

1
00:00:04,789 --> 00:00:02,950
what's up everybody

2
00:00:06,070 --> 00:00:04,799
um happy

3
00:00:07,909 --> 00:00:06,080
wednesday

4
00:00:09,270 --> 00:00:07,919
um it's been a while

5
00:00:11,270 --> 00:00:09,280
well at least it seems like it's been a

6
00:00:12,470 --> 00:00:11,280
while it's been like a whole week since

7
00:00:14,070 --> 00:00:12,480
i did this

8
00:00:17,510 --> 00:00:14,080
it's incredible

9
00:00:20,790 --> 00:00:17,520
i can't even believe it almost a week

10
00:00:26,070 --> 00:00:24,710
so um i needed to do a show today um i

11
00:00:28,630 --> 00:00:26,080
really can't wait

12
00:00:33,110 --> 00:00:28,640
uh to get into it i'm not sure if you've

13
00:00:35,350 --> 00:00:33,120

heard the lou elizondo show on

14

00:00:37,430 --> 00:00:35,360

coast to coast with george knapp

15

00:00:39,910 --> 00:00:37,440

um if you haven't you should go listen

16

00:00:40,250 --> 00:00:39,920

to it most definitely

17

00:00:41,750 --> 00:00:40,260

um

18

00:00:44,549 --> 00:00:41,760

[Music]

19

00:00:46,389 --> 00:00:44,559

but if you don't have time

20

00:00:49,750 --> 00:00:46,399

i can do a recap that's what i'm gonna

21

00:00:51,430 --> 00:00:49,760

do here is a recap and uh ufo joe

22

00:00:53,830 --> 00:00:51,440

actually if you don't follow my him on

23

00:00:55,350 --> 00:00:53,840

twitter you should because he did a

24

00:00:56,709 --> 00:00:55,360

fantastic

25

00:01:00,470 --> 00:00:56,719

um

26

00:01:02,150 --> 00:01:00,480

transcription of it via a twitter thread

27

00:01:03,510 --> 00:01:02,160

and once we get through that

28

00:01:06,469 --> 00:01:03,520

um

29

00:01:09,190 --> 00:01:06,479

i have some pretty cool cases that i

30

00:01:11,109 --> 00:01:09,200

want to go through with you and so that

31

00:01:15,510 --> 00:01:11,119

being said

32

00:02:33,910 --> 00:01:15,520

i will be right back

33

00:02:39,589 --> 00:02:37,750

so yeah we're gonna get into it um

34

00:02:42,309 --> 00:02:39,599

you know every time george kneb does an

35

00:02:44,309 --> 00:02:42,319

interview with somebody

36

00:02:45,270 --> 00:02:44,319

um it's first of all it's always going

37

00:02:47,910 --> 00:02:45,280

to be good

38

00:02:49,350 --> 00:02:47,920

but when it's with someone like lou or

39

00:02:51,830 --> 00:02:49,360

you know like a corbell or something

40

00:02:53,910 --> 00:02:51,840

like that um it's

41

00:02:55,270 --> 00:02:53,920

it i don't know it's like i can't take

42

00:02:58,390 --> 00:02:55,280

my ears off it

43

00:03:00,710 --> 00:02:58,400

um so it was pretty fantastic we got a

44

00:03:03,270 --> 00:03:00,720

lot of uh different updates

45

00:03:05,430 --> 00:03:03,280

um and a lot of little things were

46

00:03:07,350 --> 00:03:05,440

mentioned that we're gonna go over and

47

00:03:10,149 --> 00:03:07,360

go through

48

00:03:12,309 --> 00:03:10,159

um i guess the first thing i'll talk

49

00:03:13,830 --> 00:03:12,319

about is you know the big elephant in

50

00:03:16,229 --> 00:03:13,840

the room yesterday

51
00:03:19,190 --> 00:03:16,239
um if you're on twitter there is a big

52
00:03:22,309 --> 00:03:19,200
show because i basically said how i

53
00:03:24,470 --> 00:03:22,319
didn't appreciate how um

54
00:03:27,110 --> 00:03:24,480
uh ucr and i'd rather be squidding

55
00:03:27,480 --> 00:03:27,120
treated john ramirez on their interview

56
00:03:28,869 --> 00:03:27,490
um

57
00:03:31,030 --> 00:03:28,879
[Music]

58
00:03:33,030 --> 00:03:31,040
to me it was just pretty rude and that

59
00:03:33,990 --> 00:03:33,040
just blew up in a big way

60
00:03:36,149 --> 00:03:34,000
so

61
00:03:37,910 --> 00:03:36,159
whatever it is what it is we're moving

62
00:03:38,949 --> 00:03:37,920
on

63
00:03:40,949 --> 00:03:38,959

um

64

00:03:42,550 --> 00:03:40,959

i'm not going to stress about it i'm

65

00:03:44,830 --> 00:03:42,560

going to do my thing

66

00:03:48,869 --> 00:03:44,840

i don't wish any ill will towards any of

67

00:03:52,229 --> 00:03:48,879

them um i just wish that you know do a

68

00:03:53,830 --> 00:03:52,239

better job with experiencers

69

00:03:57,270 --> 00:03:53,840

that's for sure

70

00:03:59,350 --> 00:03:57,280

but that's up for them to decide so

71

00:04:02,390 --> 00:03:59,360

with that being said

72

00:04:05,670 --> 00:04:02,400

we're gonna roll into

73

00:04:08,789 --> 00:04:05,680

mr george knapp and lou elizondo on

74

00:04:12,830 --> 00:04:10,949

it was hard to

75

00:04:14,390 --> 00:04:12,840

summarize all of this

76

00:04:15,830 --> 00:04:14,400

because

77

00:04:18,469 --> 00:04:15,840

there are

78

00:04:20,310 --> 00:04:18,479

so many uh things

79

00:04:21,909 --> 00:04:20,320

talked about on that but i'm just gonna

80

00:04:23,909 --> 00:04:21,919

run through them really

81

00:04:25,749 --> 00:04:23,919

um

82

00:04:28,230 --> 00:04:25,759

first of all you know they first touched

83

00:04:30,629 --> 00:04:28,240

on the deleted emails how you know lou

84

00:04:31,670 --> 00:04:30,639

elizondo's emails were deleted

85

00:04:32,950 --> 00:04:31,680

um

86

00:04:34,550 --> 00:04:32,960

but you know he always says they're not

87

00:04:37,270 --> 00:04:34,560

really deleted they're just hidden on

88

00:04:39,510 --> 00:04:37,280

some servers somewhere so not sure what

89

00:04:43,830 --> 00:04:39,520

that is but um and then they talked

90

00:04:45,909 --> 00:04:43,840

about the ig investigation um which

91

00:04:47,189 --> 00:04:45,919

is pretty important

92

00:04:48,950 --> 00:04:47,199

you know i'm sure some people when that

93

00:04:51,670 --> 00:04:48,960

was first mentioned

94

00:04:53,670 --> 00:04:51,680

um maybe thought

95

00:04:55,110 --> 00:04:53,680

you know they wouldn't hear for it from

96

00:04:57,270 --> 00:04:55,120

it uh

97

00:04:58,870 --> 00:04:57,280

about it for a while and i was even

98

00:05:00,790 --> 00:04:58,880

thinking that like what's going on with

99

00:05:02,950 --> 00:05:00,800

this but you know it was mentioned uh

100

00:05:06,550 --> 00:05:02,960

what was also mentioned is that he lou

101

00:05:09,909 --> 00:05:06,560

elizondo gave a bunch of uh documents to

102

00:05:11,430 --> 00:05:09,919

uh the dod ig um and he called him like

103

00:05:13,430 --> 00:05:11,440

as a matter of fact documents that

104

00:05:15,110 --> 00:05:13,440

really prove without a shadow of a doubt

105

00:05:15,990 --> 00:05:15,120

what he was doing there

106

00:05:17,670 --> 00:05:16,000

um

107

00:05:19,189 --> 00:05:17,680

and apparently the ig is taking it

108

00:05:22,310 --> 00:05:19,199

pretty seriously

109

00:05:26,150 --> 00:05:22,320

um and they're invested and engaged in

110

00:05:27,670 --> 00:05:26,160

this so um that's a positive thing

111

00:05:29,430 --> 00:05:27,680

because i feel like a lot of truth could

112

00:05:31,749 --> 00:05:29,440

come out of that although

113

00:05:33,189 --> 00:05:31,759

um when it was talked about as far as

114

00:05:35,430 --> 00:05:33,199

the timing and when something like that

115

00:05:38,230 --> 00:05:35,440

would be released um what was mentioned

116

00:05:39,990 --> 00:05:38,240

is like months to you know a year or so

117

00:05:42,950 --> 00:05:40,000

sometimes these investigations take a

118

00:05:43,909 --> 00:05:42,960

long time unfortunately so

119

00:05:46,230 --> 00:05:43,919

um

120

00:05:47,749 --> 00:05:46,240

we'll see how that goes

121

00:05:49,749 --> 00:05:47,759

uh definitely

122

00:05:53,270 --> 00:05:49,759

um the one thing uh

123

00:05:55,270 --> 00:05:53,280

lou mentioned was um

124

00:05:56,150 --> 00:05:55,280

that he's not in a rush

125

00:05:57,670 --> 00:05:56,160

um

126

00:05:58,550 --> 00:05:57,680

and that's fine that's cool he's not in

127

00:06:00,950 --> 00:05:58,560

a rush

128

00:06:03,990 --> 00:06:00,960

sometimes the thing i i think of when it

129

00:06:06,390 --> 00:06:04,000

comes to that is

130

00:06:08,309 --> 00:06:06,400

well this thing must not be like a

131

00:06:10,309 --> 00:06:08,319

national security concern if there's no

132

00:06:11,749 --> 00:06:10,319

rush with it there's no rush to get

133

00:06:15,270 --> 00:06:11,759

information out

134

00:06:16,629 --> 00:06:15,280

is it that important even i'm not sure

135

00:06:17,749 --> 00:06:16,639

you know that's the kind of things i

136

00:06:19,670 --> 00:06:17,759

think of that doesn't mean that's the

137

00:06:21,189 --> 00:06:19,680

truth that's just the kind of stuff that

138

00:06:23,510 --> 00:06:21,199

i think of

139

00:06:26,230 --> 00:06:23,520

so um let me take a break say what's up

140

00:06:27,430 --> 00:06:26,240

everybody uh disclosure team

141

00:06:30,070 --> 00:06:27,440

what's up

142

00:06:31,270 --> 00:06:30,080

mr robert how you doing sir

143

00:06:32,150 --> 00:06:31,280

jose

144

00:06:35,510 --> 00:06:32,160

uh

145

00:06:38,550 --> 00:06:35,520

gabrielle hello josh what's up

146

00:06:39,990 --> 00:06:38,560

um open minded clarity what's up

147

00:06:41,350 --> 00:06:40,000

surf psych

148

00:06:48,710 --> 00:06:41,360

alex

149

00:06:56,230 --> 00:06:52,469

and that's me i'm witness citizen

150

00:06:58,469 --> 00:06:56,240

oh shoot i cracked myself up so anyways

151
00:07:00,309 --> 00:06:58,479
back to that um

152
00:07:02,390 --> 00:07:00,319
so that's interesting

153
00:07:04,870 --> 00:07:02,400
so the ig has all the relevant

154
00:07:07,670 --> 00:07:04,880
information to do their job and it's

155
00:07:09,350 --> 00:07:07,680
just a matter of them going through it

156
00:07:11,029 --> 00:07:09,360
and you know

157
00:07:11,830 --> 00:07:11,039
dealing with that you know the job is to

158
00:07:14,469 --> 00:07:11,840
make

159
00:07:18,390 --> 00:07:14,479
uh the department of defense better work

160
00:07:20,550 --> 00:07:18,400
better work uh more smooth so hopefully

161
00:07:23,670 --> 00:07:20,560
this kind of thing and how lou was

162
00:07:25,430 --> 00:07:23,680
treated um gets straightened out and it

163
00:07:28,710 --> 00:07:25,440

would be fantastic if the public could

164

00:07:30,629 --> 00:07:28,720

find out a little bit more about uh what

165

00:07:31,909 --> 00:07:30,639

happened there as

166

00:07:34,150 --> 00:07:31,919

you know that's our government that's

167

00:07:35,909 --> 00:07:34,160

their taxpayer money what are they doing

168

00:07:36,790 --> 00:07:35,919

with it

169

00:07:38,629 --> 00:07:36,800

um

170

00:07:41,909 --> 00:07:38,639

yeah you know i like this danny guy he's

171

00:07:45,830 --> 00:07:41,919

right please hit the thumbs up people

172

00:07:50,629 --> 00:07:49,110

so um also he was briefing louis

173

00:07:52,790 --> 00:07:50,639

alexander was briefing christopher

174

00:07:54,469 --> 00:07:52,800

mellon um

175

00:07:56,869 --> 00:07:54,479

during his time in atip which is very

176

00:07:59,990 --> 00:07:56,879

interesting um as christopher mellon

177

00:08:00,869 --> 00:08:00,000

played a um integral role

178

00:08:07,029 --> 00:08:00,879

in

179

00:08:08,550 --> 00:08:07,039

um

180

00:08:10,710 --> 00:08:08,560

mr george neb

181

00:08:13,110 --> 00:08:10,720

had an incredible way of trying to get a

182

00:08:14,150 --> 00:08:13,120

name from mr lou elizondo

183

00:08:15,350 --> 00:08:14,160

um

184

00:08:17,270 --> 00:08:15,360

he

185

00:08:19,510 --> 00:08:17,280

you know um hopefully i get this right

186

00:08:22,230 --> 00:08:19,520

but he said last time george knep talked

187

00:08:24,950 --> 00:08:22,240

to elizondo he mentioned how a direct

188

00:08:26,070 --> 00:08:24,960

supervisor of his

189

00:08:28,790 --> 00:08:26,080

didn't know that he was actually

190

00:08:31,749 --> 00:08:28,800

directing atip and that was the person

191

00:08:33,990 --> 00:08:31,759

involved with kind of uh harming uh

192

00:08:35,750 --> 00:08:34,000

loose credibility and holding back ufo

193

00:08:39,190 --> 00:08:35,760

transparency

194

00:08:41,110 --> 00:08:39,200

um and then george decided to say i'm

195

00:08:42,790 --> 00:08:41,120

gonna mention a name here

196

00:08:45,430 --> 00:08:42,800

you know you can say it's the person or

197

00:08:48,870 --> 00:08:45,440

not the person but have you heard of

198

00:08:52,829 --> 00:08:51,829

pretty slick and uh what mr elizando

199

00:08:56,150 --> 00:08:52,839

said

200

00:08:59,269 --> 00:08:56,160

was uh he did recognize the name quite a

201
00:09:03,110 --> 00:09:01,670
but then he also said

202
00:09:04,949 --> 00:09:03,120
um

203
00:09:07,269 --> 00:09:04,959
that he was taught if he can't say

204
00:09:09,030 --> 00:09:07,279
anything don't say it

205
00:09:11,750 --> 00:09:09,040
to say anything nice don't say anything

206
00:09:12,949 --> 00:09:11,760
at all so

207
00:09:15,110 --> 00:09:12,959
what does that mean he didn't

208
00:09:17,350 --> 00:09:15,120
necessarily say that that was the person

209
00:09:19,190 --> 00:09:17,360
he didn't say it wasn't the person he

210
00:09:21,110 --> 00:09:19,200
said he didn't have anything nice to say

211
00:09:23,110 --> 00:09:21,120
about the person so he doesn't like him

212
00:09:24,870 --> 00:09:23,120
you know that's um

213
00:09:26,070 --> 00:09:24,880

that's a matter of

214

00:09:27,750 --> 00:09:26,080

a fact

215

00:09:29,430 --> 00:09:27,760

or maybe it's not a matter of liking or

216

00:09:31,190 --> 00:09:29,440

not liking but you know it just doesn't

217

00:09:32,470 --> 00:09:31,200

have anything nice to say about mr gary

218

00:09:32,840 --> 00:09:32,480

reed so

219

00:09:34,710 --> 00:09:32,850

um

220

00:09:37,750 --> 00:09:34,720

[Music]

221

00:09:39,990 --> 00:09:37,760

i think if george knapp is throwing that

222

00:09:40,790 --> 00:09:40,000

name out there it's likely the correct

223

00:09:44,070 --> 00:09:40,800

one

224

00:09:46,870 --> 00:09:44,080

um so we could probably roll with 85 90

225

00:09:48,790 --> 00:09:46,880

percent that's the right person

226

00:09:52,070 --> 00:09:48,800

so what's up priscilla how you doing

227

00:09:53,590 --> 00:09:52,080

thanks for coming i appreciate you

228

00:09:56,710 --> 00:09:53,600

looking forward to a book club we're

229

00:09:58,870 --> 00:09:56,720

doing we're doing a book club with uh on

230

00:10:01,350 --> 00:09:58,880

purcell's channel quantum witch for

231

00:10:03,430 --> 00:10:01,360

operation trojan horse

232

00:10:05,990 --> 00:10:03,440

uh booked by john keel

233

00:10:08,870 --> 00:10:06,000

and so i hope you join us i believe that

234

00:10:10,230 --> 00:10:08,880

is uh coming up this weekend so that's

235

00:10:12,470 --> 00:10:10,240

along with a lot of other people like

236

00:10:12,830 --> 00:10:12,480

spaghetti lee disclosure team

237

00:10:14,069 --> 00:10:12,840

um

238

00:10:17,350 --> 00:10:14,079

[Music]

239

00:10:19,590 --> 00:10:17,360

and others so that would be cool

240

00:10:21,670 --> 00:10:19,600

yeah you know i was thinking like you're

241

00:10:22,949 --> 00:10:21,680

here right now like i thought our timing

242

00:10:24,470 --> 00:10:22,959

was wack

243

00:10:28,389 --> 00:10:24,480

otherwise you could be on the show right

244

00:10:32,710 --> 00:10:30,150

book club can't wait

245

00:10:34,710 --> 00:10:32,720

um yeah me too it's going to be awesome

246

00:10:37,509 --> 00:10:34,720

grandmaster's in the house

247

00:10:39,269 --> 00:10:37,519

awesome that's dope that lou on coast to

248

00:10:40,870 --> 00:10:39,279

coast yeah that's dope you know that's

249

00:10:42,550 --> 00:10:40,880

funny too because there is a lot of talk

250

00:10:44,069 --> 00:10:42,560

about um

251

00:10:51,509 --> 00:10:44,079

um

252

00:10:55,829 --> 00:10:53,829

skinwalkers at the pentagon book uh when

253

00:10:56,949 --> 00:10:55,839

that came out i think it was well you

254

00:10:59,430 --> 00:10:56,959

know who would have thought john

255

00:11:00,710 --> 00:10:59,440

greenwald and um

256

00:11:03,190 --> 00:11:00,720

somebody else i think we're talking

257

00:11:04,389 --> 00:11:03,200

about that but

258

00:11:05,990 --> 00:11:04,399

you know

259

00:11:07,509 --> 00:11:06,000

it is what it is

260

00:11:09,509 --> 00:11:07,519

so

261

00:11:10,949 --> 00:11:09,519

if you guys want to come come on the

262

00:11:13,030 --> 00:11:10,959

show you're more than welcome to that's

263

00:11:14,470 --> 00:11:13,040

for sure

264

00:11:16,310 --> 00:11:14,480

um

265

00:11:18,150 --> 00:11:16,320

you're always welcome

266

00:11:19,430 --> 00:11:18,160

to be on the show

267

00:11:21,910 --> 00:11:19,440

always

268

00:11:22,320 --> 00:11:21,920

welcome

269

00:11:23,990 --> 00:11:22,330

so

270

00:11:31,670 --> 00:11:24,000

[Music]

271

00:11:35,990 --> 00:11:33,030

i'm gonna post the link we're gonna get

272

00:11:40,150 --> 00:11:36,000

some weirdo like in his bathtub or

273

00:11:45,350 --> 00:11:42,150

without clothes on or something like oh

274

00:11:50,150 --> 00:11:45,360

hey thanks for posting the like

275

00:11:51,910 --> 00:11:50,160

so yeah gary reed who knows um

276

00:11:54,230 --> 00:11:51,920

you know then lou mentioned something

277

00:11:57,190 --> 00:11:54,240

really interesting called our space

278

00:11:58,949 --> 00:11:57,200

which apparently is this area where

279

00:12:00,550 --> 00:11:58,959

people talk about some pretty big issues

280

00:12:02,949 --> 00:12:00,560

and work on some pretty big issues like

281

00:12:05,750 --> 00:12:02,959

nuclear proliferation and all sorts of

282

00:12:07,590 --> 00:12:05,760

stuff um it's not classified although a

283

00:12:10,550 --> 00:12:07,600

lot of classified stuff is discussed

284

00:12:13,310 --> 00:12:10,560

there and he did say it that um the

285

00:12:15,110 --> 00:12:13,320

biggest enclave there is dedicated to

286

00:12:18,310 --> 00:12:15,120

uaps

287

00:12:21,110 --> 00:12:18,320

um with some of the finest uh

288

00:12:23,269 --> 00:12:21,120

um intelligence um community officers

289

00:12:25,509 --> 00:12:23,279

there working on it so that is very

290

00:12:26,790 --> 00:12:25,519

interesting hopefully they come up this

291

00:12:28,310 --> 00:12:26,800

with something

292

00:12:30,870 --> 00:12:28,320

and

293

00:12:33,990 --> 00:12:30,880

we have

294

00:12:35,269 --> 00:12:34,000

um a guest here i guess

295

00:12:36,150 --> 00:12:35,279

i've

296

00:12:55,750 --> 00:12:36,160

i

297

00:12:57,350 --> 00:12:55,760

further ado

298

00:12:59,829 --> 00:12:57,360

uh they chose to mic

299

00:13:01,190 --> 00:12:59,839

uh mute their microphone so

300

00:13:03,190 --> 00:13:01,200

i don't know if they want to talk maybe

301
00:13:04,870 --> 00:13:03,200
they just want to be seen that's cool

302
00:13:08,629 --> 00:13:04,880
too whatever

303
00:13:11,829 --> 00:13:10,150
how's it going man

304
00:13:13,509 --> 00:13:11,839
good how are you

305
00:13:16,310 --> 00:13:13,519
yeah i'm doing good real good

306
00:13:19,030 --> 00:13:16,320
good well thanks for joining the uh

307
00:13:21,670 --> 00:13:19,040
the uh live stream brother i know i saw

308
00:13:23,030 --> 00:13:21,680
that you were you'd cut your your chill

309
00:13:25,430 --> 00:13:23,040
in time sure cause you meant to be back

310
00:13:27,990 --> 00:13:25,440
on the 26th i was like i knew it

311
00:13:30,629 --> 00:13:28,000
wouldn't last

312
00:13:32,310 --> 00:13:30,639
it wasn't that long of a break though

313
00:13:34,310 --> 00:13:32,320

i mean it was long enough

314

00:13:37,829 --> 00:13:34,320

yeah i i know i know what it's like dude

315

00:13:42,550 --> 00:13:39,990

i need to get back to it

316

00:13:45,189 --> 00:13:42,560

well yeah and i wanted to talk about um

317

00:13:47,910 --> 00:13:45,199

uh the episode with mr knapp and

318

00:13:48,790 --> 00:13:47,920

elizondo which i thought was fantastic

319

00:13:51,350 --> 00:13:48,800

um

320

00:13:53,430 --> 00:13:51,360

and then i found some cool cases

321

00:13:55,030 --> 00:13:53,440

and there was a little bit of a bugaboo

322

00:13:56,949 --> 00:13:55,040

online and i just wanted to get past

323

00:13:59,829 --> 00:13:56,959

that and start you know talk about other

324

00:14:03,670 --> 00:13:59,839

stuff so good

325

00:14:06,629 --> 00:14:03,680

yeah good yeah still don't talk about it

326

00:14:08,710 --> 00:14:06,639

yeah no uh you know

327

00:14:10,230 --> 00:14:08,720

people do whatever they want to do it

328

00:14:12,230 --> 00:14:10,240

doesn't bother me

329

00:14:14,150 --> 00:14:12,240

uh mr shawn

330

00:14:16,150 --> 00:14:14,160

and i speak for my brother so what's up

331

00:14:19,990 --> 00:14:16,160

with you what did you think of the uh

332

00:14:21,430 --> 00:14:20,000

coast to coast uh mr blonde jesus sir

333

00:14:23,430 --> 00:14:21,440

i enjoyed it

334

00:14:25,350 --> 00:14:23,440

i thought it was good

335

00:14:27,110 --> 00:14:25,360

um

336

00:14:28,870 --> 00:14:27,120

yeah i think lou didn't didn't go out

337

00:14:30,629 --> 00:14:28,880

his way to say too much that people were

338

00:14:32,150 --> 00:14:30,639

like uh just

339

00:14:33,829 --> 00:14:32,160

say it already it was kind of he just

340

00:14:35,269 --> 00:14:33,839

laid it out it's going to be

341

00:14:37,430 --> 00:14:35,279

interesting

342

00:14:38,790 --> 00:14:37,440

um

343

00:14:40,949 --> 00:14:38,800

i think it's going to develop over the

344

00:14:42,710 --> 00:14:40,959

year bit by bit i don't think we're

345

00:14:44,150 --> 00:14:42,720

going to just like sit around waiting

346

00:14:45,030 --> 00:14:44,160

for nothing and then we get something

347

00:14:46,389 --> 00:14:45,040

and then

348

00:14:48,230 --> 00:14:46,399

it goes quiet again i think we're just

349

00:14:49,269 --> 00:14:48,240

gonna see a little bit more bit by bit

350

00:14:51,990 --> 00:14:49,279

this year

351
00:14:56,590 --> 00:14:52,000
yeah yeah i think so well

352
00:15:02,069 --> 00:15:00,069
here so i can't wait for that

353
00:15:03,509 --> 00:15:02,079
and

354
00:15:05,670 --> 00:15:03,519
yeah there is a lot of interesting

355
00:15:07,590 --> 00:15:05,680
things uh discussed in there you can't

356
00:15:10,230 --> 00:15:07,600
fix stupid which is one of my favorite

357
00:15:14,150 --> 00:15:12,310
he said that before though and i like it

358
00:15:15,990 --> 00:15:14,160
and it's true you know you can tell that

359
00:15:17,590 --> 00:15:16,000
when losing

360
00:15:19,030 --> 00:15:17,600
lou's got to a point where he you know

361
00:15:21,110 --> 00:15:19,040
he says all these good things and he's

362
00:15:22,710 --> 00:15:21,120
hyped for the year but

363
00:15:26,550 --> 00:15:22,720

he fed up a player missed a nice guy to

364

00:15:29,910 --> 00:15:28,389

you can't fix stupid like let's just

365

00:15:33,670 --> 00:15:29,920

crack on

366

00:15:35,430 --> 00:15:33,680

new year new start that's just you know

367

00:15:37,829 --> 00:15:35,440

oh that's all right yeah that's all

368

00:15:39,829 --> 00:15:37,839

right because george george always loves

369

00:15:41,590 --> 00:15:39,839

complaining about the drone people he's

370

00:15:43,749 --> 00:15:41,600

like you know yeah then you got these

371

00:15:46,310 --> 00:15:43,759

armchair quarterbacks talking about

372

00:15:48,310 --> 00:15:46,320

drones or balloons or

373

00:15:50,330 --> 00:15:48,320

you know what do you think oh well you

374

00:15:52,230 --> 00:15:50,340

know you can't fix stupid

375

00:15:53,269 --> 00:15:52,240

[Laughter]

376

00:15:54,949 --> 00:15:53,279

that's the thing especially when it

377

00:15:56,629 --> 00:15:54,959

comes to the drone story it's so

378

00:15:58,629 --> 00:15:56,639

controversial

379

00:16:00,550 --> 00:15:58,639

yeah whether you're like

380

00:16:01,670 --> 00:16:00,560

drones green street

381

00:16:04,550 --> 00:16:01,680

in the middle

382

00:16:06,470 --> 00:16:04,560

possibilities or you're like it's e.t

383

00:16:09,189 --> 00:16:06,480

you know and i'm slap bang in the middle

384

00:16:11,030 --> 00:16:09,199

but i'm keeping a damn close eye on the

385

00:16:13,350 --> 00:16:11,040

on especially everything that's going on

386

00:16:15,350 --> 00:16:13,360

in sweden right now really keep my eye

387

00:16:17,590 --> 00:16:15,360

on it speaking to some people

388

00:16:19,910 --> 00:16:17,600

well he kind of made the same point uh i

389

00:16:21,110 --> 00:16:19,920

made a couple days ago where it was it's

390

00:16:22,310 --> 00:16:21,120

um

391

00:16:25,189 --> 00:16:22,320

you know if you're going to go out there

392

00:16:26,389 --> 00:16:25,199

with prosaic and push

393

00:16:27,910 --> 00:16:26,399

prosaic

394

00:16:29,910 --> 00:16:27,920

explanations

395

00:16:32,310 --> 00:16:29,920

on people almost to the point of where

396

00:16:34,870 --> 00:16:32,320

you're ridiculing them

397

00:16:37,269 --> 00:16:34,880

you bring some evidence you know just

398

00:16:40,230 --> 00:16:37,279

because what you're describing is

399

00:16:41,749 --> 00:16:40,240

you know man-made and easier to consume

400

00:16:44,230 --> 00:16:41,759

doesn't mean that you don't have to

401
00:16:46,470 --> 00:16:44,240
private uh provide backup or evidence

402
00:16:48,310 --> 00:16:46,480
for your claims just as much as you

403
00:16:51,350 --> 00:16:48,320
expect other people to you know

404
00:16:53,990 --> 00:16:51,360
absolutely so you know it is what it is

405
00:16:55,269 --> 00:16:54,000
but i'm more like you like um

406
00:16:57,350 --> 00:16:55,279
it it

407
00:16:58,870 --> 00:16:57,360
you know why pick any of it just like

408
00:17:00,069 --> 00:16:58,880
wait and see it doesn't mean like if you

409
00:17:02,470 --> 00:17:00,079
pick the right one you're winning the

410
00:17:04,390 --> 00:17:02,480
lottery of course you know

411
00:17:06,069 --> 00:17:04,400
and you like

412
00:17:07,990 --> 00:17:06,079
yeah i'm more than happy for there to be

413
00:17:09,270 --> 00:17:08,000

a prosaic explanation to these things

414

00:17:10,949 --> 00:17:09,280

because then you can just

415

00:17:12,789 --> 00:17:10,959

right that one's dealt with put it to

416

00:17:14,549 --> 00:17:12,799

put it to bed it's gone

417

00:17:16,390 --> 00:17:14,559

now we can just get to the next case but

418

00:17:19,590 --> 00:17:16,400

like when people go well it's gotta be

419

00:17:21,829 --> 00:17:19,600

this so it's gotta be that well why

420

00:17:23,429 --> 00:17:21,839

how can he date it i mean the police the

421

00:17:26,949 --> 00:17:23,439

massive investigation that's happening

422

00:17:30,070 --> 00:17:29,110

oh that's sweet

423

00:17:32,870 --> 00:17:30,080

yeah

424

00:17:34,390 --> 00:17:32,880

be sure to tag him in the photos

425

00:17:34,950 --> 00:17:34,400

so he can post him on his you know

426
00:17:38,230 --> 00:17:34,960
socials

427
00:17:40,630 --> 00:17:38,240
[Laughter]

428
00:17:42,950 --> 00:17:40,640
that's what you do isn't it

429
00:17:44,710 --> 00:17:42,960
people do that yeah

430
00:17:47,830 --> 00:17:44,720
people do a lot look at this person she

431
00:17:50,070 --> 00:17:47,840
bought a shirt uh

432
00:17:51,350 --> 00:17:50,080
yeah so yeah the sweden thing what do

433
00:17:53,590 --> 00:17:51,360
you think's up with that a lot of people

434
00:17:54,950 --> 00:17:53,600
think it could be like um russia because

435
00:17:56,950 --> 00:17:54,960
they had like a ship over there or

436
00:17:58,710 --> 00:17:56,960
something but apparently they just moved

437
00:18:01,029 --> 00:17:58,720
it so

438
00:18:05,750 --> 00:18:03,029

thing is if you look i posted uh what i

439

00:18:07,430 --> 00:18:05,760

say i posted i found a post from dave

440

00:18:09,590 --> 00:18:07,440

beatty on twitter where

441

00:18:11,270 --> 00:18:09,600

the four different nuclear plants on in

442

00:18:13,510 --> 00:18:11,280

sweden that were supposedly buzzed by

443

00:18:15,029 --> 00:18:13,520

drones within a two-hour period it's

444

00:18:16,870 --> 00:18:15,039

like an interactive it shows you the

445

00:18:18,070 --> 00:18:16,880

distance and zooms in across the whole

446

00:18:20,630 --> 00:18:18,080

country

447

00:18:23,990 --> 00:18:20,640

yeah man if that is a russian operation

448

00:18:26,390 --> 00:18:24,000

it is worked up precisely

449

00:18:30,150 --> 00:18:26,400

you know no military or police in sweden

450

00:18:32,470 --> 00:18:30,160

could shoot down could capture or even

451
00:18:33,590 --> 00:18:32,480
collect any data or evidence of these

452
00:18:35,110 --> 00:18:33,600
drones

453
00:18:36,070 --> 00:18:35,120
i mean that's

454
00:18:40,230 --> 00:18:36,080
scary

455
00:18:41,920 --> 00:18:40,240
and

456
00:18:44,310 --> 00:18:41,930
who messes with sweden

457
00:18:47,990 --> 00:18:44,320
[Laughter]

458
00:18:49,270 --> 00:18:48,000
exactly good point are they neutral

459
00:18:51,029 --> 00:18:49,280
well

460
00:18:53,430 --> 00:18:51,039
they're all big and beautiful and blonde

461
00:18:55,350 --> 00:18:53,440
and powerful like strong

462
00:18:56,870 --> 00:18:55,360
viking types

463
00:19:01,830 --> 00:18:56,880

yeah

464

00:19:03,669 --> 00:19:01,840

my language show goes over there

465

00:19:04,549 --> 00:19:03,679

um

466

00:19:06,150 --> 00:19:04,559

you know

467

00:19:08,789 --> 00:19:06,160

that's i guess that's a different kind

468

00:19:11,190 --> 00:19:08,799

of uh podcast but

469

00:19:12,710 --> 00:19:11,200

yeah yeah no for sure i just i just

470

00:19:13,750 --> 00:19:12,720

it's just something i'm focusing on

471

00:19:15,669 --> 00:19:13,760

because i think a lot of people get

472

00:19:16,870 --> 00:19:15,679

annoyed when i talk about that kind of

473

00:19:21,029 --> 00:19:16,880

drone sort of stuff they're like why

474

00:19:25,270 --> 00:19:23,110

what did you talk about

475

00:19:27,750 --> 00:19:25,280

if you want to talk about aliens

476

00:19:31,590 --> 00:19:27,760

go watch the simpsons there's two aliens

477

00:19:33,750 --> 00:19:31,600

on there in like every other episode

478

00:19:36,390 --> 00:19:33,760

yeah but it is it's like that you know

479

00:19:41,110 --> 00:19:39,190

it baffles me that people jump from

480

00:19:43,270 --> 00:19:41,120

one two three ten

481

00:19:44,710 --> 00:19:43,280

they don't go like step by step

482

00:19:45,750 --> 00:19:44,720

investigate

483

00:19:49,830 --> 00:19:45,760

that's

484

00:19:53,990 --> 00:19:49,840

even know if it's a drone or a ufo yet

485

00:19:56,390 --> 00:19:54,690

exactly

486

00:19:57,669 --> 00:19:56,400

[Laughter]

487

00:20:01,669 --> 00:19:57,679

um

488

00:20:03,430 --> 00:20:01,679

just to kind of

489

00:20:05,430 --> 00:20:03,440

there wasn't too much more on my list

490

00:20:06,470 --> 00:20:05,440

that i wanted to go through but

491

00:20:08,070 --> 00:20:06,480

um

492

00:20:11,430 --> 00:20:08,080

lou did mention himself that there has

493

00:20:13,990 --> 00:20:11,440

been some misidentifications of drones

494

00:20:16,549 --> 00:20:14,000

um and you know drones is kind of like

495

00:20:18,149 --> 00:20:16,559

the new arms race and yeah although

496

00:20:19,909 --> 00:20:18,159

they're not at the point of you know

497

00:20:22,789 --> 00:20:19,919

showing the five observables some of

498

00:20:25,270 --> 00:20:22,799

which include hypersonic 90 degree turns

499

00:20:27,430 --> 00:20:25,280

and transmedium although we're trying to

500

00:20:29,029 --> 00:20:27,440

but we're just not quite there yet so

501
00:20:31,590 --> 00:20:29,039
and and that's something that he's hit

502
00:20:32,950 --> 00:20:31,600
that before is you know the more tech

503
00:20:35,510 --> 00:20:32,960
advances

504
00:20:36,789 --> 00:20:35,520
the harder it's going to be to tell the

505
00:20:38,230 --> 00:20:36,799
difference

506
00:20:40,549 --> 00:20:38,240
between

507
00:20:42,870 --> 00:20:40,559
you know what is man-made and what isn't

508
00:20:45,190 --> 00:20:42,880
you know as time progresses

509
00:20:46,630 --> 00:20:45,200
like for instance i think one person

510
00:20:49,029 --> 00:20:46,640
said like there were 100 years in

511
00:20:50,710 --> 00:20:49,039
advance or whatever so okay so in 100

512
00:20:52,310 --> 00:20:50,720
years like we're not going to be able to

513
00:20:53,909 --> 00:20:52,320

tell what's what or

514

00:20:55,029 --> 00:20:53,919

you know

515

00:20:56,310 --> 00:20:55,039

yeah

516

00:20:58,710 --> 00:20:56,320

i don't know it's worrying when you

517

00:21:01,270 --> 00:20:58,720

think about it like that but then

518

00:21:02,950 --> 00:21:01,280

you know maybe lou

519

00:21:04,630 --> 00:21:02,960

where's that ai app where's the ai

520

00:21:05,510 --> 00:21:04,640

software that you showed us that you

521

00:21:07,270 --> 00:21:05,520

know

522

00:21:09,669 --> 00:21:07,280

come on man it could be in every single

523

00:21:12,070 --> 00:21:09,679

one of us hands if you

524

00:21:13,350 --> 00:21:12,080

yeah we can still help the cause so i

525

00:21:15,430 --> 00:21:13,360

mean i understand that that kind of

526
00:21:16,789 --> 00:21:15,440
thing takes time but

527
00:21:19,270 --> 00:21:16,799
something that's still in the back of my

528
00:21:20,789 --> 00:21:19,280
mind i saw something this morning not

529
00:21:21,990 --> 00:21:20,799
sure what it is

530
00:21:24,310 --> 00:21:22,000
check the flight

531
00:21:26,470 --> 00:21:24,320
radar app nothing was there

532
00:21:27,430 --> 00:21:26,480
um it looked like

533
00:21:29,590 --> 00:21:27,440
every

534
00:21:31,669 --> 00:21:29,600
freaking blue book report i read it

535
00:21:33,830 --> 00:21:31,679
looked like a star although ten times

536
00:21:35,669 --> 00:21:33,840
brighter and then it disappeared and

537
00:21:38,390 --> 00:21:35,679
then it came back and then it was just

538
00:21:41,669 --> 00:21:39,830

and that's what it was like like i saw

539

00:21:44,230 --> 00:21:41,679

it in my car parked by the lake and then

540

00:21:46,230 --> 00:21:44,240

i got out of my car i'm like i'm gonna

541

00:21:48,630 --> 00:21:46,240

go over there with my camera

542

00:21:52,390 --> 00:21:48,640

and then it's just disappeared it's like

543

00:21:54,470 --> 00:21:52,400

god you freaking jerk

544

00:21:55,990 --> 00:21:54,480

you know what are you doing that for

545

00:21:57,750 --> 00:21:56,000

that's horrible man because you have no

546

00:21:59,110 --> 00:21:57,760

idea and it's like

547

00:22:00,630 --> 00:21:59,120

doesn't sound like

548

00:22:02,470 --> 00:22:00,640

anything normal

549

00:22:04,870 --> 00:22:02,480

yeah it's not on the flight radar thing

550

00:22:07,270 --> 00:22:04,880

which i'd like have caught

551
00:22:10,230 --> 00:22:07,280
a bunch of things where i'm like yeah i

552
00:22:11,669 --> 00:22:10,240
wonder and i checked i'm like nope

553
00:22:13,669 --> 00:22:11,679
that's a plane

554
00:22:15,669 --> 00:22:13,679
or yeah they have military from there as

555
00:22:17,669 --> 00:22:15,679
well on fly raid i don't know

556
00:22:19,029 --> 00:22:17,679
um yeah you know what i'm not sure i've

557
00:22:20,549 --> 00:22:19,039
never

558
00:22:23,029 --> 00:22:20,559
seen one of those i saw an air force

559
00:22:24,950 --> 00:22:23,039
plane go like right over my head not too

560
00:22:27,430 --> 00:22:24,960
long ago but i didn't need to check the

561
00:22:29,430 --> 00:22:27,440
f because maybe if you get that's like

562
00:22:31,430 --> 00:22:29,440
maybe if you get flight rate radar like

563
00:22:33,270 --> 00:22:31,440

platinum package you get like ufos and

564

00:22:36,149 --> 00:22:33,280

everything

565

00:22:37,430 --> 00:22:36,159

no that one's a ufo that's a sasser

566

00:22:39,590 --> 00:22:37,440

flight radar

567

00:22:41,350 --> 00:22:39,600

they checked in from alpha centauri like

568

00:22:43,029 --> 00:22:41,360

they put the graphic on there with the

569

00:22:45,110 --> 00:22:43,039

planes and stuff

570

00:22:46,710 --> 00:22:45,120

yeah yeah you click on it

571

00:22:51,669 --> 00:22:46,720

mars

572

00:22:59,110 --> 00:22:53,590

um

573

00:23:00,950 --> 00:22:59,120

uh take down measures

574

00:23:03,350 --> 00:23:00,960

if if he uh

575

00:23:05,909 --> 00:23:03,360

knew of any and um

576

00:23:06,870 --> 00:23:05,919

yep he couldn't address that

577

00:23:08,390 --> 00:23:06,880

but

578

00:23:11,830 --> 00:23:08,400

then

579

00:23:13,990 --> 00:23:11,840

he basically he basically said because

580

00:23:16,310 --> 00:23:14,000

it was in regards to um you know those

581

00:23:18,310 --> 00:23:16,320

ghostbusters and stuff like and they

582

00:23:19,830 --> 00:23:18,320

tried using those and they didn't work

583

00:23:21,590 --> 00:23:19,840

um and luke said he couldn't talk about

584

00:23:23,750 --> 00:23:21,600

it but then he basically you know gives

585

00:23:25,750 --> 00:23:23,760

you an answer by saying well

586

00:23:28,870 --> 00:23:25,760

let me tell you a little story

587

00:23:30,310 --> 00:23:28,880

uss cole right like one time something

588

00:23:34,149 --> 00:23:30,320

got too close

589

00:23:35,990 --> 00:23:34,159

people died so now they have a line they

590

00:23:37,270 --> 00:23:36,000

can't cross or you'll probably get blown

591

00:23:37,990 --> 00:23:37,280

out of the water

592

00:23:40,870 --> 00:23:38,000

so

593

00:23:42,149 --> 00:23:40,880

what do you think basically

594

00:23:43,909 --> 00:23:42,159

you know

595

00:23:47,430 --> 00:23:43,919

they shot at them it didn't work so what

596

00:23:48,870 --> 00:23:47,440

do you think they are yeah um

597

00:23:52,789 --> 00:23:48,880

yeah

598

00:23:54,789 --> 00:23:52,799

basically gives you an uh

599

00:23:56,470 --> 00:23:54,799

an answer with the story

600

00:23:57,190 --> 00:23:56,480

i can't answer that but let me tell you

601
00:23:58,630 --> 00:23:57,200

a story

602
00:24:01,029 --> 00:23:58,640

[Laughter]

603
00:24:02,630 --> 00:24:01,039

i like how by the end of it you're like

604
00:24:04,310 --> 00:24:02,640

oh yeah totally

605
00:24:06,630 --> 00:24:04,320

what's your names as well we got names

606
00:24:09,350 --> 00:24:06,640

out of that interview people who were

607
00:24:13,430 --> 00:24:09,360

you know holding the cause let's say

608
00:24:18,470 --> 00:24:16,549

uh what was his name uh the ex uh head

609
00:24:20,230 --> 00:24:18,480

of atip right gary reed

610
00:24:21,830 --> 00:24:20,240

yeah that's it yeah yeah were there

611
00:24:24,149 --> 00:24:21,840

other ones

612
00:24:25,430 --> 00:24:24,159

um not mentioned a couple

613
00:24:27,750 --> 00:24:25,440

i'm going in front of them yeah yeah

614

00:24:29,430 --> 00:24:27,760

yeah yeah i thought so

615

00:24:32,230 --> 00:24:29,440

that's like how does it feel to be that

616

00:24:35,430 --> 00:24:32,240

guy

617

00:24:37,750 --> 00:24:35,440

oh he's gone i'm called out now

618

00:24:40,470 --> 00:24:37,760

you have to leave twitter

619

00:24:42,950 --> 00:24:40,480

he's probably getting hate mail already

620

00:24:47,590 --> 00:24:42,960

you

621

00:24:50,470 --> 00:24:47,600

he's got those december 2021 january

622

00:24:51,710 --> 00:24:50,480

2022 new accounts faceless accounts

623

00:24:55,269 --> 00:24:51,720

after him yeah

624

00:24:57,029 --> 00:24:55,279

[Laughter]

625

00:24:58,870 --> 00:24:57,039

yeah oh man

626

00:25:01,190 --> 00:24:58,880

yeah we should totally trill

627

00:25:03,190 --> 00:25:01,200

set up a huge

628

00:25:04,390 --> 00:25:03,200

you know troll parade over there just go

629

00:25:06,230 --> 00:25:04,400

over there

630

00:25:07,750 --> 00:25:06,240

get the informati i mean

631

00:25:10,310 --> 00:25:07,760

i don't mean to be mean either but i saw

632

00:25:12,830 --> 00:25:10,320

a picture of him he looks like a nerd

633

00:25:15,830 --> 00:25:12,840

yeah yeah

634

00:25:16,789 --> 00:25:15,840

yeah we can't let that through sir i'm

635

00:25:19,269 --> 00:25:16,799

sorry

636

00:25:21,110 --> 00:25:19,279

the people will go crazy

637

00:25:24,230 --> 00:25:21,120

i'm just looking now because i think

638

00:25:26,390 --> 00:25:24,240

benji posted something earlier about him

639

00:25:28,390 --> 00:25:26,400

there he is

640

00:25:33,110 --> 00:25:28,400

director defense intelligence

641

00:25:33,909 --> 00:25:33,120

intelligence and security office usdi

642

00:25:35,990 --> 00:25:33,919

you

643

00:25:38,390 --> 00:25:36,000

mother

644

00:25:43,350 --> 00:25:41,110

you're the reason i can't sleep at night

645

00:25:44,950 --> 00:25:43,360

i'm just kidding

646

00:25:48,789 --> 00:25:44,960

no but that's pretty crazy you know some

647

00:25:50,230 --> 00:25:48,799

of the stuff that they've been you know

648

00:25:51,909 --> 00:25:50,240

freaking try to

649

00:25:53,909 --> 00:25:51,919

kill guys character and you can see that

650

00:25:56,630 --> 00:25:53,919

play out through other people like in

651
00:25:58,870 --> 00:25:56,640
online personalities who post like these

652
00:25:59,990 --> 00:25:58,880
baseless stories with anonymous sources

653
00:26:01,909 --> 00:26:00,000
from reddit

654
00:26:03,669 --> 00:26:01,919
um you know and try to take down

655
00:26:06,789 --> 00:26:03,679
elizondo somehow

656
00:26:08,830 --> 00:26:06,799
and it's just like man that just

657
00:26:11,350 --> 00:26:08,840
catches like wildfire just to these

658
00:26:13,590 --> 00:26:11,360
people yeah

659
00:26:15,190 --> 00:26:13,600
frustrates me i'm on like i don't use

660
00:26:17,110 --> 00:26:15,200
facebook a lot but i'm in a couple of

661
00:26:18,630 --> 00:26:17,120
ufo groups and every now and again i'll

662
00:26:20,549 --> 00:26:18,640
check facebook and i saw something

663
00:26:23,269 --> 00:26:20,559

earlier this guy was like

664

00:26:24,310 --> 00:26:23,279

you can't trust lou elizondo he's a cia

665

00:26:25,350 --> 00:26:24,320

shell

666

00:26:27,269 --> 00:26:25,360

and i was like

667

00:26:29,190 --> 00:26:27,279

i've seen it so many times

668

00:26:30,950 --> 00:26:29,200

clicked on this dude's profile and all

669

00:26:33,190 --> 00:26:30,960

his posts are like

670

00:26:36,310 --> 00:26:33,200

corey good david wilcock and all that

671

00:26:36,320 --> 00:26:40,549

come on man mike

672

00:26:45,909 --> 00:26:43,990

just yeah clearly never done a single

673

00:26:48,950 --> 00:26:45,919

bit of research in his life and i'm like

674

00:26:50,830 --> 00:26:48,960

come on man i i mean

675

00:26:52,310 --> 00:26:50,840

i'm not even tempted to

676
00:26:54,070 --> 00:26:52,320
respond one

677
00:26:56,070 --> 00:26:54,080
the bunkers are staring for accident

678
00:26:57,909 --> 00:26:56,080
they laid everything on fire

679
00:26:59,650 --> 00:26:57,919
like a mic that's a he's got a dope

680
00:27:01,110 --> 00:26:59,660
profile pic as well that's cool

681
00:27:02,390 --> 00:27:01,120
[Laughter]

682
00:27:04,549 --> 00:27:02,400
heck

683
00:27:08,230 --> 00:27:04,559
i can wait

684
00:27:14,070 --> 00:27:09,029
yeah

685
00:27:16,310 --> 00:27:14,080
interesting people and you can tell that

686
00:27:17,750 --> 00:27:16,320
there's been an uptick in a sense of

687
00:27:20,070 --> 00:27:17,760
desperation

688
00:27:22,389 --> 00:27:20,080

uh since this legislation went through

689

00:27:23,190 --> 00:27:22,399

most definitely oh yeah like people are

690

00:27:24,950 --> 00:27:23,200

kind of

691

00:27:26,549 --> 00:27:24,960

stepping up like their

692

00:27:28,310 --> 00:27:26,559

their attacks and i'm seeing like new

693

00:27:29,269 --> 00:27:28,320

people out of the woodworks making like

694

00:27:31,510 --> 00:27:29,279

um

695

00:27:33,669 --> 00:27:31,520

smear videos and stuff and

696

00:27:35,269 --> 00:27:33,679

like that one about ufo jesus let me

697

00:27:36,870 --> 00:27:35,279

tell you about a new before jesus he

698

00:27:39,669 --> 00:27:36,880

says he does this but i'm going to tell

699

00:27:41,269 --> 00:27:39,679

you what it really does

700

00:27:43,269 --> 00:27:41,279

or whatever his name is

701
00:27:45,990 --> 00:27:43,279
yeah i didn't even watch it but uh dude

702
00:27:47,269 --> 00:27:46,000
i watched it and it was just nonsensical

703
00:27:48,389 --> 00:27:47,279
bs

704
00:27:50,630 --> 00:27:48,399
yeah

705
00:27:51,990 --> 00:27:50,640
he did that so funny but i watched

706
00:27:54,070 --> 00:27:52,000
something else yesterday that i found

707
00:27:55,590 --> 00:27:54,080
really interesting you know

708
00:27:57,830 --> 00:27:55,600
uh

709
00:27:59,669 --> 00:27:57,840
yeah benji exactly it

710
00:28:02,230 --> 00:27:59,679
i got benji i got your twitter page up

711
00:28:04,910 --> 00:28:02,240
next to me gary reed

712
00:28:06,950 --> 00:28:04,920
everyone's got him uh on their dartboard

713
00:28:09,990 --> 00:28:06,960

[Laughter]

714

00:28:13,029 --> 00:28:11,190

no i watched this

715

00:28:15,190 --> 00:28:13,039

video yesterday about this dude who was

716

00:28:19,430 --> 00:28:15,200

like i'm going to infiltrate

717

00:28:21,430 --> 00:28:19,440

the ssp secret space program community

718

00:28:23,190 --> 00:28:21,440

and like work my way through it to the

719

00:28:25,590 --> 00:28:23,200

top and within six months this dude had

720

00:28:28,389 --> 00:28:25,600

basically learned about all the lingo of

721

00:28:31,190 --> 00:28:28,399

secret space program made a big claim on

722

00:28:32,710 --> 00:28:31,200

youtube and then at the end of the video

723

00:28:34,870 --> 00:28:32,720

basically got interviewed and invited to

724

00:28:36,549 --> 00:28:34,880

conferences as part of the secret space

725

00:28:37,430 --> 00:28:36,559

soldiers kind of thing

726

00:28:39,909 --> 00:28:37,440

wow

727

00:28:42,230 --> 00:28:39,919

that was his whole plan was just to bs

728

00:28:45,750 --> 00:28:42,240

it in six months and he did it it was

729

00:28:47,909 --> 00:28:45,760

incredible wow really

730

00:28:50,470 --> 00:28:47,919

dude random video i'll find it for you

731

00:28:52,950 --> 00:28:50,480

and send it it was hilarious that is

732

00:28:54,950 --> 00:28:52,960

pretty interesting um

733

00:28:56,310 --> 00:28:54,960

yeah really funny

734

00:28:58,710 --> 00:28:56,320

i'll see if i can find it while we're

735

00:29:01,029 --> 00:28:58,720

live and pop it in the live chat yeah

736

00:29:02,950 --> 00:29:01,039

i'm going to try that with like baseball

737

00:29:05,669 --> 00:29:02,960

dude any subject

738

00:29:07,029 --> 00:29:05,679

baseball team like a on them like a

739

00:29:09,110 --> 00:29:07,039

professional baseball team and get a

740

00:29:10,549 --> 00:29:09,120

contract and just you know always kind

741

00:29:14,630 --> 00:29:10,559

of come up with something when it comes

742

00:29:15,830 --> 00:29:14,640

time to perform like oh my arm ah

743

00:29:17,430 --> 00:29:15,840

yeah yeah

744

00:29:19,029 --> 00:29:17,440

yeah it's probably that 500 batting

745

00:29:20,240 --> 00:29:19,039

average from last year i'll be right

746

00:29:22,310 --> 00:29:20,250

back

747

00:29:24,710 --> 00:29:22,320

[Laughter]

748

00:29:27,029 --> 00:29:24,720

oh here it is how i infiltrated a

749

00:29:28,950 --> 00:29:27,039

bizarre conspiracy cult i think that's

750

00:29:32,950 --> 00:29:28,960

it

751
00:29:34,710 --> 00:29:32,960
live chat now for everyone needs to go

752
00:29:36,630 --> 00:29:34,720
and watch this yeah complete for the

753
00:29:38,830 --> 00:29:36,640
pirate sale yeah

754
00:29:41,990 --> 00:29:38,840
the guy is so funny

755
00:29:42,870 --> 00:29:42,000
man man that takes a lot of dedication

756
00:29:44,710 --> 00:29:42,880
though

757
00:29:47,190 --> 00:29:44,720
wow i'm posting it here right now in the

758
00:29:49,190 --> 00:29:47,200
chat guys go and check this out

759
00:29:50,789 --> 00:29:49,200
boom

760
00:29:52,710 --> 00:29:50,799
it does it takes the dedication and the

761
00:29:54,070 --> 00:29:52,720
guy like

762
00:29:55,510 --> 00:29:54,080
i just i don't want to keep going on

763
00:29:57,269 --> 00:29:55,520

about it cause i'll spoil it but go

764

00:29:59,990 --> 00:29:57,279

ahead guys

765

00:30:01,430 --> 00:30:00,000

we'll watch it later i'll work later

766

00:30:03,510 --> 00:30:01,440

but it just goes to show that anyone

767

00:30:05,350 --> 00:30:03,520

could be infiltrating the regular kind

768

00:30:07,110 --> 00:30:05,360

of ufo community with a bit of knowledge

769

00:30:09,110 --> 00:30:07,120

about

770

00:30:10,310 --> 00:30:09,120

certain things you know that's your

771

00:30:13,990 --> 00:30:10,320

cases

772

00:30:15,190 --> 00:30:14,000

or just intelligence lingo

773

00:30:19,029 --> 00:30:15,200

you know

774

00:30:21,269 --> 00:30:19,039

if like a guy that learns intelligence

775

00:30:23,669 --> 00:30:21,279

lingo like this guy learned that could

776

00:30:26,310 --> 00:30:23,679

probably pop in and go yeah i was on the

777

00:30:28,070 --> 00:30:26,320

freaking space force

778

00:30:30,070 --> 00:30:28,080

you know test me

779

00:30:32,549 --> 00:30:30,080

i know this i know that

780

00:30:34,149 --> 00:30:32,559

but you know isn't that like um if

781

00:30:35,669 --> 00:30:34,159

you're impersonating someone like that

782

00:30:37,590 --> 00:30:35,679

that would have to be a crime wouldn't

783

00:30:39,190 --> 00:30:37,600

it

784

00:30:41,830 --> 00:30:39,200

i would think i guess there are there's

785

00:30:43,990 --> 00:30:41,840

probably loopholes limits and

786

00:30:45,110 --> 00:30:44,000

many little things like that like how

787

00:30:47,029 --> 00:30:45,120

can you let

788

00:30:49,669 --> 00:30:47,039

a guy go out there and just pretend to

789

00:30:53,029 --> 00:30:49,679

be like a cia agent for instance that's

790

00:31:00,230 --> 00:30:53,039

different though because the cia exists

791

00:31:04,870 --> 00:31:02,630

it's super secret

792

00:31:05,750 --> 00:31:04,880

maybe you know that's the difference you

793

00:31:09,909 --> 00:31:05,760

know

794

00:31:11,430 --> 00:31:09,919

i'm a head chief commander of the ssp

795

00:31:14,310 --> 00:31:11,440

but these guys are talking about like

796

00:31:16,630 --> 00:31:14,320

i'm a reincarnation of so and so and

797

00:31:19,350 --> 00:31:16,640

oh wow they're talking about movie stars

798

00:31:21,110 --> 00:31:19,360

that are actually sort of in this secret

799

00:31:22,789 --> 00:31:21,120

thing as well like

800

00:31:25,590 --> 00:31:22,799

and it's like

801
00:31:28,870 --> 00:31:27,190
come on man

802
00:31:30,549 --> 00:31:28,880
yeah no that's cool

803
00:31:32,070 --> 00:31:30,559
yeah i got i was like i was on i woke up

804
00:31:34,230 --> 00:31:32,080
and i was in this base and the moon and

805
00:31:35,830 --> 00:31:34,240
before i knew it we were on a a cruiser

806
00:31:37,830 --> 00:31:35,840
ship to mars and it's just like it all

807
00:31:39,990 --> 00:31:37,840
happened so fast and you know kevin

808
00:31:42,470 --> 00:31:40,000
spacey was next to me but now i see him

809
00:31:44,149 --> 00:31:42,480
on tv like what the hell are you talking

810
00:31:45,990 --> 00:31:44,159
about like

811
00:31:49,269 --> 00:31:46,000
yeah who's that one guy that said he

812
00:31:52,149 --> 00:31:49,279
like traveled to to mars or some other

813
00:31:54,310 --> 00:31:52,159

planet and like was stationed there

814

00:31:55,909 --> 00:31:54,320

he's corey good and wilcock and a couple

815

00:31:59,990 --> 00:31:55,919

of the others in the 20 in back where

816

00:32:00,520 --> 00:32:00,000

they get age regressed and

817

00:32:02,549 --> 00:32:00,530

dude

818

00:32:04,230 --> 00:32:02,559

[Laughter]

819

00:32:08,549 --> 00:32:04,240

and he didn't bring back a freaking

820

00:32:09,750 --> 00:32:08,559

polaroid picture anything exactly man

821

00:32:12,070 --> 00:32:09,760

bull crap

822

00:32:12,870 --> 00:32:12,080

i i could i could see life on mars

823

00:32:15,509 --> 00:32:12,880

though

824

00:32:17,110 --> 00:32:15,519

like uh maybe underground

825

00:32:19,350 --> 00:32:17,120

maybe or something

826

00:32:20,549 --> 00:32:19,360

i'll cross that bridge when i get to it

827

00:32:22,950 --> 00:32:20,559

and all that

828

00:32:23,600 --> 00:32:22,960

no you gotta start making commitments

829

00:32:27,029 --> 00:32:23,610

right away

830

00:32:28,710 --> 00:32:27,039

[Laughter]

831

00:32:31,269 --> 00:32:28,720

put my name on the list

832

00:32:32,070 --> 00:32:31,279

yep without any information to back it

833

00:32:33,190 --> 00:32:32,080

up

834

00:32:34,980 --> 00:32:33,200

make the claim

835

00:32:37,500 --> 00:32:34,990

myers or venus

836

00:32:38,630 --> 00:32:37,510

[Laughter]

837

00:32:39,990 --> 00:32:38,640

[Music]

838

00:32:42,789 --> 00:32:40,000

don't be wrong

839

00:32:44,710 --> 00:32:42,799

i know it's a hard one man

840

00:32:46,710 --> 00:32:44,720

because you'll be judged on you info

841

00:32:48,470 --> 00:32:46,720

twitter for this for the rest of your

842

00:32:49,880 --> 00:32:48,480

existence sorry i can make that then

843

00:32:52,310 --> 00:32:49,890

black conference money

844

00:32:54,789 --> 00:32:52,320

[Laughter]

845

00:32:58,149 --> 00:32:54,799

talking yeah the best of them yeah the

846

00:33:00,789 --> 00:32:58,159

conference money i deem appropriate that

847

00:33:03,669 --> 00:33:00,799

it's probably mars because well there

848

00:33:05,430 --> 00:33:03,679

was a document in 1949

849

00:33:06,710 --> 00:33:05,440

where they discussed it

850

00:33:10,710 --> 00:33:06,720

and

851
00:33:13,830 --> 00:33:11,590
you know

852
00:33:15,830 --> 00:33:13,840
could be they actually did mention uh

853
00:33:18,230 --> 00:33:15,840
thanks storms bar

854
00:33:20,310 --> 00:33:18,240
appreciate you

855
00:33:21,190 --> 00:33:20,320
oh that's nice

856
00:33:24,070 --> 00:33:21,200
yeah

857
00:33:26,470 --> 00:33:24,080
totally though um that totally happened

858
00:33:27,909 --> 00:33:26,480
in one document i have where they

859
00:33:30,149 --> 00:33:27,919
actually

860
00:33:32,870 --> 00:33:30,159
uh through and through played out the

861
00:33:34,789 --> 00:33:32,880
possibility of it being extraterrestrial

862
00:33:36,870 --> 00:33:34,799
and where would it be from

863
00:33:38,389 --> 00:33:36,880

and how would that look and you know

864

00:33:40,389 --> 00:33:38,399

it's interesting though

865

00:33:42,630 --> 00:33:40,399

at the end of

866

00:33:43,669 --> 00:33:42,640

like their thorough explanations or

867

00:33:46,389 --> 00:33:43,679

whatever

868

00:33:49,750 --> 00:33:46,399

um they would say it's uh highly

869

00:33:52,710 --> 00:33:49,760

improbable but not impossible

870

00:33:54,630 --> 00:33:52,720

sure you know um

871

00:33:57,190 --> 00:33:54,640

so that's that's pretty interesting and

872

00:33:59,430 --> 00:33:57,200

they thought enough

873

00:34:01,669 --> 00:33:59,440

of that being a chance to to walk it

874

00:34:04,950 --> 00:34:01,679

through like that like the rand project

875

00:34:07,029 --> 00:34:04,960

came up with uh like a that was

876

00:34:09,030 --> 00:34:07,039

you know delegated to them

877

00:34:11,430 --> 00:34:09,040

um back in

878

00:34:14,389 --> 00:34:11,440

maybe it was like 52 i want to say or

879

00:34:16,149 --> 00:34:14,399

something or maybe it's earlier like 49

880

00:34:17,510 --> 00:34:16,159

um but they delegated that to the rank

881

00:34:19,829 --> 00:34:17,520

project to actually see what the

882

00:34:21,349 --> 00:34:19,839

possibilities were for it to be

883

00:34:23,829 --> 00:34:21,359

extraterrestrial and where it would come

884

00:34:25,669 --> 00:34:23,839

from and they had this big long thing

885

00:34:27,909 --> 00:34:25,679

where they walked through it

886

00:34:29,270 --> 00:34:27,919

and it wasn't simple like a couple lines

887

00:34:31,349 --> 00:34:29,280

like yeah it could be from there i'd

888

00:34:34,389 --> 00:34:31,359

need 20 rockets probably not but who

889

00:34:35,510 --> 00:34:34,399

knows like they went through it all it

890

00:34:37,510 --> 00:34:35,520

was everybody

891

00:34:38,629 --> 00:34:37,520

yeah it was pretty impressive like you

892

00:34:40,869 --> 00:34:38,639

don't

893

00:34:43,190 --> 00:34:40,879

you really go through all that to

894

00:34:43,990 --> 00:34:43,200

you know not show the public that report

895

00:34:45,669 --> 00:34:44,000

and

896

00:34:47,190 --> 00:34:45,679

right right yeah like what would be the

897

00:34:49,829 --> 00:34:47,200

point then

898

00:34:51,030 --> 00:34:49,839

but like the

899

00:34:53,990 --> 00:34:51,040

the

900

00:34:56,389 --> 00:34:54,000

mods report that you know your guest is

901
00:34:57,910 --> 00:34:56,399
going to talk about tomorrow con content

902
00:35:00,630 --> 00:34:57,920
reporter

903
00:35:03,589 --> 00:35:00,640
like that almost seems like

904
00:35:06,150 --> 00:35:03,599
uh everything that's really happening

905
00:35:07,270 --> 00:35:06,160
but at the end they just say but it's

906
00:35:09,430 --> 00:35:07,280
you know

907
00:35:11,030 --> 00:35:09,440
not proven that it says

908
00:35:12,950 --> 00:35:11,040
but yeah that's interesting you

909
00:35:14,550 --> 00:35:12,960
mentioned that because

910
00:35:16,870 --> 00:35:14,560
uh

911
00:35:17,829 --> 00:35:16,880
david emailed me today messaged me today

912
00:35:19,109 --> 00:35:17,839
and said i've got a whole load of

913
00:35:20,790 --> 00:35:19,119

documents i'd like you to show while

914

00:35:23,190 --> 00:35:20,800

we're talking i was like

915

00:35:25,270 --> 00:35:23,200

okay cool he sent me this email full of

916

00:35:27,670 --> 00:35:25,280

stuff and i'm like whoa what is this

917

00:35:30,230 --> 00:35:27,680

what is this and it's like uk documents

918

00:35:32,069 --> 00:35:30,240

from the 60s right through to project

919

00:35:34,870 --> 00:35:32,079

condy and so that's all going to be

920

00:35:37,430 --> 00:35:34,880

shown in the interview tomorrow

921

00:35:39,190 --> 00:35:37,440

so i'm going to still i'm going to learn

922

00:35:40,550 --> 00:35:39,200

something new and i always like it when

923

00:35:42,310 --> 00:35:40,560

there's new stuff

924

00:35:43,910 --> 00:35:42,320

especially when it's uk based for me

925

00:35:45,109 --> 00:35:43,920

personally what am i sitting here

926

00:35:47,190 --> 00:35:45,119

pounding

927

00:35:49,750 --> 00:35:47,200

these documents for if i don't even get

928

00:35:52,550 --> 00:35:49,760

the good document guess

929

00:35:55,109 --> 00:35:52,560

such bull crap

930

00:35:56,550 --> 00:35:55,119

cancel it cancel tell them to come over

931

00:35:59,510 --> 00:35:56,560

here right now

932

00:36:01,020 --> 00:35:59,520

text them right now

933

00:36:03,030 --> 00:36:01,030

i'm sorry but

934

00:36:05,750 --> 00:36:03,040

[Laughter]

935

00:36:07,510 --> 00:36:05,760

you don't rise you don't know him but

936

00:36:09,030 --> 00:36:07,520

no he's not the point dude i'm surprised

937

00:36:10,550 --> 00:36:09,040

like he hasn't been on anybody else's

938

00:36:12,069 --> 00:36:10,560

channel in a while i'm like what the

939

00:36:14,150 --> 00:36:12,079

hell is everyone i'm no no i'm not

940

00:36:15,750 --> 00:36:14,160

talking about you here but anybody

941

00:36:16,790 --> 00:36:15,760

why has he not been on ucr why has he

942

00:36:19,349 --> 00:36:16,800

not been on

943

00:36:23,109 --> 00:36:19,359

well i mean jesus do you want guys

944

00:36:25,270 --> 00:36:23,119

incredible his research is amazing

945

00:36:27,910 --> 00:36:25,280

yeah well i mean you have to

946

00:36:28,870 --> 00:36:27,920

know who the the right people are

947

00:36:29,670 --> 00:36:28,880

of course

948

00:36:32,150 --> 00:36:29,680

yeah

949

00:36:34,069 --> 00:36:32,160

and to do that takes a little bit of

950

00:36:34,870 --> 00:36:34,079

effort

951
00:36:38,150 --> 00:36:34,880
you know

952
00:36:44,470 --> 00:36:41,109
it's like who's who's the host of the

953
00:36:46,310 --> 00:36:44,480
last the the latest show on you know

954
00:36:48,310 --> 00:36:46,320
who's the last guest on ancient aliens

955
00:36:49,109 --> 00:36:48,320
that's who i'm trying to book

956
00:36:54,390 --> 00:36:49,119
yeah

957
00:36:56,710 --> 00:36:54,400
since the beginning i'm on season five

958
00:37:00,870 --> 00:36:56,720
this green screen sprayed now

959
00:37:04,950 --> 00:37:02,069
i think you've had them on you've had

960
00:37:06,829 --> 00:37:04,960
green street and spray haven't you yeah

961
00:37:10,630 --> 00:37:06,839
yeah

962
00:37:12,430 --> 00:37:10,640
guy

963
00:37:17,349 --> 00:37:12,440

not so ancient aliens

964

00:37:19,750 --> 00:37:17,359

[Laughter]

965

00:37:24,390 --> 00:37:19,760

ancient aliens the new stuff

966

00:37:28,390 --> 00:37:26,630

oh the new breed yeah

967

00:37:30,230 --> 00:37:28,400

listen dude i'm gonna let you do some

968

00:37:31,910 --> 00:37:30,240

serious stuff now i'm gonna go and get a

969

00:37:33,990 --> 00:37:31,920

glass of wine and chill out

970

00:37:35,750 --> 00:37:34,000

do it okay gotcha

971

00:37:37,750 --> 00:37:35,760

you know because we had a laugh and my

972

00:37:40,310 --> 00:37:37,760

background keeps freaking out as well

973

00:37:42,150 --> 00:37:40,320

watch yeah

974

00:37:44,230 --> 00:37:42,160

there you go oh there it goes background

975

00:37:45,589 --> 00:37:44,240

goes weird that's that cheap man i

976
00:37:49,430 --> 00:37:45,599
don't know how you get those guests with

977
00:37:54,150 --> 00:37:51,990
i promised some gold and riches giorgio

978
00:37:56,150 --> 00:37:54,160
yeah that's his name giorgio where he's

979
00:37:59,109 --> 00:37:56,160
got like the creamer here

980
00:38:01,270 --> 00:37:59,119
the picture from the years though

981
00:38:03,589 --> 00:38:01,280
it's modern it's more modern you know

982
00:38:05,510 --> 00:38:03,599
i'm not saying it's big hair but it's

983
00:38:07,030 --> 00:38:05,520
big hat

984
00:38:08,790 --> 00:38:07,040
it's like he just walked out of a

985
00:38:10,630 --> 00:38:08,800
hypersonic vehicle

986
00:38:12,150 --> 00:38:10,640
yeah that's it

987
00:38:13,589 --> 00:38:12,160
electromagnetic

988
00:38:15,030 --> 00:38:13,599

field which is

989

00:38:17,349 --> 00:38:15,040

propulsion

990

00:38:19,670 --> 00:38:17,359

anyway anyway we could do this all day

991

00:38:21,829 --> 00:38:19,680

so yeah i don't want to get too

992

00:38:23,030 --> 00:38:21,839

turn this into a complete comedy act but

993

00:38:24,390 --> 00:38:23,040

all right

994

00:38:26,230 --> 00:38:24,400

thanks for letting me jump on bro i

995

00:38:28,870 --> 00:38:26,240

appreciate it yeah no problem thanks for

996

00:38:33,670 --> 00:38:28,880

stopping by appreciate you

997

00:38:37,109 --> 00:38:35,910

sorry huh well i just said bye everyone

998

00:38:38,470 --> 00:38:37,119

oh

999

00:38:46,630 --> 00:38:38,480

wait what

1000

00:38:50,310 --> 00:38:49,030

all right

1001

00:38:52,470 --> 00:38:50,320

cool

1002

00:38:53,220 --> 00:38:52,480

uh that was fun that was awesome

1003

00:38:54,630 --> 00:38:53,230

um

1004

00:38:58,150 --> 00:38:54,640

[Music]

1005

00:39:01,750 --> 00:39:00,470

i have

1006

00:39:05,670 --> 00:39:01,760

somewhat

1007

00:39:09,589 --> 00:39:07,349

let me

1008

00:39:11,829 --> 00:39:09,599

you know he's just kind of

1009

00:39:15,430 --> 00:39:11,839

finney is just so stunning that i'm just

1010

00:39:18,470 --> 00:39:15,440

not so sure uh what to do anymore it's

1011

00:39:22,470 --> 00:39:20,870

um but i'm gonna try

1012

00:39:24,150 --> 00:39:22,480

my best

1013

00:39:29,510 --> 00:39:24,160

there is one thing that we haven't done

1014

00:39:32,069 --> 00:39:29,520

on a lot in a long while here actually

1015

00:39:33,829 --> 00:39:32,079

ladies and gentlemen the document of the

1016

00:39:39,990 --> 00:39:33,839

day

1017

00:39:43,080 --> 00:39:40,950

yeah

1018

00:39:47,990 --> 00:39:43,090

it's the dark of the day

1019

00:39:50,270 --> 00:39:48,000

[Music]

1020

00:39:54,950 --> 00:39:50,280

it's the dark of the day

1021

00:39:58,790 --> 00:39:54,960

[Music]

1022

00:40:02,710 --> 00:39:59,990

yeah we haven't done that in a while

1023

00:40:04,309 --> 00:40:02,720

right document of the day baby

1024

00:40:07,030 --> 00:40:04,319

all right so what are we gonna do today

1025

00:40:10,150 --> 00:40:07,040

today we're gonna learn about

1026
00:40:11,270 --> 00:40:10,160
a triangle case a triangle ufo case that

1027
00:40:14,630 --> 00:40:11,280
dates back

1028
00:40:17,030 --> 00:40:14,640
to 19 freaking 49

1029
00:40:18,470 --> 00:40:17,040
in mississippi

1030
00:40:20,790 --> 00:40:18,480
um

1031
00:40:23,349 --> 00:40:20,800
pretty awesome as we go through

1032
00:40:24,950 --> 00:40:23,359
this see this is like a 40-some page

1033
00:40:26,309 --> 00:40:24,960
document

1034
00:40:27,670 --> 00:40:26,319
and it doesn't start with the triangle

1035
00:40:29,270 --> 00:40:27,680
case it starts with all these other

1036
00:40:30,309 --> 00:40:29,280
crazy cases

1037
00:40:32,470 --> 00:40:30,319
um

1038
00:40:34,470 --> 00:40:32,480

so

1039

00:40:37,670 --> 00:40:34,480

you know we can go through those

1040

00:40:42,309 --> 00:40:39,910

but yeah like this first one is uh white

1041

00:40:44,710 --> 00:40:42,319

sands proving ground this is interesting

1042

00:40:47,670 --> 00:40:44,720

general mills this case was actually

1043

00:40:48,950 --> 00:40:47,680

um has to do with a balloon being

1044

00:40:51,670 --> 00:40:48,960

released

1045

00:40:52,710 --> 00:40:51,680

but then also

1046

00:40:55,349 --> 00:40:52,720

um

1047

00:40:59,030 --> 00:40:55,359

being distracted by a

1048

00:41:00,710 --> 00:40:59,040

ufo aka flying disk

1049

00:41:02,950 --> 00:41:00,720

that was separate

1050

00:41:05,270 --> 00:41:02,960

from the balloon and this is by general

1051

00:41:07,990 --> 00:41:05,280

mills aeronautical

1052

00:41:09,910 --> 00:41:08,000

who released a lot of the uh balloons

1053

00:41:11,670 --> 00:41:09,920

back then

1054

00:41:13,270 --> 00:41:11,680

which is pretty interesting

1055

00:41:15,109 --> 00:41:13,280

see right here we got general phil

1056

00:41:17,030 --> 00:41:15,119

blackmore commanded general white saints

1057

00:41:19,510 --> 00:41:17,040

proven crown was contacted advised that

1058

00:41:21,910 --> 00:41:19,520

he personally had made no press release

1059

00:41:23,589 --> 00:41:21,920

to any press agents during the firing of

1060

00:41:27,510 --> 00:41:23,599

the navy rocket oh this is completely

1061

00:41:32,150 --> 00:41:28,870

all right so let's just go to the one

1062

00:41:33,990 --> 00:41:32,160

i'm familiar with right away huh

1063

00:41:39,190 --> 00:41:34,000

and it's all the way at the bottom so

1064

00:41:39,200 --> 00:41:42,470

here we go

1065

00:41:50,309 --> 00:41:46,309

right here jackson mississippi

1066

00:41:56,950 --> 00:41:54,470

dated april 23 1949

1067

00:42:01,109 --> 00:41:56,960

flying triangle reported over vicksburg

1068

00:42:04,470 --> 00:42:02,630

robert culford always likes to play

1069

00:42:05,990 --> 00:42:04,480

spoiler

1070

00:42:08,430 --> 00:42:06,000

before i even get going he's like oh

1071

00:42:13,829 --> 00:42:08,440

that's vicksburg

1072

00:42:15,990 --> 00:42:13,839

[Laughter]

1073

00:42:16,950 --> 00:42:16,000

uh no but this is this is a good good

1074

00:42:19,750 --> 00:42:16,960

case

1075

00:42:23,109 --> 00:42:19,760

may 11 1949 writer interviewed mr

1076

00:42:25,910 --> 00:42:23,119

blankety blank at vicksburg mississippi

1077

00:42:28,790 --> 00:42:25,920

stated in substance that he

1078

00:42:30,390 --> 00:42:28,800

cited a flying triangle at approximately

1079

00:42:34,309 --> 00:42:30,400

zero zero two two hours

1080

00:42:35,990 --> 00:42:34,319

uh central standard time 23rd april 1949

1081

00:42:37,910 --> 00:42:36,000

uh over the city of vicksburg when this

1082

00:42:40,230 --> 00:42:37,920

object was cited it was within the city

1083

00:42:41,750 --> 00:42:40,240

limits and approximately one and one

1084

00:42:43,589 --> 00:42:41,760

half miles

1085

00:42:45,190 --> 00:42:43,599

from the center of the city of vicksburg

1086

00:42:47,349 --> 00:42:45,200

further stated that he was standing in

1087

00:42:49,750 --> 00:42:47,359

front of why can't you tell us what he

1088

00:42:52,230 --> 00:42:49,760

was standing in front of

1089

00:42:54,069 --> 00:42:52,240

the lou i don't understand

1090

00:42:56,950 --> 00:42:54,079

uh when he

1091

00:42:59,349 --> 00:42:56,960

when he first cited this object uh he

1092

00:43:02,150 --> 00:42:59,359

stated that he could not locate the

1093

00:43:04,630 --> 00:43:02,160

latitude on the map only saw one object

1094

00:43:08,230 --> 00:43:04,640

and when this object was cited it was at

1095

00:43:10,550 --> 00:43:08,240

about a 45 degree angle going east and

1096

00:43:12,150 --> 00:43:10,560

was at a seemingly high altitude further

1097

00:43:13,109 --> 00:43:12,160

stated that he observed this object from

1098

00:43:16,470 --> 00:43:13,119

a period

1099

00:43:18,309 --> 00:43:16,480

from 5 to 10 seconds describe the color

1100

00:43:21,430 --> 00:43:18,319

of the object as being

1101
00:43:24,550 --> 00:43:21,440
milky looking like a fluorescent light

1102
00:43:26,309 --> 00:43:24,560
but not quite as bright

1103
00:43:29,109 --> 00:43:26,319
so we're going to play that out yeah it

1104
00:43:31,829 --> 00:43:29,119
was like milky like a flesh light but

1105
00:43:33,750 --> 00:43:31,839
you know not as bright

1106
00:43:35,670 --> 00:43:33,760
so that's what he sounded like

1107
00:43:37,349 --> 00:43:35,680
describe the object as being in the

1108
00:43:39,270 --> 00:43:37,359
shape of a triangle each side of the

1109
00:43:42,069 --> 00:43:39,280
triangle being approximately four feet

1110
00:43:44,069 --> 00:43:42,079
in length and one and one half feet in

1111
00:43:46,230 --> 00:43:44,079
width running down the outside edge of

1112
00:43:47,589 --> 00:43:46,240
each side with the triangle was a row of

1113
00:43:48,470 --> 00:43:47,599

lights

1114

00:43:50,550 --> 00:43:48,480

um

1115

00:43:52,470 --> 00:43:50,560

so and when they say that

1116

00:43:54,550 --> 00:43:52,480

i believe he's describing it like from

1117

00:43:56,150 --> 00:43:54,560

him looking up

1118

00:43:57,910 --> 00:43:56,160

you know being like

1119

00:43:59,589 --> 00:43:57,920

that size

1120

00:44:03,030 --> 00:43:59,599

yes

1121

00:44:07,190 --> 00:44:05,349

um share with your friends

1122

00:44:10,870 --> 00:44:07,200

your family

1123

00:44:14,069 --> 00:44:12,710

um unless they'll kick you out of the

1124

00:44:15,589 --> 00:44:14,079

house or something then you don't have

1125

00:44:18,710 --> 00:44:15,599

to share it

1126
00:44:20,470 --> 00:44:18,720
but you know you still should because

1127
00:44:23,750 --> 00:44:20,480
it's not about that if they can't accept

1128
00:44:25,750 --> 00:44:23,760
you for this video

1129
00:44:28,230 --> 00:44:25,760
should even really be with him i don't

1130
00:44:31,829 --> 00:44:30,069
no don't listen to me that i would hate

1131
00:44:35,190 --> 00:44:31,839
to ruin your life like that don't don't

1132
00:44:38,150 --> 00:44:37,349
so the project sign for those who don't

1133
00:44:40,870 --> 00:44:38,160
know

1134
00:44:43,349 --> 00:44:40,880
um project sign was

1135
00:44:44,550 --> 00:44:43,359
like i believe the first project um that

1136
00:44:46,150 --> 00:44:44,560
they had

1137
00:44:48,630 --> 00:44:46,160
and then later i had grudge and blue

1138
00:44:51,510 --> 00:44:48,640

book but you guys probably know that

1139

00:44:53,990 --> 00:44:51,520

um but in case you didn't there you go

1140

00:44:56,069 --> 00:44:54,000

special agent bernard price

1141

00:44:57,910 --> 00:44:56,079

we got up there so they're investigating

1142

00:44:59,829 --> 00:44:57,920

regarding an unidentified aerial

1143

00:45:02,309 --> 00:44:59,839

phenomenon so a lot of people these days

1144

00:45:04,950 --> 00:45:02,319

also say this is a good time to say uap

1145

00:45:07,510 --> 00:45:04,960

a lot of people say

1146

00:45:09,829 --> 00:45:07,520

um uap

1147

00:45:11,910 --> 00:45:09,839

when was they used before

1148

00:45:14,470 --> 00:45:11,920

was it from the british did the british

1149

00:45:16,550 --> 00:45:14,480

use it first in the year 2000

1150

00:45:18,390 --> 00:45:16,560

did we use it first did we ever use it

1151
00:45:21,109 --> 00:45:18,400
before

1152
00:45:23,910 --> 00:45:21,119
maybe not the acronym at uap but the

1153
00:45:26,470 --> 00:45:23,920
actual words

1154
00:45:28,309 --> 00:45:26,480
were unidentified aerial phenomenon

1155
00:45:34,390 --> 00:45:28,319
since here we can see

1156
00:45:36,470 --> 00:45:35,510
right

1157
00:45:37,510 --> 00:45:36,480
so

1158
00:45:40,309 --> 00:45:37,520
pretty much

1159
00:45:45,190 --> 00:45:42,150
unidentified aerial phenomenon has been

1160
00:45:46,390 --> 00:45:45,200
used so the people who are upset about

1161
00:45:48,790 --> 00:45:46,400
uap

1162
00:45:50,790 --> 00:45:48,800
um you know that's fine

1163
00:45:53,910 --> 00:45:50,800

don't really have too much of a pot to

1164

00:45:56,710 --> 00:45:53,920

piss in on that because

1165

00:45:57,510 --> 00:45:56,720

it's been used

1166

00:45:59,750 --> 00:45:57,520

um

1167

00:46:01,349 --> 00:45:59,760

i can't say this but maybe you know at

1168

00:46:03,270 --> 00:46:01,359

least at the same time if not earlier

1169

00:46:05,670 --> 00:46:03,280

than ufo

1170

00:46:08,630 --> 00:46:05,680

because really it pursues flying saucer

1171

00:46:11,109 --> 00:46:08,640

and flying saucer became kind of as far

1172

00:46:12,390 --> 00:46:11,119

as military talk a way to make fun of

1173

00:46:15,109 --> 00:46:12,400

ufos

1174

00:46:18,550 --> 00:46:15,119

and ufo was the actual uh professional

1175

00:46:22,870 --> 00:46:20,710

so yeah

1176

00:46:24,470 --> 00:46:22,880

this talks a little bit about the object

1177

00:46:27,109 --> 00:46:24,480

stated that the object was traveling at

1178

00:46:29,109 --> 00:46:27,119

a speed faster than male planes and you

1179

00:46:30,710 --> 00:46:29,119

know how fast those male planes go

1180

00:46:32,470 --> 00:46:30,720

especially when letters got to get

1181

00:46:34,950 --> 00:46:32,480

delivered

1182

00:46:37,030 --> 00:46:34,960

but slower than a jet type of aircraft

1183

00:46:39,270 --> 00:46:37,040

this object did not make any sound the

1184

00:46:41,510 --> 00:46:39,280

matter of disappearance of this object

1185

00:46:43,430 --> 00:46:41,520

was that it just disappeared in a clear

1186

00:46:45,829 --> 00:46:43,440

sky as though it traveled out of sight

1187

00:46:47,670 --> 00:46:45,839

just disappeared happens almost every

1188

00:46:49,589 --> 00:46:47,680

time

1189

00:46:52,390 --> 00:46:49,599

with these things

1190

00:46:55,829 --> 00:46:52,400

and it makes you wonder i hear

1191

00:46:56,950 --> 00:46:55,839

um just disappeared way more than went

1192

00:46:58,950 --> 00:46:56,960

back

1193

00:47:00,550 --> 00:46:58,960

into space so what does that make me

1194

00:47:02,710 --> 00:47:00,560

think that makes me think more

1195

00:47:05,510 --> 00:47:02,720

interdimensional type of stuff but you

1196

00:47:07,829 --> 00:47:05,520

know that's just me

1197

00:47:09,670 --> 00:47:07,839

alien love what's up thank you i

1198

00:47:11,349 --> 00:47:09,680

appreciate it

1199

00:47:13,270 --> 00:47:11,359

i appreciate all you guys for hanging

1200

00:47:16,870 --> 00:47:13,280

out that's awesome

1201
00:47:21,190 --> 00:47:18,309
so you know and this is always

1202
00:47:22,950 --> 00:47:21,200
interesting um

1203
00:47:24,390 --> 00:47:22,960
if you continue to read about halfway

1204
00:47:25,750 --> 00:47:24,400
through the first paragraph they talk

1205
00:47:27,430 --> 00:47:25,760
about the

1206
00:47:29,270 --> 00:47:27,440
observer

1207
00:47:33,750 --> 00:47:29,280
and

1208
00:47:35,589 --> 00:47:33,760
most of the time almost all of the time

1209
00:47:36,630 --> 00:47:35,599
in these

1210
00:47:39,990 --> 00:47:36,640
reports

1211
00:47:42,069 --> 00:47:40,000
the observer is written down by the air

1212
00:47:43,990 --> 00:47:42,079
force or by the police department or

1213
00:47:46,950 --> 00:47:44,000

whoever and i would say

1214

00:47:53,030 --> 00:47:50,630

maybe even 95 96

1215

00:47:56,309 --> 00:47:53,040

and at that point who knows percent

1216

00:47:58,630 --> 00:47:56,319

uh that the observer is reliable

1217

00:47:59,670 --> 00:47:58,640

you know in an upstanding citizen in

1218

00:48:01,910 --> 00:47:59,680

their

1219

00:48:03,750 --> 00:48:01,920

um neighborhood

1220

00:48:05,109 --> 00:48:03,760

in one way or another that's how they're

1221

00:48:07,030 --> 00:48:05,119

described

1222

00:48:08,630 --> 00:48:07,040

pretty much every time

1223

00:48:12,309 --> 00:48:08,640

and that's no different here

1224

00:48:14,150 --> 00:48:12,319

is seemingly reliable as an observer

1225

00:48:16,309 --> 00:48:14,160

they have no record as what could be

1226

00:48:18,230 --> 00:48:16,319

termed a fairly good air

1227

00:48:20,790 --> 00:48:18,240

fairly good eyesight what does that mean

1228

00:48:24,069 --> 00:48:20,800

that's fairly good

1229

00:48:27,589 --> 00:48:24,079

it's about a half dollar but not a dime

1230

00:48:31,190 --> 00:48:29,829

um

1231

00:48:33,510 --> 00:48:31,200

so yeah

1232

00:48:37,190 --> 00:48:33,520

richardson agreed both of them seem to

1233

00:48:39,829 --> 00:48:37,200

agree that the person was very reliable

1234

00:48:45,910 --> 00:48:42,710

information relative to radar sightings

1235

00:48:48,069 --> 00:48:45,920

is negative no radar the radar is always

1236

00:48:50,630 --> 00:48:48,079

different i've noticed sometimes there's

1237

00:48:52,230 --> 00:48:50,640

a lot of radar sometimes there's none at

1238

00:48:55,190 --> 00:48:52,240

all

1239

00:48:58,309 --> 00:48:55,200

and that is pretty weird for me

1240

00:48:59,990 --> 00:48:58,319

um because it makes me think like why

1241

00:49:02,710 --> 00:49:00,000

sometimes these things are making radars

1242

00:49:05,430 --> 00:49:02,720

go up sometimes they're not in

1243

00:49:07,270 --> 00:49:05,440

is there an active decision made

1244

00:49:11,510 --> 00:49:07,280

you know to go stealth or not by these

1245

00:49:15,589 --> 00:49:13,510

it would make you think almost that

1246

00:49:17,109 --> 00:49:15,599

sometimes they're like let's with

1247

00:49:19,349 --> 00:49:17,119

them a little bit let's make the radar

1248

00:49:21,430 --> 00:49:19,359

go off

1249

00:49:23,829 --> 00:49:21,440

um because there's definitely pictures

1250

00:49:24,510 --> 00:49:23,839

too that i have in my website if you go

1251
00:49:26,390 --> 00:49:24,520
to

1252
00:49:28,309 --> 00:49:26,400
witnesscitizen.com you can

1253
00:49:30,950 --> 00:49:28,319
click on the blue photos you'll see

1254
00:49:32,549 --> 00:49:30,960
plenty of pictures of radar screens

1255
00:49:37,030 --> 00:49:32,559
where they have

1256
00:49:47,349 --> 00:49:42,230
so

1257
00:49:50,549 --> 00:49:47,359
aircraft in the vicinity of vicksburg

1258
00:49:52,470 --> 00:49:50,559
uh no record of military aircraft

1259
00:49:54,470 --> 00:49:52,480
um it is not known in this vicinity

1260
00:49:57,030 --> 00:49:54,480
whether or not any test device has been

1261
00:49:58,790 --> 00:49:57,040
released by military organization

1262
00:50:01,670 --> 00:49:58,800
so you don't know that

1263
00:50:03,910 --> 00:50:01,680

although what would it be i don't know

1264

00:50:07,430 --> 00:50:03,920

they actually did have some

1265

00:50:11,190 --> 00:50:09,670

like triangle

1266

00:50:13,190 --> 00:50:11,200

i wonder if i can

1267

00:50:15,670 --> 00:50:13,200

actually forward it to myself there was

1268

00:50:18,710 --> 00:50:15,680

kind of like a triangle drone test

1269

00:50:20,870 --> 00:50:18,720

target somewhat that they had back then

1270

00:50:23,109 --> 00:50:20,880

um but if there's no military aircraft

1271

00:50:26,309 --> 00:50:23,119

in the area it wouldn't make a whole lot

1272

00:50:30,150 --> 00:50:26,319

of sense to be using it

1273

00:50:33,270 --> 00:50:30,160

because it was for like target stuff

1274

00:50:39,430 --> 00:50:36,309

but yeah but that did exist

1275

00:50:43,270 --> 00:50:39,440

so i'm not gonna play stupid with that

1276

00:50:47,430 --> 00:50:43,280

i found it in a blue book file

1277

00:50:49,910 --> 00:50:47,440

um if i find it i will share it with you

1278

00:50:57,030 --> 00:50:49,920

i have way too many pictures like this

1279

00:51:01,910 --> 00:51:00,069

maybe not so healthy right

1280

00:51:03,829 --> 00:51:01,920

this guy's obsessed

1281

00:51:05,829 --> 00:51:03,839

why is this guy so freaking obsessed

1282

00:51:06,829 --> 00:51:05,839

with blue book

1283

00:51:10,390 --> 00:51:06,839

it's

1284

00:51:12,150 --> 00:51:10,400

incredible um

1285

00:51:14,390 --> 00:51:12,160

yeah i can't see it at first glance so

1286

00:51:16,790 --> 00:51:14,400

i'm not gonna keep

1287

00:51:20,940 --> 00:51:16,800

looking

1288

00:51:27,910 --> 00:51:22,309

[Music]

1289

00:51:34,309 --> 00:51:30,630

so the drawing pretty interesting

1290

00:51:37,349 --> 00:51:34,319

on april 22nd 1949 as well as i can

1291

00:51:39,670 --> 00:51:37,359

remember about 12 25 i got out of a cab

1292

00:51:42,150 --> 00:51:39,680

at clay and west streets and i looked up

1293

00:51:44,069 --> 00:51:42,160

saw flying objects shake like an angle

1294

00:51:45,829 --> 00:51:44,079

and it was dim delighted

1295

00:51:47,589 --> 00:51:45,839

traveling at a fast rate of speed

1296

00:51:48,790 --> 00:51:47,599

traveling faster than the average plane

1297

00:51:51,430 --> 00:51:48,800

it looked

1298

00:51:55,349 --> 00:51:51,440

to be four feet long and it was high in

1299

00:51:58,710 --> 00:51:56,950

it was traveling east

1300

00:52:01,190 --> 00:51:58,720

so one thing that you know about a lot

1301

00:52:03,990 --> 00:52:01,200

of these like sightings is when they

1302

00:52:06,630 --> 00:52:04,000

give the size and how they guess the

1303

00:52:09,349 --> 00:52:06,640

size is at arm's length what size was it

1304

00:52:11,670 --> 00:52:09,359

at arm's length is what the answer

1305

00:52:12,950 --> 00:52:11,680

so they'll say like fist size or dime

1306

00:52:14,790 --> 00:52:12,960

size or

1307

00:52:17,190 --> 00:52:14,800

you know half dollar size at arm's

1308

00:52:18,710 --> 00:52:17,200

length so i'm pretty sure that's

1309

00:52:20,870 --> 00:52:18,720

probably what he'd be talking about

1310

00:52:23,109 --> 00:52:20,880

otherwise how could you really tell if

1311

00:52:26,309 --> 00:52:23,119

something was four feet if it was

1312

00:52:31,990 --> 00:52:28,309

so this is it

1313

00:52:41,670 --> 00:52:36,150

pretty interesting

1314

00:52:46,150 --> 00:52:43,589

you know debunkers where they can say

1315

00:52:50,069 --> 00:52:46,160

flock of birds

1316

00:52:50,079 --> 00:52:52,630

um

1317

00:52:56,390 --> 00:52:54,069

but you know that's always just kind of

1318

00:52:57,750 --> 00:52:56,400

a joke like because uh

1319

00:53:00,309 --> 00:52:57,760

it's not really hard to tell if

1320

00:53:02,710 --> 00:53:00,319

something's a flock of birds

1321

00:53:05,109 --> 00:53:02,720

if you look up and you see birds in a v

1322

00:53:10,390 --> 00:53:05,119

do you automatically think ufo no you

1323

00:53:14,710 --> 00:53:13,190

uh guys a carpenter

1324

00:53:17,589 --> 00:53:14,720

comets of interior

1325

00:53:23,510 --> 00:53:17,599

appeared reliable

1326
00:53:27,510 --> 00:53:25,829
and then he went through a little bit of

1327
00:53:33,910 --> 00:53:27,520
the

1328
00:53:35,190 --> 00:53:33,920
is pretty interesting because

1329
00:53:37,030 --> 00:53:35,200
my

1330
00:53:39,910 --> 00:53:37,040
own setting

1331
00:53:45,349 --> 00:53:39,920
milky works for that most definitely

1332
00:53:47,670 --> 00:53:46,549
so

1333
00:53:53,829 --> 00:53:47,680
that

1334
00:53:56,309 --> 00:53:53,839
go through which is very very

1335
00:53:58,069 --> 00:53:56,319
interesting

1336
00:54:00,230 --> 00:53:58,079
um but maybe we'll

1337
00:54:01,990 --> 00:54:00,240
save that for

1338
00:54:03,910 --> 00:54:02,000

tomorrow unless you want me to show it

1339

00:54:07,670 --> 00:54:03,920

now i can

1340

00:54:12,150 --> 00:54:10,950

gotta let me hear you

1341

00:54:19,829 --> 00:54:12,160

um

1342

00:54:19,839 --> 00:54:22,309

all right

1343

00:54:26,950 --> 00:54:24,630

i'll give you five seconds somebody

1344

00:54:30,069 --> 00:54:26,960

wants me to

1345

00:54:31,829 --> 00:54:30,079

okay we gotta do it

1346

00:54:36,470 --> 00:54:31,839

so

1347

00:54:39,430 --> 00:54:36,480

guys have ever heard of uh angel here

1348

00:54:40,950 --> 00:54:39,440

angel here is a commonly

1349

00:54:44,069 --> 00:54:40,960

um

1350

00:54:46,069 --> 00:54:44,079

scene coming out of the sky

1351

00:54:48,549 --> 00:54:46,079

um

1352

00:54:52,390 --> 00:54:48,559

and that's pretty interesting

1353

00:54:54,390 --> 00:54:52,400

uh when ufo reports are coming this

1354

00:54:56,069 --> 00:54:54,400

instance we're about to go through

1355

00:54:57,750 --> 00:54:56,079

describes the

1356

00:55:00,549 --> 00:54:57,760

angel hair as

1357

00:55:01,990 --> 00:55:00,559

um something

1358

00:55:03,910 --> 00:55:02,000

you know it's described in other ways

1359

00:55:06,630 --> 00:55:03,920

some people say angel here other people

1360

00:55:10,150 --> 00:55:06,640

say um like cop webby

1361

00:55:12,230 --> 00:55:10,160

spider spiderwebs stuff like that

1362

00:55:14,230 --> 00:55:12,240

here they say it was

1363

00:55:16,549 --> 00:55:14,240

a material

1364

00:55:19,190 --> 00:55:16,559

used in cloud seeding operations which

1365

00:55:21,349 --> 00:55:19,200

cloud seeding is actually a real thing i

1366

00:55:24,069 --> 00:55:21,359

have no idea if this substance is used

1367

00:55:24,950 --> 00:55:24,079

in it though cloud seeding is um pretty

1368

00:55:28,069 --> 00:55:24,960

much

1369

00:55:31,750 --> 00:55:28,079

making clouds rain on purpose

1370

00:55:35,190 --> 00:55:32,829

which is very

1371

00:55:36,789 --> 00:55:35,200

interesting so they say it's like spider

1372

00:55:39,030 --> 00:55:36,799

webs continue to fall from the sky for

1373

00:55:41,030 --> 00:55:39,040

approximately two hours some witnesses

1374

00:55:43,190 --> 00:55:41,040

described it as web-like strings with

1375

00:55:46,549 --> 00:55:43,200

red pea-sized objects like spiders at

1376

00:55:50,390 --> 00:55:48,390

and this stuff is a little hard to read

1377

00:55:52,870 --> 00:55:50,400

so i'm going to skip through that here

1378

00:55:54,630 --> 00:55:52,880

we just have a

1379

00:55:57,910 --> 00:55:54,640

um you know what's interesting about

1380

00:55:59,670 --> 00:55:57,920

these handwritten uh notes is the

1381

00:56:02,309 --> 00:55:59,680

penmanship is beautiful

1382

00:56:04,110 --> 00:56:02,319

cursive but oftentimes so difficult to

1383

00:56:06,150 --> 00:56:04,120

read

1384

00:56:07,750 --> 00:56:06,160

[Music]

1385

00:56:09,430 --> 00:56:07,760

so

1386

00:56:11,910 --> 00:56:09,440

i want to get down to where they

1387

00:56:13,430 --> 00:56:11,920

actually tested this stuff

1388

00:56:15,190 --> 00:56:13,440

up and this is probably a good rundown

1389

00:56:16,950 --> 00:56:15,200

of the actual sighting approximately

1390

00:56:19,030 --> 00:56:16,960

three o'clock in the afternoon this date

1391

00:56:20,710 --> 00:56:19,040

began mowing the lawn

1392

00:56:22,870 --> 00:56:20,720

um

1393

00:56:25,109 --> 00:56:22,880

using a motor driven rotor type mower oh

1394

00:56:27,109 --> 00:56:25,119

cool thanks for letting me know

1395

00:56:28,710 --> 00:56:27,119

that makes all the difference is the job

1396

00:56:30,470 --> 00:56:28,720

of mowing progress

1397

00:56:32,789 --> 00:56:30,480

i came to a section near a shade tree

1398

00:56:34,549 --> 00:56:32,799

and i noticed two white streaks or more

1399

00:56:37,030 --> 00:56:34,559

correctly gray streaks extending from

1400

00:56:39,190 --> 00:56:37,040

east to west um

1401
00:56:40,789 --> 00:56:39,200
and direction approximately eight inches

1402
00:56:44,390 --> 00:56:40,799
wide and extending for a length of

1403
00:56:45,349 --> 00:56:44,400
perhaps ten feet each

1404
00:56:47,510 --> 00:56:45,359
um

1405
00:56:49,430 --> 00:56:47,520
the color of the streak was not a bright

1406
00:56:54,230 --> 00:56:49,440
nor dull gray but of a medium texture i

1407
00:56:57,270 --> 00:56:55,670
uh interesting

1408
00:57:00,069 --> 00:56:57,280
good call

1409
00:57:05,109 --> 00:57:00,079
trinity book

1410
00:57:10,470 --> 00:57:06,950
after looking for a few moments i

1411
00:57:12,470 --> 00:57:10,480
decided that it was a mold and mowed on

1412
00:57:14,549 --> 00:57:12,480
across it

1413
00:57:17,510 --> 00:57:14,559

what a dope

1414

00:57:19,510 --> 00:57:17,520

as the moon went over to great dust rose

1415

00:57:23,190 --> 00:57:19,520

and approximately 20 inches high and

1416

00:57:25,430 --> 00:57:23,740

and

1417

00:57:27,349 --> 00:57:25,440

[Music]

1418

00:57:28,630 --> 00:57:27,359

talks about a little more returning home

1419

00:57:31,030 --> 00:57:28,640

and sundown my wife and i went to the

1420

00:57:32,870 --> 00:57:31,040

spot in the yard i pointed out look yeah

1421

00:57:34,630 --> 00:57:32,880

there's a streak of coloring

1422

00:57:37,030 --> 00:57:34,640

uh since the original gray coloring it

1423

00:57:40,630 --> 00:57:37,040

completely just disappeared except the

1424

00:57:46,549 --> 00:57:40,640

end of one of the original lines okay so

1425

00:57:46,559 --> 00:57:50,789

analysis

1426

00:57:57,270 --> 00:57:54,870

so here they kind of just you know

1427

00:57:59,910 --> 00:57:57,280

happened at georgia 1959 we believe this

1428

00:58:01,990 --> 00:57:59,920

matter to have been satisfactory

1429

00:58:04,870 --> 00:58:02,000

satisfactorily resolved

1430

00:58:11,589 --> 00:58:04,880

that subject material is in fact natural

1431

00:58:14,230 --> 00:58:13,190

okay so

1432

00:58:18,870 --> 00:58:14,240

material

1433

00:58:20,829 --> 00:58:18,880

residue allegedly seen falling from air

1434

00:58:24,630 --> 00:58:20,839

in vicinity of

1435

00:58:25,910 --> 00:58:24,640

georgia cobweb leg material

1436

00:58:29,030 --> 00:58:25,920

claimed to have been seen in the air by

1437

00:58:33,030 --> 00:58:30,950

complete report of these sightings will

1438

00:58:34,150 --> 00:58:33,040

be found elsewhere so here are the

1439

00:58:37,910 --> 00:58:34,160

samples

1440

00:58:40,470 --> 00:58:37,920

located outside the house uh small

1441

00:58:43,030 --> 00:58:40,480

pieces of weathered insulation

1442

00:58:44,950 --> 00:58:43,040

um water from the bottom of an inverted

1443

00:58:46,870 --> 00:58:44,960

galvanized iron wash tub

1444

00:58:47,990 --> 00:58:46,880

grass cuttings taken from the bottom of

1445

00:58:50,549 --> 00:58:48,000

lawn mower

1446

00:58:52,470 --> 00:58:50,559

um taken from the top surface of they

1447

00:58:56,309 --> 00:58:52,480

don't want to tell us

1448

00:59:00,150 --> 00:58:58,069

so weird the stuff they decide to black

1449

00:59:02,390 --> 00:59:00,160

out sometimes doesn't make sense

1450

00:59:06,069 --> 00:59:02,400

um this sample included soil grass rocks

1451
00:59:08,710 --> 00:59:06,079
and tree leaves so then here they give

1452
00:59:11,430 --> 00:59:08,720
you a little bit of it so what chemical

1453
00:59:14,870 --> 00:59:11,440
analysis samples for non-metal elements

1454
00:59:17,829 --> 00:59:14,880
spectrographic analysis of all samples

1455
00:59:19,430 --> 00:59:17,839
or of aqueous or acid extractions of the

1456
00:59:21,829 --> 00:59:19,440
samples

1457
00:59:28,150 --> 00:59:21,839
so results no foreign elements and then

1458
00:59:32,069 --> 00:59:29,829
all samples contain elements normally

1459
00:59:34,630 --> 00:59:32,079
expected to be in this in the particular

1460
00:59:38,710 --> 00:59:34,640
type of sample as far as what you'd

1461
00:59:40,390 --> 00:59:38,720
expect in grass so on and so forth

1462
00:59:42,789 --> 00:59:40,400
what chemical analysis showed a

1463
00:59:44,630 --> 00:59:42,799

relatively high concentration of mixed

1464

00:59:47,109 --> 00:59:44,640

halides i don't know what that is but

1465

00:59:49,589 --> 00:59:47,119

chlorine was the only one in sufficient

1466

00:59:51,990 --> 00:59:49,599

quantity to be positively identified the

1467

00:59:54,710 --> 00:59:52,000

presence of silver

1468

00:59:56,789 --> 00:59:54,720

even in small concentrations from such

1469

00:59:59,270 --> 00:59:56,799

unlikely places as the samples were

1470

01:00:01,510 --> 00:59:59,280

taken is very significant and strongly

1471

01:00:03,829 --> 01:00:01,520

indicates that a silver compound could

1472

01:00:05,270 --> 01:00:03,839

have caused the phenomenon silver iodine

1473

01:00:07,270 --> 01:00:05,280

is widely used in cloud seeding and

1474

01:00:09,030 --> 01:00:07,280

other silver halides have been used

1475

01:00:11,109 --> 01:00:09,040

research in this field is constantly

1476

01:00:13,030 --> 01:00:11,119

being carried on and it is understood

1477

01:00:14,870 --> 01:00:13,040

that the university of georgia athens

1478

01:00:16,710 --> 01:00:14,880

has been engaged in research on this

1479

01:00:17,750 --> 01:00:16,720

project type

1480

01:00:19,349 --> 01:00:17,760

um

1481

01:00:22,150 --> 01:00:19,359

it's interesting it has since been

1482

01:00:24,150 --> 01:00:22,160

learned that lockheed company marietta

1483

01:00:25,270 --> 01:00:24,160

possibly is also engaged in a similar

1484

01:00:28,870 --> 01:00:25,280

program

1485

01:00:32,390 --> 01:00:30,630

another lockheed

1486

01:00:34,309 --> 01:00:32,400

i gotta throw lockheed in there

1487

01:00:40,390 --> 01:00:34,319

interesting

1488

01:00:45,030 --> 01:00:42,789

so there's a chemical analysis breakdown

1489

01:00:55,750 --> 01:00:45,040

of the

1490

01:01:00,549 --> 01:00:57,829

and here they say

1491

01:01:02,630 --> 01:01:00,559

a more detailed chemical examination

1492

01:01:04,710 --> 01:01:02,640

will be required to establish the exact

1493

01:01:06,870 --> 01:01:04,720

composition

1494

01:01:09,430 --> 01:01:06,880

okay so

1495

01:01:12,150 --> 01:01:09,440

the original breakdown wasn't quite

1496

01:01:18,390 --> 01:01:13,750

interesting and that's my major friend

1497

01:01:21,589 --> 01:01:19,829

so

1498

01:01:24,630 --> 01:01:21,599

yeah

1499

01:01:27,829 --> 01:01:24,640

that's where we have it

1500

01:01:31,190 --> 01:01:27,839

that being said i'm pretty sure that is

1501

01:01:36,870 --> 01:01:31,200

yeah the rest is just maps

1502

01:01:40,789 --> 01:01:39,349

okay so they did see objects the objects

1503

01:01:43,190 --> 01:01:40,799

cited were described as two different

1504

01:01:45,349 --> 01:01:43,200

elevations

1505

01:01:50,950 --> 01:01:45,359

described as artificial snowier angel

1506

01:01:54,789 --> 01:01:52,870

interesting it's like the more i dig the

1507

01:01:59,750 --> 01:01:54,799

more i found out about this stuff too

1508

01:02:03,510 --> 01:02:00,970

very interesting

1509

01:02:06,390 --> 01:02:03,520

[Music]

1510

01:02:09,910 --> 01:02:06,400

i'm looking quickly for

1511

01:02:13,029 --> 01:02:09,920

anything we haven't covered or anything

1512

01:02:17,750 --> 01:02:15,349

but it looks like it's all stuff we've

1513

01:02:19,430 --> 01:02:17,760

looked at already

1514

01:02:21,670 --> 01:02:19,440

and a lot of these reports they find a

1515

01:02:28,470 --> 01:02:21,680

way to go over the same material

1516

01:02:33,029 --> 01:02:30,549

this is interesting reports of angel

1517

01:02:34,390 --> 01:02:33,039

hair still come in occasionally to

1518

01:02:36,069 --> 01:02:34,400

atik

1519

01:02:38,470 --> 01:02:36,079

and if the explanation is not

1520

01:02:40,950 --> 01:02:38,480

immediately obvious are investigated on

1521

01:02:42,390 --> 01:02:40,960

the afternoon of october 12 1959

1522

01:02:43,990 --> 01:02:42,400

officials at robin air force base

1523

01:02:46,150 --> 01:02:44,000

georgia received a telephone call

1524

01:02:47,670 --> 01:02:46,160

stating that unidentified substances

1525

01:02:49,589 --> 01:02:47,680

were falling from unknown objects in the

1526
01:02:51,430 --> 01:02:49,599
sky near the town of washington two air

1527
01:02:52,710 --> 01:02:51,440
force investigators arrived in the town

1528
01:02:55,270 --> 01:02:52,720
before evening to interview the

1529
01:02:56,789 --> 01:02:55,280
witnesses and examine the material

1530
01:02:58,630 --> 01:02:56,799
the first sighting had occurred shortly

1531
01:03:00,549 --> 01:02:58,640
before noon when a farm woman noticed an

1532
01:03:02,630 --> 01:03:00,559
object in the sky

1533
01:03:04,549 --> 01:03:02,640
traveling not particularly fast from

1534
01:03:07,029 --> 01:03:04,559
southeast to west a stream of peculiar

1535
01:03:08,950 --> 01:03:07,039
looking substance broad

1536
01:03:10,950 --> 01:03:08,960
as the vapor trail of a drip plane was

1537
01:03:13,430 --> 01:03:10,960
strangling behind floating towards the

1538
01:03:14,789 --> 01:03:13,440

earth the object itself was large as a

1539

01:03:19,029 --> 01:03:14,799

football

1540

01:03:21,670 --> 01:03:19,039

color and maintained a perfectly

1541

01:03:23,349 --> 01:03:21,680

straight even course a few hours later

1542

01:03:25,589 --> 01:03:23,359

in a town a few miles northeast of man

1543

01:03:27,829 --> 01:03:25,599

mowing his lawn yep we did that mowed

1544

01:03:29,670 --> 01:03:27,839

over it what a dumb ass

1545

01:03:31,589 --> 01:03:29,680

the air force investigators took samples

1546

01:03:33,670 --> 01:03:31,599

the dusty earth for grass for analysis

1547

01:03:35,990 --> 01:03:33,680

chemical tests showed the presence of

1548

01:03:39,910 --> 01:03:36,000

silver iodide

1549

01:03:43,349 --> 01:03:39,920

i i i'm i've got to be saying that wrong

1550

01:03:43,359 --> 01:03:46,710

aya ditty

1551
01:03:51,349 --> 01:03:49,109
finding silver in such an unlikely place

1552
01:03:54,470 --> 01:03:51,359
yeah we read that already

1553
01:04:00,150 --> 01:03:56,710
so they're going with

1554
01:04:04,710 --> 01:04:02,150
um

1555
01:04:06,390 --> 01:04:04,720
the you know the really

1556
01:04:09,829 --> 01:04:06,400
hard part of

1557
01:04:13,430 --> 01:04:09,839
reading any of these conclusions

1558
01:04:17,670 --> 01:04:13,440
and taking them seriously is that they

1559
01:04:17,680 --> 01:04:21,589
give you ones

1560
01:04:25,750 --> 01:04:23,349
so it's like what's real and what isn't

1561
01:04:28,309 --> 01:04:25,760
you just don't ever know

1562
01:04:29,750 --> 01:04:28,319
and sometimes it really does seem that

1563
01:04:31,190 --> 01:04:29,760

they're writing this paperwork because

1564

01:04:35,109 --> 01:04:31,200

they know somebody's going to look at it

1565

01:04:37,829 --> 01:04:36,710

you know

1566

01:04:39,510 --> 01:04:37,839

so

1567

01:04:40,789 --> 01:04:39,520

it is what it is all we can do is take

1568

01:04:47,190 --> 01:04:40,799

the story

1569

01:04:53,990 --> 01:04:48,870

and there is

1570

01:04:57,589 --> 01:04:55,349

you post an angel here we're seeing

1571

01:04:59,270 --> 01:04:57,599

samples were taken and analyzed by oh

1572

01:05:02,470 --> 01:04:59,280

wow cool

1573

01:05:05,990 --> 01:05:02,480

yeah there's um a few at least a few uh

1574

01:05:06,950 --> 01:05:06,000

angel hair cases that i've seen

1575

01:05:08,630 --> 01:05:06,960

so

1576

01:05:10,630 --> 01:05:08,640

this one was a bit of a surprise i have

1577

01:05:13,190 --> 01:05:10,640

to say

1578

01:05:17,190 --> 01:05:13,200

oh look at this guy using loose fame to

1579

01:05:18,470 --> 01:05:17,200

lure in fewer so lame

1580

01:05:20,309 --> 01:05:18,480

yeah

1581

01:05:23,510 --> 01:05:20,319

that's what i'm doing i'm trying to lure

1582

01:05:26,549 --> 01:05:23,520

you in

1583

01:05:30,309 --> 01:05:27,990

it worked for that person they probably

1584

01:05:31,370 --> 01:05:30,319

got upset i came here for luke but he's

1585

01:05:34,870 --> 01:05:31,380

not here

1586

01:05:39,430 --> 01:05:34,880

[Laughter]

1587

01:05:43,109 --> 01:05:41,670

so

1588

01:05:46,069 --> 01:05:43,119

with that being said i'm gonna let you

1589

01:05:48,470 --> 01:05:46,079

guys go i had a great um time hanging

1590

01:05:51,910 --> 01:05:48,480

out with you uh vinnie stopped by i

1591

01:05:55,910 --> 01:05:51,920

appreciate it i appreciate all you guys

1592

01:05:57,029 --> 01:05:55,920

here benji robert k42d paranormal pixie

1593

01:05:59,430 --> 01:05:57,039

lara

1594

01:06:01,349 --> 01:05:59,440

um everybody

1595

01:06:02,710 --> 01:06:01,359

uh i saw some new faces today that's

1596

01:06:04,390 --> 01:06:02,720

awesome please come

1597

01:06:06,549 --> 01:06:04,400

keep on coming back

1598

01:06:07,510 --> 01:06:06,559

um as he did this shelly good to see you

1599

01:06:15,990 --> 01:06:07,520

um

1600

01:06:23,109 --> 01:06:16,000

will

1601
01:06:29,109 --> 01:06:26,870
who else am i forgetting k alexander

1602
01:06:33,190 --> 01:06:29,119
you like the new uk docs well you should

1603
01:06:35,750 --> 01:06:33,200
tune in to disclosure team tomorrow

1604
01:06:37,589 --> 01:06:35,760
is he's going to have somebody that's

1605
01:06:39,430 --> 01:06:37,599
done a lot of research

1606
01:06:41,430 --> 01:06:39,440
with those documents and

1607
01:06:43,430 --> 01:06:41,440
we'll be discussing them as well as

1608
01:06:46,950 --> 01:06:43,440
other documents so that'll be a good

1609
01:06:50,870 --> 01:06:49,029
who else we got we got a lot of people

1610
01:06:52,309 --> 01:06:50,880
here today and i just appreciate you

1611
01:06:53,430 --> 01:06:52,319
guys coming and supporting surf psych

1612
01:06:56,549 --> 01:06:53,440
what's up

1613
01:06:57,829 --> 01:06:56,559

disclosure team wants to do an ig live

1614

01:06:59,430 --> 01:06:57,839

um

1615

01:07:01,829 --> 01:06:59,440

i have a little bit of time for that if

1616

01:07:04,630 --> 01:07:01,839

you're gonna go on pretty soon

1617

01:07:06,710 --> 01:07:04,640

um i could do that

1618

01:07:08,950 --> 01:07:06,720

so

1619

01:07:11,190 --> 01:07:08,960

i would just say

1620

01:07:12,829 --> 01:07:11,200

annie

1621

01:07:14,630 --> 01:07:12,839

could probably be wrong

1622

01:07:16,150 --> 01:07:14,640

but

1623

01:07:18,950 --> 01:07:16,160

you know people call me seen all the

1624

01:07:20,300 --> 01:07:18,960

time so it's cool josh what's up bro

1625

01:07:22,309 --> 01:07:20,310

youtube

1626

01:07:23,589 --> 01:07:22,319

[Laughter]

1627

01:07:25,109 --> 01:07:23,599

all right so

1628

01:07:27,670 --> 01:07:25,119

yeah maybe i'll head over here to

1629

01:07:28,789 --> 01:07:27,680

disclosure teams instagram

1630

01:07:31,430 --> 01:07:28,799

if you guys want to hang out you can

1631

01:07:33,510 --> 01:07:31,440

hang out there too um i got a little bit

1632

01:07:36,150 --> 01:07:33,520

of time i can do that for

1633

01:07:38,549 --> 01:07:36,160

before i have to get home

1634

01:07:40,470 --> 01:07:38,559

and do home stuff so i hope you like the

1635

01:07:42,150 --> 01:07:40,480

documents um

1636

01:07:43,910 --> 01:07:42,160

hope you guys had a good time and i will

1637

01:07:46,470 --> 01:07:43,920

see you soon don't forget next week and

1638

01:07:47,589 --> 01:07:46,480

wednesday listen kane it's gonna be

1639

01:07:50,069 --> 01:07:47,599

awesome

1640

01:07:50,079 --> 01:08:00,840

peace out
