

1
00:00:04,249 --> 00:00:02,510
I'm going to let you in on something

2
00:00:07,190 --> 00:00:04,259
could these sauces be some kind of a

3
00:00:09,230 --> 00:00:07,200
secret weapon of ours no if they were

4
00:00:10,970 --> 00:00:09,240
air material command to be the first to

5
00:00:12,610 --> 00:00:10,980
know how about a device from a foreign

6
00:00:14,749 --> 00:00:12,620
country we know they're not

7
00:00:16,020 --> 00:00:14,759
[Music]

8
00:00:18,349 --> 00:00:16,030
we know they're not

9
00:00:35,450 --> 00:00:18,359
[Music]

10
00:00:46,090 --> 00:00:37,380
foreign

11
00:01:11,010 --> 00:01:08,929
[Music]

12
00:01:32,630 --> 00:01:11,020
foreign

13
00:01:34,249 --> 00:01:32,640

[Music]

14

00:01:38,810 --> 00:01:34,259

what's up everybody

15

00:01:41,690 --> 00:01:38,820

happy Thursday at 3 32 PM Central Time

16

00:01:44,149 --> 00:01:41,700

I am super glad you're here with me

17

00:01:46,749 --> 00:01:44,159

today we're gonna go over

18

00:01:51,289 --> 00:01:46,759

um some pretty cool stuff uh something

19

00:01:53,510 --> 00:01:51,299

from Project sign which is pretty cool

20

00:01:55,609 --> 00:01:53,520

um it kind of gives a really

21

00:01:58,190 --> 00:01:55,619

you know as good of a rundown as they

22

00:02:01,630 --> 00:01:58,200

could give at the time for their

23

00:02:05,749 --> 00:02:01,640

analysis of all the different sightings

24

00:02:08,449 --> 00:02:05,759

uh back at back in the day so

25

00:02:11,809 --> 00:02:08,459

um that will be pretty good including a

26

00:02:16,729 --> 00:02:11,819

uh analysis by the Rand project about

27

00:02:19,790 --> 00:02:16,739

the possibility of them being spaceships

28

00:02:21,890 --> 00:02:19,800

so that will be very interesting

29

00:02:26,570 --> 00:02:21,900

um so let me say what's up to who is

30

00:02:28,970 --> 00:02:26,580

here Laura Sosa I appreciate it uh Jan

31

00:02:31,070 --> 00:02:28,980

uh Lara

32

00:02:33,229 --> 00:02:31,080

um and anybody else that's here I

33

00:02:34,490 --> 00:02:33,239

appreciate it as well

34

00:02:39,350 --> 00:02:34,500

um

35

00:02:42,770 --> 00:02:41,210

so but that's my fault I should probably

36

00:02:45,110 --> 00:02:42,780

look at people's schedules before I

37

00:02:46,850 --> 00:02:45,120

start doing this stuff but

38

00:02:49,009 --> 00:02:46,860

um you know if the mood strikes me I

39

00:02:50,930 --> 00:02:49,019

just go with it so that's what I do so

40

00:02:52,729 --> 00:02:50,940

that's what it is

41

00:02:56,390 --> 00:02:52,739

um yesterday I thought it was a pretty

42

00:02:58,369 --> 00:02:56,400

good show it felt good to be back

43

00:03:00,110 --> 00:02:58,379

um and hanging out with everybody so

44

00:03:04,550 --> 00:03:00,120

that's for sure

45

00:03:07,790 --> 00:03:04,560

and I hope you all are doing really well

46

00:03:09,770 --> 00:03:07,800

one thing that I thought we could do is

47

00:03:12,229 --> 00:03:09,780

start off with a couple

48

00:03:16,550 --> 00:03:12,239

actually something maybe a little bit

49

00:03:19,250 --> 00:03:16,560

different which is

50

00:03:22,610 --> 00:03:21,530

it's not I guess it's kind of old by now

51

00:03:25,480 --> 00:03:22,620

but

52

00:03:25,910 --> 00:03:25,490

um recent-ish news

53

00:03:27,110 --> 00:03:25,920

[Music]

54

00:03:30,170 --> 00:03:27,120

um

55

00:03:32,390 --> 00:03:30,180

which I think we should cover in here

56

00:03:33,350 --> 00:03:32,400

which is pretty important so first of

57

00:03:35,869 --> 00:03:33,360

all

58

00:03:39,110 --> 00:03:35,879

um I don't know if you've heard this but

59

00:03:40,850 --> 00:03:39,120

the CIA came out with a report recently

60

00:03:42,530 --> 00:03:40,860

um that pretty much

61

00:03:45,949 --> 00:03:42,540

said that the

62

00:03:49,030 --> 00:03:45,959

Havana syndrome attacks weren't a part

63

00:03:53,750 --> 00:03:49,040

of a sustained campaign by foreign power

64

00:03:59,030 --> 00:03:55,610

I thought that was interesting because

65

00:04:03,229 --> 00:03:59,040

it didn't really go into

66

00:04:06,830 --> 00:04:03,239

much detail other than that but what it

67

00:04:11,690 --> 00:04:06,840

reminded me of is this piece by

68

00:04:16,729 --> 00:04:14,509

um and he's analyzing

69

00:04:20,449 --> 00:04:16,739

a couple things uh anomalous materials

70

00:04:22,450 --> 00:04:20,459

from UFO crashes and the other one is

71

00:04:22,450 --> 00:04:22,460

um

72

00:04:28,550 --> 00:04:25,189

anomalous like Health incidences that

73

00:04:31,730 --> 00:04:28,560

kind of mimic The Havana syndrome

74

00:04:34,730 --> 00:04:31,740

so this is a really great article

75

00:04:40,790 --> 00:04:34,740

I suggest you read it

76

00:04:43,129 --> 00:04:40,800

but he says that about 25 of his

77

00:04:46,550 --> 00:04:43,139

uh patients that he looks at for this

78

00:04:52,129 --> 00:04:48,530

wound up passing away

79

00:04:53,810 --> 00:04:52,139

which is pretty crazy to think about

80

00:04:58,370 --> 00:04:53,820

and I'm not sure if this is actually the

81

00:05:02,330 --> 00:05:00,350

yeah here it is okay so can you describe

82

00:05:04,610 --> 00:05:02,340

more anomalous effects on the brains you

83

00:05:06,290 --> 00:05:04,620

observed with MRIs it says if you've

84

00:05:07,850 --> 00:05:06,300

ever looked at an MRI of somebody with

85

00:05:09,650 --> 00:05:07,860

multiple sclerosis there's something

86

00:05:11,150 --> 00:05:09,660

called a white matter disease it's

87

00:05:12,950 --> 00:05:11,160

scarring it's a big white blob or

88

00:05:15,170 --> 00:05:12,960

multiple white blobs scattered

89

00:05:16,850 --> 00:05:15,180

throughout the MRI it's essentially dead

90

00:05:19,129 --> 00:05:16,860

tissue where the immune system has

91

00:05:21,290 --> 00:05:19,139

attacked the brain that's probably the

92

00:05:22,969 --> 00:05:21,300

closest thing that you could come to if

93

00:05:25,189 --> 00:05:22,979

you wanted to look at a snapshot from

94

00:05:29,330 --> 00:05:25,199

one of those individuals you can pretty

95

00:05:33,110 --> 00:05:31,249

um so here it is uh they ask them how

96

00:05:35,150 --> 00:05:33,120

many patients did you look at in the

97

00:05:37,790 --> 00:05:35,160

first phase he says it was around 100

98

00:05:40,129 --> 00:05:37,800

patients they were almost all deep

99

00:05:41,689 --> 00:05:40,139

defense or governmental Personnel or

100

00:05:44,390 --> 00:05:41,699

people working in the Aerospace industry

101

00:05:45,830 --> 00:05:44,400

people doing government level work

102

00:05:48,230 --> 00:05:45,840

um and he says here's how it works let's

103

00:05:51,529 --> 00:05:48,240

say a DOD Personnel gets damaged or hurt

104

00:05:52,909 --> 00:05:51,539

odd cases go up the chain of command at

105

00:05:54,830 --> 00:05:52,919

least within the medical Branch if

106

00:05:56,230 --> 00:05:54,840

nobody knows what to do with it it goes

107

00:05:58,490 --> 00:05:56,240

over to What's called the weird desk

108

00:06:00,770 --> 00:05:58,500

where things get thrown into a bucket

109

00:06:03,050 --> 00:06:00,780

then somebody eventually says oh there's

110

00:06:04,670 --> 00:06:03,060

enough interesting things in this bucket

111

00:06:07,010 --> 00:06:04,680

worth following up on

112

00:06:09,710 --> 00:06:07,020

uh that all look reasonably similar

113

00:06:11,330 --> 00:06:09,720

science works by comparing things that

114

00:06:13,610 --> 00:06:11,340

are similar and dissimilar to other

115

00:06:15,350 --> 00:06:13,620

things enough people were having very

116

00:06:16,550 --> 00:06:15,360

similar kinds of bad things happen to

117

00:06:17,809 --> 00:06:16,560

them

118

00:06:19,550 --> 00:06:17,819

um and

119

00:06:23,510 --> 00:06:19,560

that it came to the attention of a guy

120

00:06:25,909 --> 00:06:23,520

named Dr kit green uh who's a expert

121

00:06:26,689 --> 00:06:25,919

remote viewer if you're familiar with

122

00:06:29,330 --> 00:06:26,699

him

123

00:06:32,150 --> 00:06:29,340

he was in charge of studying some of

124

00:06:34,550 --> 00:06:32,160

these individuals you have a smorgasbord

125

00:06:37,249 --> 00:06:34,560

love that word by the way of patience

126

00:06:39,350 --> 00:06:37,259

some of whom who have heard weird noises

127

00:06:41,749 --> 00:06:39,360

buzzing in their head get sick

128

00:06:45,050 --> 00:06:41,759

Etc a reasonable subset of them had

129

00:06:47,570 --> 00:06:45,060

claimed to have seen uaps and some

130

00:06:50,510 --> 00:06:47,580

claimed to be close to things that got

131

00:06:53,809 --> 00:06:50,520

them sick let me show you the MRIs of

132

00:06:55,550 --> 00:06:53,819

the brains of some of these people

133

00:07:00,230 --> 00:06:55,560

so it's pretty interesting they're

134

00:07:03,290 --> 00:07:00,240

looking at these brains of similar

135

00:07:08,809 --> 00:07:06,290

um similar things going on

136

00:07:11,390 --> 00:07:08,819

they say a lot of them have said they

137

00:07:14,749 --> 00:07:11,400

have seen uaps recently and they have

138

00:07:17,870 --> 00:07:14,759

these kind of syndromes that are

139

00:07:20,450 --> 00:07:17,880

pretty close to what you hear of

140

00:07:23,689 --> 00:07:20,460

um as far as like Havana syndrome to be

141

00:07:23,699 --> 00:07:26,510

so

142

00:07:30,469 --> 00:07:28,550

you know basically you should read that

143

00:07:31,969 --> 00:07:30,479

article for yourself

144

00:07:35,330 --> 00:07:31,979

um but I thought it was pretty

145

00:07:37,189 --> 00:07:35,340

interesting definitely with those

146

00:07:41,029 --> 00:07:37,199

um symptoms being closely related to

147

00:07:42,490 --> 00:07:41,039

Havana syndrome and also those symptoms

148

00:07:47,029 --> 00:07:42,500

are

149

00:07:49,490 --> 00:07:47,039

very similar to what we read as far as

150

00:07:52,969 --> 00:07:49,500

like EMP electromagnetic pulse or direct

151
00:07:55,909 --> 00:07:52,979
energy weapon like things

152
00:07:57,830 --> 00:07:55,919
those are symptoms as well so we have

153
00:08:01,969 --> 00:07:57,840
all these these three different things

154
00:08:05,089 --> 00:08:01,979
kind of dancing around each other uaps

155
00:08:06,230 --> 00:08:05,099
um like Direct Energy stuff and Havana

156
00:08:09,770 --> 00:08:06,240
syndrome

157
00:08:11,930 --> 00:08:09,780
and I should say that uh

158
00:08:15,050 --> 00:08:11,940
one thing that they all kind of relate

159
00:08:16,969 --> 00:08:15,060
to is Advanced weaponry

160
00:08:19,309 --> 00:08:16,979
so I don't know

161
00:08:21,890 --> 00:08:19,319
um you know we don't know what the

162
00:08:25,189 --> 00:08:21,900
actual deal is with this stuff

163
00:08:26,650 --> 00:08:25,199

we do know that in the UAP legislation

164

00:08:30,710 --> 00:08:26,660

that came out they're looking at

165

00:08:37,630 --> 00:08:34,250

so that must be for some sort of reason

166

00:08:40,370 --> 00:08:37,640

but also in a previous

167

00:08:42,709 --> 00:08:40,380

legislation I think when the Rubio first

168

00:08:45,050 --> 00:08:42,719

you know wanted them to give a report in

169

00:08:47,150 --> 00:08:45,060

six months a part of that whole bill was

170

00:08:50,750 --> 00:08:47,160

anomalous health effects it wasn't a

171

00:08:52,850 --> 00:08:50,760

part of the UAP section though so

172

00:08:55,130 --> 00:08:52,860

it's interesting and if you remember

173

00:08:57,530 --> 00:08:55,140

some of the people that got you know hit

174

00:08:59,810 --> 00:08:57,540

with the Vanna syndrome or whatever uh

175

00:09:02,990 --> 00:08:59,820

were at the White House

176

00:09:05,449 --> 00:09:03,000

so that is intense

177

00:09:07,790 --> 00:09:05,459

so hello to everybody here we got some

178

00:09:12,590 --> 00:09:07,800

people that just popped in uh Robert

179

00:09:15,410 --> 00:09:12,600

always a pleasure uh Josh hello sir uh

180

00:09:18,769 --> 00:09:15,420

that UFO lady oh I know that UFO lady

181

00:09:24,350 --> 00:09:22,490

thanks for joining really appreciate it

182

00:09:26,329 --> 00:09:24,360

um yeah so I just wanted to touch on

183

00:09:29,030 --> 00:09:26,339

that because you know I think we'll

184

00:09:32,329 --> 00:09:29,040

start to see that develop a little bit

185

00:09:35,630 --> 00:09:32,339

more in the future as far as you know

186

00:09:37,970 --> 00:09:35,640

investigations that um the new UFO

187

00:09:40,730 --> 00:09:37,980

office is doing uh we'll hear more from

188

00:09:43,250 --> 00:09:40,740

Gary Nolan I'm sure at some point

189

00:09:44,810 --> 00:09:43,260

um and again what made me kind of share

190

00:09:49,490 --> 00:09:44,820

this was that article that came up

191

00:09:52,070 --> 00:09:49,500

recently about uh the CIA in Havana

192

00:09:52,080 --> 00:09:56,030

um maybe I can actually

193

00:10:00,230 --> 00:09:57,889

bring it up

194

00:10:02,269 --> 00:10:00,240

yeah it looks like I can

195

00:10:04,610 --> 00:10:02,279

so why don't I actually just bring that

196

00:10:08,750 --> 00:10:04,620

up too so you know what I'm talking

197

00:10:15,769 --> 00:10:10,550

how's everybody doing today

198

00:10:23,090 --> 00:10:17,810

it's Thursday it's pretty cold where I

199

00:10:27,769 --> 00:10:24,829

so this is it

200

00:10:29,690 --> 00:10:27,779

CIA says Savannah syndrome net result of

201
00:10:31,670 --> 00:10:29,700
sustained campaign by hostile power the

202
00:10:33,829 --> 00:10:31,680
first thing I thought of was what do you

203
00:10:34,790 --> 00:10:33,839
mean sustained campaign so does that

204
00:10:36,710 --> 00:10:34,800
mean

205
00:10:38,449 --> 00:10:36,720
it could be a campaign by a hostile

206
00:10:41,150 --> 00:10:38,459
power but it's just not something that

207
00:10:43,430 --> 00:10:41,160
they're they're sustaining

208
00:10:44,690 --> 00:10:43,440
they just do it once in a while

209
00:10:48,170 --> 00:10:44,700
you know

210
00:10:50,030 --> 00:10:48,180
um I don't know so here we go it says in

211
00:10:51,949 --> 00:10:50,040
about two dozen cases however the agency

212
00:10:53,449 --> 00:10:51,959
can't rule out foreign involvement

213
00:10:55,790 --> 00:10:53,459

including many of the cases that

214

00:11:01,210 --> 00:10:55,800

originated at the U.S embassy in Havana

215

00:11:04,910 --> 00:11:02,930

so

216

00:11:06,530 --> 00:11:04,920

I've been thinking that these two are

217

00:11:10,310 --> 00:11:06,540

related for a long time I believe even

218

00:11:12,290 --> 00:11:10,320

when uh Mr Alexander was on my stream I

219

00:11:14,090 --> 00:11:12,300

talked to him about that or asked him of

220

00:11:15,889 --> 00:11:14,100

course he didn't give me an answer

221

00:11:18,590 --> 00:11:15,899

um just about if Havana syndrome was

222

00:11:19,430 --> 00:11:18,600

related to uaps but

223

00:11:21,650 --> 00:11:19,440

um

224

00:11:23,690 --> 00:11:21,660

seems like the farther down the road we

225

00:11:28,730 --> 00:11:23,700

go the more

226

00:11:33,590 --> 00:11:30,949

um so I'm going to jump on to the next

227

00:11:36,949 --> 00:11:33,600

piece of news-ish

228

00:11:40,069 --> 00:11:36,959

that I wanted to

229

00:11:41,630 --> 00:11:40,079

oh that's the wrong one

230

00:11:44,269 --> 00:11:41,640

that I wanted to go over and this is

231

00:11:45,290 --> 00:11:44,279

interesting it's um this person who came

232

00:11:47,930 --> 00:11:45,300

out

233

00:11:51,769 --> 00:11:47,940

that works at like a nuclear place and

234

00:11:53,990 --> 00:11:51,779

said he's uh shadow people

235

00:11:56,509 --> 00:11:54,000

at the place it's a very interesting

236

00:11:59,110 --> 00:11:56,519

article alarms didn't go off he just saw

237

00:12:02,629 --> 00:11:59,120

what was like a big black shadowy mess

238

00:12:04,850 --> 00:12:02,639

and this is interesting to me because

239

00:12:07,610 --> 00:12:04,860

um George knepp mystery where I reported

240

00:12:10,509 --> 00:12:07,620

something very similar from a security

241

00:12:12,490 --> 00:12:10,519

guy at a different

242

00:12:15,650 --> 00:12:12,500

nuclear place

243

00:12:17,449 --> 00:12:15,660

so it is exclusive nuclear technician

244

00:12:20,449 --> 00:12:17,459

details series security breaches

245

00:12:21,769 --> 00:12:20,459

involving UFOs night strangeness at U.S

246

00:12:23,629 --> 00:12:21,779

nuclear base

247

00:12:25,430 --> 00:12:23,639

so this guy Adrian has done a couple

248

00:12:28,250 --> 00:12:25,440

interviews already

249

00:12:29,990 --> 00:12:28,260

um I think one with alien girl

250

00:12:31,250 --> 00:12:30,000

um maybe another with uh somewhere in

251
00:12:33,350 --> 00:12:31,260
the skies

252
00:12:34,910 --> 00:12:33,360
um and I think he may have done another

253
00:12:37,069 --> 00:12:34,920
too

254
00:12:40,310 --> 00:12:37,079
which kind of makes you think

255
00:12:42,829 --> 00:12:40,320
um you know when Witnesses are so eager

256
00:12:45,410 --> 00:12:42,839
to talk and do interviews that kind of

257
00:12:47,990 --> 00:12:45,420
strikes me as odd because most

258
00:12:50,509 --> 00:12:48,000
don't but everybody's different so that

259
00:12:53,329 --> 00:12:50,519
doesn't necessarily mean anything

260
00:12:55,490 --> 00:12:53,339
um just something I thought of so

261
00:12:57,470 --> 00:12:55,500
um he was stationed at Whitman Air Force

262
00:12:59,269 --> 00:12:57,480
Base for those four years

263
00:13:01,250 --> 00:12:59,279

um it witnessed glowing orbs in the sky

264

00:13:04,310 --> 00:13:01,260

interesting and one of those instances

265

00:13:06,769 --> 00:13:04,320

nuclear weapons were being transported

266

00:13:09,590 --> 00:13:06,779

and how often do we hear these things in

267

00:13:11,750 --> 00:13:09,600

relation to nuclear weapons

268

00:13:13,670 --> 00:13:11,760

on a separate occasion racer witnessed

269

00:13:15,650 --> 00:13:13,680

and chased a shadow person which somehow

270

00:13:18,290 --> 00:13:15,660

managed to enter the highly guarded base

271

00:13:20,569 --> 00:13:18,300

such incidents involving shadow people

272

00:13:23,389 --> 00:13:20,579

have previously been reported at area 2

273

00:13:25,730 --> 00:13:23,399

in Nevada a reputed nuclear

274

00:13:27,650 --> 00:13:25,740

uh facility due to the culture that may

275

00:13:29,870 --> 00:13:27,660

persist within the United States Air

276

00:13:31,850 --> 00:13:29,880

Force to the state such events were not

277

00:13:34,009 --> 00:13:31,860

reported to senior officials meaning the

278

00:13:36,590 --> 00:13:34,019

Air Force may not be aware of serious

279

00:13:39,889 --> 00:13:36,600

security breaches

280

00:13:43,970 --> 00:13:42,410

so you have to read that one for

281

00:13:46,250 --> 00:13:43,980

yourself as well

282

00:13:49,069 --> 00:13:46,260

because this is very interesting uh

283

00:13:56,329 --> 00:13:49,079

story and to me what it kind of ties

284

00:14:01,970 --> 00:13:59,810

like UFOs and like Poltergeist kind of

285

00:14:03,290 --> 00:14:01,980

stuff like if that's true like if these

286

00:14:05,389 --> 00:14:03,300

shadow figures are coming around with

287

00:14:06,470 --> 00:14:05,399

UFO reports

288

00:14:08,210 --> 00:14:06,480

um

289

00:14:10,009 --> 00:14:08,220

that kind of connects those a little

290

00:14:12,710 --> 00:14:10,019

more to me

291

00:14:15,410 --> 00:14:12,720

in it depending on what you read or what

292

00:14:17,030 --> 00:14:15,420

you like to read John Keel was a person

293

00:14:20,150 --> 00:14:17,040

that definitely thought Poltergeist

294

00:14:22,069 --> 00:14:20,160

stuff in in UFOs were

295

00:14:24,949 --> 00:14:22,079

kind of like this and other people

296

00:14:31,069 --> 00:14:24,959

definitely do as well I know so

297

00:14:38,509 --> 00:14:33,530

I get that too

298

00:14:40,730 --> 00:14:38,519

I miss Las Vegas

299

00:14:42,769 --> 00:14:40,740

there was like Hispanic time where I was

300

00:14:47,030 --> 00:14:42,779

there like three times and

301
00:14:47,040 --> 00:14:53,410
one was getting married by Elvis Presley

302
00:14:53,420 --> 00:14:57,829
you know their times were for fun

303
00:14:57,839 --> 00:15:02,569
hello from France what's up Lionel

304
00:15:09,910 --> 00:15:05,689
oh man same well Josh you gotta come

305
00:15:15,410 --> 00:15:12,170
thank you

306
00:15:17,090 --> 00:15:15,420
oh wow Josh crazy

307
00:15:19,129 --> 00:15:17,100
have you got any stories about that you

308
00:15:21,470 --> 00:15:19,139
should definitely tell me

309
00:15:24,410 --> 00:15:21,480
pretty interesting you see Whitman Air

310
00:15:26,990 --> 00:15:24,420
Force Base actually you won't talk yet I

311
00:15:29,870 --> 00:15:27,000
wouldn't think so but you see Whitman uh

312
00:15:31,910 --> 00:15:29,880
Air Force Base pop up and even old UFO

313
00:15:34,670 --> 00:15:31,920

reports

314

00:15:36,889 --> 00:15:34,680

definitely and it's pretty interesting

315

00:15:38,449 --> 00:15:36,899

even going back to like 48 49 or

316

00:15:40,790 --> 00:15:38,459

whatever

317

00:15:43,249 --> 00:15:40,800

um the you know Persistence of these

318

00:15:46,310 --> 00:15:43,259

UFOs by strategic airspace and

319

00:15:49,189 --> 00:15:46,320

Facilities has always been a concern it

320

00:15:51,829 --> 00:15:49,199

still is obviously

321

00:15:53,160 --> 00:15:51,839

Dennis yeah cold in Central Wisconsin oh

322

00:15:54,590 --> 00:15:53,170

you're in Central Wisconsin huh

323

00:15:56,329 --> 00:15:54,600

[Music]

324

00:16:00,050 --> 00:15:56,339

that's cold here too

325

00:16:03,829 --> 00:16:02,870

Ireland Bob Marley from Ireland what's

326

00:16:05,990 --> 00:16:03,839

up man

327

00:16:09,050 --> 00:16:06,000

how you doing I thought that was more of

328

00:16:16,150 --> 00:16:11,870

I'm not judging Bob Marley can live and

329

00:16:20,509 --> 00:16:18,110

for sure

330

00:16:21,889 --> 00:16:20,519

we got a comment from Brett when I was

331

00:16:23,389 --> 00:16:21,899

eight or so I woke up in the middle of

332

00:16:25,550 --> 00:16:23,399

the night to see a massive green hand

333

00:16:27,710 --> 00:16:25,560

Hawk size for seeding off the side of my

334

00:16:29,629 --> 00:16:27,720

bed oh that is

335

00:16:32,090 --> 00:16:29,639

scary

336

00:16:33,590 --> 00:16:32,100

very much so I've never had that hey

337

00:16:36,949 --> 00:16:33,600

Chris walford's in the house awesome

338

00:16:39,590 --> 00:16:36,959

look at that what's up buddy

339

00:16:42,290 --> 00:16:39,600

he doesn't do a lot of chat stuff if if

340

00:16:43,820 --> 00:16:42,300

Chris Walford is in the chat

341

00:16:45,710 --> 00:16:43,830

that's a good day

342

00:16:47,449 --> 00:16:45,720

[Laughter]

343

00:16:50,269 --> 00:16:47,459

Bridger

344

00:16:53,689 --> 00:16:50,279

all right Bob I'll call you Derek

345

00:16:58,069 --> 00:16:55,790

uh he had to pull the covers over your

346

00:16:59,449 --> 00:16:58,079

head yeah I mean you have to I've never

347

00:17:02,509 --> 00:16:59,459

had you know I've never had anything

348

00:17:04,370 --> 00:17:02,519

where I've seen like um things around

349

00:17:06,110 --> 00:17:04,380

but I've definitely had like that

350

00:17:08,390 --> 00:17:06,120

Phantom touch thing where I felt like

351
00:17:11,210 --> 00:17:08,400
someone or something put their hand on

352
00:17:12,169 --> 00:17:11,220
my shoulder or touched my leg and stuff

353
00:17:14,270 --> 00:17:12,179
like that

354
00:17:15,890 --> 00:17:14,280
um I've had that numerous times

355
00:17:18,230 --> 00:17:15,900
um growing up

356
00:17:21,829 --> 00:17:18,240
haven't had that lately but

357
00:17:25,069 --> 00:17:21,839
yeah and that's freaky

358
00:17:27,409 --> 00:17:25,079
um not too long ago

359
00:17:29,510 --> 00:17:27,419
I was wrapping up a show here in this

360
00:17:31,490 --> 00:17:29,520
kind of an interesting story to me I

361
00:17:35,029 --> 00:17:31,500
have this kind of reoccurring thing with

362
00:17:42,470 --> 00:17:38,330
oh thanks Chris I appreciate it man

363
00:17:46,549 --> 00:17:44,150

um

364

00:17:48,950 --> 00:17:46,559

like I get to work sometimes at just

365

00:17:51,409 --> 00:17:48,960

like odd hours odd hours in the morning

366

00:17:53,049 --> 00:17:51,419

like I can't sleep I'm up at 3 30 or 4

367

00:17:56,630 --> 00:17:53,059

in the morning or whatever

368

00:17:59,450 --> 00:17:56,640

and I get to the front door and there's

369

00:18:00,830 --> 00:17:59,460

always this same rabbit like

370

00:18:02,510 --> 00:18:00,840

right there

371

00:18:04,970 --> 00:18:02,520

and

372

00:18:07,490 --> 00:18:04,980

it like isn't afraid of me like it's

373

00:18:09,350 --> 00:18:07,500

I've been as close to like five six feet

374

00:18:14,090 --> 00:18:09,360

away from it and it just chills there

375

00:18:18,950 --> 00:18:16,730

and I have the same like it's obviously

376

00:18:21,830 --> 00:18:18,960

not the same rabbit but another one by

377

00:18:24,710 --> 00:18:21,840

my house that does like the same thing

378

00:18:27,350 --> 00:18:24,720

but this one time after wrapping up the

379

00:18:28,610 --> 00:18:27,360

show here it was like an like a Nitro I

380

00:18:30,650 --> 00:18:28,620

did

381

00:18:32,990 --> 00:18:30,660

um I'm outside I'm smoking a cigarette

382

00:18:34,850 --> 00:18:33,000

before I get the car and I feel like

383

00:18:37,430 --> 00:18:34,860

this sense that somebody's like right

384

00:18:39,230 --> 00:18:37,440

behind me right have you ever gotten

385

00:18:42,610 --> 00:18:39,240

that where you're like something's

386

00:18:46,970 --> 00:18:45,110

and it's just like a weird sense that

387

00:18:49,070 --> 00:18:46,980

you get and I look

388

00:18:50,990 --> 00:18:49,080

I turn around and I look and the

389

00:18:53,810 --> 00:18:51,000

freaking rabbit is like two feet away

390

00:18:57,230 --> 00:18:53,820

from me like right behind me

391

00:19:05,029 --> 00:19:00,409

I'm like what the hell are you doing man

392

00:19:08,210 --> 00:19:07,370

you know but we're friends not no big

393

00:19:10,070 --> 00:19:08,220

deal

394

00:19:13,210 --> 00:19:10,080

never talks to me thankfully because

395

00:19:16,850 --> 00:19:15,830

but I've heard of things like that most

396

00:19:22,789 --> 00:19:16,860

definitely

397

00:19:30,529 --> 00:19:27,669

Robert says my name twice Sean Sean yep

398

00:19:35,330 --> 00:19:30,539

uh what I wanted to get into today was

399

00:19:37,070 --> 00:19:35,340

Project sign project sign is very

400

00:19:41,270 --> 00:19:37,080

interesting

401
00:19:43,370 --> 00:19:41,280
you watch the show I like to go back to

402
00:19:45,230 --> 00:19:43,380
the beginning of things right if there

403
00:19:47,450 --> 00:19:45,240
is a cover-up if something wrong if

404
00:19:50,029 --> 00:19:47,460
there's you know practices that went

405
00:19:52,490 --> 00:19:50,039
into place early on what were they maybe

406
00:19:54,529 --> 00:19:52,500
you can get some sort of explanation for

407
00:19:56,390 --> 00:19:54,539
what the hell happened with this whole

408
00:19:59,090 --> 00:19:56,400
thing

409
00:20:00,409 --> 00:19:59,100
um so this project sign uh report is

410
00:20:02,029 --> 00:20:00,419
very interesting because it really

411
00:20:04,669 --> 00:20:02,039
breaks down a lot of the different

412
00:20:06,110 --> 00:20:04,679
people that want to be involved with

413
00:20:09,049 --> 00:20:06,120

this stuff including different

414

00:20:10,970 --> 00:20:09,059

corporations and companies

415

00:20:13,070 --> 00:20:10,980

so I highlighted some of the good stuff

416

00:20:17,210 --> 00:20:13,080

that there's like 77 freaking pages of

417

00:20:19,549 --> 00:20:17,220

it so we're not gonna do that but

418

00:20:21,110 --> 00:20:19,559

the first thing I want to get to

419

00:20:23,330 --> 00:20:21,120

um the conclusions are interesting the

420

00:20:26,510 --> 00:20:23,340

conclusions is for some reason as on

421

00:20:31,190 --> 00:20:28,490

um but I highlighted this

422

00:20:32,390 --> 00:20:31,200

um and this is all going to get before

423

00:20:36,710 --> 00:20:32,400

um the

424

00:20:38,930 --> 00:20:36,720

uh project sign analysis of possible uh

425

00:20:40,610 --> 00:20:38,940

these UFOs being extraterrestrial

426
00:20:42,049 --> 00:20:40,620
so we have no definite inconclusive

427
00:20:43,909 --> 00:20:42,059
evidence is yet available that would

428
00:20:46,850 --> 00:20:43,919
prove or disprove the existence of these

429
00:20:48,830 --> 00:20:46,860
UFOs as real aircraft of unknown and

430
00:20:51,049 --> 00:20:48,840
conventional configuration it is

431
00:20:52,909 --> 00:20:51,059
unlikely that positive proof of their

432
00:20:54,710 --> 00:20:52,919
existence will be obtained without

433
00:20:59,750 --> 00:20:54,720
examination

434
00:21:04,250 --> 00:21:02,149
proof of non-existence is equally

435
00:21:06,230 --> 00:21:04,260
impossible to obtain unless a reasonable

436
00:21:08,450 --> 00:21:06,240
and convincing explanation is determined

437
00:21:10,970 --> 00:21:08,460
for each incident this kind of reminds

438
00:21:13,070 --> 00:21:10,980

me of

439

00:21:15,230 --> 00:21:13,080

where we are now you know you have like

440

00:21:16,669 --> 00:21:15,240

Midwest or green streets or people that

441

00:21:18,649 --> 00:21:16,679

just

442

00:21:20,390 --> 00:21:18,659

um are on the other side of the aisle

443

00:21:23,210 --> 00:21:20,400

any of these two people that can't

444

00:21:25,110 --> 00:21:23,220

really prove their case at all

445

00:21:28,010 --> 00:21:25,120

arguing

446

00:21:29,630 --> 00:21:28,020

[Laughter]

447

00:21:32,870 --> 00:21:29,640

but another thing that's interesting

448

00:21:36,890 --> 00:21:32,880

here is they're admitting here that

449

00:21:39,590 --> 00:21:36,900

what they need to prove something is a

450

00:21:41,990 --> 00:21:39,600

crashed object

451
00:21:45,289 --> 00:21:42,000
why crashed why does it have to be a

452
00:21:51,289 --> 00:21:48,049
why can't it just be like material from

453
00:21:52,850 --> 00:21:51,299
an object or a landed object has to be a

454
00:21:54,890 --> 00:21:52,860
crashed object

455
00:21:56,870 --> 00:21:54,900
and remains of it

456
00:21:58,730 --> 00:21:56,880
does that mean they've found one

457
00:22:05,870 --> 00:21:58,740
I don't know

458
00:22:09,289 --> 00:22:07,730
um I thought this was really interesting

459
00:22:11,210 --> 00:22:09,299
because

460
00:22:15,529 --> 00:22:11,220
um through my studies this air Weather

461
00:22:18,169 --> 00:22:15,539
Service has come up a whole bunch as the

462
00:22:20,930 --> 00:22:18,179
only other like department or whatever

463
00:22:24,049 --> 00:22:20,940

that is involved in the UFO study

464

00:22:25,430 --> 00:22:24,059

so I thought maybe and I have yet to do

465

00:22:26,930 --> 00:22:25,440

this but I do want to look into the air

466

00:22:29,630 --> 00:22:26,940

Weather Service to see what kind of

467

00:22:32,149 --> 00:22:29,640

materials they have I'm sure they were

468

00:22:34,669 --> 00:22:32,159

used a lot for you know temperatures and

469

00:22:37,970 --> 00:22:34,679

winds and all that kind of stuff and

470

00:22:40,549 --> 00:22:37,980

um but uh you know they were like hand

471

00:22:42,110 --> 00:22:40,559

in hand with all this stuff

472

00:22:43,909 --> 00:22:42,120

this is interesting there Weather

473

00:22:46,070 --> 00:22:43,919

Services reviewed the list of incidents

474

00:22:47,870 --> 00:22:46,080

and provided the information that 24 of

475

00:22:49,370 --> 00:22:47,880

them coincide both with respect to

476
00:22:52,190 --> 00:22:49,380
location and time with the release of

477
00:22:54,770 --> 00:22:52,200
weather balloons 24 instances

478
00:23:01,070 --> 00:22:54,780
you know many there were

479
00:23:03,890 --> 00:23:01,730
um

480
00:23:06,710 --> 00:23:03,900
and then we're gonna and I'm just gonna

481
00:23:08,870 --> 00:23:06,720
Breeze through this part

482
00:23:11,630 --> 00:23:08,880
so the interesting thing here is it

483
00:23:14,029 --> 00:23:11,640
states the Ohio State University has

484
00:23:15,649 --> 00:23:14,039
contracted with air material command to

485
00:23:21,649 --> 00:23:15,659
supply

486
00:23:25,549 --> 00:23:23,570
so this is kind of where he comes and

487
00:23:28,549 --> 00:23:25,559
but it's interesting that

488
00:23:30,710 --> 00:23:28,559

says the Ohio State University

489

00:23:32,390 --> 00:23:30,720

contracted so they didn't contract

490

00:23:37,909 --> 00:23:32,400

directly with Professor heineck

491

00:23:42,890 --> 00:23:40,310

I think that is very interesting it's

492

00:23:46,010 --> 00:23:42,900

also interesting here that Dr heineck is

493

00:23:47,210 --> 00:23:46,020

involved with this stuff from the

494

00:23:49,730 --> 00:23:47,220

beginning

495

00:23:52,430 --> 00:23:49,740

till the supposed end

496

00:23:54,110 --> 00:23:52,440

and even after that

497

00:23:55,610 --> 00:23:54,120

um if you were well this is a long time

498

00:23:56,750 --> 00:23:55,620

ago you probably won't remember this but

499

00:23:59,450 --> 00:23:56,760

we covered

500

00:24:01,610 --> 00:23:59,460

um an article Dr einck wrote in the FBI

501
00:24:04,130 --> 00:24:01,620
bulletin where he's talking about how

502
00:24:07,130 --> 00:24:04,140
UFO sightings now go to the police

503
00:24:08,630 --> 00:24:07,140
department and

504
00:24:11,029 --> 00:24:08,640
they call

505
00:24:13,730 --> 00:24:11,039
um just like a general hotline

506
00:24:16,070 --> 00:24:13,740
for coup and that's kupos that goes to

507
00:24:18,769 --> 00:24:16,080
kufos which heinek ran and he said the

508
00:24:20,630 --> 00:24:18,779
invisible College was there

509
00:24:23,510 --> 00:24:20,640
and then we have those letters where Dr

510
00:24:26,149 --> 00:24:23,520
heinek is writing to

511
00:24:28,070 --> 00:24:26,159
um the raaf of the Air Force in

512
00:24:30,169 --> 00:24:28,080
Australia

513
00:24:33,230 --> 00:24:30,179

in the mid to late 60s

514

00:24:36,350 --> 00:24:33,240

about getting information on their UFO

515

00:24:37,909 --> 00:24:36,360

sightings that are only of scientific

516

00:24:40,850 --> 00:24:37,919

um interest

517

00:24:42,470 --> 00:24:40,860

to give it to Dr Dugan

518

00:24:49,010 --> 00:24:42,480

so that him

519

00:24:55,490 --> 00:24:51,110

pretty interesting

520

00:24:59,210 --> 00:24:57,470

other things we see here so the

521

00:25:01,190 --> 00:24:59,220

interesting part of this is we have Ohio

522

00:25:03,649 --> 00:25:01,200

State University then right underneath

523

00:25:05,810 --> 00:25:03,659

that guest we have members of the

524

00:25:07,490 --> 00:25:05,820

scientific Advisory Board to the chief

525

00:25:09,169 --> 00:25:07,500

of staff United States Air Force have

526
00:25:13,029 --> 00:25:09,179
provided consultant services to project

527
00:25:18,169 --> 00:25:13,039
include Dr Irving uh langmore

528
00:25:21,830 --> 00:25:18,179
Chief uh General Electric research

529
00:25:27,010 --> 00:25:21,840
and Dr Valley of MIT General Electric is

530
00:25:27,020 --> 00:25:33,909
foreign

531
00:25:39,049 --> 00:25:36,470
spaceships is like all over this report

532
00:25:42,230 --> 00:25:39,059
of them thinking about it how can it be

533
00:25:44,930 --> 00:25:42,240
done all that stuff in the end spoiler

534
00:25:46,430 --> 00:25:44,940
they say it's improbable but they also

535
00:25:55,730 --> 00:25:46,440
say

536
00:25:57,529 --> 00:25:55,740
all this freaking time in into that

537
00:26:00,049 --> 00:25:57,539
aspect if you're not going to share with

538
00:26:02,630 --> 00:26:00,059

the public even uh to tell them this

539

00:26:04,430 --> 00:26:02,640

stuff that means you must have you know

540

00:26:06,950 --> 00:26:04,440

maybe thought something was going on

541

00:26:10,130 --> 00:26:06,960

there so in comes the Rand Corporation

542

00:26:12,110 --> 00:26:10,140

in as much as it various reminds us

543

00:26:14,450 --> 00:26:12,120

um have been Advanced at some of the

544

00:26:16,669 --> 00:26:14,460

reported observations may have been may

545

00:26:18,769 --> 00:26:16,679

have represented spaceships or satellite

546

00:26:20,810 --> 00:26:18,779

Vehicles a special study has been

547

00:26:23,690 --> 00:26:20,820

initiated with the Rand Corporation

548

00:26:25,970 --> 00:26:23,700

under the ren project to provide

549

00:26:27,289 --> 00:26:25,980

analysis from this standpoint and also

550

00:26:29,630 --> 00:26:27,299

to provide fundamental information

551
00:26:31,490 --> 00:26:29,640
pertaining to the basic design and

552
00:26:36,470 --> 00:26:31,500
performance characteristics that might

553
00:26:44,810 --> 00:26:41,870
so we have the Rand project looking into

554
00:26:46,789 --> 00:26:44,820
um if these things are from outer space

555
00:26:54,230 --> 00:26:46,799
and they also have the rain project

556
00:26:54,240 --> 00:26:58,850
case closed

557
00:27:03,590 --> 00:27:01,789
and I'm sorry but they're not going to

558
00:27:08,090 --> 00:27:03,600
be able to do that with the technology

559
00:27:12,590 --> 00:27:09,470
so

560
00:27:14,870 --> 00:27:12,600
did they have other technology

561
00:27:17,630 --> 00:27:14,880
quite possibly

562
00:27:19,549 --> 00:27:17,640
then we even have the FBI down here too

563
00:27:21,590 --> 00:27:19,559

the Federal Bureau of Investigation has

564

00:27:23,510 --> 00:27:21,600

assisted project sign in a number of

565

00:27:27,289 --> 00:27:23,520

instances

566

00:27:30,289 --> 00:27:27,299

both by investigations of the character

567

00:27:32,630 --> 00:27:30,299

and reliability of witnesses of

568

00:27:36,169 --> 00:27:32,640

incidents and providing other

569

00:27:41,450 --> 00:27:37,909

so who are those people that told people

570

00:27:41,460 --> 00:27:44,810

wonder who that was

571

00:27:49,250 --> 00:27:46,610

hmm

572

00:27:51,169 --> 00:27:49,260

Lara Sosa is right

573

00:27:53,570 --> 00:27:51,179

hmm

574

00:27:55,070 --> 00:27:53,580

you know in these when they investigate

575

00:27:57,590 --> 00:27:55,080

the people's character you look at these

576

00:28:00,350 --> 00:27:57,600

reports like they

577

00:28:03,110 --> 00:28:00,360

call their college to see if they got a

578

00:28:04,970 --> 00:28:03,120

degree in what classes they went to and

579

00:28:07,730 --> 00:28:04,980

where they work and where they used to

580

00:28:14,529 --> 00:28:07,740

work and where they used to live

581

00:28:19,190 --> 00:28:16,970

you get to tell me that they had control

582

00:28:20,570 --> 00:28:19,200

of everybody's investigation techniques

583

00:28:23,450 --> 00:28:20,580

and no one was like

584

00:28:25,549 --> 00:28:23,460

uh being a little intimidating perhaps

585

00:28:27,289 --> 00:28:25,559

but the interesting thing about that is

586

00:28:30,169 --> 00:28:27,299

you go to this choro incident that we

587

00:28:32,330 --> 00:28:30,179

covered recently here and an FBI agent

588

00:28:35,870 --> 00:28:32,340

was on the scene first

589

00:28:38,269 --> 00:28:35,880

with Captain holder from Kirkland the

590

00:28:41,870 --> 00:28:38,279

FBI agent is the one

591

00:28:51,470 --> 00:28:41,880

who told Lani Zamora to maybe not spill

592

00:28:59,810 --> 00:28:53,870

pretty interesting

593

00:29:04,669 --> 00:29:02,389

you know it's cool

594

00:29:07,190 --> 00:29:04,679

so here is like their kind of technical

595

00:29:09,169 --> 00:29:07,200

analysis of this stuff a certain

596

00:29:12,169 --> 00:29:09,179

proportion of incidents appear to be

597

00:29:14,330 --> 00:29:12,179

real aircraft so how can they say they

598

00:29:18,649 --> 00:29:14,340

appear to be real aircraft though of

599

00:29:18,659 --> 00:29:23,389

you know and then earlier

600

00:29:27,710 --> 00:29:25,669

in this we just saw that

601
00:29:30,230 --> 00:29:27,720
there wasn't enough evidence to say that

602
00:29:33,110 --> 00:29:30,240
they were real

603
00:29:35,090 --> 00:29:33,120
like what

604
00:29:37,490 --> 00:29:35,100
yeah probably trying to find dirt on

605
00:29:38,870 --> 00:29:37,500
them to write them off you know this

606
00:29:41,210 --> 00:29:38,880
guy's really

607
00:29:45,409 --> 00:29:41,220
not reliable

608
00:29:53,090 --> 00:29:45,419
which

609
00:29:58,610 --> 00:29:56,870
I've seen like probably a handful

610
00:30:02,870 --> 00:29:58,620
of where they go there they may be

611
00:30:05,990 --> 00:30:02,880
unreliable and I've looked at probably

612
00:30:07,430 --> 00:30:06,000
like individual cases probably at least

613
00:30:10,490 --> 00:30:07,440

you know

614

00:30:15,110 --> 00:30:10,500

300 maybe or something like that

615

00:30:23,269 --> 00:30:17,690

which is kind of curious and in and of

616

00:30:27,710 --> 00:30:25,490

well if you're telling people to shut up

617

00:30:30,049 --> 00:30:27,720

and people look at the paperwork and you

618

00:30:31,970 --> 00:30:30,059

have upstanding and reliable they're not

619

00:30:36,889 --> 00:30:31,980

going to think you're guilty of it

620

00:30:40,130 --> 00:30:38,450

well interesting you should say that

621

00:30:42,350 --> 00:30:40,140

because the Rand project actually

622

00:30:46,130 --> 00:30:42,360

started out

623

00:30:51,169 --> 00:30:48,529

it was a project the rain project

624

00:30:52,909 --> 00:30:51,179

but they decided that they needed to

625

00:30:55,730 --> 00:30:52,919

Outsource and get bids from other

626

00:31:00,769 --> 00:30:55,740

companies so they separated

627

00:31:00,779 --> 00:31:05,750

pretty interesting

628

00:31:10,789 --> 00:31:07,430

um

629

00:31:13,430 --> 00:31:10,799

so I think this is interesting method of

630

00:31:15,710 --> 00:31:13,440

supporting Wings fuselage lift wingless

631

00:31:20,269 --> 00:31:15,720

rotor vertical jet

632

00:31:25,370 --> 00:31:23,630

uh method of propulsion thrust

633

00:31:27,110 --> 00:31:25,380

just different things that they would

634

00:31:29,090 --> 00:31:27,120

have and they give a little Spiel here

635

00:31:31,009 --> 00:31:29,100

of an atomic energy powered engine were

636

00:31:39,710 --> 00:31:31,019

available a small mass flow

637

00:31:39,720 --> 00:31:45,289

um

638

00:31:45,299 --> 00:31:48,350

1946

639

00:31:51,409 --> 00:31:50,210

yeah that's a good question what segment

640

00:31:53,389 --> 00:31:51,419

of the government

641

00:31:57,169 --> 00:31:53,399

um I would

642

00:32:01,070 --> 00:31:59,149

it just maybe in the research and

643

00:32:03,169 --> 00:32:01,080

development it was on one of these

644

00:32:04,850 --> 00:32:03,179

documents that I read so I'd have to

645

00:32:06,649 --> 00:32:04,860

pull it up but I don't know if it

646

00:32:09,169 --> 00:32:06,659

specified that but I also only look at

647

00:32:15,049 --> 00:32:09,179

airports documents so I would imagine it

648

00:32:19,970 --> 00:32:17,269

here we go in addition man aircraft

649

00:32:24,970 --> 00:32:19,980

would require an excessive percent uh

650

00:32:32,450 --> 00:32:27,710

but if they're not humans would that be

651
00:32:32,460 --> 00:32:36,649
metal limitations

652
00:32:41,269 --> 00:32:38,750
they go through stability both static

653
00:32:43,810 --> 00:32:41,279
and dynamic uh the use of aerodynamic

654
00:32:46,669 --> 00:32:43,820
surfaces and weight distribution

655
00:32:48,649 --> 00:32:46,679
and here we go back down to here is

656
00:32:51,649 --> 00:32:48,659
possible spaceships World Knowledge

657
00:32:53,750 --> 00:32:51,659
techniques this is this is interesting

658
00:32:56,149 --> 00:32:53,760
World Knowledge techniques and resources

659
00:32:59,509 --> 00:32:56,159
are considered to be presently adequate

660
00:33:01,310 --> 00:32:59,519
for the development of spaceships

661
00:33:03,950 --> 00:33:01,320
distinguishing design and performance

662
00:33:11,269 --> 00:33:03,960
parameters are expected to be supplied

663
00:33:11,279 --> 00:33:17,570

interesting

664

00:33:21,769 --> 00:33:19,730

it is entirely possible that the

665

00:33:25,250 --> 00:33:21,779

configurations reported in small sizes

666

00:33:28,310 --> 00:33:25,260

could serve as very useful

667

00:33:31,190 --> 00:33:28,320

ordinance items to take the place or

668

00:33:33,769 --> 00:33:31,200

supplement short range weapons of ground

669

00:33:36,169 --> 00:33:33,779

infantry Warfare as the trench mortar I

670

00:33:38,690 --> 00:33:36,179

don't know I oh here we go so this is

671

00:33:42,049 --> 00:33:38,700

why I highlighted

672

00:33:43,669 --> 00:33:42,059

um this incorporates uh Russia and the

673

00:33:45,470 --> 00:33:43,679

idea of you know Russia having the

674

00:33:47,509 --> 00:33:45,480

saucers and all that kind of stuff so

675

00:33:49,970 --> 00:33:47,519

the small saucer like spinning discs

676

00:33:53,210 --> 00:33:49,980

reportedly underdevelopment by the USSR

677

00:33:54,769 --> 00:33:53,220

uh with the aid of German scientists

678

00:33:58,250 --> 00:33:54,779

interesting

679

00:34:00,529 --> 00:33:58,260

because I know a bunch about us having

680

00:34:02,330 --> 00:34:00,539

some German scientists

681

00:34:05,210 --> 00:34:02,340

um grammar and Dell mentioned that some

682

00:34:08,270 --> 00:34:05,220

went to the USSR and

683

00:34:09,649 --> 00:34:08,280

he actually says it would be worth

684

00:34:11,990 --> 00:34:09,659

digging into that a little bit more

685

00:34:14,649 --> 00:34:12,000

although I don't know how but anyways

686

00:34:17,450 --> 00:34:14,659

with the aid of German scientists having

687

00:34:19,490 --> 00:34:17,460

explosive edges and launched by a

688

00:34:21,290 --> 00:34:19,500

compressed air catapult perhaps in the

689

00:34:23,389 --> 00:34:21,300

manner of clay pigeons projected by a

690

00:34:26,089 --> 00:34:23,399

trap mechanism could possibly be

691

00:34:28,609 --> 00:34:26,099

ordinance articles also such devices

692

00:34:31,310 --> 00:34:28,619

could be used by aircrafts and attacking

693

00:34:34,310 --> 00:34:31,320

enemy airplane formations in such cases

694

00:34:36,050 --> 00:34:34,320

only a modest speed short range and

695

00:34:38,629 --> 00:34:36,060

limited flight duration would be

696

00:34:42,050 --> 00:34:38,639

required hence the aerodynamic

697

00:34:47,930 --> 00:34:42,060

efficiency of the design would not be a

698

00:34:52,790 --> 00:34:49,430

it's interesting that they say that

699

00:34:56,690 --> 00:34:52,800

because around July 7 1947 around the

700

00:34:59,390 --> 00:34:56,700

Roswell time there were reportings of

701
00:35:03,050 --> 00:34:59,400
these smaller disks like all over

702
00:35:07,250 --> 00:35:03,060
the place one was in Wisconsin

703
00:35:10,370 --> 00:35:07,260
and it looked like a saw blade basically

704
00:35:12,470 --> 00:35:10,380
but apparently those were

705
00:35:14,150 --> 00:35:12,480
shot off with like a slingshot type of

706
00:35:20,089 --> 00:35:14,160
thing so that's kind of interesting that

707
00:35:24,650 --> 00:35:22,849
then they give a little Tech analysis of

708
00:35:26,510 --> 00:35:24,660
the different configurations as we know

709
00:35:28,609 --> 00:35:26,520
flag discs

710
00:35:31,910 --> 00:35:28,619
and it's so interesting when Robert will

711
00:35:35,650 --> 00:35:31,920
know my frustration here is sometimes

712
00:35:38,450 --> 00:35:35,660
they spell it d-i-s-c-s sometimes it's

713
00:35:41,810 --> 00:35:38,460

d-i-c-k-s which makes finding documents

714

00:35:48,109 --> 00:35:43,970

and sometimes they don't use it at all

715

00:35:50,150 --> 00:35:48,119

they just call them like saucers

716

00:35:52,849 --> 00:35:50,160

um but yeah so we got the torpedo or

717

00:35:58,370 --> 00:35:52,859

cigar shaped bodies which is really

718

00:36:03,109 --> 00:36:00,290

spherical or balloon shape objects

719

00:36:06,470 --> 00:36:03,119

capable of hovering well I see that

720

00:36:09,650 --> 00:36:06,480

actually is probably the same as ball of

721

00:36:13,490 --> 00:36:09,660

Light which is AKA

722

00:36:17,870 --> 00:36:14,450

foreign

723

00:36:21,650 --> 00:36:19,849

an accident

724

00:36:25,030 --> 00:36:21,660

that was embarrassing

725

00:36:28,069 --> 00:36:25,040

[Laughter]

726

00:36:29,690 --> 00:36:28,079

oh man I'm so mature huh

727

00:36:32,870 --> 00:36:29,700

but I did it that's a real thing that

728

00:36:32,880 --> 00:36:38,530

that's a real thing that happened

729

00:36:44,510 --> 00:36:42,770

this politics maybe that too

730

00:36:47,810 --> 00:36:44,520

maybe I did all that I don't know I

731

00:36:53,150 --> 00:36:51,050

he saw a big flag dick I mean disc

732

00:36:55,130 --> 00:36:53,160

Okay so

733

00:36:56,870 --> 00:36:55,140

in addition Amanda aircraft would

734

00:37:00,349 --> 00:36:56,880

require yeah blah blah blah we already

735

00:37:03,710 --> 00:37:00,359

did this okay so let me skip down

736

00:37:10,569 --> 00:37:03,720

here's a cool sign I love their uh logo

737

00:37:10,579 --> 00:37:16,069

so what did I do here

738

00:37:20,390 --> 00:37:17,930

so they go through like the different

739

00:37:24,650 --> 00:37:20,400

possibilities

740

00:37:27,230 --> 00:37:24,660

options and like this one here more USSR

741

00:37:30,650 --> 00:37:29,089

um an objective evaluation of the

742

00:37:32,870 --> 00:37:30,660

ability of the Soviets to produce

743

00:37:35,030 --> 00:37:32,880

technical development so far in advance

744

00:37:36,950 --> 00:37:35,040

of the rest of the world results in the

745

00:37:38,810 --> 00:37:36,960

conclusion that the possibility is

746

00:37:42,410 --> 00:37:38,820

extremely remote

747

00:37:45,530 --> 00:37:42,420

man does it sound just like today

748

00:37:47,930 --> 00:37:45,540

another possibility is that these aerial

749

00:37:50,690 --> 00:37:47,940

objects are visitors

750

00:37:52,250 --> 00:37:50,700

from another planet little is known of

751
00:37:53,270 --> 00:37:52,260
the probabilities of life on other

752
00:37:55,970 --> 00:37:53,280
planets

753
00:37:57,890 --> 00:37:55,980
so there's no basis on which to judge

754
00:38:00,470 --> 00:37:57,900
the possibility that civilizations fire

755
00:38:01,730 --> 00:38:00,480
in advance of ours exist outside of

756
00:38:03,770 --> 00:38:01,740
Earth

757
00:38:06,370 --> 00:38:03,780
commentary on this possibility by Dr

758
00:38:09,050 --> 00:38:06,380
James lip of the Rand project

759
00:38:11,089 --> 00:38:09,060
Independence D indicates that this

760
00:38:12,530 --> 00:38:11,099
solution of the mystery connected with

761
00:38:15,470 --> 00:38:12,540
the sighting of identified flying

762
00:38:17,210 --> 00:38:15,480
objects is extremely improbable pending

763
00:38:18,650 --> 00:38:17,220

elimination of all other Solutions are

764

00:38:21,170 --> 00:38:18,660

definite proof of the nature of these

765

00:38:23,569 --> 00:38:21,180

objects this possibility will not be

766

00:38:26,210 --> 00:38:23,579

further explored well guess what

767

00:38:31,430 --> 00:38:26,220

they haven't eliminated all of them and

768

00:38:35,210 --> 00:38:32,870

pretty interesting

769

00:38:36,710 --> 00:38:35,220

uh this is just distribution list where

770

00:38:40,430 --> 00:38:36,720

did this report go all these different

771

00:38:40,440 --> 00:38:44,810

so when doing research

772

00:38:48,890 --> 00:38:47,210

I can go to the Blue Book archive for

773

00:38:51,530 --> 00:38:48,900

instance you can go in there and search

774

00:38:54,650 --> 00:38:51,540

these acronyms

775

00:38:58,430 --> 00:38:56,870

you'll get different things for

776

00:38:59,810 --> 00:38:58,440

different ones

777

00:39:02,990 --> 00:38:59,820

um

778

00:39:05,270 --> 00:39:03,000

and some of them are like this must be

779

00:39:10,310 --> 00:39:05,280

something well here you go that UFO girl

780

00:39:16,370 --> 00:39:13,510

lady wrong both are wrong

781

00:39:17,870 --> 00:39:16,380

uh but yeah so here it says uh Rand

782

00:39:20,630 --> 00:39:17,880

Incorporated Iran project the United

783

00:39:22,250 --> 00:39:20,640

States Air Force

784

00:39:23,810 --> 00:39:22,260

so

785

00:39:27,589 --> 00:39:23,820

the other one that's interesting here is

786

00:39:30,710 --> 00:39:27,599

the Office of Naval intelligence

787

00:39:40,370 --> 00:39:33,710

and what's missing here

788

00:39:45,349 --> 00:39:41,210

um

789

00:39:45,359 --> 00:39:48,829

where's the Army

790

00:39:54,890 --> 00:39:51,410

there's no Army interesting though

791

00:39:58,550 --> 00:39:54,900

because the Army was definitely involved

792

00:40:01,130 --> 00:39:58,560

in some of these sightings

793

00:40:03,710 --> 00:40:01,140

um I just looked at a report today that

794

00:40:06,430 --> 00:40:03,720

came from the fourth Army and one from

795

00:40:10,550 --> 00:40:06,440

the third Army of Georgia

796

00:40:14,030 --> 00:40:10,560

and one of the orders that would put

797

00:40:16,010 --> 00:40:14,040

through that made you know these uh Air

798

00:40:18,349 --> 00:40:16,020

Force installations report these on

799

00:40:20,150 --> 00:40:18,359

conventional aircrafts

800

00:40:23,329 --> 00:40:20,160

uh was written

801
00:40:29,690 --> 00:40:26,089
so why aren't they involved with this

802
00:40:32,750 --> 00:40:29,700
why aren't they getting a copy

803
00:40:35,329 --> 00:40:32,760
I don't know Robert mentioned this these

804
00:40:36,589 --> 00:40:35,339
people too Cambridge Field Station on

805
00:40:39,290 --> 00:40:36,599
that field station but Cambridge

806
00:40:41,870 --> 00:40:39,300
Cambridge is

807
00:40:43,849 --> 00:40:41,880
um university is definitely involved

808
00:40:46,370 --> 00:40:43,859
with some of this stuff during the early

809
00:40:48,770 --> 00:40:46,380
years with the green Fireballs in Dr

810
00:40:50,210 --> 00:40:48,780
lapaz Who is out of the University of

811
00:40:53,569 --> 00:40:50,220
New Mexico

812
00:40:56,870 --> 00:40:53,579
who ran something called project twinkle

813
00:40:59,870 --> 00:40:56,880

which was in this time frame which were

814

00:41:01,370 --> 00:40:59,880

just an influx of these green Fireballs

815

00:41:03,710 --> 00:41:01,380

that were coming in on the Southwest

816

00:41:05,510 --> 00:41:03,720

part of the country in Mexico and such

817

00:41:07,069 --> 00:41:05,520

Arizona

818

00:41:08,030 --> 00:41:07,079

and they couldn't figure out what they

819

00:41:13,750 --> 00:41:08,040

were

820

00:41:16,490 --> 00:41:13,760

greenish yellow I believe

821

00:41:21,589 --> 00:41:16,500

and instead of like continuing to go

822

00:41:27,349 --> 00:41:24,050

so a good way to look a little further

823

00:41:30,530 --> 00:41:27,359

into that is look up

824

00:41:33,710 --> 00:41:30,540

starvation Peak incident is a good one

825

00:41:35,510 --> 00:41:33,720

it's just Dr lapaz and it's crazy how

826

00:41:37,609 --> 00:41:35,520

all this stuff continues to be connected

827

00:41:39,410 --> 00:41:37,619

because again this this choro case

828

00:41:41,870 --> 00:41:39,420

Lonnie Zamora

829

00:41:43,490 --> 00:41:41,880

that Dr lapaz that I'm talking about

830

00:41:46,970 --> 00:41:43,500

here

831

00:41:49,309 --> 00:41:46,980

in 1948 20 years before was a character

832

00:41:52,010 --> 00:41:49,319

reference for Lonnie Zamora

833

00:41:55,670 --> 00:41:52,020

in the Socorro report

834

00:41:55,680 --> 00:41:58,730

interesting

835

00:42:04,550 --> 00:42:01,309

get a little off track there

836

00:42:04,560 --> 00:42:09,050

um that's okay yeah that's okay

837

00:42:13,490 --> 00:42:10,970

um so it this stuff is pretty

838

00:42:16,010 --> 00:42:13,500

interesting too these are like uh charts

839

00:42:18,470 --> 00:42:16,020

and they go by sightings by shape

840

00:42:21,349 --> 00:42:18,480

incidences

841

00:42:23,890 --> 00:42:21,359

um so you can see here sphere

842

00:42:25,550 --> 00:42:23,900

and disk

843

00:42:28,730 --> 00:42:25,560

disk

844

00:42:31,550 --> 00:42:28,740

all right number one with undetermined

845

00:42:32,680 --> 00:42:31,560

undetermined to me it just means like I

846

00:42:35,450 --> 00:42:32,690

don't know what shape that is

847

00:42:37,609 --> 00:42:35,460

[Laughter]

848

00:42:40,730 --> 00:42:37,619

I don't know what that is but the other

849

00:42:46,609 --> 00:42:44,030

this it's in the shape of a hoax

850

00:42:49,069 --> 00:42:46,619

oh okay

851

00:42:52,609 --> 00:42:49,079

what shape was it it was like kind of

852

00:42:54,109 --> 00:42:52,619

like uh four-sided hoax

853

00:42:57,390 --> 00:42:54,119

ah

854

00:43:00,050 --> 00:42:58,670

[Music]

855

00:43:03,890 --> 00:43:00,060

so this one

856

00:43:06,829 --> 00:43:03,900

um yeah so this is shapes

857

00:43:09,290 --> 00:43:06,839

by intensity of sightings by date so you

858

00:43:12,170 --> 00:43:09,300

can see here June and July

859

00:43:13,970 --> 00:43:12,180

of 1947

860

00:43:16,550 --> 00:43:13,980

pretty hot time

861

00:43:20,270 --> 00:43:16,560

pretty hard time

862

00:43:23,990 --> 00:43:22,430

you know that there is definitely ups

863

00:43:27,650 --> 00:43:24,000

and flows to this

864

00:43:31,309 --> 00:43:29,569

so I'm just running through these a lot

865

00:43:33,050 --> 00:43:31,319

then they even do like intensity of

866

00:43:35,329 --> 00:43:33,060

sightings by all the different shapes

867

00:43:38,870 --> 00:43:35,339

ball shape disc shape

868

00:43:45,349 --> 00:43:41,270

which you know just goes to show how

869

00:43:51,890 --> 00:43:49,250

you know and then you put that on top of

870

00:43:57,770 --> 00:43:51,900

here we are in 2022

871

00:44:02,510 --> 00:44:00,290

oh you too Laura

872

00:44:06,170 --> 00:44:02,520

thanks for hanging out

873

00:44:09,410 --> 00:44:06,180

I'll see you again soon you're the best

874

00:44:10,250 --> 00:44:09,420

you uh the best

875

00:44:11,930 --> 00:44:10,260

foreign

876

00:44:14,089 --> 00:44:11,940

so section D is interesting that

877

00:44:15,950 --> 00:44:14,099

anti-gravity Shield been proposed by

878

00:44:17,390 --> 00:44:15,960

various writers perhaps first by H.G

879

00:44:18,890 --> 00:44:17,400

Wells interesting that it might be

880

00:44:21,230 --> 00:44:18,900

possible to construct a means of

881

00:44:23,630 --> 00:44:21,240

shielding massive body from the

882

00:44:26,630 --> 00:44:23,640

influence of gravity

883

00:44:28,550 --> 00:44:26,640

such an object would then float recently

884

00:44:30,829 --> 00:44:28,560

there appeared in the press a notice

885

00:44:32,750 --> 00:44:30,839

that a prominent Economist has offered

886

00:44:34,970 --> 00:44:32,760

to support research on such an

887

00:44:37,609 --> 00:44:34,980

Enterprise so how long have we been

888

00:44:43,210 --> 00:44:37,619

looking into anti-gravity now

889

00:44:47,150 --> 00:44:45,589

just interesting that there's these

890

00:44:50,030 --> 00:44:47,160

certain things that we've been trying to

891

00:44:52,550 --> 00:44:50,040

accomplish for such a long time

892

00:44:55,790 --> 00:44:52,560

and we're getting really close to you

893

00:44:58,309 --> 00:44:55,800

know disclosure type doc

894

00:45:00,530 --> 00:44:58,319

I wonder if it has anything to do with

895

00:45:03,710 --> 00:45:00,540

how close we are to

896

00:45:06,230 --> 00:45:03,720

mastering this type of Technology

897

00:45:09,829 --> 00:45:08,150

but one would like to assume that the

898

00:45:11,690 --> 00:45:09,839

position itself of many reported

899

00:45:13,430 --> 00:45:11,700

observers guarantee their observations

900

00:45:15,530 --> 00:45:13,440

unfortunately there are many reports of

901
00:45:17,870 --> 00:45:15,540
curious phenomena by pilots during the

902
00:45:20,030 --> 00:45:17,880
war so this one I just really put in

903
00:45:24,230 --> 00:45:20,040
here to highlight the Foo Fighters of

904
00:45:27,770 --> 00:45:24,240
like World War II in the UFO scene

905
00:45:29,870 --> 00:45:27,780
um before like Roswell in this report 47

906
00:45:32,089 --> 00:45:29,880
and 48.

907
00:45:34,010 --> 00:45:32,099
um so there's not much to say here other

908
00:45:35,390 --> 00:45:34,020
than you have an acknowledgment of that

909
00:45:37,190 --> 00:45:35,400
being something

910
00:45:40,010 --> 00:45:37,200
you know which you don't need that in

911
00:45:41,690 --> 00:45:40,020
here for that but it's interesting

912
00:45:45,470 --> 00:45:41,700
but here they call them Fireball

913
00:45:55,670 --> 00:45:48,530

oh here we go let's all celebrate he got

914

00:46:04,910 --> 00:45:57,140

nice work Nigel

915

00:46:10,550 --> 00:46:06,650

proud of you man

916

00:46:12,530 --> 00:46:10,560

proud of you I'm proud of

917

00:46:13,730 --> 00:46:12,540

my friends here when good stuff happens

918

00:46:17,930 --> 00:46:13,740

to them

919

00:46:23,089 --> 00:46:20,630

so this part's a little interesting they

920

00:46:25,670 --> 00:46:23,099

go over extraterrestrial objects

921

00:46:29,690 --> 00:46:25,680

first one here is really interesting

922

00:46:32,150 --> 00:46:29,700

animals and extraterrestrial animal

923

00:46:34,609 --> 00:46:32,160

although the objects are described

924

00:46:37,069 --> 00:46:34,619

although the objects as described act

925

00:46:39,050 --> 00:46:37,079

more like animals than anything else

926

00:46:41,390 --> 00:46:39,060

there are few Reliable Reports on

927

00:46:45,050 --> 00:46:41,400

extraterrestrial animals what do you

928

00:46:49,450 --> 00:46:45,060

mean few Reliable Reports so does that

929

00:46:55,849 --> 00:46:52,730

you know there are a few Reliable

930

00:46:59,390 --> 00:46:55,859

Reports so there's not many but they

931

00:46:59,400 --> 00:47:03,230

that's interesting

932

00:47:07,550 --> 00:47:05,690

I haven't read a report or it indicated

933

00:47:13,250 --> 00:47:07,560

it was an extraterrestrial animal

934

00:47:18,349 --> 00:47:16,069

but I also wonder like if there was an

935

00:47:19,370 --> 00:47:18,359

alien and they had a body would they

936

00:47:34,089 --> 00:47:19,380

call it

937

00:47:38,750 --> 00:47:37,069

unless you know it seemed intelligent

938

00:47:48,470 --> 00:47:38,760

then I guess it'd be hard to call it an

939

00:47:51,410 --> 00:47:50,030

I don't know what you're saying there

940

00:47:54,470 --> 00:47:51,420

but this is

941

00:47:58,250 --> 00:47:54,480

shun only good conclusions some so some

942

00:48:04,910 --> 00:48:02,329

I got a new pet we should get dog cat no

943

00:48:09,650 --> 00:48:04,920

what would you get

944

00:48:13,609 --> 00:48:11,750

ships uh the following considerations

945

00:48:16,190 --> 00:48:13,619

pertain if there's an extraterrestrial

946

00:48:18,470 --> 00:48:16,200

civilization which can make such objects

947

00:48:20,870 --> 00:48:18,480

as a reported than it is most probable

948

00:48:22,849 --> 00:48:20,880

that its development is far in advance

949

00:48:24,650 --> 00:48:22,859

of ours this is exactly what we've been

950

00:48:26,690 --> 00:48:24,660

hearing

951
00:48:29,390 --> 00:48:26,700
the tech that we see is far in advance

952
00:48:30,470 --> 00:48:29,400
of ours 100 years a thousand years you

953
00:48:35,569 --> 00:48:30,480
name it people have said different

954
00:48:40,670 --> 00:48:37,670
such a civilization might observe that

955
00:48:43,790 --> 00:48:40,680
on Earth we now have atomic bombs

956
00:48:45,710 --> 00:48:43,800
and are fast developing Rockets

957
00:48:47,930 --> 00:48:45,720
in view of the past history of mankind

958
00:48:51,049 --> 00:48:47,940
they should be alarmed we should

959
00:48:56,630 --> 00:48:51,059
therefore expect at this time above all

960
00:48:56,640 --> 00:49:00,049
so

961
00:49:05,870 --> 00:49:02,930
they're saying if we're gonna get

962
00:49:08,870 --> 00:49:05,880
visitations from

963
00:49:12,770 --> 00:49:08,880

a civilization that can get here now is

964

00:49:17,569 --> 00:49:15,109

and it just so happens that during this

965

00:49:22,849 --> 00:49:20,630

there's crash reports body reports all

966

00:49:25,190 --> 00:49:22,859

that stuff

967

00:49:27,170 --> 00:49:25,200

I mean I haven't seen anybody reports

968

00:49:34,370 --> 00:49:27,180

those would be hidden I suppose

969

00:49:38,630 --> 00:49:36,710

you know and

970

00:49:40,970 --> 00:49:38,640

what are we seeing now like I'm not

971

00:49:44,210 --> 00:49:40,980

saying this is uh These Are UFOs or

972

00:49:46,549 --> 00:49:44,220

anything but uh Sweden with the objects

973

00:49:48,049 --> 00:49:46,559

over the nuclear reactors in all these

974

00:49:50,150 --> 00:49:48,059

different places and the police can't do

975

00:49:54,890 --> 00:49:50,160

a damn thing to catch them to track them

976
00:50:00,710 --> 00:49:58,069
and how many times like the report that

977
00:50:03,230 --> 00:50:00,720
we went over not too long ago of 144

978
00:50:05,630 --> 00:50:03,240
objects in three days where most of

979
00:50:11,950 --> 00:50:05,640
those were seen by Minutemen nuclear

980
00:50:11,960 --> 00:50:16,190
all this nuclear stuff

981
00:50:16,200 --> 00:50:20,329
very interesting

982
00:50:25,730 --> 00:50:22,549
another interesting point is if you guys

983
00:50:28,430 --> 00:50:25,740
know James lacaski

984
00:50:32,569 --> 00:50:30,530
someone on Twitter green screen on

985
00:50:34,790 --> 00:50:32,579
Twitter you know I feel about him

986
00:50:37,670 --> 00:50:34,800
whatever this was good

987
00:50:39,290 --> 00:50:37,680
he did some work on digging into that

988
00:50:43,069 --> 00:50:39,300

little Caskey guy and I don't know the

989

00:50:45,049 --> 00:50:43,079

details of it but it was very scientific

990

00:50:49,450 --> 00:50:45,059

stuff in like bomb stuff and like

991

00:50:54,770 --> 00:50:52,970

you know nothing to do with UFOs just

992

00:50:57,230 --> 00:50:54,780

that part of it

993

00:50:59,690 --> 00:50:57,240

but then later he was

994

00:51:03,710 --> 00:50:59,700

um the big dog with ASAP at Skinwalker

995

00:51:10,490 --> 00:51:06,109

it's all this like Atomic stuff weapon

996

00:51:15,370 --> 00:51:10,500

stuff UFOs like all this is

997

00:51:23,150 --> 00:51:17,930

and I don't know if it's us trying to

998

00:51:25,790 --> 00:51:23,160

make UFOs into weapons probably

999

00:51:27,710 --> 00:51:25,800

you know mimic their technology

1000

00:51:29,630 --> 00:51:27,720

because how are you going to mimic their

1001
00:51:31,609 --> 00:51:29,640
technology or if you want to right and

1002
00:51:33,530 --> 00:51:31,619
you didn't know

1003
00:51:35,089 --> 00:51:33,540
um let's say you know you have this

1004
00:51:38,870 --> 00:51:35,099
technology and you're not really sure

1005
00:51:40,730 --> 00:51:38,880
what it is it's so far Advanced right

1006
00:51:43,190 --> 00:51:40,740
how do you do it well the only logical

1007
00:51:45,650 --> 00:51:43,200
way to try to figure it out when you

1008
00:51:48,290 --> 00:51:45,660
have no idea of what it could be is to

1009
00:51:51,950 --> 00:51:48,300
learn as much as possible about what's

1010
00:51:53,690 --> 00:51:51,960
available to you in the present time

1011
00:51:56,569 --> 00:51:53,700
and hopefully

1012
00:51:58,370 --> 00:51:56,579
you know something will click or make

1013
00:52:04,549 --> 00:51:58,380

sense

1014

00:52:11,270 --> 00:52:06,530

and it seems like people try to do that

1015

00:52:15,290 --> 00:52:13,670

quite possibly

1016

00:52:21,829 --> 00:52:15,300

Sue

1017

00:52:27,170 --> 00:52:24,349

this is a pretty interesting uh letter

1018

00:52:31,010 --> 00:52:27,180

to Brigadier General putt

1019

00:52:35,450 --> 00:52:33,410

uh letter November 18th 48 relative to

1020

00:52:40,870 --> 00:52:35,460

flying object problem and they always

1021

00:52:45,230 --> 00:52:44,390

Linda actually Linda Thompson actually

1022

00:52:46,549 --> 00:52:45,240

um

1023

00:52:48,589 --> 00:52:46,559

mentioned that to me when I was first

1024

00:52:51,230 --> 00:52:48,599

doing researching it was called a

1025

00:52:56,210 --> 00:52:53,390

but I I mean I would assume it is I

1026

00:52:59,510 --> 00:52:57,890

but it's just interesting how they

1027

00:53:01,970 --> 00:52:59,520

always looked at this thing like a

1028

00:53:03,770 --> 00:53:01,980

problem or a threat or or something like

1029

00:53:06,589 --> 00:53:03,780

that instead of something more

1030

00:53:12,410 --> 00:53:09,349

you know per se like we're not alone in

1031

00:53:14,510 --> 00:53:12,420

the universe perhaps

1032

00:53:16,790 --> 00:53:14,520

no it's always like uh pain in the butt

1033

00:53:19,069 --> 00:53:16,800

like these people keep calling me at

1034

00:53:20,870 --> 00:53:19,079

night reporting these things it's a

1035

00:53:23,270 --> 00:53:20,880

problem

1036

00:53:28,190 --> 00:53:23,280

you know nobody there is like holy cow

1037

00:53:28,200 --> 00:53:31,849

maybe we're not alone

1038

00:53:38,030 --> 00:53:35,210

maybe some of the issue with not finding

1039

00:53:40,730 --> 00:53:38,040

out the correct information is the

1040

00:53:42,710 --> 00:53:40,740

negative mindset you guys heard of The

1041

00:53:43,970 --> 00:53:42,720

Law of Attraction rent if you're going

1042

00:53:46,490 --> 00:53:43,980

to keep thinking something's a problem

1043

00:53:49,329 --> 00:53:46,500

well guess what it is a problem

1044

00:53:54,970 --> 00:53:51,349

gets a little too detailed for me

1045

00:53:57,710 --> 00:53:54,980

sometimes I can't remember what the

1046

00:54:00,770 --> 00:53:57,720

ws-1171 is

1047

00:54:04,370 --> 00:54:00,780

but I would gather it's important Kashi

1048

00:54:04,380 --> 00:54:08,450

awesome

1049

00:54:13,490 --> 00:54:09,890

we don't like talking about other

1050

00:54:19,670 --> 00:54:16,670

all right but yeah it's crazy that you

1051

00:54:22,370 --> 00:54:19,680

saw the upred walking Wolfman

1052

00:54:25,490 --> 00:54:22,380

and there are many reports of that in Mr

1053

00:54:26,630 --> 00:54:25,500

neb's first skin marker book I don't

1054

00:54:30,049 --> 00:54:26,640

know about many but there definitely

1055

00:54:34,250 --> 00:54:32,089

um interesting too is that I believe

1056

00:54:37,130 --> 00:54:34,260

sometimes

1057

00:54:38,990 --> 00:54:37,140

there were like um I may screwed this up

1058

00:54:41,569 --> 00:54:39,000

but there were Footprints like really

1059

00:54:43,789 --> 00:54:41,579

weird Footprints and you know they

1060

00:54:44,809 --> 00:54:43,799

didn't go off in any direction they were

1061

00:54:46,490 --> 00:54:44,819

just

1062

00:54:50,750 --> 00:54:46,500

a few there where they saw it and that

1063

00:54:54,829 --> 00:54:52,670

and you know a lot of people think like

1064

00:54:56,870 --> 00:54:54,839

uh oh yeah you know wolves they're big

1065

00:55:00,950 --> 00:54:56,880

Dino beavers or whatever but let me tell

1066

00:55:03,770 --> 00:55:00,960

you we're already talking about

1067

00:55:06,950 --> 00:55:03,780

UFOs and spaceships and things from

1068

00:55:09,230 --> 00:55:06,960

outer space or interdimensional

1069

00:55:11,150 --> 00:55:09,240

so how can you deal and have patients

1070

00:55:20,650 --> 00:55:11,160

talking about something so bizarre is

1071

00:55:24,410 --> 00:55:23,210

yeah I see your message Shelly about the

1072

00:55:26,390 --> 00:55:24,420

balcony

1073

00:55:27,230 --> 00:55:26,400

um

1074

00:55:29,390 --> 00:55:27,240

okay

1075

00:55:31,190 --> 00:55:29,400

I don't know what the appropriate thing

1076
00:55:35,450 --> 00:55:31,200
to do there is I guess you could email

1077
00:55:40,789 --> 00:55:37,730
I can do that

1078
00:55:45,589 --> 00:55:43,789
so yeah so this is interesting so you

1079
00:55:47,809 --> 00:55:45,599
can read that if you want I've had it up

1080
00:55:50,870 --> 00:55:47,819
for a while

1081
00:55:53,390 --> 00:55:50,880
we got the Rand briefing there within

1082
00:55:55,430 --> 00:55:53,400
the next few days a good beginning is to

1083
00:56:00,069 --> 00:55:55,440
discuss some possible places of origin

1084
00:56:04,490 --> 00:56:03,049
whether intelligent beings exist to

1085
00:56:06,770 --> 00:56:04,500
appreciate these splendors of the

1086
00:56:08,210 --> 00:56:06,780
Martian landscape is pure speculation if

1087
00:56:09,890 --> 00:56:08,220
we have correctly reconstructed the

1088
00:56:11,809 --> 00:56:09,900

history of Mars there is little reason

1089

00:56:14,390 --> 00:56:11,819

to believe that life process may not

1090

00:56:16,250 --> 00:56:14,400

have followed a course similar to

1091

00:56:19,609 --> 00:56:16,260

terrestrial evolution

1092

00:56:24,770 --> 00:56:22,190

intelligent beings may have protected

1093

00:56:27,829 --> 00:56:24,780

themselves against the excessively slow

1094

00:56:30,530 --> 00:56:27,839

loss of atmosphere oxygen and Water by

1095

00:56:32,349 --> 00:56:30,540

constructing homes and cities with the

1096

00:56:34,549 --> 00:56:32,359

physical conditions scientifically

1097

00:56:38,089 --> 00:56:34,559

controlled as a second possibility

1098

00:56:40,130 --> 00:56:38,099

Evolution may have developed a being who

1099

00:56:41,450 --> 00:56:40,140

can withstand the rigors of the Martian

1100

00:56:46,549 --> 00:56:41,460

climate

1101
00:56:49,849 --> 00:56:48,470
these possibilities have sufficiently

1102
00:56:51,950 --> 00:56:49,859
expanded in the pseudoscientific

1103
00:56:54,109 --> 00:56:51,960
literature to make further amplification

1104
00:56:55,910 --> 00:56:54,119
supervillies

1105
00:57:01,130 --> 00:56:55,920
it's a perfectly that's a hard one

1106
00:57:04,670 --> 00:57:02,809
um so

1107
00:57:06,170 --> 00:57:04,680
this is really interesting but it's like

1108
00:57:08,510 --> 00:57:06,180
I can't read all this to you because

1109
00:57:11,930 --> 00:57:08,520
it's just like way too much to read and

1110
00:57:15,950 --> 00:57:13,849
um but

1111
00:57:20,750 --> 00:57:15,960
okay

1112
00:57:24,349 --> 00:57:23,450
it's pretty good yeah I mean Robert's

1113
00:57:27,049 --> 00:57:24,359

right

1114

00:57:32,809 --> 00:57:27,059

why are they even discussing this

1115

00:57:36,470 --> 00:57:34,970

why are they going into all these

1116

00:57:40,490 --> 00:57:36,480

different possibilities of how this

1117

00:57:44,329 --> 00:57:42,650

and it's they say it's improbable but

1118

00:57:46,190 --> 00:57:44,339

then they say we do not know the origin

1119

00:57:47,990 --> 00:57:46,200

of life even on Earth we are unable to

1120

00:57:48,950 --> 00:57:48,000

observe any signs of intelligent life on

1121

00:57:58,069 --> 00:57:48,960

Mars

1122

00:58:02,990 --> 00:58:00,829

it is not too unreasonable those words

1123

00:58:05,210 --> 00:58:03,000

not too unreasonable

1124

00:58:07,730 --> 00:58:05,220

to go a step further and consider Venus

1125

00:58:09,650 --> 00:58:07,740

as a possible home for intelligent life

1126
00:58:11,510 --> 00:58:09,660
the atmosphere to be sure apparently

1127
00:58:13,789 --> 00:58:11,520
consists mostly of carbon dioxide with

1128
00:58:16,430 --> 00:58:13,799
deep clouds or formaldehyde droplets

1129
00:58:18,829 --> 00:58:16,440
there seems to be little or no water yet

1130
00:58:20,750 --> 00:58:18,839
living organisms might develop in

1131
00:58:22,250 --> 00:58:20,760
chemical environments that are strange

1132
00:58:23,870 --> 00:58:22,260
to us

1133
00:58:28,130 --> 00:58:23,880
for instance

1134
00:58:32,030 --> 00:58:30,170
right

1135
00:58:33,950 --> 00:58:32,040
vegetable kitchen for example operates

1136
00:58:35,990 --> 00:58:33,960
on fundamentally different energy cycle

1137
00:58:38,809 --> 00:58:36,000
from man

1138
00:58:41,569 --> 00:58:38,819

bodies might be phys uh physical

1139

00:58:43,130 --> 00:58:41,579

principle bodies might be constructed

1140

00:58:46,130 --> 00:58:43,140

and operated with different chemicals

1141

00:58:48,309 --> 00:58:46,140

and other physical principles than any

1142

00:58:50,930 --> 00:58:48,319

of the creatures we know

1143

00:58:52,910 --> 00:58:50,940

one thing is evident fishes insects and

1144

00:58:55,130 --> 00:58:52,920

mammals all manufacture within their own

1145

00:58:57,410 --> 00:58:55,140

body's complex chemical compounds that

1146

00:58:59,329 --> 00:58:57,420

do not exist as minerals to this extent

1147

00:59:02,329 --> 00:58:59,339

life is self-sufficient and might well

1148

00:59:04,849 --> 00:59:02,339

adapt itself to any environment within

1149

00:59:06,170 --> 00:59:04,859

certain limits of temperature and size

1150

00:59:08,390 --> 00:59:06,180

of creature

1151
00:59:11,270 --> 00:59:08,400
Venus has two handicapped relative to

1152
00:59:13,970 --> 00:59:11,280
Mars from mass and gravity are nearly as

1153
00:59:19,069 --> 00:59:13,980
large as for the Earth Mars is smaller

1154
00:59:26,569 --> 00:59:21,670
cloudy atmosphere would discourage

1155
00:59:30,650 --> 00:59:28,430
so they're thinking very human there

1156
00:59:34,609 --> 00:59:30,660
well if they can't see anything they're

1157
00:59:42,849 --> 00:59:36,230
why do they have to have eyes why do

1158
00:59:48,289 --> 00:59:45,609
why do they see with eyes

1159
00:59:51,829 --> 00:59:48,299
the entire paper doesn't work in any

1160
00:59:57,109 --> 00:59:53,809
I'm not saying I believe in it I'm just

1161
01:00:00,530 --> 00:59:57,119
saying I'm open to whatever

1162
01:00:03,230 --> 01:00:00,540
I still need to see the proof right but

1163
01:00:04,910 --> 01:00:03,240

hey that's a good that's a good uh shout

1164

01:00:07,250 --> 01:00:04,920

out Valiant Thor

1165

01:00:09,410 --> 01:00:07,260

that's not talked about very often but

1166

01:00:12,049 --> 01:00:09,420

that was Dr

1167

01:00:14,809 --> 01:00:12,059

um Frank strangers which is a very

1168

01:00:19,080 --> 01:00:14,819

interesting character actually who is

1169

01:00:19,490 --> 01:00:19,090

was a big uh evangelist

1170

01:00:20,530 --> 01:00:19,500

[Music]

1171

01:00:23,870 --> 01:00:20,540

um

1172

01:00:25,490 --> 01:00:23,880

and he would give basically speeches and

1173

01:00:28,430 --> 01:00:25,500

stuff how he thought like the great

1174

01:00:32,089 --> 01:00:28,440

aliens were demonic

1175

01:00:34,430 --> 01:00:32,099

which is interesting because here we are

1176

01:00:39,349 --> 01:00:34,440

with people thinking that that some of

1177

01:00:45,950 --> 01:00:41,750

Valiant Thor was apparently a visitor

1178

01:00:49,250 --> 01:00:45,960

from Venus who came in and pretty much

1179

01:00:49,260 --> 01:00:53,690

um settled up in the Pentagon

1180

01:01:00,230 --> 01:00:58,069

and tried to I believe change

1181

01:01:02,390 --> 01:01:00,240

like the source of energy and all that

1182

01:01:06,230 --> 01:01:02,400

kind of stuff here and obviously they

1183

01:01:13,789 --> 01:01:09,470

which I should say is

1184

01:01:17,210 --> 01:01:13,799

you know reminds me of that um

1185

01:01:19,910 --> 01:01:17,220

uh recent uh volcano eruption from

1186

01:01:22,630 --> 01:01:19,920

underneath the ocean apparently it

1187

01:01:25,250 --> 01:01:22,640

caused a pretty massive oil spill

1188

01:01:28,670 --> 01:01:25,260

and that stuff just breaks my heart like

1189

01:01:31,789 --> 01:01:30,470

you know but it just goes to show like

1190

01:01:33,650 --> 01:01:31,799

we treat the Earth like we treat

1191

01:01:36,589 --> 01:01:33,660

everything else and I guess when I say

1192

01:01:39,289 --> 01:01:36,599

we I can really only speak for

1193

01:01:42,710 --> 01:01:39,299

the United States but

1194

01:01:45,289 --> 01:01:42,720

it's like fast food McDonald's like get

1195

01:01:47,030 --> 01:01:45,299

things fast make things easy and

1196

01:01:49,010 --> 01:01:47,040

accessible

1197

01:01:52,010 --> 01:01:49,020

you know and we do that on bigger scales

1198

01:01:56,450 --> 01:01:52,020

too with like oil and you know plastic

1199

01:01:58,309 --> 01:01:56,460

and non-recyclable materials and

1200

01:02:00,829 --> 01:01:58,319

you know drilling down deep in the earth

1201
01:02:03,109 --> 01:02:00,839
to get up you know whatever we need

1202
01:02:04,370 --> 01:02:03,119
and it's you know at some point that

1203
01:02:06,410 --> 01:02:04,380
stuff's going to catch up to you just

1204
01:02:09,650 --> 01:02:06,420
like everything else does

1205
01:02:13,730 --> 01:02:11,930
like if you go for a convenient like

1206
01:02:14,809 --> 01:02:13,740
let's say McDonald's like you do that

1207
01:02:16,609 --> 01:02:14,819
enough

1208
01:02:19,130 --> 01:02:16,619
guess what

1209
01:02:22,010 --> 01:02:19,140
you wind up becoming very unhealthy and

1210
01:02:26,150 --> 01:02:24,170
and if you cut those Corners in other

1211
01:02:28,670 --> 01:02:26,160
places too the same thing's gonna happen

1212
01:02:30,289 --> 01:02:28,680
if you don't think outside of the box to

1213
01:02:32,210 --> 01:02:30,299

create eight things that could be

1214

01:02:37,549 --> 01:02:32,220

recycled or reused

1215

01:02:44,150 --> 01:02:39,109

you know

1216

01:02:49,549 --> 01:02:46,609

and

1217

01:02:51,650 --> 01:02:49,559

eventually catches up to you

1218

01:02:53,210 --> 01:02:51,660

we keep making babies we keep making

1219

01:02:58,730 --> 01:02:53,220

garbage

1220

01:02:58,740 --> 01:03:02,870

so

1221

01:03:05,150 --> 01:03:04,130

you know

1222

01:03:07,970 --> 01:03:05,160

um

1223

01:03:09,529 --> 01:03:07,980

and like nuclear weapons and weaponry is

1224

01:03:11,809 --> 01:03:09,539

another thing

1225

01:03:13,730 --> 01:03:11,819

how fast and how

1226

01:03:16,250 --> 01:03:13,740

you know how fast can we destroy

1227

01:03:18,289 --> 01:03:16,260

somebody else Hypersonic weapons you

1228

01:03:20,690 --> 01:03:18,299

know

1229

01:03:22,490 --> 01:03:20,700

we need to be faster

1230

01:03:27,650 --> 01:03:22,500

to bomb somebody else and they can bomb

1231

01:03:35,750 --> 01:03:30,829

and then we see these UFOs around

1232

01:03:42,170 --> 01:03:39,109

maybe they are beings based off of a

1233

01:03:45,470 --> 01:03:42,180

Consciousness that exists

1234

01:03:48,289 --> 01:03:45,480

that we're not that well aware of you

1235

01:03:52,309 --> 01:03:50,270

what if these things are just trying to

1236

01:03:54,950 --> 01:03:52,319

give hints and we're just that stupid

1237

01:03:57,770 --> 01:03:54,960

that we don't get them like Robert Sala

1238

01:04:01,370 --> 01:03:59,510

what are you idiots doing with this kind

1239

01:04:04,430 --> 01:04:01,380

of stuff

1240

01:04:06,710 --> 01:04:04,440

what why in God's name would you ever

1241

01:04:11,450 --> 01:04:06,720

want to

1242

01:04:15,529 --> 01:04:13,069

you know because they might do that to

1243

01:04:20,390 --> 01:04:15,539

you or whatever okay but that doesn't

1244

01:04:27,950 --> 01:04:23,750

so

1245

01:04:30,710 --> 01:04:27,960

little tangent

1246

01:04:36,829 --> 01:04:30,720

yeah Robert we came to a grinding hold

1247

01:04:41,450 --> 01:04:39,950

so yeah well at least there's plenty of

1248

01:04:44,630 --> 01:04:41,460

stuff that you can come up and read here

1249

01:04:48,349 --> 01:04:47,029

yeah so one other hypothesis needs to be

1250

01:04:51,710 --> 01:04:48,359

discussed it's a pretty good one because

1251

01:04:53,390 --> 01:04:51,720

this is uh talked about for sure

1252

01:04:55,549 --> 01:04:53,400

even today

1253

01:04:57,529 --> 01:04:55,559

one other hypothesis needs to be

1254

01:05:00,049 --> 01:04:57,539

discussed it is that the Martians have

1255

01:05:02,210 --> 01:05:00,059

kept a long-term routine watch on Earth

1256

01:05:05,569 --> 01:05:02,220

that have been alarmed by the sight of

1257

01:05:08,630 --> 01:05:05,579

our A-bomb shots as evidence that we are

1258

01:05:12,049 --> 01:05:08,640

warlike and on the threshold of space

1259

01:05:18,650 --> 01:05:13,970

the first flying objects were cited in

1260

01:05:18,660 --> 01:05:23,990

after a total of five Atomic explosions

1261

01:05:29,870 --> 01:05:26,750

and then they run them off there of

1262

01:05:35,089 --> 01:05:29,880

these the first two were in positions to

1263

01:05:42,950 --> 01:05:38,510

I didn't know that

1264

01:05:46,069 --> 01:05:42,960

so

1265

01:05:53,990 --> 01:05:46,079

the first two nuclear tests were in

1266

01:05:58,010 --> 01:05:55,910

is it interesting that we have a mission

1267

01:06:00,410 --> 01:05:58,020

on Mars searching for life right now and

1268

01:06:03,289 --> 01:06:00,420

we just got

1269

01:06:05,270 --> 01:06:03,299

a little bit of a hint

1270

01:06:07,970 --> 01:06:05,280

that they're finding something that's

1271

01:06:15,589 --> 01:06:07,980

very closely collaborated with life not

1272

01:06:19,130 --> 01:06:18,170

oh

1273

01:06:23,390 --> 01:06:19,140

um

1274

01:06:25,430 --> 01:06:23,400

I'm sorry about that I hate hearing a

1275

01:06:28,970 --> 01:06:25,440

about that kind of stuff

1276

01:06:28,980 --> 01:06:32,930

you got it anytime

1277

01:06:37,490 --> 01:06:34,910

um if you want like I have stuff on

1278

01:06:39,529 --> 01:06:37,500

Spotify finder so like if you have that

1279

01:06:43,970 --> 01:06:39,539

you can just listen to it for free

1280

01:06:43,980 --> 01:06:47,390

so

1281

01:06:51,770 --> 01:06:49,250

that's just interesting I don't know how

1282

01:06:54,770 --> 01:06:51,780

this slip passed me before

1283

01:06:57,230 --> 01:06:54,780

but it has it is likely that Martian

1284

01:06:59,150 --> 01:06:57,240

astronomers with their thin atmosphere

1285

01:07:01,849 --> 01:06:59,160

could build telescopes big enough to see

1286

01:07:04,789 --> 01:07:01,859

A-bomb explosions on Earth even though

1287

01:07:07,130 --> 01:07:04,799

we were 165 153 Million Miles Away

1288

01:07:08,750 --> 01:07:07,140

respectively

1289

01:07:10,730 --> 01:07:08,760

um the weakest point in that hypothesis

1290

01:07:12,829 --> 01:07:10,740

is that a continual defensive watch of

1291

01:07:15,410 --> 01:07:12,839

Earth for long periods of time perhaps

1292

01:07:16,910 --> 01:07:15,420

thousands of years would be would be

1293

01:07:19,789 --> 01:07:16,920

dull sport

1294

01:07:21,589 --> 01:07:19,799

and no race that even remotely resembled

1295

01:07:24,109 --> 01:07:21,599

man would undertake it

1296

01:07:26,089 --> 01:07:24,119

how do you know

1297

01:07:28,130 --> 01:07:26,099

we haven't even considered the idea for

1298

01:07:35,930 --> 01:07:28,140

Venus or Mars for example

1299

01:07:41,270 --> 01:07:38,529

if Merchants are now visiting us without

1300

01:07:43,130 --> 01:07:41,280

contact it can be assumed that they have

1301
01:07:44,809 --> 01:07:43,140
just recently succeeded in space travel

1302
01:07:47,990 --> 01:07:44,819
and that their civilization would be

1303
01:07:50,450 --> 01:07:48,000
practically abreast of ours

1304
01:07:53,569 --> 01:07:50,460
see the problem with a lot of this stuff

1305
01:07:57,710 --> 01:07:56,510
you know they relate it on to like human

1306
01:08:01,069 --> 01:07:57,720
reasoning

1307
01:08:04,309 --> 01:08:01,079
which is pretty silly to me

1308
01:08:04,319 --> 01:08:11,930
yeah a bandcamp sweet

1309
01:08:11,940 --> 01:08:17,149
you know so

1310
01:08:21,530 --> 01:08:19,370
I don't know

1311
01:08:24,950 --> 01:08:21,540
pretty interesting though this is pretty

1312
01:08:27,590 --> 01:08:24,960
look how far into this they go so next

1313
01:08:29,269 --> 01:08:27,600

true variable Stars can be eliminated oh

1314

01:08:30,829 --> 01:08:29,279

yeah since conditions on a planet

1315

01:08:33,410 --> 01:08:30,839

attached two variable star would

1316

01:08:36,470 --> 01:08:33,420

fluctuate too wildly to permit life well

1317

01:08:43,070 --> 01:08:36,480

fast forward to 2022 and boy do we know

1318

01:08:47,749 --> 01:08:45,410

so that's pretty interesting

1319

01:08:49,669 --> 01:08:47,759

it you know another thing that we can

1320

01:08:53,269 --> 01:08:49,679

take from this is the things that they

1321

01:09:00,349 --> 01:08:56,209

how sure of themselves they sound here

1322

01:09:00,359 --> 01:09:03,110

right

1323

01:09:09,769 --> 01:09:04,789

and think about the things we say now

1324

01:09:09,779 --> 01:09:16,130

and how those are apt to change as well

1325

01:09:18,829 --> 01:09:17,269

okay

1326

01:09:19,610 --> 01:09:18,839

but that being said

1327

01:09:21,890 --> 01:09:19,620

um

1328

01:09:23,329 --> 01:09:21,900

oh they even get some uh equations in

1329

01:09:27,470 --> 01:09:23,339

here

1330

01:09:29,149 --> 01:09:27,480

want it reach out to me I can make sure

1331

01:09:31,070 --> 01:09:29,159

that you get it and you can you know

1332

01:09:33,349 --> 01:09:31,080

read it for yourself

1333

01:09:38,510 --> 01:09:33,359

or let me know and we can go over the

1334

01:09:46,010 --> 01:09:41,450

oh gotcha thanks Toby

1335

01:09:48,829 --> 01:09:47,630

so

1336

01:09:51,289 --> 01:09:48,839

um

1337

01:09:53,809 --> 01:09:51,299

thanks for looking out

1338

01:09:55,130 --> 01:09:53,819

so with that being said uh I'm gonna get

1339

01:09:57,050 --> 01:09:55,140

out of here

1340

01:09:58,310 --> 01:09:57,060

but yeah if you guys want any of this

1341

01:10:00,290 --> 01:09:58,320

stuff you just let me know and I can

1342

01:10:01,910 --> 01:10:00,300

send it to you or you know if you want

1343

01:10:03,830 --> 01:10:01,920

me to finish on a different episode we

1344

01:10:06,640 --> 01:10:03,840

can do that too it's up to you otherwise

1345

01:10:07,130 --> 01:10:06,650

follow me on Twitter I'll usually

1346

01:10:08,510 --> 01:10:07,140

[Music]

1347

01:10:10,669 --> 01:10:08,520

um

1348

01:10:12,290 --> 01:10:10,679

you know take little screenshots of what

1349

01:10:16,250 --> 01:10:12,300

I think are the best parts in post on my

1350

01:10:21,050 --> 01:10:18,410

um but yeah

1351

01:10:23,390 --> 01:10:21,060

Sean link to the docs link to the docs

1352

01:10:25,510 --> 01:10:23,400

man all right hold on a sec just hang

1353

01:10:27,350 --> 01:10:25,520

out with me for a sec and uh quick

1354

01:10:29,689 --> 01:10:27,360

upload it

1355

01:10:32,270 --> 01:10:29,699

to Google Drive funny thing is I know I

1356

01:10:34,610 --> 01:10:32,280

have this already but it's like in my

1357

01:10:37,070 --> 01:10:34,620

Google Drive but

1358

01:10:39,890 --> 01:10:37,080

it's getting a little too messy in there

1359

01:10:42,649 --> 01:10:39,900

and it's hard to find stuff

1360

01:10:42,659 --> 01:10:47,750

it's easier if I just do it again

1361

01:10:59,169 --> 01:10:50,990

Sue I will share it with you so you can

1362

01:10:59,179 --> 01:11:04,010
