

1  
00:00:00,080 --> 00:00:10,740  
um

2  
00:00:33,490 --> 00:00:25,620  
[Music]

3  
00:00:51,189 --> 00:00:33,500  
um

4  
00:00:53,990 --> 00:00:51,199  
[Music]

5  
00:00:56,830 --> 00:00:54,000  
what's up everybody happy tuesday we're

6  
00:00:59,590 --> 00:00:56,840  
going document heavy today with the

7  
00:01:01,830 --> 00:00:59,600  
cia in ufos

8  
00:01:03,590 --> 00:01:01,840  
so

9  
00:01:05,429 --> 00:01:03,600  
i hope you brought the attention span

10  
00:01:09,350 --> 00:01:05,439  
because

11  
00:01:09,350 --> 00:01:10,469  
it's going to be used up freaking dry as

12  
00:01:15,670 --> 00:01:12,789  
today so

13  
00:01:17,190 --> 00:01:15,680

that's just uh how it goes because

14

00:01:19,429 --> 00:01:17,200

i'm not a writer

15

00:01:21,749 --> 00:01:19,439

you know

16

00:01:23,190 --> 00:01:21,759

and

17

00:01:25,350 --> 00:01:23,200

this is the only way i can really get

18

00:01:27,830 --> 00:01:25,360

the research out

19

00:01:30,149 --> 00:01:27,840

so is going going through the uh

20

00:01:32,069 --> 00:01:30,159

paperwork so to speak here with you so

21

00:01:33,109 --> 00:01:32,079

that's what we're gonna do

22

00:01:35,190 --> 00:01:33,119

today

23

00:01:37,670 --> 00:01:35,200

and so first of all what's up to

24

00:01:39,990 --> 00:01:37,680

everybody um

25

00:01:42,550 --> 00:01:40,000

glad you are here lara

26

00:01:45,510 --> 00:01:42,560

shelly robert k42d

27

00:01:46,789 --> 00:01:45,520

uh anybody else that's here thank you

28

00:01:48,550 --> 00:01:46,799

i appreciate it

29

00:01:51,749 --> 00:01:48,560

um

30

00:01:58,870 --> 00:01:55,350

it's uh unfortunate but my live audience

31

00:02:01,109 --> 00:01:58,880

is kind of dwindling these days possibly

32

00:02:03,190 --> 00:02:01,119

uh because of you know what's going on

33

00:02:04,630 --> 00:02:03,200

in the world

34

00:02:06,149 --> 00:02:04,640

so

35

00:02:07,510 --> 00:02:06,159

with that being said

36

00:02:10,710 --> 00:02:07,520

um

37

00:02:12,229 --> 00:02:10,720

you know i may kind of not do too many

38

00:02:14,630 --> 00:02:12,239

more of these

39

00:02:16,790 --> 00:02:14,640

unless they're

40

00:02:29,750 --> 00:02:16,800

you know something really really

41

00:02:32,229 --> 00:02:30,550

uh

42

00:02:33,750 --> 00:02:32,239

i'll still try to schedule guests and

43

00:02:37,270 --> 00:02:33,760

stuff but like these solo shows and

44

00:02:39,750 --> 00:02:37,280

stuff it takes a lot of work so um

45

00:02:42,070 --> 00:02:39,760

you know my plan here is to just this

46

00:02:44,150 --> 00:02:42,080

may go a little long i just want to get

47

00:02:46,070 --> 00:02:44,160

out all the documents i have with the

48

00:02:47,190 --> 00:02:46,080

cia and stuff

49

00:02:55,270 --> 00:02:47,200

so

50

00:02:59,509 --> 00:02:58,710

because we just don't know

51  
00:03:01,990 --> 00:02:59,519  
um

52  
00:03:03,110 --> 00:03:02,000  
what is

53  
00:03:06,550 --> 00:03:03,120  
in store

54  
00:03:09,270 --> 00:03:06,560  
so but the first thing um

55  
00:03:12,390 --> 00:03:09,280  
that i did want to do

56  
00:03:14,390 --> 00:03:12,400  
is start off with a little bit of ufo

57  
00:03:15,509 --> 00:03:14,400  
news which is pretty interesting stuff

58  
00:03:18,550 --> 00:03:15,519  
by the way

59  
00:03:20,149 --> 00:03:18,560  
i must say and you can find this on vice

60  
00:03:23,509 --> 00:03:20,159  
i put the link in

61  
00:03:26,390 --> 00:03:23,519  
the description so you can check it out

62  
00:03:29,670 --> 00:03:26,400  
also i started a patreon so if you feel

63  
00:03:34,390 --> 00:03:33,110

you definitely can um

64

00:03:37,110 --> 00:03:34,400

so

65

00:03:38,390 --> 00:03:37,120

i put a link in there anything helps

66

00:03:40,149 --> 00:03:38,400

don't worry about it if you can't you

67

00:03:41,270 --> 00:03:40,159

can't if you can great

68

00:03:44,070 --> 00:03:41,280

otherwise

69

00:03:46,390 --> 00:03:44,080

let's get to it so the link for this is

70

00:03:48,470 --> 00:03:46,400

in the description you can check it out

71

00:03:51,509 --> 00:03:48,480

um

72

00:03:56,229 --> 00:03:51,519

20 years of ufo sightings we got

73

00:04:00,390 --> 00:03:58,630

so this is where check it out

74

00:04:02,309 --> 00:04:00,400

canadian government has released 20

75

00:04:04,949 --> 00:04:02,319

years of ufo reports

76  
00:04:06,789 --> 00:04:04,959  
the 500 plus reports spanning nearly 300

77  
00:04:08,470 --> 00:04:06,799  
pages so first of all what i'm going to

78  
00:04:11,429 --> 00:04:08,480  
say is

79  
00:04:13,509 --> 00:04:11,439  
i can guarantee you that's not even

80  
00:04:14,390 --> 00:04:13,519  
probably a fraction of the reports

81  
00:04:17,110 --> 00:04:14,400  
they've had

82  
00:04:18,949 --> 00:04:17,120  
over the course of 20 years

83  
00:04:20,390 --> 00:04:18,959  
um

84  
00:04:22,950 --> 00:04:20,400  
because you know for instance we watch

85  
00:04:24,629 --> 00:04:22,960  
the show right i mean they get

86  
00:04:27,590 --> 00:04:24,639  
upwards

87  
00:04:30,230 --> 00:04:27,600  
of that in one year alone so um

88  
00:04:31,670 --> 00:04:30,240

but whatever it is they released uh this

89

00:04:33,510 --> 00:04:31,680

amount

90

00:04:35,990 --> 00:04:33,520

um to the public so you go check it out

91

00:04:38,710 --> 00:04:36,000

i haven't checked out the reports yet

92

00:04:40,790 --> 00:04:38,720

um but i probably will get to that at

93

00:04:43,510 --> 00:04:40,800

some point

94

00:04:45,830 --> 00:04:43,520

um they have some quotes in here

95

00:04:47,830 --> 00:04:45,840

from someone named williams an aviation

96

00:04:49,909 --> 00:04:47,840

consultant who has worked as a federal

97

00:04:51,430 --> 00:04:49,919

flight safety officer he says i would be

98

00:04:56,230 --> 00:04:51,440

inclined categorically to believe

99

00:05:01,430 --> 00:04:58,070

there's no upside

100

00:05:03,430 --> 00:05:01,440

to making a fake report

101  
00:05:07,510 --> 00:05:03,440  
you got that right

102  
00:05:10,469 --> 00:05:07,520  
some of these are more recent which is

103  
00:05:13,029 --> 00:05:10,479  
pretty cool december 23rd 2018. you got

104  
00:05:14,870 --> 00:05:13,039  
something fishermen in the bay of uh

105  
00:05:17,189 --> 00:05:14,880  
fundy fundy

106  
00:05:20,230 --> 00:05:17,199  
sounds like a fun place

107  
00:05:22,310 --> 00:05:20,240  
uh we got a little bit of no red in here

108  
00:05:26,230 --> 00:05:22,320  
nothing new to this channel right we

109  
00:05:28,469 --> 00:05:26,240  
know that stuff so looks like there is

110  
00:05:31,670 --> 00:05:28,479  
some pretty interesting things in here

111  
00:05:33,029 --> 00:05:31,680  
got something on nova scotia famous 1967

112  
00:05:34,790 --> 00:05:33,039  
mass sighting

113  
00:05:37,510 --> 00:05:34,800

uh which i could probably pull up in the

114

00:05:39,670 --> 00:05:37,520

blue book files

115

00:05:41,189 --> 00:05:39,680

i'm sure

116

00:05:43,270 --> 00:05:41,199

um because i think i remember that one

117

00:05:45,350 --> 00:05:43,280

being in there but i could be wrong got

118

00:05:48,310 --> 00:05:45,360

something 2018 a cargo flight from new

119

00:05:51,350 --> 00:05:48,320

york to alaska reported an object flying

120

00:05:52,950 --> 00:05:51,360

sporadically moving at mach 4.

121

00:05:54,629 --> 00:05:52,960

so they got some interesting things in

122

00:05:56,710 --> 00:05:54,639

here most definitely

123

00:05:58,230 --> 00:05:56,720

and you know more information that comes

124

00:06:00,790 --> 00:05:58,240

out the better

125

00:06:02,950 --> 00:06:00,800

um the more um of a case for

126

00:06:05,830 --> 00:06:02,960

transparency there is

127

00:06:07,909 --> 00:06:05,840

when these government reports come out

128

00:06:12,629 --> 00:06:07,919

uh interesting that they mention the

129

00:06:16,790 --> 00:06:14,550

they say the reports are infrequently

130

00:06:18,390 --> 00:06:16,800

reported to transport canada as reports

131

00:06:21,830 --> 00:06:18,400

received a result of the natural

132

00:06:23,909 --> 00:06:21,840

phenomena such as fireballs

133

00:06:25,350 --> 00:06:23,919

well actually it's just unidentified

134

00:06:27,909 --> 00:06:25,360

objects

135

00:06:30,870 --> 00:06:27,919

can be reported in those as well so as

136

00:06:33,670 --> 00:06:30,880

long as it's unidentified

137

00:06:37,350 --> 00:06:35,590

but you know like i said transport

138

00:06:38,870 --> 00:06:37,360

canada is so funny because we just went

139

00:06:40,309 --> 00:06:38,880

over that uh

140

00:06:41,110 --> 00:06:40,319

project magnet

141

00:06:42,870 --> 00:06:41,120

where

142

00:06:44,469 --> 00:06:42,880

um

143

00:06:45,510 --> 00:06:44,479

you know that was the same department

144

00:06:47,270 --> 00:06:45,520

pretty much it might have been called

145

00:06:50,309 --> 00:06:47,280

something different at that time in 1950

146

00:06:54,790 --> 00:06:50,319

but it was i know a transport

147

00:06:57,990 --> 00:06:55,589

so

148

00:06:59,270 --> 00:06:58,000

um yeah pretty interesting

149

00:07:03,350 --> 00:06:59,280

looks like you can check them out right

150

00:07:05,909 --> 00:07:03,360

here and there's so many uh

151  
00:07:07,270 --> 00:07:05,919  
like reports from canada online if you

152  
00:07:09,189 --> 00:07:07,280  
if you ever want to look at those you

153  
00:07:10,710 --> 00:07:09,199  
can just get in touch with me and i'll

154  
00:07:12,629 --> 00:07:10,720  
send you a link on where to find all

155  
00:07:14,309 --> 00:07:12,639  
those

156  
00:07:17,029 --> 00:07:14,319  
there's a bunch of them

157  
00:07:19,110 --> 00:07:17,039  
so almost like too many to go through

158  
00:07:20,790 --> 00:07:19,120  
australia as well there's so many

159  
00:07:23,749 --> 00:07:20,800  
reports online

160  
00:07:25,670 --> 00:07:23,759  
uh that you can find

161  
00:07:27,589 --> 00:07:25,680  
that i know where they are and i can

162  
00:07:29,749 --> 00:07:27,599  
show you i think a lot of canada reports

163  
00:07:31,749 --> 00:07:29,759

are even on the archives website

164

00:07:33,430 --> 00:07:31,759

so

165

00:07:35,909 --> 00:07:33,440

you can find those there too australia

166

00:07:37,830 --> 00:07:35,919

as well but there's another

167

00:07:40,150 --> 00:07:37,840

pretty cool website where the stuff is

168

00:07:40,160 --> 00:07:42,550

so

169

00:07:48,790 --> 00:07:45,589

that's it for canada

170

00:07:51,589 --> 00:07:48,800

sweet toby am

171

00:07:53,670 --> 00:07:51,599

is a patreon supporter feels good

172

00:07:56,230 --> 00:07:53,680

yeah give me the money instead of google

173

00:07:58,469 --> 00:07:56,240

that's true if you do support me here

174

00:08:00,629 --> 00:07:58,479

cancel that

175

00:08:02,790 --> 00:08:00,639

support me on patreon

176

00:08:04,150 --> 00:08:02,800

um because i think yeah i think that's

177

00:08:09,430 --> 00:08:04,160

probably

178

00:08:11,589 --> 00:08:09,440

works best for you to be quite honest so

179

00:08:13,670 --> 00:08:11,599

whatever works best because if you are a

180

00:08:15,990 --> 00:08:13,680

member here you do get all those extra

181

00:08:17,670 --> 00:08:16,000

videos although

182

00:08:19,189 --> 00:08:17,680

you know

183

00:08:20,230 --> 00:08:19,199

they're really only

184

00:08:22,150 --> 00:08:20,240

yeah

185

00:08:23,909 --> 00:08:22,160

they're older

186

00:08:26,070 --> 00:08:23,919

a lot of good research videos are in

187

00:08:27,270 --> 00:08:26,080

there if you remember here but um you

188

00:08:28,469 --> 00:08:27,280

know if you're not into that kind of

189

00:08:31,510 --> 00:08:28,479

stuff

190

00:08:33,110 --> 00:08:31,520

probably wouldn't be too worth it

191

00:08:34,870 --> 00:08:33,120

but that's up to you

192

00:08:36,389 --> 00:08:34,880

anything is cool

193

00:08:37,909 --> 00:08:36,399

so

194

00:08:43,670 --> 00:08:37,919

yeah

195

00:08:45,030 --> 00:08:43,680

that's a lot especially when you're

196

00:08:47,110 --> 00:08:45,040

dealing with

197

00:08:49,990 --> 00:08:47,120

you know the amount

198

00:08:56,389 --> 00:08:54,389

what's 30 percent of like five bucks

199

00:08:58,550 --> 00:08:56,399

freaking you too man

200

00:09:00,550 --> 00:08:58,560

but they they set that up they set all

201  
00:09:02,150 --> 00:09:00,560  
that stuff up for like the big players

202  
00:09:03,829 --> 00:09:02,160  
and stuff like spotify too like they're

203  
00:09:05,590 --> 00:09:03,839  
still making money

204  
00:09:07,670 --> 00:09:05,600  
um

205  
00:09:10,310 --> 00:09:07,680  
bigger artists or like a joe rogan or

206  
00:09:11,829 --> 00:09:10,320  
something like that you know

207  
00:09:13,670 --> 00:09:11,839  
but then they have the same like pay

208  
00:09:15,670 --> 00:09:13,680  
scale for someone like me or somebody

209  
00:09:17,910 --> 00:09:15,680  
else it's just

210  
00:09:19,670 --> 00:09:17,920  
but you know toby knows i appreciated

211  
00:09:22,470 --> 00:09:19,680  
the choir

212  
00:09:27,269 --> 00:09:22,480  
so

213  
00:09:29,990 --> 00:09:27,279

uh documents

214

00:09:33,190 --> 00:09:30,000

uh via cia and ufos that it can be kind

215

00:09:35,750 --> 00:09:33,200

of difficult to decide which ones to go

216

00:09:38,389 --> 00:09:35,760

through i mean you have

217

00:09:41,030 --> 00:09:38,399

some bigger longer documents that are

218

00:09:42,070 --> 00:09:41,040

like 20 30 pages long and then you have

219

00:09:44,949 --> 00:09:42,080

some

220

00:09:47,030 --> 00:09:44,959

that are a few pages long but maybe

221

00:09:49,110 --> 00:09:47,040

there's only a blurb

222

00:09:51,590 --> 00:09:49,120

or something on ufos

223

00:09:53,430 --> 00:09:51,600

but it all is is meaningful because if

224

00:09:54,790 --> 00:09:53,440

there's a blurb that means that they're

225

00:09:57,590 --> 00:09:54,800

thinking about it they're talking about

226

00:09:59,829 --> 00:09:57,600

it and it's you know on the docket of

227

00:10:01,990 --> 00:09:59,839

things to deal with and

228

00:10:04,710 --> 00:10:02,000

you know when we're talking about ufos

229

00:10:06,710 --> 00:10:04,720

and how it's been you know cast aside on

230

00:10:08,310 --> 00:10:06,720

something not important every little

231

00:10:09,670 --> 00:10:08,320

blurb like that makes a difference

232

00:10:11,190 --> 00:10:09,680

especially

233

00:10:13,670 --> 00:10:11,200

when there's a new name in there or

234

00:10:15,030 --> 00:10:13,680

somebody else is involved now and it

235

00:10:17,110 --> 00:10:15,040

gives you another little piece to

236

00:10:19,590 --> 00:10:17,120

research

237

00:10:21,670 --> 00:10:19,600

but first i'll give you kind of like the

238

00:10:24,310 --> 00:10:21,680

uh just a little bit of a synopsis with

239

00:10:26,790 --> 00:10:24,320

the cia and the uh and ufos

240

00:10:29,269 --> 00:10:26,800

uh and i'm gonna take it

241

00:10:31,590 --> 00:10:29,279

basically to

242

00:10:34,069 --> 00:10:31,600

you know you could go far back i guess

243

00:10:36,150 --> 00:10:34,079

but 1947 national security act around

244

00:10:37,750 --> 00:10:36,160

then there's this group oss it turned

245

00:10:41,030 --> 00:10:37,760

into cia

246

00:10:47,269 --> 00:10:41,040

um but all my paperwork on ufos and the

247

00:10:50,710 --> 00:10:48,870

and they might have been earlier and we

248

00:10:52,230 --> 00:10:50,720

might see one earlier or something but

249

00:10:55,030 --> 00:10:52,240

i'm just going to pretty much start

250

00:10:55,829 --> 00:10:55,040

there because at the end of 1952

251

00:10:57,509 --> 00:10:55,839

it's

252

00:11:00,069 --> 00:10:57,519

you know can't be any coincidence that

253

00:11:02,310 --> 00:11:00,079

they had the major washington dc

254

00:11:04,710 --> 00:11:02,320

sightings in the summer of 1952

255

00:11:06,949 --> 00:11:04,720

afterwards you can kind of see in august

256

00:11:09,430 --> 00:11:06,959

october september december most

257

00:11:13,030 --> 00:11:09,440

definitely uh the months following that

258

00:11:16,310 --> 00:11:13,040

the paperwork as far as ufos and the cia

259

00:11:18,150 --> 00:11:16,320

there's an uptick there's a large amount

260

00:11:19,829 --> 00:11:18,160

and it all has to do with

261

00:11:22,310 --> 00:11:19,839

um you know figuring out what the air

262

00:11:24,550 --> 00:11:22,320

force is doing with this stuff and

263

00:11:27,350 --> 00:11:24,560

um what they're gonna do as far as

264

00:11:29,509 --> 00:11:27,360

researching the flying saucer problem as

265

00:11:31,350 --> 00:11:29,519

they say and um

266

00:11:33,269 --> 00:11:31,360

you know investigating it scientifically

267

00:11:36,550 --> 00:11:33,279

and all that kind of stuff

268

00:11:37,829 --> 00:11:36,560

and it turns out that uh the cia

269

00:11:40,389 --> 00:11:37,839

uh sponsored something called the

270

00:11:43,110 --> 00:11:40,399

robertson panel that was conducted in

271

00:11:44,470 --> 00:11:43,120

january of 1953

272

00:11:47,190 --> 00:11:44,480

um

273

00:11:49,750 --> 00:11:47,200

and you know what came from that was a

274

00:11:52,230 --> 00:11:49,760

large debunking program a lot of things

275

00:11:54,870 --> 00:11:52,240

were set in stone a lot of the secrecy

276

00:11:57,509 --> 00:11:54,880

that we now know of a lot of the policy

277

00:11:58,629 --> 00:11:57,519

that we are all too familiar with

278

00:12:01,430 --> 00:11:58,639

started

279

00:12:03,590 --> 00:12:01,440

um then now definitely they were

280

00:12:04,629 --> 00:12:03,600

secretive before then but i mean as far

281

00:12:06,710 --> 00:12:04,639

as

282

00:12:09,110 --> 00:12:06,720

you know a lot of the policy and a lot

283

00:12:11,990 --> 00:12:09,120

of the governmental habits that we still

284

00:12:14,310 --> 00:12:12,000

know today uh were set in stone then by

285

00:12:17,750 --> 00:12:14,320

the cia and the robertson panel so

286

00:12:20,470 --> 00:12:17,760

that's important to keep in mind and now

287

00:12:23,190 --> 00:12:20,480

that that's also just a very uh vague

288

00:12:25,670 --> 00:12:23,200

overview of it all but

289

00:12:28,310 --> 00:12:25,680

you can kind of get enough

290

00:12:30,310 --> 00:12:28,320

um you can kind of get

291

00:12:32,069 --> 00:12:30,320

the gist of it so that when we go into

292

00:12:33,829 --> 00:12:32,079

these documents you kind of know what

293

00:12:35,670 --> 00:12:33,839

we're looking at a little bit

294

00:12:37,430 --> 00:12:35,680

uh the main player with the cia and the

295

00:12:40,069 --> 00:12:37,440

main person that you see kind of the

296

00:12:42,710 --> 00:12:40,079

most of in these documents is the person

297

00:12:43,829 --> 00:12:42,720

that i put on the cover um of this video

298

00:12:47,190 --> 00:12:43,839

marshall

299

00:12:48,790 --> 00:12:47,200

um chadwell he was their scientific guy

300

00:12:50,949 --> 00:12:48,800

and so

301  
00:12:53,030 --> 00:12:50,959  
you know they're a research and

302  
00:12:55,430 --> 00:12:53,040  
development person so

303  
00:12:57,509 --> 00:12:55,440  
he was dealing a lot with the flag

304  
00:12:59,430 --> 00:12:57,519  
sauces which is very interesting because

305  
00:13:01,190 --> 00:12:59,440  
obviously if he's dealing with it they

306  
00:13:03,990 --> 00:13:01,200  
thought something

307  
00:13:07,750 --> 00:13:04,000  
was of importance for there to be some

308  
00:13:11,110 --> 00:13:07,760  
research and development um going on

309  
00:13:12,389 --> 00:13:11,120  
so very interesting

310  
00:13:13,750 --> 00:13:12,399  
and just so you know robert's going to

311  
00:13:15,910 --> 00:13:13,760  
be in here

312  
00:13:18,230 --> 00:13:15,920  
correcting me and throwing a little

313  
00:13:20,150 --> 00:13:18,240

extra tidbits in there every now and

314

00:13:21,190 --> 00:13:20,160

again that i might not be aware of or i

315

00:13:21,910 --> 00:13:21,200

miss

316

00:13:23,509 --> 00:13:21,920

so

317

00:13:24,790 --> 00:13:23,519

quite honestly

318

00:13:27,990 --> 00:13:24,800

it would be

319

00:13:30,230 --> 00:13:28,000

uh very good for you to keep an eye on

320

00:13:33,990 --> 00:13:30,240

mr cowford and what he has to say

321

00:13:36,710 --> 00:13:35,829

so

322

00:13:38,790 --> 00:13:36,720

let's

323

00:13:41,269 --> 00:13:38,800

get it going

324

00:13:42,470 --> 00:13:41,279

so first thing i'm going to say as i was

325

00:13:44,790 --> 00:13:42,480

saying before

326

00:13:47,430 --> 00:13:44,800

some of these documents um just have

327

00:13:50,389 --> 00:13:47,440

little one-liners here there so keep in

328

00:13:51,910 --> 00:13:50,399

mind that if i'm flying through a page

329

00:13:54,949 --> 00:13:51,920

it's because i'm looking for that one

330

00:13:56,150 --> 00:13:54,959

little blurb um and that only happens so

331

00:13:58,710 --> 00:13:56,160

often but

332

00:14:02,550 --> 00:13:58,720

here we go so this one here is uh an

333

00:14:04,069 --> 00:14:02,560

official diary from dd slash i maybe

334

00:14:07,189 --> 00:14:04,079

robert can help me and

335

00:14:09,590 --> 00:14:07,199

tell me as i go what these acronyms mean

336

00:14:11,990 --> 00:14:09,600

um because you know there's a lot of

337

00:14:14,389 --> 00:14:12,000

them so ddi keep an eye on culprit he

338

00:14:17,829 --> 00:14:14,399

could probably tell you what that is

339

00:14:20,710 --> 00:14:17,839

um they're all going to be

340

00:14:23,189 --> 00:14:20,720

somewhat important

341

00:14:25,030 --> 00:14:23,199

sure it's not like uh the janitors you

342

00:14:31,189 --> 00:14:25,040

know they keep the janitor's official uh

343

00:14:35,829 --> 00:14:33,509

i have a funny one today deputy director

344

00:14:36,870 --> 00:14:35,839

of central intelligence agency is this

345

00:14:39,750 --> 00:14:36,880

one

346

00:14:43,189 --> 00:14:39,760

oh yep there we go see bam

347

00:14:44,629 --> 00:14:43,199

so this is a a diary official diary of

348

00:14:46,230 --> 00:14:44,639

the acting

349

00:14:48,949 --> 00:14:46,240

deputy director

350

00:14:51,189 --> 00:14:48,959

so we're going to go to

351  
00:14:53,189 --> 00:14:51,199  
bullet point 3 here flying saucers

352  
00:14:55,829 --> 00:14:53,199  
conferred with blank and blank on the

353  
00:14:58,150 --> 00:14:55,839  
initial phases of examination into

354  
00:15:01,750 --> 00:14:58,160  
unexplained evidence

355  
00:15:03,269 --> 00:15:01,760  
including today's report from iran

356  
00:15:05,430 --> 00:15:03,279  
which they had a whole plethora of

357  
00:15:07,430 --> 00:15:05,440  
sightings in 1952

358  
00:15:08,710 --> 00:15:07,440  
oddly enough that was a big year for not

359  
00:15:10,310 --> 00:15:08,720  
only us

360  
00:15:14,150 --> 00:15:10,320  
but around the world

361  
00:15:15,350 --> 00:15:14,160  
they are going to attic again attic is

362  
00:15:18,550 --> 00:15:15,360  
um

363  
00:15:21,590 --> 00:15:18,560

air technical intelligence center

364

00:15:25,829 --> 00:15:21,600

that was the arm of the air force

365

00:15:28,389 --> 00:15:25,839

that conducted blue book and grudge and

366

00:15:30,790 --> 00:15:28,399

i think sign even too um

367

00:15:34,069 --> 00:15:30,800

so you know those were all

368

00:15:36,150 --> 00:15:34,079

code or cover names for the projects but

369

00:15:37,509 --> 00:15:36,160

the people that were doing the work

370

00:15:40,710 --> 00:15:37,519

uh were

371

00:15:43,509 --> 00:15:40,720

a part of attic attic

372

00:15:44,870 --> 00:15:43,519

at right field with general sanford

373

00:15:46,230 --> 00:15:44,880

sanford's blessing and we'll have

374

00:15:48,230 --> 00:15:46,240

recommendation for the next stage

375

00:15:50,310 --> 00:15:48,240

including a panel for approximately

376

00:15:52,310 --> 00:15:50,320

eight scientists and engineers when they

377

00:15:53,749 --> 00:15:52,320

have completed a preliminary review of

378

00:15:55,509 --> 00:15:53,759

the estimates so

379

00:15:57,430 --> 00:15:55,519

what they're talking about here is the

380

00:16:02,470 --> 00:15:57,440

robertson panel and getting that

381

00:16:02,480 --> 00:16:05,910

and there's going to be

382

00:16:10,550 --> 00:16:08,550

some better ones at some point too so

383

00:16:13,430 --> 00:16:10,560

but uh here

384

00:16:15,670 --> 00:16:13,440

we got some more diary stuff

385

00:16:17,350 --> 00:16:15,680

uh but bullet point number two ray's

386

00:16:19,269 --> 00:16:17,360

question of intelligence effort on

387

00:16:21,430 --> 00:16:19,279

flying saucers as per

388

00:16:22,470 --> 00:16:21,440

the whatever memorandum

389

00:16:24,550 --> 00:16:22,480

he said

390

00:16:26,790 --> 00:16:24,560

raise it at the iac

391

00:16:31,030 --> 00:16:26,800

i see is

392

00:16:35,030 --> 00:16:32,949

i see

393

00:16:37,269 --> 00:16:35,040

crap

394

00:16:40,230 --> 00:16:37,279

intelligence uh something

395

00:16:41,470 --> 00:16:40,240

it's a group of smart intelligence

396

00:16:46,389 --> 00:16:41,480

people

397

00:16:48,470 --> 00:16:46,399

[Laughter]

398

00:16:49,590 --> 00:16:48,480

so yeah

399

00:16:51,350 --> 00:16:49,600

i see

400

00:16:53,110 --> 00:16:51,360

and it's like you have brain farts i

401  
00:16:55,430 --> 00:16:53,120  
could have answered that like probably

402  
00:16:56,870 --> 00:16:55,440  
two seconds ago but

403  
00:16:58,790 --> 00:16:56,880  
um

404  
00:17:00,870 --> 00:16:58,800  
and there's a couple more things on this

405  
00:17:03,030 --> 00:17:00,880  
right here

406  
00:17:05,189 --> 00:17:03,040  
uh we got number b very informally

407  
00:17:07,510 --> 00:17:05,199  
raised there it is intelligence advisory

408  
00:17:09,750 --> 00:17:07,520  
committee see robert's got it very

409  
00:17:11,909 --> 00:17:09,760  
informally raised

410  
00:17:13,829 --> 00:17:11,919  
um the question of flying saucers the

411  
00:17:15,829 --> 00:17:13,839  
recent indications of highly specific

412  
00:17:18,150 --> 00:17:15,839  
observations that could not be

413  
00:17:19,829 --> 00:17:18,160

satisfactory explained suggested that we

414

00:17:22,150 --> 00:17:19,839

were considering enlisting top

415

00:17:24,789 --> 00:17:22,160

scientific brains and getting with the

416

00:17:26,470 --> 00:17:24,799

national security council directive so

417

00:17:29,430 --> 00:17:26,480

as to enable

418

00:17:33,270 --> 00:17:29,440

dci to coordinate resources on a scope

419

00:17:35,830 --> 00:17:33,280

wider than the iac agencies

420

00:17:37,830 --> 00:17:35,840

uh though whoever was very lukewarm to

421

00:17:40,150 --> 00:17:37,840

the substance of the idea he was very

422

00:17:43,510 --> 00:17:40,160

agreeable to the procedure general

423

00:17:45,830 --> 00:17:43,520

porter had g2 and o and i expressed

424

00:17:49,270 --> 00:17:45,840

approval and the others it took a

425

00:17:51,029 --> 00:17:49,280

benevolently benevolently

426

00:17:53,909 --> 00:17:51,039

benevolently uh

427

00:17:56,310 --> 00:17:53,919

neutral position

428

00:17:58,310 --> 00:17:56,320

some of those words are just like uh my

429

00:18:00,390 --> 00:17:58,320

mouth doesn't speak

430

00:18:02,710 --> 00:18:00,400

correctly to say it

431

00:18:04,470 --> 00:18:02,720

benevolently

432

00:18:07,350 --> 00:18:04,480

neutral position it was agreed that

433

00:18:09,669 --> 00:18:07,360

blank would proceed to organize

434

00:18:11,909 --> 00:18:09,679

a scientific review group again robert

435

00:18:16,950 --> 00:18:11,919

sapeno and at the same time would

436

00:18:19,669 --> 00:18:16,960

circulate for a comment a proposed nscid

437

00:18:21,909 --> 00:18:19,679

covering development of means to assure

438

00:18:23,110 --> 00:18:21,919

prompt and positive identification of

439

00:18:26,830 --> 00:18:23,120

these

440

00:18:26,840 --> 00:18:31,750

phenomena now that doesn't sound

441

00:18:35,430 --> 00:18:33,750

like planes or birds right

442

00:18:37,190 --> 00:18:35,440

or they would say

443

00:18:40,789 --> 00:18:37,200

prompt and positive identification of

444

00:18:42,390 --> 00:18:40,799

these birds and planes

445

00:18:47,029 --> 00:18:42,400

so

446

00:18:51,029 --> 00:18:49,190

as concerned with this as other people

447

00:18:52,150 --> 00:18:51,039

were including

448

00:18:54,150 --> 00:18:52,160

uh

449

00:18:57,510 --> 00:18:54,160

air material command

450

00:18:59,190 --> 00:18:57,520

so we got more official diary we're

451

00:19:02,070 --> 00:18:59,200

going back in time a couple months is

452

00:19:04,150 --> 00:19:02,080

october 20th 1952. um this one's pretty

453

00:19:05,510 --> 00:19:04,160

interesting we got met with the dr

454

00:19:07,029 --> 00:19:05,520

whitman chairman

455

00:19:10,310 --> 00:19:07,039

research and development board general

456

00:19:11,830 --> 00:19:10,320

maxwell of his office general sanford um

457

00:19:13,830 --> 00:19:11,840

spelled

458

00:19:15,909 --> 00:19:13,840

incorrectly i think and messers and

459

00:19:17,669 --> 00:19:15,919

rieber of cia and the question of flying

460

00:19:21,150 --> 00:19:17,679

saucers

461

00:19:22,950 --> 00:19:21,160

uh sanford if uh just a quick um

462

00:19:24,870 --> 00:19:22,960

[Music]

463

00:19:27,350 --> 00:19:24,880

uh to let you know the scent for guys so

464

00:19:29,270 --> 00:19:27,360

you know that kind of popular video

465

00:19:31,430 --> 00:19:29,280

where it's an older video samford's

466

00:19:32,470 --> 00:19:31,440

talking to the microphone

467

00:19:34,710 --> 00:19:32,480

and

468

00:19:37,029 --> 00:19:34,720

basically what he's uh doing is giving a

469

00:19:39,909 --> 00:19:37,039

press conference after the dc sightings

470

00:19:41,830 --> 00:19:39,919

of 52. he's a big guy he's as big as you

471

00:19:43,590 --> 00:19:41,840

can get in the air for us so that's who

472

00:19:45,510 --> 00:19:43,600

that is at the time

473

00:19:46,870 --> 00:19:45,520

stanford dictated the following terms of

474

00:19:48,390 --> 00:19:46,880

reference which are going to be

475

00:19:50,870 --> 00:19:48,400

considered

476

00:19:52,950 --> 00:19:50,880

by rndb possibly for a test to be taken

477

00:19:55,270 --> 00:19:52,960

over by a project i'm guessing it would

478

00:19:57,350 --> 00:19:55,280

probably be um

479

00:19:59,430 --> 00:19:57,360

which is interesting because blue book

480

00:20:02,310 --> 00:19:59,440

wasn't official yet at that time and

481

00:20:04,390 --> 00:20:02,320

grudge was over

482

00:20:06,630 --> 00:20:04,400

so

483

00:20:08,870 --> 00:20:06,640

i'm not sure that's an interesting one

484

00:20:10,870 --> 00:20:08,880

probably conclude that there is a wide

485

00:20:12,710 --> 00:20:10,880

variety of natural maybe that is blue

486

00:20:14,870 --> 00:20:12,720

book at the time i'm not sure probably

487

00:20:16,630 --> 00:20:14,880

conclude that there is a wide variety of

488

00:20:19,029 --> 00:20:16,640

natural phenomena that may have

489

00:20:21,590 --> 00:20:19,039

significant effect upon our capability

490

00:20:23,110 --> 00:20:21,600

to detect enemy weapons

491

00:20:25,270 --> 00:20:23,120

this area phenomenon needs to be

492

00:20:26,950 --> 00:20:25,280

examined for its various sources so that

493

00:20:28,950 --> 00:20:26,960

they can be properly identified that

494

00:20:31,669 --> 00:20:28,960

their bad effect minimized give to

495

00:20:33,430 --> 00:20:31,679

whomever is best able to do this

496

00:20:34,950 --> 00:20:33,440

all present at the meeting concurred in

497

00:20:36,630 --> 00:20:34,960

this procedure and it was felt that

498

00:20:41,510 --> 00:20:36,640

there was no need for a national

499

00:20:46,149 --> 00:20:43,830

following the meeting reported above

500

00:20:47,990 --> 00:20:46,159

adjourned to the general general

501  
00:20:49,830 --> 00:20:48,000  
sanford's office at which time we

502  
00:20:52,070 --> 00:20:49,840  
discussed the following

503  
00:20:54,549 --> 00:20:52,080  
i brought him up to date with respect to

504  
00:20:56,710 --> 00:20:54,559  
the status of the summary evaluation

505  
00:21:00,630 --> 00:20:56,720  
paper and arranged to meet him on

506  
00:21:05,909 --> 00:21:03,029  
so

507  
00:21:07,270 --> 00:21:05,919  
little bit more

508  
00:21:10,310 --> 00:21:07,280  
uh here

509  
00:21:12,470 --> 00:21:10,320  
but i'm not sure that it's in relation

510  
00:21:14,470 --> 00:21:12,480  
to saucers or not because it doesn't say

511  
00:21:16,549 --> 00:21:14,480  
it although

512  
00:21:17,510 --> 00:21:16,559  
it quite possibly could be

513  
00:21:20,070 --> 00:21:17,520

you know

514

00:21:22,630 --> 00:21:20,080

but it's just hard to tell

515

00:21:27,909 --> 00:21:22,640

we got general cabell in there

516

00:21:32,870 --> 00:21:29,590

so

517

00:21:35,190 --> 00:21:32,880

but you you just don't know

518

00:21:37,510 --> 00:21:35,200

um robert i believe that probably would

519

00:21:40,149 --> 00:21:37,520

be rent ddi

520

00:21:42,950 --> 00:21:40,159

alan dooley's um he was in switzerland

521

00:21:44,310 --> 00:21:42,960

earlier for the cia

522

00:21:48,630 --> 00:21:44,320

and i think at this point he might have

523

00:21:52,630 --> 00:21:51,750

so this is

524

00:21:54,549 --> 00:21:52,640

um

525

00:21:56,470 --> 00:21:54,559

nothing spectacular it almost you could

526

00:21:59,029 --> 00:21:56,480

almost think that this would be like

527

00:22:00,950 --> 00:21:59,039

purposeful misinformation in the cia

528

00:22:02,789 --> 00:22:00,960

foyer reading room because some of these

529

00:22:06,230 --> 00:22:02,799

pictures that they have in here are just

530

00:22:07,750 --> 00:22:06,240

uh obviously not real

531

00:22:10,390 --> 00:22:07,760

so

532

00:22:12,789 --> 00:22:10,400

but i am just going to scroll through

533

00:22:14,870 --> 00:22:12,799

these

534

00:22:17,830 --> 00:22:14,880

this must have been like a recreation of

535

00:22:24,230 --> 00:22:21,430

uh the foo fighters i would imagine

536

00:22:28,789 --> 00:22:25,350

so

537

00:22:31,350 --> 00:22:28,799

it's interesting that this picture is

538

00:22:34,789 --> 00:22:31,360

seems boring but it it's kind of

539

00:22:40,149 --> 00:22:37,350

so not to waste time i'm going to keep

540

00:22:41,190 --> 00:22:40,159

going through here quick because this is

541

00:22:49,750 --> 00:22:41,200

just

542

00:22:58,230 --> 00:22:53,110

a lot of this stuff this is from

543

00:23:02,710 --> 00:23:00,390

and i don't know if you feel about that

544

00:23:04,230 --> 00:23:02,720

guy but he definitely made a bunch of

545

00:23:07,510 --> 00:23:04,240

stuff up

546

00:23:09,350 --> 00:23:07,520

um i think some of what he experienced

547

00:23:12,149 --> 00:23:09,360

and documented might have been true

548

00:23:14,230 --> 00:23:12,159

towards beginning

549

00:23:15,190 --> 00:23:14,240

maybe there was some pressure to you

550

00:23:16,310 --> 00:23:15,200

know

551  
00:23:18,149 --> 00:23:16,320  
keep up

552  
00:23:20,870 --> 00:23:18,159  
that he was having some encounters and

553  
00:23:23,990 --> 00:23:20,880  
maybe made some stuff up at some point

554  
00:23:26,230 --> 00:23:24,000  
can't say for sure but

555  
00:23:28,390 --> 00:23:26,240  
that's my hunch

556  
00:23:30,070 --> 00:23:28,400  
it's interesting right down here we have

557  
00:23:31,990 --> 00:23:30,080  
a radar track

558  
00:23:35,029 --> 00:23:32,000  
bottom right hand corner august 15th

559  
00:23:36,630 --> 00:23:35,039  
1952 in dc so about a month after the

560  
00:23:40,070 --> 00:23:36,640  
july sightings which is pretty

561  
00:23:44,549 --> 00:23:42,390  
i don't know the accuracy of that but

562  
00:23:46,230 --> 00:23:44,559  
uh this is kind of a famous photo

563  
00:23:48,070 --> 00:23:46,240

there's a crappy version they wound up

564

00:23:53,029 --> 00:23:48,080

calling it um

565

00:23:57,830 --> 00:23:55,750

and this is a little project evrocar i

566

00:23:58,950 --> 00:23:57,840

believe it was apparently it was a big

567

00:24:02,630 --> 00:23:58,960

flop

568

00:24:04,950 --> 00:24:02,640

but i tend to think that maybe it wasn't

569

00:24:12,310 --> 00:24:04,960

and it just turned into kind of a highly

570

00:24:15,590 --> 00:24:13,990

but i don't have any proof for that this

571

00:24:17,590 --> 00:24:15,600

one's pretty interesting

572

00:24:18,710 --> 00:24:17,600

after looking at that this looks

573

00:24:20,710 --> 00:24:18,720

interesting

574

00:24:24,710 --> 00:24:20,720

looks fun

575

00:24:29,750 --> 00:24:27,269

this i put in here because

576  
00:24:32,789 --> 00:24:29,760  
now this is just one

577  
00:24:33,990 --> 00:24:32,799  
article but there are so many

578  
00:24:37,110 --> 00:24:34,000  
articles

579  
00:24:41,269 --> 00:24:37,120  
in the cia foia reading room on

580  
00:24:43,029 --> 00:24:41,279  
the cia or the air force

581  
00:24:45,990 --> 00:24:43,039  
um

582  
00:24:48,070 --> 00:24:46,000  
conducting basically a secrecy operation

583  
00:24:50,310 --> 00:24:48,080  
over all the ufo files and being

584  
00:24:51,669 --> 00:24:50,320  
deceptive and everything with it

585  
00:24:53,830 --> 00:24:51,679  
um

586  
00:24:56,390 --> 00:24:53,840  
and to be honest after all the research

587  
00:24:59,029 --> 00:24:56,400  
that i've put into like the blue book

588  
00:25:02,470 --> 00:24:59,039

files and all that stuff attic files

589

00:25:04,390 --> 00:25:02,480

rather cia files and other files it's

590

00:25:05,909 --> 00:25:04,400

clear that there was a lot of secrecy

591

00:25:07,909 --> 00:25:05,919

going on at the time i mean the

592

00:25:10,310 --> 00:25:07,919

robertson panel report

593

00:25:13,510 --> 00:25:10,320

we get to some paperwork where the air

594

00:25:15,990 --> 00:25:13,520

force is asking permission from the cia

595

00:25:21,190 --> 00:25:18,789

declassify the robertson panel report in

596

00:25:27,029 --> 00:25:21,200

1966

597

00:25:27,039 --> 00:25:30,390

so if that ain't secrecy

598

00:25:35,350 --> 00:25:31,909

i'm not really sure

599

00:25:35,360 --> 00:25:39,029

know what i mean

600

00:25:43,590 --> 00:25:40,549

so

601  
00:25:46,630 --> 00:25:43,600  
what interesting now these are kind of

602  
00:25:53,990 --> 00:25:46,640  
like one offers and we'll get

603  
00:25:57,669 --> 00:25:55,430  
this i thought was just important

604  
00:25:59,830 --> 00:25:57,679  
because

605  
00:26:01,750 --> 00:25:59,840  
of today

606  
00:26:03,510 --> 00:26:01,760  
today's day and age where they had

607  
00:26:07,110 --> 00:26:03,520  
congressionally approved legislation on

608  
00:26:13,750 --> 00:26:10,630  
and this is back in 1978 october 26th mr

609  
00:26:16,870 --> 00:26:13,760  
fred hitz legislative council cia

610  
00:26:18,950 --> 00:26:16,880  
um a representative in congress bill

611  
00:26:19,909 --> 00:26:18,960  
radisson

612  
00:26:21,669 --> 00:26:19,919  
writes

613  
00:26:24,710 --> 00:26:21,679

dear fred i have recently been contacted

614

00:26:27,510 --> 00:26:24,720

by one of my constituents regarding ufo

615

00:26:29,750 --> 00:26:27,520

materials head by the cia

616

00:26:31,669 --> 00:26:29,760

indicated to me that he has written to

617

00:26:32,470 --> 00:26:31,679

the cia before and not received a reply

618

00:26:34,470 --> 00:26:32,480

i would

619

00:26:36,710 --> 00:26:34,480

appreciate receiving a report on the

620

00:26:38,789 --> 00:26:36,720

nature of the information on ufos held

621

00:26:40,950 --> 00:26:38,799

by the cia your policy on the release of

622

00:26:43,350 --> 00:26:40,960

this information to private citizens or

623

00:26:47,510 --> 00:26:43,360

groups of interested laymen

624

00:26:50,070 --> 00:26:47,520

and the statutory basis for this policy

625

00:26:51,750 --> 00:26:50,080

so it's pretty interesting the fact here

626  
00:26:53,190 --> 00:26:51,760  
is that

627  
00:26:56,070 --> 00:26:53,200  
they've been trying to get information

628  
00:26:59,110 --> 00:26:57,510  
congress that is

629  
00:27:00,789 --> 00:26:59,120  
including us

630  
00:27:02,070 --> 00:27:00,799  
for a long time now i don't know what

631  
00:27:05,990 --> 00:27:02,080  
they said

632  
00:27:10,710 --> 00:27:08,710  
know and isn't that ironic

633  
00:27:13,029 --> 00:27:10,720  
that in their foia reading room they

634  
00:27:14,310 --> 00:27:13,039  
will have the request in there for you

635  
00:27:18,230 --> 00:27:14,320  
to see

636  
00:27:21,590 --> 00:27:19,750  
i'd be very interested in what that

637  
00:27:24,470 --> 00:27:21,600  
would be

638  
00:27:26,389 --> 00:27:24,480

because in 78

639

00:27:29,990 --> 00:27:26,399

as far as the public knows there is no

640

00:27:30,000 --> 00:27:34,549

so that would be interesting

641

00:27:40,149 --> 00:27:37,190

um here we just have some

642

00:27:42,310 --> 00:27:40,159

um notes that are interesting

643

00:27:44,470 --> 00:27:42,320

uh this is from hector he was the head

644

00:27:46,149 --> 00:27:44,480

of blue book he's got some interesting

645

00:27:47,669 --> 00:27:46,159

things here i don't actually think it's

646

00:27:49,669 --> 00:27:47,679

from hector it's about hector and

647

00:27:50,710 --> 00:27:49,679

somebody that cia wrote

648

00:27:53,029 --> 00:27:50,720

obtain

649

00:27:55,750 --> 00:27:53,039

some ideas to the scope of air force

650

00:27:57,750 --> 00:27:55,760

effort obtain specific recent reports

651  
00:28:01,990 --> 00:27:57,760  
and air force evaluation clearance is

652  
00:28:07,510 --> 00:28:04,710  
uh conclusions have not substantially

653  
00:28:09,510 --> 00:28:07,520  
changed uh for some written blah blah

654  
00:28:11,990 --> 00:28:09,520  
blah

655  
00:28:16,070 --> 00:28:12,000  
nothing too big review and evaluation

656  
00:28:21,669 --> 00:28:19,990  
community current effort and problem

657  
00:28:24,950 --> 00:28:21,679  
uh you can just get some insight when

658  
00:28:24,960 --> 00:28:31,110  
um that's why i like to look at these

659  
00:28:34,870 --> 00:28:33,190  
um now this one is interesting because

660  
00:28:37,909 --> 00:28:34,880  
i've actually covered

661  
00:28:42,310 --> 00:28:37,919  
this you can see third of may 1964 right

662  
00:28:44,470 --> 00:28:42,320  
here uh state airgram a 894 sighting of

663  
00:28:47,590 --> 00:28:44,480

a ufo at canberra

664

00:28:49,990 --> 00:28:47,600

dr sippl and nasa

665

00:28:52,470 --> 00:28:50,000

involved

666

00:28:54,549 --> 00:28:52,480

right nasa has always said that they had

667

00:28:56,710 --> 00:28:54,559

no involvement ever in

668

00:28:59,350 --> 00:28:56,720

investigating flying saucers

669

00:29:04,149 --> 00:28:59,360

so this is evidence of them completely

670

00:29:09,510 --> 00:29:06,310

and i actually have the blue book

671

00:29:15,110 --> 00:29:09,520

file on this one dr sippl

672

00:29:18,310 --> 00:29:16,950

uh wind chill

673

00:29:24,389 --> 00:29:18,320

actually and he conducted a lot of

674

00:29:30,070 --> 00:29:27,750

just a little further information

675

00:29:32,389 --> 00:29:30,080

the nasa was an engineer i believe he

676  
00:29:36,789 --> 00:29:32,399  
actually worked in australia at the time

677  
00:29:43,830 --> 00:29:41,029  
and this was also a landing report

678  
00:29:45,350 --> 00:29:43,840  
so dr sipple and nasa are investing in a

679  
00:29:52,149 --> 00:29:45,360  
ufo landing

680  
00:29:56,870 --> 00:29:55,029  
not much here so just a little letter

681  
00:29:58,950 --> 00:29:56,880  
here this is the fellow who sits on the

682  
00:30:01,510 --> 00:29:58,960  
ufo

683  
00:30:05,269 --> 00:30:01,520  
uh files at foreign technology division

684  
00:30:06,950 --> 00:30:05,279  
which is what ftd stands for he's a

685  
00:30:09,990 --> 00:30:06,960  
physicist by

686  
00:30:12,230 --> 00:30:10,000  
trade and a very cooperative character

687  
00:30:13,590 --> 00:30:12,240  
he can in a matter of minutes give a

688  
00:30:14,470 --> 00:30:13,600

full

689

00:30:16,710 --> 00:30:14,480

um

690

00:30:18,870 --> 00:30:16,720

something on a very specific setting

691

00:30:19,990 --> 00:30:18,880

interesting he is a very cooperative

692

00:30:22,470 --> 00:30:20,000

character

693

00:30:30,789 --> 00:30:22,480

what does that mean

694

00:30:34,230 --> 00:30:31,669

so

695

00:30:39,190 --> 00:30:34,240

i don't know if there's too much in this

696

00:30:41,269 --> 00:30:39,200

one but i'm gonna read it to myself in

697

00:30:43,909 --> 00:30:41,279

oh this is something on flanks

698

00:30:45,830 --> 00:30:43,919

flying saucer clubs

699

00:30:47,590 --> 00:30:45,840

uh results of these investigations are

700

00:30:48,830 --> 00:30:47,600

filed and considered unclassified

701  
00:30:51,990 --> 00:30:48,840  
they're open

702  
00:30:53,990 --> 00:30:52,000  
to inspection by any scientific

703  
00:30:56,070 --> 00:30:54,000  
investigator

704  
00:31:00,149 --> 00:30:56,080  
or a member of the press but the air

705  
00:31:04,230 --> 00:31:02,070  
give them to the general public

706  
00:31:07,110 --> 00:31:04,240  
including members of the hundred or so

707  
00:31:09,909 --> 00:31:07,120  
flying saucer clubs throughout the u.s

708  
00:31:13,350 --> 00:31:09,919  
would strain their resources beyond

709  
00:31:19,990 --> 00:31:15,350  
that's a damning

710  
00:31:24,870 --> 00:31:22,070  
so you have these 100 or so flying

711  
00:31:27,430 --> 00:31:24,880  
saucer clubs

712  
00:31:29,110 --> 00:31:27,440  
that apparently the air force thinks

713  
00:31:35,269 --> 00:31:29,120

shouldn't have access to the files

714

00:31:35,279 --> 00:31:39,190

cool

715

00:31:43,830 --> 00:31:40,710

this is a

716

00:31:45,590 --> 00:31:43,840

interesting piece uh looks like

717

00:31:46,950 --> 00:31:45,600

andreas over here was writing this he

718

00:31:49,830 --> 00:31:46,960

says

719

00:31:50,710 --> 00:31:49,840

i don't know if he was alive then but

720

00:31:52,389 --> 00:31:50,720

maybe

721

00:31:55,669 --> 00:31:52,399

who knows

722

00:31:59,990 --> 00:31:57,909

this is an interesting note to me

723

00:32:02,789 --> 00:32:00,000

a soviet scientist possibly involved in

724

00:32:05,430 --> 00:32:02,799

investigation of ufo phenomenon i looked

725

00:32:06,389 --> 00:32:05,440

this person up i found stuff on them but

726

00:32:09,990 --> 00:32:06,399

not

727

00:32:11,990 --> 00:32:10,000

really in regards to flying saucers but

728

00:32:13,750 --> 00:32:12,000

that was just the professor boris

729

00:32:16,149 --> 00:32:13,760

there's three other people there

730

00:32:21,830 --> 00:32:17,590

i think it'd be worth

731

00:32:25,670 --> 00:32:23,990

if you want to take a screenshot

732

00:32:29,350 --> 00:32:25,680

save it for later

733

00:32:32,710 --> 00:32:29,360

[Laughter]

734

00:32:35,269 --> 00:32:32,720

okay now this one is pretty great

735

00:32:37,029 --> 00:32:35,279

this one's one of the better um

736

00:32:40,870 --> 00:32:37,039

things that i've found and this is

737

00:32:43,190 --> 00:32:40,880

decided dated december 29th 1952 effect

738

00:32:45,990 --> 00:32:43,200

of flying saucers on air defense

739

00:32:47,909 --> 00:32:46,000

operations

740

00:32:49,909 --> 00:32:47,919

october 23rd 52 in a meeting with

741

00:32:51,430 --> 00:32:49,919

general maxwell air force secretary of

742

00:32:54,070 --> 00:32:51,440

research and development office of

743

00:32:55,669 --> 00:32:54,080

secretary of defense debtors requested

744

00:32:57,430 --> 00:32:55,679

concerning the effect of the phenomenon

745

00:32:59,590 --> 00:32:57,440

of flying saucers on air defense system

746

00:33:01,269 --> 00:32:59,600

this data was desired to assist in

747

00:33:02,630 --> 00:33:01,279

determining whether or not the research

748

00:33:04,950 --> 00:33:02,640

and development should apply additional

749

00:33:06,389 --> 00:33:04,960

effort in analyzing this problem as a

750

00:33:07,509 --> 00:33:06,399

result of this meeting the air defense

751  
00:33:09,350 --> 00:33:07,519  
command

752  
00:33:11,509 --> 00:33:09,360  
was requested to submit their thoughts

753  
00:33:13,509 --> 00:33:11,519  
on the flying saucer phenomena

754  
00:33:15,110 --> 00:33:13,519  
attached for your information and any

755  
00:33:19,430 --> 00:33:15,120  
action team necessary or copyright is a

756  
00:33:24,950 --> 00:33:21,830  
signed thomas ford

757  
00:33:26,549 --> 00:33:24,960  
just getting started

758  
00:33:29,750 --> 00:33:26,559  
phenomena of flag saucers has been

759  
00:33:31,350 --> 00:33:29,760  
reported many times both as visual and

760  
00:33:32,389 --> 00:33:31,360  
radar

761  
00:33:34,070 --> 00:33:32,399  
sightings

762  
00:33:35,750 --> 00:33:34,080  
your comments are desired to the

763  
00:33:37,190 --> 00:33:35,760

possible effect the sightings of this

764

00:33:39,269 --> 00:33:37,200

phenomenon

765

00:33:40,950 --> 00:33:39,279

could have uh

766

00:33:42,310 --> 00:33:40,960

of this phenomena could have from an

767

00:33:45,350 --> 00:33:42,320

operational point of view on the air

768

00:33:47,909 --> 00:33:45,360

defense system

769

00:33:49,590 --> 00:33:47,919

what is the radar operator's reaction to

770

00:33:52,310 --> 00:33:49,600

the phenomenon can he recognize he or

771

00:33:54,070 --> 00:33:52,320

she recognize and reject the echo as not

772

00:33:56,230 --> 00:33:54,080

an aircraft

773

00:33:59,029 --> 00:33:56,240

is it likely that some operators have

774

00:34:00,870 --> 00:33:59,039

observed a flying saucer and rejected

775

00:34:03,590 --> 00:34:00,880

the radar response and not reported the

776

00:34:05,909 --> 00:34:03,600

fact now look at that line

777

00:34:08,629 --> 00:34:05,919

now that to me is an admission of the

778

00:34:10,869 --> 00:34:08,639

reality of flag saucers is it likely

779

00:34:13,909 --> 00:34:10,879

that some operators have observed a

780

00:34:18,950 --> 00:34:13,919

flying saucer and rejected the radar

781

00:34:25,030 --> 00:34:21,270

now if it's something that's not real

782

00:34:29,669 --> 00:34:27,430

you would say

783

00:34:31,270 --> 00:34:29,679

you know something is it likely that

784

00:34:33,270 --> 00:34:31,280

somebody thought

785

00:34:34,470 --> 00:34:33,280

this blip from

786

00:34:36,790 --> 00:34:34,480

weather

787

00:34:39,669 --> 00:34:36,800

or chaff

788

00:34:43,349 --> 00:34:39,679

was a flying saucer for some stupid

789

00:34:47,750 --> 00:34:45,589

and reported it as such

790

00:34:49,589 --> 00:34:47,760

no but they don't say that does a radar

791

00:34:51,589 --> 00:34:49,599

response from this type of phenomena

792

00:34:54,389 --> 00:34:51,599

confuse your radar operators

793

00:34:56,550 --> 00:34:54,399

has air defense command any concern in

794

00:34:58,550 --> 00:34:56,560

respect to the flying saucer phenomena

795

00:35:01,510 --> 00:34:58,560

well they do

796

00:35:05,510 --> 00:35:02,870

because they're popping off on their

797

00:35:09,910 --> 00:35:08,150

and they don't know what to do about it

798

00:35:12,310 --> 00:35:09,920

that's what's happening

799

00:35:15,190 --> 00:35:12,320

again this is right after

800

00:35:18,150 --> 00:35:15,200

july sightings washington dc

801  
00:35:19,829 --> 00:35:18,160  
not right after but a couple months

802  
00:35:21,670 --> 00:35:19,839  
and those settings were all over the

803  
00:35:24,310 --> 00:35:21,680  
radar

804  
00:35:25,910 --> 00:35:24,320  
and they also had visual sightings

805  
00:35:28,470 --> 00:35:25,920  
and they said it was a temperature

806  
00:35:32,470 --> 00:35:28,480  
inversion well they seem awfully worried

807  
00:35:33,829 --> 00:35:32,480  
about temperature inversions don't they

808  
00:35:35,990 --> 00:35:33,839  
here we go

809  
00:35:39,589 --> 00:35:36,000  
air defense command

810  
00:35:44,950 --> 00:35:39,599  
november 24 52 2 director of operations

811  
00:35:52,550 --> 00:35:47,349  
dcsi maybe a little help there robert

812  
00:35:56,630 --> 00:35:54,710  
um this command has compiled numerous

813  
00:36:00,150 --> 00:35:56,640

reports of flying objects cited both

814

00:36:01,829 --> 00:36:00,160

visually by radar atec and air material

815

00:36:03,670 --> 00:36:01,839

command

816

00:36:05,670 --> 00:36:03,680

which interesting about air material

817

00:36:07,670 --> 00:36:05,680

command is they are still a thing it's

818

00:36:11,109 --> 00:36:07,680

still in colorado springs

819

00:36:14,630 --> 00:36:11,119

and it is uh in effect

820

00:36:18,069 --> 00:36:16,870

interesting

821

00:36:19,910 --> 00:36:18,079

they've been assigned to the basic

822

00:36:22,310 --> 00:36:19,920

responsibility for analysis of the

823

00:36:25,349 --> 00:36:22,320

phenomena and a complete file is not

824

00:36:27,670 --> 00:36:25,359

available at air defense command

825

00:36:29,990 --> 00:36:27,680

um nor has a complete analysis been

826

00:36:31,750 --> 00:36:30,000

attempted here we however

827

00:36:34,310 --> 00:36:31,760

vitality concerned with any phenomena

828

00:36:37,109 --> 00:36:34,320

which degrade the quality of operation

829

00:36:42,069 --> 00:36:39,750

i don't know ac w system radar tracks

830

00:36:44,069 --> 00:36:42,079

which do not conform to characteristics

831

00:36:48,550 --> 00:36:44,079

of current aircraft that would certainly

832

00:36:53,750 --> 00:36:50,630

apparently a preliminary investigation

833

00:36:55,990 --> 00:36:53,760

of fast tracks

834

00:36:58,390 --> 00:36:56,000

was undertaken by air defense command of

835

00:37:01,030 --> 00:36:58,400

may 52. it was concluded that a high

836

00:37:03,030 --> 00:37:01,040

percentage of fast tracks then reported

837

00:37:04,790 --> 00:37:03,040

was occasioned by mutual interference

838

00:37:07,030 --> 00:37:04,800

between radar equipments

839

00:37:08,470 --> 00:37:07,040

that's one reason and that is a true

840

00:37:13,270 --> 00:37:08,480

reason

841

00:37:14,470 --> 00:37:13,280

an article was prepared uh 1952 august

842

00:37:16,390 --> 00:37:14,480

adc

843

00:37:17,750 --> 00:37:16,400

uh digest

844

00:37:20,310 --> 00:37:17,760

oh we actually

845

00:37:23,030 --> 00:37:20,320

read that on this show very interesting

846

00:37:25,589 --> 00:37:23,040

that's where yeah so if you go back in

847

00:37:28,790 --> 00:37:25,599

my episodes that is a very interesting

848

00:37:32,870 --> 00:37:30,950

uh to describe the phenomena fast tracks

849

00:37:34,710 --> 00:37:32,880

generated by mutual interference methods

850

00:37:36,390 --> 00:37:34,720

used to identify the tracks as such and

851  
00:37:38,870 --> 00:37:36,400  
suggested remedial measures which should

852  
00:37:40,790 --> 00:37:38,880  
be taken the mutual interference problem

853  
00:37:42,950 --> 00:37:40,800  
will grow as number of our radar

854  
00:37:44,630 --> 00:37:42,960  
increases

855  
00:37:47,829 --> 00:37:44,640  
continual education policy will be

856  
00:37:52,230 --> 00:37:49,990  
it is difficult to assess the effect of

857  
00:37:54,710 --> 00:37:52,240  
observing unusual track phenomena on the

858  
00:37:57,190 --> 00:37:54,720  
operator

859  
00:37:58,550 --> 00:37:57,200  
you know so real quick why this doesn't

860  
00:38:01,109 --> 00:37:58,560  
hold up

861  
00:38:01,910 --> 00:38:01,119  
right number two

862  
00:38:06,630 --> 00:38:01,920  
is

863  
00:38:07,829 --> 00:38:06,640

can just go to

864

00:38:10,150 --> 00:38:07,839

um

865

00:38:11,990 --> 00:38:10,160

the one above that

866

00:38:16,069 --> 00:38:12,000

compiled numerous reports of flying

867

00:38:21,750 --> 00:38:19,430

and by radar

868

00:38:24,470 --> 00:38:21,760

so unless radar interference

869

00:38:25,829 --> 00:38:24,480

is calling causing visual sightings

870

00:38:27,829 --> 00:38:25,839

as well as temperature inversions

871

00:38:30,069 --> 00:38:27,839

apparently do

872

00:38:31,670 --> 00:38:30,079

um i don't think that's gonna help you

873

00:38:37,109 --> 00:38:31,680

with your problem

874

00:38:40,550 --> 00:38:38,870

the flying object reports indicate many

875

00:38:42,310 --> 00:38:40,560

very slow erratic targets which could be

876

00:38:43,990 --> 00:38:42,320

attributed to weather phenomenon whether

877

00:38:45,829 --> 00:38:44,000

balloons experimental balloons blimps

878

00:38:49,109 --> 00:38:45,839

etcetera greater number indicates speeds

879

00:38:51,349 --> 00:38:49,119

ranging from 700 to 2500 knots

880

00:38:53,190 --> 00:38:51,359

at present we have no alternative at our

881

00:38:55,030 --> 00:38:53,200

radar stations but to determine if

882

00:38:57,430 --> 00:38:55,040

mutual interference exists

883

00:38:59,430 --> 00:38:57,440

and to make required reports so all they

884

00:39:02,470 --> 00:38:59,440

can do what they're saying

885

00:39:05,270 --> 00:39:02,480

with these unidentifieds on their radars

886

00:39:07,750 --> 00:39:05,280

is say is figure out if it's mutual

887

00:39:15,670 --> 00:39:07,760

radar interference or not

888

00:39:21,190 --> 00:39:18,790

if it is well at least we got that one

889

00:39:22,870 --> 00:39:21,200

we anticipate interceptors and guided

890

00:39:25,030 --> 00:39:22,880

missiles available for air defense will

891

00:39:29,349 --> 00:39:25,040

be capable of intercepting targets while

892

00:39:33,589 --> 00:39:31,670

air defense system we also anticipate

893

00:39:36,630 --> 00:39:33,599

that enemy guided missiles will have

894

00:39:38,390 --> 00:39:36,640

speeds of mach 2 or greater at that time

895

00:39:41,190 --> 00:39:38,400

fast tracks radial or otherwise will

896

00:39:43,270 --> 00:39:41,200

call for defensive action at once

897

00:39:45,109 --> 00:39:43,280

if unusual fast track phenomenon of the

898

00:39:47,109 --> 00:39:45,119

type now experienced persist during that

899

00:39:48,870 --> 00:39:47,119

time interval could result in an

900

00:39:50,630 --> 00:39:48,880

unnecessary expenditure of our guided

901  
00:39:53,109 --> 00:39:50,640  
missiles and

902  
00:39:54,310 --> 00:39:53,119  
uh inefficient utilization of our manned

903  
00:39:56,310 --> 00:39:54,320  
interceptors

904  
00:39:58,150 --> 00:39:56,320  
we believe that it is imperative to

905  
00:40:01,109 --> 00:39:58,160  
determine the cause of unusual track

906  
00:40:03,829 --> 00:40:01,119  
phenomena before the threat

907  
00:40:06,309 --> 00:40:03,839  
possesses characteristics such as to

908  
00:40:08,950 --> 00:40:06,319  
cause mistaken identification and

909  
00:40:10,790 --> 00:40:08,960  
subsequent dissipation of our weapons

910  
00:40:12,390 --> 00:40:10,800  
for air defense

911  
00:40:14,390 --> 00:40:12,400  
hear the same things today pretty

912  
00:40:18,470 --> 00:40:14,400  
interesting

913  
00:40:21,430 --> 00:40:20,470

all right robert he's got an mri

914

00:40:25,109 --> 00:40:21,440

appointment

915

00:40:26,950 --> 00:40:25,119

be good hope it goes well

916

00:40:31,750 --> 00:40:26,960

no shame if you're watching this in the

917

00:40:31,760 --> 00:40:35,349

um

918

00:40:39,589 --> 00:40:36,829

yeah

919

00:40:42,069 --> 00:40:39,599

so that was kind of the meat of it but

920

00:40:44,470 --> 00:40:42,079

here uh we can see that

921

00:40:46,069 --> 00:40:44,480

they're continuing to

922

00:40:48,230 --> 00:40:46,079

gear up to

923

00:40:52,390 --> 00:40:48,240

uh the robertson uh panel this is

924

00:40:58,950 --> 00:40:55,829

there's a lot of paperwork about them

925

00:41:00,870 --> 00:40:58,960

um discussing this isn't it

926  
00:41:02,790 --> 00:41:00,880  
secretary of defense and the balance of

927  
00:41:04,630 --> 00:41:02,800  
the national security council

928  
00:41:07,190 --> 00:41:04,640  
council so everybody is involved with

929  
00:41:09,430 --> 00:41:07,200  
this basically

930  
00:41:13,589 --> 00:41:09,440  
so whatever happened here

931  
00:41:15,190 --> 00:41:13,599  
the robertson panel 1953

932  
00:41:17,109 --> 00:41:15,200  
i believe

933  
00:41:18,550 --> 00:41:17,119  
is probably

934  
00:41:20,950 --> 00:41:18,560  
the answer

935  
00:41:23,589 --> 00:41:20,960  
as far as where

936  
00:41:24,309 --> 00:41:23,599  
we would find more information

937  
00:41:34,870 --> 00:41:24,319  
in

938  
00:41:37,430 --> 00:41:35,750

but

939

00:41:38,870 --> 00:41:37,440

you know

940

00:41:41,589 --> 00:41:38,880

i'm always going to say that i could be

941

00:41:44,800 --> 00:41:43,589

interesting little note here everything

942

00:41:48,710 --> 00:41:44,810

is fine

943

00:41:50,470 --> 00:41:48,720

[Laughter]

944

00:41:55,750 --> 00:41:50,480

saucer file

945

00:41:58,790 --> 00:41:57,750

uh here we go research and development

946

00:42:00,790 --> 00:41:58,800

board

947

00:42:04,309 --> 00:42:00,800

department of defense ooh this is a good

948

00:42:07,510 --> 00:42:06,390

dod confirming a brief conversation in

949

00:42:09,270 --> 00:42:07,520

the hall the other day on closed

950

00:42:11,589 --> 00:42:09,280

memorandum from general maxwell on the

951  
00:42:13,670 --> 00:42:11,599  
subject we'll advise you when we receive

952  
00:42:15,589 --> 00:42:13,680  
the report referred to in this memo what

953  
00:42:16,470 --> 00:42:15,599  
they're referring to in the memo is i

954  
00:42:19,430 --> 00:42:16,480  
believe

955  
00:42:20,950 --> 00:42:19,440  
the robertson panel report

956  
00:42:26,309 --> 00:42:20,960  
yep

957  
00:42:30,309 --> 00:42:27,430  
and this is

958  
00:42:32,870 --> 00:42:30,319  
department of defense

959  
00:42:36,309 --> 00:42:32,880  
right this is who pretty much

960  
00:42:39,270 --> 00:42:36,319  
this is who's handling the ufo stuff now

961  
00:42:46,069 --> 00:42:41,829  
aoi msg

962  
00:42:50,390 --> 00:42:48,550  
snoop doggy doggy all right so

963  
00:42:52,710 --> 00:42:50,400

memorandum for chairman

964

00:42:54,470 --> 00:42:52,720

at our conference

965

00:42:55,990 --> 00:42:54,480

the other day with mr becker general

966

00:42:57,910 --> 00:42:56,000

sanford has agreed that we would

967

00:42:59,510 --> 00:42:57,920

evaluate the radar phantoms from the

968

00:43:05,990 --> 00:42:59,520

viewpoint of the seriousness of the

969

00:43:10,150 --> 00:43:08,550

i'm going to skip down a little bit

970

00:43:12,150 --> 00:43:10,160

naturally there is general concern about

971

00:43:14,390 --> 00:43:12,160

the radar phantoms in the larger problem

972

00:43:17,430 --> 00:43:14,400

of flying saucers because we are unable

973

00:43:22,390 --> 00:43:17,440

to explain a sizeable percentage of the

974

00:43:25,990 --> 00:43:24,069

however

975

00:43:28,309 --> 00:43:26,000

a great deal of activity and study is

976  
00:43:29,910 --> 00:43:28,319  
going on in this field

977  
00:43:31,109 --> 00:43:29,920  
which will do much to clarify this

978  
00:43:33,670 --> 00:43:31,119  
situation

979  
00:43:36,309 --> 00:43:33,680  
wrong

980  
00:43:38,069 --> 00:43:36,319  
never happened

981  
00:43:40,470 --> 00:43:38,079  
still not clarified

982  
00:43:44,230 --> 00:43:40,480  
at least with us

983  
00:43:47,470 --> 00:43:44,240  
could be very clarified with them

984  
00:43:52,390 --> 00:43:47,480  
so but isn't this funny 1952

985  
00:43:57,109 --> 00:43:54,710  
the consensus seems to be that a great

986  
00:43:58,950 --> 00:43:57,119  
deal of activity and study is going on

987  
00:44:00,950 --> 00:43:58,960  
in this field which will do much to

988  
00:44:04,630 --> 00:44:00,960

clarify the situation

989

00:44:08,230 --> 00:44:06,069

boy were they wrong

990

00:44:10,870 --> 00:44:08,240

who could be there wrong that's pretty

991

00:44:13,349 --> 00:44:10,880

wrong i hope that person got fired

992

00:44:16,470 --> 00:44:13,359

i hope they go in the hall of fame

993

00:44:18,470 --> 00:44:16,480

of wrong people

994

00:44:20,150 --> 00:44:18,480

the wrong fame

995

00:44:23,270 --> 00:44:20,160

the wrong hall of fame i hope that's

996

00:44:25,510 --> 00:44:23,280

where the person goes

997

00:44:27,430 --> 00:44:25,520

here's another wrong one it's also my

998

00:44:29,670 --> 00:44:27,440

interesting it's also my feeling that

999

00:44:31,270 --> 00:44:29,680

whereas formally this was subject with

1000

00:44:32,790 --> 00:44:31,280

scientific men did not wish to become

1001

00:44:35,430 --> 00:44:32,800

involved in it is now becoming

1002

00:44:39,510 --> 00:44:35,440

respectable to study the subject and

1003

00:44:41,829 --> 00:44:40,870

pretty sure the same people are saying

1004

00:44:44,390 --> 00:44:41,839

that now

1005

00:44:45,750 --> 00:44:44,400

so that can't be true

1006

00:44:51,109 --> 00:44:45,760

not the wrong one

1007

00:44:53,589 --> 00:44:51,119

mr alfred maxwell must have been drunk

1008

00:44:56,230 --> 00:44:53,599

something

1009

00:44:57,829 --> 00:44:56,240

i mean avi loeb

1010

00:45:00,069 --> 00:44:57,839

was just

1011

00:45:02,390 --> 00:45:00,079

he's basically

1012

00:45:04,390 --> 00:45:02,400

talking crap to scientists every time he

1013

00:45:08,390 --> 00:45:04,400

has an interview about them not willing

1014

00:45:08,400 --> 00:45:11,990

you know

1015

00:45:12,000 --> 00:45:15,190

so this person

1016

00:45:19,030 --> 00:45:17,190

isn't correct

1017

00:45:21,030 --> 00:45:19,040

that was not the case or maybe it was

1018

00:45:22,710 --> 00:45:21,040

for a hot second

1019

00:45:26,150 --> 00:45:22,720

maybe someone slipped him in a note for

1020

00:45:27,670 --> 00:45:26,160

a second he was like oh

1021

00:45:31,510 --> 00:45:27,680

this is from a scientist he wants to

1022

00:45:34,470 --> 00:45:31,520

investigate everything's changing

1023

00:45:37,109 --> 00:45:34,480

but you know can't assume things

1024

00:45:38,309 --> 00:45:37,119

assumptions make asses out of you

1025

00:45:40,870 --> 00:45:38,319

and me

1026

00:45:43,349 --> 00:45:40,880

benji's got it like sub share

1027

00:45:43,359 --> 00:45:47,430

thanks benji

1028

00:45:51,349 --> 00:45:49,670

um

1029

00:45:53,109 --> 00:45:51,359

as we progress

1030

00:45:54,950 --> 00:45:53,119

uh this is just kind of an interesting

1031

00:45:56,069 --> 00:45:54,960

one because this is all around the same

1032

00:45:57,990 --> 00:45:56,079

time

1033

00:46:00,470 --> 00:45:58,000

um we got the cia

1034

00:46:02,710 --> 00:46:00,480

mr marshall chadwell here

1035

00:46:06,470 --> 00:46:02,720

um talking to professor heineck now this

1036

00:46:09,270 --> 00:46:06,480

is just about a particular sighting

1037

00:46:10,950 --> 00:46:09,280

so there's no overall picture here but

1038

00:46:12,950 --> 00:46:10,960

it's still interesting

1039

00:46:15,670 --> 00:46:12,960

um to see how heinek

1040

00:46:18,390 --> 00:46:15,680

of the consultant for project blue book

1041

00:46:20,870 --> 00:46:18,400

ohio state university at the time and

1042

00:46:22,150 --> 00:46:20,880

the cia are discussing

1043

00:46:25,829 --> 00:46:22,160

a case

1044

00:46:25,839 --> 00:46:30,630

shoving a meteor down their throat

1045

00:46:35,349 --> 00:46:32,790

so yeah

1046

00:46:39,750 --> 00:46:37,190

but it's interesting because you can see

1047

00:46:42,230 --> 00:46:39,760

that they renewed their acquaintance at

1048

00:46:47,109 --> 00:46:42,240

dayton

1049

00:46:51,829 --> 00:46:47,119

ohio

1050

00:47:00,950 --> 00:46:54,470

a tick blue book

1051

00:47:05,270 --> 00:47:02,790

uh this is from heinek the chat well

1052

00:47:08,230 --> 00:47:05,280

where he's just going uh the elevation

1053

00:47:10,390 --> 00:47:08,240

the azimuth the jupiters the

1054

00:47:15,829 --> 00:47:10,400

meteors are all over the place

1055

00:47:15,839 --> 00:47:19,990

so he was wrong

1056

00:47:24,950 --> 00:47:22,630

a lot of wrong people here right

1057

00:47:26,230 --> 00:47:24,960

and by the way heineken was on

1058

00:47:27,589 --> 00:47:26,240

the tab

1059

00:47:30,390 --> 00:47:27,599

of the air force

1060

00:47:32,230 --> 00:47:30,400

for about 20 years

1061

00:47:33,910 --> 00:47:32,240

you know so

1062

00:47:37,270 --> 00:47:33,920

who the hell keeps their job for that

1063

00:47:40,470 --> 00:47:37,280

long after being wrong so many times

1064

00:47:40,480 --> 00:47:43,829

i want to work there

1065

00:47:47,589 --> 00:47:45,829

because literally it would take no brain

1066

00:47:49,510 --> 00:47:47,599

power because all he had to do is be

1067

00:47:51,990 --> 00:47:49,520

wrong

1068

00:47:54,309 --> 00:47:52,000

so you could really say anything you

1069

00:47:55,990 --> 00:47:54,319

could say they're all hot wheels

1070

00:47:57,109 --> 00:47:56,000

there are no flags officers they're hot

1071

00:47:59,030 --> 00:47:57,119

wheels

1072

00:48:01,750 --> 00:47:59,040

being thrown about from planes and

1073

00:48:05,349 --> 00:48:01,760

cessnas in the sky

1074

00:48:07,910 --> 00:48:05,359

and our radars are picking them up

1075

00:48:07,920 --> 00:48:14,470

20-year contract you got it

1076

00:48:18,069 --> 00:48:16,470

just a little bit more of kind of stuff

1077

00:48:19,829 --> 00:48:18,079

we looked at although there's an

1078

00:48:21,670 --> 00:48:19,839

interesting point here number two the

1079

00:48:24,390 --> 00:48:21,680

possibility of mass hysteria which might

1080

00:48:29,109 --> 00:48:24,400

be purposely induced by an enemy at a

1081

00:48:36,069 --> 00:48:31,349

now that's interesting

1082

00:48:39,670 --> 00:48:36,079

and you'll see in these cia files the

1083

00:48:44,549 --> 00:48:39,680

aspect of psychological warfare

1084

00:48:47,670 --> 00:48:45,829

it is believed that the problems of

1085

00:48:49,190 --> 00:48:47,680

communications confusion and overloading

1086

00:48:50,390 --> 00:48:49,200

the serious effects of mass hysteria

1087

00:48:52,309 --> 00:48:50,400

must be dealt with outside the

1088

00:48:54,150 --> 00:48:52,319

intelligence community and it is planned

1089

00:48:55,829 --> 00:48:54,160

to bring these matters to the attention

1090

00:48:57,910 --> 00:48:55,839

of those agencies with whom the prime

1091

00:49:00,390 --> 00:48:57,920

responsibility appears to rest with

1092

00:49:02,069 --> 00:49:00,400

respect to master syria it is believed

1093

00:49:04,710 --> 00:49:02,079

this problem would lie with the federal

1094

00:49:07,190 --> 00:49:04,720

civil defense administration

1095

00:49:09,589 --> 00:49:07,200

or the interpartamental committee on

1096

00:49:11,750 --> 00:49:09,599

internal security

1097

00:49:13,190 --> 00:49:11,760

that's a mouthful according it is

1098

00:49:15,510 --> 00:49:13,200

planned to bring this to the attention

1099

00:49:16,950 --> 00:49:15,520

of fcda

1100

00:49:19,990 --> 00:49:16,960

through channels with respect to

1101  
00:49:23,109 --> 00:49:20,000  
emergency communications so i actually

1102  
00:49:25,750 --> 00:49:23,119  
had a report and a while back went over

1103  
00:49:28,069 --> 00:49:25,760  
the report the federal civil defense

1104  
00:49:30,390 --> 00:49:28,079  
administration did on the flying saucer

1105  
00:49:32,150 --> 00:49:30,400  
thing which one of their options

1106  
00:49:35,030 --> 00:49:32,160  
as far as what it could be

1107  
00:49:38,950 --> 00:49:35,040  
was extraterrestrial animals

1108  
00:49:43,030 --> 00:49:40,390  
but there were no

1109  
00:49:44,630 --> 00:49:43,040  
real brain busters or aha moments in

1110  
00:49:50,820 --> 00:49:44,640  
that report

1111  
00:49:55,750 --> 00:49:53,109  
[Music]

1112  
00:49:57,670 --> 00:49:55,760  
i'm just talking about somebody's

1113  
00:50:01,589 --> 00:49:57,680

personal trip

1114

00:50:06,309 --> 00:50:03,670

um this is interesting they talk about

1115

00:50:07,589 --> 00:50:06,319

how there's no evidence about um that

1116

00:50:08,950 --> 00:50:07,599

they're foreign

1117

00:50:10,470 --> 00:50:08,960

number three there still exists no

1118

00:50:12,630 --> 00:50:10,480

reasonable evidence that the objects

1119

00:50:14,390 --> 00:50:12,640

cited are of foreign origin while

1120

00:50:16,309 --> 00:50:14,400

there's no indication that these objects

1121

00:50:17,510 --> 00:50:16,319

represent a direct threat to national

1122

00:50:19,349 --> 00:50:17,520

defense

1123

00:50:21,030 --> 00:50:19,359

there are certain potential dangers

1124

00:50:22,230 --> 00:50:21,040

which are related to these sightings as

1125

00:50:24,630 --> 00:50:22,240

a result of the trip in these

1126  
00:50:26,150 --> 00:50:24,640  
conclusions osi is proceeding with plans

1127  
00:50:27,910 --> 00:50:26,160  
to convene a group probably not more

1128  
00:50:29,750 --> 00:50:27,920  
than three of top-level consultants in

1129  
00:50:32,069 --> 00:50:29,760  
the field of physics radar and upper

1130  
00:50:33,910 --> 00:50:32,079  
atmosphere astrophysics and astronomy to

1131  
00:50:36,630 --> 00:50:33,920  
review the evidence and recommend with

1132  
00:50:38,950 --> 00:50:36,640  
respect to methodology and investigation

1133  
00:50:41,190 --> 00:50:38,960  
of ufos instrumentation to obtain data

1134  
00:50:43,990 --> 00:50:41,200  
on future sightings methods of rapid

1135  
00:50:45,910 --> 00:50:44,000  
identification of ufos desirability for

1136  
00:50:48,230 --> 00:50:45,920  
convening of a larger panel we are

1137  
00:50:50,069 --> 00:50:48,240  
deferring for the present

1138  
00:50:51,430 --> 00:50:50,079

uh the convening of a large panel of

1139

00:50:54,150 --> 00:50:51,440

adverse scientific interests for a

1140

00:50:58,549 --> 00:50:54,160

detailed review blah blah okay there's

1141

00:51:04,870 --> 00:51:01,990

now this is cia osi

1142

00:51:07,750 --> 00:51:04,880

their report that they did on august 14

1143

00:51:11,109 --> 00:51:07,760

1952 was

1144

00:51:15,910 --> 00:51:11,119

a jaw-dropping report that was the most

1145

00:51:19,990 --> 00:51:18,230

informal query of current interest in

1146

00:51:22,790 --> 00:51:20,000

this subject resulted in a report that

1147

00:51:24,950 --> 00:51:22,800

the subject had been quite quiet until

1148

00:51:28,309 --> 00:51:24,960

about two weeks ago when a sighting of a

1149

00:51:32,950 --> 00:51:28,319

perfect flying saucer was made by

1150

00:51:32,960 --> 00:51:41,270

by the very popular black bar

1151  
00:51:46,230 --> 00:51:44,069  
um nothing here this is like the little

1152  
00:51:49,190 --> 00:51:46,240  
bits of the robertson

1153  
00:51:50,390 --> 00:51:49,200  
panel report which is just um

1154  
00:51:53,430 --> 00:51:50,400  
stupid

1155  
00:51:58,069 --> 00:51:55,990  
it's like you read this report

1156  
00:52:01,750 --> 00:51:58,079  
and then at the end of it they go

1157  
00:52:04,470 --> 00:52:01,760  
through this whole debunking um

1158  
00:52:05,829 --> 00:52:04,480  
plan an education policy that'll last a

1159  
00:52:07,190 --> 00:52:05,839  
year to two

1160  
00:52:08,870 --> 00:52:07,200  
a year or two

1161  
00:52:12,950 --> 00:52:08,880  
for them to debunk all sightings

1162  
00:52:17,990 --> 00:52:15,670  
which just negates the whole report how

1163  
00:52:21,990 --> 00:52:18,000

can you even listen to any of the report

1164

00:52:22,000 --> 00:52:26,069

if they end with that

1165

00:52:29,750 --> 00:52:27,990

you can't

1166

00:52:32,710 --> 00:52:29,760

we already read this one

1167

00:52:34,230 --> 00:52:32,720

this is kind of interesting that really

1168

00:52:41,510 --> 00:52:34,240

fred whipple

1169

00:52:42,950 --> 00:52:41,520

thought he had something to do with uh

1170

00:52:44,470 --> 00:52:42,960

yeah harvard

1171

00:52:46,790 --> 00:52:44,480

which is pretty interesting hey because

1172

00:52:48,549 --> 00:52:46,800

we have someone doing that now avilo at

1173

00:52:50,790 --> 00:52:48,559

harvard

1174

00:52:52,710 --> 00:52:50,800

more or less patrol cameras fred whipple

1175

00:52:54,630 --> 00:52:52,720

at harvard has a cons has had

1176  
00:52:56,069 --> 00:52:54,640  
considerable experience in developing

1177  
00:52:59,750 --> 00:52:56,079  
using small

1178  
00:53:01,270 --> 00:52:59,760  
uh equatorially mounted cameras

1179  
00:53:03,109 --> 00:53:01,280  
these are exposed for several hours

1180  
00:53:05,109 --> 00:53:03,119  
through a rotating sector and show a

1181  
00:53:08,710 --> 00:53:05,119  
meteor trail as a series of dashes on a

1182  
00:53:15,030 --> 00:53:11,750  
in many cases two such cameras are used

1183  
00:53:17,030 --> 00:53:15,040  
as i recall meteor patrol cameras have

1184  
00:53:18,950 --> 00:53:17,040  
been used in the vicinity of boston

1185  
00:53:21,589 --> 00:53:18,960  
southern new mexico only all the

1186  
00:53:22,950 --> 00:53:21,599  
photographs are preserved and i'm sure

1187  
00:53:26,390 --> 00:53:22,960  
there have been no

1188  
00:53:28,950 --> 00:53:26,400

unidentified objects of any type to date

1189

00:53:32,150 --> 00:53:28,960

i am not sure

1190

00:53:34,230 --> 00:53:32,160

especially in new mexico dumbass

1191

00:53:38,230 --> 00:53:34,240

sorry

1192

00:53:39,910 --> 00:53:38,240

but that is really similar to

1193

00:53:42,390 --> 00:53:39,920

i mean you know the technology is going

1194

00:53:47,829 --> 00:53:42,400

to be 100 different

1195

00:53:51,349 --> 00:53:49,910

we got harvard

1196

00:53:57,589 --> 00:53:51,359

cameras

1197

00:54:01,990 --> 00:54:00,150

pretty interesting

1198

00:54:06,710 --> 00:54:02,000

a little bit of mass psychology this is

1199

00:54:13,030 --> 00:54:07,750

um

1200

00:54:20,470 --> 00:54:15,750

because we're talking about a ufo flap

1201  
00:54:24,230 --> 00:54:22,309  
the british army operational research

1202  
00:54:25,829 --> 00:54:24,240  
group has made several studies of air

1203  
00:54:28,309 --> 00:54:25,839  
raid reporting systems as using

1204  
00:54:31,109 --> 00:54:28,319  
exercises which show the distortion and

1205  
00:54:32,630 --> 00:54:31,119  
noise introduced in any reporting system

1206  
00:54:35,109 --> 00:54:32,640  
there's possibility of obtaining

1207  
00:54:37,910 --> 00:54:35,119  
comparable something comparable data on

1208  
00:54:40,710 --> 00:54:37,920  
false alarms to fire departments and

1209  
00:54:46,870 --> 00:54:40,720  
flaps in several military situations

1210  
00:54:53,750 --> 00:54:49,589  
um very interesting

1211  
00:54:54,630 --> 00:54:53,760  
but maybe they determined that was

1212  
00:54:57,109 --> 00:54:54,640  
you know

1213  
00:54:58,950 --> 00:54:57,119

nothing special

1214

00:55:01,750 --> 00:54:58,960

mass psychology it's clear that a simple

1215

00:55:04,549 --> 00:55:01,760

statement has not and will not convince

1216

00:55:07,109 --> 00:55:04,559

the public a psychologist

1217

00:55:09,510 --> 00:55:07,119

may have some theoretical framework in

1218

00:55:12,549 --> 00:55:09,520

which past flaps of this kind can be

1219

00:55:17,589 --> 00:55:12,559

analyzed and the results extended to the

1220

00:55:21,510 --> 00:55:19,510

pretty good one

1221

00:55:23,910 --> 00:55:21,520

uh it seems to me that the major

1222

00:55:27,109 --> 00:55:23,920

difficulty is present this is a third

1223

00:55:30,789 --> 00:55:27,119

page which thornton page was kind of a

1224

00:55:33,430 --> 00:55:30,799

um not on the side of the existence of

1225

00:55:34,470 --> 00:55:33,440

ufos i guess to say it nicely as far as

1226

00:55:36,549 --> 00:55:34,480

i remember

1227

00:55:39,030 --> 00:55:36,559

it could be wrong i haven't done a whole

1228

00:55:41,990 --> 00:55:39,040

lot of research into dude but that's

1229

00:55:46,470 --> 00:55:44,390

oh yeah here it is either

1230

00:55:48,069 --> 00:55:46,480

there is but this is interesting it

1231

00:55:49,670 --> 00:55:48,079

seems to me that the

1232

00:55:51,349 --> 00:55:49,680

major difficulty as president is the

1233

00:55:53,670 --> 00:55:51,359

lack of a well-defined attitude among

1234

00:55:56,470 --> 00:55:53,680

responsible officials either there is or

1235

00:55:59,430 --> 00:55:56,480

there is not convincing evidence of

1236

00:56:01,270 --> 00:55:59,440

significant phenomenon right it's true

1237

00:56:03,190 --> 00:56:01,280

to resolve this question it must be

1238

00:56:06,150 --> 00:56:03,200

decided in advance what levels of

1239

00:56:07,990 --> 00:56:06,160

completeness is necessary in examining

1240

00:56:10,230 --> 00:56:08,000

reports and what indications of hostile

1241

00:56:12,309 --> 00:56:10,240

intent are necessary to make reported

1242

00:56:13,589 --> 00:56:12,319

objects of importance

1243

00:56:14,829 --> 00:56:13,599

it might help to point out the

1244

00:56:17,430 --> 00:56:14,839

difference between

1245

00:56:19,670 --> 00:56:17,440

open-mindedness and indecision and it

1246

00:56:22,470 --> 00:56:19,680

suggests some level of

1247

00:56:24,870 --> 00:56:22,480

graduality

1248

00:56:28,230 --> 00:56:24,880

below which reports will not even be

1249

00:56:32,950 --> 00:56:29,510

uh dr

1250

00:56:40,789 --> 00:56:35,270

not sure uh he's got photography of

1251  
00:56:46,870 --> 00:56:44,069  
nothing and cameras noted above and of

1252  
00:56:49,829 --> 00:56:46,880  
auroral phenomena however

1253  
00:56:51,750 --> 00:56:49,839  
okay and nothing too much there

1254  
00:56:56,470 --> 00:56:51,760  
graduality

1255  
00:56:56,480 --> 00:57:00,950  
it's like hitting a speed bump

1256  
00:57:04,950 --> 00:57:03,349  
you know when you're reading that fast

1257  
00:57:07,990 --> 00:57:04,960  
and then you hit a word that you don't

1258  
00:57:10,710 --> 00:57:08,000  
really read very often

1259  
00:57:13,109 --> 00:57:10,720  
let alone say out loud because i don't

1260  
00:57:21,109 --> 00:57:13,119  
read books aloud to kids or anything you

1261  
00:57:23,670 --> 00:57:22,549  
um

1262  
00:57:25,670 --> 00:57:23,680  
this is

1263  
00:57:31,190 --> 00:57:25,680

pretty interesting stuff with captain

1264

00:57:34,230 --> 00:57:32,789

and

1265

00:57:36,150 --> 00:57:34,240

they talk a little bit down here about

1266

00:57:38,829 --> 00:57:36,160

the os study that i talked about oh

1267

00:57:41,190 --> 00:57:38,839

study and was planning to hand carry to

1268

00:57:42,390 --> 00:57:41,200

washington yeah because it was a pretty

1269

00:57:46,390 --> 00:57:42,400

bomb

1270

00:57:46,400 --> 00:57:50,150

that's for sure

1271

00:57:53,190 --> 00:57:51,589

but i think we're gonna have to do part

1272

00:57:55,270 --> 00:57:53,200

two on this because

1273

00:58:00,549 --> 00:57:55,280

i'm not even halfway through and we're

1274

00:58:13,750 --> 00:58:01,990

so

1275

00:58:20,829 --> 00:58:13,760

for record december 9th 1952 ufos

1276

00:58:26,150 --> 00:58:23,910

and we'll do a part two

1277

00:58:30,150 --> 00:58:26,160

be opposing the cia

1278

00:58:35,349 --> 00:58:32,870

because there's just too many

1279

00:58:35,359 --> 00:58:38,549

which

1280

00:58:44,950 --> 00:58:40,390

i you know depending on how you look at

1281

00:58:49,270 --> 00:58:46,230

right

1282

00:58:54,470 --> 00:58:53,270

that's up to you and what you like to do

1283

00:58:56,710 --> 00:58:54,480

um

1284

00:59:00,950 --> 00:58:56,720

let me just i'm just looking for

1285

00:59:02,630 --> 00:59:00,960

something here right quick right now

1286

00:59:05,270 --> 00:59:02,640

that's why i'm like look like i'm

1287

00:59:08,309 --> 00:59:05,280

looking around the camera

1288

00:59:10,710 --> 00:59:08,319

so i'm looking for a file

1289

00:59:13,190 --> 00:59:10,720

okay here we go

1290

00:59:14,710 --> 00:59:13,200

it's my

1291

00:59:17,349 --> 00:59:14,720

theme song

1292

00:59:19,670 --> 00:59:17,359

i had to find that

1293

00:59:22,230 --> 00:59:19,680

gotta leave on a hot note

1294

00:59:24,390 --> 00:59:22,240

thanks everybody for hanging out um

1295

00:59:26,630 --> 00:59:24,400

getting into the deets of the cia ufo

1296

00:59:29,190 --> 00:59:26,640

files you can tell there's a lot

1297

00:59:30,549 --> 00:59:29,200

and there's a lot more to go so we'll go

1298

00:59:33,270 --> 00:59:30,559

over those

1299

00:59:35,349 --> 00:59:33,280

unless um they find me and make sure

1300

00:59:38,710 --> 00:59:35,359

that doesn't happen

1301

00:59:41,829 --> 00:59:38,720

you everybody

1302

00:59:42,710 --> 00:59:41,839

uh andreas i appreciate you lionel

1303

00:59:45,910 --> 00:59:42,720

um

1304

00:59:49,109 --> 00:59:45,920

toby jose y v

1305

00:59:50,950 --> 00:59:49,119

u s r t

1306

00:59:52,630 --> 00:59:50,960

josh

1307

00:59:55,030 --> 00:59:52,640

uh george

1308

00:59:56,309 --> 00:59:55,040

borac we've got a question uh somebody

1309

00:59:57,270 --> 00:59:56,319

asked me a question

1310

00:59:59,990 --> 00:59:57,280

what do you

1311

01:00:01,589 --> 01:00:00,000

think will be the next release oh i have

1312

01:00:04,390 --> 01:00:01,599

no freaking idea

1313

01:00:07,109 --> 01:00:04,400

lou's book should be pretty good

1314

01:00:08,230 --> 01:00:07,119

that seems like it will be pretty good

1315

01:00:09,990 --> 01:00:08,240

um

1316

01:00:12,309 --> 01:00:10,000

i like it because

1317

01:00:15,510 --> 01:00:12,319

i'm excited about it and he makes a

1318

01:00:18,950 --> 01:00:15,520

habit of

1319

01:00:21,430 --> 01:00:18,960

under promising and over delivering

1320

01:00:24,069 --> 01:00:22,390

and

1321

01:00:25,670 --> 01:00:24,079

he's saying that book will make sure

1322

01:00:27,030 --> 01:00:25,680

that the genie doesn't go back in the

1323

01:00:28,710 --> 01:00:27,040

bottle so

1324

01:00:30,870 --> 01:00:28,720

that should be pretty good

1325

01:00:32,069 --> 01:00:30,880

radar phantoms we love you but as far as

1326

01:00:33,510 --> 01:00:32,079

from the government i don't know they

1327

01:00:35,030 --> 01:00:33,520

have a classified briefing coming up

1328

01:00:36,950 --> 01:00:35,040

soon i hope they share some of those

1329

01:00:38,870 --> 01:00:36,960

freaking videos that they have

1330

01:00:42,870 --> 01:00:38,880

i mean

1331

01:00:45,990 --> 01:00:44,390

share some of the videos like what are

1332

01:00:50,230 --> 01:00:46,000

you scared of

1333

01:00:54,309 --> 01:00:52,390

i mean even of the one

1334

01:00:56,870 --> 01:00:54,319

ones that are out already

1335

01:00:59,829 --> 01:00:56,880

just share the whole thing

1336

01:01:03,589 --> 01:01:01,670

that's pretty suspect what the hell are

1337

01:01:05,910 --> 01:01:03,599

you hiding

1338

01:01:07,750 --> 01:01:05,920

what are you scared of

1339

01:01:10,630 --> 01:01:07,760

it is what it is like this thornton page

1340

01:01:13,430 --> 01:01:10,640

said either there's convincing evidence

1341

01:01:16,470 --> 01:01:13,440

of a unidentified phenomenon or there

1342

01:01:21,990 --> 01:01:18,080

but we all know there is

1343

01:01:23,030 --> 01:01:22,000

[Laughter]

1344

01:01:24,630 --> 01:01:23,040

yeah

1345

01:01:26,069 --> 01:01:24,640

thanks benji thanks for throwing that in

1346

01:01:27,589 --> 01:01:26,079

there um

1347

01:01:29,190 --> 01:01:27,599

this is a good vacation for me from

1348

01:01:30,630 --> 01:01:29,200

thinking about the great stuff to be

1349

01:01:31,910 --> 01:01:30,640

quite honest with you because it's

1350

01:01:35,349 --> 01:01:31,920

pretty

1351

01:01:36,230 --> 01:01:35,359

uh looks worse worse every day but

1352

01:01:37,990 --> 01:01:36,240

you know

1353

01:01:40,870 --> 01:01:38,000

there's a good example for courage

1354

01:01:43,829 --> 01:01:40,880

strength pride uh integrity and it's the

1355

01:01:46,230 --> 01:01:43,839

president of ukraine

1356

01:01:47,670 --> 01:01:46,240

at the very least

1357

01:01:49,990 --> 01:01:47,680

we have a new hero

1358

01:01:50,000 --> 01:01:58,550

peace
