

***ANOMALOUS
AEROSPACE
EVENT***

3 - 2 5 - 2 2

1
00:00:08,390 --> 00:00:06,309
authorities say a jackson county man who

2
00:00:10,230 --> 00:00:08,400
claimed he was taken aboard a spacecraft

3
00:00:12,629 --> 00:00:10,240
early this month was telling the truth

4
00:00:14,629 --> 00:00:12,639
as to what he believes happened jackson

5
00:00:16,470 --> 00:00:14,639
county sheriff's department chief deputy

6
00:00:18,710 --> 00:00:16,480
barney mathis said a two and one half

7
00:00:20,630 --> 00:00:18,720
hour lie detector test run by a new

8
00:00:22,550 --> 00:00:20,640
orleans sperm affirmed that charles

9
00:00:24,470 --> 00:00:22,560
hexan was telling the truth as to what

10
00:00:26,390 --> 00:00:24,480
he believed happened jackson county

11
00:00:28,630 --> 00:00:26,400
sheriff fred diamond gives us this

12
00:00:30,790 --> 00:00:28,640
statement of the polygraph operator

13
00:00:32,630 --> 00:00:30,800

after the test uh attorney at law and

14

00:00:34,590 --> 00:00:32,640

pascual lewisham and the jackson county

15

00:00:37,910 --> 00:00:34,600

sheriff's department did on october 30th

16

00:00:39,190 --> 00:00:37,920

1973 conduct a polygraph examination on

17

00:00:40,790 --> 00:00:39,200

charles hicks

18

00:00:42,790 --> 00:00:40,800

regarding the truthfulness of his

19

00:00:44,869 --> 00:00:42,800

statement that he saw a spaceship free

20

00:00:48,229 --> 00:00:44,879

space creatures and was taken to this

21

00:00:50,229 --> 00:00:48,239

spaceship on october 11 1973

22

00:00:52,790 --> 00:00:50,239

is my opinion that charles dixon told

23

00:00:55,430 --> 00:00:52,800

the truth when he stated number one

24

00:00:57,590 --> 00:00:55,440

that he believed he saw a spaceship

25

00:00:59,990 --> 00:00:57,600

number two that he believed he was taken

26
00:01:01,750 --> 00:01:00,000
into this spaceship at number three that

27
00:01:02,869 --> 00:01:01,760
he believed he thought for three space

28
00:01:04,789 --> 00:01:02,879
creatures

29
00:01:07,670 --> 00:01:04,799
witnessed my secretary this thursday of

30
00:01:10,789 --> 00:01:07,680
october 1973 samus got

31
00:01:13,190 --> 00:01:10,799
glass crow witnessed by marvin I leonard

32
00:01:15,109 --> 00:01:13,200
assistant

33
00:01:17,270 --> 00:01:15,119
that was jackson county sheriff fred

34
00:01:21,670 --> 00:01:17,280
diamond i'm lance carson for the kevin

35
00:01:25,910 --> 00:01:23,830
what's up everybody i switched it up a

36
00:01:28,950 --> 00:01:25,920
little bit i started with uh our little

37
00:01:31,350 --> 00:01:28,960
testimony piece i i hope you enjoyed

38
00:01:33,270 --> 00:01:31,360

hearing that um i'll

39

00:01:35,030 --> 00:01:33,280

be able to

40

00:01:37,510 --> 00:01:35,040

uh play a kind of a different part of

41

00:01:40,710 --> 00:01:37,520

that uh later on it's it's pretty

42

00:01:42,710 --> 00:01:40,720

interesting case

43

00:01:46,069 --> 00:01:42,720

recently we've had

44

00:01:47,429 --> 00:01:46,079

um somewhat of uh release of documents

45

00:01:49,270 --> 00:01:47,439

you could say

46

00:01:51,350 --> 00:01:49,280

um i think it was last time i did a show

47

00:01:52,469 --> 00:01:51,360

with you guys

48

00:01:54,630 --> 00:01:52,479

we

49

00:01:56,789 --> 00:01:54,640

you know briefly looked at the the list

50

00:02:01,350 --> 00:01:56,799

of different asap documents

51
00:02:02,389 --> 00:02:01,360
and reports um that the dirts the dir ds

52
00:02:03,670 --> 00:02:02,399
basically

53
00:02:06,630 --> 00:02:03,680
um

54
00:02:09,109 --> 00:02:06,640
and what those entailed and man

55
00:02:11,270 --> 00:02:09,119
you know uh since then

56
00:02:13,510 --> 00:02:11,280
you know actual the actual reports you

57
00:02:15,430 --> 00:02:13,520
can read them um and i put the link in

58
00:02:17,510 --> 00:02:15,440
the description for you and they're

59
00:02:20,949 --> 00:02:17,520
they're pretty heavy for sure

60
00:02:22,790 --> 00:02:20,959
uh one of them is struck me

61
00:02:26,150 --> 00:02:22,800
um

62
00:02:27,350 --> 00:02:26,160
in in a big way you could say and

63
00:02:29,190 --> 00:02:27,360

it was on

64

00:02:31,190 --> 00:02:29,200

um

65

00:02:34,070 --> 00:02:31,200

anomalous acute and sub-acute field

66

00:02:35,589 --> 00:02:34,080

effects on human biological tissues

67

00:02:37,190 --> 00:02:35,599

um so that's

68

00:02:38,869 --> 00:02:37,200

the the main

69

00:02:41,270 --> 00:02:38,879

one that we're going to go over today it

70

00:02:42,710 --> 00:02:41,280

was written by uh kit green

71

00:02:46,390 --> 00:02:42,720

if you're not familiar with kit green

72

00:02:49,110 --> 00:02:46,400

you can you can look into them a very

73

00:02:51,990 --> 00:02:49,120

brilliant person

74

00:02:55,190 --> 00:02:52,000

um and this uh study this report he did

75

00:02:56,390 --> 00:02:55,200

um is is quite breathtaking

76

00:02:58,949 --> 00:02:56,400

um

77

00:03:01,030 --> 00:02:58,959

now these uh reports were put together

78

00:03:02,949 --> 00:03:01,040

by ossep

79

00:03:04,630 --> 00:03:02,959

you know there's been a lot of debate

80

00:03:06,949 --> 00:03:04,640

back and forth about awesome and what

81

00:03:09,990 --> 00:03:06,959

they did and all that kind of stuff

82

00:03:12,710 --> 00:03:10,000

uh included a contract awarded to bass

83

00:03:14,070 --> 00:03:12,720

uh bob bigelow if you're not familiar

84

00:03:18,309 --> 00:03:14,080

um

85

00:03:20,229 --> 00:03:18,319

other people did work up for it

86

00:03:23,190 --> 00:03:20,239

a lot of people

87

00:03:27,430 --> 00:03:23,200

um and as you look through the different

88

00:03:30,949 --> 00:03:28,949

um it's

89

00:03:34,470 --> 00:03:30,959

you know at least for me it's it's clear

90

00:03:38,789 --> 00:03:36,710

you know without being so obvious you

91

00:03:41,030 --> 00:03:38,799

could almost guess that what

92

00:03:42,710 --> 00:03:41,040

they're doing is reverse engineering a

93

00:03:44,869 --> 00:03:42,720

spacecraft

94

00:03:46,789 --> 00:03:44,879

and trying to figure it out they look at

95

00:03:50,949 --> 00:03:46,799

all

96

00:03:52,229 --> 00:03:50,959

propulsion uh whether it be warp drive

97

00:03:53,670 --> 00:03:52,239

or

98

00:03:57,030 --> 00:03:53,680

um

99

00:04:00,149 --> 00:03:57,040

you know nuclear propulsion

100

00:04:03,270 --> 00:04:00,159

and then um but like i said this one on

101
00:04:05,589 --> 00:04:03,280
human biological tissues really uh was i

102
00:04:06,630 --> 00:04:05,599
was most uh affected by

103
00:04:12,830 --> 00:04:06,640
reading it

104
00:04:18,870 --> 00:04:16,069
so i'm not going to waste too much time

105
00:04:22,310 --> 00:04:18,880
i'm going to get into that with you here

106
00:04:26,230 --> 00:04:24,070
to me this is pretty heavy stuff because

107
00:04:32,469 --> 00:04:26,240
asap was

108
00:04:35,430 --> 00:04:33,510
this is

109
00:04:37,590 --> 00:04:35,440
you know

110
00:04:41,430 --> 00:04:37,600
what they wanted

111
00:04:45,189 --> 00:04:43,749
so keep that in mind it's not like

112
00:04:47,350 --> 00:04:45,199
this is something

113
00:04:49,510 --> 00:04:47,360

that was like hey have fun go do

114

00:04:51,270 --> 00:04:49,520

whatever you want you know this is real

115

00:04:55,030 --> 00:04:51,280

serious stuff and

116

00:04:57,749 --> 00:04:55,040

um as you go through this report

117

00:05:02,150 --> 00:04:57,759

you know lou elizado himself has been

118

00:05:05,830 --> 00:05:04,469

biological effects

119

00:05:08,629 --> 00:05:05,840

he's always

120

00:05:13,590 --> 00:05:08,639

he always mentions that

121

00:05:13,600 --> 00:05:17,990

this report is what he's talking about

122

00:05:22,230 --> 00:05:19,510

this is so

123

00:05:24,150 --> 00:05:22,240

uh keep that in mind

124

00:05:26,150 --> 00:05:24,160

so it's a long report and there's a lot

125

00:05:29,749 --> 00:05:26,160

to it so

126

00:05:32,790 --> 00:05:32,070

um i'm not going to go through it all

127

00:05:34,950 --> 00:05:32,800

but

128

00:05:37,270 --> 00:05:34,960

i'll you know scroll through it together

129

00:05:39,189 --> 00:05:37,280

in the parts that kind of stick out to

130

00:05:40,390 --> 00:05:39,199

me which really is all of it to be

131

00:05:42,710 --> 00:05:40,400

honest but

132

00:05:44,950 --> 00:05:42,720

you know that what

133

00:05:46,390 --> 00:05:44,960

is worth

134

00:05:50,070 --> 00:05:46,400

you know mentioning in the small amount

135

00:05:53,110 --> 00:05:50,080

of time we have uh i'll bring those up

136

00:05:55,189 --> 00:05:53,120

so it's important to look at

137

00:05:56,629 --> 00:05:55,199

all these different uh topics chapter

138

00:05:57,749 --> 00:05:56,639

two background what is the thought to

139

00:06:00,070 --> 00:05:57,759

cause harm

140

00:06:02,629 --> 00:06:00,080

setting the stage what others have said

141

00:06:04,830 --> 00:06:02,639

about injury caused by emr field effects

142

00:06:07,110 --> 00:06:04,840

emr

143

00:06:09,350 --> 00:06:07,120

electromagnetic radio frequency

144

00:06:13,029 --> 00:06:09,360

basically

145

00:06:14,710 --> 00:06:13,039

field effects and hearing communications

146

00:06:17,590 --> 00:06:14,720

how damage occurs

147

00:06:19,830 --> 00:06:17,600

the effects that burn

148

00:06:23,110 --> 00:06:19,840

the enigma of non-thermal wheels

149

00:06:29,430 --> 00:06:26,070

neurological uh correlates cognitive and

150

00:06:32,150 --> 00:06:29,440

neural injury mechanisms and effects

151
00:06:34,150 --> 00:06:32,160
a schrozler catalog of ufo-related human

152
00:06:36,950 --> 00:06:34,160
physiological effects frequency

153
00:06:39,350 --> 00:06:36,960
distribution this is included at the end

154
00:06:41,749 --> 00:06:39,360
of the report

155
00:06:44,309 --> 00:06:41,759
and it's not included just to say hey

156
00:06:45,990 --> 00:06:44,319
here's a ufo thing how fun this is

157
00:06:48,950 --> 00:06:46,000
included in this report because this

158
00:06:50,469 --> 00:06:48,960
report is about

159
00:06:52,309 --> 00:06:50,479
field effects

160
00:06:55,029 --> 00:06:52,319
from ufos

161
00:06:57,990 --> 00:06:55,039
from anomalous anomalous aerospace

162
00:07:01,350 --> 00:07:00,150
so you know on twitter or whatever what

163
00:07:03,029 --> 00:07:01,360

i said this might be one of the more

164

00:07:05,189 --> 00:07:03,039

important shows i've done

165

00:07:07,029 --> 00:07:05,199

it's because

166

00:07:08,550 --> 00:07:07,039

of that

167

00:07:12,469 --> 00:07:08,560

and because this is a government

168

00:07:17,749 --> 00:07:14,790

and i'm gonna try my best

169

00:07:18,710 --> 00:07:17,759

hopefully in you know the days weeks

170

00:07:20,309 --> 00:07:18,720

months

171

00:07:23,270 --> 00:07:20,319

to come

172

00:07:24,300 --> 00:07:23,280

a lot smarter people than i will be able

173

00:07:25,909 --> 00:07:24,310

to talk about this

174

00:07:27,350 --> 00:07:25,919

[Music]

175

00:07:33,749 --> 00:07:27,360

because i'm doing my best with this

176

00:07:38,150 --> 00:07:36,070

electromagnetic spectrum related

177

00:07:40,710 --> 00:07:38,160

absorption characteristics and living

178

00:07:43,189 --> 00:07:40,720

organisms

179

00:07:45,270 --> 00:07:43,199

and as we go through this um you'll

180

00:07:47,029 --> 00:07:45,280

realize what i've just told you is

181

00:07:50,550 --> 00:07:47,039

accurate

182

00:07:53,270 --> 00:07:50,560

so here's the the preface basically

183

00:07:56,710 --> 00:07:53,280

this talks about um i think it's three

184

00:07:58,790 --> 00:07:56,720

individuals who experience anomalous um

185

00:08:02,309 --> 00:07:58,800

aerospace related events

186

00:08:05,029 --> 00:08:02,319

they were all radio engineers

187

00:08:06,230 --> 00:08:05,039

it included heat

188

00:08:08,230 --> 00:08:06,240

and redness

189

00:08:10,070 --> 00:08:08,240

to the skin

190

00:08:11,589 --> 00:08:10,080

varying degrees

191

00:08:14,070 --> 00:08:11,599

of the following is a function of their

192

00:08:16,869 --> 00:08:14,080

body surface exposure times fever pain

193

00:08:18,390 --> 00:08:16,879

headaches numbness

194

00:08:20,390 --> 00:08:18,400

loss of hair

195

00:08:23,110 --> 00:08:20,400

skin eruptions boils

196

00:08:25,350 --> 00:08:23,120

palpitations

197

00:08:29,270 --> 00:08:25,360

headaches insomnia

198

00:08:29,280 --> 00:08:33,829

anxiety insomnia

199

00:08:33,839 --> 00:08:36,790

stinging eyes

200

00:08:41,829 --> 00:08:40,389

blood issues radiation illness

201
00:08:47,750 --> 00:08:41,839
malignant

202
00:08:51,990 --> 00:08:49,269
he admits here extensive but

203
00:08:53,990 --> 00:08:52,000
controversial investigations revealed

204
00:08:55,990 --> 00:08:54,000
the three had been subjected to

205
00:08:57,910 --> 00:08:56,000
accidental exposure

206
00:09:00,790 --> 00:08:57,920
in the near field meters to a broadband

207
00:09:06,389 --> 00:09:00,800
ultra high radio frequency

208
00:09:09,030 --> 00:09:07,509
andres

209
00:09:12,470 --> 00:09:09,040
cash landrum

210
00:09:15,670 --> 00:09:12,480
um you know funny you mention it because

211
00:09:16,790 --> 00:09:15,680
that is mentioned that case is mentioned

212
00:09:17,750 --> 00:09:16,800
in this

213
00:09:23,030 --> 00:09:17,760

at least

214

00:09:27,750 --> 00:09:24,470

so

215

00:09:29,190 --> 00:09:27,760

this summary is is really

216

00:09:30,949 --> 00:09:29,200

best

217

00:09:33,110 --> 00:09:30,959

this paper relates summarizes and

218

00:09:37,590 --> 00:09:33,120

analyzes evidence of unintended injury

219

00:09:39,190 --> 00:09:37,600

to human observers by anomalous advanced

220

00:09:48,790 --> 00:09:39,200

aerospace

221

00:09:50,550 --> 00:09:48,800

what are those those are ufos

222

00:09:54,150 --> 00:09:50,560

additionally an argument is made that

223

00:09:55,760 --> 00:09:54,160

subsequent work can inform

224

00:09:57,350 --> 00:09:55,770

reverse engineer

225

00:09:59,190 --> 00:09:57,360

[Music]

226

00:10:01,110 --> 00:09:59,200

uh through clinical diagnosis certain

227

00:10:02,949 --> 00:10:01,120

physical characteristics of possible

228

00:10:05,509 --> 00:10:02,959

future advanced aerospace systems from

229

00:10:09,350 --> 00:10:05,519

unknown provenance that may be a threat

230

00:10:12,949 --> 00:10:11,030

this evidence discussed includes

231

00:10:14,710 --> 00:10:12,959

scientific material that has been peer

232

00:10:18,389 --> 00:10:14,720

reviewed

233

00:10:21,750 --> 00:10:19,990

includes scientific material that has

234

00:10:24,470 --> 00:10:21,760

been peer reviewed contained in recently

235

00:10:26,069 --> 00:10:24,480

declassified government documents

236

00:10:28,150 --> 00:10:26,079

government documents

237

00:10:30,550 --> 00:10:28,160

and early emerging clinical medical

238

00:10:38,470 --> 00:10:30,560

analysis also underway in companion

239

00:10:42,470 --> 00:10:41,030

look at this based on historical cases

240

00:10:44,389 --> 00:10:42,480

humans have been found to have been

241

00:10:45,509 --> 00:10:44,399

injured from exposures to anomalous

242

00:10:47,670 --> 00:10:45,519

vehicles

243

00:10:49,750 --> 00:10:47,680

especially airborne and one in

244

00:10:54,069 --> 00:10:49,760

relatively close

245

00:11:01,350 --> 00:10:56,550

they're related to electromagnetic

246

00:11:06,570 --> 00:11:03,350

the biophysical characteristics of the

247

00:11:10,470 --> 00:11:07,910

[Music]

248

00:11:14,150 --> 00:11:10,480

the potential deployment of systems is

249

00:11:16,550 --> 00:11:14,160

thus important to understand

250

00:11:19,030 --> 00:11:16,560

so what i kind of am gathering from this

251
00:11:20,150 --> 00:11:19,040
is maybe they have

252
00:11:22,389 --> 00:11:20,160
figured out

253
00:11:26,710 --> 00:11:22,399
or are still working on figuring out

254
00:11:31,110 --> 00:11:29,190
basically deploying it

255
00:11:33,110 --> 00:11:31,120
and if they want to do that they have to

256
00:11:35,110 --> 00:11:33,120
understand all these effects

257
00:11:41,750 --> 00:11:35,120
that this vehicle has

258
00:11:47,350 --> 00:11:43,829
i understand how this sounds but i'm not

259
00:11:52,629 --> 00:11:49,590
sufficient incidence accidents have been

260
00:11:55,030 --> 00:11:52,639
accurately reported

261
00:11:57,750 --> 00:11:55,040
um so some of the

262
00:11:59,509 --> 00:11:57,760
patho of physiological effects are

263
00:12:01,030 --> 00:11:59,519

heating and burn injuries ionizing and

264

00:12:03,509 --> 00:12:01,040

non-ionizing

265

00:12:05,910 --> 00:12:03,519

thermally induced neurological effects

266

00:12:09,509 --> 00:12:05,920

cognitive central nervous system

267

00:12:11,670 --> 00:12:09,519

neuromuscular essential in

268

00:12:13,910 --> 00:12:11,680

uh

269

00:12:17,509 --> 00:12:13,920

autonomic nervous system sensory

270

00:12:17,519 --> 00:12:21,030

neuropsychiatric

271

00:12:24,870 --> 00:12:22,389

auditory

272

00:12:34,389 --> 00:12:24,880

communication

273

00:12:39,430 --> 00:12:36,949

um again the link to download this for

274

00:12:41,350 --> 00:12:39,440

yourself is available in the description

275

00:12:43,430 --> 00:12:41,360

uh what you should do what i recommend

276
00:12:46,550 --> 00:12:43,440
you do is

277
00:12:49,430 --> 00:12:46,560
after this show of course

278
00:12:52,069 --> 00:12:49,440
download it and really read it

279
00:12:53,990 --> 00:12:52,079
because more than anything i'm just i

280
00:12:55,110 --> 00:12:54,000
don't want to leave out the right part

281
00:12:58,550 --> 00:12:55,120
you know

282
00:13:03,350 --> 00:13:00,949
the objective of the overall program for

283
00:13:04,710 --> 00:13:03,360
which this paper has been prepared is to

284
00:13:07,990 --> 00:13:04,720
understand the physics and the

285
00:13:09,910 --> 00:13:08,000
engineering of advanced aerospace weapon

286
00:13:11,670 --> 00:13:09,920
system applications

287
00:13:13,269 --> 00:13:11,680
into the future

288
00:13:15,350 --> 00:13:13,279

from now through 2050 the study

289

00:13:16,389 --> 00:13:15,360

addresses the clinical medical signs and

290

00:13:18,389 --> 00:13:16,399

symptoms

291

00:13:21,430 --> 00:13:18,399

and biophysics of injury known and

292

00:13:31,350 --> 00:13:21,440

expected from unintended exposure to

293

00:13:36,710 --> 00:13:33,190

so

294

00:13:38,310 --> 00:13:36,720

what what they go through here

295

00:13:41,350 --> 00:13:38,320

is all the different things i mean

296

00:13:44,310 --> 00:13:41,360

they're talking about things like um

297

00:13:46,870 --> 00:13:44,320

being able to microwave talking voices

298

00:13:49,110 --> 00:13:46,880

into your brain

299

00:13:51,509 --> 00:13:49,120

you've heard

300

00:13:54,069 --> 00:13:51,519

i've heard cases where people

301

00:13:57,030 --> 00:13:54,079

um are communicating

302

00:14:02,550 --> 00:13:58,550

with whatever

303

00:14:05,189 --> 00:14:02,560

the beings are

304

00:14:06,949 --> 00:14:05,199

and exposures of course of the that's

305

00:14:11,670 --> 00:14:06,959

kind of the most dominant and here's the

306

00:14:11,680 --> 00:14:17,910

but by far is not the only one

307

00:14:22,230 --> 00:14:20,389

we are aware of claims that some new and

308

00:14:25,590 --> 00:14:22,240

emerging systems may be intended to

309

00:14:29,990 --> 00:14:27,750

and thus even be an intended weapon

310

00:14:32,389 --> 00:14:30,000

system

311

00:14:36,389 --> 00:14:32,399

this report they make no attempt

312

00:14:40,870 --> 00:14:39,189

here i just skipped this part

313

00:14:43,110 --> 00:14:40,880

we will not include except by reference

314

00:14:45,189 --> 00:14:43,120
discuss ionizing radiation tissue

315

00:14:48,150 --> 00:14:45,199
effects unless they're produced to be

316

00:14:53,670 --> 00:14:49,670
the cash

317

00:14:56,829 --> 00:14:54,870
which

318

00:14:59,829 --> 00:14:56,839
i guess hipaa

319

00:15:05,269 --> 00:14:59,839
prevented a lot of those records from

320

00:15:09,030 --> 00:15:07,350
there is ample precedent in us history

321

00:15:10,550 --> 00:15:09,040
for utilizing a separate analytic

322

00:15:13,110 --> 00:15:10,560
framework for the verification and

323

00:15:15,030 --> 00:15:13,120
compliance issues as in the leg and are

324

00:15:17,670 --> 00:15:15,040
recognizing former soviet union and

325

00:15:21,590 --> 00:15:17,680
chinese systems utilizing infrasonic

326
00:15:22,389 --> 00:15:21,600
laser blinding uh and i emr weapons that

327
00:15:23,990 --> 00:15:22,399
went

328
00:15:27,590 --> 00:15:24,000
unappreciated by our intelligence

329
00:15:29,350 --> 00:15:27,600
agencies for two decades

330
00:15:31,590 --> 00:15:29,360
historically intelligence community

331
00:15:33,670 --> 00:15:31,600
verifies first

332
00:15:36,790 --> 00:15:33,680
takes on the claims of injury

333
00:15:40,629 --> 00:15:36,800
and then compliance afterwards

334
00:15:45,350 --> 00:15:40,639
after a lengthy state sponsored

335
00:15:51,110 --> 00:15:47,829
this review does not include

336
00:15:56,550 --> 00:15:51,120
epidemiological infectious disease or

337
00:15:59,670 --> 00:15:57,990
so

338
00:16:02,150 --> 00:15:59,680

this is long and it'll take forever if i

339

00:16:03,670 --> 00:16:02,160

go slow like this so

340

00:16:07,030 --> 00:16:03,680

i'm going to speed it up just a little

341

00:16:11,749 --> 00:16:09,030

um all these references to anomalous

342

00:16:13,269 --> 00:16:11,759

aircraft and anomalies aerospace systems

343

00:16:15,430 --> 00:16:13,279

there's relatively comprehensive

344

00:16:17,350 --> 00:16:15,440

literature on reported

345

00:16:19,749 --> 00:16:17,360

effects from exposure at close ranges to

346

00:16:24,069 --> 00:16:19,759

perceived anomalous aircraft

347

00:16:30,790 --> 00:16:27,350

effects include such phenomena

348

00:16:32,710 --> 00:16:30,800

paralysis shocks electrical shocks

349

00:16:34,069 --> 00:16:32,720

feeling of heat burns perception of

350

00:16:42,069 --> 00:16:34,079

odors

351
00:16:59,110 --> 00:16:45,590
this is all stuff that has to do with um

352
00:17:03,269 --> 00:17:01,430
so and then they talk about this new

353
00:17:06,390 --> 00:17:03,279
unclassified material

354
00:17:08,949 --> 00:17:06,400
so they take this case where a guy

355
00:17:11,270 --> 00:17:08,959
basically they determined uh was a bit

356
00:17:12,949 --> 00:17:11,280
psychotic and thought the secret service

357
00:17:15,829 --> 00:17:12,959
or fbi was

358
00:17:18,789 --> 00:17:15,839
attacking them with beams and stuff and

359
00:17:21,510 --> 00:17:18,799
it got down to it they

360
00:17:22,789 --> 00:17:21,520
decided that he

361
00:17:24,789 --> 00:17:22,799
um

362
00:17:26,789 --> 00:17:24,799
you know had didn't have a pot to piss

363
00:17:28,230 --> 00:17:26,799

in so to speak but there was a paper

364

00:17:30,230 --> 00:17:28,240

that he mentioned that he was able to

365

00:17:32,950 --> 00:17:30,240

foia they were surprising him but no one

366

00:17:34,470 --> 00:17:32,960

else um i had this because

367

00:17:36,230 --> 00:17:34,480

apparently other people tried to avoid

368

00:17:37,990 --> 00:17:36,240

the document and were unable to but this

369

00:17:40,310 --> 00:17:38,000

gentleman did

370

00:17:42,310 --> 00:17:40,320

and was able to and they mentioned how

371

00:17:44,710 --> 00:17:42,320

the paper at least that he mentioned

372

00:17:48,390 --> 00:17:44,720

throughout this whole thing

373

00:17:50,470 --> 00:17:48,400

was an actual legitimate real

374

00:17:51,510 --> 00:17:50,480

paper

375

00:17:55,669 --> 00:17:51,520

that

376

00:17:58,870 --> 00:17:57,350

classified information and these are

377

00:18:00,789 --> 00:17:58,880

some of the bullet points from that

378

00:18:02,230 --> 00:18:00,799

paper classified information exists that

379

00:18:04,710 --> 00:18:02,240

is highly pertinent to the subject of

380

00:18:06,310 --> 00:18:04,720

the study and only a small part of

381

00:18:10,070 --> 00:18:06,320

the classified literature has been

382

00:18:13,430 --> 00:18:10,870

so

383

00:18:15,830 --> 00:18:13,440

right here we're saying that um

384

00:18:17,590 --> 00:18:15,840

the government has a bunch of classified

385

00:18:20,789 --> 00:18:17,600

information

386

00:18:22,549 --> 00:18:20,799

on this stuff and only a small part of

387

00:18:34,310 --> 00:18:22,559

that classified literature has been

388

00:18:37,430 --> 00:18:35,750

there's no evidence that the systems

389

00:18:40,870 --> 00:18:37,440

described in the document have been

390

00:18:45,029 --> 00:18:42,950

the development of generators and aiming

391

00:18:47,590 --> 00:18:45,039

devices is not a rate limiting issue

392

00:18:49,430 --> 00:18:47,600

there is no doubt that they would work

393

00:18:51,350 --> 00:18:49,440

the concerns therefore that individuals

394

00:18:52,870 --> 00:18:51,360

exposed to field effects as described in

395

00:18:54,310 --> 00:18:52,880

the document and in this paper would

396

00:18:58,470 --> 00:18:54,320

suffer the claimed

397

00:19:03,270 --> 00:19:00,390

amongst the systems described are those

398

00:19:06,549 --> 00:19:03,280

of special interest in this effort

399

00:19:09,190 --> 00:19:06,559

claimed injury from near field exposures

400

00:19:10,710 --> 00:19:09,200

to aerospace anomalous vehicles and

401
00:19:12,470 --> 00:19:10,720
systems

402
00:19:15,750 --> 00:19:12,480
as will be described the pattern and

403
00:19:18,230 --> 00:19:15,760
circumstances of injury very often

404
00:19:20,470 --> 00:19:18,240
uh belay naysayer attempts to discredit

405
00:19:22,310 --> 00:19:20,480
witnesses

406
00:19:24,870 --> 00:19:22,320
analysts and those who suffer directly

407
00:19:26,870 --> 00:19:24,880
or indirectly from the systems

408
00:19:28,070 --> 00:19:26,880
even those who are from time to time

409
00:19:30,470 --> 00:19:28,080
delusional

410
00:19:33,590 --> 00:19:30,480
are not necessarily poor reporters of

411
00:19:43,430 --> 00:19:33,600
information outside their particular

412
00:19:55,750 --> 00:19:49,990
so

413
00:19:58,230 --> 00:19:55,760

inscom i think i n s

414

00:19:59,990 --> 00:19:58,240

c o m analysis described as real and

415

00:20:02,870 --> 00:20:00,000

potential include

416

00:20:05,830 --> 00:20:02,880

uh these microwave communication co2

417

00:20:08,870 --> 00:20:05,840

laser communication ability to instill

418

00:20:12,149 --> 00:20:08,880

fear secondary to above

419

00:20:14,310 --> 00:20:12,159

including with use of messaging

420

00:20:17,510 --> 00:20:14,320

and radio frequency carrier wave

421

00:20:20,390 --> 00:20:17,520

modulated intracranial voices

422

00:20:22,149 --> 00:20:20,400

through thermal elastic expansion of

423

00:20:24,310 --> 00:20:22,159

intercranial

424

00:20:26,870 --> 00:20:24,320

spaces

425

00:20:30,070 --> 00:20:26,880

ability to direct thermal effects to

426

00:20:32,470 --> 00:20:30,080

include directed pain

427

00:20:41,750 --> 00:20:32,480

ability to cause frontal temporal

428

00:20:41,760 --> 00:20:45,990

seizures

429

00:20:53,510 --> 00:20:48,149

synchronization through stimulation of

430

00:20:57,190 --> 00:20:55,510

loss of consciousness muscle spasms

431

00:21:00,470 --> 00:20:57,200

muscle weakness

432

00:21:02,789 --> 00:21:00,480

increase of core body temperature

433

00:21:05,110 --> 00:21:02,799

remember that one increase of core body

434

00:21:07,270 --> 00:21:05,120

temperature remember that one

435

00:21:11,430 --> 00:21:07,280

because i'm going to bring up something

436

00:21:11,440 --> 00:21:15,350

is uh very interesting

437

00:21:18,310 --> 00:21:16,390

nausea and vomiting

438

00:21:20,470 --> 00:21:18,320

disorientation

439

00:21:30,070 --> 00:21:20,480

can easily be

440

00:21:30,080 --> 00:21:37,750

so i'm gonna keep going here

441

00:21:42,830 --> 00:21:39,669

yeah so this is definitely something

442

00:21:44,549 --> 00:21:42,840

that you have to take some time and

443

00:21:46,630 --> 00:21:44,559

read

444

00:21:49,430 --> 00:21:46,640

and especially if you're

445

00:21:50,230 --> 00:21:49,440

you know well familiarized with

446

00:21:52,549 --> 00:21:50,240

um

447

00:21:55,110 --> 00:21:52,559

you know

448

00:21:58,950 --> 00:21:55,120

abduction cases or

449

00:22:04,630 --> 00:22:00,789

you can really put

450

00:22:11,350 --> 00:22:06,870

interesting here ironic don't you think

451
00:22:21,909 --> 00:22:13,029
often block totally the sounds and

452
00:22:21,919 --> 00:22:25,750
so

453
00:22:30,070 --> 00:22:27,830
keep going

454
00:22:32,230 --> 00:22:30,080
to give but one hypothesis with regard

455
00:22:34,630 --> 00:22:32,240
to exotic mechanisms there is a

456
00:22:37,430 --> 00:22:34,640
possibility that those are effects

457
00:22:39,510 --> 00:22:37,440
predicted by general relative

458
00:22:41,990 --> 00:22:39,520
relativity theory that would correlate

459
00:22:43,590 --> 00:22:42,000
with some of the reported data in which

460
00:22:46,070 --> 00:22:43,600
the black body heat spectrum of an

461
00:22:47,990 --> 00:22:46,080
object an anomalous craft

462
00:22:49,669 --> 00:22:48,000
would be blue shifted

463
00:22:51,510 --> 00:22:49,679

increased in frequency

464

00:22:53,110 --> 00:22:51,520

under conditions of space-time

465

00:22:55,669 --> 00:22:53,120

manipulation

466

00:22:57,510 --> 00:22:55,679

for lift in propulsion

467

00:22:59,430 --> 00:22:57,520

we're a human exposed to blue shifting

468

00:23:01,350 --> 00:22:59,440

at relatively close range symptoms

469

00:23:04,149 --> 00:23:01,360

associated with broadband radiation

470

00:23:10,789 --> 00:23:04,159

microwave visible uv soft x-rays could

471

00:23:14,310 --> 00:23:13,110

medical data supports this option that

472

00:23:23,510 --> 00:23:14,320

is

473

00:23:29,430 --> 00:23:26,630

mentions here again cash landrum case

474

00:23:35,510 --> 00:23:29,440

these cases and all other clinical data

475

00:23:41,909 --> 00:23:38,310

one of the outcomes from exposure

476
00:23:50,310 --> 00:23:43,909
due to any of the above phenomena is

477
00:23:54,549 --> 00:23:52,149
this hazard is one of daunting

478
00:23:57,029 --> 00:23:54,559
challenges to be met and overcome even

479
00:23:59,029 --> 00:23:57,039
when it comes to consideration of such

480
00:24:01,110 --> 00:23:59,039
human-oriented activities as space

481
00:24:03,350 --> 00:24:01,120
flight for extended periods of time

482
00:24:04,470 --> 00:24:03,360
fortunately the understanding of the dna

483
00:24:11,430 --> 00:24:04,480
structure

484
00:24:14,630 --> 00:24:12,789
then they talk about how the damage

485
00:24:16,230 --> 00:24:14,640
occurs

486
00:24:18,230 --> 00:24:16,240
that gets really

487
00:24:25,430 --> 00:24:18,240
detailed

488
00:24:38,390 --> 00:24:27,430

hot spot range

489

00:24:41,590 --> 00:24:40,070

they do talk about

490

00:24:43,029 --> 00:24:41,600

you know and we've actually went over

491

00:24:44,470 --> 00:24:43,039

these studies as well here there have

492

00:24:46,310 --> 00:24:44,480

been several studies

493

00:24:48,470 --> 00:24:46,320

encompassing about 100 reported cases

494

00:24:50,470 --> 00:24:48,480

during acute accidental exposures in

495

00:24:53,110 --> 00:24:50,480

military aerospace and communication

496

00:24:55,430 --> 00:24:53,120

situations that have collect collected

497

00:25:01,510 --> 00:24:55,440

data on human exposures

498

00:25:06,549 --> 00:25:04,070

so clinically acclaimed injury patterns

499

00:25:09,909 --> 00:25:06,559

of several hundred near field cases of

500

00:25:12,310 --> 00:25:09,919

anomalous and hostile events

501
00:25:15,350 --> 00:25:12,320
being currently analyzed for a companion

502
00:25:18,390 --> 00:25:15,360
study to this

503
00:25:19,990 --> 00:25:18,400
described in appendices a b and c

504
00:25:22,070 --> 00:25:20,000
emergent findings

505
00:25:24,230 --> 00:25:22,080
all cases

506
00:25:29,350 --> 00:25:24,240
which exposures are of the order of

507
00:25:34,870 --> 00:25:32,950
right here warming prickling fixation

508
00:25:37,190 --> 00:25:34,880
burning

509
00:25:39,590 --> 00:25:37,200
went over this already

510
00:25:46,630 --> 00:25:39,600
there's some more here though

511
00:25:50,630 --> 00:25:48,300
uh here we go

512
00:25:52,390 --> 00:25:50,640
[Music]

513
00:25:54,390 --> 00:25:52,400

right down here in the note space flight

514

00:25:56,950 --> 00:25:54,400

and possible weapons applications were

515

00:25:59,590 --> 00:25:56,960

of great concern and sources indicate

516

00:26:07,669 --> 00:25:59,600

that there was concern of reported ufo

517

00:26:11,190 --> 00:26:09,830

i mean what else do you want to be sure

518

00:26:17,269 --> 00:26:11,200

that this is

519

00:26:17,279 --> 00:26:27,110

burns

520

00:26:32,230 --> 00:26:30,149

so i mean

521

00:26:34,070 --> 00:26:32,240

again i should say that you should read

522

00:26:36,310 --> 00:26:34,080

this and when they talk about near field

523

00:26:37,990 --> 00:26:36,320

this is good to know as a term in this

524

00:26:39,909 --> 00:26:38,000

and companion studies refers to the

525

00:26:41,909 --> 00:26:39,919

subjective distance

526
00:26:46,470 --> 00:26:41,919
in part between the injured patient and

527
00:26:50,110 --> 00:26:48,950
source of microwaves or unidentified

528
00:26:52,470 --> 00:26:50,120
object

529
00:27:01,830 --> 00:26:52,480
[Music]

530
00:27:06,710 --> 00:27:04,310
uh nato has done a study on this very

531
00:27:07,990 --> 00:27:06,720
recent nato meta analysis is defined on

532
00:27:10,230 --> 00:27:08,000
the other hand low thermal and

533
00:27:11,830 --> 00:27:10,240
non-thermal broadband effects in humans

534
00:27:14,310 --> 00:27:11,840
that can be induced by non-lethal

535
00:27:16,230 --> 00:27:14,320
weapons

536
00:27:19,190 --> 00:27:16,240
the development of an active denial

537
00:27:21,350 --> 00:27:19,200
system ads so ads

538
00:27:23,430 --> 00:27:21,360

we actually have one as well

539

00:27:25,909 --> 00:27:23,440

i believe and what they were used for or

540

00:27:29,190 --> 00:27:25,919

were developed for were

541

00:27:31,110 --> 00:27:29,200

protester riot type situations

542

00:27:34,710 --> 00:27:31,120

they shoot beams at people and heat them

543

00:27:36,070 --> 00:27:34,720

up to the point of where they

544

00:27:38,389 --> 00:27:36,080

you know stop doing what they're doing

545

00:27:44,149 --> 00:27:38,399

basically

546

00:27:55,830 --> 00:27:46,470

non-lethal

547

00:27:55,840 --> 00:27:58,950

um

548

00:28:02,070 --> 00:28:00,389

in addition

549

00:28:04,070 --> 00:28:02,080

there is additional rich and established

550

00:28:06,710 --> 00:28:04,080

literature that describes well the

551

00:28:08,710 --> 00:28:06,720

subacute level effects of

552

00:28:11,029 --> 00:28:08,720

particularly radio frequency and

553

00:28:14,389 --> 00:28:11,039

microwave fields on human and animal

554

00:28:18,630 --> 00:28:15,909

it should also be mentioned that

555

00:28:20,470 --> 00:28:18,640

beginning in the late 80s

556

00:28:22,630 --> 00:28:20,480

a thermal incident energy of

557

00:28:28,070 --> 00:28:22,640

time-varying magnetic fields

558

00:28:33,029 --> 00:28:30,230

depression alleviation dermal cell

559

00:28:36,950 --> 00:28:35,029

no injury potential for this bandwidth

560

00:28:38,230 --> 00:28:36,960

that said numerous reports on both the

561

00:28:40,230 --> 00:28:38,240

anomalous

562

00:28:41,830 --> 00:28:40,240

event as well as the clinical medical

563

00:28:43,470 --> 00:28:41,840

literature describe the occasional

564

00:28:45,190 --> 00:28:43,480

effects

565

00:28:47,430 --> 00:28:45,200

experiencers

566

00:28:52,710 --> 00:28:47,440

or patients utilizing such therapy

567

00:28:59,500 --> 00:28:55,029

there's no reason to put experiencers or

568

00:29:01,830 --> 00:28:59,510

patients you could just say patients

569

00:29:03,590 --> 00:29:01,840

[Music]

570

00:29:06,230 --> 00:29:03,600

these effects include occasional mild

571

00:29:12,630 --> 00:29:06,240

and localized warmth when touching

572

00:29:12,640 --> 00:29:19,110

under the electrode

573

00:29:23,909 --> 00:29:21,669

skin receptor served by peripheral

574

00:29:25,669 --> 00:29:23,919

nerves and pleasant cognitive effects

575

00:29:27,350 --> 00:29:25,679

and relaxation

576
00:29:29,510 --> 00:29:27,360
although we can hardly categorize such

577
00:29:31,990 --> 00:29:29,520
near-field effects as injuries we note

578
00:29:39,669 --> 00:29:32,000
and catalog them as non-specific

579
00:29:58,950 --> 00:29:41,669
and this gets this part gets extremely

580
00:30:02,870 --> 00:30:01,110
so yeah

581
00:30:04,149 --> 00:30:02,880
there's you know other things that are

582
00:30:05,190 --> 00:30:04,159
available too

583
00:30:07,990 --> 00:30:05,200
that you can

584
00:30:11,430 --> 00:30:08,000
read to get to it

585
00:30:16,310 --> 00:30:11,440
um the 2007 bioinitiative report updated

586
00:30:21,269 --> 00:30:18,230
oh yeah the double slit experiment yeah

587
00:30:22,549 --> 00:30:21,279
i did a whole episode on um

588
00:30:25,269 --> 00:30:22,559

on that

589

00:30:28,870 --> 00:30:25,279

maybe a couple months ago now

590

00:30:28,880 --> 00:30:33,190

it's definitely legit

591

00:30:36,710 --> 00:30:35,430

indicates that acute effects primarily

592

00:30:40,230 --> 00:30:36,720

involve tissue heating from these

593

00:30:43,510 --> 00:30:40,240

modalities however as well for 99 of the

594

00:30:46,630 --> 00:30:43,520

medical literature on field effects

595

00:30:47,590 --> 00:30:46,640

heating isn't the current concern okay

596

00:30:48,830 --> 00:30:47,600

so

597

00:30:57,110 --> 00:30:48,840

i wanted

598

00:31:00,149 --> 00:30:58,789

they go through the limits of basically

599

00:31:01,990 --> 00:31:00,159

what people can take

600

00:31:07,029 --> 00:31:02,000

on cognitive and neural injury

601
00:31:07,039 --> 00:31:10,710
definitely

602
00:31:14,549 --> 00:31:13,430
very intense reading here

603
00:31:16,630 --> 00:31:14,559
talk about

604
00:31:20,149 --> 00:31:16,640
study done armstrong brooks united

605
00:31:24,630 --> 00:31:22,070
as the purpose of this paper is to argue

606
00:31:26,549 --> 00:31:24,640
that data exists to reverse engineer

607
00:31:32,710 --> 00:31:26,559
propulsion systems of anomalous

608
00:31:39,590 --> 00:31:36,070
so if you want to know if the government

609
00:31:42,789 --> 00:31:39,600
is trying to reverse engineer ufos here

610
00:31:42,799 --> 00:31:49,350
as the purpose of this paper

611
00:31:49,360 --> 00:31:52,950
by ossep

612
00:31:52,960 --> 00:31:56,710
contracted by the dia

613
00:32:01,350 --> 00:31:59,029

as the purpose of this paper is to argue

614

00:32:03,750 --> 00:32:01,360

that data exists to reverse engineer

615

00:32:14,149 --> 00:32:03,760

propulsion systems of anomalous

616

00:32:14,159 --> 00:32:16,470

right

617

00:32:21,029 --> 00:32:19,509

i don't think that's what it's saying

618

00:32:23,110 --> 00:32:21,039

to think it's saying anything else you

619

00:32:24,549 --> 00:32:23,120

would have to read it differently

620

00:32:30,549 --> 00:32:24,559

or have

621

00:32:33,830 --> 00:32:32,230

data exists to reverse engineer

622

00:32:35,909 --> 00:32:33,840

propulsion systems of anomalous

623

00:32:39,350 --> 00:32:35,919

aerospace sphericals independent of

624

00:32:48,789 --> 00:32:39,360

origin based on biology

625

00:32:48,799 --> 00:32:51,909

so yeah

626
00:32:56,149 --> 00:32:53,669
they get really into the brain stuff

627
00:32:59,669 --> 00:32:56,159
there

628
00:33:02,230 --> 00:32:59,679
yeah this part is a little i mean

629
00:33:06,230 --> 00:33:02,240
it's pretty clear what it says there um

630
00:33:09,669 --> 00:33:06,240
independent of origin based on biology

631
00:33:12,070 --> 00:33:10,470
but

632
00:33:16,549 --> 00:33:12,080
you know that's why you'd probably need

633
00:33:16,559 --> 00:33:22,830
to comment on this stuff

634
00:33:26,149 --> 00:33:24,470
um

635
00:33:29,509 --> 00:33:26,159
their references cash land from

636
00:33:34,950 --> 00:33:31,830
physical evidence related to ufo reports

637
00:33:36,630 --> 00:33:34,960
ufo related human physiological effects

638
00:33:38,549 --> 00:33:36,640

i mean

639

00:33:44,070 --> 00:33:38,559

uh

640

00:33:56,230 --> 00:33:47,350

this is all pretty ufo related

641

00:33:56,240 --> 00:34:02,310

uh jacques valet confrontations

642

00:34:07,110 --> 00:34:05,110

uh it's a whole lot of ufo books used as

643

00:34:14,310 --> 00:34:07,120

references

644

00:34:14,320 --> 00:34:19,030

and other non-ufo books

645

00:34:19,040 --> 00:34:21,909

so

646

00:34:24,950 --> 00:34:22,869

this

647

00:34:28,230 --> 00:34:24,960

shows our catalog of ufo-related human

648

00:34:34,230 --> 00:34:29,669

was compiled

649

00:34:36,950 --> 00:34:34,240

in 96 by mufon's past director

650

00:34:38,389 --> 00:34:36,960

a very long time period

651
00:34:43,030 --> 00:34:38,399
goes through all the different effects

652
00:34:51,030 --> 00:34:47,990
included in this paper is it not i mean

653
00:34:53,109 --> 00:34:51,040
why else would you put it in there

654
00:34:54,710 --> 00:34:53,119
if you're it's not a reference and we

655
00:34:56,869 --> 00:34:54,720
already know that it is uh being

656
00:35:07,109 --> 00:34:56,879
referenced as it was in the list of

657
00:35:13,750 --> 00:35:11,030
well maybe they're not all hypothetical

658
00:35:18,069 --> 00:35:16,150
i mean i think that could be the

659
00:35:19,750 --> 00:35:18,079
situation we're in is

660
00:35:23,030 --> 00:35:19,760
possibly some of this stuff isn't

661
00:35:25,510 --> 00:35:23,040
hypothetical as we read earlier

662
00:35:27,829 --> 00:35:25,520
that a lot more data exists on this that

663
00:35:36,870 --> 00:35:27,839

is classified and only a small amount is

664

00:35:40,470 --> 00:35:38,630

um

665

00:35:41,589 --> 00:35:40,480

a lot of this i mean and we know these

666

00:35:48,630 --> 00:35:41,599

reports

667

00:35:48,640 --> 00:35:53,510

are are pretty similar to this so

668

00:35:59,349 --> 00:35:55,990

i'm sure people that have like if we had

669

00:36:01,750 --> 00:35:59,359

john mack here he'd say yep yep yep yep

670

00:36:04,310 --> 00:36:01,760

yep yep

671

00:36:06,870 --> 00:36:04,320

but these aren't all abduction related

672

00:36:09,670 --> 00:36:06,880

they're just some are some are just

673

00:36:12,710 --> 00:36:09,680

encounter related

674

00:36:14,710 --> 00:36:12,720

but the the part that's hypothetical is

675

00:36:18,190 --> 00:36:14,720

what the stuff is too i think right it's

676

00:36:20,550 --> 00:36:18,200

anomalous vehicles right

677

00:36:21,349 --> 00:36:20,560

[Music]

678

00:36:23,510 --> 00:36:21,359

what

679

00:36:24,710 --> 00:36:23,520

document would you like to see jennifer

680

00:36:27,750 --> 00:36:24,720

i stated

681

00:36:29,589 --> 00:36:27,760

that what i'm showing you is

682

00:36:31,589 --> 00:36:29,599

there's a link to it in the description

683

00:36:33,190 --> 00:36:31,599

it takes it to

684

00:36:38,470 --> 00:36:33,200

the reports

685

00:36:44,230 --> 00:36:41,349

from asset so this list here is pretty

686

00:36:45,430 --> 00:36:44,240

interesting because what it does

687

00:36:48,950 --> 00:36:45,440

is

688

00:36:51,030 --> 00:36:48,960

a lot of different

689

00:36:52,390 --> 00:36:51,040

um you know cases that involve close

690

00:36:58,230 --> 00:36:52,400

encounters right

691

00:37:02,390 --> 00:37:01,030

uh a case of that was available in blue

692

00:37:07,589 --> 00:37:02,400

book and

693

00:37:12,550 --> 00:37:09,670

the one i found first

694

00:37:15,349 --> 00:37:12,560

was based in my hometown of

695

00:37:25,030 --> 00:37:16,069

so

696

00:37:28,230 --> 00:37:25,829

um

697

00:37:31,990 --> 00:37:28,240

read this stuff yourself and make up

698

00:37:33,829 --> 00:37:32,000

your own mind about it um

699

00:37:36,630 --> 00:37:33,839

the only advice i could give you is when

700

00:37:39,910 --> 00:37:36,640

you do read that paper i would go to all

701
00:37:41,990 --> 00:37:39,920
the papers and look at them as a whole

702
00:37:47,670 --> 00:37:42,000
and probably read them all as a whole

703
00:37:50,470 --> 00:37:48,550
but

704
00:37:53,190 --> 00:37:50,480
you should

705
00:37:54,550 --> 00:37:53,200
so now we just learned a lot about

706
00:37:57,270 --> 00:37:54,560
um

707
00:37:59,589 --> 00:37:57,280
radio frequency energy right having to

708
00:38:00,870 --> 00:37:59,599
do with uh some of these biological

709
00:38:03,109 --> 00:38:00,880
effects right

710
00:38:05,270 --> 00:38:03,119
so now if we go backwards

711
00:38:10,310 --> 00:38:05,280
to the preliminary assessment

712
00:38:13,589 --> 00:38:12,310
some uap appeared to remain stationary

713
00:38:14,950 --> 00:38:13,599

in winslow move against the wind

714

00:38:16,470 --> 00:38:14,960

maneuver abruptly or move at

715

00:38:18,790 --> 00:38:16,480

considerable speed without discernible

716

00:38:21,109 --> 00:38:18,800

means of propulsion in a small which the

717

00:38:23,270 --> 00:38:21,119

propulsion they don't understand as we

718

00:38:25,510 --> 00:38:23,280

just read in a small number of cases

719

00:38:28,069 --> 00:38:25,520

military aircraft systems processed

720

00:38:36,870 --> 00:38:28,079

radio frequency energy

721

00:38:41,270 --> 00:38:40,150

so that study we read

722

00:38:43,270 --> 00:38:41,280

is studying

723

00:38:45,750 --> 00:38:43,280

the biological effects

724

00:38:48,069 --> 00:38:45,760

that some people have experienced from

725

00:38:52,470 --> 00:38:48,079

the uap sightings mentioned in the

726
00:38:52,480 --> 00:39:00,150
i would imagine

727
00:39:00,160 --> 00:39:04,950
now the

728
00:39:04,960 --> 00:39:07,750
last

729
00:39:13,670 --> 00:39:10,310
thing here

730
00:39:13,680 --> 00:39:17,510
go over with you

731
00:39:26,150 --> 00:39:20,390
is this case

732
00:39:26,160 --> 00:39:32,790
cochran cochran wisconsin

733
00:39:39,109 --> 00:39:36,630
but it's not pulling up for me so

734
00:39:41,030 --> 00:39:39,119
maybe we're screwed i'll just have to

735
00:39:42,390 --> 00:39:41,040
pull up i took like highlights and

736
00:39:44,630 --> 00:39:42,400
clipped highlights from it that i could

737
00:39:46,310 --> 00:39:44,640
show you but those aren't showing so i'm

738
00:39:48,550 --> 00:39:46,320

just going to bring up the whole thing

739

00:39:51,270 --> 00:39:48,560

so this case was mentioned in

740

00:39:57,349 --> 00:39:51,280

the paper we just looked at by

741

00:40:03,990 --> 00:39:59,589

so

742

00:40:06,710 --> 00:40:04,000

can look at here is probable astro moon

743

00:40:11,030 --> 00:40:09,430

and i'm just going to skip to the parts

744

00:40:12,790 --> 00:40:11,040

that i wanted to read from

745

00:40:16,230 --> 00:40:12,800

[Music]

746

00:40:17,910 --> 00:40:16,240

because this is like 70 pages

747

00:40:19,829 --> 00:40:17,920

uh the observer stated that she saw a

748

00:40:22,550 --> 00:40:19,839

large orange boomerang shaped object

749

00:40:25,270 --> 00:40:22,560

that seemed to be surrounded by smoke or

750

00:40:27,190 --> 00:40:25,280

fog

751
00:40:29,349 --> 00:40:27,200
the object hovered over her car in the

752
00:40:32,150 --> 00:40:29,359
car engine stopped

753
00:40:34,710 --> 00:40:32,160
and her lights and radio went dead

754
00:40:37,510 --> 00:40:34,720
the observer is uncertain of how long

755
00:40:45,430 --> 00:40:37,520
the object was in sight but it appears

756
00:40:51,030 --> 00:40:49,670
so what happens in this uh case here

757
00:40:53,430 --> 00:40:51,040
is

758
00:40:57,829 --> 00:40:53,440
you can see that the hector there

759
00:40:57,839 --> 00:41:02,550
no helicopter activity interesting

760
00:41:08,870 --> 00:41:05,589
this is probably the best rundown of it

761
00:41:11,750 --> 00:41:08,880
and then he later in this he's badgering

762
00:41:13,270 --> 00:41:11,760
um dr heineck for his report

763
00:41:15,109 --> 00:41:13,280

on this right

764

00:41:17,270 --> 00:41:15,119

he's like that and a handful of other

765

00:41:19,190 --> 00:41:17,280

reports he's saying hey dr heineck this

766

00:41:21,190 --> 00:41:19,200

is taking too long we need to close all

767

00:41:22,950 --> 00:41:21,200

these cases out can you please get this

768

00:41:24,790 --> 00:41:22,960

into me

769

00:41:26,470 --> 00:41:24,800

if you haven't found new information

770

00:41:29,349 --> 00:41:26,480

please let me know so we can close this

771

00:41:34,390 --> 00:41:31,829

you can tell that hector is trying to

772

00:41:40,069 --> 00:41:34,400

just close out the cases you know and

773

00:41:45,589 --> 00:41:42,790

and later in this report you'll see that

774

00:41:50,309 --> 00:41:45,599

hynek finally did turn in this case

775

00:41:50,319 --> 00:41:53,430

moon

776

00:41:53,440 --> 00:42:00,230

you labeled it as unidentified

777

00:42:04,790 --> 00:42:02,470

interesting and these were like kind of

778

00:42:06,790 --> 00:42:04,800

the last years of finding so it seems to

779

00:42:08,710 --> 00:42:06,800

me that he was as he was becoming a

780

00:42:11,750 --> 00:42:08,720

believer he got quite sick of working

781

00:42:13,829 --> 00:42:11,760

with the air force on this

782

00:42:15,990 --> 00:42:13,839

april 4th 68

783

00:42:18,710 --> 00:42:16,000

the observer and her young son were

784

00:42:20,790 --> 00:42:18,720

driving on route 35 about four miles

785

00:42:22,710 --> 00:42:20,800

south of cochran wisconsin

786

00:42:25,109 --> 00:42:22,720

when the lights of the car

787

00:42:27,589 --> 00:42:25,119

ahead went out the observer then cited

788

00:42:29,190 --> 00:42:27,599

an orangish red crescent shaped object

789

00:42:30,630 --> 00:42:29,200

that appeared to be hovering over the

790

00:42:31,910 --> 00:42:30,640

car

791

00:42:33,670 --> 00:42:31,920

in front

792

00:42:36,309 --> 00:42:33,680

the observer stopped her car and the

793

00:42:38,550 --> 00:42:36,319

object appeared to move and hover over

794

00:42:39,910 --> 00:42:38,560

her car the engine of her car then

795

00:42:42,150 --> 00:42:39,920

reportedly stopped and the lights and

796

00:42:43,670 --> 00:42:42,160

radio stopped working also during this

797

00:42:45,270 --> 00:42:43,680

time the interior of the car seem to

798

00:42:48,069 --> 00:42:45,280

become very hot

799

00:42:49,990 --> 00:42:48,079

particularly the feet of the observers

800

00:42:51,589 --> 00:42:50,000

remember i told you to

801
00:42:53,030 --> 00:42:51,599
pay attention to the heat warming thing

802
00:42:54,470 --> 00:42:53,040
that we just went over in the awesome

803
00:42:56,069 --> 00:42:54,480
paper

804
00:42:57,510 --> 00:42:56,079
the object then appeared to move away

805
00:43:00,309 --> 00:42:57,520
and then started to return again the

806
00:43:01,990 --> 00:43:00,319
observer then started her car and left

807
00:43:04,950 --> 00:43:02,000
the area of deciding duration of

808
00:43:07,190 --> 00:43:04,960
sighting was about five minutes

809
00:43:09,670 --> 00:43:07,200
it's 1968.

810
00:43:09,680 --> 00:43:13,750
write a paper 2010

811
00:43:20,790 --> 00:43:15,430
connected it to the preliminary

812
00:43:20,800 --> 00:43:25,190
reading this from 1968

813
00:43:25,200 --> 00:43:31,990

same sentence

814

00:43:35,190 --> 00:43:33,589

although the observer indicated that she

815

00:43:36,950 --> 00:43:35,200

was traveling northeast the map of the

816

00:43:39,190 --> 00:43:36,960

area indicates that the road goes

817

00:43:41,190 --> 00:43:39,200

primarily northwest the observers stated

818

00:43:42,470 --> 00:43:41,200

in her description that the object was

819

00:43:44,550 --> 00:43:42,480

crescent shaped there was a crescent

820

00:43:46,470 --> 00:43:44,560

moon relatively low in the western sky

821

00:43:48,390 --> 00:43:46,480

the broken cloud cover and fog may have

822

00:43:50,630 --> 00:43:48,400

confused the observer into thinking that

823

00:43:51,829 --> 00:43:50,640

it was something near rather than far

824

00:43:53,990 --> 00:43:51,839

away

825

00:43:55,510 --> 00:43:54,000

this assumption would have led to led

826
00:43:57,750 --> 00:43:55,520
her to conclude that it was rapidly

827
00:44:02,430 --> 00:43:57,760
moving chasing her

828
00:44:06,150 --> 00:44:05,430
[Music]

829
00:44:07,829 --> 00:44:06,160
so

830
00:44:09,510 --> 00:44:07,839
it's interesting the observer indicated

831
00:44:11,589 --> 00:44:09,520
that there was no moonlight but a police

832
00:44:14,950 --> 00:44:11,599
officer who interviewed the observer

833
00:44:16,870 --> 00:44:14,960
uh said that the moon was quite bright

834
00:44:18,390 --> 00:44:16,880
up she's lying

835
00:44:19,990 --> 00:44:18,400
the observer was quite upset during the

836
00:44:22,069 --> 00:44:20,000
sighting and states in her testimony

837
00:44:23,750 --> 00:44:22,079
that i started crying a little bit it

838
00:44:26,069 --> 00:44:23,760

seems quite possible that in her

839

00:44:27,829 --> 00:44:26,079

excitement fear she may have stalled or

840

00:44:28,950 --> 00:44:27,839

turned off the ignition of her car

841

00:44:30,630 --> 00:44:28,960

that's accounting for the engine

842

00:44:32,630 --> 00:44:30,640

stopping

843

00:44:35,349 --> 00:44:32,640

the use of the word angel here by the

844

00:44:36,710 --> 00:44:35,359

observer is quite interesting

845

00:44:37,910 --> 00:44:36,720

it is to me too

846

00:44:39,349 --> 00:44:37,920

there is some evidence from her

847

00:44:40,870 --> 00:44:39,359

testimony she was interested in the

848

00:44:42,550 --> 00:44:40,880

subject okay

849

00:44:45,510 --> 00:44:42,560

she's interested in the subject she

850

00:44:50,870 --> 00:44:45,520

can't be telling the truth

851

00:44:58,230 --> 00:44:52,470

um

852

00:45:00,470 --> 00:44:58,240

i want to get to the heinek part of this

853

00:45:02,069 --> 00:45:00,480

because that is uh really interesting

854

00:45:04,790 --> 00:45:02,079

how he treats this subject here's a

855

00:45:06,470 --> 00:45:04,800

drawing of it we've seen and have heard

856

00:45:09,030 --> 00:45:06,480

of this type

857

00:45:11,430 --> 00:45:09,040

for a very long time

858

00:45:14,069 --> 00:45:11,440

uh one case that i can think of off the

859

00:45:15,589 --> 00:45:14,079

top of my head is the

860

00:45:19,990 --> 00:45:15,599

lockheed martin

861

00:45:22,150 --> 00:45:20,000

dude in his sighting he had in the 50s

862

00:45:24,550 --> 00:45:22,160

described it as being

863

00:45:25,750 --> 00:45:24,560

just like this and other people have as

864

00:45:27,109 --> 00:45:25,760

well

865

00:45:29,190 --> 00:45:27,119

but i've covered that case here so

866

00:45:31,510 --> 00:45:29,200

that's why i mentioned it

867

00:45:32,790 --> 00:45:31,520

fuzzy angel here like appearance

868

00:45:35,190 --> 00:45:32,800

interesting

869

00:45:37,910 --> 00:45:35,200

i mean obviously we hear angel here all

870

00:45:40,630 --> 00:45:37,920

the time the wonderful guest kirsten

871

00:45:43,109 --> 00:45:40,640

i just had on here not too long ago

872

00:45:45,510 --> 00:45:43,119

told us of an instance where

873

00:45:47,270 --> 00:45:45,520

she had found angel hair people told her

874

00:45:49,829 --> 00:45:47,280

it was

875

00:45:56,230 --> 00:45:49,839

cobwebs yeah i'm sure cobwebs falling

876

00:46:00,630 --> 00:45:58,870

oh here we go although dr j allen inec

877

00:46:02,870 --> 00:46:00,640

the air force consultant on ufos feels

878

00:46:05,670 --> 00:46:02,880

that this sighting is unidentified as a

879

00:46:07,349 --> 00:46:05,680

result of the extensive analysis of dr

880

00:46:09,109 --> 00:46:07,359

donald menzel the harvard college

881

00:46:10,550 --> 00:46:09,119

observatory the sighting is being

882

00:46:12,630 --> 00:46:10,560

carried in the air force files that's

883

00:46:14,870 --> 00:46:12,640

possibly being caused by the moon so

884

00:46:18,390 --> 00:46:14,880

something you should know here

885

00:46:22,630 --> 00:46:20,950

heinek was getting fed up with the air

886

00:46:24,470 --> 00:46:22,640

force

887

00:46:27,430 --> 00:46:24,480

sometimes even behind his back they were

888

00:46:30,150 --> 00:46:27,440

going to donald munzel for an analysis

889

00:46:31,990 --> 00:46:30,160

because every time donald menzel

890

00:46:35,750 --> 00:46:32,000

would give a

891

00:46:40,950 --> 00:46:38,630

above and beyond what was needed to give

892

00:46:43,030 --> 00:46:40,960

a prozac cancer in the socorro case for

893

00:46:45,589 --> 00:46:43,040

instance donald manziel came up with

894

00:46:46,790 --> 00:46:45,599

this huge concoction of uh kids and

895

00:46:48,870 --> 00:46:46,800

fireworks

896

00:46:50,790 --> 00:46:48,880

and all this stuff and at the end it was

897

00:46:52,710 --> 00:46:50,800

um

898

00:46:54,309 --> 00:46:52,720

you know not accurate because well first

899

00:46:56,790 --> 00:46:54,319

of all there were no footprints going to

900

00:46:58,470 --> 00:46:56,800

and from

901
00:47:01,750 --> 00:46:58,480
the scene of the

902
00:47:06,710 --> 00:47:05,030
menzel was an avid debunker

903
00:47:08,470 --> 00:47:06,720
he was the

904
00:47:10,710 --> 00:47:08,480
you know no offense to dude i guess but

905
00:47:13,109 --> 00:47:10,720
he was the mick midwest of

906
00:47:16,550 --> 00:47:13,119
that time

907
00:47:22,150 --> 00:47:16,560
and he was with the harvard observatory

908
00:47:26,309 --> 00:47:24,470
and he is not

909
00:47:29,030 --> 00:47:26,319
and have a debunker

910
00:47:36,829 --> 00:47:29,040
um but he's really trying to figure out

911
00:47:43,109 --> 00:47:38,470
so

912
00:47:47,030 --> 00:47:45,349
uh heineck writes i cannot agree that

913
00:47:48,390 --> 00:47:47,040

all pertinent data has been gathered for

914

00:47:50,150 --> 00:47:48,400

example the comments of the preparing

915

00:47:52,309 --> 00:47:50,160

officer stated that the moon was in its

916

00:47:54,790 --> 00:47:52,319

quarter phase that night and moonrise

917

00:47:57,030 --> 00:47:54,800

was approximately two uh

918

00:47:59,349 --> 00:47:57,040

2100 hours local time moon rise on that

919

00:48:01,510 --> 00:47:59,359

day it was approximately noon

920

00:48:02,710 --> 00:48:01,520

and moonset was just about midnight

921

00:48:03,990 --> 00:48:02,720

therefore at the time of the sighting

922

00:48:06,230 --> 00:48:04,000

approximately

923

00:48:07,990 --> 00:48:06,240

2015 the moon was still four hours from

924

00:48:10,309 --> 00:48:08,000

setting in fairly high in the sky it was

925

00:48:11,910 --> 00:48:10,319

not yet in its first quarter phase the

926
00:48:13,750 --> 00:48:11,920
observer was looking toward the north

927
00:48:15,670 --> 00:48:13,760
northeast at initial elevation of

928
00:48:17,990 --> 00:48:15,680
approximately 15 degrees moonrise is

929
00:48:21,750 --> 00:48:18,000
thus not possible not a possible

930
00:48:25,109 --> 00:48:21,760
explanation for this sighting

931
00:48:29,589 --> 00:48:27,750
um valuation of the sighting depends

932
00:48:32,230 --> 00:48:29,599
largely as i see it on the right

933
00:48:33,510 --> 00:48:32,240
reliability of the witness

934
00:48:35,109 --> 00:48:33,520
he later

935
00:48:36,870 --> 00:48:35,119
um

936
00:48:39,750 --> 00:48:36,880
interviews the witness

937
00:48:42,470 --> 00:48:39,760
which you can find in this file

938
00:48:43,670 --> 00:48:42,480

which i also included in the description

939

00:48:46,069 --> 00:48:43,680

of this

940

00:48:50,069 --> 00:48:46,079

so you can go through this yourself if

941

00:48:55,270 --> 00:48:53,270

so we we started with uh what hector

942

00:48:58,230 --> 00:48:55,280

said right astral moon because of donald

943

00:48:59,750 --> 00:48:58,240

menzel and this is what uh heinek

944

00:49:01,589 --> 00:48:59,760

submitted

945

00:49:02,870 --> 00:49:01,599

now which one got put on the reports

946

00:49:07,589 --> 00:49:02,880

which one

947

00:49:11,109 --> 00:49:09,190

i wonder

948

00:49:13,030 --> 00:49:11,119

uh brief summary and analysis a 30 year

949

00:49:16,470 --> 00:49:13,040

old school teacher and her 10 year old

950

00:49:18,790 --> 00:49:16,480

son coming home from lacrosse wisconsin

951
00:49:20,870 --> 00:49:18,800
it's about

952
00:49:22,630 --> 00:49:20,880
four hours west of me

953
00:49:24,710 --> 00:49:22,640
approaching cochrane saw luminous an

954
00:49:27,349 --> 00:49:24,720
object hovering overhead stopped and put

955
00:49:29,109 --> 00:49:27,359
out lights of car ahead

956
00:49:31,030 --> 00:49:29,119
a witness

957
00:49:32,549 --> 00:49:31,040
stopped several car lengths behind and

958
00:49:34,950 --> 00:49:32,559
pulled off to the side of the road with

959
00:49:36,950 --> 00:49:34,960
engine running object then hovered over

960
00:49:39,430 --> 00:49:36,960
her car stopping motor

961
00:49:41,829 --> 00:49:39,440
which she was unable to start until

962
00:49:44,710 --> 00:49:41,839
object left they experienced intense

963
00:49:47,349 --> 00:49:44,720

heat inside of car the soles of their

964

00:49:49,990 --> 00:49:47,359

feet were particularly hot

965

00:49:51,750 --> 00:49:50,000

after object left the starter worked and

966

00:49:53,990 --> 00:49:51,760

the witness floored the car on the way

967

00:49:56,309 --> 00:49:54,000

home and locked herself in the young son

968

00:49:59,670 --> 00:49:56,319

was thoroughly frightened it did not

969

00:50:01,910 --> 00:49:59,680

wish to talk about it much

970

00:50:03,990 --> 00:50:01,920

now that's interesting the kid doesn't

971

00:50:06,790 --> 00:50:04,000

even want to talk about it

972

00:50:06,800 --> 00:50:09,829

you'd think

973

00:50:14,150 --> 00:50:11,349

he'd want to talk about it like if the

974

00:50:15,510 --> 00:50:14,160

mom was like hey let's make this up

975

00:50:17,750 --> 00:50:15,520

the kid

976
00:50:21,270 --> 00:50:17,760
would

977
00:50:22,630 --> 00:50:21,280
probably want to play along with that

978
00:50:26,870 --> 00:50:22,640
but it's not even worth talking about

979
00:50:31,030 --> 00:50:28,390
yeah so this is like the question and

980
00:50:33,430 --> 00:50:31,040
answer part which is uh very interesting

981
00:50:34,870 --> 00:50:33,440
because this is straight from her

982
00:50:36,790 --> 00:50:34,880
and it's uh great to have this

983
00:50:41,910 --> 00:50:36,800
transcript so that you can read it for

984
00:50:41,920 --> 00:50:45,670
and i mean you could just

985
00:50:48,950 --> 00:50:47,510
read what you wrote well i kind of know

986
00:50:50,470 --> 00:50:48,960
that but the thing

987
00:50:52,069 --> 00:50:50,480
that i wondered is is it really

988
00:50:53,589 --> 00:50:52,079

something or isn't it you know because

989

00:50:54,790 --> 00:50:53,599

so many people look at you like the

990

00:50:56,390 --> 00:50:54,800

other day there was some distant

991

00:50:57,589 --> 00:50:56,400

relation of mine

992

00:50:59,510 --> 00:50:57,599

uh

993

00:51:01,030 --> 00:50:59,520

i happened to see him on business and he

994

00:51:03,349 --> 00:51:01,040

wanted to see me and he looked at me

995

00:51:05,430 --> 00:51:03,359

just as much to say well gee

996

00:51:07,270 --> 00:51:05,440

what's the matter with you maybe i don't

997

00:51:08,790 --> 00:51:07,280

want to do business with you you know

998

00:51:14,870 --> 00:51:08,800

and i was just wondering

999

00:51:24,150 --> 00:51:16,950

man isn't that how we all feel

1000

00:51:27,829 --> 00:51:25,030

um

1001
00:51:31,750 --> 00:51:27,839
and there's a very interesting part to

1002
00:51:34,870 --> 00:51:33,430
which kind of

1003
00:51:37,829 --> 00:51:34,880
i mean this whole thing is really

1004
00:51:41,030 --> 00:51:37,839
interesting actually

1005
00:51:43,030 --> 00:51:41,040
but one part that stood out to me

1006
00:51:44,790 --> 00:51:43,040
um

1007
00:51:46,230 --> 00:51:44,800
here that the headlights and taillights

1008
00:51:48,069 --> 00:51:46,240
went out and i thought well isn't that a

1009
00:51:49,589 --> 00:51:48,079
crazy trick to play me at this time of

1010
00:51:51,589 --> 00:51:49,599
night you know

1011
00:51:53,910 --> 00:51:51,599
so then i kind of started to pull over

1012
00:51:55,510 --> 00:51:53,920
to the right hand side of road so in

1013
00:51:58,230 --> 00:51:55,520

case you would be there

1014

00:51:59,270 --> 00:51:58,240

i wouldn't uh hit him from the back well

1015

00:52:01,030 --> 00:51:59,280

then

1016

00:52:02,950 --> 00:52:01,040

when this red thing started it was above

1017

00:52:04,870 --> 00:52:02,960

this car in the area and all of a sudden

1018

00:52:06,790 --> 00:52:04,880

there is no car there

1019

00:52:07,110 --> 00:52:06,800

i can't hear you now is somebody on the

1020

00:52:08,390 --> 00:52:07,120

line

1021

00:52:09,430 --> 00:52:08,400

[Music]

1022

00:52:10,549 --> 00:52:09,440

okay

1023

00:52:11,750 --> 00:52:10,559

they're just talking to each other on

1024

00:52:13,109 --> 00:52:11,760

the phone

1025

00:52:16,710 --> 00:52:13,119

hello

1026

00:52:16,720 --> 00:52:20,390

okay so

1027

00:52:23,829 --> 00:52:22,150

um

1028

00:52:25,349 --> 00:52:23,839

but now did you put your lights out

1029

00:52:27,270 --> 00:52:25,359

yourself no i pulled over to the side of

1030

00:52:29,109 --> 00:52:27,280

the road and i left my lights on so i

1031

00:52:30,950 --> 00:52:29,119

could see if anything happened makes

1032

00:52:32,630 --> 00:52:30,960

sense and then all of a sudden my car

1033

00:52:35,670 --> 00:52:32,640

kept running and then i watched this

1034

00:52:36,710 --> 00:52:35,680

thing as it was up in the air above this

1035

00:52:38,790 --> 00:52:36,720

other car

1036

00:52:40,390 --> 00:52:38,800

well then pretty soon i was watching it

1037

00:52:43,349 --> 00:52:40,400

i didn't watch the other car and it may

1038

00:52:44,710 --> 00:52:43,359

have driven on or i don't know

1039

00:52:47,990 --> 00:52:44,720

see that's why i won't say what happened

1040

00:52:54,230 --> 00:52:49,670

um

1041

00:52:58,390 --> 00:52:54,930

to

1042

00:53:02,309 --> 00:53:00,150

really bring up it was about how she

1043

00:53:04,950 --> 00:53:02,319

felt how this thing was

1044

00:53:04,960 --> 00:53:09,270

teasing her basically

1045

00:53:12,630 --> 00:53:10,630

the best color i can say it would be is

1046

00:53:15,190 --> 00:53:12,640

an orangish reddish color and it looked

1047

00:53:17,510 --> 00:53:15,200

like sort of an angel here they see

1048

00:53:19,829 --> 00:53:17,520

through interesting

1049

00:53:24,309 --> 00:53:19,839

and yet it had an orange and red like it

1050

00:53:33,270 --> 00:53:26,950

that's like the video i posted except

1051
00:53:33,280 --> 00:53:35,750
um

1052
00:53:35,760 --> 00:53:41,750
did the shape change

1053
00:53:45,510 --> 00:53:43,510
wow

1054
00:53:46,870 --> 00:53:45,520
i mean this is uh this is what you want

1055
00:53:47,990 --> 00:53:46,880
this is why we should be listening to

1056
00:53:50,069 --> 00:53:48,000
witnesses

1057
00:53:52,309 --> 00:53:50,079
uh well when it came above us then it

1058
00:53:54,390 --> 00:53:52,319
was definite as far as uh if it was a

1059
00:53:56,549 --> 00:53:54,400
solid object i mean there was a definite

1060
00:53:58,710 --> 00:53:56,559
pattern but it seemed to be more solid

1061
00:54:06,870 --> 00:53:58,720
and then toward the edges it was more

1062
00:54:13,430 --> 00:54:09,109
oh man this yeah this is uh this is

1063
00:54:16,870 --> 00:54:14,710

pretty amazing

1064

00:54:19,349 --> 00:54:16,880

take that document

1065

00:54:21,910 --> 00:54:19,359

read it

1066

00:54:26,230 --> 00:54:21,920

and then it just went straight well

1067

00:54:32,549 --> 00:54:29,349

quite a story right in my home state i

1068

00:54:37,510 --> 00:54:34,950

see if anybody exists that could speak

1069

00:54:39,430 --> 00:54:37,520

to this stellar

1070

00:54:41,510 --> 00:54:39,440

um okay so this is the part i thought

1071

00:54:42,870 --> 00:54:41,520

was pretty interesting yes i was using

1072

00:54:44,789 --> 00:54:42,880

it and it went

1073

00:54:46,630 --> 00:54:44,799

over there above the field and then as

1074

00:54:48,230 --> 00:54:46,640

soon as i got the car started then it

1075

00:54:50,069 --> 00:54:48,240

started to come back toward me again

1076
00:54:51,589 --> 00:54:50,079
like it was teasing me or something and

1077
00:54:53,109 --> 00:54:51,599
by that time i had floored the car and

1078
00:54:53,910 --> 00:54:53,119
i'd gotten up to cochran by the mill

1079
00:54:55,990 --> 00:54:53,920
there

1080
00:54:57,750 --> 00:54:56,000
and the highway is lighted so then it

1081
00:55:00,150 --> 00:54:57,760
just gradually went back again and i saw

1082
00:55:02,870 --> 00:55:00,160
crossing the railroad tracks and then i

1083
00:55:06,549 --> 00:55:02,880
looked down the railroad tracks and

1084
00:55:09,349 --> 00:55:06,559
toward the field and it was just going

1085
00:55:09,359 --> 00:55:12,390
okay

1086
00:55:17,270 --> 00:55:15,430
so teasing uh we hear a lot about the

1087
00:55:18,470 --> 00:55:17,280
like trickster aspect so that's why i

1088
00:55:20,710 --> 00:55:18,480

kind of mentioned and i thought it was

1089

00:55:21,750 --> 00:55:20,720

interesting

1090

00:55:27,349 --> 00:55:21,760

so

1091

00:55:30,549 --> 00:55:28,470

um

1092

00:55:32,150 --> 00:55:30,559

you know so

1093

00:55:34,549 --> 00:55:32,160

i've said this is an important show for

1094

00:55:36,549 --> 00:55:34,559

me maybe the most important because um

1095

00:55:37,589 --> 00:55:36,559

just a lot

1096

00:55:39,670 --> 00:55:37,599

kind of

1097

00:55:40,789 --> 00:55:39,680

clicked here today

1098

00:55:42,549 --> 00:55:40,799

you know

1099

00:55:45,829 --> 00:55:42,559

go back over what louis said about

1100

00:55:48,549 --> 00:55:47,030

read

1101

00:55:51,829 --> 00:55:48,559

the paper that we just went over on

1102

00:55:55,910 --> 00:55:54,069

look at that case look at other cases

1103

00:55:57,589 --> 00:55:55,920

the cash landrum case

1104

00:55:59,670 --> 00:55:57,599

there was another case

1105

00:56:02,069 --> 00:55:59,680

like a day after a sagaro where a young

1106

00:56:05,750 --> 00:56:02,079

girl got burned by ufo it was in the

1107

00:56:11,829 --> 00:56:07,589

and you can put all this stuff together

1108

00:56:16,390 --> 00:56:13,589

what

1109

00:56:17,510 --> 00:56:16,400

we can do

1110

00:56:21,190 --> 00:56:17,520

um

1111

00:56:24,870 --> 00:56:23,030

kind of i want to do uh what the heck is

1112

00:56:25,910 --> 00:56:24,880

that but i'm not going to have

1113

00:56:29,109 --> 00:56:25,920

um

1114

00:56:30,549 --> 00:56:29,119

time for that today unfortunately but

1115

00:56:32,470 --> 00:56:30,559

hopefully you don't mind i think we

1116

00:56:34,870 --> 00:56:32,480

covered a lot of stuff so

1117

00:56:36,710 --> 00:56:34,880

um just go in the description there's

1118

00:56:38,309 --> 00:56:36,720

click on all the links the dropbox link

1119

00:56:39,190 --> 00:56:38,319

is just for that paper we went over

1120

00:56:41,190 --> 00:56:39,200

today

1121

00:56:43,349 --> 00:56:41,200

uh the link to the website i think which

1122

00:56:45,510 --> 00:56:43,359

is on the top uh gets you a link to all

1123

00:56:46,390 --> 00:56:45,520

like 37 or 38

1124

00:56:48,470 --> 00:56:46,400

um

1125

00:56:50,870 --> 00:56:48,480

papers awesome did

1126
00:56:56,230 --> 00:56:53,510
the case actually that i just shared i

1127
00:56:59,030 --> 00:56:56,240
did not put the description so

1128
00:57:01,270 --> 00:56:59,040
let me

1129
00:57:03,270 --> 00:57:01,280
um hold on for a second and i will get

1130
00:57:05,589 --> 00:57:03,280
that to you right now

1131
00:57:08,230 --> 00:57:05,599
i'll put it in the chat

1132
00:57:10,630 --> 00:57:08,240
so you can have it

1133
00:57:14,230 --> 00:57:10,640
because that was kind of a last

1134
00:57:18,309 --> 00:57:16,230
um because as i was reading that uh that

1135
00:57:19,589 --> 00:57:18,319
awesome paper i'm like wait i could find

1136
00:57:23,829 --> 00:57:19,599
some of these

1137
00:57:29,190 --> 00:57:25,270
so

1138
00:57:33,750 --> 00:57:31,670

and i did look up a handful of cases

1139

00:57:35,910 --> 00:57:33,760

that i couldn't really find

1140

00:57:37,430 --> 00:57:35,920

in there

1141

00:57:39,430 --> 00:57:37,440

this is the first one i could find that

1142

00:57:41,910 --> 00:57:39,440

was in there so

1143

00:57:45,270 --> 00:57:41,920

you can have that case in there

1144

00:57:48,390 --> 00:57:46,550

pay attention what's going on

1145

00:57:50,309 --> 00:57:48,400

[Music]

1146

00:57:51,430 --> 00:57:50,319

this stuff is becoming more legit every

1147

00:57:52,549 --> 00:57:51,440

day

1148

00:57:54,470 --> 00:57:52,559

um

1149

00:57:56,150 --> 00:57:54,480

as far as we were gonna i was gonna talk

1150

00:57:58,870 --> 00:57:56,160

about the preliminary assessment some

1151

00:58:01,030 --> 00:57:58,880

more pages came out from black vault uh

1152

00:58:03,510 --> 00:58:01,040

we learned absolutely nothing from those

1153

00:58:06,470 --> 00:58:03,520

other than that they are continuing

1154

00:58:09,030 --> 00:58:06,480

to uh withhold information from us and

1155

00:58:10,870 --> 00:58:09,040

after we go through this stuff today

1156

00:58:12,950 --> 00:58:10,880

like

1157

00:58:15,030 --> 00:58:12,960

uh we have a right to know uh everything

1158

00:58:16,470 --> 00:58:15,040

that we can't know so

1159

00:58:18,789 --> 00:58:16,480

um

1160

00:58:23,589 --> 00:58:18,799

peace out

1161

00:58:23,599 --> 00:58:29,349

and i will see you on the flip side

1162

00:58:32,069 --> 00:58:30,309

right

1163

00:58:33,589 --> 00:58:32,079

the flip side i don't know what clip

1164

00:58:37,270 --> 00:58:33,599

this is i'm about to play but i hope

1165

00:58:37,280 --> 00:58:42,789

oh it's the what the heck is that

1166

00:58:48,069 --> 00:58:44,069

does that mean we have to do what the

1167

00:58:48,079 --> 00:58:53,030

oh man

1168

00:58:59,589 --> 00:58:55,190

i do have a couple uh what the heck is

1169

00:58:59,599 --> 00:59:03,270

but

1170

00:59:08,870 --> 00:59:05,750

i don't know i should probably

1171

00:59:11,829 --> 00:59:08,880

i should probably go before

1172

00:59:29,150 --> 00:59:14,580

so
