

**A PLEA FOR A UFO STUDY TO
THE UNITED NATIONS IN 1967
AND UFO SIGHTINGS AT AIR
FORCE BASES**

1
00:00:54,389 --> 00:00:25,750

[Music]

2
00:00:58,790 --> 00:00:57,270

what's up everybody happy freaking

3
00:01:02,069 --> 00:00:58,800

monday

4
00:01:03,590 --> 00:01:02,079

um i don't know how it is by you

5
00:01:05,670 --> 00:01:03,600

i got some snow

6
00:01:07,510 --> 00:01:05,680

about five inches which is just

7
00:01:11,350 --> 00:01:07,520

incredible to me because it was

8
00:01:13,030 --> 00:01:11,360

literally like 60 degrees the other day

9
00:01:15,350 --> 00:01:13,040

um

10
00:01:19,670 --> 00:01:15,360

i've been feeling uh a little bit

11
00:01:25,270 --> 00:01:23,270

i don't know almost like um

12
00:01:27,670 --> 00:01:25,280

i've been like kind of just like

13
00:01:28,469 --> 00:01:27,680

mentally disappearing almost at times

14

00:01:33,030 --> 00:01:28,479

and

15

00:01:33,910 --> 00:01:33,040

i'm just

16

00:01:34,950 --> 00:01:33,920

like

17

00:01:40,870 --> 00:01:34,960

gone

18

00:01:48,149 --> 00:01:43,429

you know it's just so weird

19

00:01:48,159 --> 00:01:54,389

it's every time i close my eyes

20

00:02:01,190 --> 00:01:56,070

see it's just so weird

21

00:02:04,469 --> 00:02:02,480

oh yeah

22

00:02:07,109 --> 00:02:04,479

[Laughter]

23

00:02:09,589 --> 00:02:07,119

sorry feeling a little

24

00:02:11,430 --> 00:02:09,599

feeling a little goofy today

25

00:02:12,710 --> 00:02:11,440

you know but you know

26

00:02:17,170 --> 00:02:12,720

sometimes it's pretty good to just

27

00:02:24,150 --> 00:02:20,390

[Laughter]

28

00:02:29,030 --> 00:02:27,589

um jose what's happening andres um

29

00:02:32,070 --> 00:02:29,040

esmerelda

30

00:02:33,589 --> 00:02:32,080

how are you steph

31

00:02:35,589 --> 00:02:33,599

um

32

00:02:38,309 --> 00:02:35,599

oh first time awesome feels like the

33

00:02:41,509 --> 00:02:38,319

first time pretty cool

34

00:02:44,470 --> 00:02:41,519

eh benji what's uh happening mate

35

00:02:47,670 --> 00:02:44,480

and lionel what's going on

36

00:02:49,589 --> 00:02:47,680

awesome to have everybody here

37

00:02:51,990 --> 00:02:49,599

you guys are the best so there's a

38

00:02:54,390 --> 00:02:52,000

couple things that i wanted to do today

39

00:02:55,270 --> 00:02:54,400

one is

40

00:02:58,149 --> 00:02:55,280

um

41

00:03:00,869 --> 00:02:58,159

in 1967

42

00:03:02,390 --> 00:03:00,879

uh professor james mcdonald actually

43

00:03:05,270 --> 00:03:02,400

wrote a letter

44

00:03:07,670 --> 00:03:05,280

to the united nations

45

00:03:11,190 --> 00:03:07,680

um to the outer space

46

00:03:13,670 --> 00:03:11,200

uh committee for the united nations

47

00:03:15,190 --> 00:03:13,680

and the letter is

48

00:03:20,309 --> 00:03:15,200

um pretty

49

00:03:22,949 --> 00:03:20,319

convicted it's great so i wanted to

50

00:03:23,990 --> 00:03:22,959

i read that and you know i really enjoy

51
00:03:26,229 --> 00:03:24,000
reading his stuff because there's so

52
00:03:29,350 --> 00:03:26,239
much conviction in it

53
00:03:30,830 --> 00:03:29,360
so we're gonna do that and

54
00:03:34,149 --> 00:03:30,840
we have a

55
00:03:35,509 --> 00:03:34,159
great uh segment for what the heck is

56
00:03:38,470 --> 00:03:35,519
that today

57
00:03:39,830 --> 00:03:38,480
where we play ufo videos

58
00:03:41,750 --> 00:03:39,840
um and

59
00:03:42,630 --> 00:03:41,760
just kind of ask what the heck is that

60
00:03:44,470 --> 00:03:42,640
you know

61
00:03:45,589 --> 00:03:44,480
and then we have some really great air

62
00:03:47,910 --> 00:03:45,599
force

63
00:03:50,949 --> 00:03:47,920

base cases ufo cases

64

00:03:53,750 --> 00:03:50,959

where these people at the air force base

65

00:03:56,070 --> 00:03:53,760

saw a strange object and they freaking

66

00:03:57,110 --> 00:03:56,080

reported it as a ufo

67

00:03:59,670 --> 00:03:57,120

and

68

00:04:01,350 --> 00:03:59,680

that to me is like

69

00:04:04,070 --> 00:04:01,360

if these people are seeing it at the

70

00:04:07,030 --> 00:04:04,080

frickin air force base

71

00:04:08,550 --> 00:04:07,040

i mean what more do you want

72

00:04:09,589 --> 00:04:08,560

i mean it's interesting too because

73

00:04:13,830 --> 00:04:09,599

people

74

00:04:15,910 --> 00:04:13,840

to you know the latest cases tic tac

75

00:04:16,710 --> 00:04:15,920

nimitz rightfully so that's newest i get

76

00:04:18,629 --> 00:04:16,720

it

77

00:04:21,909 --> 00:04:18,639

um

78

00:04:23,590 --> 00:04:21,919

but our military and at our freaking air

79

00:04:25,510 --> 00:04:23,600

force bases they've been seeing this

80

00:04:27,990 --> 00:04:25,520

stuff for a while so we're gonna touch

81

00:04:30,150 --> 00:04:28,000

on a couple of those things including a

82

00:04:32,390 --> 00:04:30,160

bunch of photographs that have been

83

00:04:34,390 --> 00:04:32,400

taken at air force bases they're older

84

00:04:36,469 --> 00:04:34,400

photographs from blue book

85

00:04:38,870 --> 00:04:36,479

but i thought it would be worth

86

00:04:42,469 --> 00:04:38,880

taking a look at those

87

00:04:43,510 --> 00:04:42,479

as well

88

00:04:45,510 --> 00:04:43,520

so

89

00:04:47,990 --> 00:04:45,520

i think

90

00:04:48,950 --> 00:04:48,000

the first thing we could start with here

91

00:04:52,469 --> 00:04:48,960

is

92

00:04:53,990 --> 00:04:52,479

um the letter written by professor

93

00:04:56,310 --> 00:04:54,000

mcdonald

94

00:04:58,550 --> 00:04:56,320

it's about 18 19 minutes so i'll

95

00:05:01,189 --> 00:04:58,560

probably play i'll play half of it

96

00:05:03,270 --> 00:05:01,199

um come back we'll do some other stuff

97

00:05:04,790 --> 00:05:03,280

um and then we'll go back to it and

98

00:05:07,749 --> 00:05:04,800

finish it up

99

00:05:10,870 --> 00:05:09,510

actually why don't i just let the whole

100

00:05:12,870 --> 00:05:10,880

thing roll

101
00:05:14,790 --> 00:05:12,880
yeah so it's about 19 minutes you know

102
00:05:16,550 --> 00:05:14,800
the interesting thing about this is oh

103
00:05:21,029 --> 00:05:16,560
yeah duh

104
00:05:26,150 --> 00:05:23,670
you know sometimes i'm so forgetful it's

105
00:05:28,230 --> 00:05:26,160
incredible

106
00:05:31,189 --> 00:05:28,240
but i wanted to start with um

107
00:05:32,870 --> 00:05:31,199
mr chris mellon's article

108
00:05:35,749 --> 00:05:32,880
that he wrote

109
00:05:36,790 --> 00:05:35,759
on with the the hill website

110
00:05:39,110 --> 00:05:36,800
it's

111
00:05:42,469 --> 00:05:39,120
very interesting article

112
00:05:43,749 --> 00:05:42,479
it's pretty good you know he's always

113
00:05:45,590 --> 00:05:43,759

really well

114

00:05:49,189 --> 00:05:45,600

written

115

00:05:51,350 --> 00:05:49,199

what he's doing

116

00:05:53,430 --> 00:05:51,360

and he kind of hammers home on the over

117

00:05:54,629 --> 00:05:53,440

classification

118

00:05:55,510 --> 00:05:54,639

of

119

00:05:57,270 --> 00:05:55,520

you know

120

00:05:59,270 --> 00:05:57,280

in this regards i believe it's to like

121

00:06:02,150 --> 00:05:59,280

videos and photos

122

00:06:04,309 --> 00:06:02,160

and how that could actually be

123

00:06:08,469 --> 00:06:04,319

a detriment to

124

00:06:10,150 --> 00:06:08,479

national security in and of itself

125

00:06:18,950 --> 00:06:10,160

so

126

00:06:21,749 --> 00:06:20,629

for yourself we're not going to watch

127

00:06:23,670 --> 00:06:21,759

the video

128

00:06:26,950 --> 00:06:23,680

uh what we're going to do is look at the

129

00:06:31,749 --> 00:06:29,749

so you can read for yourself obviously

130

00:06:33,110 --> 00:06:31,759

and that's what you should do

131

00:06:34,710 --> 00:06:33,120

but interesting things that it

132

00:06:36,629 --> 00:06:34,720

highlights director of national

133

00:06:38,550 --> 00:06:36,639

intelligence avril haynes recently

134

00:06:40,469 --> 00:06:38,560

acknowledged that excessive government

135

00:06:42,150 --> 00:06:40,479

classification undermines u.s national

136

00:06:44,070 --> 00:06:42,160

security

137

00:06:46,830 --> 00:06:44,080

as she wrote in january in a letter to

138

00:06:50,710 --> 00:06:46,840

u.s senators which was

139

00:06:52,870 --> 00:06:50,720

uh great i thought

140

00:06:55,510 --> 00:06:52,880

and you know it's hard to

141

00:06:57,430 --> 00:06:55,520

you know no one to take something as in

142

00:06:58,710 --> 00:06:57,440

regards to uab or not because there's

143

00:07:02,390 --> 00:06:58,720

nothing she talked about that was

144

00:07:04,790 --> 00:07:02,400

directly about uap but i think

145

00:07:07,430 --> 00:07:04,800

that the field just generally benefits

146

00:07:12,390 --> 00:07:10,550

you know not being so

147

00:07:17,909 --> 00:07:12,400

not being such a tight ass with the with

148

00:07:21,110 --> 00:07:19,510

she also acknowledged that excessive

149

00:07:22,909 --> 00:07:21,120

classification damages the public's

150

00:07:25,029 --> 00:07:22,919

faith in government and reduces the

151
00:07:27,110 --> 00:07:25,039
intelligence community's capacity to

152
00:07:28,070 --> 00:07:27,120
effectively support senior policy making

153
00:07:28,830 --> 00:07:28,080
decision

154
00:07:32,150 --> 00:07:28,840

i

155
00:07:33,589 --> 00:07:32,160
mean yes

156
00:07:36,790 --> 00:07:33,599
you know

157
00:07:39,040 --> 00:07:36,800
i mean the the ufo thing for the past 80

158
00:07:40,150 --> 00:07:39,050
years is has really made um

159
00:07:42,790 --> 00:07:40,160
[Music]

160
00:07:44,950 --> 00:07:42,800
you know has allowed some of the public

161
00:07:47,270 --> 00:07:44,960
to lose some trust in the government

162
00:07:48,309 --> 00:07:47,280
it could be the crux for a lot of the

163
00:07:52,230 --> 00:07:48,319

different

164

00:07:57,510 --> 00:07:55,189

you know uh theories out there

165

00:08:01,909 --> 00:07:57,520

even conspiracies ones that are true and

166

00:08:05,589 --> 00:08:04,790

i mean if it happened in 47 it started

167

00:08:08,390 --> 00:08:05,599

then

168

00:08:10,629 --> 00:08:08,400

i'm sure you know people were pretty

169

00:08:12,710 --> 00:08:10,639

uh worried about the government uh being

170

00:08:14,150 --> 00:08:12,720

secretive then as well but i mean as far

171

00:08:15,830 --> 00:08:14,160

as like the mainstream with television

172

00:08:17,909 --> 00:08:15,840

media all that kind of stuff

173

00:08:21,430 --> 00:08:17,919

um you could almost say that that whole

174

00:08:25,909 --> 00:08:23,510

so to bring it full circle would be

175

00:08:28,790 --> 00:08:25,919

fantastic uh chris mellon that mentions

176

00:08:30,070 --> 00:08:28,800

the cold war um he says we didn't win

177

00:08:31,589 --> 00:08:30,080

because we were better at protecting

178

00:08:33,990 --> 00:08:31,599

information we won because we were much

179

00:08:35,750 --> 00:08:34,000

better at moving and sharing information

180

00:08:37,430 --> 00:08:35,760

with the marketplace and

181

00:08:38,829 --> 00:08:37,440

um

182

00:08:42,870 --> 00:08:38,839

you know where

183

00:08:44,870 --> 00:08:42,880

that basically allowed us to

184

00:08:46,150 --> 00:08:44,880

outdo

185

00:08:47,509 --> 00:08:46,160

the soviets

186

00:08:50,470 --> 00:08:47,519

at the time

187

00:08:53,350 --> 00:08:51,910

and you could kind of bring it to now

188

00:08:54,790 --> 00:08:53,360

with hypersonic missiles which

189

00:08:56,550 --> 00:08:54,800

apparently

190

00:09:01,509 --> 00:08:56,560

we don't have and they do and it's a

191

00:09:01,519 --> 00:09:04,070

so

192

00:09:08,870 --> 00:09:06,630

the department of defense unidentified

193

00:09:11,430 --> 00:09:08,880

aerial phenomena task force issued a new

194

00:09:13,350 --> 00:09:11,440

classification uh guideline last year

195

00:09:14,949 --> 00:09:13,360

that classify as secret the sorts of

196

00:09:17,110 --> 00:09:14,959

videos like gimbal

197

00:09:19,030 --> 00:09:17,120

go fast and clear one

198

00:09:22,310 --> 00:09:19,040

that dod has acknowledged were

199

00:09:24,389 --> 00:09:22,320

unclassified not declassified

200

00:09:26,470 --> 00:09:24,399

when they were released in 2017 the new

201
00:09:28,870 --> 00:09:26,480
blanket of secrecy is apparent from the

202
00:09:31,430 --> 00:09:28,880
dod briefing guide on last year's

203
00:09:33,670 --> 00:09:31,440
unclassified uap report which states

204
00:09:35,509 --> 00:09:33,680
except for its existence in the mission

205
00:09:38,550 --> 00:09:35,519
purpose virtually everything else about

206
00:09:41,110 --> 00:09:38,560
uaptf is classified

207
00:09:45,030 --> 00:09:41,120
for the second per the security

208
00:09:48,070 --> 00:09:46,550
further evidence of this new effort to

209
00:09:49,990 --> 00:09:48,080
suddenly classify photographic

210
00:09:51,910 --> 00:09:50,000
information of which a formal u.s air

211
00:09:54,710 --> 00:09:51,920
force investigation recently determined

212
00:09:57,110 --> 00:09:54,720
did not cause any damage to national

213
00:09:58,949 --> 00:09:57,120

security

214

00:10:01,829 --> 00:09:58,959

is evident

215

00:10:03,350 --> 00:10:01,839

from the uaptf security classification

216

00:10:05,750 --> 00:10:03,360

guide which appears to classify

217

00:10:13,030 --> 00:10:05,760

virtually all data analyzed by the task

218

00:10:16,470 --> 00:10:15,030

and you know for

219

00:10:17,430 --> 00:10:16,480

you get a lot of people sometimes that

220

00:10:19,509 --> 00:10:17,440

talk about

221

00:10:21,509 --> 00:10:19,519

well you know you can't share everything

222

00:10:22,389 --> 00:10:21,519

you know national security concerns this

223

00:10:24,630 --> 00:10:22,399

and that

224

00:10:25,829 --> 00:10:24,640

um

225

00:10:27,190 --> 00:10:25,839

and of course you don't want to share

226

00:10:28,870 --> 00:10:27,200

that stuff

227

00:10:30,630 --> 00:10:28,880

but if but if the air force is here

228

00:10:32,630 --> 00:10:30,640

saying

229

00:10:36,150 --> 00:10:32,640

that the videos like those like go fast

230

00:10:40,150 --> 00:10:36,160

gimbal and stuff you know we're not

231

00:10:43,910 --> 00:10:41,829

and they wound up bringing awareness to

232

00:10:48,230 --> 00:10:43,920

some vulnerabilities that maybe our

233

00:10:48,240 --> 00:10:51,590

what's the problem

234

00:10:56,710 --> 00:10:53,670

what is the problem mentions how it

235

00:10:59,509 --> 00:10:56,720

spoken 1957 they had no choice but to

236

00:11:03,110 --> 00:10:59,519

tell the public about that because

237

00:11:07,590 --> 00:11:05,750

but that's what ufos is you know kind of

238

00:11:09,590 --> 00:11:07,600

like at this point

239

00:11:12,470 --> 00:11:09,600

anybody who actually pays attention or

240

00:11:16,790 --> 00:11:12,480

does any research in the ufo field

241

00:11:19,430 --> 00:11:16,800

already knows that ufo's uap exists

242

00:11:21,030 --> 00:11:19,440

and so to not

243

00:11:26,710 --> 00:11:21,040

share information that the government

244

00:11:30,470 --> 00:11:28,389

interesting that chris mellon recently

245

00:11:32,389 --> 00:11:30,480

joined scientific coalition for uap

246

00:11:39,190 --> 00:11:32,399

studies along with the

247

00:11:44,310 --> 00:11:40,829

so he is

248

00:11:47,350 --> 00:11:44,320

definitely um continuing

249

00:11:49,190 --> 00:11:47,360

and almost ramping up his activity here

250

00:11:50,870 --> 00:11:49,200

which is great for us because

251

00:11:52,710 --> 00:11:50,880

the guy is obviously

252

00:11:55,509 --> 00:11:52,720

very smart and knows the political

253

00:11:57,590 --> 00:11:55,519

aspects of all this

254

00:11:59,670 --> 00:11:57,600

and you know him and alexander pretty

255

00:12:00,790 --> 00:11:59,680

much are

256

00:12:02,310 --> 00:12:00,800

um

257

00:12:11,269 --> 00:12:02,320

responsible for all the hard work they

258

00:12:15,269 --> 00:12:13,670

you know when i went

259

00:12:16,710 --> 00:12:15,279

what kind of got me on this uh james

260

00:12:19,269 --> 00:12:16,720

mcdonald kick

261

00:12:24,310 --> 00:12:21,509

i'm not gonna lie christopher mellon in

262

00:12:28,069 --> 00:12:24,320

his article before this where he really

263

00:12:34,550 --> 00:12:31,030

i'm just thinking like

264

00:12:36,710 --> 00:12:34,560

and you know he's not the first

265

00:12:39,269 --> 00:12:36,720

hopefully he's the last but he is not

266

00:12:40,389 --> 00:12:39,279

the first and james mcDonald was

267

00:12:42,230 --> 00:12:40,399

um

268

00:12:45,430 --> 00:12:42,240

eloquent

269

00:12:50,470 --> 00:12:47,350

and artistic

270

00:12:53,030 --> 00:12:51,509

damning

271

00:12:59,590 --> 00:12:53,040

of the secrecy

272

00:13:04,310 --> 00:13:02,310

so you should read this article yourself

273

00:13:05,670 --> 00:13:04,320

it's a great article

274

00:13:14,550 --> 00:13:05,680

um

275

00:13:17,350 --> 00:13:14,560

so just wanted to share that with you

276
00:13:19,829 --> 00:13:17,360
kind of give you an idea what brought me

277
00:13:26,470 --> 00:13:19,839
into

278
00:13:29,509 --> 00:13:27,829
ufo joe

279
00:13:31,670 --> 00:13:29,519
interview with lou is amazing of course

280
00:13:33,030 --> 00:13:31,680
was amazing

281
00:13:36,629 --> 00:13:33,040
of course it was

282
00:13:43,350 --> 00:13:37,910
yeah

283
00:13:48,949 --> 00:13:45,750
um he's not afraid to say what he means

284
00:13:50,230 --> 00:13:48,959
see how he feels

285
00:13:53,030 --> 00:13:50,240
but his

286
00:13:54,470 --> 00:13:53,040
the sides he takes

287
00:14:00,829 --> 00:13:54,480
you know

288
00:14:02,550 --> 00:14:00,839

he never is on the

289

00:14:05,590 --> 00:14:02,560

side

290

00:14:08,069 --> 00:14:05,600

with no integrity let's say or

291

00:14:10,790 --> 00:14:08,079

the side that brushes things off without

292

00:14:16,150 --> 00:14:10,800

really knowing

293

00:14:20,069 --> 00:14:18,069

on the good side on the light side you

294

00:14:22,629 --> 00:14:20,079

know and so when he goes kind of hard on

295

00:14:24,310 --> 00:14:22,639

people or it gets dramatic

296

00:14:27,750 --> 00:14:24,320

as much as it can make people feel

297

00:14:29,430 --> 00:14:27,760

uncomfortable i typically agree with

298

00:14:31,509 --> 00:14:29,440

what he talks about i just don't have

299

00:14:32,870 --> 00:14:31,519

the balls to say it

300

00:14:34,710 --> 00:14:32,880

more or less

301
00:14:36,870 --> 00:14:34,720
i can't say that for everything because

302
00:14:38,870 --> 00:14:36,880
i don't know everything that he said or

303
00:14:39,910 --> 00:14:38,880
whatever

304
00:14:42,069 --> 00:14:39,920
but even

305
00:14:45,110 --> 00:14:42,079
he's a great dude and then on

306
00:14:47,670 --> 00:14:45,120
so put that to the side for now

307
00:14:50,949 --> 00:14:47,680
just in regards to this topic

308
00:14:54,949 --> 00:14:50,959
he's been around it for a long time

309
00:14:57,590 --> 00:14:54,959
he's dedicated to it he writes the best

310
00:15:01,189 --> 00:14:57,600
breakdowns of interviews on twitter so

311
00:15:05,750 --> 00:15:03,829
that takes a lot of time

312
00:15:17,110 --> 00:15:05,760
you know

313
00:15:18,230 --> 00:15:17,120

this topic like whether it be

314

00:15:20,470 --> 00:15:18,240

um

315

00:15:22,949 --> 00:15:20,480

you know hit the hitchhiker thing

316

00:15:24,710 --> 00:15:22,959

he looks at the skinwalker ranch he

317

00:15:26,629 --> 00:15:24,720

looks at the history

318

00:15:29,749 --> 00:15:26,639

he looks at the now he looks at he

319

00:15:33,749 --> 00:15:29,759

speculates but doesn't commit

320

00:15:40,790 --> 00:15:35,670

you can speculate all day long and

321

00:15:48,230 --> 00:15:43,030

but committing

322

00:15:55,030 --> 00:15:51,590

is is the issue but he is like the best

323

00:15:58,150 --> 00:15:55,040

ed's speculating and then saying but

324

00:16:02,710 --> 00:16:00,550

you know and i just love that about him

325

00:16:04,230 --> 00:16:02,720

so when he did when he was going to do

326

00:16:06,310 --> 00:16:04,240

the interview with lou i was pretty

327

00:16:07,430 --> 00:16:06,320

excited about it because i knew that he

328

00:16:09,590 --> 00:16:07,440

would have

329

00:16:12,710 --> 00:16:09,600

the right questions he would ask great

330

00:16:17,829 --> 00:16:15,110

questions he wants to ask questions

331

00:16:19,670 --> 00:16:17,839

people want him to ask

332

00:16:21,189 --> 00:16:19,680

and

333

00:16:23,110 --> 00:16:21,199

you know he got a lot of new stuff out

334

00:16:24,310 --> 00:16:23,120

there

335

00:16:26,230 --> 00:16:24,320

regarding

336

00:16:29,430 --> 00:16:26,240

you know the one of the authors of the

337

00:16:31,509 --> 00:16:29,440

preliminary assessment

338

00:16:33,269 --> 00:16:31,519

aviation

339

00:16:34,870 --> 00:16:33,279

uh like intelligence

340

00:16:37,990 --> 00:16:34,880

guy

341

00:16:41,030 --> 00:16:38,000

manager who apparently recently did

342

00:16:42,949 --> 00:16:41,040

something pretty big for uap

343

00:16:46,790 --> 00:16:42,959

i'm not sure what that is

344

00:16:50,629 --> 00:16:48,790

so

345

00:16:52,629 --> 00:16:50,639

you guys should definitely

346

00:16:54,949 --> 00:16:52,639

um

347

00:16:56,870 --> 00:16:54,959

watch that interview if you haven't

348

00:16:58,870 --> 00:16:56,880

already

349

00:17:02,310 --> 00:16:58,880

and you know part of the you know what i

350

00:17:06,230 --> 00:17:04,549

alexander doing so many interviews is

351
00:17:08,150 --> 00:17:06,240
that everyone

352
00:17:10,870 --> 00:17:08,160
that interviews him

353
00:17:12,789 --> 00:17:10,880
has something different to ask

354
00:17:14,069 --> 00:17:12,799
you know or questions

355
00:17:18,150 --> 00:17:14,079
there are questions i wouldn't have

356
00:17:22,390 --> 00:17:19,909
you know

357
00:17:25,270 --> 00:17:22,400
somebody actually asked me to ask lou

358
00:17:26,949 --> 00:17:25,280
about uh the baiting aspect of ufos and

359
00:17:32,630 --> 00:17:26,959
i

360
00:17:35,190 --> 00:17:32,640
have known better but

361
00:17:38,950 --> 00:17:35,200
i assumed that he wouldn't be able to

362
00:17:41,270 --> 00:17:38,960
talk about it so i didn't ask

363
00:17:44,310 --> 00:17:41,280

and little did i know he's on uh

364

00:17:47,430 --> 00:17:44,320

christina gomez uh show she asks and he

365

00:17:51,990 --> 00:17:47,440

gives an answer

366

00:17:56,390 --> 00:17:53,909

to have different people asking

367

00:17:58,070 --> 00:17:56,400

different questions because for instance

368

00:18:01,270 --> 00:17:58,080

if it was just me

369

00:18:03,430 --> 00:18:01,280

we wouldn't have had that

370

00:18:04,789 --> 00:18:03,440

so thankfully you know christina comes

371

00:18:06,630 --> 00:18:04,799

in as that

372

00:18:08,390 --> 00:18:06,640

joe has a great interview not to mention

373

00:18:10,310 --> 00:18:08,400

vinnie disclosure team interviewed him

374

00:18:12,390 --> 00:18:10,320

before then

375

00:18:15,029 --> 00:18:12,400

and he has a completely different kind

376

00:18:17,430 --> 00:18:15,039

of conversation with this artisan tony

377

00:18:21,590 --> 00:18:18,789

all all

378

00:18:22,950 --> 00:18:21,600

sorts of great stuff

379

00:18:25,750 --> 00:18:22,960

so

380

00:18:27,029 --> 00:18:25,760

i think that's fantastic

381

00:18:28,390 --> 00:18:27,039

and for anybody who actually pays

382

00:18:30,630 --> 00:18:28,400

attention and watches all the different

383

00:18:31,750 --> 00:18:30,640

things you can pick those pieces from

384

00:18:35,510 --> 00:18:31,760

the different

385

00:18:37,909 --> 00:18:35,520

uh interviews or whatever you know

386

00:18:42,230 --> 00:18:37,919

and put it together so

387

00:18:48,549 --> 00:18:44,950

pretty pretty pretty cool so interesting

388

00:18:50,549 --> 00:18:48,559

stuff going on uh right now uh we'll see

389

00:18:52,470 --> 00:18:50,559

what happens you know the kind of

390

00:18:55,669 --> 00:18:52,480

exciting part of

391

00:19:00,710 --> 00:18:55,679

the ufo world uap world is you really

392

00:19:04,710 --> 00:19:02,870

like one morning you could have a really

393

00:19:06,230 --> 00:19:04,720

thoughtful piece written by somebody

394

00:19:09,430 --> 00:19:06,240

like christopher mellon super

395

00:19:10,870 --> 00:19:09,440

intelligent guy the next day

396

00:19:12,390 --> 00:19:10,880

you could have

397

00:19:14,390 --> 00:19:12,400

something huge that happens you know

398

00:19:17,110 --> 00:19:14,400

what whatever it be and it could be

399

00:19:19,110 --> 00:19:17,120

quiet for a while

400

00:19:20,950 --> 00:19:19,120

it's it's somewhat of a rollercoaster

401
00:19:21,830 --> 00:19:20,960
that's for sure

402
00:19:23,430 --> 00:19:21,840
um

403
00:19:25,350 --> 00:19:23,440
but i can't help

404
00:19:27,669 --> 00:19:25,360
but feel that we're all kind of a part

405
00:19:30,470 --> 00:19:27,679
of history right now

406
00:19:33,110 --> 00:19:30,480
so um i definitely take solace in that

407
00:19:35,190 --> 00:19:33,120
in the slot times

408
00:19:37,190 --> 00:19:35,200
so with that being said i want to take

409
00:19:40,870 --> 00:19:37,200
us back

410
00:19:42,070 --> 00:19:40,880
to 1967. james mcdonald writes a piece

411
00:19:44,870 --> 00:19:42,080
to

412
00:19:47,029 --> 00:19:44,880
the united nations

413
00:19:48,310 --> 00:19:47,039

and

414

00:19:50,789 --> 00:19:48,320

you know what's very interesting with

415

00:19:52,549 --> 00:19:50,799

this is because we still even see pushes

416

00:19:54,230 --> 00:19:52,559

now with the united nations right with

417

00:19:54,590 --> 00:19:54,240

louis elizondo

418

00:19:58,950 --> 00:19:54,600

um

419

00:20:02,549 --> 00:20:00,470

and there's always talk about it and

420

00:20:06,710 --> 00:20:02,559

there are other instances where

421

00:20:07,990 --> 00:20:06,720

you know the the heir gary from granada

422

00:20:09,350 --> 00:20:08,000

uh

423

00:20:12,950 --> 00:20:09,360

actually got really close to getting

424

00:20:17,350 --> 00:20:15,350

um but then got kicked out as the leader

425

00:20:20,070 --> 00:20:17,360

of his country while he was

426

00:20:22,470 --> 00:20:20,080

uh almost about to seal that deal

427

00:20:25,750 --> 00:20:22,480

interesting but this is just a really

428

00:20:28,070 --> 00:20:25,760

well written letter and it's i just love

429

00:20:31,350 --> 00:20:28,080

james mcdonald's work so i took the time

430

00:20:32,950 --> 00:20:31,360

to read it out uh and try to be um you

431

00:20:34,710 --> 00:20:32,960

know passionate and do it with

432

00:20:36,789 --> 00:20:34,720

conviction because unfortunately james

433

00:20:37,909 --> 00:20:36,799

mcdonald is no longer with us he killed

434

00:20:38,260 --> 00:20:37,919

himself

435

00:20:40,549 --> 00:20:38,270

um

436

00:20:43,430 --> 00:20:40,559

[Music]

437

00:20:45,190 --> 00:20:43,440

which is just such a sad way to go

438

00:20:47,110 --> 00:20:45,200

uh because he was such a smart man you

439

00:20:51,190 --> 00:20:47,120

know

440

00:20:56,789 --> 00:20:54,230

he's at university of phoenix

441

00:20:58,070 --> 00:20:56,799

and atmospheric physics i believe so

442

00:20:59,669 --> 00:20:58,080

uh without

443

00:21:02,870 --> 00:20:59,679

further ado

444

00:21:07,909 --> 00:21:02,880

i really hope you enjoy it as much as i

445

00:21:13,350 --> 00:21:10,630

dr james mcdonald writes to the

446

00:21:15,750 --> 00:21:13,360

secretary general

447

00:21:17,669 --> 00:21:15,760

at the united

448

00:21:19,430 --> 00:21:17,679

says dear sir

449

00:21:21,190 --> 00:21:19,440

i wish to thank you again for making it

450

00:21:23,430 --> 00:21:21,200

possible for me to meet with the united

451
00:21:25,990 --> 00:21:23,440
nations outer space affairs group on

452
00:21:28,710 --> 00:21:26,000
june 7th to discuss international

453
00:21:31,350 --> 00:21:28,720
scientific aspects of the problem of

454
00:21:33,430 --> 00:21:31,360
ufos

455
00:21:35,510 --> 00:21:33,440
enclosed is a copy of the statement

456
00:21:37,750 --> 00:21:35,520
which i'm submitting on june 7th to the

457
00:21:39,669 --> 00:21:37,760
outer space affairs group it summarizes

458
00:21:44,310 --> 00:21:39,679
briefly my reasons for urging immediate

459
00:21:46,470 --> 00:21:44,320
united nations action on the ufo problem

460
00:21:48,950 --> 00:21:46,480
the problem is one of very large

461
00:21:53,110 --> 00:21:48,960
dimensions so brief summary of this sort

462
00:21:55,270 --> 00:21:53,120
can only present in barest outline

463
00:21:59,590 --> 00:21:55,280

the apparent nature of the ufo problem

464

00:22:01,270 --> 00:21:59,600

in possible modes of scientific attack

465

00:22:03,270 --> 00:22:01,280

i believe that a serious and determined

466

00:22:05,110 --> 00:22:03,280

effort on the part of the united nations

467

00:22:06,870 --> 00:22:05,120

to assemble information on the problem

468

00:22:09,350 --> 00:22:06,880

and to encourage immediate scientific

469

00:22:11,029 --> 00:22:09,360

attention to the problem among all

470

00:22:13,270 --> 00:22:11,039

member nations

471

00:22:14,870 --> 00:22:13,280

would be a substantial step towards

472

00:22:17,350 --> 00:22:14,880

removing

473

00:22:19,669 --> 00:22:17,360

the ridicule lid

474

00:22:24,230 --> 00:22:19,679

that is now so powerfully suppressing

475

00:22:29,190 --> 00:22:26,870

many other u n actions could and should

476

00:22:34,950 --> 00:22:29,200

be taken to escalate world scientific

477

00:22:38,310 --> 00:22:36,710

as i have indicated in my enclosed

478

00:22:39,190 --> 00:22:38,320

statement to the outer space affairs

479

00:22:40,549 --> 00:22:39,200

group

480

00:22:41,990 --> 00:22:40,559

i believe that very serious

481

00:22:44,070 --> 00:22:42,000

consideration must be given to the

482

00:22:46,110 --> 00:22:44,080

hypothesis that these unconventional

483

00:22:50,710 --> 00:22:46,120

objects constitute some form of

484

00:22:55,029 --> 00:22:52,950

until i undertook personal study of the

485

00:22:58,549 --> 00:22:55,039

problem i was not able to give credence

486

00:23:05,110 --> 00:23:00,549

after a year's intensive study i must

487

00:23:06,870 --> 00:23:05,120

still regard it as only a hypothesis

488

00:23:08,710 --> 00:23:06,880

but i must emphasize that my findings

489

00:23:10,549 --> 00:23:08,720

drive me strongly toward the view that

490

00:23:12,789 --> 00:23:10,559

this may be the only presently

491

00:23:14,870 --> 00:23:12,799

acceptable hypothesis to account for the

492

00:23:17,830 --> 00:23:14,880

quite astonishing number

493

00:23:19,909 --> 00:23:17,840

of credibly reported low-level

494

00:23:22,549 --> 00:23:19,919

close range sightings of machine-like

495

00:23:27,270 --> 00:23:22,559

objects that are now on record from all

496

00:23:30,789 --> 00:23:29,029

i wish you offer whatever personal

497

00:23:33,190 --> 00:23:30,799

assistance or counsel you or your

498

00:23:37,029 --> 00:23:33,200

colleagues might be able to draw from my

499

00:23:39,510 --> 00:23:37,039

own experience in studying this problem

500

00:23:43,110 --> 00:23:39,520

the ufo problem is an imminently

501
00:23:45,350 --> 00:23:43,120
international scientific problem

502
00:23:47,190 --> 00:23:45,360
the united nations has i believe both

503
00:23:49,029 --> 00:23:47,200
responsibilities and obligations to

504
00:23:54,710 --> 00:23:49,039
accelerate serious scientific study of

505
00:23:59,269 --> 00:23:57,510
too many serious students of the ufo

506
00:24:01,350 --> 00:23:59,279
phenomenon

507
00:24:03,590 --> 00:24:01,360
it appears conceivable that something in

508
00:24:07,830 --> 00:24:03,600
the nature of a global surveillance by

509
00:24:12,789 --> 00:24:10,630
if there is even a remote chance that

510
00:24:14,310 --> 00:24:12,799
this view is correct

511
00:24:16,230 --> 00:24:14,320
then our present ignorance of the

512
00:24:18,630 --> 00:24:16,240
purpose and plan of such surveillance

513
00:24:19,909 --> 00:24:18,640

must be speedily replaced by maximal

514

00:24:23,029 --> 00:24:19,919

understanding

515

00:24:27,830 --> 00:24:25,430

if the entire phenomena is of some other

516

00:24:29,669 --> 00:24:27,840

nature we need to know this

517

00:24:31,590 --> 00:24:29,679

present ignorance present neglect

518

00:24:33,510 --> 00:24:31,600

present ridicule all constitute

519

00:24:35,190 --> 00:24:33,520

regrettable features of our collective

520

00:24:37,510 --> 00:24:35,200

attitudes

521

00:24:40,070 --> 00:24:37,520

towards what may be a matter of urgent

522

00:24:43,029 --> 00:24:40,080

importance to all the peoples of the

523

00:24:47,260 --> 00:24:45,669

united nations scrutiny of these matters

524

00:24:48,870 --> 00:24:47,270

is in my opinion

525

00:24:52,070 --> 00:24:48,880

[Music]

526
00:24:54,470 --> 00:24:52,080
urgently needed

527
00:24:56,549 --> 00:24:54,480
respectfully yours

528
00:25:03,750 --> 00:24:56,559
james e mcdonald

529
00:25:07,590 --> 00:25:05,669
for 20 years there has been a puzzling

530
00:25:09,269 --> 00:25:07,600
study flow of reports from countries in

531
00:25:11,510 --> 00:25:09,279
all parts of the world concerning what

532
00:25:13,750 --> 00:25:11,520
have come to be termed

533
00:25:15,430 --> 00:25:13,760
ufos

534
00:25:17,590 --> 00:25:15,440
the nature of the reported objects

535
00:25:19,029 --> 00:25:17,600
appears to be essentially similar in all

536
00:25:22,149 --> 00:25:19,039
of these reports regardless of

537
00:25:23,830 --> 00:25:22,159
geographic locale

538
00:25:26,710 --> 00:25:23,840

during the past 12 months i've been

539

00:25:28,710 --> 00:25:26,720

carrying on an intensive examination of

540

00:25:33,350 --> 00:25:28,720

scientific aspects of the problem of the

541

00:25:35,110 --> 00:25:33,360

ufos as reported within the us

542

00:25:37,350 --> 00:25:35,120

after interviewing key witnesses and

543

00:25:39,149 --> 00:25:37,360

dozens of important cases distributed

544

00:25:40,830 --> 00:25:39,159

over the entire

545

00:25:43,549 --> 00:25:40,840

1947-67

546

00:25:46,149 --> 00:25:43,559

period after discussing the official

547

00:25:48,149 --> 00:25:46,159

investigatory procedures with

548

00:25:50,230 --> 00:25:48,159

u.s air force personnel

549

00:25:52,230 --> 00:25:50,240

after personally checking a large number

550

00:25:54,070 --> 00:25:52,240

of other sources of information on

551
00:25:56,310 --> 00:25:54,080
american sightings

552
00:25:58,710 --> 00:25:56,320
i've concluded that

553
00:26:00,789 --> 00:25:58,720
far from being a nonsense problem

554
00:26:03,750 --> 00:26:00,799
the problem of the ufos

555
00:26:07,750 --> 00:26:03,760
is one of extraordinary scientific

556
00:26:11,110 --> 00:26:09,350
it is my conclusion that no official

557
00:26:15,269 --> 00:26:11,120
group in my country has conducted an

558
00:26:17,510 --> 00:26:15,279
adequate investigation of this problem

559
00:26:19,590 --> 00:26:17,520
this conclusion is contrary to the

560
00:26:23,269 --> 00:26:19,600
impressions held by many persons both

561
00:26:24,630 --> 00:26:23,279
within and outside the united states

562
00:26:26,950 --> 00:26:24,640
to the effect that a competent

563
00:26:30,630 --> 00:26:26,960

scientific examination of american

564

00:26:32,070 --> 00:26:30,640

reports was being carried out

565

00:26:34,470 --> 00:26:32,080

i fear that this widespread

566

00:26:36,149 --> 00:26:34,480

misimpression has long held up

567

00:26:38,470 --> 00:26:36,159

scientific attention

568

00:26:41,990 --> 00:26:38,480

to a problem of great international

569

00:26:46,710 --> 00:26:44,149

i have asked for the present opportunity

570

00:26:48,549 --> 00:26:46,720

to appear before the outer space affairs

571

00:26:50,870 --> 00:26:48,559

group

572

00:26:53,190 --> 00:26:50,880

because i wish to urge that all possible

573

00:26:55,990 --> 00:26:53,200

steps be taken to immediately by the

574

00:26:57,830 --> 00:26:56,000

united nations organizations

575

00:27:00,070 --> 00:26:57,840

through its scientific staff

576

00:27:02,549 --> 00:27:00,080

and through the scientific facilities of

577

00:27:05,269 --> 00:27:02,559

all its member nations

578

00:27:11,750 --> 00:27:05,279

to undertake a systematic global study

579

00:27:15,590 --> 00:27:13,750

there is now strong indication that the

580

00:27:17,510 --> 00:27:15,600

number of reports of close range low

581

00:27:19,750 --> 00:27:17,520

altitude sightings of completely

582

00:27:21,430 --> 00:27:19,760

unconventional aerial objects

583

00:27:23,350 --> 00:27:21,440

exhibiting machine-like features and

584

00:27:25,669 --> 00:27:23,360

displaying inexplicable performance

585

00:27:28,870 --> 00:27:25,679

characteristics has been increasing in

586

00:27:32,389 --> 00:27:30,789

this is certainly apparent within the

587

00:27:34,710 --> 00:27:32,399

united states

588

00:27:37,190 --> 00:27:34,720

i have the strong impression that the

589

00:27:38,950 --> 00:27:37,200

same increase is evident in many foreign

590

00:27:41,430 --> 00:27:38,960

areas

591

00:27:43,669 --> 00:27:41,440

my own studies lead me to reject

592

00:27:46,549 --> 00:27:43,679

categorically the view that these are

593

00:27:49,110 --> 00:27:46,559

merely misidentified natural atmospheric

594

00:27:51,269 --> 00:27:49,120

or astronomical phenomena

595

00:27:56,389 --> 00:27:51,279

many official explanations to this

596

00:28:00,549 --> 00:27:58,389

nor is it possible to explain all these

597

00:28:04,149 --> 00:28:00,559

sightings with hypotheses of advanced

598

00:28:06,310 --> 00:28:04,159

technologies or secret test vehicles

599

00:28:08,070 --> 00:28:06,320

with hypotheses of hoax or fraud or

600

00:28:12,310 --> 00:28:08,080

fabrication or with psychological

601
00:28:16,789 --> 00:28:14,789
each of the latter hypotheses does come

602
00:28:18,870 --> 00:28:16,799
into consideration

603
00:28:20,870 --> 00:28:18,880
in a number of cases but there is still

604
00:28:22,950 --> 00:28:20,880
left an astonishing number of other

605
00:28:25,350 --> 00:28:22,960
reports made by highly credible

606
00:28:29,110 --> 00:28:25,360
observers over the past two decades

607
00:28:31,430 --> 00:28:29,120
which cannot be so explained away

608
00:28:34,070 --> 00:28:31,440
now i believe that this large residue of

609
00:28:38,070 --> 00:28:35,990
now numbering hundreds to perhaps

610
00:28:39,990 --> 00:28:38,080
thousands of cases

611
00:28:41,730 --> 00:28:40,000
demands the attention of the world's

612
00:28:44,310 --> 00:28:41,740
outstanding scientists

613
00:28:45,909 --> 00:28:44,320

[Music]

614

00:28:47,830 --> 00:28:45,919

because of widespread official

615

00:28:51,269 --> 00:28:47,840

journalistic and even scientific

616

00:28:56,549 --> 00:28:51,279

ridicule almost no scientific intention

617

00:28:59,669 --> 00:28:56,559

is currently being paid to this problem

618

00:29:01,909 --> 00:28:59,679

this situation must i urge be altered

619

00:29:03,590 --> 00:29:01,919

with great dispatch

620

00:29:05,350 --> 00:29:03,600

because the evidence

621

00:29:06,710 --> 00:29:05,360

once examined

622

00:29:08,310 --> 00:29:06,720

closely

623

00:29:10,710 --> 00:29:08,320

as i have attempted to do in recent

624

00:29:13,350 --> 00:29:10,720

months points overwhelmingly to some

625

00:29:17,909 --> 00:29:13,360

phenomenon about which all of us must

626

00:29:22,950 --> 00:29:19,909

official ridicule has to be replaced by

627

00:29:24,710 --> 00:29:22,960

high caliber scientific scrutiny of this

628

00:29:26,230 --> 00:29:24,720

problem

629

00:29:28,549 --> 00:29:26,240

because of the global nature of the

630

00:29:30,470 --> 00:29:28,559

phenomenon it

631

00:29:32,710 --> 00:29:30,480

immediately falls into areas where the

632

00:29:34,870 --> 00:29:32,720

united nations organizations must accept

633

00:29:37,430 --> 00:29:34,880

responsibility for encouraging immediate

634

00:29:40,389 --> 00:29:37,440

escalation of scientific examination of

635

00:29:42,549 --> 00:29:40,399

the problem

636

00:29:44,630 --> 00:29:42,559

it is my present view based on what i

637

00:29:48,870 --> 00:29:44,640

believe to be sufficient scientific

638

00:29:51,269 --> 00:29:48,880

consideration of alternative hypothesis

639

00:29:53,269 --> 00:29:51,279

that the most probable hypothesis to

640

00:29:55,269 --> 00:29:53,279

account for the ufo phenomenon is that

641

00:29:56,230 --> 00:29:55,279

these are some type of surveillance

642

00:30:00,950 --> 00:29:56,240

probes

643

00:30:05,669 --> 00:30:03,110

i stress that this can at present be

644

00:30:07,590 --> 00:30:05,679

regarded only as a hypothesis and

645

00:30:12,310 --> 00:30:07,600

against its stand many obvious

646

00:30:16,549 --> 00:30:14,149

and i also emphasize that there are

647

00:30:18,870 --> 00:30:16,559

innumerable facets of the ufo phenomenon

648

00:30:21,990 --> 00:30:18,880

which i can only describe as utterly

649

00:30:26,070 --> 00:30:24,549

and inexplicable in terms of present day

650

00:30:29,510 --> 00:30:26,080

scientific and

651

00:30:31,190 --> 00:30:29,520

technological knowledge

652

00:30:34,389 --> 00:30:31,200

i would also remark that if these

653

00:30:37,190 --> 00:30:34,399

objects are not of e.d origin then

654

00:30:40,870 --> 00:30:37,200

alternative hypotheses that will demand

655

00:30:43,190 --> 00:30:40,880

consideration will be even more bizarre

656

00:30:45,669 --> 00:30:43,200

and perhaps of even greater scientific

657

00:30:48,230 --> 00:30:45,679

interest to all mankind

658

00:30:51,430 --> 00:30:48,240

hence regardless of what

659

00:30:53,510 --> 00:30:51,440

ultimate explanation is found

660

00:30:55,110 --> 00:30:53,520

for the ufo phenomenon

661

00:30:57,190 --> 00:30:55,120

the present scientific neglect and

662

00:30:59,669 --> 00:30:57,200

ridicule must be replaced by scientific

663

00:31:01,669 --> 00:30:59,679

concern in intensive study

664

00:31:03,509 --> 00:31:01,679

and my recommendation to the outer space

665

00:31:05,990 --> 00:31:03,519

affairs group is that it seek all

666

00:31:09,830 --> 00:31:06,000

possible means of securing worldwide

667

00:31:13,110 --> 00:31:11,909

the first need is for erasing the

668

00:31:15,029 --> 00:31:13,120

ridicule

669

00:31:16,950 --> 00:31:15,039

that is quite clearly suppressing open

670

00:31:21,029 --> 00:31:16,960

reporting of sightings of unconventional

671

00:31:22,789 --> 00:31:21,039

objects in the air and on the ground

672

00:31:24,549 --> 00:31:22,799

i'm personally quite familiar with the

673

00:31:27,430 --> 00:31:24,559

strong suppressive effects of that

674

00:31:29,430 --> 00:31:27,440

ridicule in my own country

675

00:31:31,750 --> 00:31:29,440

my conversations with scientists and

676
00:31:33,590 --> 00:31:31,760
others from abroad convinces me the

677
00:31:35,669 --> 00:31:33,600
ridicule and scoffing

678
00:31:38,310 --> 00:31:35,679
in most foreign countries is comparable

679
00:31:40,950 --> 00:31:38,320
to that in the united states

680
00:31:44,950 --> 00:31:40,960
that only a tiny fraction of all reports

681
00:31:49,590 --> 00:31:46,950
this unfortunate situation must be

682
00:31:51,590 --> 00:31:49,600
quickly remedied since all attempts to

683
00:31:55,509 --> 00:31:51,600
discern meaningful patterns

684
00:31:58,070 --> 00:31:55,519
of spatial and temporal distribution

685
00:32:01,990 --> 00:31:58,080
of the sightings are blocked at present

686
00:32:06,470 --> 00:32:03,830
one never knows whether a discern

687
00:32:09,190 --> 00:32:06,480
pattern is only fortuitously related to

688
00:32:11,509 --> 00:32:09,200

some local intransigent reduction

689

00:32:15,909 --> 00:32:11,519

in the ridicule with which reports are

690

00:32:19,509 --> 00:32:17,750

serious concern with an unknown and

691

00:32:21,990 --> 00:32:19,519

potentially very important problem must

692

00:32:23,669 --> 00:32:22,000

become the keynote of official handling

693

00:32:25,990 --> 00:32:23,679

of these ufo sightings throughout the

694

00:32:27,430 --> 00:32:26,000

world to eliminate the ridicule that is

695

00:32:30,789 --> 00:32:27,440

at present suppressing complete

696

00:32:34,710 --> 00:32:32,950

secondly the existence of an already

697

00:32:38,549 --> 00:32:34,720

available sensing system in the form of

698

00:32:41,430 --> 00:32:38,559

radar facilities must be recognized as

699

00:32:43,590 --> 00:32:41,440

exceedingly fortunate

700

00:32:45,430 --> 00:32:43,600

at present most radar sightings of ufos

701
00:32:48,549 --> 00:32:45,440
are not getting into scientific hands

702
00:32:50,789 --> 00:32:48,559
largely because most radar equipment

703
00:32:52,470 --> 00:32:50,799
is operated by military groups who have

704
00:32:56,230 --> 00:32:52,480
not admitted

705
00:32:57,669 --> 00:32:56,240
the existence of a real ufo problem and

706
00:33:00,549 --> 00:32:57,679
who tend

707
00:33:02,630 --> 00:33:00,559
in almost all countries of the world

708
00:33:03,990 --> 00:33:02,640
to ignore

709
00:33:06,389 --> 00:33:04,000
inexplicable

710
00:33:08,549 --> 00:33:06,399
high-speed radar target reports

711
00:33:12,389 --> 00:33:08,559
or else to withhold them

712
00:33:17,830 --> 00:33:14,870
to ignore inexplicable high-speed radar

713
00:33:21,909 --> 00:33:17,840

target reports or else to withhold them

714

00:33:26,230 --> 00:33:23,909

understandable as this is at first

715

00:33:28,310 --> 00:33:26,240

glance it must quickly be altered no

716

00:33:30,710 --> 00:33:28,320

other technique now available compares

717

00:33:32,470 --> 00:33:30,720

with radar for gathering objective data

718

00:33:34,389 --> 00:33:32,480

on movements

719

00:33:37,269 --> 00:33:34,399

and operating characteristics of the

720

00:33:39,430 --> 00:33:37,279

ufos

721

00:33:41,350 --> 00:33:39,440

one hopes that superior sensing devices

722

00:33:43,830 --> 00:33:41,360

will be developed as soon as the ufo

723

00:33:45,029 --> 00:33:43,840

problem is regarded with the seriousness

724

00:33:48,630 --> 00:33:45,039

it

725

00:33:52,710 --> 00:33:50,789

but for the immediate future radar

726

00:33:54,470 --> 00:33:52,720

facilities offer greater promise of

727

00:33:55,430 --> 00:33:54,480

supplying scientific data on this

728

00:33:58,870 --> 00:33:55,440

problem

729

00:34:01,509 --> 00:33:58,880

than does any other equipment at hand

730

00:34:04,230 --> 00:34:01,519

a wide range of electromagnetic

731

00:34:06,950 --> 00:34:04,240

disturbances accompanying close passage

732

00:34:08,869 --> 00:34:06,960

or hovering of the ufos is now on record

733

00:34:10,629 --> 00:34:08,879

throughout the world

734

00:34:13,109 --> 00:34:10,639

despite this record not yet being

735

00:34:16,710 --> 00:34:13,119

admitted into what one would ordinarily

736

00:34:21,430 --> 00:34:18,950

disturbance of internal combustion

737

00:34:24,149 --> 00:34:21,440

engines coincident with close passage of

738

00:34:25,669 --> 00:34:24,159

disk-like or cylindrical unconventional

739

00:34:28,470 --> 00:34:25,679

objects

740

00:34:31,270 --> 00:34:28,480

is on record in at least several hundred

741

00:34:35,270 --> 00:34:33,270

i know personally of dozens of quite

742

00:34:38,710 --> 00:34:35,280

credibly reported cases of that effect

743

00:34:40,389 --> 00:34:38,720

just within the u.s in recent years

744

00:34:42,389 --> 00:34:40,399

and often the disturbances are

745

00:34:44,710 --> 00:34:42,399

accompanied by broad spectrum

746

00:34:46,629 --> 00:34:44,720

electromagnetic noise picked up on radio

747

00:34:48,950 --> 00:34:46,639

devices

748

00:34:51,270 --> 00:34:48,960

and many instances compasses both on

749

00:34:52,629 --> 00:34:51,280

ships and and in aircraft have been

750

00:34:54,950 --> 00:34:52,639

disturbed

751

00:34:56,389 --> 00:34:54,960

mcdometers and even watches have been

752

00:34:58,550 --> 00:34:56,399

affected

753

00:35:00,829 --> 00:34:58,560

all these reports far too numerous to

754

00:35:02,870 --> 00:35:00,839

cite in detail point to some kind of

755

00:35:05,510 --> 00:35:02,880

electromagnetic noise

756

00:35:07,990 --> 00:35:05,520

or electromagnetic side effects that

757

00:35:09,829 --> 00:35:08,000

offer promise for design of new sensing

758

00:35:14,150 --> 00:35:09,839

devices

759

00:35:16,470 --> 00:35:14,160

developed when competent engineers and

760

00:35:19,510 --> 00:35:16,480

physicists take seriously

761

00:35:20,790 --> 00:35:19,520

the rapidly growing body of reports of

762

00:35:25,589 --> 00:35:20,800

close range

763

00:35:30,870 --> 00:35:28,710

radar must be exploited in the short run

764

00:35:32,870 --> 00:35:30,880

but new devices need to be developed to

765

00:35:34,950 --> 00:35:32,880

supply objective tracking and sensing

766

00:35:36,710 --> 00:35:34,960

techniques

767

00:35:39,109 --> 00:35:36,720

temporal and spatial variations and

768

00:35:41,030 --> 00:35:39,119

occurrences of ufo movements must be

769

00:35:44,710 --> 00:35:41,040

ascertained without the presently

770

00:35:49,829 --> 00:35:47,109

of psychological factors that suppress

771

00:35:53,829 --> 00:35:49,839

the fraction of all sightings

772

00:35:59,589 --> 00:35:56,630

some serious students of the phenomenon

773

00:36:01,589 --> 00:35:59,599

have been asserting for years that there

774

00:36:04,390 --> 00:36:01,599

are discernible patterns

775

00:36:05,829 --> 00:36:04,400

of ufo reconnaissance

776

00:36:08,150 --> 00:36:05,839

i would grant the appearance of some of

777

00:36:10,550 --> 00:36:08,160

these patterns in the reports but i

778

00:36:12,710 --> 00:36:10,560

would be unwilling to attempt to draw

779

00:36:15,270 --> 00:36:12,720

any firm conclusions they're from

780

00:36:18,470 --> 00:36:15,280

since i've seen too much evidence that

781

00:36:20,790 --> 00:36:18,480

we are getting only a very tiny fraction

782

00:36:22,310 --> 00:36:20,800

of all sightings openly or even

783

00:36:26,069 --> 00:36:22,320

confidentially

784

00:36:30,069 --> 00:36:27,990

there's curious evidence still too

785

00:36:32,310 --> 00:36:30,079

inadequately studied to warrant any firm

786

00:36:34,710 --> 00:36:32,320

conclusions that unconventional objects

787

00:36:36,470 --> 00:36:34,720

apparently rather similar in nature to

788

00:36:38,710 --> 00:36:36,480

those that have been reported in our

789

00:36:41,510 --> 00:36:38,720

global airspace in the past two decades

790

00:36:44,950 --> 00:36:41,520

have been seen

791

00:36:46,710 --> 00:36:44,960

prior to 1947 epoch of the marked rise

792

00:36:49,349 --> 00:36:46,720

in sightings

793

00:36:52,230 --> 00:36:49,359

if true this has enormously important

794

00:36:54,310 --> 00:36:52,240

bearing on our ultimate interpretations

795

00:36:56,630 --> 00:36:54,320

of what is going on in the ufo

796

00:36:59,270 --> 00:36:56,640

phenomenon

797

00:37:01,430 --> 00:36:59,280

scholarly examination of that evidence

798

00:37:03,589 --> 00:37:01,440

needs to be carried out by persons in a

799

00:37:05,750 --> 00:37:03,599

wide variety of disciplines

800

00:37:09,589 --> 00:37:05,760

scholars familiar with various historic

801
00:37:11,430 --> 00:37:09,599
aspects of technology and related fields

802
00:37:13,670 --> 00:37:11,440
and i shall not here attempt to

803
00:37:15,750 --> 00:37:13,680
elaborate details but only stress that

804
00:37:17,990 --> 00:37:15,760
some students of the problem have

805
00:37:20,870 --> 00:37:18,000
assembled cognitive evidence that the

806
00:37:25,589 --> 00:37:20,880
ufo phenomenon may be at least half a

807
00:37:30,069 --> 00:37:27,750
and this remark must then be followed by

808
00:37:31,910 --> 00:37:30,079
emphasis on the faintly disturbing point

809
00:37:34,150 --> 00:37:31,920
that the frequency of sightings

810
00:37:37,109 --> 00:37:34,160
increased by perhaps two or three orders

811
00:37:39,589 --> 00:37:37,119
of magnitudes either in 46 or 47 for

812
00:37:42,550 --> 00:37:39,599
reasons which we

813
00:37:43,910 --> 00:37:42,560

do not now understand in the slightest

814

00:37:45,910 --> 00:37:43,920

degree

815

00:37:48,150 --> 00:37:45,920

and that ignorance may not easily be

816

00:37:51,270 --> 00:37:48,160

removed but until we start serious

817

00:37:54,069 --> 00:37:51,280

scientific scrutiny of the ufo problem

818

00:37:56,550 --> 00:37:54,079

we will continue in utter ignorance of

819

00:38:01,589 --> 00:37:56,560

what may be a matter of the utmost

820

00:38:05,190 --> 00:38:03,030

in summary i again express my

821

00:38:07,510 --> 00:38:05,200

appreciation for this opportunity to

822

00:38:09,829 --> 00:38:07,520

meet with you to discuss this problem

823

00:38:11,670 --> 00:38:09,839

i urge that the un organization

824

00:38:13,990 --> 00:38:11,680

immediately undertake a review of the

825

00:38:15,990 --> 00:38:14,000

ufo problem possibly through the outer

826

00:38:18,230 --> 00:38:16,000

space affairs group

827

00:38:20,390 --> 00:38:18,240

and i hope that all member nations will

828

00:38:22,310 --> 00:38:20,400

be encouraged to institute review boards

829

00:38:24,710 --> 00:38:22,320

and study panels to examine ufo

830

00:38:27,349 --> 00:38:24,720

sightings in their own countries to

831

00:38:30,790 --> 00:38:27,359

achieve a rapid increase in worldwide

832

00:38:34,790 --> 00:38:30,800

scientific attention to this problem

833

00:38:37,670 --> 00:38:34,800

if there is in any way

834

00:38:40,069 --> 00:38:37,680

in which i can personally assist on the

835

00:38:42,870 --> 00:38:40,079

basis of my own recent scientific

836

00:38:46,630 --> 00:38:42,880

studies of this fascinating problem

837

00:38:50,630 --> 00:38:46,640

i hope that your group will call upon me

838

00:38:52,710 --> 00:38:50,640

many others whom i know would i believe

839

00:38:54,310 --> 00:38:52,720

be equally ready to assist in such

840

00:38:56,150 --> 00:38:54,320

capacity

841

00:38:58,470 --> 00:38:56,160

in the hope that a long neglected

842

00:39:01,430 --> 00:38:58,480

problem can be quickly elevated to one

843

00:39:03,589 --> 00:39:01,440

of highest scientific priority

844

00:39:04,550 --> 00:39:03,599

i know of no other

845

00:39:06,550 --> 00:39:04,560

current

846

00:39:09,109 --> 00:39:06,560

scientific problem that is more

847

00:39:11,990 --> 00:39:09,119

interestingly of the nature and origin

848

00:39:16,470 --> 00:39:14,230

hence it seems indispensable to secure

849

00:39:18,150 --> 00:39:16,480

united nations involvement in the study

850

00:39:20,870 --> 00:39:18,160

of this problem

851
00:39:23,349 --> 00:39:20,880
the global importance

852
00:39:30,630 --> 00:39:23,359
of which may truly

853
00:39:34,470 --> 00:39:31,829
i hope you

854
00:39:35,589 --> 00:39:34,480
hope you enjoyed that

855
00:39:38,390 --> 00:39:35,599
um

856
00:39:41,030 --> 00:39:38,400
it was true it's truly a pleasure uh

857
00:39:45,109 --> 00:39:41,040
reading is at work um it makes me feel a

858
00:39:49,910 --> 00:39:46,710
um

859
00:39:51,750 --> 00:39:49,920
and you know just the way he looked at

860
00:39:52,050 --> 00:39:51,760
everything was so

861
00:39:53,430 --> 00:39:52,060
um

862
00:39:55,829 --> 00:39:53,440
[Music]

863
00:39:57,109 --> 00:39:55,839

scientific grounded

864

00:39:58,310 --> 00:39:57,119

but also

865

00:39:59,750 --> 00:39:58,320

realistic

866

00:40:02,790 --> 00:39:59,760

so

867

00:40:04,870 --> 00:40:02,800

really appreciate the way uh that he did

868

00:40:07,589 --> 00:40:04,880

his thing

869

00:40:10,870 --> 00:40:07,599

and i'm grateful that i could read this

870

00:40:11,670 --> 00:40:10,880

stuff and that you guys are actually

871

00:40:13,510 --> 00:40:11,680

um

872

00:40:15,109 --> 00:40:13,520

you know here to listen to it because i

873

00:40:19,430 --> 00:40:15,119

feel like a lot of it

874

00:40:22,710 --> 00:40:21,030

you know

875

00:40:24,630 --> 00:40:22,720

over the decades it's just either

876

00:40:26,870 --> 00:40:24,640

forgotten about or brushed to the side i

877

00:40:28,870 --> 00:40:26,880

mean how can you keep up with all of it

878

00:40:29,750 --> 00:40:28,880

right but that's what i'm here for is is

879

00:40:33,270 --> 00:40:29,760

to

880

00:40:35,430 --> 00:40:33,280

know

881

00:40:36,790 --> 00:40:35,440

not let them die

882

00:40:38,390 --> 00:40:36,800

you know what i mean

883

00:40:40,550 --> 00:40:38,400

uh because

884

00:40:43,349 --> 00:40:40,560

just because something happened

885

00:40:44,710 --> 00:40:43,359

you know in 67 or whatever something was

886

00:40:46,069 --> 00:40:44,720

written then

887

00:40:48,309 --> 00:40:46,079

doesn't mean it should lose its

888

00:40:50,390 --> 00:40:48,319

importance value or significance

889

00:40:51,270 --> 00:40:50,400

especially in this time

890

00:40:52,630 --> 00:40:51,280

so

891

00:40:56,150 --> 00:40:52,640

um

892

00:40:57,589 --> 00:40:56,160

you know it was a pleasure doing that

893

00:41:00,950 --> 00:40:57,599

so

894

00:41:04,710 --> 00:41:00,960

oh look at that we got jay

895

00:41:08,230 --> 00:41:04,720

mr j christopher fancy boy king

896

00:41:11,829 --> 00:41:08,240

hanging out with leslie kane and

897

00:41:13,349 --> 00:41:11,839

all the cool folks down at texas

898

00:41:15,990 --> 00:41:13,359

awesome

899

00:41:19,510 --> 00:41:17,910

glad to have you back

900

00:41:22,230 --> 00:41:19,520

we don't have anyone scheduled for

901
00:41:23,990 --> 00:41:22,240
wednesday but maybe jay can come on and

902
00:41:27,030 --> 00:41:24,000
give us a rundown

903
00:41:32,950 --> 00:41:28,150
the

904
00:41:37,109 --> 00:41:32,960
what a cool event

905
00:41:38,470 --> 00:41:37,119
and we had everyone from jacques valet

906
00:41:40,790 --> 00:41:38,480
leslie kane um

907
00:41:44,150 --> 00:41:40,800
[Music]

908
00:41:47,109 --> 00:41:44,160
and a lot of other freaking people mayan

909
00:41:49,829 --> 00:41:47,119
so um i have a couple other things that

910
00:41:51,990 --> 00:41:49,839
i'm going to run through with you

911
00:41:52,950 --> 00:41:52,000
these next few things i'm going to show

912
00:41:57,670 --> 00:41:52,960
you

913
00:42:02,309 --> 00:41:59,829

ufos at air force bases now i'm not

914

00:42:04,470 --> 00:42:02,319

going to read through all these i'm just

915

00:42:06,309 --> 00:42:04,480

going to kind of show you and go through

916

00:42:07,670 --> 00:42:06,319

them and i'll make these available to

917

00:42:12,069 --> 00:42:07,680

you

918

00:42:13,109 --> 00:42:12,079

into them further and read the whole

919

00:42:15,589 --> 00:42:13,119

stories

920

00:42:17,670 --> 00:42:15,599

if you would like there is one story

921

00:42:21,829 --> 00:42:17,680

that i'll i'll read more of

922

00:42:25,030 --> 00:42:21,839

and it's regard in regards to a 1964

923

00:42:26,550 --> 00:42:25,040

uh story of a ufo landing at hallman air

924

00:42:28,950 --> 00:42:26,560

force base

925

00:42:31,349 --> 00:42:28,960

uh which is

926
00:42:34,790 --> 00:42:31,359
um actually ufo joe has been tweeting

927
00:42:37,030 --> 00:42:34,800
about and i shared the uh

928
00:42:38,550 --> 00:42:37,040
the publication in which that uh story

929
00:42:40,550 --> 00:42:38,560
came out in back then

930
00:42:42,069 --> 00:42:40,560
um so i'll just show you that maybe

931
00:42:44,710 --> 00:42:42,079
review lines of that because it's very

932
00:42:47,430 --> 00:42:44,720
interesting if true

933
00:42:49,829 --> 00:42:47,440
um and give you kind of a brief overview

934
00:42:52,069 --> 00:42:49,839
of what i'll be giving you um it's not

935
00:42:53,829 --> 00:42:52,079
homework

936
00:42:55,510 --> 00:42:53,839
kind of feels like it but you can do

937
00:42:57,510 --> 00:42:55,520
what you want with it so this kirkland

938
00:42:59,990 --> 00:42:57,520

airfield james mcdonald he

939

00:43:01,910 --> 00:43:00,000

this is pretty cool because he um goes

940

00:43:03,829 --> 00:43:01,920

through a story that was a part of the

941

00:43:06,069 --> 00:43:03,839

content report and

942

00:43:08,309 --> 00:43:06,079

you know pretty much deep

943

00:43:10,630 --> 00:43:08,319

debunks the content report and gives his

944

00:43:13,589 --> 00:43:10,640

take on it um so it's definitely worth

945

00:43:15,750 --> 00:43:13,599

reading this

946

00:43:18,470 --> 00:43:15,760

very much so

947

00:43:19,910 --> 00:43:18,480

because you know james mcdonald did a

948

00:43:22,230 --> 00:43:19,920

lot of his own

949

00:43:25,190 --> 00:43:22,240

scientific investigations and interviews

950

00:43:26,790 --> 00:43:25,200

of witnesses he even interviewed

951
00:43:28,309 --> 00:43:26,800
west all witnesses if you're not

952
00:43:30,470 --> 00:43:28,319
familiar with that that was a landing in

953
00:43:31,829 --> 00:43:30,480
1966

954
00:43:34,950 --> 00:43:31,839
um

955
00:43:39,109 --> 00:43:37,349
yeah i could read them all

956
00:43:40,950 --> 00:43:39,119
and i would enjoy it but then it would

957
00:43:42,870 --> 00:43:40,960
take too long you know there's so much

958
00:43:44,710 --> 00:43:42,880
there's so much stuff to cover

959
00:43:47,670 --> 00:43:44,720
that if i read it all

960
00:43:49,589 --> 00:43:47,680
it'll take too long so

961
00:43:51,510 --> 00:43:49,599
i will

962
00:43:52,950 --> 00:43:51,520
share it with you although i do love

963
00:43:54,470 --> 00:43:52,960

reading it so

964

00:43:57,349 --> 00:43:54,480

um

965

00:43:59,589 --> 00:43:57,359

pretty pretty great report here though

966

00:44:01,910 --> 00:43:59,599

most definitely

967

00:44:03,589 --> 00:44:01,920

so i'll be sharing that with you

968

00:44:06,230 --> 00:44:03,599

and this is the one i was talking about

969

00:44:09,670 --> 00:44:06,240

about the ufo landing so

970

00:44:11,190 --> 00:44:09,680

we have in the apr oh bulletin if you're

971

00:44:12,630 --> 00:44:11,200

not familiar you can read at the top

972

00:44:14,150 --> 00:44:12,640

what it's all about

973

00:44:15,990 --> 00:44:14,160

uh it's the official copyrighted

974

00:44:20,950 --> 00:44:16,000

publication of the aerial phenomenon

975

00:44:22,950 --> 00:44:20,960

research organization at tucson arizona

976

00:44:24,950 --> 00:44:22,960

um

977

00:44:26,390 --> 00:44:24,960

this publication was pretty cool a lot

978

00:44:27,109 --> 00:44:26,400

of information came

979

00:44:29,750 --> 00:44:27,119

out

980

00:44:33,510 --> 00:44:29,760

from it back in the day

981

00:44:35,510 --> 00:44:33,520

and a lot of scientific awesome

982

00:44:37,589 --> 00:44:35,520

investigations and a lot of

983

00:44:38,790 --> 00:44:37,599

different kinds of stuff like

984

00:44:41,829 --> 00:44:38,800

you know we hear a lot about like the

985

00:44:43,990 --> 00:44:41,839

poltergeist stuff in the ufos john keel

986

00:44:45,750 --> 00:44:44,000

uh had a lot of articles in this

987

00:44:48,150 --> 00:44:45,760

bulletin back in the day where he

988

00:44:49,349 --> 00:44:48,160

touched on that stuff

989

00:44:51,349 --> 00:44:49,359

so

990

00:44:52,950 --> 00:44:51,359

it's a great place to learn about the

991

00:44:55,109 --> 00:44:52,960

phenomena as well

992

00:44:56,550 --> 00:44:55,119

uh but you know like anything especially

993

00:44:58,150 --> 00:44:56,560

ufo related

994

00:45:01,510 --> 00:44:58,160

you know

995

00:45:03,990 --> 00:45:01,520

as truth that's for sure

996

00:45:05,829 --> 00:45:04,000

um but if you could be uh selective and

997

00:45:07,750 --> 00:45:05,839

and go at it with a

998

00:45:09,349 --> 00:45:07,760

grounded attitude and cool head it you

999

00:45:11,190 --> 00:45:09,359

can get a lot of great information out

1000

00:45:13,670 --> 00:45:11,200

of it most definitely

1001
00:45:16,470 --> 00:45:13,680
um especially stuff that's so relatable

1002
00:45:18,309 --> 00:45:16,480
to what we're hearing about today

1003
00:45:20,950 --> 00:45:18,319
so this case starts where i highlighted

1004
00:45:23,190 --> 00:45:20,960
here actually

1005
00:45:25,190 --> 00:45:23,200
um is that holloman air force base

1006
00:45:26,950 --> 00:45:25,200
the following is a chronological account

1007
00:45:28,870 --> 00:45:26,960
of the landing of an unconventional

1008
00:45:30,950 --> 00:45:28,880
aerial object on the north range

1009
00:45:35,190 --> 00:45:30,960
extension of the air force base on

1010
00:45:39,670 --> 00:45:38,390
uh andres good pickup on the uao yeah

1011
00:45:41,430 --> 00:45:39,680
you know they're always something

1012
00:45:43,910 --> 00:45:41,440
different

1013
00:45:46,950 --> 00:45:43,920

always uao was used a lot

1014

00:45:50,230 --> 00:45:46,960

um in the blue book files not really

1015

00:45:51,990 --> 00:45:50,240

that i could see but

1016

00:45:56,309 --> 00:45:52,000

um you know a lot of different things

1017

00:46:00,309 --> 00:45:57,910

that's why when people have so much beef

1018

00:46:03,750 --> 00:46:00,319

about unidentified aerial phenomenon or

1019

00:46:05,510 --> 00:46:03,760

uap i really just think well you may not

1020

00:46:07,270 --> 00:46:05,520

have

1021

00:46:08,710 --> 00:46:07,280

you know done i don't know i can't say

1022

00:46:09,430 --> 00:46:08,720

this about everybody

1023

00:46:11,109 --> 00:46:09,440

but

1024

00:46:12,790 --> 00:46:11,119

it makes me think you may not have done

1025

00:46:14,950 --> 00:46:12,800

much research in an actual blue book

1026

00:46:18,710 --> 00:46:14,960

files because unidentified aerial

1027

00:46:21,030 --> 00:46:18,720

phenomenon is been used since basically

1028

00:46:22,390 --> 00:46:21,040

1947 or 48

1029

00:46:24,150 --> 00:46:22,400

you know

1030

00:46:25,030 --> 00:46:24,160

um

1031

00:46:27,109 --> 00:46:25,040

so

1032

00:46:28,950 --> 00:46:27,119

i don't get what the what the beef is

1033

00:46:32,150 --> 00:46:28,960

their ufo has

1034

00:46:35,109 --> 00:46:32,160

been used uh uap uao

1035

00:46:37,670 --> 00:46:35,119

um and all sorts of different ones

1036

00:46:38,710 --> 00:46:37,680

uh even from the cia documents we we

1037

00:46:42,069 --> 00:46:38,720

read

1038

00:46:43,670 --> 00:46:42,079

uh from last week they were called

1039

00:46:46,790 --> 00:46:43,680

something else they were called a flying

1040

00:46:49,829 --> 00:46:46,800

unidentified object

1041

00:46:53,349 --> 00:46:51,910

and the navy documents we just read over

1042

00:46:54,630 --> 00:46:53,359

you know

1043

00:46:57,589 --> 00:46:54,640

that

1044

00:47:01,349 --> 00:46:57,599

those are called uh i forgot already but

1045

00:47:05,670 --> 00:47:03,109

so

1046

00:47:07,510 --> 00:47:05,680

oh my god

1047

00:47:09,190 --> 00:47:07,520

coming in with the bruce cathy a new

1048

00:47:11,349 --> 00:47:09,200

zealand pilot love your channel thanks

1049

00:47:14,390 --> 00:47:11,359

man yeah i actually did an episode on

1050

00:47:17,109 --> 00:47:14,400

bruce cathy um during my earlier days i

1051
00:47:18,230 --> 00:47:17,119
found some of his work very intriguing

1052
00:47:20,549 --> 00:47:18,240
actually

1053
00:47:25,589 --> 00:47:22,790
you know i wish i was smart enough to

1054
00:47:27,610 --> 00:47:25,599
know if what he was talking about was

1055
00:47:29,430 --> 00:47:27,620
accurate or not but

1056
00:47:31,190 --> 00:47:29,440
[Music]

1057
00:47:32,870 --> 00:47:31,200
basically

1058
00:47:33,829 --> 00:47:32,880
you'll have to look into it for yourself

1059
00:47:36,069 --> 00:47:33,839
but

1060
00:47:38,309 --> 00:47:36,079
um

1061
00:47:41,829 --> 00:47:38,319
very interesting subject though for sure

1062
00:47:45,430 --> 00:47:43,870
so back to the story here we got um

1063
00:47:47,270 --> 00:47:45,440

[Music]

1064

00:47:49,430 --> 00:47:47,280

a few miles east of san antonio new

1065

00:47:50,470 --> 00:47:49,440

mexico which is interesting trinity

1066

00:47:53,349 --> 00:47:50,480

right

1067

00:47:55,270 --> 00:47:53,359

called mission control on the radio

1068

00:47:58,309 --> 00:47:55,280

i just want to read the interesting part

1069

00:47:59,349 --> 00:47:58,319

so keep in mind this is

1070

00:48:07,829 --> 00:47:59,359

um

1071

00:48:09,670 --> 00:48:07,839

after

1072

00:48:10,710 --> 00:48:09,680

socorro

1073

00:48:12,390 --> 00:48:10,720

where the

1074

00:48:13,670 --> 00:48:12,400

um cop

1075

00:48:14,950 --> 00:48:13,680

saw the

1076

00:48:17,430 --> 00:48:14,960

extra

1077

00:48:19,829 --> 00:48:17,440

egg shaped object

1078

00:48:21,510 --> 00:48:19,839

that wound up taking off this pretty big

1079

00:48:25,109 --> 00:48:21,520

story i got an episode on that if you

1080

00:48:29,670 --> 00:48:27,829

uh the pilot explained i've got a ufo

1081

00:48:31,829 --> 00:48:29,680

the controller then asked what does it

1082

00:48:35,270 --> 00:48:31,839

look like the pilot answered it's

1083

00:48:37,750 --> 00:48:35,280

egg-shaped and white

1084

00:48:40,630 --> 00:48:37,760

any markings s control

1085

00:48:42,549 --> 00:48:40,640

the same as the one at socorro the pilot

1086

00:48:44,390 --> 00:48:42,559

said it then added i'm going to make

1087

00:48:45,670 --> 00:48:44,400

another pass

1088

00:48:47,270 --> 00:48:45,680

so if you're not familiar with the

1089

00:48:49,270 --> 00:48:47,280

markings with score you can just look

1090

00:48:51,030 --> 00:48:49,280

that up

1091

00:48:52,870 --> 00:48:51,040

there's a lot of controversy with that

1092

00:48:56,069 --> 00:48:52,880

so i would advise not to get wrapped up

1093

00:49:01,030 --> 00:48:58,230

minutes later the huge cumbersome bomber

1094

00:49:02,790 --> 00:49:01,040

made its turn and had come in over the

1095

00:49:04,470 --> 00:49:02,800

area where the ufo was first seen where

1096

00:49:06,870 --> 00:49:04,480

upon the pilot called control again and

1097

00:49:08,710 --> 00:49:06,880

reported it's on the ground

1098

00:49:10,069 --> 00:49:08,720

at this point communication sees photo

1099

00:49:11,190 --> 00:49:10,079

crews who were alerted and asked to

1100

00:49:13,270 --> 00:49:11,200

stand by

1101
00:49:16,710 --> 00:49:13,280
this information was first relayed to

1102
00:49:18,790 --> 00:49:16,720
aprox by a very reliable source however

1103
00:49:21,750 --> 00:49:18,800
we felt it was necessary to check if

1104
00:49:23,510 --> 00:49:21,760
possible our other sources in the

1105
00:49:27,670 --> 00:49:23,520
um

1106
00:49:31,990 --> 00:49:30,069
i would just butcher that name i know so

1107
00:49:33,510 --> 00:49:32,000
and to our great surprise got

1108
00:49:35,430 --> 00:49:33,520
confirmation almost immediately our

1109
00:49:37,750 --> 00:49:35,440
first inquiry was to terry clark of a

1110
00:49:40,230 --> 00:49:37,760
radio station

1111
00:49:42,790 --> 00:49:40,240
uh k-a-l-g who was surprised to hear

1112
00:49:44,630 --> 00:49:42,800
that we already knew of the landing he

1113
00:49:46,710 --> 00:49:44,640

said that he hadn't intended to write

1114

00:49:48,390 --> 00:49:46,720

the details and forwarded them to us as

1115

00:49:50,630 --> 00:49:48,400

information had come from a ham radio

1116

00:49:52,710 --> 00:49:50,640

operator who had been monitoring various

1117

00:49:54,549 --> 00:49:52,720

frequencies while checking out some

1118

00:49:56,470 --> 00:49:54,559

equipment when he picked up the

1119

00:49:59,109 --> 00:49:56,480

frequency which the bomber and mission

1120

00:50:04,309 --> 00:49:59,119

control were using he listened

1121

00:50:06,710 --> 00:50:04,319

fascinated until communications ceased

1122

00:50:07,430 --> 00:50:06,720

so you see this mrs lorenz here so she

1123

00:50:08,549 --> 00:50:07,440

was um

1124

00:50:10,829 --> 00:50:08,559

[Music]

1125

00:50:13,030 --> 00:50:10,839

her and her husband i believe own this

1126
00:50:14,630 --> 00:50:13,040
bulletin i'll just be honest with you

1127
00:50:16,390 --> 00:50:14,640
some of some of the

1128
00:50:18,950 --> 00:50:16,400
sometimes i

1129
00:50:24,790 --> 00:50:22,230
i'm not sure about them but i have i

1130
00:50:26,790 --> 00:50:24,800
can't really give you

1131
00:50:27,990 --> 00:50:26,800
a confident opinion as i haven't done

1132
00:50:31,990 --> 00:50:28,000
enough

1133
00:50:36,470 --> 00:50:34,150
um you know

1134
00:50:37,829 --> 00:50:36,480
integrity or whatever but i've read

1135
00:50:40,470 --> 00:50:37,839
a couple stories here and there where

1136
00:50:42,470 --> 00:50:40,480
i'm like yeah i don't know about you

1137
00:50:46,390 --> 00:50:42,480
but you know i could i could be wrong

1138
00:50:52,309 --> 00:50:48,390

um

1139

00:50:54,069 --> 00:50:52,319

and then it continues here on page three

1140

00:50:55,990 --> 00:50:54,079

he had also heard about the landing but

1141

00:50:57,829 --> 00:50:56,000

said that when he attempted to get

1142

00:51:00,630 --> 00:50:57,839

confirmation by a check with air force

1143

00:51:03,190 --> 00:51:00,640

authorities at holman he got the usual

1144

00:51:05,270 --> 00:51:03,200

run around so gave up on it

1145

00:51:07,030 --> 00:51:05,280

he was more or less surprised that we

1146

00:51:08,480 --> 00:51:07,040

knew of it

1147

00:51:10,309 --> 00:51:08,490

um so it goes on here

1148

00:51:12,790 --> 00:51:10,319

[Music]

1149

00:51:15,430 --> 00:51:12,800

pretty good it takes about uh the full

1150

00:51:19,750 --> 00:51:15,440

page i believe

1151

00:51:23,990 --> 00:51:21,589

and i hope you do

1152

00:51:25,030 --> 00:51:24,000

um although the you know the validity of

1153

00:51:26,710 --> 00:51:25,040

it

1154

00:51:29,030 --> 00:51:26,720

i'm not sure but the the cool thing

1155

00:51:30,470 --> 00:51:29,040

about this bulletin is it covers a lot

1156

00:51:33,670 --> 00:51:30,480

of different cases that

1157

00:51:35,030 --> 00:51:33,680

happen in 64 which there are blue book

1158

00:51:37,990 --> 00:51:35,040

reports for

1159

00:51:40,390 --> 00:51:38,000

um which include

1160

00:51:41,829 --> 00:51:40,400

montana another one in mexico

1161

00:51:43,670 --> 00:51:41,839

that were landings and they were called

1162

00:51:45,670 --> 00:51:43,680

egg-shaped so

1163

00:51:46,950 --> 00:51:45,680

you know a lot of people kind of go to

1164

00:51:50,470 --> 00:51:46,960

the

1165

00:51:52,950 --> 00:51:50,480

landings around

1166

00:51:54,630 --> 00:51:52,960

the socorro case

1167

00:51:57,109 --> 00:51:54,640

they tend to blame it on

1168

00:51:58,549 --> 00:51:57,119

well socorro just happened and people

1169

00:52:01,750 --> 00:51:58,559

are trying to

1170

00:52:06,150 --> 00:52:01,760

you know basically

1171

00:52:11,589 --> 00:52:09,750

which you know is typical i guess

1172

00:52:12,870 --> 00:52:11,599

interesting though that there was a case

1173

00:52:15,430 --> 00:52:12,880

even in

1174

00:52:17,990 --> 00:52:15,440

1964 in uh

1175

00:52:20,470 --> 00:52:18,000

australia

1176
00:52:21,670 --> 00:52:20,480
i went over that on this show a while

1177
00:52:24,309 --> 00:52:21,680
ago but

1178
00:52:25,750 --> 00:52:24,319
it was landing described as the same so

1179
00:52:27,349 --> 00:52:25,760
that's always the thing with this stuff

1180
00:52:30,230 --> 00:52:27,359
is it's worldwide you know and the

1181
00:52:33,990 --> 00:52:30,240
reports are so similar

1182
00:52:36,870 --> 00:52:34,790
not

1183
00:52:39,030 --> 00:52:36,880
great

1184
00:52:42,950 --> 00:52:39,040
a couple other files i'm gonna give you

1185
00:52:44,710 --> 00:52:42,960
uh this one is uh harmon air force base

1186
00:52:48,870 --> 00:52:44,720
uh newfoundland

1187
00:52:52,470 --> 00:52:50,790
pretty cool um the reason i'm giving

1188
00:52:54,790 --> 00:52:52,480

that one to you um is because it's a

1189

00:52:56,870 --> 00:52:54,800

good case right here you can see

1190

00:52:58,710 --> 00:52:56,880

uh at the moment there appears to be no

1191

00:53:00,790 --> 00:52:58,720

logical explanation for this incident

1192

00:53:02,950 --> 00:53:00,800

there is nothing to indicate

1193

00:53:06,630 --> 00:53:02,960

uh astronomical origin

1194

00:53:08,870 --> 00:53:06,640

of the object observed

1195

00:53:12,829 --> 00:53:08,880

he had three balloon observers

1196

00:53:12,839 --> 00:53:17,670

then yeah we're balloon observers

1197

00:53:19,990 --> 00:53:19,030

and i know you're saying it's a balloon

1198

00:53:23,430 --> 00:53:20,000

but

1199

00:53:25,430 --> 00:53:23,440

it wasn't blue so april 5th 1948 that's

1200

00:53:29,910 --> 00:53:25,440

going back

1201
00:53:33,349 --> 00:53:29,920
so it's definitely worth

1202
00:53:37,750 --> 00:53:35,829
definitely definitely definitely so i'll

1203
00:53:39,670 --> 00:53:37,760
share that with you

1204
00:53:43,670 --> 00:53:39,680
and it's a few pages as you can see it

1205
00:53:46,549 --> 00:53:43,680
was a part of project sign here

1206
00:53:48,710 --> 00:53:46,559
i just grabbed it from my

1207
00:53:51,510 --> 00:53:48,720
google drive archives i have a lot of

1208
00:53:54,710 --> 00:53:53,349
this is pretty interesting i don't even

1209
00:53:58,069 --> 00:53:54,720
think i've ever read this part of it

1210
00:53:59,910 --> 00:53:58,079
analysis of project grudge report

1211
00:54:01,190 --> 00:53:59,920
that's cool

1212
00:54:04,470 --> 00:54:01,200
i'll have to look through that

1213
00:54:04,480 --> 00:54:09,109

there's so many documents

1214

00:54:09,119 --> 00:54:12,549

so many

1215

00:54:19,349 --> 00:54:16,790

that it's it's just like impossible to

1216

00:54:21,349 --> 00:54:19,359

uh get a hold on everything that happens

1217

00:54:23,349 --> 00:54:21,359

so there's so much more to be discovered

1218

00:54:25,109 --> 00:54:23,359

in these blue book files

1219

00:54:27,030 --> 00:54:25,119

some of the pages kind of suck like this

1220

00:54:29,670 --> 00:54:27,040

one but

1221

00:54:33,750 --> 00:54:31,109

probably have a better copy of it

1222

00:54:36,789 --> 00:54:33,760

somewhere maybe

1223

00:54:39,109 --> 00:54:36,799

occupation of observer geophysics lab

1224

00:54:40,549 --> 00:54:39,119

section

1225

00:54:42,069 --> 00:54:40,559

interesting

1226
00:54:44,549 --> 00:54:42,079
the more i look at this stuff the more

1227
00:54:47,829 --> 00:54:44,559
geophysics pops up

1228
00:54:47,839 --> 00:54:52,069
yeah geophysics

1229
00:54:55,510 --> 00:54:53,510
so yep

1230
00:54:57,829 --> 00:54:55,520
violent maneuvers performed at a high

1231
00:54:59,430 --> 00:54:57,839
rate of speed

1232
00:55:00,470 --> 00:54:59,440
interesting

1233
00:55:04,069 --> 00:55:00,480
um

1234
00:55:04,079 --> 00:55:08,870
electronic and atmospheric division

1235
00:55:12,950 --> 00:55:10,870
pretty cool man there's a there is some

1236
00:55:14,630 --> 00:55:12,960
good stuff in here

1237
00:55:16,710 --> 00:55:14,640
watson laboratories i've seen that

1238
00:55:19,270 --> 00:55:16,720

before

1239

00:55:20,950 --> 00:55:19,280

take a peek take a peek at it i

1240

00:55:23,510 --> 00:55:20,960

obviously haven't read this one all the

1241

00:55:26,390 --> 00:55:23,520

way yet

1242

00:55:30,549 --> 00:55:28,710

dr j peoples of the watson laboratories

1243

00:55:31,750 --> 00:55:30,559

has information that would be of vital

1244

00:55:33,190 --> 00:55:31,760

importance to the intelligence

1245

00:55:38,470 --> 00:55:33,200

department

1246

00:55:42,549 --> 00:55:39,990

cool

1247

00:55:46,069 --> 00:55:42,559

um and then the last thing i wanted to

1248

00:55:51,190 --> 00:55:49,109

i have a couple things but um and i'm

1249

00:55:52,630 --> 00:55:51,200

not gonna ruin all these for you now

1250

00:55:56,390 --> 00:55:52,640

because there's

1251

00:55:58,309 --> 00:55:56,400

one more thing i want to get into today

1252

00:55:59,990 --> 00:55:58,319

um and i don't have a show tomorrow by

1253

00:56:02,630 --> 00:56:00,000

the way

1254

00:56:05,349 --> 00:56:02,640

just so you know

1255

00:56:07,109 --> 00:56:05,359

but these are photos taken from air

1256

00:56:12,470 --> 00:56:07,119

force bases

1257

00:56:17,430 --> 00:56:15,190

photos of ufos taken

1258

00:56:19,829 --> 00:56:17,440

from air force bases

1259

00:56:22,789 --> 00:56:19,839

it must be interesting

1260

00:56:25,589 --> 00:56:22,799

now the photos themselves

1261

00:56:27,190 --> 00:56:25,599

much to be desired as always right but

1262

00:56:30,150 --> 00:56:27,200

if these are trained personnel taking

1263

00:56:33,430 --> 00:56:30,160

the photographs i would have to imagine

1264

00:56:36,710 --> 00:56:33,440

what they actually saw with their eyes

1265

00:56:36,720 --> 00:56:43,670

let me zoom out here a little bit

1266

00:56:49,270 --> 00:56:45,829

kind so see that just go through these

1267

00:56:56,069 --> 00:56:51,910

must be that black cylinder there

1268

00:57:01,430 --> 00:56:59,349

interesting that um but these i'll give

1269

00:57:07,510 --> 00:57:01,440

to you as well

1270

00:57:13,349 --> 00:57:11,109

and a hallman air force base

1271

00:57:14,789 --> 00:57:13,359

oh we just looked at that one already

1272

00:57:16,549 --> 00:57:14,799

so yeah that's why i wanted to share

1273

00:57:18,150 --> 00:57:16,559

those because they're at that

1274

00:57:19,670 --> 00:57:18,160

harman newfoundland this one's pretty

1275

00:57:21,589 --> 00:57:19,680

interesting you can kind of see a streak

1276

00:57:22,870 --> 00:57:21,599

of smoke come down here

1277

00:57:26,630 --> 00:57:22,880

it kind of seems like it would be a

1278

00:57:27,510 --> 00:57:26,640

missile or a meteor i guess

1279

00:57:29,750 --> 00:57:27,520

but

1280

00:57:32,390 --> 00:57:29,760

the kind of thing that

1281

00:57:36,630 --> 00:57:32,400

makes you think that it wasn't

1282

00:57:36,640 --> 00:57:39,190

this

1283

00:57:44,230 --> 00:57:41,910

flag saucer alleged specimens they put

1284

00:57:46,630 --> 00:57:44,240

hoax

1285

00:57:48,549 --> 00:57:46,640

and this is with the newfoundland

1286

00:57:50,230 --> 00:57:48,559

air force base

1287

00:57:53,510 --> 00:57:50,240

pictures

1288

00:57:53,520 --> 00:57:58,870

that this was a hoax

1289

00:58:06,829 --> 00:58:01,750

i don't understand

1290

00:58:10,870 --> 00:58:06,839

but i i must say that when i saw this

1291

00:58:12,789 --> 00:58:10,880

picture i know that it exists somewhere

1292

00:58:16,230 --> 00:58:12,799

else within blue book

1293

00:58:17,910 --> 00:58:16,240

and i just can't remember where

1294

00:58:20,390 --> 00:58:17,920

because i remember when it came up i was

1295

00:58:22,870 --> 00:58:20,400

like this i've seen this before

1296

00:58:24,950 --> 00:58:22,880

but not in this newfoundland air force

1297

00:58:26,069 --> 00:58:24,960

base folder so i'm

1298

00:58:27,829 --> 00:58:26,079

unsure

1299

00:58:29,670 --> 00:58:27,839

of what the real deal is here with this

1300

00:58:29,960 --> 00:58:29,680

stuff but

1301
00:58:32,069 --> 00:58:29,970
um

1302
00:58:33,910 --> 00:58:32,079
[Music]

1303
00:58:36,950 --> 00:58:33,920
this is very interesting to me at least

1304
00:58:42,150 --> 00:58:36,960
at the very least so

1305
00:58:47,270 --> 00:58:45,349
i'm not sure if it's like this uh

1306
00:58:48,789 --> 00:58:47,280
i would assume it's this white tic tac

1307
00:58:56,390 --> 00:58:48,799
looking thing

1308
00:58:56,400 --> 00:59:01,430
you can see it

1309
00:59:05,030 --> 00:59:03,829
changes to a cylinder

1310
00:59:06,950 --> 00:59:05,040
tic tac

1311
00:59:09,510 --> 00:59:06,960
cylinder

1312
00:59:12,549 --> 00:59:11,510
they took like 40 freaking photos of it

1313
00:59:16,789 --> 00:59:12,559

so they must have thought it was

1314

00:59:19,510 --> 00:59:17,750

what

1315

00:59:23,670 --> 00:59:19,520

i don't know

1316

00:59:30,829 --> 00:59:25,829

this one's interesting that could be

1317

00:59:30,839 --> 00:59:35,829

hmm cool

1318

00:59:40,630 --> 00:59:38,150

but yeah i don't know

1319

00:59:42,630 --> 00:59:40,640

here's some more ones uh

1320

00:59:49,270 --> 00:59:42,640

you can see here

1321

00:59:49,280 --> 00:59:53,349

it's very interesting to me

1322

00:59:53,359 --> 00:59:58,150

this again is edwards air force base

1323

00:59:58,160 --> 01:00:04,789

took these pictures

1324

01:00:08,470 --> 01:00:07,109

so that's what another this looks like

1325

01:00:13,349 --> 01:00:08,480

tic tac again

1326

01:00:16,549 --> 01:00:14,870

it's like i don't think edwards air

1327

01:00:20,150 --> 01:00:16,559

force base is going to pull a joke on

1328

01:00:25,190 --> 01:00:22,150

uh then we have tinker air force base

1329

01:00:30,309 --> 01:00:26,829

pretty

1330

01:00:30,319 --> 01:00:34,390

it's air force base

1331

01:00:34,400 --> 01:00:38,789

you know

1332

01:00:43,349 --> 01:00:41,190

uh westover air force base

1333

01:00:46,309 --> 01:00:43,359

i'm not sure oh yeah we got the two tick

1334

01:00:48,069 --> 01:00:46,319

decks up there in the sky

1335

01:00:50,309 --> 01:00:48,079

got a plane out there too which is very

1336

01:00:52,470 --> 01:00:50,319

interesting

1337

01:00:54,950 --> 01:00:52,480

i think it's a plane

1338

01:00:59,190 --> 01:00:54,960

you zoom in maybe it's a saucer

1339

01:00:59,200 --> 01:01:01,910

but yeah

1340

01:01:04,630 --> 01:01:03,190

you can see those there yeah i mean

1341

01:01:08,470 --> 01:01:04,640

they're not like

1342

01:01:13,109 --> 01:01:11,349

great

1343

01:01:15,589 --> 01:01:13,119

uh you know

1344

01:01:17,430 --> 01:01:15,599

you i have i have yet to find like

1345

01:01:20,630 --> 01:01:17,440

there are definitely great saucer

1346

01:01:23,349 --> 01:01:20,640

pictures in the blue book files but

1347

01:01:25,430 --> 01:01:23,359

um it's just like that has to be fake

1348

01:01:29,589 --> 01:01:25,440

it's so great this one is pretty good

1349

01:01:35,430 --> 01:01:32,470

in the entire blue book repertoire

1350

01:01:37,990 --> 01:01:35,440

and i can't find the freaking blue book

1351

01:01:41,190 --> 01:01:38,000

case for it which sucks

1352

01:01:45,589 --> 01:01:41,200

because it's such a good photo to me

1353

01:01:49,990 --> 01:01:47,349

you can tell it's in the sky probably

1354

01:01:55,270 --> 01:01:50,000

taken by pilot

1355

01:01:57,990 --> 01:01:56,549

and then

1356

01:01:59,910 --> 01:01:58,000

you have some

1357

01:02:02,549 --> 01:01:59,920

uh whiteman airport space you get some

1358

01:02:05,029 --> 01:02:02,559

radar stuff

1359

01:02:06,549 --> 01:02:05,039

it's pretty cool

1360

01:02:10,789 --> 01:02:06,559

i don't know necessarily what i'm

1361

01:02:10,799 --> 01:02:15,910

i could probably figure it out

1362

01:02:20,309 --> 01:02:18,789

unidentified apparently

1363

01:02:26,470 --> 01:02:20,319

this one's crazy this must have been

1364

01:02:28,950 --> 01:02:28,069

you know

1365

01:02:31,829 --> 01:02:28,960

uh

1366

01:02:39,990 --> 01:02:31,839

i guess when you hear about jamming or

1367

01:02:40,000 --> 01:02:43,190

could be possibly

1368

01:02:48,150 --> 01:02:44,630

a lot of weird stuff was happening

1369

01:02:48,160 --> 01:02:50,710

this one

1370

01:02:59,430 --> 01:02:52,710

we need like a radar specialist to tell

1371

01:02:59,440 --> 01:03:04,150

but it is interesting

1372

01:03:09,589 --> 01:03:06,549

this one looks very you know

1373

01:03:13,510 --> 01:03:11,349

wish i could tell you what it means i

1374

01:03:16,470 --> 01:03:13,520

can't but it doesn't look normal and

1375

01:03:18,309 --> 01:03:16,480

they put it in a daggone ufo photo

1376

01:03:20,950 --> 01:03:18,319

department

1377

01:03:22,309 --> 01:03:20,960

so must be some

1378

01:03:24,710 --> 01:03:22,319

moving on

1379

01:03:26,549 --> 01:03:24,720

fairfield

1380

01:03:28,069 --> 01:03:26,559

air force base california this is an

1381

01:03:30,630 --> 01:03:28,079

interesting photo

1382

01:03:32,309 --> 01:03:30,640

um it's sideways

1383

01:03:34,309 --> 01:03:32,319

or you know

1384

01:03:35,829 --> 01:03:34,319

it should be

1385

01:03:38,150 --> 01:03:35,839

turned i believe because that looks like

1386

01:03:40,069 --> 01:03:38,160

the sky doesn't it

1387

01:03:41,829 --> 01:03:40,079

i could probably do that quick

1388

01:03:43,589 --> 01:03:41,839

yeah

1389

01:03:47,349 --> 01:03:43,599

so that's pretty interesting looks like

1390

01:03:50,069 --> 01:03:48,710

although

1391

01:03:51,829 --> 01:03:50,079

you know i'm not sure if it's a blemish

1392

01:03:53,349 --> 01:03:51,839

or yeah here's a wing out there you can

1393

01:03:57,270 --> 01:03:53,359

see it

1394

01:04:02,390 --> 01:03:59,349

we already saw those

1395

01:04:04,470 --> 01:04:02,400

so i'll share these with you

1396

01:04:06,710 --> 01:04:04,480

and yeah

1397

01:04:09,510 --> 01:04:06,720

so let me actually get the google drive

1398

01:04:12,390 --> 01:04:09,520

link for you so i can share it

1399

01:04:14,950 --> 01:04:12,400

so you can share it you can look at it

1400

01:04:17,190 --> 01:04:14,960

you can do whatever you want with it you

1401
01:04:20,470 --> 01:04:17,200
cannot do anything with it

1402
01:04:20,480 --> 01:04:24,789
i'm gonna give it to you

1403
01:04:24,799 --> 01:04:31,349
that's for sure

1404
01:04:34,309 --> 01:04:32,630
all right there you go

1405
01:04:37,510 --> 01:04:34,319
google drive at you

1406
01:04:38,789 --> 01:04:37,520
and um to

1407
01:04:40,549 --> 01:04:38,799
finish

1408
01:04:41,910 --> 01:04:40,559
this show off

1409
01:04:44,230 --> 01:04:41,920
we're gonna do

1410
01:04:45,190 --> 01:04:44,240
just a little bit

1411
01:04:47,150 --> 01:04:45,200
of

1412
01:04:54,790 --> 01:04:47,160
what the heck is that

1413
01:04:54,800 --> 01:04:58,710

[Music]

1414

01:05:02,309 --> 01:05:00,870

[Laughter]

1415

01:05:04,950 --> 01:05:02,319

that's right i made a new song for what

1416

01:05:14,400 --> 01:05:04,960

the heck is that

1417

01:05:14,410 --> 01:05:18,540

[Music]

1418

01:05:23,349 --> 01:05:20,870

[Laughter]

1419

01:05:25,990 --> 01:05:23,359

all right here we go so

1420

01:05:26,870 --> 01:05:26,000

uh i have a few videos here

1421

01:05:29,109 --> 01:05:26,880

and

1422

01:05:31,510 --> 01:05:29,119

i am just going to

1423

01:05:33,029 --> 01:05:31,520

let them play some have sound some don't

1424

01:05:34,630 --> 01:05:33,039

have sound so

1425

01:05:37,430 --> 01:05:34,640

um

1426

01:05:38,950 --> 01:05:37,440

sorry if they don't have sound but

1427

01:05:41,190 --> 01:05:38,960

let me actually

1428

01:05:44,150 --> 01:05:41,200

do my part to make sure

1429

01:05:47,670 --> 01:05:44,160

that if it has sound it will

1430

01:05:52,470 --> 01:05:50,230

because that would be important right

1431

01:05:53,670 --> 01:05:52,480

okay

1432

01:05:55,990 --> 01:05:53,680

q

1433

01:06:15,270 --> 01:05:56,000

here we go this one's pretty interesting

1434

01:06:15,280 --> 01:06:21,270

this

1435

01:06:21,280 --> 01:06:30,470

whoops sorry about that

1436

01:06:37,109 --> 01:06:33,670

apparently this is um

1437

01:06:38,789 --> 01:06:37,119

like uh gimbal footage or something but

1438

01:06:42,630 --> 01:06:38,799

you can see they kind of look like tic

1439

01:06:53,990 --> 01:06:46,789

it's super shaky unfortunately but

1440

01:07:04,150 --> 01:06:55,109

i thought that one was pretty

1441

01:07:04,160 --> 01:07:06,730

so

1442

01:07:18,230 --> 01:07:08,630

[Music]

1443

01:07:18,240 --> 01:07:29,349

it's pretty weird

1444

01:07:29,359 --> 01:07:32,470

definitely weird

1445

01:07:43,270 --> 01:07:34,069

but you just never know with this stuff

1446

01:07:49,029 --> 01:07:45,589

interesting

1447

01:07:52,390 --> 01:07:49,039

god there's a there's something purple

1448

01:07:53,990 --> 01:07:52,400

it was green my wife saw it green and

1449

01:07:55,990 --> 01:07:54,000

now it's purple

1450

01:07:58,549 --> 01:07:56,000

we do not know what it is look at the

1451

01:08:01,190 --> 01:07:58,559

sky over there i kid you not right babe

1452

01:08:04,390 --> 01:08:01,200

yeah it was green and it came straight

1453

01:08:08,870 --> 01:08:04,400

down we thought it was a meteor

1454

01:08:08,880 --> 01:08:12,549

now it's green

1455

01:08:12,559 --> 01:08:21,349

it's green and going straight up

1456

01:08:31,590 --> 01:08:23,510

just let this look now it's hovering

1457

01:08:36,950 --> 01:08:34,149

is descending at an extremely

1458

01:08:39,590 --> 01:08:36,960

alarming rate of speed

1459

01:08:41,430 --> 01:08:39,600

that is

1460

01:08:44,550 --> 01:08:41,440

get my bearings here this is really

1461

01:08:49,430 --> 01:08:47,669

and it went out oh it's purple again

1462

01:08:50,550 --> 01:08:49,440

that's uh

1463

01:08:58,789 --> 01:08:50,560

man

1464

01:08:58,799 --> 01:09:02,550

went behind the tree

1465

01:09:02,560 --> 01:09:08,950

look at it now it turned green again

1466

01:09:14,550 --> 01:09:10,950

i've never seen anything like this in my

1467

01:09:16,630 --> 01:09:14,560

life oh it's flying

1468

01:09:18,630 --> 01:09:16,640

it's now flying

1469

01:09:21,030 --> 01:09:18,640

right above our fence line

1470

01:09:23,510 --> 01:09:21,040

going east and it stopped

1471

01:09:25,189 --> 01:09:23,520

and vanished

1472

01:09:26,470 --> 01:09:25,199

now it's purple

1473

01:09:27,590 --> 01:09:26,480

look at this

1474

01:09:29,189 --> 01:09:27,600

sky

1475

01:09:35,269 --> 01:09:29,199

this guy gives me a

1476

01:09:39,269 --> 01:09:37,269

i don't know i don't want it to be too

1477

01:09:48,870 --> 01:09:39,279

shaky

1478

01:09:48,880 --> 01:10:08,790

excuse the language

1479

01:10:16,950 --> 01:10:10,790

i hate seeing like these albums on here

1480

01:10:16,960 --> 01:10:37,270

but you know

1481

01:10:50,470 --> 01:10:38,229

yeah

1482

01:10:50,480 --> 01:11:08,550

that's interesting

1483

01:11:08,560 --> 01:11:58,870

it's gone now

1484

01:11:58,880 --> 01:12:14,670

is

1485

01:12:14,680 --> 01:12:18,070

[Music]

1486

01:12:18,080 --> 01:12:49,030

approaching us

1487

01:12:49,040 --> 01:12:52,229

flying around

1488

01:12:52,239 --> 01:12:55,669

27

1489

01:12:55,679 --> 01:13:05,669

30 000 feet

1490

01:13:05,679 --> 01:13:24,790

i don't know what that would be

1491

01:13:32,390 --> 01:13:27,910

i don't

1492

01:13:37,030 --> 01:13:33,830

how do you not know what that could be

1493

01:13:37,040 --> 01:13:50,950

i like that sign down there no humans

1494

01:13:50,960 --> 01:13:57,189

oh that was a plane shoot

1495

01:14:04,070 --> 01:14:01,270

it's very close to us wow

1496

01:14:07,350 --> 01:14:04,080

so i'm out here recording

1497

01:14:10,550 --> 01:14:07,360

some kind of lights in the sky

1498

01:14:12,229 --> 01:14:10,560

you can see them over there the distance

1499

01:14:18,310 --> 01:14:12,239

not making any sound i don't know what

1500

01:14:24,390 --> 01:14:21,110

so i'm out here recording

1501

01:14:27,830 --> 01:14:24,400

some kind of lights in the sky

1502

01:14:29,510 --> 01:14:27,840

you can see them over there the

1503

01:14:34,630 --> 01:14:29,520

making any sound i don't know what that

1504

01:14:34,640 --> 01:14:39,510

look at that

1505

01:14:39,520 --> 01:14:47,350

look at those lights

1506

01:14:50,390 --> 01:14:48,870

right here

1507

01:14:52,630 --> 01:14:50,400

i think one just disappeared i don't

1508

01:14:55,990 --> 01:14:52,640

know it's one two three it's four lights

1509

01:15:04,070 --> 01:14:56,000

four of them

1510

01:15:04,080 --> 01:15:10,229

getting a little grainy when i zoom in

1511

01:15:14,470 --> 01:15:11,830

they're disappearing one by one and they

1512

01:15:17,750 --> 01:15:14,480

reappear i see two

1513

01:15:20,149 --> 01:15:17,760

one splashing what is that

1514

01:15:21,669 --> 01:15:20,159

and there's just one

1515

01:15:29,669 --> 01:15:21,679

you see that one right there still kind

1516

01:15:29,679 --> 01:15:33,110

well then they're all gone

1517

01:15:33,120 --> 01:15:37,590

or the other one's faint

1518

01:15:42,870 --> 01:15:38,950

i don't know what that was i was in the

1519

01:15:42,880 --> 01:15:50,390

and down there going

1520

01:16:06,390 --> 01:15:52,870

so they came back i don't know what

1521

01:16:10,310 --> 01:16:07,910

there's the other one again there's

1522

01:16:13,590 --> 01:16:10,320

another one

1523

01:16:16,870 --> 01:16:13,600

this is probably the third time

1524

01:16:21,350 --> 01:16:17,990

keep preparing and then they'll

1525

01:16:29,270 --> 01:16:23,110

there you go going away

1526

01:16:33,990 --> 01:16:30,790

kind of like flashing getting brighter

1527

01:16:38,070 --> 01:16:36,070

is crazy there's a plane over there

1528

01:16:39,270 --> 01:16:38,080

we're playing there's a plane right

1529

01:16:44,870 --> 01:16:39,280

there

1530

01:16:44,880 --> 01:16:50,390

now you can see those three

1531

01:16:53,910 --> 01:16:52,070

i need to get my video camera i think

1532

01:17:07,750 --> 01:16:53,920

i'll get better quality this is just

1533

01:17:12,630 --> 01:17:09,189

that's it yo

1534

01:17:17,110 --> 01:17:14,950

do you guys

1535

01:17:18,760 --> 01:17:17,120

like would you like to be able to look

1536

01:17:20,550 --> 01:17:18,770

back at those videos again

1537

01:17:23,030 --> 01:17:20,560

[Music]

1538

01:17:24,790 --> 01:17:23,040

um hopefully you can i can look at like

1539

01:17:26,390 --> 01:17:24,800

um

1540

01:17:27,990 --> 01:17:26,400

putting those in a playlist or something

1541

01:17:29,590 --> 01:17:28,000

and making sure

1542

01:17:31,110 --> 01:17:29,600

that you can see them again if you want

1543

01:17:33,110 --> 01:17:31,120

uh because that one's longer it's just

1544

01:17:35,270 --> 01:17:33,120

kind of too long

1545

01:17:43,189 --> 01:17:35,280

it's like six minutes

1546

01:17:46,550 --> 01:17:44,870

it's weird did you guys feel that that

1547

01:17:48,470 --> 01:17:46,560

was weird

1548

01:17:56,120 --> 01:17:48,480

well that was a great segment

1549

01:17:56,130 --> 01:18:02,630

[Music]

1550

01:18:07,030 --> 01:18:05,830

oh yeah it's the

1551
01:18:09,510 --> 01:18:07,040
the heck

1552
01:18:11,189 --> 01:18:09,520
um so i have a playlist it's called the

1553
01:18:14,630 --> 01:18:11,199
heck playlist

1554
01:18:17,430 --> 01:18:14,640
and i can what i can do here

1555
01:18:19,910 --> 01:18:17,440
is make it

1556
01:18:25,430 --> 01:18:21,430
i can make it

1557
01:18:30,149 --> 01:18:28,950
how i'm not exactly sure oh here we go

1558
01:18:34,149 --> 01:18:30,159
all right

1559
01:18:34,159 --> 01:18:38,550
so i will share it with you

1560
01:18:38,560 --> 01:18:43,510
lucky mother efforts

1561
01:18:47,270 --> 01:18:45,669
um again

1562
01:18:48,790 --> 01:18:47,280
you know if you come across cool videos

1563
01:18:51,030 --> 01:18:48,800

let me know

1564

01:18:55,110 --> 01:18:51,040

i did a little bit of watching today so

1565

01:18:57,990 --> 01:18:55,120

i think we got some decent ones

1566

01:19:01,669 --> 01:18:58,000

as opposed to usual

1567

01:19:03,910 --> 01:19:01,679

um so yeah hope you enjoyed that

1568

01:19:07,110 --> 01:19:03,920

and that's it for the stream so

1569

01:19:09,669 --> 01:19:07,120

thanks everybody for hanging out

1570

01:19:13,750 --> 01:19:09,679

being the best being awesome

1571

01:19:17,430 --> 01:19:15,990

which maybe we'll have jay christopher

1572

01:19:20,149 --> 01:19:17,440

king on wednesday and we'll talk about

1573

01:19:24,390 --> 01:19:21,350

to

1574

01:19:26,630 --> 01:19:24,400

the archives of the impossible that

1575

01:19:28,070 --> 01:19:26,640

would be pretty cool

1576

01:19:30,709 --> 01:19:28,080

so

1577

01:19:41,400 --> 01:19:30,719

yeah that being said

1578

01:19:50,310 --> 01:19:47,510

[Music]

1579

01:19:53,110 --> 01:19:50,320

you know i should say make sure you like

1580

01:19:57,750 --> 01:19:55,350

you know i always forget to say that

1581

01:20:02,420 --> 01:19:57,760

so make sure you like the video
