

1  
00:00:05,510 --> 00:00:02,869  
what's up everybody happy wednesday we

2  
00:00:07,990 --> 00:00:05,520  
have a special show for you today uh

3  
00:00:09,350 --> 00:00:08,000  
with mr graham rendell and a jay

4  
00:00:11,430 --> 00:00:09,360  
christopher king

5  
00:00:12,870 --> 00:00:11,440  
um and we're going to

6  
00:00:15,190 --> 00:00:12,880  
talk about well

7  
00:00:17,109 --> 00:00:15,200  
whatever we want to talk about that's

8  
00:00:17,910 --> 00:00:17,119  
for sure

9  
00:00:20,070 --> 00:00:17,920  
um

10  
00:00:23,109 --> 00:00:20,080  
instead of starting this show as i

11  
00:00:24,950 --> 00:00:23,119  
usually do with a

12  
00:00:28,710 --> 00:00:24,960  
specific uh

13  
00:00:31,269 --> 00:00:28,720

well you know a intro i'm going to start

14

00:00:32,950 --> 00:00:31,279

with a kind of a surprise audio

15

00:00:34,310 --> 00:00:32,960

testimony that i'm sure graham has

16

00:00:36,229 --> 00:00:34,320

already heard

17

00:00:37,910 --> 00:00:36,239

but hopefully it still surprises him

18

00:00:39,430 --> 00:00:37,920

nonetheless

19

00:00:40,790 --> 00:00:39,440

i'm sure you guys will be able to put it

20

00:00:41,830 --> 00:00:40,800

together and what it is and where it's

21

00:00:44,869 --> 00:00:41,840

from

22

00:00:46,389 --> 00:00:44,879

as it plays and after that i'll be right

23

00:00:49,029 --> 00:00:46,399

back in

24

00:00:50,389 --> 00:00:49,039

1942

25

00:00:52,229 --> 00:00:50,399

in

26

00:00:55,189 --> 00:00:52,239

june

27

00:00:57,590 --> 00:00:55,199

uh we went on the bombing mission i was

28

00:00:59,189 --> 00:00:57,600

flying bombers wellingtons

29

00:01:00,790 --> 00:00:59,199

over

30

00:01:03,990 --> 00:01:00,800

roar

31

00:01:05,189 --> 00:01:04,000

or otherwise so-called happy valley

32

00:01:06,950 --> 00:01:05,199

and

33

00:01:09,910 --> 00:01:06,960

the trip was

34

00:01:12,230 --> 00:01:09,920

we perform everything what was necessary

35

00:01:13,350 --> 00:01:12,240

drop the bombs on the target and on the

36

00:01:16,710 --> 00:01:13,360

way back

37

00:01:18,550 --> 00:01:16,720

while we were flying over the

38

00:01:19,749 --> 00:01:18,560

zoider sea

39

00:01:21,510 --> 00:01:19,759

which is

40

00:01:22,870 --> 00:01:21,520

the part of

41

00:01:25,350 --> 00:01:22,880

holland

42

00:01:26,630 --> 00:01:25,360

my rear gunner

43

00:01:30,149 --> 00:01:26,640

reported

44

00:01:33,510 --> 00:01:30,159

an aircraft approaching from the rear

45

00:01:35,350 --> 00:01:33,520

i told him that if this uh

46

00:01:38,310 --> 00:01:35,360

object comes too close then we'll have

47

00:01:39,190 --> 00:01:38,320

to open the fire on him

48

00:01:40,710 --> 00:01:39,200

and

49

00:01:44,069 --> 00:01:40,720

my

50

00:01:45,590 --> 00:01:44,079

idea was that perhaps it was a

51  
00:01:48,630 --> 00:01:45,600  
a german

52  
00:01:50,710 --> 00:01:48,640  
fighter aircraft equipped with the

53  
00:01:51,910 --> 00:01:50,720  
satchelite in the nose

54  
00:01:53,510 --> 00:01:51,920  
so

55  
00:01:55,830 --> 00:01:53,520  
when these things came close i wouldn't

56  
00:01:58,630 --> 00:01:55,840  
take any chance on it and

57  
00:02:00,630 --> 00:01:58,640  
i told my rear gunner to

58  
00:02:01,749 --> 00:02:00,640  
give him a blast

59  
00:02:03,990 --> 00:02:01,759  
so

60  
00:02:04,950 --> 00:02:04,000  
then he opened the fire on him

61  
00:02:07,030 --> 00:02:04,960  
maybe

62  
00:02:08,389 --> 00:02:07,040  
200 yards

63  
00:02:09,910 --> 00:02:08,399

and at that

64

00:02:12,550 --> 00:02:09,920

distance

65

00:02:15,750 --> 00:02:12,560

this object was

66

00:02:18,229 --> 00:02:15,760

almost the size of the moon which was

67

00:02:21,589 --> 00:02:18,239

also visible at the same time

68

00:02:24,390 --> 00:02:21,599

maybe possibly a bit bigger we uh use

69

00:02:26,630 --> 00:02:24,400

the tracers in the machine guns the four

70

00:02:29,430 --> 00:02:26,640

machine guns in the rear turret

71

00:02:31,270 --> 00:02:29,440

and while this rear gun was shooting we

72

00:02:33,030 --> 00:02:31,280

could follow exactly the

73

00:02:33,990 --> 00:02:33,040

trajectory of the

74

00:02:35,830 --> 00:02:34,000

shells

75

00:02:38,869 --> 00:02:35,840

which were entering the

76

00:02:40,869 --> 00:02:38,879

that particular target now the peculiar

77

00:02:42,949 --> 00:02:40,879

thing about it was that um

78

00:02:46,470 --> 00:02:42,959

those were just uh going in and that was

79

00:02:47,670 --> 00:02:46,480

the end of it they wouldn't fall down

80

00:02:50,869 --> 00:02:47,680

and

81

00:02:53,589 --> 00:02:50,879

so-called tracers those tracers would

82

00:02:55,990 --> 00:02:53,599

just enter and that was it

83

00:02:57,190 --> 00:02:56,000

now for that lasted for

84

00:02:59,190 --> 00:02:57,200

possibly

85

00:03:01,350 --> 00:02:59,200

i know maybe two minutes

86

00:03:03,509 --> 00:03:01,360

and after that time

87

00:03:04,630 --> 00:03:03,519

the um

88

00:03:08,309 --> 00:03:04,640

this

89

00:03:09,670 --> 00:03:08,319

shining object suddenly changed the

90

00:03:13,110 --> 00:03:09,680

position

91

00:03:14,309 --> 00:03:13,120

and at a terrific speed moved over

92

00:03:16,229 --> 00:03:14,319

to

93

00:03:19,350 --> 00:03:16,239

our port side

94

00:03:21,670 --> 00:03:19,360

uh almost at the same distance

95

00:03:24,949 --> 00:03:21,680

about 200 yards from the wing

96

00:03:27,830 --> 00:03:24,959

and then it stayed there of course then

97

00:03:30,630 --> 00:03:27,840

uh both rear gunner and the front gunner

98

00:03:33,990 --> 00:03:30,640

opened the fire on my other and

99

00:03:35,750 --> 00:03:34,000

i could see the tracers entering the

100

00:03:38,070 --> 00:03:35,760

target again from

101  
00:03:40,149 --> 00:03:38,080  
under two angles at which i was sure

102  
00:03:41,030 --> 00:03:40,159  
that this was pretty close to 200 yards

103  
00:03:44,070 --> 00:03:41,040  
then

104  
00:03:45,990 --> 00:03:44,080  
because you could see the angle of uh

105  
00:03:47,350 --> 00:03:46,000  
crossing the tracers

106  
00:03:49,670 --> 00:03:47,360  
after a while

107  
00:03:51,509 --> 00:03:49,680  
it moved up

108  
00:03:54,390 --> 00:03:51,519  
took off at a

109  
00:03:56,949 --> 00:03:54,400  
fantastic speed at the

110  
00:03:58,630 --> 00:03:56,959  
at least 45 degrees angle and they just

111  
00:04:05,830 --> 00:03:58,640  
disappeared between the

112  
00:04:09,990 --> 00:04:07,910  
that was it um i'm pretty sure i

113  
00:04:12,070 --> 00:04:10,000

confused grammy wrote a whole book on

114

00:04:14,550 --> 00:04:12,080

the foo fighters but

115

00:04:16,870 --> 00:04:14,560

i know for a fact well i mean i don't

116

00:04:18,949 --> 00:04:16,880

know for a fact but i can only assume

117

00:04:21,110 --> 00:04:18,959

that somehow someway

118

00:04:23,990 --> 00:04:21,120

he didn't know about this one is that

119

00:04:28,550 --> 00:04:24,000

right graeme a sergeant roman sebastian

120

00:04:31,749 --> 00:04:28,560

sabinsky three owner 301 squadron

121

00:04:34,629 --> 00:04:31,759

based in lincoln march 1942 that's what

122

00:04:36,570 --> 00:04:34,639

the story is it's the cover of the book

123

00:04:38,230 --> 00:04:36,580

basically that's what he's describing

124

00:04:40,070 --> 00:04:38,240

[Laughter]

125

00:04:42,469 --> 00:04:40,080

where did you find that i'll see i've

126

00:04:44,550 --> 00:04:42,479

read the transcript but i've i didn't

127

00:04:47,430 --> 00:04:44,560

realize it was available as an audio

128

00:04:50,230 --> 00:04:47,440

really yeah i found it and then that

129

00:04:51,270 --> 00:04:50,240

makes me happy uh national archives

130

00:04:53,990 --> 00:04:51,280

excellent

131

00:04:55,990 --> 00:04:54,000

yeah so there was this whole um

132

00:04:59,110 --> 00:04:56,000

kind of collection by i think her name

133

00:05:00,469 --> 00:04:59,120

was wendy connors like faded as it was

134

00:05:03,110 --> 00:05:00,479

called or something

135

00:05:04,790 --> 00:05:03,120

and so i don't know if it was all all

136

00:05:07,909 --> 00:05:04,800

the testimonies she has but there's a

137

00:05:09,909 --> 00:05:07,919

large chunk of uh audio recordings that

138

00:05:11,670 --> 00:05:09,919

were uploaded to national archives so

139

00:05:13,749 --> 00:05:11,680

i've been playing like two of those a

140

00:05:15,670 --> 00:05:13,759

day on the show because you know i feel

141

00:05:18,710 --> 00:05:15,680

like basically they're just there and

142

00:05:21,029 --> 00:05:18,720

dying and rotting away so i try to you

143

00:05:22,950 --> 00:05:21,039

know at least get a couple in there

144

00:05:24,710 --> 00:05:22,960

on every show so and i thought i've been

145

00:05:27,270 --> 00:05:24,720

holding onto this foo fighters one for a

146

00:05:29,270 --> 00:05:27,280

long time and today i was like oh it's

147

00:05:30,230 --> 00:05:29,280

perfect for today

148

00:05:31,270 --> 00:05:30,240

thank you

149

00:05:32,950 --> 00:05:31,280

yeah

150

00:05:34,950 --> 00:05:32,960

that's made my day

151

00:05:36,950 --> 00:05:34,960

awesome perfect well we're starting in

152

00:05:39,510 --> 00:05:36,960

hot so how's everybody doing how are you

153

00:05:41,990 --> 00:05:39,520

guys doing

154

00:05:44,550 --> 00:05:42,000

i'm doing great myself

155

00:05:46,950 --> 00:05:44,560

that was beautiful to hear i

156

00:05:47,749 --> 00:05:46,960

i don't have any knowledge of that case

157

00:05:53,270 --> 00:05:47,759

um

158

00:05:56,550 --> 00:05:53,280

graham's doing i'd love to hear more

159

00:05:58,390 --> 00:05:56,560

about that um uh before we move forward

160

00:06:00,070 --> 00:05:58,400

that would be amazing i mean that was

161

00:06:01,430 --> 00:06:00,080

actually like one of the best accounts

162

00:06:02,790 --> 00:06:01,440

that i've heard i mean that was

163

00:06:04,469 --> 00:06:02,800

incredibly straightforward but if

164

00:06:06,629 --> 00:06:04,479

there's any other information about it

165

00:06:08,150 --> 00:06:06,639

that they could help elucidate that case

166

00:06:10,469 --> 00:06:08,160

that's awesome yeah

167

00:06:12,950 --> 00:06:10,479

i'm i'm jealous actually that um i'm not

168

00:06:16,710 --> 00:06:12,960

with vinnie and um and dan actually you

169

00:06:20,629 --> 00:06:18,870

if i could be out in colombia like

170

00:06:22,309 --> 00:06:20,639

hiking up mountains and looking at

171

00:06:23,670 --> 00:06:22,319

strange lights in the distance that

172

00:06:26,230 --> 00:06:23,680

would be great and drinking all that

173

00:06:27,350 --> 00:06:26,240

wonderful coffee but um you know

174

00:06:28,870 --> 00:06:27,360

i'll um

175

00:06:30,550 --> 00:06:28,880

somebody's going to hold the fort but uh

176

00:06:32,390 --> 00:06:30,560

hold the fork back home so that's what

177

00:06:34,710 --> 00:06:32,400

i'm doing and i'm actually busy writing

178

00:06:36,870 --> 00:06:34,720

at the moment anyway so i'm still i'm

179

00:06:37,749 --> 00:06:36,880

deep in two projects which have pretty

180

00:06:40,070 --> 00:06:37,759

much

181

00:06:41,029 --> 00:06:40,080

more or less concluded and i've um i've

182

00:06:42,070 --> 00:06:41,039

got some

183

00:06:44,070 --> 00:06:42,080

things

184

00:06:47,029 --> 00:06:44,080

going on with them before they can get

185

00:06:48,550 --> 00:06:47,039

released so um so that's why i'm working

186

00:06:50,390 --> 00:06:48,560

on the moment and i can't say anything

187

00:06:52,870 --> 00:06:50,400

more about them in terms of that

188

00:06:55,189 --> 00:06:52,880

particular case so yeah

189

00:06:57,270 --> 00:06:55,199

um roman sabinsky

190

00:06:59,350 --> 00:06:57,280

and it's it's occasionally written as

191

00:07:01,510 --> 00:06:59,360

sabinsky or different spellings but it's

192

00:07:03,189 --> 00:07:01,520

sobinski in the official records

193

00:07:05,189 --> 00:07:03,199

three-on-one squadrons of polish crude

194

00:07:07,189 --> 00:07:05,199

squadron the raf uh they were based in

195

00:07:08,550 --> 00:07:07,199

lincolnshire in england and as he said

196

00:07:09,589 --> 00:07:08,560

they were coming back from a raid on

197

00:07:12,150 --> 00:07:09,599

what was actually yes and they were

198

00:07:13,990 --> 00:07:12,160

coming back from it in germany and they

199

00:07:15,430 --> 00:07:14,000

were flying over the zodiac sea which

200

00:07:17,189 --> 00:07:15,440

was much

201  
00:07:18,710 --> 00:07:17,199  
much bigger than it is now because a lot

202  
00:07:20,710 --> 00:07:18,720  
of that land has now been reclaimed by

203  
00:07:23,909 --> 00:07:20,720  
the dutch but back then it was a huge

204  
00:07:25,270 --> 00:07:23,919  
bit of water you know um the the islamic

205  
00:07:26,390 --> 00:07:25,280  
um and

206  
00:07:29,029 --> 00:07:26,400  
behind them there was this kind of

207  
00:07:31,830 --> 00:07:29,039  
copper-colored bronze-coloured object a

208  
00:07:32,950 --> 00:07:31,840  
big disk basically and as you said you

209  
00:07:35,670 --> 00:07:32,960  
know the gunner said look this thing's

210  
00:07:37,029 --> 00:07:35,680  
coming up behind us um and and

211  
00:07:38,870 --> 00:07:37,039  
submissively said look if it gets close

212  
00:07:41,510 --> 00:07:38,880  
enough give it a squirt you know open

213  
00:07:42,950 --> 00:07:41,520

fire in it um which the gunner did but

214

00:07:45,110 --> 00:07:42,960

the bullets just went into it nothing

215

00:07:47,749 --> 00:07:45,120

happened and after a while after it shot

216

00:07:49,909 --> 00:07:47,759

at it a number of times it moved around

217

00:07:51,670 --> 00:07:49,919

to the wing tip or position off the

218

00:07:52,950 --> 00:07:51,680

wingtip and of course he was throwing

219

00:07:54,710 --> 00:07:52,960

their aircraft around apparently this

220

00:07:57,110 --> 00:07:54,720

time as well trying to get rid of it

221

00:07:58,550 --> 00:07:57,120

and it was just sitting there um and by

222

00:08:01,350 --> 00:07:58,560

that time it got to a position where

223

00:08:03,189 --> 00:08:01,360

both the the tail turret and the nose

224

00:08:04,550 --> 00:08:03,199

turret gunners could actually open fire

225

00:08:06,550 --> 00:08:04,560

at the same time or more or less at the

226

00:08:08,230 --> 00:08:06,560

same time and they were both having a

227

00:08:09,909 --> 00:08:08,240

squirt at it and it was still just

228

00:08:11,350 --> 00:08:09,919

absorbing the bullets somehow and then

229

00:08:13,589 --> 00:08:11,360

it moved around to a position off the

230

00:08:15,029 --> 00:08:13,599

nose of the aircraft keeping station as

231

00:08:17,270 --> 00:08:15,039

they were flying you know at a couple

232

00:08:19,350 --> 00:08:17,280

hundred miles an hour um and it was just

233

00:08:21,350 --> 00:08:19,360

sitting in a kind of fixed position and

234

00:08:22,790 --> 00:08:21,360

the nose gonna firing on it again

235

00:08:24,150 --> 00:08:22,800

nothing and then as you said at the end

236

00:08:26,710 --> 00:08:24,160

of the clip they just shot off into the

237

00:08:28,309 --> 00:08:26,720

stars at about 45 degree angle now the

238

00:08:29,749 --> 00:08:28,319

thing was that he doesn't mention there

239

00:08:31,589 --> 00:08:29,759

is that when he got back to the

240

00:08:32,870 --> 00:08:31,599

debriefing the the intelligence officer

241

00:08:35,269 --> 00:08:32,880

said have you been drinking that was the

242

00:08:37,110 --> 00:08:35,279

first thing he asked him but also

243

00:08:39,509 --> 00:08:37,120

the crew that were flying in the bomber

244

00:08:41,029 --> 00:08:39,519

stream behind subinski's aircraft they'd

245

00:08:43,430 --> 00:08:41,039

also seen it

246

00:08:44,310 --> 00:08:43,440

as well but they refused to talk about

247

00:08:47,110 --> 00:08:44,320

it

248

00:08:48,470 --> 00:08:47,120

so that's as much as there is the story

249

00:08:49,750 --> 00:08:48,480

goes cold after that there's nothing

250

00:08:51,509 --> 00:08:49,760

actually in the official records because

251  
00:08:53,990 --> 00:08:51,519  
i've looked at the squadron records for

252  
00:08:55,509 --> 00:08:54,000  
that raid and for him and his crew and

253  
00:08:58,150 --> 00:08:55,519  
their and their point in their part in

254  
00:08:59,350 --> 00:08:58,160  
the mission but there's nothing uh to

255  
00:09:01,269 --> 00:08:59,360  
you know that was actually put in the

256  
00:09:03,110 --> 00:09:01,279  
official records regarding that at least

257  
00:09:04,230 --> 00:09:03,120  
from the squadron's perspective now

258  
00:09:06,070 --> 00:09:04,240  
whether or not there was a different

259  
00:09:07,670 --> 00:09:06,080  
channel and that information is still

260  
00:09:09,910 --> 00:09:07,680  
sitting in the archive somewhere i

261  
00:09:12,870 --> 00:09:09,920  
haven't found that but it might be there

262  
00:09:14,150 --> 00:09:12,880  
somewhere um you know it's it could be

263  
00:09:16,389 --> 00:09:14,160

just a question of somebody stumbling

264

00:09:18,150 --> 00:09:16,399

across it one day but it also could be

265

00:09:20,230 --> 00:09:18,160

that it never went forward that you

266

00:09:21,910 --> 00:09:20,240

there was too much stigma or they took

267

00:09:23,509 --> 00:09:21,920

you know to heart well you know you've

268

00:09:25,670 --> 00:09:23,519

been you know we just don't believe you

269

00:09:27,910 --> 00:09:25,680

kind of thing and not push the the story

270

00:09:31,670 --> 00:09:27,920

forward but he came forward that with

271

00:09:34,790 --> 00:09:31,680

that story in 1962 um he retold it to a

272

00:09:36,870 --> 00:09:34,800

vancouver-based researcher uh in that

273

00:09:39,030 --> 00:09:36,880

year and it made its way into the pages

274

00:09:40,630 --> 00:09:39,040

of flying saucer review and that's when

275

00:09:44,070 --> 00:09:40,640

it became public

276

00:09:46,710 --> 00:09:44,080

um but it's a very little known story uh

277

00:09:49,430 --> 00:09:46,720

i actually came across it via a french

278

00:09:51,670 --> 00:09:49,440

language book that was written in 1970 i

279

00:09:53,269 --> 00:09:51,680

believe so that's how i stumbled across

280

00:09:56,310 --> 00:09:53,279

the story and then traced it back from

281

00:09:58,310 --> 00:09:56,320

there but you know it's fairly obscure

282

00:10:00,070 --> 00:09:58,320

as jay says you know not many people

283

00:10:02,150 --> 00:10:00,080

have heard about it but i included in

284

00:10:04,230 --> 00:10:02,160

the book at length i tried to trace the

285

00:10:06,230 --> 00:10:04,240

crewmen as much as i could to try and

286

00:10:09,910 --> 00:10:06,240

get some idea of whether they'd spoken

287

00:10:11,590 --> 00:10:09,920

about it um and also dan and olaf um who

288

00:10:13,350 --> 00:10:11,600

you know well-known to people who watch

289

00:10:15,590 --> 00:10:13,360

this program they came up with that

290

00:10:17,590 --> 00:10:15,600

wonderful cover for the book uh of mine

291

00:10:19,269 --> 00:10:17,600

which you know sort of basically

292

00:10:21,110 --> 00:10:19,279

describes that in in great you know

293

00:10:22,150 --> 00:10:21,120

pictorial detail

294

00:10:25,030 --> 00:10:22,160

wow

295

00:10:26,790 --> 00:10:25,040

fantastic thank you so much for that

296

00:10:28,870 --> 00:10:26,800

that's amazing and it's a beautiful

297

00:10:31,269 --> 00:10:28,880

cover too that dan

298

00:10:32,949 --> 00:10:31,279

loves it is isn't it yeah it's wonderful

299

00:10:34,949 --> 00:10:32,959

yeah that's great i had no idea what the

300

00:10:36,230 --> 00:10:34,959

case was there so

301  
00:10:39,430 --> 00:10:36,240  
that's what it is

302  
00:10:43,829 --> 00:10:39,440  
yeah on ufos before roswell

303  
00:10:46,550 --> 00:10:44,829  
it's still

304  
00:10:47,430 --> 00:10:46,560  
available

305  
00:10:49,590 --> 00:10:47,440  
yep

306  
00:10:51,509 --> 00:10:49,600  
well i'm i'm glad you liked that because

307  
00:10:53,350 --> 00:10:51,519  
i got a kick out of it and you know in

308  
00:10:56,069 --> 00:10:53,360  
listening to it today

309  
00:10:57,350 --> 00:10:56,079  
um in the car before you know getting

310  
00:10:59,590 --> 00:10:57,360  
here to start up the episode and

311  
00:11:02,230 --> 00:10:59,600  
everything i was really amazed with uh

312  
00:11:03,910 --> 00:11:02,240  
how clear it sounded and you know you

313  
00:11:06,069 --> 00:11:03,920

just kind of answered the question i

314

00:11:08,470 --> 00:11:06,079

would have asked you next which was

315

00:11:11,350 --> 00:11:08,480

um you know when it was recorded in its

316

00:11:12,949 --> 00:11:11,360

60s it said 1960 or something so that

317

00:11:14,790 --> 00:11:12,959

completely makes sense why it's so clear

318

00:11:15,990 --> 00:11:14,800

because a lot a lot of these testimonies

319

00:11:18,069 --> 00:11:16,000

when they're recorded closer to the

320

00:11:19,590 --> 00:11:18,079

actual date of the old sightings

321

00:11:21,350 --> 00:11:19,600

they're

322

00:11:23,269 --> 00:11:21,360

not so good although the old police

323

00:11:26,829 --> 00:11:23,279

sirens in the background are always

324

00:11:31,990 --> 00:11:29,750

absolutely yeah so

325

00:11:33,829 --> 00:11:32,000

i thought we would just kick it off if

326

00:11:36,710 --> 00:11:33,839

you guys are all right with it i mean uh

327

00:11:39,030 --> 00:11:36,720

talking about senator gillibrand um

328

00:11:41,110 --> 00:11:39,040

and uh it looks like she you know laid

329

00:11:44,230 --> 00:11:41,120

down the law a little bit to

330

00:11:46,230 --> 00:11:44,240

at this confirmation hearing and um

331

00:11:48,230 --> 00:11:46,240

you know i wonder if that spawned lou

332

00:11:50,629 --> 00:11:48,240

elizano coming out he said he had just

333

00:11:51,509 --> 00:11:50,639

been to dc with melon recently on jimmy

334

00:11:53,509 --> 00:11:51,519

church

335

00:11:55,509 --> 00:11:53,519

so um if anyone wants to give some

336

00:11:57,910 --> 00:11:55,519

thoughts maybe jay if you know what are

337

00:11:59,590 --> 00:11:57,920

you thinking uh just good news anything

338

00:12:01,829 --> 00:11:59,600

more than that

339

00:12:04,069 --> 00:12:01,839

sure no i i thought it was i thought it

340

00:12:05,110 --> 00:12:04,079

was interesting that she brought that up

341

00:12:08,150 --> 00:12:05,120

um

342

00:12:10,949 --> 00:12:08,160

you know the the ig nominee didn't seem

343

00:12:13,269 --> 00:12:10,959

that well read on the subject or at

344

00:12:15,590 --> 00:12:13,279

least but at the same time that that's

345

00:12:17,829 --> 00:12:15,600

kind of a tradition among nominees for

346

00:12:20,310 --> 00:12:17,839

all sorts of things in u.s government

347

00:12:22,870 --> 00:12:20,320

that's the kind of the go-to answer uh

348

00:12:25,030 --> 00:12:22,880

in many ways that that uh whether you're

349

00:12:27,509 --> 00:12:25,040

going to become a supreme court justice

350

00:12:29,110 --> 00:12:27,519

or an or an inspector general um if

351  
00:12:30,629 --> 00:12:29,120  
somebody asks you about something that's

352  
00:12:32,870 --> 00:12:30,639  
uncomfortable you just say you don't

353  
00:12:34,949 --> 00:12:32,880  
know anything about the topic and then

354  
00:12:36,710 --> 00:12:34,959  
they just kind of have to skip ahead i

355  
00:12:39,269 --> 00:12:36,720  
mean that's been that's been a tradition

356  
00:12:42,150 --> 00:12:39,279  
for decades now uh he did look

357  
00:12:42,949 --> 00:12:42,160  
legitimately a bit clueless i will say

358  
00:12:45,430 --> 00:12:42,959  
that

359  
00:12:48,790 --> 00:12:45,440  
um but but i think

360  
00:12:51,030 --> 00:12:48,800  
more at issue was gillibrand actually

361  
00:12:54,230 --> 00:12:51,040  
pressing that and i think that's

362  
00:12:55,750 --> 00:12:54,240  
important um maybe especially giving

363  
00:12:58,230 --> 00:12:55,760

some of the things that lou was talking

364

00:13:03,750 --> 00:12:58,240  
about last night in terms of the

365

00:13:05,829 --> 00:13:03,760  
potentialities of maybe a a ufo sar or

366

00:13:08,069 --> 00:13:05,839  
is this going to lead to something

367

00:13:09,750 --> 00:13:08,079  
bigger than this office could it be

368

00:13:11,030 --> 00:13:09,760  
something that would be

369

00:13:13,190 --> 00:13:11,040  
um

370

00:13:15,509 --> 00:13:13,200  
you know uh

371

00:13:17,430 --> 00:13:15,519  
like a cabinet position would it be a

372

00:13:19,430 --> 00:13:17,440  
near cabinet position in the future

373

00:13:22,310 --> 00:13:19,440  
things like that that kind of came up a

374

00:13:23,829 --> 00:13:22,320  
little bit but um with regard to

375

00:13:24,870 --> 00:13:23,839  
gillibrand

376

00:13:27,430 --> 00:13:24,880

um

377

00:13:29,910 --> 00:13:27,440

i just you know i have to say like i i

378

00:13:31,670 --> 00:13:29,920

was really really impressed you know it

379

00:13:33,350 --> 00:13:31,680

was a cool thing to see

380

00:13:35,990 --> 00:13:33,360

yeah uh graham

381

00:13:38,069 --> 00:13:36,000

yeah i mean i'm i'm from the uk so my

382

00:13:41,189 --> 00:13:38,079

sort of knowledge about u.s politics and

383

00:13:42,949 --> 00:13:41,199

how things work is extremely limited um

384

00:13:44,629 --> 00:13:42,959

i get my news about what happens across

385

00:13:46,870 --> 00:13:44,639

your side the pond from things like this

386

00:13:48,389 --> 00:13:46,880

and also from the bbc so i have a very

387

00:13:50,150 --> 00:13:48,399

limited understanding but i was looking

388

00:13:52,310 --> 00:13:50,160

at his body language

389

00:13:54,069 --> 00:13:52,320

and he was uncomfortable he he clearly

390

00:13:55,670 --> 00:13:54,079

was caught on the hop in terms of he

391

00:13:57,350 --> 00:13:55,680

hadn't done his homework

392

00:13:59,030 --> 00:13:57,360

and that's what it seemed to me now

393

00:14:00,949 --> 00:13:59,040

you're saying that that's pretty

394

00:14:02,310 --> 00:14:00,959

standard for people who you know don't

395

00:14:03,990 --> 00:14:02,320

necessarily know everything that they're

396

00:14:05,509 --> 00:14:04,000

going to be you know sort of under

397

00:14:07,350 --> 00:14:05,519

what they're going to be looking at and

398

00:14:09,350 --> 00:14:07,360

i guess that's true but he was clearly

399

00:14:11,430 --> 00:14:09,360

caught on the hop in terms of what may

400

00:14:13,189 --> 00:14:11,440

not have been expecting being asked that

401  
00:14:15,910 --> 00:14:13,199  
uh i couldn't really tell but he was

402  
00:14:17,910 --> 00:14:15,920  
definitely uncomfortable and his kind of

403  
00:14:20,310 --> 00:14:17,920  
his response when he was asked to

404  
00:14:22,389 --> 00:14:20,320  
provide a written answers or the written

405  
00:14:25,590 --> 00:14:22,399  
answers to that it was a kind of

406  
00:14:27,670 --> 00:14:25,600  
yes but it wasn't very convincing to me

407  
00:14:29,269 --> 00:14:27,680  
um but then again he's going to have his

408  
00:14:30,710 --> 00:14:29,279  
feet held to the fire isn't he because

409  
00:14:32,069 --> 00:14:30,720  
if he doesn't follow through that it's

410  
00:14:34,389 --> 00:14:32,079  
like a teacher who isn't a good setting

411  
00:14:37,430 --> 00:14:34,399  
homework you have to write this and i

412  
00:14:38,629 --> 00:14:37,440  
have to see it i have to read it um so

413  
00:14:40,230 --> 00:14:38,639

you know he's not going to be able to

414

00:14:43,030 --> 00:14:40,240

just like worm his way out of it

415

00:14:44,870 --> 00:14:43,040

probably um which i don't know whether

416

00:14:47,269 --> 00:14:44,880

that's standard fare for these kind of

417

00:14:49,189 --> 00:14:47,279

um these kind of sort of meetings and

418

00:14:51,430 --> 00:14:49,199

whether they test them and when they

419

00:14:53,269 --> 00:14:51,440

question them how how much how often

420

00:14:55,110 --> 00:14:53,279

does this this particular thing happen

421

00:14:56,470 --> 00:14:55,120

do they follow through much on it like

422

00:14:59,189 --> 00:14:56,480

this

423

00:15:01,350 --> 00:14:59,199

i feel like for the most part um they

424

00:15:03,269 --> 00:15:01,360

kind of choose what topics or what

425

00:15:05,590 --> 00:15:03,279

issues they would they want to highlight

426

00:15:06,389 --> 00:15:05,600

at these things typically it seems like

427

00:15:08,629 --> 00:15:06,399

um

428

00:15:10,470 --> 00:15:08,639

so that makes it even more interesting

429

00:15:12,389 --> 00:15:10,480

that you know that's one that she

430

00:15:14,790 --> 00:15:12,399

selected although it's it's a bill that

431

00:15:17,430 --> 00:15:14,800

you know has her name on it but um you

432

00:15:19,110 --> 00:15:17,440

can tell she has kids right uh because

433

00:15:21,350 --> 00:15:19,120

it was like she was talking to kids well

434

00:15:24,389 --> 00:15:21,360

can you give me written responses please

435

00:15:26,550 --> 00:15:24,399

and turn those in get yourself familiar

436

00:15:28,790 --> 00:15:26,560

um and she wasn't messing around and i'm

437

00:15:30,949 --> 00:15:28,800

glad somebody finally isn't and you know

438

00:15:31,910 --> 00:15:30,959

what i took from his response was oh

439

00:15:34,710 --> 00:15:31,920

yeah

440

00:15:36,949 --> 00:15:34,720

you know like

441

00:15:39,110 --> 00:15:36,959

it was quite it was very it wasn't it

442

00:15:40,550 --> 00:15:39,120

was almost non-committal it was yeah and

443

00:15:42,150 --> 00:15:40,560

he was just trying to say it just to get

444

00:15:44,150 --> 00:15:42,160

the question out the way so he could

445

00:15:45,590 --> 00:15:44,160

move on the next thing but it didn't

446

00:15:47,670 --> 00:15:45,600

have a lot of conviction behind it i

447

00:15:50,550 --> 00:15:47,680

felt but yeah we'll see what comes out

448

00:15:53,310 --> 00:15:50,560

there as i tweeted earlier he can't now

449

00:15:55,430 --> 00:15:53,320

say i'm sorry my dog ate my homework

450

00:15:57,509 --> 00:15:55,440

[Laughter]

451  
00:15:59,990 --> 00:15:57,519  
yeah one of the one of the interesting

452  
00:16:02,389 --> 00:16:00,000  
things totally appreciated graham uh one

453  
00:16:05,030 --> 00:16:02,399  
of the interesting things that i noticed

454  
00:16:06,470 --> 00:16:05,040  
is you know often in situations like

455  
00:16:09,350 --> 00:16:06,480  
this where they have these kind of

456  
00:16:11,350 --> 00:16:09,360  
public grillings of nominees for various

457  
00:16:13,749 --> 00:16:11,360  
government positions that are unelected

458  
00:16:16,069 --> 00:16:13,759  
and are appointed um

459  
00:16:17,990 --> 00:16:16,079  
you know it it becomes as

460  
00:16:19,269 --> 00:16:18,000  
a situation where

461  
00:16:20,710 --> 00:16:19,279  
there is

462  
00:16:23,110 --> 00:16:20,720  
um

463  
00:16:25,030 --> 00:16:23,120

a litmus test you know there are litmus

464

00:16:28,150 --> 00:16:25,040

tests and they're usually along kind of

465

00:16:31,590 --> 00:16:28,160

partisan issues right and so it becomes

466

00:16:33,990 --> 00:16:31,600

a an aspect of public theater where a

467

00:16:35,269 --> 00:16:34,000

particularly democratic or independent

468

00:16:37,590 --> 00:16:35,279

or republican

469

00:16:39,509 --> 00:16:37,600

um uh senator

470

00:16:41,990 --> 00:16:39,519

or or somebody from the house might

471

00:16:44,550 --> 00:16:42,000

might be grilling somebody and will

472

00:16:46,710 --> 00:16:44,560

bring up a hot button issue and one of

473

00:16:48,629 --> 00:16:46,720

the interesting things about what

474

00:16:51,350 --> 00:16:48,639

what gillibrand did there is that this

475

00:16:53,269 --> 00:16:51,360

is a completely non-partisan issue you

476  
00:16:56,230 --> 00:16:53,279  
know i it's one of the

477  
00:16:57,829 --> 00:16:56,240  
as we've uh we've often noted

478  
00:17:00,870 --> 00:16:57,839  
this is one of the few topics in

479  
00:17:03,110 --> 00:17:00,880  
washington that covers the gamut

480  
00:17:04,949 --> 00:17:03,120  
um from from the left to the right wing

481  
00:17:08,069 --> 00:17:04,959  
and anywhere in between

482  
00:17:10,949 --> 00:17:08,079  
and so her using that as a litmus test

483  
00:17:13,029 --> 00:17:10,959  
despite its non-partisan nature is

484  
00:17:15,350 --> 00:17:13,039  
actually that's one of the more

485  
00:17:16,630 --> 00:17:15,360  
notable things possibly about her

486  
00:17:19,189 --> 00:17:16,640  
bringing it up

487  
00:17:22,309 --> 00:17:19,199  
that it it was speaking to

488  
00:17:23,909 --> 00:17:22,319

the the core of that particular issue

489

00:17:26,949 --> 00:17:23,919

rather than kind of

490

00:17:29,830 --> 00:17:29,110

exactly exactly something that's kind of

491

00:17:31,909 --> 00:17:29,840

like

492

00:17:34,070 --> 00:17:31,919

you know looking to score points among

493

00:17:36,150 --> 00:17:34,080

that person's favored

494

00:17:37,990 --> 00:17:36,160

wing of the party or something like that

495

00:17:40,230 --> 00:17:38,000

so that was really cool to see in that

496

00:17:41,029 --> 00:17:40,240

way for sure

497

00:17:42,549 --> 00:17:41,039

so

498

00:17:43,750 --> 00:17:42,559

can you just explain to me because i'm

499

00:17:45,750 --> 00:17:43,760

not entirely sure how all this works

500

00:17:48,150 --> 00:17:45,760

when you say he's a nominee is he the

501  
00:17:49,830 --> 00:17:48,160  
only one who's like nominated to fill a

502  
00:17:51,350 --> 00:17:49,840  
position is he like a political

503  
00:17:53,029 --> 00:17:51,360  
appointment and they're just basically

504  
00:17:55,110 --> 00:17:53,039  
testing him to like see whether he's

505  
00:17:56,390 --> 00:17:55,120  
suitable or are there other people in

506  
00:17:58,230 --> 00:17:56,400  
the works who are going to come forward

507  
00:18:01,110 --> 00:17:58,240  
and go through the same kind of um you

508  
00:18:02,789 --> 00:18:01,120  
know procedure they'd have a short list

509  
00:18:05,190 --> 00:18:02,799  
but this would be the nominee and so

510  
00:18:07,350 --> 00:18:05,200  
this would be the current nominee and if

511  
00:18:10,789 --> 00:18:07,360  
there wasn't significant approval for

512  
00:18:12,549 --> 00:18:10,799  
him among the body then uh then somebody

513  
00:18:14,390 --> 00:18:12,559

else then that person would either

514

00:18:16,230 --> 00:18:14,400

withdraw their name

515

00:18:18,630 --> 00:18:16,240

before getting voted down

516

00:18:19,990 --> 00:18:18,640

and then they would go to a short list

517

00:18:22,070 --> 00:18:20,000

like a private short list that's

518

00:18:23,830 --> 00:18:22,080

probably already been established yeah

519

00:18:27,270 --> 00:18:23,840

um and then they would come up with

520

00:18:28,870 --> 00:18:27,280

somebody else and so it it it

521

00:18:31,190 --> 00:18:28,880

there's a lot of heat that kind of comes

522

00:18:33,029 --> 00:18:31,200

with it because there's no other ready

523

00:18:35,590 --> 00:18:33,039

option it's either this and then they

524

00:18:37,270 --> 00:18:35,600

either kind of fall down or they or they

525

00:18:39,830 --> 00:18:37,280

ascend you know

526

00:18:42,470 --> 00:18:39,840

after after these strange

527

00:18:44,070 --> 00:18:42,480

um public theater operations and of

528

00:18:46,310 --> 00:18:44,080

course it mustn't be a good look you

529

00:18:48,470 --> 00:18:46,320

know sort of uh publicly or even for

530

00:18:50,470 --> 00:18:48,480

their career if they do get say voted

531

00:18:51,750 --> 00:18:50,480

down or they do have to step down so

532

00:18:53,750 --> 00:18:51,760

they have to make sure they're on top of

533

00:18:55,590 --> 00:18:53,760

their brief presumably so this is

534

00:18:58,070 --> 00:18:55,600

it almost seems quite damaging that

535

00:18:59,990 --> 00:18:58,080

somebody you've asked him you know you

536

00:19:01,990 --> 00:19:00,000

something to say that right across the

537

00:19:03,430 --> 00:19:02,000

kind of the spectrum you know about this

538

00:19:04,950 --> 00:19:03,440

issue and then he's you sort of

539

00:19:06,630 --> 00:19:04,960

floundered if you like

540

00:19:08,070 --> 00:19:06,640

and said you know i don't really know

541

00:19:09,350 --> 00:19:08,080

anything about that and you would have

542

00:19:10,789 --> 00:19:09,360

thought well sure you must have some

543

00:19:12,950 --> 00:19:10,799

kind of working knowledge of what it

544

00:19:14,710 --> 00:19:12,960

represents even if he isn't totally on

545

00:19:17,270 --> 00:19:14,720

top of the subject you thought you'd

546

00:19:20,230 --> 00:19:17,280

have a kind of an overview at least of

547

00:19:21,669 --> 00:19:20,240

what uap are and what's you know what's

548

00:19:23,510 --> 00:19:21,679

been going through the the national

549

00:19:24,630 --> 00:19:23,520

defense authorization act and and you

550

00:19:26,150 --> 00:19:24,640

know everything else that's been going

551  
00:19:27,590 --> 00:19:26,160  
on i would have thought it's fairly

552  
00:19:29,909 --> 00:19:27,600  
strange

553  
00:19:32,150 --> 00:19:29,919  
yeah and you know the other part that

554  
00:19:34,310 --> 00:19:32,160  
you know may be somewhat obvious but i

555  
00:19:35,590 --> 00:19:34,320  
mean if you if you step back and just

556  
00:19:37,350 --> 00:19:35,600  
look at

557  
00:19:39,590 --> 00:19:37,360  
uh the fact that

558  
00:19:42,470 --> 00:19:39,600  
man this is a topic

559  
00:19:44,710 --> 00:19:42,480  
that's in the news and being mentioned

560  
00:19:47,669 --> 00:19:44,720  
at these things at all

561  
00:19:49,669 --> 00:19:47,679  
is is just um you know other people have

562  
00:19:51,750 --> 00:19:49,679  
a bigger appreciation for it who have

563  
00:19:53,510 --> 00:19:51,760

been doing this for a lot longer than me

564

00:19:55,029 --> 00:19:53,520

but you know it's still not lost on me

565

00:19:56,549 --> 00:19:55,039

that man

566

00:19:57,510 --> 00:19:56,559

that's pretty cool

567

00:19:58,630 --> 00:19:57,520

so

568

00:19:59,830 --> 00:19:58,640

um

569

00:20:01,270 --> 00:19:59,840

i think you know

570

00:20:03,510 --> 00:20:01,280

again

571

00:20:05,669 --> 00:20:03,520

i might say about that is that we think

572

00:20:06,710 --> 00:20:05,679

this is a big topic you know everybody

573

00:20:09,110 --> 00:20:06,720

here the people out there in the

574

00:20:11,270 --> 00:20:09,120

audience and people who who who we

575

00:20:13,190 --> 00:20:11,280

associate with but yeah in the wider

576

00:20:14,630 --> 00:20:13,200

world we just i just wonder how big a

577

00:20:16,310 --> 00:20:14,640

topic is it

578

00:20:18,870 --> 00:20:16,320

politically you know in the white house

579

00:20:20,870 --> 00:20:18,880

and and below that and all these kind of

580

00:20:22,390 --> 00:20:20,880

um committees and all the rest of it is

581

00:20:24,630 --> 00:20:22,400

it something that you know they are

582

00:20:26,950 --> 00:20:24,640

going to take notice of uh or is it are

583

00:20:29,029 --> 00:20:26,960

we bigging it up too much

584

00:20:30,950 --> 00:20:29,039

uh i don't think so because gilda brands

585

00:20:33,029 --> 00:20:30,960

actually you know i think it's gonna

586

00:20:35,029 --> 00:20:33,039

pick up as long as people like her stay

587

00:20:36,710 --> 00:20:35,039

strong and and more people kind of you

588

00:20:39,110 --> 00:20:36,720

know come to her aid and don't just let

589

00:20:41,110 --> 00:20:39,120

her be there by herself i think you know

590

00:20:43,590 --> 00:20:41,120

it'll only pick up steam but it's also

591

00:20:45,750 --> 00:20:43,600

to me also comes down to how important

592

00:20:48,470 --> 00:20:45,760

is this really like you said but more on

593

00:20:51,190 --> 00:20:48,480

a like an emergency basis how big of a

594

00:20:54,149 --> 00:20:51,200

deal is this really to aviators like can

595

00:20:55,990 --> 00:20:54,159

they not conduct their business or it

596

00:20:57,270 --> 00:20:56,000

can they conduct business as usual with

597

00:20:59,270 --> 00:20:57,280

something like this going on i thought

598

00:21:00,630 --> 00:20:59,280

we would just somebody asked where to

599

00:21:02,149 --> 00:21:00,640

see the clip so i thought i would just

600

00:21:04,310 --> 00:21:02,159

bring it up quick on twitter so people

601  
00:21:05,669 --> 00:21:04,320  
can see it if you guys don't mind

602  
00:21:07,270 --> 00:21:05,679  
um well

603  
00:21:09,510 --> 00:21:07,280  
yeah

604  
00:21:12,230 --> 00:21:09,520  
um mr storch in your current position as

605  
00:21:15,350 --> 00:21:12,240  
nsa inspector general are you familiar

606  
00:21:17,909 --> 00:21:15,360  
with the dod's ig's ongoing assessment

607  
00:21:19,909 --> 00:21:17,919  
of the response from dod components to

608  
00:21:23,350 --> 00:21:19,919  
the intrusions of unidentified aerial

609  
00:21:26,070 --> 00:21:23,360  
phenomenon into controlled dod airspace

610  
00:21:28,149 --> 00:21:26,080  
as well as uap activity around naval and

611  
00:21:31,029 --> 00:21:28,159  
air operations further do you think the

612  
00:21:34,149 --> 00:21:31,039  
nsa has been responsive to the dod's ig

613  
00:21:37,990 --> 00:21:35,750

uh thank you for the

614

00:21:39,909 --> 00:21:38,000

question senator i'm afraid that's not

615

00:21:41,990 --> 00:21:39,919

an issue with which i am currently

616

00:21:45,110 --> 00:21:42,000

familiar however if confirmed i

617

00:21:50,549 --> 00:21:47,270

certainly

618

00:21:52,950 --> 00:21:50,559

am uh willing to look into that and to

619

00:21:54,149 --> 00:21:52,960

take any action that's appropriate

620

00:21:55,830 --> 00:21:54,159

well thank you

621

00:21:58,149 --> 00:21:55,840

and if confirmed can i have your

622

00:21:59,510 --> 00:21:58,159

commitment to sustain this comprehensive

623

00:22:01,669 --> 00:21:59,520

assessment until it reaches its

624

00:22:04,070 --> 00:22:01,679

appropriate conclusion including the

625

00:22:05,669 --> 00:22:04,080

possibility of follow-on actions such as

626

00:22:07,909 --> 00:22:05,679

audits or investigations if the

627

00:22:09,830 --> 00:22:07,919

assessment recommends as much

628

00:22:12,310 --> 00:22:09,840

well again i honestly am not familiar

629

00:22:14,070 --> 00:22:12,320

with that particular review but as is

630

00:22:15,750 --> 00:22:14,080

typical i think across the ig community

631

00:22:18,230 --> 00:22:15,760

when a new ig comes in if their pending

632

00:22:19,909 --> 00:22:18,240

matters those would continue in in the

633

00:22:22,230 --> 00:22:19,919

office and it would be perfectly

634

00:22:24,549 --> 00:22:22,240

appropriate to examine them and if i am

635

00:22:26,230 --> 00:22:24,559

confirmed i can assure you that anything

636

00:22:28,870 --> 00:22:26,240

that's pending went out in the office

637

00:22:30,630 --> 00:22:28,880

i'll i'll give my best attention to if

638

00:22:31,990 --> 00:22:30,640

there's appropriate follow-up to be done

639

00:22:33,990 --> 00:22:32,000

we'll do it

640

00:22:35,750 --> 00:22:34,000

okay so since you aren't familiar can

641

00:22:37,510 --> 00:22:35,760

you please familiarize yourself with

642

00:22:39,029 --> 00:22:37,520

this issue

643

00:22:42,470 --> 00:22:39,039

respond to both of those questions in

644

00:22:44,570 --> 00:22:42,480

writing before your confirmation please

645

00:22:47,510 --> 00:22:44,580

yes ma'am

646

00:22:50,630 --> 00:22:47,520

[Laughter]

647

00:22:53,350 --> 00:22:50,640

one more time okay familiarize your

648

00:22:56,230 --> 00:22:53,360

confirmation please

649

00:23:03,430 --> 00:22:57,909

that's gonna be that's gonna be a meme

650

00:23:03,440 --> 00:23:08,950

yes ma'am

651  
00:23:13,350 --> 00:23:10,789  
so yeah thanks for letting me play that

652  
00:23:15,909 --> 00:23:13,360  
so i just wanted to do that but um you

653  
00:23:18,390 --> 00:23:15,919  
know um kind of move a little bit past

654  
00:23:20,310 --> 00:23:18,400  
that we had lou elizondo on jimmy church

655  
00:23:21,990 --> 00:23:20,320  
did you guys have a opportunity to take

656  
00:23:23,669 --> 00:23:22,000  
a listen to that at all i know it was

657  
00:23:25,430 --> 00:23:23,679  
just last night so

658  
00:23:29,350 --> 00:23:25,440  
i i didn't get to listen to all of it

659  
00:23:31,110 --> 00:23:29,360  
yet um you know being honest but um you

660  
00:23:33,350 --> 00:23:31,120  
know there were some takeaways and i saw

661  
00:23:34,950 --> 00:23:33,360  
some chatter on twitter so

662  
00:23:37,190 --> 00:23:34,960  
i heard most of it

663  
00:23:39,270 --> 00:23:37,200

um not the whole thing i i kind of i

664

00:23:42,549 --> 00:23:39,280

tuned in maybe 15 minutes then or

665

00:23:43,510 --> 00:23:42,559

something like that i saw joe merges uh

666

00:23:45,750 --> 00:23:43,520

uh

667

00:23:46,870 --> 00:23:45,760

synopsis of the rest of it from before

668

00:23:48,390 --> 00:23:46,880

that you know

669

00:23:50,230 --> 00:23:48,400

which is pretty awesome that he does

670

00:23:52,549 --> 00:23:50,240

that by the way it's about 100 it's 100

671

00:23:54,950 --> 00:23:52,559

and something tweets now i think it went

672

00:23:56,630 --> 00:23:54,960

up to um i've read it i haven't actually

673

00:23:58,390 --> 00:23:56,640

digested all of it but that's how i

674

00:24:00,710 --> 00:23:58,400

that's how i've come across what was you

675

00:24:03,190 --> 00:24:00,720

know discussed um it's not too late for

676

00:24:06,149 --> 00:24:03,200

me i'm afraid in the uk so

677

00:24:07,909 --> 00:24:06,159

yeah oh absolutely yeah yeah and you

678

00:24:09,669 --> 00:24:07,919

know it's hard to get through some of

679

00:24:13,590 --> 00:24:09,679

the commercials sometimes on the on the

680

00:24:15,190 --> 00:24:13,600

youtube page like man are those rough

681

00:24:17,190 --> 00:24:15,200

does he want me to buy tea or does he

682

00:24:18,630 --> 00:24:17,200

want me to buy coffee i don't understand

683

00:24:23,110 --> 00:24:18,640

like

684

00:24:24,470 --> 00:24:23,120

tea or coffee

685

00:24:25,669 --> 00:24:24,480

yeah so

686

00:24:27,909 --> 00:24:25,679

i mean

687

00:24:30,310 --> 00:24:27,919

i guess you know k-42 d has any new

688

00:24:33,029 --> 00:24:30,320

takeaways from lou um

689

00:24:34,310 --> 00:24:33,039

the one that i would take away is um

690

00:24:35,909 --> 00:24:34,320

that

691

00:24:38,950 --> 00:24:35,919

you know i think this is something

692

00:24:41,029 --> 00:24:38,960

that's still growing you know i think um

693

00:24:42,950 --> 00:24:41,039

and it also seems that

694

00:24:45,029 --> 00:24:42,960

people from the dod and maybe even the

695

00:24:47,590 --> 00:24:45,039

air force and other people are kind of

696

00:24:50,230 --> 00:24:47,600

um i don't know rising up or actually

697

00:24:53,190 --> 00:24:50,240

moving on this topic and the people that

698

00:24:54,630 --> 00:24:53,200

may have been holding it this back um

699

00:24:57,350 --> 00:24:54,640

you know to some extent in the past

700

00:24:58,310 --> 00:24:57,360

maybe are losing a little bit of ground

701  
00:25:00,390 --> 00:24:58,320  
um

702  
00:25:03,510 --> 00:25:00,400  
you know so and then he gave a shout out

703  
00:25:05,110 --> 00:25:03,520  
to avril haynes dni errol haynes so she

704  
00:25:07,510 --> 00:25:05,120  
must be taking care of business which is

705  
00:25:09,269 --> 00:25:07,520  
awesome um she is the one that awkwardly

706  
00:25:10,230 --> 00:25:09,279  
said extraterrestrial

707  
00:25:11,350 --> 00:25:10,240  
ali

708  
00:25:14,870 --> 00:25:11,360  
so

709  
00:25:17,029 --> 00:25:14,880  
people are making too much of that or

710  
00:25:18,789 --> 00:25:17,039  
not because i know they you know even

711  
00:25:21,350 --> 00:25:18,799  
like meteors or

712  
00:25:23,750 --> 00:25:21,360  
or other things can be defined as

713  
00:25:26,470 --> 00:25:23,760

extraterrestrial you know

714

00:25:28,149 --> 00:25:26,480

so i'm not sure but you know it is what

715

00:25:28,950 --> 00:25:28,159

it is she had her opportunity to recant

716

00:25:30,230 --> 00:25:28,960

that

717

00:25:31,510 --> 00:25:30,240

you know knowing what people were

718

00:25:32,870 --> 00:25:31,520

writing about it and stuff and she

719

00:25:34,710 --> 00:25:32,880

didn't so

720

00:25:37,430 --> 00:25:34,720

um and you know

721

00:25:39,990 --> 00:25:37,440

and he really went off on you know

722

00:25:41,350 --> 00:25:40,000

swindlers um you know he didn't name

723

00:25:44,230 --> 00:25:41,360

names but

724

00:25:47,110 --> 00:25:44,240

talked about 1700 tickets and the flair

725

00:25:48,230 --> 00:25:47,120

thing again that he brings up often and

726

00:25:50,549 --> 00:25:48,240

um

727

00:25:51,830 --> 00:25:50,559

you know and you know people that pretty

728

00:25:54,310 --> 00:25:51,840

much say that

729

00:25:55,750 --> 00:25:54,320

um you know what i say is is the right

730

00:25:58,789 --> 00:25:55,760

thing and that's the only right thing

731

00:26:01,430 --> 00:25:58,799

and to be careful of those people and

732

00:26:03,110 --> 00:26:01,440

you know i think um

733

00:26:06,149 --> 00:26:03,120

you know it seems

734

00:26:08,830 --> 00:26:06,159

quite clear to me that the documentary

735

00:26:13,190 --> 00:26:08,840

that was made about him on youtube

736

00:26:15,590 --> 00:26:13,200

um was pretty irritating

737

00:26:17,830 --> 00:26:15,600

you know damn i think it it if i'm

738

00:26:19,909 --> 00:26:17,840

guessing it seemed like uh it it

739

00:26:21,350 --> 00:26:19,919

affected him a little bit and i can

740

00:26:23,269 --> 00:26:21,360

understand that because when i was

741

00:26:24,950 --> 00:26:23,279

listening to it and i'll let you guys

742

00:26:26,310 --> 00:26:24,960

talk after this when i was listening to

743

00:26:28,310 --> 00:26:26,320

it and i don't want to spend too much

744

00:26:29,510 --> 00:26:28,320

time on it because i don't like giving

745

00:26:32,310 --> 00:26:29,520

attention to

746

00:26:34,950 --> 00:26:32,320

that kind of stuff really but um

747

00:26:36,549 --> 00:26:34,960

it kind of seems stalkery to me you know

748

00:26:37,430 --> 00:26:36,559

like finding out about

749

00:26:38,549 --> 00:26:37,440

uh

750

00:26:40,390 --> 00:26:38,559

other

751  
00:26:42,149 --> 00:26:40,400  
you know children and all these places

752  
00:26:43,909 --> 00:26:42,159  
that are lived and is getting into his

753  
00:26:46,870 --> 00:26:43,919  
wife's records and all this stuff it's

754  
00:26:50,149 --> 00:26:46,880  
like and in the end like nothing of

755  
00:26:52,470 --> 00:26:50,159  
meaning was shared on the thing so what

756  
00:26:55,029 --> 00:26:52,480  
was really accomplished it was

757  
00:26:56,230 --> 00:26:55,039  
uh a creeper's journey to too much

758  
00:26:58,070 --> 00:26:56,240  
information

759  
00:26:58,789 --> 00:26:58,080  
really you know

760  
00:27:00,789 --> 00:26:58,799  
so

761  
00:27:02,870 --> 00:27:00,799  
um and he thought he just hit that at

762  
00:27:04,070 --> 00:27:02,880  
the start rally um and then moved past

763  
00:27:04,870 --> 00:27:04,080

it but

764

00:27:07,350 --> 00:27:04,880

um

765

00:27:10,710 --> 00:27:07,360

and he really likes jeeps so that's what

766

00:27:15,350 --> 00:27:12,789

but i didn't finish it either so

767

00:27:16,710 --> 00:27:15,360

i know there's other stuff mentioned

768

00:27:18,870 --> 00:27:16,720

you guys read the whole thing so you

769

00:27:20,149 --> 00:27:18,880

probably have more to say

770

00:27:21,830 --> 00:27:20,159

yeah i mean i'm not going to mention i'm

771

00:27:22,950 --> 00:27:21,840

not going to talk about the documentary

772

00:27:29,269 --> 00:27:22,960

um

773

00:27:30,789 --> 00:27:29,279

somebody's family that that's just all

774

00:27:33,029 --> 00:27:30,799

wrong i'm sorry it doesn't matter which

775

00:27:34,630 --> 00:27:33,039

way you go for it um there's no need for

776

00:27:36,630 --> 00:27:34,640

that so i'm not going to give it any

777

00:27:38,310 --> 00:27:36,640

oxygen or publicity by speaking about it

778

00:27:40,470 --> 00:27:38,320

further yep

779

00:27:43,350 --> 00:27:40,480

no yeah that's good um if you read the

780

00:27:46,070 --> 00:27:43,360

whole thread of mr ufo joe which you can

781

00:27:48,710 --> 00:27:46,080

check out on twitter he's an amazing guy

782

00:27:50,230 --> 00:27:48,720

who uh kind of transcribes these whole

783

00:27:51,750 --> 00:27:50,240

things um

784

00:27:53,110 --> 00:27:51,760

you know which is really awesome doesn't

785

00:27:55,190 --> 00:27:53,120

get enough credit for that that's for

786

00:27:57,029 --> 00:27:55,200

sure because it helps so many people um

787

00:27:58,950 --> 00:27:57,039

but did you guys get any other takeaways

788

00:28:00,389 --> 00:27:58,960

from the thread if

789

00:28:02,230 --> 00:28:00,399

you went through it

790

00:28:06,549 --> 00:28:02,240

um

791

00:28:09,029 --> 00:28:06,559

ufos are doesn't he or he's asked about

792

00:28:12,710 --> 00:28:09,039

that rather um

793

00:28:14,389 --> 00:28:12,720

i mean who who would be the ufo czar

794

00:28:16,789 --> 00:28:14,399

you would be would you put yourself

795

00:28:18,710 --> 00:28:16,799

forward sean me yeah they're not gonna

796

00:28:20,149 --> 00:28:18,720

pick me though i don't have a college

797

00:28:23,510 --> 00:28:20,159

education

798

00:28:25,430 --> 00:28:23,520

um most of my um you know work histories

799

00:28:27,830 --> 00:28:25,440

and sales which may or may not be good

800

00:28:30,310 --> 00:28:27,840

for that but

801

00:28:32,310 --> 00:28:30,320

do they need one though i mean because i

802

00:28:33,830 --> 00:28:32,320

guess in some ways lou and chris mellon

803

00:28:35,830 --> 00:28:33,840

are seen as figureheads in this kind of

804

00:28:38,070 --> 00:28:35,840

movement um

805

00:28:40,230 --> 00:28:38,080

i mean unless it's one of them would

806

00:28:42,630 --> 00:28:40,240

they would anybody else be able to step

807

00:28:45,190 --> 00:28:42,640

up to do this job uh would it like say

808

00:28:47,669 --> 00:28:45,200

marco rubio or something like that you

809

00:28:49,830 --> 00:28:47,679

know who would you be looking at

810

00:28:52,230 --> 00:28:49,840

yeah personally i feel like

811

00:28:53,909 --> 00:28:52,240

like chris millen would probably be if

812

00:28:55,669 --> 00:28:53,919

there's one person that they were

813

00:28:59,269 --> 00:28:55,679

looking at right now it would probably

814

00:29:00,789 --> 00:28:59,279

be him because of his as lou put it last

815

00:29:03,350 --> 00:29:00,799

night he was like oh you know chris

816

00:29:04,710 --> 00:29:03,360

millen he's always playing 3d chess

817

00:29:06,389 --> 00:29:04,720

when the rest of us are playing

818

00:29:08,549 --> 00:29:06,399

foursquare or whatever the exact quote

819

00:29:11,350 --> 00:29:08,559

yeah that was more or less a quote yeah

820

00:29:13,830 --> 00:29:11,360

yeah and um and

821

00:29:15,750 --> 00:29:13,840

when uh one other takeaway from last

822

00:29:18,310 --> 00:29:15,760

night was that lou was saying

823

00:29:20,230 --> 00:29:18,320

that um that there are other issues that

824

00:29:22,789 --> 00:29:20,240

he wants to talk about and he was like

825

00:29:28,549 --> 00:29:22,799

this is just one of you know

826

00:29:32,870 --> 00:29:30,630

he did and so there he said there were

827

00:29:34,149 --> 00:29:32,880

at least three or four other

828

00:29:36,149 --> 00:29:34,159

you know it sounded like there was a

829

00:29:38,870 --> 00:29:36,159

handful a good handful of issues that he

830

00:29:42,549 --> 00:29:38,880

wanted to really kind of tackle

831

00:29:44,710 --> 00:29:42,559

he said kind of after this issue and so

832

00:29:46,710 --> 00:29:44,720

that gets me to a position where it

833

00:29:48,310 --> 00:29:46,720

reminds me that in the past people have

834

00:29:50,230 --> 00:29:48,320

asked him about whether he'd ever run

835

00:29:52,470 --> 00:29:50,240

for office or something like that you

836

00:29:54,789 --> 00:29:52,480

know and so

837

00:29:56,630 --> 00:29:54,799

in that kind of a situation it

838

00:29:58,950 --> 00:29:56,640

even seems more

839

00:30:02,630 --> 00:29:58,960

applicable that millen would be the the

840

00:30:04,470 --> 00:30:02,640

guy of the two of them in terms of um

841

00:30:06,789 --> 00:30:04,480

his understanding of the intelligence

842

00:30:08,950 --> 00:30:06,799

community his understanding of white

843

00:30:11,430 --> 00:30:08,960

house politics his understand you know

844

00:30:14,710 --> 00:30:11,440

what he's what he's done in his position

845

00:30:17,430 --> 00:30:14,720

in the past and i think you know i i

846

00:30:19,430 --> 00:30:17,440

would guess anyway that lou

847

00:30:21,669 --> 00:30:19,440

kind of enjoys his

848

00:30:24,470 --> 00:30:21,679

role as a

849

00:30:26,389 --> 00:30:24,480

kind of outsider independent

850

00:30:28,070 --> 00:30:26,399

facilitator isn't he that's what he's

851

00:30:29,750 --> 00:30:28,080

doing he's going to meetings he's

852

00:30:31,830 --> 00:30:29,760

getting people talking to each other

853

00:30:33,830 --> 00:30:31,840

he's getting people engaged and also you

854

00:30:35,669 --> 00:30:33,840

know enthused and the people who are in

855

00:30:38,070 --> 00:30:35,679

power to be able to stay things and do

856

00:30:40,070 --> 00:30:38,080

things i think i mean he said before

857

00:30:41,990 --> 00:30:40,080

that he'd you know quite happily turn it

858

00:30:44,389 --> 00:30:42,000

over to somebody else to get into that

859

00:30:46,070 --> 00:30:44,399

position hasn't he um i mean i can't

860

00:30:47,750 --> 00:30:46,080

speak for him obviously but i'm sure

861

00:30:49,430 --> 00:30:47,760

i've heard him say that before and he

862

00:30:51,590 --> 00:30:49,440

mentions again in this about you know

863

00:30:55,029 --> 00:30:51,600

stacking shells at walmart you know

864

00:30:58,070 --> 00:30:56,470

i've got a vivid imagination i can

865

00:30:59,909 --> 00:30:58,080

actually i can actually envision that

866

00:31:00,870 --> 00:30:59,919

but on the other hand you know i can't

867

00:31:02,789 --> 00:31:00,880

as well

868

00:31:04,230 --> 00:31:02,799

you know you just see him in this role

869

00:31:06,710 --> 00:31:04,240

as being this kind of you know the

870

00:31:08,710 --> 00:31:06,720

person who's the driving force in many

871

00:31:11,029 --> 00:31:08,720

ways behind what everybody's doing you

872

00:31:13,029 --> 00:31:11,039

know it would be lost without him

873

00:31:14,710 --> 00:31:13,039

yeah yeah he says he'd be happy doing

874

00:31:16,070 --> 00:31:14,720

that but i can only imagine that he

875

00:31:18,389 --> 00:31:16,080

would be happy

876

00:31:19,389 --> 00:31:18,399

stocking shelves if he was like using

877

00:31:21,830 --> 00:31:19,399

that like

878

00:31:24,470 --> 00:31:21,840

exoskeleton mech suit from like the end

879

00:31:26,310 --> 00:31:24,480

of aliens you know yeah that uh that

880

00:31:28,870 --> 00:31:26,320

security beaver was using or something

881

00:31:30,870 --> 00:31:28,880

like that like maybe making

882

00:31:32,789 --> 00:31:30,880

complex forts out of the products or

883

00:31:33,909 --> 00:31:32,799

something you know well he'd move on to

884

00:31:35,590 --> 00:31:33,919

something else wouldn't he you would

885

00:31:36,789 --> 00:31:35,600

have something but presumably you'd have

886

00:31:39,029 --> 00:31:36,799

something else with a bit between his

887

00:31:40,549 --> 00:31:39,039

teeth about the jfk or something else

888

00:31:42,710 --> 00:31:40,559

he's really you know involved and

889

00:31:44,710 --> 00:31:42,720

enthused about so yeah i can't i can't

890

00:31:45,590 --> 00:31:44,720

see him sitting still for very long

891

00:31:47,750 --> 00:31:45,600

yeah

892

00:31:51,750 --> 00:31:47,760

i can't speak for him um somebody

893

00:31:53,750 --> 00:31:51,760

actually mentioned um roswell and how

894

00:31:54,870 --> 00:31:53,760

i guess he was pressed on if he looked

895

00:31:57,350 --> 00:31:54,880

into it

896

00:31:59,669 --> 00:31:57,360

and uh jason here did um he was pressed

897

00:32:01,990 --> 00:31:59,679

on if he looked into it he confirmed yes

898

00:32:03,750 --> 00:32:02,000

and now we get i can only take this on

899

00:32:06,630 --> 00:32:03,760

on jason's word to here because i

900

00:32:08,149 --> 00:32:06,640

haven't heard that but confirmed yes and

901  
00:32:10,950 --> 00:32:08,159  
definitely not a weather balloon plus

902  
00:32:12,870 --> 00:32:10,960  
multiple crashes around that area um you

903  
00:32:15,430 --> 00:32:12,880  
know it's kind of a good time to go we

904  
00:32:19,590 --> 00:32:15,440  
call this ufos then and now

905  
00:32:21,990 --> 00:32:19,600  
um may be a good time to go back to then

906  
00:32:24,310 --> 00:32:22,000  
um roswell's interesting to me because

907  
00:32:27,269 --> 00:32:24,320  
you know as far as government records

908  
00:32:29,590 --> 00:32:27,279  
you don't find a thing

909  
00:32:31,029 --> 00:32:29,600  
on it but you do see different things

910  
00:32:33,190 --> 00:32:31,039  
that hint at

911  
00:32:35,750 --> 00:32:33,200  
uh materials and fragments but not so

912  
00:32:37,590 --> 00:32:35,760  
much really um you know specifically

913  
00:32:38,870 --> 00:32:37,600

flying saucer crashes

914

00:32:41,509 --> 00:32:38,880

it's funny isn't it sean because when

915

00:32:44,230 --> 00:32:41,519

you read through the sign and the grudge

916

00:32:46,070 --> 00:32:44,240

reports all the various investigations

917

00:32:48,149 --> 00:32:46,080

there is no mention

918

00:32:49,909 --> 00:32:48,159

of roswell is there

919

00:32:51,509 --> 00:32:49,919

from what i've read anyway and i've

920

00:32:53,669 --> 00:32:51,519

looked at a fair bit now over the over

921

00:32:55,590 --> 00:32:53,679

the last couple of years um and i just

922

00:32:57,269 --> 00:32:55,600

don't see any of it it was one of those

923

00:32:59,509 --> 00:32:57,279

stories that kind of was a flash in the

924

00:33:02,230 --> 00:32:59,519

pan really in 1947 wasn't it because

925

00:33:04,389 --> 00:33:02,240

they had the you know that splash about

926

00:33:06,710 --> 00:33:04,399

you know um the air force or the army

927

00:33:08,789 --> 00:33:06,720

air force capture the disc

928

00:33:10,710 --> 00:33:08,799

and then the story was away in 24 hours

929

00:33:12,870 --> 00:33:10,720

because it was basically shot down as

930

00:33:14,870 --> 00:33:12,880

being a balloon and everybody accepted

931

00:33:17,029 --> 00:33:14,880

it you know everybody everybody was

932

00:33:19,029 --> 00:33:17,039

quite happy to buy the the army air

933

00:33:21,350 --> 00:33:19,039

force's um

934

00:33:23,430 --> 00:33:21,360

their version of events and nobody sort

935

00:33:25,190 --> 00:33:23,440

of went any deeper nobody questioned

936

00:33:27,350 --> 00:33:25,200

things that weren't investigators like

937

00:33:29,430 --> 00:33:27,360

there are today to sort of poke around

938

00:33:31,990 --> 00:33:29,440

and all the rest of it um so it just

939

00:33:34,070 --> 00:33:32,000

died to death um and every and it just

940

00:33:36,070 --> 00:33:34,080

seems that when people were coming up

941

00:33:39,110 --> 00:33:36,080

with other things afterwards nobody

942

00:33:41,029 --> 00:33:39,120

seemed to remember this story yeah

943

00:33:43,350 --> 00:33:41,039

it's weird isn't it because it doesn't

944

00:33:45,590 --> 00:33:43,360

appear in the literature of the time

945

00:33:46,549 --> 00:33:45,600

unless it's books i haven't read yet but

946

00:33:49,029 --> 00:33:46,559

you know a lot of books that were

947

00:33:50,710 --> 00:33:49,039

written in the 50s and 60s

948

00:33:53,190 --> 00:33:50,720

not a not a thing

949

00:33:55,029 --> 00:33:53,200

it's crazy and that that balloon you

950

00:33:57,990 --> 00:33:55,039

know they it's not a balloon it is a

951  
00:34:00,149 --> 00:33:58,000  
balloon i don't know i can't say um

952  
00:34:02,630 --> 00:34:00,159  
i would assume that there's whatever it

953  
00:34:04,549 --> 00:34:02,640  
happened there is highly secret and

954  
00:34:08,230 --> 00:34:04,559  
there was some sort of cover up what the

955  
00:34:09,990 --> 00:34:08,240  
cover-up was of i'm not sure but um at

956  
00:34:12,790 --> 00:34:10,000  
that time um

957  
00:34:15,349 --> 00:34:12,800  
like the whole geophysical thing and

958  
00:34:17,669 --> 00:34:15,359  
um the balloons and all that stuff and

959  
00:34:18,790 --> 00:34:17,679  
and trying to catch hints of

960  
00:34:21,030 --> 00:34:18,800  
nuclear

961  
00:34:23,030 --> 00:34:21,040  
um particles in the air from soviet and

962  
00:34:24,869 --> 00:34:23,040  
all that stuff was a real deal and all

963  
00:34:27,990 --> 00:34:24,879

that was very secretive

964

00:34:30,310 --> 00:34:28,000

um so it was an interesting time but i

965

00:34:31,270 --> 00:34:30,320

mean at that time the whole

966

00:34:32,550 --> 00:34:31,280

um

967

00:34:35,190 --> 00:34:32,560

you know

968

00:34:37,669 --> 00:34:35,200

conquest for for space really started

969

00:34:39,829 --> 00:34:37,679

for for us in a lot of other countries

970

00:34:40,790 --> 00:34:39,839

um so it's you know

971

00:34:42,869 --> 00:34:40,800

not

972

00:34:44,950 --> 00:34:42,879

um coincidence to me

973

00:34:46,389 --> 00:34:44,960

that uh ufos kind of took off around

974

00:34:47,589 --> 00:34:46,399

that time as well

975

00:34:49,669 --> 00:34:47,599

um just

976  
00:34:50,950 --> 00:34:49,679  
where that coincidence comes from i i

977  
00:34:52,149 --> 00:34:50,960  
don't really know jay i'll give it to

978  
00:34:54,230 --> 00:34:52,159  
you

979  
00:34:56,790 --> 00:34:54,240  
yeah i mean one one other question

980  
00:34:58,710 --> 00:34:56,800  
around that is is

981  
00:35:02,069 --> 00:34:58,720  
when he says that there are multiple

982  
00:35:04,470 --> 00:35:02,079  
crashes around around that area around

983  
00:35:07,510 --> 00:35:04,480  
that time i'm wondering what he's

984  
00:35:09,030 --> 00:35:07,520  
referring to you know there was i uh off

985  
00:35:11,670 --> 00:35:09,040  
the top of my head i'm thinking there

986  
00:35:13,750 --> 00:35:11,680  
was the there was kingman there was

987  
00:35:16,069 --> 00:35:13,760  
aztec there's trinity

988  
00:35:18,950 --> 00:35:16,079

right um you know in terms of the

989

00:35:20,950 --> 00:35:18,960

southwest within about a three four year

990

00:35:21,829 --> 00:35:20,960

period there and i think that there was

991

00:35:27,750 --> 00:35:21,839

even

992

00:35:31,030 --> 00:35:27,760

days of roswell

993

00:35:33,030 --> 00:35:31,040

that um that was

994

00:35:35,030 --> 00:35:33,040

understood to be kind of maybe a fog of

995

00:35:38,310 --> 00:35:35,040

war element where it was probably the

996

00:35:41,430 --> 00:35:38,320

same the same instance as roswell

997

00:35:43,109 --> 00:35:41,440

supposedly another crash involved

998

00:35:45,270 --> 00:35:43,119

connected with the roswell from what

999

00:35:46,790 --> 00:35:45,280

i've read before there might be two

1000

00:35:49,030 --> 00:35:46,800

uh crash sites

1001  
00:35:50,390 --> 00:35:49,040  
but i'm not entirely sure you know

1002  
00:35:52,790 --> 00:35:50,400  
because i think one that might have been

1003  
00:35:53,829 --> 00:35:52,800  
debunked in terms of it's not entirely

1004  
00:35:56,069 --> 00:35:53,839  
part you know

1005  
00:36:00,870 --> 00:35:56,079  
what's clear about it the whole thing

1006  
00:36:03,829 --> 00:36:02,630  
oh sorry go ahead

1007  
00:36:06,150 --> 00:36:03,839  
i was just going to say the whole

1008  
00:36:08,069 --> 00:36:06,160  
thing's a complete mess nowadays um if

1009  
00:36:09,990 --> 00:36:08,079  
you'd asked me this 20 odd years ago

1010  
00:36:12,230 --> 00:36:10,000  
when i felt 30 years ago rather when i

1011  
00:36:14,390 --> 00:36:12,240  
first started reading about roswell it

1012  
00:36:16,470 --> 00:36:14,400  
was it seemed cut and dried in so much

1013  
00:36:19,109 --> 00:36:16,480

as not that the you know new people knew

1014

00:36:20,950 --> 00:36:19,119

what it was but just what the story was

1015

00:36:24,069 --> 00:36:20,960

so it was you know something crashing at

1016

00:36:26,069 --> 00:36:24,079

the desert um mac brazil found it he

1017

00:36:28,310 --> 00:36:26,079

brought it into the to the town they

1018

00:36:29,270 --> 00:36:28,320

looked at it the army got a hold of it

1019

00:36:33,349 --> 00:36:29,280

um

1020

00:36:35,430 --> 00:36:33,359

intelligence agent went out to this to

1021

00:36:37,510 --> 00:36:35,440

the site with him they got the stuff it

1022

00:36:40,310 --> 00:36:37,520

was covered up whatever blah blah blah

1023

00:36:42,470 --> 00:36:40,320

but as as the years have gone on more

1024

00:36:43,589 --> 00:36:42,480

witnesses have come forward um and

1025

00:36:45,270 --> 00:36:43,599

you've only got to see the work that

1026

00:36:46,950 --> 00:36:45,280

kevin randle has done and others have

1027

00:36:49,109 --> 00:36:46,960

done on this subject to see all these

1028

00:36:51,270 --> 00:36:49,119

people but some of these these witnesses

1029

00:36:53,109 --> 00:36:51,280

have been hailed as oh yeah integral

1030

00:36:54,630 --> 00:36:53,119

parts of the story and i'm talking about

1031

00:36:56,630 --> 00:36:54,640

frank kaufman and i'm talking about

1032

00:36:58,069 --> 00:36:56,640

glenn dennis here and then when you look

1033

00:36:59,670 --> 00:36:58,079

at their stories

1034

00:37:02,310 --> 00:36:59,680

they're not as

1035

00:37:04,550 --> 00:37:02,320

clear-cut as they once were made up to

1036

00:37:07,589 --> 00:37:04,560

be and even kevin randlem says you know

1037

00:37:09,270 --> 00:37:07,599

he's got doubt about um frank kaufman's

1038

00:37:10,870 --> 00:37:09,280

part of the whole thing and also glenn

1039

00:37:13,030 --> 00:37:10,880

dennis because glenn dennis came up with

1040

00:37:15,430 --> 00:37:13,040

the name of this nurse who apparently

1041

00:37:17,109 --> 00:37:15,440

turned out to be a false name um you

1042

00:37:18,550 --> 00:37:17,119

know so nobody could actually verify

1043

00:37:20,550 --> 00:37:18,560

that this nurse was ever at roswell

1044

00:37:23,190 --> 00:37:20,560

anyway so therefore that story that he

1045

00:37:25,910 --> 00:37:23,200

told about seeing the body or the bodies

1046

00:37:28,069 --> 00:37:25,920

of the aliens that doesn't necessarily

1047

00:37:29,829 --> 00:37:28,079

hold any kind of truth so therefore you

1048

00:37:31,910 --> 00:37:29,839

have to think is everything else he's

1049

00:37:33,750 --> 00:37:31,920

saying also under the same kind of

1050

00:37:35,349 --> 00:37:33,760

suspicion you know because

1051  
00:37:37,510 --> 00:37:35,359  
if somebody witness is going to say oh

1052  
00:37:39,190 --> 00:37:37,520  
well that bit's not quite right then you

1053  
00:37:42,310 --> 00:37:39,200  
have to wonder what else he's saying

1054  
00:37:43,829 --> 00:37:42,320  
isn't quite right and and my confidence

1055  
00:37:45,910 --> 00:37:43,839  
in the whole thing

1056  
00:37:47,750 --> 00:37:45,920  
i mean i'm still under the belief that

1057  
00:37:49,750 --> 00:37:47,760  
something really odd went on and it

1058  
00:37:52,069 --> 00:37:49,760  
wasn't a weather balloon or it wasn't a

1059  
00:37:54,710 --> 00:37:52,079  
project mogul or a thing with these kind

1060  
00:37:57,109 --> 00:37:54,720  
of bodies and stuff um but

1061  
00:37:59,670 --> 00:37:57,119  
over the years my kind of belief in this

1062  
00:38:01,910 --> 00:37:59,680  
has been quite shaken in terms of what

1063  
00:38:04,150 --> 00:38:01,920

do i believe nowadays you know how much

1064

00:38:05,910 --> 00:38:04,160

of this story is true and how much of it

1065

00:38:07,829 --> 00:38:05,920

has just been blown up out of all

1066

00:38:11,190 --> 00:38:07,839

proportion from something which might be

1067

00:38:13,190 --> 00:38:11,200

quite mundane or might be quite quite

1068

00:38:16,150 --> 00:38:13,200

kind of extraterrestrial but it's been

1069

00:38:17,670 --> 00:38:16,160

built up even beyond that you know so

1070

00:38:19,589 --> 00:38:17,680

it just and i don't know what to think

1071

00:38:21,270 --> 00:38:19,599

nowadays and i read stuff and i have all

1072

00:38:23,190 --> 00:38:21,280

this knowledge from back then but i read

1073

00:38:24,950 --> 00:38:23,200

stuff that's coming out in more recent

1074

00:38:27,829 --> 00:38:24,960

years and i just think

1075

00:38:29,349 --> 00:38:27,839

oh it's smoking mirrors and

1076

00:38:30,950 --> 00:38:29,359

and it gets the point now where i just

1077

00:38:32,470 --> 00:38:30,960

don't want to look at anything more of

1078

00:38:34,230 --> 00:38:32,480

it because anything that comes out that

1079

00:38:35,990 --> 00:38:34,240

diary that came out was it on the

1080

00:38:37,670 --> 00:38:36,000

history channel a little while back

1081

00:38:39,190 --> 00:38:37,680

there was a series of programs about it

1082

00:38:41,270 --> 00:38:39,200

and i couldn't watch it

1083

00:38:42,390 --> 00:38:41,280

because i thought if i watch this i'm

1084

00:38:44,470 --> 00:38:42,400

just going to find something that i

1085

00:38:46,710 --> 00:38:44,480

either don't believe or it's going to

1086

00:38:48,470 --> 00:38:46,720

confuse things even more for me so i end

1087

00:38:50,390 --> 00:38:48,480

up not watching it yeah

1088

00:38:51,589 --> 00:38:50,400

which is amazing nothing but really

1089

00:38:52,790 --> 00:38:51,599

because i should be interested in this

1090

00:38:54,230 --> 00:38:52,800

kind of thing

1091

00:38:55,829 --> 00:38:54,240

no isn't it interesting though that

1092

00:38:57,829 --> 00:38:55,839

that's i mean i think that that happens

1093

00:39:00,950 --> 00:38:57,839

a lot in this field is that there's

1094

00:39:02,390 --> 00:39:00,960

that you know especially these

1095

00:39:05,030 --> 00:39:02,400

it's kind of

1096

00:39:07,589 --> 00:39:05,040

in some ways it's like the opposite of

1097

00:39:09,750 --> 00:39:07,599

how people say that people fetishize the

1098

00:39:11,750 --> 00:39:09,760

first thing that turned them on you know

1099

00:39:14,150 --> 00:39:11,760

what i mean whatever that is you know

1100

00:39:16,310 --> 00:39:14,160

what i mean and and it's kind of the

1101

00:39:19,430 --> 00:39:16,320

opposite situation here where where some

1102

00:39:22,310 --> 00:39:19,440

of these really early whatever got you

1103

00:39:24,790 --> 00:39:22,320

into the field and then you found that

1104

00:39:27,349 --> 00:39:24,800

you were in a castle made of sand with

1105

00:39:29,510 --> 00:39:27,359

something because often the the things

1106

00:39:32,310 --> 00:39:29,520

that bring somebody into the field are

1107

00:39:34,870 --> 00:39:32,320

the the most ludicrous elements or or

1108

00:39:37,109 --> 00:39:34,880

the ones that are the most appealing to

1109

00:39:39,510 --> 00:39:37,119

the public but have the less have the

1110

00:39:41,510 --> 00:39:39,520

least amount of veracity and of course i

1111

00:39:44,069 --> 00:39:41,520

understand the irony of this given that

1112

00:39:47,030 --> 00:39:44,079

you know i'm i'm like a known you know

1113

00:39:47,990 --> 00:39:47,040

non-human entity person right

1114

00:39:50,230 --> 00:39:48,000

that i'm

1115

00:39:52,069 --> 00:39:50,240

like that i've had contact that's what

1116

00:39:53,750 --> 00:39:52,079

that's what i appreciate about it

1117

00:39:55,030 --> 00:39:53,760

i know i appreciate yeah yeah it doesn't

1118

00:39:56,710 --> 00:39:55,040

really come up all that much in

1119

00:39:59,270 --> 00:39:56,720

situations like this but yeah there is

1120

00:40:01,670 --> 00:39:59,280

that but you know it's it's the people

1121

00:40:03,750 --> 00:40:01,680

with the david the david wilcox the you

1122

00:40:06,470 --> 00:40:03,760

know the ikes the the people like this

1123

00:40:07,589 --> 00:40:06,480

that um that bring people in and then

1124

00:40:09,430 --> 00:40:07,599

it's

1125

00:40:11,030 --> 00:40:09,440

and then you know four or five years

1126  
00:40:13,190 --> 00:40:11,040  
later they don't even want to see these

1127  
00:40:14,470 --> 00:40:13,200  
people's names you know what i mean

1128  
00:40:16,950 --> 00:40:14,480  
and similar

1129  
00:40:19,910 --> 00:40:16,960  
that you know and i think

1130  
00:40:22,230 --> 00:40:19,920  
i one thing that i'd love to get uh

1131  
00:40:26,309 --> 00:40:22,240  
i'd love to ask you about is you know

1132  
00:40:29,430 --> 00:40:26,319  
one of the people i know that you are a

1133  
00:40:32,150 --> 00:40:29,440  
a really really real well-read historian

1134  
00:40:35,430 --> 00:40:32,160  
of the field and um

1135  
00:40:37,670 --> 00:40:35,440  
one of the people we before we got on

1136  
00:40:40,790 --> 00:40:37,680  
to the stream we were talking about

1137  
00:40:42,790 --> 00:40:40,800  
people like kehoe and folks like that

1138  
00:40:44,950 --> 00:40:42,800

and coral lorenzen

1139

00:40:47,910 --> 00:40:44,960

and you know i brought a bunch of

1140

00:40:49,349 --> 00:40:47,920

a bunch of stuff over here we uh

1141

00:40:52,309 --> 00:40:49,359

we all three

1142

00:40:53,910 --> 00:40:52,319

studied yeah keel recently yeah right

1143

00:40:55,270 --> 00:40:53,920

and um

1144

00:40:58,309 --> 00:40:55,280

but one of the people that i wanted to

1145

00:41:01,190 --> 00:40:58,319

mention is is leonard stringfield right

1146

00:41:03,270 --> 00:41:01,200

because lynn stringfield from uh

1147

00:41:06,870 --> 00:41:03,280

the great state of ohio from cincinnati

1148

00:41:10,309 --> 00:41:06,880

ohio was a researcher that that was very

1149

00:41:13,510 --> 00:41:10,319

well known for many years and is um

1150

00:41:16,069 --> 00:41:13,520

one of the absolute heroes of a guy that

1151

00:41:18,870 --> 00:41:16,079

i used to do work for richard dolan and

1152

00:41:21,270 --> 00:41:18,880

uh of course in the 70s starting in the

1153

00:41:22,150 --> 00:41:21,280

70s anyway leonard stringfield was one

1154

00:41:24,550 --> 00:41:22,160

of the people that was really

1155

00:41:27,910 --> 00:41:24,560

instrumental in bringing back

1156

00:41:31,589 --> 00:41:27,920

the stories of ufo crash retrievals and

1157

00:41:33,589 --> 00:41:31,599

and he did this this kind of overly

1158

00:41:35,750 --> 00:41:33,599

expensive book

1159

00:41:37,589 --> 00:41:35,760

these days called ufo crash retrievals

1160

00:41:39,990 --> 00:41:37,599

my copy's over there like

1161

00:41:40,790 --> 00:41:40,000

like i have one i've never read a couple

1162

00:41:43,589 --> 00:41:40,800

of this

1163

00:41:45,670 --> 00:41:43,599

see the yeah no

1164

00:41:47,990 --> 00:41:45,680

yes

1165

00:41:50,230 --> 00:41:48,000

where i got irritated with his his work

1166

00:41:52,390 --> 00:41:50,240

is actually then taking some of those

1167

00:41:54,710 --> 00:41:52,400

cases and trying to find them and not

1168

00:41:57,829 --> 00:41:54,720

being able to like in blue book like

1169

00:42:00,309 --> 00:41:57,839

it's not there so it's like it's either

1170

00:42:02,870 --> 00:42:00,319

it didn't happen or there's a separate

1171

00:42:05,030 --> 00:42:02,880

group of the air force that is not blue

1172

00:42:07,349 --> 00:42:05,040

book which is highly likely that dealt

1173

00:42:08,230 --> 00:42:07,359

with this stuff and those files are just

1174

00:42:10,870 --> 00:42:08,240

like

1175

00:42:12,309 --> 00:42:10,880

not touchable you know and there was and

1176

00:42:15,270 --> 00:42:12,319

there was the skinny the word on the

1177

00:42:16,390 --> 00:42:15,280

street back like recently was that that

1178

00:42:19,750 --> 00:42:16,400

guy was like

1179

00:42:22,230 --> 00:42:19,760

thoroughly dis disinfo he got snowballed

1180

00:42:24,470 --> 00:42:22,240

by people around because he was right

1181

00:42:26,069 --> 00:42:24,480

there near wright patterson and so there

1182

00:42:27,589 --> 00:42:26,079

are plenty of people around there to

1183

00:42:29,190 --> 00:42:27,599

give him a bunch of false information

1184

00:42:31,109 --> 00:42:29,200

about things if he was getting too close

1185

00:42:32,630 --> 00:42:31,119

to things and so

1186

00:42:34,150 --> 00:42:32,640

it becomes this really challenging

1187

00:42:36,150 --> 00:42:34,160

situation where

1188

00:42:37,750 --> 00:42:36,160

where you want to go back to some of

1189

00:42:40,069 --> 00:42:37,760

these earlier sources like you would

1190

00:42:41,990 --> 00:42:40,079

with valet or you would with keel or or

1191

00:42:46,230 --> 00:42:42,000

you would with kehoe or things like that

1192

00:42:48,870 --> 00:42:46,240

and unfortunately this guy seemingly um

1193

00:42:50,550 --> 00:42:48,880

was was relatively compromised in in

1194

00:42:52,950 --> 00:42:50,560

some of the stories that he was selling

1195

00:42:54,870 --> 00:42:52,960

but i was i was curious great graham so

1196

00:42:56,630 --> 00:42:54,880

you haven't read any of that stuff um

1197

00:42:58,790 --> 00:42:56,640

they're too expensive for me i'm afraid

1198

00:43:02,150 --> 00:42:58,800

um at the moment unless i unless i sell

1199

00:43:07,430 --> 00:43:02,160

loads of books um yeah so but he had his

1200

00:43:12,550 --> 00:43:09,510

and he was the inspiration for uh keith

1201

00:43:15,190 --> 00:43:12,560

chesler's book um on on the same subject

1202

00:43:18,150 --> 00:43:15,200

uh the one that was written in 2007. he

1203

00:43:19,670 --> 00:43:18,160

had his own uh newsletter in the 1950s

1204

00:43:23,190 --> 00:43:19,680

which the name of it escapes that

1205

00:43:24,230 --> 00:43:23,200

escapes me uh for the second i do quote

1206

00:43:27,190 --> 00:43:24,240

in my

1207

00:43:30,069 --> 00:43:27,200

it's called orbit yeah yeah

1208

00:43:31,829 --> 00:43:30,079

orbit yeah yeah orbit um

1209

00:43:33,430 --> 00:43:31,839

but it it didn't last very long did it i

1210

00:43:35,270 --> 00:43:33,440

thought it lasted about was it three or

1211

00:43:36,550 --> 00:43:35,280

four years or something that's right and

1212

00:43:38,069 --> 00:43:36,560

then yeah

1213

00:43:39,430 --> 00:43:38,079

um yeah because i have i have read the

1214

00:43:41,190 --> 00:43:39,440

issues or

1215

00:43:42,550 --> 00:43:41,200

quite a few of the issues and he's also

1216

00:43:43,990 --> 00:43:42,560

he obviously goes on about how much it

1217

00:43:46,550 --> 00:43:44,000

costs to do it because it was i think it

1218

00:43:48,470 --> 00:43:46,560

was a one-man band so uh but it's it's

1219

00:43:50,309 --> 00:43:48,480

very they're very interesting and it's

1220

00:43:53,190 --> 00:43:50,319

obviously other time and you know

1221

00:43:55,270 --> 00:43:53,200

there's you can say you can read the the

1222

00:43:57,349 --> 00:43:55,280

the newsletters and actually i think you

1223

00:43:58,710 --> 00:43:57,359

can read that collected works i think is

1224

00:44:00,550 --> 00:43:58,720

available if you have an amazon

1225

00:44:03,670 --> 00:44:00,560

subscription you can get it through

1226  
00:44:04,790 --> 00:44:03,680  
amazon prime um i believe as well um

1227  
00:44:06,390 --> 00:44:04,800  
they're very interesting but they're

1228  
00:44:09,030 --> 00:44:06,400  
also the same as you know coral

1229  
00:44:12,470 --> 00:44:09,040  
lorenzen's um they are the afro stuff

1230  
00:44:14,470 --> 00:44:12,480  
from i think that started in 1952 so she

1231  
00:44:17,030 --> 00:44:14,480  
was the first wasn't she um to have a

1232  
00:44:18,390 --> 00:44:17,040  
kind of monthly newsletter um

1233  
00:44:19,990 --> 00:44:18,400  
it was it's quite interesting some of

1234  
00:44:22,550 --> 00:44:20,000  
the stuff's in it that's in there as

1235  
00:44:25,109 --> 00:44:22,560  
well so yeah i've i've i've read some of

1236  
00:44:27,510 --> 00:44:25,119  
the lens drill for your stuff beyond

1237  
00:44:29,349 --> 00:44:27,520  
um those volumes that you mentioned so

1238  
00:44:31,510 --> 00:44:29,359

i've read some of the creeper stuff and

1239

00:44:33,109 --> 00:44:31,520

yes he's effectively won the greats how

1240

00:44:34,230 --> 00:44:33,119

much these people are compromised yeah

1241

00:44:35,910 --> 00:44:34,240

i'm sure they were i'm sure they were

1242

00:44:38,230 --> 00:44:35,920

fed disinformation along the lines from

1243

00:44:40,790 --> 00:44:38,240

various people not just people with an

1244

00:44:43,270 --> 00:44:40,800

agenda from the air force um you know

1245

00:44:45,190 --> 00:44:43,280

like um like mr doty you know it was

1246

00:44:47,990 --> 00:44:45,200

instructed no doubt to do but also

1247

00:44:49,670 --> 00:44:48,000

people um with different beliefs because

1248

00:44:50,870 --> 00:44:49,680

we say now

1249

00:44:53,589 --> 00:44:50,880

if you're talking about then and now

1250

00:44:55,030 --> 00:44:53,599

we'd see today i mean all i've got to do

1251  
00:44:56,950 --> 00:44:55,040  
is put something up on the internet

1252  
00:44:58,790 --> 00:44:56,960  
about the foo fighters and i'll get

1253  
00:45:00,230 --> 00:44:58,800  
somebody saying oh no you're talking

1254  
00:45:02,150 --> 00:45:00,240  
rubbish graham they're all they're all

1255  
00:45:03,270 --> 00:45:02,160  
definitely german and here's some fake

1256  
00:45:06,230 --> 00:45:03,280  
pictures of

1257  
00:45:08,870 --> 00:45:06,240  
german ufos so you know people who have

1258  
00:45:10,550 --> 00:45:08,880  
very deep seated beliefs are equally

1259  
00:45:12,550 --> 00:45:10,560  
able to push the narrative in a

1260  
00:45:14,150 --> 00:45:12,560  
different direction um you know i'll

1261  
00:45:15,990 --> 00:45:14,160  
i'll say stuff on the internet and i

1262  
00:45:17,990 --> 00:45:16,000  
haven't got the time to try and

1263  
00:45:20,069 --> 00:45:18,000

constantly refute some of this stuff but

1264

00:45:22,790 --> 00:45:20,079

it pops up all the time about saying

1265

00:45:24,790 --> 00:45:22,800

nasty flying saucers or nuts and faces

1266

00:45:27,510 --> 00:45:24,800

and the antarctic um there's somebody

1267

00:45:29,430 --> 00:45:27,520

just popped up on the chat before saying

1268

00:45:31,990 --> 00:45:29,440

that the roswell was probably of german

1269

00:45:33,589 --> 00:45:32,000

origin i don't believe that now you know

1270

00:45:35,430 --> 00:45:33,599

i don't really have probably at the time

1271

00:45:37,109 --> 00:45:35,440

or maybe even inclination to take with

1272

00:45:38,950 --> 00:45:37,119

the rest of the program here talking

1273

00:45:40,710 --> 00:45:38,960

about that but

1274

00:45:42,230 --> 00:45:40,720

you know this stuff's been argued to

1275

00:45:43,430 --> 00:45:42,240

death and there's no proof of that

1276

00:45:47,109 --> 00:45:43,440

whatsoever

1277

00:45:49,670 --> 00:45:47,119

so um you're beyond a a vague similarity

1278

00:45:51,510 --> 00:45:49,680

to the the the thing that kevin arnold

1279

00:45:53,990 --> 00:45:51,520

later said he saw but wasn't what he

1280

00:45:56,630 --> 00:45:54,000

said he saw at the time of his sighting

1281

00:45:59,589 --> 00:45:56,640

so you know these things proper um you

1282

00:46:01,670 --> 00:45:59,599

know promulgate and propagate and yet

1283

00:46:03,750 --> 00:46:01,680

they've got no as you say uh today

1284

00:46:06,150 --> 00:46:03,760

they're on on a basis of sand they've

1285

00:46:08,230 --> 00:46:06,160

got no basis in reality whatsoever but

1286

00:46:10,390 --> 00:46:08,240

then these stories you keep going and

1287

00:46:12,069 --> 00:46:10,400

they get thrown at people

1288

00:46:13,270 --> 00:46:12,079

and it just seems to muddy everything

1289

00:46:15,030 --> 00:46:13,280

doesn't it

1290

00:46:17,510 --> 00:46:15,040

yeah and then you know if you read kind

1291

00:46:18,710 --> 00:46:17,520

of the inside baseball documents of of

1292

00:46:19,829 --> 00:46:18,720

blue book

1293

00:46:22,069 --> 00:46:19,839

at the time and they're they're

1294

00:46:24,069 --> 00:46:22,079

different like uh in-house reports they

1295

00:46:26,150 --> 00:46:24,079

put together about you know how they

1296

00:46:28,390 --> 00:46:26,160

want to conduct their business and and

1297

00:46:30,630 --> 00:46:28,400

how if there's a case that gets big

1298

00:46:33,510 --> 00:46:30,640

publicity they want to use that to their

1299

00:46:35,990 --> 00:46:33,520

you know advantage and and talk about it

1300

00:46:38,630 --> 00:46:36,000

and then publicly debunk it and show how

1301  
00:46:40,870 --> 00:46:38,640  
something you know seemingly crazy is

1302  
00:46:42,309 --> 00:46:40,880  
actually something prosaic and

1303  
00:46:43,990 --> 00:46:42,319  
you know

1304  
00:46:45,510 --> 00:46:44,000  
it's like there's there's two flips of

1305  
00:46:47,030 --> 00:46:45,520  
the coin some people want to go oh

1306  
00:46:50,230 --> 00:46:47,040  
they're just you know

1307  
00:46:52,150 --> 00:46:50,240  
um you know throwing me bs and you know

1308  
00:46:53,910 --> 00:46:52,160  
but what if they're actually just trying

1309  
00:46:56,470 --> 00:46:53,920  
to help

1310  
00:46:58,790 --> 00:46:56,480  
you know you never know because you know

1311  
00:47:01,030 --> 00:46:58,800  
i for one have had my sightings and

1312  
00:47:04,390 --> 00:47:01,040  
there's no way that what i've seen

1313  
00:47:05,430 --> 00:47:04,400

um is just like some

1314

00:47:07,510 --> 00:47:05,440

you know

1315

00:47:09,990 --> 00:47:07,520

something

1316

00:47:13,270 --> 00:47:10,000

i don't know what it is right i can't

1317

00:47:14,550 --> 00:47:13,280

say it's it's some sort of alien i can't

1318

00:47:16,710 --> 00:47:14,560

really say

1319

00:47:18,550 --> 00:47:16,720

um that it's a being or it's not a being

1320

00:47:20,630 --> 00:47:18,560

or it's a ship or it's not like all i

1321

00:47:22,630 --> 00:47:20,640

can say is what it did and the weird

1322

00:47:25,270 --> 00:47:22,640

circumstance that surrounded it which is

1323

00:47:27,910 --> 00:47:25,280

weird to me but i cannot say what what

1324

00:47:29,750 --> 00:47:27,920

caused it you know um but a lot of the

1325

00:47:31,990 --> 00:47:29,760

times the stories i read like the more

1326

00:47:34,549 --> 00:47:32,000

popular ones about ufos you know

1327

00:47:36,230 --> 00:47:34,559

throughout uh blue book and and you know

1328

00:47:37,510 --> 00:47:36,240

all that stuff is

1329

00:47:39,829 --> 00:47:37,520

none of it

1330

00:47:41,430 --> 00:47:39,839

um fits fits the

1331

00:47:43,349 --> 00:47:41,440

the bill for what for what i went

1332

00:47:45,030 --> 00:47:43,359

through so it can be kind of frustrating

1333

00:47:46,790 --> 00:47:45,040

sometimes you know so i have to read

1334

00:47:49,349 --> 00:47:46,800

like ballet or something

1335

00:47:51,510 --> 00:47:49,359

to to try to get close to something that

1336

00:47:53,349 --> 00:47:51,520

could screw with your psychology and you

1337

00:47:56,309 --> 00:47:53,359

know you know

1338

00:47:57,750 --> 00:47:56,319

and but you know but it's it's you know

1339

00:48:00,549 --> 00:47:57,760

if this was easy it would have been

1340

00:48:02,710 --> 00:48:00,559

figured out um a long time ago right and

1341

00:48:04,549 --> 00:48:02,720

then then there's an aspect of this

1342

00:48:06,150 --> 00:48:04,559

where it's just quite obvious where

1343

00:48:08,470 --> 00:48:06,160

where the air force and in the

1344

00:48:11,670 --> 00:48:08,480

government dod whoever has really taken

1345

00:48:14,230 --> 00:48:11,680

advantage of this this ufo operation to

1346

00:48:15,910 --> 00:48:14,240

further their own goals with satellites

1347

00:48:17,510 --> 00:48:15,920

and weapon development and all that kind

1348

00:48:18,630 --> 00:48:17,520

of stuff so

1349

00:48:21,430 --> 00:48:18,640

yeah

1350

00:48:23,030 --> 00:48:21,440

which makes it even worse because is is

1351

00:48:25,589 --> 00:48:23,040

it serving a dual purpose of

1352

00:48:28,549 --> 00:48:25,599

investigating ufos and

1353

00:48:30,950 --> 00:48:28,559

you know also conducting experiments for

1354

00:48:33,990 --> 00:48:30,960

your ballistic missile satellite

1355

00:48:36,790 --> 00:48:34,000

uh warning long-range warning detectors

1356

00:48:37,829 --> 00:48:36,800

or you know what is it it's hard to tell

1357

00:48:39,349 --> 00:48:37,839

so

1358

00:48:41,510 --> 00:48:39,359

i think one of the things that's key

1359

00:48:42,790 --> 00:48:41,520

about what you're just saying is is how

1360

00:48:44,870 --> 00:48:42,800

much

1361

00:48:46,710 --> 00:48:44,880

i i think that you know the ghost of

1362

00:48:49,190 --> 00:48:46,720

people like keel would would smile down

1363

00:48:53,030 --> 00:48:49,200

upon you for your willingness to not

1364

00:48:54,790 --> 00:48:53,040

categorize and not specify to not go

1365

00:48:57,670 --> 00:48:54,800

over into a

1366

00:48:59,750 --> 00:48:57,680

uh specifying your sighting in such a

1367

00:49:01,990 --> 00:48:59,760

way that it actually confuses the

1368

00:49:03,670 --> 00:49:02,000

situation i mean i think we all remember

1369

00:49:06,309 --> 00:49:03,680

from operation trojan horse that one of

1370

00:49:07,990 --> 00:49:06,319

his big gripes was was the self editing

1371

00:49:09,510 --> 00:49:08,000

which is kind of what graham was talking

1372

00:49:10,710 --> 00:49:09,520

about just a few minutes ago which is

1373

00:49:13,510 --> 00:49:10,720

yeah how

1374

00:49:14,950 --> 00:49:13,520

how witnesses themselves and also the

1375

00:49:17,990 --> 00:49:14,960

researchers that would take these

1376

00:49:19,589 --> 00:49:18,000

accounts would spin they would delete

1377

00:49:23,670 --> 00:49:19,599

things they would you know they would

1378

00:49:25,510 --> 00:49:23,680

try to like how many times were you know

1379

00:49:28,470 --> 00:49:25,520

there were there were situations where

1380

00:49:30,870 --> 00:49:28,480

people were saying okay it was a short

1381

00:49:32,950 --> 00:49:30,880

being you know with a big head and it

1382

00:49:34,790 --> 00:49:32,960

looked kind of chinese or something like

1383

00:49:35,990 --> 00:49:34,800

that and then you drilled down more and

1384

00:49:37,910 --> 00:49:36,000

more

1385

00:49:39,349 --> 00:49:37,920

oriental yeah you used to get that a lot

1386

00:49:40,870 --> 00:49:39,359

in the books in the 70s about they were

1387

00:49:43,430 --> 00:49:40,880

talking about beings that looked

1388

00:49:45,109 --> 00:49:43,440

oriental in appearance

1389

00:49:47,190 --> 00:49:45,119

right and they'd be like huge cranium

1390

00:49:49,109 --> 00:49:47,200

really big guys and they'd be like okay

1391

00:49:50,870 --> 00:49:49,119

if it looked like anybody that you know

1392

00:49:53,430 --> 00:49:50,880

who would it be and they'd be like dot

1393

00:49:54,870 --> 00:49:53,440

dot dot oriental or something like that

1394

00:49:57,349 --> 00:49:54,880

and it would be these you know these

1395

00:50:00,470 --> 00:49:57,359

strange and like maybe you know for all

1396

00:50:01,670 --> 00:50:00,480

we know maybe some of these cases it it

1397

00:50:03,430 --> 00:50:01,680

appeared

1398

00:50:05,270 --> 00:50:03,440

for whatever reason as a screen memory

1399

00:50:06,710 --> 00:50:05,280

or whatever to these people in that way

1400

00:50:08,390 --> 00:50:06,720

but you know these these strange

1401

00:50:09,750 --> 00:50:08,400

situations when we look at the airship

1402

00:50:11,430 --> 00:50:09,760

cases and things like that and people

1403

00:50:13,109 --> 00:50:11,440

say oh there was a cow that was being

1404

00:50:15,910 --> 00:50:13,119

brought up and it was being brought up

1405

00:50:18,069 --> 00:50:15,920

with uh ropes you know was that because

1406

00:50:19,750 --> 00:50:18,079

like that's what the phenomenon was

1407

00:50:22,470 --> 00:50:19,760

showing that particular person in that

1408

00:50:25,190 --> 00:50:22,480

situation or was that person

1409

00:50:27,349 --> 00:50:25,200

realizing that this story was already

1410

00:50:28,309 --> 00:50:27,359

eight hundred percent crazy sounding

1411

00:50:30,390 --> 00:50:28,319

already

1412

00:50:32,069 --> 00:50:30,400

and that's saying that like it was

1413

00:50:34,069 --> 00:50:32,079

brought up on a beam of light was just

1414

00:50:37,349 --> 00:50:34,079

gonna that was gonna be

1415

00:50:39,190 --> 00:50:37,359

you know the straw that's right

1416

00:50:40,069 --> 00:50:39,200

i suppose some people also describe

1417

00:50:41,589 --> 00:50:40,079

things in the way that they're

1418

00:50:43,750 --> 00:50:41,599

comfortable with or the things they can

1419

00:50:45,990 --> 00:50:43,760

relate to so it can be a third way as

1420

00:50:47,750 --> 00:50:46,000

well so you know hauling something up by

1421

00:50:49,750 --> 00:50:47,760

ropes might be the only way that they

1422

00:50:51,510 --> 00:50:49,760

could envisage that a cow could be

1423

00:50:54,390 --> 00:50:51,520

lifted from the ground by an object in

1424

00:50:56,630 --> 00:50:54,400

mid-air so you get that level of kind of

1425

00:50:58,950 --> 00:50:56,640

description as well i think sometimes

1426

00:51:01,109 --> 00:50:58,960

when i get turned off from

1427

00:51:03,109 --> 00:51:01,119

um you know various people's sightings

1428

00:51:04,870 --> 00:51:03,119

or experiences and all and just people

1429

00:51:07,510 --> 00:51:04,880

reading writing about things as when

1430

00:51:08,950 --> 00:51:07,520

people have a definite explanation

1431

00:51:10,790 --> 00:51:08,960

and i'm i don't want to belittle

1432

00:51:13,030 --> 00:51:10,800

people's experiences here don't get me

1433

00:51:15,030 --> 00:51:13,040

wrong but when people say for definite

1434

00:51:16,630 --> 00:51:15,040

this is what it is whichever from

1435

00:51:17,910 --> 00:51:16,640

whichever direction they're coming from

1436

00:51:19,829 --> 00:51:17,920

whether they're an experiencer or

1437

00:51:21,829 --> 00:51:19,839

whether they're you know a commentator

1438

00:51:24,150 --> 00:51:21,839

or author or whatever when they

1439

00:51:27,349 --> 00:51:24,160

definitely say this is what the answer

1440

00:51:30,069 --> 00:51:27,359

is that's when i switch off because i

1441

00:51:32,390 --> 00:51:30,079

can't see how they know the answer for

1442

00:51:33,270 --> 00:51:32,400

definite when nobody else does

1443

00:51:35,750 --> 00:51:33,280

it's not

1444

00:51:38,230 --> 00:51:35,760

what makes you so special that you have

1445

00:51:39,750 --> 00:51:38,240

been told all the answers and now you're

1446

00:51:41,510 --> 00:51:39,760

writing a book about it or you're

1447

00:51:43,190 --> 00:51:41,520

standing in front of a huge audience at

1448

00:51:44,870 --> 00:51:43,200

a conference somewhere saying i have the

1449

00:51:46,309 --> 00:51:44,880

answers you know they're reptilians or

1450

00:51:47,990 --> 00:51:46,319

they're shape-shifters or they're people

1451  
00:51:50,630 --> 00:51:48,000  
from the future or you know that they're

1452  
00:51:52,790 --> 00:51:50,640  
from aldebaran or whatever this is the

1453  
00:51:54,870 --> 00:51:52,800  
bit that just makes me switch off and

1454  
00:51:56,230 --> 00:51:54,880  
you know i defy anybody to read through

1455  
00:51:58,630 --> 00:51:56,240  
what i've written in the past or what

1456  
00:52:00,470 --> 00:51:58,640  
i've said to say graham said that's what

1457  
00:52:01,829 --> 00:52:00,480  
they are you know

1458  
00:52:03,430 --> 00:52:01,839  
i won't

1459  
00:52:05,190 --> 00:52:03,440  
because i just don't know that's what

1460  
00:52:07,190 --> 00:52:05,200  
kind of makes everything so complicated

1461  
00:52:09,829 --> 00:52:07,200  
for the people who actually just try

1462  
00:52:12,549 --> 00:52:09,839  
their best to report you know the facts

1463  
00:52:13,670 --> 00:52:12,559

as we know them to be as documented by

1464

00:52:16,150 --> 00:52:13,680

other people

1465

00:52:17,030 --> 00:52:16,160

um that were paid to do such at least

1466

00:52:19,109 --> 00:52:17,040

you know

1467

00:52:21,349 --> 00:52:19,119

it it all kind of blends in in those

1468

00:52:24,950 --> 00:52:21,359

folks like yourself graham it won't be

1469

00:52:27,990 --> 00:52:24,960

as fantastic as somebody who maybe says

1470

00:52:31,030 --> 00:52:28,000

they know what the deal is and that it's

1471

00:52:33,670 --> 00:52:31,040

something like pretty fantastic like

1472

00:52:35,750 --> 00:52:33,680

you know it's a person from venus who

1473

00:52:38,470 --> 00:52:35,760

spent time in the freaking pentagon dude

1474

00:52:39,750 --> 00:52:38,480

you know and

1475

00:52:41,109 --> 00:52:39,760

yeah you know

1476  
00:52:43,109 --> 00:52:41,119  
um

1477  
00:52:44,150 --> 00:52:43,119  
it's like there's

1478  
00:52:45,190 --> 00:52:44,160  
there's

1479  
00:52:48,710 --> 00:52:45,200  
just

1480  
00:52:52,309 --> 00:52:48,720  
too much mixing of science fiction in

1481  
00:52:55,030 --> 00:52:52,319  
fact that it makes the field extremely

1482  
00:52:57,510 --> 00:52:55,040  
difficult to work within because there's

1483  
00:52:59,589 --> 00:52:57,520  
uh so many different um

1484  
00:53:00,870 --> 00:52:59,599  
interests and prerogatives going on at

1485  
00:53:02,549 --> 00:53:00,880  
the same time

1486  
00:53:04,150 --> 00:53:02,559  
you know you have a history teacher

1487  
00:53:07,109 --> 00:53:04,160  
working next to

1488  
00:53:08,069 --> 00:53:07,119

um you know a science fiction writer

1489

00:53:11,589 --> 00:53:08,079

you know

1490

00:53:15,030 --> 00:53:11,599

um and they both want to hold on to what

1491

00:53:17,109 --> 00:53:15,040

they have because that's what they do um

1492

00:53:18,470 --> 00:53:17,119

you know it's just uh difficult for a

1493

00:53:20,470 --> 00:53:18,480

lot of people to sift through that and

1494

00:53:22,549 --> 00:53:20,480

then like lou said just to bring it back

1495

00:53:25,430 --> 00:53:22,559

on jimmy church a little bit like people

1496

00:53:26,230 --> 00:53:25,440

just desperately want answers you know

1497

00:53:28,309 --> 00:53:26,240

and

1498

00:53:31,190 --> 00:53:28,319

you know in in that kind of vulnerable

1499

00:53:33,109 --> 00:53:31,200

state i feel like um you know it's it's

1500

00:53:35,430 --> 00:53:33,119

really easy to take advantage of people

1501  
00:53:36,870 --> 00:53:35,440  
like that um

1502  
00:53:38,309 --> 00:53:36,880  
that's when they're most susceptible

1503  
00:53:40,549 --> 00:53:38,319  
aren't they to a line that sounds

1504  
00:53:42,710 --> 00:53:40,559  
plausible yeah i mean

1505  
00:53:45,270 --> 00:53:42,720  
why did all the people sort of fall for

1506  
00:53:46,069 --> 00:53:45,280  
and dolly's kind of you know sort of

1507  
00:53:48,870 --> 00:53:46,079  
like

1508  
00:53:51,910 --> 00:53:48,880  
spiel um or or the net object or you

1509  
00:53:54,150 --> 00:53:51,920  
know stephen griez kind of um his you

1510  
00:53:55,990 --> 00:53:54,160  
know his advertising about oh you'll see

1511  
00:53:58,150 --> 00:53:56,000  
things well you might do but they might

1512  
00:54:01,190 --> 00:53:58,160  
not necessarily be alien so

1513  
00:54:03,030 --> 00:54:01,200

it just seems to be you know

1514

00:54:04,150 --> 00:54:03,040

people yes they want answers but at what

1515

00:54:05,829 --> 00:54:04,160

price

1516

00:54:07,349 --> 00:54:05,839

do they want the answers

1517

00:54:09,109 --> 00:54:07,359

um and they're going to get it from

1518

00:54:11,270 --> 00:54:09,119

somebody who's not entirely trustworthy

1519

00:54:13,030 --> 00:54:11,280

or reliable or are these answers the

1520

00:54:15,349 --> 00:54:13,040

true ones you know just because somebody

1521

00:54:16,790 --> 00:54:15,359

says they are um and has a you know

1522

00:54:18,950 --> 00:54:16,800

initials behind the name or they've

1523

00:54:20,630 --> 00:54:18,960

written a few books um you know or

1524

00:54:22,549 --> 00:54:20,640

they're or they're well or they're well

1525

00:54:23,990 --> 00:54:22,559

kind of like respected on the circuit

1526

00:54:25,270 --> 00:54:24,000

doesn't say they have the answers

1527

00:54:26,630 --> 00:54:25,280

unfortunately

1528

00:54:28,069 --> 00:54:26,640

one word

1529

00:54:29,829 --> 00:54:28,079

and i only just want to say this before

1530

00:54:31,430 --> 00:54:29,839

i forget because i think at least this

1531

00:54:34,230 --> 00:54:31,440

is an important thing for me and i

1532

00:54:35,589 --> 00:54:34,240

relate it to uh sports like uh my green

1533

00:54:36,870 --> 00:54:35,599

bay packers their football team they

1534

00:54:38,789 --> 00:54:36,880

always get to the playoffs and they

1535

00:54:41,349 --> 00:54:38,799

always freaking blow it right and the

1536

00:54:43,670 --> 00:54:41,359

thing to me is like in order to win the

1537

00:54:46,390 --> 00:54:43,680

championship or to go all the way you

1538

00:54:49,430 --> 00:54:46,400

have to be okay with losing you have to

1539

00:54:52,390 --> 00:54:49,440

be comfortable that you you might very

1540

00:54:54,950 --> 00:54:52,400

well lose and it's okay it's fine um and

1541

00:54:57,750 --> 00:54:54,960

it that reminds me of this like if you

1542

00:55:00,390 --> 00:54:57,760

go into ufology if you go into research

1543

00:55:03,829 --> 00:55:00,400

you have to be okay knowing that you may

1544

00:55:05,349 --> 00:55:03,839

not ever find the answer you know oh

1545

00:55:07,829 --> 00:55:05,359

well not only that but you have to be

1546

00:55:09,190 --> 00:55:07,839

okay with if there's people joke about

1547

00:55:10,710 --> 00:55:09,200

you know if you've been in the field for

1548

00:55:12,710 --> 00:55:10,720

more than two years

1549

00:55:14,069 --> 00:55:12,720

you've you've held a wrong belief at

1550

00:55:16,230 --> 00:55:14,079

some point you know what i mean you've

1551  
00:55:18,069 --> 00:55:16,240  
been wrong about something and i found

1552  
00:55:19,430 --> 00:55:18,079  
that to be completely true you know what

1553  
00:55:21,270 --> 00:55:19,440  
i mean you read somebody's account

1554  
00:55:23,270 --> 00:55:21,280  
you're like that sounds legit and then

1555  
00:55:25,589 --> 00:55:23,280  
two years later you know you're off on

1556  
00:55:27,589 --> 00:55:25,599  
some you're off on another tangent you

1557  
00:55:28,870 --> 00:55:27,599  
know one of the things i i completely

1558  
00:55:30,630 --> 00:55:28,880  
agree with both of you and i think that

1559  
00:55:32,950 --> 00:55:30,640  
one of the things there is that

1560  
00:55:35,349 --> 00:55:32,960  
you know as we see along the case of

1561  
00:55:37,829 --> 00:55:35,359  
that graham brought up just a bit ago

1562  
00:55:39,190 --> 00:55:37,839  
and you know the people often have this

1563  
00:55:41,109 --> 00:55:39,200

situation where

1564

00:55:42,710 --> 00:55:41,119

um we were joking about i was joking

1565

00:55:44,549 --> 00:55:42,720

about it with stuart davis the other day

1566

00:55:46,630 --> 00:55:44,559

a little bit in kind of like a black

1567

00:55:49,510 --> 00:55:46,640

humor kind of way that

1568

00:55:52,069 --> 00:55:49,520

that it's really difficult to keep all

1569

00:55:53,990 --> 00:55:52,079

of these options in play without landing

1570

00:55:56,069 --> 00:55:54,000

on something it's a it's an enormous

1571

00:55:58,390 --> 00:55:56,079

mental exercise that actually takes a

1572

00:55:59,750 --> 00:55:58,400

lot of energy right it's i think it's

1573

00:56:02,309 --> 00:55:59,760

part of the reason

1574

00:56:04,549 --> 00:56:02,319

other than the internal toxicity among

1575

00:56:07,030 --> 00:56:04,559

people you know within the field but

1576

00:56:09,510 --> 00:56:07,040

outside of that you know keeping all

1577

00:56:11,349 --> 00:56:09,520

these options in play is mentally taxing

1578

00:56:13,510 --> 00:56:11,359

and it's energetically taxing and people

1579

00:56:15,190 --> 00:56:13,520

say like i have to go away i'll i will

1580

00:56:16,630 --> 00:56:15,200

may never be back and then they'll come

1581

00:56:19,349 --> 00:56:16,640

back two months later or whatever you

1582

00:56:20,630 --> 00:56:19,359

know things like this and and i i was

1583

00:56:21,990 --> 00:56:20,640

joking with them the other day and i was

1584

00:56:24,950 --> 00:56:22,000

like you know it's kind of like when i

1585

00:56:27,670 --> 00:56:24,960

go to ikea right and i'm walking around

1586

00:56:30,630 --> 00:56:27,680

and i'm like why am i always so

1587

00:56:32,309 --> 00:56:30,640

freaking tired when i leave ikea and i

1588

00:56:34,470 --> 00:56:32,319

eventually recognized what it was it

1589

00:56:35,910 --> 00:56:34,480

wasn't that there's no windows anywhere

1590

00:56:38,710 --> 00:56:35,920

you know or any clocks it's like a

1591

00:56:40,950 --> 00:56:38,720

casino you know what i recognize is that

1592

00:56:43,670 --> 00:56:40,960

like i'm looking at everything and i'm

1593

00:56:45,349 --> 00:56:43,680

mentally imagining it in my space you

1594

00:56:47,270 --> 00:56:45,359

know what i mean and it's like is that

1595

00:56:49,829 --> 00:56:47,280

couch fit you know what i mean does that

1596

00:56:51,829 --> 00:56:49,839

does that chair is the color right you

1597

00:56:53,990 --> 00:56:51,839

know what i mean like all this stuff and

1598

00:56:56,470 --> 00:56:54,000

all of that mental imagining and trying

1599

00:56:59,510 --> 00:56:56,480

to keep options open though for like two

1600

00:57:01,990 --> 00:56:59,520

straight hours with my partner it's like

1601  
00:57:03,589 --> 00:57:02,000  
it that yeah that that is like torture

1602  
00:57:04,789 --> 00:57:03,599  
you know what i mean right and so we

1603  
00:57:06,950 --> 00:57:04,799  
were joking about it because it's like

1604  
00:57:09,190 --> 00:57:06,960  
no wonder in our scene that people

1605  
00:57:10,950 --> 00:57:09,200  
constantly are like 20 26 that's when

1606  
00:57:12,549 --> 00:57:10,960  
the world's going to end because like

1607  
00:57:15,910 --> 00:57:12,559  
they'd actually

1608  
00:57:18,549 --> 00:57:15,920  
restful

1609  
00:57:20,789 --> 00:57:18,559  
and it's actually easier for them to

1610  
00:57:22,470 --> 00:57:20,799  
think that the world's going to end than

1611  
00:57:24,470 --> 00:57:22,480  
to keep all these options in play

1612  
00:57:26,630 --> 00:57:24,480  
consistently you know what i mean you

1613  
00:57:28,069 --> 00:57:26,640

mentioned joe

1614

00:57:30,390 --> 00:57:28,079

you mentioned jay before about like you

1615

00:57:31,829 --> 00:57:30,400

know um sort of being wrong um you know

1616

00:57:33,510 --> 00:57:31,839

in the subject and having these wrong

1617

00:57:35,030 --> 00:57:33,520

beliefs and that's true but the people

1618

00:57:37,589 --> 00:57:35,040

who weld themselves to a kind of

1619

00:57:39,589 --> 00:57:37,599

explanation this is the truth

1620

00:57:41,990 --> 00:57:39,599

when the data changes and the

1621

00:57:44,069 --> 00:57:42,000

information changes so that truth is no

1622

00:57:45,510 --> 00:57:44,079

longer true then you see them jumping

1623

00:57:47,670 --> 00:57:45,520

through all sorts of hoops and

1624

00:57:50,150 --> 00:57:47,680

everything to try and justify

1625

00:57:52,069 --> 00:57:50,160

this new reality to become this new

1626  
00:57:54,150 --> 00:57:52,079  
truth and that's when it gets even more

1627  
00:57:56,069 --> 00:57:54,160  
complicated and and that's when i just

1628  
00:57:58,549 --> 00:57:56,079  
shake my head you know because i think

1629  
00:58:00,470 --> 00:57:58,559  
look you're digging yourself in you stop

1630  
00:58:01,670 --> 00:58:00,480  
it you know you're not getting anywhere

1631  
00:58:04,789 --> 00:58:01,680  
and you're just making yourself look

1632  
00:58:06,870 --> 00:58:04,799  
ridiculous by doing it so it's easier

1633  
00:58:08,630 --> 00:58:06,880  
just to say look i hold my hands up i

1634  
00:58:10,230 --> 00:58:08,640  
don't know what's going on and here's

1635  
00:58:11,270 --> 00:58:10,240  
another things i want to to sort of

1636  
00:58:13,030 --> 00:58:11,280  
think about

1637  
00:58:14,710 --> 00:58:13,040  
what if i mean a lot of people say oh

1638  
00:58:15,990 --> 00:58:14,720

yes the american government know

1639

00:58:17,270 --> 00:58:16,000

everything that's going on you know

1640

00:58:18,789 --> 00:58:17,280

they've got the answers all the blah

1641

00:58:21,109 --> 00:58:18,799

blah blah but what actually if they

1642

00:58:22,710 --> 00:58:21,119

don't know they might have information

1643

00:58:24,710 --> 00:58:22,720

that information doesn't necessarily

1644

00:58:27,190 --> 00:58:24,720

need to knowledge and therefore they've

1645

00:58:28,630 --> 00:58:27,200

just got a lot of you know sort of data

1646

00:58:30,630 --> 00:58:28,640

but they're still trying to figure out

1647

00:58:32,309 --> 00:58:30,640

what's behind all of it and therefore

1648

00:58:34,710 --> 00:58:32,319

where does that leave everybody there's

1649

00:58:36,789 --> 00:58:34,720

no truth there's just knowledge that's

1650

00:58:37,990 --> 00:58:36,799

just information rather so that could

1651

00:58:40,230 --> 00:58:38,000

lead people to

1652

00:58:42,549 --> 00:58:40,240

to really flip because they've gone

1653

00:58:44,309 --> 00:58:42,559

through this huge semi-audio journey to

1654

00:58:45,349 --> 00:58:44,319

get to the point where well yes we know

1655

00:58:47,349 --> 00:58:45,359

there's something there but we still

1656

00:58:50,230 --> 00:58:47,359

don't know what it is yeah it could be

1657

00:58:53,270 --> 00:58:50,240

as simple as that yeah i i tweeted this

1658

00:58:54,789 --> 00:58:53,280

uh yesterday in response to um somebody

1659

00:58:56,710 --> 00:58:54,799

actually in

1660

00:58:59,270 --> 00:58:56,720

in the chat there i tweeted like i don't

1661

00:59:01,430 --> 00:58:59,280

think i'll ever find a smoking gun so to

1662

00:59:02,309 --> 00:59:01,440

speak but it but i wind up learning a

1663

00:59:04,950 --> 00:59:02,319

ton

1664

00:59:06,870 --> 00:59:04,960

you know and not just about like the ufo

1665

00:59:07,670 --> 00:59:06,880

investigations i wind up learning about

1666

00:59:10,710 --> 00:59:07,680

like

1667

00:59:12,309 --> 00:59:10,720

you know geomagnetism and you know how

1668

00:59:14,390 --> 00:59:12,319

these satellites work and how you

1669

00:59:16,069 --> 00:59:14,400

conduct aerial reconnaissance and not

1670

00:59:18,390 --> 00:59:16,079

because i'm up to no good it's just

1671

00:59:20,789 --> 00:59:18,400

genuinely interesting to me

1672

00:59:21,750 --> 00:59:20,799

you know it just is like i like learning

1673

00:59:24,789 --> 00:59:21,760

about it

1674

00:59:26,230 --> 00:59:24,799

um and you know meteors and and all that

1675

00:59:28,309 --> 00:59:26,240

kind of stuff and

1676

00:59:29,829 --> 00:59:28,319

um you know you just wind up taking in a

1677

00:59:31,510 --> 00:59:29,839

lot of knowledge about your your

1678

00:59:33,430 --> 00:59:31,520

government your military that the

1679

00:59:35,430 --> 00:59:33,440

different branches and stuff and and i

1680

00:59:36,549 --> 00:59:35,440

like soaking all that stuff up and in

1681

00:59:38,470 --> 00:59:36,559

the meantime

1682

00:59:40,789 --> 00:59:38,480

you know finding how all those

1683

00:59:43,109 --> 00:59:40,799

operations work so maybe if there is an

1684

00:59:45,750 --> 00:59:43,119

answer somewhere you know it you know

1685

00:59:47,670 --> 00:59:45,760

where to look i guess but

1686

00:59:48,950 --> 00:59:47,680

do you think that people are you know

1687

00:59:50,230 --> 00:59:48,960

a question for you do you think that

1688

00:59:53,030 --> 00:59:50,240

people are going to stick with this

1689

00:59:54,950 --> 00:59:53,040

subject if there's no kind of hard and

1690

00:59:55,910 --> 00:59:54,960

fast answers in the next few years

1691

00:59:58,390 --> 00:59:55,920

because i think you know people have

1692

01:00:00,470 --> 00:59:58,400

come into the hobby since 2017 are after

1693

01:00:02,390 --> 01:00:00,480

a kind of quick resolution and they're

1694

01:00:03,990 --> 01:00:02,400

always you know trying to like think oh

1695

01:00:06,069 --> 01:00:04,000

the next video is going to be the

1696

01:00:08,150 --> 01:00:06,079

smoking gun you know if

1697

01:00:09,750 --> 01:00:08,160

because the history of it suggests that

1698

01:00:11,510 --> 01:00:09,760

that's not going to come along anytime

1699

01:00:13,510 --> 01:00:11,520

you know really soon do you think people

1700

01:00:15,670 --> 01:00:13,520

are going to stay with us or we're just

1701

01:00:17,829 --> 01:00:15,680

going to be like a small kind of you

1702

01:00:19,510 --> 01:00:17,839

know call let's stick with it

1703

01:00:21,750 --> 01:00:19,520

i think that that's a great question i

1704

01:00:23,670 --> 01:00:21,760

think some people will stick with it i i

1705

01:00:26,630 --> 01:00:23,680

think that some people

1706

01:00:28,470 --> 01:00:26,640

just have the mindset where they

1707

01:00:30,549 --> 01:00:28,480

like us probably

1708

01:00:32,390 --> 01:00:30,559

are bent on

1709

01:00:34,710 --> 01:00:32,400

these universal mysteries

1710

01:00:36,470 --> 01:00:34,720

and they're just drawn to

1711

01:00:37,750 --> 01:00:36,480

the big questions and they're going to

1712

01:00:40,870 --> 01:00:37,760

be consistently

1713

01:00:43,190 --> 01:00:40,880

and and this is a wonderful conduit a

1714

01:00:45,510 --> 01:00:43,200

wonderful gateway to what our you know

1715

01:00:46,710 --> 01:00:45,520

what is the fabric of reality where did

1716

01:00:48,549 --> 01:00:46,720

we come from

1717

01:00:49,349 --> 01:00:48,559

like how do we stay

1718

01:00:51,670 --> 01:00:49,359

so

1719

01:00:53,670 --> 01:00:51,680

how how do we stay on earth you know i

1720

01:00:55,750 --> 01:00:53,680

mean when you were talking earlier about

1721

01:00:57,589 --> 01:00:55,760

about people knowing things and not

1722

01:00:59,589 --> 01:00:57,599

knowing things i was i was

1723

01:01:01,910 --> 01:00:59,599

i was reminded of i was listening to

1724

01:01:03,510 --> 01:01:01,920

this physicist the other day on lex

1725

01:01:05,910 --> 01:01:03,520

friedman podcast right and he was

1726  
01:01:07,670 --> 01:01:05,920  
talking about you know we don't even if

1727  
01:01:09,190 --> 01:01:07,680  
you actually talk to physicists if you

1728  
01:01:10,950 --> 01:01:09,200  
actually talk to these people you'll

1729  
01:01:13,910 --> 01:01:10,960  
understand how freaking mysterious so

1730  
01:01:15,670 --> 01:01:13,920  
much of this is like why is gravity so

1731  
01:01:17,990 --> 01:01:15,680  
weak they haven't really figured that

1732  
01:01:20,789 --> 01:01:18,000  
out yet they're like why is gravity so

1733  
01:01:23,349 --> 01:01:20,799  
weak that we can actually off on

1734  
01:01:25,589 --> 01:01:23,359  
like on an orb this big that we can

1735  
01:01:27,750 --> 01:01:25,599  
actually pick ourselves up off of our

1736  
01:01:30,069 --> 01:01:27,760  
chairs after this conversation takes

1737  
01:01:31,990 --> 01:01:30,079  
place like like they don't even quite

1738  
01:01:33,829 --> 01:01:32,000

have that worked out yet they think that

1739

01:01:36,150 --> 01:01:33,839

it should be stronger than it is

1740

01:01:37,910 --> 01:01:36,160

generally speaking or a lot of people do

1741

01:01:39,829 --> 01:01:37,920

and then and so it's like if that's you

1742

01:01:42,309 --> 01:01:39,839

know if we are still stuck on some of

1743

01:01:43,990 --> 01:01:42,319

that stuff then you know then

1744

01:01:46,309 --> 01:01:44,000

you know i think that it's important for

1745

01:01:47,670 --> 01:01:46,319

people within the field to recognize

1746

01:01:51,589 --> 01:01:47,680

just how

1747

01:01:54,230 --> 01:01:51,599

of traditional mainstream science and

1748

01:01:55,750 --> 01:01:54,240

also how little we know because it might

1749

01:01:57,510 --> 01:01:55,760

help a great point though

1750

01:01:59,589 --> 01:01:57,520

yeah i mean like one thing that i just

1751

01:02:02,230 --> 01:01:59,599

learned recently not to break you off

1752

01:02:04,950 --> 01:02:02,240

but um but i'm breaking you off is it's

1753

01:02:07,270 --> 01:02:04,960

okay you know we're just beginning we're

1754

01:02:09,029 --> 01:02:07,280

just beginning to try to learn about you

1755

01:02:12,069 --> 01:02:09,039

know other kind of life forms that could

1756

01:02:13,990 --> 01:02:12,079

exist that that don't you know have to

1757

01:02:15,910 --> 01:02:14,000

uh in order to be in existence have to

1758

01:02:17,270 --> 01:02:15,920

have a sense of gravity around

1759

01:02:19,910 --> 01:02:17,280

you know yeah

1760

01:02:23,670 --> 01:02:19,920

we've been studying that one way of life

1761

01:02:25,829 --> 01:02:23,680

trans you know transpiring that way

1762

01:02:26,870 --> 01:02:25,839

you know almost you know this entire

1763

01:02:29,990 --> 01:02:26,880

time

1764

01:02:32,630 --> 01:02:30,000

so and what if an alien so to speak uh

1765

01:02:36,470 --> 01:02:32,640

isn't like that like it might take a

1766

01:02:38,789 --> 01:02:36,480

while to find that figured that out yeah

1767

01:02:41,190 --> 01:02:38,799

um but i i think i think that there'll

1768

01:02:43,430 --> 01:02:41,200

be some more from i mean from what we

1769

01:02:45,270 --> 01:02:43,440

hear i mean we probably all three here

1770

01:02:46,710 --> 01:02:45,280

hear the scuttlebutt about things that

1771

01:02:48,870 --> 01:02:46,720

are kind of coming down the line and

1772

01:02:52,069 --> 01:02:48,880

things like that and of course in a

1773

01:02:53,670 --> 01:02:52,079

couple months there's there's a um

1774

01:02:56,309 --> 01:02:53,680

there's a group that

1775

01:02:58,789 --> 01:02:56,319

is known for going out um

1776

01:03:00,230 --> 01:02:58,799

going out on onto the ocean and and

1777

01:03:03,910 --> 01:03:00,240

trying to find

1778

01:03:06,390 --> 01:03:03,920

um some decent uh radar returns on

1779

01:03:07,910 --> 01:03:06,400

situations that feels very confident

1780

01:03:10,150 --> 01:03:07,920

about some of the data that they've been

1781

01:03:11,990 --> 01:03:10,160

getting back you know but there's always

1782

01:03:14,950 --> 01:03:12,000

going to be bigger questions because as

1783

01:03:17,990 --> 01:03:14,960

soon as we get great radar returns from

1784

01:03:21,029 --> 01:03:18,000

a civilian organization of say plasma

1785

01:03:22,710 --> 01:03:21,039

orbs near catalina island just saying or

1786

01:03:24,630 --> 01:03:22,720

you know something like that

1787

01:03:27,270 --> 01:03:24,640

is that still going to answer the

1788

01:03:29,270 --> 01:03:27,280

question of skinwalker ranch or is it

1789

01:03:31,349 --> 01:03:29,280

still going to answer you know the

1790

01:03:34,549 --> 01:03:31,359

questions of strange

1791

01:03:36,150 --> 01:03:34,559

humanoids under the purim pyrenees or

1792

01:03:39,109 --> 01:03:36,160

you know like um

1793

01:03:41,029 --> 01:03:39,119

like what what were what is uh valley

1794

01:03:42,950 --> 01:03:41,039

talking about and referencing you know

1795

01:03:44,470 --> 01:03:42,960

the fairy foes and the fairy faith and

1796

01:03:46,069 --> 01:03:44,480

things like that that can passport to

1797

01:03:48,870 --> 01:03:46,079

begonia you know there's always going to

1798

01:03:50,710 --> 01:03:48,880

be these bigger questions um or at least

1799

01:03:53,270 --> 01:03:50,720

for the foreseeable future there will be

1800

01:03:55,829 --> 01:03:53,280

right you know maybe maybe in a couple

1801

01:03:57,829 --> 01:03:55,839

years they'll be like okay you got us

1802

01:04:00,870 --> 01:03:57,839

we're behind everything you know but i

1803

01:04:02,309 --> 01:04:00,880

doubt that i doubt that happening right

1804

01:04:04,069 --> 01:04:02,319

i don't see that happening i think the

1805

01:04:06,390 --> 01:04:04,079

lesson for everybody is look just stick

1806

01:04:07,670 --> 01:04:06,400

with it you know there's no easy answers

1807

01:04:09,270 --> 01:04:07,680

to this you're not going to get

1808

01:04:11,029 --> 01:04:09,280

something necessary just

1809

01:04:12,470 --> 01:04:11,039

hand it to you on a plate which has

1810

01:04:14,390 --> 01:04:12,480

everything that you ever want to know

1811

01:04:16,230 --> 01:04:14,400

about what's happening here you're right

1812

01:04:18,630 --> 01:04:16,240

that you know something might come along

1813

01:04:20,150 --> 01:04:18,640

and it might look like the truth of the

1814

01:04:21,510 --> 01:04:20,160

commerce but it'll probably end up

1815

01:04:23,589 --> 01:04:21,520

throwing up more questions than it

1816

01:04:25,750 --> 01:04:23,599

actually answers um and therefore will

1817

01:04:27,430 --> 01:04:25,760

be stuck again going through you know

1818

01:04:29,430 --> 01:04:27,440

trying to get through all that before we

1819

01:04:31,589 --> 01:04:29,440

can move on to then work out what the

1820

01:04:33,750 --> 01:04:31,599

next part of the puzzle is so i think

1821

01:04:35,829 --> 01:04:33,760

we're going to be on this the way after

1822

01:04:38,230 --> 01:04:35,839

my lifetime you know it's got has come

1823

01:04:40,390 --> 01:04:38,240

and gone uh and possibly your two as

1824

01:04:42,069 --> 01:04:40,400

well you know so i i don't think it's

1825

01:04:43,190 --> 01:04:42,079

something that might even happen in this

1826

01:04:44,950 --> 01:04:43,200

generation i think it could be

1827

01:04:46,390 --> 01:04:44,960

generations to come but that shouldn't

1828

01:04:48,230 --> 01:04:46,400

stop people now

1829

01:04:49,750 --> 01:04:48,240

still getting engaged and still pushing

1830

01:04:51,829 --> 01:04:49,760

that ball that you know that they are

1831

01:04:54,150 --> 01:04:51,839

getting it was closer inching us closer

1832

01:04:55,910 --> 01:04:54,160

to that reality because otherwise we're

1833

01:04:57,270 --> 01:04:55,920

leaving it for the next generation and

1834

01:04:59,589 --> 01:04:57,280

they might not have the same kind of

1835

01:05:01,029 --> 01:04:59,599

like desire or or ability to be able to

1836

01:05:04,309 --> 01:05:01,039

do that

1837

01:05:06,390 --> 01:05:04,319

um yeah i just wanted to say uh jade to

1838

01:05:09,109 --> 01:05:06,400

your point like uh if we do get a

1839

01:05:11,270 --> 01:05:09,119

perfect video that gives extreme detail

1840

01:05:13,829 --> 01:05:11,280

of some sort of being in it even in its

1841

01:05:15,430 --> 01:05:13,839

23 minutes long or whatever that still

1842

01:05:17,270 --> 01:05:15,440

doesn't answer where the hell it came

1843

01:05:19,109 --> 01:05:17,280

from who built it and what's it doing

1844

01:05:21,829 --> 01:05:19,119

here and what what does it have to do

1845

01:05:24,069 --> 01:05:21,839

with me you know if anything

1846

01:05:26,309 --> 01:05:24,079

exactly or even or even deeper questions

1847

01:05:28,470 --> 01:05:26,319

like what's their day-to-day life like

1848

01:05:30,390 --> 01:05:28,480

you know like like what do they know

1849

01:05:31,829 --> 01:05:30,400

what do they know they wear watches

1850

01:05:33,589 --> 01:05:31,839

planets that go the other way you know

1851

01:05:36,390 --> 01:05:33,599

what i mean there's there's so much that

1852

01:05:39,349 --> 01:05:36,400

gets that gets to a further sense of of

1853

01:05:41,990 --> 01:05:39,359

of history and and development in the

1854

01:05:44,230 --> 01:05:42,000

future and i think one of the cool parts

1855

01:05:45,990 --> 01:05:44,240

i totally i love what graham was saying

1856

01:05:48,309 --> 01:05:46,000

just then and you know i i think that

1857

01:05:50,549 --> 01:05:48,319

that's the thing is that

1858

01:05:51,829 --> 01:05:50,559

if you're going to be interested in this

1859

01:05:53,910 --> 01:05:51,839

field for a while and if you're going to

1860

01:05:55,990 --> 01:05:53,920

pursue this this kind of research you're

1861

01:05:58,470 --> 01:05:56,000

going to think about these big ideas you

1862

01:06:00,470 --> 01:05:58,480

have to get to to get to a place

1863

01:06:02,230 --> 01:06:00,480

eventually and i think that i'm at this

1864

01:06:04,150 --> 01:06:02,240

place and sounds like graham is too and

1865

01:06:06,710 --> 01:06:04,160

i think sean is as well where you

1866

01:06:08,549 --> 01:06:06,720

actually get excited about the idea of

1867

01:06:10,789 --> 01:06:08,559

these developments and these discoveries

1868

01:06:12,870 --> 01:06:10,799

happening even after you're gone you

1869

01:06:15,109 --> 01:06:12,880

know what i mean it's good to think you

1870

01:06:17,029 --> 01:06:15,119

know it's a healthy thing especially

1871

01:06:18,950 --> 01:06:17,039

considering how dystopian the world can

1872

01:06:20,870 --> 01:06:18,960

feel these days we're just like oh my

1873

01:06:22,470 --> 01:06:20,880

gosh you know are things wrapping up you

1874

01:06:24,710 --> 01:06:22,480

know what i mean like

1875

01:06:27,829 --> 01:06:24,720

and then and then you think you know

1876

01:06:30,309 --> 01:06:27,839

well gosh maybe there will be some great

1877

01:06:31,910 --> 01:06:30,319

big mysteries for for our grandkids to

1878

01:06:34,390 --> 01:06:31,920

uncover that we don't even know about at

1879

01:06:35,829 --> 01:06:34,400

all and like and the part where that

1880

01:06:37,910 --> 01:06:35,839

actually gives you chills or makes you

1881

01:06:39,910 --> 01:06:37,920

think like that

1882

01:06:41,349 --> 01:06:39,920

in a more optimistic framework i think

1883

01:06:43,910 --> 01:06:41,359

that's when

1884

01:06:47,670 --> 01:06:43,920

the kind of like the pathway opens up

1885

01:06:50,309 --> 01:06:47,680

for some serious uh actual metaphysical

1886

01:06:51,190 --> 01:06:50,319

and uh paranormal inquiry you know what

1887

01:06:52,870 --> 01:06:51,200

i mean

1888

01:06:54,870 --> 01:06:52,880

and the part where that stops being

1889

01:06:56,309 --> 01:06:54,880

paranormal and it just becomes like you

1890

01:06:58,309 --> 01:06:56,319

know

1891

01:06:59,109 --> 01:06:58,319

yeah yeah the actual fabric there you

1892

01:07:01,589 --> 01:06:59,119

know

1893

01:07:03,190 --> 01:07:01,599

so well i think we could probably that

1894

01:07:05,750 --> 01:07:03,200

was a great conversation i really

1895

01:07:07,430 --> 01:07:05,760

enjoyed um that talk with you i think

1896

01:07:09,349 --> 01:07:07,440

that's a great place to leave it unless

1897

01:07:10,230 --> 01:07:09,359

um graham you have anything you want to

1898

01:07:12,150 --> 01:07:10,240

add

1899

01:07:15,109 --> 01:07:12,160

no i think anything i would say no

1900

01:07:16,549 --> 01:07:15,119

superfluous so yeah

1901

01:07:18,230 --> 01:07:16,559

oh man

1902

01:07:20,230 --> 01:07:18,240

it's great to see you man it's wonderful

1903

01:07:21,670 --> 01:07:20,240

to see you youtube jay i enjoyed our

1904

01:07:23,750 --> 01:07:21,680

chat last time around um with a book

1905

01:07:26,309 --> 01:07:23,760

clip so yeah yeah

1906

01:07:27,990 --> 01:07:26,319

yeah we should do this more often too i

1907

01:07:29,750 --> 01:07:28,000

love the fact that there's no real like

1908

01:07:31,270 --> 01:07:29,760

heart topic or anything and we're just

1909

01:07:32,630 --> 01:07:31,280

like talking about the bigger pictures

1910

01:07:34,630 --> 01:07:32,640

of everything and

1911

01:07:36,230 --> 01:07:34,640

i think it's a good exercise for me

1912

01:07:37,829 --> 01:07:36,240

personally so

1913

01:07:39,990 --> 01:07:37,839

absolutely i enjoyed it

1914

01:07:41,750 --> 01:07:40,000

yeah absolutely hey graham uh where

1915

01:07:44,150 --> 01:07:41,760

where can where can folks find you

1916

01:07:46,470 --> 01:07:44,160

online and do you have any like say a

1917

01:07:48,870 --> 01:07:46,480

new podcast or anything like that

1918

01:07:50,470 --> 01:07:48,880

right fundamentally you should ask that

1919

01:07:53,430 --> 01:07:50,480

um the uh

1920

01:07:54,789 --> 01:07:53,440

unidentified aerial podcast

1921

01:07:56,870 --> 01:07:54,799

is a thing now

1922

01:07:59,109 --> 01:07:56,880

yes so um you can find that where you

1923

01:08:01,029 --> 01:07:59,119

get your good podcasts from uh we're

1924

01:08:04,150 --> 01:08:01,039

part of the anomalous podcast network

1925

01:08:06,549 --> 01:08:04,160

which is uh that ufo podcast little baby

1926

01:08:08,630 --> 01:08:06,559

so we're on with priscilla um

1927

01:08:10,390 --> 01:08:08,640

and then vinnie as well and soon to be

1928

01:08:12,710 --> 01:08:10,400

dan when he gets his uh act together and

1929

01:08:15,109 --> 01:08:12,720

gets his his uh coloring in the the

1930

01:08:16,630 --> 01:08:15,119

lines i believe it's called quite it's

1931

01:08:17,990 --> 01:08:16,640

got it's got a title along that quite

1932

01:08:19,590 --> 01:08:18,000

i'm not entirely sure exactly what it's

1933

01:08:21,829 --> 01:08:19,600

called i'm sure he's going to kill me

1934

01:08:25,110 --> 01:08:21,839

now um so yeah we're all in the same

1935

01:08:28,950 --> 01:08:27,590

network is called um so dave partridge

1936

01:08:31,829 --> 01:08:28,960

from shadows new mind magazine and

1937

01:08:33,749 --> 01:08:31,839

myself we uh do deep dives into various

1938

01:08:36,550 --> 01:08:33,759

parts of ufo history which is right up

1939

01:08:39,910 --> 01:08:36,560

your alley sean yes and yours too

1940

01:08:43,110 --> 01:08:39,920

jay so um we've looked at um the mantel

1941

01:08:46,070 --> 01:08:43,120

case the child's whit head case and the

1942

01:08:48,229 --> 01:08:46,080

uh the the george gorman case from 1948

1943

01:08:50,229 --> 01:08:48,239

so that was our first episode and then

1944

01:08:51,990 --> 01:08:50,239

we've just done an episode which

1945

01:08:54,470 --> 01:08:52,000

probably is going to hit the airwaves

1946

01:08:56,229 --> 01:08:54,480

later tonight early tomorrow morning

1947

01:08:58,789 --> 01:08:56,239

looking at kenneth arnold

1948

01:08:59,669 --> 01:08:58,799

amazing and and the mori island case as

1949

01:09:02,550 --> 01:08:59,679

well

1950

01:09:04,309 --> 01:09:02,560

fantastic so we we we linked those two

1951

01:09:05,910 --> 01:09:04,319

together because they are linked through

1952

01:09:08,309 --> 01:09:05,920

kenneth arnold's involvement in both

1953

01:09:09,669 --> 01:09:08,319

cases so

1954

01:09:11,669 --> 01:09:09,679

that's that's what we're doing so we're

1955

01:09:13,829 --> 01:09:11,679

looking at the 1940s at the moment we'll

1956

01:09:15,990 --> 01:09:13,839

probably record an episode on the foo

1957

01:09:17,669 --> 01:09:16,000

fighters at some stage uh where dave

1958

01:09:19,510 --> 01:09:17,679

hopefully will ask answer me some

1959

01:09:21,189 --> 01:09:19,520

questions but nobody's asked me yet you

1960

01:09:22,149 --> 01:09:21,199

know because i'm looking for those

1961

01:09:24,149 --> 01:09:22,159

things that are going to you know

1962

01:09:25,590 --> 01:09:24,159

stretch me a bit more uh we're doing a

1963

01:09:27,349 --> 01:09:25,600

we're probably going to do an episode on

1964

01:09:28,630 --> 01:09:27,359

roswell because we'll have to honestly

1965

01:09:30,229 --> 01:09:28,640

and then some other things maybe the

1966

01:09:31,590 --> 01:09:30,239

philadelphia experiment and some other

1967

01:09:33,510 --> 01:09:31,600

things like that so you know just

1968

01:09:34,870 --> 01:09:33,520

looking at different things and then

1969

01:09:36,309 --> 01:09:34,880

we'll move on from there once we've

1970

01:09:37,430 --> 01:09:36,319

exhausted the philippines apparently

1971

01:09:39,110 --> 01:09:37,440

yeah

1972

01:09:40,470 --> 01:09:39,120

so that's what that well you might well

1973

01:09:44,550 --> 01:09:40,480

be yeah there's been rumors to that

1974

01:09:48,070 --> 01:09:46,470

with you though so yeah

1975

01:09:50,229 --> 01:09:48,080

you have to give me like half a year's

1976

01:09:51,110 --> 01:09:50,239

notice yeah no slouch you know so don't

1977

01:09:53,590 --> 01:09:51,120

worry

1978

01:09:56,390 --> 01:09:53,600

um if you want to find me uh at border

1979

01:09:58,390 --> 01:09:56,400

750 that's my uh my my twitter address

1980

01:10:01,110 --> 01:09:58,400

um and you can you can find my book on

1981

01:10:03,510 --> 01:10:01,120

amazon the ufos before as well um and

1982

01:10:05,430 --> 01:10:03,520

that's basically it so yeah yeah hit me

1983

01:10:07,750 --> 01:10:05,440

up on twitter dm me if you want to ask

1984

01:10:08,950 --> 01:10:07,760

me anything i'm happy uh my game's

1985

01:10:10,870 --> 01:10:08,960

always open

1986

01:10:12,709 --> 01:10:10,880

absolutely a real pleasure to see you

1987

01:10:13,830 --> 01:10:12,719

today great great friend

1988

01:10:15,590 --> 01:10:13,840

you've been coming on since the

1989

01:10:16,630 --> 01:10:15,600

beginning so i appreciate you graham and

1990

01:10:18,229 --> 01:10:16,640

we will

1991

01:10:19,830 --> 01:10:18,239

talk to you next time

1992

01:10:21,590 --> 01:10:19,840

take care both of you

1993

01:10:22,470 --> 01:10:21,600

see you very soon all right have a good

1994

01:10:23,510 --> 01:10:22,480

one

1995

01:10:25,030 --> 01:10:23,520

good chill

1996

01:10:26,070 --> 01:10:25,040

that guy's awesome

1997

01:10:27,110 --> 01:10:26,080

i love it

1998

01:10:28,390 --> 01:10:27,120

yeah

1999

01:10:31,350 --> 01:10:28,400

i've i've

2000

01:10:32,470 --> 01:10:31,360

i've just had gosh this had been

2001

01:10:34,550 --> 01:10:32,480

thanks to you three or four

2002

01:10:36,390 --> 01:10:34,560

conversations with uh graham and

2003

01:10:37,910 --> 01:10:36,400

everyone has been

2004

01:10:40,070 --> 01:10:37,920

really entertaining i've learned

2005

01:10:41,830 --> 01:10:40,080

something each time and i like his

2006

01:10:43,270 --> 01:10:41,840

energy a lot i think he's got great

2007

01:10:46,310 --> 01:10:43,280

energy

2008

01:10:49,350 --> 01:10:46,320

what i appreciate about us too is the

2009

01:10:51,030 --> 01:10:49,360

fact that we have uh we all come from

2010

01:10:53,750 --> 01:10:51,040

like different sides of the spectrum but

2011

01:10:56,229 --> 01:10:53,760

show how you can have a logical and and

2012

01:10:57,430 --> 01:10:56,239

thorough and deep conversation yet you

2013

01:10:59,750 --> 01:10:57,440

know like

2014

01:11:02,630 --> 01:10:59,760

graham you know even though there may

2015

01:11:04,229 --> 01:11:02,640

not be nuts and bolts on any ships he's

2016

01:11:06,550 --> 01:11:04,239

a nuts and bolts guy

2017

01:11:08,870 --> 01:11:06,560

you are you know you've had pretty

2018

01:11:11,030 --> 01:11:08,880

intense experiences paranormal and

2019

01:11:12,630 --> 01:11:11,040

non-human entity and i've had kind of

2020

01:11:14,229 --> 01:11:12,640

like the middle ground almost

2021

01:11:15,430 --> 01:11:14,239

experienced consciousness-based

2022

01:11:18,070 --> 01:11:15,440

experience

2023

01:11:20,310 --> 01:11:18,080

and but we all kind of

2024

01:11:22,630 --> 01:11:20,320

talk brass text the way it should be

2025

01:11:24,229 --> 01:11:22,640

talked about really you know

2026

01:11:25,669 --> 01:11:24,239

so yeah and i really think that's

2027

01:11:28,229 --> 01:11:25,679

awesome so

2028

01:11:30,070 --> 01:11:28,239

i i love it it's it's about ideas and

2029

01:11:31,110 --> 01:11:30,080

mutual respect and

2030

01:11:32,390 --> 01:11:31,120

and yeah

2031

01:11:33,990 --> 01:11:32,400

and uh

2032

01:11:36,709 --> 01:11:34,000

and appreciating the mysteries for what

2033

01:11:38,070 --> 01:11:36,719

they are and i love that and it's really

2034

01:11:40,870 --> 01:11:38,080

cool

2035

01:11:42,790 --> 01:11:40,880

yeah there you go

2036

01:11:45,030 --> 01:11:42,800

yeah check it out like john actually

2037

01:11:48,390 --> 01:11:45,040

this is my very first shirt with that an

2038

01:11:50,310 --> 01:11:48,400

actual uh flying saucer on it i think

2039

01:11:52,709 --> 01:11:50,320

you know

2040

01:11:55,030 --> 01:11:52,719

now with with one on it my wife got

2041

01:11:56,870 --> 01:11:55,040

those from me from her from her work

2042

01:11:59,189 --> 01:11:56,880

nice yeah when i was a kid i had a

2043

01:12:01,030 --> 01:11:59,199

couple e-t-shirts because you know

2044

01:12:02,229 --> 01:12:01,040

that that movie was pretty big back when

2045

01:12:04,070 --> 01:12:02,239

i was little but

2046

01:12:06,310 --> 01:12:04,080

this is my first one with flying saucers

2047

01:12:08,550 --> 01:12:06,320

so i appreciate it i appreciate it yeah

2048

01:12:10,790 --> 01:12:08,560

you can find the merchandise tab on my

2049

01:12:12,550 --> 01:12:10,800

youtube page it says merchandise on it

2050

01:12:14,630 --> 01:12:12,560

you just click on that you can have

2051

01:12:17,189 --> 01:12:14,640

hoodies shirts

2052

01:12:21,110 --> 01:12:17,199

uh totally organic yeah i'm getting like

2053

01:12:24,229 --> 01:12:21,120

the diapers reusable diapers um

2054

01:12:25,110 --> 01:12:24,239

reusable straws perhaps um bibs

2055

01:12:26,630 --> 01:12:25,120

um

2056

01:12:28,790 --> 01:12:26,640

i will say that i was pretty surprised

2057

01:12:30,790 --> 01:12:28,800

at how good the quality is it's really

2058

01:12:33,189 --> 01:12:30,800

nice for like a print on demand shirt

2059

01:12:35,350 --> 01:12:33,199

it's really really nice um you know what

2060

01:12:37,830 --> 01:12:35,360

actually keep going

2061

01:12:39,430 --> 01:12:37,840

uh i'm like i i i think i'm done with my

2062

01:12:41,990 --> 01:12:39,440

commercial it wasn't really supposed to

2063

01:12:44,470 --> 01:12:42,000

be a commercial i was just gonna i was

2064

01:12:46,149 --> 01:12:44,480

but i haven't worn it on cam before i've

2065

01:12:47,510 --> 01:12:46,159

worn it a few times already but i hadn't

2066

01:12:49,350 --> 01:12:47,520

worn it on camera

2067

01:12:51,669 --> 01:12:49,360

and sean was kind of ribbing me about it

2068

01:12:53,189 --> 01:12:51,679

before we went on

2069

01:12:54,709 --> 01:12:53,199

you don't have one of those rules where

2070

01:12:56,229 --> 01:12:54,719

it's like you can't wear your band shirt

2071

01:12:57,990 --> 01:12:56,239

to the gig do you have that kind of rule

2072

01:13:00,790 --> 01:12:58,000

because that's understandable but kind

2073

01:13:04,229 --> 01:13:00,800

of kind of kind of okay but it's okay

2074

01:13:07,030 --> 01:13:04,239

you did it sorry i blew it

2075

01:13:08,149 --> 01:13:07,040

i apologize i need more models you know

2076

01:13:09,830 --> 01:13:08,159

it's it's

2077

01:13:11,110 --> 01:13:09,840

it's good that people know they exist

2078

01:13:13,430 --> 01:13:11,120

you know because we can't have like a

2079

01:13:15,430 --> 01:13:13,440

merch stand in the corner or anything so

2080

01:13:16,950 --> 01:13:15,440

exactly well

2081

01:13:18,709 --> 01:13:16,960

i wore the shirt so that you don't have

2082

01:13:19,669 --> 01:13:18,719

to how about that

2083

01:13:20,870 --> 01:13:19,679

perfect

2084

01:13:23,030 --> 01:13:20,880

it's good

2085

01:13:26,310 --> 01:13:23,040

yeah you do i appreciate you love you

2086

01:13:28,709 --> 01:13:26,320

bro and we will see you soon

2087

01:13:45,310 --> 01:13:28,719

absolutely all right bye everybody have
