,839

yeah saucers

817

00:45:23,510 --> 00:45:20,240

know if you saw one now it would seem

818

00:45:24,870 --> 00:45:23,520

like an old 50s uh mustang

819

00:45:27,589 --> 00:45:24,880

you know car

820

00:45:29,030 --> 00:45:27,599

it would seem like a classic automobile

821

00:45:30,230 --> 00:45:29,040

um and

822

00:45:32,470 --> 00:45:30,240

you know things

823

00:45:33,750 --> 00:45:32,480

things change and there's no mass

824

00:45:35,349 --> 00:45:33,760

sightings

825

00:45:37,430 --> 00:45:35,359

and why is that

826

00:45:39,510 --> 00:45:37,440

you know maybe because it's evolved with

827

00:45:42,390 --> 00:45:39,520

us it's become more elusive

828

00:45:44,630 --> 00:45:42,400

or it's uh you know and it could be for

829

00:45:47,349 --> 00:45:44,640

many reasons maybe because

830

00:45:49,349 --> 00:45:47,359

it can be more easily recorded you know

831

00:45:50,950 --> 00:45:49,359

with their phones

832

00:45:53,750 --> 00:45:50,960

or

833

00:45:55,109 --> 00:45:53,760

maybe the technology is advanced

834

00:45:57,829 --> 00:45:55,119

you know

835

00:45:58,790 --> 00:45:57,839

if if they're much more advanced than we

836

00:46:00,230 --> 00:45:58,800

are

837

00:46:02,870 --> 00:46:00,240

you would have to think that their

838

00:46:06,630 --> 00:46:02,880

advancements in technology would be

839

00:46:11,430 --> 00:46:08,470

lex friedman did

840

00:46:12,790 --> 00:46:11,440

just said an incredibly powerful quote

841

00:46:15,109 --> 00:46:12,800

the other day

842

00:46:17,910 --> 00:46:15,119

he said that he was really fearful of

843

00:46:20,470 --> 00:46:17,920

the fact that if the aliens they are

844

00:46:23,190 --> 00:46:20,480

much more smarter than us and we just

845

00:46:39,589 --> 00:46:23,200

don't have the capability to

846

00:46:39,599 --> 00:47:23,250

um

847

00:48:03,990 --> 00:47:38,510

[Music]

848

00:48:08,630 --> 00:48:06,550

yeah i was going to say the same thing

849

00:48:09,829 --> 00:48:08,640

[Laughter]

850

00:48:12,790 --> 00:48:09,839

gotcha

851  
00:48:17,030 --> 00:48:14,549  
so um

852  
00:48:19,109 --> 00:48:17,040  
in his current

853  
00:48:21,510 --> 00:48:19,119  
state of mind he thinks that

854  
00:48:24,230 --> 00:48:21,520  
if we had to encounter

855  
00:48:27,109 --> 00:48:24,240  
an exogenous civilization we will have a

856  
00:48:29,270 --> 00:48:27,119  
major communication problem there is an

857  
00:48:32,950 --> 00:48:29,280  
interesting

858  
00:48:35,829 --> 00:48:32,960  
story by stanislas slam and

859  
00:48:38,710 --> 00:48:35,839  
puts into a movie by tarkovsky called

860  
00:48:41,670 --> 00:48:38,720  
solaris but i highly recommend a very

861  
00:48:44,150 --> 00:48:41,680  
good movie and very good book the book

862  
00:48:47,190 --> 00:48:44,160  
is just terrible

863  
00:48:48,790 --> 00:48:47,200

read that book read that book you will

864

00:48:52,950 --> 00:48:48,800

understand everything that is happening

865

00:48:57,109 --> 00:48:54,390

by stanislas

866

00:48:59,510 --> 00:48:57,119

very short book but excellent book

867

00:49:01,510 --> 00:48:59,520

uh and the history of all that we just

868

00:49:03,030 --> 00:49:01,520

can't understand each other because we

869

00:49:04,870 --> 00:49:03,040

are just too different

870

00:49:07,670 --> 00:49:04,880

there is another possibility that they

871

00:49:08,390 --> 00:49:07,680

don't want to talk to us they just want

872

00:49:11,510 --> 00:49:08,400

to

873

00:49:14,150 --> 00:49:11,520

take a look at us from afar and see how

874

00:49:16,150 --> 00:49:14,160

we react and just go away

875

00:49:19,349 --> 00:49:16,160

he says that there is an interesting

876

00:49:21,109 --> 00:49:19,359

quote by the recent quote by vale

877

00:49:22,950 --> 00:49:21,119

that said that

878

00:49:25,670 --> 00:49:22,960

we are seeing

879

00:49:29,510 --> 00:49:25,680

a picture projected by someone but we

880

00:49:33,349 --> 00:49:31,190

and we are getting closer

881

00:49:36,390 --> 00:49:33,359

that is fantastic yes and i agree about

882

00:49:39,349 --> 00:49:36,400

solaris as particularly the tarkovsky it

883

00:49:40,470 --> 00:49:39,359

was remade um maybe 10 15 years ago but

884

00:49:52,309 --> 00:49:40,480

the original yeah

885

00:49:57,750 --> 00:49:55,430

yeah the original the original but um

886

00:49:59,750 --> 00:49:57,760

and this is where we will have to have a

887

00:50:02,150 --> 00:49:59,760

follow-up because we all know that

888

00:50:04,950 --> 00:50:02,160

french people are notorious

889

00:50:06,950 --> 00:50:04,960

uh cinephiles and love film you know

890

00:50:09,750 --> 00:50:06,960

that is that is quite the serious type

891

00:50:11,829 --> 00:50:09,760

for french culture um but um i i love

892

00:50:15,589 --> 00:50:11,839

that film and i think that it's so

893

00:50:17,030 --> 00:50:15,599

appropriate and it's one of the best

894

00:50:20,710 --> 00:50:17,040

depictions

895

00:50:23,349 --> 00:50:20,720

of of the phenomenon that is closest to

896

00:50:25,589 --> 00:50:23,359

experience or counts often with regard

897

00:50:27,430 --> 00:50:25,599

to you know not saying anything is true

898

00:50:28,950 --> 00:50:27,440

or not saying anything is false but when

899

00:50:32,230 --> 00:50:28,960

we read the accounts of people like

900

00:50:33,589 --> 00:50:32,240

whitley strieber and others you know um

901  
00:50:36,150 --> 00:50:33,599  
there's there's

902  
00:50:38,069 --> 00:50:36,160  
there's the idea of this kind of hall of

903  
00:50:40,390 --> 00:50:38,079  
mirrors where

904  
00:50:43,030 --> 00:50:40,400  
where often um

905  
00:50:45,190 --> 00:50:43,040  
these other intelligences are are

906  
00:50:46,309 --> 00:50:45,200  
possibly pulling from our subconscious

907  
00:50:55,430 --> 00:50:46,319  
trying to

908  
00:50:56,230 --> 00:50:55,440  
serene anything like that and i

909  
00:51:04,309 --> 00:50:56,240  
i

910  
00:51:08,710 --> 00:51:04,319  
that

911  
00:51:10,790 --> 00:51:08,720  
supposed to make us feel better

912  
00:51:12,790 --> 00:51:10,800  
it can make us anxious

913  
00:51:16,150 --> 00:51:12,800

as when the protagonist meets his dead

914

00:51:18,470 --> 00:51:16,160

wife right off in space somewhere right

915

00:51:19,750 --> 00:51:18,480

no spoilers but um

916

00:51:21,349 --> 00:51:19,760

i think it's on the back of the video

917

00:51:24,309 --> 00:51:21,359

box so i think that that's safe to talk

918

00:51:27,030 --> 00:51:25,589

um

919

00:51:28,710 --> 00:51:27,040

anyway i don't know if that needs to be

920

00:51:30,710 --> 00:51:28,720

communicated but

921

00:51:33,589 --> 00:51:30,720

i think he gets the gist of the picture

922

00:51:35,589 --> 00:51:33,599

but i'm looking forward you know um

923

00:51:37,430 --> 00:51:35,599

you know we have a lot of recent stories

924

00:51:39,349 --> 00:51:37,440

and you know we've got this uap task

925

00:51:40,470 --> 00:51:39,359

force report in the states and i know

926  
00:51:42,470 --> 00:51:40,480  
that you've been

927  
00:51:44,950 --> 00:51:42,480  
baptiste and tebow i know that you've

928  
00:51:46,950 --> 00:51:44,960  
been you've been helping in terms of of

929  
00:51:49,270 --> 00:51:46,960  
getting things published by you know in

930  
00:51:51,589 --> 00:51:49,280  
liberation times and keeping us up to

931  
00:51:54,069 --> 00:51:51,599  
speed and i see through the explorer lab

932  
00:51:55,349 --> 00:51:54,079  
channel that you're also doing a lot in

933  
00:51:57,750 --> 00:51:55,359  
terms of

934  
00:52:00,710 --> 00:51:57,760  
i saw that very good recap that you did

935  
00:52:02,150 --> 00:52:00,720  
of of the the year in review for for

936  
00:52:04,470 --> 00:52:02,160  
2021

937  
00:52:06,069 --> 00:52:04,480  
and um looking forward to this next year

938  
00:52:09,190 --> 00:52:06,079

what like what are you looking forward

939

00:52:11,190 --> 00:52:09,200

to in terms of recent reports and recent

940

00:52:12,870 --> 00:52:11,200

news and um

941

00:52:14,710 --> 00:52:12,880

you know i know that you probably don't

942

00:52:17,349 --> 00:52:14,720

want to speculate too much though that

943

00:52:20,630 --> 00:52:17,359

is a you know a favorite past time

944

00:52:22,790 --> 00:52:20,640

a favorite pastime of ufologist but um

945

00:52:25,829 --> 00:52:22,800

you know maybe a better way to put it is

946

00:52:30,710 --> 00:52:25,839

what do you hope to see in 2022 and what

947

00:52:36,950 --> 00:52:33,190

does that make sense yes yes yes just

948

00:52:40,150 --> 00:52:39,270

in in 22 we went to see the disclosure

949

00:52:43,030 --> 00:52:40,160

in

950

00:52:45,510 --> 00:52:43,040

united states because if there is a real

951  
00:52:48,470 --> 00:52:45,520  
disclosure in the united states

952  
00:52:51,190 --> 00:52:48,480  
all the world will follow it's like that

953  
00:52:53,430 --> 00:52:51,200  
you have a very good you you have a very

954  
00:52:54,309 --> 00:52:53,440  
great import importance

955  
00:52:56,950 --> 00:52:54,319  
in

956  
00:52:57,750 --> 00:52:56,960  
with this question

957  
00:52:59,270 --> 00:52:57,760  
so

958  
00:53:01,030 --> 00:52:59,280  
we expect

959  
00:53:03,430 --> 00:53:01,040  
for this year

960  
00:53:04,790 --> 00:53:03,440  
disclosure in the united states it's no

961  
00:53:06,069 --> 00:53:04,800  
pressure

962  
00:53:07,829 --> 00:53:06,079  
it's not grown

963  
00:53:08,870 --> 00:53:07,839

but it's

964

00:53:12,630 --> 00:53:08,880

it's my

965

00:53:12,640 --> 00:53:17,070

is

966

00:53:17,080 --> 00:54:45,670

[Music]

967

00:54:51,190 --> 00:54:49,190

so he expects a free publication but he

968

00:54:53,030 --> 00:54:51,200

wants you would like you would really

969

00:54:55,349 --> 00:54:53,040

really would like to see free

970

00:54:59,190 --> 00:54:55,359

publications happening

971

00:55:00,870 --> 00:54:59,200

next year it would be uh

972

00:55:03,109 --> 00:55:00,880

satellite pictures

973

00:55:05,349 --> 00:55:03,119

of ufos it was

974

00:55:06,630 --> 00:55:05,359

evocated by

975

00:55:08,630 --> 00:55:06,640

general cliff

976  
00:55:11,109 --> 00:55:08,640  
former gni

977  
00:55:14,390 --> 00:55:11,119  
under trump if i remember well

978  
00:55:17,349 --> 00:55:14,400  
the next thing would be

979  
00:55:19,829 --> 00:55:17,359  
nasa's documents about ufo that

980  
00:55:21,190 --> 00:55:19,839  
administrator bill nyson refused to talk

981  
00:55:23,730 --> 00:55:21,200  
about

982  
00:55:25,910 --> 00:55:23,740  
and the next part would be

983  
00:55:27,750 --> 00:55:25,920  
[Music]

984  
00:55:30,950 --> 00:55:27,760  
the next part of the new york times

985  
00:55:35,109 --> 00:55:30,960  
articles concerning

986  
00:55:36,950 --> 00:55:35,119  
capture and study of recovered crafts

987  
00:55:39,270 --> 00:55:36,960  
and

988  
00:55:43,190 --> 00:55:39,280

the making of their world crafts based

989

00:55:46,470 --> 00:55:44,390

excellent

990

00:55:48,549 --> 00:55:46,480

yeah do you follow up there

991

00:55:51,030 --> 00:55:48,559

i was just going to ask if that

992

00:55:53,910 --> 00:55:51,040

from batista perspective

993

00:55:58,069 --> 00:55:53,920

i'm very down to earth so i'm expecting

994

00:56:00,789 --> 00:55:58,079

the results from the uapx today uh i'm

995

00:56:02,150 --> 00:56:00,799

ex i'm really expecting the next works

996

00:56:04,710 --> 00:56:02,160

of christopher shaw but i have to

997

00:56:07,589 --> 00:56:04,720

comment for his work half the articles i

998

00:56:10,230 --> 00:56:07,599

wrote were wrote by him i provided the

999

00:56:13,270 --> 00:56:10,240

data and he assembled everything under

1000

00:56:15,349 --> 00:56:13,280

the shape you can read so he

1001

00:56:17,190 --> 00:56:15,359

did a tremendous work

1002

00:56:18,470 --> 00:56:17,200

on that and he

1003

00:56:21,349 --> 00:56:18,480

is spending

1004

00:56:24,309 --> 00:56:21,359

every ounce of time he has on liberation

1005

00:56:26,309 --> 00:56:24,319

times so i highly recommend that

1006

00:56:27,990 --> 00:56:26,319

you you take your close look at

1007

00:56:30,230 --> 00:56:28,000

everything that has been published for

1008

00:56:32,390 --> 00:56:30,240

the past three months it's really

1009

00:56:33,990 --> 00:56:32,400

interesting but there are hidden gems

1010

00:56:36,549 --> 00:56:34,000

inside

1011

00:56:39,109 --> 00:56:36,559

and the the next

1012

00:56:40,230 --> 00:56:39,119

really interesting part would be

1013

00:56:45,670 --> 00:56:40,240

we

1014

00:56:47,109 --> 00:56:45,680

crystal clear

1015

00:56:49,430 --> 00:56:47,119

video of

1016

00:56:53,510 --> 00:56:49,440

a black triangle getting out of the

1017

00:56:58,230 --> 00:56:55,910

oh my gosh please please

1018

00:57:00,309 --> 00:56:58,240

does anyone even know where that got

1019

00:57:01,750 --> 00:57:00,319

started

1020

00:57:03,589 --> 00:57:01,760

oh well

1021

00:57:05,589 --> 00:57:03,599

i mean

1022

00:57:07,190 --> 00:57:05,599

elizondo mentioned i think elizondo

1023

00:57:09,670 --> 00:57:07,200

might have been the one the first to go

1024

00:57:12,549 --> 00:57:09,680

on the record about it but i i think i'd

1025

00:57:13,990 --> 00:57:12,559

i'd heard about it elsewhere from well

1026  
00:57:15,829 --> 00:57:14,000  
maybe i shouldn't mention but there's

1027  
00:57:16,710 --> 00:57:15,839  
other people

1028  
00:57:18,390 --> 00:57:16,720  
yeah

1029  
00:57:19,910 --> 00:57:18,400  
but there's been a quiet rumor about

1030  
00:57:22,069 --> 00:57:19,920  
that for a few years now at the very

1031  
00:57:23,990 --> 00:57:22,079  
least yeah

1032  
00:57:26,789 --> 00:57:24,000  
do you think there would be any pushback

1033  
00:57:28,549 --> 00:57:26,799  
in france if uh you know from the

1034  
00:57:29,750 --> 00:57:28,559  
government or

1035  
00:57:31,190 --> 00:57:29,760  
the people

1036  
00:57:33,670 --> 00:57:31,200  
um if

1037  
00:57:35,109 --> 00:57:33,680  
you know let's say president biden comes

1038  
00:57:36,069 --> 00:57:35,119

and says okay

1039

00:57:37,990 --> 00:57:36,079

um

1040

00:57:40,950 --> 00:57:38,000

you know there are intergalactic

1041

00:57:43,990 --> 00:57:40,960

visitors here and have been here

1042

00:57:45,750 --> 00:57:44,000

for a very long time for decades

1043

00:57:47,750 --> 00:57:45,760

and we're going to start

1044

00:57:48,710 --> 00:57:47,760

adjusting policies

1045

00:57:51,349 --> 00:57:48,720

for

1046

00:57:53,750 --> 00:57:51,359

interplanetary and space reasons

1047

00:57:56,870 --> 00:57:53,760

do you think france would follow in suit

1048

00:58:05,589 --> 00:57:56,880

in that or would they give pushback or

1049

00:58:05,599 --> 00:58:30,470

express extraterrestrials

1050

00:59:55,430 --> 00:58:44,350

[Music]

1051  
00:59:59,270 --> 00:59:56,820  
all right

1052  
01:00:01,510 --> 00:59:59,280  
[Laughter]

1053  
01:00:02,789 --> 01:00:01,520  
thank you thank you so much

1054  
01:00:05,190 --> 01:00:02,799  
so um

1055  
01:00:07,510 --> 01:00:05,200  
so firstly we'd be very astonished by

1056  
01:00:10,470 --> 01:00:07,520  
the fact that biden uh

1057  
01:00:13,430 --> 01:00:10,480  
actually speaks uh talks about this

1058  
01:00:17,349 --> 01:00:13,440  
uh because it has been very silent and

1059  
01:00:19,910 --> 01:00:17,359  
we really appreciated his his laugh when

1060  
01:00:23,349 --> 01:00:19,920  
he answered a question regarding anna

1061  
01:00:26,549 --> 01:00:23,359  
obama quotes on the subject and when he

1062  
01:00:28,950 --> 01:00:26,559  
tried to run off the stage

1063  
01:00:30,150 --> 01:00:28,960

without his partner if you haven't seen

1064

01:00:33,190 --> 01:00:30,160

that clip

1065

01:00:36,870 --> 01:00:33,200

priceless

1066

01:00:38,549 --> 01:00:36,880

uh so then france is uh often

1067

01:00:38,900 --> 01:00:38,559

pictured as

1068

01:00:40,309 --> 01:00:38,910

um

1069

01:00:42,390 --> 01:00:40,319

[Music]

1070

01:00:44,549 --> 01:00:42,400

claiming to the word what the word

1071

01:00:46,789 --> 01:00:44,559

should do and

1072

01:00:48,549 --> 01:00:46,799

taking a leadership position where we

1073

01:00:50,789 --> 01:00:48,559

have a much

1074

01:00:53,349 --> 01:00:50,799

smaller a much smaller

1075

01:00:57,430 --> 01:00:53,359

smaller firepower than the united states

1076

01:00:59,990 --> 01:00:57,440

um and uh so we will take a stance on

1077

01:01:03,670 --> 01:01:00,000

that subject if biden take a stance on

1078

01:01:06,789 --> 01:01:03,680

that subject just to not let biden alone

1079

01:01:09,270 --> 01:01:06,799

and to have a say in the process and

1080

01:01:13,750 --> 01:01:12,309

france is much smaller we have uh

1081

01:01:16,150 --> 01:01:13,760

some uh

1082

01:01:27,589 --> 01:01:16,160

lawmakers uh

1083

01:01:35,190 --> 01:01:31,109

think of a way of legalizing aliens

1084

01:01:35,200 --> 01:01:39,589

beautiful

1085

01:01:44,870 --> 01:01:41,510

and batiste

1086

01:01:49,109 --> 01:01:47,510

there are some precedents in the in the

1087

01:01:51,109 --> 01:01:49,119

french spy works

1088

01:01:54,789 --> 01:01:51,119

um

1089

01:01:57,430 --> 01:01:54,799

i think it was under mitra

1090

01:01:59,670 --> 01:01:57,440

a a socialist

1091

01:02:04,309 --> 01:01:59,680

french president uh

1092

01:02:07,750 --> 01:02:04,319

one um one russian spy defected and

1093

01:02:08,789 --> 01:02:07,760

worked for us for quite a few years and

1094

01:02:09,910 --> 01:02:08,799

leaked

1095

01:02:12,069 --> 01:02:09,920

very

1096

01:02:13,029 --> 01:02:12,079

major information

1097

01:02:15,990 --> 01:02:13,039

um

1098

01:02:18,710 --> 01:02:16,000

mitron was so afraid it would leak that

1099

01:02:23,109 --> 01:02:18,720

only two people in france worked on that

1100

01:02:23,340 --> 01:02:23,119

in sale and he used it to

1101  
01:02:24,630 --> 01:02:23,350  
to

1102  
01:02:27,430 --> 01:02:24,640  
[Music]

1103  
01:02:30,950 --> 01:02:27,440  
to hint to the us that he had a very

1104  
01:02:32,230 --> 01:02:30,960  
in-depth knowledge of their own

1105  
01:02:33,029 --> 01:02:32,240  
war machines

1106  
01:02:35,430 --> 01:02:33,039  
so

1107  
01:02:37,670 --> 01:02:35,440  
i it's perfectly feasible that we have a

1108  
01:02:39,670 --> 01:02:37,680  
very small team in france that know

1109  
01:02:41,270 --> 01:02:39,680  
extremely well what is happening is

1110  
01:02:46,069 --> 01:02:41,280  
working on the craft

1111  
01:02:51,109 --> 01:02:48,789  
because the past speaks for it it was

1112  
01:02:53,750 --> 01:02:51,119  
not the first time it happened so i

1113  
01:02:54,630 --> 01:02:53,760

wouldn't be surprised that in

1114

01:02:56,390 --> 01:02:54,640

very

1115

01:02:58,549 --> 01:02:56,400

high circles they they know perfectly

1116

01:03:00,710 --> 01:02:58,559

what is happening the second part that

1117

01:03:03,029 --> 01:03:00,720

is pushing me towards it is that the

1118

01:03:06,470 --> 01:03:03,039

japan is the public office but above it

1119

01:03:09,109 --> 01:03:06,480

you have the copipan that is the um what

1120

01:03:11,990 --> 01:03:09,119

you add in the giliban naman man the the

1121

01:03:15,029 --> 01:03:12,000

art caviar scientific advisory panel

1122

01:03:19,270 --> 01:03:15,039

we have that in france and we know that

1123

01:03:20,150 --> 01:03:19,280

the very interesting uh reports uap d2

1124

01:03:22,230 --> 01:03:20,160

class

1125

01:03:25,109 --> 01:03:22,240

are pushed above

1126

01:03:26,950 --> 01:03:25,119

to the ielts stances and was publicly

1127

01:03:28,710 --> 01:03:26,960

explained by jacques valle in a in a

1128

01:03:32,309 --> 01:03:28,720

recent interview

1129

01:03:33,270 --> 01:03:32,319

so we know these files go somewhere when

1130

01:03:36,309 --> 01:03:33,280

they are

1131

01:03:39,910 --> 01:03:36,319

completely analyzed and determined as

1132

01:03:44,309 --> 01:03:42,309

yeah that kind of gives it a special

1133

01:03:46,549 --> 01:03:44,319

status

1134

01:03:48,870 --> 01:03:46,559

doesn't it yes

1135

01:03:51,190 --> 01:03:48,880

it's it's a kind of chinese politics

1136

01:03:52,230 --> 01:03:51,200

the chinese won't say anything but the

1137

01:03:55,430 --> 01:03:52,240

day

1138

01:03:57,829 --> 01:03:55,440

the u.s will show we have

1139

01:03:59,510 --> 01:03:57,839

an anonymous craft the chinese would say

1140

01:04:01,829 --> 01:03:59,520

but we already have five what do you

1141

01:04:03,910 --> 01:04:01,839

what are you talking about

1142

01:04:05,670 --> 01:04:03,920

it's the same way with the french

1143

01:04:08,069 --> 01:04:05,680

yeah

1144

01:04:09,750 --> 01:04:08,079

beautiful

1145

01:04:11,430 --> 01:04:09,760

well let's see we're

1146

01:04:14,309 --> 01:04:11,440

towards the end of the hour already

1147

01:04:16,470 --> 01:04:14,319

which is amazing um yeah do you ha do

1148

01:04:18,309 --> 01:04:16,480

you have a last question sean or

1149

01:04:21,270 --> 01:04:18,319

anything that you'd like to

1150

01:04:23,349 --> 01:04:21,280

no the only thing i would say is um this

1151

01:04:26,470 --> 01:04:23,359

isn't the only time that you guys stop

1152

01:04:28,390 --> 01:04:26,480

by here hopefully i'd like you to return

1153

01:04:29,589 --> 01:04:28,400

and continue the

1154

01:04:31,670 --> 01:04:29,599

discourse

1155

01:04:33,109 --> 01:04:31,680

um i think the more we can make this

1156

01:04:36,309 --> 01:04:33,119

kind of stuff

1157

01:04:38,549 --> 01:04:36,319

um like a global partnership i think the

1158

01:04:40,390 --> 01:04:38,559

more better off that will be you know if

1159

01:04:41,349 --> 01:04:40,400

we're in this together

1160

01:04:43,190 --> 01:04:41,359

um

1161

01:04:45,349 --> 01:04:43,200

i think we can spread awareness better

1162

01:04:47,109 --> 01:04:45,359

that way and so in that

1163

01:04:49,910 --> 01:04:47,119

you know thank you for taking time out

1164

01:04:52,309 --> 01:04:49,920

of your day to come to this lowly show

1165

01:04:55,029 --> 01:04:52,319

and and doing this uh with me because i

1166

01:04:56,950 --> 01:04:55,039

certainly do appreciate it

1167

01:04:58,390 --> 01:04:56,960

and you know look up to you guys for

1168

01:05:00,309 --> 01:04:58,400

your courage

1169

01:05:04,069 --> 01:05:00,319

in doing what you do

1170

01:05:06,150 --> 01:05:04,079

in such a you know highly stigmatized

1171

01:05:07,910 --> 01:05:06,160

country for it

1172

01:05:08,630 --> 01:05:07,920

i think a lot of us here in america kind

1173

01:05:10,390 --> 01:05:08,640

of

1174

01:05:12,549 --> 01:05:10,400

take it for granted

1175

01:05:14,309 --> 01:05:12,559

um sometimes and i

1176

01:05:16,390 --> 01:05:14,319

you know we think there is stigma but

1177

01:05:18,309 --> 01:05:16,400

yet we can have these youtube channels

1178

01:05:20,630 --> 01:05:18,319

and go out in public and have twitter

1179

01:05:23,029 --> 01:05:20,640

accounts and and not really have to

1180

01:05:23,910 --> 01:05:23,039

worry you don't really have to worry you

1181

01:05:25,270 --> 01:05:23,920

know

1182

01:05:27,589 --> 01:05:25,280

um

1183

01:05:31,029 --> 01:05:27,599

and it's not like that everywhere

1184

01:05:33,270 --> 01:05:31,039

so i think you know one at one of these

1185

01:05:34,630 --> 01:05:33,280

you know the show also hopefully uh to

1186

01:05:37,029 --> 01:05:34,640

some people who watch it it'll be

1187

01:05:37,990 --> 01:05:37,039

highlighted um you know how good we do

1188

01:05:40,069 --> 01:05:38,000

have it

1189

01:05:40,870 --> 01:05:40,079

you know in that regard and but with

1190

01:05:41,990 --> 01:05:40,880

that

1191

01:05:43,589 --> 01:05:42,000

um

1192

01:05:47,109 --> 01:05:43,599

it comes

1193

01:05:48,390 --> 01:05:47,119

a sense of responsibility to to take it

1194

01:05:49,589 --> 01:05:48,400

even farther

1195

01:05:51,589 --> 01:05:49,599

you know

1196

01:05:53,510 --> 01:05:51,599

so

1197

01:05:55,190 --> 01:05:53,520

that's about it

1198

01:05:57,670 --> 01:05:55,200

yeah

1199

01:05:59,430 --> 01:05:57,680

and and i'm portuguese so i'm i'm

1200

01:06:01,109 --> 01:05:59,440

portuguese so i'm closer to you than you

1201  
01:06:02,150 --> 01:06:01,119  
think

1202  
01:06:03,270 --> 01:06:02,160  
that's true

1203  
01:06:08,789 --> 01:06:03,280  
um

1204  
01:06:10,230 --> 01:06:08,799  
are there anything

1205  
01:06:11,589 --> 01:06:10,240  
anything before we get out here that

1206  
01:06:12,789 --> 01:06:11,599  
that you would like to express to the

1207  
01:06:15,750 --> 01:06:12,799  
audience here

1208  
01:06:17,990 --> 01:06:15,760  
and also um where can we find you online

1209  
01:06:29,430 --> 01:06:18,000  
so that we can continue the conversation

1210  
01:06:29,440 --> 01:07:13,870  
please

1211  
01:07:13,880 --> 01:07:26,870
