

1
00:00:06,309 --> 00:00:04,070
what's up yeah sorry about that

2
00:00:09,430 --> 00:00:06,319
i was having

3
00:00:17,590 --> 00:00:13,430
work stuff that i had to finish up so

4
00:00:19,670 --> 00:00:17,600
we are good to go we have a

5
00:00:21,189 --> 00:00:19,680
i have a fantastic show

6
00:00:24,390 --> 00:00:21,199
for you today

7
00:00:29,669 --> 00:00:27,429
it's gonna be pretty amazing

8
00:00:31,669 --> 00:00:29,679
i'm not sure if you guys are familiar

9
00:00:34,549 --> 00:00:31,679
with um

10
00:00:38,389 --> 00:00:34,559
project magnet it's the canadian ufo

11
00:00:43,350 --> 00:00:38,399
uh study project with uh wilbert smith

12
00:00:44,549 --> 00:00:43,360
um and it's a fantastic uh story

13
00:00:45,510 --> 00:00:44,559

and

14

00:00:47,990 --> 00:00:45,520

you know

15

00:00:50,229 --> 00:00:48,000

you'll find out about um some

16

00:00:52,470 --> 00:00:50,239

connections to a

17

00:00:55,750 --> 00:00:52,480

project magnet that

18

00:00:58,470 --> 00:00:55,760

we even had we as in

19

00:01:02,229 --> 00:00:58,480

the usa

20

00:01:03,590 --> 00:01:02,239

and the connections there so it's um

21

00:01:05,429 --> 00:01:03,600

definitely

22

00:01:06,390 --> 00:01:05,439

interesting so

23

00:01:08,149 --> 00:01:06,400

you're gonna find out what the

24

00:01:09,990 --> 00:01:08,159

connections are i have some audio

25

00:01:11,270 --> 00:01:10,000

testimony that links a couple pieces

26

00:01:15,109 --> 00:01:11,280

together

27

00:01:18,710 --> 00:01:15,119

and it touches on a little bit of the

28

00:01:22,870 --> 00:01:18,720

um secret or speculative uh history

29

00:01:24,950 --> 00:01:22,880

as far as you know mj 12 people and

30

00:01:26,630 --> 00:01:24,960

a couple of those figures that may or

31

00:01:28,390 --> 00:01:26,640

may not be involved

32

00:01:30,310 --> 00:01:28,400

so

33

00:01:31,510 --> 00:01:30,320

without further ado we're gonna get into

34

00:01:36,300 --> 00:01:31,520

it

35

00:01:36,310 --> 00:02:50,869

[Music]

36

00:02:54,150 --> 00:02:52,070

so first let's say what's up to

37

00:02:56,710 --> 00:02:54,160

everybody we have dope nose in the house

38

00:02:58,070 --> 00:02:56,720

we have josh what's happening gerald

39

00:03:00,070 --> 00:02:58,080

good to see you

40

00:03:01,830 --> 00:03:00,080

daniel christensen this is a no nick

41

00:03:03,750 --> 00:03:01,840

pope day

42

00:03:05,910 --> 00:03:03,760

uh

43

00:03:09,350 --> 00:03:05,920

you know that's good for you i suppose

44

00:03:11,270 --> 00:03:09,360

uh we have mr cowford hello sir

45

00:03:12,390 --> 00:03:11,280

uh hope you're doing well benji what's

46

00:03:22,550 --> 00:03:12,400

up

47

00:03:24,149 --> 00:03:22,560

on

48

00:03:26,789 --> 00:03:24,159

uh thanks for coming by checking out

49

00:03:28,390 --> 00:03:26,799

this episode here

50

00:03:30,070 --> 00:03:28,400

uh before

51

00:03:31,910 --> 00:03:30,080

you know what we have

52

00:03:34,070 --> 00:03:31,920

to be a pretty great week ahead of us

53

00:03:37,190 --> 00:03:34,080

tomorrow we have dez smith

54

00:03:39,110 --> 00:03:37,200

uh remote viewer

55

00:03:40,550 --> 00:03:39,120

super guy uh super interested in

56

00:03:42,390 --> 00:03:40,560

speaking with him

57

00:03:43,990 --> 00:03:42,400

uh because he has a lot of interesting

58

00:03:46,550 --> 00:03:44,000

things going on and i have a lot of

59

00:03:48,149 --> 00:03:46,560

interesting questions to ask so looking

60

00:03:49,430 --> 00:03:48,159

forward to that that's going to be with

61

00:03:50,789 --> 00:03:49,440

jay

62

00:03:52,869 --> 00:03:50,799

um

63

00:03:55,429 --> 00:03:52,879

christopher king so that's awesome and

64

00:03:57,910 --> 00:03:55,439

then um on thursday we have mr lou

65

00:04:01,030 --> 00:03:57,920

elizondo and that's going to be again

66

00:04:03,190 --> 00:04:01,040

with mr christopher king so

67

00:04:05,429 --> 00:04:03,200

um it's gonna be a great week having jay

68

00:04:08,070 --> 00:04:05,439

on twice this week is awesome

69

00:04:10,309 --> 00:04:08,080

um the more the merrier as far as i'm

70

00:04:11,589 --> 00:04:10,319

concerned and being able to see that

71

00:04:12,550 --> 00:04:11,599

dude

72

00:04:14,869 --> 00:04:12,560

so

73

00:04:18,069 --> 00:04:14,879

those of you who are here right now are

74

00:04:21,110 --> 00:04:18,079

in for a definite treat

75

00:04:26,310 --> 00:04:23,270

again project magnet

76

00:04:28,710 --> 00:04:26,320

is a canadian ufo study in 1950

77

00:04:32,710 --> 00:04:28,720

headed by wilbert smith department of

78

00:04:34,790 --> 00:04:32,720

transport he was a senior radio engineer

79

00:04:37,909 --> 00:04:34,800

and

80

00:04:39,909 --> 00:04:37,919

i'm just going to start with

81

00:04:43,430 --> 00:04:39,919

um

82

00:04:44,950 --> 00:04:43,440

i guess more or less how you can

83

00:04:48,629 --> 00:04:44,960

uh just

84

00:04:51,350 --> 00:04:48,639

get to know him a little bit

85

00:04:54,870 --> 00:04:51,360

you know what we like to do here

86

00:04:59,270 --> 00:04:54,880

we have a lot of fun stuff always to do

87

00:05:01,909 --> 00:05:00,230

that's

88

00:05:04,710 --> 00:05:01,919

for sure

89

00:05:06,150 --> 00:05:04,720

um but uh yeah so you just gotta hang in

90

00:05:07,749 --> 00:05:06,160

there with me

91

00:05:09,990 --> 00:05:07,759

and

92

00:05:13,029 --> 00:05:10,000

well i find the right video that i want

93

00:05:16,550 --> 00:05:15,029

because

94

00:05:18,310 --> 00:05:16,560

without it

95

00:05:20,469 --> 00:05:18,320

you don't have a show

96

00:05:21,670 --> 00:05:20,479

just be quite honest with you

97

00:05:23,510 --> 00:05:21,680

and

98

00:05:26,230 --> 00:05:23,520

you know although that may

99

00:05:28,310 --> 00:05:26,240

make some of you kind of happy or you

100

00:05:29,510 --> 00:05:28,320

know not care so much

101
00:05:34,390 --> 00:05:29,520
um

102
00:05:39,110 --> 00:05:37,110
and lucky for you i found it

103
00:05:42,550 --> 00:05:39,120
a number of times

104
00:05:45,590 --> 00:05:42,560
as to what happened to project magnet

105
00:05:47,990 --> 00:05:45,600
so i prepared the following statement

106
00:05:50,629 --> 00:05:48,000
which i would like to read

107
00:05:53,430 --> 00:05:50,639
project magnet was authorized in

108
00:05:55,350 --> 00:05:53,440
december 1950

109
00:05:57,430 --> 00:05:55,360
following a request

110
00:05:59,830 --> 00:05:57,440
made to the canadian department of

111
00:06:02,070 --> 00:05:59,840
transport by myself

112
00:06:04,710 --> 00:06:02,080
for permission to make use of the

113
00:06:06,469 --> 00:06:04,720

department's laboratory and field

114

00:06:09,029 --> 00:06:06,479

facilities

115

00:06:11,590 --> 00:06:09,039

in the study of unidentified flying

116

00:06:13,830 --> 00:06:11,600

objects and physical principles which

117

00:06:16,870 --> 00:06:13,840

might appear to be involved

118

00:06:19,749 --> 00:06:16,880

the program consisted of two parts

119

00:06:23,590 --> 00:06:19,759

the first part was the collecting of as

120

00:06:26,309 --> 00:06:23,600

much high quality data as possible

121

00:06:29,029 --> 00:06:26,319

analyzing it and

122

00:06:30,230 --> 00:06:29,039

where possible drawing conclusions from

123

00:06:32,629 --> 00:06:30,240

it

124

00:06:35,590 --> 00:06:32,639

the second part consisted of a

125

00:06:36,790 --> 00:06:35,600

systematic questioning of all our basic

126
00:06:39,510 --> 00:06:36,800
concepts

127
00:06:42,230 --> 00:06:39,520
in the hopes of turning up a discrepancy

128
00:06:44,070 --> 00:06:42,240
which might prove to be the key to a new

129
00:06:47,350 --> 00:06:44,080
technology

130
00:06:50,550 --> 00:06:47,360
unfortunately the program was plagued by

131
00:06:53,589 --> 00:06:50,560
well-meaning but misguided journalists

132
00:06:56,070 --> 00:06:53,599
who were looking for spectacular copy or

133
00:06:57,189 --> 00:06:56,080
copy which could be turned to political

134
00:06:59,990 --> 00:06:57,199
account

135
00:07:02,550 --> 00:07:00,000
to such an extent that both those who

136
00:07:05,029 --> 00:07:02,560
were working on the project and the

137
00:07:07,990 --> 00:07:05,039
department of transport found themselves

138
00:07:10,629 --> 00:07:08,000

in an embarrassed position

139

00:07:13,430 --> 00:07:10,639

consequently when the project magnet

140

00:07:16,070 --> 00:07:13,440

report was made and permission sought to

141

00:07:18,790 --> 00:07:16,080

extend the scope of the investigation

142

00:07:22,230 --> 00:07:18,800

through federal financial support the

143

00:07:24,710 --> 00:07:22,240

decision was finally made in 1954

144

00:07:27,189 --> 00:07:24,720

that this would not be advisable in the

145

00:07:30,070 --> 00:07:27,199

face of the publicity from which the

146

00:07:32,870 --> 00:07:30,080

whole project had suffered

147

00:07:35,270 --> 00:07:32,880

project magnet was officially dropped by

148

00:07:37,749 --> 00:07:35,280

the department of transport in october

149

00:07:39,830 --> 00:07:37,759

1954

150

00:07:42,390 --> 00:07:39,840

although the department indicated its

151
00:07:45,270 --> 00:07:42,400
willingness to permit the continued use

152
00:07:47,430 --> 00:07:45,280
of laboratory facilities provided this

153
00:07:49,029 --> 00:07:47,440
could be done at no cost to the public

154
00:07:51,990 --> 00:07:49,039
treasury

155
00:07:53,589 --> 00:07:52,000
the project has been continuing under

156
00:07:56,070 --> 00:07:53,599
these conditions

157
00:07:58,150 --> 00:07:56,080
and to this extent may be said to have

158
00:08:00,150 --> 00:07:58,160
gone underground

159
00:08:02,950 --> 00:08:00,160
the government of canada are not

160
00:08:05,110 --> 00:08:02,960
partisan participants in the project and

161
00:08:06,469 --> 00:08:05,120
not in any way responsible for its

162
00:08:10,950 --> 00:08:06,479
conclusions

163
00:08:14,390 --> 00:08:10,960

magnet and contained in the official

164

00:08:17,589 --> 00:08:14,400

report were based on a rigid statistical

165

00:08:18,869 --> 00:08:17,599

analysis of citing reports and were as

166

00:08:22,309 --> 00:08:18,879

follows

167

00:08:24,710 --> 00:08:22,319

there is a 91 probability

168

00:08:28,230 --> 00:08:24,720

that at least some of the sightings are

169

00:08:31,830 --> 00:08:28,240

of real objects of unknown origin

170

00:08:35,509 --> 00:08:31,840

there is about 60 probability that these

171

00:08:38,790 --> 00:08:35,519

objects are alien vehicles that is alien

172

00:08:43,750 --> 00:08:38,800

meaning not of earthly fabrication

173

00:08:46,310 --> 00:08:43,760

i hope this uh little chat will possibly

174

00:08:49,110 --> 00:08:46,320

uh bring to you

175

00:08:50,630 --> 00:08:49,120

my position with respect to the space

176
00:08:51,509 --> 00:08:50,640
people

177
00:08:52,389 --> 00:08:51,519
and

178
00:08:54,949 --> 00:08:52,399
my

179
00:08:58,150 --> 00:08:54,959
relationship with the official

180
00:09:01,030 --> 00:08:58,160
canadian project magnet

181
00:09:03,509 --> 00:09:01,040
i have not passed much of this

182
00:09:05,030 --> 00:09:03,519
information concerning the contacts with

183
00:09:05,990 --> 00:09:05,040
the space people

184
00:09:07,829 --> 00:09:06,000
too

185
00:09:09,269 --> 00:09:07,839
so that's basically the gist of it then

186
00:09:11,430 --> 00:09:09,279
he gets into

187
00:09:14,070 --> 00:09:11,440
space people so then there's this whole

188
00:09:15,829 --> 00:09:14,080

other side of him where he

189

00:09:17,350 --> 00:09:15,839

you know starts having like contacts he

190

00:09:19,670 --> 00:09:17,360

says with with space people and

191

00:09:21,829 --> 00:09:19,680

everything but i don't want to go that

192

00:09:23,110 --> 00:09:21,839

far right now i want to stop it there

193

00:09:25,269 --> 00:09:23,120

because

194

00:09:27,910 --> 00:09:25,279

this is going to lead off into a

195

00:09:29,350 --> 00:09:27,920

different uh kind of tangent here uh

196

00:09:31,829 --> 00:09:29,360

separate from

197

00:09:34,230 --> 00:09:31,839

uh from him

198

00:09:37,910 --> 00:09:34,240

the first thing that i wanted to do as

199

00:09:39,829 --> 00:09:37,920

far as him and project magnet is

200

00:09:40,870 --> 00:09:39,839

considered

201
00:09:42,070 --> 00:09:40,880
is

202
00:09:43,350 --> 00:09:42,080
show you

203
00:09:46,230 --> 00:09:43,360
a document

204
00:09:49,430 --> 00:09:46,240
so this document here

205
00:09:51,910 --> 00:09:49,440
is called the smith memo

206
00:09:55,910 --> 00:09:51,920
so this was november 21st you can see

207
00:09:57,509 --> 00:09:55,920
1950 ottawa ontario the smith memo

208
00:09:59,910 --> 00:09:57,519
department of transport that's where

209
00:10:02,230 --> 00:09:59,920
project magnet was out of

210
00:10:05,590 --> 00:10:02,240
and if you don't mind i'm just going to

211
00:10:07,670 --> 00:10:05,600
read right from it so it's memorandum to

212
00:10:09,750 --> 00:10:07,680
the controller of telecommunications for

213
00:10:11,990 --> 00:10:09,760

the past and wilbur smith wrote this by

214

00:10:13,670 --> 00:10:12,000

the way for the past several years we

215

00:10:15,110 --> 00:10:13,680

have been engaged in the study of

216

00:10:17,350 --> 00:10:15,120

various aspects of radio wave

217

00:10:19,590 --> 00:10:17,360

propagation

218

00:10:22,790 --> 00:10:19,600

the variances of this phenomenon have

219

00:10:25,870 --> 00:10:22,800

led us into the fields of aurora cosmic

220

00:10:29,430 --> 00:10:25,880

radiation atmospheric radioactivity and

221

00:10:31,829 --> 00:10:29,440

geomagnetism remember that geomagnetism

222

00:10:33,910 --> 00:10:31,839

uh in the case of geomagnetics our

223

00:10:35,269 --> 00:10:33,920

investigations have contributed little

224

00:10:38,389 --> 00:10:35,279

to our knowledge of radio wave

225

00:10:39,949 --> 00:10:38,399

propagation as yet but nevertheless have

226

00:10:42,949 --> 00:10:39,959

indicated several avenues of

227

00:10:45,269 --> 00:10:42,959

investigation which may well be explored

228

00:10:47,509 --> 00:10:45,279

with profit for example we are on the

229

00:10:50,150 --> 00:10:47,519

track of a means whereby the potential

230

00:10:53,190 --> 00:10:50,160

energy of the earth's magnetic field

231

00:10:54,710 --> 00:10:53,200

may be abstracted and used

232

00:10:57,269 --> 00:10:54,720

on the basis of theoretical

233

00:10:59,670 --> 00:10:57,279

considerations a small and very

234

00:11:03,110 --> 00:10:59,680

uh crude experimental unit i think

235

00:11:03,910 --> 00:11:03,120

that's a hard word there it's not

236

00:11:05,750 --> 00:11:03,920

you know

237

00:11:07,990 --> 00:11:05,760

it's not printed out perfectly but so

238

00:11:09,910 --> 00:11:08,000

bear with me experimental unit was

239

00:11:11,910 --> 00:11:09,920

constructed approximately a year ago and

240

00:11:13,430 --> 00:11:11,920

tested in our standards laboratory the

241

00:11:15,509 --> 00:11:13,440

tests were essentially successful and

242

00:11:18,790 --> 00:11:15,519

that sufficient energy was abstracted

243

00:11:22,150 --> 00:11:18,800

from the earth's field to operate a volt

244

00:11:23,430 --> 00:11:22,160

something volt meter maybe approximately

245

00:11:25,030 --> 00:11:23,440

36

246

00:11:27,190 --> 00:11:25,040

milliwatts although

247

00:11:29,030 --> 00:11:27,200

this unit um

248

00:11:30,949 --> 00:11:29,040

was far from

249

00:11:34,150 --> 00:11:30,959

self-sustaining

250

00:11:35,670 --> 00:11:34,160

it nevertheless demonstrated

251
00:11:38,230 --> 00:11:35,680
something basic principles in a

252
00:11:41,190 --> 00:11:38,240
qualitative manner and provided useful

253
00:11:43,590 --> 00:11:41,200
data for the design of a

254
00:11:46,630 --> 00:11:43,600
better unit

255
00:11:48,710 --> 00:11:46,640
the design has now completed

256
00:11:50,230 --> 00:11:48,720
has now been completed for a unit which

257
00:11:51,910 --> 00:11:50,240
should be self-sustaining and in

258
00:11:54,230 --> 00:11:51,920
addition provide a small surplus of

259
00:11:56,710 --> 00:11:54,240
power such a unit in addition to

260
00:11:58,310 --> 00:11:56,720
functioning as a pilot power plant

261
00:12:00,629 --> 00:11:58,320
should be large enough to permit the

262
00:12:02,629 --> 00:12:00,639
study of various reaction forces which

263
00:12:04,069 --> 00:12:02,639

are expected to develop we believe that

264

00:12:05,910 --> 00:12:04,079

we are on the track

265

00:12:09,190 --> 00:12:05,920

of something which may well prove to be

266

00:12:11,670 --> 00:12:09,200

the introduction to new technology the

267

00:12:13,829 --> 00:12:11,680

existence of a different technology is

268

00:12:16,069 --> 00:12:13,839

born out of the investigations which are

269

00:12:18,629 --> 00:12:16,079

being carried out on

270

00:12:21,190 --> 00:12:18,639

uh on at the present time in relation to

271

00:12:23,629 --> 00:12:21,200

flying saucers

272

00:12:26,710 --> 00:12:23,639

while in washington attending the

273

00:12:29,110 --> 00:12:26,720

narb conference two books were released

274

00:12:31,990 --> 00:12:29,120

one frank scully behind the flag saucers

275

00:12:34,949 --> 00:12:32,000

the other donald kehoe the flank saucers

276

00:12:37,350 --> 00:12:34,959

both books dealt mostly with the

277

00:12:39,269 --> 00:12:37,360

sightings of ufos

278

00:12:41,269 --> 00:12:39,279

and both books claim that flying objects

279

00:12:43,030 --> 00:12:41,279

were of et origin and might well be

280

00:12:45,509 --> 00:12:43,040

spaceships

281

00:12:47,350 --> 00:12:45,519

from another planet

282

00:12:49,829 --> 00:12:47,360

scully claimed that the preliminary

283

00:12:51,509 --> 00:12:49,839

studies of the saucer which

284

00:12:54,310 --> 00:12:51,519

fell into the hands of the united states

285

00:12:57,269 --> 00:12:54,320

government indicated that they operated

286

00:13:01,430 --> 00:12:59,030

i don't know what that says unknown

287

00:13:03,910 --> 00:13:01,440

magnetic principles it appeared to me

288

00:13:05,910 --> 00:13:03,920

that our own work in geomagnetics might

289

00:13:08,310 --> 00:13:05,920

well be the linkage between our

290

00:13:10,550 --> 00:13:08,320

technology and the tech

291

00:13:12,949 --> 00:13:10,560

technology by which the saucers are

292

00:13:15,269 --> 00:13:12,959

designed and operated

293

00:13:17,030 --> 00:13:15,279

if it is assumed that our geomagnetic

294

00:13:19,269 --> 00:13:17,040

investigations are in the right

295

00:13:21,350 --> 00:13:19,279

direction the theory of operation of

296

00:13:24,310 --> 00:13:21,360

these saucers becomes quite

297

00:13:31,190 --> 00:13:26,790

with all observed features explained

298

00:13:35,190 --> 00:13:33,030

i made discrete inquiries through the

299

00:13:37,750 --> 00:13:35,200

canadian embassy staff in washington who

300

00:13:39,990 --> 00:13:37,760

are able to obtain for me the following

301
00:13:43,110 --> 00:13:40,000
information

302
00:13:44,870 --> 00:13:43,120
uh the matter is of the most highly

303
00:13:46,829 --> 00:13:44,880
classified subject in the united states

304
00:13:48,389 --> 00:13:46,839
government rating

305
00:13:50,790 --> 00:13:48,399
higher

306
00:13:52,870 --> 00:13:50,800
even over the h-bomb

307
00:13:55,030 --> 00:13:52,880
flank saucers exist

308
00:13:57,110 --> 00:13:55,040
their modus operandi is unknown but

309
00:14:00,629 --> 00:13:57,120
concentrated effort is

310
00:14:03,509 --> 00:14:00,639
being made by a small group headed by dr

311
00:14:05,590 --> 00:14:03,519
van over bush the entire matter is

312
00:14:07,990 --> 00:14:05,600
considered by the u.s authorities to be

313
00:14:09,590 --> 00:14:08,000

of tremendous significance

314

00:14:12,389 --> 00:14:09,600

i was further informed that the u.s

315

00:14:14,150 --> 00:14:12,399

authorities are investigating along

316

00:14:16,389 --> 00:14:14,160

quite a number of lines which might

317

00:14:18,870 --> 00:14:16,399

possibly be related to the saucers such

318

00:14:21,350 --> 00:14:18,880

as mental phenomena

319

00:14:23,269 --> 00:14:21,360

possibly that says mental phenomena and

320

00:14:25,269 --> 00:14:23,279

i gather that they are not doing too

321

00:14:27,750 --> 00:14:25,279

well since they indicated

322

00:14:29,910 --> 00:14:27,760

that if canada is doing anything at all

323

00:14:31,670 --> 00:14:29,920

in geomagnetics they would welcome a

324

00:14:33,990 --> 00:14:31,680

discussion with

325

00:14:35,750 --> 00:14:34,000

suitably accredited canadians

326

00:14:37,189 --> 00:14:35,760

well i'm not in a position to say we

327

00:14:39,269 --> 00:14:37,199

have

328

00:14:43,350 --> 00:14:39,279

solved even the first problems in

329

00:14:47,509 --> 00:14:45,430

something correlation between our basic

330

00:14:48,550 --> 00:14:47,519

theory and the available information on

331

00:14:51,189 --> 00:14:48,560

saucers

332

00:14:53,910 --> 00:14:51,199

checks too closely to be more than

333

00:14:55,910 --> 00:14:53,920

coincidence to be mere coincidence

334

00:14:57,829 --> 00:14:55,920

it is my honest opinion that we are on

335

00:15:00,550 --> 00:14:57,839

the right track and are fairly close to

336

00:15:03,110 --> 00:15:00,560

at least some of the answers

337

00:15:04,629 --> 00:15:03,120

mr wright defense research board liaison

338

00:15:07,509 --> 00:15:04,639

officer at the canadian embassy in

339

00:15:09,590 --> 00:15:07,519

washington was extremely anxious for me

340

00:15:11,430 --> 00:15:09,600

to get in touch with dr solin

341

00:15:12,550 --> 00:15:11,440

chairman of defense research board to

342

00:15:14,790 --> 00:15:12,560

discuss

343

00:15:18,870 --> 00:15:14,800

with him the future investigations along

344

00:15:23,110 --> 00:15:18,880

the line of geomagnetic energy release

345

00:15:26,310 --> 00:15:24,790

nothing

346

00:15:27,990 --> 00:15:26,320

you know more important than what we

347

00:15:29,030 --> 00:15:28,000

already talked about

348

00:15:33,110 --> 00:15:29,040

so

349

00:15:34,550 --> 00:15:33,120

what i want to go into from here

350

00:15:36,470 --> 00:15:34,560

is a couple things

351
00:15:37,590 --> 00:15:36,480
first obviously what's in parentheses

352
00:15:39,350 --> 00:15:37,600
here

353
00:15:40,949 --> 00:15:39,360
uh the matter is the most highly

354
00:15:41,990 --> 00:15:40,959
classified subject in the united states

355
00:15:44,790 --> 00:15:42,000
government

356
00:15:47,350 --> 00:15:44,800
rating higher than the h-bomb

357
00:15:48,550 --> 00:15:47,360
the other one is modus operandi is

358
00:15:51,030 --> 00:15:48,560
unknown

359
00:15:52,230 --> 00:15:51,040
a small group headed by doctor vanover

360
00:15:59,269 --> 00:15:52,240
bush

361
00:16:02,870 --> 00:15:59,279
november 21st 1950 right

362
00:16:06,550 --> 00:16:05,430
i'm going to take you to a document that

363
00:16:08,550 --> 00:16:06,560

shows us

364

00:16:11,030 --> 00:16:08,560

that beniver bush

365

00:16:13,189 --> 00:16:11,040

was an important person

366

00:16:15,910 --> 00:16:13,199

at this right time

367

00:16:18,150 --> 00:16:15,920

and probably was

368

00:16:19,749 --> 00:16:18,160

looking into this

369

00:16:21,990 --> 00:16:19,759

so the first thing i'm going to show you

370

00:16:26,150 --> 00:16:22,000

here

371

00:16:29,030 --> 00:16:26,160

and this came from the cia foia

372

00:16:32,949 --> 00:16:31,110

november 29th

373

00:16:35,590 --> 00:16:32,959

this is only eight days later

374

00:16:38,069 --> 00:16:35,600

uh 1950 memorandum for the deputy

375

00:16:40,150 --> 00:16:38,079

director of the central intelligence

376

00:16:43,110 --> 00:16:40,160

with regard to decision reached by the

377

00:16:44,150 --> 00:16:43,120

panel of consultants last friday

378

00:16:46,710 --> 00:16:44,160

which is

379

00:16:48,870 --> 00:16:46,720

literally almost the same day as the

380

00:16:51,829 --> 00:16:48,880

memo we just

381

00:16:54,230 --> 00:16:51,839

read from uh with regard to the decision

382

00:16:57,590 --> 00:16:55,829

by the panel of consultants last friday

383

00:16:59,509 --> 00:16:57,600

that dr van over bush be invited to

384

00:17:01,110 --> 00:16:59,519

become a member of that group i believe

385

00:17:03,110 --> 00:17:01,120

it is a matter of real importance that

386

00:17:05,669 --> 00:17:03,120

this invitation should be conveyed to dr

387

00:17:08,230 --> 00:17:05,679

bush by general smith

388

00:17:10,069 --> 00:17:08,240

personally i'm told by

389

00:17:11,990 --> 00:17:10,079

i don't know that the relations between

390

00:17:14,870 --> 00:17:12,000

dr bush and helen cutter

391

00:17:16,549 --> 00:17:14,880

uh left much to be desired and that as a

392

00:17:18,150 --> 00:17:16,559

matter of diplomacy and policy it would

393

00:17:20,789 --> 00:17:18,160

be advisable for smith to take a

394

00:17:21,990 --> 00:17:20,799

personal interest in this matter

395

00:17:35,510 --> 00:17:22,000

i

396

00:17:38,310 --> 00:17:35,520

that talks about

397

00:17:39,990 --> 00:17:38,320

uh saucer so to speak

398

00:17:42,630 --> 00:17:40,000

i'm showing you this

399

00:17:44,870 --> 00:17:42,640

to show you the relation of venover bush

400

00:17:47,190 --> 00:17:44,880

to everything that's going on here and

401
00:17:49,990 --> 00:17:47,200
why wilbert smith and what he said

402
00:17:51,909 --> 00:17:50,000
i had to be highly accurate

403
00:17:53,350 --> 00:17:51,919
and national estimates was a big deal

404
00:17:55,750 --> 00:17:53,360
they put together the intelligence

405
00:17:58,070 --> 00:17:55,760
estimates like when's the next time we

406
00:17:59,990 --> 00:17:58,080
can expect war the next emergency or

407
00:18:02,390 --> 00:18:00,000
anything like that so it's pretty big

408
00:18:07,830 --> 00:18:06,870
pretty pretty pretty big deal actually

409
00:18:10,230 --> 00:18:07,840
and

410
00:18:11,990 --> 00:18:10,240
there's definitely more so he had a lot

411
00:18:14,230 --> 00:18:12,000
to do with atomic energy and the

412
00:18:15,430 --> 00:18:14,240
disarmament of nuclear weapons around

413
00:18:18,390 --> 00:18:15,440

the world

414

00:18:19,590 --> 00:18:18,400

venover bush was a pretty big

415

00:18:22,070 --> 00:18:19,600

deal

416

00:18:23,590 --> 00:18:22,080

so if anyone was working on this stuff

417

00:18:26,310 --> 00:18:23,600

at the time

418

00:18:28,630 --> 00:18:26,320

it was most likely him as he was one of

419

00:18:30,630 --> 00:18:28,640

the most accredited

420

00:18:33,190 --> 00:18:30,640

scientists

421

00:18:38,950 --> 00:18:33,200

of the time

422

00:18:38,960 --> 00:18:43,270

another quick

423

00:18:43,280 --> 00:18:52,950

thing to show you here

424

00:18:57,830 --> 00:18:55,750

and this is just a

425

00:18:59,029 --> 00:18:57,840

says quickly to task it looks like this

426

00:19:01,190 --> 00:18:59,039

was a

427

00:19:03,029 --> 00:19:01,200

article something written i'm just going

428

00:19:05,270 --> 00:19:03,039

to read a little bit of this so i can

429

00:19:07,029 --> 00:19:05,280

put mr van over bush into context a

430

00:19:09,750 --> 00:19:07,039

little bit quietly to a desk

431

00:19:11,990 --> 00:19:09,760

pennsylvania is among four distinguished

432

00:19:13,990 --> 00:19:12,000

american citizens who have accepted the

433

00:19:16,549 --> 00:19:14,000

assignment one of the most important of

434

00:19:18,950 --> 00:19:16,559

our time to all the peoples of the world

435

00:19:25,110 --> 00:19:18,960

of making a new study on the problems of

436

00:19:30,150 --> 00:19:27,110

and we go down a little bit dr van dever

437

00:19:33,750 --> 00:19:30,160

busch and robert oppenheimer

438

00:19:35,669 --> 00:19:33,760

who i think is another one of these

439

00:19:39,669 --> 00:19:35,679

people that is in and out of this uh

440

00:19:41,669 --> 00:19:39,679

flying saucer stuff around this time too

441

00:19:44,230 --> 00:19:41,679

can't be positive i can only research

442

00:19:46,230 --> 00:19:44,240

one person at a time

443

00:19:49,669 --> 00:19:46,240

dr bush is renowned as one of the

444

00:19:52,150 --> 00:19:49,679

experts on science as applied to weapons

445

00:19:53,909 --> 00:19:52,160

of modern warfare and is otherwise

446

00:19:56,549 --> 00:19:53,919

greatly distinguished in the fields of

447

00:19:58,630 --> 00:19:56,559

science and education

448

00:20:00,390 --> 00:19:58,640

so

449

00:20:04,390 --> 00:20:00,400

just wanted to

450

00:20:04,400 --> 00:20:09,590

so we know that that guy is legit right

451
00:20:13,669 --> 00:20:11,029
so

452
00:20:18,149 --> 00:20:16,230
what happened let's see and this is

453
00:20:20,630 --> 00:20:18,159
speculation but let's say

454
00:20:23,350 --> 00:20:20,640
um these saucers like wilbert smith was

455
00:20:25,750 --> 00:20:23,360
saying were

456
00:20:29,669 --> 00:20:25,760
somehow powered by

457
00:20:34,149 --> 00:20:32,070
that could be interesting that's a power

458
00:20:36,549 --> 00:20:34,159
that is self-sustaining

459
00:20:40,470 --> 00:20:36,559
energy source

460
00:20:44,950 --> 00:20:42,789
and they're finding the secrets

461
00:20:47,750 --> 00:20:44,960
although obviously they keep them from

462
00:20:52,470 --> 00:20:50,870
what would make me think that

463
00:20:55,350 --> 00:20:52,480

well the thing that makes me think that

464

00:20:58,789 --> 00:20:55,360

is project magnet was not unique to

465

00:21:02,390 --> 00:20:58,799

canada at the time it was

466

00:21:05,270 --> 00:21:02,400

but that study continued

467

00:21:07,669 --> 00:21:05,280

although under different auspices

468

00:21:10,390 --> 00:21:07,679

it was called project magnet

469

00:21:11,830 --> 00:21:10,400

it was done by our government

470

00:21:14,230 --> 00:21:11,840

and there is

471

00:21:17,350 --> 00:21:14,240

a link

472

00:21:19,669 --> 00:21:17,360

quite possibly to walter smith's project

473

00:21:21,510 --> 00:21:19,679

magnet

474

00:21:22,950 --> 00:21:21,520

who uh thought

475

00:21:24,470 --> 00:21:22,960

that some of this had to do with

476

00:21:25,270 --> 00:21:24,480

geomagnetics

477

00:21:27,830 --> 00:21:25,280

so

478

00:21:31,110 --> 00:21:27,840

right now i'm going to play a clip by

479

00:21:31,990 --> 00:21:31,120

someone named bob beck

480

00:21:33,990 --> 00:21:32,000

who

481

00:21:35,350 --> 00:21:34,000

is sending this audio recording to

482

00:21:37,669 --> 00:21:35,360

knight cap

483

00:21:39,990 --> 00:21:37,679

and it's about a run-in he had with some

484

00:21:42,230 --> 00:21:40,000

pilots um who were flying a

485

00:21:44,950 --> 00:21:42,240

constellation plane

486

00:21:46,870 --> 00:21:44,960

and he saw the stamp project magnet on

487

00:21:50,070 --> 00:21:46,880

it

488

00:21:55,190 --> 00:21:52,390

let's take a listen

489

00:21:57,990 --> 00:21:55,200

uh last one last thursday august the

490

00:22:00,390 --> 00:21:58,000

22nd i was in san francisco just

491

00:22:01,190 --> 00:22:00,400

catching a plane home from the westcon

492

00:22:02,789 --> 00:22:01,200

the

493

00:22:04,230 --> 00:22:02,799

western conference of electronic

494

00:22:06,630 --> 00:22:04,240

manufacturers

495

00:22:09,909 --> 00:22:06,640

show in san francisco

496

00:22:13,270 --> 00:22:09,919

and out on one of the auxiliary runways

497

00:22:14,230 --> 00:22:13,280

we spotted this super constellation with

498

00:22:18,789 --> 00:22:14,240

the

499

00:22:20,710 --> 00:22:18,799

uh

500

00:22:22,870 --> 00:22:20,720

i happened to be in the restaurant

501
00:22:25,029 --> 00:22:22,880
shortly after that and two gentlemen

502
00:22:27,110 --> 00:22:25,039
which were obviously pilots sat down

503
00:22:28,870 --> 00:22:27,120
about one seat away from me and started

504
00:22:31,430 --> 00:22:28,880
discussing the

505
00:22:34,310 --> 00:22:31,440
uh ship that they had flown in here for

506
00:22:37,270 --> 00:22:34,320
part of the uh national geophysical year

507
00:22:39,430 --> 00:22:37,280
conference which uh seemed to be

508
00:22:41,190 --> 00:22:39,440
simultaneous with the westcon conference

509
00:22:42,549 --> 00:22:41,200
in san francisco

510
00:22:44,630 --> 00:22:42,559
and i was quite familiar with the

511
00:22:46,390 --> 00:22:44,640
constellations since i had

512
00:22:48,390 --> 00:22:46,400
tested these ships when i was a flight

513
00:22:51,270 --> 00:22:48,400

test engineer at lockheed

514

00:22:54,230 --> 00:22:51,280

and i asked them if project magnet on

515

00:22:57,830 --> 00:22:54,240

the tail signified the same as wilbert

516

00:22:59,669 --> 00:22:57,840

smith's project magnet in canada

517

00:23:01,750 --> 00:22:59,679

and the gentlemen were a little bit

518

00:23:05,029 --> 00:23:01,760

startled and they said why yes we're

519

00:23:07,350 --> 00:23:05,039

closely or were closely related

520

00:23:08,870 --> 00:23:07,360

i asked them if for old times sake i

521

00:23:10,549 --> 00:23:08,880

might be able to come out and take a

522

00:23:11,990 --> 00:23:10,559

look through the ship they granted me

523

00:23:13,830 --> 00:23:12,000

permission

524

00:23:15,909 --> 00:23:13,840

so on the way in and out i shot a few

525

00:23:17,430 --> 00:23:15,919

photographs these are a few from this

526
00:23:19,190 --> 00:23:17,440
series

527
00:23:22,070 --> 00:23:19,200
now the second shot

528
00:23:25,909 --> 00:23:22,080
shows clearly the markings on the ship

529
00:23:29,430 --> 00:23:25,919
the constellation the tip tanks etc

530
00:23:31,110 --> 00:23:29,440
the third shot shows a mr crowe c-r-o-w

531
00:23:33,590 --> 00:23:31,120
the gentleman with the beard standing

532
00:23:35,190 --> 00:23:33,600
beside the magnetic anomaly detector

533
00:23:38,230 --> 00:23:35,200
which was in the

534
00:23:41,190 --> 00:23:38,240
aft end of the constellation

535
00:23:45,909 --> 00:23:43,590
quick here i'm gonna stop because he

536
00:23:49,029 --> 00:23:45,919
talks about uh the magtometer the

537
00:23:50,390 --> 00:23:49,039
magnetic anomaly reader whatever so

538
00:23:52,310 --> 00:23:50,400

we've watched this

539

00:23:54,310 --> 00:23:52,320

if you watch this show before

540

00:23:57,510 --> 00:23:54,320

um you'll remember an episode where it

541

00:23:59,029 --> 00:23:57,520

was about correlation to um ufo

542

00:24:01,350 --> 00:23:59,039

sightings and

543

00:24:03,669 --> 00:24:01,360

picking up radiation right

544

00:24:05,990 --> 00:24:03,679

and they were scientists at los alamos

545

00:24:08,470 --> 00:24:06,000

who set these up and were picking up

546

00:24:10,630 --> 00:24:08,480

radiation counts and seeing ufos and

547

00:24:13,190 --> 00:24:10,640

they also were in i think it was palomar

548

00:24:14,630 --> 00:24:13,200

california

549

00:24:15,830 --> 00:24:14,640

right

550

00:24:18,390 --> 00:24:15,840

so

551
00:24:20,549 --> 00:24:18,400
just wanted to chime in there quick and

552
00:24:23,029 --> 00:24:20,559
let you know

553
00:24:24,200 --> 00:24:23,039
and kind of just put that together also

554
00:24:25,430 --> 00:24:24,210
there was um

555
00:24:26,710 --> 00:24:25,440
[Music]

556
00:24:28,549 --> 00:24:26,720
robert here can tell you a little bit

557
00:24:30,549 --> 00:24:28,559
more about that the aztec case the

558
00:24:32,630 --> 00:24:30,559
person who

559
00:24:34,070 --> 00:24:32,640
was heavily involved in that case also

560
00:24:37,190 --> 00:24:34,080
used something called the doodlebug

561
00:24:39,269 --> 00:24:37,200
which was actually mcdominer um

562
00:24:41,110 --> 00:24:39,279
magnometer

563
00:24:43,590 --> 00:24:41,120

i think i'm saying there right

564

00:24:45,669 --> 00:24:43,600

um which you know he said he used to

565

00:24:47,269 --> 00:24:45,679

track these things so all right back to

566

00:24:53,510 --> 00:24:47,279

it

567

00:24:55,590 --> 00:24:53,520

and he spoke rather guardedly that this

568

00:24:58,630 --> 00:24:55,600

constellation was a number

569

00:25:01,110 --> 00:24:58,640

one of a number unspecified

570

00:25:03,510 --> 00:25:01,120

of ship specifically equipped with these

571

00:25:04,950 --> 00:25:03,520

extremely highly sensitive magnetometers

572

00:25:07,350 --> 00:25:04,960

he said that the

573

00:25:09,909 --> 00:25:07,360

uh magnetic anomaly detector which was

574

00:25:12,470 --> 00:25:09,919

vertically polarized as opposed to

575

00:25:14,470 --> 00:25:12,480

horizontally polarized for the world war

576

00:25:15,510 --> 00:25:14,480

ii units which are still classified as

577

00:25:17,750 --> 00:25:15,520

secret

578

00:25:19,990 --> 00:25:17,760

had an absolute sensitivity of from 10

579

00:25:21,990 --> 00:25:20,000

to 20 gamma which i felt was rather

580

00:25:24,390 --> 00:25:22,000

remarkable compared to the old

581

00:25:26,470 --> 00:25:24,400

anti-submarine detectors that were used

582

00:25:28,310 --> 00:25:26,480

in world war ii

583

00:25:30,710 --> 00:25:28,320

i pressed him a little bit on the

584

00:25:33,990 --> 00:25:30,720

subject uh naturally without mentioning

585

00:25:36,070 --> 00:25:34,000

the term ufo and every answer that he

586

00:25:37,190 --> 00:25:36,080

gave me before he finally clammed up

587

00:25:39,029 --> 00:25:37,200

indicated

588

00:25:41,269 --> 00:25:39,039

that one of the primary missions of this

589

00:25:44,070 --> 00:25:41,279

particular constellation which had been

590

00:25:46,470 --> 00:25:44,080

all over the uh world

591

00:25:49,590 --> 00:25:46,480

was connected with the same thing that

592

00:25:51,590 --> 00:25:49,600

the project magnet in canada uh was

593

00:25:53,110 --> 00:25:51,600

searching for

594

00:25:54,630 --> 00:25:53,120

he said that he knew of the work of

595

00:25:57,510 --> 00:25:54,640

wilbert smith

596

00:25:59,110 --> 00:25:57,520

he said that this was an outgrowth of uh

597

00:26:02,230 --> 00:25:59,120

in cooperation with the canadian

598

00:26:04,310 --> 00:26:02,240

government of project magnet in canada

599

00:26:06,549 --> 00:26:04,320

and uh later when i made the mistake of

600

00:26:08,230 --> 00:26:06,559

mentioning the word ufo he clammed up

601
00:26:09,350 --> 00:26:08,240
almost immediately as if he were on

602
00:26:13,510 --> 00:26:09,360
security

603
00:26:16,310 --> 00:26:13,520
this ship was commissioned and paid for

604
00:26:19,190 --> 00:26:16,320
by the department of the navy

605
00:26:21,190 --> 00:26:19,200
and its cover story the reason which

606
00:26:23,350 --> 00:26:21,200
they give for having this equipment on

607
00:26:25,990 --> 00:26:23,360
board was that it is

608
00:26:28,149 --> 00:26:26,000
searching out magnetic anomalies for

609
00:26:30,710 --> 00:26:28,159
navigational purposes and that these

610
00:26:31,830 --> 00:26:30,720
isometric lines uh which this ship can

611
00:26:34,070 --> 00:26:31,840
determine

612
00:26:36,230 --> 00:26:34,080
are then forwarded to the u s

613
00:26:38,390 --> 00:26:36,240

coast and geodetic survey office where

614

00:26:40,950 --> 00:26:38,400

they will eventually go on navigational

615

00:26:43,909 --> 00:26:40,960

charts all over the world

616

00:26:46,149 --> 00:26:43,919

but mr crowe in this picture after

617

00:26:48,549 --> 00:26:46,159

i had the opportunity to communicate

618

00:26:50,310 --> 00:26:48,559

with him for about ten minutes

619

00:26:53,029 --> 00:26:50,320

indicated rather strongly that the

620

00:26:55,110 --> 00:26:53,039

primary purpose of this was for magnetic

621

00:26:57,029 --> 00:26:55,120

anomalies coming from above

622

00:27:00,149 --> 00:26:57,039

the surface of the earth

623

00:27:03,190 --> 00:27:00,159

when i asked him if his crew had found

624

00:27:05,510 --> 00:27:03,200

any uh anomalies coming from above he

625

00:27:07,510 --> 00:27:05,520

said yes very definitely in the area of

626

00:27:09,190 --> 00:27:07,520

key west florida

627

00:27:12,149 --> 00:27:09,200

uh that when they flew close to the

628

00:27:15,190 --> 00:27:12,159

surface of the earth they got rather

629

00:27:16,870 --> 00:27:15,200

uh smooth isometric lines when they flew

630

00:27:18,870 --> 00:27:16,880

at higher altitudes these things were

631

00:27:20,549 --> 00:27:18,880

rough which would indicate to him that

632

00:27:21,830 --> 00:27:20,559

at the particular time this mission was

633

00:27:22,549 --> 00:27:21,840

flown

634

00:27:24,389 --> 00:27:22,559

the

635

00:27:25,909 --> 00:27:24,399

magnetic anomalies were coming from

636

00:27:27,750 --> 00:27:25,919

above the earth

637

00:27:30,789 --> 00:27:27,760

now the next photograph in this series

638

00:27:33,350 --> 00:27:30,799

is a close-up of this anomaly detector

639

00:27:35,590 --> 00:27:33,360

which is fantastically sensitive

640

00:27:38,630 --> 00:27:35,600

the fifth shot series shows the

641

00:27:40,630 --> 00:27:38,640

navigator station this chair on the post

642

00:27:43,110 --> 00:27:40,640

uh with a lookout for

643

00:27:45,430 --> 00:27:43,120

their uh astro navigation

644

00:27:47,669 --> 00:27:45,440

and behind it the control panels for the

645

00:27:49,510 --> 00:27:47,679

magnetic detectors

646

00:27:51,750 --> 00:27:49,520

the last shot in this series shows a

647

00:27:53,990 --> 00:27:51,760

close-up of the bench uh for the

648

00:27:56,710 --> 00:27:54,000

electronic control and charting position

649

00:27:58,230 --> 00:27:56,720

for the magnetic anomaly detectors

650

00:28:00,470 --> 00:27:58,240

another thing which came out of this

651
00:28:02,950 --> 00:28:00,480
conversation was that several of our

652
00:28:04,950 --> 00:28:02,960
satellites were equipped with heavy

653
00:28:06,870 --> 00:28:04,960
water proton progression type

654
00:28:08,870 --> 00:28:06,880
magnetometers

655
00:28:10,549 --> 00:28:08,880
uh the cover story here again being that

656
00:28:12,789 --> 00:28:10,559
they were searching for magnetic

657
00:28:14,710 --> 00:28:12,799
anomalies in the earth's magnetic field

658
00:28:15,990 --> 00:28:14,720
and the very very obvious inference

659
00:28:18,630 --> 00:28:16,000
being that they were searching for

660
00:28:20,389 --> 00:28:18,640
unidentified flying objects which in

661
00:28:22,710 --> 00:28:20,399
some way disturbed the earth's magnetic

662
00:28:24,630 --> 00:28:22,720
field and gave themselves away in this

663
00:28:26,149 --> 00:28:24,640

manner i thought this was rather

664

00:28:29,110 --> 00:28:26,159

interesting you might add it to your

665

00:28:31,350 --> 00:28:29,120

collection of unsolved data my own

666

00:28:35,110 --> 00:28:31,360

conclusion based on talking with both

667

00:28:36,870 --> 00:28:35,120

the pilots and the co-pilot and mr crow

668

00:28:39,190 --> 00:28:36,880

was that they are quite aware that this

669

00:28:41,029 --> 00:28:39,200

ship is being used and part of the

670

00:28:44,230 --> 00:28:41,039

overall search for the

671

00:28:50,389 --> 00:28:44,240

uh ufo

672

00:28:54,149 --> 00:28:52,310

so

673

00:28:56,470 --> 00:28:54,159

you know when i heard that it was pretty

674

00:28:59,029 --> 00:28:56,480

interesting to me because it kind of

675

00:29:02,310 --> 00:28:59,039

there was some synchronicity there

676

00:29:05,269 --> 00:29:02,320

uh lining up with things i was already

677

00:29:06,789 --> 00:29:05,279

like kind of looking into

678

00:29:08,950 --> 00:29:06,799

and i've always heard when you're

679

00:29:11,269 --> 00:29:08,960

getting hit with synchronicity that's a

680

00:29:12,630 --> 00:29:11,279

good thing so

681

00:29:13,750 --> 00:29:12,640

maybe it means something maybe it

682

00:29:16,070 --> 00:29:13,760

doesn't

683

00:29:16,080 --> 00:29:19,669

if we now go to

684

00:29:24,630 --> 00:29:22,870

a couple things the first

685

00:29:27,669 --> 00:29:24,640

is

686

00:29:30,710 --> 00:29:27,679

a little bit about

687

00:29:31,990 --> 00:29:30,720

um our project magnum which he was

688

00:29:35,510 --> 00:29:32,000

correct

689

00:29:37,750 --> 00:29:35,520

uh was navy it was a navy project

690

00:29:39,430 --> 00:29:37,760

everything that he said in there lines

691

00:29:40,630 --> 00:29:39,440

up with

692

00:29:44,950 --> 00:29:40,640

what were

693

00:29:46,630 --> 00:29:44,960

online about this through various

694

00:29:47,750 --> 00:29:46,640

documents

695

00:29:52,149 --> 00:29:47,760

other than

696

00:29:56,630 --> 00:29:54,549

so it's interesting here because

697

00:29:58,549 --> 00:29:56,640

this i'm showing

698

00:30:01,590 --> 00:29:58,559

for a particular reason aerial

699

00:30:03,590 --> 00:30:01,600

reconnaissance on the ussr right

700

00:30:04,710 --> 00:30:03,600

so you mentioned during the geophysical

701
00:30:06,630 --> 00:30:04,720
year

702
00:30:09,750 --> 00:30:06,640
here it is the international and

703
00:30:10,950 --> 00:30:09,760
geophysical year 5758 being unique

704
00:30:13,430 --> 00:30:10,960
opportunity

705
00:30:15,269 --> 00:30:13,440
if so tentative requirements blah blah

706
00:30:17,830 --> 00:30:15,279
so they wanted to throw an earth

707
00:30:23,190 --> 00:30:17,840
satellite vehicle up

708
00:30:25,990 --> 00:30:23,200
as and use the geophysical year as cover

709
00:30:31,269 --> 00:30:28,630
so the reason i'm bringing this into

710
00:30:33,669 --> 00:30:31,279
play here is a couple of reasons we have

711
00:30:37,029 --> 00:30:33,679
lockheed mentioned and i believe uh van

712
00:30:40,230 --> 00:30:37,039
over bush wrote this

713
00:30:43,350 --> 00:30:40,240

so but that's not

714

00:30:49,990 --> 00:30:45,350

i just wanted to make that connection to

715

00:30:54,070 --> 00:30:51,750

the next document is a little bit more

716

00:30:56,549 --> 00:30:54,080

important

717

00:31:01,430 --> 00:30:56,559

because it's labeled

718

00:31:05,669 --> 00:31:03,750

regarding mcg

719

00:31:07,110 --> 00:31:05,679

wg material

720

00:31:15,590 --> 00:31:07,120

so

721

00:31:17,990 --> 00:31:15,600

march 16 1967 to the director

722

00:31:20,549 --> 00:31:18,000

blah blah blah goes

723

00:31:23,509 --> 00:31:20,559

a little farther so you can see this has

724

00:31:27,909 --> 00:31:23,519

gone on quite a bit longer than even the

725

00:31:31,350 --> 00:31:29,909

the thing that's weird to me is it says

726

00:31:33,190 --> 00:31:31,360

bob here bob wants to have the

727

00:31:34,950 --> 00:31:33,200

opportunity to coordinate such internal

728

00:31:37,190 --> 00:31:34,960

dld questions prior to formal

729

00:31:38,870 --> 00:31:37,200

presentation that guy who just spoke his

730

00:31:41,110 --> 00:31:38,880

name is bob

731

00:31:43,029 --> 00:31:41,120

but there's no last name

732

00:31:46,470 --> 00:31:43,039

so i'm thinking like is this like an

733

00:31:47,909 --> 00:31:46,480

inside kind of misinformation job

734

00:31:50,549 --> 00:31:47,919

but i can't really tell because there's

735

00:31:53,110 --> 00:31:50,559

no last name for bob

736

00:31:56,310 --> 00:31:53,120

so now we're gonna go back to these they

737

00:31:57,990 --> 00:31:56,320

have these uh older project magnet

738

00:32:00,789 --> 00:31:58,000

documents in here

739

00:32:03,590 --> 00:32:00,799

so you can see this commander at naval

740

00:32:06,549 --> 00:32:03,600

oceanographic office

741

00:32:09,110 --> 00:32:06,559

subject geodetic data support

742

00:32:09,990 --> 00:32:09,120

reference tri-service dff data reduction

743

00:32:12,149 --> 00:32:10,000

program

744

00:32:16,389 --> 00:32:12,159

enclosed project magnet airborne

745

00:32:20,870 --> 00:32:18,710

that's it's a true story what he was

746

00:32:22,870 --> 00:32:20,880

just saying other than

747

00:32:24,149 --> 00:32:22,880

we don't know about the flag saucer part

748

00:32:28,870 --> 00:32:24,159

but

749

00:32:29,669 --> 00:32:28,880

you know there's a lot blanked out here

750

00:32:36,549 --> 00:32:29,679

like

751
00:32:41,190 --> 00:32:38,070
so it's

752
00:32:44,880 --> 00:32:43,909
project magnet

753
00:32:46,789 --> 00:32:44,890
so i took

754
00:32:49,750 --> 00:32:46,799
[Music]

755
00:32:54,950 --> 00:32:52,950
to look a little further into it

756
00:32:57,669 --> 00:32:54,960
so right here it says

757
00:32:59,590 --> 00:32:57,679
nev oceano's project magnet

758
00:33:02,070 --> 00:32:59,600
aircraft

759
00:33:04,149 --> 00:33:02,080
constellation type again

760
00:33:08,710 --> 00:33:04,159
that's what the bob guy said

761
00:33:08,720 --> 00:33:14,470
interesting

762
00:33:14,480 --> 00:33:17,750
so the other thing

763
00:33:21,350 --> 00:33:19,509

that i wanted to get into is

764

00:33:22,149 --> 00:33:21,360

the nav oceano

765

00:33:24,870 --> 00:33:22,159

so

766

00:33:26,389 --> 00:33:24,880

i did a little bit of looking into who

767

00:33:29,830 --> 00:33:26,399

who is that right i've never heard of

768

00:33:31,669 --> 00:33:29,840

that gotta google that what is that

769

00:33:33,430 --> 00:33:31,679

well

770

00:33:36,470 --> 00:33:33,440

pretty interesting

771

00:33:41,990 --> 00:33:36,480

who they are now

772

00:33:42,000 --> 00:33:45,029

so

773

00:33:49,750 --> 00:33:47,269

i'm gonna show you quick

774

00:33:54,389 --> 00:33:49,760

and if you

775

00:33:56,310 --> 00:33:54,399

uh follow me on twitter you may have a

776

00:33:59,029 --> 00:33:56,320

kind of inkling of who i'm talking about

777

00:33:59,039 --> 00:34:03,909

boom this is who it is

778

00:34:12,149 --> 00:34:06,630

naval meteorology and oceanography

779

00:34:12,159 --> 00:34:20,230

pretty interesting album here

780

00:34:23,589 --> 00:34:21,750

especially if

781

00:34:25,589 --> 00:34:23,599

this stuff you know like if these

782

00:34:27,510 --> 00:34:25,599

saucers or whatever has to do with

783

00:34:30,389 --> 00:34:27,520

geomagnetic stuff

784

00:34:33,430 --> 00:34:30,399

stuff coming from the ocean

785

00:34:35,349 --> 00:34:33,440

it all kind of makes sense

786

00:34:37,270 --> 00:34:35,359

to me

787

00:34:39,829 --> 00:34:37,280

so i'm going to play

788

00:34:42,470 --> 00:34:39,839

or show you one more thing

789

00:34:43,510 --> 00:34:42,480

and it has to do with what their motto

790

00:34:45,270 --> 00:34:43,520

is

791

00:34:46,950 --> 00:34:45,280

their motto

792

00:34:54,710 --> 00:34:46,960

is mission

793

00:34:54,720 --> 00:34:57,780

to the stars

794

00:35:06,390 --> 00:35:00,470

[Laughter]

795

00:35:06,400 --> 00:35:09,190

pretty crazy

796

00:35:15,109 --> 00:35:11,670

and we're told all the time and people

797

00:35:17,829 --> 00:35:15,119

have thought about things from the ocean

798

00:35:21,990 --> 00:35:17,839

also in the sky

799

00:35:28,630 --> 00:35:24,069

the earth lights we went over this

800

00:35:35,190 --> 00:35:31,670

the earth lights

801
00:35:35,200 --> 00:35:39,510
from the ocean from the river

802
00:35:44,310 --> 00:35:41,990
and some people say that you can control

803
00:35:47,030 --> 00:35:44,320
them consciously

804
00:35:47,360 --> 00:35:47,040
some people say that they are

805
00:35:49,270 --> 00:35:47,370
um

806
00:35:51,190 --> 00:35:49,280
[Music]

807
00:35:53,750 --> 00:35:51,200
you know

808
00:35:56,390 --> 00:35:53,760
ancestors of sort that have been

809
00:35:58,630 --> 00:35:56,400
uh with this earth longer than than we

810
00:36:00,550 --> 00:35:58,640
know or if the whole time and i line

811
00:36:05,030 --> 00:36:00,560
that up with what lou elizondo says and

812
00:36:08,630 --> 00:36:06,790
it's very interesting like the minman

813
00:36:09,010 --> 00:36:08,640

lights in australia

814

00:36:10,230 --> 00:36:09,020

um

815

00:36:12,069 --> 00:36:10,240

[Music]

816

00:36:13,589 --> 00:36:12,079

and there's there's all these lubock

817

00:36:15,190 --> 00:36:13,599

lights there's all these other like

818

00:36:19,670 --> 00:36:15,200

lights right

819

00:36:19,680 --> 00:36:25,510

it's very interesting

820

00:36:29,670 --> 00:36:26,950

so

821

00:36:31,270 --> 00:36:29,680

i don't know if this is a stretch

822

00:36:32,069 --> 00:36:31,280

or not

823

00:36:41,270 --> 00:36:32,079

but

824

00:36:44,150 --> 00:36:41,280

sense to me which is really hard to do

825

00:36:45,109 --> 00:36:44,160

uh in this topic

826

00:36:46,950 --> 00:36:45,119

also

827

00:36:48,870 --> 00:36:46,960

atomic bomb blasts

828

00:36:50,950 --> 00:36:48,880

so like those lights like earth lights

829

00:36:53,670 --> 00:36:50,960

and stuff it's friction so if there's a

830

00:36:55,910 --> 00:36:53,680

lot of pressure in the air

831

00:37:00,390 --> 00:36:58,069

or different uh magnetic stuff happening

832

00:37:01,750 --> 00:37:00,400

in the atmosphere upper ear research so

833

00:37:09,510 --> 00:37:01,760

to speak

834

00:37:09,520 --> 00:37:13,670

so an atomic bomb blast

835

00:37:17,589 --> 00:37:15,030

for instance

836

00:37:18,470 --> 00:37:17,599

i would imagine

837

00:37:21,990 --> 00:37:18,480

i

838

00:37:24,710 --> 00:37:22,000

could make those

839

00:37:24,720 --> 00:37:29,270

lines up with that quite a bit

840

00:37:33,670 --> 00:37:31,109

and it gets pretty

841

00:37:35,589 --> 00:37:33,680

crazy as far as how far back this goes

842

00:37:37,109 --> 00:37:35,599

in like people's spiritual rituals and

843

00:37:40,470 --> 00:37:37,119

stuff

844

00:37:40,480 --> 00:37:44,390

yes

845

00:37:49,990 --> 00:37:46,470

intelligently controlled

846

00:37:55,270 --> 00:37:52,150

pretty crazy

847

00:38:00,950 --> 00:37:57,990

do i have any proof of course not

848

00:38:02,630 --> 00:38:00,960

i'm just lining up all these things

849

00:38:04,710 --> 00:38:02,640

that seem

850

00:38:08,630 --> 00:38:04,720

connected somehow

851
00:38:10,790 --> 00:38:08,640
does that mean they are no it doesn't

852
00:38:13,829 --> 00:38:10,800
but it's uh it was worth looking into

853
00:38:13,839 --> 00:38:17,670
so

854
00:38:23,030 --> 00:38:20,470
uh with that

855
00:38:24,230 --> 00:38:23,040
i'm going to

856
00:38:29,829 --> 00:38:24,240
play some

857
00:38:35,750 --> 00:38:30,870
that are

858
00:38:42,550 --> 00:38:39,109
because um yeah i think it'll be

859
00:38:43,670 --> 00:38:42,560
pretty cool like the lights i saw

860
00:38:46,069 --> 00:38:43,680
i mean

861
00:38:47,190 --> 00:38:46,079
first of all my like my first thing that

862
00:38:48,390 --> 00:38:47,200
i had

863
00:38:50,790 --> 00:38:48,400

um

864

00:38:52,310 --> 00:38:50,800

i don't know how else to explain it but

865

00:38:54,790 --> 00:38:52,320

something like that

866

00:38:57,190 --> 00:38:54,800

um those like red orbs that i've had

867

00:39:01,109 --> 00:38:57,200

there's so many descriptions of

868

00:39:03,349 --> 00:39:01,119

these red orbs

869

00:39:07,430 --> 00:39:03,359

and changing colors and these lights can

870

00:39:08,950 --> 00:39:07,440

be different colors and go fast

871

00:39:11,190 --> 00:39:08,960

there was one guy

872

00:39:22,069 --> 00:39:11,200

i watched he talked about one that he

873

00:39:30,069 --> 00:39:24,790

i don't know pretty interesting

874

00:39:33,990 --> 00:39:32,310

and you know some people

875

00:39:35,270 --> 00:39:34,000

think that

876

00:39:37,190 --> 00:39:35,280

um

877

00:39:39,510 --> 00:39:37,200

these lights or whatever it is have the

878

00:39:41,030 --> 00:39:39,520

ability to so they're reported as

879

00:39:45,109 --> 00:39:41,040

different things too like different

880

00:39:49,910 --> 00:39:45,119

shapes different geometric figures

881

00:39:52,790 --> 00:39:50,870

yeah

882

00:39:54,790 --> 00:39:52,800

expendable 72 i would love to get time

883

00:39:56,390 --> 00:39:54,800

to long on here i've emailed a couple

884

00:39:57,670 --> 00:39:56,400

times but

885

00:40:01,270 --> 00:39:57,680

no dice

886

00:40:02,230 --> 00:40:01,280

unfortunately

887

00:40:08,870 --> 00:40:02,240

so

888

00:40:13,910 --> 00:40:11,589

um

889

00:40:15,270 --> 00:40:13,920

it's pretty interesting

890

00:40:16,950 --> 00:40:15,280

i would love to

891

00:40:20,309 --> 00:40:16,960

there's a guy that i would really love

892

00:40:24,550 --> 00:40:22,550

i get on the show but he doesn't have

893

00:40:26,550 --> 00:40:24,560

like any

894

00:40:28,870 --> 00:40:26,560

um

895

00:40:30,630 --> 00:40:28,880

my contact information or anything out

896

00:40:33,190 --> 00:40:30,640

there

897

00:40:35,190 --> 00:40:33,200

but i think his name is peter devereaux

898

00:40:37,670 --> 00:40:35,200

i want to say

899

00:40:56,309 --> 00:40:39,030

he

900

00:41:02,470 --> 00:40:59,270

but it's combining consciousness in

901
00:41:04,710 --> 00:41:02,480
these unidentified lights

902
00:41:07,990 --> 00:41:04,720
i just hear all the time that what this

903
00:41:09,750 --> 00:41:08,000
is has to do with consciousness

904
00:41:12,150 --> 00:41:09,760
and i think

905
00:41:15,430 --> 00:41:12,160
there could be some sort of freaking

906
00:41:20,710 --> 00:41:17,990
um well at least enough that it is very

907
00:41:22,309 --> 00:41:20,720
interesting to me

908
00:41:23,510 --> 00:41:22,319
that's for sure

909
00:41:25,510 --> 00:41:23,520
i would like to

910
00:41:30,069 --> 00:41:25,520
[Music]

911
00:41:36,150 --> 00:41:33,190
to put up if i can find the video

912
00:41:38,790 --> 00:41:36,160
it's a video of this guy talking

913
00:41:41,910 --> 00:41:38,800

this peter guy was just talking about

914

00:41:45,750 --> 00:41:41,920

put out the book earth lights

915

00:41:50,069 --> 00:41:47,270

i'm just getting like a lot of weird

916

00:41:50,950 --> 00:41:50,079

crappy videos

917

00:41:53,750 --> 00:41:50,960

that

918

00:41:56,390 --> 00:41:53,760

then i heard the right one

919

00:41:57,430 --> 00:41:56,400

that's for sure

920

00:42:00,230 --> 00:41:57,440

but

921

00:42:01,589 --> 00:42:00,240

oh yeah i found it

922

00:42:03,030 --> 00:42:01,599

i found it

923

00:42:16,550 --> 00:42:03,040

so

924

00:42:21,349 --> 00:42:19,270

i'm gonna bring it up here

925

00:42:39,109 --> 00:42:21,359

this is the guy

926

00:42:39,119 --> 00:42:43,430

not peter paul

927

00:42:49,430 --> 00:42:45,750

they seem to be the same sort of family

928

00:42:50,870 --> 00:42:49,440

as uh earthquake lights and uh ball

929

00:42:53,190 --> 00:42:50,880

lightning

930

00:42:55,430 --> 00:42:53,200

and ball lining occurs in association

931

00:42:56,870 --> 00:42:55,440

usually with thunderstorms

932

00:42:58,710 --> 00:42:56,880

uh

933

00:43:00,950 --> 00:42:58,720

earthquake lights usually glow in the

934

00:43:03,990 --> 00:43:00,960

sky that occurs just before

935

00:43:06,309 --> 00:43:04,000

uh and perhaps see perhaps just after an

936

00:43:08,470 --> 00:43:06,319

actual earthquake takes place

937

00:43:12,470 --> 00:43:08,480

uh and sometimes it produces balls of

938

00:43:15,750 --> 00:43:12,480

light uh rather similar to earth lights

939

00:43:22,470 --> 00:43:18,550

occasioned by the pressure

940

00:43:25,589 --> 00:43:22,480

in the tectonic mass ground

941

00:43:29,510 --> 00:43:27,430

unusual

942

00:43:31,270 --> 00:43:29,520

they have special properties that i'll

943

00:43:34,470 --> 00:43:31,280

mention later

944

00:43:39,109 --> 00:43:37,829

usually spherical and usually aerial in

945

00:43:40,710 --> 00:43:39,119

the sky

946

00:43:43,349 --> 00:43:40,720

and sometimes they can come out of the

947

00:43:45,510 --> 00:43:43,359

ground and have seen been seen emerging

948

00:43:46,390 --> 00:43:45,520

from the ground

949

00:43:48,710 --> 00:43:46,400

uh

950

00:43:50,710 --> 00:43:48,720

they they are usually about sort of

951
00:43:55,030 --> 00:43:50,720
football size

952
00:43:57,589 --> 00:43:55,040
like spherical but not always

953
00:43:59,510 --> 00:43:57,599
they are usually luminous

954
00:44:01,990 --> 00:43:59,520
hence lights

955
00:44:09,109 --> 00:44:02,000
but they are um

956
00:44:16,910 --> 00:44:12,150
uh i've seen both kinds uh and in fact

957
00:44:19,670 --> 00:44:16,920
it's it was a case an event in 1967 may

958
00:44:20,470 --> 00:44:19,680
1967 that really got me interested into

959
00:44:22,550 --> 00:44:20,480
them

960
00:44:24,870 --> 00:44:22,560
and told me that things weren't quite

961
00:44:27,990 --> 00:44:24,880
what everybody says

962
00:44:30,870 --> 00:44:28,000
and it was when i was at art college in

963
00:44:32,710 --> 00:44:30,880

ravensbourne college of art as then was

964

00:44:35,190 --> 00:44:32,720

which about three or four miles south of

965

00:44:41,910 --> 00:44:35,200

bromley on bromley common

966

00:44:48,550 --> 00:44:45,750

i had gone to the we're on the top floor

967

00:44:49,750 --> 00:44:48,560

third or fourth floor in the studio

968

00:44:51,349 --> 00:44:49,760

and i didn't want to put on the

969

00:44:53,510 --> 00:44:51,359

artificial light because i was mixing

970

00:44:55,349 --> 00:44:53,520

some colors and i wanted natural light

971

00:44:57,349 --> 00:44:55,359

so i went over to the north facing

972

00:44:59,109 --> 00:44:57,359

window of the studio

973

00:45:00,309 --> 00:44:59,119

and something caught my eye and i looked

974

00:45:02,470 --> 00:45:00,319

up

975

00:45:05,109 --> 00:45:02,480

there was this pulsing orange light

976
00:45:06,790 --> 00:45:05,119
coming towards the college

977
00:45:08,630 --> 00:45:06,800
and uh

978
00:45:11,349 --> 00:45:08,640
it came to a halt

979
00:45:13,670 --> 00:45:11,359
uh over the field in front of the

980
00:45:15,670 --> 00:45:13,680
college it was about

981
00:45:17,109 --> 00:45:15,680
a few hundred feet up in the air perhaps

982
00:45:19,190 --> 00:45:17,119
a hundred feet perhaps three or four

983
00:45:21,349 --> 00:45:19,200
hundred feet i'm not sure

984
00:45:22,390 --> 00:45:21,359
and it came to a complete stationary

985
00:45:25,349 --> 00:45:22,400
hold

986
00:45:27,750 --> 00:45:25,359
and this one was not spherical it was

987
00:45:29,910 --> 00:45:27,760
rectangular just like a door

988
00:45:38,150 --> 00:45:29,920

corners and everything and pulsing

989

00:45:41,510 --> 00:45:39,510

i was shocked i couldn't say anything

990

00:45:43,349 --> 00:45:41,520

for a few minutes and i called out to

991

00:45:44,550 --> 00:45:43,359

other people still working late in the

992

00:45:45,829 --> 00:45:44,560

college it

993

00:45:48,150 --> 00:45:45,839

was in the

994

00:45:49,910 --> 00:45:48,160

late afternoon early evening

995

00:45:52,470 --> 00:45:49,920

in may

996

00:45:53,589 --> 00:45:52,480

uh so it was still light outside but it

997

00:45:56,230 --> 00:45:53,599

was

998

00:45:58,550 --> 00:45:56,240

getting dark inside the studio

999

00:46:01,349 --> 00:45:58,560

without artificial lightning hence i was

1000

00:46:03,670 --> 00:46:01,359

out the window this thing came down

1001
00:46:05,270 --> 00:46:03,680
and was just pulsing there

1002
00:46:07,270 --> 00:46:05,280
i called out to the others so other

1003
00:46:09,829 --> 00:46:07,280
people saw this as well

1004
00:46:11,270 --> 00:46:09,839
and also i saw that out on the car park

1005
00:46:13,670 --> 00:46:11,280
below

1006
00:46:16,470 --> 00:46:13,680
people coming streaming out of the

1007
00:46:19,349 --> 00:46:16,480
crown floor of the college uh looking up

1008
00:46:23,270 --> 00:46:19,359
at this thing so a lot of people saw it

1009
00:46:25,750 --> 00:46:23,280
pulsing rectangular light

1010
00:46:28,470 --> 00:46:25,760
and it did other things but i won't go

1011
00:46:30,470 --> 00:46:28,480
into that it sort of changed its shape

1012
00:46:33,240 --> 00:46:30,480
it was just riveting

1013
00:46:39,990 --> 00:46:33,250

and i i didn't know what to make of it

1014

00:46:48,150 --> 00:46:43,910

so i gave you the link you should really

1015

00:46:49,829 --> 00:46:48,160

uh watch that and it also has a website

1016

00:46:51,670 --> 00:46:49,839

so

1017

00:46:52,870 --> 00:46:51,680

you know you don't know what things are

1018

00:46:54,790 --> 00:46:52,880

unless you don't know what they heard

1019

00:46:57,030 --> 00:46:54,800

not so this

1020

00:46:58,550 --> 00:46:57,040

was very interesting to me i hope it was

1021

00:47:03,829 --> 00:46:58,560

interesting to you

1022

00:47:07,190 --> 00:47:05,829

and i plan on probably continuing to

1023

00:47:07,990 --> 00:47:07,200

look into it

1024

00:47:09,190 --> 00:47:08,000

and

1025

00:47:11,589 --> 00:47:09,200

so

1026

00:47:14,230 --> 00:47:11,599

the further he goes into it the more he

1027

00:47:16,630 --> 00:47:14,240

talks about the possible connections to

1028

00:47:19,510 --> 00:47:16,640

uh consciousness so

1029

00:47:32,870 --> 00:47:21,349

definitely

1030

00:47:36,790 --> 00:47:34,549

yeah

1031

00:47:38,710 --> 00:47:36,800

no it's a total trippy account so we

1032

00:47:40,630 --> 00:47:38,720

started off talking about like it you

1033

00:47:43,109 --> 00:47:40,640

know maybe the same family or whatever

1034

00:47:44,230 --> 00:47:43,119

as ball lightning or earthquake lights

1035

00:47:46,950 --> 00:47:44,240

or whatever

1036

00:47:47,750 --> 00:47:46,960

um but goes to say that it's definitely

1037

00:47:49,510 --> 00:47:47,760

not

1038

00:47:51,510 --> 00:47:49,520

and the more you get into this guy the

1039

00:47:52,390 --> 00:47:51,520

more he talks about

1040

00:47:54,790 --> 00:47:52,400

um

1041

00:47:55,750 --> 00:47:54,800

the deeper deeper connections that this

1042

00:47:57,910 --> 00:47:55,760

stuff

1043

00:48:01,750 --> 00:47:57,920

could really uh

1044

00:48:02,549 --> 00:48:01,760

be from and what it could possibly be

1045

00:48:03,990 --> 00:48:02,559

so

1046

00:48:05,990 --> 00:48:04,000

it's really interesting you don't see

1047

00:48:07,589 --> 00:48:06,000

him talk too much about it because uh

1048

00:48:09,829 --> 00:48:07,599

and other people that study like the

1049

00:48:11,349 --> 00:48:09,839

earth lights stuff

1050

00:48:13,510 --> 00:48:11,359

um

1051
00:48:16,150 --> 00:48:13,520
for different reasons but you know i

1052
00:48:21,190 --> 00:48:18,549
you know it might be worth looking into

1053
00:48:22,950 --> 00:48:21,200
just a little bit um

1054
00:48:25,349 --> 00:48:22,960
for sure

1055
00:48:26,870 --> 00:48:25,359
that's where like the project magnetic

1056
00:48:30,230 --> 00:48:26,880
stuff led me to

1057
00:48:37,750 --> 00:48:30,240
and it kind of covers what i've seen so

1058
00:48:42,630 --> 00:48:40,309
so and like if you know going back to

1059
00:48:44,710 --> 00:48:42,640
the show yesterday and john keel

1060
00:48:47,270 --> 00:48:44,720
and now he was talking about the lights

1061
00:48:49,670 --> 00:48:47,280
over the ohio river

1062
00:48:51,910 --> 00:48:49,680
and how he had a flashlight and he was

1063
00:48:53,190 --> 00:48:51,920

checking off morse code to them and they

1064

00:48:55,990 --> 00:48:53,200

would do

1065

00:48:59,430 --> 00:48:56,000

what he messaged them and then he came

1066

00:49:02,950 --> 00:49:00,870

language

1067

00:49:04,230 --> 00:49:02,960

and they were able to still communicate

1068

00:49:06,390 --> 00:49:04,240

with them and that really freaked them

1069

00:49:08,150 --> 00:49:06,400

out so

1070

00:49:10,790 --> 00:49:08,160

and then you take that to like the tic

1071

00:49:11,829 --> 00:49:10,800

tac story

1072

00:49:13,750 --> 00:49:11,839

right

1073

00:49:18,230 --> 00:49:13,760

of this thing going to a cat point

1074

00:49:20,790 --> 00:49:18,240

before favorite it like how did it know

1075

00:49:23,030 --> 00:49:21,990

so

1076

00:49:26,309 --> 00:49:23,040

um

1077

00:49:26,319 --> 00:49:31,430

very interesting stuff

1078

00:49:31,440 --> 00:49:34,630

so now

1079

00:49:34,640 --> 00:49:40,150

we're going to

1080

00:49:40,160 --> 00:49:46,470

do our bit called what the heck is that

1081

00:49:51,829 --> 00:49:49,190

the heck is that

1082

00:49:55,190 --> 00:49:51,839

what the heck it is that

1083

00:49:58,950 --> 00:49:57,910

actually put some time into it this time

1084

00:50:00,069 --> 00:49:58,960

so

1085

00:50:03,109 --> 00:50:00,079

could be

1086

00:50:03,119 --> 00:50:09,349

as far as the videos

1087

00:50:09,359 --> 00:50:14,549

what the heck is that the heck is that

1088

00:50:14,559 --> 00:55:25,750

what the heck is the heck is that

1089

00:55:25,760 --> 00:55:39,510

foreign

1090

00:55:43,910 --> 00:55:41,589

well it's 2022 so hopefully that comes

1091

00:56:49,589 --> 00:55:43,920

out soon

1092

00:56:49,599 --> 00:56:53,670

no agent aliens we're not doing that

1093

00:57:00,789 --> 00:56:56,390

so yeah um

1094

00:57:05,510 --> 00:57:02,630

just uh i don't know

1095

00:57:06,950 --> 00:57:05,520

throw that out there that guy in the

1096

00:57:08,789 --> 00:57:06,960

documentary there

1097

00:57:10,710 --> 00:57:08,799

actually i believe it was him that

1098

00:57:11,990 --> 00:57:10,720

didn't interview with disclosure team

1099

00:57:13,990 --> 00:57:12,000

vinnie vinnie

1100

00:57:17,430 --> 00:57:14,000

so i'm gonna try to interview that guy

1101

00:57:20,309 --> 00:57:17,440

too because that would be pretty cool so

1102

00:57:24,390 --> 00:57:20,319

um that would be cool

1103

00:57:29,589 --> 00:57:27,190

oh you had no sound uh was that maybe

1104

00:57:31,270 --> 00:57:29,599

just for the videos that was playing

1105

00:57:33,109 --> 00:57:31,280

perhaps

1106

00:57:34,549 --> 00:57:33,119

i don't know

1107

00:57:36,069 --> 00:57:34,559

i'm not sure

1108

00:57:38,789 --> 00:57:36,079

anyways

1109

00:57:40,870 --> 00:57:38,799

that is all i got for you today thanks

1110

00:57:42,630 --> 00:57:40,880

so much for hanging out y'all

1111

00:57:44,069 --> 00:57:42,640

um tomorrow we're gonna have a guest

1112

00:57:45,589 --> 00:57:44,079

thursday we're gonna have a guest so if

1113

00:57:47,829 --> 00:57:45,599

you're getting sick of me being by

1114

00:57:51,990 --> 00:57:47,839

myself

1115

00:57:57,510 --> 00:57:54,789

um then after that i'll probably take a

1116

00:57:59,910 --> 00:57:57,520

little bit of a break maybe like a week

1117

00:58:00,310 --> 00:57:59,920

break or something like that so

1118

00:58:01,829 --> 00:58:00,320

um

1119

00:58:03,910 --> 00:58:01,839

[Music]

1120

00:58:05,349 --> 00:58:03,920

and kind of get my thoughts together and

1121

00:58:09,829 --> 00:58:05,359

stuff and

1122

00:58:12,549 --> 00:58:09,839

and what i'm thinking so

1123

00:58:14,630 --> 00:58:12,559

i appreciate you

1124

00:58:18,810 --> 00:58:14,640

and i will see you
