

Edmonstar 007

Ross and Ralph come to the UK 🇬🇧, please. We love Aussies.

1
00:00:05,990 --> 00:00:03,590
and where lou elisondo and um uh you

2
00:00:07,829 --> 00:00:06,000
know and others were uh discussing you

3
00:00:09,910 --> 00:00:07,839
know what was going on and and we

4
00:00:11,749 --> 00:00:09,920
actually and leslie got lou's letter

5
00:00:13,430 --> 00:00:11,759
resignation even before

6
00:00:15,990 --> 00:00:13,440
jim mattis the defense secretary had

7
00:00:18,150 --> 00:00:16,000
seen it so we had very good information

8
00:00:20,630 --> 00:00:18,160
and when you come to the times with you

9
00:00:22,470 --> 00:00:20,640
know solid documentation and no off the

10
00:00:24,150 --> 00:00:22,480
record sources everybody was on the

11
00:00:26,150 --> 00:00:24,160
record we had the

12
00:00:28,710 --> 00:00:26,160
records of lou's service his

13
00:00:30,390 --> 00:00:28,720

commendation so he was rock solid

14

00:00:32,389 --> 00:00:30,400

despite what some have you know try to

15

00:00:35,190 --> 00:00:32,399

say later that he wasn't who he said he

16

00:00:37,990 --> 00:00:35,200

was it's nonsense uh we vetted him you

17

00:00:40,229 --> 00:00:38,000

know 100 percent so when we had all that

18

00:00:42,470 --> 00:00:40,239

we came to the times it really wasn't um

19

00:00:44,150 --> 00:00:42,480

it wasn't difficult other stories down

20

00:00:45,670 --> 00:00:44,160

the line

21

00:00:47,029 --> 00:00:45,680

you know like

22

00:00:50,310 --> 00:00:47,039

crashes and

23

00:00:52,549 --> 00:00:50,320

material retrievals uh we did get a part

24

00:00:55,110 --> 00:00:52,559

of that story in the times that was more

25

00:00:56,709 --> 00:00:55,120

difficult but um you know when you have

26

00:00:59,189 --> 00:00:56,719

the goods

27

00:01:01,110 --> 00:00:59,199

editors are editors and when you come to

28

00:01:03,830 --> 00:01:01,120

them with with solid stuff

29

00:01:05,590 --> 00:01:03,840

they want to run it too so um uh it

30

00:01:11,030 --> 00:01:05,600

wasn't as hard as you know some may

31

00:01:14,950 --> 00:01:12,550

well you're probably selling yourself

32

00:01:16,950 --> 00:01:14,960

short sir

33

00:01:18,469 --> 00:01:16,960

okay can i ask you this ralph i i mean

34

00:01:19,830 --> 00:01:18,479

forgive me for jumping in because i'm

35

00:01:22,550 --> 00:01:19,840

such a thrill to be able to speak with

36

00:01:23,990 --> 00:01:22,560

you like this and

37

00:01:27,510 --> 00:01:24,000

i i don't want to put you on the spot

38

00:01:29,190 --> 00:01:27,520

about this but do you think

39

00:01:31,109 --> 00:01:29,200

knowing how you know

40

00:01:33,270 --> 00:01:31,119

you know how washington works and how

41

00:01:36,069 --> 00:01:33,280

the media works in the u.s

42

00:01:37,830 --> 00:01:36,079

any any classified report that went to

43

00:01:40,230 --> 00:01:37,840

the australian parliament

44

00:01:41,510 --> 00:01:40,240

on an issue like uaps would leak pretty

45

00:01:43,510 --> 00:01:41,520

quickly

46

00:01:45,109 --> 00:01:43,520

so i'm looking at this gillibrand

47

00:01:47,109 --> 00:01:45,119

legislation and i'm looking at the

48

00:01:50,310 --> 00:01:47,119

implications of

49

00:01:53,109 --> 00:01:50,320

clauses like congress requesting updates

50

00:01:54,469 --> 00:01:53,119

on quote the ability to capture or

51
00:01:57,350 --> 00:01:54,479
exploit

52
00:01:58,870 --> 00:01:57,360
unidentified aerial phenomena health

53
00:02:00,950 --> 00:01:58,880
effects for individuals that have

54
00:02:02,310 --> 00:02:00,960
encountered unidentified aerial

55
00:02:05,030 --> 00:02:02,320
phenomena

56
00:02:06,830 --> 00:02:05,040
you know we know that there will be now

57
00:02:10,630 --> 00:02:06,840
as a result of the passing of this

58
00:02:14,550 --> 00:02:10,640
legislation no later than october 31st

59
00:02:17,270 --> 00:02:14,560
2022 a report that provides the congress

60
00:02:19,670 --> 00:02:17,280
probably in classified form a very very

61
00:02:21,270 --> 00:02:19,680
detailed appraisal of all of the answers

62
00:02:23,510 --> 00:02:21,280
to all of those questions essentially

63
00:02:25,830 --> 00:02:23,520

the holy grail if you like of what's

64

00:02:28,630 --> 00:02:25,840

known about the phenomenon inside the

65

00:02:31,030 --> 00:02:28,640

u.s intelligence community and and

66

00:02:32,630 --> 00:02:31,040

i'm gobsmacked that the congress will be

67

00:02:35,110 --> 00:02:32,640

receiving such a report because in my

68

00:02:36,949 --> 00:02:35,120

country a report like that would leak

69

00:02:38,710 --> 00:02:36,959

pretty very quickly

70

00:02:40,470 --> 00:02:38,720

what do you think

71

00:02:42,790 --> 00:02:40,480

well i think you know we have not had

72

00:02:45,350 --> 00:02:42,800

much luck uh frankly getting information

73

00:02:48,150 --> 00:02:45,360

out of congress they've been really good

74

00:02:50,390 --> 00:02:48,160

now i know washington reporters uh and

75

00:02:53,589 --> 00:02:50,400

i'm not you know at the times full-time

76

00:02:54,630 --> 00:02:53,599

anymore i retired from the staff in 20

77

00:02:56,869 --> 00:02:54,640

um

78

00:02:59,750 --> 00:02:56,879

in 200 2009

79

00:03:01,270 --> 00:02:59,760

uh so it's pretty hard for me to develop

80

00:03:03,270 --> 00:03:01,280

the kind of sources that the people in

81

00:03:05,830 --> 00:03:03,280

the washington bureau still have

82

00:03:08,550 --> 00:03:05,840

they have very good sources but um

83

00:03:09,910 --> 00:03:08,560

neither i nor helene cooper my colleague

84

00:03:11,270 --> 00:03:09,920

who's still at the times in the

85

00:03:13,589 --> 00:03:11,280

washington bureau

86

00:03:15,110 --> 00:03:13,599

really were able to get um

87

00:03:16,630 --> 00:03:15,120

an awful lot of secret stuff out of

88

00:03:17,430 --> 00:03:16,640

congress they're very tight-lipped on

89

00:03:18,710 --> 00:03:17,440

this

90

00:03:20,390 --> 00:03:18,720

so um

91

00:03:22,149 --> 00:03:20,400

you know i'm not sure frankly we've had

92

00:03:23,830 --> 00:03:22,159

better luck and i in my career have had

93

00:03:25,910 --> 00:03:23,840

better luck in getting material from

94

00:03:29,350 --> 00:03:25,920

third parties um

95

00:03:31,110 --> 00:03:29,360

uh like you know the european union

96

00:03:32,630 --> 00:03:31,120

when i was a correspondent in germany i

97

00:03:34,550 --> 00:03:32,640

was always able to get stuff from the

98

00:03:35,670 --> 00:03:34,560

germans that i couldn't get from the

99

00:03:37,110 --> 00:03:35,680

americans

100

00:03:39,509 --> 00:03:37,120

so um

101
00:03:40,869 --> 00:03:39,519
if if you know the pentagon shares

102
00:03:43,670 --> 00:03:40,879
information

103
00:03:46,149 --> 00:03:43,680
with allies like australia

104
00:03:47,589 --> 00:03:46,159
or the french or the british uh frankly

105
00:03:49,990 --> 00:03:47,599
i think there's a much better chance of

106
00:03:51,670 --> 00:03:50,000
getting it out of those quarters than it

107
00:03:53,030 --> 00:03:51,680
is out of the congress

108
00:03:55,030 --> 00:03:53,040
it's really funny you should say that

109
00:03:57,030 --> 00:03:55,040
because here in australia some of my

110
00:03:58,710 --> 00:03:57,040
best investigative breakthroughs i was

111
00:04:00,470 --> 00:03:58,720
involved in

112
00:04:02,229 --> 00:04:00,480
breaking internationally and it was it

113
00:04:04,390 --> 00:04:02,239

ended up being reported by the european

114

00:04:06,229 --> 00:04:04,400

parliament i worked collaboratively with

115

00:04:08,789 --> 00:04:06,239

a scottish british journalist called

116

00:04:12,070 --> 00:04:08,799

duncan campbell to investigate uh the

117

00:04:15,190 --> 00:04:12,080

echelon communications spy system for

118

00:04:18,629 --> 00:04:15,200

which is part of the yakuza uk usa five

119

00:04:19,830 --> 00:04:18,639

eyes alliance and um in the end i think

120

00:04:21,270 --> 00:04:19,840

because we were playing straight with

121

00:04:23,189 --> 00:04:21,280

our intelligence service here the

122

00:04:25,110 --> 00:04:23,199

defence signals directorate at the time

123

00:04:27,670 --> 00:04:25,120

are equivalent of the nsa

124

00:04:29,990 --> 00:04:27,680

they gave me an on the record statement

125

00:04:32,870 --> 00:04:30,000

that basically confirmed

126

00:04:36,070 --> 00:04:32,880

the existence of this spy system

127

00:04:38,469 --> 00:04:36,080

and i went came to the united states

128

00:04:40,150 --> 00:04:38,479

with that for knowledge and

129

00:04:43,030 --> 00:04:40,160

the nsa

130

00:04:44,390 --> 00:04:43,040

i just they were so keen to make it

131

00:04:45,990 --> 00:04:44,400

clear that they were doing the right

132

00:04:47,189 --> 00:04:46,000

thing that they weren't breaking rules

133

00:04:49,270 --> 00:04:47,199

that they were doing the you know the

134

00:04:50,950 --> 00:04:49,280

heating the laws the second rules if you

135

00:04:53,590 --> 00:04:50,960

like to make sure that the

136

00:04:55,590 --> 00:04:53,600

communications interceptions were legal

137

00:04:57,189 --> 00:04:55,600

that they actually gave me briefings and

138

00:04:58,790 --> 00:04:57,199

there was one source one source

139

00:05:00,230 --> 00:04:58,800

basically said to me he said look who

140

00:05:01,990 --> 00:05:00,240

would you like to meet

141

00:05:03,749 --> 00:05:02,000

i can't say i can't say who they were

142

00:05:06,629 --> 00:05:03,759

but i was sat down in a bar in

143

00:05:08,950 --> 00:05:06,639

georgetown at seven o'clock at night and

144

00:05:10,550 --> 00:05:08,960

i'm sitting across a desk with a guy who

145

00:05:13,270 --> 00:05:10,560

frankly i've been reading about for

146

00:05:17,029 --> 00:05:13,280

years and it's the openness and the

147

00:05:19,510 --> 00:05:17,039

candor of america in comparison with

148

00:05:20,790 --> 00:05:19,520

british influenced administrations like

149

00:05:24,230 --> 00:05:20,800

australia

150

00:05:25,909 --> 00:05:24,240

like canada new zealand and the uk uh

151

00:05:28,790 --> 00:05:25,919

where we're essentially secrets are

152

00:05:30,629 --> 00:05:28,800

essentially kept all the time yeah i i

153

00:05:32,390 --> 00:05:30,639

one thing i really admire about america

154

00:05:34,710 --> 00:05:32,400

is some of the biggest breakthroughs

155

00:05:36,870 --> 00:05:34,720

that i've had in my stories have come as

156

00:05:40,230 --> 00:05:36,880

a result of going to america and

157

00:05:42,310 --> 00:05:40,240

levering our ally america into revealing

158

00:05:44,469 --> 00:05:42,320

things that our defense and intelligence

159

00:05:45,990 --> 00:05:44,479

communities don't want to talk about

160

00:05:48,550 --> 00:05:46,000

and finally funnily enough that's been

161

00:05:50,790 --> 00:05:48,560

my experience with this story maybe we

162

00:05:53,350 --> 00:05:50,800

we have better luck with other countries

163

00:05:54,310 --> 00:05:53,360

in our own yeah

164

00:06:00,950 --> 00:05:54,320

maybe it may be that it's like

165

00:06:05,510 --> 00:06:02,629

i'm just going to kick everybody out and

166

00:06:09,350 --> 00:06:05,520

you two can just talk

167

00:06:10,950 --> 00:06:09,360

it's charming special and beautiful um

168

00:06:13,510 --> 00:06:10,960

but you know i know

169

00:06:15,270 --> 00:06:13,520

ross might be grounded for a while so i

170

00:06:17,029 --> 00:06:15,280

don't know yeah i've got about 10 more

171

00:06:18,950 --> 00:06:17,039

minutes before i need to go short so

172

00:06:20,950 --> 00:06:18,960

essentially i'll i'll leave in about 10

173

00:06:22,390 --> 00:06:20,960

but uh yeah i mean it's a real privilege

174

00:06:25,510 --> 00:06:22,400

it's a privilege to talk to you ralph

175

00:06:27,430 --> 00:06:25,520

and um i i i i feel one of the things

176

00:06:30,150 --> 00:06:27,440

that i've been copying recently is a lot

177

00:06:32,150 --> 00:06:30,160

of anger from people on social media who

178

00:06:34,469 --> 00:06:32,160

say you know why aren't you working

179

00:06:36,150 --> 00:06:34,479

harder to expose this you know why why

180

00:06:38,550 --> 00:06:36,160

aren't you basically breaking more

181

00:06:40,550 --> 00:06:38,560

stories and and i i feel an intense

182

00:06:42,710 --> 00:06:40,560

sense of frustration with that kind of

183

00:06:44,230 --> 00:06:42,720

expectation because we're only ever as

184

00:06:46,469 --> 00:06:44,240

good as our sources

185

00:06:50,710 --> 00:06:46,479

and most of my sources have become

186

00:06:53,589 --> 00:06:50,720

scared witless since i published my book

187

00:06:55,029 --> 00:06:53,599

because um one name i do mention in my

188

00:06:57,830 --> 00:06:55,039

book is nat

189

00:06:58,550 --> 00:06:57,840

kobetz who was who's now dead but he was

190

00:07:04,950 --> 00:06:58,560

the

191

00:07:08,230 --> 00:07:04,960

and and he very kindly put me on to a

192

00:07:10,710 --> 00:07:08,240

lot of people who he knew in science

193

00:07:12,150 --> 00:07:10,720

especially who he was aware of were

194

00:07:14,070 --> 00:07:12,160

involved in

195

00:07:15,510 --> 00:07:14,080

what was euphemistically referred to as

196

00:07:16,790 --> 00:07:15,520

the program

197

00:07:19,510 --> 00:07:16,800

and

198

00:07:21,589 --> 00:07:19,520

there has been in recent months

199

00:07:24,150 --> 00:07:21,599

especially since my book was published

200

00:07:26,469 --> 00:07:24,160

a really intensive effort to shut people

201
00:07:28,309 --> 00:07:26,479
up to shut people down and

202
00:07:30,790 --> 00:07:28,319
people who were engaging with me a year

203
00:07:33,670 --> 00:07:30,800
ago i know absolutely terrified every

204
00:07:35,589 --> 00:07:33,680
time i try and call them and uh it's um

205
00:07:37,189 --> 00:07:35,599
it's a real problem and i i that's why i

206
00:07:38,950 --> 00:07:37,199
have great hope that what's going to

207
00:07:40,390 --> 00:07:38,960
come now as a result of the gillibrand

208
00:07:42,550 --> 00:07:40,400
amendment is

209
00:07:44,390 --> 00:07:42,560
some kind of sanctioned release of

210
00:07:46,629 --> 00:07:44,400
information well you know we also have

211
00:07:47,670 --> 00:07:46,639
to think of how far we've come

212
00:07:51,749 --> 00:07:47,680
and

213
00:07:53,510 --> 00:07:51,759

the uap report of june of this year

214

00:07:54,710 --> 00:07:53,520

disappointed a lot of people but on the

215

00:07:56,869 --> 00:07:54,720

other hand there were some very

216

00:07:58,950 --> 00:07:56,879

important disclosures there for the

217

00:08:01,589 --> 00:07:58,960

first time the government was saying

218

00:08:03,830 --> 00:08:01,599

that these things are probably real uh

219

00:08:06,390 --> 00:08:03,840

which was an enormous breakthrough and

220

00:08:08,140 --> 00:08:06,400

that they threaten uh aviation that they

221

00:08:09,270 --> 00:08:08,150

pose a possible threat to

222

00:08:10,629 --> 00:08:09,280

[Music]

223

00:08:14,150 --> 00:08:10,639

aviation

224

00:08:15,990 --> 00:08:14,160

those are two big uh huge uh disclosures

225

00:08:18,230 --> 00:08:16,000

for the government uh you know given its

226

00:08:20,869 --> 00:08:18,240

history of you know denial all those

227

00:08:23,909 --> 00:08:20,879

years so i think things are opening up

228

00:08:26,629 --> 00:08:23,919

and you know the gillibrand amendment um

229

00:08:27,430 --> 00:08:26,639

uh you know the the uh

230

00:08:29,270 --> 00:08:27,440

uh

231

00:08:31,270 --> 00:08:29,280

the whole disclosure movement which i

232

00:08:33,589 --> 00:08:31,280

know is very frustrated uh you know

233

00:08:35,269 --> 00:08:33,599

wanting to accomplish more but i think

234

00:08:36,070 --> 00:08:35,279

we have to look back on how far we've

235

00:08:38,709 --> 00:08:36,080

come

236

00:08:40,870 --> 00:08:38,719

and um i think there's you know a lot of

237

00:08:43,430 --> 00:08:40,880

reasons for optimism there

238

00:08:45,590 --> 00:08:43,440

i i agree i really agree the thing i'm

239

00:08:48,470 --> 00:08:45,600

most excited about is that gillibrand's

240

00:08:50,790 --> 00:08:48,480

amendment went through with very little

241

00:08:53,030 --> 00:08:50,800

change i mean the only thing that that

242

00:08:55,110 --> 00:08:53,040

didn't go through was the attempt to

243

00:08:57,430 --> 00:08:55,120

have an independent scientific advisory

244

00:08:59,910 --> 00:08:57,440

body which you know even i

245

00:09:01,990 --> 00:08:59,920

as a journal was very skeptical would

246

00:09:04,070 --> 00:09:02,000

ever have gone through because you know

247

00:09:06,630 --> 00:09:04,080

i mean i love the blokes from and women

248

00:09:08,870 --> 00:09:06,640

from scu but um you know the scientific

249

00:09:10,389 --> 00:09:08,880

coalition for the investigation of uap

250

00:09:13,430 --> 00:09:10,399

and they would have obviously had a key

251
00:09:14,470 --> 00:09:13,440
role i think in any such advisory body

252
00:09:16,470 --> 00:09:14,480
but

253
00:09:18,710 --> 00:09:16,480
you know the bottom line is i i can

254
00:09:20,870 --> 00:09:18,720
understand i'm not excusing but i can

255
00:09:23,030 --> 00:09:20,880
understand why

256
00:09:26,790 --> 00:09:23,040
if and i say if

257
00:09:29,190 --> 00:09:26,800
if the us does have recovered non-human

258
00:09:31,190 --> 00:09:29,200
technology if they do

259
00:09:32,470 --> 00:09:31,200
and i suspect they do

260
00:09:33,910 --> 00:09:32,480
then

261
00:09:35,509 --> 00:09:33,920
i can understand why they probably want

262
00:09:36,949 --> 00:09:35,519
to keep it secret

263
00:09:39,269 --> 00:09:36,959

i would say

264

00:09:40,790 --> 00:09:39,279

um

265

00:09:42,870 --> 00:09:40,800

that would be of great interest to our

266

00:09:44,150 --> 00:09:42,880

adversaries maybe they have you know

267

00:09:47,190 --> 00:09:44,160

something similar

268

00:09:48,870 --> 00:09:47,200

they're not telling us about but um

269

00:09:51,829 --> 00:09:48,880

you know there's certainly some

270

00:09:54,150 --> 00:09:51,839

legitimate defense reasons

271

00:09:56,230 --> 00:09:54,160

to maintain secrecy i mean given the you

272

00:09:59,910 --> 00:09:56,240

know the arms race uh

273

00:10:01,350 --> 00:09:59,920

um and uh you know the the race for this

274

00:10:02,949 --> 00:10:01,360

technology

275

00:10:05,110 --> 00:10:02,959

it's not the kind of thing any nation

276

00:10:07,030 --> 00:10:05,120

would would volunteer or share with

277

00:10:08,470 --> 00:10:07,040

adversaries so uh

278

00:10:10,790 --> 00:10:08,480

you know that's understandable but well

279

00:10:13,190 --> 00:10:10,800

you know you just think of of uh

280

00:10:14,630 --> 00:10:13,200

how far we've come and um

281

00:10:16,310 --> 00:10:14,640

um

282

00:10:18,710 --> 00:10:16,320

uh you know

283

00:10:21,030 --> 00:10:18,720

it wasn't long ago that uh military

284

00:10:23,430 --> 00:10:21,040

personnel were were ordered not to

285

00:10:24,949 --> 00:10:23,440

discuss these sightings and now that

286

00:10:26,710 --> 00:10:24,959

it's officially you know the navy's

287

00:10:29,030 --> 00:10:26,720

encouraging the reports air force is a

288

00:10:32,389 --> 00:10:29,040

little slower but they're you know

289

00:10:33,750 --> 00:10:32,399

following suit so um there's there's a

290

00:10:34,710 --> 00:10:33,760

momentum there

291

00:10:36,630 --> 00:10:34,720

yeah

292

00:10:37,990 --> 00:10:36,640

i'll tell you ralph i i sent a copy of

293

00:10:39,750 --> 00:10:38,000

i'll just quickly tell ralph i said to

294

00:10:43,269 --> 00:10:39,760

go ahead of your your new york times

295

00:10:44,630 --> 00:10:43,279

story to uh three military sources

296

00:10:45,509 --> 00:10:44,640

who've approached me in the last few

297

00:10:48,230 --> 00:10:45,519

weeks

298

00:10:50,150 --> 00:10:48,240

uh as a result of another documentary

299

00:10:51,990 --> 00:10:50,160

follow-up that i did just recently where

300

00:10:55,030 --> 00:10:52,000

we had military witnesses talking about

301
00:10:57,030 --> 00:10:55,040
sightings on australian navy vessels

302
00:11:00,150 --> 00:10:57,040
and these people are toying with going

303
00:11:03,350 --> 00:11:00,160
public about what they know and

304
00:11:04,790 --> 00:11:03,360
as a way of encouraging them i said hey

305
00:11:06,870 --> 00:11:04,800
you realize of course the world's

306
00:11:07,910 --> 00:11:06,880
greatest newspaper has reported on this

307
00:11:09,190 --> 00:11:07,920
subject

308
00:11:10,870 --> 00:11:09,200
and and they didn't know they didn't

309
00:11:13,269 --> 00:11:10,880
they weren't aware of your of your

310
00:11:15,430 --> 00:11:13,279
article and uh i i've sent them

311
00:11:17,829 --> 00:11:15,440
everything basically i even went down to

312
00:11:19,750 --> 00:11:17,839
a local printing shop and got it printed

313
00:11:22,389 --> 00:11:19,760

out in broadsheet form

314

00:11:24,470 --> 00:11:22,399

and uh sent it to them by mail and uh

315

00:11:26,710 --> 00:11:24,480

i'm i'm just hoping it will propel them

316

00:11:28,790 --> 00:11:26,720

to actually go public

317

00:11:29,990 --> 00:11:28,800

they told me those videos did more than

318

00:11:31,430 --> 00:11:30,000

anything else i mean that they were

319

00:11:33,750 --> 00:11:31,440

about the most popular thing the new

320

00:11:35,269 --> 00:11:33,760

york times ever put up online

321

00:11:36,710 --> 00:11:35,279

and um

322

00:11:38,310 --> 00:11:36,720

because it wasn't just people talking

323

00:11:39,910 --> 00:11:38,320

about things people you know viewers

324

00:11:42,630 --> 00:11:39,920

could see with their own eyes what

325

00:11:43,750 --> 00:11:42,640

everyone was so excited about um so that

326

00:11:46,389 --> 00:11:43,760

that i think that was a huge

327

00:11:47,990 --> 00:11:46,399

breakthrough and uh again you know these

328

00:11:49,590 --> 00:11:48,000

it's just the tip of the iceberg we know

329

00:11:51,509 --> 00:11:49,600

that there are more videos we only

330

00:11:54,310 --> 00:11:51,519

showed you know a few

331

00:11:55,750 --> 00:11:54,320

bare minutes of uh you know

332

00:11:57,829 --> 00:11:55,760

what what's out there what the

333

00:11:58,940 --> 00:11:57,839

government has

334

00:12:00,230 --> 00:11:58,950

so um

335

00:12:01,990 --> 00:12:00,240

[Music]

336

00:12:04,310 --> 00:12:02,000

but those videos were
