

# THE NAVY DOCS JUST RELEASED DRONES?

1  
00:01:01,830 --> 00:00:25,840  
[Music]

2  
00:01:07,670 --> 00:01:04,710  
what's up everybody happy friday uh we

3  
00:01:11,590 --> 00:01:09,429  
we're knocking at the door of the

4  
00:01:12,390 --> 00:01:11,600  
freaking weekend

5  
00:01:13,670 --> 00:01:12,400  
that's

6  
00:01:15,749 --> 00:01:13,680  
not bad

7  
00:01:17,270 --> 00:01:15,759  
depending on you know some people work

8  
00:01:19,830 --> 00:01:17,280  
on the weekend

9  
00:01:20,789 --> 00:01:19,840  
some people don't you know all that kind

10  
00:01:21,990 --> 00:01:20,799  
of stuff

11  
00:01:25,109 --> 00:01:22,000  
but

12  
00:01:27,830 --> 00:01:25,119  
um i'm looking forward to doing my best

13  
00:01:29,830 --> 00:01:27,840

to go over some of these uh navy

14

00:01:33,270 --> 00:01:29,840

documents that

15

00:01:35,190 --> 00:01:33,280

have come out recently

16

00:01:37,590 --> 00:01:35,200

um through voyas

17

00:01:40,069 --> 00:01:37,600

and there's a lot there i'll tell you

18

00:01:40,950 --> 00:01:40,079

that that's for sure there is a ton

19

00:01:42,870 --> 00:01:40,960

there

20

00:01:44,310 --> 00:01:42,880

it's hard to

21

00:01:46,469 --> 00:01:44,320

kind of

22

00:01:47,429 --> 00:01:46,479

you know get some context for everything

23

00:01:48,630 --> 00:01:47,439

and

24

00:01:51,270 --> 00:01:48,640

you know just

25

00:01:54,389 --> 00:01:51,280

really be able to put everything

26

00:01:55,749 --> 00:01:54,399

uh together as there's just a lot going

27

00:01:57,510 --> 00:01:55,759

on i mean when we're looking at this

28

00:02:01,109 --> 00:01:57,520

stuff a lot of it's like deck logs ship

29

00:02:03,190 --> 00:02:01,119

logs for for the russell in 2019 in july

30

00:02:05,910 --> 00:02:03,200

and then we have a bunch of email chains

31

00:02:08,150 --> 00:02:05,920

and um then we have some

32

00:02:10,150 --> 00:02:08,160

like what look like uh individual uh

33

00:02:11,430 --> 00:02:10,160

sighting reports uh which are pretty

34

00:02:13,430 --> 00:02:11,440

interesting

35

00:02:15,270 --> 00:02:13,440

um so

36

00:02:18,150 --> 00:02:15,280

you know i'm not gonna be able to cover

37

00:02:20,309 --> 00:02:18,160

you know everything because there is

38

00:02:22,630 --> 00:02:20,319

just so much there but

39

00:02:24,949 --> 00:02:22,640

um i did what i could to

40

00:02:26,710 --> 00:02:24,959

kind of go over

41

00:02:29,270 --> 00:02:26,720

you know

42

00:02:31,190 --> 00:02:29,280

as much as i could i i suppose

43

00:02:33,750 --> 00:02:31,200

uh before the show

44

00:02:35,750 --> 00:02:33,760

um so i could you know kind of talk

45

00:02:38,309 --> 00:02:35,760

about the different things so i kind of

46

00:02:39,430 --> 00:02:38,319

picked a couple documents

47

00:02:40,790 --> 00:02:39,440

from

48

00:02:42,390 --> 00:02:40,800

i don't know i guess like different

49

00:02:44,710 --> 00:02:42,400

types of categories i guess you could

50

00:02:44,720 --> 00:02:47,509

um

51  
00:02:52,150 --> 00:02:51,030  
what i'm really looking for it now

52  
00:02:53,830 --> 00:02:52,160  
is

53  
00:02:56,390 --> 00:02:53,840  
a

54  
00:02:59,430 --> 00:02:56,400  
ufo video

55  
00:03:01,509 --> 00:02:59,440  
to kind of put this stuff in some

56  
00:03:04,309 --> 00:03:01,519  
context here for you i mean i know

57  
00:03:06,710 --> 00:03:04,319  
you've all seen it already like pyramid

58  
00:03:09,670 --> 00:03:06,720  
ufo videos

59  
00:03:15,030 --> 00:03:09,680  
that mr corbell came out with

60  
00:03:19,190 --> 00:03:16,550  
start with that

61  
00:03:20,149 --> 00:03:19,200  
so i'm just looking for that at the

62  
00:03:24,710 --> 00:03:20,159  
moment

63  
00:03:29,670 --> 00:03:26,949

but you know i don't know why it's so

64

00:03:31,509 --> 00:03:29,680

hard to find his original one

65

00:03:34,070 --> 00:03:31,519

so we just might have to listen to a

66

00:03:37,509 --> 00:03:34,080

news report first so whatever

67

00:03:41,509 --> 00:03:37,519

that's what we'll have to do i guess

68

00:03:44,070 --> 00:03:41,519

so we'll get this started by

69

00:03:44,080 --> 00:03:47,589

sure in that

70

00:03:56,229 --> 00:03:51,350

and then we'll get into some of the

71

00:04:03,990 --> 00:03:58,630

because it kind of helps put things into

72

00:04:08,149 --> 00:04:06,149

by the us navy he says that this is the

73

00:04:09,750 --> 00:04:08,159

best ufo video that has ever been

74

00:04:13,350 --> 00:04:09,760

released to the public but there are a

75

00:04:16,710 --> 00:04:14,710

who are they

76

00:04:19,030 --> 00:04:16,720

where are they from

77

00:04:20,710 --> 00:04:19,040

and what is their intent all questions

78

00:04:23,430 --> 00:04:20,720

that immediately come to mind with the

79

00:04:24,469 --> 00:04:23,440

mention of ufos we are now at a tipping

80

00:04:27,350 --> 00:04:24,479

point

81

00:04:29,270 --> 00:04:27,360

it is time to let the public know

82

00:04:31,510 --> 00:04:29,280

what is known

83

00:04:32,469 --> 00:04:31,520

what no matter how big or small what is

84

00:04:34,950 --> 00:04:32,479

known

85

00:04:37,030 --> 00:04:34,960

about the ufo presence on planet earth

86

00:04:39,030 --> 00:04:37,040

la-based investigative filmmaker jeremy

87

00:04:40,790 --> 00:04:39,040

corbell recently released this video

88

00:04:43,110 --> 00:04:40,800

taken by the navy showing what he

89

00:04:45,110 --> 00:04:43,120

describes as pyramid-shaped ufos flying

90

00:04:49,030 --> 00:04:45,120

over the uss russell off the san diego

91

00:04:51,749 --> 00:04:49,040

coast in july of 2019. ufos are real

92

00:04:54,390 --> 00:04:51,759

they're flying with impunity within our

93

00:04:57,430 --> 00:04:54,400

restricted airspace they represent an

94

00:04:58,629 --> 00:04:57,440

advanced and sophisticated technology

95

00:05:00,310 --> 00:04:58,639

and

96

00:05:03,189 --> 00:05:00,320

it's a technology

97

00:05:05,430 --> 00:05:03,199

that requires scientific scrutiny and

98

00:05:07,510 --> 00:05:05,440

study the pentagon has since confirmed

99

00:05:09,270 --> 00:05:07,520

that the video is authentic it's part of

100

00:05:11,430 --> 00:05:09,280

a recent data dump by corbell and

101  
00:05:17,590 --> 00:05:11,440  
investigative reporter george knapp

102  
00:05:20,950 --> 00:05:19,350  
so you got to get the gist of it there

103  
00:05:22,830 --> 00:05:20,960  
right so

104  
00:05:25,990 --> 00:05:22,840  
the reason i played that video is

105  
00:05:29,670 --> 00:05:26,000  
because um what i looked at were the the

106  
00:05:34,469 --> 00:05:29,680  
deck logs for the russell in 2019 um if

107  
00:05:36,390 --> 00:05:34,479  
anybody knows the exact date of that um

108  
00:05:38,070 --> 00:05:36,400  
of that sighting

109  
00:05:39,590 --> 00:05:38,080  
send that along to me in the chat or

110  
00:05:41,430 --> 00:05:39,600  
something that would be great

111  
00:05:45,510 --> 00:05:41,440  
um

112  
00:05:47,510 --> 00:05:45,520  
i couldn't find the exact date anywhere

113  
00:05:50,150 --> 00:05:47,520

in all the reports or anything

114

00:05:52,629 --> 00:05:50,160

so um what we're working with is july of

115

00:05:54,310 --> 00:05:52,639

2019 if there is an exact date let me

116

00:05:56,550 --> 00:05:54,320

know that'd be great

117

00:05:58,629 --> 00:05:56,560

um otherwise yeah we're just looking at

118

00:06:02,870 --> 00:05:58,639

july 2019 here

119

00:06:04,870 --> 00:06:02,880

um first what we'll start with today

120

00:06:17,350 --> 00:06:04,880

is

121

00:06:21,270 --> 00:06:17,360

video it was uss russell july 2019 i'm

122

00:06:23,350 --> 00:06:21,280

not sure what the exact date is

123

00:06:25,590 --> 00:06:23,360

unfortunately

124

00:06:27,670 --> 00:06:25,600

so this is what we're going to start

125

00:06:29,909 --> 00:06:27,680

with

126

00:06:31,749 --> 00:06:29,919

let me get it set up here

127

00:06:35,990 --> 00:06:31,759

ironically

128

00:06:40,469 --> 00:06:36,000

it starts with an email about mr

129

00:06:42,550 --> 00:06:40,479

uh well not george nip specifically but

130

00:06:45,350 --> 00:06:42,560

um so i'm just gonna go through these

131

00:06:48,309 --> 00:06:45,360

kind of here i you know i can't really

132

00:06:50,710 --> 00:06:48,319

give you like a synopsis or a or end

133

00:06:52,629 --> 00:06:50,720

goal to any of this stuff right but what

134

00:06:53,990 --> 00:06:52,639

i'm going to do

135

00:06:56,150 --> 00:06:54,000

um

136

00:06:58,710 --> 00:06:56,160

is just go through it with you

137

00:07:00,469 --> 00:06:58,720

so first we have

138

00:07:03,350 --> 00:07:00,479

you know there's a lot of redactions

139

00:07:06,309 --> 00:07:03,360

unfortunately we have a ufo

140

00:07:08,309 --> 00:07:06,319

uh media query

141

00:07:10,629 --> 00:07:08,319

and we have good afternoon we received

142

00:07:12,710 --> 00:07:10,639

this query about the ufo story that has

143

00:07:14,230 --> 00:07:12,720

been in the news cycle lately there is a

144

00:07:15,830 --> 00:07:14,240

document that he is asking about

145

00:07:17,990 --> 00:07:15,840

regarding the release of information to

146

00:07:18,870 --> 00:07:18,000

the public can you advise please thank

147

00:07:21,029 --> 00:07:18,880

you

148

00:07:23,029 --> 00:07:21,039

um and

149

00:07:24,150 --> 00:07:23,039

so then we continue on and we can kind

150

00:07:27,830 --> 00:07:24,160

of see

151

00:07:28,830 --> 00:07:27,840

um that kl a s that's mr george's

152

00:07:32,550 --> 00:07:28,840

station

153

00:07:35,110 --> 00:07:32,560

um is you know mentioned here so we

154

00:07:37,909 --> 00:07:35,120

spoke on the phone

155

00:07:40,390 --> 00:07:37,919

excellent i saw 20 i saw that for the

156

00:07:41,749 --> 00:07:40,400

omaha i wasn't sure if that was the the

157

00:07:46,629 --> 00:07:41,759

omaha though

158

00:07:49,110 --> 00:07:47,589

but

159

00:07:51,189 --> 00:07:49,120

uh we spoke on the phone this morning

160

00:07:53,990 --> 00:07:51,199

i've attached a dd at 1910 clearance

161

00:07:56,550 --> 00:07:54,000

request that was released by klas

162

00:07:58,950 --> 00:07:56,560

so they're basically talking about

163

00:08:01,830 --> 00:07:58,960

i'm getting some information for flea

164

00:08:03,670 --> 00:08:01,840

videos captured by the f-18s which one

165

00:08:06,150 --> 00:08:03,680

of them is making the news i think you

166

00:08:08,230 --> 00:08:06,160

know we know the gimbal that tic tac so

167

00:08:11,670 --> 00:08:08,240

it's probably in regards to those

168

00:08:14,230 --> 00:08:11,680

um talking about now this is you know a

169

00:08:16,230 --> 00:08:14,240

lot of this stuff here is about um

170

00:08:17,510 --> 00:08:16,240

general messaging that they want to tell

171

00:08:19,029 --> 00:08:17,520

the media

172

00:08:21,350 --> 00:08:19,039

um about

173

00:08:25,350 --> 00:08:21,360

you know these kind of occurrences

174

00:08:27,990 --> 00:08:25,360

um interesting to note here joseph uh

175

00:08:29,990 --> 00:08:28,000

radisher i guess you could say uh he's

176

00:08:31,189 --> 00:08:30,000

mentioned a whole bunch and all this

177

00:08:32,230 --> 00:08:31,199

stuff

178

00:08:34,149 --> 00:08:32,240

so

179

00:08:36,469 --> 00:08:34,159

that is a

180

00:08:39,350 --> 00:08:36,479

person that's involved with this stuff i

181

00:08:41,430 --> 00:08:39,360

don't know too much about him um but he

182

00:08:44,710 --> 00:08:41,440

seems important

183

00:08:47,990 --> 00:08:46,230

um

184

00:08:49,750 --> 00:08:48,000

talking about a little bit more about

185

00:08:51,590 --> 00:08:49,760

the statements that they want to send

186

00:08:54,949 --> 00:08:51,600

out to people

187

00:08:56,470 --> 00:08:54,959

um they're heavily you know you can tell

188

00:08:57,829 --> 00:08:56,480

throughout this it's all it's all about

189

00:09:00,870 --> 00:08:57,839

what they want to say

190

00:09:02,310 --> 00:09:00,880

so this is an updated statement

191

00:09:04,230 --> 00:09:02,320

uh there have been a number of reports

192

00:09:05,910 --> 00:09:04,240

of unauthorized and or identified

193

00:09:07,590 --> 00:09:05,920

aircraft entering various military

194

00:09:08,870 --> 00:09:07,600

controlled ranges doesn't get airspace

195

00:09:10,630 --> 00:09:08,880

in recent years

196

00:09:12,949 --> 00:09:10,640

recent years you know first of all it's

197

00:09:15,269 --> 00:09:12,959

funny because on this show

198

00:09:16,470 --> 00:09:15,279

we tackle that history so in recent

199

00:09:17,990 --> 00:09:16,480

years

200

00:09:22,389 --> 00:09:18,000

um

201  
00:09:24,389 --> 00:09:22,399  
it's just ignoring uh 80 years probably

202  
00:09:26,150 --> 00:09:24,399  
usaf take these reports very seriously

203  
00:09:28,310 --> 00:09:26,160  
and investigate each and every report i

204  
00:09:30,150 --> 00:09:28,320  
bet you do as a part of this effort the

205  
00:09:32,150 --> 00:09:30,160  
navy is updating and formalizing the

206  
00:09:33,670 --> 00:09:32,160  
process which reports of any such

207  
00:09:35,590 --> 00:09:33,680  
suspected incursions can be made to the

208  
00:09:37,430 --> 00:09:35,600  
cognitive authorities interesting

209  
00:09:39,110 --> 00:09:37,440  
because yesterday

210  
00:09:40,790 --> 00:09:39,120  
we went over

211  
00:09:47,269 --> 00:09:40,800  
how they were

212  
00:09:50,870 --> 00:09:49,350  
navy officials have provided a series of

213  
00:09:53,030 --> 00:09:50,880

briefings by

214

00:09:55,430 --> 00:09:53,040

senior naval intelligence officials as

215

00:09:58,870 --> 00:09:55,440

well as aviators who reported hazards to

216

00:10:01,990 --> 00:09:58,880

aviation safety and hazard

217

00:10:04,710 --> 00:10:02,000

is an important word for the documents

218

00:10:08,550 --> 00:10:04,720

that we go through hazard is used

219

00:10:13,910 --> 00:10:10,150

so they're talking about here to whom

220

00:10:17,430 --> 00:10:15,509

you know the two and fro are

221

00:10:20,710 --> 00:10:17,440

unfortunately blocked out but they're

222

00:10:22,230 --> 00:10:20,720

just talking a little bit more about

223

00:10:25,350 --> 00:10:22,240

this different kind of stuff but the

224

00:10:29,509 --> 00:10:28,069

here we go this last line lastly does

225

00:10:31,350 --> 00:10:29,519

the navy feel this story is best

226

00:10:35,910 --> 00:10:31,360

representing the reality

227

00:10:43,030 --> 00:10:39,590

um so this is to

228

00:10:46,710 --> 00:10:44,550

cbs this morning would still like to

229

00:10:48,550 --> 00:10:46,720

talk to you in the background about uap

230

00:10:50,790 --> 00:10:48,560

issues still what would be a good day

231

00:10:52,710 --> 00:10:50,800

for you this is interesting

232

00:10:53,910 --> 00:10:52,720

i remember when that 60 minutes piece

233

00:10:56,630 --> 00:10:53,920

came out

234

00:10:58,069 --> 00:10:56,640

there was a cbs this morning piece

235

00:11:00,630 --> 00:10:58,079

that same day

236

00:11:03,350 --> 00:11:00,640

that was everybody was pretty

237

00:11:05,269 --> 00:11:03,360

uh disappointed about

238

00:11:09,670 --> 00:11:05,279

uh they had the guy from seti on there

239

00:11:14,470 --> 00:11:11,750

um so that's interesting

240

00:11:16,389 --> 00:11:14,480

cbs this morning

241

00:11:21,030 --> 00:11:16,399

i'm

242

00:11:24,230 --> 00:11:22,389

and they're just pretty much talking

243

00:11:28,949 --> 00:11:24,240

about a time that they can get together

244

00:11:34,630 --> 00:11:31,670

we're gonna keep going

245

00:11:36,949 --> 00:11:34,640

our subject matter expert so there it is

246

00:11:38,389 --> 00:11:36,959

he's the subject matter expert

247

00:11:39,829 --> 00:11:38,399

um

248

00:11:41,269 --> 00:11:39,839

he's very busy today could speak with

249

00:11:43,269 --> 00:11:41,279

you in the background about this topic

250

00:11:44,710 --> 00:11:43,279

for five minutes around four pm five

251  
00:11:48,310 --> 00:11:44,720  
minutes

252  
00:11:49,350 --> 00:11:48,320  
back around the ufos

253  
00:11:56,990 --> 00:11:49,360  
and

254  
00:11:59,829 --> 00:11:57,000  
was a part two

255  
00:12:00,870 --> 00:11:59,839  
[Laughter]

256  
00:12:03,829 --> 00:12:00,880  
okay

257  
00:12:07,110 --> 00:12:03,839  
uh more more cbs uh this morning stuff

258  
00:12:09,190 --> 00:12:07,120  
gail king nora john dickerson

259  
00:12:12,389 --> 00:12:09,200  
i'd like to take a closer look at the

260  
00:12:15,269 --> 00:12:13,750  
um

261  
00:12:17,030 --> 00:12:15,279  
you know just

262  
00:12:18,710 --> 00:12:17,040  
pretty much this is just correspondence

263  
00:12:19,990 --> 00:12:18,720

of media outlets trying to get

264

00:12:20,949 --> 00:12:20,000  
information

265

00:12:22,629 --> 00:12:20,959  
and

266

00:12:26,949 --> 00:12:22,639  
the government trying to line up what

267

00:12:29,910 --> 00:12:28,150  
so

268

00:12:31,350 --> 00:12:29,920  
i'm just going to go keep going through

269

00:12:40,150 --> 00:12:31,360  
it you can read it as we go through it

270

00:12:46,629 --> 00:12:44,550  
yeah so just to give you a heads up um

271

00:12:48,710 --> 00:12:46,639  
i can give you the

272

00:12:53,110 --> 00:12:48,720  
link here

273

00:12:58,069 --> 00:12:55,030  
although it's like when i tried to paste

274

00:12:59,110 --> 00:12:58,079  
that it was extremely long

275

00:13:00,710 --> 00:12:59,120  
so

276

00:13:04,550 --> 00:13:00,720

i don't know hopefully

277

00:13:07,990 --> 00:13:06,710

i have no idea

278

00:13:09,990 --> 00:13:08,000

uh

279

00:13:11,750 --> 00:13:10,000

hopefully i can but

280

00:13:15,110 --> 00:13:11,760

maybe not

281

00:13:20,069 --> 00:13:15,120

um it's under a ufo folder

282

00:13:23,030 --> 00:13:20,079

which inside that is a uap folder

283

00:13:25,110 --> 00:13:23,040

so what is it for uab i don't know

284

00:13:26,949 --> 00:13:25,120

so yeah we got a lot of redactions here

285

00:13:28,710 --> 00:13:26,959

uh thanks for getting back to me more

286

00:13:30,790 --> 00:13:28,720

emails more emails

287

00:13:33,190 --> 00:13:30,800

very busy sorry

288

00:13:36,230 --> 00:13:33,200

a bunch of bullcrap bunch of bull crap

289

00:13:39,110 --> 00:13:36,240

there is a specific um reason that i

290

00:13:42,230 --> 00:13:39,120

think these emails are important

291

00:13:43,509 --> 00:13:42,240

um that we will get to

292

00:13:45,750 --> 00:13:43,519

eventually

293

00:13:49,189 --> 00:13:45,760

sir here's another uh regarding some

294

00:13:53,189 --> 00:13:51,110

talking about standardizing procedures

295

00:13:57,030 --> 00:13:53,199

for ufo sightings it's a

296

00:14:00,069 --> 00:13:58,150

and

297

00:14:01,670 --> 00:14:00,079

got the below query from cnn sent the

298

00:14:04,470 --> 00:14:01,680

original statement so that statement

299

00:14:10,629 --> 00:14:04,480

that we just saw that they finalized or

300

00:14:15,110 --> 00:14:13,030

interesting here they received a query

301  
00:14:16,389 --> 00:14:15,120  
from aerospace america which i believe

302  
00:14:20,230 --> 00:14:16,399  
is a magazine

303  
00:14:22,389 --> 00:14:20,240  
yep it's a magazine of the i-a-i-a-a

304  
00:14:25,430 --> 00:14:22,399  
which keep in mind they

305  
00:14:27,350 --> 00:14:25,440  
um are now i guess on the record as

306  
00:14:28,949 --> 00:14:27,360  
investigating uaps

307  
00:14:32,069 --> 00:14:28,959  
um including

308  
00:14:35,110 --> 00:14:32,079  
one uh ryan graves who

309  
00:14:37,990 --> 00:14:35,120  
was a witness to the

310  
00:14:41,030 --> 00:14:38,000  
cuban sphere ufo that they saw every day

311  
00:14:42,230 --> 00:14:41,040  
for years and was on 60 minutes

312  
00:14:46,629 --> 00:14:42,240  
just a little

313  
00:14:52,150 --> 00:14:46,639

back story on who they are i a

314

00:14:56,790 --> 00:14:53,750

and

315

00:15:00,629 --> 00:14:56,800

you've been in the aerospace game

316

00:15:03,829 --> 00:15:00,639

for a very long time and they also have

317

00:15:06,310 --> 00:15:03,839

ufo stuff as well so they're not new to

318

00:15:07,990 --> 00:15:06,320

this at all

319

00:15:11,590 --> 00:15:08,000

but it's interesting that they were

320

00:15:13,670 --> 00:15:11,600

sending emails to get responses to

321

00:15:16,069 --> 00:15:13,680

or the magazine for them got some

322

00:15:17,269 --> 00:15:16,079

queries on this in the inbox for chinfo

323

00:15:19,430 --> 00:15:17,279

duty

324

00:15:21,189 --> 00:15:19,440

um

325

00:15:24,389 --> 00:15:21,199

you know i wanted to look up what that

326

00:15:29,110 --> 00:15:27,670

because i'm not exactly sure what that

327

00:15:39,110 --> 00:15:29,120

is

328

00:15:40,870 --> 00:15:39,120

to do a just a real quick

329

00:15:43,030 --> 00:15:40,880

google search

330

00:15:44,710 --> 00:15:43,040

pops up sometimes you get lucky

331

00:15:46,629 --> 00:15:44,720

and

332

00:15:52,829 --> 00:15:46,639

do what it is

333

00:16:01,269 --> 00:15:56,629

gotcha was easy got some queries uh for

334

00:16:03,670 --> 00:16:01,279

the navy chief of information

335

00:16:05,829 --> 00:16:03,680

so it's interesting because um even

336

00:16:09,509 --> 00:16:05,839

during like the blue book days

337

00:16:11,749 --> 00:16:09,519

um the s s-a-f-o-i was

338

00:16:14,150 --> 00:16:11,759

their public relations department and

339

00:16:17,430 --> 00:16:14,160

they put so much effort

340

00:16:19,430 --> 00:16:17,440

into that public relations department

341

00:16:21,749 --> 00:16:19,440

during blue book

342

00:16:23,829 --> 00:16:21,759

or their attic ufo studies

343

00:16:26,069 --> 00:16:23,839

there's even discussion of you know

344

00:16:29,829 --> 00:16:26,079

transferring most of the project to

345

00:16:31,990 --> 00:16:29,839

public relations at one point

346

00:16:34,389 --> 00:16:32,000

and they talked about how eighty percent

347

00:16:37,430 --> 00:16:34,399

of the project is public relations it's

348

00:16:40,310 --> 00:16:37,440

just very interesting

349

00:16:43,350 --> 00:16:40,320

to whom may concern so yep just uh we

350

00:16:50,310 --> 00:16:45,670

sent this to the front office

351  
00:16:57,350 --> 00:16:52,389  
and

352  
00:17:01,509 --> 00:16:59,509  
i'm not seeing exactly what i wanted to

353  
00:17:03,110 --> 00:17:01,519  
show but i know it's towards the end a

354  
00:17:06,630 --> 00:17:03,120  
little bit so i'm going to skip some

355  
00:17:11,909 --> 00:17:09,270  
here's an email a television producer in

356  
00:17:14,069 --> 00:17:11,919  
fancy la

357  
00:17:16,309 --> 00:17:14,079  
he can give you a list of

358  
00:17:19,029 --> 00:17:16,319  
credentials if needed

359  
00:17:21,909 --> 00:17:19,039  
basically just wanted to get information

360  
00:17:24,549 --> 00:17:21,919  
on to the stars

361  
00:17:26,789 --> 00:17:24,559  
and you know the start of all that stuff

362  
00:17:29,190 --> 00:17:26,799  
you know it's funny because

363  
00:17:31,669 --> 00:17:29,200

some like this email the person put a

364

00:17:33,669 --> 00:17:31,679

good amount of effort into making it you

365

00:17:35,430 --> 00:17:33,679

know professional and nice

366

00:17:36,620 --> 00:17:35,440

and you know they just send the same

367

00:17:38,549 --> 00:17:36,630

statement to everybody

368

00:17:39,270 --> 00:17:38,559

[Laughter]

369

00:17:41,830 --> 00:17:39,280

so

370

00:17:46,710 --> 00:17:41,840

it doesn't matter what you say

371

00:17:49,350 --> 00:17:48,390

um

372

00:17:53,750 --> 00:17:49,360

so

373

00:17:56,230 --> 00:17:53,760

the program going to be put in place the

374

00:17:58,310 --> 00:17:56,240

white periphelation

375

00:17:59,990 --> 00:17:58,320

and availability of inexpensive unmanned

376

00:18:01,990 --> 00:18:00,000

aerial systems such as commercially

377

00:18:04,390 --> 00:18:02,000

available quadcopters has increasingly

378

00:18:07,590 --> 00:18:04,400

made airspace deconfliction an issue for

379

00:18:12,830 --> 00:18:10,870

so their responses here

380

00:18:15,510 --> 00:18:12,840

are

381

00:18:17,029 --> 00:18:15,520

drones and the commercial use of drones

382

00:18:21,029 --> 00:18:17,039

and how that has

383

00:18:22,390 --> 00:18:21,039

uh become very difficult for them

384

00:18:24,230 --> 00:18:22,400

why is it important that these

385

00:18:25,909 --> 00:18:24,240

procedures are in place military and

386

00:18:27,590 --> 00:18:25,919

civilian aviation have always had

387

00:18:29,909 --> 00:18:27,600

channels for reporting airspace

388

00:18:31,750 --> 00:18:29,919

violations and hazards to aviation

389

00:18:33,590 --> 00:18:31,760

safety authorities however they

390

00:18:34,710 --> 00:18:33,600

recognized that more specific guidelines

391

00:18:37,430 --> 00:18:34,720

were needed in order to bring

392

00:18:39,029 --> 00:18:37,440

consistency to the reporting the us navy

393

00:18:41,110 --> 00:18:39,039

continues to operate and train safely

394

00:18:43,110 --> 00:18:41,120

throughout the world

395

00:18:44,390 --> 00:18:43,120

um well the report speak public the

396

00:18:46,789 --> 00:18:44,400

information obtained from each

397

00:18:48,630 --> 00:18:46,799

individual report of suspected training

398

00:18:50,470 --> 00:18:48,640

range incursion

399

00:18:51,990 --> 00:18:50,480

will continue to be investigated in its

400

00:18:53,669 --> 00:18:52,000

own right the information obtained in

401  
00:18:56,150 --> 00:18:53,679  
these reports will be

402  
00:18:58,150 --> 00:18:56,160  
catalogued and analyzed for the purpose

403  
00:18:59,510 --> 00:18:58,160  
of identifying any hazard to our

404  
00:19:00,950 --> 00:18:59,520  
aviators

405  
00:19:02,950 --> 00:19:00,960  
the process could involve multiple

406  
00:19:05,350 --> 00:19:02,960  
department of defense

407  
00:19:08,390 --> 00:19:05,360  
and intelligence community organizations

408  
00:19:10,470 --> 00:19:08,400  
uh uap task force basically

409  
00:19:12,549 --> 00:19:10,480  
military aviation safety organizations

410  
00:19:15,190 --> 00:19:12,559  
always retain reporting of hazards to

411  
00:19:17,430 --> 00:19:15,200  
aviation as privileged information

412  
00:19:19,909 --> 00:19:17,440  
in order to preserve the free and honest

413  
00:19:22,830 --> 00:19:19,919

prioritization and discussion of safety

414

00:19:28,870 --> 00:19:26,630  
aircrew so in another set of um

415

00:19:31,990 --> 00:19:28,880  
emails

416

00:19:34,870 --> 00:19:32,000  
you know they definitely

417

00:19:34,880 --> 00:19:40,230  
the frustration with incursions

418

00:19:42,549 --> 00:19:41,029  
like

419

00:19:43,750 --> 00:19:42,559  
that doesn't include

420

00:19:45,510 --> 00:19:43,760  
these

421

00:19:48,870 --> 00:19:45,520  
media people

422

00:19:50,470 --> 00:19:48,880  
but it's like 170 some pages

423

00:19:52,070 --> 00:19:50,480  
but i'm getting to

424

00:19:54,789 --> 00:19:52,080  
the important part so we can just move

425

00:20:01,190 --> 00:19:57,830  
because this is all just

426  
00:20:03,590 --> 00:20:01,200  
nothing overly really important it's

427  
00:20:05,029 --> 00:20:03,600  
just kind of

428  
00:20:06,390 --> 00:20:05,039  
you know these people emailing each

429  
00:20:07,510 --> 00:20:06,400  
other but it's nothing

430  
00:20:09,190 --> 00:20:07,520  
like

431  
00:20:12,149 --> 00:20:09,200  
you know we gotta hide the aliens from

432  
00:20:15,510 --> 00:20:12,159  
them what are we gonna say

433  
00:20:20,549 --> 00:20:18,630  
j stratton at o n i provided most of the

434  
00:20:21,909 --> 00:20:20,559  
info i used to respond to media

435  
00:20:25,350 --> 00:20:21,919  
inquiries

436  
00:20:28,710 --> 00:20:26,870  
so

437  
00:20:30,950 --> 00:20:28,720  
this guy we were talking about joe

438  
00:20:32,390 --> 00:20:30,960

gredisher

439

00:20:38,070 --> 00:20:32,400

got

440

00:20:43,270 --> 00:20:41,430

so looks like chase stratton is even

441

00:20:48,870 --> 00:20:43,280

possibly

442

00:20:55,830 --> 00:20:49,590

so

443

00:20:58,789 --> 00:20:55,840

email remember me from navy i fell it

444

00:21:00,549 --> 00:20:58,799

was the guy before the famous

445

00:21:02,789 --> 00:21:00,559

hmm

446

00:21:05,750 --> 00:21:02,799

the famous what

447

00:21:07,669 --> 00:21:05,760

probably tic tac event i would imagine

448

00:21:10,630 --> 00:21:07,679

uh first of all hope all is well anyway

449

00:21:11,830 --> 00:21:10,640

i'm here at odni working this and that

450

00:21:15,270 --> 00:21:11,840

odie and i

451

00:21:19,029 --> 00:21:16,950

here a group was discussing the press

452

00:21:20,630 --> 00:21:19,039

reports about navy's new process office

453

00:21:23,270 --> 00:21:20,640

for dealing with aviators reports of

454

00:21:25,909 --> 00:21:23,280

ufos they remember that a former navy

455

00:21:28,830 --> 00:21:25,919

and asked who might know more about this

456

00:21:31,029 --> 00:21:28,840

report first told them to call

457

00:21:32,630 --> 00:21:31,039

chinfo but then i saw your name in one

458

00:21:33,909 --> 00:21:32,640

store and got a light bulb over my head

459

00:21:35,909 --> 00:21:33,919

punk

460

00:21:38,549 --> 00:21:35,919

so i figured i'd ask he

461

00:21:42,149 --> 00:21:38,559

ask if you knew anyone uh that knew the

462

00:21:45,830 --> 00:21:42,159

five w's etc

463

00:21:47,990 --> 00:21:45,840

i don't know what that means five w's

464

00:21:49,590 --> 00:21:48,000

no research project just if you happen

465

00:21:51,110 --> 00:21:49,600

to know hey

466

00:21:54,470 --> 00:21:51,120

you never know

467

00:21:56,789 --> 00:21:54,480

anyway all the best to the ntnc

468

00:22:00,549 --> 00:21:56,799

interesting 5ws

469

00:22:06,070 --> 00:22:02,470

so

470

00:22:10,870 --> 00:22:08,870

getting there more statement stuff

471

00:22:12,789 --> 00:22:10,880

uh gold team is pretty interesting

472

00:22:16,149 --> 00:22:12,799

what's the gold team

473

00:22:21,029 --> 00:22:16,159

looping in mr gradisher and gold team if

474

00:22:24,950 --> 00:22:23,110

gold team so maybe

475

00:22:28,149 --> 00:22:24,960

next time i do something on this i'll do

476  
00:22:29,510 --> 00:22:28,159  
some research into those couple things

477  
00:22:31,110 --> 00:22:29,520  
and

478  
00:22:37,190 --> 00:22:31,120  
give kind of an update if there's

479  
00:22:41,990 --> 00:22:39,430  
so this is interesting because

480  
00:22:43,669 --> 00:22:42,000  
somebody is contacting a

481  
00:22:45,270 --> 00:22:43,679  
military pilot

482  
00:22:47,190 --> 00:22:45,280  
and they're discussing it between

483  
00:22:51,270 --> 00:22:47,200  
themselves

484  
00:22:52,830 --> 00:22:51,280  
and how they need to tell other pilots

485  
00:22:55,510 --> 00:22:52,840  
to

486  
00:22:58,230 --> 00:22:55,520  
basically you know be aware that they

487  
00:23:00,070 --> 00:22:58,240  
may be contact or hounded by media vt9

488  
00:23:01,990 --> 00:23:00,080

instructor pilot has been contacted by

489

00:23:03,350 --> 00:23:02,000

new york times and a e about a potential

490

00:23:06,390 --> 00:23:03,360

ufo sighting which occurred in the

491

00:23:08,950 --> 00:23:06,400

atlantic in 2015. he was flying with his

492

00:23:11,190 --> 00:23:08,960

wso from theodore roosevelt

493

00:23:13,669 --> 00:23:11,200

uh when they noticed flying object that

494

00:23:16,230 --> 00:23:13,679

had a heat signature that was unlike any

495

00:23:18,230 --> 00:23:16,240

aircraft they had seen the wso who now

496

00:23:21,830 --> 00:23:18,240

works at pentagon has already spoken to

497

00:23:24,070 --> 00:23:21,840

andy in new york times and given our guy

498

00:23:28,549 --> 00:23:24,080

to them as a potential person who could

499

00:23:28,559 --> 00:23:34,310

interesting

500

00:23:37,590 --> 00:23:35,669

you will not speak to the press just

501  
00:23:39,430 --> 00:23:37,600  
wondering what guidance you have for us

502  
00:23:42,070 --> 00:23:39,440  
as we've seen stories recently on this

503  
00:23:44,230 --> 00:23:42,080  
issue he will not respond until he gets

504  
00:23:45,830 --> 00:23:44,240  
clearance from us

505  
00:23:48,710 --> 00:23:45,840  
please advise your thoughts on this

506  
00:23:53,269 --> 00:23:51,110  
so

507  
00:23:56,950 --> 00:23:53,279  
this is kind of interesting

508  
00:24:03,029 --> 00:23:58,230  
that

509  
00:24:07,269 --> 00:24:04,789  
who could corroborate a story won't

510  
00:24:10,310 --> 00:24:07,279  
speak unless he gets clearance from them

511  
00:24:14,789 --> 00:24:13,269  
so that to me

512  
00:24:16,710 --> 00:24:14,799  
you know without knowing if this guy has

513  
00:24:21,029 --> 00:24:16,720

ever come out and talked that's

514

00:24:24,549 --> 00:24:22,630

you know they're not just saying like

515

00:24:29,669 --> 00:24:24,559

yeah go ahead talk about your your

516

00:24:34,549 --> 00:24:32,149

and this is where it gets interesting

517

00:24:37,430 --> 00:24:34,559

well to me at least so

518

00:24:42,390 --> 00:24:37,440

right here in the to section

519

00:24:42,400 --> 00:24:50,149

she is a information warfare officer

520

00:24:50,159 --> 00:24:52,789

just so you know

521

00:24:59,110 --> 00:24:54,549

acting

522

00:25:04,310 --> 00:25:01,350

so my question is obviously we can't

523

00:25:09,350 --> 00:25:06,549

and we have nimitz right here nimitz

524

00:25:11,430 --> 00:25:09,360

operations intelligence dc

525

00:25:15,350 --> 00:25:11,440

uh then we have bielen wright

526  
00:25:15,360 --> 00:25:17,669  
what

527  
00:25:25,029 --> 00:25:19,510  
kind of warfare

528  
00:25:28,710 --> 00:25:27,350  
and that was the really the most

529  
00:25:30,630 --> 00:25:28,720  
important part of this whole thing i

530  
00:25:31,669 --> 00:25:30,640  
feel like to me

531  
00:25:41,669 --> 00:25:31,679  
is

532  
00:25:41,679 --> 00:25:47,350  
you know if they're using these

533  
00:25:53,029 --> 00:25:50,390  
u.s media outlets

534  
00:26:00,310 --> 00:25:53,039  
to conduct information warfare uh they

535  
00:26:00,320 --> 00:26:05,830  
so it's hard to say exactly

536  
00:26:10,789 --> 00:26:07,830  
what it is you know

537  
00:26:16,470 --> 00:26:10,799  
it's interesting that john stratton from

538  
00:26:25,110 --> 00:26:18,230

sends this to

539

00:26:28,789 --> 00:26:26,470

which is about

540

00:26:36,470 --> 00:26:28,799

the wide periphylation and availability

541

00:26:39,350 --> 00:26:37,269

so

542

00:26:43,590 --> 00:26:39,360

yeah

543

00:26:48,549 --> 00:26:46,470

make sure the post understands that

544

00:26:50,390 --> 00:26:48,559

we will have good answers that will be

545

00:26:53,909 --> 00:26:50,400

helpful for the article just need a

546

00:27:00,390 --> 00:26:53,919

little time signed lynn information

547

00:27:04,549 --> 00:27:02,230

we will have good answers that will be

548

00:27:13,029 --> 00:27:04,559

helpful for their article just need a

549

00:27:18,830 --> 00:27:15,830

you know are they continuing up with the

550

00:27:20,710 --> 00:27:18,840

debunking program

551  
00:27:22,950 --> 00:27:20,720  
possibly

552  
00:27:28,630 --> 00:27:22,960  
or the psychological warfare they were

553  
00:27:28,640 --> 00:27:33,029  
possibly

554  
00:27:40,710 --> 00:27:36,950  
so this stuff is not as

555  
00:27:45,990 --> 00:27:42,310  
black and white as we would like it to

556  
00:27:52,070 --> 00:27:49,669  
here you're getting honest inquiries

557  
00:27:58,389 --> 00:27:52,080  
and they're sending their

558  
00:28:02,789 --> 00:28:01,029  
this is interesting joe

559  
00:28:04,789 --> 00:28:02,799  
my last day of leave with the morning

560  
00:28:06,549 --> 00:28:04,799  
paper and a cup of coffee and whose name

561  
00:28:12,149 --> 00:28:06,559  
do i see in the article

562  
00:28:19,029 --> 00:28:14,710  
navy no release of ufo information to

563  
00:28:23,590 --> 00:28:21,029

the downside is that you'll now

564

00:28:26,549 --> 00:28:23,600

undoubtedly end up in ufo conspiracy

565

00:28:28,230 --> 00:28:26,559

theorist archives

566

00:28:31,430 --> 00:28:28,240

interesting hey

567

00:28:34,310 --> 00:28:31,440

how they talk about us

568

00:28:41,510 --> 00:28:36,470

so he's telling joe

569

00:28:47,909 --> 00:28:45,830

release of navy ufo information

570

00:28:50,230 --> 00:28:47,919

is not expected

571

00:28:51,909 --> 00:28:50,240

to the general public

572

00:28:53,590 --> 00:28:51,919

good work

573

00:28:56,710 --> 00:28:53,600

joe

574

00:29:05,590 --> 00:28:58,789

people will think you're in the new mj

575

00:29:08,870 --> 00:29:07,990

so yeah

576  
00:29:13,190 --> 00:29:08,880  
that's

577  
00:29:23,350 --> 00:29:17,110  
the next one i'm gonna go to here

578  
00:29:33,909 --> 00:29:26,710  
really complicated for me

579  
00:29:41,830 --> 00:29:35,830  
and these are

580  
00:29:50,310 --> 00:29:44,789  
and i'm going to try to make it as easy

581  
00:29:55,029 --> 00:29:53,350  
and you can see that right at the top

582  
00:29:55,990 --> 00:29:55,039  
you can see in the middle it says year

583  
00:29:57,350 --> 00:29:56,000  
month

584  
00:29:59,750 --> 00:29:57,360  
zone and day

585  
00:30:02,070 --> 00:29:59,760  
so it's july 16th

586  
00:30:03,990 --> 00:30:02,080  
2019

587  
00:30:05,990 --> 00:30:04,000  
and what i'm looking at here is record

588  
00:30:08,950 --> 00:30:06,000

of events of the day on the right hand

589

00:30:11,269 --> 00:30:08,960

side

590

00:30:13,190 --> 00:30:11,279

and a lot of this you'll see him use the

591

00:30:16,310 --> 00:30:13,200

same kind of

592

00:30:19,590 --> 00:30:16,320

language more or less all the time

593

00:30:20,870 --> 00:30:19,600

uh condition zebra set that's important

594

00:30:23,669 --> 00:30:20,880

zebra

595

00:30:27,430 --> 00:30:23,679

uh basically means

596

00:30:28,590 --> 00:30:27,440

let me look it up again but it was

597

00:30:31,269 --> 00:30:28,600

something about

598

00:30:33,029 --> 00:30:31,279

[Applause]

599

00:30:35,269 --> 00:30:33,039

let's see we're gonna set on the navy

600

00:30:37,830 --> 00:30:35,279

ship it means material condition zebra

601  
00:30:39,110 --> 00:30:37,840  
is set during general quarters shipwide

602  
00:30:41,029 --> 00:30:39,120  
casualties

603  
00:30:43,990 --> 00:30:41,039  
when entering and leaving port during

604  
00:30:46,950 --> 00:30:44,000  
war time or anytime the ship is in

605  
00:30:49,750 --> 00:30:46,960  
danger against fire flooding and other

606  
00:30:53,029 --> 00:30:50,470  
so

607  
00:30:57,830 --> 00:30:53,039  
doors labeled with a black x y or z

608  
00:31:00,149 --> 00:30:58,789  
so

609  
00:31:03,110 --> 00:31:00,159  
interesting

610  
00:31:05,350 --> 00:31:03,120  
um now a lot of this stuff can't really

611  
00:31:08,549 --> 00:31:05,360  
make much sense of it but

612  
00:31:11,990 --> 00:31:08,559  
um i'm gonna show you

613  
00:31:13,430 --> 00:31:12,000

at least the sense i made out of it when

614

00:31:14,310 --> 00:31:13,440

i get there and i'll explain it so you

615

00:31:19,669 --> 00:31:14,320

can

616

00:31:27,750 --> 00:31:23,269

um this loss of stw is interesting

617

00:31:27,760 --> 00:31:36,310

for the ship

618

00:31:39,909 --> 00:31:38,230

and there is

619

00:31:41,909 --> 00:31:39,919

again you know i wouldn't show this

620

00:31:43,190 --> 00:31:41,919

unless i had at least something to say

621

00:31:45,029 --> 00:31:43,200

about it so

622

00:31:47,590 --> 00:31:45,039

just bear with me while we get there all

623

00:31:49,750 --> 00:31:47,600

this seems to me as far as i can tell

624

00:31:50,789 --> 00:31:49,760

you know it's only so much i can tell

625

00:31:52,470 --> 00:31:50,799

because

626

00:31:54,789 --> 00:31:52,480

uh it's not my job to write this stuff

627

00:31:56,470 --> 00:31:54,799

or read this stuff and i'm just started

628

00:31:58,630 --> 00:31:56,480

doing it but it seems

629

00:31:59,590 --> 00:31:58,640

fairly

630

00:32:01,909 --> 00:31:59,600

uh

631

00:32:03,029 --> 00:32:01,919

at least standard or not so much you can

632

00:32:04,310 --> 00:32:03,039

take from it

633

00:32:06,669 --> 00:32:04,320

so

634

00:32:09,750 --> 00:32:06,679

this right here

635

00:32:11,990 --> 00:32:09,760

dct drills commence dc

636

00:32:13,909 --> 00:32:12,000

tt drills

637

00:32:16,950 --> 00:32:13,919

that's interesting

638

00:32:18,549 --> 00:32:16,960

so dct drills

639

00:32:20,310 --> 00:32:18,559

the reason i'm showing this is because

640

00:32:23,350 --> 00:32:20,320

it leads up to

641

00:32:28,710 --> 00:32:23,360

uh what we've heard about stupid teams

642

00:32:33,669 --> 00:32:31,830

so in order to kind of get a sense of

643

00:32:37,590 --> 00:32:33,679

what was going on at the time we have to

644

00:32:42,710 --> 00:32:40,549

right and we're on the 16th of july here

645

00:32:44,230 --> 00:32:42,720

um at eight

646

00:32:45,830 --> 00:32:44,240

nine o'clock in the morning

647

00:32:49,029 --> 00:32:45,840

9 20 in the morning

648

00:32:51,190 --> 00:32:49,039

we have commenced dct drills those are

649

00:32:53,509 --> 00:32:51,200

damage control

650

00:32:56,789 --> 00:32:53,519

training team

651  
00:32:59,990 --> 00:32:58,549  
what they do is

652  
00:33:01,590 --> 00:33:00,000  
i don't know what the drills are but

653  
00:33:04,549 --> 00:33:01,600  
what the team does

654  
00:33:06,149 --> 00:33:04,559  
is supposed to make sure everybody is

655  
00:33:08,149 --> 00:33:06,159  
knows what to do

656  
00:33:11,669 --> 00:33:08,159  
when things go down

657  
00:33:15,990 --> 00:33:13,990  
so i'm guessing the drills are

658  
00:33:20,149 --> 00:33:16,000  
you know trying to

659  
00:33:25,750 --> 00:33:22,710  
so okay so this one was all blacked out

660  
00:33:28,710 --> 00:33:25,760  
here and i believe

661  
00:33:34,789 --> 00:33:28,720  
this is on the 15th the day before

662  
00:33:39,990 --> 00:33:37,110  
then we have the end of day here so this

663  
00:33:42,149 --> 00:33:40,000

is like late late one in the morning

664

00:33:44,470 --> 00:33:42,159

or something right

665

00:33:48,070 --> 00:33:44,480

something like that

666

00:33:50,470 --> 00:33:48,080

28 59 that's pretty late

667

00:33:53,750 --> 00:33:50,480

and

668

00:33:59,909 --> 00:33:53,760

we see the

669

00:34:04,070 --> 00:34:01,909

maybe i'm just going too fast here i

670

00:34:06,950 --> 00:34:04,080

think

671

00:34:09,030 --> 00:34:06,960

yeah because

672

00:34:13,510 --> 00:34:09,040

i thought it was right here

673

00:34:16,230 --> 00:34:15,109

just try to find the right stuff so

674

00:34:17,349 --> 00:34:16,240

basically

675

00:34:19,669 --> 00:34:17,359

i mean

676  
00:34:21,270 --> 00:34:19,679  
what i'm trying to show here is that we

677  
00:34:25,190 --> 00:34:21,280  
have

678  
00:34:29,909 --> 00:34:27,270  
the ghostbuster team

679  
00:34:31,589 --> 00:34:29,919  
all around these

680  
00:34:36,790 --> 00:34:31,599  
you know

681  
00:34:38,389 --> 00:34:36,800  
dc tt drills damage control

682  
00:34:41,669 --> 00:34:38,399  
uh training team

683  
00:34:45,109 --> 00:34:43,349  
and it's interesting because you can see

684  
00:34:46,950 --> 00:34:45,119  
things that are

685  
00:34:49,510 --> 00:34:46,960  
having errors or going off and then

686  
00:34:51,909 --> 00:34:49,520  
coming back on this whole time like this

687  
00:34:52,790 --> 00:34:51,919  
uh euro arrow computed

688  
00:34:54,550 --> 00:34:52,800

um

689

00:34:57,270 --> 00:34:54,560

that seems to be kind of a common thing

690

00:34:59,990 --> 00:34:57,280

but that's your compass

691

00:35:01,430 --> 00:35:00,000

and then the barometer drops

692

00:35:03,430 --> 00:35:01,440

which is

693

00:35:09,430 --> 00:35:03,440

like a sign that

694

00:35:15,109 --> 00:35:12,470

right so and other things this xo is off

695

00:35:18,550 --> 00:35:15,119

the bridge co is off the bridge those

696

00:35:21,030 --> 00:35:18,560

are commanding officers basically

697

00:35:24,069 --> 00:35:21,040

oh okay here it is the snoopy team away

698

00:35:30,230 --> 00:35:27,589

and the snoopy team apparently

699

00:35:32,310 --> 00:35:30,240

comes out when the un unidentified comes

700

00:35:34,150 --> 00:35:32,320

around or whatever and tries to document

701  
00:35:37,670 --> 00:35:34,160  
it and take pictures and everything and

702  
00:35:41,030 --> 00:35:37,680  
this is on the 15th of july just like

703  
00:35:43,270 --> 00:35:41,040  
our friend in the chat here said

704  
00:35:47,910 --> 00:35:43,280  
um that the possible day of this pyramid

705  
00:35:52,550 --> 00:35:51,190  
rachel i think who said that

706  
00:35:53,589 --> 00:35:52,560  
so

707  
00:35:55,510 --> 00:35:53,599  
here we are

708  
00:35:59,829 --> 00:35:55,520  
at

709  
00:36:02,470 --> 00:35:59,839  
1548 which would be

710  
00:36:06,310 --> 00:36:02,480  
3 48 pm

711  
00:36:13,349 --> 00:36:07,670  
and

712  
00:36:18,710 --> 00:36:15,349  
we have some errors

713  
00:36:22,870 --> 00:36:20,310

and then all this blacked out stuff

714

00:36:24,150 --> 00:36:22,880

which i would assume

715

00:36:25,349 --> 00:36:24,160

is

716

00:36:31,910 --> 00:36:25,359

probably

717

00:36:35,510 --> 00:36:34,150

and we have more stuff going on major

718

00:36:37,030 --> 00:36:35,520

fault

719

00:36:44,150 --> 00:36:37,040

we have

720

00:36:52,310 --> 00:36:45,750

and then the end of day

721

00:36:58,069 --> 00:36:54,630

then shortly after

722

00:37:04,630 --> 00:36:58,079

all more of this stuff is happening

723

00:37:10,230 --> 00:37:08,069

um this fathom thing here that's like a

724

00:37:13,109 --> 00:37:10,240

phethometer or something it's called it

725

00:37:15,910 --> 00:37:13,119

measures the depth

726

00:37:17,510 --> 00:37:15,920

uh the ocean depth i guess

727

00:37:19,829 --> 00:37:17,520

and you'll see that

728

00:37:21,750 --> 00:37:19,839

kind of going down and up i won't spend

729

00:37:24,230 --> 00:37:21,760

too much time on this but here again the

730

00:37:25,510 --> 00:37:24,240

loss of the the steering

731

00:37:27,510 --> 00:37:25,520

here

732

00:37:32,550 --> 00:37:27,520

regained

733

00:37:40,150 --> 00:37:35,109

at 3 30 a.m it looks like maybe is that

734

00:37:44,310 --> 00:37:42,390

and

735

00:37:46,310 --> 00:37:44,320

yeah we keep going

736

00:37:48,829 --> 00:37:46,320

6 30 to 12.

737

00:37:52,150 --> 00:37:48,839

day keeps going nothing really

738

00:37:54,470 --> 00:37:52,160

interesting and

739

00:37:56,550 --> 00:37:54,480

we're still in the 16th

740

00:37:58,310 --> 00:37:56,560

and we have commence

741

00:37:59,030 --> 00:37:58,320

damage control

742

00:38:01,990 --> 00:37:59,040

uh

743

00:38:04,710 --> 00:38:02,000

training team drills

744

00:38:07,030 --> 00:38:04,720

on the 16th at 9 20.

745

00:38:17,510 --> 00:38:07,040

so basically

746

00:38:21,589 --> 00:38:19,589

so i don't know the only the the

747

00:38:23,990 --> 00:38:21,599

interest why this is interesting to me

748

00:38:27,349 --> 00:38:24,000

the dc tt drills is they have damage

749

00:38:35,030 --> 00:38:32,150

things are going off things are going on

750

00:38:37,580 --> 00:38:35,040

deek comes and all that kind of stuff so

751

00:38:40,150 --> 00:38:37,590

like are these drills

752

00:38:43,109 --> 00:38:40,160

[Music]

753

00:38:44,790 --> 00:38:43,119

you know are these real-time drills

754

00:38:46,710 --> 00:38:44,800

where these things come

755

00:38:47,750 --> 00:38:46,720

and they act out as a scenario where

756

00:38:49,829 --> 00:38:47,760

they're

757

00:38:54,230 --> 00:38:49,839

using maybe electromagnetic type of

758

00:38:54,240 --> 00:38:59,430

and trying to fix it

759

00:39:03,190 --> 00:39:01,270

because if this was like

760

00:39:05,190 --> 00:39:03,200

if this was like a real life scenario

761

00:39:08,630 --> 00:39:05,200

would it be the training team

762

00:39:12,470 --> 00:39:10,470

the people they trained

763

00:39:15,589 --> 00:39:12,480

doing it

764

00:39:17,589 --> 00:39:15,599

you know

765

00:39:21,829 --> 00:39:17,599

i don't know

766

00:39:27,910 --> 00:39:24,390

but all you can do is look at what's on

767

00:39:32,470 --> 00:39:27,920

this paper and try to make a logical

768

00:39:37,510 --> 00:39:34,710

the interesting thing is

769

00:39:39,670 --> 00:39:37,520

this is just that date

770

00:39:41,589 --> 00:39:39,680

apparently we hear that these

771

00:39:45,109 --> 00:39:41,599

things were going on

772

00:39:45,119 --> 00:39:49,349

as far as i remember

773

00:40:01,670 --> 00:39:52,390

and i can attest to that

774

00:40:06,230 --> 00:40:03,670

and here we go

775

00:40:11,430 --> 00:40:06,240

this is

776

00:40:15,510 --> 00:40:13,270

and

777

00:40:19,990 --> 00:40:15,520

here we go we have set damage control

778

00:40:23,670 --> 00:40:22,069

secured from damage control and training

779

00:40:25,670 --> 00:40:23,680

team environment

780

00:40:28,230 --> 00:40:25,680

secured from flight corners

781

00:40:32,150 --> 00:40:28,240

someone has a gun blah blah blah

782

00:40:36,829 --> 00:40:34,390

we have the ghostbuster

783

00:40:42,309 --> 00:40:40,230

here and scat away snoopy team away

784

00:40:45,109 --> 00:40:42,319

ghostbusters

785

00:40:50,069 --> 00:40:45,119

at 10 30

786

00:40:55,030 --> 00:40:52,710

about an hour before that

787

00:40:56,390 --> 00:40:55,040

two hours before that

788

00:40:58,309 --> 00:40:56,400

we have

789

00:41:00,550 --> 00:40:58,319

secured from damage control training

790

00:41:03,990 --> 00:41:00,560

team environment set damage control

791

00:41:06,550 --> 00:41:04,829

right

792

00:41:09,270 --> 00:41:06,560

here

793

00:41:13,030 --> 00:41:09,280

but they don't say drills

794

00:41:16,309 --> 00:41:14,550

would you have

795

00:41:17,670 --> 00:41:16,319

a training team doing this stuff or

796

00:41:19,589 --> 00:41:17,680

would you have the people they trained

797

00:41:21,829 --> 00:41:19,599

doing it i don't know

798

00:41:24,950 --> 00:41:21,839

but you can see here

799

00:41:29,349 --> 00:41:26,470

they're getting all the reddit all that

800

00:41:29,359 --> 00:41:33,670

damage control training team environment

801  
00:41:40,230 --> 00:41:36,870  
and

802  
00:41:45,910 --> 00:41:42,710  
away snoopy team away ghostbusters

803  
00:41:47,990 --> 00:41:45,920  
snoopy team does the

804  
00:41:49,750 --> 00:41:48,000  
document documenting of it pictures

805  
00:41:52,069 --> 00:41:49,760  
videos all that the ghostbusters are

806  
00:41:54,230 --> 00:41:52,079  
water guns

807  
00:41:55,670 --> 00:41:54,240  
that are used to shoot down drones

808  
00:41:58,309 --> 00:41:55,680  
basically

809  
00:42:00,470 --> 00:41:58,319  
and then here we go we got the f uh the

810  
00:42:06,630 --> 00:42:00,480  
feather meter pethometer

811  
00:42:06,640 --> 00:42:10,069  
during this

812  
00:42:19,990 --> 00:42:13,670  
we got it again lost tracking

813  
00:42:25,829 --> 00:42:21,349

and

814

00:42:31,349 --> 00:42:28,150

that phi thomater i'm guessing as i said

815

00:42:33,030 --> 00:42:31,359

is working again

816

00:42:34,630 --> 00:42:33,040

nothing nothing

817

00:42:38,790 --> 00:42:34,640

nothing

818

00:42:40,790 --> 00:42:38,800

that would mean something or not

819

00:42:47,190 --> 00:42:40,800

when it's empty but i don't know what

820

00:42:47,200 --> 00:42:51,510

unfortunately

821

00:42:55,190 --> 00:42:53,349

commanding officer on the bridge off the

822

00:42:57,430 --> 00:42:55,200

bridge

823

00:43:01,990 --> 00:42:57,440

so the commanding officer is

824

00:43:07,910 --> 00:43:04,550

a short

825

00:43:14,309 --> 00:43:10,069

interesting

826

00:43:20,470 --> 00:43:14,319

secure scat secure ghostbusters

827

00:43:20,480 --> 00:43:25,030

so we have more of that

828

00:43:36,150 --> 00:43:27,349

or the ghostbusters

829

00:43:43,190 --> 00:43:38,710

and we're still on the 30th i'm just

830

00:43:48,470 --> 00:43:46,230

eric computed uh the compass goes

831

00:43:50,870 --> 00:43:48,480

isn't working i guess

832

00:43:52,790 --> 00:43:50,880

you know what's funny is they always uh

833

00:43:56,630 --> 00:43:52,800

they put this a lot in here whale

834

00:43:59,510 --> 00:43:56,640

sighted and dolphin pod sighted

835

00:44:02,710 --> 00:43:59,520

and i was just thinking like

836

00:44:05,910 --> 00:44:02,720

what better way to disguise like a ufo

837

00:44:09,270 --> 00:44:05,920

than if you were to call it a whale

838

00:44:14,470 --> 00:44:11,190

it may be a group of them

839

00:44:19,430 --> 00:44:16,470

anybody who reads this right well yeah

840

00:44:23,589 --> 00:44:19,440

they just documented a whale i mean

841

00:44:26,150 --> 00:44:23,599

it's a navy ship it's a big deal

842

00:44:29,190 --> 00:44:26,160

i was just thinking of thinking of that

843

00:44:32,150 --> 00:44:29,200

whale and dolphins who knows

844

00:44:34,069 --> 00:44:32,160

because they do

845

00:44:36,230 --> 00:44:34,079

write those down

846

00:44:40,069 --> 00:44:36,240

whale cited

847

00:44:43,829 --> 00:44:42,150

uh which it was just interesting to me

848

00:44:46,069 --> 00:44:43,839

like why are they document are they

849

00:44:48,309 --> 00:44:46,079

keeping track of where these

850

00:44:50,470 --> 00:44:48,319

things are going why

851

00:44:55,589 --> 00:44:50,480

i mean i guess it will can be pretty big

852

00:45:00,470 --> 00:44:56,870

so

853

00:45:03,349 --> 00:45:00,480

i don't think that there is much more

854

00:45:05,990 --> 00:45:03,359

that i wanted to show here

855

00:45:09,030 --> 00:45:06,000

i think that was pretty much it

856

00:45:12,150 --> 00:45:09,040

or the okay some more zebra stuff zebras

857

00:45:15,589 --> 00:45:13,510

just basically turning off their

858

00:45:18,390 --> 00:45:15,599

signatures and everything and we don't

859

00:45:21,670 --> 00:45:18,400

have like an end of any

860

00:45:22,790 --> 00:45:21,680

damage control stuff so

861

00:45:23,910 --> 00:45:22,800

or

862

00:45:28,790 --> 00:45:23,920

you know does that mean that they're

863

00:45:36,069 --> 00:45:31,030

but they're in darken mode

864

00:45:36,079 --> 00:45:38,790

so

865

00:45:44,309 --> 00:45:40,950

you know they're they're not in that uh

866

00:45:49,270 --> 00:45:46,790

i'll say that

867

00:45:50,150 --> 00:45:49,280

hilo over the deck helicopter over the

868

00:45:54,390 --> 00:45:50,160

deck

869

00:45:57,829 --> 00:45:56,550

so the helicopters move helicopters

870

00:46:02,630 --> 00:45:57,839

moving around

871

00:46:05,750 --> 00:46:02,640

pretty interesting huh okay i think

872

00:46:08,230 --> 00:46:05,760

this may be a wrap

873

00:46:11,030 --> 00:46:08,240

on this one

874

00:46:15,750 --> 00:46:11,040

they stationed somewhere okay

875

00:46:17,430 --> 00:46:15,760

so it looks like this might be over

876

00:46:20,230 --> 00:46:17,440

yeah

877

00:46:20,240 --> 00:46:27,990

moral the story here to me is

878

00:46:30,950 --> 00:46:29,990

you know i'd i'd like to hear more about

879

00:46:33,349 --> 00:46:30,960

the

880

00:46:35,750 --> 00:46:33,359

damage control training

881

00:46:38,630 --> 00:46:35,760

and what those drills are

882

00:46:42,069 --> 00:46:40,230

and if it has anything to do with this

883

00:46:43,190 --> 00:46:42,079

because it just so happens this is all

884

00:46:44,790 --> 00:46:43,200

around

885

00:46:47,829 --> 00:46:44,800

the apparent ufo sightings and

886

00:46:52,550 --> 00:46:47,839

documentation of them

887

00:46:57,829 --> 00:46:55,270

and we have those emails which they're

888

00:47:00,550 --> 00:46:57,839

stressing

889

00:47:02,309 --> 00:47:00,560

these drones and the perfor peripherally

890

00:47:04,710 --> 00:47:02,319

peripheral

891

00:47:06,150 --> 00:47:04,720

of them

892

00:47:08,390 --> 00:47:06,160

peripherally

893

00:47:10,390 --> 00:47:08,400

it's man i keep doing that

894

00:47:14,309 --> 00:47:10,400

uh of them commercially and everything

895

00:47:16,390 --> 00:47:15,270

yeah

896

00:47:18,390 --> 00:47:16,400

i don't know

897

00:47:24,230 --> 00:47:18,400

it's a hard one it's a whale sir thirty

898

00:47:30,470 --> 00:47:26,710

holy cow yeah i believe you and wales

899

00:47:36,870 --> 00:47:33,349

um so i don't know

900

00:47:40,150 --> 00:47:38,470

you know i know like uh people like

901  
00:47:41,990 --> 00:47:40,160  
green street and stuff he gets a lot of

902  
00:47:44,630 --> 00:47:42,000  
crap for the drone stuff and i think he

903  
00:47:46,950 --> 00:47:44,640  
should because he's quite rude with it

904  
00:47:48,870 --> 00:47:46,960  
but um

905  
00:47:51,589 --> 00:47:48,880  
and as far as like the tic tac gimbal

906  
00:47:52,470 --> 00:47:51,599  
the navy videos

907  
00:47:53,270 --> 00:47:52,480  
i'm not

908  
00:47:57,670 --> 00:47:53,280  
uh

909  
00:48:01,829 --> 00:48:00,549  
these ones at times like the the pyramid

910  
00:48:06,069 --> 00:48:01,839  
ones or

911  
00:48:08,390 --> 00:48:06,079  
you know just looking at these deck logs

912  
00:48:12,150 --> 00:48:08,400  
i don't know

913  
00:48:16,549 --> 00:48:14,390

i want to just think they're all ufos

914

00:48:24,069 --> 00:48:16,559

but what you know why

915

00:48:28,309 --> 00:48:26,150

i think you have to start at an even

916

00:48:30,230 --> 00:48:28,319

baseline pretending you don't know any

917

00:48:33,349 --> 00:48:30,240

information not let yourself be

918

00:48:36,390 --> 00:48:33,359

influenced by information warfare agents

919

00:48:40,230 --> 00:48:38,390

or any anyone else

920

00:48:42,630 --> 00:48:40,240

and you just have to look at what's

921

00:48:45,030 --> 00:48:42,640

proposed to you

922

00:48:48,309 --> 00:48:45,040

so if we took out

923

00:48:49,670 --> 00:48:48,319

everything if we took out all the media

924

00:48:51,270 --> 00:48:49,680

all that stuff

925

00:48:55,349 --> 00:48:51,280

and just looked at

926

00:48:55,359 --> 00:49:00,870

what idea are we left with

927

00:49:08,870 --> 00:49:03,030

but if there's a information warfare

928

00:49:14,630 --> 00:49:11,829

that's the harder part okay so this is

929

00:49:18,150 --> 00:49:14,640

this i'll end on this this seems like

930

00:49:20,150 --> 00:49:18,160

basically a navy ufo uh report

931

00:49:25,430 --> 00:49:20,160

um

932

00:49:27,349 --> 00:49:25,440

which is pretty interesting i thought so

933

00:49:30,069 --> 00:49:27,359

um

934

00:49:32,870 --> 00:49:30,079

classification unclassified for official

935

00:49:34,870 --> 00:49:32,880

use only crossed out okay

936

00:49:37,109 --> 00:49:34,880

um and

937

00:49:39,190 --> 00:49:37,119

these are kind of interesting there's a

938

00:49:42,549 --> 00:49:39,200

lot of uh they had they have another one

939

00:49:44,390 --> 00:49:42,559

where it was a drone over like a marine

940

00:49:45,829 --> 00:49:44,400

place

941

00:49:47,670 --> 00:49:45,839

and they actually found the thing and

942

00:49:49,510 --> 00:49:47,680

looked at it and there's pictures of

943

00:49:51,910 --> 00:49:49,520

what the drone took

944

00:49:55,990 --> 00:49:51,920

that they have and stuff but you know

945

00:49:56,000 --> 00:49:59,750

so a huas

946

00:50:04,309 --> 00:50:02,390

is how we could find

947

00:50:06,390 --> 00:50:04,319

um

948

00:50:09,430 --> 00:50:06,400

what's a drone basically or not

949

00:50:10,870 --> 00:50:09,440

it's going to be marked as a h-u-a-s

950

00:50:14,309 --> 00:50:10,880

you would think

951  
00:50:17,589 --> 00:50:14,319  
versus a uap

952  
00:50:17,599 --> 00:50:21,030  
an h-u-a-s

953  
00:50:24,829 --> 00:50:22,950  
would be just that

954  
00:50:27,750 --> 00:50:24,839  
something in their

955  
00:50:30,950 --> 00:50:27,760  
operations area of operations

956  
00:50:33,750 --> 00:50:30,960  
that's an unmanned aerial system

957  
00:50:35,990 --> 00:50:33,760  
that could become a hazard and usually

958  
00:50:38,790 --> 00:50:36,000  
it means that the person who is

959  
00:50:43,270 --> 00:50:38,800  
operating that is not

960  
00:50:49,349 --> 00:50:47,190  
hazard date november 18th 2013.

961  
00:50:53,510 --> 00:50:49,359  
so it kind of goes through just

962  
00:50:58,069 --> 00:50:56,150  
so on and so forth

963  
00:50:59,670 --> 00:50:58,079

uh briefing accuracy substantially

964

00:51:01,670 --> 00:50:59,680

correct

965

00:51:03,349 --> 00:51:01,680

and then we have the analysis special

966

00:51:05,829 --> 00:51:03,359

unknown agency failed to notify

967

00:51:07,990 --> 00:51:05,839

controlling agency of uas operations

968

00:51:09,910 --> 00:51:08,000

analysis airspace controlling agency was

969

00:51:12,069 --> 00:51:09,920

unaware of uas operating in the area

970

00:51:13,750 --> 00:51:12,079

post flight investigation indicated that

971

00:51:16,230 --> 00:51:13,760

the range space was not scheduled for

972

00:51:19,030 --> 00:51:16,240

uas operations nor was any attempt made

973

00:51:22,309 --> 00:51:19,040

by a uas operator to contact the

974

00:51:23,349 --> 00:51:22,319

airspace controlling agency

975

00:51:25,990 --> 00:51:23,359

description

976  
00:51:28,470 --> 00:51:26,000  
brief to all air crew so this happens

977  
00:51:30,630 --> 00:51:28,480  
and they brief the air crew

978  
00:51:34,230 --> 00:51:30,640  
letting them know

979  
00:51:38,710 --> 00:51:34,240  
that we have this rogue uas

980  
00:51:43,910 --> 00:51:40,870  
remarks dude that are small size many

981  
00:51:46,390 --> 00:51:43,920  
uas's are less visually significant and

982  
00:51:50,309 --> 00:51:46,400  
radar apparent and therefore pose a

983  
00:51:52,710 --> 00:51:50,319  
significant risk for a mid-air collision

984  
00:51:55,109 --> 00:51:52,720  
proper coordination with atc agencies is

985  
00:51:58,150 --> 00:51:55,119  
required to help prevent a mid-air with

986  
00:52:02,950 --> 00:51:58,160  
amanda aircraft and save aircraft and

987  
00:52:07,990 --> 00:52:06,069  
with the increased prevalence of uas's

988  
00:52:09,430 --> 00:52:08,000

this is like the statement that we read

989

00:52:11,109 --> 00:52:09,440

out of the emails

990

00:52:12,630 --> 00:52:11,119

with the increased prevalence of uas is

991

00:52:14,549 --> 00:52:12,640

the mid-air potential between men and

992

00:52:17,589 --> 00:52:14,559

unmanned aircraft is a growing concern

993

00:52:19,829 --> 00:52:17,599

in many ways uas is pros pose a greater

994

00:52:22,069 --> 00:52:19,839

mid-air risk than men aircraft they are

995

00:52:23,990 --> 00:52:22,079

often less visually significant and less

996

00:52:25,670 --> 00:52:24,000

radar-apparent than manned aircraft

997

00:52:27,190 --> 00:52:25,680

additionally they may not be squawking

998

00:52:29,510 --> 00:52:27,200

and typically have

999

00:52:32,549 --> 00:52:29,520

less sa to the aircraft in their

1000

00:52:34,150 --> 00:52:32,559

vicinity than men aircraft the unmanned

1001  
00:52:36,390 --> 00:52:34,160  
aircraft community mana aircraft

1002  
00:52:38,230 --> 00:52:36,400  
community and atc need to proactively

1003  
00:52:43,270 --> 00:52:38,240  
manage this hazard before we are faced

1004  
00:52:50,309 --> 00:52:45,910  
fleet area control and serve

1005  
00:52:53,990 --> 00:52:52,150  
uas operations

1006  
00:52:56,390 --> 00:52:54,000  
operating areas are scheduled in

1007  
00:52:58,150 --> 00:52:56,400  
exclusive use airspace participating

1008  
00:53:01,430 --> 00:52:58,160  
exercise aircraft are permitted into

1009  
00:53:04,069 --> 00:53:01,440  
exclusive use airspace only after proper

1010  
00:53:07,589 --> 00:53:04,079  
deconfliction and approval by officer

1011  
00:53:11,510 --> 00:53:09,990  
no uas operations were requested or

1012  
00:53:12,829 --> 00:53:11,520  
scheduled

1013  
00:53:16,549 --> 00:53:12,839

the day of the

1014

00:53:18,870 --> 00:53:16,559

incident giant killer ocean sector

1015

00:53:21,030 --> 00:53:18,880

interesting controller had no radar

1016

00:53:23,270 --> 00:53:21,040

awareness to any air traffic within the

1017

00:53:25,510 --> 00:53:23,280

area queries were made to all navy

1018

00:53:28,390 --> 00:53:25,520

surface vessels operating in the area

1019

00:53:29,990 --> 00:53:28,400

and to all known at uas operators

1020

00:53:33,910 --> 00:53:30,000

giant killer to data has received no

1021

00:53:35,349 --> 00:53:33,920

acknowledgement of any uas operations

1022

00:53:37,109 --> 00:53:35,359

events of this nature stress the

1023

00:53:38,549 --> 00:53:37,119

importance of proactive air traffic

1024

00:53:41,510 --> 00:53:38,559

control and heightened awareness of air

1025

00:53:44,549 --> 00:53:41,520

crews in the dynamic area of an offshore

1026  
00:53:47,430 --> 00:53:46,069  
operating areas can be effectively

1027  
00:53:49,270 --> 00:53:47,440  
scheduled and deconflicted amongst

1028  
00:53:53,270 --> 00:53:49,280  
participating units non-participating

1029  
00:53:55,589 --> 00:53:53,280  
uas usage is a possibility that we must

1030  
00:53:57,750 --> 00:53:55,599  
remain vigilant against

1031  
00:54:00,630 --> 00:53:57,760  
personnel and operational users of the

1032  
00:54:02,950 --> 00:54:00,640  
airspace should be spring loaded to

1033  
00:54:05,430 --> 00:54:02,960  
recognize unexpected and potentially

1034  
00:54:07,670 --> 00:54:05,440  
adverse situations and take immediate

1035  
00:54:15,430 --> 00:54:07,680  
action to identify and avoid conflict

1036  
00:54:20,150 --> 00:54:17,430  
the importance of compliance cannot be

1037  
00:54:22,150 --> 00:54:20,160  
overstated or repeated enough to ensure

1038  
00:54:23,349 --> 00:54:22,160

efficient access to finite training

1039

00:54:25,109 --> 00:54:23,359

airspace

1040

00:54:28,950 --> 00:54:25,119

while maintaining the highest level of

1041

00:54:32,309 --> 00:54:30,630

with proper planning and procedural

1042

00:54:33,829 --> 00:54:32,319

adherence sufficient use of the airspace

1043

00:54:35,589 --> 00:54:33,839

is maximized while the likelihood of

1044

00:54:40,230 --> 00:54:35,599

conflicts between manned flight and uas

1045

00:54:43,829 --> 00:54:42,069

so the whole thing with this that's the

1046

00:54:47,589 --> 00:54:43,839

end of this one so the whole thing here

1047

00:54:54,950 --> 00:54:49,190

it's in

1048

00:54:56,390 --> 00:54:54,960

new ap folder

1049

00:54:57,670 --> 00:54:56,400

why

1050

00:54:59,910 --> 00:54:57,680

when it's not

1051  
00:55:01,349 --> 00:54:59,920  
if it's uas

1052  
00:55:03,510 --> 00:55:01,359  
the only thing i can say there is

1053  
00:55:03,880 --> 00:55:03,520  
relating it to

1054  
00:55:05,030 --> 00:55:03,890  
um

1055  
00:55:08,470 --> 00:55:05,040  
[Music]

1056  
00:55:13,109 --> 00:55:12,230  
past as mean a historic

1057  
00:55:15,270 --> 00:55:13,119  
so

1058  
00:55:17,430 --> 00:55:15,280  
when reading like blue book files

1059  
00:55:19,430 --> 00:55:17,440  
they identify them all the time meteors

1060  
00:55:21,030 --> 00:55:19,440  
airplanes

1061  
00:55:22,390 --> 00:55:21,040  
satellites right

1062  
00:55:24,950 --> 00:55:22,400  
but they don't

1063  
00:55:27,510 --> 00:55:24,960

take the files then out of blue book and

1064

00:55:29,349 --> 00:55:27,520

put them somewhere else

1065

00:55:33,270 --> 00:55:29,359

you know they're still there in blue

1066

00:55:37,670 --> 00:55:35,349

so

1067

00:55:39,990 --> 00:55:37,680

that to me uh doesn't

1068

00:55:41,349 --> 00:55:40,000

mean a whole lot

1069

00:55:43,270 --> 00:55:41,359

but i know that's kind of a talking

1070

00:55:45,670 --> 00:55:43,280

point to some people there's another set

1071

00:55:46,870 --> 00:55:45,680

of emails so if you go

1072

00:55:48,630 --> 00:55:46,880

um

1073

00:55:51,349 --> 00:55:48,640

into that link that i sent you there's

1074

00:55:53,990 --> 00:55:51,359

another set of emails that you can find

1075

00:55:55,589 --> 00:55:54,000

um and i'll keep i'll make sure i look

1076  
00:55:57,030 --> 00:55:55,599  
through the rest of the documents and

1077  
00:55:59,190 --> 00:55:57,040  
stuff to make sure obviously i don't

1078  
00:56:03,109 --> 00:55:59,200  
miss anything of importance the other

1079  
00:56:06,309 --> 00:56:03,119  
set of emails um is there's a slide

1080  
00:56:08,150 --> 00:56:06,319  
uh with a quadcopter drone on it

1081  
00:56:11,349 --> 00:56:08,160  
um

1082  
00:56:13,430 --> 00:56:11,359  
and it's called a unidentified

1083  
00:56:17,670 --> 00:56:13,440  
so it's not called a ufo or a uap it's

1084  
00:56:21,829 --> 00:56:17,680  
called unidentified so these i think

1085  
00:56:23,829 --> 00:56:21,839  
what's a fact here to me is that drones

1086  
00:56:26,789 --> 00:56:23,839  
and peripheral nation

1087  
00:56:29,190 --> 00:56:26,799  
of them uh commercially and

1088  
00:56:31,349 --> 00:56:29,200

by individuals citizens

1089

00:56:33,030 --> 00:56:31,359

is making

1090

00:56:34,870 --> 00:56:33,040

the the task of controlling their

1091

00:56:36,710 --> 00:56:34,880

airspace

1092

00:56:41,349 --> 00:56:36,720

challenging a lot more challenging than

1093

00:56:46,950 --> 00:56:43,670

you know

1094

00:56:50,069 --> 00:56:46,960

and so when we hear drones and stuff

1095

00:56:52,069 --> 00:56:50,079

we have to know that it is a fact that

1096

00:56:54,230 --> 00:56:52,079

these drones make

1097

00:56:56,470 --> 00:56:54,240

controlling restricted airspace more

1098

00:57:00,630 --> 00:56:56,480

complicated and more difficult that is

1099

00:57:00,640 --> 00:57:03,990

but that doesn't mean

1100

00:57:05,910 --> 00:57:04,950

right

1101

00:57:07,589 --> 00:57:05,920

that

1102

00:57:09,589 --> 00:57:07,599

ufos

1103

00:57:11,589 --> 00:57:09,599

or uap

1104

00:57:14,470 --> 00:57:11,599

and whatever those are don't exist

1105

00:57:16,069 --> 00:57:14,480

because they obviously do

1106

00:57:18,549 --> 00:57:16,079

i've seen them

1107

00:57:22,470 --> 00:57:18,559

up close and personal

1108

00:57:23,430 --> 00:57:22,480

they weren't mechanical looking ships

1109

00:57:25,030 --> 00:57:23,440

but they

1110

00:57:27,430 --> 00:57:25,040

they were

1111

00:57:29,589 --> 00:57:27,440

screwed with my consciousness and gave

1112

00:57:32,390 --> 00:57:29,599

me some precognition that was

1113

00:57:39,430 --> 00:57:34,390

and those weren't drones you know so we

1114

00:57:41,910 --> 00:57:39,440

know that ufos and uaps exist

1115

00:57:44,069 --> 00:57:41,920

but this game is made so complicated by

1116

00:57:46,630 --> 00:57:44,079

a couple of things the fact now that

1117

00:57:50,549 --> 00:57:46,640

there are drones that make

1118

00:57:54,870 --> 00:57:52,309

and that they're gonna go unidentified

1119

00:57:57,750 --> 00:57:54,880

because they're harder to see

1120

00:58:00,150 --> 00:57:57,760

radar-wise and visually

1121

00:58:04,950 --> 00:58:00,160

so they're being grouped up

1122

00:58:08,710 --> 00:58:06,069

the other thing that makes this

1123

00:58:15,270 --> 00:58:08,720

complicated is all this information

1124

00:58:18,309 --> 00:58:16,309

like

1125

00:58:20,870 --> 00:58:18,319

if you have to

1126

00:58:24,870 --> 00:58:20,880

do something a certain way so other

1127

00:58:30,549 --> 00:58:27,270

to you know

1128

00:58:32,230 --> 00:58:30,559

things like crappy plastic quadcopters

1129

00:58:37,190 --> 00:58:32,240

do something different

1130

00:58:41,349 --> 00:58:38,230

stop

1131

00:58:44,150 --> 00:58:41,359

using us as a crutch to figure your own

1132

00:58:44,160 --> 00:58:47,510

that's not fair

1133

00:58:52,549 --> 00:58:49,030

you know and they've been doing that for

1134

00:58:57,670 --> 00:58:55,349

using a real phenomenon

1135

00:59:02,150 --> 00:58:57,680

and people that are trying to figure out

1136

00:59:02,160 --> 00:59:06,549

in the games that they play

1137

00:59:06,559 --> 00:59:11,430

on a bigger stage

1138

00:59:17,589 --> 00:59:14,390

using the fact that there is a real

1139

00:59:23,750 --> 00:59:18,950

making the people that have actually

1140

00:59:29,190 --> 00:59:25,670

suffer

1141

00:59:30,870 --> 00:59:29,200

while you use that fact

1142

00:59:33,829 --> 00:59:30,880

to cover up how

1143

00:59:35,510 --> 00:59:33,839

you are vulnerable

1144

00:59:37,510 --> 00:59:35,520

to drones

1145

00:59:41,750 --> 00:59:37,520

or back in the cold war air attacks by

1146

00:59:47,270 --> 00:59:44,309

and that's not fair

1147

00:59:49,349 --> 00:59:47,280

figure out a different way

1148

00:59:50,470 --> 00:59:49,359

to make your airspace controlled and

1149

00:59:54,470 --> 00:59:50,480

safe

1150

00:59:54,480 --> 00:59:59,510

that's what i would say

1151  
01:00:03,670 --> 01:00:01,349  
with that being said

1152  
01:00:06,230 --> 01:00:03,680  
have a great weekend

1153  
01:00:08,549 --> 01:00:06,240  
hopefully we're safe

1154  
01:00:10,549 --> 01:00:08,559  
hopefully nothing gets worse

1155  
01:00:11,910 --> 01:00:10,559  
if you pray pray

1156  
01:00:14,549 --> 01:00:11,920  
if you don't pray and you meditate

1157  
01:00:18,230 --> 01:00:14,559  
whatever do that but do it for

1158  
01:00:23,750 --> 01:00:20,390  
you know anyone that wants war and to

1159  
01:00:23,760 --> 01:00:27,990  
is a bad person

1160  
01:00:31,349 --> 01:00:29,990  
you know especially like this russian

1161  
01:00:36,549 --> 01:00:31,359  
ukraine thing

1162  
01:00:40,789 --> 01:00:39,030  
you know and we can only do so much

1163  
01:00:43,109 --> 01:00:40,799

but we do know that our consciousness

1164

01:00:44,710 --> 01:00:43,119

can't be connected to each other

1165

01:00:47,109 --> 01:00:44,720

and the world's consciousness can be

1166

01:00:49,589 --> 01:00:47,119

raised and maybe if we

1167

01:00:51,750 --> 01:00:49,599

all go in on peace and love and say our

1168

01:00:53,670 --> 01:00:51,760

prayers and do our meditations i don't

1169

01:00:55,670 --> 01:00:53,680

know maybe that'll have a difference

1170

01:00:57,430 --> 01:00:55,680

maybe that'll make a difference i don't

1171

01:00:59,030 --> 01:00:57,440

know

1172

01:01:01,270 --> 01:00:59,040

but sometimes that's

1173

01:01:03,270 --> 01:01:01,280

all we have to

1174

01:01:05,270 --> 01:01:03,280

hang on to

1175

01:01:09,750 --> 01:01:05,280

and believe in

1176

01:01:13,430 --> 01:01:11,109

all the best

1177

01:01:15,190 --> 01:01:13,440

peace out love you guys appreciate you

1178

01:01:17,829 --> 01:01:15,200

hanging out with me early today on this

1179

01:01:19,270 --> 01:01:17,839

friday

1180

01:01:21,910 --> 01:01:19,280

so

1181

01:01:21,920 --> 01:01:35,450

have a great weekend bye
