[Music]

2
00:00:55,270 --> 00:00:53,950
uh we got some more uap news to discuss

3
00:01:10,149 --> 00:00:55,280
[Music]

4
00:01:12,630 --> 00:01:10,159
i appreciate everybody yes

5
00:01:15,749 --> 00:01:12,640
hit that like button

6
00:01:17,910 --> 00:01:15,759
[Music]

7
00:01:19,910 --> 00:01:17,920
um i appreciate everyone hanging out

8
00:01:21,109 --> 00:01:19,920
laura

9
00:01:22,950 --> 00:01:21,119
jose

10
00:01:25,510 --> 00:01:22,960
josh

11
00:01:28,630 --> 00:01:25,520
everybody that's here on this wonderful

12
00:01:31,749 --> 00:01:28,640
friday it's a little snowy

13
00:01:33,590 --> 00:01:31,759

and the weather is not fantastic

14

00:01:36,069 --> 00:01:33,600

but

15

00:01:37,990 --> 00:01:36,079

we got uap news and that's always a good

16

00:01:40,069 --> 00:01:38,000

thing

17

00:01:41,910 --> 00:01:40,079

robert says i'm putting him on the spot

18

00:01:44,550 --> 00:01:41,920

so everybody knows

19

00:01:47,030 --> 00:01:44,560

that he says he promises

20

00:01:48,630 --> 00:01:47,040

he's going to keep his comments

21

00:01:51,670 --> 00:01:48,640

to a minimum

22

00:01:58,149 --> 00:01:53,590

he doesn't have to do that you should do

23

00:02:03,030 --> 00:02:00,310

yeah great to see you today too i

24

00:02:05,990 --> 00:02:03,040

appreciate it sam what's up hey hey

25

00:02:07,270 --> 00:02:06,000

arnold what's happening awesome sarah

26

00:02:09,270 --> 00:02:07,280

smash it

27

00:02:12,150 --> 00:02:09,280

the like button i think is what she

28

00:02:14,790 --> 00:02:12,160

means right yeah

29

00:02:16,710 --> 00:02:14,800

jesse what's up

30

00:02:19,030 --> 00:02:16,720

though those midwest summers don't make

31

00:02:20,790 --> 00:02:19,040

it worth it yeah uh benji what's

32

00:02:21,670 --> 00:02:20,800

happening good to see you yeah my wife

33

00:02:23,990 --> 00:02:21,680

was

34

00:02:27,910 --> 00:02:24,000

just saying earlier

35

00:02:29,750 --> 00:02:27,920

that this state really makes us pay

36

00:02:32,070 --> 00:02:29,760

pay the piper for our summers that's for

37

00:02:33,509 --> 00:02:32,080

sure but i appreciate the seasons you

38

00:02:36,470 --> 00:02:33,519

know um

39

00:02:39,830 --> 00:02:36,480

you go through different cycles you know

40

00:02:40,949 --> 00:02:39,840

what i mean winter time for creation

41

00:02:42,869 --> 00:02:40,959

definitely

42

00:02:45,750 --> 00:02:42,879

i'm in there working on songs working on

43

00:02:47,910 --> 00:02:45,760

stuff doing creative stuff

44

00:02:49,990 --> 00:02:47,920

and summer you're out about maybe i'm

45

00:02:51,270 --> 00:02:50,000

playing softball maybe i'm hiking who

46

00:02:53,430 --> 00:02:51,280

knows what i'm doing maybe i'm just

47

00:02:56,229 --> 00:02:53,440

looking at the stars maybe i'm taking

48

00:02:57,830 --> 00:02:56,239

rides in ufos with the top down

49

00:03:01,670 --> 00:02:57,840

getting wind in my hair

50

00:03:04,630 --> 00:03:03,270

that's how it works

51
00:03:08,070 --> 00:03:04,640
so what are we going to talk about we

52
00:03:10,070 --> 00:03:08,080
got a few things to talk about um and

53
00:03:11,270 --> 00:03:10,080
then i'm going to get back a little bit

54
00:03:13,350 --> 00:03:11,280
to

55
00:03:15,350 --> 00:03:13,360
um you know we had a nice flow going

56
00:03:16,949 --> 00:03:15,360
where we were listening to some audio

57
00:03:18,630 --> 00:03:16,959
testimony and we were doing what the

58
00:03:20,070 --> 00:03:18,640
heck is that we're gonna get back to

59
00:03:21,190 --> 00:03:20,080
that a little bit today so i look

60
00:03:24,149 --> 00:03:21,200
forward to it we got some great

61
00:03:25,750 --> 00:03:24,159
testimony and i have an amazing

62
00:03:27,110 --> 00:03:25,760
amazing

63
00:03:28,630 --> 00:03:27,120

document

64

00:03:31,509 --> 00:03:28,640

that really

65

00:03:33,110 --> 00:03:31,519

plays off of this nro uh document we're

66

00:03:35,509 --> 00:03:33,120

gonna look at

67

00:03:37,750 --> 00:03:35,519

um so yeah

68

00:03:39,030 --> 00:03:37,760

that's what we're gonna do

69

00:03:41,670 --> 00:03:39,040

so

70

00:03:44,710 --> 00:03:41,680

should be cool the first thing yesterday

71

00:03:47,270 --> 00:03:44,720

this uh gentleman kit green

72

00:03:49,110 --> 00:03:47,280

who basically and i put these links for

73

00:03:50,869 --> 00:03:49,120

you in the description just so you know

74

00:03:52,470 --> 00:03:50,879

uh gentlemen christopher green kick

75

00:03:53,990 --> 00:03:52,480

green

76

00:03:55,190 --> 00:03:54,000

um

77

00:03:58,869 --> 00:03:55,200

basically

78

00:04:00,470 --> 00:03:58,879

does all the like you know excuse me if

79

00:04:03,990 --> 00:04:00,480

i don't get everything right but

80

00:04:08,789 --> 00:04:04,000

all the like um doctor stuff brain stuff

81

00:04:10,229 --> 00:04:08,799

uh neurologist stuff for like our

82

00:04:11,910 --> 00:04:10,239

most important people basically our

83

00:04:15,110 --> 00:04:11,920

intelligence community some people call

84

00:04:18,150 --> 00:04:15,120

them the cia doctor back in the day so

85

00:04:21,990 --> 00:04:18,160

uh he's a pretty important guy and he

86

00:04:25,189 --> 00:04:22,000

did an exclusive interview

87

00:04:26,629 --> 00:04:25,199

with uh the daily mail which you know

88

00:04:29,030 --> 00:04:26,639

again here we go

89

00:04:31,830 --> 00:04:29,040

daily mail it's that's cool better

90

00:04:35,270 --> 00:04:31,840

nothing for sure you know

91

00:04:37,590 --> 00:04:35,280

hey brent glad you made it

92

00:04:38,629 --> 00:04:37,600

dope nose what's happening

93

00:04:41,110 --> 00:04:38,639

awesome

94

00:04:43,749 --> 00:04:41,120

glad you guys are coming in here um

95

00:04:45,749 --> 00:04:43,759

anyone else feel free to say what's up

96

00:04:47,510 --> 00:04:45,759

and so it was a pretty interesting

97

00:04:49,430 --> 00:04:47,520

article

98

00:04:51,270 --> 00:04:49,440

most definitely well to say the least

99

00:04:52,390 --> 00:04:51,280

especially considering who this person

100

00:04:53,749 --> 00:04:52,400

is

101
00:04:55,110 --> 00:04:53,759
um

102
00:04:57,670 --> 00:04:55,120
to see what he had to say about it

103
00:05:00,629 --> 00:04:57,680
because his paper is kind of well it's

104
00:05:03,830 --> 00:05:00,639
the talk that town right now so to speak

105
00:05:07,830 --> 00:05:03,840
as everyone is talking about these

106
00:05:10,950 --> 00:05:09,830
you know effects from these ufo

107
00:05:15,029 --> 00:05:10,960
encounters

108
00:05:16,469 --> 00:05:15,039
interestingly enough if you look at this

109
00:05:18,310 --> 00:05:16,479
article

110
00:05:21,590 --> 00:05:18,320
i just love all the ads right the ads

111
00:05:25,430 --> 00:05:21,600
are just so freaking fantastic you have

112
00:05:29,189 --> 00:05:27,350
um if you look at this

113
00:05:31,350 --> 00:05:29,199

article

114

00:05:33,189 --> 00:05:31,360

we have uh they woke up burned an

115

00:05:34,950 --> 00:05:33,199

injured top brain expert next year a

116

00:05:37,670 --> 00:05:34,960

officer reveals hundreds of military

117

00:05:40,870 --> 00:05:37,680

servicemen so basically the gist of it

118

00:05:40,880 --> 00:05:43,510

that he

119

00:05:47,350 --> 00:05:45,909

basically says that

120

00:05:50,550 --> 00:05:47,360

the

121

00:05:52,550 --> 00:05:50,560

biological stuff that happened to

122

00:05:54,390 --> 00:05:52,560

these people and i'm gonna get this off

123

00:05:57,350 --> 00:05:54,400

the screen because i just hate all these

124

00:06:00,950 --> 00:05:57,360

ads and i'm not getting paid for those

125

00:06:04,790 --> 00:06:03,110

the article is is in the description if

126
00:06:05,510 --> 00:06:04,800
you'd like to check it out

127
00:06:09,830 --> 00:06:05,520
so

128
00:06:11,670 --> 00:06:09,840
newbies in here benji

129
00:06:14,629 --> 00:06:11,680
um says hello to

130
00:06:15,749 --> 00:06:14,639
uplifting tweets what's up surf psych

131
00:06:17,430 --> 00:06:15,759
what's up

132
00:06:18,870 --> 00:06:17,440
so the kick green thing

133
00:06:21,749 --> 00:06:18,880
so

134
00:06:23,830 --> 00:06:21,759
he basically says that all the

135
00:06:26,550 --> 00:06:23,840
um

136
00:06:29,110 --> 00:06:26,560
biological things that happened to folks

137
00:06:33,350 --> 00:06:29,120
he could explain by man-made

138
00:06:38,870 --> 00:06:35,990

in his report he says you know he

139

00:06:40,790 --> 00:06:38,880

mentions definitely ufos that injuries

140

00:06:43,029 --> 00:06:40,800

were consistent with the things that

141

00:06:44,550 --> 00:06:43,039

were described that people would suffer

142

00:06:46,629 --> 00:06:44,560

from ufos

143

00:06:48,629 --> 00:06:46,639

um and and that was you know mentioned

144

00:06:50,790 --> 00:06:48,639

in the report he said that

145

00:06:52,150 --> 00:06:50,800

you know his the the powers that be so

146

00:06:53,909 --> 00:06:52,160

to speak

147

00:06:56,390 --> 00:06:53,919

did not

148

00:06:59,029 --> 00:06:56,400

uh want him to say that

149

00:07:00,710 --> 00:06:59,039

you know um whatever that means so

150

00:07:02,309 --> 00:07:00,720

really you read the article

151
00:07:06,150 --> 00:07:02,319
and you get a little bit more insight

152
00:07:08,469 --> 00:07:06,160
but for the most part we just leave

153
00:07:10,550 --> 00:07:08,479
kind of in the same spot we've been in

154
00:07:13,189 --> 00:07:10,560
which is

155
00:07:16,870 --> 00:07:13,199
it seems crazy

156
00:07:20,710 --> 00:07:16,880
maybe it's man-made i don't know

157
00:07:22,870 --> 00:07:20,720
you know which is just like come on man

158
00:07:25,189 --> 00:07:22,880
uh but it's definitely worth a read you

159
00:07:28,070 --> 00:07:25,199
know obviously he wanted to

160
00:07:29,110 --> 00:07:28,080
you know put something on the record

161
00:07:30,710 --> 00:07:29,120
you know

162
00:07:34,550 --> 00:07:30,720
obviously because all this news was

163
00:07:36,390 --> 00:07:34,560

happening uh for the paper that he wrote

164

00:07:38,150 --> 00:07:36,400

um there's only so much he could talk

165

00:07:40,230 --> 00:07:38,160

about he you know he definitely said

166

00:07:41,589 --> 00:07:40,240

that uh there's some secrecy involved

167

00:07:44,150 --> 00:07:41,599

that he couldn't just he couldn't talk

168

00:07:46,790 --> 00:07:44,160

about even in the in the dirt that he

169

00:07:48,950 --> 00:07:46,800

wrote he discussed that there was more

170

00:07:51,749 --> 00:07:48,960

um information available that remains

171

00:07:53,670 --> 00:07:51,759

classified you know that so that we

172

00:07:55,110 --> 00:07:53,680

don't know about which

173

00:07:56,869 --> 00:07:55,120

you know um

174

00:07:58,869 --> 00:07:56,879

kind of obviously goes without saying

175

00:08:01,589 --> 00:07:58,879

but hello

176

00:08:04,550 --> 00:08:01,599

come on let's uh let us see that what is

177

00:08:05,909 --> 00:08:04,560

the freaking deal man

178

00:08:07,670 --> 00:08:05,919

so

179

00:08:09,270 --> 00:08:07,680

check that out if you want uh he's got

180

00:08:10,710 --> 00:08:09,280

an interesting history some say he's

181

00:08:12,550 --> 00:08:10,720

responsible for

182

00:08:15,270 --> 00:08:12,560

you know giving the green light the okay

183

00:08:17,589 --> 00:08:15,280

to the whole remote viewing program

184

00:08:19,589 --> 00:08:17,599

um you know if you've heard of yuri

185

00:08:21,350 --> 00:08:19,599

geller he's on the record saying that he

186

00:08:23,350 --> 00:08:21,360

couldn't explain all the crazy things

187

00:08:25,430 --> 00:08:23,360

that yuri geller was doing

188

00:08:27,830 --> 00:08:25,440

um i also saw another interesting

189

00:08:29,189 --> 00:08:27,840

article although i didn't look too far

190

00:08:33,110 --> 00:08:29,199

into it

191

00:08:34,949 --> 00:08:33,120

um but uh but i will um if it's i guess

192

00:08:38,630 --> 00:08:34,959

if it's necessary which it may not be

193

00:08:41,350 --> 00:08:38,640

but that alien autopsy video he i saw a

194

00:08:42,870 --> 00:08:41,360

headline that he was fooled or duped by

195

00:08:45,750 --> 00:08:42,880

it and thought it was real or something

196

00:08:46,710 --> 00:08:45,760

so i'm not really sure the the veracity

197

00:08:48,710 --> 00:08:46,720

there

198

00:08:50,230 --> 00:08:48,720

um you know who would probably know his

199

00:08:51,590 --> 00:08:50,240

ufo joe

200

00:08:54,310 --> 00:08:51,600

he could probably give you something on

201
00:08:56,310 --> 00:08:54,320
that um but

202
00:08:57,990 --> 00:08:56,320
you know that would be interesting if he

203
00:08:59,190 --> 00:08:58,000
thought that because if you really

204
00:09:01,110 --> 00:08:59,200
thought that

205
00:09:03,030 --> 00:09:01,120
and he is who he is

206
00:09:04,870 --> 00:09:03,040
that would have to mean that those

207
00:09:07,670 --> 00:09:04,880
things are definitely you know would

208
00:09:08,630 --> 00:09:07,680
that mean they're real

209
00:09:10,790 --> 00:09:08,640
you know

210
00:09:13,350 --> 00:09:10,800
or or whatever i don't know

211
00:09:15,030 --> 00:09:13,360
it's a whole cluster of just back and

212
00:09:17,110 --> 00:09:15,040
forth kind of information that makes it

213
00:09:19,509 --> 00:09:17,120

think one thing or the other thing

214

00:09:20,870 --> 00:09:19,519

um which can be uh kind of frustrating

215

00:09:22,710 --> 00:09:20,880

at times but

216

00:09:24,790 --> 00:09:22,720

uh you know we're getting used to it

217

00:09:27,590 --> 00:09:24,800

we're getting used to it um for us you

218

00:09:29,269 --> 00:09:27,600

have you know had experiences

219

00:09:30,870 --> 00:09:29,279

or whatever um

220

00:09:33,509 --> 00:09:30,880

you know we know there's

221

00:09:35,670 --> 00:09:33,519

already a little more uh going on

222

00:09:37,590 --> 00:09:35,680

especially those of us who've had more

223

00:09:39,350 --> 00:09:37,600

kind of up close

224

00:09:41,350 --> 00:09:39,360

things going on

225

00:09:42,470 --> 00:09:41,360

or psychological things i guess you

226

00:09:45,190 --> 00:09:42,480

could say

227

00:09:46,070 --> 00:09:45,200

to a certain extent

228

00:09:47,910 --> 00:09:46,080

um

229

00:09:49,190 --> 00:09:47,920

the other thing

230

00:09:51,430 --> 00:09:49,200

i'm just going to breeze through a

231

00:09:54,550 --> 00:09:51,440

couple of these things but uh black

232

00:09:57,110 --> 00:09:54,560

vault does it again so black vault

233

00:09:58,790 --> 00:09:57,120

um he's he's getting some good info out

234

00:10:01,590 --> 00:09:58,800

which which is great

235

00:10:04,870 --> 00:10:01,600

um as per usual you know like we're just

236

00:10:07,670 --> 00:10:04,880

disgusting just disgusting yes

237

00:10:09,110 --> 00:10:07,680

as we were just just discussing

238

00:10:11,190 --> 00:10:09,120

um

239

00:10:13,269 --> 00:10:11,200

there's only so much

240

00:10:15,350 --> 00:10:13,279

in this document you know it was when i

241

00:10:18,150 --> 00:10:15,360

saw it was 18 pages i should have known

242

00:10:21,030 --> 00:10:18,160

better i was pretty psyched at the time

243

00:10:22,310 --> 00:10:21,040

18 pages holy crap this is awesome turns

244

00:10:23,269 --> 00:10:22,320

out there's only a couple on the rest

245

00:10:25,990 --> 00:10:23,279

are blank

246

00:10:31,910 --> 00:10:30,069

um so this is nro and it's in regards to

247

00:10:34,389 --> 00:10:31,920

there's a couple things involved here we

248

00:10:37,350 --> 00:10:34,399

have the uap task force

249

00:10:39,030 --> 00:10:37,360

and this uh ig

250

00:10:43,269 --> 00:10:39,040

department of defense

251
00:10:45,829 --> 00:10:43,279
um ig investigation remember uh from

252
00:10:47,670 --> 00:10:45,839
over a year ago now looking into the

253
00:10:50,790 --> 00:10:47,680
past actions

254
00:10:52,150 --> 00:10:50,800
um regarding uaps and i would have to

255
00:10:54,470 --> 00:10:52,160
imagine that's

256
00:10:56,550 --> 00:10:54,480
somewhat what this is in regards to we

257
00:11:00,949 --> 00:10:56,560
have a little note here from uh

258
00:11:02,710 --> 00:11:00,959
mentioning fbi minimized fisa

259
00:11:03,590 --> 00:11:02,720
this report includes information from

260
00:11:05,670 --> 00:11:03,600
that

261
00:11:07,590 --> 00:11:05,680
such information and any information

262
00:11:10,630 --> 00:11:07,600
derived there from may only be used for

263
00:11:15,670 --> 00:11:13,350

so not much there

264

00:11:17,350 --> 00:11:15,680

and we have some names here so if if

265

00:11:19,110 --> 00:11:17,360

people do foias and all that kind of

266

00:11:21,430 --> 00:11:19,120

stuff there's there's some more names

267

00:11:25,910 --> 00:11:21,440

that you could use for that

268

00:11:32,470 --> 00:11:28,870

um so we have a to and from two uh we

269

00:11:34,069 --> 00:11:32,480

got a subject in here nro usa

270

00:11:38,150 --> 00:11:34,079

and we're just gonna skip down to this

271

00:11:40,630 --> 00:11:38,160

stuff as i was listed as the nro

272

00:11:44,949 --> 00:11:40,640

uh poc point of contact for efforts tied

273

00:11:47,190 --> 00:11:44,959

to the dod's uap task force interesting

274

00:11:48,150 --> 00:11:47,200

so we have an nro point of contact for

275

00:11:51,190 --> 00:11:48,160

that

276
00:11:53,509 --> 00:11:51,200
i'm providing you with an update to nro

277
00:11:58,790 --> 00:11:53,519
uap related activities now the nro

278
00:12:03,910 --> 00:12:00,949
the freaking

279
00:12:06,710 --> 00:12:03,920
satellites know what i mean

280
00:12:08,150 --> 00:12:06,720
they have the satellites

281
00:12:10,150 --> 00:12:08,160
so

282
00:12:12,949 --> 00:12:10,160
let me just make this a little bit

283
00:12:14,629 --> 00:12:12,959
bigger here yeah so they have

284
00:12:17,030 --> 00:12:14,639
um the good stuff

285
00:12:18,870 --> 00:12:17,040
if if there's records of this stuff

286
00:12:22,710 --> 00:12:18,880
they're gonna know

287
00:12:26,629 --> 00:12:24,790
why not and if we go back a little bit

288
00:12:28,870 --> 00:12:26,639

i'm having deja vu right now which is

289

00:12:31,590 --> 00:12:28,880

really weird

290

00:12:33,910 --> 00:12:31,600

uh but if we go back to uh john ramirez

291

00:12:35,590 --> 00:12:33,920

talking about uh

292

00:12:39,190 --> 00:12:35,600

um

293

00:12:40,870 --> 00:12:39,200

not only nro but uh national geospatial

294

00:12:43,030 --> 00:12:40,880

right if we that presentation that he

295

00:12:44,389 --> 00:12:43,040

put together he kind of mapped this all

296

00:12:45,509 --> 00:12:44,399

out already

297

00:12:47,350 --> 00:12:45,519

you know when people were kind of

298

00:12:49,829 --> 00:12:47,360

talking crap about him not even

299

00:12:52,790 --> 00:12:49,839

believing if he was who he say he was

300

00:12:54,310 --> 00:12:52,800

i'm not going to say who that is um but

301
00:12:56,550 --> 00:12:54,320
you know he was getting that crap to a

302
00:13:00,389 --> 00:12:56,560
point where he had to show his medal

303
00:13:02,389 --> 00:13:00,399
and certificate and he already so this

304
00:13:04,870 --> 00:13:02,399
is another not that he needed it but

305
00:13:06,470 --> 00:13:04,880
another vindication on john ramirez

306
00:13:11,190 --> 00:13:06,480
knowing what he's talking about because

307
00:13:15,750 --> 00:13:13,269
nro's contribution is four paragraphs

308
00:13:17,990 --> 00:13:15,760
tied to collection efforts which by the

309
00:13:20,470 --> 00:13:18,000
way if you haven't seen

310
00:13:23,110 --> 00:13:20,480
uh the first video i've done with mr

311
00:13:25,430 --> 00:13:23,120
ramirez you should he talks about some

312
00:13:27,430 --> 00:13:25,440
other interesting things including orbs

313
00:13:29,269 --> 00:13:27,440

picked up over russia that were

314

00:13:31,269 --> 00:13:29,279

intelligently controlled

315

00:13:34,470 --> 00:13:31,279

subsequently a working group with the

316

00:13:36,230 --> 00:13:34,480

biggest industrial contractors uh put

317

00:13:39,030 --> 00:13:36,240

together to figure that out

318

00:13:41,189 --> 00:13:39,040

um and that was before um

319

00:13:43,829 --> 00:13:41,199

you know basically the what we know is

320

00:13:48,790 --> 00:13:46,230

we don't have any documents for that

321

00:13:51,269 --> 00:13:48,800

i've void for that

322

00:13:52,790 --> 00:13:51,279

and they are not responding

323

00:13:54,949 --> 00:13:52,800

they told me you know the last i heard

324

00:13:56,310 --> 00:13:54,959

from them is yep okay we're gonna go

325

00:13:58,870 --> 00:13:56,320

look for it

326

00:14:03,430 --> 00:14:01,030

nothing since those months ago i even

327

00:14:04,870 --> 00:14:03,440

kind of checked in did a check-in email

328

00:14:06,150 --> 00:14:04,880

they're not responding

329

00:14:08,230 --> 00:14:06,160

so but

330

00:14:10,389 --> 00:14:08,240

you know it says complex on the foia so

331

00:14:13,590 --> 00:14:10,399

that could be a very

332

00:14:15,750 --> 00:14:13,600

long time until i get anything back for

333

00:14:18,230 --> 00:14:15,760

that

334

00:14:23,030 --> 00:14:18,240

but when i do if i do

335

00:14:25,430 --> 00:14:23,040

some pretty good videos and photos so

336

00:14:27,189 --> 00:14:25,440

um by the way i saw something in here

337

00:14:29,269 --> 00:14:27,199

bumped that john ramirez hasn't done

338

00:14:34,310 --> 00:14:29,279

interviews recently i think he just did

339

00:14:36,230 --> 00:14:34,320

one recently i forget where

340

00:14:38,550 --> 00:14:36,240

but i'm sure you could find it he did

341

00:14:42,389 --> 00:14:38,560

one somewhat recently so

342

00:14:45,269 --> 00:14:42,399

um dod ig interviewed several mid

343

00:14:46,949 --> 00:14:45,279

officers anyone know what mit is i'm not

344

00:14:49,030 --> 00:14:46,959

sure what that is i could look it up i'm

345

00:14:51,350 --> 00:14:49,040

sure but

346

00:14:53,189 --> 00:14:51,360

on nro's uap efforts as a part of their

347

00:14:55,509 --> 00:14:53,199

work to determine dod's response to the

348

00:14:59,590 --> 00:14:55,519

uap topic and our oig officers were

349

00:15:03,910 --> 00:15:02,389

and this is interesting

350

00:15:06,069 --> 00:15:03,920

uh comments from the internet on the

351

00:15:08,870 --> 00:15:06,079

final version of the task force for

352

00:15:11,350 --> 00:15:08,880

congressional report are due uh nro

353

00:15:15,030 --> 00:15:11,360

assigned

354

00:15:17,430 --> 00:15:15,040

dmid as the final nro coordination

355

00:15:20,150 --> 00:15:17,440

signature and i provided my coordination

356

00:15:23,110 --> 00:15:20,160

signature today here's the nro's input

357

00:15:24,629 --> 00:15:23,120

so here we go nro performs research and

358

00:15:26,150 --> 00:15:24,639

development acquires launches and

359

00:15:28,230 --> 00:15:26,160

operates sensors and communication

360

00:15:29,910 --> 00:15:28,240

systems on satellites on behalf of

361

00:15:31,350 --> 00:15:29,920

national security and lesser input and

362

00:15:34,310 --> 00:15:31,360

coordination

363

00:15:37,189 --> 00:15:34,320

is limited to our sensor performance

364

00:15:38,949 --> 00:15:37,199

processing and exploitation tool

365

00:15:40,389 --> 00:15:38,959

capabilities allowing intelligence

366

00:15:43,110 --> 00:15:40,399

community analysts

367

00:15:46,949 --> 00:15:43,120

to fully exploit assess and report their

368

00:15:50,230 --> 00:15:46,959

findings an nro officer on the uaptf

369

00:15:53,030 --> 00:15:50,240

advisory panel interesting

370

00:15:55,910 --> 00:15:53,040

right there so the uap task force

371

00:15:57,110 --> 00:15:55,920

advisory panel there was a nro officer

372

00:15:59,590 --> 00:15:57,120

on it

373

00:16:01,910 --> 00:15:59,600

provided feedback on nro platform

374

00:16:03,670 --> 00:16:01,920

sensors data processing and information

375

00:16:05,110 --> 00:16:03,680

exploitation

376

00:16:07,590 --> 00:16:05,120

and we have probably some very

377

00:16:10,150 --> 00:16:07,600

interesting great information that's

378

00:16:15,670 --> 00:16:11,749

any collection

379

00:16:16,710 --> 00:16:15,680

tasking would need to come from nga

380

00:16:18,629 --> 00:16:16,720

national

381

00:16:19,509 --> 00:16:18,639

geospatial agency

382

00:16:21,189 --> 00:16:19,519

for

383

00:16:22,389 --> 00:16:21,199

geo intel

384

00:16:25,030 --> 00:16:22,399

or nsa

385

00:16:29,030 --> 00:16:25,040

which is interesting right

386

00:16:31,749 --> 00:16:29,040

once actual or hypothetical observables

387

00:16:33,509 --> 00:16:31,759

or activity are codified the nro can

388

00:16:35,910 --> 00:16:33,519

work with our mission partners to not

389

00:16:37,110 --> 00:16:35,920

only optimize collection but possibly

390

00:16:39,030 --> 00:16:37,120

enhance

391

00:16:40,870 --> 00:16:39,040

processing and exploitation to capture

392

00:16:41,749 --> 00:16:40,880

and characterize these events

393

00:16:43,590 --> 00:16:41,759

so

394

00:16:44,870 --> 00:16:43,600

you know we know

395

00:16:48,069 --> 00:16:44,880

that

396

00:16:49,910 --> 00:16:48,079

congress may be i'm not sure

397

00:16:52,069 --> 00:16:49,920

you know how would i know i guess but i

398

00:16:54,310 --> 00:16:52,079

i heard they did get um

399

00:16:55,990 --> 00:16:54,320

that classified briefing

400

00:16:58,550 --> 00:16:56,000

that they were supposed to get because

401
00:17:00,870 --> 00:16:58,560
they're supposed to get um a good amount

402
00:17:03,030 --> 00:17:00,880
of those this year and if that's the

403
00:17:05,110 --> 00:17:03,040
case and this was written before that

404
00:17:06,710 --> 00:17:05,120
preliminary assessment you would have to

405
00:17:09,590 --> 00:17:06,720
think that their intelligence on this

406
00:17:13,429 --> 00:17:09,600
stuff is a lot better

407
00:17:16,789 --> 00:17:15,110
um here it's just

408
00:17:19,189 --> 00:17:16,799
more blacked out probably really great

409
00:17:22,150 --> 00:17:19,199
stuff that we can't see

410
00:17:24,949 --> 00:17:22,160
dod ig started a project to assess

411
00:17:26,789 --> 00:17:24,959
department's efforts to explain it uaps

412
00:17:30,070 --> 00:17:26,799
and characterize the threat to national

413
00:17:32,549 --> 00:17:30,080

security and risk to flight

414

00:17:35,110 --> 00:17:32,559
staff from the dod ig interviewed

415

00:17:38,470 --> 00:17:35,120
officers from mid

416

00:17:40,789 --> 00:17:38,480
with nro ig officers attending mid was

417

00:17:43,590 --> 00:17:40,799
careful to remind the dod ig staff of

418

00:17:45,190 --> 00:17:43,600
our charter which limits us from tasking

419

00:17:47,590 --> 00:17:45,200
satellite collection or performing an

420

00:17:50,789 --> 00:17:47,600
analysis mid further shared the inputs

421

00:17:53,190 --> 00:17:50,799
we provided the task force

422

00:17:53,909 --> 00:17:53,200
and a bunch of good juicy gossip blacked

423

00:17:57,590 --> 00:17:53,919
out

424

00:18:02,549 --> 00:17:57,600
mit sent a link to nga product

425

00:18:07,029 --> 00:18:05,270
dod ig indicated a data call would be

426

00:18:09,110 --> 00:18:07,039

formally attached to the nro in about

427

00:18:11,830 --> 00:18:09,120

two weeks okay so

428

00:18:15,669 --> 00:18:11,840

i would imagine data calls like hey this

429

00:18:21,190 --> 00:18:15,679

is what we want you to get right

430

00:18:23,029 --> 00:18:21,990

not

431

00:18:24,070 --> 00:18:23,039

really

432

00:18:26,230 --> 00:18:24,080

sure

433

00:18:27,510 --> 00:18:26,240

bro

434

00:18:29,830 --> 00:18:27,520

so

435

00:18:32,150 --> 00:18:29,840

mid would be very interesting to know

436

00:18:36,630 --> 00:18:32,160

who that is right

437

00:18:36,640 --> 00:18:40,870

find that out quick

438

00:18:47,270 --> 00:18:43,669

but

439

00:18:52,710 --> 00:18:50,549

nothing easily coming up here

440

00:18:54,390 --> 00:18:52,720

so it's a little more digging

441

00:18:57,110 --> 00:18:54,400

i might be able to figure that out but

442

00:18:57,909 --> 00:18:57,120

at this point i don't know

443

00:19:01,669 --> 00:18:57,919

so

444

00:19:04,390 --> 00:19:01,679

military intelligence detective possibly

445

00:19:10,549 --> 00:19:08,150

mr intense dude possibly i don't know

446

00:19:12,630 --> 00:19:10,559

it could stand for a lot of things um

447

00:19:15,190 --> 00:19:12,640

i'm sure greenwald will do a video on

448

00:19:17,430 --> 00:19:15,200

this maybe he'll know by that time

449

00:19:19,270 --> 00:19:17,440

um

450

00:19:21,430 --> 00:19:19,280

you know

451
00:19:24,230 --> 00:19:21,440
so is what it is

452
00:19:26,070 --> 00:19:24,240
so that is an interesting document you

453
00:19:28,630 --> 00:19:26,080
can find that on his website i linked it

454
00:19:31,190 --> 00:19:28,640
below um we scroll down we have the top

455
00:19:33,750 --> 00:19:31,200
secret all this kind of stuff

456
00:19:33,760 --> 00:19:36,710
you know

457
00:19:41,270 --> 00:19:38,470
interesting that it's top secret though

458
00:19:44,549 --> 00:19:41,280
and then a bunch of paige denials

459
00:19:46,070 --> 00:19:44,559
very juicy information here i am very

460
00:19:47,990 --> 00:19:46,080
sure

461
00:19:49,510 --> 00:19:48,000
you know we think they're aliens from

462
00:19:51,190 --> 00:19:49,520
zeta reticuli

463
00:19:53,350 --> 00:19:51,200

here's a picture of what the aliens look

464

00:19:56,390 --> 00:19:53,360

like here's what the spaceship looks

465

00:19:59,669 --> 00:19:56,400

like here's what the cabin looks like

466

00:20:02,630 --> 00:19:59,679

detailed pictures of the leather inside

467

00:20:04,950 --> 00:20:02,640

all that stuff can't say it

468

00:20:06,390 --> 00:20:04,960

and then the last thing is

469

00:20:08,630 --> 00:20:06,400

scientists call for

470

00:20:10,950 --> 00:20:08,640

serious study of unidentified aerial

471

00:20:14,710 --> 00:20:10,960

phenomena

472

00:20:19,510 --> 00:20:17,270

it's interesting that people even inside

473

00:20:21,430 --> 00:20:19,520

the government are still

474

00:20:23,909 --> 00:20:21,440

looking at it

475

00:20:27,110 --> 00:20:23,919

and calling it uap

476

00:20:32,870 --> 00:20:29,830

you know even they're still trying to

477

00:20:37,350 --> 00:20:35,750

so what we're gonna do now

478

00:20:40,870 --> 00:20:37,360

is

479

00:20:42,870 --> 00:20:40,880

um switch to a segment where we play

480

00:20:45,590 --> 00:20:42,880

some old

481

00:20:49,510 --> 00:20:45,600

audio testimony

482

00:20:55,190 --> 00:20:52,230

we're going to listen to that

483

00:20:57,270 --> 00:20:55,200

it's from a pilot

484

00:21:02,710 --> 00:20:57,280

talking about a

485

00:21:07,830 --> 00:21:05,110

i'm in oklahoma yes i'm a commercial

486

00:21:10,070 --> 00:21:07,840

pilot i just landed at the sport city

487

00:21:11,270 --> 00:21:10,080

municipal yes sir

488

00:21:13,830 --> 00:21:11,280

and uh

489

00:21:15,270 --> 00:21:13,840

there was myself and another

490

00:21:18,230 --> 00:21:15,280

uh

491

00:21:21,350 --> 00:21:18,240

civil aircraft we've spotted something

492

00:21:22,789 --> 00:21:21,360

uh in the vicinity of clayton new mexico

493

00:21:25,270 --> 00:21:22,799

yes

494

00:21:27,590 --> 00:21:25,280

no position lights no strobe lights no

495

00:21:28,830 --> 00:21:27,600

rotating beacons

496

00:21:32,070 --> 00:21:28,840

but uh

497

00:21:35,430 --> 00:21:32,080

steady uh light alternating

498

00:21:37,270 --> 00:21:35,440

seemed to go from white to orange

499

00:21:38,870 --> 00:21:37,280

and this thing was flying somewhere

500

00:21:42,390 --> 00:21:38,880

between

501
00:21:45,510 --> 00:21:42,400
500 well under a thousand feet i'm sure

502
00:21:47,830 --> 00:21:45,520
near clayton and maneuvered a bit

503
00:21:49,430 --> 00:21:47,840
and moving slowly and then went off to

504
00:21:51,830 --> 00:21:49,440
the north of

505
00:21:53,909 --> 00:21:51,840
flake new mexico descending

506
00:21:56,549 --> 00:21:53,919
and then just out of sight

507
00:21:56,559 --> 00:22:01,190
now was just something large or small

508
00:22:05,029 --> 00:22:03,029
that's kind of hard to say it would have

509
00:22:06,870 --> 00:22:05,039
been pretty fair size

510
00:22:09,430 --> 00:22:06,880
because uh

511
00:22:12,470 --> 00:22:09,440
we were both about probably

512
00:22:14,070 --> 00:22:12,480
around 35 nautical miles closer we've

513
00:22:15,830 --> 00:22:14,080

been

514

00:22:17,909 --> 00:22:15,840

and

515

00:22:19,990 --> 00:22:17,919

it's just a snappy clear night here

516

00:22:22,070 --> 00:22:20,000

tonight

517

00:22:25,110 --> 00:22:22,080

and both of us are

518

00:22:30,149 --> 00:22:27,350

uh okay other fellows standing right

519

00:22:34,470 --> 00:22:32,230

this thing here you know we didn't see

520

00:22:36,870 --> 00:22:34,480

any violent maneuvers uh you know

521

00:22:38,149 --> 00:22:36,880

anything up and down or

522

00:22:41,510 --> 00:22:38,159

you know

523

00:22:43,350 --> 00:22:41,520

changes or anything like that and the

524

00:22:44,870 --> 00:22:43,360

attitude appeared to be

525

00:22:47,990 --> 00:22:44,880

more or less level for just a few

526
00:22:50,390 --> 00:22:48,000
minutes and then a gradual descent okay

527
00:22:51,430 --> 00:22:50,400
a northerly heading okay did it have any

528
00:22:54,390 --> 00:22:51,440
type of

529
00:22:56,310 --> 00:22:54,400
outline specific outline no sir we

530
00:22:58,950 --> 00:22:56,320
weren't close enough to see any outline

531
00:23:00,710 --> 00:22:58,960
okay at all okay

532
00:23:02,310 --> 00:23:00,720
and as a matter of fact if we you know

533
00:23:03,110 --> 00:23:02,320
if it hadn't just went completely out of

534
00:23:04,789 --> 00:23:03,120
sight

535
00:23:06,870 --> 00:23:04,799
uh at the speed it was traveling we

536
00:23:08,630 --> 00:23:06,880
could have easily overtaken it

537
00:23:10,710 --> 00:23:08,640
with the top aircraft that we were both

538
00:23:12,789 --> 00:23:10,720

flying

539

00:23:13,669 --> 00:23:12,799

another reason we didn't go there we got

540

00:23:17,909 --> 00:23:13,679

pretty good

541

00:23:20,390 --> 00:23:19,510

was this out in front of you at all

542

00:23:23,590 --> 00:23:20,400

times

543

00:23:26,470 --> 00:23:23,600

it was right it was uh 90 degrees to uh

544

00:23:28,950 --> 00:23:26,480

to a small town okay but we uh

545

00:23:31,350 --> 00:23:28,960

you can see uh the the background lights

546

00:23:32,789 --> 00:23:31,360

on the ground of clayton new mexico yes

547

00:23:34,710 --> 00:23:32,799

and you could actually see this thing

548

00:23:37,110 --> 00:23:34,720

you know you could uh track each

549

00:23:41,029 --> 00:23:37,120

direction travel okay by comparing that

550

00:23:44,470 --> 00:23:41,039

with the background lighting okay

551
00:23:48,710 --> 00:23:44,480
what time did that occur okay uh

552
00:23:53,029 --> 00:23:50,870
but it didn't move or change its course

553
00:23:55,590 --> 00:23:53,039
while you were flying a straight line

554
00:23:58,310 --> 00:23:55,600
yes okay we did right yeah we could act

555
00:24:00,390 --> 00:23:58,320
we could see the movement you know okay

556
00:24:03,590 --> 00:24:00,400
there's no problem to identify you know

557
00:24:04,950 --> 00:24:03,600
this thing wasn't back in motion okay

558
00:24:05,830 --> 00:24:04,960
how long do you feel you watched it all

559
00:24:09,909 --> 00:24:05,840
together

560
00:24:13,430 --> 00:24:12,149
yeah 15 minutes or so maybe a little

561
00:24:16,470 --> 00:24:13,440
more

562
00:24:19,990 --> 00:24:18,630
it was slow moving there wasn't any you

563
00:24:22,789 --> 00:24:20,000

know

564

00:24:25,350 --> 00:24:22,799

any speed much about it and it uh it

565

00:24:27,510 --> 00:24:25,360

moved on off to uh

566

00:24:30,710 --> 00:24:27,520

north of the the town of clayton new

567

00:24:34,230 --> 00:24:30,720

mexico into an unlighted rural area

568

00:24:37,510 --> 00:24:34,240

and descended at that point

569

00:24:41,750 --> 00:24:40,070

probably got high terrain between us

570

00:24:43,990 --> 00:24:41,760

okay was it leaving any kind of a trail

571

00:24:47,190 --> 00:24:44,000

at all

572

00:24:48,710 --> 00:24:47,200

not that not that we could observe okay

573

00:24:50,230 --> 00:24:48,720

okay

574

00:24:54,549 --> 00:24:50,240

where did you get our number

575

00:24:56,230 --> 00:24:54,559

i got it from the amarillo tower okay

576
00:24:58,070 --> 00:24:56,240
the reason we got it from lamrelle tower

577
00:25:01,669 --> 00:24:58,080
there were some people venus was real

578
00:25:03,510 --> 00:25:01,679
bright tonight and and both of us just

579
00:25:04,789 --> 00:25:03,520
you know flew into amarillo earlier this

580
00:25:06,950 --> 00:25:04,799
evening

581
00:25:09,669 --> 00:25:06,960
and some people on the ground have been

582
00:25:12,070 --> 00:25:09,679
seeing something out there and

583
00:25:13,590 --> 00:25:12,080
uh approach control asked asked us to

584
00:25:15,120 --> 00:25:13,600
both look we were both in the same

585
00:25:17,190 --> 00:25:15,130
airplane going in there and

586
00:25:19,590 --> 00:25:17,200
[Applause]

587
00:25:22,310 --> 00:25:19,600
in the cockpit and they asked us if we

588
00:25:23,750 --> 00:25:22,320

observed anything unusual and we kind of

589

00:25:25,830 --> 00:25:23,760

chuckled back and forth with the coach

590

00:25:27,430 --> 00:25:25,840

and told them no we didn't didn't see

591

00:25:29,190 --> 00:25:27,440

any boogers or anything like that lo and

592

00:25:31,029 --> 00:25:29,200

behold

593

00:25:32,549 --> 00:25:31,039

coming home

594

00:25:33,669 --> 00:25:32,559

in our own airplanes right here we see

595

00:25:35,909 --> 00:25:33,679

something

596

00:25:37,909 --> 00:25:35,919

okay now what city was that in where

597

00:25:41,029 --> 00:25:37,919

they were seeing things uh that was

598

00:25:43,269 --> 00:25:41,039

reported at amarillo

599

00:25:45,669 --> 00:25:43,279

us okay amarillo approach control their

600

00:25:47,110 --> 00:25:45,679

entire at the international airport

601
00:25:48,710 --> 00:25:47,120
so we were making the approach into

602
00:25:51,669 --> 00:25:48,720
amarillo tonight

603
00:25:54,549 --> 00:25:51,679
asked us to uh you know if we

604
00:25:56,710 --> 00:25:54,559
saw anything okay

605
00:25:59,269 --> 00:25:56,720
that was about 90 miles

606
00:26:01,669 --> 00:25:59,279
south a little east of where we saw this

607
00:26:05,110 --> 00:26:03,269
well we sure appreciate your reporting

608
00:26:06,549 --> 00:26:05,120
that and if we get any follow-up

609
00:26:13,269 --> 00:26:06,559
information relating to this we'll let

610
00:26:17,590 --> 00:26:15,430
interesting it's an interesting one it's

611
00:26:20,310 --> 00:26:17,600
different um nothing was moving fast it

612
00:26:21,909 --> 00:26:20,320
was slow moving but you heard a couple

613
00:26:24,870 --> 00:26:21,919

things definitely stood out to me one

614

00:26:27,350 --> 00:26:24,880

was he mentioned how a venus was real

615

00:26:28,630 --> 00:26:27,360

bright that night almost like

616

00:26:29,750 --> 00:26:28,640

kind of

617

00:26:30,870 --> 00:26:29,760

um

618

00:26:33,510 --> 00:26:30,880

you know

619

00:26:34,470 --> 00:26:33,520

saying don't even try and tell me it's

620

00:26:39,350 --> 00:26:34,480

venus

621

00:26:41,990 --> 00:26:41,029

you know interesting

622

00:26:44,070 --> 00:26:42,000

um

623

00:26:46,230 --> 00:26:44,080

the other thing was

624

00:26:48,470 --> 00:26:46,240

how i guess the report reports from the

625

00:26:50,470 --> 00:26:48,480

ground of people seeing this thing

626

00:26:52,149 --> 00:26:50,480

seeing something in the sky

627

00:26:53,590 --> 00:26:52,159

and they you know the control tower or

628

00:26:55,510 --> 00:26:53,600

whatever asked them to take a look and

629

00:26:57,590 --> 00:26:55,520

they chuckled you know and said no they

630

00:26:59,110 --> 00:26:57,600

didn't see nothing you know and isn't

631

00:27:01,110 --> 00:26:59,120

that always

632

00:27:03,669 --> 00:27:01,120

the response

633

00:27:06,789 --> 00:27:03,679

ufo

634

00:27:08,230 --> 00:27:06,799

lo and behold he says on the way home

635

00:27:10,549 --> 00:27:08,240

they saw something

636

00:27:12,149 --> 00:27:10,559

they lost track of it as it descended

637

00:27:13,510 --> 00:27:12,159

apparently

638

00:27:15,110 --> 00:27:13,520

maybe it fell to the ground maybe it

639

00:27:17,909 --> 00:27:15,120

landed maybe it was a balloon maybe it

640

00:27:19,269 --> 00:27:17,919

was a flying saucer

641

00:27:21,990 --> 00:27:19,279

who knows

642

00:27:25,830 --> 00:27:23,990

interesting stuff

643

00:27:27,510 --> 00:27:25,840

um

644

00:27:30,310 --> 00:27:27,520

one thing i wanted to mention before i

645

00:27:32,310 --> 00:27:30,320

move on to this uh next part which is uh

646

00:27:36,789 --> 00:27:32,320

the document part which is

647

00:27:39,350 --> 00:27:36,799

a pretty intense uh ufo incident

648

00:27:42,070 --> 00:27:39,360

southwest of um

649

00:27:43,110 --> 00:27:42,080

bermuda over the atlantic ocean where a

650

00:27:44,470 --> 00:27:43,120

number

651
00:27:47,990 --> 00:27:44,480
of passengers

652
00:27:49,269 --> 00:27:48,000
on a commercial plane were injured

653
00:27:50,630 --> 00:27:49,279
yes

654
00:27:53,269 --> 00:27:50,640
pretty crazy

655
00:27:58,070 --> 00:27:56,389
make sure you click on the link

656
00:28:01,029 --> 00:27:58,080
where it says

657
00:28:02,870 --> 00:28:01,039
admiral william mcraven

658
00:28:06,389 --> 00:28:02,880
talks about his orbs

659
00:28:09,389 --> 00:28:06,399
so he tells a pretty intense story use

660
00:28:12,950 --> 00:28:09,399
navy seal um

661
00:28:14,950 --> 00:28:12,960
jsoc he was a really important dude

662
00:28:17,110 --> 00:28:14,960
super important like one of the top

663
00:28:18,950 --> 00:28:17,120

military guys you can think of

664

00:28:20,789 --> 00:28:18,960

you'll look into him if you want i think

665

00:28:23,269 --> 00:28:20,799

he even was had

666

00:28:25,750 --> 00:28:23,279

was like the leader or one of the top

667

00:28:27,990 --> 00:28:25,760

guys of the summit bin laden raid all

668

00:28:30,310 --> 00:28:28,000

that stuff so he tells a story about

669

00:28:32,950 --> 00:28:30,320

how he was tasked by the president to go

670

00:28:35,430 --> 00:28:32,960

um recover this 1948

671

00:28:36,710 --> 00:28:35,440

um airplane that crashed and i think he

672

00:28:39,029 --> 00:28:36,720

said it was in the outback so that must

673

00:28:40,950 --> 00:28:39,039

be australia or something but basically

674

00:28:43,190 --> 00:28:40,960

it goes

675

00:28:45,350 --> 00:28:43,200

you know not easy terrain

676
00:28:47,830 --> 00:28:45,360
him and these other guys get in there

677
00:28:51,430 --> 00:28:47,840
they look for it they find it one of his

678
00:28:52,870 --> 00:28:51,440
guys um says to him hey look at that

679
00:28:56,470 --> 00:28:52,880
they look up

680
00:28:58,710 --> 00:28:56,480
and there's one orb pops up at a time

681
00:29:00,070 --> 00:28:58,720
until there's nine of them

682
00:29:02,230 --> 00:29:00,080
turns out

683
00:29:04,630 --> 00:29:02,240
the number of passengers on the plane

684
00:29:07,430 --> 00:29:04,640
that crashed were nine

685
00:29:10,470 --> 00:29:07,440
and it happened they saw them after they

686
00:29:13,909 --> 00:29:10,480
buried the leftover remains i guess that

687
00:29:16,549 --> 00:29:13,919
they found um they said a little prayer

688
00:29:18,470 --> 00:29:16,559

i guess buried the remains

689

00:29:21,110 --> 00:29:18,480
and then that happened

690

00:29:23,350 --> 00:29:21,120
so it's very moving

691

00:29:24,950 --> 00:29:23,360
very moving story you should definitely

692

00:29:26,950 --> 00:29:24,960
listen to that

693

00:29:28,950 --> 00:29:26,960
especially just considering

694

00:29:32,870 --> 00:29:28,960
um how important

695

00:29:35,590 --> 00:29:33,990
you know

696

00:29:38,310 --> 00:29:35,600
it doesn't really get much better than

697

00:29:40,389 --> 00:29:38,320
that but you do think about that

698

00:29:42,149 --> 00:29:40,399
and put that in context of all the

699

00:29:44,149 --> 00:29:42,159
pilots

700

00:29:46,950 --> 00:29:44,159
and people that we've discussed on here

701
00:29:49,350 --> 00:29:46,960
from these old documents or david fraber

702
00:29:53,110 --> 00:29:49,360
all these people who see stuff like you

703
00:29:54,789 --> 00:29:53,120
can't flush the stone the toilet anymore

704
00:29:58,149 --> 00:29:54,799
just can't

705
00:30:01,190 --> 00:29:58,159
and nobody's there are some people but

706
00:30:02,950 --> 00:30:01,200
me personally i'm not into this because

707
00:30:05,430 --> 00:30:02,960
i think there's

708
00:30:07,590 --> 00:30:05,440
you know green men or aliens or whatever

709
00:30:09,350 --> 00:30:07,600
you want you know i'm in this because i

710
00:30:11,510 --> 00:30:09,360
know there's something in the skies we

711
00:30:14,470 --> 00:30:11,520
don't know what it is i've seen them

712
00:30:17,590 --> 00:30:16,470
and i know the government knows about

713
00:30:19,990 --> 00:30:17,600

them

714

00:30:22,549 --> 00:30:20,000

it knows more than they're telling us

715

00:30:24,710 --> 00:30:22,559

and i want to know what they know that's

716

00:30:29,190 --> 00:30:24,720

what i'm in this for you know

717

00:30:34,470 --> 00:30:31,430

so

718

00:30:37,029 --> 00:30:34,480

and i'm open to whatever that could

719

00:30:39,669 --> 00:30:37,039

possibly be you know

720

00:30:41,909 --> 00:30:39,679

it's interesting um the the story i just

721

00:30:44,470 --> 00:30:41,919

told you about that gentleman

722

00:30:48,310 --> 00:30:45,830

you know i live around a couple

723

00:30:49,350 --> 00:30:48,320

cemeteries all my sightings were at my

724

00:30:50,710 --> 00:30:49,360

house

725

00:30:54,710 --> 00:30:50,720

they were all

726

00:30:59,830 --> 00:30:55,909

you know

727

00:31:01,269 --> 00:30:59,840

um the the big the big sighting i had

728

00:31:03,110 --> 00:31:01,279

i'm not sure if those were orbs they

729

00:31:04,630 --> 00:31:03,120

weren't slow moving they were seemingly

730

00:31:07,029 --> 00:31:04,640

in and out

731

00:31:08,870 --> 00:31:07,039

you know like a dimension or whatever

732

00:31:12,470 --> 00:31:08,880

it could have been craft like covered in

733

00:31:12,750 --> 00:31:12,480

some plasma stuff i don't know but

734

00:31:14,470 --> 00:31:12,760

um

735

00:31:16,830 --> 00:31:14,480

[Music]

736

00:31:19,509 --> 00:31:16,840

you know it's just

737

00:31:20,630 --> 00:31:19,519

interesting maybe there's a connection

738

00:31:24,710 --> 00:31:20,640

there

739

00:31:27,909 --> 00:31:24,720

so maybe maybe maybe not i'm not sure

740

00:31:34,710 --> 00:31:32,310

the document i wanted to show you i

741

00:31:36,310 --> 00:31:34,720

found it project blue book of course in

742

00:31:37,509 --> 00:31:36,320

their documents

743

00:31:39,430 --> 00:31:37,519

and

744

00:31:41,430 --> 00:31:39,440

we have this factual report of

745

00:31:46,710 --> 00:31:41,440

investigation written up by the civil

746

00:31:48,710 --> 00:31:46,720

aeronautics board bureau of safety

747

00:31:51,669 --> 00:31:48,720

over the atlantic ocean

748

00:31:55,750 --> 00:31:51,679

approximately 347 nautical miles

749

00:32:02,470 --> 00:31:59,669

march 9 1957 pan american world

750

00:32:03,350 --> 00:32:02,480

airways flight 257

751
00:32:08,310 --> 00:32:03,360
so

752
00:32:10,630 --> 00:32:09,190
why

753
00:32:12,549 --> 00:32:10,640
you know

754
00:32:14,950 --> 00:32:12,559
we need to take care of

755
00:32:16,470 --> 00:32:14,960
the uaps in this guys for this very

756
00:32:18,310 --> 00:32:16,480
reason this could have been a lot worse

757
00:32:21,350 --> 00:32:18,320
right

758
00:32:23,509 --> 00:32:21,360
so it shows the crew passengers 45

759
00:32:26,149 --> 00:32:23,519
including one infant one serious injury

760
00:32:29,430 --> 00:32:26,159
and 22 minor injuries reported

761
00:32:35,350 --> 00:32:29,440
captain executed evasive action to avoid

762
00:32:40,710 --> 00:32:38,070
the flight involved departed

763
00:32:44,870 --> 00:32:40,720

at a wild airport new york

764

00:32:46,870 --> 00:32:44,880

at 23 45 eastern march 8 57 and a

765

00:32:51,430 --> 00:32:46,880

scheduled tourist type flight direct to

766

00:32:56,470 --> 00:32:53,669

the flight was cleared on an instrument

767

00:33:00,149 --> 00:32:56,480

flight rules flight plan to cruise

768

00:33:03,430 --> 00:33:00,159

an altitude of 19 000 feet

769

00:33:06,310 --> 00:33:03,440

at approximately 430

770

00:33:09,029 --> 00:33:06,320

on 3957 while cruising at the assigned

771

00:33:11,430 --> 00:33:09,039

altitude just west of the india oscar

772

00:33:14,149 --> 00:33:11,440

checkpoint an abrupt climbing evasive

773

00:33:17,430 --> 00:33:14,159

action was executed to avoid an

774

00:33:19,750 --> 00:33:17,440

unidentified flying object which action

775

00:33:22,070 --> 00:33:19,760

unseated and injured a number of

776

00:33:24,950 --> 00:33:22,080

passengers and one crew member in the

777

00:33:26,630 --> 00:33:24,960

aircraft's cabin

778

00:33:28,950 --> 00:33:26,640

the flight continued without further

779

00:33:31,430 --> 00:33:28,960

such difficulty but the

780

00:33:33,110 --> 00:33:31,440

0.554

781

00:33:35,990 --> 00:33:33,120

at

782

00:33:37,509 --> 00:33:36,000

0.554

783

00:33:39,110 --> 00:33:37,519

number four engine failure was

784

00:33:40,310 --> 00:33:39,120

experienced in the flight continued to

785

00:33:42,310 --> 00:33:40,320

san juan

786

00:33:44,870 --> 00:33:42,320

at a lower altitude with the number four

787

00:33:50,230 --> 00:33:44,880

propeller feathered and arrived there

788

00:33:50,240 --> 00:33:55,110

interesting

789

00:33:58,630 --> 00:33:57,430

like this is what everybody's kind of

790

00:34:01,590 --> 00:33:58,640

one thing that everybody's kind of

791

00:34:03,350 --> 00:34:01,600

afraid of i mean planes in the sky

792

00:34:08,550 --> 00:34:03,360

and

793

00:34:11,909 --> 00:34:10,230

you know here it says left turned

794

00:34:13,430 --> 00:34:11,919

climbing up pull-up to avoid collision

795

00:34:15,109 --> 00:34:13,440

was executed

796

00:34:16,950 --> 00:34:15,119

the pull-up was forceful according to

797

00:34:18,710 --> 00:34:16,960

the captain in an effort to overpower

798

00:34:20,790 --> 00:34:18,720

the automatic pilot which caused the

799

00:34:23,430 --> 00:34:20,800

aircraft to react violently

800

00:34:25,589 --> 00:34:23,440

and gain 1500 feet of altitude in a few

801
00:34:27,909 --> 00:34:25,599
seconds making it abrupt leveling off

802
00:34:30,710 --> 00:34:27,919
necessary to prevent stalling

803
00:34:41,750 --> 00:34:30,720
sight of the object was said to have

804
00:34:45,589 --> 00:34:44,149
object described as a dim orange glow

805
00:34:47,430 --> 00:34:45,599
immediately followed by brilliant

806
00:34:49,990 --> 00:34:47,440
greenish white light

807
00:34:52,790 --> 00:34:50,000
approximately the size of an arc light

808
00:34:55,430 --> 00:34:52,800
or jet interceptor spotlight

809
00:34:57,990 --> 00:34:55,440
apparently traveling from west to east

810
00:35:02,069 --> 00:34:58,000
in a right angle collision course was

811
00:35:03,910 --> 00:35:02,079
observed for a few seconds

812
00:35:06,230 --> 00:35:03,920
at the time of the accident the aircraft

813
00:35:08,550 --> 00:35:06,240

according to the aircraft earl

814

00:35:11,030 --> 00:35:08,560

aircraft flight record was an unknown

815

00:35:13,109 --> 00:35:11,040

distance west and began

816

00:35:15,510 --> 00:35:13,119

indian ocean checkpoint on a magnetic

817

00:35:21,990 --> 00:35:15,520

heading 187

818

00:35:25,190 --> 00:35:24,150

apparently the object high intensity

819

00:35:27,589 --> 00:35:25,200

light

820

00:35:30,630 --> 00:35:27,599

to the right of the aircraft

821

00:35:32,950 --> 00:35:30,640

which appeared to stand still

822

00:35:35,190 --> 00:35:32,960

for approximately four seconds

823

00:35:37,910 --> 00:35:35,200

until it was lost to sight during the

824

00:35:39,589 --> 00:35:37,920

evasive action

825

00:35:41,030 --> 00:35:39,599

no object was indicated by the

826

00:35:43,030 --> 00:35:41,040

aircraft's radar screen in that

827

00:35:45,510 --> 00:35:43,040

direction according to the engineer

828

00:35:51,030 --> 00:35:45,520

although the radar was scanning

829

00:35:54,550 --> 00:35:52,710

and it goes on a little farther about

830

00:35:56,950 --> 00:35:54,560

what the co-pilot did

831

00:35:58,470 --> 00:35:56,960

statements received from 17 of the 42

832

00:36:01,190 --> 00:35:58,480

passengers from which statements were

833

00:36:02,950 --> 00:36:01,200

requested indicated that all except one

834

00:36:05,430 --> 00:36:02,960

were asleep

835

00:36:07,670 --> 00:36:05,440

the only one awakened in time to observe

836

00:36:10,069 --> 00:36:07,680

an object described as a fireball

837

00:36:11,750 --> 00:36:10,079

traveling north

838

00:36:13,510 --> 00:36:11,760

the awake 11 year old passenger

839

00:36:15,829 --> 00:36:13,520

indicated a sudden light with no

840

00:36:17,589 --> 00:36:15,839

direction of movement noticed

841

00:36:21,430 --> 00:36:17,599

when other statements are received they

842

00:36:23,829 --> 00:36:21,440

will be forwarded to made attachments

843

00:36:26,390 --> 00:36:23,839

interesting

844

00:36:28,390 --> 00:36:26,400

uh investigation revealed the aircraft

845

00:36:32,630 --> 00:36:28,400

involved in six other flights were on

846

00:36:39,030 --> 00:36:34,870

uh two crew members of one of the six

847

00:36:48,230 --> 00:36:41,589

earlier while at uh position two eleven

848

00:36:51,349 --> 00:36:49,750

in addition to the sighting the crew

849

00:36:53,829 --> 00:36:51,359

members involved a total of eight crew

850

00:36:58,150 --> 00:36:53,839

members on five of the six other flights

851
00:37:02,310 --> 00:36:59,990
captain weyland

852
00:37:04,150 --> 00:37:02,320
saw white center light surrounded by

853
00:37:06,150 --> 00:37:04,160
greenish glow for two to three seconds

854
00:37:12,870 --> 00:37:06,160
to the right of the aircraft and at the

855
00:37:23,589 --> 00:37:19,030
pretty intense

856
00:37:25,030 --> 00:37:23,599
could you imagine that

857
00:37:27,109 --> 00:37:25,040
uh yeah

858
00:37:31,430 --> 00:37:27,119
try to wake you but we just had to avoid

859
00:37:39,829 --> 00:37:34,630
pretty interesting

860
00:37:46,470 --> 00:37:39,839
so

861
00:37:48,390 --> 00:37:46,480
but this is

862
00:37:52,950 --> 00:37:48,400
definitely one that i know they're

863
00:37:55,829 --> 00:37:52,960

worried about there as in the government

864

00:37:57,589 --> 00:37:55,839

uh safety of air flight you know

865

00:37:59,349 --> 00:37:57,599

could you imagine though after all this

866

00:38:02,390 --> 00:37:59,359

time all these reports saying that these

867

00:38:04,950 --> 00:38:02,400

things are not a threat

868

00:38:06,870 --> 00:38:04,960

to then have to reverse cory's reverse

869

00:38:11,910 --> 00:38:06,880

course and say oh never mind they

870

00:38:19,990 --> 00:38:13,430

that probably wouldn't be easy to do

871

00:38:23,589 --> 00:38:20,870

um

872

00:38:26,069 --> 00:38:23,599

so i believe this is there's a couple

873

00:38:28,550 --> 00:38:26,079

more things

874

00:38:31,990 --> 00:38:28,560

the first one is

875

00:38:37,349 --> 00:38:34,390

can't believe this this is kind of a

876

00:38:39,270 --> 00:38:37,359

stupid story i guess but

877

00:38:43,589 --> 00:38:39,280

showtime encounters trademark lawsuit

878

00:38:48,310 --> 00:38:47,109

this ufo magazine is suing showtime

879

00:38:51,270 --> 00:38:48,320

for the word ufo

880

00:38:53,510 --> 00:38:51,280

[Music]

881

00:38:56,390 --> 00:38:53,520

an unidentified flying object you can't

882

00:38:58,150 --> 00:38:56,400

sue over that i mean i mean i guess they

883

00:39:00,790 --> 00:38:58,160

can't and they are right

884

00:39:03,750 --> 00:39:00,800

but hopefully they don't win like

885

00:39:06,150 --> 00:39:03,760

you shouldn't be able to at least

886

00:39:08,790 --> 00:39:06,160

because you're frankly saying

887

00:39:09,829 --> 00:39:08,800

i don't know what it is like sir you're

888

00:39:11,430 --> 00:39:09,839

saying

889

00:39:16,630 --> 00:39:11,440

i can't say that i don't know what

890

00:39:19,270 --> 00:39:18,150

find a different way to say that you

891

00:39:22,710 --> 00:39:19,280

don't know

892

00:39:25,750 --> 00:39:22,720

or say all the words together please

893

00:39:28,790 --> 00:39:25,760

no easy ways of saying this stuff

894

00:39:31,349 --> 00:39:28,800

got to say the whole thing

895

00:39:33,430 --> 00:39:31,359

unidentified flying object no ufo stuff

896

00:39:35,349 --> 00:39:33,440

or i'll sue your ass

897

00:39:37,910 --> 00:39:35,359

okay so that's pretty

898

00:39:39,349 --> 00:39:37,920

dumb story but uh people are crazy now

899

00:39:44,230 --> 00:39:39,359

talk about grifters trying to take

900

00:39:44,240 --> 00:39:48,390

pretty crazy

901
00:39:52,630 --> 00:39:50,470
gonna sue you for saying the word word

902
00:39:56,069 --> 00:39:52,640
oh god please don't this has gone too

903
00:40:02,950 --> 00:39:57,910
uh they need to talk to howard mccooy

904
00:40:04,309 --> 00:40:02,960
first used uh ufo in march 1948.

905
00:40:07,190 --> 00:40:04,319
yeah

906
00:40:09,430 --> 00:40:07,200
uh although the showtime series uh you

907
00:40:11,030 --> 00:40:09,440
know to be quite honest with you i think

908
00:40:14,069 --> 00:40:11,040
missed the mark in a couple different

909
00:40:19,349 --> 00:40:16,150
still doesn't mean you should be able to

910
00:40:25,430 --> 00:40:21,030
uh the last thing

911
00:40:28,630 --> 00:40:25,440
as far as a news nut you know

912
00:40:32,069 --> 00:40:28,640
ufos are not pretty exciting

913
00:40:36,550 --> 00:40:34,550

in regards to physics and a fifth force

914

00:40:39,190 --> 00:40:36,560

of nature right they're getting closer

915

00:40:41,670 --> 00:40:39,200

to finding a fit force of nature to

916

00:40:42,870 --> 00:40:41,680

almost um

917

00:40:44,790 --> 00:40:42,880

explain

918

00:40:47,030 --> 00:40:44,800

some of the things that we don't know

919

00:40:50,069 --> 00:40:47,040

like dark energy why the universe

920

00:40:52,790 --> 00:40:50,950

or

921

00:40:54,950 --> 00:40:52,800

you know it's

922

00:40:57,030 --> 00:40:54,960

pretty crazy and i'd you know you can

923

00:40:59,430 --> 00:40:57,040

find other articles with these same

924

00:41:01,910 --> 00:40:59,440

people from like a year ago even

925

00:41:05,349 --> 00:41:03,270

i know they've been working on this for

926

00:41:07,829 --> 00:41:05,359

a while and in the article they kind of

927

00:41:09,349 --> 00:41:07,839

say okay let's just calm down we've been

928

00:41:10,710 --> 00:41:09,359

through this before

929

00:41:13,270 --> 00:41:10,720

but they also seem pretty sure of

930

00:41:16,390 --> 00:41:14,150

and

931

00:41:17,829 --> 00:41:16,400

the language that they use in here is

932

00:41:19,349 --> 00:41:17,839

pretty intense

933

00:41:21,270 --> 00:41:19,359

i mean it would change

934

00:41:23,829 --> 00:41:21,280

this i think it's uh

935

00:41:26,950 --> 00:41:23,839

w bosom

936

00:41:27,990 --> 00:41:26,960

uh i forgot what it was called

937

00:41:30,870 --> 00:41:28,000

yeah

938

00:41:35,109 --> 00:41:32,470

it's more massive than the theories

939

00:41:36,550 --> 00:41:35,119

predicted

940

00:41:38,630 --> 00:41:36,560

the discovery could lead to the

941

00:41:40,630 --> 00:41:38,640

development of new more complete theory

942

00:41:42,710 --> 00:41:40,640

of how the universe works if the results

943

00:41:45,589 --> 00:41:42,720

are verified by other experiments the

944

00:41:47,670 --> 00:41:45,599

world is going to look different

945

00:41:48,470 --> 00:41:47,680

there has to be a paradigm shift the

946

00:41:51,510 --> 00:41:48,480

hope

947

00:41:54,550 --> 00:41:51,520

is that maybe this result is going to be

948

00:41:56,230 --> 00:41:54,560

the one that breaks the dam

949

00:42:00,309 --> 00:41:56,240

interesting

950

00:42:07,430 --> 00:42:02,870

at that on top of

951
00:42:07,440 --> 00:42:11,670
war in ukraine

952
00:42:19,190 --> 00:42:13,510
all this different stuff happening at

953
00:42:22,630 --> 00:42:20,630
you know

954
00:42:23,750 --> 00:42:22,640
feels like we're on the verge of some

955
00:42:26,470 --> 00:42:23,760
sort of

956
00:42:26,480 --> 00:42:32,069
world or maybe even universal revolution

957
00:42:32,079 --> 00:42:35,910
a massive paradigm shift

958
00:42:39,190 --> 00:42:37,430
and i'm sure people throughout history

959
00:42:41,910 --> 00:42:39,200
have felt this before i mean you go back

960
00:42:45,670 --> 00:42:41,920
to world war ii and the nazis and all

961
00:42:48,790 --> 00:42:47,030
you know i've talked to people who've

962
00:42:49,829 --> 00:42:48,800
lived through that and said yeah we felt

963
00:42:51,510 --> 00:42:49,839

that there was

964

00:42:55,349 --> 00:42:51,520

something happening at that time but it

965

00:43:00,069 --> 00:42:58,069

but you have to admit the technology and

966

00:43:02,870 --> 00:43:00,079

everything that exists right now and

967

00:43:06,309 --> 00:43:02,880

where we're headed like

968

00:43:08,710 --> 00:43:07,190

all

969

00:43:10,950 --> 00:43:08,720

types of different revolutions

970

00:43:13,829 --> 00:43:10,960

industrial included artificial

971

00:43:21,190 --> 00:43:13,839

intelligence is going to make this world

972

00:43:25,430 --> 00:43:22,870

what will that look like you know think

973

00:43:29,190 --> 00:43:25,440

about i think about my parents or even

974

00:43:32,470 --> 00:43:31,030

who aren't you know my grandparents

975

00:43:35,030 --> 00:43:32,480

aren't with with us anymore

976
00:43:37,109 --> 00:43:35,040
unfortunately but

977
00:43:40,870 --> 00:43:37,119
you know thinking about like cell phones

978
00:43:41,910 --> 00:43:40,880
internet live streaming

979
00:43:45,430 --> 00:43:41,920
you know

980
00:43:49,109 --> 00:43:47,190
completely different world to them when

981
00:43:55,270 --> 00:43:49,119
they were a kid you know if they could

982
00:44:00,470 --> 00:43:56,950
and i always think about like when when

983
00:44:01,910 --> 00:44:00,480
i grow up to be that old right

984
00:44:04,630 --> 00:44:01,920
60s not

985
00:44:07,589 --> 00:44:04,640
20 years from now even

986
00:44:09,829 --> 00:44:07,599
you know 30 years from now

987
00:44:12,950 --> 00:44:09,839
what's going to exist that's going to be

988
00:44:19,910 --> 00:44:16,230

or i couldn't even imagine that

989

00:44:24,150 --> 00:44:22,150

it's interesting to think about because

990

00:44:26,230 --> 00:44:24,160

you know that it's

991

00:44:27,510 --> 00:44:26,240

going to happen as you live you kind of

992

00:44:29,270 --> 00:44:27,520

get used to

993

00:44:31,270 --> 00:44:29,280

the different you know upgrades and

994

00:44:32,230 --> 00:44:31,280

technology as they come because they

995

00:44:33,270 --> 00:44:32,240

come

996

00:44:35,670 --> 00:44:33,280

you know

997

00:44:36,790 --> 00:44:35,680

seemingly slowing up throughout your

998

00:44:39,109 --> 00:44:36,800

lifetime

999

00:44:42,150 --> 00:44:39,119

to kind of ease you into the changes

1000

00:44:45,430 --> 00:44:43,750

but it seems like we're coming to an

1001
00:44:47,510 --> 00:44:45,440
abrupt shift

1002
00:44:49,430 --> 00:44:47,520
you know

1003
00:44:51,829 --> 00:44:49,440
a disruptive type of

1004
00:44:53,430 --> 00:44:51,839
technology shift

1005
00:44:55,190 --> 00:44:53,440
i mean we have these things in this guy

1006
00:44:57,190 --> 00:44:55,200
that nro doesn't know what they are

1007
00:44:59,270 --> 00:44:57,200
obviously

1008
00:45:00,230 --> 00:44:59,280
because they haven't even been

1009
00:45:03,349 --> 00:45:00,240
tasked

1010
00:45:05,349 --> 00:45:03,359
to you know look in a specific

1011
00:45:07,349 --> 00:45:05,359
specific way at these things to capture

1012
00:45:08,710 --> 00:45:07,359
data from it

1013
00:45:11,430 --> 00:45:08,720

these pilots are going through this

1014

00:45:15,750 --> 00:45:13,589

i mean what if this is human stuff what

1015

00:45:18,390 --> 00:45:15,760

if humans got this technology from

1016

00:45:20,710 --> 00:45:18,400

something non-human and they're using it

1017

00:45:24,710 --> 00:45:20,720

uh you know against us

1018

00:45:24,720 --> 00:45:30,150

what would that world look like

1019

00:45:34,870 --> 00:45:32,710

i remember lou talking about

1020

00:45:37,109 --> 00:45:34,880

you know somebody asked him like one of

1021

00:45:39,910 --> 00:45:37,119

his first thoughts when he when he was

1022

00:45:42,309 --> 00:45:39,920

in a tip and and first realized that

1023

00:45:43,990 --> 00:45:42,319

what he was dealing with was

1024

00:45:45,750 --> 00:45:44,000

something

1025

00:45:47,270 --> 00:45:45,760

i don't remember i'm paraphrasing not of

1026

00:45:48,950 --> 00:45:47,280

this world possibly they said i don't

1027

00:45:51,750 --> 00:45:48,960

know

1028

00:45:54,710 --> 00:45:51,760

what was one of his first thoughts

1029

00:45:55,040 --> 00:45:54,720

and and his was

1030

00:45:57,349 --> 00:45:55,050

um

1031

00:45:58,870 --> 00:45:57,359

[Music]

1032

00:46:01,270 --> 00:45:58,880

you know

1033

00:46:05,510 --> 00:46:01,280

how far behind are we

1034

00:46:05,520 --> 00:46:09,030

how far behind

1035

00:46:12,870 --> 00:46:11,510

who you know

1036

00:46:14,390 --> 00:46:12,880

because obviously when you see something

1037

00:46:15,990 --> 00:46:14,400

like that you want to reverse engineer

1038

00:46:17,430 --> 00:46:16,000

it right to figure out how it is and

1039

00:46:19,990 --> 00:46:17,440

benefit you especially if it's

1040

00:46:23,190 --> 00:46:20,000

government so how far behind china are

1041

00:46:28,390 --> 00:46:23,200

we how far behind russia are we how far

1042

00:46:39,670 --> 00:46:29,990

you know

1043

00:46:42,710 --> 00:46:39,680

silicon valley

1044

00:46:45,190 --> 00:46:42,720

companies like facebook

1045

00:46:46,870 --> 00:46:45,200

you know all these people

1046

00:46:48,790 --> 00:46:46,880

they really controlled the world because

1047

00:46:52,309 --> 00:46:48,800

guess what their

1048

00:46:54,790 --> 00:46:52,319

companies are not us-based based

1049

00:46:56,630 --> 00:46:54,800

and they have users from all over the

1050

00:46:57,829 --> 00:46:56,640

place they can manipulate how their

1051
00:46:59,670 --> 00:46:57,839
stuff works

1052
00:47:02,069 --> 00:46:59,680
however they want to suit their needs we

1053
00:47:04,790 --> 00:47:02,079
all know it's been reported that they do

1054
00:47:06,550 --> 00:47:04,800
certain things because it's addictive to

1055
00:47:08,790 --> 00:47:06,560
put off your endorphins to make it keep

1056
00:47:11,750 --> 00:47:08,800
coming back who's really in control all

1057
00:47:15,109 --> 00:47:11,760
this stuff you know

1058
00:47:19,829 --> 00:47:17,270
imagine if a company like that gets

1059
00:47:25,270 --> 00:47:19,839
their hands

1060
00:47:29,750 --> 00:47:26,950
when obviously

1061
00:47:31,109 --> 00:47:29,760
their actions prove that they do things

1062
00:47:42,230 --> 00:47:31,119
for the benefit

1063
00:47:48,069 --> 00:47:44,950

there's a little bit of a ramble

1064

00:47:49,589 --> 00:47:48,079

hope you don't mind but

1065

00:47:54,870 --> 00:47:49,599

those are the things i think about

1066

00:47:59,829 --> 00:47:57,510

and it's you know

1067

00:48:04,069 --> 00:47:59,839

i don't want to go down towards you know

1068

00:48:09,750 --> 00:48:05,670

it's

1069

00:48:09,760 --> 00:48:13,109

so i'm going to

1070

00:48:17,430 --> 00:48:14,790

have a couple videos

1071

00:48:19,430 --> 00:48:17,440

to play i got two videos to play

1072

00:48:21,109 --> 00:48:19,440

before i get out of here for our last

1073

00:48:22,870 --> 00:48:21,119

segment

1074

00:48:26,160 --> 00:48:22,880

if you follow me on twitter you probably

1075

00:48:33,790 --> 00:48:26,170

have already seen these but

1076

00:48:33,800 --> 00:48:39,990

[Music]

1077

00:48:43,910 --> 00:48:42,230

well yeah what what the heck is it i

1078

00:48:45,990 --> 00:48:43,920

don't know you don't know either because

1079

00:48:57,670 --> 00:48:46,000

you haven't seen it yet

1080

00:49:16,470 --> 00:49:01,270

so this is in switzerland

1081

00:49:20,549 --> 00:49:19,030

it's no audio apparently

1082

00:49:23,109 --> 00:49:20,559

sorry about that

1083

00:49:25,270 --> 00:49:23,119

now this was originally posted on the

1084

00:49:26,150 --> 00:49:25,280

debriefs website

1085

00:49:29,670 --> 00:49:26,160

and

1086

00:49:31,349 --> 00:49:29,680

there's some some

1087

00:49:33,349 --> 00:49:31,359

information has come out that these are

1088

00:49:36,390 --> 00:49:33,359

possibly um

1089

00:49:40,710 --> 00:49:38,630

but if you go to the debrief and read

1090

00:49:41,750 --> 00:49:40,720

the actual story the witness testimony

1091

00:49:43,589 --> 00:49:41,760

is

1092

00:49:44,390 --> 00:49:43,599

uh pretty intense

1093

00:49:46,069 --> 00:49:44,400

and

1094

00:49:48,230 --> 00:49:46,079

there was residue left behind i don't

1095

00:49:50,390 --> 00:49:48,240

know if that was ever tested

1096

00:49:52,790 --> 00:49:50,400

apparently scientists were

1097

00:49:53,990 --> 00:49:52,800

eager to look into this

1098

00:49:56,150 --> 00:49:54,000

so

1099

00:49:58,230 --> 00:49:56,160

you know i'm not sure

1100

00:49:59,430 --> 00:49:58,240

the one thing i can't say is if it was

1101
00:50:01,190 --> 00:49:59,440
real of course somebody's going to be

1102
00:50:04,230 --> 00:50:01,200
able to debunk it because that's what

1103
00:50:05,430 --> 00:50:04,240
they do every time

1104
00:50:08,150 --> 00:50:05,440
but

1105
00:50:09,910 --> 00:50:08,160
as we all know

1106
00:50:13,430 --> 00:50:09,920
sightings

1107
00:50:15,349 --> 00:50:13,440
strange things are often determined

1108
00:50:18,390 --> 00:50:15,359
to be

1109
00:50:24,870 --> 00:50:19,670
so

1110
00:50:29,270 --> 00:50:26,790
but you know this video when it first

1111
00:50:33,109 --> 00:50:29,280
came out

1112
00:50:36,710 --> 00:50:35,510
is around when i first started looking

1113
00:50:38,150 --> 00:50:36,720

at this stuff

1114

00:50:40,150 --> 00:50:38,160

and i remember thinking it was pretty

1115

00:50:42,470 --> 00:50:40,160

crazy looking and then i was trying to

1116

00:50:44,630 --> 00:50:42,480

think of it again

1117

00:50:46,470 --> 00:50:44,640

somewhat recently a couple weeks ago i

1118

00:50:48,230 --> 00:50:46,480

remembered it um

1119

00:50:51,190 --> 00:50:48,240

and i couldn't put my finger on where it

1120

00:50:52,630 --> 00:50:51,200

was but i did want to look at it again

1121

00:50:55,750 --> 00:50:52,640

and somebody

1122

00:50:57,670 --> 00:50:55,760

had posted it on their twitter

1123

00:51:00,470 --> 00:50:57,680

and i was like oh yeah that's it and it

1124

00:51:03,510 --> 00:51:00,480

wasn't as impressive as i remembered

1125

00:51:05,910 --> 00:51:03,520

to be quite honest with you but

1126

00:51:11,030 --> 00:51:05,920

that's how it works sometimes

1127

00:51:16,870 --> 00:51:13,589

which uh is another one that i think is

1128

00:51:19,109 --> 00:51:18,230

but

1129

00:51:21,670 --> 00:51:19,119

again

1130

00:51:22,790 --> 00:51:21,680

it could be anything

1131

00:51:24,549 --> 00:51:22,800

so i think

1132

00:51:32,270 --> 00:51:24,559

we may have sound on this one i'm not

1133

00:51:32,280 --> 00:51:40,120

[Applause]

1134

00:51:40,130 --> 00:51:51,430

[Music]

1135

00:51:51,440 --> 00:52:32,630

okay

1136

00:52:38,520 --> 00:52:36,230

so i don't know everybody says balloons

1137

00:52:40,470 --> 00:52:38,530

not really sure

1138

00:52:41,910 --> 00:52:40,480

[Laughter]

1139
00:52:43,650 --> 00:52:41,920
round birds

1140
00:52:51,290 --> 00:52:43,660
dude says

1141
00:52:51,300 --> 00:52:56,950
[Music]

1142
00:53:01,910 --> 00:52:58,710
so that was our episode what the heck is

1143
00:53:04,710 --> 00:53:01,920
that hope you enjoyed it

1144
00:53:09,670 --> 00:53:06,790
really really do

1145
00:53:12,829 --> 00:53:09,680
hope you enjoyed that i don't think i

1146
00:53:12,839 --> 00:53:17,109
here that we were gonna discuss

1147
00:53:22,630 --> 00:53:18,950
well let me check quick just to make

1148
00:53:25,270 --> 00:53:23,990
don't want to do that

1149
00:53:29,750 --> 00:53:25,280
so we have a lot of stuff that we

1150
00:53:32,069 --> 00:53:29,760
covered here uh we covered um kick green

1151

00:53:34,549 --> 00:53:32,079

um the daily mail interview

1152

00:53:37,990 --> 00:53:34,559

on biological effects we covered black

1153

00:53:39,750 --> 00:53:38,000

vault uh release of the nro documents we

1154

00:53:41,510 --> 00:53:39,760

talked a little bit about admiral

1155

00:53:43,510 --> 00:53:41,520

william mcraeven's orb sighting which is

1156

00:53:45,510 --> 00:53:43,520

pretty great you got to watch that i put

1157

00:53:46,950 --> 00:53:45,520

the link in there um start somewhere in

1158

00:53:48,230 --> 00:53:46,960

the middle if you're on twitter you can

1159

00:53:49,750 --> 00:53:48,240

go to my twitter

1160

00:53:52,950 --> 00:53:49,760

and

1161

00:53:56,390 --> 00:53:52,960

just check out the exact clip

1162

00:53:58,069 --> 00:53:56,400

the whole story is pretty great though

1163

00:53:59,829 --> 00:53:58,079

and

1164

00:54:02,710 --> 00:53:59,839

we covered how someone

1165

00:54:03,589 --> 00:54:02,720

is suing someone over the word ufo i

1166

00:54:06,230 --> 00:54:03,599

don't

1167

00:54:07,430 --> 00:54:06,240

going to talk about that kind of stuff

1168

00:54:12,390 --> 00:54:07,440

anymore

1169

00:54:16,230 --> 00:54:12,400

and then we talk about um the w basin so

1170

00:54:20,309 --> 00:54:18,230

new

1171

00:54:23,510 --> 00:54:20,319

force of nature so

1172

00:54:25,510 --> 00:54:23,520

i had a great time with you

1173

00:54:27,430 --> 00:54:25,520

please like the video share it subscribe

1174

00:54:29,910 --> 00:54:27,440

it

1175

00:54:31,750 --> 00:54:29,920

you know as much

1176

00:54:34,069 --> 00:54:31,760

you know when news comes out when new

1177

00:54:36,309 --> 00:54:34,079

news comes out or whatever

1178

00:54:39,109 --> 00:54:36,319

i'm gonna be here

1179

00:54:42,309 --> 00:54:39,119

to talk about it oh and we also

1180

00:54:46,789 --> 00:54:42,319

discussed the almost collision

1181

00:54:49,750 --> 00:54:46,799

case back in 1957 with the uf on a plane

1182

00:54:52,390 --> 00:54:49,760

and we played a pretty great case um the

1183

00:54:53,750 --> 00:54:52,400

testimony we played as well

1184

00:54:55,030 --> 00:54:53,760

but as long as there's stuff to talk

1185

00:54:56,309 --> 00:54:55,040

about i'm going to be here talking about

1186

00:54:59,030 --> 00:54:56,319

it with you

1187

00:55:00,950 --> 00:54:59,040

um it was no time to take off because in

1188

00:55:04,150 --> 00:55:00,960

fact that's why i'm here doing this to

1189

00:55:07,589 --> 00:55:04,160

begin with is to talk about everything

1190

00:55:08,549 --> 00:55:07,599

that happens as it happens with you guys

1191

00:55:10,950 --> 00:55:08,559

um

1192

00:55:12,230 --> 00:55:10,960

so i would never take off with stuff

1193

00:55:14,630 --> 00:55:12,240

like that

1194

00:55:16,630 --> 00:55:14,640

going on you know

1195

00:55:19,750 --> 00:55:16,640

um so as long as there's nothing new

1196

00:55:23,270 --> 00:55:20,789

oh

1197

00:55:25,750 --> 00:55:23,280

thrown it back lionel

1198

00:55:29,270 --> 00:55:25,760

mid men and dark

1199

00:55:31,270 --> 00:55:29,280

i doubt it but you never know

1200

00:55:35,270 --> 00:55:31,280

all right yo uh i appreciate all you

1201
00:55:36,870 --> 00:55:35,280
guys uh josh sam robert lara lionel

1202
00:55:39,030 --> 00:55:36,880
um lara

1203
00:55:41,109 --> 00:55:39,040
brent

1204
00:55:43,190 --> 00:55:41,119
um channel

1205
00:55:44,630 --> 00:55:43,200
what channel warhorse

1206
00:55:46,710 --> 00:55:44,640
um

1207
00:55:48,950 --> 00:55:46,720
jos

1208
00:55:51,430 --> 00:55:48,960
everybody i appreciate it

1209
00:55:52,950 --> 00:55:51,440
pinezer surfside

1210
00:55:56,069 --> 00:55:52,960
benji

1211
00:55:58,710 --> 00:55:56,079
um hopefully i'm not forgetting anyone

1212
00:56:01,190 --> 00:55:58,720
uh so on

1213
00:56:04,230 --> 00:56:01,200

uh everybody else if i missed you i

1214

00:56:06,950 --> 00:56:04,240

apologize sarah

1215

00:56:10,069 --> 00:56:06,960

really appreciate your time today

1216

00:56:11,670 --> 00:56:10,079

like the video subscribe if you haven't

1217

00:56:18,180 --> 00:56:11,680

peace out
